## PLYMOUTH PUBLIC SCHOOL OPENS TUESDAY, SEPT. 4

This announcement will mean joy to many and disappointment to a few. It will be very fitting after a splendid summer of labor, recreation or amusement as the case may have been, to turn again to the pleasures and studies of school life.

To every boy and girl within the vicinity of Plymouth who has not completed a high school course, we wish to impress upon you that the task you can pursue with the greatest profit will be found in Plymouth Public School or in some similar institution. It does not matter so much where you attend, but it does matter for your future success that you attend somewhere.

Our public school offers all of the advantages within our power to provide. We have tried in every possible way to provide the best academic preparation for those who will pursue courses in the several colleges and universities. The North Central Association of Schools and Colleges recognizes our efforts and admits our graduates to all the colleges and universities in the North Central states.

We try to provide information regarding occupations for the guidance of those who will leave school before finishing the twelve grades, and above everything else we aim to help our students to become happy, effective and useful citizens through the teaching of civics and thrift.

A savings system will be installed in the school this year, making it possible for boys and girls to do their banking through the school. Milk will be dispensed, beginning the second week of school, in order to make the day more beneficial to those in the lower grades.

The school house has been thoroughly cleaned, new floors installed in the second and third floor corridors, text books and supplies have arrived and with the arrival of the teachers from their homes in the state, the doors will swing open on Tuesday morning for what we trust will be a very pleasant and beneficial year.

## THE MILLARD BAND RE-ORGANIZES

The Millard Band has just recently re-organized with the following officers:  
Manager—Robert Todd  
Secretary—Frank Hamillton  
Treasurer—George Strasen

The above officers, together with Alfred Strasen and Harold Conklin constitute the board of directors.

Frank Millard, who has so ably conducted the band ever since its organization and to whom a great deal of credit for the success of the local band is due, has been engaged as instructor and director. The band is going to need in the neighborhood of \$1,500 to pay the cost of instruction, music, hall rent and some uniforms, if the organization is to be maintained in Plymouth for the next year. How to raise this sum is one of the questions the band is trying to solve at the present time. Plymouth needs a band, it is a splendid thing to have in any town, and we believe that our citizens will rally to the support of the local band without a question. The officers of the band would be glad to receive suggestions as to which would be the most feasible way to raise the sum above mentioned. The matter will undoubtedly be brought to the attention of the Chamber of Commerce.

## CELEBRATE GOLDEN WEDDING.

Mr. and Mrs. B. F. Vealey were pleasantly surprised at their home, Friday evening, August 24th, by about twenty-five of their relatives, the occasion being their fiftieth wedding anniversary. ## I. O. O. F. ATHLETIC TOURNAMENT LABOR DAY

A SPLENDID PROGRAM OF EVENTS HAS BEEN ARRANGED BY COMMITTEE OF THE LOCAL LODGE, AND A BIG CROWD IS EXPECTED.

Everything is all set for the big athletic tournament of the Inter-urban I. O. O. F. League, which includes the lodges of Wayne, Dearborn and Plymouth, which takes place at the Plymouth High school athletic park on Labor Day, Monday, September 3rd.

There will be a splendid program of athletic events, which include the following: Pole vault, high jump, running broad jump, standing broad jump, one mile race, 220 yard race, 100 yard race, relay race, shot put. A horseshoe pitching contest and a tug-of-war are big features of the day.

There will be a band concert, so there will be plenty of music. At 3:00 o'clock a ball game has been scheduled between Eloise and the Wayne County Roads teams, which promises to be a good one, as both teams are anxious to win. There will be a dance in the Pennington Allen auditorium with good music for those who enjoy this pastime. A picture show will be given at the Pennington Allen theatre in the evening, featuring Thomas Meighan in "Hogwadded Bound."

Big delegations are expected from Dearborn and Wayne, and the people of Plymouth and vicinity are cordially invited to come and have a good time. All roads lead to Plymouth, Labor Day. An admission to the athletic park of 25c will be charged. Children under 12 years of age will be admitted free.

## FORMER PLYMOUTH CITIZEN DIES IN CALIFORNIA

Many friends of J. W. M. Burton, a former Plymouth citizen, will be sorry to learn of his death, which occurred recently in Glendale, California. When a resident of Plymouth, Mr. Burton was superintendent of the P. & M. electric road between Northville and Wayne. We take the following in part from a Glendale paper:

"The death of J. W. M. Burton, 1544 West Tenth street, well-known local realty man, occurred at a local hospital Sunday, August 19, 1923, at the age of 52 years, following an operation for appendicitis, which he was forced to undergo on August 13, and from the effects of which, in his enfeebled state of health, he was unable to rally.

"Mr. Burton had been in poor health since five years ago, when he was injured in an accident in which his automobile was struck by a Pacific Electric car, and in which his two daughters were killed. In the latter part of last year he suffered several attacks of 'flu,' which are said to have left his heart in a weakened condition that greatly militated against his recovery from the shock of his recent operation.

"Besides his widow, Mrs. Ellen E. Burton, Mr. Burton is also survived by a cousin, W. T. Burton of the Burton Realty Company, 200 1/2 West Broadway, Glendale. "Funeral services will be conducted tomorrow, Tuesday, August 21, 1923, at the Little Church of the flowers at Forest Lawn, by Rev. Louis Tinning, assistant pastor of the Glendale Presbyterian church."

## LIVONIA HOMECOMING A GREAT SUCCESS

The fourth annual homecoming of Livonia township, held at Lincoln Park on the Plymouth road, last Saturday, was a most successful occasion, and was largely attended throughout the day and evening. The boys and girls took a lively interest in the various athletic events, and the winners received some very fine prizes in each event.

In the baby contest, Marjorie Mae, the little daughter of Mr. and Mrs. E. J. Glass, received first prize, while little Gilbert Rohde, son of the late Mr. and Mrs. Forest Rohde, was awarded the second prize.

In the horseshoe pitching contest, George Tanager of Elm, was the winner. The ball game between the Center Line team and the Rough and Ready team was most closely contested, and it took eleven innings to decide who was who, the Rough and Ready team finally breaking the tie with the score of 5 to 4.

The dance during the afternoon and evening was well patronized. Many former residents of Livonia township were upon the grounds renewing old acquaintances and everybody enjoyed themselves. Those who had the arrangements for the homecoming in charge are to be congratulated on the success of the occasion.

## COUNTY PICNIC WELL ATTENDED

No doubt Clark L. Brody, secretary of the Michigan State Farm Bureau, has talked to a larger audience than he did on Saturday at Elizabeth Park, but certainly never to a more attentive one. About four hundred people grouped themselves in the grove after dinner, listened to the Odd Fellows band of Wayne, and to Mr. Brody tell of the co-operative movement in Michigan and the things that are being accomplished in a big way by the farmers of Michigan. Mr. Brody emphasized the importance of farmers paying more attention to the orderly marketing of their products instead of the unbusiness-like way of thinking only of production.

The music furnished by the Wayne band was thoroughly enjoyed and added much to the program.

Andrew Salts of Plymouth, carried away the horseshoes, given to the winner in the elimination horseshoe contest.

The East Nankin Farmers' Club base ball team, under the leadership of Mark Lathers, defeated the Flat Rock Grange team, piloted by George VanRiper, by a score of nine to five. It was an evenly contested game, and surely no gang of rooters ever made half as much noise for a losing team as did the bunch from Flat Rock.

The Result of Every Day's Work

Every day you work steady and hard. Every day you do your share toward keeping the great wheels of industry moving.

Every day you produce or help to produce something and for it you receive payment in some form. Every day you should have something left over after you have provided yourself with the necessities and a few wants of life.

One of your chief considerations should be to keep your surplus in a place of safety. Left at home in a box on the desk it is liable to loss or destruction.

The only real safe place to keep money is in the bank. In this strong bank it is protected by fire and burglar-proof vaults, and still available any time you want it.

We solicit all accounts whether large or small.

## Today's Reflections

Sometimes it looks as if about half the men in this country were trying to get the world to go to smash, and the other half were wishing that it would.

A man may live by faith—but the groceryman prefers to have his when it's due.

Did you ever hear of a Plymouth man losing in a lawsuit who didn't think he could have conducted the case better than the lawyer?

We wonder if the women who want to protect children from wicked movies ever tried keeping them at home.

We see where a sailor in Los Angeles kicked a man on the nose. Here in Plymouth that would be considered bad luck.

Why is it that most Plymouth girls like water better in a wash pan than they do in a dishpan?

It has about gotten so that every time a man drives his auto two miles he returns home to find a blank sign entitling him to pay more taxes on it?

The best way to keep going higher in this world is to keep on the level.

Our idea of an optimist is the Plymouth man who figures that if he should happen to kill two birds with one stone he can get the stone back.

It always seems that the fellow who is determined to make a nuisance of himself is among the first to get down town in the morning.

To the Plymouth boy, the shortest detour in the world is the one that leads from the closing to the opening of school.

A tired nervous feeling may be a sign of poisons in your system which prevent proper digestion. Food turns into more poison and gas, making you nervous and weak. Simple buckthorn bark, glycerine, etc., as mixed in Adlerika, expels poisons and gas from BOTH upper and lower bowel. Removes old matter you never thought was in your system which poisoned stomach and made you tired and nervous. Adlerika is EXCELLENT to guard against appendicitis. **WAYNE COUNTY LIBRARY**

A recent report of the Plymouth Library Center, which has been compiled by the Wayne County Library, contains the following items of interest:

June—Books in library, 522; books used, 298; special requests filled, 15; number of patrons, 47.

July—Books in library, 688; books used, 433; special requests filled, 8; number of patrons, 119.

Total for the two months—Books used, 1131; special requests filled, 23; number of patrons, 166.

The library is located at 260 Main street, and is open every weekday from two to five p. m., and on Monday, Wednesday and Saturday from seven to nine p. m., for the free use of any resident of Wayne county.

The books have been selected with the hope of having something to interest every reader, young or old. Among the volumes of particular attractiveness now at the library are the following:

Bojer, Johan—The Last of the Vikings. An epic of the sea, depicting the fisherman's endless struggle for life in the icy, northern waters and the tireless waiting and toiling of the women at home. A vivid and intense portrayal of life on the rugged Norwegian coast.

Carriek, Alice Van Leer—The Next-to-Nothing House. The story of how the author furnished her old New England house, picking up choice pieces here and there about the country. Pictures and text are alike fascinating to all who love old furniture.

Hemon, Louis—Maria Chapdelaine. A quiet book, yet holding the attention by the poetic beauty of its description and characterization, delineating with truth and simplicity the pathetic story of Maria, the life of a Canadian pioneer, the loneliness, privations and hard labor.

Long, J. C.—Motor Camping. The complete tabulated list of camping sites by states, with accommodations afforded, state rules and regulations as to hunting, trailers, etc., and the suggestions as to routes with alphabetical list of highways add to the value of this guide book for the motor camper, which also contains practical, conveniently arranged information on equipment, camps, food and camp health.

Robinson, James H.—Mind in the Making.—A stimulating discussion of why men fail to solve the problems of the day. The book is a plea for honest thinking and an open attitude of mind.

Tarkington, Booth—The Fascinating Stranger, and other stories. Thirteen short stories, many about children or young people, all written with the author's customary ease and spontaneity. The first, a highly humorous tale of a tramp, a lawnmower and a "plapnum" ring, would be particularly good to read aloud.

A Splendid Medicine for the Stomach and Liver.

"Chamberlain's Tablets for the stomach and liver are splendid. I never tire of telling my friends and neighbors of their qualities," writes Mrs. William Vollmer, Eastwood, N. Y. When bilious, constipated or troubled with indigestion, give them a trial. They will do you good.—Advertisement.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he can not be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars.—Advertisement.

## THE THEATRE

### "A GENTLEMAN OF LEISURE"

Keeping up appearances. This theme of the modern matron's existence, is seen to excellent advantage in Jack Holt's Paramount picture, "A Gentleman of Leisure," which will be the feature at the Penniman Allen theatre, next Saturday, Sept. 1st. Mr. Holt is ably supported by Sigrid Holmquist, Casson Ferguson, Alice Francis, Adele Farrington and others.

It develops that Sir John and Lady Blount scheme to marry their nephew, Sir Spencer Deever, to Molly Creedon, a wealthy American girl. When Molly decides to return to New York, the Blount's accompany her to obtain money for the passage. Sir John, unknown to his wife, pawns the Blount diamonds, which jewels are an important factor in the story. Sir Spencer's courting is anything but a success, and the hopes of Lord and Lady Blount are shattered when Mr. Holt, as the hero, steps in and captures Molly. Sigrid Holmquist plays opposite the star.

### "HOMEWARD BOUND"

Said to be a most colorful play and rare entertainment, from the standpoints of fine direction, skilled portrayal, artistic photography and beauty of investiture, Thomas Meighan's latest Paramount star vehicle, "Homeward Bound," will be on view at the Penniman Allen theatre, Labor Day, Monday, September 3rd. Lila Lee, one of the screen's most popular leading women, plays opposite the star in this delightful sea picture, which is based on Peter B. Kyne's story, "The Light to Leeward." The story deals with the love romance of a sailor and the daughter of a ship owner. The supporting cast is one of exceptional excellence and includes among others, Charles Abbe, William C. Carleton, Hugh Cameron, Gus Weisberg, Maude Turner Gordon, Cyril Ring and Katherine Spencer. Ralph Ince directed.

### "A CALIFORNIA ROMANCE"

John Gilbert will be seen in the Fox production, "A California Romance," at the Penniman Allen theatre, Wednesday, September 5th. This film tells the story of the time when California was ceded to the United States. The picture is excellently directed, has an interesting story, and fine photography. Gilbert's acting is said to be equal to his usual sterling performances. Estelle Taylor plays the leading feminine role.

The story includes many thrills that carry the audience along with the action of the picture. Gilbert has an opportunity to show his skill with the sword and makes the most of it. Judging from previous photographs of this star, a pleasant evening's amusement can be expected.

## AROUND ABOUT US

Wayne county has 200,000 automobiles and 21,000 trucks.

The village of Willis will have a homecoming, Saturday, September 8.

The budget required for the operation of the Royal Oak schools next year amounts up to \$148,563.00.

A Ku Klux Klan official is said to have paid Milford a visit Monday evening in the interest of the Klan.—Milford Times.

Farmington is already actively engaged in preparations for the centenary of the settlement of the township in August, 1924.

The Wayne County Roads of Wayne, will have a strong foot ball team in the field this fall. Thomas Leith of Island Lake, has been secured as coach.

Six veterinarians are now at work in Washtenaw county, hurrying the work of testing all cattle in the county. It is hoped to have the work completed by October 1st.

The cornerstone of the new Catholic church at Wayne was placed last Sunday afternoon. The Right Rev. Bishop Gallagher, with several priests assisting him, placed the stone.

The National Steel Products Company of Detroit, has purchased the factory building and land formerly owned by the Ground Hog Tractor Co., at Holly, and will start a plant there.

Seven thousand, four hundred automobiles passed a certain spot on Grand River road during 14 hours of one day recently, and it was a bad day for motoring at that.—South Lyon Herald.

Mrs. James Blackwood of South Lyon, has a fac-simile of the Boston News-Letter, the first newspaper ever printed in America. It was the property of her mother until her demise, when it was handed to the daughter.

The summer dry season is having its effect on the various lakes of the county. Walled Lake, a few miles northwest of Farmington, is fully 18 inches lower in water level than usual, which detracts somewhat from the beauty of that sheet of water.—Farmington Enterprise.

Bill fish have propagated rapidly in lakes around Holly. They are a great nuisance and steps are being taken by deputy state game and fish warden, Henning, to have them removed, which is done by the use of large nets wound up with a windlass. This species of fish stay in shallow water near shore.—South Lyon Herald.

The Michigan State Highway Department has established a camp at Novi for the accommodation of about 250 men working on the Grand River road between Farmington and Novi. Another camp is situated near the Jewick place east of New Hudson, where a hundred prisoners from Jackson are quartered while working on the road officially known as "M-16."—Milford Times.

**Biliousness and Constipation**  
"For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matter worse. I do not know where I should have been today had I not tried Chamberlain's Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, helping the system to do its work naturally," writes Mrs. Rosa Potts, Birmingham, Ala.—Advertisement.

## SENSATIONAL FIREWORKS DISPLAY TO FORM PART OF EVENING BILL AT THE WASH-TENAW COUNTY FAIR.

Features in fireworks will be prominent in the nightly displays at the Washtenaw County Fair, Ann Arbor, Michigan, September 18 to 22 inclusive, as arrangements have been made by the management to present a mammoth program of pyrotechnics as a part of the evening's entertainment.

This is of special interest to the children, as the arrangements made call for such displays as will most strongly appeal to them, and everything possible in this direction will be carried out. They will see such familiar objects as barnyard favorites displayed in living fire. The cows, chickens, threshing machines and even the old farm house itself will be portrayed, and with the superb aerial rockets and monster bombs, provide a varied entertainment that will be of an interesting and sensational nature.

Immense wheels, glittering stars, vari-colored shells and gorgeous fountains will be exhibited, together with many hued set pieces in which patriotic and other devices will be seen. Fireworks have been popular from time immemorial, and the fair management have decided to give them the prominent place on the evening bill of attractions.

Niagara Falls will be depicted in fire, with the torrent rushing over the brink in such luminous waves that it lights up the entire grounds and rivals the mid-day sun in brilliancy. Kodak owners will have ample opportunity to take photographs by the light, so vivid will it be, and those who go in for amateur photography can obtain pretty pictures of the nightly displays as souvenirs of what it is believed will be the best fair ever held in Washtenaw county up to the present time.

## BAPTIST NOTES

Last Sunday was the pastor's first service since his return from his vacation. It seemed good to be back among the church people once more, and everyone was glad the regular church services are all in line again. The Sunday-school was well attended last Sunday, and we hope it will soon be double.

The B. Y. P. U. Sunday evening, had a very good meeting. Miss Esther Estep was the leader. They held their monthly social, last Wednesday evening, at the church.

The B. Y. P. U. expect to take the evening service, next Sunday, and give a full report of the state convention held in Kalamazoo. It will take the place of the usual preaching service. Everyone invited.

The Sunday-school picnic will be held next Saturday afternoon at the tourists' camp. All are urged to come and bring a basket full of good things to eat, and have a good time. Games and contests will be the order of the day.

The church decorations were just splendid, last Sunday, and brought cheer to all who came.

The new paint in the outside of the church certainly adds to its appearance, and soon we hope for the same on the inside.

are worth far more, when there is running water, in all the buildings, and for every use. A water system increases property value far more than it costs.

This modern convenience has so many profit making time and labor saving advantages that it would be hard to fix its true worth.

Fire protection, economy of time and labor, comfort and convenience are some of the points in its favor.

The price of a load of corn or a team of horses, will buy and install a water system.

## Man's Conquest of Time

The progress of mankind, from the earliest recorded ages, has been marked, by a ceaseless struggle against the limitations of time and space. Civilization is mutual interchange of thought and the product of thought. This interchange demands transportation, hence the development of civilization has paralleled the improvements in transportation.

A useful lifetime should not be measured in hours lived, but in deeds done. Doubling man's productive capacity offers the same net result as doubling his period of usefulness or doubling the number of producers.

More than any other single factor of civilization, the automobile has multiplied the producing power of man, by decimating time and distance, and by providing a broad and flexible means for the transportation of men and their products.

The amazing growth of the automobile industry could not have been, had not the automobile more than justified itself as an economizer of manpower, a stimulator of production and a creator of wealth.

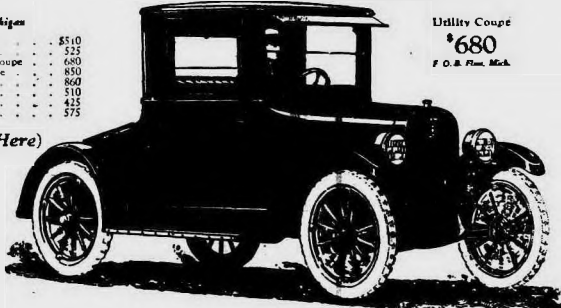

epitomizes the progress of the industry to date along the line of maximum economy consistent with modern requirements as to engineering efficiency and satisfactory quality. The wonderful increase in our sales proves that Chevrolet is leading in the evolution of individual transportation which measures and records the progress of civilization.

## All Nations Marching to Armageddon

but—"millions now living will never die"

—Judge Rutherford

THE WORLD faces a condition never before experienced. Fear has taken hold upon all classes of people because they see in a measure the things coming upon the earth. The nations are in distress and perplexity.

THE WAR did not make the world safe for democracy. The very foundations of civilization are now shaken by revolution, labor strikes, official lawlessness, profiteers, Bolshevism and anarchy. Both capital and labor are resorting to extreme measures. The common people have lost confidence in their leaders. The clergy have abandoned the Word of God and joined hands with big business and big politicians in an attempt to control the world, and these are opposed by radical forces.

EUROPE is completely bankrupt, with her restless host of unemployed and discontents hourly increasing. Belligerent organizations are rapidly numbering their men and taking account of their strength. All contending forces are hastening to the great battle of Armageddon. The disaster resulting is beyond the description of human words.

BUT let the people take heart. The Lord will cut short the trouble, bring order out of chaos, establish peace and righteousness; and millions of people now living will become obedient to his order of righteousness and will live on the earth forever in peace and happiness.

YOU are urgently invited to hear a lecture on this remarkable subject by
