### HAS FINANCED FORTY-NINE NEW HOMES

On December 31st, the Plymouth Home Building Association closed its fourth year of business since its organization. During the four years the association has financed the building of forty-nine new homes in Plymouth, with loans amounting to over \$84,000.00. Of this amount, \$25,000.00 has been paid back to the association in installments.

During the four years of its existence the earnings have enabled the association to pay to its membership 5 per cent on both its advance payment and installment stock.

The safety entrusted to the association cannot be questioned, as every dollar is secured by first mortgages on real estate on which a conservative valuation is placed by a committee of three officers of the association.

On January first the association rented space in the office of Roy R. Parrott, and have moved their office to this new location, where they have better facilities to handle their business.

The Plymouth Home Building Association is a growing institution and should have the backing of every good citizen of our village, not only with their influence, but with their money, because every dollar invested with them is used in the upbuilding of Plymouth. New homes call for labor, building material, new furniture, provisions, clothing, dry goods, drugs, as well as an increased value to all real estate. The Plymouth Home Building Association is strictly a building and loan association, and is doing its best to teach thrift by systematic saving, and to encourage people of small means to own their homes instead of paying rent.

### DEATH OF A LITTLE BOY

Little Russell Schrenier Hood, ten-year-old son of Mrs. Arthur Hood of Maple avenue, died January 7th, in St. Joseph hospital, Ann Arbor, following an operation for appendicitis a few weeks previous. It was at first thought he would recover from the operation nicely, but complications set in which caused his death, Monday at ten o'clock. He was a bright little fellow, and has won a host of friends since his residence in Plymouth. He leaves to mourn their loss besides his mother, a step-father, half-sister, step-sister, four aunts and one uncle and many sorrowing friends.

Funeral services occurred Thursday at 2:00 p. m. from his late home. The family have the sympathy of the community in their great bereavement.

### AN AUTOMOBILE ACCIDENT

An automobile accident occurred on the Plymouth-Northville road about 4:30 o'clock, Tuesday afternoon, when a touring car, driven by William Shipley of Salem, attempted to pass a truck owned by the Plymouth Elevator Co. Another car was approaching from the opposite direction, and in passing the truck, the rear wheels of Mr. Shipley's car did not clear the front wheels of the truck, as he turned in ahead of it, and both his car and the truck were thrown across the street car track and into the ditch. Mrs. Shipley, who was in the car with her husband, suffered a severe cut on the head, that required several stitches to close. Mr. Shipley escaped with minor injuries. Roy Sallow, the driver of the truck was not hurt. Mrs. Shipley was brought to the home of her daughter, Mrs. C. E. Kincaid on Roe street, following the accident. It was very fortunate that no one was not more seriously hurt. The touring car was a complete wreck, and the truck was also damaged considerably.

### PARENT-TEACHER ASSOCIATION WILL MEET

The Parent-Teacher Association meeting will be held at the High school auditorium, Monday evening, Jan. 14, at 7:30 o'clock. The program will consist of selections by the High school orchestra; reading by Virginia Hutsel from the state department of health at Lansing. Her subject will be, "The Home and the Pupils' Health." Discussion led by Miss Lawrence, our community nurse. Refreshments will be served. All parents and others interested in the school are cordially invited.

### WILL GIVE SCHOLARSHIPS AND MEDALS

The Union Trust Company, Griswold and Congress streets, Detroit, has decided to set aside \$5,000 annually, beginning January, 1924, for the purpose of establishing five \$1000 scholarships in any preferred university or college in the United States, for seniors graduating from the schools in Wayne, Oakland and Macomb counties.

These scholarships will be awarded by the Union Trust company to the boys and girls of the schools in the three counties mentioned in the best essay written by these students on subjects related to banking, investments and the services rendered to the family by a trust company.

It is part of the plan formulated by the Union Trust company that contestants for the scholarships be selected by the several school faculties from those students who, in their judgment, are best fitted to pass university requirements, and the winners will be named by a committee chosen by the Union Trust company consisting of Honorable Henry S. Hubert, Honorable Alexis C. Angell, of Detroit, and Honorable John H. Fatterson, Pontiac. In addition to the winners of the five scholarships, first and second alternates will be selected to provide for the possibility that the winners might be prevented from availing themselves of the scholarships.

A certificate will be presented to the winner in addition to the \$1,000. A silver medal will be given to the first alternate, and a bronze medal to the second alternate with an appropriate ribbon.

"The decision of the Union Trust company to make this venture into the educational field due, primarily, to the fact that the average high school pupil has little or no idea of the duties and functions of a trust company," said President Frank W. Blair.

"One of the subjects proposed for the first contest is that of investments," continued Mr. Blair, "and when we consider that it is estimated that the people of the United States lose \$750,000,000 in fraudulent and worthless promotion schemes every year, it is easy to see that the study of a subject of this kind will be of extreme value not only to the boys and girls, but to the teachers and parents as well.

"Our boys and girls are taught thrift all during their lives, but they seldom if ever receive any instruction in investing their savings wisely, with the result that they lose a great deal of money through their ignorance in worthless stocks and other forms of investment.

"If we can take the boys and girls while they are young and thoroughly ground them in the fundamentals of the wise and safe investment of their funds, it will undoubtedly rebound to their future prosperity and well-being.

"We hope to make it possible for many boys and girls in Detroit and vicinity during the coming years to attend the university of their choice, and to direct their attention to a line of study which is vitally important and one which has been sadly neglected in the past."

## "SEEING THINGS"

How often do we hear it said when someone wants to imply, jocularly or seriously, that someone is "bughouse," "he is seeing things." But some of the brightest minds of the world have been able to "see things" that other folks have missed seeing, and thereby have become outstanding leaders in the world's life.

## OUR FREE PUBLIC LIBRARY

Life's most valued treasure is a mind well stored with useful information.

Webster said, "We may erect columns of brass, time will erode them; we may build monuments of marble, time will crumble them into dust, but who awakens within the human mind, its capabilities for good, is building upon that which time cannot efface, but will grow fairer and brighter, through all eternity."

The Wayne County Board of Supervisors, realizing the value of libraries, recently granted an appropriation of \$30,000 to the townships, an increase of \$10,000 over last year.

God be thanked for books, they are the voices of the living and the dead, and make us heirs of the spiritual life of past ages.

Thrice blessed is he who forms the habit of daily reading some good book, for habit is a cable. We weave a thread of it every day, and at last cannot break it.

They promote a lively imagination for all are poets, who wind the robes of idealty about the bareness of their lives and hang comforting curtains knit of fancy's yarn, nightly twist themselves and the frosty world.

Our public library now contains 1200 volumes, to which 800 will be added, for which \$6000 has been paid by the county association.

Owing to donations of furniture, the library committee has expended only \$300, of which the county has paid half, leaving a deficit of \$130.

Your committee, encouraged by the interest manifested by its citizens who are proud of the distinction which Plymouth has gained as an educational center, are confident that financial assistance for this amount will be cheerfully given.

**PLYMOUTH BOY SCOUTS**

For the past year or so, a band of Plymouth school boys has been working as a troop of Boy Scouts of America under the leadership of Rev. D. D. Nagle as Scoutmaster. They have had their fun, going on hikes and camping and playing games in their meetings, but along with this there has been a great amount of work along the lines of the Scout program, which is a training in young citizenship.

All these boys, as candidates, had to learn the scout oath and laws, how to tie certain knots, and certain facts concerning the history of the American flag and the forms of respect due it. They thus became Tenderfoot Scouts. Six or eight of them have completed the requirements, and have become Second-class Scouts, which means that they can take care of themselves in the woods under ordinary conditions, can do elementary first aid, and know something of signaling and various other subjects, besides having demonstrated a degree of thrift as required.

The New Touring Car \$295 F.O.B. DETROIT

A Striking Value—at \$295

Considering the improved appearance of the new Ford Touring Car, one would naturally expect a proportionate advance in price.

Larger scale production, however, has made it possible to incorporate in this new type touring car a number of decided improvements without increasing its cost to the purchaser.

A comparison extending over a long period of years will reveal the fact that the present price is actually the lowest at which the five-passenger open car has ever been sold.

The Ford Touring Car stands today, as it always has, a most remarkable value in the motor car field.

OBITUARY

Hazel Iola, aged fourteen years, eleven months and twelve days, eldest daughter of Mr. and Mrs. Claud Merritt of Detroit, former residents of Plymouth, passed away at the home of her parents, Monday evening, December 24, at 2106 W. Grand Blvd., Detroit.

THE OUTLOOK

The arrival of the year 1924 brings many signs of hopefulness for the entire world, and reading, as we have, everything in the nature of forecasts we have found in print, we cannot help expressing the belief that the coming twelve months will find us much farther on the road that leads to world-wide peace and permanent prosperity.

Today's Reflections

The old-fashioned Plymouth girl who wore enough underwear on a cold day to fill a trunk now has a daughter who goes without enough to fill a cigar box.

A DANGEROUS STEP

In the city of St. Louis a few days ago, a judge had to threaten to send several people to jail if they didn't quit applauding when a jury brought in a verdict of "not guilty."

TRY THIS TO WIN

If this was a new and doubtful experiment, we wouldn't urge merchants of Plymouth to try it. But it is so old, has been employed for so many years and always with success that we want to urge its adoption here.

### SCHOOL NOTES

Ralph Burch furnished the grade notes and the boys' basket ball write-up, and Helen Fish furnished the high school notes and the girls' basket ball write-up.

### HIGH SCHOOL NOTES

After a ten days' vacation, classes were resumed last Wednesday, January 2nd. The attendance was rather low, as many are out with either the measles or chicken-pox.

The Girl Scouts are working hard in order to make money to buy a good camping outfit. They sold chocolate bars and apples at the game, last Friday night.

The Girl Scouts and the Junior class have concession to sell things at the basket ball games here. At the last game, the Junior girls sold tickets, but at the next game the Juniors will sell candy and the Scouts will sell tickets.

The eighth grade gave a program in Junior assembly, last Friday. Dorothy Hillman and Corinne Howell gave a piano duet, and Dorothy Hillman also gave a reading; Mack Donnelly and Jack Caldwell gave a dialogue; Dorothy Hillman, Regina Luten and Corinne Howell clogged to the tune of "Lindy Lee," with Foster Howell singing the accompaniment. Miss Beal and Miss Miller, who are the patronesses of the eighth grade, had charge of the program.

### GRADE NOTES

The grades have been reviewing their work as the semester draws to a close.

Quite a number are absent because of the measles, ten being out in the third grade room, Friday.

Mrs. Hillman is taking Mr. Walker's place as sixth grade teacher during his illness.

Francis Spencer of the first grade, is quite ill with measles at her home.

Walter Taylor's mother visited the first and second grade rooms, Wednesday morning.

The following children in the first grade were not here absent nor tardy during December: Norvall Bovee, Gertrude Miller, Pearl Smith, Bobby Soth. Those from the second B are: Daniel Carmichael, Albertina Drews, Raymond Gill, Leon Parks, Richard Simmons, John Grand, Alben Sackett, John Kuhn.

Margaret Buzzard of the B second grade, who will spend the rest of the winter with her grandmother.

During December the B second grade chose sides for a spelling contest, the winners being on Raymond Gill's side. They were: Jack Smith, Evelyn Hodge and Marion Cannon.

Those who were neither absent nor tardy in the kindergarten during December are as follows: Beth Northrup, Helen Felky, Ione Perkins, Charles Farnick, George Waldman, Leslie Mohlar, Clifford Funk, Madeline Sallow, Mary Scuto.

### GIRLS' BASKET BALL GAME

In a very easy game played here, last Friday night, January 4th, the Plymouth girls beat the Walled Lake girls with a score of 29 to 6. The score was not as large as Plymouth had anticipated, because Northville beat them with a much higher score, therefore the game with Northville, which is tonight at Northville promises to be a real game. Everybody try to be there.

Our line was the same throughout the game, no substitutions being made:

Walled Lake—Zuener, r. f.; Hess, l. f.; Young, j. c.; Sharp, r. c.; Ellenwood, r. g.; Bentley, l. g.

Plymouth—M. Amrhein, r. f.; E. White, l. f.; I. Bird, j. c.; J. Whipple, r. c.; E. England, r. g.; M. Bolton, l. g.

Goals from field—Plymouth, 13; Walled Lake, 0.

Goals from fouls—Plymouth, 3; Walled Lake, 4.

Score, first half, 21 to 5.

Referee—Miss Wyckoff.

### BOYS' BASKET BALL GAME

Plymouth High defeated Walled Lake by the score of 21 to 9, last Friday night. Plymouth gave a poor exhibition of basketball during the first half, but the second half showed up better. Ten men were used in the line-up. Ten men were used in the line-up.

Line-up: Plymouth—Palmer, r. f.; Stevens, l. f.; Kenyon, c.; Hickey, l. g.; Holmes, r. g.; Walled Lake—Sherman, r. f.; Stuart, l. g.; Long, c.; Woodworth, l. g.; Bentley, r. g.

### JUNIOR CLASS PLAY

The Junior play, "Green Stockings," which was given in the high school auditorium last Thursday night, January 3, was a great success. The plot centers about the old English rural custom which orders that the eldest sister of a family must wear green stockings at the weddings of her younger sisters if they are married before. Celia, the eldest of four sisters, two of whom are married and one engaged, decides to invent a lover so she will not have to wear green stockings a third time. However, the lover turns out to be a real flesh and blood man, and many complications arise.

The part of Celia was exceedingly well acted by Juanita Coe, while Douglas Gittins, as Colonel Smith, was a fine lover. Everett Cummins, as Robt. Tarver, an empty-headed swell, in love with Phyllis, Celia's youngest sister, was most amusing, and Muriel Bovee, as Phyllis, was an ideal flapper. Aunt Ida, played by Dorothy Melow, was a fine, conventional, elderly lady devoted to Celia. The remainder of the cast did remarkably well.

Something different in the way of an entertainment is the entree act which has been introduced at school this year. There were three very good entree acts at this play. Mr. Coatta, Pierre Kenyon and Irene Brown each sang two songs, and Charles Duryes, Louis Ribar and Clyde Blunk singing and acting out the parts of the Baker, the Weaver and the Tailor, caused a great deal of laughter and much applause.

The furniture for the setting of a very modern drawing room was most attractive and appropriate. The costumes were modern and very beautiful. Much credit is due to the coaching of this play by Miss Helen LeVan and E. J. Holcomb.

The Juniors ought to be proud that they have such splendid helpers in Dale Wilson, their excellent stage manager; Ralph Moyer, stage carpenter; Dorothy Finlan, who had charge of the clever printing and advertising; George Palmer, who conducted the ticket sale; and in Mary Parrott, president of the class, who worked very hard pushing the committees to their highest working ability in order to make this play a success.

The following is the complete cast of characters:

- Madge (Mrs. Rockingham) Gladys Hake
- Evelyn (Lady Trenchard) Doris Coleman
- Aunt Ida (Mrs. Chisholm Faraday) Dorothy Melow
- Martin, old family servant Robert Taylor
- Phyllis, youngest sister of Celia Muriel Bovee
- Robert Tarver, an empty headed young swell Everett Cummins
- James Raleigh Wilbert Petz
- William Faraday, father of girls Russell Reiman
- Admiral Grice, retired Ernest Ambrus
- Henry Steele Glen Arnold
- Celia, an unaffected woman of 29 Juanita Coe
- Colonel Smith Douglas Gittins

### FORD COMPANY LOOKS FOR BIG YEAR

For the past two months the quota for the Northville Ford plant has been about 98,000 valves a day, and beginning with the new year the quota has been increased. About 375 men are employed at the Northville plant. The Phoenix plant is also a busy place, about 200 women being employed there. In a recent statement by officials of the company, it was stated that the Ford Co. was planning to expend from \$110,000,000 to \$150,000,000 for enlarging and extending the numerous Ford projects throughout the country in anticipation of the largest year's business ever done by the company.

### EPISCOPAL NOTES

Quite a few faithful, brave souls faced the blistering zero morning, last Sunday, when they turned out to attend the service of the holy communion. Notwithstanding the small number in the choir, the service was choral and the rector gave a splendid and helpful sermon on, "The Abiding Christ," from Matt. 28:30. "Lo I am with you always even unto the end of the earth."

The rector wishes to thank the members of the mission for readily responding to an appeal made by him a few Sundays ago, for an extra donation to meet our obligation to the diocese and mission fund. This clears us of our obligations to the diocese, and relieves our treasurer of some anxiety.

New offertory envelopes for the year 1924 have been given out, and the treasurer is pleased to note that some members have doubled the amount of their weekly offering for the year; also this is encouraging because our budget for 1924 is about double that of 1923.

The Ladies' Guild met last week at the home of Mrs. Annie Henderson, and they elected their officers for 1924: Mrs. William Bakewell, president; Mrs. Copeland, Mrs. Torre and Mrs. Burden, vice presidents; Mrs. Tracy, secretary; Mrs. Henderson, treasurer, and Mrs. Torre, flower fund treasurer.

The Ladies' Guild will meet next Thursday afternoon, January 17th, at the home of Mrs. J. Tracy, 116 Main street. In the evening of the same day there will be a supper and the annual meeting of parishioners, also at the home of Mrs. Tracy. There will be a charge for the supper—35c for the men and 25c for the children. The date is Thursday, January 17th.

The supper and annual meeting was originally planned for Wednesday evening but owing to Bishop and Mrs. Page having issued invitation to meet with them at Hotel Statler that evening, it necessitates us putting off our annual meeting

## STATE FARM GROUPS PLAN ANNUAL MEETS

THIRTY ASSOCIATIONS TO GATHER AT EAST LANSING DURING FARMERS WEEK, FEB. 4 TO 8.

Thirty different state agricultural associations and groups will hold meetings at the Michigan Agricultural College, this year during Farmers Week, which is to be held February 4-8. Many of them will be holding their regular annual meetings, while all will draw a large attendance to swell the crowds at the big state farm conference.

The Michigan State Farm Bureau comes first in point of number of members among the groups which will gather. Other of the larger units will be the Michigan Crop Improvement Association; the Michigan Breeders and Feeders Association, with its many affiliated breed associations; the Michigan Beekeepers' Association; the Michigan Potato Producers' Association, the Michigan Soils Association, the Michigan Poultry Association, and various other special groups.

While the list of speakers who will appear upon the general programs at Farmers Week has not yet been announced, it is understood that a line-up of interesting and instructive platform talent is being scheduled. Special exhibits, covering almost every phase of rural life and agriculture, are being prepared and will be shown in a new way this year. Entertainment features will again include the annual livestock parade, moving picture programs, special gatherings for the ladies who attend the conference and other events of interest.

Crowds at the annual Farmers Week have run above 5,000 in recent years, and plans are being made to accommodate another record attendance this winter.

## HOUSE WARMING FOR HOME ECONOMICS STRUCTURE PLANNED DURING FARM WEEK

The new Home Economics building which is nearing completion at the Michigan Agricultural College will be opened formally on Tuesday evening, February 5, as a feature of the annual Farmers Week at the college, according to announcement made last week.

The building, which is part of the construction program at M. A. C. for which funds were authorized by the last legislature, will rank as one of the finest and most modern home

economics plants in the entire country. Complete laboratory equipment for experimental and teaching work, class rooms, offices and special features make the building a model of its kind.

While formal dedication of the building will not be held until next summer, the "house warming" will mark the real opening, as college work will be conducted there during the rest of the year.

Hundreds of women will be in East Lansing from February 4 to 8 attending the annual Farmers Week, and the program for the opening will be of special interest to them.
