A YOUNG LAD DROWNS IN CREEK

JOHN KUHN, JR., AN EIGHT-YEAR-OLD BOY, FALLS INTO THE CREEK AT THE REAR OF STORES WHILE PLAYING. LATE MONDAY AFTERNOON.

A most distressing accident occurred late Monday afternoon, when little John Kuhn, Jr., eight years of age, fell into the creek, which flows in the rear of the store buildings, and was drowned. The young lad, with several other boys, was playing along the banks of the creek, which at this time was nearly overflowing its banks, and a strong current prevailed. In some manner the little fellow lost his balance and losing his foothold on the slippery bank, fell into the swollen stream and was carried down by the current.

The other little boys quickly gave the alarm, and many citizens were soon on the scene and every effort was put forth to recover the body. The fire whistle was sounded, and firemen responding were sent to aid in the search for the unfortunate lad. About 6:30 o'clock, the body was recovered by Harry Brown, in the rear of Czar Penney's barn, where the body had drifted down stream and was lodged in some willows.

Funeral services for the little fellow were held from Schrader Bros. Funeral Home, Wednesday morning at ten o'clock, Rev. D. D. Nagle officiating. The bereaved parents have the sympathy of all in their great sorrow.

A BEAUTIFUL AND IMPRESSIVE PUBLIC CEREMONY

PLYMOUTH HIVE NO. 156. L. O. T. M. HELD PUBLIC INITIATION IN PENNIMAN ALLEN AUDITORIUM, LAST WEEK THURSDAY EVENING.

One of the most beautiful public ceremonies ever witnessed in Plymouth, took place last week Thursday evening in the Penniman Allen auditorium when Plymouth Hive, No. 156, L. O. T. M., gave a public initiation. A large crowd was in attendance, not only home folks, but guests from Wayne, Northville, Detroit and other nearby places.

The Lady Commander, Mrs. Grace Martin, attired in colonial dress with powdered hair, and possessing the dignity of a colonial dame of olden days called the meeting to order by sounding the gavel at eight-fifteen o'clock. "Carry Me Back to Old Virginia" was sweetly sung by the ladies quartet composed of Mesdames Moon, Cassidy, Baker and Olsaver, with Mrs. D. Gilbert Brown at the piano. Invocation was given by Rev. Horace E. Sayles, pastor of the Baptist church of this place, after which the officers, attired in Colonial costumes, or the regalia of the order, entered the hall in groups composed of Puritan Maidens, Virginia Maidens, Colonial Dames, Guards and Flag Bearers. Their powdered hair, full skirts with hoops and pantalettes, the old-fashioned panier and bonnet, carried one back to olden times long since forgotten. As they marched about the room in their drill work with marked accuracy of time, they presented a most beautiful appearance, which will long be remembered. The Lieut. Commander, Mrs. Karl Hillmer, presided at the altar in an impressive manner.

In order to give this public initiation, Plymouth Hive was required to obtain twenty-five new members, but only two were initiated at this time. Previous to the reading of the names of the twenty-five new members, little Marie, the five-year-old daughter of Mr. and Mrs. George Gorton, wearing an old-fashioned gown, bonnet and hooped skirt, marched with the dignity of a much older person, from the rear of the hall to the station of the presiding officer carrying on her arm a basket containing twenty-five beautiful red roses, any as each candidate's name was called, she presented them, one by one to the Great Commander, Mrs. Frances E. Burns.

The obligation of the order was given the candidates, in an impressive manner by the Lady Commander, assisted by East Commander Dicks and Chaplain Terry, and the password was communicated to them by the Commander and Lieutenant Commander.

At the conclusion of the work, "The Wooing of Priscilla," from the Courtship of Miles Standish was pleasingly rendered by Mrs. Ina May Finn, while seated at an old spinning wheel. This was followed by a fancy dance, gracefully presented by Miss Ida May Bennett.

The presiding officer then called upon our village manager, Sidney D. Strong, for remarks, who spoke in praising terms of the beautiful pageant given, and complimented the ladies in their splendid work. Words of appreciation were also given by Mrs. George A. Smith, Worthy Matron of the Eastern Star, and Mrs. Charles Humphries, president of the Women's Club.

Mrs. Frances E. Burns, Great Commander, gave a brief history of the order and its wonderful growth. She spoke of the splendid work done for their sick and afflicted members, and told of the hospitals, beds and the services of eminent surgeons, which many would not be able to receive in any other way.

Deputy Mrs. Carrie Gilbert was then presented with a small token of appreciation for her efforts in making the evening a success, and Mrs. Gilbert in turn, assisted by little Marian Gorton, presented the ladies quartet with nosegays of sweet peas. This concluded the program.

Much credit is due the officers of Plymouth Hive for the success of the evening, and greater interest and stronger growth of the order will surely be the result.

WILLIAM HILLMER PASSES AWAY

In the death of William Hillmer, which occurred at a late hour Tuesday night, Plymouth loses one of its best known and most highly esteemed citizens. Mr. Hillmer had been in very poor health for some time, and for several months has been confined to his bed.

Mr. Hillmer was 78 years of age, and was born in Epstorph, Germany, May 13, 1846. At the age of nine years, he came to the United States with his parents, and has resided in Plymouth, with the exception of a few months, ever since. He is survived by two daughters, Mrs. Charles Olds, with whom he resided, and Mrs. Richmond Benton of Los Angeles, California; and one son, George Hillmer of Plymouth. He also leaves one brother, Karl Hillmer of Plymouth. His wife died October 17, 1915.

The funeral services will be held from the Schrader Bros. Funeral Home, this Friday afternoon, at 3:00 o'clock, Rev. Charles Strasen, pastor of St. Peter's Lutheran church of which the deceased was a member, officiating. The remains will be placed in the receiving vault at Riverside cemetery.

Your Turn To Choose

"When I need someone in time of grief, Someone my cheer to be, Jesus I choose, for He gives relief, He is the best for me.

When I need someone to guide my soul over the stormy sea, Always to Jesus I give control, He is the best for me.

When I need help to defeat the foe, Someone my shield to be, Always to Jesus in faith I go, He is the best for me.

I choose Jesus when I need a friend, What I need I know that He will send; I have proved Him, good and true is He; I choose Jesus, He is the best for me."

AN OLD RESIDENT PASSES AWAY

S. W. Everett, one of Plymouth's oldest residents, passed away at his home on Starkweather avenue, Monday night, March 3rd. Mr. Everett had been sick for about a week. He was born in Deerfield, Summit county, Ohio, December 26, 1838. At the age of eight years he moved to Livonia township, and has resided in Plymouth and vicinity since that time. Besides his wife, he leaves one brother, Ed. Everett, and several nieces and nephews. Mr. Everett was a man highly respected in the community where he had resided for more than forty years.

The funeral services were held from his late home, Thursday afternoon, Rev. H. E. Sayles officiating. The remains were placed in the receiving vault at Riverside cemetery.

TRACTORS AND HORSES

The Plymouth man who has long argued that the auto would replace the horse will probably find in recent figures sent out by the government some ground on which to base his argument, for Uncle Sam says there were only 18,263,000 horses in the country at the beginning of this year as compared with 21,555,000 in 1918. He also says the present number of horses on farms is 11 per cent less than the number used in 1913, although the number of other farm animals increased 2,362,000 in the same period. At first glance these figures seem more important than they really are. The animals have diminished in quantity, but increased in quality. "Plugs" have been discarded for the better-bred work horses, and the latter continue to hold their own. The work horse has a place in agriculture that the tractor and truck have not yet filled, and possibly never will. And the man who argues that motors will displace them won't be living to see it when the time does come.

BUSINESS THIS YEAR

We note in daily papers a much more cheerful view of the business situation as a result of the extra dividend paid by the U. S. Steel Corporation, with the announcement that the company made more money in 1923 than at any time in its history. Steel, as every business man around Plymouth knows, is a barometer by which we can judge most other industries. When the steel industry makes money, most all other industries do. Business breathes more freely and trade in general livens up. Everybody tends to grow cheerful, and cheerfulness makes business move. Hardware men are reporting orders for future delivery far ahead of expectations; carpenters and contractors throughout the entire country express the belief that this spring will be fully as busy from a building standpoint as last spring, and some predict even more so. There is a tradition that a "presidential year" is a bad business year. But there have been exceptions, and this year, from all indications, is going to be one of them.

RADIO AND RELIGION

One of the evidences that radio is fast becoming more than a toy is the way in which religious organizations are taking it up. The churches were at first, dubious about it. They figured that once the resident of the farm, or of towns like Plymouth got radio sets they would stay at home on Sunday listening to "big" preachers in Chicago or New York instead of attending their own houses of worship. But instead radio seems to have increased the desire to go to church—maybe because they are not perfected yet, and a fellow needs so much more religion and patience while listening over one. But the fact that they are bringing church services to hundreds of invalids and to shut-ins throughout the country, to people not physically able to go to church, is a great thing in radio's favor. Now some of the largest churches are spending hundreds of dollars yearly to get sermons to those who cannot leave their homes or their beds. This alone entitles radio to be classed as another modern God-send.

A FORMER RESIDENT IN CALIFORNIA

The Mail has received a copy of the Santa Monica, California, Evening Outlook, which contains an interesting article regarding a former resident of Plymouth township, W. W. Bennett of that city. The article relates to the opening of a new real estate office, which Mr. Bennett has just had erected. The article is accompanied by a large picture of the new building and Mr. Bennett. A unique feature in connection with the opening of the new office is the opening of Bennett Park, adjacent to it, which is provided with basket ball court, tennis court, croquet field and hand ball court, which is open to the public. Mr. Bennett is one of the foremost business men of Santa Monica. He is one of the founders of the Greater Santa Monica Club and one of the board of directors. He is a stockholder and director of the People's Thrift and Finance Co., a new bank, and is one of the preferred stockholders in the new Criterion theatre in Santa Monica. W. W. is a hustler and his Plymouth friends will be glad to know of his success in the California City.

FREDERIC BEYER

PASSES AWAY

Frederic Beyer, son of Carl Beyer and Carolina nee Vogt, was born December 24, 1848, in Grameloh, Mecklenburg, Strelitz, Germany. There he was baptised, and at the age of fourteen confirmed in the Lutheran faith. In the year 1872, he married Miss Johanna Schmidt, and with her emigrated to America, making their home in Buffalo, New York, where they lived two and one-half years. Not liking city life, Mr. and Mrs. Beyer in 1875 moved to Livonia township, Mich., buying a small farm near Perrinsville, and through God's blessing and hard work on their farm, they prospered. The matrimonial union of Mr. and Mrs. Beyer was blessed by God with ten children, of whom three have preceded their father into eternity. Six sons, Otto F. and William Beyer of Plymouth; Charles Beyer and John Beyer of Perrinsville; Albert Beyer and Henry Beyer of Detroit, and one daughter, Mrs. Walter Ebert, of Plymouth, stood with their mother at the bier of Father Beyer to mourn for their loss. In the year 1910, Mr. and Mrs. Beyer came to Plymouth to live, and became not only well known, but highly respected citizens. From the time the Beyers came to Michigan, they were members of good standing in the Lutheran church, first in Livonia and then in Plymouth.

About six weeks ago, Father Beyer began to complain, and was confined to his home. His strength failed quickly, and for the last two weeks he was mostly confined to his bed. When on Thursday afternoon of last week, he tried to dress to sit up for a while, the strength of his heart gave out. He hurried back to bed, and knowing that his end was coming, commended his soul into the hands of his God in prayer, bid his wife and son, William, farewell and peacefully went home.

Funeral services were held at Schrader Bros Funeral home, Sunday afternoon at one o'clock, Rev. Charles Strasen officiating. The remains were placed in the vault in Riverside cemetery.

Fred Beyer attained an age of 75 years, two months and four days. He leaves to mourn their loss, the widow, six sons, one daughter, seventeen grandchildren, one great grandchild and one sister.

OBITUARY

John L. Magraw was born in Warrersville, New York, on the 20th day of April, 1846, and passed away at his late home, February 27, 1924. In September 1, 1864, he enlisted in the Union army, and served until the end of the war, being discharged from Company A, Fifth New York Veteran Volunteers, on the 21st day of August, 1865. He came to Michigan the same year, locating near Ypsilanti. On October 24, 1875, he was united in marriage to Ruth VanValkenburg of Ann Arbor, and to this union six children were born: Kate, who passed to a higher life, June 25, 1893, and Grace, Frank and Orin Magraw and Mrs. Fred Kohler of Plymouth, and Mrs. Louis Frederick of Northville, who together with his wife remain to mourn their loss. In 1886, he moved to a farm near Plymouth, and since has continuously resided in or near this place. He was a member of Eddy Post, No. 231, G. A. R.

The funeral services were held from the Schrader Bros Funeral Home, Sunday afternoon, March 2nd, Rev. D. D. Nagle officiating. The remains were placed in the receiving vault at Riverside cemetery.

A CARD—We desire to thank the friends and neighbors who so kindly assisted us during our sad bereavement; also for the beautiful floral offerings; Rev. Nagle for his comforting words; Calvin and Austin Whipple who so impressively sang two selections, and those who furnished automobiles.

A chemist is the first man to enter every car of raw material that reaches the LARRO mill. Samples are taken and carefully tested—they must be up to LARRO quality standard or that car is rejected. Every ingredient gets this preliminary test—there is no guesswork—it must be "right" before it is considered good enough to go into LARRO.

And LARRO in its finished state is analyzed very 5000 times for protein, fat and fibre content. Everything must be exact. Cows that go off feed on LARRO, because LARRO never goes off standard.

Buick Character Makes Buick Value

Buick value is something more than appears on the surface. It is more than the excellence and beauty of Buick design—more than the greater riding comfort, power and safety that Buick provides. Buick's value comes from the sum total of all those Buick qualities and traditions which together make up Buick character. A Buick owner fully appreciates Buick character. WOMAN'S CLUB

The Leap Year Gazette, published every February 29th, falling on Friday, was graciously received by a very large crowd this year, among them five past presidents and some visitors. In the unusual absence of the president, Mrs. Charles Humphries, Mrs. Floyd Hillman presided at the business meeting, after which Mrs. F. A. Dibble, managing editor of the above periodical, took the chair, and gave a synopsis of the contents and then called for readers.

Mrs. D. T. Randall read, "Our Club," by Mrs. George Wilcox. Mrs. Louis Thomas of Lansing, a former member, was present to read three of her poems and explain the story of each. She surely was greatly enjoyed, as were the "Soliloquy of an Old Dam," "Orange Blossoms" and "Love's Bondage."

Some folks refuse to read stories published in installments, but all had to hear Mrs. Harry Shattuck read the first part of her story, "The Wild Ride or the Fate of Jerry the Express Clerk," and at the height of the excitement to have her say, Part II would appear in the next issue, February 29, 1924.

The Woman's Quartette, the pride of the club, beloved by all of Plymouth for their generosity and wonderful ability, sang, "The Four-leaved Clover" and "Flow Gently Sweet Afton."

Mrs. Fred Schrader read her own timely article, "The Rising Generation," and Mrs. Homer Jewell read, "Dress Reform," by Mrs. Winn Hubbard, a scathing rebuke to past discomforts.

Mrs. Dibble read a helpful letter from a former member, Mrs. Adelaide Hudd, at present doing mission work among native girls of New Mexico, but received too late to get into the issue.

Mrs. George Wilcox read a bit of witty philosophy, "Where are the Leap Year Maids," by Mrs. Florence Webber.

Mrs. R. E. Cooper, the author of "How the Pageant Came to Plainville," was present to interpret her story of small town problems.

The quartette finished the program by "Sort O' Miss You."

The lecture to be given by Mrs. Hardy of Tecumseh, scheduled for this afternoon, was canceled by the speaker by permission.

PROBATE NOTICE
STATE OF MICHIGAN, County of Wayne, ss.

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the twenty-seventh day of February in the year one thousand nine hundred and twenty-four.

Present, Henry S. Hulbert, Judge of Probate.

In the matter of the estate of Rachel Westfall, deceased.

An instrument in writing purporting to be the last will and testament of said deceased having been delivered into this court for probate.

It is ordered that the twenty-sixth day of March next, at ten o'clock in the forenoon at said court room be appointed for proving said instrument.

And it is further ordered, that a copy of this order be published three successive weeks previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulating in said County of Wayne.

(A true copy) Judge of Probate,
Edmond R. Dowdney, Deputy Probate Register.

A LETTER FROM CALIFORNIA

Venice, Feb. 12, 1924.
To The Plymouth Mail:
Greetings from a warm land to a cold one. Just received the Mail of Feb. 8—always a welcome visitor, and read with interest.

We are all well here, and by "all" I mean our little group of Plymouthites. The Wilcox's, the Riggs' and ourselves, who all live within a few feet of each other. Mr. Wilcox is feeling fine now, after his severe illness of a few weeks ago, in fact is better in many ways than for several years. Mr. Ed. Riggs is looking very well and seems to feel the same. And as for Ernie and myself, we are well, happy, busy and perfectly contented. I was just reading the little article in the Mail about the man who says he "likes cold weather," and I quite agree with the remarks following his statement. We are both well agreed that California is the place to live to enjoy life.

It is just a shade too warm today, but lovely for all that. We have not had any of those soul depressing rainy weeks we were told to expect, in fact we have only seen it rain one day since we were in Omaha the second week in September. We had a splendid rain about three weeks ago on Sunday, and the next morning Ernie spaced up a strip in the yard and sowed radishes, lettuce, asters and zinnias, and they are growing fine too.

Ernie took a four weeks vacation during January, and we went about the country sight-seeing a good deal. We drove down to Mark Ladd's one day, but he was not at home. Mrs. Ladd looks just the same as she used to and is well.

We went up to Hollywood one day to the show, "The Ten Commandments," and let me say if it comes to Plymouth, everyone ought to see it, for it is a wonderful picture show. Ernie and I enjoy the beach and the ocean so much. We have spent a great many very pleasant hours picking up the moonstones, seapans, etc., that may be found after every tide, if one is lucky, and we have some very nice specimens.

We have visited Mr. and Mrs. Charlie Roberts and Mr. and Mrs. Longly at their home in Lauderhill, about 18 miles from Venice. Mr. and Mrs. Roberts have been here several times, and on two occasions we all had a picnic lunch down on the beach.

When we read in the papers of the cold weather you are having back there, we are just real glad we are here in Venice. Ernie is working again now, building a nice little English style bungalow. Oh, no, not for ourselves. Wish it might be, but that may happen later. We hope so, anyway.

Mr. and Mrs. George VanDeCar are visiting at the Riggs' now, and they like California as well as we do, I think. They both look very smiling, and seem to be enjoying themselves.

Everywhere one goes here, one sees building going on. Progress is California's middle name, I think. The real estate business here is almost phenomenal.

We often see Will Todd and his family. They are permanent residents of California, I believe, from what they say, and the climate certainly agrees with them, they are so well. Mr. Jim Todd is out here with them now, but doesn't seem exactly to share in the general enthusiasm regarding this country. Now we do—they can't make their praise too strong, for it is all that they say it is and more. "Wonderful" is a word that is very much over-worked, but it is the only one that will at all fit.

Here's hoping for the future prosperity of Plymouth, and best wishes to the "Mail" from

Mr. and Mrs. E. C. Vealey,
1670 Electric Ave., Venice California.

Today's Reflections

The old-fashioned Plymouth woman who used to have a black silk dress she wore for years on state occasions, now has a daughter who has to have a new dress for every party.

This is a swift country. The 1924 campaign has started out ahead of the nominations.

What science needs to do next is to find a way for preachers to tie the wedding knot a little tighter.

There was a lot more prosperity around Plymouth when stockings with a hole went to the darned basket instead of the rag-bag.

If men ever come to realize that the other fellow sometimes has the right-of-way, it will give the undertakers a much needed rest.

Maybe we'd start a row in this country, too, if a bunch of foreigners came over and went to digging in George Washington's grave.

We heartily agree with the Plymouth citizen who said yesterday that there never seems to be any complaint about a lack of parking space around the churches.

If you want to know what the "easy payment" plan means just look at Uncle Sam paying for a war on the installment plan.

Now and then a Plymouth man will admit to his wife that he's a fool, but he never wants it to go any farther.

Father Bentz shocked all his corn, he shocked it with a vim; he sent it on to market—and the price he got shocked him.

The Plymouth man who whines that he never got a chance, is probably one who wouldn't recognize it if he met it on the road.

Maybe they could improve political platforms this year if each party would include a fence for the candidate to straddle.

Next to changing a ten-dollar bill, nothing disappears as quickly as the political platform the day after the election.

Now they're talking about simplifying the income tax blanks. What the average Plymouth man, who has to pay on wages, is a simpler way of raising the money.

If you know an item of news, phone or send it to the Mail office.

PRESBYTERIAN NOTES

The Woman's Auxiliary met in annual session, last Monday, and elected the following officers for the ensuing year: President, Mrs. Robert Pollock; first vice president, Mrs. G. H. Weeks; second vice president, Mrs. W. R. Shaw; third vice president, Mrs. R. O. Mimmack; assistant third vice president, Mrs. George A. Smith; secretary, Mrs. M. S. Stringer; treasurer, Mrs. J. W. Henderson; secretary of literature, Miss Carrie Partridge; secretary of education, Mrs. W. L. Freyman.

Miss Olive Merz, secretary and treasurer of the Choir Chapter, prepared the annual report of that organization, from which the following items of general interest were taken: January 22, 1923, a musical tea was given to secure members and make definite plans for the society.

February 22, 1923, a Washington's Birthday supper was served at the church. April 4, 1923, the Women gave a play entitled, "The Womanless Wedding." This was for the purpose of raising funds for the purchase of choir vestments, and netted about two hundred dollars. October 26, 1923, a Hallowe'en party was given. In addition to these social events, the Choir Chapter was pleasantly entertained at the home of C. G. Draper and Charles Merz; the latter event taking place on New Year's eve. After purchasing a pulpit gown for the pastor and vestments for the entire choir, there remains in the treasury a balance of \$12.07. The total expenditures amounted to \$306.02.

At the annual meeting, last Monday night, the following officers were elected: Elders, O. H. Loomis, I. W. Hummell and Frank Hauk; trustees, M. C. Hill, D. G. Brown and Albert Gayde; deaconess, Mrs. E. Joy (with assistants of her own selection); treasurer, H. J. Green; Sunday-school superintendent, W. R. Shaw; assistant Sunday-school superintendent, C. B. Weaver; director of religious education, George A. Smith, A. M.

The treasurer's report, including a budget of \$6,635.00 was received and adopted. R. O. Mimmack was elected moderator and W. T. Conner, George A. Smith and William Wood acted as tellers.

The pastor and his family are enjoying a fine box of fruits and nuts from Miami, Florida, the gift of Mr and Mrs. C. H. Bennett.

WILL GIVE MEMBERS FREE ROAD SERVICE

The Detroit Automobile Club announces that local members can now receive emergency road service in Plymouth and a five-mile limit from this village, during the entire twenty-four hours of the day, by calling the Plymouth Motor Sales Co., phone 130.

This is strictly an emergency road service, and does not include rendering service to a member at his home or in any garage. The member's car will be started on the road, if possible, in a reasonable length of time, or towed to the official garage only, free of charge to the member. If towed to any other place, the member must assume the charge himself. Members are urged to give their exact location when calling for service.

Automobile owners who are not members of the club, and who might be interested in this service, can call William Wood, local manager, telephone 3, Huston block, and he will be glad to explain to you the many advantages to be derived from being a member of the Detroit Automobile Club.

COMMUNITY HAPPENINGS

The meeting of the Canton Community Club held February 27th, at the home of Mr. and Mrs. Arthur Huston, was well attended, there being 147 to hear Mr. Harmon give the different stages through which the European corn borer passes during its existence, the great amount of danger done the corn crop in localities infested; also methods employed to control which so far haven't been entirely successful, so that a strict quarantine to prevent spreading is very essential. Following the interesting talk, a movie was put on, picturing in a most able manner, the talk given. Mr. Carr, in his talk on Farmers Week, urged the farmers to make increased effort each year to attend, as there is always so much of interest and valuable information along every line of work touching the farmer and his family.

Miss Woodworth's excellent description of the extent and control of rickets as a universal disease, its prevalence being so much greater than in other countries as to cause it to be classed as such, and nutrition, the best known preventive as well as a most important agent as a remedy, was worthy of our earnest consideration. A course in nursing has been adopted, and will be established this next fall, for the purpose of training nurses at the Michigan Agricultural College.

The music, both vocal and instrumental, should receive special mention. The next meeting will be with Mr. and Mrs. Perry Campbell the last Wednesday in March, and will be an evening affair.

A very comprehensive talk and demonstration on dyeing methods was tendered the members of the North Canton Home Economics Group on Tuesday afternoon, at Mrs. Arthur Huston's. The March meeting will be held with Mrs. C. W. Root on Tuesday, the 18th. The removal of stains is the probable subject.

A CARD—We wish to extend sincere thanks to the many friends and neighbors, who so kindly assisted us at the time of our recent bereavement; also to Rev. H. E. Sayles for his words of comfort.
Mr. and Mrs. Cub Forshee and Family.

PLYMOUTH LINE IS NOT PLANNED

PERE MARQUETTE ROAD WARNS THAT "LITTLE THOUGHT" HAS BEEN GIVEN TO MATTER.

Warning was issued by the Pere Marquette Railway to prospective land buyers today that it has given "little thought" to any project of establishing a commuter service between Plymouth and Detroit.

The significance of the announcement lies in the fact that several companies are planning to develop suburban communities along the Pere Marquette between Detroit and Plymouth. The impression had gained currency that the railway would immediately build two additional tracks making a total of four tracks between Plymouth and Detroit, and run commuter cars or trains like those on the New York Central into New York City.

The giving of commuter service by the road, it was pointed out, may be considered seriously in the future when town building and transportation requirements warrant, but at present there are no plans afoot, the announcement stated.

"From time to time the report is circulated that the Pere Marquette is considering the installation of a suburban train service between Detroit and Plymouth," said Mr. Frank H. Alfred, president of the Pere Marquette Railway. "As a matter of fact, this rumor has been repeatedly denied by me. There has been little thought given to this project. Aside from the important fact that the present population of the section referred to would not warrant the tremendous expense involved; the Detroit terminal facilities are at present too limited to permit of such a program. We have recently completed the double tracking of the railroad between Michigan avenue and Plymouth, which tracks are required for the proper operation of our present business. This work may have given the inspiration for these recurring rumors.

WOULD NEED TRACKAGE.
"To install suburban service between Detroit and Plymouth would require the construction of additional tracks, and this has not been considered at this time."

It has been said that the cost of putting two additional tracks on the Pere Marquette would entail building 48 miles of trackage at a cost of \$3,000,000. It is understood the railway has several improvement projects that call for immediate consideration and for efforts at financing. The quadrupling of the line to Plymouth is not one of them.

Land companies with development projects between Detroit and Plymouth declare that the value of their land lies in the fact that it is in the path of natural development; that it is in easy automobile distance to the industrial West Side, and the Pere Marquette already has four steam trains daily on that route.—Detroit News, Sunday, March 2nd.

That's What It Meant
"Is your father at home, dear?" Punch says a lady asked when the doctor's little daughter answered the door bell.
"No, he isn't," answered the child.
"He's out giving an anesthetic."
"Oh, what a big word!" cried the lady playfully. "Do you know what it means?"
"It means ten dollars," replied the little girl.

Couldn't Answer
The villager sent a note to the doctor, saying: "Please send me some tizze for a headache."
Next time they met the doctor said, "F-i-z-z-i-e doesn't spell physic, you know."
"Well, what does it spell, then?" asked the villager.
The doctor gave it up.

Electric Locomotive Speed
A speed of 105 miles an hour has been attained by an electric locomotive in tests before 200 steam and electrical railroad men from all parts of the country at Erie, Pa. The electric proved superior in pulling after giving the steam engine a start at five miles an hour.

Habit Persists
Fella—Isn't Mr. Levvum an absurd person? Whenever he talks to me he always begins with "Fair lady."
Maude—Oh, that's only force of habit. You see, he used to be a bus conductor.

Don't Pay \$1,000 or More

for a car, without knowing what the leader offers in the fine-car field

WE made a canvass of many who bought rivals of Studebakers. We said, "Tell us why you liked your car the better." The majority said, "We did not even look at the Studebaker." Most of them bought new models of the car they owned before.
Yet Studebaker is a leader in the fine-car field today. Studebaker builds more quality cars than any other plant in the world.
Studebaker is the sensation of modern Motordom. Its amazing growth signifies a new situation in this field.
Last year, 145,167 fine-car buyers paid \$201,000,000 for Studebaker cars. Nearly three times as many as in 1920.
Is it fair to yourself—or fair to us—not to learn the reasons for this trend?

Now for years its name and fame have been committed to like attainments in fine motor cars.

If you only knew
There is no room here for details and comparisons. You will find them all in Studebaker showrooms. But let us cite some significant facts.
That lack of vibration, so conspicuous in Studebakers, costs us \$600,000 yearly—in extra machining of crank shafts.
That matchless strength in vital

worked out to exactness for supreme service in its place.

We employ 1,200 inspectors to make 30,000 inspections of the material and workmanship in each Studebaker car — before it leaves the factory.

Consider how Studebaker has always led in the building of high-grade cars. We were first to use cord tires as standard equipment. We were the first quantity manufacturers to build bodies of the highest grade.

If you want beauty, fine upholstery, rich finish and equipment, consider that Studebaker has had more experience in fine coach building than any other motor car maker.

Our place no accident

The pedestal place which Studebaker holds in the fine-car field is not the result of accident. It comes from principles as old as this business—the ceaseless and determined ambition to excel.

Learn the result of these efforts. Compare detail by detail, part by part, with any car you wish. When you foot the advantages, you will find that they number scores.

These are facts you should know. They are inducing 150,000 per year to choose Studebaker cars.

Some sell at \$1,045. Some meet with every requirement in size and power and luxury. But the chassis are all alike, save in size. The same steels, the same standards throughout. Every important Studebaker part represents the best we know.

People have learned these facts—hundreds of thousands of them. The demand for Studebakers has almost trebled in three years. It has become overwhelming, even for our facilities. Investigate the reasons. You will find them by the scores. Then, if you choose a rival car, we shall have nothing more to say.

See the Studebakers

Studebaker builds more fine cars than any other plant in the world.

Last year 145,167 wise motor car buyers paid \$201,000,000 for Studebakers.

The demand has almost trebled in the past three years. Studebaker now holds a leading place in the high-grade field.

Our modern plants and their equipment cost \$50,000,000. All to give you the maximum value at the minimum of cost.

It is folly to buy a car in this class without knowing what we give.

parts comes from the costliest steels. For some we add 15% to the quoted price to get exactness in them.

That Chase Mohair, used in our closed cars, is made from the soft fleece of Angora goats. Cotton or ordinary wool, or a combination of both, could reduce our price \$100 to \$150 per car, but it would sacrifice Studebaker quality.

Note the bumpers, the steel trunk, the extra cord tires, the motometer, the courtesy light on some models. Figure what they would cost as extras.

The infinite care

We use 35 formulas for steel, each

Facts to consider

Studebaker assets are \$90,000,000 — all staked on satisfying, better than others, buyers of high-grade cars.

Over 23,000 men have their future at stake on giving you maximum values.

\$50,000,000 in modern plants and equipment, of which \$32,000,000 has been added during the past five years.

\$10,000,000 in body plants to give you superlative beauty. To give that final touch for which Studebakers have been famous for decades.

125 experts who devote their whole time to studying betterments. Who make 500,000 tests per year to maintain our supremacy.

Consider Studebaker history. For 72 years this concern has stood for high principles and policies.

For two generations, against all the world, it held first place in horse-drawn vehicles.

SCHOOL NOTES

GRADE NOTES

The 5A grade are making their own illustrations for the study of Hiawatha. Delores Alder has enrolled in the 5A grade. Albert Miller spelled down the fifth grade and John Raredell the sixth grade in a spelling contest held Friday in Miss Harris' room. Carrie Gorton of the sixth grade, returned to school, Monday, after a long illness. Vaughn Ford, Clara Lyke and Southern Lefever made some excellent drawings of the eye and ear for physiology. The sixth grade is studying about England through visual education; the English class is studying the origin of fairy tales. The following children from the first grade have been neither absent nor tardy during the month of February: Mary Donnelly, Wyatt Dunn, Durward Jewell, Mary Roberts, Levi Sockow and George Weltman.

HIGH SCHOOL NOTES

The High school notes were furnished by Marian Bennett. "Treasure Island" by Robert Louis Stevenson is being read by the ninth grade English classes. First and second divisions of English are reading Langfellow's "Swainskin" and "A Man Without a Country," by Edward Everett Hale. Grafting and budding twigs was the laboratory work of the General Science class, Wednesday. Some pussy willows are evidence of spring in Miss Schmidt's room.

Doris Whipple's seventh grade basket ball team defeated Virginia Giles' team last week. Professor Harmon of the Michigan Agricultural College Entomology Extension Service showed two reels of pictures to the Senior Agricultural classes and Aggie Club members Thursday, fifth hour, at the Methodist church. The first reel traced the European corn borer through a complete metamorphosis, and the dangers to the corn it attacks. The second reel was that of fruit tree insects and means of protection taken against them. It was very educational and enjoyable. High school boys' physical training classes are taking a very keen interest in basket ball; there are twelve teams each possessing a name—see for instance, Ant-eaters, Witty-devils, Celtics and McCarthies. Ice cream making seems to be booked under Domestic Science courses, but nevertheless, the Physics class tried their luck at it Friday afternoon. The members of the class furnished the ingredients for the ice cream along with cakes, cookies and dip for the butterscotch and fudge sundaes. The ice cream was very good despite the fact that it was not frozen hard enough. However, this shall be remembered as experiment 999 to prove that ice freezes.

S. R. Dhalwani of Bombay, India, is to talk at one-thirty o'clock next Friday, at the High school auditorium, for assembly of the ninth, tenth, eleventh and twelfth grades. His topic will be "The Social and Educational Life of the People of India." Mr. Dhalwani is a dental student who has worked his way through college by giving talks. He has his dentist's degree, and is earning his way back to India by working under

a Lecture Bureau, and by giving talks in schools. He has asked for the students hearing him, to bring a dime. One hundred and fifty schools entered the preliminary debates this year. Thirty-six schools having twelve points or more entered the elimination contest. Points are obtained by the votes for a team, each vote counting one point with the winning team getting an extra vote. A team winning 3-0, would receive four points. Plymouth having just twelve points has entered the elimination contest, and will have its first debate in that series Friday night (tonight), with Ypsilanti Central High at Ypsilanti. We have the negative side of the question. Choosing their own subjects, chairman and critic for debates, upon topics of the day, the English nine classes take complete charge of their classes for Friday debates.

BOYS' BASKET BALL GAME AT DEARBORN.

Although leading at the end of the first half by a score of 12 to 14, Plymouth boys were defeated by Dearborn, on their floor, Wednesday night, by a score of 18 to 16. Holmes was injured in the first quarter, and was unable to play the remainder of the game. The first half was all in Plymouth's favor since passing and dribbling of our team was far superior to that of Dearborn's offensive work. Substitutions at the beginning of the second half started Dearborn on her way to victory. With fifteen seconds to play, the score was 16 to 16, when McIntyre, Dearborn's star forward, made a basket which resulted in Dearborn's victory. The line-up—Dearborn, I. J. Cline, r. f.; Kenyon, c.; Holmes, l. g.; Stevens,

r. g. Substitutions—Draper for Holmes. Points—Doudt, 2 field throws; Cline, 1 field throw and 2 free throws; Kenyon, 2 field throws and 3 free throws; Stevens, 1 free throw.

BOYS' SECOND TEAM GAME

Against the strongest defense of the season, Plymouth's second team defeated Strathmoor's first team on our home floor by a score of 7 to 0, Friday afternoon, making the fifth consecutive game won. Strathmoor's team work and defense was noticeably superior to that of the home team although the Rocks showed definite improvement over previous games. Reiman's game, while still slow, is much improved. The fact that the scoring was distributed among five members of Plymouth's team shows that the tendency to individual play has been largely overcome. The score at the end of the first half was 6-3; at the end of the second half was 14-7. The line-up—Reiman, c.; Carruthers, f.; Grigware, f.; Hickey, g.; Moyer, g. Substitutions—Ambrus for Moyer. A practice game with Pontiac's second team resulted in a victory of 37-21 for Plymouth's first team Saturday night.

THE GIRLS' GAME

A tie game was played between Dearborn and Plymouth girls at Dearborn, February 27th. The teams were evenly matched, but Dearborn surprised in team work. Plymouth was in the lead during most of the game, the score at the end of the first half being 18-18. During the last half, the Plymouth forwards did not have the ball very

much, and scored only eight points. The game was tied at 26, when the final whistle blew. So far Plymouth is still in the lead. The Rocks play Farmington here tonight, and Redford there a week from tonight. In order to win the championship we must win both games. The line-up was as follows: Forwards, Amrhein, I. Bird; jumping center, I. Bird; running center, J. Whipple; guards, Bolton and England. Substitutions—Hake for England, White for Hake, Schrader for G. Bird, and G. Bird for Schrader.

LAPHAM'S CORNERS

Delbert King is on the sick list. Miss Irene King spent the week-end in Detroit. Mr. and Mrs. Edward Smith of this place, and Mr. and Mrs. C. Nelson of Plymouth, spent Sunday with Mr. and Mrs. Clyde Smith in Detroit. Mr. and Mrs. Charles Elliott and Mr. and Mrs. Harold Groves and daughter, Florence, of Birmingham, and James Richie of Detroit, were Sunday visitors at the John VanBonn farm. Hazel VanBonn called on Irene King, Tuesday evening. Mr. and Mrs. George Elliott visited Delbert King, Tuesday evening. A large crowd attended the shadow social and dance given at the home of John VanBonn, last Saturday evening, for the benefit of the Salem base ball team. Dancing and card playing were the amusements of the evening. Mr. Boyle made a fine speech and auctioned off the shadows. Mr. and Mrs. George Elliott were Detroit shoppers, last week Tuesday. Mrs. George West spent Monday with her brother and family, Mr. and Mrs. John Sockow.

BAPTIST NOTES

The service Sunday morning was a little extra. The four readers gave us a good understanding of the American Baptist Publication Society, in its work at the home plant, also the work of distributing the books and papers, which is connected with the home mission work, such as chapel car and colportage. Next Sunday, Mrs. Noel's Sunday-school class will give another illustrated mission study. The music last Sunday was good. It seems good to have the regular choir again, and to listen to the anthem. Next Sunday evening, the B. Y. P. U. will be led by a delegation from the First Baptist church of Ypsilanti. They will lead the meeting and furnish special music for the service. Every young person is invited to come but all are welcome to this meeting. Pierce Owens led the meeting last Sunday, and all enjoyed it. The Ladies' Aid Society met with Mrs. Murray, last Wednesday afternoon. They are arranging for the Easter bazaar.

SOUTH SALEM

Salem, Lapham's and Jarvis schools were closed Monday morning, to enable the teachers, Messrs. James and Roscoe Spencer and Mrs. Faye Perkins, to attend the funeral of a relative, Bernard Heeney, at St. Patrick's church, in Northfield. Mr. Heeney was a brother of Angus Heeney of South Salem. He died at his home in Northfield, Friday morning, after several weeks' illness, at the age of 64 years. He leaves his widow, two brothers and one sister. Others attending the funeral, from here were: Floyd Perkins, Mr. and Mrs. Harmon Gale and Mrs. B. A. Nelson.

Albert Bidwell died Friday morning, at the home of his son, Wilford, near South Lyon. Funeral services were held at the Worden church, Sunday, at 2:00 p. m., Rev. Mrs. Lucia Stroth officiating. Many were present from Ann Arbor, Northville and New Hudson. Mr. Bidwell was 67 years old, and leaves his widow, ten children, nine grandchildren and one sister. The body was placed in the vault at South Lyon.

Mrs. Faye Perkins gave a farewell treat at the school house Friday afternoon, for the pupils who are leaving the district. They are: Elmer and Edwin Avery, Ival and Howard Franklyn, Evelyn and Richard Jarvis.

The institute held by the Salem Farmers' Club at the town hall, Thursday, February 29, was considered by many, the best the club has ever held. M. L. Moon, president of State Farm Bureau spoke on "Farm Organization," and was at his best. Mrs. Louise Campbell of the Home Economics department of M. A. C., was a fascinating speaker. The music and recitations were much enjoyed. A large crowd attended the motion pictures in the evening.

Mrs. Carrie Ovenshire is the guest of her niece, Mrs. Clarence Dean, on the Base Line, this week. Monday, Mrs. Ovenshire and Mrs. Dean accompanied Mrs. Dewey to Fair Point, where they called on Mrs. Ovenshire's brother, James VanAtta, who is in poor health.

Mr. and Mrs. Clyde Smith, Mr. and Mrs. Lynn Rorabacher, Louis Werner, Norman Stacey, Clifford and Coe Bennett, and many others drove out from Detroit, Friday evening to attend the masquerade dance given at the town hall, by Mr. and Mrs. Will Cole and Mr. and Mrs. Coda Savery. 250 were present.

Ruth and Ernest Smith entertained their Sunday-school class of the Federated church Saturday evening. Twenty-seven were present. Popcorn and candy were served.

The Women's Auxiliary of Salem Congregational church, will meet on Thursday, March 13th, with Mr. and Mrs. Charles Payne for dinner.

The men of the Federated church served a fish dinner at the town hall, March 6th.

NEWBURG

There was quite a large attendance at church. Everyone enjoyed the choir of young people. The Sunday-school contest is very interesting, the "Packard" being ahead in the race. The piano solo given by Miss Clara Grimm, during the Sunday-school hour, was very much enjoyed by all. The special meetings begin next Sunday evening. Everyone is welcome to attend these meetings.

Mrs. Clark Mackinder has been very ill, but is better at this writing. Mrs. Charles Ryder went to Ford hospital, Detroit, last Saturday, for treatment. Her many friends hope she will return home much improved in health.

Mr. and Mrs. Burt Kahrl gave a birthday dinner, Sunday, in honor of the latter's mother, Mrs. John Krumm, Sr. There were seventeen relatives present to help Mrs. Krumm celebrate her seventy-fifth birthday.

Mrs. Clyde Smith entertained her Sunday-school class Saturday afternoon.

Miss Harriet Casterline of Ypsilanti, was a guest of Mrs. Clyde Smith, over the week-end.

Burt Paddock and sons spent Sunday afternoon at Don. Ryder's.

Mr. and Mrs. J. Bennett visited at Salem, Sunday.

Leonard Thomas and little Jean and Paul Redenger of Detroit, spent Sunday with Mr. and Mrs. Jesse Thomas.

Mr. and Mrs. Nick Keserick visited at Belleville, Sunday.

On Monday evening, March 3, Mr. and Mrs. Harmon Gates entertained the characters of "The Parson's Perversity." Progressive pedro furnished entertainment, and after distributing prizes to the lucky ones, sandwiches, cake and coffee were served. The good time and appreciation of those present, was manifested by a rousing vote of thanks tendered the hostess.

Mr. and Mrs. Wm. J. Sheridan and daughters, Eunice and Betty, of Detroit, spent Sunday at the home of Mr. and Mrs. J. F. Rousseau on Ann Arbor avenue.

NEWBURG SCHOOL NOTES

The children are out hustling for new members, or renewals, for the Parent-Teacher Association. We hope you will be kind to them when they call. The contest closes, with a party for them, on March 17th. The Parent-Teacher Association will hold their next meeting on Tuesday evening, March 11th. After the meeting, election of officers for the next term will take place. All are welcome. There is only \$100.00 balance on our piano, which we hope to clear up by June 1st.

PRETTIEST GIRL IN MICHIGAN SOUGHT

INDUSTRIAL EXPOSITION OF FERS PRIZE OF SEDAN, ROLE IN PLAY, AND TWO WEEKS OF ENJOYMENT.

Who is the prettiest girl in Michigan? A state wide search for her has begun and when she is found, she will be rewarded in a manner that one usually hears about only when speaking of dreams or story books.

She is wanted to take part in the great Michigan Industrial Exposition to be held in Detroit, May 8 to 17, to participate in the spectacle "Enchantment," that is to be presented on one of the big stages in Convention Hall, the largest permanent exposition building in the world.

From the contestants will be chosen one who is to be known as the "Girl You Can't Forget," and to her will go as a reward, a handsome sedan. She will be brought to Detroit as a guest of the exposition, her expenses paid, and she will receive a salary in addition.

In keeping with the nature of the exposition—that it is to be above all an event for all of Michigan—the directors are eager to have contestants from every part of the State, from small rural communities as well as from large industrial centers.

Perhaps the fortunate "Girl You Can't Forget" today is a little member of some farm household; perhaps she is the daughter of a leading citizen of a thriving city; or she may be a singer in a church or university co-ed.

The pictures will be passed upon by a committee of artists headed by Joseph Kraemer, head of the Art Department of The Detroit News; Russell Legg, of The Detroit Free Press; Archie G. Allen, The Detroit Times, and Arthur Marchner, The Detroit News, and members of the Scarab Club.

"Enchantment," the beautiful spectacle in which the winner is to participate, tells the story of a little girl, who, because of her naughtiness, is seized by gnomes and carried away to their cave, where they are filling a great cauldron with Hate, Envy, Malice, and all the other unpleasant things of life. Here the little girl has a series of exciting adventures, until she is freed by Mercy to behold the "Girl You Can't Forget" and all her charming court.

The part of the little girl is to be played by Miriam Baptista, the child star of "Humoresque," "Smilin' Through" and other famous pictures. A ballet of 50 will take part in the spectacle, and there will be national dances and other deluxe vaudeville acts.

The winner of the contest, in addition to receiving the automobile and taking a part in "Enchantment," will be the central figure in a number of social events. There will be a dance in her honor at one of the exclusive country clubs, boat rides, automobile trips, and other forms of entertainment, all under the chaperonage of well known Detroit matrons.

Here is the invitation, and it is extended by the Management of the Michigan Industrial Exposition to all Michigan girls. All photographs will be returned if the name and address is plainly written on the back.

Dirty Lamps Waste Light

Your lamps and reflectors accumulate dust, which robs you of light. You bear a double loss—direct loss of current that you pay for and don't utilize—indirect loss in your sales; for your store is made less attractive to customers.

You may not realize that neglected lamps and reflectors may cut down the amount of your light as much as fifty per cent; or that a brightly lighted store means increased business, always.

Don't be afraid of soap and water. Keep your lamps clean. Add more, if necessary. Make your store more attractive. It pays, big.

THE THEATRE

THE HERITAGE OF THE DESERT.

A whole town destroyed in a spectacular battle which brought lasting peace to the great plains—the strife of primitive men for a great patriotic cause—an epic in national proportions.

This is the spectacle of "The Heritage of the Desert," an adaptation of Zane Grey's famous story which has been produced as a Paramount picture, due at the Penniman Allen theatre Saturday, March 8. The battle is for water rights—the thing which turns the blistering heat of the desert into an earthly paradise of fertility. This fight, started 45 years ago, is still being carried on today. Seven states are waging a legal conflict at Washington for possession of water rights to the Upper Colorado River in Southern Utah.

Featured in this epic picture are: Bebe Daniels, as Mescal, child of the desert; Ernest Torrence, of "The Covered Wagon" and "Ruggles of Red Gap" fame, as August Naab; Noah Beery as Holdernes, leader of the desert gunmen, and Lloyd Hughes as Jack Hare, the tenderfoot. The spirit of the original tale was maintained through the co-operation of Zane Grey with Director Irvin Willat during the filming of the picture. The famous author visited location and put at the disposal of the director and cast his infinite knowledge of pioneer and Indian life. It has been said that no man in the United States has a wider understanding of the west and its people than Zane Grey.

This is the story of the "Canyon of the Navajo."

"SHADOWS OF PARIS"

Given the role of an Apache girl in the Paramount picture, "Shadows of Paris," a Herbert Breton Paramount production starring Pola Negri, Mrs. Richard Bret Harte drew upon a wealth of material secured in Paris last year during a sketching trip.

One of the closest surviving kin of the famous poet, Mrs. Richard Bret Hart, had an interesting artistic career of her own. She has danced before King Albert of Belgium in a special audience and was also associated with Isidore Duncan in dancing spectacles. Rodin and other famous sculptors have used her as a model.

Her first motion picture experience was gained in the studio of the Cinema National Belgique in Belgium. She is a sister of Stella George Perry, the novelist and wife of Richard Bret Hart, the poet's grandson.

"Shadows of Paris," with Adolphe Menjou, Charles de Roche and Huntley Gordon featured in support of the star, will be shown at the Penniman Allen theatre, on Sunday and Monday, March 9 and 10.

"PAINTED PEOPLE"

Some persons prefer comedy as the piece de resistance of their motion picture bill of fare; many like pure romance; others confess a desire for adventure and hair-raising "thrillers."

All of these classes will find their wishes fulfilled in "Painted People," the first National picture featuring Colleen Moore, which is coming to the Penniman Allen theatre on Wednesday, March 12. Clarence Badger directed it from the Collier's Weekly story, "The Swamp Angel."

The author, Richard Connell, is one of the foremost humorists of the day and he has supplied laughs without end.

Thrilling the footage is a love story of tender appeal—one that will be relished by every type of theatre-goer, with Ben Lyon playing opposite the star.

And there are plenty of thrills, which include the stopping of a runaway horse and a sandlot baseball game.

These elements combine to make one of the most fascinating productions of the current season.

EPISCOPAL NOTES

The Community Supper held last week at the Presbyterian church dining room, was a great success in every way. The ladies of St. John's were to be congratulated on the good supper they provided, and we appreciate the large gathering on Tuesday evening. The musical numbers rendered by Mr. and Mrs. Karl Hillmer and Mr. Barrows were much appreciated.

We are now in the season of Lent, and beginning this week, a short weekday service will be held every Thursday evening at 7:30 in the church. The Rev. Frank Copeland will give a series of addresses or lectures, and as they will be most interesting and instructive, every member is urged to be present. The pastor also welcomes all friends and visitors who can be present to come.

On the same days (Thursdays), until Easter Day, there will be a short service with addresses for the children at 4:00 o'clock. All children are invited to join us in the church each Thursday afternoon at 4:00 o'clock.

Next Sunday, as is usual, the "Lenten Boxes" will be distributed. These Lenten Boxes are for Lenten offerings, and on Easter Day they will be brought to the church and placed on the Altar, and the contents will be sent to a special foreign mission to be decided upon later.

The Ladies' Guild will meet next Wednesday afternoon at the 12th at 2:30 o'clock at the home of Mrs. Florence Webber, Elm Heights. All members are asked to be present.

Next Sunday the service will be in the morning at 10:00 o'clock. The service will be with the Holy Communion and sermon by the Rev. Frank Copeland.

A Good Thing—Don't Miss It
Send your name and address plainly written together with five cents (and this slip) to Chamberlain's Medicine Co., Des Moines, Iowa, and you will receive a trial box of Chamberlain's Cough Remedy for coughs, colds, croup, Chamberlain's Stomach and Liver Tablets for indigestion, easy pills that crowd the heart, Chamberlain's Salve for burns, bruises, wounds, piles, etc. Don't miss it.—Advertisement.

Lost Meteorite Believed to Contain Platinum

In the Arizona desert, midway between the Grand canyon and the Petrified forest, the wise men of the Navajos tell a story that is generations old. Like many legends of once savage folk, it parallels with uncanny accuracy the scientific explanation of a weird phenomenon of nature.

Ages ago, the Indians say, three of their gods, seeking eternal rest, rode to the earth on flaming blue thunderbolts that cleaved for them a deep and wide-mouthed grave in which the gods still lie.

That is the Navajo version of the fall of what science calls the Canyon Diablo meteorite, a huge lump of celestial matter that is believed to lie imbedded in the solid rock, 1,400 feet below the desert sands, beneath the 570-foot crater that it blasted out when it plunged from the sky.

For 40 years the Navajos have been shaking their heads and prophesying evil as they have seen the white man's machinery set up at the crater's edge and his drill bite into the tomb where sleep their gods. For mining engineers believe that the buried meteorite is a giant treasure chest of iron, nickel, platinum, iridium and other valuable minerals. Its size has been estimated between 300 and 1,000 feet in diameter and its weight as between a few thousand tons and many millions.

Recently, the steel point of an oil drill, boring into the rock, was shattered against a substance harder than itself. Was it the meteorite? The prospectors are assuming that it was and are endeavoring to locate it.

ascertain if the mysterious substance was a part of the long-sought treasure. But its sinking is likely to prove a difficult task.

Natural conditions, climate and the presence in the neighborhood of thousands of rattlesnakes and rats impede the progress of the mining operations. But they are being carried out wherever possible with eagerness by both the scientific and industrial world.—Popular Science Monthly.

Braze Mother Bass

Snakes are destructive of fish. Many students of nature have seen the reptiles injure or kill fresh-water fish, even the swift trout. It is astonishing therefore to learn that the tables may be turned. In a recent bulletin of the American Game Protective association is an account of the courage of a female black bass in protecting her nest of eggs against an attacking water snake.

A student of fish life was watching the mother bass. Many times she would come near the nest, but the vigilant mother would drive them off. Presently a water snake came swimming along the bank in the direction of the nest. As quick as a flash the bass was after the reptile. She made her savage attack from the rear, thrashing the water into suds.

When the ripples had quieted down the student observed that a large part of the snake was in the mouth of the bass. Once more the surface of the water became agitated; when it was again smooth the snake was gone and the bass was returning to her nest.—Youth's Companion.

Scots Had Wizard

Michael Scott was the medieval Scottish wizard of sage celebrated by Sir Walter Scott in his "Lay of the Last Minstrel." Michael Scott is supposed to have been the astrologer of the day of Emperor Frederick II, who lived from 1194 to 1250, and he is said to have translated for the emperor—through the Arabic—some of Aristotle's works, with commentaries by Averroes. An allusion to the sage in Dante's "Inferno" shows that Michael Scott must have already been noted throughout Europe as a magician at the period in which the poet lived.

Some authorities have identified the wizard with Sir Michael Scott of Balwearie, near the "lang toon" of Kirkcaldy, in Fifeshire. In Scottish border folklore the "wondrous wizard" is credited with having "cleft the tweed with a curb of stone." His grave is shown in Melrose abbey.—Detroit News.

Odd Phenomena

In the dozen or more million square miles of territory which comprises the British empire there are many remarkable phenomena, one of the most interesting being the pitch lake of Trinidad, off the coast of Venezuela. It is a natural reservoir of valuable mineral pitch, 100 acres in extent, from which 200,000 tons of asphalt are exported annually. About half way across Kenya colony, in British East Africa, is Magadi lake, a vast natural deposit of soda. The lake is ten miles long, two or three miles in width, and seen from the mountains that surround it, has the appearance of an immense tuffied white sheet.

Their Credentials

For a few minutes at Seventh and Broadway the other afternoon, traffic was at a standstill while Beauty and the Beast fought it out.

"My goodness," exclaimed Beauty, "it was all your fault. I've been driving carefully and I've had two years' experience."

"Yes," growled the Beast as he picked himself out of the gutter, "but don't forget that I've always walked carefully and I've had sixty-eight years' experience."

"Flu" Coughs Hang On

Some victims of the "flu" never fully recover the health of the lungs, and coughs that "hang on" are the coughs that threaten. Chamberlain's Cough Remedy puts a soothing, healing coating on the inflamed surface, relieves tightness and soreness, raises phlegm easily. Good for bronchial coughs, and night coughs, too.—Advertisement.
