A ROTARY CLUB ORGANIZED HERE
THE NEW ORGANIZATION WAS INSTALLED LAST WEEK THURSDAY EVENING WITH GEORGE A. SMITH AS PRESIDENT.

A Rotary Club was organized in Plymouth last week Thursday evening, March 7th, at the Penniman Allen auditorium. Dr. Edward Lee of Wayne, representing the district organizer, acting as installing officer. The organization of the club was preceded by a splendid banquet served by ladies of the O. E. S., in the dining room of the Penniman Allen auditorium. A half dozen members of the Wayne club were present, and made the evening lively with their "peppy" Rotary songs and good fellowship, and we want to say right here, the Wayne boys are good entertainers and will always be welcome visitors of the Plymouth Club.

After the banquet the gentlemen adjourned to the auditorium, where the organization work was taken up. Dr. Lee called the meeting to order and explained its purpose. He briefly outlined the objects and benefits of a Rotary Club, and then called upon Walter J. O'Brien of Wayne, who gave a splendid talk along Rotary lines.

The following board of directors was chosen: E. C. Hough, William Wood, George A. Smith, Charles Mather, Sidney D. Strong, Dr. E. E. Champ, O. F. Beyer.

The board of directors then elected the following officers, who will serve the club for the ensuing year: President—George A. Smith. Vice President—E. C. Hough. Secretary—William Wood. Treasurer—Sidney D. Strong. Sergeant-at-Arms—Frank Rambo.

After the election of officers President Lee introduced Mr. Haskell, secretary of the Detroit Rotary Club, who took occasion to congratulate the Plymouth club on its organization and its most auspicious beginning. He spoke of the great benefits to be derived from a Rotary Club and the duty of its members toward the club.

George A. Smith, the newly elected president of the local club, was called upon for a few remarks, and responded in his usual happy manner. Mr. Smith acknowledged the honor that had been conferred upon him, and pledged his best efforts in behalf of the new club.

The Plymouth club starts out with a charter membership of twenty-three. It will meet once each week for luncheon, Friday, at 12:15 o'clock. The luncheons will be served by the ladies of the O. E. S. in the Masonic dining room, and the first luncheon takes place today, Friday.

Rotary represents simply the idea of service—the chief pledge of its members being to see that they shall consider "service before self," and that by their example and their work for the community, in their businesses or professions and toward individuals, they shall give practical demonstration of the fact that "he profits most who serves best."

The final organization of the club in this city is the result of a number of conferences that have been held by local business and professional men, who with the assistance of officers of the International organization, conducted a survey of the resources and possibilities of this community with a special view as to whether or not a Rotary Club would be of service to it.

A FIRE IN THE HIGH SCHOOL BUILDING.
What might have become a serious fire was averted last Sunday morning about ten o'clock by its timely discovery. When Engineer Arthur Rodman went into the school building he smelled smoke, and upon investigating, he discovered that the smoke was coming from a room on the second floor used for the baling and storing of waste paper. Mr. Rodman immediately turned in a call for the fire department, and within a very few minutes the firemen had a stream from the chemical tanks playing upon the blazing bundles of paper, and the boys made quick work of pulling the bundles out of the room into the corridor, and then threw them out of the window to the ground. How the fire originated is not known, but it had no doubt been smoldering away for some time. Had the blaze got started during the night, it would no doubt have resulted in a serious loss.

PLYMOUTH DEBATORS LOSE TO YPSILANTI HIGH
Central High school defeated the Plymouth High school debaters at Ypsilanti, last Friday evening, by a two to one decision. The affirmative side of the question, "Resolved, that a ship subsidy would be a wise national policy," was upheld by Ypsilanti's team, composed of Louise Rorabaecher, Iris Evans and Charles Hill, speaking in the order named. Plymouth supported the negative side in the persons of James Hickey, Ira Kingsley and Julia Wilcox. The judges were: Miss Mary McGuffy from the Ann Arbor varsity team; Mr. Finch, superintendent of schools at Wayne, and Henry Simson, head of the history department of Detroit Northwestern High school.

In losing the debate, Plymouth is eliminated from the state semi-finals, but the Plymouth team has made a record that they may well feel proud of. This is the first year that the members of the team have ever had any experience in debating, and the fact that they were able to enter the semi-finals is proof that they do not lack ability in this line. Plymouth is proud of the record, and they are to be congratulated upon this splendid showing in upholding this department of our public school-work.

OUR FIRE DEPARTMENT

Plymouth citizens have every reason to feel proud of their volunteer fire department. The fire last Sunday morning was a splendid demonstration of their ability to get on the job within an almost incredible length of time, when it is taken into consideration that they must come from their homes in various parts of the village. Another noticeable thing is that when they arrive at the scene of the fire, the men seem to know just what to do, and there is no confusion or shouting of one at another, as is the general rule among volunteer fire departments. The men, under the able direction of Chief Fred Wagenschutz, handle the fire apparatus and fight the fire in a cool and deliberate manner that makes every move count, and would be a credit to a paid city fire department. There is no doubt but that the promptness of the fire department in responding to alarms and the effectiveness of their work in fighting a blaze, together with our modern fire fighting apparatus, has had much to do in preventing a serious conflagration here in a number of years. Yes, Plymouth has a splendid fire department, we are proud of them, and the great service they are rendering in safeguarding the fire hazard of our community.

A SAFETY SLOGAN

Sometime ago the American Railway Association offered a prize for the best slogan to be erected at railroad crossings over the country, and the reward has just been made. The prize-winning slogan is: "Wait—You May Lose." It is impressive, if you will study it for a moment, for most accidents at railway crossings come through the driver trying to beat the train. Now, when they approach a crossing, and while debating whether to enter a race with the train, the slogan shouts out: "Wait—You May Lose." Just four words, but as full of truth as a passage from Holy Writ. Far stronger in warning power than "Stop, Look and Listen," or "Watch Out for the Cars." Just four small, simple little words, yet words strong enough to cut down the population of our cemeteries, and save most heart-aches if drivers only heed their powerful warning: "Wait—You May Lose."

THE AMERICAN HEN

It hasn't been so long ago that the common hen was a by-product of farming. Little attention was paid to her because it was thought she consumed enough to make up for what she produced in eggs and food. In fact, many farmers considered her a liability, and we've heard Plymouth citizens declare, "There's no money in keeping chickens." Today all this has changed. The hen, responding to better treatment, and brought to efficiency through careful breeding, has become a valuable asset. A business of more than \$2,000,000,000 a year is done in America through the hen and her chickens and her eggs. It has become a tremendous business. There are numerous failures, of course, but most of these failures are due to lack of understanding, loose business methods and want of intelligent feedings and sheltering. No other \$2,000,000,000 business in the world offers as wide field for the man whose capital is small. We recently read where a man in a neighboring state now sells over \$10,000 worth of chickens and eggs each year, and started in business with a dozen hens and two roosters. It doesn't require rich and fertile land upon which to raise poultry; in fact expert poultry men insist that soil filled with gravel and sand, though with some grass, of course, really makes the ideal poultry farm. We're not encouraging anyone to drop what they are doing and enter the poultry business. But we are trying to point out that many of the things we often pass up as being beneath our notice, turn out to be wholesome in the business world. And raising poultry and eggs is one of them.

LIVONIA DEMOCRATIC CAUCUS
A Democratic caucus will be held in the town hall, Livonia Center, March 17th, 1924, at 2:00 o'clock p. m. for the purpose of nominating township officers and to transact such other business as may come before the caucus.
By order of Democratic Committee:
WILLIAM GARCHOW,
Chairman.

A FINE NEW RUG DEPARTMENT

Schrader Bros. announce the opening of their new rug department on the second floor over the Hearn Grocery. An easy stairway from the Schrader Bros. store leads to the new department. The room which is 25x65 feet in size, has been newly redecorated and certainly presents a most inviting appearance. There are very few towns the size of Plymouth, that can boast of a store that carries as large a stock of rugs as is shown in the new rug department of Schrader Bros. It is a most varied assortment, with splendid facilities for displaying them. The main floor of the store has also been newly redecorated, and presents a very handsome appearance. We call attention to their half page ad in today's paper.

PLYMOUTH BOY WINS HONORS

Albion college was represented at the annual contest of the Michigan Oratorical League, composed of eight Michigan colleges, at Hope college, Holland, March 7th, by Lyman Judson of Plymouth, who is an Albion debater, and winner of second place in last year's Albion college oratorical contest, who spoke on the theme, "The Enemy Within," taking second honors for the men, while Miss Jones, speaking on the subject of "Cathedral Citizenship," took first honors for the women. Lyman's many Plymouth friends extend congratulations on his splendid success.

PLYMOUTH LEAGUE OF WOMEN VOTERS ORGANIZED.

On the afternoon of March 5th, a group of Plymouth women gathered in the Woman's Club room to meet representatives from the Wayne County League of Women Voters. An able address was given by the lecturer of the league, Mrs. Alta Fulcher, who explained the object of the league and some of its methods of work. The speaker made it plain that the League was strictly non-partisan, and that its object was to induce women to vote and to vote understandingly; to give them instruction regarding the method of securing the best legislation for the people, and to keep the women voters thoroughly posted regarding the merits of the various candidates. Short talks were also given by Mrs. W. J. Harcourt, executive secretary, and Mrs. E. E. Bross, treasurer of the Wayne County League of Women Voters. The Plymouth League of Women Voters was then organized with the following officers: President, Miss Lina Durfee; vice president, Mrs. Phoebe Patterson; secretary, Mrs. Ada Murray; treasurer, Miss Mary Conner.

At a meeting called by the president, Miss Lina Durfee, at her home, Tuesday, March 11th, a large number of ladies were present, and several new members were enrolled. In addition to the officers elected at the previous meeting, two directors were chosen—Mrs. Hattie Baker and Miss Cora Pelham. Committees were appointed as follows: Membership—Mrs. Sarah Armstrong; efficiency in government—Mrs. C. L. Finlan; education in citizenship—Mrs. Minnie Hannon; publicity—Miss Nettie Pelham. Women voters of Plymouth and vicinity are urged to join the Plymouth League. "It is not an organization of women, working for women—not because women have a separate stake in government, but because their simultaneous enfranchisement has made them a group with a collective need for education and experience; and because they can bring a characteristic woman's viewpoint to the solution of the nation's problems."

Mrs. Rose Bittner, 39 years old, wife of John J. Bittner of 624 Maple avenue, and a former resident of Saginaw County, died Sunday night at the University of Michigan hospital, Ann Arbor. She was married June 10th, 1915 to Mr. Bittner, who survives her together with two children, Leona and Junior; four sisters, Mrs. Joseph Kwaizer and Mrs. Philip Noss of Bridgeport; Mrs. Joseph Schultz and Mrs. Edward Brandt of Saginaw; and five brothers, Michael, William, Charles and Julius Schneider of Saginaw, and Anthony Schneider of Mt. Morris.

The body was taken to Saginaw. Funeral services will take place from the home of her sister, Mrs. Edward Brandt, 601 Bundy street, at 8:15 o'clock, Friday morning, and from Sacred Heart church at 9:00 o'clock. Rev. Fr. Aloysius Weber will officiate. Burial in Pine Grove, Bridgeport.

The deceased and her husband, John J. Bittner, have lived in Plymouth for the past five months.

MRS. IDA HELM PASSES AWAY
Mrs. Ida Helm, aged 73 years, died at the home of James Stevens on Main street at 12:30 o'clock Thursday morning, of heart trouble. Mrs. Helm has been ill for the past six weeks, and has been cared for by her daughter, Mrs. Wm. Witt. At the time of going to press, funeral arrangements had not been made.

GRANGE NOTES

Very profitable was the March 6th meet, when Miss Woodworth gave her talk touching the necessity of proper nourishment for children, as neglect on that score retards proper developed bodies, the effects lasting through life in a greater or less degree.

The new Home Economics building at M. A. C., containing full equipment for carrying on experiments, and instructions enabling a complete course in Domestic Science, was explained. Perry Campbell gave a most comprehensive report of the milk producers' meeting in Detroit.

Mr. Postiff and M. J. Swegles emphasized some of the principal points of interest.

The program for next week Thursday, March 20th, will be cared for by the assistant steward, Perry Campbell. "Let us forget," there will be a pot-luck dinner.

The regular meeting of the Lily Club at Mr. and Mrs. Perry Campbell's next Tuesday evening, March 18th. Dishes for pot-luck refreshments.

Tuesday evening, March 25th, will be the party at the hall. Cards from 8:30 to 10:00; dancing from 10:00 to 12:00. Bill, 50c.

COMMUNITY DOINGS

Let us not forget the meeting of the Home Economics Group at Mrs. C. W. Root's Tuesday, March 18th, at 2:00 p. m. Miss Woodworth's ways has something well worth the effort required to get to these meetings.

Today's Reflections

Always be punctual when you make an appointment. It gives you a chance to take a long rest while waiting for the other fellow to show up.

If some of the women we know around Plymouth were to run for president, they'd save their hats and throw their powder puffs in the ring.

A magazine writer says we need a new religion. Let's not do anything rash until we've tried the old one.

One nice thing about being a grocer is neighbors won't ask you to keep the baby while they go to a picture show.

There may be some perfect men in Plymouth, but we never knew one who was so much that way that he changed his shoestrings before they showed themselves in two.

REPUBLICAN CAUCUS
On Saturday, March 15, at two o'clock, in the village hall, a Republican caucus will be held for the purpose of nominating candidates for the various township offices. Dated March 5, 1924.

By Order of Township Committee, O. H. LOOMIS, Chairman.

LIVONIA CENTER

A very neat surprise was sprung on Mrs. Harry Peck, last Saturday evening, when about forty of her relatives and near neighbors dropped in to remind her it was her natal day. It had been so well planned that she never suspected anything, until the bunch arrived, and then she fully realized it was one on her. The evening was passed with games and social visiting, after which a bountiful supper was served from the well-filled baskets that the crowd had all thought to bring with them. Mrs. Peck received some very nice gifts. Everyone seemed to enjoy the evening, and at a late hour wished the hostess many returns of the day, hoping to meet again in the near future for another pleasant evening.

Mrs. Peck wishes to thank them all for their kindly thoughts of her, as we all know it is sweet to be remembered.

Mrs. Addie Ziegler, who had her wrist broken, is improving nicely at this writing.

The dance at Livonia town hall, last Saturday evening, was a success. They had a large crowd and every-

thing went off without a hitch. The receipts were \$18.00. Good music and ice cream and cake. All said it was fine.

Our old highway commissioner, John Dethloff, has sold his place, and is going to move away. He was a good commissioner and we are sorry he is leaving.

There is to be a Republican caucus, Saturday, March 15th, at the town hall.

J. F. Criger had the misfortune to fall and sprain his wrist quite badly. William Smith of Seattle, Washington, started for home March 10th.

REGISTRATION NOTICE

Notice is hereby given that I will be at the village hall, Saturday, March 15th, and at the office of R. A. Wingard, Saturday, March 22nd, for the purpose of reviewing the registration, and registering such of the qualified electors in Plymouth township, who are not already registered. Hours—8 a. m. to 8 p. m.

Spring Is Coming

It won't be long before the sun will be shining on both sides of the fence and then you'll want to be prepared. HOW?

By ordering your Tillage Implements and plows—both tractor and horse drawn styles—NOW?

How about your farm gates? If you need new ones now is a good time to look after them before you get too busy. I have some dandys.

Throw Your Light

on your goods—not into the eyes of customers.

In very many stores the lights are so unskillfully placed as to discourage buying. They are more in evidence than the goods on sale. It is well to remember that lights may conceal, as well as display, an object; and that a bright light in a customer's eyes can easily lose you sales.

We shall be glad to inspect your lighting and make suitable recommendations. No charge.

Yes—it can be done

The finest of cars can be sold at these prices

THE Studebaker name guarantees to you the utmost in fine construction. For 72 years it has stood for quality, for honest workmanship, for square dealing.

It has always stood for style and class. Remember Studebaker carriages—supreme examples of fine coach building.

Consider our facilities—mark what we have at stake. \$90,000,000 in assets, \$50,000,000 in plants and equipment, \$10,000,000 in body plants alone.

Note our multiplying sales—the sensation of Motordom.

It is fair to assume that we can and do build the finest cars and at Studebaker prices.

What is a fine car?

A fine car means the best materials any cost can buy. We use 35 formulas for steels, each known to be best for its purpose. We pay a premium of 15% on some to get the formulas exact.

All Studebaker models are equipped with Timken bearings. There are few cars in America, regardless of price, which equal ours on this point. In our Light-Six, for instance, we put more Timken bearings than are used in any competitive car, within \$1,500 of its price.

A fine car means fine engineering. We spend \$500,000 yearly on that department, employing 125 able men.

It means careful construction. We have 12,500 up-to-date machines. 1,120 of our operations are exact to 1/1000 of an inch. 360 are exact to one-half of 1/1000 of an inch.

It means infinite pains. For instance, we machine all surfaces of our crankshafts as was done in Liberty Airplane Motors. We are

the only makers of cars at our prices who do this. It means careful inspection. With us it means 50,000 inspections in the manufacture of each Studebaker car.

Luxury and beauty

It means a car to be proud of. Our body finish includes 15 coats of paint and varnish.

Chase Mohair is used to upholster our closed bodies—made from the soft fleece of Angora goats.

We offer much extra equipment.

Go and See Why Studebaker Leads

Studebaker is now the world's largest builder of quality automobiles.

Last year, 145,167 fine-car buyers paid \$201,000,000 for them.

There are 13 models.

Prices begin at \$1,025.

Go see the reasons for this trend. See why sales have almost trebled in three years. Why these cars have become the sensation of Motordom.

You owe that to yourself before you buy a fine car.

Some of our Big-Sixes, for instance, have two nickel-plated bumpers, one or two extra disc wheels with cord tires, a courtesy light, a motometer, steel trunk, etc.

This factory, remember, is the ancient home of fine coach work.

A fine car must be enduring. A Studebaker Big-Six, built in 1918, has so far run 475,000 miles. That means 80 years of ordinary service.

NEWBURG

There was a good attendance at church last Sunday. Rev. Champion of Detroit, preached, taking his text from St. John, 3-9. There were 65 in Sunday-school; collection, \$4.61. The Men's Bible class is still ahead in the auto contest. The young people's choir is doing fine under the leadership of Mrs. Paul Havens. An original poem by Miss Gladys Horton, on the Sunday-school very test, was read by the superintendent, Mrs. Donald Ryder, who also had some very good blackboard work on the lesson.

The Epworth League lessons on Japan, are very interesting. Rev. Paul Havens preached Sunday evening. The evangelistic services commenced Monday evening, with Rev. Fred Ambler of Jackson, conducting the meetings for two weeks. Everyone is cordially invited to these services.

Mrs. Donald Ryder entertained the school teachers, Miss Reddeman and Miss Hall, at six-o'clock dinner last week Thursday.

Hurt Paddock moved his family out from Detroit, last Saturday into the Messer house next to the L. A. S. hall.

Rev. Paul Havens and family are moving into the house vacated by Mr. and Mrs. Charles Carson.

Mrs. Carrie Hott of Lansing arrived Monday morning, to stay awhile with her sister, Mrs. C. MacKinner, who is not at all well. Mrs. J. Norris of Strathmore also visited her Sunday afternoon.

Mr. and Mrs. George Gorton and daughter, Marion, visited Mr. and Mrs. Henry Grimm, Jr., last Sunday.

NEWBURG SCHOOL NOTES

The Parent-Teacher association had its regular monthly meeting on Tuesday evening, and was well attended. It certainly was gratifying to learn that the "P. T. A. drive" by the children, is netting such good results. Forty-two names with dues, have been turned in already. If anyone has been overlooked, we trust that they will kindly send in

WATERFORD

The Waterford Community Club met Thursday, March 6th, with Mrs. Edmond Watson. Seventeen members were present. A pot-luck dinner was served at noon. After the business meeting, a short program was given, which included a reading by Mrs. Charles Waterman; verse by Mrs. John Nelson, and poem by Mrs. Edmond Watson. The next meeting will be held with Mrs. John Lang, who will be assisted by Mesdames Arch, Oliver and Starr Herrick and Mr. Clarence Ebersole.

Mr. and Mrs. John Schmidt and small son of Royal Oak, were Sunday guests of Mr. and Mrs. Glenn King.

Mr. and Mrs. Fred Procknow have sold their place to Mr. and Mrs. Ernest Riegler.

The people of Waterford believe that lights for Waterford are to be a reality this year, because the Detroit Edison Co. is placing stakes where the poles are to be.

Miss Edith Welliver, the rural helping teacher, was at Waterford school Thursday.

Mrs. Elmer Perkins is ill with an attack of jaundice.

Mrs. Wm. Smith called on Mrs. Minnie Cook, in Plymouth, Monday afternoon.

Mrs. Ida Stevens and son, Asa, and two daughters, Eva and Florence, arrived home last Friday, after spending the winter in Florida.

Lee Herrick and Miss Edith Morgan of Northville, were married last Monday evening, at the Methodist parsonage.

Charles Colby spent last week with his niece, Mrs. Wm. Smith.

Mr. and Mrs. Frank Magraw of Plymouth, were the Sunday guests of Mr. and Mrs. Charles Waterman.

Mrs. Lucy Perkins and son, Leon, of Pontiac, were Sunday guests of the former's sister, Mrs. Charles Steinhilber and her father, Calvin Thompson.

The Hobbs family, who have been living on Arch Herrick's farm for the past two years, are moving this week. The Herrick family are to move back on the farm soon.

Mr. and Mrs. Frank Broegman, who have lived on Frazer Smith's farm this past year, have moved on Harry Robinson's farm at Canton Center.

T. H. Grennan of Detroit, has bought the Case farm, and is remodeling the buildings. The farm is to be used for polo grounds.

Mrs. Oliver Herrick, who has been ill with the grippe, is better.

A CARD—We wish to express our deep gratitude to the kind neighbors and loving friends for the many acts of kindness given us during the recent illness and demise of our father; our appreciation for the beautiful flowers sent in sympathetic remembrance, and our sincere thanks for the autos so gratuitously offered for our service. Again, we thank you one and all.

Mrs. Ella S. Olds, George F. Hillmer, Mrs. Henrietta C. Benton.

The label on your paper tells how your subscription stands.

Where savings come

Then how do the Studebakers so far undersell any comparable cars? Because we build so many. The fixed costs are divided by enormous output—150,000 cars per year.

Because we build our own bodies. The saving to you on some types is up to \$200 per car.

Because we make our own forgings, saving another profit there.

Because our plants are modern and efficient. We have spent \$38,000,000 on them in the past five years.

Because we keep our men, make them partners, pay them large bonuses to stay. Changing men is expensive.

Because we conduct this business in every way on the best modern lines.

What buyers save

The Studebaker Light-Six Touring Car sells for \$1,045. Under ordinary manufacturing conditions it would need to cost you from \$1,200 to \$1,400.

On our Special-Six the difference might be \$400 to \$700.

On our Big-Six type the difference may run into thousands, depending on the number produced. For this car compares only with the highest-priced cars in Europe

and America. * * *

You will respect the Studebaker methods when you come to know them. You will admire the cars they create. You will delight in the values.

Remember that last year 145,167 fine-car buyers, after comparisons, chose the Studebaker models. So many people could not be wrong.

Learn why they did so before you buy a car at \$1,000 or over. You owe that to yourself.

WAYNE WIDENS HER GATEWAYS

COUNTY ROAD COMMISSION PLANS EXTENSIVE IMPROVEMENTS DURING 1924.

To a system of country pavements famous all over the world, Wayne County will add, during 1924, a large amount of further highway improvements, the cost of which will come close to \$4,000,000. In all three directions over which land traffic flows in and out of Detroit, improved gateways will be the result.

The southern gateway, toward Monroe and Toledo, is to become a 40-foot roadway from Wyandotte to Rockwood, and condemnation proceedings are now in operation to secure the 100-foot right of way needed. A 40-foot roadway will permit four lanes of travel on this highway, which is now one of the most seriously congested of Wayne County routes. Similar right of way is being secured for a pavement on Fort Street, through Sibley, and affording an alternative route.

Widening of Michigan avenue, which already is a double roadway with car tracks in the middle, will be continued westward from Dearborn, the 1924 program calling for construction to Telegraph road.

When completed, this highway will be in far better condition to handle the heavy traffic to and from the west.

Similar improvement is scheduled for Grand River, leading into Central Michigan. The double roadway, already built to Division road, will be carried into Redford, according to program.

Wayne County's work on the northern gateway—Woodward avenue—has been completed, and this improvement is being carried further by Oakland County.

Gratiot avenue, leading northeast out of Detroit and carrying Mt. Clemens, Port Huron and St. Clair River traffic, was widened and improved in 1923.

In addition to these main gateways, the Wayne County commission will engage in the pavement of many of the internal connecting roads.

One of these projects is the Plymouth road, which will be paved from Detroit to Plymouth. Telegraph road north is another, with nine miles of 20-foot roadway all the way from Dearborn to Redford. Bridges already are in State and Federal Governments are aiding in this project.—Detroit News.

"Flu" Coughs Hang On
Some victims of the "flu" never fully recover the health of the lungs, and coughs that "hang on" are the coughs that threaten. SCHOOL NOTES

HIGH SCHOOL NOTES

The High school notes were furnished by Mable Blackmore. A spell-down was held by the Aggie Club at their meeting Wednesday noon. The sides having Etha Rowland and Claire Travis as siders, were even when the closing bell rang.

The cooking class last week prepared a day's meals, showing good results, which were put on exhibition in the show case in the hall. We all found we eat too much according to the exhibition.

Apples and candy were sold by the scouts at the game Friday night. The English ten class is beginning "The Tale of Two Cities."

Those having perfect lessons in accuracy contest which the beginning Latin students are holding, receive stars.

GRADE NOTES

(Furnished by Helen Fish)
Nina Eddy and Jane Bauer of the first B grade, have moved to Detroit. Burton Tabey of Free Soil, Mich., has entered the second grade.

A few of the children of the third grade are still out with the measles. A BB shot from an air rifle hit Henry Rengert of the fifth B grade, in the eye Sunday afternoon, and as a result he will lose the sight of that eye.

Mrs. Baly visited the fifth A grade last Friday afternoon.

In the spelling contest in the sixth A grade, the following are ahead, not having missed a word this semester: Laurence Blunk, Kenneth Gust, Doris Jewell and Wallace Palmanter.

New shades are being put up at the windows of the sixth A room.

The "Snapping Scissors Sewing Club," composed of the seventh grade girls will give a one-act play entitled, "Clean Hands," at their meeting this afternoon in the domestic art room.

PLYMOUTH VS. FARMINGTON

One more game to decide the championship—Plymouth will play Redford, there, March 14th. The result will decide the League championship in girls' basket ball. As it now stands, Northville has lost two games and Plymouth one, and a tie, Northville has completed her schedule, while we have one more game, come to Redford, Friday, and help Plymouth win.

Our return game with Farmington proved to be a repetition of the first. From the start things moved slowly, and for a while it looked as though neither team would score very many points. However, we managed to escape enough baskets in our favor with a score of 11 to 6.

During the second half, repeated fouls for overguarding were called on Farmington, but they were distributed so that no one was put off. Although it was only Evelyn Schrader's second game, she displayed fine team work, and with the aid of Janette Whipple managed to keep the ball in Plymouth's territory a good share of the time. Edith England played a good defensive game, when the ball went Farmington's way.

The line-up for Plymouth was: M. Amrhein, r. f.; I. Bird, l. f.; G. Bird, c.; J. Whipple, r. c.; M. Bolton, r. c.; E. England, l. g. Substitutes—Schrader for Bird; Hake for Bolton; White for Hake; Cline for Amrhein.

PLYMOUTH BOYS DEFEATED BY FARMINGTON

In the last game of the season, Farmington (League champions) defeated Plymouth by the score of 23 to 12. The first half was very slow, both teams playing a poor game, but with the opening of the second half each team began to play real basket ball. Plymouth, however, was unable to overcome the early lead made by the "champs," and as a result was forced to take the small end of the score. The lineup was as follows:

Plymouth—Doudt, l. f.; Palmer, r. f.; Kenyon, c.; Holmes, r. g.; Stevens, l. g. Substitutes—Millard for Doudt; Amhris for Stevens; Stevens for Palmer.

Farmington—Bryan, l. f.; Quinn, r. f.; Sallow, c.; Cousins, r. g.; Wiknm, l. g. Substitutes—Veitch for Bryan; Spaller for Sallow. Referee—Brown, Michigan State Normal College.

BAPTIST NOTES

The morning service was full of pep, and some good advice to be swallowed. Mr. Hamill sang the solo. The music was good.

The Sunday-school is doing a little better every Sunday in attendance, and the collection was twice as large as usual. All enjoyed the illustrated missionary exercise by Mrs. Noyes' class. The decorations last Sunday were very nice, and seemed like summer to have flowers.

The young people's meeting was in charge of young ladies from Ypsilanti, Sunday evening, who used the hour in a very helpful way, and gave encouragement to our society.

They all stayed for the evening meeting, and sang in the chorus. Miss Campbell and Miss Evans sang a duet which was enjoyed by the audience. The B. Y. P. U. served the delegation a lunch in the church parlors after the evening service, and invited them to come back again.

The Ladies' Aid Society met with Mrs. Sayles at the parsonage, last Wednesday afternoon.

The monthly meeting of the Golden Rule class, was held with Miss Dorothy Freiheit, last Tuesday evening. After a pot-luck supper and a social hour, all went away happy. Mrs. Sayles is teacher of the class.

IN MEMORY OF WILLIAM HILLMER.

William Hillmer was the son of William and Sophie Hillmer, members of the Lutheran church of the old country. He was therefore christened in that church and received a thorough education in the Lutheran faith. When he came to this country and to Plymouth at the age of ten years, he at once became a member of St. Peter's church, which had just been organized, for he was one of two members of the first confirmation class. Father Hillmer was a member of St. Peter's Lutheran church for 65 years, and during these many years was diligent in his church attendance, ardent in working for his church and upright in his christian conduct. He will be remembered by young and old for his amiable ways and manner toward others. He was a cross bearer of the Lord, but he bore his cross without complaint and murmur, unflinchingly. As a good christian he could not but also be a good citizen. In him Plymouth has a lost, a real friend.

The Library and Education
There must be some way to continue the educational growth of American citizens. And there is a way. That way is the public library. America's continuation school—the most democratic of American educational institutions. It is free to every person—color or race, nationality or creed makes no difference. It is free to every person who wishes to read, and who is willing to read. The public library is free from party politics... religious intolerance and prejudice. It provides information on all sides of every important question, as far as its funds allow. While the library is useful and helpful, it has still not reached its maximum of usefulness or usefulness, and it cannot do so until the people themselves realize what it has to give to them.—William Allen White.

A COMMUNICATION

Editor Plymouth Mail:
A friend sends me a copy of your issue of February 22, carrying a eulogy of Rachel Westfall. What a brief tragedy is this life; what a store of dreams go to make up its retrospect. Forty years ago I lived with the Westfall family, and I must testify to all the good words that follow there. It was a happy family—an ideal family. I recall how I would sit on the woodbox and smoke and argue with Rachel; how Ada, the laughing girl, would side with her mother, and how Orse with an occasional tip on my side would shake with laughter. How we enjoyed those days. This is only one of the memories that come out of the past—there are scores of them that mark my brief residence in that old "Hartford community" as a bright spot in my dreams. And now the family is gone, but we can truly say the world is better and brighter because they lived in it.
HENRY S. GRIFFITH.
South Carver, Mass.
March 7th.

THE THEATRE

"THE CALL OF THE CANYON"
Disabled war veterans and nurses from the Soldiers' Home at Sawtelle, Cal., provided real "hospital atmosphere," and were motion picture actors for a day at Paramount's West Coast studio during the filming of scenes in Zane Grey's "The Call of the Canyon," featuring Richard Dix, Lois Wilson and Marjorie Daw, which comes to the Penniman Allen theatre next Saturday, March 15th. The veterans needed few instructions from Victor Fleming, the director, but simply "carried on" as they would in the convalescent ward at the Soldiers' Home.
Nurses moved about, orderlies tidied up the room, while the war heroes continued to read, weave baskets or chat with one another just as they had been doing at the home a few hours before. The scene showing a corner of the big hospital is said to be one of the most appealing in the picture. It shows Lois Wilson as a New York society girl, awakened to her sense of duty by her soldier-lover by meeting some of the heroes of the Argonne forest while she is on a visit to the hospital.

"THE HUMMING BIRD"
The Montmartre, that quarter of Paris artists known throughout the world and especially vivid in the memory of American soldiers who fought in the "battle of Paris," was transplanted in Astoria, L. I. A section of the outer boulevard de Clichy, intersected by a small street which winds up the hill towards Sacde-Coeur, sprung up like magic at the Paramount studio, where scenes for Gloria Swanson's latest Paramount picture, "The Humming Bird" were filmed. The corner cafe, the funny kiosks and quaint houses.
The story deals with life in the Montmartre section of Paris, where artists and apaches—Bohemians all—mingle in the tiny studios and restaurants. Miss Swanson who plays the dual role of Tonette and "The Humming Bird," rubbed her eyes when she walked into the scene for the first time. She knows the section, having visited it many times when she was abroad.
"It is perfect," she cried, and it is down to the last detail which is the vermouth-cassis glass on the sidewalk table in front of the cafe.
Many dramatic scenes take place in the Montmartre section and Director Sidney Olcott, who also has spent much time in Paris, has given a very colorful background for the work of Miss Swanson and her gang of apaches.
"The Humming Bird" comes to the Penniman Allen theatre, Sunday and Monday, March 16th and 17th.

Henry Lacey has sold his farm of forty acres on the Beach road, reserving two acres, to Schlentker, Bull & Co., at the prevailing attractive prices, viz. \$1,000.00 per acre. EPISCOPAL NOTES

The Thursday evening lectures or discourses on church history, which the rector is giving during Lent, are most instructive, as well as interesting. Every member should take these opportunities of learning more of the church and what it stands for. Last Thursday's lecture being the first of the series, was especially interesting, and those who attended expressed their appreciation to the rector of the very impressive way in which the lecture was given and the simple form of explanations he gave. If anyone is in doubt or that certain explanations are not clear—do not forget the "question box." Mr. Torre is the "question box," and notes or questions left with him will be dealt with by the rector. Don't miss these lectures.
The service last Sunday was that of the Holy Communion. The rector preached a very appropriate sermon, and there was a fair attendance.
The Sunday-school met immediately after the morning service. The Lenten mite boxes were distributed by the superintendent, Sidney D. Strong, and their purpose was also explained by the rector with illustrations. The contents of these mite boxes will go to foreign missions, and on Easter Day will be placed on the altar by the children.
Among the congregation and the elder members, special Easter offering envelopes will be distributed for contributions during Lent, which will also be placed on the altar on Easter Day. These will go towards paying off the debt on the church.
The service next Sunday will be in the evening at 7:30. Church-school in the morning as usual at 11:15. We want every pupil to be present.
There is a short children's service in the church every Thursday afternoon at 4:00 o'clock.

BLUNK BROS. OPEN NEW ADDITION TO THEIR STORE

Blunk Bros. have opened the new addition which they have just completed at the rear of their store, thus making much more needed floor space available. The new addition is two stories in height, with basement. The first floor, which is a continuation of the main floor of their store, will be given over to the display of their large stock of rugs and floor coverings. This room also provides for a lavatory for ladies. The second floor is used for the display of furniture, while the basement provides ample room for unpacking goods. An elevator has been installed to carry goods from the basement to the upper floors. The new addition is a fine improvement, and will give the Blunk Bros. a much better opportunity for the display of their large and complete stock of goods.

John Smith, state director of Baptist church work, and Morgan Williams, state director of young people's work, will speak. Five hundred young people are wanted for the rally.

Thieves broke into the high school building, Tuesday night or early Wednesday morning. Entrance to the building was gained by climbing up to one of the second floor windows, which was unlocked. The plate glass in the outer office door was broken as well as the glass in the door of the superintendent's office. A small amount of change was taken from several of the rooms and some stamps from the office. The Wayne school building was broken into the same night and in the same manner, and without doubt by the same parties.

A farewell surprise party was given in honor of Mr. and Mrs. Chester Arthur and Charles Albro, last Saturday evening, by the following neighbors: Mr. and Mrs. N. Ryder, Mrs. Sidney Ashton, Mr. and Mrs. Roy Lyke, Mr. and Mrs. William Westfall, Mrs. Nellie Bird, Mrs. I. W. Hummel, Mr. and Mrs. C. Havershaw, George Arthur and Mr. and Mrs. William Petz. Mr. and Mrs. Chester Arthur and Charles Albro are leaving Plymouth next week to reside at Lyons, Mich. Dainty refreshments were served, after an enjoyable evening at games.
