**LUMBER FACTS**

We are producing in this country only about as much lumber as was produced in 1890, and yet we have 35,000,000 more people to care for, to say nothing of over-seas needs. In that period the standing timber of the country has not only decreased from about three thousand billion feet to a little more than two thousand billion, but what remains is now much farther away from the center of gravity of consumption.

These lumber facts are going to be pretty well understood by the people, and the man who wants to build a frame house or a house of some other construction into which wood largely enters, will feel that considering that his house will last a generation or longer, he can hardly make a mistake by buying lumber now.

One of the big improvements which is to be made is a new and modern store front. The store will be equipped with new and up-to-date fixtures, together with a soda water fountain equipment. It is expected that the new store will be opened to the public about June 1st.  
Mr. Blickenstaff is an experienced pharmacist, and has the confidence and esteem of a host of friends in Plymouth and vicinity, who will be pleased to learn that he is about to go into business for himself, and will wish him abundant success in his new venture.

### DEATH OF MRS. IVAH MERRITT

Plymouth friends were greatly shocked the first of the week to hear of the death of Mrs. Ivah Merritt, wife of Charles Merritt of Ypsilanti, who passed away at her home in that city Monday afternoon, after a three days' illness from scarlet fever. Burial took place Tuesday afternoon at two o'clock, in Stoney Creek cemetery.

The deceased is survived by her husband, three small sons, Charles, Jr., aged four; Bernard, aged two; and little Gerald, one week old, besides many other more distant relatives and friends.

Mr. Merritt is a brother of Mrs. Oscar Matts of this place, and both Mr. and Mrs. Merritt are quite well known in Plymouth. Mrs. Merritt was an accomplished pianist, and has played at entertainments here. Friends here deeply sympathize with the bereaved family.  
Mr. and Mrs. Oscar Matts attended the burial service.

The meeting voted to raise \$1,200 for the public nursing fund, the same as last year.  
The sum of \$1,000 as a special road tax, was voted to improve the Whitbeck road from Ann Arbor road to Plymouth road.  
The sum of \$200 was voted for the Plymouth branch of the Wayne County Library, to help defray any small expense of maintenance, which may occur from time to time through the year.  
The total amount to be raised this year is \$1,900 less than last year.

### TO OBSERVE GOOD FRIDAY

As has been the custom here for the past three years, the Plymouth Chamber of Commerce will request that all places of business close between the hours of 12:00 and 3:00 o'clock, on Good Friday, April 18th. This action was taken at the regular meeting of the C. of C., Tuesday evening. Suitable window cards will be provided for each place of business. Many cities and towns are now following out this custom, and it is a fine thing to do.

### DAISY EMPLOYEES' ASSOCIATION ENTERTAINMENT

The entertainment Wednesday evening, April 2nd, under the auspices of the Daisy Employees' Association, was a very enjoyable affair, and was well attended. Those taking part in the program included L. N. Kinyon, together with Miss Gertrude and Pierre Kinyon, in a musical number; a reading by Miss Hall (one of our school teachers), which revealed that the "old maid" would not die single if she could possibly help it; violin solo by Madeline Cooper; vocal solos and duet by Joe Tracy and Ben Stewart; a recitation by Fern Kensler, which was very funny; piano solos by Blanche and Inez Curtis and Imo Campbell. Mrs. A. W. Moody sang a couple of songs which were not "moody" by any means, but were bright and cheerful and well rendered. Henry Harer and George Griffin, chairman of the entertainment committee and president of the association respectively, desire, on the behalf of the members of the D. E. A., to heartily thank those who so kindly assisted with their talent. Let us not forget the fact that the singing of "America" started the program. After the next regular meeting of the association, which takes place Wednesday evening, May 17th, there will be a box social for the members' families and friends. Come and get in on a "Daisy" lunch.

### BIG CROWDS SEE WONDERFUL PICTURE.

The picture, "The White Sister," starring Lillian Gish, which was shown at the Penniman Allen theatre Sunday, Monday and Tuesday evenings, was one of the best pictures ever shown here. The attendance was large on all three nights, many people coming from neighboring towns. One of the pleasing features each evening was the singing of "The Rosary" by Mrs. Laurencelle of Detroit, garbed in the costume of a white sister. The scene presented the singer kneeling before a cross with lighted candles on each side, and a background of black. She was accompanied on the pipe organ by Sidney D. Harris.

Another feature each evening that caused no little merriment, was the platergrams. Each person present was furnished with special colored glasses to view this wonderful achievement in motion pictures.

### PHYSICAL TRAINING DEMONSTRATION

The third demonstration of physical training in the local schools will be given by the department of physical education, under the direction of G. Leslie Coatta, supervisor of boys, and Alice J. Beals, supervisor of girls, on Thursday evening, April 10, in the high school auditorium at 7:30 o'clock. A splendid program of events, showing the work of the boys and girls in these departments, will be given. An admission of 15 cents will be charged.

## This Method Protects You

The Hupmobile Parts Display takes the mystery out of the motor car. It gives you the facts that count.

Perhaps you know little, or nothing, of motor car production. When you read on this Parts Display how the Hupmobile is built, and then read, directly contrasted with it, what the more common construction is, you will select your next car with greater care, and greater profit to yourself.

You will also see, more

clearly than you have ever seen, why the Hupmobile stands up so well, and why some other cars are a source of continual trouble and expense.

The Hupmobile way of buying a motor car is the sound, business-like way. And it is a liberal education in what makes motor car value.

So, whether you are going to buy a car now, or next year, we advise that you come in soon and study the Hupmobile Parts Display.

## BAPTIST NOTES

The Sunday-school exercises for Easter is to be something good. "The Dawning Day" is the title of the program. The music promises to be of the best—solos, male quartette and chorus.

The Ladies' Aid met with Mrs. Sewell Bennett, last Wednesday afternoon, with a very good attendance. This was the final meeting before the bazaar. Send in your avowals, and don't forget the supper on the same evening.

Prayer meeting will be held at the home of Joseph Stanley, next Wednesday evening, instead of Thursday. Let's fill the house. John, sixth chapter, is the lesson.

A large crowd of young people from the B. Y. P. U., attended the rally, last week Friday at Wixom, about twenty-five in all. Duane Sayles, who gave a short paper on "How the Young People Can Help the Sunday Evening Service," was given special mention by Rev. Morgan Williamson, chairman of Lansing, as being right to the point and very helpful.

## GLADIOLI VARIETIES

Halot, violet. The foregoing are all large-flowered sorts of the grandaensis, Childsi or other Hybrid types.

I have nearly all of the above named varieties, besides others equally popular—better make your selection early.

### METHODIST NOTES

Have you heard The Prestons sing? Have you been in the inspiring song service that is held each night at 7:15? Don't miss another one. Be there tonight. This Friday will be High school night and of course all the parents and friends are invited too. A big rousing song feast at the usual time. The pastor will preach on "The Problem of Temptation."

Mrs. Preston will preach for us Sunday morning at 10:00 o'clock, on, "A 100 per cent Christian."

Sunday afternoon at 3:00 o'clock, a mass meeting for men and boys will be held at this church, and Mr. Preston will speak. Mr. Preston is a converted actor, and will sing and have a message worth while. At the same hour there will be a mass meeting for the women and girls at the Presbyterian church, and Mrs. Preston will speak.

And a big time again at this church at night, Sunday. The pastor will speak on "Pilate, the Dodger."

Next Monday night, the Junior choir, which has been practicing under the leadership of the Prestons, will give a concert during the time of the opening song service. This will be unique, and not only the children, but parents will want to be on hand to hear the youngsters sing. Every night next week, something doing. Invite your friends and neighbors to come with you to the meetings.

Our Easter offering this year will be given to The Prestons in token of our appreciation of their splendid services amongst us.

Is your pledge to the Pipe Organ Fund paid yet? Please see E. V. Johnson at once.

April first was also the time for the payment of the first year's installment on the Building Fund pledges. We want to pay off the rest of our mortgages this month, which can be easily done if everyone makes their pledge. Attend to this at once also, if you have neglected it.

**NEWBURG**  
 Rev. Havens preached a fine missionary sermon last Sunday, to a large and attentive audience. The Men's class is still ahead in the Sunday-school contest. From the progress they are making with their rackard, they will soon reach San Francisco.  
 The election of officers in the Epworth League, Sunday evening, resulted as follows: President, Mrs. Clyde Smith; 1st vice-president, Mrs. Paul Havens; 2nd vice-president, Miss Louise Goney; 3rd vice-president, Miss Gladys Horton; 4th vice-president, Miss Iva Bassett; secretary, Lawrence Holmes; assistant secretary, Leonia Joy; treasurer, Clyde Smith.  
 Nineteen Epworth Leaguers attended the District Rally Banquet at Ann Arbor, Friday evening. They report a fine time. Several also attended the all day session Saturday.  
 Mrs. Will Parish and grandson, George, visited Mrs. C. E. Ryder from Thursday until Saturday last week.  
 Mr. Wilson is building quite a large hen house on his land east of the LeVan farm. Several also attended the LeVan farm, Sunday evening. Mr. and Mrs. Donovan and family of Detroit, who recently purchased a

part of the LeVan farm, called on Mr. and Mrs. Henry Grimm, Jr., Sunday afternoon.  
 Mr. and Mrs. Donald Ryder and little son, Junior, left for LaGrange, Ill., last week Thursday, for a week's visit with Mr. and Mrs. Raymond Ryder and family.  
 The home talent play given under the auspices of the Epworth League, entitled, "Rev. Dayton, Up-to-date," will be held in the L. A. S. hall, this Saturday evening. See further notice elsewhere in Plymouth Mail.  
 At the Parent-Teachers' meeting, held on Tuesday evening, it was decided to give the play, "Deacon Dubbs," on or about May 9th. This premises to be something different, and, owing to the elaborate stage settings, we find it necessary to give it in the Gleaner Hall, at Newburg. We hope, with this, to be able to clean up the debt of \$100 on our piano before school closes.  
 Mrs. Harmon Gates, Mrs. J. F. Rousseau and Mrs. James Bassett attended the Wayne County Council of P. T. A., held in the County Building, Detroit, on Saturday last. Over half of the schools of Wayne county were represented, and it was interesting to hear of the work accomplished by the different branches for the past

year. But it was most gratifying for us to hear that Newburg P. T. A. report brought the greatest applause, which goes to show that we are cooperating to make our branch the success it is. "In union there is strength."

**WHEN A MAN'S A MAN**

This question, "When is a man a man?" is answered in one of the most thrilling photo productions of the year. The presentation is Harold Bell Wright's famous story, "When a Man's a Man," and the Penniman Allen theatre has the pleasure of offering this super-dramatic film classic to its patrons, Sunday and Monday, April 13 and 14.

"When a Man's a Man" is one of the best known books that have been written by Harold Bell Wright. It was selected as the first of the entire Wright series to be given the silver sheet. Its readers cannot be classed by the thousands but by the millions.

The production boasts a cast of all-star players, headed by John Bowers, Marguerite de la Motte, Robert Fraser, June Marlowe, Forest Robinson, George Hackathorne, Fred Stanton, Charles Mailles, Edward Hearne, and many others of equal importance.

Harold Bell Wright is regarded as the foremost author in America today. During the filming he was personally called in for constant consultation, with the endeavor to present the picture form as near to the original story as possible. Those millions who have read the book will now have the opportunity and pleasure of witnessing the noted story in everlasting form on the screen.

Practically all of Harold Bell Wright's stories were written in the cattle and mountain regions of Arizona and Nevada, and many of the characters the famous author painted are still alive. It reaches the screen as a First National attraction.

**"HER TEMPORARY HUSBAND"**

The confusion of whiskers jumble things for a certain houseful of people, whose activities form the basis for the side-splitting farce comedy, "Her Temporary Husband," which comes to the Penniman Allen theatre, Wednesday, April 16th.

Sylvia Breamer, the heroine of this hilarious laugh-provoker, must marry within twenty-four hours to win a fortune. She wants the fortune but not the partner that goes with it. So she marries a graveyard candidate, a "youthful" chap of about ninety-five summers.

Lucky for Owen Moore, her enterprising admirer, the intended groom sports a heavy crop of whiskers. Owen dons cheaters, masquerades as the dying "victim" and gets married to the girl—then complications.

Before the amusing situation is straightened out, almost everyone in the bridal home is "hiding behind the bushes." A gang of ruffians come to kill the bewiskered bridegroom. Then it is a case of "on ag'in off ag'in Finnegan," as the bewiskered masqueraders try to keep one jump ahead of the bold bad villains.

The picture was made to produce laughs—to be a genuine gloom chaser—and it lives up to its mission with a vengeance.

**IN MEMORIAM**

In loving memory of our dear wife and mother, who passed away five years ago on April 11th:

Gone but not forgotten.  
You have gone, and this I know:  
Every passing day shall be  
Lonely as a single cloud  
Marooned above an endless sea.  
Even the sweet sleep of night  
Will not ease the longing pain;  
Loneliness shall haunt my dreams,  
Till our two lips are one again.  
You have gone, yet this I know:  
In my reveries of thee  
From the shadows you will come,  
Stealing silently to me;  
In the darkness find my hand  
And I alone will shun  
Forever  
William and Leonaeyer,  
Husband and Daughter.

**On This Light-Six Touring Car**

By our matchless facilities—our enormous production

**HERE is a car priced at \$1,045.** Built by ordinary methods it would cost you from \$200 to \$400 more.

It is in scores of ways the leader of its class. No rival car compares in the value that it offers.

Let us tell you how we give that value, then urge you to see this car.

**A sensation**

Studebaker is today the world's largest builder of quality cars. Studebaker success is the sensation of Motordom.

Sales have almost trebled in three years. Last year, 145,167 people paid \$201,000,000 for Studebaker cars.

There are tremendous reasons for this rush to Studebaker cars. And every man who buys a car should know them.

**72-year traditions**

The Studebaker name has for 72 years stood for quality and class. To build an ordinary car under that name is unthinkable.

Our assets are \$90,000,000—all at stake on serving you better than all others.

We have \$50,000,000 in model plants, equipped with 12,500 up-to-date machines. We have 23,000 workers, under profit-sharing plans which lead them to stay and develop.

We spend on engineering \$500,000 yearly. We employ 1,200 men to give 32,000 inspections to each Studebaker car in the making.

**We are lavish**

We are lavish in things that count.

We pay 15% bonus on some steels to get them exactly right. We use genuine leather in our cushions. We use curled hair.

We use more Timken bearings in this Light-Six than any competitive car within \$1,500 of its price.

Our bodies are beautiful creations. The finish and coach work show the final touch. But we build them in \$10,000,000 body plants of our own, and pay for these extras in savings.

**Where we save**

We save by enormous production—150,000 cars per year. Our major costs are all divided by that enormous output. It is utterly impossible for smaller makers to compete.

We save by modern plants, mostly built in the past five years. We save by up-to-date machines. By building our own parts and bodies.

**See what this car offers**

Come see what this Light-Six offers. How it excels in scores of ways any rival car.

Built with the same steels, the same care and skill, as the costliest of our cars. We have only one grade of chassis.

See its beauty, its comfort, its luxury. See how we have studied your every desire.

Do that and you will choose this car, if you have in mind a price anywhere near this.

**Send for the book**

Mail us the coupon below. We will send you free our new book that will inform you on five simple things which reveal the value of a car. For instance—

It will enable you to look at any car and tell whether it's been cheapened to meet a price or offers true quality.

It will tell you why some cars rattle at 20,000 miles and others don't. It shows one single point in a closed car which measures whether you're getting top or medium quality. The book is free. Clip the coupon below.

**Studebaker Light-Six Touring Car—\$1,045**

Same steels as we use in the costliest cars we build. More Timken bearings than in any competitive car within \$1,500 of this price.

Genuine leather cushions, ten inches deep. Curled hair filling. All-steel body.

One-piece, rain-proof windshield. Attractive cowl lights. Standard non-skid cord tires. Transmission and ignition locks. Perfect motor balance. Curtains that open with the doors.

By far the greatest value in this class.

**Mail coupon for book about it**

We machine all surfaces of our crankshafts and connecting rods, as was done in the Liberty Airplane motors. No other maker of cars at our prices does this. The result is that perfect motor balance, lack of vibration and long life.
