LUMBER FACTS

We are producing in this country only about as much lumber as was produced in 1890, and yet we have 35,000,000 more people to care for, to say nothing of over-seas needs. In that period the standing timber of the country has not only decreased from about three thousand billion feet to a little more than two thousand billion, but what remains is now much farther away from the center of gravity of consumption.

These lumber facts are going to be pretty well understood by the people, and the man who wants to build a frame house or a house of some other construction into which wood largely enters, will feel that considering that his house will last a generation or longer, he can hardly make a mistake by buying lumber now.

FIRST PRESBYTERIAN CHURCH

REV. S. CONGER HATHAWAY, A. M., PASTOR

SPECIAL EASTER SERVICE

You will want to hear "LOVE TRIUMPHANT," a tale of the first Easter-tide, the story of Tor, a street boy of Jerusalem, as it will be given next Sunday by the pastor and the vested choir in honor of our risen Lord. Here is the gospel in song and story—interesting, filled with devotional spirit, pregnant with prayer and praise.

Evening Service at the Methodist Church

SPECIAL GOOD FRIDAY SERVICES TO BE HELD TODAY

A Special Service Will Be Held at the Penniman Allen Theatre Commencing at 1:00 O'clock

Not only will the observance of Good Friday be manifested in Plymouth by the closing of the business places from 12:00 until 3:00 o'clock, but a special religious service will be held in the Penniman Allen theatre commencing at one o'clock, which the public is most cordially invited to attend. Rev. Charles Strasen will deliver a sermon appropriate for the occasion. There will also be special singing. At the meeting of the board of directors of the Chamber of Commerce held Tuesday evening, it was unanimously voted that the Chamber of Commerce co-operate in this most worthy movement, and attend the services in a body. Remember the services begin at 1:00 o'clock this, Friday afternoon, and last for one hour.

MRS. B. F. FARBER DIES AT PITTSBURG

Plymouth friends were greatly shocked last Saturday when a message was received here announcing the death of Mrs. B. F. Farber, wife of Rev. Farber, former pastor of the First Presbyterian church of Plymouth, which occurred at her home in Pittsburg, Pa., that morning. Mrs. Farber had been ill for some time, and had recently been in the hospital, but her condition had improved so much that she was removed to her home, where she appeared to be getting along nicely until a few days previous to her death, which resulted from heart trouble.

During her residence here, Mrs. Farber endeared herself to a large circle of friends and acquaintances. Rev. Farber and his two little sons have the deepest sympathy of the whole community in their sorrow. The funeral services were held from the Sixth Presbyterian church of Pittsburg, of which Rev. Farber is the pastor, Monday afternoon at four o'clock, and were largely attended, three of the leading ministers of that city taking part in the services. The remains were placed in a receiving vault temporarily.

BUSINESS PLACES TO OBSERVE GOOD FRIDAY, TODAY.

In compliance with a request by the Plymouth Chamber of Commerce, the business places of the village will close between the hours of 12:00 and 3:00 o'clock today, Good Friday.

EASTERN STAR DANCING PARTY

The local chapter of the Eastern Star will give a dancing party at the Penniman Allen auditorium, on Friday evening, April 19th. Finest five-piece orchestra of Detroit will furnish the music. There will be favors, and refreshments will be served. See advertisement in today's paper.

Junior, the little eight-year-old son of Mr. and Mrs. Joseph Flurry, died at Harper hospital Thursday morning, where he was taken a week ago for treatment. At the time of our going to press, the funeral arrangements had not been completed.

DANCING PARTY
A dance will be given by Newburg Base Ball club at Gleason Hall, Newburg, Saturday evening, April 20th. Good music. Tickets, 50c per couple. —Advertisement.

NOTICE
Cars washed at 222 Main street. One hour service. Prices reasonable. 2111

PLYMOUTH GRANGE CELEBRATES

The fiftieth anniversary of the organization of Plymouth Grange was observed in a fitting manner Thursday afternoon and evening, April 10th. About 200 availed themselves of the chicken-pie dinner served in the dining room of the hall, which was tastefully decorated in white and gold, the same color scheme being carried out in a very effective way in the auditorium, for the evening's program. Every detail was all that could be desired.

Mr. Stevens' history was exceptionally fine, as was also Mrs. Lucy Smith's original poem, "Our Plymouth Grange." Mr. and Mrs. Stevens being the only remaining charter members, they were escorted to seats of honor, and later Past Master S. W. Spicer, assisted by Doris Campbell as flower bearer, in a few well chosen words, presented the guests of honor with a beautiful bouquet of red and white carnations, a most pleasing feature.

'Twas good indeed to have Mr. and Mrs. J. H. Hanford and son in our midst, with words of greeting and appreciation. Mr. Hanford's being the only instance on our records, where a son served as master, whose father previously presided.

Rev. Hathaway's words of prayer were timely, and fully appreciated. The solos by Zerepha Blunk and Ross Gates were as usual much enjoyed, and too, the orchestra. Mrs. Becker read letters from Mrs. Kate Harmon, Mrs. Theresa O'Brien and Mr. and Mrs. L. Laraway.

Worthy Master A. B. Cook, of the State Grange, after greeting and congratulating Mr. and Mrs. Stevens and Plymouth Grange, delivered in his right-to-the-point method, a talk interesting to all. His message dealt with achievements and possibilities, setting forth the value of an incentive, as a means toward success; rounding out beautifully our Golden Jubilee.

The committee in charge are to be congratulated on the way all arrangements were carried to a most successful issue. Mrs. Willard Pooler, as the builder and decorator of the special cake for the occasion receives special mention. It was not only good to look upon, but good to eat, and was cut and served at the close of the program. Blunk Bros. deserve many thanks for furniture and decorations.

CHERRY HILL WOMAN DIES SUDDENLY

ACUTE ATTACK OF HEART TROUBLE FATAL TO MRS. HARRIETT SMITH

Funeral services for Mrs. Harriett Smith, wife of the late William H. Smith, who passed away at the E. L. Strang home near Cherry Hill, Wednesday night, April 17th, after a half hour's illness of heart disease, took place Saturday afternoon at 1:00 o'clock from the Strang home, and at 2:00 from the Denton Methodist church, Rev. Brewer officiating. Interment in Denton cemetery.

Harriett Goodell was born near Cherry Hill 56 years ago, and with the exception of several years in Missouri, had lived near there all her life. She had made her home with the Strangs for the past two years. Mr. Smith passed away in 1919, and all her children have preceded her in death.

EASTER BAZAAR
The Women's Guild will hold an Easter bazaar at St. John's church, Wednesday afternoon, April 23rd. They will have spruce, fancy goods, baked goods and candy. Afternoon tea will be served.

ORDER OF THE EASTERN STAR INSTALLS OFFICERS

In a chapter room beautifully decorated with flowers, the newly elected officers for the ensuing year were duly installed Tuesday evening, April 15th. Past Matron Flora Rathburn conducted the ceremony of installation, assisted by the retiring matron, Clella Smith, acting as marshal for the evening.

The ceremony of installation was performed in a very creditable and pleasing manner by those in charge. The vocal solos rendered during the ceremony by Calvin Whipple, assisted by Miss Fern Hall as accompanist, were much appreciated and enjoyed by all.

When the new officers were proclaimed duly installed, the new matron, Jeannette Holcomb, responded in a manner which bespeaks success for the chapter in the ensuing year. The retiring matron then presented the chapter with a small gift of appreciation for the co-operation rendered her during her two years as matron, after which the worthy patron, Chauncey Rauch, presented the installing officer and the marshal with appropriate gifts of appreciation from the chapter, each responding in turn with well chosen, pleasing and helpful remarks.

The members then enjoyed light refreshments prepared by the committee in charge, and concluded the evening with a social hour, the fellowship of which all present thoroughly enjoyed.

The officers installed for the ensuing year are:

- Worthy Matron—Jeannette Holcomb
- Worthy Patron—C. H. Rauch
- Associate Matron—Anna Stever
- Secretary—Clara Taylor
- Treasurer—Winifred Willett
- Conductress—Lula Barnes
- Asso. Conductress—Alvena Strang
- Adah—Katherine Schmidt
- Ruth—Lyla Chambers
- Esther—Alzora Kenter
- Martha—Fern Kensler
- Electa—Isa Finn
- Marshal—Grace Bennett
- Chaplain—Margaret Rauch
- Organist—Glady's Schrader
- Warder—Doris Burnett
- Sentinel—Milburn Hill

FARM BUILDINGS BURN WITH HEAVY LOSS

Fire destroyed two barns, silo, garage, several outbuildings and the tenant house on the farm of Milo Craig, near Sheldon, last week Thursday evening, about seven o'clock.

Neighbors, who gathered soon after the fire was discovered helped save the house and live stock. The loss is estimated at \$10,000, partly covered with insurance. The barns were filled with hay and grain.

The Craig place is located about a half mile north of Sheldon on a cross road. How the fire originated is not known.

A Word to You, Parents--

There is a proverb which says:
"If the root is neglected, what springs from it cannot be in good condition."

If you neglect to teach your child the value of saving, you can't expect him to reap the benefits of it after he is grown.

Saving is the root of success. Teach it early and help your child cultivate the saving habit by teaching him to do his own banking at this bank.

Remember one dollar or more starts an account, and any amount will keep it growing.

Beginning June 1, this Bank will pay 4 per cent on Savings Accounts

A BRIGHTER OUTLOOK

We see an estimate to the effect that in the last twelve months a million people have left the farms and moved into the cities and towns of this country. In the same space of time the population has increased 1,400,000. This means that there are now at least 2,400,000 more mouths for the farmer to feed than one year ago. And we wonder if the average Plymouth citizen catches the real significance of it.

It means that while there are 2,400,000 more mouths to feed there are a million fewer pairs of hands to produce the food required. It means increased opportunity for the farmers of the country because with 2,400,000 more to feed and 1,000,000 less to pay off the price of farm products can only go one way—and that is up. A recent government survey shows a stronger position of all crops than at the same time last year, with the single exception of corn. And in many states growers are now organizing with a view to demanding \$1 a bushel for that product. Hogs, cattle and sheep are said to be in an improved position over last spring.

Everybody will join in wishing the farmer the best of luck on his way back to normalcy. His road has been long and difficult. Many faint-hearted have fallen by the wayside, but those who remained and stuck it through thick and thin now seem to be in line for better prices and for a chance to make back that which they have lost. Machinery will make up for those who quit the farms—but only the farm can feed them, wherever they go.

A SURE SIGN

As a general rule we look for signs of spring in the bursting of buds and the greening of trees and grass. We push away the dead leaves to see if there is a sign of new growth, and if there is we at once proclaim that spring is here. That is, most of us do. But there are still a few around Plymouth who have a more certain sign of spring than even old Mother Nature furnishes—and that sign is when the small boy gets out his marbles.

No matter where he may make his abiding place, in the city, the small town or out on the farm, he has hidden away somewhere among his possessions a few marbles. When you see him digging these from their hiding place and brushing off a place on street, road, sidewalk or lawn on which to roll them, you may safely bet that no matter what other signs indicate, this one never fails—spring is here. For a youngster comes by "shooting marbles" as naturally as a duck takes to water. There is no general announcement that marbles are in order, nor is there any special day or week in the calendar for them. It must be instinct, we can't think of anything else, that leads young America to dig out their marbles at exactly the same time in every state in the union.

And those of us who have passed the "marble stage" are always glad to see it. We know we can't get down on our knees with "law" in hand and join in the game; something is missing that we used to possess. But we can live over again in memory those days when we, too, felt that wonderful thrill that comes for a feel of the little round marble—days we'd give all we possess to go back to. We can only walk around the marble shooters to prevent disturbing the game—and wish down deep in our hearts that boyhood days lasted forever and that life never grew past that stage.

WOMAN'S CLUB

A regular meeting of the Woman's Club was held in the Conner block, Friday, April 11th. The meeting was called to order by the president, Mrs. Charles Humphries.

After the regular business, attention was called to the "baby clinics" held the second Wednesday in every month at the kindergarten room, from 2:00 to 4:00 o'clock. Mothers are urged to attend these clinics.

Roll call responses were, Art and Artists. The afternoon program was in charge of Division XIII, with Mrs. William R. Shaw, leader. "Spanish Dance," by Moszkowski—Mrs. Gilbert Brown and Mrs. Fred Tighe. "Sandman's Song" and "Marquita,"—Mena Bolton, Gladys Hake, Helen Fish, Alta Harpall with Miss Hall at the piano.

Paper, "Art from the Egyptian Tomb"—Mrs. Frank Millard.

Paper, "Sculptor Work of Gutzon Borglum"—Mrs. William T. Pettin-gill.

Paper, "Detroit Artists," by ex-Member, read by Mrs. George Wilcox. Piano Solos, "Spring Song," Mendelssohn; "To Spring," Greig; "Rustle of Spring," Sinding—Mrs. Fred H. Tighe.

Paper, "Truth About Old Masters and Art"—Mrs. William R. Shaw.

LOCAL NEWS

The village has purchased a new one-ton Ford truck.

Miss Pearl Jolliffe, who is a teacher in the Detroit schools, is home for a week's vacation.

Mrs. Frank Magraw, who underwent an operation at Harper hospital, is convalescing.

Mrs. Earl Mastick of this place, underwent an operation for appendicitis at Harper hospital, last week Wednesday.

Mrs. Altha Packard has returned to her home on Main street, after spending several months with relatives at Owosso.

Charles Chappel left here Sunday to begin his new duties as a lone forest ranger for Uncle Sam in the Kawishiwi district, near Ely, Minn.

Mr. and Mrs. Claude Rorabacher and daughter, Dorothy, of Detroit, were guests of the former's parents, Mr. and Mrs. C. A. Rorabacher, Sunday.

Mr. and Mrs. Gottlieb Wallen-maler have moved from this village to Ann Arbor, where they will be at home to their friends at 921 Bath street.

Mr. and Mrs. Fred Schaufele and small daughter, Lois, were Sunday dinner guests of Mrs. Schaufele's brother and wife, Mr. and Mrs. Herman Reamer of Highland Park. They also called on Mr. and Mrs. Paul Nichols in Detroit.

At the last meeting of the season, last week Thursday evening, the Pleasure Club entertained about forty guests. A bountiful supper was served at seven o'clock, after which Livingston's orchestra furnished delightful music for dancing. All report a pleasant evening. Honors for the season were awarded to Mrs. Fred Bovee and George Will-gast.

Bird lovers of Wayne and Plymouth are very much interested in the strange birds that have been frequenting the banks of the river running through the village, for the past several months. Among them are red birds, and blue birds different in size and color than the birds commonly seen in this vicinity and several theories have been advanced as to where they come from, one of them being that they have followed the river from the Ford estate at Dearborn and in view of the fact that Mr. Ford imported a variety of birds from several countries a few years ago, this seems very probable. —Wayne Weekly.

 Recitation, "The Call for Gifts"—Allen Postiff.
 Offering—This is to be used in the completion of the New World Movement.
 Symbolic Exercise, "The Birth of Hope"—Miss Alta Hamill and Four Girls.
 Tableau, "Christ in Every Land." Benediction.
 Song, Congregation.

PRESBYTERIAN NOTES

At the session meeting, last Sunday, Elder W. R. Shaw was chosen principal commissioner to the meeting of Detroit Presbytery, which will be held Monday night and Tuesday, April 21 and 22, at the First Presbyterian church of Monroe. Elder O. H. Loomis was chosen alternate. The pastor will also attend. Letters were granted Mr. and Mrs. James Hanford to the Highland Park church.
 The names of Mrs. J. H. Patterson, Mrs. W. E. Shaw and Miss Carrie Partridge should have been included in the list given last week of those who attended the annual meeting of the Woman's Missionary Society held at Milford. There were ten present from Plymouth.
 The Sunday morning congregation seems to be growing constantly. Last Sunday nearly every seat was taken.
 Miss Florence Rodger, state superintendent of Christian Endeavor

LIBRARY NOTES

Timely books for the gardener:
 Milady's House Plant—Palmer.
 Variety in the Little Garden—King.
 Joyous Art of Gardening—Duncan.
 Plant Culture—Oliver and Hottes.
 Book of the Home Garden—Fullerton.
 Productive Small Fruit Culture—Sears.
 Home Fruit Grower—Kains.
 Home Vegetable Garden—Freeman.
 Gardening with Brains—Finck.
 The Complete Garden—Taylor.
 Amateur Gardener's Handbook—De La Mare.
 Landscape Gardening Book—Tabor.
MOTHER'S PROBLEMS
 "We mothers have many problems in bringing up our children," said Mrs. Blank. "Mama, what shall I do?" is almost a household byword. To keep the children's minds occupied is the continual question.
 "A library offers happy occupation for our little folk's minds. We could rest assured that when they brought books home from the library, they would be reading a book that has been considered worth-while by someone who knows. Even though we mothers may buy books for our children, how few of us have the opportunity to pick out the best."
 Too Late Then to Hunt
 No time to hunt for a doctor or drug store when suddenly seized with agonizing-intestinal cramps, deadly nausea and prostrating diarrhoea. Chamberlain's Colic and Diarrhoea Remedy gives instant warmth, comfort and ease from pain. Never fails.—Advertisement.

LIBRARY NOTES

Timely books for the gardener:
 Milady's House Plant—Palmer.
 Variety in the Little Garden—King.
 Joyous Art of Gardening—Duncan.
 Plant Culture—Oliver and Hottes.
 Book of the Home Garden—Fullerton.
 Productive Small Fruit Culture—Sears.
 Home Fruit Grower—Kains.
 Home Vegetable Garden—Freeman.
 Gardening with Brains—Finck.
 The Complete Garden—Taylor.
 Amateur Gardener's Handbook—De La Mare.
 Landscape Gardening Book—Tabor.
MOTHER'S PROBLEMS
 "We mothers have many problems in bringing up our children," said Mrs. Blank. "Mama, what shall I do?" is almost a household byword. To keep the children's minds occupied is the continual question.
 "A library offers happy occupation for our little folk's minds. We could rest assured that when they brought books home from the library, they would be reading a book that has been considered worth-while by someone who knows. Even though we mothers may buy books for our children, how few of us have the opportunity to pick out the best."
 Too Late Then to Hunt
 No time to hunt for a doctor or drug store when suddenly seized with agonizing-intestinal cramps, deadly nausea and prostrating diarrhoea. Chamberlain's Colic and Diarrhoea Remedy gives instant warmth, comfort and ease from pain. Never fails.—Advertisement.

A New Real Estate Office IN PLYMOUTH

The Plymouth Land Co. have opened an office at 260 Main St., where they will conduct a general real estate business.

We have listings of modern homes, also some part modern, ranging in price from \$1,100 to \$15,000. Vacant lots from \$200 up in different parts of the village.

LISTEN! Keep an eye on Phoenix park subdivision and watch the building and developments which will take place in the early spring, soon as the weather conditions will permit, the sooner you choose a lot in Phoenix Park sub., the better choice you will have.

Tell us your wants and we will serve you as best we can. We are here to stay, Every deal must be a square deal. Yours For Biz.

PLYMOUTH LAND CO. BERT GIDDINGS, Local Representative
 Residence Phone, 375-M 260 Main Street Office Phone, 236

We have the best factory site in the county, with 1,250 feet level frontage on Pere Marquette railroad. There is 24 acres in the parcel. Will sell all or any portion wanted.

If you have anything to sell we will be pleased to list it and will do our best to get results.

We also have some of the best farms in the state, some equipped with stock and tools.

We have a beautiful building site on Plymouth and Northville road, just outside of village, corner lot, 60 foot frontage, 200 feet deep. A bargain.

If you have houses to rent tell us. We are having inquiries every day for homes to rent. Have an applicant for a good home furnished, with option of buying. Can arrange to take care of collections.

Living Longer and Happier

The time when heavy household tasks wore down a woman's health and strength has been banished in these days of electrical housework.
The toil and discomfort of wash-day is replaced by the swift and easy operation of the electric washer, at a working cost of about three cents an hour.
The electric ironer, costing no more to operate, reduces the work of three hours to one hour, and never tires one.
The electric dish-washer, costing about 2½ cents an hour, washes a whole meal of dishes in five minutes—and then dries them.
Come in and let us explain how quickly, easily and cheaply you can do your heavy housework.

The Detroit Edison Co.
MAIN STREET, PLYMOUTH

WESTFALL REUNION

Forty-five guests gathered at the home of Mr. and Mrs. John Bunyaa, April 13th, in honor of Charles Westfall. A large cake with eighty-eight candles named the occasion. Among the guests were: Mrs. Westfall, one sister, one brother, seven children, sixteen grandchildren and four great grandchildren. Two sisters, Mrs. Sarah Burch of Plymouth, aged ninety years, and Mrs. Jane Everett of Fairgrove, aged eighty-four years, were unable to be present. The out-of-town guests were: Mr. and Mrs. Henry Soestedt and children, Mrs. Edward Lau and children of Romulus; Mr. and Mrs. Charles Westfall of Detroit; Oliver Westfall of Ann Arbor; Mr. and Mrs. Wex Lyke and daughter of Northville; Mrs. Baulah Jewell and daughter, Wm. Fisher and Ernest Fisher of New Hudson.
Mr. Westfall came to Plymouth from New York state in 1857. That year the Conner hardware store was opened, and a rick factory was run by Charles May. Mr. Westfall has seen Plymouth grow from a small burg into a thriving town. At an early period of the Civil war, Mr. Westfall enlisted as first sergeant of Company C, 24th Michigan Infantry.

LOCAL NEWS

Angus Hubbard left Sunday for Washington, D. C., where he expects to remain permanently.
Mr. and Mrs. Alfred Westfall of Detroit, were guests at the Baptist paragon last Sunday afternoon.
Dr. J. L. Olsvaver attended a meeting of the State Dental Association held at Flint, the first of this week.
The low places in Kellogg park are being filled in with surface dirt which is essential to get the grass started to growing.
Mrs. F. D. Schrader and Mrs. C. H. Rauch attended the funeral of Mrs. B. F. Farber at Pittsburg, Pa., last Monday.

We want a correspondent in every section in the vicinity of Plymouth not now represented in the Mail. Call or write to this office.

The Plymouth Dramatic Club will present the three-act comedy drama, "Star Bright," for the benefit of the Belleville Grange at Belleville, Thursday evening April 24th.

Active work will soon be started on the erection of the buildings at the Wayne County Training School to be erected by Wayne county between Plymouth and Northville.

Frank Henderson had the misfortune to have the two middle fingers of his left hand badly smashed, when a heavy tank fell and caught his hand, at the plating works, Tuesday.
The Plymouth Rotary Club entertained a large number of guests at a banquet last night. The Mail goes to press too early to give any of the particulars in today's paper. A report will be given next week.

Several members of the Northville Commandery, No. 39, Knights Templar, together with their wives, attended the chicken dinner and installation ceremonies of that order at Northville, Tuesday evening.

Miss Ruth Huston and Miss Vera Andrews of Port Huron, left Saturday noon for Washington, D. C., to spend their Easter vacation. While there, Miss Huston will be joined by her cousin, Miss Frances Gill, who is attending the Columbia University.

The Detroit Automobile Club have on sale a limited number of tickets for the Olympic Try-Outs, which will be held at Ann Arbor, May 30 and 31, at Ferry Field. William Wood, manager of the Plymouth Branch, will be pleased to furnish further information.

Surprising M. S. Stringer on his birthday. Mrs. Stringer entertained his niece and brother for dinner on Tuesday: Mrs. Sarah G. Geikie and son, Douglas, of Detroit; Elmer Stringer of Inkster, who has just returned from a motor trip to Florida; Mr. and Mrs. William Stringer of Inkster, who are recently home from wintering in Los Angeles, California.

GLADIOLI VARIETIES

In a recent issue of the Country Gentleman, regarding Gladioli, the following paragraph was printed: "Of the old and tried sorts, such as are sure to give satisfaction to the beginners, we can recommend, America, fine lavender pink; Gretchen Zanz, pink and scarlet; Halley, soft rose; Le Marechal Foch, deep rose pink; Mrs. Francis King, scarlet; Mrs. Frank Pendleton, salmon pink with blood-red blotches; Niagara, canary yellow; Panama, very large, bright pink; Peace, white; Prince of Wales, coral pink; Schwaben, yellow with dark blotch; War, blood-red; Willie Wigman, creamy white with scarlet blotch, and Baron J. Halot, violet. The foregoing are all large-flowered sorts of the gandarsia, Childs or other Hybrid types.

I have nearly all of the above named varieties, besides others equally popular—better make your selection early.

SMITH-GUSTIN

Saturday evening, April 5th, 1924, a very pleasant wedding occurred at the home of Mr. and Mrs. John Gustin on Mill street, when their daughter, Mahal, was married to Clarence Smith of Northville. The ring ceremony was used by the bride's pastor, Rev. H. E. Baynes. The bride was gowned in beautiful white chiffon, and carried a bouquet of roses and carnations. Her sister, Alice, who was bridesmaid, was gowned in light blue chiffon, and carried a beautiful bouquet of mixed flowers. Mr. Smith and Mr. Arnold, who was best man, were dressed in dark suits. Only a few friends and the family were in attendance. Their friends wish them much joy and a happy life.

KIMBALL--KIMBALL

The Piano That Really Satisfies

The Piano you want in your home is the Piano that not only looks good and sounds good this year or next, but in 30 or 40 years from now the tone will be just as good, and you will be just as proud to have your friends see and hear it as the day you bought it. If so, then it will be a KIMBALL.

More colleges and conservatories of music, and private homes, too, use KIMBALL'S than any other piano on the market, as evidence of the KIMBALL being the best at any price.

Then why not a KIMBALL in your home? A complete line to select from at medium prices and on easy terms.

Before buying, be sure to see and hear the KIMBALL. It will pay you to do so.

WATERFORD

Mr. and Mrs. Robert Taylor, who spent the winter in Glendale, California, returned home last week. Mr. and Mrs. Edmond Watson spent the week-end with the Edward Cook family, in Willow, Michigan. Work on the Ford plant at Waterford is progressing rapidly. Mrs. Robert Bechtel and Mrs. Arthur Bechtel and two children of Detroit, spent last Wednesday with Mrs. A. J. Gotta. Mr. and Mrs. Wallace Draper of Tuttle Hill, spent Monday afternoon with their niece, Mrs. Arthur Gotta. Mrs. Glenn King is driving a new Essex coach. Mrs. John Watson of Plymouth spent Monday with Mrs. Edmond Watson. Mrs. Clarence Ebersole and children spent Wednesday with her mother, Mrs. Cella Herrick. Mr. and Mrs. Starr Herwick, who have lived in the Robert Taylor house the past winter, are staying with the former's parents at present. Mr. and Mrs. J. H. Fagan of Toledo, spent Sunday and Monday with the latter's brother, Albert Ebersole and family. Albert Ebersole attended the Farm Bureau meeting in Dearborn Tuesday evening. Mrs. Ida Hughes has been in Detroit, the past few days, visiting her daughter, Mrs. Frank Magraw, who is in Harper hospital. Mrs. Wm. Smith was in Ann Arbor Tuesday and Wednesday, at Mrs. Clara Leslie's. Mrs. Murray Rowland is slowly regaining her strength after being seriously ill for the last month.

THE TYGERS AT HOME

September 22, 23, with Boston.

Try a liner in the Mail if you have anything to buy or sell. It costs little and you will get quick results.

NEWBURG

Rev. Havens' message last Sabbath was an earnest plea to stand by the church as you would your own home. Mrs. Havens sang a beautiful solo, entitled, "Jerusalem." Sixty-six were present in Sunday-school. There will be an Easter service with special music by the choir and solo by Miss Gladys Horton. The Kingsley quartet of Wayne, will sing, and there will be exercises by the children. Anyone having flowers or plants, please bring them. Jack Taylor led the League last Sunday evening, and Mrs. Clyde Smith will lead next Sunday evening. The Junior League will meet after school Friday afternoon, in the classroom, with Mrs. Edgar Stevens as president. Prayer meeting every Thursday evening. The study of Japan will be taken up with Mrs. Donald Ryder as teacher at these meetings. Every one invited to attend. The Queen Esther Circle met with Mrs. Clyde Smith, Tuesday evening, 21 being present. The young men attending this meeting, are admitted as honorary members. They opened the mite boxes, and the result was very gratifying. They met the second Tuesday of every month. The Epworth League are to be congratulated on the success of their play, "Rev. Dayton Up-to-Date," last Saturday evening, with the help of Mrs. Havens and Gladys Horton who assisted in the singing, with Mrs. Henry Grimm, Jr., presiding at the piano. Mrs. D. Ryder gave two readings, which were well received. The young people had pledged \$100 toward the parsonage fund. They received nearly \$50 from the play. They wish to thank all those who so kindly assisted in making it a success.

The Primary department of the Sunday-school will have a party at the home of Mrs. D. Ryder, Saturday afternoon. The L. A. S. bake sale at the gas office in Plymouth last week Wednesday, netted the ladies over \$17.00. Miss Ernestine Roe of the U. of M. called on Mrs. Clyde Smith last Saturday. William Farley and Mrs. Blanche Campbell and daughters, Imo and Vaughn took supper at the Ryder homestead, Saturday evening, and attended the play at Newburg in the evening.

Mr. and Mrs. Clyde Smith were entertained at Sunday dinner, at the home of Russell Parre in Wayne. Mrs. Henry Grimm, Sr., was taken quite sick Wednesday morning. Misses Anna and Ada Youngs returned to their home Monday, after spending the winter with Mrs. Ada LeVan in Plymouth. Mrs. M. E. Smith accompanied her son, Glenn, of Plymouth, to Harper hospital Monday afternoon.

NEWBURG SCHOOL NOTES

The base ball game between Elm and Newburg last Friday, resulted in the following score, Newburg 20, Elm 13. The following made three runs, John Bennett, Frederick Thomas and James Brady; home run, James Brady. The fifth graders are studying the "Song of the Brook," by Tennyson. Joy McNabb of Detroit, is visiting her cousin, Lydia Joy, this week. New pupils to be enrolled in our school this week are, Gertrude Harle 6th grade; Alfred Harle, 2nd grade; Frances Harle, 1st grade; Clarence Harle, chart class. This makes a total of 53 in Miss Hall's room. Don't forget to reserve the date, May 9th. You will want to see the play, "Deacon Dubbs," given under the auspices of the Parent-Teacher association, for the benefit of the piano fund. "Deacon Dubbs," the true blue, Star Spangled Banner American citizen from Sorghum Central, state of West Virginia, by Heck. Cast of characters will be given later.

SOUTH SALEM

John Hanson is driving a new touring car. Hugh Means has installed a radio. Ada Graves of Tecumseh, spent Friday night with Louise Rorabacher, and attended the debate between Ypsilanti Central High and River Rouge High, in which Ypsilanti won. Mr. and Mrs. Theodore Sioff and son, Victor, drove to Royal Oak, Sunday afternoon, returning home Monday morning. Mrs. Zenside Merritt-Larkins of Northville High school, left Saturday morning for Washington, D. C., with a party of twenty-five seniors on a sight-seeing trip. Mr. and Mrs. Edmond Watson are remodeling the kitchen of his home. Helen and Anna Jackson, D. P. Gilbert, Miss Jenney and Mr. Yastik of Detroit, were Sunday afternoon callers at Guy Rorabacher's. Mrs. Jorie and Doris Cole last summer had as a pet, a woodcock, which had been found very young, in the field. Last November he disappeared and the little girls mourned him as last. Last week he appeared in the back yard perfectly ready to take up the ways of civilization again. "Wally," as he is called, permits himself to be rolled in a shawl and carried about like a kitten or a doll. A. L. Rorabacher of Traverse City, was a guest of his brother, W. B., from Friday to Monday. Born to Mr. and Mrs. Howard Stein, at Bayer hospital, Ypsilanti, April 1st, a daughter, Audrey Anna. Mrs. Stein was formerly Miss Irene Quackenbush of Salem. W. B. and A. L. Rorabacher called at Guy Rorabacher's in Plymouth, Saturday. George Merritt of Northville, came Thursday to spend some time with his daughter, Mrs. Guy Rorabacher. Mayford Sioff of Detroit, was home for the week-end. The B. W. L. Club meets this Friday afternoon with Mrs. Dewey Farley on the Base Line. William Mager fell from an apple tree, Monday, dislocating his shoulder. Dr. Gates of Ann Arbor, was called and put it in place, making him comfortable as possible, but he suffers great pain.

NOTICE OF CHANGE OF ROAD NAMES.

The Board of County Road Commissioners met at their office in the Real Estate Exchange Building at 10 a. m., Friday, March 21st, 1924. Present: Commissioners Hines, Haggerty and Butler.

Upon motion of Commissioner Haggerty, supported by Commissioner Butler, the following resolution was unanimously adopted: "Resolved, that Penniman Avenue leading west from the village of Plymouth be known hereafter as the North Territorial Road, and that Ann Arbor Road be known hereafter as Plymouth Road." The vote on the motion resulted as follows: Ayes—Commissioners Hines, Haggerty and Butler. Nays—None.

BOARD OF COUNTY ROAD COMMISSIONERS. Edward N. Hines, Chairman John F. Haggerty, Commissioner Wm. F. Butler, Commissioner 1923

The Truth

About this Light-Six—plus proof on proof

THIS Studebaker Light-Six is the supreme value in the "thousand-dollar" class. It offers, not a few, but scores of advantages. In its chassis it represents the best that modern engineering knows. In its steels and quality of construction it is identical with the costliest cars we build. This is to offer you proof. Then urge that you see it before paying \$1,000 or more for a car.

Some evidence

The extra values which this car typifies have made Studebaker the largest builder of quality cars.

They have made these cars a sensation. Sales have almost trebled in three years. Last year 145,167 people paid \$201,000,000 for Studebaker cars.

The multiplying demand has forced an investment of \$50,000,000 in model plants and equipment. Of this, \$38,000,000 has been spent in the past five years, so the plants are up-to-date. The engineering department which designs and superintends this Light-Six costs \$500,000 per year.

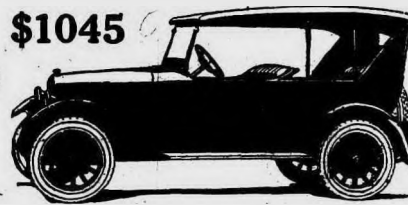

The machines which build it are modern and exact. 517 operations on this car are exact to 1/1000th of an inch. 122 operations are exact to one-half 1/1000th of an inch. 1,200 inspectors are employed to submit each car in the making to 32,000 inspections.

Infinite care

The steels are selected from 35 formulas, each one proved best by

LIGHT-SIX	
5-Passenger	112-in. W.B. 40 H.P.

Sedan	1485

years of test for its purpose. On some we pay the makers 15% premium to get them exactly right. The crankshafts are machined on all surfaces, as was done in the Liberty Airplane Motors. This to give perfect motor balance, at an extra cost to us of \$600,000 yearly. It has more Timken bearings than any other competitive car within \$1,500 of its price.

\$1045

Studebaker Light-Six Scores of extra values

Built by the leader in the fine-car class. One of the cars for which people last year paid \$201,000,000. Built in a model \$50,000,000 plant, producing 150,000 cars yearly. And saving you by quantity production from \$200 to \$400. Built of the same steels, with the same care, as the costliest cars we make. The car that saved 11.4% in operating cost under rivals. The car with 14 Timken bearings.

Mail coupon for book about it

The equipment is unusual. The cushions are of genuine leather, and are ten inches deep. Every part and detail accords with Studebaker traditions. And the name Studebaker has for 72 years stood for quality and class.

Mark this result

Some men who operate fleets of

SPECIAL-SIX	
5-Passenger	119-in. W.B. 50 H.P.
Touring	\$1425
Roadster (2-Pass.)	1400
Coupe (5-Pass.)	1895
Sedan	1985

cars in this class called in auditors to compare the operating costs. They made comparisons on 329 cars, running up to 25,000 miles. It was found that this Studebaker Light-Six cost for operation 11.4% less than the average of its rivals. This figure included depreciation. That meant \$207.50 saved on 25,000 miles. All because of this quality construction.

What it saves you

We build 150,000 cars yearly. All such major costs as engineering, dies, overhead, etc., are divided by 150,000.

We build in model plants, with modern machinery, which have immensely reduced the manufacturing costs.

A car like this, built under ordinary conditions, would cost you from \$200 to \$400 more.

Learn, for your own sake, what that means to you.

Send for the book

Mail us the coupon below. We will send you free our new book that will inform you on five simple things which reveal the value of a car. For instance: It will enable you to look at any car and tell whether it's been cheapened to meet a price or offers true quality. It will tell you why some cars rattle at 20,000 miles and others don't. It shows one single point in a closed car which measures whether you're getting top or medium quality. The book is free—clip the coupon below.

BIG-SIX	
7-Passenger	126-in. W.B. 60 H.P.
Touring	\$1750

COUNTY WIDE SAFETY DRIVE PLANNED.

Plans have been made to hold another county wide safety drive. Sunday, May 18th, is the date fixed for the opening of Detroit's annual safety drive. This year safety work in the county outside the city, will cover a period of one month, and the dates have been fixed from May 15 to June 15, with a program of safety features under the direction of Sheriff George A. Walters. The plans made by Sheriff Walters for Wayne county will not conflict in any way with the safety drive being carried on in the city of Detroit. In fact Mr. Walters and the members of the safety committees from the different sections of the county will co-operate with Detroit work and, in return will be given every possible assistance in their campaigning as soon as the city's big week is concluded.

W. C. T. U.

The annual meeting will be held Thursday afternoon, April 24th, at the home of Madama Patterson and Todd on East Ann Arbor street. A good attendance is desired, as the election of officers occurs at this time.

KING'S CORNERS

Mr. and Mrs. Robert Johnston were Detroit shoppers, Saturday. Mr. and Mrs. Charles Parrish, Jr., and family of Ypsilanti, were Sunday guests of the former's parents, Mr. and Mrs. Charles Parrish.

Carl, little son of Mr. and Mrs. Frank Parrish, is very sick with diphtheria.

C. F. Jubenville, Mr. and Mrs. Lloyd Lockhart and son, Kenneth, and Mr. and Mrs. Robert Johnston were Sunday visitors in Detroit.

School opened Monday morning after a week's vacation. Mr. and Mrs. Charles Parrish spent Wednesday night and Thursday with their daughter and family in Superior township.

Through a mistake it was stated that it was a Studebaker instead of a Buick Six that Mr. Nowacki's people had purchased.

Mr. and Mrs. Michael Coopersmith and little daughter were week-end visitors at the home of Mrs. Coopersmith's parents, Mr. and Mrs. Pisarek at King's Corners.

Luella, aged 8 years, daughter of Mr. and Mrs. Charles Parrish of Ypsilanti, and granddaughter of Mr. and Mrs. Charles Parrish, Sr., of this place, was one of the six that was chosen from the Normal Public school piano class to take part in a program before the Music Supervisors' National Conference held room, Hotel Gibson, Cincinnati, Ohio, Wednesday, April 9, 1924, at 3:30 p. m. There were twenty children in each group, all playing on ten pianos and keeping perfect time with the victrols. There were children from nearly all the states under the Kincaid method Lincoln way, with Hazel Gertrude Kincaid of Lincoln, Nebraska, presiding.

Bank financial is swinging on the good week again this year.

A LECTURE ON CHRISTIAN SCIENCE

Entitled, Christian Science: God's Revelation of Spiritual Healing

BY

JUDGE FREDERICK C. HILL, C. S.
Member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

There was a large attendance at the Penniman Allen theatre, last week Friday evening, when Judge Frederick C. Hill, C. S., of Clinton, Ill., gave a most interesting lecture on Christian Science. Judge Hill, who was introduced by R. A. Cassidy, is a most able and eloquent speaker, and he held the closest attention of his hearers throughout his discourse. His lecture in part follows:

Christian Science is, as its name implies, essentially Christian and its practice being predicated upon absolute law, it brings healing from sickness and deliverance from sin. This being the case, Christian Science, as a great religious movement must be based upon a revelation of the teachings and practical truths presented in the Bible. Lest there be confusion in the thought of those who have never investigated this subject, I assure you at the outset that Christian Scientists use for their study and in all their church services, one Bible authority, that of the King James version of the Old and the New Testaments.

Christian Science as it is presented to you and to me came through the discovery of Mary Baker Eddy of the operation of absolute, fixed spiritual law. In an impartial investigation of Christian Science it is desirable, in fact quite essential, to know somewhat of its Discoverer and Founder. I feel quite safe in assuming that my early experience in the investigation of this subject is similar to yours. My first impulse was to inquire, "Who is Mrs. Eddy?" "What did she discover and find?"

The answer to these questions is simple and helpful. Mrs. Eddy was a devout and lovable, New England woman, deeply interested in the Bible. Early in childhood she displayed a keen perception of the underlying truths contained in Bible narratives. Through her research and study of the Bible she noted that perfect trust and confidence in God's laws were followed by permanent and fixed results and that blessing and healing were part and parcel of His infinite plan. Hence Mrs. Eddy discovered and proved the divine laws of Life, Truth and Love. After this discovery she subjected it to proof and being convinced of the healing and redeeming ministrations of the spiritual laws she determined to give to the world the benefit of her observation and discovery. Accordingly she wrote and published "Science and Health with Key to the Scriptures" and designated it the Christian Science textbook. The reading and study of this book, in connection with the Bible, has brought health and healing to many and is indeed a key to God's inspiring Word—the Bible.

Regardless of conflicting reports, I make this positive and emphatic declaration of fact:—Mary Baker Eddy is the Discoverer and Founder of Christian Science and has been so decreed by our courts.

It will early be discovered that Christian Science emphasizes the final destruction of sin and the healing of bodily infirmity. Some of our religious friends have offered the criticism that Christian Scientists make too much of the healing element. At no time does the human mind part with cherished beliefs or relinquish traditional claims until proof, clear and positive, has been presented showing that there is a better way. It is, not surprising, therefore, that after various methods have failed and Christian Science treatment has restored health and happiness to the individual very much should be thought and made of the healing element. In fact, all Christian Science practices is healing in character whether it is applied to bodily afflictions or to other forms of discord.

Mrs. Eddy has discovered and applied the laws of Spirit. The false beliefs regarding these laws or the willful rejection of them in no way affect their intrinsic value and they remain ever available to all who will understand and apply them according to their Principle. Christian Science is applying the red letters "Counterfeit" to the false conclusions and the false beliefs masquerading as realities in the human mind. It is unfolding to the receptive thought and bringing into human experience positive proof that, "There is no life, truth, intelligence or substance in matter" and that "Spirit is the real and eternal" (Science and Health, page 468). This reality is the basic, fundamental state of being. The practice of Christian Science is destroying the unreal, counterfeit values of human beliefs and is bringing into view the basic, scientific facts of spiritual truth. It is furnishing undeniable proof that ignorance and false belief have no part or place in God's creation.

In the consideration of Christian Science it is absolutely essential to understand the nature of good and evil and to be able to distinguish between that which is intrinsically good and that which presents merely the appearance of good. Christian Science declares in no uncertain manner that God is the source of all good and that the human, the carnal—mind is the procuring cause of evil. It presents logical, irrefutable proof that man lives by divine decrees, and that the Scriptural text, "In Him we live and move and have our being" declares the real status of man and not merely an emotional theory. It declares emphatically that evil is not a person, place or thing; that it is not a cause or creator and that there is no realm or dominion over which evil is the sovereign power. In fact, it denies that evil has any power except such as it assumes in human belief and it then destroys this assumed power by overcoming the human mind with the divine Mind.

Christian Science presents to you the conception of God as infinite Mind, Spirit, Soul, Principle, Life, Truth, Love. It presents a thing which Him says that which is supported and sustained by Bible authority and which is rational and comforting. When it is perceived that God is infinite divine Mind it at once becomes apparent that like produces like, hence His creation must of necessity be mental and material. God can be sought and found, if at all, through the avenue of divine Mind and not in or through matter. It then becomes clear that the real man whom God pronounced good lives, moves and has his being in Mind, and is a spiritual, not a material being, and because he is an individual in Mind he can express the qualities of that divine Mind which created him.

There is a very erroneous and un-Christian belief ignorantly entertained by many concerning the attitude of Christian Scientists toward the experiences called sickness and death. The opinion is often erroneously entertained that they are unmerciful of these distressing human conditions and that they offer no relief to those who unfortunately suffer from these beliefs. Nothing could be farther from the truth. They freely admit that these conditions call for the highest degree of human compassion and they are proving their usefulness and competency by supplying humanitarian compassion in a most effectual Christian manner.

They are healing sickness, sorrow and dire distress in the most effectual way, in fact they are doing it in the only way that holds out a ray of hope or promise for the final deliverance from these evils. Christian Scientists, of course, do not agree with those who adopt the theory that there is something wrong with matter and therefore something material must be administered to restore harmonious action.

A Christian Science treatment is a conscientious effort based upon a sincere desire to bring into human experience "the enduring, the good, and the true" so that the renewing of the mind it can be proved what is that "perfect will of God." In other words the reformation of the sinner and the healing of the sick is but proof that divine Principle, God, is present and available and is, as we have heretofore seen Immanuel or God with us. This happy and desirable mental condition is established through the medium of prayer. There is great lack of understanding among Christian people as to what constitutes true prayer. This lack of absolute knowledge is the procuring cause of much error and accounts for the erroneous belief that Christian Scientists do not pray. Such belief has its foundation in fact. They pray continually and understandingly and the fruits of their prayers are rich blessings to humanity. It must be remembered however, that in their prayers they do not supplicate God to conform His will to theirs or to change His infinite design. Neither do they charge Him with human delinquencies and as a matter of course they do not petition Him to be more or correct that which He has not created. They do pray to Him from the standpoint of sincere desire and "absolute faith that all things are possible to Him," and such prayer is answered by driving out of human consciousness the diseased, erroneous images of thought and letting in the light of God's man created in His image and likeness.

SCHOOL NOTES

AGGIE CLUB BANQUET

(Furnished by Marian Bennett)
At the third annual banquet of the Aggie Club, last Friday evening, over one hundred people sat down to the tables, which were arranged in the shape of a block A. Lighted candles tied with blue ribbons and many vases of pink and white carnations decorated the tables. A three-course dinner, prepared by Aggie members, was served by twelve Freshman girls. Much credit is due the girls for the efficient manner in which they served. The first course consisted of fruit cocktail; the second of mashed potatoes, brown gravy, roast pork, buttered rolls, cabbage salad, fruit jello, and pickles; the last course of apple pie a la mode and coffee.

After the banquet, Alton Sayles, as toastmaster, introduced Louva Rowland, president of the Aggie Club, who gave a toast on, "Why We Are Here." Mrs. Maud Bennett gave a talk on, "How It Looks to Mother," and Lawrence Holmes on, "Results of the Aggie Club in P. H. S." Irene Brown, accompanied by Iris Palmer, rendered two vocal solos. Mrs. Campbell, former acting dean of Home Economics at Michigan Agricultural College, who is now state leader of extension work in home economics, gave a very interesting talk on, "Michigan's Greatest Investment." She told of the benefits derived from going to M. A. C., and particularly emphasized the opportunities of a home economics course. Mr. Gallup, state supervisor of agriculture, spoke on, "The Farmer of the Future." He stated that the farmer of the future would be scientifically trained men who would rank with bankers, lawyers, doctors and all professional men. Also that he would be a licensed operator as the druggist is. By farmer he meant the overseer of the farm, not the laboring hands. Mr. Gallup also encouraged the members of the Aggie club by stating that it was one of the best in the state, despite the fact that it has been organized only three years.

This banquet was one which will be remembered for its interesting program by all who attended.

PLYMOUTH DEFEATS WAYNE

(By Ralph Burch)
Last Friday afternoon, the Plymouth team journeyed to Wayne to play the first base ball game of the season, winning by the score of 3 to 0. The length of the game was cut to six innings, due to the severity of the weather. During the game, the Wayne team got only one man on first. Following is the line-up: Plymouth—Taylor, p.; Cline, c.; Sayles, 1st; Doudt, 2nd; Rowland, 3rd; Sump, s. s.; Wiseley, l. f.; Holmes, c. f.; Reiman, r. f. Substitutes—Trimble, Gittins, Stevens, Carruthers.

WAYNE

Wayne—Smith, p.; Hicks, c.; Long, 1st; Stenart, 2nd; Ross, 3rd; St. Charles, s. s.; Wallace, l. f.; Crook, l. f.; Lightner, r. f.

HIGH SCHOOL NOTES

(By Dorothy Finlan)
The Juniors have signed a contract for the Redpath Lyceum Course, next year. Among the numbers to be included is an entertainment by Packard, the great cartoonist and a lecture by Smith Damron, "the potter craftsman" who will demonstrate on the platform the methods by which pottery is made and decorated. Two concerts by well known singers will be included, one a male quartet and the other a ladies' concert company. More definite information including the dates of these numbers will be announced later.

GRADE NOTES

(By Ralph Burch)
Miss Mildred Lester, of Sandusky, Michigan; Charles Bab of Fostoria, Ohio, and Mrs. William Fishback were visitors in the first grade room last week. Mrs. Gullimore visited the sixth grade.

WOODWORTH'S BAZAAR

The first graders are making Easter books for their busy work, and the kindergartners are making Easter cuttings and drawings. The enrollment in the sixth grade has been raised to one hundred and one pupils.

THE JUNIOR GIRL SCOUTS

The Junior Girl Scouts hiked to Tramps' Hollow last Tuesday. General History classes are studying the French Revolution.

FOURTH GRADE

The fourth grade divided into indoor baseball teams last Monday. Robert England of Howell, entered the fifth grade last week.

FIFTH GRADE

The fifth grade pupils are working on penmanship drills to send to the Palmer Company for buttons. Mrs. Hillman took Miss Hallahan's place during the illness of the latter, and Miss Hayes' place during the following week.

METHODIST NOTES

Tonight—Special Good Friday service. "In the Light of the Cross," with a real illuminated cross sending forth its light and wonder. Big song service. Sermon, "Jesus, the Saviour."

Easter sunrise service at 6:30. The Easter service at 10:00 will include special sermon on, "The Risen Lord," reception of members and baptismal service. Any parents having little children whom they desire to have christened, may have it done at this service. This will be a great hour of worship and praise.

Sunday evening at 7:15, the closing song service conducted by The Prestons. Sermon by Dr. Leeson, district superintendent. Also the burning of our church mortgage.

Easter is destined to be an eventful day in the history of this church. Every member and friend will want to be there at all services.

The Easter offering, this year will be given to the Prestons for their splendid services and fine Christian leadership during these two weeks.

A mid-week service of importance and spiritual value to all, next Thursday evening at 7:30. Attendance at this service will help keep alive and fresh the new spiritual life you have gained during these weeks of special revival.

BAPTIST NOTES

The Pastor's subject last Sunday was, "Separation."—1. God had a separate nation—the Jew. 2. A Separate Country—Palestine. 3. A separate people—"I have chosen you out of the world." 4. To be separate from sin and separated for heaven.

The anthem was great on Sunday. The choir meets every Monday night at the parsonage for rehearsal. The decorations remind us of spring, and we are glad for the flowers again.

At the Sunday-school hour, last Sunday occurred the annual decision day. The superintendent of the Sunday-school linked to the school about the need of a choice, and when it ought to be made, and urged each one to accept Christ early in life, and thus have his help, love, fellowship and salvation, which he offers to all. He called the pastor to the front, and he invited them to make the decision, and nearly twenty said they wanted to live a Christian life. It was a glorious sight to see them in child-like simplicity accept the Saviour's offer.

The B. Y. P. U. was led by Miss Sarah Daly. Let every member try and be on time next Sunday evening at 6:30.

The Easter program will be carried out next Sunday evening, and it will be worth your time to come and listen.

IN MEMORIAM

In loving memory of our dear mother, Mrs. Wilhelmina Spiets, who departed this life four years ago today, April 18, 1920. Though she is gone, she is not forgotten by her sorrowful children.

Holland Furnaces Make Warm Friends

"ANNOUNCEMENT"

For the past year I have been Resident Manager of the Holland Furnace Company in Plymouth, Northville and Wayne, Michigan, and have been in direct charge of selling, installing and giving service.

We have a great number of Holland Furnaces in this territory. Many of them have been in service for the past ten years, and are giving splendid satisfaction.

I urge everyone to write or telephone me at Plymouth, Phone 185, who may be interested in installing a furnace during the coming season, as I have some very special long terms (without interest) for early installations.

I will be glad to call on you when convenient, without obligation on your part, and explain the entire proposition in detail; also refer you to users, many in your immediate neighborhood.

PERMITS TO BE OBTAINED FROM ROAD COMMISSION FOR TREES, POLES, ETC.

The Board of Wayne County Road Commissioners is carrying out an extensive plan of planting and maintaining trees along County and State roads within Wayne County. This work is of unlimited value in that it enhances the appearance of the roads and increases the worth of the abutting property. It is generally conceded that property which is benefited by trees or shrubs is more desirable than mere barren land.

Act 2, Section 1, P. A. 1921, states that it is unlawful to cut, destroy, or otherwise injure any shade or ornamental tree or shrub growing within the limits of any public highway within the State of Michigan without the consent of the authorities having jurisdiction over such road. It shall also be unlawful to affix to any such tree or shrub, any picture, announcement, notice or advertisement, or to negligently permit any animal to break down or injure the same.

In cases where trimming or removing of above mentioned trees or shrubs on County roads is necessary, application should be filed at the office of the Board of Wayne County Road Commissioners, 1103 Real Estate Exchange Building, Detroit. In the case of Trunk Line or Federal Aid Roads application should be sent to the State Highway Department, Lansing. All such applications will be given full consideration and if warrantable a permit will be issued.

It is also necessary to obtain a permit from the Board of Wayne County Road Commissioners for the placing of any pole or poles, conduits, sewers, sidewalks, pipe lines, drainage structures, buildings, or anything whatever either above or below the ground within the limits of any County, State or Federal Aid road within Wayne County.

The defacing with paint, whitewash, or other materials, of trees, poles, culverts, pavement, etc., or the erection of advertising signs within the limits of a County, State or Federal Aid Road within Wayne County cannot be permitted.

The policy of the County Road Commissioners is to maintain the improved roads in a safe and adequate manner to accommodate the traveling public at all times and incidentally provide roads which are sufficiently shaded by trees, and are well kept and pleasing in appearance.

Complete information regarding the issuing of permits can be obtained at the office of the Board of Wayne County Road Commissioners, also specifications covering the various items for which permits are issued.

NOTICE

On Monday evening, April 22nd, at 7:00 p. m. the Village Commission will hold a public hearing on the subject of the budget for the year 1924. This meeting is according to a charter requirement and is for the purpose of allowing any interested taxpayer to examine and comment on the expenditures proposed for the year.

Sidney D. Strong,
Village Manager.

ARBOR AND BIRD DAY

A PROCLAMATION BY THE GOVERNOR

Lansing, April 10—Gov. Alex J. Groesbeck today issued a proclamation, designating Friday, May 2, as "Arbor and Bird Day" throughout the State of Michigan. The proclamation in part follows:

"Arbor day signifies but one thing, the day on which a tree should be planted. In the past it has been the custom of many schools to observe the day by planting trees. Except the commendable observers of educational institutions, Arbor day has meant but little to our citizenship.

"In this wonderful state where trees grow without the slightest cultivation, why not make Arbor Day of 1924, the beginning of an effort to plant a million trees in Michigan before the spring is over. If every school would not only plant one tree, but many, if every home owner would plant both fruit and shade trees, if county highway officials would place along the roads young trees, and if the various communities would make the day one of general tree planting, Michigan could easily have one million more trees growing when the spring gives way to summer sun.

"Michigan has always been regarded as one of the scenic places of America because of its trees, lakes and streams.

"With forests and wooded places we associate the wild-life that we are so energetically endeavoring to save and restore, so it is entirely proper that Arbor Day also be designated as Bird Day. Protect and save the feathered beauties. Nothing gladdens one more than the beautiful song of the tree-hidden bird.

"It is with pleasure, therefore, that I hereby designate Friday, May 2, 1924, as Arbor and Bird Day, and earnestly urge that the date mark the beginning of the greatest tree planting campaign ever conducted in any state.

"Given under my hand and the Great Seal of the State, this tenth day of April, in the year of our Lord, One Thousand Nine Hundred and Twenty-Four, and of the Commonwealth of the Eighty-Eighth.

"Alex J. Groesbeck,
Governor."

Today's Reflections

Another bad feature about a woman carrying a gun is you never can tell where she is going to drop from.

The fishing season is at hand, but the Plymouth man with a big fish story may as well wait. We haven't time to listen while the oil probe is on.

An astronomer says he sees the approach of lower food prices. We wish we had a telescope as strong as his.

There is this much to be said in favor of the bootlegger—he isn't always wanting to run for office.

Our idea of an old-timer is the Plymouth citizen who can remember when he used to be shocked at the picture in a corset ad.

Unless they are very careful some of our congressmen are going to find out when it's too late that vote reduction comes when there is no tax reduction.

You seldom hear of them arresting a "Peeping Tom" nowadays. Present styles have made that sort of thing unnecessary.

Even if a woman is as old as she looks, that's no consolation to the Plymouth woman who looks it.

If you feel that you want to have a lot of time to yourself, try being a grouch.

Why is it that the fellow who yells loudest for free speech generally wants to do all the talking?

We favor girls going in for athletics. And one good way to start is to help out with the spring gardening.

The only time pedestrians have the right of way is when the ambulance is hauling them to the hospital.

It must be mighty discouraging to many Plymouth mothers to be reminded that "like father like son."

There is this much to be said regarding the oil probe, if either party wishes to plug the spout of the oil, can there's plenty of "small potatoes" to do it with.

Nowadays we depend on the number of new autos around Plymouth to tell us spring is here. In the old days we depended on the number of new baby buggies.

EXPOSITION'S BABY SHOW

Entries for the state-wide baby show of the Michigan Industrial Exposition are being sent out by the scores from the exhibition offices in Convention Hall, 424 Cass avenue, Detroit. The show is open to babies up to three years of age. There will be twelve classes, with three cash prizes for each class. The show is a part of the physical culture exhibit to be staged under the direction of Bernard MacFadden, nationally known physical culture authority. It will not be a show in which beauty is the chief asset. Mr. MacFadden has announced. Physical development and good health will win the greatest number of points. A committee of physicians and physical culture experts will serve as judges. There are no charges in connection with the contest, as it is being conducted purely as a "better health" event.

Good for Weak Eyes

The quick action of simple camphor, hydrastis, witchhazel, etc., as mixed in Lavopik eye wash attracts people. One simple bottle helps any case where sore or strained eyes. Aluminum eye cup free. Plackney's Pharmacy—Advertisement.

MORE ATTENTION NEEDED FOR CAR

Breakdown Inevitable if Continuously Forced at Highest Possible Pressure.

(By ERWIN GREER, President Greer College of Automotive Engineering, Chicago.)

A car is like a human being. It can work moderately through a long lifetime and only "grow old gracefully," but if continuously forced at the highest possible pressure a breakdown is inevitable sooner or later.

Avoid subjecting a car continuously to unreasonably heavy road shocks. Rushing over rough roads at high speed is bound to result in abnormal wear and tear. All body and running gear parts loosen up prematurely under such treatment and the damage from road rack is probably nearly quadrupled by doubling the speed.

Examples of Harshness.

Refrain from harshness in operation, of which the following are examples: Racing the engine; stepping on the throttle, to obtain maximum acceleration; jamming the brakes brutally; forcing the gears together when they do not engage readily; letting in the clutch violently and skidding around curves.

Beware of heedlessness in operation, for it is this shortcoming that brings about the frozen radiator, the bearings that are burned out or cylinders that are scored from lack of oil, and the reverse gears that are stripped by trying to mesh them while a car is in motion, not to speak of all the damage caused by collisions.

Repair Defects Promptly.

The prompt correction of defects when they first develop and before their consequences have become serious, is another important consideration. If a loose connecting rod bearing isn't once taken care of, when its hammering is first noticed, the repair outfit need not be large but if repairs are neglected until the rod has broken loose and wrecked the crankcase and perhaps the whole cylinder block, the replacement expense will be staggering.

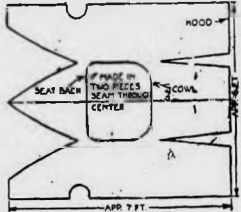

Let no motorist fail to realize that, in nine cases out of ten, it is imperfect lubrication that brings a car to the repair shop. Repair expense is nothing else than tribute exacted by the Demon Friction.

ONE-PIECE PATTERN OF SPEEDSTER BODY

Construction Should Be of Utmost Simplicity.

The construction of a speedster body should be of utmost simplicity, otherwise the work involved exceeds the ability of the average builder with his limited tool equipment. For the builder who desires to obtain the utmost in appearance with the least work, the one-piece design illustrated in the picture is the best to select.

The cowl, rear deck and side body are cut from sheet metal about 8 feet long and 6½ feet wide. This is wide for thin material and it may be desired

This Pattern Has Long, Sweeping Bends.

to seam two sections through the center before drafting and cutting out the form.

This design will allow of a streamline body and the hood edge can be made as required to conform to the hood or engine cover installed on the car. No opening to the rear compartment is provided from the rear, but access is permitted by making the seat backs in one piece and removing these.

The edges of the metal can be joined by either an angular section soldered to the inside edge or riveted along the edges. The illustration shows only the general form for any car and it is necessary to work out the proportions to fit the chassis frame and hood.

The main consideration in this pattern is that no difficult bends are required, and where the metal is bent the long sweeping bend is used. The average home-constructed job involves short and difficult bends. These invariably show defective workmanship—G. A. Luers in Popular Science Monthly.

OPERATION OF FACING VALVE

When Badly Pitted Work is Best Car. Head Out on Lathes—May Be Ground With Wheel.

When valves are badly pitted the operation of facing is best carried out in a lathe. Chuck the valve stem and clean the center in the valve end and support it in the dead center of the tail stock. If the valves are so hard that facing with a tool is impossible, they may be ground with a wheel while in the lathe.

Helps Over Hard Places Diluted with a little sweetened water, Chamberlain's Colic and Diarrhoea Remedy is easy to take, and almost instantly eases colic, and intense stomach pains, cramps and intestinal disorders. A mother is perfectly safe in giving it for those stomach aches so inseparable from childhood.—Advertisement.

THE THEATRE

"THE STRANGER"

Circumstantial evidence supported by the silence of the defendant, carried the case to the steps of the scaffold in the Joseph Henry play production, "The Stranger," featuring Betty Compson, Richard Dix, Lewis Stone and Lully Marshall. This picture will be seen at the Penniman Allen theatre, Saturday, April 19th.

In order to save the family name, one elder brother persuades the guilty younger brother to let "The Stranger" take the blame, which the latter prepares to do by way of atonement for having forced his own daughter into the life, which the girl of the story as played by Betty Compson is forced to lead.

How the girl of the streets and the wastrel younger brother face the issue and put to shame the smug hypocrisy of the elder brother furnishes the story with a finish that has all the power of "The Miracle Man," augmented by the tragic appeal of the title character, who calmly starts for the gallows to pay the death penalty for a crime he did not commit.

"NORTH OF HUDSON BAY"

"La Traverse Longue," as the French trappers referred to the extreme death penalty administered in the early days of the Yukon trading villages, was the most feared sentence that could be given to any man. It meant certain death, and virtually made a man his own executioner.

In "North of Hudson Bay," the latest William Fox production, starring Tom Mix, which will be shown at the Penniman Allen Theatre, Wednesday, April 23rd, the enactment of this severe punishment forms one of the most dramatic moments in the picture.

Tom Mix plays the role of Michael Dane, a young prospector, who is sentenced to start on "The Journey of Death" for murder. With only one day's supply, the condemned man had to make his way through the four hundred miles of snow covered wilderness to the nearest settlement of civilization. No one was permitted to aid the man in any way, and the sentence made the man in effect his own executioner. This form of justice was common during the early days of trading in the far North.

John Ford directed the picture from the story by Jules Furthman. Included in the cast are Kathleen Key, Eugene Pallette, Will Walling, Frank Campeau, Frank Leigh and Fred Kohler.

"FLOWING GOLD"

A shack, carried rapidly down a surging stream, the waters ablaze with burning oil.

On the roof of the building an injured man and a girl.

Suddenly the shack overturns and the couple are pitched into the sea of flames.

Following a desperate battle with the torrent, the girl brings her companion safely to shore.

This is a brief outline of one of the most thrilling situations in a motion picture. It is "one of many of equal power, which makes "Flowing Gold," a First National picture, coming to the Penniman Allen theatre, Sunday and Monday, April 20 and 21, one of the most talked-of productions of the season.

The photoplay was adapted from the pen of Rex Beach, who is noted for the virility of his stories. In "Flowing Gold" he has outdone himself, with the result that the action has been keyed up to such a high speed that the spectator finds himself gasping for breath.

The leading roles are taken by Milton Sills and Anna Q. Nilsson, who take part in the scene described above. Others in the cast are Alice Calhoun, Josephine Crowell, Charles Sellon, Bert Woodruff, Cissy Fitzgerald and John Roche.

STATE BLUE BOOK FOR HIGH PRODUCING COWS

RECORD OF PRODUCTION PERFORMANCE MADE FEATURE OF MICHIGAN COW TEST ASSOCIATION WORK.

Establishment of a permanent record of performance for the highest producing animals in Michigan cow test associations was announced by the dairy department at the Michigan Agricultural College, this week.

The new Record of Performance will be open to all cows in regularly organized associations in the state, which meet the requirements established as necessary for admission. These requirements, which have been based on figures compiled from the records of more than two thousand testing association cows, are expected to allow the top twelve or fifteen per cent of the association cows to qualify.

The Record of Performance will provide a permanent record for the state's best cows, and will stimulate interest in better feeding, better breeding and better "weeding" in the dairy herds of the state, it is said.

The records will be considered part of the co-operative project of the various Michigan cow testing associations (of which there are more than eighty in the state now) and the dairy department at the Michigan Agricultural College.

The requirements for certificate in the Record of Performance book will be as follows for the association year:

1. Heifers starting record under three years old must produce 280 pounds or more of butter fat.
2. Cows starting record under four years old must produce 310 pounds or more of butter fat.
3. Cows starting record under five years old must produce 350 pounds or more of butter fat.
4. Cows starting record when five years old or over must produce 400 pounds or more of butter fat.
5. When age is not known, cow is to be classed as mature, and must produce 400 pounds or more of butter fat.

Helps Over Hard Places

AROUND ABOUT US

The amount collected for the first quarter of this year for motor vehicle licenses was \$6,880,630. Of this sum, Wayne county contributed \$2,444,893.

The Catholics of Northville, will build a new church in Orchard Heights in that village. Fr. Schuer, formerly of Plymouth, is pastor of the church at that place.

Grand River road is now closed from New Hudson to Brighton, because of grading operations which are being made preparatory to paving. Traffic on that road must now detour through South Lyon.

The directors of the Northville Wayne County Fair will erect a building to be used exclusively for the women's department of the fair, in which all of the exhibits made by the women of this section will be displayed, the coming season.

Meetings are being held in various places in Oakland county with the idea of inducing land owners and tenants to raise sugar beets. It is said that the soil in many localities in the county is adapted to beet culture.

Commencement exercises for the 1924 graduating class of the University of Michigan will be held on Perry field, the same as last June, weather permitting, the regents of the institution decided Friday. In case of rain, the ceremonies will be held in Hill auditorium.

Miss Stella Pangborn, daughter of Mr. and Mrs. W. A. Pangborn and Martin Simmons of Plymouth, were united in marriage Friday, March 28, by Dr. E. Eugene Bartlett, pastor of the Congregational church in Pontiac. They will reside at Newburg, where the groom is employed.—Farmington Enterprise.

Congressman Hudson of the sixth congressional district, to which this county is attached, has introduced a bill in congress to provide for the purchase of 1,200 acres of land in Oakland township, Oakland county, to be used as a rifle range. The bill calls for an appropriation of \$250,000 for acquiring land, equipment and maintenance of the range. The location in that township is designated as sections 25, 26, 36 and 35. The property is one-fifth mile wide by one and one-half miles long.—Milford Times.

Gardner Williams, Ann Arbor, consulting engineer and the designer of the Edison dam, has finished the drilling preparatory to building the dam on the Barlow farm for the Ford Motor Company's proposed factory here. Drilling was started last November, the driller, reaching a depth of 97 feet before reaching hard pan or rock, but at forty odd feet they reached gravel firm enough, it is believed, to form the foundation for the proposed dam site. Engineers are now at work designing the dam. It is estimated this work will take at least two months. About May 15th, it is expected, bids will be asked and construction will start.—Ypsilanti Record.

The General Motors Corporation, who purchased the 124 acre tract of land lying mostly in the east part of Brighton township have about completed the surveying for the new roads to be constructed on their property. We have been informed that they intend to build about 11 miles of road, mostly of gravel construction, although there will be at least one mile of pavement. There will be everything from a level tract up to a grade of 18 per cent. The old north and south road that was closed by the township will be used by them in their testing. It will be kept as a rough, hilly country road, and the condition will be made even worse than at present by the hauling of gravel over it for the other roads. It is expected that the contracts for constructing the roads will be let to three different contractors. Contracts will be let about April 20th, and the construction work will begin about May 1st. It is hoped to have the job completed by November. A clubhouse and garage will be built this season, it is announced, on the old David Jackson farm.—Brighton Argus.

OFFICIAL PROCEEDINGS OF THE VILLAGE COMMISSION

Plymouth, Mich., Mar. 24, 1924
A regular meeting of the Commission, held in the Commission room of the Village Hall, Monday evening, March 24, 1924, at 7:00 p. m.

Present, Commissioners Daggett, Henderson, Murray and Wilcox. Absent, Commissioner Hillmer.

On motion the minutes of the regular meeting of March 17th were approved as read.

A letter from the Wayne County Road Commission containing the proposal for the paving of the Plymouth Road within the village limits was read and on motion laid on the table until the next meeting in order that a question of the assessment for this improvement might be looked up.

On motion the plat of the Reiser and Stellwagen Subdivision was accepted.

On motion the Commission of 1923 adjourned sine die.

J. W. Henderson, President, Sidney D. Strong, Clerk.

Plymouth, Mich., Mar. 24, 1924.

The first regular meeting of the new Commission, held in the Commission room of the Village Hall, Monday evening, March 24th, 1924, at 8:00 p. m.

Present Commissioners Daggett, Henderson, Murray and Wilcox. Absent Commissioner Hillmer.

The meeting was called to order by the Village Clerk.

On motion Commissioner Henderson was elected to be Village President for the ensuing year. Mr. Henderson then took the chair.

On motion the contract for publishing the proceedings of the Commission was again awarded to the Plymouth Mail for \$75.00 per year.

On motion a contract was authorized to be signed with the Badger Meter Manufacturing Company for the year's supply of water meters.

On motion, extras on the contract with Fred Rhead for the construction of the public comfort station to the amount of \$214.63 were allowed and ordered paid.

The Commission then adjourned.

J. W. Henderson, President, Sidney D. Strong, Clerk.

The New Way
Now Buyers Can Tell What Is Inside Of A Motor Car

Valve—One-piece, drop forged, chrome nickel steel, double heat treated. A two-piece valve cast iron head welded to a steel stem is common practice, but does not wear well and is in danger of breaking.

Hupmobile construction is an open book. Its details can be seen by one and all in our salesroom. Here our Parts Display gives real quality-proof. And the quality you can see is decidedly exceptional for cars of Hupmobile class. Ordinarily, when a man buys a car, he buys it more or less on faith. The parts that determine whether there is to be lasting satisfaction or quick dissatisfaction are hidden away in the

chassis. They never see daylight until trouble comes. In the case of the Hupmobile, the facts are of a different sort. The buyer is perfectly safe if he goes no farther than Hupmobile repute. That tells him of a car which thousands believe to have no equal—at any price or in any class. Buy your next car more intelligently. Come and see Our Parts Display—a liberal education in what makes real motor car value.

Local News

Mrs. T. L. Harmon of Detroit, was a Plymouth visitor, Wednesday.

Born, to Mr. and Mrs. J. J. McLaren, Saturday April 12, a daughter.

Dr. and Mrs. J. H. Kimble are home from the south, where they have spent the winter.

Mr. and Mrs. C. H. Bennett returned last Friday, from a several months' sojourn in the south.

Mrs. O. S. Curtis and Mrs. Mollie Rodman attended the funeral of their aunt at Dayton, Ohio, Wednesday.

Mr. and Mrs. Leon Willett and daughter of Detroit, spent Sunday evening with Mr. and Mrs. Ed Willett.

Mrs. A. M. Eckles has been called to Kalamazoo, on account of the illness of her sister, Mrs. Charles Burgess.

William Mining has purchased the Williams house on Holbrook avenue, and will move the same to Mill street.

Mr. and Mrs. Fred Schaefer of South Main street, entertained the members of their card club, Tuesday evening.

Mrs. Ed Willett and grandchildren, Elton and Dorothy Williams, visited the children's mother, Mrs. Homer Williams, at Harper hospital, Sunday.

Mr. and Mrs. Alex Lyke and baby of Northville, were week-end guests of the latter's brother and wife, Mr. and Mrs. Clyde Fisher of South Main street.

Mrs. Clara Mooney is home from Detroit for a week.

Mr. and Mrs. Clinton entertained friends from Grand Rapids, Sunday.

Mr. and Mrs. Fred Bovee were guests of friends at Dixboro, Sunday.

Mrs. E. M. Peck, who had been visiting relatives in Mason, returned home last week.

Mr. Bertha Cook was called to Wadsworth, Ohio, last week, by the serious illness of her mother.

Mr. and Mrs. LeRoy Naylor left Monday for Chicago, where Mr. Naylor goes to receive medical treatment.

The village is laying a six-inch water main from Adams street to the school building, where a fire hydrant will be placed.

Harold Finlan will work with his father, C. L. Finlan, in the auto insurance business for the Citizens' Mutual of Howell.

Mr. and Mrs. Merle Borabacher spent Sunday with the latter's brother and wife, Mr. and Mrs. Paul Becker of Northville.

Mr. and Mrs. C. V. Chambers spent Sunday afternoon with their daughter and husband, Mr. and Mrs. Harry Vosburg, at Ferndale.

Mr. and Mrs. Jack Reamer were Sunday guests of the latter's sister and husband, Mr. and Mrs. LeRoy Midgley, at Ferndale.

Mr. and Mrs. E. C. Hough arrived home Tuesday evening from the south, where they have been spending the past few weeks.

The Plymouth Land Co. have a half page in today's paper, to which your attention is called. Bert Giddings is the local representative.

Mr. and Mrs. Fred Rector, Mrs. Myrtle Waring and Misses Grace and Jennie Gillespie of Tecumseh, Mich., were guests at the home of B. E. Giles, Sunday.

The Ready Service class of the Presbyterian church will meet at the home of Mrs. Dan Murray, on Mill street, Thursday, April 24. Pot-luck dinner at noon.

Mrs. J. W. Blickenstaff returned from Lake Odessa, Saturday, where she went last week Thursday, to get her daughter, Jeanet, who has been visiting at the home of her grandparents there.

Mr. and Mrs. Raymond Brown and children of Greenville, Mich., were guests of relatives here over the week-end.

Mr. Brown returned home Monday, but Mrs. Brown and children remained for a longer visit.

K. A. Wingard reports the sale of three houses: Wm. LaPearl bought one of John Shackleton; George Lawrence bought one of Paul Ware, and Charles Hirschlieb has purchased the Schroder place on Starkweather avenue.

Born, Saturday, April 12, to Mr. and Mrs. Fred Kuhn of Detroit, a son, Richard John. Mr. and Mrs. Kuhn were formerly residents of Plymouth. Mrs. Kuhn will be remembered as Miss Nettie Belle Dodge of Northville.

Charles Dethloff has been appointed sexton at Riverside cemetery by the cemetery board of trustees. The board are planning on opening another new section in the southeast corner of the cemetery the coming season. Another roadway will also be graded.

Mrs. H. R. Sutherland and daughter, Betty, who have been visiting the former sister, Mrs. A. E. Patterson, for the past month, will return to their home in Chicago today. They will be accompanied by Mrs. Patterson, who will visit there for the next two weeks.

Christ Schiesewitz, local representative of the Holland Furnace Co. has an announcement in today's paper, to which your attention is directed. Mr. Schiesewitz has an office at his residence, 215 Main street, in the apartment formerly occupied by J. S. Dayton as a law office.

S. H. Hills & Son have just installed in their dairy plant an automatic bottle filler. This machine, which does the work much quicker than the old method, is absolutely sanitary, and it fills and caps the bottles very rapidly. The Messrs. Hills have a model dairy plant in every way.

A most pleasant event occurred last Sunday, at the home of Mr. and Mrs. Floyd Sherman, when eighteen of their relatives gave them a surprise in honor of their fifteenth wedding anniversary, which occurred on the day previous. The guests brought well-filled baskets of eats, and a fine dinner was served. Guests were present from Detroit, Brightmoor, Elm and Plymouth.

The building outlook in Plymouth for the coming year is exceptionally bright this spring. There are quite a number of people who expect to erect new houses during the coming summer. There is a good demand for houses here, and if they were available now, they would find a ready sale. There is an especially large call for houses to rent. Not a day passes but there are inquiries at the Mail office for houses to rent. A number of medium priced houses could be rented with profit to the owner.

BOYS' WEEK IN PLYMOUTH

It is a trite saying that the "Boy" is the forerunner of the "Man," and that to ensure a fine quality of citizenship for the future we must start with the boy of today. Among the agencies to emphasize the importance of the boy problem and to establish contacts between the men and their successors is the International Boys' Week, sponsored by Rotary International. This week in 1924, is that starting April 27th. By means of sermons in the churches, publicity in newspapers, special window displays and exhibits and other means, the attention of people all over the world is called to the fact that the boy and his development should be of first interest and importance.

Watch next week's Mail for details of this work in Plymouth.

C. OF C. NOTES

Members of the Chamber of Commerce who desire a key to the club rooms may secure one at the Plymouth United Savings Bank by depositing 25 cents for the same. When the key is turned in, this amount will be refunded.

There was a good attendance at the meeting held Tuesday evening.

LOCAL NEWS

The Junior Bridge Club met at the home of Miss Louise Webber, last week Thursday.

Dance at Lincoln Park, Saturday evening, April 19th, given by Carley Bros. Everybody welcome.

Mr. and Mrs. A. W. Francis and Mr. and Mrs. Daniel P. Skinner of Detroit, were guests of Mr and Mrs. George H. Robinson, Sunday.

APRONS AT EASTER BAZAAR

The Woman's Guild will have very attractive aprons for their Easter bazaar, April 23rd, at St. John's church.

MANY ACCIDENTS MAY BE AVOIDED

Few Simple "Don'ts" for Pedestrians and Drivers to Observe on City Streets.

(By ERWIN GREER, President Greer College of Automotive Engineering, Chicago.)

Who is to blame for the numerous accidents reported every day in the papers, the automobile driver or the pedestrian?

The correct reply is "both."

There are many careless drivers who violate every common-sense rule and there are thoughtless pedestrians who blindly walk directly in front of a machine, trusting in providence to save them. If the majority of pedestrians were not naturally careful when crossing a street and the majority of drivers didn't unconsciously observe safety first rules there would be hundreds of more accidents every day.

I have drawn up a few simple "don'ts" for pedestrians and drivers which I think would go a long way toward eliminating scores of accidents. They are as follows:

For Pedestrians.

1. Don't step off the curbing to cross the street without glancing both ways.
2. Don't try to read your newspaper crossing the street or stop to argue with a friend half way over.
3. Don't walk behind a street car.
4. Don't try to run if caught between two machines. Stand still until the automobiles have passed.
5. Don't try to cross a crowded street if the police signal is set for the opposite direction.
6. Don't cross in the middle of the block.
7. On crowded downtown streets use safety lanes marked on the pavement.

For Auto Drivers.

1. Don't turn a corner without sounding your horn.
2. Don't try to talk to someone in the back seat when making a turn.
3. Don't cut corners.
4. Don't get interested in something going on half a block behind you when making a crossing.
5. Don't try to break speed records going around a corner.
6. Don't try to dodge around the left side of a street car to get out of a blockade.
7. Don't try to cut too close to women and children, who are liable to get rattled.

NOTICE

Mrs. Donetta Smith has returned from St. Petersburg, Florida, and is ready for dressmaking engagements. 2111
