LUMBER FACTS

We are producing in this country only about as much lumber as was produced in 1890, and yet we have 35,000,000 more people to care for, to say nothing of over-seas needs. In that period the standing timber of the country has not only decreased from about three thousand billion feet to a little more than two thousand billion, but what remains is now much farther away from the center of gravity of consumption.

These lumber facts are going to be pretty well understood by the people, and the man who wants to build a frame house or a house of some other construction into which wood largely enters, will feel that considering that his house will last a generation or longer, he can hardly make a mistake by buying lumber now.

PLYMOUTH SUFFERED A BIG FIRE LOSS LAST SUNDAY

Nearly \$50,000 Damages Was Done by Fire Which Destroyed Three Buildings Last Sunday Forenoon

Fire Departments From Northville, Walled Lake and Ann Arbor Answered Appeals For Help

One of the most disastrous fires that has visited Plymouth in years occurred last Sunday, when the big warehouse owned and occupied by the Plymouth Elevator Co. was discovered to be on fire, a little past eleven o'clock. When the fire was first noticed it had got quite a start, and it was not many minutes before the flames were shooting through the roof. The fire department answered the alarm promptly, and within a few minutes after the whistle sounded, they had several streams of water playing upon the burning structure. The building, which was of wood construction, and filled with hay, straw and various kinds of feed, was an easy prey of the flames, and this, together with the high wind which prevailed, it was quickly seen that nothing could be done to save the warehouse, but the firemen confined their efforts to saving the adjoining property. The elevator and office building on the south side of the shed was on fire several times, but the flames were promptly put out, and this was saved.

The cement block building, formerly known as the Bonafide Garage, closely adjoining the warehouse and along the street line, took fire and soon shared the same fate as the warehouse. This building, which was owned by William Beyer, was leased by the H. S. Lee Foundry & Machine Co., and occupied by Fred Millard and the Plymouth Hardware Specialties. Mr. Millard was doing machine work for the Lee company, and had just nicely got the plant in operation. So quickly did the flames do their work, that very little could be carried from the building before the roof and walls fell in. Mr. Millard carried some insurance on the machinery, tools, etc.

The Chevrolet garage closely adjoining the warehouse on the north, was the next to fall a victim to the flames, and in spite of the efforts of the firemen, the second story of this structure was soon a fiery furnace. More than twenty automobiles, seven or eight of them new ones, which were stored on this floor, were burned up. All of the cars, stock and office equipment on the first floor were removed from the building. The Pollock store, adjoining the garage was in grave danger, but men upon the roof with a line of hose, saved this building.

Allison & Bachelder, proprietors of the Chevrolet garage, had both the building and contents insured.

During the early part of the fire it was seen that it would be advisable to call for help, and a telephone call was sent to Northville to send their fire equipment. The Northville boys responded quickly, and upon their arrival here, did splendid work. Soon after the arrival of the Northville truck, the Walled Lake fire truck arrived, and a little later a truck and several men from the Ann Arbor fire department arrived ready to give assistance should their services be needed.

How the fire originated is not known. The loss on all three buildings in the neighborhood of \$50,000.

FIRE NOTES

The fire of last Sunday demonstrated the fact that Plymouth needs additional fire equipment. Had our fire truck been equipped to pump directly from the mains, it would have added materially to the water pressure.

The Plymouth fire laddies were on the scene of the fire in an almost incredible short time, and stayed on the job until all danger was past. They are entitled to much credit for their good work.

It looked, for a while, as if the elevator and some of the nearby buildings would go.

Chief of Police Springer and his assistants were early on the scene, and did good work in keeping back the crowd and establishing fire lines.

The Northville, Walled Lake and Ann Arbor fire departments were not long in responding to the call for help. Plymouth appreciates their promptness and willingness to lend assistance.

The fire attracted a great crowd of people from neighboring towns during the afternoon.

The Markham Air Rifle Co. had about 35 window panes broken by the heat of the fire.

Men stationed on the roofs of the Markham plant and the buildings of the Plymouth Lumber Co. prevented sparks from starting a fire.

The Ann Arbor fire truck under the command of Assistant Chief McLaren, made the trip to Plymouth in 45 minutes, a distance of 24 miles.

Allison-Bachelder, proprietors of the Chevrolet garage, were busy Monday morning getting the lower floor of the garage in shape for business.

Several carloads of feed were consumed in the warehouse that was burned.

A horse that was kept in a stable at the rear of the warehouse was gotten out with some difficulty.

While a part of Ann Arbor's fire fighting equipment was here, Sunday, a blaze started in the Congregational church in that city.

HIGH SCHOOL CARNIVAL

Preparations for the annual High School Carnival, which will be held May 2nd, are in full swing. Over one thousand sweet peas have been ordered, together with some potted plants, and the public will have the opportunity of buying some very choice tea roses and hybrid teas at a very reasonable price. There will be more candy on sale than in previous years, and a very large supply of baked goods. A boys' minstrel show and a girls' musical comedy have been planned. There will be the usual supply of noise-makers, balloons, popcorn and some interesting side shows.—Advertisement.

W. J. Richards, who owns the Penniman Avenue Vegetable Market, and Harold Jolliffe have opened a similar store on Grand River Avenue, Detroit. Mr. Jolliffe will have charge of the Detroit store.

YOU CAN'T BEAT THEM

You can't head off a mail-order house when it comes to enterprise. Not content with flooding the entire 48 states with catalogues, we see where the largest mail-order house in Chicago is advertising that it will soon open the largest broadcasting station in the middle west. It advertises musical programs, and speeches and all that, but wise ones know that this radio station will also pay for itself many times over in the advertising it will get. Thousands and hundreds of thousands of families with radio sets will now be brought into closer touch with the big mail-order house, and the catalogue campaign will be strengthened a hundred-fold.

You know radio is permanent when big concerns turn to it for advertising purposes, and each new radio set purchased in the U. S. means one more prospective customer for the mail-order house to work on. We know of but one thing to offset it, and we have preached that to the merchants of Plymouth until we're black in the face. You can't send out costly catalogues, and you can't afford to maintain a wireless broadcasting station. But you can invest your money in printers ink in your home customers. You can't talk to the people of this community through its columns every week. And if you want to move stock and stay in business, that's about the only thing for you to do.

WHY IS IT?

Why is it that so many people will ask their home merchants or the editor of their home paper to cut prices for them and then step into a store in the city and buy something without even a suggestion of lower prices? Or why is it that some people will send a check for the full amount of the printed price in a mail-order catalogue, but will finger the price mark on goods in a store at home, and ask if they can't be trimmed down a bit since they "are good customers." And why, oh why, will the same people send away a check for something because it looks cheap without asking the home merchant if he can duplicate it? No one has ever answered these questions, so we have to take it that it's just a trait of human nature, this thing of thinking that some people don't want to live as well as other people. Driving a bargain is all right. But there's a difference between driving a bargain and trying to talk a neighbor out of an honest profit. Wouldn't it be a better community all around if we could drill this into the heads of those who most frequently insist upon talking the home merchant out of the little profit he is bound to make if he stays in business.

"CORN IS KING"

We find some interesting figures in a 1923 crop report just reaching us. We believe the average citizen of Plymouth will also be interested in. They show, for instance, that in 1923 corn was our most valuable crop, and amounted to \$2,222,000,000 in cash. Next came cotton, the crop bringing \$1,769,000,000; hay third, with \$1,490,000,000. Vegetables amounted to over a billion dollars and dairy products exceeded two and a half billions, as did also hogs. Cattle were slightly below the billion mark, wheat amounted to three quarters of a billion and oats about a half-billion. Since wheat amounted to less than six per cent of the total farm production of the year we know what the corn-growing states of this country now mean when they keep shouting to the world that "Corn is King."

VILLAGE COMMISSION MET

The commission met in regular session, Monday evening. Several petitions were presented. One of the petitions asked that the commission consider the opening of Gravel avenue from Harvey street to Main Street. The matter was laid on the table until next Monday evening. Two petitions were received for the construction of crosswalks on Farmer street across Adams and Ann streets. These two petitions were granted.

The commission also voted to extend the fire limits to take in the block from the Toledo division of the Pere Marquette to Amelia street, between Main and Blanche streets, also on the west side of the Pere Marquette and on the north side of Main street, extending 20 rods deep and 200 feet wide west of the railroad.

PLYMOUTH ROTARY CLUB GETS CHARTER

DISTRICT GOVERNOR PAUL KING OF DETROIT, PRESENTS CHARTER TO LOCAL CLUB AT A BIG BANQUET HELD LAST WEEK THURSDAY EVENING.

More than one hundred Rotarians from Detroit, Royal Oak, Birmingham, Dearborn, Wayne and Ypsilanti, were in Plymouth last week Thursday evening to aid in the installing of the local Rotarian Club, and witness the presentation of the charter by the District Governor, Paul King, of Detroit.

A most excellent chicken dinner with all the trimmings, was served by the members of the Order of the Eastern Star, in the Odd Fellow hall, at 6:30 o'clock. The favors at each plate were a very attractive cap, a squawker in the form of a cigar, and a very neat leather folder designed to hold the Rotary Club membership card. During the serving of the dinner, Daniel Patterson's orchestra furnished splendid music. The musical numbers were interspersed with some lively songs by the Rotarians, led by Rotarian Calvin Whipple.

Rotarian Harry S. Lee presided as toastmaster, and introduced each speaker on the program with some pleasing remarks.

The first speaker introduced was George A. Smith, president of the Plymouth Club, who extended a most cordial welcome to the visiting Rotarians.

Following Mr. Smith, Dr. Edward Lee of Wayne, organizer of the Plymouth club, made a few remarks in which he expressed the pleasure and satisfaction of having had a part in the successful organization of the local club.

A violin solo by Daniel Patterson was most artistically rendered, and he responded to an encore. He was accompanied on the piano by Miss Corina Penney.

Paul W. Voorhies was the next speaker. Besides being a native son of Plymouth, Paul is also Prosecuting Attorney of Wayne County, and is a busy man, but he can always find time to come back to the old home town whenever called upon to take part in any movement of importance for the good or betterment of Plymouth. The speaker expressed his pleasure that a Rotary Club had been organized here, and told some of the many ways in which the organization can become useful in the community.

Miss Marjorie Pollock rendered a vocal solo in her usual beautiful manner, and was obliged to respond to two encores. She was accompanied on the piano by Mrs. F. H. Tighe.

Judge Arthur Tuttle of the U. S. District Court of Detroit, was the next speaker on the program. Judge Tuttle used the experiences of Jack Miner, the "wild goose man" of Essex County, Ontario, as an example to show the lessons which a group of good citizens associated together can use in building service for their fellows and the community in which they live.

Next came the charter presentation by Paul King, District Governor of the eighteenth district, of which Plymouth is a part. Mr. King congratulated the local club on their successful organization and their most auspicious beginning. The speaker gave a very interesting and instructive talk on the building up of a Rotary Club, defining clearly the various principles for which Rotary stands. In concluding his remarks he presented the charter to President Smith of the local club, who responded in a most pleasing manner in behalf of the members.

After the singing of characteristic Rotary songs, and some popular music by Patterson's orchestra, the visiting Rotarians departed for their various homes, declaring that the Plymouth Club were royal entertainers.

CLEAN UP WEEK

The week beginning April 28th is hereby designated as the Annual Plymouth Clean Up week. All citizens are expected to clean up their premises and put them in apple pie order. Beginning with Thursday, May 1st, the village will send trucks around to pick up material left on the curb. The village men will not go into back yards or alleys to do this work. The citizens are expected to do their share in making it possible to round up this waste stuff in quick order.

LOCAL U. S. MARINE MAKES GOOD SCORE.

By making several hits on the bull's-eye at range of from 200 to 600 yards, while at target practice at Parris Island, Kenneth Robinson Stevens, son of Mrs. Helen M. Stevens, 523 Deer street, Plymouth, has qualified as a marksmen in the Marine Corps, according to the April target bulletin, issued at Marine Corps headquarters at Washington. It is customary for each Marine to shoot on the rifle range at least once a year, special instruction in the best methods to acquire skill with the rifle being given to each man individually. Marines who qualify are awarded badges or medals, indicating the degree of skill they have attained. Firing is conducted on Marine Corps rifle ranges whenever climatic conditions permit.

Frank is seventeen years old, and was born in Plymouth. He joined the Marine Corps at Detroit, last July, and is now trumpeter in the Marine Corps. He won his qualification while shooting on the target range at Parris Island, and was one of the youngest marksmen.

The Modern Idea in WATCHES

THE modern idea in watches is FIRST a good "Time Piece". After that comes refinements of manufacture and design. Time has made clear to us, for example, that when a father buys a watch, he wants it to last more than his OWN life. He wants to give it to his son, in turn.

This store has always specialized in "Time Pieces". As the minutes tick off, we care less about adornment than accuracy. Here you will find the dependable makes—priced acquisitions for the generations to come. And there are the daintiest, prettiest watches for women, too—new models, new designs. It will be worth your while to come and see them.

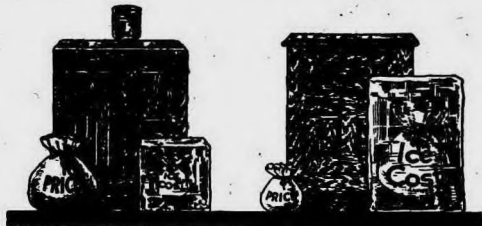

We wish to call your attention to the W. W. W. line of Guaranteed Pearls, just in. Never were such pearls offered at this price and with such a guarantee. Then there are the new White Gold 18-K diamond rings, engagement rings, wedding rings—and mountings we can make for you, if your present rings are frankly "out of style".

SALEM

Mr. and Mrs. George Roberts and daughter, Ivah, were Sunday dinner guests of Mr. and Mrs. Arthur Blunk of Plymouth.

Henry Doane and wife visited friends in South Lyon, Friday evening.

The Easter exercises at the Federated church Sunday morning were well attended, as the church was nearly filled. The children surely deserve praise for the way they handled their assigned parts, and Mrs. Halliday and Carmen Hurry gave a very pleasing organ and violin duet. Rev. Halliday gave a very impressive talk, after which two of their friends from Detroit, received the ordinance of baptism.

Miss Ethel Doane and Mrs. W. Winans of Ypsilanti, spent Easter with the former's parents, Mr. and Mrs. Henry Doane.

D. E. Smith of Ann Arbor was in town Saturday, and attended the Easter bazaar at the hall.

Miss Pearl Youngs of Northville, spent her Easter vacation with her parents.

Mrs. G. C. Foreman was with her parents and Mr. and Mrs. James Dickie from Sunday evening until Tuesday, and helped care for her father, who is ill.

Emmett Gearty was ill for several days last week, and G. Roberts substituted delivering the mail.

Perry Austin was taken very ill Friday morning, at the home of his daughter, Mrs. Bert Stanbro. His condition is still serious, but some improved at this writing.

The Misses Dorothy Foreman and Peggy Turner and Harold Foreman and Carl Olson, all of Detroit, were Saturday night and Sunday guests of Mr. and Mrs. G. C. Foreman. Other Sunday dinner guests there, were: Mrs. James Dickie of South Lyon, and Mr. and Mrs. Frank Rider and son, Bert.

Mr. and Mrs. Milton Briggs and son, Duane, who have been spending several months in Florida, arrived in Salem Wednesday, and were guests of Mr. and Mrs. E. Youngs. They are now visiting friends in Milford.

Mrs. F. Bowers and family spent Easter with her parents, Mr. and Mrs. George Shoehridge.

E. Stalker of South Lyon, was in town on business Tuesday.

Miss Jean Hishop of Plymouth, spent the week-end with her parents.

Mrs. L. Bussy has been under the care of the doctor, but is much better at this writing.

L. W. Stanbro, wife and daughter, Esther, were Sunday dinner guests of the former's mother, Mrs. Sarah Stanbro.

Mrs. John Herrick and children attended a birthday dinner in South

Lyon, Sunday, in honor of Mr. Herrick's mother, Mrs. Carrie Herrick.

Mr. and Mrs. Emmet Gearty and family called on Mrs. Packard of Plymouth, Sunday.

Mr. and Mrs. McKnight of Walled Lake spent Sunday and Monday with Mr. and Mrs. Bert Stanbro, and assisted in caring for her father, who is ill.

Mr. and Mrs. Glenn Lyke and family were supper guests of Mr. and Mrs. Hershel Munn last Thursday evening, in honor of Mr. Lyke's and Mr. Munn's birthdays.

Mr. and Mrs. Glenn Lyke and family spent Easter with the latter's sister and family, Mr. and Mrs. A. Blunk of Plymouth.

Mr. and Mrs. C. Durrow were visitors at Mr. and Mrs. Gerth's of Canton, Sunday.

Mrs. Frank Boyle is ill, and under the care of the doctor.

Mrs. Rudolph Kehrl and daughters were Ann Arbor shoppers last week Thursday.

The church was beautifully decorated last Sunday for the special Easter service. The choir deserves much credit for the fine music given. You need not wait until Communion Sunday to join the church; you may join any Sunday.

The pastor and elder W. R. Shaw attended the meeting of Detroit Presbytery at Monroe, Tuesday.

The membership committee of the Woman's Auxiliary met at the manse last Tuesday night.

Over three thousand members have joined the churches of Detroit Presbytery during the past year.

The retiring moderator of Detroit Presbytery is urging an important matter in these words: "It has long been a matter of deep concern with me that our Presbytery apparently is doing nothing in the way of providing hospital or home facilities for those in need among our own members in this, the fourth largest city in the U. S. A. It is true that it was Presbyterian money very largely that went into the Grace and Harper hospitals and the Thompson Home for the Aged, but who ever thinks of these as church institutions today, or what special recognition does the Presbytery, or a Presbyterian minister or member receive in any of these institutions?"

"The time has come, in my opinion, when we should try to get our Presbyterian constituency, by their gifts and legacies, to erect and maintain a Presbyterian hospital, a Presbyterian Home for the Aged and Convalescents, and a Presbyterian Orphan Home. There is a distinct need for

these institutions in our city, and our people have the means to meet the need. They are perhaps the most generous supporters of non-church enterprises. Isn't it about time that we give them an opportunity to do something under the auspices of their own denomination to meet the pressing needs of the poor and unfortunate of our church and city?"

METHODIST NOTES

Attend the mid-week service on Thursday night at 7:30.

The choir gives an Easter cantata on next Sunday evening at 7:30. It is a beautiful setting of the story of Easter to music. You will want to hear it.

Easter day was a cause for many rejoicings on the part of our church for the many victories won. May the Lord lead us on to greater achievements.

Our official board voted unanimously, Monday evening, to go ahead im-

mediately with building plans for the new community house. All honor to these men of daring and faith. What this decision will mean to this church and community, and to our boys and girls and young folks, can only be estimated in the records of eternity.

Next Tuesday night the annual meeting of the Epworth League will be held at the church for the transaction of business, reports and election of officers. Games and a social hour will follow the business meeting.

We expect to see you at church next Sunday.

Our earnest prayers are with those who have so recently and definitely started in the Christian life, and those who have just united with the church.

Also our earnest prayers are with those who have met recent affliction, sickness and misfortune.

If you know of an item of news, phone or send it to the Mail office.

Your Next Car

Will be this Light-Six, if you learn the truth

WHEN you buy a car in the "thousand-dollar" class, here are some things you should know.

We made a canvass of men who bought rival cars in this class. And we found that 96 in each 100 bought without knowing these facts.

So, for your sake and our sake, we want to present them to you.

Save \$200 to \$400

Studebaker builds 150,000 fine cars yearly. It builds in model factories, modernly equipped. It has spent \$38,000,000 in the past five years on new-day plants and equipment.

By quantity and up-to-dateness it saves large sums per car. A car like this Light-Six, built under ordinary conditions, would cost \$200 to \$400 more.

11.4% less to run

This supreme quality means lower operating cost. Owners of fleets of cars in this class made audited records to prove this.

They compared 329 cars, running up to 25,000 miles each. And they found that the Studebaker Light-Six cost 11.4% less to operate than the average of its rivals. This includes depreciation. The saving was nearly one cent per mile.

The reasons are these

The Studebaker Light-Six, in its chassis, represents the best we know. In steel and in workmanship it is identical with the costliest cars we build.

It is designed and superintended by an engineering department which costs us \$500,000 yearly.

Each steel formula has been proved the best for its purpose by years of tests. On some we pay 15% premium to makers to get them exactly right.

Each car in the building gets 32,000 tests and inspections.

The crankshafts are machined on

inch. And 122 are exact to one-half that.

Genuine leather cushions, ten inches deep. Unusual equipment. Scores of extra values.

Made by the leaders

This is one of the cars which has made Studebaker the leader in quality cars. Our sales have almost trebled in three years. The trend toward Studebakers has become a sensation.

Last year 145,167 people paid \$201,000,000 for Studebaker cars.

Back of this car is an honored name, which for 72 years has stood for high ideals.

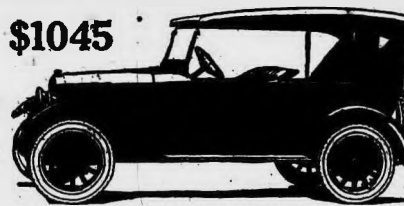

Behind it are \$90,000,000 of assets, staked on pleasing you better than others.

Before you pay \$1,000 or more for a car, these are facts you should know and compare. You owe that to yourself.

Send for the book

Mail us the coupon below. We will send you free our new book that will inform you on five simple things which reveal the value of a car. For instance: It will enable you to look at any car and tell whether it's been cheapened to meet a price or offers true quality.

It will tell you why some cars rattle at 20,000 miles and others don't. It shows one single point in a closed car which measures whether you're getting top or medium quality. The book is free—clip the coupon below.

EPISCOPAL NOTES

There was a good congregation last Sunday, who attended and joined in our Easter Day services. The old Easter hymns were heartily sung by the congregation led by Mrs. Strong at the organ. The rector gave a most impressive and appropriate sermon, taking as his text, "He is not here, He is Risen."

The church-school went into session earlier last Sunday, and those who were present handed in their mite boxes; those who were absent are asked to bring their mite boxes next Sunday so that the Foreign Mission fund can be closed, and the amount forwarded to the Missionary Society.

There are still some Special Easter Offering envelopes out, and members who were not able to be present last Sunday are kindly asked to bring them or forward them to the Treasurer by next Sunday, so that the amount can be determined.

And we thought all along that a coon dog's puppy just naturally takes to treeing coons.

We know some Plymouth women who read fiction stories, and others who just listen to their husband's alibis.

A New York judge says a woman has a right to bob her hair even if her husband objects. There's another clean-cut decision.

Our idea of an optimist is the Plymouth man who can see only the auto and not the mortgage.

Radio isn't going to appeal very strongly to political orators. They won't be able to hear the applause.

The oily bird catches the worm, but it's liable to be investigated afterwards.

About the time a Plymouth man reaches 55 he forgets his boyhood ambition to be president and only hopes that he'll be able to keep his funeral from being held at the poor-house.

The most wonderful example of American fiction will be written in the two political platforms they're going to make next June.

The trouble in this world is too many people measure their success in life by the amount of space they get in the newspapers.

The Plymouth auto owner who tries to keep his machine in four tires, knows how the fellow feels who has to keep about eight pairs of feet in shoes.

Russia may be sticking to some of her original principles, but she don't hate money like she used to try to make the world think she did.

Today's Reflections

They say skirts are going to be still shorter this year. We hope not, for then the married men of Plymouth would have to get a permit to leave their own yards.

Wish someone would come along who could tell us what becomes of all the stocking tops after the feet are gone.

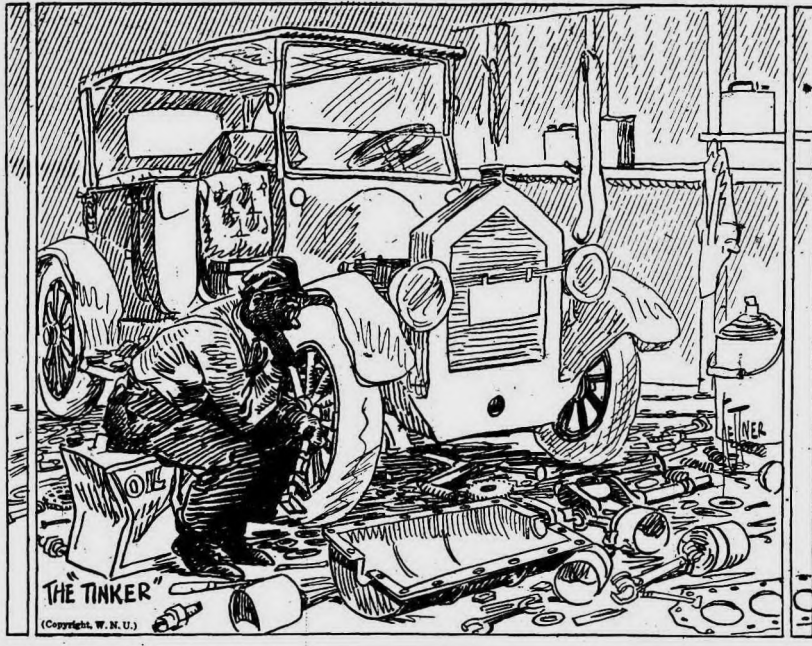

It's easy for a Plymouth man to live on his wife's money if she has any, but he can't go to heaven on her religion.

You have also probably observed that some people are like cider, sweet enough until it's time to work.

If a girl blushes nowadays, it's usually when you catch her before she has time to don her make-up.

AVOID TROUBLES OF CAR BATTERY

Reading of Hydrometer Is Best Way of Testing Its Strength.

By ERWIN GRER, President Greer College of Automotive Engineering, Chicago.

Learn to read the hydrometer, as it is the best way of testing the battery. Get one made of celluloid instead of glass, as this type is in less danger of breaking. A reading between 1.275 and 1.300 denotes that the battery is being properly charged by the generator. If the hydrometer reading sets down to 1.200 you may be using the lights or starter too much. If the engine is hard to start excessive use of the starter will run down the battery. If the car is not operated much during the day time the battery may not get enough current to carry the lights. In case none of these troubles are shown and the system still is at fault you should have the car taken to an electrical expert, as the generator may not be delivering the amount of current necessary.

Take Care of Terminals. Keep the battery terminals tight and covered with cup grease to prevent corrosion by the battery acid. Prevent short circuits by watching the insulation of the wires and covering worn places with tape. The only attention the wires need is to see that they do not come loose, or become short-circuited. By going over the thumb nuts occasionally and checking at the rest of the wiring such troubles will be avoided.

Watch the Ammeter. Keep an eye on the ammeter to make sure that the battery is charging when the engine is running. When the car is running about twenty miles an hour, with all the lights turned on, the ammeter should show "charge." If it doesn't the battery will be discharged. This calls for expert attention. Also note when the ammeter doesn't "discharge" when lights and ignition are turned off. This is a short circuit between the ammeter and switch and it must be found and corrected immediately. If the ammeter needle becomes bent, giving wrong reading, this may be determined by shutting off the light and disconnecting the wire from the ammeter to the switch.

The successful motorist is the fellow who learns by observation and who is constantly tinkering with his car. Try it out and find how much you don't know about an automobile.

Various Ways to Avoid Bad Service in Starter

The starting motor takes its current from the storage battery through brushes. It sometimes happens that these brushes for various reasons are not making proper contact, and this means more or less failure of the system. When trouble arises in this system these brushes should be carefully examined. Again one of the cells of the storage battery runs down before the others, which are therefore called upon to do more work than they are able to handle. Also a grain of grit or foreign matter may get between the contact points of a switch and make a world of trouble before it is discovered and diagnosed.

Muffler Nut The exhaust and the muffler tube are usually united by a large hexagonal nut, which frequently shakes off, due to the vibration incident to ordinary road travel and then follows a series of tremendous barks that will call the police of most municipalities. The best way to avoid the trouble is to drill both nut and tube with a small hole that will take a wire nail, which will hold the muffler firmly in place.

There was a good attendance of citizens at the regular meeting of the Chamber of Commerce Tuesday night. There was not a quorum of the directors present, so President Shear called for an informal discussion of the matter of more fire fighting equipment for the village. Several citizens expressed themselves regarding the matter, and it was the general opinion of those present that the village should have additional equipment for fighting a large fire, as the one of last Sunday. It seemed to be the opinion of many that we should either equip the present truck with pumps, or purchase another truck with pumps, such as is used in many of our neighboring places.

Fate in Strange Carcer

The Paris courts report one of the most curious series of incidents yet laid before legal students in the case of a Paris woman who on the occasion of two previous weddings had lost her husband in an auto accident while on the way home from the wedding ceremony. She recently married a third time and as the bridal car was speeding home it collided with a vehicle and the third husband was killed in a manner almost identical with the fate of the first two. The courts took cognizance of the series of strange mishaps, because in the case of the second husband's death the woman asked damages.

Both Guessing

A well-known artist whose picture of a group of angels had created a sensation came across a pavement artist. "I am so-and-so," he said. "I painted the picture of the angels of which everyone is talking. Your work shows promise, but what is that fish you are drawing?" "A sturgeon, sir," replied the man. "But have you ever seen a sturgeon?" "Have you ever seen an angel, sir?"

GLADIOLI VARIETIES

In a recent issue of the Country Gentleman, regarding Gladioli, the following paragraph was printed: "Of the old and tried sorts, such as are sure to give satisfaction to the beginners, we can recommend America, fine lavender pink; Gretchen Zanz, pink and scarlet; Halley, soft rose; Le Marechal Foch, deep rose pink; Mrs. Francis King, scarlet; Mrs. Frank Pendleton, salmon pink with blood-red blotches; Niagara, canary yellow; Panama, very large, bright pink; Peace, white; Prince of Wales, coral pink; Schwaben, yellow with dark blotch; War, blood-red; Willie Wigman, creamy white with scarlet blotch, and Baron J. Halot, violet. The foregoing are all large-flowered sorts of the grandeuris, Childsi or other Hybrid types. I have nearly all of the above named varieties, besides others equally popular—better make your selection early."

FUNERAL SERVICES FOR LITTLE BOY

Funeral services for Joseph Fleury, Jr., who died in Harper hospital, Detroit, last week Thursday morning, were held at the home of his parents, Mr. and Mrs. Joseph Fleury, 625 North Harvey street, Saturday afternoon at two o'clock. Burial was made in Riverside cemetery.

Joseph, who was eight years old, died after a two weeks' illness with tubercular meningitis, which, doctors said, was an incurable disease. He was taken ill while visiting with his mother in Grand Rapids. He was brought to his home in Plymouth, and Friday, April 11th, was taken to Harper hospital, Detroit, for treatment, and where he passed away Thursday, April 17th.

"Joe," as he was known to his mourning playmates, talked cheerfully with visitors on the Sunday morning after he was taken to the hospital. On Monday morning he lapsed into a state of coma from which he never recovered. The parents and many relatives held vigil at the bedside of the lad, hoping against hope that his life might be spared, but the Supreme Ruler of the universe summoned him home at 8:45 Thursday morning.

A flower bedecked casket of beautiful white, bore mute evidence of the high esteem in which all who knew him held the boy. Scores of friends from Plymouth, and relatives from far and near attended the last rites, at which Rev. D. D. Nagle, of the Methodist Episcopal church officiated.

Rev. Nagle took for his theme, the story of Jairus's daughter in the fifth chapter of St. Mark, and also St. Matthew, 19, 14. His words were both comforting and encouraging. Mrs. William Bake sang beautifully.

Among the out-of-town people who attended the funeral, were: Ralph E. Fuller, New York City; Mr. and Mrs. Louis R. Taylor, Chicago; Mr. and Mrs. Harold Hoag and son, Oliver, Grand Rapids; Harold A. and Walter W. Fuller, Mrs. A. W. Stoll, C. K. Bockstanz, Mrs. Hayden Byrne, Glenn Phelps, Mrs. George Fleury, Mr. and Mrs. Guy Garwood, Mrs. Duncan McPhaul, all of Detroit; Mr. and Mrs. Merton Fuller, George Fleury, Mrs. A. E. Fuller and Miss Olive Fuller of Richmond, Mich.

Parts You Never See They Are The Heart And Soul Of Hupmobile Goodness

Behind the Hupmobile parts display on view in our sales-room lies the story of Hupmobile owner satisfaction. These parts—which look no different from parts of lesser quality but actually are vastly different—are the heart and soul of all the good you hear about the Hupmobile.

In them is bound up the long life of the car—all its virtues of low costs and few replacements, of superior performance and high running economy. The Hupp factory could use materials of lesser quality, it could manufacture them into parts at lower cost, if it chose. But if that were to be done, the Hupmobile would sink to the dead level of motor cars, instead of being the superior automobile it is widely acknowledged to be.

ANOTHER BIG PICTURE COMING TO LOCAL THEATRE

"SCARAMOUCHE," THE MUCH-HERALDED REX INGRAM PRODUCTION, WILL BE SEEN AT PENNIMAN ALLEN THEATRE, MAY 4 AND 5.

Manager H. R. Lush has booked "Scaramouche," another of the big picture productions, which is now showing in the larger cities, for the Penniman Allen theatre for Sunday and Monday, May 4 and 5. The patrons of the local theatre will appreciate its early appearance here, from the fact that it is being shown in Detroit this week for the first time. Monday morning's Free Press had the following comment on this great production:

"Scaramouche," the much-heralded Rex Ingram production of Sabatini's novel, has at last reached Detroit, and its initial presentation at the Adams theatre Sunday afternoon proved it to be one of the very best pictures that this town has been privileged to view this season.

"The much over-worked French revolution, that last resort of so many brain-tired scenario writers and producers, has come into its own in 'Scaramouche,' and this most picturesque of historical events passes over many feet of film in a series of brilliant and soul-stirring pictures. The marching, pillaging, are all too realistic, and a high point of dramatization is reached in picturing them.

"The picture is marked by a careful attention to minute detail and many of the minor and nameless characters are masterpieces of individuality.

"Beautiful backgrounds, among them the gardens and palace of the wicked Marquis de la Tour d'Azyr, a Paris theatre at the height of the season, and the palace of the Tuilleries, add much to the scenic value of the picture.

The picture centers about Moreau, played by Ramon Navarro, a handsome young student of the nobility, who has great contempt for the character and actions of the weak King Louis XVI and a great love for the downtrodden common people. When his chum, a young divinity student, is challenged and killed in an unfair duel with the vicious Marquis de la Tour d'Azyr, played by Lewis Stone, Moreau determines to aid the people at any cost to himself. He has loved for long a beautiful young noblewoman, played by Alice Terry, whose hand is sought by the marquis.

"Through his over-zealous efforts on the part of the people Moreau becomes a fugitive and is aided in escaping death by his sweetheart. Then he joins a band of strolling players, and becomes famous as the clown, Scaramouche.

"The story of his life from this point on is so surprising that it would be unfair to reveal its climax here. However, this young man becomes the hero of the mob, and lives through a series of thrilling and highly dramatic scenes which accompany the early days of the French revolution. Navarro is excellent in the role of the hero, and lovely Alice Terry plays opposite him most effectively.

There will be two shows each evening—7:00 and 8:45 o'clock, and the admission has been placed at 50c for adults and 25c for children, tax paid. This price is fixed by the company owning the picture and not by the local management.

BAPTIST NOTES

Easter Sunday was a glad day at the Baptist church. The music for the entire day was of the first order, and much appreciated.

The evening program was well carried out, the recitations, the symbolic parts, "the disciples at the tomb," the nations appearing in costume asking for the help of Christ and his gospel. The primary department was great, the little tots who spoke in their childish way pleasing every one. A splendid offering was taken. The church was full to the doors. The committee has the thanks of the Sunday-school for their faithful work in preparation.

The Ladies' Bazaar was a great success last Thursday, and the chicken supper in the evening was well patronized, the tables being filled many times. Every one said it was a good supper. The ladies wish to thank every one who assisted in any way to make the day a real success.

The report of the annual meeting which occurred Thursday evening will be given next week.

CHERRY HILL RESIDENT DIES

Harvey Palmer James passed away at his home near Cherry Hill, last Saturday evening, April 19th, following a long illness.

Mr. James was born in Uxbridge, Ontario, February 12, 1852. He was married while in Canada to Miss Julia A. Wilkin of Holland Landing, Ont., and two daughters, Mrs. Lee Alchin, Redford, and Mrs. Homer E. Safford, Battle Creek, were born to them, both of whom survive. Mrs. James died 25 years ago.

In 1902, Mr. James was married to Miss Maude Williamson of Rosedale, Ill., who with two sons, Walter L. and Harvey Leonard James also survive.

Mr. James came to Michigan from Canada in 1876, and has since made his home here.

Funeral services were held from the residence, known as the Perry Walker farm, two miles north of Cherry Hill, Tuesday afternoon at 2:00 o'clock.

NEWBURG

A large and appreciative audience listened to a fine Easter service, last Sunday. The church was nicely decorated with potted plants and cut flowers. Rev. Havens read and gave a short talk on, "The Resurrection." He also administered the rite of baptism to three adults and one child.

A large class of children was taken into preparatory membership; others by letter and confession of faith. A large choir of young people, under the direction of Mrs. Havens, with Leonia Joy as pianist, and also the Kingsley quartette of Wayne, rendered some fine Easter anthems and songs. There were a number of recitations by the little folks and juniors, and a reading entitled, "Palestine," by the Sunday-school superintendent, Mrs. Donald Ryder. There was no Epworth League meeting, as a number attended the M. E. church services in Plymouth.

Pierre Kinyon of Plymouth, a pupil of Miss Florence Paddock, will sing at the church services next Sabbath. It will no doubt be the closing of the contest in the Sunday-school.

Remember the Epworth League in the evening. Junior League, Friday after school. Prayer meeting, Thursday evening.

The L. A. S. met with Mrs. Ella Mackinder, last week Wednesday afternoon. The same officers were re-elected for another year. A delicious self-serve lunch was enjoyed by all. The next meeting will be held with Mrs. Mae Stevens.

The Epworth League play, "Rev. Dayton Up-to-date," will be repeated at the L. A. S. hall, this Friday evening, commencing at 8:00 o'clock. Admission, 25c and 35c.

Mr. and Mrs. Arthur LeVan and daughters, Esther, Ruth and Betty Jean, who arrived from Florida, last Friday evening, having returned through in eleven days, called at C. E. Ryder's, Sunday afternoon, accompanied by Mesdames Emily and Ada LeVan.

Russell Parr of Wayne, spent last week at William Smith's.

It was a great treat to listen to President Coolidge's speech over the radio, Tuesday afternoon.

Henry Grimm, Jr., has built a garage on a lot across from the old Chilson place on the Wayne road.

Mr. and Mrs. C. V. Chambers of Plymouth, called on Mr. and Mrs. C. Mackinder, last Thursday evening.

Robert Holmes has purchased a new Ford sedan.

Mr. and Mrs. John Thompson entertained at Easter dinner: Mrs. Mary Thompson of Plymouth; Mrs. Gertrude Carruthers of Pontiac; Mr. and Mrs. George Henry and children of South Lyon.

NEWBURG SCHOOL NOTES
The Parent-Teacher's Association are trying hard to clean up the "balance due" on the school piano. All who would like to co-operate in this worthy cause can do so by being present at the play, "Deacon Dobbie," which is to be given in the Gleasons' Hall at Newburg, on the evening of May 9th. Come and see Yennie Jensen, the Swedish girl that "bans going to buy a husband by auction sale." You will enjoy every minute of the play, and, besides, there are to be special numbers by well known performers. Admission, adults 35c; children 15c. Room for all.

Are You Going to Build?

Or, are you planning home improvements? In either case, do not forget that most of the comfort and convenience of the modern home hinges on its electrical installation.

Therefore, you should see to it that your plans embrace a pretty complete wiring layout. Consult with us about this if you like. We shall be glad to assist you. And remember that a house well planned electrically find a much readier market, and brings a better price, than one in which this important feature has been slighted.

PLYMOUTH METHODISM LAUNCHES AHEAD AGAIN

PLANS BEING MATURED FOR NEW COMMUNITY HOUSE.

EASTER MEETINGS A SUCCESS AT THE METHODIST CHURCH.

The members of Plymouth Methodist church and congregation have much cause for rejoicing these days. Two weeks of special Lenten services preceded Easter during which time many heard the call and accepted the challenge to follow Christ as their Lord and savior. The pastor, assisted ably by the splendid leadership and helpfulness of the Prestons of Benton Harbor, evangelistic workers, conducted meetings each night of the two weeks, and presented the appeal of the gospel in song and sermon with the aforementioned results. Good crowds attended every night, and some nights the church auditorium was filled to capacity. Intergest and spiritual earnestness were manifested all the way through. The pastor is deeply indebted to the many who were so faithful, and who helped with their prayers and labors to make the meetings a success.

On Good Friday evening and also on Easter Sunday evening an illuminative effect. Easter Sunday there were fifty folks present at a sunrise service at 6:30. The church was filled morning and evening for the other services of the day. At the morning Easter service, a large number were baptized, and still more were received into the fellowship of the church, making it a day long to be remembered by those present. Training classes will be organized particularly for the young folks received.

Easter Sunday evening was a memorable service with the district superintendent, Dr. H. A. Larson of Ann Arbor, present, who preached an impressive sermon on "Jesus and the Resurrection," following a delightful song service, led by the Prestons. Several more were received into the membership of the church, making a total for the Easter season of fifty. This made a fine culmination of the Easter meetings. The church rejoices with all those who have taken this step for Christ and the Right. At the close of the evening service the pastor called Wm. Sutherland and E. V. Jolliffe, president and secretary of the Board of Trustees respectively, to come forward, and in the light of the cross, after prayer by the district superintendent, these representatives of the church set fire to the church mortgage which disappeared in smoke while the audience arose and sang "Praise God from Whom All Blessings Flow." This was truly a glorious climax to the blessings and rejoicings of the Easter Day, and has given to the Methodist folks a profound conviction that the Lord has surely blessed them and visited them. The church is now free from all debt and encumbrances for the first time in many years.

But the church is now faced with possibly an even greater task than seven years ago, when the church burned, leaving them without any place to worship. After the burning of the mortgage, Sunday evening, the pastor and Mr. Jolliffe presented the need of going forward to build the community house, which has been under discussion for some weeks in order to provide for the growing needs of the Sunday-school, and that the boys and girls who have been crowding our limited building for the last six months to receive religious instruction may have the chance to get the best possible religious training that can be given them. A week ago there were 297 in Sunday-school, and scarcely any place to put them, at least not adequate nor sanitary. And facing this challenge, a number of men present expressed freely their view that the church ought immediately to launch a new building program. Last fall an effort was begun to raise \$15,000 to clear off the present debt of \$2,800, and provide for funds when we get ready to build an addition. Easter Sunday morning, the last pledge came in that put the fund over \$15,000 in cash and pledges. With this in mind, and the fact that now the debt had all been paid from the first installment on the pledges due the Methodists present were asked to express their judgment on the matter of going ahead immediately, and nearly all the Methodists present stood to their feet in favor of going ahead. Of such stuff heroes are made.

Last Monday night the official board of the church met in extra session with every member present, except one who has been in the south for the winter and has not yet returned. After a brief discussion, with not one dissenting voice, the official board voted unanimously to go ahead with the new building enterprise, and complete it this year at a cost of between \$30,000 and \$35,000. The new community house will provide for the religious, educational, social and recreational needs of the congregation for a number of years to come. Reliable, tax-exempt bonds bearing 6 per cent interest will be sold to finance the proposition, which bonds will all be retired in the course of 14 or 15 years.

This action taken by the official board of the Methodist church is destined to mean much for the boys and girls of Plymouth, and the future manhood and womanhood of the community, and should be a cause of rejoicing on the part of all who are interested in the progress and welfare of this growing village.

SCHOOL NOTES

The seniors have definitely decided to leave as a memorial to the school another of the fourteen pictures of the Holy Grail series, which was started by the class of '23. Preparations for the commencement and class day programs have started.

The senior class is sponsoring a movement to beautify the school grounds by planting shrubbery. Each pupil in the school is asked to contribute ten cents. Thus each will feel that he has an interest in it and take pride in keeping it from being trampled on. Boston ivy will be used on the south and east sides, and other appropriate shrubs on the other two sides. The same scheme is to be carried out on the Methodist church grounds.

The Aggie Club met last Wednesday, and heard an interesting and profitable talk by Miss Woodworth of Dearborn.

The basket ball girls are giving a benefit entertainment next Thursday night for the purpose of buying sweaters. They will give a picture show and a short play entitled, "The Revolt." This play takes place at a girls' school, the purpose of which is to teach girls to be model wives. The characters are:

Pauline, who is working her way through—Edith England.
Susan Jane Jones, a staunch suffragette—Jone Bird.
Grandma Gregg—Mena Bolton.
Grace—Jeanette Whipple.
Ida—Margaret Amrhein.
May—Genevieve Bird.
Edith—Elsie White.
Kate—Gladys Hake.

The High school girls' physical training classes have started base ball.

The Physics class had planned a very interesting and profitable evening at Eloise last Tuesday night, but it had to be postponed on account of illness.

At the Parent-Teacher Association Monday, after the election of officers, they were entertained by the following numbers: "Corny Love Song," "The World is Waiting for the Sunrise," Beulah Coe; "The Shell," "Going Through Lorraine," "Fiddle-Dee-Dee," Francis Learned and Loaneta Grove; "Introducing Jimmie," "The Fairies," Doris Hamill. Speeches were given by Mrs. Bird, Miss Allen, Mr. Smith and Rev. Hathaway.

The English 10 class is beginning Tennyson's "Idylls of the King." Six girl scouts and their captain took a short hike along the river last Friday night, cooking supper at the end of the trail.

At the regular meeting of the girl scouts held at the home of Elizabeth Beyer Thursday night, they planned to have a scout garden at Elm Heights.

The boys have started to practice for track. The inter-class track meet will take place next Thursday at the high school. Plymouth defeated Walled Lake in a base ball game here last Friday afternoon by a score of 15 to 6.

GRADE NOTES

Visitors to the first grade last week, were Mrs. Ray Borbacher, Mrs. Guy Dunn and Mrs. Frank Smith.

Howard Strebbling of the third grade, who has been absent from school because of mastoids, is improving.

Spell-downs were held in the fifth A grade and sixth B grade last week. Albert Miller spelled the fifth A down, and Carol Simcock, the sixth B. Clayton Simroit, Detroit, and Floyd Burgett of Port Huron, entered the sixth B grade.

Debates on the subject, "Is Country Life Better than City Life?" were held by the three divisions of the sixth A English class last week. Two negative teams and one affirmative team won.

The Domestic Art Department is a proud possessor of three new White sewing machines.

ELM SCHOOL NOTES

Elm Defeats Stark

Last Friday afternoon the Elm school base ball team played the Stark school team and Elm won by a score of 7 to 4. It was the best game that had ever been played by the two schools. Elm scored one run in the second, one in the third, one in the fourth, two in the sixth and two in the seventh. Stark scored two runs in the first, one in the fourth, and one in the sixth. The third home run of the season was scored by L. Simmons. W. Hawkins and F. Wilson made the other two.

The Elm base ball team will play the Taylor Center school this Friday afternoon, April 25, at 3:00 o'clock, at Taylor Center. All are welcome.

Line-up for Elm.—F. Wilson, first base; C. Schaffer, second base; W. Sharrow, third base; W. Hawkins, short stop; H. Cline, left field; M. Petch, center field; N. LeVasser, right field; J. LeVasser, catcher; L. Simmons, pitcher.

BOY DIES UNDER SMASHED AUTO

A holiday outing ended disastrously Sunday afternoon, when a touring car speeding on Wayne road, one-half mile north of Wayne, Mich., overturned, killing six-year-old Joseph Szepton, 2231 Holbrook avenue, and seriously injuring his parents, Mr. and Mrs. Peter Szepton, and his ten-year-old sister, Jennie.

According to the state police stationed at Wayne, the car was traveling at such a rate of speed that when it hit a slight obstruction it turned over. The boy was pinned beneath the frame of the car. He died instantly.

The others were rushed to Eloise hospital as soon as state police extracted them from the wreckage. They were unconscious and suffering from bruises, cuts and internal injuries. The boy's body was taken to Wayne.—Free Press.

M. A. C. GIVES PLANS FOR LIME SPREADER

NEW BULLETIN TELLS HOW TO ASSEMBLE HOME-MADE EQUIPMENT.

Plans and specifications for the construction of a simple home-made lime-spreader, known as the Simplex, have just been published by the agricultural engineering department at the Michigan Agricultural College.

The spreader is designed to be attached to a wagon box or rack, and is simple enough to be built by the local mechanic. It is not intended to take the place of the commercial spreader, but it will answer where small acreage is to be spread.

The pamphlet, which is Circular Bulletin No. 62, Agricultural Experiment Station, Michigan Agricultural College, may be had on request of the dean of agriculture, East Lansing, Michigan.

Helps Over Hard Places
Diluted with a little sweetened water, Chamberlain's Colic and Diarrhoea Remedy is easy to take, and almost instantly eases sudden and intense stomach pains, cramps and intestinal disorders. A mother is perfectly safe in giving it for those stomach aches so inseparable from childhood.—Advertisement.

THE THEATRE

"THE MAN LIFE PASSED BY"

Coming to the Penniman Allen Theatre Saturday, April 26th, is the new Metro picture, "The Man Life Passed By," which Victor Schertzinger directed from the story he wrote in collaboration with Winifred Dunn, who did the scenario.

Percy Marmont has the title role of a man whose bitterness against the world nearly proves his own undoing, until love takes a hand in the person of the daughter of his worst enemy. Hobart Bosworth is "Iron Man" Moore, who ruined the unrecognized inventor, and it is a novel coincidence that Jane and Eva Novak have sister roles in the photoplay as his daughters. Cullen Landis is the father's secretary, in love with the younger daughter. This combination of characters is set in a series of incidents that develop into a great emotional struggle.

Many thrills and dramatic situations make "The Man Life Passed By" one of the notably entertaining motion pictures of the year. J. J. Hughes was art director, and Chester A. Lyons photographed the production.

"SINGER JIM MCKEE"

One of the most appealing of human relations is the friendship of man for man. There is something noble and inspiring about the attachment of those two classical heroes, Damon and Pythias, that has come down as one of the enduring episodes of history.

A similar situation is to be found in the story "Singer Jim McKee," William S. Hart's latest production for Paramount. Singer Jim's friendship for his partner, Buck Holden, and Holden's love for Singer, is portrayed in an appealing manner. It was a great friendship, the sort that could survive moments of anger, and be the stronger and more tender for the storm.

It is the sort of friendship that one finds out in the mountains, where human relations are sincere and lasting, and bound with the strength of the mountains themselves.

It is an element of appeal that never fails to grip an audience, and certainly the theme has never been portrayed more beautifully in any photoplay than in "Singer Jim McKee," coming to the Penniman Allen theatre Sunday and Monday, April 27 and 28.

Phyllis Haver, leading woman, heads the supporting cast, which includes Ruth Miller, Gordon Russell, Edward Coxen, Bert Sproutte and many others. Clifford S. Smith directed.

"THE NEXT CORNER"

Trust to luck! Be a gambler! This, the advice a mother gives her daughter in the Sam Wood Paramount production of "The Next Corner," coming to the Penniman Allen theatre on Wednesday, April 30th. Instead of relying on fickle fate, plans for the picture were worked out with extraordinary care.

Conway Tearle, in a leading masculine role, has the part of Robert Maury, globe-trotting mining man, who leaves his wife to the destinies of Paris for three years. Dorothy Mackall, former Follies beauty, who is making her Hollywood debut in the production after notable appearances in stage and screen plays east, is the wife.

Lon Chaney, renowned delineator of unusual types, has a leading part in the character of "Sesamin," intriguing foster brother of Don Arturo, a Spanish Apollon who plays upon the hearts of women and pays dearly. All three are featured. Others in the cast of this highly exotic modern screen drama, which includes in its locale action taking place in Paris, the Pyrenees of Spain, and Venezuela, are Louise Dresser, Ricardo Cortez, both featured, and Remea Radzina.

START TESTS FOR BETTER CUCUMBERS

M. A. C. AND PACKERS ASSOCIATION CO-OPERATE IN EXTENSIVE EXPERIMENTAL PROJECT.

A better pickling cucumber, especially adapted to Michigan conditions will be sought in a five-year breeding project just inaugurated through a co-operative agreement between the horticultural department of the Michigan Agricultural College and the National Pickle Packers' Association.

Under the plan adopted, the packers' association will furnish funds for graduate fellowships in research work, the graduate students carrying on the test and experiment projects under the direction of members of the college horticultural staff.

Location of this project at M. A. C. was decided on by the national association after consideration of many similar institutions. Michigan's large pickle industry and the facilities available at the college for the type of work desired, led to the selection, it is said.

AROUND ABOUT US

June 19, 20 and 21st are the dates for Farmington's centennial celebration.

Robert Minnock of Beech road has purchased the Woodworth home on Lincoln avenue.—Redford Record.

Emory E. Leland, present judge of probate of Washtenaw county, has announced that he will be a candidate for re-election at the August primaries.

Ground is soon to be broken for a home for nurses at the Detroit Tuberculosis Sanatorium, the new building to be 80x80 feet in size, three or four stories in height.—Northville Record.

Vernon Spencer of Wixom will play ball again this year with the Buffalo Club, which opened the season April 16 at Baltimore, Maryland. For the past three weeks he has been training with the team at Rome, Georgia.

Frank Perrin completed forty-five years service as constable on Wednesday of this week, and we doubt if there is another officer in the state who can boast of such a long official record. Mr. Perrin is hale and hearty and declares he is prepared for forty-five years more.—Northville Record.

Extension of laws regulating fishing in Livingston and Washtenaw counties has been made by John Baird, state director of conservation, following an appeal by residents of the counties. No fishing will be allowed in the two counties from April 1 to June 15, according to the new order.

The interest in Ann Arbor's centennial is so slight that efforts to celebrate on a large scale have been abandoned. The committee has decided to complete the history of Ann Arbor, to mark historical sites, recommend special programs in the schools and will have a one-day celebration to consist of an old settler's picnic and barbecue.—Ypsilanti Record.

Sportsmen of Oakland and Livingston counties are promoting a movement to make Dunham Lake a fish nursery. The plan is to close the lake to all fishing, stock it freely with large mouth black bass and when these fish have increased sufficiently, to use the minnows for stocking other lakes in the two counties. It would be an interesting experiment but cottagers around the lake might not appreciate it.—Milford Times.

Washtenaw county now has \$74,113.40 for road building. This sum was paid to County Treasurer Mabel E. Blum by the auditor general and is the county's share from automobile taxes collected during the first quarter of 1934. Half of the automobile taxes collected by the state is paid back to the counties. The total amount collected in this county was \$148,228.40 during the first quarter from Jan. 1 to March 31.—Ypsilanti Record.

The city of Wyandotte practically doubled its area at the recent election and the new territory roughly extends from Ecorse river on the north to Pennsylvania avenue on the south, and from the present westerly limits of the city to Ford street. Developments of the Ford at the Rouge, and the prospect for new manufacturing establishments are grounds for conviction that the side of ten years Greater Wyandotte will have 75,000 population.

Many farmers in the vicinity of Redford have held auction sales this spring, and have sold their farms for subdivision purposes. A farm that is favorably situated will bring at least \$1,000.00 an acre and if it has any Grand River avenue frontage the sale price will approach \$2,000.00 an acre. Two local farms which have recently been sold are the Stuart Reed 150 acres on the Southfield road at \$1,000.00 per acre and the Mrs. Frank Carpenter farm just east of Clarenceville at \$1,500.00 per acre. The Carpenter farm had 40 acres on each side of Grand River. Several farmers in the vicinity of the Reed farm have already disposed of their holdings, and if the buying continues, acreage in the vicinity of Redford for the subdivider will soon be a thing of the past.—Redford Record.

PUBLIC HEARING ON BUDGET NEXT MONDAY EVENING

The village commission will hold a public hearing on the subject of the budget for the year of 1924, at the village hall, next Monday evening, April 28th, at 7:00 o'clock. This meeting is called for the purpose of allowing any interested taxpayer to examine and comment on the expenditures proposed for the year. Every taxpayer should be interested in this matter.

PLYMOUTH WINS FROM NORTHVILLE

Northville lost to Plymouth in a base ball game here, last Tuesday afternoon, by a score of 23 to 5. German for Northville, did some good pitching, but had no support from the rest of the team. Northville was handicapped by the fact that their regular catcher was ill and unable to play. Taylor of Plymouth pitched a fair game, having three hits in the first four innings, four runs in the fifth and no hits in the sixth. There were eight outs for Plymouth, two for Northville; seven hits for Northville and fifteen hits for Plymouth. There were numerous errors on both sides. The Plymouth line-up was as follows: Catcher, Chas. pitcher, Taylor; first base, Sayles; second base, Doudt; third base, Rowland; short stop, Sump; right field, Trimble; center field, Stevens; left field, Curtis. Substitutions—Holmes for Stevens; Wilson for Curtis. Umpire, Morse, M. S. N. C.

Plymouth and Redford are tied for first place. Plymouth plays at Redford, Friday afternoon.

DEATH OF MRS. MARY VAN VOORHIES

Mrs. Mary VanVoorhies was born in Salem Township, near Salem, Michigan, September 2, 1836, the daughter of Mr. and Mrs. Samuel J. Freeman. February 20, 1857, she married Peter VanVoorhies, and lived with him west of Plymouth. This union was blessed with two children, a son and a daughter, who are both living. Mr. VanVoorhies died six years ago, and from that time on the deceased lived with her daughter, Mrs. J. Marshall here in Plymouth. Mrs. VanVoorhies had been in poor health for a number of years and was not able to leave the house. About a week ago, she received a paralytic stroke and was unconscious until the end. She died peacefully Sunday morning at ten o'clock. She attained an age of 87 years, 7 months and 18 days. She leaves her son, Albert VanVoorhies, of Phoenix, Ariz., a daughter, Mrs. J. Marshall, of Plymouth, one grandson and two great grandchildren of Kendallville, Indiana.

Funeral services were held at the Schrader Bros. Funeral Home, Wednesday, at 2:00 o'clock, Rev. Charles Straesen officiating. Interment at Riverside. Mrs. J. P. Williams sang two appropriate solos.

GRANGE NOTES

Take Notice—The meeting next week will be Friday evening, May 2, instead of Thursday, as announced last week. Remember, the Belleville ladies provide the program. A good time is expected and attendance is desired. Refreshments will be served. April 14th was an unusually successful meeting, the subject for discussion being "The difference between city and rural schools."

Our worthy lecturer announced having received a box of exceptionally fine grape fruit from A. H. VanVoorhies of Arizona, in response to his invitation to the Golden Jubilee.

The Lily Club held a very delightful meeting at the pleasant home of Mr. and Mrs. Frank Palmer Tuesday evening, April 20. A good attendance with the usual schedule carried out. Mrs. Nelson Cole and Walter Smith won first prizes, and J. C. Root and daughter, Ruth, received consolations.

The club has under consideration the painting of the exterior of the Grange hall.

The next regular meeting will be May 20th.
