Why You Should Build Now!

The average man builds one house in a lifetime. It means a considerable outlay of money.—BUT—that house will last twenty-five years or longer, AND the amount of money required to supply the average family with food for the same period will far exceed the cost of the house. So, after all, the HOUSE is NOT the BIG item of living expense.

Dr. W. H. Venn of Detroit, will preach next Sunday.

Achievement...

Achievement is relative. It is measured by what one might have done. You have not really achieved until you have done the best that your opportunities and ability warrant.

It is often argued that money is not the measure of achievement or of success, but money is often the stepping stone to success. It will help you make the most of your opportunities.

The best way to accumulate money is to have a bank account. Start one at this bank to-day.

 SERMON BY THE PASTOR

It is for us, the living, rather to be dedicated here to the unfinished work they have thus far so nobly carried on. It is rather for us to be busy dedicated to the great task remaining before us, that from these honored dead we take increased devotion to the cause for which they gave the last full measure of devotion; that we here highly resolve that these dead shall not have died in vain, that the nation shall under God, have a new birth of freedom, and that the government of the people, by the people, and for the people, shall not perish from the earth.—Abraham Lincoln

START IN EARLY

If there was a deadly reptile in your yard, and someone told you that that single reptile would breed almost a thousand of its kind before many weeks rolled by, the chances are you'd be sufficiently alarmed to slay the reptile. And yet there are citizens of Plymouth who permit another death-dealing pest to live and multiply into the tens of thousands in a few weeks and pay little attention to it. We refer to the common, ordinary, germ-carrying housefly.

They are not here in large numbers yet, so there's no excuse for not winning the fight against them this year. If you could only bring yourself to believe that a single housefly will lay enough eggs to produce 900 of its kind in a single season, then you would realize how well you are fighting them every time you even kill one. We believe it's the duty of every doctor to warn his community about the deadliness of this seemingly innocent pest. Everyone, and especially children in our schools, should know that the fly carries typhoid fever more swiftly than any other agency. It breeds and lives in filth, and as a germ carrier has no equal.

Start screening now—start swatting now. Because we went through last season without an epidemic of sickness is no sign we'll do the same thing this year. Here and now is your chance to prove that an ounce of prevention is worth a pound of cure.

THE PAPER BORROWER

It is our understanding that the man who borrows his home paper because he is too stingy to subscribe for it, is the same man who has invented a machine by which he can cook his dinner by the heat that escapes from his neighbor's chimney. He is also said to be the man who sits in the last pew in church so he can keep his nickel out of the contribution box longer than the rest, and thus gets more interest on it. Someone has accused him of even borrowing rides to town so he would not wear off the rubber on the tires of his own machine. You all know him, this fellow who borrows his neighbor's paper because he is too stingy to subscribe for it himself. But if you don't recognize him off-hand, maybe you will when we tell you he is the same chap who uses the wart-on the back of his neck for a collar button because he is too stingy to pay a dime for a dozen of them.

ALUMNI BANQUET PLANS WELL UNDER WAY

The Plymouth High school alumni association will hold its annual reunion and banquet at the High school auditorium Friday evening, June 20. The committee in charge have promised a program and a reunion of unusual interest. A special effort is being made to bring in the out of town Alumni, and already many from distant points have signified their intention of coming.

A regular banquet will be served, and it is intended that covers will be spread for each class at separate tables as far as the attendance will permit. This, the committee believes, will do much to increase the spirit of reunion, and will automatically put each alumnus among his old classmates.

Paul W. Voorhies will preside as toastmaster. This is in itself a guarantee of an interesting program. Among those responding to toasts will be W. N. Isbell. Mr. Isbell has probably handed diplomas to more alumni of Plymouth High than any superintendent before or since his time, and it is certain that addition of his name to the program will bring out scores of his old students, who will welcome this opportunity to again clasp his hand.

The annual alumni banquet is rapidly assuming its place as a community institution, and the committee hopes that every graduate and friend of old Plymouth High will keep an open date for June 20th, and turn out in large numbers and help make the 1924 reunion a long to be remembered occasion.

Ticket sale and further particulars will be announced later.

COMMUNITY HAPPENINGS

The Canton Community Club's May meeting will be with Mrs. Louise Hutton, Wednesday evening, May 28th, which will probably be Miss Woodworth's last meeting with us, as she leaves soon for the upper part of the state. It is just possible our new demonstration agent will be at this meeting. Ice cream will be served. Ladies please bring cake and dishes. Remember all are welcome at these meetings, and pleasing entertainment assured.

WILL ADDRESS LEAGUE OF WOMEN VOTERS.

Mrs. A. B. VanAken of Detroit, will address a meeting of the League of Women Voters at the home of Mrs. Phoebe Patterson, Tuesday afternoon, May 27th, at 2:00 o'clock. All women who are interested in the work of the league, are invited to attend this meeting.

TOWNSHIP BOARD OF REVIEW

There will be a meeting of the Township Board of Review of the Township of Plymouth, at the village hall, Tuesday and Wednesday, June 3 and 4.

The Better Way To Buy a Motor Car

Most persons dislike mechanical details. But how a motor car is engineered and built, and what it is built of, are both extremely important. That is why automobile buyers today are discounting glib selling talk and demanding assurance that a car will stand up and give low-cost service. There is only one way you can get such assurance. You must see for yourself how it is engineered and built—and of what it is built. The Hupmobile Parts Display gives you the Hupmobile story at a glance. It is interesting—and enlightening. You should by all means see it. Come in soon.

Hupmobile brake and clutch pedals are good examples of the safety built into the Hupmobile. They are drop-forged, double heat-treated steel, also the hand-brake and gear-shift levers, brake-rod devices and toggles—much stronger and safer than the less costly low carbon steel or malleable castings often used.

ANOTHER SUCCESSFUL

BABY CLINIC HELD

What is a baby clinic? Ans.—A polling place where a woman voter brings the baby citizen to register his first vote for laws of health, the biggest item of life.

There are societies in plenty for hygiene of baby pigs, calves, lambs and colts, then surely the best is none too good for baby girls and boys. Baby's natural instinct is gregarious—he loves a party with his own kind—he loves to come and learns to mix. A clinic is for well babies, and all babies who go, keep well.

Wednesday afternoon was a big inspiration—22 babies in the class, and the mothers enthusiastic fans. It's wonderful to know what to do for the joy of the home; love alone will not be sufficient. Baby's report card once a month makes good reading matter. Dr. Brady, the baby specialist of Detroit, the school nurse, and the helpers of the Woman's club which indorsed the move, are a splendid team, and results are already apparent. The clinic is held the second Wednesday of each month at 2:00 o'clock.

At the recent convention in Detroit, of the Parent-Teachers' Association of Michigan, delegates congratulated the most, were those who reported having health and baby clinics.

METHODIST NOTES

The memorial service for our departed war heroes will be held at this church Sunday morning, at 10:00. All veterans and their families are invited to be present.

The churches will begin this year, the custom of holding the service by rotation in each of the churches, and the pastor of the church where it is held preaching the sermon.

A section of the church will be reserved next Sunday, for members of the G. A. R., and related organizations. All who served in any of our American wars are invited to the service.

The pastor will speak Sunday morning, on, "The Union Forever." The Sunday evening topic is, "The Divine X-ray."

Tuesday evening at 7:30, the Epworth League will hold a business and social meeting at the church. The social program will be in charge of our new 4th vice-president.

The following officers were recently elected for the Epworth League, and were installed at the anniversary service held on Sunday evening, May 11th. President, Pierre Kenyon; 1st vice-president, Elsie White; 2nd vice-president, Miller Ross; 3rd vice-president, B. J. Holcomb; 4th vice-president, Mary Parrott; secretary, Grace Lee; treasurer, Ruth Wilkin; pianist, Gertrude Kenyon.

At the Anniversary Service above mentioned, each one of the officers present, spoke briefly on the work of their various departments, and appealing to those present to assist them this year to make the League function more largely. We believe we have a splendid group of officers this year for the young people's work. We bid them Godspeed in their efforts.

The officers were installed "in the Light of the Cross," after which the invitation was given for all the young folks present who would dedicate their lives with these leaders to help win the young life of Plymouth for Christ, to come forward around the altar in prayer. Nearly all the young folks present came. It was an earnest, inspiring sight. May the Lord richly bless the youth of Plymouth, and help them to see in Christ their true Leader and Friend.

Mid-week service of worship, at 7:30 Thursday evening.

ANOTHER FREE LECTURE

Next Sunday, May 25th, at 8:00 p. m. at Grange hall, Plymouth, another lecture will be given under the auspices of the International Bible Students Association by T. J. Scannell of Pittsburgh, Pa. His topic this time will be, "The Greatest Crisis of the Ages at Hand." Those who heard Mr. Scannell last Sunday, can confidently vouch as to his ability to handle this topic. You are certainly missing something which you had not ought to miss if you let this man get out of town ere you get his message. Seats free. No collection.

BOX SOCIAL

There will be a box social held at the Livonia town hall, Friday evening, May 23rd, for the benefit of the Livonia cemetery. If you are interested in the cemetery and the matter of getting some one to care for it the coming year, please come out to this social and help boost the good cause along.

Today's Reflections

Ben Franklin got his picture on the new \$100 bills. But most Plymouth people would be satisfied just to get their hands on them.

Popular song writers say radio is ruining their business. That's the best thing we've heard yet in favor of radio.

Every now and then you encounter in Plymouth, the fellow who would rather find an argument than find a pocketbook.

When the modern woman goes into a store for powder, the clerk is justified in asking: "Face, baking or gun?"

Women in the South Sea islands are quoted as low as \$2.85. We would like to ask if this means dressed?

We wish we could make every young man in Plymouth understand that when a girl runs her fingers through his hair, it's time for him to either propose or go home.

About the time the radio man starts in to tell a bedtime story, the average American kid is just getting ready to go to the movies.

They say it takes nine tailors to make a man, but if he happens to be a married man one dressmaker can break him.

More than one Plymouth citizen goes around the house singing "Heaven is my home," and then yells for a doctor every time a pain strikes him, and he thinks he's going there.

Bobbed hair doesn't cause women to get bald, but it has caused many a one to get bawled out.

It has been our observation that the man who thinks twice before he speaks usually keeps his mouth shut.

Many a Plymouth girl has listened to honeyed words only to find out that she has been stung.

It may not be of interest to the general public, but every time we see one of these Boston bull dogs we can't help feeling he'd be better satisfied with less pedigree and more tail.

How does it come they call them "hooze-runners" when they transact most of their business while standing still?

KING'S CORNERS

Mrs. Lockhart, Sr., returned to her home at Vassar, Mich., the week-end.

Mr. and Mrs. J. Frank Parrish and Mr. and Mrs. Charles Parrish were Sunday visitors of the latter's daughter, and husband, Mr. and Mrs. Charles Kaiser and family, in Superior.

The Helping Hand Society will meet Wednesday, June 4th, at the home of Mr. and Mrs. Arthur Hanchett of Perrinville. All welcome.

The item last week should have read that the teacher and scholars gave Mr. Parrish, the junior, a little jubilee in remembrance of his 71st birthday, Tuesday, May 19th, instead Mrs. Parrish.

Mrs. Nowacki and daughter, Violet, visited William Nowacki, who was in a hospital in Detroit. He is now staying at the home of his brother there, where a doctor may be

called to see him, as he does not improve as rapidly as his friends would wish.

Some of the children and grand-children and other friends to the number of 32, came with well filled baskets, Tuesday evening, May 20, to help Mrs. Parrish celebrate her 71st birthday. The evening was spent with music and a good social time. After refreshments were served, they all departed for their homes wishing Mrs. Parrish many happy returns of the day.

There was a white frost Wednesday morning, May 21st, in this vicinity.

Mrs. Fred Golic and daughter of Charleston, are making an extended visit at the home of the former's mother, Mrs. Ed Pettibone, on Warren avenue.

Mrs. McCracken entertained company from the city Sunday and Monday.

Mrs. Kohnitz and family were Sunday guests at the home of her sister, Mrs. Otto Kaiser and family.

Mr. and Mrs. Robert Johnston spent Saturday and Sunday at the home of the former's sister and husband, Mr. and Mrs. Arthur Kreger at Fanklin.

Mock trial at Penniman Allen theatre, tonight, Friday. Let's go.

The Song of the Builders

ON every hand is heard the rattle of the builder's hammer and the rasp of his saw. Overnight, it seems, buildings rise—new streets appear.

And the thousands of new homes and great buildings increase the problems of the public service companies.

This Company attempts to foresee the great growth of service demand and extends its plant into new districts as rapidly as possible, in an effort to most efficiently serve the people of Michigan.

However, sudden unforeseen population and industrial growth frequently make it impossible to furnish utility service at all points immediately upon demand. Hundreds of new telephones are wanted. The Telephone Company's problem is the same as that of the water, sewer, gas, electric, street, and school services.

But Telephone Plant expansion is breaking all records. Thousands of new instruments are being installed, miles of new circuits are being built and additional exchange facilities are being provided, to meet the call for service.

Everything possible is being done to provide service for all who desire it.

THE THEATRE

"A BOY OF FLANDERS"
Jackie Coogan is back in rags! After appearing as a little crown prince in "Long Live the King," the screen's great child star will now be seen in more familiar garb in his latest Metro picture, "A Boy of Flanders," which is coming to the Penniman Allen theatre Saturday, May 24th.
"A Boy of Flanders," called by critics the best of Jackie's productions, is a free adaptation of the literary masterpiece by Ouida, "A Dog of Flanders," which tells the beautifully touching story of a boy and a dog. This gives the little star the greatest chance at acting—real acting—he has ever had, and provides the finest entertainment he has contributed to the screen.
A special matinee will be given on Saturday afternoon, at 2:30 o'clock.

"A SON OF THE SAHARA"
One of the most ambitious motion picture ventures ever undertaken ended recently when, after five months spent in Algeria and France, Director Edwin Carewe and his company of American players returned with the completed film of "A Son of the Sahara," which will be the First National screen offering at the Penniman Allen theatre, Sunday and Monday, May 25 and 26.
Mr. Carewe's cast consisted of Bert Lytell, Claire Windsor, Rosemary Theby, Walter McGrail, Montague Love and Paul Panzer, all of whom are now back in the United States.
The company spent the majority of its time in Biskra, on the edge of the Sahara, where the exterior scenes were filmed in the actual locale of Louise Gerard's story. With the co-operation of the French and native authorities many desert scenes were obtained, which, it is expected, will exceed in realism anything of the kind ever before screened.
In some of the bigger scenes thousands of native Arabs and a thousand camels were massed before the camera. One of the thrills of the picture will be the storming of a French outpost, defended by Sudanese troops, by a horde of desert Arabs. During the filming of another scene, showing an ancient slave market, an entire Algerian town was turned over to the American director and the entire populace lent atmosphere to the picturesque scene.
Following the Algerian sequences, lavish interiors were filmed at the Eclair studio in Paris. With the completion of these scenes the company returned to America confident in the belief that they had helped to give the screen one of its most interesting offerings to date.
"A Son of the Sahara" is the fourth of a series of Edwin Carewe Productions for First National.

"LADIES TO BOARD"
Tom Mix has scored another motion picture comedy success. It is called "Ladies to Board" and will be shown at the Penniman Allen theatre Wednesday, May 28th. Jack Rytstone, who directed Mix in "Soft

Boiled," his most recent example of screen humor, adds another feather in his cap in this production. It is funny, virile and full of Mixian action and proved to be a type of picture admirably adapted to Mix's work.
William Dudley Pelley, who wrote "Ladies to Board" has furnished a genuinely funny situation. Mix inherits an old ladies' home and his efforts to conduct it get himself and Poe Wee Holmes into all manner of laugh provoking complications. Tony, the wonder horse, is at Tom's disposal and he makes the best of his superb horsemanship. He furnished some additional thrills by climbing perilously around the structural work of a half completed sky scraper.
Gertrude Olmsted as the girl is winsome and displays a rare dramatic ability. Others in the cast are Phil McCullough, Gertrude Claire, Fay Holderness and Dolores Rousseau.

AROUND ABOUT US

W. A. Ely has purchased the lot and barn on Linden street, between the Dubuar and Foster places, and will erect a new residence on the premises.—Northville Record.

A new Air-operated fire alarm has been ordered by the village council of Rochester and will be installed immediately upon its arrival. The Diaphone shrieks F-I-R-E in an unmistakable tone and there will be no danger of confusing it with any other whistle.

Millions of young perch from the Drayton Plains fish hatchery have been planted in Oakland county lakes the past week. 230 cans of perch were emptied in Lakeville, Oakland, Otter, Cass, Walled and Pine lakes and 200 more cans were dumped in other lakes in that vicinity.
Royal Oak business men are promoting the erection of a new \$500,000 moving picture and vaudeville theatre in that city. A site has been chosen and it is expected that work on the new structure will begin during the next few weeks. The theatre as planned will seat 2500 people.
Recently the Michigan Historical commission indorsed June 17, 1824, and Grand Blanc as the first white settlement date of Central Michigan. This means that this part of Michigan has arrived at its first centennial year. Cultivation of the soil at other points has not been found prior to the date named. The first settler was Jacob Stevens who came from Lima, N. Y. Plans are being made for a celebration June 17 at Grand Blanc.

The marriage of John Meyer, of Superior township, to Miss Beatrice Martin of Pinckney, took place Wednesday evening at 8:00 o'clock at the home of the bride's parents, Rev. Hugo Fenker, of this city, officiating. The bride, who was given in marriage by her father, was beautifully gowned in white silk. The attendants were a sister, Miss Beatrice Martin, and Mr. Paul Trantow. A sumptuous wedding dinner was served immediately after the ceremony. After a short wedding trip Mr. and Mrs. Meyer will be at home at the Meyer farm in Superior. Special Record.

The ten mile Michigan state championship motorcycle race will be staged at the fair grounds in this village on Friday afternoon, May 30th. In addition to this classic there will be eight other races and the total number of entries now exceeds forty, insuring a large field of flyers in the several events. In addition to the races there will be motorcycle polo game, which will create a great deal of excitement and not a little excitement. The first race will start at 2:30.—Northville Record.

P. H. S. RESERVES TAKE FIRST GAME FROM WAYNE

By Ralph Burch
With very little practice, the second team defeated Wayne Reserves by the score of 22 to 4. During the first and second innings the Plymouth team did not get a hit. In the third inning, eleven runs were made. In this same inning, Davis Wilson was relieved by Taylor. Wayne used four pitchers, but none of them could do much to prevent our boys from hitting the ball. Plymouth had made 18 hits and Wayne 6. Mr. Smith, second team coach, looks forward to a successful season.

The line-up for Plymouth—Mills, Wilson, p.; Arnold, 1st b.; Ann, 2d b.; Taylor, 3d b.; Losey, r. f.; Miller, c. f.; Millard, l. f.; Shomberger, s. s.

FIRST TEAM GAME

By Corette Hough
Plymouth won from Northville in the hardest game of the season, with the score of 8 to 7. With two men out, two strikes on the batter, and one score behind, Plymouth defeated Northville. Thursday, Seales and Trimble made possible the victory when the former, with two out and two strikes called on him, hit the next pitched ball for a single. Then Trimble followed through with a two-base hit that won the game for Plymouth.

Due to the fact that Redford was beaten by Farmington Friday, we are now tied for first place with Redford.

JUNIOR-SENIOR BANQUET

By Marian Bennett
The Juniors took the Seniors to Japan, Friday evening, at the annual Junior-Senior banquet which was celebrated this year as the Feast of Lanterns. Under a Japanese pagoda decorated with cherry blossoms and Japanese lanterns, tables were placed for one hundred and thirty seniors, faculty, board of education and their junior hosts.

The tables were decorated with vases of cherry blossoms and paper lanterns from which the blue smoke of burning incense arose. The Japanese was carried out to the very minute details. The menu consisted of: Swallows in a shower—fruit cocktail, sparrows—chicken a la king, stones from heaven—mashed potatoes, kabons—green peas, red, white and green, duck, radishes, celery and olives, white bamboo-buttered rolls, chow—cabbage and pimento salad, yum yum—cake, fuji-yamas—ice cream, and fire water—coffee.

This was served by some of the sophomore girls, dressed in Japanese kimonos, and so lending a true Japanese effect.

After the delicious banquet dinner, the Mikado, Mary Parrott, president of the Junior class, as toastmistress, gave a very splendid toast, "The Flowers that Bloom in Spring," to the Seniors, in which she likened each member to a flower. This toast was answered by a toast, "The Land of the Rising Sun and Daughter," to the Juniors, by Clifford Cline, president of the Senior class.

Pierre Kenyon, "The Wind Imp," sang two beautiful solos. Louva Rowland followed this by a very appropriate toast, "The only Big Exciters," to the faculty and members of the Board of Education.

Mr. E. Joliffe then responded by a toast "Pah Jongg," in which he stated that because of the great expense of the Junior-Senior banquet, the Board of Education had decided to give the Juniors a gift of twenty-five dollars, and thus start a precedent for the following Juniors. Mary Parrott, in behalf of the Junior class, then thanked the Board of Education.

Miss Schmid, representing the faculty, gave a very delightful toast with the subject, "Mah Jongg," in response to Louva Rowland's toast. The girls, dressed in Japanese costumes, gave a quaint Japanese dance, and sang the "Japanese Sandman," which was greatly enjoyed.

James Hickey, in his usual clever manner gave a toast to the Junior and Senior girls, "Meadames Butterflies," Dorothy Melow responding with a toast to the Junior and Senior boys, "Broken Blossoms." The last toast was given by Ernest Ambrus, "Jiu Jitsu," to the athletes. This completed a perfect program.

The banquet was prepared in a most efficient manner by the ladies of the O. E. S. The hand painted programs were made by Thelma Peck for the girls, and by Florence Cline for the boys. The success of the banquet was due largely to two chairmen, Gladys Hake, of the menu committee and Florence Cline, of the decoration committee.

GRADE NOTES

By Corette Hough
The following have left the third grade: Chester Janes, who leaves for California; Annabelle Whitney, who leaves for Detroit, and Winifred Holcomb, who has left for Cass Lake.

Dorothy Hubert of Lansing, entered the fourth A this week. Several visited the sixth grade, Friday.

Sixth A history class is studying Modern Americans. Mrs. Stewart Dodge visited the first grade last Thursday.

Jane Bauer has recently returned to the first grade from Detroit.

Edward Level of the first grade, has not been absent nor tardy this semester.

By Ralph Burch
The exhibit held by the lower grades, from two until five o'clock, last week Friday afternoon, was well attended, and the work well worth seeing. Each room had penmanship papers, drawings from Physiology, Hygiene and Geography, short stories and copies of stories written by the children, art books, cuttings and colorings, drawing of various objects, such as of one locomotive, were very well drawn.

From the first grade room through the sixth grade there were some very fine examples. In the domestic science room were examples of needle work by the girls of the grades, and in the manual training room were many well made articles in carpentry. All in all, the pupils may be proud of their work.

Chief of Police Springer, is making a campaign to round up all the dogs that are running at large without a muzzle and not wearing a license tag. The chief has already shot a number of the canines, and more will meet the same fate if their owners do not comply with the law. The dog nuisance in Plymouth has become a serious problem, and the authorities have received many complaints of late. An epidemic of rabies has broken out among dogs in some places, but fortunately Plymouth has thus far had but one case of this kind, and it is well to take care of the dogs running at large about the village, and not properly muzzled, before some person or child is bitten with serious or fatal results.
