## Why You Should Build Now!

The average man builds one house in a lifetime. It means a considerable outlay of money—BUT—that house will last twenty-five years or longer, AND the amount of money required to supply the average family with food for the same period will far exceed the cost of the house. So, after all, the HOUSE is NOT the BIG item of living expense.

## VETERANS HONORED ON MEMORIAL DAY

Memorial Day was appropriately celebrated in Plymouth last Friday, with services at the High school auditorium, at which the Civil War veterans of this community were guests of honor. Upwards of 300 citizens of Plymouth attended the services, which were in charge of George A. Smith, as chairman of the Chamber of Commerce Memorial Day committee. The service was opened by the singing of "America," led by Calvin Whipple, after which the Rev. S. Conger Hathaway gave the invocation. This was followed by the local, troop of Boy Scouts under command of Scoutmaster D. D. Nagle, who repeated their Scout Oath and gave the flag salute. The fifth grade students then sang a chorus, after which the chairman introduced the speaker of the day, Rev. Frank Copeland of the Episcopal mission church of Plymouth.

Mr. Copeland responded with an appropriate address in which he paid due honor to the Civil War veterans, living and dead, who by their sacrifice and suffering made possible a united nation. Mr. Copeland is a forceful speaker and he brought home to his auditors the lessons and real meaning of Memorial Day, which are so apt to be forgotten by the present generation.

Mr. Whipple then led in the singing of "The Star Spangled Banner," which concluded the exercises at the school.

The Boy Scouts marched out of the building and formed two lines through which the veterans passed on their way to automobiles which were waiting to carry them to Riverside cemetery, where they decorated the graves of their comrades who have answered the last roll call.

When we think of the number of G. A. R. veterans who assembled in Kellogg Park on Memorial days of ten or fifteen years ago; of the spring of their steps as they marched in formation to the village hall for the annual Memorial service, we cannot but be reminded of the rapidity with which they are being summoned to join their comrades of bygone years. It is extremely gratifying that so many of our people recognize the value of their services and devotion to their country in sufficient measure to come out and take part in a service of memory to them and their departed comrades. It is, after all, the least that can be done in their honor.

## CORRESPONDENCE SCHOOL HAS EXHIBIT HERE

R. E. Gillum, superintendent of the Detroit District of the International Correspondence School of Scranton, Pa., made the Mail office a pleasant call Monday. Mr. Gillum was here to arrange for the educational display, which the school is making at the Hovey confectiory store on Penniman avenue, from June 2 to 8. Philip Gots, who is in charge of the display, will be pleased to give advice in the various courses taught, also the method of instruction, length of time to complete the course of study, etc. The International Correspondence School started its first course in 1891. The school has 300 first grade courses and 40 second grade courses. Since the school was established it has had an enrollment of three million students. More than 50,000 have enrolled in Wayne county since the school has been established. Many of the men in charge of the large industrial plants in the city have taken courses in this school, which is recognized as one of the largest and best in the country. We call your attention to their ad on another page of the Mail.

## LEAGUE OF WOMEN VOTERS HEAR SPEAKER

A meeting of the Plymouth branch of the Wayne County League of Women Voters, was held Tuesday, May 27, at the home of Mrs. Phoebe Patterson. The meeting was addressed by Mrs. May VanAlken of Detroit, who emphasized the need of interesting all women in the league, and securing as large a membership as possible. The league, she stated, was strictly non-partisan; its aim being to endorse the best candidates, regardless of party.

The Christian Science Monitor of May 23, says: "For the past six months the Cincinnati League of Women Voters has been conducting a campaign in political education, under the leadership of Miss Emily Kneubuhl, formerly director of political education for the Minnesota League and the First National School of Citizenship at Chautauqua Institute, Chautauqua, N. Y., during the summer of 1924. Miss Kneubuhl finds in her work that women are asking three questions when any political issue is under consideration: 'Shall we have law enforcement or liquor traffic? Right international relationships or battle ships? What is to be the future economic adjustment in the United States between Labor and Capital?'"

## WILL HAVE MODERN GARAGE BUILDING

The Allison-Bachelor Motor Sales have commenced the re-building of their garage building, which was so badly damaged by fire a few weeks ago. Mertens & VanArsdale, contractors and builders, are doing the work. The building will be considerably changed from what it was, when it is completed, and will be a modern and up-to-date garage, with every convenience.

One of the most noticeable changes will be in the front of the building. A modern front will be installed, with large plate glass windows. There will not be a drive-in at the front as heretofore, but the car entrance will be made at the rear of the building. A doorway in the center of the front will provide an entrance to the office and salesroom, which will occupy the entire front of the building. Space has been provided for a show room 30 x 34 feet. The front of the building will be constructed with fancy face brick, with art stone trimmings. Instead of an elevator to carry cars to the second floor, a ramp has been provided for.

On the second floor will be located the repair department and the used car show room.

The building will have an arch roof supported by steel trusses, and will have several sky lights for lighting and ventilating purposes.

The Messrs. Allison and Bachelor are to be congratulated on their progressive spirit in providing another fine business place, which will not only be a credit to themselves, but the whole village as well.

## CIRCUS COMING TO PLYMOUTH NEXT TUESDAY

Ketrow Bros. show and trained wild animals will give two performances in Plymouth. Owing to city ordinances, the circus will give no parade, but will have a free exhibition on the show grounds, at 1:00 p. m. and 7:00 p. m. The circus is not the regular type of dog and pony shows that play the smaller towns. The show carries performing elephant and trained wild animals. Also some of the best circus acts in the show world. The tents will be on the Birch ground, South Main street.

### TOWN PRIDE RETURNS

What we think of as normal times may as yet be a long way off, but here and there straws point to an early return of that town and community pride which gave so much promise before the war. Nine years ago the sudden shift of interest to the world war dealt a severe blow to that community spirit which reflects itself in neat yards, clean streets, sanitation and paint. Today you do not have to travel far to note a change for the better. In fact, you can see it without going out of Plymouth.

In many places contracts have been let for long delayed improvements. Most of the smaller communities in particular seem to be brushing up shoes and shining buttons, so to speak. Motorists notice the change in the constant improvement that is going on along our highways. Once a main road of travel is improved through a community a transformation takes place. The people of one town awaken to the fact that they are not as neat in appearance, to the stranger on the road, as the rival nearby town. Presently a property owner improves his place, out of pride or business sagacity, and soon the place becomes spotless.

According to architects, contractors and engineers, scores of municipalities are about to undertake improvements of a public nature. The bulk of these are in the form of street paving, waterworks, sewers, and small bridges. A number of progressive small towns are establishing playgrounds and parks where the children can play and be safe from accidents in the streets. They are providing against the day when ground will be higher in price and when the people of the town will demand a breathing place for their children. Yes, town pride is returning all over the country. Let us hope that we keep up with the procession.

### THE TRUCK DRIVER

"Why don't the papers of this country educate the truck drivers that the roads were not built especially for them?" is the question a Plymouth auto driver asked us a few days ago, and it started us to thinking. Nobody seems to love the truck driver, and in spite of the fact that everyone knows the truck forms an important link in the usefulness of our transportation, the operator of the truck leads a friendless and grudgeful existence.

Yet, if it hadn't been for motor trucks we probably wouldn't have celebrated Armistice Day as quickly as we did. Without the big power vehicles that sometimes obstruct the highways and momentarily check the progress of a few passenger cars our mails would be late, our factories would be slowed down, and our grocery stores would be short of necessities of life when railroad strikes interrupt train service. Motor truck drivers do not figure in highway accidents any oftener than the drivers of passenger cars. While the slower speed and the more cumbersome size occasionally disturbs the progress of smaller cars, the delays are of little consequence when we take into consideration the genuine benefit this nation derives from its trucks. Maybe in time to come there will be separate roads for the big, heavy trucks to run over. But until that time arrives let's try and be fair to the truck driver whose job is a far harder one than that of driving a passenger auto. Let's be reasonable enough to give him a fair share of the road. Let's set him a good example by showing him we can be patient and considerate.

office are to the effect that farmers are planting for full production this year notwithstanding the shortage of labor and the grumbling that was heard in the late winter and early spring. Cotton and tobacco acreage is increased, and the corn area will be above the average. There seems to be a slight falling off in the spring wheat planting, and the oats crop will probably be short because the late season discouraged sowing. The hay crop should be unusually large, and at this time government reports are to the effect that the prospects for fruit are good all over the country. Some people have left the farms within the last two years, but there are still enough on the job to assure the nation a sufficient harvest. The prospects for fair prices are better, taking farming as a whole over the entire country, than they have been for three years. All of which should cheer every heart in Plymouth since we know that if the country as a whole is in good shape we're going to be far from being off around here.

# A Word of Appreciation

Opening week far surpassed our expectations. The good town of Plymouth gave us a truly royal welcome, and we can scarcely express our gratitude.

## A Splendid Beginning

In the three and a half business days between May 27 and May 31, we received deposits from literally hundreds of persons. The aggregate of our totals reached well over the magnificent sum of \$100,000!

## "Grow With Us"

The motto we have announced as representing the mission of this bank already has taken on a deep significance. Thanks to our good friends, we have made a splendid beginning, and we owe it to them to keep on growing and to help them grow along with us.

### NEWBURG

Owing to so many being away over Decoration Day and Sunday, there was not as large an attendance as usual at church last Sunday. However, those who were there listened to a good sermon by the pastor, and also a beautiful duet by Mrs. Haven's mother and sister, Mrs. Bennett and Miss Marian Bennett, of Detroit.

Children's Day exercises will be given a week from Sunday. All the children are requested to be present at the church this Saturday afternoon, to practice. They will be given a party afterwards.

The L. A. S. met at the home of Mrs. Edgar Stevens last Wednesday afternoon. The ladies feel that they must earn as much money as possible to pay off the parsonage debt. They decided to divide into two companies, with Mrs. Bertha Joy and Mrs. Mae Stevens as captains. Each lady is to earn one dollar or more, and each company is to earn as much as possible between now and the last of August. Then they will meet and tell their experiences in earning the money. Light refreshments were served, and all enjoyed a pleasant afternoon.

There was a great many visitors at Newburg cemetery during the last week, bringing plants and flowers to beautify the graves. The cemetery has never looked better than at the present time. This goes to show what money will do, the work being ably done by Mr. Heinz, who has been moving and leveling the ground.

We are happy to announce that all of our eighth graders passed successful examinations, and will be enrolled in High school next September. Following an address by Dr. M. S. Pittman, who is director of rural education at the Ypsilanti Normal College, the graduating class will receive their diplomas at the county schools' picnic, to be held at Elizabeth Park, Trenton, on Saturday, June 14th. ## What Will You Be Doing! One Year From Today?

Three hundred and sixty-five days from now—what?

Will you still be struggling along in the same old job at the same old salary—worried about the future—never quite able to make both ends meet—standing still while other men go ahead?

One year from to-day will you still be putting off your start toward success—thrilled with ambition one moment and then cold the next—daying, waiting, fiddling away the precious hours that will never come again?

Don't do it, man—don't do it.

There is no greater tragedy in the world than that of a man who stays in the rut all his life.

when with just a little effort he could bring large success within his grasp.

Make up your mind today that you're going to train yourself to do some one thing well. Choose the work you like best in the list below, mark an X beside it, mail the coupon to Scranton, and we will send you, without cost or obligation, the full story of what the I. C. S. can do for you.

Right now you can decide where you will be this time next year.

Common sense will tell you that it is far better to send in this Success Coupon to-day than to wait another precious year and then wish you had!

## Desert Hero Learned Marriage Was Subduing

Mrs. Rosita Forbes, English traveler, who recently paid a visit in his native haunts to Ratsul, Morocco's bandit chief, who died recently, relates in the New York Times a story concerning the way a desert Romeo was tamed, and how he was made wise in the taming.

The Romeo, a big, strong and handsome tribesman, rode better, shot better and was just about a better than all around than his fellows, when one day the sheriff, Ralsul, thought he would confer a favor upon him in recognition of his prowess. The sheriff asked him what he desired.

"Marry me," implored the Romeo, "marry me."

Ralsul looked about for a suitable wife, and found one, a desert maiden of fine form and face. The wedding took place with a great do-do. But, thereafter, the man changed his ways. He stuck to his tent. He quit displaying his abilities altogether. He idly around his home he sat, and his fellows wondered. Then one day a spirited horse, one of the finest belonging to the tribe, got loose. Men started after it, and the animal passed by Romeo's tent.

The pursuers were expending a lot of effort with no result. Puffing and panting, they came upon the newlywed at his tent.

"What shall we do, what shall we do?" they shouted, as the stallion huffed it swiftly away.

"Marry him," answered the forlorn Romeo, "marry him."

## Ship Has Rooms for Pets From the Tropics

The high mortality in living souvenirs collected annually by American tourists cruising the West Indies has led to many unique methods for their preservation.

Special quarters have been constructed on a steamship for the care of monkeys, parrots and other tropical pets. Rows of small houses, electrically heated to the temperature of the country from which each animal pet belongs, are in charge of a marine janitor whose duty is to see that the fixed temperature is maintained and his charges receive their proper tropical fodder.

The owners of the ships decided that a dollar a day for each monkey or parrot house shall be the maximum charge, including heat, janitor service and food.

The question of caring for the souvenirs collected on cruises by Americans is growing in importance. On a world cruise it is not unusual for the 400 passengers to accumulate five or six tons of mementos, including many articles of value from the standpoint of dollars and cents.

## Oldest British-Custom Revived During the War

When the war hung the world into confusion it laid its hand on the oldest custom in the British Isles, a most curious practice that had come from the far-off time of the Druids and had flourished from then without a break until the year 1915. In Burghhead, a little fishing place on the Moray firth, this custom had been practiced from the very dawn of human society. It is the strange ritual of the burning of the clavie.

The clavie is made of a half barrel roughly put together and attached to a long pole by which it is carried. A stone is used to hammer in the wooden pegs that serve for nails, for it is considered as unlawful to allow iron to touch the wood. Old tales tell how a wicker basket with a fish inside used to be burned. Perhaps when the first Druid lit the first clavie the sacrifice was something greater than a fish. Within more recent times neither basket nor fish appears, but the clavie is filled with chips of wood and shavings plentifully sprinkled with tar. The whole mass is set on fire by means of burning peat.

With an oilskin over his shoulder, the clavie bearer lifts his burning offering on his back and sets off to the site of a Roman camp, rocky promontory that thrusts itself out into the sea. Here a stone pedestal has been erected to hold the fire.

In this strange ritual Druidical and Christian customs are strangely interwoven. The lighting with peat was pagan and harks back to the sacrificial fires of Baal. The circling of the village seaward is from the same source. To the Druids the sun was an immediate object of worship. The use of wooden pegs rather than iron nails and the use of a stone instead of a hammer are Christian, for the early Christian would not use the iron with which our Lord was nailed to the cross.

Why the custom lingered in quaint little burghhead we cannot tell. In 1915 the admiralty forbade the showing of all lights seaward and the clavie was left unkindled. In 1919, however, this sole British survival of the worship of fire, the first of all religions and rituals, was rekindled.

## GRANGE NOTES

This Friday evening, June 6th, is the Children's Day on the program. Roll call will be responded to with a reminiscence of children's sayings.

Remember, ice cream is to be served, and ladies are requested to bring cake and dishes.

Pomona Grange at Belleville, last Saturday, though not largely attended, presented a fine program. The next meeting will be with Plymouth Grange, with an historical program, dealing with the history of Wayne county. Rallies will be displayed. A more detailed account as the time approaches.

## GRANGE HOLDS MEMORIALS

The services at their hall Friday evening, per schedule, were carried out by each number doing credit to the occasion. Mr. Postif presided, with Mrs. Frank Hamk as leader with devotionals, and Messrs Waseley and Huston with several vocal selections; also a duet rendered by Mr. and Mrs. Sayles. Irene and Doris Campbell and Mildred Postif, as mousing girls, presented Mr. and Mrs. F. E. Miller with a bouquet of carnations and roses in memory of the one member laid to rest during the year. "Departed mothers were remembered, and flowers presented to Mrs. Lucy Smith. In honor of "Our Nation's Dead," flowers were handed to the chaplain, and later sent to our old soldier member and wife, Mr. and Mrs. A. D. Stevens. Mr. Sayles' address on "Memory" as a sacred and wonderful thing, capable of a powerful influence in the moulding of character and creating a desire for pure and holy living, was well received. Services closed with the benediction by Rev. Sayles, all feeling it had been good to be there.

## Hupmobile

Counter Shaft Gear is drop-forged, chrome nickel steel, double heat-treated, unusually heavy, and mounted on two special roller bearings. Many cars have simply a case-hardened gear of low-carbon steel mounted on plain bushings.

## Hupmobile Shows You How To Get The Facts That Count

Before you lay down hard-earned money for an automobile—a Hupmobile or any other—possess yourself of vital facts.

For the first time in motor car annals, Hupmobile has shown the way to get at facts that count.

Facts that will tell you quickly and clearly why one car is better than another—why fair externals may conceal inherent weaknesses—why many things are of less importance than processes of manufacture—why a couple of hundred dollars more is not extravagance but a necessary expenditure.

Step into the Hupmobile garage room and ask to see the Parts Display.

On these boards, you will find displayed all the principal parts of the Hupmobile. Each is ticketed with a card that tells plainly and concisely in black type how it is made and what it is made of.

Each card also describes in red type the lesser materials and processes often used for similar parts in other cars. Come in and see this object lesson in *inimitable value and invaluable costs.*

**AROUND ABOUT US**

Three new store buildings are being erected in Wayne.  
James Blackwood, a life-long resident of South Lyon, is dead at the age of 89 years.  
The Howell Board of Commerce has endorsed and sponsored a base ball team for the coming season.  
The voters of Redford Union school district have voted a bond issue of \$425,000 for the erection of new schools in the district.  
The Wayne school board have let the contract for their new school building to Towansend & Hoffman of Lansing, at a price of \$115,000 for general construction. The total price of the building will be about \$146,700.  
Smith Green, living four miles north of Farmington, and his two sons, aged three and five years, were bitten last week by a mad dog. They were given treatment at Ann Arbor.

Acres in the vicinity of Redford is now being sold for as much as \$3,500.00 per acre. This price in cash was paid to Emmett Minock for each of the 40 acres of his farm at the corner of Grand River avenue and Evergreen road by the Homer Warren Co., Detroit, for subdivision purposes. As far as can be learned this is the highest price ever paid for Redford acreage. Mr. Minock's father bought this property about forty years ago. Mr. Minock was born on the farm and has lived there since his birth. Mr. and Mrs. Minock and their two daughters and son plan to leave about the fifteenth of June for Los Angeles, where they contemplate residing for a year or two.—Redford Record.

It seems to be generally understood that the buyer of the big tract of land over White Lake way is Edsel Ford, and in proof thereof you can hear that the auto magnet's name has been appended to checks in payment. The tract is said to embrace nearly 2,000 acres in Highland and White Lake townships, options on which began to be taken early last winter. In most of the cases the deals have been closed. Mr. Swarts, connected with the Ford interests was here Monday, and he is said to have announced that development work will begin right soon, and will include a road-building program of some magnitude, barns for sheep and saddle horses, and a "log cabin" 125 feet long atop "Heaven Hill." One of the deals just recently closed is the transfer of 25 acres of Sarah and Max Burn's farm and 16 acres of James Carey's place.—Milford Times.

**PRESBYTERIAN NOTES**  
The pastor gave a report last Sunday night, of his experience at the Grand Rapids assembly. There were 910 commissioners from all over the United States, and it was an inspiring sight to look down from the gallery upon a great church entirely filled with men—most of them past middle age, if not elderly, all of them intensely interested in the work of the kingdom, praying and planning for its extension and progress. This was a scene never to be forgotten.  
The Woman's Auxiliary of the Presbyterian church will hold its regular monthly meeting at two-thirty p. m., Wednesday, June 11th, in the lecture room of the church.  
A social meeting of the Woman's Auxiliary was held last Wednesday afternoon, at the church.  
The topic for prayer meeting next Wednesday night, will be, "A Parable of Service," Luke 17:7-10.  
Children's Day will be observed June 15.

**WATERFORD**  
Marshall Herrick and the Misses Helen and Hazel Herrick motored to Mayville, for Memorial Day and the week-end, where they visited the former's parents.  
The Waterford Club met last week Thursday, with the Mesdames Albert and Clarence Ebersole, seventeen ladies being present. A luncheon of sandwiches and coffee was served, after the business meeting. Mrs. Charles Waterman will be hostess at the next meeting. Those on the entertainment committee, are: the Mesdames Oliver and Starr Herrick, Ida Jackson and Ida Hughes.  
The Misses Ruth Perkins and Dorothy Winton spent Sunday afternoon with Miss Helene Mehart.  
Little Howard and Dorothy Ebersole spent last week with their grandparents, Mr. and Mrs. A. H. Herrick.  
Mr. and Mrs. Monte Ling and little daughter, Helen, of Detroit, spent Memorial Day with the former's sister, Mrs. Elmer Perkins, and family.  
Mr. and Mrs. B. H. Ray of Kenton, Ohio, were visitors at Charles Waterman's, Saturday.  
Mrs. James Nairn and children of Plymouth, spent Wednesday with the former's sister, Mrs. Charles Steinhebel, and family, where the children gave a birthday party for James Nairn, in honor of his eighth birthday.

S. L. Long died very suddenly last Thursday evening about eleven o'clock. His health had been the same as usual, and his death came as a shock to all who knew him. Funeral services were held Sunday afternoon at two o'clock, at the residence, and burial took place at Weston, Ohio, Monday.  
Mr. and Mrs. P. S. Jenkins and children of Detroit, spent Memorial Day and the week-end with Mrs. Jenkins' parents, Mr. and Mrs. Robert Taylor.  
Mrs. Robert Taylor has received word announcing the birth of a son to Mrs. Ralph Mills, formerly Elizabeth Taylor, on June 4th.

## Buy TRANSPORTATION— Not Merely a Car!

Why is it so many buyers of a second car choose Chevrolet?

Experience has made them wise.

They have learned that the average cost per mile is the item of greatest importance in motor transportation and that the price

of the car itself is only one factor of that cost.

They have learned that including purchase price, operating cost, and maintenance expense, Chevrolets average the lowest cost per mile of any care made, at any price.

## Quality at Lowest Cost

The Chevrolet owner also enjoys the comfort, convenience, and satisfaction of owning a modern, fully-equipped quality car in which his whole family can take pride.

## THE THEATRE

### "CYTHERIA," GODDESS OF LOVE

What should a man do if, spurred by the romance of spring, he wants to take his wife on a second "honeymoon" in Cuba, and she refuses? That was the situation confronting Lee Randon, the hero of "Cytheria," Goddess of Love, a First National picture, produced and personally directed for Samuel Goldwyn by George Fitzmaurice, and which comes to the Penniman Allen theatre Saturday, June 7th.

"Don't be silly," was her calm retort when he broached the subject. "I've got the house and the children to take care of. And, anyway, it's a foolish idea, in my opinion."

But the man did go to Cuba—but not with his wife. Hurt by her lack of sentiment, he was a ready victim for Cupid when a woman who represented his ideal in every manner, came into his life.

The manner in which the two seekers after happiness solved the situation which kept them tied down to an intolerable situation; their adventures in Cuba, and the disillusionment which came afterward constitutes a drama such as only the author, Joseph Hergesheimer, could write.

Lewis S. Stone and Irene Aich are cast as the husband and wife, with Alma Rubens in the role of Cytheria.

### "THE SHOOTING OF DAN MCGREW."

Telling the whole story, connected with what is perhaps the best-known poem in America, the Sawyer-Lubin production of "The Shooting of Dan McGrew," a Metro picture, will be shown at the Penniman Allen theatre Sunday and Monday, June 8 and 9. As the result of a popular vote, Barbara La Marr, Lew Cody and Percy Marmont were chosen to play the famous roles of The Lady known as Lou, Dangerous Dan McGrew, and The Stranger. These players are supplemented by a cast that includes Mae Busch, George Siegmann, Max Ascher, Philippe de Lacy, and many others.

Robert W. Service's story of the Yukon has been brought to the screen with life-like vividness by Winifred Dunn, who wrote the film version, and Director Clarence Badger, who has to his credit such productions as "Quincy Adams Sawyer" and "Potash and Perlmutter."

Not only has the splendid climax been faithfully reproduced, but the events leading up to it have been worked out in full. Service wrote his poem from an actual incident of the gold rush in the Yukon, and the Metro picturization has gone a step further and told the whole story of this tragic encounter between two men.

The early married life of Lou and Jim is shown—their happiness and contentment while appearing as dancer and musician in South Sea Island ports, and the first rumblings of disaster at the introduction of Dan McGrew. Later the story shifts to New York, and finally to the Yukon.

According to advance reports, "The Shooting of Dan McGrew" is crammed with fiery action and variety of scene, and is sure to arouse unusual interest because it reveals the heretofore unknown details at which Mr. Service hinted in his poem.

The picture was personally supervised by Arthur H. Sawyer.

### "THE TROUBLE SHOOTER"

Tom Mix taught his famous cowboy, Tony, a novel trick for his recently completed picture, "The Trouble Shooter," written by the Hattons and directed by Jack Conway at the William Fox West Coast Studios, Hollywood. This story deals with the so-called trouble man for a big power plant, whose job it is to see that wires and cables are kept in perfect condition.

"The Trouble Shooter," is compelled to ride through treacherous snowy country to perform his duty. It is necessary that his horse be able to walk on snowshoes. To perfect this important detail, Mr. Mix taught Tony the art of snowshoe walking. As for himself, he used skis.

The picture comes to the Penniman Allen theatre Wednesday, June 11th.

### RESULTS OF LIVESTOCK EXPERIMENTAL WORK FOR THE YEAR TO BE ANNOUNCED AT COLLEGE MEETING.

Results of experimental work during the past year in the feeding of beef cattle, hogs and horses carried out by the animal husbandry department of Michigan Agricultural College will be given out and the animals placed on exhibit on Wednesday, June 18, designated as Livestock Feeders' Day at the college, according to Prof. G. A. Brown, head of the animal husbandry department.

While details of the complete program have not yet been worked out, it is certain that two speakers of national reputation in livestock circles will attend the meeting, Prof. Brown asserts. The forenoon will be devoted to a trip of inspection about the barns, where the animals used in the experimental work will be on display.

Three lots of Texas calves which have had different feeds will be displayed. While all three lots are said to have done well, there is, according to Prof. Brown, considerable difference in the degree of finish reached and in the relative costs of the gains in the three lots. The calves will be valued by expert market men during the week preceding June 18, and complete figures on the cost of production and gains on each lot will be given out.

In experimental work with hogs, eight lots have been used, with as many different feeding methods. Much valuable information on the cost of pork production and the most satisfactory methods is said to be provided by the results of this experiment.

Two lots of nine horses each, which have done ordinary farm work during the experimental period, were also given experimental feeds and the results checked. The value of alfalfa as a feed for work horses has been an important question in this experiment.

The complete program for the day will be arranged within a few days, according to Prof. Brown.

## BASE BALL

The House of Correction lost the ball game Friday, but won the double header Sunday. The game Friday with the Baker Shamrocks was good and exciting till the last, the Shamrocks taking the lead in the fifth inning and keeping it. The Officers played good ball, but could not overtake them, with the score ending 7 to 5 for the Shamrocks.

The Hamilton Merchants late Saturday, called and postponed the game for Sunday on account of sickness. So, not to disappoint the many fans that attend the games at the prison farm, the Officers played a double header. The first game with Salem was close and a fight from start to finish, with the score 3 to 2 for the Officers. Rowland for Salem, pitched a good game, but could not hold the Officers' heavy hitters and fast team work, while A. Jaska for the Officers, pitched his usual steady game.

The second game Sunday with the G. A. Club of Detroit, was an easy victory for the Officers, with the score 11 to 2 for the Farm. As the game was late in starting, it was called at the end of the seventh inning.

For next Sunday, June 8th, Manager Hunter has succeeded in booking the U. S. Marine Corps of Detroit. This club is only playing the best clubs in the city and strong clubs of the nearby villages, so the Officers think they are lucky in getting this club to come to the farm grounds. Fans are promised another fast and exciting game. Let's all go to the ball game.

## Today's Reflections

The people are disgusted when congress does nothing, and they are scared to death when it looks like it might do something.

Have you ever noticed that when they tear down an old landmark in a town like Plymouth they always build a filling station?

One reason farmers accomplish more than congress is they don't meet at 11:00 o'clock and adjourn at 2:00.

It's bad either way. If a man pays too little taxes the collector looks suspicious, and if he pays too much the grand jury gets busy.

Small boys around Plymouth are pretty well up in the three R's. We refer to 'rasting, radio and ragtime.

Maybe the reason a woman likes a party line is because she can get a line on the other party.

The telephone companies say spooning costs them \$12,000 a year. But just look what it costs the fellows who do the spooning.

The average Plymouth woman doesn't make much headway driving a nail. But did you ever watch the average man trying to tie up a bundle of clothes?

Everybody makes a mistake now and then. But why pick out a rail road crossing as a place for making it.

It would be a lot better world if every man was as anxious to clean a string of fish as he is to catch them.

We may live to be pretty old, but we never expect to live long enough to find a Plymouth woman who puts as much confidence in her husband as she does in the family doctor.

What has become of the old-fashioned girls who used to put on long dresses and play like they were women?

At the present rate we will just about have all of our roads in good shape by the time people get to traveling in airplanes.

This is the time of year when the small boy of Plymouth wishes he was a giraffe, so he could taste ice cream and strawberries that much longer.

This is a fine country to talk about the importance of education when it only pays a school teacher about half what a second-class prize-fighter gets.

It's all right to talk about economy, but we haven't yet found a man who is willing to die suddenly to avoid doctor bills.

### METHODIST NOTES

Saturday—the bake sale by the Epworth League at the Geta Office. The proceeds of this sale are to be used to help our young folks attend the Albion Institute the last of this month. They earnestly solicit your patronage. Also if any of our good folks will kindly contribute something for the sale, it will be highly appreciated.

Next Sunday morning, our Sunday-school will have the annual Children's Day program at the 10:00 o'clock hour. Come and enjoy the exercises.

There will also be a baptismal service during this program for little children. Any parents desiring to have their little ones christened, the pastor will count it a privilege to perform the sacred ceremony at this time. It is a most solemn and sacred obligation which any parent takes upon himself or herself to conscientiously bring up the child in the Christian way, when they have their little children baptized in the name of Christ. No parent ought to take that sacred vow unless they intend, with the help of Christ, to fulfill it. There is scarcely any more inspiring sight than to see parents bringing their little ones to Christ in "consecration. The little children belong to Him. Suffer the little children to come unto Me, and forbid them not, for of such is the Kingdom of Heaven."

Next Tuesday night, the Sunday-school board meets at 7:30. Place to be announced next Sunday.

The young folks of the Epworth League and Sunday-school are to be privileged to have Miss Geraldine Townsend with us for next Monday night. She has had charge of the Epworth League work in China, for the last four years, and is now home on furlough. There will be a banquet at 6:30, and a program following. The Epworth Leagues of the nearby towns are coming too, so there will be a rousing good time.

Remember the prayer meeting service on Thursday night at 7:30.

Next Sunday is Pentecost Sunday, one of the outstanding days in Christian history. In fact, it is the birthday of the Christian church. Every member and every follower of Jesus Christ ought to be at some church next Sunday.

The pastor of this church will accordingly preach at 7:30 next Sunday, on: "Tongues of Fire."

Epworth League Institute at Albion, June 23rd to 29th.

### ANOTHER LECTURE BY T. J. SCANNELL OF PITTSBURG, PA.

The I. B. S. A. of Plymouth have secured Mr. Scannell of Pittsburg, for another lecture Sunday evening. His topic this time will be, "Which Creed is the Truth?" Mr. Scannell is an inspiring speaker, and gives one something to think of for a long time to come. Brought up a Roman Catholic, he never saw inside the covers of a Bible until one year and seven months ago. Remember the time and place, Beyer's Hall, Sunday, June 8th, 8:00 p. m., Plymouth Mich. Seats free. No collection.

Mrs. Peter Delker and Mrs. Wm. McCullough visited the former's daughter, Miss Ora Rathburn, at the Ford hospital, Wednesday.

The following out-of-town relatives and friends attended the funeral of George Burton Crumble last week Thursday afternoon: Mr. and Mrs. Wm. Merritt and daughter and Miss Vida Meddaugh, of Bay City; Mr. and Mrs. Charles Harris of Royal Oak; Mr. and Mrs. Claude Merritt and family, Ernest Merritt and son, Mr. and Mrs. John Merritt, Mr. Beecher and Charles Horn of Detroit; Mr. and Mrs. Bert Wood, Mr. and Mrs. Earl Trinkaus, George Merritt, Mrs. Ray Larkins, Mrs. J. Dickenson, Mr. and Mrs. E. C. Langfield and Conrad Langfield of Northville; Mr. and Mrs. John Merritt and son and Mr. and Mrs. Will Merritt of Salem, and Mr. and Mrs. Lewis Baker of Ypsilanti.

"Why should you hate the poor creatures, Pat?" asked the doctor. "I'm sure they never do you any harm."

"Sure, sorr, don't you hear thim mocking you? You niver pass thim but they call 'quack, quack, quack'!"

### One on the Boss

"What does this mean, sir?" said the boss to the man coming in a half-hour late.

"It was on account of the awful fog this morning, sir," the fellow explained.

"Fog, fog!" expostulated the boss. "Why, what has the fog to do with it? You do not live across the bay."

"No, sir. I know I don't; but you do, and I thought you would be late."

### Just What He Wanted

The lady shopper had ordered about everything hauled down from the shelves.

"I don't see just the right thing," she decided at last. "I want to surprise my husband on his birthday."

"Well," suggested the exhausted clerk, "why don't you hide behind a chair and yell 'Boo!' at him?"

### And He Said ??-?-!!!

Superintendent—Yes, madam. A parrot got caught in the dynamo.

Lady—Oh, how shocking!
