Why You Should
 Build Now!

The average man builds one house in a lifetime. It means a considerable outlay of money,—BUT—that house will last twenty-five years or longer, AND the amount of money required to supply the average family with food for the same period will far exceed the cost of the house. So; after all, the HOUSE is NOT the BIG item of living expense.

WILL ERECT NEW MASONIC TEMPLE

PLYMOUTH ROCK LODGE, NO. 47, F. & A. M. WILL HAVE NEW LODGE HOME AT CORNER OF PENNIMAN AVENUE AND UNION STREET.

Plymouth Rock Lodge, No. 47, F. & A. M., of this village, have formed an association to build a new lodge home at the corner of Penniman avenue and Union streets, opposite Kellogg Park. The architect's plans for the new building have been received and accepted by the building committee.

The new building will set about fifty feet back from the Penniman avenue street line, so that if it is desired at some future time to erect a store building at the front, it can be done. The size of the building will be 44x90 feet, and will be two stories in height. It will be constructed of brick, with face brick on three sides and art stone trimmings. The ground floor will contain a large banquet hall, that will be available for dancing parties, etc.; a kitchen, committee room, toilets, etc. The lodge room, together with two parlors will be located on the second floor.

John H. Patterson will have charge of the construction of the new building, and it is expected that work will be commenced about August 1st. The Masonic fraternity is to be congratulated in taking this progressive step in building a new and modern home for themselves, and at the same time give Plymouth another fine building.

A NEW OIL FILLING STATION

William Beyer has started to clean up the lot at 329 Main street, where recently fire destroyed the old building, known as the Bonafide garage. Mr. Beyer has been very much undecided as just what to do regarding the rebuilding until late. Inasmuch as there have repeatedly been suggestions of putting in a two-way drive gasoline filling station, something that lower Main street is very much in need of, Mr. Beyer has decided that is what he is going to do. This will be a modern, up-to-date place, with all the necessary equipment, including two air stations, two pumps and two lavatories, one for men and one for women. This will be one more business enterprise to be added to the already many new enterprises that have been built, and will be one that the town will be proud of. We are extending congratulations to Mr. Beyer on this very much needed new, modern, up-to-date enterprise.

DEATH OF MRS. W. D. McDONALD

Mrs. W. D. McDonald died at the Deaconess hospital, Detroit, last week Thursday night. The deceased was 22 years of age. Besides the husband, she leaves a little son, her mother and one brother to mourn their loss. Funeral services were held from Schrader Bros. Funeral Home, last Saturday afternoon, Rev. D. D. Nagle officiating. The family have the sympathy of the community in their sorrow.

PLYMOUTH IS GROWING

Mrs. Zada Chappel has completed the school census in this school district, and the total count shows the number to be 1015. This is a gain of 175 over the number of last year. Who says Plymouth is not growing?

While riding a freight train from Toledo to Plymouth last Monday night, Pere Marquette detective, William Weaver, of this village, came upon three men who were riding the freight, and while in the act of searching the men at New Boston, one of them shot the officer through the neck. He was brought to Plymouth, where Dr. Patterson rendered medical attention.

WILL OPEN NEW DRUG STORE SATURDAY

J. W. Blickenstaff will open his new drug store on Main street, Saturday, June 14th. The store will be known as the Community Pharmacy. A new and modern store front has been put in, and the store fixtures are of a handsome silver grey oak. The fixtures include English wall cases, combination wrapping counter and show case, magazine rack, silent salesman show cases, etc., all of the same design and color. An American Beauty soda fountain has also been installed, with all sanitary equipment. The prescription department is located at the rear of the store. Everything is most conveniently arranged, and it is one of the finest stores in the village. "Blick" has a host of friends in Plymouth and vicinity, who will wish him abundant success in his new venture. Milford Porter of Milford, who is an assistant pharmacist, has been engaged as clerk in the new store.

THE EPWORTH LEAGUE RALLY

Seventy-five young people gathered in the basement of the Methodist church, Monday evening, June 9th. A delicious banquet was served in honor of Miss Geraldine Townsend, who recently returned to this country from China, where she has been for five years the Epworth League missionary. Young people were present from Plymouth, Wayne, Inkster, Newburg, Denton and South Lyon. Mrs. D. D. Nagle acted as toastmistress. A representative from each place gave a short toast. Vocal numbers were given by Pierre Kenyon and Mr. Nagle. The Kenyon orchestra played and Henry Hutton played a number on the violin. These were all well rendered and much enjoyed. The greatest treat of the evening came when Miss Townsend thrilled the audience with tales of her experience and urged them to invest their lives where it would count most in the program of Christ's kingdom.

JUNE WEDDINGS

HUGER-HOUSEMAN

George Huger of this village, and Miss Margaret Houseman of Brightmoor, were married at the home of the bride's parents in that place, Wednesday evening, June 11th, at 7:30 o'clock, Rev. Charles Strassen of this place performing the ceremony. The house was beautifully decorated with flowers. At nine o'clock, a luncheon was served to fifty relatives and friends of the bride and groom. Mr. Huger is a member of the firm of Huger & Fisher, of this village, and has a host of friends here who extend congratulations and best wishes. The young couple will reside in the new bungalow which is being built by Mr. Huger on the Plymouth-Northville road, and which will be ready for occupancy in about two weeks.

STUART-HINMAN

A quiet wedding of local interest took place at the residence of Rev. Jacques, at 4588 Vancouver avenue, Detroit, when Miss Irene Hinman of Northville, became the bride of Harold Stuart of this village, at 3:00 o'clock, June 10th. The bride wore a beautiful pearl gray traveling costume relieved by touches of rose color, and carried pink roses. The couple were attended by Mr. and Mrs. Van W. Hale. Mr. and Mrs. Stuart will be at home to friends after June 20th, at the residence of the bride's father, Charles Hinman, in Northville.

The Center Line ball team will play the Ottawa Drug Co. team of Royal Oak on the Center Line diamond, corner Seven mile road and Farmington road, Sunday, at 2:30 o'clock.

An automobile accident in which four cars figured, occurred on the Plymouth-Northville road just west of the bridge at the village limits, last Monday evening, about 8:00 o'clock. Mrs. Charles Gray of Northville, who with her husband was in one of the cars, had three ribs broken. As far as we can learn, none of the other occupants of the cars were injured.

Leonard Stillson, who was employed as baker at George Taylor's bakery here several years ago, and for the past four years has been superintendent of the cake department of the Mills bakery in Detroit, has leased the building formerly occupied by C. A. Hearn as a bakery and grocery on Penniman avenue, and will open an up-to-date bakery here. Mr. Stillson has had the interior of the store redecorated in white, and it now presents a fine appearance. He is also making some improvements in the work room, and is installing a new and modern bread mixer. Mr. Stillson has many friends in Plymouth, who will be pleased to know that he and his family are again going to become residents of the village. He expects to have the bakery in readiness to open for business early next week. See his announcement in today's paper.

A BANK'S STRENGTH

After all, the strength of any bank depends upon the way its deposits—your dollars—are loaned.

It is because of that very fact that this bank has become known as a strong bank.

Not a dollar is loaned carelessly or recklessly. Each loan is made with its ultimate payment in mind.

Savings deposits are invested largely in bonds and mortgages.

These facts should have your consideration when you are selecting a bank for your dollars.

WE GROW BY SERVING

To grow strong we need to exercise. The athlete is muscular and vigorous, not only because he eats properly, but because he trains his body. This law of activity is written in every part of our being. To grow as Christians, we need to serve. The church member who shirks responsibility and lives only for himself will suffer spiritual paralysis. The individual who lives only for himself, will sooner or later suffer moral and spiritual death.

MAKE THEM WIDER

At the same time that we are paying for better roads, and praying for better roads, let's also put in a plea for wider ones, and whenever it is possible to speak a good word for them, let's do so. Since the auto came every section of the country has seen the necessity of wider roads than we had during the horse-and-buggy days. Several states have passed laws regulating the width and fixing it around 18 and 20 feet. Everyone realizes that our roads must be straighter, wider, more level and with better foundations. This being true, it is better to build once and properly than often and inefficiently. It is costing a great deal of money to change the old roads and make them wider, but if we expect to keep step with progress that's what we've got to do. As people and autos continue to increase there can be no such thing as comfort and convenience for either rural or town people in maintaining buggy trails instead of wide, well-surfaced roads. And property values will quickly show which section is content with narrow roads and which one believes in the wide ones.

A MONEY CROP

If our people around Plymouth could bring themselves to realize the revenue derived from walnut trees, it wouldn't be many years until more of them would be growing than all other kinds. The U. S. government says this country spends \$1,000,000 a week for nuts imported from abroad, when walnuts could be grown in almost every state in the union at a good profit. There are 31,000,000 acres of idle land in the east and central west, all of which is adapted to growing walnut trees of various varieties. And no other lumber brings the fancy price of walnut—while even the stumps are sold at enormous prices for use as gun stocks. Lands that now overflow, and where it is almost impossible to maintain a crop, could be set out in walnut trees, and in a few years would be yielding a larger profit than could be had from anything else that can be planted. Isn't this proposition worth considering?

TO TROUBLE HUNTERS

We long ago realized that a newspaper cannot be successful if it does not open its columns to its readers. We have always felt that the one-sided newspaper is not an honest paper, but that its columns must be open to anyone who differs with the utterances contained in it. So when letters that are properly signed come to us, they receive consideration. But we have not the space, and we never will have, to devote to anonymous letters, or even signed letters that are intended solely to stir up trouble or to damage someone's character or feeling. The newspaper is the poorest place on earth to try to vent your spite on someone, or to attempt to injure someone's standing in the community, or someone's business. We want to be honest with everyone, whether they are readers of the paper or not. And for that reason we have no space for "roasts" or "knocks" that are not deserved. If you have an opinion you believe of interest to the community, write it out and send it in. No matter if it doesn't agree with our opinion, you are entitled to express it. But don't write something you won't sign your name to, and even if you sign it don't expect it to appear in print if it strikes us as being intended to damage someone's good name, someone's business or any institution in the neighborhood that is entitled to our support.

PICK UP! CLEAN UP!

Every town is judged by the appearance of its streets. Then why should not each citizen make it his or her duty to help keep up the reputation for cleanliness of the home town?

Plymouth is a truly beautiful place—lovely shade trees, pretty parks, green lawns with many blossoming shrubs and beds of bright-colored flowers. But marring the appearance of all, are the loose papers blowing about the streets. It surely is not pleasant to go out into the street and pick up the old papers, tobacco tins, etc., that may be in front of your residence. You are just indignant that anyone should have thrown them there, when you are trying so hard to keep your premises neat.

But why not go out and gather up the papers and burn them, and pick up any old tins that may have been thrown in front of your residence, and put them with your own junk to be carried away? Not pleasant work, surely, but if every man and woman would try to keep the street clean in front of his or her residence, our streets would soon be vastly improved.

You say that people have no business to litter up the streets, and this is all true. But if they will do it, why cannot we help to keep the street clean just where the litter is most annoying to us, that is, in front of our own lawns.

Every mother should teach her children that it is just as bad to make the street untidy as it is to litter up the house.

Let everybody, men, women and children, start a movement for clean streets. Let us pick up, and clean up, and make Plymouth a place of beauty.—A Subscriber.

NOTICE

A second dog has been discovered in Plymouth, suffering with rabies. This dog bit a small girl before it was discovered that he had the disease. The dog was sent to Ann Arbor for examination, and upon the report from the university, the girl was taken to Ann Arbor for treatment. Children are infinitely more valuable than dogs.

For the next 90 days, it is ordered that all dogs in Plymouth must be kept tied up, or must be muzzled.

Work of picking up loose unlicensed dogs will be resumed the first of the week.

BAPTIST NOTES

The committees for church decorations are: B. Y. P. U. for June; Ladies' Aid for July; Sunday-school for August.

The B. Y. P. U. had the church very pretty last Sunday, and the basket of flowers given to them by Mrs. Nettie Moore for decoration, was grand. At the close of the evening service, the flowers were taken to the homes of the sick.

The Plymouth B. Y. P. U. received the second place, last Saturday, at Jackson district convention, having 1829 points in the contest for first place. The address given by Les Kingsley, president of the Plymouth B. Y. P. U., had special mention. Sunday evening the young people gave a brief report of their trip to Jackson and the convention.

We were very happy on Sunday morning to have with us Rev. Falsch Hartmann of Ontario, Wisconsin, who had been at Milwaukee during the northern Baptist convention. He gave us a fine report of the entire meeting, and his sermon was a splendid sermon on "Peace."

The Sunday-school is having a rehearsal almost every evening, getting ready for Children's Day, which is to be celebrated Sunday evening, June 22. Make your plans as early as possible.

NEWBURG

Children's Day will be observed with appropriate exercises, next Sunday, at the usual service hour, 11:00 o'clock. Anyone wishing their little ones to be christened, are asked to bring them at this time. Everyone is urged to bring flowers with which to beautify the church, and help to make this a joyous occasion.

A delegation of eighteen Epworth Leaguers attended the Epworth League banquet at the M. E. church in Plymouth, Monday evening, and all were greatly profited by the fine talk given by Miss Geraldine Townsend, returned missionary from China.

The young people held a weenie marshmallow roast on Ford's flats, last Thursday evening. Needless to say, they had a good time.

Alfred Bakewell has sold his farm on the Plymouth road, to Detroit parties, and has purchased 40 acres south of Mr. Whitbeck's.

Mr. and Mrs. Deo Duryee spent last Saturday, at the parental home. Mr. and Mrs. Clyde Smith visited the convict ship at Belle Isle Bridge, last Saturday. They thought it a sight well worth seeing.

Mrs. William Lomas' sister, of Detroit, spent Sunday with her.

The men of the neighborhood made a bee last Saturday, tearing down and hauling to the burg, the sheds from the Tonguish church, to make a garage to go in connection with the parsonage. They will also have a bee to put it up.

There were sports to suit all, after which very interesting talks were given by Dr. Pittman of Ypsilanti Normal, and the Messrs. Yoest and Fisher, superintendents of Wayne County rural schools. Diplomas were then presented to about 300 proud graduates. Miss Hazel Reddeman was justly proud of her pupils, having graduated her entire class of seven.

Quality in all and any furnace is what intelligence is to man. Fertility to Soil, and Perfume to Flowers. It's the one great big necessity to worth and value. No Furnace enters our warehouse unless it possesses this prime essential in a marked degree. Frequently the thing that insures service is hidden in quality. Service shows itself in use, and we produce things to use them.

Let us be your furnace installer, for we will serve you zealously, honorably, and efficiently. The poorest is worthless, even as a gift. Cheapest means poorest. Be guided by these facts, instead of being guided by your hopes.

WHEN WINTER DISPLACED SUMMER.

A clipping from a Boston Journal dated 1882, may serve to remind readers who missed this year's spring that variations in the arrangement of seasons is not a modern development. The Journal records that seasons were entirely reversed in the year 1816. January and February weather was mild and springlike. Then in March it became cold and in April winter heralded by snow and sleet, set in. It snowed 17 of May's 31 days. June had frost or snow during all but three of its nights, snow being five inches deep in New York at one time. July remained cold and frosty and in August, a cold spell during which there was ice one inch thick, killed all green plant life that had dared to grow. In 1817 corn saved over from 1815 was sold at prices ranging from five to ten dollars per bushel.

GRANGE NOTES

The 25th part of the program, the singing by the young people, the instrumental music and an article by Miss Lawrence, as Red Cross nurse, on "Aids to Welfare," stating the purpose and methods of the system in a plain and concise manner, furnished entertainment of unusual interest to the good attendance at the meeting last Friday evening. A social hour followed, during which ice cream and cake were served. Credit is due to Bertha Warner as committee in charge.

The next regular meeting, as stated, would occur on July 4th, therefore the July meeting was called a week earlier, bringing it on Friday evening, June 27th. Don't forget the date.

Also remember the secretary, Mrs. F. L. Becker is ready to take orders for twine.

OFFICIAL PROCEEDINGS OF THE VILLAGE COMMISSION.

Plymouth, Mich., May 19, 1924. A regular meeting of the commission, held in the commission room of the village hall, Monday evening, May 19, 1924, at 7:00 p. m. Present, Commissioners Daggett, Henderson, Hillmer, Murray and Wilcox. Absent, none.

The minutes of the regular meeting of May 5th, were, on motion, approved as read. A letter was then read from the Red Indian Oil Co., asking permission to install sidetrack, tanks, retail oil station and pipe line under Theodore St. On motion, this permission was granted.

A discussion of the condition of the village dump then followed, resulting in a motion, which carried, that the dump be closed to all dumping and that a fence be built around this area to protect it and "no dumping" signs be placed on the fence line.

The report of the auditing committee was then presented, recommending the payment of the following bills:

On motion, these bills were ordered paid. The commission then adjourned. J. W. Henderson, President, Sidney D. Strong, Clerk.

Plymouth, Mich., May 26, 1924.

A special meeting of the commission, held in the Plymouth Star Laundry for the purpose of deciding on the purchase of a motor grader, Monday, May 26, 1924, at 4:00 p. m. Present, all five commissioners. After viewing the work of the graders of the Wehr Company and the Hadfield & Penfield Company, and discussing their merits, a vote as to which machine to buy resulted in four votes for the H. & P. machine and one for the Wehr. The purchase of the H. & P. grader from the Plymouth Motor Sales Co. for \$1,393.00, was thus authorized. The commission then adjourned. J. W. Henderson, President, Sidney D. Strong, Clerk.

BECOMES WEALTHY BY RAISING CATNIP.

Long Islander Raises Family on Profits From Crops.

Many there are who know the catnip man of Paddy's market, now past threescore and ten, an exchange says. He has a snug fortune and a house out on Long Island because he knows how to cater to cat aristocracy. Most persons think catnip is just catnip, just as there were certain ones in olden days who spoke of "opening wine." There are qualities of catnip just as there used to be Burgundy and Graves and Chateau Yquem.

When he first went into the business of providing the delicacy for the pampered favorites of catdom, the catnip man had only a basket and a smiling face. He knew, however, the banks where the sweet herbs grew.

He was not content to serve ordinary leaves, so to speak, but he went in for high-class "first chop." There are many persons who own estates on Long Island. They did not care if the man who ministered to the happiness of cats did stop beneath their hedges or walk about the private grounds to gather up his wares.

He soon found a way to force or cultivate catnip with extra large leaves. Whenever he found a little bed of the herb growing luxuriantly of itself he thinned it out so as to give the hardiest of the plants more room. If the quality of the plant was good but the soil not up to his standard, he brought a basket of fertilizer and improved the bearing qualities.

On certain days the catnip man makes the rounds of the stores where cuts are for sale with a basket filled with bunches of selected, nicely cultured leaf. He never gives just the run of the mill. Every sprig is hand sorted after it is hand picked. When winter comes and the supply is more scarce, he has cured catnip ready. It is no drug store herb, all pressed into a cake, but is full-flavored leaf.

His sales may seem to be small, yet many of the largest dealers buy this catnip at wholesale. When he sells in Paddy's market, and in that neighborhood about Ninth avenue and Forty-second street, he gives good, liberal portions and makes speedy sales—especially in winter. By supplying the tonic for felines all the year round and building up a clientele the catnip man soon found that he was slowly but surely accumulating a fortune. He built a house on catnip "revenue," bought some land on catnip, "and on catnip he brought up a large family and educated them."

Safety of Banks

National banks are chartered by the federal government and are subject to supervision by the comptroller of the currency, who has authority to close a bank if his examiner finds that it has impaired its capital. State banks and trust companies operate under the authority of the state and are subject to supervision by the state bank commissioner, just as national banks are supervised by the federal comptroller of the currency. Periodical examinations of both classes of banks are made. If undesirable securities are found or unsafe methods of business are disclosed, the bank commissioner or the comptroller, as the case may be, generally gives directors and stockholders an opportunity to correct abuses and make good on poor securities before taking the more drastic action of closing the bank. Generally speaking, there is no difference in the safety of state and national banks.

No Objections

"A man and his wife visited a seaside boarding-house to engage rooms for the holidays. Everything seemed satisfactory. Then the man said rather deliberately:

"Of course you don't object to children?"

"The boarding mistress laughed. "Object to children? Dear me, no," she said. "Why, I've got nine of my own."

"The man and his wife left at once. "If my babies—er—to take the rooms," they said, "we'll—or—we'll let you know."

Wanted to Make Sure

Two Scotchmen were fishing about fifty yards apart when one of them hooked a fish and, in his excitement, fell overboard. He could not swim and quickly sank for the second time.

The other Scotchman rowed toward him frantically and reached him just as he came up after that second submergence, and yelled at him:

"Sandy, if ye dinna come up after the third time can I hae yer boat?"

Another Pane

"What's the matter?" asked Joe. "I've got toothache very badly," his friend replied.

"Oh, that's nothing. I've got a good cure for that."

"What is it?"

"Oh, just throw a stone at the window opposite—"

"Yes?"

"Well, the pane will go!"

He Had the Plans

A woman visitor to a prison, in the course of a chat with a burglar, thought she detected signs of reform in him.

"And now," she said, "have you any plans for the future, on the expiration of our sentence?"

"Oh, yes, ma'am," replied the convict, hopefully. "I've got the plans of two banks and a post office."

Don't Cultivate Harsh Voice

The nearest human object is the most interesting fact of a child's existence, and naturally is the first model, every detail of which is eagerly watched and copied.

It often requires the expenditure of much effort in after life to correct the unpleasant habits of voices and the facial contortions, careless diction and impediments of speech such as liping and stammering, which are acquired from mothers or nurses during the time when every small muscle of a child's face, vocal apparatus and body were forming their very first habits.

Nothing that a mother can provide for her child's future is more important than the practice of controlling her own voice in the presence of the child, when necessary, and of distinct articulation, and of a reasonable amount of control of her facial expression. When she controls these, control of her moods will take care of itself.

From Pamice Island

Pamice Island, near Salton sea, five miles northwest of Calipatria, in southern California, contributes thirty carloads of pumice to the commerce of the world each year. Pamice Island was once an island in Salton sea, but now, three miles inland, it is entirely surrounded by dry land. However, it retains its old name on local maps. Only a few years ago it was nothing more than a volcanic peak, rising above the waters of the inland sea, but the waters have been receding so rapidly that it now stands three miles back from the shore.

Today's Reflections

Old love affairs are things a woman keeps quiet about until she gets into a quarrel with her husband.

What has become of the old-fashioned Plymouth woman who sought her husband's advice on how to arrange her hair?

The difference between a man buying a hat and woman buying a hat is about seven hours.

In 1890 they called it temperature; now they call it individuality, but in the good old days they called it pure cussedness.

Years ago a Plymouth girl consulted her mother about matrimony. Now she waits a little while and consults a lawyer.

They're having all kinds of weeks in this country—why not try a "Don't Week" just for a change?

The governor of Connecticut is going to college when his term expires. Some of the other public officials of this country might try going to school without waiting.

The average Plymouth woman's chief interest in her daughter is to see that she marries a better man than her father.

Maybe the reason that we say speech is free is because there is so much of it that is not worth anything.

Several New York prohibition agents have been arrested for intoxication. There ought to be a rush for their jobs.

Why is it that some Plymouth men are so rude they'll insist on telling their troubles just when you want to tell yours?

They say it's just as wrong to win at gambling as it is to lose. Yes—but it's a lot more comforting to win.

Don't worry about giving the devil his dues. You'll find out that quite often he has collected in advance.

Why is it that when a Plymouth wife does find her idea of a perfect man, he's already married to some other woman?

For a long time all was quiet on the Potomac. And now the water is all cluttered up with liquor launches.

There's this much to say in favor of King Tut—they haven't dug up any evidence that he dabbled in Egyptian oil stocks.

TOOK NO CHANCES

Not long ago an editor up in Maine wrote up a swell reception. He didn't want to take chances on a libel suit, so he qualified his statements carefully. Here's what he wrote:

"A woman giving the name of J. C. Jones, who is reported to be one of the society leaders of this section, is said to have given what purported to be a reception yesterday afternoon. It is understood that a considerable number of so-called guests, reported to be ladies notorious in society circles, were present, and some of them are quoted as saying they enjoyed the occasion. It is charged that the firm of Bower & Black furnished the refreshments and Stringham the alleged music. The hostess is said to have worn a necklace of alleged pearls, which she declares was given to her by her reputed husband."

PRESBYTERIAN NOTES

The Busy Woman's Bible Class had a very enjoyable meeting, Tuesday of this week, at the home of Mrs. Ida Stevens on the Five Mile road. All enjoyed the joke on the minister who was asked to read a clipping. When he examined it, he found it was a poem by C. S. Kinnison of Birmingham, entitled "The My Mustache." He read it—and endorsed it too.

The Woman's Auxiliary met Wednesday at the church.

Don't miss the Children's Day program next Sunday morning. There will be no session of the Sunday school. The service will begin at ten o'clock.

We were pleased to have the Odd Fellows and Rebekahs worship with us last Sunday night. They came in numbers and made a fine appearance with their regalia. Come again.

The pastor is in receipt of the following card: "The Committee of Citizens, Henry M. Leland, chairman, will greatly appreciate it if you will extend to your people next Sunday morning, and at other services of the week, an invitation to hear Hon. William Jennings Bryan speak in the coliseum at the state fair grounds in Detroit, at 3:30 p. m., Sunday, June 15th, on 'The Evangelization of America for the World's Sake.'"

The State Christian Endeavor convention will be held in Detroit, June 25 to 29. There will be an excursion one day on the Tashmo, which will be chartered for the occasion.

EARL COOPER ENTERS STUDEBAKER SPECIAL IN ALTOONA RACE

Second Prize Winner in Sensational Indianapolis Race Trains for Easter 250-Mile Event on Wood Oval—Must Average 100 Miles Per Hour to Qualify.

Rail Birds Claim Cooper New Driving Faster Race. Flood of Mascots Received Before 500-Mile Race Given as Cause for Vanishing Jinx.

Earl Cooper, sensational winner of second place in the recent Indianapolis Speedway classic with his Studebaker Special, has arrived at Altoona, Pa., and gone into training for the second annual international championship race on Flag Day, June 14th.

Paul Sheedy, general manager of the Altoona board oval, went all the way to Indianapolis to persuade Cooper to race for the \$25,000 purse in the big 250-mile meet.

Veteran a Favorite
Cooper's record breaking speed in the 200-lap grind at Indianapolis, when he was pushing his Studebaker Special at 105 miles an hour, and taking the turns without slacking his speed, makes him a favorite contender in the race at Altoona.

The Altoona track is known as the world's fastest course. Drivers must qualify at a speed of at least 100 miles an hour. The Studebaker Special's pilot did the 500-mile distance in Indianapolis in 5:06:47.18 time, at an average of 97.27 miles an hour. Jimmy Murphy made a record in 1922 when he did it in 94.48 miles an hour.

Cooper led most of the race at Indianapolis, jockeying at times with Murphy. It was when he was past the 425-mile post that tire trouble delayed him, and Joe Boyer nosed ahead in a Duesenberg. Even then the speed merchant, Cooper, finished second with less than a lap behind the winner.

Railbird dopsters believe Cooper is due to make 1924 his greatest year in his fourteen years of racing. They point out that his hard luck in 1923 prevented him from being a track sensation. Leading in every race—including the opening of the Altoona track—he snagged into trouble when a few laps from the finish.

Girls Change His Luck
But his luck changed at Indianapolis on Decoration Day. The superstitious ones say it was brought about by an avalanche of letters and good-luck mascots sent him by feminine racing fans from all over the country. Cooper sent out a worried S O S for someone to be his "Lady Luck." And nearly 1,000 girls volunteered to inspire him to victory.

All the other racers concede that Cooper, driving at a record pace, and leading most of the route, should have copped the checkered flag. But he did get second. Cooper thinks it means a new deal of the cards. He is confident of winning on June 14. "My Studebaker Special emerged from the Indianapolis race in perfect condition," he said today. "It did the 500 miles without missing a beat of the engine. I could have gone into another race with it immediately. I have a feeling that the little car and I are going to make a barrel of money this year."

He's Driving Car Faster
Cooper, say the clockers at the Altoona track, is driving faster than he used to. They say he is "heavy footed" and that his Studebaker Special promises to hang up some new records in automobile racing before the season ends.

If his luck holds out, the veteran racer, it is said, will gain the coveted A. A. A. "Speed King" crown for 1924. He's won it twice before. Can he do it again?

THE THEATRE

"THE DAY OF FAITH"

"The Day of Faith," the new Goldwyn picture adapted from Arthur Somers Roche's novel and directed by Tod Browning, will be the attraction at the Penniman Allen theatre, Saturday, June 14th. The cast is an unusually notable one, including Eleanor Boardman, Tyrone Power and Raymond Griffith in the leading roles. Other famous players in the support are Wallace McDonald, Ford Sterling, Charles Conklin, Ruby Lafayette, Jane Mercer, Edward Martindel, Winter Hall, Jack Curtis, Frederick Vroom, Henry Herbert and others. The adaptation was made by June Mathis, editorial director for Goldwyn, and Katherine Kavanagh.

The story is one of unusual significance in the motion picture world, perhaps being nearer akin to "The Miracle Man" than any other film. Its thesis, "My neighbor is perfect," is indirectly the cause of the death of Bland Hendricks, the idealist, who proclaims that doctrine. Through his efforts a burglar who had broken into the home of Marley Maynard, lying desperately ill, and caused his death from excitement, escapes the electric chair. Maynard's daughter, Jane resenting this miscarriage of justice, as she believes, throws her social influence into the scales against Hendricks. He is tarred and feathered by a mob, later dying from his injuries. Overcome by horror and remorse Jane embraces his doctrine, "My neighbor is perfect," and goes to New York to preach it. John Anstell, son of Michael Anstell, the richest man in the world, falls in love with her. His father at first tries to break off the love affair, but then coming to believe that Jane is the sort of wife his son needs, and that through her he can come to wield a greater power than any other man in the world, he backs her propaganda for his own purposes. Everybody in the world but Anstell is converted and the millennium reigns for a few weeks—until the fact that Anstell had boasted of tricking Jane Maynard into advancing his material power causes a revulsion of feeling on the part of the public in which his son is killed. The grief-stricken Anstell is at last converted to Jane's doctrine and agrees to back her again, but she realizes that the world is not ready to accept Hendricks' motto and leaves the Foundation which she has established in New York. She marries the reporter that Anstell had engaged to destroy her work, but who had fallen in love with her and been her staunch supporter. The story is intensely dramatic and with a deep significance which very few films possess.

"THY NAME IS WOMAN"

For the first time in his career as a motion picture actor, Ramon Novarro, the hero of romantic roles, played a character of his own nationality. This happens in Fred Niblo's production for Metro, "Thy Name is Woman," which is to be shown at the Penniman Allen theatre, Sunday and Monday, June 15 and 16. Novarro is of Spanish descent. His parents came from Spain to Mexico a short time before his birth, and he was brought up in the old traditions. He had a variety of roles and after he had almost given up hope of getting a chance to portray one of his own countrymen, Mr. Niblo summoned him to play the leading part in his newest production, which is laid in the Pyrenees district and concerns the love and hates among a smuggling band.

"I was overjoyed when Mr. Niblo engaged me to play the Spanish officer," said Novarro. "The part brings back pleasant reminiscences, for I can well remember as a little boy how I hoped some time to become an officer in the King's army back in Spain."

"KENTUCKY DAYS"

Dustin Farnum's latest picture, "Kentucky Days," is booked for Wednesday, June 18th, at the Penniman Allen theatre. It is a vivid, vivacious story of frontier life in 1849 that has its inception in the romantic south of that period. The colorful combination of Dixie chivalry and the determination of the fortune hunters in the California gold rush exudes a spirit of adventure that would add force to any motion picture.

The story is that of a man whose wife, believing him dead, accepts the attention of another man. Buckner played by Farnum, believes her faithless. He kills his cousin in a duel, and then compels his wife to undergo the hardships of the gold trail as a means of punishment. Their reconciliation is worked out after a series of highly dramatic episodes that are really spell binding. In the cast with Farnum are Margaret Fielding, Bruce Gordon and William P. DeVaull.

Graduation Days Are at Hand...

Few events in life hold the thrill and happiness that come with graduation days. The whole town is filled with the spirit of the occasion. Everywhere we hear the happy laughter of the young folks, and see the glad smiles of their parents and friends.

The memory of these wonderful days can be perpetuated in the minds of your children and friends in their after years, through graduation gifts that last.

A WATCH, a RING, a STRING OF PEARLS, a BRACELET, a SET OF CUFF LINKS, a COMB, a BELT and BUCKLE, a PIECE OF FANCY CHINA or GLASSWARE, a PURSE, a KODAK—any of these gifts suitable for a graduate will add a large measure of happiness to their graduation days, and link your affection with one of the never-to-be-forgotten events of their lives.

This is an occasion when quality alone should be the basis of your selection, as your gift will be a lasting tribute to the ambition and accomplishment of the graduate, and a cherished memento of your lasting love and affection for its recipient. Such gifts are to be found at our store. May we serve you?

PLYMOUTH HIGH ATHLETICS

THE SUBURBAN TRACK MEET FOR BOYS.

Plymouth High school boys experienced little difficulty in winning the High School Suburban League Track meet, which was held at Northville, last Friday. Six schools participated—Dearborn, Wayne, Plymouth, Northville, Farmington and Redford. Before the meet everyone expected a hard battle from Farmington, but the Rocks outclassed the whole field and scored in every event but the pole vault, scoring nine firsts out of thirteen events for a total of sixty-seven points. Farmington followed with thirty-seven; Northville, twenty-two and a half; Wayne, nine; Redford, three, and Dearborn with two and a half.

Stevens was the highest point winner, and gets the individual cup given by the League, besides the blanket given by Moe of Ann Arbor. In former years the blue and white has failed to score in the distance runs, and Kurze's win in the mile and Doudt's great sprint to victory in the half mile, came as a surprise at the meet. Doudt did well in the high jump also, taking second, forcing the Farmington man to five feet five inches to take first.

The track meet this year brought out greater numbers from each school than ever before, and the records compare favorably with those of much larger schools. Plymouth High will have several new men next year, who are certain to be of great value in defending the championship.

- List of events:
- 100-yard Dash—Stevens, 1st; Kenyon, 2nd.
 - 220-yard Dash—Stevens, 1st; Kenyon, 3rd.
 - 440-yard dash—Stevens, 1st.
 - 880-yard Run—Doudt, 1st; Kurze, 3rd.
 - 1 Mile Run—Kurze, 1st.
 - 220-Low Hurdles—Kenyon, 1st; Becker, 2nd; Cline, 4th.
 - Shot Put—Stevens, 1st.
 - Discus—Reiman, 3rd; Mitchell, 4th.
 - Javelin Throw—Reiman, 2nd; Mitchell, 4th.
 - Broad Jump—Holmes, 1st.
 - High Jump—Doudt, 2nd.
 - One-half Mile Relay, won by Plymouth (Kenyon, Holmes, Cline, Stevens).

GIRLS TAKE SECOND PLACE IN SUBURBAN TRACK MEET.

Plymouth girls defeated four of their six opponents, but failed to win over Dearborn. As a result, Dearborn won the cup with a list of four first places to her credit, and total of twenty-four points, while Plymouth came in second with seventeen. Northville and Redford were just a few points behind.

The cup for the high point winner of the girls' meet was awarded to Florence Leasey, a Dearborn girl, who scored twenty of the twenty-four points of her team, and because of the relay failed to tie with H. Stevens for the trophy given by Moe's Sport Shop of Ann Arbor.

The following girls are responsible for the seventeen points, giving Plymouth second place:

- Elsie White (captain)—2nd place in broad jump. Relay.
- Janette Whipple—2nd place in the fifty-yard dash.
- E. Schrader—3rd place in broad jump.

- Donna Finnegan—Relay.
- Winifred Draper—Relay, 4th place in fifty-yard dash.
- Marian Williams—4th place in base ball throw.
- Edith England—3rd place in base ball throw.

Credit should also be given to Florence Cline, Dorothy Dunn, Margaret Amrhein and Genevieve Bird.
