## Why You Should Build Now!

The average man builds one house in a lifetime. It means a considerable outlay of money—BUT—that house will last twenty-five years or longer, AND the amount of money required to supply the average family with food for the same period will far exceed the cost of the house. So, after all, the HOUSE is NOT the BIG item of living expense.

We will close Saturday afternoons during July and August.

## THE ANNUAL SCHOOL MEETING

The annual school meeting of District No. 1, Fr., was held at the High school building, last Monday evening, and was fairly well attended. J. W. Henderson, president of the board, presided over the meeting. E. V. Joliffe, secretary of the board, read a statement of the receipts and disbursements for the past year, and the report was accepted and adopted by the meeting.

The budget of expenditures as estimated by the board was then read by the secretary. The board has estimated an expenditure of approximately \$80,678.00 for the next school year. After deducting \$24,126.97 from this amount, as estimated receipts from the primary school fund, Smith-Hughes fund, tuition and cash on hand, the board recommended that the sum of \$56,551.00 be raised by taxation. This amount was later increased to \$58,500.00, when the meeting voted to purchase four lots for school purposes on Adams street. The budget as recommended by the board was adopted by the meeting. Last year the sum of \$41,000.00 was raised by taxation. The increased amount this year is due to the fact that five, and possibly six additional teachers will have to be hired. Also alterations have had to be made in the old building, together with the increased cost of plant up-keep in connection with the new building, also the interest on the bonds on the new building.

Chairman Henderson appointed William Tait and L. B. Samsen tellers, and the meeting proceeded to the election of two trustees. Mrs. D. P. Murray and William Sutherland were re-elected to succeed themselves. The matter of purchasing four lots on Adams street for school purposes was next presented by Chairman Henderson. Mr. Henderson explained that the lots were needed for an entrance to the new school building and to the athletic field, and that it was the unanimous recommendation of the board that the lots be purchased, while the district has the opportunity to do so. The vote on the proposition was 43 "yes," and 1 "no."

The annual financial statement of the school district will appear in next week's paper.

## PURCHASE LAND FOR FACTORY SITE

Bert Giddings, real estate dealer, last week closed a deal whereby he sold to the Plymouth Land Co., the William Micol property of 23½ acres on Ann Arbor street, east from the village limits. The Plymouth Land Co. has just sold through Mr. Giddings' agency, eight acres of the property along the Pere Marquette R. R. to the General Machine and Iron Works of Detroit. It is the intention of this concern to erect a large plant on this property for the manufacture of structural steel products. They will also erect a neat office building on a lot, which they have purchased fronting on Ann Arbor street.

This company is now operating a plant in Detroit, and is a well known and established concern. It is expected that when the plant is in operation here, it will give employment to between 75 and 100 men. The rest of the property will be platted into building lots by the Plymouth Land Co., and will make very desirable home sites.

The coming of this important industry to Plymouth will be welcome news to our citizens, as it will mean not a little to the future growth and prosperity of the village. The Mail extends a cordial welcome to the new concern, and we know our citizens and business men will co-operate with them in every way possible.

## LARGE BARN BURNS

The large barn on the H. W. Bradford farm, north of Cherry Hill, was destroyed by fire last Monday morning about three o'clock. The quantity of hay, grain and farm tools were consumed by the flames. How the fire originated is not known. Mr. Bradford carried some insurance on the building.

If you know of an item of news, phone or send it to the Mail office.

## FORMER PROMINENT PLYMOUTH MERCHANT DIES IN CALIFORNIA

FUNERAL SERVICES FOR E. L. RIGGS WERE HELD HERE WEDNESDAY AFTERNOON WITH INTERMENT IN RIVERSIDE CEMETERY.

Plymouth friends were deeply grieved, last week Friday, when it became known that E. L. Riggs, who for more than twenty-five years was a prominent merchant in Plymouth, had passed away at his home in Venice, California, Thursday, July 10th. Mr. Riggs went to California about five years ago on account of failing health, and later he moved his family there, where he had since resided. Mr. Riggs had a host of friends in Plymouth, where he was actively engaged in the dry goods business for so many years. He was a man of genial disposition and courteous manners; a man of sterling worth and character.

The remains were brought to Plymouth, Tuesday night, accompanied by Mrs. Riggs, and taken to Schrader Bros. Funeral Home, where the funeral services were held, Wednesday afternoon at two o'clock, Rev. H. E. Sayles officiating. Mrs. W. S. Bake sang two beautiful selections. The floral offerings were many and beautiful. The interment took place in Riverside cemetery.

Edward L. Riggs was born in Memphis, Mich., August 18, 1859, the second son of Mr. and Mrs. I. E. Riggs, and grandson of Mr. and Mrs. James Riggs of London, England, who settled in Memphis in the time of President VanBuren. His boyhood was spent in Memphis, after which he engaged in business in Richmond, Northville and Plymouth, where he was actively engaged until failing health compelled him to retire. Surviving him are his widow, formerly Miss Clara Reed of Richmond, and one son, Charles E. Riggs of Plymouth. He also leaves six brothers and one sister, C. Burton, Scott W., and William T. Riggs of Seattle, Washington; Frank E. Riggs of Louisville, Kentucky; Mrs. G. L. Stevens of Delphos, Ohio; Walter T. Riggs of Reed City, Mich.; and Eugene L. Riggs of Plymouth.

Those from out of town who were present at the funeral were: Mr. and Mrs. D. T. Sutton, Melvin Claggett, Mrs. Emma Grennis, Mrs. Arthur Reed, Mr. and Mrs. Michael O'Brien, and Mrs. A. B. VanAkin of Detroit; Frank Riggs and Walter Riggs of Louisville, Kentucky; W. T. Riggs and daughter, Beatrice, of Reed City, Mich.; A. E. Ransom and Miss Agnes Ransom of Flushing, Mich.; Mr. and Mrs. G. L. Stevens of Delphos, Ohio; Mrs. Esther Reed of Richmond, Mich.; and Will Foley of Detroit.

## WILL HAVE PLYMOUTH DAY

A joint committee from the Chamber of Commerce, Rotary Club and the Village Commission has been appointed to formulate plans for Plymouth Day celebration at the time of the opening of the new Plymouth road pavement. It is too early to announce the plans for the days' program or the exact day, but we are safe in saying it's going to be a hummer of a celebration. Watch this paper for further particulars.

We call attention to the advertisement of Mrs. Clara Patterson Todd, who announces the opening of a beauty shop at her home, 267 West Ann Arbor street, on Tuesday, July 22nd.

## NEWBURG SUPPER

This Friday evening, July 18th, will occur the dedication of the new parsonage at Newburg. Dr. Lesson, District superintendent, will be there. A program will be given. Supper will be served in the hall from 5:30 until all are served. Price of supper, 50c and 25c. Proceeds of supper to apply on parsonage fund. No money will be solicited at this time. Everyone urged to come and assist in a good cause, and greet Rev. and Mrs. Havens in their new home.

## NOTICE

Come to the ice cream social tonight, at the home of Mr. and Mrs. Corcoran, the old Wilcox home, on Holbrook avenue, near Lapham's store. Follow the crowd.

## COLORED MEN ABANDONED THEIR CAR

One night last week, local officers were called to Canton township, where residents had noticed the suspicious actions of two colored men in an automobile. On their arrival there, the officers could find no trace of the men, but while they were at the store at Canton Center, the colored gentlemen drove past the store toward Warren avenue. The officers immediately gave chase, and when the car approached Warren avenue, the men jumped from the car and disappeared across the fields in the darkness, and were not apprehended. The car abandoned by the colored men contained 37 dead chickens, and a pair of the largest shoes, Chief of Police Springer says, he never saw. The car has not yet been claimed.

## AUTOMOBILE PLUNGES INTO FORD MILL POND

An automobile driven by Joe Jersek, a member of the Detroit police department, and occupied by Mrs. Grace Beeson and three daughters of Detroit, plunged over the embankment and into the Ford mill pond at Phoenix late last Saturday night. The car was being driven east on the prison farm road, and in coming down the hill at the intersection of the Plymouth-Northville road, the driver failing to check his speed and make the turn, the car plunged across the railroad and down the steep embankment over into the mill pond, landing upside down in about two feet of water. The occupants managed to extricate themselves from the car and clambered up the bank to safety. The driver of the car escaped without injury, but the ladies in the party were all more or less bruised and cut. They were brought to Plymouth where Dr. A. E. Patterson rendered the necessary surgical attention. It is almost a miracle that none of the occupants of the car were killed.

## INSTALLED NEW PICTURE MACHINES.

Two new Simplex picture machines have just been installed in the Pennington Allen theatre. These machines are the very latest and best in picture machine equipment. They are equipped with Mazda lamps. It is not necessary to use a generator in their operation, thereby doing away with any noise, and they give a much steadier and clearer light, and therefore produce a much better picture on the screen. Patrons of the local theatre will appreciate the efforts of the management in providing the very best equipment that it is possible to get.

### OUR LATEST STUNT

We'll have to mark up one more great achievement to the credit of Uncle Sam. He is now operating a regular mail service, on a 34-hour schedule, between San Francisco and New York, and carrying letters by airplane. Something like 23,000 can be carried safely on each trip by one of the giant airships.

Citizens of Plymouth have been reading for sometime that the government was experimenting along this line, but we feel sure few of them realize that the air mail route has only been opened after five long years of planning. Landing fields had to be bought and equipped, repair stations set up, lights and signals worked out and means provided for sheltering and feeding the flyers. Now all this is completed, and a regular service, for those who are willing to pay extra to have their correspondence speeded up, is a permanent part of our postal department.

Ere long an "airplane mail" letter will not be a novelty here, and those of our people who have learned that in this fast age few things are impossible will not be surprised when they hear that regular airplane passenger routes are also being opened up. If mail can be carried safely by airplane, then why not passengers? Of course there will be thousands afraid to trust to that means of transportation, but most of us can remember that when autos first came out thousands were afraid to ride in them. But the fear soon wore away, just as it will wear away in the case of airplane trips. And a dozen years from now, or less time, you'll have your choice of going from one point to another by auto, train or airplane.

### MARK TWAIN KNEW

Possibly they didn't write as much slang in old Mark Twain's day as our modern writers indulge in, but humor was real humor then, and the kind that we can still get a laugh out of. The other day we picked up a neighboring paper and found there, in an old Mark Twain story we believe Plymouth readers can find time to smile at. It is to the effect that while he was editing a little Mississippi weekly paper Twain received a letter from a subscriber stating that he had found a spider in his paper, and asking if that was a sign of good or bad luck. Mark Twain replied through the columns of his paper:

"Finding a spider in your paper was neither good nor bad luck for you. The spider was merely looking over your paper to see which merchant is not advertised so that he can go to that store, spin his web across the door, and live a life of undisturbed peace ever afterward."

### MOTHER-IN-LAW JOKES

Occasionally in our strolls around Plymouth we pause to listen to an amateur story-teller and often hear what to us is about the poorest excuse for a joke that ever hobbled on crutches—the "mother-in-law joke." Usually when we hear one we find more interest in sizing up the man who is telling it, for in every instance the mother-in-law gets the benefit of the doubt with us. It would be a good idea if men who delight in telling these kind of stories, that carry sarcasm that is not merited, would pause before doing so and remember that the best mothers in this world are mothers-in-law, or may be at some future time. The chances are their own mother was a mother-in-law, so how can a sensible man find room to tell a joke at his mother's expense? There would never have been a race of Americans if there had not been mother-in-laws, and if the man who tells a joke at their expense was only one-tenth as good as they are, the whole world would be a lot better off.

### THE LOCAL PAPER

John F. Cunningham, a member of the Board of Trustees of the Ohio State University, had occasion a few weeks ago to address a meeting of daily newspaper editors, and he told them some things we'd like to have every citizen of Plymouth know. Here's what he said to the editors of the big daily newspapers of the land: "There was a time going when the small-town newspaper seemed to be smothering under the increasing circulation of the big city dailies. The city daily does not and cannot devote space to matters of immediate interest to those in small towns and on farms. While the great wall of stones and bricks furnished by the big city papers, the chinks and the cement will ever be furnished by the little home-town paper's news from nearby communities.

"Every town owes it to itself to encourage a good, enterprising, wide-awake, progressive newspaper. Such publications are worth far more to the town than the town usually realizes. By supporting the home-town paper, I mean not only subscribing to it and reading it, but also helping it to get the news, by using it as a medium of public discussion, and by patronizing its advertising columns. In too many instances the good local paper is taken as a matter of course—about as we consider the act of eating when mealtime comes. The town which does not properly support its local newspaper is a pretty barren place. God pity it."

The Crotonville team added two games to its long string of victories last Sunday, by defeating the Willis team 6 to 0, and the fast going Rough and Ready team from Stark, 3 to 2. Matt Piszarek featured the first game by striking out eleven men in seven innings, while Clement featured the second game with a home run and singles for the losers. Finnigan starred in the play with a running one hand catch.

On Sunday, July 20th, the Sunday-school service, held at the school building, will open at 10:30, instead of 11:00 o'clock, the usual hour, as there will be special music by the Hansford male quartet of Detroit, and also a speaker. All are cordially invited to come.  
The annual school meeting of District No. 6, Livonia township, was held Monday evening, July 14th. George N. Bentley was re-elected to the office of treasurer; Mrs. Fred Wilson was re-elected librarian. A committee was appointed to examine the school building and propose plans for enlarging same.

**\$1 does two big things for you**

If you'll open a savings account with us during the next few days, you'll receive a double benefit.

We're making a special inducement for the sake of adding a hundred new depositors to our list this month.

First. It will put you in possession of a handsome savings bank, in either of the two designs illustrated below. One is a nickel plated box, which makes a good desk or mantel ornament. The other resembles a beautiful little leather-covered book, and is small enough to be carried in the vest pocket. Either one costs us nearly a dollar, but you have your choice without charge.

Second. It will start you with a savings book, with your one dollar recorded as the first deposit. This may be the beginning of your habit of saving; and if you keep it up you need never fear having to "go over the hill to the poorhouse."

Our supply of banks is limited, but we want you to have one. So come in soon and make the deposit that gives you the bank and starts you on the road to financial security.

There was a very good attendance at church, Sunday, the pastor preaching from Isaiah 55:6. Mrs. Havens and friends, Mesdames Mellencamp and Miller, sang a beautiful song, entitled, "Above the Heavens to the Blue." There were forty-one in attendance at Sunday-school, eleven being in the Men's Bible class. A committee consisting of four men, Robert Holmes, Donald Ryder, Clyde Smith and Rev. Havens, will arrange for a Sunday-school picnic.

There was a large crowd at the shower, given at the home of Mr. and Mrs. Floyd Bassett, last Wednesday evening, in honor of their daughter and husband, Mr. and Mrs. Henry Meilbeck. The bride received a large number of beautiful and useful articles. Ice cream and cake were served, and a general good time was indulged in by the young people. The happy couple will commence house-keeping in the Streh house across from the DeFer farm on Ann Arbor road. They have the best wishes of their many friends for a long and happy wedded life.

Mr. and Mrs. Mellencamp and Mr. and Mrs. Miller of Napoleon, motored to the parsonage, Saturday evening, staying until Sunday with their former pastor and wife, Rev. and Mrs. Havens.

Mrs. Goodhue of Jackson, was the guest of Mrs. Havens, last week.  
Misses Anna and Ada Youngs attended a family reunion in Detroit, last Sunday.  
Mr. and Mrs. Don Horton and little son spent over Sunday with the former's parents.

Raymond Grimm, accompanied by his father and mother and Carl Fausman of Dearborn, took a motor trip to Sandusky, Ohio, last Sunday, seeing the destruction of the tornado did in that part of the state.

The L. A. S. bake sale last Saturday afternoon was quite a success, netting the society \$18.50.

Quite a number were out to the school meeting, Monday evening, when the following were elected: Levi Clemens, director; Donald Ryder, secretary; Charles Duryee, moderator. It was voted that the district pay all the tuition for high school pupils, of which there are nineteen from this district to attend Plymouth High.

Miss Anna Youngs entertained a number of her pupils with a picnic at the tourist camp. She also gave a party for some of the younger pupils at her home, Tuesday afternoon.

Mrs. James McNabb and daughter, Joy, of Detroit, visited her brother, Mark Joy and family, Monday.

Mrs. Emily LeVar of Plymouth, visited Mrs. C. E. Ryder, Wednesday.

**PLYMOUTH ROAD PAVEMENT**

People in this village are now much interested in the paving machine now working on the Plymouth road. The mixer started laying concrete at the intersection of Mill street and Plymouth road, last Friday, and is now outside the village limits going east. If nothing unforeseen arises, we will be driving to Detroit on this road about the middle of September.  
Some questions have arisen about the width of this pavement. When the matter was first taken up with the county, the idea was to make a complete street with curb and gutter as was done on Starkweather avenue, and as is to be done on Ann Arbor street. Further developments brought out the fact that the Plymouth road east of the village was to be only twenty feet wide for the present, and the recommendation of the county commission was that twenty feet be laid inside the village now. One of the main reasons was that the abutting property was not sufficiently developed to easily stand the increased cost of the complete street. The matter was discussed at the public hearing of the village budget, and was approved as is now being done. The only cost to the village on the present job is the state reward equivalent, which amounts to \$1,875.00. Later the additional width of concrete, together with the curb and gutter, can be put in, and the total cost will not come all at once, and will not be so much of a burden.  
The county is doing a fine job. The intersection of Mill street and the Plymouth road will be a pleasure to drive over, instead of a succession of bumps. The appearance of the street will be improved wonderfully.

Mid-week prayer service at 7:30 Thursday evening.

The reports of the "Hi-Y" boys, who were in camp at Hayo-Went-Ha, given at church last Sunday evening, surely revealed the worth-whileness of the work that these organizations are doing for the young manhood of our schools. The boys are greatly enthusiastic over their experiences at camp, and each one gave a splendid report.

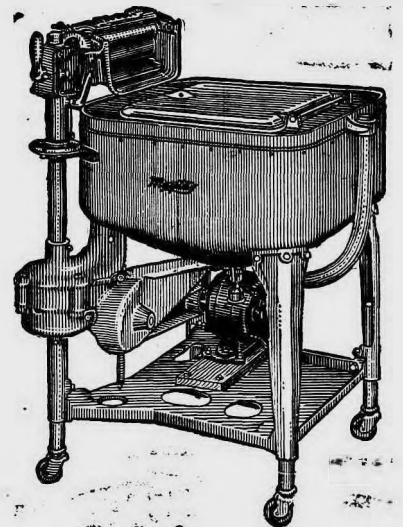

"More things are wrought by prayer than this world dreams of." Trust in God and do the right.

The members of the official board are asked to meet with the building committee and architect at the church, next Thursday night, at 8:15, for further consideration of plans and specifications.

Address any of the Boy Scouts or their leader at camp at South Lyon, care of Orange Peach. The Scouts will all return next Thursday afternoon.

Screens Stored, Repaired and Painted

We make, paint, repair and store house screens.

Our screens are made as follows: All frames are made of the best quality lumber put together with mortise and tenon joints and pinned. All frames are given one coat of primer before wire is applied and covered with a 16-mesh galvanized wire, making them mosquito and bug proof.

All frames are made 1 1/8 inch thick where building permits. We take the measurements so there will be no mistakes.

We install them if you so desire, so it will not be necessary to hire another man to finish the work. We furnish all hardware, either japanned or brass.

In other words we take care of all of your screen troubles, so if you have old frames to re-cover or paint or want new ones made, it will pay you to get in touch with us at once, for an estimate before you order elsewhere.

## ELECTION AND REGISTRATION NOTICES

According to the following resolutions passed by the Village Commission July 15, 1924:

RESOLVED, by the Commission of the Village of Plymouth, State of Michigan, that

WHEREAS, this Commission has heretofore declared the construction of a sanitary sewer from the westerly village limits, and extending thence easterly along West Ann Arbor Street to Main Street, to be a public necessity, and a necessary public improvement; and

WHEREAS, this Commission has heretofore determined to pay, out of the funds of the Village, a certain portion of the cost of said sanitary sewer; and

WHEREAS, from estimates made, it has been determined that the cost of that portion of said improvement to be paid by the said Village of Plymouth at large, will be in the amount of Three Thousand, Five Hundred (\$3,500.00) Dollars; and

WHEREAS, it is necessary for the Village of Plymouth to borrow the said sum of Three Thousand, Five Hundred (\$3,500.00) Dollars, for the purpose of paying its part of the expense of said public improvement, and to issue its bonds therefor;

NOW, THEREFORE, BE IT RESOLVED, that a special election of the qualified electors of the Village of Plymouth be, and the same is hereby called for, Wednesday, the 6th day of August, 1924, for the purpose of submitting to said voters the proposition of borrowing the sum of Three Thousand, Five Hundred (\$3,500.00) Dollars, and issuing the bonds of said Village therefor, for the purpose of paying that part of the expense of the construction of said sanitary sewer to be paid by the Village at large.

BE IT FURTHER RESOLVED, that said election shall be held at the voting place in the said Village of Plymouth, to wit, at the Village Hall in said Village, on Wednesday, the 6th day of August, 1924, and that the polls of said election shall be open from seven o'clock in the forenoon until eight o'clock in the afternoon of said day.

BE IT FURTHER RESOLVED, that the form of ballot shall be as follows: "Shall the Village of Plymouth borrow the sum of Three Thousand, Five Hundred (\$3,500.00) Dollars, and issue its bonds therefor, for the purpose of paying that part of the expense of the construction of a sanitary sewer along West Ann Arbor Street, from the westerly village limits to the intersection of West Ann Arbor Street with Main Street, to be paid by the Village at large?"

YES ( )

BE IT FURTHER RESOLVED, that any elector desiring to authorize the Commission to borrow said sum and issue said bonds therefor, shall place a cross (x) within the bracket following the word "Yes" on said ballot, and any elector desiring to vote against the borrowing of said sum and the issuing of said bonds therefor, shall place a cross (x) within the bracket following the word "No" on said ballot.

BE IT FURTHER RESOLVED, that the Clerk of the said Village of Plymouth be and he hereby is authorized and directed to give notice of such special election to the qualified electors of said Village of Plymouth, called for the 6th day of August, 1924, by causing copies of these resolutions to be posted, at the polling place for said election and in ten other of the most public places in said Village, at least fifteen (15) full days before the day set for said election and by causing a copy of said notice to be published in the Plymouth Mail, a newspaper printed and published in the said Village of Plymouth, at least twice, the first publication to be at least fifteen (15) full days prior to the date of such election.

BE IT FURTHER RESOLVED, that the Board of Registration of said Village of Plymouth shall meet at the Village Hall in said Village on Saturday, the 26th day of July, 1924, and Saturday, the 2nd day of August, 1924, from nine o'clock in the forenoon until eight-thirty o'clock in the afternoon of said day for the purpose of completing the registration of voters of said Village qualified to vote at said special election of August 6th, 1924.

BE IT FURTHER RESOLVED, that the Village Clerk be and he is hereby authorized and directed to give notice of the meeting of said Board of Registration, together with and at the same time, and in the same manner that he gives notice of said special election of August 6th, 1924, and on Saturday, the 2nd day of August, 1924, the Village Board of Registration will be in session at the Village Hall in said Village of Plymouth from nine o'clock in the forenoon until eight-thirty o'clock in the afternoon of said day for the purpose of completing the registration of voters of said Village under and in accordance with the provisions of the statute of the State of Michigan, and with the provisions of the charter of the said Village of Plymouth.

**Today's Reflections**

It is now possible to send light around a corner, but it's just as hard to get it through a square head.

One of the worst mistakes a man can make is to imagine that girls who win beauty contests are a great help to their mothers around the house.

Our idea of a modern liar is the Plymouth man who says he found a chicken in his garden, but didn't swear while driving him out.

Sometimes we see people so well versed in table manners that we can't help wondering if they used to be waiters.

A traffic law is something no motorist will admit that he broke but he pays his fine just the same.

Some Plymouth men think they are good to their wives when they bring them home a package of chewing gum.

When some fellows call themselves "self made," old nature must be mighty glad to shift the blame.

You don't look for poison ivy—you get it when you are looking for something else.

The Plymouth man who never has been tempted, doesn't know whether he would be honest or not, but he imagines he would accept the offer if it were big enough.

Many a voter considers Congress a one-sided affair—with himself on the opposite side.

Elevators are to be installed in western streams to help salmon over the dams. Next thing we know they'll be wanting four-wheel brakes.

Chambers: Mr. and Mrs. Darius Davidson and son, Sterling, of Detroit; Mr. and Mrs. Charles Roberts of Redford; Mr. and Mrs. Clark Mackinder of Newburg; Mr. and Mrs. James Chambers of Wayne, and their granddaughter, Irene Barling of Pontiac.

The following from Plymouth attended a family reunion at the home of Mr. and Mrs. Andrew Sallow at Farmington last Saturday, and reported a fine time: Mr. and Mrs. Fred Lucht, Mr. and Mrs. Edward Sallow and daughter, Gladys, Mr. and Mrs. Louis Sallow and two sons, Mr. and Mrs. Fred Sallow, son and daughter, Mr. and Mrs. Charles Krumm and son, Archie, and Miss Letta Dixon.

**Motor Cars Foil River**

Shreveport, La., has found a new use for junked motor cars. The Red river is cutting away its banks and threatens valuable industrial property. Construction of permanent protective dykes has been delayed by high water. In the pinch, according to the Engineering News-Record, temporary relief has been secured by sinking 2,000 discarded motor cars to hold the bank from being washed away.

The motor car bodies were hauled to the point along the bank where they were to be submerged by 20-mule teams and thrown in water 20 to 40 feet deep. Where there was danger of their floating away they were filled with rock and sunk. Some of the cars which, during their lifetime were devoted to joy riding, are at last accomplishing a useful purpose.—Science Service.

**Silver Coin Lures Death**

A silver dollar carried in his hip pocket caused the death here recently of Edward Amble, forty, city sewer and plumbing inspector. While engaged in making repairs on a dynamo in the waterworks pumping plant Amble leaped back against the switch terminals of the dynamo and the dollar in his hip pocket, with his hands on the dynamo, closed a 2,220-volt circuit, his body acting as a bridge for the current, says a Lyons (Kan.) dispatch to the New York World.

It was thought that water had leaked into an oil box on the switchboard and formed a contact. Amble died instantly. He had recently been appointed to his position. He leaves a wife and daughter.

**SAINTS WHO MADE IMPRESS ON TIMES**

**Four Most Worthy of the Honors Paid Them**

The neighbors spent a wonderful night, there awhile back in the green Verdugo hills. They were gathered together in the little gray house in the hollow that has the two big rocks behind it and the lilac bush in front, writes John Steven McGroarty in the Los Angeles Times.

And the talk that came up was about four great saints who have left their everlasting footprints on the sands of time.

The way the talk about saints came up was that the man who reads the papers was saying that he had read a piece which said that in the house of parliament in London four great windows had been installed, and that on each window was a fine picture of a saint.

On one window a picture of St. George of England, on the second St. David of Wales, on the third St. Andrew of Scotland, and on the fourth St. Patrick of Ireland.

Now, this mere statement of itself, as you might say, was not of such a startling nature as to make a night wonderful for the neighbors in the green Verdugo hills or for anybody else. But what did make the night wonderful was that our neighbor, the man who knows about the saints, was given the floor. And he told all that there is to tell, or nearly as much, anyway, about the four saints in whose honor windows have been put in the British parliament house.

And it was a grand story. The story of great men who had labored and had spent their lives in the service of God, and of their fellowmen, which is the same thing. The torchbearers of the Wanderer of Galilee in the Isles of the Narrow Seas—that's what they were—George and David, Patrick and Andrew.

Kings there have been in the Isles of the Narrow Seas—many and many a king who wore jeweled crowns on their heads, and who sat on golden thrones. Kings, and queens also, some of them good and some of them bad, and some neither one nor the other. And there have been warriors in the Isles of the Narrow Seas, and statesmen, money-changers have been there, as they still are there; and this man and that have been there, each having his little hour and his day.

But it is George of the Dragon, gentle David of Wales, strong Andrew of Scotland, and noble Patrick of Ireland who are remembered most and who are most revered in the Isles of the Narrow Seas.

Torchbearers of Him who was slain on the bloody Tree of Calvary. It is they who are remembered best.

**Bricks of Molten Lava**

The problem of utilizing volcanic steam in industry has been well worked out by the Italian engineers, and if we ever tackle the job in the Yellowstone park we shall enjoy the benefit of the lessons they have learned. Apparently the conditions to be met are similar; but in the Yellowstone the available supply of steam is incomparably greater, so that the "puffing holes" of the Tuscan seem relatively insignificant.

Boring for steam has been going on for more than a year near the crater of Kilauea, on the island of Hawaii, but the rock is basalt and extremely hard, so that the drills have not yet penetrated very far. It is said that the scheme in that locality does not promise very well. But the Hawaiian government has consulted the Department of Commerce about a plan, seemingly practicable, for making bricks of molten lava from the Kilauea crater. It is proposed to extend a trolley across the crater, carrying an endless chain of buckets, which would scoop up the liquid lava, fetch it to the rim of the fiery hole, and pour it into the molds.—New York Times.

**Gives Boy Scouts Camp**

A 40-acre tract at Careyhurst, located at the mouth of the Little Boxelder canyon, Wyoming, has been presented for a permanent camp site to the boy scouts of Casper, Wyoming, by former Gov. Robert D. Carey of that state. The waters of Boxelder creek flow through the beautiful grounds. A game preserve is nearby.

Plans for the camp buildings include a large mess hall, kitchen and camp headquarters, and ten patrol cabins. Governor Carey has also donated all the steel bunks needed for the cabins.

**Canada to Keep Rains of Fort as Monument**

Fort Chambly, situated twenty miles southeast of Montreal on a conspicuous headland of the Richelieu river, stands out as one of the most notable and picturesque ruins in Canada. Its importance as a valuable historical memorial of the early military period of the Dominion resulted, a few years ago, in its being placed under the care of the Dominion department of the interior to be preserved for the benefit of future generations. Steps have since been taken by the department to arrest the disintegration of the massive walls and otherwise adequately protect the fort. A museum containing a valuable collection of rare books, photographs and relics has been added to the fort. That the public is greatly interested in the site is shown by the fact that in the last year it was visited by more than 6,000 persons.

The history of Fort Chambly goes back more than two and a half centuries to the year 1665, in which New France received its first substantial assistance from the mother country in combating the attacks of the hostile Iroquois. The first fort was erected of wood by Jacques de Chambly, a captain of the Carignan regiment, as one of a string of forts including Sorel and Ste. Therese. It was built in the form of a square, 144 feet on each side, with palisades 15 feet high. Inside the walls were erected barracks, a chapel and a house for the commandant. Seven years later the fort was temporarily abandoned and the Indians seized the opportunity to commit it to the flames. It was partially destroyed but was shortly afterward rebuilt, though on a smaller scale.

It was in 1700 that the construction of the solid structure, the crumbling walls of which remain today, was begun. The fall of 1711 saw its completion and for the next twenty-three years the new Fort Chambly was one of the important military posts of the colony. Rumors of war with England necessitated repairs being made in 1740. The struggle lasted twenty years, and in 1760 the fort was surrendered to the English forces. It remained in the hands of the British until taken by the Americans in 1775. Sixty years later it was completely abandoned as a military post, and in 1856 was transferred to the Canadian government once more. The fort came under the control of the minister of militia in 1887, and in 1921 was transferred to the national parks branch of the department of the interior.

# METHODISTS WILL BUILD NEW COMMUNITY HOUSE

METHODIST EPISCOPAL CHURCH

Announcement was made a short time ago in these columns of the plans for the local Methodist church to launch forth on a new building enterprise, having just completed payments on their present building. The Sunday-school having outgrown the capacity of the present building, the church finds itself cramped for room to take care of the increasing numbers who have been coming for religious instruction. Plans have been completed for the construction of the same, and the contracts will probably be let within a week or two.

The plans call for a building about 50x80 feet, with two floors and a balcony, joining on to the north side of the present building. The ground floor will have three large rooms facing the west side, thus taking advantage of the light and air. One room will be used for the beginners' department, and another larger room for the primary department. The room opening into the present church basement will be 21x27 feet, and will be used as a men's club room, and will be fixed up very attractively. This room is also to be used for additional dining room space when necessary.

On the east side of the basement floor there will be two locker rooms, one for the men and the other for the ladies, with showers in each one, providing modern equipment for an up-to-date church plant. A long, well-lighted corridor extends between the lockers on one side and the class rooms on the other.

The main floor will be used for the Young People's department of the Sunday-school primarily. A room, 21x27, opening off from the church auditorium will have folding doors to be opened or closed as desired. This will give added seating capacity to the present auditorium for church services when necessary, of about 100. This room will also be the Ladies' Aid Society room for their meetings, and a little pantry across the hall will provide equipment for serving lunches, etc. This same room will also be a class room for one of the ladies' adult Sunday-school classes.

On the north side of this ladies room, will be the Community Hall,

with a floor space of 35x60 feet, the minimum standard for a basket ball court, and can be used for general recreational purposes. Also this room will be in use for assembly purposes, lectures, entertainments, concerts, moving pictures, and other special features and programs. The seating capacity of this hall for such purposes will be at least 350. An opening in the porch side of the building, as mentioned above, will provide a large doorway for a stage or platform, the floor of this room being about two feet higher than the floor of the Community Hall. This hall will also afford a place for a large banquet room, when the basement facilities will not be sufficient. This splendid community hall will be one of the chief features of the new building, and will be one of the most used rooms in the church, and provides a long-needed arrangement for both church and community.

Along the east side of the community hall will be a row of five class rooms, each 10x11, large enough to hold 15 young folks, which according to standards is as large as any class ought to be. At the north end of this row of rooms will be a small hallway and outside entrance, making two outside entrances on this side of the building. Also above the class rooms will be a balcony with a stairway and hall at each end. The balcony will be divided up into six class rooms, the same size as those below. There will be folding doors between the class rooms, both in the balcony and on the main floor, so that these rooms can be thrown open for spectator's purposes for basket ball or other games going on on the hall floor; also for additional seating capacity for entertainments, etc., being staged on the platform at the south end of the hall. The class rooms on the main floor will also have rolling doors in front, so that for class work these rooms can be entirely closed up. The opening up of these rooms for entertainments, etc., will make a total seating capacity in the community hall of about 600, and for basket ball games, etc., of about 250.

On the balcony floor and just over the Ladies' Aid room, there will be another room 21x27, to be used as an Older Young People's class room; also as an Epworth League room, which will seat about 90 or 100.

The total arrangements for Sunday-school work will make it possible to just about double our present enrollment, and still leave room for growth. And at the same time, the arrangement will provide for many other attractive features which have become a vital part of a modern church plant. The Building Committee hopes to be able to finance the whole proposition for under \$30,000, about half of which is already covered by pledges given by members and friends of the church. The immediate financing of the construction is to be done by selling First Mortgage Bonds, which will be handled through the Union Trust Co. of Detroit, and bearing interest at six per cent, which makes one of the finest and safest kinds of investments for any who have money to loan, and at the same time it is helping a worthy, community enterprise. The bonds are to be all retired in the course of 15 years or less.

Some changes are also being contemplated in the present building, which was constructed seven years ago. The kitchen is to be re-arranged and enlarged, and some modern conveniences installed. A new and more convenient entrance into the choir loft is to be fixed. Also the present building is to be decorated on the interior. All in all the Methodists are to have one of the finest church plants in this part of the country when everything is completed, and a structure of which the citizens of the community, as well as the members of the church, will be proud. It will, moreover, be an enduring monument to the Living Christ to whose service it is dedicated, and a constant testimony to the power of His name to bless and uplift the community. For the aim of the Methodists seems to be to serve and help the community, especially its youth, in a very practical way in the name of Him who came "not to be ministered unto, but to minister; and to give His life a ransom for many."

# Two Ways To Build a Car

The Hupmobile Quality-Proof exhibit shows you two ways of building a motor car.

You don't have to be an expert on fine motor car practice to understand Hupmobile Quality-Proof. Every part is labeled. Its material is given in plain English.

The lesser practice is also told. You can see it all for yourself. Here is the kind of proof you are justified in demanding from any car.

Hupmobile Quality-Proof shows you not only fine material. It shows you fine engineering design and fine manufacturing—as fine as can be done by trained mechanics and modern precision machinery.

Hupmobile owners could tell you how much these things mean in satisfaction—in saving them money and time—in making their Hupmobile pay as no other car ever before paid them.

Come in soon—and learn how a motor car must be built to give you the satisfaction every motorist desires.

Evangeline Shoebridge of Ann Arbor, a former Salem girl, has just returned from her vacation, which, with a friend, she spent in a novel way, hitch-hiking through the state of New York. Rides from passing motorists were not refused. They left Buffalo on foot and visited Watkins Glen and Letchworth Park. The hike continued five days, part of it being through the Catskills. Miss Shoebridge has been, for several years, custodian of the zoology department of the U. of M.

## BAPTIST NOTES

The pastor was suffering with lumbago, last Sunday, but filled his pulpit both morning and evening.

Many of the Sunday-school teachers were away, last Sunday, on their vacations.

The discussion in the B. Y. P. U., last Sunday night, was, "How to Make a Warless World." Many plans were spoken of and the tremendous expense of the World War was compared with our offerings to missions. Different committees were appointed to take care of the ice cream social. Miss Willie Hancock was made chairman.

The first quarterly meeting of the church was held last Tuesday evening. About forty people sat down to supper and enjoyed a fine repast. The treasurer gave a brief report, and showed the finances in a very good condition. Other matters were discussed, and a good social evening was enjoyed.

Remember the Ladies' Aid will have a bake sale at Pfeiffer's market, next Saturday.

Rev. J. W. Austin of Lansing, financial secretary of the Baptist state convention, was in the village,

last Monday, looking into the charter of the Baptist church, and said it was all O. K.

## SALEM

TAXES and rising costs haven't yet robbed the BEECH-NUT Chewing Tobacco of quality and quantity. Just as much and just as good in 1924 as in 1915.

Recent years of higher revenue, State and Federal taxes, mounting labor and raw material costs, we've kept BEECH-NUT tight sealed against a reduction in weight and a rise in price.

Still the best and the most best chewing tobacco 10c. ever bought.

That's why sales exceed 250 million packages annually. That's why every third tobacco chewer in America ten-centably protests against any substitute.

Make your 10c. do its duty too.

### THE THEATRE

#### "CODE OF THE SEA"

"Code of the Sea," a new Victor Fleming production for Paramount, featuring Rod La Rocque and Jacqueline Logan, comes to the Penniman Allen theatre, Saturday, July 19th.

The story, a thrilling action-tale of the sea, is an original for the screen by Byron Morgan, author of all of Wally Reid's automobile successes. La Rocque has the role of a first mate on the lightship, Barrier Reef. Miss Logan has the role of Jenny Hayden, daughter of the Captain of the steamer, Northern. (George Fawcett plays this part). The big punch in "Code of the Sea" comes when McDow (La Rocque) receives a wireless message from Jenny's yacht that they are breaking on a reef. Simultaneous with Jenny's message comes one from the Northern, trying to make port in safety with over three hundred passengers aboard. Orders McDow to remain at his station.

The Northern plunges onward into the storm; the yacht continues helplessly on the reef. What's McDow doing in the meantime? Here's a question everyone will want answered—and how better than by seeing the picture.

Besides George Fawcett, others in the strong supporting cast of this picture include Maurice Flynn, Luke Cosgrave, Lillian Leighton and Sam Appell. Bertram Millhauser adapted the production to the screen.

#### "MEN"

"Men," Pola Negri's newest production for Paramount, will come to the Penniman Allen theatre, Sunday, July 20th. It is claimed that in this picture the popular continental star absolutely returns to the kind of role she had in "Passion" and her other European productions.

The picture, directed by the man who made "Peter the Great," Dimitri Buchowetzki, is a powerful story of France, lavishly produced. Pola has the role of a hot-blooded young woman whom we first see as a waitress in Marseilles. As the picture progresses, the star becomes one of the most sought-after women in the French capital.

"Men" is just that type of production the public of today wants.

And the supporting cast. Robert Frazer has the leading man's role. Then there's Robert Edeson and Joseph Swickard, both well known on stage and screen, in important parts. Among others are Monti Collins, Gino Corrado and Edgar Norton.

#### "THE DAWN OF A TOMORROW"

"The Dawn of a Tomorrow," a new George Melford production for Paramount, featuring Jacqueline Logan, David Torrence and Raymond Griffith, will be shown at the Penniman Allen theatre, Wednesday, July 23.

The story by Frances Hodgson Burnett, differs from all other successful plays that have been picture-ized in that it underlines the importance of one's own intellectual attitude toward life, and the effects of things unseen and only thought.

Miss Logan's role as the London waif, Glad, who makes things come right by the strength of her "wishin'" and "arskin," we regard as one of the greatest attainments of her phenomenal career. There is an inner force about her acting that radiates her impersonation and makes it both strong and winning. In the scene in which she repels the advances of a daring degenerate and forces him to do her will by "arskin" and "arskin" the Unknown Power she blindly believes in to compel him, she reaches the height of her performance and grips her audience with genuine power. She has some very excellent assistance from Torrence and Griffith, the two featured players, and from several members of the supporting cast, Alma Bennett and Guy Oliver in particular.

### BROWN TELLS OF NEEDS IN PROSECUTOR'S OFFICE

#### REPUBLICAN CANDIDATE STARTS SERIES OF TALKS ON REFORMS HE PROPOSES.

"Much delay in the presentation of cases in court by the prosecutor's office can be eliminated were there in that office a man whose duty it would be to perfect and conduct a system whereby the work would be well laid out in advance," contends Frederick B. Brown, Republican candidate for prosecutor.

"I would prefer this man not be an attorney for the rush of business at some times might suggest that he handle cases in court, and this would detract from his efficiency."

"It is a notorious fact that when a case is called for trial, the defendant's attorney, due mostly to the fact that he has prepared his case, has a decided advantage over the prosecutor, and many of the startling miscarriages of justice brought about by the liberation of criminals by juries, is the result of lack of preparation on the part of the prosecutor's office."

"The Supreme Court recently took occasion to severely criticize a case where an assistant prosecutor, in an important murder case, made the statement, 'I never knew of this case until we started to try it.' It was well-merited rebuke and is an offense of which no prosecutor's office should be guilty."

Helps Children Over Hot Weather

Summer complaint makes little headway with children whose careful mothers use Chamberlain's Colic and Diarrhoea Remedy for stomach and bowel complaint, severe and sudden intestinal cramps and vomiting and diarrhoea. It acts almost instantly, and given in a little sweetened water is easy to take. Good for grown persons, too.—Advertisement.

### AROUND ABOUT US

The Washtenaw road between Ypsilanti and Ann Arbor is now open for traffic.

The Detroit Edison Co. has just moved into their handsome new office building at Wayne.

South Lyon is making big preparations for the home-coming celebration, which they are going to hold there August 20-21.

John W. McKee of Redford, is in possession of a newspaper published at Kingston, Pa., and is dated Saturday, January 4, 1800.

Dogs are not allowed on Ann Arbor's streets during July and August. Owners of dogs running at large are to be prosecuted even if the animal is muzzled.

The University of Michigan fresh air camp at Patterson Lake, near Pinckney, is at present caring for about 120 street lads. The youngsters remain at the camp for about ten days each, and are under the supervision of the alumni of the university.

Large mouthed black bass fry from the Drayton Plains fish hatchery are now being planted in county waters, by members of the Oakland County Sportsmen's Association and others. The hatchery has for delivery approximately 1000 cans containing from 500 to 1000 fry, each fish averaging about an inch in length. The late spring was the cause of the hatching season being later than usual. Blue gills will not be ready for planting until near October 1st.

## Federal Tax on Telephone Toll Messages Removed

UNDER the provisions of the Federal Revenue Act of 1924, all telephone messages became free from tax at midnight, July 2, 1924. The taxes imposed under the previous law were as follows:

- On a telephone toll message for which the charge was more than fourteen cents and not more than fifty cents . . . 5 cents
- On a message for which the charge was more than fifty cents . . . 30 cents

These taxes were highest, in proportion to the charge for service, for toll messages over moderate distances, the tax in some cases amounting to one-third of the toll charge.

We have anticipated the increased use of toll facilities that will follow the removal of these taxes and are prepared to care for it.

Mrs. Henry Priebe spent part of the past week in Detroit, visiting relatives and friends and one day going with an excursion party to Bob-Lo. Her daughter-in-law, Mrs. Henry Priebe, has been assisting Miss Clara with the home work during her absence. Saturday evening William Priebe and mother motored out from the city, and he remained here until Sunday evening, when Mrs. Priebe accompanied him home.

Carl Nass, who is working in Detroit, spent the week-end here with his parents, Mr. and Mrs. Albert Nass.

Mrs. Edward Morgan is convalescing from her operation, at the home of her son, Harry and family. She came from the Beyer hospital, Saturday afternoon.

Thieves took away with them between \$15.00 and \$20.00 worth of goods, including oranges, candy, tobacco, etc., when they entered the garage and notion store of Herbert Shock, one night last week. Entrance was made by prying off the back doors. So far no clue has been obtained as to their identity.

Arthur Priebe of Detroit, who has been spending part of his vacation here with his parents, left with a party of friends for a motor trip to New York City, going through Canada. They expect to be gone about two weeks.

Fred Nollar and family entertained a party of about thirty guests on Sunday.

Jennie Mae and Eddise Bayne of Cleveland, Ohio, are here on a visit to their aunt, Mrs. Mae Johnson, at the Ed. Parks home.

Fire of unknown origin destroyed the large basement barn on the Bradford farm, north of Cherry Hill, early Friday morning.

Mrs. Joe Shock is reported as resting quite easily, since being severely hurt when a bolt broke in the hay rake she was riding, last week.

Richard Fritz and friend, Miss Violet Nelson, of Detroit, spent Saturday and Sunday with the former's sister, Mrs. W. P. Wernett and husband at their home, "Maple Lawn" farm.

Mr. and Mrs. R. Dickson of Detroit, were week-end guests of Mr. and Mrs. Oliver Goldsmith. Mr. Dickson returned home, Monday, but Mrs. Dickson remained for a few days' visit attending the dancing party given by Maurine Dunn, Monday afternoon.

Twelve members of the Plymouth Girl Scouts left here Tuesday morning for Detroit, where they joined a group of Girl Scouts, numbering about 75, and proceeded to a camp on Lake Huron, near Port Huron, for a week's stay.

Thirty members of the Ypsilanti Lodge, Knights of Pythias, came to Plymouth, last week Thursday night, where the third rank team of the visitors performed the formal third-rank work for the benefit of the local lodge. After the work a buffet luncheon was served by the local members.

The Plymouth Rotary Club will join the Boy Scouts, who are camping at Silver Lake, near South Lyon, for a supper this Friday evening, at six o'clock. The ladies of the Lutheran church will serve the luncheon. The members of the Rotary Club are anticipating a most enjoyable time at the lake.

Mr. and Mrs. W. R. Shaw left last Tuesday for "Wildwood," their cottage on Black Lake, near Onaway, Mich., where they will remain until the first week in September. During Mr. Shaw's absence, Mr. A. J. E. Torre will have charge of the office of the Plymouth Home Building Association, where he will be every Saturday afternoon and evening.

The Nacker reunion was held at the home of Charles Nacker in Salem, July 13th. Some sixty relatives were present from Detroit, Farmington, Clarencville, Redford, Livonia, Center, Elm and Stark. After a beautiful dinner was served on the lawn, they were entertained with music, recitations, games and singing. Then lunch was served and all departed only wishing that the pumpkins ripen and find a red ear in corn. We will come again, Charley.

On Saturday evening, Mr. and Mrs. Oliver Goldsmith of "Auburn," gave a dancing party to forty of their friends and neighbors, in honor of the host's birthday. Everyone had a delightful time as Mr. and Mrs. Goldsmith are royal entertainers. The hostess served a delicious lunch, of which the guests heartily partook. In leaving the host received many good wishes in honor of the day. There were guests present from Detroit, Northville and Plymouth.

The H. S. Lee Foundry & Machine Co. of this village, have received a number of large contracts, which will necessitate the enlargement of the plant and equipment to care for this increased business. New machinery will be installed as soon as possible, and more men will be given employment. The outlook for the Lee company, which has become one of Plymouth's most important industries, is very bright, which of course means much also to the future growth and prosperity of Plymouth.

Make Business Good By Advertising In The Mail

### THE NEW INFORMATION BOOTH

The new information booth of the Chamber of Commerce on Main street, is now open to the public. A telephone pay station will be installed for the convenience of the public. Any information relative to the village will be obtainable at the booth, and this will surely be appreciated by the traveling public, and will go a long way in advertising the village. We do not believe there is another village of this size in the state that has anything of this kind, and it surely is going to attract favorable attention and comment by every visitor who passes through the town. The building is attractive in appearance and is located in a most prominent and convenient place for the general public. Secretary H. S. Lee, who has had a great deal to do with the establishment of the booth and has spent a great deal of time and effort in bringing about this convenience, is to be congratulated upon the successful inauguration of this service in the interest of the village at large.

### LEAGUE OF WOMEN VOTERS HEAR CANDIDATES

A meeting of the Plymouth Branch of the League of Women Voters was held Tuesday afternoon, at the home of Mrs. Phoebe Patterson. Frederick E. Brown and Frank A. Sibley, candidates for the office of prosecuting attorney, were present, and addressed the meeting. Neither candidate made any very strenuous efforts to secure for himself the votes of the women, but advised them to consider the matter and vote for the one who seemed to be best qualified for the position of prosecutor.

Mrs. Albert Peppers, an active member of the Detroit League of Women Voters, also addressed the meeting, giving some amusing incidents relative to the caucus and the way delegates are chosen for the conventions.

The next meeting will be held in two weeks, the place to be decided upon later.

### A BUSINESS CHANGE

H. W. Hovey has sold out his retail confectionery and ice cream business to Max Huffman, who takes possession today. Mr. Hovey will continue his wholesale candy manufacturing business as heretofore. Mr. Huffman has an announcement in today's paper. The Mail together with the new proprietor's many friends wish him much success in his new venture.

### FIFTY-FOUR DOGS HAVE BEEN SHOT

Chief of Police Springer informs the Mail that fifty-four dogs have been shot thus far this summer, and that there are some more that will meet the same fate if they are not taken care of by their owners, and allowed to run at large upon the streets, without muzzle or license. For a time, dogs were kept tied up by their owners, but within the past few days they have been allowed to run at large again. The chief and members of the local police force are going to gather in these dogs when found running at large. Dog owners should bear this in mind.
