HOME AGAIN!

One of the joys of going away is knowing we can come back, and coming back we come to the things with which we are familiar. Home is composed of persons and things and they tie our affections tight. The "Home Town" also is made up of persons and things we know and like. One of the things helping make a home town is the home church. It wouldn't be our home town without the churches. The Presbyterian church invites you to make it your home church and attend its services.

MASS MEETING AT HIGH SCHOOL VERY ENTHUSIASTIC

The meeting held at the High school auditorium, Monday evening, of the Plymouth Day committees and citizens in general, was fairly well attended, and what the meeting lacked in numbers was more than made up for by the enthusiasm of those present. Harry C. Robinson, general chairman of the Plymouth Day celebration, called the meeting to order, and after a few peppy songs, led by C. H. Rauch and Calvin Whipple, chairman Robinson outlined the purpose for which the meeting was called. The chairmen of the committees on decorations, finance, publicity and entertainment for Plymouth Day, September 11th, made their reports.

The matter of providing a merry-go-round was brought up for consideration, and after some discussion it was voted to accept the proposition of William Felt and Gus Kinyon to erect the merry-go-round owned by them on the ground facing Ann Arbor street, owned by the Plymouth Motor Sales Co. The kiddies will be given free rides throughout the day and evening. It is needless to say that this will be good news to the boys and girls, and will provide them with plenty of amusement along that line.

After tabulating the various expenses incident to the big day, it was found that more money would have to be forthcoming, and in a very few minutes several hundred dollars were subscribed, as the meeting was brought to a close.

PLYMOUTH DAY NOTES

Follow the arrow—it leads to Plymouth.

Watch next week's paper for complete program.

Ten thousand thimbles will be given away as souvenirs of the day.

Chairman H. C. Robinson says he has waited 38 years for this day, September 11th.

The publicity committee is distributing advertising matter in the neighboring towns today.

Alfred Straen's seven-piece orchestra will furnish music for the dance on the pavement, afternoon and evening.

A first aid tent will be established on W. J. Burrows' lawn on Penniman avenue, and will be in charge of Frank Burrows.

The Ladies' Quartette and Daniel Patterson's orchestra will furnish music during the banquet at the High school auditorium.

Chief-of-Police Springer is to have full charge of the parking of autos. He will have plenty of assistants, so there will be no confusion.

The town will be decorated as it never was before. The decorating committee promises a little surprise along this line.

Village Manager Strong reports the arrival of a car load of road oil, which is being placed upon the streets.

J. W. Henderson, president of the village commission, will preside over the opening ceremonies of the new Plymouth road pavement.

Chairman Robinson has arranged with the Detroit City park commission for the loan of all the seats that we want, so there will be plenty of seats available.

Chairman H. C. Robinson has appointed Edward Gayde to look after the bands; Grant and Carl Stimpson, the ball teams, and Karl Hillmer, the merry-go-round.

The entertainment committee has contracted for three high class vaudeville acts. They are an acrobatic act, a family singing and novelty act and pony and dog show. These are all free attractions on the street.

From good authority it is reported at this office that the business houses of Northville, will close Plymouth Day at noon. In fact cards have been printed to be placed in the Northville store windows that will read something like this: "We close Thursday at noon to help Plymouth celebrate. This shows a good spirit between our two little cities, and there is no reason but what it should always exist."

Get a sticker for your windshield, advertising Plymouth Day, at the Chamber of Commerce Information booth.

Chairman H. C. Robinson has received a very nice letter from W. F. Markham of Hollywood, Calif., acknowledging with thanks, an invitation to be present on Plymouth Day. Mr. Markham expressed regret that he could not be with us on this occasion, but wished to be remembered to his many friends here. Mr. Markham cherishes a warm spot in his heart for his old home town, and watches its progress with interest and satisfaction. The letter also enclosed a nice check for the Plymouth Day fund.

WILLIAM A. CASSADY PASSES AWAY

William A. Cassady passed away at his home on the Northville road, last Saturday, August 23rd. Mr. Cassady moved to Plymouth from Ludington in 1904, and had lived here for the past twenty years. He was born at Elora, Ontario, April 8, 1858, but moved to Saginaw in early boyhood. In 1890, he was married to Sophia Rex of Saginaw, who passed away in Plymouth, December 12, 1911. Their three sons now survive: Roderick Cassady of Plymouth, William of Chicago and Kenneth of Detroit; also four granddaughters.

The deceased has two sisters, Miss Louise Cassady of Plymouth, and Mrs. Charles Liebich of Dearborn, and a brother, George, of Fort Wayne.

For forty-five years, and until a year ago, Mr. Cassady was with the Pere Marquette railroad.

Funeral services were held at his late home Monday afternoon, at 4:00 o'clock, and at Forest Lawn cemetery in Saginaw, on Tuesday at 2:00 o'clock p. m.

LABOR DAY AT FARMINGTON

Groves-Walker Post, American Legion, two years ago pre-empted all claims for Labor Day celebration programs in Farmington, and did so well on that and succeeding Labor Days, which they designated as Gala Day, that the citizens of Farmington and vicinity have released all rights to contemporary attractions and now look forward with joyous confidence to what the boys have in store for them on the annual big event. For the third annual Gala Day, next Monday, the post members are making some great promises. The list of attractions for the day, which is unusually large, includes free vaudeville acts of high class, band concerts, dancing, fireworks, airplane stunts and thrills at every turn.

The post and citizens invite you to spend the day in Farmington.

INFORMATION BOOTH BECOMING POPULAR

You may not know it, but the information booth of the Chamber of Commerce is getting to be a most popular place for travelers and tourists passing through the village. Maps showing the improved highways of the state have been provided, and are found very useful in directing autoists who stop for information regarding roads, etc. Jack Taylor, assistant to Secretary H. S. Lee, is in charge of the booth. Jack is genial and courteous and is a splendid man for the place. The pay telephone, which has also been installed, is found very convenient for visitors who may wish to use a phone. The information booth certainly fills a much needed service here, which brings forth many complimentary remarks from those who have occasion to use it. It all helps to advertise Plymouth. On Sundays the booth is in charge of the police department.

THE NORTHVILLE WAYNE COUNTY FAIR

The Mail office has received a number of copies of the premium lists of the eighth annual Northville Wayne County Fair, which occurs September 23, 24, 25, 26, 27, which we will be glad to give out to anyone who desires a copy. The fair this year promises to be one of the best that has yet been held, and there has been some mighty fine exhibitions held in the past several years too.

Thursday of fair week, as usual, has been designated as Plymouth Day, and a most cordial invitation has been extended by the fair officers to the people of Plymouth to visit the fair on that day, when special efforts will be made to show them a good time. Plymouth people take great interest in the fair of our neighboring village and there will be a large delegation present on Plymouth Day.

PLYMOUTH PUBLIC SCHOOLS WILL OPEN SEPT. 2

The new school will have been completed and everything will be in readiness for that date. With the addition of the new building and the minor changes and repairs which have been added to the one which has been in use for six years, Plymouth has an up-to-date, complete and beautiful school plant. The schools are completely equipped to care for the academic, moral, vocational and physical development of the pupils enrolled therein. The Board of Education has secured the services of thirty-four competent teachers in order to care for the increased enrollment and obviate the need of half day sessions required during the last half of the past year. To the boys and girls who have looked ahead to September 2nd with either joy or disgust, the teachers will be glad to meet you, one and all, and trust that through the co-operation of the parents, community, pupils and teachers the success and achievements in our grades and high school will not only equal but surpass our successes of the past.

FORMER RESIDENT DIES AT STRATHMOOR

The many Plymouth friends of Frank O. Strickland of Strathmoor, and formerly of Plymouth, were shocked to learn of his sudden death from paralysis, at his home in that village last Sunday morning, at 9:30 o'clock. Mr. Strickland and family moved to Strathmoor from this village about two years ago. He was 62 years of age, and leaves a wife, one son, one brother and two sisters. The funeral services were held from the home on Belmont avenue, Wednesday afternoon, at one o'clock. Interment in Woodmere Cemetery, Detroit.

MAN ABOUT TOWN

You don't want to dress up like a house afire. There are several proper ways of attracting attention. A note of color in your costuming is quite correct. If you dress too quietly and severely you will not match the season or your neighborhood. There is a happy, stylish medium in choosing shirts, ties and sox that the happy dresser cultivates with ease. And this shop assists him in that regard.

SOMETHING'S WRONG

Old-timers around Plymouth say they can't recall when we have had as peculiar weather as during the spring and summer through which we have been passing. It is also interesting to note in this connection that Uncle Sam's weather men admit that they are puzzled to determine just what has brought about so much chilly weather in practically every part of the country. Proprietors of summer resorts and bathing beaches in every part of the country frankly admit that the weather has knocked them out of vast sums of money. Water has been too cool and hot suns too scarce to loosen vacation purses strings.

Reports from various sections show farmers are disagreed as to the effect of the weather on crops and fruit of all kinds. Some contend that it has been so cool as to retard growing crops to the point where they will be so late maturing that frost will nip them; others contend that there was so much moisture during the spring months that grain and fruit was stunted; other sections report ideal growing conditions, and so it goes. Yet, taken as a whole, crop reports are quite optimistic and predictions for unusually good yields are freely made.

But what seems to worry the old-timer is that this peculiar weather makes it hard for him to predict what kind of a winter we are going to have. But rest assured he'll be right there with his predictions in plenty of time, and it is also safe to wager that about nine times out of ten he'll predict that "it's going to be the hardest winter we've had in years."

MOTHER'S BUSY DAY

Busy days for mother. There's the kids to be lined up for school and the fall clothing is to be looked after; garden truck is to be made the most of while it is yet to be had, and the canning season isn't over by a long shot. All of these things, mind you, must receive attention in addition to her regular household duties. So when you see a Plymouth woman who looks as though she was about ready to drop in her tracks be liberal with your sympathy. It certainly is mother's busy season.

We once knew a fellow who stayed at home from work for one whole day just to see how his wife put in her time. He didn't let her know his purpose in sticking so close to the house all day. But he stayed there, and he watched her from the time she got up until the last tired feet had been bundled off to bed and she turned to the Bible for a verse or two before she, too, sought slumber. He tried to tell us afterward how far he figured she walked that day—and it was in miles. He ceased to wonder how she managed to keep busy, but has been wondering ever since how she manages to hold up under such a strain.

You might try it yourself sometime if you are still so foolish as to imagine that mother has an easy job. And maybe you, too, will wake up and make a better husband by giving her a little more aid than you've been accustomed to extending her.

THRIFTY CHILDREN

S. W. Straus, one of New York's greatest bankers, says that among children is growing, and to prove it he cites that there are 8,000 "school banks" in the U. S. now with more than 3,000,000 children making deposits. It's our opinion that children of the present age were never more extravagant, never more thoughtless of the value of a dollar, never had more desire for money for every purpose, and never knew as little about thrift. But Mr. Straus says they are learning fast, and that nothing will make for future prosperity like teaching thrift in our public schools. We believe that is true, and have in the past so expressed ourselves to teachers around Plymouth. If children are taught during the school age to put a proper value on a dollar, they are more apt to keep that value constantly in mind as they grow older. It is easy to instill lessons of thrift in young minds right along with their regular studies, and the teachers who do this are more valuable to the districts that employ them than are the teachers who do not.

STILL ANOTHER LAW

We have heard of several auto drivers around Plymouth who make it a rule to stop their autos before crossing a railroad track. It strikes us as a good idea and it seems to have impressed others the same way,

for North Carolina has passed a law requiring all autoists to bring their machines to a dead stop before proceeding across a track. Not only that, but the state has hired watchmen to stand at the crossings and see that the drivers obey the law. It is said that so many arrests have been made that the fines paid in, more than meet the expense of maintaining the crossing watchmen. Of course it won't be long until every one will learn to obey the law, and then the watchmen can be dispensed with. It is a peculiar law, we'll admit, it's a peculiar world that has to pass laws to take care of people who won't take care of themselves.

LOCAL NEWS

OPENING OF OLD MILL SERVICE STATION

The grand opening of the Old Mill Service Station will take place at Bentley's Hill Crest Farm, situated on the Five Mile road, Friday and Saturday, August 29th and 30th. The new service station, which is built on the old mill style of architecture is very unique and picturesque, and is of the type found in many places in California. The opening will be celebrated with a base ball game, world's championship quoit contest, dancing, etc. Among the events scheduled are:

Mrs. Francisco, world lady champion quoit pitcher, will be present to meet all comers. Mrs. E. A. Tuttle, of Walled Lake, third best lady quoit pitcher in the world, will also meet all comers, either men or lady contestants. E. A. Tuttle will have charge of the contest. George Tanager, Wayne County champion, will also defend his title against any men contestants. Wallace Hawkins, 12 year old boy contestant, will also meet any other boy contestant. He will also pitch in the men's contest. The Rough and Ready ball team will play the Center Line team, Saturday afternoon at 3:00 o'clock. Glenn Hoffman and his flying fleet will be on the grounds both days in both stunt and passenger flights. There will be dancing both Friday and Saturday evenings. Patterson's orchestra will furnish the music. The public is cordially invited.

BUILDING ACTIVITIES IN PLYMOUTH

Building operations in Plymouth during the past few months have been unusually active and contractors and their men have had a busy summer. There has been considerable remodeling as well as new buildings, and on every hand can be heard the hammer and saw.

The past few months have seen the erection of the handsome new school building and many splendid new homes. At the present time the new Masonic temple is under course of construction, and the new community building of the Methodist church is well under way. The garage of the Allison-Bachelor Motor Sales, which was practically destroyed by fire has been rebuilt, and is a splendid improvement to Main street. Two fine drive-in gas stations on Main street have just been completed.

Besides building activities, there has been considerable building of sidewalks, sewers, etc. The paving of Ann Arbor street is well under way, and will be a fine improvement when completed. The completion of the Plymouth road pavement is another great improvement for the village.

BRIGGS SCHOOL REUNION

The annual reunion of the pupils, teachers and friends of School District No. 3, Livonia, will be held Saturday afternoon, August 30, on the school grounds. Please bring cakes; ice cream will be served.

Message To Housewives

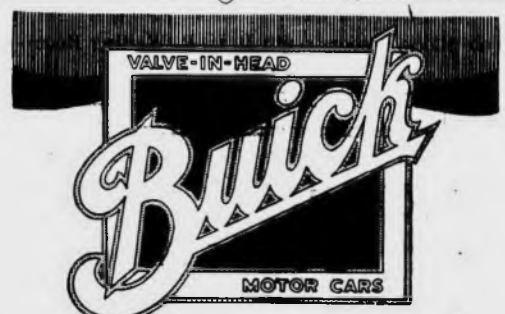

There is of course a vast deal of work to be done in the household; women know that, often too well. There is generally little time left for enjoyment, relaxation, companionship; besides one is tired between tasks.

But although housework is as inevitable as taxes, and quite as imperative in its demands, there still is a way—an easy, quick, and cheap way—to escape its hardest and most trying demands on one's time, one's strength, one's health.

You can attend to your housework better than before, and yet with abundance of leisure for the other things you would like to do. Call, if you please and let us show you.

CROWDS THROG TO ALTAR OF "HEALER"

Remarkable Cures Credited to New York Minister.

Hundreds of persons afflicted with physical and mental ailments, sought to storm the chancel of historic St. Paul's chapel, Broadway and Vesey streets, where George Washington once worshipped, when the Rev. Dr. K. B. H. Bell of St. Thomas' Episcopal church of Denver, announced that he would cure them of their ills "through the power of God's love."

So great did the press become that the Rev. Joseph P. McComas, vicar of the chapel, became alarmed and, in response to a telephone message to police headquarters, Captain Masterson and the reserves were sent from the Beach street station. Captain Masterson remained during the afternoon and Sergeant Dietrich and five patrolmen were stationed in front of the chancel to prevent the concerted rush that several times seemed imminent. The crowd was highly emotional. Women became hysterical. Some of those who said that Doctor Bell had restored their sight, or their hearing or had brought life back into long paralyzed limbs, wept as they struggled through the throng to gain the outer air. Others collapsed in pews.

One woman, Mrs. Amanda Clarkson eighty-three years old, a widow, who said that she had injured her left foot several years ago and could not walk upon it, threw away her crutch, which was later placed before the altar, says the New York Times "Thank God! Thank God!" she cried, as she made her way out to Broadway. She was the last to pass that way. The crowd became so dense that the Broadway doors were ordered closed and thereafter every one who came for treatment was required to enter through what was originally the front of the chapel, on the west.

Doctor Bell had intended to treat all comers for an hour. He began his ministrations shortly after 1 o'clock and three hours and a half later hundreds were still waiting, although the dense throng, which had filled the church earlier, in the afternoon had thinned somewhat. At 4:30 o'clock he stopped, exhausted and announced that he would resume an hour later. Doctor Bell estimated that he had treated 1,500 persons during the afternoon and that "80 per cent had been cured or greatly benefited."

"It is the greatest day I have ever lived in all the years I have been doing this work with God's power and love," said he. "The people of New York have great faith. I have never seen anything like it anywhere."

Catholics and Protestants, Jews and gentiles and some who professed no religion at all, flocked to the altar rail. Doctor Bell placed his hands upon them, usually upon the afflicted part, and made the sign of the cross upon their foreheads. His voice was vibrant with sympathy and with fervor. His words differed somewhat in individual cases, but usually they were, "Lord, Jesus Christ, make Thou this body whole!"

"The cures are exactly the same as those made by the apostles," he said afterward. "They result from God's love and from faith, but love is the greatest thing."

Honest Man

A well-known novelist said at dinner in Pasadena:

"We educate our young people in too materialistic a way, and if we don't look out the moral standards of the next generation will be like the taxicab drivers."

"A taxicab driver applied for a job. 'Are you honest?' they asked him. 'Oh, yes; quite.' 'Perfectly honest?'"

"Perfectly." "Suppose you found a pocketbook containing negotiable securities worth \$100,000 in your taxicab, what would you do?"

"Do?" said the taxicab driver. "I'd do nothing. I'd live on my income." Louisville Courier-Journal.

The Sacred Carpet

Mecca, the capital of Arabia and the cradle of Islam, will this year have to do without the sacred carpet, on which the prophet is supposed to have said his prayers. This carpet, kept by the kings of Egypt, will no longer be taken to Mecca at the time of the pilgrimage. It is the abolition of the calliphate by the Turks which has created this situation. The king of Hedjaz desires henceforth to be the one and only real calliph. The kings of Egypt, however, do not agree with this pretention, and the sacred carpet will remain in Cairo.

Thunder Superstitions

Swans are said to be benefited by thunder storms. It is a common belief among swan-fanciers that a swan cannot hatch out without a crack of thunder. Medieval England was superstitious about thunder. A sixteenth century almanac says, under the title of "The Prognostication Everlasting": "Thunder on Sunday means the death of judges; on Monday, the death of women; on Tuesday, plenty of grain; on Wednesday, more misfortune to women; on Thursday, plenty of cattle; on Friday, horrible murders; on Saturday, death."

BUICK CAR PERFORMS REMARKABLE FEAT.

George Stokes, veteran pedestrian, failed to break the walking record of 21 hours and 56 minutes from Milwaukee to Chicago, a distance of approximately 100 miles, now held by Henry Schmel.

Stokes made the attempt to break the record on Friday, August 8th, expecting to complete the walk on August 9th, which was his 69th birthday.

The start was made at 2:00 p. m. on the 8th and exactly twenty four hours later, Stokes had covered 80.3 miles at an average speed of 3.3 miles per hour being forced to give up at this distance on account of an acute attack of indigestion. He finished the trip to Chicago in an automobile.

Stokes' attempt to walk from Milwaukee to Chicago was really a contest between him as a long distance walker, and an automobile locked in high gear which was to keep up with, but not pass the walker. The car which was a new 1925 Buick Standard Six performed the difficult task of running in high gear all the way at the average speed of 3.3 per hour. After Stokes dropped out, the car continued on its way, arriving at Logan Square, Chicago, with an average speed of 4 miles per hour for the entire distance.

Harry Dole, automobile editor of the Wisconsin News, locked the car in high gear, and mailed the key to Rockwell Stephens, automobile editor of the Chicago News, who met and unlocked the car at the end of the trip.

George Stokes performed a wonderful feat in walking 80 miles in 24 hours at the age of 69 years, and the Buick car performed an equally remarkable feat in covering 100 miles at an average of 4 miles an hour, and at times as low as two miles an hour. Wonder how many men at any age can walk 80 miles in 24 hours.

PRESBYTERIAN NOTES

A notable increase in attendance and collection was made at Sunday-school last week. Evidently our vacationers are beginning to come back.

Many were impressed by the sermon last Sunday on "Approving the Excellent," and were kind enough to say so at the close of the service. Evidently truth is still popular and welcome. The congregation also enjoyed the sermon by Joseph Tracey, entitled "The Ninety and Nine."

All are looking forward to Plymouth Day. Do not fail to invite those who come to visit the church. It will be open that day.

The Daisy-Weavers class camped out last Friday and Saturday at Phoenix, by the swimming beach, and had a happy and varied experience. Mrs. Charles Weaver provided the tent and chaperoned the party, and deserves much credit for their enjoyment.

The prayer meeting topics for September, will be: September 3—"The Purpose of Testings," James 1:2-4; September 10—"Bible Prayers: the Prayer for Faith," Mark 9:23, 24; September 17—"The First Martyr of the Early Church," Acts 7:54-60; September 24—"Home and Foreign Missions: The Mormon Field; The Punjab Missions of India."

Mrs. Milo Corwin spent Monday and Tuesday with Mrs. Henry Franklin of Novi, helping care for her father, who suffered a stroke on Sunday.

Rev. J. T. Johnson and workers of Detroit, opened a series of gospel tent meetings Wednesday evening at 7:30 p. m., in the vacant lot opposite the Cherry Hill cemetery. Special singing and music will be given. They cordially invite the public to attend.

Try a liner in the Mail if you have anything to buy or sell. It costs but little.

It can be truly said of a lot of bootlegger liquor nowadays that if you once drink it you'll never want anything else.

NEWBURG

There was a very good attendance at church Sunday, after the two weeks' vacation. Rev. Haven's theme was, "I will make you fishers of men." There were 44 in Sunday-school. Three more Sabbaths before conference. If you have anything to give toward the church finances, it would be most acceptable at this time.

The patriotic dinner at Mr. and Mrs. Jess Thomas' last Thursday, was a very pleasant affair. Two old veterans, Comrades Charles Westfall and James Manzer were present. The table was prettily decorated with miniature flags and flowers. All enjoyed the bountiful dinner, after which the meeting was called to order by the president, Miss Hattie Hoisington. Mrs. Clemens gave a short talk on her trip the day before, to the State capitol, telling of the war relics and other things of interest. There were also readings by Miss Mildred Bennett and Marion Taylor, and the singing of hymns and popular songs by the young people. Mrs. Hill told of the work of the Spanish American Legion in Detroit, of which she is a member, which was very interesting. The next meeting

Tennis Thirty Years Ago

"A well-known tennis player of the Doherty period told me an amusing story the other day. He said he used to play on a public court in one of the squares in Kensington some thirty years ago. There was a large notice up to the effect that 'gentlemen were requested not to play in their shirt sleeves.' It goes to show the type of lawn tennis that was played in those days.

"This player also told me how he remembers going to stay at a certain country house, and how some irate colonel became quite angry with him for volleying. The player was told what had been done."—From Lawn Tennis, by F. Gordon Lowe.

Taking No Chances

A troop of barnstormers out from Liverpool were in imminent danger of stranding in Wales.

"We got to get out of Wales before we strand," declared one, "and that's all there is to it."

"What's the difference," asked another, "whether we break up in Wales or elsewhere?"

"I was once stranded in a town called Llicregidwyn and from there I wrote to my friends for help. Of course they all thought I was on a spree and nobody would send me a cent."

How It Was Done

A sportsman with a wonderful power of imagination was telling how at one shot he had bagged two partridges and a rabbit. His explanation was that, though he had hit only one partridge, the bird in falling had clutched at another partridge and brought that to earth in its claws.

"But how about the rabbit?" he was asked.

"Oh," was the calm reply, "my gun kicked and knocked me over, and I fell on the rabbit as it ran past."—Edinburgh Scotsman.

Immense Difference

"I tell you, sir, I have played in all the largest theaters in Europe."

"Yes, but they're nothing compared with the theaters we have in America. Why, sir, we have theaters so big that when a man in the back seat throws an egg it hatches out before it reaches the stage."—London Tit-Bits.

BASE BALL NEWS

The House of Correction lost to the strong Seven Mile merchants last Sunday by a score of 9 to 1. Crossman, on the mound for the Officers, held his own till the eighth when the Merchants started hitting him hard and was removed in the ninth. A. Jaska finished the game. This being the third game Crossman had pitched during the week, he was not in condition to handle the Merchants, but will be on hand next Sunday for the Windsor Beavers.

A GOOD MAN FOR STATE SENATOR.

The editor has known Roy Herald, Republican candidate for Senator from this district, for upwards of twenty years. He is a clean, clear-cut, aggressive lawyer of extraordinary ability, who has had a wide and varied business experience. He is liberal in his views and efficient in his profession as a business man.

This district cannot afford to lose his services in the next Legislature.

Mr. Herald, if elected, will work for the passage of an act which eliminates garnishment of labor until after judgment is rendered. This will not interfere with the general garnishment law, except in so far as it applies to the man who works by the week. As to him, it will leave it so that suit must be instituted and judgment had before his wages can be garnished. Most other states have already taken this step, but Michigan has been tardy in so doing.

Mr. Herald also stands for the strengthening of banking laws, particularly as to private banks, so that the State will have proper supervision over all private banks for the protection of depositors.

Roy Herald was born and raised on a farm near South Lyon. He is the present owner of a hundred and seventy-five acre farm in Livingston County, running a large dairy and general farming. He also owns and operates a thousand-acre ranch in Barage County, which is engaged principally in raising hay and grain, hogs and cattle. In view of the late differences of opinion between Wayne County and up-State legislators a man of Mr. Herald's standing, knowledge and experience is much needed at Lansing, as he sees the viewpoint and understands the difficulties and handicaps of the city as well as the farmer. What these classes need is a good liberal dose of more common sense and hearty cooperation of Wayne County interests. His nomination and election will mean a step for the betterment of conditions over the old order of things as they have existed in the past.

PERRINSVILLE

Rev. and Mrs. Havens have returned from their two weeks' vacation at Island Lake.

Miss Ella Erwin of Canada, is visiting her parents, Mr. and Mrs. Joseph Erwin.

Everyone interested in Sunday-school be on hand Sunday at 9:30. Officers are to be elected. Let's make this year one to be remembered.

Mr. and Mrs. Earl Ball and family, Mr. and Mrs. Carl Hjerpe and family, Mrs. Lydia Bills, Mrs. L. Strot and son visited Mr. and Mrs. George Baehr Sunday.

A large crowd of old schoolmates gathered at the Perrinsville school grounds on Saturday, and all enjoyed a good time.

There was a nice crowd at the ice cream social held at Mrs. George Baehr's Saturday evening. There will be another in the near future.

Miss Bertha Gates of Plymouth, visited Miss Dorothy Tait Wednesday and Thursday.

The L. A. S. will hold their September meeting at the home of Mrs. Ed. Holmes. Everyone welcome.

Mrs. L. M. Decker visited with Mrs. Van Sickle Wednesday of last week.

Mr. and Mrs. George Edwards and daughter, Evelyn, visited at George Baehr's Friday evening.

BAPTIST NOTES

The hot weather, vacations and other things kept quite a number of members away from church Sunday, but we had a good meeting. The pastor's theme in the morning was "Government," and the Government shall be upon his shoulder.

Is. 9:6. In the evening, the subject was, "The Word of God and Its Purpose accomplished." Is. 55:10.

Miss Willie Hancock led the B. Y. P. U., the subject being "The Right Choice,"—the right choice in reading, in society, in companionship. The leader was away, but the meeting was a good one.

The prayer meetings of the church which have not been held for a few weeks, will begin again the first Wednesday in September.

The annual meeting of the Wayne Association of Baptist churches will be held at the Northville church, Tuesday and Wednesday, September 16th and 17th. Every member of the Plymouth Baptist church ought to be there.

The flowers at the church last Sunday ought to be mentioned. They were beautiful.

The Ladies' Aid hold another bake sale at Pfeiffer's market, tomorrow, Saturday.

Diamonds and Peaches

"Grow" on Same Tract

The territory in which Nashville, Ark., is located makes a bid for fame in being the home of the world's largest peach orchard, with 5,000 acres in trees, and also the home of the only diamond mine in North America. There is a \$1,000,000 peach crop in sight there this year, which will be considerably more than the annual production of the diamond mine, but the latter draws the largest number of tourists, says the Philadelphia Ledger.

The diamond mine was discovered by John Huddleston in 1907. He found it on a 160-acre tract in Pike county, about 14 miles northeast of Nashville, which he had bought because he believed there was gold to be found there. Huddleston was a farmer, but all his life had been interested in minerals. The first two "pebbles" found by Huddleston proved to be steel-blue gems, one weighing one and three-eighths carats. The third he found was a yellow stone, weighing one-half carat, and this he sold for \$100.

Without waiting to prospect further, Huddleston sold his land for \$36,000 to Little Rock interests, this being the exact amount necessary to purchase a certain farm he had in mind. He laments that if he had kept his property he probably would be a millionaire some day. Those who have been connected with the diamond mining industry here since its start say that because of the high luster of the Arkansas gems in their rough state, Pike county diamonds surpass even those of South Africa. This luster comes from their extreme hardness.

The production of this diamond field to date is estimated at 5,000 carats, the stones running in size from one-eighth to 2 1/4 carats. The diamonds occur in peridotite, which resembles burned lime in that it slakes upon exposure to air. To recover the diamonds from the peridotite two methods are employed, one being simply to spread the ore on the ground and allow it to decompose, after which it is washed in large revolving pans, and the other is to grind the ore at once and then proceed with the washing process. In the washing process the material is flushed over a grease board with water, the diamonds adhering to the grease, while the residue is carried over into the waste pile.

Adventure

It was night. Four men opposed her. Three of them were absolutely heartless. One carried a club. "Oh you brutes!" she exclaimed. "You wretched, despicable brutes! Not even carfare are you leaving me. But I might have expected such treatment from you, for you are men and all men are alike. Give them the slightest chance or excuse to get the best of a woman and each and every one of them will grasp at that chance with alacrity and glee. Ah, yes," she continued. "Ah, yes, 'tis the woman who pays and pays and pays." As she spoke of paying I saw her flush—just a poor sticky spade flush that was not even a straight. And what chance, I ask you has a flush against four kings in the great American game of poker?—Edward E. Cole, in Judge.

Thinks Sun Will Split

The sun spots which have attracted the attention of astronomers for many years are spreading and will ultimately cause the sun to split into two pieces, according to David Todd, the well-known astronomer. He thinks that later we will have two suns instead of one, each moving in its own orbit. But it would probably be many years, declared Doctor Todd, before any effect of this split would be noticeable on the earth. However, other scientists do not seem to be much impressed with the theory. Dr. C. G. Abbot, of the Smithsonian institution, thinks the notion is not well founded. —Pathfinder Magazine.

French Girl's Dot

There is no law in France providing that a girl must have a dot before she can be married. The dot is merely a prevailing custom which dates back many centuries. It is the marriage portion which a woman brings to her husband. The husband may use the interest or income from the dot for the upkeep of the household, but the principal remains the property of his wife. The custom is so consistently observed in France that if a father cannot supply a substantial dot his daughter is placed in a disadvantageous position in respect to her opportunities for marriage.—Exchange.

The teacher has to hold his writing to a mirror to read it. Instinct has taught the youth to take care of himself. When he is crossing a street he realizes that a car which seems to be going toward him. When Sam sees steps which seem to lead up, he steps down or goes around them.

BATHROOMS YIELD TWOFOLD BENEFITS

Two important advantages result when a modern bathroom is installed in a home.

First: The bathroom provides opportunity for the healthful practice of daily bathing. "A bath-a-day keeps you fit every way."

Second: A modern bathroom increases the property value, far more than the cost of having it installed. Houses that have modern bathrooms rent and sell for more.

A complete modern bathroom with its built-in or attached shower, medicine cabinet, bath stool and small fixtures (towel racks, tumbler holders), is a convenience worth many times its cost. In truth, it proves to be the room, of all, most comfortable.

Ask us to show you plans for complete modern bathing facilities in your home. Let the whole household enjoy the healthful practice of daily bathing. Modern fixtures—a complete bathroom—can be purchased for less than the cheapest automobile.

The Schools and The Railroads

Teachers in Michigan's primary schools are being supported, to a large degree, by taxes paid by the state's steam Railroads. In many counties, the whole cost of these schools is carried in this way.

Michigan is justly proud of these schools, and of the capable teachers who preside over them.

And Michigan's 24 Railroads are proud of the result which their tax payments have made possible.

These primary school taxes have become a part of the delicate balance which laws have established between Railroad receipts and expenditures.

This balance can be preserved with a steady and continued improvement in Railroad service, as the past two years have amply proved.

To destroy this balance by increasing Railroad taxes, or by imposing any additional burden on your carriers, would be a calamity for the Railroads and a severe blow at Michigan prosperity.

All we ask is a fair chance to keep on making good for you.

Write us freely about any phase of this matter that interests you.

THE THEATRE

"THE ENEMY SEX"
Appearing in a story which gives full play to her remarkable personality, Betty Compson will be seen at her best in James Cruze's superb Paramount production of "The Enemy Sex" at the Penniman Allen Theatre, Saturday, August 30th. At the same time, Miss Compson scores a great personal triumph. In the strong supporting cast are Percy Marmont, Huntly Gordon, Kathryn Williams, Sheldon Lewis and DeWitt Jennings, enough talent for half a dozen pictures.

The story, an adaptation from Owen Johnson's powerful novel, "The Salamander" deals with the successful efforts of Dodo Baxter, a chorus girl, to outwit five rich men who are smitten with her charms. Packed with thrills and pepped with the brand of humor for which James Cruze is famous, the plot marches on without a hitch to the final smashing climax.

Film shoppers in search of unusual entertainment will make no mistake if they visit the Penniman Allen theatre to see "The Enemy Sex."

"THOSE WHO DANCE"
The American nation has been a jazz mad nation ever since the war. The dance is a never failing form of entertainment and a picture with a jazz title will catch the picture "shoppers." The fact that this is Blanche Sweet's first picture since she scored her big hit in Ince's recently released "Anna Christie" is another asset which is pepped with the story is not only a thriller with big action in every sequence but it is absolutely timely in theme.

"THE MAN WHO FIGHTS ALONE"
William Farnum's first starring picture for Paramount, "The Man Who Fights Alone" will be shown Labor Day, Monday, September 1, at the Penniman Allen theatre. The production, his first in over a year, is an adaptation by Jack Cunningham, who wrote the scenario of "The Covered Wagon," of the story, "The Miracle of Hate," by William Blake and James Shelley Hamilton. Lois Wilson and Edward

Horton play opposite the star in featured roles.

The story is one of the great open spaces. Farnum is a power engineer—a silent, lone fighter of the western wastes—a pioneer of industry who has to overcome not only practically insurmountable physical obstacles but mental ones in the bargain. He has to master himself to win success.

Miss Wilson is the girl in the picture. Edward Horton the other man, who remains Farnum's loyal friend throughout. Others in the great cast are Lionel Belmore, Barlowe Borland, Frank Farrington, Dawn O'Day, Rose Tapley and George Irving.

If you liked Farnum in the virile "he-man" roles of his previous productions, you'll like him in this one. Without a doubt, it's his greatest screen role.

Wallace Worsley, who made "The Hunchback of Notre Dame," directed.

"LILY OF THE DUST"
Who was the beautiful woman who smiled bravely while her stern-looking husband, clad in the uniform of an officer of high rank, slowly closed his fingers in vice-like grip over her bare arm?

The scene occurs in a European city who witnessed this little act of cruelty exhausted their imaginations in speculation concerning the identity of the pair. When the woman, superb in a gown of black velvet, rose from the table, all eyes followed her as she swept from the room.

The scene occurs in "Lily of the Dust," Poli Negri's latest starring picture for Paramount produced by Dimitri Buchowetzki and coming to the Penniman Allen Theatre next Wednesday and Thursday, September 3 and 4.

Fela plays the role of the wife, and Noah Beery that of the officer. The story which lies behind this little tragedy in the dining room is one of the most dramatic and fascinating which has ever been made into a motion picture film.

Heading the strong cast playing in support of the star are Ben Lyon, Bery and Raymond Griffith. Others are William J. Kelly and Jeanette Daudet. Paul Ben wrote the screen play.

October 8, 9, 10 and 11 have been set as the days for holding the Redford Poultry and Pet Stock show. This year the event will be staged on the ground floor of the new Masonic temple where there is said to be ample room for the exhibit.—Redford Record.

Beginning September 1st, Redford township will have a police force, John Bissell, who has been in charge of the Wayne county sheriff's station in Redford township, the past several months, has been chosen by the township board to be chief of the new organization.

MASONIC PICNIC AT NORTH LAKE.

Final preparations for the Third Annual Basket Picnic and Field Day to be held at Eisenbeiser's Grove, North Lake, five miles north of Chelsea on Labor Day, Sept. 1st, are completed.

The event is insured against one-tenth of an inch of rainfall between the hours of 8:00 a. m. and 11:00 a. m., and 1:00 p. m. and 4:00 p. m.

The trap shoot will include a 50-target team shoot for the Association Cup, a target novelty shoot, and a 25-target shoot for those who have never shot at clay pigeons before.

The trap shoot will be in charge of A. L. McDonald, president of the Ann Arbor Gun Club. A "Kangaroo Court" will be in session conducted by a judge and three rube policemen.

Among the stunt races will be a nail driving contest for ladies, a cracker eating contest for boys, and an egg (real eggs) and spoon race. Eight lodges including Ann Arbor (2), Ypsilanti, Chelsea, Dexter, Milan, South Lyon and Danville will participate. Masons and their families from several other towns are also expected. Facilities for four thousand people have been prepared.

EPISCOPAL NOTES

The church of St. John's Mission was comfortably filled last Sunday evening, when so many turned out, notwithstanding the very warm evening, to greet once more their late missionary, Rev. Franklin Gibson, who has been in Michigan on a month's vacation from his mission field in Montana. Rev. Gibson preached a very impressive sermon on faith in all things—implicit faith—taking his text from Matt. 5:28, "If I may touch but His clothes, I shall be whole."

Rev. Gibson was assisted in the service by Daniel Murphy, who read the lessons and the portion of the psalms. The congregation very much appreciated the solo, "Face to Face," which was well rendered by Joseph Tracey, accompanied by Miss Mera, organist of the Presbyterian church.

Rev. Gibson returns to his large mission field in the districts of Virginia City, including Butte, Sheridan, Twin Bridges to Pony, Montana, next week. His father and mother, Mr. and Mrs. George Gibson of Detroit, will accompany him to his field of labor, and will remain with him for several months to recuperate from the serious illness and the operations which Mr. Gibson has gone through during the past six months. The members of the mission ask God's blessing on the splendid work which Rev. Gibson is carrying on in Montana, and that fruitful results may be the issue.

The services in the mission church will be resumed on Sunday, September 7th, when the rector, Rev. Frank Copeland, and his family will have returned from their month's vacation. The service will be in the evening.

The Ladies Guild will resume their meetings on September 10th, a week from next Wednesday, when they will meet at the home of Mrs. Paul Ware, north village, at 2 o'clock.

Today's Reflections

Every man in Plymouth is a failure in one respect, and that is when it comes to describing a woman's dress.

One thing that endears a lot of people to Pres. Coolidge is that he still insists on calling it "supper" instead of "dinner."

About the only people we know of who are worse off as a result of the bobbed-hair fad are the hairpin manufacturers.

They say women's hands are getting larger. Maybe it's because so many of them have trifling men on their hands.

We see a picture in a fashion magazine of something called a "vestee," but to us it looks like a shirtee without any tail.

Any Plymouth auto owner can tell you that nothing makes mountains out of mole hills like over-inflated tires and stiff springs.

The fishing season has reached the point where the big one that got away has grown to three times its original size.

As a rule an efficient wife is one whose husband doesn't know where his clean socks are.

We know one Plymouth man who calls his fiver "The Covered Wagon"—because it has a mortgage on it.

No man can work at home as well as he can down town—and that's another thing a woman can't understand.

This country has gotten so prosperous in the last few years that any little old one-horse bank can now attract a bandit.

It's our personal opinion that most Plymouth women who used to read the fashions to see what was going on are now reading them to see what is coming off.

We heard yesterday of a father who named his son Bill because he came on the first of the month, and he keeps getting larger.

The Ann Arbor fair opened Tuesday, August 26th, and continues to Saturday, August 30th inclusive. Everybody visiting the fair this week is assured of an excellent entertainment, which includes band concerts, horse and auto races, thrilling free acts, bicycle races, and exhibits in all classes.

There appears to be but few celebrations in this vicinity on Labor Day. However, Northville Forester ball club are putting on a double header at the Northville-ball park, Monday, Labor Day, for the interest of ball fans. A colored ball club of Toledo, will play at 2:00 o'clock, and at 3:30 the Wayne County Good Roads team will take the field.

SPECTACULAR RAIDS NOT ALONE REMEDY

LAW ENFORCEMENT SHOULD BE FOLLOWED BY COURT ACTION.

Spectacular raids keep the public alive to the fact that there is a general condition of lawlessness these days but do not remedy the situation, contends Frederick B. Brown, republican candidate for prosecutor.

"Such raids result in giving passing publicity to the officials concerned, but what is far more important to the welfare of Detroit and Wayne County is that the prosecutor follow the arrests with court action against the persons arrested," says Mr. Brown.

"Within the past few months hundreds of persons have been arrested in Detroit under the new gambling law, yet when the offenders were arraigned in court the prosecutor made the startling admission that in scores of cases the officers could not identify the men. On Sunday 98 men were arrested in a gaming house in Detroit, but only 7 were held for trial despite the fact there is a law making it punishable for a person to frequent a gambling place."

"I was recently asked the question, 'If you were prosecutor and positive proof was given you by citizens that a certain person was conducting a blindpig or a gambling house, would you order the place raided?' My answer was, 'No, I would not. I do not see that a raid would be either necessary or advisable in a case like that. I would recommend that a warrant be issued and prosecute those conducting the place, and file a bill asking the court to issue an order to padlock the building.'"

Mr. Brown knows of the needs and conduct of the office of prosecutor, having held that official position in St. Clair County prior to coming to Detroit 12 years ago. He was born in St. Clair, Michigan, of American parents. Since coming to Detroit he has been engaged in the general civil and criminal practice and is a member of the faculty of the Detroit College of Law. He is a major in the reserve officers' corps of the Adjutant General's Department, United States Army.—Advertisement.

Over one-third of all the tobacco chewers in the United States have proved that.

The demand for BEECH-NUT Chewing Tobacco alone is more than 250 million packages in a single year.

That's because we didn't let tobacco growers, labor, manufacturing costs, State, Federal and revenue taxes collect their increases from the quality or the weight.

BEECH-NUT Chewing Tobacco is the same in 1924 as in 1915. Still the most of the best for 10c—still the best chew at any price—still the favorite everywhere.

NEW Self Heating IRON

PROVIDES COOL, COMFORTABLE IRONING
This wonderful new Self-Heating Iron makes ironing a pleasure because it relieves the heat of the exhausting heat; it permits her to take her ironing away from the hot kitchen—away from the over-heated stove—to the shaded porch or yard in the summer time. The Diamond Iron is self-contained; it has no wires, no attachments and can therefore be carried anywhere—indoors or outdoors—to any place where the ironing can be done in comfort.

COSES ONLY 1c PER IRONING—CUTS IRONING TIME IN HALF
The Diamond Self-Heating Iron costs only one cent for three hours' use—does better work and is much less expensive to operate than a whole set of old-fashioned flatirons, or even an electric iron. It is clean to use, heats quickly and evenly and can be adjusted easily to give just the right temperature for heavy or light fabrics. It is a million uses every ironing day. There is no hot fire to touch, and fourth ironing, so waiting for one iron to get hot when another one has cooled. You can use and hand just one iron when ironing with the Diamond Iron. It is always ready; there is no waiting to get up a hot fire. It actually cuts ironing time in half. It hangs in heat in the bedroom plate where you need it until you are ready to turn it off. The Diamond Iron is handomely finished in heavy nickel plate and requires no waxing or polishing.

DOES BEAUTIFUL WORK
Let me demonstrate this iron in your home; let me show you what beautiful work it will do. There is no obligation. Just send me a post card asking to see the Diamond Self-Heating Iron.

Little Details

often cause the cost of a home to run far beyond what you had decided to spend, and the little details are usually the result of inexperience in the building process.

It is for this reason that we are glad to offer you our service. Years of experience in actual contact with construction and building coupled with supplying building materials make it possible for us to be a valuable aid to you. Any building information is yours for the asking.

We will be closed Saturday afternoons during July and August.

TELEPHONE GIRLS ENJOY PICNIC.

A heavy of young ladies from Plymouth and Northville Michigan Bell Telephone exchanges, together with representatives from the Traffic Plant and Commercial Departments of the service, and a few friends, gathered for an outing at Phoenix Park, Thursday, August 21st, after the rush hours were over and the day was done. "Weenie," corn and coffee were on the bill of fare, plus mustard and butter and also nice fresh rolls. Everyone present did justice to the rations provided, and the evening was spent most enjoyably, although it was noticed that some had to report for duty before the party ended, as "central" must be on the job at all times. Mr. Howell, (Broadway Market), very kindly donated the "hot ones," and his thoughtfulness was greatly appreciated in contributing so largely to the success of the affair. Phoenix Park is an ideal spot for a frolic of this kind, summer or winter.

School Wear

The children's clothes question is an interesting study, and deserves more than passing attention. To thrifty parents this question is not a difficult one to solve. They know that we have made a study of children's clothes, and that our apparel for them combines sturdiness along with style. With school clothes buying to be done this is the best time to acquaint yourself of our clothes made for children who are "bound to be children."

Children's Gingham Dresses, sizes 6 to 14. Prices are, \$1.00, \$1.50, \$1.98, \$2.19.

Boys' Blouses—Blue and Tan Chambray; also Percale Stripes, sizes 7 to 14, 50c and 89c each.

Children's English Rib Hose, Grey and Camel, sizes 6 1/2 to 10, pair 25c. Middle Ties—Red, Black and Navy, 50c and 75c.

This store will be closed all day Monday, Sept. 1st, Labor Day.
