HAPPINESS IN HEAVEN

QUESTION—How can we be happy in heaven when some whom we have loved on earth, but died unrepentant, are not with us? If on earth a man has had several wives or a woman has had several husbands and memory persists in heaven, how will that affect their happiness there?

People from Ypsilanti and Detroit were present last Sunday night to hear the problem sermon. Next Sunday night the above questions will be considered.

COMMUNION SERVICE IN THE MORNING

DAVIS WILSON PASSED AWAY LAST SATURDAY

YOUNGEST SON OF MR. AND MRS. IRA WILSON, AND POPULAR HIGH SCHOOL BOY.

A pall of sadness overspread the village last Saturday, when it became known that Davis Wilson, youngest son of Mr. and Mrs. Ira Wilson of this village, had passed away at the home of his brother, Charles L. Wilson, Detroit, at eleven o'clock that morning.

Davis had been ill since the first of June, and although everything known to medical science, skill and care was done for him, and specialists from Boston, New York and Minnesota were also called in consultation, it was all of no avail, and he gradually grew worse until the end, which came on the morning of the day stated.

Davis was one of those boys whom everybody admired and liked. Being of a manly character and kindly disposition, he endeared himself to a large circle of friends. He was a popular member of his class in the High school, and his untimely death is keenly felt among his classmates and the pupils of the whole school.

The funeral services were held from the home of his parents on Penniman avenue, Tuesday afternoon at 2:00 o'clock, and were largely attended. His classmates of the High school attended the funeral in a body. Six of his boy friends, Pierre Kinyon, Allen Giles, Robert Hubert, Merrill Draper, Geo. Palmer, and Harold Stevens, acted as pall bearers, while eight girls of his class, Elsie White, Julia Wilcox, Barbara Bake, Evelyn Schrader, Winifred Draper, Thelma Davey, Alice Hathaway and Dorothy Hillman, acted as flower bearers. Rev. W. G. Evans of Ann Arbor, conducted the services, and Mrs. W. S. Bake sang two beautiful selections.

The many and beautiful floral pieces that surrounded the casket bore mute evidence of the love and esteem in which Davis was held by relatives and friends. The interment took place in the Newburg cemetery.

The sympathy of the entire community goes out to the bereaved family in their great sorrow.

Davis S. Wilson was born in Livonia township, December 8, 1907. Besides his parents, he leaves two brothers, Charles L. Wilson and Asa Wilson, and one sister, Miss Sara Wilson. Davis was a member of the Plymouth Presbyterian church, having united with the church, November 11th, 1917. He was also a member of the Sunday-school.

A tender son and brother dear has gone and left us mourning here. He's parted from this world of pain, but only died to live again. We loved him, oh, no tongue can tell how much we loved him, and how well God loved him too, and thought it best to take him home with Him to rest.

A BALL GAME FOR A \$200 PURSE

Daniel Sales and Northville clubs will take the ball field at Northville Sunday at 2:30, for a purse of \$200 and gate receipts. This is the outcome of many arguments left from the fair tournament at Northville.

The Daniel Sales and Northville have not met, but each team played the Risdon Creamery to a finish. Northville stayed to the thirteenth inning. Now the question is what will Daniel Sales and their opponents do Sunday? This will be the last game of the season for these two teams, and no doubt it will be a battle royal, so to speak.—Advertisement.

DR. CHARLES BARKER WILL GIVE ADDRESSES

NOTED SPEAKER WILL BE IN PLYMOUTH, FRIDAY, OCTOBER 17th.

The Rotary Club of Plymouth, has arranged to bring Dr. Charles E. Barker of Grand Rapids, Michigan, here for a series of addresses on Friday, October 17th, 1924. For more than four years, Dr. Barker, under the auspices of the Rotary Clubs, has been delivering his addresses throughout the United States.

In the afternoon at three o'clock, Dr. Barker will speak at the Penniman Allen theatre to mothers and daughters, on the subject, "A Mother's Relation to Her Daughter." In the evening he will talk to men on, "A Father's Responsibility to His Son."

At the High school at 10:30 a. m., he will speak to boys and girls together on, "How to Make the Most Out of Life."

Dr. Barker handles his subjects forcefully and entertainingly, and what he has to say is timely and inspiring. Each address occupies about an hour.

PLYMOUTH AT THE NORTHVILLE FAIR

Plymouth Day at the Northville Wayne County Fair last week Thursday, was a splendid success in every particular. At the noon hour practically all the business places were closed for a half holiday. The parade, which was under the auspices of the Plymouth Chamber of Commerce, with F. D. Schrader as chairman, formed around Kellogg Park, and got away promptly at 12:00 o'clock, led by H. S. Lee, secretary of the Chamber of Commerce. There were a large number of cars in the parade, all bearing Plymouth banners. It was a most creditable showing indeed.

On arrival at the fairgrounds the parade was headed by F. D. Schrader, mounted, with two escorts, Edwin Schrader and J. Stramich, also mounted. Next came the police department, Detroit Union band, fire department with the fire truck, and then came the long line of cars which passed the grandstand and made the circuit of the race track.

One of the pleasing features of the parade, and one that brought forth rounds of cheers and approval, was the turnout of Mr. and Mrs. H. C. Robinson. They were seated in one of the old style victorias owned by Henry Ford, and drawn by a splendid team of horses belonging to Mr. Robinson. Both Mr. and Mrs. Robinson wore costumes of the 1860 period, and you never would have known 'em. Wesley Dunn was upon the driver's seat, wearing a coachman's costume of the Civil War period, brass buttons and all.

Mrs. Amelia Rosenburg of Elwell, spent the week with her niece, Mrs. Robert Chappel, and also visited several other relatives.

Mr. and Mrs. Roscoe Reeves and baby, Mairlyn, left yesterday for a few weeks' visit with the former's mother, Mrs. G. A. Wilkinson, in Chicago.

PLYMOUTH HIGH WINS FROM NORTHVILLE HIGH

In the first league game of the season, Plymouth outplayed and out-generated Northville, Thursday, September 26th, winning by the score of 39 to 0. Kenyon showed better form at kicking than in the River Rouge game, and at running he circled end for long gains. Holmes and Millard each made long gains for touchdowns.

The first touchdown resulted from a line smash off tackle by Holmes. It was gained after a number of line smashes and end runs in the second quarter, and then Kenyon missed a goal by being hurried with his drop kick. In the third quarter, Mills blocked a pass behind the line and ran for 20 yards for the second touchdown. In the same quarter Kenyon returned a punt 45 yards for a touchdown by very good field running, and Holmes made the try for point on a line smash. Then Millard intercepted a forward pass and ran 70 yards for a touchdown. Kenyon kicking a perfect goal. In the last quarter, Holmes smashed off guard for a 55-yard gain and touchdown. Holmes made a point by a line smash, making the score 39 to 0.

The Plymouth team has improved considerably since the River Rouge game, especially in blocking and end running. Kenyon has showed his ability in broken field running and end circling. Holmes has proved his ability as a line smasher, and Taylor will soon round into form as a smasher. Millard has improved in leading the team since the River Rouge game.

ENTERTAINED AT COUNTRY HOME.

Fred W. Brand royally entertained the Noontide Club at his pleasant country home, Walnut Ridge Farm, southeast of Plymouth, last Saturday. There were 180 present, men and their families. Mr. Brand had a generous supply of melons and corn, and his guests enjoyed the feast immensely at the dinner hour. The Noontide Club is composed of members of the Detroit Commandery, Knights Templar.

There will be a regular meeting of the O. E. S. Tuesday, October 7th, at 7:30 p. m. At this meeting the initiatory degrees will be conferred; after which light refreshments will be served at a charge of ten cents. All members are cordially invited.

HAIL THE MOUTH ORGAN

All hail the mouth organ! It will never take its place in grand opera, but neither can its place be taken in the heart of the homesick and in the need of the man at the front. Is there a man in Plymouth who cannot recall days when the mouth organ brought him joy, either in learning to play it, in playing it or in listening to a boy companion play? The very thought of it takes us back to the days of tops and kites and baseballs, days we'd give a million dollars—if we had it—to call back for even a few brief hours. And now we have evidence that the mouth organ is coming back into the popularity that it once enjoyed. It is being introduced on the stage, and thousands of young people of today are accepting it as a new musical instrument. It is hard to make some of them believe that like a good many other things coming back into use, it was not considered a novelty in their father's day. We read that it is being taken up seriously by some of the biggest musical organizations in the country.

But it will never be at its best like it was in the days of our boyhood. Then it was sociable and comforting and consoling; it relieved the homesickness of the farm boy when he found himself a long way from the old folks at home; it went with some of our soldiers to the war, and those who fought "over the top" that its war record is too brilliant to ever fade. Boys of the years gone by will welcome the return of the mouth organ, and hope that it becomes so popular that almost every kid in town will be owning one. Nothing we know of would take us back to the good old days any more quickly.

NEW CROP REPORT

The September crop report of the Department of Agriculture shows a total indicated yield of the wheat crop of 836,000,000 bushels, with wheat selling better than a dollar a bushel. The June report estimated the yield at 700,000,000, but not withstanding the big increased production the price remains firm. The corn crop is not so satisfactory. Its condition the first of September was the lowest in years. The estimated yield is now placed at 2,513,000,000 bushels as against 3,054,000,000 bushels last year for the entire country. There is some consolation in the fact that while the crop is short the price promises to be better than last year. No matter what the man who likes to argue politics tells you, the sun and the rain and the soil are the only things responsible for good crops and prosperity. The country isn't going to the dogs, either, regardless of what they tell you, so long as old mother nature brings forth as good a harvest as the old U. S. is reaping this time.

IT CAN'T BE DONE

One of the very first things an editor learns is that he can't please everybody. The ones who haven't learned this are too dumb to be trying to run a newspaper. Human nature is so constituted that some of our readers would like to have us feed them on scandal; some would like to have us tell the unvarnished truth about them, while others would kill us if we did. It is a comforting thought to the editor to know that the Saviour Himself did not please everybody while He was on earth. We labor hard to entertain and please our subscribers, but that we should occasionally fail is to be expected. Yet you will always find us ready to be forgiven. No matter how old we may grow to be, however, there is one thing that we are never going to forget, and that is that an editor can't please everybody. If he could he would be wearing wings on his shoulders.

WHO OWNS THE AIR?

"Who owns the air" is a question that has been debated time and again without being settled. The advent of the airplane and radio brings it up again, and in Lancaster, Pa., it has been put up to the courts. There two airplanes crashed together, and in falling wrecked a house. One judge ruled that the property owner is entitled to damages done his home, because he owns everything above and below the land set aside in his deed. He also decided that towns have absolute rights in fixing the height at which planes shall or shall not fly above them. He says men control the air above them to whatever height it extends, and the ground below them clear through to the center of the globe, placing legal action involving the question, but the time may come

when an airplane right-of-way above their lands will actually be valuable. So it may after all be a deeper problem than we imagine, this question of who owns the air.

LATE BLIGHT SHOWS IN STATE POTATOES

DISEASE FOUND IN MANY COUNTIES—WEATHER CONDITIONS SAID LARGELY RESPONSIBLE.

Late blight, a potato disease, has been found in a number of Michigan counties recently by specialists at the Michigan Agricultural College, who blame weather conditions for the outbreaks reported. "Late blight develops most rapidly," says J. W. Weston, college potato specialist, "when conditions are moist and humid, and the temperature is around 70 to 72 degrees. Conditions in the next few days will determine the extent of damage in the state from the disease. "Potatoes which have been seriously injured by the blight should not be harvested until the afflicted tubers have rotted sufficiently so that they can be detected and will not be harvested with the sound crop, causing the whole mass to rot more or less in storage."

LIBRARY NOTES

Magazines for the Coming Year. We are announcing early in the fall, the list of magazines for the coming year, that you may know what to depend on at your library, before ordering your own—Harpers, Good Housekeeping, American, Literary Digest, Book Review, A. L. A. Booklet, Popular Mechanics, American Boy and St. Nicholas.

Here and There on the Library Shelf "Summertime," Denis Mackail—A novel devoid of the sordid realism found in so many of the new novels, and has a happy ending. "How to Produce Plays and Pageants," M. M. Russell—A guide to their preparation and production for church and community. "Public Speaking for Business Men," Hoffman—Contains chapters on Composing the speech, Before the audience, Training the speaker's mind, Improving the vocabulary, Enunciation and pronunciation, Common types of address, etc.

"Sandwiches," Mrs. Rorer—Would you like something different for the children's lunch, your boarder's dinner, or a dainty guest sandwich? This book is devoted entirely to that subject, and is here to serve you.

"Story of My Life," Sir Harry Johnston—Record of a career almost incredible in its variety of accomplishment. Medalist in art, zoology and geography, traveler, explorer, naturalist, historian, novelist, philologist. Sir Harry Johnston was above all an empire builder for Great Britain in Africa, tho it is through his sequels to Dickens that he is best known in America. Illustrated. From Review.

BIG AUTO RACES AT STATE FAIR GROUNDS.

The greatest long distance auto race ever held in the middle west outside of the big 500-mile event on the brick at Indianapolis, has been arranged for Sunday, October 12, on the mile speedway at the state fair grounds in Detroit, when a 150-mile race will be held. The track has been widened and banked on the turns so that speed of 85 miles an hour is possible. The speedway, for such it is at this time, has been literally made over for the race, and has been oiled so there will not be a particle of dust. Entry blanks have been sent to all the prominent drivers in this country. Strict rules will be followed out in examination of drivers and cars. The purses that will be hung up are the highest ever offered for a long distance auto race in Michigan.

Because of the large number of entries that are expected, the qualifying trials will be run off on Saturday afternoon, October 11th, starting at 2:00 o'clock. The 150-mile race will start at 2:00 o'clock, Sunday afternoon, October 12, and grand stand and box seat tickets will be placed on sale at downtown stores the week before the race. The long distance race is the real dedication of the new track and 12,000 seating capacity grand stand that has been revamped and built at a cost of \$100,000, and General Manager Geo. W. Dickinson of the state fair, expects 25,000 people to see the race.

PLAN STATE POTATO SHOW FOR FEBRUARY

GROWERS SELECTING EXHIBITS FOR CONTESTS AT M. A. C. FARMERS WEEK ROUND-UP.

Announcement that the Michigan State Potato Show, held a year ago in Grand Rapids, will be staged at East Lansing during the annual Farmers Week at M. A. C., February 2 to 6 this year, has just been made by H. C. Moore, secretary of the State Potato Producers Association and extension specialist at the college.

A long list of prizes is being offered for the show, which will be expected to break all Michigan records for number of entries and quality of product shown.

Potatoes for exhibit should be selected at digging time, according to Moore, who has issued instructions for preparing exhibits along with his announcement of the show.

"Select potatoes for exhibits at digging time, doing the work on a clear, cool day when the soil is comparatively dry," says Mr. Moore, in discussing the selection of show stock. "Show potatoes should not be harvested until they are well matured."

"Dig the potatoes by hand, taking care not to bruise or break the skins. The potatoes should be true to type, smooth, bright in color, and should average seven to nine ounces each, for early varieties such as Early Ohio and Irish Cobblers, or eight to ten ounces each for late varieties such as Russet Rural, White Rural and Green Mountain. Remember that uniformity in size, shape and color are very important."

HUNTING SEASON OPENED ON SEPTEMBER 16TH.

The hunting season is on and the local nimrods are already roaming the fields and woods in quest of wild game. The following are some of the game laws regulating hunting, which may be of interest to sportsmen:

METHODIST NOTES

Remember the Sabbath day, November 2nd, to keep it sacred, and attend the big celebration and dedication.

The Ladies' Aid Society held a worth-while time at the home of Mrs. Jessie Nash on Wednesday afternoon of this week.

Official board meeting at the parsonage on Tuesday evening at 7:30.

Services were held at the High school, last Sunday, inasmuch as our new heating plant was not connected up in the church. It will be connected by next Sunday.

Mid-week prayer service on Thursday evening at the parsonage.

The finish coat of plastering is being put on this week, and the windows are also being put in. It is getting on toward completion, and it will be one of the finest church plants around this section.

"Be not overcome of evil, but overcome evil with good."

The Missionary Society meets with Mrs. Doerr, Wednesday, October 8th. They are getting a Christmas box ready for the Philippines, and as there is more work to do, the ladies are asked to come at ten o'clock prepared to sew. Pot-luck dinner at 12:00. Bring fork, spoon, cup and plate. Business session begins at 2:30. Study hour from 3:00 to 4:00.

Mrs. Russ and Mrs. Fred Thorne will have charge of the Foreign study book; Mrs. Clemens and Mrs. Mollison the Home book. Come and enjoy the day.

BAPTIST NOTES

The Ladies' Aid will meet next week with Mrs. Humphries at 797 Holbrook avenue, Wednesday afternoon. All members are urged to come.

The prayer meeting last week was well attended. Will you try and come next week? Second chapter of Acts is the study.

The new books for the men's quartet are here and ready for use. We hope to have some good music.

The Rev. W. B. Charles, one of our missionaries from the Philippines, who was announced to speak last Sunday evening, will give to us a sermon, and tell us about the work in the Islands, next Sunday morning. Some mistake in dates caused the error last week. Remember, its morning instead of evening. Be sure and come.

The B. Y. P. U. was led last Sunday evening by the president, Ira Kingsley, and China was the topic. New groups of leaders will be named next Sunday evening.

PRESBYTERIAN NOTES

The sewing committee of the Ladies' Auxiliary held a pleasant and profitable meeting at the home of Mrs. Robert Mimmack on Penniman avenue, last Tuesday afternoon.

The church extends sympathy to Mr. and Mrs. Ira Wilson and family in the death of their son and brother.

The programs for rally day have arrived and were distributed last Sunday, that the songs might be practiced. They will be used October 12, as that is to be our rally day. A special offering for Sunday-school work will be taken.

Christian Endeavorers have been very busy this week, receiving the teachers and giving them a formal welcome to our community.

The Women's Auxiliary of the Presbyterian church will hold its regular monthly meeting at 2:30 p. m., Wednesday, October 8th, in the lecture room of the church. At this meeting the Auxiliary has the pleasure of entertaining the Woman's Union of Northville. The Union furnishes the program, and the Auxiliary the luncheon. Again the invitation is extended to the ladies to be present in large numbers for inspiration, profit and pleasure. Signed by the secretary.

The trustees held their regular monthly meeting at the church, last Monday night. Some new song books were ordered for the Sunday-school and evening services.

LIVONIA CENTER LUTHERAN CHURCH

There will be regular services at Livonia Center Lutheran church on Sunday, October 5th, in the German language. Sunday-school at the usual time in English. Everybody welcome.

Every Saturday morning at 9:00 o'clock, we have catechetical instruction preparatory to confirmation. Class began on Saturday, September 27th. It is not too late to join. Any children wishing to do so are heartily welcome.

Take With Sweetened Water. Saves the babies, helps the grown-ups, comforts elderly people—that's Chamberlain's Colic and Diarrhoea Remedy. Used for cholera infantum, sudden pain in stomach, griping cramps, nausea with prostrating diarrhoea. Pays to keep it on hand ready for emergencies by night or day.—Advertisement.

Used daily— by one person

For only reasonable comfort and cleanliness, the average person, in one way or another, requires about 25 gallons of water daily. To the amount of water needed for each individual, in every country or suburban family, must be added that needed for lawn, garden, garage or barn.

To pump and carry all this water by hand means hours of downright hard work. How much more convenient it is to be able to have plenty of water wherever needed, by just opening a faucet.

There is a cheaper and easier way than to pump it by hand. No matter how much water is needed in any farm or suburban home, a Duro Water System, always meets the need.

Write, phone or call for particulars about having running water for your country or suburban home. The Duro water system will send water to every faucet, from either deep or shallow well, or spring—unfailingly.

FIND DUSTING GOOD WHEAT SMUT CONTROL

COPPER CARBONATE RECOM-
MENDED IN TREATMENT OF
SEED WHEAT—SAID SAFE BY
M. A. C.

That copper dusts are satisfactory and safe in treatment of seed wheat to prevent "stinking smut" is indicated by experiments and later practical tests carried out under the direction of the Michigan Agricultural College, and this treatment is being recommended this fall by Dr. George Coons, of the college botany department. "Many farmers tried copper dusting in the fall of 1923," says Dr. Coons, "and reports are satisfactory. Stinking smut causes heavy losses, and its control is important. The new copper-dust treatment has advantages over the old formaldehyde treatment which merit consideration." Detailed information on treatment by the copper-dust method may be had by writing to Dr. G. H. Coons, M. A. C. Botany Dept., East Lansing.

DINNER WITH THE "IRON CHANCELLOR"

English Divine Tells of Re-
past in 1885.

At twelve o'clock we had a large and long meal, including smoked goose and other delights. (Friedrichsruh, Germany, 1885.) My father sat next to Princess Bismarck, who was very pleasant, and after luncheon, when the cigars were handed round, he asked her whether she minded his smoking, on which Bismarck roared out, "Why, she smokes herself!" This was in 1885, when it was very unusual for a lady, to smoke, so a vigorous effort was made by his daughter to induce him to behave properly; but he took no notice of her repeated and reproachful cries of "Father! she doesn't! Father!" and shouted, "She does, she does, in her bedroom she does!" It turned out that the poor lady suffered from asthma, and smoked medicated cigarettes to relieve it. "You will understand," Bismarck remarked, "that in everything but name I am king of Germany, but I have not all the privileges of a king and I cannot simply say I am not disposed to receive so-and-so." It appeared, however, that even the most pressing visitors sometimes failed to get in, for Bismarck told us the following story: "A man called and sent in word that he wanted to see me, and I said that he couldn't. He then sent in to say that he must see me, and I said that he shouldn't; and he sent in a third time to say that if he did not see me he should go and hang himself on one of the trees, and I told the servant to find a rope and lead it to him!" The frankness or apparent frankness of his talk was surprising, but it was a real saying of his that it was just as cheap to tell the truth as to tell lies, and quite as effective, for the truth is never believed in diplomacy. Another saying of his which impressed me, though I do not remember the context, was "In matters of national policy I never put down my right foot till I know where I am going to put my left; that is a lesson which I learned in my youth in the Pomeranian marshes."

At dinner we each had, I think, seven wine glasses and at least one tumbler, and I drank nothing but water! My host noticed and deplored this, and though he courteously tolerated it he could not refrain from a slight outburst against what he called the temperance craze in England, and against the fanatical attacks on moderate drinking. It is recorded of him that at one time he did his moderate drinking in large glasses of champagne and port mixed, and that one Moltke gave him a sort of punch made of champagne, hot tea and sherry.

M. A. C. TO CONTINUE DAIRY-ALFALFA DRIVE

EIGHT COUNTIES LISTED FOR
INTENSIVE CAMPAIGNS DUR-
ING THE FALL MONTHS.

Special Dairy-Alfalfa campaigns, conducted in many Michigan counties during the past three years, will be continued this fall, according to an announcement just made by extension specialists at the Michigan Agricultural College. Eight counties are listed for the 1924 work, with a possibility that more will be added later. Starting in Mecosta county on October 6, the college campaign teams will eventually reach Ionia, Ogemaw, Alpena, Eaton, Saginaw, Branch and Lapeer counties, ending in Lapeer on December 24th. Dairy-alfalfa campaigns, which are handled on an intensive plan in the counties covered, carry information about farm crops and better dairy practices directly to the back doors of the farmers of the sections visited. Great practical results have

followed similar drives held in former years.

ELM
Ford's Hawaiians at the Elm school house Friday evening, October 3rd. Through some mistake they were not there last week. However, all enjoyed the other numbers on the program which consisted of some very fine readings and songs by our Detroit friends. There was a very interesting meeting at our Sunday-school last Sunday, a splendid message by Mrs. Phelps of Wayne, and some very beautiful songs by Mr. and Mrs. Harmon Kingsley and daughter, Inez, music by Miss Hubbard. All join in thanking them, and will be glad when they can be with us again. This community extends sympathy to Mr. and Mrs. Ira Wilson in the loss of their son, Davis.

NEWBURG

Considering the rainy morning, there was a very good attendance at church last Sunday. There were twelve young people in the choir. These young people meet at the church every Thursday evening for choir practice. The Epworth League held its first meeting since vacation last Sunday evening. During the Sunday-school hour, Lawrence Helms gave an interesting report of the Boys' Conference at Saginaw. All were glad to welcome Rev. and Mrs. Havens back for another year. Keep in mind the date of the L. A. S. Fair, October 17. Aprons, fancy work, and articles for the fish pond will be thankfully received.

The Epworth League has started a contest with Mildred Bennett as captain of the Sailors, and Lloyd Yoeman as captain of the Soldiers. Mrs. Havens will lead the meeting next Sunday evening. The League met Monday evening, at the parsonage, and had the first rehearsal for a play which will be given in the near future. Miss Katherine Smidt of Monroe, spent over Sunday as the guest of Miss Clara Grimm, attending the Northville Fair Saturday. While Mr. and Mrs. Nylie were away from the Lincoln Park Inn, where they have been staying this summer, over Sunday thieves broke in and took bedding, clothes and silverware valued at \$75.00. The many friends of Mr. and Mrs. Charles Armstrong, former residents of Newburg and Plymouth, will be glad to hear that Mr. Armstrong is convalescing nicely from a serious operation which he underwent the fourth of September. While shopping in Los Angeles, Mrs. Armstrong had the misfortune to have her right arm caught in an elevator door. Although no bones were broken, the member was severely bruised and lacerated. She is much better at this writing.

Mrs. M. Eva Smith left Wednesday morning for a week's visit with her sister in Toledo. Leigh Ryder spent the week-end at the home of Mr. and Mrs. George Henry at South Lyon. Little Orville McKinney, 21 months old son of Mr. and Mrs. Rosby McKinney, was taken to Harper hospital last week Wednesday, for an intestinal operation. Apparently, he was doing nicely until Monday, when lockjaw set in, and he lived until two o'clock Tuesday morning, when the little sufferer passed to his heavenly home. Funeral services were held at the home of Mr. and Mrs. Emil Larden, Thursday afternoon at 2:00 p. m., Rev. Hathaway

of Plymouth, officiating and speaking comforting words to the bereaved parents. They have the sympathy of their many friends in their sad loss.

CHERRY HILL

Miss Florence Stuart of Detroit, spent the week-end with her parents, Mr. and Mrs. Bert Stuart.

Mrs. L. C. Kelly spent the latter part of the week in Ypsilanti.

Mr. and Mrs. George Crumb and Mrs. Earl Hamilton spent Sunday with Mr. and Mrs. Mildred Corwin.

Mr. and Mrs. Dan Huston of Plymouth, called on Mr. and Mrs. Ray Galloway Sunday.

Miss Arley Elliot entertained Miss Hubert of Detroit, over Sunday. Mrs. Elmer Sears and Mrs. George Greenbatter of Milan, called on Miss Lillian Corwin Friday afternoon. George Simmons is erecting a new barn.

A farewell party was given Rev. C. H. Brewer and family at Denton, last Tuesday evening.

PERRINSVILLE

There was a good crowd out to church Sunday, to welcome Rev. and Mrs. Havens back for another year.

Mr. and Mrs. Frank Outhwait of Detroit, entertained Mrs. James Cousins on her 68th birthday. Covers were laid for twenty-two. The afternoon was greatly enjoyed, and Mrs. Cousins was the recipient of many pretty and useful gifts.

Mr. and Mrs. George Baehr and family spent Sunday in Detroit.

Mr. and Mrs. Fillmore Myers of Birmingham, and Mr. and Mrs. Alfred Myers of California, called at George Baehr's Sunday.

Mr. and Mrs. Tom Woods, who have been visiting at Caro, have returned home.

The L. A. S. will meet with Mrs. Belle Baehr Wednesday, October 8th. Everybody welcome.

Mr. and Mrs. Alfred Nymcock of Bay City, spent Sunday and Monday with James Cousins.

Mr. and Mrs. John Kubie and son, Frank, spent Sunday evening with Mr. and Mrs. Frank Kubie of Wayne. There will be a musical entertainment at the Gleaner hall, October 11th. Admission, 35c for adults and 25c for children. Everybody come.

DUPLEX — a new name —for a new type car you have never seen before!

A closed and open car combined—the advantages of both at an open car price!

STANDARD SIX DUPLEX-PHAETON

\$1145

f. o. b. factories

No other car in its price-range has this combination of features:

- New Duplex Body.
- Real Balloon Tires.
- Inclined valve engine.
- Crankshaft and connecting rods machined on all surfaces for vibrationless balance.
- Genuine chrome tanned Spanish leather.
- All the usual equipment—plus a high grade clock, a dash gas gauge, automatic windshield wiper and lighting switch on steering wheel.

New Studebaker 4-Wheel Hydraulic Brakes—optional equipment. Automatic braking power.

ONE minute the DUPLEX is a comfortable, weather-tight closed car—deeply cushioned and richly appointed. In less than thirty seconds it becomes a delightful open car, with all the unhindered freedom every motorist likes and enjoys. Its double utility satisfied a most urgent need—it is as revolutionary as the self-starter and electric lights.

And the price is the same as that of the open car—with advantages in finish, fittings, room and comfort no open car could ever give!

Framed and shaped in steel, the upper part of the Duplex Body is built integrally with the lower part—it functions perfectly with the lower part—it is permanently beautiful.

But even without the "double-value" of the Duplex Body the new Standard Six would still be the same great Studebaker success. For its introduction marks the beginning of an era in the automobile industry when fine cars of real quality, plenty of room and comfort, impressive appearance, splendid power and performance may be had at a price the average buyer can afford to pay.

Surpassing mechanical superiority is obvious in every mile you drive it. Power, smoothness, silence you expect in any good six-cylinder car; but in this great car your expectations will be exceeded. You cannot anticipate such performance-perfection in any car even within hundreds of dollars of the new Studebaker Standard Six price.

The proof is easy to establish—drive it yourself, try it out on your favorite hill, test its speed on the straight-away. Sense what "ease of operation" really means in terms of effortless steering, velvety clutch action, easy gear shifting and instant brake application.

Experience what real comfort means in plenty of room, soft deep cushions; genuine balloon tires; long, supple springs. The new Standard Six will tell you a story as it has never been told before by any other car at the Standard Six price.

Whether you are in the market now or next year—you should see this new Studebaker. It is a car that will revolutionize values in the automobile industry!

It begins to look as though the much talked-of widening of Michigan avenue had begun. Several houses have been moved back the required distance and excavation has been started for new houses where it was not advisable to move the old ones.—Wayne Weekly.

An alligator 30 inches long was captured in the Raisin river at Eastfield the other day. At the same time three smaller ones were seen in the water. It is not known where they came from. The captured reptile has been placed in a barrel where it is fed twice daily with minnows and frogs.

A representative of the State Highway Department has been purchasing the right-of-way through town, during the past two weeks, for a 100-foot street on Grand River, the same as it is in the country. A number of the property holders along East Grand River have already signed up. The state wishes to control the full 100 feet although no use may be made of the entire width for many years. It is very likely, however, that an additional 10 feet of pavement will be put in on either side of the present pavement all the way to Farmington. Double track road will probably be put in from Farmington east. It already reaches out to Redford.—Brighton Argus.

OBSERVE FIRE PREVENTION WEEK

OCTOBER 5th to 11th

FIRE DESTROYED property in DETROIT and WAYNE COUNTY amounting to hundreds of thousands of dollars within the last few weeks.

Tomorrow—It May Be Your Property

FIRE costs America \$1,300,000 and 47 lives EACH BUSINESS DAY, and "America" means you and me. We will pay the bill.

Remember This

Two out of every three fires are preventable—are the result of carelessness.

Our fire loss per year is nearly FOUR DOLLARS for every man, woman and child in this country, while that of Great Britain is only SEVENTY-TWO CENTS! WHY? Largely because as a nation we have not yet learned to be sure that our matches and cigarettes are out—to keep our homes, stores and factories neat and clean, free from rubbish—to build wisely—to inspect our premises frequently and to invest a reasonable amount of our time and money towards stopping fires BEFORE THEY START.

This Is Fire Prevention Week

It is time to give serious thought to the condition of your home and your place of business—to make them safer—less likely to burn, and to resolve that your fellow citizens will never suffer loss because of your carelessness.

WRIGHT NO is the time to have your broken plows, tractor parts and other farming implements and machinery WELDED for Spring use.

THE THEATRE

"TARNISH"

An exceptionally large group of celebrated screen players are to be seen in the George Fitzmaurice production, "Tarnish," which was made by Samuel Goldwyn for First National Pictures, and which will be the main attraction at the Penniman Allen theatre, Saturday, October 4th.

"Tarnish" is an adaptation by Frances Marion, well known scenario writer, of Gilbert Emery's Broadway stage success. It is a story about youth, dealing with the tragedy that threatens young love, when a young manicurist intrudes upon the blissful courtship of two lovers.

In its structure there is revealed a fine, neatly woven drama in which the past of the young man turns up and shakes and illumines the young girl.

How the tarnish is finally cleaned away forms the basis of a devastating chain of relationships, poignant, highly dramatic and entertaining. The leading roles are portrayed by Marie Provost, May McAvoy and Ronald Colman, who scored so heavily in the leading male role opposite Lillian Gish in "The White Sister." Also prominent in the cast are Norman Kerry, Harry Meyers, Priscilla Bonner, Albert Gran and Mrs. Russ Whytail.

"SECRETS"

Stephen Goosson, art director, and Gene Hornbostel, Joseph M. Schenck, technical director, have provided sets of unusual beauty for Norma Talmadge's latest First National picture, "Secrets," which comes to the Penniman Allen theatre, Sunday and Monday, October 5 and 6. The task of designing and dressing the sets was a most difficult one owing to the fact that the story of "Secrets" is laid in four different periods.

The drama opens in London in 1923, shifts to Wyoming and the American West of 1870, then to London of the same year and as it was in 1888, finishing again in 1923.

Hornbostel's difficulty lay in showing the difference in architecture between 1870 and 1888 as well as 1923. The dressing of the sets also required much delving into old tomes and consultation of prints of bygone days.

Hornbostel also was required to round up 3,000 head of long horn steers. It was somewhat of a task to find the long horns as the bald face steers are now the favorites and not so many long horns are being raised as in the olden days.

One of Hornbostel's laughable difficulties was with the doors in the

massive English sets. Although most of these doors were of fairly good size, they were found to be entirely too small to permit the passage of the ladies of the cast in their billowing crinoline gowns. Accordingly the doors were changed to arches so that the actresses might make their exits and entrances with ease.

"WANDERER OF THE WASTELAND"

The first motion picture to be done entirely in natural colors is the Zane Grey Paramount production, "Wanderer of the Wasteland," which was produced in the original locale described in the book, the deserts of Arizona, by Irvin Willat. Jack Holt, Kathryn Williams, Noah Beery and Billy Dove are featured in the principal roles.

According to Jesse L. Lasky, first vice president in charge of production of Paramount, "Wanderer of the Wasteland" is Zane Grey's favorite story and the most popular of all the books he has given to the American public.

"In this picture we have used the famous Technicolor process—the same process which proved such a sensational success in the Biblical prodigues of Cecil B. DeMille's super-production, "The Ten Commandments." To achieve the best results we went to considerable expense and trouble so that the coloring of the picture might be as near perfection as it is possible to attain. A special camera staff organized by the Technicolor Company was sent from Boston. This staff took with it into the desert all of the intricate paraphernalia necessary for the photographing of color pictures, the entire production company spending several weeks in camp, as practically all of the picture was photographed in the desert.

"Wanderer of the Wasteland," which will be shown next Wednesday and Thursday, October 8 and 9, at the Penniman Allen theatre, is a story of the great American Sahara, when men braved unbelievable hardships in their hunt for gold—a hunt, which brought thousands into the desert—a hunt, from which mere handfuls returned successful; many never did return at all. The mere fact that this Zane Grey novel sold over a million copies is evidence enough of the popularity of the story. But when you see the picture done entirely in natural colors at that you'll say you never saw anything like it before in your life and be telling the truth.

Playing in support of the featured players is an unusually strong cast, which includes, among others, James Mason, Richard E. Neill, James Gordon, William Carroll and William Cooley.

SCHOOL NOTES

Th High school notes were furnished by Everett Cummins; the grade notes by Gladys Hake, and the foot ball write-up by Frank Millard.

HIGH SCHOOL NOTES

The civics classes of Mr. Ross are having a debate, the subject of which is: "Resolved, that the country is a better place in which to live than the city." Honors are evenly divided thus far, two classes having won a victory for the affirmative side and two for the negative.

Plymouth plays Belleville, Friday, on our home field. Coach Coatta expects a hard and close game, due to the fact that Belleville has practically the same line-up as that of last year, when Plymouth won, 6 to 3.

The boys' physical training classes are enjoying games of speed ball. The Junior High school in particular is showing much interest in it.

Season tickets for foot ball are now on sale. The athletic association will greatly appreciate the support of the town's people.

The freshman reception is to be held October 3rd in the High school auditorium at 7:30.

Owing to the crowded condition up to this year, the agriculture classes have had no regular laboratory, their room having been used as a study hall. This year all the equipment has been assembled in one room, making it seem more like an agricultural room, and giving us one of the best rooms in the state in regard to equipment. We regret that we shall no longer see Mr. Holcomb running from room to room, looking for some charts or other agricultural belongings.

In spite of Mr. Holcomb's absence from school, due to sickness, Plymouth High sent three judging teams to the Northville Fair. Due to the fact that there were no animal husbandry or farm crops classes last year, it was necessary to send green students on the teams. The result of the contest will be available next week.

The agricultural department received a fine collection of specimens of wood from various southern, western and middle-western states. The donor was Arthur E. Warner of the class of 1907. When properly mounted this will be not only interesting, but very valuable to the department in their study of various trees and woods. The school takes this opportunity to thank Mr. Warner for this indication of his continuing interest in his alma mater.

The captains of the girls' soccer teams are as follows: First section—M. Miller, W. Draper. Second section—M. Amrhein, E. White. Third section—D. Hillman, C. Howell. Fourth section—J. Whipple, E. England. Miss Beal is intending to hold a tournament between the four teams to decide the best one.

GRADE NOTES

A bunny border for the blackboards in the first grade room has just been completed. The children have also been busy decorating their room with leaves, which they have drawn and colored.

The second B grade is very busy making hygiene books.

Miss Sherman's room attended a very interesting program given by Miss Franks' pupils of the second and third grades. Miss Franks' pupils are also busy making spelling books.

A Brownie story was read to the second grade this week, and the children decided to call their room, "The Brownie room," because Brownies helped everyone.

The second grade had eighteen visitors, Friday, counting dummies and teddy bears.

Original stories of New England are being written by the four A grade.

Very interesting note books are being made by four A grade. Suitable pictures are being used to illustrate the contents.

Letters are being written by the fourth grade, in Miss Kimball's room, to schools in the northern part of Michigan. A collection of rocks for geography is being made by these pupils. They seem to be bubbling over with life.

Miss Doneen's and Miss VanTassel's rooms chose their captains for newcomb, Miss Doneen's being Maurine Dunn and Miss VanTassel's being Eleanor Barlow. The first game was won by Miss VanTassel's room, with a score of fifteen to fourteen; they also won the second game.

Western pictures are being brought for six B geography class. They show great joy in the study of stones and flowers.

The sixth grade began manual training, Wednesday. One class has twenty-six boys, and the second class thirty-one. Miss Traut has forty more boys in her manual training classes this year than she had last.

ANNOUNCE NEW PARTIAL PAYMENT PLAN.

Extending its plan of customer ownership, the American Telephone & Telegraph Co. is seeking a wider distribution of its shares in Michigan, as it has done in most other states of the union. To that end, the Bell Telephone Securities Co. has announced a partial payment plan, under which A. T. & T. stock may be bought by the public, at the current market price, at \$10 per share per month.

Employees of the Michigan Bell Telephone Co. have been authorized under this plan, to take applications for the stock, with the initial payment of \$10 per share. Subsequent installments will be billed as they become due. Interest at the rate of 6 per cent will be paid on all installment payments.

Upon payment of the final installment the stock certificates will be delivered to the buyers and dividends at the rate of 9 per cent per annum on par will be paid.

There is reported a heavy sale of A. T. & T. shares under this plan, throughout the state. Shareholders of the company total nearly 400,000, including thousands of employees. More than 4,500 employees of the Michigan Bell are purchasing A. T. & T. stock under an employees' installment payment plan.

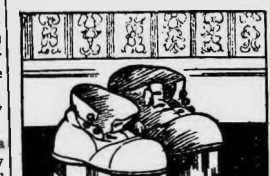

Effective, Cost But Little. Chamberlain's Tablets have a thoroughly cleansing effect on the colon, preventing the accumulation of poisonous waste that if not moved regularly is re-absorbed into the system with all the evil effects of auto-intoxication. Easy to take, very agreeable in action and effect. Only 25c.—Advertisement.

The "full dinner pail" issue may be all right, but what this country is most interested in is the full gasoline tank.

The dining room and restaurant have been newly re-decorated, and present a most pleasing appearance. Mr. Werve will be pleased to see all his old patrons as well as new ones.

The Masonic key chains which are being sold at the purchase price of a brick in the new Masonic temple, now in course of construction, and to which is attached a metal tag on which is given the name of the local lodge and instructions to be returned here, in case the keys are lost and found, has already resulted in two bunches of keys being found in Detroit and returned to the local lodge.

A fire occurred at the home of Owen Blackmore on the Canton Center road, near Warren avenue, Thursday morning about 9:00 o'clock. The fire started in a closet off from the kitchen. A defective chimney is thought to have caused the blaze. The damage will amount to the neighborhood of \$1,000, covered by insurance. The timely arrival of neighbors prevented a more serious loss.

About everybody in Plymouth attended the Northville fair one or more days last week, and it is the unanimous opinion of all that it was the best fair that has yet been held in our neighboring town, and they have held some good ones in the past. The free entertainments were excellent, and the races, ball games and many exhibits could not have been better. Northville is to be congratulated in having such a splendid and ably managed fair.

A large number of people attended the opening of the new dairy barn at the Detroit House of Correction Farm Wednesday. The visitors were shown through the buildings, a description of which was given in the Mail last week, by Superintendent Denniston and his officers. In the evening a dancing party was given in the new barn, at which several hundred people were guests. Perkins' orchestra of Northville furnished the music, and delicious refreshments were served. Everybody enjoyed themselves immensely.

RECEPTION FOR TEACHERS

One of the best social functions of recent years occurred last Wednesday night at the First Presbyterian church, when the Christian Endeavor Society gave a reception to the teachers of the public schools and school board. The basement of the church was prettily decorated in red and white, and the platform made cozy with rockers and parlor lamps. The receiving line was made up largely of officers and committee chairmen of the society. After the guests had been ushered into the rosy light, a short program was announced, consisting of music by the orchestra; piano duet, Miss Olive Merz and Mrs. Lillian Blake; vocal solo, Joseph Tracy; reading, Mrs. Martin Stringer, and original take-off songs by a group of high school girls. Refreshments were then served, and the balance of the evening was spent in games and merriment. Some of those in attendance pronounced it "the best time in six years."

P. M. CHANGE OF TIME

A change in time went into effect on the Pere Marquette last Sunday, September 28. Train No. 102 from Saginaw to Detroit, is now due here at 9:57 a. m. instead of 9:47 a. m. Train No. 115, Tourist special, due here at 9:15 p. m., going north, has been discontinued. Train No. 107 has been put back on and is due here at 5:32 p. m. for Saginaw, daily. These are the only changes that effect this station.

SIMPLICITY
SINCERITY, SOLIDITY

are the three characteristics of a slab of stone like this shown in the illustration: simplicity of nature, sincerity of convictions, solidity of principles and character. Although such a monument may seem crude and unfinished, it is really a touching tribute of esteem. We make and erect all kinds, plain or elaborate.
