Chamber of Commerce Membership Drive Starts Monday, January 19th

CHAMBER OF COMMERCE WANT 500 MEMBERS

Two Teams Have Been Organized, Designated as the "Blue" and "White" Divisions to Solicit Memberships.

The Goal Has Been Set at Five Hundred Memberships and the Two Teams Will Make Every Effort to Get Them.

The fourth annual membership campaign of the Plymouth Chamber of Commerce will be inaugurated, commencing Monday, January 19th. The membership of the C. of C. is to be divided into two divisions, the "Blue" and the "White" divisions. Captains will be chosen to head each division and the captains will be assisted by several lieutenants. It is planned to enlist the aid of the entire membership, so that every member will have a part in this drive for memberships. The C. of C. is out for 500 members this year, and there is no reason why they cannot be secured, if every member will do his bit. After the campaign closes, the division which has secured the least number of members will have to pay for a dinner for the opposite division. Members have been notified on which division they have been assigned, and on this, Friday, evening, a meeting will be held at the C. of C. rooms, at which time captains will be chosen.

Every member of the Chamber of Commerce has been sent a membership card for 1925, and it is expected that members will be prompt in sending in their renewals to the secretary.

There is much to be accomplished by the Chamber of Commerce this coming year, and with the growth of the village, we will have many perplexing problems to face, not only for the coming year, but for several years to come. Upon some of these things will depend in a large measure, the future growth and prosperity of our village.

Remember, this is our home town, full of splendid possibilities. It will be what we make it, and it will depend largely upon our willingness to lay aside our personal prejudice and inactivity, and pull together to make Plymouth the best town possible, the pride of the people who live here, and an example of community development and co-operation that will stand out as a beacon light to those who may want to locate among us.

Let us make our Chamber of Commerce a real community co-operative association, where we work together shoulder to shoulder for the upbuilding of the business, industrial and civic interests of the community and the common welfare of our home town.

Every man and woman in Plymouth and vicinity is eligible to membership, and all are welcome. All have equal privileges and responsibilities. It is a community organization, and the only aim is to help the people who live in the community, and make it a better place in which to live. This year the memberships for ladies have been placed at \$5.00. The memberships for men will remain the same, \$10.00.

The campaign will start off with a bang next Monday morning and everybody who is not a member will be solicited to become one before the drive closes. Give the Chamber of Commerce and the officers who are guiding its destinies your wholehearted support, not only in simply becoming a member, but your moral support as well. They are working for the best interests of Plymouth and community, and it behooves every citizen to stand back of them in their efforts to make the Chamber of Commerce the success that it deserves to be.

Remember, Plymouth needs the Chamber of Commerce, and the Chamber of Commerce needs you. Come on into the Chamber of Commerce folks, and let's all boost together and watch Plymouth grow.

Miss Mabel Spicer of Indianapolis, Indiana, who has been visiting her parents the past few weeks, spent last week with relatives and friends in Detroit, Ann Arbor and Ypsilanti, and left Thursday to return to her work in Indianapolis.

MRS. ELIZA ALLEN PASSES AWAY

Mrs. Eliza Allen, a most highly esteemed lady of this village for many years, passed away at the home of her daughter, Mrs. B. B. Bennett, Tuesday evening, Jan. 13. The funeral services will be held from the home this Friday afternoon at 2:30 o'clock, Mr. Herbert Hawkins of First Church of Christ, Scientist, of Detroit, conducting the services. Interment in Riverside cemetery.

Eliza A. Kiersey was born in Northville, October 16, 1844. At the age of three years, her family removed to Plymouth, where the remaining years of her life were spent. November 30, 1864, she was married to John Steele, who passed away October 17, 1895. She was married to David Allen, December 26, 1910, and who died Aug. 20, 1924. The closing years of her life were spent with her daughter, Mrs. B. B. Bennett, whose loving care and devotion were unequalled. Mrs. Allen leaves to mourn their loss, her daughter, Mrs. B. B. Bennett of Plymouth, and her son, Lewis C. Steele, of Columbus, Ohio, both of whom were with her in her last hours.

The many friends of Mrs. Allen will sympathize with the son and daughter in their bereavement.

THE CHILD WONDER COMING TO PLYMOUTH

Next Wednesday and Thursday evenings, January 21 and 22, there will appear at the Pennington Allen theatre, Baby Thelma, the child wonder of the century. This little Miss is only eight years of age, yet a living mystery. She is a mind reader, telepathist and memory marvel. She has astounded the Harvard professors, mystified the public, and baffled the police and the press. Baby Thelma has just finished a star tour of the Shubert theatres, and is without a doubt the greatest child genius of the age. There will also be two other high class vaudeville acts, besides the feature picture on these two evenings.

DEBATE POSTPONED

The debate between Northville High and Plymouth High debating teams has been postponed from Friday evening, January 16th, to Tuesday evening January 20th, owing to the illness of one of the Northville team.

High scores—Dougherty, 222; Anderson, 209; Wilson, 204; Williams, 204.

One of our teams blossomed out in new bowling shirts this week, a credit indeed to Mr. Lee. But it is believed that in wearing the new shirts, the bowlers must have lost their heads, for it is true but sad to relate that the Baby Lincoln trimmed them two out of three games.

Business Men trimmed Good Roads three straight.

The Pleasure Club met at the home of Mr. and Mrs. Frank Ray, Wednesday evening. After a beautiful six o'clock dinner, progressive pedro furnished entertainment. First honors were awarded Mrs. Fred Bovee and George Wollgast, while Mrs. William Holmes and Russell Cook were consoled.

"AMERICA" COMING TO LOCAL THEATRE

D. W. GRIFFITH'S GREAT MASTERPIECE OF REVOLUTIONARY WAR PERIOD WILL BE HERE, SUNDAY AND MONDAY, JANUARY 18 AND 19.

The romance of one hundred and ten million people—that is the story of "America," which many critics now declare is greater than Mr. Griffith's earlier picture, "The Birth of a Nation." "America" will appear at the Pennington Allen theatre, Sunday and Monday, January 18 and 19.

Several years ago, Mr. Griffith began planning an elaborate and accurate film story of the American Revolution; but at that time, so-called costume plays were not popular. In May, 1923, the Daughters of the American Revolution addressed a letter to the motion picture industry, inquiring why a film of the Revolutionary War had not been undertaken, and suggested it should not be delayed.

Will Hayes received the letter and asked Mr. Griffith to undertake the work.

Before doing it, he made a secret trip to Boston, visiting all the shrines of patriotism in that vicinity. He went to the Old North church, motored along the ride that Paul Revere made, crossed the bridge at Concord and lay on the bank in the hot spring sun for more than an hour directly where "the shot heard round the world" was fired.

That night he decided to make the film, not to show in chronological detail the incidents of the war, but to portray the spirit of sacrifice which encouraged the little band of Americans untrained in war, to defy and conquer the hosts of the invading forces.

He believed it would be of moral value as well as passing entertainment for the American people to see again the bravery and unbreakable will that their forefathers presented against the agonizing woes and the hostile scourges through a cold, ill-dressed and hungry warfare, without adequate arms or disciplined leaders.

He first took the ride of Paul Revere, a brief incident in the story, but one that required three weeks to film. The engine in horseflesh selected as the mount defeated nine riders before Harry O'Neill was found to handle him. His playful preliminary to work one morning at the filming was to leap over the hood of a big motor truck. This horse is one of the most famous jumpers in the world, but too uncontrolled for show or competitive purposes.

Mr. Griffith then took his players to Lexington for scenes at the old Clark home, showing Hancock and Adams arriving and leaving there. This is the same house that sheltered them in 1775.

The scenes in Lexington were taken with the kindly aid of Edwin B. Worthen, president of the Lexington Historical society.

Next Mr. Griffith went to the Old North church in Boston, where Charles K. Bolton, president of the Boston Athenaeum and senior warden of Old North church, permitted him to wire the belfry, the first time ever done. Police and fire guards were in constant attendance to guard against possibility of fire or damage.

The scenes shown in the picture are actual photographs of this church, which stands exactly as it did when Paul Revere received his alarm.

Through Secretary of War John W. Weeks, Mr. Griffith received the assistance of the United States army in arranging the battle scenes. Major William C. Rose of Governor's Island, sent the 18th and 16th Infantry under command of Captain George T. Shank.

Lexington Common and Buckman's Tavern were reproduced with photographic exactness on the studio grounds, and there the Battle of Lexington was staged after the Doctordrawings, which are accepted as faithful by historians.

The larger battle scenes were made near the Putnam county border in New York state.

As the guest of Robert W. Chambers, Mr. Griffith then went into the Mohawk Valley country in New York state, to travel over the scenes of the Indian conflicts. He personally visited every important battlefield there, traveling hundreds of miles.

Before the chill of autumn, he wished to secure the magnificent Vir-

ginia estates in all the glory of full foliage.

With his players and staff, he went to Westover on the James river, one of the greatest of the old estates, where Mr. and Mrs. Richard Crane, present owners, welcomed the staging of the scenes that brought to life again the legends of gayety in the Revolutionary War time.

He also went to Shirley on the James river, the famous old King Carter estate, through the hospitable courtesy of Admiral and Mrs. Oliver and Mrs. Bransford, who live there at present.

Scenes in Yorktown on the actual site where Cornwallis surrendered to George Washington's army, were secured with the co-operation of G. Watson James, Jr., National Historian of the Sons of the Revolution.

Returning to Washington, the war department permitted Col. Hamilton Hawkins to aid Mr. Griffith with the crack Third U. S. Cavalry at Ft. Myer, Va., in scenes as Morgan's Rangers. Major J. M. Wainwright commanded the troop and took part in the action, dressing in fur-trimmed buckskin with his troopers to make the actual charges of the Rangers securely true in reproduction for the film.

WILL GIVE TWO-PIANO RECITAL

Miss Juanita Coe, pupil of Miss Czarina Penney, Mus. Bac., will present a two-piano recital, assisted by Pierre Kenyon, tenor, pupil of Miss Florence Paddock, at Pennington Allen theatre, Tuesday evening, January 20th, at 8:00 o'clock. Juanita Coe has been a piano student with Miss Penney for a number of years, and is a talented and studious young musician, deserving much success in this recital. Miss Penney takes great pleasure in assisting at the second piano, and presenting Miss Coe in six pleasing two-piano numbers. The very popular Arensky "Valse," and Nevin's "A Day in Venice" are Miss Coe's favorite numbers.

Pierre Kenyon, tenor, also a senior in Plymouth High school, has a promising tenor voice, carefully trained by Miss Florence Paddock, and his songs will add greatly to the enjoyment of the evening. Miss Paddock will render a beautiful duet, "O Lonely Night," by Ronald, with Mr. Kenyon.

The public is very cordially invited to attend this musical program. No admission. Children are please requested to attend with adults, as it is annoying to musicians to be disturbed by an unappreciative audience. All are invited to hear the following program:

- Marche Orchestrale in E. . . . Cone
- Juanita Coe and Czarina Penney
- A Lonely Night Ronald
- Miss Paddock and Mr. Kenyon
- Dream Tryst Cadman

ROBERT W. TAYLOR PASSES AWAY

Robert W. Taylor, son of James H. and Harriet Taylor, was born at Eagle, Clinton county, Michigan, April 22, 1849, and died January 10, 1925, aged 75 years, 8 months and 19 days.

Mr. Taylor was thrice married, the last time on September 28, 1904, at Montrose, Michigan, where he was united in marriage to Content Omsa, who now survives to mourn her loss. He leaves also four children, by former marriage: Robert B. Taylor, of Akron, Ohio; Harry F. Taylor, of Glendale, California; Mrs. Maude E. Lobdell, of Saranac Lake, New York; and Mrs. Elizabeth Y. Mills of Flint, Michigan. There are also seven grandchildren; one brother, Martin V. Taylor, of Orange Cove, California, and a large circle of more distant relatives and friends.

Funeral services were conducted at the residence on the Northville road, last Monday afternoon at four-thirty, by Rev. E. Conger Hathaway, pastor of the Plymouth Presbyterian church. Mrs. Wm. Baka sang two selections. Interment was made at Grand Rapids, Michigan, Wednesday, January 14, 1925.

YOUNG MAN MET WITH FATAL ACCIDENT

SEELEY KAISER ACCIDENTALLY SHOOTS HIMSELF WHILE HUNTING LAST FRIDAY NIGHT

A fatal accident occurred last Friday night shortly after eleven o'clock, when Seeley Kaiser, aged 18 years, and son of Fred Kaiser, who resides on Roe street in this village, accidentally shot himself, while hunting. Young Kaiser, in company with a brother-in-law and several cousins, had spent the evening in hunting rabbits in Superior township, and in leaving for home Seeley told them he would drive on ahead. When the rest of the party came along a little later they found young Kaiser's car standing in the road, and the unfortunate boy lying beside it, with the top of his head blown off.

It is presumed that he had gotten out of the car to look for rabbit tracks, and in reaching in for his gun, the weapon in some manner was discharged with the above fatal results.

Justice Phoebe Patterson issued a venire for a coroners' jury, Saturday, and an inquest was held that evening, the jury rendering a verdict that the deceased had come to his death by the accidental discharge of a gun in his own hands.

The funeral services were held from Schrader Bros. Funeral Home, Monday afternoon at 2:00 o'clock, Rev. S. Conger Hathaway officiating. Interment at Grand Lawn cemetery, Redford.

STANLEY MACK DIES SUDDENLY

Stanley Mack died very suddenly at his home about two miles southeast of the village, last Friday evening. Mr. Mack, who had been as well as usual that day, had just eaten his supper, and sat conversing with members of his family, when he suddenly fell from his chair, and expired in a few minutes. Mr. Mack had not been well for some time, and heart trouble was the immediate cause of death. He was 62 years of age, and leaves a wife and six children to mourn their loss.

Funeral services were held from Our Lady of Good Counsel church, Tuesday morning, a solemn service being conducted by Fr. Lefevre, assisted by Fr. Schuler of Northville, and Fr. Peek of Northfield. The remains were placed in the receiving vault at Riverside cemetery, and will later be interred in Holy Cross cemetery, Detroit.

YANKEE GLOBE TROTTER TO SPEAK IN PLYMOUTH

Plymouth people will have an opportunity Monday evening, to hear an account of the adventures of Capt. R. J. Jeffreys, the editor of the Globe Trotter Magazine, who recently returned from an "Auto trip around the world." Captain Jeffreys visited 29 countries with his unique auto camping outfit, returning through Mexico, in August of this last year.

His travel feature articles were published in nearly every state in the union, and he is now engaged in giving travelogue entertainments, telling of his thrilling experiences in many strange corners of the globe. He served as an aviator in the war, and is now a commissioned officer in the nation's reserves.

Capt. Jeffreys will speak to the High school students Monday afternoon, January 19th, and at the Plymouth Baptist church in the evening.

CIVIL WAR VETERAN DIES

Frank Jenks of Adams street, was summoned to Lexington, Ky., last Sunday, by the death of his father, I. C. Jenks, which occurred Saturday afternoon, January 10th. Mr. Jenks had become a familiar figure on the streets of Plymouth, having spent much of his time here for the last five years, and here he made many friends by his genial personality.

Mr. Jenks came to Michigan with his parents while it was still a territory, and could give many interesting accounts of those early days. He moved to Lexington, Ky., about forty years ago, where he engaged in the business of photography, specializing in out-door work, where he photographed most of the finest horses of the "Blue Grass" country for many years. Later he engaged in picture framing, and continued in that business until advancing age compelled him to retire. He had hosts of friends in Lexington, where he was familiarly known as "Cap'n Jenks."

His wife preceded him in death nine years ago, and his elder son, Oscar Jenks, ten years ago. He is survived by one son, Frank I. Jenks of Plymouth, and one daughter, Mrs. Harmon E. Rix of Lexington, Ky., with whom he made his home while in Lexington. There are also several grandchildren and great grandchildren. Mr. Jenks was a Civil War veteran and was 91 years old.

PURCHASE NEW FIRE PUMPER

At a meeting of the village commission, Friday afternoon, the commission voted to purchase a new American La France 100-gallon, triple combination pumper with complete equipment as additional apparatus for the fire department. The purchase price of the new outfit is \$12,250. The commission also voted to purchase 1000 feet of fire hose. The present fire truck will be retained, and this, together with the new pumper will give Plymouth an complete and up-to-date fire fighting apparatus as any town in the country. For some time there has been a real need felt for a pumper, as it is no longer safe to depend upon the natural pressure of the fire mains in the case of a serious blaze. Both trucks will be housed at the village hall, where there is ample room for them.

It will in all probability be several months before the arrival of the new truck.

RURAL SCHOOL SUPERVISION IN WAYNE COUNTY

COUNTY HAS BEEN DIVIDED INTO THREE DIVISIONS, WITH HELPING TEACHER FOR EACH

Beginning this month, the county will be divided into three divisions, each of which will be served by a helping teacher. Following the zone plan introduced into rural schools by Dr. M. S. Pittman of the Ypsilanti Normal College, each division will be divided into two zones. This arrangement divides the rural teachers of the county into six groups or zones, and provides the advantage of the small group, which will work together more intensely than a larger group.

The northern Division comprises all of the county north of the Ford road. The southern division comprises all of the county south of the Eureka road, and the central division all schools between the Ford and Eureka roads. Miss Lorraine Cochran will direct the work of the northern division; Miss Edith Welliver in the central division, and Miss Mary Jameson in the southern.

The northern Division will be further divided into Zones A and B; the central divisions into zones C and D, and the southern division into zones E and F.

THE CROSS-WORD CRAZE
This is a great country for fads, and seldom does a month pass without a new one sweeping over it. Just about one out of a thousand of these fads are really worth while or beneficial. But now a beneficial one seems to have appeared in the form of the cross-word puzzle, which is claiming many devotees around Plymouth. Teachers and learned men all over the country are endorsing it, because it means that those who try to solve cross-word puzzles must resort to the dictionary, and thereby become more familiar with our language. They argue that nothing yet discovered serves to acquaint young people with English words and their meaning as quickly as cross word puzzles. It makes them search for definitions and strange words, words entirely new to them, and these are being added to their vocabulary. Instead of passing quickly, as most fads do, this one appears to be gaining in popularity all the time. And that is doubtless because it is a sensible fad, and one that proves beneficial to both old and young.

TALK ABOUT POLITENESS
"Talk about politeness," said a well known Plymouth man to the editor of this paper a few days ago, "it used to be, before the days of the auto, that a young man would alight from his buggy and politely assist his lady frigid into the vehicle. Now he sits comfortably back on the cushioned seat of his car and pulls on a cigarette while his lady friend climbs in unassisted. Times have certainly changed."

Yes, and in the old days the young man used to hitch his horse out in front of the young lady's house and go in and sit awhile. He used to pay his respects to the young lady's mother and exchange a few pleasant remarks with the old man. Now he doesn't go into the house at all. He sits in his car and "honks" for the young lady to come out, and her father and mother consider themselves lucky if they get a good glimpse of him until the day she comes dragging him in as their son-in-law.

SMALLER FARMS
The day of the big farms of hundreds of acres for the ordinary farmer is fast passing. This is true of every section of the United States. It has been demonstrated that in most states twenty acres are sufficient for an excellent living if planted to the right crops at the right time, and with poultry as a side line. Many farmers have found this true and are diversifying their crops and cutting down the acreage. Of course, there are still many who want to go in for "big money" and farm on a big scale, preferring to keep several thousand acres under cultivation. But that "single-handed" farmer has found out that on fewer acres he can reap greater dividends on his investment, because he can give his crops closer attention and secure better production. If he is content with a good living and a few more dollars in the bank at the end of each year, he sticks to the small farm. And the fact that the small farm is annually becoming more popular is going to prove a blessing to the entire nation.

MUSIC BOXES
We wonder how many Plymouth citizens can remember those old music boxes of other days, containing a cylinder on which were a lot of tiny spikes, and which tinkled out a sort of tune when the handle was turned? It wasn't many years since thousands of families boasted them, but the world has lived a hundred years since then. Probably not a dozen of

these old music boxes could be found in the country today.
For the last few months the existence of the phonograph, which came along to replace the old music box, has been threatened by the radio. Many people have grown to believe that the phonograph has seen its best days. But now comes a press dispatch from New York to the effect that one big phonograph factory has been forced to let contracts for two more mammoth buildings to take care of increasing orders. So it would seem that instead of supplanting the phonograph the radio is merely going to supplement it. There are too many times when the radio does not render good service, while the phonograph can be depended upon to function perfectly at any moment that it is set in motion. You can't beat American genius, for now they are combining the two instruments—one side of the cabinet will contain a perfect radio set, the other side a perfect phonograph set. The American who wants his music "canned" or carried to him out of the air will have his wishes granted.

BAKEWELL-ANDERSON
Miss Inez Anderson and Nelson Bakewell, both of this place, were united in marriage by Rev. A. K. MacRae of Northville, on Thursday, January 1st, at 6:00 o'clock, at the home of the bride's parents, Mr. and Mrs. Fred Anderson. Miss Beatrice Bakewell, sister of the groom, acted as bridesmaid, and Donald Bovee as best man. The bride wore a dress of blue silk crepe, and carried a bouquet of Columbia rosebuds. Dinner was served to twenty relatives.

TOTAL ECLIPSE OF SUN WILL BE JANUARY 24.

The most awe-inspiring spectacle man can behold is a total eclipse of the sun, when the gracious orb is blotted out, the chill of dreadful darkness descends and all the world stands still in apprehension. And then a sudden gleam of red and gold and pearl; the shadow slowly lifts and again the world breathes freely, as if some great disaster had been averted.

Millions of people will have the opportunity of observing the total eclipse of the sun, which will occur Saturday, January 24th. No total eclipse of the sun has been visible in the northeastern part of the United States since the year 1806; nor will such an opportunity come again until 2024. Not within the memory of living man has such a spectacle been seen, and never again will anyone living today see one.

Along a strip of 100 miles, extending from west of Duluth, Minn., to the Atlantic ocean at New York, the coming eclipse will be total.

At any point on the earth's surface a total eclipse will be visible only once in three and a half centuries on the average.

Seeing a total eclipse is therefore a chance to be had only once in seven lifetimes.

How Lighting Boosts Sales

A test was made of a dry goods store. The original lighting system provided an illumination of 4 foot-candles. No protection was afforded against glare or shadows. Improvements were introduced and the level of illumination raised. Sales promptly increased 8.2 per cent per customer.

In another case—that of a small department store—the lighting was raised from 5 foot-candles to 15 foot-candles. The number of customers increased 12 per cent and the average sales per customer increased 29 per cent.

We will inspect your lighting on request. This will cost you nothing and may make you money.

The local Ford plant began operations on Monday after a ten days' shut-down with nearly 300 men on the pay roll, working two shifts. The plant will continue to operate on the five days a week basis for the present.—Northville Record.

It was stated the same was likely to take effect this spring if the plan materializes. Patrons along the way are hoping the original schedule will also be returned.—South Lyon Herald.

THE THEATRE

"THE CITY THAT NEVER SLEEPS"

James Cruze, noted Paramount producer, who jumped into the directorial limelight with "The Covered Wagon," "Merton" and other successes, recently finished a new Paramount picture which is being hailed as another screen masterpiece. "The City That Never Sleeps" is his latest of cinema thrillers, and local fans will soon have the opportunity of judging its worth because it is due next Saturday, January 17, at the Penniman Allen theatre.

The story is an adaptation of "Mother O'Day," by Leroy Scott, which ran serially in McCall's Magazine. It has New York for its background—that portion of New York which has made the city so famous. The night life of New York of today is contrasted with that of a decade ago when the Bowery was in the heyday of its glory.

Briefly the story deals with a mother's sacrifice for her only daughter—her efforts to protect the child from the Tenderloin environment in which the herself was brought up. Later she comes face to face with the bitter realization that despite all she has done to prevent it, her daughter is "travelling too fast a pace. The manner in which she saves her daughter by making the supreme sacrifice provides real thrill and leads to a mighty climax.

With a cast that includes such likeable players as Louise Dresser, Virginia Lee Corbin, Kathlyn Williams, Ricardo Cortez and Pierre Gendron there is no lack of acting talent. The entire production was done in typical Cruze fashion and you all know what that means!

By all means see this picture!

"HUSBANDS AND LOVERS"

A small but powerful cast will be seen in John M. Stahl's new picture, "Husbands and Lovers," which comes to the Penniman Allen theatre, on Wednesday and Thursday, January 21 and 22. Practically all of the story is carried by three characters, portrayed by Lewis S. Stone, Florence Vidor and Lew Cody.

Each a recognized star in his or her own right, these three artists make a particularly well-balanced trio to head this new Stahl cast. Stone and Cody were both on the stage before their triumphant careers in motion pictures, while Miss Vidor, although without the advantages of a long stage experience, has won a screen following that stamps her as one of the most popular girls of the films.

"Husbands and Lovers" is a clever comedy-drama of married life, subtle and humorous for the most part, but with a touch of pathos here and there that gives the story depth and drives home the tragic seriousness of the circumstances that lead to the shattering of domestic happiness.

Presented by Louis B. Mayer through First National, "Husbands and Lovers" was written by the director and adapted for the screen with A. F. Younger, who also worked with Mr. Stahl on his last picture, "Why Men Leave Home." Antonio Gaudio was borrowed from the Norma Talmadge company to serve as chief photographer.

Today's Reflections

Any Plymouth auto driver can tell you that in this world of turmoil the most annoying sign is the detour sign.

You can get vaccinated against almost anything except the grass widow who has designs on you.

One advantage the correspondence school has over the college is that when you get rich you don't have to endow the correspondence school.

More than one poor man around Plymouth dies and leaves his family a car that isn't respectable enough to attend the funeral in.

A whole lot of the things we long for might be ours if we only had the nerve to ask for them.

Some men of thirty-five are such cut-ups that people sometimes take them to be fifty.

We would advise Plymouth women to try to keep out of jail. A Chicago woman served a thirty-day sentence and gained fifteen pounds.

Last year was a big year for Coolidge. He got himself re-elected and a fellow returned to him a dime that he had lost.

Some people around Plymouth seem to think that prosperity means a time when it's all right to go into debt for a lot of things you don't need.

A Detroit man who stole an auto and stayed out all night will have sixty days in jail to catch up with his sleep.

Every Plymouth married man can tell you truthfully that an experienced wife is one who can nag just by keeping still.

The good old days were those when salad didn't taste like a lot of axle grease served on a cabbage leaf.

We can't help feeling at times that if everybody in Plymouth used their tongues in as friendly a way as dogs used their tails this would be a much happier community.

NOTICE

I hereby give notice that I will not be responsible for any debts contracted by my wife, Mrs. Hazel Burton, after this date, January 16, 1925.

WAYNE COUNTY RICH IN SOIL FERTILITY.

Wayne county is richer yearly by \$360,000 because of the soil fertility produced as a by-product of dairying, according to the Blue Valley Creamery Institute. The figure is based on data resulting from many carefully kept records on a considerable number of farms.

The average quantity of manure recovered for use on crop lands in the area studied was 7.4 tons per cow, and since the fertilizing value of a ton of manure is \$2.60 the by-product value of each cow is approximately twenty dollars. The application of this figure to the 18,000 dairy cattle in this county brings the total added value to the soil fertility here to the almost unbelievable figure given above.

In keeping with its better feeding program the Institute estimates that from 25 to 50 per cent greater profit from each ton of feed can be made by local farmers who milk cows through improved feeding methods, alone. This was demonstrated, it states, by the experiment recently concluded by the University of Minnesota. The school's dairy division about a year ago purchased four average cows with available records, but without a scientific feeding ration, and by merely placing them on a home-grown ration suitable to their needs, increased each cow's production almost forty per cent.

SESSION AND BOARD OF TRUSTEES

METHODIST NOTES

Church starts at 10:00 o'clock next Sunday morning, and Sunday-school at 11:40.

The folks who have been coming to Sunday-school at 9:30 can sleep for a half hour longer now, and those who have been coming to church at 10:30 can cut their morning snooze a half hour shorter, and make it up in the afternoon. Notice please, this statement doesn't authorize such individuals to make it up during the church service.

Our two months trial of the earlier hour for Sunday-school, at least at this time of the year, has convinced everyone interested, we are sure, that it has been impracticable, as far as the Sunday-school attendance is concerned. It is for this reason, therefore, that the official board has decided that it is best to go back to the old hours of service. We trust it will meet with the approval of everyone.

A class of young married people is to be organized. Those interested are asked to remain after church next Sunday, to discuss the matter further, and get plans under way for the complete organization of such a group. Both husbands and wives are included in this plan.

A pair of gloves was lost by a young lady at the church a week ago Sunday night. If anyone got the mitten, please "hand it to the pastor," and he will see that it gets to the proper party.

Remember your Advocate subscription, to pay it up promptly, and thus more richly enjoy its benefits through all the year. If you are not already receiving it, ask someone who knows just what its benefits are. Interest in the basket ball games of the Inter-Church League is growing every week. The boys and men play on Monday nights, and the girls and women on Tuesday nights. There is also a special, select team of both men and women, who are in training for out-of-town church teams. Watch for announcements of the first game coming soon.

The Ladies Aid home talent play to be given next Wednesday evening, is a winner. The very fact that it is being repeated because of a strong demand upon the part of those particularly who could not attend when it was given before, is recommendation enough. They have heard from those who saw it before. "An Old-Fashioned Mother"—heart-touching with a deep lesson of life, and also plenty of humor mixed up with it all. "That's just what Maw says."

At the Community Hall, next Wednesday night at 8:00. Price 35c and 25c. "An Old-Fashioned Mother."

Church at 10:00; Sunday-school at 10:40, next Sunday.

The Epworth League begins mission study classes next Sunday night. Something different.

Our mid-week service of Thursday night at 7:30 is taking up a careful study of the Life of Christ. Dig deeper into the rich values of His life. Spend an hour with us Thursday evening.

Don't forget the poverty social at the L. A. S. hall, this Friday evening. Ladies bring box with lunch for two. Hot coffee will be served with the boxes. Everyone most cordially invited to come and wear your old clothes.

There was a good attendance at the L. A. S. last week Wednesday, at the home of Mr. and Mrs. I. Gunsolly. A New England dinner was served, to which all did ample justice. Two new members were added to the L. A. S. workers. It was not decided just where the next meeting will be held.

Mr. and Mrs. Edwin Norris and little son spent Sunday night and Monday at the home of their grandparents, Mr. and Mrs. Clark Mackinder.

What has become of the old-fashioned sleigh rides the young people used to take, with the box all filled with straw, and the boys and girls all sitting on the bottom, going out to spend the evening with some of their friends. Those were good old times, but we never see them now. We think the automobile has crowded them all out. Horses and sleighs or a horse and cutter are very rare things these days.

Tree's Unkind Comment

Stories of Beerholm Tree flourish like the green bay of the same family name. Tree is in fact and for many years has been the legitimate game of all story-tellers, a part he undoubtedly enjoyed. The famous scene painter, Harker, is responsible for this one: Mr. Harker, who painted the scenery for such famous spectacular shows as "Kismet," "Chu Chin Chow," "Cairo and Decameron Nights," was a friend of Tree.

Tree and he had had one of their occasional fits, and the actor was feeling vindictive. He and Alfred Wareing, of the Huddersfield Repertory theater, were motoring one day in the country. Wareing called Tree's attention to the glorious sunset.

Tree was silent for a moment, then he snapped: "Ah, in Harker's most violent manner!"

Artificial Butterfly Wings

Prof. Hans Zosher, addressing the German Chemical society at Hamburg, declared that he has succeeded by artificial means in reproducing the coloring of butterfly wings with much more effect and richness than the originals themselves. Frequently, said the German scientist, he has made artificial wings which would make "any butterfly in the world turn green or black with envy." The beautiful color effects in butterfly wings are produced by light reflections on the same principle which causes the glistening colors in soap bubbles.—Pathfinder Magazine.

"FOR SUCCESS AND HAPPINESS" IS SLOGAN OF GREAT CIVIC CAMPAIGN.

National Thrift Week, according to plans announced by C. C. Greene, General Chairman of the Detroit Thrift Council, will be observed in Detroit and vicinity during the period of January 17th to the 23rd. This date corresponds with the time set by the National Committee for the celebration of Thrift throughout the country.

Very appropriately National Thrift Week starts on the same day as that celebrated in honor of the birthday anniversary of America's foremost apostle of Thrift—Benjamin Franklin.

Thrift Week has become one of the most important of the annual national drives. Each year added interest is projected into the Thrift movement by the thinking people throughout the country, who realize the importance of prudence in the matter of individual spending.

The program for National Thrift Week, which has also been adopted for observance in Michigan, is as follows:

January 17th—Pay Bills Day.
January 18th—Share With Others Day.
January 19th—Thrift or Bank Day.
January 20th—Life Insurance Day.
January 21st—Own Your Own Home Day.
January 22nd—Budget Day.

The Thrift campaign, while sponsored by the Y. M. C. A. as a national proposition, is a great civic movement, backed by the bankers, investment houses, realtors, merchants, building and loan associations, credit organizations, churches, schools, industries, trust companies, life insurance companies, builders, civic organizations, clubs and patriotic societies.

Special stress will be made on the Thrift Slogan, which is "For Success and Happiness." Contained in the slogan is the Thrift creed or the ten points to financial freedom:

- 1. Work and Earn.
- 2. Record Expenditures.
- 3. Make a Will.
- 4. Own Your Own Home.
- 5. Pay Bills Promptly.
- 6. Make a Budget.
- 7. Have a Bank Account.
- 8. Carry Life Insurance.
- 9. Invest in Safe Securities.
- 10. Share With Others.

In Detroit a number of the Women's Clubs recently met and after going over the Thrift program decided to initiate a Junior Budget League. This organization will be for the purpose of co-operating with the schools in teaching the children both Thrift and economy. Among other things arrangements will be made in co-operation with the local neighborhood banking institutions so that the children may be taken to these banks and instructed concerning banking and saving. Special exhibits for the children will be arranged by the banks and a comprehensive program of bank procedure outlined.

Contrary to general belief, the propaganda on Thrift teaches that this word does not mean the hoarding of money but rather the prudent and wise manipulation of one's income. Realizing that the basic principle underlying the Thrift idea rests on the Budget, the National Thrift Committee has selected that subject for receiving special emphasis during 1925.

It is pointed out that while the first item of the Thrift Creed—Work and Earn—is essentially important, the planning of the expenditure of those earnings is equally of importance. In this respect the budget is just as important as it is to any business enterprise. And perhaps more so as the national prosperity largely rests upon the prosperity of the individuals.

In becoming a Budgeteer the first step is the percentage allotment of earnings so as to cover the disbursements generally encountered in present day living, such as shelter, food, clothing, amusement, charity and saving. The following figures, as prepared by the United States Government Savings System, on how three men divide their incomes, differentiates between the meaning of Tightwad, Spendthrift and Thriftman.

| | Tightwad | Spendthrift | Thriftman |
|-------------|----------|-------------|-----------|
| Living Exp. | 87% | 58% | 50% |
| Education | 1% | 1% | 10% |
| Giving | 1% | 1% | 10% |
| Recreation | 1% | 40% | 10% |
| Saves | 60% | 0% | 20% |

By adhering to some honestly prepared budget plan and keeping within the allotments made for each item of expense, it is perfectly natural for the individual to quickly get into the Thrift class. Further, Thrift being a natural characteristic, the practice of it quickly forms the habit. With the habit comes prudent thinking along all lines and a desire for owning a home, a bank account, life insurance, and being out of debt.

Truth in Remark That "This Is Small World"

In these days of airships, airplanes and wireless, one often hears the remark that the world is shrinking. Indeed, long before those inventions were put to practical use it was not uncommon for people to exclaim on accidentally meeting a friend in a distant part of the globe: "What a small world this is!"

Unconsciously, perhaps, they were saying something which was much more than a mere figure of speech. When one of the Challenger's expedition naturalists reached home after a voyage all over the world of nearly 70,000 miles, he declared that nothing had been so much impressed upon him as the smallness of the earth's surface.

In comparison with the planet Jupiter, which has been so prominent in the evening sky, the earth is a mere moon. It would take no fewer than 1,300 earths to equal the giant bulk of Jupiter.

Neptune, the most distant known planet of the solar system, could hide nearly four globes like ours if the earths were placed in a row. Neptune has a diameter of 31,225 miles, while the earth's diameter is, approximately, 8,000 miles.

There is Uranus, too, the distant blue-eyed planet which is only just visible with the naked eye to those who know exactly where to look for it. Uranus equals in width four globes like ours placed abreast.

And it is possible that if another planet exists beyond the present known confines of the solar system it is of a size which similarly dwarfs the earth by comparison.

In justice to our little "shrinking" globe, however, let it be pointed out that it is bigger than Mars and bigger than Mercury. What is more, it just manages, by a few hundred miles, to beat Venus in point of size.

Finally, it is more, much more, to us than all the rest of the planets, big and little, put together.

Great Writer's First Love

The death of Lady Colvin snaps many literary links. She had passed her eightieth year and until less than two years ago she enjoyed a zest for friendship and for books that had animated her whole life. It may seem strange, since R. L. Stevenson is still so much a man of the present age, to read of a woman of eighty years, that "she awakened his first great passion, which she knew how to rein and control, while animating his mind and fixing his character," says the Edinburgh Scotsman.

But one is apt to forget that if Stevenson had survived this woman friend, to whom so many of his best letters were written, he would now have been in his seventy-fifth year; so that they were really close contemporaries.

Lady Colvin was Frances Jane Featherstonhaugh, of a Northumbrian family, which migrated to Ireland in Elizabethan times. As Mrs. Sitwell she was the wife of an East end clergyman, who had as curates John Richard Green, the historian, and H. R. Havelock. As the wife of Sir Sidney Colvin she was alertly in touch with London's innumerable literary interests for about 50 years.

"Maps" Show Nervousness

There have been invented in recent years a number of machines and combinations of scientific devices with which the exact nature of the human voice can be pictured in the form of a wavy line on a chart. Just as an assemblage of such lines makes what we call a map; a picture, that is, of the land surface of a city or a farm.

Now these voice pictures have been used to determine the nervous condition of patients suffering from various disorders. Everyone knows that one of the pronounced symptoms of nervousness is an alteration of the voice. It becomes shrill and "edgy." D. E. W. Scripture, a distinguished European expert in the study of sound, has been able to detect these nervous voices and to distinguish between different kinds of nervousness—by the use of the voice picture described. It may be that a "camera" for photographing the voice will become a regular fixture in the office of the up-to-date physician.

Chigre Pigs

Recently the mother in a certain Indiana home went blackberry picking, and besides getting a few blackberries, came home "loaded" with chiggers. Various remedies were used to kill the chiggers and to allay the intense itching; and among them iodine was applied.

Little Betty, three years old, closely observed the spots where the iodine was applied and a day or so later drove into the country with her parents where she saw a drove of pigs.

Her keen eyes soon spied some white pigs having sandy spots of hair here and there, and suddenly jumped, clapped her hands, and fairly screamed: "Oh, mamma, there are some chigre pigs."—Indianapolis News.

Fixing Her Class

"Jim," said the kindly old boss to one of the junior clerks. "I hear your wife left you."

"She did."

"Too bad."

"But she came back."

"Well, well. Why did she leave you, Jim?"

"She thought she was too good for me."

"Then why did she come back?"

"She found she wasn't good enough for the movies."—Louisville Courier-Journal.

SCHOOL NOTES

Everett Cummins furnished the High school notes and write-up of boys' game, while Gladys Hake gave those for the grades and girls' games.

GIRLS' GAME WITH WALLED LAKE

With a score of 14 to 18, the Plymouth girls defeated the Walled Lake girls. The first half was played by the second team, ending 9 to 11 in favor of Plymouth. The team work of the Plymouth Seconds was very good except that they showed the lack of experience. All new substitutes were entered in the second half, and much fighting was done. The line-up: Walled Lake—Anderson, f.; Certon, f.; Coe, j. c.; Geigler, r. c.; Zunker, g.; Ellenwood, g. Substitutes—Gunner and Young. Plymouth—Cline, f.; Williams, f.; White, j. c.; Bennett, r. c.; Schryer, g.; Caldwell, g. Substitutes—Draper, f.; Amrhein, f.; Bird, j. c.; Whipple, r. c.; Hake, g.; England, g.

GIRLS' FIRST LEAGUE GAME

This being our first league game, Northville vs. Plymouth, caused great anxiety among each of the teams. Each started determined to win. The first basket, made by Amrhein of Plymouth, drew much cheering among the local side-lines. The boys kept falling in Plymouth's basket until Northville found there was nothing to do but put it into their own. The first half ended with Plymouth two ahead.

The second half was played with as much determination as the first, but toward the end this grew stronger, until the bell was sounded in favor of Plymouth. We must not forget to add that the Plymouth girls received a box of candy from their faithful friend, Mr. Karl Hillmer, for which they wish to thank him.

The line-up: Northville—Horan, f.; Smith, f.; Huff, j. c.; Riley, r. c.; Blackburn, g.; Louray, g. Substitutes—Wicklam. Plymouth—Amrhein, f.; Draper, f.; Bird, j. c.; Whipple, r. c.; Hake, g.; England, g. Substitutes—White, g.

PLYMOUTH ADMINISTERS DEFEAT TO NORTHVILLE

The local boys brought Northville into camp and defeated them to the tune of 19 to 12, last Friday. They showed a very high class brand of ball, and deserved their victory. The Northville ball tossers were in top form and took every bit of pep from the "Rocks" to their prep crew from their opponents in the last quarter, and maintained a seven point lead from then on. The contest was one of the best ever staged on the local floor. Doubt led the Plymouth scoring with ten points to his credit.

The starting line-up—Forwards, Millard and Doudt; center, Kenyon; guards, Ambrus and Holmes.

WALLED LAKE DEFEATS ROCKS

The Walled Lake bunch invaded Plymouth last Wednesday, and emerged from the conflict as 15 to 11 victors. The game lacked in spirit, and failed to show the Plymouth boys in their true light. It was certainly an off day, as they lacked in pep and liveliness. The boys promise that the score will be very different when they invade Walled Lake, as they are confident they are able to take the Lake-dwellers' measure.

GRADE NOTES

A party of sixteen dolls was held in the B first grade Tuesday afternoon at recess time. Wednesday noon at recess, the boys shared their Christmas toys with one another. The boys and girls are also playing story games, like "The Snow Man." In nature work they are studying the formation of snow and ice and snow-fakes.

The A first and B second have just finished their Eskimo border. The A first have finished their reading book, "Work of Day Doings on the Farm." Harold Williams, Elizabeth Sockow of the B second, and Clifton Sockow and Roy Williams of the fifth and sixth grades, have been out of school with the mumps. The fourth grade had four visitors last week, who were: Mrs. Weeks, Mrs. Gillihan, Mrs. Humphries and Mrs. Conklin.

HIGH SCHOOL NOTES

Mr. Johnston gave the Seniors a talk in regard to their route on their Washington trip. He is representing the Baltimore & Ohio railroad. It was definitely decided to take that railroad, as it offered the best accommodations, route, sights, at the lowest rate for the trip.

The Plythean Staff has been elected as follows: Editor in chief, Forest Hubert; senior editor, Juanita Coe; advertising manager, Wilbur Murphy; girls' athletic editor, Margaret Amrhein; boys' athletic editor, Pierre Kenyon; kodak editor, Mary Parrott; joke editor, Everett Cummins; art editor, Vernon Lyke.

The Hi-Y Clubs are joining with the Girl Reserves in endorsing the "4-C's" Campaign. They are giving a series of 5-minute talks on the "4-C's": Clean Speech, Clean Living, Clean Scholarship and Clean Athletics.

Four people are to be initiated at the Aggie Club meeting Wednesday noon, Dorothy Dunn, Juanita Lang, Helen Tyler and Dorothy Griffith.

Two representatives of the Girl Reserves, Juanita Coe and Julia Wilcox, together with Miss Allen, attending the Girl Reserves Mid-winter conference at Kalamazoo, last Friday, Saturday and Sunday. There were representatives from Detroit, Grand Rapids, Flint, Saginaw, Bay City, Alpena, Muskegon, Cadillac, Holland, Howell, Sturgis, Battle Creek, Ann Arbor, Jackson, Lansing, Owosso and Mt. Pleasant. All meetings were held in the comparatively new and beautiful Kalamazoo Y. W. building. The critics of the younger generation would have enjoyed a heart warming time could they have seen these high school girls talking frankly and openly about their ideals for home, school and community, as they did in the Council Room. They talked about cheating in high school, and what they could do about it; about clothes, healthy bodies, their attitude towards their mothers. Often four or five would be asking recognition from the president at the same time. The notes of the

MRS. WILLIAM DETHLOFF DIES OF PNEUMONIA

Sophie Dethloff, nee Hopp, was born April 29, 1872, in Hamtramck, Mich. In the parochial school of the Lutheran church at North Detroit, she received her schooling, having been baptized in that church. In this same church, she also was confirmed.

In April 1890, she was united in marriage with Rev. August Schwartz, and God blessed this union with two daughters. After a few but happy years of married life, her husband was taken from her in death, very suddenly, and she remained a widow for six years, struggling hard to bring up her two daughters.

In 1897, she came to live in the vicinity of Oak, Michigan, and on March 30, 1898 she became the wife of William Dethloff. To Mr. and Mrs. Dethloff God gave nine sons. One daughter of her first marriage, and four sons of her second marriage preceded the mother into eternity.

Nearly 27 years she deceased as a loving wife and mother labored faithfully for her loved ones. She was sick only ten days with pneumonia, and was released from all earthly labors and troubles by her Heavenly Father, Saturday morning, January 10th. She attained the age of 52 years, 8 months and 12 days, and leaves to mourn her departure from this world, the husband, one daughter and five sons; also many other relatives and friends.

Funeral services were held Tuesday afternoon at two o'clock at the home at Stark, Rev. Charles Strasen her former pastor and friend, officiating. Interment in the Lixonia cemetery.

BARTLETT SCHOOL NOTES

Not as large a crowd as usual attended the P. T. A. meeting, Monday evening, January 12th, on account of sickness, but it was successful as a "hard times" party. Prof. Hoppes gave an interesting talk on the zone schools and P. T. A. organization. Virginia Giles of Plymouth, gave interesting readings, and also played on the ukelele and sang. She certainly is a royal entertainer. There were two helping teachers, one told a story and the other gave a reading, "In the Usual Way." Afterward we had refreshments.

Heloise Travis, our health officer, sent in a letter to the T. B. Society of Detroit, telling of our work in the school and they printed it in the "Modern Health Lance." We are proud of our Health Officer.

We wish to add the following names to the last week's list that have been neither absent or tardy this year—Charles Hewes, Irene Campbell and Johanna Parrish.

A CARD—We wish to thank our friends and neighbors for their kindness and sympathy shown us during our recent bereavement, and for the many beautiful floral offerings; and especial thanks to Rev. Charles Strasen for his kind and consoling words.

Wm. Dethloff and Family, Mr. and Mrs. Walter Dethloff.

Love of tender girlhood Passionate deeds of heroes
A rushing, leaping drama of charm and excitement

"The greatest play ever staged—the best picture ever made," says the N. Y. World

"It pulsates with life; and for beauty, 'AMERICA' has no equal," says Theatre Magazine

It is the romance of one hundred million people told in heart-throbs

A thrilling story of Love and Romance
ROBERT W. CHAMBERS

"America," a romantic story after the style of Walter Scott's Ivanhoe.

The story of the sacrifice made by our forefathers during the Revolution is romantic, inspiring and thrilling beyond description.

Through this story is interwoven a beautiful romance, Harriette Underhill in the Tribune says, "a great love story."

It is also absolutely correct historically.

SEE the beginnings and causes that made necessary a great sacrifice!

SEE the gorgeous scenes in the Court of King George III!

SEE the old house of Burgesses in Virginia, where sat Washington, Patrick Henry and Jefferson, the founders of our Republic!

SEE the magnificent ride of Paul Revere, said by New York Herald to be the most thrilling scene ever filmed.

SEE the gathering of the American patriots at Lexington and Concord. 77 Americans standing against 800 British Regulars at Lexington.

SEE the magnificent Valley Forge!

SEE the surrender of Cornwallis, and the inauguration of the first President of the United States!

SEE the assault on Fort Sacrifice and the rescue of the Americans by Washington's favorite unit, the "Liberty or Death" brigade of Morgan's Rifles.
