VOL XXXVII, No. 9

PLYMOUTH, MICHIGAN, FRIDAY, JANUARY 23, 1925

\$1.50 PER YEAR

THE "BLUES" AND "WHITES" ARE AFTER MEMBERSHIPS

The Two Divisions, Captained by S. D. Strong and A. E. Blunk, Have Entered Into the Contest for New Members With a Vim.

The Losing Side Will Give a Banquet to the Winners at the Close of the Campaign.

The two different divisions of the Chamber of Commerce met in the club rooms last Friday evening, and each side elected a captain. A. E. Blunk was elected by the "Whites," and S. D. Strong by the "Blues." Each side has in the vicinity of 120 members and both claim that they are out to win. Each side has made arrangements for sub-division into smaller groups for soliciting. A list of the names on each side has been mailed to members, together with two application blanks. More of these blanks can be had from the secretary.

There is a special Ladies' Membership of \$5.00 this year. Special membership cards and application blanks will be obtainable from the secretary.

The meeting of Friday evening was very enthusiastic. It is expected that the membership will be raised considerably this year. After the 24th, old members who have not renewed will be solicited as new members. Until that time, both sides are gathering in the new members.

As was said in these columns last week, we are going to need the Chamber of Commerce more during the next few years than ever before. Plymouth, without a doubt, is upon the threshold of the greatest growth that it has ever had in all its history. The phenomenal growth of Detroit is rapidly pushing this way, thousands and thousands of dollars worth of real estate have been purchased in and around Plymouth by Detroit capital in the last few months. Already one of the largest industrial concerns of Detroit has purchased a large acreage at the edge of the village, and other concerns are looking Plymouth-ward. Plymouth is bound to grow, and the sooner we get ready for it the better. There are going to be some perplexing problems to solve, and the Chamber of Commerce is the proper organization to help solve them. Remember the Chamber of Commerce stands for the best interests of Plymouth, and it is the duty of every citizen to get back of it. Plymouth needs real boosters now. Be one of them by joining the Chamber of Commerce.

MAKING IMPROVEMENTS IN STORE BUILDING

R. W. Shingleton has about completed the changes required for the expansion of his present business in his building on the corner of Liberty street and Starkweather avenue, north Plymouth. This will give him the additional room which his fast growing business has made necessary. The several departments will be Dry Goods, Men's Wear, Shoes, Tailoring and Dry Cleaning. The Dry Cleaning department, so well and favorably known in Plymouth and neighboring towns for its high quality work, will have new and larger machinery and additional expert help to relieve the present overworked capacity. The shoes and footwear department will be much added to and especially featured. The dry goods will be all new stock, and form a companion department to the men's wear lines, which were formerly the exclusive stock of this store.

DEATH OF FORMER PLYMOUTH LADY

Word has been received here of the death of May A. Bernard, wife of Wm. Bernard, on January 22nd, 1925, at their home in Buffalo, N. Y. Mrs. Bernard has been in failing health for nearly a year, and was laid to rest in Elmwood cemetery, Tonawanda, N. Y., January 23rd. Besides her husband, she leaves one son to mourn their loss. Mr. and Mrs. Bernard were residents of Plymouth several years, and she was a charter member of Plymouth Hive No. 154, Ladies of the Maccabees.

"NORTH OF 36" AT LOCAL THEATRE

Gigantic is the only word that actually describes Paramount's production, "North of 36," and does it justice.

The picture is gigantic in many ways. The cast is gigantic, the sweep of the theme is gigantic, the scenes are gigantic—everything about the production fairly breathes the word—from the opening sequence to the final fade-out in this Emerson Hough story, produced by Irvin Willat.

Lois Wilson, the "Covered Wagon" girl, as the lovable 1867 period ranch owner, portrays her role in a manner that will win the hearts of the most critical of picture-goers.

In the production Miss Wilson, as Taisie Lockhart, is owner of one of the largest ranches in the then undeveloped Texas. The Civil War has just ended and save for its land and cattle, the state is on the verge of bankruptcy. Both the land and the cattle are worthless—the land because there are no people to till it and the cattle because there is no way to deliver them to a market in the north.

Just at the time Taisie is about to discharge her ranch-hands—because she is unable to pay them—a visit is paid her by Dan McMasters (Jack Holt), an old friend of the family.

McMasters brings with him the news that a railroad has been built "North of 36" and explains that if a herd of cattle can be driven there, it would bring an enormous profit.

Despite the protests of Ernest Torance, as Jim Nabours, her faithful ranch foreman, the girl resolves to make the trip.

A complication arises when, on the beginning of the journey, the trunk containing Taisie's scrip to her ranch is stolen and is later found in McMasters' wagon. All indications of the robbery point to his guilt and he is forced to leave in disgrace.

The long trip from southern Texas to Abilene, Kansas, where the railroad has been built, necessitates traveling over unmapped and entirely unexplored country—country on which no white man has ever set foot. They are attacked by Indians, forced to ford swollen streams, and on two occasions the entire herd of four thousand long-horn cattle stampede. Still their spirits are undaunted.

Added to this, Noah Beery, playing the villainous Rudabaugh, has reasons to prevent them from reaching their destination. Three times during the trip he and his men attack Taisie and the handful of cowboys. But each time he is defeated.

When the brave people finally reach their destination many months later they meet another danger, a danger even greater than any of the hundreds experienced on the trip.

To describe the danger and the final results in words and do it justice would be impossible. To get the real thrill, the real drama, the real significance of the sequence, it must be seen on the screen.

"North of 36," adapted from Emerson Hough's Saturday Evening Post serial and novel, comes to the Penniman Allen theatre, Sunday, Monday and Tuesday, January 25, 26 and 27.

Holt, Torrence, Miss Wilson and Beery all have featured roles in the cast, which includes many other big names in supporting roles.

There's a high-grade tale of a lost and forgotten cattle trail—the first cattle drive out of Texas, led by a young girl through the wild, unexplored country to the north, marking the opening of a great north and south pastoral road.

"North of 36" is the companion picture to "The Covered Wagon." And you know what that is.

LOCAL METHODISTS ENGAGE SPRINGWELLS METHODISTS

Two local basket ball teams, made up of seasoned players and former stars, will battle two strong teams from Springwells, next Saturday night at 7:30, at the new Community House of the local Methodist church. The girls teams will play first, and men's teams immediately following.

The Springwells Methodists recently defeated the Springwells High school team, and are sure to make the coming contest here a lively and worthwhile evening. If you enjoy a good basket ball scrap, see these games. Admission is 25c.

The I. O. O. F. degree team will go to Novi next Monday evening, where they will compete the work of the first degree for the Novi lodge.

MARION MALE QUARTET

The Marion Male Quartet is primarily a vocal organization that could give a program of musical merit as a vocal quartet alone, but being exceptionally talented, their instrumental renditions add greatly to their programs, as do the readings given by various members of the quartet.

The marimbaphone selections of the Marion Quartet are particularly pleasing, since the numbers they use are specially arranged for this instrument. In a combination of piano, saxophone, banjo and marimbaphone they demonstrate their instrumental ability to a high degree.

Four seasons together in Lyceum and Chautauqua work have made the Marion Quartet an outstanding entertainment attraction.

HIGH SCHOOL AUDITORIUM, TUESDAY EVENING, JAN. 27.

GAS COMPANY ELECT NEW OFFICERS

THE COMPANY WILL SPEND ABOUT \$75,000 IN IMPROVEMENTS FOR LOCAL PLANT DURING COMING YEAR.

The Plymouth & Northville Gas Co. held their regular directors' meeting last week Wednesday, and the following officers were elected for the ensuing year:

President—F. W. Seymour
Vice Pres.—David Frazer, Jr.
Secretary—George W. Meacham
Treas.—M. B. Adams

The above officers, together with J. J. McClure, also form the board of directors.

During the coming year the company are planning to make some extensive improvements in the local plant, that will put it in first-class condition in every respect, and will enable them to give the best service possible at all times.

The improvements, which call for an expenditure of \$75,000, includes the installation of a water gas set, which would enable the plant to still produce gas should anything go wrong with the coal making process. Two new coal gas benches will be installed, and an addition to the building constructed. About three miles of gas mains will be laid in Plymouth and two miles are to be laid in Northville.

The new organization, under the management of Mr. Adams, is anxious to render their patrons the best service possible, and it is with this in view that they are planning on the extensive improvements above outlined. There is no one factor more essential in the growth of Plymouth than to have plenty of gas for industrial and domestic purposes, and the local gas company are going to grow with Plymouth and also help Plymouth to grow.

WILLIAM WHITTAKER TAKES HIS OWN LIFE

William Whittaker, a former resident of Plymouth, committed suicide by shooting himself with a shot-gun at his home near Northville, Wednesday morning, about 10:00 o'clock. Mr. Whittaker left several letters directing what arrangements be made for his funeral, and one to his little son. The deceased lived in Plymouth for a number of years, and had a large circle of friends and acquaintances here. Funeral services will be held Saturday afternoon.

The Woman's Club of this place, was royally entertained by the Ladies' Literary Club of Northville, last Friday afternoon.

Mrs. Mary Hillmer and Mrs. Phoebe Patterson attended the annual meeting of the Wayne County League of Women Voters at the Hotel Statler, Detroit, Tuesday, January 20th. Luncheon was served at 12:30, after which the business meeting was held at which the following officers were elected: President, Mrs. Harry Stephens; corresponding secretary, Mrs. Jesse Miller; recording secretary, Mrs. H. Lee Simpson; treasurer, Mrs. Mary E. Hayes.

PLYMOUTH HAS CHANCE TO GET BIG SPEEDWAY

Detroit Capitalists Are Going to Build World's Fastest Speedway at a Cost of \$750,000.

Prominent Auto Manufacturers Will Build Permanent Test Laboratories in Connection With Speedway Wherever Built.

NEXT NUMBER ON LECTURE COURSE

The Marion Male Quartet, which will come here Tuesday evening, January 27th, on the Senior-Redpath lecture course, is primarily a vocal organization, and give a program of musical merit as a vocal quartet alone, but they are exceptionally talented young men, and play the saxophone, banjo and marimbaphone in a most artistic manner.

The marimbaphone selections of the Marion Quartet are particularly pleasing, since the numbers they use are especially arranged for this instrument. In a combination of piano, saxophone, banjo and marimbaphone they demonstrate their instrumental ability to a high degree.

The four young men who compose this company are all possessed of fine voices, and four seasons of singing together in Lyceum and Chautauqua work have given their ensemble singing a unity and blending of tone almost perfect.

The personnel: Harold Dodds, first tenor, piano, saxophone, marimbaphone; Harold Cattlett, second tenor, reader-entertainer, marimbaphone; Paul Kennedy, baritone, banjo, saxophone, marimbaphone; Hugh Studebaker, bass-baritone, saxophone, pianologues, marimbaphone.

This is the highest priced number on the course to date, and the Seniors have every reason to believe that it will be the most enjoyable. With the support that the previous numbers have received, the Seniors are now planning for an even larger audience than before. Because the entertainment occurs during the school week, it will be necessary to start at 7:30 sharp.

GAVE A PLEASING RECITAL

Miss Juanita Coe, pupil of Miss Corrina Penney, Mus. Bac., presented a two-piano recital, assisted by Pierre Kenyon, tenor, pupil of Miss Florence Paddock, before a very appreciative audience at the Penniman Allen theatre, Tuesday evening. Miss Coe, who has been a student of Miss Penney for several years, is a young musician of exceptional talent and ability, and she rendered six pleasing numbers in a most artistic and finished manner. Miss Penney assisted Miss Coe at the second piano.

Pierre Kenyon, tenor, a senior of the Plymouth High school, gave several vocal numbers, which added greatly to the pleasure of the program. Mr. Kenyon has a wonderful voice, and each one of his numbers was splendidly rendered, with Miss Penney as accompanist at the piano. Mr. Kenyon and Miss Paddock rendered a duet, that was greatly appreciated.

It was a most pleasing evening's program, and both pupils and instructors are to be congratulated on its success.

WIN DEBATE HONORS

Last Friday's Detroit News contained a picture of the members of the Detroit Northwestern High school debating squad, and Miss Ruth E. Huston of this village, their coach. Last week Thursday evening, the team won the city championship by a decisive victory over Central High school, in a dual debate, the finals of the annual tournament. Northwestern has won its third championship in the last four years, and, at the same time, earning its right to represent Detroit in the state contest which comes next March. Miss Huston, who has been coach of the winning debating teams of Northwestern for the past three years, is to be congratulated on the results of her splendid work.

A number of the business men of the village met at the office of Frank Rambo, Monday evening, for the purpose of hearing of a new proposition which might be induced to locate near this village. J. A. Bent, sales manager for the T. H. Welch Co., of Detroit, and several other gentlemen from that city, who have invested in real estate in Plymouth and vicinity, were present. Mr. Bent explained that a number of Detroit's capitalists have formed a company to build a speedway to be known as the Detroit Motor City Speedway, at a cost of \$750,000. They plan to hold the first race upon the speedway on July 4th next.

Should the speedway be built here, prominent Detroit automobile manufacturers will build permanent outdoor testing laboratories, which he thought would act as a magnet to bring their factories here should they contemplate a change in location. Many factories in the city are handicapped by railroad facilities, and this, together with the higher taxes, has a tendency for factory owners to seek suburban locations.

The T. H. Welch Co. has purchased one and one-half million dollars worth of property in and near this village, and Mr. Bent is trying to induce the speedway projectors to build the speedway in the vicinity of Plymouth. It is altogether probable that the plant would be built within a mile and a half of the village.

The proposition is not a stock selling one, but it is desired to have the hearty co-operation of the citizens of Plymouth.

Mr. Bent is very enthusiastic over the future outlook of Plymouth, and he feels that the proposition of securing the speedway is one that should not be overlooked by our citizens, but that we should get behind the proposition and bring it to Plymouth if possible. He pointed out that other places were making attractive bids for the speedway, but that he thought Plymouth was the most logical place for its location.

He called attention to the great publicity which would result in the location of the speedway here. Thousands of people from all over the country would visit the speedway when the great races take place, and it would be the means of many people becoming interested in Plymouth, and eventually locate here.

The local gentlemen present were most favorably impressed with the project, and it was suggested that petitions should be circulated and placed in the business places, where the general sentiment of the citizens could be expressed, as to whether they are favorable to seeing a speedway built near here or not.

Frank Rambo, who is the local representative of the T. H. Welch Co., is much interested in the project, and it is through his efforts that Mr. Bent came out Monday evening to present the proposition to our business men.

The Chamber of Commerce will be asked to endorse the proposition and to lend their assistance in bringing the speedway to Plymouth. There is no doubt but that if the speedway and testing laboratories are built near Plymouth, it would mean that considerable business would be brought to Plymouth, as a plant of this kind would necessarily have to have quite a number of employees.

POVERTY

Poverty isn't what it used to be. There was a time when everything we call culture seemed to belong to the rich—they alone found joy in living, and the poor were like so many cattle. There were books in those days, but the poor could not afford them. Now printed wisdom may be had for a few pennies. Yesterday only the rich could afford pictures on their walls; today every home in America is hung with beautiful ones, and in our cities big art galleries are maintained by the poor. The singers and musicians of yesterday sang and played only for the rich. Today almost every home can boast of a phonograph, a piano, a radio set, or all three of them.

There was a time, and older citizens of Plymouth can remember it, when the poor almost leaped into the ditch to escape being run down by the fine horses owned and driven by the rich. Now decrepit fivers pass the millionaire's twin-six auto on a hill, and think nothing about it. Nor is it impossible nowadays for a poor man to leave an estate for his loved ones. When death finds him without either lands or houses or cash in bank, his survivors only have to sign a receipt to get a fortune from an insurance company. Insurance is one thing a poor man can buy at the same price a rich man has to pay. If old age finds him spent and broken, a disability clause in the same insurance policy provides for him.

Poverty isn't enjoyable, but civilization has taken away the sting of it. The poor of today are richer than the rich were fifty years ago.

SET SPECIAL FARES FOR FARMERS WEEK

EXPECT REDUCED RATES TO SWELL CROWD AT M. A. C. GATHERING, FEBRUARY 2ND TO 6TH.

Visitors at the annual Farmers' Week at the Michigan Agricultural College, February 2nd to 6th, will have the benefit of reduced fares on all railroads in the state, while traveling to and from East Lansing, according to announcement made last week.

The special rates are expected to result in considerably increased attendance at the gathering, especially if road conditions make driving difficult. Visitors from distant points in the state depend on the railroads for transportation to the winter conference in almost all cases, and it is to them that the lowered ticket cost will mean most.

Round trip tickets may be purchased from any point in the state (to Lansing and return) for one and one-half times the regular one-way fare. Tickets should be purchased from the local ticket agents in advance.

THE THEATRE

"BETWEEN FRIENDS"

"Between Friends," which comes to the Penniman Allen theatre, Saturday, January 24th, is a screen masterpiece, which must be seen to be appreciated. It is an intensely human story, well acted and produced in a manner that makes it a cameo in attractive setting.

The story offers intense appeal, dealing with a strong friendship which, though sometimes abused and maltreated, conquers hatred and proves lasting. The plot is carefully planned and skilfully woven by the master hand of Robert W. Chambers, so that daring situations are introduced in a manner that proves not only attractive but highly artistic.

J. Stuart Blackton, who is responsible for much of the present day technic and development of cinema art, has made this production his chef d'oeuvre, introducing several new camera effects against unusual backgrounds. Among these are scenes in a sculptor's studio, a frolic in Greenwich village, moonlight effects at Bermuda, and the intensely unique and dramatic climax, when a phantasmagoria of mad hallucinations, the forerunner of an attack of brain fever, is shown on the screen in an extraordinary and effective manner.

There is a depth, a subtle attraction, a firmness about "Between Friends," that leaves a lasting impression upon audiences. It will bear repetition. It starts its action with the first flash and keeps moving at high tension until the end. It has its moments of intense suspense; lighter touches as relief, and tells its story in perfect dramatic continuity.

"Between Friends," has an extraordinary cast, which includes Lou Tellegen, Norman Kerry, Alice Calhoun and Anna Q. Nilsson.

"MARRIED FLIRTS"

"Married Flirts," Metro Goldwyn's picturization of "Mrs. Paramor," Louis Joseph Vance's novel, which was recently published, is the feature at the Penniman Allen theatre, Wednesday and Thursday, January 28 and 29. It is the first production for this company by Robert G. Vignola, director of "When Knighthood Was in Flower," "Yolanda," and other successes.

Mr. Vignola, early in his motion picture career, directed Pauline Frederick in a series of pictures, and when he read the Vance novel he decided to film it with Miss Frederick in the title role, feeling there was no one as well equipped as she to play a part that requires such a wealth of emotional and dramatic power. Miss Frederick was delighted to create the role, and so a former screen combination was once more renewed.

The cast of "Married Flirts" comes in the category of "notable." Besides Miss Frederick, it includes Conrad Nagel, Mae Busch, Huntly Gordon, Alice Hollister, Patterson Dial and Paul Nicholson.

The story is something new in the way of love complications, for instead of the usual triangle, there is a quadrangle, with each side equally involved.

"The triangle idea has been done so often," says Gignola, "that one can usually close his eyes and feel instinctively what is taking place on the screen. Unless a picture, as well as a book or play, is full of unusual surprises it loses its real value.

"The four characters about which the story of 'Married Flirts' revolves puts an entirely new light on a plot of this sort, and gives a twist to the picture that makes it absolutely unique."

ed and were known as "Cambridge Quarters" said to be adopted from the air by Handel and were introduced in England more than a century ago. These chimes were installed in the library in the year 1883, and they became a traditional part of the school, often referred to in the song of 1917, when the library was torn down for a more modern building, and at that time the chimes were removed to the engineering building, where they have been and are located at the present time. The bells are being repaired, and as soon as the gears controlling the bells can be put in shape the old favorite chimes will peal forth once more.

FROM THE FAMOUS NOVEL
By EMERSON HOUGH

A spectacular romance and an education in one.
The days of '67.

—when adventure beckoned everywhere.
—and romance was in full flower.

You've never seen a thrill like the gigantic cattle
stampede! And it's just one of a thousand!

The picture that goes the limit in thrills!

See—

—the Indian braves swoop down on the cattle train;
—the desperate battle in the wilderness;
—the great herd of cattle swim the raging Red
river;
—the infuriated longhorns stampede through a
town.

The spirit of America rides through it!

The famous novel of pioneer America, filmed on a
huge panoramic scale.

Just as "The Covered Wagon" was the epic photo-
play of the days of '49—so is "North of 36" a
memorable romance of the days of '67.

Screened on a sweeping scale on the vast plains
of Texas.

Glorifying the motion picture!

Written by America's greatest writer of historical
fiction.

If there's red blood in you, this picture will whip
it through your veins.

It will thrill every American to the marrow!

The rollicking, romantic days of '67 live again.

The picture that every true American should see.

MICHIGAN STEPS UP IN DAIRY STANDING

RECORD OF COW TEST ASSOCIATIONS GIVES STATE HIGH RANK AMONG THE NATION'S DAIRYING INTERESTS.

With more than thirty thousand cows under test in official cow testing associations during 1924, Michigan has suddenly taken rank as one of the leading dairy states of the nation in point of definite improvement work being done among its milk producers.

A census just completed by the dairy extension men of the Michigan Agricultural College shows that these 30,506 cows, to be exact, represent nearly four per cent of all the cows in the state, the highest percentage of cows on official test shown by all the states of the country.

Genesee county, with 14.3 per cent of all its cows entered in the county's nine cow test associations, also leads among all counties in the United States in respect to percentage of animals on test.

A striking illustration of what may be accomplished in cow test associations by way of increasing production is shown by production figures of the survey. While the average production of all Michigan cows is only 3,700 pounds of milk a year, the average production of the thirty thousand cow test association animals reaches the comparatively high figure of 7,201 pounds of milk and 277.3 pounds of butterfat a year.

Wisconsin alone leads Michigan in total number of cow test associations in operation, boasting 164 associations to Michigan's 105. Percentage of cows on test, however, gives Michigan first place. Another record, which falls to state dairymen is that of greatest increase in association work during 1924, when 40 cow test associations were started in the state.

CANTON COMMUNITY CLUB WILL MEET.

The Canton Community Club will meet at the home of Mr. and Mrs. Frank Palmer, Wednesday, January 28th. This will be a day meeting, pot-luck dinner, and ladies please bring dishes.

It's a good thing that this country tells the heathens about civilization, instead of trying to show them.

Today's Reflections

A Baltimore judge refused to annul a marriage on the grounds that the groom was stupid. If that was the law here a lot of Plymouth women could never get a divorce.

No reports are coming from Maine of guides being shot by hunters. Maybe all of them have been killed off.

The country had a record crop the past year. That's good news for the bottle makers.

We saw an example of poor judgment the other day. We noticed a Plymouth woman buying a pocket-book on credit.

One thing that was not affected by the war was the railroad sandwich, which had everything to gain and nothing to lose.

With mother in politics and the constitution forbidding child labor, it looks like dad is going to have to go to work.

Scientists say of all colors green is the most quieting on the nerves. Here in Plymouth the long green is considered the best remedy.

To make the nation dry is a big undertaking. It requires the service of a good many undertakers.

Motor cars will be finished in brighter colors this season, according to a trade magazine. It will be much nicer to be hit by a pretty one.

We heard a Plymouth citizen say yesterday that knocking indicates one of two things—carbon in the engine or envy.

Cross-word puzzles have been of some value. They have taught a lot of people that Daniel Webster didn't write the dictionary.

Invention has provided a way by which the blind may "see" moving pictures. And yet there are those who say the day of miracles is past.

The trouble with the average Plymouth man who casts his bread on the water is that he expects it to come back in the form of cake.

What the Congressional Record needs to brighten it up is a good comic strip and a cross-word puzzle.

Our advice to the young men and maidens of Plymouth is before considering that two can live as cheaply as one is to find out which one.

IN MEMORIAM

In loving memory of our dear mother, Mrs. Richard Smith, who passed away two years ago, January 21, 1923.

When a mother breathes her last farewell,
The blow is more than tongue can tell;

Earth seems quite another place
Without the smile of mother's face.
We think of her as one who sleeps,
All free from grief and pain;
And know the happy day will come
When we shall meet again.

Her Children—Mrs. A. Schrader, Mrs. Ira Wilson, Mrs. Daniel McKinney, John W. Isaac E. Richard S., Marshall P. and E. C. Smith.

A CARD—We wish to thank our many friends and neighbors for their kindness and sympathy shown us during our recent bereavement, and for the many beautiful floral offerings, and special thanks to Rev. Paul Havens for his kind and comforting words.

ELM

In spite of the bitter cold weather, Sunday morning saw a full attendance of our Sunday-school. Thirty-five pupils and four teachers. We can be very proud of what our ladies are accomplishing in this work, and we should try to do all we can to assist them. Sunday-school services are held every Sunday morning at 11:00 o'clock.

The meeting of the Parent-teacher Association was postponed until the first Tuesday in February, on account of so many important meetings on that date, and also on account of our speaker being unable to come.

FIRST PRESBYTERIAN CHURCH

REV. S. CONGER HATHAWAY, A. M., PASTOR

WE WOULD LIKE TO CORNER YOUR ATTENTION NEXT SUNDAY.

BAPTIST NOTES

Seventeen went in the sleighload to Northville, to attend the revival meeting last week Thursday evening, at the Baptist church, through the kindness of Mr. and Mrs. Sewell Bennett. The young people say thanks.

The annual meeting of the L. A. S. took place last week Wednesday, January 14th, and elected the following officers:

President—Mrs. Geo. Wilske
Secretary—Mrs. Archie Collins
Treasurer—Mrs. H. H. Daly.

The secretary and treasurer have their reports, also the missionary treasurer. The ladies have spent about \$1,000 for church improvements and church expenses. There are four divisions in the Aid, and the captains are: Mrs. George Wilske, Mrs. John Shackleton, Mrs. Joseph Stanley and Mrs. H. Daly. After the election, a bountiful pot-luck supper was served, and the meeting closed with a good healthy feeling of great expectations for the coming year.

An appreciative audience listened to Capt. Jeffreys, last Monday evening at the Baptist church, as he told in a very genial way about his trip around the world and many of the queer experiences he found in 28 different nations. Dr. Erwin is to come with his travelogue, "Seeing America," about the first week in February.

The Sunday-school board decided to arrange for a separate primary department downstairs, to begin about February 1st.

The boys of the Sunday-school played basket ball Monday evening, a real stiff game. The girls played Tuesday evening.

PRESBYTERIAN NOTES

The Ready Service class held its monthly meeting last Thursday at the church. There was a pot-luck dinner at noon.

Prayer meetings preparatory to Easter will be held at the homes of members. Definite announcement of place for next week's meeting will be made next Sunday.

Sunday-school attendance last Sunday showed an increase of nearly 7 per cent over that of the preceding Sunday. Let's make it a 10 per cent increase next Sunday.

Superintendent Shaw is recovering steadily from the effects of his fall, and expects to be able to sit up in a few days.

Mrs. Maxwell Moon sang a solo at Sunday-school, last Sunday. These occasional solos are a pleasing feature of the closing exercises of the school.

Little Eugene Bakewell, who has been seriously ill since Thanksgiving day, is better, and seems now on the way to recovery.

Rev. J. N. Elliott of Bloomington, Illinois, presented the new pension plan for retired ministers, at the services last Sunday night. The General Assembly hopes to have the new system in operation by April, 1926.

An annual payment of two and a half per cent of the ministers' salary by the minister and seven and a half per cent by the church will provide pensions at the age of sixty-five of from \$600 to \$2,000, according to the length of service and income received.

The attendance of every member of the men's class is desired, next Sunday. A new activity is to be inaugurated.

METHODIST NOTES

Tomorrow night at 7:30, our church teams play the Methodists from Springwells. It is sure to be a big time. Come and watch them, and root for our teams. Admission, 25c. Watch the eclipse next Saturday. Then come to church the following Sunday night. The preacher preaches on "The Eclipse of the Sun."

Next Monday night, the Epworth League holds a poverty social at the church. Each one who comes is expected to wear clothes befitting such an occasion. Fines will be collected for all jewelry and fine clothes that are worn, and for other things. Also a slight charge will be made for the lunch, which will be served in "self-serve" style. Funds will be used to pay for the new piano, which was recently purchased by the League. The public is invited. Next Monday night at 7:30.

There is something doing at the church every night in the week. Make the church house your community center.

Next week the mid-week service will be held on Wednesday night, instead of Thursday, and from now on. You will enjoy and be greatly profited by this mid-week hour of prayer and praise, and a study of the Life of Christ, being conducted at this time. 7:30, Wednesday evening.

If you hold a membership ticket in the Recreational Association it will entitle you to see the various out-of-town games from time to time at 15c, instead of 25c. And besides that, you will be boosting the recreational program of the church by getting a membership ticket, which is only 25c for the season. Get one at the ticket window, Saturday night, when you come to the big games.

Attend to your Advocate subscription.

THE fascination of billiards and bowling has kept many people on the road to health. The bending and stooping necessary to play either game exercises the muscles directly over the digestive organs, stimulating them so that they function in a normal healthy manner. Most bodily ills are attributed to any sluggishness in these organs.

Players in their daily games in our rooms find our Brunswick billiard and bowling equipment the finest obtainable. And they appreciate the quiet air of refinement to be found in our rooms.

SOILS ASSOCIATION MEETS FARM WEEK

PROBLEMS OF MAINTAINING SOIL FERTILITY UP FOR DISCUSSION AT ANNUAL GATHERING.

The maintenance of soil fertility on Michigan farms and the lowering of the cost of crop production by proper methods of soil management will be two major problems discussed by the Michigan Soils Association, in annual meeting at M. A. C. during the Farmers' Week, February 2 to 6.

While the meetings of the association are to be held Tuesday and Wednesday mornings of Farmers' Week, a special soil testing demonstration will be put on every morning of the week. Farmers who wish to have their soil tested for lime requirement, can bring in samples for the soil test "clinic." They are urged by the college soils men to take the samples several days in advance, so that they may dry out; and to take two samples—one of the surface soil to a depth of about seven inches, and one of the soil at a depth of two or three feet.

The helping teachers, Miss Pike, Miss Bigge, and Mr. Hoppes, called at the school last week Wednesday forenoon, and listened to the compositions written by the various pupils. To the children whose stories were well composed, small prints of the picture were given. There were thirty-one in all. The picture to be studied during January is, "The Horse Shoer," by Landseer.

The menu consisted of baked potato and codfish chowder, scalloped potatoes, sandwiches, pickles, salads, cake, pie and coffee with home-made fried cakes. There was a large attendance of between 75 and 80 people. The supper was followed by a well prepared program which was as follows:

At the conclusion of the program, Prof. N. A. Harvey of the Normal college in his most delightful manner, entertained the audience in a royal manner, by his clever stories, and

also his address on the "Training of Children," both in the home and at school. The whole community greatly appreciated hearing his address.

A new secretary was elected, as Mrs. Fred Roddenburg is soon to move to Ypsilanti. Mrs. Nellie Corwin was very efficient secretary. We now welcome Mrs. Colburn Dennis, who was elected to the office of secretary. The meeting was then adjourned, to meet the second Wednesday evening of February.

SUPERIOR

People in this community were shocked to hear of the very sudden death, Wednesday afternoon, of Mrs. George Whipple of Salem. Mrs. Whipple, who was in her usual health, had just eaten a hearty dinner, when she suddenly became ill, and in fifteen minutes, before a doctor could be called, she was dead. She is survived by her husband, three daughters, Mrs. Nellie Corwin of Grayling; Mrs. May Jacobs of Pontiac; and Mrs. Jessie Nollar of Superior; and two sons, Clarence and Howard of Northville, several grandchildren and a large circle of other relatives and friends, who will regret her passing. Much sympathy is felt for the Nollar family, who have just lost their brother, Donald Nollar, about two weeks ago. The funeral was held Sunday afternoon at 2:30, at the residence.

Mrs. Clarence Shock has just lost her mother, Mrs. Perrin, who died last week Thursday night, at the home of her daughter, Mrs. Helen Navarre, near Maybee. Mrs. Perrin had been ill for several months, following a stroke of paralysis. The funeral was held Monday morning at 8:00 o'clock at the Catholic church in Maybee. Surviving her are several children and grandchildren, and a large circle of other relatives and friends, who will sadly miss her. We extend sympathy to the bereaved family.

Luis J. Kuhl, wife and son, Carl, were Sunday visitors at Frank E. Raymond's in Ypsilanti.

Sunday evening visitors at L. J. Kuhl's were: Ed. G. Maifert and Louis Savoy of Detroit.

Mrs. Ralph Dunham received word Friday, that her mother, Mrs. Henderson of Plymouth, is quite seriously sick.

Fred Nollar and Luis J. Kuhl attended the Carl Brown sale near Wayne, Tuesday. Mr. Nollar purchased 20 head of cattle, and Mr. Kuhl a horse.

HOUGH SCHOOL NOTES

The January meeting of the Hough School P. T. A. was held on the 14th. It was the most interesting and most thoroughly enjoyed meeting of the year. Prof. Hoppes; Miss Gladys Jors, teacher of the Roberts Demonstration school; Miss Helena Woods, teacher in the Stone school; Miss DeYoung of the State Department of the Normal College, and Miss Edith L. Wellevier, Wayne county supervising teacher, were present. The Kiwanis patrons of the school Edward Sweet and Arnold Ward, and their wives, were also guests of the evening.

Following the business meeting, Mrs. Raphael Mettetal played two piano solos—"Song Without Words," by Mendelssohn, and "Falling Waters," by Truax—in her usual capable manner. The audience were then delightfully entertained by Miss DeYoung, who gave several readings. After this, Prof. Hoppes talked. Needless to say, he was thoroughly enjoyed by all, as he always is. At the close of his talk the other guests were introduced, and they responded with brief remarks. Miss Gladys Jors and Miss Helena Woods, who were formerly Zone III helping teachers, expressed their pleasure at being able to attend the meeting. The Kiwanis also spoke of their enjoyment of the evening's program, and expressed the wish that they might find it possible to attend again.

The program was concluded by a vocal solo by Raphael Mettetal—"If I Had a Thousand Lives to Live," by Solman—accompanied by Mrs. Mettetal at the piano. As an encore to this, Mr. Mettetal and his father, Eli Mettetal of Redford, sang a duet, "The Golden Years," with Eli Mettetal at the piano. The refreshment committee, consisting of Perry Hix, R. Mettetal and J. M. Svegles, furnished an excellent lunch.

The children have begun collecting for their geography museum. Among the collections are foreign coins and stamps, rocks, shells and postal cards. We are now the proud possessors of several excellent sets of supplementary readers. They have added much zest to the reading.

One of the things tacked upon the wall of every zone school is an A-1 School Card. On this card are listed twelve factors which make an A-1 school. So far Hough school has had six gold stars placed upon this card, which signifies that six of the requirements have been met. This puts us in the lead in Zone III. Below is a poem written by Persis Fogarty, age 11 years, to the stars on the A-1 card:

Oh! you little shining star,
I notice you are very shy.
I bet you don't know where you are;
You're not up in the sky so high.
You're right upon our A-1 School card,
Of which we're very proud;
Because of you we do not scrape our feet;
Nor do we talk out loud.
Because of you, we keep our desks so neat,
And sit up very straight and still;
Do our geography and arithmetic
And other lessons with a will.
Nearly every time we come into Hough school,
You look at us in such a way,
You make us very proud of you,
And we hope you're here to stay.

The Basis of Thrift

Knowledge of the facts about spending is the basis of thrift.

You will never cut down your expenses until you know where your money is going.

Keep a record of your expenditures for one month and you will know where you can retrench.

One easy way of securing a complete and accurate record of all expenses is to start a checking account and pay all of your obligations by check.

The checks returned to you at the end of the month furnish a complete record of where your money has gone.

It will cost you nothing to try this plan at this bank.
