

THE PLYMOUTH MAIL

VOL. XXXVII, No. 16

PLYMOUTH, MICHIGAN, FRIDAY, MARCH 13, 1925

\$1.50 PER YEAR

NEARLY SIX HUNDRED VOTERS CAST BALLOTS MONDAY

All Three of the Bond Issues Carry By Good Big Majorities.

Harry C. Robinson, Henry J. Fisher and Frank Rambo Elected Commissioners.

The annual village election held last Monday called out the largest vote that has been recorded in a similar event for the past several years. A total of 559 votes were cast. The fact that there were three important bond issues to be considered by the voters this spring, no doubt was largely responsible for the large vote out last Monday. The decisive vote in favor of all three of the bond issues leaves no room for doubt that the citizens of Plymouth are very much in favor of a progressive movement in the municipal affairs of the village.

The following is the vote given each candidate for the office of village commissioner, the first three being elected:

| | |
|--------------------|-----|
| Harry C. Robinson | 352 |
| Henry J. Fisher | 285 |
| Frank Rambo | 275 |
| J. W. Henderson | 262 |
| George H. Robinson | 234 |
| Frank L. Barrows | 175 |

Spilled and scattering ballots, 14.
The result of the bond issues was as follows:

The sum of \$92,000 for a sanitary sewer system and disposal plant.
Total vote, 558. Yes, 444. No, 105. Spilled ballots, 9.

The sum of \$40,000 for water system improvements.
Total vote, 558. Yes, 475. No, 75. Spilled ballots, 8.

The sum of \$10,000 for fire truck.
Total vote, 558. Yes, 450. No, 99. Spilled ballots, 9.

"THE PEDDLERS PARADE"

"The Peddlers Parade" will be given at the M. E. Community Hall, this Friday evening, March 13th, at 7:30 o'clock, under the auspices of the Ladies Aid. Be sure to attend. The funny costumes will make you laugh. You can get your pies and cakes for Sunday. You can also get a glimpse into the future by visiting the fortune teller's booth. You'll be sure to enjoy the entertainment that follows the parade. Don't fail to attend. The admission price has been placed at a popular price, 10c. Don't forget, it's tonight, at the Methodist Community Hall.

MICHIGAN POTATOES STAGING COME-BACK

STATE TUBER CROP REGAINS FORMER PRESTIGE IN PRINCIPAL MARKETS OF THE COUNTRY.

Michigan potatoes have staged a come-back on the principal consuming markets of the country. The 1924 crop regained much of the former prestige held by state tubers, taking preference in appearance over shipments from many other states to these big markets, according to J. W. Weston, potato specialist with the crops department at M. A. C.

Weston recently completed a trip to the leading potato market centers of the country, studying market conditions and preference, with special reference to the reception of the Michigan crop, discriminated against in recent years on some markets.

"There is still a discount made on account of Michigan's recent reputation on the potato markets," says Weston, "the price offered per 150 pound bag being slightly less than that from such states as New York and Pennsylvania. This reputation, however, can be completely recovered by continuance of the better producing practices, which have been started in the state, and by continuing the compulsory grading work, which was put into operation by the State Department of Agriculture in 1923.

"There is generally an improved feeling and sentiment among the trade for Michigan potatoes this year."

PRESBYTERIANS HAVE PROSPEROUS YEAR

BANQUET SERVED THE LADIES A GREAT SUCCESS.

The men of the Presbyterian church entertained the ladies of the church, last Monday night, at a banquet, of which they may be justly proud. The dining room and tables were prettily decorated with tissue and flowering plants, and each lady as she entered was presented with a carnation. After grace was said by the pastor, a "cross word puzzle" menu was served by red-capped waiters to about 225 people.

After the desert was served, J. W. Henderson, general chairman, called the meeting to order for a business session of the church and congregation, which was opened with prayer by the pastor. M. G. Hill was then elected moderator, and called upon D. G. Brown, secretary of the board of trustees, to read the minutes of the last annual meeting. These were approved and reports were then heard from the following church organizations: Christian Endeavor Society, Francis Hathaway; Phi Delta Westminster Guild, Miss Rose Hillmer; Sunday-school, C. B. Weaver; Woman's Auxiliary, Mrs. Martin S. Stringer; Deaconess Work, Mr. O. H. Loomis; Choir Chapter, Miss Olive Merz; Trustees, H. J. Green; Session, S. Conger Hathaway. These reports were received and all recommendations (including a proposed budget for the ensuing year) were adopted. The treasurer reported all bills paid and a balance on hand.

The election which followed, resulted in the following choice:
Elders—C. B. Weaver and Robert Gardner.
Trustees—J. W. Henderson, R. O. Mimmack, H. J. Green and William Kaiser.
Deaconess—Mrs. O. H. Loomis.
Treasurer—H. J. Green.
Superintendent of Sunday-school—C. B. Weaver.
Assistant Superintendent of Sunday-school—Charles S. Bichy.
Director of Religious Education—George A. Smith, A. M.

After the adjournment of the business meeting, James Stephens of Detroit, led in the singing of impromptu songs and hymns. Mrs. Carlton S. Blake and Miss Olive Merz played a piano duet, and Mrs. Earl Stevens of Detroit, sang a solo. Then came the address of the evening by Rev. James D. Jeffrey, D. D., pastor of the Scoville Memorial Presbyterian church of Detroit. Dr. Jeffrey spoke on the theme, "Husbands and Wives," mingling together humor, practical advice and inspiring eloquence in his own inimitable way.

At the close of the evening, Mrs. G. H. Weeks, first vice president of the Woman's Auxiliary, arose and in a few well chosen and appropriate words, thanked the men on behalf of the ladies of the church for the excellent entertainment provided and assured them that they had proved themselves "masters of culinary art."

Altogether it was an occasion long to be remembered.

Following is the list of committee chairmen and the "cross word puzzle" menu:

BANQUET COMMITTEES
General—J. W. Henderson.
Finance—R. O. Mimmack.
Reception—C. G. Draper.
Program—C. S. Bichy.
Dining Room—H. J. Green.
Kitchen—William Kaiser.
Menu—J. W. Henderson.
Chef—C. S. Bichy.
Coffee—J. B. Pettingill.
Decoration—H. J. Green.

LEAGUE OF WOMEN VOTERS ELECT NEW OFFICERS

The Plymouth Branch of the Michigan League of Women Voters held its annual meeting Tuesday afternoon, March 10th, at the home of Mrs. Hattie Baker. The following officers were elected for the ensuing year: President, Mrs. Phoebe Patterson; vice-president, Mrs. Hattie Baker; treasurer, Miss Mary Conner; secretary, Mrs. Ada Murray. Meetings will hereafter be held monthly.

YPSILANTI PYTHIANS WILL VISIT LOCAL LODGE

Plymouth Lodge No. 238, Knights of Pythias, will confer the Rank of Page, Thursday night, March 19th. It is hoped the majority of the members will be out to this meeting, as the work will be put on in the amplified form, assisted by Queen City Lodge No. 167, of Ypsilanti. Past Grand Chancellor Charles Lasher, will be present, and no doubt will give a good talk on Pythianism. The entertainment committee is planning a lunch after the work, and a splendid evening is assured all who attend. Remember the date, next Thursday night, March 19th. Keep that date open for lodge night.

VEGETABLE MARKET CHANGES HANDS

Howard Richards has sold the Penniman Avenue Vegetable Market to Frank Everett and Walter Anderson, who will continue the business in the same location. They will also manage the Center Street Vegetable Market at Northville. The members of the new firm are both well known Plymouth young men, and will appreciate the same liberal patronage that the Penniman Avenue Vegetable Market has always enjoyed in the past.

ST. PATRICK'S DANCE

The third annual St. Patrick's dance will be given by the members of O. L. of G. C., Tuesday evening, March 17th, at the Penniman Allen auditorium. Good music, features, specialties and favors. Luncheon extra. Tickets, \$1.50.

DETROIT LADIES ENTERTAIN WOMAN'S CLUB AND GUESTS

THE NEW CENTURY CLUB GAVE PLEASING ENTERTAINMENT LAST FRIDAY AFTERNOON AT PENNIMAN ALLEN THEATRE.

Anniversary Day is an event in the Woman's Club, and Friday its thirty-second birthday, was a gala day. The beautiful Penniman Allen theatre was donated to Division VIII, with Mrs. F. J. Burrows, leader, to make successful two plays given by The New Century Club of Detroit, and to allow the clubs of Northville and Wayne to attend.

The beauty of the day, theatre ushers, gowns, etc., created an inspiration between actresses and audience, and emphasized the sincere remarks of pride, gratitude and welcome of the president, Mrs. Charles Humphries.

Miss Evelyn Thomas, who has so often shared her talented gift with others, gave several organ numbers, including the heavenly Finale in A—Harris and Andantino in D flat—Lamare, which were appreciated.

The ladies who presented the two plays, "Ever Young," by Alice Gerstberg, and "For Distinguished Service," by Ethel Clay Knox, were delighted with the hospitality of the theatre management and all others, and gave of their best in very clever portrayals. One of the ladies, Mrs. Arthur Briggs, a former teacher here, took the part of "Mrs. Jim Harding," who accepted her husband as she did her right hand and nearly lost him by being too sure of him. In both plays there was a valuable lesson, because of the good dramatic work shown.

The Ladies' Quartette, Mesdames Moon, Cassidy, Olsaver and Bake, assisted at the piano by Mrs. J. T. Chapman, as usual thrilled everyone with the two selections, "Just a Wearying for You" and "Her Rose."

After the performance, the Detroit visitors and their husbands were given a six o'clock dinner by Division VIII, at the home of Mrs. F. J. Burrows.

The success of the day sounds much like "The House that Jack Built." The club is very grateful to Division VIII for the fine affair, and shares its appreciation with them towards the big courtesies of the theatre management, Bunk Bros., Mr. Schrader, Miss Thomas, the players of course, and several others, all of whom in turn were benefited. Tuesday afternoon several of the members accepted the invitation of the Literary Club of Wayne, to hear Anne Campbell, the Detroit News poet, and had a delightful social hour.

WILL GIVE DANCE FOR BENEFIT OF BALL TEAM

The village of Plymouth and the surrounding community will be particularly interested this year in the Officers base ball team of the Detroit House of Correction Farm. Last year most of their games were played on the Farm diamond and were a source of entertainment and pleasure to all the base ball fans of the community. Some of the best teams from Detroit and Windsor, Ontario, competed on the Farm grounds, and it is planned this year to bring not only Detroit's best, but also give Plymouth fans an opportunity of seeing the Chicago Municipal Farm's team competing with the local Farm team. No admission charges can be levied for the Farm games, and in order to meet the expenses, the Officers' Social Club is giving their annual base ball benefit dance at the Penniman Allen Auditorium, Saturday evening, March 21st. Those who have seen and enjoyed the Farm's base ball games in the past, will, we know, help the club by their attendance, and those who are not base ball fans, but who enjoy dancing, will find that with Finzel's orchestra providing the music, no dance number will drag. The public is most cordially invited to attend.

C. F. Lefever and family were Lapeer visitors, last Sunday.

PLYMOUTH BOY WINS FIRST IN ORATORY

In the twenty-eighth annual men's contest and the eighteenth annual women's contest of the Michigan Oratorical League, held at the First Baptist church in Kalamazoo, Friday, March 6th, Lyman S. Judson of Plymouth, won first place for Albion College in the men's contest. His subject was, "Crime and the Criminal Courts." This is a very high honor, not only to Mr. Judson, but the village of Plymouth as well, and he is to be congratulated on his success as an orator and public speaker. There were seven other contestants. The women's contest was won by Miss Marian VanVesven of Hope College.

3 FRIDAYS THE 13TH IN THE CURRENT YEAR

Nineteen twenty-five is going to be a hard one on superstitious folks. In the first place there are three Fridays the 13th, the first one having been in February. Even Christmas will fall on Friday, making April 5 Palm Sunday. Lent began February 25. As George Washington's birthday fell on Sunday, Monday Feb. 23 was a holiday. Inauguration day for President Coolidge came on Wednesday, March 4th. Both Memorial Day and Fourth of July fall on Saturday, and Labor Day is September 7, the latest it can be. Thanksgiving comes on November 26.—Ex.

Mrs. Emil Schilling was pleasantly surprised Monday evening, when the Pleasure Club came to help her celebrate her birthday. Cards furnished the entertainment of the evening, and a pot-luck lunch was served.

PLYMOUTH ONE HUNDRED YEARS OLD THIS MONTH

William Starkweather Was the First White Settler to Bring His Family to the Present Site of Plymouth, and They Arrived Here March 11, 1825.

PLYMOUTH PUPILS IN MUSIC MEMORY CONTEST

The Music Memory Contest was held at Orchestra hall, Detroit, Friday, March 6, Hamtramck the winning suburban school, received the prize, which consisted of thirty dollars. Two of their team members had perfect papers, and received perfect score pins. However, their team average was only sixty-five.

The team representing Plymouth, consisted of Hazel Rathburn, Madylon Shingleton, Elizabeth Strong, Dora Gallimore, Mildred Moore, Marguerite Wood, Doris Jewell, Wilona Kenter, Madeline Cole and Louis Ribar. Although they made no material gain in the contest, the time spent in preparation has not been in vain, for the contestants have learned much concerning our best music and musicians. In fact, music appreciation is the aim of the contest.

Louis Ribar wrote a splendid paper at the contest, and would have received a perfect score pin had it not been for one small mistake. He had all the numbers correctly spelled and punctuated, with the correct composers and nationalities. Our team average was fifty-seven, which was very good, considering the fact that Plymouth entered the contest about a month after the others had started.

C. F. Lefever and family were Lapeer visitors, last Sunday.

The month of March 1925, marks the 100th anniversary of the founding of Plymouth. It was on March 11th, 1825, that William Starkweather arrived in Plymouth with his family, from his home in Connecticut. Mr. Starkweather had previously been here and first located his land. He immediately built a bark cabin upon the site now occupied by the Plymouth Motor Sales Co. garage on South Main street. His wife, Kezia B. Starkweather, was the first white woman here, and their son, the late George A. Starkweather, was the first white child born in the village. Mrs. Mary Hillmer and Mrs. E. H. Tighe, both residents of Plymouth, are granddaughters of William Starkweather, and daughters of the late George A. Starkweather.

It is to be hoped that the coming summer will see an appropriate celebration, commemorating the 100th anniversary of the founding of Plymouth. Mrs. Florence Gray of the Domestic Science Department of the Robertshaw Thermostat Company of Youngwood, Pa., has been giving cooking demonstrations at the office of the Plymouth & Northville Gas Co., this week. Mrs. Gray is demonstrating the Robertshaw Oven Heat Controller, which is a wonderful device that takes the guess work out of cooking, and makes the housewife's time her own. Many Plymouth housewives have visited the gas office during the past few days, and all were delighted with the oven heat controller, which can be attached very readily to any gas stove.

LAST NUMBER ON SENIOR ENTERTAINMENT COURSE

The Harp Novelty Co. Will Give the Closing Entertainment at High School Auditorium Tuesday Evening, March 17th.

The final attraction on the Senior Lyceum course will be the Harp Novelty Company, which will appear here next Tuesday evening, March 17, beginning promptly at eight o'clock.

As its name implies, the company gives a prominent place to the music of the harp. The harp is one of the oldest of musical instruments and has always been linked with the noblest and deepest emotions of man. The music of the harp has a beauty which no other instrument shares. The fingers of a gifted player gently touching the strings of the harp, touch also the heart-strings of the listener. Even though it is not "The Harp That Once Thro' Tara's Halls," it is of particular interest on the anniversary of St. Patrick, as the instrument always associated with the name of Ireland.

The four young ladies, who compose the company, give a delightful program. All are talented instrumentalists, combining in their varied numbers, the music of the harp, cello, violin, clarinet and piano accordion. The program ranges from strictly classical selections to the lighter and more popular airs, and every number is ably and artistically interpreted. Humorous readings form a particularly pleasing part of the program.

THE COST OF A HOME

Quite a few Plymouth people have doubtless gone through the winter contemplating plans for building homes, and weighing the respective advantages of renting and of home-owning. They will be interested in the testimony of a local man after four years of owning his own home.

He had been a rent payer most of his life, when circumstances influenced him to buy a home of his own. The house needed a good deal of repairing, which was done, and at the end of four years the man figured all of his expenses, including loss of interest on the money invested, taxes, insurance, coal, etc., and the total was just about the same he would have paid in rent for four years.

But he declares that the advantage is in favor of owning your own home, because at the end of four years he has a house that he can sell, whereas he has no title to the property he lived in during the years he rented—the rent money was gone forever. Not only that, but he reaped benefits by living in his own home he could not have had in a rented house; he had the comforting knowledge, too, that no one could walk in any minute, and boost the price of his rent, or refuse, when repairs are badly needed, to make those repairs.

The fact that it may be as cheap to rent a house as it is to own a home should not discourage the man who is planning to build. For there is more than actual dollars and cents to be considered—there is happiness and contentment. And people are always happier and more contented when they know the house they live in is their house.

CAT TIED UP TRAFFIC

Just a few days ago, according to a dispatch to daily papers from New York, a white cat leaped on the front end of a street car, perched itself on the motor box, and tied up traffic on Broadway for ten minutes. The good-natured motorman let it stay, and refused to shove the cat aside and move his car. So hundreds of autos jammed in confusion, and within a period of ten minutes more than a thousand people were pushing and shoving and tearing their way towards the car. They were not disappointed, either, when they saw that it was only a cat blocking traffic, for such a thing was a novelty. New Yorkers delight in calling residents of smaller cities, and especially those from towns the size of Plymouth, by the familiar name of "hicks." But there is only one town on earth where a cat could tie up traffic, and that town is little old New York.

WHAT IS A JAR?

We'll venture to say that every housewife around Plymouth thinks she knows what a Mason fruit jar is, yet we doubt if there is one who really does. How many know that a Mason jar starts in a quarry in West Virginia as common sand, to which is added soda ash, from Ohio; limestone, properly ground, from Michigan; felspar, from North Carolina; niter, from the mountain deserts of Chile; antimony, from Utah; cobalt, from Canada and selenium, from Montana? On top is a porcelain liner containing the above, as well as flourspar, from Kentucky, and cryolite, from Greenland. This is sealed with a rubber band, and the rubber is grown in Paraguay. So you see it is pretty safe to believe that very few people know what goes to make an ordinary fruit jar.

REPUBLICAN CAUCUS

A Republican township caucus will be held at the village hall, Saturday afternoon, March 14, at 2 o'clock.

WEEK PURCHASE PLAN PROVES POPULAR.

Families of moderate or limited means, who heretofore hesitated about purchasing cars, are coming into the automobile buying field in greater numbers than ever before, if records of the Ford Motor Company's Weekly Purchase Plan may be taken as an indication.

The plan, launched not quite two years ago, was started chiefly to give such people an opportunity to enjoy the benefits and pleasures of motor car transportation and those taking advantage of it are growing in numbers every day. It is simple, the prospective purchaser making weekly payments of an amount best suited to his individual means, these payments becoming part of a bank account until such time as the purchaser has a sufficient sum to take delivery of his car.

Details of the operation of the plan, as just given out by the company, show that from a comparatively few daily enrollments during the first month, the number has steadily risen until now more than 700 people are enrolling every day throughout the country, a rather remarkable public endorsement of the plan.

The records also show that there are at present more than 110,000 persons on the Weekly Purchase Plan roll and that more than 165,000 already have received their cars under the plan.

These figures seem to bear out predictions made when the plan was inaugurated, that it would exert a wide influence toward lessening extravagant buying with its consequent embarrassments, and instead afford a practical means for car ownership in all members of the family on 98¢ in which all members of the family can participate.

ST. PATRICK'S DANCE AT SALEM

The sixth annual home-coming party and St. Patrick's Day ball will be given at the Salem town hall on Tuesday evening, March 17. Schneider's orchestra of Ann Arbor will furnish music. Dance bill, \$1.00 per couple, spectators, 50c. You are invited to meet your friends here for a good time.

SCHOOL NOTES

GRADE NOTES

(Furnished by Mary Parrott)
Miss Harford's second grade is studying about Holland. They are reading "The Dutch Twins," and have made a Dutch Twin border for their room. They have started a new chart which they call the Clean Hand Chart. Whenever they come to school with clean hands and face, they get a star opposite their name on the chart.

Miss Sherman's room is also studying about Holland. The boys and girls are bringing things from home, such as wooden shoes. When they have enough material, they are going to write booklets about Holland.

The 5-A room is studying interest problems in arithmetic.

Evelyn Grennan has gone to Florida for a few weeks.

Miss Kimble's class entertained Miss McClumpha's room, last Friday. Mrs. Burley visited Miss Kimble's room last week. This room is also studying about Holland.

Mrs. Bird's 5-A class is making a booklet of China. Her 5-B class is drawing the American flag, and writing a story about it.

FARMINGTON VS. PLYMOUTH

In a hard fought game, Plymouth lost to Farmington by the score of 29 to 18. The first quarter ended with Plymouth in the lead, 8 to 0. But being handicapped by the low ceiling and small floor, Plymouth soon lost the lead, and the game ended 29 to 18.

Line-up—Doudt, l. f.; Reiman, r. f.; Kenyon, c.; Millard, r. g.; Ambrus, l. g. Substitutions—Krumm for Millard, Reiman for Kenyon, Carney for Ambrus, Roland for Doudt.

SECOND TEAM GAME

In a fast game, Plymouth second team showed a fine passing game, but was unable to compete with the stronger and better M. E. church team, which is made up of former high school players. Lockwood did most of the scoring for the second team, and Holmes and Conata for M. E. men.

GIRLS' GAME

Because of the small floor at Farmington, and the size of the other team, Plymouth lost the game at Farmington, last Friday night. The first few minutes, the game was played rapidly, but with no results for either team. During this time, Farmington had a great many more chances to shoot for the basket than did Plymouth, but they were unable to score. Their bad luck did not last very long, for by the end of the quarter, they were started well on the way to victory. Farmington's passing had improved greatly since they played on our court, making it almost impossible for our forwards to get the ball. Too much self confidence was thought to be one of the reasons for the defeat. The final score was: Plymouth, 26; Farmington, 34.

The line-up—Amrhein, r. f.; Draper, l. f.; Bird, j. c.; Whipple, r. c.; England, r. g.; White, l. g. Substitutions—Hillman for Draper, Bennett for Whipple, Miller for White.

Last Thursday night, the M. E. church team played the High school second team. The game was a walk away for the high school team until White was taken out; then the church team began to gain, and White was put in again. The high school had much the stronger center. Until recently it has been the theory in basket ball that a strong forward court is the thing to work for, but this game has proved that no matter how strong the forward court, if the center is weak, the team is lost.

The final score was: P. H. S., 14; M. E. church, 12.

The Detroit News representative took pictures of the seventh grade Tuesday, studying their spelling, in preparation for the National Contest. Donald Pierce had twice spelled down his class, so they took a "close-up" of him.

Today's Reflections

There's a big difference in the speed of the average Plymouth man's speed of the average man's car when he is bragging about it to a friend and when he's telling about it to a judge.

We don't know what it was that they fought to make the world free for, but it looks like a free-for-all.

One of the funniest things in the world to us is to see the kind of automobiles some fellows put locks on.

A government expert declares that a dollar bill lasts seven months. We'd like to see him come to Plymouth and prove it.

It looks like the lamer a lame duck is the quicker he can run down to Washington to see the president.

Even if you're right about the right-of-way, don't argue. It is possible to be both right and dead.

They do say that more girls around Plymouth are painting their cheeks now than ever before. Well, fewer men are painting their noses.

Suits with two pair of trousers are in demand, but most of us are hoping for the day when they will also throw in a coat and vest.

If it wasn't for his conscience, his wife, his landlord, the law and his neighbors, any man could do about as he pleased.

Why is it that the Plymouth man who can use a comb and brush that are chained to the wall in a public wash room, will go home and raise the roof because someone in the family used his comb.

When gasoline goes up to about two bits a gallon, it's about time to wean the flivver.

The worm is bound to turn. The flapper of today will soon be worrying about the flapper of tomorrow.

Don't complain when you hear a Plymouth girl giggling. She may get married sometime and then she won't have much to giggle about.

Of course every rose has its thorns, and pretty soon summer will be here again with its soiled white slippers and dirty elbows.

When we strain ourselves to buy a good cigar we certainly hate to hear some croaker say we should have given the money to charity.

Some Plymouth men acquire all of their polish on their shoes. But maybe even that is better than if it was on the seat of their pants.

COMING AUCTION SALES

Grebe Synchronphase

Perhaps you have a Radio. You may have had it for some time. It may be of an early type that has gone out of date with the rapid advance in the building of radio instruments. Perhaps you have a set which does not satisfy you for distance reception, selectivity or clarity. Let us show you the best set on the market today. We will give you a demonstration in our store, or if you wish, in your own home. The majority of Grebe Synchronphase Radio receivers are sold to people who have already owned radio receivers, because they know and can judge its excellence.

SUPERIOR

Democratic caucus was held last week Wednesday in Superior town hall. Following is the ticket:
 Supervisor—George Gill
 Clerk—Fred Stuart
 Treasurer—Will Conners
 Justice of Peace—John Hickman
 Highway Commissioner—Emory Mulholland.

Mr. and Mrs. James Court went to Whitaker, Sunday, and took home their little grandchildren, John and Phyllis McDougal, who were with them since Friday, while their parents, Mr. and Mrs. George McDougal, were moving and getting settled in their new home. Mrs. McDougal is quite poorly.

Mrs. Arthur Mosher spent Wednesday in Ypsilanti, with her sisters, Mrs. Jos. Carver and Mrs. Walter Fowler.

Dr. LeRoy Brown of St. Louis, Mo., who has been spending the winter in Florida, has been the guest of his sister and husband, Mr. and Mrs. Frank King, for several days. On Thursday, all visited in Plymouth at the Clarence Sayles home. Mrs. Sayles is also a sister. Sunday guests at the King home, were: Miss May Miller of Ypsilanti; Mr. and Mrs. Fred Courville and son, Arthur, of Detroit. Both are nieces of Mrs. King.

Between 25 and 30 attended the shower on Tuesday, March 3rd, at the home of Mrs. Emil Lidke, Jr., in honor of Miss Irene Wilbur. She received many lovely gifts. All enjoyed a jolly time.

Thursday, March 5th, occurred the marriage of Miss Irene Wilbur to Arthur Schneider of Detroit. They will make their home in Detroit. Mrs. Schneider was one of our community girls, and will be greatly missed here. The best wishes for her happiness go with her.

There were about one hundred at the chicken supper given in Superior town hall, Thursday evening, by the Free Church L. A. S. \$52 was cleared for the society. A large delegation of Ypsilanti's business men was out, and others came from Ann Arbor and Stony Creek and other near-by places.

The Arlie Hickman family expect to get out of quarantine this week.

There was a nice crowd out to Free Church school P. T. A. Friday evening, to meet Miss Essery, County school commissioner, and Mr. Osler and Mr. Essick, and to enjoy the moving pictures which were very entertaining. Miss Essery also gave a short talk. Light refreshments were served.

The Grove family, who have been living for several months on Gotfredson farm No. 1, left Sunday for Colorado. Mr. Grove will drive his auto through, while Mrs. Grove and children will go on the railroad. They will locate near Denver.

Quite a number of children are out of school because of bad colds.

Miss Beryl Kuhl, who is at Mrs. T. W. Lyke's at Frain's Lake, spent Saturday night and Sunday with her parents, Mr. and Mrs. L. J. Kuhl, and brother, Carl, Sunday.

afternoon, they drove to Ypsilanti and called at Hull hospital to see Mrs. Lucy Parr. They talked with her through the window. She is still very sick. They also called on Mrs. Saída Dixon at her home. She has been down in bed again the past week, but was able to sit up Sunday, and feeling better. Also called for a few minutes at John VanBuren's and Frank Raymond's. Mr. VanBuren has recovered from his attack of indigestion.

Mrs. Arthur E. Union attended a meeting of the Palm Leaf Club at the home of Mrs. May Perkins in Ypsilanti one day last week, and on Friday evening, attended a concert in Good Samaritan Hall.

Mrs. Mary Rice entertained the sewing circle on Tuesday of this week.

Mrs. A. L. Wilbur has moved her goods from Detroit, and she and her son are now nicely settled here with her husband.

Mrs. Jacob Thumm drove out from Ypsilanti, Friday, and took her parents, Mr. and Mrs. Charles Sweitzer, to Ypsilanti. This is Mr. Sweitzer's first trip to Ypsilanti, this winter, and he stood it fine, returning home in fine spirits. He visited his barber, and felt much better for the trip. We are glad he was able to go as his health has been so poor now for nearly a year.

Mrs. Charles Meyers attended the P. T. A. Friday evening.

Mr. and Mrs. Henry Priebe had company from Detroit, Sunday afternoon.

Mr. and Mrs. Arthur Schneider of Detroit, were put to her home Sunday, also calling on the Misses Thumm, A. J. Hickman and James Court.

Maple syrup is now being made in the Edwin Conklin sugar bush.

Mrs. Mary Pankovic, Mr. and Mrs. Floyd Harrison of Inkster, were Sunday visitors at Russel Trowbridge's.

Mrs. Luis J. Kuhl spent Friday afternoon with her daughter, Miss Beryl, at T. W. Lyke's.

Harley Shock lost one of his horses last week, when it fell in an open well.

The Clinton LaFurge family entertained company Sunday.

Frank Thumm of near Belleville, is convalescing at the home of his brother, Jake, in Ypsilanti. He underwent an operation at Beyer hospital a short time ago.

Joe Shock moved Tuesday, to the George Dingley farm in Canton township.

OFFICIAL PROCEEDINGS OF THE VILLAGE COMMISSION.

Plymouth, Mich., Mar. 2, 1925. A regular meeting of the commission, held in the commission room of the village hall on Monday, March 2, 1925, at 7:00 p. m. Present—all five commissioners.

On motion, the minutes of the regular meeting of February 16th, were approved as read.

On motion, J. A. Fluelling and C. A. Trimble were granted a permit to run a billiard room at the corner of Main and Maple.

On motion, Mr. Henderson and Mr. Strong were appointed to act with the Chamber of Commerce committee on grade separation.

On motion the treasurer's report for February was received and ordered filed.

The report of the auditing committee recommended the payment of the following bills:

| | |
|----------------------------|-----------|
| Administration Pay Roll | \$347.26 |
| Labor Pay Roll | 714.85 |
| Police Pay Roll | 91.50 |
| Fire Pay Roll | 11.00 |
| George B. Humphries | 2.00 |
| Chas. Hadley | 35.00 |
| H. J. Dye | 2.00 |
| Village Treasurer (rebate) | 3.17 |
| Detroit Edison Co. | 932.64 |
| Geo. A. Drake & Co. | 3.00 |
| Beattie Machinery Co. | 258.75 |
| The Bristol Co. | 4.30 |
| Beecher, Peck & Lewis | 13.00 |
| West-Chippewa Pump Co. | 75.00 |
| The Taylor Supply Co. | 41.19 |
| Total | \$2536.60 |

On motion these bills were received and ordered paid, and the President and Clerk were authorized to obtain the necessary funds for the payment of bills.

On motion the manager was authorized to get in touch with the Detroit Edison Company, concerning the re-lighting of Ann Arbor street, from Main street to the west village limits.

The commission then adjourned. J. W. Henderson, President. Sidney D. Strong, Clerk.

COMMISSIONER'S NOTICE

In the matter of the estate of Edgar Andrews, deceased.

I, the undersigned, having been appointed by the Probate Court for the County of Wayne, State of Michigan, Commissioner to receive, examine and adjust all claims and demands of all persons against said deceased, do hereby give notice that I will meet at the office of R. R. Parrott in the Village of Plymouth, in said County, on Saturday, the 2nd day of May, A. D. 1925, and on Friday, the 3rd day of July, A. D. 1925, at 10:00 o'clock a. m. of each of said days, for the purpose of examining and allowing said claims, and that four months from the 3rd day of March A. D. 1925, were allowed by said Court for creditors to present their claims to me for examination and allowance.

Dated, March 3rd, 1925.

WM. SUTHERLAND, Commissioner.

Why There Are More Than A Million

The Sealed Chassis

The Buick "Sealed Chassis"! From front to rear, a continuous wall of iron and steel housings behind which the Buick driving units operate. Dirt and wear kept out—lubrication kept in! Only Buick has all of this protection. Another big reason why the Buick name is a synonym for reliability—and why there are more than a million Buick owners.

When better automobiles are built, Buick will build them

FIRST PRESBYTERIAN CHURCH

REV. S. CONGER HATHAWAY, A. M., PASTOR

WARMING UP!

The Presbyterian Church is actually warming up. This has no reference to the heating system; or to the coming of Spring. A man remarked recently that people were manifesting a more cordial spirit and seemed pleased and anxious to shake hands and extend a friendly greeting to others. But do not take his word for it—

Make Them Prove It To You Next Sunday.

AMERICAN TOWN NOT IN SECOND PLACE

Can Well Bear Comparison With Those of England.

This nation was established by common people, and other common people have come over in millions to re-enforce the original settlers and their descendants; therefore it is hardly strange that common traits stick to so many of us. V. V. McNitt writes in *McNaught's Monthly*. Admitting this with all due humility, may we not still contend that our American masses will compare favorably in all such essential points as usefulness, sobriety, intelligence, and generosity with the masses of Great Britain or any other country? In reply to frequent criticisms of American life, may we not assert that any American crowd, whether at a chauciqua lecture or at Coney Island or at a Sunday school picnic will stand comparison as to alertness and capacity for intelligent enjoyment with a similar gathering in any land? Critics urge the monotony and colorlessness of life in our small towns, forgetting that they are comparing the amenities of these towns with those of great cities where they themselves live. Instead of bringing into comparison the grayness of rustic villages in France or England. Gopher Prairie is a paradise of intellectual and social activity beside many towns of similar size in the Old world.

The English concede us a point in the superiority of our sanitary plumbing, and they might well add a number of other things that help to contribute to comfort and physical well being. Do not such things aid in fixing the color of life? Our housewives think nothing of getting as much ice as they want to preserve foods in summer; the average Englishwoman can scarcely obtain ice at all, and when she wishes to keep a very little bit of milk or cream in warm weather she is forced to use a chemical preservative. We have fly screens to protect us in summer time; in England the flies find no such new-fangled barriers to keep them out, and so they hold conventions and mass meetings on the table. I have found English village inns, whose praises have been sung so eloquently by Christopher Morley, to be almost unbearably infested with flies in summer.

Our women folk buy bread neatly wrapped in wax paper; in England I have seen bare loaves tossed around on the sidewalks like loose bricks. Steaks are delivered at our doors carefully wrapped; in London I observed a butcher boy on a bicycle dismounted by a passing horse, and the unwrapped meat in his delivery basket in front pitched out onto the pavement. Unconcernedly he replaced the meat in his basket and went his way.

I do not wish to cry down English life and English people—we have much to learn from them, but I do wish to make the point that ugliness is not peculiarly an American shortcoming. We have some varieties of ugliness, but the English have others of their own, and so far as I know they are not struggling harder than we to escape.

Republican caucus tomorrow, Saturday, March 14th.

Direct connections made at Wayne with Fast Cars for Detroit, Jackson and Kalamazoo.

BAPTIST NOTES

There was a good attendance at Sunday-school last Sunday. The intermediate department is growing, and the little folks enjoy their new plan of work down stairs.

Kenneth Wilskie led the B. Y. P. U. last Sunday evening, and discussed the topic, "Obeying the Law." It was well taken care of, and had many good points. Miss Sarah Daly will lead the meeting next Sunday evening. The topic is, "My Church and My Denomination," Acts 2:42-47.

The evening meeting last Sunday, was full of life, and many expressed their thankfulness of God in their testimony, as they told how true the Lord had proved to them. The pastor's subject was, "Let us not be weary in well doing, for in due season ye shall reap if ye faint not," Gal. 6:9; a sermon on encouragement.

The Ladies' Aid met at the parsonage last Wednesday afternoon. Mrs. Sayles was assisted by Mrs. Noell as hostess. After the program, light refreshments were served.

The pastor and family appreciate very much, the nice Florida fruit given by friends.

The young people's chorus last Sunday evening, had the real pep in singing. We want all the young people to join in this chorus. Won't you come?

METHODIST NOTES

Tonight, the Peddler's Parade. You will have a huge time. Entertainment by the Ladies' Aid; 10c. Baked goods will also be on sale.

Next Tuesday night, the 17th, a fish supper in the church dining hall. You will enjoy hearing Miss Ruth Forsythe sing next Sunday night, at the evening service, 7:30.

Plan to keep the next four weeks open, and free from social and other engagements as far as possible, and make them truly weeks of spiritual meditation and prayer, and consideration of the claims of Christ, and the welfare of other souls. Pray for a great spiritual harvest in our church. "Set your mind on the things that are above, not on the things that are upon the earth."

Jesus Christ is the great Healer, Comforter, Friend and Saviour. There is none other. Believe in Him, trust in Him.

Attend church next Sunday.

PRESBYTERIAN NOTES

The Busy Woman's Bible Class was obliged to postpone its meeting last Tuesday, on account of the illness of the hostess, Mrs. George Cramer. We all join in prayer for her speedy recovery.

One of our members, Mrs. Mary Kezia Hillmer, celebrated an unusual anniversary Wednesday of this week—the one hundredth anniversary of the beginning of Plymouth. March 11, 1925, her grandfather, William Starkweather, the first settler in Plymouth, arrived on foot from Connecticut, and built a bark dwelling place on the site now occupied by the Ford garage on South Main street. His wife, Kezia B. Starkweather, was the first white woman here; and their son, George A. Starkweather, was the first white child born in the village. Mrs. Blanche Tighe is another granddaughter of William Starkweather. We congratulate the descendants of this worthy pioneer.

Cross Word Puzzle—A word of three letters designating the ones who deserve credit for the banquet last Monday night. See that they get it.

The pastor says it was worth while going away last Sunday morning, because he was so cordially welcomed back for the evening service. He was quite homesick anyhow.

At the annual meeting of the Woman's Auxiliary, held last Monday afternoon, the following officers were elected: President, unfilled; first vice-president, Mrs. G. H. Weeks; second vice-president, Mrs. W. R. Shaw; third vice-president, Mrs. R. O. Mimmack; recording secretary, Mrs. M. S. Stringer; secretary of literature, Miss Carrie Partidge; secretary of education, Mrs. W. L. Freyman; treasurer, Mrs. J. W. Henderson. An interesting part of the program was a reading by Miss Anna McGill, and a Persian home-sketch by Mrs. Mary Starkweather and Mrs. Homer Hubbard.

Last Sunday we had the largest Sunday-school of the year. The Daisy-Weaver class had its hand on the horn, but took it off when the men reported two more. Never mind, girls, there'll be another chance next Sunday.

Rev. H. G. Kellogg, of Tekonsha, preached an excellent sermon at the morning service last Sunday, during the absence of the pastor. He and his family were week-end visitors at the manse.

Mr. and Mrs. C. H. Bennett are home from a visit to Palestine. We are having a treat in store, and are expecting to hear, through them, direct news of the Holy Land.

It should have been stated before that, at our home-coming service held on March 1st, we had as official representatives of the Elm school, Mrs. Fred Wilson and several members of her family. We thank the Elm school for this courtesy and wish them a long life of spiritual prosperity and growth. Mrs. Russell A. Rowe has taken

WHY NOT GO TO CHURCH?

THINK THIS THROUGH—

If everybody reasoned the matter of non-church attendance through, few people would stay away from church.

Folks do not stay away because they do not believe in the church or are opposed to religion. Nearly every thinking person knows that the christian church is absolutely necessary to our civilization.

By some strange kink in their mental processes many non-church-goers fail to perceive that if everybody else followed their example (and every honest person grants others the right to do as he does) the church would quickly pass out of existence.

ABSENTEEISM FROM THE BALLOT-BOX AND ABSENTEEISM FROM CHURCH ARE KINDRED FAILURES IN DUTY TO SOCIETY.

NEXT SUNDAY

At 10:00 a. m.—Sermon, "The Fulcrum of the Cross."
At 7:30 p. m.—Sermon, "Step on the Gas!"

Miss Ruth Forsythe, music instructor in the public schools, will sing at the evening service

PLYMOUTH, MICHIGAN

ELM

Mr. and Mrs. Scott Davis entertained Mr. and Mrs. Howard Everhart of Ypsilanti, over the week-end. Report cards for February show the following children in the primary room had all a's and b's: William St. Clair, Frank Waldecker and Nelson Bentley. The pupils are working for citizenship this week. Mr. and Mrs. George D. Michelin were called to Detroit, Wednesday morning, by the death of their nephew, little Jerome Michelin, who

was the oldest child of Mr. and Mrs. Jack Michelin of Cheboygan. He has been in a Detroit hospital for several weeks, and was operated on a week ago, for tumor on the brain. Mr. and Mrs. Whitehead of Detroit, have recently purchased a half acre on the Plymouth road, near McKinney corners, and expect to build this spring. Mrs. Whitehead is a daughter of Mr. and Mrs. Sam McKinney. Help boost Elm, and phone all news to Redford 7021-R4. Sunday-school every Sunday morning at the Elm school, at 11:00 o'clock. Everyone is urged to come and join.

On Tuesday evening, March 24, the Senior class quartette of the Plymouth high school, will give a concert at the Elm school, under the auspices of the Parent-Teacher Association. Admission—Adults, 35c; children, 25c. Don't forget the date, and be sure and come.

Elm friends will regret to hear that Kathryn Burke, only daughter of Mr. and Mrs. Samuel Burke, is very seriously ill.

Clyde Bentley is on the sick list this week.

The Farmerette Thimble Club is making plans for a St. Patrick's party this month. Agnes Hayes, Georgia Rowe and Molly Zimmer are on the committee in charge.

Mr. and Mrs. Charles Bentley and Miss Dorothy Bentley spent Sunday with the Fred Lee family of Plymouth.

The Sewing Club met with Miss Lois Corbett, Home Demonstration agent last Thursday, at the home of Mrs. Clyde Bentley, on the Five-Mile road. Several ladies were unable to go on account of the bad roads in this section. The day was spent cutting and fitting cambric waists.

GRANGE NOTES

The March 5th meeting was well attended, and we all enjoyed the dinner served by the men, also the program given by them. We had a very interesting talk by B. J. Holcomb, agriculture teacher of the High school.

Do not forget the roll call for the meeting of March 19th. Ladies to give favorite recipes, and gentlemen some garden hints.

Grange bake sale, March 21, at gas office. Look for later announcement.

The Lily Club will meet at the home of Mr. and Mrs. James Gates, March 17th. It is to be a poverty social.

Subscribe for the Mail.

NEWBURG

Rev. Paul Havens preached from Hosea, 14:3, last Sunday, his theme being, "Pure as the Lily." The choir sang a beautiful anthem. There were thirty-six in Sunday-school, and a good crowd at the Epworth League. Mrs. Ed. Smith gave an excellent talk. There will be no prayer meeting next Thursday evening on account of the Epworth League supper.

The Epworth League will give their supper next Thursday evening, March 19th, at the L. A. S. hall, commencing to serve at 5:30, and continuing until all are served. After supper, all will adjourn to the church, where they will be highly entertained by special music under the leadership of Mrs. Havens, and two noted speakers. Our district superintendent, Dr. Leeson of Ann Arbor, and Rev. Marshall Reed of Detroit, will be the speakers of the evening. Tickets are on sale at 50c for adults, and 25c for children under 12 years of age. Tickets for the supper include the entertainment at the church. The proceeds will apply on the Parsonage Fund. Come and help out in a good cause.

Fifty-one took dinner at the L. A. S. meeting last week Wednesday, at the home of Mrs. Jesse Thomas. Plans were made for raising funds for reducing the debt on the parsonage. The next meeting will be election of officers. They will meet with Mrs. Donald Ryder, and the Mite Boxes will be opened at this time.

Mrs. Paul Havens spent Monday in Jackson, visiting a sick friend.

Harmon Gates has moved his family into his new garage on Plymouth road.

Mr. and Mrs. Clark Mackinder and Mrs. Carrie Hatt of Jackson, took supper with Mr. and Mrs. C. E. Ryder last week Thursday afternoon.

The Queen Esther Circle met with Miss Leona Joy, Tuesday evening. Wm. Smith is spending the week with her sister, Mrs. Elizabeth Brown, near St. John's.

Mrs. M. Eva Smith is visiting her cousin, Mrs. Eldred in Detroit, from Tuesday until Friday.

Mrs. C. E. Ryder spent last Friday with Mrs. Emily LeVan at Plymouth.

CHERRY HILL

Miss Mary Freeman and mother of Ypsilanti, were Sunday visitors of Mr. and Mrs. L. C. Kelley.

Mrs. Wesley Elliott entertained company from Detroit a few days last week.

Mr. and Mrs. Allen Bordine and son of Detroit, spent Sunday with Mrs. Mary Wiest. Mrs. Wiest re-

turned home with them to spend the week.

Mrs. Andrew Suits spent the week-end with relatives at Muskegon.

Mr. Holding and family have returned to their home after spending the winter in Detroit.

The Cherry Hill Poultry Club met with Miss Arley Elliott, Friday evening.

The Ladies' Aid society met with Mrs. Elmer Jameson, Thursday. A pot-luck dinner was served at one o'clock. The next meeting will be held April 9th, at the home of Mrs. Charles Stevens.

The Parent-Teachers Association held their meeting at the school house, Monday evening. Rev. Blake gave a lecture, and the pictures of the Passion Play. Supper was served after the program.

Mrs. Elmer Jameson and children of Detroit, attended the Ladies' Aid, at Elmer Jameson's on Thursday.

The Cherry Hill church stewards are planning to give a supper at West's hall, March 20th. This is to be a home-coming, and an invitation is extended to all former residents. A program will be given after the supper.

Mr. and Mrs. A. E. Cole will spend several days with relatives in Detroit.

An Easter program is being prepared, to be given at the church, Easter Sunday.

Miss Lizzie West has been spending some time with her sister, Mrs. Frank Windsor, who has been ill. Johnnie Wiest was in Detroit on business, last Monday.

BARTLETT SCHOOL NOTES

We were very proud of our visitors last week. The school board—Perry Campbell, George Everett and George Maynard; also Jack Blackmore, Henry Travis, George Travis, Mrs. George Travis, Mrs. Utter, Mrs. Zander, Mrs. Blackmore, Mrs. Maynard and Mrs. Chilson. This is 53 per cent of the parents.

The P. T. A. meeting was held Tuesday evening. Election of officers took place and the following were elected: President, Mrs. Hewer; vice president, Ed. Hank; secretary, Mrs. Henry Travis; treasurer, Miss Zetta Travis. After this Dr. Snow of the Normal College, gave a splendid address on health. During her talk she complimented our health officer, Heloise Travis, on the splendid work she is doing. Because of the work being done in the school, she is coming out in April and give the children a physical examination and find out how many blue ribbon children there are in the school.

Your Show Window Lighting

It is not every storekeeper who realizes the true value of his show window lighting—the drawing power and business increasing effect of a skillfully lighted window.

Careful tests have shown that raising the level of illumination from 15 foot-candles to approximately 100 foot-candles produced an increase of from 48 to 78 per cent in the number of persons stopping to view the display in the windows of the stores selected for study.

The space occupied by the show window is so small a proportion of the premises, and its importance so great, that the storekeeper can well afford to give it all the illumination it needs.

We shall be glad to advise you on this subject. No charge made.

NEW YORK HENS WIN WINTER EGG CONTEST

RHODE ISLAND REDS TOP OTHER BREEDS IN M. A. C. INTERNATIONAL EVENT.

First honors for the winter cycle of the International Egg Laying contest, being held at M. A. C., have been won by a pen of Rhode Island Reds, entered by the West Neck Poultry Farm, at Huntington, Long Island, New York. The New York birds produced 800 eggs during the four months period ending March 1, an average of 80 eggs each for the ten hens in the pen.

Second place at the end of the winter stretch of the contest went to a pen of Barred Rocks, entered by F. E. Fogle of East Lansing, Mich. White Leghorns, entered by the Royal Hatchery, Zeeland, Mich., stood third.

LIBRARY NOTES

Of special interest to the farmer: Farm Manures, by Charles E. Thorne, director Ohio Agricultural Station. Contains some surprising data as to the waste, value and preservation of farm manures, gathered from experience and experiments in various parts of the world, and extending over a period of fifty years more or less. One chapter alone is devoted to green manures.

Text-Book of Land Drainage, by Joseph A. Jeffrey, formerly Prof. of Soils in the M. A. C. An attempt to put into simple and concise terms the fundamentals of knowledge concerning the relation of water to agriculture and of the relation of drainage to soil water. One chapter is devoted to drainage laws.

Among the articles in the American Poultry Journal for March are: An attractive new poultry house, 20x20, for \$125. Feeding chickens for growth. Breeding for increased egg production. Egg market outlook. Does the back yard flock pay? The Rogue's Badge, by Buck. "How Tolliver Cornett won the Kentucky derby on Fleetwing. A stirring story of Kentucky racing and a Kentucky feud."

The Thundering Herd, by Zane Grey. Against a background of the southwest in the early seventies, picturing the ruthless slaughter of the buffalo herds and the greed of the hide-hunter, is drawn a usual Zane Grey romantic story of thrilling adventure. The graphic description of the stampede of an immense herd marks the climax of the story.

Of Corsets Wrong, Dear

A man in England was telling his little niece about bird migration there and the child asked if the robins went away in winter. "No," said her uncle, "the robin just puts on a new red waistcoat and stays."

The little one looked puzzled. "That can't be right, Uncle Tom," she said. "I've seen heaps of pictures of robins with red waistcoats, but never one with stays."—Boston Transcript.

Agin the Law!

"I see," remarked Farmer Jessup to his neighbor, "that they've just passed a law agin Candy thistles." "Wal, now, ain't that lucky?" said the latter. "I was wonderin' yesterday how I was goin' to get rid of that patch of mine."—Everybody's Magazine.

Shopping

"It's so hard to find what you want when you're shopping." "Isn't it though? Especially if you don't know what you want."—Everybody's Magazine.

Nemas Use Much Free Nitrogen

Nitrogenous Fertilizers Are Most Costly Food Farmers Must Buy.

(Prepared by the United States Department of Agriculture.)

Although four-fifths of the atmosphere is nitrogen, the most expensive of our staple foods are those containing it and nitrogenous fertilizers are the most costly food the farmer must buy to feed his crops. This apparently paradoxical situation is explained by the fact that this prime necessity of plant and animal life is one of the most inert and insoluble of gases and consequently not easily put into combined form for use. The natural means for accomplishing its combination, so far as known, are few, and the discovery of a new one is therefore of no small importance to science and to people in general.

Take In Nitrogen.

Dr. N. A. Cobb of the bureau of plant industry, United States Department of Agriculture, has observed that certain nemas—those threadlike organisms found widely distributed throughout the world in soil, water, and in plants, animals, and insects—seem to have the capacity to take in raw nitrogen along with other constituents of the air, and combine it with other materials for their own use. The nitrogen-fixing bacteria of the soil have long been known to have this power and some of the very best forms of plant life, such as certain algae and fungi, are thought to have it. But the nemas observed by Doctor Cobb are the highest form of life now known to make this direct use of atmospheric nitrogen. He observed that when these nemas were put in a culture solution they would scum to the surface and swallow bubbles of air, keeping up this gulping for hours at a time. Watched under a microscope, these bubbles were seen to go down the oesophagus and then to disappear almost immediately after entering the intestines. In a short time these small organisms would consume several times their own volume of air which is four-fifths nitrogen and only one-fifth oxygen and other less common gases. Because of the known relative insolubility of nitrogen, the plain conclusion is that these nemas combine it and make use of it in their internal economy. Another fact that makes this conclusion seem correct is that they do this "air feeding" much more in a culture that is practically free of nitrogen.

Discover Organisms.

The possibilities for new knowledge regarding plant and animal nutrition and the keeping up of soil fertility are incalculable in view of this discovery and others which may be made in the same direction, thinks Doctor Cobb. Already several thousand soil organisms are known, but the activities of only a very few are understood. Because of the rate at which new organisms are being discovered in this field, it is reasonable to believe that there are many thousands yet to be discovered and studied. When they are found and the scientists have learned what they do, it is reasonable to believe that many of our present methods of handling the soil and crops and, perhaps, animals, may undergo profound changes. The nitrogen-consuming nemas stimulate interesting speculations.

Sweet Clover Useful in Soil Building Program

Profitable, permanent farming demands the use of some legume crop. Farmers are paying increasing attention to the importance of building up the soil, where in the past it has in many sections been seriously depleted through improper methods. Sweet clover, once considered as nothing but a weed, is fitting into the new soil-building program to a nicety. It is a deep-rooted, vigorous growing legume. As a combined soil-building pasture and hay crop it has no equal and should find an important place on many farms.

Size of Calf at Birth

The size of the calf at birth depends largely upon the size of the dam and sire. Jersey and Guernsey calves will weigh from 50 to 60 pounds at birth. Holstein calves, from 85 to 95 pounds. This fact must be taken into consideration in feeding. A small calf cannot consume as much milk as a large calf, and overfeeding a calf on milk is just as bad a practice as underfeeding. The former leads to trouble from scours; the latter, of course, prevents the calf from making normal gains.

Good Work in Orchard

Plant the orchard in good soil on a high piece of ground. Avoid slopes too steep to get over easily with a spraying outfit. Plant clean, healthy trees. You would not buy a diseased breeding animal, why buy a diseased fruit tree? Choose a few varieties adapted to your neighborhood, then cultivate crops between the trees, until they are of bearing age.

Liver Troubles of Fowls

Liver troubles in Yowls cannot be treated as they are discovered too late but they can usually be prevented by keeping the birds exercising in deep litter for their scratch feed, and also feeding plenty of green feed to balance the ration. Poultry are, of course, subject to a certain death rate the same as other animals, and losses occasionally occur even when the hens have the best of management.

Make War on Pests

The famous old fire-grate in front of which Thomas Newcomen (1688-1729) was sitting when the steam escaping through the lid of the boiling tea kettle gave him the idea for the first piston engine was sold at Dartmouth, England, his birthplace. It was a model by Newcomen which aided James Watt in his more successful development of the steam engine.

Common Barberry Is Readily Killed

Shrub Is Responsible for Spread of Stem Rust.

(Prepared by the United States Department of Agriculture.)

The common barberry, which is responsible for the spread of the black stem rust disease of small grain, is very difficult to kill by digging but is readily killed by certain chemicals, says the United States Department of Agriculture. Fragments of roots smaller than a lead pencil left in the digging operation frequently have been known to sprout, and even small chips from the crown may do so when conditions are favorable. The use of chemicals does away with this difficulty and is strongly recommended wherever other plants will not be endangered and where a slight sterilization of the soil for a few years will not be objectionable.

The department has tested many chemicals in the effort to find the best means of killing the barberries. Several have been found which are effective, and the use of two of these, common salt and kerosene, is described in Department Circular 332, just issued by the United States Department of Agriculture.

From 5 to 10 pounds of dry salt is sufficient to kill bushes having a group of shoots at the base of from 8 to 12 inches in diameter. The plants may be cut down or left standing, but the salt should surround all shoots and care should be taken to surround any outlying shoots as well. If there is danger of the salt being disturbed by livestock, it may be covered by dirt or stones or brush, etc. The treatment is successful at any time of the year when the ground is not frozen.

Kerosene is used to kill the bushes by applying at the base in such a manner that it wets the base of every shoot and also the ground for 3 or 4 inches around each shoot. The amount necessary varies from 2 quarts for a bush having a group of shoots 6 inches in diameter to 1 gallon for a bush with a 12-inch base. This treatment is successful if applied at any time during the growing season, but the action of kerosene is slow and immediate results should not be expected. An advantage of kerosene over salt is in the fact that live stock need not be kept away from the treated bushes.

A copy of the circular may be secured free upon request from the United States Department of Agriculture, Washington, D. C.

Alfalfa Is Replacing Timothy in Cow Ration

"Alfalfa is finding a permanent place on many Wisconsin farms," declares L. F. Graber, agronomist of the Wisconsin College of Agriculture. "But it is not replacing the large acreage of timothy and other grasses as rapidly as it should."

Farmers have hesitated in growing alfalfa because they have not had sufficient knowledge of the cultural practices of this wonderful legume, is the opinion of Graber. Only within the past year has alfalfa taken a rapid step forward. Dairy farmers are realizing that in order to make dairying a profitable business, they must find a dependable crop, one that can be grown from year to year, and aid in cutting down their feed bills. They want to replace the timothy and wild grasses which now make up over three-fourths of the roughage used in rations on Wisconsin dairy farms.

Because of its resistance to drought, its wide range of soil and climatic conditions, its large yields per acre, alfalfa has advantages over any other crop as a solution to the dairy farmer's problem.

Few Hints for Careful

Pruning of Young Trees

Young apple and peach trees have been pruned too severely in the past and bearing trees have been pruned too lightly or too infrequently. Paul Thayer, fruit extension specialist of Pennsylvania State college, says:

Every orchard grower should aim to secure three things in his young orchard at the earliest date possible. Thayer reports. These are strength, growth and productiveness. Pruning, especially heading back, interferes with fruit bearing, but after fruit trees are mature and fruit bearing established, the trees should receive a careful and increasingly thorough annual pruning.

FARM NOTES

Chickens need sunlight to prevent ticks.

Get spraying and dusting machines in perfect order.

Planning the home grounds should precede planting in the spring.

Heckkeepers should plan their season's work, and get everything in readiness.

In planning and planting this year keep in mind that only quality commands a sure market.

Buy legume seed and prepare to plant several acres per plow to turn under for soil improvement.

When June grass pasture becomes dry, it is necessary to feed ensilage to supply the succulence. This is seldom necessary with sweet clover pasture.

"His Coughs Hang On" Some victims of the "flu" never fully recover the health of the lungs, and coughs that "hang on" are the coughs that threaten. Chamberlain's Cough Remedy puts a soothing, healing coating on the inflamed surfaces, relieves tightness and soreness, raises phlegm easily. Good for bronchial coughs, and night coughs, too.—Advertisement.

WANTED—Boarders. 199 Hamilton street. 1612p

Apple Variety for Every Role

Palatable, Healthful, Nutritious and Least Expensive of Fruits.

Apples, being palatable, healthful, nutritious and the least expensive of fruits and in season the year around, lend themselves to a greater variety of uses than any other fruit. Various sorts of apples are adapted for different uses and a bulletin issued by Cornell university for the first time attempts a classification of the various apples in the market or commonly grown in regard to their desirability for dessert, apple sauce, baked apples, apple pie, puddings and for canning and drying.

Good for Dessert.
The following were listed as very good for dessert, dessert being used in its oldest accepted sense, eaten raw, out of hand—Yellow Transparent when well ripened, Chenango, Gravenstein, Jonathan, Esopus, Tolman Sweet, Yellow Newtown, Northern Spy, McIntosh.

Farther western states would add Delicious to this list.
The following are listed as good dessert apples—Wealthy, Fall Pippin, Tompkins, King, Hubbardston, Fameuse, Wagener, Rhode Island Greening, Baldwin.

The following are listed as useful for dessert—Red Astorhan, Sweet Bough, Oldenburg, Roxbury Russet. Excellent material for apple pies will be found in the following varieties—Yellow Transparent, Red Astorhan, Oldenburg, Twenty Ounce, Maiden Blush, Jonathan, particularly good; Snow, Baldwin, also recommended, and Northern Spy.

Baking apples are listed as follows—Sweet Bough, Alexander and Wolf River, Twenty Ounce, Wealthy, highly recommended; McIntosh, Tompkins King, Tolman Sweet, Fameuse and Northern Spy, recommended particularly.

Apples for general cooking are as follows—Primus, Gravenstein, Fall Pippin, Hubbardston, Wagener, Rhode Island Greening, Esopus, Baldwin, Roxbury Russet, Ben Davis.

For Apple Sauce.
Recommended for apple sauce are Red Astorhan, Oldenburg, Twenty Ounce, Maiden Blush, Wealthy, McIntosh, Fall Pippin, Tompkins King, Jonathan, Esopus, Northern Spy.

The new-fledged apples are recommended for combination with celery, nuts, raisins and other materials in salads. Cooked apple blends with softer materials such as tapioca, rice, other cooked fruits, and doughs of various kinds. Apples are best with foods which do not have a strong flavor of their own which will combine with or cover that of the apple.

The housewife with these points in view frequently can substitute apples for other fruits in recipes to good advantage.

Two Big Essentials in Producing Good Horses

The present horse situation does not justify one in raising any kind of a horse except an exceptionally good one. Two things are essential in raising a good horse—good feed and plenty of it and a good sire. The good sire is of first importance because good feeding will not make a good horse without good breeding. This being true, it is important that the man who would raise a good horse patronize a good stallion. A good stallion is one that is both a good individual and pure bred. Sometimes stallions that are not pure bred are fairly good individuals, but if not pure bred their chances of producing good colts are considerably less than the good individual that is pure bred. The state has provided a means of giving every stallion patron this information for all stallions that legally stand for public service must have a license. This license states plainly whether a stallion is of pure bred, grade or scrub breeding.

Reduce Grain Ration

If a cow is a heavy milking one it is necessary to reduce the grain ration just previous to calving, taking out the corn and linseed meal, increasing the bran for the four or five days previous. Let the ration consist of five parts of bran and three parts of oats, fed sparingly, but the cow during this period should be given all of the roughage that she will clean up. Some molted beet pulp may be added to the oats and bran to increase the bulk and prevent milk fever.

Sudan Grass Fertilizer

There has been but few experiments made to determine the best fertilizers for sudan grass. Ordinarily where the soil is reasonably good, no fertilizers are used, but it would no doubt be advisable on poorer land to use a complete fertilizer such as is used on corn. In Kentucky the application of acid phosphate at the rate of 200 pounds per acre resulted in increased yields in eight out of ten cases. The seed can be sown with a grain drill.

Listing Good Practice

On well-drained bottom land corn planted with a lister will produce approximately as high a yield as corn planted on plowed ground. On bottom land that is heavy and poorly drained there is danger of the corn rotting in the spring in a period of wet weather when it is planted with a lister. On such land it will usually pay to plow with a disk furrow opener attachment to the corn planter.

Do not forget about the St. Patrick's dance given at the Penniman Allen auditorium, March 17, by members of Our Lady of Good Counsel church. 1413

Important Wherever People Meet

Clubs, restaurants, theatres, churches—every place depending on the public for success, NEED modern sanitation as an essential of safety and comfort. People expect it and go where they get it.

Modern sanitary plumbing and hygienic heating are essentials in any building expecting people to meet there. A modern heating plant and sanitary plumbing fixtures in toilet and washrooms always prove a profitable investment, in any such case.

Organizations or individuals whose success depends upon public support find wisdom in providing these facilities to protect health.

Let us inspect your plumbing and your heating plant. It pays to have it kept in up-to-date condition.

Having sold the farm, I will sell at Public Auction, all my personal property, on the premises known as the Frank Martin farm, 2 miles north of Novi; or 1/4 mile south of Walled Lake, on state road, on

Monday, Mar. 23, '25

Commencing at 12:30 o'clock, sharp, the following described property:

- SIX COWS**
T. B. TESTED
- FARM TOOLS**
1 McCormick Grain Binder
1 Corn Binder
1 McCormick Mower, nearly new
1 Keystone Side Delivery Hay Rake
1 Keystone Hay Loader
1 Dump Rake
1 Hay Rack 1 Wagon Box
1 Hay Tedder 1 Land Roller
1 Manure Spreader
1 Two-Horse Cultivator
1 Single Cultivator
1 Cutter
1 Pontiac Spray Rig (Wright)
1 Set of Bobblelegs
1 Iron Drag 1 Potato Marker
1 Caldron Kettle 1 Cornsheller
Hay Slings 50 Grain Bags
- 200 ft. of 1-inch Hay Rope
1 40-Bushel Grain Box
1 100-ft. Grain Box
1 Aerator 1 Barrel Churn
1 Sap Pan and 50 Buckets
175 Potato Crates
1 Set of Scales
And many other articles not mentioned
- 1 Cook Stove
1 Baseburner

HAY AND GRAIN
200 Bu. of Oats
1 Bag of Clover Seed
8 Tons of Mixed Hay
125 Bu. of Corn
8 Bu. of Seed Potatoes
15 Bu. of Eating Potatoes

TERMS—All sums of \$20 and under, cash; over that amount, 6 months' time will be given on approved bankable notes bearing 7 per cent interest.

W. J. Brown,
PROPRIETOR
FORREST W. ROBERTS, Clerk.

Greenhouse Tomato Superior in Flavor

Picked Unripe to Save Consumer Undue Loss.

(Prepared by the United States Department of Agriculture.)
Greenhouse tomatoes ripened on the vine are superior in flavor to those grown outdoors in warm sections, and picked unripe in order to get them to the distant consumer without undue loss, the United States Department of Agriculture finds in its study of greenhouse tomatoes, just issued as Farmers' Bulletin 1413, "Tomatoes marketed during the winter and early spring months when prices are high are usually served as a salad or as an ingredient of a salad. Thus a comparatively small quantity is enough for several persons, making the tomato an economical food to the housewife as other available salad crops.

The greenhouse owner must make a large investment in houses and equipment, and he must be prepared to spend large sums for the maintenance of conditions suitable for this exacting crop, says the department. On the other hand, a grower 2,000 or more acres from the market's most dependable source for picking, packing, transportation, and handling before his crop can be realized upon. The products of properly located greenhouse ranges where fuel, labor, and other essential items can be obtained economically are usually able to compete successfully with tomatoes grown at distant points out of doors. The vegetable-growing industry is increasing in importance, and the tomato is receiving its full share of attention.

Copies of the bulletin can be had free, as long as the supply lasts, by writing to the Department of Agriculture, Washington, D. C.

Two New Oat Varieties of Excellent Qualities

Two new oat varieties, Keystone and Patterson, promise to be the best Pennsylvania grain growers have yet had, if yields to date are any indication of their abilities. Both varieties were developed at the Pennsylvania State college experiment station where they have averaged for the past ten years nearly ten bushels per acre more than Sixty Day, an early variety, according to C. F. Noll, experimental agronomist of the station.

These two varieties have been known in the past as 53-11 and 64-11. The former has now been named Keystone, for the state where originated, and the other is called Patterson, in honor of the late William Patterson, superintendent of the college farm for many years.

In many other parts of the state these varieties have been grown in demonstration plots for several years with very satisfactory results. Approximately eleven hundred acres of the two varieties were grown last year, so five or six thousand bushels of seed will be available for distribution. The demand was greater than the supply last spring, Noll reports.

The two varieties are almost alike in height, in type of grain, and in yielding capacity, but Keystone is about two days earlier than Patterson. The grains are yellow and rather small. They have a thin hull and the percentage of kernel in the grain is usually higher than in the larger-grained varieties.

"These oats are best adapted to those sections of Pennsylvania where early oats do best," says Noll. "There they have proved much superior to Sixty Day, or Khosson, the most commonly early grown variety."

Value of Potatoes

Potatoes contain more dry matter and have a greater feeding value than any other vegetable. Instead of having 90 per cent water, the percentage usually ranges between 70 and 80 per cent, the extremes being 65 and 85 per cent, according to figures given by Professor Frazier of Cornell in his book, "The Potato." Potatoes contain more dry matter than carrots, mangolds, or beets, which have always been extensively used for food.

Cull All Grain Seed

"Cull your seed just as you cull your chickens and dairy cows, is the word crop extension specialists at the Ohio State university pass along to grain farmers. It is good policy to have crops grown from carefully selected seed because it pays consistent dividends. Wheat should only be grown from seed clean and free from weed seed and from one of the dozen varieties proved to be best.

FARM FACTS

Care for early hatched baby chicks well.

Repair pasture fences before busy season.

Eliminate all diseased birds from the flock.

Put in your order for certified potato seed.

The field is the most expensive germination tester.

Feed early baby chicks properly to give them a good start.

The farmer has opportunity for more mental and physical busy-ness than any other bee in the human hive.

A Good Thing—Don't Miss It.
Send your name and address plainly written, together with five cents (and this slip) to Chamberlain Medicine Co., Des Moines, Iowa, and receive in return a trial package containing Chamberlain's Cough Remedy for coughs, colds, croup; Chamberlain's Stomach and Liver Tablets for indigestion, gassy pains that crowd the head, biliousness and constipation; Chamberlain's Salve for burns, scalds, wounds, piles, etc. Don't miss it.—Advertisement.

THE THEATRE

"THE GARDEN OF WEEDS"
One of the finest casts ever seen in
pictures appears in James Cruze's
latest production for Paramount.
"The Garden of Weeds," which will
be the feature at the Penniman Allen
theatre next Saturday, March 14th.

Betty Compson, whose recent dramatic
successes have won her new
plaudits, is starred. The story af-
fords Miss Compson a marvelous op-
portunity for the display of her
dramatic ability.

Warner Baxter, who supported
Miss Compson in "The Female,"
comes back to Paramount for a fea-
tured role with her in "The Garden
of Weeds." He is featured with
Rockcliffe Fellowes, Charles Ogle and
Al St. John, all sterling actors chosen
for their ability to portray the char-
acters depicted in the play.

The supporting cast includes Lilyan
Tashman, who was the hit of the
New York stage play from which the
photoplay was adapted. Others are
King Zany, writer of songs and
vaudeville actor, William Austin,
Lucille Thorndike, William Turner
and Toyo Fujita, who was with Ses-
sue Hayakawa for many years.

Walter Woods and Anthony Colde-
wey adapted "The Garden of Weeds"
for the screen from the stage play
by Leon Gordon and Doris Marquette.
It's an appealing love drama which
brings audiences "back stage" at the
theatre.

"A THIEF IN PARADISE"

If you like romance, vivid color,
tense drama and pictorial beauty in
your screen entertainment, don't miss
George Fitzmaurice's "A Thief in
Paradise," which comes to the Penni-
man Allen theatre, Sunday and
Monday, March 15th and 16th.

The story, an adaptation by Fran-
ces Marion of Leonard Merrick's
novel "The Worldlings," opens with
a vivid episode in the pearl fisheries
of the China Coast and progresses
swiftly to San Francisco, Burlingame
and Del Monte, Calif. It is the
story of a man whom Fate has made
a failure, and who seizes the oppor-
tunity to masquerade as another man
in one last effort to regain his self-
respect. His accomplice in the im-
personation is an Eurasian girl, who
falls in love with him and stops at
nothing to win him. In the role of
the other man, he meets and
eventually marries another girl. The
dramatic possibilities of this situa-
tion are worked out to the ultimate
limit.

Acting honors go to Ronald Col-
man, the young actor recently sign-
ed by Samuel Goldwyn under a long
term contract. He plays the role of
Blake, the derelict who masquerades
as another man. Doris Kenyon is the
girl he loves and marries and Aileen
Pringle gives a splendid characteri-
zation as the Eurasian girl. Splen-
did portrayals are also given by
Claude Gillingwater, Alec Francis,
John Patrick and the other members
of the supporting cast.

"EAST OF SUEZ"

"East of Suez," Poli Negri's latest
Paramount starring picture, due next
Wednesday and Thursday, March 18
and 19, at the Penniman Allen thea-
tre, challenges, for color and rich-
ness, anything ever before seen on
the screen.

The settings included in the picture,
which was adapted by Sada Cowan
from Somerset Maugham's stage play
by that name, show a magnificent
Chinese house-boat furnished with
gorgeous eastern hangings, idols of
bronze and rare Chinese carpets; a
Chinese garden; a Chinese temple
which rivals in magnificence the
famed places of Peking; scenes on an
ocean liner and an amazing array of
fashion which contrasts the modes of
both Paris and the Orient.

Among the tense dramatic situa-
tions which are developed by the
story are scenes between two men
and a woman with a glass of poisoned
wine; the intrigue of a powerful
Chinese nobleman in his efforts to
win a foreign bride; the exciting
moment when Pola Negri, as the
persecuted heroine, throws herself
from a house-boat into a river in the
dead of night and many additional
scenes said to contain enthralling
human interest.

Edmund Lowe, Rockcliffe Fellowes
and Noah Beery are featured in sup-
port of Miss Negri.

IN MEMORIAM

In loving memory of my dear
mother, Ida Helm, who passed away
one year ago today, March 13th.
The midnight stars are gleaming
On a lone and silent grave,
Beneath sleeps one I love,
But one I could not save.
Her weary hours, her days of pain,
Her weary nights are passed;
Her ever patient worn-out frame,
Has found sweet rest at last.
Her loving daughter,
Reka Witt.

Banker's Wife Advises

Plymouth People

"I had stomach trouble so bad
everything I ate soured and formed
gas. Was miserable until I tried
Adlerika. This helped the first day."
Adlerika helps any case gas on the
stomach unless due to deep-seated
causes. The QUICK action will sur-
prise you. Because Adlerika is such
an excellent intestinal evacuant it is
wonderful for constipation—it often
works in one hour and never gripes.

AROUND ABOUT US

There are 244 subdivisions in Red-
ford township.

Northville wants its school build-
ing and grounds enlarged.

Louis Beach, aged 99 years, and
Fenton's oldest citizen, is dead.

Wayne's new \$150,000 school build-
ing is about ready for occupancy.

The Flowers Company of Toledo,
will build a new mausoleum in Ypsi-
lanti the coming summer.

Mrs. Frank Heath of Milford, aged
93 years, has pieced seven quilts
during the past six months.

Frank Kourt of Brighton, has a
flock of 100 White Leghorn hens
that have averaged 70 eggs a day for
three months. Some record.

Jay G. Pray of Northfield town-
ship, was elected probate judge of
Washtenaw county last week, by a
plurality of 1,097 over the other
candidates.

One of the first jobs undertaken by
the Wayne County Road Commis-
sion this spring, will be the grade
separation on Monroe avenue under
the Michigan Central tracks in the
village of Wayne.

It is expected that not less than
2,000 boys and girls will enjoy the
privilege of an outing of a week or
more at the new Detroit Recreation
Camp at Euler's lake in Livingston
county this summer.

Avery J. Chilson, a former resi-
dent of Livonia township, died at the
home of his daughter in Wayne, Feb-
ruary 27th, 1925, aged 85 years and
two months. The interment was
made in the Livonia Center cemetery.

According to the Wayne Weekly,
it is estimated that between four
and five hundred houses will be built
in that vicinity the coming summer.
One of the chief causes for the
activity of real estate in our neigh-
boring village, is the opening of the
Gottfredson Body plant on a produc-
tion basis.

The new pavilion and dance hall
at Casino Shore, Walled Lake, be-
ing constructed by L. P. Tolettene,
on the site of the old ball, is nearing
completion and will be thrown open
to the public with a grand opening
dance on the evening of Monday,
April 13. The building, one of the
largest of its kind in this section is
a handsome structure, substantially
built, the great roof being support-
ed by heavy iron trusses which per-
mit of a spacious dancing floor
without pillars. The floor of highly
polished hardwood will be the delight
of the thousands who visit the lake
resorts every season for recreation
and an outing. The building is
90x140 feet in dimensions with a
ball room 70x105. Farmington En-
terprise.

The year 1925 is centennial year
for the townships of Commerce and
Novi, and it is understood that plans
are afoot for uniting in some kind of
a fitting celebration this summer.
The earliest settlement in Commerce
is said to have been made in May,
1825 by Abram Walrod, who came
from New York state and built his
pioneer cabin on a site now included
in the village of Commerce. The
first settler in Novi township is re-
corded to have been Erastus Inger-
soll, also a New Yorker, who in April,
1825 arrived in the wilderness that
is now Novi and began the clearing
of land of which he had made entry
in September, previous. The first
entry of land in Milford township, by
the way, was made by Levi Pettibone
in 1827.—Milford Times.

DYE'S RESTAURANT

A PLEASANT SURPRISE

A very pleasant surprise was given Mrs. H. E. Sayles at the parsonage, Wednesday, March 4th, it being her birthday. At 6:15, the door of the parsonage opened, and the crowd came and filled the rooms. They brought everything for supper, and such a spread is seldom seen. Everybody was happy and full of joy. Three times the table had to be set. There was a good old-fashioned visit, and everyone joined in singing gospel songs.

At the beginning of the supper, Mrs. Daly presented Mrs. Sayles with a very pretty yellow handkerchief, very dainty, and all gave a good cheer. After supper, Lewis Schaal, in well chosen words, presented Mrs. Sayles several beautiful and valuable presents, and on behalf of church and congregation, wished her many returns of the day.

Alton Sayles came home from Ypsilanti, and Clifford came from Detroit, to celebrate with their mother, her birthday.

The usual prayer meeting found a place in the evening, and scripture verses were recited and prayers offered.

Mrs. Sayles says, "Thank You" to all of her friends.
