REDMEN DAY A SPLENDID SUCCESS

MEMBERS OF THE ORDER FROM LANSING, BATTLE CREEK, ALBION AND DETROIT WERE HERE.

Redmen's Day, which was held here last Saturday, under the auspices of Ottawa Tribe No. 7, Improved Order of Redmen, was well attended and a success in every particular. There were about five hundred visiting Redmen from Lansing, Battle Creek, Albion and Detroit.

The program of the afternoon opened with the small sports held in Kellogg Park, under the direction of Titus Huff. The following were the winners:

Boys' foot race 11 to 13 years of age—Seymour Orr, 1st; Lincoln Langs, 2nd.

Foot race, 7 to 9 years of age—Kenneth Jewell, 1st; B. Zink, 2nd.

Girls' foot race—M. Dunn, 1st; L. Gohls, 2nd.

Girls' three-legged race—L. Holmes, F. Gorvin.

At 2:30 there was a ball game between the Officers team of the House of Correction farm, and the Lansing Iron Works team. The game was an easy one for the officers and they came out victorious by a score of 21 to 7.

At 7:30 in the evening there was a parade by the degree teams of several lodges in regalia. The parade was headed by the Salvation Army band of Detroit. A competitive drill was held on Penniman avenue, in which Battle Creek won first and Detroit second.

At 8:45 the degree work of the order was conferred upon eighteen candidates at the High school auditorium.

During the evening the band gave a splendid concert in Kellogg Park.

Over three hundred visitors were entertained at supper, which was served in the Methodist Community Hall. The visiting Redmen were very much pleased with the entertainment and hospitably accorded them by the local Redmen.

HOUGH SCHOOL REUNION

Since 1925 marks the one hundredth anniversary of the settlement of the Hough school district in Canton township, it has seemed fitting to celebrate the occasion by a reunion. All those who have at some time been residents of the Hough school district, and all those who have attended the Hough school, as well as former teachers of the school, are cordially invited to attend the reunion which will be held on Saturday, June 27th, at the Hough farm. There will be a basket lunch at noon. Coffee will be served. In addition to this, there will be a stand where candy, crackerjack, lemonade, ginger ale, pop and ice cream will be sold. Remember the date—June 27th. Come and have a good time renewing old friendships and talking over old times.

PIANO RECITAL

The recital Monday evening, given by pupils of Miss Anna L. Youngs, was attended by a goodly number of friends and neighbors. The girls showed marked advancement in the year's work.

Heloise Travis played four solos and three duets, with skill and good interpretation. Isabel Campbell played three solos and three duets. She also merited much credit, showing faithful study. She played with sure swift fingers. The two numbers by Thelma Wheeler were artistic and beautifully rendered. The program was practically all memorized.

Henry Hutton, accompanied by Miss Youngs, gave two beautiful violin solos, responding liberally with encores.

The reading by Mrs. Donald Ryder added a pleasing touch of humor, and was received with hearty applause, also the encore, "Needles and Pins."

Each girl received flowers, carnations, roses and peonies, presented by June Nash, June Jewell and Helen Ribar. The entire program showed splendid co-operation of parents and pupils with teacher.

The postponed meeting of the League of Women Voters, which was to have been held last Monday at the home of Mrs. Phoebe Patterson, will be held next Monday afternoon, June 15th, at Mrs. Patterson's home, at 2:30 o'clock.

Miss Dorothea Livrance was hostess Saturday afternoon at a linen shower, complimenting Miss Alvina Streng. The party was held in the woods adjacent to the Livrance farm, and the search for the treasure chest, which was skillfully concealed in the bushes, created much merriment. A delicious lunch was served to twenty guests.

SUBURBAN LEAGUE TRACK AND FIELD MEET TODAY

ATHLETES OF SIX SCHOOLS IN THE LEAGUE ARE ALL READY FOR THE BIG EVENT.

The seventh annual Suburban League Track and Field meet, which will be held at the athletic park of the local High school today, Friday, June 12th, promises to be one of the best field meets that has been held since the organization of the league, and each school is determined to "bring home the bacon." All the schools will bring large delegations of "rooters," and they will do much to enliven the occasion at every opportunity. The local athletes are in the pink of condition, and they are going to give a good account of themselves in every event.

The program outlined in last week's Mail will start at 10:00 o'clock. The admission has been placed at 25c, and it is hoped that the town folks will turn out and encourage the local athletes by their presence at least. The High School Athletic Association will have a refreshment stand upon the grounds. The High schools competing in the meet are: Farmington, Wayne, Dearborn, Northville, Redford and Plymouth.

FORMER PLYMOUTH LADY DIES IN DETROIT

Emma Patterson, daughter of Gaine and Tabitha Patterson, was born at Albion, Orleans county, New York, June 15, 1851, and died at the home of her daughter, Mrs. Loretta F. Remington, in Detroit, Saturday, June 6, 1925, aged 73 years, 11 months and 22 days. September 20, 1875, she was united in marriage to Hiram W. Passage of Plymouth, who died about eight years ago. Mrs. Passage was a member of the Macedonia lodge of Plymouth, and was among those honored at the memorial service held at the M. E. church, last Sunday evening. Since the death of Mr. Passage, the deceased had made her home with a daughter in Detroit. She was a lady highly esteemed by all who knew her. Funeral services at the Schrader Bros. Funeral Home, were conducted Monday, June 8th, by Rev. S. Conger Hathaway, pastor of the First Presbyterian church, after which interment was made in Riverside cemetery.

TRUESDELL-DINGLEDEY

Miss Clara Isabel Dingledey, only daughter of Mr. and Mrs. Phillip M. Dingledey, and Louis A. Truesdell spoke their marriage vows at the home of the bride's parents on Lily road, Wednesday evening, June 10th, at eight o'clock, before an embarkment of friends, poems and huge tulle baskets of lavender and yellow flowers. The entire house was beautifully decorated and lighted by pink tapers. The Rev. Erwin King officiated.

The bride was radiant in a chiffon gown of white, with duchess lace, encrusted in silk. A lace coronet held her tulle veil in place, adorned with clusters of orange blossoms. She carried a shower bouquet of bridal roses and valley lilies.

The maid of honor, Miss Evelyn Austin, a June bride-elect, wore powder blue georgette, and carried pink Columbia roses, sweet peas and snapdragons. Miss Marian McKenny, the bridesmaid, wore rose georgette, and carried a rose and snapdragon bouquet.

Alfred Truesdell, brother of the groom, performed the duties of best man, assisted by Harold Simms as usher.

The bride entered the living room on the arm of her father, preceded by Miss Audrey Beetle, niece of the groom, and small daughter of Mr. and Mrs. Claude Beetle, who scattered rose petals from a pink tulle covered basket, and Master Billie Sturgis, son of Mr. and Mrs. W. J. Sturgis, who bore the ring in a white calla lily.

The mother of the bride, Mrs. Dingledey, was charming in blue georgette and lace, and wore a corsage of pink and lavender sweet peas. Mrs. Truesdell, the groom's mother, was lovely in tan, and she also wore a sweet pea corsage.

The Laitner ensemble played "Mendelssohn's Wedding March," and Mr. Benjamin Laitner sang "Oh Promise Me." A reception and buffet lunch followed the ceremony, the bride's table being decorated with a large centerpiece of roses surrounded by crystal candlesticks with lighted tapers.

Mr. and Mrs. Truesdell left immediately after, on an extended eastern motor trip. Upon their return, they will reside with the bride's parents.

Max's Exposition Carnival is in Plymouth this week. They are located just outside the village limits on the Northville-Plymouth road.

PLANS FOR BIG CONVENTION GOING FORWARD

FINAL ARRANGEMENTS BEING MADE FOR STATE CONVENTION OF THE MICHIGAN FUNERAL DIRECTORS AND EMBALMERS ASSOCIATION, AT PLYMOUTH, JUNE 23, 24, 25.

Plans for the big convention of the Michigan Funeral Directors and Embalmers Association, which will be held in Plymouth on June 23, 24, 25, are about completed, and President F. D. Schrader of this place, expects the coming convention to be the largest and best annual meeting ever held by the association.

In response to an appeal sent out by the Chamber of Commerce for sleeping rooms for the visitors, there has been a most generous response, which shows our citizens are ready and willing to host anything that will help to advertise Plymouth's hospitality.

At a meeting of the board of directors of the Chamber of Commerce, last week Thursday evening, President Robinson appointed Carl Shear as chairman of a committee to provide automobiles to be placed at the disposal of the visitors during the convention. Mr. Shear has named the following as members of his committee: E. J. Allison, P. J. Wiedmann, Stanley Chambers, J. T. Chapman, C. H. Rauch was appointed chairman of a committee on decoration. Mr. Rauch has named W. J. Barrows, H. J. Green, D. A. Hollaway and Joe Tossman as members of this committee. It is hoped that a spirit of decoration will prevail over the whole town.

We do not believe people realize what a big thing this is for Plymouth. It is going to bring a thousand or more visitors from all over the state to Plymouth, and they are going back home and tell about the best town of its size in the state. We are going to show them what real hospitality is.

President Schrader informs the Mail that there has been a great demand for display space by the various manufacturing concerns throughout the country for the display of wares and other supplies used in the undertaking business. A large tent will be provided for the display of harness, umbrellas, etc. A complete program will be given in the Mail next week.

Those who have not yet returned the cards or coupon, are requested to send the same to the secretary of the Chamber of Commerce at once, so it will be known how many rooms will be available.

DEATH OF CHARLES WESTFALL

Charles Westfall, who passed away at his home on Friday, June 5th, at the age of eighty-nine years, was born in Phelps, Ontario county, New York, April 12, 1836. He came to Plymouth in 1877, and has resided in and around here ever since.

On September 26, 1869, he was united in marriage with Miss Viola Nible of Macon, Lenawee county, Michigan, who survives him. Ten children were born to this union, five boys and five girls, three of whom have already preceded him to the higher life, one son and two daughters. He also leaves seventeen grandchildren, six great grandchildren, one brother and three sisters.

During the Civil War, he enlisted in Company C, Twenty-fourth Michigan Infantry.

The funeral services were held from the Schrader Bros. Funeral Home at 3:00 o'clock, Monday afternoon, Rev. Carl Ziedler of Belleville, officiating. The interment took place at Riverside cemetery.

Mrs. Zada Chappel has completed the census for this school district, and there are about 1,065 school children in the district. Last year the count was 1,018.

Wednesday, June 17th, is to be a great day in Northville, and extensive plans are being made for the evening. The occasion of the celebration is the meeting of the Grand Court of Michigan, Foresters of America, and this particular day has been set aside for a gala day, to which all the people of this section are cordially invited.

During the forenoon there will be band concerts, street sports, etc. The afternoon will be given over to an automobile parade and trade display, horse racing and a ball game. In the evening, if the weather permits, there will be a free street dance on the pavement.

The program has been arranged as follows:

9:00—Band concert by Northville Municipal band.
9:30—Street sports of all kinds, for which liberal prizes will be offered.
1:00—47-mile parade for which cash prizes are offered for the best displays. The parade will disband at the fair grounds, where the judges will announce the winners.

Following the parade, there will be several racing events, under the auspices of the Northville Wayne County Fair Association and Plymouth Boosters Club. The race events are as follows:

Pacing and trotting races—Pacing race, best 2 in 3. Trotting, best 2 in 3.
Running races—Quarter mile, best 2 in 3 heats, polo ponies only. Free-for-all, four furlongs. Free-for-all, about six furlongs. Free-for-all quarter mile dash, best 2 in 3.
Hurdle race—About 8 1/2 furlongs, over four 3 1/2 brush fence jumps. Something different than you have ever seen.

Horses costing \$100,000 each will take part in some of these events, and the very cream of Wayne county's celebrated stables will be on the grounds.

These racing events will provide an afternoon of rare enjoyment. The several contests will be fast and spirited.

There will be a ball game between the Windsor Athletes and the Foresters.

A committee from the I. O. O. F. Booster Club were present at the meeting of the Chamber of Commerce last week Thursday evening, and asked the assistance of that body in declaring a half holiday on the afternoon of Wednesday, June 17, and to encourage the citizens of Plymouth and vicinity to attend the celebration at Northville on that day. It was unanimously decided to ask the merchants to close their stores at 12:00 noon, and to remain closed for the rest of the day. A petition to this effect was circulated, and quite generally signed, and is published elsewhere in this paper. The Booster Club's part of the receipts from the races, etc., will go toward the building fund of the new I. O. O. F. Temple. It is a most worthy cause, and they should be given liberal support.

WILL CLOSE FOR HALF HOLIDAY, WEDNESDAY, JUNE 17TH.

TIRE PRICES JUMP

The Plymouth auto owner who bought his tires two or three months ago is fortunate. If saving a few dollars means anything to him, for the price of crude rubber has gone soaring, and there are no indications that it will drop any time soon. Crude rubber is now selling at 70c a pound, twice what it was earlier in the year, and four times what it was a year ago. Tires can't be made without rubber, though substitutes have been tried time and again. The increased demand for tires because of the larger number of autos in use—they are not scrapped nearly as fast as they are produced, and sold—has had something to do with the raise in the price of rubber, and so has the balloon tire, now becoming popular, but which requires more rubber in the making. Some of these days the rubber problem may be solved. Experiments in rubber-growing in Southern Florida may work out successfully. But until that time comes, it looks like we are going to have to mark tires up alongside the many other things that went up in price and forgot to come down.

WHEN WILL IT STOP?

So many good things have come from the auto that we hesitate to bring against it a charge of promoting a nuisance. But that is what we feel like doing if the increasing army of solicitors and agents and peddlers and promoters of every description continues to swoop down upon Plymouth. We need to have tramps, before the day of the auto. Now they come in automobiles. We had few agents and canvassers, because they could not afford to pay transportation, so they stuck to the larger cities. Now they have autos furnished them by the concerns whose wares they peddle, and there is a never-ending stream of them, selling everything under the sun, and taking orders for about everything imaginable, from button plasters to farm tractors.

We cannot stop this rapidly growing nuisance because these people have a perfect right on the highways and on our streets. But the public can discourage it to such an extent that it will no longer be profitable for the canvassers by explaining in firm tones that they are doing their buying from home merchants—or through them. None of these people offer anything that cannot be purchased here at home, or ordered for you by your local merchant—and very often at an even better price than the canvasser offers you. This thing of stamping out the pestilential nuisance seems to us to rest pretty much in the hands of our own people.

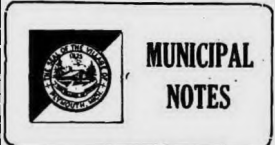

ABOUT BEING CARELESS

There is something sacred about a letter. The writer often reveals more about himself on the written page than he would in direct conversation. And yet there is a carelessness about letter mailing that is hard to understand.

For instance, 21,000,000 letters went to the dead letter office in 1924, and 803,000 parcels found their way to the same place in the same length of time. You get a better idea of what this carelessness costs, when Uncle Sam tells you that he took \$55,000 in cash out of dead letters last year, besides \$12,000 in postage stamps. And since there was no street address inside the envelopes in which they were mailed, the government had to keep the money. Government reports also show that it costs about \$1,740,000 a year to employ men and women just to look up faulty addresses on mail matter.

All this vast amount, all this misfortune and worry and loss could be saved and prevented, and the dead letter office abolished, if only each person using the mails would make certain their letters and packages were properly addressed, and mailed in

envelopes bearing their return card. We cannot, of course, insure the loss of all letters, but we can insure the citizens of Plymouth and surrounding territory that not one of their letters will ever go to the dead letter office. Come in and let us explain how good envelopes carrying your printed return card cost but a few pennies more than the blank ones, and you'll join the ranks of the millions who never have to worry about their letters going astray.

I wonder how many people in Plymouth really appreciate their water works this year. Just week's papers carried stories of water shortages in Grand Rapids, Hillsdale, Northville and even in parts of Detroit.

We have been pumping from the brick well, and while the water is much lower than it was in the earlier months, there still is enough, and we still have the new wells to fall back on. There has been from five to nine feet of water in the reservoir. Except for a few evenings for a couple of hours at a time there has been a very fair pressure. The amount of water consumed here in Plymouth has been away out of bounds for any reasonable uses, but we haven't kicked at that. The average daily use of water for the various months of 1925 has been as follows:

January—351,930 gallons
February—341,690 gallons
March—338,270 gallons
April—381,310 gallons
May—432,050 gallons

For the first five days of June the water used averaged 647,290 gallons. This is 162 gallons per day per person in Plymouth. This is about three times the reasonable average use in American cities given by the best authorities. Nobody should kick if our supply does run low under such conditions. Please do not waste water needlessly. We can't afford it.

For some time past the village has heard complaints that certain reckless drivers were using the hill slopes of the Flats to try the climbing powers of their cars. This practice has been ruining the appearance of the park. One night last week six boys were caught at this, and fined five dollars and costs for malicious destruction of village property. If other auto drivers can't appreciate the efforts to beautify the park and persist in misusing it this way, the same treatment awaits them.

The men from the Detroit Tank Company, who fixed up our big steel tank and who have been painting the Markham tank, came back last Thursday and hung our old fire bell in the porch under the tower of the Village Hall. This they did without charge, and we thank them for it.

Mr. Reddeman had the misfortune the other day to have some hot lead blow out from a water main joint over and into his eyes. His face and eyes were painfully burned, but the sight was not injured.

The big ditch digger for the sanitary sewer construction was unloaded last Saturday. Part of the trenches will be dug with this machine, and part by hand.

BARN BURNS ON SUPERIOR FARM

A large barn in Center Superior, formerly owned by Peter Michaels, and recently purchased by Clune Walsh, Detroit real estate man, and son-in-law of J. P. Kirk of Ypsilanti, burned to the ground, Friday afternoon. None of the other buildings on the farm caught fire.

The origin of the blaze is not known as no one was living in the house, and the fire was not discovered until it had gained considerable headway. It is not known whether there was any insurance on the barn, and it is thought there was nothing of value in it.

THE THEATRE

"I WANT MY MAN"

Milton Sills, film hero, steps again out of the camera's eye onto the screen at the Pennington Allen theatre, next Saturday, June 13th, when his latest First National drama, "I Want My Man," will be shown.

In this latest appearance Sills is co-featured with Doria Kenyon, and supported by a cast which includes Phyllis Haver, May Allison, Paul Nicholson, Kate Bruce and others.

Film fans will find an interesting contrast between Sills' notable role in "The Sea Hawk" and his characterization in "I Want My Man." The latter is that of a war-blinded soldier who returns cured after eight years in France, to find this country steeped in a mania of pleasure chasing.

"I Want My Man" was adapted from the novel, "The Interpreter's House," by Struthers Burr. It was produced for First National under the supervision of Earl Hudson, and was directed by Lambert Hillyer.

"ZANDER THE GREAT"

"Zander the Great," the famous stage play, adapted for the screen by Frances Marion and starring Marion Davies, will be shown at the Pennington Allen theatre, Sunday and Monday, June 14 and 15. Perhaps never in her career has Miss Davies been so admirably cast as in the role of "Mamie," the demure, whimsical yet humorous heroine of "Zander the Great."

A different angle and a new twist has been given the play by the introduction of several comedy characters, who divide the picture equally into portions—one devoted exclusively to the comedy element and the other to an epic drama of the far west.

The quick-moving plot is punctuated with the swifter moving action of cowboys, bandits and run-runners, who engage in a tremendous battle in the sweeping spaces of the Mojave desert.

This provides the western sequence, which is enacted against the towering walls of high mountains and on the broad expanse of desert, with a sand-storm of blinding intensity.

With Holbrook Blinn, Harrison Ford, Edgar Rosworth, Harry Myers, Harry Watson, Jr., Richard Carle, Emily Fitzroy, Jack Huff, Hedda Hopper and others in the cast, "Zander the Great" moves dramatically, yet with many funny touches to relieve it, across the silver-sheet—a drama of intense and concentrated energy, and which is said to provide something different for those picture-goers. It is a Cosmopolitan production released by Metro-Goldwyn.

"THE CROWDED HOUR"

Rebe Danahoe comes to the Pennington Allen theatre in "The Crowded Hour," adapted for the screen by John Russell of the same name, on Wednesday, June 17th.

The story is laid in New York and behind the lines in France during the World War, and has to do with Peggy Lantree, an ordinary New York girl, who plugs away day after day at a telephone switchboard. She has ambitions to become an actress and, with T. Roy Barnes, who with Kenneth Harlan, heads the strong supporting cast, try out during amateur night on the Bowery. They are hooded off, but Harlan, playing Billy Laddlaw, a wealthy young engineer, sees something original in their act and gets them a chance in the "big time." It is not long before the pair are the hit of the "Follies."

The war scenes are the best ever heard of, and are real thrills here. Combining comedy, thrills, love interest and drama, "The Crowded Hour" is what might be classed as an unusual picture.

The Value of Insurance

"If you know the value of Money, go and try to borrow some." Benjamin Franklin

There is insurance wisdom in this saying that does not appear on the surface.

Let the man who is not protected by insurance experience a loss, and then have to rebuild without insurance money. He will have to "try to borrow some," and at the same time learn the value of money and insurance.

SUMMER SCHOOLS—JUNE 29 TO AUGUST 7TH.

As has been the custom for a number of years, Wayne county will offer courses at the Detroit Teachers College this summer for all county teachers.

County teachers may take city courses by paying the regular tuition. Enrollment and registration June 25th and 26th.

The session begins June 29th and continues for six weeks.

Teachers who attend the summer school at Ypsilanti are urged to enroll in the rural department. This in no way handicaps them for any future work they may desire to take, and provides the advantage of the immediate service that it will be to them.

BRIGGS SCHOOL NOTES

The rural picnic at Elizabeth Park, last Saturday, was well attended by the Briggs community. Fifteen families went in their own cars, which shows that all are interested in school affairs. Our school was very proud to win so many prizes in the races. Harold Rossow won third in the 30-yard dash; prize, pencil box. Harry Wagenschutz won first in the 75-yard dash. Harley Wolfrom won second in the 90-yard dash. Leroy Simmons, first in the 150-yard free-for-all; prize, tennis shoes. Leroy Simmons, Gerald Simmons, Harley Wolfrom and Bert Ruteubar won first place in the relay race, which made our school the winner of prizes, foot balls. We won second place with our exhibit in Zone A. The school prize is a foot ball.

Coventry Gardens

A New Idea in Suburban Development

Heretofore only those who could afford \$25,000 to \$50,000 homes have been able to enjoy the satisfaction of living in a residence section laid out in generous size building lots, rendered attractive by winding drives, full-grown shade trees and a beautiful vista of rolling hills.

Now in Coventry Gardens, all these advantages are offered to prospective builders of moderately priced homes.

50 Foot Lots \$750

Lots in Coventry Gardens are of ample size (50 feet to 125 feet in width and 135 to 200 feet in depth) to accommodate homes of the wide, rangy type, placed well back from the street, and still leave plenty of space for lawns and gardens.

At prices as low as \$750 for lots 50 feet wide and 135 feet deep, with a down payment of less than 10% in case the purchaser plans on building in the near future, Coventry Garden lots are a "buy" that you will find it difficult to equal in any other home community.

CITY IMPROVEMENTS

Water—Sewers—Sidewalks—
Electricity—Improved Streets

Do not overlook the fact that prices of Coventry Garden lots include city improvements—sewers—water, sidewalks, electricity and improved streets! And take into consideration also the strategic location of the property—on two paved highways, Five Mile and Farmington Roads, with a third projected Fordson highway leading direct to the River Rouge Ford plant.

Compare Coventry Gardens in point of location, improvements and general desirability with any other suburban development and you will realize that here at last is the ideal location for the home of your dreams.

The Best Is Not Too Good

Sometimes a storekeeper believes that because his stock is not the largest—his fixtures not the newest—his store not in the best location—his building not imposing—he doesn't need the most improved lighting.

Experience proves the contrary. More than other storekeepers who are better circumstanced, he needs the best lighting to offset disadvantages that he cannot easily control.

No other improvement that he can think of has such power, to increase trade as this single item of lighting. Lighting attracts. Lighting makes sales. Lighting pays profits.

We will inspect your lighting equipment and suggest improvements without charge.

DRY SPRING CUTS TONNAGE OF CLOVER AND TIMOTHY—M. S. C. SUGGESTS SHORT-SEASON SUBSTITUTES.

With a greatly reduced red clover and timothy hay crop starting them in the face as a result of the dry spring season, Michigan farmers will in many cases be forced to resort to emergency short-season hay crops, according to crops men at the Michigan State College.

Alfalfa and sweet clover are said to be coming through nicely, and those who have fields of these crops to cut for hay are congratulating themselves. Many others, however, will not even bother to cut their clover and timothy fields unless relief comes soon in the way of general rains. For these, the emergency "short-season" crops are important.

"The present emergency can be met partially by getting busy and seeding some shorter season crop, to ride over the shortage," says L. D. Kurtz, extension specialist in farm crops at the college. "These emergency crops produce excellent yields within a single season."

"Soy beans, sudan grass, the millets, and fodder corn are among the short season crops which can be recommended. These crops should be seeded as soon as possible—the earlier the better. Well prepared seed beds are important. More detailed information on handling these short-season crops can be obtained from local county agricultural agents, or directly from the farm crops department at the Michigan State College.

ELM

The Elm Sunday-school classes are now meeting with the Community church Sunday-school at Livonia. We hope to see all our members out next Sunday; as yet we haven't had a very good attendance from Elm. The children are now preparing a Children's Day program.

Mrs. Fred Wilson is suffering from a severe attack of pneumonia, and at this writing is not at all well. Hope to hear a better report next week. Elm friends extend their heartiest congratulations to Mr. and Mrs. Edward Styles. Mrs. Styles was Miss Floralde Rowe before her marriage, which took place last Saturday, June 6th.

Mrs. Frank Wolfstrom and children will leave shortly for a visit in Borea, Kentucky.

The P. T. A. and teachers of Elm school took the children of this community to the picnic last Saturday, at Elizabeth Park. In spite of the terrible heat, there was a very large crowd, and the graduates of the various schools all over Wayne county, received their diplomas. The graduating class of Elm, included Dorothy Bentley, Donald Burke, Georgia Rowe, Agnes Hayes, Fred Wilson, Jr., and Elaine Sbarrow.

Mr. and Mrs. George Bentley will attend the 25th anniversary celebration of Mr. Bentley's class at the University of Michigan, on Friday and Saturday.

The sewing club, under the direction of Miss Lois Corbett, held their last meeting last week Thursday at the

METHODISTS GOING SOME—BASE BALL TEAM WINS EVERY GAME

Much interest and rivalry is being aroused among local baseball fans, in the evening games played on the High school field between various teams. Nearly every evening finds the field in use by one group or another, indulging in this healthy pastime of playing the good old American game.

The Methodists with a picked team have been able to win every game which they have played so far. Four games were captured from the Presbyterian team, one snatched from the Boston King Foundry team, and another victory last Wednesday evening over the Daisy Employees' team, with a 6 to 5 score. This week Wednesday they played the Daisies once more, and we hope it will be another victory to their credit. A game with the Odd-fellows was postponed from Monday night on account of a wet field. A game with the Whitfield Methodists of Detroit, will be played in the near future.

If you like to see some real good sport, come out of an evening and watch these boys play.

The Methodist line-up is as follows: Roy Sallow, p.; William Curtis, c.; Arlo Soth, 1b.; Ivan Gray, 2b.; C. H. Hammond, 3b.; Louis Fredericks, ss.; George Huger, l. f.; Wilfred Wilson, r. f.; Leslie Conita, c. f.

CIVIL WAR VETERANS HONOR COMRADE, 93.

The Ypsilanti post of the G. A. R. last Saturday evening gave a dinner in honor of Henry Nieman, 93 years old, whose birthday was Friday. Nieman fought through the entire Civil War, having been in various organizations and taking part in several of the big battles. Mr. Nieman at one time resided in Plymouth.

ALLEN SCHOOL WINS FIRST IN ZONE A.

The second annual picnic of Wayne county rural schools was held at Elizabeth Park, Saturday, June 6. Some very attractive exhibits from each school were on display in the pavilion. The first prize for exhibit from Zone A was awarded to the Allen school. The prize was a picture, entitled, "Spring Song." Those exhibits taking first place will be on exhibit at the State Fair.

LOCALS PLACE IN STATE MEET

Against the fastest Class C competition in the state, three of the lads entered by Coach Conita in the state high school track championships at East Lansing, under the auspices of the Michigan State College, placed in their events. Wendell Bondt won fourth in the high jump; Everett Cummings finished fourth in the hurdles, and Russell Reiman took fourth in the shot-put. Plymouth finished fifth in the relay race, with a field of 18 starters.

BASE BALL

Saturday the House of Correction defeated the Lansing Iron Works team of Lansing, 21 to 7. Garrison throwing for Lansing, could not hold the Officers, and was removed for Hammond. The first ball Hammond pitched, A. Jaska met for a home run. Rowland for the Officers had an easy day.

Sunday the officers added another victory in defeating the Windsor Athletics 6 to 3, this being the second game the Officers have taken from the Athletics. Crossman on the mound for the officers allowed only six hits.

Sunday morning at 10:00, the annual Children's Day Program. "The Enchanted Latchkey" is the name of the program. It will be a very unique and worth-while program. The public is invited. The annual Children's Day offering will be used to help young people get a college education.

Take care of your character and your reputation will take care of itself.

A hooster is an asset to any church, but a knocker is an asset only to the devil. It is up to every Christian to be a hooster for Christ.

The teachings of the church are the moral restraining forces in any community, but some people like a sponge, are soaking up its benefits and giving nothing in return.

Attend church next Sunday, and show that your heart is in the right place. A true, loyal Christian can be judged by his attendance at church on Sunday.

PRESBYTERIAN NOTES

A joint meeting of the Busy Woman's Bible Class and the Ready Service Class will be held at the manse, next Tuesday. A pot-luck dinner will be served.

Children may be baptised next Sunday morning. Parents are asked to confer with the pastor. Phone 138-P2.

We were proud of our organist, last Tuesday night after the recital, and pleased to welcome our guests from out of town. A good offering was received for the benefit of the church.

The last communion service before vacation will be held on the morning of June 21st. Those desiring to unite with the church are asked to confer with the pastor.

Rev. B. F. Farber is to preach for us the last Sunday in June. There is some prospect that Rev. Carl Miller, another former pastor of this church, will preach for us the first Sunday in July. Let us give both these men a hearty welcome.

A Children's Day program will be given by the Sunday-school, next Sunday morning, beginning at ten o'clock. The vested choir will participate, as usual, in the opening of the service. Let's have a one hundred per cent attendance and advance our record.

Alton Trundull is improving steadily in Harper hospital, and Evelyn Schrader is convalescing in St. Joseph's hospital. Both expect to return home soon.

The pastor is to preach the Baccalaureate sermon in the High school auditorium, next Sunday evening at eight o'clock. Our vested choir will provide the music. This is a union service and the public is cordially invited to attend.

The Woman's Auxiliary had a reception to the organist and her assistants after the recital Tuesday night. Fruit punch and wafers were served. The church members and the auditorium were prettily decorated for the occasion by our capable Director of Aesthetics and members of the Auxiliary.

Re-roof for the last time

RE-ROOF for the last time and save money from the very start, because now you don't have to tear off the old shingles. You can lay Johns-Manville Asbestos Shingles right on top of them. You eliminate the chance of damage to plaster or furniture upstairs in case of sudden rain while the work is in progress. No fuss, no muss, no litter, no damage to flower beds near the house, no inconvenience at all. And the double roof will make your upper rooms warmer in winter and cooler in summer.

Johns-Manville Asbestos Shingles

Just as long as the building they protect. Because they're made of asbestos fibre and Portland Cement, they simply cannot rot or burn, will not warp, curl or split; never rot or dry out and never need paint.

Re-roof for the last time and increase the value of your building. Johns-Manville Asbestos Shingles transform an old unsightly roof into one that is attractive, fire-proof and permanent.

MOTHERS' DAY

That a day so rich in sentiment, so tender in its meaning, should be officially adopted in a country which scoffs at sentiment and prides itself on its veneer of practicality is a hopeful sign. Like the divining rod of old usage, it reveals underneath the crust of commercialism a perennial Spring of idealism. Although the formal designation of a specific day as Mothers' Day was but recently made in this country, we find, in turning the pages of history, that the idea rests, like so many of our customs, upon an ancient foundation. It strikes deep roots into universal truth and emotion. Mother love antedates the christian religion. Mother worship, with its own rites and ceremonies, reaches back to pagan times. The fourth Sunday of Lent, the faithful visited the church where they were baptised, bearing gifts for the altar. Just when and how this festival of worship for the Mother Church gave rise to the observance of a Mothering Sunday, is uncertain. It is sure, however, that a long time ago when young men and maidens were bound out as servants, mid-lent Sunday was set apart for them to visit their parents: to go a Mothering, it was called.

A number of cities in the United States celebrated a Mothers' Day as early as 1869 and 1910; but the thought of a special Mothers' Day in Sunday-schools and churches originated with Miss Anna Jarvis of Philadelphia, to whom the idea came when she was asked by the superintendent of the Sunday-school in the Virginia town in which her deceased mother had long been the moving spirit, to arrange a memorial service.

With the carrying out of this congenial and sacred duty, came a realization of the growing lack of tender consideration for absent mothers among worldly minded, busy, grown-up children of the unselfish mother, living or dead. And thus the Mothers' Day came into the churches and schools. And has been expanded to include an outward demonstration of the latent love and gratitude to mothers, by a gift, words of appreciation, an act of kindness or a letter on the part of everybody.

OFFICIAL MOTHERS' DAY

In the year 1914, Congress resolved that the president of the United States is hereby authorized and requested to issue a proclamation calling upon the government officials to display the United States flag on all government buildings, and the people of the United States to display the flag at their homes, or other suitable places, the second Sunday in May, as a public expression of our love and reverence for the mothers of our country. This joint resolution was approved and signed by Woodrow Wilson, president of the United States on May 8th, 1914. His proclamation included the following tribute to mothers: "Whereas the service rendered the United States of America by the American mothers, is the greatest source of the country's strength and inspiration, and whereas we honor ourselves and the mothers of America when we do anything to give emphasis to the home as the fountain head of the state, and whereas the American mother is doing so much for the government and humanity: Therefore be it resolved that I, Woodrow Wilson, president of the United States, do officially proclaim the second Sunday in May of each year as Mothers' Day."

If the swiftly growing popularity of Mothers' Day shall help to restrain the present tendency toward filial disrespect, its emblem, the white carnation, will come to be revered as one of the most precious of our national flowers.

Mrs. Luther Peck, May 28, 1925.

Picked Up About Town

Dad Plymouth says a bigger puzzle right now than the cross word puzzle is to go in the garden and tell which are weeds and which are vegetables.

They are now turning out a non-breakable airplane. We suppose it will be about as successful as the non-sinkable ship.

We overheard Dad Plymouth say the other day that he wouldn't be surprised if this run war wasn't started by the bootleggers as an excuse for raising prices.

We see where a Pullman conductor made the statement that if he judged the modern women by their clothes, most of them could ride for half-fare.

"I don't care how many degrees these June graduates get," asserts Dad Plymouth, "it still remains for the world to give them the best one."

Dad Plymouth is authority for the statement that fishing gives a fellow time for a lot of meditation—and most of the time that's about all he gets.

A bird has sense enough not to do wrong, but that's more than a jail-bird has.

"The man who is in too big a hurry driving a car to halt thirty seconds," declares Dad Plymouth, "ought to get thirty days where the dogs can't break in and bite him."

Eight bids were opened by Mr. E. C. Shoecraft, engineer, and tabulated for comparison. The trend of the bids received was such that it was considered proper to open the bids for the ninety-two thousand (\$92,000.00) dollar sewer bids before the tabulation of the sewer bids was completed; and therefor, on motion, seven for these bids were opened and tabulated as follows:

D. 1925, at the Security Trust Company of Detroit, Michigan, with interest thereon until paid at the rate of 4 1/2 per annum, payable semi-annually on the fifteenth day of June and December of each and every year from the date hereof at the said Security Trust Company of Detroit, Michigan, upon the presentation and surrender of the proper interest coupons hereto attached as they severally become due, and for the prompt payment of the principal and interest of this bond and of the series of which it forms a part, the full faith, credit and resources of the said Village of Plymouth are hereby irrevocably pledged.

This bond is one of a series of bonds of like date and tenor except as to dates of maturity issued under, in pursuance of and in conformity with the provisions of the charter of the Village of Plymouth and the statutes of the State of Michigan, and was authorized by vote of more than three-fifths of the qualified electors of said Village, voting at the regular village election held therein on the 9th day of March, A. D. 1925. The series of bonds of which this is one has been authorized to be issued for the purpose of raising funds to defray the expense of building a sewage disposal plant and constructing certain trunk line and lateral sewers in said Village of Plymouth, and is hereby declared to be exempt under and in accordance with the provisions of Act eighty-eight of the Public Acts of Michigan for 1909.

The principal and interest of this bond and of the series of which it forms a part are payable out of the interest and sinking fund of the said Village of Plymouth.

It is hereby certified and recited that all acts, conditions and things required to be done precedent to and in issuance of said series of bonds of which this is one, in order to make them valid and legally binding obligations of the said Village of Plymouth, have been and have been done and performed in regular and due form and time as required by law and that the total indebtedness of the said Village of Plymouth, including this bond and the series of which it forms a part, do not exceed any constitutional or statutory limitation.

IN WITNESS WHEREOF, the President and Clerk of the said Village of Plymouth, County of Wayne and State of Michigan, have hereunto subscribed the corporate name of said Village, attached the corporate seal thereof and executed this bond the fifteenth day of June, A. D. 1925.

VILLAGE OF PLYMOUTH,
Wayne County, Michigan.

By _____ Treasurer.

The Village Treasurer was present and presented his plan that for the present year he should receive one (1%) per cent of all Village money collected as his salary. This plan was, on motion, accepted.

Commissioner Hillmer excused at this time.

Mr. Shoecraft presented the tabulation of the bids for sewer construction as follows:

Thomas D. Nolan Co.	55,478.85
Liberty Construction Co.	58,004.00
Ole Johnson	63,198.00

H. C. Robinson, President.
Sidney D. Strong, Clerk.

Plymouth, Michigan, May 21, 1925
An adjourned regular meeting of May 18th, held in the Commission room, Thursday evening, May 21, 1925, at 7:00 p. m.

Present: All five Commissioners.

Mr. Shoecraft was present from Ann Arbor, bringing with him the detailed tabulation of the bids for sewer construction received Monday evening. He recommended that the contract be awarded to the second bidder, Thomas D. Nolan, on the ground that the low bidder was entirely too low to permit the work to be done properly.

The following resolution was then presented by Commissioner Rambo, who moved its adoption, supported by Commissioner Hillmer:

Resolved, that the contract for sewer construction be awarded to Thomas D. Nolan at the unit prices tendered in his proposal, and that the President and Clerk be and hereby are authorized to enter into contract with Mr. Nolan, after the two proper bids are filed with the village.

Carried unanimously.

The Commission then adjourned.

Tree climbing seems a trivial matter to Alfred Grissom, a man past 82 years and a veteran of the Civil war. One day last week he discovered a swarm of bees in one of the trees on his farm and he proceeded to climb the distance of 25 feet to swarm the hive. Quite a record for a man of his age. PLEASE ORGAN RECITAL

A rare musical treat was given the audience at the First Presbyterian church, last Tuesday night, when the organist, Miss Olive Merz, gave her second public recital since becoming the pupil of Dr. Francis A. Mackey, the organist at St. Paul's Cathedral, Detroit. She was ably assisted by Miss Marian Humphrey, contralto soloist of Detroit. An offering was taken for the benefit of the choir. Talbot Lowe of Detroit, playing the offertory selection. Miss Humphrey and Mr. Lowe are also pupils of Dr. Mackey. Following were the numbers given:

- Sonata in D minor Rogers
 - Chorale
 - Adagio
 - Scherzo in modo pastorale
 - Toccato
- Like as a Heart Desireth Allitson Miss Marian Humphrey
- (1) Will of the Wisp Nevin
(2) Andantino Lemare
(3) Evendite Frystinger
- Abide With Me Little Miss Marian Humphrey
- Suite Gothique Bellmann
 - Introduction Chorale
 - Minnet, Gothique
 - Priere a Notre Dame
 - Toccato

Both the auditorium and the parlors were prettily decorated for the occasion by members of the Woman's Auxiliary, under the direction of H. J. Green. Members of the Daisy-Weaver Class, of which Miss Merz is teacher, acted as ushers and flower girls.

After the program the ladies of the church gave a reception to the organist, her assistants and guests in the parlors of the church. It was a very pleasant occasion, and the Presbyterians consider themselves fortunate in having Miss Merz as their organist.

GARDEN GROVE SUBDIVISION

On another page of this paper will be found a full page advertisement of the new Garden Grove Subdivision, owned and developed by Harry S. Wolfe. This subdivision is well located on the Seven Mile and Farmington roads, both of which are paved. This property has some fine frontage on the Seven Mile road and one hundred beautiful building lots on the Farmington road. Mr. Wolfe has lived upon this farm for the past twenty-five years, and he is making every effort to make this property a beauty spot of fine homes.

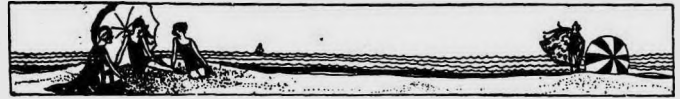

The new subdivision is easily accessible to Detroit and Ford's Highland Park plant, by means of a good bus service. The lots have been reasonably priced, and the terms are most liberal. Already several new homes are in course of construction. Read the ad for further particulars.

ROTARY CLUB HEAR INTERESTING TALK

The Plymouth Rotary Club were privileged to hear a very interesting talk at their noon-day luncheon, last Friday, by Lieut. Kunath of the Detroit police department, who spoke on the subject of "Narcotics." The lieutenant is a very interesting speaker and his long experience in the narcotic division of the Detroit police department qualifies him to speak with authority on the great evils and the effects of habit forming drugs. He brought along paraphernalia used by drug addicts in administering the various kinds of "dope," and explained how they were used. It is to be hoped that Lieut. Kunath will visit Plymouth again and give his talk to a larger audience. Several visitors from the Wayne Rotary Club were present, as also was F. H. Swits of Ann Arbor, who gave a short talk on the Boy Scout work in Washtenaw county.

FORD LUBRICATION

The Ford lubricating system is a combination of simplicity and ingenuity unsurpassed in any car. It saves the Ford owner many an hour "going over the greasercups" a painful necessity with most other cars. But it does require some attention.

Because the oil you put in your Ford crank-case performs so many duties,—for this reason greatest care should be taken in selecting the right oil. Yet we venture to say more bootleg oil is poured into defenseless Fords than any other car.

Your Ford is a loyal friend, give it a square deal. No oil is too good for "Lizzie" and, because we know it's true, we tell you

Staroline
NON-CHATTER

a motor oil for Ford cars only, is the best.
