PLYMOUTH BOY SCOUTS ENJOY CAMPING TRIP

Plymouth Boys Received 79 of the 126 Merit Badges That Were Presented in Camp.

This year's camping expedition by the Boy Scouts, was one of the most successful they have had yet. This being their third trip out into the open, some of them are coming to be experienced campers, which is an experience that any red-blooded boy or man can well covet. The first trip for the local troop was two years ago at Island Lake for eight days, twenty-two boys. Last year eleven boys were out at Silver Lake for eight days. Each of these years the boys did their own cooking and camp management under the supervision of the Scoutmaster. This summer, the Troop Committee, having decided to affiliate with the Washtenaw County Council of the Boy Scouts, the troop was afforded the privilege of being in a larger camp with wider supervision and added leadership. On June 25, eleven boys with the Scoutmaster, packed up and packed off in Blunk's truck, to West Lake, three miles north of Chelsea, to the seat of the Washtenaw County Camp, for ten days.

The camp this year was divided into three sections of ten days each. Our local troop was in camp with the second section, composed of 52 boys from Ypsilanti, 13 from Ann Arbor, 11 from Plymouth, and eight officials, including the Scout Executive, F. H. Swits of Ann Arbor. Tents, cots and cooking equipment were provided by the Ypsilanti Training Corps, and everything was all set for action when our boys arrived at just the dinner hour.

It took but a few hours of adjustment for the Plymouth Scouts to fit themselves thoroughly into the camp life and spirit. On this first day in camp, at tent inspection just before marching to supper, our boys, who were in tent 8, ran a close race with tent 7, boys from Ypsilanti, for the best ordered tent. However, on a further and exceedingly minute army-type inspection, the award went to tents 7 and 6 all the time in camp, and several times won the award. Only in the matter of indoor baseball did the Plymouth boys go behind their record. A picked team from the 52 Ypsilanti boys, was able to clean up on any and every other team in camp. However, Plymouth boys won the Horseshoe Throwing Tournament, to make up for the baseball defeat.

Perhaps you would be interested in knowing how Scouts spend their time in camp, aside from playing and eating. And by the way, such eats! The Scout who didn't come back home fatter and more stuffed than when he went to camp, could not blame it on the cook and his assistant. Three full square meals every day such as only boys can eat, and only cooked only can prepare. "Mitch," they called the cook, was the most popular guy in the whole camp, and a good Scout he was too, mixing in all the boys' sports and fun. Well, aside from eats and play, the morning hour after breakfast was given over to detail duty, each table having various duties assigned for the day, such as cutting wood, pumping water, cleaning up camp, etc. Following this until 11:30, the morning hours were spent in working on Scout tests.

At 11:30, the swimming call was sounded on the bugle, and all or most of the boys went in for a clean-up before dinner. The afternoon was spent in a rest hour after dinner, and games, hikes, tests, swimming, boating, etc. The evening hours before bed-time, were spent in games and boating, followed by campfires and singing, stories and talks by various leaders. It is easy to be seen by the foregoing outline of activities that the boys were not hemmed in and kept at hard work all the time, but plenty of time for play and relaxation and real enjoyment of camp life, with just enough of supervision and enforcement of camp rules and work and study to make it a profitable time for training as well as for play, but not a single dull moment. It was not, and a Scout camp can never rightly be, a military camp, where boys are kept under hard and fast rules and army regulations, but a good healthy kind of suggestive leadership, with a touch of necessary enforcement of rules now and then to keep the boys in order. And that kind of leadership always comes from boys, who have character and respect for themselves and those who are trying to help them and give

them a good time. Needless to say, the majority of the boys entered into the spirit of the camp life under the wise and efficient leadership of Scout Executive Swits. Not a boy in camp but learned to love him and respect him. When they left camp they were saying, "Gee, ain't he a good guy, though?" and were just hoping and praying they could be with him in camp next year.

It will be intensely interesting to the people of Plymouth to know that the Plymouth Scouts did themselves and Plymouth proud by their record while in camp. Besides the honors mentioned previously in this write-up, our boys carried off all the other camp honors. As stated, the mornings were largely spent in working on Scout tests, which is one of the advantages of Scout camp, that it affords time and opportunity for boys to advance themselves in the principles and practice of Scouting. The fellow who did not advance himself at least one grade in Scouting while in camp, was either lazy or had reached his limit.

The camp leaders examined the boys in various tests, and then reported to the Court of Honor which held session on Wednesday night, and awarded honors. Now, to pass a test in Scouting, the Scout must prove himself efficient and capable to meet the requirements, which often require a great deal of study and preparation and training. Few people realize just what native ability and initiative it takes for a boy to be a real Scout. If they could be familiar with the tests required, they would have a far deeper appreciation of what Scouting means to the thousands of boys in this country and around the world, and also to the local community. Certain tests are required before one is a First Class Scout, and then he is privileged to earn Merit Badges, if he can pass the requirements. Five such Merit Badges are required before one can become a Star Scout. Then five more particular badges are required for Life Scout Honor, namely: First Aid; Personal Health; Public Health; Pioneering and Physical Development. And every one of these are real tests. Eleven other badges besides these are required before the highest rank in Scouting is achieved, Eagle Scout. Among the 84 Scouts and officials in camp, 126 Merit Badges were distributed as having been earned and won fairly. Of these 126 badges presented by the Court of Honor, which is made up of prominent business men of Washtenaw County, 79 of them were won by 8 Plymouth Scouts. We wish we had room to enumerate them all here, but can only give the number each earned.

Stuart Rambo—Awarded 12 Merit badges and 1 Star and 1 Life Scout badge.

Frazer Carmichael—Awarded 11 Merit badges and 1 Star Scout badge.

Lawrence Rattenbury—Awarded 11 Merit badges and 1 Star Scout badge.

Jack Caldwell—Awarded 8 Merit badges and 1 Star Scout badge.

Allan Strong—Awarded 7 Merit badges and 1 Star Scout badge.

Howard Dicks—Awarded 6 Merit badges and 1 Star Scout badge.

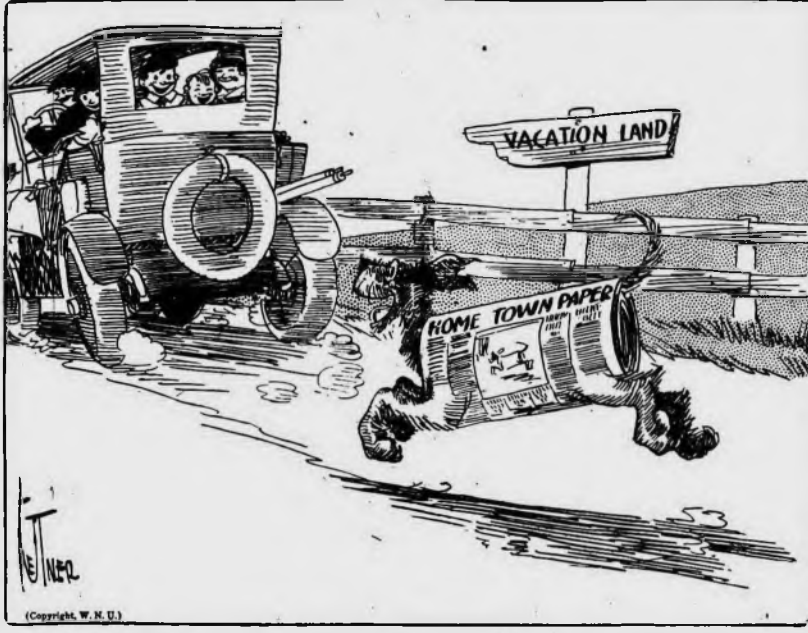

William Bake—Awarded 5 Merit badges and 1 Star Scout badge.

D. D. Nagle—Awarded 5 Merit badges and 1 Star Scout badge.

Only one other Star badge was awarded outside of Plymouth Scouts, and only 46 Merit badges won by all of Ypsilanti and Ann Arbor Scouts. Besides these Plymouth boys above mentioned, there were also Claude Rucker, Harold Hubert, Clare Lyke and Ralph Birch in camp. Clare finished his 2nd class work and was made a 2nd Class Scout while in camp. The other boys each passed several 1st Class tests.

The last night in camp, camp honors for the second section were given out by the camp leaders for various Scouts who won 100 points or more for certain camp duties and camping standards. Out of the whole bunch of 76 boys in camp, Plymouth Scouts were the only ones to receive such honors. Six of them received the camp monogram, W. C., for having over 100 points, as follows: S. Rambo, 214 points; Carmichael, 204; Rattenbury, 140; Caldwell, 130; Strong, 126; Dicks, 118. Further honors were bestowed as follows, the highest award going to Stuart Rambo, with an award

Have Him Follow You on Your Vacation

of a silver bar; second place going to Frazer Carmichael with an award of a gold bar; the three next highest were each given an award of a red bar.

In the track meet near the close of the section, Carmichael took first place, and Rambo, second place, in the 110 pound class. Two Ypsi boys took first and second place in the under 110 pound class.

And now our tale must close. We have shown clearly what Plymouth Scouts can do even when up against Ypsi and Ann Arbor. We wish we had time to tell about other features of camp life, the closing scenes of camping each night, the "doodle-bug," getting ducked in the lake as a camp initiation, wading around in the lake muck, etc., etc. But we must stop. Let's close with three ringing, lung-splitting, hair-raising "Yees" for Washtenaw County Council Scouts, and its executive, F. H. Swits. Yes, Team! If you want to hear some more about it ask any Scout who was there.

ROTARY CLUB HELD PICNIC

Over one hundred members of the Wayne and Plymouth Rotary clubs, with their ladies, held a picnic at the tourist camp in this village, last week Friday afternoon. The ball game between two teams from the clubs resulted in a victory for Wayne. The Wayne people furnished a program of sports for men, women and children, with liberal prizes for all events, while the Plymouth club furnished the eats. The ladies of the Lutheran church served a delicious chicken supper, and words of praise for its goodness were heard on every side. After supper all joined in singing several songs. This was the first inter-city meeting of the two clubs, and needless to say all enjoyed the afternoon and evening.

FORMER PLYMOUTH LADY WEDS

A wedding of more than local interest was quietly solemnized Tuesday, July 14th, when Mrs. Clara A. Riggs of Venice, California, widow of the late Edward L. Riggs, prominent merchant of this place, and Otis Wentworth of Los Angeles, were united in marriage by Rev. W. F. Braswell, in the parsonage of the First Baptist church, Santa Monica.

The bride was attired in a tan ensemble suit, with hat to match. Following the ceremony, a wedding luncheon was served at the bride's home in Venice, and the couple left for a trip to Alaska, visiting San Francisco and Seattle en route, returning to Venice, September 1st.

The groom was formerly a resident of this vicinity, and is a well known contractor, having built many fine structures in Michigan and other parts of the United States, among them the Carnegie library at Niles; also the mammoth Wire Works of that city, the Appeal to Reason building in Girard, Kansas, and many buildings in Denton Harbor, where he still owns a home.

The bride is a former well known Plymouth lady, with a wide circle of friends whose best wishes for her future felicity follow her to her home in sunny California.

NEW BUSINESS AREA PLANNED

LIMITS OF MARQUETTE PARK ARE DEFINITELY DECIDED ON BY ASSOCIATION.

The limits of Marquette Park, the new development extending from River Rouge to the village of Plymouth were definitely decided upon at a meeting of the Marquette Park Development Association. It was announced Saturday by George W. Alberts, chairman of the rules and revisions committee.

The Detroit city limits, bordering on River Rouge, forms its eastern boundary, extending west to the village limits of Plymouth. Its north and south borders, which were under discussion, have been set a mile each way from the Pere Marquette railway tracks. The entire area now embraced involves 20 square miles.

Two of the West Side's most important highways traverse its full length, linking Plymouth with Detroit. Schoolcraft road, a proposed 204-foot superhighway, under the Metropolitan plan for Detroit, will offer a steady outlet for the northern part of the development, while the same function will be performed in its southern half by Plymouth road, now the only connecting link available to traffic between Detroit and Plymouth. Other highways that are playing an important part in the development of the West Side intersect the area in a north and south direction. The Fordson highway, now planned, will pass through Marquette Park, linking the Rouge industries with Northville. Other thoroughfares penetrating the district now connect with the new Oakland highway, running from the Highland Park Ford plant into the industrial sections on the West Side.

The natural facilities that Marquette Park offers to warehouses and light manufacturing along the route of the Pere Marquette railroad cannot be ignored in the zoning plans. There probably will be a zone for such enterprises provided for along the railroad's right-of-way, with higher type of homes along the outer borders of the district.

There is, in fact, a desire on the part of the association to make Marquette Park a model industrial community.—Detroit News.

OAKLAND COUNTY BOY MAY BE CHAMP.

Kenneth S. Rucker of Wixom, is listed among the five champions of the lower peninsula of Michigan in the National Health Contest now under way. Comparison of the leading health specimens of the two peninsulas of the state will result in the selection of the winner, who will go to the national health show at Chicago.

Kenneth won his trip to Lansing through being champion pig club boy of Oakland County. He is the youngest son of Mr. and Mrs. Ernest Becker, formerly of Plymouth.

ROTARY CLUB HEARD FINE ADDRESS

At the noon-day luncheon of the Plymouth Rotary Club, last Friday, the members had the pleasure of hearing a splendid address by Edward Knight, sales manager of the Detroit Creamery Co., and several beautiful solos by Eddie McGrath, Detroit's popular singer.

The subject of Mr. Knight's address was "Functions of a Rotary Club." He said in part:

"Service is the key-note of Rotary, as it is the basis of all worthy enterprise, and so there should be application of this ideal service by every Rotarian to his personal business and community life, thus giving a great opportunity to serve society.

"Rotary is a great world-wide attempt to put into complete practice some of the greatest teachings of all our leaders, the teachings of whom have completely altered the course of history, even with imperfect observance. It is carrying these principles into the field of business, which has been founded upon the wrong basis that 'Business is Business.' But 'Service before Self' is not only good ethics, but is a far-sighted business policy that will bring about a new economic era and an advance in prosperity and happiness such as the world has never seen.

"To many men business means only financial profit. They resemble the man who on his return from a trip was asked the question, 'Was your trip to Egypt a success?'

"I'll say it was," he said. "Seeing the Sphinx gave me an idea for a slogan that will increase our business at least forty per cent next year."

"Public sentiment demands a finer business conscience—as a consequence business men have to come to accept the doctrine of social service, which teaches that the real function of all business is serving mankind.

"This Rotarian philosophy, that service is the basis of all business, demands the consideration of service before self.

"Rotary is primarily a spiritual organization. It fosters the spiritual development of its members, hoping that its influence will extend beyond its comparatively limited membership, and act as an uplift to our whole social organization.

"It is not enough to live and let live—we must live and help live!"

FUNERAL OF MRS. EMMA HAMILTON

Funeral services for Mrs. Emma Hamilton, whose death was noted in last week's Mail, were held from the Schrader Bros. Funeral Home, last Saturday afternoon at 3:00 o'clock. Rev. S. Conger Hathaway officiating.

Emma E. Chase, daughter of Abel and Salome Chase, was born in Livonia township, January 26, 1842, and was united in marriage August 9, 1880, to Clarence J. Hamilton, who departed this life December 15, 1902. Mrs. Hamilton had a keen mind and retained her interest in earthly affairs until the last. She was active and energetic until a few months ago when she suffered a fall, from which she never recovered, and which doubtless hastened her death, which occurred July 9, 1925, after an illness of but a few days.

Mrs. Hamilton was a faithful wife and a devoted mother to the step-son and daughter, Coella Hamilton of this place, and the late Mabel Hamilton Cooper of Oakland, California. Although Mrs. Hamilton's interest was ever with her family, she still found time for numberless acts of kindness, which endeared her to her many friends and neighbors. Her whole life was one of service. While quite young she became a teacher, and after her marriage, in addition to caring for her own household, she tenderly ministered to the mother and sister, who passed from life a number of years ago, and later on she mothered the daughter and granddaughter of the sister she had loved so dearly.

Mrs. Hamilton leaves to her dear step-son, Orello Hamilton, and family; her niece, Mrs. Beanie Hood Davis of Cincinnati, Ohio; Mrs. Maud Hood VanAlst of Plymouth; her nephew, Arthur A. Hood and family, and many friends and neighbors. O wonderful life of beauty! Her only thought was to serve; She followed the path of duty; Not once did her footsteps swerve. Thinking only of others, As bravely life's path she trod; She has given the world her service, And so she has served her God.

Thomas Wood of Hamilton, Ont., visited his brother, William Wood, Monday and Tuesday.

THE ANNUAL SCHOOL MEETING

J. W. HENDERSON AND FRANK J. PIERCE RE-ELECTED TO SUCCEED THEMSELVES.

The annual school meeting of District No. 1, Fr., was held at the High school building, last Monday evening, and was largely attended. J. W. Henderson, president of the board, presided over the meeting. Mrs. D. F. Murray, secretary of the board, read a statement of the receipts and disbursements for the past year, and the report was accepted and adopted by the meeting.

The budget of expenditures as estimated by the board was then read by the secretary. The board has estimated an expenditure of approximately \$84,655.00. After deducting \$22,200.00 from this amount, as estimated receipts from tuition, primary school fund, Smith-Hughes fund, the board recommended that the sum of \$62,455.00 be raised by taxation. The budget as recommended by the board was adopted by the meeting. Last year the sum of \$53,500.00 was raised by taxation. During the last semester, the board found it necessary to hire two more teachers, and it is anticipated that several more teachers will be needed during the coming year.

President Henderson appointed William Tait and Oliver Loomis as tellers, and the meeting proceeded to elect two trustees, J. W. Henderson and Frank J. Pierce were re-elected to succeed themselves.

The annual financial statement of the school district will appear in next week's paper.

HOOPER-SMITH

The home of Mr. and Mrs. Charles Truesdell in Canton township, was the scene of a very pretty wedding, last Tuesday evening at eight o'clock, when Helen Jane Smith, daughter of Mrs. Mary A. Smith, formerly of Canton, was given in marriage to Vernon J. Hooper, of Lansing, son of Mrs. Lulah M. Hooper of Detroit.

The ceremony took place beneath an arch of green and white against a background of palms. The solemn ring service was performed by the Rev. Blake of Denton. The bride was given away by Andrew Smith, her brother. Miss Lillian Akens of Inker, acted as bridesmaid, and Arnold Lukesche of South Lyon, as best man. Aileen Coe, a cousin of the bride, was flower girl, and Ralph Fischer, nephew of the bride, ring bearer.

The bride was beautifully dressed in a gown of whiteorgette, with a full veil, which was held in place with a wreath of orange blossoms, and carried a shower bouquet of white roses. The bridesmaid was dressed in pink flat crepe and lace, and carried a bouquet of pink roses. The flower girl wore white, veiled over rose tulle. The ring bearer was dressed in a white sailor suit.

About sixty relatives and friends attended the wedding. The guests were present from Detroit, Ypsilanti, Wayne, Inker, Royal Oak, South Lyon, Walled Lake, Plymouth, Willis and Cherry Hill.

Mr. and Mrs. Hooper will be the recipients of many beautiful gifts, and after the ceremony they will be motor to Lansing, where they will make their home. Mrs. Hooper was a graduate of Ypsilanti High school and Normal College. For two years she has taught in Springwells. Mr. Hooper was a graduate of Ypsilanti High school, and is now associated with the Fischer Body Works in Lansing.

ITEMS OF INTEREST, WARREN COUNTY FREE

Blaise well under way for the greater Washtenaw County Fair, September 1, 2, 3, 4, 5.

The new boys and girls' building is nearing completion; roads and drives are improved; base ball diamond and additional parking space will be in good condition; calcium chloride will be used on main roads and walks, thus dispelling with annoyance of dust and water wagons, and from all indications add interest shown throughout the county the 1925 fair will be truly "bigger and better."

Increased premiums and earlier distribution of fair books are bringing many new inquiries and space reservations to the county fair office.

Mr. and Mrs. Arthur Warner and little daughter of Chicago, spent a few days with the former's parents, Mr. and Mrs. Arthur Warner, the first of the west.

ANY RECORDS HERE?

Arthur Stedman of New York, recently came forward in the newspaper to declare that he has worn the same collar button fifty years, or longer than any other man ever possessed one. And he has started something. Now comes J. B. Williams of Maryland, to state that he hasn't lost his collar button for fifty-four years, and that record appears to stand. At least we haven't seen it disputed in the "collar button contests," now being spaced in hundreds of papers throughout the country. We're lost so many that keeping one a year would be a record for us, but it may be that someone in Plymouth has learned far better than we have the art of hanging onto them, keeping them from rolling away to an obscure place just at an inopportune moment. Therefore we are calling attention to the "collar button contest" in the hope that possibly someone around here can gain nation-wide fame by displaying a collar button that has seen more than fifty-four years of service.

THE "JAY WALKER"

Don't make the mistake of thinking that "jay walkers" are confined to the cities alone. And neither is it wise to believe that every time someone is run down and hurt or killed that it was the fault of the man who drove the car. You don't have to go any farther than Plymouth to find "jay walkers," people who cross a street or highway without looking carefully in all directions to see that danger is not near, people who cross from one side of the street to the other without using the regular crossing, or who change their mind and start back when they've reached the middle of the street. All of these are "jay walkers" of the worst type, and are to be found here the same as in the large city. The only difference is there are more of them in the city because there are more people there. But that doesn't mean that death beneath the wheels of an auto is any more pleasant one place than it is another. Watch your step!

HITS NAIL ON HEAD

It isn't fair to imagine that all editors of big city papers do not know what they're talking about when they comment on conditions in our small towns. The editor of the New York Evening Post proves his wisdom, recently printed in the big New York paper:

"The small town does not live by the mere suffrance of the city. Nor does it run to the city for every good thing to eat, to hear, to wear. It is aware of books and abreast of fashions. It has churches served by ministers who are compensated by the devotion of a flock for their relatively modest income. Moreover, that income is not always small when weighed in the balance with the cost of city life. One of the peculiar satisfactions to the small town dweller is the neighborhood consciousness—the knowledge that next-door neighbors and those beyond next door will eagerly mobilize to help in time of need. The little town offers its own abundant compensations, best known to its own citizens."

GO THOU AND DO LIKEWISE

Once a farmer had 1800 bushels of wheat, which he sold, not to one grain merchant, but to 1800 different dealers, a bushel to each. A few of them paid cash, but far the greater number said they would pay later. A few months passed, and the man's bank account ran low. "How is this," he said, "my 1800 bushels of grain should have kept me until another crop is raised, but I have parted with the grain and instead I have a vast number of ac-

Youth Rides West—Irwin. A readable novel of a Colorado mining camp as seen through the eyes of a young Harvard graduate of the seventies. It gives a good picture of western frontier life.

The Constant Nymph—Kennedy. The death of erratic composer, Albert GO. H. (to) d. lodanb

Sanger, brought his strange brood of gifted, untaught and untrained children into unhappy contact with the refinements of civilization. The development of these children against a background of musical London provides a thoroughly absorbing story.

Arrowsmith—Lewis. By following the fortunes of Martin Arrowsmith, M. D., we are introduced to the faults and merits of medical education in the United States; to the rewards and hardships of country practice; to the interference of politics in public health work; to the fascinating intricacies of scientific experiment, and to the ethical and humanitarian problem presented by an epidemic. Incidentally we come to know and love Leora, Martin's wife.

METHODIST NOTES

The annual picnic and business meeting of the Ladies' Aid society was held at Phoenix Park, last week Thursday afternoon and evening. A splendid report of the year's work was given by the officers, showing a fine advance. The following officers were elected for the coming year. President, Mrs. Fred Sallow; secretary, Mrs. Frank Dicks; treasurer, Mrs. E. J. Allison. Three vice presidents were also elected, each one to have charge of the work in their respective sections of the town: Mrs. W. G. Towle, Mrs. J. C. Gill and Mrs. Fred Lee.

Following the business meeting, a pot-luck supper was held at the evening hour for the members of the society and their families. A fine time is reported, but after the supper it began to rain, and scared most of the folks home, so this ends the tale of the annual picnic.

The annual meeting of the Missionary Society was held at the home of Mrs. Nash on Ann Arbor street, in June. After a delightful pot-luck dinner, splendid reports were given by each officer, and the following were elected to serve for the new year: President, Mrs. I. N. Dickerson; vice president, Mrs. H. S. Doerr; recording secretary, Mrs. Tena Bove; corresponding secretary of Home society, Mrs. W. J. Stewart; treasurer, Mrs. W. B. Lombard; corresponding secretary of Foreign society, Mrs. W. J. Griffith; treasurer, Mrs. F. I. Jenks.

The next issue of The Church Messenger will be out in a few weeks. The July and August issue will be in one. We hope you will like it.

There were a number of strangers in church, last Sunday. If you were in town and were not at church, why not? A "blue Monday" usually follows a "dull Sunday." Make it a regular habit of your life to be in attendance at the public worship of God, and prove for yourself that life is sweeter and richer, when one does his whole duty to God and his fellow-men. The tendency to stay away from church is always sure to mark the declining of spiritual life and experience. Do not let it be said of you by your neighbors: "That man is losing his religion."

"By their fruits shall ye know them."

Hear the sermon next Sunday night on "The Art of Keeping Cool."

EPISCOPAL

SUNDAY-SCHOOL AT 11:40

Sermon at 10:00 A. M.—"Soul Culture." Hear this one at 7:30 P. M.—a good topic for this season—"The Art of Keeping Cool."

BAPTIST NOTES

The choir gave us a splendid selection on Sunday morning.

The large basket of flowers, as well as the bed on the lawn, were beautiful on Sunday.

The first of a series of Sunday-school picnics, will be held next Tuesday afternoon at the tourist camp. The people meet at the church at or near five o'clock; bring your basket lunch and have a good time. The second picnic will be held at Strait's Lake sometime in August.

Next Thursday evening on the church lawn the B. Y. P. U. will hold an ice cream social. Make your plans to be there.

The prayer meeting last Wednesday evening was on the subject of prayer; Christ's attitude in praying, standing, kneeling, reclining, but all of his prayers were answered.

The pastor and wife were at Island Lake in Gladwin county, last week, with the party of Hi-Y boys and Prof. Holcomb. The pastor and family have been near this lake many times in recent years on their summer vacation.

ELM

Sunday-school every Sunday at the Community church at Livonia Center at 12:30 o'clock. All Elm friends are most cordially invited to join this service.

Mr. and Mrs. Dan McKinney and daughter, Geraldine, are spending their vacation at Island Lake.

Mr. and Mrs. Whitehead's new home on the Plymouth road, is completed and they expect to move soon.

Sheldon Sons have started platting their new subdivision on the Plymouth road, at corner of McKinney road. They are erecting a fine new office building with rest rooms. Lots are on sale and many have already been sold. This subdivision will be highly restricted and an asset to any community.

The annual school meeting of District No. 6, at Elm, was held July 13th, and many new improvements were voted upon and carried strong. Fred Wolfson was elected director for the next three years. The community is thoroughly aroused to the need of modern and advanced methods, and are endeavoring to make Elm school one of the best in the county. The most important steps taken at this election were: To fly an American flag over the school house every school hour of the year and to sing America at the opening of every school day; to place the Bible in each room for the use of pupils at any time, and free text books. The contractors promise to complete the new building by September 8th, so school may start on time in the fall.

Next week, starting Monday July 20th, there will be a special summer school for all members of the Parent-Teachers Association in connection with Teachers' College at Detroit, at the Martindale Normal, corner of Grand River avenue and West Grand boulevard. Classes will be in charge of Mrs. Edna B. Roe, assistant field secretary of the National P. T. A. Classes as follows: Monday—11:00 a. m. and 3:00 p. m.; Tuesday—8:00 a. m. and 3:00 p. m.; Wednesday—10:00 a. m. and 3:00 p. m.; Thursday—9:00 a. m. and 3:00 p. m. All members and friends are especially urged to attend these classes. Will everyone try to attend at least one of them.

George Michellin has purchased 5% acres of William Henry just outside of Plymouth along the River Rouge, and has started to build.

Tonight (Friday) there will be a lawn party and ice cream social at the home of Mrs. Richard Smith, given by the Ladies' Aid Society of the Community church, to raise funds for church expenses. Everybody come and bring all your friends.

Last reports state that Mrs. Fred Wilson, who has been ill so long, is able to be up part of the time. We are hoping to see her out soon.

Mrs. Barrows of Booth Home for children, closed up the home and has left for her vacation. Capt. Kelly does not expect to open the home this fall.

Help boost Elm and phone any news to Redford 7021-R4.

Do your shopping in Plymouth. You can do better.

GARDEN GROVE

"OUR RESTRICTIONS ARE YOUR PROTECTION"

SOMEBODY SAID THAT IT COULDN'T BE DONE.

SAY—DO YOU KNOW WHAT WE DID?

WE FOOLED 'EM.

GARDEN GROVE HAS GONE OVER THE TOP.

DO YOU KNOW WHY?

Not because we have an organization or high powered salesmen. We haven't.

Not because of the fact that we have advertised it.

But, because we believe in GARDEN GROVE, because we are proud of GARDEN GROVE. Because we have spent thousands of dollars in making GARDEN GROVE a community in which any person would be proud to live, and because every person who has purchased a lot in GARDEN GROVE is satisfied.

The lots are going fast. When people see the property and see advantages, they are eager to buy. It doesn't take salesmanship to sell GARDEN GROVE. We don't have to advertise the reasons for buying in GARDEN GROVE. Our property sells itself.

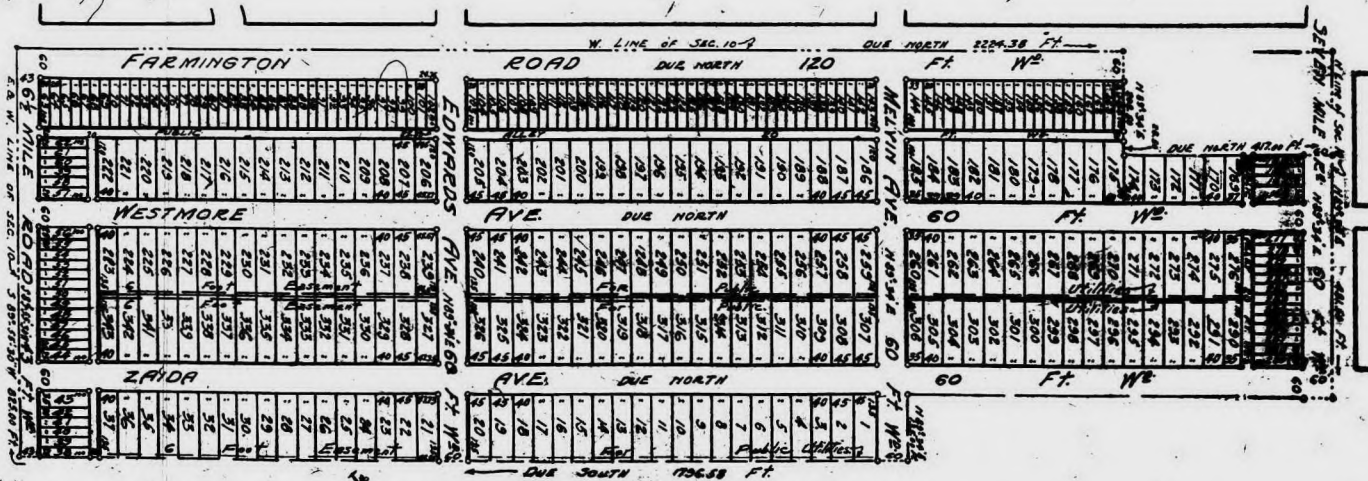

There are still many choice lots left. But don't put it off too long to come over and look them over. You had better lay this paper right down now, get in your car and come right over or they may be gone before you get here.

Just take a run over to our property at the intersection of Farmington and Seven Mile roads, and you will go away with a purchase contract in your hand and the satisfaction of having made the best purchase you've ever made.

LOOK THIS PLAT OVER—STUDY OUR LOCATION

Any lot in GARDEN GROVE is not over two blocks from Farmington road. Farmington road is paved to Farmington and south to Michigan Avenue. There is no lot in GARDEN GROVE farther than three blocks from the Seven Mile road. The Seven Mile road is paved west to Northville, and east to Grand River and Detroit. What better location for an investment or a home could you ask? So come over today and pick out your lot at the original low prices and make some money for yourself or build a home. We will help you.

TEN DOLLARS WILL START YOU

There are two model homes in GARDEN GROVE ready for your inspection. We invite you to come over and see them at any time. There will be eighteen or twenty more of these homes by fall, besides many homes that purchasers are erecting themselves.

QUIT BUSINESS

A. H. DIBBLE & SON

The closing of A. H. Dibble & Son's Clothing, Shoes and Furnishing Store marks the passing of a landmark in Plymouth retailing. The business was founded by A. H. Dibble in 1884. In 1899, F. A. Dibble, son of A. H. Dibble, assumed interest in the business with his father, and from the start was remarkably successful until his death on May 17th.

The store has always specialized in the better class of merchandise, and has enjoyed a large and steadily growing patronage.

The entire stock will be placed on sale starting

Wednesday, July 22 at 9 A.M.

to be sold at very low prices to satisfy the demand of the estate of the late F. A. Dibble.

The store, which has been closed since July 7th, will open the doors to the public, Wednesday, July 22nd, at 9:00 a. m., for the greatest closing out sale in Plymouth history.

THE THEATRE

"ENTICEMENT"

The strange love of a girl for a man married to another, despite the true love she bore for her husband, provides the theme of one of the most powerful photodramas ever filmed—"Enticement"—which is coming to the Penniman Allen theatre, Saturday, July 18th. It is a First National attraction produced by Thomas H. Ince Corporation and directed by George Archambaud, with Mary Astor, Ian Keith and Olive Brook in the featured roles. The film is based on the novel by Olive Ardén, who has contrived an unusually intriguing and compelling plot.

There is none of the old "triangle" situation in "Enticement." The plight of Lenore is an unusual one, and one for which she is only partly to blame. The working out of her difficult situation makes an absorbing story, one that compels attention, not only because of the novelty and daring of the complicated maze into which she has been thrown, but also because of the dramatic climaxes that ensue.

Here we have an impulsive, care-free girl, ignoring conventions and taking life as it comes with a laugh. She forms a friendship with a married man, unhappily married, it is true, but married nevertheless. They go alone to the mountains, where the girl is injured in a mountain slide. The man changes almost instantly, from the friend to the lover. It is the awakening for the girl. She sees her ideal friendship shattered. She flees, trying to forget the man.

Later she marries, and her happy married life is rudely interrupted by the ghost of the mountain trip. Then come highly dramatic emotional scenes between the wife, her husband and her companion of the mountains.

With this as its basis, "Enticement" presents a novel and unusual plot, with no slackening of tempo.

"THE TALKER"

An imposing array of favorites form the cast of "The Talker," First National's latest offering, which comes to the Penniman Allen, Sunday and Monday, July 19 and 20.

In the featured roles we will find Anna Q. Nilsson, as beautiful and as gorgeously costumed as ever, and the polished and immaculate Lewis S. Stone. These two were last seen here together in "Inez from Hollywood."

And in the lesser roles are seen Shirley Mason, Ian Keith, Tully Marshall and others almost equally as well known.

Thus "The Talker," from its cast alone, can be guaranteed as good screen entertainment.

The story is from Marlon Fairfax's stage hit of the same title, and while it unfolds a rapid succession of tense love scenes and thrills, finds its basis in the prosaic figure of a woman who hates housework and likes to talk.

She is one of those ultra-modern women who believes in the freedom of her sex, and she defies her husband to curb her. Miss Nilsson as the talking wife and Stone in the role of the silent, or rather silenced husband, find ideal scope for some excellent portrayals.

The plot ascends tensely dramatic heights when Miss Mason, as the young and unsophisticated sister of the "talker," follows her preachment and elopes with a youth who turns out to be a rogue.

A series of thrilling episodes are the result, but happiness finally rescues the girl, and the husband is enabled to silence his wife with the most withering of all phrases: "I told you so."

Picked Up About Town

Dad Plymouth says the greatest objection some women have to married life is it takes too long to become a widow.

Maine wants to claim whatever land McMullen finds at the north pole. We suppose she would use it as she does most of that she already has—as abandoned farms.

"You can't blame a bachelor for getting cold feet on marriage," says Dad Plymouth, "when he sees how hot some women make it for their husbands."

There is one truth that has never been shaken, and that is that there is no dull season for the steady advertiser.

"It might also be better for the world," reflects Dad Plymouth, "if more girls jumped out of automobiles and walked home."

An unusual man these days is one who can tell you how the girls he has passed had their hair fixed.

Dad Plymouth is authority for the statement that when some girls have to stay at home one evening on account of a broken date their parents get an idea of how it feels to live in a cage with a wild animal.

We can't help but feel that on these modern Fourth of July's there is more tannin than gunpowder used.

"The man who thinks his wife does just what he wants her to," observes Dad Plymouth, "has at least one more thought coming to him."

"I Have No Appetite"

Who has not heard a housewife make such a remark? There's a reason.

In a hot, poorly ventilated kitchen the air is so laden with the odors of cooking that the one who prepares the meal not only acquires a distaste for food, but actually makes an involuntary meal on the fumes. Witness the significant proportion of housewives who eat sparingly yet put on weight.

A ventilating fan will renew the air every two or three minutes, banish cooking odors, and give you a cool, sweet-smelling and pleasant kitchen. The cost of operation is but a trifle.

See your electrical dealer or call at any of our offices.

OPPORTUNITY!

OF A LIFE TIME

Lincoln Park lots near Ford's River Rouge industries—ideally located for home sites and investments.

Henry Ford has here the largest industrial plant in the world. Is now building the largest steel mill in the world. He predicts 250,000 men will be employed in this district by 1928.

Prices for lots unusually low.

One hundred dollars down—fifteen dollars per month.

A wonderful investment.
