WAYNE COUNTY TRAINING SCHOOL NEARING COMPLETION

The New School Will Be One of the Finest Institutions of the Kind in the Country.

Last Friday, a representative of the Mail visited the new Wayne County Training School, and through the courtesy of Neil B. McLellan, general superintendent of construction for the W. E. Wood Co., of Detroit, and John O'Connell, superintendent for the county and the architect, was shown through several of the buildings and given some interesting information regarding the progress of the work at the new school.

Many of the buildings are practically completed, and the others are fast nearing completion, and it is hoped to have the entire plant complete and ready to turn over to the county by the first of the year.

The buildings are all of the highest type of architecture and are absolutely fire proof, and contain every modern convenience conducive to the health and comfort of the inmates. All of the buildings are constructed of tapestry brick, with terra cotta and stone trimmings, which lends a very beautiful exterior effect.

There are twenty-seven buildings in all, and are as follows: Sixteen dormitories, administration building, hospital, school, boys' industrial, girls' industrial, power house, laundry, assembly building, service building, laundry, pump house, reservoir.

One of the most interesting buildings visited by the writer, was the big power house. In this building there is the power, heating and lighting plant, the ice making plant, ice storage plant, transformer room, compressor, and the pumps that pump the water to the various buildings upon the grounds. Workmen are fast installing the machinery in the big building, and it will soon all be in place and ready for operation.

The boiler room will contain three large boilers of the latest type of construction.

An immense steel coal bunker that has a capacity for 250 tons of coal is suspended high up in the boiler room. The coal is first dumped into the hoppers outside the building and is conveyed up to the big bunker by means of elevators. The coal is taken from the bunker to the boilers by means of automatic stokers, thus eliminating any labor by man in feeding the giant boilers. A tunnel one and three quarters miles in length conveys the heat, power, light, water and refrigeration lines from the power house to the various buildings, and this is fast nearing completion. It is constructed of concrete, and openings or manholes are located at regular intervals along the line. The boilers and pumps, which consist of two hot water pumps, two vacuum pumps, two feed pumps, two brine pumps, water softener and filter and two cold water pumps, are located in the basement, while the first floor is given over to the dynamo and ice making and storage plant.

Near the power house is the reservoir building which houses the reservoir, which is 30x50 feet and 12 feet in depth. The water is pumped from three wells by electrically driven pumps into the reservoir or directly into the mains. The water is of an exceptionally good quality and there is an abundant supply.

The hospital building was next visited. This building is one of the most artistic in design of the whole group of buildings. It is well lighted and ventilated, and is a model hospital building in every way. A ramp at the north end of the building to the basement is provided for ambulances. The building is also equipped with an elevator from the basement to the first and second floors. In the basement are located the property rooms, consultation rooms, pharmacy department and x-ray room.

On the first floor there are two large wards, diet kitchen, storage and utility rooms. On the second floor is a wonderfully lighted operating room, recovery room, doctors' rooms, sterilizing room and three sleeping rooms for employees. The building is provided with four sun rooms on the first floor, at the east and west ends.

The administration building occupies a commanding position at the south side of the main group of buildings, with the main entrance facing the south. This building houses the general offices of the institution. The main office is 36x50 feet in size, and is equipped with fire-proof storage vaults. From the entrance, one steps into a waiting room which is flanked on one side by a sitting room, and on the

other by the manager's office. On the second floor there are fourteen sleeping rooms for employes, one sitting room, lavatories, toilets, etc.

One of the sixteen dormitories was next visited. The lower floor is given over to two large dining rooms, matron's room, serving room and lavatory. On the second floor are a matron's room and two large sleeping rooms, lavatory, toilets and shower baths. On each floor is a drinking fountain. The buildings are light and well ventilated.

The assembly building or auditorium is one of the largest buildings and will have a seating capacity for 1,000 persons. The basement is given over to club rooms, billiard room, bowling alley, ladies' rest room, lavatories, toilets, and several dressing rooms underneath, to be used when entertainments are given. The stage is located at the north end of the building, while the main entrance is at the south end. As one enters the building, he passes into a spacious lobby. On one side is a check room and on the other a lavatory and ticket booth. Stairways on either side lead to the balcony. When completed it will be a beautiful building and modern in every respect.

The common school building has twelve class rooms with drinking fountains in each room. The building is well lighted and ventilated, and is provided with lavatories and toilets.

The Wayne County Training school will be one of the finest and most completely equipped of any like institution in the country. W. H. Maybury, who planned the buildings and selected their locations for the county board of supervisors, has been untiring in his efforts to build a school that will stand as a monument to the progressiveness of the citizens of Wayne county. He is greatly interested in the work, and no better qualified man could have been found in the county for the great responsibility of building such an institution.

The architect for the new buildings is Myron M. Burrows.

It might be interesting to our readers to know the following:

625 cars of material were unloaded at Plymouth.

75 cars of lime, brick and steel were trucked from Detroit.

About 70 cars of material were unloaded at Northville.

Between 37,000 and 40,000 yards of gravel have been used.

10,000 yards of sand have been used.

It took 1,078 doors for the buildings.

BIG TIME EXPECTED

Brighton is all set for a big time next week. It's Home Coming will be Wednesday and Thursday, August 26 and 27. Hundreds of former residents have accepted the invitation to be present at the big celebration and it is expected there will be thousands attend from nearby towns. Williamston and Stockbridge play ball on Wednesday, and Northville and Holly on Thursday. Besides this there will be small sports and many other amusements, not the least of which will be an old-fashioned square dance on the pavement Thursday evening.

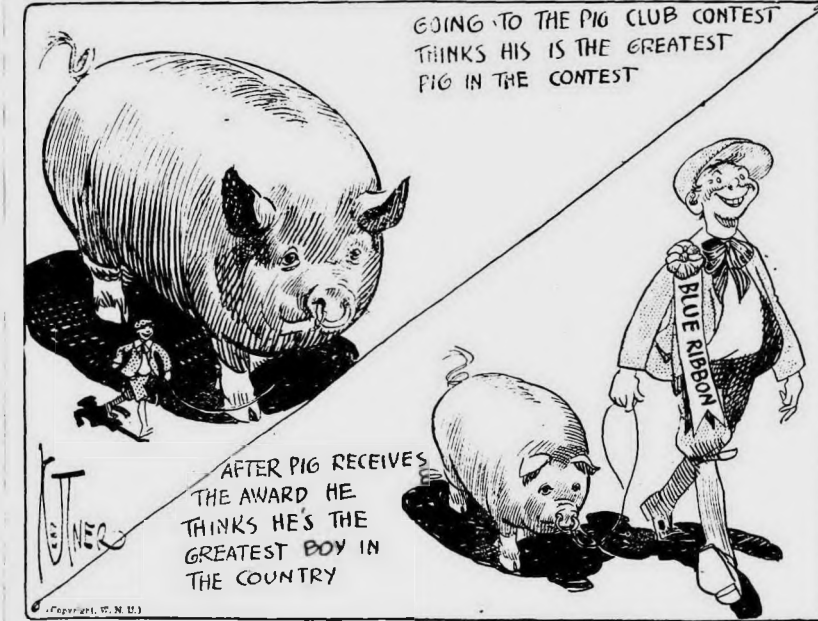

DR. MCKENNEY SPOKE TO ROTARIANS, FRIDAY.

Dr. Charles M. McKenney of the Michigan State Normal College at Ypsilanti, was the speaker at the meeting of the Plymouth Rotary Club last Friday. He spoke on the subject of evolution. At the time of closing, his address had become so intensely interesting to his hearers, that he was urged to continue longer. At the conclusion of his address, the speaker was given hearty applause, indicating the appreciation of the local club. Registrar C. P. Stemle of the college, accompanied Dr. McKenney, and was a guest of the club.

FAMOUS REGIMENT HELD REUNION

The forty-fifth reunion of the Sixteenth Michigan Volunteer Infantry was held at Pontiac, yesterday, Thursday. Plymouth furnished an entire company for this famous regiment, Company F, and out of that company only one member is residing here today, Charles Pitcher, who lives at 264 Ann street. For a number of years, the reunions of the regiment were held in Plymouth.

Today, Friday, August 21, and tomorrow, Saturday, August 22, are to be big days at Livonia's home coming and Greater Brightmoor celebration, being held at Bentley's Old Dutch Mill on the Five Mile road, at Middle Belt.

The Wayne County Horseshoe pitching tournament is one of the big features of the celebration, and many of the most expert horseshoe pitchers in the county are in attendance. B. E. Baxter, Sr., State Horseshoe champion, of Cullwata, will be present today and tomorrow.

The Plymouth Merchants base ball team will cross bats with the strong Brighton team this afternoon at 4:30 o'clock. On Saturday afternoon at one o'clock, Rough & Ready will stack up with the Officers team from the House of Correction Farm, and Wayne County Good Roads vs. Howell's Clowns at 2:00 o'clock.

Edible Stinson, with his flying squadron is there, and stunt flights are made each afternoon. Crane, the great parachute jumper will try to break the world's record jump at five o'clock Saturday afternoon.

There is dancing on Friday and Saturday evenings, commencing at 8:00 o'clock. Patterson's and Miami "Kids," two splendid orchestras, will furnish the music.

Everybody is cordially invited to attend the celebration, and have a good time.

DEATH OF MRS. AGNES VOORHIES

Agnes Broadfoot Voorhies passed away at the home of her only son, Don Voorhies, at 3259 Tuxedo avenue, Detroit, on August 17th, after a two days' illness.

Agnes Broadfoot was born February 13, 1854, on a farm west of Plymouth, where her father, Henry Broadfoot, always lived. She had one sister, Ellen, and three brothers, John, William and Henry, all deceased. She was married to Walter Voorhies in September 1876, and lived on a farm in Washtenaw county until 1905, then moved to Plymouth for one year. They went to Detroit in 1906. Her husband died in 1907. Since that time she has made her home with her son.

She will be greatly missed by a host of friends, a great many of whom are with the North Woodward Avenue Congregational church, where she has been a member for the past fourteen years. A short funeral service was held Thursday afternoon, from the home in Detroit at 1:00 o'clock, and from the Schrader Bros. Funeral Home at 3:00. Interment in Riverside cemetery.

THE BRIGGS SCHOOL REUNION

The annual reunion of the Briggs school in Livonia township will be held at the school house on Saturday afternoon, August 29th. All former pupils and teachers are urged to attend. Ice cream and cake will be served.

MRS. ARTHUR OLSON PASSES AWAY

Bertha Shattuck Olson, eldest daughter of Mrs. Hattie Baker, was born May 22nd, 1886, at Plymouth, Michigan, and passed away at the home of her mother, Saturday afternoon, August 15th, 1925, aged 39 years, two months and 23 days.

Her girlhood days were spent in Plymouth, and in 1904, she graduated from the Plymouth High school as valedictorian of her class. In 1908, she graduated from the Michigan State Normal College, where she was a member of the Beta Phi Sorority. From there, she went to Big Rapids, teaching in the public schools for six years. In 1914, she was married to Arthur Olson, of Chicago, where she has since resided.

Besides her mother and husband, she is survived by a sister, Mrs. R. A. Cassidy, and a brother, Henry Baker, both of Plymouth.

Mr. Tomlinson, of the Third Church of Christ, Scientist, of Detroit, officiated at the funeral services, which were held from the Baker home, on Main street, Tuesday afternoon at four o'clock. A wealth of floral emblems gave mute testimony of the esteem in which she was held. The interment took place in Riverside cemetery.

As a girl, her friends were legion, and the passing years served only to strengthen that sweet, sunny disposition of girlhood, bringing her many loyal friends. Her love of home and kindred, her devotion to friends and her faithfulness to her convictions of right and duty, are virtues which are worthy of emulation.

Friends and relatives from Chicago, Lansing, Detroit, Pontiac, Ypsilanti and Big Rapids, were here to attend the funeral services.

FIRE DESTROYS FARM BUILDINGS

A barn, small house and a new hangar, just about completed, were burned to the ground on the farm of Fred Kaiser, about two miles southwest of Plymouth, Wednesday afternoon. The fire was first discovered in a straw stack and the barn. The flames, fanned by a strong west wind, quickly spread to the other buildings. The Plymouth fire department was called for, and they responded with the chemical truck, but the heat was so intense they were unable to get near enough to the burning buildings to do any good. We understand that Mr. Kaiser had some insurance on the buildings and contents.

WILL OPEN IN NEW LOCATION SATURDAY.

Patrick's Market have a large ad in today's paper in which they announce the removal of the grocery and meat market to the bakery building opposite their old place of business, at 823 Pennington avenue. The store has been all nicely redecorated, new shelving installed and the whole place presents a neat and clean appearance. In celebration of the event, the Patrick Market are offering some especially attractive prices for Saturday, August 22, the opening day. Read the ad.

YOUNG MAN ACCIDENTLY ELECTROCUTED

CHARLES THOMPSON COMES IN CONTACT WITH LIVE WIRE AT H. S. LEE FOUNDRY & MACHINE CO.'S PLANT, SUNDAY AFTERNOON.

While repairing some electric wires at the H. S. Lee Foundry & Machine Co.'s plant last Sunday afternoon about 4:30 o'clock, Charles Thompson, one of the workmen, who was standing upon an iron boiler, came in contact with a live wire, and received the full voltage of the current passing through the wires. Before fellow employees could get to the switch and shut off the current, the unfortunate man had fallen from his perilous position, and although every effort was made to resuscitate him, he died within a few minutes, and before medical aid could reach him. Another employee, who was working beside him tried to render assistance, and he received a slight shock that threw him from his place on the boiler.

Justice Phoebe Patterson empaneled a coroner's jury, and the inquest was held at Schrader Bros. Funeral Home Monday evening, and after hearing several witnesses, the jury rendered a verdict that Thompson came to his death by accident by coming in contact with a live wire.

The young man was 22 years of age, and his home was at New Hudson, where the funeral services were held Wednesday morning, Interment at Novi.

INTERESTING DEMONSTRATION TO BE HELD IN PLYMOUTH.

How many people in Plymouth have good feet? How many people within a radius of fifty miles have good feet? These questions may seem odd, but according to authorities on the foot only three out of ten persons have really normal feet. All the rest are either pestered with corns, calluses, suffer with tired aching feet, fallen arches, weak ankles, sharp, shooting pains in the legs or they endure often for hours, agony with bunions.

Yet all this suffering is unnecessary, declares Mr. A. V. Lower, a foot expert of Chicago, who is coming to Plymouth on August 22. While in Plymouth, Mr. Lower, who is a representative of Dr. Wan. M. Scholl, the famous foot authority, will give a free demonstration of Dr. Scholl's method of foot correction at the B. W. Fisher store.

The Fisher store has issued an invitation to all foot sufferers to come and let Mr. Lower look at their feet. He will, they declare, be pleased to show them how easily they can be rid, forever of their aches and pains by simply being correctly fitted with shoes or perhaps with light appliances which are worn in the shoe.

Mr. and Mrs. Merle Roybacher and Mr. and Mrs. Cyrus Roybacher spent Sunday at Wampler's Lake and the Irish Hills.

Samuel Johnson of Punta Gorda, Florida, and Mrs. N. B. Merrill of Detroit, visited at the C. G. Draper home several days this week.

WANT A UNIFORM TRAFFIC ORDINANCE

A Conference of Mayors, Chiefs of Police and Sheriffs Will Be Held in Detroit On September 8th.

Adoption of a uniform traffic ordinance by all Michigan municipalities is the aim of a conference of mayors, chiefs of police and sheriffs which will be held in Detroit, Tuesday, September 8th, under the direction of the Detroit Automobile Club.

A tentative ordinance which incorporates the best features of present traffic regulations has been prepared by traffic and safety officials of Michigan and will be proposed in the conference to serve as a basis for a uniform ordinance throughout the state.

Last week letters of invitation to the mayors and chiefs of police of every incorporated village, town and city of Michigan and to every sheriff were issued by Captain W. S. Gilbreath, manager of the Detroit Automobile Club.

In his letter, sent to some seven hundred officials, Captain Gilbreath said:

"The universal use of the motor car covering great distances in our state, makes it necessary for some concerted action toward the development of uniform traffic regulations in our cities and villages. The differences in driving rules that now exist, not only cause great inconvenience and embarrassment to the motorist, but lack of knowledge on the part of the motorist of the widely differing regulations in municipalities throughout the state is causing far too many serious accidents. It is not fair to the thousands of tourists we are inviting to Michigan every year, through lack of uniform traffic regulations, to cause them trouble and inconvenience.

We believe that when representatives of municipalities throughout the state get together on this problem, it will not be difficult to agree on a workable traffic ordinance. We are, therefore, inviting you to meet with other mayors, sheriffs and chiefs of police from all over the state at the General Motors Building in Detroit, September 8th, 1925, at 10:00 o'clock in the morning to consider such regulations. A committee here is working out the tentative draft of such an ordinance, merely as a suggestion to work on, and an advance copy will be mailed you before the meeting.

"We have all talked about this job a long time. We all know it should be done—if we get together IT CAN BE DONE. LET'S DO IT. In order that we may know how many to make plans for at this conference, please mail the enclosed card to our office."

Thos. P. Henry, president of the Detroit Automobile Club and president of the American Automobile Association, will preside at the conference, when suggestions and possible changes will be sought from all officials in attendance.

"Neither the Detroit Automobile Club nor officials of this city are anxious to present any set ordinance and force other municipalities of Michigan into its acceptance," said L. J. Van Schoek, manager of the Safety and Traffic Section of the Detroit Automobile Club. "Our principal purpose is to evolve a working basis which will make the traffic regulations throughout Michigan uniform and will eliminate much of the trouble motorists and themselves in because of ignorance as to what regulations any particular municipality may have."

Reckless driving in the proposed ordinance which has been drawn up is defined as "the driving of a vehicle in such manner as to endanger life or limb or property."

As the law reads now the speed limit in towns, cities and villages is optional. The new law will read "the speed limit shall be 15 miles per hour in the business section and 20 miles per hour in the residence section of all incorporated towns, cities and villages."

A space of two feet between parked vehicles will be provided. This is in line with the wishes of the Detroit fire commission, the two-foot space being provided for the placing of ladders in case of fire.

Provisions have been made in the ordinance for the control of traffic by automatic signals, as well as by traffic policemen.

A section has been placed providing for the prohibition of stickers, cards etc., on windshields and near windows of all vehicles. A provision has also been made for the placing of stickers

or cards not more than 2 1/2 by 3 1/4 inches in the lower right hand corner of the windshield.

All lights visible from the front of motor vehicles, except green warning lights provided for trucks and busses, must be white in color only. This provision was made to do away with the present "Christmas tree" decoration now being carried on some automobiles.

Perhaps the most radical change is one allowing for automobiles to pass stopped street cars where a raised or protected safety zone is placed. At all other intersections automobiles will be required to stop with street cars which have stopped to discharge or take on passengers.

It is the aim of the Detroit Automobile Club to have some such ordinance adopted by every city, village and town in Michigan, so that next summer driving rules will be uniform all over the state.

HOME WEDDING

A quiet home wedding was celebrated last Wednesday night at the spacious residence of Mrs. Mary K. Hillmer, on Starkweather avenue, when her daughter, Miss M. Hillmer, became the bride of George H. Holstein of Plymouth. Rev. S. Conger Hathaway, pastor of the First Presbyterian church, officiated, using the impressive Presbyterian ring service. Mrs. Hazel W. Hillmer of Anderson, Indiana, was matron of honor, and Max L. Hillmer, the bride's brother, acted as best man. The bride wore a gown of pink georgette, wore a veil held in place by a wreath of orange blossoms, and carried a bouquet of pink and white roses and gladioli.

Mrs. Gilbert Brown presided at the piano, opening the ceremony with Mendelssohn's wedding march, and accompanying the soloists, Mrs. Earl Stevens of Detroit, who sang "Holy Spirit Breath of Love," by J. Lamont Gallahue. During the singing of this solo, the bridal party entered the room which was prettily decorated with pots of garden flowers. The bride was charmingly gowned in pink georgette, wore a veil held in place by a wreath of orange blossoms, and carried a bouquet of pink and white roses and baby-breath. The matron of honor wore a gown of sandwedge georgette, and carried a bouquet of pink roses and snapdragons.

Following the ceremony, a two course luncheon was served, after which the bride and groom made their departure. Both are well known in Plymouth, Mrs. Holstein being a granddaughter of George A. Starkweather, a pioneer of Starkweather avenue received its name. Many beautiful and useful gifts were received.

After September 15th, the newly married couple will be at home to their many friends in the fine new residence on Rose street.

Those present at the wedding, were: Mrs. Earl Stevens and son, Jack, Davis B. Hillmer and Mrs. Mary A. Hillmer of Detroit; Mrs. Amelia Fiebelkorn and daughter, Lillie, of Romeo; Mr. and Mrs. Homer Hubbard and two children, Lois and Barbara, of Wayne; Mr. and Mrs. Max L. Hillmer and two children, Max, Jr., and Joan, and Hazel W. Hillmer of Anderson, Indiana; Mrs. Mary K. Hillmer, Mr. and Mrs. Gilbert Brown, Amelia Gayde, Sarah Gayde, Mary Wingard, Mr. and Mrs. C. W. Olds, Mr. and Mrs. E. H. Tighe, Mr. and Mrs. George F. Hillmer, Mr. and Mrs. Karl Hillmer, Philip Tighe, Mr. and Mrs. Karl H. Starkweather and children, Evelyn, Eugene, Behlah, Jewel and Doris, Doris Hamill and Rev. and Mrs. S. Conger Hathaway and son, Bohadill.

WILL OBSERVE FOUNDERS DAY

Monday, August 31st, is Founders Day, the only day of its kind which is observed by the Eastern Star in every state. The day is observed in honor of Robert Morris. In Wayne County, the day is observed with an annual excursion to Bob-lo, where the members of all the chapters in the county will meet and enjoy a day together. For greater convenience, the day will be celebrated on Friday, August 22. Tickets are now on sale at Albert Stover's meat market. Those who contemplate going are urged to secure their tickets as early as possible.

BACK TO BOOKS

Ask any Plymouth boy which of the twelve months in the year he would be willing to eliminate, and he will answer "August." And when you ask him why the chances are he will explain that August only brings him around to September—and September brings school.

Yet somehow we can't help feeling that the old dread of school that once hovered over some of us like a nightmare has disappeared. We believe new methods of teaching, new forms of recreation during the leisure moments and, perhaps, more interesting textbooks, have all served to make school attendance far more popular and pleasant now than it was in earlier times. There isn't the grind to the "three R's" there was when we were young, and neither does the inclination to "play hooky" appear as strong in the present generation.

Teaching children thrift and what it means to be able to take a good position in the world at the close of their school days has had much to do with taking the sting out of school attendance. Examples of success are more numerous than in days when opportunities were not so great. So, all in all, the return of September and school days doesn't mean as much grief among the youth of the land as it once did. And it means still greater things for the world when those now of school age come on to take charge of things.

NEW COMMANDMENTS

We want Plymouth people to stick to the original ten commandments, but here are a new ten now going the rounds of the press that you can also observe with profit:

1. Honor thy town and keep its sanitary laws.
2. Remember thy house-cleaning days and keep them holy.
3. Love thy children and provide for them decent schoolrooms.
4. Thou shalt not keep in disorder thy alley, yard or street.
5. Thou shalt not endanger thy neighbors' health by disease-breeding weeds or filth.
6. Thou shalt not let the deadly house-fly live.
7. Thou shalt not steal thy children's happiness from them by neglecting their health.
8. Thou shalt not bear false rumor and gossip in thy neighborhood.
9. Thou shalt keep fresh air in thy house by day and by night.
10. Thou shalt not spit on the sidewalks, nor on the floor, nor in any public place whatsoever.

LOCAL BRANCH OF AUTO CLUB GROWING

The Plymouth Branch of the Detroit Automobile Club is making a splendid growth under the management of Raymond Bachelord. The local branch now has a membership of 165, and Mr. Bachelord is adding new members every day.

The Chamber of Commerce Information Booth on Main street is maintained jointly by the Chamber of Commerce and the Plymouth Branch of the automobile club. The attendant at the booth is ready to furnish the stranger or tourist with any information regarding the village, directions for reaching various places, etc. A supply of road maps is also available for those who may wish them. It is a splendid service and something that is very much appreciated by the stranger within our gates, and at the same time a great advertisement for Plymouth.

It may be of interest to our readers to know some of the advantages and benefits derived from a membership in the Detroit Automobile Club.

A touring department furnishes road maps and detailed information for towns throughout the United States and Canada.

An emergency road service furnishes free road service to its members day and night, in limits described by Detroit and Branch offices. The Plymouth Motor Sales is the local official garage for emergency service.

A legal department gives free legal advice to members on all matters pertaining to their automobiles.

The Club promotes paving, extension and widening of streets, and co-operates on all state and national highways. The Club erects and maintains direction and danger signs and is instrumental in having state trunk lines marked.

The Detroit Motor News, one of the best motor club publications in the country, is sent free to every member.

The club co-operates for safer streets and better traffic laws.

It maintains and operates branches in various places in Michigan.

It is a member of the American Automobile Association, and touring and general information is given by this affiliation to members of the club.

The Detroit Automobile Inter-Insurance Exchange at the club serves club members only. It is a non-profit organization, returning the savings, in cash, to the policy holders.

FORMER PLYMOUTH MAN DIES. FUNERAL HELD LAST FRIDAY.

Funeral services were held last Friday for Gottlieb Wallenmaier, 67, former Plymouth resident, who died at his home in Ann Arbor, Wednesday, after a long illness. Rev. C. A. Brauer, St. Paul's Lutheran church, officiated. Interment was made in Bethlehem cemetery.

Mr. Wallenmaier had moved to Ann Arbor from Plymouth a year ago. He spent the greater part of his life on a farm in Salem.

The deceased is survived by seven sons, Otto, Mt. Clemens; Eugene, Salem; Herman, Bailey Town, Mont.; William, Plymouth; Lewis, Detroit, and David at home; seven daughters, Mrs. Clifford Buckley, Mrs. Joseph Leeta, at home; Mrs. Ferris Flick, Detroit; Mrs. Lewis Parmelee, Jackson; Simone, Miss Natalie and Miss Hulda Wallenmaier, all Detroit; one sister and two brothers in Germany, a brother in Buffalo, N. Y., and twelve grandchildren.

NORTHVILLE FAIR NOTES

The foundations are in for the new addition to the grand stand for the addition to the poultry house and for the new horse barn which will be 56x120 feet in size. Work of constructing these buildings will be rushed.

A. C. Balden has offered a silver cup in the better baby contest and many other special prizes will also be given. Entry blanks will soon be issued and they may be procured from Mrs. Flora Larkins, superintendent, or from the secretary.

The free attractions this year will surpass anything ever offered Northville fair visitors. These will be presented twice daily on the big platform directly in front of the grand stand.

Several bands, besides our own municipal band, will be on hand during fair week for the entertainment of the people.

Fair visitors will remember the exceptional display of corn made last year as a result of the efforts of County Agent Carr's corn club. Well, this year he is organizing potato clubs and it is expected that the display of tubers will be very attractive.

Tuesday and Wednesday the programs will be different than any that have been presented at the Northville fair. There will be a real horse show in which many of the best saddle horses in Michigan will take part.

With the completion of the new addition to the poultry building the display of poultry and pet stock will be larger and better than at any previous fair. The display of pigeons will be especially large and interesting while all other lines will be enlarged. Messrs. E. A. Fuller and G. E. Richardson have charge of this department and they certainly know how to put a good show across.

The boys' and girls' clubs of the county will be given more attention this year than at any previous fair. Liberal prizes being offered in a number of departments in which they are especially interested.

There will be the usual base ball tournament, with ball games for five days. The contesting teams are now being signed up.

It is expected that the horse show which will take place on Tuesday and Wednesday, will attract a large number of Detroit people, those who are especially interested in saddle horses.

The fruit display this year will be in charge of Harry G. Rackham, superintendent, and he is already planning his exhibit and urging the cooperation and assistance of all fruit growers in this section. He promises a very attractive show of fruit.

Now is a good time to plan your vegetable exhibit. For the past few years this department has attracted a great deal of attention, and it is the desire of County Agent Carr and his assistants that this year's show shall be larger and better than ever.—Northville Record.

THE THEATRE

"CHRISTINE OF THE HUNGRY HEART"

Most romantic stories end with a wedding. "Christine of the Hungry Heart," the new Thomas H. Ince picture made for First National, which comes to the Penniman Allen Theatre on Saturday, August 22, begins with a wedding, and the wedding of the heroine, Christine, at that.

But the romance of the story does not end with the wedding, it merely begins at that point. Christine's romance, or romances, lead up to her great sacrifice which finally brings her the happiness that every normal woman seeks.

It is a fascinating story, superbly told, with a fine cast including Miss Florence Vidor, in the title role, Warner Baxter, Ian Keith, Olive Brook, the English actor, and Walter Hiers, the rotund comedian. It was directed by George Archainaud, and adapted from the Kathleen Norris novel of the same name by Bradley King.

"THE DESERT FLOWER"

Colleen Moore was never more delightful than she is revealed in her latest First National attraction, "The Desert Flower," which comes to the Penniman Allen Theatre Sunday and Monday, August 23 and 24.

The picture, an adaptation of the stage offering of the same name, recently presented in New York by Al Woods, teems with the action and color of Western life. It presents Miss Moore in the pathetically poignant guise of little Maggie Fortune, step-daughter of a brute of a step-father, section boss of a railroad construction gang on the desert, and whose inherent instincts for the better things of life seek to find expression through a baby sister, whom she sends away to enjoy the refinements of a real home and education, while she herself goes into a mining camp dance hall to provide the wherewithal of it all.

How in this rough environment she yet wins and retains the respect of all, and through her budding love for the errant son of a fine Eastern family redeems the recalcitrant rolling stone and extracts her own reward from a world that yields happiness all too reluctantly, is compellingly set forth by the gifted little star.

Lloyd Hughes and a cast apparently chosen with special care for their peculiar qualifications for the roles entrusted to them gives Miss Moore excellent support.

"WELCOME HOME"

"Welcome Home," the James Cruze-Paramount production, which will be shown at the Penniman Allen Theatre on Wednesday, August 26, is described as a story rich in humor of the sort that carries a heart-tug with it.

Lois Wilson, Warner Baxter and Luke Cosgrave, the old rheumatic in "Hollywood," are featured in the principal roles of the picture, adapted for the screen by Walter Woods and F. McGrew Willis from a Broadway stage play by Edna Ferber and George S. Kaufman.

The story is one of an old man—a widower—who comes to the city to live with his married son and daughter-in-law and so upsets things that the wife tells the husband that either the father or she will have to leave at once—the two of them can't get along together under the same roof. But leave it to Cruze to straighten everything out in a satisfactory, not to say most amusing fashion.

Appearing in support of the leading players are such well known names as Ben Hendricks, Margaret Morris, Josephine Crowell, Adele Watson and others.

Everyone recalls the heart-interest and genuine appeal Cruze crammed into "The Goose Hangs High." Here's one that's just twice as human—twice as real.

"A woman will never be president," says Dad Plymouth. "The constitution says a president must be over 45, and a woman never gets that old."

GARDEN GROVE

"OUR RESTRICTIONS ARE YOUR PROTECTION"

LUCKY!

"Good luck will carry a man over a ditch, if he jump well; and Will put a bit of bacon in the pot if he looks after his garden and pigs. Luck taps at least once in a life time at everybody's door, but if industry does not open it, away it goes."—Charles H. Spurgeon.

We see men and women every day who cause us to stop and say to ourselves:—"How lucky he is" or "How lucky she is." We look about us and see men and women of old age who are comfortably situated, they have their home, and enough of an income to "take the rest of life easy," and then we say to ourselves how lucky they are.

As a matter of fact it is not luck. The thing that most folks call luck is nothing more nor less than the result of earnestly, tediously, painfully worked out plans. People who are independent in old age are not those who have been lucky, but those who have been willing to sacrifice, those who have planned their work and then worked their plan, those who have saved systematically, and those who have put twice as much money into articles of permanent value or investments as into needless indulgence.

In GARDEN GROVE we offer to those who are willing to do with a little less of the luxuries," a good sound permanent investment at a present saving, and an undoubtful future profit.

Everywhere you go you hear of the success of GARDEN GROVE. Some say we have been LUCKY. We don't call it that. The success of GARDEN GROVE has been the result of hard, earnest, persistent work. We have put the price of our

property below the average, but we have also put GARDEN GROVE in a class with the best there is. We have been well paid for our efforts, and the people who have invested and those who will invest will be as much paid for theirs. We don't want all of the profits, we are passing an immediate profit on to the purchasers. Ask anybody who has bought here.

In a short time some people are going to say "I'M GLAD I DID" and others will say "I WISH I HAD." Which class are you going to be in? By saving a few dollars a month and investing in GARDEN GROVE, you will be helping yourself to that place where people will say about you: "Isn't he lucky?"

Let us show you today how easy it is to buy and build a home here. Ten Dollars will start you, and it will be a start you will never regret. Look over the homes we have already built here, then bring us your plans, we are sure that you will soon have that home which you have been wishing for.

Our office is open every day and evening, our telephone number is Farmington 38-F22, and we are always at YOUR service.

TEMPLE THEATRE

Tom Brown, world's greatest saxophonist, one of the famous Six Brown Brothers and his Merry Minstrel Orchestra, headlines the bill at B. F. Keith's Temple Theatre, starting Sunday matinee, August 23. Mr. Brown and his orchestra have created a sensation everywhere they have appeared and disciples of syncopation and lovers of popular music have a genuine treat in store for them. Others billed: Frank Van Hoven, the mad magician with a thousand laughs; Willie Solar, international entertainer direct from London; Tracey and Hay in a fast dancing routine; Fulton and Parker in a comedy bit; Malvina, violinist, making her first American tour; Samoff and Sonia; two Russian peasants; Suel and Vernon, artistic athletes, and the usual screen offering.

Jacob Rausberger, Northfield township, Washtenaw county, was the first farmer to market wheat in Ann Arbor this year. His cut was 475 bushels of white wheat, and he received \$1.50 per bushel for it. This wheat weighed 60 pounds to the bushel, and was marketed by July 18th.

COMMISSIONERS' NOTICE

No. 115832

In the matter of the estate of Lillian E. Briggs, deceased.

We, the undersigned, having been appointed by the Probate Court for the County of Wayne, State of Michigan, Commissioners to receive, examine and adjust all claims and demands of all persons against said deceased, do hereby give notice that we will meet at Branch Bank of Plymouth United Savings Bank at Plymouth, in said County, on Monday, the 12th day of October, A. D. 1925, and on Saturday, the 12th day of December, A. D. 1925, at 2 o'clock P. M. of each of said days, for the purpose of examining and allowing said claims, and that four months from the 12th day of August, A. D. 1925, were allowed by said Court for creditors to present their claims to us for examination and allowance.

Dated, August 12th, 1925.

FRANK J. PIERCE, SR.,
JACOB STRENG.

Today's Reflections

The trouble with a good many Plymouth boys is they insist on doing as father did instead of as father says.

The most astonishing thing about a "flapper's" clothes is the length of time it takes her to get into them.

Another way to tell whether your wife is doing all of her own cooking is to note the number of tin cans she throws out.

The "good old days" in Plymouth were the ones in which molasses came in a barrel, and a case of salad dressing would last the groceryman nine years.

"What shall we do with our children?" asks an exchange. We don't know, but we know what Dad would have done with his.

New York crooks recently stole \$200,000 worth of jewels from one store. It's a good thing both ends of the Brooklyn bridge are fastened down.

It's getting so around Plymouth that the biggest problem our people face is where to park and where to jump.

Face cream and powder doesn't look so bad when properly used, but most girls put it on as though they used a putty knife.

After all, a millionaire doesn't have much fun. How is a millionaire going to realize the excitement of holding out a five-spot on his wife on pay-day?

The Prince of Wales started on a trip with 21 cooks and 300 trunks. And at that we'll bet he doesn't have as much fun as the Plymouth man who starts out with nothing but a bliver, a frying pan and a coffee pot.

The best definition of a "go-getter" is the fellow who runs out of gasoline two miles from a filling station.

We've noticed that about the only thing that comes to the Plymouth man who waits is a good big crop of whiskers.

Nothing disgusts a bride more than to find out that the man she has been posing for isn't any better than she is.

A lot of us around Plymouth wish they'd talk less at Washington about reducing next year's taxes and give us back some of that we paid last year.

The Need is Very Urgent

MUNICIPAL NOTES

The curb and gutter on Sheridan avenue, between Moreland avenue and Garfield avenue, is completed. The work of building it in the second block is well started. The street is going to look fine, and if the property owners will take pride enough in their front yards to keep the parkway between the walk and curb graded, seeded and mowed, the improved appearance of the street will well repay their work.

The sewer contractor has finished the South Main street lateral, and the backfill over the ditch will soon be settled into place. The density of traffic on this street has made this piece of work more bothersome than usual, and all will be glad to see the roadway clear again.

Mrs. Charles Parrish has sent in an old percussion lock musket for the village museum. It is about five feet long, of about 54 calibre, and is complete with the old ramrod. The barrel is octagonal and is fastened to the long stock by pins instead of bands.

The second batch of road oil, 10,000 gallons, is on the way. Please remember that this amount will not go as far as the 16,000 gallons we had in June. We hope to have warmer weather to spread this than we had earlier.

We seem to have an epidemic of small boys driving automobiles without licenses—some are even too young to obtain a license. This is a matter that parents ought not to leave to the officers.

In this connection, it might be well to advertise the fact that the new state law prohibits the use of cut outs on the public highways anywhere, and that exhaust whistles are not allowed except on police or public owned cars. Also—paper licenses are no good any time, anywhere.

The Commission last Monday authorized the purchase of five flashing traffic lights for the following corners: Main and Ann Arbor, Main and Pennington, Main and Starkweather, Starkweather and Liberty, Liberty and Mill.

BASE BALL

Saturday, August 15th, the D. H. of C. Farm officers were defeated by the St. Stanislaus A. C. team of Detroit, to the tune of 9 to 6. Hall, the Saint's hurler, had the officers entirely at his mercy after the fourth inning, allowing only eleven hits, most of which came in the first half. Roman, who started for the officers, had his offerings snuffed up eagerly by the Saints, and Jaska, who replaced him, could not overcome the opposition.

Sunday, August 16th, the Goffredson Truck team of Wayne, walloped the farm boys in a hard fought contest, featuring a pitchers' duel between Kuhn for the farmers, and Conners for the Waynites. This was the third of a three game series with Goffredson, and with Sunday's defeat, the farmers lost two of the triple set with the Wayne boys.

Balls delivered by Conner for the farmers' consumption, had extraordinary freakish tendencies, fooling the farmers time after time into wild lunges. Kuhn hurled a consistent game distributing his offerings into scattered hits, but the farmers' war clubs failed to get him the customary balance of power to stave off defeat.

CHEVROLET

New Measure of Value

Chevrolet represents the highest type of quality car selling at a low price. Public acknowledgment of this fact has been evidenced by a greatly increased demand for Chevrolet cars. This increased demand has resulted in increased production making possible decreased prices on closed models and improved quality on all the models. Now Chevrolet provides "Quality at Low Cost" to greater degree than ever before. Now Chevrolet presents to automobile buyers everywhere a new measure of value.

We are now making a special showing of these new cars and would be glad to have you call and see them.

The Miller family held its annual reunion at Huron River Park, Wednesday, August 19th. Mr. and Mrs. M. S. Stringer attended. Mrs. Stringer belongs to this family.

Mr. and Mrs. E. D. Holmes and children of Detroit, and Mrs. and Mrs. Harry Vashburg and little daughter, of this place, were Sunday guests of their parents, Mr. and Mrs. C. V. Chambers.

We unintentionally failed to mention last week that quite a number of the members of the local Redmen's lodge attended a big Redmen picnic at Roseville, on Sunday, August 9th. They all report a fine time.

PERRINSVILLE SCHOOL REUNION

The Perrinsville school will hold a reunion on the school grounds, Saturday, August 22nd. A basket picnic dinner at noon will be one of the features of the day. There will be a ball game, sports and program during the afternoon. Everyone is invited to come and enjoy a good time and renew old acquaintances. It is expected that many of the former pupils and teachers of the school will be present at the coming reunion. Don't forget the date, Saturday, August 22nd.

LIDKE FAMILY REUNION HELD

Herman Lidke of Scottville, entertained the Lidke family reunion at the home of his brother and wife, Mr. and Mrs. Gust Lidke, of Superior, Saturday, August 15th. There were 61 in attendance from Plymouth, Ypsilanti, Trenton, Scottville, Birmingham, Denton and Superior. At one o'clock all were seated at three large tables, and enjoyed a fine dinner.

The president, Herman Lidke, called the meeting to order, and the election of officers resulted as follows: President, Mrs. Augusta Lidke Richter; vice president, Gust Lidke; secretary, Miss Marie Richter; treasurer, George Lidke.

Mr. and Mrs. Gust Lidke will entertain at the reunion next year.

MAYNARD FAMILY REUNION

On Sunday, August 16th, occurred the first annual reunion of the C. E. Maynard family, at the tourist camp. The day was pleasantly spent pitching horseshoes, playing ball and taking pictures. A sumptuous dinner was served at noon. About fifty-five guests were present from Detroit, Canton, Wayne, Livonia, Davisburg, Perrinsville, Stark and Plymouth. The occasion was an unusually happy one, it being the first reunion.

A committee was formed, composed of Mrs. Nellie McDonald, president; Mrs. Louise Johnson, vice president; Mrs. M. L. Everett, secretary-treasurer. In the evening, the guests departed, each hoping they might be present at the next reunion.

No. 124667

STATE OF MICHIGAN, The Circuit Court for the County of Wayne, in Chancery.

John L. Staman, et ux., plaintiffs, vs. John Dickerson, Luther Lincoln, Jr., Luther Lincoln, Austin Durfee, Ruben S. Durfee, Reuben S. Durfee, Joseph C. Snell, Timothy Lyon, Alfred Hartshorn, and Simon Westfall, defendants.

At a session of said Court, held in the Court Room thereof, in the City of Detroit, said County and State, on the 29th day of July, A. D. 1925.

Present: The Hon. Clyde I. Webster, Circuit Judge.

On reading and filing the Bill of Complaint in this cause, from which it satisfactorily appears to the Court that title, interest, claims or possible rights to the premises described in said Bill, and hereinafter described, which title, interests, claims and possible rights of said Defendants, and each of them, if they ever had any validity, said Plaintiffs aver to be barred by the continuous, open, notorious, undisputed, adverse and exclusive possession of Plaintiffs and their grantors for more than fifteen (15) years last past, and for more than fifteen (15) years last past since the several rights to the possession thereof accrued in said respective Defendants, which said possession has been, during all of said time, and still is, adverse and hostile to the title, interests, claims or possible rights of said respective Defendants; and upon reading affidavit of Plaintiff John L. Staman that it is not known and could not be ascertained after diligent search and inquiry, whether their title, interests, claims, or possible rights have been disposed of by will, and that it cannot be ascertained in what state or country said defendants, reside.

ON MOTION OF John L. Crandell, Attorney for Plaintiffs:

IT IS ORDERED, That John Dickerson, Luther Lincoln, Jr., Luther Lincoln, Austin Durfee, Ruben S. Durfee, Reuben S. Durfee, Joseph C. Snell, Timothy Lyon, Alfred Hartshorn and Simon Westfall or their unknown heirs, devisees, legatees and assigns, and the unknown persons who are, or may be, entitled to claim under them, cause their several appearances to be entered herein in the manner provided by Law on or before THREE (3) Months from the date hereof, and that this order be published or served as required by Law.

CLYDE I. WEBSTER, Circuit Judge.
(A true copy) Wm. McBrearty, Deputy Clerk.

SAID SUIT involves the title to, and is brought to quiet title to, the lands and premises described in said Bill of Complaint, as follows: In the Township of Livonia, Wayne County, Michigan, to wit:

The east one-half (E-1/2) of the east one-half (E-1/2) of the northwest quarter (NW-1/4), and the west one-half (W-1/2) of the west one-half (W-1/2) of the northeast quarter (NE-1/4) of Section 19, Town 1 South, of Range 9 East.

Longings and Cravings

Lady Diana Manners visited one day in Greenwich village a studio where most of the young men wore sandals and Russian blouses and trousers that hugged deplorably at the knees.

Lady Diana, surveying that rump company while a super-realist read a free verse poem, whispered to Theodore Dreiser.

"I see that here, as in England, literary longings mean long teeth, long hair and long faces—everything but long pocketbooks, in fact."

Mr. Dreiser nodded gravely.

"To put in it another way," said he, "the universal literary craving is hunger, just hunger, ma'am."

Intelligent Cow

A pet cow which pumps water from a well in a pasture has made herself one of the leading attractions of Telemah, Neb. The animal belongs to James Matthews. She will push the pump up, then down, quickly bringing her head beneath the water to get it fresh from the pump, continuing this for ten or fifteen minutes. One kind-hearted citizen endeavored to assist the cow by pumping water into a tub, but the cow looked upon his effort with disdain and, as soon as the citizen had gone a short distance, proceeded to pump herself a cool, fresh drink from the well.—Indianapolis News.

Lightning and Campers

A study of lightning fatalities, says E. F. Crighton of the General Electric company leads the scientists to believe that picnickers and soldiers are more often the victims of lightning than other people. Why is this? Fires at noon, he explains, cause an upward current of air which becomes charged and the charge is emptied immediately in the vicinity from where it originated. "The next time you go on a camping trip," he says, "just throw a few wires across the trees above your fire and all will be safe."

Horses Honored in Death

John E. Madden, famous horseman, has established at Lexington, Ky., a cemetery for noble horses. In this plot now he buried at least ten famous horses of history-making records. Mr. Madden has hopes that this place may become a "Westminster abbey" for blooded animals of the turf.

Which Are You Like?

Have you ever thought of the difference between a tree and a post? Both may be composed of the same material. But if you set out a post it begins to decay. If you set out a tree it begins to grow. The psalmist says that the godly man is like a tree planted by the rivers of water.

IF IT BE TRUE—

As Prof. Elwood of the University of Missouri, says:

"The Christian Church undertakes no impossible task. It summons men to devotion to no impracticable ideal. A christian world is not only practicable; in the long run it will be found that no other sort is practicable."

And Jesus of Nazareth, says:

"I am come that ye might have life." And, "If I be lifted up before the world I shall draw all men unto me."

BAPTIST NOTES

The pastor was in his pulpit last Sunday morning, and preached about Paul at Athens, Acts 17:18.
The flowers were very fine last Sunday. The bouquet of Gladoli was exceptionally beautiful.
Rev. Hoffman of Walled Lake Baptist church, will preach next Sunday morning. He is a new pastor in the Wayne association. You will enjoy hearing him next Sunday morning, be sure and come. The pastor will exchange and preach for him next Sunday.
The Ladies' Aid of the church met with Mrs. Joseph Stanley last week Wednesday, and although it rained most of the afternoon, a very good attendance was reported. Dainty refreshments were served at the close of the meeting, and all enjoyed the afternoon.
Be at Sunday-school next Sunday.

Making Windmills Work
Rigid tests are being applied to the invention of a Berlin scientist, Major Bilau, who has erected on a farm in Hertfordshire a windmill which he claims will develop enough electric power to light a village and can easily supply sufficient power to operate all the machinery on a large farm or ranch. It is a curious looking windmill, having great arms shaped much like the blades of an airplane propeller, and so constructed that suction is brought into play to get every ounce of turning power from the wind. As the propellers revolve they put in motion a set of gears that drive a dynamo contained in a balloonlike attachment immediately behind them. Near by four other windmills of various types are operating and the power they develop is registered in a testing shed and compared daily with the work done by a Bilau mill.

Frankness Rewarded
The debate between Bishop Wellton and the Durham signalman as to the "seldshness" of the railwaymen's demand for higher wages ended in the proper English fashion, "with loud applause for the two protagonists." It is pleasant to find that so much fair play is possible in the heated atmosphere of 1925. It was in 1880 that John Stuart Mill, standing for Westminster, was asked by a heckler whether it was true that he had said the working classes were generally "seldsh." "I did," he replied, exciting, says a biographer, "vehement applause," and he was triumphantly returned.—London Observer.

Temperatures on Mars
During the past year investigations to determine, as nearly as possible, the temperatures on the planet Mars were conducted both at the Mount Wilson observatory in California and at the observatory at Flagstaff, Arizona. The observers at Mount Wilson calculated the afternoon temperatures along the equator of Mars to be approximately 10 degrees above freezing, while those at Flagstaff estimate the temperature at 20 above freezing. These calculations would indicate that Mars would be more temperate as a summer than a winter resort. In the Martian polar regions the temperature must be extremely low.

Genius and the Brain
That genius may have its abode in a brain much below the average in weight is proved by the case of the late Anatole France. Doctor Regault, to whom the brain was submitted, states that it weighed only 1,047 grammes, or nearly 400 grammes below the accepted figure.

PRESBYTERIAN NOTES

The pastor was at Winona Lake, Indiana, the first of the week, attending the Bible Conference. Elder A. D. Stevens conducted the Wednesday night prayer meeting.
The date for the Sunday-school picnic has been set for Wednesday, August 26th. There will be no prayer meeting this week on that account. Wednesday was chosen because the stores are closed on the afternoon of that day, making it easier for the men who are in business to be there. Final arrangements will be announced on Sunday.
The following committees have been chosen for the Sunday-school picnic: General chairman, R. O. Mimmack; transportation, C. H. Bennett; sports, LeRoy Jewell; refreshments, Charles Weaver; finance, E. C. Vealey; publicity, M. G. Hill.
Vehicles for Island Lake where the picnic will be held, will leave the church at ten o'clock sharp, on the morning of Wednesday, August 26th. Be on hand.
All aboard for the biggest and best outing the Sunday-school has had in years. The sports committee are planning prizes for all kinds of contests.

W. C. T. U.
The Woman's Christian Temperance Union will meet Thursday, August 27, at 2:30 p. m., at the home of Mrs. Wm. Smith, 608 Dodge street. Mrs. Arthur White is chairman of the meeting, and the program is as follows:
Roll Call—Signs of the times. Miscellaneous.
Music.
Paper, "Community Health"—Community Nurse.
Discussion.
Members are urged to be present and bring their friends.

PRaise Given Work of New Church.
LIVONIA COMMUNITY ORGANIZATION ATTRACTS MANY DENOMINATIONS.
The following story, reprinted from the Unity Messenger, gives a splendid idea of the work that is being done in the Livonia Community church, of which Rev. Phelps is pastor.
Livonia Center Community church was organized on Easter Sunday, of this year in a beautiful new suburb of Detroit, near Coventry Gardens.
The church draws its membership from nearly every Protestant denomination. It has grown very rapidly. The Sunday-school is in a flourishing condition, with large men's and women's classes especially. Mr. Harmon Kingsley is the efficient superintendent, Mr. Bruce Burth is his assistant, with Mr. James Siler as secretary.
An excellent choir furnishes music at the church services, with a male quartette and ladies' quartette. The men's chorus of 50 voices has recently announced special evening programs of music.
The evening services are scarcely able to accommodate capacity houses, with rumors of extensive building program.
The Ladies' Aid Society is doing admirable work for the church, under the direction of its charming president, Mrs. Roger Sherwood.
There are many other encouraging features of this "live" church that prove to the world "how beautiful it is for brethren to dwell together in unity." Not the least of these are 15 subscriptions to Unity Messenger and a gift of \$20 to the Salvador Mission in Central America.
The pastor of the church is Dr. Helen B. Phelps, who is much beloved by the congregation. She is an eloquent and impressive and spiritual speaker, a deep thinker and influential member of the community. She has had wide experience in Christian work, possesses an excellent education and has taught public speaking and interpretive reading in colleges and seminaries. She is the wife of Dr. V. V. Phelps, who is prominent in educational work in the city of Detroit.
The only time a man should tell his troubles is when he does it to prevent the other fellow from telling his.

CROP REPORT EXCEPTIONALLY GOOD

There has been a decided improvement in the condition of nearly all crops during the month of July, and the cultivated crops are now generally above the ten-year average. Wheat and rye are yielding much better than expected and, while oats and barley are short in straw, they are more promising than estimated earlier in the season, according to the August 1 report issued by L. Whitney Watkins, Commissioner of Agriculture and Verne H. Church, U. S. Agricultural Statistician.

Corn: The present condition of 85 per cent is four per cent better than one month ago, four per cent above the ten-year average, and 17 per cent better than one year ago. The present outlook is for a production of 3,357,000 bushels as compared with 3,336,000 in 1924. Stands are generally good throughout the main producing counties.

The United States crop is estimated at 2,950,340,000 bushels against 2,436,513,000 last year.

Wheat: The average yield per acre as reported in the August 1 inquiry is 16.5 bushels, a marked increase over earlier predictions. This increases the state's production to 15,576,000 bushels which is nearly up to the ten-year average, although over four millions less than last year's bumper crop. The quality is excellent, being rated at 90 per cent. Spring wheat shows a condition of 79 per cent, equivalent to a production of 126,000 bushels.

For the United States, the estimate for winter wheat is 415,697,000 bushels and for spring wheat, 262,749,000 bushels. Last year, the country produced 590,637,000 bushels of winter wheat and 282,636,000 bushels of spring wheat.

Oats: There was a gain of 11 per cent in condition since one month ago, the present figure being 70 per cent, equivalent to a production of 46,267,000 bushels in comparison with 67,200,000 last year. Eight per cent of the old crop is still on farms as compared with six per cent one year ago. The country's crop totals 1,387,349,000 bushels while that of last year amounted to 1,541,900,000 bushels.

Barley: The condition is rated at 68 per cent, a gain of eight per cent during the past month, and represents a total production of 3,488,000 bushels against a crop of 4,743,000 bushels in 1924. The carry-over is reported to be two and one-half per cent; last year it was two per cent.

The entire country will harvest an estimated total of 213,506,000 bushels. In comparison with a crop of 187,875,000 in 1924.

Rye: The prospective yield is 12.5 bushels per acre, or a total crop of 4,275,000 bushels. Both the acreage and yield are less than last year when 6,006,000 bushels were harvested. The quality is rated at 80 per cent.

The United States has an estimated production of 51,368,000 bushels in comparison with a crop of 63,446,000 last year.

Buckwheat: There is an indicated increase of five per cent over last year in the acreage planted, making a total of 44,000. The present condition of 81 per cent is equivalent to 381,000 bushels from this acreage, a slightly smaller crop than that of last year.

The production for the entire United States is placed at 10,378,000 bushels. Last year it was 15,356,000 bushels.

Beans: The stand varies greatly in different localities and in individual fields but, on the whole, the outlook is for a normal crop, the condition being 81 per cent. This condition, if maintained to the end of the season, will result in a crop of 26,629,000 bushels against a production of 38,252,000 in 1924, 35,796,000 in 1923, and 37,842,000 in 1922.

The total for the country is estimated at 353,206,000 which is 101,518,000 bushels less than last year's crop.

Beans: While there are some thin and uneven stands, the greater part of the fields are in excellent condition. The present outlook is for 88 per cent of a crop, a gain of six points over last year and five per cent above the ten-year average, and equivalent to a crop of 7,282,000 bushels. If this volume is realized it will be the largest on record for the state. The 1924 crop totaled 5,848,000 bushels.

Sugar Beets: Sugar beets have also made a decided gain over the July 1 report, the condition being 82 per cent. While there are some more or less irregular stands, the majority of the acreage has a normal stand and making an excellent growth. Diseases common to the plant have caused but little damage to date.

Hay: The hay crop has improved during the past month and the present estimate is for a total tonnage crop of 2,427,000 tons as compared with 2,010,000 tons in 1924. The condition is rated at 50 per cent. The yield of timothy is placed at 55 ton per acre; clover, 56 ton; clover and timothy mixed, 55 ton. The condition of alfalfa is 76 per cent, a gain of three per cent over last month. While it is in the best condition of any hay crop, it is somewhat below the average of other years.

The tame hay crop of the United States is estimated at 77,713,000 tons as compared with a crop of 97,970,000 tons last year.

Fruits: Apples are of excellent quality and show a prospective total crop of 8,350,000 bushels of which 1,448,000 bushels are rated as commercial. These figures are a little higher than last year, the total crop having been 7,333,000 bushels and commercial, 1,222,000 bushels. The crop is lightest in the southwest counties and the percentage generally increases northward through the state. Winter varieties are relatively better than summer and fall.

Peaches show a decline of four per cent during the month, the present outlook being 36 per cent of a crop, or 588,000 bushels. Last year's production was 464,000.

Pears are generally light and show a prospect of only 27 per cent of a full production. This is equivalent to 410,000 bushels which is about one-half the amount harvested last year.

The prospect for grapes is very discouraging, especially in the southwest counties where the condition in Berrien county is only 18 per cent, and in Van Buren county, 28 per cent. The crop is estimated at 24,811 tons for the state.

The condition of other fruits is as follows: blackberries and raspberries, 64 per cent; plums, 29 per cent; and melons, 70 per cent. The production of cherries amounted to 52 per cent of a full crop as compared with 70 per cent last year.

The United States total production of apples is estimated at 161,148,000 bushels and the commercial portion at

WASHTENAW COUNTY FAIR NOTES.

Congressman Earl C. Michener will deliver short address at the dedication of Washtenaw County Boys' and Girls' Building at one o'clock, Tuesday, September 1.

Numerous exhibit entries for each of the fifteen departments are reaching the Fair office daily, and it is anticipated the displays of horses, cattle, sheep, swine and poultry will eclipse the growth showing at the 1924 fair.

Superintendents of all departments report greater interest than previously shown in exhibits for all divisions.

Plans for more elaborate and artistic decorations than at former Fairs have been made. Decorations on the fronts of all buildings and the interior of several; all entrances; grand stand; attraction platform and automobile tent will be a distinctive and arranged attractively.

All Fair patrons realize good decorations and music are important factors of every successful Fair. The 1925 Washtenaw County Fair will be well supplied in these two essentials.

A new picket fence has been built on Jackson avenue from the Arch entrance to the automobile entrance at headquarters. This fence which is being painted white, adds greatly to the appearance of the main entrance.

By special request of patrons, Washtenaw County Fair Board has secured "Gus Henderson," inimitable comedy slack rope performer, and incidentally the most popular act ever shown at a Washtenaw County Fair audience, for the entire week, September 1, 2, 3, 4, 5. Henderson's previous appearance here was in 1922.

Ballot Troup, four charming ladies and a man in acrobatic, aerial ring, trapeze and difficult heavy weight juggling feats of equilibrium and strength performed with splendid pulse and excellent grace.

In addition to the regular program of fireworks which includes Noise Salutes, Messengers from Mars, Flight of Tourbillons, Aerial Chant Rockets, Repenting Shells, Liquid Gold Bombshells, Bottled Daylight and Great Chrysanthemums which will be shown Wednesday, Thursday, Friday and Saturday nights, each night will have numerous special features, one of which will be our Funny Friends From Comedy Land including Barney Google and Spark Plug, Andy Gump, Mutt and Jeff, Jiggs and Margie, Walt and Skeezix and many others, with the Auto Speeder and the Cop thrown in for good measure.

The funny antics of these notables will positively bring forth shrieks of joy from the younger Fair patrons and hearty laughter from the older folks.

Education pays this day in time, unless you settle down to be a school teacher.

Foot Troubles?

FREE DEMONSTRATION

Saturday, August 22

Seven persons out of every ten have some form of foot trouble. It may be weak or broken-down arches, weak ankles, corns, callouses or bunions or probably a case of tired, aching, painful feet. Regardless of what may be the nature of your suffering, you will find quick and permanent relief, this week, at our Foot Comfort Department.

Foot Comfort Expert to Serve You
For the benefit of all foot sufferers, this store has arranged with The Scholl Mfg. Co., for the services of one of Dr. Scholl's most skilled demonstrators, who will be at our store to give free foot comfort demonstrations on the above date. Every foot sufferer should take advantage of this exceptional opportunity.

Free Podo-graph Picture Made of Your Feet
In a few seconds' time, without removing the shoe, he can make a photographic print of your foot that positively shows if you do have foot troubles and to what stage the trouble has progressed. This service is absolutely free and places you under no obligation whatever.

FREE SAMPLES
Do you want to know how to stop corns hurting instantly? Come in and get a sample of Dr. Scholl's Zinc-pads. They remove the cause of corns—friction and pressure. Thin, antiseptic, healing.

Bring your foot troubles to this store during this demonstration and learn the true meaning of foot comfort.

How's Your Electric Iron?

Every housewife uses an electric iron and blesses the inventor. Nevertheless, the electric iron, in spite of its virtues, does not possess everlasting life. It wears out in the course of time, like everything else.

An electric iron when old and decrepit naturally fails to do the satisfactory work of its prime. It should be retired from service. But it is not to be considered a dead loss on that account. You can get a full dollar for it whenever you decide to buy a new one. The stuff in it is worth that much to us; and you are welcome to its value.

Don't keep on using a worn-out iron. It doesn't pay. Bring it in and buy a new one. It's as good as a dollar bill to you.

PERRINSVILLE

There will be church and Sunday-school next Sunday. Let there be a good crowd to welcome our pastor back after his vacation.

About 75 attended the Aid Society at Mrs. James Cousin's, and a very enjoyable time was had in spite of the rain. A number of aprons and parcels for the grab bag were handed in for our bazaar.

Mrs. Belle Baehr was greatly surprised last Friday, when Mrs. Ed. Marlett and children of Florida, called on her. All of their old friends will surely remember them.

Mr. and Mrs. George Baehr and family spent Sunday with Mr. and Mrs. Erland Bridge, at Plymouth.

Born to Mr. and Mrs. Raymond Hanchett, August 14th, a daughter.

Doris Bridge of Plymouth, is spending two weeks with her grandparents, Mr. and Mrs. George Baehr.

WATERFORD

Mr. and Mrs. Earehart and Mr. and Mrs. John Gifford were Sunday guests of Mr. and Mrs. H. W. Hubbard.

John and Evelyn Joslin of Plymouth, spent a few days last week with Mr. and Mrs. Edmund Watson.

Mr. and Mrs. Frank McGraw of Plymouth, were dinner guests Sunday, of Mr. and Mrs. Charles Waterman.

Robert Bechtel is painting the Waterford school.

Mr. Kelley spent the week-end in Detroit.

Fred Hughes of Detroit, took supper with Mr. and Mrs. Charles Waterman, Friday.

Miss Shirley Barrett of Delta, Ohio, visited Mr. and Mrs. Wm. Rowland last week.

Mrs. Edmund Watson, Miss Louise Peck and Mrs. John Watson spent Friday with the Edward Cook family in Willow.

Mr. Dryen spent the week-end in Detroit.

Earl King spent a few days last week at Washington, D. C.

Alfred Hart died in a Detroit hospital. The funeral was held Monday afternoon.

Mr. and Mrs. M. M. Rowland and children spent Sunday with relatives at their cottage at Island Lake.

Mr. and Mrs. Glenn King and Wm. Richards returned Sunday, from their northern motor trip. Mrs. John Hough of Saginaw, returned with them, to visit relatives here.

Mrs. Mary Loud returned Sunday, from a two weeks' visit at Grass Lake.

Mrs. Arthur Johnson and children of Ypsilanti, are visiting her parents, Mr. and Mrs. W. H. McKeerghan.

There are now two shifts working on the sluiceway.

LIBRARY NOTES

Here and there on the shelves:

Justice, On the Trail of the Bad Man by Arthur Train. It discusses with humorous rallery, the difficulty of finding a traditional bad man in the west; human nature in the court room; animals in court; foolish laws; women as jurymen; marriage and divorce, and other aspects of the law.

Evolution, Evolution and Christian Faith by H. H. Lane, was written by a professor whose students formally petitioned for a course of lectures, setting forth "what is the theory of evolution, and what are the important facts on which it is based, and what the acceptance of that theory has upon one's views of the Biblical account of creation and the Christian religion."

Fiction, The Judgment of Paris by Allen, is a light amusing novel about the efforts of a bachelor, fat, forty, indolent and thoroughly satisfied with life, to escape the responsibilities and attentions heaped upon him by the inheritance of two hundred thousand pounds.

Travel, Lake Superior Country by Longstreth, is a narrative of camping, tramping, canoeing and fishing, enriched with human contacts all along the way; numerous illustrations and two maps.

Picked Up About Town

"If Noah had only known how much trouble it was going to cause," says Dad Plymouth, "he'd never have taken any monkeys into the ark in the first place."

With a phonograph record you can turn it over and play either side and it's all right, but it's different with a political record.

"Dad Plymouth says the time the world looks bluest to a boy is when he is taken down with the measles during vacation.

An absent-minded Georgia man, run over and knocked down by a mule, followed the animal two miles to get his license number.

According to Dad Plymouth, a good politician is one who holds his own and gives the people a chance to hold their own.

Dad Plymouth wants to know what has become of the old-fashioned woman who jabbed a hatpin through her hat and never scratched her scalp.

"I can remember," says Dad Plymouth, "when a fellow could start across the street without offering up a silent prayer that he would reach the other side in safety."

WATCHES

A good investment is a pleasure to the investor. A poor investment creates an everlasting grouch. An investment in a good watch is always satisfactory to the majority of people.

An investment in a cheap watch is sometimes a good one especially to those engaged in very rough work. If it gets badly misused, it can be thrown away, and another purchased to take its place.

We are prepared to furnish any grade of watch suitable to your occupation.

The wrist watch is the most popular watch of today.

Come in and let us show you some of the new creations in watches.
