PLYMOUTH DAY AT THE NORTHVILLE FAIR

Thursday, September 24th Has Been Designated as Plymouth Day at the Neighboring Fair.

Business Places Will Be Asked to Close at Noon and Everybody Join In a Monster Parade to Our Neighboring Village.

Northville citizens are following their usual custom of holding a Wayne County Fair this year from September 22 to 26, and Thursday, September 24, has, as usual, been set aside as Plymouth Day. The citizens of Plymouth in general and the members of the local Chamber of Commerce in particular are more than anxious to keep up Plymouth's good reputation for showing our good will toward our neighboring village by turning out in large numbers for Plymouth Day.

All business houses in Plymouth are requested to close at noon for the balance of the day, and EVERYBODY is requested to meet at Kellogg Park at 12:00 p. m., where posters will be furnished by the Chamber of Commerce for automobiles, and Plymouth will go over to Northville in a body, with a grand automobile parade. Those who do not drive cars will find plenty of empty back seats to carry them to Northville with the rest.

Harry Lush is chairman of the Chamber of Commerce Plymouth Day Committee with Frank Rambo, W. T. Pettigill and Fred Schrader as assistants.

Fair tickets will be on sale at Schrader Bros., Dodge Drug Store, Community Pharmacy, W. T. Pettigill's, Beyer Pharmacy, Gayde Bros. and the Plymouth Mail office at the park. No special decoration of automobiles is asked, but the committee is very anxious that all Plymouth cars carry a Plymouth banner (which will be furnished) and that everyone from Plymouth join the parade at Kellogg Park to make as good a showing as possible.

While the Chamber of Commerce is sponsoring the Plymouth Day celebration, it should be thoroughly understood that everybody, whether members of the Chamber of Commerce or not, is welcome to join his townsfolk in the demonstration.

ACCIDENT RESULTS FATALLY FOR ONE MAN SUNDAY

An accident, which resulted fatally for one man, occurred last Sunday afternoon on the Farmington road near the intersection of Six Mile road, when Darnuccio Pitrono, was thrown from a motorcycle upon which he was riding as a passenger, when the machine collided with an automobile driven by Mrs. Mildred Garrett, who resides near the Wayne and Ford roads. Norello Vito of Detroit, was the driver of the motorcycle. One passenger, who was riding in the basket, was slightly injured.

Pitrono suffered a fractured skull and died Sunday evening. He was about forty-two years of age, and resided in Livonia township. Justice Phoebe Patterson empaneled a coroner's jury, and the inquest was held Tuesday morning at Schrader Bros. Funeral Home in this village. After hearing several witnesses, the jury brought in a verdict that Pitrono came to his death through the carelessness of the driver of the motorcycle.

Funeral services for Pitrono were held Wednesday morning from Our Lady of Good Counsel church, Fr. Lefevre officiating. The interment took place in Riverside cemetery.

HOME-COMING AND CENTENNIAL

The Walled Lake Home-Comers' Association has set Saturday, September 12, as the date for its annual reunion, and is anticipating a large attendance of past and present Walled Lake people for this, its twenty-first meeting.

There will be a memorial session at 10 o'clock in the forenoon. Dinner will be served at the Baptist church by the Ladies' Aid Society, and the afternoon program will begin at 2:00 o'clock.

The afternoon program will commemorate the one hundredth anniversary of the settlement of the village of Commerce, Walled Lake and Novi.

NEW GAME LAWS IN EFFECT IN FALL SHORTEN SEASON

SMALL GAME LICENSE FEE RAISED FROM \$1.00 TO \$1.25.

Several changes have been made in the Michigan state game laws, which will be in effect this season.

The resident, small game license fee has been raised from \$1.00 to \$1.25. The resident deer hunting license and all other licenses remain the same as before. The law forbidding the carrying of loaded firearms in an automobile has been amplified to cover also the magazines of guns as well as barrels.

The deer hunting season has been shortened five days and will now comprise November 15th to November 30th inclusive, the one buck law being still in force.

The rabbit season has also been shortened, the open season now being October 25 to January 31, inclusive; the limit remains at seven in one day, and ten in possession at one time, the 25 limit in season, however, has been removed. The open season on fox squirrel has been cut to six days, October 25 to October 30, inclusive. Five in one day, 15 in season. Gray and black squirrels are again protected for another year.

One of the most important changes is the closed season on muskrat, which is closed until 1927.

Beaver, otter, fisher and marten are also put on the protected list until 1930. It is unlawful to trap until this year, although they may be taken otherwise from February 1st to March 31st. Skunk may be taken from November 1st to March 31st, inclusive, but it is unlawful to have them in possession taken in closed season, or to destroy, disturb or molest house or hole.

The open season for taking raccoon now reads October 2 to December 31, instead of from November 1 to March 31, as heretofore. Bears are now protected except from November 15 to 30; hunter must have deer license in order to take bear, and it is unlawful to trap or poison same.

Partridge may be shot from October 25 to 31 only, the open season on woodcock and prairie chickens being the same as partridge, six days: five in one day, ten in possession and 25 in season. Quail still remains on the protected list.

The duck season remains the same, September 16th to December 31, inclusive. The bag limit, however, has been reduced to 15 in one day, 30 in possession and 50 in one calendar week.

For the first time in Michigan, the Chinese ring-necked pheasant may be shot by licensed hunters this year, the open season being October 25 to October 31, inclusive. Only the male birds can be killed, the limit being two in one day, four in possession.

AUXILIARY BISHOP WILL VISIT PLYMOUTH.

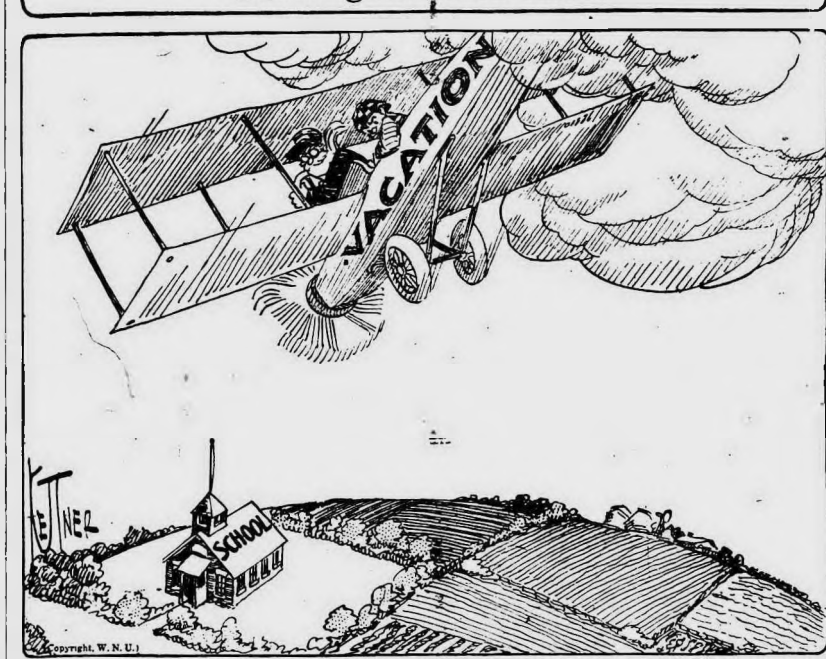

On Monday, September 14th, at 3:00 o'clock in the afternoon, the Right Reverend Joseph C. Plagens, D. D., Auxiliary Bishop of the Catholic Diocese of Detroit, will visit Our Lady of Good Counsel Church, Plymouth, in order to administer the sacrament of confirmation upon sixty children and ten adults. He will be accompanied by the neighboring priests who will assist him in the ceremony. A five o'clock dinner will be served the Bishop and clergy at the rectory of Father Lefevre.

MEETING OF EX-SERVICE MEN

There will be a meeting of the Ex-Service Men's Club, at the village hall, Monday evening, September 14th, at 7:30 o'clock. Every man is urged to turn out to this meeting.

Harry Andrews is visiting relatives in Flint, this week.

Coming Back to Earth

HAS COLLECTION OF INTERESTING RELICS

THE LATE JAMES PURDY LEFT A VALUABLE COLLECTION OF RARE BIRD SPECIMENS, RELICS AND CURIOS.

In looking through an old trunk which had been the property of her father, the late James Purdy, Mrs. Nettie Moore has discovered some old papers that are very interesting. The trunk itself is quite a curiosity nowadays. It is a small one and has a hair covering, and it originally came from Scotland more than a hundred years ago.

The trunk contained a bible, whose earliest records go back to January 13, 1774. This also came from Scotland. It is in a very good state of preservation. A copy of the National Intelligencer, under date of February 13, 1840, is very interesting. Among the papers there was the following: Copies of the Presbyterian of 1837 and 1844. Letters dated in 1816 in good state of preservation. Detroit Morning Post of July 25, 1837. A copy of a will under date of 1833.

One of the most interesting papers found in the old trunk was the assessment of Plymouth township of 1837. It is a hand-made book of two pages and hand ruled. The report of the assessor, who was the father of the late James Purdy and grandfather of Mrs. Moore, shows that there were thirty-eight buildings in Plymouth township, and among this number there were twelve houses. There were only sixty-five horses in the whole township.

The late James Purdy was an authority on bird life, and contributed many valuable articles to magazines and books upon the subject. He was also an enthusiastic collector of relics, and he was the owner of perhaps one of the largest and finest collections of birds and antiquities to be found in the state of Michigan. In the collection are more than two hundred mounted birds, twenty-five animal heads, two hundred butterflies, twelve hundred different varieties of birds eggs, one hundred mounted birds' nests, two hundred arrowheads and other Indian relics, firearms of various descriptions and ages. It is certainly a wonderful collection and well preserved.

ROTARY CLUB HAD INTERESTING MEETING

The members of the Plymouth Rotary Club had the pleasure of listening to a very interesting talk, given by H. C. Baumgartner of Singapore, at the noon-day luncheon of the club, last Friday. Mr. Baumgartner, who, with his family, is visiting at the home of his brother-in-law, Dr. W. G. Jennings, is a teacher in the Malaysian Union Seminary, in the Singapore Straits settlement, an English colony in this far away country. Mr. Baumgartner has been in Singapore for the past five years, and he told many interesting things about that country, its people, their habits and customs.

ANNOUNCEMENT

A farewell public reception will be given Rev. D. E. Nagle and wife, at the Methodist Community hall, Friday evening, September 12th, at 8:00 o'clock. Everybody cordially invited to attend.

MUNICIPAL NOTES

The bids for our disposal plant will be opened Monday evening.

The brickwork of our new warehouse, is well along. We surely will be glad to have this building to store our machinery in.

Our crew is relaying the old private sewer on North Holbrook avenue, with larger crock at a lower elevation. Property owners will be required to build septic tanks before reconnecting to the new sewer.

The sewer contractors are through with south Main street, both sewer and culvert, except for a little more attention to the backfilling. On Pearl street, the sewer is laid nearly to Starkweather avenue, providing an outlet to the sewer laid there three years ago. On Ann Arbor street, the big sewer is nearly under the Pere Marquette tracks.

Our traffic ordinance prohibits double parking on our streets. We wish people would give us more co-operation in this matter. Streets are first for moving traffic and afterwards—if there is room—for parking cars. You can stop outside the line of parked cars to load or unload passengers, but you can not wait while shopping is done. Drive around the block while you are waiting, or use one of our parking lots, which are not used to capacity.

The Manager and Police Chief attended the conference on uniform traffic ordinances, at the General Motors Building in Detroit, Tuesday. There were more than a hundred delegates from all over Michigan at this meeting, and a real start was made in drawing up a traffic ordinance which would be acceptable enough to the whole state to be generally adopted. Our own Plymouth ordinance, it may be mentioned, is in its present state, practically identical with the proposed uniform ordinance. So no one can say that our traffic regulations are radical at all. Another conference will be called later to discuss the revised ordinance as approved Tuesday.

WILL ENTERTAIN WAYNE COUNTY ASSOCIATION.

Wayne County Association, Ladies of the Maccabees, will be entertained by the local hive, at an all day session, Tuesday, September 15th. The meeting will be held in the Methodist Community Hall, and will commence promptly at 10:00 o'clock. The ladies of the Methodist church will serve the dinner at noon, to the local Hive and visiting members for fifty cents. The initiatory work will be exemplified by the officers of the association, and a very entertaining program is promised at the close of the session. All members of the local Hive are urged to attend and help win the attendance banner.

A CORRECTION

The fare to Niagara Falls next Sunday, should read \$5.00 instead of \$5.00, as printed in ad elsewhere, through no mistake of this office.

SPECIAL MATINEE AT LOCAL THEATRE SATURDAY

The management of the Penniman Allen theatre announces some extraordinary attractions that have been booked for the local theatre. For Saturday, September 12th, there will be a matinee at 2:30 p. m., when Richard Dix in "The Lucky Devil" will be the attraction. The admission has been placed at 10c for all school children, and 20c for adults, for the matinee. This same picture will be shown on Sunday and Monday evenings at the regular prices of admission.

There will be a special mid-week bill Wednesday and Thursday, September 16 and 17, when Syd Chaplin will be seen in "Charley's Aunt." This play has made folks laugh for thirty-three years, and is considered one of the best comedies ever produced. If you enjoy a good laugh, don't fail to see this picture.

See advertisements and theatre column elsewhere in this paper.

ROTARIANS ERECT HANDSOME SIGN

The Plymouth Rotary Club has erected a handsome sign in front of Kellogg Park, facing Main street, that is attracting a great deal of attention and much favorable comment by passers-by. The new sign is about eleven feet long and two and one-half feet in width, with a white lattice work at the bottom. The ground work is of black and the lettering is of raised letters done in gold. The Rotary Club emblem forms the centerpiece, while at the sides are the words, "Plymouth, Mich. Welcomes You." A smaller sign gives the place of meeting and luncheon hour of the club. The new sign will not only inform the stranger within our gates that we have a Rotary Club, but will also inform the traveler of the name of the town through which he is passing. The erection of the sign is most commendable on the part of the local club.

PLYMOUTH REPRESENTED AT OPENING OF PUBLIC UTILITIES HEARING.

Plymouth was represented at the hearing held at Lansing, Tuesday, before the state public utilities commission, on the question of telephone rates by village attorney John S. Dayton. The commission is opening hearings on petition of the company to be allowed to increase rates generally throughout the state. Many municipalities throughout the state will be represented at the hearings. Taking of the mass of evidence in the matter will probably occupy eight or ten weeks, and a similar period will elapse before the commission completes the findings.

A FORMER PLYMOUTH LADY PASSES AWAY.

Word has been received here, that Miss Laura A. Blount, aged eighty-three years, passed to the higher life August 14th, at the Methodist Home at Chelsea, Mich., and was buried in the Chelsea cemetery. She was practically an invalid all of the latter part of her life, and had endeared herself to many friends all along life's journey.

LARGEST ENROLLMENT IN HISTORY OF LOCAL SCHOOLS

Enrollment Figures For First Day Showed a Total of 1016 Pupils In Attendance.

OFFICERS TEAM WINS AND LOSES A GAME

Saturday afternoon, September 5th, the Brightmoor Club defeated the Detroit House of Correction Officers, 13 to 12, in one of the hardest fought games of the season, on the farm grounds. The Brightmoor boys, defeated last July by the Officers, came out trusting to even things up a little, and the results proved beyond a doubt their trust was well founded.

The Officers, headed by the Big Four, Jaska, Denniston, Hunter and Perry, hoping to scare the Brightmoorites, wielded their sticks mightily and well for the first four innings, running up five rounders to Brightmoor's blank. But in the fifth, Brightmoor made a savage attack on Roman, the Farm twirler, driving both him and Jaska who replaced him to the showers. They were temporarily held by Denniston after checking in seven men over the plate. In the seventh, eighth and ninth, the Brightmoor lads continued the home plate crossing pastime for a total of five more circuits, putting the old ball game on the ice by one run.

Labor Day, September 7th, the Army and Navy Club of Detroit, were defeated by the Farm Officers, 8 to 3, in a game marked by wrangles and errors. Haggerty, hurling for the A. & N. boys, pitched a consistently good game, but his team mates just as consistently spoiled his efforts. Roman, the Officers' moundman, was never in danger, with his deliveries, and shared honors with Cap Jaska at the bat, these two clouting out seven of the sixteen hits credited to the Farmers. Impires—Nash and Thompson. Attendance at the two games, 1,000.

HICKEY-BRITZ

James B. Hickey, manager of production for the H. S. Lee Foundry & Machine Company, and Miss Vivian Britz of Wyandotte, were married last Monday morning at St. Patrick's church, Wyandotte, by Father Shaughnessy. Immediately after the ceremony, Mr. and Mrs. Hickey left for a few days' motor trip to Cleveland and points east. They will make their home in Plymouth. Mr. Hickey is highly regarded by a large circle of Plymouth friends, who are offering him their congratulations and best wishes.

The Plymouth public schools opened Tuesday with the largest enrollment in the history of the schools. The total enrollment has reached 1016 pupils. The first of next week will without a doubt see this number increased to 1050. Tuesday was given over largely to enrollment and organizing of classes, and now the work of the schools is progressing smoothly in every department. There is every indication that the coming year will be a very successful one in our schools.

MANY SEE IMPROVED FORD CAR

The improved Ford car, which arrived in Plymouth last Friday afternoon, and has since been on display in the salesroom of the Plymouth Motor Sales Co., has been the center of attraction for many people since its arrival. The car on display is a Model T touring, and it is certainly a very classy one in its new dress.

The pronounced streamline of the improved Ford touring car is particularly accentuated in the higher radiator, the long sweep of the hood and cowl and the large crown fenders which come down well over both the front and rear wheels. The body is longer, wider and sets 4 1/2 inches lower. Seats have been re-designed and are lower. There is greater leg room in the car. All four doors open forward and storm curtains are provided with uprights and open with the doors. The gasoline tank is under the cowl, permitting outside filling and easy access to the sediment bulb. Chassis changes include larger and more powerful brakes and other important mechanical improvements.

WARNER-CROCKETT

A pretty home wedding was solemnized last Tuesday evening, at the home of Mr. and Mrs. C. Crockett, 14337 Mark Twain avenue, Detroit, when their daughter, Louise, became the bride of Herbert R. Warner of Kalamazoo, in the presence of eighteen relatives and intimate friends. Rev. J. G. Whitfield officiated. The bride wore blue silk and carried pink roses. The rooms were prettily decorated with pink gladioli.

The bride has been a teacher in the Detroit schools for several years. The groom is a graduate of Plymouth High school in the class of 1912, and also attended the M. S. C. During the war he received training as a naval aviator.

Following the ceremony a light lunch was served, after which Mr. and Mrs. Warner left for their new home at West Lake, where Mr. Warner has established himself as a contractor and builder.

A PLEASANT EVENT

About sixty old friends, formerly from Freeport, Mich., now living in or near Detroit, gathered at the home of Andrew Blake in Plymouth, on Labor Day to renew acquaintances. Those attending from Detroit were: Mrs. Joseph Hill; Mrs. William Tripp and sons, Mr. and Mrs. Earl Gilbert, Mr. and Mrs. Carl Donker, Mr. and Mrs. A. Erikson and daughters, Mr. Earl Davis and daughter; Mr. and Mrs. Parker and family, Mrs. William Hartwell, Edward Bonn, Gust. Benson, Charles Bentley and Robert Kenyon from Pontiac; Mr. and Mrs. Leland Cool and family, Mr. and Mrs. Fred Tobey, and family, Mr. and Mrs. Peter Wessling and family, Mr. and Mrs. Andrew Blake and family of Plymouth.

After a very pleasant afternoon and evening spent in playing games and dancing, a committee was appointed to make this an annual affair, and hope to have a much larger attendance next year. The committee appointed were: Fred Tobey, Earl Gilbert, Mrs. Lela Blake, William Tripp and Robert Kenyon, Jr.

DEATH OF MISS EMMA OLIVER

Miss Emma Oliver died at the home of her sister, Mrs. W. S. Birch, Wednesday morning at 11:00 o'clock, aged 82 years. Funeral services will be held from the home of her sister, Mrs. S. Conger Hathaway, officiating, Wednesday afternoon, at 2:30 o'clock. An obituary will be printed next week.

TIME TO CELEBRATE

All arrangements have been completed by the bankers of the United States for one of the greatest celebrations in the history of this nation—not a big jubilee, with fireworks and brass bands—but a great gathering at which 22,000 out of 30,000 bankers are to be present.

Citizens of Plymouth should be interested in it, because it is going to show the wonderful progress made in the past fifty years, progress in which almost everyone around here has had a hand. It will be the fiftieth anniversary of the founding of national banking interests in America. Fifty years ago all the banks in the United States combined hoarded deposits and resources of \$3,000,000,000. Today the banks of this nation have deposits and resources of \$60,000,000,000. In other words the people of this country are twenty times better off financially than they were fifty years ago. Fifty years ago Americans supported 3,000 banks; today they are maintaining a total of 30,000, and each year shows deposits gaining at an enormous rate.

The average man has come to realize how rapidly money piles up when it is placed at interest. He only wishes he had found it out when he was a younger man. But, not stopping to worry about water that has already gone over the dam, he is doing the next best thing—he is trying to teach the coming generation the value of a savings account. As a result of this, the next fifty years will see a far greater growth than the fifty years just closing. Fifty years from now the nation can write its deposits in twelve figures, instead of in eleven as at present, a feat, beyond doubt, that no other nation will be able to boast.

IN THE FARM HOME

For years we've heard about the drudgery and dreariness of domestic life in rural communities. For centuries the good housewife was condemned to human slavery in doing her part to make the old farm earn a living. But today the farms of this country are yielding an income, and the burdens of the women who live on them have been lightened.

Not long ago the government picked out one county in northwestern Ohio in which to conduct a survey. It developed that almost every farm home boasted a sewing machine, oil or gas stove, automobile and sink. The auto was outnumbered only by the sewing machine. Out of 100 homes canvassed, the following conveniences were found: Automobiles, 66; sinks, 63; oil or gas stove, 61; washing machines, 55; piano or organ, 38; phonograph, 33; bath, 12; fireless cooker, 3. Residents of Plymouth who study over that list for a few minutes will see how drudgery is disappearing from the farm home, and how labor-saving devices and modern conveniences are slowly but surely coming to relieve the woman of the rural district of back-breaking toil.

This was an average county in Ohio. In many states the percentage would be as great or greater. Farm lighting systems and power from gasoline engines or dynamos are to be found now in every state in the union. And these are the things that are freeing the farm wife from the slavery that has already existed entirely too long.

IT'S HERE AGAIN

The "rose cold" or the hay fever by any other name would cause as much sneezing and sniffing, as many Plymouth citizens who are periodical victims can testify. The season of hay fever is here, and the nation is sneezing and doctoring and wishing for a

AROUND LAKE HURON

BY STANLEY NEWTON

(Continued from last week)

You stand beside an open lock and watch a big freighter slither in below you, slowly and without a bit of fuss. Perhaps your attention is attracted to another lock for a moment. When you turn for a second look down on the decks below, it is startling and uncanny to find them towering above you and perhaps sliding away into Lake Superior. It is all so easily and quickly and efficiently done that nothing elsewhere in the world affords so striking an example of man's conquest over nature, of his inventive genius and his triumph over seemingly unsurmountable obstacles.

Fort Brady at Sault Ste. Marie is a reminder of the old Indian fighting days, the original fort having been established over 100 years ago. About 300 soldiers are usually stationed there. Sault Ste. Marie is the only town of its size in the country with three fully equipped post offices—one down town in the federal building, one at the locks, and the third at Fort Brady on the hill.

Ferry facilities at the two Soos are badly short of actual needs. I understand a new boat is in prospect for next season, and it certainly will be welcome to the hundreds of car owners who are crossing daily in the tourist season. The small steamboat, Algoma, has an excellent record for work with engines and boiler in the center, making maneuvering difficult and dangerous. A good deal of language has been used on the Algoma this summer.

Upon leaving the United States, you are required to leave your name and license number with the customs department in the Michigan Soo. On arrival at the Canadian Soo, you are given a fee of 50 cents, you receive a permit allowing you to tour the Canadian provinces for thirty days. You are required to state the port at which you expect to leave and to sign a statement as to dutiable possessions. After that you are turned loose, and can go where you will.

You will find yourself very welcome as an American tourist in any part of Canada. Old animosities and grudges have died away. Americans will leave it estimated, half a billion dollars in Canada this year. It is in my opinion, money well spent, better there than abroad. The cool north country is a big natural summer playground. Its scenery is varied and beautiful, its people hospitable and kindly and congenial.

But its distances are enormous. It is quite common for American car owners crossing the Soo ferry, to ask the question, "Can I make Toronto before night?"

We logged 555 miles from the Canadian Soo to St. Simons' big store on Kingston street in Toronto, taking several days for it. Sault Ste. Marie, Ontario, is a town of about 25,000 people, with an imposing business section, and the largest steel mills and paper mills in Canada. It is headquarters for the Algoma Central Railway, which runs through marvelous scenery up the north shore of Lake Superior, through Agawa Canyon, the largest east of the Rockies. Algoma Province is a fishermen's and campers' paradise. Lakes are so plentiful that over a thousand have never even been named. The Ontario Department of Highways issues adequate road maps at small cost, and the tourist can get these in several places in the Canadian Soo, or at the Civic and Commercial office in the Michigan Soo. The road around Lake Huron is known as the Great Northern Highway, and for long stretches it is in sight of the sparkling blue waters of Georgian Bay.

For the first fifty miles or so there is a well developed farming country that is surprisingly good to those who are accustomed to think of the north country as a wild and barren waste. This section of Ontario generally gets more than its share of prizes at the Canadian National Exhibition on fruits, grains and roots. Just as the Upper Peninsula excels in the same items at the Michigan State Fair. The farther north you can grow a vegetable to maturity, the better it will be. This seems to be a law of nature. Strands of oats six feet tall are not uncommon. Green corn grows to perfection three years out of four. Clover is an indigenous crop; it grew before the white man came. Chippewa County in Michigan is the greatest hay producing country in the United States. Blueberries enough to feed the world go to waste in Chippewa and Algoma yearly. The historical element lends glamor to the country around the twin Soos. You are shown the very spot in the Michigan Soo, where the first white man's house west of Montreal was built in 1668. The Canadian Soo has the very same location. You can visit the river bank in Sault Ste. Marie, Michigan, where Etienne Brule came north in 1622, the first white man to visit the Great Lakes. Across the river they tell you that he came there first and likely did not land on our side at all. You can take your choice.

At any rate, one or the other of the Soos—the weight of evidence showing it to be the Michigan Soo—was the first sight of white civilization west of Montreal. And for hundreds of years it was not only the Chippewa Indian capital, but the center of an enormous fur trade. The Soo—meaning "rapids"—was a town long before Detroit and Chicago existed, and in fact both Detroit and Chicago had their beginnings in white folks who first lived at Sault Ste. Marie.

No, you can't make Toronto or Montreal in a day with any comfort from the foot of Lake Superior. The time is coming when it will be a pleasant jaunt of a few hours by airship, but just now the road, while it is adequate and easily negotiable, is a long but interesting pull into Toronto.

The first 40 or 50 miles of the Great Northern highway are wide and well graded. After that you find a considerably narrower highway, going but much different from anything in Lower Michigan. There are corkscrew curves by thousands, plenty of grades not too hard to negotiate on high, and hairpin turns where you can often see your own tail light. We saw several smashed cars by the roadside, but gathered that they were the property of drivers who did not know the country and were trying to make time at night. The turns are not yet marked, and it will take a fortune to mark them, they are so many. Until they are marked, it would be just as well for a greenhorn to do his driving by daylight.

The scenery to Michigan folks, is a revelation. Mountains fit by and are climbed over, there are lakes, waterfalls, preclipses, valleys, beautiful vistas without number. Every now and then you get a glimpse of the big water to the right. There is one stretch of wild country where you travel 25 miles without seeing a house. The road along the majestic Mississauga River is one to be remembered. The rivers are full of logs and pulp wood and saw mills are still plentiful. A good place to stop is at Espinola, about 175 miles from the Soo. There, away up in the woods, we found the finest hotel accommodations of the trip. A big paper mill company owns it, and it is a peach.

Fifty miles or so on the constantly winding road brings you to Sudbury. This is the greatest nickel mining town on earth and a big railroad center. For miles around Copper Cliff, a suburb of Sudbury, no vegetation exists. The hills are a blackened smear, and the natives jokingly call Copper Cliff the center of hell. The fumes from the big nickel smelters have killed every last blade of grass for miles, but they seem to have no bad effect on humans.

Many years ago a prospector found good outcroppings of copper ore in the vicinity. Copper mining was commenced and pursued with profit to a depth of 400 feet, after which the copper turned into nickel, and mining the latter has been immensely profitable. The principal mining company has a capital and surplus of over one hundred million dollars. Sudbury is growing and will in time become a great city.

Fifteen miles or so of pavement east from Sudbury show that the city is already putting on big airs. Then on to the narrow, winding gravel again, beautiful and interesting, all of it, down past Sturgeon Falls with its great paper mills, and you skirt Lake Nipissing into North Bay, 84 miles from Sudbury.

The towns and farms along the way are heavily peopled with men and women of French extraction. You see, this was once the thorough route of explorers and voyagers and couriers, de bois and fur traders from Montreal westward to the Great Lakes. They ascended the St. Lawrence to the Ottawa River, came up that stream to the nearest point to Lake Nipissing, across the lake and down the French River to Georgian Bay, thence to the Soo and up Lake Superior. It was the main route for the French and the Indians, and the trip from Montreal to the Soo or its reverse consumed about 25 days of mighty hard travel. Now we do it overnight by rail.

All along this route French fur traders and dealers in merchandise and supplies travelled, traded and established themselves for two hundred years. Today in some of the villages, the French language is predominant, and English is scarcely spoken.

North Bay is another sizable railroad center and wholesale point, and it is a surprisingly well built and modern community. The day we were there it became a city, having accumulated a population of 10,000, and it burst into a mass of houses and buildings that could be seen on the hills miles away.

North Bay marks the junction of the Great Northern Highway into Ottawa, Pembroke and Montreal, and the so-called Muskoka Lakes pike which takes you around Lake Huron into Toronto. Tourists are warned at North Bay that the road to Montreal is not yet in good shape for travel and that some long detours are necessary.

We turned south at Callander and called it a day at Huntsville, in the heart of the Muskoka Lakes country, after passing through Powassan, Trout Creek, Sunbridge and Burk's Falls. We met dozens of American cars north of Huntsville, and hundreds there and south. There are two sections of lakes in the Muskoka country, one more accessible from Huntsville, the other from Gravenhurst.

The tourist with a little time to spare should stop a day or two at Huntsville. It is about the loveliest community to be found anywhere, and steamers ply out of there daily to many points on the lake chain. The Bixth boat trip is enjoyed by many tourists, and Bixth Inn is one of the finest summer hotels in the world.

Gravenhurst is the junction point for the second chain, and from there side trips of a few miles bring one to Muskoka Wharf and Bala. Incoming trains bring half a dozen sleepers apiece, many of them full of Americans. Brasbridge is another great resorting place for the Muskoka Lake country. All these towns illustrate what can be done by advertising secretly. Practically all the inhabitants make their living from tourists.

Down at Washago on the northern arm of Lake Simcoe, you strike wider roads, mostly paved, right into Toronto. You are in fact on Yonge street, and it is called by that name although you are still a long way from the capital of Ontario. The extensions of some of the main Toronto streets remain there names for out into the province. Thus you find country roads named Union street, Queen street, and so on.

Orillia on Lake Simcoe is a fine and growing city. Barrie, farther down the lake, is unfortunate in that the Canadian National Railway has pre-empted its entire lake front, so that Barrie hasn't an acre left for a waterfront park.

Down in the Bradford and Newmarket country you come upon a fine line section that is said to be the finest in Canada. To see it is to believe it. I cannot remember anything in Michigan, Ohio, Indiana or Illinois to equal it. It is one of the garden spots of the earth.

One striking feature of the locality is the habit farmers have of planting the roadside with flowers. We saw one long narrow flower garden a mile and a quarter in length, and there were many stretching a quarter to a half mile. On a bright day one certainly gets an eyeful of color.

We were in and around Newmarket for several days, and can agree that it would be hard to overbrag the farms we saw. The shocks in the oat fields were so big and so thick that teams could hardly get through. The Newmarket market business is a big one affair built especially for the purpose, and it is packed with farmers and buyers on market days. The crops are abundant and prosperity rules everywhere. There are now several thousand cottages on Lake Simcoe to the north, and eventually the whole lake will be ringed with summer resorts. Travel on Yonge street is normally very heavy. Saturdays and Sundays through the resort season it probably equals in magnitude anything to be seen on our side of the line, for this one route has to carry practically all the travel north out of Toronto.

Newmarket and its vicinity were settled largely by Quakers, or Friends, and the Friends' Church in Newmarket is a typical example of a Quaker meeting house, with its quiet, friendly and

disunited congregation, its periods of silent prayer and communion during the services, and its fitting-box at the entrance. No collection is ever taken in a meeting house of the Friends, but instrumental music is creeping in here and there, not always favored by the older communicants.

We made a side visit to the Temple of the Children of Peace at Sharon, on the road to Kewick. Its founder, David Willson, was a sailor who settled in Canada in 1801. Originally a Quaker, he conceived the idea of instituting a new religion, and in 1825, he built at Sharon a temple which symbolized his mystic views and those of his people. It is sixty-five feet square and seventy-five feet in height, with three stories. It was opened only fifteen times during the year, its sides are mostly of glass, and twice a year it was illuminated with thousands of candles.

The second and third stories are upheld by twelve pillars bearing in gold the names of the twelve apostles. Within these are four other pillars named Faith, Hope, Charity and Love, and within these is the ark, the container of the holy books, which it took the founder 365 days to build. No nails are used in the construction of the building or its contents, and it was erected without tools of any kind.

Every part of the architecture of this strange building is symbolic. It is surmounted by a great golden globe, visible a long way off, on which the word PEACE is inscribed.

Picked Up About Town

Florida doesn't tax wealth as every other state does, but just wait until they get all the wealth in the country down there.

"The main reason there is so much law-breaking today," says Dad Plymouth, "is because we've got so many more laws to break."

Wonder what can be done in this country to make bandits understand that they are not popular with the public.

Dad Plymouth says: "The reason some husbands don't talk to the boss the way their wives think they ought to, is because they know their wives wouldn't enjoy taking in washing to support the family."

A small boy never gets enough to eat, but we never heard of a married man who didn't get plenty of food for thought.

"When a fellow tells you not to worry about your troubles," suggests Dad Plymouth, "he only means for you not to worry him about them."

We often wonder what has become of the old fashioned girl who used to carry a button-hook in her shoe.

"I suppose that families that know little or nothing about evolution have to find something else to quarrel about," comments Dad Plymouth.

It remains for Dad Plymouth to discover that "a boy knows when he is grown-up when he can put on long pants, but how's a girl going to tell when she's grown-up since all skirts remain the same length?"

To our way of thinking, the Plymouth woman who has the courage of her convictions, is the one who sticks up for him because she picked him in the first place.

THE THEATRE

"RUGGED WATER"

"Ye can't tell 'til ye've tried. Ye're never dead 'til ye're stiff. A Keeper as won't try sin't a Keeper—he's a cur!"

That's the way every man in the United States Coast Guard feels about the service of which he is a member. Little honored and quite unsung, the members of the four hundred stations along the Atlantic, Pacific and Great Lakes Shores, constitute probably the most heroic band of men in the Americas. Each year they rescue approximately 2,000 lives and millions of dollars in property. Risking their lives is a part of their work.

Showing the drama in the daily lives of these heroes was the task Irvin Willat took upon himself when he began the filming of "Rugged Water," Joseph C. Lincoln's graphic story of the life saving service on Cape Cod. With the aid of Willat's ace cameraman, Al. Gilks, who "shot" "The Air Mail," and a cast of daring players, including Lois Wilson, Warren Baxter, Wallace Beery and Phyllis Haver in featured roles, "Rugged Water" is the Lincoln novel in picture form.

"Rugged Water" will be the attraction at the Penniman Allen theatre on Saturday, September 12th.

"THE LUCKY DEVIL"

Take a good looking young fellow with a beautiful speed car and no money to run it with. Then add a beautiful girl and her mother in a Ford that refuses to run. Sprinkle gingerly with speed, thrills and laughs, and you have a fair idea of Richard Dix's new Paramount picture, "The Lucky Devil," due on Sunday and Monday, September 13 and 14, at the Penniman Allen theatre.

Ether Ralston plays opposite the star in this original screen story by Byron Morgan, directed by Frank Tuttle, who made "Too Many Kisses" and "Miss Bluebeard."

It is the tale of a young fellow who spent the earlier part of his life dreaming of what he would do if he ever got a good car, and then when luck came his way—what he did. All the scraps he got into, the money he was fleeced out of, how he was arrested once and almost a second time; how he fell in love with a beautiful girl and followed her for miles and miles; how he entered his car in a big auto race and won it, the money and the girl will give you more thrills to the minute than you've ever experienced before in your life.

In "The Lucky Devil" Dix drives his own car every foot of the way in the road race, the like of which has never been seen before in pictures.

Others in the cast are "Gunboat" Smith, Anthony Jovitt, Tom Findlay, Edna May Oliver, Joe Burke and Mary Foy. Regular admission.

This picture will also be shown at a special matinee Saturday, September 12th, at 2:30. Admission—All school children, 10c; adults, 20c.

"CHARLEY'S AUNT"

It is a surprising thing, indeed, that the movie makers have not filmed "Charley's Aunt" before. Now it is about ready to arrive via the cinema and is advertised for the Penniman Allen theatre, Wednesday and Thursday, September 16 and 17.

"Charley's Aunt" probably holds more records for long-distance running on the stage than anything outside of "Uncle Tom's Cabin." The farce was written by Brandon Thomas and first produced in England in 1892. The remarkable thing about the play was the fact that it has run continuously for the last thirty-three years and still shows evidence of going strong.

"Charley's Aunt" is also credited with being the funniest play ever written, and in making the picture the producers have designed the scenario to keep all of the biggest laughing sequences in the play intact. Syd Chaplin plays the title role of "Charley's Aunt" from Brazil where nuts come from" and he is said to do the best work of his career.

Chaplin is undeniably developing into one of our stellar comedians. There are critics who maintain that his "Submarine Pirate" film, made when feature movies were still young, still stands as the funniest film ever made. It is only lately that he has blossomed out as a featured comedian, for during a period of three or four years he was off of the screen and acting as his famous brother's manager and engaging in business ventures of his own.

In the "Charley's Aunt" film the character of the eccentric old lady is one which lends itself to Syd Chaplin's special flair for pantomime in which he is a past master. The laughs come thick and fast, and the movie men are safe in promising a show of more than usual hearty roars of mirth.

You Can Do More Business

Some storekeepers, strangely enough, have a way of looking upon their lighting merely as expense, necessary expense of course, but still expense.

They quite fail to realize that store lighting is also an investment, as truly an investment as the goods on the shelves and as capable of paying a profit.

Lighting—good lighting—attracts customers; it stimulates buying; it increases sales; it gives a great advantage over the poorly lighted competitor.

This is not a theory; it is a condition. It has been demonstrated time and again. We will send an illumination engineer to advise you, without charge.

You don't need Electricity

But you do need the Maytag—the only washer operated by its own built-in Gasoline Engine

WOMEN in homes without electricity may have to put up with some inconveniences—but on washday they can have the very best washday service in the world—the Maytag Gyrafoam Washer. This is available through the famous Maytag Multi-Motor—the sturdiest, most economical, most dependable fractional horsepower gasoline motor ever developed.

The Powerful Maytag Multi-Motor

handles the heaviest washings with perfect ease. The washer is easily moved about, and starts with a flip of the foot lever.

And no electric washer in the world—even including the electrically-operated Maytag Gyrafoam—will wash any faster, or wash any cleaner, or bring a single bit more all-around helpfulness.

You've never seen anything like the Maytag for speed, thoroughness and convenience—there's never been anything like it. It's new!—new in its design—new in its exclusive Gyrafoam principle—years and years ahead.

Think what it does! Washes a whole tub of clothes in 3 to 7 minutes. Washes 50 lbs. of dry clothes an hour—actually twice the quantity other washers will do. Washes everything from dainty silk pieces to heavy woollens, blankets and work clothes. Washes so thoroughly clean that no hand-rubbing is necessary. And then—the tub cleans itself in 30 seconds.

- 9 Outstanding Maytag Features**
- 1 Washes faster.
 - 2 Washes cleaner.
 - 3 Largest hourly capacity in the world.
 - 4 Most compact washer made—takes floor space only 25 inches square.
 - 5 Cast aluminum tub—can't warp, rot, swell, split or corrode.
 - 6 Easily adjusted to your height.
 - 7 Clothes can be put in or taken out with the washer running.
 - 8 Tub cleans itself.
 - 9 All metal wringer. Self adjusting. Instant tension release.
- 9 Reasons for World Leadership**

It's the "Miracle of Monday!" See for yourself—try the Multi-Motor right in your own home without any obligation whatever, next washday—or any day. You don't need a separate engine to operate it—it has its own built-in power plant. Do your whole wash with it. Then—if it doesn't SELL ITSELF, don't keep it.

"The Multi-Motor is the sturdiest, most economical, most dependable fractional horsepower gasoline motor ever developed."

WILL RAISE ENDOWMENT FUND FOR AMERICAN LEGION

CAMPAIGN TO RAISE MICHIGAN'S QUOTA OF \$250,000 IS GOING TO BE SUCCESSFUL, ACCORDING TO REPORTS COMING IN.

From reports from all over the state of Michigan, it is evident the campaign to raise Michigan's quota of \$250,000 for the American Legion Endowment Fund, the income of which will be used to care for the orphans of World War veterans, and take care of disabled ex-service men who do not receive government compensation, and their children, is going to be successful. Detroit has selected David A. Brown, a veteran of the Spanish-American war, a prominent Detroit business man, and a well known charity worker, who has won an enviable reputation all over the world, as chairman of the Wayne county committee. With former Congressman, Joseph W. Fordney, as chairman of the state committee, and Mr. Brown, chairman of the Wayne county committee, those in charge of the endowment campaign feel jubilant.

Colonel Harold H. Emmons, a prominent Detroit attorney, who has just returned from a big game hunt in Africa, is the vice chairman of the Wayne county committee, and the Guardian Trust Co., Detroit's infant financial institution, is the treasurer. Hon. John W. Smith, mayor of Detroit, is the honorary chairman, and the members of the county executive committee are: Dr. August McLean, Colonel Frederick M. Alger, Colonel Phelps Newberry, Harvey Campbell, secretary of the Detroit Board of Commerce; John A. Brown of T. B. Bayle Co.; Judge Ernest Lajole, Colonel Heinrich A. Pickert and Frank G. Mitzel.

Monsignor Patrick R. Dunigan of Flint, distinguished service medal man of the World War, who was chaplain of the 32nd Division overseas, and is at present chaplain of the Michigan National Guard, with the rank of major, addressed a number of prominent business and professional men at the Hotel Statler, Detroit, last Monday noon, in the interest of the endowment fund.

"There is no doubt in my mind but that Detroit and Michigan will over-subscribe their quota for this endowment fund," said Major Dunigan. "The drive is on for this American Legion Endowment fund for the orphans and the disabled service men, not now drawing compensation from some other source. This is a splendid proposition, and Detroit and Michigan are going to do their share generously in the interest of these men who were killed and wounded, and their children.

There are other reasons. We may need an army again. The thoughtful citizen, and the experienced soldier hopes not, but human nature has not changed, and we may need an army again, and the army that can acquire itself most nobly, in the noblest manner of their obligation to this, our wonderful country, is the volunteer army, and as business men we are not going to have the muddle in another great war that we went through recently. I believe we can capitalize a volunteer army of many millions of young men, because the spirit of adventure and romance and sportsmanship is a wonderful thing.

"And if we may hope for the volunteer soldier in years to come, we must acquit ourselves of our obligation to the men who served in the last war. We owe that much to him. We owe it to him to prove that the gratitude of a republic is a real thing, and that his service has been appreciated, and that the orphan child of his, if he were one of the men who did not come back, or the little family of the disabled soldier, is being cared for, that they may be comforted, and be trained as little children are now being trained at Otter Lake, Michigan. A group of little children they are, enjoying all the comforts, sentiment sympathy and love that they might have enjoyed at home, had their daddy come back from war."

IN MEMORIAM

In loving memory of Madelon Cool, who passed away one year ago, September 13, 1924.
Where Madelon is there is no pain,
I would not have her back again;
I would not have her back to see
How much her going meant to us,
I would not have her back to know
How cold the winds of chance can blow.
There is no kinder heart than His,
And pillowed there, our Madelon is.
Where Madelon is, how soft the years,
There is no grief; there are no tears;
Her brow is all untroubled with care,
For she finds only brightness there.
She'll never feel our lonely hearts,
In joyful calm she dwells apart;
There are no arms as kind as His,
They clasp her close, where Madelon is.
Where Madelon is, Oh! Madelon dear,
One lonely year since you were here;
One year of memories so sweet
Of babyhood, childhood, incomplete.
I would not have you back again,
I could not have you back again,
On earth there is no peace like His.
Ah, there is peace where Madelon is.
Mr. and Mrs. Leland S. Cool
and Family.

TEMPLE THEATRE Detroit, Michigan

Maude Powers and Vernon Wallace, big Detroit favorites, and Jean Bedini, America's foremost juggler, share headline honors on the bill at B. F. Keith's Temple Theatre, starting Sunday matinee, September 13. Powers and Wallace offer their new act, "Georgia," a sequel to their old, vehicle, "Georgia on Broadway." Their new act is a delightful story of the South, sweet with the fragrance of old Georgia, with plenty of music and song. They have an excellent cast in support. Jean Bedini offers his latest contribution to vaudeville, "A Juggling Travesty," and he is assisted by Blutch Landolf, Miss Nan and a flock of girls. Others listed: Mazie Clifton and Billie De Rex, late features of "Greenwich Village Follies;" Paul Cunningham and Florence Bennett in a snappy musical flash entitled, "Behind Bars of Music," with Mooney and Churchill, Webster Taylor and Arthur Parent; Claude and Marlon in their laughable skit, "Still Arguing;" Miss Ruby Norton, international song bird; Piero, master piano accordionist; MacRae and Clegg, presenting "The Champion Lady Cyclist of the World;" a Hal Roach two-reel comedy entitled, "Lady Sans Jane," with Glenn Tryon in the title role, and the usual screen features.

CHANCERY NOTICE

No. 124667
STATE OF MICHIGAN, The Circuit Court for the County of Wayne, in Chancery.
John L. Staman, et ux., plaintiffs, vs. John Dickerson, Luther Lincoln, Jr., Luther Lincoln, Austin Durfee, Ruben S. Durfee, Reuben S. Durfee, Joseph C. Snell, Timothy Lyon, Alfred Hartshorn, and Simon Westfall, defendants.
At a session of said Court, held in the Court Room thereof, in the City of Detroit, said County and State, on the 29th day of July, A. D. 1925.
Present: The Hon. Clyde I. Webster, Circuit Judge.
On reading and filing the Bill of Complaint in this cause, from which it satisfactorily appears to the Court that the interest, claims or possible rights to the premises described in said Bill, and hereinafter described, which title, interests, claims and possible rights of said Defendants, and each of them, if they ever had any validity, said Plaintiffs aver to be barred by the continuous, open, notorious, undisputed, adverse and exclusive possession of Plaintiffs and their grantors for more than fifteen (15) years last past, and for more than fifteen (15) years last past since the several rights to the possession thereof accrued in said respective Defendants, which said possession has been, during all of said time, and still is, adverse and hostile to the title, interests, claims or possible rights of said respective Defendants, and upon reading affidavit of Plaintiff John L. Staman that it is not known and could not be ascertained after diligent search and inquiry, whether their title, interests, claims, or possible rights have been disposed of by will, and that it cannot be ascertained in what state or country said defendants, reside:
ON MOTION OF John L. Staman, Attorney for Plaintiffs:
IT IS ORDERED, That John Dickerson, Luther Lincoln, Jr., Luther Lincoln, Austin Durfee, Ruben S. Durfee, Reuben S. Durfee, Joseph C. Snell, Timothy Lyon, Alfred Hartshorn and Simon Westfall or their unknown heirs, devisees, legatees and assigns, and the unknown persons who are, or may be, entitled to claim under them, cause their several appearances to be entered herein in the manner provided by Law on or before THREE (3) Months from the date hereof, and that this order be published or served as required by Law.
CLYDE I. WEBSTER,
Circuit Judge.

NEWBURG

Last Sabbath was a red letter day in our Newburg church, although it was a rainy morning, and there was good cheer within. The church was nicely filled and looked very pretty with its decoration of fernery, gladioli and aster. It was truly a beautiful service with the chorus choir under the leadership of Mrs. Havens, and Miss Leona Joy at the piano. After the opening prayer, Rev. Havens introduced Dr. William H. Phelps, editor of the Michigan Christian Advocate, who preached a wonderful sermon, his theme being "The Changing Age of the Changeless Christ." After this, the pastor read the following report: Ground broken April 1, 1924; occupied parsonage June 28, 1924; debt paid September 1, 1925, raising \$4,312 in 17 months. Received from Epworth League, \$79; Church envelopes, \$139; Newburg L. A. S., \$1,680; Sunday-school, \$114; Ferrisville L. A. S., \$25; Beech people, \$250; Dr. Leeson, \$350; balance paid by members and friends, \$1,731. Dr. Phelps then congratulated the people, including the pastor and wife, on their splendid achievement in acquiring so fine a parsonage. He then proceeded to burn the mortgage while the congregation sang the doxology. The benediction closed this impressive service.

At the L. A. S. meeting at the hall, last week Wednesday afternoon, the ladies decided to hold their annual home coming and bazaar, Friday evening, October 23. Mesdames Mackinder and Smith have charge of the fancy work and apron booth; Mrs. Robert Holmes and Mrs. Beulah Smith, candy booth; Miss Hattie Holsington, vegetable counter; Mrs. Jesse Thomas, fish pond; Mrs. Edgar Stevens, matron of the dining room; Mesdames Gunsolly and Ruff, coffee. Any donations of an apron or piece of fancy work or anything for the fish pond, will be gratefully received.

Miss Louise Geney started in a course at the Detroit Business Institute, Monday morning.

Mr. and Mrs. Wm. Bearnets and daughter, Marlan, of Pontiac, and Harry Lutey of Detroit, were over Sunday visitors at the parsonage.

Don't forget to take a package of church envelopes. They are ready now. Mrs. M. Eva Smith is treasurer.

Chester Tucker and sister, Cora, of Lincoln, are guests at the home of Mr. and Mrs. William Lomas.

Mrs. Jesse Thomas wishes to thank all those who so kindly assisted her in making the quilt, and also on the Larkin order.

Although the new rooms are not completed, school commenced Tuesday with three teachers, Miss Hazel Reddman, Miss Margaret Griffith and Miss Louva Rowland.

Mrs. James Norris and son, Walter, of Strathmoor, spent Saturday night at the parental home, and attended church Sunday.

Harry Richardson and Miss Harriette Casterline of Lansing, were Sunday and Monday guests of Mr. and Mrs. Clyde Smith.

Mr. and Mrs. Edgar Stevens and daughter, Elizabeth, motored to Grand Rapids, Saturday, visiting Mr. and Mrs. Verne Mackinder over Labor Day.

Mrs. Wm. Roe of St. Petersburg, Fla., took dinner with Mrs. Mark Joy last Friday evening.

Mr. and Mrs. Dunkleburg of Detroit, former residents of Newburg, were calling on old friends last Friday.

Burt Paddock and sons, Charles and Dwight, spent from Saturday until Monday at Clare Chilson's cottage at Island Lake.

Mr. and Mrs. Robert Holmes and family, Misses Leona and Lydia Joy and Joy McNabb spent Sunday afternoon at Island Lake.

Mrs. Gunnell of Detroit, is spending the week with her daughter, Mrs. Marvin Guthrie.

A ten pound baby girl was born to Mr. and Mrs. Floyd Bassett, last week Tuesday. Their many friends extend congratulations.

PRESBYTERIAN NOTES

About forty attended the variety shower given by the Ready Service and Busy Woman's Bible classes last Tuesday, at the home of Mrs. E. O. Mimmack, in honor of Miss Genevieve McClumpha, who is to be married the 23rd of this month.

Our evening services were to be resumed next Sunday, but owing to the fact that next Sunday is Rev. Nagle's last Sunday before Conference, the Session decided to honor him by attending his service Sunday evening. Let's all go to hear him.

The men's class had 33 1-3 per cent of the total Sunday-school attendance last Sunday. That's a good proportion.

Mrs. George A. Smith has procured two dozen more enrollment and promotion certificates for the Grade Roll Department.

The Session met at the church last Sunday afternoon at four o'clock. September 27th was recommended as Rally Day for the Sunday-school. The next communion service will be held October 4th.

At the Trustee meeting last Friday night, H. J. Green offered his resignation as treasurer of the church. Inasmuch as he has faithfully held the office for over ten years, the trustees thought it just to comply with his request and the resignation was received. W. R. Shaw will serve as treasurer until a permanent successor is chosen. He will be in his office in the Florence Building, every Saturday afternoon to receive payments on subscription and to distribute envelopes. At other times those desiring to confer with him may phone 713 at 226 Union street.

The treasurer of the men's class has nearly fifty dollars "up his sleeve," and there is at least sixty more pledged.

An informal Christian Endeavor meeting was held last Sunday night. Regular meetings will begin next Sunday, the first to be led by Francis Hathaway. All the young folks are invited.

METHODIST NOTES

Annual Conference opens next Wednesday, at Flint. Bishop McConnell of the Pittsburg Area presides this year. If any of our folks can arrange to attend the services a week from Sunday, they will hear this fine speaker.

Next Sunday will be the last Sunday before Conference. Plan to attend church that day.

Prayer meeting will be held at the usual time and place next Wednesday night.

Brothers Fred Lee, Levi Clemens and A. M. Johnson are the members of the Pulpit Committee, officially appointed to represent the church at the seat of Conference.

Reports of the treasurer show that the actual increase in expenditures for the last year over the previous year, amounts to around \$500, which is not at all bad considering the increase in ministerial support, fuel, lights, etc. But the total deficit in receipts at the end of August as compared with the previous year, was only \$200 more than last year. It is expected that the amounts due from pledges in arrears will cover the amount in good shape. If all who are still in arrears will plan to pay in full next Sunday, the finance committee will appreciate it greatly.

"As ye have therefore received Christ Jesus, so walk in Him, rooted and builded up in Him, and established in your faith, even as ye were taught, abounding in thanksgiving."—Colossians 2:6-7.

MANY ENJOY METHODIST PICNIC

The Methodist Sunday-school picnic was held at Island Lake Thursday, September 3rd. At nine o'clock, gaily decorated cars began assembling at the park across from the church. It is estimated that there were over two hundred in attendance. The weather, place and spirit were ideal. Many remarked it was the best Sunday-school picnic in years. Much credit is due the new superintendent, George Burr; Levi Clemens for taking the children in his truck, and Conrad Hammond, who had charge of the sports. Prizes for races were awarded to Esther Vickery, Herbert Fletcher, Mrs. Wm. Hayball, George Burr, Howard Dicks, Frederick Shear, Lincoln Laugs, Oscar Matts, Jr., Ruth Soth, Frank Clemens, Merle Weir, Louis Fredricks.

BAPTIST NOTES

At the morning service the male quartet composed of F. Hamill, Alton Sayles, R. Allenbaugh and Dunne Sayles, sang, and it seemed like old times to have them sing again.

At the time of the morning offering, last Sunday, a special collection was taken for Rev. Joe Payne, the cowboy evangelist, of White Cloud, who assisted here last spring in revival meetings. Great sorrow came to him through the death of his wife, who some time ago was stricken with paralysis, and was buried last Monday. Many will sympathize with him in this deep sorrow and affliction that has overtaken him. He has a son in the Moody Institute, Chicago, preparing for the ministry, and the little girl will find a home with Rev. and Mrs. Thuybault of Millington, formerly of Wixom.

Rev. Clasper of Rochester, and George Sutton of Pontiac, came over to the Baptist parsonage, last Wednesday, to make the final arrangements for the program of the Wayne Association, held at Rochester, September 29 and 30.

Remember the Sunday-school rally the first Sunday in October. Get ready for it.

There will be no evening service at the Baptist church, next Sunday evening. We will all go to the evening service at the M. E. church and hear Brother Nagle's farewell sermon.

LIVONIA CENTER LUTHERAN CHURCH

On Sunday, September 13th, the Livonia Lutheran church will celebrate its annual mission festival. Two divine services will be held—in the morning at 10:00 and in the afternoon at 2:30. The Rev. Otto Eckert of Riga, Mich., will deliver the sermon at the morning service in German. The Rev. Louis Mielke of Saginaw, will deliver the afternoon sermon in English. In both services a special offering will be lifted for the benefit of mission work. At noon the ladies of the church will serve dinner to all present. Come and bring your friends to these services. Everybody welcome.

All over the world children are being held back by defective eyesight. Make sure that your child is able to see clearly.

Our examinations are scientific and thorough.

"THE LUCKY DEVIL"

Dare-Devil Dix in the comedy cyclone of the season.

He had two failings—women and speed. And when he found both in the same moment—THE LUCKY DEVIL!

America's fastest moving star in his fastest moving picture.

The smiling speedomaniac! The whizz wizard! The debonair demon of danger! RICHARD DIX in "The Lucky Devil."

The comedy thunderbolt of the screen.

Great Barney Oldfield, what a picture!

Along the roaring road of laughter and romance.

Dix as a delightful daredevil with a horseshoe in each hand.

A laugh in every scene—a love story that's full of just the right kind of romance—and automobile race that'll make your hair stand on end—that's "The Lucky Devil." It's one of the most all-around entertaining pictures you've ever seen.

The race thrills are tremendous! Never before has the screen seen the like of them.

Here's Dix in a story by an author who specializes on laughs accompanied with speed. You'll have to hop to keep step with this one—that's how fast it is!

REGULAR PRICES

"It Certainly Is a Smart-looking Car"

That's what everyone has to say who has seen the latest Ford cars. That such attractive motor cars could be offered without the slightest increase in prices, seemed incredible to a public long familiar with Ford values.

Yet enthusiasm for the smart new appearance can never supersede the fact that it is the quality of materials and workmanship that has made the Ford the world's leading automobile value. New beauty has not crowded out traditional Ford reliability.

The very volume of Ford output demands absolute accuracy of every working part. The steady flow of production is dependent upon parts fitting together perfectly; inaccuracies would interrupt and delay assembly. And to this precision must be largely credited the uniformly fine performance and freedom from trouble of all Ford cars.

Closed cars now shown in

color are unusually pleasing; new and finer upholstery gives an artistic harmony to the cars. Bright nicked radiators feature the closed cars and nicked headlamp rims are on all types. The fenders are larger and longer, and the running boards are wider.

Comfort is increased by the cars' lower center of gravity, by the low, deep, wide seats, by the added foot room, and by many other refinements that contribute to your ease, convenience and safety.

Here is the ideal car for a woman's personal use—good-looking, trustworthy, easy to handle and inexpensive to maintain. Here, too, is a practical car for any family—that every member of the family can enjoy.

Today's Reflections

What we need in the United States is a week-end that doesn't keep the undertakers busy the week following.

Many a Plymouth man who feels that he is right doesn't go ahead because his wife insists that he is wrong.

Uncle Sam is trying to find a way to make paper money last longer, but not in the same way that we are.

Who ever expected to live to see the day when a full-grown girl's knees would get as sunburned as her face and hands.

When a Plymouth man starts in to touch his wife to drive he discovers that losing control of the temper is as dangerous as losing control of the car.

There are plenty of leaders in America, but sometimes it looks as though there are not enough grievances to go around.

We asked a Plymouth man yesterday what kind of rays are given off by moonshine, and he said he doesn't know unless it's hoarays.

Some people are calling themselves "liberal" these days, when if the truth were known they are so narrow they could poke their head through a knot-hole without touching the sides.

After he is dead and gone, we'll never need a big monument to remind us of the good example set by the Plymouth man who never speaks ill of anyone.

An 80-foot sea serpent has been reported off the coast of Rhode Island. So that's where the rum fleet moved to eh?

Why is it that when you ask a man for the truth and he gives it to you straight, nine times out of ten you won't believe him?

Figures for the first ten years of the Panama canal show that at least one government utility is paying for itself.

GOOD RACE PROGRAM AT NORTHVILLE FAIR.

There will be three days of racing at the Northville Wayne County Fair this year. Besides the two harness horse events which will take place on Thursday, Friday and Saturday afternoons there will be introduced this year some running races and some novelty races which will be different than have ever been offered local fair visitors. On Thursday there will be a 2:30 trot and a 2:30 pace. Friday's program will consist of a 2:18 trot and a 2:17 pace and for Saturday there will be a 2:22 pace and a free-for-all trot or pace. In all these events the purse offered is \$300.00.

All the races are to be run on the three heat plan and each heat will be a mile. Under this plan in order to win a race a horse must come in first in two heats and the purses will be divided 50, 25, 15 and 10 per cent.

The indications are that all classes will be well filled and that the three days racing will be a very interesting feature of the fair. The racing program is under the direction of M. H. Sloan, superintendent, and a committee composed of E. M. Starkweather, H. H. Hamilton and John Tintnam. F. E. VanAtta will be clerk of the course, and Harry C. Robinson of Plymouth, will officiate as starting judge.—Northville Record.

MICHIGAN HORSES WIN HONORS AT OHIO FAIR

DRAFT HORSE STRING FROM STATE COLLEGE TAKE TEN FIRST PLACES AGAINST NATION'S BEST.

Michigan draft horses, part of the Michigan State College herd, won high honors at the Ohio State Fair last week, the twelve horses shown taking ten first and four championships. This week the same animals are entered at the State Fair in Detroit, competing again against the best in the country.

The Michigan horses won all group classes at Ohio in the Belgian breed, and at the same time maintained a high place with the Percheron groups. The foal of Pervenche, famous M. S. C. Belgian International winner, won first in its class, causing much comment. It shows that prize winners can reproduce their qualities and at the same time maintain their high standards in the show ring, declared R. S. Hudson, in charge of the college horses. Lelia, the champion Percheron mare, won first in her class and her foal also won first.

Winners of reserve grand championships were: Pervenche, Belgian mare, and Range Line Phoenix, Belgian Stallion. Lelia, Percheron mare, won the reserve championship of her breed, and Utelem, Percheron mare, won the junior reserve championship.

LIBRARY NOTES

Reading With a Purpose
Would you like to follow some definite plan in your reading this winter? If so, the "Reading With a Purpose" series, which the American Library Association is offering, may be of interest to you. The series will include such subjects as "Biology," "English Literature," "Ten Pivotal Figures in History," "Some Readings in American Books," "Economics," "General Survey," "Appreciation of Music," "Sociology and Social Problems," "Physical Sciences," "Conflicting Ideas in American Government," "Psychology and Philosophy." Each course in the series will be written by someone who is an authority on his subject and can present it attractively. If you are interested in any of these courses, ask about them at the library.

If you have anything to buy or sell, advertise it in the Mail.

QUALITY AT LOW COST

Chevrolet has now built 2,000,000 cars—the first manufacturer of automobiles with modern sliding gear transmission to reach this tremendous production.

This achievement has been made possible because Chevrolet has met the great public demand for a quality car at low cost.

Chevrolet has a construction typical of the highest priced cars; powerful economical motor and disc clutch, bodies of beautiful design, closed models by Fisher, Duco finish, interior of cars beautifully and substantially upholstered and fully appointed.

Be sure to see these cars that have achieved so great a degree of public favor—and learn how much automobile you can really get for little money.

THOMAS-FLICK

Mrs. Fannie Flick and Edgar Thomas were married by Mrs. Phoebe Patterson, Justice of the Peace, at her residence, Wednesday evening, September 2nd. After the ceremony, the happy couple went to the home of Mr. and Mrs. Harvey Thomas, where they received the congratulations of a number of friends and relatives, and where a wedding supper was served the guests. Mr. and Mrs. Thomas will reside in their new home at Phoenix Park.

CITIZENS OF PLYMOUTH AND NORTHVILLE

Please note that the collection of garbage is to become a reality within the next two weeks. Representatives of the company will call around the latter part of this week or the first of next week, and explain the proposition and answer any questions regarding the same. Let's get together and boost the first thing that has come to our town in the sanitation line. Be a booster.

The Company.
