PLYMOUTH, MICHIGAN, FRIDAY, OCTOBER 16, 1925

\$1.50 PER YEAR

## PLYMOUTH RETAINS SILVER TROPHY CUP PERMANENTLY

### The Trophy Cup Offered By the Plymouth United Savings Bank Awarded to Local High School Team in Stock Judging Contest at Northville Fair.

By Henry Horton  
The cup was given by the Plymouth United Savings Bank as a trophy for the winners of first place in stock judging at the Northville Wayne County fair. It has become the permanent property of Plymouth, since it was won for the third time this year by a team composed of Russell Miller, whose score was 878; Myrlan Lyke, 641, and Harry Miller, 596, with a total of 1917 points. Ypsilanti claimed second place, with a score of 1894.

The Aggie Club passed a vote to inscribe the names of the individual winners on the cup.

Holstein cows, Shortborn heifers, Shropshire sheep and Duroc-Jersey hogs were the stock judged.

At the Northville Fair, the fruit judging team, also won first place. So Plymouth will hold for one year the Oakleaf Horticultural Society trophy for first place in the apple judging. Harry Miller with a score of 681 points; Willard Nelson with 647, and Will Curtis with 578, were the members of the team.

Plymouth won with a margin of nearly 100 points, having a score of 1806. Howell came next with a score of 1808, and Ypsilanti last with 1684 points.

In the crops contest, Ypsilanti scored highest with 1047 points; Holly took second with 1040; Plymouth third with 1024, and Howell last with 967.

Members of the crops team were: Owen Partridge and Dale Meininger, each of whom scored 343, and Columbus Wilkins with 338 points.

Plymouth, in four years of these contests, has taken first place six times in twelve contests—three times in stock; once in crops and twice in fruit. In the other six contests, we took four seconds and two thirds.

Ypsilanti has won once in both crops and fruit; Howell in stock and crops, and Monroe in stock and fruit. This means that great credit is due our agricultural department and its head, B. J. Holcomb. It is through his efforts during the past six years that this splendid record has been achieved.

## SOME TAX FIGURES

Supervisor P. B. Whitbeck very kindly furnished the Mail with the following tax figures. The figures for the several funds are the amounts that will have to be raised in Plymouth township:

State—\$15,350.32  
County—\$10,381.82  
Poor and Insane—\$608.67  
County Road—\$5,727.34  
At Large—\$122.01  
Township—\$9,100.00  
School—\$71,250.00

## EX-SERVICE MEN

### HOLD CAMPFIRE

Nearly every member of the Ex-Services Men's Club was present at the monthly campfire held at the tourist home last evening. All enjoyed the evening by the campfire, talking over old days as in war-time. New members were taken in at this time, and arrangements were made for the big Armistice Day dance at the Pennington Allen auditorium, November 11th. About 9:30 o'clock, the fire went out and everyone went home, feeling they had had an evening of good fellowship.

## BRAND-WATERMAN

On Wednesday, at 4:30, October 7, Claude H. Waterman was united in marriage to Louva M. Rowland, both young people of Northville. Rev. William Shingleton performed the ceremony at the parsonage in the presence of the bride's mother, sister of the bride, and several friends, who acted as best man.

The ceremony was used that the solemn oath by symbol and the bride and groom, let their hearts be joined together, let them be united in love and affection, and let their lives be a continual blessing to each other. After a short reception of friends, the young couple left for Detroit and elsewhere on their honeymoon.

## STOCKHOLDERS OF PEOPLES STATE BANK ENJOY BANQUET

### ABOUT FIFTY STOCKHOLDERS AND THEIR WIVES ENJOYED THE THIRD BANQUET LAST WEEK THURSDAY EVENING.

### THE BANQUET WAS HELD AT THE NEW CASS BENTON RIDING AND HUNT CLUB.

The Peoples State Bank of Plymouth entertained the stockholders and their wives at a dinner dance, at the Cass Benton Riding and Hunt Club, last week Thursday evening. About one hundred sat down to the well appointed tables, and were served with a delicious chicken dinner. Splendid music during the evening was furnished by Stewart's Society orchestra of Detroit.

After disposing of the eats, J. B. Hubert, president of the bank, welcomed the guests, and presided over the program of the evening. In a few remarks, Mr. Hubert referred to the splendid growth that the bank had made since the first stockholders banquet was held, and his report was very gratifying to the stockholders present.

Mr. Flitts of the Fidelity Trust Co. of Detroit, gave an interesting talk along the line of the co-operation of stockholders with the officers of the bank in building up the business of the bank.

W. W. Pace of the advertising department of the National Union Bank of Jackson, gave a talk on advertising and thrift, that proved very interesting.

Following the banquet, dancing rounded a most pleasant evening for everyone present.

## TELLS OF WORK FOR CRIPPLED CHILDREN

At the noon-day luncheon of the Plymouth Rotary Club, last Friday, the members had the pleasure of hearing a splendid address by H. E. Van de Walker of Ypsilanti, on the work of the Rotary Clubs of the country are doing for crippled children. Mr. Van de Walker is treasurer of the State Society for Cripple Children, and Treasurer of the Rotary International Society for Cripple Children, and is well qualified to speak upon this most interesting subject. Mr. Van de Walker gave the club members an idea of what these two societies were doing for the crippled children of Michigan.

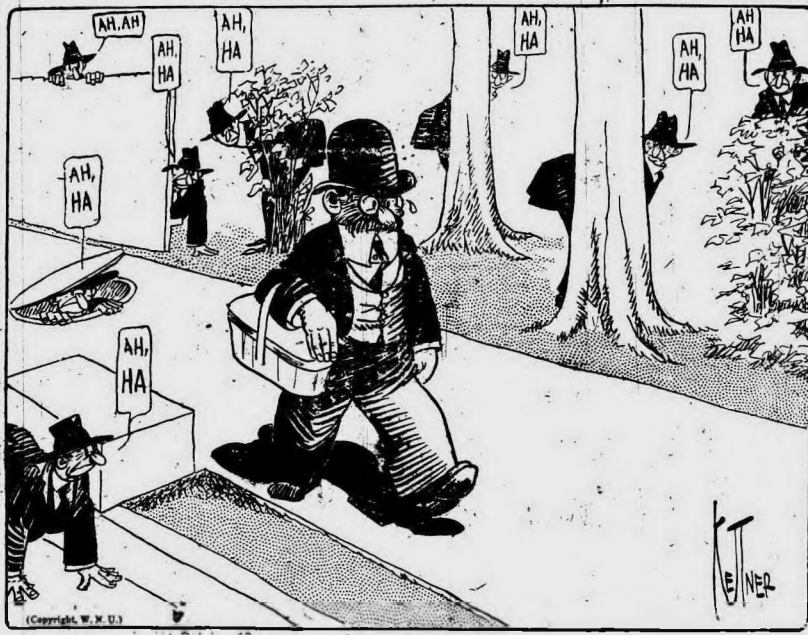

## WHAT PLYMOUTH MAIL ADVERTISING WILL DO.

Shingleton's Men's Store in North Plymouth, clearly demonstrated the past week what true advertising placed in the Plymouth Mail will do to stimulate business. In talking with Mr. Shingleton today, he fairly beamed with delight over the success his sale is having. Although a consistent advertiser in the past, he declares now that he believes ads placed weekly in the Plymouth Mail will more than bring results. Yes, he says results that will be most surprising. He tells us his sale to date is double his expectations.

Mr. I. R. Pattison, Superintendent of Merchandise for the National Merchandising System, Chicago, Illinois, tells us that the Mail has more than come up to snuff in handling the advertising for his sale, as it is seldom he comes in contact with a paper in towns of this size that can handle a campaign such as he is now running for Mr. Shingleton.

If you haven't been to Shingleton's, by all means go now. The method of display and arrangement of merchandise is certainly unique. Everything is priced and out where you have no trouble in making your selections without the least bit of trouble. This stock is all new, and from the smiles on the faces of the crowds, satisfaction is supreme.

## A Troubled Conscience

## FIELD GOAL GIVES PLYMOUTH VICTORY

### DROP KICK BEATS HIGHLAND PARK IN FINAL PERIOD.

Plymouth high school, for three successive years Tri-County foot ball champions, encountered considerable difficulty in disposing of Highland Park Tuesday afternoon by the margin of a field goal, on the local gridiron at the Tourist Camp.

The only score of the fray came in the last period with only three minutes left to play. Following this count, Highland Park launched an offensive that advanced the ball to the five yard and with victory in sight, the final whistle blew.

## FOOT BALL GAME TODAY

The Plymouth High school foot ball team will meet the strong Commerce High school team on the gridiron, this Friday afternoon, October 16th, at the tourist camp, in what promises to be one of the best games of the season. Plymouth will have a strong eleven on the field, and the game is sure to be a most interesting one from start to finish. Everybody is urged to turn out and encourage the team by their presence. Admission, 25c. Game starts at 4:00 o'clock.

## FISHER-WATSON

Mrs. Nina M. Watson, daughter of Mr. and Mrs. Robert Webber, was united in marriage to Guy Fisher of Stark, at the Presbyterian manse at Plymouth, by Rev. S. Conger Hathaway, Saturday evening at 6:30. The bride was attended by her sister, Mrs. Budd Shepo, and Mr. Shepo acted as best man.

## PLYMOUTH BOY HONORED

Forest Hubert, son of Mr. and Mrs. J. B. Hubert, who is attending the Michigan State College, at Lansing, has been elected treasurer of the Freshman class, which has a membership of more than 1,000 students.

## CHRISTIAN SCIENCE LECTURE TONIGHT

A free lecture on Christian Science will be given at the Foxhollow Almshouse, this Friday evening, October 16th, at 8:00 o'clock. The lecturer will be Mrs. M. C. B. of Boston, Mass. The public is cordially invited to attend this lecture.

## WILL HAVE "OLD IRONSIDES" DAY

A very patriotic movement is to be carried out during the week of October 19th throughout the country—"Old Ironsides"—the Frigate "Constitution," which made glorious history during the war of 1812 under Commander Stewart, lies in a state of decay in the Charleston Navy Yard near Boston. She will go to pieces unless she is repaired. Congress authorized this to be done but made no appropriation. Secretary Wilbur of the Navy and President Coolidge conceived the idea of obtaining the fund by receiving small funds from the school children of the country. The Secretary of the Navy committed this job to the Benevolent Protective Order of Elks largely because patriotism is the keynote of the Elks' doctrine and the Detroit Lodge of Elks has taken charge of the operation for Wayne and Macomb Counties. They have, therefore, gotten into communication with the schools of the two counties in an endeavor to have an "Old Ironsides" day during the week mentioned. This program involves giving up one hour to the memory of "Old Ironsides," the reading of competitive essays on her career and the recitation of Oliver Wendell Holmes' poem on the Frigate "Constitution" and some patriotic music by the youngsters. Detroit Lodge has set a slogan "A Dime to Save Old Ironsides" from every schoolchild in the two counties and so far has received generous offers of consideration from the authorities of all the schools.

The essays to be written on the subject will be entered into a competition for 1482 medals presented by Commander Eppley, of the Naval Reserve, eight gold medals to be given to the colleges, one silver medal for each state and one bronze medal for each local lodge jurisdiction. In addition thereto, Detroit Lodge is offering prizes to the schools which make the greatest percent in relation to their enrollment of a silk ceremonial flag to the colleges, to the high schools the biggest American flag their school staff will carry and a bunting flag for grade schools. Pictures of the "Constitution" will be presented to each of the schools.

The gathering of the dimes will be taken care of by the Detroit "Save Old Ironsides" committee through the Treasurer, Mayor John W. Smith, and will be forwarded to the National Headquarters of the movement. There is nothing in the rules of the contest to prevent any citizen from chipping in with his local school fund.

## MURRAY FAMILY REUNION

Miss Mildred Murray and Dr. Ellen Murray Brown of Ypsilanti; Mrs. C. W. Austin of Clarkston; Mr. and Mrs. James Vanatta of Pontiac; Mr. and Mrs. Fred Atkinson and Mrs. Faye Downs and daughter; Eleanor of Highland Park; and Mrs. Elizabeth Safford and daughter, Ada, were entertained at the home of Mr. and Mrs. S. W. Spicer and family on Sunday, October 12. After dinner was served, an impromptu program followed, consisting of readings, music and stories, everyone contributing. An interesting feature was the melody of old songs rendered in a clear sweet voice by Mrs. Elizabeth Safford, aged 96 years. This reunion was held on the birthday anniversary of the wife of Archibald Y. Murray, a life-time resident of Canton township. Mrs. A. Y. Murray was the mother of Mrs. Elizabeth Safford. Miss Louise Spicer of Saginaw, was home for the week-end to attend the above reunion.

## INTERNATIONAL BIBLE STUDENTS CONVENTION AT PLYMOUTH

Saturday and Sunday of this week are the dates for the annual convention of the I. B. S. A. of this vicinity. Many delegates are expected here from all parts of the state. A good program is announced. Services all day Sunday, at Beyer's hall, to be concluded by a public meeting at 7:45. Wilbur J. Murphy of Ypsilanti, will give the address, "God's Kingdom on Earth," the topic. All welcome. Seats free. No collection.

The ladies of the Baptist church have postponed their bazaar until December 19th.

## WIDENINGS AIM OF ROAD BOARD

### COUNTY COMMISSIONER'S REPORT SHOWS 50 MILES OF NEW HIGHWAY.

"We believe the greatest service we can give the traveling public during the next few years is to apply the major portion of available funds to widening projects," declares the nineteenth annual report of the Board of County Road Commissioners, just issued.

During the last few years, the report points out, the board has been striving to widen all the concrete roads less than 20 feet wide. The ultimate object is to make all such roads at least 40 feet in width. The accomplishment of this purpose will be the board's major activity for the next five years, the report says.

From Sept. 15, 1924, to Sept. 1, 1925, 50 miles of new road and 12 miles of widening were added to the county's road system. The total area of concrete laid was 719,068 square yards.

One of the greatest of the accomplishments of the year, according to the report, was the winning of the fight for a 204-foot width for Michigan avenue, between the Telegraph road and the village of Wayne. A 27-foot strip of concrete already has been built, and it will take half the traffic from the old pavement.

The Six Mile road has been completed from Wyoming avenue to Redford by the commission, and from Wyoming avenue to VanDyke avenue by the city. Other projects mentioned in the report are those of Fort road, the Waltz road, the Division road, Emerson road, the Plymouth road, the Middle Belt and the Allen road.

Two parks have been deeded to the county, one on the Northville road, between Plymouth and Northville, the gift of Cass R. Benton, and the other at the junction of the Huron River drive with the Belleville and Sumpster-roads. A tourist camp has been established at Elizabeth Park.

About 9,000 trees have been planted along the roadsides and about 2,500 trees and 8,000 shrubs have been placed in the parks, the report says.

## A KIWANIS CLUB ORGANIZED IN PLYMOUTH

### New Organization Starts Out With Forty-Two Charter Members.

### Officers Elected at Banquet Held at Cass Benton Riding and Hunt Club Last Tuesday Evening.

## SAFETY DRIVE MEETING

### MEETING WILL BE HELD AT HIGH SCHOOL AUDITORIUM, TUESDAY EVENING, OCT. 20TH.

### SEVERAL REELS OF PICTURES, SPEAKING AND OTHER ENTERTAINMENT FREE TO PUBLIC.

A safety drive meeting will be held at the high school auditorium next Tuesday evening, October 20th, at 8:00 o'clock. This meeting is held under the auspices of the Wayne County sheriff's office and the Detroit Automobile Club, who are putting forth efforts to make the streets of our villages and cities and the highways of the county safe for men, women and children.

There will be several good reels of pictures, good speakers and other entertainment. There will be no admission, it is free to everyone. Fathers and mothers are especially urged to bring the children to this meeting.

The local arrangements are being looked after by the local police department.

Remember, the meeting is next Tuesday evening, October 20th, at the High school auditorium, and it is free to everyone.

## RECEPTION TO NEW PASTOR

On Tuesday evening, the Methodist Community Hall was transformed into a large drawing room, with rugs, davenport, tables and floor lamps, and was most attractive with a profusion of autumn leaves and late fall flowers. The occasion being a reception to welcome Dr. and Mrs. Landrum and their son, Alexander, to our community, some two hundred people were in attendance.

A very pleasing program was rendered. E. V. Joffile welcomed the family, representing the Methodist church. Rev. Sayles welcomed them, representing the Baptist church. Rev. Hatlaway welcomed them representing the Presbyterian church, and Mr. Smith welcomed them representing the school. Dr. Landrum accepted their greetings, saying his one object in life was to serve God, the church and the community acceptably.

During the evening, the following vocal numbers were given:

"Arcadian Lullaby"—Miss Zerepha Blunk  
"Forgotten"—Kenneth Allen  
"The Shepherd 'Lady'" and "Ma 'Tury' Headed Baby"—The Ladies Trio, Mrs. Bake, Mrs. Olsaver and Mrs. Moon.

After the program a social time was enjoyed, while the ladies of the church served delicious cake and ice cream.

## THREE STORES BURGLARIZED

Burglars visited Plymouth again late Wednesday night or early Thursday morning. The Beyer Pharmacy, Gayde Bros' grocery and Paul Nash's hardware store were the places broken into. Entrance at each place was gained through rear doors from the alley. At Gayde Bros. nothing has been found missing. At the Beyer Pharmacy, a phonograph, records, jewelry and some money were taken. The robbers broke the fronts out of two show cases, and things were scattered about the store. Mr. Beyer estimates his loss at several hundred dollars.

At the Nash hardware, \$10.00 worth of stamps is all that was missed.

Twenty-six young people overflowed the parlor of the manse last Tuesday night in a "surprise party" on Alice Hathaway, the occasion being the sixteenth anniversary of her birthday. Games were enjoyed and refreshments were served, of which an important feature was a beautiful birthday cake made by the Webster Bakery on South Main street. When the guests departed, they left behind them many beautiful and useful gifts, with their many happy returns of the day.

The Plymouth Kiwanis Club was organized last Tuesday evening at a dinner at the Cass Benton Riding and Hunt Club. The Ypsilanti branch of Kiwanis which sponsored the Plymouth Club acted as hosts. Under the guidance of their president, Frank McLain, a most enjoyable program was presented. Kiwanis is a business man's club, very similar to Rotary, and the addition of another live organization to Plymouth's business circles, speaks well of the growing community spirit of our town.

The new club will meet at a luncheon every Tuesday noon, to mix good-fellowship and a friendly spirit with discussions of civic affairs. While luncheons and fellowship are important parts in the program of Kiwanis, the real reason for its existence is to be of service not only to each other, but to the community in general.

After the program, Frank Keane, representative of Kiwanis International, who organized the local club, took the floor, and in an eloquent address outlined the Kiwanis program and ideals. He then presided at the election of officers and directors which named the following: James L. Johnson, president; Charles L. Finlan, vice-president; Ernest J. Allison, treasurer; Alton J. Richwine, secretary; John Larkin, district trustee; Luther Peck, John Hibiher, William Petz, John Crandell, Stewart Dodge, George Robinson, Stanley Corbett.

The new organization starts out with forty-two charter members.

## CHAMBER OF COMMERCE HELD GOOD MEETING

Another good meeting of the Plymouth Chamber of Commerce was held last Tuesday evening. The matter of the establishment of a Community Fund for Plymouth was before the board, and president Harry C. Robinson appointed the following committee to formulate plans for a Community Fund to take up the matter of funds for charitable purposes: Mrs. Frank Burrows, Mrs. W. T. Pettigill, Mrs. J. L. Johnson, Harry Lush, Frank Rambo, C. H. Hatch and Otto Beyer.

O. C. Eckley, secretary of the Ypsilanti Board of Commerce was present at the meeting to tell the business men present about the Credit Bureau, which is very successfully maintained in connection with the Board of Commerce of that city. Mr. Eckley pointed out what the many advantages of such a credit bureau would be to the business men of Plymouth, which the growth of the village now almost demands.

At the conclusion of Mr. Eckley's talk, expressions from the business men present were unanimous that a Credit Bureau be formed similar to the one at Ypsilanti. The expense of such a bureau will be maintained by the business men who are members of the Bureau. Every business man present who does a credit business, indicated his desire to join such a bureau.

The Chamber of Commerce have long desired to keep a full time stenographer and office assistant employed, and the forming of the Credit Bureau in connection with the Chamber of Commerce will give them an opportunity to employ some one to be on the job continuously. This will offer a splendid position to some young man or woman who is a stenographer and has some clerical experience.

President Robinson appointed the following committee to solicit memberships in the new Credit Bureau: Paul Williams, Arthur Blunk and Oliver Goldsmith.

The meeting adjourned until Tuesday evening, October 20th.

Mr. and Mrs. Frank Hamill went to Otisville, Wednesday, to attend the funeral of Mr. Hamill's father, which was held Thursday.

Mrs. Romain Gilbert of Detroit; Mrs. Bert Wellers of Walkers Lake; Mrs. John Christensen and Miss Ella Powers of Northville, were among the guests of Mrs. Frank Dams' Wednesday.

#### EASING THE BURDEN

We read with interest that an organized attempt is to be made when congress resumes its sessions in December to lift some of the tax burdens now borne by those who buy and operate autos. Figures show that since 1917 auto owners have paid into the United States treasury nearly a billion dollars in excise taxes—the tax that the government requires when a car is purchased. It adds about \$20 to the cost of every one sold.

The American Automobile Association is backing the move to get the excise tax eliminated, or at least greatly reduced, arguing that the man who buys an auto has to pay a state tax on it, has to pay a license tag tax, in most states has to pay a tax on the gasoline he uses, has to pay a tax on most of the accessories he is forced to buy. Hundreds of manufactured articles have already been relieved of wartime taxes and, it is argued, there is no good reason why the war tax on autos should still be continued. The government's revenue from war taxes without this would still show a huge surplus above the amount needed each year.

It is a suggestion that auto owners everywhere get in touch with their congressmen and their senators from their states, and ask them to look into the matter. Citizens around Plymouth can aid materially by telling their congressman, either by word or letter, that they would like to see the burden lifted so far as it is safe, from the shoulders of those who buy and operate automobiles. We can't get along without autos. But that is no reason why the extra war tax should be kept on them when the government gets plenty to operate on without it.

#### RADIO ON THE FARM

Uncle Sam has taken a census of the radio owners of the country, and he finds that nine per cent of our farms boast radio sets. He says 350,000 farmers own sets, and that more than one-half of the total is concentrated in six states, mostly those lying in what is known as the "corn belt." Illinois leads with 40,000 radio sets on farms; New York is second with 39,000; Iowa has 38,000; Missouri, 37,000; Kansas, 35,000, and Nebraska, 34,000. Today the progressive and prosperous farmer is in close touch with the outside world through his radio set, and he counts it a blessing and an investment instead of a luxury. He farms better when he knows what is going on around him; he is in closer touch with his country's problems, and with weather and market conditions. We hope to see the day when the radio set will be found in almost every farm house around Plymouth, and we don't believe that time is going to be so very far off either.

#### OLD KING COTTON

A half-dozen foreign countries are trying hard to snatch Uncle Sam's title as the King of cotton growers, but it doesn't seem possible. Last year America produced 13,619,000 of the world's 24,700,000 bales of cotton, and this season, it is declared, an even greater production will be recorded. Corn and cotton are kings in American crops, and as long as our soil and climate in the west and south remain about as it is, they will continue to be. We grow no cotton around Plymouth, but that doesn't mean that we do not realize its value as a crop. We know it brings millions of dollars into the states that do raise it, and that it is also a commodity we cannot get along without. The states that raise cotton must have what we raise, so the exchange is mutual, and helps to keep

the wolf from the door in every one of the 48 states in the union. The time will probably never come when we have to go abroad for our cotton, any more than we will have to ask other nations to sell us our corn, wheat and meat supply.

#### ANY AROUND HERE?

We saw where a North Carolina girl has a perfect score to show for the full twelve years of her schooling. In all that time she was never absent from a single session, nor was she tardy, and she ranked considerably better than the average in every study. As we read it, we wondered if there is any boy or girl around Plymouth who can equal or approach her record. It would be interesting, to both old and young in this county, to know just what school child can hang up the best record for attendance. We would be glad to have our boys and girls look over their report cards, and figure up their attendance. And then, if that attendance seems unusual, we would be glad to have them write and tell us about it. We throw the contest open to the entire county, and any boy or girl who has a long attendance without a break is invited to submit his figures.

#### GRANGE NOTES

The names of the committees for the Grange bazaar and festival were given last week, with the exception of Mrs. Ruth Gardner, its chairman of the candy booth. These committees will expect and appreciate a liberal contribution from all Grangers for each of their booths, remembering that this event comes once a year.

Chloe and Albert Powell and sister, Mrs. Olive Packard, will entertain the Little Club at their home on Tuesday evening, October 20th.

The annual meeting of the Michigan State Grange will be held in Adrian, October 27, 28 and 29. All Grangers planning to attend, should write to the Adrian Chamber of Commerce for room reservations.

#### CROPS MATURED WELL IN MICHIGAN WITH WARM DAYS

With average precipitation and no frost except in northern counties, the month of September was favorable for maturing of late crops, according to a report issued October 12th by L. Whitney Watkins, commissioner of agriculture and Verne H. Church, agricultural statistician, United States Bureau of Agricultural Economics.

In some of the heaviest bean producing counties, rain delayed bean harvesting, causing damage and drought in some of the northern counties shortened the corn crop, but these crops were the only ones affected by September weather, said the report.

While the prospects for potatoes did not improve during the month, this is considered usual. The quality of potatoes is excellent. A production of 26,384,000 bushels is expected, approximately 12,000,000 less than in 1924.

Spring wheat will average 18 bushels and it is expected that there will be an increase of 22,000 bushels over last year.

The yield of oats is placed at 32 bushels per acre, nearly two bushels below the average for the last ten years. Rains during the harvest discolored a portion of the crop while in shock.

Tame hay has increased in volume during the season resulting from many second cuttings of clover and second and third cuttings of alfalfa. The average yield is one ton per acre. The hay crop will be two million tons below last year.

Sugar beets have a prospective yield somewhat above the average.

Fruits in the state are below normal. Apples average 60 per cent of a normal crop; peaches 57 per cent of a full production and pears 57 per cent normal. The grape yield was disappointing, amounting to only 25 per cent of a crop.

#### MUNICIPAL NOTES

We expect to start laying the new water mains before the end of this week. With good weather this will take three weeks or so.

The work of rebuilding the village hall is progressing satisfactorily. Plymouth citizens should be interested enough to stop and see the changes, especially the improved looks of the back yard.

The storm sewer on Forest avenue between Wing street and Brush street is completed. The ditch digger of the Thomas D. Nolan outfit was used for some of this work. About three-quarters of the block being dug and laid in a day and a half.

The storm two weeks ago did the village one good turn. The Rouge made us a present of several deposits of fine gravel, one bank just below the picnic park being about two feet thick. So large a gravel deposit has not happened for several years.

The A. R. Crow Company is at work on the disposal plant. A water line is being run from the cemetery water system, and a road graded from one of the cemetery drives, both for the convenience of the contractor, and for the convenient maintenance of the completed plant.

The state has sprung a new one on us—a regulation and inspection of oil burners now installed and to be installed. This is in the line of fire prevention work, and should be heartily approved by all. The fire chief or building inspector will before long look over all burners at present working, and will oversee the installation of all new burners. It is the intention of the State Department of Public Safety to have the various oil companies refuse service to any possessor of an oil burning furnace whose installation is not in accord with the regulations.

#### W. C. T. U.

The Woman's Christian Temperance Union will hold a tea meeting, Thursday, October 22, at the home of Mesdames Phoebe Patterson and Clara Todd, Chairman—Mrs. C. H. Bennett. There will be a talk, "Do Modern Ideas of Penology Rebuild Man and Women?"—Speaker from Dept. Everyone will be welcome, and it is hoped there will be a good attendance. Please aid the hostesses by bringing plate, cup, fork and spoon.

## Respect the Traffic Sign

Sunday is God's traffic signal on the Heavenly Highway. Next Sunday the main stream of traffic will be directed toward the churches of Plymouth. Frivolity and all unnecessary business will be on the "stop" side of the signal. Don't be a "jay walker" and try to "cut the corner." Join the main stream of traffic on the side that says

## "GO" TO CHURCH

### BAPTIST NOTES

Sunday morning was unique—a laymen's service. The special music was by the male quartet, Campbell, Sayles, Allenbaugh, Bennett, and was well rendered. Lewis Schaal had charge of the program, and called the numbers of the hymns, and gave the invocation and offertory prayer. Walter Postiff led in the responsive reading and read the scripture lesson. Charles Grainger gave the announcements, and Joseph Stanley offered the prayer. The pastor's sermon was on consecration.

The Sunday-school has been growing little by little each Sunday, and we are glad to see the interest week by week in the Bible school.

They are planning to have a weekly teachers' meeting soon.

We missed Mr. Hamill last Sunday because he is always in his place to lend the music. But he was away at Orisville to visit his father who was very sick. We understand at this date that his father died last Tuesday and the funeral was held last Thursday at Orisville. The pastor and church extend our sympathy to Brother Hamill and his family in this hour of their bereavement, and trust the comfort of God's spirit may be given them.

Roland Allenbaugh led the B. Y. P. U. last Sunday night, and a good meeting was reported. The new book, "The Leader," will be of much help to the society.

They are planning a special Bible study class. All young people are invited to attend the meetings each Sunday evening at 6:00 p. m.

The Holy-Social last Friday evening at the church was a great success, and everyone had a good time. Light refreshments were served.

The Baptist church extends to the new pastor of the M. E. church, a hand of welcome and Christian fellowship, and prays that God may richly bless pastor and family.

We are sorry to report that one of the B. Y. P. U. members has been obliged to be kept in with sickness for some days. Kenneth Wilkie is undergoing treatment for an injured hip. We are all anxious for his speedy recovery, and pray God to raise him up soon.

Baptist State Convention meets at Lansing, next week, with the ministers' conference beginning on Monday evening, October 19th. The convention itself begins on Tuesday afternoon at 1:30, and continues until Thursday evening. A large number of delegates are expected.

#### Origin of "Earmarks"

An "earmark" is a common expression in these days, even in business; but how many know its origin? A Niagara reader sends a copy of an early issue of the Ontario Bureau of Industries' Papers and Records, with much information regarding the first years of the Loyalist settlement in the Adolphustown section.

There was the cradle of much of the self-government now enjoyed in Ontario; and, though the village is now small and apt to be passed by, as it drowns in the Bay of Quinte, its early life meant much for the country at large. One of the points on which the early town meetings there took action was the marketing of live stock for identification by the owners. There was the earmark, and this had been brought by the Loyalists from the eastern states. Here is a description of the earmark as practiced in those states:

"On Long Island and in Connecticut there were cow herds, calf herds and pound keepers. The calf keepers' duties were to keep the calves away from the cows, water them and protect them. In Virginia and Maryland there were cow-pens in those early days, and cow-herds; but in the South the cattle generally roamed wild through the forest, and were known to their owners by earmarks. In all communities earmarks and other marks of ownership on cattle, horses, sheep and swine were important, and rigidly regarded, where so much value was kept in domestic cattle. These earmarks were registered by the town clerk in the town records, and were usually described both in words and in rude drawings. One of my great-grandfathers' earmarks for his cows was a 'swallow-fork slit in both ears'; another was a slit under the ear and a 'half-way mark on the forehead of the near ear.'—Toronto Globe.

#### Proof Positive

Marius, who had just returned from Nice, met his friend Pierre on the street in Marseilles.

"My boy," cried Marius enthusiastically, "I heard the most marvelous concert in Nice! Wagner, Beethoven, Schumann, Mozart—it was superb, I tell you! And coming back on the 7:15 train, guess who sat next to me, Jean Sebastian Bach, himself!"

"Now I know you're lying!" scoffed Pierre.

"What do you mean?"

"You are lying; that's all, and the simple proof of it is that the 7:15 train from Nice was suspended two days ago."—From La Bulgarie, Sofia.

#### Million-Dollar Idea

Years ago in a Maine lumber mill a fifteen-year-old boy named John Spencer observed a rounded clean-out door which constantly was changing shape with a loud snap. It would bulge out and then in as it was influenced by the change in heat.

Years later Spencer harked back to that snapping clean-out door. He started a series of experiments and worked out a formula for a combination of metals best suited for his purpose.

Recently he sold his invention for more than \$1,000,000. The device will revolutionize electric apparatus.—Scientific American.

**ELM**

Sunday-school services will be held in the school building, October 18th, at 11 o'clock.

A musical entertainment arranged by Miss Grace Wright, which will include talent from Detroit, Plymouth, Dearborn and Redford, will be given at the Elm school house this Friday, evening, October 16th, at 8:00 p. m. sharp. Admission—Adults, 25c; children over six years, 20c.

The Parent-Teacher Association will meet Tuesday evening, October 20th, at 8:00 p. m. A program will be given by the children of the school, and there will be a speaker, Charles Robinson, Pathfinder instructor, from Detroit, who will take as his subject, "Things that Make a Community More Valuable to Life." The regular business meeting will be held after the program. All parents and friends are cordially urged to be present.

**ELM SCHOOL NOTES**

A Junior Council of Pathfinders, including the boys and girls of the Sixth, Seventh and Eighth grades, was organized Wednesday, October 14th, by Mrs. G. N. Bentley, who has been authorized by J. F. Wright, founder and leader of the Pathfinders of America, to teach his lessons in character building, which he calls, "Human Engineering" or "Reading the Price Tags of Life." This service is offered through the Wayne County Council of Parents and Teachers, and the lessons will be given during one lesson period once each month, as regular language work, as given in the schools of Detroit. Anyone desiring literature regarding the Pathfinder organization may send to the office, 311 Lincoln building, Detroit.

The boys and girls at Elm are going to entertain their parents at the P. T. A. meeting on Tuesday, October 20th. Songs, dialogues and recitations constitute the program.

Honor Roll—Attendance—Charles Schaffer, Richard Smith, Mary Eskra, Bruce Hawkins, Lena Petsch, Glenn Schaffer, Walter Eskra, Geraldine McKinney, George Stelner.

Honor Roll—Standing—Geraldine McKinney, Walter Eskra, Mary Eskra, George Stelner, Henry Petsch, Willie Cort, Bruce Hawkins, Richard Smith.

I wish to thank the school board for the kind consideration shown our wishes. I am sure the pupils will enjoy using our new dictionaries.

Mrs. Scowden.

Those who were neither absent nor tardy during the month of September were as follows: Walter Sharrow, Willie Esch, Ima Esch, Jennie Eskra, Katherine Eskra, Nelson Bentley, Ira Place, Margaret Gaffney, Bernice Brew.

Report cards were given out last Friday. The following received all A's and B's: William Wolfstrom, Jennie Eskra, Katherine Eskra, Ira Place, Lloyd Trinka, Augusta Zink, Nelson Bentley.

The third grade is learning the 7's in Arithmetic this week.

The First and Second language classes are learning the names of the months, the fall crops and industries.

Miss Cochrane, our helping teacher, visited us last Thursday. The teachers and pupils wish to thank our school board for our new hectograph, which will be very useful.

Mrs. Davis.

**GARDEN CITY**

The chicken-pie supper given by the L. A. S., Saturday, October 10th, was largely attended. Friends from Detroit, Inkster, Wayne, Plymouth, Newburg and Beech were present, and partook of the good things the Ferrinville ladies had prepared. The committee certainly did fine, \$150 being added to their treasury.

Mr. and Mrs. John Kubik and Master Frank spent Sunday evening with Henry Kubik and family.

Mrs. Ed. Holmes, 22, of Cantonville, spent yesterday afternoon with her

daughter, Mrs. Carl Theuer.

Mr. and Mrs. L. Hanchett visited relatives at Adrian, Sunday.

Mrs. J. Roach and Mrs. Don Wagenschutz and little Betty Jane motored to Pontiac, Friday of last week.

Melvin Clement of this place, has a position at Wayne at the Gotfredson plant.

Mr. and Mrs. Earl Steinhauer of Taylor Center, attended the chicken-pie supper at Ferrinville, Saturday evening.

A family reunion was held at the home of Mr. and Mrs. Richard Hanchett, Sunday, October 11. About thirty-five of Mrs. Hanchett's relatives from Detroit and Plymouth were present.

**Icy Touch of Death**  
Not Always Terrible

"There are few men in this world to whom death holds no terror, who can meet it fearlessly and unflinchingly when not hypnotized by the excitement that goes with battle," a clergyman is reported to have said when speaking of the death of Dr. Bryan and the sentiments the Great Commoner is said to have held on the subject. Yet history abounds with instances of men, who seemed not the least perturbed about the imminence of the Grim Reaper. Take among the kings alone: "Frost-rick I had his coffin carried in a few hours before he died and had a greenader lie down in it to see if it was comfortable and then suggested that some pillows be placed at the head." Louis, XIII, of France, racked by pain, suddenly straightened up and gave orders that a section of the St. Denis road be paved at once. "I don't want my body to be jostled like a bale of hay in those ruts on the funeral procession," he said. Frederick the Great ordered all the clocks in the old palace wound, so that there would not be any "foolish and superstitious people" say that they had stopped when the king died. Napoleon, when his eyes were already glazing, calmly turned down the page in "Plutarch's Lives" he was reading and smilingly questioned when he should continue the narrative. William of Orange, mortally wounded and certain of death, suddenly dropped his head while a reader recited the Twenty-third psalm. And Edward VII of England asked that the Whitechapel band of the Salvation army come and play as usual under his window while he lay dying. And who can count the thousands, unknown and unrecorded, who met death without the slightest tremor of fear?—Pierre Van Paassau, in Atlanta Constitution.

**His Inquiry**

"The city council got busy last week after the fishing season was about over and ordered barrels filled with coffee located in the middle of the intersections of Broadway, Grand avenue, Throgmorton and Zizzle streets for motorists to drive around," related Constable Sam T. Starkpouter, the faithful guardian of the peace and dignity of Petunia. "Then they had signs painted on 'em, fixing the speed of cars at 15 miles an hour. '25, '25, '25, you, our progressive little city is going ahead by leaps and bounds!"

"Eh-yah!" returned City Marshall Grabbit of Peewee-cuddyhump, who had come over for a fraternal call "But how can them fellows drive 'round and 'round them barrels at that rate of speed?"—Kansas City Star.

**Butter in Coffee**

"It's odd about folks and their coffee, isn't it?" remarked a waitress in a city hotel. "Some drink it with cream, some without. Some take sugar and no cream and some take both cream and sugar in various amounts. Only a few drink it plain and black. One man will sip his when it's piping hot, another wants it lukewarm. But the prize eccentricity came to my attention when a salesman came in, ordered his coffee and asked for an extra piece of butter. He put the butter in his coffee, waited until it had melted, and then drank it. All folks are funny about their coffee, but this one was the most funny in my experience."

**METHODIST NOTES**

The regular monthly meeting of the missionary societies was held at the home of Mrs. Mabel Stuart, with twenty-five enjoying a delicious cooperative dinner at one o'clock. At the business session, plans were perfected for sending a Christmas box to Manila, and also one for the Mother Jewel Home here in the United States. Following the business meeting, Mrs. Thoma presented the lesson from the Foreign book, and Mrs. Bovee and Mrs. Clemens that from the Home Study book. Dr. Lendrum had charge of the devotions.

Some forty children from the junior department of the Sunday-school gathered at the Community hall on Thursday afternoon for a missionary shower and party. While a march was played on the piano, they passed around and filled two baskets with Christmas gifts for the children in Manila and in our own children's home in America. After playing games, the teachers of the department served them with fruit jello and fancy cookies.

Twenty teachers and heads of departments were out to Sunday-school board meeting Tuesday night. Work is progressing nicely under the leadership of our new superintendent.

Mrs. W. Bartlett's class of the Methodist Sunday-school, held a business meeting at the home of Miss Norma Brown on Mill street, Tuesday evening, October 13th. The following officers were elected for the coming year:

President—Hazel Williams  
Vice-President—Naomi Galpin  
Secretary-Treasurer—Wilva Norris

At the close of the meeting, hot chocolate, sandwiches and cookies were served. The next meeting will be in the form of a Hallowe'en party, at the Methodist Community House.

**The Better Buick is a Man-sized Motor Car**

The 3-passenger Country Club Model

People appreciate a smart-driving, easily-handled, but full-sized, man-sized car. The Better Buick, for instance.

Each Buick model seats its capacity of full-grown people—in relaxed ease—without cramped legs or necks. Tall people, especially, enjoy its extra head-room and leg-room.

American men and women are above the average stature. And a smaller car than Buick is apt to be tight-fitting, low-ceilinged, crowded!

Drop in and try the ample, arm-chair comfort of a car that is right in size. Bring some of your six-footer friends. You will find another big reason why Buick is so widely considered a better motor car—another reason why there are a million and more enthusiastic Buick owners.

Or telephone, and we will send a Better Buick to your home or office for you to try.

**FOOT BALL**  
 Dearborn  
 Plymouth High school, two times champion of the Suburban League, defeated the ground Dearborn eleven on the local's gridiron, Monday, October 5th, with the score of 7 to 6. Plymouth started the game by kicking off to Dearborn and in three plays they had taken the ball over Plymouth's goal line, but failed to make the extra point. The teams were on even terms throughout the rest of the first half, but at the beginning of the third period, Plymouth took the ball to Dearborn's thirty-yard line, but lost it on a fumble. At the beginning of the last period, Dearborn had the ball, but soon lost it on downs. Then in a forward pass and two line plunges, Plymouth took the ball to Dearborn's ten-yard line, where it was fumbled, and Hickey recovered over the goal line, and Doudt, drop-kicking for the needed extra point, made the score 7 to 6 for Plymouth.

During the rest of the game the ball was in Dearborn's territory most of the time. When the whistle blew, Plymouth was headed for another touchdown.

The line-up for Plymouth—Barlow, l. e.; Howell, l. q.; Salow, l. g.; Partridge, c.; Rodman, r. g.; Mills, r. q.; Carney, r. e.; Hickey, q. b.; Doudt, l. h.; Curtis, r. h.; Kurze, f. b.

Substitutions—Miller for Carney; Moore for Barlow.

**Howell**  
 Plymouth High school lost its second game of the season to the strong Howell team, Friday, October 9th, with the score of 20 to 0. With three men not in suits, and the cold weather, Plymouth High went down to defeat in a poorly played game on both sides. Plymouth expected to keep the score lower than it was, but didn't succeed. Because the Howell line was too strong to plance, Plymouth tried passes, but on account of the cold weather only completed one. Howell was unable to score in the first period, but scored after that with ease.

**Picked Up About Town**  
 "It's my opinion," says Dad Plymouth, "that most wives would think more of evolution if it taught men how not to be monkeys instead of that they descended from 'em."

Girls of today may know what it means to be popular, but a good many of them don't know what it means to be embarrassed.

"Judging from appearances," asserts Dad Plymouth, "many a shingled head of hair covers an empty garret."

"I never thought I'd live to see the day," says Dad Plymouth, "when nothing could make a man madder than to be told that his wife can drive an auto better than he can."

Another thing about cooler weather is that five toes in one shoe don't seem as many as in the summer time.

Dad Plymouth is authority for the statement that nobody can have more dark days than the fellow who marries a light-headed woman.

"Any man with money to burn," declares Dad Plymouth, "can always find some fellow who is anxious to loan him a match."

 We have had two Zone Citizenship meetings this year. Our officers are: President, Harvey Zander; vice president, Irene Campbell; secretary, Elizabeth Parrish; assistant secretary, Mildred Burch; health officer, Amy Blackmore, and assistant, Mildred Everett.

Many of the pupils and parents of this school attended the Autumn Festival at Ypsilanti, October 6th. The schools put on historical scenes in the various store windows. Our part was "The Landing of the Pilgrims." The pupils who took part were: Jack Travis, Ina May Shotka, Ira Hank, Charles Hewer, Helen Utter and Joanna Parrish. We were royally entertained by our Kiwanis patrons, Mr. Max and Mr. Sinkala.

Our first P. T. A. meeting for the year was held Monday evening, with a fine crowd in attendance. A splendid spirit was manifested by those present. The program was as follows:  
 Song—America.  
 Recitation, "The Stars"—Bobby Hewer.  
 Recitation, "The Family"—Betty Sellers.  
 Charles Hewer gave the life of Henry W. Longfellow. The rest of the Sixth grade gave the poem, "The Children's Hour."  
 Beatrice Smith recited "Columbus."  
 Amy Blackmore, our health officer, told of the work done so far this year.

Dr. Snow, of the State Normal College, gave a very interesting talk on health. She promised us we would be the first zone school she would visit to give the pupils an examination.

The Sixth grade language class just finished studying the life of Henry W. Longfellow, and memorizing "The Children's Hour" and parts of "Hawthorne." To complete the work they made Hawthorne posters.

The Seventh and Eighth grades have been studying the poem, "Columbus," by Joaquin Miller. This following week they are going to work out a project in connection with it on the sand table.

Prof. Hoppes of the State Normal College, and Miss Mary Jameson, Wayne county helping teacher, visited our school, Tuesday, and gave tests in geography, language, reading and spelling.

The following pupils have been out of school on account of illness: Donald Wilskie and Robert VanMeter.

### "THE HALF WAY GIRL"

Motion picture fans will see a new Doris Kenyon, when "The Half Way Girl," her latest First National feature, comes to the Penniman Allen, next Saturday, October 17th.

Generally Miss Kenyon has been seen in sweet demure parts. In her latest picture she has the role of Poppy LaRue, a "half-way" girl by force of circumstances. Stranded in Singapore with a dying girl as her only friend, she faces arrest for beating her hotel bill. The difficulty is solved when she accepts a position at the hotel as a cafe "hostess."

In this role she is a tawdrily dressed woman who makes her living by her wits among men of all nations who visit the cafe in search of excitement. Through it all she attempts to give the impression that she is possessed of a devil-may-care spirit, but in her heart she suffers the tortures of the situation into which fate has thrust her.

Lloyd Hughes is featured with Miss Kenyon in "The Half Way Girl" in the role of the young wastrel whom the girl snatches from the maw of Singapore's degradation. Other well known players in the cast are Hobart Bosworth, Tully Marshall, Teddy Sampson, Sam Hardy, Martha Madison and Charles Wellesley.

"The Half Way Girl" was produced for First National by Earl Hudson. John Francis Dillon directed.

### "THE KNOCKOUT"

A motion picture best described by its title, "The Knockout."

"The Knockout," which will be shown at the Penniman Allen theatre Sunday and Monday, October 18 and 19th, is the screen version of M. D. C. Crawford's stirring novel of a prize fighter's romance in the Canadian woods. Milton Sills, as the star, finds considerable more opportunity for a display of virile action than in any picture he has appeared in since "The Sea Hawk."

Romance, heart interest, comedy, and thrills all are combined in this story of rugged American manhood. It reveals a modern "Gentleman Jim" type of pugilist who goes into the big timber country to recuperate from an injury. He experiences adventures that make his ring career seem tame by comparison.

One of the unusual features of "The Knockout" is the world's largest log jam. The action of the story called for the jamming of a river with thousands upon thousands of logs, which pile up when a dam is blown up. But Nature stepped in and gave the First Nationalites a jam containing more than a million. Within forty miles of where the company was making scenes for the picture a huge log boom, holding back a million and a quarter logs, broke, and the timber, released into the swift current of the Montreal River, swept down to pile up in a narrow gorge near where the Montreal empties into the Ottawa.

The scenes incidental to the blowing up of this jam are guaranteed to thrill even the most blasé motion picture goer.

The strong supporting cast of "The Knockout" includes Lorna Duveen, Milton Sills' new leading woman; Jed Prouty, Harlan Knight and Claude King. The picture was produced by First National under Earl Hudson's supervision. Lambert Hillyer directed.

### "THE LADY WHO LIED"

Edwin Carewe, director of First National's latest release, "The Lady Who Lied," returns to familiar soil in this new production, which is to be shown at the Penniman Allen theatre Wednesday and Thursday, October 21 and 22.

Again he pictures the Sahara, and it is said, with the same breath-taking fidelity which marked his picturization of "Son of the Sahara."

Not alone does Algiers and its nearby sandy wastes provide locale for "The Lady Who Lied," but the lagoons of Venice are shown at carnival time, gondolas laden with revelers, and its streets are pictured with its masked mobs of merry-makers. French Algiers, too, comes in for a glimpse of its night life.

Against such picturesque environment is threaded a Robert Hichens tale replete with all of that author's intensity of characterization—for "The Lady Who Lied" is adapted from "Snake Bite," a novel of Hichens', with the characteristic desert denouement.

Lewis Stone, Virginia Valli and Nita Naldi are featured players in the picture, which is released through First National.

# Bringing Gas to the Subdivisions of Livonia Township Means Greater Growth

Livonia's great opportunity to obtain gas for its people will come on Saturday, Oct. 31, when a special election will be held to vote upon a franchise to the Michigan Federated Utilities for bringing this service to the township from the Plymouth plant. The bringing of this service will mean that Livonia will be in the van of townships that can boast of this utility for its people. The plan is entirely in line with the purposes of the greater growth of this community and will prove one of the main items in insuring a permanent growth.

## Officials Endorse Plan

Granting of a gas franchise to the Michigan Federated

Utilities has been given the unanimous approval of the Livonia Township Board after careful consideration and the special vote in the township on Saturday, October 31 is for the purpose of sanctioning their action in the endorsement of the franchise.

In addition to the support given the gas question by the official body of the township, the granting of the franchise has the approval of the real estate concerns that are doing so much to develop the community, and is desired by practically everybody who is moving from Detroit to this section.

# Vote "Yes" on the Gas Franchise, Saturday, Oct. 31

The quality built into a Chevrolet assures economy from the time of your purchase through the entire life of the car.

Study Chevrolet quality in relation to Chevrolet cost—then you will realize that Chevrolet prices are unusually low.

The experience of over two million owners has proved that Chevrolet cost of operation is small—that the motor gives a high mileage with a low con-

sumption of gasoline and oil. Come to the Special Exhibit this week! It shows how quality is built into Chevrolet.

Come—and find out for yourself how remarkable a value you obtain in a Chevrolet because of its "Quality at Low Cost."

### A SUCCESSFUL ZONE MEETING

After a long interval of rest and a month of happy autumn school days, the teachers of Zone B. of Wayne county rural schools, met October 10th, and renewed or made new acquaintances with their co-workers. The Brainard school was the meeting place. During the morning the usual work of the zone was conducted by Miss Cochran, helping teacher of Zone B. Many new and practical ideas in seat-work for beginners were contributed by Miss Cochran and the teachers. Since phonics were particularly stressed last month, Mrs. Beatrice Hayward of the Brainard school, taught an interesting phonics lesson to a second grade class. It proved the value of phonics. The monthly envelopes were distributed and discussed by the helping teacher. The material in them was very interesting, and will help the teachers much in their work. Mr. Fischer gave a few announcements and remarks to the teachers about the zone meetings, and their work for the year. After the history sheets were discussed, Miss Cochran demonstrated how to develop a history lesson by the problem method. Following this, the morning meeting adjourned.

Through the combined efforts of the patrons of the Wallaceville and Brainard schools, a most delicious dinner was served to the teachers, visitors, patrons and children. Their kind hospitality is greatly appreciated by the members of Zone B.

The business meeting of the afternoon was short. An invitation was extended to Zone B by Mrs. Nellie Beyer, to hold the next meeting of the zone at Stark school, November 7th.

Mr. Walters, sheriff of Wayne county, the speaker of the afternoon, gave a very interesting talk on, "Getting an Education."

Miss Mary E. Howe, director of rural education of Detroit Teachers' College, gave a delightful account of her trip to Europe.

Mrs. Sharp, Wayne county nurse, and Miss Gwinn, social service worker, gave talks for the benefit of the schools.

Two clever little playlets were given by the boys and girls of the Wallaceville and Brainard schools.

Community singing was enjoyed by all, and directed by Mrs. Scowden and Mrs. Planke.

The first meeting of Zone B being a great success, makes the hope arise that the following ones will be equally so. Teachers are urged to be present at every meeting. Patrons are invited to attend the afternoon programs, which are always very interesting and enjoyable, as well as educational.

Have you tried a liner ad in The Mail? Many people have found them very satisfactory.

BREADFRUIT HAS MYTHICAL ORIGIN

Filipinos Believe It to Be Gift of a God.

The mythical account of the origin of breadfruit is typical of the Turanian culture which still grips the soul of the common man in the Philippines despite four centuries of Christian civilization.

According to the breadfruit myth, there was once a prolonged famine which was so severe that the people were reduced to the extremity of subsisting upon "arava," a sort of reddish earth declared to be edible.

A poor man and his wife had only one son, whom they tenderly loved. Not being able to bear the sight of the slow starvation of this son during the fearful famine, the father vowed that he himself would die and become food for the child. He asked the special boon of Bathala, god of gods in the Philippine pantheon, that when he should be dead Bathala would convert his remains into a food, and Bathala granted the prayer. Thereupon the father told the afflicted mother to grieve no more, but when he should be dead to bury his head in one place, his vital in another and his body in another. When she should hear the sound of a leaf falling, then of an unripe fruit, and then of a ripe fruit, she would know that his prayer had been answered and hers and the child's life were to be spared.

Death came to the father. The widow buried the heart and stomach in the garden near the house, and Bathala lost no time in complying with his promise to a father ready to sacrifice life itself for a suffering child. Soon the widow heard a leaf fall, then an unripe fruit, then a ripe fruit. In a paroxysm of fear and hope she looked out into the garden—where behold! a breadfruit was growing! It was already full of ripened fruits curiously shaped like the human stomach! The famine was broken, the child's life saved, as the father had wished. Now, with many varieties of breadfruit growing throughout the least care throughout the Philippines, famine is not likely to recur in any degree of intensity; and if breadfruit does not suffice, then there are bananas and coconuts, each of which no doubt has quite as miraculous an origin as the breadfruit itself.

Chick Embryo in Glass

For the first time in history, the development of the embryo of a warm-blooded animal has been carried on under such conditions that it can be watched. This feat has been accomplished by two scientists at the University of Leyden, Drs. J. P. M. Vogelhaar and J. E. van den Boogert, who have placed common hens' eggs, with the shells removed, in small glass dishes in an incubator, and have succeeded in keeping the embryo alive and growing for five days. Hitherto the only way in which embryos could be studied has been by placing large numbers of eggs in the incubator and removing and opening them one by one at intervals. By this older method it has been possible to study closely spaced stages of development, but not to observe the growth as a continuous process, now made possible by the new way.

Recalled Matter on Car

Just as a young woman on a south-bound street car rang the bell preparatory to leaving the car, the other day, a woman seated beside her asked: "Pardon me, but will you be going near a telephone?" The girl said she would; whereupon the other said: "Well, will you please call up Westport XYZ and tell whoever answers to please take the phone out of the fire, water the plants and leave the laundry on the side porch? And thank you, so much." And so far as the other passengers know the young woman did.—Kansas City Star.

Policemen Use Tear Gas

Tear gas such as was used during the World war is becoming more and more a weapon employed by the police in big cities in arresting violent criminals who resist. One policeman equipped with tear gas can now arrest a man or group of men with the greater ease than 20 officers could formerly. The gas is loaded into the night stick or billy club and released by pressing a button. Police are being instructed by men who had experience with the gas during the war.

Famous Irishman

Oliver St. John Gogarty, noted in his native Dublin as a wit and satirist, has been at various times a politician, a physician and a writer. As a senator of the Irish Free State, he was captured by insurgent forces and was forced to swim the icy Liffey to save his life. Escaping to London, he became a physician, and upon his return to Ireland produced a volume of verse that won the poetry prize at the Irish games. Critics of Gaelic verse place him with Yeats and Joyce.

Promising Boy Musician

James Whitehead, a youth of twelve in Morecombe, England, recently defeated 30 adults in a violin competition. He was pronounced a musical marvel by the judges who sat entranced by his music and the facility with which he played. He plans to follow a musical career.

Inventor Wins Suit

John B. Bolton, a weaver in Philadelphia, Pa., recently won \$1,314,241 damages in a suit growing out of a collar fabric which he invented. He is the originator of a multiple-ply fabric to be used in making a collar, which while possessing all the appearance of the finest stiff starch, stays stiff without the use of starch.

Artist Not Appreciated

Arlington Robinson, the poet who has received the \$1,000 Pulitzer poetry prize, said on a visit to New York: "It is hard for an artist to get a hearing from the public. Congreve stopped writing in his prime because the public would have none of his masterpiece, 'The Way of the World.'" "The artist comes timidly before the public and is apt to be received like the beggar in the rich banker's office. "Excuse me, boss," the beggar said, "but I ain't had nothin' to eat for three days. Can't ye help me out?" "I'd like to," said the banker, "but I sprained my foot on a book agent yesterday."

Chose Poor Hiding Place

For picking out a stove as a hiding place for his \$500, a miner in the Ashby de la Zouch coal fields in Leicestershire, England, is now minus that amount. He didn't wish his wife to know he had taken the money out of the bank, and he couldn't think of a better hiding place in summer time than a kitchen range. But his wife decided to heat some water for washing clothes and—the moral to this little tale is, "let the wife in on your secrets."

Turkish Women's Newspaper

The first number of the women's paper published in Turkey has just appeared in Constantinople. Its editor is Mine, Neslihan Monhaddine, and gathered about her are some of the most accomplished women in Turkey—the unveiled progressive women who have been inspired by the example of their sisters in other countries.

Long-Barred Tree

Rolla Fallon, employed at the Glenn Ayr mine, near Terre Haute, Ind., was digging coal with a pick 200 feet below the surface and more than a quarter of a mile back in the mine, late in March, when he struck a substance that was firmly embedded in the coal. He picked at it and a piece more than one foot long fell out, disclosing a well-developed iron ore with fibrous formations still attached. The whole tree appears to be iron ore. He took the wood to Terre Haute and will send it to the state museum at Indianapolis for further scientific research. The wood oozes water and is spongy instead of petrified, as would be supposed. The find is attracting considerable attention from miners.

There was a fine attendance at church last Sunday, and seventy on Sunday-school. Rev. Dott, superintendent of the Good Will Industry, will speak next Sunday. On account of the repairing of the church, the services will be held in the L. A. S. hall at the usual hour, 11:00 a. m. The Epworth League will be held in the hall in the evening at 7:00 o'clock.

Miss Mabel Chapman, superintendent of the Ann Arbor district, gave an interesting talk to a large and attentive audience last Sunday.

Work on the church commenced this week. The roof is to be repaired, and hard wood floors put in. Clinton Gotschalk has the contract. D. Hoffway has the job of decorating the interior and exterior painting.

The L. A. S. met with Mrs. Mattland at the home of Burt Paddock last Wednesday afternoon. Arrangements were completed for the annual home coming and bazaar to be held in their hall Friday afternoon and evening, October 23. Their usual good supper will be served at the former price of 25c for children and 50c for adults. Further notice next week.

Rev. and Mrs. Paul Havens left for a motor trip to Indiana, to spend ten days with Mr. Havens' parents. Mrs. M. Eva Smith accompanied them as far as Toledo, where she will spend a few days with her sister, Mrs. Albert Smith.

James Walker has been quite ill at the home of Mrs. Shield.

Mr. and Mrs. C. Mackinder spent Sunday afternoon with their daughter, Mrs. James Norris, who is some better at this time.

Miss Donald Ryder entertained Mrs. Marvin Catherine and Mrs. Clyde Smith at luncheon, Tuesday.

Dorothy Grimm, Jr., and Burt Kahel have bought an orchard up north of Pontiac, and are picking and drawing the apples home.

Mr. and Mrs. Mark Joy have purchased a new Dodge sedan.

Mrs. Dorothy Joy Liscom and little daughter of Detroit, called on her grandmother, Mrs. Vina Joy and Mrs. Mark Joy, Tuesday afternoon.

Mr. and Mrs. Frank Rendell of Lansing, took breakfast with their uncle and aunt, Mr. and Mrs. C. Mackinder, Sunday morning.

Twenty-one Newburg people attended the Perrinville L. A. S. supper last Saturday night.

Don't forget the date of the L. A. S. home coming and fair, October 23. Anyone furnishing an apron or piece of fancy work is requested to put the price tag on it. Donations for the fish pond, candy booth or vegetable booth will be thankfully received.

4834 S. Clarendon Ave., Detroit, Mich., October 12, 1925.

Mr. Chas. D. Ryder, R. E. D. No. 5, Plymouth, Mich., Dear Mr. Ryder:

I am enclosing my check for \$50.00 to give perpetual care to my father's lot in Newburg cemetery.

I appreciate your efforts in promoting this very excellent plan which should be supported by every one who is interested in the upkeep of this cemetery.

Thanking you for sending me the letter explaining this plan, I remain Yours truly,  
H. E. Meldrum.  
Wm. Smith has also endowed his lot.

Mrs. Fred Fishbeck entertained the ladies interested in extension work at her home Tuesday afternoon. There were ten present.

Mrs. Walter Meyers and several of her pupils attended the Autumn Festival at Ypsilanti, Thursday evening, and gave the old-fashioned quilting bee.

**Filipinos Continue to Believe in Talismans**

A young Filipino descended from a "gintaytan" or ancient feudal prince known as Makli is seeking the enchanted kerchief which gave his illustrious ancestor supernatural powers. Such as that of charming birds so that they would alight upon his extended finger, or philandering with other men's wives without arousing jealousy on the part of the offended husbands. The kerchief is known in the family traditions as "the kerchief from the angel in moon." With other talismans and amulets, it is supposed to have been secretly buried by the chieflain before he died. Each succeeding eldest son has searched for the knot in vain. American schools endeavor to disabuse the native mind of its belief in talismans, but the belief is still widespread; a mysticism almost abysmal in depth affects the psychology of the people.

It was only recently necessary for the police in a town adjoining Manila to take into custody an adolescent boy to whom thousands of the afflicted were going because it was said his possession of an enchantment bestowed upon him healing powers.

Not far from this town a gang of counterfeiters were recently raided by a constabulary squad. To conceal evidence the men threw their dies into a stream back of their shanty. Washerwomen later found one of the dies, and when they cleaned it they discovered the image of Maria Cristina, queen regent of Spain prior to King Alfonso's coming of age. The old woman conceived this image to be that of the Virgin, and soon a story was abroad that the die (of the true nature of which no one had the least conception, not even the local officials) had been miraculously hidden in the stream bed and that a great blessing would ensue from its discovery. From surrounding towns people by thousands began making pilgrimages to the fortunate village, to adore the image and receive its blessing.

**Society Suggestion**

I am obliged to a man named Cunningham for sending me a copy of a weekly newspaper printed in a town in the Southwest. It says the bachelors of the town had long been in the habit of attending social affairs given by the young married people, and caused a good deal of trouble. Several young couples separated as a result of "romance." Whereupon the young married men made a new ruling, and now the bachelors, when they long for society, find it among the unmarried. A married man, if disposed to flirt, finds a restraining influence in his wife, but a bachelor has no such hindrance. I should say an lady bachelor should be permitted to lady company save that of widows, who, of all women, are most capable in handling old bachelors.—E. W. Howe's Monthly.

**Long Journey for Nothing**

This is the story of an absent-minded professor. But among stories about absent-minded professors it must hold high place. The professor is J. F. Aderman. He teaches at the University of Sidney, in Australia. Recently he arrived in London as one of the delegates to the congress of the empire universities. Then Professor Aderman discovered an error. At first he was slightly puzzled, then alarmed and then probably as humorously embarrassed as it is good for a man ever to be humorously embarrassed. He found that he had miscalculated by a year the opening of the universities' congress and that it will not open till June 1926. Professor Aderman traveled 24,000 miles before he discovered his error.

**Vets Plant Memorial Trees**

One hundred and sixteen new members of the American Tree association at Washington have been registered, following a tree planting on a memorial walk, by the United States Veterans' hospital, No. 100, Battle Creek, Mich. Among others, trees were planted for President Coolidge, General Pershing, Woodrow Wilson, Warren G. Harding, Robert E. Lee, General Miles, Clara Barton, Mabel Boardman, Abraham Lincoln, Joyce Kilmer. Plans for the tree planting were directed by Emma L. Kotz and Dr. William M. Dobson. The tree association sends tree-planting instructions and tree-day programs for a stamp to pay postage. The memorial walk is of silver maples.

## AROUND ABOUT US

It is proposed to form a Boy Scout troop in every village and hamlet in Oakland county.

Work on Northville's new theatre is progressing rapidly. The brick laying is being pushed with all speed.

Northville's band stand at the intersection of Main and Center streets, and affectionately nick-named the bird cage, will be removed together with the flag staff, and a new automatic signal installed.

Northville merchants have decided to close their stores every night in the week at 8:30, with the exception of Saturday nights. They have also formed a business men's association for mutual benefit.

Mrs. Lillian Belford of Northville, has a violin that is 262 years old, having been made in 1663. The instrument was on display at the Northville fair, and took first premium for being the oldest instrument displayed.

Under the direction of the Howell Board of Commerce, crews have been raised to assist farmers near that city in the harvesting of their beans which are reported to be growing, and otherwise injured by the long rainy spell.

In digging a trench for telephone conduit on Grand River avenue, near Redford, workmen unearthed a portion of the old plank road, which for many years in the early history of the community was the connecting link to Detroit.

The Pinekey class of 1924 having a balance in the bank will use the money to furnish play ground equipment for the school. This is a fine thing for the class of 1924 to do and will be greatly appreciated by the youngsters. —Brighton Argus.

Washtenaw county will have \$109,173 as its share of the \$6,000,000 auto weight license collected the past nine months by the state. The last three months, receipts all go into the state treasury. This county gets 40 cents on every dollar paid by Washtenaw county auto owners. —Washtenaw Post.

Orchardists in this section are now in the midst of their harvests and a number of packing crews are working in this vicinity. The quality of the fruit is of a very high order this year, having exceptional color and good size. Prices are a little lower than last season, but the better quality and size will more than make up the difference. —Northville Record.

If a precedent set by Mrs. Gertrude Taylor of Lyon township, one of the present panel of circuit court jurors, is followed, women jurors bid fair to become popular with the other jurors and court officials. When a bag of apples were brought in for identification, were passed about the court room. Mrs. Taylor took a quantity home and returned them the next day made into apple pies, which were sampled by the jurors, judges and court officials. —Milford Times.

## FIRST LOVE AFFAIR IS TURNING POINT

Struggle of the Adolescent Mind a Severe One.

Half-love is the easiest thing in the world to laugh at.

That it is less easy to endure was revealed by a boy criminal in a strange letter to the magistrates who tried him. In that document he described the stages of his downfall from the moment when he realized that his first love could not be reciprocated.

Happily, most boys and girls recover from the shock of their first love affair without ruining themselves in the process. Yet no one who has studied the adolescent mind can doubt for a moment that, as a rule, the struggle is a severe one.

The first love affair is far more serious, far more anxious, than people who have grown up are ready to admit.

Nor are its dangers made less, or its burdens lightened by the attitude commonly adopted toward the victim by those who should be his friends. Almost invariably they laugh and deride when a word of sympathy is most eagerly desired and most urgently needed.

The wretched boy or girl is shamed into silence about an event of the emotional life which, after all, is perfectly natural, and must, in any case, exercise a profound influence on his or her whole attitude to life.

Thousands of marriages are ultimately spoiled by cynicism which brands first love as a joke or dilates on its grotesque and silly character. The wild freshness of the dawn is but seldom recovered once it has been lost.

This does not mean, of course, that boys and girls are to be encouraged in sentimentalism.

But their feelings, however exaggerated, must be accepted as genuine for the moment and honored as such. They must be taken, if not seriously, at least respectfully.

If they feel that their strange emotional experience is being understood and regarded sympathetically their own common sense becomes the ally of emotionalism and the enemy of their critics.

Thus, instead of being "laughed out of" their folly, they are very effectually laughed into it. Their best weapon of defense is struck, as it were, from their hands.

It is a good sign of the present generation that it is beginning to take emotions seriously and to grant them their rightful place in the business of life.

This attitude has certainly made life happier and easier for many people. There is no reason in the world why it should not be extended to those earnest but inexperienced mariners, our growing lads and lasses.

Either this powerful force can be used to ennoble and glorify life or it can be turned aside by cheap laughter into channels of shame and misery. —Washington Post.

### Giant Bones in Mexico

One of the most interesting of recent discoveries in Mexico is that reported by prospecting miners operating a new gold and silver mining district in the state of Chihuahua. According to one of the engineers, who has reached Mexico City from the Sierra Madre range of mountains where the operations are being carried on, there have been discovered several human skeletons measuring from ten to twelve feet in length. They were all found in one cave, being quite intact. The average length of the feet was from 18 to 20 inches. The anthropological department of the Mexican government is planning to send a commission to investigate the discoveries. The investigation is expected to clear up the origin of the wonderful Indians of the state of Chihuahua. The skeletons were all found in a sitting posture, shoulders bent forward and arms resting on upraised knees.

### British Patents in 1924

Applications for patents in Great Britain totaled more than 30,000 last year, according to the New York World, and although the number is 1,000 less than was received in 1923, there was an increase during the later months. Radio developments were the most numerous subjects of the patents, more than 800 being granted, an increase of 200 over the year before. Many applications from inventors in this field were not pressed, the originators apparently realizing that their ideas were in many cases commercially useless or had become out of date while the matter was pending because of the rapid progress in this science. Many patents were for household improvements and the inventions were made by women.

### Historical Gala Coach

The management of the zoological garden in Berlin has recently bought the gala coach of little Napoleon II, the great Napoleon's only son, from the Castans museum of wax works. The vehicle is still emblazoned with the Imperial French crown surmounting the date, A. D. 1813. The coach takes its place in the "Little Caravan" at the zoo, a procession of youngsters on the donkeys and camels and in coaches drawn by goats and ponies, making hourly rounds of the zoological garden.

## Safety and Mileage For Rough Winter Driving

OPERATORS of large truck, bus and cab fleets must have rugged, long-mileage tires if they are to make money. That is why so many of them have standardized on Firestone. Experienced race drivers, almost to a man, equip with Firestone. Car owners can have this same extra safety and economy—by using Gum-Dipped Cords.

Gum-Dipping, the Firestone extra process, impregnates and insulates every fiber of every cord with rubber—insures greater safety and comfort over rough winter roads—builds extra strength and flexibility into the sidewalls—an exclusive feature that adds thousands of miles to the life of a tire.

Come in—let us save you money by equipping your car with a set of these wonderful tires—prices are still low.

## The Elusive Touch Called Beauty

Can you describe just what true beauty is? Would you say it is a certain type of features or perhaps some winsome characteristic, a radiant smile, or maybe dancing, baby black eyes. Who can tell just where our fickle fancy may alight?

These are all nice to possess, and play their little part, but they are not real true beauty. Nature has given us all equal chance to possess this. Her secret lies not in features, not in personal characteristics, but in our appearance—the proper care of our hair and hands.

What can equal an alluring, subtle appearance to the complexion? Pure, soft, white, beautiful hands and nails, with beautiful, glossy hair are surely intrajuging charms.

Here lies your chance to possess Beauty, to develop beautiful hands and hair to the highest point. This is just what
