VOL. XXXVII, No. 51

PLYMOUTH, MICHIGAN, FRIDAY, NOVEMBER 13, 1925

\$1.50 PER YEAR

## PLYMOUTH WILL HAVE A COMMUNITY FUND

The Campaign for Contributions for this Fund Will Open on Tuesday, November 17th and Closes Saturday Night, November 21st.

Every Citizen in Plymouth is Expected to Contribute to this Most Worthy Cause.

The Community Fund Committee recently appointed by President Harry C. Robinson of the Plymouth Chamber of Commerce, met last Monday evening and formulated plans for the campaign to be carried on in Plymouth to raise the necessary funds to provide for this work.

The members of this committee are as follows: Mrs. Frank J. Burrows, chairman, Mrs. J. L. Johnson, Mrs. W. T. Pettigill, Harry R. Bush, Frank Rambo, Harry S. Lee, C. M. Rauch, Harry C. Robinson.

The plan of the committee is to make an intensive campaign commencing Tuesday, November 17th, and closing Saturday night, November 21st. A house to house canvass will be made by workers chosen from the members of the Chamber of Commerce.

The Community Fund drive will be made independent of the Red Cross campaign. As it has been decided to conduct the drive for memberships in that organization separately.

The need for an adequate Community Fund in Plymouth has been felt for some time. It is a matter that should interest every citizen in Plymouth, as every well regulated town and city in the country maintains a Community Fund from which funds are available for worthy charitable purposes, which is handled and directed by a committee appointed for that purpose.

The name adopted for the Plymouth organization is "Plymouth Community Fund Committee." The local committee will have full charge of raising the fund and also of disposing of the money obtained as they deem best for charitable purposes, except for the Red Cross, which as stated above is being carried on separately from this fund.

One of the big features of the Community Fund is that it does away with the continual giving of money for charitable purposes to every solicitor who makes a canvass of the village. The matter of contributions for these charitable appeals will be referred to our Community Fund Committee, who will take the matter up, and if found worthy a suitable sum will be forthcoming from the Community fund. Each contributor will be furnished with a card, to certify that he has donated to the Community fund and all other solicitors are referred to the committee in charge.

Every citizen is urged to get back of this most worthy movement. This fund is a community matter, and every person in Plymouth should be a contributor. It is not the affair of the business men or the wealthy. It is everyone's business that this drive be a success.

### LAST FOOT BALL GAME OF SEASON TODAY, FRIDAY.

The last foot ball game of the season on the local gridiron will take place this Friday, afternoon, at 3:30 o'clock, when Plymouth High will meet the High school eleven of Milford, in what promises to be a closely contested game. The game will take place on the tourist camp grounds. Admission, 25 cents. Everybody is urged to go and boost for the home team.

### FIRST NUMBER ON REDPATH ENTERTAINMENT COURSE

(By Edna Gottschalk)

The first number of the entertainment course, sponsored by the Senior class of the High school, proved to be a great success. "The College Singing Girls" presented a very pleasing program of both popular and classical numbers. All kinds of college songs, Indian, Dutch and Scotch melodies and musical readings were very delightfully rendered. There were many changes of costumes for the different types of songs "given by the girls." The large number that attended this splendid performance enjoyed it greatly and are eagerly awaiting the second number of the entertainment course.

## SALEM FARMER SLAIN LAST SUNDAY

SON CONFESSES CRIME AND LEADS SEARCHERS TO SHALLOW GRAVE WHERE THE BODY WAS FOUND.

Confessing that he shot his father, William Mager of, Salem township, strangled him to death with a strap, then buried him face downward in a remote spot, Harold Mager, 24 years old, is a prisoner in the Washtenaw county jail. Without expressing any grief or regret at the patricide, the young man indicated he had planned for some time to kill his father, to satisfy an old grudge dating back to the time his mother committed suicide two years ago.

In his confession to Sheriff Robison and Under Sheriff Elliott, Mager stated he had left his rooming house in Ann Arbor Friday, to look for work. In his car he drove to Ypsilanti, where he sought a job at a stove works. According to his story, he was told to start work on the first of the month. For the next two nights he slept in his car, and Sunday morning he went to his father's farm. When he got there he went with his father to the barn. As his father was still living after the shooting, the youth declared he put a strap about his neck and strangled him to death.

As soon as his father was unconscious, Harold said, he piled the body into his car and drove to McCormack lake, where he originally intended to deposit it. McCormack lake is said to be very deep, and had it been more accessible would have been an ideal place to hide the body, but the swampy condition of the surrounding territory made access to the lake itself impossible. From there, according to the boy's confession, he drove direct to the spot where the body was found in the woods of Webster township, about eight and a half miles northeast of Ann Arbor, placed the body in a natural grave at the top of a knoll and piled dirt and dead leaves upon it with a shovel, which he had bought for the purpose.

Throughout the confession the boy contended his memory at times failed him, and he had no recollection of where he had been except at the times mentioned in the confession.

According to the officers, Mager is plainly mentally unbalanced. The Mager farm is located near Lapham's Corners, and the family is well known in Plymouth.

## The Wrong Kind of Bait

### "THE PONY EXPRESS" COMING

PICTURE, HAILED AS "THE COVERED WAGON'S" ONLY RIVAL, COMES TO PENNIMAN ALLEN THEATRE, NOV. 22, 23, 24.

The widely heralded and long expected western special, "The Pony Express," which James Cruze directed for Paramount, with a brilliant cast of several thousand players, headed by Betty Compson, Ricardo Cortez, Ernest Torrence and Wallace Beery, will make its local debut at the Penniman Allen theatre, November 22, 23, 24.

This mighty frontier cinematopiece gives Cruze the unique distinction of producing the only photoplay that seriously threatens the supremacy heretofore maintained by his first great epic, "The Covered Wagon." And there is much these two classics have in common.

Like its distinguished predecessor "The Pony Express" is a powerful story combining historical fact with the element of romance that characterized the West of pioneer days. But although its climax is as tremendous, and its ending as emotional and beautiful as that of "The Covered Wagon," its love theme is more appealing, its background more fascinating, and its dramatic episodes more startling, more thrilling and more colorful.

The action of the plot is laid in 1840, in the dark days just before the Civil War, and deals with the struggle between North and South to gain control of California with its prestige and enormous resources of gold. In this bitter political contest, with its plotting and intrigue, gun-fighting and bloodshed, the crack riders of the Pony Express played a significant and important part.

Besides the heroic achievements of the Pony Express, the production vividly and authentically depicts the violent yet picturesque life of the violent West. Of the many historical characters who are portrayed, particular interest attaches to the youthful Mark Twain, the strapping Buffalo Bill and the famous Mormon leader, Brigham Young.

Henry James Forman, former editor of Collier's Weekly, and Walter Woods, one of the most experienced scenarioists in the film industry, collaborated on the story of "The Pony Express."

### PLYMOUTH HIGH AT WAYNE

The student body of the local High school are looking forward with much interest to the foot ball contest between Plymouth High and Wayne High at Wayne, next Friday, November 20th, and a large delegation is planning on accompanying the team to Wayne for the game. Plymouth is now in second place in the Suburban League. If Plymouth loses this contest, they will be tied with Wayne for second place, and if the home team wins, they will hold second place undisputed. Every person in Plymouth is urged to make an effort to attend the game next Friday.

Mr. and Mrs. Frank Palmer, Mr. and Mrs. H. S. Travis, Mrs. Frank Hawk and Miss Elzora Harmon attended the funeral of Julius Harmon at Lingsburg, Mich., last week Wednesday.

### WOMAN'S CLUB

A real friendly sort of meeting took place at the M. E. Community Hall, Friday afternoon, when the Woman's Club and their invited guests met. Necessity forced the club to first inflict on its guests a business session, with the president presiding and Mrs. George Robinson, secretary pro-tem. The president gave a report of a meeting of the board of directors of the Detroit Federation she attended the previous day, and today some of the members are attending an all day session in Detroit; they were urged to aid the Detroit Symphony Orchestra, visit Otter Lake to see work done, and attend a walk-talk at Museum of Art, by Mr. Burroughs in December. A fund was given the Civic committee to help put milk lunches in school, also this committee will entertain the Girl Scouts soon.

"Michigan" was the subject chosen from the seven prepared by the program committee for next year's study, Mrs. Strong giving the report.

Mrs. O. F. Beyer as chairman of the day, then announced the arrival of some Japanese students, who introduce Japan from their view point. Mr. G. E. Fielstra, assistant to Extension Service for foreign pupils, stated that owing to an error in dates, none of the girls of their crew came, since they were attending a very important affair given by Mrs. Grafton for all Japanese girls, and only two of the boys came, owing to examinations, but asked for patience in their best. Mr. S. Iwata explained his silk costume which was worn for state affairs, sang a college song, "Jesus Loves Me," in Japanese, and a kindergarten song, all enjoyable. He was a graduate of the University of Tokio in '23, and does well for so short a time in the United States.

He exhibited an ancient sword and a genuine bamboo flute upon which he played a bit to show the pleasing possibilities, and extended a cordial invitation to the audience to visit Japan.

Mr. Y. Kumazawa, president of the Christian Association, discussed the slow growth of universal suffrage, the confusion of the youth in the conflicting religious paths, the drink problem which uses their rice to poison, and the need of importing more rice for food, the nuisance of so many gods in each family, and in conclusion, a beautiful figure of speech on the brotherhood of man. The short program of the foreign young men showed that a crew of them would produce a very splendid program.

Two organ numbers by Miss Marion Beyer, two solos by Miss Ruth Forsythe accompanied by Mrs. Marion Schaub, and two violin solos by Mrs. E. Mastick accompanied by Mrs. D. A. Brown were keenly enjoyed. True hospitality was rendered, when Mrs. Beyer and Mrs. Hillman poured delicious tea which the social committee had prepared, together with waters. Ah! the solace in a fine social committee!

The next meeting will be the alluring candle-light musical at the home of Mrs. William Wood, November 20th. A splendid previous meeting occurred at the home of Mrs. J. R. Bauch, with a splendid attendance. Mrs. E. A. Cassidy presided, with Mrs. George Robinson secretary pro-tem over the business session. Mrs. Frank Park, then introduced the speaker for the day, Mrs. L. Hillmer, who gave a very scholarly paper on World Peace.

### EARLY MAILING ASKED FOR CHRISTMAS PARCELS

POSTOFFICE ISSUES APPEAL FOR PUBLIC CO-OPERATION.

With the approach of the Christmas holidays warnings again are coming in from the postoffice, which advises early and proper mailing to facilitate the handling of unusual amounts of greeting cards and Christmas remembrances. The postoffice department asks that all postage be prepaid, that packages be addressed completely in ink, with return address in the upper left hand corner, and that gifts be packed carefully in durable containers and securely wrapped. Packages should not be sealed, however, except possibly with a printed seal that gives the department the privilege of opening for inspection. Packages sealed with any other device are subject to first class mail rates. Parcels may be marked, "Do not open before Christmas," if desired, but no letters or messages other than the conventional season's greetings should be included. Seals or stickers should not be placed on the address side of mail. Efforts are being made this year again to eliminate small or odd-sized greeting cards, the handling of which is costly and inconvenient for the department.

Because of the unusual heavy outgoing mails expected for Europe this year, attention is being called to the fact that the period of overseas mailings commences November 16th.

### PLYMOUTH BOY REPRESENTS STUDENT BODY AT ALBION COLLEGE HOME-COMING.

Kenneth Bartlett of Plymouth, a junior at Albion College and president of the student senate, represented the student body at the mass meeting, held last Friday night, as the opening event of the third annual Albion College homecoming. The mass meeting had originally been planned as a "pep" meeting, but was changed to take the form of a memorial service in honor of Dr. Samuel Dickie, president emeritus of the college, who passed away Thursday morning.

In addition to the mass meeting and the Albion-Alma foot ball game, which was the feature of the homecoming, the celebration also included the dedication of the newly erected Stanley Kreske gymnasium, the laying of the cornerstone of the Parker Inn, Albion's new community hotel, and the presentation of the honorary degree of doctor of laws to President Clarence Cook Little of the University of Michigan. President Little gave an address following the presentation of the degree.

Although a somber note was added by the sudden death of Dr. Dickie, the homecoming was nevertheless a distinct success. The affair was in charge of Thomas I. Starr of Royal Oak, assisted by Mr. Bartlett. Prof. Henry L. Ewbank was the faculty adviser.

George VanSickle, a prominent farmer of Salem township, died suddenly at his home near Salem village, Sunday, November 8th, 1925. Mr. VanSickle was well known in Plymouth, and for many years was a director of the Plymouth United Savings Bank. Funeral services will be held this Friday afternoon, at 2:00 o'clock.

## ANNUAL RED CROSS ROLL CALL NOW ON IN PLYMOUTH

The Campaign for the Renewal of Your Red Cross Membership Was Inaugurated On Armistice Day, Wednesday, Nov. 11.

Read the Following Article and Learn What the Red Cross Has Done in Plymouth During the Past Year.

The annual Red Cross Membership Campaign started in Plymouth on Wednesday, November 11th, Armistice Day, and will continue until everybody has had an opportunity to make their contribution to this noble cause.

Many have wondered just what the Red Cross has done and is doing for our own community of Plymouth, and in order that all may know just how much good Plymouth is receiving in return for its membership funds, the following article has been written. We feel sure no one can read this article and not join the Red Cross.

Membership booths are open each day in the usual places, Plymouth United Savings Bank and Beyer's Drug Store.

There is a great need for workers in the booths during the campaign, and anybody who will volunteer to help in this work will please call phone 175. What the Red Cross is Doing in Plymouth

The Red Cross which represents all the people of all the land is a vital living force in your community! This is the time to enroll yourself and family in this great humanitarian organization.

The activities of the Red Cross are many. As long as there are people in a community, there will be problems that confront them. Death continues to exact its toll and many times sorrow and misery enter a home where all was peace and happiness before. Children are left without mothers to love and care for them or without fathers to support them. Sometimes a man or woman fails to see his or her responsibility to the family and deserts the fireside. Then there is the crippled child who should have every opportunity to grow strong and have the use of his arms and legs as your children have. There are always the mentally incompetent men and women who just cannot hold their own in the great onrush of our social and economic life. Misfortune comes to some and a lifetime's savings are swept away over night. Children falling to make their grades in school, become uninterested and truant and finally delinquent—often because of some physical handicap such as faulty eyesight, poor hearing. Health education to every child, prevention and correction of physical defects of the school child, is a part of the program of the Red Cross. The Red Cross has been working quietly to secure for the people of Plymouth the resources available for them.

A social worker is available for assistance in helping to make a social adjustment in the family when such a family is referred by anyone to the Red Cross.

The Red Cross is maintaining a baby clinic in Plymouth. Any mother or father desiring to keep their babies physically fit has the privilege of using the clinic which is held at 2:00 p. m. on the second Wednesday of the month in the public school.

Layettes are secured by the Red Cross for new babies when the family is unable to provide them.

The school children of Plymouth Township who would not otherwise be able to have their teeth taken care of are eligible for care at the Red Cross dental clinic.

Physical examinations may be had by a specialist at a nearby public health clinic for those people who would not otherwise be able to have such an examination. Your nurse at the Plymouth public school will be able to give you more information.

The following expenditures gives some idea of what has been done by the Red Cross for Plymouth during the year 1925:

- 12 baby clinics @ \$15 per clinic, \$180.
- Medical supplies and record cards for Plymouth Township, \$100.
- Ford sedan for nurse, purchased from a Plymouth garage, \$441.
- Accommodations for auto, \$18.83.
- Scales for baby clinic, \$26.80.
- Services of dentist and Oral Hygienist, \$96.

Services of Red Cross clinic nurse, \$36.  
Nurse's bag and equipment (purchased for Plymouth nurse), \$20.00.  
Total, \$93.18.

The foregoing expenditures do not include the layettes and other service of that kind secured for the people of Plymouth.

### The Babies of Plymouth are for the Red Cross—Are You?

Plymouth is one of the six places in Wayne County that has a Red Cross baby clinic. The clinics are held at 2:00 p. m. on the second Wednesday of the month in the public school. There has been an attendance of 163 babies at these clinics during the past twelve months. The babies are willing to be kept well and strong and grow into healthy, useful citizens of your community and some day they too will carry on the good work which you are so ably beginning. Rosy cheeked, bright eyed, straight limbed children should be the pride of every community. Everybody in Plymouth may have a share in this work by joining the Red Cross!

The Red Cross is doing other things in Plymouth—as well—100 children of Plymouth Township had their teeth taken care of by the Red Cross dentist and oral hygienist during the past year. The oral hygienist spent two days in the Kenyon school, Plymouth Township, and two in the Plymouth schools, giving her full time to cleaning children's teeth. She took with her a portable chair which she set up in the back of the school room or preferably in an unoccupied space and worked during the time the children were in school. The children who need dental prophylaxis not only get their teeth cleaned but are receiving education on the care of their teeth.

The specialist provided by the Tuberculosis Society of Detroit and Wayne County assisted by the Red Cross clinic nurse, gave medical examinations as follows:

- 50 in Plymouth school
- 18 in Kenyon school, Plymouth township
- 24 in Cooper school, Plymouth township
- 6 in Allen school, Plymouth township

Children who were found to have physical defects which would prove to be a physical handicap were referred to the family physician for care. Families unable to afford such care, have access to the clinics of the outpatient departments of the Detroit hospitals where free clinic care is given.

A public health clinic at a nearby center is used by children and adults of the community who need it.

Membership in the Red Cross also entitles you to a share in the great humanitarian work of our National Red Cross. In time of peace as well as in time of war there are disasters which bring untold suffering to humanity. By your membership you are enabling the American Red Cross to have its national organization ready to begin to work immediately to help the unfortunate in their hour of need.

### TRUST COMPANY ESSAY CONTEST

Announcement of the third annual essay contest is made by Frank W. Blair, president of the Union Trust Company. This contest is open to any senior in the public and parochial high schools of the city of Detroit, and of Wayne, Oakland and Macomb counties, under the \$5,000 Scholarship Foundation of the trust company. "The Advantages of Life Insurance" is the subject this year. A \$1,000 scholarship will be given to each of five students whose essays are adjudged the best, so that they may pursue a collegiate career in any standard college in the United States. There will also be awarded silver and bronze medals and engraved certificates of merit to 16 other prize winners. Here is a chance for some Plymouth boy or girl to win a scholarship.

### UP GO POTATOES

Here we've been watching to see the bread prices, now as high as during the strenuous days of the World War, did not go any higher, and haven't given a thought to that other old dining-table standby—the Irish potato. And all the time that favorite in every household has been getting ready to step out for a new price level. In the Michigan potato belt growers are wearing a broad smile—they are getting around \$1.30 per 100 pounds, and expecting still better prices as winter sets in earnest. Everyone, even the potato growers, appears to have been taken by surprise, and indications are that they are due for a still greater surprise. All signs point to still higher prices as the news spreads that the potato crop of this country isn't nearly as large as early indications pointed to. We don't want to encourage hoarding of any description, but it does look right now as though the fellow who puts away a few bushel of "spuds" for future use will only be displaying good judgment.

### WOULD YOU GO BACK?

We talked to a Plymouth citizen a few days ago who could recall that 30 years ago tomatoes were selling at 15c a peck, instead of from 8c to 12c a pound. Dropping apples in orchards were fed to hogs. Fat hens that sold 25c each now bring \$1.50 each. Farmers who got 50c a bushel for fine potatoes did well—now it costs them about 80c a bushel to raise them. Eggs were considered high at 15c a dozen, and a fellow could buy all the good fresh country butter he wanted at 10c a pound. But on the other hand, the man who was drawing down \$1.25 and \$1.50 a day was getting excellent wages. Today it is a common thing to find carpenters, bricklayers, plasterers, machinists and men in dozens of other lines making from \$1 to \$2 an hour. We tried to picture things 30 years ago so we could compare them with conditions now. And if you'll make a similar comparison you will probably agree, as we do, that the average man hasn't any desire to go back.

### WHAT WILL BECOME OF THE PIANO?

A few days ago we came across a Plymouth man engaged in the study of a radio catalogue. He is just another of the many thousands who are getting the "bug" and installing radio sets. It is commendable this desire to keep up with the procession and in touch with the world, but it brings up a new question, and that is: "What is going to become of the piano?" With hundreds of thousands buying phonographs and radio sets will the piano soon go the way of the old family organ, once to be found in great numbers, but now only in an occasional home? Pianos that would have brought \$500 a few years ago are now advertised as low as \$199. Is that another indication of the passing of this musical instrument? Will the money that was once spent in giving the children music lessons now go toward a radio set or a phonograph in the average home? If you delight in answering questions, try these; and if you want to set your neighbor thinking, try them on him.

### THEIR BUSY SEASON

With the Christmas holidays but a few weeks away, and the public feeling in a humor to spend as freely as at any time in the past, the house-to-house canvassers are "making hay." The country is said to be overrun with them this season, with the result that numerous sections have been forced to curtail their operations by passing special license laws which apply to

agents who do not live in the city or town.

We saw on a mail-order catalogue recently the announcement that "anything that can be sold can be sold by mail." And it seems to be the belief of a good many concerns that anything can be sold by an agent. In fact, many concerns have quit selling their wares in retail stores and to jobbers, and are depending for their distribution upon house-to-house canvassers alone.

Before you buy or before you place an order, remember that you made your money here, and that here is the best place to spend it. Remember that your home merchant is also your neighbor and your friend. He'll make good if his goods do not. He helps to keep up your streets, schools and churches—the agent does not contribute a penny toward them. Be honest with yourself and your town—tell the next canvasser that you prefer to spend your money right here where you made it.

The Boy Scout troop of Plymouth performed a very acceptable community good turn last Saturday. They raked the leaves from the larger part of Central Park, and took them down to the dump. The park looks much better, and we are much obliged to the boys.

Whenever in the village we connect up new water mains, the water users will find that for several days there will be a tarry taste and smell in the water. This is mostly due to the joint material, and will wear off in a short time. We are not doping the water, and there is nothing wrong with the water otherwise.

Up to the time these notes were written, Monday afternoon, we have laid 6,700 feet of six-inch water main the last month, and have installed eight fire hydrants.

We have recorded in the office as installed or have applications for eighty water taps this season. We had four applications today (Monday). This is quite conclusive proof that Plymouth is growing. We know of several more taps yet to come.

Next week Tuesday, Wednesday and Thursday, the village manager expects to be in Grand Rapids, attending the twelfth annual convention of the International City Managers' Association. The meetings of this convention will be held at the Pantland Hotel. The steel ceiling is in place at the hall, and the warehouse is all complete except for painting. If it were a little warmer we might open the warehouse with a dance on the concrete floor.

The commission has taken action concerning the extension of Gravel avenue through to Main street. Fifty feet has been purchased, and will be opened up before the rush of another season.

The much cursed Main street crossing is being fixed!

The P. M. R. R. is raising their sidetrack, the D. U. R. is repairing and raising their diamonds and signal conduits, and the Wayne county road commission has agreed to install a real crossing for us.

George Springer's Hotel, Plymouth, is nearly ready for guests again. There is more room for roomers than before, and an office and separate entrance.

Monday afternoon a man was much surprised to see our two fire trucks rush up to his front door, and the firemen start hunting for the fire. He had been letting some steam out, and his neighbors thought it was smoke from a fire.

## OBITUARY

Julius Austin Harmon was born June 11, 1849, in Canton township, Wayne county, Michigan, near the town of Plymouth. He lived there until April of the present year, when he went to Laingsburg to make his home with his son, Lee, who is his only surviving child, another son having passed away in infancy. Beside his son, Lee, Mr. Harmon is mourned by a sister, Elzora Harmon, of Plymouth, she being the only living member of a family of five children; a brother and two sisters have already preceded him to the great beyond some years ago. The deceased was very much respected as a man who lived his life in a quiet and unassuming way. His death occurred at the home of his son on the early morning of November 2, 1925, he being aged 76 years, 4 months and 22 days.

The funeral was held from the home of his son, Wednesday, November 4th, with burial at Laingsburg.

### A LETTER FROM FLORIDA

Fruitland Park, Florida, November 3, 1925.

To the Editor of the Plymouth Mail.

Dear Sir: Our trip to Florida by the central route was very pleasant. We left Plymouth on October 13, and arrived in Fruitland Park, Lake County, Florida, on October 26.

The climate is very warm, and the nights are cool, making it comfortable to sleep. Flowers are blooming, and the oranges and grapefruit are in season. There are orange groves as large as 60 acres of the finest fruit—a wonderful sight for a northerner to see. You can drive to the packing house and get all the fruit you want just for taking it away. I went in a grape fruit grove and picked fifty boxes in six hours.

Now I will tell you about our trip down to sunny Florida. Weather conditions were good, but the roads were not always good. In Kentucky there were long hills to climb, but the roads were very good. There was one long mountain that sloped down to the Kentucky river, and across the river was another slope, or rather small mountain, steep, rough. But along with the bad roads was some pretty scenery.

Next comes Tennessee! There were no level roads. You just went down one hill and up another, and some very hard hills to climb. We went through tunnels to avoid some of the worst mountains.

Now Georgia is level, but the roads are very dusty and when it rains it is almost impossible to keep on the road, because the red clay, when it is wet, is very slippery. When the roads are dry they are dusty and stony, which is very hard on tires. Consequently, one making the trip can expect to have more or less tire trouble. That is about all the trouble I had, except sometimes you get bad gasoline.

The weather was cool until we got to Georgia, then in Tennessee we were held up on account of rain. After we left Georgia and entered Florida, the weather was warm and sunny.

On our way down we encountered some very nice tourist camps. Some have nice little cottages, which you can rent, and in these you do your own cooking. The cottages are equipped with everything to convenience the tourists.

When we reached Florida, we struck the Dixie Highway, which goes through the state down to Tampa. The tourists that drive down this famous highway to the winter resorts, put one in mind of a procession. Day and night one can always see streams of cars heading south.

Now in closing, I want to say there is no need of coal here, nor overcoats. What you want is a palm leaf fan.

Mr. Reid Elder.

## Sweep No More

The broom was one of the first things invented and today it is practically the same as in the days of Eve. Down through the centuries it has wearied women and scattered its dust and germs everywhere.

The broom in fact is not only extremely old-fashioned, but unsanitary as well; and its use is a hard and needless task.

In the modern home its place is taken by the electric vacuum cleaner, which a child can handle, and which picks up every particle of dust and sucks it into a bag for safe and proper disposal.

### Today's Reflections

We've noticed that when a woman starts in to make a fool of a man he generally leads a good deal of co-operation.

Some Plymouth people think prosperous times are those in which you can buy something on three installments instead of ten.

Luther Burbank has retired, and before he had a chance to cross the pumpkin with the cantaloupe.

Another combination that helps to fill up the newspapers these days is a nut at the steering wheel, a peach at his side and a sharp turn in the road.

After he has been on earth about 50 years, the average Plymouth man can tell you that time cures everything except having to shave.

Maybe the fact that the women are wearing two pairs of garters is what caused the price of rubber to take such a jump.

The fool and his money are soon parted. And the same is true of a fool and his car.

We've had Plymouth men ask us about a cure for everything but a grouch when that was the only thing they really needed.

When we consider the kind of drivers grade-crossings abolish, it makes you wonder if grade-crossings are not a good thing after all.

The old-fashioned Plymouth man who expected a girl to look up to him when he married her, now has a son who expects a girl to put up for him when he marries her.

Why is it that the fellow who tells a girl before marriage that he'd die for her, has to be kicked out of bed before he'll get up and make a fire for her after marriage?

Another good bet is that you won't get very far if you are afraid to do anything because people might talk about you.

Some Plymouth girls seem to think that the way to keep a good complexion is to go out before the paint has a chance to dry.

There's one difference between the stuff Rip Van Winkle drank and the stuff they drink nowadays. Rip did wake up.

Even when they get all the bandits and gangsters killed off, Chicago will still be quite a good-sized town.

We have a few young dogs well started on coon and skunk, and will make wonderful fur dogs. Prices reasonable, comparing quality. Have some real rabbit dogs as well. Located one mile south of Salem. Phone 306-F5, Plymouth Ex. 504c.

#### HIGH SCHOOL NOTES

Miss Smith has been busy judging Scout tests and up to date twenty-one are qualified to pass the tenderfoot test. Miss Cary is also acting as Scoutmistress—adding interest by taking girls on nature observation hikes. Plans are under way for patrol basket ball teams for the coming season.

At Lansing, the 27th, 28th and 29th of November, there is to be a State Older Boys' Conference. At these meetings the boys and the leaders will discuss, from the christian standpoint, some of the questions which confront boys of this day and age. Last year about fifteen boys went to the conference. Mr. Holcomb, who has recently been appointed county chairman, hopes there will be more from this district this year.

The final tests are being given this week, and report cards will be received again next week Wednesday.

Miss Smith's physical training classes have been on several hikes during the past month.

The pupils having the largest number of stars by Christmas time, are given prizes. Eighteen of these pupils had perfect attendance for the month of October.

The pupils of Miss Harford's room have made a turkey and duck border. Thirteen pupils of Miss Dixon's room have been neither tardy nor absent so far this semester.

#### FOOT BALL

On Friday, November 6th, Plymouth High journeyed to Highland Park, where they played the strong Ford Trade school team, losing by the score of 13 to 0. Highland Park gained their first touchdown in the early part of the second period, when one of the Ford Trade backs crashed through the line and ran for the touchdown. Plymouth came back at the start of the second half with more fight, but was again crushed, when the second touchdown was made by the opposing team. When the game ended, Plymouth came out the loser.

#### MEETING OF ZONE B

A lot of pep and interest was displayed by the teachers of Zone B, at their meeting at the Stark school, Nankin township, Saturday, November 7th. Each meeting seems to instill more enthusiasm for better schools. At least Miss Lorraine Cochran, helping teacher, reports that a lot of improvement is taking place in the work of both the teachers and the pupils. Since Wayne county is leading all the other counties of Michigan in rural education, it behooves us all as citizens of the former, to do our best and make our leadership one of inspiration and high ideals.

The first thing accomplished in the morning business meeting of the teachers, was the correcting of the history and literature tests. These had been given to the pupils of the various schools by Miss Cochrane. A discussion followed, in which the difficult problems of the teachers were solved by their co-workers and helping teacher.

Mrs. Scowden of the Elm school, taught a most remarkable lesson in Eighth grade history. She had developed the problem of the organization of two political parties after the Revolutionary war. Her Eighth grade pupils showed what boys and girls can do in history. Both the teacher and pupils must be commended upon their wonderful success in that subject.

After looking over the material in the envelopes and explaining each sheet, Miss Cochran presented in an interesting manner a lesson in agriculture. It is the subject upon which most emphasis is to be placed during

the coming month. Teachers, boys and girls of Wayne county, let us make agriculture mean something more to us than merely soils.

Mrs. Barrington-Sharp gave a health talk to the teachers, and demonstrated a unique way of hand washing for rural children. It will surely prove a time saver at the noon hour.

The patrons of the Stark school served a dinner that would satisfy the hungriest of the hungry. So thought the teachers who ate in contentment, and in their hearts thanked the good folks of Stark for their generosity.

During the meeting of the afternoon, which is a community affair, the usual business was conducted. A vote of thanks was extended to the people of the Stark district for the marvelous dinner and the pleasant entertainment. An invitation was given to Zone B by Miss Lillian Rubel of the Perrinsville school, to their next meeting at that place, December 5th. Everyone is invited to attend the community meeting in the afternoon. A good program, in which the principal feature is a fine speaker, is promised. Come help us boost rural education.

The program of the afternoon opened with a very fine piano-vocal solo by Mrs. Blake of the Stark district.

The children of the Stark school displayed their talent in the dramatization of the Pilgrim Story, the characters of which were as follows:

Mistress Bradford—Viola Luttermoser  
William Brewster—Stanley Geer  
Miles Standish—George Kartje  
Mistress Tilley—Morton DeFer  
Constance Hopkins—Lillian Blake  
Elizabeth Tilley—Geraldine Schmidt  
Priscilla Mullins—Merna VanTassel

Mary Chilton—Jeannette Adams  
Squanto—William Adams  
Humility Cooper—Donald Clement  
Wrestling Brewster—Oscar Luttermoser

Love Brewster—Donald Streb  
Master Bradford—Irving Geer  
Elder Brewster—Donald Adams  
Betty Allerton—Katherine McKinney  
Mistress Hopkins—June DeFer  
Mistress Brewster—Isabelle Winkler

Mr. McFarlane, professor of social sciences at Detroit Teachers' College, was the speaker of the afternoon. His inspirational lecture, "Giving everyone a Chance," was enjoyed very much.

Miss Corbett, home demonstration agent for Wayne county, gave a little talk, in which she explained her work. A most delightful little song was sung by Lillian Blake, accompanied by her mother, Mrs. Blake.

Miss Gwinn, social service worker, spoke of the nature of her work.

A duet was beautifully played by Mrs. Blake and Miss Meice.

Fred Fisher gave some splendid ideas on rural education in Wayne county.

"America" was sung by the audience as a closing number.

Everyone left the school with a feeling that although the weather was very disagreeable, the whole day was a success. Again a most cordial invitation is extended to anyone who wishes to attend the community meetings of Zone B.

LILLIAN RUBEL,  
Secretary of Zone D.

#### AROUND ABOUT US

R. H. Burgess of Redford, has sold 43 feet of frontage on Grand River avenue in that village for \$45,000.

A clothing store at Fowlerville, was robbed one night last week of \$1200 worth of merchandise, including 47 overcoats.

The Ford Motor Sales garage at Walled Lake, was entered by burglars, last week Monday night, and \$300 worth of tires taken from the stock room.

Jack Allen is having installed at Allen's Gardens at Five Points, a remarkable fountain which is to be one of the attractions in the dining room of that popular road house. This fountain is remarkable in that it was designed by Mrs. Stratton, owner of the Pewabic Potteries on Jefferson avenue. Mrs. Stratton is manufacturing the tiles for the fountain which are to be iridescent, lighted by hidden electric lights. Mr. Allen estimates that the fountain will cost about \$2,000 when completed.—Redford Record.

Dr. and Mrs. C. G. Burgess of Detroit, entertain twenty-one guests at dinner at the Detroit Golf Club on Sunday, November 1st. The dinner was given in honor of the seventy-third birthday of his father, Dr. J. M. Burgess. The guests were Dr. and Mrs. J. M. Burgess, Mrs. Mabel Burgess, Mrs. Etta Stiff, Dr. and Mrs. C. D. Brooks, Dr. and Mrs. W. R. Clinton, Dr. and Mrs. S. C. Hanna, Dr. and Mrs. J. T. Watkins, Dr. and Mrs. H. C. Moritz, Dr. and Mrs. G. W. Stockwell and Dr. Curt Schneider of Detroit; and Mrs. Kate Allen and Mr. Harry Lush of Plymouth.—Northville Record.

A full grown deer made its appearance at the Mackey farm east of town Sunday. Mr. and Mrs. Mackey had just returned home from church when considerable commotion amongst their herd of cows attracted their attention, and upon investigation they saw a deer that had followed the cattle from the woods up to the barn. The family and a few neighbors had the privilege of standing near the house and watching the splendid looking animal for a period of possibly ten minutes. It occasionally ran back down the lane a distance when some unusual sound would reach its ears, but seemed loathe to leave the cattle, as it came back several times. Finally it became more frightened and leaping over fences, darted across the fields and into the woods. It has not been seen since.—South Lyon Herald.

Mrs. George Michellin and Mrs. Ralph Stringer of the Wayne County Council, visited the East Nankin school last Tuesday, and explained the work of the Council.

The Wayne County Council are making every effort this year, to get the P. T. A. in Wayne County organized and functioning as the National recommendation. A school may have a splendid organization, and doing great things in their own community, but unless they have affiliated with the National State and County, they have not truly a P. T. A. If any association does not fully understand the work of the National and State, will they kindly write to Mrs. Ralph Stringer, Redford, Michigan, or Mrs. George Michellin, Plymouth, Mich., and they will send someone to you to explain.

Wayne County Council have a list of splendid speakers on various topics you are interested in, and will be glad to help with your programs when needed.

Don't forget the next Wayne County Council meeting at River Rouge High school, Saturday, November 21st, from 10:00 to 4:00. If you can't come all day, come when you can.

Every president and as many more as can, should attend these meetings. They are a wonderful help in your local work, you may learn something new, but most of all we want to know what you are doing and how you do it. Somewhere there is an association that needs your help.

**LIBRARY NOTES**

"The child who reads is the child who succeeds." As the reading habit is best formed during school days, the library and school are working together with this in mind, and several teachers have taken advantage of the privilege of borrowing a school room collection of twenty-five books for three months from the County Library. Each teacher in the county, outside of Detroit, may borrow a collection of books for her pupils if she will leave word with the Plymouth Library center, or write directly to the main office, 3661 Trumbull Avenue, Detroit, Mich. It is surprising the interest taken in pioneer history by the pupil who has read the life of Daniel Boone or Altschuler's "Eyes of the Woods." Also Africa becomes a real place, and not just a pink spot on the map, to the child who has read the adventurous story of the life of David Livingstone. The week of November 8-14th is nationally known as Children's Book Week, and as parents, teachers and librarians, why not help make the book a part of the child's life.

If your subscription has expired, renew it today.

The sixth, seventh and eighth grades have two new pictures, "Angelus," by Millet, and "Simplicity," by Reynolds. The Primary grades have Wynken, Blynken and Nod.

The agriculture class is studying soils, and showing how water percolates through clay and sand.

The third, fourth and fifth grades have been studying about Indians in language classes. The same people have been making decorations for the room for Thanksgiving time.

Willbur Carr is in lead in arithmetic drills in the fourth and fifth grades, being on lesson nine.

The second graders are making posters and booklets of Indians. The chart, first and second, have made Thanksgiving decorations for the primary room. They also made little Pilgrim invitations for the P. T. A. meeting Tuesday evening.

Miss Buchanan spoke at the school Tuesday evening, November 3rd, on music appreciation.

A large crowd was at the P. T. A. meeting Tuesday, November 10th, and enjoyed the program and refreshments.

#### SNOW BOUND VS. SOOT BOUND

The snow had begun in the gloaming. And busily all the night had been heaping field and highway With a silence deep and white. You fixed your furnace at bed-time. Then you worried half of the night. For it puffed and smoked, it smoked and puffed Out something that wasn't so white. Then you opened it up in the morning On a scene that was dark and drear. You raved and you swore that you would stand it no more. But would call Perkins at 273. All kinds of metal work, furnaces cleaned, repaired and installed, also plumbing.

AGAIN!  
OFFERS GREATER VALUE

July 23rd Nash introduced new models—by long odds the finest motor cars Nash ever built.

These new models presented new and uniquely original body designs, far-reaching improvements in construction, and many notable refinements in engineering and equipment—all at far greater manufacturing cost.

**BUT—NASH DID NOT INCREASE PRICES!**

**NOW!**  
**PRICES REDUCED**  
Reductions up to \$300

The above price reductions are effective November 1st on exactly these same models.

It is possible to make such price reductions only because of the tremendous volume of sales inspired by the manifestly **GREATHER QUALITY** and **GREATHER VALUE** of the Nash product.

In the first 3 months these cars have been on the market the total sales have more than equaled one-half the sales for the entire year of 1924.

**TEMPLE THEATRE**  
Detroit, Michigan

Charles Kellogg, the great nature singer and "Danceland" George Choos latest dance spectacle, divide headline honors on the bill at B. F. Kelt's Temple Theatre, starting Sunday afternoon. Mr. Kellogg is internationally famous as "The Nature Singer." His bird voice has a range of 12 1/2 octaves, which is 10 octaves greater than the ordinary singing voice. He extinguished flames of fire by using his audible voice. He sings to a large flame of fire and it becomes a Bunsen flame, a phenomenon inexplicable to scientists. Muriel Kaye is the featured dancer in "Danceland." She is assisted by Mildred Burns, Ched Freeborn, Alice Hayward, Linton Hoppe and the "Eight Dancing Rockets." "Danceland" is gorgeously costumed, beautiful scenically and resplendent with lighting and radium effects. Others listed: Ann Codee, the sensation of the Paris music halls; William and Joe Mandel in their big laughing hit, "Quiet Please;" Demarest and Collette in "Strings and Strangers;" Potter and Gamble offer "In A Nursery;" Gordon's Comedy Canines; Hal Bosch comedy, "Papa, Be Good," featuring Glenn Tryon and the usual screen program.

**Duval Real Personage**

Claude Duval was a notorious highwayman, born in Domfront, Normandy, 1643. He was a follower of the duke of Richmond at the time of the Restoration, but forsook him for the life of a highwayman. He was famous for his gallantry to women as well as for his audacity and robberies. He was captured while intoxicated, and executed in 1670 at Tyburn. A part of the inscription on his tomb in Covent Garden church is as follows: "Here lies Du Vall; Healer if male thou art Look to thy purse; if female to thy heart."

**"THE STUDENT PRINCE"**

Shubert-Lafayette Theatre  
Detroit, Michigan

The remarkable engagement of "The Student Prince," at the Shubert-Lafayette, Detroit's newest down-town legitimate theatre, besides creating a record "long run" for musical plays in that city, has become the talk of the theatrical world. The Messrs. Shubert, the producers of the play, originally booked the production at the Shubert-Lafayette for a six-weeks period, beginning September 14th. So immediately successful and popular did "The Student Prince" become with music-lovers and play-goers, that the original time of the engagement has been extended, and the play now goes into its tenth unbroken week, with no signs of diminishing patronage. Announcement is made that it will remain in Detroit until after Thanksgiving, upon which day a holiday matinee will be given.

A noticeable feature of the audiences at the Shubert-Lafayette is the unusual number of out-of-town patrons, this being due, no doubt, to two reasons—the immensity of the production and the fact that it will be seen in no other city in Michigan, at least this year. "The Student Prince" is a beautiful operetta version of the beloved drama, "Old Heidelberg," played with such notable success some twenty years back by Richard Mansfield. The mid-week matinees at the Shubert-Lafayette are on Thursdays, the usual Saturday afternoon performance also being given.

The pastor spoke Sunday morning, from 1 Peter 2:9, "A Peculiar People." In the evening, the sermon was from Romans 8:31, "If God be for us, who can be against us." The young people sang with a great spirit in the evening service. A great many gave the title of the hymns they enjoyed most, and some of them were sung.

The Sunday-school lacked some teachers Sunday. Mr. Postiff gave a report of the trip to the Baptist children's home, and the donation to the children was received with many thanks.

The B. Y. P. U. will be led next Sunday evening, by Kenneth Wilskie. Be sure and come, and have a good meeting.

The Ladies' Aid met with Mrs. Lewis Schaal, last Wednesday afternoon. Final plans were made for the bazaar and chicken supper to be held at the church December 16th.

The pastor and family are enjoying the new furnace. We thank the church and congregation for this needed improvement.

### METHODIST NOTES

Mrs. Towle's division, the Friendship Circle, will hold a bake sale at the gas office next Saturday, 2:00 p. m. The Circle will meet next Wednesday afternoon, with Mrs. Wm. Farley on Adams street.

Mrs. Lee's division will meet next Wednesday afternoon, with Mrs. McLaren on Union street, and Mrs. Gill's division will meet Wednesday, with Mrs. George Burr, Sheridan avenue.

Mr. and Mrs. T. G. Bedell and Mrs. Jennie Reagan of Bay City, were weekend guests of Dr. and Mrs. Lendrum at the Methodist parsonage.

Honore Laderach and Lawrence Ballard of Bay City, surprised their former pastor, Dr. Lendrum, by appearing in the morning congregation last Sunday.

The annual L. A. S. bazaar and supper is again history—interesting reading history too, for it was a great success from every point of view, and socially as well as financially pleasing. The committee heard much complimentary comment on the splendid chicken dinner they served to such a large number of people.

A goodly percentage of teachers and officers were out at the Sunday-school board meeting, Wednesday night, and matters of importance to the school were discussed.

Many earnest prayers for the recovery to health of little Alexander Lendrum were offered at the mid-week prayer service, Wednesday night. The hearts of the people go out to Dr. and Mrs. Lendrum in their anxiety.

Twenty-five ladies enjoyed the splendid co-operative luncheon at the home of Mrs. Fred Lee, Wednesday. It was the monthly meeting of the Missionary societies, and the business meeting and interesting program followed the luncheon. During the afternoon, a "Mothers' Jewel Band" and a "King's Herald Band" were "born." It is the plan to have all the children up to fourteen years old in one of these junior missionary bands. Mrs. Carl and Mrs. Bovee are the leaders of these bands, but let's all help.

The bazaar and chicken supper given by the L. A. S. was a wonderful success both socially and financially. Three hundred twenty-five partook of a fine chicken supper. The ladies had a very fine display of quilts, rugs, aprons, fancy work, candy, fruits and vegetables, which showed the ladies had done a great deal of fine work. Every article was sold, and \$370.00 was added to the treasury. The president, Mrs. R. L. Sherwood, wishes to thank all who so willingly donated, also those who so freely patronized this bazaar, or assisted in any way to make it a success.

Mrs. John Rattenbury.

When red-hot ashes must be hurriedly dragged through the house, this is sure to happen.

Prevent it by warming your home with radiator heat. Comfort and health, as well as rugs, will be protected. Tending only one fire will mean less work and smaller fuel bills.

## Used Cars!

If you went to your banker to borrow money and he asked you to pay 8% when it was only worth 6, and you were able to get it for the lesser rate, you would not be very apt to pay the extra price.

Then why pay the extra price on used cars. Some dealers take used cars in at more than they are worth in the hopes that they will be able to unload them to someone who does not know their correct value.

You will find the cars we have to offer are worth the money we ask, because we take them in at a fair price.

BUICK MASTER SIX SEDAN—Late model, 5 tires as good as new, finish fine and motor perfect. A wonderful buy at \$330.00 Down

BUICK STANDARD 4-PASSENGER COUPE—Very late model. This car has not had much mileage and is a bargain at \$357.00 Down

BUICK SIX CYLINDER TOURING—The motor on this car has been completely overhauled, has good tires and a buy at \$80.00 Down

BUICK 48 COUPE—This is a good car for the man who wants good transportation at a small price, only \$117.00 Down

CHEVROLET SEDAN—5 months old. If you are figuring on a new Chevrolet see this one, before you buy at \$208.00 Down

### THE THEATRE

#### "THE TEXAS TRAIL"

An advance notice makes known the fact that the feature at the Penniman Allen theatre, Saturday, November 14, is to be "The Texas Trail," the latest Harry Carey picture. This means there is plenty of excitement in store for the Penniman Allen theatre patrons, for a Carey film means swift action and plenty of thrills, with some tender romance thrown in for good measure.

The story of this picture hinges on the theft of ten thousand dollars and its recovery by the heroine after neck-breaking chases, mainly hand-to-hand fights, and daring robberies. Carey plays the part of a ranch foreman who is discovered being held up and robbed of ten thousand dollars, which he is taking to his employer, by this same employer's niece who has come West expecting all the men to be the virile, daring cowboy type she has seen in the movies.

The plot is dotted with little twists, which vastly increase the suspense of the picture, and is at the same time replete with wholesome comedy, which from time to time relieves the tension.

The cast includes Ethel Shannon, Charles French, Claude Payton, Sidney Franklin and others, all of whom contribute largely to the success of the picture.

#### "THE UNHOLY THREE"

Tod Browning's "The Unholy Three," a Metro-Goldwyn-Mayer production that has been hailed as the greatest crook film of many years, will be seen Sunday and Monday, November 15 and 16, at the Penniman Allen theatre.

Browning has long been famous as a director of underworld stories, and he is said to have excelled all past performances in the making of this thrilling melodrama.

"It's pure melodrama," says Browning, "but there is no villain with a mortgage and there is no widow whose home is about to be taken from her. Also there is no great storm scene and no erring daughter kicked out to the mercy of the raging elements by an enraged father."

"The Unholy Three" is a film adaptation of C. A. Robbins' story of the same name, and its locale is New York City and vicinity.

The cast includes such famous players as Lon Chaney, Mae Busch, Matt Moore, Victor McLaglen, Harry Earles and Mathew Betz.

The story opens in a cheap museum where, following a riot, three of the freaks on exhibition become a trio of crooks and assume the title of "The Unholy Three." Rosie O'Grady, who has been picking pockets in the museum joins the crooks, who cover their tracks by operating a bird and animal store.

An innocent male clerk, played by Matt Moore, becomes infatuated with Rosie O'Grady (Mae Busch) and the rivalry starts between "Prof. Echo" (Lon Chaney) and the clerk (Matt Moore).

Following an atrocious murder the trio escape by framing evidence against Rosie's lover. He is saved by what is almost to be considered as a miracle and two of the crooks lose their lives. The story ends with the reunion of the lovers and the regeneration of the master crook.

The film is filled with heart interest and a large amount of comedy.

#### "PRETTY LADIES"

Can a woman who longs for a career be happy when she has achieved success, accumulated money and gathered in everything her heart desires—except love?

That is the story of Maggie Keenan, as played by ZaSu Pitts in Monta Bell's "Pretty Ladies," a Metro-Goldwyn-Mayer production, which will be shown at the Penniman Allen theatre, Wednesday and Thursday, November 18 and 19.

Maggie was the star of the show. She brought down the house every time she appeared behind the footlights. Her name was in front of the theatre in electric lights. The papers were full of stories about her, and her audience always greeted her with a loving warmth, but that didn't make her happy.

She had everything she wanted—but a man. After the night performance she saw the chorus girls met by the stage door Johnnies and their "millionaire friends," but the only man she ever had to take her home was her chauffeur.

Finally she managed to gain the attention of a drummer in the orchestra, and from that moment on it was a struggle to keep him from a blonde vampire who didn't want him, but wanted to show there wasn't a man on earth who could resist her charms.

The story is colorful and human, and it will do much to brighten the lives of those who find themselves loveless yet longing for love.

The leading roles are played by ZaSu Pitts and Tom Moore, supported by a huge all-star cast including Lilyan Tashman, Bernard Randall, Norma Shearer, Conrad Nagel, Helena d'Algy, George K. Arthur, Lucille LeSueur, Paul Ellis, Roy d'Arcy and Gwendolyn Lee. "Pretty Ladies" is based in an original story by Adela Rogers St. Johns. Alice D. G. Miller did the adaptation and continuity.

### FARMERS WEEK TO BE

HELD FEBRUARY 1-5

ANNUAL CONFERENCE AT M. S. C. TO FOLLOW GENERAL PLAN OF PREVIOUS YEARS.

Farmers Week, the annual conference of agricultural interests at the Michigan State College, will be held from February 1 to 5 this year, according to announcement made at East Lansing this week.

The general plan of the week will be the same as in years past, with certain new features added to the program. Leading agricultural associations of the state will hold their annual meetings during the week as usual, while exhibit and meeting plans will follow similar lines. Details of program are to be announced later.

### AMERICAN EDUCATION

WEEK, NOVEMBER 16-22

The purposes of American Education week is to stimulate enthusiasm for education.

We know that education for all the people is essential to the prosperity of the country. We know that the system of education developed in America is that which is best suited to our habits of living and to our plan of government.

We know that it is every citizen's duty to his children and to the country to maintain the schools at high efficiency.

But to know these things is not enough. Our faith in public education must be shown by our works in its behalf. We must exert ourselves to advance the interests of the schools and encourage our neighbors to do likewise. American education week is one of the means used to bring to the attention of all this importance of education in the life of America, and the necessity of the support of every citizen in behalf of a strong effective school program.

The following is a synopsis of the program for the week:

Monday, November 16th—Constitution Day. Slogan—"Every Boy and Girl a Good Citizen."

Tuesday, November 17th—Patriotism Day. Slogan—"One Flag, One Land, One Heart, One Hand, One Nation Evermore."—Holmes.

Wednesday, November 18th—School and Teacher Day. Slogan—"The School is the Foundation of Democracy."

Thursday, November 19th—Conservation and Thrift Day. Slogan—"Work and Save."

Friday, November 20th—Know Your School Day. Slogan—"Progressive Civilization Depends on Progressive Education."

Saturday, November 21st—Community and Health Day. Slogan—"The School Health Work Halts Without Community Interest."

Sunday, November 22nd—For God and Country Day. Slogan—"Religion, Morality, and Education are Necessary for Good Government."

# Where is the Car that Equals It?

Before buying any automobile in the thousand dollar field, ask yourself these five questions—

- 1 Is it as beautiful and comfortable as the new Oakland Six?
- 2 Has it mechanical Four Wheel Brakes?
- 3 Does it combine such advanced features as Air Cleaner, Oil Filter, Full Pressure Oiling, and The Harmonic Balancer—an exclusive Oakland feature imparting unmatched freedom from vibration?
- 4 Can it duplicate Oakland speed, power, acceleration, flexibility and year-in-and-year-out dependability?
- 5 And can it equal Oakland's amazing value at the new prices—\$70 to \$350 lower?

Because no car in the field can answer these questions satisfactorily—because no car combines these features at anywhere near Oakland's new low prices—this is the car for you.

Roadster	\$ 975	(Old Price \$1095)	Landau Coupe	\$1125	(Old Price \$1295)
Touring Car	1025	(Old Price 1095)	Sedan	1195	(Old Price 1545)
Coach	1095	(Old Price 1215)	Landau Sedan	1495	(Old Price 1645)

All prices at factory. General Motors Time Payment Rates, basis for the lowest in the industry, have been made still lower. You can now save as much as \$40 to \$60 in your time payment costs.

**REAL ESTATE BOARD HELD SUCCESSFUL MEETING.**

One of the most successful meetings of the Plymouth Real Estate Board was held last week Thursday evening, at the Cass Benton Park Riding & Hunt Club. Fourteen members of the board were present: also the president, secretary and others of the Ferndale Real Estate Board were guests.

After our board business was disposed of, the president called on Harry E. Lyons, secretary of the Ferndale board, to outline the educational course on real estate now being taken up by them, and all the real estate boards throughout the country, which is encouraged and sponsored by the National Association of Real Estate Boards.

This course is now being taught in over thirty universities in the United States and Canada.

The local board, after listening to his talk, realized the need of such a course, and accepted his invitation to attend their school in Ferndale, with the idea of instituting a course locally within the near future. The president appointed a committee to take the matter in hand, and report at the next regular meeting.

The local board has been investigating the multiple listing system used by a great many of the Real Estate boards throughout the country, getting data from different boards as to the advisability and the necessity of such a system. We were enlightened on the matter by President L. J. Watson of the Ferndale board, which was very much appreciated. After Mr. Watson's talk, the matter was referred back to the committee for further investigation.

President Roy Parrott appointed a committee of four to attend the Educational and Multiple Listing Conference to be held in Lansing, Thursday, November 12. This conference is under the auspices of the Michigan Real Estate Association.

**REALTORS MEET AT LANSING**

The first conference under the direct chairmanship of Guy S. Greene, president of the Michigan Real Estate Association, was held at the Kerns Hotel, Lansing, Thursday, November 12th, when representatives from all boards who are members of the state association gathered to attend the educational conference in the morning and the multiple listing conference in the afternoon. Several Realtors from Plymouth attended.

**THE REALTOR CODE OF ETHICS**

Following are a few extracts from the Code of Ethics, which point out the Realtor's obligation to the buyer and seller of real estate:

Article 13—In accepting the agency for property the Realtor pledges himself to be fair to the purchaser or tenant, as well as to the owner he represents, and whose interests he should protect and promote as he would his own.

Article 17—When acting as agent in the management of property, a Realtor should not accept any commission, rebate or profit on expenditures made for the owners without his full knowledge and consent.

Article 21—It is the duty of every Realtor to protect the public against fraud, misrepresentation or unethical practices in connection with a real estate transaction.

Article 22—Property should be offered by a Realtor solely on its merit, without exaggeration, concealment or any form of deception or misleading representation.

Article 23—It is the duty of a Realtor to ascertain all pertinent facts concerning every property for which he accepts the agency so that in offering the property he may avoid error, exaggeration and misrepresentation.

Article 25—The price at which a Realtor offers a property should not be higher than the price which the owner has openly agreed to take.

Article 26—A Realtor when acting as a broker should make it clear for which party he is acting, and he should not receive compensation from more than one party without the full knowledge and consent of all parties to the transaction.

Article 29—Under no circumstances should a Realtor permit any property in his charge to be used for illegal or immoral purposes.

Article 35—No instruction or inducement from any client or customer, relieves the Realtor from his responsibility strictly to observe this Code of Ethics.

Violation of the Code of Ethics subjects the Realtor to expulsion from the board and deprives him of the right to use the word Realtor in connection with his business.

**THE REALTOR—A COMMUNITY BUILDER.**

The Realtor is a member of the Plymouth Real Estate Board, or any board that is bound by the Code of Ethics of the National Association of Real Estate Boards. His membership in this board imposes upon him an obligation to render highly skilled professional services for the benefit of his clients, and for the good of the real estate business.

The Quality of Coal is something that doesn't appear on the surface, except to the trained eye of a real expert. Most of us have to put the coal into the furnace and watch it burn before we know whether or not it is good.

It is for this reason that it pays to buy coal only from a reliable dealer. You've got to depend on his integrity.
