HOME BUILDING ASSOCIATION MAKES GOOD SHOWING

Local Association Shows a Steady Growth Since Its Organization Five Years Ago.

Seventy-nine New Homes Have Been Financed By the Association Since Its Organization.

We call attention to the financial statement of the Plymouth Home Building Association, published on another page of this issue, for the six months ending December 31, 1925.

To show the growth of the association, the secretary has prepared the following table. The association was organized in October, 1919, but did not start to do any business until March, 1920, when it made its first loan:

Table with 2 columns: Date (January 1, 1920-1925) and Assets (\$1,802.00 to \$4,038.58)

Since March, 1920, the association has financed the construction of seventy-nine homes in Plymouth, more houses than are on any one street in Plymouth, and has loaned to the owners of these homes, mostly people of small means, \$170,415.00.

Since December, 1920, when the association declared its first dividend, amounting to \$371.53, the association paid to its shareholders, \$16,119.07 in semi-annual dividends.

What are the peculiar advantages of a Building and Loan Association?

First: It is co-operative. Everyone who invests a dollar whether in paid up stock or in a savings account, becomes a shareholder and participates in all the earnings, which are divided among the shareholders every six months and never at a less rate than five per cent per annum.

Second: Safety of funds. All loans must be secured by first mortgages on real estate or United States bonds. There is no better security.

Third: Availability of funds. The money of the shareholder is always available, when he wants it. He does not have to find a buyer for his stock, but comes to the office and asks that he may withdraw his funds and he will receive dollar for dollar plus the earnings for all full months that his funds have been with the association. How many people are there in Plymouth that would like to have this privilege with some of the money they have sent out of town with the promise of very high rates of interest?

Fourth: The monthly installment plan of payments on loans makes it easy for the borrower to pay off his mortgage. In a large majority of cases the monthly dues are less than the rent would be for a house of like value. Instead of buying a rent receipt, he is buying a home. Home owners are always a better investment for a town than renters.

Fifth: The merchants of Plymouth believe in advertising, as the columns of the Mail testify. Advertising pays, there is no doubt. Yet it is not always easy to place your finger on the tangible results of advertising. Still it pays to keep your name and goods before the buying public.

The Plymouth Home Building Association has been the means of housing seventy-nine families in homes of their own. Here is something tangible, something that you can put your hand on, something that is visible, not only to the eye, but in the increased demand for labor and material for the construction of these homes, for the furnishing and supplying the daily needs of these families, all of which means increased trade for our merchants and professional men.

Is not the Plymouth Home Building Association worthy of the support of those that profit most by its activities?

You are not asked to give anything away, but just to invest some of your funds in a safe investment that will make you good returns every six months, and at the same time be of benefit to your home town.

NEW YEAR'S DANCING PARTY

The dancing party given by the O. E. S. on New Year's night was one of the prettiest parties that has been given here this winter. There were 175 couples in attendance. Finzel's six-piece orchestra furnished wonderful music for the dancers. The hall was prettily decorated with hundreds of various colored balloons hung from the chandeliers and from the balconies.

One of the features of the evening was a balloon dance, when five little girls dressed in the colors of the order, let the balloons drop from both balconies to the dancers below. Light refreshments were served by a committee in charge.

MUNICIPAL NOTES

The fire last Monday afternoon brought out a point that it may be well to emphasize. Many of our streets have a north and south end, and if in turning in an alarm, only the street number is given, it might be one of two places, and valuable time may be lost in finding the right place. Please always give as full information to "Central" as is possible.

We made a second trip to the scene of this fire, because a neighbor saw smoke still coming from the chimney, which in this case didn't happen to have anything to do with the fire.

Also private automobiles following the trucks to the fire paid no more attention to the stop streets nor to parking regulations than if such things never existed. Look out! Next time several people will be paying fines. As usual we have the telephone operator to thank for the promptness of the call and the equally prompt correction when she did get complete information.

The old fire truck has been overhauled as to its transmission, and is now back in service. The pumper has a new electric siren which is much louder than the old one, and which should have the effect of lifting automobiles bodily right out of the way.

The labor crew is finishing or probably will have finished by the time these notes are read, the water main on Farmer street between Moreland and Evergreen avenues. This completes the circulation from Ann Arbor street at Moreland avenue around to Junction and Ann streets.

The Mayor of Plymouth, Ohio, has sent to the "Council and Mayor" and our own Plymouth, a letter of New Year's greeting. This is a very neighborly thing to do, and suitable acknowledgment will be made, of course.

The Commission, at their Monday meeting, authorized the replacement of the traffic posts at the intersections of Main street with Penniman and Ann Arbor, with low mushrooms, such as we have at Starkweather and Liberty.

Hereafter we are going to try a new scheme for our traffic signals at night. After 11:00 o'clock, and 11:30 on Saturdays, only the warning orange lights will be left burning, cutting out the red and green flashes until six o'clock in the morning.

The Commission expects to start right away on planning the work for the 1926 season. This will be of great advantage, for bond questions can be decided at our regular election, and early contracts will get the benefits of lower prices.

Don't forget that January 15th is the last day to file nominating petitions for the office of Commissioner. The terms of Mr. Wilcox and Mr. Zimmerman are expiring.

R. W. SHINGLETON GOING OUT OF BUSINESS

WELL KNOWN PLYMOUTH MERCHANT ANNOUNCES GOING OUT OF BUSINESS SALE.

Having other interests which require his entire attention R. W. Shingleton has decided to close out his entire stock of clothing and men's furnishings. The big sale will start on Saturday, January 9th at 9 a. m.

The dry cleaning business, which Mr. Shingleton has also conducted, will be continued upon a much larger scale than heretofore. Mr. Shingleton has been in business in Plymouth for the past fourteen years and during that time has built up a splendid business.

We call your attention to his full page announcement in today's issue of the Mail.

NEW RESTAURANT OPENS

The Plymouth Cafe, in the new Odd Fellows block on South Main street, opened its doors to the public, last week Wednesday. The new restaurant is equipped with modern fixtures and first-class equipment throughout, and it is the aim of the proprietor to serve first-class meals and lunches at reasonable prices, and they have had a splendid patronage since the opening day.

DEATH OF MRS. WILLIS DORCHESTER

FUNERAL SERVICES HELD FROM SCHRADER BROS. FUNERAL HOME, SUNDAY AFTERNOON.

Mrs. Willis Dorchester passed away at her home in this village, last week Thursday morning, December 31st, after a lingering illness, aged 55 years. The funeral services were held Sunday afternoon at two o'clock from Schrader Bros. Funeral Home, Rev. Dr. Zeidler of Belleville, officiating. The deceased leaves a husband and a number of relatives to mourn their loss. The family moved to Plymouth from Sheldon, last fall.

FIRE DEPARTMENT MAKES TWO RUNS.

The fire department has answered two fire alarms this week. Monday afternoon they were called to the home of G. L. Coatta at the corner of Harvey and Ann Arbor streets, where an electric iron caused a small blaze.

About 9:30 Tuesday evening, the department was called to the new house of Mrs. Lena Losey on Pine street, which is not quite completed, and where a blaze which is thought to have originated from the furnace was getting well started when the firemen arrived. The damage will be several hundred dollars. This was the first time that the pumper has been used to throw water at a fire inside the village since it was purchased.

CHEVROLET REDUCES PRICES AGAIN

In the face of a 40 per cent increase in tire prices effective January 1, and the rising prices of material generally, the Chevrolet Motor Company have announced a reduction in the prices of all Chevrolet passenger cars and the commercial chassis.

The decrease comes at a time when several other manufacturers have increased the prices of their line.

"The reduction in Chevrolet prices—rendered possible by the tremendous production established during 1925, when the company set a new mark in automotive history by building more than a half million units," said W. S. Knudsen, president and general manager of the company. "No other manufacturer of three speed gear shift cars has approached either that total or the aggregate production of two million cars and trucks which Chevrolet passed last autumn."

The revised price list is as follows: Coupe reduced to a new price of \$645; Sedan reduced to a new price of \$735; Coach reduced to a new price of \$645; Touring and Roadster reduced to a new price of \$510; Commercial Chassis reduced to a new price of \$395. The Utility Express truck chassis remains at \$350. The new prices are effective as of January 1. This is the second Chevrolet price reduction within six months. On August 1, the coach and coupe prices were reduced \$40 each and the sedan was reduced \$50.

"The revision in prices is in line with Chevrolet's policy of providing the public with a quality car at the lowest possible price," said Mr. Knudsen.

LOCAL BASKET BALL LEAGUE

The Local Basket Ball League resumed operations after the holidays, and the Boosters finally won a basket ball game, defeating the Scouts in a warm contest. The Presbyterian No. 2 won over M. E. No. 1, putting them at the head of the League. The basket shooting of Mettetal and Bakerwell featured this contest. Presbyterian No. 1 lost by one point to the Baptists, thanks to the help of Kenyon.

MOTHER OF E. J. SIMMONS DIES

MRS. J. MORELL SIMMONS OF NORTHVILLE, DIES AT AGE OF 87.

Mrs. J. Morell Simmons of Northville, passed away at her home in that village, New Year's day. She was 87 years of age, and had been ill for four weeks. She was the mother of E. J. Simmons of Plymouth.

Angelina Morell Simmons was born December 14, 1838 in Livonia township. Her childhood she spent in Livonia and January 20, 1858 she was united in marriage to J. Morell Simmons. Shortly afterwards they moved to Northville, where they made their home. Mr. Simmons preceded his wife in death about 15 years ago.

Funeral services were held Tuesday afternoon, at 2:30, at the residence in Northville.

LIBRARY NOTES

A few of the books added to the Plymouth Library this week which are of especial interest, are "One Man's Life" by Herbert Quick, the author of "Vandemark's Folly"; "The Dream-Maker Man" by Len, a light grown-up fairy tale; "We Must March" by Morrow, an historical novel in which the action centers around the saving of Oregon by the Whitmans, just before the time of Hugh's "Covered Wagon"; "The Hunter's Moon" by Poole, a story of a little boy caught between the millstones of domestic strife; "The Imperfect Imposter" by Verner, a mystery story, high adventure, romance and sadly mixed love affairs written in a sprightly and spirited style.

Mr. and Mrs. J. W. Blickenstaff and daughter, Jeanet, were week-end guests of relatives at Lake Odessa.

We take the following from last Sunday's Detroit News, that will be of particular interest to the people of Plymouth and vicinity:

Plans for a proposed country club development on an 813-acre site near the Washtenaw-Wayne County line, near the village of Cherry Hill, were announced Saturday by Harry J. Culross, of Chicago, chairman of an organization committee of the Cherry Hill Country Club.

According to Culross, the aim of Detroit men, who incorporated the new club and employed Culross to organize it, is the investment of \$2,000,000 in the building of five 18-hole golf courses, a half-mile race course, polo field, bridle path, tennis courts, outdoor swimming pool and dancing pavilion, stables, garage and club house.

NEW GROCERY OPENS

The A-1 Grocery is the name of a new mercantile establishment which has opened its doors for business in the Truist block on North Mill street, near the Pere Marquette depot. The new store carries a complete line of groceries and meats. See their ad in today's paper.

CLOTHING PROJECT CLUB MEETS

The second Clothing Project meeting sponsored by Michigan State College, and under the direction of Miss Agnes Sorenson, specialist, and Miss Lode Corbett, home demonstration agent, was held at the home of Mrs. Grant DeFoe, who is local leader of the Beech Club. Members are very much interested in the work this year. The next meeting will be held January 13th, at Mrs. Sylvester Shear's home. The Leap Year Bridge Club met with Mrs. F. D. Schrader at her home on Main street, Wednesday afternoon.

Mrs. Anna Hayes of Detroit, spent the first of the week with Mrs. Carl Helde.

Clarence Faubel, who heads the company, is a gifted platform entertainer.

Former Residents Can You Give Us an Item?

Former residents of Plymouth are interested in the people they used to know back home. They like to read personal news items about them. That is one reason why the Mail is taken by hundreds of former local residents, now scattered far and wide.

But the folks back home also are interested in YOU, just as you are interested in them. They would like to read an item of news about you, or your family, or anything that you are connected with.

You are so far away that our reporter can't ask you for a news item. But won't you turn reporter yourself and give us one?

Don't wait for something "big." Anything that we would print about you if you were here, would be just as welcome when you are far away. Changes of residence, business activities, new houses, births, weddings, journeys, visits, etc.—any such items about yourself or your friends and family would be gladly received.

Please remember to do us this favor, when there is an opportunity. Perhaps at the time you renew your subscription you can inclose a few words of news. But any time is a good time; for such items are always welcome, both to us and your old Plymouth friends.

AID FOR MOTORISTS

The automobile market is now being flooded with new-fangled "anti-freeze" preparations for use in auto radiators in cold weather. They all have merit, too, and are receiving a hearty welcome. But we've talked to a number of auto owners around Plymouth, and their only objection to the new preparation seems to be the cost. They find the old alcohol recipe still satisfactory and cheaper than anything in the anti-freeze line yet devised. So, believing every motorist would like to have the old recipe, so he can paste it up in the garage for future reference, we give it here: 20 per cent alcohol to 80 per cent water for 20 degrees above zero; 30 per cent alcohol to 70 per cent water for 10 above; 40 per cent alcohol to 60 per cent water for zero; 60 per cent alcohol to 40 per cent water for 10 below zero; 70 per cent alcohol to 30 per cent water for 20 below zero.

WHO'D HAVE THOUGHT IT?

If you'd tell the average Plymouth man that over 500 patents a year are granted to women inventors, he would naturally suppose they were on household and kitchen articles. And he would be surprised to know, as you will doubtless be that only about 50 per cent of the patents secured by women are for household equipment. The other 50 per cent range from automatic pistols to train safety devices, with a good sprinkling of auto accessories and improvements. Quite a few women have invented agricultural implements now in general use. Here, it seems, is a new field open to the fair sex. If they can't earn pin money in any other way, they can put their brains to work along inventive lines to good advantage, because the patent office passes favorably on anything that is really worth while and never asks whether it was invented by a woman or a man.

IT GENERALLY PAYS

When Plymouth tires of discussing the weather or the clothes the women wear—or falling to wear—they can always find a live topic of conversation in a discussion of whether or not farming pays. We have examples right around home to show that it does pay, when followed along certain lines, and we also have examples to the contrary. But failure to make it pay is not a reflection on farming as a business. Start any two men in the same business, and you will find at the end of the year one will have a greater profit than the other, handling exactly the same kind of goods or manufacturing identically the same kind of article. Success in farming, like most everything else, comes from knowing how. Here is an example from Timmouthe, Vermont, we found in an eastern paper a few days ago. On a hill of eleven acres, two brothers made in 1925 a net profit of \$10,000. They bought the farm on credit a few years ago and fertilized it heavily. Last

year they raised potatoes, securing a yield of 500 bushels to the acre. This year without hired help, they again planted potatoes, and the yield was over 400 bushels to the acre.

Of course, potatoes are unusually high this season, but it proves that if a man knows his business, and studies its needs and watches expenses closely he can make old mother earth yield him a profit. The main trouble is that farmers do not do enough experimenting. Most of them live and die without knowing what their soil is best adapted to. There are plenty of money crops besides potatoes, just as there are millions of acres that could be made to yield a profit, if planted to the thing they are best, by nature, fitted to grow.

THE PRINTED WORD

The printed word has an enormous power over the public mind. If people hear by words of mouth some report that seems at first thought unlikely, they are disposed to reject it. But if they see the thing printed in a newspaper, they accept it as the truth. Few readers realize, perhaps, just how much time newspaper people spend running down rumors, yet it is because newspapers are careful to get the facts that what they print is accepted as true. The ability of the printed word to influence the public is demonstrated in the power of advertising. Just as people shape their opinions and actions largely by the events which are recorded by the printed word, so their habits of buying home and personal supplies are shaped largely by the printed word of the newspaper advertising. If a business concern uses the printed word to make some misleading offer to the public, the effect of such misuse will plague that business for a long time. People who bought such misrepresented goods would take them back, and also tell their friends. For that reason advertising is prepared with a regard for truth—and truth always pays.

NEWBURG SCHOOL NOTES

By Hazel Lomas

The hot lunch club was organized this week, with Mrs. Waterman as leader.

The pupils of Mrs. Waterman's room are making posters to teach and learn. We are glad to have Warren Bassett back in school.

The Bakewell children have the measles, and have not been in school this week.

The primary room is very delighted with the Christmas gift which Miss Griffith gave to them, a picture of "The Spring Song." The chart class and the first grade made very interesting stories. The second grade first made very good oral stories, then wrote a story about it. The picture will be left in the room.

For the month of December, the percentage of attendance in the upper grades, was 93%; intermediate grades, 80%; primary grades, 80%.

A joint zone meeting of zones A and B will be held at Beech, Saturday, January 9th. It is a very short distance, and we urge you to attend. The afternoon meeting will begin at 1:30 sharp.

Parent-Teacher meeting will be held at the school Tuesday, January 12th. A good time is in store for all. Come and bring your neighbor. Let's all be there.

Tuesday, December 22, the Newburg school give its Christmas program. All the pupils took part. Christmas Bell Drill by twelve pupils; December Spelling Lesson, by ten little boys; a dialogue by five pupils; Christmas Lullaby by nine girls. A song, "We Three Kings of Orient Are," was very well sung by Frank Clemens, Thomas Levandowski and Donald Dunn. A play, "The Spirit of Christmas"—The prologue was well given by Hazel Lomas. First act—Toyville. There was a real train, jumping jacks, Jack-in-the-boxes, dolls, a kitty, teddy bears and candy. The second act took place around the family fireside, with father, mother, grandmother and the children. Some Christmas carols were well sung by fourteen pupils as carolers. Epilogue by Hazel Lomas.

Don't forget the P. T. A. meeting Tuesday evening.

A CARD—We wish to thank the neighbors for kindness shown during our late bereavement.

BAPTIST NOTES

The music last Sunday morning was appreciated by all.
The Sunday-school hour was full of life. We are glad to see the hustle of the boys and girls.
The prayer meeting last Wednesday evening, was at the home of Mr. and Mrs. Joseph Stanley, and next week it will be held at the home of Mrs. Ransom Patterson, 632 Mill street, and on January 20th, at the home of Mrs. Altha Packard, 418 North Main street.
Elbert Seger led the B. Y. P. U. last Sunday night. We are always glad to have the boys back from school. They always give us a lift in our society.
Last week Tuesday evening, the good people of the Baptist church gave a surprise to the pastor and family. At six o'clock Mr. Schnal opened the door and said "Happy New Year," and the crowd followed. In a very few minutes, the long table was set, and such a supper, fit for a king, Mr. Hamill, in a few well chosen words, gave a purse of money to Mr. and Mrs. Sayles. The pastor then spoke for a few moments, and thanked the friends for their kindness and good will.

The B. Y. P. U. met at the parsonage on New Year's eve. The evening was spent in a social way, and about three quarters of an hour before twelve, the president, Miss Sarah Daly, spoke of the work of the past year, and gave a good program for the coming year. She asked Duane Sayles, Elbert Seger, Rev. R. E. Klenke and the pastor for remarks. Many good things were said, and just before twelve o'clock several offered prayer while all, in a reverent way, remembered God's blessings for the past, and invoked his continued favor for the new year. After a splendid supper, a Happy New Year was wished everyone, and all left in a very hopeful way for the future.

At the B. Y. P. U. next Sunday evening.

The young people who leave for school, who are connected with the Baptist church, are: Miss Alta Hamill, Ann Arlor; Ira Kingsley, Ypsilanti; Duane Sayles and Elbert Seger, Kalamazoo. We wish them God speed.

The pastor of the Baptist church and family were entertained at the home of Mr. and Mrs. Sewell Bennett, Wednesday, December 30, 1925, at supper.

Yes! there is a better gas

Indian gasoline sold in this territory is made at one refinery—where Havoline is made, at Lawrenceville, Ill.—from one grade of crude—piped in from the surrounding oil fields.

It is a better gas—uniformly better—and you're lucky to be in the limited territory where it is sold.

OFFICIAL PROCEEDINGS OF THE VILLAGE COMMISSION.

Plymouth, Mich., Dec. 31, 1925. A regular meeting of the Commission, held in the Commission room of the village hall, Monday evening at 7:00 p. m., December 31, 1925. Present—Commissioners Hillmer, Rambo, Robinson and Wilcox. Absent—Commissioner Fisher.

The minutes of the regular meeting of December 7th were approved as read.

Commissioner Hillmer presided at the president's request. Commissioner Robinson was excused at this time.

On motion the Uniform Traffic Ordinance as presented at the last meeting was given final reading and adopted to go into effect January 15, 1926, as follows:

PART I.—GENERAL PROVISIONS. Shall Obey Provisions and Orders.

Section 1. This ordinance is adopted in the interest of public safety and convenience and is designed to promote the general peace, health, safety, welfare and good government of the Village of Plymouth.

Section 2. Any person, firm or corporation who violates or fails to comply with any provision of this ordinance or any regulation or order of the Chief of Police, adopted or issued in pursuance hereof, shall be guilty of a misdemeanor and, upon conviction be fined not more than one hundred dollars or be imprisoned for a period not to exceed ninety days, or both in the discretion of the court.

Section 3. This ordinance and the various parts, sections and clauses are hereby declared to be severable. If any part, section or clause is adjudged unconstitutional or invalid, it is hereby provided that the balance of the ordinance shall not be affected thereby.

Section 4. For the purposes of this ordinance, except where the context requires a different meaning, the following words shall be deemed to have the following meanings:

Highway: Any street, alley, avenue, boulevard, or public place open to public travel. Roadway: That part of the street set apart for the use of vehicles, and usually bounded, on paved streets, by curbstones.

Fire Route: Any street so designated by the Chief of Police, by rule, upon certification to him by the Fire Chief that such street is normally used by fire apparatus in attending fires.

Crosswalk: That part of the roadway connecting sidewalks at or near street intersections, and at such other places as may be indicated by lines drawn upon the pavement by the Department of Police.

Safety Zones: That part of the roadway adjacent to street car rails, designated for the accommodation of persons waiting for or alighting from street cars, and other places, within the roadway, designated and marked by the Police Department, as refuge areas or zones for pedestrians.

One-way Traffic: Vehicle traffic restricted to move in one direction only.

One-way Streets: A street where one-way traffic is required.

Parking: The standing of a vehicle upon a street whether accompanied or unaccompanied by an operator.

Double-parking: The standing of a vehicle upon a street outside of another vehicle, which is parked at the curb.

Operator: Any person driving or operating a vehicle.

Chief: Chief of Police, Marshal, Commissioner of Police or head of any police body, or other properly constituted authority.

Department: Department of Police.

Lines: Chalk, paint, white-wash or similar lines marked upon the pavement or sidewalk to indicate directions and regulations to be observed by pedestrians and others.

Day-Time: Time between one hour before sunrise and one hour after sunset.

Night-Time: Time between one hour after sunset and one hour before sunrise.

Commercial Vehicle: A commercial vehicle as used in this ordinance, shall mean and include all motor vehicles used for the transportation of passengers for hire and those constructed or used for transportation of goods, wares or merchandise.

Whenever any regulation contained herein is imposed upon a "Vehicle," it shall be construed to refer to the operator thereof, when such reference would be applicable.

Vehicle: A vehicle is any carriage or conveyance running on land either on wheels or rollers, railroad, locomotive, cars and street cars excepted.

Motor Vehicle: The term "motor vehicle" as used in this ordinance shall include all vehicles propelled on the public highways of this state, by mechanical power except traction engines, road rollers and such vehicles as can run only on rails or tracks.

Commission: A municipal legislative body.

Signal: A visible sign given by hand or by mechanical device, or by an automatic signal.

Sign: Any device bearing printed instructions which advise the public of any traffic regulation.

Police Shall Enforce: The Chief shall enforce the provisions of this ordinance and the rules adopted by him hereunder. Subject to provisions hereof, it shall be the duty of the department to direct and control traffic of vehicles and pedestrians.

Interference with Signs Prohibited: Section 6. No person shall wilfully move, destroy, deface, change the wording of, or otherwise interfere with any sign erected or established by the Department or by the authorities thereof. Except as hereinafter provided, no person shall establish, limit, or maintain a sign, standard or limit in violation of one or more of the provisions of this ordinance.

Changing Signs: Section 7. When any regulation is amended or repealed, the sign evidencing the substance of the same shall be correspondingly changed or removed by the Department.

Signs to be Erected: Section 8. Signs to be erected in the direction of travel of traffic, the Department may install and use stopboards, discs,

"Crow's Nests" so called, raised safety zone or other similar devices which to the Chief may seem advisable. Signs—Police Control.

Section 9. Traffic shall be directed by officers of the Department by voice, hand or mechanical signal or shall be directed by automatic signal; but such officers shall not make any signal in the manner required or permitted by law. Provided, however, in case of a fire, or other emergency, or in case of a parade or other concourse of people, traffic may be directed as conditions may require, notwithstanding the provisions of any ordinance. It shall be a violation of this ordinance for any person to disobey or refuse to comply with any lawful order, signal or direction of a police officer, or any signal from an automatic signalling device, pertaining to the control of traffic.

Closing Streets—Diverting Traffic: Section 10. The Chief shall have authority, when he deems it in the interest of public safety or convenience, temporarily to close any street, alley or portion of the same to vehicular or foot traffic or to divert such traffic therefrom.

Publishing and Posting Ordinances: Section 11. The Chief shall arrange for the printing of this ordinance in pamphlet form for free public distribution. He may also print in poster form, the entire ordinance or excerpts therefrom or a synopsis thereof. It shall be the duty of the owner and of the operator of every public garage, taxicab company, or other place where vehicles are normally parked, to have posted in a prominent place, such poster as the Chief shall designate.

Accidents—Shall Promptly Report to Police: Section 12. Every person driving or operating a locomotive, street car or other vehicle, involved in a grade crossing accident or an accident which causes injury to any person or which results in a vehicle becoming so disabled as to be incapable of being propelled in its usual manner shall give immediate notice and make full report thereof to the Police Department upon blanks furnished by the Department upon application to it. If a driver or operator of a vehicle involved in an accident so incidentally mentioned herein to make such report, it shall be the duty of every other occupant of such vehicle to see that such report is made. In the case of accident, the Department if it deems the public interest requires it, shall cause an investigation to be made and shall give proper notice of the time and place of holding such investigation. The Department shall tabulate all data, statistics and other pertinent information obtained through the operation of this section and make reports of the same to the Village Commission with recommendations as to means and methods whereby such accidents may be prevented or minimized. All records of accidents on railroad grade crossings shall be separated from other street traffic accident records. The failure to make a report required by this section shall not affect civil rights or remedies.

PART II.—TRAFFIC REGULATIONS. Speeding.

Section 1. Vehicles shall be driven at a reasonable rate of speed according to traffic conditions and in no event shall exceed 15 miles per hour in business sections or 20 miles per hour in residential districts; provided, that no vehicle shall be driven in an alley faster than 7 miles per hour.

Section 2. Reckless driving is defined as the operation of any vehicle on the public highways in such a manner as to endanger the life or limb of any person or the safety of any property.

Leaving Scene of Accident: Section 3. In case of an accident to any property upon any public highway, due to the operation of any vehicle, the person operating such vehicle shall stop and give such reasonable assistance as can be given, and shall, upon request of the person injured or any other person, give such person his name and address and the name and address of the company, the operator of such vehicle is, and the owner thereof, said operator shall give the name and address of the owner of such vehicle, together with the registered number thereof.

Operation of Vehicles Under the Influence of Intoxicating Liquor or Stupefying Drugs: Section 4. It shall be unlawful for any person under the influence of intoxicating liquor, or any stupefying drug to drive, operate, or have in charge any vehicle upon any public highway. It shall also be unlawful for the owner of any vehicle, or any person having such vehicle in charge to permit any person to drive, operate, or have in charge any vehicle upon any public highway.

Section 5. (a) Any person violating the provisions of the preceding section of this ordinance shall, for the first offense, be guilty of a misdemeanor and upon conviction thereof, shall be liable to a fine not less than Fifty Dollars (\$50.00) nor more than One Hundred Dollars (\$100.00), or to imprisonment for a term of not more than 90 days, or both such fine and imprisonment in the discretion of the Court.

(b) A second or subsequent violation of the provisions of this section, shall be a misdemeanor and upon conviction thereof, shall be punished by a fine not exceeding One Hundred Dollars or by imprisonment not to exceed ninety days or both such fine and imprisonment in the discretion of the Court.

Section 6. (a) Every motor vehicle operated on the public highway shall be equipped with two white headlights of equal candle power, capable of clearly lighting the highway at least two hundred feet ahead. Electric headlights shall be equipped with either lenses or other device which will prevent glaring rays, or a dimmed or faulty of a lens, or a diffuser or the light so that it will not interfere with the vision of the operator of an approaching vehicle. The electric headlights shall be dimmed on approaching another vehicle traveling in the opposite direction within a reasonable distance; and, however, that motor vehicles equipped with acetylene headlights shall be deemed to have complied with the provisions of this act, anything to the contrary notwithstanding, when such headlights are fitted with six inch bright spherical mirrors, five-eighths foot burners and clear plane glass fronts and nothing herein contained shall be considered as prohibiting the use of acetylene lighting systems on motor vehicles. Motor vehicles and trailers shall also have one rear red light visible, when lighted, for two hundred feet behind such vehicle. Headlights shall be equipped with one or more red lights which shall be capable of clearly lighting the highway at least two hundred feet ahead, and a red light visible two hundred feet to the rear.

(b) At night-time, any truck or trailer over five feet six inches in width, shall have a green light on the left side.

(c) One spot light may be used if placed not higher than the center of the windshield and so adjusted that the rays are always directed downward and directed to the right of such vehicle.

(d) All lights required by this section, except spot lights, shall be lighted while the vehicle is in operation upon the public highway from one hour after sunset to one hour before sunrise, and at such times as atmospheric conditions make it necessary.

(e) While motor vehicles are standing on the public highways in the night-time, they shall have displayed, toward the front, two white lights and on the rear one red light, provided, however, a parking light may be used when mounted on the front fender of such vehicle, which shall be directed toward the front and a red warning light visible two hundred feet toward the rear, except where such vehicle is standing at a distance of not to exceed fifty feet from a public light or street light.

(f) Motor vehicles, except as herein provided, shall have one white light visible at least one hundred feet from the front and rear.

Brakes: Section 7. Every motor vehicle operated upon the public highway shall be provided with service and emergency brakes, each of which shall be capable of locking both rear wheels.

Warnings: Section 8. (a) All motor vehicles shall be equipped with suitable devices for audible signals.

(b) No exhaust whistle, siren or other warning device, similar to those used by fire and police vehicles, and no whistles, shall be used by any vehicle on the public highway, except when used by firemen, policemen, or municipal officials, in the actual discharge of their duties.

Section 9. (a) Any vehicle overtaking and passing another shall pass to the left side of the overtaken vehicle and not pull over to the right until clear thereof.

(b) All slow moving vehicles shall keep as near the right curb as practicable.

(c) All vehicles about to make a right hand turn, shall keep as near the right curb as practicable.

(d) All vehicles about to make a left hand turn, shall keep as near the center of the street as practicable, when approaching the street intersection.

(e) All vehicles shall pass to the right of a street car when going in the same direction as such street car; provided, that a vehicle proceeding in the proper direction upon a one-way street, may pass to the left of a street car going in the same direction.

(f) A right hand turn may be made at all times when proceeding with traffic, providing the other provisions of this ordinance are obeyed. A right hand turn may be made against the stop signal, providing the vehicle is brought to a complete stop before making the turn.

Street Cars—Near-Side Stop: Section 10. (a) Street cars shall stop on the near side of intersecting streets for the purpose of taking on or discharging passengers; provided, that, when, in the opinion of the Chief, a near-side stop would tend to the inconvenience, or discomfort to passengers at a particular intersection, he may order the far side stop at such intersection and upon notice of such order the street car company or municipality operating such cars, its agents and employees, shall comply with the same and shall mark in any manner satisfactory to the Department, the location of the stopping places of such cars.

(b) Street cars shall come to a complete stop before crossing a boulevard. The Chief may designate other streets at which cars shall stop before crossing and upon notice of such regulations he may order the company or municipality operating such street cars, its agents and employees, thereafter comply with the same.

(c) The Chief shall keep an official copy of all orders served upon any operator of street railway cars which copy shall be available for publication.

Obstructing Street Cars Prohibited: (d) The driver of any vehicle proceeding upon a street car track in front of a street car, shall immediately turn out on a warning signal being given by the operator of the street car.

(e) Before starting a street car the motorist shall give a timely warning by sounding the gong.

Vendor's Vehicles to Move on Request: Section 11. Hand and foot propelled conveyances, push carts and other similar wagons and conveyances shall comply with all regulations contained herein pertaining to vehicles insofar as the same are applicable to them. Any such car, fruit, vending car, or other licensed wagon or stand used for selling nuts, candy, fruit or other articles, shall, when standing in a place where parking of vehicles is allowed, move from such space upon the request of a police officer.

Section 12. It shall be unlawful for any person to drive a vehicle out of any alley or driveway onto the street or highway without bringing such vehicle to a complete stop before driving same across the sidewalk or the crossing intersecting the entrance to said alley or driveway.

Section 13. It shall be deemed a violation of this ordinance for any person in charge or control of any vehicle to make, with such vehicle, or any device connected therewith, any excessive noise to annoy the public, or unnecessarily to race his motor while running idle, or to open the muffler on any vehicle, or to permit such vehicle or any device thereon to emit an unreasonable quantity of smoke, or noxious gases or vapor.

Section 14. (a) When vehicles approach an intersection of a street which is marked as an extension of a State Trunk line highway and any other street at the same time, the vehicle proceeding on the State Trunk line highway shall have the right of way.

(b) When vehicles approach an intersection of two or more streets which are marked as extensions of State Trunk line highways at the same time, the vehicle approaching on the right of the driver shall have the right of way.

(c) When vehicles approach an intersection of two or more streets other than extensions of State Trunk lines, at the same time, the vehicle approaching on the driver's right shall have the right of way; provided, that commercial vehicles shall have the right of way at all intersections except those of State Trunk line highways.

Stop to Right of Divided Highways: Section 15. On any avenue, street or boulevard divided longitudinally by

a parkway, walk, snaken way or viaduct, vehicles shall keep to the right of such division.

Crossing Car Tracks Before Car Passes Path of Vehicles Prohibited: Section 16. (a) When a street car has started to make a crossing of any street, no driver of any vehicle shall attempt to cross the street railway tracks on the street, until such street car has entirely crossed the intended path of such vehicle.

Stop Behind Street Cars Loading or Unloading—Exceptions: (b) When a street car has stopped, or is about to stop, for the purpose of taking on or discharging passengers, the driver of any vehicle which is being driven on the same street and in the same direction as such street car, and which has not yet passed all doors of such street car, or cars, shall bring his vehicle to a complete stop and shall remain standing until such street car has finished loading or unloading passengers, or until such vehicle which at the time such car stops, has not yet passed the rear of such car, shall stop as near the rear thereof as possible; provided, further, that the provisions of this section shall not apply to street intersections where there is a raised or a protected safety zone.

Driving Through Occupied Safety Zones Unlawful: Section 17. It shall be unlawful for any person to drive a vehicle upon or through any safety zone, when said zone is occupied or about to be occupied by any person or persons.

Section 18. No vehicle shall cross a street upon which there is a street car track, nor turn any corner at a rate of speed exceeding ten miles per hour.

Section 19. A driver of a vehicle shall not turn to the left for the purpose of leaving the street upon which he is proceeding unless he has first signalled to the right-hand curb, as driving conditions will permit.

Section 20. Before turning to the right or the left to leave a street, and before turning around or stopping thereon or before materially varying the course in which the vehicle is proceeding, the driver of a vehicle shall give a timely warning signal to other drivers by extending the arm beyond and outside of the vehicle, holding the same in a horizontal position for a sufficient time to apprise approaching drivers of his intention to change his course or stop, as the case may be; provided, however, that in lieu of such signal, signals may be given by means of a hand or other device which conveys an intelligible warning to another driver approaching from the rear. In all cases the driver of a vehicle to whom such signal has been given, as required in this section, shall bring and keep his vehicle under such control as to be able to avoid an accident or collision with any other vehicle standing or moving in such signal in all cases he may give such warning as shall have been given him.

Standing Vehicles—Give Signal: Section 21. A standing vehicle about to start shall give moving vehicles the right of way and the operator thereof shall give a timely and visible warning by extending the right hand or other device provided in the preceding section, before so starting; no vehicles shall start or pull away from the curb while a street car is passing abreast of such vehicle.

Parade or Procession: Section 22. (a) Permission for parade or procession shall be obtained from the Chief, and he may designate the routes of said parades.

(b) No vehicle shall be driven through a parade or other procession except with the permission of a police officer.

Slowly Moving Vehicles Keep to Right (Curb and Singing Only): Section 23. Slowly moving or heavily laden vehicles shall not be driven abreast upon any highway, but one must follow behind the other and keep as near to the right-hand curb as practicable.

Obstructing Street and Overloading: Section 24. (a) No vehicle shall be allowed to remain upon or be driven through any highway so as to blockade or obstruct the said highway; and no vehicle shall be so overloaded that the horse or horses or motive power shall be unable to move it.

Whenever a vehicle becomes stalled upon a street or when, because of damage or other reason, it cannot be moved by its own power and consequently blockades the street or interferes with the use of same by other vehicles, it shall be the duty of its owner and its operator to remove the same, by towing or otherwise within a reasonable time.

Loading or Unloading at Safety Zones Prohibited: Section 25. (a) Nothing contained in this ordinance nor any rule of the Chief shall be deemed to prohibit a vehicle from parking at the curb of any street while taking on or discharging passengers, freight or merchandise, but no vehicle shall take on or discharge merchandise or passengers between a safety zone and the curb nearest thereto at any time.

Parking in Alleys is Prohibited: (b) Vehicles shall not park in public alleys; provided, that commercial vehicles may park in public alleys not longer than necessary to load and unload, and when so parked, such vehicles shall stand as close as possible to one side of such alley so as to permit other vehicles to pass.

Fire Hydrant Restrictions: (c) No vehicle shall stop or remain standing at the curb in front of, or within fifty feet of any fire hydrant within fifty feet of the entrance to any fire station. No vehicle shall follow any fire apparatus answering a call or park within four blocks of said apparatus when on duty at a fire.

No Stickers, Etc., Prohibited: (d) No person shall have any stickers, signs, or other devices attached to the front of the windshield of any theatre, church, office building, public dance hall, club, or building which is designated to be a building in which a large number of people are accustomed to gather, except for the purpose of stopping to take on or discharge passengers, freight or merchandise, any time when such places are being used for gatherings, and no vehicle shall be permitted to stand so as to obstruct any public or private driveway at any time.

Shipping Entrances—How Provided: (e) Special "no-parking" spaces may be provided and established by compliance with the following conditions: Any owner or occupant of a building adjacent to a street or alley, desiring a certain "no-parking" space immediately in front of a shipping entrance to such building, shall make application to the Chief of Police or other proper constituted authority, setting forth all relevant information and stating the number of feet desired for such purposes. The Chief shall have authority to grant or refuse such application at his discretion, or to grant the same with such restrictions or limitations as he may fix. In case such application is granted, the Chief shall issue to the applicant a permit or certificate, setting forth the location of such "no-parking" space, the number of feet frontage fixed, and such other limitations as may be permitted by the Chief. At any time, he may be withdrawn, or further limited by the Chief. To enforce the provisions of such permit, the holder of the same shall have the right to place "no-parking" signs on the sidewalk marking the limits of such "no-parking" space, and such signs shall be of the exact size, character and description required by the Chief, but shall be provided at the expense of the holder of the permit, and shall bear the number of the permit issued by the Department. No vehicle shall be allowed to stop or remain standing in any such special "no-parking" space, except for the purpose of taking on or discharging merchandise or passengers.

(f) Except as heretofore provided, no person shall place or exhibit a sign or standard, similar to those used by the Department, upon any street or in any public place, or attempt by signs or written or printed instructions to regulate traffic or the parking of vehicles.

Unattended Vehicles, Except Commercial, Shall be Locked: Section 26. No vehicle, except a commercial vehicle, shall be left standing at a curb unattended unless the operator shall first shut off the motor and lock the vehicle or some part thereof so as to prevent the starting and moving of the vehicle by an unauthorized person. No vehicle shall be locked in such a manner as to prevent it from being towed or moved. Provided, that the failure to lock such vehicle shall not mitigate the offense of stealing the same, nor shall such failure be used to defeat a recovery in any civil action for the theft of any such vehicle.

Crosswalks Shall be Kept Clear: Section 27. No vehicle shall stop on any crosswalk in any such manner as to obstruct free passage upon all parts of such crosswalk.

Using Side Nearest Curb—Blocking Traffic Unlawful: Section 28. No vehicle, except a commercial vehicle, shall be driven and loaded from the side of the vehicle nearest the curb. When such handling is impracticable because of the size of, or weight of the packages of merchandise or freight, the vehicle may back to the curb, but it shall not stand at an angle which will interfere with the operation of street cars or other vehicles.

Horse-Drawn Vehicles—Heads Near Curb: Section 29. When a horse-drawn vehicle is backed to the curb in pursuance of Section 28, the horses shall be turned in the direction in which the traffic is proceeding with their heads facing away from the vehicle.

Hitching to Vehicle Prohibited: Section 30. No person shall hitch or climb onto any moving vehicle either with or without the consent of its operator; provided, that this section shall not apply to the coupling of trailers or proper towing of other vehicles.

Wheel Turning, Unlawful to Obstruct Traffic: Section 31. No person shall turn any vehicle around at any street intersection.

Backing Limit, 60 Feet—Helper, to Precede Around Corner: Section 32. No vehicle shall be reversed or backed unless the driver shall first ascertain by observation that such operation can be safely made. No vehicle shall be backed without first giving an unmistakable warning signal to pedestrians and approaching vehicles, nor in any case, shall it be backed a distance of more than sixty feet. No vehicle shall be backed around a corner at an intersection of streets or of a street and an alley unless preceded by a driver's helper to observe whether the road is clear and whether the backing may be safely made.

Fire and Police Vehicles Shall Have Right of Way: Section 33. All vehicles upon the approach of fire apparatus or vehicles driven by peace officers, upon the sounding of warning signal of such vehicles, shall take such precautions to clear the street so as not to interfere with the passage of such vehicles, and shall not closely follow such vehicles.

Position at Street Intersection: Section 34. At street intersections, where there is room for three parallel rows of vehicles, those turning to the right shall keep close to the right-hand curb, those turning to the left shall keep toward the center of the street, and those proceeding straight ahead shall keep between the two lines or rows of vehicles first mentioned.

Step Only at Curb—Exceptions: Section 35. A vehicle shall not stop elsewhere than at the curb except in an emergency or to allow another vehicle or a pedestrian to cross in front of it or upon the signal of a traffic officer.

Use Side Nearest Curb: Section 36. So far as practicable, all persons shall alight from vehicles and board the same upon the side nearest to the curb.

Driver's View Shall be Unobstructed: Section 37. Drivers shall have an unobstructed view to the rear of their vehicles by direct view or by mirror. Windshields in front of a driver shall be kept clear of snow and ice or opened so that the driver's view is unobstructed.

No stickers, cards, signs or obstructions shall be placed on windshields or rear windows of any vehicle, except that one sign or sticker, not to exceed two and a half inches by three and a half inches may be permitted at the extreme lower right hand corner of such windshields. Provided, however, that this does not apply to vehicles in general procession.

Width of Lanes—Exceptions by Police Power—Banner: Section 38. (a) No bumper or other appliance shall extend beyond the maximum width of the vehicle proper.

(b) No load shall exceed eight feet in length, six feet in width, and one person, firm or corporation desiring to make trips or movements of vehicles of more than eight feet in width between two established points may make application to the Chief for per-

mission so to do. The Chief may lay out route in accordance with the state law.

Towing—One Vehicle—Line 16 feet Limit—White Cloth—Lights: Section 39. No motor vehicle shall tow more than one other motor vehicle, nor more than two trailers, and the combined length of such towed vehicles shall not exceed 16 feet long, and a white cloth shall be fastened to the tow line so as to make it plainly discernible. Each vehicle shall separately display thereon the lights required on vehicles of the class to which it belongs.

Total 60 feet—Limit—Exceptions: Section 40. (a) No truck or trailer with trailers shall exceed 60 feet in length. Provided, however, a greater length may be permitted when the load consists of poles, structural iron, scenery or other articles which, from their nature, cannot be shortened.

(b) Trailers must track within six inches of the preceding vehicle.

Couplings—Two Adequate Chains: (c) Trailers shall be attached to the preceding vehicle by means of a suitable coupling. Two safety chains, one on each side of the coupling, must also be used. Both chains must be attached to the same part of the chassis and the coupling. Each chain must be of sufficient strength to pull the trailer or trailers attached to it when it is loaded to maximum capacity.

Section 41. Whenever any vehicle is loaded with material projecting three feet or more from the end of such vehicle, a red cloth shall be fastened at the end of such projecting material and at night-time a red light.

Section 42. Not more than three persons shall occupy the front of driver's seat of a motor vehicle, and no person, adult or minor, shall be seated in the lap of the driver nor shall the driver be seated in the lap of a person when the motor vehicle is in motion.

Section 43. All ordinances or sections of ordinances in conflict herewith are hereby repealed.

Section 44. This ordinance shall take effect on the 15th day of January, A. D. 1926.

beautiful stationery, compacts and perfumes, and a most beautiful large advertisement, fruit fish, pictures, handkerchiefs, calendar and many others. After the presents were given out, pop corn balls and candy were enjoyed by all.

Miss Martha Campbell and Arthur Sullivan of Detroit, were guests of the evening; also Prof. W. C. Hoppes and Mrs. Robinson, the latter part of the evening.

School opened January 4th, after a Christmas vacation. All are back on the job as usual.

The Christmas tree has been placed in the school yard to help feed the birds. The boys and girls put food among the branches for them.

The helping teachers are expected to call the forepart of January. We are always glad to have them call.

L. H. Johnson of Detroit, was a recent visitor at the home of Mr. and Mrs. A. O. Hinton.

Forrest Truesdell, Walter and Arthur Krueger, began their school duties at the Roosevelt High in Ypsilanti, Monday morning.

THE THEATRE

"THAT ROYLE GIRL" - The greatest film-stereotype by the world's master producer!

With this singularly appealing melodrama which Paul Schofield adapted from Edwin Belton's gripping Cosmo-politan Magazine serial, D. W. Griffith reaches the high water mark of his distinguished career, and justifies the statement that he is now in the golden age of his art.

"That Royle Girl" which comes to the Penman Allen theatre, Sunday and Monday, January 10 and 11, is an amazingly beautiful picture, a startling exposure of ultra-modern life in circles that are geared to a mad, jazz tempo—circles where money and morals are easy come, easy go—circles that live for most people only in the headlines of the newspapers.

Under the shrewd and resourceful direction of Griffith the plot vibrates with tense, swift-moving action, thrilling upon thrill, mingling love, intrigue and a murder-mystery, laying bare human passions and emotions, balancing pathos and humor, softening tragedy with comedy, and finally winding up with a raging, devastating cyclone that is the most realistic climactic scene ever witnessed on the screen.

With such a quartet of "ace" players as Carol Dempster, James Kirkwood, Harrison Ford and W. C. Fields leading the powerful cast, it follows naturally that the acting is decidedly spirited and the characterizations flawlessly handled.

Picture-goers will be quick to appreciate that in "That Royle Girl," its initial production for Paramount, the screen's master craftsman has achieved something strikingly new, something radically different in melodramatic entertainment. It is Griffith at his royal best.

"THE BEAUTIFUL CITY"

"The Beautiful City," a First National picture, starring Richard Barlow, which comes to the Penman Allen theatre, Wednesday and Thursday, January 13th and 14th, is a dramatic gem of the first water.

ELM

The Parent-Teacher Association held its regular meeting, Tuesday evening, January 5th. The association voted to serve to the children, the hot school lunch, as suggested in the Child Welfare Magazine. Plans were made for a box social and old-fashioned dancing party to be given Friday evening, January 22, for the purpose of raising funds to meet the expenses of the association in the purchase of equipment for the serving of lunches, etc. After the regular business meeting, a social time was enjoyed by all. Two new names were added to the membership roll.

Elm school opened Monday morning, January 4, 1926, after the holiday vacation. A very busy week is ahead of our pupils. A citizenship club was organized in the intermediate room. Charles Schaffer was elected president, and Richard Smith secretary. The club made their own rules, which were ten in number. Among these were:
Eliminate quarreling on the playground.
Be honest at all times.
Personal cleanliness.
Fair play.
Be true to God, our country and ourselves.

Their slogan is "Do Your Duty." Posters on good and bad English are to be made ready for the poster contest to be held at Beech on Saturday, January 9th. Competition seems pretty keen, and we hope you will watch for the outcome of our contest. The week prior to the closing of school, the pupils wrote letters to large manufacturing companies all over the United States, asking for their advertising material. Much useful information is gained in this way, and the children get some experience in letter writing, and it also opens up to them the business methods of large concerns. Several answers have been received, and the children seem very pleased to get large typewritten letters. A joint meeting of zones A and B will be held at Beech school, Saturday, January 9th. The afternoon program begins at one o'clock, to which the parents and friends are invited.

Today's Reflections

Maybe the reason still more people are not going to Florida is because some of them are waiting for the clear-some sale.

The Plymouth man who starts 1926 trying to be a better man today than he was yesterday is going on all six toward success.

There can't be a revolution in America. Not enough people over here are mad about the same thing.

About the only way for a king to get on the first page now is to be dead three thousand years.

Don't blame Plymouth children for howling. All of us would be doing the same thing if we knew it would get us what we want.

The country would be better off if the fellows who are digging for ancient relics would spend as much energy digging coal.

Every young lady in Plymouth has the God-given right to choose a husband. The only advice we have to offer is that they be careful as to whose husband they choose.

No wonder Cain turned out badly. In his days Mrs. Adam wasn't the possessor of a modern book on how to raise children.

Sometimes we can't help feeling that quite a few people around Plymouth began life in an installment cradle and are going to end it in a partial-payment coffin.

Suppose we'd said to Europe in 1917, as she says to us when asked to pay us what she owes us: "Yes, we'll come across in about 62 years."

A Plymouth man recently asked us is we know whether or not women are smarter than men. We have an opinion, but we haven't the courage to express it.

It appears now that the proper time to have bought coal and potatoes would have been about ten years ago.

When the average Plymouth man prays to be delivered from temptation he usually keeps one eye open to see

if the temptation is taking her powder puff out of her stocking.

Never go to the man who advertised for a wife in trying to find out if advertising pays.

STATE OF MICHIGAN, The Circuit Court for the County of Wayne, in Chancery.
 Milo F. Corwin and Grace M. Corwin, his wife, Plaintiffs, vs. Henry H. W. Hopkins, Ebenezer Hopkins, Polly Hopkins, Allen P. Hubbard, Martinus L. Shultz, Alonzo Henry, Apollis Sweetland, Apollo Sweetland, Elijah P. Barlow, John Sweetland, Apollis Sweetland, William Cross and Gustavus Cross, or their unknown heirs, devisees, legatees and assigns, Defendants.

AT A SESSION OF SAID COURT, held at the Court Room thereof in the City of Detroit, said County and state, on the 30th day of December, A. D. 1925.

PRESENT: The Hon. Alfred J. Murphy, presiding circuit judge.

On reading and filing the Bill of Complaint in this cause, from which it satisfactorily appears to the Court that titles, interests, claims, liens or possible rights to the premises described in said Bill, and hereinafter described, which titles, interests, claims, liens or possible rights of said defendants, and each of them, if they ever had any validity, said plaintiffs aver to be barred by the quiet, peaceable, open, notorious, adverse, hostile, actual, undisturbed, exclusive and continuous possession of plaintiffs and their grantors for more than fifteen (15) years last past, and for more than fifteen (15) years since the several apparent rights to the possession thereof accrued in said respective defendants, which said possession has been, during all of said time and still is, adverse and hostile to the titles, interests, claims, liens or possible rights of said respective defendants, and upon reading the affidavit of Milo F. Corwin, one of said plaintiffs, that it is not known and could not be ascertained after diligent search and inquiry whether their titles, interests, claims, liens or possible rights have been disposed of by will, and that it cannot be ascertained in what State or Country said defendants, or any of them, reside.

On motion of John L. Crandell, Attorney for plaintiffs, it is ordered, That Henry H. W. Hopkins, Ebenezer Hopkins, Polly Hopkins, Allen P. Hubbard, Martinus L. Shultz, Alonzo Henry, Apollis Sweetland, Apollo Sweetland, Elijah P. Barlow, John Sweetland, Apollis Sweetland, William Cross and Gustavus Cross, or their unknown heirs, devisees, legatees and assigns, and the unknown persons who are or may be entitled to claim under them, or any of them, cause their several appearances to be entered herein in the manner provided by law on or before THREE (3) MONTHS from the date hereof and that this Order be published or served as required by law.

ALFRED J. MURPHY, Circuit Judge.

Harold V. Raymond, Deputy Clerk.

Water is Cheaper than Watts

Do you realize that you are paying for all the electricity that your lamps take? And that if they are allowed to accumulate dust and dirt, the amount of light you ought to get is cut down, often as much as 50 per cent

Remember that dirt does not prevent the current from flowing through your lamps it only reduces the amount of light you are entitled to.

Soap and water is cheaper than wasted current.

NEWBURG

There was the usual good attendance at church last Sunday morning, with eighty in Sunday school. 1926 ought to bring the Sunday-school up to the one hundred mark. Everyone works for it.

Take notice of our church calendar in the Plymouth Mail.

There was a full house Sunday evening to hear Rev. Charles Dapp of Detroit, talk on the "Goodwill Industries," showing stereopticon views of their work. It is a wonderful work they are accomplishing through the country.

Don't forget the lecture Sunday evening to be given by Captain Dennison of the House of Correction farm, in the church. There will be a special chorus choir. Everyone that has heard the Captain, will be delighted to hear him again. The lecture will commence at 7:30.

The first quarterly conference will be held next week Friday evening, January 15th, at the Beech church, at 7:30. Everyone is urged to attend as there is business of importance to transact.

Mr. and Mrs. Wm. Smith and Mr. and Mrs. Donald Ryder called on Mrs. Reuben Barnes at South Lyon, Sunday afternoon. Mrs. Barnes has been quite ill at the home of her daughter, but has recovered sufficiently to go back to her own home.

Mr. and Mrs. C. E. Ryder returned Sunday, from a ten days' visit with their son, Raymond, and family at LaGrange, Illinois.

Mrs. Jack Horton underwent an operation at Highland Park hospital, Sunday evening. Her many friends hope and pray for her speedy recovery.

Walter Schmiede has sold his farm to Harmon Smith and Mrs. Bessie Dunning.

Mr. and Mrs. Melvin Gutherie and Mr. and Mrs. Clyde Smith motored to Flint, Saturday, the former spending Saturday night with their aunt, Mrs. Anslow, the latter spending the night with Mr. and Mrs. Guy Castellan. They returned home Sunday.

Miss Margaret Clemens of the U. of M. was sent as a delegate to the College Students' International Denominational convention at Evanston, Illinois, which convened from last week Tuesday until Saturday.

Miss Dorothy Elinger and Marjorie MacIntyre of Adrian, and Harvey and Irma Leonhardt and John Campbell of Detroit, were New Year's guests of Raymond and Clara Grum.

Mr. and Mrs. Elden Geney's baby girl has been quite ill this week.

George Gibson is still very ill. Word has been received from Mrs. Pearl Passage Lyons of Detroit, saying that her mother, Mrs. Ben Passage, formerly a resident of this place, recently underwent an operation for appendicitis. She has the sympathy of her friends.

WATERFORD

Mr. and Mrs. M. M. Rowland were Sunday guests of Mr. and Mrs. Harry C'weve in Detroit.

Charles Waterman and family and Mrs. Ida Hughes were Saturday callers on Mr. and Mrs. William Smith at Worden.

Mrs. Frank Jermol of Alpena and Dr. and Mrs. J. H. Clark and family of Pontiac, spent New Year's Day with Mr. and Mrs. H. R. Clark.

Mrs. William Mathew and son, Arnold, of West Branch, were New Year's guests of Mr. and Mrs. M. M. Rowland and family.

Mrs. Arthur Gotts, who has been sick since Christmas, is recovering. Miss Irene Gotts of Northville, visited her last week-end and helped care for her.

Miss Iva Jackson has returned from her vacation at her home in Deerfield, and has resumed teaching at the Waterford school.

Mr. and Mrs. Percy H. Gray of Detroit, were Sunday dinner guests of Mr. and Mrs. W. H. McKerrigan, Cherry Heights.

Mr. and Mrs. Edmund Watson entertained the following guests at New Year's dinner: Mr. and Mrs. John

Watson, Mrs. Dorothy Young and son, Harold, Mrs. Jerry Joslin and children, John, Evelyn, David and Leon, all of Plymouth.

Mr. and Mrs. Alger of Inkster, took luncheon Monday with the latter's sister, D. L. Dennis.

Mr. and Mrs. W. H. Smith and family of Wolf Lake, were New Year's guests of Mr. and Mrs. Herb Moe and family.

Mr. and Mrs. Arthur Johnson and children of Ypsilanti, spent New Year's with their parents, Mr. and Mrs. W. H. McKerrigan, "Cherry Heights."

Miss Marjorie Peck, who spent last week at the Watson's, returned to her home near Ortonville, Sunday.

Mr. and Mrs. Claude Waterman entertained Mr. and Mrs. L. D. Thompson of Detroit, New Year's eve.

CANTON

Mr. and Mrs. Colburn Dennis spent Christmas with friends in Detroit.

Christian and Alberta Clute of Detroit, spent the Christmas holidays with Irene and Vills Dennis.

Mr. and Mrs. Harmon Schroder spent Christmas with friends at Caro.

Mrs. Louis Sommer entertained her mother, Mrs. A. Wiederwit of Redford, and sister, Mrs. Seymour Wells of Detroit, Wednesday of last week.

The Canton Center Radio Club met at Mr. and Mrs. Dennis' Thursday evening of last week. Honors were won by Mrs. Charles Stevens, Mrs. William Dayton, Mr. Schroder and Mr. Frank; consolations by Mrs. Frank and William Lochhead. The next meeting will be at Mr. and Mrs. Andrew Suits on the Ridge road. Notice of date will be given later.

Mr. and Mrs. Perry and son, Reginald, Mr. and Mrs. Blackman and daughter, Lois, of Redford; Mr. and Mrs. Leon Green and Miss Alice Austin of Farmington, spent New Year's eve at Robert Webber's.

Mr. and Mrs. Robert Webber and Mr. and Mrs. Budd Shepko spent Sunday with the former's daughter, Mrs. Guy Fisher.

Mr. and Mrs. Guy Fisher have purchased a new bungalow at Livonia, where they will move in the spring.

Picked Up About Town

Prohibition and radio are both five years old. And one seems to be just as far from perfection as the other.

"The reason the average man is always broke," says Dad Plymouth, "is because he would rather be known as a spendthrift than a tightwad."

It makes us shudder to think what it will take to constitute a "radical" fifty years from now.

"A mail carrier may be as honest as the day is long," declares Dad Plymouth, "but you can't make a woman believe he doesn't read all the postal cards he has to handle."

We have also noticed that a willing weeper can always get what she wants and yet is never satisfied with what she gets.

Dad Plymouth says that along about this time of year some fellows wonder what ever happened to the old-time firm of Tom & Jerry.

Some women's idea of economy is to buy a lot of things they don't have to pay cash for.

"When his women folks persuade him to have his picture made," says Dad Plymouth, "the middle-aged man hopes it won't look any funnier than is absolutely necessary."

STATE REALTOR TO GET NATIONAL POST

Flint Man Expected to Put New Life in Development of Industrial Property.

Marked impetus in movement of industrial properties is expected to result in Michigan from selection of Matthew Carey of Flint, as chairman of the industrial division of the National Association of Real Estate Boards. News has been received here that he will take this office at the annual business meeting of the association in New Orleans, Jan. 19-23.

Outstanding service that Mr. Carey will offer local realtors and business interests, will be of assistance in organizing to properly assist the industries which are already operating here and in working intelligently to secure new factories.

Mr. Carey who is now with the G. A. Kelly Company at Flint, succeeds Harrison S. Colburn of New York, as head of this division.

REALTOR TO PROTECT USE OF COINED WORD

State Association Plans Action if Reports of Improper Use Continue.

State-wide investigation aimed at halting improper and illegal use of the word "realtor" is forecast by John A. Doelle, executive secretary of the Michigan Real Estate Association, who reports that such a step will be necessary if complaints against use of this term by unauthorized real estate dealers continue to pour into the Lansing offices of the association.

"The term 'realtor' may properly be used only by members of local boards, which in turn are affiliated with the National Association of Real Estate Boards," advises Mr. Doelle. "This title is protected by federal trade rights and wherever the issue has been taken to court, it has been held that the national association has exclusive right to its use."

CONSTRUCTION VOLUME IN 1926 TO INCREASE OVER HUGE 1925 PEAK.

The Detroit Free Press on January 3rd, gave what Mr. S. J. T. Straus believes will be a demand for more and better building throughout the coming year. He goes on to say that the signs at the close of 1925 favor a continuation of the present swing in the building industry.

As the building industry absorbs such large amounts of capital and as there are so many kinds of business affected by building construction, it would be difficult to foresee depressed business conditions during the coming 12 months.

LOCAL NEWS

J. W. Brader, the contractor and builder, states that he is looking for next spring to make this town look like a city. He is putting the finishing touches on a new house in Virginia Park.

Frank Rambo, Realtor, says that he looks forward to the biggest year in the history of Plymouth real estate. He started in the real estate business a little over a year ago, and he has made good in the profession.

Mr. Hunter, who is employed at the Chevrolet garage, has purchased the John Carr property on Wing street. Bert Giddings, Realtor, negotiated the deal. Mr. Giddings also sold property owned in Detroit by Mr. Hunter to Closser Brothers of that city.

Bert Giddings, Realtor, has carried on his business for a little over two years, and figures the year just passed a good year, but he says that 1926 will be the banner year. He marketed Phoenix Park and East Lawn last year and the sales were good.

Russell A. Wingard, Realtor, states that the year 1926 is going to be a banner year for Plymouth. He never, since he has been in business, has seen so much property change hands during the months of November and December. The indications are that the selling will start off with this week.

They have changed the name of Springwells to Fordson, and they are contemplating the change of Inkster to the Village of Westwood. The latter change is made necessary because Westwood and Inkster are right together, and both the improvement associations are trying to have this changed.

G. A. Bakewell, Realtor of the Chaney-Bakewell Company, states that 1926 is going to be a big year for Plymouth Park. We understand that they sold one house last week and are going to start to build two or three houses. They have finished graveling the streets and the electricity is now on the 'Sub.

Roy R. Parrott, the president of the local Realtors, predicts 1926 as the banner year. Continued growth and development are indicated from all sides of the market here in Plymouth. The building outlook is bright for this year, and there is no factor so important in the growth of the town as building operations. The bankers and business men generally are of the opinion that this year will see Plymouth in a class by itself.

Last Sunday's News quotes W. F. Tressel, president of Tressel-Jobin-Corner, Inc. "Up to now Detroit's growth has been largely that of an average city into an industrial center. Now we are becoming not only a world industrial center, but a commercial and financial center as well; taking our place alongside New York and Chicago. The changing aspect of our downtown section is evidence of this." From this it will be only a short time when Plymouth will be a suburb of Detroit. It does not take long for a city to grow and expand to take in the territory lying between here and the city limits, which are only ten miles away now.

NATIONAL CUP FOR REALTOR BOBBY JONES.

"All ye golfers, polish your clubs and bring them to the midwinter conference of the National Association of Real Estate Boards in New Orleans, January 19-22." That is the invitation the New Orleans Real Estate Agents Association sends out this week to all realtors. And he is remembered that there is one Bobby Jones, of the Atlanta, Georgia, Real Estate Board, national amateur golf champion, and newly appointed committeeman for the National Association's Mortgage and Finance Division, to point the way to what Realtor athletic prowess can mean.

In addition to the national Realtor cup for the lowest net score, there will be prizes offered by the host board for the second lowest net score, the lowest gross score and the second lowest gross score. The East will contest with the West and the North with the South, each for the lowest gross score. There will also be a driving contest, all players competing for the national cup, offered by Irving B. Hient of Toledo.

Club golf courses will be open to the Realtor visitors every day of the convention. The tourney for the cup will open Friday afternoon, January 22nd, and continue the following day. Cleo A. Ramsey of New Orleans, is chairman of the golf tournament committee.

CALIFORNIA ASSOCIATION TO BROADCAST INSTALLATION PROGRAM

Realtors of California invite their fellows of the National Association of Real Estate Boards in other states to attend by radio the formal installation into office of the new president of the California Real Estate Association, Harry Culver, of Culver City and Los Angeles.

F. W. Richardson, governor of California, will take part in the program. G. R. Gabbert, state real estate commissioner of California, will administer the oath of office. The ceremonies will take place at the Ambassador Hotel, Los Angeles, Monday evening, January 4th, beginning at 8:30, Pacific Coast time. The program will be broadcast from "KNX," the Los Angeles Express Radio station at the Ambassador.

PATENTED SHOE

for
WOMEN

Compare a 1926 motor car with a 1900 model!
This gives you a vivid idea of the superiority of the BAND-GRIP oxford over the ordinary orthopedic shoe.

The BAND-GRIP is the first footwear to grip the arch completely, the sides as well as the bottom. A patented lacing effect and a patented band (invisible) insure this!

In appearance, a smart oxford; in effect, better than any orthopedic shoe.

Call today and try on the BAND-GRIP; you can "feel the difference."

IN MEMORIAM

In loving memory of our dear little son and brother, Russell Shriener Hood, who departed this life two years ago January 7th.
We are waiting here in sorrow,
For the coming of tomorrow,
When in heaven we shall meet,
One who died so young and sweet.
Loving Parents and Sister.

IN MEMORIAM

In sad and loving memory of my dear wife and our loving mother, Mrs. William Dethloff, whom God called home one year ago, January 10, 1925.
Just one year ago, dear mother,
Then we stood beside your bed;
But our hearts that day were broken,
When we saw that you were dead.
Sadly missed by her loving husband and children.
