WAYNE COUNTY LEAGUE OF WOMEN VOTERS

The Wayne County League of Women Voters will hold its annual luncheon in the Italian Garden of the Book-Cadillac Hotel, on Tuesday, January 26th, at one o'clock.

There will be an address following the luncheon by a speaker of note, and all League members are urged to attend.

The annual meeting will convene at 10:30 a. m. At this time there will be reports of the officers, standing committee chairmen and district presidents.

Mrs. Lillian S. Mathews is chairman of the nominating committee. Serving on this committee are: Mrs. Max Ballin, Mrs. J. A. Bentley, Mrs. James Watkins, Mrs. Howard L. Jones, Mrs. Louis Ives and Mrs. John Kelsey.

Mrs. W. J. Camargo and Mrs. H. Lee Simpson are on the resolutions committee.

Mrs. Nancy J. Hayes is chairman of the committee to secure the speaker for the luncheon, and conducting are Mrs. O. G. Brown and Miss Edna Turner.

LOCAL BASKET BALL LEAGUE

In the Local Basket Ball League at the M. E. Community House, the Presbyterian No. 2 are still away out in front, while the rest of the bunch are all fighting for second place.

DETROIT VISITORS BY THOUSANDS SEE FORD CARS BUILT.

The Ford-Motor Company's Highland Park plant continues to be the big attraction for visitors in Detroit. A total of 158,927 persons, representing practically every country in the world and including many prominent persons, visited the plant during 1925 to become acquainted with Ford manufacturing methods, the visitors' record shows. This was approximately 35,000 more than during 1924.

The River Rouge plant of the company, said to be the largest industrial center in the world, also is growing as an attraction to people interested in manufacture on a large scale. Visitors to the Rouge plant during 1925 numbered 24,737.

Mrs. Claude Burrows underwent an operation at St. Joseph's hospital at Northville, last week Thursday. She is getting along nicely at this writing.

FORMER PLYMOUTH CITIZEN DIES

Avory D. Prout, a former Plymouth citizen, died at Otsego, Michigan, January 8th. We take the following from the Brighton Argus of January 13th: "The remains of Avory D. Prout, for many years a resident of this place, were brought here for interment Monday. Mr. Prout, who has been an invalid for the past year or so, owing to numerous strokes of paralysis, has been making his home with his sister-in-law, Mrs. Lynda Petrie and husband at Otsego. He was brought here Monday by automobile. Funeral services were held in the Presbyterian church and burial was in Fairview cemetery."

PERE MARQUETTE BUDGET FOR 1926 IS \$6,000,000

President F. H. Alfred has announced that the Pere Marquette Railway will spend \$6,000,000 in 1926 for development and improvement of its system in Michigan.

WAYNE COUNTY SAFETY COMMITTEE FOR SCHOOLS

A committee, consisting of E. W. Yeot and F. C. Fischer of the School Commissioner's office, Sheriff George A. Walters, Mr. L. J. VanScholck of the Detroit Automobile Club, Sergeant H. O. Bonds, of the Detroit Police Department, and Commissioner Allan Straight of the State Department of Public Welfare, has been organized for the interest of teaching safety in country and village schools.

MUNICIPAL NOTES

A notice is given elsewhere in this paper of the primary election to be held February 8th. The eight candidates for whom petitions were filed, are: George H. Wilcox, Karl W. Hillmer, Arthur E. Blunk, Alton J. Richwine, John W. Henderson, George H. Robinson, Henry Hondorp and Theodore Chilson.

The Commission, Monday night, authorized the Thomas Nolan Company to close down work on their contract until frost is out of the ground in the spring.

Bids are being asked for a steam heating plant for the Village Hall. The present hot air furnace is not adequate, and is wearing out.

The Miller, Bailey & Company, auditors, will again be asked to make the annual audit of the village books, and to install the uniform system of bookkeeping for the water department according to the dictates of the new state law on public utility accounting.

The discussion of the 1926 village budget was started last Monday night at the Commission meeting. A report from our consulting engineers on the sanitary sewer program for 1926, was received and several other items were brought up. The intention is to have the budget ready for the new commission to work on and to get an earlier start on such bond issues and contracts as may be necessary.

ALUMNI ESPECIALLY WILL BE INTERESTED IN THE TWO ARTICLES ON HENRY PHILIP TAPPAN WHO WAS FIRST PRESIDENT OF THE UNIVERSITY.

Alumni especially will be interested in the two articles on Henry Philip Tappan who was first president of the University. Dr. James B. Angell said of Tappan that he was "the largest man that ever appeared on the Michigan campus," yet his life is probably little known to the present generation of alumni except for "Tappan Oak" and "Tappan Hall" which commemorate his name on the campus.

DEATH OF A LITTLE CHILD

Mary White, aged one year, seven months and six days, daughter of Mr. and Mrs. Morris White, who reside on the Purdy farm north of the village, died Sunday of pneumonia. Funeral services were held from Schrader Bros. Funeral Home, Monday afternoon, Dr. F. A. Lendrum conducting the services. Interment in Riverside cemetery.

WOMAN'S CLUB

In justice to the Woman's Club it should be stated the postponement of the lecture of President McKenny was through no fault of the Club. Mr. McKenny returned from the south to find he was dated for the Educational Conference and Plymouth also. The business of the club was conducted in the afternoon by the president, Mrs. E. Chappel, and secretary, Mrs. George Robinson. The report of the treasurer, Mrs. J. T. Chapman, showed the club to be ready for a club home.

BOOKS OF TRAVEL AT THE LOCAL LIBRARY

Read your way around the world and visit the places you have wanted to see with some one who has already explored them and enjoyed doing so. It is much more interesting to plan your trips if you know something of the things of interest before going. Read in comfort and travel intelligently. Here are a few books which may be borrowed from the Plymouth Library:

- Down the Yellowstone—Freeman
Roving through Southern China—France
Wanderer in Florence—Lucas
Japan—Hearn
Voyages of Captain Scott—Scott
Cruise of the "Janet Nichol"—Stevenson
Paris—Edwards

Miss Mabel Ostrander of Cadillac, Mich., who is attending school at Ypsilanti, spent last week-end with Mr. and Mrs. Jack Reamer.

Mrs. Clark Mackinder of Newburg, spent Wednesday afternoon with Mrs. C. V. Chambers. Other callers there were: Mrs. Sarah Herr of Detroit, and Mrs. John Rattenbury of this place.

Mrs. Edna Allen, Miss Helen Wells and Mrs. Goodwin Crumble were hostesses to the Girl Reserves, Monday evening, at the home of Mrs. Crumble. There were thirty guests present, and each was dressed to represent a character in the Mother Goose fables.

EIGHT PETITIONS FOR COMMISSIONER

Eight petitions for the office of village commissioner have been filed with the village clerk, and this makes it necessary to hold a primary election on February 8th. The regular village election will be held on March 8th, at which time two commissioners will be elected to fill the places of Commissioners George H. Wilcox and Karl W. Hillmer, whose terms of office expire this spring.

WILL GIVE ORGAN RECITAL

- Miss Marion Beyer, pupil of Miss Evelyn Thomas, assisted by Miss Florence Paddock, will give an organ recital at the Methodist Episcopal church, Tuesday evening, January 26, at 8:15 o'clock. The following program will be given:

A BUSINESS CHANGE

Glenn Jewell has purchased the gent's furnishings, clothing and shoe store and also the dry cleaning business, which has been conducted by R. W. Shingleton for the past fourteen years, and announces a continuation of all departments in the old location, which will be somewhat remodelled and redecorated. Glenn is one of Plymouth's best known and most popular young men, and he has a host of friends, who will wish him an abundance of success in the mercantile field.

ALBERT ELY PASSES AWAY

Albert Ely, aged 66 years, died at the home of his sister, Mrs. Phoebe Patterson, on East Ann Arbor street, last Sunday morning, after an illness of six weeks. Mr. Ely was born in Superior township, Washtenaw county, June 26, 1859. For a number of years he resided in the state of Washington, and came to Plymouth two years ago. He is survived by three brothers and two sisters. Funeral services were held from the Schrader Bros. Funeral Home, Tuesday afternoon, at 2:00 o'clock. Rev. S. Conger Hathaway officiating. Interment in Riverside cemetery.

MEETING OF W. C. T. U.

The Woman's Christian Temperance Union will meet Thursday, January 28, at 2:30 p. m., at the home of Mrs. I. N. Dickerson.

The program will consist of Roll Call—A resolution for the year; music; paper, "Our Friendly Enemies, The Curb Crushers"—Mrs. Clara Todd, and a recitation by Mrs. Tess Bovee, Miss Cora Polheim is chairman for the day.

It is hoped that members will be present, and will also bring their friends.

VAN VORCE GIVEN TERM IN JACKSON

SALEM TOWNSHIP FARMER CONVICTED FOLLOWING RAID OF LAST SEPTEMBER.

Merle Van Vorce, who Friday was sentenced from one to two years in Jackson prison with a recommendation of eighteen months by Judge George W. Sample in Washtenaw circuit court, is being taken by Deputy Sheriff Richard Elliott, to Jackson today to start his sentence.

The case of VanVorce was one of the hardest fought liquor cases to enter the circuit court. He was arrested in Salem township September 1, 1925 on a charge of illegal possession of liquor. The case was to have been called Thursday, but the making of the three motions by the defense took up most of the time. One motion was for the continuance on the ground that the respondent's attorneys had not had time to examine the search warrant and affidavit on which the case was based; second, to suppress the evidence and third, to quash the information and discharge the respondent. These were denied by the court.

Friday morning's session was consumed by the testimony of Sheriff James Robinson, regarding the raid. Ira Fischer, deputy sheriff, and Dr. Ned Smith, who examined the alcoholic contents of the confiscated liquor.

The present case is one of several started against Van Vorce following numerous raids by the Sheriff's department on his Salem township property. It is understood the case will be appealed to the State Supreme Court, in accordance with the last ruling of that body that complaint blanks which have been used are not legal, in that they leave no space wherein the nature of the evidence secured against law violators can be written in. Van Vorce has 20 days in which to file an appeal.—Daily Ypsilanti Press, Saturday, January 16th.

Interesting informal talks were given by Federation delegates, Mrs. Irving Blunk on Citizenship; Mrs. Frank Millard on Music Memory Contests; Mrs. F. Hillman on visit to the Art and Crafts Society.

The next meeting of the club is at the home of Mrs. Irving Blunk, January 29.

FULLERTON-REIMAN

Announcement has been made of the marriage of Miss Mildred G. Reiman of Plymouth, and Maurice G. Fullerton of Detroit. The ceremony took place Friday evening, at 6:30 o'clock at the home of Rev. James D. Jefferies, pastor of Second Presbyterian church of Detroit. They were attended by Mr. and Mrs. W. Moschler of that city. They will reside in Detroit.

#### THE NEWEST STUNT

A Cleveland, Ohio, man has suggested that it might help to reduce auto accidents if every time a motorist killed a pedestrian, a bright red license tag was substituted for the regular one. The numbers would remain the same of course, only the color would be a crimson. In this way the public would know the minute it spied a car with a crimson tag, that it had been the agency by which someone met death. And other drivers, fearing the publicity and comment such a tag would bring, would naturally drive very carefully. We have heard many suggestions for safer driving offered by autoists around Plymouth, but never anything touching on this line. Such a suggestion may never be put into practice here, and it is not believed likely that it will be in Ohio, but we wonder if some such drastic step won't be taken ere long to reduce the death toll from autos that is now mounting higher and higher each year.

#### EVERYBODY'S WATCHING

Here we are, rolling right around to "groundhog day" again, and no matter if you haven't the nerve to speak right out in meeting and declare yourself a believer in this old-fashioned weather forecaster, you must admit that you are in the habit of wondering if "he'll see his shadow" on February 2.

No one seems to know just when or how "groundhog day" originated, at least no one we've ever talked to about it around Plymouth. And a funny thing is that everyone seems to treat the event as a joke. If he comes out and sees his shadow and goes back in for six more weeks of winter—no one ever seems to remember at the end of six weeks whether he saw his shadow or not. And if the day is dark and he fails to observe his shadow between sunrise and sunset, you can't find anyone buying garden seeds or spading up flower beds simply because winter is over, according to the groundhog forecast.

The truth is that "groundhog day" is surrounded by a good deal that is mythical. The groundhog hasn't been designated by nature as her official weather forecaster, any more than the fellow who forecasts by the goosebone. But believing either of them injures no one, and it may be, after all, that if we didn't waste a little time thinking about "groundhog day" once each year, we might be using the same amount of time to worry over something that would detract from our share of happiness.

#### REGISTRATION AND ELECTION NOTICE

Since the nominating petitions of eight candidates for the office of Commissioner have been received at this office, while only two commissioners are to be selected at the March election, the provisions of the village charter make it necessary to hold a primary election. Notice is therefore hereby given to the qualified electors of the village of Plymouth that a primary election will be held in the Plymouth Village Hall in said village on Monday, February 8, 1926, for the purpose of selecting four candidates for the office of commissioner, to be voted on at the regular election in March.

The polls of said election will be open at 8:00 a. m. and will remain open until 6:00 p. m. eastern standard time, on the day of said election.

Notice is also given that the Board of Registration for the village will meet at the village hall on Saturday, January 30, 1926, from 10:00 a. m. to 9:30 p. m. eastern standard time, for the purpose of completing the registration of the electors of said village.

Dated, Plymouth, Mich., Jan. 19, 1926.

### NATIONAL CONGRESS OF PARENTS AND TEACHERS NEWS.

Several very important meetings of the P. T. A. have been held recently. On Friday, January 15, the Michigan State Institute of Ypsilanti had a section devoted to Parent-Teacher work throughout the state and nation. Miss Clara Wheeler, state corresponding secretary, was chairman for the afternoon. Mrs. Frederick Raymond, state president from Grand Rapids, gave a most interesting talk on the work in the state: "Bridges of Opportunity" was her theme. She said that in the school and community we all met on a common ground, all working with one aim—to improve our school and its surroundings. In our great anxiety we did not see the vision of province, we have a distinct province for our teachers, and the province of parents is a distinct thing, and we often make a mistake of trying to run the teacher's job for her. Education does not stand still; educators are learning different methods of teaching, and we require our teachers to know these methods. So let us get the very best teachers to do that part of the child's training, and stop worrying because Johnnie doesn't learn his ABC's the same as we did. We do not hire a lawyer and expect to tell him what to do; we do not hire a doctor and tell him what he should do, but so many of us think we have some divine right to run the teacher's job for her.

Mrs. Raymond stated that 85 per cent of the difficulties of our children was caused by the lack of team work in the home—fathers and mothers not working together. Agree upon a system to bring up your child. How many children, if they can't get what they want from one source, try another? If father won't let John take the auto, he goes to mother, and far too often gets it.

Mrs. Raymond is stressing four objectives for Michigan associations to concentrate on this year: first, Proper understanding; second, Religious education and moral training; third, Proper use of leisure time; fourth, Leadership. I wish I might go on and give you her illustrations and helpful suggestions in working out these objectives, but space doesn't permit.

She called our attention to part of President Coolidge's speech in touching the foreign problems. Some of our forefathers came over in the Mayflower; some in one boat; some in another; but right now we were all in one boat, AMERICANIZATION. Let us unite as a commonwealth, learn to understand and tolerate, then wars will not be epochs as they are now. Someone once said the boundary line between United States and Canada was a line of common sense.

We are not in the buggy age; not treading over life's ways. We are traveling the new way, and the new roads are paved so we will not stumble as we hurry along. So with the P. T. A. It is the bridge of understanding to guide us as we journey along. Let us appreciate its values as we see them.

Wm. E. Olds was another very interesting speaker on this program. Mr. Olds was for several years superintendent of the Escanaba schools, but now is plain Farmer Bill, one among us on a farm near Ypsilanti. "Problems and the Community." Problems are the same everywhere you go, every community is trying to solve the same problems you are, and the greatest one is the problem of education. "What are we here for?" We are here to raise better boys and girls, to make the world a little better when we pass on. Look learning is a splendid opportunity to develop keenness of intellect, but we must learn more—common sense, backbone, moral, restraint.

The greatest word in the English language today is "No," not just no, but "NO, NO." Learn how to say NO when the time comes. "Build Moral Fiber." P. T. A. problem in every community. We do not live our lives alone, but are influenced by others. Mr. Olds asked everyone to read Longfellow's poem, "The Builders." Our today's and yesterday's are the blocks with which we build, and unless those blocks are sound and true and fit, our wall isn't going to stand.

Get together to learn the needs of the child. His education does not

start at nine in the morning and cease at three. He is learning every waking hour of the day. We do not cut the child in chunks and send his head to school and his soul to church to be trained. We must deal with him as a whole. He must have intelligent guidance by interested parents well informed. A child's habits and attitude are nearly established at the age of six years, and teachers are handicapped, and cannot overcome obstacles in two years that took six to establish.

The great trouble today is we have too many standards—one for the school and another for the home. We must establish definite principles for the education of school, home and community.

Parent-Teacher Associations often think their job is to buy things for the school. That is not the true spirit, that is only a small part of the work. The greatest job is to teach men and women to be good fathers and mothers that they may have adequate knowledge for childhood. A college woman once said to me, "I have my master's degree from Columbia College—but I lost my baby through ignorance."

A few years ago, Roosevelt said, "The National Congress of Parents and Teachers is the greatest fundamental constructive force in the world today." Why? Because it is a national movement and reaches out to every rank and file in the country regardless of nationality, race or creed.

"Conserve all that is best in AMERICA for thereon rest her salvation." Mrs. George Bentley and Mrs. George Michelin attended this splendid meeting and represented Plymouth and Elm.

On Tuesday, Miss Hays conducted an all day leadership class at the Woman's City Club in Detroit, under the auspices of the Wayne County Council. Mrs. Daniel Murray and Mrs. George Michelin of Plymouth, and Mrs. George Bentley of Elm, attended.

It would be impossible to give this course through a newspaper, but if anyone wishes to take such instructions, may do so by applying to any officer of the Wayne County Council.

I should like to give just a few of her splendid suggestions. She said she hoped every father of a 10-year-old boy would read, "My Job as a Father," by Edgar Guest.

"Education, the biggest job in the world. Don't attempt to tell a parent how to run his child, but try to help him with a thriving Parent-Teacher association."

"Keep your child physically fit insofar as you are able."

"Organize a P. T. A. regardless of how many clubs there are in your community. There is no organization anywhere that will take the place of the P. T. A. It is the only organization that has as its only objective "The Child."

"It is our business to know the teachers, to visit the schools; to know the board; know what they are doing. We will be better, wiser parents if we do."

"Get the bigger broader view. Don't live within yourselves. Don't be like the fellow that prayed God look after me and my wife, my son John and his wife, we four and no more. Neither get in a rut and go round and round as the ditch digger. Perhaps you have heard about the man that asked a ditch digger who seemed to be rather intelligent, why he was digging ditches. He looked up to the man and answered, "I'm digging ditches to get the money to buy the food to feed my body to make me strong that I may dig more ditches."

Would that every parent and teacher here in Plymouth could get a view and vision.

On Saturday, January 30, the Wayne County Council held their regular meeting at Highland Park. We will have the pleasure of visiting a clinic in the morning, a luncheon at noon, and the program in the afternoon, which will consist of a Founder's Day Pageant. Everyone is invited to attend, whether a member or not.

The clinic is located at 25 LaBelle avenue. You will be directed where to go from there.—Cor.

## "Enclosed Car" Motor

Introduced at New York Show

Our showrooms are now devoted to a Special Nash Exhibit that practically duplicates the great New York Show display.

Here you may view personally the important new Nash developments—particularly the great new Nash "Enclosed Car" Motor.

In creating this new motor Nash deliberately disregarded general precedent which was accustomed to shape the capabilities of a motor to open car requirements.

On the contrary, Nash especially engineered this motor to provide the finest calibre of performance for the enclosed car.

In utter smoothness, in quietness and in phenomenal acceleration, this new "Enclosed Car" Motor clearly outdistances all that has gone before.

It creates an absolutely new standard of enclosed car performance that will prove a revelation to you—for it is surpassingly superior in every phase of operation.

There's a full 25% greater volume of symmetrically smooth power—power without a single "rough spot" thruout the entire range.

And the speed with which you accelerate is lightning-like—23% faster than formerly in going from any given rate to a higher rate.

Yet your travel-cost per gallon of fuel is held down to the old low level.

And so expertly is the motor designed and constructed that under average driving conditions you may drive it to a mileage high in the five-figure class without further thought except to change oil at the usual periods.

Jackie Coogan will never make more than two films per year, according to a recent statement issued by Jack Coogan, Sr., producer of his famous son's pictures.

Thousands of fans write to the Coogan offices in Hollywood asking why they can't have more of Jackie's pictures. The older Coogan established the policy of two a year, because he considered his son's education above everything. In making but two films per season, about two months of Jackie's time is consumed in production. This is about the vacation period of the average school boy. The balance of the year Jackie attends to his schooling like all lads of his own age. When he goes to New York or away from home, his tutor is constantly by his side. School boards take no heed of film fame and each year Jackie must take the examination provided in the state laws of California. When the juvenile star went to Europe last year, he was absent from home for four months, and on his return he took his examinations and made a junior high school grade at the age of ten.

"Old Clothes" is the first picture Jackie made during the year 1925, and it will be seen at the Penniman Allen theatre, Saturday, January 23, with matinee for school children at 2:30. He will start on his second production in about two months, title of which will be announced later.

"Old Clothes" is a story by Willard Mack written especially for Jackie Coogan. Eddie was the director, Jack Coogan, Sr., the supervisor, Kenneth B. Clark the scenarist, and Frank B. Good, the photographer.

#### "THE MERRY WIDOW"

"The Merry Widow," which will be shown at the Penniman Allen theatre, Sunday and Monday, January 24 and 25, is a splendid piece of workmanship, and shows Mae Murray and John Gilbert, as co-stars, doing the best work of their varied and brilliant careers. Erich von Stroheim, whose directorial genius immortalized "Foolish Wives," has fulfilled a similar function with "The Merry Widow."

Laid in a mythical Balkan kingdom, the picture reflects all the glamor, fascination and beauty of the continent. The settings are nothing short of exquisite, and the coronation sequence done in natural colors is of such beauty and splendor that it will long be remembered by all those fortunate enough to see the picture.

The story is replete with surprises and moves at a pace that keeps the spectator enthralled during every moment of its unfolding. It tells of the romantic adventures of a dashing young prince (admirably well portrayed by John Gilbert) and a vivacious Irish-American dancer (definitely characterized by Mae Murray). It is brimful of surprises and thrills, and its climaxes lead one to another with refreshing swiftness as a series of beautiful tableaux mark the progress of the plot.

Though the mood of the picture is dramatic, a delicate vein of humor appears throughout, which serves to lighten and at the same time relieve the tenseness of the picture. The film is worthy of the most in praise and patronage for it lives up to the true reason for its existence in every respect; it's first and last, real entertainment.

Erich von Stroheim, besides directing the film, is responsible with Benjamin Glazer for the well-knit scenario prepared from the famous stage play by Victor Leon, Leo Stein and Franz Lehar, as produced by Henry W. Savage.

#### "WE MODERNS"

Better than a Cook's tour, more information from a Baedeker guide—and all to be experienced while you repose in a comfy seat.

Such is one of the pleasures to be extracted from a visit to the Penniman Allen theatre, Wednesday and Thursday, January 27 and 28, when "We Moderns," starring Colleen Moore, will be shown for the first time locally. Other pleasures which will make the gorgeous background of "We Moderns" only an incident, although a most prepossessing one, is the presence of the star, Colleen Moore, heading what has been described as an ideally balanced cast, and intriguing plot bristling with action and excitement.

Miss Moore, together with Jack Mulhall, her leading man, and other members of the cast, went to London to film all exterior scenes of the new offering, adding the pliancy of authentic settings to a racy screen narrative that again presents the inimitable star in a new expression of the ultra-modern type as it exists in England.

"We Moderns" was adapted from Israel Zangwill's startling story of loose living among the younger British set immediately following the war. With society, generally, considerably demoralized by the effects of the conflict, these once decorous youngsters "get away with murder," being in position to give the young jax set of America cards and spades and outdistance them. Into this vortex plunges Mary Sundale, as portrayed by Miss Moore, and her brother, both of whom indulge in that supreme folly, the "Treasure hunt."

How these young people are brought to their senses forms one of the most absorbing tales seen upon the screen in many weeks.

## Light That's Lost

Users of electric light frequently fail to get full candlepower from their lamps, due to neglect to keep them clean.

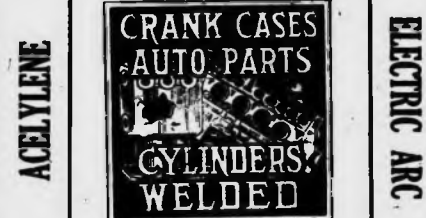

Dust allowed to accumulate on lamps or shades may absorb as much as 50 per cent of the light. A damp cloth applied once a week would save this loss—your eyesight as well.

Another source of light-loss is blackening of the lamps on the inside, due to too long use. These should be returned for exchange.

### THE TORRENS SYSTEM WHAT WOULD BUSINESS DO?

(Continued from last week.)  
Should all this red tape and these legal technicalities be imposed on real estate transactions alone? How would the wheels of commerce move, if sales of merchandise were placed under the same restraints? Imagine a shoe dealer giving evidence of clear title to each pair of shoes he sells, starting with proof that Farmer Brown, who supplied the first link, actually owned, free from chattel mortgage, the cow when he sold it to the packer, and that each in turn, the packer, the tanner and the manufacturer, paid the employees who helped to fashion the shoes in question, and finally that the wholesaler or jobber was in lawful possession of that which he sold.

Such intolerable conditions in the mercantile world would not last a day, and yet real estate owners and dealers have endured just such hardships for generations.

Under the old abstract system, the tax payer (especially the small home owner) like Sinbad the Sailor has been carrying "an old man of the sea" on his shoulders all this time. The Torrens system like the good Samaritan, lifts this great burden from his shoulders for all time.

The Torrens certificate of title is a final opinion backed by a court decree and guaranteed by the full resources of the County in which it operates. No further search of title is required. It is so simple that any one who can read will understand it.

The certificate says in plain English that John Jones owns a certain described piece of land in fee simple, clear of all incumbrances, and conditions, except those noted in the certificate. If Mr. Jones owes \$1,000.00 on the property, this will be shown, the same as in a ledger account—balanced down to date; also that Jones is a bachelor or that he is married to Martha Jones.

Every time a transfer is made, the certificate of title must be brought to the Torrens office, and a new one is issued in favor of the new owner. Mortgages, release deeds, and instruments of all kinds relating to the property must be submitted for inspection and approval by the registrar of titles.

No instrument of conveyance or claim of any kind on real estate becomes effective without his approval. Deeds improperly drawn, or mortgages, deeds or additums made by those whose interest is not clearly established, will not be accepted by the registrar. This prevents clouding titles, which often has been attempted by designing people for blackmailing purposes, and sometimes with success.

### CONTRACTORS' LICENSE LAW IS BUILDERS' AIM.

War on irresponsible men in home building profession shifted from lien to license spotlight. They are talking some about a law to license contractors. Maybe it would be better if we had such a law, because it would tend to put a stop to building of houses in a slipshod manner.

We will not be responsible after January 30th, 1926, for any debts due on the house on Lot No. 22, Plymouth Heights. R. A. Wingard, agent, 247 West Liberty street.—Advertisement.

### INCOME TAX EXPERTS EXPLAIN PROVISIONS

ATTACHE OF REVENUE DEPT. DEFINES APPLICATION TO REALTY DEALERS.

How to estimate the income tax on transfers and other real estate transactions was the subject of an address by William J. Ryan, head of the income tax section of the internal revenue department of Michigan, before the students of the real estate finance department of the University of Detroit, recently.

Mr. Ryan said in part: The income tax law (together with the regulations pertaining thereto) is virtually the same in application to real estate transactions as to all other transactions where profit is realized or loss sustained, inasmuch as the resulting profit is taxable income and the loss sustained is deductible from gross income only in the event the real estate was purchased originally for investment purposes.

**Confusing to Taxpayer.**  
However, there are various ways in which real estate transactions are handled and the income tax regulations provide a separate and distinct method for reporting profit or loss, the method contingent upon the provisions of the contract entered into at the time of sale.

While the regulations are explicit relative to the manner of reporting real estate transactions, nevertheless, the ordinary taxpayer becomes confused if the transaction is other than for cash, and a detailed explanation of the regulations governing the different transactions will follow the articles quoted from regulation 65, Revenue act of 1924.

**Sales.**  
Article 43. Sale of real estate in lots—Where a tract of land is purchased with a view to dividing it into lots or parcels of ground as such the cost shall be equitably apportioned to the several lots or parcels and made a matter of record on the books of the taxpayer, to the end that any gain derived from the sale of any such lots or parcels which constitutes taxable income may be returned as income for the year in which the sale was made. This rule contemplates that there will be a measure of gain or loss on every lot or parcel sold, and not that the capital invested in the entire tract shall be extinguished before any taxable income shall be returned. The sale of each lot or parcel will be treated as a separate transaction and the gain or loss will be accounted for as provided in article 1591.

**Application:** A real estate operator purchases a tract of land at an initial cost of \$50,000. He divides it into lots, putting in the necessary improvements, such as sidewalks, paving, sewers, etc., which improvements cost \$100,000, or a total expenditure when the property is marketed of \$150,000. There are 500 lots, and therefore his cost basis is \$300 per lot in determining the profit or loss on each lot sold. If 200 lots are sold for \$1,200 each, and 300 for \$900 each, the profit realized on the former is \$900 per lot and on the latter, \$600 per lot, the sale of each being treated as a separate transaction.

(To be continued)

### IT SHOULD BE LAH-SER BUT IT'S CALLED LASHER

The main street of Redford is Grand River avenue. The main cross street is the Lahser road. Everybody calls Grand River avenue Grand River avenue, but when speaking of the Lahser road 50 per cent of them call it the Lasher road.

The road was formed 30 years ago, along the section lines, and ended at Grand River avenue. It was named for Charles A. Lahser, president of the Redford State Savings Bank, who for 27 years was postmaster of the village and keeper of the first general store there six years before the D. U. R. struck town with its lines. He platted the first and second subdivisions ever sold in the village. In other words, he is father of all the real estate activity which has put Redford on the map.

Lahser road runs from Pontiac to the Schoolcraft road. Near Pontiac, however, the real estate operators who subdivided along it, put up signs calling it Lasher, according to Mr. Lahser, but although it is spelled Lahser, half the Redfordites who became Detroiters last Friday call it Lasher.

"I don't know why it is," declared Mr. Lahser. "Almost everybody and all the old-timers, know me, and call me by name, but the street name, that seems to be different."

The Real Estate season is starting right off with the new year. There is quite a little movement in business frontage. Vacant lots are selling but they have to be a good buy. Houses are moving a little slow. Russell A. Wingard, realtor, states that he closed contracts for three houses last week.

### SMALL FARMS

The demand for small farms exceeds the supply, but here are two other investments:

### THIRTY ACRES

A money maker, having a reputation of producing the best crops in the neighborhood; a good orchard of about eighty trees bearing, besides several young trees. Good fences. Only one mile from school. Fair barn, granary, hen house and six-room dwelling. As the owner has other interests that requires his attention, this little farm has been priced at \$4800.00, and can be handled on very reasonable terms.

### SEVEN ACRE MARKET

This is really not a farm, it is a road-side market, with store and gas station combined, and it is located at one of the best corners on the Canton Center road. There is a new modern eight-room home, with bath, furnace, electric lights and automatic water system; there is also a barn 24x30, exceptionally well built and equipped with electric lights. This is a very attractive proposition for someone who desires to grow fruit, vegetables and poultry that can be marketed at the door.

### TWO FAMILY DWELLING

Within one block of car line, equipped with electric lights and city water, that can be bought at a price that will enable the purchaser to live in one apartment and pay for the property from the rent of the other. It's a good investment.

### SCHOOL NOTES

The grade notes were by Dorothy Sly and the basket ball by Stillman Warner.

#### GRADE NOTES

Miss Stader's first and second grade pupils are going to give a Health play, next Thursday. Mothers and friends are invited.

Patricia Cassidy is the only student of Miss Willmore's room who has been neither absent nor tardy this semester. Miss Root's pupils in nature study, are talking about snow flakes and Eskimos. They have finished reading their Elson's primer and are now reading in the Child's Library primer.

Mrs. Schaub's first grade pupils are making Health posters, and the tardy prevention contest is doing very well.

The second B grade students have finished their Health booklets, and are now studying about Eskimos. Seven students of this grade have received pencil boxes as prizes for perfect attendance of three months.

Kathleen Ford of the fourth grade has moved to South Lyon. Charles Kuhn of the same grade is very sick with pneumonia.

In Domestic Art, the sixth grade girls are making night gowns.

The sixth grade students are working on the Music Memory Contest.

The ninth grade Domestic Science class enjoyed a pleasant and instructive trip to Detroit, last Saturday. They were accompanied by their teacher, Miss Schaffmaster, and Mr. and Mrs. Ross.

The first stop was at the Detroit Creamery Co., where the class was initiated into the problems of distributing milk products to a large city. They were shown the process of pasteurization, milk testing, butter and ice cream making. The most interesting feature here, was the automatic machine for making Frost Bites. This works something like a typewriter except instead of printing a letter it dips a piece of cream at zero temperature, into hot chocolate. The gentleman in charge very thoughtfully passed the Frost Bites which were appreciated by everyone.

After lunch at the large cafeteria in the Majestic building, the party visited the Broadway Market where Mr. Peters, the genial manager, took charge. From his office overlooking the entire floor with its busy afternoon trade, he gave a talk on food values and distribution after which he conducted the party through the market, calling attention to new and interesting food products.

The day would not have been complete for the pupils without a show, so all went to the Adams theatre to see "The Black Eagle."

The class voted the day a great success. Much credit is due Miss Schaffmaster for making possible a trip of this kind.

#### BASKET BALL

Last Friday, Wayne came to Plymouth to play our first and second team boys. The first game was between the second teams. Our team was the better in almost every part of the game, for at the half, the score was 8 to 2 in our favor. The second half went the same way. The score became larger, and at the end Plymouth was leading by the score of 17 to 4.

The first team game was different. All through the first half Wayne did not score at all. Their shots bounded off the rim of the basket or off the back board, but not one of them entered the basket, and as a result Plymouth led by a score of 12 to 0. Wayne came back strong in the second half, and outplayed Plymouth, but our lead was so great to overcome, and Wayne suffered their second defeat of the evening, 20 to 10.

### NEWBURG

The attendance at church and Sunday-school was gratifying to the pastor, last Sabbath. No minister likes to preach to empty pews.

The superintendent of the Sunday-school announced, last Sunday, that there would be a valentine party at the hall for the scholars. Try and make the attendance 100 before that time.

A large and attentive audience listened to Prof. Smith of Plymouth High school, last Sunday night, giving food for thought for parents as well as young people.

Everyone will want to hear the lecture and see the moving pictures and slides presented by Miss Knight of the Methodist Children's Home at Farmington, next Sunday evening at 7:30.

Mrs. Charles Ryder called on Mrs. Emily LeVan, last Wednesday.

Albert Bell, who lives in one of the Stroh houses on Ann Arbor road, had a stroke of paralysis, Sunday night. He is slightly better at this writing.

Mr. and Mrs. Clyde Smith, Mrs. William Smith and Mrs. C. E. Ryder were in Ann Arbor, Monday, and called on Mrs. Neeland, also her daughter, Ethel, at the University hospital, where she is teacher of the nurses' training school.

Mr. and Mrs. John Thompson entertained Dr. L. D. Launkin and wife, who are conducting revival services at the Livonia Community church, at a six o'clock dinner, Monday evening.

The young married people's just for fun and get acquainted club met at the home of Mr. and Mrs. Donald Ryder, last Friday evening. This is a good way for the strangers who come into our community to get acquainted with each other.

Mr. and Mrs. Donald Ryder and Mr. and Mrs. Glenn Smith of Plymouth, spent last Thursday in Detroit.

Mr. and Mrs. Ira Carney visited Mrs. Carney's sister, Mrs. E. A. Cesterline, at Port Huron, last week.

Mr. and Mrs. James Joy and family of New Hudson, spent Sunday with Mr. Joy's sister, Mrs. McNabb and family. Mrs. Joy's daughter, Ruth, and son, Roy, attended church services at Newburg.

### Picked Up About Town

Dad Plymouth says anybody can shine in society if he will wear the same pair of pants long enough.

Happiness is here today and gone tomorrow, and mighty few people get enough of it while it is hanging around.

"Nobody," comments Dad Plymouth, "seems to notice that a fellow is bad egg until he is broke."

If they had an elevator running to heaven, many old sinners would say that riding in an elevator makes them dizzy.

"If a fellow wants to make one statement, his better half is sure to agree with," says Dad Plymouth, "just let him tell her that Solomon got all his knowledge by listening to his wives."

It has also been our observation that young men have more fun sowing wild oats than old men have in harvesting them.

Dad Plymouth says women like to be up-to-date in all but one thing. And that's their birthdays.

Here is one place where the latch-string is always out.

In the olden days rarely was there need for knocking, the "string" was out, and you were always welcome. Times have changed a bit and today in many places the night lock has replaced the latch-string, and a stranger is often viewed with suspicion.

Still there are places where the good old custom prevails, and we want you to know that our office is one of 'em. No matter whether you stop in for a bag of cement, a 2x4, or a big bill of material, you will always find a cordial welcome.

The central idea upon which our business thrives is the complete, quick, intelligent service we can render this community in supplying everything with which to build or repair. Our prices are right—always in line with the prevailing market. In short, we are here to serve.

Any time you want information about lumber, plans, building construction or any of the hundred and one other things connected with our business, come in. You'll get just what you want when you want it.

TRY OUR WELCOME

HAVE YOU ORDERED YOUR AMALGAM YET—THAT CLEAN, HOT, LONG-BURNING DEARIED FUEL THAT EVERYONE IS TALKING ABOUT—IF NOT ORDER SOME TODAY AND CUT YOUR COAL BILL IN HALF.

Think of the convenience of AMALGAM. Simply open the furnace door in the morning and toss in a couple of packages—no more firing for the rest of the day. AMALGAM in its neat paper packages is stacked neatly in your basement like cord-wood. It requires but little space. Its middle name is convenience.

When the outlook is not so good, try the uplook.

BULL  
"Does your dog chase cows?"  
"No, he's a bull dog."  
—Purple Cow.

"I told Tom that the average woman's clothes weighed only eight ounces."

"And what did he say?"  
"He thought it was a shame they had to wear such heavy shoes."  
—The Tiger.

ANY other kind of watch is not worth the buying, for watches have a heritage value—they should be passed on down to successive generations. When Sonny Boy hears the first tick of his first watch, it is an important event in his life.

But then there must be cheaper watches for him—watches which will stand the wear and tear of Childhood—and finally the watch that will remain with him during all his life.

We have both kinds and all kinds—particularly those delicate watches for women, which must combine perfect utility with beauty.

By the way—we have just received a complete new W. W. W. line of pearls and rings. Pearl—yes, this concern is now putting out a wonderful guaranteed pearl in a special jewel case. You will want to see it.

And the W. W. W. White, green and yellow gold wedding and engagement rings—they are worth a visit alone.

No Demonstration can reveal all of BUICK Excellence

ANY time you drive a Buick you will wonder how such a remarkable car can be sold at such a moderate price.

In just a few minutes you will realize that you are starting, stopping, parking, driving with much greater ease and security. And that you are surrounded by quality and luxury which rank with the very finest.

But demonstration will tell only part of the Buick story, and you should know all of it. A demonstration cannot show you the enduring

stamina of body and chassis that belongs to Buick. Years are necessary for that. It can only suggest the powerful ability of Buick's 75 horse-power Valve-in-Head engine, built for hills. It cannot tell you how thoroughly the Buick "Sealed Chassis" and the Buick "Triple Sealed" engine will protect Buick performance on dusty, gritty roads.

And it cannot even hint of the mental ease you will enjoy, with Buick Authorized Service "just around the corner," everywhere in America.

**NORTHEAST CANTON**

Mr. and Mrs. Richard Gust entertained the neighbors by giving a pedro party Saturday night. The first prizes were won by Mrs. Roy Lane and Matt Swegles. Crystal Swegles and Fred Hiedenrich were consoled.

The Sewing Club had to be postponed indefinitely on account of so many children having the measles.

Mrs. John Hix of Wayne, has been spending a few days with her son, Perry, and family.

The Parent-Teacher Association of the Hough school will hold their meeting at the school house this Friday evening, January 22. Miss Hutzel of the State Board of Health, formerly of the Women's Division of the Detroit Police Department, will be the speaker for the evening. The Hough district extends an invitation to the Truesdell, Canton Center and Bartlett schools to come and hear her.

Mr. and Mrs. Ralph Butler and Mr. and Mrs. Harvey Butler attended a theatre in Detroit, Thursday evening.

The Jake Dingeldey family had the misfortune to lose their house by fire last Friday afternoon.

The meeting of Zone III will be held at Cherry Hill, Saturday, January 23. All patrons of the zone are invited to the program in the afternoon.

Mr. and Mrs. John Proctor called at the home of Ralph Butler, Sunday.

**TEMPLE THEATRE**  
Detroit, Michigan

Mme. Eric Zardo, celebrated star of "The Firefly" and "Naughty Marietta," and Eric Zardo, the eminent concert pianist, appear jointly as headliners on the bill at B. F. Keith's Temple Theatre, starting Sunday matinee, January 24. Mme. Trentini recently returned to America after three years in Italy where she proved a decided sensation. She will offer a program of songs from her operatic successes assisted by Eric Zardo as accompanist and soloist. Others billed: Jimmy Nervo and Teddy Knox, London music hall favorites in "Fantastic Frolics;" Coram and "Jerry," London Hippodrome features in a novel ventriloquist scene, "Whitehall-London;" Ethel Davis, late of the "Greenwich Village Follies;" in refreshing song chatter with Earl Brown at the piano; Edith Clasper, daintiest of dancers, in "Smuggled Goods" with Bud Sherman, Jack Meyers and Donn Roberts; Will and Gladys Ahern in an oddity, "A Spinning Romance;" the Four Jansleys, world renowned risley experts; Glenn Tryon in "Long Pants," a Hal Roach two-reel comedy and the usual screen subjects.

**New Rays Discovered**

Science has established the existence of new rays, stronger than ultra X-rays and 1,000 times greater in frequency, with ionization the same at all times of the day or night and of 10,000,000-volt variety. They were partly described by Dr. R. A. Millikan of the California Institute of Technology to the convention of the National Academy of Sciences in Madison, Wis. He has studied them since the World war, beginning where German scientists left off. Millikan won the \$40,000 Nobel prize for first measurement of the electron. The rays, unnamed, are due to atoms passing over to other atoms, with the sun having no effect on the action, he said. They appear throughout space, bombard the earth from all directions at all time, and have extraordinary absorbing power.

**Was Well Stocked**

A day book of a retail grocer located in a midwestern town shows the entire list of imported articles sold by him in 1925 as follows: Coffee, tea, figs, mustard, pepper, cloves, allspice, nutmeg, ginger, cinnamon, lemons, oranges, sage, prunes, raisins and almonds. Other foods handled by him were: Eggs, molasses, dried apples, dried peaches, cranberries, potatoes, sugar, vinegar, saleratus, butter, cheese, crackers, lard, smoked halibut, whitefish, dried herring, rice, strap, salt, cream of tartar, beans, soup, coffee, peanuts, beef, veal, pork, lemon extract, onions, cabbage, turnips and native nuts. If this storekeeper had other foods they were not indicated on his charge account for two years.

**Nothing Ever Lost**

Elements which enter into the making of a soap-bubble film are as lasting as those which form granite rock: no material which is ever lost or destroyed, says science. Man's immortality is fairly well assured both by science and the Bible. It was the Frenchman, Lavoisier, who first proved with his fine balance, that in all chemical operations it is only the quantity remaining the same. This was the discovery of the conservation of matter to which knowledge of the conservation of energy has since been added.—Capper's Weekly.

**Officer's Revenge**

A naval officer, who had taken offense at something said at a dinner party by a clergyman who had just been made an honorary canon, and who was somewhat autocratic, resolved to be revenged.

He invited the whole party to inspect his ship next day, and when inquiry was made regarding the use of one of the sham wooden cannon he had put in a conspicuous place to attract notice, he replied, in a loud tone, "Oh, that wooden thing, it's only a dummy—a sort of honorary cannon."

### ELM

A box social and old-fashioned dance will be given this Friday evening, January 22nd, by the P. T. A. of Elm school. Come and bring your box, to help the organization carry on the plans they have made to provide for the needs of our children.

Mrs. G. N. Bentley attended the Parent-Teacher association section of the mid-year conference at the Michigan State Normal College at Ypsilanti, held Friday, January 15th, and also attended the Leadership Class conducted by our National Field Secretary, Miss Hays, in Detroit, January 19th.

Citizenship Club of Elm met on Thursday, January 14th, and was called to order by their president, Charles Schaffer. The meeting started by all standing and repeating the flag salute and their slogan, "Do Your Duty."

A discussion on personal cleanliness was conducted by the president.

After the discussion, several suggestions were made as to the personal condition of each pupil. Finally it was decided that monitors or officers be appointed by the president to look after such things.

Bruce Hawkins was appointed Tooth Brush King for two weeks; Florence Clement, finger nail inspector; and Mary Eskra is monitor for the condition of the hair, that is, whether it is combed or not.

### EAST PLYMOUTH

Lemon Cocoa Butter

Wasn't it only the other day you said, "This weather is bad for the hands?" Well, you needn't let that worry you.

Lemon juice, as you know, is slightly astringent and splendid for the treatment of roughness; the cocoa butter is, of course, the best of all tissue builders. Combined they make the best possible skin treatment.

This lotion is also an excellent skin bleach.

## FIRST PRESBYTERIAN CHURCH

The Rev. J. J. Van Hee of Detroit, will supply the pulpit of the Presbyterian church next Sunday morning.

No Evening Service

Sunday-school at 11:30 o'clock.

Christian Endeavor at 6:00 o'clock.

### METHODIST NOTES

The Missionary Society met in the church parlors last Wednesday. After a delicious lunch at 12:30 p. m., Dr. Lendrum reviewed the chapter of the study book used by the Foreign Society, "Prayer and Missions." After the routine business, the third chapter of the Home Society study book, "Peasant Pioneers," was presented by Mrs. Clemens, Mrs. Doerr and Mrs. Thoma. At the conclusion of the afternoon program, the president, Mrs. Dickerson announced that Mrs. C. S. Sayles had been made a perpetual member of the home society.

The first annual get-together of the Booster Class, was held last Friday evening. The members enjoyed a delicious birthday supper, the table being beautifully decorated for the occasion, the center-piece being a large birthday cake with one candle. The reports show that the class has had a very successful year. The following officers were elected: President, Frank L. Barrows; vice president, William Meeker; second vice president, Arlo Soth; secretary, Mrs. W. D. McCollough; teacher, W. D. McCollough.

Our service Sunday evening was very unusual and intensely interesting. A group of young people, students at the U. of M., who had been delegates to the Students Conference at Evanston, Ill., December 28 to January 2, presented a report of the Conference. Miss Margaret Clemens, daughter of Mr. and Mrs. Levi Clemens, leader of the group, told of the purpose of the conference, and some of the outstanding resolutions adopted. Miss Helen Hiltnerman spoke of the personnel, the general atmosphere, and the efforts of the visitors who occupied the gallery to inject their ideas into the arguments. The opinion prevailed, she said, that here in America there is no cause for a youth movement as in Europe. Mr. Sullivan made a very earnest plea for the outlawry of war, and our entrance into the World Court, and Mrs. DeGraef brought a challenge to the congregation to stand by the youth.

A large and enthusiastic congregation greeted the young people. The special music for the evening was a duet by Mrs. Savory and Mr. Allen, and a violin solo by Mainard Larkins.

### BAPTIST NOTES

Sunday morning, the pastor's sermon was on "Hope," Heb. 6:19, "The Christian Hope, Earthly Hope, Hope in Death, Hope of Heaven."

The men sang in a very acceptable way at the morning service. The pastor led the B. Y. P. U. Sunday evening the last half of the hour. Miss Doris Shackleton will lead the meeting next Sunday evening.

Rev. H. E. Sayles attended the Ministers' Conference at Pontiac, January 19 and 20, in the first Baptist church.

The prayer meeting last Wednesday evening, was at the home of Mr. and Mrs. Sewell Bennett on Starkweather avenue.

The Ladies' Aid Society postponed their annual meeting two weeks on account of sickness among the members. The meeting will take place in the basement of the church next Wednesday afternoon and evening, January 27. A pot-luck supper at 6:00 o'clock. All the church and congregation are urged to come and have a good time.

The Aid Society met last Monday at the home of Mrs. Murray on Plymouth road, for a special meeting, and tied several comforters.

Rev. R. E. Klenke will preach both morning and evening next Sunday. The pastor will be away.

### ANOTHER LECTURE AT PLYMOUTH BY THE I. B. S. A.

Another lecturer, H. E. Pincock of Brooklyn, N. Y., is scheduled for Plymouth, Friday afternoon and evening, January 22nd. Both lectures to be in Beyer's Hall, North Village. It is needless to say that the travelling representatives for this association are all men of ability, and have a wide experience in travelling from one end of the country to the other. A goodly number have travelled in Europe.

"The Highway of Life" will be the topic for the public in the evening at 7:30 o'clock. This will be a good time for those who have some of the society's literature, to come and get better acquainted therewith, and its local representatives. No collection.

### IN MEMORIAM

In loving memory of our dear mother, Mary Lyon, who left us one year ago, January 18, 1925. She was true and ever patient. Through the years she struggled on; those hands at rest forever. Made the home that now is gone. Sleep on, Dear Mother, and take your rest. God called you home, as He thought best. Sadly missed by her seven children and sister.

**AROUND ABOUT US**

Midford is contemplating the purchase of a new fire truck.

The Northville State Savings Bank will erect a handsome new bank building. Work on the new building is expected to start March 1st.

At a meeting of the directors of the Northville Wayne County Fair association held last Thursday night, Ernest Miller was elected treasurer of the society to succeed C. A. Ponsford who refused to re-election. The choice is a good one. The dates selected for the 1926 fair are September 21, 22, 23, 24, 25.—Northville Record.

Irving J. Ulrich has made arrangements whereby he will buy and distribute to his customers all the milk produced by the Grennan Jersey herd. Those familiar with conditions about the Grennan farm will realize readily

that Mr. Ulrich will thus be able to offer the public milk produced under the very highest sanitary conditions.—Northville Record.

The Bruce Products Corporation of Detroit has bought the old Borden Milk plant at Howell, a factory of steel, concrete and brick construction, with 50,000 square feet of floor space, located on the Ann Arbor railroad. The company was incorporated in 1920, and started production of metal cleaners in small quarters at Detroit. In 1923 the company removed to larger quarters, where in addition to metal cleaners it began the manufacture of buffs and polishing wheels.

Mount Clemens will spend \$40,000 in advertising the city during 1926. The Mt. Clemens Business Men's association has closed a drive for publicity funds, and it is expected that an appropriation might be made available from the general tax levy. "With a

network of good roads and three new bridges in sight for Clinton river, moneyed men of Mt. Clemens have a chance to do an unlimited amount of development that will reflect credit to themselves and the community," declared Secretary Waring of the association in closing the drive for funds.

**Today's Reflections**

The difference between harmless gossip and downright scandal depends on whether you tell it to someone or someone tells it to you.

There never was a pretty girl who would not be twice as pretty if she didn't know she was pretty.

We heard of a girl who broke her engagement with a young man because the doctor said he had "tobacco heart."

No girl wants a husband who has been damaged by smoke.

The Plymouth man who thinks his family keeps his nose on the grindstone ought to be thankful that it isn't an emery wheel.

Most every auto driver we're talked to around Plymouth, believes that a woman's place is on the side of the seat where the steering wheel isn't.

The reason some women wouldn't marry "the last man on earth," is because it wouldn't leave anybody to flirt with.

We have every reason to believe that Ma never would have had her hair bobbed, if Pa hadn't taken to smoking cigarettes.

A Plymouth woman may sweep and dust every now and then, but she

never looks like she meant business unless she has an old rag tied over her head.

We would like to hang a picture in our office of the old-time Plymouth man who used to think a girl's cheeks were that way because she was healthy.

A lot of people seem to have an idea that a newspaper publisher gets his money by stuffing his columns with free publicity.

A choir singer was murdered in New Jersey last week. Some people don't seem able to tell the difference between good and bad singing.

Another trouble with the world is that too many people are worrying over their lack of dollars, when they should be worrying over their lack of sense.

**CANTON CENTER**

Mr. and Mrs. Colburn Dennis attended the farewell supper given by Mr. and Mrs. Thomas White. About twenty attended. Mr. and Mrs. White will take up their new business at Ann Arbor, where they are moving.

Mr. and Mrs. Levi Schroder of Flint, spent the week-end with Mr. and Mrs. Harmon Schroder.

Mr. and Mrs. Walter Hesse and family of Ann Arbor, visited the latter's sister, Mrs. Louis Sommer, last Sunday.

Mr. and Mrs. Guy Fisher were callers at the Louis Sommer home Sunday.

Mr. and Mrs. Wm. Green entertained the former's mother and sister of Northville, Sunday.

Mr. and Mrs. Harmon Schroder, Mr. and Mrs. Owen Schroder and Mr. and Mrs. Levi Schroder called on Harmon Schroder's sister at Ann Arbor hospital, where she underwent an operation for appendicitis last week.

Mrs. Ben Schock and daughter are quite ill with pneumonia.

Mrs. Roy Wilkie has been quite ill.

Mr. and Mrs. Andrew Blake have taken their daughter to Ann Arbor hospital, for ear treatments.

About sixty attended the Canton Center Club held at Mr. and Mrs. Andrew Salts' Wednesday evening of last week. Honors were taken by Mrs. Charles Stevens, Mrs. Matt Everett, Mr. Hawk and Mr. Frank, and consultations were taken by Mrs. Luke Loscy and Louis Stevens. The ladies of the club served a pot-luck supper, and an enjoyable evening was spent by all. We thank Mr. and Mrs. Salts for their hospitality.

The Canton Center Pedro Club are planning on giving a toe social to be held at the Canton Center town hall, Saturday evening, January 30th. A well prepared program is also planned for one of the evening's entertainments. Ladies please furnish for pot-luck supper. Everyone is most cordially invited to attend, and we are sure you will have a good time.

Mr. and Mrs. Arthur Huston and Colburn Dennis attended the men's supper at Cherry Hill church Thursday evening.

Mrs. John Mock who has been quite ill, is some better at this writing.

Louis Sommer was a Detroit visitor, Saturday.

Alfred Mott has purchased a new Olds.

Jake Dingley and family had the misfortune to have their home burned Friday evening.

The Canton Center Pedro Club will meet at Mr. and Mrs. Charles Stevens' Wednesday evening, January 27.

Charles Stevens has rented the Ira Wilson & Son farm on the Canton Center road.

Mr. Kruger has rented the Ann Wilson farm on Cherry Hill road, formerly known as the Hicks place.

Mr. and Mrs. Ira Wilson, Mr. and Mrs. Charles Wilson and family and Miss Sarah Wilson of Detroit, left for Florida, Monday morning.

Edward Bulson has a new Ford sedan.

Louis, Lorraine and Harold Sommer are all suffering with severe colds.

E. Langworthy of Wayne, has sold his farm located on the Canton Center and Cherry Hill roads.

The community was greatly shocked on hearing of the death of Mrs. E. Langworthy, formerly of this place. Mr. Langworthy has the sympathy of his many friends.

Mrs. Milton Palmer left Wednesday morning for California.

Word has been received that Howard Palmer's son of California, is most seriously ill.

I, the undersigned, having been appointed by the Probate Court for the County of Wayne, State of Michigan, Commissioner to receive, examine and adjust all claims and demands of all persons against said deceased, do hereby give notice that I will meet at the Store of Gayde Bros. in Plymouth, Mich., in said County, on Saturday, the 13th day of March A. D. 1926, and on Thursday, the 13th day of May A. D. 1926, at two o'clock P. M. of each of said days, for the purpose of examining and allowing said claims, and that four months from the 13th day of January A. D. 1926, were allowed by said Court for creditors to present their claims to me for examination and allowance.

Dated, January 13th, 1926.

ALBERT GAYDE

**CHANCERY NOTICE**

**No. 129562**

STATE OF MICHIGAN, The Circuit Court for the County of Wayne, In Chancery.

Milo F. Corwin and Grace M. Corwin, his wife, Plaintiffs, vs. Henry H. W. Hopkins, Ebenezer Hopkins, Polly Hopkins, Allen P. Hubbard, Martinus L. Shotts, Alonzo Henry, Apollis Sweetland, Apollis Sweetland, Elijah P. Barlow, John Sweetland, Apollis Sweetland, William Cross and Gustavus Cross, or their unknown heirs, devisees, legatees and assigns, Defendants.

AT A SESSION OF SAID COURT, held at the Court Room thereof in the City of Detroit, said County and State, on the 30th day of December, A. D. 1925.

PRESENT: The Hon. Alfred J. Murphy, presiding circuit judge.

On reading and filing the Bill of Complaint in this cause, from which it satisfactorily appears to the Court that titles, interests, claims, liens or possible rights to the premises described in said Bill, and hereinafter described, which titles, interests, claims, liens or possible rights of said defendants, and each of them, if they ever had any validity, said plaintiffs aver to be barred by the quiet, peaceable, open, notorious, adverse, hostile, actual, undisturbed, exclusive and continuous possession of plaintiffs and their grantors for more than fifteen (15) years last past, and for more than fifteen (15) years since the several apparent rights to the possession thereof accrued in said respective defendants, which said possession has been, during all of said time, and still is, adverse and hostile to the titles, interests, claims, liens or possible rights of said respective defendants, and upon reading the affidavit of Milo F. Corwin, one of said plaintiffs, that it is not known and could not be ascertained after diligent search and inquiry whether their titles, interests, claims, liens or possible rights have been disposed of by will, and that it cannot be ascertained in what State or Country said defendants, or any of them, reside.

On motion of John L. Crandell, Attorney for plaintiffs, it is ordered, that Henry H. W. Hopkins, Ebenezer Hopkins, Polly Hopkins, Allen P. Hubbard, Martinus L. Shotts, Alonzo Henry, Apollis Sweetland, Apollis Sweetland, Elijah P. Barlow, John Sweetland, Apollis Sweetland, William Cross and Gustavus Cross, or their unknown heirs, devisees, legatees and assigns, and the unknown persons who are or may be entitled to claim under them, or any of them, cause their several appearances to be entered herein in the manner provided by law on or before THREE (3) MONTHS from the date hereof and that this Order be published or served as required by law.

ALFRED J. MURPHY,  
Circuit Judge.

A true copy  
Harold V. Raymond, Deputy Clerk.

SAID SUIT involves and is brought to quiet the title to the lands and premises described in said Bill of Complaint as follows:

Commencing at the northeast corner of Section eighteen (18), of Town two (2) South, of Range eight (8) East; running thence south, no degrees no minutes thirty seconds (0° 0' 30") east, three hundred fifty-one and forty-nine hundredths (351.49') feet to a point; thence south, thirty degrees fifty-eight minutes (30° 58') west, one thousand nine hundred seven and twenty-seven hundredths (1907.27') feet to a point; thence north, eighty-five degrees ten minutes (85° 10') west, three hundred fifty-one and one one hundredth (351.01') feet to a point; thence north, no degrees twenty-one minutes thirty seconds (0° 21' 30") east, eight hundred thirty-five and ninety-eight hundredths (835.98') feet to a point; thence north, no degrees twelve minutes thirty seconds (0° 12' 30") west, four hundred ninety-two and fifty-two hundredths (492.52') feet to a point; thence north, one degree seven minutes (1° 7') east, six hundred forty-six and thirty-five hundredths (646.35') feet to a point in the north line of said Section 18; thence south, eighty-nine degrees fourteen minutes forty seconds (89° 14' 40") east, one thousand three hundred fifteen and fifteen hundredths (1315.15') feet along said north line to the place of beginning, being the east half of the northeast quarter (E-½ of NE-¼) of Section 18, Town two (2) South, of Range eight (8) East, Canton Township, Wayne County, Michigan, containing forty-two and two hundred one thousandths (42.201-A) acres of land.

# Improved!

**A Type of Performance Never Before Obtained In Any Low Priced Car**

Thousands of people have already driven the Improved Chevrolet.

They know its new smoothness, new stamina, new swiftness of acceleration.

They know that in performance it completely dwarfs every Chevrolet achievement of the past and that it ranks as the finest Chevrolet in Chevrolet history.

And if you are one who has not yet been behind the wheel, you have more than a treat in store. You have yet to experience a type of performance never before offered in any low priced car.

A performance so effortless, so smooth, so powerful in every phase, that you will call it nothing short of a revelation!

Chevrolet's leadership has been based on giving quality at low cost. Now the Improved Chevrolet gives another reason for an even wider margin of leadership—performance the equal of which has heretofore been unattainable in the low price field.

Drive where you will—and as long as you like, through traffic, through sand, through mud, over hills—and over mountains, if you please. Expect something really new, really worthwhile, something really unique—and you will not be disappointed.

The Ford Motor Company, in all its divisions, produced a total of 2,103,588 cars, trucks, tractors and airplanes during 1925, according to figures just given out at the general offices of the Ford Motor Company. Exclusive of airplanes, which is a new industry with the company, this is an increase of 20,033 automotive units over 1924.

In the production of Ford cars and trucks during the year, domestic plants in the United States assembled 1,775,245. Foreign plants of the company produced 138,461 cars and trucks and the output of the Ford Motor Company of Canada, Ltd., totalled 79,289. Fordson tractor production was 104,168 and the Lincoln division of the company produced during the year a total of 8,415 Lincoln cars. In the newest division of the company, the airplane factory, the output was ten all-metal planes since the factory was acquired by the Company on August 1, 1925.

The remarkable output of Ford cars and trucks was reached in spite of the fact that for a period of more than thirty days during August and September domestic production was almost negligible due to the introduction of improved types. The same condition prevailed later on in the foreign assembly plants as the change to the improved cars were made in these places, some of which are just now getting into appreciable production with the improved types.
