FIFTIETH ANNIVERSARY

MICHIGAN TELEPHONE CO. CELEBRATES ITS SEMI-CENTENNIAL NEXT WEEK.

LOCAL OFFICE OBSERVES TWENTY-EIGHTH ANNIVERSARY.

"Old Timers" have been especially invited by Manager Roy E. Crowe of the Plymouth exchange of the Michigan Bell Telephone Company, to participate in the local observance of the fiftieth anniversary of the telephone. The forty-ninth anniversary of the service in Michigan, and the twenty-eighth anniversary of service in this community. Among the "old timers" and pioneer users of the service were: E. C. Hough, A. A. Taft, William Hoyt, Kate Allen, E. C. Leach, C. H. Rauch, J. R. Rauch, whose names appeared in the first list of subscribers to telephone service here.

The program marking the occasion will be held in the telephone central office at 784 Penulman avenue, commencing at two o'clock, next week Wednesday, March 10th, when visitors will be received by a local committee of telephone people, headed by Miss May Munn, chief operator. Other members of the committee are: Carl Stimpson, combination man; Miss Dorothea Spillman, evening chief operator; Miss Alice Leslie, operator, and Miss Helen Harnden, cashier.

Visitors to the telephone office will witness the actual operation of the service, the operation of the switchboards for the handling of local, rural and long distance messages, and the functioning of the intricate plant equipment. An average of 4,000 local and 350 toll or long distance telephone calls are handled from the Plymouth central office each twenty-four hours, meaning 130,500 per month, Manager Crowe states.

All telephone employees will wear, as a badge of the anniversary, a pin or button of blue on which will appear a telephone with the numerals "50" in white, superimposed over all.

Those subscribers who will be unable to visit the central office on Wednesday, March 10th, are invited by Manager Crowe to do so at any time. Open house in commemoration of the telephone's anniversary will continue throughout the remainder of the week, he states.

AUTOMOBILE THIEVES AT A DISADVANTAGE.

Few of the cars that are stolen belong to members of the Plymouth Branch of the Detroit Automobile Club, according to a statement by Secretary Raymond Bachelder today.

The statement is the result of an investigation made by the American Automobile Association, of which the local club is a prominent affiliation, showing that few club members have their cars stolen. Despite the fact that about one out of every fifteen car owners belongs to an automobile organization.

Mr. Bachelder explains that owing to the development of the local and national emergency road service to club members the thief who steals a member's car is immediately at a disadvantage.

Service to members is operated through a chain of garages and repair shops throughout the country, "he says." This conflicts with the thief's plans since it is the custom to store his loot in some garage where he thinks he will not be detected.

Unless he exercises extreme care in the selection of his "fence" when stealing a club member's car he is very apt to be caught by a club's official emergency road service station when he goes to store the car overnight or until he can arrange to complete his plans for the disposal of the loot.

When a club member loses his car his first thought is the motor club. Since the development of emergency road service, however, the club is in a position to render a new type of assistance by notifying all its officially appointed garages and service organizations. Even if the thief removes the club emblem these service companies have a full description of the car and are on the lookout for it.

Emergency service is national, through the A.A.A. and its affiliated clubs throughout the country, the check is effective whether the thief takes the car to another city or tries to hide it in the locality where it is owned.

LEAGUE OF WOMEN VOTERS MEETING POSTPONED.

The annual meeting of the League of Women Voters, which was to have been held Monday, March 8th, has been postponed until Monday, March 15th. The League will meet with Mrs. Phoebe Patterson. Time, 2:30.

MRS. W. T. CONNER PASSES AWAY

DEATH OF A PROMINENT AND VALUED RESIDENT OF THE VILLAGE CAUSES GREAT SORROW.

While not unexpected, the passing to the great beyond of Mrs. William T. Conner last Sunday afternoon caused universal expression of sorrow in the community. Mrs. Conner had been ill for several months. She was a lady greatly beloved by all who knew her, for her many excellent and kindly qualities, and she will be greatly missed in the circle of friends in which she moved.

At the funeral Wednesday afternoon the wealth of flowers contributed showed the esteem and consideration in which she was held. The services were conducted by Rev. Walter Nichol of the Presbyterian church, of which the deceased was a member, and were largely attended. Members of the village commission and village officers attended the funeral in a body, out of respect for Mr. Conner, who has been a member of the village council and also president of the village.

Nearly all stores in the village were closed during the funeral hour, from two to three o'clock.

Mary Katherine Wilcox Conner was born in Corunna, Michigan, May 17, 1865, and died February 28, 1926, at her home in Plymouth. She was the daughter of David B. and Ann E. Wilcox, and came with her parents from Detroit to Plymouth in 1870, and has lived here since that time. On February 24, 1886, she was united in marriage to William T. Conner. To this union two children were born, Hazel Katherine, now the wife of Maxwell J. Moon and Elizabeth Jane, now Mrs. Gardiner Tilton of Concord, N. H.

She is survived by her husband, two daughters, three grandchildren and three brothers, Clinton L., John C., and George H. Wilcox.

Mrs. Conner was a woman of noble character, beloved of all who knew her for her happy genial nature.

Among the out of town people attending the funeral, were: Frank Dunlap and Carol Adams of Detroit; Mr. and Mrs. Fred B. Wilcox and David Wilcox of Northville; Dewey Hawthorne and sister of Farmington; Mrs. Graves of Lansing; and Mr. and Mrs. Gardner Tilton of Concord, N. H.

NORTHVILLE THE CENTER OF HIGHWAY ACTIVITIES.

If nothing happens there are very good prospects that Northville will be the center of a whole lot of highway activity during the coming summer.

It is now an assured fact that the Northville-Plymouth road will be constructed and that the work on the new project will start early in the season. This will be a thirty foot pavement, and an effort may be made to have a boulevard system to connect the two towns. If this is not accomplished it is very likely that the highway will be lighted its entire length. This will be an improvement that all will appreciate and one that will add greatly to the attractiveness of the section through which it passes.

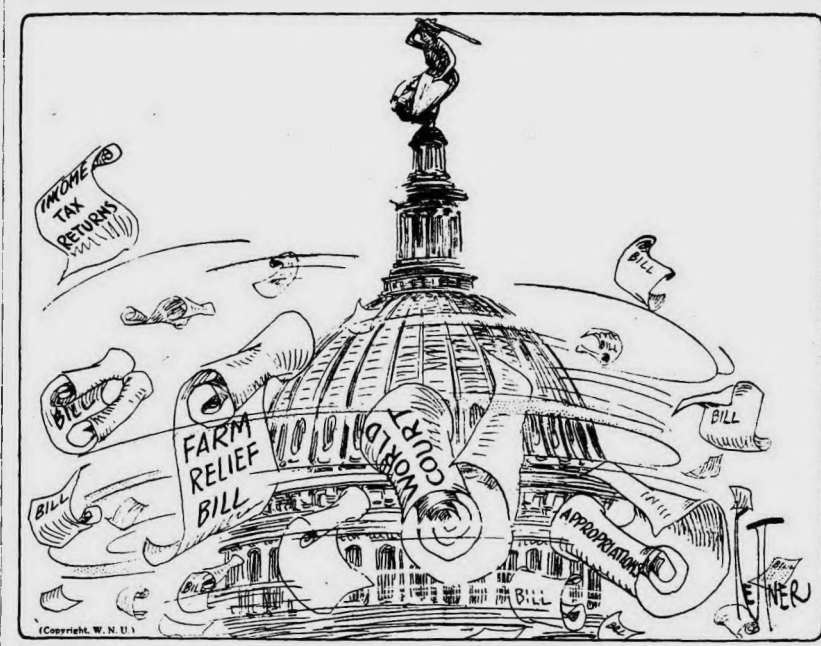

W. H. Maybury is working on a project to have the Base Line road paved to the Washtenaw county line, and he usually accomplishes any task to which he gives his attention. This will mean the paving of Randolph street, which will be an improvement that has long been needed.

Representatives of the township board have recently held conferences with the Wayne County Highway Commission, and it was agreed that the commission would take over the Seeley road, leading from the Fishery paved highway to the Thayer school and that they would also look after the Beck road and keep it in good condition. The commission has already taken over South Center street and the road has been scraped during the winter months.

It is believed that the Griswold road and the Base Line road extending from the end of the pavement on North Center street will also be paved this season. The Base Line road receives more heavy traffic than any other street in the village, and if that can be paved from North Center street to the Novi road, it will make a wonderful improvement. Committees are at work on these projects, and they are receiving cordial support and assistance from the township officials, and it is not too much to expect that these projects will be carried forward to a successful conclusion within a few months.—Northville Record.

Little Katherine, youngest child of Mr. and Mrs. Maxwell Moon, was taken to Harper hospital last Friday, and operated upon Saturday for mastoid. Both children, undergoing the same treatment, are doing nicely.

Whirl of March Winds

DEATH OF MRS. CHAS. MORGAN

Mrs. Charles Morgan passed away at her home on Church street, last week Saturday, after a short illness. Her funeral was conducted from Schrader Bros. Funeral Home, Monday afternoon, Dr. F. A. Lendrum of the M. E. church officiating. Her former pastor, Rev. D. D. Nagle, and Mrs. Nagle sang.

Sarah Gansolly was born in Canton township in 1867. She was married to Charles Morgan, August, 1879, and they came to Plymouth about fifteen years ago. To them three children were born, Hoesey, who died in 1918, Susie and George E., who with her husband survive. Mrs. Morgan was held in high esteem by all her friends, and her loyalty to her church was noted by all who knew her.

CELEBRATED 78TH BIRTHDAY

Mrs. John Krumm pleasantly passed her seventy-eighth birthday at her home on Ann Arbor street, last Sunday, February 28th. Late in the afternoon, her eight children and many of their families gathered at her home, bringing with them well filled lunch baskets, and at five o'clock a delicious dinner was served. One of the pleasing features of the dinner was a large birthday cake bearing 78 candles. American Beauty roses furnished the center piece. Forty guests were present, among them Mr. and Mrs. William Krumm and family of Highland Park; Mr. and Mrs. Bert Krumm and family of Farmington; Harmon Krumm and family and Mr. and Mrs. Bert Kehrl and children of Livonia; John Krumm of Waterford; Mrs. Emma Fisher and Mr. and Mrs. Frank Ray and two sons, Arthur and Irving, of this place. Mrs. Krumm received flowers and other gifts in remembrance of the occasion, and late in the evening the guests returned to their homes wishing her many more such pleasant occasions.

Register tomorrow, Saturday, March 6th.

VILLAGE ELECTION NEXT MONDAY

Monday brings again the annual village election. The voter will be handed four ballots. One will bear the names of the four candidates for the office of commissioner, selected at the primary last month. These names are: George H. Robinson, John W. Henderson, Arthur E. Blank and Henry Houdorp. Two of these men are to be elected to succeed Commissioners Hillmer and Wilcox, whose terms expire this spring.

The other three ballots are bonding questions. One is for the raising of \$23,000 to pay the village share of the sanitary sewers proposed for this season. One is for a \$25,000 bond to extend water mains and to put the water department on its feet. The other is for a \$10,500 bond for the village share of the expense of opening Gravel avenue through to Main street. These three projects are worthy ones, meriting the attention of all citizens interested in the growth and advance of Plymouth.

Don't forget to vote!
Polls open from 7:00 a. m. to 6:00 p. m.

A PLEASANT EVENT

On Tuesday evening, March 2nd, the home of Mr. and Mrs. Ernest Vealey was the scene of a very pleasant gathering when the couples named below helped them celebrate the tenth anniversary of their wedding: Mr. and Mrs. Frank Murray, Mr. and Mrs. Norman Miller, Mr. and Mrs. Harry Green, Mr. and Mrs. I. Inals, Mr. and Mrs. LeRoy Jewell, Mr. and Mrs. Will Kaiser. Cards and music furnished entertainment until twelve o'clock, when a delicious lunch was served. Mr. and Mrs. Vealey received many very nice gifts, also congratulations and best wishes for many more anniversaries. A coincidence without a parallel within recent years took place on this occasion—not a lady present had bobbed hair.

We Want To Hear From Former Plymouth Residents

The Mail is desirous of publishing an edition dedicated to those non-residents who have formerly lived in Plymouth. We mean by that that we want every person who has ever lived in Plymouth to send us a "personal communication," telling where they are living, what they are doing, about their family, the place in which they live, reminiscences of early days in Plymouth, etc.

In other places where this feature has been successfully carried out by the home paper, it has made a most interesting edition. Not only would a large number of letters from these non-residents be interesting to the home folks, but they would be of especial interest to those old home town friends, who like the writers themselves, are living elsewhere and would be glad to hear from their old friends, who were once upon a time residents of Plymouth. Send in your letters, the longer the better.

THE PLYMOUTH MAIL

MUNICIPAL NOTES

See the notice elsewhere about the election Monday. We wish more people would take an interest in these elections.

Two fires have called out our department as is noted by the Mail. Saturday afternoon the drivers were more than usually bothered by autos, which got in the way. Hereafter, if possible, an officer or two will be carried on the second truck, who will look after some of these offenders.

The village manager has furnished the Wayne county auditors with information about the village, which they want in compiling a manual of the governments making up our county.

Water users who have not paid their bills, which were due January 2nd, are now out of luck. The "man with the key" is busy, and "flow dry I am" will be a song frequently heard in the manager's office—only they won't be that polite about it. Really, though, there are very few out of the thirteen hundred consumers, who do not pay up within a reasonable time.

Remember the registration tomorrow, and the election, Monday.

We are getting several names in our list of those willing to guarantee our \$50,000 fee for out of town calls.

The contractor for our sewage disposal plant is engaged in unloading about twenty-two hundred tons of hard limestone from Waterville, Ohio, for the filling of the filter bed. The collecting conduits, the grid plates over these, on which the filter stone is piled, and the distributing piping is all done. We want to get all the stone in place before the thaws spoil the roads.

We are glad that we could be of assistance to our neighbor Northville again Monday night. Our big pump worked like a charm, but the condition of the hydrant to which it was hooked made it possible to pump only one big stream. One of our hose thread adapters enabled the Detroit Sea-graves pumper to attach to the Northville hydrant. Walled Lake would also have had to use our adapters if they had used their machine. The Detroit Free Press says we got there seven minutes after they sent the call to us.

The commission passed the following resolution Monday, which affects out of town consumers of our water department. Copies of this will be mailed to all out of town water users with their next bill:

WHEREAS, It has been understood for years that persons residing outside the corporate limits of the village of Plymouth, who are consumers of water from the mains belonging to the village of Plymouth, should not use said water for sprinkling, washing cars, or for any other purposes than those usually termed domestic uses.

WHEREAS, This understanding has not been made a matter of official record previous to this time.

THEREFORE, BE IT RESOLVED, That hereafter no water from the mains belonging to the village of Plymouth shall be used outside the corporate limits of said village for any other purposes than domestic purposes, and in no case shall such water be used for sprinkling, washing cars or any other similar purposes, unless by express permission from the commission of the village of Plymouth.

BE IT FURTHER RESOLVED, That any person, firm or corporation, violating the provisions of the foregoing resolution, shall be liable to have all water service immediately discontinued.

Don't forget to vote Monday.

CELEBRATED TWENTY-EIGHTH WEDDING ANNIVERSARY

Mr. and Mrs. Henry Cort celebrated their twenty-eighth wedding anniversary, with a number of Southfield friends last Monday evening, February 22nd, at their home on Malvern avenue, Redford. A pleasant evening was spent by card playing and old-fashion dances. Accordion music was furnished by the Teshka boys. A light lunch of ice cream and cake, was served. Among the guests were: Mr. and Mrs. Wm. Bell and family, Mr. and Mrs. Harry Miller, Mr. and Mrs. Oscar Miller and family, Mr. and Mrs. Clyde Gass, Mr. and Mrs. Richard Sperling and family, Mr. and Mrs. John Brooks and family, Mr. and Mrs. Albert Jacobs and family, Mr. and Mrs. Grover Place and family and Mrs. Anna Crofts.

JUNIOR GIRLS' PLAY AT ANN ARBOR

PLYMOUTH REPRESENTED IN THE CAST BY MISS GLADYS SCHRADER.

Plymouth is well represented in the 22nd annual junior girls' play to be given from March 23 to 27, at the Whitney theatre, Ann Arbor. Gladys M. Schrader is a member of the "Red Head Chorus," which promises to be one of the leading attractions of the production. Besides taking part in the play, Miss Schrader has composed a large share of the music which has been put to the lyrics also composed by junior members.

Junior women at the University of Michigan are working hard to make "Becky Bohave," "Becky Bohave" is the 22nd annual production of the junior women, and will be presented at the Whitney theatre, Ann Arbor, from March 23 to 27.

The play, a musical comedy, and typically "collegiate," was written by Margaret Lord of Owosso. Both scenes are laid in Ann Arbor, the first in a bookstore on the campus, and the second in the garden of a fraternity home during the evening of a formal party.

Becky, the heroine of the story, is a typical "coed," full of pep and a go-getter, who runs the book store. More than 100 girls will take part.

A new feature of the play this year will be "Alumnae Night," March 27. Former Michigan students are especially invited to witness this performance. Sororities and dormitories are co-operating with the class in establishing this new tradition for the play by entertaining their alumnae members at weekend parties and attending the Junior Girls' play in groups. The Women's League of the University is providing overnight accommodations for guests desiring to stay over the weekend.

Miss Amy Loomis of Grand Rapids, is directing the production. Phil Diamond of Ann Arbor, will lead the orchestra. Irene Field of Detroit, is general chairman.

SERIOUS FIRE AT NORTHVILLE

While the Plymouth village commission was in session Monday evening, a request was sent in by Northville for help in putting out a fire that was threatening to destroy a large part of that village. Within seven minutes after this request was received, the Plymouth fire truck was in Northville throwing a stream of water on the fire. It was a surprising feat, and our boys won great admiration from Northville citizens for their promptness.

The fire originated in Nelson Schrader's garage, totally destroying the same, with contents, consisting of horse and several automobiles. The flames spread to the neighboring residence of Mrs. Lily Terrill and also to the two-family apartment house of Mrs. Lizale Harger, both of which were destroyed. Mr. Schrader's house narrowly escaped destruction, as did other residences nearby. At one time it was feared the whole block would go.

The loss will reach in the neighborhood of \$60,000. Fire trucks were there from Redford and Walled Lake. The origin of the fire seems to be unknown.

FARMERS PLANTING EVERGREEN TREES

ORDER 300,000 SEEDLINGS FROM M. S. C. FORESTRY DEPARTMENT FOR SPRING.

Michigan farmers will plant more than 300,000 seedlings trees in their woodlots this spring, this number having already been ordered from the forestry department at the Michigan State College.

The majority of the trees ordered are pines, spruces and walnuts, according to a check of the college order books. They will be used for woodland planting and reforestation work. It is estimated by Prof. A. K. Chittenden, head of the M. S. C. forestry department, that the number of seedlings to be distributed will be enough to reforest about 4,000 acres.

The trees are sent out to farmers at cost from the college forest nursery. Orders have grown so in recent years that the number of seedlings distributed in this way is said to be limited only by the capacity of the nursery to furnish stock.

USELESS THRIFT

We read in a daily paper a few days ago of an Ohio man who died recently after living for 55 years on a small farm. In settling his estate it was found he had \$2,900 deposited in the bank, and \$80,000 in cash held in fruit cans and secreted about his home.

Here is a man, who, from every indication, was frugal, industrious, intelligent and thrifty. He had to have these qualities to accumulate that amount of money on a small farm remote from the city and in a section where opportunities were few. Yet, because he did not trust his fellowmen, almost \$40 of every dollar he had was idle, when it could have been earning interest for him. In fact, that \$80,000 deposited in an Ohio savings bank paying 6 per cent would have brought him an income of \$4,800 a year, or more than he could have earned in any year by hard-work on his farm.

He was, in a way, like a number of people we know around Plymouth. He couldn't be called a miser, because he did have a small bank account, but he was a poor business man in that he did not realize the earning power of money. He put it away where it would not grow and reproduce; he deprived himself of the enjoyment of his savings. Then he died without having derived a penny's worth of benefit from it. Here is as strong an argument in favor of starting a savings account as we have ever come across, and we hope and trust it will impress those who read this article the same way it has impressed us.

A GOOD EXAMPLE

A man named Neff was tried in an Oklahoma court recently on a charge of reckless driving. He drove his car into another one and he killed a man, and the jury, refusing to be swayed by sentimental bunk, found him guilty. The judge sentenced him to twelve years in the penitentiary. Twelve years is a long time, but think how long his victim will be dead. An automobile is just as dangerous as an automatic pistol, when in the hands of a reckless driver, and it can kill just as quickly. We know that a jury of Plymouth men would not acquit the reckless pistol user who killed another—and we believe the time is fast approaching when they will mete out heavy punishment to auto drivers who slay through recklessness. The Oklahoma jury that agreed that Neff is a bad kind of citizen to be driving the highways, has set a good example for other juries.

LOOKING AHEAD

The state of New Jersey has gone into the nursery business, supplying its citizens with small trees at actual cost, to be used in replacing those being cut down, and also for planting on acres that cannot very well be cultivated. Here is a good idea, and now that planting season is so close, maybe a lot of citizens around Plymouth can profit by the suggestion. It doesn't require much time to plant a few small trees here and there about the yard, or farm, and they are still easily and cheaply obtained. They may not afford much actual benefit to the one who plants them now, but they will prove a godsend in the years to come. Why not, in making plans for this year's gardens or crops also arrange to set out a few trees? It will prove the stitch in time that future generations will have cause to thank you for.

THE FOOD COMBINE

Unless all signs fail the year 1926 is going into history as the one in which the American people fell into the hands of big monopolies. Once, as older citizens of Plymouth will recall, we referred to them as "trusts." Now they go under the more dignified name of "mergers"—but they are just the same under the skin. The

latest is a gigantic bread trust, a combination of scores of the largest baking institutions in the United States. And right on its heels comes a \$200,000,000 corporation to merge the chain stores of the nation, so as to shut out competition in still another field. Both of these combines show that slowly but surely the small business man of this country is being strangled. Gradually they are reaching out from the cities and entering the small towns. It is not hard to forecast the result. Sooner or later the general public may be deprived of competition—one of its greatest protections—and be robbed of that to which every young man in America is entitled—the opportunity to succeed in his own business, no matter what line he may choose to enter.

NEW FARM CAMPAIGNS START IN COUNTIES

CROPS, DAIRY AND FERTILIZER SUBJECTS TO BE HIT DURING M. S. C. DRIVES.

A series of intensive county agricultural campaigns, following up similar work carried on in many counties of the state in previous years, will be held this spring, according to a schedule just given out by the extension staff at the Michigan State College.

Starting in Jackson county on March 8th, the campaign teams from the college will reach Barry, Mecosta, St. Clair, Newaygo, Wexford and Otsego counties before the last drive ends on May 14th. The campaigns will be of the popular "barnyard" type, small local meetings being held at many points scattered over the county which is being covered. This type of campaign, with a week or two given over to the intensive work in each county, has proved unusually effective. Farmers have to travel only a short distance to reach a meeting, and they can go in their "work clothes."

More than a third of the counties of Michigan have already had the benefits of the "barnyard" campaign work. Definite improvement in agricultural conditions and practices is said to follow the lessons of the campaigns in the districts reached.

The Jackson county drive will feature alfalfa and fertilizer subjects, from March 8 to 19. Other counties, with their dates and the subjects to be taken up are: Barry, March 15 to 26, dairy and alfalfa; Mecosta, March 23 to April 2, dairy and alfalfa; St. Clair, March 29 to April 2, dairy and alfalfa; Newaygo, April 12 to 16, dairy and alfalfa; Wexford, April 12 to 16, alfalfa; Otsego, May 11 to 14, dairy and alfalfa.

Special soils campaigns of a similar nature have been held during February in Monroe, Saginaw and Livingston counties, with others booked for St. Clair and Huron during March.

Painting or Decorating

Don't give it to the first one who comes along, but think it over first. Think who gives you the best service, who is reliable, and above all who is honest in his dealings.

Just think, if your house is painted this year, and it goes bad. You don't want it painted over next year. Also in decorating, there are not many skilled decorators in the whole country.

As the demand for more artistic wall treatment develops—irregular paneling, applique work, etc.—the real wallpaper artisans will again come into their own. There will be a demand for skillful and ingenious work which does not now exist generally.

We can boost ourselves, that we have lots of experience. We made a lot of customers in the few years we have been in business.

Our new wallpaper sample books, I am sure, will be in your home. Look them over carefully, the prices are on the back of each sample. And now let us serve you.

THE THEATRE

"STOP, LOOK AND LISTEN"

An American cartoonist and humorist immortalized the line. "It may be comedy to some folks, but it's tragedy to me."

Paradoxically, comedy often times has tragedy as its base. In Larry Semon's newest feature comedy, "Stop, Look and Listen," coming to the Penniman Allen theatre, Saturday, March 6th, much of the humor has as its background the misfortunes of a stranded musical comedy road show, and the troubles of a small town bank clerk who was taken for a bank robber.

"Stop, Look and Listen," which is Larry Semon's first comedy under his new Pathe contract, is said by those who have seen it to be more than an adequate successor to his "The Wizard of Oz." The film story is Semon's own version of Charles Dillingham's musical comedy of the same title. Pretty and petite Dorothy Dwan plays the feminine lead, and others in the cast are Mary Carr, Bull Montana, Lionel Belmore, William Gillespie and Joseph Swickard.

"A DOG'S LIFE"
A derby hat.
Baggy trousers.
Tight waistcoat.
Spread-eagle shoes.
Trick cane.

They'll all be at the Penniman Allen theatre, Saturday, March 6th. Of course they could belong to none other than the world's greatest comedian, Charlie Chaplin.

The title of the picture is "A Dog's Life," and it deals in a screamingly funny way with the efforts of Charlie as a vagabond to get himself a farm, a wife and something to eat once in a while. That he eventually succeeds is due in no small part to a mongrel pup, also a vagabond, who shares Charlie's gravel mattress in a vacant lot and who eats when Charlie eats. Charlie and the dog don't look so prosperous, but they do not hesitate to enter a dance hall and join in the festivities. Charlie opines that the owners can't do any more than throw them out. This they do, but the two boon companions come back with a vengeance and Charlie flashes a bankroll, which the dog unearths in a vacant lot, that is gazed upon with wondrous eyes.

"LITTLE ANNIE ROONEY"
The saucy, mischievous imp who is beloved by millions throughout the world, is back on the silver screen.

Mary Pickford has forsaken the ruffled laces and bejeweled gowns of costume plays, and has returned to the type of role that made her famous.

"The World's Sweetheart" is again the curly haired, frank playing, impetuous Irish lassie in "Little Annie Rooney," her latest United Artists Corporation photoplay, which comes to the Penniman Allen theatre, Sunday and Monday, March 7 and 8.

"Little Annie Rooney" starts with a fight and ends with a fight. In between are laughs galore, a rear or two, much suspense and many heart throbs. It's an ideal story for Mary Pickford and her characterization of Little Annie is one of genuine artistry, played as no other actress could play it.

The story is one of the stunts of New York, an epic of those crowded, musty thoroughfares on the East Side, where men, women and children in motley array swarm like ants in an ant hill.

Little Annie is one of a million there. She is the leader of a gang of boys, which is continually getting into battles with a rival gang.

While still a child Annie is plunged into a maelstrom of dramatic incidents that first sober the impulsive girl, then bring out the heroic qualities so often found in children of the slums.

"Little Annie Rooney" is from the original story by Katherine Hennessy. The title is familiar through the old-time song of that name, but there has never been a book nor a story of "Little Annie Rooney."

William Beaudine, who was a property boy at the old Biograph studio in the day when Miss Pickford was an extra there, directed the picture.

A notable cast, including William Haines, Spec O'Donnell, Viola Vale, Eugene Jackson, Carlo Schipa, Gordon Griffith, Walter James, Hugh Fay and many others are seen in support of Miss Pickford.

"Little Annie Rooney" is declared to be Miss Pickford's best picture in her eventful screen career. It is the type of picture which should please everyone, has been given a sumptuous production and the photoplay by Charles Rosher and Hall Mohr is beautiful throughout.

The coming of "Little Annie Rooney" is an event of magnitude in the present theatrical season.

THE SPLENDID CRIME
"The Splendid Crime," which comes to the Penniman Allen theatre, Wednesday and Thursday, March 10 and 11, offers the rare combination of an unusually interesting story and a popular star.

It was written as well as produced by William de Mille, the noted Paramount director, who turned author again after a lapse of several years, and serves as a starring vehicle for Bebe Daniels. As the title suggests, the plot has a crook theme, but Mr. de Mille is said to have treated it from a serio-comic angle, so that the picture is a fifty-fifty affair, in which

action and comedy vie with drama and suspense.

Miss Daniels' role is that of a quaint, self-reliant girl, who has been brought up in an environment of poverty and crime. An unpleasant encounter with the police leads her to reflect on the advantages of honesty, and she announces her intention to go straight. However, her two companions, her foster father and his crook accomplice, persuade her to help them pull off just one more job in a house on Park avenue.

The house is the home of Nell Hamilton and his sister, Anne Cornwall, two happy, carefree youngsters, whose fortunes are dwindling rapidly, but who drift along in a gay, jazz fashion. Hamilton catches Bebe in the act of robbing his safe, but is so intrigued by her vivid personality that he lets her go on her promise to reform.

Bebe's experiences as a dressmaker apprentice, her second meeting with Hamilton who becomes bankrupt, and her sacrifice to save him from his own folly are amusingly and vividly depicted. Besides those already mentioned, the cast includes Anthony Jowitt, Fred Walton, Josephine Crowell, Lloyd Corrigan and Mickey McBan.

FERRINSVILLE P. T. A. ENJOYS PARTY.

March 10th Fiftieth Our Birthday!

And an Invitation to Inspect the Wonders of Your Telephone Exchange

Fifty years ago, on March 10th, for the first time in the history of the country, was the human voice transmitted by means of electrical impulses.

Fifty years ago, over a single wire and a "peculiar contraption" Alexander Bell carried on this first conversation, and his first words "Come here" still echo throughout the world.

The world marvelled at this phenomenal invention, for it was then that was born our telephone system of today.

The strides that this service has made from so humble a beginning are far greater than is ordinarily conceived. From two telephones connected with a single wire it has grown into millions of telephones, with a network of wires running into central distributing exchanges connecting

the whole land into one great community.

Today, your neighbor is only as far as your telephone. He may be only a stone's throw away, or he may be in a far off city, yet your telephone brings him at arms length. Day or night, whenever you please, your telephone places you in communication with loved ones, friends or business associates.

In our own state, the Michigan Bell Telephone System has more than half a million telephones, connecting with 125,000 telephones of other companies in Michigan and 16,000,000 telephones in the country. More than three million calls per day are completed in Michigan. Many men and women are employed constantly to give quick and efficient telephone communication. That has been the growth of your telephone service.

BUILD JUDSON
WOOD Lumber Company
"Lumber Specialists"
Plymouth, Mich. Phone 301 F-22

Dear Friend:

Wood—Mother Nature's building material.

Made in her great forests, seasoned by the elements, durable and long lasting. For centuries man has built of wood and it still serves him as his greatest aid in home construction.

Beauty, impossible in man-made substitutes, adaptability to any architectural design or treatment, and economy, a minimum of waste because it is easily worked. Build your home of wood for that feeling of hospitality and cheerfulness that only a real home can have.

For years the men in our organization worked with it, lived with it, and we understand its possibilities and also its limitations. We have had years of experience in home construction—in modern parlance—"we know our stuff."

Whenever you have a building problem, bring it to our office. Although we're specialists, there is no consulting fee and we are sure our advice will be of help to you.

Yours truly,

Mr. and Mrs. Adolph Keirl and son of Plymouth, were Monday evening callers at the R. Keirl home.

Mrs. Orville Dudley of Redford, visited her parents, Mr. and Mrs. R. Keirl, Monday.

The Federated church will hold their March Church Night on Wednesday, the 10th inst. The speaker of the evening will be Prof. Edward Quackenbush, principal of two of the grade schools of Highland Park. In addition to his address, there will be other features on the program. The supper is to be "ham and eggs," and will be served for the customary price of 35c for adults and 25c for children. Serving of the supper will be started at 6:30. Everyone in the vicinity is invited to attend the Federated Church Nights. They are held with the idea of fostering and developing a worthwhile community spirit.

On last Wednesday, February 24th, Salem was occupied with a tragic event. John McDowell, father of Mrs. Clifford Crockett, principal of the Salem school, was instantly killed in an automobile accident that occurred on the cement road near the Detroit Sanatorium. Mr. McDowell, an employee of the sanatorium, together with another employee, had towed a marooned car out of a snow bank with one of the sanatorium trucks. He had gone between the truck and the car to unfasten the tow rope, when the driver of the car inadvertently caused the car to go forward with such force that Mr. McDowell was crushed against the truck, and he never regained consciousness, and died in a short while. The body was taken to Detroit for an inquest, and then to the family home at Pittsford, Michigan. The funeral was held on Saturday.

The Salem Sisters enjoyed their monthly meeting at the home of Mrs. Glenn Burnham and her mother, Mrs. Bradley, last Wednesday, February 24. Eighteen ladies were present. The morning hour was occupied with studying the interpretation of different victrola records, and in demonstrating some children's games. After a splendid dinner and social time, Mrs. Johnson instructed us in regard to the best finish for our kitchen walls, woodwork and floors. She also discussed the different types of floor coverings and the best way to care for them. She made the subject of kitchen curtains and the brightening of our kitchens (where we spent 70% of our time) quite interesting. We all pronounced the lesson very helpful, and we certainly appreciate Mrs. Johnson's work with us. The meeting closed with a "sing," using the requested songs.

Remember the Men's Supper at Grange Hall, tonight, Friday, March 5th. Free dancing, peanut stand, quilt, guessing and fishpond. Prizes given.

SIX STATES AMONG

POULTRY LEADERS

Six states are included among the leaders in the international egg laying contest at the Michigan State College in a report issued at the end of the first four months of the year's test.

White leghorns from the Hanson Poultry Farm, Corvallis, Oregon, stand high in the contest, with 904 eggs for ten hens in their first four months. Other leaders in the different divisions of the contest are from Michigan, North Carolina, New York, Missouri and Alberta, Canada.

One hundred pens of ten birds each are competing for honors in test, which provides valuable data on production efficiency in the poultry industry.

Picked Up About Town

There are several things in life to be thankful for, and one of them is that the air investigation is over.

"The trouble with a good many people," declares Dad Plymouth "is they think the invitation to lean on the Lord is intended solely for the lazy instead of the weary."

Dad Plymouth says that two-faced people are generally accepted at the value of the worst fact.

"They may call them beauty parlors," says Dad Plymouth, "but when some girls come out of them they look more like they'd been in a place where they make up circus clowns."

Wise is the man who has learned that popularity consists in listening to the other fellow's troubles instead of telling his own.

They can criticize George Washington all they want to, but they can't change all of the streets that are named for him.

Dad Plymouth is authority for the statement that the modern wife knows more about vanity cases than she does about market baskets.

BAPTIST NOTES

The pastor's sermon was to laymen last Sunday morning, the text being taken from Acts 10:2.
 The Lord's Supper was observed at the close of the morning service. We are to continue this service until its return, 1 Cor. 11:26.
 There was no evening service at the church last Sunday, to give an opportunity for those who would enjoy the revival meetings at the Baptist church at Northville. Several cars drove over and found the church full and a good service. The meetings continue this week.
 The prayer meeting was held on Wednesday evening this week, instead of Thursday. The choir rehearsal was after the prayer meeting. Both were held in the church.

METHODIST NOTES

About fifty fans from Strathmoor accompanied their basket ball team to Plymouth, Monday evening, fully expecting to carry home the "joy of victory" at least, but they were disappointed. Our boys had an opportunity to play and they did. The conclusion might have been worse, but they had some consideration for the feelings of their former pastor, Rev. Nagle, who accompanied his team and satisfied themselves with a victory of 18 to 0. Miss Helen Cummings of Bay City, a student at Ypsilanti Normal, spent the week-end at the parsonage.

Tuesday evening, the official board and their families, numbering about forty, met in the dining room, where they enjoyed a delicious pot-luck supper, after which the general routine business of the board was disposed of and plans for the Lenten season considered.

The choir will practice Saturday evening at 7:00 o'clock. A full attendance is urged.

A men's choir will furnish music for the evening service next Sunday.

The Woman's Missionary Society will meet next Wednesday afternoon with Mrs. Nash on Ann Arbor street.

Next Sunday will be the beginning of the Sunday-school contest with Northville. The purpose of the contest is not to build up numbers, but to establish the spirit of loyalty in every member, but the percentage of the enrollment in attendance will be the basis for the "count."

CATHOLIC NOTES

All enjoyed the lovely sermon given by Fr. Lefevre on Sunday last. Subject taken from the gospel of Matthew 17:14. "Lord it is good for us to be here."

All are urged to attend the devotions on Tuesday and Friday evenings during Lent. On Tuesday evening, rosary and benediction. On Friday evening, "The Way of the Cross," followed by benediction of the blessed sacrament.

The last meeting of the Altar Society held at the home of Mrs. M. Mertens was well attended, about twenty-five ladies being present. After the business meeting, the ladies enjoyed themselves with cards. The honors went to Mrs. C. Finlan, Mrs. H. H. Maskell, Mrs. S. Defer and Mrs. W. J. LeDuc. A dainty lunch was served. The next meeting will be held at the home of Mrs. C. Mertens, Wednesday, March 10th.

The next evening card party will be given by Mr. and Mrs. Peter Miller at their home on Ann Arbor east. Date to be announced later.

Preparations are about completed for the big affair on St. Patrick's Day, Wednesday, March 17th, at the Penniman Allen ball room. The various committees have spared no efforts to make this one of the biggest and best ever held in Plymouth. There will be old and new dances, besides a special program has been prepared, consisting of vocal numbers, professional fancy dancers and others. Full details next week. The following members have the affair in charge: General chairman, Mrs. Jos. F. Rousseau. Music and entertainment—Mrs. J. F. Rousseau, Miss Phyllis LeDuc, J. T. Morrison, T. Mullaney, P. Koss. Decorations—Mr. and Mrs. H. H. Maskell, Mr. and Mrs. C. Finlan, T. Levondowski, Harry Finlan, Ralph Lorenz. Favors—Mrs. Lehman, Mrs. H. Maskell, Mrs. J. Simpson. Tickets—Messrs. C. Finlan, J. Dugan, J. Koss. Lunch tickets—Peter Miller, J. Fitzpatrick. Refreshments—Mrs. Peter Miller in charge, assisted by Mesdames C. Finlan, Welzer, J. VanBonn, S. Defer, H. Corcoran, Strob, J. King, R. Rheiner, M. Mertens, Minthorn, M. Bund. Reception committee—Mrs. H. P. Lezotte, chairman, assisted by Mrs. H. Lehman, Harvey B. Fish, Mrs. H. H. Maskell, Miss Phyllis LeDuc, Miss Helen Fish. Floor committee—J. F. Rousseau, R. Lorenz, H. P. Lezotte, William LeDuc, H. Lehman, William Stremlich. The chairman wishes all would appoint themselves a committee of one to help this affair to be a banner one. Single admission, only \$1.00.

VILLAGE'S ADVANTAGES NUMEROUS, SAYS LEE

CHAMBER OF COMMERCE HEAD DECLARES ATTRACTIONS EXCEL THOSE IN CITY.

The village of Plymouth now has a population of 4,000 and is growing rapidly because of the fact that it offers advantages which cannot be obtained in any other locality about Detroit, according to H. S. Lee, president of the Plymouth Chamber of Commerce and president of the Lee Foundry & Machine Company.

"Plymouth is actually the center of the great district west of Detroit, and is indirectly in line with Detroit's greatest growth," he stated.

"The present population of Plymouth consists mainly of Detroit people who moved here in order to escape the disadvantages of city life. For years we have tried to prevent the further growth of our village, but when we saw that it was inevitable we decided to do what we could to control and guide that growth in order to make Plymouth a village of select homes in which every undesirable element would as far as possible, be eliminated. Plymouth offers the exact conditions of a superb country home with all the advantages the city can offer, and more.

"Here in Plymouth are fine homes far from the smoke and tumult of the city, where one can relax after the day's work, and where surroundings prepare one to meet the struggle of tomorrow with keener vision, clearer mind and steadier nerves. To live here in preference to the city is to add years to one's life," Lee added.

"Plymouth is modern and strictly alive with energy," he claimed. "We have an excellent fire department with the most modern equipment. We have an efficient police force of twelve men. We have two and five-eighths miles of paved streets, while the rest of the village thoroughfares are gravelled and oiled. The main streets are lighted by boulevard lights. Residence streets are overhung with maple and

REALTY BROKER PROVES HIS VALUE TO CLIENTS

WISE INVESTORS INSURE SAFETY THROUGH SERVICES OF EXPERT.

Those who are interested in real estate and making real estate investments from time to time should choose their own real estate broker, and one who specializes in the class of property they are most likely to be interested in, and retain him as they would their lawyer, physician, architect or banker, whose services can be very valuable to them.

On the other hand, there is nothing an able real estate broker appreciates more than a dependable client who depends upon him from time to time, not for the expressed purpose of making sales, but for advice on his investments in real estate, advises George N. Bailey, realtor broker.

Broker Keeps Posted

"The broker makes it his business to keep posted on conditions in districts where his client's investments are situated, and can always get first-hand information regarding any condition that may affect a certain neighborhood through various sources, among which are the brokers with whom he is working cooperatively almost continually and gets it much more accurately than could the client.

"It must be understood that the broker is today just as ready for consultation with his fellow broker as is the up-to-date physician in time of emergency," said Mr. Bailey.

"Many wise investors have employed their own brokers for many years especially in the larger cities, and find in many cases their services are almost indispensable. They depend upon their broker to keep them well informed of things that are likely to have an influence upon their investments, as well as opportunities for making additional investments.

"Very often fine investment opportunities are presented to the broker who, if able to turn quickly to a good client who has kept the broker well informed of his ability or desire to take advantage of such an opportunity, a very profitable transaction often results for both broker and client.

Knowledge Is Asset.

"In these days of specialization, owners or brokers of real estate can get no more valuable information than from a realtor broker whose chief asset is the knowledge of that particular district in which he specializes, and no more loyal business associate can be found than a reliable realty broker."

AROUND ABOUT US

The Milford Times reports that much real estate is changing hands in that vicinity.

After prowling around farm yards and making a general nuisance of himself, a 47 1/2-pound wolf was killed in Campaign Hills by William J. Netting of Rochester.

The first robin has been reported, but it remains for a Farmington citizen to spring the biggest surprise of the season. On Tuesday J. W. Cornair brought to the Enterprise office a cricket, which Mrs. Cornair found chirping and skipping in front of the Central Market.—Farmington Enterprise.

L. W. Lovewell, South Lyon resident, business man and auctioneer, has opened an office in that village for the business pertaining to the selling of live stock, wool and real estate, and

for the arranging of auction sales. Mr. Lovewell expects to make the selling of real estate a specialty in connection with his other business.

P. B. Whitbeck of Plymouth, who is supervisor of Plymouth township, paid a very fine tribute to Supervisor W. H. Yerkes during his address at the Masonic hall on Monday evening. He stated Mr. Yerkes was a member of the most important committee on the board of supervisors, and was held in high esteem by all his fellow members on the board.—Northville Record.

The hall of Northville Commandery, Knights Templar, was the scene of rather an unusual incident last week Tuesday night when the Otis brothers—Amos of Farmington and Henry of Detroit—presided at the ceremonies of conferring the Temple degree upon a candidate. Amos Otis is the present eminent commander of Northville Commandery and Henry Otis is past

eminent commander of Detroit Commandery, No. 1, whose officers had been invited to visit Northville for the purpose of conferring the degree.

The rapidly growing neighborhood at Farmington and Seven-Mile road is preparing to organize for community improvements and to boost for that locality as a desirable residence district. Many lots have been sold in the various subdivisions at that point and a number of fine homes have been erected. It will be the purpose of the new organization to let the world know of the many advantages there found.—Farmington Enterprise.

NEWBURG

Rev. Paul Havens took his text Sunday last, from St. John 1:42, "And he brought him to Jesus," making an earnest plea for all to evangelistic work during this Lenten season. Mrs. W. R. Geer's class of boys and Mrs. Clyde Smith's class of girls are memorizing the Ten Commandments and reciting them before the Sunday-school. The superintendent appointed Mesdames Havens, Greer and Clyde Smith to make arrangements for the Easter program. Epworth League meets at 6:30. Those who have attended the evening services this winter have listened to some splendid talks. However, none have been more interesting or instructive than the one given Sunday evening, by W. C. Wainman, president of the Detroit District Anti-saloon League. He is an able and forceful speaker, making one feel that the 18th amendment and the Volstead act are to stay and the saloon never to return.

Dr. Pittman, head of the Rural Education department of the State Normal at Ypsilanti, will speak in the church, Sunday evening, at 7:30. You will all want to hear this talented man. There will be good music as usual. Everyone welcome.

Don't fail to see the L. A. S. play, entitled, "The Deacon's Second Wife," given by home talent, Friday and Saturday evenings of this week, at the L. A. S. hall. Come and help in a good cause, and have a good laugh, as there are many funny situations. See cast of characters elsewhere in the Mail. It will be given under the direction of Mrs. James McNabb.

One might infer from last week's item in regard to the Epworth League banquet that a light lunch was served. It should have read, for dessert, sandwich ice cream and cake.

Mr. and Mrs. Thomas Wilson and family attended a party, held at the Grange hall, Plymouth, in honor of Mr. and Mrs. Harry Macomber, Mr. and Mrs. Lovelace Green, Mr. and Mrs. Clark Hearn, who were old neighbors of theirs when they lived on the Ed. Hinton farm.

We are glad to note that Mrs. Elden Gency and baby are convalescing from scarlet fever.

Mr. and Mrs. Elmer Campbell and little son, Milford Allen, of Detroit, visited Mr. and Mrs. James McNabb, recently.

Mrs. Hattie Shields spent last Wednesday with Mr. and Mrs. William Farley and Mrs. Everett in Plymouth.

Harry Luty of Detroit, spent Sunday at the parsonage.

L. Clemens, C. E. Ryder, Leigh Ryder and Clyde Smith attended a gardeners' meeting, held last Saturday afternoon at Belleville.

Quite a number from here attended the supper served by the men at Beech, Saturday evening. They sure are some cooks.

Edgar Stevens is quite ill at the present time.

Donald Ryder and William Wood of Plymouth, attended a banquet of the Life Insurance Underwriters of the district, at the Book-Cadillac hotel, Detroit, Monday evening. At this banquet it was the privilege of Mr. Ryder and Mr. Wood to listen to an address by Mansur B. Oaks of Indianapolis, Indiana, of the National Research and Review.

KINYON SCHOOL NOTES

We are sorry to lose the Bakhaus children, who have moved.

Several from here have been out of school on account of illness.

The Zone meeting for this month will be held at the Newburg school, March 6th.

The second graders have new Winston reading books.

Miss Corbett is planning to visit us some time this coming week.

Miss Cochrane visited the school on Wednesday.

Vincent Forshee has read and comprehended the largest number of words per minute recorded in our reading chart.

The fifth grade is nicely started in the study of decimals.

The fourth grade is studying fractions in arithmetic.

The eighth grade is studying the reconstruction of the south. They have just finished studying the Civil War.

Edsel Forshee has not been absent this school year.

We still have a little jello to sell. If you wish some, remember us. We are trying to earn money for a picture.

The social at the home of Mr. and Mrs. Cub Forshee was surely enjoyed by all who were present. Prizes were given for contests. A peanut race was put on for the children. A short program was given consisting of: Violin solo, Owen Williams; recitation, Alice Williams; piano solo, Avis Forshee; recitation, Edsel Forshee; music, Lee Eldred; recitation, Ethel Reitzke; piano solo, Mrs. Henry Root.

Next the caps were sold at auction. Many were fooled on the owners of caps, but we all enjoyed the fun. Sandwiches, pickles, jello, cake and coffee were served.

The intermediate grades have been studying the lives of some noted Americans.

Don't forget P. T. A. next week Tuesday, March 9th.

 DECEMBER 16, 1925
1,500,000

On March 22, 1923, Buick celebrated the building of the millionth Buick. Approximately eighteen years were consumed in the accomplishment.

On December 16, 1925, Buick reached the million and a half mark. A million Buicks in eighteen years—the next half million in two years and nine months.

At the present time, public demand calls for more than 20,000 Buicks every month. This means the next half million in the hands of Buick owners, within two years.

These bare figures tell a graphic story of Buick's continuous advance in public regard. The great acceleration of demand, at the present time, speaks strongly of the increased value and desirability in the Better Buick.

Leadership belongs to Buick because a nation familiar with many motor cars has given it to Buick.

The American public wants "finer transportation at lower cost", and Buick provides it!

March is a fitful, changeable sort of a month, but tradition tells us that those born in this month will know joy and comfort if they wear a bloodstone. LARGEST NUMBER OF CHEVROLETS BEING BUILT.

A greater number of automobiles is being built this month by the Chevrolet Motor Company than ever before was produced in a single month by any manufacturer of modern three speed gear shift cars.
 The schedule, which constitutes a new monthly record for Chevrolet, calls for more than 57,500 passenger cars and trucks. According to W. S. Knudsen, president and general manager of the company, this total is more than 14,000 greater than the production during March of 1925.
 To attain this record production, plant facilities were increased recently to a daily maximum of 2,525 motors the day and night shifts now averaging 135 motors per hour.
 The new high schedule for March follows a persistent, winter demand for Chevrolet cars, which necessitated a record January production of more than 44,000 units, three times the production during January of 1925. In February, Chevrolet production rose to 51,000, which was nearly twice the number of units built during the corresponding month of last year.

Today's Reflections

We know of but two things that depend entirely upon faith and love for their success. One is democracy and the other is hash.
 What the average Plymouth boy doesn't understand is why they have grownup people for judges of jam at the county fairs.
 Our guess is that King Tut had a mighty big funeral, if they were as long burying him as they are taking him out.
 A scientist has discovered a winged insect that eats tin. It must be the evolution of the horsefly.
 Any Plymouth man can tell you that a new seed catalogue and a warm kitchen stove are almost as good as summer itself.
 Uncle Sam is going to abolish rub alcohol. Pretty soon everybody in this country will be so dry their joints will creak.
 We read where an eastern club woman says this country needs more happy marriages. All right—let's pass some more laws.
 An auto driver in Plymouth can tell you that knocks under the hood are sometimes not as bad as knocks from the back seat.
 Maybe Luther Burbank became an infidel when he studied the carrot and tried to make himself believe it was ever intended to be used for food.
 We see where a Kansas woman carried a needle in her foot for eight years. That sounds more like the act of an absent-minded man.
