COMMENCEMENT WEEK IN PLYMOUTH SCHOOLS

Week's Activities Begin With Baccalaureate Sermon Next Sunday Evening, June 20.

Thirty-Three Boys and Girls Will Graduate From the Local Schools this Year.

Commencement week activities in the Plymouth schools will begin with the Baccalaureate sermon at the High school auditorium, next Sunday evening June 20th, at 8:00 o'clock.

Class Day The class day exercises will take place at the High school auditorium, on Tuesday evening, June 22, at 8:00 o'clock.

Commencement The commencement exercises will occur on Thursday evening, June 24th, at 8:00 o'clock, at the High school auditorium, at which time thirty-three boys and girls will receive diplomas.

Alumni Banquet June 25th The Alumni banquet will be held Friday evening, June 25th. A very short program has been planned for this year; also a social hour afterwards.

GARDEN PARTY A garden party will be given by the Livonia Community church, at Coventry Gardens, at Farmington and Five-Mile roads, on Saturday afternoon and evening, June 19th.

ELECT NEW OFFICERS At the last regular meeting of Ottawa Tribe, No. 7, Improved Order of Redmen, the following officers were elected:

WILL OPEN NEW SUBDIVISION The E. G. Settle Realty Co. of Detroit announce the opening of their new subdivision, Burroughs Fruit Farms on the Five-Mile road, two blocks east of Phoenix Park and lake, just outside the village limits.

WILL CLOSE WEDNESDAY AFTERNOONS, BEGINNING JUNE 30TH. On another page of the Mail today will be found an advertisement, announcing the closing of many of our business places on Wednesday afternoons, beginning Wednesday, June 30th, and continuing during the months of July and August.

ANN ARBOR ROAD OPENS TODAY The Plymouth road between Plymouth and Ann Arbor, which is now all concrete, was opened to traffic today, Friday, June 18th.

AGED CANTON LADY DIES Mrs. J. C. Knapp died at her home in Canton township, Monday morning, at the age of nearly 81 years.

EX-SERVICE MEN There are many ex-service men in the vicinity of Plymouth who are no doubt contemplating, or at least desiring, to take the trip to France in 1927.

INSTALLING Big Hortonsphere at Local Gas Plant The Federated Utilities, Inc. has recently contracted with the Chicago Bridge & Iron Works, for the installation of a 100,000 cubic foot Hortonsphere in the gas distribution system.

LOCAL NEWS Mrs. Charles Olds is visiting her daughter, Mrs. Earl Stevens, in Detroit, this week.

RHEINER-MCCRUM A very pleasant occasion was the wedding at the home of Mr. and Mrs. W. J. McCrum on Golden road, last Tuesday evening, June 15, at 8:30 o'clock when their daughter, Miss Violet, was united in marriage to Theodore Rheiner, both of Plymouth.

Summer Arrives

LOCAL NEWS

Mrs. William Arscot and daughter, Ethel, of Rogers City, are visiting the former's sister, Mrs. William Petz.

Ret. J. G. Peters and family of Radnor, Ohio, visited his sister, Mrs. Floyd Sherman, Tuesday.

Mr. and Mrs. C. H. Rauch attended the wedding, Tuesday, at Grand Rapids, of Miss Norma Judson, a former teacher in the Plymouth schools, to Lloyd Patton of that city.

RHEINER-MCCRUM

A very pleasant occasion was the wedding at the home of Mr. and Mrs. W. J. McCrum on Golden road, last Tuesday evening, June 15, at 8:30 o'clock when their daughter, Miss Violet, was united in marriage to Theodore Rheiner, both of Plymouth.

As Mrs. George Carey, sister of the bride, played the Mendelssohn wedding march, the wedding party of six came down the stairs, following the pastor.

The bride was gowned in white crepe de chine, and wore a bridal veil with orange blossoms, and carried a shower bouquet of roses and violets.

Mr. Rheiner is a young business man in Plymouth, dealing in electrical supplies. The bride has been with her brother in the Delaune Music store for some time.

INVITED TO COLLEGE CLASS REUNION AT MAMMOTH CAVE. Dr. Carl F. January of Plymouth, has received an invitation to attend a unique reunion of his osteopathic college class at Mammoth Cave, Ky., on July 3.

This reunion will be one of the social features in connection with the International Osteopathic convention which meets in Louisville the latter part of June and early July.

Many osteopathic college classes are arranging reunions at one or another of the countless spots of beauty or historic interest in and about Louisville, such as Lincoln's birthplace, and the cabin where "My Old Kentucky Home" was written.

Diagnosis is to be the keynote of this convention, and clinics of all kinds will be featured. It will be followed by a post graduate course of lectures and laboratory work.

HOUGH SCHOOL REUNION

All old residents, teachers and pupils of the Hough school are invited to attend a reunion at the school grounds, corner of the Artley and Perrinsville roads, Saturday, June 26th.

PLYMOUTH HIGH ATHLETES AGAIN WIN CHAMPIONSHIP

For the Third Time Plymouth High Captures Suburban League Championship and is Awarded Silver Trophy Cup.

The Locals Win Out Over Wayne by Margin of Five Points; Doudt Makes Highest Individual Score.

Once more Plymouth High athletes bring glory to their school by winning the Suburban League track honors for the third consecutive time, at Ypsi Normal Field at Ypsilanti, last Friday, beating out their closest contenders, Wayne High, by a margin of five points, 45 to 40.

The championship did not go to the defenders until the last event, the half-mile relay, had been decided. Wayne and Plymouth were about evenly matched, and the two schools were never more than a few points apart.

Wayne lost every possible chance it had of winning the relay right at the start when its first runner ran wide, falling back so far that the other members of the team were unable to do much.

Wayne proved to be the high point man of the meet, scoring first in the 440-yard dash and the broad jump, second in the high jump and fourth in the discus throw.

A Wayne athlete, John Vallance, was Doudt's chief rival for the individual honors. Vallance took first in the 100 and 220-yard dashes and second in the broad jump for 13 points, losing out by a margin of but one point.

Plymouth's victory can be credited to its all-around strength. The champions played in every event while Wayne, though stronger than Plymouth in several tests, failed to place in three, the mile run, the high jump and javelin throw.

Six schools were entered in the meet, those besides Plymouth and Wayne being Dearborn with 18 points, Roosevelt High of Ypsilanti, which scored 17 points and Northville and Ferndale, each of which counted 10 1/2 points.

Summaries: 100-yard dash—Won by Vallance (Wayne); second, Moore (Plymouth); third, Switzer (Dearborn); fourth, Smith (Wayne). Time 10 4/5 seconds.

Shot put—Won by Russell Smith (Wayne); second, Kurze (Plymouth); third, Borden (Dearborn); fourth, Clark (Ypsilanti). Distance 37 feet 6 1/2 inches.

Hickey (Plymouth). Time 24 3/5 seconds.

Broad jump—Won by Doudt (Plymouth); second, Vallance (Wayne); third, Carney (Plymouth); fourth, Cook (Farmington). Distance 19 feet 2 3/4 inches.

880-yard run—Won by Morton (Wayne); second, Hornberger (Ypsilanti); third, Schuitz (Northville); fourth, Kurze (Plymouth). Time 2:10 4/5.

Javelin throw—Won by Groom (Ypsilanti); second, Sallow, (Farmington); third, Lockwood (Plymouth); fourth, Casterline (Northville). Distance 128 feet 6 inches.

Relay—Won by Plymouth (Moore, Hickey, Carney, Doudt); second, Dearborn; third, Wayne; fourth, Northville. Plymouth received a beautiful silver cup as winners of the track championship, and also a smaller cup for winning the relay race.

Every one of the athletes on the local team showed the splendid training they had received, and they are entitled to much credit together with Coach Coatta for bringing home the cups and retaining their leadership in the league.

PLYMOUTH BOY GRADUATES AT WESLEYAN UNIVERSITY.

Frederick Lendrum, 680 Church street, Plymouth, Michigan, was included in the class of 325 seniors upon whom Ohio Wesleyan university, at Delaware, Ohio, conferred the bachelor of arts degree at its eighty-second annual commencement, Wednesday of this week.

The commencement oration was delivered by Dr. Charles H. Judd, director of the School of Education, University of Chicago. The degree of doctor of laws was conferred upon President George W. Rightmire of Ohio State University.

The graduation exercises followed four days of festivities attended by large numbers of alumni and friends of Ohio Wesleyan. President John W. Hoffman of the university delivered the baccalaureate sermon Sunday morning, June 13th.

Alumni day was observed Tuesday, with the annual luncheon, alumni business meeting and president's reception. Bishop Wilbur P. Thirkield, who returned to celebrate the fiftieth anniversary of his graduation from Ohio Wesleyan, was one of the principal speakers at the alumni luncheon.

Ohio Wesleyan's graduating class included 343 seniors, the largest number ever presented with diplomas here. The class included 233 students from Ohio and 100 students from 21 other states and five foreign countries.

PLYMOUTH CITIZEN ELECTED TRUSTEE OF ALMA COLLEGE.

Mr. and Mrs. C. H. Bennett returned Wednesday, from a three days' visit at Alma, Mich., where they were entertained by the president and faculty of Alma College. While there, Mr. Bennett was elected as a member of the board of trustees of Alma College.

BIG SALE REGISTERED HOLSTEINS.

A big dispersal sale of sixty-five registered Holstein cattle will take place on what was known as the Wernett farm, just outside the village limits, on Penniman avenue, Tuesday, June 22. This sale comprises the complete dispersal of the G. D. Fairgrieve herd of forty-six head and nineteen selected animals from the Red Rose Farm Dairy herd.

A SUMMERLESS SUMMER
 We've had a wide variety of weather around Plymouth for the first five months of this year, and we're far enough along in June to wonder if there's going to be enough real old-time hot weather to go around. Practically every part of the country is complaining of backward vegetation, killing frosts having been reported in several sections as late as the first week in June.

It may be that some of our readers now recall the prediction made by a Chicago man early last fall that the year 1926 would be "a year without a summer." Possibly they smiled at such an assertion when they read it, yet today there are many people in the mood to believe that the Chicago weather prophet either knew what he was talking about or is one of the best guessers the world has ever known.

We have seen no reports of short crop yields so far, though it is a little early to learn conditions throughout the country as a whole. But we do know that if everything matures and we get the last of it harvested before the return of frost and freeze we've got to "step some."

OUR SWEET TOOTH
 We are not in position to say whether it was the World War, the "dry" amendment, or just a new-formed habit that whetted the sweet tooth of the United States, but we do know it is of interest to everyone to learn that this nation is going to spend a billion dollars this year for candy and ice cream. Just a few years ago it was unusual to see a Plymouth man nibbling at a piece of candy. Today nearly every man has the "candy habit" and can be found eating it as often and enjoying it as heartily as he did in his boyhood. Its consumption is no longer confined to children—every member of the family, from the baby to grandma, is now a candy addict. You can form your own conclusions as to what is forming this nation-wide demand for sweets. We'll confess we don't know. But we do know this, and you'll probably feel the same way about it, and that is that if we had been able to peer into the future, we'd certainly have picked the candy business instead of the one we're in.

A GOOD BUY
 We've preached all along the value of investing in real estate; we are still of the belief that no man in Plymouth can make a mistake in owning a piece of mother earth. Now we are going to offer proof that it pays by pointing out that just forty-nine years ago Uncle Sam bought Alaska for exactly \$7,200,000. Last year this country's total revenue from Alaska amounted to \$71,042,682, or just \$53,824,862 more in a single year than the whole territory originally cost. In the forty-nine years he has owned Alaska, Uncle Sam's cash profit from the investment has been over \$500,000,000. Of course, you can't buy in Alaska and you can't clean up that big profit anywhere in the United States. But you can invest a small amount and make as much in proportion—and you won't have to buy outside of your home county to do it.

MUNICIPAL NOTES
 BY THE MANAGER

We are installing a fine glass door case in the manager's office to hold some of our Plymouth museum pieces that people have left with us. The case was made in the Winters' shop. When this is in, the room will be re-decorated.

Dewey Hollaway has brought us a framed chart of the great lakes. This is a U. S. Lake Survey chart, showing all the lake ports, navigation aids and much other interesting information.

We have been installing water meters on Starkweather avenue, Farmer, Spring and Holbrook. Out of about thirteen hundred services there are now some over seven hundred that are metered.

The water crew has been replacing the Northville Road water services with lead pipe. This work is nearly done.

The two old autos of the Village have been traded in, and we have a new ton truck and a new runabout. The old cars have been invaluable to us, but had gotten to the point where they were unreliable.

Caution will be needed in driving on South Main street, until the county gets busy again. The concrete is rough but the holes will be kept filled so that travel will be safe if care is used.

The county has set a number of detour signs about the village to aid in directing traffic to and from Northville while the Plymouth-Northville road is closed.

We have placed some iron pipe railings around the end of Central Park so that we may have better success in keeping the grass in good shape there.

AROUND ABOUT US
 The Walled Lake school will graduate a class of fifteen this year.
 The Wayne High school will graduate a class of eighteen this year.
 Redford's beautiful new \$100,000 library building will open about October 1st.
 The Farmington Improvement Co. will erect a new business block in that village.
 The village commission of Dearborn has passed an ordinance for the collection of garbage in that village.

The Hotel St. James at Milford, has been leased to J. O. Bird, an experienced hotel man, for a term of five years.
 Dearborn will soon have a new bank, housed in a handsome four-story brick building, to be known as The First National Bank of Dearborn.

The Howell Rotary Club and the Chamber of Commerce are sponsoring a Boys' Potato Club. Over sixty boys are now enrolled in the club.
 The school census of Wayne shows a total of 1,014 children five years and over in the district. This is a gain of approximately 75 over the count of last year.

Mrs. D. Farley of South Lyon, has been serving on the federal jury in Detroit, one of the first women in Oakland county to be called for duty in the federal court.

Constructed in 1860, the wooden fence which surrounded St. Mary's cemetery, Grand River and Division roads, has been moved to Way Side Inn by representatives of Henry Ford, who wanted the fence to be added to his store of relics. The cemetery is being vacated, and the remains of persons buried there are being moved to

the new Catholic cemetery north of Redford. The oldest tombstone in the plot is dated 1852, and the last one placed there, bears the date 1900.

The citizens of Northville, by overwhelming majorities, voted to purchase the Lapham homestead in that village for municipal purposes, and to sell property now owned by the village. The Lapham property will provide our neighboring village with an ideal park site.

Eddie Stinson has made a number of flights in his Detroit-Northville airplane this week. Tuesday night he circled about over the village and landed in a field on the Starkweather farm on the Six Mile road. A good many people were attracted to the landing place—Northville Record.

Water gravel has been struck at a distance of approximately 200 feet below the surface by the drillers of the test well for the South Lyon water-works system. This well is now being developed, although at the present time it is not known whether or not it will prove to be sufficient for the needs of the village.—South Lyon Herald.

FIRST PRESBYTERIAN CHURCH

10:00 a. m.—Morning Worship

10:30 a. m.—Sunday-school

Walter Nichol, Minister

10:00 A. M.—"The Way of the Gate"

BAPTIST NOTES

Last Sunday morning, Rev. Palmer Hartsough of Ontario, Wis., gave a report of the Northern Baptist convention, which met at Washington, D. C. The meeting was considered the largest that had ever met on the White House lawn to have its picture taken. Mr. Hartsough had the picture on exhibition, and showed Pois College in the center.

Remember that next Sunday is the day for the every member canvas of the church. They start right after dinner, so be ready.

The evening entertainment was a decided success, and the committee have the thanks for the splendid work that was done. The children's day program was a happy hour for them and the congregation. The play, "The Children and the Flowers," the songs and recitations, the pantomimes and "Abide With Me," were especially good. The two readings by Mrs. Harry Sayles of West Palm Beach, were most fitting and the hearty encore showed the appreciation of the audience.

The decorations in the church were in splendid taste. The woods and flowers were very real and natural.

7:30 P. M.—"The Voice of the Future"
Union Baccalaureate Service in High School Auditorium

If you have no Church Home, worship with us; you will receive a cordial welcome.

METHODIST NOTES

A large congregation greeted the children, Sunday morning. The Children's Day exercises were under the direction of Miss Ione Bird and Mrs. J. C. Gill, and were a delight to all. The children did credit to their excellent training. Parents, teachers and children are to be congratulated.

Dr. and Mrs. F. A. Lendrum are spending several days in Delaware, Ohio, attending the commencement exercises at Ohio Wesleyan University, where their son, Frederick C., graduates.

PRESBYTERIAN NOTES

The Presbyterian church is to be re-decorated during July. The board of trustees proposed that this should be done, and the congregation responded heartily to their appeal for the necessary funds.

A meeting of the Ready Service class was held at the home of Mrs. Stever on Tuesday. There was a good attendance, and after an excellent pot-luck dinner, the business of the class was transacted and some time devoted to sewing for the annual bazaar.

The church and Sunday-school folk are glad to have Mrs. Weeks home again, feeling greatly improved.

There will be no evening services in the Presbyterian church next Sunday. The congregation is joining in the service at the High School.

The Young People's Society of Christian Endeavor has decided not to hold meetings during the summer months. Last Sunday evening concluded their meetings until September.

To Tax Feet

After a fixed date all Chinese women under thirty whose feet are still bound will be taxed a sum equal to three dollars a month. This is an effort on the part of two Chinese militants, not only to add to the country's revenue but to abolish a vicious custom which has persisted from time immemorial in China, in spite of many comparatively modern attempts to create feeling against it, and so in time to do away with it.

Legend has it that the custom started in early times to prevent women from running away to seek adventures. It has recently been estimated that there are still 70,000,000 pairs of deformed feet in China, and that in the coming generation there will probably be more.

Seek Lost Malay Kingdom

The "lost Malay Kingdom" is thought to have existed in the island of Jolo, which is the southernmost of the Philippine group. Leading Filipinos are planning an expedition there to uncover, if possible, any records of the old kingdom, which is believed to have existed about 1750. The accounts of the "Malay kingdom" are disbelieved in some high places, and for this reason the expedition has been proposed. There is no particular question that Malays lived there, but the existence of the "kingdom" is doubted.

The eyes of the law do not make excuses for poor eyesight. You should see clearly and avoid distressing accidents and embarrassments. Give a thought to an immediate examination.

Our improved methods and long experience enable us to make very accurate examinations and prescribe very satisfactory glasses.

Give us a trial.

John L. Crandell, Attorney, Plymouth, Michigan MORTGAGE SALE

DEFAULT HAVING BEEN MADE in the conditions of a certain mortgage made by LLEWELLYN D. MORE-HOME and CHRISTINA M. MORE-HOME, husband and wife, of the City of Detroit, Wayne County, Michigan, to JOHN E. SELDERS and MILDRED G. SELDERS, of the Township of Canton, Wayne County, Michigan, which said mortgage is dated the 13th day of January, A. D. 1923, and recorded in the office of the Register of Deeds for said County on the 16th day of January, A. D. 1923, in Liber 1145 of Mortgages, on page 408 thereof, which said mortgage was duly assigned by said John E. Selders and Mildred G. Selders, husband and wife, on the 13th day of January, A. D. 1924, to JOSEPHINE GORTON, of the Village of Plymouth, Wayne County, Michigan, which said assignment was, on the 1st day of May, A. D. 1924, duly recorded in the office of said Register of Deeds in Liber 81 of Assignments, on page 119 thereof, and which said mortgage contains a power of sale, and on which said mortgage there is claimed to be due for principal the sum of FIVE HUNDRED FORTY-SEVEN AND EIGHTY HUNDREDS (\$547.80) dollars and interest thereon from the 15th day of January, A. D. 1923, to the 31st day of March, A. D. 1926, the sum of SIX AND NINETY-FOUR HUNDREDS (\$694) dollars and Attorney's fees of TWENTY DOLLARS (\$20.00) as provided in said mortgage; and no proceedings at law having been instituted to recover the money secured by said mortgage, or any part thereof, and said mortgage having elected to declare the full amount thereof due, NOTICE is hereby given that, by virtue of the power of sale contained in said mortgage and the statute in such case made and provided, on TUESDAY, the 29th day of JUNE, A. D. 1926, at twelve (12:00) o'clock noon, eastern standard time, at the southerly or Congress Street entrance to the County Building in the City of Detroit, Wayne County, Michigan, (that being the place where the Circuit Court for the County of Wayne is held), the undersigned will sell at public auction to the highest bidder the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due on said mortgage, with interest thereon at the rate of seven (7%) per centum, per annum, from the 31st day of March, A. D. 1926, and all legal costs, together with said attorney's fees, which said premises are described as follows:

The north eleven (11) acres of the northwest quarter of the southwest quarter (NW-1/4 of SW-1/4) of Section Ten (10) Town two (2) South, of Range eight (8) East, except one (1) acre from out the northwest corner thereof; said exception being a parcel sixteen (16) rods east and west and ten (10) rods north and south and described in a warranty deed conveying same to School District No. 8 of Town of Canton, recorded in Liber 202 of Deeds on page 306 thereof, Wayne County, Michigan Records, the parcel hereby mortgaged containing ten (10) acres.

DATED: This 26th day of March, A. D. 1926.
JOSEPHINE GORTON,
of Plymouth, Michigan,
Mortgagee.

JOHN L. CRANDELL,
Attorney for Mortgagee.

AN INTERESTING LETTER

J. M. Larkins, who is a delegate from our local Kiwanis Club at the International Convention being held at Montreal, writes:

We left the Michigan Central depot in Detroit, Friday, June 4, at 11:30 p. m., and arrived in Toronto the next morning. After a sightseeing trip around Toronto, we met some more of our Michigan Kiwanians, and left that afternoon for a trip to Montreal by boat.

There were one hundred and seventy-six from our Michigan district on board. We had the thrilling experience of shooting the rapids, after having cruised among the Thousand Islands. All was going fine when it was announced that we would change boats for smaller ones to shoot the rest of the rapids. We were landed at a small town called Cornwall, on Sunday noon.

In this town the street cars are not allowed to run on Sunday, or one cannot buy even as much as an ice cream cone unless it is taken out of the store to eat. The inhabitants of this town are three-fourth French people, and do not understand much English. In this sort of a place, we were left standing in the sun for six hours, through some misunderstanding of some officer. But this was just a starting of our experiences, for we had to give up our side trip to the rapids, for the boats we were supposed to have gone on had passed, and our boat was too large. So we were obliged to go through the locks.

When entering the locks our boat knocked off part of the wall, and then later bumped into a boat, which laid us up for another twelve hours. After a few delays, we finally got started for Montreal, and arrived at the convention just a day late. Right here I will say for the Michigan people, that they showed the true Kiwanian spirit, and were never a bit ruffled or provoked by all their delays and treatment. If they did, they didn't let the other fellow know.

Three days were spent at Montreal at the convention, at which time Memphis was voted for the 1927 convention. About 6,000 Kiwanians attended the convention, and everyone was glad to be there.

On Thursday evening, the Michigan district of Kiwanians chartered a boat to take them on to Quebec and points beyond as far as St. Alphonse. On our way back, we visited the noted shrine of St. Anne de Beaupre, where we saw thousands of crutches, canes and body braces left by people who had been cured.

We also visited the oldest church in Canada. I will not stop to mention all the places we have visited, but will say that Quebec is a very quaint city, with its narrow streets and board sidewalks. But it was their cleanliness that attracted our attention, for they even scrub their sidewalks. The little French children on the streets begging for pennies, were all dressed in black, and their faces looked as if they had just been scrubbed. One could not but stop and give them money.

We were then taken for a sightseeing trip around Quebec, after which we returned to our boat tired but glad to have the opportunity to visit the quaint old town of Quebec.

J. M. Larkins.

A CARD—We desire to thank the neighbors and relatives for their sympathy and many kind acts shown us during our sad bereavement: Dr. F. A. Lendrum for his comforting words, and those who sent the beautiful floral tributes.
Mr. and Mrs. G. W. Bridger.
Mr. and Mrs. W. C. Watts.

MAKES SCHOOL BOY STRONG

"My little boy was weak, nervous and tired all the time; was most unfit at school until I gave him Vinol. It restored his health and strength and he gained in weight."—Mrs. Fred Sommers, Monaca, Pa.
Delicate, undernourished children, whose weight and vigor must be built up, and who cannot take pure cod liver oil, should take Vinol. Contains Cod Liver and Iron without the nasty oil. Children love it. Dodge Drug Store.

No. 121137
COMMISSIONER'S NOTICE
In the matter of the estate of Mary Katherine Conner, also known as Katherine M. Conner, deceased.
I, the undersigned, having been appointed by the Probate Court for the County of Wayne, State of Michigan, Commissioner to receive, examine and adjust all claims and demands of all persons against said deceased, do hereby give notice that I will meet at the office of the undersigned commissioner on claims, Pennington avenue, Plymouth, Michigan, in said County, on Monday the 26th day of July, A. D. 1926 and on Saturday, the 25th day of September, A. D. 1926, at 2:00 o'clock p. m. of each of said days, for the purpose of examining and allowing said claims, and that four months from the 26th day of May, A. D. 1926, were allowed by said Court for creditors to present their claims to me for examination and allowance.
Dated, May 26, 1926.
JOHN L. OLSAVER,
Commissioner.

DEHOCO CLUB VS. STANDARD OIL

Unlike the game of May 9, the Standard Oil team of Detroit, came to the Dehoco Club's grounds Sunday, with the intention of avenging the defeat of 30 to 0 we handed them on the above date. And if it had not been for the good pitching of Conston in the third and eighth, they would have had their ambition fully realized. In the third, after they had scored four runs off Rowland and had the bases full, Rowland retired in favor of Conston, who immediately proceeded to strike out Caputa and Mullins, retiring the side. Again in the eighth, with the bases full, he retired the side by striking out Miskel and Caputa. Mullins pitched a good game and deserved a better fate than getting beat. His support was wobbly at times, and could not hit in the pinches. A total of ten errors was made behind him, but nevertheless he fought to the last minute.

The Dehoco Club scored 10 runs on 12 hits, 2 sacrifice hits and 3 bases on balls, while the Standard Oil team scored but eight runs on 10 hits.

LOVE MATCHES NOT UNCOMMON IN EAST

Occident Has No Monopoly of Romance.

Western women often pity the oriental for her enforced seclusion and her lack of liberty; above all for the husband who is forced upon her by her parents. And yet love matches are by no means unknown in the East, according to Dorothy Buck, writing in the Buffalo Express.

Mokhtar-ben-Reschid-ben-Mansour, a young merchant of my acquaintance, was a much-sought-after young bachelor of Tunis, but proved adamant until some one smuggled to him a snapshot of the daughter of a kaid. He instantly fell madly in love with it and the women of his family hastened to call on her and bring back reports.

"It is all a mistake," said a spiteful feminine cousin. "She is no more like that photograph than I am. She has a distinct cast in one eye, and limps!" "She is lovely," said his sister, "and appeared interested in thee! They say she is very sweet tempered."

"She has no dowry," said his mother, "and is almost betrothed to her cousin. I do not think it is worth while upsetting the affair."

The unhappy young man did not know what to think, but eventually got engaged, and remained in a torture of doubt until his wedding day, when he found that his bride was all and more than he expected. Theirs is an ideal marriage, though unblest by those sons that are supposed to be essential to happiness.

Such romantic matches as this are by no means infrequent, and are usually successful, perhaps because beauty, placidity, and affection are all that a Mussulman asks of his wife. But I know of other matches still more romantic, whose beginning lay in a childhood's friendship, necessarily broken by the seclusion of the little girl at the ordained moment, and whose fruition came in an early marriage.

Under the law of Islam a man is not only permitted but urged to divorce a childless wife, and this brings about many tragedies—for the childless wife is often the best loved. There have been instances when family pressure has forced an Arab either to divorce his wife or to take another, and the result has been a tragic love-part. The two, rather than be separated, have been found dead in each other's arms.

Steam Power Old Idea

No great invention ever was the work of one mind, they will tell you at the patent office. Everybody supposes that Watts invented the steam engine in 1782, but history records the first steam engine was operated in Egypt 234 years before Christ, and that the inventor was a Mr. Hero of Alexandria and not Mr. Watts. Hero wrote knowingly of the expansive forces of steam, described the cylinder, piston, and side valves; built his own stationary engine and used it for raising water. There are records of improvements on Hero's design, or of other steam engines, in 1601 and 1629 in Italy, and 1636, 1684 and 1712 in England and France. It is just like the discovery of America. Columbus gets the credit but the Norsemen and others beat him to it.—Capper's Weekly.

Try This One at Home

A feature of a modern school building is a shower room. In one Indianapolis grade school the boys were permitted to take shower baths on certain mornings during the week if they provided their own towels.

One morning, after the shower period two boys reported to the principal, and she noticed that they had no bundles that might contain towels. Thinking the used towels had been left loose in the shower room, she inquired, "Boys, where are your towels?" The boys looked at each other, hesitated, and finally one said, "Well, we both forgot our towels this morning, so after we had our baths Ixy chased me around until I got dry, and then I chased him around until he got dry."

TEMPLE THEATRE Detroit, Michigan

Aileen Stanley, "The Victrola Girl," direct from her London triumphs, headlines the bill at B. F. Keith's Temple theatre starting Sunday matinee, June 20. Miss Stanley brings new songs and stags them in that characteristic way that has made her an outstanding hit in vaudeville. Others billed: Long Tack Sam, direct from Pekin, supported by Misses Ni-Na and Nee Sa Long, the most beautiful girls in China, in an amazing routine of oriental feats; Roger Imhof, Marcelle Correne and Company in their new comedy, "The Stap"; Sid Tracey and Bessie Hay with Paul Humphrey in a novel dancing flash; Joe Weston and Grace Eline, musical comedy stars in "Character Interpretations"; Hazel Goff and Bobby in their musical routine, "Say It With Music"; Joe Rich and Pals, and the weekly screen subjects.

Man Sleeps Like Log,

Eats Anything

"After taking Adierka I can eat anything and sleep like a log. I had gas on the stomach and couldn't keep food down no sleep." (signed) R. C. Miller. ONE spoonful Adierka removes GAS and often brings surprising relief to the stomach. Stops that full, bloated feeling. Often brings out old waste-matter, you never thought was in your system. Excellent for chronic constipation. Beyer Pharmacy.—Advertisement.

The pleasing light gray color of concrete dresses up any street

Money Saving Facts About Concrete Street Paving

Concrete is durable. It will not shove, roll or rut. It remains as true and even as built.

Concrete pavement is now satisfying taxpayers in hundreds of cities throughout the United States, 1000 cities built concrete streets in 1925.

Maintenance cost is low. No expensive special equipment is required.

Concrete provides a safe surface for traffic. It is never slippery after rains.

Concrete's light gray surface harmonizes with the green of lawns and trees, also with sidewalks, curb and gutter and in-drives, which are universally of concrete. This light gray color is of special value at night. Passing vehicles and people crossing the street are more easily seen.

Concrete pavement is not noisy, 95 per cent of traffic today is rubber tired. Rubber on concrete does not make noise.

Oil drippings will not cause concrete to disintegrate.

35,500,000 square yards of concrete pavement placed on city streets in the United States in 1925.

Concrete gives you more pavement value for each dollar invested than any other type.

BIG CAR POWER AND COMFORT WITH LIGHT CAR HANDLING EASE

Such popularity as Oldsmobile has won is never founded on a single claim for favor. Even such inviting prices, such alluring beauty and such spirited performance, are not enough. To mighty power, eager response to accelerator and smooth obedience to brake; to stalwart ability to absorb road punishment; to these and every feature of big-car performance is added... handling ease!

Effortless control... steering facility that is a revelation... light car dash with big-car power and comfort.

NEWBURG

In the absence of the pastor, Rev. George A. Douglas of Ann Arbor, preached last Sunday, to an appreciative audience. A chorus choir added greatly to the services. Plans are being made for the Children's Day exercises, which will be a pageant, to be given Sunday, June 27.

The play entitled, "The Early Bird," which was given here two weeks ago, will be repeated Friday evening, June 18th, at the Grange hall in Plymouth. Admission, 25c and 35c. Don't miss seeing Aunt Dilla, the colored maid. They all take their parts in a clever manner. Lots of fun from beginning to end.

Mr. and Mrs. D. A. Douglas and Miss Lola Douglas of Ann Arbor, and Mr. and Mrs. C. A. Stevens of South Haven, attended Newburg church Sunday.

Those who passed the eighth grade examinations, were: Elizabeth Adams, Helen, Carr, Elinor Staub, Ruth Foerster and Frank Clemens.

Miss Lily Denfshian, who was quite ill last week with inflamed throat, is much better at this time.

Mr. and Mrs. Wm. Smith and son, Clyde and wife, motored to Cass Lake, Sunday afternoon, to call on Mr. and Mrs. Lewis Schroder.

Mrs. C. E. Ryder attended the graduation recital of Miss Ruth Caster (from the Pianoforte class of Mrs. Boris-Ganapol), last Thursday evening, at the Twentieth Century Club.

Mr. and Mrs. Clare Chilson spent the week-end at their cottage at Island Lake.

Mrs. Goebel of Plymouth, spent over Sunday and the forepart of the week with Mrs. Donald Ryder.

Mrs. M. Eva Smith left Wednesday, for a few days' visit with relatives at St. Johns.

Word has been received from Mrs. Henry Grimm, Sr., dated June 1, on the Atlantic Ocean, saying she was having a fine trip—only one rough day. They were to land at Plymouth, England, Tuesday; at Queenstown, Ireland, Wednesday; at Cherbourg, France, Friday, and reaching Bremen, Germany, Saturday. A later report says that she arrived there in safety. Her brother, whom she had not seen for 37 years, met her there. His home is 100 miles from Bremen.

SALEM

Miss Mattie Lewis of Salem, and Clarence Jones of Detroit, were married Saturday evening, June 12th, at the bride's home, by Rev. Halliday. They were attended by Mrs. Bernice Johnson, sister of the bride, and Frank

Lewis, brother of the bride. The bride was handsomely gowned in white satin, and carried a beautiful shower bouquet. The bridesmaid was tastefully gowned in old rose chiffon taffeta. The little flower girls were Evelyn Bryant and Ernestine Lewis, nieces of the bride. They were charming in their gowns of pink and blue organdie. The house was handsomely decorated with cut flowers and green foliage. A very dainty three course dinner was served to the many guests present, who were from Farmington, Detroit, Ferndale and Jackson. Congratulations.

The Federated Ladies' Aid Society will hold their next meeting June 24, at the pleasant home of Mr. and Mrs. H. Proctor. Everyone has a cordial invitation to attend.

Miss Inge Bird and Mrs. Clarence Alsbro of Plymouth, motored to Grand Rapids, Monday, to spend a few days at the Wm. Corbin home. Mrs. Jennie Smith accompanied them to Lansing, to visit her brother and family.

Mr. and Mrs. Fred Foreman left Thursday morning for a motor trip to Freeport, Illinois, their former home, and will attend the Mitchell family reunion.

Mrs. Nellie Bird and daughter, Genevieve of Plymouth, and Mrs. Jennie Smith spent Sunday afternoon at the Island at Ann Arbor, and enjoyed a picnic dinner there.

Mr. and Mrs. A. VanSickle left Tuesday morning, to spend a few days with Mr. and Mrs. Jay VanSickle of Ionia.

Mr. Cowperthwaite of Northville, favored the Federated church Sunday morning, with two very impressive bass solos. He was a dinner guest at the Rev. J. J. Halliday home.

Mr. and Mrs. Glenn Lyke and family are moving into the D. E. Smith residence on Main street, this week. Mrs. Frank Murray of Plymouth, is spending a few days with them, and was a Monday and Tuesday dinner guest at the George Roberts home.

W. Rorabacher, wife and daughter, Helen, and Mrs. Rorabacher's sister of Ann Arbor, attended the Federated church, Sunday.

Mr. and Mrs. L. W. Stanbro of South Lyon, and Mr. and Mrs. Arthur VanSickle were Sunday dinner guests of Mrs. Sarah Stanbro.

G. C. Foreman and family were Sunday afternoon callers of Dr. and Mrs. E. P. Wald of Whitmore Lake, and Mrs. Mary Duke of South Lyon.

Mr. and Mrs. Frank Ryder and son and George Roberts and daughter were in Ypsilanti, Saturday, on business.

Mrs. Frank Bowers and family, Mr. and Mrs. Channey Shoebridge and little daughter, Lillian, and Mr. and

Mrs. George Shoebridge of South Salem, were near White Lake and Highland Sunday, visiting the old Shoebridge homestead and the few friends that were left, whom they had not seen in thirty years.

WASHTENAW FAIR BOOKS DISTRIBUTED.

The 1926 Washtenaw County Fair Premium Books and Program (believed to be the most complete book of its kind ever distributed in Michigan) is being mailed this week to all Rural Box holders and numerous places of business in Washtenaw.

This book, containing 256 pages, is the largest published in Michigan in recent years, and this sets a record.

Some of the special features contained in the 1926 publication are:

1. Boosts for every village, large or small, in Washtenaw County—(no other Fair Book in Michigan has contained this feature.)
2. Advertisers in every part of Washtenaw, both rural and urban.
3. From cover to cover the book is profusely illustrated with pictures of particular interest to residents of Washtenaw. Some of these are Superintendents, Supervisors and County Officers, Lincoln Consolidated School Band, Ypsilanti Central School Band, and Fair Officials.
4. The cover was designed by Catherine Howland, pupil in Perry school, Ann Arbor.
5. Regular and special premiums materially increased. Seventeen of the twenty townships in Washtenaw offer \$50 in Specials to residents of their townships.
6. Colored section showing the high-class entertainments which will be given at Washtenaw's Greatest Fair, August 31, September 1, 2, 3, 4.
7. Declamation contest for boys and girls in rural schools, page 217.
8. Smith-Hughes judging contests.
9. Art Department.
10. Table of contents, page 256.

W. C. T. U.

The Woman's Christian Temperance Union will hold a tea meeting next Thursday, June 24th, at the home of Mrs. Charles Draper. The time of meeting will be 2:30 p. m. Guests will be welcome, and it is expected there will be a speaker for the occasion.

Members are asked to aid the hostess by bringing plate, cup, fork and spoon.

The Year Books will be given at this meeting to those members who have not already received them.

Local News

Mr. and Mrs. F. L. Becker were weekend guests of relatives in Ponton.

Born to Mr. and Mrs. Henry Liv-
 ranee of Livonia, a baby boy, June 7.

Born to Mr. and Mrs. George Triaka
 of Schoolcraft road, a daughter, June 16th.

Mr. and Mrs. William Johnston of
 Wayne, were visitors at Charles
 Cooper's, Saturday.

Mrs. Wm. Powell and Mrs. Lloyd
 Fillmore and son, Wellman, spent
 Tuesday with friends at Carleton.

Mr. and Mrs. Clyde Laslett entertain-
 ed Mr. and Mrs. Malcolm Martin
 and Harry Kesner of Detroit, last Sun-
 day.

Little Marion Kleinschmidt, who was
 severely burned nine weeks ago, re-
 turned home from the University hos-
 pital, last Thursday.

Mr. and Mrs. Lloyd Fillmore and
 son, Wellman, spent the week-end with
 the former's parents, Mr. and Mrs. C.
 C. Fillmore, at Petersburg.

Mr. and Mrs. Harry Cooper and
 daughter, Pearl, of Commerce, called
 at Charles Cooper's, Saturday eve-
 ning.

Mr. and Mrs. Jack Kenter and
 daughter, Winona, of Detroit, were
 dinner guests of Mrs. Kenter's sister
 and husband, Mr. and Mrs. James El-
 lott, last Sunday.

The following relatives called on Mr.
 and Mrs. C. V. Chambers, last Sunday:
 Mr. and Mrs. Anson Chambers of Fair-
 field, Ont., and Marshall Chambers and
 Mr. Dunn and small son of Detroit.

J. F. Caldwell was called to Aiblon
 late Saturday evening, on account of
 the serious illness of his daughter, Dor-
 othy, who had an operation three
 weeks ago, for appendicitis. A second
 operation followed last Saturday, and
 later pneumonia developed, and her
 condition is very serious. She is at
 the Sheldon Memorial Hospital at Al-
 bion.

R. R. Parrott, Howard Richard and
 Paul Lee were in Hillsdale, Monday,
 on business.

Mr. and Mrs. Gordon Bardo of De-
 troit, and John Bardo of Duluth, Minn.,
 were guests of their aunt, Mrs. H. C.
 Anderson, last Sunday.

The Plymouth-Northville road is now
 closed to traffic, and it is necessary to
 detour by way of the Center street
 road going to Northville.

The new garage of William Sturgis,
 local Overland-Willys-Knight dealer, at
 the corner of Mill and Amelia streets,
 is fast nearing completion.

The Plymouth Merchants will cross
 bats with the Ypsi United Cigar Club
 team at Burrough's Field, next Sunday,
 June 20th, at 3:00 o'clock. This is
 sure to be a good game.

Mr. and Mrs. M. S. Stringer left
 Tuesday morning, June 15th, to visit
 relatives in Buffalo, Tonawanda and
 Springville, New York, and also in
 Bradford, Pennsylvania.

J. M. Larkus is having the house
 on the Rorabacher property on South
 Main street, which he recently pur-
 chased, moved to a lot in Maplecroft
 subdivision, where it will be remodeled.

John Marshall and sisters, Mae and
 Edna, and Miss Montenrenzie of
 Woodstock, Ontario, spent the week-
 end with their cousins, William Suth-
 erland, Mrs. R. Minnack and Mrs.
 William Smith.

The Booster Sunday-school class of
 the M. E. church, will hold a regular
 monthly pot-luck supper and meeting
 this Friday evening, June 18th, at the
 tourist camp if weather is favorable;
 otherwise at the church. All come.

Some auto drivers seem to think
 that the fine roadway on Blank avenue
 is a speedway by the way they drive
 their cars up and down that thorough-
 fare. Some child will pay the penalty
 for this foolishness sooner or later.

Henry Steinhurst of Mt. Clemens,
 has purchased the shoe repairing and
 shoe shining business of Philip D'Ange-
 lo, and will continue the business in
 the same location, at 292 Main street.
 See his advertisement in today's paper.

Mr. and Mrs. Clyde Fisher of South
 Main street, entertained the follow-
 ing relatives last Sunday: Mr. and
 Mrs. James Tiffin, Miss Grace Tiffin
 and friend, and Louis Tiffin of North-
 ville, and Wm. Fisher of New Hudson.

Donald Sutherland is attending the
 National Y. M. C. A. convention, which
 is being held at Lake Geneva, Wis.
 this week, as a delegate from the Y.
 M. C. A. of Ypsilanti, of which he
 has been elected president for the cur-
 rent year.

Through a bequest of a Portland,
 Michigan, lady that village is to have a
 \$3,000 fountain, which will be placed
 in the village park. What a fine thing
 it would be if some Plymouth resident
 would perpetuate their memory, by
 erecting a fountain in Kellogg Park.

H. A. Goebel, Past Sachem of Ot-
 tawa Tribe, No. 7, Improved Order of
 Redmen, was elected their representa-
 tive to the Great Council of Michigan,
 which held a two days session in Lan-
 sing, June 10 and 11. The next conven-
 tion will be held again in Lansing in
 June, 1928.

LOCAL NEWS

Mr. and Mrs. Charles Cooper went to Detroit, Tuesday, to attend the tenth birthday supper of the Columbus Rebeckah lodge.

Mr. and Mrs. Ed. Logan and Mr. and Mrs. Frank Logan of Manchester, spent last Sunday, at C. O. Dickerson's.

Announcement is made in today's paper of the opening of the new Rose-land ballroom, (formerly the Casino), at Park Island, Lake Orion, Saturday, June 19th. See ad.

Mr. and Mrs. M. M. Willett and son, Chase, visited their daughter and sister, Mrs. C. J. Tenfel and family, at Toledo, last Sunday. Mrs. Willett returned home Wednesday.

Mrs. E. S. Rutnour and Mrs. W. G. Schoof and two daughters, Jacquelyn and Jean, and Mrs. W. B. Downing and daughter, Janice, visited Mrs. C. J. Tenfel in Toledo, Wednesday.

On account of several of the Ypsilanti Normal band being unable to come to Plymouth, the concert scheduled to be given by that band last week Thursday evening, was cancelled.

Mr. and Mrs. O. F. Beyer entertained a party of twelve at a six o'clock dinner, Monday evening. The out-of-town guests were: Mrs. William Arscot and daughter, Ethel, and sons, William and Louis, of Rogers City.

Word has been received that the Plymouth Rotarians and their ladies, who left here last week Tuesday by motor, for Denver, Colorado, to attend the National Rotary Convention, had arrived there safely last Sunday.

Mr. and Mrs. Max L. Hillmer and two children, Max, Jr., and Joan Louise have returned to their home in Anderson, Indiana, after a visit at the home of Mr. Hillmer's sister, Mrs. George Holstein, and his mother, Mrs. Mary Hillmer.

Frauz C. Kuhn, president of the Michigan Bell Telephone Co., and prior to that time chief justice of the Michigan supreme court, and one of the state's leading Republicans, died in Harper hospital at 6:30 o'clock, Wednesday afternoon.

Mrs. William Petz, daughter, Thelma and son, Wilbert; Mrs. William Arscot and daughter, Ethel, and Mrs. O. F. Beyer and daughter, Marion, attended the graduation exercises at the University of Michigan, Monday. Mrs. Arscot's son was a member of the class.

Mr. and Mrs. Henry Root, John F. Root and Chloe Rooke entertained the Lily Club at the home of John F. Root, Tuesday, June 15th. Honors were awarded Chloe Powell and Walter Smith, while Olive Packard and James Gates were consoled. A pot-luck supper was served, and all enjoyed a pleasant time.

P. A. Nash is making some changes in his store that makes a splendid improvement. A stairway has been constructed in the center of the store, which leads to the basement, where he has his stock of tinware, granite ware, etc. nicely arranged. The room on the first floor will be newly redecorated, and will present a nice appearance when completed.

Less than two years ago, the people of Albion realizing the great need of a modern hotel in their city, formed an association and sold stock for the purpose of erecting a suitable building. Last week the new hotel, known as Parker Inn, was opened to the public. It is a four story building and has 75 rooms. There are 319 Albion people among the stockholders.

The recital given Monday evening by the pupils of Miss Anna L. Youngs, was listened to with pleasure, by an audience of friends and relatives. Their playing was intelligent and artistic. The application necessary to make such a recital possible is worthy of congratulation. Miss Ruth Shattuck, contralto, assisted ably, rendering four numbers. Beautiful flowers were presented to each taking part.

JOINS CHRYSLER ORGANIZATION

Robert J. Southern, recent sales manager for Ernest J. Allison, Chevrolet dealer, has accepted the position as sales manager for J. L. Taylor, Chrysler-Chevrolet dealers, Walled Lake. Mr. Southern's relations with the public were very pleasant while with E. J. Allison, and he contemplates doing a big volume of business with his friends in Plymouth.

LINEMAN KILLED, TWO HURT BY WIRE

The following was taken from the Detroit Free Press of Tuesday, June 15th:

George Hawkins of Plymouth, was killed instantly, and two companions were slightly hurt when a wire they were uncoiling came in contact with a power line yesterday afternoon in Livonia center, six miles south of Farmington. Hawkins and the other two men, whose names were not learned, are employed by the Pittsburgh-Des Moines Steel company as linemen.

THE RED ROSE FARMS HOLSTEIN SALE
65 Registered Holsteins
June 22, 1926 Plymouth, Mich.

This sale comprises the complete dispersal of the G. D. Fairgrieve herd (48 head) and 19 selected animals from the Red Rose Farm Dairy Herd. From the point of individual excellence, production and breeding the animals in this sale are hard to excel.

There are 35 head of milking age, most of which have splendid A. R. records—mature records going as high as 1,000 lb. butter in a year and junior records as high as 934 lb. junior three year old. A number of cows have records from 25 to 28 lb. in seven days.

The sires to which the females of this sale are bred are very high class as shown by the following list: 1. Avon Pontiac Skyhawk, a son of Avon Pontiac Echo and the All American four year old daughter of Mastador Segla Walker; 2. K P O P 59th, whose five nearest dams average 1180.97 lb.; 3. King Rose Ormsby, the bull that topped last year's National Sale; 4. Patent Perseverance, a son of Prilly and a 30 lb. two year old daughter of Creator.

Write for circular and complete information to:

SCHOOL NOTES

The Girl Reserves will hold a bake sale at Stever's Meat Market, June 19. The proceeds will be used to send two delegates to Saugatuck convention.

GRADE NOTES

By Ilo Hague
First-A and second B grades are making vacation booklets, writing stories of what they are going to do this summer for the inside, and coloring pictures for the outside cover. The boys and girls of these grades have become very interested in the spelling contest which they have been having. B-1 in the B-1 grade have been reading the "Child Library Primer." In their language work they have been learning the poem "Bed in Summer," by Robert Louis Stevenson. For their sense training, they have been playing

color games for sight: "The Bell Ring-er," for ear training, and "The Mystery Man," for the sense of touch. The 3-A children have started geography readers, and the other group, "Good Times in the Woods."
Edward Olsen has been absent a week, on account of sickness.
Miss Dixon's and Miss Holt's grades are going to the Tourist Camp together for their picnic.
Betty Johnston is able to be back in school a half day, and we are glad she is able to be with us again.
The 2-A grade is reviewing all lessons they have had this semester. For language they have been writing original stories about the picture "Save."
The children of Miss Harrison's room are making charts about cleanliness and fresh air.
The children reviewed their spelling words by having a spelling match. Mary Frances Lang was the winner.
Donald Potter is back to school after having pneumonia.

Esther Cole spelled down the 4-A class in the spell-down last week.
The 4-A and 5B in Mrs. Mole's room are not afraid of examinations now, after having so much practice.
They have been very much interested in "The Story of Sugar." Next they will read "The Story of Iron."

SIXTH GRADE

Our debate held Wednesday resulted in a victory for the negative team, which consisted of Dorothy Hubert, Zephira Blunk, Maynard Larkins, Alice Chambers and Doris Hamill. The affirmative team consisted of Hilly Kirkpatrick, Helen Compton, Eileen Jordan, Merle Weiher and Margaret Haskell.
We are reviewing in all subjects this week.
We are very proud of our two new pictures, "Sir Galahad" and "The Constitution." The picture was a prize for selling the most tickets for the Art Exhibition.

Mr. Smith visited our room to hear the debate.
From 38 penmanship papers sent in, we received 34 pins from the Palmer Company.

The first and second grades made arithmetic booklets on Tuesday.

The geography classes are making salt and flour maps in their spare time.

The third grade are making very beautiful spelling booklets for their spelling review.

In our language classes we have started our June newspaper. We have had to change some of our newspaper staff, which is now as follows: Editor, Phila Gust; general news, Phila Gust; grade news, Flora Gerst; seventh grade news, Mary Tronskowski; sixth grade news, Pauline Gust; fifth grade news, Stanley Tronskowski; fourth grade news, Esther Merriman; primary news, Helen Szymanski; cover page, Helen Przybylowski; comics, Lester Reddman; jokes, Jeannet Merriman.

The first, second and third grades have been reading out of the "Learn to Study" readers, once each day for their reading review.

We are planning to have our picnic for the last day of school, at the home of Mr. and Mrs. Merriman, on June 23.

WHITBECK'S CORNERS

Mr. and Mrs. Will Rengert entertained company from Detroit, Sunday afternoon.

Mrs. Hamilton of Detroit, spent one night recently with her sister, Mrs. A. Parrish.

Sunday visitors at the home of Mrs. Parrish were: J. Frank Parrish and children, Mr. and Mrs. Arthur Hanchett and son, Arnold, of Perrinville; also Mr. and Mrs. Ed. Hoops of Wayne. Mrs. Hoops is a niece of Mrs. Parrish.

Mr. and Mrs. Walter Dethloff and son, Glenwood, were Sunday visitors at the home of Mrs. Dethloff's parents at Perrinville.

Mrs. A. L. Hanchett and Mrs. Parrish attended the funeral of the latter's aunt, Mrs. Elsie Knapp at her late home in Canton.

Mrs. Ethel Nicol, Mrs. Clyde Fisher and son, Kenneth, and daughter, Dorothy, and Mrs. George Gorton and daughter, Marion, called on Mrs. William Rengert, Tuesday evening.

Try a liner ad in the Mail. They cost little and pay big.

HOUGH SCHOOL NOTES

We have a new picture in our school, "The Spring Song." It is a very pretty picture.

Clarence, Ethel and Edward Butler and Harriett and Warren Tillotson have moved from our district. We were sorry to have them leave school.

We have our boards decorated with pictures of birds, butterflies and bird-houses now. We have cut out and pasted red poppies on the windows.

Many people from our district attended the Wayne county rural school picnic at Elizabeth Park, Saturday, June 5th.

The following children won prizes in the track meet at the park: Stanley Tronskowski won third prize in the 30-yard dash, for the boys; Tony Morano won second prize in the medicine ball throw, and third prize in the 90-yard dash, for boys. The girls' relay team won third place in the girls' relay race. Flora Gerst, Phila Gerst, Helen Przybylowski and Mary Tronskowski were on the team.

PLYMOUTH GARDENS

SAVE \$100 NOW

Improvements are now being installed in Plymouth Gardens and the pre-development prices will close after June 20, all unsold residential lots increasing \$100 in price.

The improvement program is pretentious and when fully completed Plymouth Gardens will be conceded the finest homesite location south of Grand River.

Improvements include curbed and graveled streets, five-foot sidewalks, now under construction, white way ornamental lights, beautiful parkways and shade trees, sewer laterals, water, gas and electricity, all guaranteed and without cost to the lot owner.

Search Wayne county from the Washtenaw border to Oakland, and you will find no more natural beauty than that which completely surrounds Plymouth Gardens. And don't overlook the fact that beauty ALWAYS creates greater values in real estate.

As an investment or as a homesite, Plymouth Gardens stands head and shoulders over the ordinary subdivision. Prove this to yourself—come out to the property and investigate—but do it before the price increase goes into effect.

WATERFORD

Forty-five relatives and friends, also a son 73, three grandchildren and three great grandchildren of Mrs. Mary Loud gave her a complete surprise party Sunday, to help her celebrate her 90th birthday. A beautiful dinner was served on the lawn, with a beautiful cake with ninety candles on it, decorating the center of the table. Guests were present from Owosso, Pontiac, Detroit, Grass Lake, Ann Arbor, Plymouth, Northville, Phoenix and Waterford. After enjoying a good dinner, they all had their pictures taken and left wishing Mrs. Loud many more such happy days.

Mrs. Ellen Hughes of Owosso, arrived Sunday, to spend some time visiting relatives and friends here.

Mrs. Freda Byatt of Cleveland, Ohio, was the house guest of Mr. and Mrs. Joseph Denton, during the past week.

Mrs. L. Brown and daughter, Mildred, of Detroit, spent the week-end with her brother, Elmer Perkins, and family.

Jack Dawson of Brightmoor, spent Sunday with Mr. and Mrs. James Wilson.

Joseph Rowland began working at the Ford factory at Northville, last week.

Miss Edith Peck is driving a Ford roadster.

Mr. and Mrs. Louis Green of Detroit, spent the week-end with Mr. and Mrs. Michael Srejcars.

Viola Krumm invited a few of her friends to a pot-luck supper for her sister, Ruth, Monday evening.

Northville will celebrate the Fourth this year. Make your plans to attend. A splendid program is being arranged.

NEWBURG VS. PERE-MARQUETTE

The Newburg Tigers suffered their first defeat of the season Sunday, June 13th, when they were defeated by Pere Marquette. Both teams played poor base ball, which made the pitchers work harder. Gertze struck out 13 and Remus and Jim struck out 11.

Next Sunday, June 20, the Rough & Ready team plays at Newburg. This game will be interesting because both teams have lost one game, and they both play good ball when they meet. Don't forget they play at Newburg at 3:00 o'clock sharp.

On that fishing-trip remember the family Use long distance

Long Distance will prove an added convenience on your fishing trip—especially in calling your family. In a few minutes you can have your wife on the telephone. You hear her voice. You talk with her. You know immediately how everything is. There is no waiting for a reply. It's almost as good as being there for those few minutes. Long Distance rates are remarkably low. And on "Anyone" calls, after 8:30 at night they are approximately half the day rate.

An "Anyone" call is a call on which you will talk with anyone who answers the telephone.

BOY SCOUTS HELP IN FORESTRY WORK

Thousands of Trees Planted in Many States.

The combination of boy and hatchet has a mythical potency which is anything but reassuring to trees, especially those of the cherry family. But when you take the boy without the hatchet—or with a hatchet which he has been taught to use with discrimination—and when you foster his love of conservation, then you turn him into a valuable force of friendship and helpfulness toward the vanishing forests. And this is what has happened to the boy scouts, according to the Boy Scout Weekly Bulletin. As we read:

Forestation work in many states calls attention to the public spirit of boy scout troops. In New York 35,000 trees were planted last year through their efforts. Forty-five thousand of these, Alexander MacDonald, conservation commissioner, reports to the national scout office, were planted in scout forests. The remaining 40,000 were placed elsewhere, in co-operation with the New York State Forestry association.

Thirty thousand registered boy scout forest guides are co-operating with Pennsylvania's department of forests and waters, according to R. Y. Stuart, secretary. They post fire warnings, patrol the woods and fight fires as far as permitted by the legal sixteen-year age limitation. The troops in Pennsylvania planted 44,200 trees last year. Considerable other work was done by scouts of which the department had no record, it was said.

From Massachusetts comes acknowledgment of the planting last year of 6,500 trees by scouts. The boys also assisted in extinguishing forest fires and in fighting the blister rust.

And another chronicle tells us that birds as well as trees are "the special wards of scoutdom," and that "a building boom in birdtown" each spring is one of the happy consequences of the boys' tree-planting activities. Moreover:

In every part of the country boy scouts have tree-planting and reforestation projects under way. Two of the largest programs are reaching completion at Macon, Ga., and Memphis, Tenn. Camp sites of several hundred acres are being planted.

Flowers, shrubs and vines have special roles in the planting project of Logan, Utah. Scouts have pledged their help in every phase of this campaign. Thousands of poplars, the tree that Utah made famous, are to be put in Logan canyon. In the town all yards are to be cleaned. The boys will clean up their own gardens and help widows, sick people or other persons who have difficulty in managing alone the work on their premises.—Literary Digest.

Radium Times the Blood

The latest use to which radium has been put is to show the rate of flow of blood in the veins. The method adopted is to put the animal used in the experiment into a lead box with one foot sticking out of a hole in the side. A solution of salt in water to which is added a small portion of a radioactive compound of radium, is then injected into a vein in the animal's ear.

The time is noted and a careful watch kept on an electrical device attached to the foot. When this device reveals that radioactive rays are being given off from the foot the time is again noted and the difference between the two times gives the rate of flow of the blood from ear to foot.—New York World.

Ungallant Lover

"Sour grapes!" Attorney General Ottinger was talking in Albany about certain concessions. He went on:

"These men are acting like young Smithers. When young Smithers proposed to Miss Howkinson she answered disdainfully:

"No, Mr. Smithers. No. Of course I don't dislike you as a friend, but marriage—oh, no, really. Do I make myself plain?"

"Smithers gave a loud, harsh laugh. "Well," he said, as he got up from his knees—"well, you've had something to do with it, of course, but undoubtedly nature was the chief offender." — Pittsburgh Chronicle-Telegraph.

Substitute for Platinum

For years chemists have been looking for a metal to replace the costly platinum and its alloy, platinum-iridium, in engineering and research. At last they have found a new material called tantalum, which, says Popular Science Magazine, promises a new era in electric work and chemical engineering where great resistance to heat and acids is required.

Tantalum has many astonishing properties, according to Prof. James R. Withrow of Ohio State university, and not the least of these is that it lasts 1,600 times longer than platinum and is twenty times cheaper.

War on "Beauty Shops"

Fear that the alluring smiles and soft words of Japanese women barbers in Honolulu would lure customers away from the shops run by the opposite sex has resulted in the appointment of an anti-firting committee by the Japanese Barbers' association there. One barber from each of the 24 districts in the city was selected to act on the committee which will watch feminine shops in an effort to end tonsorial flirtations.

Old Mexicans Masters of Horticultural Art

Not only the gardens of Montezuma but the picture writing of his subjects prove the ancient Mexicans to have been great horticulturists. Their descendants still use their complex system of botanical names, a system which conveys information as to qualities, characteristics and habitat of many plants.

Wilson Popenoe, formerly of the United States Department of Agriculture, in a paper on "Plants of Aztec Picture Writing," gives a long list of botanical figures used in Aztec hieroglyphics. The flower symbol recurs constantly in all sorts of combinations as a place name. Maize, an important feature in all Indian life, appears frequently, along with the sweet potato, the black bean, the cherry, plum, avocado and various less-known native fruits. Most interesting is a combination of the water sign with the conventionalized sign for cultivated ground, meaning "place where the land is irrigated." The familiar desert features, the yucca, the cactus and the mesquite, are all represented, but the gem of Mr. Popenoe's collection is the picture symbol which, directly translated, means "tea pepper," a fitting name for the biting, red-hot pepper of the Southwest.

The floating gardens of Mexico City, so famous during the conquest, may still be considered one of the best expressions of the native horticultural art. Willow trees are planted in the shallow water of Lake Xochimilco in plots varying from 200 to 2,000 square feet. Their interlacing roots form a sort of basketwork that holds the soil with which the plots are filled, while their tops are kept pruned so as not to shade too heavily the plants cultivated on the islands. The inhabitants of Mexico City are supplied to this day with vegetables, corn and flowers raised on these esthetic truck farms.

Used to Dine With Dukes

A few years ago Victor Tchegotareff was a master of 22,000 acres, had 12 to 19 wolf hounds and had a thousand men and women employed on his estates. Then he was Count Victor Tchegotareff, captain of the most famous regiment in the world, the White Hussars of Russia, the czar's own household regiment. Today as Victor "Tareff" he is riding master of a Detroit hunt club. A dozen years ago Tareff frequently dined with the czar and the grand dukes, and his family was one of the wealthiest in Russia. Seven years ago he fled from Russia in rags with what was left of his fortune hidden in a cake of soap, and in a loaf of bread a great diamond-set badge once given him by the czar. Now the former count and countess are soon to be Uncle Sam's folk—the largest noble family in the world.—Capper's Weekly.

Blackmailing Lotteries

Chinese have long been known as dyed-in-the-wool gamblers, but the extent of their flirtations with Lady Luck has never been fully known. However, some light has been shed on the subject by the knowledge that Shanghai lottery companies have agreed to pay \$30,000 a month to Gen. Sun Chuan-fang, tapan of Kiangsu. In return for his pledge not to impose his proposed tax on the lottery business. Some months ago General Sun announced that he found it necessary to tax all sales of lottery tickets and a protest was raised. This new agreement will serve to eliminate the tax. Each of four of the larger companies will pay \$3,000 a month toward the \$30,000. Smaller donations will be made by the smaller companies.

Chinese in Unique Appeal

Six thousand Chinese employees of one of the largest tobacco factories at Pootung, across the Wungpoo river from Shanghai, took a day off and, joined by other thousands, paraded the streets with banners, Joss sticks and shooting firecrackers as an appeal to the gods not to let the Yangtze river run dry. An ancient legend has it that years ago an old priest of diabolical intent came to Shanghai from north of the Yangtze and raised havoc. Finally, in despair, the natives of Shanghai and Pootung rose and drove him back to his native haunts. Ever since then the natives have been afraid that he might come back. But the only condition permitting his return would be the drying of the world's third largest river. Next year the function will be repeated.

Mirrors Lend Charm

Mirrors and pictures are vying for places on the walls of our homes today. Everywhere possible mirrors are being placed. One of the most interesting situations is between the second and third and the third and fourth of the series of three windows that most apartment living rooms possess. The very narrow space between these windows accommodates a venetian panel mirror very well. Because it is frameless this mirror will seem to have more life and gleam to it than the mirror encased in a frame.

Where Forests Go

Estimates show, in one form and another, about 23,000,000,000 cubic feet of wood are used every year in this country, says the Columbus (Ohio) Dispatch. This means that about 250,000,000 trees of average size are cut from the forests every year, or trees that would cover 18,500 square miles, or an area equal to all Massachusetts, Connecticut and New Jersey. Forest fires, decay and insects destroy annually about 2,000,000,000 feet more. During 1924 forest fires swept 28,000,000 acres of private and public lands.

IS IT "as good as BUICK"?

Before you are persuaded, by an extra allowance on your old car, to buy some car you might not otherwise choose, compare the new car offered you to Buick.

Does it have a "sealed chassis"? Has it a torque-tube-drive? Has it mechanical 4-wheel brakes? Has it a ten-plate, multiple-disc clutch? Has it a Fisher body? Has it adequate and efficient nation-wide service facilities? Has it more than a million enthusiastic owners?

FAIR PLAY===

The following business houses of Plymouth believe their employes are entitled to a half holiday commencing **JUNE 30th** and continuing during the months of

JULY and AUGUST

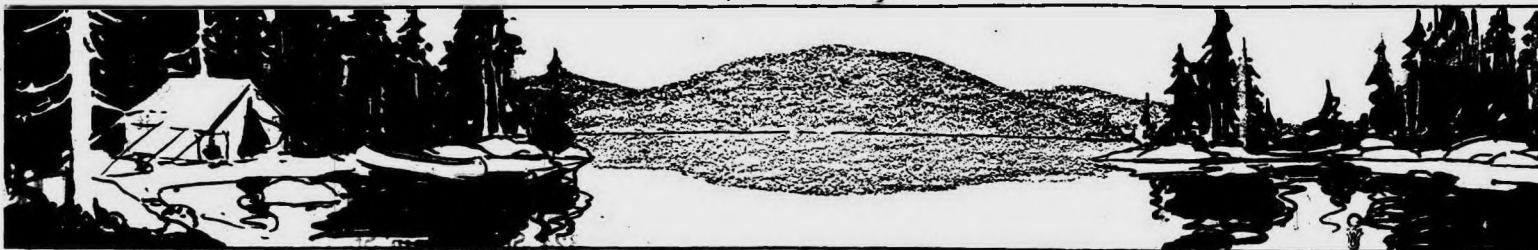

WILL CLOSE ON EVERY

Wednesday, at 12:00 O'clock Noon

We sincerely ask the co-operation of our patrons in this movement of closing our stores for a half holiday each week. We know you will appreciate the better service our employes will render because of the consideration shown them, and by remembering our closing time and making whatever adjustments may be necessary in your purchases, we are sure the arrangement will work to our mutual advantage.

We as sincerely ask that inasmuch as all business places are not co-operating in this movement with the exception of some lines, which must necessarily remain open, that consideration of this fact be made. The movement has been started entirely as of benefit to the entire community, and your co-operation and understanding are necessary for its success.

NEW GYPSUM MILL WILL BE
ERECTED ON RIVER ROUGE

COMPLETE PLANT TO TAKE
PLACE AMONG INDUSTRIES OF
WEST SIDE.

Ground is to be broken within the next week for one of the largest gypsum mills in the country, to be built by the United States Gypsum Company on a site of seven acres on the River Rouge, near Dearborn. The property was purchased last March from the Joseph H. Beery estate, represented by John C. Witherspoon and Harold Emmons, attorney, of Detroit, the purchaser being represented by Patterson Bros. & Co.

This will be the twenty-second major plant operated by the United States Gypsum Company throughout the country, and is expected to be in at least partial operation by January 1, 1927.

Four mills are to be erected on the property: a gypsum calcining for the manufacture of wall plaster; a mixing plant for the production of sanded, wood firmed and other plasters; a board mill to manufacture a fire-resistant sheathing lumber, a fireproof and insulating lath, and Sheetrock; and a tile plant which will produce fireproof roof, floor, partition and column-sheathing tiles. The calcining plant also will produce a form of structural gypsum which is poured to form an "all-gypsum" fireproof and insulated house.

All buildings will be of permanent steel-and-gypsum construction. Only the most modern types of equipment will be installed. Erection will be carried on under direction of the company's engineering department.

This development has been planned, according to officials at the Chicago headquarters of the concern, to meet the demands for gypsum building materials due to the expansion of the Detroit industrial field and the large volume of building in Eastern Michigan. Previous to this, the company has shipped its products to Detroit and surrounding counties from plants in Grand Rapids, Mich., and Gypsum and Genoa, Ohio.

Concurrent with the development of the River Rouge property, a break-water and concrete dock are being built, and automatic loading devices are being installed, at Alabaster, Iosco County, Mich., where the company operates a gypsum quarry. The raw mineral will be shipped from there to the new plant in a fleet of boats which are being constructed especially for the United States Gypsum Company.

Manufacture of the finished products here from the transported rock will permit of economical distribution and the quickest possible service to lumber and building supply firms, contractors and others in the building industry in Detroit and other cities nearby. In the Detroit metropolitan area, dealers will be able to obtain materials as they need them, using their trucks to deliver direct from the mill to the building job.

Not only the commodities made at River Rouge, but all the other materials produced at the properties of the company, will be serviced in this way. Hydrated finishing lime, mason's hydrate, colored stucco, plaster tinted for decorative purposes, a plastic paint to produce texture and tone in wall decoration and fifteen or twenty other building specialties will be shipped from other parts of the country to be distributed economically from this plant.

PERRINSVILLE

There was no church last Sunday. Rev. and Mrs. Havens are on a vacation. It is hoped to have the colored singers at Perrinsville soon. Everyone will certainly enjoy them.

Mr. and Mrs. Carl Hjerpe and Mr. and Mrs. George Baehr spent Sunday with Mr. and Mrs. Frank Baird near Rochester.

Mrs. Belle Baehr called on Mrs. Lyda Bills of Wayne, last Wednesday, finding her very poorly.

Grandma Decker is very poorly since returning home from the hospital. Her many friends hope for her recovery.

Mr. and Mrs. Noll returned home Monday evening, after two weeks' visit in New York.

"THE AWAKENING"

Capacity attendance as early as the third night of the twelve-night engagement of the fifth annual presentation of The Awakening, by Shadukiam Grotto, at the Michigan State Fair Grounds, June 19th through 30th, is predicted by Dr. Gordon W. Hill, monarch, and Earl Newberry, general director. This is due to two reasons—the heavy advance sale of tickets and the fact that The Awakening engagement is for twelve nights only, with absolutely no chance of an extension. Both Dr. Hill and Director Newberry believe it only fair to the large number of out-of-town patrons of The Awakening to give notice of this condition so that they may plan accordingly and attend as early a performance of The Awakening as possible, and arrive as early as possible at whatever performance they plan to attend. It has been the history of past engagements that the attendance increases with each performance, so, in a double sense the old saying applies to this year's Awakening—"Come early to avoid the crowd."

features which in previous years have established the annual Grotto show as one of the big amusement enterprises of the world. Many new features have been added. With its fireworks, its historical pageantry, its ballet and terpsichorean numbers, its auto polo, its circus-acts and its band concerts by Cervone, the current edition of The Awakening surpasses the famed "three ring circus" by 100 per cent in entertainment value alone, while it has the still further additional merit of being a patriotic, civic and fraternal exposition and entertainment.

Free parking space for automobiles has been arranged for this year. This, also, puts a premium on early arrival at any evening's performance. Performance starts at 8:00 o'clock sharp.

ODD FELLOW NOTES

Again we have the privilege of giving the Brothers, who are unable to attend the meetings, a little of what is going on in their lodge.

Our sick list for some reason has jumped considerable, for quite a lot of the Brothers were reported sick, and

our visiting committee has a lot of visiting to do in the next week.

Again we have the chance to congratulate Bro. Fred Wagenschutz on his ability as a degree captain, for the way the third degree was conferred, last Tuesday evening. It certainly is great to see on the side lines and see the younger members taking part in the work.

The third degree being the last degree that is conferred on a candidate here in our order, it is generally followed by a lunch. So last Tuesday evening after the work and a few remarks from our new Brothers, everybody journeyed down to the dining room, where the committee in charge, who, by the way, were, Bros. J. Tracy, Ivan Gray, George Ridley and Ed. Bulson, set the Brothers down to one of the finest lunches ever put on by any committee. And to show our appreciation everything disappeared in a short-time.

The degree captains held a meeting after lodge and decided to get all of the candidates who have not finished their work and have them finish, so they can start the big class of candidates that is waiting. All you members who are on the different teams,

turn out next week and give your captain your support.

The attendance was about the same as last week. Perhaps if the fishing season was not so close, we would have a larger attendance. Last meeting there were plenty of Brothers on the side lines during the degree work. Our newly elected incoming officers are all set for their examination, next week, and our district deputy has given them to understand that he is going to make them toe the mark.

This being an off week meeting, our various committees appointed could not give us very much of a report on their work.

Bro. Meddaugh has his team about in shape, and after a few more practices he will have a big surprise for the Brothers on the next first degree night. Keep your eyes open for the date.

Our Little Journeys in Print

After having had weather for quite a while, last Saturday and Sunday were ideal days for travelling. A whole lot of our Brothers took advantage of these fine days, so on we go: Bro. D. A. Jolliffe and family spent

Fire Insurance

The day has gone by when it has become necessary to urge upon the property owner the necessity of Fire Insurance.

He knows that is as necessary as a clear abstract to his property.

We offer property owners dependable Fire Insurance at a minimum cost. See us today and let us tell you about it.

Phone 3 William Wood Huston Blk. INSURANCE

Sunday with a large party of friends at Whitmore Lake.

Bro. Roy Wheeler and family spent Sunday visiting friends in Pontiac.

Bro. Fred Stelnable and family spent Sunday in Wayne.

Bro. B. E. Giles and family were in Chelsea, Sunday, visiting among their many friends there.

Bro. William Streng has had a two weeks' vacation attending circuit court on the jury.

Bro. Wayne Ruff and wife spent the week-end at Island Lake.

Bro. Earl Gray and wife entertained a large party of friends at dinner, last Sunday.

Bro. Archie Meddaugh says he is getting to know the city of Fenton very well, as he is a constant visitor there.

Bro. Wilhem and family spent Saturday visiting our pleasure resort, Belle Isle, and report a good time.

Bro. Al Reddeman and family spent the week-end visiting their many friends in Howell.

Bro. Robert Todd and family and Bro. Albert Trinkaus and family made up a party on a trip to Pontiac in Bro. Todd's new car.

Bro. Floyd Sherman and wife entertained Rev. J. Peters and family of Radnor, Ohio, last Tuesday.

Bro. William Boehret, our wide-awake secretary, is on the job, so all you Brothers who take little trips, be careful that your cars are full of gas.

Booster Club

After missing a couple of meetings due to more urgent business in the lodge, the club got back into the harness, and a lengthy meeting, last Monday evening, was held.

The election of officers was held, and after considerable voting, the following officers were elected for the coming term:

- President—H. Hunter.
- Vice President—A. Reddeman.
- Sec'y and Treas.—E. Gray.
- Guide—R. Wheeler.
- Guard—George Bidley.
- Chaplain—William Boehret.
- Master of Degree—A. Williams.

Among the various committees appointed, one was the picnic committee, which will make arrangements for the first of a series of picnics to be held this summer. This one will be held about the middle of July at a lake about seventy-five miles away. So everybody get ready, for the date will everybody get ready, for the date will be announced at our next meeting, Monday, June 21st.

LIBRARY NOTES

A new poster may be seen on the bulletin board with a list of new fiction.

At present the books in greatest demand are Green Mansions, by Hudson; Keeper of the Bees, by Porter; and One Increasing Purpose, by Hutchinson.

You will find the "Map of Adventure," which is framed and hung on the south wall, of interest. On it one may find the trail of the Covered Wagon, the island where the treasure was found, where the Swiss Family Robinsons were shipwrecked, where Stanley found Livingston, the land of "Far away and long ago," Amundsen's flight, and many other people and places familiar to you.

It is a pleasure to hear the appreciative remarks made about the appearance and atmosphere of the library. The new cream curtains are the latest addition.

THE THEATRE

"SALLY OF THE SAWDUST"

A picture that will make a hundred million people laugh and sigh is the order D. W. Griffith gave himself when he produced "Sally of the Sawdust," his new classic of comedy which will be shown at the Penniman Allen theatre, Saturday, June 19.

So perfectly did he fill the order that already this United Artists Corporation release is recognized by critics and competent experts as one of the great screen achievements, ranking in entertainment power with his historic "Birth of a Nation" and "Way Down East."

Laughter rules it throughout, ranging from smiling drolleries to the heartiest outbursts of ringing mirth. And running amid the higher peaks of gaiety is a sympathetic story of lovable humans very much beset at times with the minor problems such as lack of money, a free for all circus fight, flight to richer harvests on a blind-baggage of a railroad car and other rueful troubles.

A circus walt and her guardian, as lovable a sawhog as ever picked a necessary pocket, are the principal characters, with love abounding and adventures galore.

Carroll Hempster and W. S. Fields have made the parts historic among screen portrayals. Fields is new to the screen, but with long stage training that has led him to stardom in the famous Ziegfeld "Follies." The work of Miss Hempster is beyond anything she has realized in the past, bringing her to the circle of the really great screen actresses of the day.

The cast is rich in new faces and talent, including Alfred Lunt, headliner in Broadway successes; Glenn Anders, Effie Shannon, Erville Alderson and supporting company of many thousands. The resources of a circus with its menagerie and side-shows, a carnival, beautiful homes, have contributed a rich variety of scenes greater than Griffith has offered in any of his recent works.

The story is one of the most entertaining tales ever filmed, alive with joy and gaiety throughout, tinged with pathos but never for an instant heavy in its tread, and galloping to a close that is one of the happiest, most exciting and most satisfying scenes ever offered in pictures.

"Sally of the Sawdust" is one of Griffith's finest pictures, deserving to be ranked with his greatest.

"THE MILLION DOLLAR HANDICAP"

Flashing colors, beautiful women, hard riding jockeys, fun and thrills go hand in hand in "The Million Dollar Handicap," a new Metropolitan production which comes to the Penniman Allen theatre, Sunday and Monday, June 20 and 21.

For the first time in screen annals, the old-fashioned idea regarding a race track story has been thrown in the discard and a new idea developed and presented in a human way on the screen.

Vera Reynolds, the heroine of the production, proves herself quite an adept at riding race horses and is seen in a role which suits her to perfection. Her dash and courage are genuine and she makes her role exceptionally appealing.

Edmund Burns, Tom Wilson, Ralph Lewis, Clarence Burton and a dozen jockeys augment the work of Miss Reynolds and make the production one of unusual interest. There are many enjoyable comedy touches. It affords many moments of happiness and entertainment—due to the human qualities of the story and the manner of its telling.

"THE PEOPLE VS. NANCY PRESTON"

Said to be one of the most dramatic stories of underworld and prison life ever screened, "The People vs. Nancy Preston," with a practically all-star cast in which Marguerite De La Motte and John Bowers are featured, comes to the Penniman Allen theatre, Wednesday, June 23.

The story tells of a man, woman and lad who are "framed" by members of a private detective agency, and whose efforts to lead honest lives are nearly prevented by the hounding to which they are subjected. Crimes of which they are innocent are fastened upon them with the result that they find themselves fugitives. The scenes are mostly laid in Sing Sing prison, the underworld haunts of crooks and in a peaceful village.

Miss De La Motte appears as a woman with a past, while Mr. Bowers plays the part of a convict who makes up his mind to walk the straight and narrow path, Frankie Darro, one of the best juvenile players of the screen, is seen as Buley, the son of Nancy, portrayed by Miss De La Motte. They pass through many adventures all of which are thrilling and border on the sensational.

Picked Up About Town

"Some fellows go to the postoffice to get their mail," says Dad Plymouth, "and others go just to fill their fountain pens."

Wouldn't the women yell if they couldn't afford any more clothes than they're wearing?

Dad Plymouth says the sensible thing for a woman to do when she gives her husband a letter to mail is to date it two weeks ahead.

When you are motoring across the country the scenery is that green stuff you see between the billboards.

"Maybe if pedestrians would always keep their pockets full of tacks," says Dad Plymouth, "auto drivers would be more careful about running over them."

Sometimes you can tell when you are approaching a detour by the language emanating from the car ahead of you.

It has about gotten so in Plymouth that about the only time a horse gets scared is when it meets another horse.

"Yes, indeed, there's something else in the world besides money," declares

Dad Plymouth. "And he says the something else is the poorhouse."

Dad Plymouth asserts that the reason they have honeymoons before they settle down is the same reason two prize-fighters always shake hands before they start pummeling each other.

Fifteen years from now the girl of today will be about ten birthdays behind.

STARK

The L. A. S. of the Livonia Community church will give a "garden party" at Coventry Gardens, corner Five Mile and Farmington roads, Saturday, June 19th. There will be an interesting program, both afternoon and evening. Games for the children, with prizes; ball games, and a fine 6:00 o'clock dinner. Price of tickets, 75c for adults, and children under 12 years of age, 25c. Come and enjoy a real treat.

Mr. and Mrs. Ed. Smith and son, Howard, recently motored to Hammond, Indiana, where they visited Mrs. Smith's sister for a few days.

Mr. Blair is building a fine sun-room on his house.

Frank Streb had the misfortune to lose a valuable cow, one day last week.

Walk-Over Relief and Princess Pat

STYLE SHOES IN COMFORT SHAPES

Shoes of gay, girlish style with sedate and sober comfort

FEET know no age or rule of style. Your feet grew as you grew—into the fullness of maturity. Yet you want the style usually built into shoes for girls.

Now you may have that youthful style, with comfort. These two shoes are styled the same as Walk-Over shoes for girls. Yet these two shoes are different. They are made on special lasts to fit the older foot.

Princess Pat is made comfortable by a combination of wide tread, narrow heel, snug arch and straight inside line. Relief, a companion shoe, is extra-wide across the tread, narrower-than-usual in the heel.

Here at the Walk-Over store is the gay, girlish style you want, with a magic comfort that Walk-Over builds into style shoes with special shapes to fit the older foot.

The above is a true copy of the principal part of the annual audit of the village books by Miller, Bailey & Company, Public Accountants. Dated, Plymouth, June 12, 1926.

SIDNEY D. STRONG, Village Manager.

Today's Reflections

When a woman says she's a "nervous wreck," it means she has been house-cleaning, but when a man says it, it means the fishing season has opened.

The real farm problem around Plymouth is how to transfer the surplus from the farm to the pocketbook.

No more circus parades! And then they try to tell us the country isn't going backward.

Here's a recipe for Plymouth brides: You can take the wrinkles out of prunes by rubbing them each night with cold cream.

What this country really needs is a potato that can be bought by the bushel without having to mortgage the house.

How can a radio announcer remain so cheerful? He can't tune out when he gets tired of the program.

The upper class is heading for the fashionable mountain resorts; the

lower class is going along to wait on them, and the middle class is staying at home to run things.

It may sound a little ungentlemanly, but do good-looking women ever run for office?

A Paris dispatch says skirts are to be shorter—as though such a thing could be possible.

They claim France has balanced her budget. That probably means that one end is just as apt to drop as the other.

Sometime we expect to run across a Plymouth woman who really thinks her husband is as smart as she thinks he is.

Most every girl has two fellows—the one she likes and the one who amounts to something.

Driving onto a railroad crossing at only five miles an hour may still be break-neck speed.

Maybe the reason some Plymouth men can eat so much is because they've been practicing all their lives.

FIRE RAGES UNDER THIS LITTLE TOWN

Summit Hill Sits on Top of Burning Coal Mine.

It is nothing unusual for a town in the hard coal fields of Pennsylvania to be sitting complacently on top of a honeycomb of mines. Most of the towns in that region rest on a mere shell of the earth's surface, beneath which are labyrinths of shafts and tunnels from which fuel has been taken and shipped to kitchen ranges and cellar heaters. Scranton, the hard coal metropolis, has thirty-three mines under the streets within the city limits, and smaller towns show a proportionate undermining. In the development of the anthracite industry shafts and chutes and gangways have been pushed further and further into the ground until the surface of the earth is everywhere buttressed by timbers and other artificial supports.

The case of Summit Hill, in Carbon county, Pa., is unique in that it has for nearly one hundred years been sitting on top of a burning mine. Summit Hill is a town of 8,000 people. It is built on top of a high hill whose sides are riddled with shafts and gangways and whose interior has long been steadily streaming out to waiting furnaces. It differs little from other hard coal mining towns. It has its claims and stores and markets, and draws attention chiefly by reason of its being at one end of the Switch-Back and because of its burning mine.

The origin of the fire is unknown. It started ninety-two years ago deep down in the network of gangways and tunnels, and worked its way out and up, until today at places it is at the surface. Fortune

INDUSTRY SETS BUILDING PACE

\$8,630,972 IN NEW CONSTRUCTION SINCE JAN. 1, IS DETROIT'S RECORD.

Industrial and commercial construction in Detroit since the first of the year has maintained a record-breaking pace and is responsible in part for the new high mark established in building expenditures during the last five months, according to a statement made Saturday by G. W. J. Linton, executive vice-president of the Commercial State Savings Bank.

Cost of the construction of factories, shops, stores, major garages and warehouses, for which permits have been issued since the first of the year, aggregates \$8,630,972," said Mr. Linton. "This compares with \$7,773,897 for the same class of construction during the first five months of 1925 and is without consideration of store-apartment buildings, which will provide 277 additional stores and 523 apartments at a cost of \$3,102,952.

Factory and shop buildings lead with a total of 67 permits for \$2,676,258, while store construction is second with 401 permits for \$2,357,006. Permits for major garages total 51, costing \$1,749,458, and warehouse permits number 24, with a construction cost of \$1,849,250.

Based on building activities during the period, a total construction expenditure of approximately \$100,000,000 is in prospect for the first half of 1926. Adequate finances have been available for the tremendous expenditures, evidencing the great resources of local financial institutions.

The rapidity with which construction has been carried on this year may be better understood when it is realized that estimated cost of new buildings for the first six months of this year will exceed total expenditures for the entire 12 months of any previous year with the exception of the last three years.

"The many large buildings, upon which construction is scheduled to start during the next few months, practically assures a new high record for the year and one which may exceed the \$200,000,000 total. This figure is without consideration of building expenditures in territory outside of Detroit but located in the metropolitan area, where many of the largest industrial plants are located and where residential construction is being rushed to provide adequate housing facilities for the rapidly increasing population."—Detroit News.

WE WILL FINANCE

A small modern home on a corner on Hamilton street, for responsible parties. R. R. Parrott, 215 Main street.

SAYS CITY WILL LEAD

WORLD IN AIRCRAFT

LAMBRECHT ASSERTS NEW PLANTS WILL LOCATE HERE.

"Detroit is not only aspiring to world leadership in the aircraft industry, but is actually attaining that end," R. G. Lambrecht, president of the Michigan Investment Co., said yesterday.

"Four leading manufacturers are now located in the city, and seven or eight others are planning to do likewise. That the new concerns will also locate on the West Side seems to be the logical conclusion since this district offers everything in the way of transportation facilities, as well as an industrial development that is destined to outstrip any other in the United States."

Mr. Lambrecht points to the fact that the Stout All-Metal Airplane Factory, which is being rushed to completion, will be one of the largest and most modern in the country.—Detroit News.

PUTTING ON ADVERTISING CAMPAIGN.

We note that practically all of our surrounding, neighboring towns are putting on a publicity campaign. The Board of Commerce of Mt. Clemens are sponsoring a radio broadcasting campaign.

Plymouth could well afford to blow her horn a few times, no one else seems inclined to do it for us.

PARK DISTRICT GAS LINE LAID

Laying of main gas lines in the Marquette Park district is progressing at a rapid rate, according to information furnished the Marquette Park Association, Saturday. The lines are now down along Plymouth road to beyond McKinney road.

The Marquette Park Association has been instrumental in procuring gas service in line with the association's general policy of maintaining fine character to the district, keeping toward high restrictions and improvement plans.

Marquette Park, which is predicted to develop one of the finest residence sections in the western part of the city, lies west of the Rouge Park area, Plymouth road, where the feeder gas line is being laid, bisects the park.—Detroit Times.

Russell A. Wingard, Realtor, reports the sale of two vacant lots on Harvey street to David King, and Mrs. Emma Johnson's house on Roe street to John and Clea Hobden.

AUTOS INSURE CITY'S FUTURE

FINANCIAL EXPERTS SEE CONTINUATION OF PROSPERITY AHEAD FOR DETROIT.

"Those who are skeptical regarding Detroit's future need only to follow the comment voiced by financial experts throughout the country to set aside any misgivings they may entertain," said John H. Castle, president of Castle & Ford, Inc., yesterday.

"The prosperity enjoyed by the automotive industry is directly reflected in the prosperity of Detroit, and though there are scores of other industries in Detroit, much of this city's progress is dependent upon the demand for automobiles," Mr. Castle said.

"During the World War the capacity of a large number of fundamental industries was greatly increased, and after a short period of digestion of the surplus stocks of materials on hand, production started anew, and with the greatly expanded facilities, even 60 to 70 per cent of capacity operations, meant an increase in production compared to that which existed in pre-war days." Mr. Castle quoted from a financial review published in Boston. "The growth of the automobile industry has exceeded the expectations of even the most optimistic. In 1925, out of a total world production of automobiles of 4,576,000, the United States produced 4,155,000, or more than 90 per cent of the total. This is not surprising, when it is realized that there are more than 20,000,000 cars registered in the United States, or one for each 5 1/2 of the population. There has been no let up this year, and the ratio of cars to population is still mounting.

"It will be noted that the Boston student of finance and industry points out that 'the ratio of cars to population is still mounting,' which means that more people are buying automobiles.

"This means that there is nothing in sight which would indicate that the automobile industry is destined to suffer any dull periods for probably many years to come. With the automobile industry enjoying what appears to be a long period of stability and prosperity, it is only natural and logical to assume that Detroit, the automobile capital of the world, will continue to enjoy a steady and natural growth in population.

"The result of conditions such as these always are, as they must be, found reflected in the demand for real estate because increased population means that additional housing facilities must be provided newcomers to this city. Those who already are in Detroit should prepare themselves against the future when the steadily increasing property values will make prohibitive to them the purchase of homesites which they may now acquire at figures, in many cases, lower than existing conditions warrant."

After all is said and done . . .
