PLYMOUTH LEAGUE WOMEN VOTERS WILL HOLD MEETING

Several Prominent Speakers Are On the Program Which Will Take Place Monday Afternoon, July 12th.

The Plymouth League of Women Voters will hold the July meeting on Monday next, July 12th, (all meetings second Monday of month), at the home of Miss Mary Conner, 1103 Pennington avenue, at 2:30 p. m.

Miss Grace Brown, attorney-at-law, of Detroit, Wayne county chairman of committee on "Legal Status of Women," will speak on "Inheritance and Guardianship Laws."

Miss Vera Andrus, instructor of history, Port Huron High schools, will speak on "The Significance of the September Primaries." Both subjects are of much interest to women, and the Plymouth League welcome all women to the information these two well-informed women will give us.

The state league conducts a citizenship school each summer. Last year it was held in connection with the University. This year they go to East Lansing to the Michigan State College on July 19 to 23.

The Michigan League of Women Voters and the Michigan State College are arranging their first joint School of Citizenship, to be held from Monday, July 19th, through Friday, the 23rd, on the East Lansing campus. This is the second state-wide Citizenship School to be conducted by the League of Women Voters in Michigan, the first one having been held in 1924 in co-operation with the University of Michigan.

Three major courses will be conducted through the week with three lectures and discussion periods each day. The course in International Relations will be ushered in with an address by James K. McDonald of New York, president of the Foreign Policy Association, on the opening evening, and will be carried on by Prof. E. H. Ryder of Michigan State College, and Professor Thomas G. Blaisdell of Pennsylvania. Professor James K. Pollock, Jr., of the University of Michigan, will conduct the course on Constitutional Amendments.

The question of a State Constitutional Convention in 1927 will be discussed by Dr. Lent D. Upson and William R. Lovett of Detroit; Dr. Blanche M. Haines of Washington, director of the division administering the Sheppard-Towner Act in the United States Children's Bureau will discuss that work, and its relations to the Federal Aid and Legislation will be brought out in the final meeting by Dean Isidor Loeb of Washington University, and Mrs. J. Paul Goode of Chicago, a member of the Illinois legislature.

Other subjects on the program are Prof. John T. Caswell of Michigan State College, on Election Laws and Processes; and Senator James Couzens, chairman of the Senate Committee on Civil Service on the Merit System in Government. He will speak at an open meeting on Wednesday, July 21st, 21st.

Dormitory accommodations are provided by the college. The advance registration already gives promise of a large state-wide attendance. Mrs. Emerson Davis of Detroit, State Chairman of Efficiency in Government for the League of Women Voters, and Professor E. H. Ryder, director of the summer sessions at Michigan State College, head the joint committee in charge of the school.

Mrs. Ruth Huston Whipple of Plymouth, will have charge of the Speakers' Training Class each day of the session.

COOLEST JUNE IN YEARS

June for 1926 is gone and with it passing one of the coolest Junes in the last few years was recorded. June 8 and 5 were chilly days, registering but 40 degrees for the minimum temperature, but toward the latter part of the month the temperature increased and on June 29 the thermometer skipped up hastily to 91 degrees from 72 degrees at 9 o'clock in the morning. More rain fell during June in 1925 and 1924 than this year despite the impression generally held that June was wet as well as cold. Only 2.64 inches fell during the entire month this year as compared with 3.10 last year and 3.24 in 1924. Eighteen days of last month were clear and ten were only partly cloudy.

BASE BALL NEWS

MERCHANTS TEAM WINS TWO GAMES.

After having been held scoreless for five innings, the Merchants came through and won by a narrow margin of 7 to 6, in the game with Newburg, July 4th. The boys could not find the Newburg pitcher until the fifth, and in the meantime Newburg had collected six runs. Finally in the fifth, Strasen came through with a home run, and Millman followed with a triple. This started the ball rolling, and the boys settled down to play ball. In the Merchants half of the ninth the score stood 6 to 5 in Newburg's favor. Williams and Wagenschutz singled; then Hance drove a Texas leaguer over the second base for the two winning runs. The game was ragged in parts, but many flashy plays livened things up to a great extent.

Williams showed plenty of opposition to H. German, as he pitched a good game, letting the opponent off with a few scattered hits.

The game at Newburg, Monday, resulted in a walk-away for the Merchants, the score being 16 to 5.

The Plymouth Merchants will cross bats with the strong Michigan Alkali team of Wyandotte, Sunday, July 18, at 3:00 o'clock, at Burrough's field. Come and help boost them to victory.

Line-up for Plymouth: J. Ritchie, l. f.; Grey, s. s.; Hance, 3b.; Darnell, r. f.; M. Strasen, c.; Millman, c. f.; E. Ritchie, p.; T. Strasen, 1b.; H. Stevens, 2b.; Williams for E. Ritchie; VanBau for Stevens; Darnell for T. Strasen; Wagenschutz for Darnell.

Those who saw the game July 4, between the Northville and Dehoco base ball teams probably witnessed the poorest exhibition of base ball as will be pulled off in some time. What was supposed to be a base ball game turned out to be a joke. Imagine a semi pro team winning a game after making 14 errors, including every known kind of error that could be committed. Beside this, to make it look worse, they absolutely forgot that they had to be on a base to be safe. To itemize every bone head play made by the Dehoco Club would take up too much space and valuable time. The Northville team while not being guilty of but 4 errors, nevertheless lost the game by the score of 13 to 12. In the seventh after L. German had passed four, hit two and yielded two hits for four runs, he retired in favor of Moore, who lasted until two were out in the ninth. After yielding five hits and passing Martin for a total of two runs, he was taken out. Harry German went into the box. He pitched to but one batter, Bathey, who singled to the right, scoring Jaska and Martin for a total of 13 runs. The Farmers, however, deserved to win regardless of their bad showing. Had the game been errorless, the score would have been 4 to 1 in favor of the Dehoco Club.

DEHOCO CLUB WINS FROM THE DETROIT FIRE DEPT., 4 TO 2, MONDAY.

The game between the two above baseball clubs resulted in a pitchers' battle between Constau and Burrell, Constau being the master of the situation at all times, allowed but five hits and not passing a single batsman, while the boys behind him were piling up eleven hits and getting four free trips to first base. The Firemen's only chance to score was in the fifth inning when Perry and Bathey each dropped an easy out in the field. Constau hit Rittinger, Sullivan's sacrifice and Rintz's single scored two runs. This tied the score after the Farmers had scored two in the second.

Burrell pitched a good game and was well supported, his teammates playing errorless ball. The heavy hitting of the Farmers, together with four passes to first, however, too much and the final score was 4 to 2 in favor of the Farmers.

HOME BUILDING ASSOCIATION MAKES GOOD SHOWING.

On another page of this paper will be found the semi-annual financial statement of the Plymouth Home Building Association. The report shows an increase of \$9,500 in the capital of the Association since the last report published. This shows that the local organization is enjoying a steady and substantial growth. During the time they have been organized, eighty-five new homes have been financed by the local association. This means much in the prosperity and growth of Plymouth.

The officers and directors of the association are as follows: Charles H. Bennett, President; Edward Gayde, Vice President; W. R. Shaw, Secretary-Treasurer; R. R. Parrott, Assistant Secretary; E. O. Huston, W. J. Burrows, Claud Verkerk, William Sutherland, Dan. F. Murray.

BIG BALL GAME AT NORTHVILLE SUNDAY.

One of the big ball games of the season will take place at Northville fair grounds, next Sunday afternoon, July 11th, at 3:00 o'clock, when Northville and the Dehoco team of the Detroit House of Correction Farm will cross bats. The officers defeated the Northville boys last Sunday by a narrow margin of one score. The game next Sunday promises to be a close one as both teams are out to win the contest. Landau and Rea will be the Dehoco battery, while Harry German and Lee will be at the points for Northville.

Fred Rupp of this place, who was taken ill last Saturday, and taken to the home of his sister, Mrs. Edward Berg, in Detroit, died last Sunday. Funeral services were held Wednesday at 2:00 o'clock, with interment in Mt. Elliott cemetery.

SUPERVISORS APPROVE ADDITIONS TO PLYMOUTH

New Additions Would Mean a Considerable Increase in the Population of Plymouth.

FRANK RAY DIES SUDDENLY

This community was shocked Saturday morning to hear of the sudden death of Frank S. Ray, which occurred at his home Friday evening, while he was sitting on his porch conversing with his brother-in-law, Henry Tanager.

The deceased was born in Plymouth, Mich., October 1, 1870, and passed to the higher life, Friday, July 2, 1926, at the age of 56 years, nine months and two days. He was united in marriage to Minnie Krumm, April 18, 1887, who with two sons, Arthur and Irving, survive him.

Mr. Ray underwent a serious operation two years ago, from which he never fully regained his health, and for the past six months has been rapidly failing although he has been able to be around about his work, and even the day of his death he seemed as well as usual.

The Wayne County board of supervisors at their regular session, Tuesday, at the county building, approved the addition of several new areas to the village of Plymouth, subject to a vote on the question at the election to be held next fall.

The new additions include an area one-quarter by one-half miles, on the Plymouth-Northville road, as far north as the Five-Mile road. This would include the Phoenix Park and Plymouth Gardens subdivisions. The other area lies south of Mill street to Golden road, and includes Maplecroft, Brook View and Sutherland's Sunshine Acres subdivisions.

The supervisors passed favorably upon the incorporation into villages the four communities of Lochmore, Rockwood, Brownstown and Inkster.

A petition for the incorporation of Garden City in Nankin township was rejected.

In taking up the proposition of a new home for the superintendent of the Wayne County Home and Training school near Plymouth, the supervisors elected to postpone action until a personal investigation can be made of the situation. The home superintendent at the present time has quarters in the administration building but the entire building will soon be needed for school purposes. It is said.

AN INTERESTING DOCUMENT

K. H. Starkweather, local connoisseur of old books and papers, recently came upon what is thought to be a valuable "find" in the way of an old government document. In maritime parlance this document is what is known as a "sea letter." What makes it particularly interesting at this time is due to the fact of the one hundredth anniversary of the death of Thomas Jefferson, author of the Declaration of Independence and third president of the United States. Jefferson died July 4, 1826.

This sea letter was written in four languages, French, Portuguese, English and Dutch, and bears the signature of Thomas Jefferson, President, and James Madison, Secretary of State. Madison later became fourth President, and first "war president" of the United States.

The full text of this rare and curious document reads as follows:

"Thomas Jefferson, President of the United States of America, to all who shall see these presents, Greeting: Be It Known, That leave and permission are hereby given to Joseph Skinner, master or commander of the ship called the Frances Henrietta, of the burden of 410 tons or thereabouts, lying at present in the port of New York, bound for India, and laden with flour, gin, wine and specie, to depart and proceed with his said ship, on his said voyage, such ship having been visited, and the said Joseph Skinner having made oath before the proper officer, that the said ship belongs to one or more citizens of the United States of America, and to him or them only.

In Witness Whereof, I have subscribed my name to these presents and affixed the Seal of the United States of America thereto, and caused the same to be countersigned by David Gelston, Collector of the Customs at New York, the third day of October, in the year of our Lord Christ, 1806.

By the President,
Thomas Jefferson.

GRANGES WILL GIVE ENTERTAINMENT AT WASHTEANAW'S GREATEST FAIR.

Washtenaw County Pomona Grange, through its twelve subordinates Granges is planning to give a series of plays during the week of Washtenaw County Fair, August 31st to September 4th.

This is a new feature at Washtenaw Fair, and it is believed will fill the long-felt need for wholesome entertaining educational features given by local talent.

The county committee in charge of arrangements are: Mr. and Mrs. R. T. Brockaw, Geddes; Mr. and Mrs. Edward Schremser, Pittsfield, and Mr. and Mrs. Charles Seybolt, Scio.

Several of the Granges who will participate have decided on their program. Pittsfield Union Grange, under the direction of Edward Schremser, will give a minstrel show; North Sylvan has appointed Mrs. Douglas Hoppe, Mrs. N. W. Laird and A. B. Skinner to direct the amusing sketch, "All Alone in the Country;" Ann Arbor Grange will give a play by Zora Gale, entitled, "The Neighbors." Manchester, Scio, Ypsilanti, Webster, Pleasant Lake and other Granges, through their committees are making preparations.

The plays, interspersed with songs and music, will be given in a tent situated on the main midway, and provided by the Washtenaw County Fair Association.

Girls' Club canning demonstrations, Women's Christian Temperance Union programs and the Declamation Contest for rural school boys and girls will be given in this tent.

ANNUAL SCHOOL MEETING NEXT MONDAY NIGHT.

The annual school meeting of District No. 1, Fr., Plymouth and Northville, will be held at the High school building next Monday evening, July 12th, at 7:30 o'clock. Besides the regular routine of business, one trustee is to be elected, the term of C. H. Bennett expiring at this time. Every taxpayer who is interested in the welfare of our public schools should be present at this meeting.

SOME TAX FIGURES

The following figures give the assessed valuations of Plymouth township for 1925:

Real Estate	\$6,937,200
Personal	936,900
Total	\$7,874,100

The above figures have been accepted and passed by the committee on equalization of the board of supervisors. The assessed valuations in each school district are as follows:

District No. 1	\$7,373,450
District No. 4	215,700
District No. 5	518,850
District No. 8	183,200
District No. 9	288,730
District No. 10	2,000

The total assessed valuation in 1925 was \$6,525,343, a gain this year of \$1,348,457.

AUTO CLUB BRANCH MANAGERS MEET.

A convention of state branch managers of the Detroit Automobile Club and department executives of that organization was held Tuesday in the Statler Hotel. Charles T. Bush, president of the Automobile Club presided during the meeting.

The meeting was held with a view to co-ordinating the efforts of the various branches with those of the main office of the automobile club, in order that the 51,000 motorists comprising the organization might be given more and better service in all sections of the state.

Those attending included W. A. McArthur, Port Huron; W. C. Hoffman, Monroe; W. S. Cavanaugh, Adrian; M. N. Allmendinger, Ann Arbor; L. C. VanBoven, Battle Creek; E. E. Elam, St. Joseph; B. C. Belcher, Jackson; H. S. Hempstead, Kalamazoo; T. H. Wolfe, Mt. Clemens; Ray Bachelard, Plymouth, and R. P. Selway, Ypsilanti.

The Detroit Automobile Club was represented by Mr. Bush; Dr. Jas. W. inches, chairman of the Affiliated Clubs Committee; W. S. Gliberath, club manager; John J. Ramsey, manager of the Inter-Insurance Exchange; W. E. Bachman, membership director; E. S. Matheson, manager of the touring department; L. C. VanSchoick, director of safety and traffic; Howard D. Brown, manager of the legal department; and A. F. McCrea, managing editor of the Detroit Motor News.

OUR FAVORITE FOODS

Every man in Plymouth doubtless has his favorite dish, and probably wonders why everybody else doesn't like it as well as he does. It is a difficult thing to please everybody, especially when it comes to appetite, and yet there certainly must be some foods that are in greater favor than others. Those things, according to several thousand restaurant men from all over the U. S. gathered in convention at New York the other day, are apple pie, vegetable soup and roast beef in the order named. Restaurant men say more people eat these three foods than anything else served in the average restaurant, and they make that statement after checking up on the appetites of millions of Americans. Now think it over, and we'll wager that in your case, too, at least one of those three foods is numbered among your favorites.

MORE TRUTH THAN POETRY

Once a lion was telling a leopard why he roared in the jungle. "Doing business openly and with plenty of advertising," the lion said, "is the way I got my reputation. I earned the name of king of beasts by blowing my horn. Always let the other fellows know you are around and they will respect you and never bother you." A rabbit hiding nearby heard the advice and decided to try it. So he filled his lungs with a great breath and started out to terrify all the other animals by roaring like a lion. A wolf, learning of the rabbit's whereabouts by his roar, hopped onto the rabbit and ate him up.

If you haven't got the goods there is no need in advertising. And if you don't advertise it's a pretty good sign that you haven't got the goods.

CHESTNUTS DOOMED

According to foresters and federal employees who make a business of fighting insect pests, residents of the U. S. are due to lose an old favorite within the next 10 years—the chestnut tree. They are a unit in declaring that the chestnut trees of the country are fast disappearing, dying of the "chestnut blight."

In the face of such warnings it would seem but an act of wisdom for residents around Plymouth to take immediate steps to save trees of other varieties, which are also threatened. The elm beetle has destroyed thousands of trees in every section of the country in the past few years, and others are falling prey to the brown-tail moth. The old custom of spraying and protecting fruit trees and letting forest and shade trees take whatever nature sends is a mistake, as we are coming to realize when it almost too late.

So if you have one shade tree or several of them just remember that they are becoming more and more valuable each year, and for that reason should be protected. Any tree lover can tell you how to give them the attention they need and how to successfully fight the insects and blights which destroy them. But if you want to be sure you are right, drop a line to the Forestry Department at Washington, D. C., and full instructions for protecting that which you can't replace in a lifetime will be sent to you without cost.

THE THEATRE

"THE RECKLESS LADY"

"The Reckless Lady," coming to the Penniman Allen theatre, Saturday, July 10th, tells the story of an estranged wife and mother who ekes out a precarious but substantial living for herself and her daughter by playing at the gaming tables of Monte Carlo. The crises of the story deals with the tremendous sacrifice made by the mother in her daughter's behalf.

Belle Bennett and Lois Moran, the two actresses who have been accorded such acclaim in "Stella Dallas," are seen in the respective roles of the mother and daughter. Ben Lyon, featured in both previous Kane productions, again has the leading male role in "The Reckless Lady." James Kirkwood and Lowell Sherman, two of the most popular actors in the films and on the speaking stage, fill the other featured parts.

The comedy of the picture is in the capable hands of Charlie Murray and March Harris. Murray came to New York for the sole purpose of working three days in the Kane picture.

Thomas Holding, Edwin August, Julia Hugley and Louise Beaudet fill small but important parts.

"ELLA CINDERS"

Here, at last, is the 1926 version of that hoary fable of childhood, the story of Cinderella and the glass slipper. It reaches the screen at the Penniman Allen theatre, Sunday and Monday, July 11th and 12th, under the neat title of "Ella Cinders."

Colleen Moore is the brightly animated star of this particular piece, and a better moving picture Cinderella of modern times than Colleen would be hard to imagine indeed. She is without doubt the ideal representation on the screen of youth and aspiration that struggles to free itself from the drab surroundings of poverty.

The 1926 version of the old Cinderella tale, as pictured on the screen, is packed with laughs and therefore not such a dry document as its matter-of-fact ancestor. In fact, it is the most consistent comedy vehicle in which Miss Moore has yet appeared.

Relating the story of the invasion of a country town by a fake film contest promoter, it transports its prize winning heroine to Hollywood, where she "breaks into the movies" by the interesting expedient of "crashing the gate." After breaking up innumerable scenes by unwittingly venturing onto sets, an actual opportunity to act comes to her—and she acts as if her life depended upon it. In fact, the heroine actually believes it does—the significance of which statement will dawn on those who view the film.

Miss Moore is aided in creating veritable riots of fun by a most capable group, with Lloyd Hughes introducing the serious and sentimental moments as the pseudo ice-man hero of the play.

Important members of the cast deserving of high praise for their work are Vera Lewis, Doris Baker, Emily Gordis, Mike Donlin, Jed Prouty, Jack Duffy, Harry Allen and D'Arcy Corrigan.

Producer John McCormick and Director Alfred E. Green merit the warmest congratulations for having made such an admirable screen adaptation of the comic strip made famous in the newspapers by William Counselman and Charles Plumb.

"Ella Cinders" is a pioneer attempt in the moving picture field, and judging from the success attending its release should set a new vogue.

"MOANA"

"Moana," the Paramount picture which comes to the Penniman Allen theatre, Wednesday, July 14th, comes as an answer to that old question, "When are those much mentioned and discussed 'better movies' coming?"

According to the program, this picture was made in its entirety on a small South Sea island without any white players. Its producer, Robert J. Flaherty, made "Nanook of the North," a film generally conceded to be the finest thing of its kind ever attempted. Like its predecessor, "Moana" arrives as a breath of fresh invigorating air. After hundreds of studio pictures, producers could well afford to use it as a model on which to fashion future productions.

We are introduced to a group of Samoan natives, and shown the way they live. In slight craft, we are taken on trips across the lagoon. A giant turtle is captured with bare hands as we hold our breath. Fishing, such as the most persistent disciple of Izaak Walton never dreamed of, is disclosed as an ordinary thing.

South Sea dances, vaguely reminiscent of our modern Charleston have been photographed. One is shown how this primitive people make their clothes, taking all materials from the lap of Mother Nature. They are shown at work and at play; by day and by night; joyous youth and happy age; maidens and their swain.

Moana, after whom the film has been named, is a fine type of youth. His is the physique of an Apollo, and the strength of a giant, both combined with the utter simplicity of youth. Not the type usually connected with South Sea literature. Moana is real and likeable. His wooing of the girl

of his heart is perhaps the tenderest love story ever unfolded on any screen. Such abundance of gorgeous foliage and scenery has never been seen before. It is with no hesitancy that "Moana" is recommended to the movie-goer who looks for, and appreciates, the unusual.

Today's Reflections

Who remembers when a silver dollar and a big market basket were the only equipment necessary to buy plenty of food for a big family and guests over Sunday?

When you find a Plymouth boy who doesn't want to eat things because they make him sick—then he's sick.

About the only time the auto road hog squeals is when a county justice "stinks" him.

Ask any Plymouth woman what is the most useless thing around the house and she will tell you it's a man at canning time.

Who says safety first doesn't pay? The man who invented the first safety pin made \$2,000,000 off of it.

Sixty miles an hour is plenty fast, except when you are in a hurry to reach some place. Then thirty is about right.

The average Plymouth husband will tell you that the worst thing about making both ends meet is they won't stay met.

Some vacation spots are so quiet and peaceful you can rest there almost as well as you can at home.

Wouldn't it be nice if you could wear a pair of new shoes a few days before putting them on.

We would not advise any citizen of Plymouth to gamble. That is why we never advise them to buy canteen cups.

It's a good thing for the noses of some people around Plymouth that somebody else's business isn't a grindstone.

Maybe the old woman who lived in a shoe didn't know what do, but it's dollars to doughnuts there were plenty of neighbors around to tell her.

Time has one advantage in being 2480 years old. Nobody today claims to be the first white child born in the city limits.

There are three times in every Plymouth man's life when he ought to whistle—when he is feeling good, when he isn't feeling good and when he starts to say something mean about some other fellow.

One of the hardest things a growing girl has to decide is whether she would rather be a "perfect thirty-six" and poor or fat and wealthy.

**More Dependable
Than Ever**

Dodge Brothers, Inc., achieved third place in world production this Spring because they have been able—WITHOUT SACRIFICING FUNDAMENTALS—steadily to improve the smartness of their product.

Owners and engineers know well that mechanically the car is sturdier than ever—cost of upkeep lower—and performance more dependable.

Refinements and lower prices have been made possible by spectacular increases in sales. Not by violating the basic tenet of Dodge Brothers success: NEVER TO LOWER QUALITY IN A SINGLE DETAIL.

The photographic system, installed after two years' investigation, is handling close to 100 per cent of this volume," declared Otto Stoll. "It has a capacity, as it now stands, of nearly twice the present volume."

That the year 1926 is showing a steady and consistent upward trend in volume of realty transactions is shown by the reports for the months comprising the half-year period just closed. The exception is June, which took a spectacular leap ahead of all preceding months.

In January, there was 7,081 deeds and 5,850 mortgages filed; while the figures respectively for February were 7,055 and 5,634; for March, 8,300 and 6,655; for April, 8,545 and 6,765; for May, 8,418 and 7,169, and for June, 9,452 and 7,929. This makes a total of 48,836 deeds and 40,012 mortgages, or a grand total of 88,848 papers recorded.

The same figures for deeds and mortgages filed the first six months of 1925 follow: January, 7,185 and 5,504; February, 6,747 and 4,747; March, 8,107 and 6,230; April, 8,587 and 6,361; May, 9,025 and 7,525; and June, 8,621 and 7,527; a total of 48,272 deeds and 37,532 mortgages, or a grand total of 85,804 papers.

The property management division of the Detroit Real Estate Board soon is to complete a survey of apartment house conditions in Detroit. A survey of vacancies in apartment houses was made by the division in March, and the one now being made is on a much more elaborate scope.

SURVEY SHOWS INCREASE IN NUMBER OF PIGS RAISED.
A recent rural mail carrier survey indicates a slight increase in the number of pigs raised this spring in the corn belt states. The number of sows farrowed was 3.5 per cent greater than in the spring of 1925, but this was partially offset by a smaller number of pigs per litter being saved. The spring was late and cold and this unfavorable condition resulted in an average of 5.54 pigs per litter as compared with 5.78 one year ago, according to a statement issued by L. Whitney Watkins, Commissioner of Agriculture, and Verne H. Church, U. S. Agricultural Statistician for Michigan.
The number of sows bred for full farrowing is 36.4 per cent greater than the number that farrowed in the fall of 1925. In other years, the actual full farrowings have fallen from 15 to 30 per cent short of the June report, depending upon prevailing conditions. Conditions this year, such as prices of hogs, corn-hog price ratio, present feed supplies, etc. indicate that breeding intentions will be more nearly carried out this fall than in any year since the surveys were started.
In Michigan, the number of sows farrowed this spring was practically the same as last. The percentage of pigs saved was 91.9 per cent of one year ago, and the increase in breeding for fall pigs is 43.6 per cent. The percentage of spring farrowing was somewhat greater in each of the other corn belt states than in Michigan. The number of pigs saved was also greater, being 100 per cent or above in several states most of which were west of the Mississippi river. The increase in breeding for fall farrowing in the different states ranged from 27 to 62 per cent.

60% JUNE Sales Gain over greatest previous Nash June

Rounding into the last month of the half year period Nash sales and production raced thru June to pile up a 60% lead OVER the greatest previous volume of June business in all Nash history.

And this record-breaking total also made June 1926, the 22nd consecutive month—with one exception—to surpass the mark set by the same month of the previous year.

The reason Nash is getting the business is simply because people are buying where they get the MOST for the money—in greater VALUE, in greater QUALITY, and in finer PERFORMANCE.

Lay Them Right Over the Old Shingles

WHEN your shingle roof must be replaced you need no longer suffer the houseful of dust and dirt, litter, annoyance and expense of ripping off the old shingles. Leave them where they are and lay Johns-Manville Asbestos Shingles right on top of them. Then you'll have a roof that is fireproof and everlasting; you'll get the benefit of the splendid roof insulation afforded by the old shingles and, most important of all, you will have re-roofed for the last time.

**RE-ROOF FOR THE LAST TIME WITH
JOHNS-MANVILLE ASBESTOS SHINGLES**

Lay Johns-Manville Asbestos Shingles right over the old wooden shingles and you eliminate roofing troubles and expense for all time because Johns-Manville Asbestos Shingles will last as long as your building stands. They're all mineral—nothing in them to rot or burn; they will not warp, curl or split; they never need paint; they're easy to lay and they are most attractive in appearance.

Does your roof need replacement? If so, it will pay you to get full information about this method of re-roofing with Johns-Manville Asbestos Shingles. See us at once. We can do the work for you quickly, easily and economically.

**OLD CHURCH BELL
MADE BY REVERE**

**In Historic Sacred Edifice in
Massachusetts.**

On a hill in West Barnstable, Mass., overlooking the broad sweep of marshes and lowlands toward Barnstable harbor, stands the old white Congregational church, says the Boston Globe. It is contended that this society is one of the oldest religious organizations in the United States, having been formed in Southwark, England, in 1616. Rev. Henry Jacob was the organizer of the society, and in October, 1880, members of the little Southwark flock emigrated to the United States, where they settled at Great Marshes, later called Barnstable.

The old church, which has attracted the attention of hundreds of summer visitors, was built in 1717. It was remodelled recently. During its history it has had 22 pastors. The present pastor is Rev. F. D. George of Centerville.

Today the interior of the church bears small resemblance to the original. But the old framework, the solid-hewn timbers, can still be seen in the attic. The bell in the steeple bears in large letters the name "Revere." The old records show that it was sold to the town in 1807 by Paul Revere. It is believed to be one of the few Revere bells in existence.

Of the gilded cock on the steeple the records say that it was made in England and was first placed on the steeple of the church in 1723.

Of the pastoral succession of the church it is written: "Rev. Henry Jacob, who in 1616 organized in Southwark the first Congregational church, resigned his pastorage in 1624 and emigrated to Virginia where he shortly afterward died. He was succeeded as pastor of the Southwark church by Rev. John Lothrop, who had recently withdrawn from the established church.

"With diligent wisdom and careful foresight he shepherded the little flock through eight difficult years, and at the end of which time, in April, 1632, while they were gathered in worship in the house of Mr. Humphrey Barnum, a brewer's clerk in Blackfriars, London, one of the Bishop Laud made a raid upon their secret sanctuary and arrested 42 of the worshippers, with 13 women. They were released except Mr. Lothrop, who was held for two years. His wife died during his imprisonment. His children became beggars but afterward received help from the bishop at Lambeth.

"Mr. Lothrop, by a decree of April, 1634, was released on condition that he leave the country. Consequently he landed with the other members of the persecuted flock, from the ship Griffin, in Boston, on September 18, 1634, and soon proceeded with them to Scituate, where they tarried for a few years. In October, 1639, having moved again, they arrived at Great Marshes, which soon was called Barnstable."

Bleak Northern Country

Lapland is in Arctic northwestern Europe, a bleak region on the Arctic ocean. It is so far north that for two months in the summer there is continuous daylight, and likewise in winter there is unbroken darkness for two months. Lapland, politically, is a part of three different countries, Norway, Sweden and Russia. The southern boundary is somewhat indefinite, but Lapland's 150,000 square miles consists of the Norwegian provinces of Nordland, Tromsø and Finnmarken; part of Sweden's province of Norrland and all of Norrbotten; northern Finland and the Kola peninsula, which belong to Russia. The inhabitants number about 25,000, and are the smallest race in Europe, their stature averaging less than five feet.—Kansas City Star.

The Dog Star

The dog star is a gigantic body, vastly bigger than our own sun, and so distant from us that its rays need over eight and a half years for their journey earthwards. Those that started in October, 1917, will not reach us until this year.

If our earth were one of its planets, the mid-winter days would be more glaring than those of our present summer. We know that one world circles round Sirius, for large telescopes disclose a huge globe which moves round it as we move round the sun.—Exchange.

Power From Straw

The South Australian director of chemistry recently emphasized the possibilities of manufacturing power alcohol from straw.

In a test, he said, one ton had yielded 50 gallons, but a much higher return was likely if a company were formed to establish the industry on a permanent commercial basis.

Enough straw is wasted in South Australia for the manufacture of sufficient alcohol to take the place of all the petrol imported.

Actor and Preacher

Winthrop Ames at the Federal Council of Churches' dinner told a story about a sermon.

"A great actor," he began, "said to a great preacher one Sunday morning:

"Well, sir, your sermon—it was brief."

"I am very glad to hear that," said the preacher. "I was afraid I might have been tedious."

"Oh, but," said the actor, "you were tedious."

She Should Have Known

A certain English bishop prides himself on saying the right and tactful word to every person he meets, and by reason of his office he is not accustomed to find his remarks questioned.

"So strange I should run up against you," he said to a woman acquaintance, "because I was chatting only a few minutes ago with your two children."

"But," said the woman, "I have no children."

"Are you sure?" he asked earnestly.

Batik Work Intricate

The Netherlands East Indies produce by the cottage industry method the world-famous batik, or glorified cotton cloth, says Commerce Reports. Cloth used in this industry is imported and distributed in small pieces to the workers, who dye it with an elaborate hand process which produces beautiful and intricate designs. As many as 100 operations are sometimes required before a single piece of cloth is finished. Native batik is now meeting with competition from imported printed cloth.

A joy family reunion was held at the home of Mr. and Mrs. James McNabb on Monday. There were 32 in attendance. All report a good time.

A most cordial invitation is extended to the neighbors and all of the

community to attend the lawn social held at the Donovan home (the old LeVan place) on Plymouth road, on the evening of July 15th, Thursday.

STATE MOVES FAST TO FINISH NEW BUILDING AT FAIR

Construction of the Agricultural Building at the State Fair Grounds in Detroit is progressing rapidly, and the new building will be ready for occupancy for the Michigan State Fair which will be held from September 5 to September 11.

Practically all of the steel work will be in place by July, as well as a large portion of the brick masonry with which the lower portion of the building will be finished. A force of seventy-five workmen are busily engaged in the construction of this new building which will house the agricultural exhibits of Michigan at the forthcoming State Fair and at future fairs.

The new Agricultural Building is located between the Coliseum and the Dairy Building. Its type of architecture is very similar to that of the two structures on either side, with an arcade between the Dairy Building and the Agricultural Building which will permit visitors at the Fair to pass from one building to the other. In these three buildings will thus be conveniently centered the agricultural interests of the state.

In previous years the farmers of the state have not been given the prominent part in the State Fair which is considered necessary for the complete success of this annual event. Other states have found that a good agricultural display means a successful fair, and under the new management of the State Fair Board, Michigan is to take her rightful place.

Utility Fowl Gets Recognition In State Fair List

A change is being made in the classification of the poultry exhibit at the next annual Michigan State Fair which will be held at the State Fair Grounds in Detroit from September 5 to September 11.

Members of the State Fair Board have decided this year to recognize the value of the utility and the production birds, and are offering substantial premiums in these classes.

The size of the premiums will be based on the number of entries in each class.

It is pointed out that the re-classification in these two classes will not effect the regular exhibition classes which will compete as formerly, but for prizes which have been very materially increased for 1926.

This announcement is expected to lead to the entrance of many birds that would otherwise not be exhibited by poultry farmers of Michigan.

STATE FAIR ADDS CLASS FOR BEST MICHIGAN FLEECES

A new department will have an exhibit at the Michigan State Fair to be held at the State Fair Grounds in Detroit from September 5 to September 11.

This is the Wool Department which will be housed in the Sheep Building. In previous years, there has been no wool exhibit, and although Michigan ranks among the largest wool-producing states in the country, the proper prominence to wool has not been given.

Sheep growers of the state are being asked to save their best fleeces to exhibit at the Fair. Competent judges are being secured who are thoroughly cognizant with all the factors to be taken into consideration in judging wool, and sheep growers of the state may rest assured that although new, this department will be carried out with the same care which is given to the older departments of the Michigan State Fair.

FISH AND GAME EXHIBITS WILL FEATURE STATE FAIR

The State Department of Conservation will have a large exhibit at the Michigan State Fair to be held at the State Fair Grounds in Detroit from September 5 to September 11.

This exhibit will be housed in the Poultry Building and in an adjacent building, and will be well worth the attention and study of every visitor at the State Fair.

A big fish exhibit is to be placed in the Poultry Building, and officials of the State Department of Conservation have promised that they will make an effort to have every species of fish to be found in Michigan waters on exhibition.

Additional exhibits of wild game of all sorts, feathered and fur-bearing, will be a feature in this department.

FAIR TRACK ONE OF FASTEST

Nothing is being left undone which will help condition the track at the State Fair Ground so that it will be the fastest in the country when the next annual Michigan State Fair is held in Detroit from September 5 to September 11.

The events scheduled for the track during the six days of the fair include five days of light harness racing and automobile races on the final day. Every day finds a force of workmen busily engaged in smoothing down the track, dragging it, rolling it, and working over it so that it will merit the reputation it has of being the fastest state fair track in the United States.

I will shoe your horse at your barn. Special attention paid to saddle and light harness horses. Phone 400, Northville. A. E. Campbell. 516c

He Sold Matches by Telephone in The Dull Season

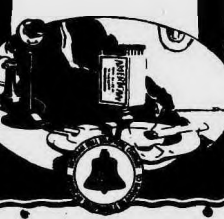

Business was dull the first of July, so the salesman tried the Long Distance plan suggested by the Telephone Manager.

He went to the telephone office in Jackson, gave the operator a list of 20 stores in eight nearby towns and asked that the calls be set up one after another—sequence calls, they are called.

The plan with the consequent saving of money to the match company and therefore to the dealer, appealed. The idea went over big—and so did the matches. And the salesman covered the eight towns in five hours.

PONTIAC SIX

CHIEF OF THE SIXES

The Pontiac Six won instant acceptance—first as a quality car and then as a car at a price made possible by the gigantic resources and purchasing power at the disposal of a division of General Motors. Entirely disregarding price, the Pontiac Six would be an outstanding car by the grace of its Fisher body and the smartness of its Duco finish, by the size, power, and flexibility of its engine, by the exceptional ruggedness and "heft" of every unit, from the dashing radiator cap to the tail light—

—but a price of \$825 literally throws this high-quality Six into bold and impressive relief against the entire industry.

Oakland Six, Companion to the Pontiac Six—\$1025 to \$1295. All prices at factory. Easy to pay on the liberal General Motors Time Payment Plan.

Sweeping Changes In State Fair's Army of Exhibits

In order to better display the exhibits at the Michigan State Fair which will be held at the State Fair Grounds at Detroit from September 5 to September 11, a number of changes in the arrangement of the exhibits is to be made.

Those who have been attending the State Fair during recent years have seen practically the same arrangement, year in and year out, with nothing to vary the monotony, and with nothing to indicate that the exhibit was new.

This policy has been changed since the present State Fair Board was appointed and managers of the fair have been instructed to go the limit in arranging the exhibits in the best possible manner.

Sweeping changes have been planned to improve the dairy and poultry exhibits, as well as those of the boys' and girls' clubs.

At the same time the women's exhibit will be held this year in the new Women's Building, which is one of the most attractive structures on the State Fair Grounds.

INTEREST IS KEEN IN CATTLE EXHIBITION CLASS AT STATE FAIR

The Michigan State Fair cattle exhibition class promises to be the best filled this year in the history of the fair, according to Walter B. Palmer, Director of Live Stock and Exhibits of the Fair.

One new feature at the Fair September 5 to September 11 will be the county herd class providing competition between counties in the various breeds. If a single exhibitor does not have enough animals he can combine with breeders of the same breed and show in the county herd class. If he has an especially strong individual he can also win a percentage of the prize money for the one or two animals that he owns that are high point winners.

Another strong feature of this year will be a special competition among state institution herds. The management of the Fair has provided special classes so that the fancy show herds from the state farms at Traverse City, Pontiac, Ionia and other points will have plenty of competition without showing against private owners who may not have as strong herds but whose herds rank high as to breeding and utility.

The Cattle Department of the Fair will be supervised this year, the same as last, by Robert Barney, a leading breeder of Traverse City. Prof. O. E. Reed, of the Dairy Husbandry Department of the Michigan State College has given a great deal of attention to the forthcoming cattle exhibit at the State Fair. He has also been named Chairman of the National Dairy Exposition executive committee. This exposition will be held on the State Fair Grounds October 6 to 13th.

Michigan is fast becoming a great dairy state and interest in the Dairy Cattle Classes is growing with leaps and bounds.

HORSES! HORSES! AT FAIR GROUNDS IN TRAINING GRIND

Between 130 and 150 horses are now at the Michigan State Fair Grounds at Detroit training for the Grand Circuit races and the other light harness races which will be held at county and state fairs throughout the Middle West this summer and fall.

First arrivals at the stables in Detroit were at the grounds by May 1 and within three weeks more than fifty horses were in daily training. Of the 130 horses approximately half are trotters and pacers and the other half are saddle horses in training for the horse show.

A number of horse shows and fairs have already been held in Ohio and Indiana, and many of the animals which were being conditioned at the Michigan State Fair track have left their stables for short periods in order to compete in these shows and fairs.

Because this past spring has been quite backward, no fast time has been recorded for any of the horses at the track, but by the middle of July real speed will be on tap. By the opening of the State Fair on September 5, the horses which are to enter the various events at the Michigan State Fair will be at their peak form.

SHOW RING BEING BUILT AT STATE FAIR RACE TRACK

A show ring is being constructed at the State Fair Grounds in Detroit in the centerfield of the mile track for the horse show which will be staged in connection with the annual Michigan State Fair to be held from September 5 to September 11.

The show ring will be 250 feet long by 100 feet wide and is being built directly in front of the grandstand at the finish wire.

The Dearborn Rotary Club is making arrangements for the third annual boys' camp, conducted by that club. The camp site this year will be located on Vineyard Lake, located in the heart of the Irish Hills.

Northville business men have given their word to the Northville Council that they will keep their own cars off of Main street if the council will rescind the one-hour parking rule. The council aimed this rule at residents and not visitors to the town.

The Boy Scouts of Washtenaw county have their own camp this year for the first time, made possible by the gifts of Mrs. Eleanor J. Newkirk of Ann Arbor, and Daniel E. Hoey of Dexter. This camp which is located at Dexter was officially opened on the 21st by 113 scouts from Ann Arbor and Ypsilanti.

The work of re-chasing the race track at the Oakland County fair ground has been in progress during the past two days. The clay is secured from the old railroad pit opposite the cemetery, where a steam shovel has been installed. Some of the county tracks have been secured for spreading the clay.—Milford Times.

What was supposed to be the oldest house in Livingston county was blown down in Pinckney recently. Some of the newspapers which covered the walls were dated as far back as 1833. One paper, "The Philanthropist," was the official organ of the Ohio anti-slavery society, and bore the date, 1839.—South Lyon Herald.

ODDFELLOW NOTES

We are going strong again with our news for the Brothers who are unable, perhaps due to the weather, to attend the meetings, which are certainly going strong.

The installation of officers took place last meeting, and those who were not present missed a real treat. Our installing officers should be congratulated on their ability to put on this work, especially Brothers Zander and Wheeler.

Our sick list for this week is on the decline, and our visiting committee report things are looking favorable for a cheerful report next week. Bro. Savory is able to sit up. Bros. Proctor and Ward are about the same.

We, as Oddfellows, showed our sympathy for Sister Kay and family in her recent bereavement, the loss of a loving husband and father. The funeral was held last Sunday, over a hundred and fifty Oddfellows and Rebekahs attending.

Our supper committee was given a rising vote of thanks on their ability as cooks, and the supper was one long to be remembered by the sixty members who were present.

Next Tuesday evening we start degree work again, and a long list of candidates are in waiting. The Brothers are all eager to get in the harness again after a rest of three weeks. Our degree captain, Bro. Wilden, has his team ready. Come out, brothers, and see our new team in action.

Our newly elected officers, A. Williams, N. G., and Earl Gray, V. G., have put on the harness, and are going to do some real pulling. They have adopted the following slogan for the coming term, "Every Brother bring a Brother." Not so bad.

The Rebekahs are to have their installation of officers Friday evening, July 9th, and the committee in charge is making every preparation for a large crowd. Invitations have been sent to a number of Detroit lodges to attend.

The committee in charge have made this a pot-luck supper. Come one and all, for its going to be a real Rebekah night.

The Booster Club has finished making preparations for the first picnic to be held Sunday, July 11th, at Bishop Lake. The committee has invited every Booster, his family and friends to be ready at 8:00 o'clock, with his basket, as it is to be a pot-luck affair. Bring your fishing rod, straw hat and bathing suit, for its a real lake. Every Booster is going to have the time of his life, and the kids and women are going to get a surprise, for the committee has something up its sleeve to shake out.

The Oddfellows have a committee working on a joint Oddfellow and Rebekah picnic, and it won't be long until we get the real dope.

Remember our slogan, "Every Bro. bring a Bro."

LITTLE JOURNEYS IN PRINT

Bro. Reddeman and family and Bro. and Mrs. Trinkaus spent the holidays camping at Bishop Lake.

Bros. Trimble and Schrader spent Wednesday at Wolverine lake fishing. Bro. A. Fluelling happened along with his Essex and brought the whole load home.

Bro. Stamble and family spent the holidays at Pine Island, and report a real time.

Bro. Wayne Ruff and wife, Bro. T. Ruff and wife and Bros. Milton and Russell Densmore were guests of Israel Wisby at Sudgon Lake, over the week-end.

Bro. Albert Trinkaus left Wednesday, July 7th, to spend his holidays at Woodland, Mich.

Bro. C. Zanders, our District Deputy, spent the week-end at Rawsonville, visiting friends.

Bro. Joe Tracy spent Sunday at Elizabeth Park, and Joe says he got lost.

Bro. Thomas Ward and wife spent the week at Milford, visiting friends, and fishing on the Huron River.

Bro. Fred Cline and family are spending the week at Union Lake.

Bro. Fred Wagonschutz will leave the first of next week to attend the state freemen's convention at Caro.

Bro. E. J. Allison and family spent the holidays at Grayling.

Bro. Earl King spent his holidays in Flint.

Bro. Tom Davis was also a week-end guest at Flint.

Bro. A. Tillotson and R. Baughn spent Saturday and Sunday at Neff Lake, fishing.

Bro. Albert Hall of Nankin lodge, was a Plymouth visitor over the holidays.

Bro. Wilder of Grand Rapids, was a visitor last Tuesday evening.

Bro. George Huger and wife spent the holidays at Houghton Lake.

Bro. Fred Rhead and family were also taking in the fine fishing weather at Houghton Lake, over the holidays.

Bro. Charles Hadley is driving a new Chevrolet.

Bro. Allan Wemp and family and Bro. Wm. Boehret and family spent the holidays in Leamington, Ontario, visiting relatives and friends. Bro. Raymond Hammond also spent the holidays in Leamington, renewing old acquaintances.

Bro. Harold Crossman's smiling face is seen around Plymouth again.

Bro. Carmen Warner was one of the stay-at-homes over the week-end. He says he is resting up for the next fishing trip of the Triangle Club.

"GRANDMA" DECKER DIES; 93 YEARS OLD.

Mrs. Elizabeth Decker, better known to Dearborn people as "Grandma" Decker, passed away at her home on Northview avenue, Dearborn, on Monday Morning. Mrs. Decker has been a resident of Dearborn for the past thirty years, and before that time resided in Perrinville and Plymouth. She was an outstanding christian character and always active in church and social work. Evidence of the high esteem in which she was held

was made manifest by the large attendance of friends at the funeral services and the numerous floral offerings. Mrs. Decker leaves no one except a host of dear good friends to mourn her departure, as her husband and only daughter have already preceded her to the great beyond.

Funeral services were held on June 29th, at 2:00 o'clock from the residence. Rev. F. E. Vary of the First Baptist church sang two beautiful hymns, which had been selected by the deceased, just before her death.

Interment was made in Maplegrove cemetery, Nankin township, beside her husband and daughter.—The Dearborn Press.

Hit the Nail on the Head

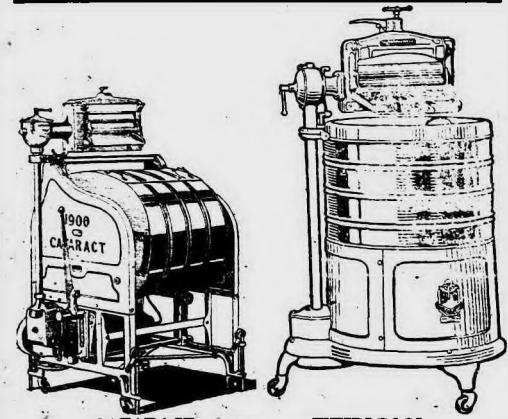

It's getting up courage to drive the first nail that's the hard part about building. You can trump up dozens of reasons for postponing the job—but did you ever know anybody to be sorry he built?

Most building materials are low priced now. Not every thing is as cheap as lumber but by the time the other things have dropped probably lumber will rise. So all in all this is a good time for building. Hit the nail on the head!

BAPTIST NOTES

The pastor's sermon last Sunday was about Independence Day, "Bondage or Liberty." The choir was made up of men, both morning and evening, and they gave us some good music.

A special meeting this week of the Ladies' Aid Society was held Wednesday at the home of Mrs. H. H. Daly, and Thursday at the home of Mrs. S. L. Bennett. The regular monthly meeting of the society will be held at the home of Mr. and Mrs. Schryer, next week Wednesday. A pot-luck supper will be served, and all are invited. Young people come and have a good time.

Don't miss this. Quite a number of the young people are planning to go to Kalamazoo College for the summer school, which begins July 19th, and ends with the State B. Y. P. U. Convention, beginning July 30th, and closing August 2nd. A splendid time will be enjoyed by all who can attend. The expense is small, and the teachers and speakers the best that can be found.

LIBRARY NOTES

"The Offer of the College"—To be at home in all lands and ages; to count nature a familiar acquaintance and art and intimate friend; to gain a standard for the appreciation of other men's work and the criticism of your own; to carry the keys of the world's library in your pocket, and feel its resources behind you in whatever task you undertake; to make hosts of friends among the men of your own age who are to be leaders in all walks of life; to lose yourself in generous enthusiasms and cooperate with others for common ends; to learn manners from students who are gentlemen, and form character under professors who are Christians; this is the offer of the college for the best four years of your life.

So says Wm. DeWitt Hyde. Not everyone has the privilege of college opportunities with its association with students and professors, and the library cannot offer a complete substitute, but we can offer you the knowledge gained through books. Someone has said that if three specified books were read and thoroughly studied one would have the equivalent of a college education. Two of these books are in your library now.

WANTED—To do painting and papering. 520 Holbrook avenue. 3312p

MUNICIPAL NOTES

BY THE MANAGER

We welcome our village president back from his month's trip through the west.

The cast iron water pipe ordered the first of last month has arrived, and is being distributed. A hundred and twenty tons comprise the shipment.

Some of our traffic lining has been put on the streets and more will be painted soon.

Gravel avenue has been cleaned up and partially graded. More fill dirt will be obtained from South Main street, when the county starts grading that street soon.

The tax and water bills are ready to send out. There are about 3,200 statements to mail, and this means a big amount of work for the treasurer's and clerk's offices.

The manager's office has been redecorated and looks fresh and clean again. By the end of the week, we will be settled back in place.

NOTICE

Robert R. Lee, 548 Roe street, Plymouth, announces his recent connection with J. L. TAYLOR CO., Chrysler dealers, Walled Lake. Any of Mr. Lee's friends contemplating the purchase of a new car will be given a very thorough demonstration on the new Chrysler upon request. Just telephone Plymouth 652. 3311c

NOTICE

Wm. Sutherland wishes to call the attention of people living in his subdivision to the resolution of the village commission, prohibiting the use of village water for anything but domestic uses.

still the *only* car to offer all these *New-Day* features

The New-Day **JEWETT SIX**

1 Page-Hydraulic 4-wheel brakes—the most expensive braking system on the market, but the best and surest and safest.

2 A flashing pickup that carries you out and away from every traffic jam while the others are still changing gears. An ability to turn completely around in narrow streets, and to park in places unbelievably small.

3 Ultra-modern, highly perfected and wonderfully simplified engine. Ample power and speed for every driving need—and yet one of the most economical engines ever built. High pressure oiling prevents bearing wear and insures smoothness and long life. Full water jacketing maintains uniformly perfect cooling always.

Silent chain driven timing mechanism.

4 An entirely new ease of handling. Ball bearing steering spindles and inclined king-pins enable you to guide the New-Day Jewett with your finger tips, effortlessly and with the greatest ease.

5 Oversize construction throughout. A frame 5½ inches deep where most others on cars in this field are 4½ or 5. Springs average from 1 to 4 inches longer. Clutch, transmission, axles and drive-shaft are unusually rugged.

6 The widest vision of any motor car built. Slender pillars of sturdy steel completely eliminate the deadly "blind spot", you can see everywhere.

7 There is more interior room than in many cars of much longer wheelbase. More knee room between the seats.

\$995

for the Standard Sedan; Deluxe Sedan, \$1095; Deluxe Touring Car, \$1195. All Page-Jewett prices are f. o. b. Detroit, tax extra. Page-Hydraulic 4-wheel brakes included.

more free passageway to the driver's seat or rear seat than in most other two-door closed cars. The leg room in front is 40 inches—48 inches in the rear.

8 Features and accessories include adjustable pedal pads; steel running boards; cowl ventilator; dome light; door pockets; rotary window lifts; semi-automatic spark control; beautiful long-wearing upholstery; two-tone lacquer finish; co-incident theft lock; an oversized battery, and many others equally desirable.
