

## KIWANIANS ENJOY JOINT DINNER MEET WITH NORTHWESTERN

TWO HUNDRED MEMBERS AND  
GUESTS ASSEMBLE AT PLYM-  
OUTH I. O. O. F. TEMPLE.

The spirit of Kiwanis, especially that phase devoted to play, was very much in evidence in Plymouth Wednesday evening when Northwestern of Detroit and the local club held a joint meeting at I. O. O. F. temple.

Approximately 200 Kiwanians and Kiwanianes filled the banquet room of the temple, where a delicious chicken dinner was served by the Bebehahs, under the direction of Mrs. Fred Stanble. From soup to nuts there was a constant barrage of comedy from the Northwestern boys that thoroughly enlivened the dinner hour.

Dean Warren Bow, president of Northwestern, was delightful in his humorous introductions of Northwestern talent during the dinner service. One of the features introduced in the banquet room was the Northwestern Jazz band, wherein some 15 members of the visiting club produced "instruments" still unknown to the musical world, and through some sort of magic actually created some splendid harmony.

Wayne Van Dyne, claimed by Plymouth, although a member of Northwestern, sang two pleasing tender solos during the dinner hour that were well received. Wayne is a versatile singer, working with the quartet, the chorus or as soloist.

Following dinner the guests adjourned to the banquet ballroom, where an hour of vocal fireworks and fun preceded dancing. The program was arranged jointly by John Larkins, Plymouth chairman, and C. A. Dock, of Northwestern.

An address of welcome by Dr. Freeman Hoyer, president of the Plymouth club, was responded to by Dean Warren Bow of Northwestern, who thenceforth took charge of the program.

Northwestern quartet, composed of Wayne Van Dyne, Alvin G. Hallman, Fred Pilgrim and Nick Salowich, rendered several numbers in true professional style and were well received by their audience. Northwestern may well be proud of her "vocal equipment."

Dialect stories were told by Chet Livengood, who was followed with a musical number by the son and daughter of the chairman of arrangements, Master Maynard J. Larkins, violin, accompanied on the piano by his sister, Miss Phyllis C. Larkins. Master Maynard demonstrates a proficiency on this most difficult of all musical instruments that speaks well for his future.

Waldo Gutowsky of Northwestern proved that he was both humorist and soloist in two numbers. Chub Burdette accompanied him at the piano. It was announced by President Bow that both were coal dealers of Detroit but they get along well together.

The Plymouth club contributed another number to the program with readings by Oliver Goldsmith. Mr. Goldsmith paid several fine tributes to the ladies, gave two humorous readings and in his usual polished manner filled a prominent place on the program.

Mort Ryan, a member of Central Kiwanis, convulsed his audience with a collection of Irish and Scotch stories that were new and snappy, and the assemblage was reluctant to let him finish.

Another group by the Northwestern quartet completed the vaudeville program, after which dancing was enjoyed to music by Gray's Plymouth orchestra. Punch was served throughout the evening.

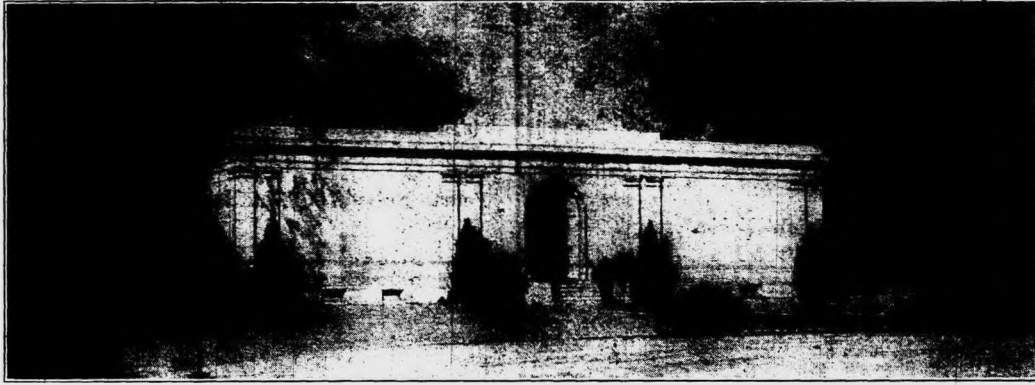

Previous to the dancing, upon motion of C. R. Livengood, all Kiwanians and their wives by rising paused a moment in silent tribute and best wishes to Past President Lawrence Johnson, unable to attend the meeting because of an unfortunate auto accident.

John Larkins, of Plymouth, and C. A. Dock, of Northwestern, were the joint chairmen in charge of the meeting, and great credit is due them for the smooth manner in which all sections of the program were carried out. Assisting Mr. Larkins, locally, were Pearly Deal and Wm. Burrows.

The Bebehahs, in charge of the dinner service, decorated the dining room with the Kiwanis colors, and spaced at intervals among the plates was the letter "K" in blue and gold.

Altogether, the joint meeting was the best that has been held since the organization of the Plymouth Kiwanis club.

## A COMMUNITY MAUSOLEUM FOR RIVERSIDE CEMETERY

The above is a reproduction of the architects' conception of the Community Mausoleum, designed for Riverside Cemetery, Plymouth. It has its suggestion in the ancient custom of burying the dead in tombs and sacred precincts of churches and cathedrals.

The idea of a community mausoleum is an American idea of comparatively recent growth, and is meeting with general favor throughout the country. And justly so, since it brings the cost of entombment within the reach of the man of moderate means.

Opportunity to purchase compartments will come but once, as the number is limited to those sold before the building is started. Early subscribers have the greater choice of selection.

Reservation plats are ready, and inquiries will receive prompt

and courteous attention, with no obligation to buy.

A large number of the crypts in the proposed mausoleum have already been sold, which shows that the project is meeting with favor by the citizens of Plymouth and vicinity. Manson & Abbott

of Toledo, Ohio, are the promoters and builders of the new mausoleum, and have an office in the Woodworth Building in this village. Their phone number is 123, and they will be pleased to furnish any information desired on the project.

## PRESBYTERIAN LADIES ARE ENTERTAINED AT NORTHVILLE

PLYMOUTH LADIES GUESTS OF  
WOMEN'S UNION OF NORTH-  
VILLE PRESBYTERIAN CHURCH.

On Wednesday, January 12, about forty of the Presbyterian women of Plymouth journeyed to Northville, where they were the guests of the Women's Union of the Northville Presbyterian church. They were received in the auditorium of the church, which was beautifully decorated for the occasion with ferns and cut flowers, and were welcomed by Mrs. Brock, the president of the Northville society. Mrs. E. O. Mimmack responded graciously and then turned the meeting over to Miss Partridge, chairman of the program committee, who had arranged the program for the afternoon.

Mrs. Stewart conducted the devotional service, reading from Isaiah 55 and Rev. 21:22-27, and leading in prayer, after which a hymn was sung. Miss Forsythe, accompanied by Miss Ruth Allison, sang very beautifully "I Know a Hill" by Whelpley.

An interesting debate on the subject of "Immigration" followed. In a very well planned and carefully prepared paper Mrs. Alexander LaFollet upheld the affirmative of the question, declaring that for the benefit of the country, industrially, economically and socially, immigration should be restricted. Mrs. Daniel Murray, her opponent in debate, replied with many convincing and appealing arguments.

Following this Miss Anna McGill entertained the company with a monologue, "Her Morning Mail," which was so well received that Miss McGill was obliged to respond with an encore. Miss Forsythe sang two very pleasing selections, "Pirate Dreams" by Hueter, and "You Along O' Me," by Sanderson.

The ladies were then invited to the church parlors, where a social time was enjoyed and delicious refreshments served by a committee from the Northville church. All agreed that these joint meetings of neighboring societies are both pleasant and profitable.

## DEBATE CANCELLED

The debate which was scheduled for Friday evening, January 14, was cancelled by Ferndale, Thursday noon. This was too late for a notice of the cancellation to appear in the local press. Since it was impossible to notify everybody of the change, the Plymouth team takes this opportunity of expressing its regrets to those of their friends who had planned to attend the debate.

The cancellation by Ferndale gives Plymouth four more points in the state League schedule. However, we were very sorry not to have the debate, because it means a loss of experience and the loss of the funds which the debate would have netted. Since Christmas, the Plymouth team, consisting of Wilbur Murphy, Franklin Atkinson and Josephine Schmidt, with Leona Beyer as alternate, has worked very hard to perfect their case on the negative side of the question of government ownership of the coal mines.

Last week Monday, they motored to Ann Arbor for a practice debate there, while Wednesday afternoon, River Rouge's debating team came here for a practice debate.

The next debate, which is the last of the four in the preliminary series, will take place February 11. Plymouth will probably have the negative away from home.

## COLDEST WEATHER OF THE WINTER.

Last Saturday and Sunday saw the coldest weather of the winter in this section, and also the heaviest snow fall of the season, about a foot of the beautiful covering the ground. Saturday morning, the thermometer registered below the zero mark.

Autoists found driving rather difficult. Even chains failed to hold, and spinning wheels and skidding cars were the experience of the most careful drivers.

In spite of the unusual snow, it was not seriously handicapped, and busses maintained their pretty closely. The cars were kept clear of the snow, as was not seriously handicapped. The village of Northville, Michigan, is moving.

## HEALTH WORK IN THE SCHOOL

### Dental Survey.

The annual examination of teeth conducted by our three local dentists, Champe, Olsvater and Hoyer, was completed the forepart of December. While the conditions revealed by this examination were very pleasing, there were also a certain number of defective teeth and other dental irregularities which should be corrected in order that the boys and girls may be able to do their best in school work and also to enjoy the best of health in years to come. Since the beginning of the year 1927 Mrs. Mary Strasen, who has replaced Miss Georgiana Reed as community nurse, has organized the data collected by Miss Reed at the time of the examinations and is now sending out letters to all of the homes stating the result of the examination. At those cases which need attention the community nurse will make personal calls at the homes and we are sure from the experience in the past that every family will be glad to co-operate for the best interest of their boy or girl.

The dental examinations every fall are rendered to the school children through the generosity of our three local dentists and the benefits to our boys and girls is in many cases very specific and noticeable.

### Baby Clinic.

The regular monthly baby clinic under the direction of Dr. Milo Brady was held the afternoon of January 12 and more than usual interest was manifested at that time. Dr. Brady, with the assistance of Mrs. Strasen, our community nurse, examined 17 children under one year of age and three between the ages of one and five, making a total of 20 children in all whose parents obtain expert advice in regard to the care of their growing children. The value of the baby clinic has become very evident in Plymouth, which is shown by the large number to take advantage of the same. At the clinic on the 12th the new portable table for the baby scales was used. This valuable addition to the equipment was made possible through the generosity of the Woman's Club of Plymouth.

One of the cardinal principals in education is health, and with the splendid service which is being rendered to the school and pre-school children in our community the item of health is beginning to receive its just recognition.

## REPRESENTATIVE JOHNSON MEMBER WAYS AND MEANS COMMITTEE.

Representative J. L. Johnson of this place, has been especially honored in being appointed a member of the ways and means committee, one of the most important committees in the state legislature, and one to which there are many aspirants. Mr. Johnson's many Plymouth friends are especially pleased at the honor that has been conferred upon him.

## A CORRECTION

In the article in last week's paper regarding the recommendations of President Robinson, it was stated that Justice Patterson's books had been audited and found O. K. by the prosecuting attorney's office, when it should have read the County Auditors.

## RICHWINE BROS. ADD LEGAL DEPARTMENT

Richwine Bros. this week announced the addition of a legal department to their rapidly growing business, with offices in the Woodworth Building. During the past year the increased demand for legal work in connection with their business of Property and Business Management has been marked. In answer to this demand, the members of the firm set out to find a thoroughly experienced and capable attorney to assume the responsibilities of this part of their business.

They feel that they have been very fortunate in securing the services of Joseph A. Peppets, formerly of the Chicago Bar, and an attorney of wide experience, for this important work.

The association of Mr. Peppets with the able Richwine Bros. to extend the scope of their service to the public and at the same time fill a growing need in community affairs.

The Mail is glad to welcome Mr. Peppets to the business and professional circles of Plymouth.

## WITT-PALMER

Last Saturday evening, January 16, at six o'clock, Elmer M. Witt of Wayne, and Miss Iris E. Palmer of Plymouth, were united in marriage at the Baptist parsonage, by Rev. H. E. Sayles, the ring ceremony being used. They were attended by Miss Gladys Palmer, sister of the bride, and Arthur R. Krauter. The bride was groomed in peach georgette, and her sister wore dark velvet.

The young people are well known in Wayne and Plymouth, and they have the best wishes for a long and happy wedded life.

## REPRESENTATIVE JOHNSON HURT IN AUTO ACCIDENT

CAR IN WHICH HE WAS RIDING  
SKIDDED INTO DITCH NEAR  
HOWELL.

Representative J. L. Johnson of this place, was seriously injured in an automobile accident near Howell late last week Thursday afternoon, while returning to his home in this village from Lansing, where he had been attending the sessions of the legislature. The automobile in which Mr. Johnson was riding was driven by Representative James E. Lawson of Royal Oak. The snow which was falling that afternoon made driving extremely difficult, and when near Howell, the car skidded and ran into a ditch.

Mr. Johnson was thrown against the windshield and suffered severe lacerations on his head and face, while Mr. Lawson sustained minor bruises. The injured men were taken to Howell where surgical attention was given them. It required forty-two stitches to close Mr. Johnson's wounds.

Later in the evening, Mr. Johnson was brought to his home in this village, where his many friends will be pleased to know that he is getting along as well as could be expected.

## WOODWORTH'S BAZAAR AN- NOUNCE BIG SALE.

Woodworth's Bazaar has a full page ad in today's paper, which announces a big sale which opened Thursday, January 20th. Some extraordinary bargains are offered, and it will pay our readers to carefully look over the special offerings for this big event.

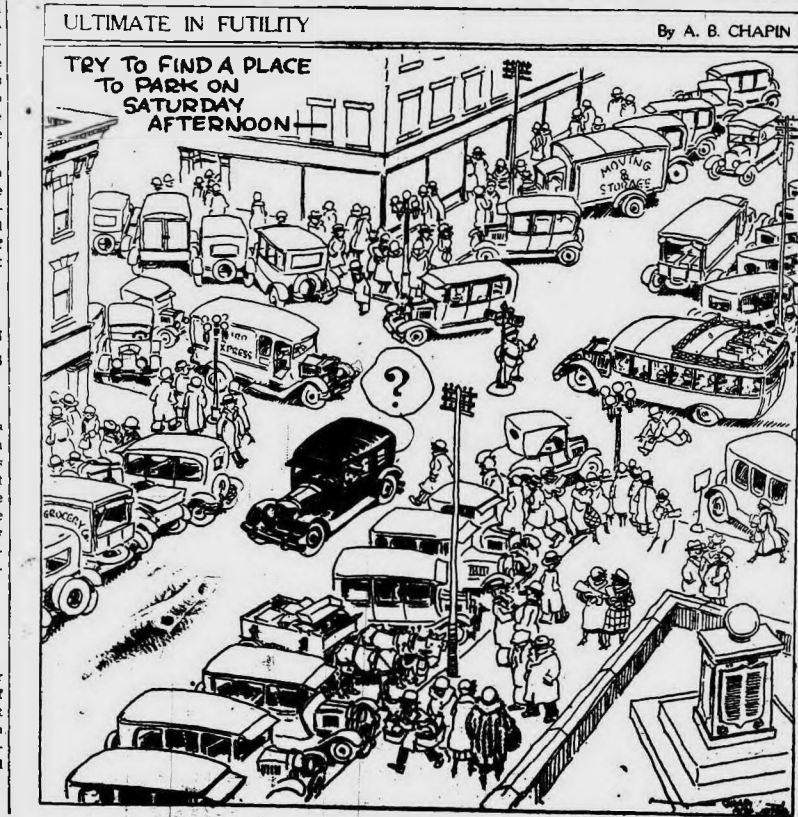

## GENERAL MACHINE & IRON WORKS, INC., HAVE PROSPEROUS YEAR

The General Machine & Iron Works, Inc., one of Plymouth's substantial industries, is just closing one of the most prosperous years in the history of that concern. Fred J. Schmidt, president of the company, started a representative of the Mail last Friday. Mr. Schmidt is very optimistic over the prospects for another busy year for his company during 1927. The company already has a number of large orders upon their books, and a still larger amount of business in sight.

The local company puts out a high quality product of fabricated steel, which has won for them a large clientele among the architects and builders. Fred J. Schmidt, the genial president of the company, has a thorough knowledge and large experience in the steel business, together with a wide acquaintance, which are prime factors in the growth and success of the company. In the management of the business, President Schmidt is ably assisted by his son, E. F. Schmidt, secretary and treasurer and general manager of the company.

The local plant is a splendid asset to Plymouth, as it gives employment to a number of men, and a large portion of the money paid out by the company finds its way back into the business channels of the village.

Guy Lane of Detroit, has completed the Knight Templars. He is the youngest member of the oldest lodge of North America. He will be remembered as the son of Mr. and Mrs. George Lane, former residents of Plymouth.

## PLYMOUTH BOY WINS PROMOTION

Arnold Freydl, son of Mr. and Mrs. Felix Freydl of this place, has just been promoted to an assistant cashier in the National Bank of Commerce of Detroit, where he has been employed for the past several years. "Mike's" many Plymouth friends will be pleased to learn of his well earned promotion, and extend congratulations.

## SILVER WEDDING CELEBRATED

Mr. and Mrs. Gilbert Howe very delightfully entertained a large company of friends and relatives at their home on North Harvey street, Saturday evening, January 15th, in honor of their twenty-fifth wedding anniversary. The house was prettily decorated in silver and blue, in keeping with the occasion.

After the usual mock wedding ceremony, which came as a complete surprise to the bride and groom, and which furnished much entertainment for the guests, cards were the order of the evening.

At a late hour, a delicious luncheon was served, after which the guests departed wishing Mr. and Mrs. Howe many happy returns of the occasion. They were the recipients of many lovely and useful silver gifts.

Guests were present from South Lyon, Northville, Detroit and Plymouth.

## REV. H. E. SAYLES RESIGNS

Last Sunday, at the close of the morning service, the pastor, Rev. H. E. Sayles, read to the officers and members of the First Baptist church of Plymouth, his resignation. After nearly six and a half years of work together, he felt his ministry here was about completed. The relation of pastor and people has been very happy, and untidely they have carried on the work. The pastor can only wish this church God speed in the years to come.

He has accepted the pastorate of the Stockbridge Baptist church, and will be their acting pastor by March first, or as soon as can be arranged.

## DEATH OF MRS. EMIL LARDEN

Mrs. Emil Larden died at Harper hospital, Sunday, January 16th, where she had undergone a serious operation Wednesday, January 12th. The funeral services were held from her late home, Tuesday, January 18. Rev. Walter Nichol, pastor of the First Presbyterian church of this village, officiating. The interment took place in the Livonia Center cemetery. The family have the sympathy of the community in their sorrow.

Maggie Fisher was born in the town of Salem, February 27, 1885. When a small child she moved with her parents to Livonia, where she resided until her death, January 16th, 1927. She was married to Emil Larden in the year 1907. She was of a cheerful disposition, always ready to help one in need. She leaves to mourn their loss, her husband, one daughter, Mrs. Ruby Fisher, her mother, seven brothers and sisters, two grandchildren, and a host of friends.

**WIVES AND SALARY.**

We note where a Minnesota man has asked the legal department of his state if there is any law compelling a husband to pay his wife a salary. The legal department says there is not. But we feel sure housewives of Plymouth will unite in agreeing that there ought to be such a law and on the statute books of every state. It seems hardly fair that domestics should get as much as \$50 a month and board and room while the mistress of the household does as much, or more work, and gets only her board and clothes. However, it is a subject that permits of a wide range of argument, and while we feel like defending the women, we haven't any more male friends than we need—so we'll take no chances on offending any of them. If the question comes up in this community just count us out of it. We prefer to remain neutral.

**LONG DISTANCE TALK.**

The first great achievement of the year 1927 is a telephone conversation held between a New York business man and a man in London, England. Just 27 years ago Marconi predicted that some day radio waves would carry a message twenty miles, and when radio came he predicted we would be telephoning across the Atlantic. Now that has come true. It costs \$25 a minute to use the new telephone line, however, so it is not going to mean very much to Plymouth residents. Neither will it take the place of cable lines unless some means can be found for making the conversations secret. Uncle Sam can't use it for official and diplomatic messages, because he doesn't want everybody to know what is on his mind. So, even though it is a great scientific achievement, it is of little practical value in its present form. It is far from being the achievement of the present-day system of radio, and probably never will be.

**YEAR-ROUND RABBITS.**

An exchange carries a press dispatch to the effect that a southern Ohio man cleaned up more than \$4,000 clear in 1926 raising Belgian hares in his back yard. We believe if our farmer friends around Plymouth will read that they'll agree that is pretty profitable for less than an acre of land. At first glance it seems impossible, yet with a big back yard it is possible to keep several hundred head of rabbits. And we do not need to state that with the possible exception of guinea pigs nothing in the animal world multiplies as rapidly. The Ohio man lives near a big city, and that big city is his market. There is a demand for the rabbits the entire year around, so he can sell them as fast as he can raise them—and a Belgian hare grows to maturity in four or five weeks. There may be a little tip in this for enterprising citizens who want to get into business for themselves, and who haven't much ground on which to do so. Get hold of a few books on Belgian hare raising and see if you can't work yourself into a good paying business all your own.

**RURAL RELIGION.**

Under the direction of the Council of Churches of America 150 of the largest newspapers of the United States have just finished a newspaper poll that is of vital importance and very great interest. The returns show that of the more than 150,000 people who answered the questions asked, representing every section of the country, 91 per cent say they believe in God; 85 per cent say they believe in the Bible and that it is inspired, and

76 per cent attend church regularly. Just 87 per cent say they do not want to rear their children in a community where there are no churches, and 72 per cent send their children to Sunday school. But only 42 per cent have any sort of family worship at home.

The part of the poll in which Plymouth citizens will be the most interested is a comparison of religious life between the cities and the smaller towns and rural communities. The returns indicate that interest in religion differs greatly in various parts of the country. In the south the people are extremely orthodox in their views, very generously accepting such doctrines as immortality and the divinity of Christ, and the same thing holds true in the middle western states. But in the larger cities, like New York and Chicago, the returns show a great indifference toward religion. Of the nine per cent who report that they do not believe in God practically all of them reside in the cities.

Isn't there another good argument here in favor of living in the rural districts or in the smaller towns? Isn't it better to live in a community that is populated with Christian men and women than in one wherein the average citizen doesn't care anything about the future?

**WILL OBSERVE CHILD LABOR DAY**

Throughout the country Child Labor day will be observed on the last three days of January—Saturday, January 29, for synagogues; Sunday, January 30, for churches, and Monday, January 31, for schools. As in former years, this will be the occasion for religious and educational organizations, women's clubs and other interested groups to bring to the attention of their members the fact that the problem of child labor is not yet solved.

The startling truth is that child labor has been increasing. According to the 1925-6 report of the Federal Children's Bureau of the United States Department of Labor, the number of children between 14 and 16 years legally at work increased during the last year in 24 out of the 29 cities and in eight out of the 12 states submitting statistics. This does not include the large number of children, many under 14 years, employed in occupations for which work permits are not required, nor the number working illegally.

The legislatures of 44 states are to be in session in 1927. In each of these states effort should be made to bring the child labor and school attendance laws up to the minimum standards advocated by the National Child Labor committee.

These standards include the prohibition of (1) any gainful employment for children under 14, (2) night work for children under 16, (3) a working day longer than eight hours for children under 16, (4) the employment of children in physically and morally dangerous occupations.

Few states now meet these standards. In 15 states the law carries an exemption which makes it possible for children under 14 to work in factories or canneries. In 12 states it is not unlawful to work children under 16 from nine to 11 hours a day. In only 17 states is the night work regulation adequate. In 28 states there are no laws prohibiting children of 14 from working around explosives. In 22 states it is not unlawful to employ children at 14 to run elevators. In 17 states there are no laws prohibiting children from 14 to 16 years from oiling, wiping and cleaning machinery in motion.

The purpose of Child Labor day is to make these facts known and to stir the public to demand their correction.

Mrs. Harry Daniels of Grand Rapids, was the guest of her aunt, Mrs. Ella Chaffee, and Miss Della Entrican, last week.

## Dr. Frank Crane Says

By DR. FRANK CRANE

### CITY LIFE NOT SO ROSY!

During the past year, according to a report made by the Department of Agriculture, there has been a decrease in the farm population of the United States of nearly half a million.

The year before that it decreased 182,000.

The population of the country as a whole is increasing, that of the rural districts is decreasing.

The definite trend is away from the farm to the city.

A cable from Paris tells the same story.

The population of the country districts of France continues to flow to the large cities in spite of all efforts of the government to stem it.

The general census, just taken, shows a declining population in all rural areas there except those adjacent to large industrial centers.

In America the automobile and the movie have been the two big elements in accelerating this movement from the farm to the city.

In olden times entertainment was found in country affairs; now trips to the city are substituted.

The automobile, making quick runs to the city after supper for movies and other entertainment possible, has given young people of the farming communities a taste of city life in its brightest aspect.

They see the city relaxed. They see it in the role of play-boy. And they like it.

The movies, shown in every cross-roads village, picture life in the big city as one of adventure, fine clothes and quick wealth.

There is no hay to pitch, no mules to curry and no meadow larks to listen to before dawn.

However, the dust-filled, sardine-can subways and the high cost of living in the city are left out of the picture.

The farm is where they work; the city is where they play.

This idea abetted by the auto and movie has its effect in leading young people on the farms to choose the city when they grow up.

It has played a large part in the trend toward urban life which has been noted in recent years.

### THE THEATRE

#### "FOREVER AFTER."

"Forever After," First National picture starring Mary Astor and Lloyd Hughes, which will be shown at the Penniman Allen theatre next Saturday, Jan. 22, is a romantic tale of the love affairs between a New England belle and the son of the town's impecunious lawyer.

Their romance lifts through the adolescence of high school, the gay days of college and finally crashes to a dramatic climax in a battle-scarred hospital of war time France.

Mary Astor lends her graceful beauty to the leading feminine role. Lloyd Hughes gives a vigorous portrayal of the ambitious young lover who seeks to win fresh laurels for his love on the football field and battlefield.

The supporting cast presents a wealth of well known screen names, including Alec Francis, the ever lovable character actor of First National; David Torrence, Hallam Cooley, the charming Eulalie Jensen and Lila Leslie.

In addition, the picture has the unusual distinction of showing the crack University of Southern California football team in action as part of the sequence. Several of these young collegians screened so well and showed such camera presence they were given minor roles in the rest of the story.

#### "SYNCOATING SUE."

Corinne Griffith proves herself the champion of the romantic working girl in "Syncoating Sue," her latest comedy vehicle, which comes to the Penniman Allen theatre Sunday and Monday, Jan. 23 and 24.

Having won an enviable reputation in previous pictures for the manner in which she portrayed stately, dramatic and emotional roles, Miss Griffith recently turned to another type of picture and showed a talent for portraying the typical New York working girl.

"Classified" was the first of a series in which Miss Griffith attempted subtle comedy and the picture met with the instant approval of the picture-going public. Critics declared it one of the ten best pictures of the year.

In "Classified" Miss Griffith glorified the stenographer. In "Mile. Modiste" she was a struggling dress-maker, and now in the same vein comes "Syncoating Sue," with Corinne cast as a song-plugger, said by New York reviewers to be even better than her two previous comedy successes.

Directed by Richard Wallace, who learned his directorial science making comedies on the Hal Roach lot, Miss Griffith enacts the role of a romantic New York store piano player who swears for a career on the stage.

This ambition and her love for a penniless orchestra drummer gets her into circumstances which, while awkward and perplexing to the stage-struck girl, nevertheless prove highly amusing and entertaining to an audience.

Tom Moore, of the famous Moore triumvirate, is Miss Griffith's leading man in "Syncoating Sue," and the remainder of the cast is of equal high order, including Rockliffe Fellowes, Joyce Compton, Lee Moran and Sunshine Hart.

#### "PARADISE."

Colorful South Sea Island scenes; a replica of London's famous Beaux Arts Ball; one of the greatest screen battles in history between Milton Sills and Noah Beery; a coronation

scene in which Milton Sills and Betty Bronson are crowned king and queen of a tropical island, and a bitter struggle between a stolid, wealthy man and the ne'er-do-well son of an English nobleman.

Those are a few of the highlights of First National's latest Milton Sills starring photoplay which comes to the Penniman Allen theatre Wednesday and Thursday, Jan. 26 and 27.

An unusual cast has been assembled for the picture. Betty Bronson has the featured feminine lead, with Noah Beery, Kate Price, Charlie Murray, Lloyd Whitlock, Claude King and Ashley Cooper in support. The adaptation of Cosmo Hamilton's great novel, "Paradise," was produced by Ray Rockett.

## BUICK SALES IN 1926 TOP QUARTER MILLION

### IS THE FIRST SIX TO REACH SUCH A YEARLY LEVEL.

For the first time in the history of the automobile industry a manufacturer in the quality six cylinder field has marketed a quarter of a million cars in a single year. This became known through the announcement of the Buick Motor Company of its sales record for 1926.

The announcement states that 254,356 Buicks were delivered at retail during the past year. This record is compared with a total of 200,041 deliveries in 1925, the best previous year, and with 168,920 deliveries in 1924. It took twelve years to build the first quarter million Buicks, and only twelve months to build and sell the last quarter million. Production of this make since the company was founded twenty-three years ago has passed the one and three quarter million mark, and is expected to reach two million during the current year.

As evidence of the popularity the Buick car enjoys, it is stated that in the two largest centers of population in the United States, this car has out-sold every other make on the market, regardless of price class. This remarkable condition has existed in New York ever since August, 1926, when the present Buick models were introduced, and also in Chicago for the past several months. The records of these cities were compiled from new car registrations.

The Buick exhibit at the automobile shows this month is attracting considerable attention, especially in the case of the Town Brougham, a deluxe five passenger brougham sedan on the Series 115 chassis which was introduced January 8, at the New York show. Another model which is winning its share of favor comment is the Convertible Coupe, a deluxe open-enclosed type on the series 128 chassis. This model was introduced November 1st. There are sixteen other Buick models on the three chassis lengths of 114½, 120 and 128 inches, which make up the entire line of cars for 1927. In the five months since their introduction August first, 109,088 new Buicks have been delivered to consumers.

Another trouble with the world is too many girls would rather be up in the new slang words than in the recipes in a new cook book.

**BOUND OVER TO CIRCUIT COURT**

The examination of a man giving his name as John Henderson, charged with breaking and entering with intent to commit larceny, was held in Justice Phoebe Patterson's court Tuesday. Henderson was bound over to the circuit court for trial. Being unable to furnish bail, he was remanded to the county jail. Assistant Prosecuting Attorney Watts represented the prosecutor's office. Henderson was arrested by Deputy Sheriff Springer last week Wednesday, after he had broken a window at the farm home of Herbert Stuart on the Golden road, about noon of that day. Mrs. Stuart, who was in the house at the time, heard the noise, and went to investigate, and found Henderson at the broken window. Officer Springer was notified,

and a short time later found his man a short distance away.

According to a telegram received by Officer Springer from the Toledo police department, it would appear that the man arrested here is wanted by the authorities in Pennsylvania. He is known to the police as John Smith, alias Gerald Brookbinder, alias John Henderson, alias John Hamilton.

**CARED FOR FATHER, ASKS \$5,340 PAY**

Mrs. Allie Johnson, of Plymouth, filed suit before Judge Vincent M. Brennan, in circuit court, Wednesday, asking \$5,340 from the estate of her father, Carl Schmidt, who died in Plymouth January 7, 1924. She claimed the sum was due her for having cared

for her father from November 15, 1918, until the time of his death. The commissioner of claims rejected her bill, and the suit followed. The estate, it is understood, amounts to between \$15,000 and \$20,000, and there are five children, besides other heirs at law.—Detroit Free Press.

"Some fellows," says Dad Plymouth, "never know the time of day until the sun makes a straight shadow in the middle of the road."

According to Dad Plymouth, "the pedestrian has the right of way everywhere so long as he doesn't get in front of the automobiles."

Maybe it would help some if the government would offer prizes to the couples that stay married fifty years.

**Pathos in Absurd Role Played by Maximilian**

Maximilian was a vague, kindly giant, devoted to Charlotte and to botany and to the personal care of the loveliest set of golden whiskers then extant in envious Europe. All dressed up, he was, and no one to rule, writes Alexander Woolcott, in Vanity Fair. There have been few more absurd ventures in recorded time than that pretentious but fundamentally half-hearted expedition in which this affable young man found himself sailing across the world to become emperor of remote and uncordial Mexico. There is something more than half illusory about even the most insistent and republican summons to rule. But surely there never was a fainter whisper in all history than that which called the mild Maximilian from the scholarly tranquility of Miramar to the uneasy throne of Mexico.

An old grafter in Paris was involved in the invisible intrigue which sent a swarm of French Zouaves to die under a Mexican sun. The Commune got him later. Then one of the bastards whom the first Napoleon left behind him was financially interested in any debt-collecting the French government could undertake. And Napoleon III was heavily responsible. Guedalla, in the brilliant Mexican chapters of his incomparable "Second Empire," makes this crisp observation:

"The emperor had once stayed at the Washington hotel, Broadway, and he suffered for thirty years from the hallucination that he understood America."

Into the motley skein which noosed the naive Maximilian for the affair were woven many threads beside the brightly colored single strand on which Guedalla pounces when he more than half implies it was the whiskers which made his selection inevitable. If you poke about a bit you may come to the conclusion that the choice of him rather than another had its origin in a squabble over a complimentary box at the opera in Paris years before. But, of course, the great factor was Charlotte. She wanted to be an empress.

**Evaporated Milk in China**

There is practically no use made of milk by the natives of China. The Chinese idea is that greater food values may be obtained from an acre of land by growing soy beans than by pasturing a cow. The thousands of foreigners in China, however, find no difficulty in obtaining milk, since foreign shops carry evaporated milk, which is merely sterilized cow's milk from which part of the water has been removed. The great bulk of the evaporated milk used is shipped from the United States. Sealed in hermetically sealed cans, and unopened, the evaporated milk will keep indefinitely in all sorts of weather and has the added advantage of being free from all disease-creating bacteria.

**Snow No Terror**

Snow has no terrors for the Salt Lake City street department. Water taken from municipally owned boiling springs is used to make it disappear as if by magic. The springs, located within the corporate limits, produce vast quantities of water which nature has heated to approximately 106 degrees Fahrenheit.

This is carried in tanks to the business district, and the high-pressure pumps flush out the snow, clearing it within a few hours, regardless of the depth. The water contains 1,280 parts of sulphates to the 1,000,000. Thrown on the snow under high pressure, a cloud of steam arises and quickly the street is cleared.

**Cured Him**

My father used to enjoy making my mother feel embarrassed by saying, every time that we sat down to the table, when we had company: "Well, folks, help yourselves. I'm mighty glad you're here today, because the only time we have anything to eat is when we have company."

Mother finally became tired of this oft-repeated little slam and retorted one day, in the presence of some of his best friends: "Yes, he's right, it is the only time we have anything to eat, because it's the only time he will provide anything."

It cured my father of his "clever company saying."—P. S., in Chicago Tribune.

**Intricacies of Etiquette**

Freddie, age five, was being trained to tip his cap to the women.

Soon after his mother's explicit explanations regarding that particular etiquette, he went into the yard to play. His mother looked after him. Soon, Mrs. Smith, next door, came out. She and Freddie engaged in conversation but, much to the mother's chagrin, no cap was tipped.

When Freddie came into the house, his mother said, "What did I tell you about tipping your cap to the ladies?" "I haven't seen any ladies yet," said Freddie.

**Miser Left \$400,000**

Many years before his death, which occurred in 1886, James Henry Payne, the notorious miser, handed to Mr. Chickering, the Boston piano maker, a package for safe keeping, and took no receipt or other acknowledgment. Many years later, during the celebrated legal contest over Payne's estate, Mr. Chickering happened to recall the incident, took the dust-covered package from his safe, and, tightly rolled in an old bandana handkerchief, found \$400,000 of the miser's accumulations, which he at once turned in to the estate.

It is said that underground passages are the only way to save the pedestrian's life. That's the trouble—there are too many of them underground now.

**HE MEANT WELL**

Clerk: "Well sir what can I show you?" Rastus hunting for a new overcoat: "Well, I done wants one o' dem long black coats—ah guess dey call 'em English ulcers!"

**KIWANIANS HEAR HIGH SCHOOL BAND**

FIRST PUBLIC APPEARANCE OF THE NEW BAND UNDER DIRECTION OF C. J. DYKHOUSE.

Plymouth Kiwanians were honored at their regular meeting Tuesday noon, by the first public appearance of the High school band, under the direction of C. J. Dykhouse, professor of science, P. H. S.

The band is composed of twenty-six High school boys and girls, and rehearsals have been under way less than three months. In their rendition of several numbers, the young people demonstrated an ability that speaks volumes for each individual, and reveals in Mr. Dykhouse a directorial knowledge that Plymouth may well consider an asset to the community.

Those included in the band are: Maud Chapman, cornet; Anna Hondorp, trombone; Henrietta Hondorp, trombone; Josephine Schmidt, baritone; Casler Stevens, clarinet; John Dougan, cornet; Evelyn Starkweather, baritone; Doris Hamill, baritone; Donald Bronson, French horn; Louis Ribar, saxophone; S. LeFever, saxophone; Edwin Reber, saxophone; Steve Reber, clarinet; Russell Egloff, clarinet; Claire Lyke, cornet; Lester Daly, trombone; Louis Sherman, clarinet; Joseph Ribar, cornet; Steven Horvath, saxophone; Howard Dix, drums; Bud Strong, drums; Adam Mondel, cornet; Charles Duryee, trumpet; J. D. Melaren, cornet; Mr. Snavely, bass; Maynard Larkins, cornet; and Eugene Starkweather, clarinet.

Following the band concert, the program chairman of the day, Warren Lombard and Wm. Burroughs, continued the entertainment. Mr. Lombard giving a humorous reading that was much enjoyed by the club. Mr. Burroughs' admonitions to the youthful members of the band were "words of wisdom,"—and were well received by the organization.

John Larkins, chairman of arrangements for the joint meeting of the Northwestern and Plymouth clubs, stated that everything was in readiness for the meeting, which was held at the I. O. O. F. temple last Wednesday evening, details of which are given in another space in this issue of the Mail.

**AMBITIOUS**

"Why did you turn down the offer to be president of the company?" "There wasn't any chance for advancement."

**CERTAINLY MADAM**

Bride on phone:—"Hello—Jones butcher shop? Please send me a pound of mince meat, and be sure it's a nice young mince!"

**JANUARY MEETING OF ZONE B**

The January meeting of Zone B was held at Cooper school Saturday, Jan. 15, the Cooper, Wilcox and Wallaceburg schools acting as hostesses. In spite of the zero weather and almost impassable roads, about fifty people turned out for the morning meeting.

Mrs. Sharpe discussed the requirements expected this year for obtaining health and hygiene and lunch stars. Some of the more important ones being that pupils refrain from eating at recess and all children know why they were getting stars.

Miss Gwin urged teachers not to overgrade pupils and then find that they would have to fail them at the end of the year. She also warned them not to use corporal punishment except in self-defense. Rather than use it the child should be sent home.

Handwriting having been the subject most stressed during the past month, different teachers were called on to give their experiences with it. Mrs. Wagenschutz, of Pierson school, taught a very helpful demonstration lesson in it to some of her sixth grade pupils.

Mrs. Mains (Miss Cochrane) then taught a lesson in silent reading and music appreciation. These subjects are to be given special emphasis this month.

Miss Corbett helped out with the lesson by illustrating several kinds of music on the victrola. At noon a very delicious luncheon was served by the hostesses.

As the afternoon meeting was to be held at another school, Dr. Burnham, chief speaker of the day and the superintendent of the rural department of the Kalamazoo college, gave a brief talk during the lunch hour.

Zones B, D and F were guests of the larger school for the afternoon meeting. A very entertaining program was presented by the pupils of that school. Short talks were given by several principals and superintendents of the Lincoln Park and Ecorse schools. Dr. Burnham completed the program by giving a very splendid address on the uplifting of the American race through organization.

Miss Hazel Carley was given a birthday surprise party by a number of her girl friends, at the home of her brother and wife, Mr. and Mrs. Wilbur Carley, on Dear street, last Friday evening.

**ROUTINE OF PRISON,  
PAST AND PRESENT**

**Some Improvements Made  
on "Good Old Times."**

Alfred Conyes, who has served forty-eight years at Sing Sing, not as a convict but as a keeper, will tell you how he broke a strike in one of the shops in the prereform days. He did it with a hickory club. When he had finished most of the prisoners went back to work, some went to the hospital and the rest lock-stepped back to their cells.

The ringleaders in the last group went to the dungeon. There they were handcuffed and strung-up by their wrists, their feet dangling in the air until they cried for mercy.

After that they were thrown into dark cells and for a period of from three to ten days were fed on one slice of bread and one gill of water every twenty-four hours.

The dungeon is still there. It is a long row of cells which, before the outer doors were removed, could be shut in so that no ray of light entered. There was hard stone to sleep on and a space three feet by six to stretch in. Hardly situated at the end of the row were two padded cells for those who went insane. The padded cells were necessary parts of the prison equipment in the old days.

That was Sing Sing in the days when the prisoners wore stripes, when they were not permitted to communicate with each other, and when the slightest infraction of the harsh prison rules met with the severest punishment.

According to common report the prison of today is heaven in comparison and the lot of the convicts something like a bed of roses. There are movie shows, books and magazines, baseball diamonds and basket ball courts, comfortable beds and the best of food.

A gong in the cell block rings at 6:45 o'clock in the morning and the prisoners roll out of their cots. By 7:15 they are in the mess hall for breakfast and on a typical day are served apple sauce, rice, bread baked in the prison bakeries and coffee.

At eight o'clock a whistle blows and the men start their work, some in the shoe factory, others in the brush factory, the print shop, the sheet-metal shop, the power house, the knitting mills, others on road construction, a hundred of them on construction of the new prison, others in the office on clerical work, still others in the greenhouses and gardens, the shipping room, etc.

Everyone has a job of some kind, but the work, except in a few instances, is not arduous. Those who stoke the furnaces in the power house and wheel the coal in wheelbarrows earn their prison rations by the sweat of their brows, but those occupied in the shops and on road construction do not work harder than men outside engaged in similar occupations. They talk at their work and it is not unusual to hear one of them burst into song. They appear contented and well satisfied with their lot.

**PONTIAC TEAMS HERE TONIGHT**

At 7:30 tonight, Pontiac M. E. church basket ball teams will play their return games with the Plymouth teams, in the M. E. church house. The local teams played in Pontiac, December 23, Plymouth girls winning by a close score, while our boys' team lost by a margin almost equally close. The boys' team has been strengthened since that time by practice and the addition of several players who were not in the line-up at that time, and Coach Weatherman is confident that his team will give a good account of themselves.

Since girls' basket ball has been given up in the High school, the Methodist girls' team is the only one in Plymouth playing outside teams. This is their first home game, but will not be the last. Be at the church at 7:30, in time to see two good games. Admission 25c.

The boys' and men's Church League played the second games of the series, the scores being: Faculty 21, Baptists 10; M. E. Boys 22, M. E. Boosters 13; Presbyterian Men 28, Boys 14. This leaves two teams to head the league this week, Faculty and M. E. Boys. They will meet next Monday at 9:00, when one is sure to fall. The Boosters play the Presbyterian boys at 7:00, and the Presbyterian Men's team plays the Baptists at 8:00.

Four teams have entered the Girls' Sunday-school League, and played their first games last Tuesday night. The Presbyterian girls won from the M. E. No. 1, 12 to 6; and the M. E. No. 2 won from the Baptists, 14 to 10. Next week the teams rotate, the two M. E. teams playing at 6:30 and the Presbyterian and Baptist teams at 7:15.

**WAYNE COUNTY LEAGUE OF WOMEN VOTERS WILL MEET.**

Questions that are vital to Michigan's legislative program from a League of Women Voters point of view will be the subject of the bi-monthly luncheon of the Wayne County League of Women Voters, Wednesday noon, January 26th, at which women from the entire county will be present. With the state legislature in session, and pending legislation in the line-light, the program will direct attention to those issues that are of particular interest to women, and those that have been on the League's study program.

The new Wardell Apartment, at Kirby and Woodward, in Detroit, will be the place of the luncheon at 12:30 p. m., Wednesday noon, January 26, and any women who are interested are invited to attend. Mrs. Harry Adams, of Birmingham, who is the state chairman of Efficiency in Government, and Mrs. John Hornbrook, treasurer of the Michigan League, will

be the speakers, discussing prospective legislative measures. The program also includes a speech by Miss Grace Brown of Detroit, who has just completed an interesting and unusual local study of women in jury service.

All women who are interested are invited to attend and may make reservations at the Wayne County office, 206 Women's City Club, Cadillac 9680.

**MAKES ALL A SCHOLARSHIP RECORD.**

Miss Lucile I. Dickerson, Plymouth, was one of 37 students at the Michigan State Normal, who made all A scholarship record during the fall term at the college. Miss Dickerson was carrying the full work.

**LIVONIA L. A. S. SUNSHINE PARTY.**

The Livonia Lutheran L. A. S. Sunshine party held at the home of Mrs. Mary Miller last week was a decided success, both socially and financially, something over 75 members and guests being present and nearly \$150 was added to the treasury. The delicious Sunshine cakes, made and donated by Mrs. O. Peters were awarded to Mrs. Wm. Wolf Sr. and Mrs. Riley Wolfson, they having made the largest donations. The society wishes to thank all those who helped in any way to make it a success.

There are still a number of Sunshine boxes out yet and the society would kindly ask all those who have not done so to hand them in at their earliest convenience.

**B. F. KEITH'S TEMPLE THEATRE, DETROIT, MICH.**

(Week January 23, 1927)

Frank Fay, Broadway's favorite son, headlines the bill at B. F. Keith's Temple theatre starting Sunday matinee, Jan. 23. Mr. Fay's unique brand of fun appeals to all who enjoy good wholesome laughter. Because of this he will act as master of ceremonies introducing in his own inimitable way the various players composing the bill. Each artist will be introduced to the public with a bit of the famous Fay clowning that has made him such a thoroughly enjoyable personage in the theatre. Others billed: Odali Careno, internationally famous grand opera dramatic soprano; George West and Ray Stanton in the "Rhyme and Reason Revue," with Gladys Gerrish, Allen Forrest, Idyle Allen and Canfield in "Gimme the Makin'"; Bert Llanon, the "Gartling Gun"; Bentell and Gould dancing xylophonists; Ed and Jennie Roemy, aerial gymnasts; Jim Jim Jones, "Gymnastics from Clownland" and the screen subjects.

A CARD—We wish to thank our relatives, friends and neighbors for the beautiful floral offerings and the kindness shown us during our recent bereavement; also Rev. Nichol for his comforting words, and Mr. and Mrs. Klusley for their lovely singing.

Emil Larden, Mr. and Mrs. Rosby McKinney and family.

**Your Birthday**

**JANUARY 23—28**

If your birthday is this week you are affectionate, sympathetic, generous and impulsive. You are sincere and honest, and your lovable personality makes you extremely popular with all. You are kind in your judgment of others—and lenient in your attitude toward human imperfections. You have, in fact, a very beautiful nature—with not a touch of selfishness or unfairness about you.

You are a gay, bright, and interesting companion—enthusiastic and vivacious. You are idealistic with strong artistic tastes. You have a vivid imagination, and marked literary ability.

You have much executive ability—and your decisions—though quick and impulsive—are accurate. You are shrewd and keen—and your mind is well balanced.

Women born during these dates are fond of social life. They like to entertain—and like being entertained. They are excellent wives and mothers. They also become teachers, artists, actresses and writers.

The men born during these dates become writers, editors, reporters, critics, musicians, artists, and public speakers. Samuel Gompers was born Jan. 27. Robert Burns was born Jan. 25.

**Whatever You Do  
It's For Yourself**

Every man who lives in a home knows he can do little things to make it more attractive, livable, comfortable. When he owns a home of his own he can do as he likes and know it is for himself and his loved ones. When he improves another man's property, while he pays rent, he is never sure the landlord will permit the change, and if he does, the rent payer is simply paying out more money to make another man's house more valuable. Build your own home—then do as you like.

**NEWBURG**

There was a goodly attendance at church last Sunday, considering the deep snow and zero weather. There were 80 in Sunday-school. The new black board with the percentage of the classes, is quite an addition to the Sunday-school. Those who ventured out in the evening were well repaid. M. Betts of the M. E. book concern, gave an excellent talk, his subject being, "Memories." Next Sabbath evening, you will be more than repaid in listening to a Miss Morgan, a returned missionary, who will have many interesting things to relate about her work in foreign lands. Don't fail to hear her. Epworth League meets at 6:30. Evening service at 7:30. Everyone welcome.

The Epworth League members had a merry time, Monday evening, when they indulged in an old time sleigh-ride party, meeting at the home of Miss Alice Gilbert. Mr. Carr took the lead. On their return, they were ready for the refreshments that were

prepared for them at the Gilbert home. Last Wednesday morning, James McNabb and brother-in-law, Mr. Johnson, of Bay City, started on an extended auto trip, intending to go to New Orleans, and from there to Arizona. A card received from him on the 18th, stated that they were snow bound in Indiana.

Rev. I. N. Walker, Mrs. James McNabb and Mrs. Donald Ryder attended a group meeting and banquet at the M. E. church at Plymouth, last Friday evening.

Rev. and Mrs. Paul Havens of Pontiac, spent Monday and Tuesday with Mr. and Mrs. W. R. Greer.

Emil Jardeu and daughter, Mrs. Rosby McKlaney, have the sympathy of the community in their sad loss of their wife and mother.

Miss Joy McNabb spent the weekend with relatives at Bay City.

Jack Thompson returned home from Herman Kiefer hospital, last Saturday, where he was taken three weeks ago because of scarlet fever, which resulted in an operation for double mastoid.

He is doing as well as can be expected. Mrs. Katherine Schmidt of Plymouth, spent last Thursday evening at the home of Miss Clara Gram.

Mrs. Clyde Smith and Mrs. Donald Ryder called on Mrs. Francis Ross in Ann Arbor, last week Thursday.

**SOUTH SALEM**

Mr. and Mrs. Gilbert Howe of Plymouth, celebrated their silver wedding anniversary, January 18th, with quite a company. Mr. and Mrs. Ed. Smith and Beryl attended. Cards were played and a mock marriage was one of the features of fun.

Mr. and Mrs. Otto Bohling entertained the P. T. A. last Friday evening. Everyone enjoyed a social evening.

Miss Vivian Groth spent the weekend with her grandparents.

Raymond Bohling of Redford, spent Sunday afternoon at the home of his father, Otto Bohling.

Mrs. Bordine returned to her home in Morenci, Friday.

**MUNICIPAL NOTES**  
BY THE MANAGER

There will be no primary village election this spring. With three places to fill on the Commission, nominating petitions were received for six candidates, which number being only twice, and not more than twice the number of offices to be filled, renders the primary unnecessary. On March 14th, three from the following six men will be chosen as commissioners for two-year terms:

- Henry J. Fisher
- Frank J. Pierce
- P. A. Nash
- Carl G. Shear
- Frank Learned
- Warren B. Lombard

The village sold its issue of special assessment bonds Monday evening, to the Plymouth United Savings Bank, for a premium of \$57.00, and at an interest rate of 4 3/4%. This is a very favorable sale. There was one other bid, from Bumpus & Co. of Detroit.

The Miller Bailey Company was authorized to make the annual audit of the village books at the end of the fiscal year, (March 31st). This firm and its predecessor, the auditing department of the Detroit Trust Company, has audited our books each year since 1918.

The village crew has had more work removing snow from our streets this season than for several years.

The filter bed at the sewage disposal plant is quite a sight these days. Great rings of ice have formed around each nozzle, leaving a clear space four or five feet across with the sprinkler in the center. The recent snow storms have filled in around the ice rings with snow, so that all that is visible is three dozen black circles spraying every ten minutes.

Our records at the disposal plant still show a stable effluent which is not capable of producing a nuisance in the river. From 120,000 to 140,000 gallons of sewage are treated each day.

Taking our figures for length of sanitary sewers laid, number of houses now served and standard figures for use of water per person, makes it appear that the seepage from the ground into our sewer system is a very moderate amount, showing that the sewers have been well laid, with more than an average degree of tightness as to joints.

**BETTER MERCHANDISING CONFERENCE AND EXPOSITION.**

Announcement has just been made of the better merchandising conference and exposition, which is being sponsored by the Wholesale Merchants' Bureau of Detroit, which will take place in that city March 8, 9 and 10. A number of Plymouth merchants will no doubt attend various sessions of this convention.

Among the speakers on the subject of store management and promotion will be Fred P. Mann, Sr., of Devils Lake, N. D., who will tell "How Advertising Helped Me Build a Million Dollar Business in a Town of Twelve Hundred People." John B. Garver of Strasburg, Ohio, who will discuss "The Future of the Small Store." Bob Mooney of Temple, Okla., who has built up a big business in a small town, and E. S. Charles of Napoleon, Ohio, who by careful use of advertising increased the business of his store 42 per cent in six months.

In addition to these addresses by storekeepers, will be one on the subject of "Turnover and Stock Control," by Alf. W. Pauley, druggist, of St. Louis.

**RETAIL LUMBER DEALERS WILL HOLD CONVENTION.**

Retail Lumber Dealers, in all parts of Michigan, are looking forward to the thirty-eighth annual convention of the Michigan Retail Lumber Dealers Association which will be held in Lansing, February 2, 3 and 4. This association, while old in years, has with in the past three years made such progressive steps forward in promoting the home building idea that it is now classed as one of the most active and influential Lumber Associations in the country. Advance reservations indicate that the Convention this year will exceed in numbers any previous gatherings, and a program has been arranged of interest to dealers large and small in all parts of the state.

We need fear nobody now. Panama has signed up to fight with us if we get into war.

**There's only one Pontiac Six—and only General Motors could build it**

The Pontiac Six swept into the limelight because it came to the public representing all the skill, resources and experience of General Motors. And it has remained in the limelight from the very day of its introduction, because no other car has since appeared which offers so much for so low a price.

finished in distinctive Duco colors, and such unusual fine car features as 46 lb. crankshaft, honed cylinders, full pressure oiling, automatic spark control, and bronze-backed interchangeable bearings of the costliest type.

A full year has passed since the Pontiac Six was introduced—and the supreme satisfaction of 60,000 owners lends emphasis to the fact: There is only one Pontiac Six—and only General Motors could build it!

Only the economies of General Motors' vast purchasing power could make possible at \$825—Fisher closed bodies of such commanding beauty,

Pontiac Six, \$825 to \$975. Oakland Six, companion to Pontiac Six, \$1025 to \$1295. All prices at factory. Bodies by Fisher. Easy to pay on the liberal General Motors Time Payment Plan.

**ARE ON THE WAY**

In order to make way for Douglas shoes we offer our entire line of Men's Shoes and Oxfords at a discount of 20%. As announced last week, Dorothy Dodd is on the way. We are also offering our entire ladies' shoe stock at greatly reduced prices to make way for Dorothy. Note the following list of prices:

Men's Shoes and Oxfords		Ladies' Slippers and Oxfords	
WAS \$4.00, NOW	<b>\$3.20</b>	WAS \$5.50, \$6.00, \$6.50, NOW	<b>\$4.95</b>
WAS \$4.50, NOW	<b>\$3.60</b>	WAS \$6.75, \$7.00, \$7.50, \$8.00, NOW	<b>\$5.95</b>
WAS \$5.00, NOW	<b>\$4.00</b>	20% off on all Ladies' Slippers and Oxfords from \$1.50 to \$5.00	
WAS \$5.50, NOW	<b>\$4.40</b>	<b>SPECIAL</b>	
WAS \$6.00, NOW	<b>\$4.80</b>	Women's Slippers, Martha Washington make	<b>\$2.98</b>
WAS \$6.50, NOW	<b>\$5.20</b>	High Grade Women's High Shoes	<b>49c</b>
WAS \$6.75, NOW	<b>\$5.40</b>	Men's Black Oxfords	<b>\$2.98</b>
WAS \$7.00, NOW	<b>\$5.60</b>	<b>20% Discount on all Men's and Boys' Suits, Overcoats, Blazers and Sheplined Coats.</b>	
WAS \$7.50, NOW	<b>\$6.00</b>	<b>STETSON THE MAN</b>	
WAS \$7.85, NOW	<b>\$6.28</b>	The question turned on securing cloth for shelter-tents. One man made the flat, dogmatic statement that cloth was made by weaving and that it could not be made in any other way.	
WAS \$8.00, NOW	<b>\$6.40</b>	Stetson stood out that there was another scheme for making cloth. All the others denounced him and voted him a theorist; so, to prove his case, Stetson expounded to them the science of felting. This is a branch of knowledge that is as old as glass-making. It goes back to the time of Moses, who led the Children of Israel out of captivity fifteen centuries before Christ. It was known to Homer and Hesiod, for they mention the scheme in their writings. Pythagoras, six hundred years before Christ, made cloth by the felting process, and as far as we know, the first fabrics were made of felt, and weaving came in an afterthought.	
WAS \$8.50, NOW	<b>\$6.80</b>	And the world does not yet understand the science of felting, any more than it understands the science of electricity or the making of concrete. All we know is that the thing can be done.	
WAS \$10.00, NOW	<b>\$8.00</b>	Stetson explained these facts to his friends and received the merry ha-ha, and the doubtful te-he by way of applause. Now here is a story that was told me for fact, but when I once asked Stetson about it, he only laughed and said I should not believe half I heard. However, I still believe the tale is sure enough true, and so I give it, nothing extenuating and setting down naught in malice. So here goes: Stetson took some of the skins that his friends had discarded, sharpened up his hatchet on a convenient stone, and shaved the fur off the skins.	

**20% Discount on all Men's and Boys' Suits, Overcoats, Blazers and Sheplined Coats.**

**STETSON THE MAN**

manipulate a hunter's bow as it does to play the violin. Nowadays the fur is manipulated by a machine fan and allowed to settle, but the principle is the same. Stetson kept the fur in the air, and then it fell gently by its own weight, and was very naturally distributed over a certain space. As it fell, Stetson, with mouth full of water, after the manner of John Chinaman, blew a fine spray of moisture through the fur. Soon there was a mat of fur that could be lifted up and rolled. It was then like a thin sheet of wet paper. There was a campfire near, and a pot of boiling water, and into this boiling water Stetson dipped his sheet of matted fur. It began to shrink. By manipulating it with his hands, and rapidly dipping it in the hot water, he soon had a little blanket, woven soft and even of perfect cloth. The argument that the thing could not be done faded away into the nothingness. Nobody said "I told you so!" There was the actual thing—cloth made by the felting process—one of the oldest devices of the human mind. It was only recently that the microscope showed us that hair and fur are not made up of straight, reedlike strands, but that every individual hair is covered with small hooks, branches or prongs, and that when stimulated by hot water these prongs show a great tendency to cling to each other and will crawl or creep on after the manner of "tickle-grass." And the youngster who does not know about tickle-grass is to be pitied. In the good old times when I went to the little red schoolhouse arrayed simply in two garments, a runabout and trousers buttoned thereto, tickle-grass came in as a scientific wonder. You simply started the thing up your trouser leg and it came out at your collar, or where your collar should have been.

### Local News

Mr. and Mrs. Haven Mackelroth of Detroit, were week-end guests at the J. M. Larkins home.

George Everett and family are moving from their home on Canton Center road, to near Ypsilanti.

Mrs. Rose Oliver and little son of Redford, were week-end guests of Mr. and Mrs. C. F. Lefever.

K. P. Kimball and family have moved to Ann Arbor, where they will make their future home.

Mr. and Mrs. Ralph Beeman and little daughter, Ione, spent last week-end with relatives in Owosso.

Mrs. Charles Cooper went to Detroit, Tuesday, January 11th, to attend the joint installation of officers of the Columbus I. O. O. F. and Rebekah lodges.

Mr. and Mrs. C. H. Bennett will leave Saturday for New York City, where they will spend about two weeks, and then expect to leave there for a trip to South America.

Mr. and Mrs. George Meddaugh entertained the neighborhood five hundred club, at their home on Bunk avenue, last Monday evening. Mrs. P. H. Deal and B. E. Giles were given first honors.

The booster Sunday-school class of the M. E. church will hold their regular monthly pot-luck supper and meeting this Friday evening, January 21st, at the church. Supper at 6:30. This is also an annual meeting and election of officers. All members are urged to attend.

A card from Robert Todd, who recently left here with his family, for a motor trip to California, states that they arrived at Santa Monica, January 13th, making the trip in eleven days, and averaging 200 miles each day. They found only fifteen miles of poor road in the entire 2200 miles. They followed the National Old Trails from Kansas City to Los Angeles.

Mr. and Mrs. Charles Cooper visited relatives at Wayne, Monday.

The circulation of the Mail is growing every week. There must be a reason.

Miss Alice Ballen has returned to her studies at the Mt. Ida School, Newton, Mass.

Mrs. Charles Cooper spent a few days last week with Mrs. Harry Cooper, at Commerce.

Rev. Charles Strasen has been confined to his home the past week, with sciatic rheumatism.

Mr. and Mrs. Lawrence Burgett have moved in Ezra Rotnour's house on South Main street.

Mr. and Mrs. Charles Roberts were Tuesday callers at the home of Mr. and Mrs. C. V. Chambers.

Mr. and Mrs. Elmer O. Huston of Birmingham, were dinner guests of Mr. and Mrs. Edson O. Huston, last Sunday.

E. R. Eaton, the new owner of the Northville Record, was a pleasant caller at the Mail office last Saturday.

Howard Shipley of 329 Fair street, has 34 White Leghorn pullets that have laid 418 eggs in just 28 days. We believe this is a record that will be hard to beat.

C. W. Rogers has taken some excellent photographs of various streets and public buildings in Plymouth, and has them mounted in a very attractive manner upon large cards.

The Navajo Club met at Mrs. William Beuthen's, at Northville, last Tuesday. The ladies invited their families to a pot-luck supper at six o'clock. There were fifty present.

F. P. Beuchler, who has been conducting a general store in the R. W. Shingleton block in north village, for the past year or more, has moved the stock of goods to his store in Chelsea.

Mrs. E. S. Cook pleasantly entertained the neighborhood five hundred club at her home last week Thursday evening. Mrs. B. E. Giles and Wymann Bartlett received first honors of the evening.

Mr. and Mrs. Lloyd Fillmore and son, Wellman, spent last week-end at Lansing, at the Raleigh Retail Convention at the Kern's Hotel, and also spent over Sunday with relatives at East Lansing.

Mr. and Mrs. Fred Schaufele and little daughter, Lois, of South Main street, were Sunday guests of Mrs. Schaufele's sister and husband, Mr. and Mrs. Paul Nichols in Detroit. They also called on their brother and wife, Mr. and Mrs. Herman Reamer.

The Jolly Sixteen five hundred club met with Mr. and Mrs. Henry P. Lezotte, Monday evening. Honors went to Mrs. George W. Roth and Harold Behler, and consolation prizes to Mrs. M. Miller and Perry Woodworth. Refreshments were served, and all enjoyed a pleasant evening.

Mrs. Kenneth Harrison of Detroit, had the misfortune to fall and break her left ankle last week Thursday, as she stepped into a restaurant and slipped upon the wet floor. Mrs. Harrison will be brought to the home of her parents, Mr. and Mrs. C. L. Wilcox, at this place, in a few days.

John Rattenbury has purchased the Service Meat Market in the Plymouth Hotel block of his brother, George Rattenbury of Northville, and will conduct the business in the future. William Kaiser, who has been manager of the market for some little time, will continue with the new proprietor in the same capacity. See announcement in this paper.

Pupils of Anna L. Youngs, who took part in a studio recital Friday evening, January 14th, given before the parents, were June Jewell, Arbutus Williams, Annabelle Withey, June Nash, June Fredric, Stephen Horvath, Mildred Gilbert and Marian Gust. This recital was a demonstration in the study of theory each is taking, and the presenting of transpositions followed by solos and duets taken from the regular routine work.

Last Tuesday evening, a group of young people enjoyed a sleigh-ride party to the Meadowbrook Country Club. The party was a subscription affair, including the following couples: Mr. and Mrs. E. V. Jolliffe, Mr. and Mrs. Harold Jolliffe, Mr. and Mrs. Wm. Wood, Mr. and Mrs. Max Moon, Mr. and Mrs. Austin Whipple, Mr. and Mrs. Henry Baker, Mr. and Mrs. George Burr, Mr. and Mrs. John McLaren, Dr. and Mrs. John Olsaver, Mr. and Mrs. Cass Hough and Mr. and Mrs. Calvin Whipple.

Mrs. Addie Laribel of Vassar, is spending a short time with her sister, Mrs. P. Perkins, who has been ill.

The Livonia L. Y. P. S. will hold their next meeting at the home of Ina and Clarence Wolfson on January 25.

John Miller of Detroit, is making an extended visit with his brother and wife, Mr. and Mrs. George Miller of East Plymouth.

Tyrus Place left last Sunday morning, with his grandparents, Mr. and Mrs. Ira Wilson, and Mr. and Mrs. Charles Wilson, for West Palm Beach, Florida, to spend the winter months.

I will have three large loads of Furniture coming in Wednesday that will also be on display Saturday.

Voters will have a luncheon meeting at the Wardell Hotel, opposite the Detroit Public Library. Those who aim to attend this meeting are requested to phone Justice Phoebe Patterson.

## DETROIT AUTO SHOW OPENS SATURDAY, JAN. 22

The twenty-sixth Detroit Automobile show will open at Convention hall Saturday evening, January 22nd. The show this year promises to be one of the largest and best that has ever been held. More than 100 new designs in passenger cars will be among the exhibits. Most elaborate decorations of Convention hall are being made which will transform the great building into a feudal castle, with all the rich hangings, pieces of art and stately dignity which accompany the mind's picture of the old halls of England's nobility. Gold and silver fabrics, velvets and tapestries will be combined with reproductions of medieval armor and trophies of the joust and hunt, to obtain the desired results. Public interest has never been at a higher pitch than at the present time, due to the announcement of the many new models. Many Plymouth motorists will attend the big show.

### HIGH SCHOOL NOTES

We enjoyed a good Christmas program, had a fine vacation, and now have settled down to our work again.

Our P. T. A. meeting, which was to be held Friday night, was postponed until some future date, because of the bad condition of the roads.

Mrs. Maimis, our helping teacher, formerly Miss Cochran, visited our school Tuesday. We earned the stars for Flag and Seating this month.

We have started our work in music and appreciation, and have ordered some new records for our victrola. The P. T. A. is paying for them. We have a new exercise record.

The floor of our school room was oiled during Christmas vacation.

We have new window decorations: some new posters illustrating such stories as "The Little Red Hen," some new Eskimo posters, and some fairy pictures.

Our P. T. A. purchased lumber, and Ernest Reddeman made us a dandy new sand table. We hope to have it lined with zinc, and have some fine white sand to put in it.

Our girls have learned a pretty folk dance during recesses, and expect to learn another one soon.

### "TEACHERS"

By Peris Fogarty  
To Miss Taylor

Many times I have wondered  
What a "teacher" is anyway.

Is she just some Miss "So and So"?  
Who bosses you 'round every day?  
And hears classes one after another,  
"Till you're tired of that "Silly Old Rule"

Of "Do not whisper," and you break it—

Oh! then have to stay after school?

Or is she a kind, gentle helper,

Who helps you along day by day,

In not only your lessons, but gives

You courage in what may come your way?

She shares your joys when you're happy,

Is your friend when you're feeling blue.

Whatever a teacher is, I'm sure she's a friend.

I know this by just knowing "you!"

### STARK SCHOOL NOTES

Demonstration lessons in handwriting were given for Mrs. Maina, our helping teacher. She liked the results of the special efforts put on improv-

ing the writing. She discussed next month's work, that of reading, with the children. The pupils' goal this month is to increase the eye span, and to read one good book at home.

Lillian Blake celebrated her eighth birthday, Monday. Twenty little classmates were her guests, who enjoyed various games and a delightful luncheon.

F. Fischer paid his semi-annual visit to the school.

Other visitors were Mrs. Streb, Mrs. Luttermoser and Miss Francis Krum.

The Aquino children have returned to school after a few weeks' illness at home.

Roy Smith, in the upper grades, is on lesson 48 of the Curtis tests, and Lillian Blake, in the lower grades, is on lesson 15.

The Clothing Club girls are now learning to make two kinds of patches, one suitable for cotton material and the other for woolen.

The usual P. T. A. meeting is to be held January 25. Come and help make this meeting a success.

### LIBRARY NOTES

Among the new books—

Deland—An Old Chester Secret

Gale—Preface to a Life

Garstin—West Wind

Mundy—Devil's Guard

Stevenson—Coast of Enchantment

Thurston—200 Tricks You Can Do

Turnbull—The Left Lady

Vaughn—Here Are Lovers

Wiltshire—Lesser Breed

Young—Heaven Trees

French—Ghosts, Grim and Gentle

(a new collection of ghost stories by distinguished writers).

Juvenile—

Colum—Forge in the Forest

Grant—Story of the Ship (large picture book).

Library hours—12:00—5:00; 6:00—8:00 every week day excepting Saturday, when it is open 9:00—12:00; 1:00—5:00; 6:00—8:00.

### RESULTS

Thursday I lost a gold watch which I valued very highly, as it was an heirloom. I immediately inserted an advertisement in your Lost and Found column, and waited. Yesterday I went home and found the watch in the pocket of my other suit.

God bless your paper!

## ANNOUNCEMENT

It does not require the gift of Occult power to see the splendid future—the certain growth which awaits Plymouth and vicinity.

Vision and Faith have builded all the great cities of the past. Vision and Faith will continue to build the cities of the Future. But Plymouth has more than just that. She has Community Pride—and has it in abundance.

Community Pride, Vision and Faith is a great combination. It can and does accomplish wonderful things for the community in which it exists.

Nothing in the way of Community Development is impossible when backed by this invincible combination.

Community Pride is justifiable pride. Let's all get more "stuck up" about our Home Town and its splendid possibilities.

## REALTORS' CONFERENCE AT U. OF M. NEXT MONTH

Plans are now practically completed for the second conference of Brokers and Subdividers to be held at Ann Arbor, February 10th and 11th. The first conference was held last year at approximately the same time and those present will recollect that it was an inspiring and profitable conference.

The University of Michigan is again cooperating with the Michigan Real Estate Association in securing speakers and outlining the program. The facilities of the Michigan Union will be very largely at the association's disposal, and they are anticipating an even greater program than last year.

Tentative plans call for meeting at noon luncheon, Thursday, February 10th, holding a session on Thursday afternoon on appraisals with a banquet in the evening.

Friday morning discussions will begin on finance, at which time the two topics of financing subdivision operations and junior-second mortgage and land contract financing will be discussed.

An informal luncheon will be held Friday, followed by the last session Friday afternoon on real estate problems in city planning and zoning.

This conference presents a unique opportunity for every Realtor in Michigan to secure the latest, most authentic and most helpful information on the principles underlying his operations.

Several realtors from Plymouth will attend.

## LOCAL REALTORS HAVE JUMP ON STATE BODY

With the publication of the page in the Mail last week regarding the importance of the St. Lawrence Waterway, it appears that the local real estate board was a slight jump in the lead of the state association, as is evidenced by the following letter from the secretary of the Michigan Association, received after the Mail had gone to press:

Dear Member:

Every real estate man in Michigan is interested in the further improvement of the St. Lawrence River, in order that our lake ports may become ocean ports. Some of our greatest statesmen have told us that this improvement, if accomplished, will mean more to the development of Michigan than anything that is now before the people. No doubt you read extracts from the report on January 3rd by Herbert C. Hoover, chairman of the St. Lawrence Commission of the United States.

The engineering and economic features have now been established and fully determined. The next step is to create public sentiment which will impress President Coolidge with the necessity of negotiating a treaty with Canada.

In other words, we have reached the stage where we must create public opinion. With that in view a Regional Tidewater Conference of the Great Lakes-St. Lawrence Tidewater Association is to be held in Muskegon on

January 27th. This is a one-day conference, and we believe you will want to be there. We would like to see at least three hundred of the real estate men of Michigan attend this conference.

Very truly yours,  
JOHN A. DOELLE,  
Executive Secretary.

## INTERESTING MEETING TO BE HELD AT U. OF M.

Members of the Plymouth Real Estate Board have been invited to attend a meeting to be held at the University, Ann Arbor, on January 31st, when nationally prominent men of the real estate world will address realtors from all over the state of Michigan.

George C. Smith, president of the Canton company, Baltimore, Maryland, the largest industrial real estate organization in the world, assistant to the president of the Baltimore and Ohio railroad, assistant to the president of the Pennsylvania railroad, Executive Vice President of the Baltimore Association of Commerce, instructor in real estate in John Hopkins University, will give two lectures on the 31st.

The first of these lectures will be given at four o'clock in the afternoon, at the University. The second at the meeting to be held at the Michigan Union, at 6:30 p. m.

Plymouth Real Estate Board urges holders of brokers' licenses who are not members of the board to get in touch with the secretary at once.

## LOOK THE WORLD IN THE EYE

AND TELL THEM YOU ARE HAPPY. You can if you own the cozy little four-room home I know about. Near the Burroughs Development; has basement, automatic water system, furnace, electric lights, inside toilet, double garage, several bearing fruit trees, on a large high, dry lot. You make no mistake if you buy this home at the price of \$3,000, as it is due for a substantial increase shortly. Terms reasonable. YOU BETTER LOOK INTO IT.

### "All Is Not Gold That Glitters"

Two pieces of overstuffed furniture may look exactly alike when they are new, yet one will retain its beauty, shape and comfort for a lifetime, while the other becomes shoddy, lumpy and uncomfortable in a year or two.

The weight of the frame, the quality of the springs, webbing, padding, covering and general workmanship—these are the built-in lasting factors that determine value.

You will never fully appreciate Globecraft, made-to-order overstuffed furniture until you visit our shops and see how it's made. Investigation costs nothing and places you under no obligation to buy.

Globe Furniture & Mfg. Company

Northville

### FLOUR WE STAND BACK OF

is our flour. You will not be disappointed whatever you use it for, whether in bread, pies, cakes, rolls, sauces, etc. It goes far, it gives satisfaction to the housewife. Order a bag or two to try, from your grocer.

FARMINGTON MILLS

### AROUND ABOUT US

Deerborn's new theatre was opened to the public last Monday night.

Milford Masonic orders dedicated their new temple, Thursday, January 20th.

Ernie Lyke has been appointed deputy sheriff of Northville, by Sheriff Edward Stein.

According to a survey just completed, Ann Arbor's population is 27,712 exclusive of the student residents.

The board of supervisors of Livingston county having approved the plan, Brighton will vote at the coming charter election on a proposition to become a city of the fifth class.

The Grand River-Redford Federation, comprising eleven community organizations, will entertain Mayor Smith and Detroit city officials at the Redford Masonic temple, Wednesday evening, February 2nd.

Fred A. Secord has opened up his new bakery at 142 North Center street. He has fixed the place up in an attractive way, and is preparing to serve Northville residents with plenty of quality baked goods.—Northville Record.

Mrs. Ella VanStickle declares she can beat the record of Albert Ebersole, reported last week, and from the report she gave at this office Tuesday afternoon, she seems to have "the goods." She is wintering 250 hens and she receives daily from 115 to 135 eggs. She is preparing to start her incubators within a few weeks, and expects to raise at least a thousand chickens next season.—Northville Record.

### ZONE "A" MEETING

On January 8th, Zone "A" met at Canton Center school. Results in handwriting were discussed. Pride, rate, quality, materials, standards of judging, practice, aim and criticism in handwriting were the points brought before the zone.

Miss Corbett, Miss Gwinn and Mrs. Sharp wished us a happy New Year. Miss Corbett told us that we might look forward to a finer musical program. Miss Gwinn talked on the problem of marking pupils. Mrs. Sharpe told of the qualifications for health and hygiene and lunch gold stars. Children are not to eat at recess. Miss Reid, Zone "A" nurse, was present.

Miss Alta Fisher taught a fine lesson in handwriting, "Putting the collar on."

Mrs. Mains, formerly Miss Cochrane, taught a demonstration lesson in reading. This lesson showed the problem

method in reading. Difficult words were taught by matching them with their meanings, a trick shown us first by Mrs. Avis B. Waldecker. The reading was checked for both rate and comprehension.

A very generous meal was served by the P. T. A. of Canton Center.

Zones A, C, and D gathered at the Methodist church in Belleville for their afternoon meeting.

The pupils of VanBuren Willow Run, Mud Street and Otisville schools presented "The Old Woman Who Lived in a Shoe," through song and dance.

Dr. Pittman talked on "Heroes." It has been learned by a vote taken by students of prominent colleges throughout the world that the first six heroes of the world, in order of their number of votes, are: George Washington, Christopher Columbus, Florence Nightingale, Abraham Lincoln, Benjamin Franklin and Woodrow Wilson.

Dr. Pittman raised the question, "Why are four of them Americans?"

As principles for those who win, he gave:

1. Faith in self.
2. Believe wholeheartedly in cause.
3. Have a plan.
4. Work the plan.
5. Measure self and achievements by the greatest—not lowest.
6. Do more than paid for.
  - (a) without whining
  - (b) without bragging
  - (c) without being conscious.
7. Win after death.

By example, Dr. Pittman showed that those who succeeded were those who loved their cause. Those who failed were those who loved self.

### WEST POINT PARK

Services of the West Point Park Independent church were well attended last Sunday, in spite of zero weather. Preaching every Sunday, at 11:00 a. m., by the pastor, Rev. George Gullen. Sunday-school at 12:00.

There was a large attendance of the Ladies' Club at the home of Mr. and Mrs. A. Switzer, last Wednesday afternoon. The ladies are preparing for an Easter bazaar.

Don't forget, February 4th the biggest meeting of the P. T. A. Pot-luck supper. Two great physicians are to speak and there will be a fine musical program. Everyone welcome.

The Father and Son banquet has been postponed until February 22nd. By that time, we can use the kitchen and dining room of the new community hall.

Rev. George Davey called on friends and relatives here last week.

Mr. and Mrs. Taylor entertained the young people last Sunday afternoon, in honor of Carl's birthday. All had a fine time.

# Never too Cold!

Graham Brothers Trucks start easily in the coldest weather.

The closed cabs are built for driver comfort, too—and winter makes driver comfort an increasingly important factor in dependable trucking service.

Graham Brothers Trucks are easy to start and easy to handle, in traffic or on the highway. They have ample power for all requirements.

The proof of their exceptional value in all seasons is their steadily mounting sales.

# FIRST PRESBYTERIAN CHURCH

10:00 A. M.—Morning Worship 7:30 P. M.—Evening Worship 11:30 A. M.—Sunday-school

Walter Nichol, Minister

10:00 a. m.—"The Rush for the Door"

7:30 p. m.—"The Man Who Loses His Past"

11:30 a. m.—Sunday School

6:30 p. m.—Young People

## PRESBYTERIAN NOTES

The next dinner meeting of the Men's Class will be held Tuesday, February 8th, and will take the form of a Father and Son meeting. Calvin Whipple is chairman of the committee preparing for the event, and a fine program is assured. All dads and sons are asked to keep this date in mind.

There are three teams representing the Presbyterian Sunday-school in the basket ball league.

On Thursday of last week, the Busy Women's Bible Class held their meeting at the home of Mrs. Applehof. Despite the inclement weather, a large attendance was on hand, and all enjoyed the day.

## BAPTIST NOTES

Sunday was a real winter day. The choir gave us some good music. The pastor's sermon in the morning, was on "Counting the Cost," John 12:42, 43.

At the evening service, the sermon was on "Pure Religion," Jas. 1:27.

The B. Y. P. U. was led by Miss Mabel Olson, and the lesson was well prepared.

The prayer meeting next week Thursday evening, is at the home of the Hartsough sisters, 133 Union street. Plan to come.

The new year book will soon be ready for the church. They are being printed now, and we are in hopes they will be ready before the close of the month.

## EPISCOPAL NOTES

The Ladies' Guild of St. John's Episcopal church recently held their annual meeting at the home of Mrs. George Wilcox, and elected the following officers:

President—Mrs. George Wilcox  
First Vice President—Mrs. Sidney Strong  
Second and Third Vice Presidents—Mrs. Inis and Mrs. McBride.  
Secretary—Mrs. Stanzl  
Treasurer—Mrs. Annie Henderson

Last year has been a record for St. John's Guild, in which they have exceeded all previous budgets. This year quite a number of new members have enrolled, and this splendid organization has set itself to double the budget of 1926, and now that the new church and community house is nearly completed, there will be better opportunities, greater scope, for every organization of St. John's to extend their usefulness and service in this community.

The next meeting of the Guild will be held at the home of the secretary, Mrs. Stanzl, 1428 Sheridan avenue, Wednesday afternoon at 2:00 o'clock, January 26th, and this being the first meeting under the new officers, every member is asked to be present, and friends of St. John's are always welcome at the Guild, and also at the other organizations of the Mission, church services, Sunday-school, Men's Club, Brotherhood of St. Andrews, etc.

## METHODIST NOTES

The solos by Miss Forsythe and Mr. VanDyne last Sunday were greatly appreciated by the congregation.

The "Booster Class" will hold its regular meeting Friday evening, with supper at 6:30 o'clock. This is the annual meeting also, and there will be reports from committees and the election of officers.

In spite of the cold and storm over forty of the young people from the churches of the Wayne group of Ann Arbor district attended the rally last Friday evening. Supper was served at 6:15, after which plans and methods for Sunday school work were discussed, adjourning at 9:00 p. m.

**OFFICIAL PROCEEDINGS OF THE VILLAGE COMMISSION**

Plymouth, Mich., Jan. 8, 1927.  
 A regular meeting of the Commission in the Commission Room of the Village Hall, Monday evening, January 8, 1927, at 7:00 p. m.  
 Present: Commissioners Fisher, Henderson, Hondorp and Pierce.  
 Absent: President Robinson.  
 President Pro-tem Fisher in the chair.

The minutes of the regular meeting of December 20th were approved as read.

It was then shown to the Commission that in assessing property for the Hamilton Street sewer five lots on Roe Street had been incorrectly assessed because of changes in frontage unknown to the Village office. It was directed that these incorrect assessments should be adjusted.

The following preamble and resolution were offered by Commissioner Hondorp, who moved their adoption, seconded by Commissioner Pierce.

WHEREAS, the Village has constructed a sewer as follows:  
 On Holbrook Avenue from Mill Road south to and including lot five of Block five, Bradner's Addition, and the cost thereof has been determined to be \$1,200.00, and no special assessment has been made to defray same.

THEREFORE, BE IT RESOLVED  
 1. That eight hundred (\$800.00) Dollars of such cost be defrayed by special assessment, to be collected in five annual installments, and the balance by general tax.  
 2. That the district embracing land described as follows be, and is hereby determined to be the assessment district, from which shall be raised by special assessment the portion of the cost of such sewer not to be paid by general tax.

Those lots abutting on Holbrook Avenue from Mill Road southerly as far as the south line of lot 5, block 5, Bradner's Addition, and lots 1, 2 and 3 of block 1, Holbrook Addition.

3. That the assessor shall prepare an assessment roll assessing property included in said assessment district, according to the benefits accruing to said property from such sewer.

4. That upon such assessment roll being prepared, proceedings for the review thereof be taken as required by the Village Charter, and upon same being reviewed in accordance with such Charter said roll shall be reported back to the Commission for confirmation.

Yes. Four.  
 No. None.  
 Carried.

The following preamble and resolution were offered by Commissioner Henderson, who moved their adoption, seconded by Commissioner Pierce.

WHEREAS, the Village has constructed a sewer as follows:  
 On Forest Avenue from Brush Street to Carol Avenue, and on Carol Avenue from Forest Avenue to Harvey Street, and the cost thereof has been determined to be \$1,314.00, and no special assessment has been made to defray same.

THEREFORE, BE IT RESOLVED  
 1. That eight hundred seventy-six (\$876.00) Dollars of such cost be defrayed by special assessment, to be collected in five annual installments, and the balance by general tax.

2. That the district embracing land described as follows be, and is hereby determined to be the assessment district, from which shall be raised by special assessment the portion of the cost of such sewer not to be paid by general tax.

All those lots abutting on Forest Avenue from Brush Street to Carol Avenue and on Carol Avenue from Forest Avenue to Harvey Street.

3. That the assessor shall prepare an assessment roll assessing property included in said assessment district, according to the benefits accruing to said property from such sewer.

4. That upon such assessment roll being prepared, proceedings for the review thereof be taken as required by the Village Charter, and upon same being reviewed in accordance with such Charter said roll shall be reported back to the Commission for confirmation.

Yes. Four.  
 No. None.  
 Carried.

The following preamble and resolution were offered by Commissioner Henderson, who moved their adoption, seconded by Commissioner Pierce.

WHEREAS, the Village has constructed a sewer as follows: On York Street, from Liberty Street north to the Pere Marquette railroad, and the cost thereof has been determined to be five hundred fifty-two (\$552.00) Dollars, and no special assessment has been made to defray same.

THEREFORE, BE IT RESOLVED  
 1. That three hundred sixty-eight (\$368.00) Dollars of such cost be defrayed by special assessment, to be collected in five annual installments, and the balance by general tax.

2. That the district embracing land described as follows be, and is hereby determined to be the assessment district, from which shall be raised by special assessment the portion of the cost of such sewer not to be paid by general tax.

All lots abutting on York Street from Liberty Street north to the Pere Marquette railroad.

3. That the assessor shall prepare an assessment roll assessing property included in said assessment district, according to the benefits accruing to said property from such sewer.

4. That upon such assessment roll being prepared, proceedings for the review thereof be taken as required by the Village Charter, and upon same being reviewed in accordance with such Charter said roll shall be reported back to the Commission for confirmation.

Yes. Four.  
 No. None.  
 Carried.

The following preamble and resolution were offered by Commissioner Henderson, who moved their adoption, supported by Commissioner Pierce.

WHEREAS, According to Act No. 273 of 1925 of the State of Michigan, a sinking fund should be established for the retirement at maturity of an issue of Village of Plymouth Water Works Improvement bonds amounting to \$15,000, dated December 13, 1904, and all maturing on December 15, 1934.

THEREFORE, BE IT RESOLVED by the Commission of the Village of Plymouth, Michigan:  
 That prior to December 15th in each fiscal year 1927 to 1934, inclusive, the amount of \$1,627.95 be set aside out of the water funds of said Village and invested and the accumulated amount, together with the interest thereon at the rate of 4% per annum, held to be used for the sole purpose of paying off and retiring at maturity the \$15,000 issue of Plymouth Water Works Improvement bonds

**Today's Reflections**

Some people marry for money and then profess to be terribly disappointed because love is not thrown in for good measure.

Now and then we run across a Plymouth man who seems to be worrying for fear he won't get his share of the trouble that is always going around.

Don't sneer at the poor fellow who was tempted and fell. If you haven't made a fool of yourself yet there's plenty of time left to do it in.

Now is a good time to see that the garden rake and lawn mower are in shape. It won't be long until your neighbor will want to borrow them.

We recently heard of a Plymouth man who is so absent-minded that he got up in the night to get his wife a dose of medicine and drank it himself.

The fellow who rattles the bones of his ancestors in order to make a loud noise is seldom heard of outside of his own precinct.

This is a tough old world. If you are not disappointed in love you are almost certain to be in marriage.

Another thing that makes the average Plymouth boy mad is that the World War increased the price of everything but soap and castor oil.

Fashion took the hat pin away from woman and left her with nothing but an automatic revolver with which to defend herself.

We heard the other day of one Virginia town that is so dry they have to pin on their postage stamps.

The Plymouth motorist who buys his tires from a mail order house ought to get his free air and water from the same place.

You can cure bacon by smoking, but it is a well known fact that you can't cure the tobacco habit the same way.

Maybe Luther Burbank had an idea what the styles would be in 1927 and that's why he put more eyes in the potato.

When a Plymouth young man has two girls to choose from our advice to him is to take the first one he can get.

Some Plymouth men figure a long time over what they would do if certain things happen, and then when they do happen they find that the figures are lost.

dated December 15, 1904, and maturing December 15, 1934.

Yes. Four.  
 No. None.  
 Carried.

The following resolution was offered by Commissioner Pierce, who moved its adoption, supported by Commissioner Henderson.

RESOLVED, by the Commission of the Village of Plymouth, Michigan, that the period of usefulness of the sanitary sewers built under contract during 1925 and 1926,—for the cost of which general bonds amounting to ninety-two thousand (\$92,000) Dollars, were issued June 15, 1925, and thirty-three thousand (\$33,000) Dollars issued May 15, 1926, and special assessment bonds amounting to fifty-two thousand four hundred (\$52,400) Dollars are about to be issued,—is hereby determined to be not less than thirty (30) years.

The Commission then directed the Village Manager to advertise in the Plymouth Mail in the two issues previous to January 17, 1927, for the sale of \$52,400.00 of special assessment bonds for the sanitary sewer in 1925 and 1926, bids to be opened at 7:00 p. m. January 17th. Bids to be requested at interest rates of 5%, 5½% and 6%. The Village to reserve the right to reject any or all bids and to waive any informality in any bid.

The Manager then presented the Commission with a schedule of the money still owing to Thomas Nolan for the completion of his sewer contract. The Commission upon motion directed that settlement be made with Mr. Nolan in full as soon as the money is available from the proposed sale of special assessment bonds.

Mr. Ed. Pankow then requested the Commission that Wm. Crumm's pool-room license be transferred to him. On motion this request was granted.

The Treasurer's report for the month of December was then received and ordered filed.

The report of the Auditing Committee recommended the payment of the following bills:

Administration Payroll	\$ 388.46
Cemetery Payroll	85.25
Fire Payroll	26.00
Labor Payroll	222.24
Police Payroll	227.37
Detroit Edison Co.	244.36

Detroit Rubber Stamp & Mach. Co.	8.45
Geo. A. Drake & Co.	8.79
Detroit Edison Co.	1,018.73
<b>Total</b>	<b>\$2,468.39</b>

They also approved payment of the following bills issued since last meeting:  
 Green Building \$ 5.50  
 Edgar Strubbe \$ 85.00  
 The Commission adjourned.  
 H. C. Robinson, President.  
 Sidney D. Strong, Clerk.

**The Stability of National Banks**

The Federal Reserve System comprises the only group of banks created by National law, chartered by the United States Government and required to report to National authorities. These National Banks at the close of the last fiscal year reported

Total Resources of	\$25,315,624.000
Total Deposits of	\$20,642,164.000
Excess of Resources over Deposits	\$ 4,673,460,000

This tremendous sum of over four billion dollars resources in excess of deposits indicates the stability of the National Banks of the United States.

You are invited to enjoy the benefits of National Bank Service by depositing your funds in this Bank, which is a member of the Federal Reserve System.

### FAMOUS SPEAKERS TO TALK AT FARM WEEK

PRESIDENT LITTLE, SENATOR COPELAND AND OTHER NOTABLES ON PROGRAM FOR M. S. C. GATHERING.

Speakers of national prominence are headliners on the program of general sessions for the annual Farmer's Week at Michigan State College, to be held from January 31 to February 4 this year.

Preliminary announcement of the line-up for the big farm conference was made this week, and reveals the fact that men who are famous leaders in different fields of work will be heard from during the week.

President C. C. Little of the University of Michigan will talk on Tuesday evening, February 1, making his first appearance before a general farm audience in the state.

Senator Royal Copeland, of New York state, farm leader and rated one of the great speakers of the day, is scheduled to address the general conference on Thursday evening, along with President Butterfield of M. S. C.

L. J. Young, Michigan's new commissioner of conservation; W. A. Coebel, editor of the Kansas City Star and formerly of Kansas Agricultural College; H. L. Lackie, markets department, University of Wisconsin; Judge C. B. Collingwood, of Lansing; Dr. Caroline Hedger, of the Elizabeth McCormick Memorial Fund; and a long list of men prominent in state and national activities are among those listed for the Farmer's Week meetings.

A feature of the week's program will be a big banquet on Wednesday evening, February 2, to which all visitors will be invited.

The usual line-up of exhibits and association meetings has been scheduled.

W. C. T. U.

The Woman's Christian Temperance Union will meet Thursday, January 27, at the home of Mrs. Rose Whitson, 1212 West Ann Arbor street. There will be a good program, and it is hoped there will be a good attendance. Everyone will be welcome. Remember the date, Thursday, January 27th, at 2:30 p. m.

### FARMERS' WEEK DRAWS FINE CROPS DISPLAY

GRAIN, POTATO, EGG, APPLE AND FLORAL SHOWS ATTRACT ENTRIES FROM ALL SECTIONS OF MICHIGAN.

Michigan growers of field crops and horticultural products will exhibit selected samples at the various shows to be held at Michigan State College during Farmer's Week, January 31 to February 4. Poultrymen will also display their wares at an egg show which will be held at the same time.

The corn and grain show which has been held at the College in past years, has been the training ground where Michigan exhibitors learned the art of preparing exhibits which would win against any competition. The lessons learned at these previous shows have been used to good advantage at the International Hay and Grain Show, Michigan farmers each year bring a large amount of prize money and a sheaf of ribbons back from the Chicago show.

The apple show will be held in the new horticultural building this year. The show will be a brilliant one, according to officials who have been checking up the entry lists. A floral show, at which will be displayed the most beautiful flowers produced by Michigan's greenhouses, is to be a new feature of the horticultural attractions.

Prize winning entries from the state sectional potato shows will compete at the potato show. Individual classes, county classes, certified seed classes, and a class for potatoes graded by farmers will be included.

The exhibit at the egg show will demonstrate the way to grade eggs for the best markets.

In the old countries they call the leisure class "noblemen." Over here we still refer to them as "hoboes."

When you have company, or have been away, phone the item to the Mail office. Items are always appreciated.

### SCHOOL NOTES

#### PLYMOUTH-WAYNE BASKET BALL GAME.

Upon arrival at Wayne the team found the school deserted. They were forced to wait at least a half hour in the cold.

The lineup of the second team game was:  
Plymouth—Lyke, right forward; Johnson, left forward; Packard, center; Straub, right guard; Beagle, left guard.

Substitutes for Plymouth: Rittenhouse for Johnson; Johnson for Rittenhouse; Hubert for Straub.  
Wayne—Allen, right forward; Bar-chard, left forward; Kykoek, center; Wells, right guard; Handeyside, left guard.

Substitutes for Wayne: Zoumbaris for Allen; Mayan for Bar-chard; Ditt-mar for Tykoske; Carmichael for Carmichael; Fair for Carmichael; Carmichael for Handeyside; Lau for Carmichael.

The game ended with the score-board showing Plymouth 12, Wayne 7.

The lineup for the first team game was as follows:  
Plymouth—Hickey, right forward; Doubt, left forward; C. Foster, center; E. Hubert, right guard; B. Carney, left guard.

Wayne—Vallance, right forward; Haeger, left forward; Yester, center; Munneke, right guard; Gowdy, left guard.

This was a very good game, both teams fighting with a dogged determination, and the first quarter ended with the score 6-5 in favor of Plymouth. Plymouth rallied in the second quarter and scored 12 points, while Wayne scored 3. The half ended 18-8. After that the teams stayed in the same relative position, the game ending with the score 36-25 in favor of Plymouth.

Doubt was high point man, scoring 16 points. Because he hurt his knee in the last quarter he had to be taken out. Next to him was C. Foster, whose total amounted to 14.

Substitutes for Wayne were: Johnson for Haeger; Haeger for Yester; Hoops for Johnson.

Substitutions for Plymouth: in the second quarter—Rambo for Hickey; E. Carney for B. Carney. In the third quarter—Hickey for Rambo; Rambo for Doubt; Doubt for Hickey. In the last quarter—Sayles for Doubt; Carney and Sayles changing positions; B. Carney for Sayles; E. Foster for Hubert; Schroder for Rambo.

After Wayne's defeat the boys are looking ahead to the conquering of

Dearborn tonight, Jan. 21, at Dearborn. Come and yell for your team.  
D. Michol.

Irene Mott.

The fifth grade English class had a contest and losing side gave a party to the winning side.

The English eleven are beginning to read "The Rise of Silas Lapham."

The Aggie club sold candy at the basket ball game Friday night.

The Hi-Y club gave a party at Clair Travis' home Tuesday, Jan. 4. There were about thirty-five present. They played games, had refreshments afterwards and all had a delightful time.

The Girl Reserves also gave a party the same night as the Hi-Y club. They met at the Travis home also and had an excellent time.

The Animal Husbandry class have been testing milk last week.

By Lawrence Rattenbury.

The Sophomore class will give a dancing party at the High School auditorium Friday evening.

Delegates from the Plymouth Girl Reserves attended the winter conference at Bay City last Saturday and Sunday.

Miss Giles' English 11 class is reading "The Rise of Silas Lapham."

Semester examinations will begin Wednesday, Jan. 26.

Enrollment in the High School for the next semester will be 623. New courses will be offered to the students: Home Economics, Commercial Geography and Botany.

The Public Speaking class has been having story telling.

Miss Whipple's English 11 class has finished their study of "The Rise of Silas Lapham."

Last Wednesday evening ten members of the National Forum league and their friends enjoyed a skating party at Waterford pond.

This year the Girl Reserves, Camp-fire Girls and the Hi-Y are sponsoring a 4 C campaign during the examination period. This campaign will be carried on by the poster plan, which is new to the school.

Wednesday speeches will be given by various students in the different assemblies on "Clean Athletics." Thursday will be Clean Speech day and Friday Clean Scholarship.

Monday Mrs. Rac, personal guidance director of Highland Park, will talk at the general assembly on "Clean Living."

Blotters with the 4 C's will be used by the students at the semester examinations.

### SALEM

The Ladies' Aid Society of the Federated Church will meet at the home of Mr. and Mrs. Frank Ryder for dinner Thursday, Jan. 27. Every-one is cordially invited to attend.

Mr. and Mrs. George Roberts were Saturday dinner guests of Mr. and Mrs. F. Murray, of Plymouth.

Miss Ruth Foreman spent the week-end in Detroit.

Mr. and Mrs. G. Lyke and family were Northville visitors Saturday.

Harry Atchison, wife and sons were Sunday dinner guests at the George Roberts home.

Mrs. W. Pennock was in Plymouth and Northville Monday on business.

Miss Elizabeth Halliday is ill with scarlet fever in Detroit.

Mrs. P. Delker, H. Schoof and Miss Ora Rathburn were Sunday evening dinner guests of Mr. and Mrs. J. Herrick.

Mr. and Mrs. F. Herrick are spending some time with the John Herrick family and he is helping take the inventory of the store.

Mr. and Mrs. James Dickie, of South Lyon, were Sunday evening dinner guests of the latter's parents.

John Nollar, of Altadena, Calif., was a Tuesday caller at the George Foreman home.

Miss Ethel Doane is recovering nicely from her recent operation.

### Picked Up About Town

"Another trouble in this country," says Dad Plymouth, "is there's too much talk about enforcing the laws and not enough talk about obeying them."

Dad Plymouth says it's a pity that the old chaps who are now willing to plod along in the mud and mire can't have an extension of life long enough to enjoy the good roads that are coming later on.

The price of everything has gone up so much that nobody even offers you "a penny for your thoughts" and more.

### AUCTION!

HARRY C. ROBINSON, Auctioneer
