THE CONNER STORE OBSERVES 70TH ANNIVERSARY

ANNIVERSARY EVENT IS BEING OBSERVED BY SPECIAL SALE COMMENCING SATURDAY, JANUARY 29TH, AND ENDING FEBRUARY 5TH.

ESTABLISHED IN 1857, THIS STORE HAS ENJOYED SEVENTY YEARS OF PROGRESS.

The Conner Hardware Co. have taken a page advertisement in today's paper to announce a 70th anniversary sale, which commences Saturday, January 29th, and closes Saturday, February 5th.

For seventy years the Conner store has been a familiar landmark in Plymouth, and the name has become well known in every household for miles around. The business was established by the late Michael Conner in 1857, and was conducted by him until 1872, when he took in as a partner, the late C. A. Frisbee, and the firm name was Conner & Frisbee. In 1880 Mr. Conner purchased Mr. Frisbee's interest and conducted the store alone until 1885, when he took his son, William T. Conner into partnership, and the store was conducted under the firm name of M. Conner & Son. After the death of Michael Conner, the senior member of the firm, the name was changed in 1888, to the Conner Hardware Co.

WILLIAM T. CONNER

The store of 1857 was a far different store than the one of today. It was a small wood building, typical of the country stores of that period, with a wooden awning or shed at the front of the building. The Conner store in those days was a favorite gathering place for the villagers, and the country folks, too, when they came to town, and around the old wood stove, the momentous questions of the day were discussed pro and con.

During the dark days of the Civil War, news from the front was the topic of conversation that claimed most attention. Newspapers, which were few in Plymouth in those days, containing the news of a great battle, were always read by one of the number gathered at the corner store, after the paper came in on the stage. If it chronicled a victory for the Union army, it was received with great enthusiasm; if perchance it was a defeat of the Federal arms, a feeling of depression would settle on the little gathering. Then when the casualty list was published after a great battle, and there appeared the names of some of Plymouth's gallant sons among the dead, wounded or missing, it was received with a feeling of sorrow or anxiety, and a deep silence would fall over the little group gathered about the reader.

In the advertisement appearing today, there is a group picture showing the various store buildings from 1857 to 1927. The original store building was erected in 1857. In 1884, an addition was built on the north side of the old building, which was used for the display of stoves. In 1898, the old wood store building gave place to a handsome brick building. In 1907, an addition was built on the north side of this building, which includes McConnell's barber shop and Smith's Cigar Store. Another picture on the same page, shows the block as it appears today, which includes the shoe repair shop of Henry Stebbins, and C. G. Draper's jewelry store. During 1926 the handsome new Mary Conner building was erected on Penniman avenue.

The Conner store is the oldest in point of existence in Plymouth, and has seen seventy years of progress. William T. Conner, the present owner, has been in business the longest of any merchant now engaged in active business here. Although he has been a busy man, he has found time to take an active and prominent part in the affairs of the village. He has served as village president, member of the council at various times, and is identified with several industrial and business enterprises in Plymouth.

A BUSINESS CHANGE

Announcement is made this week of the dissolution of the coal and building supply firm of Eckles & Goldsmith, Mr. Goldsmith leaving the firm because of ill health.

The company was organized four and a half years ago and has enjoyed a splendid success from the moment of its inception. Mr. A. J. Eckles, together with his nephew, Claude L. Eckles, will continue the business from the same location, Holbrook and Pere Marquette railway, and will be known as the Eckles Coal and Supply Co.

The retiring member, Oliver Goldsmith, has been an important and aggressive citizen of Plymouth since 1913. In that year he purchased the farm that has since been subdivided into Plymouth Heights, Auburn Addition and Sunset subdivision.

Mr. Goldsmith handled his properties exclusively until the formation of the coal and supply firm, following which he devoted all his time and energy to the upbuilding of the business. During the period of his citizenship Mr. Goldsmith has built for himself an enviable place in the affection of the community. He has never spared himself in matters having to do with the relief of distress, always being available in community activities of this sort, conducting also many private charities that the community has no knowledge of.

It is believed that every member of the community will join in the expression of good wishes for Mr. Goldsmith and hope for the restoration to the old-time vigor that has characterized him in the past.

KNIGHTS OF PYTHIAS TO CONFER LESSON OF FRIENDSHIP

Thursday night, February 3rd, the lesson of friendship will be conferred on a class of candidates at the Castle Hall of Plymouth Lodge No. 238, Knights of Pythias, Queen City Lodge of Ypsilanti, will do the work, and it is hoped that the local members will turn out and make it a good lively meeting; also any members of other lodges who are visiting here. Refreshments will be served after the work.

At a recent meeting it was voted that the last Thursday in each month was to be set aside for sociability and entertainment, and to be a joint meeting with the Knights of Pythian Sisters. Last evening (Thursday) was the first of these meetings, and a splendid time was had by all. After a seven o'clock dinner, the Grand Chancellor, H. E. Vrooman of Wyandotte, gave a splendid talk while Dr. Burdono of the same city gave another very interesting address. Community singing and local entertainment closed the meeting, and all are looking forward to the next meeting, which will be on the last Thursday in February.

BASKET BALL TONIGHT

Plymouth High school basketball will meet Farmington on the home floor, this Friday evening, January 28. Second team game starts at 7:00 and first team game at 8:00. Turn out and help boost the home teams.

NEW STORE WILL OPEN HERE

One of Donovan's Accessories Stores will open in the Woodworth building on Main street, Saturday, February 5th. This company operates a chain of these stores throughout Michigan. We call your attention to their advertisement on another page of this paper.

A CORRECTION

In last week's paper it was stated that Howard Shipley of 230 Fair street had a flock of 24 White Leghorn pullets that laid 418 eggs in 28 days. It should have read 418 eggs in 18 days. We are glad to make this correction.

ALONG ABOUT THIS TIME OF YEAR

By A. B. CHAPIN

MANY RENEWING MEMBERSHIP IN CHAMBER OF COMMERCE

The Local Organization is Looking Forward to One of the Most Important Years in Its History.

Many members of the Chamber of Commerce are renewing their memberships in the local organization for the ensuing year. The ready response in renewing memberships shows that our citizens recognize that the Chamber of Commerce is a fixture in this community, and an organization that is worthy of their support. The past year has demonstrated a concrete example of what practical benefit a Chamber of Commerce can be to a town, by the fact that the new \$200,000 community hotel, The Mayflower, work upon which will soon be started, is the result of having a Chamber of Commerce. The local organization sponsored the project and took the initiative by appointing a hotel committee to take up the matter of securing a much needed modern hotel for Plymouth. How this was finally accomplished and the great success which attended this campaign, is well known by every citizen of Plymouth. If the Chamber of Commerce had never accomplished another thing, this one project alone is worth many times what the Chamber of Commerce has cost each member ever since its organization several years ago.

The Chamber of Commerce has accomplished other things, too, that have proved their worth. The Merchants' Credit Bureau can be pointed to as another outstanding reality. This organization has proved a real boon to our merchants; it is functioning successfully, and is entirely self-sustaining. The Information Booth on Main street is another Chamber of Commerce enterprise that has brought much favorable comment from thousands of strangers within our gates, and has done much to advertise Plymouth. These are only several of the many things that are the direct results of the Chamber of Commerce, but they show what can be done by an organization of this kind.

In a large measure the success of a Chamber of Commerce depends upon the support that it receives from the citizens of the town or city which it serves. The larger the membership, the stronger will be its activities, and the greater amount of good it will be able to render. Every citizen who has the best interests of Plymouth at heart should take out a membership in this organization, and thus help to make it the success it is bound to be, with a united effort upon the part of all to bring about a bigger and better Plymouth. If you have not already renewed your membership, do so at once, and help the good work along. The coming year is sure to be an important one in the progress of Plymouth, and the

NOTED LECTURER WILL BE HEARD HERE

CHESTER M. SANFORD, NOTED COUNSELOR, WILL GIVE THIRD NUMBER ON REDPATH ENTERTAINMENT COURSE NEXT MONDAY EVENING.

The next number on the Redpath Entertainment course will take place at the High school auditorium, Monday evening, January 31st. Chester M. Sanford, lecturer, is the attraction. Single admission, 50c. Lecture starts at 8:00 o'clock.

Chester M. Sanford is a noted vocational counselor. His purpose in his lecture work is to guide the young people of the community in choosing their proper vocations, to help eliminate misfits in industry and the professions.

A Sanford lecture vitally concerns every person, old or young, who has the future of America at heart.

Chester M. Sanford

Each of us is better fitted for one kind of work than another. The tragedy of many lives is the attempt to succeed in one line of work when abilities and inclinations point in an entirely different direction. Many a man who would succeed in business is a failure as a physician, and vice versa.

Mr. Sanford helps to answer the question of every young man and young woman, "What Shall I Do in the World?"

He is well equipped for his work in this most difficult field, having studied psychology in Cornell University under Doctors De Garmo, Titchener and Whipple.

With this thorough training he did not go into his study to work out life-sounding theories, but he went directly to the young people to work with them. As principal of a large high school, as head of a military academy, as city superintendent of schools and as professor in a teachers' college he has gained a first-hand knowledge of the needs of young Americans.

His great ambition has been to get close to industry. He has been with the miners at their work in the mines, glass factories and textile mills both in the North and South. He has had hundreds of conferences with railroad officials, superintendents of mills and mines, department store managers and heads of other industrial concerns. He approaches his subject from every possible angle.

LIKES THE HOME PAPER.

In renewing his subscription to the Mail, Mark Ladd, our former townsman, who now resides in Torrence, California, says: "We cannot do without the home paper. I say 'home' because I will always claim Plymouth as such, though I am located far from there. It is very cheering to read of the many improvements and great progress Plymouth is making."

DEATH OF MRS. JOSEPH SIMICH

Mrs. Joseph Simich died at her home on Evergreen avenue, Sunday morning, January 23rd, at 7:30 o'clock. The deceased was born in Nenstadt, Germany, April 6, 1866, and came to this country when three years of age. On January 18, 1904, she was married to Joseph Simich, who with one daughter, Jean Elizabeth, survives her. The funeral services were held from Our Lady of Good Counsel Church, Wednesday morning at nine o'clock, Fr. F. C. LeFevre officiating. The interment took place in Riverside cemetery.

RUSSELL HOLLOWAY FATALLY BURNED

WELL KNOWN PLYMOUTH YOUNG MAN DIES IN DETROIT HOSPITAL LAST SATURDAY NIGHT, AS RESULT OF ACCIDENT LAST WEEK THURSDAY.

FUNERAL HELD FROM SCHRADER BROS. FUNERAL HOME TUESDAY AFTERNOON, WAS LARGELY ATTENDED.

Russell Holloway, son of Mr. and Mrs. Charles Holloway, met with a terrible accident last week Thursday, about noon, at the Ditzler Color Co.'s plant, Detroit, where he was employed. Russell had leaned over a vat containing a boiling solution of washing compound, to clean a knife, when in some way he slipped and fell head first into the vat. Two employees of the plant pulled him from the vat and rendered what assistance they could, and his brother, Fred Holloway, general superintendent of the plant, was called and hurried to his brother's side. Russell was terribly burned by the solution from his head to the knees.

An ambulance took the unfortunate man to Providence hospital, where everything possible was done for him, but to no avail, and he passed away Saturday evening at 10:30 o'clock.

Russell Holloway was born in Plymouth, September 23, 1901, and has lived here all his life. He was a young man highly respected by everyone who knew him, and his untimely death cast a pall of sadness over the entire community. His genial disposition and good nature won for him a large circle of friends among the younger people of the village, by whom he will be greatly missed.

During the long illness of his father, he has been a devoted son to his parents, and his death seems doubly sad at this time.

Besides his parents, he is survived by one brother, Fred Holloway, and one sister, Mrs. Bessie Smith. The deceased was a member of the Macca-bee order.

During the past year he has been employed by the Ditzler Color Co. in Detroit, where he was well liked by officials and employees, and as a mark of respect the plant was closed down the day of his funeral, and many of the officials and fellow employees attended the services, which were held Tuesday afternoon at 2:00 o'clock, from the Schrader Bros. Funeral Home, Rev. Bradford, pastor of the Redeemer Presbyterian church of Detroit, officiating. The bearers were Richard Vealey, Frank Henderson, W. E. McCrum and Ralph Green. The floral offerings were many and beautiful. The interment took place in Riverside cemetery.

The following from out of town were here to attend the funeral of Russell Holloway, Tuesday afternoon: Mr. and Mrs. W. T. Utley, K. W. Connor and brother, Don; H. M. Scovell, Mr. and Mrs. Harry Armstrong and Mrs. Allen McLaughlin of Detroit; Mrs. G. A. VanEps of Evanston, Ill.; W. A. Bliss and son, Fred, of Kalamazoo, and many friends from Detroit, Wayne, Dearborn, Inkster, Wyandotte and Northville.

The manager has received a notice from the U. S. District Court at Detroit, calling a hearing on January 31, on a petition "to discontinue operation of the railway (D. U. R.) from Wayne to Northville, Northville to Farmington, and Farmington Junction to Orchard Lake, and take up and remove the materials thereof." The village will probably be represented at this hearing, principally to learn at this hearing what action is taken.

Mr. Reddeman and his men are busy going over a number of fire hydrants, the drains of which seem to have become plugged with roots and dirt.

Chief of Police Springer says that time is up on 1926 automobile licenses. His action is usually based on the falling issue in Detroit. He has not yet obtained your new plates. The cars have been seen with new plates. The

WOMAN'S CLUB HELD INTERESTING MEETING

Last Friday was the regular meeting of the Woman's Club, according to the Year Book, and the president, Mrs. R. E. Cooper, called the session promptly at 2:15, of seventy members who so much enjoyed the clubby atmosphere engendered by their pleasant rooms in the I. O. O. F. Hall.

Reports of the secretary, Mrs. George Robinson; treasurer, Mrs. Nell McKinnon; membership committee, Mrs. George Wilcox, and a talk by the president were full of vim. Division IX having extended gracious hospitality through their hostess, Mrs. James Gallimore, began the program with Mrs. F. A. Lendrum as chairman, who explained the gratitude of the division in giving them the foremost topic of the day, Aeronautics, and introduced Mrs. R. O. Chappel to tell of Michigan's Air-minded Policy. Mrs. Chappel by accepting the subject, felt it necessary to "fly" for data, which encouraged her to use a chance at the Johnson Field, Dayton, Ohio, and described it to the uninitiated as a pleasure between an elevator lift and an anaesthetic dream, and enthused the club to help Michigan in its new industry combining seventy-nine trades.

Miss Athale Hough gave a very interesting talk on Detroit's Expeditions to the North Pole.

The room decorations were balloons and airplanes. Mrs. J. T. Chapman gave the club a beautiful treat by playing her own accompaniment and interpreting "Trees" by Joyce Kilmer, music by Rosbach, and "A Brown Bird Singing" by John Palmer. In which Mrs. D. P. Murray, Mrs. Arthur Blunk and Mrs. O. F. Beyer ably represented the characters, with the assistance of the dramatic chairman, Mrs. Frank Burrows.

Division X announced they had secured Prof. John Crest of the M. S. C. to talk on "Psychology of Gardens," that there would be splendid music and refreshments served, Friday, February 4th.

CLASS IN HOME MANAGEMENT ORGANIZED.

Following a talk on the 100% Home at the school, January 14th, by Miss Edna V. Smith of the Michigan State College, two meetings have been held in Plymouth to take up the study of Home Management. Mrs. S. W. Spicer is the local leader. The subjects taken up so far are: Furniture and equipment, including arrangement, comfortable working heights and postures, and small equipment for the kitchen. Bulletins on these and other subjects sent out by the college furnish the study material. The group of ladies who have taken up this work find it very instructive. These meetings are open to all who are interested. The next meeting will be at the home of Mrs. H. S. Doerr. Watch for another announcement.

SOME EGG RECORD

Welcome Rosenberg, who lives on Golden road, has a flock of chickens that have made some laying record. He has 100 White Leghorn pullets that have made the following record during the last four weeks: First week, 29 dozen and 8; second week, 29 dozen and 7; third week, 28 dozen and 2; fourth week, 29 dozen and 3; fifth week, 29 dozen and 3; or a total of 1,751 eggs in five weeks.

THINKS PLYMOUTH HIGH HAS SOME TEAM.

In an article regarding the recent basket ball game between Plymouth and Wayne High school basket ball teams the Wayne Weekly says in part: Rome wasn't built in a day and neither is a basket ball team. Wayne was defeated by Plymouth, which is without a doubt, or rather with a doubt, the best aggregation in the Suburban league. It is not customary to offer excuses after a defeat, but plain facts should not be taken as alibis. In Doubt, Plymouth has one of the "allickest" players that the league has seen for years. Plymouth is to be congratulated on their smooth working outfit of veterans, which merely shows what time and experience will do.

#### ANOTHER "REFORM WAVE."

There is sweeping over the country at the present time a wave of "motor-reform" that is bound to interest drivers around Plymouth, if in fact it doesn't come pretty close to their pocketbooks before it is finally settled. There are 42 state legislatures in session this winter, and reports all show a vast number of them are considering bills which, if made into laws, would require every driver of an auto to carry personal indemnity, or liability, insurance.

Some of the bills are very radical, demanding that every car owner take out a \$10,000 liability policy when he gets a license tax, or give a security bond for that sum. Then if he was in an accident in which someone was killed or injured he would be liable for such damages as might be assessed against him. Or, if he damaged another's property that damage would be taken care of by his insurance or security bond. Auto clubs are fighting the proposals in several states in which their membership is strong, and yet it is believed that a number of states will actually pass such laws.

That something should be done to curb the irresponsible motorist, who drives a rattletrap car and doesn't care how much injury he does another, is admitted by all. But at the same time it seems unfair to work a hardship on others simply to get at this class of drivers. There are two sides to the question, and, of course, the popular side is that of the motorist, instead of the lawmakers or insurance companies. Personally, we feel that anything tending to work a hardship on the honest, careful driver is unfair. However, it seems to be a pretty good time for every motorist to be on his guard and to keep close tab on his representative in the legislature.

#### WE MAY TRY ONE.

We suppose everyone in Plymouth has read in a magazine at some time or another something about these so-called "Intelligent tests" where they give the readers questions to answer, just to see how smart they are. We've been thinking about conducting one for the residents of this community. We would ask, for instance: "What would you do if you had \$400 interest to meet or taxes to pay and nothing to do it with?" "Why do politicians remember faces at voting time that they haven't seen since the last campaign, and forget all their promises right after they have been elected?" "How can a man hold his temper when he ought to be out bugging potatoes or worming tobacco and a silver full of his wife's relatives drive up for a few days' visit? That's the kind of questions we are going to ask, and we'll leave it to you if the answers won't be more valuable than the answers to the questions the high-brow magazines ask.

#### LEAVE IT TO "MA."

A subscriber living out in the country asked our advice the other day about moving to Plymouth, and we told him to "let Ma decide it." By "Ma" we meant his wife. But she will anyway, in nine cases out of ten. In the first place it is very clear that no man ever reached the point where he could even think of retiring and taking it easy unless he had a competent wife. And a competent wife not only can, but will, manage a question like this for the good of the whole family. Men seldom know what they ought to do. They either wobble around too much or else they stick too tightly to one spot. They need to be managed for their own good, and a good woman knows how to do it. The woman of the family can see a

long ways ahead; as a usual rule she can decide better than a man whether a move will be for better or for worse. So we still believe we are right when we advise the fellow who wants to quit work and "take it easy in town" to leave it to "Ma."

#### DRAWING THE LINE

We are glad to print letters from our readers, in fact we welcome them; but occasionally we receive one that does not bear the name of the writer, and which usually seeks to criticize some official or institution. Once again we must state that such letters had best be left unwritten. No newspaper will print that which reflects on the character of any citizen, or that which might injure the welfare of our schools and churches, or their officials. If you have a helpful criticism to make, or a good suggestion to offer, we will be glad to print it, and you will be glad to sign your name to it because you are not ashamed of it. But don't ask us to print something you are ashamed to have the public know who wrote it. We want helpful letters—we're always glad to get them; but harmful ones will not get any farther than our waste basket.

#### OUR HOLIDAY MONTH.

November brings us a day of Thanksgiving, and December the greatest holiday of all, but when it comes to numbers, February, shortest of all months, stands at the head of the list.

Plymouth people who keep tab on the weather are now all set for "Groundhog day," on February 2. Whether there is anything in the forecast said to be made by his hogship each year we are unable to say. Every man is entitled to his opinion, and especially regarding the weather; but it starts February off with a holiday even though it isn't important enough to mean a day off from work. Then comes Lincoln's birthday, on February 12, always an occasion for essays and speeches in our schools. And then the day when lovers come into their own and sweethearts get in some "heavy work"—St. Valentine's day, on February 14. Right on the heels of this comes Washington's birthday on the 22nd. And how many holidays of minor importance occur in the same month we haven't time to count up.

The four mentioned are of more or less importance, and all are entitled to observance; but of the four we fully believe there is more interest locally in "Groundhog day." For where is there a man who wants to shovel coal or carry in wood, or sweep snow six more weeks when the groundhog is said to have it in his power to cut winter short by that length of time, or keep it going if it suits his whim?

This used to be a familiar sight upon our streets in the winter time years ago, but now it is somewhat of a curiosity. Lem says it is about as hard to find a place to hitch a horse, as it is to find a place to park a car on the streets on a Saturday afternoon or evening.

## 162 Acres of Michigan's Best Land

LENAWEE COUNTY, SENECA TOWNSHIP

In order to dispose of the estate of Mr. and Mrs. Mark C. Rorick, both deceased, the undersigned will sell at public auction on the premises located 12 miles southwest of Adrian or eight miles northeast of Morenci or 1 1/2 miles north of Seneca on county highway, on

**Monday, February 7th**

commencing promptly at 10 o'clock a. m., the following described property:—

**162 A. Farm** of Michigan's best land will be sold in two tracts—128 A. with improvements De Luxe and 36 A. opposite, with no buildings. In addition to the above description of location, it is on the R. F. D. and milk and cream route and only 60 rods from a county grade school. The farm has been owned and operated by Mr. Rorick for the past 20 years and is in the pink of condition and the soil as rich as cream.

### Improvements Adequate But Not Superfluous

Modest, comfortable frame residence, finished basement, soft water inside, excellent well and wind-mill.

**Two Large Barns** Dairy barn with cement floors, litter drop, rows of stanchions facing feed alley, excellent cement silo at one entrance and at the other entrance a large covered barn yard. Stock tank inside, large hay and straw lofts above, making a most practical equipment that no farmer can afford to be without.

**LARGE HIP-ROOF HORSE BARN**—Substantial and convenient.

**A Complete Set of Buildings** Double corn crib, hen house, large implement shed, milk house, hog house, work shop, etc.

### Excellent Small Tenant House and One Wind Mill

WILL BE SOLD to the highest bidder—same to be removed from the premises during the next six months from date of sale.

Mark Rorick operated this farm for over 20 years and he did a complete job—which was a characteristic of the man.

### No Better Farm in the State of Michigan

It is level to gentle rolling. Wonderful soil. Many thousands of tile provide splendid drainage. Hundreds of loads of stable manure have been applied and extra good fences.

### Sale Will Be Held Rain or Shine Under Cover

Excellent Lunch at Noon

Everything will be sold regardless of price. No upset price. No by-bidder. No protection. For further information address J. P. Rorick, 403 Toledo St., Adrian, Mich.; E. N. Baldwin, Howell, Mich., or Drake Bros., Montpelier, O.

**Terms on Real Estate** 15% day of sale; 30% on or before March 1st, 1927; 55% in 5 years, secured by first mortgage.

### NEWBURG

Rev. F. I. Walker preached to an attentive audience Sunday, taking his text from St. John's Gospel 14:6. There were 86 in Sunday-school, and are in hopes that it will reach the one hundred mark again. They are planning on a Valentine party. Miss Alice Gilbert led the Epworth League Sunday evening. Miss Morgan of Kalamazoo, gave a very instructive and interesting talk on her five years teaching of a girls' school in India, after which she showed a number of pictures she had taken while there, and some of the idols they worship. She then demonstrated how the people dress, by draping five yards of material about one of the young ladies present, making a very pretty dress. She also made one of the turbans worn by the men. The pastor announced that it. N. Radford of the Pocket Testament League of Detroit, will be the speaker for next Sunday evening. All are cordially invited to all the church services.

Clyde Smith, Mr. and Mrs. William Smith and Mrs. I. Gussolly attended the funeral of Mrs. Gunnell in Detroit, last Saturday. Mrs. Gunnell passed away at the home of her daughter, Mrs. Melvin Guthrie, last week Thursday. Mrs. Guthrie has the sympathy of the neighborhood in her sad bereavement.

Mr. and Mrs. Ira Carney and Mr. and Mrs. I. Gussolly motored to Port Huron, Sunday, to visit Mr. and Mrs. Turnbull.

Mrs. L. Clemens left last Saturday, for Buffalo, where she will visit her son and wife. Mr. and Mrs. George Clemens and little daughter, Carol.

Mr. and Mrs. William Smith entertained Rev. and Mrs. F. I. Walker, at dinner, last week Thursday.

Mrs. Clark Mackinder has been spending some time with her daughter, Mrs. James Norris, at Strathmore, who has been quite ill.

Mrs. James McNabb received a letter Tuesday morning, from Mr. McNabb, stating that they had reached Fort Worth, Texas. They found traveling rather slow on account of the heavy rains, which had made the unpaved roads almost impassible.

The L. A. S. will meet with Mrs. W. R. Greer next week Wednesday, February 2nd. Dinner will be served at noon. The committee in charge consists of Mesdames Greer, M. Eva Smith, Watson, Bassett, Ruff and Guthrie. Everyone most cordially invited.

One hundred years ago, in the year 1827, the first grave was dug in the Newburg cemetery. There are a great many veterans of the Civil War buried there, and also the remains of the hardy pioneers who settled this country, and made it possible for us to

enjoy our present day luxuries. It is fine that we can show our love and respect by giving the sum of \$50 for perpetual care of these lots. The first ones in the new year of 1927 to do this, are: The Truman Sherman Estate, one lot, \$50; William Farley, two lots, \$100. To date there is in the endowment fund, \$2,500.

### AUTOISTS WILL NOT BE OBLIGED TO ABIDE BY THIRTY DAY TOURING PERMIT IN CANADA.

Negotiations between Canadian Automobile Clubs and customs officials were reached during the past week with the result that members of the Detroit Automobile Club and other A. A. A. members are not obliged to abide by the thirty day touring permit in Canada.

According to an announcement made by Charles T. Bush, President of the Detroit Automobile Club, Doctor P. E. Doolittle, President of the Canadian motorists Association, told the directors of the American Automobile Association recently that this agreement had been reached.

It was formerly necessary for the Mayor of the city to issue for American tourists desiring to remain longer than thirty days on a Canadian tour, A. A. A. members including those of the Detroit Automobile Club, may now make applications at Canadian Automobile Clubs for a permit to overstay the thirty day limit.

By presenting the A. A. A. club card the tourist may continue over the thirty day period without the red tape and often times inconvenient negotiations with the Mayor of the city.

"This arrangement," said Dr. Doolittle, "is only another step of reciprocity between the United States and Canada whereby mutual benefit will result to the tourist interest of both countries. The class of members representative of American Automobile Association clubs enables this agreement to eliminate red tape without jeopardizing Canadian law enforcement."

"During the past three years the automobile clubs of the United States and Canada have entered into various reciprocal agreements which have resulted in more desirable touring conditions for the foreign motorists."

"Members of the American Automobile Association, particularly of the Detroit Automobile Club, may secure upon presentation of their card, all club services rendered in Canada by Canadian clubs."

"This great step promises not only a commercial advantage, but brightens the outlook for future touring, formerly kept at a minimum as the result of red tape."

"It is much to my regret that during the past decade legitimate American tourists have found it inconvenient or impossible to spend more than an arbitrary thirty days in the great nation of Canada."

"A communication received from President Charles T. Bush, of the Detroit Automobile Club, in New York City, announced the achievement of an international touring condition for the Detroit Club as long sought for in view of reducing the inhibitions of international red tape."

### B. F. KEITH'S TEMPLE THEATRE Detroit, Mich.

Frank Fay, Broadway's favorite son, headlines the bill at B. F. Keith's Temple theatre, starting Sunday matinee, January 30. Mr. Fay's unique brand of fun has made a great hit with Detroiters, and he has been held over another week by popular demand. He will continue to act as master of ceremonies, introducing the artists on the bill in his characteristic comely manner. Mr. Fay came direct to Detroit from the Palace theatre, New York City, where he acted as master of ceremonies for ten consecutive weeks. Others billed: Adele Verno, most distinguished of women pianists; Frank and Milt Britton's "Brown Derby Orchestra" with Roy Loomis, in their latest presentation, "Our Musical Ancestors"; Bert Lehr and Mlle. Mercedes in their great comely skit, "What's the Idea"; Gordon Boston presents "Jennie," the world's tiniest star in just a sweet child; the Donovan Girls, dainty misses in melody; the Seducks in "Fun in a Gymnasium"; the Mongadors, French comedy jugglers, and the new screen subjects.

A CARD—We wish to express our sincere thanks and appreciation to the neighbors and the people of the community for their many acts of kindness and expressions of sympathy; also for the beautiful flowers, those who furnished automobiles, the various lodges and the officers and employees of the Ditzler Color Co.  
Mr. and Mrs. Charles Holloway and Family.

### STETSON THE MAN

The principle of the single strand of fur is exactly the same as that of the tickle-grass. But the tickle-grass we see with our wide-open eyes, and the other is only manifest by the use of the microscope. The shrinking of felt is caused by the fibers interlocking, seizing upon each other and creeping close. It is a form of physical affinity. Just why it is so we do not know, but the fact remains. Cotton does not shrink or creep, because it hasn't the feet. And the story goes that Stetson's traveling companions were so delighted with his experiment that they immediately went to work killing jack-rabbits, beavers and skunks and any other of the fur-bearing animals they could get. Then under Stetson's directions they made felt tents that effectually turned the water to the delight and astonishment of the troopers on horseback and afoot, and in the prairie-schooners, that were wending their way to the West. Hats then were more or less of a luxury. Indians got along quite well without hats. So did our friends in the pioneer days. In winter the Davy Crockett fashion was in vogue.

The coonskin cap, with its dangling tail, was picturesque and serviceable, but in Summertime it certainly had its disadvantages in way of moths and fleas. If you left your cap unguarded some hungry dog would probably carry it off. To amuse his friends, Stetson made a hat out of the felt. It was big and picturesque. It protected the wearer from the wind and rain, as well as from the scorching sun. Besides all this, it attracted considerable attention. It made the wearer the object of envy, ridicule or admiration, as the case might be. But the ribald ones ceased to revile when a bullwhacker on horseback, gaily seated on a silver-mounted saddle from Mexico, looked upon Stetson's hat with envious eyes and then offered the owner a five-dollar gold-piece for it.

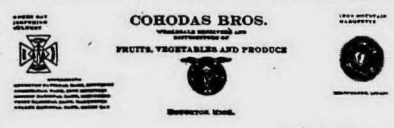

This was the first genuine Stetson hat made and sold. That it would eventually lead up to a great industry no one guessed, but it was the germ of an enterprise that was to be world-wide in its influence.

Dear Mr. Reed:  
I wish to thank you for the suggestions you have made regarding the use of long distance telephone service. It is very much interested in this subject because the cost of our business depends so much on the use of the telephone. In fact, I might say that all of our buying and a large portion of our selling is done over the telephone wire.

These large wholesale grocers know the value of the fastest communication service in their every-day business.

### FARMERS' WEEK STAGE ALL SET AT M. S. C.

PROGRAMS COMPLETED AND EXHIBITS READY FOR ANNUAL CONFERENCE—EXPECT 5,000 ATTENDANCE THIS YEAR.

Michigan Farmers, including members and representatives of more than thirty of the state's leading agricultural associations, will gather at Michigan State College next week, January 31 to February 4, for the annual Farmer's Week meetings and conferences. Most of us do not live in our intelligence, but we live in our emotions. We live by sentiment. And the experience of failing in love stirs the deepest emotions of the human heart. It is doubtful whether any creative work is ever undertaken unless under the stimulus of his passion. We know that the finest in poetry, in music, and in literature owes it to its inception.

It is more important for a man rightly to pick out the kind of woman whom he is to love than to make any other decision. And it is well known that love plays the most important part in every woman's life. Love has been responsible for most of human happiness and for a great part of human tragedy.

President Little to Speak  
President C. C. Little of the University of Michigan, is a late addition to the list of speakers. The U. of M. leader will address the general meeting on Tuesday evening, February 1. Senator Royal Copeland, of New York state; L. J. Young, new Michigan conservation commissioner; W. A. Cochel, of the Kansas City Star; President Butterfield of M. S. C., and many others will be heard during the week. Horticultural and crops shows will feature the special exhibits which have been prepared for the Farmer's Week guests, although the big livestock parade on Thursday noon will take rank as the most spectacular feature of the program.

The Annual Farmer's Week banquet will be held on Wednesday evening, with Judge Arthur J. Tuttle of Detroit, as the main speaker. The mornings will be devoted to meetings of the special group associations, with the afternoons and evenings held for general conferences, following the custom of former years.

### Dr. Frank Crane Says

LOVE IS IMPORTANT.

Probably the most important crisis in any individual's life is when he or she falls in love. This is the most intense experience to which humanity is subject. It has more to do with the happiness of one's life, more to do with the making or unmaking of one's character than almost anything else. Most of us do not live in our intelligence, but we live in our emotions. We live by sentiment. And the experience of failing in love stirs the deepest emotions of the human heart. It is doubtful whether any creative work is ever undertaken unless under the stimulus of his passion. We know that the finest in poetry, in music, and in literature owes it to its inception.

There is no crisis in one's career where he needs to use more judgment and guiding intelligence than in this crisis. Love is one of those inspirations that come from we know not where. The Buddhist think that they can remember some occurrence in a former career. Perhaps that is as good an explanation of it as is any. For when love comes it carries all before it. It is curious to reflect that this matter is in the hands of the comparative young people. In other words, the decision of a subject that is most important in life does not depend upon the old or the mature, but upon the young and impulsive.

Plymouth citizens experienced zero weather again on Wednesday and Thursday mornings. The severe cold wave, the third of the winter, which swept from the northwest, covered the state in general and caused considerable suffering near South St. Marie, where the temperature was reported at 32 below.

### The Foolish Bluff and His New Car

The man who goes into debt to buy a new car and still pays rent is a foolish bluff who deceives no one. A home of your own comes first, for that is where you spend most of your hours—it's the thing that shapes your character and standing in the community. Build a home of your own and what you save by not paying rent will pay you plenty of life's pleasures later.

### CHURCH BASKET BALL GAMES

#### Pontiac Vs. Plymouth

The M. E. church basket ball teams played their first home games of the season last Friday night with Pontiac Central M. E. teams as their opponents. The girls' game, which was fast, close and exciting from the very start, continued to the last whistle, when the score was found to be tied, 25-25.

Close guarding featured the first quarter, which ended 2-2, as Plymouth was held to one field basket and Pontiac to two points from the foul line. The substitution of Coe at forward in the second quarter, however, spoiled the smothering tactics of Pontiac's guards, and the half ended 12-9 for Plymouth.

Pontiac's team came back with a rush in the last half, but Plymouth's team seemed able to hold their lead. Just at the close of the half, however, lucky long-distance baskets by each of the Pontiac forwards tied the count, and the visitors agreed to return for a later game rather than decide the result by overtime play.

The line-up for the girls' game was as follows: Plymouth: Forwards, G. Weiher, E. White; centers, G. Bird, E. Pierce; guards, G. Hake, M. Bolton; substitutions, B. Coe for G. Weiher, B. Titus for M. Bolton, G. Weiher for E. Pierce, N. Brown for B. Titus, B. Titus for G. Hake, E. Pierce for G. Bird, G. Hake for N. Brown. Scores: Field baskets, E. White 7, B. Coe 1; foul throws, E. White 6, B. Coe 3. Pontiac: Forwards, M. Anderson, F. Hampton; centers, G. Ross, K. Roe; guards, C. Roger, F. Kinney. Substitutions: L. Francis for F. Kinney. Field baskets, Anderson 6, Hampton 4; foul throws, Anderson 3, Hampton 2. Referee, Holmes, Ypsilanti.

#### Boys' Game.

The value of practice and team work was never more clearly demonstrated than in this game. Individually, the Plymouth players looked as good, man for man, as their opponents, and showed capacity for being the best team the church has had yet; but the visitors showed almost uncanny ability to find each other, and the margin of the score is a fair measure of the margin of this team work.

The first quarter showed their superiority, although both sides kept the score down. Pontiac leading, 6-2. With Weatherman's entrance in the second quarter, Plymouth's scoring increased, but a spurt just at its close put Pontiac out in front, and three baskets directly from the tip-off at center enabled Pontiac to lead at the half, 22-10.

The second half was better, the third quarter scores being 4-3, the last 6-4, making the final total, Pontiac 32, Plymouth 17.

Weatherman led in the scoring for Plymouth, with nine points, while Surherland contributed six and Cline two. "Suds" played the best game at center of anyone on a Plymouth team this year to date, and looks like a fixture at his position. Cline and Stevens played their usual good floor game, and Howell's size helps to make him a dependable back guard. The lineup: Plymouth—Pierce, Cline, forwards; Surherland, center; Stevens, Howell, guards. Substitutions—Weatherman for Pierce, Williams for Cline, Cline for Williams. Pontiac—G. McLeod, Tyler, forwards; P. McLeod, center; Taylor, Little, guards. Substitutions—Selmes for Little, Coons for Taylor. Referee, Holmes, Ypsilanti.

#### Church Team Wins From Teachers.

Last Tuesday night, as a preliminary for the Wolverine-Wayne County Roads game, the M. E. girls were to play the Northville Alumnae. Due to their inability to come as ad-

vertised, a team largely of local teachers was obtained instead. Due to their superiority in the center court, the church team gained and held their lead, but the teachers' accuracy in basket shooting kept them within striking distance until the last quarter. The first quarter score was 6-4, the half 12-8, the third quarter 16-13, and the final 24-13.

For the teachers Miss Smith's accurate shooting and Miss Holt's speed and floor work were especially marked. For the church team, Gladys Weiher's improvement in all phases of the game was very noticeable. The church team this year has overcome the outstanding weaknesses of past years, particularly the lack of capable substitutes, and the team seems nearly equally strong with any six of the nine or ten players that make up the squad.

The lineup—M. E. church: Forwards, E. White, B. Coe; centers, G. Bird, E. Pierce; guards, G. Hake, B. Titus. Substitutions: Petz for Coe, G. Weiher for Pierce, Weiher for White, Pierce for Bird, Bolton for Titus. Teachers—Forwards, G. Smith, R. Holt; centers, E. Roe, M. Harmon; guards, L. Riley, J. Whipple. Substitutions: V. Palmer for Smith, Roe for Holt, Holt for Roe, Smith for Harmon. Referee, Holcomb, Plymouth.

#### Wolverines Won First Game

The Church League is still attracting many basket ball fans. The Faculty came into the lead Monday night, by beating the M. E. No. 1 in two overtime periods. The Presbyterian team from the Boosters, and the Presbyterian No. 1 came out ahead of the Baptists.

The Wolverines won their first game of the season, Monday night, by beating Wayne Independents 28 to 25. A nice crowd was out, and everything looks promising. Watch for further games.

In Mrs. Crumble's assembly hall on Wednesday, Lawrence Rattenbury spoke on Clean Athletics; on Thursday, Elizabeth Burrows spoke on Clean Speech, and on Friday, Franklin Atkinson spoke on Clean Scholarship.  
In Mrs. Stevens' assembly hall on Wednesday, Bazil Carney spoke on Clean Athletics; on Thursday, Malcolm Cutler spoke on Clean Speech, and on Friday, Ted Hickey spoke on Clean Scholarship.  
In Miss Johnston's assembly hall on Wednesday, Louis Straub spoke on Clean Athletics; on Thursday, Leona Beyer spoke on Clean Speech, and on Friday, Allen Strong spoke on Clean Scholarship.  
In Miss Grant's assembly hall on Wednesday, Elton Knapp spoke on Clean Athletics; on Thursday, David Nichol spoke on Clean Speech, and on Friday, Yelma Petz spoke on Clean Scholarship.

To conclude these events each year one of the organizations mentioned has secured a speaker to talk on one of the subjects of the "Four C's." This year it was the Girl Reserves' turn to secure a speaker. They were exceedingly fortunate in obtaining Mrs. Ray, girls' advisor of the Highland Park High school.  
The ninth, tenth, eleventh and twelfth grades were the enthusiastic listeners of Mrs. Ray Monday afternoon, the 24th.  
Mrs. Ray has been in close contact with boys and girls for quite a number of years and therefore takes a great deal of interest in the younger generation of today.  
Mrs. Ray mentioned the freedom the younger generation has today which it never possessed in previous years; also the close contact of boys and girls and the clean, wholesome companionship that is theirs. She spoke of our life and compared it to a new building, with its deep, firm foundation and its later structure. She mentioned some of the bricks we ought to put in the building of our lives, of which a few were honesty, sincerity, friendliness and purity.  
Mrs. Ray ended her speech with a little poem which in former days was the Girl Reserve code. She possessed a sparkling personality, which seemed to draw everyone to her and hold them spellbound; her delivery was without question, for she could be heard in the farthest corner of the auditorium.  
Everyone who listened to Mrs. Ray felt they could attain a higher and firmer grasp on highest ideal and everyone was more than repaid for listening to her.

### RATE FOR AIR MAIL REDUCED.

Effective on February 1, the rate of postage for air mail will be ten cents for each half ounce or fraction, regardless of the distance carried.  
The reduction in air-mail postage makes it possible to send a letter weighing one-half ounce to Los Angeles, California, for ten cents.

This provides a rapid service at low cost, as few communications weigh over one-half ounce.  
In some cases a letter sent by air mail would reach its destination more quickly if sent by air mail than if the special delivery service were used.  
The air mail service is also available for letters addressed to foreign countries. These letters may be sent from Plymouth to New York City by air mail and complete their journey by boat.  
Air mail service is strongly recommended to patrons who wish to expedite the delivery of their mail, information as to dispatch and rates of postage to foreign countries will be furnished at the postoffice.

The spectacular success of the Pontiac Six is as simple as A-B-C. When introduced it was a car such as no one had ever seen before—a six developed by General Motors, manufactured by Oakland and offering, at \$825, qualities of performance, comfort, beauty, economy and reliability entirely new in the field of low cost sixes. Yet revolutionary as it then was, the Pontiac Six is even farther in advance of its field today. For not only is it still the lowest priced six with Body by Fisher—not only is its power plant still the largest used in any six selling up to \$1000—but the fundamental rightness of its entire design has been proved by actual service in the hands of over 60,000 owners!

*Pontiac Six, \$825 to \$975. Oakland Six, companion to Pontiac Six, \$1025 to \$1295. All prices ex-factory. Bodies by Fisher. Easy to pay on the liberal General Motors Time Payment Plan.*

### PLYMOUTH DEFEATS DEARBORN 20 TO 12.

By David Nichol  
When Plymouth defeated Dearborn, 20 to 12, Dearborn's record of fifteen consecutive games won, was broken.  
The line-up for the first half was:  
Plymouth Dearborn  
Hickey RF Monroe  
Doudt LF Lawther  
C. Foster C McDonald  
Hubert RG Scott  
B. Carney LG Arndt  
During the first half, both teams fought very hard. The baskets made were: One by Doudt; two by Foster, assisted by Hickey and Doudt; Doudt also made one point on fouls. Dearborn scored three field goals, and made four points on fouls, the half ending with Dearborn 10, and Plymouth 7. Then Rambo went in for Hickey.  
While in the locker room between halves, the Dearborn coach fainted, and Dearborn was not quite up to standard in the second half. However, they played a very good game.  
Hickey started the half in place of Rambo. Rambo soon went in in place of Doudt. Field goals made were: One by Rambo, two by B. Carney, two by C. Foster. Hickey scored one no foul shot, as did Doudt and C. Foster.  
Dearborn scored two points during the half, both of which were on foul shots. The game ended, Plymouth 20, and Dearborn 12.  
Substitutions for Dearborn were: Border for Arndt; Pappich for Border.  
The second team game was not so good for us, ending with Dearborn 15, Plymouth 3.

### WAYNE COUNTY HAS LARGEST ROAD BUDGET

ESTIMATED RECEIPTS TOTAL \$5,665,000 WITHOUT TRUNK LINE OR FEDERAL AID.

The Wayne County Road Commission faces the largest building program of any year in its history, claims Edward N. Hines. A budget has been formulated and it is estimated that there will be expended \$1,762,500 on new construction; \$450,000 for highway bridges; \$910,000 for grade separations; \$2,050,000 for acquisition of wider widths or right of ways and \$403,000 for operation of bridges, purchase of machinery and equipment, overhead expenses, tree planting, maintenance, etc.

Among the most important roads to be built during the coming season is Bonaparte road from Division road to Telegraph road, approximately four and a half miles. The section of Bonaparte road in Rouge Park proper will be built of concrete 40 feet wide and the balance of the road 20 feet of concrete, 40 feet over all. At the intersection of the Outer Drive in Rouge Park, which is now completed, the grades are being separated by a handsome concrete arch structure.

This is the first road grade separation ever built by the Wayne County Road Commission but by no means the last one. A dock girded bridge spanning the Rouge River on Bonaparte road is also under construction. This bridge is provided with a 40-foot clear roadway with sidewalks in addition and is so constructed that it can be widened at any future time without any great sacrifice of initial investment.

The Base Line road at Northville is also scheduled for improvement at an early date. This will be a 20-foot concrete road, 40 feet over all.

Negotiations are in progress to rebuild the overhead bridge structure at Northville.

The Emerson road will be graded and drainage structures installed from Michigan road to Oakwood boulevard.

The Huron River Drive will be extended three miles west to Washburn county line. A 20-foot concrete road, 40 feet over all, will take the place of the present unimproved highway.

A \$75,000 concrete bridge will be built over the Rouge River on the Six Mile road. The Six Mile road will also be paved with concrete from Grand River road to Telegraph road.

The policy of road widening will be continued, increasing roads that are

now 20 feet in width or less, to the ultimate minimum of 40 feet of concrete. The longest widening job to be undertaken is on the Division road from Michigan road to Seven Mile road, a distance of eight miles, which will be widened from 20 to 40 feet of concrete.

With the above improvement many others are contemplated by the Wayne County Road Commission, which in fact should prove of tremendous importance in bettering the accessibility to the Greater Wayne district. With the completion of this program Wayne county will without a doubt have the finest system of roads that exist in any one county in the Middle West.

### WOMEN TO HAVE OWN FARM WEEK PROGRAM

WILL MATCH MEN IN ENTERTAINMENT AND EDUCATIONAL FEATURES AT M. S. C. NEXT WEEK.

A program of educational entertainment features which matches that to be given in the men's section has been provided for the women of Michigan from January 31 to February 4, according to the Farmer's Week program just issued at East Lansing.

"The immediate, every-day problems of the housewife are given a prominent place in the sessions held during the week. The proper management of a home vegetable garden, which task is turned over to the housewife during the rush of farm work, will be discussed by George E. Starr, specialist in horticulture. Home beautification is the subject of a talk by O. I. Gregg, landscape specialist.

Dr. Caroline Hedger, who is nationally known as an authority on child training, will meet Michigan women twice during the week. The Reverend Caroline Bartlett Crane, who always has a message of importance, has as her subject, "Home Making and Citizenship." An expert furrier from the Albrecht Fur Company of Minneapolis will tell the story of how furs are made up and how to tell what kind of fur is in any particular garment.

The home economics department of the College will serve tea three afternoons during Farmer's Week. A day nursery will be maintained so that mothers can attend the sessions while the children are having a fine time by themselves. There will also be many special exhibits of interest to housewives.

### THE PATH OF PROGRESS

When we view with amazed satisfaction the wonderful strides made in preventive medicine; when we stop to consider that it is a real disgrace for any enlightened community to have epidemics of typhoid, diphtheria or small-pox, we wonder what master mind or Divinely inspired person gave to the world this inestimable wisdom. But if you study the problem seriously and without prejudice, we find one and only one conclusion.

The only conclusion is that physicians have used the infected as a laboratory, and as a result of research in that laboratory, ordinary human minds have discovered either the cause or preventative for each of the above diseases. How much easier it would have been to have killed every person as soon as he became infected in order that he should not endanger others by the spread of infection. But such treatment would never have removed the cause.

In industry one of the large items of expense is research, but probably every dollar spent returns adequate return on the investment, and also travel by automobile and aeroplane and communication by telephone and telegraph (by wire and wireless) are the direct results of such research.

If there is one undisputable fact in the world today, it is that real advancement in any vocation, profession or nation has never been made by dodging issues or taking lazy ineffectual methods of disposing of problems. To the writer, it seems silly that every two years the question of capital punishment should be a dominant topic for consideration by our State Legislature. At the outset, let's say we have no sympathy whatever with the sob-sister variety of men who wish to make prison life so desirable that it will be an incentive to seek admission thereto. If capital punishment would solve the problem of crime, I believe it should be inflicted without hesitation or reservation to all those committing crimes to which it would apply, and not simply the applying of it to those who have no money or people of influence to plead for them at the time of the trial.

In Saturday's Detroit paper, we read of four boy bandits between the ages of 13 to 19, armed and pursuing their depredations upon society. I am personally not concerned with the fact of a boy, thirteen years old, taking a revolver and getting money or shooting the unlucky victim who has courage enough to oppose him, but I am vitally concerned in finding out the breaking point in society which makes possible the commission of such acts by mere boys.

The thing I do know about the situation is that something is wrong. It may be in our organization of industry, it may be in the buying and selling in business, it may be in what we are teaching in our public schools, it may be in what the churches are or are not teaching, or it may be the direct result of the disintegrating of our American home.

But whatever the cause, it is certainly time that legislators ceased to tinker with the problem of crime and decide to meet the proposition squarely and sensibly. The reason we have no laboratories at the present for the study of crime is that the prisoner convicted of murder, robbery, armed, or any other offense which might entail capital punishment is that the convicted man goes to prison with the assurance in his heart that parole or pardon will soon make it possible for him to again return to society and practice his infamous occupation. With this goal for the convicted criminal in sight, he does not cooperate with the psychologist, psychiatrist or sociologist in the institution in helping them to find the cause of his criminal actions, but rather conceals whatever he knows of the cause in order to hasten his freedom. The above conditions will always be true so long as paroles and pardons are granted by political officers. It is a sorry record on the pages of history which records the many cases of bad criminals released because of political influence.

I believe, when the circuit court has sentenced a man, that the only institution which should ever review his case is the next higher, or the supreme court. This could be easily done by amending the State Constitution and then by law make the parole Commissioner appointed by and responsible to the Supreme Court. If this were true in the state of Michigan, men sentenced to life imprisonment would remain there during the remainder of their life. And these men serving sentences which they knew would not be commuted or pardoned would see the folly of their mistake, and after a period of ten, fifteen or twenty years of service, and realizing that there was no chance

of being a free man again, would reveal everything within his knowledge of the causes which lead to his downfall. If we can establish such a laboratory at our prisons in the state of Michigan, I am convinced that we would find the weak link in our chain of civilization and I also have faith enough in humanity to believe that if we really knew the cause of crime we could prevent it.

Capital punishment would remove all possibilities for the study of crime in the laboratories which I have described above, and while it might remove from society a few offenders, it would still leave the cause which would lead to the gallows other boys who might otherwise become economic, civic, or political leaders which every one knows we need at the present time.

To summarize, let me say I believe the solution of the present undesirable conditions of crime in society is not capital punishment, but is a law which would place the paroling and pardoning directly under the supreme court, thereby, establishing a laboratory of sentenced men in which students of society will eventually find the cause of crime, and when the cause is found then the remedy will be speedy and permanent.

GEORGE A. SMITH.

If Plymouth girls ever get as slicky about selecting husbands as they are about selecting clothes the marriage license clerks will only have to work about one day in the week. We can't swear whether the earth is round or flat but we do know it takes all a fellow's time to keep his balance.

# The Community Mausoleum or Multi-Tomb

Design for Riverside Mausoleum, Riverside Cemetery

## Space in Riverside Mausoleum Is Sold, Before Construction, on The Subscription Plan

Riverside Mausoleum is a semi-public institution, in which many persons will have a sentimental, others a property interest, and some both. For that reason the founders feel that the plan under which it is established and financed should be made known.

The Mausoleum is planned to fill a need and is in no sense a promotion. Like any other building of note or special design, a profitable use or a responsible tenant must be assured before construction begins.

Buildings like Riverside Mausoleum are built only on the strength of formal and binding contracts for space, sufficient in number, and of tested financial worth, to justify the erection.

The Community mausoleum as a place of sepulchre, whenever ordinary foresight, coupled with reasonable technical skill and business judgment, has been employed, has generally met with public favor and support.

It is the usual experience, too, that the larger part and the most desirable part of the space—in most instances from eighty-five to one hundred per cent—was sold before the building was erected and completed.

Before undertaking the erection of Riverside Mausoleum the founders made a careful survey of Plymouth and adjacent territory, and from this, together with the knowledge and experience gained by personal contact and otherwise, it is their fixed opinion that there is a sufficient demand for mausoleum sepulchre in this community to justify the mausoleum.

The maintenance and care of Riverside Mausoleum is assured from the income of a perpetual care endowment fund.

### LIBRARY NOTES

An experimental group meeting of the Wayne County Library Service was held at the Ecorse Branch Library, January 20, 1927. There was a fair representation of the Davi River section, although those from Wyandotte were unable to attend. Besides seven from the headquarters staff, the Ecorse and River Rouge High school librarians, two from Lincoln Park, and two from Grosse Ile.

Miss Oliphant, children's librarian, discussed the best juvenile books on Lincoln; Miss Prescott from the Ecorse High school library, presented in a very interesting way, Chrisman's "Shen of the Sea," which earned the 1925 Newberry prize for the best juvenile book. Miss Norris, librarian of the River Rouge High school library, next reviewed Walpole's "Harmer John," and Mrs. Anderson, chairman of the Grosse Ile library committee, discussed John Erskine's "Private Life of Helen of Troy." After Miss Winding had introduced the discoveries of microbes through DeKruif's "Microbe Hunters," Mrs. Loleta Dawson Egan sketched the history of the Ecorse Library from the time it opened in Loveland's drug store, February 1922, through the period of transition during a part of which time it was closed, up to the present date, when it has the honor of heading the list of county branch libraries, with an average circulation of from 3,000 to 4,000 books per month. Ecorse now has a library of 3,000 volumes with some 1,800 registered readers, with comfortable accommodations for those wishing to spend a few quiet hours browsing among their book friends. A short discussion followed on books censored in the public and school libraries, and various problems confronting the school librarian were thrashed out.

The meeting then adjourned to the home of Mrs. Roscoe, custodian of the Ecorse branch, where a most delicious luncheon was served.

The experiment proved to be not only a successful round table meeting, but also an enjoyable one. Those from Grosse Ile and River Rouge suggested such a meeting at their libraries at some later date. The next meeting is to be held at Plymouth, on Thursday, February 17th, where members of the northwestern district will discuss books and topics of library interests.

### GRANGE NOTES

The regular meeting of the Grange will be held Thursday evening, February 3rd.

### PERRINSVILLE

There was a good crowd at church Sunday, and Rev. Davis preached a very good sermon. There were about twenty in Sunday-school, and a very interesting time was had.

The taxpayers dinner was a great success. The ladies added twenty dollars to the treasury.

The Father and Son banquet will be held February 22nd, at the Glenner hall. This banquet will be given by the ladies of Inkster and Perrinsville. There will be a good program from both sides. Come one and all and enjoy a good time.

Mr. and Mrs. Joe Erwin are moving into John Kubic's house. We are glad to welcome them back to Perrinsville.

George Bader and son, Clinton were in Detroit, Saturday, on business.

A new blacksmith has moved into the Vreeland house. He is employed by Hawthorne.

Peter Kubic has been on the sick list for the past week.

The Young Men's Bible Class will hold a box social at the home of Mrs. Emma Steinhauer, on Ford road, February 4th. Everyone welcome. Come and bring a box.

Walter Shultz, who had the misfortune to fracture his arm while cranking a tractor at Hawthorne, is doing nicely.

### WEST PERRINSVILLE

The Helping Hand Society will be held at the home of Mrs. Donald Wagenschutz, February 2nd, for dinner. Everyone welcome.

Mr. and Mrs. Emery Hix and children of Plymouth, took Sunday dinner with Mr. and Mrs. Arthur Hanchett.

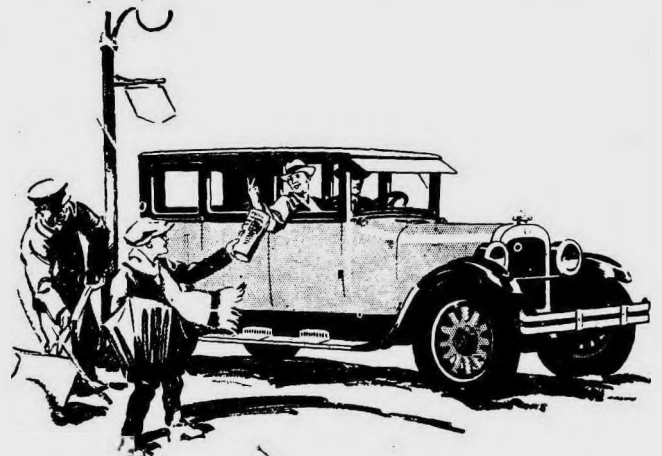

The community party held at the home of Mr. and Mrs. Arthur Hanchett, recently, was largely attended. The evening was spent playing games. All reported a pleasant time.

The Young Men's Class of Perrinsville Sunday-school will give a box social at the home of Ferris Steinhauer, on Ford road, Friday evening, February 4th. Ladies please bring lunch for two.

Mrs. Carrie Voss is not getting along as well as her friends would like.

Mrs. Charles Parrish of Robinson Sub., near Plymouth, spent the week-end with her daughter, Mrs. Arthur Hanchett.

We would like to have all who are interested in the Perrinsville Sunday-school and church, to meet at the church Sunday afternoon at 2:30. We especially ask those between the ages of 14 and 35 years. Lunch will be served.

### BAPTIST NOTES

Last Sunday was a great day at the church. Before the sermon in the morning, Chairman Frank Hamill said: “We have the resignation of our pastor to take care of, and a motion is in order.” After waiting a long line, and no one seemed to desire to make a motion to accept the resignation, to save the embarrassment of the chairman, the pastor's wife made the motion, and it was accepted. The pastor feels keenly his going, but felt it was best for all.

The Sunday-school was in a cheerful spirit, and there was a good attendance.

Miss Doris Shackleton led the B. Y. P. U. and the remarks by the president on the subject were fine.

The song service was full of pep on Sunday night, and everyone enjoyed the music.

The pastor spoke on “The Knowledge of God,” taking the book of Job as his foundation, especially the fourteenth chapter.

Mrs. Albin Packard, 418 North Main street, will entertain the prayer meeting at her home, Thursday evening, February 3rd. Let's fill the house.

The pulpit committee elected Sunday, is composed of Mr. and Mrs. S. L. Bennett, Mr. and Mrs. Lewis Schaal, Roland Allenbaugh, Walter Postiff, Miss Edith Scott, clerk of the church.

Next Sunday morning is communion service. Let every member of the church try and be there.

### PRESBYTERIAN NOTES

Mrs. Shaw's class met on Tuesday evening. After an exciting sleigh ride the members gathered at the home of Mrs. Webber, where a most enjoyable evening was spent. The class is planning to serve dinner February 8 to the Presbyterian fathers and sons.

The congregation is taking part in the campaign in the Presbytery of Detroit to raise the Presbytery's share of the \$15,000,000 fund necessary to launch the New Service Pension plan of the Presbyterian church. Mr. W. R. Shaw is chairman of the local committee of laymen.

Sunday, January 30, has been set apart as Young People's day by the general assembly. It will be observed in this church.

The young people will have charge of the evening service next Sunday. A number of them will take part and a special offering in the interest of young people's work will be taken.

### METHODIST NOTES

The official board will hold its regular meeting Tuesday evening at 7:45 o'clock.

The Ladies' Aid Society meeting Wednesday will be a “Valentine Party.” Each member is to bring a valentine. There will be a program. Mesdames Thomas, Honey and Hammond are the entertainment committee and Mesdames Terry Woodward, A. Richwine and Luther Passage are the hostesses.

Mrs. Dickerson's Sunday school class of the M. E. church met at the home of Mrs. Farley on Adams street Thursday, January 20, and organized into a Philathea class. This is a national organization and inter-denominational. “Philathea” means “Lovers of Truth.” Twenty were present and the following officers and committees elected:

Teacher—Mrs. I. N. Dickerson.  
Assistant Teacher—Mrs. Clemens.  
President—Mrs. Tait.  
Vice-President—Mrs. McLaren.  
Secretary and Treasurer—Mrs. Towle.

Membership Committee—Mrs. Farley and Mrs. Card.  
Local Committee—Mrs. Passage and Mrs. Larkin.

Volunteer Committee—Mrs. Ross and Mrs. Lee.  
Relief Committee—Mrs. McLaren.  
Study hour: 12 m. Sunday in the church parlors.

Social meeting: Last Thursday of each month at homes of members.

Class open for charter members until next meeting, which is held at Mrs. Tait's on Harvey street February 24. All ladies of our church who are not members of any class are eligible for membership and will be made welcome.

## WIDESPREAD INTEREST IS ENGENDERED IN FORTHCOMING GREATER PLYMOUTH MOVEMENT

Plymouth Real Estate Board held an interesting meeting at the office of the secretary, Raymond Bachelidor, last week Thursday evening, when steps were taken to initiate the organization of a Greater Plymouth association.

The president of the board, the secretary and Charles O. Ball were appointed as a committee to confer with the officers of the Chamber of Commerce, Kiwanis and Rotary Clubs with a view to having committees of three appointed from the respective clubs. These four committees will serve as the central committee of the Greater Plymouth association.

A special meeting of the board has been called for next Thursday evening when the plan of organization, the area involved within the Greater Plymouth zone, and other matters pertinent to the organization will be discussed, revised and approved.

Many new members have been received into the board within the past two months, and the entire membership has buckled down to work with a vim that presages a wonderful year, not only for the members but the entire Plymouth district.

One of the best indications that the Plymouth area is being carefully watched by outside investors is the number of new subscribers that have written asking to be placed on the mailing list of the Mail. Many of these are known to be developers and investors in the Detroit district, their interest being engendered, no doubt, by the receipt of the Acorn and Oaks page that recently appeared in this paper. The members of the realty board sent out 1,000 additional sheets bearing this advertisement, and it has apparently fallen on fertile ground.

Arrangements are being made by the

Mail, for a 60-page Greater Plymouth edition to be published within the next sixty days, preceding the appearance of Plymouth advertising copy in the Detroit newspapers. This edition will go into every home in the Greater Plymouth district and will also be circulated extensively among the investors and developers of Detroit.

### OFFICIAL PROCEEDINGS OF THE VILLAGE COMMISSION

Plymouth, Mich., January 17, 1927. A regular meeting of the Commission in the Commission Room of the Village Hall, Monday evening, January 17, 1927, at 7:00 p. m.

Present: All five Commissioners. The minutes of the regular meeting of January 3rd were approved as read. The Manager then presented his written resignation to take effect March 31st, 1927, confirming his verbal resignation given the 3rd of November. The resignation on motion was accepted.

On motion the bids received for the sale of the \$52,400 special assessment bonds as advertised were directed to be opened. The following were the bids:

Bumpus & Company, Detroit, at 6% par plus \$46.00 premium.

Plymouth United Savings Bank, at 5% par plus \$318.00 premium, at 4% par plus \$57.00 premium.

Moved, Commissioner Pierce, seconded by Commissioner Henderson, that the bonds be awarded to the Plymouth United Savings Bank at their bid at the 4% rate.

Ayes: Commissioners Robinson, Fisher, Henderson, Horndorp and Pierce.

Nays: None. Carried.

The following resolutions and resolutions were offered by Commissioner Henderson, supported by Commissioner Pierce:

RESOLVED, by the Village of Plymouth, County of Wayne, State of Michigan, that—

WHEREAS, during 1925 and 1926 this Commission has declared the laying of certain sanitary sewers to be a public necessity and a necessary public improvement; and

WHEREAS, this Commission has heretofore directed that \$69,273.30 of the cost of such sewers shall be assessed against the private property particularly benefited by said improvement; and

WHEREAS, the Assessor of said Village has heretofore prepared his special assessment roll, which has been duly reported to this Commission at a meeting thereof held on the 4th day of October, 1926, which said roll has been duly approved; and

WHEREAS, said special assessment is divided into five (5) parts, one of which is now due and one of which parts will mature in each year hereafter, beginning one year from date; and

WHEREAS, the aggregate of parts II, III, IV and V of said special assessment, which will mature in one (1), two (2), three (3) and four (4) years from date as specified, less the amount of such parts already paid in full in advance, amounts to the sum of fifty-two thousand four hundred (\$52,400) dollars; and

WHEREAS, this Commission is authorized by the Charter of this Village to issue bonds to the amount of any special assessment or to the amount of the aggregate of all the installments of the special assessment, in anticipation of the collection thereof; and

WHEREAS, it will be necessary for this Village, in order to meet that part of the expense of said improvement which has been so assessed against the said private property, and is represented by Parts II, III, IV and V, less the amount of such parts already paid in full in advance, to borrow money therefore by issuing of the bonds of this Village in conformity with the provisions of said Charter.

NOW, THEREFORE, BE IT RESOLVED, that the bonds of the said Village of Plymouth be issued in the sum of Fifty-two thousand four hundred (\$52,400) dollars for the purpose aforesaid, to be numbered from one (1) to fifty-six (56) consecutively and inclusively, to be dated February 1, 1927, and to become due and payable as follows:

Bonds 1 to 13, inclusive, \$1,000.00 each, payable Feb. 1, 1928.

Bond 14, \$100.00, payable Feb. 1, 1928.

Bonds 15 to 27, inclusive, \$1,000.00 each, payable Feb. 1, 1929.

Bond 28, \$100.00, payable Feb. 1, 1929.

Bonds 29 to 41, inclusive, \$1,000.00 each, payable Feb. 1, 1930.

Bond 42, \$100.00, payable Feb. 1, 1930.

Bonds 43 to 55, inclusive, \$1,000.00 each, payable Feb. 1, 1931.

Bond 56, \$100.00, payable Feb. 1, 1931.

With interest thereon until paid at the rate of 4% per annum, payable semi-annually on the first day of August and February on each and every year from the date thereof; principal and interest to be payable at the Detroit Trust Company, said interest to be evidenced by coupons to be signed by the original, lithographed, or printed signature of the Treasurer of said Village of Plymouth.

BE IT FURTHER RESOLVED, that the President and Clerk of the said Village be, and they are hereby authorized and directed to sign and countersign respectively, and execute the above bonds in conformity with the above specifications, and attach thereto the corporate seal of the said Village of Plymouth, and upon the due and legal execution of the same to deliver the same to the purchasers thereof as ordered by this Commission, upon receipt of the purchase price thereof, which shall amount to at least par and accrued interest.

BE IT FURTHER RESOLVED, that the bonds and coupons shall be in substantially the following form, to wit:

No. \_\_\_\_\_ \$1,000.00 UNITED STATES OF AMERICA STATE OF MICHIGAN COUNTY OF WAYNE VILLAGE OF PLYMOUTH SPECIAL ASSESSMENT BOND—SANITARY SEWERS OF 1925 AND 1926: ASSESSMENT ROLLS NOS. 6 TO 14 INCLUSIVE, 1926.

Authorized by the Charter of the Village of Plymouth and issued in accordance with Resolution of the Commission of the Village of Plymouth Adopted October 4, 1926. KNOW ALL MEN BY THESE PRESENCE, That the Village of Plymouth, County of Wayne and State of Michigan, is indebted and hereby binds itself firmly, bound, and for value received promises to pay to the bearer hereof the sum of One TWO—Commission

Thousand (\$1,000.00) Dollars, lawful money of the United States of America, on

with interest thereon until paid at the rate of 4% per cent per annum from the date hereof, payable semi-annually on the first day of August and Febru-

ary of each year, at the Detroit Trust Company upon the presentation and surrender of the proper interest coupons hereto attached as they severally become due.

The principal and interest upon this bond shall be paid from the sinking and interest fund created for the payment of principal and interest on bonds issued for special assessments, for which payment when due, the faith and credit of the Village of Plymouth are hereby pledged, as is authorized by law to be done.

This bond is one of a series of bonds of like date and tenor except as to dates of maturity, issued under and in pursuance of and in conformity with the provisions of the Charter of the Village of Plymouth, and is issued for the purpose and in anticipation of the collection of special assessment made for the purpose of covering that part of the expense of constructing sanitary sewers as contracted for in 1925 and 1926 assessed against the property particularly benefited, as represented by Parts II, III, IV and V of said special assessment.

IN WITNESS WHEREOF, the President and Clerk of the said Village of Plymouth, County of Wayne and State of Michigan, have, by the order and direction of the Village Commission, officially hereto subscribed the corporate name of said Village, attached the corporate seal thereto, and executed this bond this \_\_\_\_\_ day of \_\_\_\_\_, 1927.

### Today's Reflections

About the only difference between dumb animals and dumb men is the latter only have two legs.

One thing most Plymouth men can't get their wives to believe is that they hate to be reminded of their faults as much as she hates to be reminded of her age.

It's all right for boys to be boys, providing they will be men when they are men.

Plymouth citizens who live to be 100 years old may be treated to the novel sight of a banditless Chicago.

Wonder why some fellow doesn't write a song and call it "The Song of the Leaky Radiator."

It would never do for a Plymouth man to be as polite to his wife as he is to other men's wives. His own wife might drop dead.

We've made up our mind that when we grow too old to work we'll disappoint a lot of people by not loitering on the streets and bothering everybody.

Nowadays it isn't the laws that congress doesn't pass that cause us as much worry as the laws it does pass.

The old-fashioned Plymouth woman who wore red flannels was always doctoring for rheumatism, but her granddaughter of today can dance all night without getting tired.

We've been wondering if Santa Claus uses a sleigh or an army tank when he makes his annual visit to Mexico.

The world is full of optimists, but none of them are looking for a free ride on a hurricane.

Our idea of a perfect citizen is the Plymouth man who is too busy heaving to the line to stop and put a chip on his shoulder.

any of each year, at the Detroit Trust Company upon the presentation and surrender of the proper interest coupons hereto attached as they severally become due.

The principal and interest upon this bond shall be paid from the sinking and interest fund created for the payment of principal and interest on bonds issued for special assessments, for which payment when due, the faith and credit of the Village of Plymouth are hereby pledged, as is authorized by law to be done.

This bond is one of a series of bonds of like date and tenor except as to dates of maturity, issued under and in pursuance of and in conformity with the provisions of the Charter of the Village of Plymouth, and is issued for the purpose and in anticipation of the collection of special assessment made for the purpose of covering that part of the expense of constructing sanitary sewers as contracted for in 1925 and 1926 assessed against the property particularly benefited, as represented by Parts II, III, IV and V of said special assessment.

IN WITNESS WHEREOF, the President and Clerk of the said Village of Plymouth, County of Wayne and State of Michigan, have, by the order and direction of the Village Commission, officially hereto subscribed the corporate name of said Village, attached the corporate seal thereto, and executed this bond this \_\_\_\_\_ day of \_\_\_\_\_, 1927.

### AROUND ABOUT US

The Western Union have established a down town telegraph office at Dearborn.

Nineteen miles of new water mains will be laid in Dearborn the coming season.

The Holly Board of Commerce closed the year with practically every local business and professional man in its membership.

Dog licenses collected in Oakland county the past year brought in \$25,682.45 in cash after \$10,162.90 had been spent in making the collection.

At a meeting of the board of directors of the Northville Wayne County Fair Association held last week, Nelson C. Schrader was re-elected president for the coming year.

It is expected there will be an enrollment of 900 pupils for the second semester in the Redford High school. This is an increase of approximately 900 pupils in less than two and one-half years.

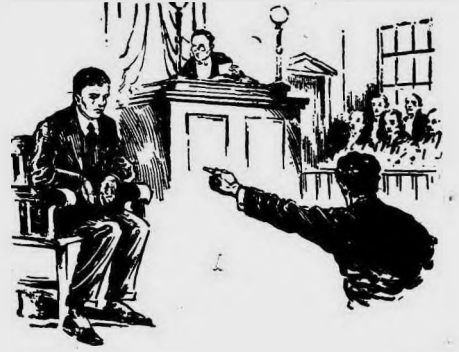

Rudolph Reichert, cashier of the Ann Arbor Savings bank, has been chosen by Governor Fred W. Green to fill the post of state banking commissioner. He succeeds Hugh A. McPherson, of Howell.

Poultry thieves are operating on an extensive scale in Oakland county. Up to last week Tuesday morning records at the sheriff's office showed 675 birds had been stolen from various poultry yards in the county.

The Stinson Aircraft Corporation of Northville is just completing the construction of two Stinson-Detroiter planes for Captain George Wilkins, who will command the Detroit News-Wilkins Arctic expedition.

The architects' drawings of Redford's proposed \$500,000 theatre show a building of Spanish mission design in stone and brick, with brilliant red tile roof. Panels with carved stone figures will alternate with wrought iron grargoyles. It is a very handsome building.

The eighty-three people from South Lyon and vicinity who invested money in the Detroit Panel and Plywood Company in 1923 lost their case Wednesday when Judge William B. Brown, of Grand Rapids, sitting in the Oakland county circuit court, decided that there had been no fraud shown. It was several months ago that Judge Brown heard the evidence, but he delayed his decision until this week. Judge Brown held that although the transaction was unfortunate no fraud nor deceit was practiced by the officers of the Panel and Plywood Company, and that no conspiracy existed to defraud the South Lyon residents.—South Lyon Herald.

### Picked Up About Town

Mussolini is one ruler who doesn't have to give parties to get his name in the papers.

Dad Plymouth says that the whisky they are shipping in from Canada billed as lumber must have a stick in it.

Seeing may be believing, but you see men every day that you would not believe under oath.

"About the only thing that hasn't changed in the last ten years," says Dad Plymouth, "is restaurant gravy."

Dad Plymouth wants to know what has become of the old-fashioned woman who used to carry a muff about as big as a bale of cotton.

A policeman often has a better cure than the doctor for what ails a motorist.

"There isn't anything nicer," declares Dad Plymouth, "than the pretty girl who manufactures her blouses instead of digging them out of a powder box."

If you'll just read a line you'll know in a minute the back of the cotton

### THE THEATRE

#### "LADDIE"

Millions of readers of the late Gene Stratton Porter's works have been anxiously awaiting the film version of her greatest novel, "Laddie." Under the direction of Leo Meehan, Mrs. Porter's son-in-law, F. B. O. has produced a magnificent picture from the story, which will have its local showing on Sunday and Monday, January 30 and 31, at the Penniman Allen theatre. John Bowers as Laddie and Bess Flowers as Pamela give superb interpretations of the leading roles, and such screen favorites as David Torrence, Fanny Midgeley, Eugenia Gilber, Neil Neely, Arthur Clayton, John Fox, Jr., and the novelist's granddaughter, little Gene Stratton, compose the balance of the cast.

Broad in understanding and deep in human sympathy, "Laddie" is one of the best-loved and most widely circulated novels of all time. It has ranked for years among the twelve best sellers in America, and even today has a steady sale that overtakes many of the supposedly popular books. Mrs. Meehan, the novelist's daughter, made the adaptation for screen purposes, and collaborated with her director-husband in the final script, which is remarkable for its close fidelity to the original. Great as the story is, the screen play is even more noteworthy for its lifelike characterizations and delightfully vivid atmosphere. Eminent Hollywood critics have acclaimed the picture as a truly marvelous piece of work, and few will disagree with this verdict.

#### "THE CAT'S PAJAMAS"

Hailed by critics as "the ideal Betty Bronson picture," Paramount's "The Cat's Pajamas," which comes to the Penniman Allen theatre, Wednesday and Thursday, February 2nd and 3rd, might also be called the "ideal Ricardo picture."

Never has this popular young actor appeared to better advantage than in this film, in which he is costarred with Miss Bronson. It is a delightful tale of love, humor and adventure which was especially written for the screen by Ernest Vajda.

"The Cat's Pajamas," from the time its intriguing title is thrown on the screen, until the last flicker showing Miss Bronson's delightful cat fading into the distance with a brood of kittens, is as good entertainment as anything shown here in recent months. It has all the elements movie-goers like—love, romance, adventure, thrills, magnificent and picturesque settings, pathos, and—the wonderful element of "dreams come true."

The supporting cast includes that grand old man, Theodore Roberts, and the charming Lily of France, Arlette Marchal. William Wellman is the director.

#### ROTARIANS HEAR PROF. MCKAY

The members of the Plymouth Rotary Club had the pleasure of listening to a very interesting talk by Prof. F. B. McKay, professor of oratory at the Michigan State Normal College at Ypsilanti, at their noon-day luncheon last Friday. Prof. McKay told in a very pleasing manner, of his recent trip abroad, at which time he visited France, Switzerland, Germany, Belgium, Wales and England. His description of the conditions and the people of these countries was not only entertaining, but educational as well.

### KIWANIANS CELEBRATE TWELFTH ANNIVERSARY

Kiwanians of Plymouth celebrated the twelfth anniversary of the founding of Kiwanis International, last Tuesday noon, with the largest attendance of the year, the dinner room of the Methodist church being almost completely filled.

Alton J. Richwine was the program chairman for the day, and in a pleasing manner introduced the honor guest and speaker, Dr. C. Hyrton Stevens, noted Kiwanian and physician. Dr. Stevens was a charter member of the Detroit Kiwanis club, and attended at the birth of Kiwanis International. He is widely traveled, has attended many international conventions, and brought to the local members a Kiwanis message that was both inspirational and instructive.

"Jolly" Jolliffe, song leader of the Plymouth club, departed somewhat from the usual when he requested the club to whistle several numbers after having set the pace as a soloist. The result was humorous, if not ludicrous. Many of the members left the banquet room with the pronounced pucker that follows eating green persimmons. "Jolly" is patient, however, and announces that he intends to try it again.

Three new members were welcomed to membership, one coming with the admonition, "Kiwanis Be Good." This member is George Springer, Plymouth Chief of Police. Another was Dr. Carl January, and he was received with a warrant that would thin a mid-winter resolution. The third was Fred Lee, classified as an agriculturist, a vocation that is rapidly becoming obsolete in these parts.

Next week the Kiwanis club is host to Plymouth Rotary. A splendid program has been arranged, and members of both clubs are urged to keep the date in mind.

"The Pup Without A Name"  
By Versis Fogarty

Pup says:

"Some people stop to pat my head  
While others pass me by;  
How nice a little pet would feel,  
Instead I bark and cry.

"I wish some little girl or boy  
Would take me for their pet;  
For then I wouldn't roam about,  
Nor would I whine and fret.

"Some dogs have gentle masters,  
And rise up into fame;  
But I belong to nobody,  
A pup without a name."

Little girl says:

"Why here's a little doggie,  
Come, I'll take you home with me  
For I have no other pet,  
And my puppy you can be.

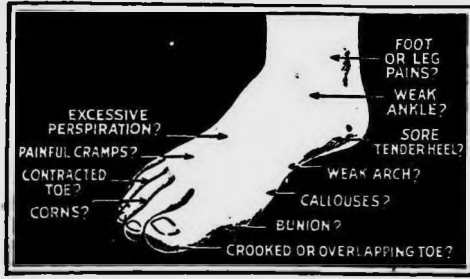

"I'll give you the name of Rags,  
You'll know no grief or pain;  
You no longer will have to be  
A pup without a name."
