PLYMOUTH, MICHIGAN, FRIDAY, FEBRUARY 4, 1927

\$1.50 PER YEAR

KIWANIANS ENTERTAINED ROTARIANS TUESDAY

SERGEANT H. O. ROUNDS, DIRECTOR OF TRAFFIC AND SAFETY OF THE DETROIT AUTOMOBILE CLUB, ADDRESSES THE MEMBERS OF THE TWO CLUBS.

"Ninety-five per cent of all operators of motor vehicles are by intention sane, careful drivers, but they do not know the law. They will spend more time in the perusal of Hoyle's poker rules than they will spend in acquainting themselves with the rules that mean life and liberty to themselves and others. I plead for a better understanding of the rules of the road. I plead for the lives of my fellow citizen and his children. Your greatest contribution to safety lies in courtesy and sanity in driving. You will contribute this or you will suffer. There is no alternative."

Thus spoke Sergeant H. O. Rounds, Director of Traffic and Safety, of the Detroit Automobile Club, at the joint meeting of Kiwanis and Rotary, held in the dining room of the Methodist Episcopal church last Tuesday noon.

Approximately seventy-five of the business and professional men of Plymouth heard the ringing message of caution brought by Sergeant Rounds, in which he drew some very vivid pictures of the toll paid yearly in life and liberty by the reckless driver and his victims. He had the happy faculty of combining statistics and logic in a manner that was constantly entertaining and instructive.

Sergeant Rounds was for a number of years connected with the safety department of the Detroit Police force, and has collaborated in most of the safety features devised for the conduct of traffic in that city. Recently he was acquired by the auto club, and is now engaged in a campaign of education that will carry him to all the important cities of the state.

The joint meeting of Kiwanis and Rotary was opened by Dr. Freeman Hoyer, president of Kiwanis, who interspersed his remarks with some "trade" humor, in which the president of Rotary, Dr. "Brock" Champe, came in for a full share. In response, Dr. Champe succeeded in putting the shoe on the other foot, or to be more accurate, put the forceps on the other tooth. Between the two officials, the innocent spectators were treated to a pretty good job of bridge-work. Percy Deal, sergeant-at-arms, initiated himself into the dental fraternity when he fined both officials for advertising their professions, a neat little job of "painful extraction."

The program was under the direction of Raymond Bachelard and "Bill" Spörkis, the former leading the singing also. Bill was most conspicuous because of his silence. It was privately announced that he intended to sing a solo, but had forgotten his bronchial trochees, necessitating the postponement of this feature. Although Rotary suffered disappointment in this elision from the program, Kiwanis is certain to hear Bill's liquid notes before the close of the year.

The sumptuous chicken dinner was served by the ladies of Mrs. John Larkins' section of the Methodist church. Tables were neatly arranged to form the letter "K," and to further carry out the spirit of the occasion, the ladies served pie with the letter done in whipped cream on each portion.

Those assisting Mrs. Larkins in the serving and arrangements were: Mrs. Manna Blunk, Mrs. Arthur Blunk, Mrs. George Carl, Mrs. Frank McGraw, Mrs. Paul Lee, Mrs. William Smith, Mrs. Carl Shear, Mrs. Clyde Arnold, Mrs. Sarah Ross, Mrs. John Smith, Mrs. William Hood, Mrs. Marie Whitney, Mrs. Wyman Bartlett and Mrs. Perry Woodworth.

Miss Ruth Allison, daughter of Kiwanian Ernest Allison, presided at the piano.

DEATH OF VIOLA BIRCH

Miss Viola Birch, daughter of the late Mr. and Mrs. John Birch, died at the East Lawn Sanitarium at Northville, Sunday, January 30th. Miss Birch had been ill since last July. She was born in Northville, August 31, 1898. She leaves one brother, Myron Birch of Detroit, and three sisters, Mrs. Margaret Thomas and Eudora Birch of Detroit, and Mrs. Charles Darrington of Port Huron.

The funeral services were held from Schrader Bros. Funeral Home, Tuesday afternoon at 3:00 o'clock, Rev. Wm. Richards officiating. Interment in Riverside cemetery.

LOCAL CHURCH HAS "MAHOGANY ROOM"

OUR LADY OF GOOD COUNSEL CHURCH HAS JUST COMPLETED FINE NEW ROOM FOR SOCIAL PURPOSES IN BASEMENT OF CHURCH.

The parish of Our Lady of Good Counsel is indeed undergoing a period of renovation in which pride and ambition give rise to more reconstruction. Not being content with what has been accomplished thus far, the good men of the parish banded themselves together under the leadership of one of Plymouth's most capable contractors, Franklin Forsgren, and ably assisted by their reverend pastor, their talent was displayed in a skillful building manner.

As each parishoner filed into what used to be the basement, on Sunday morning, January 23, a bewildering surprise met their eyes. They were ushered into one of the most beautifully decorated rooms for entertaining purposes in Plymouth. The ceiling and walls of this room are gracefully grained in mahogany, from whence it derives its name, the "mahogany room." These panels are offset by the artistically decorated two-tone walls of buff and tan, which lend a cheerful, welcoming air to all its guests. The new highly polished oak floor is a great temptation to dancing feet, when the newly obtained piano renders rhythmic music. The tables to be used for banquet purposes are also of mahogany stain, likewise the chairs. The lighting fixtures add a delicate artistic touch to its beauty. Even the windows portray a distinctive part as they are curtained with dainty, neatly made buff curtains, which harmonize accordingly. Walking on to the other end of this "mahogany room," and to our right we find a neatly constructed check room where everyone's coat and hat will be gladly checked. To the right of the check room, we find a large conveniently arranged kitchen, which boasts of large spacious cupboards, a new four-burner gas stove, suitable tables for serving, and a handy serving counter opening into the "mahogany" or banquet room. In the opposite corner, a bright shining tile sink will be found, with faucets of hot and cold water.

Leaving the kitchen, we may walk into a neatly concealed furnace room, or we may walk into the mahogany room again, and upon leaving this room, we find two well appointed lavatories for ladies and men. Is it any wonder we were surprised when the architecture is so artistic, and the room gives a wholesome promise for pleasant evenings which it is anticipated will be spent there.

Great credit is due to the men who so generously gave their unlimited and untiring help in response to the call of their pastor, Rev. F. C. Lefevre, who labored unceasingly with his men in order that the rooms may be completed in due time. The ever willing cooperative spirit which prevails among the people of the parish is remarkable. Ever willing to boost and back, they surely can be proud of the work already done, and be grateful to a pastor who lives and works entirely for the interest of his parish.

This "mahogany room" was formally opened Thursday evening, January 27, with a delightful banquet given by the ladies of the parish, with Mrs. Rousseau as chairman.

Each society has promised to do its bit in maintaining entertainments weekly on Thursday nights. The "mahogany room" will be open each evening for anyone coming to spend a comfortable and pleasant evening.

NEW SEATS IN THEATRE

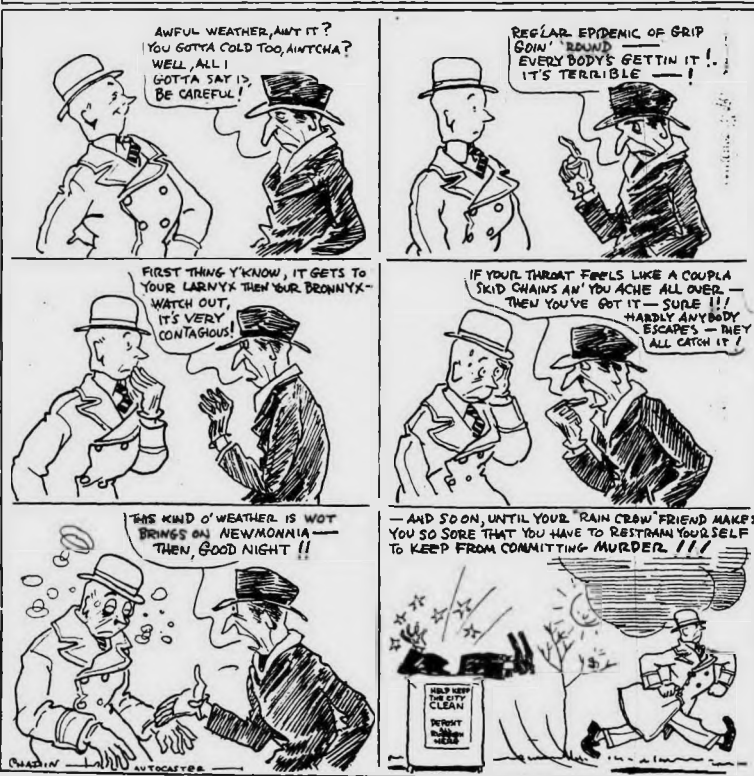

New seats have been placed in the Penniman Allen theatre this week, to take the place of the seats which have been in use since the theatre was first opened. The new seats are much more comfortable than the old ones. The seat is upholstered in leather and the backs are wider and heavier and of a design that fits the back of the occupant much better than the ones on the old seats. The new seats will make a fine improvement in the local theatre, and will be greatly appreciated by the patrons.

FIRE IN GREENHOUSE

About five o'clock Thursday morning, the local fire department were called to Newburg, where fire had broken out in the boiler room of the Horton & Lomas greenhouse. How the fire originated is not known. It was discovered by Mr. Lomas when he left his home nearby to go to the greenhouse to replenish the fire under the boiler. The fire department responded quickly, and succeeded in saving the main part of the greenhouse.

ROTARIANS HEAR SPLENDID TALK

The members of the Plymouth Rotary Club had the very great pleasure of listening to a most interesting talk by Gilbert King of Ann Arbor, late of the Consular service in China, last Friday, at their noon-day luncheon. Mr. King, an American, was born in China, and lived there for a number of years, and was manager of the American Oriental Bank in Ching King, in the western part of China. His talk was doubly interesting from the fact that it came from one who had lived there and knows the country, and also from the fact that the present trouble in China is claiming a great deal of attention at this time. Mr. King explained in a clear manner, the conditions existing in China, which was very enlightening and instructive to his hearers. At the conclusion of his talk, the speaker was given a rising vote of thanks.

RAMBO REAL ESTATE OFFICE UNDERGOES IMPROVEMENTS.

Alterations have been completed in the Rambo real estate office on Penniman avenue that present an entirely different interior arrangement.

In the front office a railing has been extended from the entrance, creating several desk spaces that have been impossible with the former arrangement; a private office has been constructed in the rear of the building and redecorating will be carried out through the entire building, with a uniform color scheme prevailing.

Desks are now provided for a building corporation, announcement of which will be made in next week's issue of the Mail; offices for the Plymouth representative of Plymouth Gardens, C. R. Livengood, together with additional space for the regular real estate brokerage business of Mr. Rambo.

The entire arrangement facilitates business transactions and is much more pleasing in effect.

LOCAL BOY SCOUTS OBSERVE ANNIVERSARY

PLYMOUTH TROOP WILL GIVE SUPPER AND RADIO PROGRAM AT METHODIST COMMUNITY HALL TUESDAY EVENING, FEBRUARY 8.

The week of February 6-13 has been designated as National Boy Scout Week, commemorating the seventeenth anniversary of the founding of the order.

The Plymouth troop of Boy Scouts, under the leadership of Scoutmaster Snavely, has arranged a radio program to take place at the Methodist Community hall, Tuesday evening, February 8th, commencing at 6:30 o'clock, when a pot-luck supper will be served. The feature of the supper will be a birthday cake. The occasion will also mark the fifth year of Boy Scout work in Plymouth.

The radio program will start at 7:30 o'clock, and the following program will be heard:

- PART I
  - Call to Council Fire—Scout Robert Barrows, Troop 185, Bugler
  - "Keep Scouting's Flame Ablaze"—By the Senior High Glee Boys' Octette of Highland Park High school
  - Candle Lighting on the Birthday Cake of Scouting
  - The Scout Oath and Law—Led by our Commissioner
- PART II
  - A Group of Scouting Campfire Songs—Led by Mr. Boston and Mr. Howell
  - A Few Camp Gems—By the Senior High Glee Boys' Octette of Highland Park High School
  - Presentation of First Class Cup, Merit Badge Cup and General Proficiency Cup to Winning Troops
  - A Toast to Tomorrow—Mr. Ralph J. Moore

Following the radio program, there will be a program of games and stunts. The public is cordially invited to come and enjoy an evening with the Scouts, and show their appreciation of the good work the boys are doing. Bring your cats and join in the festivities of this occasion, and you will be repaid by the good it will do the boys.

NEW STORE OPENS SATURDAY

The Donovan Accessories Store will open for business in the Woodworth block on Main street, Saturday, February 5th. They will carry a full line of accessories for the automobile. See their big ad in today's paper.

MASONIC DANCING PARTY

There will be a Masonic dancing party at the Masonic temple, this Friday evening, February 4th. Stone's orchestra of Detroit, will furnish the music. New and old time dances will be on the program.

GRANGE WILL GIVE PLAY

The Plymouth Grange presents a three-act comedy, "Always in Trouble," at the High school auditorium, Tuesday evening, February 15th. Don't forget the date.

SECOND FATHER AND SON BANQUET TO BE HELD FEB. 22

The Banquet Will Be Sponsored By Hi-Y Club and Will Be Held in High School Auditorium.

I. B. Gilbert, of Flint, Superintendent of the State School for the Deaf, Will Be Speaker of Evening.

PLYMOUTH FOLKS IN CALIFORNIA

MR. AND MRS. GEORGE VAN DE CAR, FORMER PLYMOUTH RESIDENTS, WERE GIVEN SURPRISE BY FORMER PLYMOUTHITES ON THEIR FORTIETH WEDDING ANNIVERSARY.

Venice, California, January 21, 1927.

Mr. and Mrs. George VanDeCar were surprised on January 22 at their beautiful new home at 915 Harvard road, in Burbank, when a number of their former Plymouth friends appeared on the scene to remind them that it was their fortieth wedding anniversary. A group picture was taken out in front, after which all returned to the house, where everyone had such a good visit, talking of former good times in the old home town of Plymouth, Burbank, where the home is, lies surrounded by beautiful hills, or perhaps I had better say mountains, and the VanDeCar home overlooks Burbank. At night the lights sparkling in the distance makes one think what a fine location it is.

Most of those present will meet at the Michigan picnic in Sycamore grove the middle of March.

One of the finest lunches was served and Mr. and Mrs. VanDeCar received a few nice gifts.

The following people were present: Mr. and Mrs. Charles Armstrong, their daughter, Mrs. Lester Black, husband and children of Alhambra; Mr. and Mrs. Frank Smith, Mrs. Will Todd and children of Santa Monica; Mr. and Mrs. Robert Todd and son, of Plymouth, Michigan, who are spending the winter here; Mr. and Mrs. Hadley Underwood, of Detroit, Michigan, who are spending the winter in Los Angeles; Mr. and Mrs. William Getzler and son, Paul; Mr. and Mrs. Lester VanDeCar and children, Victor Joffile, Mr. and Mrs. Charles Shattuck and Mrs. Anna McDonald, Mr. and Mrs. Emil Koffer and children, of Glendale; Mrs. J. E. Wilcox and Mr. and Mrs. O. M. Southworth, of Venice; Mr. and Mrs. E. A. Kelenberger and little daughter, of Burbank; Mr. and Mrs. E. H. Tighe, of Pasadena.

The weather was ideal and the drive through the country was very enjoyable. The rolling hills, the beautiful roses, geraniums, culla lilies and pansies all in bloom, and the sun shining so brightly makes one feel that life is worth living in the beautiful Golden West, where we hope to see as many of the Plymouth friends out here as possible.

CLARA A. SOUTHWORTH.

WELTZER-BERGER

A very pretty wedding took place Saturday evening, January 29th, at the Jefferson avenue M. E. church, Detroit, when Daniel Weltzer of Plymouth, and Miss Alma Berger of Detroit, were united in marriage. Guests were present from Toronto and Windsor, Ontario; Lansing, Jackson, Ypsilanti, Wayne and Plymouth. After the ceremony, a splendid luncheon was served at the home of the bride's mother, Mrs. Alma Berger, 507 Fairview avenue, Detroit, to about one hundred guests. The young couple will be at home after February 15th, at 307 Fairview avenue, Detroit. Plymouth friends extend congratulations.

The second annual Father and Son banquet sponsored by the Hi-Y club of the Plymouth High school for all the fathers and sons of this community will be held at the High school auditorium on Tuesday, February 22. Last year's banquet was so well attended and so successful that even more ambitious plans are under way for this year.

In addition to the boy's committee from the Hi-Y club, a joint committee of representatives from the local churches has been authorized, and these committees met last night to discuss menus, ticket sale, local speakers and other necessary details.

The tickets, it was expected, will be in the hands of representatives of the various churches by Sunday, so that they will have the first chance to buy. Last year several people were able to buy tickets at the door, and provision was made for them. This year, however, in spite of the fact that the seating capacity will be slightly increased, all indications are that every ticket will be taken by February 20, the Sunday before the banquet.

The committee has been very fortunate in securing as the speaker of the evening Mr. I. B. Gilbert, of Flint, superintendent of the State School for the Deaf, and formerly principal of Union High school in Grand Rapids. Mr. Gilbert is a pleasing and forceful speaker, and all who come are assured that they will enjoy listening to him.

It may be of interest to know that in their preliminary plans the boys have had the personal advice and assistance of the man who founded "Father and Son Week." This man is Mr. Flynn, associate general secretary of the Metropolitan Y. M. C. A. in Detroit. The posters to be used were made under his supervision, and he is the chairman of the Father and Son week committee for the Detroit area. Mr. Flynn's suggestions have been very helpful to the committee and will aid in making this year's banquet an even greater success than that of 1926.

FIRE DESTROYS NORTHVILLE BUSINESS BLOCK

About 8:00 o'clock Tuesday evening, the Plymouth fire department received a call from Northville, to help fight a blaze which gutted the Harry Germain Recreation building in that village. Nineteen automobiles housed in a salesroom in the building, were destroyed.

The fire threatened to spread to adjoining buildings, but was brought under control by fire companies from Detroit, Plymouth, Walled Lake and Farmington, in addition to that of Northville.

The fire started when a short circuit in an automobile standing in the building ignited the car, and the flames spreading to other cars and the walls of the salesroom.

Flames shooting high in the air cast a reflection on the sky that was seen for a long distance. Many from Plymouth went over to our neighboring village.

Three automobiles were salvaged with slight damage. The damage is estimated to be \$40,000, partly covered by insurance.

"IN WALKED JIMMY," POPULAR COMEDY DRAMA, TO BE SEEN HERE

Next Number on Lyceum Course Will Be Given Tuesday Evening, February 8, at High School Auditorium.

"In Walked Jimmy"

The next number on the local Lyceum course will be the popular Broadway comedy, "In Walked Jimmy," which is to be given here Tuesday evening, February 8th, at 7:30 o'clock.

"In Walked Jimmy" is one of the most delightful comedies produced in many years. It deals with the vicissitudes of the Cinderella Soft Sole Baby Shoe factory, its harried proprietor, and the exuberant and effervescent Jimmy, who puts the shoe business back on its feet. And, of course, there is Jimmy's sweetheart, and a sweet and thrilling romance unfolds between the two.

A splendid cast of actors will present this popular play. The cast includes such well-known players as Roy Van Fossen, who takes the part of Jimmy; Anson Varney, as John Trellavan, owner of the Cinderella factory; Albert Lawrence, as Hiram Higgins, his lapidist; Grace Bartie, who plays the part of Kitty Blake, bookkeeper at the factory; and Vail Hobart, as Della Dunn, forelady at the factory.

"In Walked Jimmy" is good interesting drama, running over with uproarious fun and laughter.

### ONE UNLUCKY DAY

Plymouth people who are more or less superstitious and who look on "Friday the thirteenth" as a time to be unusually cautious, will be glad to know that by a curious freak of the calendar there will be but one such day to look forward to in 1927. The thirteenth comes on Friday but once this year, and that in the month of May, instead of several times as it has in former years. No year escapes a Friday on the thirteenth, and yet every time it comes somebody discovers that it is unlucky for them. Every accident on that date looms larger than if it had happened at any other time, and every poor business deal is explained by the alibi that "it was made on an unlucky day." So for the relief of those who contend that it is a day of bad luck, we are glad to point out that this year ought to be an extremely lucky one for everybody, because there is but one Friday falling on the thirteenth.

### THIS PROVES IT

We've been arguing right along, ever since radio sets made their appearance, that it was destined to become a fine thing for those who live in rural districts. Now we have proof of it. Last week while arguments over laws to regulate broadcasting were under way in congress, several representatives arose to declare that immediate relief must be had because the farmers are depending on radio to help them in their work; that radio has come to be such a valuable thing for the rural districts and small towns that it must not be neglected nor allowed to fall into control of speculators who are seeking to "hog the air." If congress is passing legislation to regulate radio broadcasting because it is a blessing to the farmer, than we need offer no further proof that we knew what we were talking about when we said it would some day be seen in that light. And now we want to make one more radio prediction, even if some of our friends around Plymouth feel that we are crazy when we do so. We want to predict that in less than ten years radio will be in more general use than the telephone.

### THE AUTO'S PROSPECTS

New York, Chicago and other big cities are just finishing up their auto shows, and while few of us from around Plymouth have had an opportunity to attend them, all of us are more or less interested. That's because the auto represents our biggest business. It juggles millions and billions, and provides a living for several million people. Last year 4,500,000 automobiles and trucks were manufactured and sold. Last season the six-cylinder was fashionable. This year, judged by the enthusiasm at the various shows, motorists are going in for eight-cylinder cars, and some models of this type are going to sell as cheaply as many of the "sixes." Foreign type cars are also said to be growing in demand over here.

Even drivers have changed within the past few years. A few years ago auto makers were worrying about the "saturation point"—meaning by that the time when the demand for cars would be supplied and there would not be any need in making so many each year. Today any family can enjoy an auto if its workers are ready to work and save for it. Not only that, but a lot of families now boast more than one car.

The auto industry is on a sound basis, and that is good news for everybody. A big foreign field is now open and America is wading into it tooth and toenail. It will help keep our factories running, and that helps to make the whole nation prosperous. Now if we can have a good crop year, and decent prices for the crops, there should not be much left for the average man to kick about when it again comes time to give thanks.

### WHERE ARE THEY?

What has become of a lot of the things we once thought we couldn't get along without? Where are the old cuff-holders we used before our cuffs came attached to the shirt, and how about the "rats" the ladies used to fix up their hair? Where are hat pins, and the old hunting-case watches, the kind you had to pop open when you wanted to see the time of day? Where are the pug dogs and the brown derby hats and the watch chain made in the shape of a little basket cleverly carved out of a peach seed. We invite Plymouth citizens who pride themselves on their memories to come forward with a little information. Tell us what has become of these things, and then tell us some of the things we now look on as necessities that will also be among the missing when another generation comes on earth.

Mrs. Cutler's Bible class had the highest percentage.

Seventy-five new song books have been purchased by the Sunday school.

The Epworth League has commenced a six weeks' study of home missions. Rev. Walker led the meeting Sunday evening. It was gratifying to the pastor to see so many out to hear Mr. R. N. Radford, of Detroit, tell of his work in connection with the Pocket Testament League. They have given out 1,700 testaments in the last two years. The work is accomplished mostly in the large shops and factories. Dr. Martin, district superintendent of Ann Arbor, will be the speaker for next Sunday evening.

The Queen Esther circle will meet with Miss Loretta Wilson this week Friday evening at 6:30.

Mr. and Mrs. Melvin Guthrie and Mr. and Mrs. Clyde Smith took six o'clock dinner with Mr. and Mrs. Farwell Brand in Detroit last Thursday, attending the auto show in the evening.

Mrs. Ira Corney had as a week-end guest her niece, Miss Carney, of Detroit.

Miss Ada Youngs spent the week-end at the home of her brother, Ed. Youngs, at Redford.

Mr. and Mrs. Wm. Farley, of Plymouth, and Mr. and Mrs. Jesse Jewel were Saturday guests of Mr. and Mrs. Charles Ryder.

Word has been received from James McNabb that he arrived in Phoenix last Friday. He expects to continue his trip to the coast.

Mrs. Neal Leonard and little daughter, Helen, are making an extended visit at Lake Orion, with relatives.

Mr. and Mrs. James Joy and family, of New Hudson; Mr. and Mrs. Mark Joy and daughters, Leona and Lydia; Mr. and Mrs. Dale Liscum and children and Mr. and Mrs. Warren Joy, of Farmington, gathered at the home of Mrs. James McNabb Sunday evening in honor of Mrs. Vina Joy's birthday.

Mrs. Donald Ryder entertained at a noon luncheon Saturday the teachers in the Sunday school. The guests of honor were Mrs. Clyde Smith and Mrs. Henry Meilbeck. They were recipients of some very pretty gifts.

Mr. and Mrs. Myron Heath, of Detroit, were Sunday callers on Mrs. James McNabb.

The day school has commenced practice for a play to be given some time this month.

Monday evening while Mr. and Mrs. Wm. Smith and Mr. and Mrs. Clyde Smith were away their house was broken into. Some money and a gold watch was taken. The same evening the home of Henry Gilbert was entered and several articles of value taken.

**NEWBURG SCHOOL NOTES**

By Aurelia Markus

Several former pupils visited school last week.

Mrs. Mains visited Wednesday, and for February we are to stress arithmetic.

Miss Reddeman, Mrs. Waterman and Miss Grimm attended some meeting at Bartlett school last Saturday. Dinner was served, and the afternoon session was held in the Presbyterian church in Plymouth.

The sixth graders are making arithmetic dictionaries, and booklets about Lincoln.

John and Angie Roginski are absent because of the illness of their mother.

The regular meeting of the P. T. A. will be held Tuesday, February 8th. Rev. Walker will be the speaker. You are welcome.

BEFORE MARRIAGE A WOMAN THINKS OF A MAN - AFTER THEY ARE TIED UP SHE THINKS FOR HIM -

**NEAR SIGHTED**

She was frightfully near-sighted and couldn't recognize things more than a yard away. Her lover didn't know of it yet, and she was going to make sure he didn't find out. Before he called that evening, she placed a pin in a tree about fifty feet from a bench where she was certain they would sit.

Sure enough, they strolled for some time in the garden and then he suggested sitting on the bench.

"Oh, look at the pin in that tree over there!" she exclaimed.

"Don't be foolish! You couldn't possibly see a pin in that tree. Why, it's over fifty feet away."

"You come with me, and I'll prove there's a pin."

She grabbed him by the hand and they started for the tree.

On the way, she stumbled over a root.

**GEORGIE PATCHES IT UP**

Little Georgie was invited out to dinner with his father and mother, and before starting the latter impressed upon the darling boy the necessity for his speaking in complimentary terms of the food.

After he had tasted the soup, he said to the hostess, "This is pretty good soup—what there is of it." A glare from his mother pulled him up. So he corrected himself by saying, "And there's plenty of it—such as it is."

**TAXPAYERS TO HOLD STATE CONFERENCE**

VARIOUS INTERESTS INVITED FOR MEETING AT M. S. C. ON FEBRUARY 9.

Representatives of various tax paying interests of Michigan and many individual tax payers will attend a conference at Michigan State College, February 9th, for the purpose of discussing the tax situation in this state, according to announcement of R. Wayne Newton, research associate in the economics department of the College.

John Brown, president of the Indiana State Board of Tax Commissioners, and Harry Miesee, of the Indiana Taxpayers Association, will be present at the conference. These men will explain some of the accomplishments in Indiana along the line of tax reduction. The Indiana Taxpayers Association was formed to study ways of reducing the tax burden in that state. By educational work, the association has been able to reduce the tax levies for both state and local units.

President Kenyon L. Butterfield, of Michigan State College, has called the conference for February 9th, in the belief that Michigan taxpayers are much interested in tax matters and should have the opportunity of hearing the Indiana plan explained. Mr. Newton, who will be in charge of the meeting, has recently completed studies of the relation between farm taxes and the yield upon investment which is obtained by the owners of rented farms in Michigan.

**PERRINSVILLE**

At the regular meeting of the P. T. A. held January 21, it was announced that those present were invited to a roast chicken dinner at the home of Mr. and Mrs. James Love. This event took place Friday evening, January 21. All present sat down to a most sumptuous repast. Music and games were the entertainment for the evening. There was company present from Detroit. All departed pronouncing this a most enjoyable evening.

**STETSON THE MAN**

A year passed, and health and strength had come back to Stetson. He was big and strong, able and ambitious—full of ideas. He decided that he would go back East—back to the city that Benjamin Franklin had done so much to make. There he would work out his dream and, if possible, build up a business.

He could do this one thing. He was a feltmaker and a hatter. He had the skill of fingers and the talent to do. And so back to Philadelphia he went, with his scanty earnings made in the diggings.

The little band of pioneers reached Pike's Peak,

and discovered that life is life wherever you go, and that about all you have is what you carry with you.

A few of those Western miners made money. Some left their bones along the winding way; others died in the diggings. Most of them gambled and wasted their substance, whenever they had any. Brigham Young's advice to the Mormons was: "Raise vegetables and feed the miners, and you will all grow rich. If you mine for gold a very few of you will make money, but the most of you will die in poverty."

**COLORED MAN LEAVES PARTNER BEHIND.**

Last Saturday night about ten o'clock, two colored men drove up to the Red Indian Oil station on North Main street, and had gasoline and oil put into a large touring car which they were driving. One of the men got out of the car, while the other remained in it. After the attendant had filled the order, there was some talk as to who was going to pay the bill, when the man in the car suddenly stepped on the gas and beat it toward Detroit. His companion took to his heels and also beat a hasty retreat.

The attendant at the oil station reported the matter to Paul Groh, night policeman, who immediately called headquarters in Detroit, to be on the lookout for the man with the car, and when he arrived in the city he was ordered to stop by the police, and failing to heed the order, was finally brought to stop, when he was winged in the shoulder, and his car crashed into a pole.

In the meantime the man whom he so unceremoniously left here was apprehended by Chief of Police Springer. The chief was at the Pere Marquette station with an officer from the prison farm, looking for an escaped prisoner, when he saw a man coming down the track on a run. The officer stopped him, and upon questioning him, he said he had come from Chicago and was on his way to Detroit. His suspicions being aroused, the chief took him into custody, and later found he was implicated in the gas station affair.

Monday morning the man, who gave his name as Alvin King, was arraigned before Justice Phoebe Patterson on a larceny charge, and was sentenced to pay a fine of \$25.00 and costs, or sixty days in the House of Correction for his part in the gas station affair. He took the prison sentence.

His companion, whose name is given as Joseph Williams, will be arraigned in the local justice court later.

**LOCAL REALTOR AT ST. LAWRENCE TIDEWATER ASSOCIATION MEETING.**

Howard Richard, local realtor, who was appointed to attend the meeting of the St. Lawrence Tidewater Association at Muskegon, last Thursday, has returned to Plymouth with a glowing account of the action of the association.

Mr. Richard was conveyed to the meeting by airplane, having taken passage at Detroit, and in deference to the Plymouth passenger, Mr. Richard was taken somewhat out of the usual course so that he could have a view of his home town from the air.

The meeting at Muskegon was addressed by representatives from sixteen various states, all of which are vitally interested in the development of the waterway. The principal addresses were given by former governor William Harding of Iowa, who stressed the advantages that will accrue to all states bordering the great lakes. He said that the creation of the waterway would mean the margin between success and failure to his state, the difference of ten to twelve cents a bushel on freight meaning a saving of approximately fifty million dollars a year to the western states.

Another speaker, the Hon. Frank H. Keefe, formerly Parliamentary Secretary of State for External Affairs of Canada, presented the Canadian side of the project. He said that his country was now "digging in" with the third Welland Canal now under way, anticipating that the recommendations of the United States government would be approved. More than \$114,000,000 has now been appropriated by his government for this purpose, Canada, said Mr. Frank, is

ready to do more than her share in the construction of this very necessary project, and expects that they will find a willing assistant in the United States.

Other speakers who addressed the assemblage were William George Bruce of Wisconsin; Hon. Fred Green, governor of Michigan; Hon. Frank B. Niles, chairman of the Ohio Waterways commission; J. F. Reed, president Minnesota Farm Bureau; Huntley Russell, member of Great Lakes Waterway Commission of Michigan; R. J. MacLean, vice president Great Lakes St. Lawrence Tidewater association of Michigan; R. J. Howard, member of the waterway association, named by President Coolidge, and Ralph H. Webb, Mayor of Winnipeg, Canada.

**L. A. S. GIVE PLAYLET.**

Following the regular business meeting of the Methodist L. A. S. Wednesday afternoon, the social committee put on a mirth-provoking playlet, entitled, "The Doll Shop," with the following participants:

Old Maid Shopkeeper, Mrs. O. B. Borek; Customer, Mrs. Ross; Daughter of Customer, Mrs. Honey; French Doll, Mrs. F. Thomas; Tin Soldier, Mrs. J. Gill; Raggedy Ann, Mrs. J. Miller; Aunt Jemima, Mrs. H. Doerr; Clown Doll, Mrs. O. Soth; Mama Doll, Mrs. Arnold.

There was also a Valentine box with a valentine for each one present, and the committee served brick ice cream and wafers. The decorations were strings of red hearts.

**ELM SCHOOL NOTES**

"GROW WITH US"

Greenville, Mich., Nov. 18, 1926  
 "I have used 'AA Quality' Fertilizers more than 25 years, ever since starting my farming career in Montcalm County at Greenville. I was the first farmer to use commercial fertilizers, and used to have them shipped out in small quantities for use on my farm.  
 "My first use of fertilizers convinced me that they were very profitable and that any farmer could not really afford to plant a crop without fertilizing it. I found the use of fertilizers especially profitable on potatoes.  
 "I am proud to say that my potatoes grown with fertilizers were awarded the Sweepstakes prize at the 1926 Western Michigan potato show."  
 —E. W. Lincoln

Every crop you harvest leaves your land poorer—unless you enrich the soil with a good fertilizer

"AA QUALITY" Fertilizers do more than carry the burden of feeding the current crop. They build up your land generally and enrich the soil for succeeding seasons. They build up run-down fields and make them profitable. They give you heavy yields of better quality products.

That's because "AA Quality" Fertilizers are made right. Their formulas are the result of years of scientific research. They supply crops with just the right plant food elements, in proper proportions and such perfect condition that they are available to each

plant during every stage of its growth. They bring crops to an earlier—and more profitable—maturity.

The materials in "AA Quality" Fertilizers are most carefully prepared, mixed, cured and remilled. That's why they always work uniformly in drill or planter. They are made by the largest fertilizer manufacturing company in the world! And backed by a first, a second and a third generation of consistent, enthusiastic users! . . . whose farms have been enriched, whose yields have been increased, whose profits have mounted into big money.

**BASKET BALL.**

The Wolverine Club basket ball team broke into the winning column again last Tuesday night, their victims this time being the Dearborn Independents. Moreover their margin of winning, so close as to be uncomfortable in the Wayne game the week before, was much easier this time, as the score book stood at 31-23 at the final whistle.

The small crowd who were present were more interested in the game because L. G. Contha, the Plymouth coach of last year, was the outstanding player of Dearborn's team. He was a marked man from the start, however, and close guarding held him to five points in the scoring.

Weatherman was the star point man for the Wolverines, with 12 points, while McPherson, Wood and Page each made four.

Next week, due to the fact that the Scouts have the church house for Tuesday night, the Wolverines will play at Farmington that night. On Thursday night, however, Moe's Sport Shop of Ann Arbor, will be the attraction. This is one of the outstanding independent teams of this section, and fans will see an excellent game. Before this, the M. E. Girls' team will play their old opponents from Northville, and those who enjoy the girls' game will find this one worth the full price of admission. Don't forget the time, 7:30 Thursday, February 10; the place—M. E. church house, or the price, 35 cents.

**LADY MACCABEES INSTALL NEW OFFICERS.**

On January 19th, the officers elect of Plymouth Hive No. 156, I. O. T. M., were installed into their various offices by Past Commander Mabel Dicks, in a very beautiful and impressive manner, before an audience of about eighty, consisting of the husbands and guests of the members. She was assisted by Helen Willett as Great Mistress-at-Arms, Margaret Daly as Great Chaplain, with Gladys Welher and Arbutus Williams as flag bearers. The work was never exemplified in a more perfect manner, and great credit is due Lady Dicks as being the first member of the local Hive to act as installing officer. After the ceremony was completed, Lady Dicks was presented with a beautiful potted plant, as was also the Commander and the Great Mistress-at-Arms. The Great Chaplain and Flag Bearers wore carnations presented to them by the Hive.

The balance of the evening was spent in dancing and visiting, and a light lunch served later completed a very pleasant evening's entertainment.

The following were the officers installed:  
Commander—Ethel Micol  
Past Commander—Grace Martin  
Lt. Commander—Zaida Gorton  
Record Keeper—Dora Wood  
Finance Keeper—Edna Magraw  
Chaplain—Jessie Terry  
Sergeant—Mildred Hower  
Mistress-at-Arms—Angie Blunk  
Sentinel—Emma Bolton  
Picket—Charlotte Williams

**FERRINSVILLE SCHOOL NOTES**  
By Margaret Knorfske

The Parent-Teacher Association is going to have a Valentine party at the school house, February 11, with the help of the Citizen's Junior Club. We are going to sell Valentines to raise money for the Citizen's Junior Club.

We enjoy our Nimble Needle Club very much. Three of the girls have their bags completed. Now we are busy drafting patterns.

Miss Ollphant brought us some new library books to read, and took the others back with her. She told us an interesting story, which we all enjoyed very much.

Miss Corbett and Mr. Carr came to visit us last week. Miss Corbett gave us a very interesting story. She examined our sewing bags, with which she was very much pleased.

Mrs. Lorraine Cochran-Mains came to visit us Monday. She said she would like to have us work hardest on arithmetic next month.

We have a new record for our phonograph. It is the "Moonlight Sonata" by Beethoven.

**BRIGGS SCHOOL NOTES.**  
By Evelyn Rutenbar

Mrs. Mains, our supervising teacher, visited school last week Monday. Miss Gwinn visited school, Thursday.

Misses Eleanor Delaney and Mildred Coss visited school Thursday, January 27th.

Mrs. Charles Wolf and little Viola Wolf visited school Friday.

Gerald Cook of the second grade, has moved away from Briggs school district.

would make the average house a lot more comfortable. What is it that your house needs? Let's see: sun room, sleeping porch, summer kitchen, bedroom, bathroom, hardwood floors, new roof, garage, fences, trellis, flower boxes, window seats? Lumber makes them all—and we have the lumber. Prices never will be lower.

**Dr. Frank Crane Says**

**THE TROUBLERS ARE THE TROUBLED**

A sentence worth putting in the proverbial hat and remembering is: The troublers are also the troubled. Those six words explain a lot in life. They help give perspective to the irritations of the day.  
In the schoolroom the children hard to manage, who cause most of the trouble are the ones who are troubled themselves—who are in some sort of ill health, who have poor home environment, who are unhappy.  
In large families where one child occasions more worry, poorer health or more highly strung nerves.  
Ill-health of some sort is the secret of most of the cantankerousness of childhood.  
Among grown-ups the trouble makers are also the troubled.  
The criminal class is, almost without exception, composed of those who are physically or mentally sick.  
The jealous husband or wife is a trouble maker who is troubled. He lives in constant torment himself, tortured by his doubts and suspicions. The cruel are often those who themselves are tormented by fear. The sarcastic, cutting tongue often indicates inward wounds that have never healed. Dyspepsia and constipation are responsible for a large share of ill humor in the world. The braggart is troubled with a secret of being inferior, the surly person hides behind the mask of his sensitive timidity, the irritable person has nerves stretched to the breaking point. The nagging woman is usually worried, nervous, over-worked. Socrates' famous sentence: "The men and women who are gentle and good are also happy and the unjust and evil are miserable," derives much of its truth from the obvious fact that the happy are usually gentle and good, the miserable unjust and evil.

**SALEM**

The P. T. A. met at the school house Tuesday evening, with a small attendance on account of so much sickness. But a very interesting meeting was held and a lovely luncheon was served.  
Mrs. Minnie Bradley and Mrs. Glenn Burnham and daughter were Ann Arbor visitors, Monday.  
The ladies of the Home Economics Class met at the home of Mrs. Frank Whittaker, last week Wednesday, January 29th. Seventeen members were present, and a very delicious pot-luck dinner was served. Then the leader, Mrs. Irving Johnson, gave the lesson on "How to beautify lawns by planting flowers, shrubbery, etc." and giving the proper data on the kinds to use. It being impossible for Mrs. Johnson to give the next lesson, Mrs. Coda Savory and Mrs. Nelson Bender were appointed to take charge of the next meeting.

Mrs. Merrell Rowwick and baby, Merideth, of South Lyon, spent Saturday with her parents, while Mr. Rowwick attended the Peoria Life Insurance conference at Ypsilanti. A banquet was given at the Huron Hotel in honor of the salesman.

There was a large attendance at the Ladies' Aid, held at the F. Ryder home Thursday. The collection was \$17.80.

Mr. and Mrs. J. Dickie and Mr. and Mrs. Merrell Rowwick and baby, Merideth, were Sunday visitors at the G. Foreman home.

Mr. and Mrs. Wesley Wilson entertained for dinner, Friday evening, H. Munn, wife and son; Harmon Gale, wife and family; J. Taylor and wife, and H. Atchison, wife and sons.

Mr. and Mrs. F. Ryder and son, Mr. and Mrs. G. Roberts and daughter, and C. McLaren and wife were Tuesday evening guests at the F. Whittaker home.

The young people of the Federated church held their Fun Night, Friday, at the town hall. There was a large attendance, and Mrs. Ray Pennell gave a very interesting talk, after which ice cream was served, and games were played. All enjoyed a good time.

Rev. J. J. Halliday and wife were Detroit visitors, Monday.

Mr. and Mrs. Crockett were Sunday guests of Mr. and Mrs. F. Whittaker.

Miss Luetta Whitney was a week-end guest of Miss Frances Anderson, at the G. Roberts home.

Mr. and Mrs. Glenn Whittaker and Harry Whittaker spent Sunday with relatives at Saffre.

Mr. and Mrs. Grant Currie visited the later's mother, Sunday, at Ford hospital. She is recovering nicely from her recent operation.

Refreshments were served, and at a late hour, they departed having enjoyed a very good time.

Mr. and Mrs. H. A. Spicer were pleasantly surprised Saturday evening, by their children and grandchildren, who come to help the former celebrate his eighty-first birthday anniversary. A delicious co-operative dinner was served at seven o'clock, covers being laid for seventeen. The evening was spent in visiting and listening to the new radio, which was his birthday gift from his children. They departed at a late hour, wishing him many more such happy occasions.

Mr. and Mrs. Floyd Wilson very pleasantly entertained a company of friends at their home in Palmer Acres, Thursday evening of last week. Five hundred was indulged in, first honors being awarded to Mrs. L. H. Felton and John Suggden, while Mrs. I. N. Innis and LeRoy Jewell were consoled. The house prize was won by Mrs. LeRoy Jewell. A delicious luncheon was served by the hostess. The guests departed at a late hour declaring Mr. and Mrs. Wilson royal entertainers.

Leo VanBonn was pleasantly surprised on Monday evening, January 24, at the home of his parents, Mr. and Mrs. J. H. VanBonn of South Salem, the occasion being his twenty-first birthday. There were twenty-one young people present. Games furnished the amusement until 11:30, when the young people were seated at a large table, which was beautifully decorated, the colors being red, white and blue, and refreshments were served. The large birthday cake of pure white, with its twenty-one candles, was the main attraction to the young people. Leo received many pretty and useful gifts. The guests departed at a late hour, wishing him many, more such happy birthdays.

Nat Ryder is quite ill at his home on Ann street.

Levi Clemens attended the Farmer's Week program, Wednesday and Thursday, at East Lansing.

Mr. and Mrs. LeRoy Jewell and son, Derward, visited Mr. and Mrs. George Shaffer, in Detroit, Friday, and attended the Auto Show.

M. P. Sherwood of Detroit, formerly of this place, has sold his farms on Five Mile road, to the Taylor Realty Co., and has invested in farms at Howell, Livingston County.

Last Saturday noon, Mrs. Ruth Huston-Whipple attended the luncheon of the Detroit Citizens League at the Hotel Statler, as one of the representatives of the Wayne County League of Women Voters.

Mr. and Mrs. Earl Mastick and children, who left here Sunday, January 23, for Florida, write that they arrived at Tampa, Florida, January 27th. Mr. Mastick drove a brand new Dodge DeLuxe sedan, and made the trip in four days without any trouble whatever. They found the roads fairly good.

## LOCAL NEWS

Dr. Robert Haskell and family were guests of friends at Ionla, last Sunday.

Mrs. Louis M. Peters, mother of Mrs. Floyd Sherman, passed away Tuesday, February 1st, at her home in Detroit.

Lester May and Karl Blechanski of Detroit, were in Justice Phoebe Patterson's court, Monday morning, on a disorderly charge. They each drew fifteen days in the House of Correction.

The Elite Bridge Club was entertained Wednesday evening at the home of Mrs. S. Elm, on Ann street. Honors were received by Mrs. Wm. Fishlock and Mrs. Pauline Cobb.

Mr. and Mrs. H. A. Rhead of Detroit, visited the former's mother, Mrs. Edith Rhead at the home of William Glympe, last Sunday. Mr. and Mrs. Lester Brown and little son of Detroit, were also guests on that day.

The DeLuxe Music Shop is moving from its present location in the Woodworth building on Main street, to the center store room in the new business block recently constructed on Stark-weather avenue, near Liberty street.

The Fireside Club met last Saturday, at the home of Mrs. William Fishlock, on Schoolcraft road. Mr. and Mrs. Fred Faber of Detroit won first prizes at bridge, and Mrs. Albert Faber and Walter Faber were crowned.

Mr. and Mrs. H. A. Spicer received an invitation to attend the mid-winter graduation exercises of the Highland Park High school, last Thursday evening. Their granddaughter, Lucille Wakeley, was the vice-president of the class, numbering thirty-three. Harold Leo M. Franklin gave the graduation address.

Arthur Blunk attended a meeting in Detroit, recently, as the representative of the Plymouth Chamber of Commerce, held for the purpose of making arrangements for the Better Merchandising Conference, which will be held at the new Masonic temple in that city, March 8, 9 and 10, 1927. Retail merchants, representing the various cities in Michigan attended the meeting, which was held at the Book-Cadillac Hotel.

Wednesday, February 2nd, the two losing sides in the contest of the Ladies of the Maccabees, which had just closed, banqueted the winning side. A dainty and delightful Valentine dinner was served at six-thirty o'clock, to about forty winners. The table decorations and appointments all carried out the Valentine scheme, while the banquet itself left nothing to be desired. The winners, with Grace Martin as leader, gave the leaders of the losing sides, Julia Thorpe and Angie Blunk, a rising vote of thanks, and many compliments for themselves and co-workers. This closed one of the most pleasant contests the Ladies of the Maccabees ever had, and was a means of greatly stimulating both attendance and interest.

## GOODALE-MULTHAUPT.

A pretty wedding was solemnized Saturday evening at 9 o'clock at the home of Mr. and Mrs. Oliver Maultaupt in Flint, when their daughter, Miss Caroline Maultaupt, became the bride of Loren Goodale, of Northville.

The Rev. A. J. Giddons, a Methodist pastor of Flint, performed the ceremony. The bride was very attractive in a gown of blue satin, while her sister, Miss Beatrice Maultaupt, who attended her, was attired in a gown of Nile green satin. The groom's attendant was his brother, Howard Goodale, of Northville.

Following the ceremony, a wedding luncheon for the thirty guests present was given. The young people came directly to Northville, where they will make their future home. Both have hosts of friends here, who are extending congratulations. The groom is employed in one of the mercantile establishments in Plymouth, and the bride has been with the White dry goods store in this place. Their friends will be pleased to know that it is their plan to remain here.—Northville Record.

ZONE A HELD INTERESTING MEETING

On January 29th Zone A held its February meeting. The morning session was held at the Bartlett school. At this, the teachers discussed reading, music and arithmetic.

The children who helped Mrs. Larsons in presenting this splendid lesson were: Jane Holding, Alice May, Dorothy May, Charles Gill, Alice Burrell, Betty Burrell, Vera Wilkins, Stanley West and Joe West.

Some of these same children helped Mrs. Mains with her demonstration lesson in arithmetic. This lesson aroused an interest in local taxation and increased pupils' vocabulary to work with problems in taxation.

Mr. Hoppes, Miss Eva Griffith and Miss Eliza Nell were all-day visitors from Ypsilanti.

The three Oakland county helping teachers, Miss Mary Ann Ravell, Miss Jennie Fransech and Miss Helen Stensen, were with us nearly all day.

Miss Fulton attended, Mrs. Strasen, Plymouth and Northville nurse, attended both sessions.

The dinner was served in the dining hall of the Presbyterian church. The patrons of Bartlett district proved themselves to be fine hosts and hostesses. The ladies are wonderful cooks. The young ladies of the community are efficient waitresses. The meal was served on artistically decorated tables. The food was delicious in every way.

Rev. and Mrs. Nichol welcomed us to the parlor of the church for the afternoon meeting. Miss Nell led the group in singing "Love's Old Sweet Song." Helois Travis played a piano solo, "At the Ford." Miss Gwinn, Miss Reid, Mrs. Strasen, Miss Corlett, Mr. Hoppes, Miss Griffith and Miss Fulton extended words of greeting.

Prof. Hoppes urged us all to go wholeheartedly into our bit of zone work. Mrs. Sharpe outlined the work in health for next month.

The Bartlett school presented the play, "Case of Ain't." We saw how "ain't" and bad language really blackened the tongues of those who were afflicted with that disease. The doctors made the tongues pink and healthy with doses of good English.

Rev. S. Conger Hathaway was the speaker of the afternoon. He held up to light, our present social conditions as he saw them, and touched on those of olden times. He would revive puritanical customs. He finds that we are in need of more spiritual and better discipline. There was once a woman who had seven noble sons. When asked how she raised her boys to such cultural manhood, she said "By prayer and the hickory stick."

Perhaps we have abandoned prayer as well as the stick. Rev. Hathaway gave woman credit for doing well anything that human beings had undertaken, anything that man has done, so has woman.

The duck is a living creature who can fly, walk, and swim. It can live well in all three spheres, but it is more natural and most capable in the sphere of water. Like the duck, woman can do in all spheres of life, but the home is her most natural and true sphere. In the home, Rev. Hathaway believes, the woman should have a family and a large one. He went on to show that if women in the past had been satisfied with small families, we would be without some of our valuable heroes, since they were in some cases the thirteenth or nineteenth child.

LIBRARY NOTES

A glimpse at some of the new books: Bennett—Lord Raingo. An entertaining picture of the executive ministries of Great Britain in 1918. Cather—My Mortal Enemy. Portrait of a selfish, petty, luxury-loving woman who forfeits her uncle's fortune by marrying the man she loves, and dies in poverty, whispering, "Why must I die like this, alone with my mortal enemy."

Chase—Mary Christmas. Sympathetic story of the influence of an Armenian woman, a peddler of laces, upon a New England family who befriended her. Walden—Harmon John. Story of an idealistic Scandinavian who finds the English town where he lives full of inartistic defects, which he tries to remedy to his own downfall. Friday evening, February 4th, there will occur the formal opening of the Wayne Library in their new quarters.

**Today's Reflections**  
 Preparedness is a fine thing, but that's no excuse for any Plymouth man picking out a place now to dig fishing worms.  
 The amount of alimony some women ask is pretty good evidence in favor of their husbands.  
 This day in time the average Plymouth woman doesn't pay as much attention to loving her neighbors as she pays to trying to keep up with them.  
 Why pay \$25 a minute for telephoning from this country to England, when you can get all the wrong numbers you want over here for nothing.  
 Another mistake China made was in having rivers wide enough for gunboats to get in.  
 The Plymouth man who used to sleep through long sermons, now merely switches off the radio.  
 We sometimes wonder if the insurance company that carried a policy on Methuselah ever stayed in business long enough to settle with the family.  
 There are something like 876,000,000 ways of getting into trouble besides talking too much.  
 Nobody can feel more important than a Plymouth man feels just after he has succeeded in threading a needle for his wife.  
 You can get in good by sending a bottle of perfume to a girl, and you can get in bad by sending a man the same present.  
 A Vermont judge has ruled that at least one egg must be used in a custard pie. Now let's have a ruling like that regarding oyster soup and strawberry shortcake.  
 We'd like to see the farmers have a five-day week if it wasn't for the fact that those who live in our cities would starve to death.  
 He who sitteth on a throne or in a presidential chair hath no more trouble than the Plymouth man who sitteth at the steering wheel of the family divver with his wife in the back seat.  
 The reason a girl lets a man do all the talking while they're courting is she knows she'll need all her jaw power after the honeymoon.

**GARDENS LAID OUT IN HERBAL GROWTH**  
**Flower Plots of Today Heritage From Monks.**  
 In the monks' herb gardens of early medieval times originated the art of present-day gardening. The monastery had to heal bodies as well as souls in those turbulent days, and the practice of medicine presupposed a good working knowledge of herb growing. Indeed, an early school of medicine, started by the Benedictines of Monte Cassino, can be looked on as precursor of our great modern botanic gardens. F. M. Verrill says, in the *Commonweal*.  
 Earliest records of gardens, after the day of imperial Rome, are of those belonging to the Ninth century monasteries in what is now France or Switzerland—St. Maurice, St. Germain des Pres, St. Amande and St. Gall. Of this last a fully detailed ground plan still exists. It shows the cloister garden for the use of the community in the center; the physic garden with its beds of sixteen kinds of medicinal herbs; the kitchen garden laid out in nine long narrow beds for cultivation of pot herbs, and the cemetery, which was burying ground and orchard in one. A peaceful God's acre it must have been, with graves separated by shrubs, and its fifteen fruit trees, of which even the names are given. Charlemagne ordered herbs to be planted in the imperial gardens in 812, and it is interesting to note the plants on his list correspond closely with those of St. Gall.  
 In England there is another ancient chart, a perspective plan of Canterbury monastery gardens. There is also clear evidence in English monastery records that corn, vines and fruit trees were grown in the Tenth century. As in continental gardens, there were not many different varieties of small plants and flowers. Roses, lilies, poppies and a few other flowers crept into the gardens, but only because of their supposed medicinal qualities.  
 In the Twelfth century both Bishop Grossetete of Lincoln and Alexander Neckham, abbot of Cirencester, wrote about plants; the first, in relation to medicine, while Neckham included a list of plants suitable for a "nobis garden," still principally herbs, though peonies, daffodils and violets were added to the roses and lilies of an earlier day.  
 As to actual management of the grounds, all the gardens, vineyards, orchards, moats and fish ponds were under care of an officer, the *gardinarius* or *hortulanus*, who arranged for labor, bought any necessary cuttings or seeds, sold surplus elder or verjuice (raw grape juice) and kept accounts.  
 Accounts of a large monastery, such as Norwich priory or Abingdon abbey, show that within monastery walls there were other small gardens besides those for the cloister and the visitors. The abbot or prior, the treasurer, the precentor, the infirmarian and the sacristan had separate gardens, for which they paid a small rent to the *gardinarius*. The infirmarian grew medicinal herbs in his plot near the hospital, while the sacristan raised flowers for the altar.  
 Parish church and private chapel frequently had those sacristans' gardens. Henry VI, founder of Eton college, left thirty-eight feet of land between the wall of the church and the wall of the cloister, to set certain trees and flowers behoovable and convenient for services of the same church.

**Resourceful Woman**  
 A western woman, touring Europe, writes home to tell how handy a scarf she was carrying came into use at Rome, says *Capper's Weekly*. She was dressed with sleeves to the elbow the day she was to visit the Vatican. When she reached the outer door a guard pointed to a sign which said that women who were "indecently dressed" were barred from entering. An interpreter informed her that she must have her arms covered. Whereupon she unwrapped the scarf from her neck, draped it over her shoulders and wound it around her arms. She was admitted. Her companion had to go to the nearest store and rent a black blouse, which she wore over her sport suit.

Hizzoner: "From the testimony adduced I am forced to the conclusion that the defendant has proved every contention, demonstrated every claim, and is worthy of your speedy verdict.

"It has been claimed that Plymouth could not expect to rise to any appreciable heights in the acquisition of industry, population or civic ambition.

"I find that the testimony now submitted and admitted to these records completely belie these contentions. Rather it proves that Plymouth has every facility, every appeal and an abundance of civic ambition to carry out any reasonable program to which she may subscribe herself.

"In reaching my conclusions several important factors have been forcibly portrayed in this courtroom. First and foremost is the display of civic spirit that was manifest in the financing of the Plymouth Community Hotel. Testimony shows that all records were broken by the community in that undertaking. To my mind this spirit demonstrates a civic ambition unusual and laudable.

"Further, Plymouth has proved, conclusively, that she has the location necessary to attract population and industry. Her transportation facilities are sufficient to meet all demands upon it. Her location in the most scenic section of Lower Michigan is certain to attract the better class of population. This has been true in the past; it must be true in the future.

"Plymouth is admirably placed in her relation to the educational facilities of the state and the tremendous industrial development that is now the envy of the world.

"I direct that you shall return a verdict in accord with these instructions. Plymouth is ALL THERE and we should tell the world about it."

## EPISCOPAL NOTES

Our little Mission Church building on Union street, is now a memory of the past; faith, hard work and constant attendance to the service of God, brought about the building of that little mission church six years ago, and now the longlooked for has arrived, for we have just completed the handsome Episcopal church and community house located on Harvey, near Wing street.

Last Sunday morning, our congregation held their last service in the little mission building on Union street, although the organ must have understood the date, for, much to the embarrassment of the organist, Miss Pierson, it refused to respond; consequently some of the service had to be said.

The new church and community house is located at the rear of the new hotel location, and on Harvey, near Wing street; besides the church are two good sized rooms which can be used for meetings, class rooms, etc. There is a fine kitchen, and a basement with a large size Bell furnace, and men's wash room; the ladies' rest room being on the main floor.

In the church, the chancel with the altar, pulpit, etc., can be shut off by folding doors, allowing the body of the church to be used for other purposes. The inside decoration is very fine, the walls and ceiling being finished with imitation rough marble effect, the work being executed by skilled labor from Detroit.

The first service in the new church will take place next Sunday morning at 10:00 o'clock; there has been a change in the time of future services. The morning service will be at 10:00 a. m., and the Sunday-school at 11:15.

## CATHOLIC NOTES

The banquet held in the new mahogany room of our church was a grand success, socially and financially. The room is a great improvement, and we hope to hold a weekly party every Thursday evening. Announcements later.

Our Altar Society held a meeting Tuesday afternoon, and the following officers were elected for 1927:

President—Mrs. Joseph Rousseau  
First Vice President—Mrs. Peter Miller  
Second Vice President—Mrs. M. Minthoff  
Secretary-Treasurer—Mrs. H. H. Maskell  
Publicity Committee—Mrs. Henry P. Lezotte  
Program Committee—Mrs. Joseph Rousseau, Mrs. George W. Roth, Mrs. F. A. Forsgren.

Visiting Sick Committee—Mrs. Henry P. Lezotte, Mrs. J. Fish, Mrs. M. Klinski, Mrs. Rosa Rheiner  
Flower Committee—Miss Mary Mertens

There will be a Valentine Party in our new mahogany room, Thursday evening, February 17. Everybody welcome.

The next meeting of the Altar Society will be held at the church, Tuesday afternoon, February 15th, at 2:00 p. m. Hostesses, Mrs. Rosa Rheiner and Mrs. Henry P. Lezotte.

## BAPTIST NOTES

The Sunday morning service was not as large as common, on account of the icy sidewalks. Then the bell seemed to be frozen, and could not be rung. It refused to budge when the rope was pulled.

The choir is to be complimented on the extra music given last Sunday. The solo by Mrs. Allebaugh was great.

A large number sat at the Lord's table last Sunday, in remembrance of our Lord's sufferings for us.

The Pastor's sermon in the morning was on the death of Christ, and its meaning, I Peter 2:24.

The evening service was full of song and the prayer service was a little new, but it put spiritual life into the meeting.

The sermon in the evening had to do with the stability of Christians, Eph. 6:12,13. A good audience attended the meeting.

Prayer meeting next Thursday evening will be at the home of Mr. and Mrs. James Baughn, South Main street.

The basket ball teams are having some good games, and winning some. "Go after them."

Several of the Sunday-school classes are to have a social in the church basement, this Friday evening, and expect a good time.

Be at Sunday-school next Sunday.

## PRESBYTERIAN NOTES

The young people had full charge of the evening service last Sunday. The attendance was large, and all agreed that the service was most inspiring.

Fathers and sons of the church are to have a regular time together on Tuesday evening next, February 8th. The Men's Class is sponsoring a Father and Son dinner meeting, and a program has been arranged which promises to be very fine. Dinner sharp at 7:00 p. m. 75c. A bumper attendance is assured.

The board of trustees is preparing for the annual every member canvass of our congregation in support of the local and benevolence work.

The Ready Service Class meets on Tuesday, February 8th, at the home of Mrs. A. G. Draper, 1048 1/2 Church street. The regular pot-luck dinner and business and social meeting will be the order.

Mrs. Shaw's class is taking charge of the Father and Son dinner to be served Tuesday evening at 7:00 p. m.

The Busy Woman's Bible Class have their monthly meeting at the home of Mrs. George Cramer, 443 Harvey street on Thursday, February 10th. Pot-luck dinner at noon, and business following.

The Woman's Auxiliary of the First Presbyterian church will hold its regular monthly business meeting in the lecture room of the church at 2:30 p. m., Wednesday, February 9th, 1927. As this is the last gathering before the annual meeting, may we not have a large number present to help finish the year's work.

### Stags Fight to Death

#### for Herd Leadership

A duel between stags, though not so rare as a duel between elephants, says an Indian writer, is just as thrilling and many a king of these herds has won his position by challenging previous monarchs to a horn-to-horn fight.

The challenger stands four square and lowers his head to the monarch of the herd. This is the signal for a challenge to fight and the other bucks retire to a safe distance. The ladies tremble with fear and look on the death struggle with their big soft eyes.

Fired with rage, the monarch charges into his insolent rival and stabs him with a sharp blow. The latter staggers back with the shock of the attack, but, nothing daunted, disentangles his horns, springs aside, and cordially returns the compliment. Their horns are locked, and with lowered heads they push hard, slowly working their bodies round. Crash follows crash. The interloper is forced to his knees, but his youth comes to his aid. By a deft turn of his supple body he slips his horns, springs up, and deals a strong, side blow as the monarch, losing his balance, stumbles past him. The points have been equally divided.

They return to the attack with renewed fury and are locked in such a tight embrace that they rear up onto their hind legs. The youngster, who shows more enterprise and tire of doing nothing, with his front feet lands a beauty on the monarch's "solar plexus" that keeps the latter guessing.

But the monarch is far from vanquished. Delighted with his success, the youngster tries to repeat the dose, but the wily monarch is quite prepared for it this time and at the critical moment steps aside. As the youngster slips past he deals a fearful blow on his ribs. This is followed by a smushing charge and the honors are again divided.

The challenger now makes a supreme attempt to give the k. o. to the monarch, with betraying signs of fatigue. Charge follows charge, and the dazed monarch is soon sent rolling to the ground. As he lifts his bleeding body the challenger dives, and the monarch is lifted from his feet and thrown down. He makes a last attempt to rise, but his head is giddy and his feet fail him, and he falls to the earth head foremost.

The victor sniffs the twitching body of the vanquished and proudly raising his head moves away in triumph. The herd meekly follows the new leader.

### The New Spirit

The late Charles W. Eliot hated "the new spirit." He said one day at a tea in Cambridge:

"The new spirit! How I hate it! This detestable, materialistic spirit in its relation towards learning and art is well brought out in a little story.

"A schoolma'am said to a small boy: 'Edward, your arithmetic problem about the grapefruit and the buyers is all wrong. Stay after school and do it over.'

"How far wrong is it?" said Edward.

"Well, it's two dollars wrong, as a matter of fact. Why do you ask?"

"Little Edward, a profiteer's son, took a roll of banknotes from his pocket and peeled off a two-dollar bill.

"I'll just pay up instead of workin' the thing out," he said. "You see, I'm awful busy this afternoon. Pop and me are givin' a tea dansant to a bunch of movie stars."

### Passenger Plane de Luxe

A monster passenger plane with room for twenty-five persons, besides the operating crew of three men, a radio operator and a lunch counter waitress, is soon to be put into service over the Baltic sea, between Sweden and Germany, according to an announcement made by Capt. Carl Florman, head of the Swedish Aero Transport company, on his return from an international aviation conference in Berlin. This airplane, which is now being completed at the Junker works of Dessau, Germany, will be the largest in Europe. The passengers will have compartments with two windows each and a table in the center, exactly as in the cars of the Swedish state railways. At the lunch counter tea, coffee and other refreshments will be served.

### Wealth From Smoke

A smokeless England, with everybody rich with the wealth obtained from the smoke and heat and hot water now allowed to go to waste, was a picture drawn for the smoke abatement league conference in Birmingham. The heat should be utilized for power and the hot water should be led to neighboring laundries, hotels, public baths, and private houses, said the speaker. Disinfectants, dyes, drugs, perfumes, and fertilizers could be obtained from the smoke we now allowed to pollute the atmosphere. Great Britain's loss by smoke was \$200,000,000 a year. One firm in Warrington which had adopted smoke prevention appliances was saving \$125,000 a year.

### Have to Wait for Crop

Though lychee nuts are selling in Australia for more than 60 cents a pound, few Australians are planning on converting their farms into groves of lychee nuts. M. A. Pott of Bowen, Queensland, reputed to be the largest lychee nut owner in the antipodes, has no trouble in disposing of his crop to Chinese at 62 cents a pound. The great handicap in connection with the lychee-nut industry is that the trees bear their first crop when they are twenty-five years old.

### Tower a Lightning Rod

Two men watching the Woolworth tower the other day in New York saw it struck by lightning, though the inmates were not aware of the fact. "This observation," says a letter to the Herald-Tribune, "is a confirmation of my theory that the Woolworth tower, covered by a copper roof which is connected with the ground by the tower's steel structure, insures immunity against lightning." In short, the tower is a big lightning rod.

## THE THEATRE

### "BREED OF THE SEA"

Pirates! The Java Sea! A beautiful, exotic island girl! A dying minister! A brutal, scheming trader! Out of these elements FBO has woven a drama of the South Seas that is alike novel in theme, powerful in situation, gripping in action, delightful in romance and abounding in humor. The picture, "Breed of the Sea," which will be shown Saturday, February 5th, at the Penniman Allen Theatre, is unquestionably one of the finest pieces of screen entertainment seen here in many months—a film that will thrill every member of an audience. Dominated by the compelling influences of Ralph Ince, who in addition to directing the production, plays the dual role of the twin brothers, one a missionary and the other a pirate, the picture is a marvel of characterization. Margaret Livingston plays the leading feminine role, that of the exotic island girl, to perfection, and a superb cast that includes Dorothy Dunbar, Pat Harmon, Shannon Day and Alphonse Ethier sustains the story flawlessly. J. G. Hawks wrote the adaptation of Peter B. Kync's Saturday Evening Post story, "Blue Blood and Pirates," and J. Grubb Alexander made the continuity.

### "KOSHER KITTY KELLY"

With a poignantly human and appealing drama of New York's East Side as its theme, the F. B. O. production of "Kosher Kitty Kelly" will appear at the Penniman Allen theatre, Sunday and Monday, February 6 and 7, with a genuinely all star cast. The story deals with the love of Kitty for a big Irish policeman. When the officer is forced to shoot and arrest the girl's brother, the love changes to anger, and Kitty turns her wiles on the Jewish doctor who saves the brother's life. The various racial conflicts that ensue form the basis of an extremely interesting and exciting picture, highly seasoned with all the comedy possibilities that the situations afford, and a vivid and gripping fire scene makes the satisfying climax.

James Horne directed the film with remarkable skill and much of the telling humor is due to his efforts. The leading role is beautifully handled by Viola Dana, who gives a delightful interpretation of the vivacious and fiery Irish girl. Tom Forman does splendid work as the big-hearted and misunderstood policeman, and Nat Carr takes the comedy honors with his portrayal of the little Jewish delicatessen keeper. Vera Gordon, Aggie Herring, Kathleen Myers, Carroll Nye and Stanley Taylor are excellent in the supporting roles. Gerald Duffy made the adaptation and continuity from Leon De Costa's stage play.

### "YOU'D BE SURPRISED"

After all, what's a murder-mystery, compared to the fact that one has theatre tickets in his pocket. Anyhow, that's what Raymond Griffith thought when he was called on in "You'd Be Surprised" to solve a problem in fifteen minutes. Whether he did it or not will be told on the screen at the Penniman Allen theatre Wednesday and Thursday, February 9th and 10th, when the picture will be shown.

Griffith didn't know anything about solving mystery-murders, but he did have to see that show. As a result he showed a burst of speed which made Sherlock Holmes look sick. And incidentally, he met Dorothy Sebastian, and after that neither theatre tickets nor anything else mattered.

"You'd Be Surprised" is one of the most laughable, thrilling films of the year.

Raymond Griffith has attained the impossible in making you laugh and gasp at the same time. Incidentally, he has asked each member of the audience, as a personal favor to him, not to reveal the end of the story.

### Picked Up About Town

"No woman will admit she is older than her husband, but Dad Plymouth says he never saw one who wouldn't admit she was a heap wiser.

A lot of envious people prefer to believe that if you get ahead in this world, you'll get behind in the next.

Dad Plymouth is of the opinion that if you are a slave to custom, you'll always be accustomed to slave.

"Four wheel brakes in a car," declares Dad Plymouth, "won't help the driver who hasn't any brakes on the wheels in his head."

Listen, Congress! What all of us want is more income and less taxation.

"Mother and father may belong to the same church," comments Dad Plymouth, but you would never know it by looking at the family pew on Sunday morning."

The world is looking for a reformer who has a reform that will add to life instead of taking something out of it.

**Progress Marked by Use of Riveted Steel**

Down through the centuries man has been experimenting with minerals, striving to develop steels that could be relied upon to possess the greatest strength. Wherever steel plates and shapes are joined, riveting has proven the most dependable method of bringing their seams together. This strength can be mathematically predetermined.

Our nation's greatest battleships are marvelous demonstrations of the dependability of riveted steel. From stem to stern our battleships are the emblems of dominant strength; their riveted seams are a priceless heritage, dating back to the old Ironclads, the Monitor and the Merrimac, which fought their way to undying fame in Hampton Roads in '62.

The world's finest railroad equipment, the development of centuries of applied engineering, is built of riveted steel and carries to destination with dazzling speed in safety its cargoes of humanity and merchandise. Where could the factor of safety be more important? Where could there be greater demand for dependability as assured by riveted steel?

Bridges flung across broad rivers support their burdens of thousands speeding back and forth through heat and cold, rain and snow, unconscious of the span they cross, making cities larger, homes nearer, waterways passable, all because engineers have learned riveting will stand the stress of weights and loads, the pull of movement and vibration.

America astounded the architects of the world back in the '80s by establishing a new school of architecture—the skyscraper. By means of these steel columns rising tier upon tier to tremendous heights, the real estate values of cities were trebled and the lives of multitudes made safe. Structural steel is the backbone of fireproof construction.

The dependability of riveting and its contribution to the progress and safety of humanity are reflected in every direction.

**Hard to Swallow**

"Rudolph Valentino made a million a year, but left nothing behind him, and the movie trade explains that it was Valentino's generous habit to give all his money away to deserving friends."

The speaker was Gerald Gould, the San Francisco philanthropist. He went on:

"That is hard to swallow. It isn't the first movie trade pronouncement that I've found hard to swallow, either. The movie trade, in fact, reminds me of the egg story.

In a restaurant that made a specialty of new-laid eggs they used to stamp on each egg the date of laying. Thus the patron could refuse any egg that wasn't perfectly fresh, you see.

"Well, one evening a chap asked for a couple of eggs laid that day. 'Sorry, sir,' the waiter said, 'but today's eggs are all out. However, if you don't mind the date, I can give you a superb brace of tomorrow's.'"

**Rather Annoying**

Will H. Hayes, the mogul of the movies, said the other day:

"The latest story is that India is going to bar out American films and make her own—American films aren't good enough for her. Stories of that kind come regularly from England and France and Germany and Italy, too. It's rather annoying.

"It makes us movie people feel like the famous preacher who drank a soda at a soda fountain one hot afternoon, and when he came to pay up, the druggist had the nerve to offer him charity.

"Oh, keep your 15 cents, Doc. I'll take it out in preaching," said the druggist.

"My friend," said he, "I don't preach fifteen-cent sermons."

"Oh, that's all right, doc." And the druggist gave a loud, foolish laugh. "That's all right. I'll come three Sundays."

**DEVICES ON COINS HELD THEM SACRED**

**Greeks Used Religion to Deter Counterfeiting.**

On one of the earlier coins of Greece there was stamped a tortoise. That was because a tortoise was a revered object. It was sacrilege to abuse or desecrate it in any way. The state authorities, in putting a tortoise on money, had a good and sufficient guard against counterfeit, for the religious instincts of the people deterred them from attempting any such crime, says Farren Zerbe in "The Story of Money," issued by the Chase National bank.

The Greeks, because of their religious beliefs and practices, considered it sacrilege to put a human head upon coins, and so their early coins had the heads of gods of mythology. The death of Alexander the Great and his dedication placed him among the gods. His portrait was admissible on coins. This was the first coin to bear a ruler's portrait. From his time on for many years the head of Alexander appeared on various Greek coins. It became the custom, following Alexander, to have the rulers of the ancient world deified during their lifetime.

Naturally enough, with the fall of Greece and Rome there was a decline in medallion art, and the coins of Europe for centuries were extreme crudities in comparison with the artistic excellence of those of earlier times. We have to go during the "Dark Ages" to Parthia, Persia and Byzantium for specimens of medallion art. It is only as we come out of the Middle Ages and enter the Renaissance that our metal coins in Europe indicate an attempt to revive art. The age of Elizabeth in England was an important one in the development of coins.

Queen Elizabeth has been referred to as the "mother of modern coinage." To her goes the credit for the common introduction of the use of the mill and screw in coining money. Earlier coins struck out without a collar assumed irregular shapes, and they would not stack properly. Elizabeth, adopting the idea from France, had coins struck within a collar and made them circular in shape, putting marks on the edge, so they would be uniform or identical in appearance. This device is now used in most modern states. Following Elizabeth we find that the practice spread to other countries, and there was a revival of competition in making artistic coins. In Italy today coins copy the quadriga of the Greek coins of 2,300 years ago. Our own dime is considered one of the most artistic coins of the present day.

**Raisins in Palestine**

The agricultural colonization department of the Palestine Zionist executive announces that it has been carrying out experiments in connection with the production of muscatel raisins in Palestine.

These experiments have been so successful—leading stores having declared the quality of these raisins to be equal to the California variety—that considerable areas are being planted with table grapes in order to produce a large yield for conversion into raisins next year, says the New Palestine. Orders for 400,000 vines have been received by the agricultural colonization department of the Zionist executive and additional orders have been placed with private individuals, states the report. At a competitive price these raisins realize a net profit of P. T. 2 per kilo.

**Cultivation in Alaska**

Alaska is anything but a desert. The government forest reservations alone embrace \$20,580,000 acres—an area as great as that of the state of South Carolina. Most of this area is covered with dense virgin stands of spruce and hemlock.

There are 80,000 acres in Alaska in farms, and it is estimated that in the territory tributary to the government railroad there are 1,296,000 acres adaptable for farming. There are 65,000,000 acres of land suitable for grazing cattle, sheep or reindeer. That is a pasture more than twice the size of Ohio. In 1883 the reindeer herds, mostly owned by Eskimos, numbered 300,000 head.

**Practical Patriotism**

An amusing incident of the German occupation of Lille during the World war is related by a young American aviator whose war diary is published in Liberty. The diarist had been to visit friends in the American army who were stationed at Armentieres. On his return, he recorded: "I heard a funny story down there. The Germans took Lille and the allies held Armentieres. For a long time the factories in Armentieres continued to be run on electricity that came from Lille. A Frenchman was kept to run the power plant by the Germans and he didn't cut Armentieres off. It was several months before he was caught."

**Beef From Sacred Oxen**

The greatest drawback to raising beef cattle in the South is the Texas fever tick, says Copper's Weekly. Some one discovered the ticks do not bother the sacred ox or sebu of India. A shipment of these cattle was imported into the Florida Everglades and the first carload of the meat has just been shipped to Louisville, Ky. The animals averaged 1,100 pounds and sold for nine cents on the hoof. The meat is richer and better flavored than ordinary beef and is being served in hotels and clubhouses as a delicacy.

The January P. T. A. meeting was held Wednesday evening, with Mrs. Blake presiding as president. Mr. and Mrs. Sharpe, Mr. Carr and Miss Corbett were visitors at the meeting. Mrs. Sharpe gave an interesting talk on toxin anti-toxin for prevention of diphtheria. She stressed the need of giving the treatments to the children, especially those of pre-school age. Miss Corbett played several selections on her victrola, explaining as she played, the reason for the composition of each piece or telling the historical background. Mr. Carr, who is in charge of the boys' handicraft work, spoke of the boys' and girls' clubs and briefly outlined the boys' work for this term. The speakers were greatly enjoyed by all the members, as was

were also the delightful luncheon and social hour at the close of the meeting. Mrs. Merz, Mrs. Blake and the Misses Bichy were visitors at the school last week. The first graders have finished their reading chart, and are now reviewing it. Gerald Cooke is a new pupil in the second grade.

**STATE CORN KING IS CROWNED AT M. S. C.**

**MONROE COUNTY MAN TOPS CROP IMPROVEMENT LISTS FOR YEAR—HONORED AT FARMER'S WEEK.**

Paul Clement of Britton, a leading corn grower of Monroe county, was crowned Michigan Corn King at the annual meeting this week of The Michigan Crop Improvement Association, held as a part of Farmer's Week at M. S. C.

Mr. Clement's official yield was 80 bushels of shelled corn per acre, at

14% moisture content. This yield, valued at \$65.70 an acre, brought in the greatest returns over the cost of purely cultural operations of all of the contestants entered in the Five Acre Corn Contest, sponsored by the crops association and the farm crops department of the college.

Widely known as a seed corn grower, and last fall elected one of the charter members of the honorary Michigan Master Farmers Club, Mr. Clement grew his big 1926 crop on land which had previously been in alfalfa. The seed was of his own breeding and is known as Clement's White Cap.

Ernest Gilbert, of Coldwater, who holds the contest yield record of 112 bushels per acre, made in 1925, finished second in 1926 with a yield of 89 bushels per acre.

Bronze medals, awarded for yields of 75 bushels to 85 bushels per acre, were given to Otto Wegner, Riga, for a yield of 84 bushels per acre; George Bruce, Britton, 81 bushels per acre; and Fritz Mantey, Fairgrove, 75 bushels per acre.

**W. C. T. U.**

The Woman's Christian Temperance Union held an interesting meeting, Thursday, January 27th, at the home of Mrs. Rose Tillotson, on Ann Arbor street. As the day was extremely cold and the sidewalks very icy, the attendance was not as large as usual. But those who were present greatly enjoyed the report given by Mrs. Phoebe Patterson, of the State Convention held in Owosso, and also the remainder of the report of the National Convention, which lack of time compelled her to leave unfinished at the previous meeting.

The next meeting will occur Thursday, February 24. The place will be announced later.

The hearing on the D. U. R. petition to abandon the Wayne-Northville line was held Monday, in Detroit, before Judge Sayres. This village was represented by President Robinson and Attorney Dayton. It is expected that an order permitting the abandonment will issue shortly. The rights of the village as to the condition in which the streets shall be left will be safeguarded.

The manager was in Detroit this week most of three days attending the 94th convention of the Episcopal church of this diocese, and the third Michigan Engineering Conference.

Tomorrow, do not forget that the Board of Review meets at the Village Hall, to hear comments on three special assessment sewer rolls—the Holbrook avenue, the York street and the Forest-Carol. The board will be in session from 8:00 until 5:00 o'clock.

Another step in the Tonquish Creek cleaning is being taken. Owners of property along the line of this work are being asked by the County Drain Commissioner, to sign releases of right of way so that work may be started. This project will afford a big relief, not only to the village, but to flat lands below us, so it is hoped that the county will not run into any trouble in its efforts to help us.

Our water records show an average daily use during January of 400,500 gallons, an increase of about 15,000 gallons a day over December. Evidently the cold weather caused some taps to be left running a little to prevent freezing. The reservoir level averaged 84 3/4 inches. It is interesting to note the growth of the amount of water used in the past few years. In January 1923, the amount used was under 300,000 gallons per day; in January 1925, 350,000 gallons; in January 1926, 384,000.

Tuesday evening about a quarter to eight, our firemen had a call for help from Northville. They worked over there until nearly eleven, subduing a bad fire in a garage and pool room across from the old city hall. While they were away, our telephone operator said we received another call from Ann Arbor, where a ward of the old University hospital was on fire. Of course we couldn't be in two places at once. We were very glad to be of assistance again to our neighbor.
