LEAGUE OF WOMEN VOTERS WILL GIVE LUNCHEON

Mrs. Henry Gray Sherrard, State President of the League, and Robert Thoms, Prosecuting Attorney of Wayne County, Will Be the Speakers.

The Luncheon and Program Will Take Place at the Episcopal Parish House on Monday, March 14th.

The League of Women Voters' luncheon, Monday, March 14th, promises to be a gala event.

The program will be of unusual interest, in that the state president, Mrs. Henry Gray Sherrard of Grosse Pointe, will be present, and will speak on her experiences at the convention of the International Woman Suffrage Alliance in Paris, last year.

Prosecuting Attorney Robert Thoms has consented to come for the meeting, and speak on the subject of "The Wayward Minor Bill," which is before the present session of our legislature.

Mrs. Coello Hamilton is chairman of the committee on arrangements: Mrs. Mary Hillmer of the tickets, and Mrs. Ruth E. Huston-Whipple of the program.

THE SECOND MASONIC PARTY A GREAT SUCCESS.

The party at the Masonic temple given Friday evening, March 4, with Charlie Stone and his talented orchestra was an evening which will long be remembered by members of the Masonic order and their friends.

The decoration committee had arranged flood lights in different portions of the room, which in addition to the other beautiful decorations, made the hall especially pleasant and attractive.

In addition to the livelier dances which the young enjoy so much there were intermingled waltzes and quadrills, making it possible for everyone to enjoy the dancing.

Favors were passed out during the evening by those in charge and also a box of candy to the lucky lady. A splendid lunch was served by the committee in charge and at the conclusion it was the unanimous sentiment of all that the entertainment committee had made this party to excel the one previously given.

A CHANGE OF CONTRACTORS FOR NEW SCHOOL BUILDING.

Contract for the construction of Starkweather school has been declined by the Talbot & Meier Construction company of Detroit, to whom it was awarded by the Board of Education. The Board of Education then awarded the contract to the Townsend Construction Company of Ypsilanti, Michigan, who have signed their contract and delivered the surety bond for the construction of the building.

The Townsend Construction company is a firm of especially good builders, as is attested by the fine high school building which they built at Wayne, Michigan. The work is progressing as rapidly as possible at this season of the year and the building is to be ready to use when school opens in September.

MICHENER IS REGARDED AS LEADING CANDIDATE FOR FEDERAL JUDGE

ADRIAN MAN REGARDED FAVORABLY BY ADMINISTRATION; LIKED BY COUZENS.

Earl C. Michener of Adrian, representative in Congress from the second Michigan District, of which Plymouth is a part, is regarded as one of the most favorable candidates for appointment as federal judge for the eastern district of Michigan.

The third federal judgeship was created by Congress last week, when the House passed a bill providing for such an increase in the federal judiciary of the state. The Senate has already passed the bill, and all that is needed is the signature of President Coolidge, which is regarded in Washington as a certainty.

According to a special dispatch to the Detroit News, four candidates are being prominently mentioned for the new bench and of these it is said the Adrian man is believed to have the best chance. The other candidates whose names are being considered are Judge Clarence M. Browne of Saginaw; Judge Joseph A. Moylhan of Detroit and Justice L. Eugene Sharp of Detroit.

Mr. Michener stands high with the Administration and, other things being equal, it is said he would be practically certain of the appointment if he said the word. He declares he is not an active candidate, though the indications are his ambitions run in the direction of the Federal bench.

Certain factors militate against his candidacy however. The President, it is said, always is reluctant to appoint any sitting member of Congress on the ground that a special election, such as would be required in the event of Mr. Michener's appointment, should not be made necessary if other equally desirable candidates are available. In addition, there is still some doubt regarding the constitutional question of whether a member of Congress may be appointed to a job created during his term of office.

It has been rumored that Senator James Couzens, who normally would control the appointment, desires to see the new judge come from somewhere outside of Wayne County. The representative from Adrian is known to be on excellent terms with Senator Couzens. His legal abilities are recognized as exceptional throughout the delegation. He gained greatly in prestige by virtue of his appointment as chief prosecutor for the House in the impeachment proceedings against Judge George W. English, of Illinois.

Since the above was put in type, Mr. Michener has been recommended by Senator Couzens for appointment as federal judge, according to news dispatches from Washington.

ALUMNI ASSOCIATION PLAY TO APPEAR BEFORE CAPACITY HOUSE

"The Whole Town's Talking," the three-act comedy to be presented at the High school auditorium next Tuesday evening by the High School Alumni association, will play to a capacity house, according to all indications of the ticket sale which has been going on for the past week.

This play, under the direction of Lisle Alexander, will be one of the best amateur productions seen here in many years.

Tickets are available at both banks and at Richwine Brothers' office in the Odd Fellow Temple building, where any ticket may be assigned a reserved seat at an extra cost of 10 cents.

PLYMOUTH DEBATERS WIN 3 TO 0 AT ECORSE

THE LOCAL TEAM WILL DEBATE AT HUDSON, FRIDAY EVENING, MARCH 18TH.

Plymouth's debating team added another victory to its season's successes last Friday evening, by defeating Ecorse High school by a vote of 3 to 0. The debate was held at eight o'clock in the evening, in Ecorse High School Number 4, which has a splendid new auditorium. The Plymouth team was supported by four automobile loads of friends.

The Ecorse debaters, three girls, were very worthy opponents, indeed. Although they were less mature than our Plymouth trio, they were enthusiastic and full of fire. Wilbur Murphy spoke with force and convincingness; Franklin Atkinson did some unusually fine analysis in refutation, while Josephine Schmidt, as third speaker, closed the negative argument with vigorous delivery and sound thinking.

The judges were Prof. Fleischman and Prof. Wood of the Public Speaking Department of the University of Michigan, and Mr. Rosa, who is principal of River Rouge High school. Julia Learned acted as timekeeper for Plymouth.

The next debate will be Friday evening, March 18th. Plymouth will have the negative side of the question. Resolved, That the government should own the coal mines of the United States. The debate will be with Hudson, at Hudson.

Plymouth is now one of thirty-two schools left in the State Debating League series, out of the 284 schools that started debating in November.

The Mayflower Bridge club met at the home of Mrs. Paul Wiedman Wednesday afternoon.

REPUBLICAN CAUCUS SATURDAY

A Republican caucus will be held tomorrow, Saturday, March 12th, at the High school auditorium, at 2:00 o'clock, at which time candidates will be nominated for the various township offices. The notice in last week's paper stated the meeting would be held at the village hall, but this was a mistake, as the village hall is no longer available for meetings of this kind.

HAROLD CROSSMAN GOES INTO BUSINESS AT YPSILANTI.

Harold Crossman, who for the past eight months, has been in charge of the sales department for Ernest J. Allison, local dealer for Chevrolet automobiles, has formed a partnership with Alex Longnecker, of Ypsilanti, and they have purchased the Hudson-Essex Sales & Service, at 303 W. Michigan avenue, Ypsilanti, opposite the Cleary business college. The new firm will continue to handle the Hudson-Essex line of cars. Mr. Crossman has a wide circle of friends and acquaintances in Plymouth and vicinity, who will wish him an abundance of success in his new business venture.

A NEW LAW FIRM HERE.

Ford P. Brooks and Lucille L. Colquitt, attorneys, of Detroit, will open a law office in the rooms formerly occupied by Raymond Bachelard in the Woodworth block. Mr. Bachelard has moved to the rooms formerly occupied by Richwine Bros. in the same building. Both Mr. Brooks and Miss Colquitt are graduates of the Detroit College of Law. Mr. Brooks has been a practicing attorney in Detroit for the past three years. They will do a general law practice work and will open their offices here the first of next week.

24TH ANNIVERSARY OF WOMAN'S CLUB

EVENT WAS FITTINGLY OBSERVED LAST FRIDAY AFTERNOON, AT THEIR CLUB ROOM IN ODD-FELLOW TEMPLE.

The club's birthday party celebrated in their club rooms in the I. O. O. F. temple, March 4th, most fittingly culminated thirty-four years of social and educational activities.

Mrs. R. E. Cooper, president, presided over a short business session, after which she took the opportunity to publicly thank all those who in any way assisted in making the "Bridge Party," held at the Pennington Allen Auditorium February 23, such a success. She also presented to Mrs. Kate E. Allen, in behalf of the club, a beautiful bouquet of American Beauty roses in appreciation of her many kindnesses shown them.

At this time, Mrs. W. T. Pettigill, leader of Division XII, took charge of the program, presenting at the piano in duet, Mrs. Howard Richards and Mrs. Gilbert Brown, who played two pleasing numbers, "La Chasse Infernale," Blake, and "Melody in F," Rubenstein.

The next number, under the direction of the dramatic committee, would seem to bear out that old adage, "All women are born actresses." Two one-act plays were successfully given by members of the club. First, "Where, But in America."

This was followed by a piano solo, "Il Travatore," Verdi, played by Mrs. B. E. Champe. Mrs. J. T. Chapman sang two lovely numbers, accompanying herself at the piano, "Sylvia," by Spokas; "I Meant To Do My Work Today," by Mowrey.

One of the most gratifying numbers of the afternoon proved to be the following poem, composed and read by Miss Nettie Pelham, at the close of which the social committee brought in a large white frosted birthday cake, with tiny candles tiered around the layers, numbering the years of the club.

A BIRTHDAY POEM: Everybody has a birthday. Always one upon the way. Coming to the little kiddies. And to people, old and gray.

Plymouth High school basketball team will go to Ypsilanti Saturday evening, March 12, where they will stack up against the winners of the Ypsilanti Central and Dearborn game in the district tournament. Three games are scheduled for Saturday evening. The first one is called at 7:00 o'clock, the second one at 8:00 o'clock and the third one at 9:00, which is the one in which the Plymouth cagers will participate.

The locals have not met with a single defeat this season, and are playing a spectacular game, and the one Saturday night will be closely contested there is not a doubt. The local team is in the pink of condition and are determined to win at Ypsilanti.

KIWANIANS HEAR ELECTRICAL TALK

"Electrical Inspection" was the topic of the address given before the Plymouth Kiwanis club last Tuesday noon at one of the largest attended meetings of the year.

The speaker, S. L. Babbitt, is the electrical inspector of the Michigan Inspection Bureau, and his wide experience in this particular field of activity rendered his talk very interesting.

Mr. Babbitt drew especial attention to the fact that improper wiring of homes, together with no local provision for inspection of the work, was responsible for more fires than from any other cause. He urged the appointment of local inspectors in all municipalities and stated that the Michigan Bureau was willing to assist in training men for the work.

The program was under the direction of the Kiwanis Santa Claus limitators, Dewey Holloway and Stanley Corbett.

Kiwanian John Larkins announced that the club had planned to transport the High school band to Ypsilanti next Saturday evening, when the Plymouth basketball team plays Ypsi for their chance at the state championship. Mr. Larkins appealed to all who could accommodate members of the band in their cars to register with him for the event.

WILL SHOW PICTURES EVERY NIGHT

Beginning Sunday, March 13th, the management of the Pennington Allen theatre announce two shows for every night in the week. The show that appears on Sunday night will be repeated on Monday night, and the show scheduled for Tuesday night will be shown again on Wednesday night, and the one appearing on Thursday night will also appear on Friday evening. Saturday's picture will be shown on that afternoon and evening only. By making four changes a week, Manager Lush is able to give his patrons all the best pictures released.

The program for next week is as follows: Sunday and Monday, Lonnie Fazenda in "Ladies' First Play;" Tuesday and Wednesday, Corinne Griffith in "Into Her Kingdom;" Thursday and Friday, Tom Mix in "The Last Trail;" Saturday, W. C. Fields in "The Posters." The picture to be shown this week Saturday, March 12, is Conway Tearle in "The Sporting Lover."

RICHWINE BROS. MOVE TO NEW OFFICE

Richwine Bros., who have had their office in a suite of rooms in the Woodworth building, have moved to the room formerly occupied by Albert Williams' plumbing store in the Odd Fellow temple block. The room has been newly redecorated and new office fixtures installed, and it presents a very pleasing appearance and is also very conveniently arranged.

Richwine Bros. have felt the need for more room and have long desired to get a ground floor location to better care for their increasing business.

They have rented space in their new location to R. C. Smith & Son, of Dearborn, who will open a real estate office here.

A card from W. T. Conroy, who, together with John Wilson, is at Palm Beach, Florida, says they are having a fine time. They have visited St. Petersburg, Miami and Cuba.

TREE PRIMER FREE.

We believe our people are becoming more and more desirous of preserving our forests and shade trees. Now that these valuable gifts to the race are about to put forth their leaves again, and to bring us joy for another year, it is timely to announce that a most attractive little booklet on the planting and care of trees can be had free of cost by all Plymouth people, or those residing out in the country, who care to send for it. Just address a post card to the American Tree Association, Washington, D. C., and ask for a "Forest Primer," and it will be mailed to you promptly and without cost. It contains many things worth knowing and is of special value to the boys and girls of the community, as they are the ones who must protect our forest and shade trees in the future. Get a copy of this little book and read it, for it contains much that you should know.

MONUMENT TO A COW.

Older citizens around Plymouth can recall the dreadful Chicago fire, in which almost the entire city was destroyed. They also remember that it originated when a cow being milked by a Mrs. O'Leary kicked over a lantern in a stable stall thickly strewn with hay and straw. Now they will smile when they learn that the city of Chicago is discussing a plan to build a memorial to the cow on the site of the old O'Leary stable. They say if the city hadn't been burned down when it was it would never have taken a new lease on life and become the great city it is today. Chicago people still view the great conflagration in the light of a blessing instead of a calamity. So while they are discussing the monument to the cow we want to suggest that they also erect on the same site another monument to the fly that bit the cow and caused her to kick the lantern over. The fly deserves credit for being the original cause of the kick. Chicago ought to do this thing right while she is at it.

"GOING TO COURT."

Where is the Plymouth citizen who can't remember the day when "going to court" was the favorite method in this section of settling every little dispute that came up? It hasn't been so many years since our court dockets were crowded with cases growing out of neighborhood rows over line fences,

stray cattle and sheep-killing dogs. In thousands of cases the litigants spent ten times what a line fence or a few sheep were worth rather than "knock under" or permit themselves to lose their case in court.

While a few such cases now bob up occasionally in every community, it is gratifying to know that the average man has come to realize the foolishness of "going to court" to settle his disputes. He has learned that about the only ones who make anything out of such arguments are the lawyers. And to show that the world is getting better, even the lawyers are now devoting their time and attention, and earning their money, to keep people out of court instead of urging them into it. Today the lawyer serves as a peacemaker instead of a prosecutor. The result is less hard feeling, less loss of "pride" and a better community spirit all around.

It is a good rule to think twice before "going to court." Sometimes it pays to put pride aside for a little while and arbitrate neighborhood dissensions. "Going to court" has broken more than one man—and helped more than one lawyer to get rich.

CLEARING THE AIR

Several million owners of radio sets are rejoicing just now over the passage by congress, and the signing by the president, of a bill to untangle the broadcasting stations of the country, and to clear the air of a clutter and racket that was about to give radio a black eye. Things had gotten into a terrible mess since a Chicago judge ruled that "anyone can use the air any way they want to." Stations that had been broadcasting on a regular wave length started spreading out; people who had spent their good money for radio sets were the victims of that Chicago decision. Millions of dollars worth of radio equipment was about to be rendered worthless because the air was so cluttered up that it was difficult to get the stations desired, and almost impossible to tune in one station without getting several.

Now radio relief is assured. Five men, appointed by the president, will fix wave-lengths and assign territory—and the station that "jumps" will be deprived of its broadcasting license. There will be no foolishness about it, either. Uncle Sam is going to run radio along the same high standard he uses in running his postoffice, and radio fans are glad of it. So if there is anyone around Plymouth who has refrained from installing a radio set because the air has been so cluttered up as to make radio a nuisance, he can go right ahead and buy his equipment now and be on the safe side. The new radio laws are iron-clad, and the government recognizes radio as too big a thing to permit it to be turned into a nuisance by a few air pirates.

ZONE B MEETS AT STARK SCHOOL

The teachers and patrons of Stark school very pleasantly entertained the teachers of Zone B Saturday, March 5th.

Mrs. Main opened the morning meeting with the announcement that the teachers were to have a trip to Jack Miner's bird sanctuary at Kingsville, Ont., on Saturday, March 19th.

Next every phase wherein a pupil might fall in arithmetic reasoning was gone over and fully discussed.

Miss Read, the nurse for this district, announced that she was going to visit all the schools this month and demonstrate tooth brush and handkerchief drills.

Citizenship is to be stressed again this month. Teachers were urged to bring out these phases of it—health, thrift, manners, work and governmental activities. This is being motivated by a poster contest. These will be on exhibition and judged at the annual county picnic at the end of the year.

Mrs. Main gave the teachers a good scheme for teaching current history by teaching a demonstration lesson in it to several eighth grade boys and girls.

Mrs. Sharpe urged all the teachers to have complete physical examinations before signing contracts for another year. She also explained a food outline which she had placed in the monthly envelopes.

At noon the Stark P. T. A. served a most bountiful luncheon to all present.

The social meeting opened at 1:00 p. m. with the singing of America.

Miss Gwin kindly asked the teachers to indicate by some means that sickness was the cause of absence when it was.

Deputy Commissioner F. C. Fischer gave a few remarks on the meeting of the rural division of the National Education association at Dallas, Texas, where he was one of the speakers recently.

The Citizens' Junior club presented a very pleasing health program. Mrs. Smith rendered several very fine solos, while Mrs. Blakely and Viola Lawrence played some very entertaining instrumental solos.

Dr. Sharpe completed the afternoon program by giving an address on a most absorbing subject, "The Wide Awake Life."

The meeting was closed by the audience singing. The next meeting will be held at Brainard school April 2nd.

The Commission spent a busy evening, Monday. The estimates for the 1927 sanitary sewers were adopted and the first steps taken for a special election to be held March 28, to vote on a \$22,000 bond issue for the general tax portion of the program.

The amount of sewerage laid out for this year is about 19,000 linear feet. The work is to be distributed over various parts of the town, and will include all those streets north of the Toledo Division of the P. M. R. R., which have not previously been sewered. The estimate of the total cost is \$98,000. In addition, the house connections will, in all cases, be laid from the mains to the curb lines and charged to the property owners.

This program is, of course, a continuation of the work done the past two years. It will take two or three years more to finish the village installation of sanitary sewers. If the vote on this issue is favorable, the engineers will immediately get out the specifications and advertise for bids for the construction work.

William Ekman, through Herald Hamill, submitted a plat of his property south of the Nash Subdivision and north of the Puritan Home lots. This plat was approved as to its layout.

We have had so much trouble with our village dump on the Whitbeck road, that the Commission has authorized a high woven wire fence topped with barbed wire, for the Whitbeck road frontage of the village property. Remember, that the Commission has offered a \$5.00 reward for information leading to the arrest and conviction of violators of our dumping ordinance.

Friday evening, the Commission will go to Wayne to meet the Commission there, and investigate their paving program.

Don't forget the village election next Monday, the 14th.

There are two or three places in town where the roads are still bad from sewer trenches, and where motorists seem to think they are privileged to drive over the walks and front yards. This is a specially mean trick this time of year, when lawns are easily cut up. Drivers must keep off of walks and lawns!

IN MEMORIAM.

In loving memory of our dear wife and mother, Minnie Rossow, who departed this life thirteen years ago today, March 11th, 1914:

Our mother dear is gone from here;
 We always loved her so;
 For all of us she did her best,
 And then she had to go.
 We miss her voice and loving care,
 Her smile no more we see.
 As long as life and memory lasts
 Remembered she will be.

By her loving husband, children and dear grandchildren.
 Sara L. Ross.

A CARD—I wish to thank all the dear Plymouth friends who made my birthday one to be long remembered by cards, gifts and a dinner party.

FORMER PLYMOUTH BOY MAKING GOOD IN NEW YORK

We take the following from the Advertising Club News, a weekly publication of the Advertising Club of New York City, which has the following to say of Clifton D. Jackson, a former Plymouth boy and a graduate of the Plymouth schools:

At a meeting of the board of directors last Wednesday noon the resignation of Clifton D. Jackson as secretary of the Advertising Club of New York was accepted. He leaves us to become associated with the John Wanamaker store in this city, of which the general manager is Grover A. Whalen, director of our club and chairman of the house committee.

No announcement has been made of the choice of a successor to Mr. Jackson as secretary of our club.

The directors, though deeply regretting the termination of his successful work for the club by Secretary Jackson, recognized the fine opportunity that had come to him to join the Wanamaker organization, especially since he will be working very close to Grover Whalen, whose business ability his fellow members and associates on the board of directors have come to value so highly.

They were, therefore, willing to permit him to step out of the club's service so as to take over his new work immediately, leaving the executive operation of the club to the fine staff of workers which Jackson has built up in the four and one-half years of his incumbency.

It was in July, 1922, that Clifton D. Jackson was selected to fill the position of secretary vacated by George L. Brown at that time.

He had been for several years previous to that secretary of the Chamber of Commerce of Springfield, Mass., where the fine record he made commended him to the attention of our members when they were looking for a new secretary.

At that time we were quartered in the old building at 47 East 25th street, but it was not long afterward that plans were put through to acquire our present home, and in January, 1924, we moved to 23 Park avenue.

The growth of the club in the past three years has been steady and sound, and is reflected in our prosperous condition today. That this development would have been impossible without an executive head of our club's work such as Cliff Jackson proved himself to be is the opinion of those who have worked closely with him, all of whom express sincere regret at his leaving.

Cliff has the biggest opportunity of his life ahead of him, and there isn't a soul who knows his work with the club but is happy for him that it has come.

It is not hard to imagine that in an organization the size of Wanamaker's he will have his hands full with his work, and as a matter of fact he expects fully to be working from dawn to midnight getting hold of his new work.

But he will be only ten minutes away from the Advertising club whenever he is at work at Wanamaker's, and his advice will be available to his successor at all times until the latter has grasped the details of committee work and of planning policies of our club.

So, in losing one of the finest executives any club ever had, we can rest assured that his interest will be with us and his helpful counsel still ours for the asking at any time.

Cliff, we're proud of you and tremendously pleased that you have been with us and served so well for the past four and a half years; but most of all, that you have had opened to you the wonderful opportunity that calls you away from us.

It is only a regret that we are saying, and "Godspeed."

A CARD—I wish to thank the members of the Plymouth Fire Department for the beautiful pinrose which they sent me on my 70th birthday.
Titus Iturb.

A CARD—We desire to express our deep appreciation to the neighbors and friends for their many acts of kindness extended during our recent bereavement; especially do we wish to thank those who sent the beautiful flowers and those who furnished automobiles.

Spring Building

Don't take our word for it. Ask the man experienced in building—and he will tell you that the best materials are always cheapest in the end. Why? Because good materials resist both age and weather. Wherein so many fail, is the reasoning that the best always costs the most. This is not true, because in lumber often more waste will be sawed from seconds than the saving hoped for—as compared to first grade material. Our yard is now completely stocked with first grade lumber in all woods. We want to serve you.

Lumber of all kind and in all grades for special construction of any nature. Also brick, concrete, lime, roofing, shingles, lath, tile, door and window frames, doors and windows, also builders' hardware.

Whether you plan a complete new structure or only alterations or repairs we can supply just the materials you want. We have plan books for every conceivable job—from shelf to mansion—and they are for your use, without charge of any kind. Come in and let us assist you.

WHITBECK'S CORNERS

Mr. and Mrs. Edward Holmes and two children, of Wayne, were guests Sunday of Mr. and Mrs. Walter Dethloff on the Whitbeck road.

Jewell, daughter of Mr. and Mrs. William Bengert, is on the sick list this week.

Mr. and Mrs. Otto Kaiser and two sons, Wesley and Dale, spent Sunday at the home of Mr. and Mrs. J. F. Parrish, of Perrinville.

The Helping Hand society met at the home of Mrs. Walter Schille this week, with a good attendance, and some visitors were Robert Gardner, Mrs. Roe and Mrs. Walter Dethloff and son. After the business meeting they adjourned to meet the first Wednesday in April at the home of Mrs. Whipple in Wayne, an honorary member. She was at one time president of the society.

Miss Wilhelmina Hauk, of Canton, is spending the week with her uncle and aunt, Mr. and Mrs. Walter Dethloff, and attending school.

Mrs. Freeman's brother, Mr. Noble, of Flint, is making her an extended visit.

Mrs. Lottie Kalmitz and son, Lawrence, and daughter, Hazel, of Detroit, were Sunday guests of the former's mother, Mrs. Parrish.

Mrs. Joseph Bock and two children spent Tuesday night at the home of her sister, Mrs. Dethloff. They are moving to their new home near Tecumseh this week.

Mrs. William Bengert entertained a number of ladies and their husbands at an aluminum demonstration. R. E. Leppo of Ypsilanti, agent for the club aluminum company products, did the demonstrating.

C. A. Parrish, of Ypsilanti, called on his mother, the first of the week, in Robinson subdivision. Mrs. Kreger and son were also callers at the Parrish home.

Today's Reflections

Pleasant days will soon be here. Then a fellow can take a motor trip and come back knowing how to appreciate the old home town.

It has been our observation that a Plymouth man's eyesight never gets so bad he can't see a pretty woman at least a block away.

"The best way to live," asserts Dad Plymouth, "is so that everybody won't think your wife poisoned you if you happen to die suddenly."

We are once more approaching the season when the average Plymouth man could sit on a stump or a fence and spend a whole afternoon thinking about something three thousand miles away.

One reason why incomes don't go as far as they used to is because the people go farther.

A Chinese hair cut is performed with a razor. In America there would be too much danger of trimming down some people's heads.

Wonder why it is that a woman will hang on to any kind of a husband so long as she thinks that some other woman wants him?

Beauty may be only skin deep, but a lot of young men around Plymouth can tell you that's deep enough to keep a fellow broke.

Imagine how silent the world would be if China, Mexico and Nicaragua were to quit their scrapping and behave themselves.

An exchange says "Americans are building houses fast now." Sure they are. That's the way they're living.

The Plymouth boy who is wishing summer would hurry up and come has probably forgotten that there'll be weeds to cut.

It is not the overhead but the underhand that hurts the bootleg industry.

Very Bad Indeed

A poet wanted to take out an endorsement policy not long ago and the insurance company he applied to delegated a man to investigate his record. The investigator called on a friend of the poet—a lady—and began to question her.

"Oh," she said, "he's our greatest living poet. Listen here."
And she took up a book and began to read a long poem out loud.
"Has he any money in the bank?"
"No, but what difference does that make?" said the lady impatiently.
"Listen to this third canto. Why, the man's immortal!"
"Immortal!" said the investigator.
"Humph! That's bad for an endorsement policy."

Soluble Sulphur Compound

The Complete Dormant and Delayed Dormant Spray

In the Delayed Dormant Niagara Soluble Sulphur Compound (complete in itself) controls Aphid, Scale and Scab with one application of one material.

APHID
A Most Steadily Pest
Soluble Sulphur Compound, alone when used in delayed dormant, at a time when rosy and green aphid eggs are in the cracked stage, will control these insects, if it has not been thoroughly wet by the spray and the application is made according to directions.

SCALE
The Cause of Abandoned Orchards
San Jose Scale is continually devastating trees and blighting fruit, making it unfit for market. Next year may be your year. Year. Niagara Soluble Sulphur Compound kills the orchard of scale and keeps the trees free from this pest.

FUNGUS
Worst Enemy of Fruit
Apple scab infection frequently occurs during the dormant period. Niagara Soluble Sulphur Compound is a fungicide and will prevent this possible infection of fungus and start the trees on the road to the production of clean fruit.

No addition of nicotine Complete in itself No addition of a fungicide

It costs less and does more than other sprays

Come in and talk it over—Remember

One 100-lb. drum is equal to one 600-lb. bbl. of Lime Sulphur Solution. Every pound paid for is a pound of effective spray material.

BUILD YOUR OWN HOME

Surely you must know that it is much cheaper to build than to buy. Your ideas are as good as any one's else. Plan your own home with the help of some good plan books; then make little changes if you want, to suit yourself. Have your new home and everything in it just the way you want it.

The most important thing to consider is Sound Construction. Use the best building materials, it will pay you big. Use 2x10 joists, 2x6 overlays and rafters, solid oak flooring, best grade of plumbing fixtures, copper flashings and troughing. They speak for themselves. Plan a home of beauty, convenience and comfort.

Your home is your permanent receipt for the money that it cost you; a daily reminder; either a pleasant one of money well spent, or a discouraging reminder of a foolish investment.

Why not give me a ring and let me show you a number of plans and talk things over? You will not be obligated in any way.

The first Sunday in the month in the Sunday-school, as missionary Sunday, makes a helpful addition to the Sunday-school. The S. O. S. class got the banner, Joy McSabb, Hazel Loomis and Rusting Cutler were the teachers in the missionary studies in the Epworth League, Sunday evening.

Contractors and dealers in building materials and supplies are of the opinion that there is going to be considerable activity in the building line in Plymouth during the season, which is just now opening. Several new houses have been started during the past week, and the contractors are now figuring on plans for a number of new homes. With the new Mayflower hotel building and the new Starkweather school building to be erected during the coming summer, and an unusually large number of dwelling houses, it looks as though Plymouth was destined to be a very busy summer.

The Truth About DONOVAN'S EXPANSION PROGRAM

Some friends said "By George Harry, if Donovan can get TWENTY-ONE STORES IN FIVE YEARS there must be enormous profit in the accessories business." But he was wrong. It isn't the enormous profit on small buying, but the SMALL PROFIT on ENORMOUS BUYING.

Our (twenty-one stores give us the outlet. A man can make three cents a sack profit on 200 sacks of peanuts and still be making only a living wage, but if he has the outlet so he can sell a million sacks in the same length of time, he can figure a quarter of a cent margin, pass the difference on to his customers, and still be going some.

Federal Tires

Our tremendous buying power for our chain of 21 stores, together with our direct from factory to car owner method of distribution, enables us to offer you Federal Cords and Balloons at our low prices, which will show you a saving of from 20% to 35% on every tire (depending 'on the size.)

Probably few people who call the school by telephone, realize that whenever a pupil is called, he must be looked up in a card index to find out his class and room number, and that then either a teacher, or a pupil for whom a teacher must write out a permit pass for the halls, must search out the one wanted. This pupil may be on any of three floors, and for busy teachers to go around asking that "John call home before he comes," or "Tell Jane not to forget to bring a loaf of bread home," or "Have Mary meet her mother at the bank," or to ask teachers to be continually looking up pupils in a card index, writing out passes, and sending pupils around to rooms,—all this seems unnecessary. Illness, or any real necessity, surely no one can object to taking any amount of trouble for, but too often the people at home merely remember something they forgot to tell John or Mary before he left, and they telephone during the day. In the spring and fall, most of the physical training classes will be out on the play ground, instead of on the first floor, as now. That means a still longer journey. Except, perhaps, two or three times in as many weeks, the calls are like those indicated. If it rains, the number of calls is usually doubled. "Tell Jane to wait till I call for her," etc., come in then.

This is merely meant is a plea to think in the morning instead of during the day, of the necessary things to be done, and is not at all to be construed into an unwillingness to help in cases of illness at home or of real need.

DODGE BROS. ANNOUNCE PRICE ON NEW LINE CARS

Public announcement was made in January that Dodge Brothers, Inc., will enter the market this summer with a car in the higher priced field. Since that time, Dodge Brothers dealers everywhere has been beset with an incessant flood of inquiries regarding the new supplementary car.

Earl S. Mastick, manager of the Dodge Sales & Service, local dealers, has just received an official announcement from Detroit, emphasizing some of the statements previously made regarding the new car and containing information of interest to many prospective purchasers.

"We are pleased to advise Dodge Brothers' dealers that progress on the supplementary car is thoroughly up to schedule and it will be available for moderate retail delivery on or before July 1st, the date heretofore announced.

"We are naturally receiving many inquiries seeking a description of the car. Its specifications will not be released, however, until it is ready to be shown.

"While the announcements concerning it, already made, have emphasized the fact that it will be a considerably higher priced car in no way conflicting with our present standard product, there are doubtless a number of buying prospects who have been led to believe that the difference in price between our standard car and the supplementary car will be small, and therefore, some of your prospects may be disposed to defer their spring purchase of present product until full announcement of the supplementary car.

"In order to dispel any such uncertainty that may exist, we are therefore, advising you authoritatively that the supplementary car will be sold at a price of \$1850.00 F. O. B. Detroit, for the four door sedan.

"We also take this occasion to again assure you that production of the present Dodge Brothers power plant and the sale of our own present standard line of cars will be continued; rumors inconsistent with this statement are false and misleading, and should be promptly and vigorously denied."

It Won't Be Long Now

"Do I bore you," asked the mosquito politely, as he sank a deep shaft into the man's leg.

"Not at all!" replied the man, smothering the mosquito gently over the head with a book. "And, by the way, how do I strike you?"

NATIONAL FLOWER SHOW STARTS SATURDAY, MARCH 12

That we are not all artists does not mean that we do not appreciate beauty. That we cannot all express in words our inmost thoughts does not mean that we do not understand fine thoughts. That we all cannot sing in lovely tones does not mean that we do not have other means of expression.

There is an event of interest coming to Detroit from March 12-20 that will show how we can all be artists, and that event is the Eighth National Flower Show to be held in Convention Hall. Flowers are the means which are available to every person to be used in declaring their love of the beautiful.

A low bowl, a cluster of colorful flowers, and a picture can be created. A group of carefully chosen blossoms and the most inmost of thoughts can be expressed in the language of flowers. A plant of vivid colorings enhanced by its surroundings and a song of loveliness has been born.

At the National Flower Show will be groups and exhibits of the best of the flower world, and there will be demonstration of the many uses of flowers. Experts in arrangements and selection of flowers will have displays which will be a result of their artistic ability.

If you are interested in gardens as a means of expression the Flower Show will attract you by its numerous charmingly arranged garden plots. Special baskets, showing the best of floral displays, will give artistic expression of the appreciation of colors and shades.

There are fashions in flowers as well as in clothes and furniture, and the Flower Show will give a chance to see the latest whims of the flower world. Certain flowers are being chosen now as the most popular, and certain color arrangements are being stressed. To see these flowers on display at the show will be to know the latest fancies of flower lovers.

As no other event could, the Flower Show will give those who glorify flowers a means of satisfying their love of the beautiful, and of learning the highest use of their symbolism and the fullest means of expression.

Reporter—Were you and Murphy cool and collected after the explosion yesterday?

Flaherty—Well, you see it was this way I was cool, but Murphy was collected.

Since women started in to getting hair cuts a man has to go around to a poolroom when he wants to cool.

Moroni, very big in bright gold, stands above the temple built by Brigham Young, for "Latter Day Saints."

Just across the way is the Federal Reserve Bank, of solid stone, and beyond towers the snow covered Ogden Range, the wealth of the Utah copper mines hidden in it.

Many things are as Brigham Young would have them and as he left them. The Angel Moroni doesn't suspect that the real authority below is the Federal Reserve Bank, the gigantic copper mine on the mountain sides, and the big Union Pacific Railroad.

D. F. Spencer, general passenger agent of the Union Pacific system, says all intelligent human beings should see the famous "Death Valley." For \$42, covering all expenses, you can spend two days motoring through the mysterious valley on your way east or west. Inspecting in safety the strangest places on earth, stopping over night at a modern inn, built on Furnace Creek. In Death Valley, you stand on the warm sand, far below the level of the Pacific, and look to the west, at the white top of Mount Whitney, highest peak in the United States.

The trip must be made between October and the middle of May. In Summer, Death Valley is the hottest place on earth. During the Death Valley season, you have your comfortable automobiles.

Death Valley has everything that anybody could want—you study brilliant colors of the appropriately named "Funeral Range" on the east, and to the west the tall panamint. Uncle Sam's most precipitous mountain range, rising from the floor of Death Valley, more than 300 feet below sea level, to a height of 11,045 feet to the perpetual snow of Telescope Peak.

Picturesque and convincing are names of places in that valley, once the bed of an inland sea. Gold, silver, copper, onyx are in those mountains. Many have died searching.

What once were black molten streams of lava reach out into the desert, as they poured down from the volcanoes, dead ages ago.

You walk over plains of salt a hundred feet deep. Life is scarce there, a few snakes in summer, horned lizards, the chuckwalla lizard, eaten by the Panamint Indians. Above puzzled cultures soar, wondering why the automobile doesn't die, as the donkeys did.

Brief and sufficient are the lines

here and there on wooden tombstones, cracked by the heat, a name and "He Bin Out of Water."

The Angel Gabriel has watched many struggles in that valley, when the temperature went to 140.

Traditions tell of Pinto Indians, standing on the mountainsides, watching one party of white men fall and die three hundred yards from a water hole. One survivor, Bennett, "struggling to a spring, found a ledge of pure silver, broke off a piece and when he reached civilization had it made into a rifle sight." Many have tried to locate that "gun-sight ledge" of pure silver. You might find it.

Not far away is a beautiful date palm ranch, 178 feet below sea level. Anything will grow if you give it enough water.

And across the Amargosa Desert, you travel to the "Ghost City of Rhyolite." Once it had a population of more than 10,000, railroad stations, stores, dance halls, jail and church. All still stand at the foot of Bullfrog Hill, church, jail, mills that ground ore from the rich gold mine, all abandoned now.

This is an interesting country, marvellously fertile fields, all the climates and all the products of the earth. Other Americans have prepared the way for you. See America.

AROUND ABOUT US

A million dollar amusement park is now under construction at the corner of Seven Mile and Burg roads.

Deborah will hold its second annual Hobby Fair at the High school gymnasium in that place, the latter part of April.

The Lady of Victory church of Northville, Father Joseph Schuler, pastor, will hold a St. Patrick's banquet in the High school auditorium at this place, Tuesday evening, March 15. It is expected that there will be between 200 and 300 people in attendance.

Work will soon start on Redford's new \$500,000 combination theatre, store and office building. The John Kinsky interest of Detroit, have leased the theatre, which is scheduled to open about September 1st. Verner, Wilhelm, Molloy & Shreve are the architects, and the construction work will be under the direction of J. H. Patterson of Plymouth.

A new 60-foot water works tank, having a capacity of 75,000 gallons, is being erected in the village of Dexter.

Floyd Shafter of the Shafter Electric Shop, Northville, is making preparations to erect a modern two-story business block.

Deputy Game Warden Allen C. Wilkinson has received the appointment of District Warden of the State Conservation Department for district No. 15. Mr. Wilkinson has complete supervision of eight counties—Livingston, Ingham, Shiawassee, Genesee, Gratiot, Clinton, Ionia and Montcalm. He has had five years' experience in conservation work, and the success he has made of it has won for him the new position at a substantial increase in salary. He will retain residence in South Lyon.—South Lyon Herald.

Charles Riddle, who lives over on the Power road not quite five miles southeast of Northville, has decided to sell a portion of the property he now owns. "It is too expensive to hold it as a farm property any longer, and one of the greatest regrets of my life will be the time when I will really have to sell. The property has been in our family for 97 years," he said. "My grandfather bought it from a man named Tyler, who took it up from the government. My father owned it after him, and now for many years I have owned it. But it is my purpose to retain a small portion of it for my home. A year or so ago some Detroit parties had an option to buy 75 acres from me, and when the day came for the deal to be closed they backed out, and I was about the happiest man in this county. But the time is coming when I have really got to let it go, and few realize how I hate to do it, because of the fact that the property has been in the family so many years.—Northville Record.

We are sorry to learn that Mrs. Florence Ewing, nee Webber, underwent an operation last Friday, at St. Joseph's hospital, Ann Arbor. To date she is reported doing very well.

Matt Bond of the Five-Mile road, has returned home from Harper hospital, and is convalescing very rapidly.

Peter Miller has been confined to his home for the past week, with a general break down.

Miss Mary Mertens was called to the city this week, on account of the death of her aunt.

The base ball team is organized, with John VanBonn as manager, assisted by A. Heaney; the name of the team will be the Nethem Club. Suits will be ordered in the very near future.

Sunday is Holy Communion Sunday for the men of the parish.

The music rendered by the church choir last Sunday, was indeed inspiring, and they are to be congratulated for their noble efforts. Each occasion brings out new voices; voices that were unknown heretofore. We are glad to have found them, and trust they will remain loyal to the service of God, and continue to act as an inspiration to the parish.

EPISCOPAL NOTES

During the Sunday mornings in Lent the Rev. Wesley is giving special addresses on “The Lives and Characters of Men of Jesus' Day.”

Last Sunday we were pleased to have with us Miss Thomas, of the Diocesan Department of Religious Education.

Miss Thomas gave an address to the Sunday-school and there was a large attendance. Some of the members of the congregation remained for the Sunday school session. Miss Thomas will also be with us again on Wednesday afternoon, when she will address the Ladies' Guild.

Monday evening there will be another Bishops' Round Table conference for men, with supper at 6:30 p. m. in the Cathedral House, Detroit. The special after-dinner speaker will be Dr. A. L. Jacoby, psychiatrist of the Detroit municipal courts. “Why People Break Down.” On March 21, Hon. Joseph A. Moynihan, Judge of the circuit court, will be the special speaker on “Divorce.”

Tuesday evening, next, the men of St. John's club will have their monthly meeting in the parish house at 7:30. They will be pleased to welcome any man of this community to attend this meeting. In addition to the business meeting they usually have a real good time.

Wednesday the Ladies' Guild meets in the parish house for their fortnightly meeting. Miss Thomas, of the Department of Religious Education, will be the speaker.

Thursday evening, and every Thursday during Lent, there is a special Lenten service, with short address. The missioner in charge extends an invitation to all who can attend these services.

Arrangements are now being made for the practice of special music for our Easter services. These arrangements will be in charge of our warden, James Gallimore, with the assistance of Joseph Tracy, soloist. Boys and girls, and adults who will assist in the choir, notify Mr. Gallimore any Sunday morning.

We regret to record the illness of Mrs. Wesley, the wife of our missioner, and we learn that her illness has necessitated her removal to the hospital, where she will have to undergo an operation. Every member of our congregation will be with Rev. Wesley daily in thought and also in their prayers, and we trust in good providence that Mrs. Wesley may be spared many years for a continued life in His service.

METHODIST NOTES

The Junior choir of thirty voices, was a most delightful surprise to the congregation, last Sunday evening. Their special numbers furnished a real thrill. They are to sing again soon.

Mrs. Soth's circle will meet with Mrs. Wm. Farley on Adams street, Wednesday afternoon.

Mrs. Larkins' circle will have a St. Patrick's day party at Mrs. J. Q. Smith's on Penniman avenue, Thursday afternoon.

Mrs. Richwine's circle is to have a “Circle Supper” in the main dining room of the church, St. Patrick's day. This is to be “Gentlemen's Night.”

PRESBYTERIAN NOTES

At the annual meeting of the Woman's Auxiliary, held on Monday of this week, Mrs. A. E. Lofquist was elected president; Mrs. D. Murray, Mrs. Stewart and Mrs. Minnaack, vice-presidents; Mrs. Kattenbury, secretary, and Mrs. Heferson, treasurer. The society has enjoyed a good year, and report a very healthy condition at the present time.

A large representation of the congregation sat down to supper together, Monday evening. After the meal, the annual meeting of the congregation was held. M. G. Hill was elected chairman. Reports from the various organizations of the congregation were presented, all of which showed a year of good progress. The financial reports were excellent. Messrs. M. G. Hill, D. G. Brown and H. A. Smith were elected to the board of trustees, and Messrs. O. H. Loomis, I. W. Hummel, R. P. Woodworth and John Pettigill to the Session. Mr. Shaw was elected treasurer of the congregation, and Mr. Weaver, superintendent of the Sunday-school.

GRANGE NOTES

The regular meeting of the Plymouth Grange will be held Thursday, March 17th, with pot-luck dinner at twelve o'clock. A lecture will be given by Prof. J. Clyde Ford of Ypsilanti. Everyone welcome.

The Lilly Club will meet at the hall next Tuesday evening, March 15, with Mr. and Mrs. Hugh Daley and Mr. and Mrs. Lloyd Fillmore entertaining.

CATHOLIC NOTES

The Altar Sodality met on Tuesday afternoon, with the president in the chair, and arrangements were made for the fifth annual St. Patrick's ball.

In the evening, the Nethem Club met in the Mahogany room, with a capacity crowd, and transacted a very important business meeting. The dance that was given by this club on Friday, March 4th, was a success from every angle, and all enjoyed themselves immensely. Messdames J. Rousseau and F. Forsgren were hostesses for the occasion, and report that the Nethem Club, the young people of the parish, is deserving of much credit, and worthy of each one's hearty cooperation. It is indeed a credit to the parish, to have a club in which the younger people of the parish may belong and entertain themselves and others. The profit made on the dance amounted to \$68.40, a neat sum to turn over to the parish. About sixty members were present last Tuesday night, and each has pledged his loyal support to all undertakings suggested by the pastor.

The St. Patrick's ball that will be given next Thursday night, at the Masonic Temple, at 9:00 o'clock, promises to be a grand success, as each organization in the parish is working hard; the Altar Sodality, the Holy Name Men, and the Nethem Club, each have an important role to play, the cast being laid out in the following manner:

Patterson's orchestra will furnish the rhythm for the feet; and they assure us that all feet will be kept moving. The mayor of the town, Harry Robinson, has been chosen with Mrs. Kate E. Allen, to lead the grand march; whilst the following have been assigned work on the committees: Favors—Mrs. J. Rousseau, Mrs. H. Maskell, and Miss M. E. Lehman. Decorations—F. Forsgren, M. Yuchasz, H. Maskell, Joe Schomberger. Posters—R. Levandowski, M. Yuchasz, R. Maskell, Joe Schomberger. Tickets—Joe Rousseau, Joe Koss, Joe Morrison.

Punch—Mrs. H. Minthorn, Mrs. R. Reibner, Mrs. A. Yuchasz, Mrs. P. Miller, Mrs. C. Finlan.

Check room—R. Minthorn, R. Lorenz, J. Deignan, R. Minthorn. Floor—J. VanBonn, George Elliot, Anthony Yuchasz. Reception—Mrs. F. Forsgren, Mrs. H. Maskell, Mrs. C. White, Miss Hazel Van Bonn and Miss Kate Ernst.

Tickets can be had from any of these on the committee work, or at the rectory.

The Lenten devotionals are held on Tuesday and Friday nights at 8:00 o'clock. These are a very good attend-

NEW PONTIACS WIN PUBLIC

GREATEST RECEPTION EVER ACCORDED OAKLAND PRODUCT.

A deluge of orders—the greatest in the history of the Oakland Motor Car company—greeted the announcement and showing of the new and finer Pontiac Sixes by dealers throughout the country and bids auspiciously for another record breaking sales year for this car, which broke all sales records for any new make of car during its first full year.

The new line has not only struck the public's fancy through its new beauty of lines and bodied and the completeness of the offering—now six body types—but also through the new lower prices announced.

According to W. R. Tracy, vice-president in charge of sales, the response accorded the new and finer Pontiac Sixes, as indicated in the sheafs of telegrams and letters from dealers, is the most enthusiastic ever given any new car. He said: "Oakland has never experienced such spontaneous public approval as is now accorded the new Pontiac Sixes. From every state orders are flowing in from dealers wanting to double and triple their regular allotment of these cars. Orders on hand thus far indicate that Pontiac's second year in the market will by far eclipse its first year record, the most popular car of the line being the sedan."

Both the sport roadster and the sport cabriolet have been attracting particular attention. These new models to the line are unique in that very few makes of cars in the low price field have these types, especially cars so completely and artistically equipped. Both cars have a rumble seat for two additional passengers, entry reaches through aluminum steps, and nickel-plated rumble seat side arms.

It is expected, however, that the sedan will prove the sales leader of the line throughout the year. It is the lowest priced car in the line, yet has an extremely long and roomy body. It is finished in Beverly blue duro, striped with ivory white.

Like all the new cars in the Pontiac Six line, it has the recessed window ledges in contrasting colors, narrowed windshield pillars to provide a wider arc of visibility, deeper radiator, larger, heavier and more sweeping crown fenders and more massive headlamps.

The tilting beam headlights, which are directed straight ahead or down by a foot control, is proving one of the most unique features of the car and a constant source of interest to the thousands who are thronging the Oakland showrooms.

Besides the three cars mentioned, a coupe, landau sedan and deluxe landau sedan complete the Pontiac Six line.

The sale of both Oakland and Pontiac Sixes so far this year indicates that the Oakland company will break its phenomenal record of 1926, when it registered a gain of \$1,071 units over the previous year.

A LOST LETTER

Jane, My Dear Old Schoolmate:

I am laid up this morning, unable to work, but my thinker keeps jumping in your direction, so let's talk. It's twenty-five years since we were s. g. graduates, and we've walked miles on experience road with daily problems as tough as the old geometry, which taught us the joy of mastery. Math problems then used the grain, betp lunimate, but later as mothers the baby problems used the heart also, and oh, the worry. Our doctor always praised me for faithfully following directions, but still I lacked the confidence that class work gives. Nowadays young mothers have the clam work in the baby clinic, which inspires from visiting, comparing of notes, rivalry and sympathy, making for civic pride.

The Plymouth Mail last week had a dandy report on work done by the Red Cross for school health in the county, and now that results are so apparent, is asking the township to get on the job. I've seen such great good in the school nurse, that I pray the township does keep it up. I just read that a town in England is about to establish a public health nurse and clinic for dogs.

Plymouth has dogs enough for one, but I prefer a dog pound, as I know some folks would rather help dogs than babies. If every good citizen would report unlicensed dogs to the officers, we'd have a cleaner town. A neighbor, who raised both babies and puppies, with healthier looking dogs than babies, used to let the dogs out in the sunshine, and keep the children in the shade.

I hope the township board gets more dog license money to carry on the good health in school.

We have a splendid school, and since you and I have more leisure let's return to our Alma Mater and study Economics, Health and Sewing. Wouldn't it be jolly?

Your old pal,

Maud.

Picked Up About Town

Uncle Sam says there are 39 diseases attacking early vegetables, but every Plymouth housewife knows that her neighbor's chickens are worse than any of them.

A Washington city man claims his dog knows how to smoke. Better watch out or he'll be learning to play pool.

Dad Plymouth says when a fellow has a big family on his hands it's a poor time for him to keep his hands in his pockets.

Reading that autos in the future will run on coal. Dad Plymouth wants to know about those that are running on time.

"What troubles me," says Dad Plymouth, "is what's going to become of horse sense when the auto drives away the last horse."

THE THEATRE

"THE SPORTING LOVER"

Conway Tearle, popular screen lover, makes his latest screen appearance in "The Sporting Lover," which comes to the Penniman Allen theatre, Saturday, March 12th. This is an adaptation of the famous Drury Lane stage hit, "Good Luck."

"The Sporting Lover" gives Tearle the character of Captain Terence Connaughton, who has inherited a rusticated Irish castle and a lot of mortgages and debts from his ancestors and faces the problems of service in the war and of making his own living. The picture unfolds a story of romance, horse racing and wartime sacrifice.

The English Derby showing the arrival of the king and queen, an exciting real Derby race, some tensely dramatic scenes in an army field hospital during an air raid, a splendid romance and plenty of comedy are said to make "The Sporting Lover" an entertainment for the enjoyment of the most discriminating.

Barbara Bedford is seen opposite Tearle as Lady Gwendolyn Cavens, a war nurse who becomes the officer's sweetheart during the period of his convalescence, only to be separated from him when a German bomb wrecks the hospital and buries them under the wreckage. Miss Bedford will be well remembered for her work in "What Fools Men," "The Desert Healer" and "Tumbleweeds."

Ward Crane, who was prominently cast in Corinne Griffith's "Classified," assumes the character of Captain Sir Philip Barton, brother officer to Connaughton and his rival in romance. Charles E. McHugh, John Fox, Jr., and George Ovey are in charge of the comedy angles of the picture.

"LADIES AT PLAY"

A First National offering that's as peppy, entertaining and humorous as its title, "Ladies at Play," is coming to the Penniman Allen theatre, Sunday and Monday, March 13 and 14.

Paula Godwin and Lloyd Hughes, the featured players, are supported by a first-to-the-fore cast of players, such as Philo McCullough, Louise Fazenda, Virginia Lee Corbin, Hiram Cookey, John Patrick and Ethel Wales.

The story, adapted from a stage play by Sam Janney, is a hilarious comedy-drama, freely sprinkled with contrasting touches of humor and pathos, drama and surprises.

Anne Harpoy inherits six million dollars with the proviso that she must marry a man who meets the approval of her two spinster aunts.

As this quaint pair, played by Louise Fazenda and Ethel Wales, are disgruntled because they did not get part of the six million, they determine to make it hard for Anne to get married.

But Anne and her flapper cousin, Betty, play a daring game to force their hands.

The result is a peach of a comedy with a thrill punch, a big surprise, suspense and real drama right up to the happy ending.

"INTO HER KINGDOM"

For several years picture fans the world over have paid homage to the beauty and the natural poise of Corinne Griffith. Recently with the release of "Classified" and "Mile High" the several million Corinne Griffith fans recognized in their favorite a comedienne of rare ability. But in "Into Her Kingdom," Miss Griffith's latest First National picture, coming to the Penniman Allen theatre, Tuesday and Wednesday, March 15 and 16, picture devotees, it is said, will witness a memorable dramatic performance by a truly great emotional artist.

It is declared that Corinne Griffith has never had a better dramatic vehicle. Nor has she previously had a role which demanded so much real talent as that of the Grand Duchess Tatiana, second daughter of the former czar.

"Into Her Kingdom" is an adaptation of a 10,000-word magazine story from the pen of Ruth Comfort Mitchell. Directed by Svend Gade, noted Danish director, with typical European care and sympathy, "Into Her Kingdom" deals with Russia before the days of the Bolshevik revolution and carries on through the horrors and the fickleness of that bloody era to a romance born of suffering and sacrifice, in America.

Elmar Hanson, a handsome, very likeable young fellow, fresh from six years of triumph on the European screen and stage, is cast as Stepan, a peasant who becomes husband to the Grand Duchess. His American debut promises to make him popular with all who admire good acting and good looks. Claude Gillingwater is cast as Ivan, tutor to both Stepan and Tatiana in their youth, and advisor in their difficulties as husband and wife.

"THE LAST TRAIL"

Tom Mix and Zane Grey! The result of this unusual combination is coming to the Penniman Allen theatre, "The Last Trail," Fox Films version of Mr. Grey's blood-thrilling novel, starring the popular Western star, will be shown on Thursday and Friday, March 17 and 18. Judging from the reception accorded it by other audiences, the film is going to prove decidedly fine entertainment for those who see it during its stay here.

Mix and his almost equally famous steed, Tony, are involved in some of the fastest and most furious action ever recorded by the camera in this whirlwind story of the plains. When the picture opens, Tom is cast as an Army scout in the Dakotas during the last Sioux Indian uprising. Later, he is pictured as the foe of a gang of desperadoes who specialize in looting stages.

Tom Dane (Mix) gets into all sorts of trouble with the villain, Kurt Morley, played by William Davidson. A stage coach race, in which the two participate, is thrilling in the extreme.

Carmelita Geraghty, Jerry the Giant and others are seen in support of the star in a film which should not be missed.

"Some of these folks who are trying to reduce their flesh," asserts Dad Plymouth, "don't succeed in reducing anything but their pocketbooks."
