

## PLYMOUTH WOMAN'S CLUB ENTERTAINS AT LOCAL THEATRE

### Miss Jessie Bonstele Spoke on the Drama and the New Century Club of Detroit Presented Two Plays—Several Splendid Musical Numbers Feature.

Among the most pleasant events of the year, was the meeting of the Woman's Club, Friday afternoon, March 18th, with Division XIII, Mrs. Frank Barrows, leader, in charge. Through the kindness of Mrs. Kato E. Allen, the Penniman Allen theatre was at the disposal of the club.

The invited guests on this occasion included the Ladies Literary Club and Arche Club of Wayne; Woman's Club of Northville; Rebekah Degree Staff Club, Girl Reserves and Campfire Girls of Plymouth; also several guests from Detroit.

Mrs. J. J. McLaren and Mrs. George Smith were in the foyer to receive the Northville ladies; and Mrs. George Robinson and Mrs. Wm. Pettigill, the Wayne ladies. The company was seated by the following members acting as ushers: Mesdames A. E. Blunk, B. E. Champe, A. Loftquist, Paul Lee, I. E. Blunk, James Horan, J. L. Olsaver, and Miss Phyllis Larkins.

The president of the Woman's Club, Mrs. R. E. Cooper, welcomed the guests in her gracious manner, and gave a brief explanation of the following program:

- Organ: Evelyn Thomas
- a March Triumphant Lemmens
- b Sunset Frysinger
- c The Thrush Lamare
- Songs: C. D. Backstresser, Tenor (Mrs. Gilbert Brown, accompanist)
- a Myra Chatsam
- b On the Road to Mandalay
- c Elegie Massenet
- The Understudy: Agnes N. Miall
- Given by Detroit New Century Drama Committee.

#### CHARACTERS

The Leading Lady in Ibsen's "A Doll's House"—Theresa Way Merrill  
Nora, her understudy—Hazel Ray  
Ellen, the maid in "A Doll's House"—Kathryn Costema  
Grace, as Mrs. Linden in "A Doll's House"—Charlotte Cramer  
Emily, the Dresser for the cast Elsie Smart

The scene is laid in the dressing room of the Leading Lady ten minutes before the curtain is to rise on Ibsen's "A Doll's House."

- Songs: C. D. Backstresser
- a I Looked Into Your Garden. Wood
- b Mavis Craxton
- c I Love You Sobeski
- Talk on the Drama: Jessie Bonstele
- Organ: Miss Evelyn Thomas
- Toevata: By Doelman

#### CHARACTERS

The Reverend Josiah Gull—Ethel Mann  
Martha, his wife—Mabel Rowlock  
Violet, their daughter—Georgina Merrill

Mrs. Job Brown, Josiah's Aunt—Martha Ray

The scene is laid in the front kitchen of the parsonage.

Plays produced by permission of Samuel French and Walter Baker Co.  
Organ: Miss Evelyn Thomas  
Grand Choeur: Spence

Properties by courtesy of Plymouth Furniture Exchange.

After the entertainment, a special committee served a delicious supper to those who took part in the program. All the members are requested to bring their sewing to the meeting of April 1st.

## CIVIL WAR VETERAN PASSES AWAY

James King, for many years a resident of this vicinity, passed away at the home of his daughter, Mrs. Arthur Walker, at South Lyon, Wednesday morning, of bronchial pneumonia. Mr. King was nearly 84 years of age, and was a veteran of the Civil War, being a member of Company B, Twentieth Michigan Volunteer Infantry. Funeral services will be held from Schrader Bros. Funeral Home, Saturday afternoon at 2:00 o'clock, Dr. F. A. Lundrum officiating. Interment at Newburg. An obituary will be given next week.

## EASTERN STAR HELD INTERESTING MEETING

Plymouth Chapter of the Order of the Eastern Star held a special meeting Tuesday, March 22. The charter members and members seventy years of age and over were guests of honor. Of eight living charter members, only four were able to be present.

After a delicious dinner, C. H. Birch gave a toast to the guests of honor, and especially honored Mrs. Kate Leach, who was the first worthy matron. Because of illness, she was unable to attend, but a lovely bouquet of posies was sent to her. The charter members, other guests of honor, past matrons and past patrons were asked to rise, and each was presented with a rose.

The meeting was called to order by Mrs. Clella Smith, worthy matron, at eight o'clock, for the purpose of initiation. After the ceremony, Calvin Whipple sang two numbers in his usual pleasing manner. P. B. Whitebeck, a charter member, gave a brief history of Plymouth chapter, and expressed the appreciation of the charter members for the thought and spirit of the occasion. Thirty-three years ago, Plymouth chapter was organized with a membership of thirty-three. The original name was Alpha chapter, which was changed to Plymouth chapter, No. 115. The present membership totals three hundred eighty-four.

## PROSECUTOR WILL HAVE ASSISTANT HERE EVERY TUESDAY AFTERNOON.

In last week's paper it was stated that Assistant Prosecuting Attorney John D. Watts would be at Justice Phoebe Patterson's office every Thursday afternoon between the hours of 12:00 o'clock and 2:00 o'clock. The day should have been Tuesday instead of Thursday. The hours will be the same.

## THE PAVING QUESTION

The village of Wayne paved a number of streets in that village last summer, under a system of payments that seems to be entirely fair to owners of abutting property and the community at large, which it would seem might well be adopted in Plymouth with equally as good results and the satisfaction that appears to be apparent in our neighboring village. This year the village commission and the taxpayers have agreed upon a program to pave ten more streets in Wayne, and eventually all the principal thoroughfares will be paved, and thus a permanent and lasting improvement will have been accomplished.

The cost of the paving at Wayne was \$5.00 per linear foot frontage to abutting property owners on a 24-foot width pavement. On a 30-foot width pavement, the cost was \$7.80 per linear foot frontage. The cost of street intersections and public property paving was borne by the taxpayers at large. The time for payments was spread over a period of ten years.

There is no doubt in the mind of anyone that a paved street is the cheapest in the long run, and the only logical solution to do away with constant repairing and grading of village streets.

The Plymouth village commission has already passed favorably upon the petitions to pave several streets in the village, and it is to be hoped that the coming summer will see the underground work upon these streets completed and the pavements completed next year. We believe such a program will meet with the hearty approval of our citizens.

## WE'RE NEVER SATISFIED

By A. D. CHAPIN

SHUCKS—WISH I HAD HIS JOB! NOTHIN' T' DO ALL DAY BUT RIDE AROUND IN A TRUCK DELIVERIN' GROCERIES—NO BACK ACHE FOR HIM, NO SORE FEET, PRETTY SOFT, I'D SAY!

GOSH—WISH I HAD HIS JOB! NOTHIN' T' DO ALL DAY BUT JERK—SOBAS AN' LADLE ICE CREAM—NO BAWLIN' OUT FER HIM FER BEIN' LATE WITH AN ORDER, HE DUMPY HADTA TRY T' PLEASE A LOT O' FUSSY OL' DAMES! PURTY SOFT, I'LL TELL 'EM 'BOUT IT!

GEE—WISH I HAD HIS JOB! NOTHIN' T' DO ALL DAY BUT SIT ON A SOFT CUSHION KEEPIN' BOOKS—NO SMELLY OL' SODA SUIT FER HIM, NO GOBBY HANDS OR SOPPY FEET—GOOD NIGHT, PRETTY SOFT FER HIM!

OH DEAR—WISH I HAD HIS JOB! NOTHIN' T' DO ALL DAY BUT RIDE AROUND ON B'LOON TIRES AND SELL AUTOMOBILES—NO BRAIN FAG FOR HIM, NO TRIAL BALANCE HEAD ACHE! PRETTY SOFT JOB, HE'S GOT!

VE GODS—WISH I HAD HIS JOB! NOTHIN' T' DO ALL DAY BUT SIT AROUND LOOKIN' WISE AN' PEEVIN' UP HIS DISCOUNT PROFITS—NO WORRY 'BOUT BEIN' STUCK WITH USED CARS, NO BODDY TO TAKE HIS AGENCY AWAY FROM HIM—PRETTY SOFT, I'LL SAY!

GOOD GRIEF—WISH I HAD HIS JOB! THAT MAIL MAN DOESN'T KNOW HE'S WELL OFF—NO RESPONSIBILITY OF KEEPIN' THE INDUSTRIES OF THE COMMUNITY IN A FLOURISHIN' CONDITION—NO TRENCHIN' FINANCIAL WORRIES—HE CERTAINLY HAS IT SOFT!!

## PLYMOUTH DEBATES TONIGHT

Tonight at 7:30, in Plymouth High school auditorium, the Plymouth debating team meets Caro High school's team in the third elimination debate of the state series. Plymouth is now one of the sixteen schools left in the State Debating League series. The remaining 248 high schools have been eliminated.

Plymouth debaters earned the right to debate tonight, March 25th, by defeating Hudson High school, 2 to 1, in Ann Arbor, last Friday afternoon. The debate was very close, and competition was keen. The three Hudson debaters had splendid voice, smooth delivery, and a most convincing manner. The third speaker especially was convincing; he was on the Hudson team last year when he debated in Hill auditorium for the state championship. While our Plymouth debaters did not have such good voices as their opponents, nevertheless, they were more direct and more sure of their ground in rebuttal. Wilbur Murphy, Franklin Atkinson and Josephine Schmidt deserve great credit for their success Friday.

The judges were Prof. James R. Pollock, Jr., of the Political Science Department of the University; Paul Rehms of the Law Department, and Prof. Harlan of the Speech Department. It was necessary to hold the debate in Ann Arbor, because Hudson was suffering from an epidemic of scarlet fever. The debate was held in the room of Adelphi House of Representatives in Anzell Hall.

In the debate tonight, Plymouth again has the negative and Caro the affirmative side of the question, "Resolved, That the United States government should own the coal mines."

The price of admission is 25 cents. Plymouth is only two debates away from the state championship contest. Hear Wilbur Murphy, Franklin Atkinson and Josephine Schmidt in the peppy debate of the season tonight at 7:30.

## KNIGHTS OF PYTHIAS AND PYTHIAN SISTERS.

Like every social meeting of the Knights of Pythias and families have had this winter. It is hoped that our next one, which will be on Thursday night, March 31st, will be as well attended and even better than any previous.

Some time ago, the local Knights of Pythias lodge decided to make a social night out of their last meeting in each month—have a pot-luck seven o'clock dinner and entertainment to finish the evening. So far, they feel their efforts have been unusually successful, with this one complaint, some of the "old timers" didn't come.

Now, "old timers" and all the rest, we want you to remember the date, Thursday evening, March 31st, and your basket of "something" for the table, and a good healthy appetite; also the hour, 7:00 o'clock. The committee will try and do the rest, as they have in the past.

Mr. and Mrs. Frank Peck of Ann Arbor, visited friends here Wednesday.

## PLYMOUTH LOST TO HOWELL HIGH

### LOCAL CAGERS LOST FIRST GAME OF SEASON TO HOWELL IN REGIONAL LAST FRIDAY NIGHT.

Howell High basketballers out-played the local quintet at Ypsilanti last Friday night, and defeated them by a score of 27 to 18, which eliminated the local team from a chance to compete in the finals of Class B.

The locals could not seem to get started in the opening quarter, and Howell rolled up 8 points, while Plymouth was getting 2. The second quarter found the locals staging a comeback, and the half time found them behind but 3 points, the score being Howell 17, Plymouth 14.

Howell added to their lead in the third quarter scoring 4 points to 2 for their opponents and then stepped out in the last period to outscore them 6 to 2. Sweet was a constant menace to the Plymouth team, leading on offense with 11 points and playing a fine floor game. Doubl was Plymouth's best man on the floor.

This was the first setback of the season for Plymouth.

Field Goals—Howell: Hagman 1, Sweet 3, Schaffer 2, Thompson 3; Plymouth: Hickey 2, Doubl 4, Foster 1.

Free throw—Howell: Sweet 3, Thompson 4; Plymouth: Carney 1, Hickey 1, Doubl 2.

Substitutions—Howell: Robb; Plymouth: E. Carney, Rambo.

There was a good delegation of local fans who accompanied the team to the Normal city.

## FORMER PLYMOUTH BOY TAKES AIRPLANE TRIP TO NEW YORK.

Clifford Casterline, a former resident of Plymouth but now of Northville, took his first airplane flight last week. Flying with Fred Sterling, the aviator employed by Horace Dodge, the two left Northville shortly before 10:00 o'clock in the forenoon Thursday, and landed in New York city six hours later. There was but one stop, made at Buffalo, for gas. It was at Buffalo that the former Plymouth youth was given a real thrill. After leaving the flying field, Sterling told Casterline to brace himself in his seat. Hardly before Casterline knew what was happening, Sterling had completed a "loop the loop" stunt right over the city of Buffalo. The trip east was the result of a wire order from Horace Dodge upon his return from Europe, to have a Stinson plane meet him in New York City. Sterling did not desire to make the trip alone, so he invited Clifford Casterline to go with him. Casterline returned the next night to Northville, on a train.

## NORTHVILLE ORGANIZING IMPROVEMENT ASSOCIATION

### COMMITTEE FROM SERVICE CLUBS TAKE INITIATIVE IN RECOMMENDING ACTION.

Of interest to Plymouth, in view of the mass meeting that was held last night in the Masonic temple in connection with the organization of a Greater Plymouth body, full details of which will appear in next Friday's Mail, is the news from Northville this week that the Rotary and Exchange clubs of that community have recommended a similar program.

Some weeks ago committees were appointed from the two clubs to work jointly in the development of a program for submission to the clubs and at a committee meeting held at the Lapham bank last Saturday evening, lasting from 8 o'clock until nearly midnight, the following action and recommendations were adopted:

"At a meeting of the two committees appointed from the Exchange and Rotary clubs of Northville, E. H. Lapham was elected chairman and W. H. Yerkes, secretary.

"Following an extended informal discussion, a motion was made by W. P. Roberts, supported by D. P. Yerkes, that we recommend to our respective clubs that a permanent organization be effected and plans be drawn to lay before a mass meeting of citizens and business men of the community for the general improvement and perfection of the community interests; also that the joint committee be instructed to confer with the Novi township board asking them to co-operate with and support this committee and invite their attendance at the next meeting." The motion was unanimously adopted.

Reports of the committee were given at the meetings of the Exchange and Rotary clubs this week and have been made a part of the community work of the clubs.

## DEATH OF CHARLES HOLLOWAY

Charles Holloway, practically a life-long resident of Plymouth, passed away at his home on East Ann Arbor street, Tuesday morning, after an illness extending over a period of three years and five months. Mr. Holloway was a man highly respected by all who knew him. The deceased was about 71 years of age, and leaves his wife, one son, Fred Holloway of Detroit, and one daughter, Mrs. Bessie Smith, also of Detroit. The funeral services were held from Schrader Bros. Funeral Home, Thursday afternoon at 2:00 o'clock. Rev. Bradfield, pastor of the Redeemer Presbyterian church of Detroit, officiating. The deceased had been a member of the Knights of Pythias for about thirty years. The interment was made in Riverside cemetery.

Miss Elizabeth Beyer spent the week-end with friends at Ypsilanti.

## SPECIAL BOND ELECTION TO BE HELD NEXT MONDAY

### The Voters of Plymouth Are Asked to Grant Authority to Issue Bonds of \$22,000 for Sanitary Sewers to Be Laid This Coming Season.

## PLYMOUTH WINS MUSIC MEMORY CONTEST

The annual music memory contest was held Friday afternoon, March 18, at Orchestra Hall, Detroit. Plymouth, having the highest score among the suburban schools, was awarded a check of ten dollars, which was the gift of the In and About Detroit Music Supervisors' Club.

This is the third year that Plymouth has participated in the contest, last year having taken the second prize, which also was a check for ten dollars. This year only one prize was awarded.

The success of our local school is a result of about five months' hard work. Early in November, the children in the sixth, seventh, eighth and ninth grades began the music memory contest. During that time, some of them had the opportunity to go to Orchestra Hall to attend the School Children's Concerts, which were given by the Detroit Symphony orchestra. At each of the five concerts given during the year, only eleven children from Plymouth were permitted to attend, as the tickets were limited to that number.

Before each concert the children had become familiar with the compositions to be played, having heard the records of them on the victrola. A test was also given preceding each concert and the eleven having the highest scores were given tickets to the concert. Twenty-five compositions and the composer of each were studied during the year.

On Wednesday before the music memory contest in Detroit, a preliminary contest was held here in school, to determine the team of ten to represent Plymouth in the finals. At that time, twenty selected themes from the list of twenty-five compositions were played either on the victrola or piano. The children, upon recognizing the selection, were to write and spell correctly the name of the composition, the name of the composer and to check the correct statement—a true and false statement concerning each composition played was printed in a third column.

The ten people having the highest scores and who represented Plymouth at the final contest in Detroit, were: Madelon Shingleton, Elizabeth Strong, Jean Larkins, Evelyn Starkweather, Jean Strong, Roberta Chappel, Alice Chambers, Helen Conpton, Doris Hamill and Steve Dunde.

The final music memory contest at Orchestra Hall was conducted in the same way, except that the Symphony orchestra played ten themes from the twenty-five compositions.

The suburban schools competing in the contest with Plymouth, were: Trenton, Ecorse, Dearborn, Grosse Pointe and Smith school—each being represented by a team of ten children. The contest was very close, Plymouth having a team total score of 925, and Trenton a total of 924.

The children who had perfect scores were awarded with gold pins. Four of the Plymouth team wrote perfect papers. They were Madelon Shingleton, Elizabeth Strong, Velda Larkins and Evelyn Starkweather. Jean Strong wrote an excellent paper, having only one very small mistake.

Much has been gained, not only for those who took the honors at the contest, but for all the children who have taken part in the work. They have learned to appreciate and understand some of our best music.

## A VISIT TO THE HOLY LANDS.

Rev. H. M. Wade of Grand Ledge, Mich., recently returned from a trip through the Near East, will be at the Methodist Episcopal church next Tuesday and Wednesday evenings, lecturing on his experiences in the Holy Land. This will be a real opportunity to hear the latest report concerning conditions through Syria and Palestine and also to get a real vision of the cities and centers in which all Christendom finds a common interest. The lectures will begin at 7:30 p. m. and the public is cordially invited to attend. No charge for admission, but an offering will be taken.

Monday, the 28th, sees another special bond election. The voters of Plymouth are asked by their commission to grant authority to issue bonds in the amount of \$22,000 to finance the village share of the sanitary sewers proposed to be laid this season.

In 1925 the village started a program of sewerage and sewage disposal which will take several years to complete. The first season the disposal plant and about 17,000 linear feet of trunk and lateral sewers were built. Last season's contract, not yet quite complete, totals a little over 24,000 linear feet of sewers. This year nearly 19,000 linear feet of laterals and about 10,000 to 12,000 feet of house connections are on the program.

This sewer construction naturally started with the main outlets leading to the disposal plant and has worked out and branched out farther each year. This program, the commission feels, should be carried on, some portion of it each year, until Plymouth is entirely seweraged. They feel confident that the taxpayers here realize the necessity of the sewers and the benefits derived from their installation, not only to the individual household but to the village at large.

What an added advantage it will be to tell a new owner, "Yes, we have an up-to-date, complete sanitary sewer system."

The construction work each season has been planned to extend into and intersect each portion of the town, so that no one part can claim to be neglected. This year's work, if authorized, will complete a total of about 12 miles of sewers. This isn't quite half of the length necessary to make the job complete for the village as it stands today.

It is necessary that there be a good majority vote in favor of this bond issue if it is to carry. Every qualified voter in Plymouth should come out and register their approval of this forward step in the village's growth. The polls will be open from seven in the morning until seven in the evening. The last chance to register is tomorrow.

## PLYMOUTH MOTOR SALES CO. ENTERTAIN LOCAL MEN.

Thursday, March 17, fifteen local men were guests of Plymouth Motor Sales Co. on a trip through Ford's River Rouge plant, personally conducted by Paul Wiedman.

Although Plymouth is only one hour's drive to this factory, many people fail to realize that this is the world's largest manufacturing plant.

All of the newer buildings have raised steel passageways, designed for spectators. Especially is this true of the new steel mills, where one can follow the course of the red-hot iron from the time it leaves the furnaces until the process is finished.

Of particular interest to the farmers in the party was the assembling of the tractor, where you could follow every operation from the time the pistons are put in the block until the finished tractor is driven away under its own power.

The glass factory was of much interest also. Ford now manufactures all his own plate glass.

A free lunch was served at noon. After a trip to this plant one can't help but marvel at Ford's wonderful efficiency in everything that is done.

Everyone returned home a little tired but much impressed with a day well spent. All agreed that our genial Paul is a royal entertainer indeed.

## WILLIAM ROOT DIES

William Root, aged 75 years, died at his home in Canton township, Wednesday morning. Funeral services will be held from Schrader Bros. Funeral Home, this Friday afternoon, at 2:00 o'clock. Rev. Walter Nichol officiating. Interment in Riverside cemetery.

Mr. and Mrs. Walter Snyder and son, Orrin of Nankin, and Mrs. Wm. Owerly and little daughter, Betty Jean of Flint, called on Mr. and Mrs. John Higgins, Wednesday evening.

Subscription Price - \$1.50 per year

### SEEK ROD LICENSE LAW

A residence fishing license of one dollar for all persons over 16 years of age, and a non-resident license of two dollars for pan fish and five dollars for bass and trout, is asked for in a law sponsored by the Department of Conservation and now before the state legislature. It has been represented by some that the citizens of Michigan are generally opposed to such a measure. Such is not the fact. There is some opposition, just as there was to the big game license, and as there will be to everything that adds to the expense of depleting our natural resources. The big majority of the people of Michigan favor a reasonable fishing license because it will be a means to check up on outside fishermen and it will help provide funds for the propagation and protection of fish and wild life.

### WHERE CHARITY BEGINS

A gift of \$500,000 toward a monster civic auditorium in Chicago to seat upward of 50,000 people has been offered by Julius Rosenwald, head of one of the country's largest mail order houses. The same public-spirited philanthropist recently donated \$3,000,000 for an industrial museum. Chicago is to be congratulated—and envied. Assuming that these splendid gifts were made possible through the profits on orders for merchandise that percolate into Chicago from all sections of rural America, it cannot truthfully be said that charity begins at home.

### "FOREST WEEK"

President Coolidge has proclaimed the week of April 24 to 30 as "Forest Week" and he recommends its observance in every section of the United States. In his proclamation he says that one-fourth of our soil is better suited to timber growing than to anything else, and that although much progress has been made in planting trees for future use, we still have a vast acreage of idle land, and poor land, that might more profitably grow timber instead of adding to the problems of agricultural over-production.

The president urges every farmer who has land that will not produce grain or vegetables in paying quantities to observe the week of April 24 to 30 by planting it with trees. He believes the same thing should be done with the thousands upon thousands of idle acres that are never cultivated, but which could be made to yield a snug profit in the years to come if planted now with trees. Every year sees our timber supply growing scarcer. By the time trees planted now reach their maturity they will be worth many times their present price. If Plymouth people will give the

subject a little study they will quickly realize the importance of "Forest Week." If each one plants but one tree it will be of untold value to the community in future years. And if our school children can be interested and will do the same thing it will make "Forest Week" one of the most important and one of the most valuable occasions of the year. Let's observe it.

### NEVER TOO OLD

It ought to be joyous news to the Plymouth man who has passed his 50th milestone to learn that the University of Pennsylvania has just concluded a survey in which it is shown that the nation's biggest business organizations are in the hands of men whose average is 60 years. The average age of the presidents of financial institutions is 64; railroads 63; manufacturing plants 59, and banks 55. So perhaps from now on this talk about this being "a young man's world" won't be accepted as much of an argument. There are, of course, greater opportunities for the young man than ever before, but it is poor judgment to assume that a man is ready to be shelved and that he is no longer useful after he passes his fiftieth birthday. In fact, there is a lot of truth in Henry Ford's statement that "It is unusual for a man to have much judgment until he is around 50."

### "THE PATH ACROSS THE HILL"

"The Path Across The Hill," a play, will be given Thursday evening, March 31st, at 8:00 o'clock, by the Newburg Epworth League, in the L. A. S. hall.

### CAST

Robert Post	Bill Leonard
Samuel Crawford	Chas. Leonard
Walter Conrad	Milo Thomas
Dr. Jimmie Reed	Howard Cochrane
Salvander	Russling Cutler
Mrs. Davis	Charlotte Leonard
Ruth Conrad	Joy McNabb
Flo Gray	Lydia Joy
Lottie	Helen Carr
Zuzu	?

Synopsis: The entire action of the play takes place in the living room of Ruth Conrad's home in an eastern village. Everyone come. Admission 25c and 35c.

A CARD—Mrs. Wm. H. Smith and family desire to express their deep appreciation to the neighbors and friends for the kindness extended during their recent bereavement; especially the pastor for his kind words, and those who sent the beautiful flowers and those who furnished automobiles.

### IN MEMORIAM

In loving memory of our darling daughter, Emma Gruebner, who passed away one year ago today, March 28, 1926.  
When the evening shades have fallen,  
And we are all alone,  
In our hearts there comes a longing,  
If you only could come home,  
Most we think of you, dear daughter,  
And our hearts are sad with pain,  
Oh, this earth would be a heaven  
Could we hear your voice again.  
Her loving Father, Mother  
and Sister.

## LOCAL NEWS

Miss Eunice Fenner spent the week-end with friends at Ann Arbor and Ypsilanti.

Russell Miller, of Williamston, spent several days last week with the Partridge boys.

Several people from Plymouth attended the Junior Girls' play at Ann Arbor, Friday evening.

Mr. and Mrs. Ford Becker and baby, Thelma, of Pittsford, were week-end guests of Mr. and Mrs. Merle Rorabacher.

Mrs. Arthur Tillotson has received word of the death of her sister-in-law, Mrs. J. R. Carpenter, of Iron Mountain, Michigan, which occurred March 16th.

The March meeting of the Sarah Ann Cochrane chapter of the Daughters of the American Revolution, was held Monday evening, March 21st, at the home of Mrs. George Wilcox. After the business meeting, a very interesting program was given.

**B. F. KEITH'S TEMPLE THEATRE**  
Detroit, Michigan

Trini, Spain's foremost artist and beautiful girl, headlines at B. F. Keith's Temple theatre, starting Sunday matinee, March 27. Trini offers a magnificent new dancing act, assisted by Louis Betancourt's Marimba Band, including Alberto Gale and E. Holt. Trini also sings, and will be heard in several remarkable character interpretations. Others billed: Valerie Bergere and Company in "Chinese Compensation," an intense dramatic playlet by Carl McCullough, supported by an excellent cast; Mann Hollmer and Alberta Nichols, the lyricist and the composer in a group of their own songs; Robey and Gould in an assortment of bright patter by Andy

Rice, called "Education Will Out;" Peter Higgins, America's youngest Irish tenor, in a delightful program of song, assisted by Frank Dixon at the piano; Shaw's supporting dog revue, showing a congress of the greatest leaping and racing greyhounds in the world; Wilfrid Du Bois in a series of clever juggling feats and the new screen subjects.

Wonder how it happens congress never thought of passing a bill licensing lawn mowers?

Another definition of a "high society woman" is one with nothing to do and who wouldn't do it if she had.

The poor fish who holds a soul mate in his arms and thinks he has found happiness is only bugging a delusion.

**TIME FOR CHANGE IN MENTAL HABITS**

**Simple Rules for Guidance of Middle-Aged.**

Many persons who have managed to get through the years of childhood and youth fairly well find that their mental habits are not adequate for the demands and changes of middle age. The unhappy are always wrong, says Dr. Alice E. Johnson in the Survey. So if one finds oneself middle aged and unhappy, the only thing to do is to change one's mental habits. Of course this is easier said than done. Yet it is not impossible, for while childhood is the ideal time to establish right habits of thinking and reacting, the laws of mental hygiene are valid at all ages and need only be applied. Frankness and courage will be needed for the task. Sentimentality and vanity must be thrown overboard along with worn-out ideals. One must learn to discriminate between reasons and excuses and to discard the excuses. Only in this way can a life of reality be submitted for one of mere wishes.

To aid in this readjustment of mental life, four rules may be followed. Rule 1 is "Do not say yes and no at the same time." The wobbler is always unhappy and so are his friends. It is better to make mistakes than to do nothing. If a person can learn to see a thing as a whole, he will easily decide what is good. He should remember that everything has its price and that vain regret is self-indulgence.

Rule 2 is "Do not allow an accumulation of unfinished business." Each problem should be answered as it arises. Questions that are postponed, evaded and repressed return in a dozen forms to destroy one's peace, and they soon develop into the excessive fears of the neurotic.

"Keep your mind open to new aspects of truth" is rule 3. By the time middle age is reached the hypercritical, fault-finding attitude of childhood should be left behind. Freedom, that special gift of the middle years of life, can only be achieved by letting go of the past. The open mind sees the good and bad in everything and looks for the ultimate meaning of things. Those who disregard this rule live a narrow, sterile life with the prospect of an irritable, unlovely old age.

"Disregard what is merely personal," rule 4 reads. Most of the destructive emotions such as fear, hatred, jealousy and envy are personal, and since no life is lived alone, these should be discarded. The same is true for grouches and moodiness. The reason for moodiness is not temperament, but self-love, and there is no excuse for it. Unless a feeling can be translated into useful action it need not be considered.

By following these rules, by learning if one cannot get what is wanted, to accept cheerfully what comes, by saying yes to life, one may be free from the uncertainties of youth and will see no catastrophe in the passing of the years.

**"only the most advanced engineering could create it - only super-precision methods could produce it"**

**\$1095**  
SEDAN

If you are one of those sound automobile buyers who buy on comparative values, and if you compare the Greater Oakland Six against the best its field affords—you will discover that only the most advanced engineering could create it . . . and only super-precision methods could produce it.

In no other car of the \$1000 class will you find such a matchless combination of engineering advancements as in the Greater-Oakland Six. For no other car, regardless of price, provides Oakland's Rubber-Silenced Chassis and Harmonic Balancer, Oakland's full pressure oiling, bronze-backed in-

terchangeable main bearings, foot controlled steering-beam headlights and four-wheel brakes. Nor in any other car of comparable price will you find so many examples of that super-precision in manufacture directly responsible for long car life and lasting owner satisfaction.

All Oakland piston pin bushings are diamond bored . . . All Oakland connecting rods are exactly matched for center of gravity and weight. All Oakland rotating parts from transmission to rear axle are completely balanced. These are practices which typify the most modern and exacting principles of scientific manufacture—and Oakland uses them all.

Oakland Six, \$1025 to \$1295. The New and Finer Pontiac Six—at New Low Prices—\$775 to \$975. Berles by Fisher. All prices at factory. Easy to pay on the General Motors Time Payment Plan.

# NASH

Leads the World in Motor Car Value

NEW Special Sedan  
Special Six Chassis  
\$1485  
f. o. b. factory

## The Nation's New Vogue in Body Design Styled by Nash

It is emphatically apparent today that Nash has created a new era in American enclosed body artistry with this arrestingly distinctive body design.

With its new symmetry of line, its classically beautiful French-type rear contour and French roof design, and its rich ensemble of costly car features, the new Special Sedan pictured above possesses magnetic appeal for those most keenly perceptive of motor car style and quality.

The steering wheel is of real walnut in fitting harmony with the handsome walnut finish of the inside window mouldings, door panels, the instrument board and the crowned panel which is above the instrument panel. The gray toned upholstery is genuine Chase

Velmo Mohair Velvet, deeply tufted. And Nash powers it with a 7-bearing motor—the world's smoothest type.

So that in transcendent power-evenness and quietness, in lightning-fast "pick-up," and in careful roadability on the straightaway or climbing, together with a world of speed, it stands out as the most notable car of its field.

As standard equipment there are Gabriel Snubbers at front; 4-wheel brakes, of special Nash design, with the front wheel brakes completely enclosed for safety's sake; and 5 disc wheels.

A larger Special Sedan on the Advanced Six Chassis, reflecting the same unsurpassed quality throughout, is offered at \$1695 f. o. b. factory.

## Do You Want A Distinctive Home?

Four walls can make a home—and a very happy home—BUT, those looking for a good and permanent investment know that the distinctive home is essential today—the home which is not only a treat to the eye but is modern in arrangement and construction. If you are planning on building you should see our plan books, sketches, photographs and floor plans of homes elsewhere. We make no charge for this service. Come in and let us assist you.

Lumber

BUILDING MATERIALS

Brick

Our lumber, mill work and finishings are the best to be had and as low in price as can be had anywhere. We have specialized in home construction materials and can save you many dollars in selection of materials and the elimination of wastes. We will take your plans and show you where and how to save without sacrifice in quality—and this includes every bit of construction from foundation to the last door latch.

Building materials of all kind—whether for a big job complete, or for the smallest repair or improvement. Lumber of all kinds and grades; cement, roofings, glass, millwork, lathing, composition boards, beams, lime and finishing hardware. Come here first for prices and you will be satisfied that you need not send elsewhere to meet your building needs.

These Are Building Days—So Get Busy

### United States Abroad

The United States owns embassy or legation buildings in the following countries: Rio de Janeiro, Brazil; embassy; Santiago, Chile; embassy; Peking, China; legation; San Jose, Costa Rica; legation; Havana, Cuba; embassy; Prague, Czechoslovakia; legation; Paris, France; embassy; London, England; embassy; Tokyo, Japan; embassy (destroyed by earthquake); government owns land on which there will be constructed a building, for which a little more than \$1,000,000 has been appropriated; Mexico City, Mexico; embassy; Tangier, Morocco; building in which diplomatic agent and consul general reside; Oslo, Norway; legation; Panama; legation; San Salvador, Salvador; legation; Bangkok, Siam; legation; and Constantinople, Turkey; legation.

### Telescope Warmer

There has recently been invented a method of keeping telescopes and surveying instruments from sudden changes of temperature which are apt to contract or expand the metal parts of the instrument and may spoil the accuracy of measurements made with it.

These delicate instruments can now be provided with a tiny electric stove made in the form of a heating coil wound round the tube containing the lenses. An automatic regulator makes it possible to keep the instrument at exactly the same temperature no matter how the weather may change from day to day, and prevents moisture from condensing on the lenses and blurring the image.

### Book Borrowers' Reviews

Persons borrowing books from a new type of circulating library being tried in Germany are required to write a review of each volume taken out before it can be returned. These reviews are arranged and analyzed and charts prepared which will form a valuable index for the librarians. Under this system it will be possible to determine the subjects most in demand by the reading public or by special groups. The director of one of these libraries will be able, ten years from now, by looking at his charts, to tell the subjects in which, for instance, women between the ages of eighteen and twenty-five were most interested in reading in 1925.

### Another Cause

Judge Nicholson Hicks of Knoxville said in a discussion of the divorce bill:

"Married people are so frank with one another—that's another cause of divorce. They say exactly what they think. Br!"

"Marriage is certainly a lottery," a wife said thoughtfully, as she looked up from her evening paper. "One draws a prize, another draws a blank."

"Yes, love," her husband snickered. "You drew me, I drew you."

## GEORGE E. HUGER'S MASTER QUICK

Reason priced repairs we'll say Are the ones you like to pay. —from the proverb of Mr. Quick

That's one thing about this plumbing shop that will please you from your basement to attic—from your purse to your check book—our proper prices.

### Big Cigarette Factory

A contract has recently been let for the construction of what will be one of the largest cigarette factories in the United Kingdom, according to Assistant Trade Commissioner James Somerville, Jr. London. Located not far from the heart of the city, the building will have a floor space of some nine acres, will be 75 feet above the pavement, 600 feet long and 200 feet wide. The building is expected to cost about £500,000 and will be completed within eighteen months.

### Chinese Build Highways

Szechuan province, China, at last is capitalizing to modernity and is building highways. Funds for their construction were obtained from the sale of unused temple lands. One of the most populous and wealthiest provinces in China, it long resisted the introduction of modern ideas. The opposition of the Szechuanese to the proposed great trunk railway in the Yangtze valley, which was to have been built some sixteen years ago, led to the revolution.

### He Remembered

Buddy Gillespie, serious minded and earnest, had attended Sunday school, where he listened attentively to the Christmas story his teacher told.

When he came home his father, by way of interest, inquired, "Well, Buddy, what was the Sunday school lesson about?"

Buddy thoughtfully pondered, then remarked, "It was something like 'Mary had a little lamb,' but it was—was—it was 'Mary had a little baby.'"

We would appreciate it if you would phone or send news items to the Mail office. We are always glad to get them.

A CARD I wish to thank those who sent me flowers while I was at the hospital.  
Florence Ewing.

### OFFICIAL PROCEEDINGS OF THE VILLAGE COMMISSION

Plymouth, Mich., March 11, 1927

A special meeting of the Commission held Friday evening, March 11, 1927, called to consider a paving program. Present: All five Commissioners.

After convening the Commission drove to the Village of Wayne, and met their Village President, Payne, and Village Clerk, Conner, at the Wayne Village Hall. The Wayne officials described the method used in the carrying out of the Wayne paving program, including necessary charter changes, assessment methods, costs, etc.

The Commission, after a discussion of these methods, adjourned, subject to call, for the further consideration of a paving program for Plymouth.

H. C. Robinson, President,  
Sidney D. Strong, Clerk.

Plymouth, Mich., March 15, 1927

A special meeting of the Commission in the Commission room of the Village Hall, Tuesday evening, March 15, 1927, held according to the provisions of the charter to confirm the results of the regular Village election held March 14, 1927, and also to further consider a paving program as provided in the adjournment of the special meeting of March 11, 1927.

The report of the election board was received, showing results as follows:  
Total votes cast 285  
Spoiled ballots 4  
Frank J. Pierce 218  
Henry J. Fisher 158  
Carl G. Shear 146  
Warren B. Lombard 124  
Frank Learned 87  
Paul A. Nash 74

On motion, this report of the election was confirmed, and Messrs. Pierce, Fisher and Shear declared elected as Commissioners for terms of two years beginning March 28th.

On motion, the Manager was then requested to ask representatives of various companies manufacturing diggers or ditching machines suitable for digging water and sewer service laterals to be present at the meeting on March 21st, to give information concerning their machines.

The Village attorney was then directed to prepare recommendations for such changes in the Village Charter as he considered necessary. These changes to include the extension of the term possible for paying special assessments from five years to ten years and also the making of special assessment bonds general obligations upon the whole village.

The Commission then adjourned.  
H. C. Robinson, President,  
Sidney D. Strong, Clerk.

### Grass Woven Into Cloth

The secret of turning tropical grasses and other fibrous substances into clothes to wear is believed to have been solved by Dr. Dinslow Naylor of Birmingham university, relates Science Service. Chemical processes are said to have been perfected for separating the fibers from the raw materials and preparing them for spinning. The fabrics, if commercially successful, may take the place of cotton in the regions where large supplies of grasses are available. It is thought that new and interesting materials may be developed for wearing apparel and for other uses.

### Shaw Easy Mark for Tunney

Conversation overheard in a subway: "What a prize fighter that guy Tunney is. He is getting \$7,000 a week in vaudeville." "Yes," answered the other, "and what do you think? I hear he's going over to England to meet Shaw." "Aw, he'll have no trouble putting away that guy. Take anything against his staying two rounds with the champion."—The Outlook.

## Soluble Sulphur Compound

The Complete Dormant and Delayed Dormant Spray

In the Delayed Dormant Niagara Soluble Sulphur Compound (complete in itself) controls Aphid, Scale and Scab with one application of one material.

### APHID

A Most Stealthy Pest  
Soluble Sulphur Compound, alone when used in delayed dormant, at a time when root and green aphid eggs are in the cracked stage, will control these insects, if it is thoroughly wet by the spray and the application is made according to directions.

No addition of nicotine

### SCALE

The Cause of Abandoned Orchards  
San Jose Scale is continually devastating trees and shrubs, making it impossible to grow them. Heavy frost may be your bane. Year after year, Niagara Soluble Sulphur Compound kills the orchard of scale and keeps the trees free from this pest.

Complete in itself

### FUNGUS

Worst Enemy of Fruit  
Apple scab infection frequently occurs during the delayed dormant period. Niagara Soluble Sulphur Compound is a fungicide and will prevent this possible infection of fungus and start the trees on the road to the production of clean fruit.

No addition of a fungicide

It costs less and does more than other sprays

Come in and talk it over—Remember

One 100-lb. drum is equal to one 600-lb. bbl. of Lime Sulphur Solution. Every pound paid for is a pound of effective spray material.

Commercial Peers

Cornelius Vanderbilt, Jr., was talking to a New York reporter about Madame Jacques Balsan and the recent annulment by the Catholic church of her marriage to the duke of Marlborough.

Artist Prodigals

Isadore Duncan, the famous dancer, is in want in Paris, and a collection is being made to set her on her feet again. Otto Kahn, one of the most liberal supporters of this movement said in New York the other day: "Isadore Duncan, like most artists of genius, is too generous, too generous once caused John Drew to say about her in a slack season: 'I think I'll dress up as a beggar and go to Isadore's house, and what I collect may keep her till she gets another engagement.'"

Firemen Refused Job

The fire alarm sounded from the outskirts of Ward 7, Bounded, Maize, and when the firemen arrived after a hard run in deep snow, they found no sign of fire, nor could any one in the neighborhood explain why the alarm had been turned in. Finally an old woman appeared and said that her family was in great distress. A skunk had fallen into their well and she thought the firemen ought to pull it out. But the firemen did not.

FOUND—A pocket book containing a sum of money. Owner may have same by proving property and paying for this notice. Call 128 South Union street, or phone 361W. 1811c

SONS OF PREACHERS NOT "BLACK SHEEP"

Figures Show Most of Them "Make Good."

A society of Methodist preachers' sons has been formed to combat the old myth that preachers' sons are bad and never amount to much. Just how this myth originated is not known, but probably at a very remote time some minister's son, whom everybody looked to as a model for the other boys of the village, so departed from the path of virtue as to shock the entire community and to cast a shadow of suspicion on the offspring of every other parson through succeeding ages.

The names of some of the eminent men who are officers of this organization constitute positive proof that not all clergymen's sons are scapegraves. Melville E. Stone, founder of the Associated Press, is one of its vice presidents, the other vice presidents being Paul H. Helms, president of the General Baking corporation, and Emory R. Buckner, federal district attorney of New York. Fletcher H. Montgomery of New York is president. But, some may protest, these may be the only preachers' sons among many thousands who ever made a name for themselves—a few white sheep among a vast herd of black sheep. How about the remainder of parsons' progeny?

"Who's Who" supplies ample data with which the newly formed organization might explode the myth, not only as it applies to the sons of Methodist ministers, but to the sons of clergymen of other denominations. All persons sketched in the 1922-23 edition of this reference work of eminent men were asked to indicate the occupation of their fathers. It was found that no less than 2,635, or 11 per cent, were preachers' sons. Still others mentioned that their father combined preaching with some other occupation.

J. P. Harrington, in a statement prepared for the Pathfinder Magazine, explains why the American Indians always appeared to be clean shaven. "The beard of the American aborigines," says Harrington, who is an ethnologist on the staff of the bureau of American ethnology, "was sparse, like that of the peoples in the adjacent parts of Asia, and the struggling beard hairs on the faces of the men were habitually pulled. While sitting around the Indian was continually running his hands over his cheeks and chin, feeling for hairs. These were pulled out by the roots, a good hold being gotten on the hair between the fingers. It hurt, and sometimes made the Indian wince. Occasionally a piece of mussel shell, a thin chip of flint, or the like, was held in the hand in order to better grasp the hair. Some Indian women also had hair grow on their faces and extracted it little by little the same as the men. Of course, some Indians were tidier than others in keeping the hair from their faces."

The so-called "Mystery Man of Europe," Sir Basil Zaharoff, is spending his thirtieth winter at Monte Carlo enjoying his sunny outlook over the Mediterranean from his suite in the Hotel de Paris. But he still has his eye over the world and keeps well posted. He says that he always did business for fun and that since the departure of his beloved wife last spring he does not find so much fun or play in business.

What the papers say does not concern him, for his secretaries still have directions, as always, to bring him no clippings concerning himself. It is about other people—France, England, the United States, and other nations—that he desires to be informed.—Wall Street Journal.

"I always feel that spring is the best time of year," declares Dad Plymouth, "until I bump into somebody who wants to tell me the peach crop's killed."

Scientists Baffled by Mystery of Crystals

Although the comparatively modern science of crystallography has now satisfactorily explained the formation of crystals, and mathematics has charted their innumerable "faces" in respect to the angles, very little is definitely understood concerning certain conditions, as for instance the reasons for the pellucidity of crystals, or under what circumstances the ancients were led to use crystals, or beryls, in their practice of divination by means of "gazing."

The beautiful "glass stones" were for centuries considered to have supernatural abilities, and even today a large crystal is a part of the paraphernalia of most magicians, so-called. Spirits were supposed to make crystals their habitat, and Andrew Lang, famous British author, once declared that there might be something more than superstition attached to the reports of amazing things said to be read within the crystals of even the moderns.

Although the origin of crystallography is somewhat obscure, both Prof. M. Dumas of the College of France, and the eminent savant Prof. F. C. Calvert, credit Swedenborg, the extraordinary universal genius of the Eighteenth century, with having been the first to comprehensively set forth the reasons for crystalline formations, and with having computed and characterized the arrangement of crystal spheres and angles. Nicolas Steno, fifty years earlier (1669), was probably the first of the moderns, at least, to give public utterance to some aspects of the subject.

Crystals, apart from their precious value, have been in commercial use in optics and for watch glasses, etc., while there is always some demand among jewelers for certain types. Recently, two magnificent imported Burmese crystals, cut by natives with small steel hatchets, were sold at a New York auction room for \$50,000.

Advertising Sells Your Goods

BUILD YOUR OWN HOME

Surely you must know that it is much cheaper to build than to buy. Your ideas are as good as any one's else. Plan your own home with the help of some good plan books; then make little changes if you want, to suit yourself. Have your new home and everything in it just the way you want it.

The most important thing to consider is Sound Construction. Use the best building materials, it will pay you big. Use 2x10 joists, 2x6 overlays and rafters, solid oak flooring, best grade of plumbing fixtures, copper flashings and troughing. They speak for themselves. Plan a home of beauty, convenience and comfort.

Your home is your permanent receipt for the money that it cost you; a daily reminder; either a pleasant one of money well spent, or a discouraging reminder of a foolish investment.

Why not give me a ring and let me show you a number of plans and talk things over? You will not be obligated in any way.

## SOUTH SALEM

Louis Schlossstein and daughter spent Saturday afternoon with Mr. and Mrs. Ira Walker.

Mrs. Bordine has come to the home of her daughter, Mrs. Laura Sietoff, for a visit.

Theo. Sietoff, Jr., spent Sunday afternoon with his brother, Mayford Sietoff, and wife.

Mrs. Little Smith was given a complete surprise Tuesday night at the home of her son, Clyde, in Plymouth, the occasion being her birthday. A merry crowd gathered, played cards, and refreshments were served. She received a number of nice gifts. All departed wishing her many more birthdays.

Ray Gale will have an auction sale Thursday, March 31.

Mr. and Mrs. Harry Cooper are moving to Will Mager's farm.

## WHITBECK'S CORNERS

Mr. and Mrs. Harry Bradke and family and Mr. and Mrs. Edward Bradke and family of Detroit, were Sunday guests of Mr. and Mrs. Walter Dohloff.

Mr. and Mrs. Otto Kaiser and son, Dale, and Mrs. A. Parrish went to Detroit the weekend, to visit Mrs. Lottie Kohnitz, who is suffering with a bad limp. She is able to get around a little on crutches.

Misses Blanche Klatt and Wilhelmina Hank motored to near Tecumseh, Saturday, and spent the weekend with the former's sister and husband, Mr. and Mrs. Joseph Bock and family. John Hank and family were also Sunday visitors there.

Mrs. A. Parrish spent part of last week at the home of Mr. and Mrs. Otto Kaiser, on Golden road.

Mr. and Mrs. Rengert of Frain's Lake, visited at the home of Wm. Rengert, last week.

Mr. Noble, who has been spending some time at the home of his sister, Mrs. Freeman, has returned to his home in Flint.

## Young America Armored in Its Sophistication

Left to fend for himself, as he usually makes sure that he is left, the average young American is surprisingly precocious in getting his sea legs. If he has had free rein through his last years in high school he has an armor of hardness and sophistication by the time he reaches college which his father probably did not possess at thirty and his mother may not yet possess.

If he doesn't have it at the beginning of his freshman year, he will by the end of it. People who still talk sentimentally of "the tender years," meaning the late teens, should read from sixty to one hundred themes a week for five years as I have done, and should hold three hours a week of conference over anything from the placing of commas to the expediency of booze parties.

At the end of a regimen like that one feels that he knows what is in the heads and hearts of young people. And except for the rare young person who has come up in a home where the right-and-wrong standard was still rigorously applied, and whose ease, just because he is not armored like his fellows, is very sad indeed, I do not worry greatly about the mere wastefulness of the standard which finds its sanction in experience.

I am still awed by the sureness and the level-eyed pulse with which sorority pledgers steer in waters their mothers never dreamed of trying to navigate. They know, these rugged and marceled seventeen-year-olds, that there is a definite margin of "stuff you can't get by with," and they are careful not to allow any pretty sentiment or rash impulse to take them beyond that margin.—Avis D. Carlson in Harper's Magazine.

## Trade Dollars

The trade dollar of 420 grains Troy was authorized by the act of February 12, 1873. It was intended for circulation in oriental countries as a substitute for the Mexican dollar, which it slightly exceeded in weight, but by the terms of the authorizing act it was made legal tender in the United States in sums not exceeding \$5. This legal tender quality was withdrawn by the joint resolution approved July 22, 1876, and the coinage was limited to such amount as the secretary of the treasury should consider sufficient to meet the export demand. The act of February 19, 1887, provided for the retirement of trade dollars or subsidiary silver. For six months after the passage of the act they could be exchanged at the treasury or any sub-treasury, dollar for dollar, for standard silver dollars or subsidiary coin. The total number of trade dollars coined, was 35,965,924.

## Men's Newest Furnishings

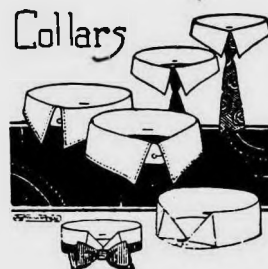

Shirts—Socks—Kerchiefs

From one of the biggest shirt makers—cut full and generous—carefully finished, sizes 14 to 17, we are showing the widest selections of madras and broadcloth Shirts at the low price of \$1.25, \$1.85 and \$3.00. Neckwear—never such values in colorful Spring Scarfs in all weaves and designs—very special, 65c. Lisle and Silk Hosiery, gay in color, or somber harmonious shades—or plain blacks and tans—the latter in all hues—25c, 50c and 75c.

Soft and Semi-Soft Linens

The soft collar for spring and summer has become the well-dressed American's standard—and as a result collar makers have been perfecting models which withstand the hardest wear and still retain their shape and dressiness. We have them in soft and semi-soft materials—a great assortment of models—the one you can wear best amongst them. They are 20c, 3 for 50c, and 35c, 3 for \$1.00.

Athletic Underwear

Men's Athletic Underwear at exceptionally low prices. Union Suits of white madras, self-striped or of English broadcloth, at \$1.35. Union Suits of pre-shrunk pin-checked material, self-striped or cross-bar madras at \$1.00, 3 for \$2.85. All sizes—but not in every style.

## Boys' School Suits

**\$9.85 and \$14.85**  
With 2 Pair Pants

The new Spring twists, tweeds and mixtures, overplaids and diamond weaves in pleasing tones of grays and browns and tans—smart single-breasted or double-breasted models—and every suit a bargain. Some of them with two pairs of knickers. The cut and line of these suits are just what the youngsters call "keen."

Caps—Underwear—Stockings

Golf or Sport Hose—all sizes—fancy color and combinations. Very special, \$1.00 and \$1.75. Caps—the new grays and browns—cut full—very dressy, \$1.25 and \$2.00. Athletic Underwear—very special, 75c.

**Local News**

Paul Wood is building a new house on Ann street.

Mrs. Maxwell Moon entertained the Wednesday Bridge Club this week.

Mrs. Martha Karriek is home from Highland Park hospital, much improved in health.

Mr. and Mrs. F. J. Moore and little grandson, Buddie Swan of Detroit, visited C. O. Dickerson and family, Saturday evening.

H. Livengood of this place addressed the Northville Rotary Club, Monday, and the Exchange Club of that place on Wednesday.

Born to Mr. and Mrs. George Savory, who reside on the Plymouth-Northville road, a daughter, Vera Pauline, at University hospital, Ann Arbor, March 8th.

Mr. and Mrs. Raymond Hills entertained at Sunday dinner in honor of the wedding anniversary of the latter's parents, Mr. and Mrs. B. F. Werve. Covers were laid for sixteen. Out of town guests were from Jackson.

Mr. and Mrs. Fred Phillips of Superior, pleasantly entertained the P. T. A. of the Town Line school, at their home on Town Line road, Friday evening, about 35 being present. Mr. Hagan of Ann Arbor, County Club agent gave a very interesting talk; also E. W. Smith, Mr. and Mrs. Fillmore and Walter Postiff of Plymouth, were entertainers of the evening.

Fred Harer, 104 Main street, celebrated his eightieth birthday, Sunday, March 20th, with a delicious chicken dinner, which was attended by his children, grandchildren and great grandchildren, there being thirty in all. A huge birthday cake, decorated with eighty candles, furnished the centerpiece for the table, while a snow white hyacinth perfumed the room. The day was very much enjoyed by all, and Mr. Harer has the wishes of all for many more happy birthdays.

Mrs. F. C. Muslow is visiting relatives at Dryden, Michigan.

E. C. Hough has been confined to his home for several days by illness.

Mr. and Mrs. O. W. Showers are visiting at Niles and Dowagiac, this week.

The Dony Construction Co. are building a new house in the Sunset subdivision.

J. R. Parrott, Howard Richards and William Hayball were at Manistee and Muskegon, last week-end.

Plymouth students, who are attending various colleges and schools, are returning home today, for the spring vacation.

Mrs. Lila Vandusen of Chesaning, is the guest this week of Mr. and Mrs. Ralph Bowman. Mrs. Vandusen is a cousin of Mrs. Bowman.

Mr. and Mrs. F. W. Lewis and son, Frank, returned to their home on Ann Arbor street last week, from Beaumont, Texas, where they spent the winter.

The Plymouth Bridge Club were entertained by Mrs. Albert Gayde and Mrs. E. S. Cook, at the home of the former on Starkweather avenue, Thursday afternoon.

Mr. and Mrs. James McKeever and Mr. and Mrs. Stanley Chambers attended a family reunion last Sunday, at the home of Mr. and Mrs. Frank Peters, at Rosedale Gardens.

Mrs. Florence Ewing returned home last Saturday, from St. Joseph's Mercy hospital, Ann Arbor, where she went a few weeks ago for an operation. She is getting along nicely at present.

Miss Marble Dunham of Belleville, who has been visiting at the homes of her uncles and aunts, Mr. and Mrs. Ben Dunham and Mr. and Mrs. David Corkins, has returned to her home.

The Osceola Five Hundred Club agreeably surprised Homer E. Burton, Tuesday evening, at his home, the event being his birthday. Refreshments were served, and each guest wished the host may happy returns of the day.

Mr. and Mrs. William Fryman, Mr. and Mrs. Roy Wheeler, William Lomas, William Stremich, Homer Williams and Fred Chary attended the twenty-seventh International Bowling Tournament at Peoria, Illinois, last week.

The Plymouth Kiwanis Club are sponsoring a bird house building contest among the school children. Prizes will be awarded for the best houses. Every boy is invited to compete in this contest. Get your ideas together, boys, and watch for further particulars.

Village President Harry C. Robinson received a pot of beautiful tulips from Mayor Smith of Detroit, last week, as commemorating the holding of the National Flower Show in Detroit. Mr. Robinson appreciates very much Mayor Smith's thoughtfulness.

Mr. and Mrs. P. E. McCarthy of Rumford, Maine, are spending a few days with Dr. and Mrs. Luther Peck. Mr. McCarthy is manager of the Continental Paper Mills at Rumford. He was a college mate of Dr. Peck at the University of Maine, 29 years ago.

The Rotary Club of Plymouth, with about thirty guests, last Friday enjoyed an unusual treat. James Schermerhorn of Detroit, was present, and addressed the gathering in his own inimitable style. Richard Valentine of Cleveland, sang also, accompanied by Miss Winnifred Jolliffe.

Rev. H. V. Wade of Grand Ledge, is to be the speaker at the M. E. Community House, Tuesday night. Mr. Wade has given the story of his experiences on his trip to the Holy Land, all over the state to crowded houses, and it is to be hoped that Plymouth folks will give him as good a reception as he has had elsewhere.

Mr. and Mrs. Henry P. Lezotte attended the St. Patrick's dinner at South Rockwood, given by the St. Mary's church. It being Mr. Lezotte's birthday, a table was reserved for twenty-two guests. A huge basket of tulips adorned the center of the table, with a large birthday cake at each end. The color scheme was green and white, with St. Patrick favors.

The Plymouth Buick Sales Co. report the following deliveries on new Buick cars: Standard sedan to Walter Snyder; Master sedan to Eugene Wallemaler; Standard sedan to Martin Goseon; Master sedan to Clyde Johnson; Standard Coupe to Charles Mather; Standard sedan to Edith M. Brewer; Standard coupe to Harry C. Maas; Country Club Coupe to Mrs. Kate E. Allen; Master sedan to Charles Wagenachuta.

Mrs. Peter Delker is ill, at the home of her daughter, Mrs. William McCullough.

School closes today for the spring vacation. It will reopen Monday, April 4th.

Mr. and Mrs. Wm. Last attended the funeral of Wm. Gasser, a brother-in-law of Mr. Last, at Fremont, Ohio, last Monday.

The Misses Bernice Washburn and Ila Kinkler came home with Lucille Dickerson from Ypsilanti Normal, to spend the week-end.

The Oddfellows and Rebekahs will attend the Presbyterian church Sunday, March 27th. Meet at the temple at 7:00 o'clock p. m.

Mr. and Mrs. Henry Johns and son of Detroit, and Mrs. and Mrs. E. A. Campbell of Redford, were guests of Mr. and Mrs. John Johnson last Sunday.

Raymond Bacheider, local manager for the Detroit Automobile Club, left Tuesday for Washington, D. C., where he will attend a secretary's conference of the American Automobile Association.

Robert Warner Thom, son of Mr. and Mrs. Otto Thom of Wayne, and Dale August Schmidt, son of Mr. and Mrs. Carl Schmidt of Plymouth, were christened in the morning services at the Lutheran church last Sunday, Rev. Charles Strasen officiating.

### SCHOOL NOTES

#### High School Notes

Miss Spicer gave a Jello demonstration Thursday, for the High school girls in the Home Economics classes and their mothers. She made two vegetable salads and several deserts, showing the possibilities of Jello.

The students of the ninth and tenth grades sewing class will have finished their spring dresses at the end of this week.

The students of the eleventh and twelfth grades cooking class are working on the more difficult problems as cakes, pies, friedcakes, and deep fat frying.

Miss Giles' English ten classes are studying "The Merchant of Venice."

Several members were initiated into the Aggie Club Monday, March 21.

Committees have been appointed for the J-Hop on April 22nd.

The advanced class in manual training went through the Cadillac plant Thursday forenoon. Frederick Reiman, Louis Straub and Chase Willett drove the cars.

The Camp Fire Girls and Girl Reserves wish to thank the Woman's Club for the invitation extended to them to hear Miss Bonstelle and the new Century Club Players, Friday, March 18th. They think it was one of the most enjoyable programs they have listened to. Miss Bonstelle was gracious enough to make recommendations of plays to their play committee, and they feel very much more interested in what she is trying to do for the drama, because of her interest in them.

There has been a subscription campaign for the annual. There has been a down payment of fifty cents, so that the staff will know how many copies to order.

Miss Whipple's English eleven class has been studying the life and works of Edgar Allen Poe.

The students of the Public Speaking class have been studying announcement speeches.

The seventh and eighth grades spelling bee, conducted by the Detroit News, was held March 17th. The members of the seventh grade team are: Marie Beagle, Vincent Herter, Billy Kirkpatrick, Bruce Miller, Rupert Hadley, Floyd Dicks, Steve Dudek, Walton Ichawine, Beulah Wagon-schultz and Gladys Zitech. The champion is Steve Dudek, winning by the word "embarrass."

The members of the eighth grade team are: Luella Heiny, Georgiana Mitchell, Evelyn Starkweather, Albert Miller, Joseph Ribar, Bernette Kilgore, Lynford Fritz, Maxwell Todd, Irene Livingston and Maurine Dunn. The champion is Evelyn Starkweather, winning by the word "legislator."

The intermediate grades physical training exhibition was given March 22nd, and the primary grade exhibition was given March 17th. Parents and friends were invited.

Mr. Suavey, manual arts instructor, and eighteen pupils left the High school Thursday morning at 7:30 for a visit through the Cadillac Motor Car plant. Each one had to have his work done the day before. Frederick Reiman, Chase Willett and Louis Straub furnished the transportation.

When we got to the plant we received our permission and two guides who treated us very well. They took great pains to explain the different parts of the car and plant.

First we went to the screw and bolt room, where one man operated four electric lathes. Then we went to the core room, where the cores are baked in large ovens and then allowed to cool. Then these cores are used for making of parts of the machine. From here we went to the molding room, where they made use of dirt in making the block of the motor. We next visited the wood pattern room, where we all took great pleasure in watching these men.

In the assembly room, where they assembled and riveted the chassis, the rivets were heated by electricity. The Cadillac car has only 68 hot rivets, the rest being cold rivets.

From these we went to where the chassis was ducoed. Then we went to the assembling and testing of the motor, seeing how, as it moved along, different parts would be installed.

Then the motor is tested for six hours—five hours on the city gas and one hour on gasoline. While these engines are being tested they made the power for the plant electricity. One hundred and thirty motors are tested at one time. Then the motor is installed in the chassis and then moves along to where the wiring is installed and the transmission. Then the wheels and tires and gas tank are installed. When the batteries are installed the car is run off the tracks and a driver takes it out to test it. Next we saw where the body and upholstery are put on. The Cadillac company has 500 combinations of colors. We then went back to the office and thanked the guides for their kindness in showing us through the plant.

### NEWBURG

Rev. Walker preached from Peter 2:2, after which the sacrament of the Lord's supper was partaken of. Next Sunday will end the Sunday-school contest. A good interest has been shown during this contest. Epworth League meets at 7:30. Everyone most cordially invited to all the services.

The Epworth League are putting on a play entitled, "The Path Across the Hill," next week Thursday evening, March 31st, at the L. A. S. hall. The young people have worked hard to make this play a success.

Myron S. Williams and Rene Angell of Detroit, were week-end guests at the parsonage.

Rev. and Mrs. F. I. Walker were guests of Mr. and Mrs. F. S. Neal at Northville, on Tuesday of this week.

Mr. and Mrs. Ira Carney and Mr. and Mrs. Donald Ryder attended a basket ball tournament at Ypsilanti, Friday evening.

Mrs. James McNabb left last Saturday, for San Fernando, California, where she will join her husband. They expect to return some time in May.

Sammie Adams, youngest son of Mr. and Mrs. Harry Adams, is quite ill this week, with an abscess of the ear.

Elbert Paddock and sons, Charles and Dwight, visited Mr. and Mrs. Wm. Farley in Plymouth, last Saturday afternoon.

Mr. and Mrs. Donald Ryder attended a Peoria Life Insurance convention in Ypsilanti, Wednesday.

Mrs. Charles Ryder and daughter, Mrs. Clyde Smith, Mrs. L. Gimsolly and Mrs. I. Gimsolly called on Mrs. Emily LeVan and Mrs. Ada LeVan Monday afternoon and evening, to bid them good-bye, as they left for Oscoda Wednesday morning, for an indefinite length of time.

Miss Angeline Rousseau played several piano selections at the P. T. A. play, "Yummy Yonson's Yob," which were well received.

Misses Leona and Lydia Joy and Joy McNabb attended the National Flower Show in Detroit, Saturday.

T. L. Skinner of Chicago, is visiting his niece, Mrs. W. H. Greer.

Mr. and Mrs. Frank Bendel and Glenn Hatt and mother, Mrs. Carrie Hatt of Lansing, visited at the home of Mr. and Mrs. Clark Mackinder. Mrs. Hatt remained for a short visit.

It's now getting along that time of year when neighbors take up the self-appointed task of watching the husband whose wife is away on vacation.

A movie actress is boasting an Hawaiian coat 400 years old. That shows their clothes don't last as long now as they used to.

Wouldn't it be interesting to know how many thousand citizens of New York City are wishing right now that they lived where they could dig a can of fishing worms?

**Today's Reflections**

A New York paper says more women are buying dresses on the installment plan than ever before. And more of them seem to be wearing them that way.

About the finest compliment that can be paid to any Plymouth boy is to say he is a comfort to his parents.

You can't always tell. Some men are ruined because they can't get credit and others are ruined because they can.

We are continually hearing about "permanent waves" in Plymouth, when what we really need is more permanent values.

When a Plymouth girl's mother weighs 250 and her father 125 she

delights in arguing that she takes after her father.

The world is growing better. The fellow who has a cow he can't sell is no longer driving her on the railroad track.

One thing you learn in the School of Experience is that the quickest way to find out a man isn't to be trusted is to trust him.

QUALITY AT LOW COST

## Dr. Frank Crane Says

NO COMPROMISE WITH LIQUOR.

The liquor business is like a deadly serpent.

It is about as easy to regulate or to make legal as it is to tame a hyena.

It is essentially a wild beast.

It is unfortunately aligned with conviviality. Many people seem to think that getting drunk is a joke and the consumption of alcohol is amusing. They speak condemningly of the use of whiskey by the youth.

Many people, and especially those engaged in wet propaganda, do not realize the deadly end of this peril.

It is an own brother to murder, hold-ups, burglary, smuggling and thuggism.

A man engaged in the business of enforcing the law of prohibition takes his life in his hands, for those in the liquor business do not hesitate to kill when it is necessary. It embraces not only low brow thugs, but millionaires and social leaders.

While the common people have decried for the abolition of alcohol, there are many who are determined to go on with their consumption of liquor.

The efforts of the convivially inclined and those who think that their personal liberty has been interfered with are influenced by one of the strongest passions in the human breast—greed.

It is difficult to enforce any law when the breaking of that law is backed up by human passions. The laws against arson, murder, adultery and theft are thousands of years old, yet they are constantly violated no matter what their evil effects.

The law against the use of liquor is aimed at the greatest curse and greatest cause of crime that humanity has ever known.

Those who see the vileness of its effects, the moral degradation of youth and the damage to business have lined up for prohibition, while against the prohibitory law are those who are subtly influenced by the traditional tolerance of the human race to a habit that is supposed to be genial and pardonable.

The trouble with bootlegging is that it pays and pays big. Whoever will take the profit out of this unholy business will be doing a great service.

### MUNICIPAL NOTES

If the weather will give us half a chance, our grader will not be long in greatly improving our roads. The sewer trenches have complicated the usual spring upheaval of roads and made lots more work for us. But according to the papers, we are not the only place afflicted with bad roads.

Representatives of four digging machine companies were present at the Commission meeting Monday night, to explain the various merits of their products. This afternoon, the Commission expects to take a trip to see some of these machines in actual work. Next Monday the matter will be further considered.

The petition for the paving of Harvey street from Williams street to Farmer street, received favorable action Monday evening. The work will be included in the paving program being worked up.

A street light was ordered installed at the corner of Blanche and Arthur streets.

The creek running along Park avenue on the way to the tourist camp, has become more or less of a nuisance to the people living in that neighborhood, and they have requested that it be tilled. This request was granted by the Commission.

The manager has been authorized to write the Wayne County Road Commission, expressing to them our willingness and intention to cooperate with them in every possible manner, and to the fullest extent in their work in our vicinity. This village has received many courtesies from the Road Commission entirely aside from the paving work, which has made it so easy for Plymouth people to drive smoothly and safely in almost any direction, and it is only fair that we should return the compliment.

Don't forget that tomorrow is registration day for the special bond election of the 28th.

And don't forget that on Monday, March 28th, is our special bond election on the proposition to issue \$22,000 bonds for sewer construction. Polls are to be open from seven in the morning until seven in the evening.

**Paying for Fun.**

An Irishman was before a judge on the charge of beating his wife.

The judge looked down at him and said: "That will cost you exactly \$2.20."

"And, please, Sorr, what is the 20 cents for?"

"Federal tax on amusements."

**PLYMOUTH LOSES AND WINS AT ADRIAN.**

Plymouth basket ball teams divided honors with the Fireside basketballers at Adrian, last Saturday night. The Plymouth girls' team won from Adrian, 27 to 15, while the boys' team of the Wolverine Athletic Club lost to the Adrian quintet, by a score of 35 to 21. The girls' game was evenly matched during the opening period, but the local sextette drew away during the second frame and accumulated a lead that held good until the final whistle. The Adrian team rushed the locals from the opening foot, and the first quarter ended with Adrian far out in front, 14 to 0. The line-ups:

**SPECIAL ELECTION**

Notice of Special Election for the purpose of voting on \$22,000 sanitary sewer bonds. To the qualified electors of the Village of Plymouth, Wayne County, Michigan.

Notice is hereby given that at a regular meeting of the Commission of the Village of Plymouth held March 7, 1927, the following preamble and resolutions were unanimously adopted by the said Commission:

WHEREAS, This Commission has heretofore declared the construction of certain lateral sanitary sewers an expedient and necessary public improvement, and

WHEREAS, This Commission has caused to be made an estimate of the cost of such necessary improvements which estimate is the sum of twenty-two thousand and no/100 (\$22,000.00) dollars as being that part of the cost of said improvements to be paid by the Village at large.

NOW, THEREFORE, BE IT RESOLVED, That the proposition of borrowing the sum of twenty-two thousand and no/100 (\$22,000.00) dollars and issuing the bonds of said Village for the purpose of constructing certain lateral sanitary sewers, be submitted to the qualified voters of the Village of Plymouth at the special election in said Village, to be held on Monday, the 28th day of March, A. D. 1927.

BE IT FURTHER RESOLVED, That said election shall be held at the voting place in said Village of Plymouth, to-wit, the Village Hall, in said Village, and that the polls of said election shall be open from seven o'clock in the forenoon until seven o'clock in the afternoon of said day, Eastern standard time.

BE IT FURTHER RESOLVED, That the form of ballot shall be as follows: Shall the Village of Plymouth borrow the sum of twenty-two thousand and no/100 (\$22,000.00) dollars and issue its bonds therefor for the purpose of constructing certain lateral sanitary sewers in said Village?

Yes ( ) No ( )

BE IT FURTHER RESOLVED, That any elector desiring to authorize the said Village to borrow said sum and issue its bonds therefor for the purpose of constructing certain lateral sanitary sewers in said Village, shall place a cross within the brackets following the word "Yes" in said ballot, and any elector desiring to vote against the borrowing of said sum and the issuing of said bonds shall place a cross within the brackets following the word "No" in said ballot.

BE IT FURTHER RESOLVED, That the Clerk of said Village of Plymouth, be, and he is hereby authorized and directed to give notice of said election to the qualified voters of the said Village of Plymouth by causing a copy of these resolutions to be posted at the polling place for said election and in ten (10) of the most public places in said Village, at least fifteen (15) days before the date set for said election, and by causing a copy of said notice to be published in the said Village of Plymouth in the Plymouth Mail, a newspaper of general circulation, at least twice, the first publication to be at least fifteen (15) full days prior to the date of said election.

BE IT FURTHER RESOLVED, That the Board of Registration of said Village of Plymouth shall meet at the Village Hall in said Village, on Saturday, the 19th day of March, A. D. 1927, and on Saturday, the 26th day of March, A. D. 1927, from nine o'clock in the forenoon until eight-thirty o'clock in the afternoon of said day, for the purpose of completing the registration of the voters of said Village qualified to vote at said election.

BE IT FURTHER RESOLVED, That the Village Clerk be, and he hereby is authorized and directed to give notice of the meeting of said Board of Registration, together with and at the same time and in the same manner that he gives notice of said election.

BE IT FURTHER RESOLVED, That all resolutions or parts of resolutions in conflict with the provisions of this resolution, insofar as they conflict herewith, be, and the same are hereby rescinded and repealed.

Dated, Plymouth, Wayne County, Michigan, March 8, 1927.

Sidney D. Strong, Village Clerk.

**REGISTRATION NOTICE**

Notice of registration for special election of March 28, 1927 for voting on \$22,000.00 sanitary sewer bonds. Notice is hereby given that on Saturday, March 19, 1927, and on Saturday, March 26, 1927, the Village Board of Registration will be in session at the Village Hall in said Village of Plymouth, from 9:00 o'clock in the forenoon until 8:30 o'clock in the afternoon, Eastern standard time, for the purpose of completing the registration of the qualified voters of said Village, under and in accordance with the statutes of the State of Michigan and with the provisions of the Charter of the said Village of Plymouth, Wayne County, Michigan.

Dated, Plymouth, Wayne County, Michigan, March 8, 1927.

Sidney D. Strong, Village Clerk.

**This Week**

By Arthur Brisbane

**PRESIDENT FACES WEST. THE DINOSAUR PARTY. STUDYING MUMMIES. MEN WILL DIG.**

President Coolidge will spend his vacation in the West, in response to many invitations. He should drive in a big automobile from Kansas City to Seattle down to San Diego, fishing here and there. He would see millions of Americans that like him.

The biggest wars are soon forgotten. Over a direct cable from the United States to Germany, opened last week, President Coolidge wired President Hindenburg his hope that "this additional means of communication will promote mutual understanding and good will between the two countries." And President Hindenburg replied most politely. Germany, rid of an expensive fleet, expensive standing army and extremely expensive Kaiser attends to business and goes ahead more rapidly than any other country in Europe.

Mrs. Henry Fairfield Osborn entertained friends at the Museum of Natural History, in honor of the tyrannosaurus, in Dinosaur Hall.

That monster is 47 feet long from his back to the end of his tail, 18 feet high at the hips, 21 feet around the waist, with bones that weigh more than two tons.

He was a powerful animal, but couldn't last because he didn't have a brain big in proportion to the size of his body.

Civilization has developed a more powerful creature, which is the two-legged billiard ball, able to control and command the work of 200,000,000 men for one day.

That billiard ball will soon be numerous and the interesting question concerning him will be, "What about his life?" Will it be big enough to keep him safe?

The learned Dr. Saek, of Heidelberg University, studying thousands of Egyptian mummies, finds that high living killed off rich Egyptians as it kills off rich Americans now.

Foolish eating, lack of exercise, especially lack of deep breathing, have through the centuries been skimming the scum off the boiling pot of civilization.

Mummies of the fifty dynasty show signs of tuberculosis, affecting the spine, and gout, swelling the joints.

The supreme court decides unanimously that Texas' laws forbidding negroes to vote at Democratic primaries is unconstitutional. It is a most important decision, and not to the South only, since it may mean Federal control over local primaries.

Where money is, men will dig. It was proved in Italy before architects had learned how to make great domes like that on St. Peter's hold themselves up as they rose in the air. One dome was built and filled with earth to support it, as it rose, until the sides met at the top. Putting in the earth would be much less expensive than taking it out. So they mixed the earth beneath the dome with small coins of a total value much less than the cost of removing the earth. When the dome was finished the population was told it could bear away the coin-bearing dirt. The great dome stood empty.

This country last year imported more than \$80,000,000 worth of precious stones, \$5,000,000 more than the year before. And those purchases were made without the assistance of the extinct race of bartenders, to each of whom a large diamond was as necessary as a white apron.

M. Millet, French scientist, would tear down the honey bee's reputation built up by Maeterlinck, Lubbock and many others, back to Aristotle.

The bee is a dull, mechanical creature, says Millet; it does not know that it polenizes flowers and blossoms, does not even know which flowers have honey, thinks only of getting sugar.

You can say the same of our human honey bees of industry. They build up civilization, make wealth, leisure and culture possible, but they don't know it or don't care. They also are "only looking for sugar."

But like the bee, they are doing the work for which the Lord created them, and that's sufficient.

## FIRST PRESBYTERIAN CHURCH

10:00 A. M.—Morning Worship 7:30 P. M.—Evening Worship 11:30 A. M.—Sunday-school

10:00 a. m.—“Unused Power”

7:30 p. m.—“The Man of Generosity”  
Odd Fellows and Rebekahs in attendance

11:30 a. m.—Sunday School

6:30 p. m.—Young People

ing, pepping things up in his usual pleasant manner.

The children had charge of the program last night, a surprise birthday party, and we were all agreeably surprised at the efforts that they put forth. We are proud of our children, and glad to make mention of their willingness to do things. This speaks well for them and augurs a wholesome future. They were directed by Miss M. E. Lehman, who has the interest of the children at heart, and who is trying very nobly to develop their talents along the lines of singing, music and recitation. Let parents encourage their children, and teach them to love that which is noble; co-operate with authority and success is bound to come.

Remember, another convert class will begin after Easter. Help this work along with prayer, and bring those interested in the Catholic religion to the pastor, so definite arrangements can be made. The present class is doing well, and show a great interest in things that are Catholic.

The marriage of James Cooper and Dolores Alder takes place in the Rectory parlor, Saturday night. They have the best wishes of all.

Mrs. M. Klinke is reported ill, but not in a serious condition. We hope she will recover soon, and be with us.

John Schomberger is on the sick list. A speedy recovery is hoped for him.

Mrs. F. Ewing, nee Webber, has returned from St. Joseph's hospital, Ann Arbor, and is at home, reported very well.

We were sorry to learn of the death of Thomas Hogan's father. Our sincerest sympathy is extended.

Mart Hund is reported well, and we are glad to hear this.

Any still having tickets on money on the St. Patrick's ball, will kindly make their returns.

Mrs. J. E. Rousseau and daughter, Angeline, attended the grand opera, "Tosca," at the Masonic temple, Detroit, last Saturday.

A very special privilege will be extended to all in the very near future, as the true relic of St. Theresa, the Little Flower, will be had at our parish for worship. Many special favors have been granted through this late saint of God, and many miracles wrought through her intercession.

Next Sunday is the last Sunday of March. Have you given your monthly collection? Or will you come under the casualty list?

Rev. W. A. Gaebler of Sturgis, and Rev. J. G. Schuler of Northville, were callers at the rectory during the past week.

Next Sunday is the Holy Communion Sunday for the children.

### PRESBYTERIAN NOTES

On Sunday evening next, the Odd Fellows and Rebekahs will attend the Presbyterian church service. There will be special music and an appropriate sermon. Joseph Tracy will sing.

The new executive of the Woman's Auxiliary held its first meeting Monday evening, and plans are under way for a year of helpful activity. A number of committees have been selected.

### OBITUARY

William Smith, son of Dora Baze, died March 19th, at Harper hospital, Detroit. He was born February 10, 1870, in Greenfield, and spent his boyhood days at Livonia Center. In September, 1898, he was married to Ada Dell Croger, and remained at Livonia until 1905, when they moved to near Northville, and remained there until two years ago, when they settled on their farm near Worden. Mr. Smith leaves to mourn their loss, his wife and three sons, Arthur, Forest and Stanley; also one grandchild, his mother, Mrs. Dora Baze, two brothers, Charles Smith and John Baze of Livonia, and two sisters, Mrs. Will Cook of Plymouth, and Mrs. James Bunn of Pontiac, and a host of friends.

FOLEY'S HONEY AND TAR COMPOUND  
SOLD EVERYWHERE

### FATHER LEFEVRE GIVING SERIES OF SERMONS.

A series of the most brilliant sermons have been masterfully rendered each Tuesday evening of Lent at 8:00 o'clock, to those who have had the pleasure to be present to hear one of the prominent pulpits orators of the Catholic Diocese of Detroit, Rev. F. C. Lefevre.

These praiseworthy discourses denote indeed, serious contemplation, earnest, untiring and skillful study, associated with facts and incidents, which increase the interest deeply. The ten commandments are the basis for these sermons in which Rev. Father Lefevre depicts the reward of those faithful to the commandments and the punishment meted out to those who are not faithful.

Being present the forty-five minutes on Tuesday, devoted to preaching, leaves a wholesome, refreshing peace of mind enjoyed by those present. The large attendance alone speaks of gratitude and appreciation of the beautifully rendered sermons.—Contributed.

### EPISCOPAL NOTES

There was a good congregation last Sunday morning, notwithstanding the state of the weather. Rev. Wesley preached a very inspiring sermon from Matthew 27. The new handsome pulpit, a gift to the mission from a citizen of Plymouth, has arrived, and was used for the first time last Sunday. The pulpit was specially made at Northville, and will be dedicated at next Sunday morning's service.

The members of the confirmation class are reminded that the class will meet at the parish house every Thursday evening during Lent, at 6:45. If any adult or junior wishes to be confirmed, there is still time to join this class, which is conducted by Rev. Wesley.

Lenten services are being held every Thursday evening, and they are well attended. Rev. Wesley gives a special address at each Lenten service. There is a question box at the door of the church, and he will answer any questions that may be placed there.

Last week, the Men of St. John's club held their regular monthly meeting and social in the parish house, and there was a splendid turnout. Everybody appeared to have a very enjoyable time with games and singing, led by Warden James Gallimore at the piano. At the meeting, the club officers for the year were appointed, the results of the voting being as follows: Harry Wronch, president; Sidney D. Strong, vice president; Frank Henderson, treasurer; Paul Ware, secretary. The voting for secretary became very interesting when Mr. Davidson and Mr. Ware had equal number of votes; a second ballot was cast in which Paul Ware just obtained the majority. A very delightful oyster supper was cooked and served by the men, after which the party broke up at a rather late hour.

We are pleased to announce that Mrs. Wesley's operation was successful, and she is recovering sufficiently to be brought home this week.

Mrs. Alfred Innis, who underwent a severe operation last week, is progressing nicely at this writing. We are glad to say.

### CATHOLIC NOTES

Lenten devotions are held on Tuesday and Friday nights at eight o'clock. The attendance thus far, has been good, and we hope all will continue in the spirit of penance and sacrifice. Lent is now half over, and the spirit thus far manifested has been worthy of praise. Next Tuesday's sermon will be on “Obedience and Authority.”

The Altar Sodality met last Tuesday, and made arrangements for a card party to be given on next Thursday night, in the Mahogany room. Mrs. F. Forsgren and Miss Mary Mertens are the hostesses. A cordial invitation is extended to all.

The Nethem club met Tuesday night in a social way, and entertained themselves with the aid of the Ortho-Phonic victrola. Thomas Morrison, after a month's journey in Canada, has returned, and was present at the meet-

## Re-roof for the last time

Dilapidation

Application

Restoration

with Johns-Manville  
Asbestos Shingles

Lay them right over the  
old roof

**N**O dust, dirt, danger of damage by rain while the work is in progress; no delay or inconvenience at all. And you'll have a double roof that will make your upper rooms warmer in winter and cooler in summer.

The finished roofing of Johns-Manville Asbestos Shingles will be everlasting and positively fireproof. It will make your home safe from roof-communicated fire. It will be attractive. It will never have to be renewed or painted because Johns-Manville Asbestos Shingles are all mineral. They will not rot, burn, curl or split, but last as long as the building they protect. They're approved by the Underwriters and take base rates of insurance.

If your present wooden or asphalt shingle roof needs repairs or replacement, it will certainly pay you to investigate this improved method of re-roofing. Its simplicity, economy and freedom from dirt and confusion will be a revelation to you.

Write, call or telephone today for further particulars and booklet "Re-roofing for the Last Time."

## WILL DEDICATE NEW CHURCH SUNDAY

WEST POINT PARK INDEPENDENT CHURCH WILL BE DEDICATED WITH APPROPRIATE CEREMONY SUNDAY, MARCH 27.

If the pioneers of 1860-4 could return to our corners what would they recognize. Perhaps the big elms in front of the old Pierson homestead, where Grandma Wolfe has lived for a quarter of a century.

Last April, at a mass meeting held in the old Pierson school house, the community at the junction of the Seven Mile and Farmington roads was given the name of West Point Park.

Certain public-spirited citizens had publicly announced that they would gladly donate \$25.00 in gold to anyone who would select a name that would be finally used for the community by a vote of the residents.

About one hundred names were sent in and a lively and happy evening was spent in voting and selecting the name. Finally the name submitted by Mrs. Edwin Beach was selected—West Point Park. Already the name has come into common use in designating the location and the new maps of Wayne county and of Detroit and its environs will carry the name.

West Point Park built the best rural school in Michigan for its children, provided busses for their transportation, with the result that in all the county of Wayne its attendance record is first.

West Point Park decided they must have a church and a Sunday school for the children's sake primarily. It was the unanimous opinion that it must be inter-denominational. Accordingly, trustees were selected at a public mass meeting held last May. The church was organized and named the West Point Park Independent church. Proper officers were appointed; a charter was secured from Lansing bearing the seal of the State of Michigan, incorporating the church, giving its trustees full power to select and ordain suitable young men as pastors for West Point Park and any other communities desiring a similar organization. Without solicitation, five committees have asked West Point Park Independent church to act as a parent church to ordain and supervise a pastor for their work and organization.

The next thing needed was a church building. A lot was secured and the cornerstone laid last May. Then Earl Wolfe donated a fine large barn, moved it on the foundation, to be built over into a community building. After months of hard work by the building committee we have a beautiful building ready for dedication next Sunday, March 27th. There will be three services—10:30 a. m., 3:00 p. m. and 7:30 p. m.

Who will speak? Dr. John Dyrstant, for 12 years superintendent of Saginaw Valley district.

Who will sing? Artists of note from Milford, Plymouth, Redford, Detroit, 12 visiting singers, besides our own choir.

Who will come? People for miles around. Our committees have sent out a thousand invitations. These will reach at least 3,000 people. We ask you, each one who reads this, to use your phone or the mail, or your auto, and see to it that your 10 best friends are invited to the dedication.

Will there be anything to eat? Yes. A buffet lunch for those who coming to one service wish to stay over to the next meeting. This will be absolutely free and will be served in the dining room by our ladies.

What do they do when they dedicate a church? Come and see. If you've never seen such a service you'll enjoy it, and it will be educational. Mrs. Charlotte Wolfe will hand the keys of the church to Earl Wolfe, chairman of the building committee, who will hand them to the chairman of the trustee board, Earl K. Gulien.

Now, let us all pull for next Sunday.

### PERRINSVILLE

Joseph Erwin has returned from a three weeks' visit in Canada.

Mrs. Charles Noll and Mr. and Mrs. Jack Noll of Dearborn, spent Monday evening at the home of Mr. and Mrs. George Baehr.

Miss Margaret Kubic and Miss Marlon Higley motored to Kingsville, Canada, Saturday, to attend a teachers' convention.

Mr. and Mrs. George Baehr spent Saturday evening with Mrs. Lydia Bills, at Wayne. Mrs. Bills is not much improved.

### HOUGH SCHOOL NOTES

We sent our newspaper out last week.

The champions for the grade spelling bee, were: Fifth grade, Esther Merriman; sixth grade, Stanley Truskowski; seventh grade, Jeanette Merriman; eighth grade, Jennie Fogarty.

Two of our pupils have moved away. They are Floyd and Edward Klopferstine.

Mrs. Maimes visited school last week Thursday.

We have started a "Bird Scroll" this last week, where we write the names of the first birds we see. We also have stuffed birds hanging in the windows.

## Fenestra Steel Windows

We Fill the Bill on Windows, Too!

Whatever you're building—we have the materials you need—a line complete in windows as in everything else.

There's a Fenestra Steel Window for every purpose—casement windows for upstairs, basement windows for the cellar, and utility windows for the garage.

GAYDE BROS.

North Village Plymouth

Another reason why most Plymouth boys prefer winter to spring is there's no such thing as sulphur and molasses in winter.

"China says all she wants is 'civilization.' If she gets it it will mean 400,000,000 more people looking for parking places."

What has become of the old-fashioned Plymouth girl who was referred to as a "Tomboy" just because she was unusually active?

We're all philosophers when we step on the other fellow's foot, but it's different when he steps on ours.

And the fact that she happens to think as he does won't keep a man's wife from contradicting him.

## DODGE BROTHERS MOTOR CAR

### Facts

that Draw Crowds and Sway Buyers

Little wonder Dodge Brothers Motor Cars today are accorded such widespread and enthusiastic commendation—

Smart new body lines and attractive color combinations—

A new seating arrangement that provides still more roominess and comfort—

A new clutch, simple, sure, silent—

Softer pedal action, easier gear shifting—

Quicker acceleration, still greater steering ease—

More rigid engine support—and smoother performance—

New, silent-type muffler—

Sturdiness and dependability made still more pronounced by vital betterments in body construction and in the propeller shaft, differential and axle shafts.

Add to these the new five-bearing chrome vanadium crankshaft, with its remarkable improvement in engine performance, the excellent new starting and lighting system and many other recent betterments, and you understand why owners proclaim today's car—

"The finest Dodge ever built!"

Vassar, Mich., Aug. 20, 1926  
"I fertilized my oats with 200 pounds of 'AA Quality' Fertilizer and obtained a yield of 82 bushels per acre of very good quality grain. I am more than satisfied with the crop and with 'AA Quality' Fertilizers which made such a good crop possible."  
—John G. Schnell

Kalamazoo, Mich., Nov. 9, 1926  
"At the Washtenaw County Fair at Ann Arbor, Michigan, this fall, my celery won first prize. 1500 pounds of 'AA Quality' Fertilizer per acre was applied. This kept celery growing uniformly throughout the season. It brought 25¢ a dozen bunches above the market, a return of \$500 per acre."  
—Joe Rottier

**Give your farm a chance—its profit-producing powers will astonish you**

ANY soil will produce some kind of crop, but when it's given a real chance, when it's properly fertilized, it comes back with profit-making yields that fatten the bank balance and make farming a paying business.

For over 60 years "AA Quality" Fertilizers have been piling up unequalled crop records—on all crops, hereabouts and everywhere. Thousands of testimonials from farmers prove this.

The superiority of "AA Quality" Fertilizers begins with the

selection of the world's best raw materials.

Only materials from the most carefully selected sources are used in the manufacture of these famous fertilizers. They are thoroughly blended—cured—and then screened. That's why they are always in perfect mechanical condition and why they produce such satisfactory and profitable crops for farmers everywhere.

Give your farm a chance to work for you—use "AA Quality" Fertilizers.

**AROUND ABOUT US**

Belleville's new consolidated school opened Monday.

The village of Wayne will pave ten more streets the coming summer season.

Brighton voted 261 to 101 to incorporate as a city, in the recent village election.

Considerable agitation is being made in Northville, relative to the organization of a Chamber of Commerce.

Supervisor Sylvester Shear of Redford township, has been renominated by the Republicans of that township.

C. I. Gittins of Milford, and formerly of Plymouth, has been appointed one of the delegates to the Imperial Council of Shriners, which convenes in Atlantic City early in June.

Howell Chapter of the Klugs Daughters and other local organizations, are sponsoring a movement to build a hospital in that city, and undertaking benefits for the advancement of the same.

Nankin township will have two tickets in the field this spring. Peter J. Snyder will head the Democrat ticket, and Warren E. VanVlear will be the opposing candidate on the Republican ticket.

The merchants of South Lyon won the silver, gold lined loving cup, which was awarded by the Better Merchandising convention held in Detroit recently, for the largest attendance in proportion to the population.

Oakland county will build eighty miles of hard roads the coming season. This will make week-end traveling of thousands of Detroiters speedier and more comfortable in reaching the 400 of more lakes in Oakland county.

Dr. T. H. Turner, prominent physician of Northville for many years, died at Grace hospital, Monday, March 14th. He was 86 years of age, and had been in ill health for several years. Funeral services were held last week Wednesday.

Interests associated with J. T. Norris of Pittsburg, Pa., who found conditions favorable for oil in Iosco last season, expect to go on with the work in the spring. They are daily adding to their acreage and now have 60,000 acres over which they have control of rights in the production of oil and gas. Sites have been selected in both Livingston and Washtenaw counties.—Brighton Argus.

Construction will start in the next few days on a big addition to the ambulance division of the William H. Maybury Sanatorium. The new structure will provide additional capacity for 50 beds and officials of the institu-

tion hope to have it ready for use by mid-summer.—Northville Record.

From Walled Lake comes the prize fish story for Oakland county. Last summer Jerome Compton of that place accidentally lost a gold watch and chain in the lake while fishing. His son was fishing through the ice a few weeks ago and caught a 19-pound pike. When the huge fish was being dressed, there was much astonishment at finding a watch and chain with the letters "J. C., Walled Lake" engraved on the charm.—South Lyon Herald.

Work on Redford's million-dollar amusement park, located on a 40-acre tract at Seven Mile and Burg roads, was speeded up this week in anticipation of the proposed opening of the project early in May. Preliminary details involving the "lay out" of the park were completed last week and are expected from Chicago today with the O. K. of the promoters, Miller and Rose. Buildings now standing on the site, the log cabin excepted, will be razed. H. P. Egert, manager, said. Contracts for the erection of the buildings, including the dance casino, the dining hall, the theatre and the swimming pool, have been let to the Butler Construction company. Music is to be furnished by Jean Goldkette's nationally known orchestra. After considerable deliberation it has been decided to make the entrance to the park on the Seven Mile road, west of the river. Exit is to be on the California side of the park near which point parking space is to be provided for some 8,000 automobiles.—Redford Record.

**Picked Up About Town**

"Some fellows have a single aim in life," declares Dad Plymouth, "and that is to stay single."

It's also a fine thing for the treasury of this country that the auto came in when the saloon went out.

"I never yet saw a man who made a dollar growling at the weather," says Dad Plymouth, "but I've seen money lost by not letting it take its course."

Some fellows are so mean to their wives they wouldn't be kind if they could because their wives would then be queens.

Dad Plymouth says half of the women are trying to develop and the other half are trying to rub out the development.

Our idea of government "red tape" is getting something done in six months that action could have accomplished in two, hours.

## THE THEATRE

### "THE DESERT'S TOLL"

The shifting sands of the Great American Desert have doubtless covered some of the greatest dramatic stories ever enacted by man, and what more natural than that Francis McDonald, the star of "The Desert's Toll," should select the locations he did, for the filming of this great out-of-doors epic?

The story of "The Desert's Toll," which is the attraction at the Pennington Allen theatre, Saturday, March 25th, has to do with the evil machinations of three outlaws in a mining country, and their complicated efforts to out-wit Frank Darwin, a dashing young denizen of the ragged hills.

There's a girl from the East, effectively played by Kathleen Key, whose recent work in "Ben-Hur" is still a topic of conversation. And Tom Santschi, the burly villain who has never been forgotten since his sensational debut in the first edition of "The Spoilers," is seen to tremendously good advantage.

The character of Frank Darwin, played by McDonald, is most interesting. He is a young, well educated white man, who lives with friendly Indians in a cave in the picturesque mountain rocks. He is that peculiar combination of the cultured white man and the primitive dweller in the untrammeled mountain fastnesses.

His love affair with the eastern girl runs the gamut of human emotions. Believing her, throughout most of the story, a false and treacherous tool of his enemies, he undergoes a gradual birth of love in spite of himself.

The mad dash over hillsides, pursued by the bloodthirsty desperadoes, while he carries the injured girl to medical assistance constitutes one of the most thrilling episodes of motion picture history.

### "THE OVERLAND STAGE"

One of the screen's great gifts to the public is the history lessons contained in such pictures as "The Overland Stage," the Ken Maynard starring feature for First National, coming to the Pennington Allen theatre, Sunday and Monday, March 27 and 28.

This impressive production shows one of the really great events in the conquest of America; the linking of the stagecoach lines from East to West. The celebration of this historic event was recently reproduced on a massive scale at the site of its occurrence, Deadwood, S. D., and the Maynard company, directed by Albert Rogell, journeyed there to film it as part of their epic.

Although this picture is the first to deal in any large way with the epic of the transcontinental stagecoach, the picture which deals romantically with historical events is frequently seen, and, when well done, is always among the most popular screen offerings. It happens that one of Ken Maynard's first screen parts was that of Paul Revere in a great Revolutionary War film. This way of bringing historic events and personages into view, and injecting into them the very breath of life is destined to be the educational method of the future, according to the psychologic experts.

"The Overland Stage," which is destined to give great impetus to this method of teaching history of the Early West is from an original story by Marion Jackson and is interpreted by a brilliant cast including Kathleen Collins, Tom Santschi, Sheldon Lewis, Dot Farley, Florence Turner, Jay Hunt, Wm. Malan, Paul Hurst, and Fred Burns. Production management was by Harry J. Brown.

### "THE WAR HORSE"

In the new Buck Jones production, "The War Horse," coming to the Pennington Allen theatre, Tuesday and Wednesday, March 29 and 30, this film luminary appearing under Fox Films

banner, has a magnificent role that gives him an opportunity to display the many sides of his acting genius.

This production involved the building of an entire French village at Fox Film's location studio in the suburbs of Los Angeles, for the greater part of the action takes place in the war zone of France during the World War. It is a thrilling story based on the adventures of a Wyoming cowpuncher, who goes to France in the artillery service in the wake of his pet horse, which had been commandeered by the army.

It is a romance of the war, with a beautiful young girl ambulance driver the object of the cowboy's affections. It is a throbbing, picturesque love story with plenty of thrills provided when the girl is captured by the enemy and rescued by the cowboy and his horse.

The settings, marvels of technical skill, afford a fitting background for the rapid action which leaves no dull moments in the unfolding of the drama.

Appearing with Buck Jones in the role of the ambulance driver is the beautiful Lola Todd, and others are Lloyd Whitlock, James Gordon, Yola D'Avril and Stanley Taylor.

Lambert Hillier directed the production and also adapted it for the screen from an original story by the star himself.

### "THE BLONDE SAINT"

Without a bobbed haired flapper, a cabaret, jazz band or a taxicab, "The Blonde Saint" is proving the belief of Sam E. Rork, the producer, that the public is fed up with so-called "1926 jazz" photoplays.

"The Blonde Saint," a romantic adventure with Lewis Stone and Doris Kenyon, is coming to the Pennington Allen theatre, Thursday and Friday, March 31 and April 1, and critics agree that both Mr. Stone and Miss Kenyon have proven themselves real stars of the screen in portraying difficult roles.

Mr. Stone is cast as Sebastian Matur, a novelist, and Miss Kenyon is Anne Bellamy, whose Puritan ideas on life in general have earned her the nickname of "The Blonde Saint."

Interwoven in the romantic adventure of the novelist and the Blonde Saint is the love affair of Fannia and Annibale, the young Sicilians, on "The Isle of Life," just off the coast of Sicily. Fannia is Ann Rork and Gilbert Roland is Annibale.

Italian gardens, Sicilian fishing village, a mountain villa and the ruins of a pagan temple are the principal scenes.

### DON'T FLY A KITE NEAR AN ELECTRIC POWER LINE.

Don't fly your kite near an electric power line, and never use wire of any sort for kite string. In anticipation of that fact that March winds will soon be playing tag with thousands of kites in Michigan, the public utility information bureau issued this warning.

Two boys in southern Michigan narrowly escaped receiving injuries a few days ago when their kite string fell across a power line. The electrical disturbance which the string set up destroyed the electric wires between two poles, and burned up the kite string.

Serious injury to the kite-flyer may result should a string which is slightly wet come in contact with a high tension electric line, according to the bureau. Wire used as kite string is extremely dangerous, and the bureau urged parents to caution their children against using wire for kite-flying.

### Concerning Bess.

There was a young flapper named Bess, Who looked a little different from the rest; Her eyes were crossed, While her teeth were false, But she was popular for two good reasons—I guess!

## Judge's Joke

A NEW TAX EXEMPTION  
ARRIVED AT JAKE  
MANN'S HOUSE  
WEIGHT  
9 POUNDS

Smart Alex.

"Didja hear what happened to Jim?"  
"No, what happened to him?"  
"He swallowed a dictionary, and nobody can get a word out of him."

Educational.

"I certainly would say that the porcupine as an animal has a great

many fine points," exclaimed Willie, the hunter.

Fair Enough.

He—Would you like to go to that dance with a good looking man?  
She—Sure; have you a friend?

Literal Len Asks.

If you saw a trainload of plug tobacco go by would you call it a chew-chew train?

A Fashionable Disease.

Prof.—Ever had psychology?  
Stude—No, only scarlet fever and bronchitis.

Got Him, Anyhow.

"I hear your sister married a struggling young lawyer."  
"Yes; he did struggle, but he didn't get away."

Yea, Bo!

First Co-ed—What do you think of the idea of girls developing themselves in the higher branches?  
Second—Well, you gotta admit they've done a lot as far as the lower limbs are concerned.

Absolutely!

Chief—You say the tracks of the criminal were well covered?  
Detective—Yes; with about six inches of snow.

Edison says every man should marry—and marry young. He is correct. That will increase our field of inventors. You know—inventors of alibis.

Some women who think they are shining socially find later that it was only their nose.

Looks like Volstead also changed our standard measure scale. A quart of gin now means a peck of trouble.

If women's skirts keep on getting shorter for one are going to quit worrying about this ever becoming a petticoat government.

Seven Man-o-War sons and daughters have been nominated for the Kentucky derby. May 14. Roll them bones—and come seven.

Ninety-five radio stations are to broadcast government crop and market reports daily. Is this a little Federal "sop" in lieu of the farm relief measure?

A London scientist says "In twenty years we will have television, no drudgery in the home, sex predetermined and children fed on concentrated food through tubes." Here is a tip for ambitious 1927 school and college graduates to get into the tube business.

A 90-hole golf course is being built in Ohio. That's scattering your profanity.

It's quite true, there are no friends like old friends—for no others would dare be so nosy into one's private affairs.

America's credit system is being extended in most unusual ways. In other words, we are keeping up by paying a dollar down.

Football rules makers have been at it again, shortening the time limit on the huddle system. Does this apply also to grandstand seats—and parked autos?

The prizes went to the swift in the sprint for diamond mines in Africa last week—but we're in America and the long, slow, and hard pull still is necessary in the dash for riches.

## PLYMOUTH BASKETEERS WIN TWO FROM MONROE

The M. E. church basket ball teams put Plymouth on the map at St. Paul's M. E. church at Monroe last Tuesday night by winning both boys' and girls' games. The Monroe girls were anxious to close the season with a victory and played a much harder, faster game than on the local floor.

Petz, of Plymouth, scored first, to be tied almost at once by a basket by Liedel, then Draper scored one, followed by Rauch, and a tie game seemed in sight, but when the quarter ended Petz had dropped three more through the ring for a score of 10-4. Bradley at guard in the second quarter for Monroe made this harder work, and Plymouth registered but two baskets, while Monroe made three points, the half ending 14-7.

This lead looked safe in the last half, since Munson could tally but three times for St. Paul's, while Petz scored an equal number. Weiber added two more for good measure, and the game ended 24-13. The lineup for Plymouth follows:

Forwards—Petz and Draper.  
Centers—Weiber and Bolton.  
Guards—Hake and Brown.  
Substitutions—Pierce at center, Bolton at guard, Weiber at forward, Brown at center.

Boys' Game.

In the boys' game Plymouth presented the strongest lineup of the season, and Monroe, over-confident from the easy victory here, failed to recover from their surprise till too late. Doubt scored the first basket, then Munson tied it up, then each repeated, and the score stood four all. Then Monroe's signals worked and Kente dropped in two just before the close of the quarter, which ended 8-4 for St. Paul's. With a slightly changed lineup Plymouth came to with a rush in the next period for their best work of the game, in which Doubt and Weatherman each contributed two field baskets, and Doubt added four points and Stevens two from the foul line, while Monroe was held to three field baskets and one point from the foul line. The half ended with Plymouth in the lead, 18-15.

Plymouth maintained its three-point lead in the third quarter by means of two field baskets and three points from the foul line, while Monroe was adding four and one. In the last quarter Monroe's defense, growing steadily tighter, cut Plymouth to one field basket, but again three points from the foul line served to keep them in the running. Monroe made a desperate effort, however, and in the last two minutes wiped out Plymouth's lead with the last of four field baskets. They missed two easy chances thereafter, and in the overtime period that followed a tighter defense permitted only one basket, which Doubt dropped through for the winning score of the game, which ended 32-30.

The Plymouth lineup follows:  
Doubt, left forward; Weatherman, right forward; Hubert, center; Cline, right guard; Stevens, left guard. Substitutions, Pierce for Cline, Carney for Hubert, Hubert for Pierce.  
Field goals—Doubt 7, Weatherman 3. Free throws—Doubt 7, Weatherman 1, Carney 2, Stevens 2.  
Referee—Fulkerson, Monroe.

# MIRRO

The Finest Aluminum

FRENCH FRYER

3 1/2 Qt. Pan  
Sturdy, Rust-  
Proof Wire  
Basket.

\$1.49

New booklet of choice recipes with each fryer.

Foods cooked in deep fat are attractive and delicious. They are crisp, delicate and wholesome, and do not absorb the fat. Enjoy the many choice dishes easily prepared in this utensil.

This French Fryer is the proper utensil for cooking in deep fat. It is genuine MIRRO, made of uniformly thick aluminum and easy to keep clean. The pan is full 3 1/2 quart capacity, broad and deep. The wire basket makes it easy to handle food and drain off the fat.

It is economical in use of fat and fuel and, like all MIRRO utensils, its long wearing qualities make it economical in cost.

This special low price is good only while our supply lasts.

69c  
Regularly  
90c

It's Genuine Mirro and Very Specially Priced

This angel-cake pan is everything a perfect cake pan should be. The aluminum—ideal metal for baking—is thick and sturdy. The tightly rolled rim adds strength. And the legs support the pan so that the cake may hang while cooling—a very important detail in making successful angel food cake.

If you are one of the many women who will have no other aluminum than Mirro, you will welcome an opportunity to secure this piece at such a price. And if you don't yet know why Mirro is called "the finest aluminum" this cake pan will quickly show you.

## SPECIAL 98c

Regularly  
\$1.45

Pour Through the Cover

Here, for a few days, is your opportunity to get, at a remarkable saving, something that every kitchen needs—the new Mirro Aluminum Strainer Pan with safety cover.

Nothing could be handier for cooking vegetables. The perforated lid, quickly clamped on, makes it easy to pour off water, without risk of scalding and without spilling food. The size, 3 quarts, is just right. And the quality is Mirro quality, which means long wear and economy.

The very special price of 98c is offered only while our introductory stock lasts. Get your pan now and enjoy this worthwhile savings.

# SPEAKING OF HOMES

## CONSIDER THIS

Here is a dandy Dutch Colonial of 6 rooms and bath, with a 2-car garage, breakfast nook, hot air furnace, full basement, in the Blunk Sub, and it only requires \$1,500 to handle, the balance \$50 month. If it's a home you want you do yourself an injustice if you fail to investigate this.

14 acres on M-65 just south of Whitmore Lake, pleasing location, good corner, 5-room house, barn, modern hen houses, 3 acres of apples. If you want a small place where values are advancing see this.

Just sold several homesites in beautiful Plymouth Gardens by the lake. The location of this property "way up high" overlooking Plymouth has come into popular demand. Get yours now at subdivision prices. Soon there'll be nothing but resales and you will pay the price of delay.
