PLYMOUTH, MICHIGAN, FRIDAY, APRIL 8, 1927

\$1.50 PER YEAR

ANNUAL TOWNSHIP ELECTION IN PLYMOUTH AND VICINITY

Only One Ticket in the Field Here—A Comparatively Light Vote Was Cast.

The Propositions to Light Plymouth-Northville and Moreland Roads Defeated.

The annual township election in Plymouth last Monday, did not call out a very large vote although the voters were called upon to vote for officers on the state and county ticket and several other propositions and an amendment to the constitution. The total number of votes in both precincts was 375. The Republican ticket was the only ticket in the field.

The annual town meeting took place at the village hall about 2:30 o'clock, and was largely attended. Supervisor Whitbeck presided over the meeting, and Miss Lina Durfee acted as clerk. The following recommendations made by the township board for the various funds for the ensuing year were voted on favorably by the meeting:

Contingent Fund	\$2,000
Highway Fund	4,500
Poor Fund	2,000
Nursing Fund	1,200
Library Fund	200

A motion was made and supported for a special appropriation of \$1,500 to help defray the cost of installing a master plan for Plymouth township, which is being adopted in many places that are undergoing a development that makes such a plan a real necessity. The meeting voted in favor of the appropriation.

The meeting also voted favorably upon a proposition to reopen the road from Penniman avenue near the old Bogert farm north to the Phoenix road, just west of the House of Correction Farm, at a cost of \$2,500. This road has been impassible for some time.

The proposition for maintaining fifteen 600 c. p. lights on the Northville road from the northern village limits to the Phoenix road, at an annual cost of \$720, was defeated by a vote of 132 no and 78 yes.

The proposition for twenty-two 600 c. p. lights from Penniman avenue to Phoenix road, on Moreland avenue road, at an annual cost of \$1,056 was defeated by a vote of 153 no and 32 yes.

The vote on the proposed amendment to the constitution relative to creation of metropolitan districts was 135 yes and 140 no.

The county bonding proposition for the construction of a hospital building at Eloise, carried by a small majority, 183 yes and 168 no.

On the county and state ticket, Republican candidates were all given large majorities.

The vote on the township ticket was as follows:

Supervisor—	Charles H. Rathburn, Jr.	341
Clerk—	Lina Durfee	341
Treasurer—	John Quartel	344
Justice of the Peace—	Phoebe L. Patterson	341
Highway Commissioner—	L. Bethune Stark	334
Highway Overseer—	Lee Eldred	332
Member of Board of Review—	William H. Hoyt	324
Constables—	George W. Springer	336
	Fred Helman	312
	Fred Stanke	320
	Leo Armstrong	318

SALEM

There was no Democratic ticket in Salem Township, and the Republican candidates polled 105 votes each. Supervisor, H. S. Atkinson; Clerk, Irvin R. Johnson; Treasurer, Bert Stanbro; Highway Commissioner, H. R. Doan; Justice, full term, George Roberts; Board of Review, Foster Smith; Constables, Arthur Burgenn, Frank Buern, Dan Whittaker, Warren Smith.

SUPERIOR

Supervisor, George Gill (D) 90, Clinton LeForge (R) 75; Clerk, Fred Shmart (D) 90, A. L. Wilbur (R) 69; Treasurer, Arlie Hickman (D) 73, Ivan Galpin (R) 51; Highway Commissioner, Emory Mulholland (D) 91, Wm. Mayer (R) 56; Board of Review, John Nazy (D) 67, James Court (R) 70; Justice of the Peace, full term, Wm. Schrader (D) 55, Mary Court (R) 97; Justice of Peace, vacancy, Wm. Condie (D) 72, Fred Judson (R)

84; Justice, vacancy, Chas. Switzer, Jr. (D) 78, Emil Lidke (R) 80; Constables, Russell Spooner (D) 75, John Deegan (R) 76; Herman Schmidt (D) 70; Bessie Quackenbush (R) 80; Thos. Geer (D) 64; Ralph Kimmel (R) 91; Fred Fishbeck (D) 59; Albert Staebler (R) 87.

LIVONIA TOWNSHIP

In Livonia township there was only one ticket in the field, the Republican. A total of 237 votes was cast. The proposition for lighting Seven Mile road Five Mile road, Plymouth road, including branch of Ann Arbor road, Farmington road and Middle Belt road carried by a vote of 132 yes and 107 no. The following is the vote given each candidate:

Supervisor—	Jesse Ziegler	237
Clerk—	John Harlan	225
Treasurer—	Charles Wolfson	223
Justice of the Peace, four years—	Joseph Grace	218
Justice of the Peace, three years—	Charles Ryder	219
Highway Commissioner—	Thomas Levandowski	197
Member of Board of Review—	James Glass	219
Drain Assessor—	John Horton	219
Constables—	Harvey Wagenschutz	214
	Arth. Trapp	210
	Arthur Rutenbar	208
	William Lomas	213
Highway Overseers—	Dist. No. 1—Carl Wanpke	65
	Dist. No. 2—Albert Rutenbar	39
	Dist. No. 3—Eli Ballen	87
	Dist. No. 4—Wm. Wolfson	40

CANTON TOWNSHIP REPUBLICANS WIN.

The Republicans in Canton township elected every man on the ticket by substantial majorities. The following is the vote for each candidate:

Supervisor—	George Smith, d.	42
	Allen Wiseley, r.	109
Clerk—	Clarence Fischer, d.	41
	Hurd McClumpha, r.	109
Treasurer—	Bert Mott, d.	36
	Frank Truesdell, r.	114
Justice of the Peace—	John W. Cady, d.	35
	John Hawk, r.	116
Highway Commissioner—	Jacob Dingledy, d.	39
	Glyde Truesdell, r.	112
Member of Board of Review—	Frank Winsor, d.	38
	John Blackmore, r.	112
Constables—	John Mott, d. 38; Abe Hannan, d. 37; Peter Furlong, d. 36; Edward Place, d. 35; Fred Eastin, r. 109; Louis Beuhler, r. 112; Albert Boyce, r. 112; Richard Bird, r. 112.	

PLYMOUTH DEBATES

ANN ARBOR

Next Tuesday evening, April 12th, Plymouth has its next debate with Ann Arbor. The debate will be held in Ann Arbor High school auditorium, which is located on State street. It is the same auditorium in which 300 Plymouth people saw Plymouth win the state championship in 1920. The debate begins at 8:00 o'clock, and there will be an admission charge of 25 cents.

Plymouth's debaters, Wilbur Murphy, Franklin Atkinson and Josephine Schmidt, are doing all in their power to perfect their case. Plymouth has the negative, and Ann Arbor the affirmative side of the question. Resolved, that the United States government should own the coal mines. This is the fourth elimination debate in the state series. Plymouth is now one of the eight schools left in the race for the state championship. 284 High schools started last November.

Let us have a good crowd at Ann Arbor, Tuesday evening, April 12th. Help Plymouth win!

PLYMOUTH-MADE PISTON RINGS ENCIRCLE GLOBE

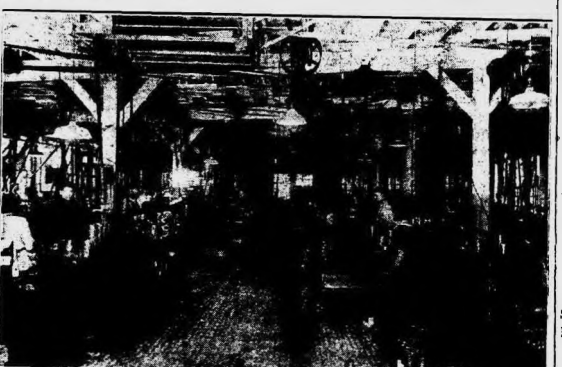

More than half of the twenty-five million automobiles now traversing the highways of the world are dependent on Plymouth-made parts and accessories for their reliability of operation.

Few residents of this community have any conception of the magnitude reached by local manufacturers in supplying that which, in many instances, is the very heart of motor operation. The scope of local automotive

Plymouth Plant of the Detroit Piston Ring Company.

manufacture is sufficiently broad and diversified that there is hardly a portion of the modern car that does not include one or more Plymouth-made accessories. Embodied within the list are motor blocks, manifolds, automatic cutouts, hood clamps, door handles, transmission accessories, fender braces, gears, differential cast-

Interior view of the Detroit plant of the Detroit Piston Ring Company.

ings, piston rings and many others. In the manufacture of piston rings the best known plant in Plymouth is the Detroit Piston Ring Company. Ring casting is a specialty with this concern and has been refined to the best technical basis known to the trade. In a minor way however, some attention is given to other products such as sash weights, etc. The progressive method of continuous molding designed by the engineers of the company marked a revolution in the manufacture of piston rings and enabled the local concern to meet the market requirements as to quantity production and competitive prices in a manner that has kept them among the leaders in this phase of manufacture. The process of ring casting as followed by the local company is in-

teresting to observe. Dozens of machines, driven by compressed air, and each having one operator, tamps the sand on the ring patterns at the rate of one each minute. These molds are placed one on top of the other until a column of twelve molds is established. The molds are placed on a circular platform with a capacity of twenty columns. When the dozen platforms are filled with molds pouring begins and this operation provides one of the most colorful

phases of the day's work. Great ladles of molten metal are moved on carriers through the plant and as the metal is introduced into the damp molds a fine display of pyrotechnics is provided. After the metal has cooled, other workmen, assisted by automatic machines, shake the sand from the

with its present activity and future possibilities, is a decided asset to Plymouth. The payroll approximates \$100,000 annually, most of which is absorbed in this community. The acquisition of the companion plant will double the payroll.

The most urgent municipal need of the local plant at the present time is the extension of sewer facilities to the factory. This will undoubtedly be solved this year and will make possible the development of plans for the consolidation of the two plants.

Mr. and Mrs. Henry Steinmetz were Sunday dinner guests of Mr. and Mrs. Ruel A. Durfee at Ann Arbor. Mr. and Mrs. Ralph Cole entertained the Pleasure Club, Wednesday evening. Honors for progressive polo were awarded to Mrs. Stephen Jewell and William Felt, while Mrs. Fred Boyce and Stephen Jewell were consoled. After lunch had been served, a short business meeting was held, and at a late hour all departed after having spent a pleasant evening.

SUBURBAN LEAGUE BASE BALL SCHEDULE

THE LOCAL HIGH SCHOOL TEAM WILL OPEN SEASON WITH WAYNE HERE ON APRIL 15.

The following is the Suburban league baseball schedule for the coming season. Plymouth High will have a good team in the field and some interesting games are looked for:

April 15th—	Northville at Farmington. Ypsi at Dearborn. Wayne at Plymouth.
April 22nd—	Farmington at Ypsi. Dearborn at Wayne. Plymouth at Northville.
April 29th—	Wayne at Northville. Ypsi at Plymouth. Dearborn at Farmington.
May 6th—	Northville at Ypsi. Plymouth at Dearborn. Farmington at Wayne.
May 13th—	Ypsi at Wayne. Northville at Dearborn. Farmington at Plymouth.
May 20th—	Farmington at Northville. Plymouth at Wayne. Dearborn at Ypsi.
May 27th—	Ypsi at Farmington. Wayne at Dearborn. Northville at Plymouth. Dearborn at Dearborn. Wayne at Farmington.

Mr. and Mrs. Henry Steinmetz were Sunday dinner guests of Mr. and Mrs. Ruel A. Durfee at Ann Arbor.

Mr. and Mrs. Ralph Cole entertained the Pleasure Club, Wednesday evening. Honors for progressive polo were awarded to Mrs. Stephen Jewell and William Felt, while Mrs. Fred Boyce and Stephen Jewell were consoled. After lunch had been served, a short business meeting was held, and at a late hour all departed after having spent a pleasant evening.

The most urgent municipal need of the local plant at the present time is the extension of sewer facilities to the factory. This will undoubtedly be solved this year and will make possible the development of plans for the consolidation of the two plants.

As the entire subject is of such grave importance the Kiwanis club is endeavoring to have every farmer familiar with the means for eradicating the pest and making its further onslaughts impossible. The state department of agriculture or any member of the local club will be glad to see that anyone interested is furnished with full details.

WILLIAM WOOD IS ROTARY HEAD

The annual election of directors for the local Rotary club was held at the regular luncheon last Friday, with the following Rotarians being elected: William Wood, Harry R. Lush, Edward Gayde, E. K. Bennett, Carl G. Shear, Dr. B. E. Champe, William T. Pettingill.

At a meeting of the newly elected board held the same evening, the following officers were elected for the ensuing year: President—William Wood; Vice President—Harry R. Lush; Secretary—Edward Gayde; Treasurer—Edgar K. Bennett; Sergeant-At-Arms—Allen A. Horton.

KIWANIS CLUB HOST TO FARMERS

FIFTY FARMERS HEAR STATE OFFICIAL DISCUSS CORN BORER PROBLEM AS GUESTS OF LOCAL SERVICE CLUB.

Last Tuesday was "Farmers' Day" for the local Kiwanis club at their regular weekly luncheon meeting and as a result ninety Kiwanians and their guests were privileged to hear Dr. A. C. Carton, of the state agricultural department, present vital facts and figures about the most serious agricultural problem that has arisen in years—the invasion of the European corn borer.

J. Lawrence Johnson, past president and trustee of the club and representative of this district in the state legislature, brought Dr. Carton to Plymouth for the occasion.

"Corn is the second most valuable crop produced on Michigan farms," said Dr. Carton, "and Michigan corn pays the farmer more dollars per acre than the corn of any other state. For this reason the threatened extinction of corn production on more than three million acres in Michigan and adjacent states is a vital problem. We must get the corn borer or the corn borer will get us."

Dr. Carton explained at some length the habits of the insect, his multiplying powers, and painted a discouraging picture of what is bound to happen if the ravages of the borer are not halted. He said that the Federal government is co-operating with the states involved in the appropriation of \$10,000,000 for the work, \$5,000,000 of which is available to reimburse the farmer at the rate of \$2.00 per acre for his extra labor in turning under the stubble in his corn fields. The other \$4,000,000 is being used for tractors, stubble heaters, etc. to be used by the authorities in rendering the corn fields immune to the further existence of the enemy.

As the entire subject is of such grave importance the Kiwanis club is endeavoring to have every farmer familiar with the means for eradicating the pest and making its further onslaughts impossible. The state department of agriculture or any member of the local club will be glad to see that anyone interested is furnished with full details.

SPECIAL ATTRACTION AT LOCAL THEATRE

There will be a special attraction in connection with the picture advertised at the Penniman Allen theatre for Saturday, April 9th. Manager Lush has secured the Harmony Four, a very fine quartet, who will entertain with songs and novelty numbers. They will appear at both shows, and there will be no extra charge for admission. Don't miss hearing this quartet. It's going to be a real musical treat.

ALL PREPARATIONS MADE FOR FREE ROBIN HOOD SHOW.

Final arrangements have been made for the showing of Douglas Fairbank's great film feature, "Robin Hood," under the auspices of Willoughby Bros. and the Central Shoe Company of St. Louis, makers of Robin Hood Shoes. The children of the vicinity are invited to come to this show free of charge. A large crowd of girls and boys were present at Willoughby Bros. Walk-Over Boot Shop on Monday, April 4, to receive their free tickets, and a capacity crowd is expected at the Penniman Allen theatre on Saturday, April 9th. Every precaution has been taken to protect the kiddies. The Boy Scouts will attend in a body.

FIRST PLYMOUTH CITY DIRECTORY IS HERE

NEW DIRECTORY IS VERY COMPLETE — GIVES ESTIMATED POPULATION OF PLYMOUTH AS 4,500.

The first city directory of Plymouth and Northville was issued Tuesday by R. L. Polk & Co., compilers and publishers, in which the population of Plymouth is estimated at 4,500. Plymouth is twenty-three miles west of Detroit, and covers an area of about two square miles. The assessed valuation is \$5,996,314 and the bonded debt, \$309,100. It is set out in the directory. The estimated population of Northville is 3,435.

The directory is made up along similar lines as those of larger cities containing a miscellaneous section of city and Wayne county governments, postoffice, schools, societies, fraternal and benevolent institutions, churches, courts, and other information; a buyers' guide, the alphabetical list of citizens, business firms and corporations of both Plymouth and Northville, the street and avenue guide and directory of householders, a classified business directory and a rural route directory with names arranged in order of routes.

Many interesting facts are set forth in a historical sketch and statistical review in the introduction of the directory. "Plymouth has two of the largest air gun factories in the world, and is rapidly becoming known as a toy manufacturing center." It is set out.

Other facts regarding Plymouth as set forth in the directory are that the town has six parks with a total area of 80 acres; 25 miles of streets, three of which are paved; nine miles of public sewage; 25 miles of gas mains laid; a completely motorized fire department with one station house and twelve men; twelve men on the police force; two public schools; two banks with combined capital of \$150,000 and combined deposits of more than \$3,000,000; eight churches; two public libraries, two hotels, and an active Chamber of Commerce.

Plymouth was first settled in 1825, and was incorporated as a village in 1867. The Commission-Manager charter began operation on April 1, 1918.

The new directory has 390 pages. John W. Adams is the first name listed and Anthony Zuroen is the last.

Both Plymouth and Northville will be "put on the map" nationally as a result of the publication of the directory. Advantages and characteristics of the two towns will be advertised throughout the United States and Canada through a system of directory libraries maintained by the Association of North American Directory Publishers, of which R. L. Polk & Co. is a member. The new directory here will be sent to these libraries where it will serve as a perpetual advertisement for the two communities.

O. E. S. ELECTS NEW OFFICERS

The annual meeting of the O. E. S. took place in the Masonic temple Tuesday evening, April 5th, with the following election:

Worthy Matron—	Alvena Crumble
Worthy Patron—	B. J. Holcomb
Associate Matron—	Pauline Cobb
Secretary—	Ada Murray
Treasurer—	Florence Furman
Conductress—	Lucille Buzzard
Associate Conductress—	Clara Alexander
Alternates to Grand Chapter—	Henry Hondorp, Sarah Cook, Stella Smith

PRESIDENT FISHER MAKES APPOINTMENTS

At a meeting of the village commission held Monday evening, President Henry J. Fisher made the following appointments: President protem—J. W. Henderson. Treasurer—George W. Richwine. Assessor—Arthur V. Jones. Board of Review—Charles A. Mathers and William A. Blunk. Health Officer—Dr. R. E. Cooper. President Fisher appointed a committee of three, Coello Hamilton, William T. Omsner and John W. Henderson, to assist in making some revisions in the village charter in accordance with a motion to that effect made at a former meeting of the commission.

ONE WOMAN'S WAY.

In a neighboring weekly paper we read a letter from a farmer's wife in which she tells how she made a nice sum of money last year selling vegetables to town residents who either didn't have a garden or who needed more garden truck than they raised. She says that by putting a few lines in the home-town paper telling what she had to sell, and when she would take it to town and sell it, she soon worked up enough steady customers to consume her entire supply of surplus garden and farm products. The cost of the little reading notices wasn't much. Just a few dollars for several insertions served to establish for her a permanent business. Simple, isn't it? Shows how easy it is to make a little extra money when you know how. There is nothing to prevent any woman in this community who has a surplus of vegetables in season from doing the same thing. We reach the very people she can sell them to, and her message to them through this paper can be told at a surprisingly small outlay.

CLEARING THE AIR.

Radio fans around Plymouth will rejoice to know that the new federal radio commission starts its sessions at once, and that the present week will find it busily engaged in clearing the air of chaos and clutter that has interfered with radio entertainment for more than a year. The commission is backed by strong federal laws and has the power to abolish such stations as it considers unnecessary or a nuisance. It can force every station to accept the wave length assigned it, and to confine its broadcasting to that wave.

Radio has passed the boom stage, and it is no longer a toy. Government figures show that in 1926 retail sales of radio sets amounted to \$508,000,000, and accessories totaled even more. So with the American people spending a billion a year on this form of entertainment it is easy to see why protection from air pirates is necessary. There are today 6,500,000 radio sets in use in the United States, and yet only 17 per cent of our people are being served by this form of communication.

It is easy to believe that with the air cleared, as it will most certainly be by early fall, the radio business will become as active as the auto trade, and that thousands of new sets will find their way into the smaller towns and rural districts. Many residents of this community have already learned the advantages offered by radio from an entertainment and amusement standpoint, and all of them are doubtless thankful

that the new federal radio commission is now on the job and that radio is going to be regulated and made more satisfactory than it has ever been.

A NEW ARMY.

Old-timers around here know how to farm and they made the most of their opportunities, but this new generation is bringing a lot of things to add to the comfort of life that the older generation never dreamed of. We read of boys' and girls' clubs all over the country, occupying space at the big clubs as well as the little ones, parading their own livestock and exhibiting their work in dressmaking and canning. The livestock is as good as their daddies ever raised and the dresses and canning as perfect as their mothers can boast.

The U. S. Department of Agriculture reports that there are already 600,000 boys and girls enrolled in the farm and domestic clubs of the country. They combine their lessons in school and college with lessons learned in the home or on the farm, and they go in strong for scientific methods and for the very latest in tools and machinery. It is a vast army of workers, and one that is constantly growing in numbers and interest.

Now that spring is here, why can't a little more activity along this line be shown around Plymouth? Give the farm boy and girl something to do for themselves, and from the sale of which they can pocket their own money. Let the town boy have a garden patch, where he can raise and sell his own garden truck. And the town girl can make plenty of pin money with her canning. There never was a greater opportunity for the younger generation to make money than now. Why not offer them a little more encouragement and co-operation than they have been receiving in the past?

SIGNS OF SPRING.

You can see them everywhere around Plymouth now, these signs of spring. We took a stroll the other day and in a few minutes we made note of these positive evidences of spring: Face veils, seed catalogues, eezema, a grocery getting in new brooms, dandelion greens, newly pointed autos and every other man with a cold, or a cure for it. No doubt about it, spring is just around the corner. Wise housewives are well along with their cleaning, and wise husbands will not be long in getting up the screens so as to disappoint the very first fly that happens around. Don't be penny wise and pound foolish about this screening job; you can't keep the flies out if you wait until they are in before putting up the screens. And once they are in they lay their eggs and breed thousands of their kind in a remarkably short time. "Do it now" is a mighty good slogan to observe in both housecleaning and screening.

LOCAL NEWS

Mrs. Ell Nowland of Detroit, has been visiting friends here several days this week.

Mr. and Mrs. Stephen Jewell and family have moved to their new farm home near Ann Arbor.

Mr. and Mrs. Harold Groves and daughter, Florence, spent Sunday at the home of Mr. and Mrs. George Elliott.

Mrs. H. S. McClumpha of Tribes Hill, N. Y., is visiting at the home of her mother, Mrs. Belle McClumpha.

A play, "A Week's Trial," will be given at the Canton Center school house Friday evening, April 8th, by the P. T. A.

Showers and luncheons have been numbered among the many festivities tendered the bride-elect of April, Miss Catherine Lehmon.

Mr. and Mrs. Walter Gale and family of Ypsilanti were over to spend Sunday with their parents Mr. and Mrs. Sheldon Gale.

Mrs. F. A. Landrum received a postal card April 4th, that started its journey from Detroit on November 1st. A long time to come a few miles.

Mrs. P. A. Miller entertained at her home on April 1st, in honor of her birthday, twenty-four guests from Detroit and Plymouth. A fish dinner was served, cards were played, and all left late in the evening wishing her many more happy birthdays.

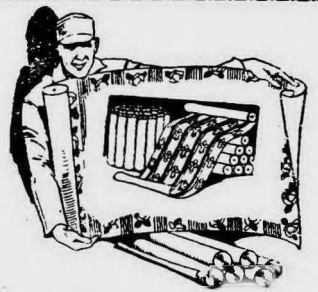

MRS. D. A. JOLLIFFE

Charlotte Mimmack was born in Thamesville, Ont., November 2, 1862. Her girlhood days were spent in this Ontario village, and on March 26, 1884, she was united in marriage to D. A. Jolliffe. To this union were born two sons, William Edgar, who passed away November 18, 1918, and Robert J. of this place. In July 1888, she came with her family from the home of her school days, to Plymouth, where she has resided ever since.

Mrs. Jolliffe joined the Christian church in her early life, and has remained a faithful and devoted Christian ever since. She was a lover of her home, her friends and her church, and labored untiringly to help comfort others. Always of a sunny disposition, she made true friends of all with whom she came in contact.

She was a most devoted and loving wife, mother and sister, and goes to a reward well earned. Her life is an inspiration to those left behind, and nothing but the sweetest of memories of a life well spent are left for us. She passed away on Sunday morning, March 27th, at 9:30 o'clock, after a brief illness of about 24 hours.

She leaves her husband, D. A. Jolliffe, son, Robert J. Jolliffe and wife, granddaughter, Charlotte Jolliffe, two brothers, Robt. O. Mimmack of Plymouth, and John H. Mimmack of Bozeman, Mont.; besides a host of relatives and friends among whom she will be greatly missed.

BEAUTIFUL WALL PAPERS

Spring is here, and it's time to think of brightening up the home. The wear and tear of the winter months have left their marks on your home, and only by redecorating every room that needs it can your home reflect the cheerful spirit of the season. Our charming and distinctive wall papers will do this. Splendid examples of the finer type of paper, in unusually attractive and well-chosen designs.

We do papering and redecorating, and have men ready to start work immediately. Our prices have never been more reasonable, and we shall be pleased to give you an estimate.

Lay them right over the
old roof

NO dust, dirt, danger of damage by rain while the work is in progress; no delay or inconvenience at all. And you'll have a double roof that will make your upper rooms warmer in winter and cooler in summer.

The finished roofing of Johns-Manville Asbestos Shingles will be everlasting and positively fireproof. It will make your home safe from roof-communicated fire. It will be attractive. It will never have to be renewed or painted because Johns-Manville Asbestos Shingles are all mineral. They will not rot, burn, curl or split, but last as long as the building they protect. They're approved by the Underwriters and take base rates of insurance.

If your present wooden or asphalt shingle roof needs repairs or replacement, it will certainly pay you to investigate this improved method of re-roofing. Its simplicity, economy and freedom from dirt and confusion will be a revelation to you.

Write, call or telephone today for further particulars and booklet "Re-roofing for the Last Time."

PERRINSVILLE

There was a good turnout at church Sunday.
The Perrinsville Sunday school is preparing for Easter exercises.
The Helping Hand met with Mrs. Agnes Parrish, near Plymouth, Wednesday, April 6th.
Mr. and Mrs. Donald Wagenschutz entertained about thirty relatives and friends Tuesday evening.
The Happy Go Lucky club will hold the next meeting with Mr. and Mrs. Will Christner.
Mr. and Mrs. Otto Kaiser and sons were entertained at the home of the latter's sister, Mrs. Arthur Hanchett, Monday evening.
Mr. and Mrs. Arthur Hanchett spent Sunday evening with Mr. and Mrs. Robert Dyball, of Inkster.
Irvin Wright, of Plymouth, spent Monday afternoon and evening with Mr. and Mrs. Joseph Roach.
Miss Clarissa Hix spent Tuesday with her sister Mrs. Olive Wagenschutz.
Mr. and Mrs. George Hix and Arnold Hix spent Monday evening with Mr. and Mrs. Emery Hix, of near Plymouth.
Mr. and Mrs. Gerald Hix, Mr. and Mrs. George Mecklenburg spent Sunday evening with Mr. and Mrs. E. Holmes, of Fordson.

We would appreciate it if you would phone or send news items to the Mail office. We are always glad to get them.

MUNICIPAL NOTES

Mr. Welter, our new manager, was present at the commission meeting Monday night, but didn't act in any official capacity because he hasn't been released from his other position yet, but he expects to be with us at the next regular meeting.

Mr. Reddeman and his men have been raking the parks, and making some sanitary sewer connections and water taps.

The auditors are making the annual audit of the village books.

The new Polk directories of Plymouth and Northville, are now being issued. These books are expected to be of great benefit to the community.

The water meter bills are being made out, and will be mailed this week.

It seems necessary at this time of year, to warn people about letting their chickens run at large, which is strictly against the village ordinance.

People seem to be very persistent in dumping rubbish at the village dump, which is closed for dumping purposes at the present. Anyone being caught will be dealt with severely.

Wm. Gayde has given the village permission to use the gully in the rear of his property located where the old slaughter house used to be, as a dumping ground for rubbish. Dumping will be restricted to one day a week, Saturday being the day chosen. The village will have a man at the dump on this day each week to direct dumping. No automobiles or frames or any other large materials that will not deteriorate or rust away will be allowed to be dumped.

STARK SCHOOL NOTES

The March P. T. A. meeting was held Wednesday evening. Nearly every member was present, which means that the meeting was a success. All old officers were re-elected for the next school term. They are: President--Mrs. Blake; vice president--Mrs. Luttermoser; secretary--Miss Wise; treasurer--Mrs. Stroh. The hot lunch club was presented with an electric plate. All members are delighted with this improvement over the old stove. A very good program was given by the Junior Citizens' Club of the upper grades.

Mrs. Cochrane-Mains visited the schools on Friday, and heard lessons on citizenship and current events. She also saw good citizenship meetings. The children were told that spelling would be stressed next month. The school earned stars for Citizenship, Grounds and the Flag.

The champion grade spellers, Roy, Geraldine and Ruth Schmidt, visited the Detroit News Building, Saturday, to receive their dictionaries and have their photographs taken. It is unusual for three children from the same family to be champion spellers.

Local Achievement Day for the boys' handicraft club and the girls' clothing club, will be held at the Newburg school, Wednesday, April 13th. There three schools will display all the articles made by the clubs this year. The best will be selected to exhibit at the Final Achievement Day at Wayne, April 23rd.

The hot lunch club closed April 2nd. It had a successful year. Plans are now under way for making four posters to exhibit at Wayne, showing the classification of food in its relationship to health.

Mrs. Beyer and Miss Wise attended a zone meeting at Brainard school, Saturday.

Miss Reid, county school nurse, visited the school, with the purpose of checking up on our health and lunch stars. These we hope to have soon.

The fifth through the eighth grades spelled at the Elm school, Monday afternoon. We had the champions in three matches.

Two new children entered school. Frederick Walchel is in the seventh grade, and Georgia Walchel is in the third.

Visitors during the week were: Mrs. Blake, Miss Bichy, Arlene Wilson, Helen Schmidt, Warren Westphal and Russell Wendt.

NEWBURG SCHOOL NOTES

By Amelia Markus

Due to a mistake, Mrs. Bassett's name did not appear in the zone notes. She was one of the cooks for the dinner.

P. T. A. meeting will be held at the school, Tuesday, April 12th. Will the ladies please bring cake or sandwiches. Albert Renwick will be the speaker.

William Gabb is absent because of having the mumps.

Lorraine and Elmer Taylor entered the primary grades, Monday.

We are very sorry to know of Harold Hallam's continued illness.

News items are always appreciated. Won't you phone any item you may know to the Plymouth Mail Office? Phone 6.

Our liner column has aided many people to dispose of used articles. Try an ad and be convinced.

He kissed the parlor maid and the girl screamed.
The wife came in and looked around suspiciously.
"Fifi, why did you scream?"
"Through joy, madam. The master has just doubled my wages."

Hot Blast Gives More Heat at Less Fuel Expense

Perfect combination can be the only result of the improved design of the Cole Hot Blast Furnace. In these furnaces, all the fuel is put to work. There's no waste--either up the chimney nor down into the ashbox.

The famous Red Tube in the Cole Hot Blast burns all the gases that are wasted in the ordinary furnace. This means an enormous saving in fuel. Yet, this is only one of the wonderful advantages. Let us show you the many other distinct improvements.

You can replace your present heating equipment and enjoy a marvelous saving in fuel. Let us explain our easy, extended payment plan. Come in today!

MICHIGAN ODD FELLOWSHIP HONORING GEN. ERNEST W. BRADFORD, GRAND SIRE.

Saturday evening an informal reception was held at the Book-Cadillac Hotel, in honor of the Grand Sire of Odd Fellowship of the World, Gen. Ernest W. Bradford of Washington, D. C. At 6:30, dinner was served to 1,339 members of Odd Fellow and Rebekah lodges, followed by a program. Past Grand Sire Herbert A. Thompson of Detroit, was toastmaster. Mayor John W. Smith welcomed Gen. Bradford on behalf of the city. Ruth Lytle Thompson, Doris Rogers Blake and Constance Dain furnished the music.

In the address of Gen. Bradford, stress was laid on suspension. "I am in favor of granting life membership in subordinate lodges throughout the world. We should devote more time in making Odd Fellows and less to obtaining members."

The formal reception was held in the Italian Gardens, where the grand march formed, headed by Grand Sire Bradford, and Allie Cutler, president of the Rebekah Assembly, and proceeded to the ballroom. Music was by Betty Schmitt's orchestra.

Guests from Plymouth, were: Major Oscar C. Mattis, Brigadier Inspector; Lynn M. Mattis, secretary of Ladies' Auxiliary, Canton Enterprise No. 5; Mr. and Mrs. Wm. Rogers, members of Michigan Rebekah Lodge No. 288, and Burt Gill of Plymouth Rebekah Lodge No. 182.

RECORD INSURANCE AND MEMBERSHIP SALE.

The record membership and insurance sales in the history of the Detroit Automobile Club and the Inter-Insurance Exchange, was established during the month of March it was announced recently by W. B. Bachman, director of the membership department. The peak of growth and insurance business being set in the month of March indicates some contradiction to the gloomy forecast for the automotive industry, which has been announced on the wain in many recent reports.

With 2,395 new members gained in March and 4,000 renewed memberships during this period, the total membership sales for the month surpasses the entire annual membership gains of all but 20 of the 900 automobile clubs in America. Only 20 clubs in the country have accumulated in their entire history a total membership equivalent to the March membership sales of the Detroit club.

According to W. B. Bachman, membership director, the peak of the club's business usually comes in the months of April, May and June. Its arrival in March, usually a low month for memberships and insurance, promises that the automotive market will enjoy a prosperous spring season.

The gross insurance sales of the Detroit Automobile Inter-Insurance Exchange, during the month of March, set a record for the history of this organization, according to Mr. Bachman, who further stated that the Exchange during this month sold more insurance than any other stock company during 1926 with the exception of one, operating in the state of Michigan.

"I believe that this increased membership and insurance business coming at this time of year indicates a bright outlook for the club's gross business for the first three months of 1927 surpasses the total membership and insurance business of three consecutive months in the history of the two organizations," said Mr. Bachman.

OBITUARY

Mary Jane Westfall was born at Plymouth, Michigan, September 24, 1841. She was married to Isaac B. Everett January 12, 1864, who preceded her in death in 1916. To this union four children were born, Georgia and Kate, deceased in 1887; Mrs. Charles Cramer and Mrs. Alfred Johnson of Fairgrove, who with one sister, Mrs. Ella King, and one brother Oliver H. Westfall of Plymouth, eight grandchildren, seven great grandchildren and a host of neighbors and friends made during her long residence in Fairgrove, remain to mourn their loss.

Her health began to fail about seven years ago, during which time she has been constantly under the care of her daughters. She passed away Sunday, April 3rd, in her 86th year, just one year from the day her sister, Mrs. Sarah Burch of Plymouth, was buried. She was the best of mothers and the dearest of grandmothers.

R. P. Woodworth was in Chicago, several days this week.

We will pay 10c each for the first two copies of the Plymouth Mail dated March 11, 1927, brought to this office.

Don't forget the women's dances, Monday evening, April 18th.

FOR SALE—Six sows with pigs. Inquire Bert Kahrl, corner Wayne and Plymouth roads.

OBITUARY

John R. Stevens was born in York state, February 22, 1854, and departed this life April 1, 1927. His mother dying when he was a small child, and his father serving in the army, he came to Michigan at the age of nine years. He was married to Mary J. Weed in the year 1888, and five children were born to this union, three boys and two girls. One girl passed to the great beyond January 5, 1919. One girl living, Mrs. Hester Garrison of Millbrook, Mich.; and the boys, William and Hiram Stevens, both of Salem, and George C. Stevens, of Fort Humphreys, Va., who is serving in the U. S. army, survive him. He was a kind and loving husband and father, who will be missed by all who knew him. He leaves to mourn his wife and children and a host of friends.

Funeral services were held from Schrader Bros. Funeral Home, Monday afternoon, Dr. F. A. Ludlum officiating. Interment in Lapham's cemetery.

FORMER PLYMOUTH BOY PASSES U. S. NAVAL ACADEMY EXAMS.

The Mail has received a clipping from a Lakewood, N. J., paper, which contains an article relative to Clifford Jantz, a former Plymouth boy, who has just recently successfully passed the examination which will admit him to the U. S. Naval Academy at Annapolis. When Clifford resided in Plymouth, he made his home with Mr. and Mrs. Frank Loomis, who resided at that time on Golden road, and attended the Plymouth school. Clifford is now a senior in the Lakewood High school, and stands second in the recent ranking of the members of his class. Young Jantz will go to Annapolis in June, to undergo the physical examinations. His Plymouth friends will be pleased to learn of his success.

FARMINGTON MILLS

MANY WONDERS IN DEPTHS OF OCEAN

Strange Fishes That Climb Trees and Do Odd Things.

What are the greatest wonders of the sea? Ask Dr. Charles H. Townsend, director of the aquarium, New York city, and you will hear some strange and interesting things.

"What makes the public wonder most, and what is most wonderful, are not always the same," he says in an interview in Popular Science Monthly. "People who come to the aquarium are more interested in the little sea horse that climbs trees. He is among the few fishes with grasping tails. Like a monkey, he uses the tail to cling to seaweed and other marine objects.

"Our sightseers like little things and big things. After the sea horse, they like to look at the 200-pound grouper, one of the biggest of fishes, called Jewfish in the books. They like to watch the shark swimming about with 'shark suckers' fastened to his under side. These suckers attach themselves by air suction disks, like vacuum cleaners, on their heads. They are bluish fishes, shaped somewhat like the shark, though, of course, much smaller, and are 'commensals,' meaning that they eat with the shark. They take the scraps that fall from his table. The suction disks are among nature's most remarkable appliances. The whale, the shark and the swordfish are other of the big things which the public likes.

"But the wonders to scientific men who visit our aquarium are somewhat different. The two creatures that arouse their greatest curiosity are the horseshoe crab, or limulus, and the mudfish, or bowfin, known as amia. The horseshoe crab, which looks like a flattened beehive with a rat tail, is the only living animal related to the extinct trilobite, whose fossils are so well known. The mudfish, which looks like many other fishes to laymen except for a thickening of the tail, is a descendant of one of the early forms of fish life. It belongs to a line long extinct, dating back unknown thousands of years.

"In the eternal darkness, miles down, under terrific pressure and intense cold, nature has evolved some of the strangest creatures. There is the 'blind ipnops,' for instance. It has no eyes, but carries a searchlight on top of its head. Now, what does a blind fish want with a searchlight? Nobody knows, but perhaps the light attracts smaller fishes when the ipnops is hungry. It is brown in color and of rather small size.

"Then there is the stylophthalmus, a silver-colored, eel-like fish with two long stalks sticking out from its head, and eyes at the end of the stalks. Also, he has a string of lights along either side that makes him look like a subway train.

"Many deep-sea fishes are luminous—'lit up'—to illuminate the surrounding gloom. There is the lantern fish, two inches long, yet with nearly a hundred lights. These he can turn on or off, as he wishes. They lure small fishes and help him escape his enemy, the astronotus, eater of stars, whose favorite meal is a well-lighted lantern fish."

Not That Ambitious

This story is told of an Indianapolis business man who bought a farm down in one of the southern border counties of Indiana along the river, where he could hunt and fish and spend his vacations in the open on his own farm. Rastus had been retained as a caretaker, and was being instructed in the duties he was expected to do.

"Now I want all these buildings locked," he was instructed, "a padlock put on the chicken house, a padlock on the granary, one on the smokehouse and a padlock on the tool-house."

"Then others might be all right," was Rastus' rejoinder, "it's all right to lock up the henhouse, and the meat, and the grain, but there ain't nobody in this here neighborhood what's going to break into a toolhouse to steal tools to work with."

Perfected Barge Service

Those who have tried to trace a freight car containing a shipment of goods will envy the man who sends his wares in a towboat on the Mississippi. An interesting feature of the barge service there is its radio equipment. Towboats are provided with both sending and receiving sets, and the operator is in constant communication with a conveniently located central station on land. The system has been fully tried on the lower river and found to be of great service to shippers as well as to the operators of the line. It will now be used on the upper river, from St. Louis northward to the Twin Cities, says an article on the revived interest in inland waterways in the Review of Reviews, by Wilbur F. Decker.

AWNINGS

Awnings not only add to the attractiveness of your home, but protect you from the hot summer sun as well. Our representative, F. L. Barrows, will gladly call with samples and give you estimates. Call 326W.

Something Besides the Butter and Egg Money

Start a Fordson tractor working for you now—and before Spring, the savings and profits that you realize from custom work or work on your own farm will have mounted to a worthwhile figure.

Wood-sawing, grain grinding, shredding and numerous heavy hauling jobs are some of the ways in which hundreds of Fordson farmers are making otherwise unproductive time pay during the winter months.

And from the time you start your spring plowing, right through every season and stage of growing and harvesting your crops, you are assured of abundant and dependable power that will do each job in less time and with greater economy.

Next time you are in town just drop in and let us talk over with you our plan that makes it possible for every farmer to own a Fordson.

"... all the advantages of Oakland's super-precision construction plus the rich beauty of New Colors in Duco"

In this great era of industrial precision, Oakland manufacturing processes stand out as a marvel of the day and age. Not in the entire history of the automobile has any car of its price embodied so many super-precision processes—so many practices previously used only in the manufacture of the costliest cars.

Oakland is going to unheard-of lengths to make certain that the Greater Oakland Six continues to be the finest built car of its price in the world.

Yet today's Oakland Six is winning an entirely

Oakland Six, \$1025 to \$1295. The New and Finer Pontiac Six—at New Low Prices—\$775 to \$975. Bodies by Fisher. All prices at factory. Easy to pay on the General Motors Time Payment Plan.

new measure of popularity, offering all the advantages of Oakland super-precision construction, plus the rich beauty of new colors in Duco.

These original color combinations were developed in cooperation with Dupont, the world's leading automotive color authorities. They lend refreshing smartness to every Oakland body. They introduce into their price field a new note of modishness and luxury—one that you will instantly mark the moment you see the car.

PRODUCT OF GENERAL MOTORS WINNING AND HOLDING GOOD WILL

NEWBURG
 Rev. Walker preached an evangelistic sermon Sunday, his topic being, "Clean Living." Timothy 2:2. Plans are being made to observe Easter in a manner befitting the occasion. Further notice next week.
 The Sunday-school are making arrangements to entertain in honor of the classes that were winners in the Sunday-school contest. Notice will be given next Sunday, when it will take place. Mrs. F. I. Walker gave a most

interesting talk on Home Missions, at the opening of the Sunday-school session. Seventy-six were present.
 The play, "Across the Hill," given by the young people of the Epworth League last week Thursday, goes to show that there is considerable dramatic talent in our little burg. They deserved a better patronage by the community. They are to be congratulated on the way each one took his part. There were many amusing situations as well as a splendid moral tone to the play. They wish to thank

all those who assisted, especially Mrs. Walker and Mrs. Thomas for helping to train them.
 A very pleasant occasion was the meeting of about thirty ladies at the home of Mrs. Jess Thomas, last Wednesday afternoon, given in honor of the treasurer of the L. A. S. Mrs. Clyde Smith, who was the recipient of a number of pretty gifts. Light refreshments were served.
 The Bee last Saturday afternoon, at the church, resulted in getting quite a lot of work started. As many as can

do so, are urged to come this Saturday afternoon, bringing hoes, shovels or any implements they can work with. Anyone having shrubs, rose bushes or climbing roses, are kindly asked to contribute to beautify the church and parsonage grounds.
 Dwight Wagner of Pinckney, attended church services Sunday. He also called on his two nephews, Charles and Dwight Paddock, and took dinner with Mr. and Mrs. Clyde Smith.
 Miss Alice Gilbert of Detroit, was a Sunday visitor at the home of her

brother, Harry Gilbert, and family. Misses Anna and Ada Youngs have moved into their new house. Their brother, Newton, will make extensive repairs on the house formerly occupied by them.
 Mr. and Mrs. John Seymore of Wayne, spent the week-end with their cousins, Mr. and Mrs. Donald Ryder.
 Mr. and Mrs. Helen's little boy, Harold, is quite ill with the grippe. Glad to report that W. R. Greer is much better at this writing.
 Mrs. F. I. Walker and son, Wilbur,

motored to Ann Arbor, to call on Mrs. Walker's sister-in-law of Romeo, who is a patient in the University hospital.
 Mr. and Mrs. Henry Eldrit of Detroit, called on their cousins, Mr. and Mrs. Wm. Smith, Sunday.
 Mr. and Mrs. E. J. Cutler of Nankin Mills, were callers on Mr. and Mrs. Neal Leonard, Sunday evening.
 Word received from Mrs. James McNabb, who is with her husband at San Fernando, near Los Angeles, says that Mr. McNabb is feeling much better at this time.

Mrs. Jacobson and Alex J. Cook spent the later part of last week with Mr. and Mrs. W. R. Greer. Mrs. S. Male of Hamilton, Ontario, was a Sunday guest there.
 Watch your chicken houses. Thieves stole 24 big Plymouth Rock hens from C. E. Ryder's Tuesday night.
 Mr. and Mrs. Elden Geney are the proud parents of a baby boy, Richard Lawrence, born Tuesday evening, April 5th. Their friends extend congratulations.
 The meeting held at the Newburg school house, by the citizens last Tuesday evening, April 5th, was well attended. Articles of association were adopted, and the following officers elected: President—N. V. Youngs; vice president, J. Rousseau; secretary—A. Bakewell; treasurer—C. D. Ryder; advisory board—Rev. Walker, J. Horton, B. Lomas, T. Levandowski, C. Mackinder. Newburg Civic Association was the name chosen and adopted. A committee was appointed to draw up by-laws and report at the next meeting. The meeting adjourned for two weeks—April 19th, at the school house. Every citizen in Newburg and vicinity should attend these meetings.

THE LARGEST COAT AND DRESS HOUSE IN THE WORLD

CITY MARKET MUST BE WELL LOCATED

Points of Importance for Shopping Centers.

A shopping center, no matter how small, fills a definite need in any community; it should be carefully located and artistically constructed, says George B. Ford, who has planned more than a hundred cities and towns among which is the restored Blooms, and Marcia Mead, noted architectural advisor.

"One of the nuisances which has constantly intruded itself in a neighborhood is the small store which juts out into the roadway, and spoils what otherwise would be an attractive residence street. As a remedy for this it was suggested that at an important traffic center a well-planned group of stores might be built to serve the community in an attractive as well as a practical manner.

"The game of marketing is an old one. The Roman forum was in reality a market place for the sale of the various commodities necessary for the city. It was a large open square surrounded by a colonnade, where the shops were located.

"These sheltered trading places, except for modern requirements of sanitation and transportation embody the essential of a modern open public market.

"The crux of the whole matter, today, is the terminal or terminals as the case may be. The terminal is a business unit in itself, a highly sensitized mechanism of regulated transportation and storage facilities. City distribution is always a complicated problem, and since women are the chief retail buyers of food this is very much a woman's problem.

"Wrong location has caused the failure of many a public market because it was not in a place where women would go to buy.

"So the first step in the establishment of a market is a survey.

"Even when indications may seem conclusive that a public market would be a success in a certain location, it is well to begin with a curb market which can be thoroughly tested before putting up a permanent building.

"For example, the fate of the finely equipped market house at Newark, N. J., for some time hung in the balance. It well-nigh failed because it was off the general line of travel, so that one had to cross crowded thoroughfares to reach it.

"The functions of a market are expressed in the inscription over the portal of the Norfolk market. 'That pure food may be kept in the best manner and sold at a fair price, this building is erected by the city of Norfolk.'

New Jersey Far in Lead

According to figures recently compiled by the United States census bureau in co-operation with the New Jersey department of conservation and development, New Jersey produced 43 per cent of the country's output of vitreous chinaware in 1925. The total value of New Jersey's product was \$11,897,739. This was the combined output of 18 plants, some of which have as many as six separate potteries. Most of this output was in the Trenton pottery district.

New Jersey is far in the lead of any other state, with Ohio standing second, producing only 18 per cent of the total output.—New York World.

A Winner

When they were selecting the Eva for "Uncle Tom's Cabin," there were hundreds of interesting little tots on the Universal lot. The big laugh came from two little six-year-olds who were discussing the future.

"I'm going to be a big movie star myself, some day," remarked one.

"I ain't! I'm going to be a necker," said Miss Sophisticated No. 2.

"So's your Aunt Minnie!"

"Well," retorted the other, "Aunt Minnie ain't so bad, at that."—Los Angeles Times.

Baby Carriage Passing

Kensington garden, the fashionable parade in London for baby carriages containing children of wealthy parents is being gradually deserted. It appears that many of the youngsters require something more than an airing in a pram or with a nurse these days and demand they be taken out in a motor car. This in turn has created a demand for the "nurse-char-a-faine" to drive young charges about in the daytime.—Indianapolis News.

Sunday visitors at the Donald Ossenheimer home were: Mr. and Mrs. John Sherman and Mr. and Mrs. Avery Sherman and daughter of Homer, Michigan.

Dr. Claude J. Burgess of Detroit, has returned from a two month's sojourn in the south. Mrs. Burgess and their daughter, Miss Katherine Burgess, who accompanied him south, remained for a several weeks' stay in Asheville, N. C., before returning home.

A line from J. F. Root, who has been spending the winter in California, says he will be home some time this month. Mr. Root says that they have had a fine winter in the Sacramento valley where he has been, and that now peaches are in bloom and roses are out in abundance.

Visitors at the home of Mr. and Mrs. Wm. Felt, Sunday, were: Mr. and Mrs. T. R. Bacot, Mr. and Mrs. Lauren Proctor and daughter, Mrs. Flora Davidson and son of Flint; Mr. and Mrs. E. L. Maple of Detroit; Mr. and Mrs. Scott Lesley and daughter of Ypsilanti; Mr. and Mrs. Roy Felt and family, Lauren Felt and Mr. and Mrs. Earl Sockow of this place.

Born to Mr. and Mrs. Edgar Wilson, a son, Thursday, March 31st.

Burt Fleming and lady friend of Detroit, were Sunday callers at Floyd Sherman's.

Mr. and Mrs. Leroy Naylor have returned from their winter's sojourn in Florida.

Harold Finlan will build a new house on Arthur street. Ben Sproul has the contract.

Mr. and Mrs. Vern Cooper and son of Brightmoor, were Sunday visitors at Charles Cooper's.

Mr. and Mrs. Fred Bovee spent the week-end with Mr. and Mrs. Theodore Sheldon, at Ann Arbor.

Dr. and Mrs. J. H. Kimble are home from a three months' trip through Florida and the West Indies.

Mr. and Mrs. W. J. Runyon of Fenton, are visiting at the home of Mr. and Mrs. Harry Vosburgh.

Miss Melva Sutton has returned to Kalamazoo college, after spending the spring vacation with her aunt, Mrs. H. J. Dye.

Mr. and Mrs. A. F. McIntyre and little son of Detroit, spent Saturday with the latter's parents, Mr. and Mrs. B. Sherman.

Mr. and Mrs. B. E. Giles, Allen and Virginia Giles and little Phyllis Jean Samsen were guests of Adrian relatives, last Sunday.

Mrs. Milo Walker and Mrs. Ida Bliss of Northville, called on Mrs. Ralph Beeman and mother, Mrs. O. H. Bolton, Monday afternoon.

A. J. Baker spent Sunday with relatives at Port Huron. His family, who have been spending the week there, returned home with him.

Crumble & Wood, contractors and builders of this place, have the contract to build a new brick store building for Nelson Schrader, of Northville.

Charles Dehner and son, Harry, Mr. and Mrs. John Hefner and Miss Florence Christian of Detroit, were Sunday guests of Mr. and Mrs. Clyde Jaslett.

Mr. and Mrs. O. W. Showers, who have been visiting at Dowagiac, have returned home. Their aunt, Mrs. S. S. Snell, accompanied them home, for a few days' visit.

Work on the remodeling of the Pennington Allen auditorium is progressing nicely. It is expected that the part being remodeled for the postoffice will be ready for occupancy about May 1st.

R. L. Hills attended the funeral of Col. D. E. Cleary, held in Detroit, Monday afternoon. Mr. Hills served for two years under Col. Cleary, when he was a major of a battalion in the 32nd Division during the World War.

Mr. and Mrs. Claude Rorabacher and daughter, Dorothy of Detroit, and Mr. and Mrs. Leroy Midgeley and family of Mt. Clemens, were Sunday guests of Mr. and Mrs. Cyrus Rorabacher, and also called on Mr. and Mrs. Jack Roemer and Mr. and Mrs. Merle Rorabacher.

Mr. and Mrs. James Stevens and Mr. and Mrs. George Meddaugh entertained their neighborhood five hundred club at the home of the former, last week Thursday evening. A delicious luncheon was served by the hostesses. The first honors went to Mr. and Mrs. Wm. Kaiser while the consolations were awarded to Miss Almeda Wheeler and P. H. Deal.

Do not fail to bear Attorney B. P. Hicks of Owosso, speak at the Men's Banquet, Tuesday evening, April 12th, at the Presbyterian church. The usual appetizing dinner will be served at 6:30 p. m., by Mrs. Shaw's Sunday-school class, at 75c per plate. The High school orchestra have arranged to furnish a splendid musical program for this occasion.

The Plymouth Fire Department are making plans for their annual dancing party, which will take place at the I. O. O. F. temple, Monday evening, April 18. Stone's orchestra with Charlie Stone in person, will furnish the music for the occasion. Everybody should buy a ticket for this event, and show appreciation of the services of our fire ladders.

Mr. and Mrs. Henry Stanley celebrated their fiftieth wedding anniversary, Sunday, March 27th. Their children, grandchildren and great grandchildren and Mr. and Mrs. Charles Curtis and Miss Susie Atchison of Detroit, were present. There were twenty-three who sat down to dinner. Mr. and Mrs. Stanley received a number of fine presents. The Baptist Ladies' Aid presented them with a five-dollar gold piece.

Mr. and Mrs. Charles Cooper called on Mr. and Mrs. Will Johnston at Wayne, Wednesday evening.

Rev. and Mrs. A. K. McRae moved from Northville, April 1st, into one of W. H. McKeerghan's houses at Waterford.

Miss Alice Ballen, who is attending the Mr. Ida School at Boston, Mass., came home last week Thursday, for the spring vacation.

C. O. Ball and son, Charles, went to Coloma, last Saturday, where they met Mrs. Ball, who has just returned from a trip to New Mexico and Arizona. They all returned home Monday.

Clarence W. Wright and son, Duane Chester of Detroit, visited the former's parents, Mr. and Mrs. Henry Wright, last Sunday. Duane stayed over for a few days longer with his grandparents.

Mr. and Mrs. William Felt and Mr. and Mrs. Lauren Proctor and daughter called on Mrs. Emma Cartwright, Mrs. Mary Strong and Frank Proctor in Detroit, recently. Mr. Proctor, who has been ill for the past year, is somewhat better.

APRIL MEETING OF LEAGUE OF WOMEN VOTERS

The April meeting of the Plymouth League of Women Voters will be held Monday afternoon, April 11th, at 2:30 o'clock at the home of Mrs. Benjamin Gilbert, 959 Penniman avenue.

This meeting is to be one of several planned for the year, by the Child Welfare Committee of the League. The speaker for the April meeting is Miss Alley Wallin of the Highland Park Day Nursery, who will speak on the subject of "The Value of the Day Nursery to the Student, the Child and the Mother."

It is hoped that all mothers and all who are interested in the welfare of our children, will take this unusual opportunity to hear Miss Wallin, who comes to us very highly recommended for her work with children.

There will also be a discussion of the mothers' pension bill, and other bills pending in our state legislature.

Save Monday afternoon, April 11th, to hear Miss Wallin.

CHERRY HILL MAN PASSES AWAY

William Hank, a resident of Cherry Hill for about two years, passed away Monday afternoon after a serious illness with pneumonia and pleurisy. Mr. Hank had been improving, and was sitting up Monday morning. In the afternoon he apparently suffered a heart attack and quietly slipped away. Besides his wife, Mr. Hank leaves two sons, Irving and William Jr., at home, and a daughter, Mrs. Knudt Jorgensen, Cherry Hill.

Funeral services were held from the home, Thursday afternoon at 2:00 o'clock, Rev. Blake of Denton, officiating. Interment in Riverside cemetery, Plymouth.

SCHOOL NOTES

Eighth Grade Class Meeting

The eighth grade class meeting was called to order by Miss Grant, who explained that the president, Frederick Shear, and secretary-treasurer, Clare Lyke, had become ninth graders, and so it would be necessary to elect new officers. The use of class dues was discussed, and it was decided to have two pages in the Plythean this year. Lynford Fritz was elected president, Maurie Dunn still remains vice-president, and Marian Gust was elected secretary-treasurer. The meeting was adjourned.

Boys' Physical Training

The boys in the seventh and eighth physical training classes are doing various drills and exercises.

The new seventh graders are progressing very rapidly.

Girls' Physical Training

The girls' physical training classes are doing various exercises and drills for the demonstration to be given at the exhibition the middle of April.

Campfire Girls

Camp Chichagami is selling Ready-Jell to make money to go to camp. The girls will appreciate any orders given them. The girls are planning a council fire to be given after spring vacation, at which some of the girls will become Wood Gatherers.

Camp Tutulihust held its second ceremonial at the home of the guardian Friday night. Jean Mitchell, Camilla Ashton, Irene Livingston and June Jewell became Wood Gatherers. Maurine Dunn, Alice Swanson and Marian Dreyer became members of the camp. They had a very nice program, after which refreshments were served.

Camp Latoni has initiated nine new members. A council fire was held at the home of Jean Strong. The girls had a bake sale, and earned six dollars.

Seventh Home Economics

The girls are now making their cooking aprons and caps which they will use next year. Along with this project, they are studying cotton. Mr. Shingler loaned them a very interesting exhibit which helped the girls to more fully understand the manufacturing process.

Eighth Home Economics

Miss Mabel Spicer of Plymouth, who is at present with the Jell-O Company, gave two demonstrations for the girls and their mothers, last Thursday afternoon. About sixty girls and mothers learned the many possibilities of Jell-O and its place in the diet.

Manual Training

The manual training classes are making hulls for the track team. They are also making old-fashioned boats.

—Maxwell Arthur Todd.

Marco Polo

Marco Polo, when a boy, led a life filled full of joy: When a lad of sweet sixteen became a happy brave marine.

When he went to China old, Through huge bands of robbers bold, He came upon the wise old king, And was amused by everything.

When he returned to his home town, People said he was a clown, And not the Marco Polo dear, Who had been gone full many a year.

He gave a party that great night, And showed his friends diamonds bright; And stuck after stack of glittering gold That he had brought from China old. —Alice Chambers, 7-A Grade.

Grade Notes

Paul Albert, LaRue Stepp and Anita Thompson have recently entered the kindergarten. The children have been making and coloring robins and bluebirds.

Mrs. Root's room have made pussy willows for their blackboard border. They play school at noon while waiting for the bell to ring. Ruth Lash has entered the first B grade, after coming from Northville. Betty Mastick and Clarence Heller led this grade in the physical training exhibition last week.

The fast group of the 1-A class of Miss Stader's room, have finished their first grade Allison readers. They are reviewing, and will take the first grade Child's Library reading after vacation. They have been discussing politeness and are forming habits of saying please, yes ma'am and no ma'am.

Norman VanArsdale has moved to Detroit, and Kenneth Jewell will move soon to Ann Arbor.

The following people of Mrs. Harmon's second grade have six stars on the attendance chart: Margaret Kennedy, Robert Sockow, Jack Birchall, Marian Gorton, Barbara Hubbell, Ruth Lee, Jewell Starkweather and Arthur Stroll. The A class is reading "In Animal Land."

The following pupils were neither absent nor tardy this month in the 2-B

grade: Clzetta Mault, James Nairn, Cecil Pinkerton, Francis Trombly, Loren Archer and Leon Subourin. The following pupils were neither absent nor tardy this month in the 2-A grade: Orice Beeman, Berle Fisher and Kenneth Fisher.

Robert Hieock moved to St. Louis, Eleanor Allen is leaving for Sandusky next week.

Kenneth Davis spelled the 4-A grade down. They are making original fables in them.

Mrs. Bird is confined to her home by sickness. The children in her room wrote letters and sent her flowers.

In Miss Fenner's room, the sixth graders are making booklets on the means of transportation. Pictures of the different means of transportation are to be pasted in the booklets.

In Miss Hallahan's room, the sixth B arithmetic class is studying decimals. The sixth A language class has completed the eight parts of speech. Mary Stewart has moved to Allen.

—Ellen Smith.

The Advanced Home Economics Class is having a bake sale the week of April 11-15. Phone orders to 506 from 5 to 6 p. m. Monday—Pies: all kinds, 30c. Tuesday—Cookies, 15c dozen. Wednesday—Friedcakes, 30c dozen. Boston baked beans, 15c pint. Thursday, Boston brown bread, 30c; nut bread, 35c. Friday—Cakes: Boston fudge cake, 50c; white cake, 40c; angel food, The and Sic; Sunshine, 75c and 80c.

HIGH SCHOOL NOTES.

Ninth grade civic classes are concluding the study of state government and the constitution of Michigan. The rest of the term will be spent largely on the study of occupations with regard to linking the activities of the class room with the activities of the community. The study of community life and social problems as presented in text books needs to be supplemented by an examination and investigation of the actual life and specific problems of the neighborhood in which the boys and girls live.

The junior class committees are hard at work on plans for the J-Hop, April 22nd.

Eleventh grade modern history classes are studying English reform in government and civic life. Also once a week a study of the Literary Digest is made.

The history twelve classes are studying the administration of the presidents of the U. S., and starting this week Friday ten-minute reports will be given on different problems of the administration. The class is also studying the situation in China.

The H-Y and Girl Reserves accepted an invitation to attend the evening service at the M. E. church Sunday, March 27th. About thirty members who attended were very much impressed with the address of Judge Root of Monroe, who spoke particularly of the need of loyalty to the church and to the government. The congregation enjoyed special music by Forest Hubert and the Girl Reserve quartet.

The Aggie Club have been busy all week making preparation for their sixth annual Aggie Club banquet, on April 8th. By coincidence everyone on the program is a student or alumnus of Plymouth High school, Michigan State College or both. The program will be as follows: Toastmaster—Millard Nelson; "What the Alumni Members think of the Aggie Club"—Herbert Miller, M. S. C. '30 and P. H. S. '23; Trombone solo—Mr. Dykehouse, M. S. C. '20; "How It Looks to Oad"—F. W. Spicer, P. H. S. 1896; "As the County Agents See Us"—Ralph Carr, M. S. C. '00; Music—Mrs. J. W. Wagener, P. H. S.; J. W. Wagener, M. S. C. '20; Henry Hutton, M. S. C. '30; Address—J. B. Hasselman, Publicity Director, M. S. C. It is still possible to get tickets if you will call up the High school at once, and have them reserved for you till tonight.

Hon. A. C. Carton, director of the Bureau of Plant Industry, Michigan Department of Agriculture, spoke at the annual husbandry class Tuesday, about the program for the fight against the corn borer.

The Boy Scouts spent last week-end at Camp Brady, and due to their excellent discipline there, they have the privilege of using the swimming pool at Redford every Monday night. Fifteen Scouts went last Monday night, and had a very good time. A merit badge banquet will be held April 21st in the dining room of the M. E. church.

The Girl Reserves are planning on having a progressive party soon.

The H-Y had a steak roast Thursday night, and everyone had a good time.

The Physics class is planning a trip to Elolse and to Ann Arbor, to study present conditions at those places.

The Senior class has begun work on their class play. The name of the play is "The Man on the Box," by Grace Livingston Furness.

The French class is taking up the reading of the play LeVoyage de M. Porri Chon.

The public speaking class has completed its work on orations, and is starting Parliamentary Procedure.

"Kolo" Dusting Materials

The New Dusts you can see Stick

give more permanent protection from each application

These "Kolo" Dusting Materials have sticking properties not found in any other dusting material. They may be applied with equal effect to either wet or dry foliage, and after once "set," will stick for weeks throughout rain and wind. This dust is a visible sticker. You can see it plainly without lens or microscope. Experiments demonstrate that this sticker dust retains a larger percentage of sulphur on the leaf surface for a longer period than is the case of "Lime Sulphur" Solution, or most any other liquid spraying material.

KOLODUST

Kolodust is the Superior Fungicidal Dust for all applications where no poison is necessary for chewing insects.

KOLOTEX

Kolotex is the Superior Fungicide Dust combined with Poison for chewing insects, for application where it is desired to control chewing insects as well as fungus diseases

PAIGE HAS PIONEERED MAJOR IMPROVEMENTS

FIRST TO ADOPT MANY DEVICES NOW STANDARD ON MOST MAKES OF CARS.

Paige's distinction of being the first to build cars with the latest important advance in automotive construction, the four-speed transmission with two high-gear drives, emphasizes the fact that its makers have long been known in the motor world for their readiness to introduce the really worthwhile improvements.

F. W. Hillman, Paige dealer in this city, discussing the new Paige eight and the advantages of its transmission, predicts that other manufacturers will soon take steps to provide their owners with some means of effecting a reduction of engine speed without sacrifice of hill-climbing ability and acceleration, that being one of the leading advantages of the Paige gearbox.

"Undoubtedly, the same thing will happen with the double high-gear principle as has happened in other cases of Paige pioneering," says the Paige dealer. "Note some of the important development promoted by Paige—and also that they are now accepted as general practice:

"Paige was first to adopt the built-in transmission lock, integral counterweights on the four-bearing crankshaft, and light-weight non-spln clutch, oil-tight universal joints, adjustable ball and socket headlamp brackets and the Zerck chassis lubrication system.

"Paige was the second in adopting built-in starting and lighting equipment, and to be licensed to use the hydraulic four-wheel brake principle.

"Moreover, Paige today is the only maker to heat-treat brake drums to prevent eccentricity, and one of the few to turn the drums; it is one of three makers that balance their propeller shafts, the other two being in higher price classes; it was one of the first to adopt the silent chain front-end drive and later one of the first with the automatic chain-tension device; it was also among the first to use 'spun-in' babbit connecting-rod bearings, the semi-automatic spark control, chilled cast iron tappets, and ball-bearing steering spindles.

"Many of the things listed are essential to the motor car of today, and Paige is proud of its record in pioneering. Paige's distinction is not so much that it has been the first to adopt new devices or principles as that all these innovations have since become the standard practice. Many innovations have been made in car construction—but few have lasted. Paige's improvements, however, are so well tested out before adoption that they are known to be right before being put in use; the consequence is that they not only have been retained in Paige cars, but have been recognized as meritorious and adopted by other makes."

Picked Up About Town

Dad Plymouth says if some young fellows showed as much enthusiasm for work as they do for spooning they wouldn't have to hunt a new job every few weeks.

It remains for Dad Plymouth to suggest that maybe jailbirds come from larks, bats and swallows.

Few of those who hear a sermon broadcast over the radio ever broadcast back to the collection plate.

"Any country would look prosperous," asserts Dad Plymouth, "if all the people were permitted to run big charge accounts."

Dad Plymouth says he can't see why spring poets are always raving about daisies and buttercups when spring onions bring more enjoyment.

Calf coats are now being worn by the fair sex. It would be interesting only for the fact that calves are no longer a novelty.

"More than one woman is inclined to believe that man sprung from monkeys," asserts Dad Plymouth, "when she sees some of her husband's relatives for the first time."

A liner ad in the Mail will help you to dispose of that piece of used furniture.

FARMERS ENLIST IN BORER FIGHT

OVER 5,000 ATTENDED DISTRICT DEMONSTRATIONS DURING PAST WEEK.

That Michigan farmers themselves will prove to be the bulwark in the war against the European corn borer is attested by the fact that over 5,000 took part in district demonstrations held last week in 15 of the 23 counties under quarantine.

These demonstrations were the preliminary skirmishes of the educational campaign to acquaint farmers with practical corn-borer control methods, conducted by Michigan State College specialists in cooperation with county agents in the various counties. The last two of the district gatherings were scheduled for Romeo on April 5, and Caro on April 7 for farmers in these vicinities.

H. C. Rather, assistant director of extension, Prof. H. H. Musselman of the agricultural engineering division of the college, and representatives of state and federal forces were the principal speakers at the meetings.

From the spirit shown at these demonstrations, it was evident that the farmers themselves are vitally interested in this problem of corn-borer control. Much remains to be done in working out measures to meet all conditions. Many things will be discovered by individual farmers which will prove of inestimable value in solving the corn-borer problem, according to the specialists. Those in charge of the work are confident that over ninety per cent of the clean-up in Michigan will be accomplished voluntarily.

IN MEMORIAM

In loving memory of our beloved wife and mother, Mrs. Wm. J. Beyer, who departed this life eight years ago, April 11th. She left this world full of friends with a smile, to meet her Savior at yonder Golden Shore, awaiting there to meet them again some day for evermore. When hurt at heart, go walk apart, down the moonlit road, is when we forget the pain, the loss, and put down the earthly load. We forget the tears, forget the fears, the things of every day. And then is when we are again the man, God's great plan. The spirit, not the clay. Husband and Daughter.

A CARD—We wish to thank our many dear friends and neighbors who were so kind to us in our recent sorrow. Their cheering words and sympathetic considerations helped us immeasurably to bear the burden of grief; also to thank the pastors, Rev. Nichols, Rev. Ward and Dr. Lentrum, for their comforting messages, and Mrs. Thomas and Mrs. Bako for the beautiful music. D. A. Jolliffe, Robt. J. Jolliffe and Family, Mr. and Mrs. Robt. O. Mimmack, Mr. and Mrs. J. H. Mimmack.

Two New Parts in DODGE BROTHERS MOTOR CAR Tell Important Story

NOTICE THESE TWO PICTURES
The small part is a new exhaust valve—now used on all Dodge engines. Also on all fine aeroplane engines. Made of alloy steel, containing silicon and chromium, it costs four times as much as the valve it replaces.

The other is Dodge Brothers new five-bearing crankshaft. Made of costly chrome vanadium steel. One of the finest shafts in any engine.

—EACH TELLS AN IMPORTANT STORY—

The small part typifies hundreds of similar refinements made by Dodge Brothers during the past two years . . . endless detailed improvements, never spoken of, rarely observed by the layman, but vitally important in their total effect on performance and dependability.

With the new crankshaft, many other major improvements could be listed. A new silent-type clutch. A new two-unit starting system. Smarter and stancher body design. Bright new colors. Comfort-tilt seats. New silent-type muffler. New steering ease. Softer pedal action. New air cleaner. Improved engine mounting. New design propeller shaft, differential, axle shafts . . . and many others.

Drive the car now! Experience its new zest and flexibility—marked ease of operation—pronounced comfort—and the striking new smoothness and silence of the motor at all speeds!

OFFICIAL PROCEEDINGS OF THE VILLAGE COMMISSION.

Plymouth, Mich., Mar. 21, 1927.

At a regular meeting of the Commission in the Commission room of the Village Hall, Monday evening, March 21, 1927, at 7:00 p. m. Present: Commissioners Robinson, Henderson, Fisher and Hondorp. Absent: Commissioner Pierce.

The minutes of the regular meeting of March 7th, and the special meetings of March 11th and 15th were approved as read.

The petition for the paving of Harvey street from William street to Farmer street brought in at the last regular meeting was granted, the construction to be taken in its regular order.

The Manager was then directed to write to the Wayne County Road Commission expressing to them the wish and intention of this Village to cooperate with them to the very fullest extent in all their work in this vicinity.

A number of property holders assessed on the Holbrook avenue sewer were present in answer to the invitation of the Commission, and the matter of this sewer was discussed and finally laid on the table until the next regular meeting.

A petition for a street light to be placed at the corner of Arthur and Blanche streets was on motion granted.

Another petition asking for the covering of the creek lying in Park avenue, was received and on motion granted.

The Village Treasurer then showed that the Village owed Charles Duboy a rebate of \$4.50 for Village taxes paid in error. On motion this rebate was ordered paid.

The Commission then made arrangements to meet at the Village Hall on Friday afternoon at 1:00 o'clock, to see several makes of ditching machines at work in various parts of the country. This day after the merits of various machines had been related to the Commission by the representatives of the manufacturers.

The report of the auditing committee recommended the payment of the following bills:

Administration pay roll	\$ 38.44
Labor pay roll	542.49
Police pay roll	240.91
Corbett Electric Co.	88.42
Eckles & Goldsmith	2.98
A. B. Moore	248.00
Plymouth Lbr. & Coal Co.	88.44
H. D. Edwards & Co.	6.00
Gen. Office Equip. Corp.	6.16
Jaeger Portable Power Corp.	17.50
Michigan Drug Co.	12.00
Total	\$1,291.04

The Commission then adjourned.
H. C. Robinson, President.
Sidney D. Strong, Clerk.

Plymouth, Mich., March 28, 1927.

The last regular meeting of the old Commission in the Commission room of the Village Hall, Monday evening, March 28, 1927, at 7:00 p. m. Present: All five Commissioners.

The minutes of the regular meeting of March 21st were approved as read.

The Village Attorney then presented his bill for the remainder of his retainer fee and his expenses during his term of office, which bill, on motion, was allowed.

The Manager then presented a bill for Mary K. Hillier for a rebate of \$12.00 Village taxes paid in error, which rebate was authorized to be paid.

The Manager was then directed to write to the Michigan League of Municipalities expressing their condemnation of the so-called Indiana Tax Plan as proposed for Michigan.

A petition was received for a cross-walk on the west side of Harvey street across Blanche street. This petition was granted, the construction to be taken in its regular order.

The Commission then adjourned sine die.

H. C. Robinson, President.
Sidney D. Strong, Clerk.

Plymouth, Mich., March 28, 1927.

The first meeting of the new Commission held in the Commission Room of the Village Hall, Monday evening, March 28, 1927, after the adjournment of the old Commission with the Village Manager acting as Chairman pro-tem.

On motion, Henry J. Fisher was unanimously chosen as Village President for the ensuing year and Mr. Fisher then took the Chair.

The roll was called showing all five of the Commissioners, President Fisher, Commissioners Henderson, Hondorp, Pierce and Shear, to be present.

The Village Attorney then recommended that the President appoint a committee of three with power to act to work with the Village Attorney of the proposed Charter changes. On motion this recommendation was adopted, the President to appoint a committee at the next meeting.

On motion by Commissioner Hondorp, supported by Commissioner Pierce, Mr. William Weltner was named as Manager of the Village of Plymouth.

Ayes: Commissioners Fisher, Henderson, Hondorp and Pierce.

Nays: Commissioner Shear.
The Commission then adjourned.
Henry J. Fisher, President.
Sidney D. Strong, Clerk.

Plymouth, Mich., March 29, 1927.

A special meeting of the Commission in the Commission Room of the Village Hall, Tuesday evening, March 29, 1927, at 7:00 p. m. called according to the Charter Provisions to confirm the results of the bond election of March 28th.

Present: Commissioners Fisher, Henderson and Hondorp.
Absent: Commissioners Pierce and Shear.

The report of the election board was received showing a total of eighty-two votes cast, of which seventy-four were in favor of the bond issue, seven against and one spoiled ballot. On motion this report was adopted and the bond issue declared to be carried. The Commission then adjourned.
Henry J. Fisher, President.
Sidney D. Strong, Clerk.

Spring is Here!

I am eternal. I make strong men quail. Beautiful women cover before me. I laugh. They are unable to lure me. They lose their charm and become unlovely, smirking objects. Mighty men become powerless in my presence; they are debased and I am glorified. I am a cold in the head. I am eternal.

This Week

By Arthur Brisbane

WE'LL MAKE U. S. LEARN.

BUYING FORGIVENESS.

CHINA'S AWAKENING.

For one thing we should be grateful. Our cousins in Europe will teach us to fly, whether we want to learn or not. The British expect to send to New York next fall an airship "as big as the Mauretania," with room for 100 passengers. That will be one good lesson.

The French Academy of Sciences, a most serious body, says that Marzoullis, a French engineer, has perfected a helicopter flying machine. Such a machine, enabling you to fly and rise directly from the ground, would give the inventor wealth unlimited and would be the best invention since the start of the Wright Brothers. With a helicopter in good order you could start from the roof of your apartment house or office building, go where you like, and land on any other roof or office building.

The jazz period in dances and in morals is passing in Christendom and pagan lands. Turkey is suppressing immoral dances; Japan is dealing seriously with the social evil; "all governments," says a report, "are occupying themselves with the task of checking immorality."

That is gratifying, important news, and then more important is news that tells of the discovery by British scientists of a new vitamin, 1,000 times more powerful than any known hitherto. It will cure rickets, and, most interesting, it seems to have the effect of ultra-violet light.

The new health food is called "cholesterol" and contains what is practically the pure vitamin D, a substance called ergosterol. It can be made cheaply, and an ounce of it would be enough to keep you healthy from birth to death.

Health news and educational news are the really important kinds of news. "Give LIGHT and the people will find their own way," as Dante said. Give HEALTH and they will have energy to work well.

Morals change and return to normal with time. Health and knowledge are what count.

Some General Electric genius has invented a searchlight gun that will write on clouds, buildings, banks of smoke five miles away. This opens up a marvelous advertising field. But the Government should protect it, and the heavens should continue to declare the glory of God, and the firmament to show forth His handiwork. They should not be used to declare the glory of suspenders, tooth paste or automobiles.

An old man in Illinois sends one dollar to a woman in Indiana, saying, "I stole half a watermelon from your father sixty years ago, when I was thirteen. I am on my way to heaven and do not want that melon standing in my way. Here is the money; forgive and forget."

The question is, can you buy forgiveness from heaven at the last minute, when "on your way?" A Mohammedan writes that his co-religionists do not pray for heaven. They say in their prayers to Allah, "We pray to you, because we know you are great and good, deserving praise. We ask nothing in return." That seems more dignified than everlasting begging, and more tactful.

The Middle West fights the corn borer with a machine that squirts blazing oil over the fields. Huge stubble pulverizers will help the work. Blazing oil will dispose of corn borers, and of part of our surplus oil at the same time.

IN MEMORIAM

In memory of our loving son, Harry Staman, who departed this life two years ago, April 5, 1925.
All is sad within our dwelling.
Lonely are our hearts today.
For the one we loved so dearly
Has forever passed away.
Peaceful be your silent slumber.
Peaceful in your grave so low:
You no more will join our number.
You no more our sorrows know.
Yet again we hope to meet you
When the day of life is fled,
And in heaven with joy to greet you
Where no farewell tears are shed.
Sadly missed by his Father, Mother,
Sister and Brother.

B. F. KEITH'S TEMPLE THEATRE

Detroit, Michigan

Ledova, the brilliant danseuse, is announced as one of the featured attractions at B. F. Keith's Temple Theatre starting Sunday matinee, April 10. Ledova's offering is an elaborate dancing flash in which she is assisted by Leon Varkas and Joseph Napolitano, with Ledova's Gypsy Quintette. Others listed: Will Mahoney, America's foremost comic. In his latest skit "Why Be Serious"; Miss Patricola, favorite wherever there is a theatre as the scintillating melodist, in a cycle of character songs; Detroit's own Roy Cummings and Irene Shaw in their comedy oddity, "One Afternoon;" Marguerite and Frank Gill, late stars of the Music Box Revue in smart songs, steps and styles; Dan Stanley and Al Birnes, direct from "The Looking Glass Revue," London in "Two Bright Lights from Broadway;" Paul Decker in a skit by Bert Robinson called "Liars All;" Schicht's Royal Wonderettes and the screen subjects.

Before the flivver was introduced people used to hitch up and go visiting in the country, but all you hear them say now is: "We passed your house yesterday."

NOKOL!

Automatic Oil Heating Equipment

Having completed a very careful investigation of many makes of oil-burning equipment, I have determined that the New Silent Nokol is the most dependable, most economical and most generally satisfactory oil burner for residence and store heating.

The Silent Nokol is manufactured by the American Nokol Co., of Chicago, Ill., originators of automatic oil-burning equipment.

Nokol burns with a perfectly clean, odorless, sootless flame, and its regulation is entirely automatic, being governed by a thermostat located in the living room. Nokol installations are fully guaranteed, both by the American Nokol Co. and the local dealer.

Call Plymouth 678 for complete information.

CATHOLIC NOTES

Sunday is Palm Sunday, and the palms will be blessed and distributed before the ten o'clock High Mass. The Passion will be read by Messrs. R. Burch and S. Corbett.

Next Friday is Good Friday, and it is hoped that all the business places of Plymouth will be closed between the hours of 12:00 and 3:00 o'clock p. m. to commemorate Calvary's tragedy—the crucifixion of Jesus Christ.

Services on Good Friday will be conducted by the pastor at 1:30 p. m., consisting of the Way of the Cross, sermon on the Passion, followed by the Adoration of the Cross.

The Nethem Club met last night in the Mahogany Room, entertaining the young people of the parish. Each member enjoyed a pleasant evening, and are looking forward to another such gathering.

The Nethem base ball team is now in action by way of practice, and will soon don their new uniforms for play. The team promises to be equal and even superior to any team in the neighborhood. We are all getting anxious to see them in play, and all should give them their hearty cooperation.

Mr. and Mrs. Joseph Herter are receiving felicitations upon the birth of a baby girl.

We are very sorry to learn of the serious illness of Rev. Father Joseph Connors of St. Mary's, Wayne.

Lenten devotions next week will be held on Tuesday night at 8:00 o'clock, and Friday afternoon at 1:30. It is the last week of lent, and it is hoped all will attend these services next week.

SALEM

The April meeting of the Salem Union P. T. A. was held at the school, Tuesday evening, April 5th. Miss Anderson gave a report of the county nurse's visit to the school. The nurse found a large per cent of the children in the primary room had defective vision. The percentage was larger than any other rural school she knew of.

Election of officers resulted as follows: Harmon Gale was unanimously elected president for the coming year; Mrs. Glenn Burnham, vice-president; Francis Anderson, secretary-treasurer; Grant Currie, chairman of program committee.

OBITARY

Mary Lundergen VanAken, who died March 31st, 1927, was born in Waterford county, Ireland, in 1841, and came to this country when she was very young. She was married in New York state in 1858, to Abraham VanAken, who passed away in 1901. She had four children, the late Mrs. Charles Ryder of Northville, Henry VanAken of Northville, Charles VanAken of Salem, and Abraham VanAken of Detroit. She is survived by her three sons, ten grandchildren and eight grandchildren.

She has lived in the old home at Lapham's Corners fifty years, and has been a grandmother to the whole community.

MANY MILES OF GAS MAINS TO BE LAID.

First mild days of spring will find many trench digging machines, in almost every section of the state, clanking into action on long inter-city trenches which will bring yet another city convenience—gas service—to a number of Michigan communities. Pipe-laying and welding crews will follow in the wake of the trenchers, with back-filling machines bringing up the rear.

Two hundred and twelve miles of high pressure main will be laid during the construction season, connecting 17 towns to gas plants in neighboring cities, as part of the \$53,000,000 building program which the gas and electric companies have undertaken this year. Charles R. Henderson, president of the Michigan Gas Association, announced here. By the end of the year, a total of 850 miles of high pressure main will be in service in the state supplying 55 communities with gas.

Before the coming of the trenching machine and the high pressure main, Mr. Henderson explained, gas service to these towns was impracticable. The towns are of such size that service from individual plants would not be economically feasible, and only by adding their demands to those of nearby cities could the gas be supplied at reasonable cost. Hand digging of the necessary inter-city trenches and investment in low pressure mains would also be prohibitive, he said.

The coupling of lengths of pipe has been greatly facilitated by development of the welder. Permanent joints are now quickly made with the aid of the oxy-acetylene torch, so that, save for expansion joints at regular intervals, the mains are continuous steel tubes.

PRESBYTERIAN NOTES

A number of the women and young people attended the sessions of the annual meeting of the Detroit Presbyterian Society for Missions held at Northville this week.

Next Sunday John Pettinill will be ordained to the eldership at the morning service.

Byron Hicks, of Owosso, will be the speaker at the dinner meeting of the men's class on Tuesday evening next. Dinner will be served at 7:00 p. m. by Mrs. Shaw's class. All men are welcome.

The sacrament of the Lord's supper will be observed Easter Sunday morning.

The Busy Women's class will meet at the manse on Thursday, April 14th. Pot-luck dinner with business and social following.

The Sunday school will have a special service Easter Sunday, in which the primary department will have a leading part.

The Woman's Auxiliary will meet on Wednesday, April 13th, at 2:30 p. m. in the church parlors. Reports from the Presbyterian meeting at Northville will be presented.

METHODIST NOTES

Special services Monday, Tuesday, Wednesday and Thursday evenings and Good Friday afternoon. Other churches not having special meetings are cordially invited to unite with us in these holy week services. Mr. Nichol will be the speaker Thursday evening, and all of the Plymouth pastors will participate in the Good Friday service.

THE THEATRE

"THE WHITE BLACK SHEEP"

An exceptionally brilliant cast supports Richard Barthelmess in "The White Black Sheep," the inspiration First National picture coming to the Pennington Allen theatre Sunday and Monday, April 10 and 11.

Patsy Ruth Miller plays a desert dancer who rescues Dick from a terrific free-for-all fight among the Palestine tribesmen.

William H. Tooker plays Col. Kincaid, the father. Constance Howard is the girl whom the hero saves from disgrace by shouldering the shame of her theft before his father and friends.

The balance of the cast contains such prominent film names as Gino Corrado, Albert Prisco, Erville Alderson who portrays a deaf and dumb beggar; Templar Saxe, Col. G. L. McDonell, Sam Appel and many others.

Sidney Oleott, famous director of "Monsieur Beaucaire," "The Humming Bird," "Little Old New York" and many other film epics, directed "The White Black Sheep."

Oleott was especially well fitted to direct this play because of his long experience in the Near East, where a great deal of the action takes place.

He was assisted in a technical advisory capacity by Ameen Zaytoun, a Syrian gentleman whom he met on one of his jaunts in Turkey.

Col. G. L. McDonell also assisted Oleott in the English sequences, to insure accuracy regarding the British army scenes and the social life and manners of modern England.

"DON MIKE"

"Don Mike," a story of the days of dashing dons and valiant vaqueros, was chosen by Fred Thomson as his latest starring vehicle for F. B. O., which is coming to the Pennington Allen theatre Tuesday and Wednesday, April 12 and 13. The locale is southern California at the height of its romantic history. A remarkable note of accuracy has been attained due to the vast research work which was made in order to recreate the original atmosphere and background.

There is all the splendor and thrill of those bygone days which featured daring chivalry and free-and-easy knife throwing. Fred as the gallant and hospitable "Irish-Spaniard" Don Mike has the most interesting role of his career, and presents a brilliant characterization that is charged with sincerity and virile power. Ruth Clifford is the lovely lady wooed by the hitherto indifferent Don, while others in the cast are: Noah Young, Albert Prisco, William Courtwright, Tom Bates, Norma Marie and Carmen Le Roux. Silver King again amazes and delights his admirers with his endless source of new stunts and his proximity to human intelligence.

Lloyd Ingraham is the director and also contributed the continuity made from the original story by Frank M. Clifton.

"EVERYBODY'S ACTING"

"Everybody's Acting," Marshall Neilan's current Paramount picture, featuring Betty Bronson, Ford Sterling, Louise Dresser, Lawrence Gray, Henry Walthall and Raymond Hitchcock, which comes to the Pennington Allen theatre Thursday and Friday, April 14 and 15, is heralded as being a highly dramatic tale well flavored with typical Neilan comedy touches. And, if advance notes be true, "Everybody's Acting" runs a gauntlet from dynamic drama to scintillating comedy and succeeds in running it well, keeping the tempo at the right pitch all the way.

The story, written by Neilan for his own use, starts at a time when the leading lady of a theatrical stock company is killed by her husband, leaving an infant daughter, and follows the child through life with its five adopted guardians.

Betty Bronson hasn't had a role since the never-to-be-forgotten "Peter Pan" which can compare with her present part as Doris Poole. First seen at the age of eight, Miss Bronson actually has the spectator grow up with her till she reaches beautiful young womanhood.

Ford Sterling appears at his funniest as one of Betty's "fathers," Louise Dresser, distinguished character actress, as an example of the successful career-seeking woman, will not disappoint her many admirers. Raymond Hitchcock gives a good account of himself in his return to the silver screen. Henry B. Walthall, the "little colonel" of "The Birth of a Nation," needs no introduction nor does Gloria Swanson's former leading man, Lawrence Gray.

Heading the supporting cast are Stuart Holmes, Edward Martindel, Philo McCullough, Jocelyn Lee and Jed Prouty. If that isn't an "A-1"

company, there'll never be one! Benjamin Glazer prepared the screen play.

"STRANDED IN PARIS"

Flashy, vigorous and extremely human is "Stranded in Paris," Bebe Daniels' Paramount comedy of Parisian life, which comes to the Pennington Allen theatre Saturday, April 16.

Supported by James Hall, Ford Sterling and Iris Stuart, Miss Daniels, fresh from her triumph in "The Campus Flirt," which shattered attendance records in practically every city it appeared, has contributed one of the most deliciously peppery performances ever witnessed on a screen.

Starting with swiftness and gaining momentum as it unreels, piling situation upon situation, the climax is reached in a thrilling tally-ho chase down a steep, narrow incline.

The story goes from a drab boarding house in the United States to the famous cafes and modiste shops of Paris. One of the main attractions of the film is its photography. Camera-man William Marshall and Director Arthur Rosson have contributed several of the most unusual effects yet shown in motion pictures. Just how they were attained will always remain a mystery for the studio, we understand, has refused to disclose the secret of their attainment.

Aside from Miss Daniels, Hall, Sterling and Miss Stuart, others in the cast of the picture are Mabel Julienne Scott, Helen Dunbar, Ida Darling and Tom Ricketts.

Aside from Miss Daniels, Hall, Sterling and Miss Stuart, others in the cast of the picture are Mabel Julienne Scott, Helen Dunbar, Ida Darling and Tom Ricketts.

Aside from Miss Daniels, Hall, Sterling and Miss Stuart, others in the cast of the picture are Mabel Julienne Scott, Helen Dunbar, Ida Darling and Tom Ricketts.

**YPSI NORMAL WILL

**MICHIGAN NORMAL SCHOOL
FIRST WEST OF ALLEGHENIES
—SIXTH IN U. S.**

Michigan State Normal college at Ypsilanti was the first normal school to be established in the United States west of the Alleghenies, and was antedated by only five others in the whole country. Ypsilanti college—as it is popularly called—was founded in 1832, and will celebrate its diamond jubilee this year.

The first normal school in the country was founded in Lexington, Mass., in 1839, and the same year a second at Barre, Mass. In 1840 the school of Bridgewater, Mass., had its birth, and four years later came that at Albany, N. Y. The fifth was founded in 1849 at New Britain, Conn.

It is regarded as an extremely significant fact that a state as far west as Michigan, which 75 years ago was almost on the frontier, should have foreseen the need of trained teachers of its young even before the middle Atlantic and southern states, a region which because of its proximity to the ocean and to foreign influences, was of a higher order of culture and intellectual accomplishments.

France was the pioneer in establishment of normal schools, and the first one was started in Rheims in 1801, with a second at Halle in 1797. These aroused so much interest in Germany that teachers came from there to study the new innovation, and as a result schools were opened in Stettin in 1735 and in Berlin in 1748.

Plans are now under way to celebrate the Diamond Jubilee year of the college by a gift from the alumni and

NASH
Leads the World in Motor Car Value

How many main bearings in your motor car? Nash recommends 7

Because for the finest and smoothest performance results, you need 7, rather than 3 or 4.

Obviously, 3 or 4 supports for a crankshaft cannot give it the rigidity and smoothness of 7. That is why Nash—with customary engineering progressiveness—has developed the 7-bearing motor for all Nash models.

The 7 bearings of Nash achieve power-smoothness and quietness, and achieve it, moreover, with no sacrifice of acceleration. In fact, the proper support of the crankshaft decidedly improves the energy and aggressiveness of the car.

Here is another fact to remember about the 7 bearings of Nash: They have more bearing surface, by actual measurement, than any 6-cylinder engine of similar size and price, no matter how many bearings it has. (Actually 20 square inches more than leading cars with fewer bearings.)

When you buy your 1927 motor car be sure to ask: "How many main bearings?" And for better results choose the car that has 7. Nash offers you this performance-advantage in every single model, whether you pay \$2090 for it or only \$865.

SAVE MONEY

By Patronizing Your Home Lumber Dealers

We will absolutely guarantee to meet or beat the prices of any Ready-cut building concern operating or selling lumber and building supplies in Plymouth. In most cases we can save you considerable money. Don't let Out-of-town Builders or Financing Concerns sell you and make you pay more for your home than you would have to pay your Home Lumber Dealers and Contractors. Before giving your order to an "Out-of-town" concern, at least call and see what we can do for you. We know we can save you money.

Yes, we can finance you, too. We have a financing plan that we believe will interest you. The monthly payments are small. Come in and talk it over with us. Why pay rent when you might be paying the money on your own home?

We will be glad to give you estimates and explain our financing plan free of charge.

AROUND ABOUT US

Wixom citizens have organized a Community League.

Harrison Johnson and Leo Gillemester of Farmington, have purchased the Novi elevator.

The Wayne Kiwanis Club will sponsor a tourist camp for that village. A ten-acre site will be maintained for tourists' use during the summer months.

Rev. H. H. Halliday has been engaged as speaker for the Memorial day services to be conducted by the American Legion organization at Northville.

August Schmitt of the Howell Greenhouse Co., exhibited four varieties of his sweet peas at the National Flower Show in Detroit, and was awarded first prize, which included the Burpee challenge silver cup and \$25.00 in cash.

Bids were opened at Pontiac last week for 17 miles of new roads Oakland county will construct this year. Seven miles will be concrete, along the Ten-Mile road in Royal Oak and Farmington townships, while the other projects include 10 miles of gravel in Groveland and Independence townships.

Duncan Crawford of Milford, has a fever which has been perplexing all local physicians. It has now been diagnosed as Malta fever which runs from sixty days to three years. There are said to be ten cases in Michigan at present. The State Board of Health has sent one of its specialists to study Mr. Crawford's case.—Brighton Argus.

Henry Ford, collector of historical articles, is the possessor of probably one of the rarest finds made in this section in some years. Workmen tearing down the old hotel at Novi a few days ago, found a number of old papers that had dropped down between the walls. One of the articles discovered was a Revolutionary war bond dated August 16, 1775, and issued by the state of Massachusetts. Except for bearing the seal of the commonwealth at that time, and the date, it contained the statement, "Issued in the defense of American Liberty, for the amount of 24 shillings." Not only has Patrick Gaffney, owner of the hotel, turned this old liberty bond over to Mr. Ford, but he has given to him a number of old wooden fixtures about the building that are almost priceless in value.—Northville Record.

Logical

Little Doris: "My big sister's twenty-four."
Young Man: "She told me she was twenty."
"Oh! I suspect she didn't learn to count till she was four."

Today's Reflections

Lots of men who are too weak to go to work are strong enough to stand around a store box and whittle all day.

When you find a Plymouth man who can eat heartily when a pretty girl is looking straight at him you can know he is hungry.

Experts are trying to figure out whether or not Ford is richer than Rockefeller, but that's one contest in which we are not eligible to take part.

Maybe the reason they call them filling stations is because that's where so many people go to have their pockets emptied.

When you hear a Plymouth man complaining of gnawing pains in his stomach, it doesn't mean he has swallowed his false teeth.

Hard cider isn't so bad if you happen to have a good, soft roomy hat to wear the next day.

Our idea of an over-abundance of faith is shown by any citizen of Plymouth who gets ready to move every time someone predicts the world is coming to an end.

And many a man who thinks he is a national character is only a cinder in the public eye.

About the only time European countries present a united front is when they are looking for a loan.

What has become of the old-fashioned Plymouth boy who used to saturate himself with musk every time he went out to call on his best girl?

Sending notes to the Chinese government is about like arguing with a Chinese laundryman over a lost shirt.

It used to be said that meat packers used everything about the hog but the squeal. The squeal belong to the consumer.

If you want to be sure of winning the friendship of the Plymouth man who is getting old enough to wear glasses just call him "Judge."

Another thing hard to understand is why the mails are always on time at the first of each month.

No man wants to marry a tramp, but all of them appreciate the way a tramp eats anything set before him without grumbling.

It's a wise Plymouth woman who realizes that it's a hard job to keep up with her neighbors and her creditors at the same time.

NO DOUBT ABOUT IT

There is true satisfaction in a car that you can buy with confidence . . . and own with pride.

And proved on the Proving Ground . . . proved in the trials of months and miles . . . proved by the unerring evidence of ever increasing popularity and owner praise—Oldsmobile assures you brilliant performance, thrift and long life, comfort and beauty . . . lasting satisfaction.

But get behind the wheel; your own experience is the final proof.

See it yourself—drive it yourself—know it yourself . . . and then you will say—

"Here is a truly great car . . . no doubt about it!"

Dr. Frank Crane Says

YOUR KNOWLEDGE HAS POWER

Knowledge is power—sometimes. It is power only when it is practical knowledge.

The mere registration of facts and information may make a man informed, but unless those facts apply to what he undertakes they do not increase his power.

You may learn all the intimate facts about all the Kings of England without helping you appreciably in the cement business.

It may make it easier to live with yourself, but it will not increase your power.

Barrie has a play about a yacht full of educated people which goes aground upon an uninhabited island.

The only man who knows what to do is the uneducated butler.

He builds a shelter and hunts for food while the others stand helpless. What little education he had was of a practical sort that applied to the needs of the moment.

He had power because his knowledge applied there. In a drawing-room conversation the others would have had power because their knowledge fitted the needs of that situation. Those who speak of the failure of

education make the mistake of thinking that power is the only end of knowledge.

Knowledge is of three kinds. There is knowledge that gives power; knowledge that gives culture; knowledge that gives wisdom.

Knowledge is like the food we take into our systems. Part of this food goes to make flesh, part to make blood and part goes to the structure of the bones.

So only a part of knowledge goes to make power. Some men without any broad education attain positions of great eminence because the narrow range of their information is all practical and applicable to their work.

Another part of knowledge feeds culture. It gives interests and ideas and appreciations that make men's lives more enjoyable and full.

And another part of knowledge gives wisdom. It builds self-control and understanding. A man may be powerful like Alexander the Great, or cultured like Oscar Wilde, and know not the meaning of wisdom.

And as Durant, using the popular adage loosely, says: "Knowledge is power, but only wisdom is liberty."

"Judge's Joke"

THE REASON DOT MCGEE KNOWS HOW TO MANAGE A HUSBAND IS BECAUSE SHE NEVER HAD ONE

Mary's Calves

Mary had two pretty calves: They are both creamy white. They're children of our Holstein. And were only born last night.

ED PURDY'S PHILOS

The main difference between a girl chewing gum and a cow chewing her cud, is that the cow looks thoughtful.

Poor Mrs. Sherlock!

"Gladys" has a position as detective in one of the big department shops.

"Well, I don't envy her. Imagine being known as a plain-clothes woman!"

Evidence

Teacher: "Surely you know what the word 'mirror' means, Tommy. After you've washed, what do you look at to see if your face is clean?" Tommy: "The towel!"

This Week's Fairy Story

Once upon a time there was a wife who didn't get suspicious when her husband was extra nice to her.

Producer to Consumer

"Do you think poultry-keeping pays?"

Well, that I don't know; but I think it pays my boy Tom.

"How's that?" "Well, you see, I bought him the fowls, I have to pay for their keep, I buy the eggs from him when there are any, and he eats them!"

The Night Shift

Teacher—"When was Rome built?"

Boy: "At night."

Teacher: "Who told you that?"

Boy: "You did. You said Rome wasn't built in a day."

AN INTERESTING LETTER

FROM CALIFORNIA

Venice, Calif., March 24, 1927.
1686 Electric Avenue.

Dear Plymouth Friends—Another letter from southern California will perhaps be of interest to many of you, as I shall write this time of the Michigan picnic held in Sycamore grove, Los Angeles, last week.

In fact it was like the old-fashioned picnics we used to have back east many years ago, with long tables spread under the large sycamore trees, with many good things to eat. There was a booth where badges were sold, with the following inscription: "I Love You, California. But Oh You Michigan." The badges were good for a large cup of coffee at another booth. A fine program was rendered, consisting of music, speeches, etc. An old-time fiddler was there and his music was so lively that some of the older fellows past 80 jumped to their feet and gave the crowd a few fancy steps to show them what they were still able to do in that line. It created a great deal of merriment and others tried it.

The weather was ideal, the sun shone brightly all day, and a group picture was taken of the crowd, about ten thousand. The following people from Plymouth, Northville and Wayne were present:

Mr. and Mrs. E. H. Tighe, Pasadena; Mr. and Mrs. Hugh Clawson and son, of Culver City; Mrs. Clawson was formerly Una Gunsolly; Will Todd and family, of Santa Monica; Robert Todd and family, George Vandear and wife, daughter, Helen, and little daughter, of Burbank; Mr. and Mrs. John Lundy, Hollywood; James McNabb, Mr. and Mrs. Wm. Campbell, of Long Beach; Mrs. Campbell will be remembered as Mrs. Yoxen; Art Vansickle, Mr. and Mrs. Elmer Huston, Birmingham; Mrs. Amy McLaren, Mrs. Wm. VanVleet, of Trinidad, Colorado; Mrs. John Armstrong, of Alhambra; Mrs. Wm. Harmon, Huntington Park; Mrs. Calvin Stevens, son and two daughters; Mr. and Mrs. Hadley Underwood, Mr. and Mrs. Creiger, Bert Howe and sister, Sawtelle; Mr. and Mrs. Porter Wayne, Mr. Wilson, of South Lyon, a cousin of Charles A. Fisher; Wm. Nash, formerly of Northville; Mr. and Mrs. Charles Riggs, Mr. and Mrs. O. M. Southworth, of Venice.

Sincerely,
Mrs. O. M. Southworth.
(Formerly Mrs. E. L. Riggs.)

SOUTH SALEM

Mr. and Mrs. Sam Dixon and baby came to Coda Savery's Sunday. Then all of them went to Plymouth and visited John Kenwick's.

The Jarvis P. T. A. will meet this Friday evening with Mr. and Mrs. Coda Savery.

Mrs. Arthur Walker, of South Lyon, and Mrs. John Renwick spent Thursday afternoon with Mrs. Guy Roralacher while the gentlemen attended Ray Gale's auction.

Mr. and Mrs. Otto Bohling had a surprise Sunday. Twenty-one guests from Detroit came out and spent the day.

A good many were out to vote Monday.

Mr. and Mrs. Will Cole and two girls, Marjorie and Doris, spent Sunday in Dearborn and visited with her parents, Mr. and Mrs. Lucas, of Ohio. Hugh Means suffered a bad spell Saturday morning, but is better at this writing.

John Stevens, another old-time resident of Laphams, died Friday afternoon at his home. He had been in poor health all winter. He leaves his widow, three sons and one daughter. Services were held from the Funeral Home, Monday afternoon. Burial at Laphams.

John Quackenbush, of Dixboro, passed away Monday morning.

Mr. and Mrs. James Warn and mother, Mrs. Ellen Cole, of Pontiac, spent Thursday with Mr. and Mrs. Will Cole.

The Farmers' club met at Worden church, Wednesday.

The Home Economics club met with Mrs. Golden Bender last Thursday.

Mrs. Ivan Dickinson and sons, Wendell and Norwood, and George Merritt spent Sunday at Guy Roralacher's.

Rev. Halliday's mother passed away Friday morning at her son's home in Salem. She was buried in Ohio.

Mrs. Van Aken, a lifelong resident of Laphams, died Thursday night. She had been in Detroit the past winter, but had just returned that day. She was 86 years old. She was much beloved by all and was always keen and looked on the bright side of life. She was buried Sunday at Laphams cemetery.

The Van Bonn family, who have all been sick the past week, are on the gain.

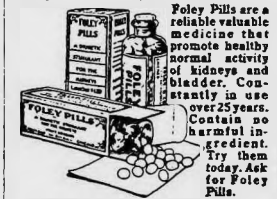

Mrs. Van Bonn's mother, Mrs. Heiden, of Brightmoor, is spending some time at her daughter's home and has been helping with the sick ones.

WHERE MOST TIRES

BREAK DOWN—

There Miller GEARED-TO-THE-ROAD Has GREATEST STRENGTH

That is why it is called America's first scientifically correct tire—the one that gives less trouble and the lowest per mile cost.

One piece tread and sidewall, the newest advancement in the building of fine tires, brought out by the makers of Miller tires, eliminates sidewall troubles and separation from the tread. Uni-flex construction of carcass gives greater flexibility and eliminates excessive heat. Round shaped tread gives greater traction surface and long, even wear.

Take advantage of our free inspection of tires before you go out on a long trip. Many miles can be added and a lot of trouble saved by having minor repairs made.
