Entered at the postoffice at Plymouth as second class matter.

Subscription Price - \$1.50 per year

### DRIFTING TO TOWN.

Bright city lights and white collar jobs lured more than 2,155,000 persons from the farms to the cities in 1926, according to a statement issued by the agricultural department. There is another side to the story, however, for 1,135,000 city persons decided that rural life was more attractive, and migrated to farms during the year. Uncle Sam is wondering "how're you going to keep 'em down on the farm?" for they are still moving off faster than they are moving on. The total farm population decreased 649,000 last year, the largest decrease since 1920. Maybe someone around Plymouth has studied the question and can answer it. We will be glad to print their solution, if it is of reasonable length, and if sufficient interest is manifested in it we will gladly forward it on to the agricultural department for its consideration.

### A CRYING NEED.

It has been a puzzle to us why this country cannot agree upon uniform traffic laws and regulations. Ask any Plymouth motorist who has visited other states in his rambles, and he will tell you that in every city a driver gets into he finds a different set of traffic laws for his guidance. One city permits right-hand turns, another forbids them; one city has one kind of parking laws, another city has laws directly opposite. The result is confusion, embarrassment, and always the pleasure of motoring is destroyed because a strange driver is constantly worrying for fear he is going to violate a traffic regulation. The United States isn't so big that it cannot have uniform regulations to cover motor car driving. It is bound to come some time. Just why it has been so long delayed is hard to understand, and especially when it is desired by every car owner in the United States.

### THE GAP IS CLOSED.

Sixty-three years is a brief space as far as history is concerned. Yet within that time what a miracle of healing and growth of friendship has been wrought between once sundered sections. When the weary soldiers of the Blue and the Gray were mustered out of service few of them believed the time would ever come when they would be welcomed to a joint reunion at the nation's capital. But that great and beautiful thing has come to pass. Today we see a huge monument to the men who wore the gray cut into

the side of Stone Mountain—and paid for by the federal government. In no other land, among no other people, was there ever such a closing of as great a chasm. In no other country would it have been possible. But that gap has been closed forever; the blue and gray have been woven into one color so far as uniform is concerned. And nothing affords us more pleasure as a united people than a realization of this fact as we approach the sixty-third anniversary of a reunited nation.

### REMOVING DEATH TRAPS.

We can imagine no better news to offer motorists around Plymouth than the information that the government is just starting a nation-wide survey with a view to eradicating grade crossings. It will take years to accomplish it, but with the government on the job work will be done quicker than if left to the individual states.

The motoring season has only started, yet reports of fatal grade crossing accidents are coming in. Last year one motorist out of every 9,000 lost his life at a grade crossing. There are 232,755 such crossings in the United States, and since only 27,000 of that number have protection in any shape or form it is not hard to see how this terrible ratio of death was piled up. Many states are already expending vast sums to eliminate the worst of these crossings, and railroads, always facing damage suits as a result of them, are spending millions of dollars to get rid of them wherever it is possible. Now that the government is to co-operate it will mean a speeding up of the program.

Motorists should remember, however, that these crossings are not going to be wiped out over night. They still exist, and those of our citizens who are driving in strange territory this spring and summer should bear in mind that fact. Also remember that last year one out of every 9,000 autoists were killed at deadly grade crossings. That may serve to bring about a greater fear of them, and fear of them is sure to cut down the toll of death.

### SAVING MILLIONS.

We see where a scientist in a western university has come forward with a claim that 281 products can be secured from wheat and corn besides the grain. To back up his argument he offers samples of imitation leather made from corn stalks, paint he has extracted from wheat straw, to say nothing of mudlage, gun-cotton, talcum powder, shoe polish, printer's ink and a substitute for soft rubber—all taken from that which we have been throwing away. In fact, this man has recovered from one ton of straw 1,600 pounds of useful products, worth at present market prices around \$250.

Any Plymouth citizen who knows anything at all about agriculture

knows we are wasting millions of dollars when we take the grain from a stalk of corn or wheat and then destroy the remainder of the plant. Touch a match to a ton of wheat straw and in a few minutes all that is left is about 40 pounds of ashes. Now comes the chemist to point out that that same ton of straw can be made to produce \$250 worth of usable products. They are taking furfural from corn cobs, and it is an important chemical, used in making phonograph records, pipe stems, telephone receivers and radio horns. In fact, now that they have gone into it, it seems there is no end to the by-products of wheat straw, corn stalks and corn cobs. And it may not be long until we'll realize how wasteful we've been in growing these things for the grain alone, and throwing away millions of dollars every year simply because we've never known

### KIWANIS CLUB ENJOY PROFITABLE MEETING

Although the secretary's bulletin, issued this week to all Kiwanis members, indicated that Program Chairman Albert Gayde and George Springer would personally develop the topic, "Crimes—And Their Relation to Crime Detection," the fact remains that not one can of tomatoes was opened nor any carrots thrown at the regular meeting last Tuesday noon. Chief Springer, usually stern-visaged and exacting, laid aside the badge of his profession and was as mild as a May day throughout the entire session.

President Hoover announced that the bird house and essay contest would close May 13, and that the committee in charge had arranged to have the president of the State Audubon society here for an illustrated lecture at that time.

The matter of putting on a Kiwanis club musical comedy was brought before the club, and after considerable discussion the members were instructed to express their views by letter to the secretary, Alton J. Richwine, before Friday, May 6.

Ever popular with Plymouth audiences, Joseph Tracy favored the club with two baritone solos during the course of the meeting that were well received by the members.

Chief Springer introduced Preston B. Whitbeck, former supervisor, who addressed the meeting. He stressed the patriotic responsibility of all voters in going to the polls on election day and electing the right kind of officers to guide the ship of state.

Harold Jolliffe, assisted by Miss Ruth Allison at the piano, directed the club in the musical part of the program.

If you know of an item of news, phone it to the Mail office. Our phone number is 6.

Long Distance Helps Get Out Quick Information on Price Changes

During the time prices are changing, we can cover, at least, twenty-five customers out of town on the long distance phone, whereas if we were to depend upon personal calls, we would not be able to get in touch with even half this amount.

## NEW PAIGE EIGHT MAKES GREAT SHOWING

O. B. BORCK, OF PLYMOUTH, DROVE ONE OF THE CARS IN THE TEST.

By Sam Freshney.

Indianapolis, Indiana, May 4th.—A saving of over 26 per cent in gasoline consumption by the new Paige eight with four-speed transmission over the conventional three-speed equipped car was definitely established by two Paige eight stock cars which arrived at the showroom of George B. Ray, Inc., Indianapolis, Paige distributors, from Detroit late one afternoon recently.

The two cars, identical in chassis and body, except for the transmission, and each carrying two passengers and a driver, made the 309.2 miles in 7 hours and 15 minutes, an average speed of 42.7 miles per hour. No attempt was made to establish a speed record, the test being solely one of economy at good touring speed. Detroit newspaper men, who were passengers on the trip, checked the test.

To give complete assurance that the transmission alone would be responsible for any difference that might be shown in gasoline consumption, the carburetors on the two cars were switched at the half-way post. Luggage was also transferred and the passengers changed cars, so that each car would have met the same conditions at the finish line. Brakes, motors, carburetors and all were the same, the only difference between the two cars being in the transmissions and rear axles.

It was especially noticeable to the observers of the test that the three-speed equipped car, which followed the four-speed job, did more coasting, thus eliminating any advantage to the Hi-Flex transmission in this regard.

At the average speed of 42.7 miles per hour the car equipped with the three-speed transmission consumed 27.3 gallons of gasoline, or an average of 11.1 miles per gallon, which is regarded as unusually economical at this speed.

Surpassing this average, however, was the record of the car equipped with the new transmission. Driven by G. Clark Mather, Paige chief engineer, it consumed only 22 gallons of gas over the same course, for an average of 14.1 miles per gallon. Its saving in gasoline over the standard transmission was exactly 5% gallons or 26.13 per cent.

Those familiar with the performance of eight-cylinder cars regarded the gasoline consumption of the four-speed as very low at such sustained high speed. At a higher speed, they observed, the saving over the conventional transmission would have been even greater. At a lower speed, of course, both cars would have averaged considerably more mileage per gallon.

The route to Indianapolis was through Toledo, Findlay, Lima, Wapakoneta, Union City, Winchester, Muncie and Anderson. Besides the Paige engineer, those making the trip were newspaper men and factory representatives. Among the newspaper men were Ray Priest, automobile editor of Universal Service; William J. Coughlin, of the Detroit Free Press, and Sam Freshney, O. B. Borck, of the Paige engineering department, drove the three-speed car.

The new Warner Hi-Flex transmission, with two high speeds, is employed exclusively by Paige in the new eight-cylinder car. It is designed particularly for sustained high speed driving, but according to factory representatives, numerous tests have shown that 95

per cent of the driving in the "eight" is done on the gas-saving fourth speed. The new transmission has attracted the attention of the automobile industry generally and will be the outstanding subject of discussion at the annual summer conference of the Society of Automotive Engineers at French Lick Springs this month.

The new car is capable of remarkable speed. In its latest test at Detroit it traveled a measured mile in 45.6 seconds, as easily as the ordinary car at from 35 to 45 miles per hour. The high speed drive is direct, and in third speed the drive is through two pairs of internal gears, instead of through two pairs of external gears as in standard practice. Both third and fourth speed drives in the new transmission are obtained without using the countershaft. A high-gear rear axle is used, the ratio being 3.60 to 1, rather than the usual 4.5 or 5 to 1.

Third gear is actually a high-speed drive, the new arrangement of gearing making it available for extremely steep grades or roads unusually heavy with mud or sand. Fourth speed easily pulls grades of any length up to six per cent.

The gear-within-a-gear construction accounts for the silence and efficiency in operation. The outer gear has only five more teeth than the inner gear, with the result that the teeth are in mesh over a large part of their circumference. The efficiency of the gears is 98 per cent, only slightly less than in direct drive.

In fourth gear, direct drive, the high rear-axle ratio gives high car speed at comparatively low engine speeds, thus accounting for the saving in gasoline consumption and in wear and tear on the engine. For one accustomed to driving with the ordinary conventional type of transmission it is difficult to know when the 60 or 70-mile speed has been reached in the new Paige eight, so smoothly and silently does the engine function.

## NEWBURG

Rev. Walker gave a very interesting talk on the Detroit Area of Men's Council at Lansing, which he attended last week. There were 1500 laymen and 500 ministers in attendance, who had the pleasure of listening to Ralph Corners, the first evening.

Next Sunday, the pastor will preach a Mother's Day sermon. You are requested to bring flowers and plants to decorate the altar.

Mrs. F. I. Walker trained ten girls to take part in an interesting home missionary exercise, explaining child labor law, during the Sunday-school hour.

Epworth League meets at 7:30. Sarah Cutler was the leader last Sunday evening.

There were fifteen at the L. A. S. meeting Tuesday afternoon. The north division handed in \$56.36; the south division, \$39.35. \$4.00 in the mlie boxes. They will confine their work this summer to preparing for the bazaar to be held in the fall. A self-serve lunch was served as usual.

Donald Ryder attended a Peoria Life Insurance luncheon and meeting at Ypsilanti, Saturday. M. B. Oaks of Indiana, was the speaker.

Mrs. Jesse Jewell underwent an operation at Harper hospital, Tuesday morning. She is getting along nicely, and her many friends hope for a speedy recovery.

Mr. and Mrs. Donald Ryder and Mr. and Mrs. Wm. Smith called on Mrs. Reuben Barnes, in South Lyon, Sunday afternoon, and found her as well as usual.

Misses Anna and Ada Youngs and Mrs. C. E. Ryder called on Mrs. Lutzmeyer, Mrs. Cutler, Mrs. Melbeck and Mrs. Blair, last Friday afternoon. They found Mrs. Blair quite ill.

Mr. and Mrs. Cutler motored to Tiffin, Ohio, Sunday, to see their son, Malcolm, who is attending college

there. Their son, Rusting, who went there last week to make arrangements for attending college there next fall, returned with them.

Mrs. Hipp is visiting her daughter, Mrs. F. I. Walker, at the parsonage. Mrs. M. L. Horton's sisters and brother of Chesaning, Mrs. Blakeslee, Mrs. Brigham and Mr. and Mrs. Charles Smithall, spent over-Sunday at the home of Mr. and Mrs. Horton.

Several nice shrubs have been donated, and set out on the church lawn.

Mr. and Mrs. Wm. Clark of Highland Park, called at the Ryder home, Sunday afternoon.

Newburg Civic Association held its regular meeting on Tuesday last, but not much was accomplished, owing to the small attendance. We wish more could get interested in the improvement of their community. The next meeting will be held in June.

Don't forget the P. T. A. meeting on next Tuesday evening. Everyone bring enough lunch for one. Plans for a home-coming will be arranged for at this meeting. Everybody welcome.

## WHITBECK'S CORNERS

Mrs. Klatt, Mrs. Knorfske and daughter of Perrinsville; Mrs. McCracken of Detroit, and Mrs. Parrish of this place, were recent guests at the home of Mrs. Walter Dethloff.

The Helping Hand Society met this month, at the home of Mrs. Steinhauer on Ford road.

Mrs. Freeman and daughter, visited friends in Detroit, Sunday.

Mrs. McCracken of Detroit; Mrs. Knorfske, Mrs. Voss and Mrs. Henry Klatt of Perrinsville, and Mrs. Agnes Parrish of East Plymouth, spent Tuesday at the home of Mr. and Mrs. John Hultimer, at Ecorse, Mr. and Mrs. Hultimer were former residents of King's Corners.

Born, to Mr. and Mrs. Fred Procknow, April 28, a son, Harold August.

Miss Jewell Reuzert was on the sick list the first of the week.

Mr. and Mrs. Swartz, Sr., of South Plymouth, spent Sunday evening with Mr. and Mrs. Otto Kaiser on Golden road.

Mrs. A. Parrish visited Sunday at the home of Mr. and Mrs. Otto Kaiser, on Golden road, returning home, Monday.

Mrs. A. Parrish spent the past week with her son, Frank and family, and also spent part of the week with her daughter, Mrs. Arthur Hanchett and family at Perrinsville.

## LIVONIA UNION CHURCH NOTES

The Aid Society held a very pleasant meeting at the home of Mrs. George Cooper, last Thursday afternoon. Two new members were added to the membership. The next meeting will be held at the home of Mrs. Frank Setling, on the Schoolcraft road, Thursday afternoon, May 26th. The ladies voted to hold a box social at the church Wednesday evening, May 11th. Each lady is requested to bring a box with lunch for two. The boxes will be sold to the highest bidder. E. C. Smith will be the auctioneer.

There was a good crowd at church last Sunday, at which time the Lord's Supper was observed. One new member was baptised and taken into the church.

Mrs. John W. Smith was called to Oklahoma, last Sunday, on account of the serious illness of her brother, Will Rohde.

A liner ad in the Mail will help you to dispose of that piece of used furniture.

## LOCAL NEWS

Mr. and Mrs. C. V. Chambers of Plymouth, were callers of Mr. and Mrs. C. Mackinder, Tuesday.

The Plymouth Memorial Company have moved their office and monument works to Redford. John Quartel is representing them here.

Mr. and Mrs. John Ruthruff and daughter, Lucille, spent the week-end with friends at Dansville. They also called on friends in Mason and Holt.

Little Phyllis Barrows, daughter of Mr. and Mrs. Frank Barrows, had her tonsils and adenoids removed at St. Joseph's hospital, Ann Arbor, last week Thursday.

A goodly number of Rotarians attended a dinner meeting of the Detroit Rotary Club at the Hotel Statler, Wednesday. Paul Harris, the founder of Rotary, was the speaker for the occasion.

Mr. and Mrs. Clarence Hatt and son, Darrell, were visitors at the home of Mr. and Mrs. Clark Mackinder, recently. Mr. and Mrs. James Norris of Stratmoor and Mrs. Carrie Hatt of Lansing were also visitors.

Mr. and Mrs. R. A. Durfee and son, Howard, and Mrs. Belle Driver of Ann Arbor, were Friday evening guests of Mr. and Mrs. Henry Steinmetz. Mrs. Driver has just returned from southern California, where she has been spending the past four months.

Mr. and Mrs. R. A. Durfee and son, Howard, and Mrs. Belle Driver of Ann Arbor, were Friday evening guests of Mr. and Mrs. Henry Steinmetz. Mrs. Driver has just returned from southern California, where she has been spending the past four months.

## SENDING THE BORER TO BLAZES

Piling cornstalks on a trash pile will never check the European corn borer, entomologists emphasize. Burning cornstalks, as the farmer in this picture is preparing to do, is one of the best weapons for both farmer and city gardener. All burning or plowing must be done by May 1, for soon after that the corn borer emerges from the stalk as a moth.

### Hawaiian Relic

The famous Naha stone, one of the finest relics of early Hawaiian history, after having for many years been allowed to remain in obscurity, was not long ago moved and placed in a conspicuous position in the city of Hilo, the second city of the territory.

From the earliest ages there existed a prophecy concerning this stone to the effect that he who could turn it over would become king of the whole of the Hawaiian group. The great feat was eventually accomplished by Kamehameha the Great, then king of Hawaii, and undoubtedly inspired him to embark upon the brilliant career which finally brought the whole of the islands under his sway.

A suitable tablet commemorating the history of the relic has been placed near the stone.

### London Fogs

Those Londoners who speak of the present-day white mists and darkened skies as fogs are very young. In 1881 the fog was so thick during cattle show week that several cattle were suffocated by it at the Agricultural hall. A really long fog was the one which began in November, 1879, and lasted until February, 1880. Incidentally, it sent up the death rate 48 per thousand. And we cannot blame our Victorian forefathers for our fogs, either. As long ago as 1306, when London was a mere handful of 50,000 inhabitants, the city's fog problem loomed so large that the sin of burning smoke-producing coal was punishable with death.—London Daily Mail.

### Wives Welcome Polygamy

The first wife usually is the head wife in the African jungle and her rule is unquestioned except on those rare occasions when a man actually feels some glimmer of affection for one of his wives, and promotes her to head of the harem.

Polygamy not only is accepted by the women, it is favored by them. For one thing, each new wife proportionately reduces the burden of the others. Doctor Fowler attended a palaver at which an only wife, through her brother, petitioned the chief to compel her husband to take on more. She said the job was too much for one woman.

### IN MEMORIAM

In loving memory of our dear mother, Bertha Schmidt Reinholz, who passed away two years ago, May 8, 1925.

She bore her pain, she bore it well; Oh, what she suffered, none can tell. Peacefully sleeping, resting at last, Life's weary trials and sufferings past.

She did not fail to do her best, Her heart was true and tender; She did work hard for those she left, That's something to remember. Some may think we are not lonely, When at times they see us smile; Little do they know the heartache, That we suffer all the while.

Sadly missed by all her children.

### The International Way

The settlement of \$100,000 a year on the duke of Marlborough by his prospective father-in-law, William K. Vanderbilt, back in the '90s led Cortlandt Bleeker to say at the Knickerbocker club:

"The duke reminds me of another titled foreigner who called on another millionaire one day and said: 'I shall be glad to marry your daughter, Mr. Hoax, provided—'

"'Yes?' said the millionaire. 'Yes, provided what?'"

"The foreigner smiled quietly. 'Just provided,' he said."

### "Subs" for Husband

Lady Maud Hoare, wife of the British air minister, substitutes for her husband, Sir Samuel, when he can not fill a speaking engagement. "One of the heaviest duties of the wife of a cabinet minister is listening to her husband's speeches," says Lady Hoare. "As my husband has made as many speeches on air questions as the strike leaders have made on the coal situation I think I know his views fairly well," she explained at a meeting where her husband was scheduled to speak.

### Forest Fires Minimized

Radio, airplanes and wireless telephones cut the toll of forest fires in Ontario to a minimum in 1926, according to a bulletin issued by the department of lands and forests. Ontario maintains a fleet of 18 hydroplanes, which patrol the timbered areas daily, says the bulletin. Look-out towers equipped with radio transmitting apparatus and wireless telephones are located at strategic points. When a blaze is reported, airplanes carry forest rangers and fire-fighting equipment to the scene of the fire.

### Researches in China

Whole chapters of the prehistory of the Chinese are expected to come to light as the result of an archeological expedition to Manchuria and Mongolia now being organized at Tokyo. Relics of the Stone age and other ancient periods of man's existence in Asia are sought by the scientists in charge. From what has already been discovered in these regions there is every indication that the surface of this particular habitat of early man has only been scratched yet, archeologically speaking.

### Graveyard for Sale

Anyone who wishes to buy a perfectly good graveyard will find one for sale at Lisimore, Ireland. Reason for sale—no business. The graveyard was opened several years ago, but the officials say there have been no clients. An effort is being made to dispose of the grounds to a local parish priest, and the ministry of home affairs has approved the sale.

MORITZ LANGENDAM, Prop.

### STARK SCHOOL NOTES

The April P. T. A. meeting was called Wednesday evening, by the president, Mrs. Blake. There was a large attendance. Plans were made for the May meeting, when dancing will furnish a part of the entertainment. A splendid program, under the direction of Mrs. Blake, was given by the children of the lower grades.

Roy Schmidt won the distinction of being third to the champion in the district spelling contest, at the Pierson school, Friday. He put up a brave fight, although he entered the contest late, finally missing on the word "kimonos."

Eight grade exercises and a last day program are being arranged. Visitors at the school were: Miss Reed, County nurse, Mrs. Luttermoser and Mrs. Swartz.

### PERRINSVILLE

Rev. B. R. Davis took his text Sunday, from the first book of Kings. There was a good turnout, which is a great help to the pastor. It is much easier to preach to people than to empty pews.

Mr. and Mrs. Emery Hix and sons, Bobbie and Emery, Jr., of Plymouth, spent Monday evening with the former's mother, Mrs. Arthur Hanchett and family.

Warren avenue is being graveled from the Wayne road east to the Venoy road.

Mrs. Charles Parrish of East Plymouth, spent the first of last week with her son, Frank Parrish and family of this place.

George Hix had the misfortune to have one of his fingers on the right hand, crushed last Monday, while at work for the county.

Lorenzo Hix, son Howard and wife and baby of Dearborn, and Mr. and Mrs. Walter Schille and children of East Plymouth, were callers at the home of Mr. and Mrs. Arthur Hanchett Sunday.

The H. H. S. was held Wednesday, May 4th, with Mrs. M. Steinhauer, for lunch.

Mr. and Mrs. Joseph Roach and Mr. and Mrs. Fred Theuer spent Sunday near Brighton.

### ELM

The Richard S. Smith family have moved to Plymouth, which means the loss of another neighbor from our community. Many changes have been made during the past two years.

The William St. Clair family also moved away recently.

Those attending the state convention of the Michigan Branch of National Congress of Parents and Teachers, held at Flint, were: Mr. and Mrs. George N. Bentley, Mrs. Fred Wilson, Mrs. Fred Wolfram, Mrs. George D. Michelin, formerly of Elm association, and Mrs. Harold Tuck of Beech association.

Mrs. Clyde A. Bentley is ill at her home on Five-Mile road. We hope that she may soon recover her health and strength.

Mrs. Fred Wolfram and daughter,

Helen, and Mrs. George Bentley and daughter, Dorothy, and Florence Schmidt of Plymouth, attended the mother and daughter banquet given by the Beech and Newburg church, Wednesday evening, May 4th.

The Elm P. T. A. will meet on Monday evening, May 9th. All members and friends are cordially urged to attend.

### Old Indian Tradition of Wyoming Springs

The Big Horn hot springs in Wyoming, among the largest in the world, are a favored haunt of the Great Spirit and possessed of miraculous powers. If old Indian myths are to be believed, today large numbers of Shoshones, Arapahoes and Crows camp in numbers near the springs, invoking the aid of the Great Spirit in ridding them of their ailments. They also believe these waters will bring them protection against evil.

Harry Lange, an old Indian fighter, recently visited the springs and recalled that 50 years before he, as a member of a scouting party with a cavalry detachment guided by Arapahoes, had crossed the Big Horn, at the present site of Thermopolis. Lange said they threw themselves into the pools below the big spring and went through religious rituals. They urged the soldiers to do likewise, declaring the waters were blessed by the Great Spirit and that bathing in them would ward off evil.

A legend almost as old as the Shoshone tribe itself says that back in the beginning of things Ishawooa, a chief who ruled all the Indians of this section, alone knew of the springs and visited them annually, thus keeping his power and health. But when old age finally came he directed his braves to take him to these waters and allow him to die in them so his spirit would be blessed by the Great Spirit.

Ishawooa's only son, Wapiti, was a weakling who apparently would never be able to assume his father's leadership. But as he died Ishawooa confided to Wapiti the secret of finding the Great Spirit's favor by bathing in the hot springs. It was thus that Wapiti became strong and eventually an even greater chief than his father.

Generations later the great Shoshone chief, Washakie, submitting to the advance of the paleface, ceded the Big Horn hot springs to the United States and the state of Wyoming on condition that a portion of their waters be reserved for free use by the weak and sick of both peoples.

### Crickets Stopped Auto

When L. B. Ernestine, of San Francisco, was half way to Los Angeles he ran into a dense swarm of black crickets which suddenly appeared to come from nowhere early in the morning. The insects crawled all over the automobile and into the draught holes of the hood of the machine in such numbers as to stop the whirl of the fan. Before Ernestine could go on he found it necessary to clean out all the space under the hood over his engine. He took out about 20 pounds of crushed crickets which had been cut into a jelly by the fan in its revolutions.

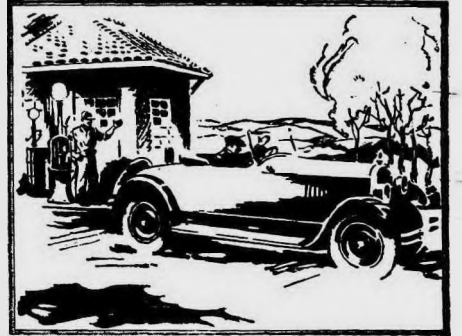

### B. F. KEITH'S TEMPLE THEATRE

Detroit, Michigan

Luther E. Goble, representative of Keith-Albee interests in Detroit, announces a sweeping reduction in prices for the summer season at B. F. Keith's Temple theatre, starting Sunday matinee, May 8th. The reduction in the prices of admission at this theatre will bring prices below the level of those which were in effect before the war, and the same high grade vaudeville acts will be shown at this theatre as have been shown in the past, and the "Big Time" standard of entertainment will be maintained, notwithstanding rumors to the contrary. Hal Skelly, well-known musical comedy star, headlines the bill starting Sunday, May 8th. He will offer a petite musical comedy called "The Chumps," with Peggy Hope and Eunice Sauvain; Elsa Ersi, Hungary's foremost musical comedy star and Joe Fejer, the eminent Hungarian violinist and his famous Hungarian orchestra in "A Hungarian Rhapsody;" and John Walsh, Venita Gould, distinguished American artist in "Impressions;" Senna and Deau in "Charlie's Night Out;" Stan Kavanagh, the Australian juggling humorist; three other acts and the new screen subjects.

### CHERRY HILL DANCES

GIVEN BY  
Schaffer's Orchestra  
AT  
West's Hall  
CHERRY HILL  
Every Friday Evening  
STARTING  
APRIL 15  
Admission 75c Per Couple

### Service—Miles Away

We serve no brands of unknown quality. Our honest gasoline will carry you farther—our honest oil will protect you from engine troubles—serve you when you are miles away from here. And our prices are honest, too.

## MOTHER'S DAY---

a day to honor the Mother we are privileged to enjoy, a day to cherish the memory of the Mother who has passed on.

Might we make this a richer and fuller day, not only in tangible gifts or memory cherished, but also by striving to live the honor we would bestow.

## Plymouth United Savings Bank

### THE LIFE OF A BORER

Ten months of the year, from July through April, the European corn borer lives as a larva, or caterpillar, in the corn plant. In May it goes to the pupal stage (somewhat like a cocoon), shown at the bottom of this picture. In June it emerges from the cornstalk as a moth (male and female shown above), flies wherever the wind takes it, always at night, and the female lays from 350 to 500 eggs on the young corn plants. Eggs change to larvae, and the borers are at work again.

An extra pair of glasses for an emergency—that's what you need. If you are contemplating a trip you should not neglect this important provision. A pair of our colored glasses will relieve the strain from the glare from the pavement while driving.

# Why Firestone Dealers

Serve You Better and Save You Money

WE know tires—how to select the best—how to help you take care of them, and get the most out of them. We sell Firestone Gum-Dipped Tires and Tubes—also Oldfield Tires and Tubes.

Both Firestone and Oldfield Tires are scientifically designed and manufactured by The Firestone Tire and Rubber Co. Mr. Harvey S. Firestone is President and active head of the Company and under his management many

outstanding developments and improvements for economy, safety and comfort in tires have been made. He is the acknowledged leader in lowering tire costs and fought almost a lone battle to secure lower crude rubber prices from a foreign monopoly. He has saved, and is saving, millions of dollars every year for car owners.

Through the Firestone policy of selling and distributing direct to dealers through 148 Factory Branches and Warehouses, we receive fresh, clean stocks of tires of the highest quality at prices which are the lowest in the history of the industry, and we pass these advantages in quality and low price on to our customers.

**BUY NOW!**  
Gum-Dipped Tire Prices  
Lowest in History

### Note Low Prices on Oldfield Tires

They Cost You No More Than Ordinary Tires

|                 |         |
|-----------------|---------|
| 30x3 Fabric     | \$ 5.85 |
| 30x3 1/2 Fabric | 6.85    |
| 30x3 1/2 Cord   | 7.35    |
| 29x4.40 Balloon | 8.40    |
| 32x4 Cord       | 13.40   |
| 31x5.25 Balloon | 15.35   |
| 33x6.00 Balloon | 18.35   |

Oldfield Tubes are also priced very low

F. W. ROBERTS, Clerk

## NETHEM CLUB DEFEATS KEEGO HARBOR.

Keego Harbor opened its baseball season last Sunday and crossed bats with the Nethem club before a very large crowd of spectators. A well-played game was witnessed by all, and the teams were evenly matched, each putting up a very stiff front and each determined to win, but the pitching by Hy. Gale was too much, and the final showed another victory for the Nethem club. Nethemites 8, Keego Harbor 6.

The outstanding feature of the game was the pitching by Gale and the catching by Joe Schomberger. Bill Schloff and Leo Van Bonn deserve special mention for their exemplary playing and timely hitting. Bill landing a nice two-bagger with three on, scoring each in turn.

Manager John Van Bonn announced that next Sunday the Nethem club will cross bats with the strong Wayneford team, at the Wayne and Ford roads. All players will kindly report on the grounds at 2 o'clock.

Keego Harbor 0 0 3 1 0 0 2 0 0

Batteries—Keego Harbor, Dennison, Taylor, Jantzer; Nethem, Gale, Joe Schomberger.

## DAUGHTER OF FORMER PLYMOUTH GIRL WRITES ANOTHER BOOK.

We take the following from the Lansing Capital News, which will be of interest to many Plymouth people: "For more than a month a copy of 'Islanders' by Helen Hull of Lansing, has been on our desk. The book has been read carefully.

"It is not the type of book that can be dismissed with a perfunctory review. There is meat in the work.

"This morning there comes to our desk a review by William Allen White, of Emporia, one of the most sincere, discerning and careful critics in America.

"His stranding is such that we believe the Lansing public will be more interested in his estimate of the work than in anything that we might say in approval of it.

"This is what Mr. White has to say about Lansing's own author's work: 'The Grievance of Woman "Islanders" By Helen Hull

"Islanders' are women, generic women, planted in the current of life and yet not of life, apart from life, washed by the tides and floods of life, yet always outside of life.

"This is one of the best written books of the year, a thoughtful book, beautifully written, a penetrating book which should be provocative of considerable earnest and intelligent discussion.

"The chief 'Islander' is Ellen Dacey, the mainstay of the family when her father, brother and lover join the California gold rush in the 40's. Yet no mere novel of manners and times is this. The story flows on from the 40's through the last century to well toward its close.

"Ellen Dacey' develops. She uses her influence to prevent her young niece from becoming an 'Islander' and steers her into the current where she may have full scope for talents. The new world and its problems working on the old problem of woman's physical being and her function as torch-bearer of the light of life have never been better contrasted than Helen Hull has contrasted them in this book. It is a thoroughly fine piece of work.

"William Allen White."

Miss Hull is a niece of Anna McGill. Her mother, Minnie L. McGill, was born in Plymouth and is a graduate of Plymouth High school. Miss Hull is professor of English in Columbia University, New York City. Besides her work in college she has published four books and written many interesting short stories.

The week of May 8th is set by the Commission as clean-up week. If there is enough material to constitute a load in front of one house, it will have to be paid for. Rubbish, tin cans, etc., will have to be put in suitable containers, so that they can easily be loaded on the truck. Ashes or old wrecked autos will not be carted away.

The commission has decided to accommodate people on dusty streets by putting on calcium chloride, providing property owners affected will pay the cost of the chloride.

Some person cut several flowers from the tulip bed in Kellogg Park. Special efforts are made to maintain these flowers to help beautify the park, and if they are molested again, efforts will be made to apprehend the guilty ones.

The Cyclone Fence Co. of Detroit, are now erecting the six foot woven wire fence on the west side of Whitebeck road.

Bluhm & Dickinson have now split their crew, and are operating with two machines.

# Mother

Among the daily hopes of every Mother, the big, outstanding one is that the years will bring her children greater happiness and success.

LIKE a glorious crown, the love of Mother is an inspiration for each one of us to do his or her best in life. Mother's Day is an occasion that grows in importance each year, as Time's passage emphasizes the blessing of Mother in life!

**Local News**

Mrs. Corn Rhead of Hudson, visited her sister, Mrs. Mary Briggs, last week.

Mr. and Mrs. Sheldon Gale have moved into their new home at 992 Palmer avenue.

L. Miller of Northville, has moved into Charles McConnell's new house, in Robinson Subdivision.

Mr. and Mrs. Harry Vosburgh and little daughter, Yvonne, are spending a few days with Mr. and Mrs. W. J. Runyon, at Fenton.

Mrs. R. A. Cassidy was hostess to the Wednesday Bridge Club at her home on North Main street. A luncheon was served at 1:00 o'clock.

Work on the new Mayflower Hotel is progressing rapidly. The excavating work was completed Monday noon, and the concrete footings are now being run.

Mr. and Mrs. Clyde Laslett and family and Mr. and Mrs. Charles Rittenhouse called on Mrs. Laslett's mother, Mrs. Charles Hefner, at Grace hospital, last Sunday.

Miss Grace Truesdale pleasantly entertained a number of friends from Detroit, last Saturday evening. A dainty luncheon was served, and music furnished the entertainment. All reported a delightful evening.

Frank Watkins has sold his house on North Harvey street, to Mr. and Mrs. Milton R. Laible. Edw. M. Plachta, local realtor, represented both parties. Mr. Plachta also reports the sale of two lots in Lincoln Park, to Mr. Watkins.

Mr. and Mrs. George N. Bentley, Mrs. Fred Wolfram, Mrs. Fred Wilson, Mrs. Hal Luke and Mrs. George D. Michelin attended the state convention of the Michigan Branch of the National Congress of Parents and Teachers at Flint. There will be a full report of the convention in the Mail next week. Owing to the climate, the publicity chairman was not able to get it ready this week.

Miss Rebecca Rosen of Detroit, was a guest of Miss Helen Fish, last Sunday.

Mrs. Fred Steinhauer of Canton, called on Mrs. C. V. Chambers, Monday.

Mrs. Wm. LeDue visited relatives in Ecorse and Detroit, several days this week.

Mrs. C. B. Coulter of Charlevoix, is visiting at G. S. Burr's, on Sheridan avenue.

Mrs. Mary Paddock of Highland Park, spent Tuesday with Mrs. Sarah Wheelock.

Charles McConnell is in Ypsilanti this week, giving his house a new coat of paint.

Mr. and Mrs. Ralph Beeman and family spent the week-end with relatives in Owosso.

Mr. and Mrs. Ronald Rhoad and little son, of Lapeer, visited at Wm. Glympe's last Sunday.

The George Shafer home on East Ann Arbor street, is undergoing some repairs and improvements.

Jerry Gordon has returned home from St. Petersburg, Florida, where he has been spending the winter.

Mr. and Mrs. W. T. Pettingill were guests of Mr. and Mrs. John G. Clark, at Bad Axe, Mich., the latter part of last week.

Miss Pauline Boldt of Monroe and R. D. Boyer of Battle Creek, were guests of Miss Marie Johnson, last Sunday.

Mr. and Mrs. W. A. Hubbard of Midland, visited the former's mother, Mrs. Lydia Hubbard, last Sunday, returning home Monday.

Mr. and Mrs. James Elliott and son, Elwood, and Mr. and Mrs. Ross Campbell, called on their daughter and sister, Marlon, at Toledo, last Sunday.

Mrs. Edith Rhoad, who has been visiting at the home of her sister, Mrs. Wm. Glympe, for the past four months, returned to her home in Lapeer, last Sunday.

Last Friday afternoon, Mrs. Ruth Huston-Whipple and Miss Ernestine Roe attended the public speaking section of the Michigan Schoolmasters' Club in Ann Arbor.

Mr. and Mrs. E. A. Campbell and family and Mr. Campbell's mother, Mrs. Lawrence of Detroit, spent Sunday with Mrs. Louise Hutton and Mr. and Mrs. J. W. Wagoner.

Mark Daines, who has been employed at the Service Meat Market in the hotel block, has gone to Farmington, where he has a position as manager of an Atlantic & Pacific store.

Mr. and Mrs. W. Pepper and Miss Margaret Pepper, Mr. and Mrs. Robert J. Looney, Mr. and Mrs. Harris A. Paulsgrove and daughter of Detroit, spent Sunday with Mr. and Mrs. W. E. Rogers.

The Friendly Club met at the home of Mrs. Fred Ballen, last week Thursday. A pot-luck dinner was served at noon, after which the afternoon was passed with five hundred. Mrs. George Cramer won first honors, Mrs. W. L. Freyman, second honors, and Mrs. Arthur White, the consolation.

The Detroit Edison Co. have had a fine job of landscaping done around their new sub-station on Farmer street. The grounds have been nicely graded and various kinds of shrubbery have been set out in artistically arranged groups. It is going to present a handsome appearance in the near future.

Last Saturday afternoon, Mrs. Edson O. Huston, Miss Josephine Schmidt and Mrs. Ruth Huston-Whipple attended the annual University of Michigan Women's Luncheon at the Hotel Statler. Dr. Mary E. Woolley, president of Mount Holyoke College, was the principal speaker, on the subject of "The Educated Woman of Today."

The student body and teachers of the Northville High school were afforded a very pleasant hour Tuesday morning, through the courtesy of the DeLuxe Music Shop of Plymouth, when a band, composed entirely of children between the ages of eight and fifteen, under the direction of Edward Head, gave a very enjoyable program in the High school gymnasium at that place. James Miller of the Holton Band Instrument Company, also gave an instructive demonstration of the possibilities of wind instruments. Mr. Mills of the DeLuxe Music Shop, has just negotiated the sale of a complete set of the new Holton instruments, to be used by the Northville High school band, now in the process of formation.

Mr. and Mrs. Wm. Last spent Saturday and Sunday in Toledo, Ohio, with D. W. Diehr.

Mr. and Mrs. Dewey Smith entertained the latter's sister and husband, Mr. and Mrs. Horsh, and other friends from Detroit, Sunday.

Miss Janita Coe, who was called home last week on account of the death of D. M. Berdan, returned to Oberlin College, at Oberlin, Ohio, last Sunday.

Mr. and Mrs. George Miller of East Plymouth, and Mr. and Mrs. C. V. Chambers of this place, spent Sunday afternoon at Manchester, and also called on Mr. and Mrs. Edward Holmes, near Saline.

Last week Friday evening, the Pleasure Club met at the home of Mr. and Mrs. Wm. Felt on Fairground avenue. A delicious chicken dinner was served at seven o'clock, after which cards furnished entertainment. The evening's honors were awarded to Mrs. J. J. Wollast and Earl Gray, while Mrs. Fred Boyce and Stephen Jewell were consoled. Wm. Felt received honors for the season.

## LEAGUE OF WOMEN VOTERS MAY MEETING

With the east in the clutches of war, and Central America on the verge of further conflicts, the subject of international relations is a very timely one.

International relations is the topic for the May meeting of the Plymouth League of Women Voters, which will be held at the home of Mrs. Donald N. McKinnon, at 1010 Church street, at 2:30 o'clock, Monday afternoon, May 9th. Mrs. Mary Hillmer, chairman of our local committee on international relations, will give a report on the luncheon which was given at the Detroit Boat Club in April.

Miss Ursula Hubbard, who is secretary of the Detroit branch of the League of Nations Non-Partisan Association, will also speak on "The World Court and Its Work." Miss Hubbard recently won the \$150 prize for the best essay on the League of Nations, by a college student, when she was a student at Mount Holyoke College, in South Hadley, Mass. Miss Hubbard is an interesting speaker, who knows her subject. Come to hear her Monday, May 11th.

## DEATH OF WILLIAM GATES

William Gates, who had been in failing health for some time, passed away at his home in this village, on Friday, April 29th, aged 73 years and 18 days.

Mr. Gates was born in Germany, April 11, 1854, and came to this country at the age of two years, since which time he has resided in the vicinity of Plymouth. March 3, 1885, he was united in marriage with Rebecca Richter, and to this union three daughters were born.

He leaves to mourn their loss, his wife, Mrs. Rebecca Gates; three daughters, Mrs. John Meyer of this place, Mrs. Wm. Horning of Grass Lake, and Mrs. A. Kempfert of Ann Arbor; two grandchildren, three brothers, James and Albert Gates of Plymouth, and Theodore Gates of Eaton, Colorado; two sisters, Mrs. Lewis Schaal and Mrs. Albert Trinkaas, both of this place, and a large circle of more distant relatives and friends.

Funeral services were held from Schrader Bros. Funeral Home, Monday afternoon at 2:00 o'clock, Rev. Walter Nichol officiating. Burial in Riverside cemetery.

## LOCAL NEWS

The week of May 5th. has been set by the commission, for the annual clean-up week.

The Broadway Market has an advertisement that will interest everybody, especially the housewives. Be sure you read it.

Mrs. Norma M. Cassidy and Mrs. Esther K. Hillman have an announcement in this issue of the Mail, to which your attention is called.

Tuesday evening, May 10th, Grand Master, James F. Draper of Port Huron, will pay Tonquish Lodge No. 32, an official visit. All Odd Fellows are requested to be present.

The Beyer Pharmacy have taken a half page ad today, to tell about the great one cent sale they are going to have Thursday, Friday and Saturday, May 12, 13, 14. Be sure and read it.

The Michigan Federated Utilities announce the arrival of a car load of Humphrey Tank Water Heaters, on which they will have a thirty-day sale. The sale starts Saturday, May 7th, and continues to June 7th. See the ad.

A very pleasant evening was spent at the home of Mr. and Mrs. John Ruthruff, Friday, April 29th, the event being Mr. Ruthruff's birthday. The evening was spent playing cards, after which a very delightful lunch was served.

We omitted to mention in last week's Mail, in connection with the picture of the new Mayflower Hotel, that we were indebted to C. W. Rogers, for the use of the picture from which the etching was made for the paper.

Mr. and Mrs. P. M. Miller, of East Ann Arbor Trail, entertained at their home on Saturday evening, a large crowd of students of the University of Detroit, the occasion being a farewell party for their son, P. Ralph Miller, who left on Tuesday, May 2nd, for California.

On Friday evening of last week, the Lutheran Young People's Society held their regular monthly meeting in the church basement. Twenty-five members were present, and after an interesting business session, the entertainment committee got busy and from all indications succeeded in giving everyone a good time during the balance of the evening.

Mr. and Mrs. R. S. Todd and son, Warren, arrived home last week Thursday afternoon from Santa Monica, California, where they have been spending the winter. They were ten days motoring through, and report a very pleasant trip. Enroute, they stopped for several days at Eaton, Colorado, where they visited their uncle and aunt, Mr. and Mrs. T. O. Gates.

# GIVE MOTHER A GIFT ON HER DAY OF DAYS

### Pythian Sisters Attend Convention

Last week Thursday, April 28th, fourteen Pythian Sisters motored to Brooklyn and attended the district convention held at that place.

The Plymouth ladies exemplified the ballot. They were complimented by the grand officers for the splendid way in which their work was rendered.

The entertainment was furnished by the Girls' Glee club and other talented school children.

The Presbyterian ladies of Brooklyn served a bountiful dinner to one hundred and thirty-eight Pythian Sisters. It was an ideal day and much enjoyed by all. The next district convention will be held in 1928 at the Huron temple No. 28, at Ypsilanti, Michigan.

### NOTICE

The Aid Society will hold a box social at the Livonia Union church, Wednesday evening, May 11th. Each lady is requested to bring a box with lunch for two. E. C. Smith, auctioneer. Come and enjoy a social evening with us.

## The Blessings of Cold

EVERYONE knows that health, even life, depends upon pure, unspoiled food.

Everyone likewise knows that cold—only cold—keeps our meats, our vegetables, milk, eggs and what-not, from rapidly becoming a grave danger.

Cold we must have. The only question is how we are to best procure it. Electricity, our most efficient ally, provides the logical way.

With an electric refrigerator in the house you are assured of steady, food-preserving cold without the lifting of a finger—it is automatic.

Consider this electric refrigeration question. It means much to you in convenience, comfort, and health. We shall be happy to talk with you about it.

THE DETROIT EDISON COMPANY

# BUILD NOW!

## Prices Are Normal Again!

Building material prices are again normal, not because the saturation point in construction has been reached, but because all industries have readjusted, labor is again on even keel and America is swinging merrily along on a safe and sane economical program. The saturation point in building will never be reached in the United States. An investment in a home or improvements will always be good. Look back at the record of the United States—and you will find no reason to fear the future.

### Building Materials of All Kinds

We specialize in building materials of all kinds. We handle only first-grade lumber, which by test has always proved most economical in the long run. No matter what you plan on building, repairing or improving, we have the materials—and at a price as low as can be found anywhere.

### SCHOOL NOTES

#### Style Show

Miss Cornelius, a style director from the J. L. Hudson Company, will be at Plymouth, Monday, May 16th, at 3:00, in the High school auditorium. She will show different dresses suitable for spring and summer. She will also show what the tall or short, slim or stout woman should wear, and the colors that blonde or brunette should wear. All ladies interested in the style show are invited to come.

#### HIGH SCHOOL NOTES

The cooking classes will make candy for Mother's Day.  
The High school musicale given last Friday evening, April 29, in the High school auditorium, was a great success, and well attended.  
Miss Giles' English 10 classes are reading fables of the King, by Tonyson.  
The English 9-B class is reading Treasure Island, by Stevenson.  
The English classes have been writing essays on birds. The Kiwanis club will give prizes for the three best essays in both junior and senior High school.

—Naomi Huston

#### ANNUAL EXHIBITION OF GRADE AND VOCATIONAL WORK.

The exhibition of the grade work in the several grade rooms of the school will be on display Friday afternoon, May 13th, between the hours of 2:30 and 4:00 p. m. There will also be in the auditorium, an exhibition of manual training work, including the bird houses exhibited for which the Kiwanis Club are offering prizes. In the sewing department, there will be exhibited the work of the home economics department.

The grade rooms will not be open in the evening, but the manual training and home economics displays will be available for inspection by the parents of those who come to the Kiwanis entertainment in the evening. This, we trust, will be a very good exhibition of grade work this year, and the school will appreciate very much the cooperation of the parents in inspecting the same.

#### ATKINSON WINS THIRD PLACE IN ORATORY.

Franklin Atkinson representing the Plymouth High school, won third place in the district oratorical contest in Detroit, last week Wednesday evening. He gave his oration, "Constitution and Citizenship," with which he won the sub-district contest from Wayne, Northville, Belleville and Dearborn here April 7th. The contest was held in Northwestern High school.

The judges were Mr. Leonard, superintendent of schools at Farmington; Mr. Hart, principal of Birmingham High school, and Mr. Houghton, a former instructor in the speech department at Michigan.

First place went to George Iley of River Rouge High school, who was a very impressive orator. Second place went to Dwight Cooke of Northern High school, who has had three years' experience in debating and oratory. His oration was one of the best that ever appeared in the state contests.

Franklin Atkinson spoke with dignity, confidence, poise and convincingness. He made a splendid showing against unusually strong competition.

#### JOSEPHINE SCHMIDT IN STATE EXTEMPORE CONTEST.

Tomorrow evening, May 7th, at Kalamazoo, Josephine Schmidt, representing Plymouth High school, will speak in the first annual state extempore speaking contest. She won the right to speak in the state contest, by winning the district contest jointly with Carpenter Hewitt of Birmingham, at Wyandotte, the afternoon of April 22. Miss Schmidt will bring home to Plymouth, a handsome new wall banner for our school.

#### BASEBALL GAME

On Friday, April 29th, Plymouth High lost a seven-inning baseball game Roosevelt's close infield and efficient score was fifteen to one. The only run for Plymouth, was made in the first inning by Doudt. Several other boys made some nice hits, but due to Roosevelt's close infield and efficient outfielders, no other runs were made. Foster pitched the first two and a half innings, and nine runs were made by Ypsil. Collins took the pitcher's glove in the fourth inning, and thanks to his excellent work, Roosevelt made but one run. In the fifth inning, VanBonn took Olds' place in center field.

The line-up was as follows: Plymouth—L. Simmons, 2b.; W. Doudt, ss., sub. p.; A. Collins, 3b., sub. p.; P. Olds, c. f.; G. Simmons, 1. f.; C. Gebhardt, r. f.; R. Levandowski, 1b.; R. Lyke, c.; E. Foster, p. Roosevelt—House, 2b.; J. Mott, ss.; Spike Sh.; Hornberger, ss.; Johnson, 1. f.; Stump, r. f.; Budd, 1b.; Heimerdinger c.; M. Mott, p.

Some interesting plays on the field

for Plymouth, were a few flies caught, and Brady R. short stop, who stopped two hot grounders and snapped them to first base and got both men out. As a whole, however, it was a poor showing for Plymouth.

On Friday, May 6th, we play at Dearborn, and we will need all the rooters we can scare up. Let's go, and help our team beat Dearborn!

The Farmington game scheduled for May 11, has been changed to Tuesday, May 10th. All out for Plymouth.

#### SENIOR CLASS TO PRESENT "THE MAN ON THE BOX" TONIGHT.

Tonight, Friday, the Seniors of Plymouth High school are presenting the humorous play, "The Man on the Box," in the High school auditorium, at 8:00 o'clock sharp.

It is a very amusing tale centered around a young lieutenant, who, upon trying to fool his sister, gets himself into a whirlpool of tangles. It all happens when he lays his plans to jump upon his sister's coach, after she leaves a large society dance, drive the coach just as fast as possible, bring the horses to a violent stop, jump off the coach, snatch his sister in his arms, kiss her, then run and leave her to guess who the young man could be.

As we all know, the best laid plans may fall, and surely none ever failed to make a more humorous story than this. For in his rush after the dance, he gets on the wrong coach and of course kisses the wrong girl. This is where the trouble starts, as he falls in love with the girl and gets himself into so many laughable entanglements that it would be impossible to tell them all.

If you have ever planned a good joke on someone else, then unexpectedly have it turned upon yourself in such a way that you could never have imagined, even in your wildest dreams, you will certainly be more than pleased and entertained by this play.

There is some neat underhand work by a clever villain, that gives it that little bit of seriousness necessary for all good plays. Taken as a whole, it would afford all the amusement and entertainment that could be desired for one evening.

Anyone who comes to the play will certainly not be disappointed, in fact those who stay away will be the very ones who shall be disappointed, for they will be missing one of the best, if not the best, play that have ever been given in Plymouth High school. The admission is 50c for adults, and 35c for school children. The play starts promptly at 8:00 o'clock. Come early and be assured of a good seat!

#### RUPERT HADLEY WILL REPRESENT PLYMOUTH IN BIG SPELLING BEE.

Plymouth will be represented in the great Detroit News spelling contest by Rupert Hadley, eleven years of age, the son of Mr. and Mrs. Erwin Hadley. The district championship contest was held at the local High school last Friday afternoon, with about fifty present. There were seven representatives from neighboring schools competing. The winning word was "clanders." Rupert is a pupil in the 7-B grade.

#### WOMAN'S CLUB

The annual meeting of the Woman's Club was held Friday afternoon, April 29th, at the club rooms, with the president, Mrs. R. E. Cooper, presiding. Reports of all the officers and standing committees were read. Two new names were added to the club membership, which now contains one hundred names, twenty-nine of which were added this year. The club voted to place the names of Mrs. Ella Cluffee and Mrs. Kate E. Allen on the Honorary Membership list.

Picnic day is to be observed this year in the form of a luncheon at the Washtenaw Country Club. Members will be notified later as to the date.

At this time, the officers for the ensuing year were elected as follows:

President—Mrs. R. E. Cooper  
1st Vice President—Mrs. W. T. Pettigill  
2nd Vice President—Mrs. J. T. Chapman  
Recording Secretary—Mrs. Floyd Hillman  
Corresponding Secretary—Mrs. E. L. Thrall  
Treasurer—Mrs. Donald McKinnon  
Executive Board—Mrs. Frank Burrows, Mrs. Lawrence Johnson, Mrs. F. A. Lendrum

In closing, the president thanked the officers and committees for their assistance, and also stated that she regretted that Mrs. George Robinson was retiring from office, as she had been a great deal of help to her in the past year.

Everyone agrees that this has been a delightful year, due to the good work of the president, officers and committees.

It pays to advertise in the Mail. Who says so? Everybody.

Only about one more month until we'll be in the midst of funny jokes about bride's biscuits.

## See Today's Ford Car Before You Buy

Before you buy any make of automobile let us show you Today's Ford car.

You may consider that you know the Ford car. You may have been a Ford owner for years and think you are familiar with the splendid satisfaction which the Ford gives; and yet unless you have made it a point to examine the Ford car as it is built today—to drive it and note its improved engine performance—relax in it over rough roads, experience the increased comfort which it affords—and to learn of the many recent improvements, you do not know the Ford car as it is built today.

Many of the new Ford car features are obvious—balloon tire equipment—wire wheels—Pyroxylin finish—a choice of colors—improved upholstery, etc., but the big satisfaction to you, as the owner of Today's Ford car, is to be found in the way in which it will fulfill your expectations of what a modern motor car should be. You will be amazed at the increased power resulting from the new Vaporizer, the smoother engine operation, the increased gasoline mileage, the improved riding qualities, and above all, in the way in which this car handles and performs in traffic and on the open road.

In short, you must drive a new Ford car to be a fair judge of present-day motor car values. We shall be glad to arrange a demonstration at your convenience.

New Colors—Increased Mileage—Better Motor Operation

## Dr. Frank Crane Says

### STUBBED TOES TEACH.

One of the unpopular elements about being highly moral and good is that we try to make other people be good. Nobody objects to a man's being as righteous as he would like to be; they object when that man tries to make others righteous. There is one thing dearer to the human soul than doing right: it is doing as it pleases.

Regulating people and telling them not to do things may gratify our own vanity and secure immediate obedience, but it is a poor way to improve people.

If you bring up little Willie according to all the rules of child breeding, if you keep him always carefully removed from temptation and preserve him, as it were, in syrup until he is twenty-one and then turn him loose, he will probably fall before some good-looking charmer before he has gone around the block.

The surest way to learn and to grow in this world is to make your own mistakes and suffer the penalty of them. Only when we have erred and suffered for it do we learn thoroughly not to err. If you tell people how to go straight, some spirit of independence in them will lead them to violate your instructions.

One of the things man finds out as he grows older is that the wisdom and caution for which he has paid so great a price in suffering and otherwise cannot be handed on to his son. People have to learn things for themselves in the bitter school of experience.

The trouble with correcting people is that it is liable to destroy more than it builds up. The constant habit of criticizing and fault-finding is fatal to love. If, therefore, you value the affection of anyone it is always best to treat him with appreciation, not criticism.

The only sure road to righteous conduct is to grow a force within ourselves that shall make us righteous. A force superimposed upon us by someone else is only temporarily effective.

This is why democracy is better for a people than any autocracy. They stumble forward making their own mistakes. These are mistakes, perhaps, they would not have made if an autocrat ruled them, but they learn better from them than they learn from the errors committed by an autocrat.

### NEED FINAL TOUCHES TO INSURE PAYMENTS

CLEAN SURFACE REQUIRED TO PASS CORN BORER INSPECTION—STATE GOING OVER THE TOP IN PEST WAR.

Finishing touches are all that are needed for most Michigan farmers to have their fields pass inspection, according to L. H. Worthley, federal administrator of corn borer control work.

It is reported that a large number of fields need only to have corn stalks sticking out of the ground picked up, and remnants on the surface gathered in order to comply with the government regulations.

Farmers are advised by Worthley that only thorough clean-up jobs will be approved. In most cases, he says, a half day's labor is all that is needed to meet the requirements. The surface must be free from all debris which would harbor the borer in order to pass inspection.

A high degree of optimism prevails concerning the progress of the campaign in Michigan and reports indicate that the state is going "over the top" in the war against the borer.

### Today's Reflections

It's always a good plan to allow your heart to be a little softer than your head.

Plymouth motorists report many beautiful spots along the highways where you can fix a puncture or run out of gasoline.

Now we are ready for that long list of amateur forecasters who always want to tell us about this time of year the fruit has been killed.

If women are better auto drivers than men it's because they started from the back seat and worked their way up.

It doesn't take a Plymouth woman long to find out that the most helpful thing her husband can do at house-cleaning time is to put on his hat and get out of the way.

We're not looking for the American marines in China to bring back many war brides.

As we see it, our congressmen have only gone on a nine months' vacation to think up new laws.

Nothing strikes us as being quite as pathetic as the Plymouth girl who grows up believing she is better than the rest of her family.

It has been estimated that about five people would play golf if it was called work and paid only \$5 a day.

We heard yesterday of a Plymouth man who is trying to teach his hens that an egg a day keeps the axe away.

Why is it that in the towns where you haven't got any business they'll let you park as long as you want to?

What we seem to need pretty badly in Plymouth is a repair shop where a lot of broken promises can be patched up.

Nothing makes some Plymouth women madder than for their husbands to admit they are wrong without giving them a chance to argue about it.

There's still time to put our streets in such shape that we won't have to waste time apologizing for them later on.

### POWER IS WAITING IN STATE STREAMS

VALUABLE ELECTRICAL ENERGY AVAILABLE IN SMALL RIVERS OF MICHIGAN.

Many of the streams in Michigan can be harnessed and will furnish power to farms through which they pass, according to the department of agricultural engineering at Michigan State college.

Streams which have a constant volume of water are much more valuable as sources of power than those that flood in the spring and dwindle in dry weather. The fall of the stream directly affects the amount of power which can be developed.

Unless a fall of three feet can be secured at the dam, a stream is usually worthless as a power source. Before a dam is constructed permission to flood the land must be obtained from all property owners affected.

The volume of water flowing in a stream is determined by multiplying the depth by the width by the rate of flow. Allowance should be made for the curvature of the bottom in measuring the depth, and the still water along the sides of the stream should not be included in the measurement of the width. The rate of flow can be found by measuring the distance that a block of wood in the stream will travel in one minute.

To find the horse power which a stream will develop multiply the depth in inches by the width in feet; times the rate of flow in feet per minute; times the fall in feet, and divide by 12,600. The quotient is the horse power rating of the stream. One horse power will supply current for fifteen 50-watt lamps.

# Original REXALL One Cent Sale

It is a sale where you can buy an item at the regular price, then another item of the same kind for one cent. As an illustration: The standard price of Klezno Dental Creme is 50c, you buy a tube at this price and by paying 1 cent more, or 51 cents, you get two tubes. Every article in this sale is a high-class, standard piece of merchandise, just the same as is sold every day at the regular price.

This sale was developed by the United Drug Co. as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merit of these goods, they are spending it on this sale in permitting us to sell you a full size package of high standard merchandise for 1 cent. It costs money to get new customers, but the sacrifice in profit is justified, knowing the goods will please you.

| TOILET GOODS                               |            |

### THE THEATRE

#### "HOTEL IMPERIAL"

The most unusual war drama ever filmed arrives at the Penniman Allen Theatre when Pola Negri's new Paramount starring vehicle, "Hotel Imperial," will be shown on Sunday and Monday, May 8th and 9th.

The overwhelming realization of war is present every moment, yet the drama is centered upon a small group of individuals, rather than sweeping battle fronts, with numberless soldiers fighting through the holocaust of conflict in confused masses. The battles that form the story's background are suggested rather than pictured. Swift moving glimpses are given, conveying an indelible impression of fighting hordes, paving the way for the drama itself which portrays the reactions of nations at war upon the individual human—their devastating effect upon mind, soul and physical conduct.

The three central figures are the chambermaid of the Hotel Imperial, in a town on the Austro-Russian frontier, captured by the invading Russians; the Russian general and a fugitive Hungarian officer. These portray one of the tensest dramas that has yet reached the screen.

Pola Negri gives what is declared to be the supreme characterization of her career, even surpassing DuBarry in "Passion," in the role of a chambermaid who is given luxury and tosses it aside in heroic sacrifice for her country and lover.

James Hall, Paramount's latest "find," is the Hungarian officer; and George Siegmann, the general. Others in the supporting cast include Max Davidson, Otto Fries, Nicholas Soussanin and Michael Vavitch. Erich Pommer, Europe's greatest film maker, produced the picture as his first for Paramount. Mauritz Stiller, directed.

#### "BLARNEY"

A thrilling story of the old time prize ring, replete with punches, dramatic and physical, has been brought to the screen by the Metro-Goldwyn-Mayer picture, "Blarney," which comes to the Penniman Allen theatre Tuesday and Wednesday, May 10 and 11.

Renee Adoree, the famous "Mellonde" of "The Big Parade," and Ralph Graves have the leading roles in the picture, which was adapted from The Saturday Evening Post

story by Donn Byrne and directed by Marcel De Sano.

Do you like action in your pictures? This one is crammed with it. There are three fights in the picture the like of which for realism have probably never been excelled.

Do you like color? This picture has plenty. The background is the New York Bowery and sporting life of the metropolis of 50 years ago. It has been reproduced with a careful eye as to authenticity of detail.

Love story? This picture has one of the most gripping ever presented.

Two women love James Carabine. One is the seductive, mysterious Marcellina, a strange blend of ice and fire, a type new to the Irish admiralant Carabine, and as the champion of America he confers on her his name, unaware that she cares only for the glamour of his achievement. The other is the winsome Peggy Nolan, a sweet, simple Irish lass who sees Carabine as a demigod, who worships him, but to whose devotion Carabine remains blind for a long time.

Paulette Goddard is the siren Marcellina. Renee Adoree does Peggy Nolan, while Ralph Graves has the part of Carabine.

Donn Byrne's story of James Carabine was regarded as the epic of the old prize ring, and it has been transferred to the screen with praiseworthy fidelity and sincerity, a picture that should not be missed.

The cast includes Paulette Goddard, Malcolm White and Margaret Seddon.

#### "FAUST"

The power of love to redeem the soul of a man is the theme of "Faust," an UFA production which comes to the Penniman Allen theatre Thursday and Friday, May 12 and 13. Through travail and sorrow the man Faust finds himself, though his path is beset by the temptations of Mephisto.

Always the mind of man has speculated on what a life re-lived would yield, in the light of knowledge of the future and his experience. Philosophers have endeavored to answer this question and the answers are as numerous as the savants themselves and as varied as their creeds.

In "Faust," an old man, a scholar and an alchemist, is offered opportunity, by the devil, to relive his life provided he will agree that the Evil One may have his soul when he is dead. Faust readily agrees. All his life he has been a searcher after knowledge and life has passed him by. At the last knowledge and faith avail him naught and he falls an easy victim to the wiles of Mephisto.

With one wave of his hand Mephisto turns Faust into a youth again and they fly on the devil's cloak in search of adventure. Faust finds wealth and women palling after a while longs again for the scenes of his homeland. His wish is the devil's command, and they are whisked back. In time for the Easter procession, during which Faust first sees Marguerite. He falls in love with her and Mephisto prospers his love, always with an eye, however, to mischief.

Despite the sorrow that follows Faust's ill-fated love for the beautiful Marguerite, and the tragic ending of their affair, Faust's soul is claimed by heaven, against the demand of the devil, because of his redemption by that one all-powerful word, LOVE.

#### "WINGS OF THE STORM"

To those who deny the faculty of reasoning to animals, "Wings of the Storm," Fox Films feature, which comes to the Penniman Allen theatre Saturday, May 14, is suggested as a complete refutation of such a theory. For this picture, which is the story of a man, a girl and a dog, conclusively proves by the acting of the canine hero, Thunder, that animals do think.

There is an almost human intelligence displayed by Thunder during every moment he appears on the screen. We may go a step further and say that this unusual motion picture star proves over and over again that he thoroughly appreciates the meaning of every action he performs. But mere writing can not begin to tell of this dog's sensational feats. He must be seen.

The story itself is very interesting and is a splendid vehicle for showing to best advantage Thunder's cerebration. The humans in the cast are Virginia Brown Faire, as a young and beautiful heiress; Reed Howes, as a forest ranger, and William Russell in the role of heavy, while the humor of the picture is furnished by Hank Mann as Red Jones.

Some very beautiful forest country is shown in the picture as well as one of the best combats between man and man, a real honest-to-goodness fight between Russell and Howes which is a treat itself for those who enjoy a good fight. The love scenes too, are well handled and are very pleasing.

J. G. Blystone directed the production.

social hour will be spent. A large attendance of both classes is looked for.

The men of the congregation, under the auspices of the men's class, are planning to entertain the ladies at a dinner meeting to be given Tuesday, May 17th, at the church at 7 p. m. It is the purpose of the men to provide and serve the dinner without calling for the assistance of the ladies, and the men hope that all the ladies will come. The program following the dinner is in charge of Mr. George A. Smith and his able committee, and will leave nothing to be desired. This gathering should include every man and woman in the congregation who can possibly be present.

As this goes to press, plumbers and decorators are busy working a transformation at the manse.

The Women's Auxiliary will meet at the church on Wednesday, May 11th, at 2:30 p. m. An interesting program has been arranged.

### METHODIST NOTES

Eighteen of the women attended the missionary meeting at Dixboro, on Tuesday of this week.

The Misses Dorothy Lombard, Imo Campbell, Hazel Raynor and Lois Caldwell accompanied Dr. and Mrs. Lendrum to the district Epworth League Council at Adrian, last Friday and Saturday.

The Women's Home Missionary Society will be held at Milan, next Tuesday and Wednesday.

### CHERRY HILL

John West of Detroit, spent the week-end with Mr. and Mrs. Lloyd Bordin.

Mr. and Mrs. Elmer Sears of Milan, and Mrs. Albert Steinman and children of Toledo, spent Sunday afternoon with Mrs. Susan Corwin.

Mr. and Mrs. Milo Corwin spent Wednesday in Detroit.

Mr. and Mrs. Bert Towne and children of Detroit, were Sunday guests of Mr. and Mrs. Bert Stuart.

The Ladies' Aid Society served supper in the hall, Wednesday evening, to a group of Ypsilanti people.

Mr. and Mrs. Roy Franklin of Fowlerville, and Mr. and Mrs. Merrill Franklin and children of Salem, were Sunday guests of Mr. and Mrs. Milo Corwin.

### ANNUAL MEETING OF W. C. T. U.

The annual meeting of the Woman's Christian Temperance Union was held in the Methodist Community Hall, Friday afternoon, April 28th, with nearly one hundred members and guests present. In addition to the members from the Holy Union, who furnished a portion of the program, there were guests from the Northville Union and many ladies from the local churches. After the business meeting and the various reports, the following officers were re-elected: President, Mrs. E. H. Daggett; recording secretary, Mrs. L. Clemens; corresponding secretary, Mrs. Phoebe Patterson; treasurer, Mrs. Clara Todd.

The play entitled, "Your Place, My Place, Any Place," was finely rendered by the ladies of the Holy Union. The theme was prohibition, and the play was of unusual interest containing both pathos and humor.

Mrs. Rockwell, president of the W. C. T. U., with the cause of temperance ever at heart, and seeking to lend her aid toward the enforcement of the prohibitory law, was a logical and forceful speaker, who made brave efforts to convince the rich and influential society women that the Volstead Act was not meant for the poor alone, but for the rich as well.

Mrs. Van Riper, who portrayed the character of the foreign-born citizen who still clings to the customs of her native land, gave comedy to the play with her broken talk and humorous appearance. Mrs. Abbott excelled as the rich and aristocratic society woman, who thoroughly approves of prohibition for the lower classes, but sees no reason why any legislation should be needed to regulate the morals or curb the activities of "our set."

Mrs. Abbott also gave some beautiful vocal solos, making a special hit with the song "How Betty Ross Made the Flag" given in costume. Mesdames Brown and Richard delighted the audience with a duet; Mrs. Chapman gave two charming vocal solos; Mrs. Lockwood, state recording secretary, made some pleasing remarks; and an enjoyable instrumental selection, violin and piano, was played by the Misses Gallimore and Shingletor and Mr. Larkin. The entire program was very pleasing, and at its conclusion, light refreshments were served, and a social hour enjoyed by all.

The next meeting will occur May 26, at the home of Mrs. Bethune Stark, with Mrs. Esther Hillman leader.

All stringed instruments furnished free. Piano instruction, Piano Tuning, Modern Methods, Quick results.

### CATHOLIC NOTES

The Nethem club met last Tuesday night in the Mahogany room and entertained themselves in a very enjoyable manner. Each member present reported a fine time.

Great pains are being taken to beautify the church grounds, so as to make them attractive to all passers-by. The church is to be painted as well as the rectory, new plants and shrubbery will be placed in the ground so as to make the corner a veritable paradise, a pride to the parish and a pleasant view to the community.

The children very agreeably surprised the congregation last Sunday by erecting a beautiful May altar and dedicating it to Mary, the Mother of God, with the appropriate hymn, "The Crowning of Mary." Each girl of the parish has been assigned a week of care to the altar. The children are to be congratulated on their noble efforts.

Keego Harbor lost its opening game of baseball with the Nethem club last Sunday. The score was 8 to 0. Next Sunday the Nethem club plays Wayneford at Wayne and Ford road at 3 o'clock.

Next Sunday is Holy Communion Sunday for the men of the parish.

The Altar society will meet Friday afternoon at 2 o'clock at the church. All members requested to be present.

### PRESBYTERIAN NOTES

On Thursday of next week, May 12, there will be a joint meeting of the Busy Women's and Ready Service classes. Mrs. Hillmer and Mrs. Starkweather will be hostesses and the meeting will be at their home on Starkweather avenue. The usual pot-luck dinner will prevail, after which a

Spring is calling—  
buy a Buick now

Glorious spring days, marvelous spring nights, are calling you. Make them yield the greatest measure of enjoyment—drive a Buick.

Soar over the crest of a hill, flash through the countryside, Buick's Six-Cylinder, Valve-in-Head engine delivers a smooth, even flow of power—vibrationless beyond belief at every point on the speedometer.

Buy a Buick, for style and comfort, for finer performance, for sterling dependability—and for greater value.

# SAVE MONEY

By Buying Your Lumber and Other Building Materials From Us.

We will absolutely guarantee to meet or beat the prices of any Ready-cut building concern operating or selling lumber and building supplies in Plymouth. In most cases we can save you considerable money. Don't let out-of-town builders or financing concerns sell you and make you pay more for your home than you would have to pay us. Before giving your order to an "out-of-town" concern, at least call and see what we can do for you. We know we can save you money.

Yes, we can finance you, too. We have a financing plan that we believe will interest you. The monthly payments are small. Come in and talk it over with us. Why pay rent when you might be paying the money on your own home?

We will be glad to give you estimates and explain our financing plan free of charge.

## PRE-SCHOOL CLINIC A GREAT SUCCESS

The responsibility for the health of the pre-school child rests upon its parents. The home can make no greater contribution to the school than a scholar fully prepared to take advantage of what education has to offer it. In this belief, the National Congress of Parents and Teachers inaugurated, in the summer of 1925, a campaign to send into the first grade, a class of children 100 per cent free from remediable defects.

It has proved so effective that it has been declared a permanent activity, and this year the County Council of Parents and Teachers, a unit of the National Congress, decided to cooperate. The week of May 2 to 7 was selected, and every day will be entirely devoted to this work.

Zone A, including the villages of Plymouth and Northville and numerous rural schools under the supervision of the Zone A vice-president, Mrs. George D. Micholin, Jr., held the first clinic of the series, May 2nd, at Plymouth. It proved a marked success, and filled a long felt need. Twenty-four children, nineteen of whom will enter school in September, were examined. Vaccination for small-pox was offered, and six were vaccinated. The following school districts were represented: Canton Center, Hanford, Truesdell, Bartlett, Deekay, Base Line, Patchen and Plymouth.

The clinic owes much of its success to Dr. H. J. Brisbois, who so loyally and graciously offered to cooperate. In no other profession can a man render such help and support to a community, if he can but see the great opportunity to start a little child on the road to health and happiness, and Plymouth is indeed fortunate in having such a man as Dr. Brisbois, who lives not unto himself alone, but is so keenly interested in his community and the health of its children.

We are also deeply indebted to Lois Barrington Sharp, County Supervising Nurse, who gave such unflinching support in launching this, our first clinic; to Georgiana Reid, nurse in A and B zones; to Violet Haar and Vida Woods, nurses in Zones C, D, E, and F; to Mrs. Mary Strasen, Plymouth township nurse; to Olive Grimm, our county social worker; to Lois Corbett, our home demonstration agent and nutrition advisor; to Leleta Dawson and Nellie Tucker from the Wayne County Library; to Mrs. Lorraine Cochraue Mains, supervising teacher of Zones A and B; to Miss Prance and Miss Cockrell, of the Merrill Palmer school, and to Mrs. George N. Bentley, our Wayne County Council president.

Managing twenty-four small youngsters and consulting with as many parents while examining these children, needed the cooperation and help of an army of workers, and we are most grateful for the help of everyone, and we feel that every mother was helped and inspired and returned home with thankful hearts, while the children were reluctant to leave, for they were having such a fine time.

While the toys and blocks furnished by the Merrill-Palmer school, and the books amused the children, under the direction of Misses Prance and Cockrell, the mothers were getting aid and instructions through a series of posters, tables of literature and consultation with the supervisors and nurses.

We sincerely hope that we may be able to continue these clinics from time to time, and that we may have more cooperation from the local associations of this community.

We wish to take this opportunity to also thank the St. John's Vestry for the use of the Parish House; it proved a delightful place to hold our clinic, and we are most grateful.—Com.

## HOME ECONOMICS ACHIEVEMENT DAY, MAY 10 AT WAYNE

Women of Wayne County are holding their annual achievement day, Tuesday, May 10th, beginning at 10:30 a. m. in the Methodist Episcopal church at Wayne. The forenoon program will consist of brief talks by Miss Edna V. Smith and Miss Carrie Williams, both from the Michigan State College. Miss Williams will also give a sleeve demonstration.

Short demonstrations will be given by some of the women, one of which previously met with such success that it is being repeated by request.

There will be a question box, giving each woman a chance to find out what she most wants to know. This box will be opened directly after lunch in order that no one will be kept in suspense long.

Miss Lelah Carbis of the Merrill-Palmer school in Detroit, will give us some high lights on mental health. There will be a junior girls' style review, showing what they have accomplished this year. Mrs. Louise H. Campbell, state home demonstration leader, will give us a talk—we don't know what, but we will leave it to her. The ladies of the church will serve the luncheon, so come, bring your friends, and have a good time.

LOIS M. CORBETT, Home Demonstration Agent.

Tomorrow is the day that the things you didn't put off today will begin to sprout.

## TRUESDELL SCHOOL P. T. A. HELD MEETING

Those who attended the Truesdell P. T. A. last Friday evening, April 29, report enjoying a real treat. Detroit, Plymouth, Ypsilanti, Wayne and Dearborn were represented and the largest crowd that ever graced our school-house packed it to overflowing.

A three-hour program was rendered by Truesdell patrons and good music. The play, a three-act comedy, entitled, "A Poor Married Man," was given, with the following cast of characters:

Mrs. Joan Ford—The troublesome mother-in-law. Mrs. Walt Matevich Zole—Her charming daughter and the bride. Mrs. Harry Dunbar John B. Wise—The groom Tony Kopas Billy Blake—Zole's former suitor. Irwin Hall Rosalind Wilson—A newspaper reporter. Muriel La Fortune Dr. Mathew Graham—A country doctor. George A. Wiles June—His winsome daughter. Esther Mackey Jupiter—The colored man servant. Eugene Ebert

The music consisted of both vocal and instrumental harmony. Prob. Pachelbel, violin, and Mrs. D. Heebler and Mrs. J. Dingley, piano.

Miss Dorothy Fay, the teacher, very pleasantly entertained by singing selections of the latest creations, very aptly accompanied by Miss Stella Dunbar on the banjo ukelele, who also accompanied her mother, and Tony Kopas, in a song for which Mrs. Dunbar composed the words.

The Walling sisters and their cousin, Muriel La Fortune, very artistically entertained with songs and ukelele accompaniment.

Great credit is due Mr. Blashill for his untiring efforts for the success of the entire program and the decoration scheme carried out. Candy and other confection was served.

Our next and last of the season, P. T. A. meeting is in May. Election of officers will take place at that time. Come and join the happy family at Truesdell.

## SOUTH SALEM

Mr. and Mrs. Burton Brinkman arrived from Armstrong Creek, Wis., last Tuesday afternoon, to attend the funeral of the former's brother.

Mrs. Mary Walker of Fenwick is visiting her sister, Mrs. Henry Brinkman.

The home talent play, "Peck vs. Peck," was well attended, and was much enjoyed by all.

Don't forget mother and daughter banquet this Saturday evening, at the church at Salem. Tickets \$1.00. The ponies from Palmer Park, were returned last Thursday morning.

Miss Lilly Berg has returned from Indianapolis, where she spent four months with her father and friends.

Mrs. Albert Bergman of Indianapolis, is spending a week at the Dolbeck home.

## OFFICIAL PROCEEDINGS OF THE VILLAGE COMMISSION.

Plymouth, Mich., April 25, 1927

A special meeting of the Commission in the Commission room of the Village Hall, Monday evening, April 25, 1927, at 7:30 p. m. called to receive and open bids for the construction of 1927 sanitary sewers.

Present—All five commissioners. The period for receiving bids was closed at 7:30 p. m., at which time the engineer was authorized to open the bids. These bids were then referred to Mr. Showcraft to be assisted by Mr. Mathews for tabulation.

The report on Mr. Hough's sewer program in his subdivision, was then taken up. This was laid on the table for further consideration.

The Manager was then authorized by the commission to order two cart-loads of No. 4 road oil, from the Standard Oil Company, one car to be delivered on June first, and the other car on August first.

A motion was then made that the village replace the sidewalk on the west side of Main street, just north of Gravel avenue, which was torn up through grading Gravel avenue.

It was recommended that Mr. Edward Gayde fill the vacancy on the Charter Committee, left by Mr. Ceolo Hamilton.

At this time, Mr. Showcraft brought in the report on the bids as follows: Western Construction Co., \$64,818.88 Waterway Construction Co., 98,818.20 Liberty Construction Co., 64,488.25 Bluhm & Dickinson, 62,250.15 Thos. B. Nolan, 72,912.20 E. A. Campbell, 71,850.80

On the recommendation of Mr. Showcraft, a motion was made by Commissioner Henderson, supported by Commissioner Hondorp, that the contract be awarded to Bluhm & Dickinson.

Ayes: Commissioners, Henderson, Pierce, Hondorp, Learned and President Fisher. Nays: None. Carried.

The president and clerk were authorized to sign the contract for the village.

It was then arranged that unsuccessful bidders should receive their checks upon signing receipts for the same.

A motion was made by Commissioner Henderson, supported by Commissioner Hondorp, that the sanitary sewer on Farmer street between the P. M. R. R. and Adams street, be placed in 1928 contract.

Ayes: Commissioners, Henderson, Pierce, Hondorp, Learned and President Fisher. Nays: None. Carried.

The Commission adjourned.

H. J. Fisher, President, William Weltner, Clerk.

Keep your nose on the grindstone constantly and the noses of the next generation will turn up.

We have again reached the time of year for the little-mouthed bass and the big-mouthed fisherman.

## HOUGH SCHOOL NOTES.

Reporter, Persis Fogarty.

Mrs. Mains was our visitor one day last week. We are proud of three additional stars to our gold star card.

We have started our tests which Mrs. Mains brought out. One third grader has a total reading score of 95 per cent.

The eight grade sent in their history notebooks Tuesday.

Our window decorations for this month are California poppies.

Our Citizens' Junior club was held Friday. One of the mothers was present. We put on our puppet show of "The Three Bears" for the benefit of those who had not had the opportunity of seeing it at our P. T. A.

The fifth and sixth grades have made posters on Spring Gardening, which serve as decorations for our schoolroom.

Reading that a woman paid \$7,000 for a special train to take her to Chicago. Dad Plymouth says that she would have come nearer getting her money's worth if she had hired one going the other way.

## Nash 7-bearing crankshaft takes longer to build—costs more

It takes longer to build a 7-bearing motor than it does to build one with only 3 or 4 main bearings.

There are at least 3 more bearings to hone and polish. (Nash has considerably more bearing surface than other six-cylinder motors in the Nash price field with 4-bearing crankshafts.)

There are at least 3 more bearings to align. And there are at least 3 more bearings to check for proper clearances.

But the Nash 7-bearing crankshaft eliminates the "whip" which loosens bearings and piles up expensive shopwork on motors with fewer crankshaft bearings.

Obviously, it costs more in time and money to build the Nash 7-bearing crankshaft.

Why then does Nash build it, when other manufacturers still use engines with fewer bearings?

The answer is that Nash owners have come to expect Nash to be definitely better than any other car they could buy at the Nash price.

And 7 bearings alone produce superlative power-smoothness and power-quietness.

Before you select your new motor car, drive a Nash and see how smooth it is at high speeds, how powerful and effortless its pick-up at every speed.

[The Nash Price Range on 26 Different Models Extends from \$865 to \$2090 f. o. b. factory]

### DODGE BROS. INTRODUCE NEW MOTOR

**MOST OUTSTANDING IMPROVEMENT IN COMPANY'S HISTORY—KEYNOTE IS SNAPPY ACCELERATION, MORE SPEED AND POWER, GREATER GASOLINE ECONOMY.**

Dodge Brothers, Inc., today announces the most outstanding and important improvement in its present line of four-cylinder motor cars since the first Dodge Brothers car was built in 1914. It is a new motor—still rugged and dependable like the former Dodge Brothers engine but snappier in acceleration, faster and more economical on the open road and more powerful when power is needed. Dodge Brothers engineers declare that the cars powered with this motor are the best the company has ever built.

So fundamental are the improvements in construction that its acceleration is 20 per cent quicker than that of the old motor. It develops 15 per cent more power. It is 20 per cent more economical in gasoline consumption. It is faster on the road. Everyone who has driven cars powered with the new motor has expressed astonishment at the marked increase in flexibility and in the smoothness of operation throughout the entire range of speed.

The new power plant is fitted with a standard shift transmission which is more rugged in construction and easier and quieter to shift.

The 15 per cent increase in power has been brought about by better carburetion. To insure more complete vaporization of the fuel and easier passage into the cylinders the carburetor and manifolds have been redesigned. A section of the intake manifold above the carburetor is heated by exhaust gases. The shorter travel from the new carburetor to the cylinders and the effect of the heat in vaporizing any liquid fuel which strikes or flows over the heated surface, together with a redesigned cylinder head, increases the power of the engine 15 per cent.

The faster entry of the gas into the combustion chamber and the more powerful explosion because it is heated by the manifold are responsible for the improvement of 20 per cent in both acceleration and gasoline mileage. Greater speed also results from these fundamental improvements.

The smoother flow of power resulting from the changes in the engine itself has been augmented by increased rigidity of the engine supports. In addition to the recently announced improved method of fastening the rear of the engine to the frame at two points, the front of the motor is now securely bolted to the frame in two places. This reduces vibration to a minimum and permits such smoother operation at all speeds and under all driving conditions.

The distributor on the new motor is mounted on top of the engine, thus eliminating the possibility of trouble from dirt and water which might enter through the radiator or the louvers in the side of the hood.

The location of the water pump has been improved by replacing it at the rear of the motor. From the pump the water goes directly to the rear end of the block which is always the hottest part. From there it flows forward to the radiator where it is again cooled.

### Picked Up About Town

Dad Plymouth says that dancing may make a girl graceful but that nobody claims it will make her useful.

It doesn't do much good to know where to stop if there isn't will-power back of the knowledge.

"My idea of a total loss," says Dad Plymouth, "is the wife who spends all her time wondering how she can break into society."

We never expected to see the day when the fashions in women's clothes would boost the optical business, but that day is here.

Dad Plymouth says that after a fellow starts on a long motor trip and observes the lunch stands along the highways he reaches the conclusion that this country is about to go to the hot dogs.

"Worry," declares Dad Plymouth, "will make people thin unless they are worrying about being fat."

### AROUND ABOUT US

The Northville fire department will give its first annual ball at the High school gymnasium in that village Friday evening, May 6th.

It is expected that the major part of Redford's new million dollar amusement park at the Seven Mile and Burg roads will be ready to open June 1st.

Arrangements have been completed by the Northville school board and village council for the organization of a community band, to be composed of Northville High school students.

The Howell High school graduating class will have two valedictorians this year, a very unusual occurrence. The two young ladies who will give the valedictories have the same average of scholastic standing.

Work is in progress on the Brighton Golf and Country Club grounds on Grand River just east of Brighton. An 18-hole golf course, \$45,000 cobbles and stucco club house, and 100-foot boulevard are now in the making.

Workmen for the Detroit Edison Company have started the construction of a new line from Salem to Worden. Of the twenty-nine customers along the line, twenty-eight have already wired their homes for electric service.—Northville Record.

The County Board of Supervisors of Oakland county and the County Road Commission have recommended the paving of eight and three-quarter miles of road east of South Lyon to the Novi-Northville road. The three miles of pavement from there to Grand River is now under construction. When completed South Lyon citizens will have a paved road all the way to Detroit.

Edward Mills, manager of the Detroit Edison Company, has received a request from the township board of Farmington relative to the continuation of the lighting of the Farmington road running to the Seven Mile road. Livonia township recently voted to light all the paved roads in that township, and as there is but about a mile left of the Farmington road that will not be lighted, it is understood that the officials of that township are anxious to have the whole road lighted.—Northville Record.

What is said to be the largest Chincilla rabbit ranch in the middle west will locate at Howell, according to Gillette & Brown, local real estate brokers, who have recently completed a deal with the Raycroft Industries of Detroit by which the Smith farm, located a mile north of town on the Byron road, passes to the new owners. Work will commence immediately to convert the farm into a modern fur ranch, where scientific methods will be employed in breeding the choicest animal stock imported from South America, Australia, New Zealand, Belgium and France.—Howell Republican.

The interest aroused by the article on old hymn books has had the result of bringing to light other interesting antiques possessed by Brighton citizens. Among them is a dresser, the property of Dr. C. W. Hill and made by his great-great-grandfather in 1774. This piece of furniture, 153 years old, is in an excellent state of preservation. Then, too, the "oldest book" was brought out of its hiding place in a trunk on the old Elm Field farm. It is the property of E. W. Smith, who lives on the place. This old timer was printed in London in 1717, which makes it 210 years old. The title is "The Gentlemen's Jockey and Approved Farrier," instructing in the nature, causes and cures of all diseases incident to horses.—Brighton Argus.

More than three-fourths of the property owners on Six Mile road between Telegraph road and Grand River avenue have signed petitions asking for the surfacing and widening of that thoroughfare, and according to announcement made public this week by officials of the Wayne County Road Commission, the improvement of that highway will be begun at an early date and completed this summer. It was further pointed out by a member of the commission that the Six Mile road as a major artery will carry much of the heavy cross-town traffic now crowding Grand River. At present engineers are rushing work on the new \$75,000 concrete bridge over the Rouge. Plans call for completion of the bridge by June 1st. It is of the T-beam type, 60 feet wide, has two protected walks for pedestrians, and has direct approaches which obviate dangerous curves present at the old bridge.—Bedford Record.

"until another car of Oakland's price has all these features, Oakland value is supreme"

- Fisher Body with One-piece VV Windshield
- New Colors in Enduring Duco
- Advanced 6-cylinder L-Head Engine
- Harmonic Balancer
- 4-Wheel Brakes
- Rubber-Silenced Chassis
- Air-Cleaner
- Full Pressure Oiling
- Oil Filter
- Interchangeable Bronze-backed Bearings
- Honed Cylinders
- Diamond-bored Piston Pin Bushings
- Automatic Spark Control
- Unit Instrument Panel
- Tilting-beam Headlights with Foot Control
- Large Balloon Tires
- Balanced rotating parts from crankshaft to rear axle

You may have sensed that the Greater Oakland Six offers certain things not found in other cars. The briefest study of the cars in Oakland's field reveals that "until another car of Oakland's price has all these features, Oakland value is supreme." ... Yet Oakland value is based not merely on these features—but on these features, plus super-precision in construction, which makes the Greater Oakland Six the best-built car of its price in the world.

### LOCAL TELEPHONE MANAGER HIGHLY LAUDED IN TELEPHONE PAPER

THE MOUTHPIECE, OFFICIAL PUBLICATION OF BELL COMPANY, RECOGNIZES MANAGER ROY E. CROWE'S SERVICES.

In the last issue of the Mouthpiece, the official publication of the Michigan Bell Telephone Company, Roy E. Crowe, manager of the Plymouth and Northville districts for that company and a resident of Plymouth, was given most favorable mention. Mr. Crowe has completed fifteen years of service for the company and the write-up is in connection with that event. Mr. Crowe has a host of friends in Plymouth and in this section of Wayne county, and the Mail is pleased to publish the article in its entirety. It follows:

Roy E. Crowe, our Plymouth area manager, who completed 15 years of service March 18th, has seen a great many changes and betterments in our business. He has also seen many old methods developed anew, improved and returned to practice.

To the younger members of the Michigan Bell family the combined line and recording method of handling toll calls came as quite a change in our practices. To those who were in the business prior to the functionalizing of our organization that change was an instance of improving and returning to practice a method used years ago. The practice has been refined in many ways, improved by the use of more and better equipment and larger and better groups of toll circuits, but in principle it is much the same as of old.

"More and Better Business on Our Books," a subject we are much interested in now, was the only justifiable reason for adding Mr. Crowe to the organization in 1912. Even then it was thought that the word "canvassing" did not do justice to our efforts, so the title of "commercial agent" was conferred upon him. In a general way his duties were outlined. There stands out in Mr. Crowe's memory several trips made to a bathhouse in an effort to secure a four-party residence contract. That was in 1912.

It is sincere to solicit business from a patient taking treatment in a Mt. Clemens bathhouse of that sort, interrupted by the treatments given in steam-hot rooms. Six trips were required to land the prospect, and out of it came the resolution to let bath prospects alone, regardless of how hard it was to get business.

During the summer of 1912 E. F. Phillips, who was manager at Armada, retired from the telephone business, and Mr. Crowe succeeded him. In May, 1913, he was transferred to Romeo, with supervision over Armada, Washington and Utica. He continued there until July, 1916, when leave-of-absence was granted.

Mr. Crowe returned to our organization in May, 1917, as manager at Grand Ledge, and on January 1, 1918, was transferred to Charlotte. At the time of the organization change in 1919 he went to Jackson as commercial agent, and continued in that capacity until February 1, 1924, when he became manager of the Northville area. In May, 1926, the area office was moved into our fine new building at Plymouth, and the Northville area became known as the Plymouth area.

Mr. Crowe has the regard of the business people and other customers throughout his large territory, evidence that he has been doing a worth-while job. His area includes Plymouth, Northville, Wayne, Romulus and Farmington, all thriving and growing small exchanges. Congratulations, Roy, on that fifteen years' service, and may you never grow gray.

### YPSILANTI GIRL IS HONORED IN 4-H CLUB ACTIVITIES

LEONA F. GALE CHOSEN AS DELEGATE TO WASHINGTON CONVENTION.

Leona F. Gale, Ypsilanti; Anna Flaschberger, Iron River; Erwin Williams, Sault Ste. Marie, and James Weeks, Hillsdale, have been chosen by A. G. Kettuneu, state leader of boys' and girls' club work, as the four members of the delegation which will represent Michigan at the National 4-H Club Congress held at Washington, D. C., June 16-23, 1927.

The choice was made on a basis of work done and a report of the work written by the young people. The completion of three years of club work was necessary before the club members could be nominated by their county club leader.

The successful candidates have satisfactorily completed at least three club projects, and, in addition, they have shown leadership ability in their communities. The expenses on the trip to Washington are taken care of by county organizations or individuals within the counties where the boys and girls live.—Daily Ypsilanti Press.

Miss Gale is the daughter of Mr. and Mrs. Walter Gale, who reside near Ypsilanti, and a granddaughter of Mr. and Mrs. Sheldon Gale, of Plymouth.

**Ready-Cut Head.**  
Bill—What business are you now in, Jack?  
Jack—I'm in the lumber business.  
Bill—Well, you have a got a good head for lumber.

**No Personal.**  
Teacher—Why, every time I breathe a Chinaman dies!  
Voice from the rear—Why don't you try clothes?

**The Widow's Right**  
"This is a grave question," said the widow as they decided where to bury the body of her deceased husband.

**No Snatcher.**  
"You didn't tell me this watch wouldn't go when I bought it."  
"Well, the manufacturer didn't say anything about it, so I thought it was a secret."

**Morgue Mirth.**  
"Every body helps, quoth the undertaker, when asked about business conditions.

**Speaking of Shapes.**  
Tourist (paying his bill)—"Well, I'm square now."  
Hotel Manager—"Yes, sir, and I hope you will be round again very shortly!"

**Different Climes—Different Conditions**  
Wife—"Here's a story of a man in Arabia who sold his wife for a horse. You wouldn't sell me for a horse, would you, darling?"  
Hubby—"Of course not, dear! But I'd hate to have anyone tempt me with a really good car."

**Fair Enough.**  
Schoolmaster—"Give me a good example of a coincidence."  
Pupil—"My father and mother were married on the same day."

**It's a Fish.**  
Guest (to hostess)—"My dear, where did your wonderful string of pearls come from? You don't mind my asking, do you?"  
Hostess—"Certainly not. They came from oysters!"

**The One Exception.**  
"But, surely," Jones urged, "seeing is believing?"  
"Not necessarily," replied Johnson.  
"For instance, I see you every day."

# 30 day CARLOAD SALE OF HUMPHREY TANK WATER HEATERS BEGINS TOMORROW!

Only  
**75c**  
Down  
**SPECIAL  
30 DAY  
OFFER**

Balance \$2.00 per month, payable with your gas bills.

**\$20.75**

Installed complete

Less 10% Discount for Cash.

Starting tomorrow and continuing for 30 days, we are offering the famous Humphrey Double Coil Tank Water Heater at a lower price than it has ever been sold before.

No—the Humphrey Heater has not been lowered in price, but we have bought a carload of them at one time and this enables us to sell them to our customers on terms that are unusually favorable.

We know that everyone with an eye for an investment and a bargain is going to take immediate advantage of this fine opportunity.

The Humphrey Double Coil Tank Water Heater is built to provide you with many years of real service. By the mere act of striking a match to light its efficient Bunsen burner, you start hot water running immediately through its 25 feet of copper coil to every hot water faucet in your home.

**BUY EARLY**  
**This Sale Runs Only From**  
**May 7th to June 7th, 1927**

Although we have a whole carload of these Humphrey Heaters now, let us urge you to buy early and perhaps avoid the disappointment of hearing, along toward the end of the sale, that we are "Out of stock."

Sale starts tomorrow at opening time and continues until June 7th, and no Humphrey Tank Heater will be sold at this special sale price and terms thereafter.

## This Week

**DON'T FORGET INTELLIGENCE.  
HE HAD AMBITION.  
TOO MUCH MUSCLE.  
CHOOSE HIS WARS.**

"There is no life save in protelus." Wise chemists, gathered at Richmond, Virginia, say it and add, "environment and chemical agency are the dominant factors of life."

"That may be true, and still you need not accept the chemical concept of the origin and development of life."

If inhabitants of another world, where machinery is unknown, should study an automobile supplied with gas and electricity and running, they would say: "No life in this machine without gas. Iron, gas and electricity are all of that automobile."

They would overlook just one little thing, namely, the INTELLIGENCE that put the gas, electricity and steel together, mounted them on pneumatic tires and set them going.

So it is with life. Explain it as you please, but don't forget the INTELLIGENCE back of it.

We are proud of our national prosperity and high wages. Bootleggers are even prouder of their prosperity and high wages. This is shown by Norman Klein, an investigator. One rum-running syndicate could afford to invest \$10,000,000 and to pay men on their rum-running crews \$50 a night for a good deal less than eight hours' work. One man tells how he used to get only \$30 to \$37 a week, "but I was ambitious," says he, "so they put me on a runner, and I got \$50 a night."

He worked on the "converted sub chaser SC-217." Uncle Sam thus supplying the rum-running boat at bargain prices. There is nothing like ambition.

Hay will be cheap this year on the farms, for crops will be heavy. After the farmer sells and jobber gets the hay, prices will change. Late plowing will be delayed and wheat growers

worried about a too heavy "top growth."

Wheat grown suddenly too tall falls before high winds or heavy rains, and athletic young gentlemen, please notice: When the wheat stalk is over-developed, the head of the wheat containing the grain is feeble. Too much straw means too little wheat.

And too much muscle means too little brain.

Unless inhabitants are misinformed, the western mind runs to peaceful philosophy. The Joplin News-Herald says: "As to street signs, read 'em and leap." And the Richmond Missourian quotes a philosophical lady as follows: "Kissing is about to be carried so far that every lady is likely to get so tired of it that it may go utterly out of fashion."

The St. Joseph (Mo.) News-Press says: "The girls have responded nobly to the appeal for the observance of paint-up week."

A negro applying for admission to a government training camp is told by the war department that rules makes it impossible to admit him.

Regulations say colored men must enlist in colored regiments. Camps for colored young men will be established, which may solve the problem.

However, if whites have the right to decide in what regiments and camps colored young men may enroll, it would seem only fair to let the colored young men decide in what particular wars they would be enrolled.

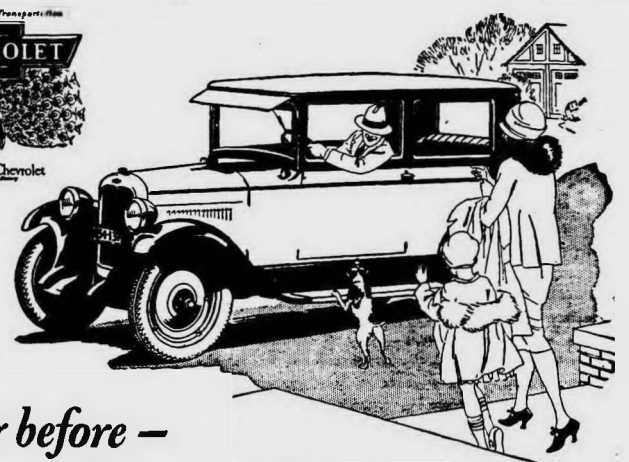

Jacob Wassermann, able German novelist, author of "The World's Illusion," can "find no happiness in this country." He calls Chicago's industrial life "intensely depressing."

Chicago industrial workers might call Mr. Wassermann's life intensely depressing. It is hard to judge. The prairie dog in his little village may be as happy as Napoleon looking up at the pyramids. The prairie dog doesn't have to go to St. Helena.

Napoleon crossed the Alps in winter and told those that complimented him on the "great achievement": "Winter is the best time to cross; the snow does not slip. I deserve credit only for not believing fools who said IT COULD NOT BE DONE."

A liner ad in the Mail has helped many people to dispose of used articles. The cost is small, but the results are satisfactory.

Phone or send your news items to the Mail office. Phone 6.

*Never before —*  
**So many fine car features  
at such low prices!**

The Most Beautiful Chevrolet embodies the largest number of fine car features ever offered in a low-priced automobile.

Bodies by Fisher, for example... beaded, paneled and finished in attractive colors of genuine Duco... smartened by narrowed front pillars, upholstered in rich and durable fabrics... completely appointed—and enhanced by such marks of distinction as full-crown, one-piece fenders and bullet-type headlamps.

And, in addition, the Most Beautiful Chevrolet provides many mechanical

improvements. A new AC oil filter and AC air cleaner add to the performance and dependability of the Chevrolet motor. A full 17-inch steering wheel, coincidental steering and ignition lock, improved transmission, new gasoline gauge, new tire carrier—all of these are now standard equipment on the new Chevrolet.

Come to our salesroom and see the new car that is breaking every precedent for popularity. Learn for yourself why it has everywhere been acclaimed as the greatest automobile value of all time.
