

PLYMOUTH WILL HONOR SOLDIER DEAD MEMORIAL DAY

Appropriate Exercises Sponsored by Rotary and Kiwanis Clubs Will Mark Observance of Memorial Day Monday, May 30.

Members of Ex-Service Men's Club Will Have Charge of Decorating Graves of Our Soldier Dead.

Under the auspices of the Rotary and Kiwanis Clubs, Memorial Day, Monday, May 30th, will be observed in Plymouth with appropriate exercises in Kellogg Park at 10:00 o'clock in the morning. If the weather is inclement, the program will be given at the high school auditorium.

Until the past few years, the arrangements for the observance of Memorial Day have always been in the hands of the members of the local G. A. R., but with the diminishing number of its members, it was necessary to disband that organization several years ago, and today there is less than a dozen Civil War veterans residing in Plymouth township. The arrangements for the day this year have been made by a joint committee from the two clubs above mentioned.

At the conclusion of the program, a parade will form at Kellogg Park, and march to Riverside cemetery, where the decorating of the graves of the soldier dead will be in charge of the members of the Ex-Service Men's Club. The parade will be headed by the High school band, followed by members of the G. A. R., Woman's Relief Corps, Ex-Service Men, Boy Scouts, Fraternal Organizations, Fire Department and citizens.

The following program will be given at the park:

Chairman of Program—Rev. Walter Nichol

Music—Plymouth High School Band America—Led by Calvin Whipple Invocation—Dr. Frederick A. Lendrum

Chorus, "The Flag," Church Hill Grindell; "Patriot's Song," Lachner—Fifth Grade Pupils

Reading—Ruth Root Selection—Plymouth Male Quartet Address—Prof. J. Milton Hoover Star Spangled Banner—Led by Calvin Whipple

And now in closing, you young folks remember the day our soldier boys marched away to the World war—you of middle age, when Michigan regiments entrained for Cuba—you of advancing years, the stirring times when blue-clad sons began the four-year march from Bull Run to Appomattox. Next Monday we are going to decorate the graves of millions of our soldier dead all over the land, while at the same time there will be loving tributes paid those who still remain. Don't make of it an entire holiday—get close to God by doing your duty as an American citizen in placing a flower where some hero lies.

AN AIRPORT HAS BEEN ESTABLISHED HERE

The Luth Airways, Inc. who have been operating a field and flying school at Jackson for the past six years, have established an airport at Plymouth, to be known as the Kent airport. The new airport is located on the Harmon Smith farm, east of the Whitbeck road, on Golden road. Kent Diehl is manager of the airport. Mr. Diehl says the new airport will be equipped with strictly modern planes. A Ryan monoplane, similar to the one used by Lindbergh in his flight across the Atlantic, is expected here about June 15th from Santa Monica, Calif.

Mr. Diehl says that it is expected that a hangar will be constructed at the field later on.

Next Saturday, Sunday and Monday passengers will be taken on flights from the new field. Special trips will be made from the airport at the rate of 20 cents per mile, and as the planes carry two passengers, this makes the rate 10 cents per mile for each passenger.

Manager Diehl has very kindly offered to furnish, without charge, planes for publicity use to the Greater Plymouth association. Watch for their advertisement in next week's paper.

MANY BUYING TICKETS FOR "KNOCKOUT RILEY"

BIG BENEFIT SHOW SPONSORED BY KIWANIS CLUB WILL BE GIVEN JUNE 2 AND 3.

PROCEEDS WILL GO TO PURCHASE UNIFORMS FOR HIGH SCHOOL BAND.

Plymouth citizens are responding in a noble manner to the campaign now in progress by the Kiwanis club to procure uniforms for the members of the High school band, an organization that has, within a comparatively short time, become the pride of the community.

Ticket sales for the big benefit shows that are to be given Thursday and Friday, June 2nd and 3rd, have been very satisfactory up to this date, but it is still necessary to dispose of 1,000 more to attain the objective.

Through the courtesy of Harry Lush, manager of the Penniman Allen theatre, a splendid program has been arranged that will please every movie lover in this section. The feature on the program is "Knockout Riley," with a laugh every foot of the film.

Members of the Kiwanis club who have been handling the ticket sales are enthusiastic over the reception that has been given their efforts. A symposium of expressions from various workers indicate a splendid spirit.

Ernest Allison: "I have never worked on anything that has given me the pleasure that this benefit show has brought. Everyone I have approached has given me a smile—and some change. I am on my second hundred now."

Perley Deal: "I have become so accustomed to taking the loose change from the boys that I have no trouble in collecting my share for the band uniforms. Furthermore, I expect to see every Kiwanian, his wife or sweetheart at the show or I will have something to say at the following Kiwanis meeting. You will note that I said wife OR sweetheart."

Irwin Pierce: "Having charge of ticket sales for the band uniform benefit show, I have had a good opportunity to keep tabs on the work of the individual salesmen. Results have been splendid but we still have 1,000 to sell to hit our mark. We have one week more to do this job. Swing into it and let's show these band members, of whom we are so proud, that we do not start something we cannot finish."

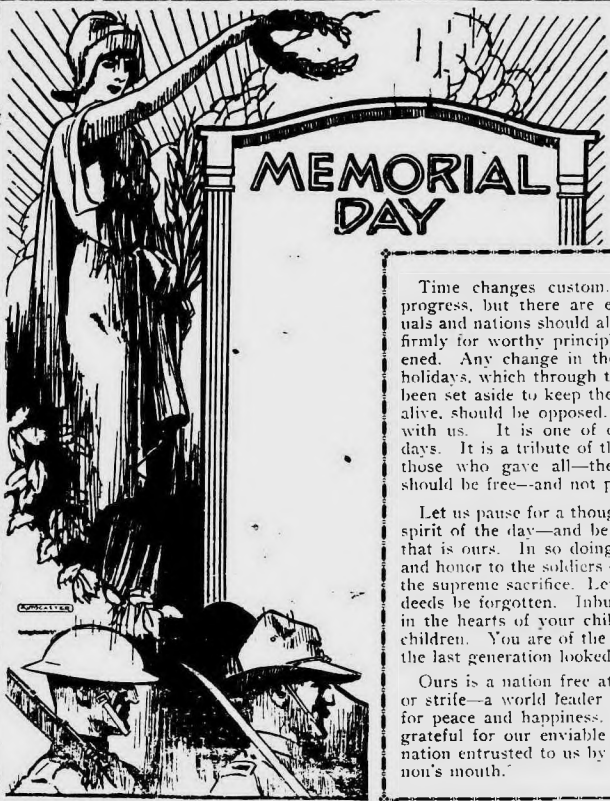

John Hubert: "This is a good investment for the community, and no man, woman or child in Plymouth and environs can afford to ignore the opportunity to inspire these young musicians with community good will."

Doc Dodge: "Just gimme another hundred tickets—that's all I got to say."

Ralph Hills: "Me too."

Ralph Lorenz: "There isn't a single member of that band that will not give us an extra toot or two if we put them in the right sort of regalia. I am glad to be a party to this enterprise and I am proud of Plymouth's response to it."

Just one week remains to reach the required total of 2,500 tickets. Residents who have not been approached by members of the Kiwanis club are urged to make their wants known to President Pittman Hoover, Bob Jolliffe, vice-president, Alton Richwine, secretary, the Plymouth Mail, or purchase tickets at the door the nights of June 2nd and 3rd.

Time changes custom. Most changes are for progress, but there are exceptions which individuals and nations should always recognize and stand firmly for worthy principles which may be threatened. Any change in the observance of national holidays, which through the life of the nation have been set aside to keep the fires of love for country alive, should be opposed. Memorial Day is again with us. It is one of our most sacred national days. It is a tribute of the living—to their dead—those who gave all—their life—that our nation should be free—and not perish from the earth.

Let us pause for a thoughtful moment in the true spirit of the day—and be grateful for the freedom that is ours. In so doing we will be giving place and honor to the soldiers of all our wars who made the supreme sacrifice. Let not the greatness of their deeds be forgotten. Inbue a reverence of the day in the hearts of your children and their children's children. You are of the next generation to which the last generation looked to carry on.

Ours is a nation free at last from sectional lines or strife—a world leader in every great movement for peace and happiness. We should be eternally grateful for our enviable position as a nation. A nation entrusted to us by those who faced the cannon's mouth.

RADIO STARS AT LOCAL THEATRE

BERNICE, HELEN LEICHTER AND AL CAMERON WILL ENTERTAIN PLYMOUTH THEATRE GOERS THURSDAY, FRIDAY AND SATURDAY EVENINGS.

Manager H. R. Lush announces an attraction extraordinary at the Penniman Allen theatre Thursday, Friday and Saturday evenings, May 26th, 27th and 28th, in addition to the regular pictures scheduled for those dates. He has secured Bernice, Helen Leichter and Al Cameron, radio stars from WCX.

Wherever this trio has appeared they have been accorded enthusiastic receptions and capacity audiences. They provide a forty-minute vaudeville act in addition to the regular screen program each evening. We take the following from the Chatham (Ontario) Daily News: That Bernice, Helen Leichter and Al Cameron, radio stars from WCX, are favorites with Chatham people was demonstrated by the enthusiastic receptions accorded them by capacity audiences in the Griffin theatre yesterday afternoon and evening, which are providing a forty-minute vaudeville act in the bill of fare for the last three days of the week.

Long before eight o'clock last night every seat in the theatre was occupied, and hundreds had to be turned away disappointed from the box office. These talented artists are assured of capacity audiences today and tomorrow.

While their other performances are always enjoyable, the entertainment which they provide, a forty-minute vaudeville act, which comprises a classy vaudeville act which can have few equals in any big time circuit. Their act is a treat which Chatham people should not miss.

Al Cameron opens the entertainment with a heart to heart talk with the audience, during which he springs some original jokes and employs a wonderful wit to suit the changing mood of the audience. His ability in this direction stamps him as a comedian of great merit. He is much in evidence during the entire act, and has a lot of fun with his co-artists, Bernice and Helen Leichter.

That Bernice has every right to wear the crown as "queen of the Ivories" was demonstrated by her performance which she opened with "Blue Room," "Moonlight on the Ganges" and other popular numbers. These she varies with wonderful skill. Bernice also played "Dizzy Fingers," that number which radio listeners like to hear so much. In announcing this number Al dedicated it to "the pickpockets of Detroit." Her rendition of this shows that it is possible to elevate such compositions to the status of a classic. She is a perfect accompanist for Al in his songs and for the skits which Helen and Al jointly present. For one of such skill, her stage attitude is most modest. Bernice played on a baby grand piano placed at her disposal by Ye Olde Firme Heintzman & Co.

Helen Leichter, whose "nize baby" stories are so amusing when heard over the radio, demonstrated that she is an elocutionist of great merit. Her story last night concerned little Red Riding Hood, with Al Cameron, of course, providing the amusing interludes. The audience was convulsed with mirth by this presentation. Equally clever was the way these artists interpolated Irving Berlin's "Because I Love You."

Al Cameron's first number was "Everything's Made for Love," in which he caused many big laughs by his amusing presentation of "There's a Party."

MODERN NEW FRONT WILL BE INSTALLED AND OTHER IMPROVEMENTS MADE.

O. P. Martin of the Martin dry goods store, informs the Mail that he has secured a five-year lease of the store building he occupies, and some extensive improvements are to be made in the store. A modern new front will be installed at Mr. Martin's own expense. This will permit of an opportunity for a much better display of goods than is possible with the present display window. The entrance will be in the center of the store, with vestibule, flanked by large display windows on each side.

Henry Ray, plumbing and heating, has the contract for installing a steam heating plant in the store for Mrs. T. P. Sherman, owner of the building.

Some other changes will be made in the arrangement of the interior, and when all is completed, Mr. Martin will have a modern and up-to-date store.

The room was prettily decorated, and the young couple took their vows in the presence of a company of immediate friends. After the ceremony a dainty wedding supper was served. DECATHLON MEET TO BE HELD JUNE 8

LOCAL SCHOOL ATHLETES WILL TRY FOR MEDALS WHICH WILL BE GIVEN SUCCESSFUL CONTESTANTS.

PLYMOUTH ROTARY CLUB ARE SPONSORING THE MEET, TO BE HELD AT HIGH SCHOOL ATHLETIC PARK.

The Decathlon meet for the Plymouth High school, sponsored by the Rotary club, will take place on the afternoon of June 8th. A large amount of interest is being shown by the boys in the junior and senior high school relative to the Decathlon meet and probably a large number of medals of the three types, bronze, silver and gold, will be awarded. It is really a wonderful thing to have a contest sponsored in which individual achievement is the goal rather than what a team can achieve. The bronze, silver and gold medals which are to be given to the successful contestants in the ten events will be on display in the bank window and any of the three are of sufficient merit to inspire good work on the part of the boys.

FIRST NATIONAL BANK PURCHASES NEW SITE

On another page of this paper will be found a half page advertisement of the First National Bank of Plymouth, in which they announce the purchase of a new building site for a future banking home for that institution. The site purchased is the present Plymouth hotel property, at the corner of Ann Arbor and Main streets, opposite the new Mayflower hotel. The purchase of the property has been made with consideration of the future expansion of the bank's growing business.

RADIO STARS AT LOCAL THEATRE

BERNICE, HELEN LEICHTER AND AL CAMERON WILL ENTERTAIN PLYMOUTH THEATRE GOERS THURSDAY, FRIDAY AND SATURDAY EVENINGS.

Manager H. R. Lush announces an attraction extraordinary at the Penniman Allen theatre Thursday, Friday and Saturday evenings, May 26th, 27th and 28th. In addition to the regular pictures scheduled for those dates, he has secured Bernice, Helen Leichter and Al Cameron, radio stars from WGN. Wherever this trio has appeared they have been accorded enthusiastic receptions and capacity audiences. They provide a forty-minute vaudeville act in addition to the regular screen program each evening. We take the following from the Chatham (Ontario) Daily News: "That Bernice, Helen Leichter and Al Cameron, radio stars from WGN, are favorites with Chatham people was demonstrated by the enthusiastic receptions accorded them by capacity audiences in the Griffin theatre yesterday afternoon and evening. They are providing a forty-minute vaudeville act in the bill of fare for the last three days of the week."

Long before eight o'clock last night every seat in the theatre was occupied, and hundreds had to be turned away disappointed from the box office. These talented artists are assured of capacity audiences today and tomorrow.

While their other performances are always enjoyable, the entertainment in person by this talented trio comprises a classy vaudeville act which can have few equals in any big time circuit. Their act is a treat which Chatham people should not miss.

Al Cameron opens the entertainment with a heart to heart talk with the audience, during which he springs some original jokes and employs a wonderful wit to suit the changing mood of the audience. His ability in this direction stamps him as a comedian of great merit. He is much in evidence during the entire act, and has a lot of fun with his co-artists, Bernice and Helen Leichter.

That Bernice has every right to wear the crown as "queen of the ivories" was demonstrated by her performance which she opened with "Blue Room," "Moonlight on the Ganges" and other popular numbers. These she varies with wonderful skill. Bernice also played "Dizzy Fingers," that number which radio listeners like to hear so much. She is a perfect accompanist for Al. In his songs and for the skits which Helen and Al jointly present. For one of such skill, her stage attitude is most modest. Bernice played on a baby grand piano placed at her disposal by Ye Olde Firme Heintzman & Co.

Helen Leichter, whose "nize baby" stories are so amusing when heard over the radio, demonstrated that she is an exponent of great merit. Her story last night concerned Little Red Riding Hood, with Al Cameron, of course, providing the amusing interludes. The audience was convulsed with mirth by this presentation. Equally clever was the way these artists interpolated Irving Berlin's "Because I Love You."

Al Cameron's first number was "Everything's Made for Love," in which he canned many big laughs by an amusing presentation of "Flow." His second number was "Always I

Dream of You." This he sang to demonstrate to the audience how radio singers perform before the "Mike." It also demonstrated the wonderful quality of his tenor voice and his ability to use it. Al also sang "Blue Skies" with clever dramatic effect. This brought the act to a close, but the audience last night was not satisfied. Al selected "I Lost My Dog" as a response number and this old favorite caused the audience to clamor for more. He responded with "Happiness," singing words of his own to the effect that if the members of the trio had pleased the Chatham audience it was their happiness.

The act was a great treat, and Manager A. P. Drolan is to be congratulated on bringing these clever artists to the city. Bernice and Helen Leichter both received beautiful bouquets from Chatham admirers, while Al was presented with a box of silk handkerchiefs by the Griffin staff.

A large amount of interest is being shown by the boys in the junior and senior high school relative to the Decathlon meet and probably a large number of medals of the three types, bronze, silver and gold, will be awarded. It is really a wonderful thing to have a contest sponsored in which individual achievement is the goal rather than what a team can achieve. The bronze, silver and gold medals which are to be given to the successful contestants in the ten events will be on display in the bank window and any of the three are of sufficient merit to inspire good work on the part of the boys.

MEMORIAL DAY.

Anniversaries, holidays and special occasions come and go. Time brings changes in customs. But through it all memory serves us well, and we keep forever green the graves of those to whom the nation has dedicated the thirtieth of each May.

Events of vast importance have crowded history's pages within the life of the present generation. Yet nothing has effaced our knowledge of a debt that never can be paid, the debt we owe those who wore both the Blue and the Gray. For it required both of them to bring about a better understanding of the fact that a nation divided against itself cannot stand. It required the supreme effort of both to cement us into a far more solid nation than we could have hoped to had until we profited by our own misunderstandings.

And now Plymouth comes again to join with sister towns and cities of a reunited country to pay tribute to those who through suffering and hardship kept us one people, and with one purpose—the welfare of all. Memorial day brings no harsh contention as to the right or wrong side of sectional and political arguments long ago settled. It finds in our hearts nothing but an abiding love for the men who fought for what each felt was the best interest of his country. Men who were big enough and brave enough to clasp hands across the battle lines when the smoke had cleared away in pledging themselves in a united cause. They left us a heritage we cannot lose sight of, and it is in partial payment that we come again to lay our flowers on the graves of those who have passed on and to bow our heads in deep respect to those who are yet with us. May the spirit of those who cemented an everlasting union of states hover over us; may it keep forever in our memories a tender regard for those whose sacrifice brought Memorial day.

THE TORNADO SEASON.

The tornado season has been on for several weeks past and this time it is not confined solely to the southwest. Spring is farther along than usual in our southwestern states and naturally more atmospheric disturbance is being generated. But blossoms and tornadoes both come with the spring, and records show that even the northern and New England states are coming in for more than the usual number of windstorms. At any rate, there are enough tornadoes going around this year to remind us that no particular spot is immune from them. "The wind bloweth where it listeth" is a saying as old as the hills, and it still holds good. For all we know,

we may feel its severity in Plymouth next, for there is no means of preventing such disturbances. As we've said in these columns before, the only thing to do is to hope we will be spared such events, but to be sure that we've plenty of such protection as the insurance people can furnish.

FOR BOYS AND GIRLS.

It should interest boys and girls of Plymouth and vicinity to know that the National Safety Council of Chicago is again to distribute prizes for sketches and drawings warning of carelessness. Each year the best of those sent in are made into posters. The pictures carry a stronger warning than words, and are declared to be of great value in reducing death by accident. Any sketches or pictures showing how to prevent accidents at railroad crossings, on the streets and highways or in public places are given consideration. Lots of people will stop and think when a striking picture stares them in the face who would ignore a printed warning. So any of our boys and girls who have artistic ability and can draw, paint or sketch and who are anxious to earn some real cash are urged to get busy and enter this contest. Prizes to the amount of \$1,000 in gold will be distributed and all information can be had by writing the National Safety Council, Chicago.

"WEATHER GAMBLING."

There's hope for Plymouth weather prophets yet. Uncle Sam has just discovered that gamblers in New Orleans, St. Louis and other cities are conducting lotteries based on hourly temperature figures reported in the daily newspapers of those cities by the weather bureau. So he is trying to find a way to break up the lotteries and to keep the sporting fraternity from betting on how warm or how cold it will be at a certain hour on the following day. New Orleans newspapers have agreed to suspend their temperature figures for one month in the hope that "weather gambling" can be discouraged. So the local amateur weather sharks who have confidence in their forecasts—and all of them do—have an opportunity to get into some of our larger cities and make a "clean-up" before Uncle Sam succeeds in spilling the game.

A REAL BENEFACTOR.

Most every Plymouth citizen can recall that only a few years ago there was considerable prejudice against the auto. Not so many people owned them then and those who did not were more or less resentful and quick to assert their anger at the motorist who, as they said, "always tried to bog the road."

But it's different now, and while there may be found here and there someone who still holds resentment, this community, like all other sections of the United States, recognizes the auto as a real benefactor. They know it has been a vast aid to our social, educational and business life, and

since it has become the world's greatest industry, with more than 3,000,000 men supporting themselves and families from it, they have come to figure it as an industrial blessing.

You'll find many strange autos passing through this section this summer. Now is an excellent time to see that your premises are made attractive, for well-kept homes are the first things noted by strangers. We can also stand a little improvement in our streets, and in that way also create a favorable impression. Whatever these strangers spend while in our midst contributes to the general prosperity of the community. And who knows but some of them might decide to become permanent residents? The auto has already brought us many blessings; let's show we are deserving of them by making our town so attractive that auto tourists will say a word for us as they travel on.

FORMER PLYMOUTH GIRL IS MADE A MEMBER OF KAPPA GAMMA PHI SORORITY.

On Saturday, April 30th, seven girls were formally initiated into the Kappa Gamma Phi sorority. Following the ceremony, which took place at the home of Mrs. Langton, the party motored to Ann Arbor, where luncheon was served at Foster's Art Shop. Helen Crandall, president of the sorority, was toastmistress. A welcome to the new members was extended by Edith Cooper. Margaret Walton gave a reply. Isabel Thompson, of Detroit, talked on what a sorority meant to the alumnae. In conclusion of the afternoon's program, Mrs. Hankinson, sorority patroness, gave a very delightful talk, after which sorority songs were sung and a piano solo played by Elizabeth Lieblein.

The following girls were initiated: Margaret Griffith, of Ypsilanti; Margaret Walton, of Inlay City; Catherine and Viola Hargrave, of Wayne; Dorothy Weber, of Cleveland, Ohio; Gertrude Christy, of Pontiac, and Inez DeVerna, of Perrysburg, Ohio.—From Normal College News, May 5th.

Miss Margaret Griffith, a former Plymouth girl and a graduate of Plymouth High school, is a sophomore at Michigan State Normal college, Ypsilanti. She is specializing in kindergarten and primary work.

OF RESOURCES

Quite naturally, the officers, directors and stockholders of the institution are proud of this growth of a quarter of a million dollars a year, and we feel this pride is justified, for bankers of experience in other centers tell us that our expansion has been almost phenomenal, and our growth is readily traceable to the satisfaction we strive at all times to give to every customer, whether his account be large or small.

Our policy has always been and always will be to work as closely with our depositors and with the community as may be possible, striving always for the financial welfare of our customers and for the advancement of the community we serve in general.

Anticipating a continuation of our growth and prosperity, and of the growth of Plymouth, our directors, at their meeting of May 11th, 1927, purchased the ideally located lot at the corner of Ann Arbor and Main streets, opposite the new hotel, with the thought in mind for our future needs, when it becomes necessary to change our quarters to give our customers the utmost in facilities and service at all times.

To our customers we express our appreciation for their confidence and support which has made our growth possible, and to our prospective customers we issue a cordial invitation to become a member of our rapidly growing list of customers,—assuring them the same service and the same cordiality which has cemented so many of Plymouth's folks to this institution.

MUNICIPAL NOTES

BY THE MANAGER

The village commission ordered all outside fire calls after May 18th, 1927, to cost \$75.00. This will include a radius of six miles from the village hall. Every property owner's name within this radius, must be on file with the village manager, and must leave a certificate of deposit or certified check with the village manager.

Many of our outside calls have not been paid for in the past, forcing us to do this. It is understood that people not making the deposit, do not wish fire protection, as the money has to be paid in advance, before answering any calls.

As a reminder, the commission decided at the April 18th, 1927 meeting, that all future sanitary sewer connections are to be made with standard vitrified sewer crock, with either poured or cement joints.

The village commission opened bids on \$22,000 General Obligation bonds last Monday evening. The bids were as follows:

Security Trust Co., Detroit—	4 1/2% per annum, premium \$103.50
	4 3/4% per annum, premium 301.00
	5% per annum, premium 511.00

Dr. Frank Crane Says

HOME MAKING TRULY AN ART

Probably more human happiness depends upon how a home is kept than upon any other thing.

Previously our schools have devoted little time to this important subject. Pupils are taught geometry, geography and arithmetic, they are taught logic and latin and music and all sorts of plan and ornamental information, but not home-keeping.

It is necessary to elevate the business of home-making into an art, to get people enthusiastic about it and to impress upon the mind of youth its dignity and importance.

At the State Teachers' College in Pittsburg, Kansas, they have established a house for the purpose of developing right standards of courtesy, hospitality and social graces, etc., all necessary in the successful management of a home.

They have secured a house, such a one as would be used by a family of moderate means, and instruct pupils how to take care of it.

They have a house manager who plans menus, does marketing, presides

She dusts and keeps the house in clean order.

A landress tends to the house linen and stokes the furnace.

The duties are rotated so that a student gets practice in every kind of home work.

They have guests and often entertain the president of the college and the faculty.

The house is managed on a budget plan and all expenditures are limited.

The records are kept in permanent form.

The house is self-supporting and the students pay for room and board.

As there is no child in the house they are going to adopt a child and study child training.

Since so much depends upon the way a home is kept this sort of training seems to be sensible.

at the table and so on. They teach the girls how to cook, prepare food and keep the kitchen in order.

Another girl assists the cook in preparing salads, care for the dining room and acts as waitress.

Still another is called housekeeper.

PONTIAC SIX PIONEERS

NEW RELIABILITY ERA

ALL AROUND PERFORMANCE RECORDS THROUGHOUT THE WORLD TELL OF UNIVERSAL RELIABILITY.

In the four corners of the world, the motor car is being called upon for a reliability and stamina today that was even undreamed of a decade ago. It is taken for granted that the highest priced cars should stand up under the most grueling tests, but the remarkable fact is that today many of the low priced cars have been making records of speed and stamina that may almost be classed as phenomenal.

Taken from the interesting reports received at the factory last week are news of four Pontiac Six achievements that indicate the remarkable stamina of this car. The first achievement was a remarkable run across the Australian continent from Perth to Sydney in 19 days. The second was a non-stop seven night and day run with 17 different drivers in Edwardsville, Illinois. The third was a 489 mile trip from Amarillo, Texas to Tulsa, Oklahoma in 11 hours and 29 minutes. And the fourth was through the flooded regions of Missouri from Pontiac, Michigan to Polar Bluff, Mo.—the only motor car during that period to negotiate the creek bottom south of Fredericktown.

The drive across the Australian continent was made just 37 years after Lord Forrest of Bunbury with five explorers made history through an overland journey from Perth to Adelaide, the most difficult part of this trip. Though great advances have been made since that time, the route is almost as wild and impassable as it was in pioneer days. Three young students made this trip in a Pontiac car with a ton of baggage and little preparation. Every difficulty of the Australian bush was encountered—salt brush, sparse timber, mallee stumps and mile after mile of rutted track across dismal plains. The Pontiac made the entire distance without a single mechanical adjustment, the only delays having been occasioned by punctures.

Two outstanding features mark the seven day non-stop run at Edwardsville, Illinois. One was the fact that the run of 4615 miles was achieved without any trouble whatsoever, though the Pontiac car had previously been run 9988 miles and up to the time of the test had cost but \$4.70 for repairs. The run was also remarkable because 17 different persons, of varied skill or lack of skill drove the

ROTARY ADIEU PRETTY EVENT

Members of the Wayne Rotary Club bade farewell to those who will leave Monday for the International convention at Ostend, Belgium, at a pretty party at Birch Hill Country Club Wednesday evening. In addition to the Wayne members, guests from the Plymouth, Dearborn and Detroit clubs were also present.

The seven course dinner was interspersed with a generous number of selections by the Detroit Double Quartet, these men contributing some of the finest music ever presented a local group. Informal talks were given by several Rotarians, following which dancing was in favor.

The guests of honor comprising those who will make the trip to Ostend were Mr. and Mrs. Edward C. Hough of Plymouth, and Mr. and Mrs. A. J. Maas, Dr. and Mrs. E. R. Lee, Dr. and Mrs. H. H. Earle, Mr. and Mrs. T. A. Jamieson of Wayne, and Mr. and Mrs. W. F. Hoffman of Detroit.—Wayne Weekly.

Mr. and Mrs. William Wood, Mr. and Mrs. Frank Rambo and Mr. and Mrs. C. G. Shear of this place, were also guests at the luncheon.

THE C. C. SPRING AND DUMPER CO.

Michigan Bell Telephone Company, 2745 Cass Avenue, Detroit, Michigan. Attention: Mr. R. L. Clippin.

Dear Mr. Clippin:

We operate two complete factories, one in Detroit and one in Chicago. We also have Branch Warehouse facilities in Cleveland and New York City. The large volume of correspondence between these points involves our considerable use of the long distance telephone. We would scarcely know how to operate without your facilities. We encourage prompt action by permitting our subordinates to call each other at will. The regular rapid turnover of inventory is also made prompt and economical in every way.

Our exclusive operating license in Canada is in close touch with us by telephone and within the next few months, since you changed your lower rates to begin at 5:00 in the evening our time, I have talked with the plant of our California licensee in Los Angeles several times. This service has been surprisingly clear, prompt and economical in every way.

In one of these conversations with our Los Angeles connection, my young daughter talked to Mr. R. H. Hagan, just for the experience. She best expressed my own feelings: "Teddy it's so different than talking right in town."

Respectfully yours,

NOTICE TO AUTOMOBILE DRIVERS

I have noticed 75% of the drivers take no notice of the stop signs. You must come to a complete stop before crossing a through street, or making a right or left turn. We also notice several drivers take no notice of the stop and go signs, especially at the corner of Main street and Starkweather avenue.

This violation must stop or drivers may have to face a justice of the peace to explain, and be prosecuted for such violation.

There are quite a number who drive their cars with the cut-out open. This is strictly against the state law, and must be stopped.

There seems to be an impression among some that the police department is showing favoritism in enforcing the traffic regulations upon a few. This is not true. Every violator of the traffic laws looks alike to the police department, and all will be treated alike when violations are committed.

This applies to everyone.
GEORGE W. SPRINGER,
Chief of Police.

PLYMOUTH HIGH LOSES TO ROOSEVELT HIGH

Friday, May 20th, Plymouth High lost a nine inning game to Roosevelt High of Ypsilanti, at Ypsilanti. The score was seven to six. Plymouth fought hard and well, but Ypsilanti was too much for the home team. The score stood six to three at the last of the seventh inning, when suddenly Ypsilanti brought in three runs, tying the score and making nine innings necessary. The eighth saw no runs for either side, and the ninth was nearly over when a run brought the score seven to six, for Ypsilanti.

Plymouth has a good baseball team, and we should be proud of it. Let us get out and see the games and back our team.

The line-ups were as follows:
Plymouth—A. Collins, R. Lyke, C. Foster, J. Simmons, W. Doudt, G. Brady, C. Gubhardt, G. Simmons, P. Ols, Ypsilanti—M. Mott, Heimen-dinger, Budd, House, J. Mott, Johnson, Stump, Spilke, Matera.

SCHOOL NOTES

THE JUNIOR-SENIOR BANQUET.

It has been a tradition for fifteen years to give the junior-senior banquet which is sponsored by the junior class each year. It has always been in the form of a farewell for the seniors, as it constitutes the last formal social function given for the graduates before commencement. The faculty, school board and the two classes were all invited.

Each year a definite plan of some foreign country, such as Holland, Spain and others, has been beautifully and successfully carried out. This year the junior class, with the sincere cooperation of its patroness and patrons, were able to carry out a cafe street scene in France.

Awnings in pastel shades of crepe paper were suspended by wire on either side of the auditorium to make a covering under which small tables could be placed. Each table of four was daintily decorated with placards, napkins, programs, and last but not least, the pretty little corsages made of pansies and deep blue violets, everything having a French tone. The center of the floor was left for dancing, while on the stage there was built a miniature castle, below which was a most gorgeous selection of geraniums, secured by the extended kindness of Miller Ross.

At sixty-three one hundred and twenty-five people, including juniors, seniors, faculty and school board members, went into the dining room to find their respective places at the tables. The banquet was taken care of by the Baptist ladies. The menu was as follows:

- Cocktail Aux Fruits
- Biscuit Croquette
- Petits Radis
- Friandises De Deau
- Bonhommes De Terre
- Petits Pois a la Francaise
- Petit Pain
- Salade De Laitue
- A L'Halle
- Pastilles a la Menthe
- Noix Salées
- Glace Ananas
- Patisserie
- Cafe Noir

After this delightful meal, prettily served by the sophomore girls and boys, the toasts were given.

The toastmaster was the president of the junior class, Monsieur Lawrence Rattenbury. Monsieur Rattenbury's toasts to the speakers were splendidly given, and each joke was amply answered by each person.

The general welcome was graciously given by Mademoiselle Leona Beyer, which was followed by an appreciated response from Mademoiselle Ada Murray in behalf of the school board. A toast was then given to the boys of Plymouth High school by Mademoiselle Dorothy Hillman, in which Mademoiselle Hillman gave the boys due credit for their work accomplished. In the toast to the girls of Plymouth High school, given by Monsieur Franklin Atkinson, the girls were given their share of praise for their faithful service. Monsieur Edwin Schrader then gave a toast in behalf of the athletes. Monsieur Schrader spoke of the honors the boys have been awarded in different athletic fields with the support of the townsfolk behind them.

A toast was then given to the seniors by Monsieur Harold Hubert, in which Monsieur Hubert thanked the seniors for the examples set for future years, and wished them success. Monsieur Ted Hekey responded to this in a "thank you" toast in a gratifying way.

In conclusion, Monsieur Rattenbury announced that the remaining part of the evening would be spent in dancing, the music for which was furnished by Gebhart's orchestra.

—Hazel Rayner

SCHOOL NOTES.

The ninth grade classes are doing the project work with the community problems. The seventh grade class passed out the questionnaires to 250 P. H. S. students to find out how much we spent on the movies. The movies were attended approximately 780 times per month; at an average of 30 cents per time would amount to \$236.70 per month, or \$2,840.40 per year for the group.

Mr. Dykehouse, who has been giving a great deal of time toward the training of the P. H. S. band, will give an entertainment on Decoration day. This is the first time in the history of Plymouth High school that our band has represented its school on Decoration day.

The High school botany class, in which Holcomb and Dykehouse are in charge, went on a field trip, on which the pupils of the class gathered specimens of plants and flowers, especially the evergreen plants, which they just got through studying. Holcomb is also making arrangements for a trip for his chemistry class to the gas plant.

Miss Giles' ancient history class went on a steak roast, which was held at Nankin's pond. They met at Cutler's home, which is a short distance from there.

The Girl Reserves were planning a

steak roast this week, but on account of the cloudy and rainy weather they will wait for a sunny day.

The boys' and girls' glee club have accomplished their work and will not meet any more this year. Miss Forsythe will spend the rest of her time in preparing the senior class for commencement.

Camp Fire Notes.

The girls of Camp Latahni are planning to go to Camp Cavell for a week this summer. Expenses will be paid with the money they have earned this year through bake sales and selling candy.

May 19th Camp Tulahituse had its last ceremonial meeting for this year, at which Dora Gallimore, or Aweout, which means a growing flower, Zerapha Blunk, or Yupka, which means merry, and Alice Chambers, or Apelechi, which means a helper took the first rank of Woodgatherers. This makes seven girls of Camp Tulahituse who are Woodgatherers. They are as follows: Georgina Mitchell, Camilla Ashton, Irene Livingstone, June Jewell, Dora Gallimore, Alice Chambers and Zerapha Blunk. They are now working for the second rank which is that of a fire maker. Others are working for the honors required to attain the first rank.

The meeting was carried out on the following plan:

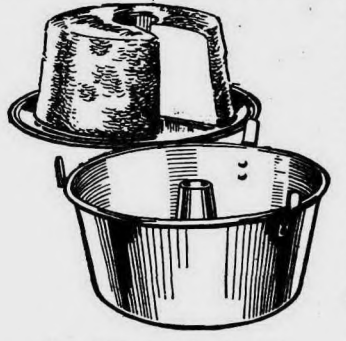

1. Entrance of guardian in ceremonial gown.
2. Wo-ho-ho call answered by girls in distance.
3. Entrance of girls.
4. Hand sign.
5. Fire lighting ceremony. June Jewell, or Woopo, lighting the light of work, Georgina Mitchell, or Wichaka, lighting the light of health, and Alice Chambers or Apelechi, lighting the light of love.
6. Song, "Burn, Fire, Burn."
7. Roll call, each girl responding by telling her camp name and why she chose it.
8. Awarding of honor beads for tasks done. Girls demonstrated in pantomime the winning of her hardest honor.
9. Song, "Mammy Moon."
10. New girls explained symbol chosen and why she chose it.
11. Closing song, "Lay me to Sleep in Sheltering Flame."

MICHIGAN TO OBSERVE ANNUAL SAFETY DAY

SUNDAY, MAY 29TH, HAS BEEN SET ASIDE FOR A GENERAL OBSERVANCE THROUGHOUT THE STATE.

Safety Day throughout the entire state of Michigan will be officially set aside for May 29. It was announced today by Raymond Bachelder, manager of the Plymouth Branch of the Detroit Automobile Club.

In accordance with the annual custom to observe a day or a week each spring, the Detroit Automobile Club, through its safety and traffic committee and branch manager, has concentrated efforts for this year's observance to a single day, preceding Memorial Day.

Official proclamations from Mayors, city councils, the Governor, and safety officials throughout the state are expected to make the day officially observed in every community.

Following the opening brake test in Detroit last week, the Michigan state police, assisted by the club's safety representatives will carry on the brake examination throughout the remainder of the state and Upper Peninsula. More than 12,000 sets of brakes were examined in Detroit last week, with the result that approximately 18 per cent were rejected as faulty.

"This situation is an improvement," said Mr. Bachelder, "over last year's test during which more than 23 per cent were found faulty. This demonstrates the benefit of holding this annual examination, which affords the only opportunity for brake examinations that many drivers have throughout the year.

"With the state-wide Safety Day following and intervening the brake test through the state, May 29 is fittingly set aside at a time when every motorist, as well as pedestrian, may lead a thought to his own element in public safety.

Schools, theatres, churches and merchants, the latter through window displays, are expected to co-operate in stamping this message upon the people of Michigan with indelible and lasting effects.

"Representing the Detroit Automobile Club in Plymouth, said Mr. Bachelder, "I urge the citizens of this community to follow the program which this year, as in former years, has brought the city of Detroit to its feet in a unanimous observance of public safety.

"The Mayor will issue an official proclamation setting the day aside, ministers from the pulpit will bring a short phase of the message to Sunday congregations, while school teachers throughout the city and country are asked to impress each child with the nation's stupendous problem of street and highway safety.

"Local merchants are urged to lend a small portion of their advertising medium to this cause, while parents above all, are reminded that the child needs daily reminders of the potential dangers of every street intersection.

H. O. Rounds, safety director of the Detroit Automobile Club, made a state-wide appeal yesterday, asking the co-operation of every civic and safety organization in the community in bringing a concentrated safety message to the public on May 29.

"With 23,000 traffic fatalities in this country during the past year," said Rounds, "this public may justly take serious cognizance of this phase of society suicide. We appeal to every civic minded organization and business in the state to join in commemoration of these 23,000 dead, as a warning to the living."

THE THEATRE

"SOMEWHERE IN SONORA"

Unlike the average motion picture starring a "cowboy," "Somewhere in Sonora," the First National picture produced by Charles R. Rogers for First National, is not merely a pot-pourri of Indians and men wearing chaps, but is a story of another phase of the conquest of the West. It is based on the construction of railroad from the United States into Mexico and the troubles caused by bandits during their building.

"Curiously enough, the bandits in 'Somewhere in Sonora' are not the usual mustachioed Mexicans seen in the customary Western production. For once, the Mexican is given an opportunity to be seen in his actual role—that of a willing helping hand to the American who aids his country in furthering civilization in its unsettled parts.

Ken and his famous horse, Tarzan, are seen to greater advantage than ever before. Maynard again shows his sensational ability to ride, in several sequences. These include a rodeo, with the best riders and cowboy performers of the West appearing in the scene. Here Ken displays some new stunts in driving a stage coach. In another part of "Somewhere in Sonora," Ken rescues two girls from the bandits who have been terrorizing Sonora.

"Somewhere in Sonora" comes next Sunday and Monday, May 29 and 30, to the Penniman Allen theatre here. Kathleen Collins, who played opposite Ken Maynard in his two previous productions, heads the cast which also includes Tarzan, the wonder horse. Al Rogell directed and Harry J. Brown supervised the production.

"THE LUNATIC AT LARGE"

A wedding in a dirigible starts off the thrills in First National's latest comedy, "The Lunatic at Large," which comes to the Penniman Allen theatre next Tuesday and Wednesday, May 31 and June 1, starring Leon Errol and Dorothy Mackall.

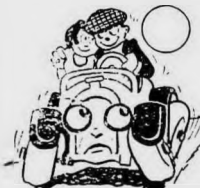

Kenneth MacKenna's twin brother in the picture has Kenneth placed in an asylum while he rushes away with Ken's girl (Dorothy Mackall), whom he is going to wed in a dirigible.

Leon Errol gets hold of a rope ladder and makes his way into the dirigible while it is rising, and as a result there is no wedding, but one of the biggest thrills in pictures when Leon grabs Dorothy around the waist and leaps from the dirigible in a parachute and descends several thousand feet to the ground.

There are enough thrills in this one sequence to satisfy most people for life, for in the end the dirigible blows up and disappears in smoke and a cloud of flame.

This is said to be Errol's greatest comedy vehicle and was filmed from J. Storer Clouston's three famous books, "The Lunatic at Large," "The Lunatic at Large Again," and "The Lunatic Still at Large."

We would appreciate it if you would phone or send news items to the Mail office. We are always glad to get them.

ROTARIANS LEAVE FOR OSTEND CONVENTION

MORE THAN 8,000 DELEGATES FROM ALL OVER THE WORLD ARE EXPECTED TO ATTEND THE EIGHTEENTH ANNUAL CONVENTION.

Six trans-Atlantic liners, loaded to the rails with Rotarians and their families from all over North America, sailed out of New York harbor yesterday and today, Thursday and Friday, May 26 and 27, carrying delegates to the eighteenth annual convention of Rotary International which opens at Ostend, Belgium, next Monday morning.

The business and professional men of forty countries will be represented at the gathering. Special trains are being run from all over Europe to the Belgian seaport, and the Japanese delegates are coming by the first through train to run between Tokyo and Paris. Three thousand from the British Isles will attend, and it is expected the total attendance will be more than eight thousand.

The Belgian Director of Public Safety has shipped away the yards of red tape which, since the war, have delayed the progress of international travelers. Passengers on the Rotary fleet will not be required to display passports or submit to baggage examination. A Rotary button in the coat lapel and a membership identification card will be sufficient evidence of good faith to the Director of Public Safety to cause him to waive the customary rigorous inspection.

In order to accommodate the great throng, practically every hotel in Ostend has been turned over for the exclusive use of Rotarians during the convention. Americans who make this trip had their hotel room keys handed them before they walked up the gangplank to board their ships in New York harbor.

The convention will be bid welcome by King Albert. No hint of what the King will say to the Rotarians has been given but as the object of the gathering is to spread international good-will and understanding, it is believed by many that he will make some important observations on these subjects.

This is the second convention of the organization held in Europe and the first to be held on the European continent, and it will also be the first gathering at which Americans and Canadians have not been present in the greater number. This year it is believed those from the British Isles and Continental Europe will be in the majority. As more than a dozen languages and practically every major religion on the globe today will be represented in the gathering, the sessions will be opened by silent prayer instead of the customary invocation from the platform. The delegates, adherents to Protestantism, Catholicism, Judaism, Shintoism, Mohammedanism, Buddhism, etc., will be asked at the opening session to invoke the blessing of the deity they worship during a minute of silence, rather than be led in prayer by a representative of any particular sect.

In recent years, Rotary has gone into the four corners of the earth. There are now clubs on every continent and on most of the great islands. As Rotary has extended its influence it has embraced many whose religious faiths are not common in either Europe or the Americas, and the convention committee this year deemed it the courteous thing to recognize all beliefs by placing emphasis on none.

International President Harry H. Rogers, of San Antonio, Texas, and other officers of Rotary, believe the time is appropriate for furthering the Sixth Object of Rotary which is "The advancement of understanding, good-will, and international peace through a world fellowship of business and professional men united in the Rotary ideal of service."

In order to further this object, groups of Rotarians from other continents will visit the Rotary clubs of Europe and the British Isles in order to get acquainted with the business and professional men of the countries where Rotary is established. The European clubs are arranging special good-will and acquaintance programs for their visitors. Some of the clubs will hold special meetings to receive their visitors. The Paris club plans to hold a luncheon every day during one week in order that the French Rotarians may become acquainted with their fellows in other countries.

After the convention the international officers of Rotary will be entertained at Brussels at a luncheon given by King Albert and his heir-apparent. Later the international officers will be received by King George of England at Buckingham Palace.

Among the passengers who left on one of the liners, were Mr. and Mrs. E. C. Hough and daughter, Miss Athalie Hough of Plymouth.

Picked Up About Town

"My idea of a successful boss," asserts Dad Plymouth, "is one who can tell whether an employe needs a pat on the back or a bust on the nose."

Few things are more disappointing to a man who thinks he is marrying a home body than to find he has "roam" body.

Dad Plymouth says a husband never worries about his wife losing weight as long as she doesn't lose the knack of turning out good meals.

The trouble with too many political hand wagons is someone always wants to fight over who shall drive.

"What I can't understand," says Dad Plymouth, "is how some of these modern dappers can look in a mirror without laughing themselves to death."

According to Dad Plymouth, the wife who is always making excuses for her husband in company seldom takes any excuses from him at home.

There are still too many people, according to Dad Plymouth, who think a grocery clerk is paying them a compliment when he asks them if they want it charged.

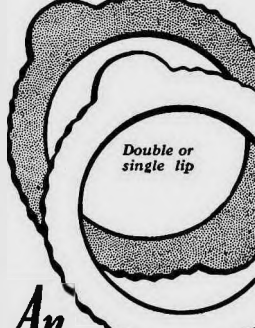

Making Progress

"If you don't believe yourself, I'll refuse to marry you!"
"Is that a promise?"

CATHOLIC NOTES

The Nethem club met last Monday night and made final arrangements for their dance Wednesday night at Newburg in the Glensons' hall. The members were all interested and anticipate a good crowd. The proceeds are to be used for the parish.

The Nethem baseball team played the Gunard team from Pontiac last Sunday at Heeney's field and were defeated by the score of 7 to 8.

Much pains have been taken during the past week in order to beautify the church grounds, so as to make them attractive and pleasing to the passer-by. It reflects upon the parishioners and upon their pride in having all things in keeping with their faith.

Many wonderful compliments have been made by the passersby upon the beauty displayed around the corner. Great things can be accomplished if all will do their share and cooperate with the pastor. Let all efforts be centralized in the church.

Monday is Decoration day, a legal holiday, the day on which we commemorate the gallant deeds performed by the soldiers. This year this day will be a red letter day for the parish, as the American flag and flag-pole will be blessed and wafted to the breezes immediately after the mass.

An American army chaplain who has served the boys here and in the proverbial “A. E. F. Somewhere in France” will be with us on Monday, and will bless the flag and raise it to the winds. Chaplain Rev. M. J. Crowley. The services will begin at 10 o'clock in the morning with high mass, followed with benediction, a short talk on the flag, blessing of the flag and the pole, together with the raising of the flag.

PLUMBING

America is the most sanitary nation on the face of the earth. There are more bath tubs in use in the United States than in any three other nations, a fact which makes for our excellent national record. Is your home modern? If it isn't, then you are not abreast of the times and there is no good reason why you should not have your home equipped with all modern comforts which plumbing makes possible.

We are prepared to render expert service in putting in your sewer service. See us when you are ready.

SAVE MONEY

By Buying Your Lumber and Other Building Materials From Us.

We will absolutely guarantee to meet or beat the prices of any Ready-cut building concern operating or selling lumber and building supplies in Plymouth. In most cases we can save you considerable money. Don't let out-of-town builders or financing concerns sell you and make you pay more for your home than you would have to pay us. Before giving your order to an “out-of-town” concern, at least call and see what we can do for you. We know we can save you money.

Yes, we can finance you, too. We have a financing plan that we believe will interest you. The monthly payments are small. Come in and talk it over with us. Why pay rent when you might be paying the money on your own home?

We will be glad to give you estimates and explain our financing plan free of charge.

MICHIGAN, CIVILIZED STATE.

MR. MELLON HOUSEKEEPING.

THE IDEAL CHILD.

HERE—REAL NEWS.

The State of Michigan is still trying to reach a decision on capital punishment. Certain legislators appear to think that to discourage murder the state must imitate the murder and inflict death.

It is proposed to restore capital punishment in Michigan, where it has long been unknown.

Michigan is a civilized state, an example to others in many ways. It is to be hoped the Legislature will not decide that civilization in Michigan needs the help of a hangman, or a man to throw the switch on an electric chair.

What is the ideal child, in your opinion? Secretary Hoover, president of the American Child Health Association, says the normal child, "Is not superfluously happy or deeply discouraged, is robust, vociferous, not ruled by emotions." That is a good definition of a child destined to develop into a go-getter.

On the other hand, Napoleon, who told all the adult children of Europe what they should do, was not vociferous or robust. He was sickly, sallow, sulked in a corner because his schoolmates laughed at his Corsican accent, and was entirely ruled by his emotion, AMBITION.

The industry commission of the League of Nations reports 20,000,000 out of work in Europe and blames the United States, of course. Europe should also blame itself for allowing 20,000,000 pairs of hands to remain idle.

A good farmer keeps his horses and oxen working, a good industrialist keeps his machines busy. Europe needs canals, roads, houses, and it should be possible to find work for all. That would be easy if men could get away from the idea that the only sound reason for putting a man to work is to let somebody else make a profit out of his labor.

What is the real wealth of this country? Nobody could guess within a thousand billions.

For instance, Mr. Bonfils, through his Denver Post, announces discovery in Colorado of a bed of manganese, by far the richest in the world, six million tons of ore in sight.

How many billions are hidden away in the mountains that stretch across and up and down this country, feebly tapped here and there by prospectors, but never really PROSPECTED.

Great Britain receives the right reply to her note concerning Mr. Mellon's letter to college professors about international debts. Secretary Kellogg tells Britain that what Secretary Mellon writes to American professors is our business. That covers the ground.

Incidentally, the British admit that beginning in 1932 they will be getting from their European debtors, recently called "gallant Allies," more than enough to cover all payments to the United States. Mr. Mellon's statement was strictly accurate, barring one clerical error, and it enlightened his fellow citizens.

This is news. A tractor and plow with no driver, all by themselves, guided by electricity, ploughed a twenty-acre field on the farm of the Nebraska Agricultural College yesterday, farmers, professors and business men looking on. The first furrow only was ploughed under human guidance. That furrow acted as guide and the machine did the rest.

There you have the ultimate solution of the farm question, and proof that "back to the farm" is not necessary.

The farmer will sit, spyglass in hand, on a tower in the middle of his acres, watching one machine spraying potatoes, another cultivating corn, a third cutting green oats for hay, and not a farm hand on the place.

In Kansas alone this year additional "combination" machines for harvesting wheat will do away with 25,000 itinerant extra farm hands.

Brains, money and machinery will solve the farm problem as they have solved other industrial problems.

PROBATE NOTICE

STATE OF MICHIGAN, County of Wayne, ss. As a session of the Probate Court for said County of Wayne, held at the Probate Court room in the city of Detroit, on the twelfth day of May, in the year one thousand nine hundred and twenty-seven. Present, Henry S. Hulbert, Judge of Probate.

In the matter of the estate of Ida Belle McClumphe, deceased. An instrument in writing purporting to be the last will and testament of said deceased having been delivered into this court for probate, it is ordered, that the fifteenth day of June next at eleven o'clock in the forenoon at said court room be appointed for proving said instrument.

And it is further ordered, that a copy of this order be published three successive weeks previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulating in said County of Wayne. HENRY S. HULBERT, Judge of Probate. (A true copy. Ralph J. Ziegler, Deputy Probate Clerk.)

Today's Reflections

What has become of the old-fashioned Plymouth woman who thought being "fast" was a greater disgrace than being fat?

The farm population of the country decreased 649,000 last year—and still there is over production.

A Frenchman offers the U. S. a device to prevent floods by speeding up the water in the Mississippi river. What dwellers in the valley want is an invention that will hold it back.

The Plymouth girl who marries a man to keep some rival from getting him gets a lot of satisfaction during the ceremony but mighty little happiness afterward.

To old-timers the jazz courtship of today isn't as substantial as the old-fashioned billing and cooing kind, even if it does cost more.

It's a funny world. Old maids know best how to raise children and only the poor know how the rich should spend their money.

But don't forget that the average Plymouth woman worries as much over what to provide for her husband to put in his stomach as he worries over what to get for her to put on her back.

It is also well to remember that there is never any traffic congestion on the straight and narrow path.

We have our moments of depression when we don't believe the corn borer is much afraid of federal inspectors.

The reason some people haven't much use for religion is because, according to it, their money doesn't make them any better than their neighbors.

A news item says less than one-third of the world's surface is dry land. But how much of this "dry" land is dry?

Life begins to lose a lot of pleasure along about this time of year for the Plymouth man who has to take a dose of soda right after eating a big mess of radishes and green onions.

Looks may not always count, but every Plymouth married man knows it's going to mean trouble when he sees that "just wait until the company goes" look on his wife's face.

AN ORDINANCE

An ordinance to amend an ordinance entitled, "An Ordinance to provide for the construction and repair of Side-walks in the Village of Plymouth, State of Michigan"; THE VILLAGE OF PLYMOUTH ORDINANCES:

Sec. 1. That Section 2 of such ordinance be amended to read as follows:

"Sec. 2. GRAVEL. Gravel shall be clean and sound and free from all solid matter, and the coarse aggregate shall be of such size as to pass through a one inch screen. It shall be so graded as to produce a maximum density and the fine aggregate therein shall constitute the basis for the proportion."

Sec. 2. That Section 15 of such ordinance be amended to read as follows:

"Sec. 15. THICKNESS OF WALKS. The thickness of the walk shall be not less than five inches. Walks for residence districts shall be at least five inches thick and for business districts six inches. Where walks in residence districts cross driveways, the total thickness shall be increased to six inches. Cross walks shall be eight inches thick and mixed in the following proportions: One part Portland Cement, two parts of fine aggregate and three parts of coarse aggregate."

Sec. 3. That Sections 24, 25 and 26 of such ordinance be amended to read as follows:

"CONCRETE WALK. The concrete shall be mixed in the proportions by volume of one sack of Portland cement, 2 1/2 cubic feet of fine aggregate and four cubic feet of coarse aggregate or as near to these proportions as the character of the material will allow. The Village Manager shall be the authority as to the proportions to be used."

"Sec. 25. CONSISTENCY. The materials shall be mixed wet enough to produce a concrete of a consistency that will flush readily under slight tamping, but which can be handled without causing a separation of the coarse aggregate from the mortar. Concrete shall be laid and tamped to the required thickness until free mortar appears on the surface."

"Sec. 26. PLACING. After mixing, the concrete shall be handled rapidly and under no circumstances shall concrete that has partly hardened be used. The forms shall be filled and the concrete struck off and tamped level with the top of the forms until free mortar appears on the surface."

Sec. 4. That Sections 27, 28 and 29 of such ordinance be expunged and repealed.

Sec. 5. That Section 30 of such ordinance be amended to read as follows: (This will be known in the new ordinance as Section 27.) "Sec. 27. FINISHING.—As soon as free mortar appears, a straight edge template shall be used as a strike-off across the two walls to insure a true surface. The work is then to be finished from a suitable bridge using a wood trowel to compact the concrete where necessary, and to put the desired finish on the entire walk.

"The edges of the flags shall be turned down with an edger, having a radius not to exceed one-half inch."

Sec. 6. This ordinance shall take effect on the 7th day of June, A. D. 1927.

Made and passed by the Commission of the Village of Plymouth, State of Michigan, at a meeting thereof held on the 16th day of May, A. D. 1927. Henry J. Fisher, Village President, Wm. Welton, Village Clerk.

Plymouth homes were a lot better when the holes in socks were darned instead of cussed.

About all that can be said for some men when they die is that they gave their neighbors plenty to talk about.

When father is just an overgrown boy he is apt to be more particular with son than he is with mother.

Flat Tread Balloon

The Firestone Gum-Dipped Balloon with its scientifically designed tread permits free flexing, easier riding, extra comfort and safety.

The balloon tire with heavy, flat tread design is obviously stiffer and rides harder. The excess rubber, placed for appearance at the edges of the tread, is not only wasted but produces hinging action causing ply separation and "shoulder breaks."

Firestone designed and manufactures Oldfield Tires and Tubes, distributing them direct to Firestone Dealers only, through 148 Factory Warehouses. This efficient and economical distribution assures tire buyers everywhere, clean, fresh stocks of Firestone and Oldfield Tires in all types and sizes, and has helped to make possible today's remarkably low prices—the lowest in tire history. NEWBURG

Next Sunday, May 29th, being "Memorial Sunday" the church will be decorated with flags and flowers. There will be recitations, special music and a sermon by the pastor, Rev. F. L. Walker.

Last Sunday evening the Epworth League had a very interesting meeting. Rev. Walker gave a short history of the Epworth League, and the following officers were installed for the coming year: President, Mrs. Joy McNabb; first vice-president, Miss Alice Gilbert; second vice-president, Miss Lydia Joy; third vice-president, Miss Sarah Cutler; fourth vice-president, Charles Leonard; secretary, Miss Louise Gency.

The regular meeting of the Newburg L. A. S. will be held next Wednesday afternoon, June 1, at the home of Mrs. Melvin Guthrie. Mrs. Greer's committee will have charge of the supper.

Miss Ardith Voegelin of Detroit, spent the week-end with Mr. and Mrs. Melvin Guthrie. She attended Sunday-school with them, where she gave a piano solo which was very much enjoyed by all.

Mr. and Mrs. Edgar Stevens and family spent the week-end with the latter's parents, Mr. and Mrs. Lewis in Chelsea. On Sunday morning, they motored to Bath, Mich., which they described as being a most pitiful sight.

The many friends of Mrs. Jewell will be glad to know that she returned home from Harper hospital last Friday evening.

Mr. and Mrs. Walter Miller of Rochester, N. Y., called on Mr. and Mrs. Clark Mackinder last week. They also spent Thursday with their cousins, Mr. and Mrs. Fred Gentry.

Mr. and Mrs. C. Mackinder entertained the teachers, Miss Hazel Reddenman, Mrs. Louva Waterman and Miss Clara Grimm, last week Wednesday, at a six o'clock dinner.

Mrs. Will Shields, who has been a resident of Newburg for a great many years, has moved to Wayne.

Mrs. Ira Wilson and daughter, Miss Sarah Wilson of Detroit, called on Mrs. Clyde Smith last Thursday afternoon.

Last Saturday afternoon, Mrs. Faye Grimm and Miss Lucile Dickerson of Plymouth, gave a miscellaneous show-er, at Mrs. Grimm's home, in honor of Miss Clara Grimm, a June bride elect. About seventeen former Normal College and High school classmates were present. A very pleasant afternoon was spent, after which ice cream and cake were served by the hostesses.

The Newburg cemetery will present a very neat appearance for the many people who will visit it on Decoration Day. The secretary, C. Donald Ryder, will very much appreciate the annual assessment, which is \$2.00 per lot.

PLYMOUTH MERCHANTS

LOSE A GAME

LOCALS DEFEATED BY WORDEN, 10 TO 4.

Plymouth lost its first game of the season last Sunday, to the strong Worden team. The Worden team is managed by "Old Ironside" Baulman, who has rounded into shape a good team. They were very fast on bases, and took advantage of every opportunity and was a good team to lose to.

Britcher started pitching for Plymouth, and was helpless against the attack of the visitors. By the score it is plain that the home boys were defeated in the first, as the Wordenites gathered in seven runs and got five hits in this frame. All cause for the seven runs is not due to the poor pitching, as there were some very bad errors behind him. There were a couple of bad throws to first, which were very wide and high. In the second inning, Walker started pitching, and showed his usual good judgment and ability in handling them up to the batter, only allowing three hits in eight innings, and these were well scattered.

Besides his good work in the box, Walker obtained two of Plymouth's seven hits and one of their runs. He also fielded his position in perfect shape, making at least four assists, which all in all is not such a bad day's work for any pitcher.

Next Sunday, May 29th, the Merchants cross bats with the Royal Oak Chevrolet team, out at Burroughs field at 3:00 p. m. It is almost impossible for Plymouth to lose two games in succession, so come out and help them win.

Last Sunday's game by innings:

	R	H	E
Worden—	7	0	0
Ply.—	1	0	0

Batteries for Worden—Call and Sweet; for Plymouth—Britcher, Walker and Straesen. Losing pitcher—Britcher.

Umpires—Gray and Todd
Time—Two hours, 35 minutes.

Sheet the Works

Mother—Did you give your penny to the Sunday School collection, Johnny?

Johnny—No, Mother, I lost it.
"What, lost another one? That makes three Sundays on which you've lost your pennies."

"Yes, Mother, but that darned kid's luck can't last forever."
