Two Shows, 7:00 and 8:30

WHERE YOU ALWAYS SEE A GOOD SHOW

Two Shows, 7:00 and 8:30

**Sunday and Monday**  
June 26-27

Harry Langdon

—IN—

**“Long Pants”**

“Wets” and “Drys” agree that six reels of Langdon are intoxicating. But there's no law against laughing.

COMEDY—“Hold Her, Sheriff.”

Bruce Scenic and News Reel.

**Tuesday and Wednesday**  
June 28-29

Lewis Stone and  
Anna Q. Nilsson

—IN—

**“Midnight Lovers”**

When the throttle is wide open or a mile-a-minute romance full of thrills.

COMEDY—“Tie That Bull.”

**Thursday and Friday**  
June 30-July 1

Pauline Starke, Lois Hanson  
and Ernest Torrence

—IN—

**“Captain Salvation”**

A fascinating sea story. Vivid adventure of men who go down to the sea in ships and come back—sometimes. It grips, it thrills, it amazes.

**Saturday, July 2**

Gary Cooper

—IN—

**“Arizona Bound”**

A thrilling western story made by Paramount, with real entertainment in it for you.

CRISTY COMEDY

## GAY swimming days and a Jantzen, of course!

FIRST off, the thing that wins you to Jantzen is its marvelous fit. Scarcely a wrinkle. That's the magic of a knitting process known as Jantzen-stitch.

Tightly-knitted wool! Elasticity! There you have the secret! It keeps you body-free for active swimming. No binding. No sagging. No excess weight to hinder you.

Other suits may look like Jantzens before you wear them. But there's a world of difference. Jantzen combines smart appearance with freedom in or out of water. We have them in all sizes and styles. They're color-fast—dyed-in-the-wool.

- Jantzens for Men \$.....
- Jantzens for Women \$.....
- Jantzens for Children \$.....

Subscription Price - \$1.50 per year

#### WATCH THE DOG.

Every few days we find in our exchanges reports of a growing prevalence of “mad dogs” in their respective neighborhoods. While some of the cases may be only a display of temper on the part of the canines, there is no doubt but the next few months will bring forth many cases of rabies, and with possible serious results. Personally, we believe every dog owner around Plymouth knows that the best way to protect a dog from rabies, or from “going mad,” as most people term it, is to provide it with plenty of drinking water. Keep it where they can get it at all times. Don't depend on the dog to find drinking water, unless you happen to have a stream of running water on the place. If you are not so situated then keep a pan of water where your dog can get a drink any time he wants it, day or night. You will not only be doing a humane act, but you will also be protecting yourself and the neighborhood generally from what might otherwise prove serious.

#### ROADSIDE STANDS.

Roadside stands are commencing to reap their yearly profit, and with a general shortage in the fruit crop but with vegetables fairly plentiful, this promises to be a prosperous season for those who conduct them. There are a lot of ways of picking up a few dimes if you happen to live along a road over which tourists pass—and tourists use most all of them these days. It offers an excellent opportunity, too, for children of rural families, and keeps them interested. They get a chance to come in contact with strangers from the outside world, and that is good for them. They soon learn the value of money and the courtesy that goes with merchandising. If they learn the art of saving, that alone is worth all the time and trouble necessary to maintaining a roadside stand. There are hundreds and thousands of them scattered all over the land, but always room for a few more. If you are located on a well-traveled road, and you can boast a boy or girl, or several of them, encourage them to start their own roadside stand. You'll be glad in later years that you did.

#### NOT ENOUGH COURTESY.

We see where a Chicago expert in traffic regulation has reported to officials of that city that he has determined the cause of the greatest number of auto accidents. We mention this because every motorist around Plymouth has probably wondered at some time or another about

the very problem this man claims to have solved.

He was employed to study traffic and to find out the chief cause of accidents. He surprised his fellow citizens when, after months of investigation, not only on the busy streets of Chicago but on the highways and in the smaller towns nearby, he returned a verdict of “Discourtesy.” Lack of proper consideration for the other fellow, he declares, causes more accidents than anything else. Arguing over the right-of-way and disputing the other driver's privileges, he says, results in many deaths, many injuries and hundreds of thousands of dollars' worth of property damage every year. Speeding, driving while intoxicated and carelessness do not, he declares, cause as many mishaps as arise through the failure of one driver to consider another driver's rights. What holds good in Chicago, and towns near by, will hold good here. Now that we know discourtesy is lack of most accidents, why not a resolve on the part of every motorist to use less of it?

#### A GLORIOUS FOURTH.

This ought to be the greatest Fourth of July the present generation has ever celebrated.

We make that statement in view of the fact that within recent weeks new honor and glory has been brought to the stars and stripes by a youthful American, a son of the middle west, a modern hero and an explorer without equal since the days of Christopher Columbus. Almost nine years have passed since our nation laid down its arms in what we hope will be the last great human struggle in which our citizens will be called on to participate. It passed safely through the period of readjustment, and has lent aid in both a moral and financial way to sister nations across the sea. And just as the skies were clearing for them comes the triumphal spanning of the sea by Charles Lindbergh, a glorious triumph for science, but a still more glorious victory for the peace of the world.

Plymouth is ready to celebrate the Fourth of July in a sane and patriotic manner, to add her cheers and applause to that which is now being heard throughout the entire land in honor of her newest messenger of peace—Charles Lindbergh. Boyhood has brought new lustre to the flag for which manhood fought. He has given the stars and stripes a new meaning in the eyes of nations across the sea. He has linked the world closer than it has ever been by bringing it into closer touch. Never before have we had greater reason for putting our whole heart and soul into a celebration of Independence day, for never before has it meant more to us.

Hang out Old Glory to the breeze. Celebrate the day in the way that best suits you and that you deem most appropriate. But wherever you are and in whatever way you celebrate, remember to hold in your heart a prayer for a continuation of

the peace that is now ours, and the better understanding that has been brought to the world by the youthful Lindbergh, our newest agency of good will toward all mankind.

#### POWER CANCELLING MACHINE INSTALLED

LOCAL POSTOFFICE SUPPLIED WITH LATEST EQUIPMENT FOR HANDLING MAIL.

A new International model “M” electric cancelling machine has just been installed in the local postoffice. This machine, one of the standard machines in use in the postoffice department, has a capacity for cancelling 400 letters of assorted sizes or 600 regular sized post cards per minute.

This will, as a matter of course, greatly facilitate the handling of mail here and especially of the large quantities of first and second class matter often mailed by the Donnelly corporation.

The machine was installed Saturday by George C. Knorline, traveling mechanic of the postoffice department, who has a number of other machines to install in the state.

The machine has an automatic feeding device and is really a marvel for its rapidity and accuracy.

Under the old system used in the local office, and in fact all of the offices of this class, all mail was cancelled with a hand stamp and was a matter of course slow and laborious work and the cancellation stamp was often indistinct and illegible.

The business men of the city who are interested in the manner in which their mail is handled and goes out to the public will be interested in this new addition to the postoffice equipment.

#### NOTICE.

The Ladies' Aid society of the Livonia Union church will hold a strawberry short-cake social at the home of Mr. and Mrs. Swartz, corner of Wayne and Plymouth roads, Friday evening, June 24th. The ladies will serve strawberry short-cake, plain strawberries and ice cream. Everybody come and eat short-cake.

### MUNICIPAL NOTES

BY THE MANAGER

The following resolution was passed by the commission:

"Resolved, that all paving done in the village of Plymouth shall hereafter be taxed and assessed against the abutting property owners for the full cost thereof, except as to the paving abutting on village property, computed to the center of the street, and except the paving of intersections, and the cost and charges of bridges and culverts, and as to these the tax shall be assessed and levied against the village at large.

"Be it further resolved, that the cost and charges of such paving shall be divided into not more than five annual installments, unless the charter be amended to permit an additional number of installments, not to exceed ten, in which case said installments shall be extended under such amended charter."

The commission decided to reconsider the old paving petitions, and new petitions will have to be circulated.

Would the parties who are going to recirculate these petitions stop at the village hall and get a copy of the preceding resolution and attach it to their petition? Kindly recirculate these new petitions as soon as possible, so we can make the necessary plans for the underground work and paving at once.

The fire department was called out to a fire at Ralph A. Palzsch's home at 850 Starkweather avenue, last Monday afternoon, June 20th. It was only a small blaze in the front room, where one shade was burned off completely. The fire was out when the fire department arrived.

Every person, firm or corporation engaged in the business of laying and constructing sidewalks in the village of Plymouth shall be required to execute a good and sufficient bond to the village of Plymouth in the penal sum of one thousand dollars, said bond to be a surety company bond or a personal bond, with two sureties owning property in the county of Wayne.

### NEWBURG

The children's day exercises were very good. The church was beautifully decorated with daisies. Three babies were baptized. They were Mary Louise, daughter of Mr. and Mrs. Clyde Smith; Pearl Mernice, daughter of Mr. and Mrs. Fred Knickerbocker, and Margaret Elizabeth, daughter of Mr. and Mrs. Peter Craft. Fourteen boys and girls were given rewards for attendance and two girls, Jean Leonard and Ethel Bennett, were promoted from the primary to the junior department.

The Epworth league was well attended to hear Mr. Snively, of Plymouth High school. He gave a most interesting lecture.

Milton Rouse, one of our Newburg young people, was graduated from the Ypsilanti State Normal college Monday morning. Miss Elizabeth Leonard attended his graduation.

Mrs. Charles E. Ryder returned home Saturday afternoon from La Grange, Ill., where she has been for the last five weeks at the home of her son, Raymond, and family.

We are glad to note that Ray Ryder is home from the hospital and getting along fine.

Mr. and Mrs. Charles Armstrong, of Alhambra, Calif., and Mr. and Mrs. Harry Armstrong and family, of Strathmoor, called on Mr. and Mrs. C. E. Ryder Sunday afternoon.

The entire community of Newburg was saddened and shocked on Sunday evening, when it learned of the death of one of our most popular and loved young ladies, Miss Leona Joy. Miss Joy and her friend, Bill Leonard, were spending the evening in Detroit. While going for a ride on a coaster she was taken with a heart spell. Everything possible was done to revive her, but she died on the way to Deaconess hospital. The funeral was held on Wednesday afternoon, Rev. Walker officiating, at 2:30 at the house and 3:00 o'clock from the Newburg M. E. church, of which she was a member and a most faithful worker. The family, including her father, mother and sister, Lydia, have the deepest sympathy of the community. An obituary will be given next week.

Spend your 4th OF JULY at beautiful Park Island, Lake Orion. Dancing afternoon and evening. Swimming, coaster, rink and many other park amusements. Free picnic grounds; shade, tables, seats. 311tc

A CARD—We herewith wish to express our greatest appreciation and extend heartfelt thanks to all who helped us during the years of suffering of our wife and mother, and to all who extended their sympathy unto us after her departure. We are very thankful to all for their beautiful and manifold floral offerings, and we wish to thank those who furnished automobiles for the funeral.

Wm. A. Micol, husband.  
Harold Micol, son.

### Notice of Hearing

The following Resolution was offered by Commissioner Henderson, who moved its adoption supported by Commissioner Henderson:

WHEREAS, it has been called to the attention of the Commission of the Village of Plymouth, that the parcel of land platted as Blanche Street, according to the plat of the WILLIAM A. BLUNK ADDITION, duly recorded in Liber 27 of Plats on Page 59, Wayne County, Michigan, has at no time been used for travel by the public and no public or municipal labor or expense has ever been incurred thereon, and that said land is now occupied as private property, and

WHEREAS, the land actually taken, accepted, used and improved, and on which there has been public municipal labor and expense incurred, by said Village of Plymouth as Blanche Street, under the dedication in the platting of said WILLIAM A. BLUNK ADDITION, is described as all those pieces or parcels of land situated in the Village of Plymouth, County of Wayne and State of Michigan, to-wit:

The North FIFTY FEET of Lot Numbered ONE and Lots Numbered THREE, THIRTY-NINE, FIFTY, EIGHTY-TWO, NINETY-FOUR, ONE HUNDRED TWENTY-NINE, ONE HUNDRED FORTY and ONE HUNDRED SEVENTY-FIVE of the WILLIAM A. BLUNK ADDITION, according to the Plat of the said WILLIAM A. BLUNK ADDITION, duly recorded as aforesaid, and

NOW THEREFORE BE IT RESOLVED that the Commission of the Village of Plymouth do hereby vacate, discontinue and abolish all that parcel of land platted as Blanche Street, according to said recorded plat, except that so much of said streets and alleys crossing the same, and

BE IT FURTHER RESOLVED that the Commission will meet in the Village Hall of the said Village of Plymouth on Monday, the 13th day of July, 1927, for the purpose of hearing any objections that there may be to the vacating, discontinuing and abolishing of said land platted as Blanche Street, according to said recorded plat, and any person desiring to object to the vacating, discontinuing and abolishing of said land, may file his objections, in writing with the Clerk of the Village of Plymouth on or before the date set for said hearing, and

BE IT FURTHER RESOLVED, that the Clerk of said Village of Plymouth be and he hereby is instructed and directed to give notice of said meeting by publishing a notice thereof in two weeks in succession in the Plymouth Mail, a newspaper published and circulating in the said Village of Plymouth.

WILLIAM WELTNER,  
Village Clerk.

### LOCAL NEWS

Mr. and Mrs. George N. DuBois of South Bend, Indiana, spent a few days this week with the latter's sister, Mrs. Dortha Dietrick, 659 Ann Arbor street.

Mr. and Mrs. W. R. Shaw left Tuesday for their cottage on Black Lake, Cheboygan county. Mr. and Mrs. Shaw expect to be gone about ten days.

Mr. and Mrs. Robert D. Shaw and family, of Alma, Mich., were weekend guests of Mr. and Mrs. W. R. Shaw. Mr. Shaw was down for his class reunion at Ann Arbor and Mrs. Shaw was returning from a two month's visit at her old home at Whiterville, Georgia.

Mr. and Mrs. William Last, Mr. and Mrs. Phillip Widmaier and Mr. and Mrs. Donald Widmaier visited Mr. and Mrs. Fisher at Whitmore Lake, last Sunday.

Miss Carolyn Shaw, who has just completed her work for a master's degree at Columbia university, has returned to her work at the Bowling Green (Ohio) Normal college.

Forrest Kaiser, aged 21 years, son of Charles Kaiser, who resides on the Ann Arbor road about seven miles west of Plymouth, died last Saturday morning after a week's illness. Funeral services were held from Schrader Bros. Funeral Home, Monday afternoon. Rev. Walter Nichol officiating. Interment took place in Riverside cemetery.

## FLOOD RELIEF SESSION. LESSON FOR UNCLE SAM. YOUR IMPORTANT CELLS. WOMEN NATURAL TEACHERS.

The President will call a special session of congress for October, to take up the Mississippi flood disaster and the prevention question. The sooner prevention is discussed and arranged the better. The American congress and people have a great faculty for forgetting—even a two billion dollar calamity and 700,000 people being made homeless.

Twice in succession American fliers have crossed the Atlantic at one "hop." Lindbergh flying to Paris, Chamberlin with Levine, almost to Berlin.

What will military and naval gentlemen say now about their theory that "The airplane is no real menace to this country?"

Out of two attempts to fly across the ocean by American fliers, both succeed.

What would be the probable percentage of success if five thousand foreign aviators, with full government backing and unlimited expenditure of money, should fly the other way on a hostile errand?

Americans should take to heart the lesson that Lindbergh and Chamberlin have taught us to get ready to keep hostile fliers away from this continent.

Five or ten thousand first-class planes, carrying mail parcels and passengers in peace, ready to take on machine guns in war, would be the best investment this rich nation could make.

Golf, according to accident insurance companies, comes third among "dangerous sports." Victims of 451 golf accidents collected insurance last year. Twelve for "cuts with sharp instruments." The instruments were bottles, on the "19th hole." However, for one man injured at golf, one hundred die for lack of exercise, so play golf.

A German scientist says your heart is less important than the billions of cells that make up your body. The heart is important, of course, but the cells, eating, drinking, digesting, each living a separate life, are more important than the heart, even in blood circulation.

The human body is like a nation. Brain and heart are the government. The cells are the citizens, and most important.

Dr. Mendelssohn, of Berlin university, says, "The secret of life is the ability of living cells to effect change of matter and absorb and eject fluids. This change of fluids seems to be the principal cause of blood circulation."

The secret of making life worth while is the ability of the living brain to accept and absorb new ideas. That is the principal cause of human progress.

Students at Oxford worry because women are to teach there. "Isis," read by the Oxford young gentlemen, says that will eventually lead to a sex war, and is "a social revolution of the utmost significance."

Women are natural teachers; teaching has been their business from the beginning; teaching children, teaching husbands.

Hypathia, a better mathematician and philosopher than her father, Theon, was one of the greatest teachers that ever lived, until fanatical early Christian monks tore her from her chariot, as she was going to her school, and murdered her, more than 1,500 years ago.

The college boy or adult citizen lacking respect for women or confidence in their power, judgment and goodness, pays a poor compliment to his own mother.

## ANNOUNCES DATE FOR M. S. C. FARMERS WEEK ANNUAL SUMMER CONFERENCE TO BE HELD AUGUST 4-5-NEW FEATURES PLANNED.

Summer Farmers Day at Michigan State College will be held on Thursday, August 4, this year, and plans are being completed for the entertainment of farmers and their families at this annual summer conference which has become the outstanding meeting of its kind in the state. The day has been changed this year from Friday to Thursday.

New entertainment features will be added to the Farmers Day program this year. A special committee is making plans for a plowing contest, and the Grange baseball tournament finals will be played off during the day. The morning program will include the town and country church choir singing contest, a horse-shoe pitching contest and a tour of the crops experimental plots, the orchards and livestock.

The committee in charge of the program promises a speaker of national reputation for the big general meeting in the afternoon. There will be a band concert at noon.

Farmers Day will come during Country Life Week at the college, which is scheduled for July 31 to August 6. Seventeen different organizations have been scheduled for Country Life Week comprising the largest and most representative group ever to assemble in the interest of studying the problems of country life. "Farm Income and Farm Life" will be the general theme of the conferences during the week, and will be discussed by farmers and other authorities who have studied these problems from all angles.

Which said "Go"  
And I did.

## LIBRARY NOTES

The last regular staff meeting of the Wayne County Library was held in Northville, on Thursday, June 16. The building, one of the most historic in this vicinity, was attractively decorated with vases and baskets of beautiful spring flowers. The following program, arranged by Miss Dawson, was presented:

A discussion of children's books by Miss Tucker, children's librarian of Wayne County, was first given, illustrating her talk with the display of the newer juvenile books. The next speaker, Mrs. Michael Lahey, gave a very interesting review of "Star" by Hooker, the story of a pony and his little Indian playmates. "All who loved 'Black Beauty' will enjoy 'Star.' A new autobiography, 'An American Saga,' by Carl Christian Jensen, was reviewed by Louise Bryan. It is a very interesting account of a Danish boy's struggles in America. Miss Baylis from the main office reviewed T. E. Lawrence's remarkable book, 'The Revolt in the Desert.' The reviews were concluded by a critical evaluation of the much discussed 'Elmer Gantry,' by Sinclair Lewis.

A discussion of various library problems brought the session to a close, after which luncheon was served to the group at the First Presbyterian church. After luncheon, a visit was made to the Wayne County Training school.

## Vinol Gives Girl Appetite and Strength

"My 10-year-old daughter was weak and had no appetite. Since giving her Vinol, she has an amazing appetite and strength." Mrs. W. Josten. "The very FIRST week they take Vinol, children begin to feel stronger, eat and sleep better. A simple strengthening iron and cod liver compound in use for over 25 years for run-down men and women and weak children. Contains no oil—pleasant to take. Dodges Drug Store.—Advertisement.

Byrd now plans an air hop to Paris—and return, with only a twelve-hour lay-over in Paris. It's too bad—but some French official will have to go without his kiss this time.

### A Thought.

When better air castles are built everybody will build them.

## TO WHOM IT MAY CONCERN

Notice is hereby given that I, George A. Dingman, County Drain Commissioner of the County of Wayne did on the Seventh day of June 1927, file in the office of the said Drain Commissioner an order designating a drainage district for the Green Meadows. The drain according to Act No. 316, P. A. of Michigan 1925.

The route and course of said drain is as follows:  
GREEN MEADOWS DRAIN  
Located on Sections 2 and 3 of Canton Township and Section 34, Plymouth Township, Wayne County, Michigan.

The center line of the Drain is described as follows:  
Commencing at a point 1330 feet East and 400 feet North of the south quarter section corner of Section 2, Canton Township, Wayne County, Michigan:

thence West 525 feet,  
thence N. 82.40' W. 250 feet,  
thence S. 21.15' W. 340 feet,  
thence S. 89.42' W. 550 feet,  
thence N. 27.43' W. 275 feet,  
thence N. 78.38' W. 420 feet,

#### FIRE LADDIES RECEIVE LETTER.

May 30, 1927

Mr. Fred Wagenschutz, Chief, and Members of the Plymouth Fire Department.

Gentlemen: Your very nice letter recently sent me was deeply appreciated. I have always especially enjoyed my relations with the Fire Department, both the handling of the apparatus itself and the personal relations with you men. From the time Bert Crumie picked me up in his car to go to my first fire and Ed taught me to drive the old truck to my last day on duty when you staged the final celebration down on South Main street.

Working with you as I did, I had a better opportunity than most citizens to observe the operations of the department, and I am sure that few towns of any size whatever have as fine a bunch of men working so well together, and having the welfare of the town so deeply in mind. The cost of fires here in Plymouth is very moderate, counting losses, fees of firemen and maintenance of the department, and I presume few of our citizens appreciate how much of this desirable condition is due to your faithful work.

I thank you very much for your good wishes and assure you that I shall always enjoy my memories of my work with you and shall count myself more or less one of you. I shall try to keep in touch with you and I hope to drop in occasionally at your meetings.

With best wishes to you all, I remain

Yours very truly,  
Sidney D. Strong.

#### OBITUARY

Anna Marie Johanna Micol, nee Lange, was born September 1st, 1885, in Tetzlaff, Prussia, Germany, the daughter of Mr. and Mrs. Carl Lange. She was baptized in the Lutheran church of the country of her birth.

In 1889, at the age of six, she came to this country and to Northville with her parents and later lived on a farm near Clarenceville. She was instructed in the Lutheran creed and confirmed in the Lutheran church at Clarenceville.

The 23rd day of October, 1901, she was united in marriage with William Micol, with whom she lived happily nearly 27 years. The marriage of Mr. and Mrs. Micol was blessed by the birth of one child, Harold, born in October, 1914.

Mr. and Mrs. Micol lived on East Ann Arbor street, in Plymouth, nearly all their married life.

Seven years ago the deceased had a severe attack of the flu, which left her lungs weak and made her a sufferer for the rest of her life. Her sufferings at times were dreadful, but she bore them patiently. Everything was done by her husband and others to give her relief, and all possible medical care was employed, but all in vain. She knew the end was coming and she was prepared to meet her God. She died peacefully Monday morning at 3 o'clock, June 13, having attained the age of 43 years, nine months and 12 days, and leaves to mourn her departure the husband and son, her mother, two brothers and one sister.

Funeral services were held Thursday, June 16, at 2 o'clock in the Schrader Bros. Funeral Home, Rev. Charles Strasen officiating. Interment was in Riverside cemetery.

#### PERRINSVILLE

Rev. Davis and Miss Lucille Socco of Detroit, were united in the holy bonds of matrimony, Monday evening, June 20th, at the Grace church.

A very pleasant evening was spent at the home of Mr. and Mrs. George Baehr, last Wednesday evening. It was to have been a young people's meeting, but as there were more older folks, it was spent in visiting.

Mrs. Emma Steinbauer is caring for her daughter, Mrs. Mildred Wilson of Wayne, who is very ill at this writing. Hawthorne Land Company have commenced moving the houses on their ground.

Mrs. Wm. Shunk entertained Mr. and Mrs. Asa Shaw and Mr. and Mrs. John Shaw of Detroit, recently.

Robert Love of Saline, received some pretty severe cuts in an automobile accident, when the car he was driving turned over.

#### Facing Facts.

"I don't know what we are coming to," pondered the autoist as he drove up to the edge of a cliff.

#### And in a Positive Manner.

"She treated me like I was a photographer."

"How come?"

"She handed me her negative."

#### Mistaken Identity.

After waiting long and patiently for his waiter to appear with his order of ham and eggs, the nervous Mr. Wolloup accosted another waiter and asked: "How long have you been working here?"

"Two weeks, sir," replied the waiter.

"No," said Mr. Wolloup, sadly, "you are not my waiter."

#### BUILDING AND LOAN ASSOCIATIONS MAKE ASTONISHING RECORD.

"The place of the building, savings and loan associations in the American nation is firmly established. In the scheme of human affairs called civilization shelter is a necessary thing, and the savings and loan association has this necessity for its foundation. Our institutions are more and more making themselves felt in the vast financial fabric of this country. The building industry for the last few years has played an important part in the prosperity of our country and we are told by government authorities that nearly seventy per cent of the money which is used in the building of American homes comes from our associations. Through this agency fully 425,000 homes were acquired in 1924, 510,000 in 1925 and the estimate for 1926 places the homes financed at fully 600,000. The total number of homes financed during the last three years, therefore, is about 1,535,000, an astonishing record and almost beyond the comprehending powers of the mind. We can get a somewhat different conception of the enormity of this home building work, however, if we supposed every home financed by savings and loan associations during 1926 were placed side by side on fifty-foot lots, the line of homes would be fully 3,000 miles in extent—the distance from New York City to San Francisco and fully half way back again. As a result of the many millions of dollars that we put into circulation hundreds of thousands of working men were given an opportunity to earn an honest income. The savings and loan association dollars went into the pockets not only of the working man, but of the realtor, the merchant, the manufacturer, and the farmer. Out of the creation of new homes millions of dollars are yearly added to our taxable wealth, so that our communities not only have better citizens but increased revenue for public improvements. No other financial agency could have done what our associations have done and are doing."—From an address of Ann E. Raa before the Western New York Savings and Loan League.

#### AN ORDINANCE.

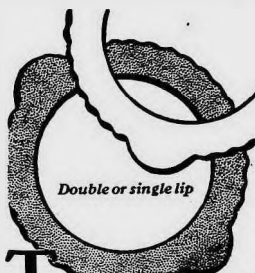

An ordinance to amend an ordinance entitled, "An Ordinance regulating the use of water from the waterworks of the Village of Plymouth, and establishing rates and providing for the collection thereof. THE VILLAGE OF PLYMOUTH ORDAINS:

Sec. 1. That Section 3 of such ordinance be amended to read as follows:

Section 3. All applications to make connection with said system of waterworks shall be made at the office of the Village Treasurer in writing, and upon blanks to be furnished by the Village. Such applications shall fully describe the locality and where such connection is desired. A tapping fee of TWENTY-FIVE DOLLARS shall be paid at the time such application is made and if the connection is larger than three-quarters (¾ in.) of an inch, the total cost, including said TWENTY-FIVE DOLLARS paid, shall be the actual cost of making the connection, plus FIFTEEN PER CENT (15%), all of which amount remaining unpaid shall be due and payable immediately upon making the connection.

Sec. 2. This ordinance shall take effect on the 1st day of July, A. D. 1927.

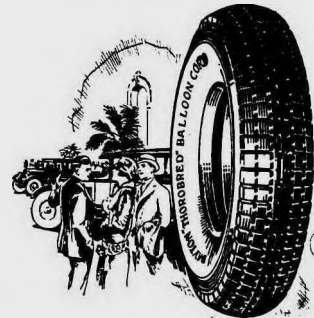

Made and passed by the Commission of the Village of Plymouth, State of Michigan, at a meeting thereof held on the 6th day of June, A. D. 1927.  
Henry J. Fisher, Village President.  
Wm. Weltner, Village Clerk.

## Dr. Frank Crane Says

OUR NATIONAL DUTY IS OBVIOUS.

Our recent report to congress for an appropriation for the interior department included some \$750,000 for a dam in Arizona and some \$2,300,000 for road construction, with other items of a similar character.

This is proper business for a government. It does not pay for a government to be paternal and to foster certain special interests, but it does pay for a government to engage in public works, the benefit of which shall accrue generally to the people.

When the Lord made Adam and Eve it is said that he put them in the garden in order to tend and keep it. Man's work ever since upon this earth has been in improving upon the natural conditions of nature.

It is to reclaim deserts, improve rivers, perfect harbors and make tunnels, etc., so that the earth will be a fitter place in which to live.

It is this kind of work in which the army should be engaged. In other words, be put upon constructive labor as well as to be kept in readiness for destructive operations.

Such a program might well call for the services of every boy and girl at some time in their lives, say from the years of 20 to 22, when they would be required to give their services to the government. Everybody ought to be made to realize that the nation is greater than the individual and has

prior claims upon a man, claims that come before his individual needs.

This would maintain an immense army of constructive workers who could be changed in a moment's notice to an army of defense against an enemy.

If this plan were adopted I should be in favor of compulsory military training and in compelling boys and girls to be trained not alone in the bearing of arms, but compelling them at a certain period in their lives to work for the government.

The United States has vast stretches of land which need improvements. Much of the west is barren and needs only the proper use of its water courses in order to water it. Arizona might be as rich as Egypt if it were properly watered.

The use of the natural supply of power that is found in falling waters opens up tremendous vistas and in the application of this our youth might well be employed.

The making of good roads also is a contribution to the permanent welfare of our nation. Roads need to be constantly worked upon and new roads need to be built.

Altogether it is quite proper for a government to go into the business of improving the natural resources of the nation.

### Notice of Hearing

The following resolution was offered by Commissioner Henderson who moved its adoption, supported by Commissioner Learned.

BE IT RESOLVED that the Commission of the Village of Plymouth deem it advisable to vacate, discontinue and abolish, all that part of a certain alley within the Village Limits, the plat thereof to be vacated, discontinued and abolished, being described as Beginning at the Northeast Corner of Lot Numbered 23, BROOKVIEW SUBDIVISION, of part of the Northwest Quarter of Section 35, T. 1 S., R. 8 E., Michigan, according to the Plat thereof duly recorded in Wayne County, Michigan in Liber 38 of Plats on Page 78, running thence S. 88 degrees 22 minutes E., 44.5 feet; thence S. 88 degrees 17 minutes E., 9 feet; thence N. 88 degrees 22 minutes E., 44.5 feet; thence S. 88 degrees 17 minutes E., 9 feet, to the point of beginning except that said vacating, discontinuing and abolishing is not to affect in any way the right of easement at the rear of said Lot Numbered 23, according to the Plat of said BROOKVIEW SUBDIVISION.

BE IT FURTHER RESOLVED that this Commission will meet in the Village Hall of the Village of Plymouth on Monday the 18th day of July 1927, for the purpose of hearing any objections that there may be to the vacating, discontinuing and abolishing of that portion of said alley hereinbefore described and that any person desiring to object to the vacating, discontinuing and abolishing of the same, may file his objection, in writing, with the Clerk of the Village of Plymouth, on or before the date set for said hearing, and

BE IT FURTHER RESOLVED that the Clerk of said Village be and he is hereby instructed and directed to give notice of said meeting, by publishing a notice thereof for two weeks successively in the Plymouth Mail, a newspaper published and circulating in the said Village of Plymouth.

WILLIAM WELTER, Village Clerk.

### Quarantine Proclamation

Wayne County Executive Office, Lansing, Michigan, June 15th, 1927.

It having been represented to me by the Commissioner of Agriculture that tuberculosis exists among the cattle of Wayne County and that all of the cattle in said county have been examined and tested for tuberculosis.

Now, therefore, by virtue of the authority provided, I hereby declare that a quarantine exists on all the cattle in Wayne County and against the importation into Wayne County of cattle not found to be free from tuberculosis through the application of the tuberculin test, except cattle for immediate slaughter, and that the area within the boundary line of said county shall constitute the quarantine district and that all cattle therein be examined and tested under the rules and regulations of the Commissioner of Agriculture, a copy of which is hereto attached.

FRED W. GREEN, Governor.

### STATE DEPARTMENT OF AGRICULTURE

A quarantine having been placed upon all the cattle of Wayne County.

NOTICE IS HEREBY GIVEN:

1. That an examination and test for tuberculosis of all cattle in Wayne County has been made by authorized inspectors, and except as hereinafter provided no cattle shall be imported into said County of Wayne during the term of said quarantine.

2. Cattle may be imported into Wayne County upon the express condition that the importer, or the person lawfully in possession shall submit to the Commissioner of Agriculture a proper certificate indicating that such cattle are from a herd under Federal and State supervision and found free from tuberculosis, or have been subjected to an approved tuberculin test applied by an accredited veterinarian, within sixty days prior thereto.

3. Cattle to be slaughtered within ten days may be imported into Wayne County without test upon condition, however, that such cattle be kept separate and apart from other cattle until slaughtered. A conditional permit therefor shall be issued by the Commissioner of Agriculture. Provided: That cattle consigned to the Detroit Stock Yards may enter Wayne County without a permit.

4. These regulations are not intended to prevent the removal or exportation of cattle from said county during the term of this quarantine.

HERBERT E. POWELL, Commissioner of Agriculture.

Sec. 23. Any person violating, disregarding or evading any of the provisions of this act, or any of the regulations, orders or directions of the Commissioner of Animal Industry (Commissioner of Agriculture) made pursuant hereto, shall be deemed to be guilty of a misdemeanor and by conviction thereof shall be punished by a fine of not less than ten dollars nor more than five hundred dollars, or shall be imprisoned in the county jail for not more than six months, or both such fine and imprisonment in the discretion of the court. The doing of any act herein declared to be unlawful, or herein forbidden, shall be deemed to constitute a violation hereof.

### KIWANIANS HEAR

#### INSURANCE TALK

An instructive talk on insurance in its various phases was given before the Plymouth Kiwanis club at the regular meeting last Tuesday noon by John C. Myers, insurance adjuster of Michigan.

Mr. Myers defined the different types of policies now being written and urged that insurance buyers exercise the same caution in the purchase of policies as would be applied to the purchase of real estate.

He drew special attention to the fact that fully 90 per cent of all policy holders in whatever type of insurance had little or no knowledge of the points covered or the indemnity that could be expected in case of loss.

Mr. Myers pointed out that the purchase of a \$10,000 policy, regardless of type, was entitled to every consideration and all the thought that would be given to the purchase of a home or any investment involving a similar amount. The small amount of the premium paid has had a tendency to disarm caution and engender carelessness, according to Mr. Myers.

Following the hurricane in southern Florida a year ago, Mr. Myers was sent to the devastated district to assist in insurance adjustments, spending several weeks in that state. He gave a vivid word picture of the damage wrought and personally experienced another storm of less severity before he left Miami.

The program was under the direction of Dr. W. G. Jennings, who had previously announced, through his secretary, that newly minted dimes would be given to all in attendance at the meeting. This had the effect of producing a hundred per cent meeting, but the doctor was disappointed by the mint in failing to get the shipment here in time. Members with a "Doubting Thomas" complex left the meeting with an "I told you so" expression on their faces, but all admitted that the doctor had produced so far as the program was concerned.

Always popular with the Plymouth club, Wayne VanDyne, member of Northwestern club, Detroit, gave two vocal numbers, assisted by Miss Ruth Allison at the piano.

The meeting a week ago was under the chairmanship of Dr. Carl January, who presented his uncle, H. V. January, to the club as a speaker. Mr. January is a Detroit attorney and he kept his hearers interested in a discourse which portrayed, in a large degree, his vision of the Plymouth of the future. He stated that the original Plymouth, in England, was a good city to emulate and he looked forward to the time when he might dine in the new Mayflower hotel, surrounded by environment and costumes that would be suggestive of the days of Myles Standish. In this connection he dressed to give a story of the latter's courtship.

Kiwanians and Rotarians are looking forward to the golf tournament that is being arranged between the two clubs which is expected to take place within the next three weeks.

#### Today's Reflections

A Nebraskan has invented a tractor that plows without human aid. Now for a farm that runs without government aid.

Who can remember when even a lightning rod agent was invited to stay to dinner at any farm house around Plymouth he happened to be near at meal time?

The way to treat spring fever is to elevate the feet, close the eyes, open the mouth and say "z-z-z."

Who can remember when all a man had to do to be a presidential possibility was to have the foresight to be born in a log cabin?

Our idea of a real fisherman is the Plymouth man who fishes for fish and who is surprised if he catches any.

Who won the gasoline war may be an unsettled question, but there is no doubt about who will pay for it.

Our advice to Plymouth citizens who want to stop the mouths of gossips is to stop their ears to gossip.

If you have a weak will it always shows up in the presence of a solicitor for lodge membership.

Fathers find it is far more economical to have a daughter so homely she is not running down to a high-priced photographer to have her picture made every few weeks.

In defense of Plymouth women, we want to say that any man is a brute who expects his wife to wear a smile and last year's dress at the same time.

Two things an old married man knows is that two can't live as cheaply as one and two can't drive a car as efficiently as one.

You'd never dream from giving a clothes line the once-over that it costs about five times as much now to dress a woman as it used to.

Any Plymouth woman who talks in her sleep is a hog. Fourteen to sixteen hours a day is long enough for any woman to talk.

Another strange thing is that every fellow who comes along and predicts the end of the world can always get a hearing from some people.

Another trouble with this generation is too much cylinder oil and not enough elbow grease.

When the average Plymouth man is hungry and thirsty germs and microbes in his food and drink are the least of his worries.

#### W. C. T. U.

The Woman's Christian Temperance Union will hold a flower mission meeting Thursday, June 30, at 2:30 p. m., at the home of Mrs. Titus Ruff, 244 Hamilton street. The program will be in charge of Miss Cora Pelham. "The Story of Flower Mission Work" will be given, and there will also be an "Original Poem on Flowers."

Any members having flowers are asked to kindly contribute some for this meeting in order that there may be bouquets to send to the sick and shut-ins.

#### STARK SCHOOL NOTES.

Commencement exercises were held for a class of three eighth grade pupils. Although a small class, it was an exceedingly fine one. All the members tested high in knowledge and were quite accomplished in music. It was hard to draw the line as to whom the place of valedictorian belonged, but the honor was finally given to Viola Luttermoser. Phyllis Kabrl was class historian and Roy Schmidt gave a clever prophecy of his classmates. The speeches were interspersed with music given by the class. The class song was composed by Viola Luttermoser.

These exercises were followed by an enjoyable closing day program. Each child responded and was rewarded at the close of the exercises with a certificate.

The graduates received their diplomas at Elizabeth park, Trenton, at a field day meet for Wayne county schools. Several honors were attained for the school on that day. Both rooms took first honors with their health booklets; the upper room won first honors on their citizenship poster, and Merna Vantassel came in third in the potato race. Prizes will be given, with the exception of Merna, who has received hers, in the fall when school opens.

The teachers desire to express their wishes that each child enjoy his vacation to its fullest and that he shall be ready to return to school September 6th ready for the coming year's work.

Our liner ad column has helped many people find their needs. The results are satisfying and the cost is small.

#### AROUND ABOUT US

Strathmoor is to have a new theatre with a seating capacity of 2500 people.

At the recent annual meeting of the Michigan G. A. R. Drum Corps Association, Frank Perrin of Northville, was elected president for the ensuing year.

Work has been started on the Ten-Mile road pavement to Farmington. It is expected that traffic will be handled over the new paved road by early autumn.

The Washtenaw County Fair Association has awarded the contract for the erection of a new administration building at the entrance of the fair grounds in Ann Arbor.

The annual field day of Knights Templar for southeastern Michigan, will be held at Northville, sometime early in September. The field day will bring 500 or 600 plumed Knights to our neighboring village at that time.

Detroit is 67.78 miles around its entire boundary, including the International boundary line in the Detroit River, it was recently discovered by Perry A. Fellows, city engineer, in making comparisons of distances in this city.

Pontiac's industries are to be augmented by the addition of the Yellow Truck and Coach Mfg. Co.'s plant, which will employ 5,000 men in an eight million dollar plant, to be erected on a tract of land owned by the General Motors Corporation.

By the decisive vote of 94 to 8, Northville residents decided to have a charter framed for the conduct of village affairs, and have the following charter commission to draft the new charter: Edward H. Lapham, L. A. Babbitt, A. C. Balden, Milo Johnson, Charles Dolph.

Work is moving along on the new paved way from Commerce to the Orchard Lake road. The grading is completed, and the cement has been poured from the western end to the Union schoolhouse. The cementing is now in progress west from the Scotch school. It is expected that the western section of the road, from the Hayes corner through Commerce village to the Walled Lake road, will be open to traffic the last of this week.—Milford Times.

#### Soul of Honesty.

"I beg your pardon, sir, but I am soliciting donations for our rummage sale. What do you do with your old clothes?"  
"Why, I brush them carefully at night, and I put them on again the next morning."

### Summer Underwear

Never have we shown better value in Men's Summer Underwear than we are showing at the present time. Made of splendid material and cut to fit the human figure without binding, pulling or throwing unnecessary strain upon any part.

Come in and see the big values we have to offer.

Complete line of Hats, Caps, Shirts, Ties, Etc.

### Jewell's Men's Store

187 Liberty Street

OPEN UNTIL 7 P. M.

### TIME—MATERIAL—MONEY

SAVED IN BUILDING OUR WAY!

Economy, Permanence, Satisfaction—these things have been written into the construction of an A-A-HOME.

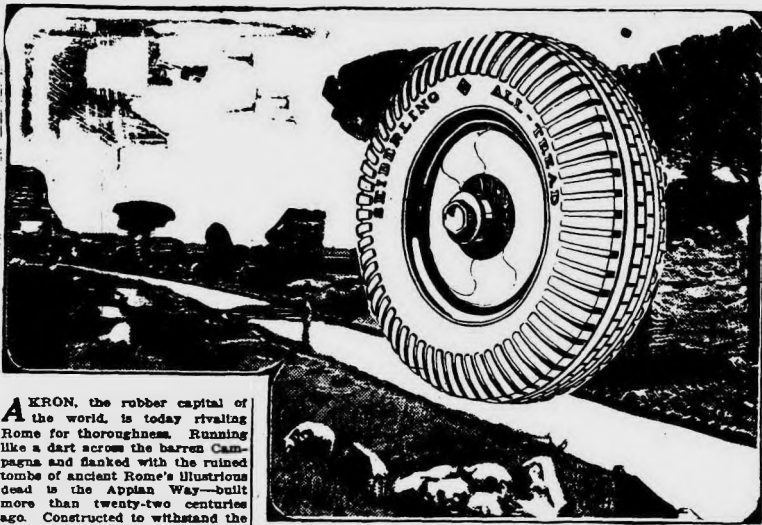

At the same time there is sturdiness and dignity, built to resist the ravages of storm and time, giving you a home without up-keep for many years to come.

## Romans As Road Builders Now Find Rival In Akron's Rubber Pioneer

AKRON, the rubber capital of the world, is today rivaling Rome for thoroughness. Running like a dart across the barren Campagna and flanked with the ruined tombs of ancient Rome's illustrious dead to the Apian Way—built more than twenty-two centuries ago. Constructed to withstand the tramp of Caesar's countless legions and the grind of chariot wheels this great military highway has lived to feel the strain of tanks, caissons, and marching Fascists of the modern Italy.

Through Gaul and Britain the modern traveller rides upon roads many of whose bases were laid under the direction of Roman centurians. The majesty of the Em-

pire has passed but their highways remain to prove the glory that was theirs.

The Romans did not learn to build roads in a day. Neither have the rubber companies perfected their improvements over night. For thirty years Frank A. Seiberling has been building tires. He developed the first fire building machine and the cord tire. Today,

under his direction, a new process of vulcanization has been perfected, whereby the water-bag cure is substituted for the dry heat of steam. Tires are cured more uniformly, the natural oils of rubber and cotton are preserved and the new product is ready for service upon the modern Apian ways which stretch for thousands of miles across the United States.

### DETROITERS ELECTED TO BOARD OF DIRECTORS OF MICHIGAN BELL TELEPHONE COMPANY.

Announcement was made today by Birch Foraker, president of the Michigan Bell Telephone company, of the election by the stockholders of that company of Fred J. Fisher to the board of directors. Mr. Fisher succeeds Harry B. Thayer, of New York City, chairman of the American Telephone and Telegraph company.

Mr. Fisher, who is native of Norwalk, Ohio, has spent the major portion of his business life in Detroit, and has been actively identified with the manufacturing life of that city. He is president of Fisher & Company and vice-president and director of the General Motors corporation.

### NORTHVILLE WILL CELEBRATE CENTENNIAL.

Northville will be one hundred years old this fall, and will properly celebrate the event with a big home-coming celebration that will eclipse anything ever held in that village. It has been suggested that the celebration start Labor day and continue two or three days, but this will be decided later on. The city officials and other civic leaders are formulating plans for a pageant depicting the progress of the community from the time of its founding up to the present day.

Ornate automobiles and aeroplanes will play an important part in the events that are to take place during the celebration.

### SALEM

There will be an ice cream and cake lawn social Friday evening, July 1st, at the home of Mr. and Mrs. Glen Burnham for the benefit of the south circle of the Federated church.

Mr. and Mrs. Harmon Gale and family were Detroit shoppers Monday.

Mr. and Mrs. Charles McLaren, of Plymouth, were Sunday dinner guests of Mr. and Mrs. George Roberts.

The south circle of the Federated church met at the home of Mrs. Coda Savery Tuesday afternoon. A business meeting was held and a delict luncheon was served.

Mrs. Ella Cole had the misfortune to fall and break her hip Sunday. She was visiting at the home of her son, Mrs. Cole is over 80 years old.

Master James Boyle spent Wednesday and Thursday at Walled Lake with his grandparents.

Rev. Halliday, of Delaware, Ohio, will preach at the Federated church Sunday morning.

Mr. and Mrs. Merrill Henwick and Merleth and Miss Ruth Foreman visited relatives in Detroit Monday.

Several from Salem attended the baccalaureate services at the Baptist church in Northville Sunday evening. Those graduating from Salem are Ruth Foreman and Orson Atchison.

Mrs. Jennie Smith returned home from Grand Rapids last Friday after spending three weeks at the William Corbin home.

Joe Nollner, from Dearborn, and daughter, Mrs. Albert Twok, of Detroit, were Sunday guests of Mr. and Mrs. Frank Ryder.

Miss Dorothy Foreman and E. Wiesen, of Detroit, were Sunday guests at the former's home.

### B. B. KEITH'S TEMPLE THEATRE DETROIT, MICHIGAN.

Wanda Hawley, popular stage and screen star, makes a personal appearance as headliner at B. B. Keith's Temple theatre starting Sunday, June 28. Miss Hawley comes in a domestic comedy entitled "Squaring the Circle." In eight years Miss Hawley has made an enviable reputation in pictures. Her real opportunity came in filmization of William Gillette's famous play, "Secret Service." Others in which she figured include "The Affairs of Anatol," "The House That Jazz Built" and "The Desert Sheik," which is a screen adaptation of A. Conan Doyle's story, "Fires of Fate." Other acts on the bill include Billy House and company in a comedy classic entitled "Resolutions"; Wade Booth in "Song Characterizations," with Mildred Davis at the piano; Dexterous Trio, an acrobatic bicycle novelty featuring their mid-air toe to toe catch; Cannon and Lee in "A Whirlwind Novelty," other great Keith-Albee vaudeville and the new screen subjects.

#### They Are Like That.

"Didn't you say there was something you liked about me?"  
"Yes, but you've spent it all."

#### Merals & Melars.

"I need lots of pull to succeed in my business," remarked the dentist, as he extracted another tooth.

"I've lived on earth a good while," asserts Dad Plymouth, "but I've never yet heard of a man thanking the Lord because he has more than he deserves."

"When the average man goes through the house and picks up a few newspapers he has scattered," says Dad Plymouth, "he thinks he is a big help to his wife."

## Walk-Over

FRANCESCA

With an instep grip as firm and welcome as a friendly hand clasp. In tonings of Rose Blush Calf and Wisteria, truly a beautiful melody of color.

There are ties that do not bind---

ties that snuggle up to every curve of the foot without discomfiture; ties that cling to the ankle, eliminating unsightly gaping when you walk. This season's Walk-Over ties show new and attractive patterns and some particularly happy color combinations.
