MAYFLOWER OPENING IS GREAT SUCCESS

COLORFUL SCENE GREETS BANQUETERS AT OFFICIAL OPENING LAST EVENING

Flowers in Profusion, Music, Addresses, Dancing and Dining Are Features of Important Civic Event—Many Attend.

Hotel Mayflower was officially dedicated to civic service last evening, under auspices as colorful and brilliant as have ever been witnessed in this community, when approximately two hundred residents and visitors assembled for the banquet and attendant ceremonies.

The lobby and palm room were banked in a profusion of flowers, sent as expressions of best wishes from banks, industries, hotels and individuals. Baskets of giant "mums" vied with American Beauty roses in creating a scene of beauty and vibrant color.

Guests were welcomed at a reception at 6:30 by members of the board of directors, acting as a reception committee, and after viewing the hotel were ushered to the beautifully appointed Crystal dining room, where the banquet was served.

To the strains of music by Daniel Patterson's orchestra, stationed in the Palm room, guests were seated to a splendid banquet, details of which are given in another column of this paper.

Charles H. Bennett, president of the Plymouth Community Hotel corporation, was the efficient toastmaster of the evening, and following the entire course introduced the song leaders, William Wood and R. F. Valentine. Mass singing enlivened the evening. Rev. F. C. LeFevre gave the invocation.

Mr. Bennett paid a splendid tribute to the members of the executive committee, who had taken over the details of the hotel, complimented the citizens who had made the hotel possible through their financial support, and prophesied a successful course for the new civic craft "Mayflower."

"Ladies and gentlemen, or rather fellow stockholders, friends and guests. We are gathered together here tonight to celebrate what to my mind seems the biggest and most important civic event in the history of Plymouth, the formal opening of the Hotel Mayflower.

"Nothing finer in the way of community spirit and cooperation was ever put over in anybody's town and if we will continue to become better acquainted with one another and to pull together in the next five years as we have done this last year, then this opening of a new hotel will but mark a small beginning of larger and better things for old Plymouth, the town of which we all feel so justly proud.

"I have long looked forward through rose-colored glasses to the event of this evening, and although I've been a lens now and then waiting, I'm happy to state that they are in extra fine condition this evening.

"It's not necessary to take up a minute of your time giving you the history or details of our hotel and how it was accomplished, as these facts and figures have been written up by our local editor, Lawrence Samsen of the Plymouth Mail, in far better style than I could hope to do it, and I wish to say now that Mr. Samsen has the sincere thanks of our entire board of directors for this, and the countless courtesies and good will shown by the Mail since the day we started our drive for funds till now.

"And before introducing any of our speakers, I wish to take this opportunity of expressing to you, the stockholders, my sincere appreciation in being elected one of your board of directors, and I thank the board for their good will and confidence in making me their president. It is an honor as well as a pleasure to work with such a bunch of good fellows, and I don't mean maybe. I'm going to confess, however, that as president of this organization my batting average could not be much better than fifteen per cent, and I don't mean that, but a severe illness all last fall and winter and an unavoidable operation this spring has kept me pretty much on the bench, so

NEW HOSTELRY OPENED LAST NIGHT

Photo by L. L. Hall

This photograph shows the new Hotel Mayflower, which was opened with appropriate ceremonies last night. The preceding afternoon and evening the hotel was opened for the inspection of stockholders and their friends, and the building was thronged from mid-afternoon until late in the evening. Plans under which the Mayflower was built provide for the ultimate expansion of the hostelry to five stories, and in the first page of section three the architect's drawing shows how the building will look when enlarged.

FURNISHINGS COMMITTEE COMMENDED FOR ARTISTIC APPOINTMENT OF HOSTELRY

COMPLETE HARMONY IN EQUIPMENT IS RESULT OF INTELLIGENT PLANNING.

Visitors who inspected the Hotel Mayflower Wednesday and Thursday were loud in their praise of the exceptional furnishings plan prevalent throughout the hostelry.

The entire ensemble evidences an artistic selective ability by the members of the furnishings committee, headed by Fred Schrader. Associated with him in this important work were John Larkins and Paul Wiedman.

A splendid harmony in color and style is apparent from the moment the guest enters the spacious lobby and extends throughout the entire building.

Co-operating with the committee were many of the prominent business houses in Plymouth.

Furniture, carpets and rugs were supplied from the large stock of Schrader Bros. Installation was under the direct supervision of Fred Schrader.

Blank Bros. secured the contract for all window shades and draperies, and many favorable comments have been volunteered regarding the taste shown in the selection of hangings.

Silverware, hollowware, dinnerware, glassware and cooking china were supplied by Gayde Bros. Liberty street grocers.

Sheets, pillow cases, blankets, mattress covers, towels and table linens were provided by Martin's. Main street dry goods and notions firm.

Refrigeration facilities were handled by the hardware firm of Hunton & Company.

Inspection of the quality of these various essentials will reveal an eloquent reason for citizens of Plymouth to give their local merchants an opportunity to serve them in all domestic requirements.

Other Plymouth firms contributing to the construction or service of the hotel include the Plymouth Elevator company, supplying face brick, sand lime brick, cement and mason line; Eckles Coal and Supply company, with hollow tile, sewer tile, lime plaster and cement; Carl Heide, florist; Michigan Federated Utilities, kitchen ranges, broilers and ovens; Michigan Bell Telephone company, exchange system.

The operating company has closed a two-year contract with the Hills Dairy company for milk and cream for the hotel.

The William Woods Insurance Agency of Plymouth wrote the contract bonds for the new structure, and since the construction has written a large proportion of the insurance policies carried upon it.

Hotel Mayflower is in every sense a community project—community financed, community built and community furnished. It deserves and will receive loyal community support.

LOCAL GAS COMPANY LOWERS RATES

NEW SCHEDULE OF GAS RATES ACCEPTED BY VILLAGE COMMISSION LAST MONDAY EVENING.

REDUCTION IN RATES MADE VOLUNTARILY BY COMPANY—TO TAKE EFFECT WITH THE DECEMBER BILLS.

E. K. Wrench, manager of the local gas plant of the Michigan Federated Utilities, presented a new schedule of gas rates to the village commission for their acceptance and approval last Monday evening. The new rate schedule was accepted by the commission by a unanimous vote.

The new rate provides for about an eight per cent reduction under the present rate. The old rate was \$1.80 per 1,000 cubic feet, while the new rate is \$1.60 per 1,000 cubic feet, after the first 300 feet. The charge for the first 300 feet is 75 cents, with the minimum at 75 cents per month. These rates are net. This will mean a reduction of 29 cents per month, or \$3.50 per year for the average consumer.

To the consumer using more than the average amount the reduction, of course, would be greater.

This voluntary reduction of the gas rate is in keeping with the policy of the company outlined at the time of the purchase of the plant.

When the new rates go into effect with the December bills, Plymouth will have the lowest gas rate of any town in the state, except places that are furnished from gas plants in large cities.

Since the present company purchased the local gas plant some very extensive additions and improvements have been made that gives Plymouth one of the best equipped plants in the state.

The service rendered and the quality of the gas is excellent and gives splendid satisfaction. This reduction in rates will be much appreciated by the consumers, and the company is to be commended in taking this voluntary step in reducing rates at this time.

ARMISTICE DAY DANCE AT I. O. O. F. TEMPLE

A big dance is being staged by the Ex-Service Men's Club of Plymouth at the I. O. O. F. temple, this Friday evening, November 11th, Armistice day. The members of the club are planning on making this one of the biggest events of the season, and a record crowd is expected to attend.

Livingston's five-piece orchestra will furnish excellent music, and there will be a program of old and new dances. The bill is \$1.00, including refreshments. Extra lady 25c, and spectators 25c. You are assured of a good time if you attend the party this evening.

CONSTRUCTION OF HOTEL PLACED IN COMPETENT HANDS

The general contract for the construction of the Hotel Mayflower was let to the Stibbard Construction company, of Detroit. J. H. Wettlaufer, president and general manager. This concern is one of the largest in the city and is well known for the excellence of their structures.

Mr. Wettlaufer has given personal attention to the local project during the entire construction period, and it is the opinion of the building committee that nothing has been slighted in giving Plymouth the finest structure possible for the expenditure involved.

The architectural features were in the capable hands of Vernon, Wilhelm & Molby, with offices in Book Tower, Detroit. The architects have worked in close harmony with local executives and throughout the entire formative and building periods not one discordant situation has arisen.

The backbone of the structure is strictly a Plymouth product. The General Machine and Iron Works, Inc., at Eastlawn, Plymouth, fabricated and erected the structural steel and also supplied all the ornamental iron-work in the building. Fred Schmidt, president of the company, gave his personal attention and direction to that portion of the contract executed by his company. The General Machine and Iron Works is conceded to be one of Plymouth's most important industries.

Stanley Corbett, of Plymouth, had charge of all the electrical installation. His work has received exceptional endorsement both from the building superintendent and electrical inspectors.

The plastering contract was in the capable hands of McNunn & Graham, of Detroit.

Ralph Peckham, also of Detroit, was the successful bidder on steam fittings.

Excavating was handled by John Ward, of Detroit, and somewhat of a record was established on this contract.

The ventilating system was installed by W. C. Cambell, of Redford. Mr. (continued on page three)

PUBLISHER'S NOTICE

We wish to take this opportunity to thank the advertisers who have so generously helped to make the Hotel Mayflower edition of the Mail possible. The Mail is also deeply appreciative of the services of C. R. Livengood, who assisted materially in getting out this edition. Mr. Livengood has had a large experience in work of this character, and this experience has had a large part in making the Hotel Mayflower edition such an outstanding success.

RECEPTION AND LUNCHEON ON WEDNESDAY ATTENDED BY MANY LOCAL AND OUTSIDE VISITORS

Open House is Maintained From 4 P. M. Until Late in Evening—Complimentary Luncheon and Music Enjoyed.

On Wednesday afternoon and evening Hotel Mayflower was opened for inspection by stockholders and their friends, and from 4:30 o'clock in the afternoon until late in the evening throngs of Plymouth citizens and out of town visitors were shown over the building by members of the reception committee.

At 5:30 the Grenoble Hotels, Inc., operators, were hosts at a complimentary luncheon comprised of chicken and ham patties, mashed sweet potatoes, buttered finger rolls, orange sherbet and coffee.

The high school band furnished music in the afternoon, and the high school orchestra and glee club rendered musical selections during the evening hours.

Many expressions of approval were volunteered by the visitors, and all were charmed with the admirably taste shown in the decorations and furnishings. A warmth of environment prevails immediately one enters the lobby, the main entrance to which is off Ann Arbor street.

Visitors were met in the lobby entrance by members of the reception committee, composed of a large number of prominent stockholders who volunteered for the occasion. Guests were taken in groups through the building, after which they enjoyed the luncheon and music.

Gold type is inadequate to portray a picture of the structure, its color scheme and furnishings, since that indefinable charm which contributes to wholesome environment and homelike atmosphere is impossible of description. The fact that the building and furnishing committees have wrought this result is best attested by the many comments of visitors Wednesday afternoon and evening.

The lobby is spacious and well arranged, and covering a period of at least thirty days. Builders, material supply houses, architects, home furnishers and decorators will participate in the campaign, contributing ideas and information to all prospective home builders who are interested in the subject.

The first model home will be constructed on a scenic lot in Plymouth Gardens, near Phoenix lake. Paul B. Wood, builder, is named as the general contractor, and the names of sub-contractors will be announced as rapidly as available. Anticipating the interest that will be aroused by this initial effort Mr. Wood has made reservation of other home sites in the same district, chief of which is a beautiful parcel in Lakeside unit of Plymouth Gardens extending from Robinson drive to the shore line of the lake.

Plymouth will receive some splendid publicity throughout the period of the campaign inasmuch as it is made a part of the contract with the Free Press to carry news stories, pictures and drawings of the structures together with locational publicity each Sunday during a period of three months.

The effect of this news feature is well illustrated in the fact that on one Sunday afternoon and evening this fall, a Free Press Model Home in Sherwood Forest, Detroit, was visited by more than 2500 people. The homes are flood lighted at night and all rooms are illuminated until ten o'clock in the evening. An experienced attendant is available at all times to receive and answer requests for information on all topics of home building and beautifying.

Free Press model homes are the result of a national architectural campaign conducted by the newspaper, wherein all prize winning plans are purchased and are available to builders under such a plan as has been outlined for Plymouth. Stimulative publicity through the columns of the Free Press and local newspapers attend each construction project.

Paul B. Wood, builder, is well known here for the excellence of his structures and may be relied upon to carry the project through to a successful consummation.

BUILDING OF MODEL HOME WILL INAUGURATE HOME BEAUTIFUL CAMPAIGN

PAUL B. WOOD, BUILDER WILL CONSTRUCT FIRST FREE PRESS MODEL HOME IN PLYMOUTH.

Plans are now being formulated for the construction of the first Detroit Free Press model home in Plymouth. This home, which will embody every facility and comfort known to the building fraternity, will be opened to public inspection for at least three months, and visitors will be privileged to view perspectives and plans of other models which will be maintained on the premises.

The principal objective to be attained in this model home construction is to focalize interest in a Home Beautiful campaign starting early in the spring, and covering a period of at least thirty days. Builders, material supply houses, architects, home furnishers and decorators will participate in the campaign, contributing ideas and information to all prospective home builders who are interested in the subject.

PETER DELKER, WELL KNOWN PLYMOUTH MAN PASSES AWAY

One of Plymouth's respected residents, Peter Delker, passed away at his home on South Mill street, Tuesday night, November 8th, after a short illness.

Peter Delker was born at Riga, Lenawee county, Michigan, March 2, 1861, and died at Plymouth, Mich., November 1, 1927, aged 66 years and eight months. With the exception of a few years spent in Milwaukee, Wisconsin, and in Texas, he spent his entire life in northern Ohio and southern Michigan, having lived in Plymouth for the past 25 years. He was baptised and brought up in the Evangelical faith.

He was preceded in death by his father and mother, one brother, Jake, and two children, Lulu and Irving, by a former marriage.

On July 27, 1922, he was united in marriage to Mrs. Ella Rathbun of Plymouth. He is survived by his wife, Mrs. Ella Delker, and one sister, Mrs. Barbara McGowan of Houston, Texas, and three brothers, John of Manchester, Mich., George of Portland, Oregon, and Will of Mertzon, Texas; a son, Glenn, and a daughter, Mrs. Bessie Corvill, both of Milwaukee, Wisconsin, three step-daughters, Mrs. John Herrick of Salem, Mrs. Wm. McCullough and Miss Ora Rathbun, both of Plymouth, several nieces and nephews, and a host of friends. He was a man of sterling character, and his kind and genial disposition won him many friends who will all sadly miss him.

Funeral services were held Saturday afternoon at 2:00 o'clock, at Schrader Bros. Funeral Home, Dr. F. A. Lendrum, of the M. E. church, officiating. The mortal remains were placed in the receiving vault at Riverside cemetery, pending completion of the mausoleum.

LEAGUE OF WOMEN VOTERS MEETS NOVEMBER 14.

The Plymouth League of Women Voters will hold its regular November meeting Monday afternoon, November 14th, at 2:30 o'clock. The meeting will be at the home of Miss Lina Durfee and Mrs. Sarah Armstrong, at 1222 Penniman avenue.

The subject for discussion is Russia. Each division of the Wayne County League of Women Voters is taking one specific country for a study of its international relationship. Russia is the country assigned to the Plymouth league. Individual members of the league will discuss different phases of the Russian question very briefly.

There will also be a report of the annual state convention which is being held this week at the Hotel Pantlind in Grand Rapids.

The league invites every woman citizen who is interested in her home, her city and her nation to attend the meeting Monday, November 14th.

ESTATE BUSINESS IN CONNEC-
TION.**

The Detroit Auto Club has removed its offices from the former location in the Woodworth building, to a room adjoining the lobby entrance in the Mayflower building.

This location will provide convenient facilities for tourist guests of the hotel, and an attendant will be present at all times to give desired information and road maps. Entrance to the club headquarters is provided from Ann Arbor street, the lobby entrance and from the interior of the lobby.

Raymond Bachelidor, who has been the efficient manager of the club for some time, will continue in the same capacity, and will also conduct his real estate business from the new location.

Since taking charge of the Plymouth branch, Mr. Bachelidor has more than tripled the local memberships and this community is now known as one of the fastest growing club districts for its size in the state.

The service rendered by the club for a ten dollar membership fee is varied and all-inclusive. It encompasses an emergency road service, map making and supply, road information, legal service, legislative activity, safety first work, road roads agitation and many other factors.

Membership in the local club also includes affiliation with the American Automobile Association, and provides an interchange of courtesies with more than 800 clubs throughout the United States.

ventilators, which will assist in maintaining an even temperature and carry off cooking odors. Steam tables, pastry ovens, broilers, dishwashing machines are all of the latest design, and refrigeration is provided by the electric process. Three large percolators, pan wash racks, meat and fish blocks and pastry service counter complete the kitchen equipment.

Convenient to the kitchen, opening to the east, is the coffee shop, a large room accommodating 75 diners at one time. This dining room has a street entrance as well as entrance from the lobby. The color scheme departs materially from the remainder of the lower floor in that walls, chairs and tables are done in a beautiful shade of light green. Waitresses wear uniforms of green in harmony. A large expanse of window space provides an abundance of light and the interior presents a charming effect.

Just off the lobby is the elevator and stair entrances to the second and third floors. The corridors are done in a pleasing shade of green and cream colors, with the floor coverings a black and green diamond check.

The second floor has 23 guest rooms comprising three twin bed rooms and twenty singles and doubles. Eleven are equipped with baths, and convenient corridor bath rooms serve the remainder. On the third floor there are three twin bedrooms and 23 singles and doubles, eleven of these with bath. Corridor facilities serve the balance of the rooms in much the same arrangement as the lower floor.

The hotel has two large sample

NEW QUARTERS.**

Office space adjoining the lobby of the Hotel Mayflower, has been reserved by Charles Finlan & Son, automobile insurance brokers.

This concern has developed a highly productive business in Plymouth and environs, and in the new ground floor location will undoubtedly increase this in considerable proportion.

The firm specializes in auto insurance, representing the Howell Mutual exclusively. It is reported that this company wrote insurance on 15,000 more cars than their nearest state wide competitor, in the first nine months of 1927.

rooms, one on each of the two guest room floors. These rooms are equipped with Murphy disappearing beds and bath, making it convenient for salesmen who desire to remain near their samples. These rooms are provided with outside entrances so that it is unnecessary for buyers to traverse the entire hotel in viewing samples.

Guest rooms are pleasingly decorated, a varied assortment of rug colorings being used throughout. Singles and doubles are furnished with bed, dresser, writing desk and chair and

an upholstered chair. Satchel stool and hall tree complete the equipment save in the case of twin bed rooms, an additional dressing table is provided. Hangings are all of cream net. Guest rooms are furnished in a varied assortment of color schemes creating a very pleasing effect.

The basement houses the heating plant, store rooms and public conveniences.

The decorative and furnishing scheme adopted for the Mayflower reflects great credit on the building and furnishing committees. It is doubtful if another hotel of like size in this section of the country can boast a more harmonious and pleasing effect. The furnishings committee is composed of Fred Schrader, chairman, Paul Wiseman and John Larkins. The building committee comprises Fred Schrader, chairman, Ed. Huston and Paul Wiseman.

Flanking the lobby entrance on either side is the local office of the Detroit Auto Club on the east, and Charles Finlan & Son, insurance, on the west. This arrangement is convenient for guests desiring touring information and other travel advice. The club will be represented as usual, by Raymond Bachelidor, local manager.

On the corner of South Main and Ann Arbor streets, the room will be occupied by James L. Johnson, with a modern and completely equipped drug store. The store will be known as the Mayflower Drug Company. The leasing committee in charge of the remaining space expects to make announcement of additional tenants within a short time.

 Cambell also assisted in the construction of Starkweather school.
 All plumbing in the building was installed by W. I. Phillips, of Royal Oak. Sheet metal and roofing was in the hands of C. H. Patterson, of Detroit. The color-tone floors, stairs, etc., were laid by H. J. Lush, of Detroit. Many comments as to the excellence of this work have been heard in the past two weeks. Mr. Lush also had charge of all sidewalk construction surrounding the hotel.

Terrazzo floors in lobby, dining rooms, palm room and entrances were constructed by the Italian Mosaic and Tile company, of Detroit.

The Detroit Mangle and Tile company supplied and installed the lobby and dining room fixtures.

The elevator installed in the structure was the work of the Warner Elevator company, of Detroit.

Dewey Holloway, well-known wall paper and paint dealer, of Plymouth, is responsible for guest room decorations. Mr. Holloway's work has received wide commendation from visitors the past week.

The painting contract was executed by C. F. Leichter, of Detroit.

The Ohio Plate Glass company, of Detroit, supplied all the plate glass used in the structure.

T. J. Rheiner, of Plymouth, in collaboration with the Ann Arbor Sign company, installed the Mayflower electric sign on the corner of Main and Ann Arbor streets.

Refrigerator is Frigidaire, installed by Huston & Company, of Plymouth. They also furnished Bisell carpet sweepers and electric sweepers.

KNIGHTS OF PYTHIAS, PLYMOUTH LODGE, NO. 238.

On Thursday evening, November 10th, the rank of Knight will be conferred by Queen City lodge of Ypsilanti and the officers of Plymouth lodge hope to have its members turn out and give our visitors a hearty welcome. You brothers who have not attended lodge in a long time should take this opportunity to come to lodge and see this work put on, as good attendance makes a much better impression on the candidates, and you, too, will enjoy knowing what your lodge is doing and can help to encourage your officers in their work.

Remember the date is next Thursday night and lodge is called to order at 7:30. Set aside other plans and don't fail to be on hand. Coffee and sandwiches will be served.

ELM SCHOOL NOTES
 By Cecile Booker

Miss House and Miss Thurman attended the zone meeting at Patchen school, Saturday.

The report cards were passed out Wednesday. The one having the best marks, were: George Steiner and Florine Atkins.

Those who took the Schick test Wednesday, were: Cecile Booker, Elizabeth White, Henry Petsch, Lena Booker, Myrtle Booker, Margaret and Nelson Bentley and Lloyd Trinka.

Miss Jameson visited our school Thursday, and gave us a test.

PLYMOUTH YOUNG MAN PAINT-FULLY INJURED; THROWN FROM TRACTOR.

Thurman Rodman, of 900 Church street, an employee of the County Forestry Department, while grading the grounds at the Wayne County Training school, last Monday evening, was thrown from the tractor machine, sustaining a fracture of the right hip. He was carried to the hospital building on the training school grounds, and a Plymouth physician was called to render surgical attention.

KIWANIS CLUB HOLDS LAST MID-DAY LUNCH AT METHODIST CHURCH.

A varied program, designated as Song and Praise Service, was held by the Kiwanians last Tuesday noon, at the Methodist church. Owing to the absence of the program chairman, the president of the club, Dr. Freeman B. Hoyer, hit upon a song and praise program which took all the allotted time after the business part of the meeting had been disposed of. Dr. Freeman seems to know how to get the music out of the boys, as the songs were greatly enjoyed by all present.

Dr. Hoyer then called upon Dr. Luther Peck to make a presentation speech, in giving to the ladies of the church an extra check for the splendid meals, and the faithful and efficient services these ladies have given to the club. Mrs. George Richwine, chairman of the ladies division for the day, responded with grateful thanks for the spirit which prompted the Kiwanians present.

Beginning next Tuesday at 12:15, noon, the Kiwanis club will hold their weekly noon-day lunch at the Hotel Mayflower.

Games of 210 or over in open bowling: R. Wheeler, 214, 235, 239, 212, 206, 222, 231; L. Doudt, 217, 223, 212; W. Stromich, 236, 213, 215, 230; Millman, 236, 229; W. Rutenbar, 212; Lomas, 214, 221, 218, 234, 230, 236; C. Martyn, 210, 225; Roy Fisher, 212; H. Williams, 215, 224, 244, 212, 225; H. Lush, 223; W. Kirk, 213.

Increased interest is being shown among the fairer sex. Mrs. C. Arnold rolled 153, and Mrs. K. Grandstaff, 150.

While Plymouth does not rank with Detroit in size, we surely claim that they rank favorably in bowling, both ladies and men, as will be readily seen by the above scores.

COLORFUL SCENE GREET BANQUETERS AT OPENING

Continued from page one

the real credit for this beautiful hotel building and its furnishings is due to your vice-president, Fred Schrader, and his enthusiastic fellow workers, the board of directors, not forgetting Ed Hough, who gladly has given of his time and services whenever called upon. I just wonder at times if we

realize the great amount of time and real effort these men have given, and given without thought of pay or remuneration of any description, that we, the stockholders and residents of Plymouth, might have the finest and most up-to-date hotel and equipment that the sum of \$200,000 can purchase in Michigan or for that matter any old state in this Union.

"In behalf of all the stockholders of the company, I wish to thank Mr. Schrader and each and every director for the big job they have so faithfully put over, and personally I'll say if there is a finer or more loyal bunch of fellows to work with on this old Mother Earth, I have not met 'em. Thank you.

"Oh, I want to tell you that Fred Schrader presented to the Hotel Company the fine model of that sturdy old ship, the Mayflower, which you will see reposing on the mantel of the fireplace out in the palm room. Fred says the ups and downs the Mayflower had in crossing to America had nothing on him during the completion of this building."

The toastmaster then introduced as one of the speakers of the evening, George A. Smith, superintendent of the Plymouth schools. Mr. Smith is always enjoyable and he interspersed his remarks with many entertaining and illustrative stories. In serious note he said:

"Success of any individual, corporation or institution consists in taking what resources, physical or special abilities (and each individual is usually endowed by nature with all the abilities which he would be able to use successfully) and developing them through the process which we call education. By education I do not mean attending school. I simply mean the development of those abilities within us with which we have been endowed by nature.

"Then the third step is the using of these developed abilities which requires a large amount of courage to overcome the obstacles which every individual, corporation or institution meets as it tries to progress. But it is possible, if individuals will to do it, to develop sufficient courage with which to overcome the adversities which they are sure to meet.

"When the individual or institution has achieved some considerable success, the one great pitfall which it must seek to avoid, in order to continue in its achievement, is disloyalty or dissension within itself, because many a man and institution has risen high, only in the end to reap disgrace because of disloyalty to those institutions and conditions which had made his rise possible.

"In considering our beautiful hotel as it now stands, the people of this community have taken their piousness, resources and have developed them. The leaders in the hotel movement have shown the courage necessary to convince you and I of the possibility and desirability of building this beautiful hotel.

"Whether it succeeds or whether it fails to measure up to our expectations, will be determined by the loyalty which the hotel management shows to those who have made its existence possible, and also to the loyalty of you and I to this institution, not only in our patronage, but also in our cooperation with the board of directors, in helping them to have our community hotel maintain the high standards which it should and therefore serve its community well."

In introducing the next speaker the toastmaster outlined the work that had been undertaken by the executive committee in searching out the best operator that it would be possible to find for the conduct of a hotel the size of the Mayflower. He stated that their investigations had brought the conclusion that the best operator available was the Grenoble Hotels, Inc., with headquarters in Pittsburgh, Pa. The company now has hotels in operation in Macomb, Ill.; Oneida, N. Y., and St. Clair, Mich. Other contracts are now in process of negotiation. W. S. Grenoble, president of the company, was presented.

The speaker outlined the need that has arisen within the past ten years for modern hotel facilities in the smaller communities, induced largely by the universal use of automobiles. He said:

"The automobile has created a much wider horizon for the American people and with it has come a greater desire on their part for modern conveniences and better accommodations. Up to a few years ago, and since the prohibition amendment has been made law, it was next to impossible to operate a small hotel at a profit. The bar had previously provided sufficient revenue to maintain the establishment. But the automobile has changed all this. The traveling public, and I mean this in the sense of tourists, has created a decided demand for the well equipped small town hotel, and they are supporting it handsomely.

"In our hotel operations we have adopted a system of control that gives us the exact percentages that must be maintained to operate at a profit. Chain operation permits of a great many phases of economy that is not possible in the individually operated hotel. Our daily report system covering the two sources of income, food and rooms, permits of our reaching an accurate cost per unit and any deviation is immediately apparent and corrected.

"We have established a policy of operating hotels of not more than 100 rooms or less than 50. Within this

range we are enabled to apply our standardized system of accounting, and the unit cost of service is approximately the same. By virtue of this policy we are not required to deviate from our system in any degree."

Mr. Grenoble paid a tribute to the community for the vision and progressive spirit that has been evidenced in the financing and building of the hotel and said that his company was proud to be identified with such a community. "With this spirit prevailing, and with our sincere efforts directed toward the operation of the hotel there is not the slightest doubt in my mind that the Mayflower will become an increasingly valuable asset to the community," he said in conclusion.

The last speaker on the program was H. C. Stevenson, president of the Michigan Hotel Association. He congratulated the citizens of Plymouth on having provided such a splendid hotel, and advanced the belief that it would be tremendously successful. He also complimented the local committee in their selection of the operating company, stating that he was thoroughly familiar with their successful plan of operation in various hotels throughout the United States.

"Michigan has become one of the most important summer tourist states in the union," said Mr. Stevenson, "and it is gratifying to see towns the size of Plymouth preparing themselves to receive this business. The hotel is the host, and when such facilities are available as are provided here, you may be sure that lasting impressions will be created in the minds of visitors and bring them to us again and again."

The speaker introduced many statistics showing the rapid increase in travel population throughout the past several years, and ventured the opinion that the day is not far off when Michigan will be considered the foremost summer tourist state in Michigan.

He touched on the manifold advantages that a modern hotel brings to a community other than the tourist business, and stated that Plymouth would discover this project to be the greatest factor in civic growth thus far provided.

Following the benediction by Dr. Fred Lendrum, the dining room was cleared and dancing was enjoyed until a late hour.

Among the out-of-town guests present at the opening were: the board of directors and Manager Swanson of the Huron Hotel, Ypsilanti; Manager Holden and board of directors, St. Clair Inn, St. Clair, Mich.; Fry W. Shoemaker, manager, Lamoine Hotel, Macomb, Illinois, and W. H. Davis, comptroller, Webster-Hall Hotels, Inc. of America, operating in Detroit and Pittsburgh.

The banquet menu included:

GERMAN MAKES A WORLD RECORD WHEN HE PITCHES FOR MORE THAN FIVE HOURS LAST SUNDAY AFTERNOON.

Harry German, Sr., 54, Northville's well known ball player, pitched three games of baseball last Sunday afternoon, and Mr. German believes the feat to be a world's record. The games took five hours and 20 minutes to complete and German was victorious in two of the games, losing one.

Northville, the team which backed German in his effort, won the contest with Plymouth by a score of 5 to 3. West Point Park defeated German and his teammates 9 to 8, while the Detroit Empire's association team was defeated by Northville, 7 to 4.

During the contests German allowed a total of 21 hits and 16 runs. His team committed six errors in the West Point Park game and brought the total of runs higher than they might have been otherwise.

German and Jarowsky were the battery for Northville; for Plymouth, Walker and Williams; for West Point Park, German, Jr., and Sayre; for Detroit Empire's association, Wilcox and Swartz.

In the first game German pitched 92 balls; second, 131 balls; third, 100 balls.

Harry German has played baseball for 40 years and seems to be going stronger than ever.

DOING GOOD BUSINESS
J. L. Taylor, Chrysler dealer, reports the sale of several new cars from the Plymouth branch, South Main street and Wing street, in the last week.

LIVONIA UNION CHURCH NOTES.
Have you heard the Rev. T. Paul Taylor at the Livonia Union church? Well, if you have not you have missed something really worth while. Rev. Taylor comes to us a very able man, wide awake and acquainted with the problems of the churches of today. He comes to us not just for the easy money he may receive, but for the real good he may do in building up the social and spiritual life of both the church and the community.

The Ladies' Aid society gave a supper at the church last Wednesday evening. About 90 people were present. After all had been served everybody retired to the church for the program which the pastor had kindly prepared, consisting of moving pictures, music and readings. Every one present declared they had spent a most enjoyable evening and gave Rev. Taylor and all who had taken part a rising vote of thanks.

The following members of our church family are away in various parts of the estate for the hunting season: Mr. and Mrs. John Smith, Mr. and Mrs. Richard Smith, Mr. and Mrs. Bruce Burch, Mr. and Mrs. Roger Sherwood, Mr. and Mrs. E. C. Smith and Jay Bills.

Owing to so many of our members being away it was voted to discontinue the evening service for the month of November. The morning service and Sunday school will be held as usual. The evening service will open again the first Sunday in December.

The Ladies' Aid society will hold their annual bazaar and chicken supper Wednesday, December 7th, afternoon and evening.

GRANGE NOTES

Do not forget our annual bazaar and supper tonight, at the hall.

The next regular meeting of the Plymouth Grange will be held at the hall next Thursday evening, November 17th.

BEECH SCHOOL NOTES

Upper Room—The fifth and sixth grades are making geography scrap books. Mrs. Arlene Plankel, upper grade teacher, was ill last Wednesday, and Mrs. H. D. Tuck substituted for her. A sewing club and a handicraft club have been organized. Mr. Rudolph has charge of the handicraft club.

Primary Room—Our room looks very pretty with its bows of red and white chrysanthemms on the windows.

The fourth graders are making Indian booklets.

Louis Stye has been absent from our room for two weeks, on account of sickness.

All but five in our room went to the dental clinic. We are hoping our room will be one hundred per cent before the year is over.

We are enjoying our victrola very much. We have learned several folk dances.

Our citizenship officers, Gustave Schauer, Violet Schauer, Margaret Slato and Edna Mack went to the meeting at Dearborn, November 8th, through the courtesy of Mr. Schauer.

P. T. A.

Beech held their usual P. T. A. meeting Monday evening, with a good number in attendance. The meeting was called to order by the president, Mrs. Harold Tuck. Mrs. Tuck emphasized the fact that we should pay more attention to parliamentary law, and gave the Citizenship League in the upper grade room as a splendid example. Mrs. Tuck also told the importance of having a definite program to work on.

It was decided that at our next meeting we would discuss "How the Parent Might be Helped to the Teacher." The Elm P. T. A. is to be our guests for the next meeting.

After the business meeting, the primary room presented the following program:

Recitation, "Daily Bread"—Deloris Holman
Recitation, "Golden Keys"—Marlon Tuck
Recitation, "Pussy"—Stanley Nelson
Monologue, "Boys"—Edward Leski
Recitation, "Thanksgiving"—Edward Karrick
Recitation, "Give Thanks"—Johnny Brooks

Flag Drill—Group of children Play, "Six Little Thankfuls."
After this, Mrs. Haigh and Mrs. DeFoe very cleverly impersonated Old Black Joe and his Mammy. They sang several pleasing old-time colored melodies.

Mrs. Sylvester Shear entertained Mrs. Arlene Plankel and Miss Alta Fisher for dinner, Monday evening.

DISPLAY GREATEST WORKS OF OLD AND MODERN ARTISTS NOVEMBER 14 TO 18 AT HIGH SCHOOL.

The art exhibit scheduled for the local high school will be on display in room number seven from November 14 to 18. The exhibit contains more than 150 fine reproductions of the world's famous masterpieces of art. The reproductions are of the finest types produced, showing the original colors and strokes of the brush, as they are produced by special new processes.

Among the famous paintings represented are such subjects as: "Mona Lisa," by Da Vinci, the original in the Louvre, Paris, is said to be valued at \$5,000,000.

"The Song of the Lark," by Jules Breton, original in the Art Institute, Chicago.

"Hope," by George Frederick Watts, in Tate gallery, London.

"The Pot of Basil," by John W. Alexander, in Boston Public museum.

"Connecticut Hills," by Ben Foster, Metropolitan Art museum, New York city.

The exhibit contains many others, and is being held under the auspices of the High school. A small charge of 25c admission is being made, the entire amount of which goes to the school's picture fund.

The room selling the most tickets can get a \$10 picture free.

STARWEATHER SCHOOL NOTES.

Kindergarten.
H. Sundberg.
The kindergarten children have been making Thanksgiving decorations for our room, such as wild geese, turkeys, pilgrims, Indians and their wigwams, canoes and ducks. We also learned about the significance of Thanksgiving day.

First Grade.
O. Lajo.
The following children have been neither tardy nor absent since school began: Arthur Ambrose, Wilma Crisp, Merle Fisher, Horace Lawson, William Durnell, Harold Beach, Vern Schmidt and Norman Trombley.

We (the first grade) are making Thanksgiving decorations for our room. We have memorized a Thanksgiving poem.

Second Grade.
B. Stader.
Six A-first pupils were transferred to Miss Lajo's room, leaving our enrollment 39 in the second grade.

The following pupils were neither absent nor tardy this term: Wallace Burton, Leroy Crisp, Douglas Eckles, Oran Egloff, Noring Gould, Carroll Howard, Catherine Kaletsky, Marguerite Mattison, Oscar Mattis, Helen Norgrove, Genevieve Spaulding, Alvina Beagle, Gladys Charpar, Kenneth Klimeschmidt.

The spell-down was quite a success last week. Fourteen pupils refused to be spelled down and were able to spell all of the words that we have laid this term.

Alethea Shoemaker has moved to the other part of town and will attend the Central school.

Third Grade.
Ruth Holt.
All these students received a star in our Starweather Citizenship club: Bertha Ambrose, Jeannette Brown, Alice Beaman, Orice Beaman, Irene Beckwith, Doris Compton, Berle Fisher, James Gallimore, Jessica Goebel, Elton Hart, Frances Hart, Murray Kilgore, Agnes Mattinson, Jewel Starweather, Lillian Smith, Donald Burns, Donald Blessing, Robbie Caldwell, Oral Highfield, Donald Himes, Genevieve King, William Longhlin, Gerald Norgrove, June Patsch, Phyllis Stewart, Charles Taylor, Paul Tamborello and Frances Trombley.

Fourth Grade.
Lucille Balfour.
In the spelling contest Friday afternoon Helen Dely was the winner. Beatrice Michelin was the last one to remain on the losing side.

B. Fifth Grade.
Mrs. Motes.
We have made booklets of our favorite book for National Book week. In these booklets we have told the story of each chapter. On the booklet cover we pasted a picture appropriate to the story. The booklets are made with yellow covers and tied with ribbon.

Fifth and Sixth B.
Adeline Lee.
The sixth grade won in the arithmetic contest against the fifth grade, and the fifth grade won in our language contest.

The fifth grade is memorizing "November" and "The Corn Song" for their November poems.

Doris Lockwood, Helen Ribar, Mary Price and Wilbur Kincaid won a free period Friday afternoon for receiving fifty stars in our honor roll for the month of October.

The sixth grade is memorizing "The Village Blacksmith" and "The Old Clock on the Stairs" for their November poems.

We are glad to know that Leon Parks, who injured his hand on the playground, is better. He is in the University hospital at Ann Arbor.

The following students have been neither absent nor tardy since school began: Joan Cassidy, Ione Packard, Harriet Mattinson, Helen Ribar, Catherine Compton, Archie England, Fred Hetsler, Homer Miles, Alvah Elzerman, Ralph Patsch and Howard Strobbing.

Mrs. Lee is reading Joan of Arc to us.

STURGIS MOTOR SALES

Sales and Service
PLYMOUTH, MICHIGAN

To the Motorist:

Cold weather is here, your automobile has been driven many miles the past summer, and to have it function properly during the cold weather there are many things that should be done.

Our mechanics are capable of making a complete diagnosis of your automobile ills and making the necessary repairs.

As a suggestion:

Have the carbon removed, valves ground, ignition adjusted, carburetor adjusted and cleaned.

Have the brakes relined and adjusted.

We have a low flat rate of cost.

We have heaters for most all cars.

We call for and deliver all cars left for service.

May we estimate your repairs?

NEWBURG

Next Sunday is to be "Old People Sunday." There will be a special sermon and music. It is hoped that there will be a large crowd out.

The Junior League holds meetings every Sunday evening at 6:30. There were 18 out last Sunday, and Rev. Johnson led the meeting.

The Epworth League meets at 7:30. The Queen Esther Circle held their meeting Friday night, at Marian Taylor's. The circle picked out a play to be held some time in the future. After the business meeting, refreshments were served.

Last Saturday evening, two of Newburg's popular young people, Miss Gladys Horton and Anthony Kreger, were united in marriage by Rev. F. I. Walker in Chelsea. The young couple will reside in Newburg, and their many friends extend best wishes for a happy married life.

Mr. and Mrs. Roy Woodworth of Plymouth, accompanied by Mr. and Mrs. Irvin Ryder of Sparta, Mich., called on Mr. and Mrs. C. E. Ryder, Monday forenoon.

Sunday callers at the Ryder home were: Mrs. Neeland and daughter, Ethel, of Ann Arbor; Mr. and Mrs. Wm. Clark of Detroit, and Mr. and Mrs. L. Gonsky of Newburg.

The L. A. S. met Wednesday afternoon, at the home of Mrs. Donald Ryder, for a business meeting. It was decided that for the winter months, the ladies would serve a dinner at night. The first dinner will be the first Wednesday in December, at the hall, at 6:00 o'clock in the evening.

The Misses Anna and Ada Youngs spent Thursday with Rev. and Mrs. F. I. Walker, in Chelsea.

Mr. and Mrs. Clyde Smith and mother, Mrs. M. Eva Smith, attended a reception in St. John's, on Friday evening, in honor of Mr. and Mrs. H. Bullard.

Rev. and Mrs. Johnson and family and Mr. and Mrs. Don Ryder attended the bazaar and chicken supper at Perriusville, Friday evening.

Miss Hollis Johnson, of Detroit, visited her brother, Rev. Johnson, and family, Friday.

Miss Helen McNabb of Huntington, Indiana, is visiting her cousin, Miss Joy McNabb.

Several people interested in the choir met at the home of Joy McNabb Tuesday evening. After a social hour, they had a half hour of singing, after which ice cream and cake were served by Mrs. McNabb and Mrs. May Stevens.

The L. A. S. wish to thank every one who helped in any way at their bazaar, October 28th.

Callers at the home of Mrs. Mackinder the past week, were: Mrs. Neeland and daughter, Ethel, of Ann Arbor; Mr. and Mrs. C. V. Chambers of Plymouth, and Mrs. Mark Joy and mother, Mrs. Ostrander of Wayne.

Mr. and Mrs. Melvin Gutberle attended the funeral of the little daughter of Mr. and Mrs. Harold Stone, at Royal Oak, Saturday afternoon.

Mrs. Fred Geney visited at the home of Mrs. Sarah Rice Campbell, last week.

Thomas Wilson has a six weeks' job of carpenter work near Rochester.

RYDER HOMESTEAD SOLD TO DETROITERS.

The old Ryder homestead on Plymouth road, has recently been purchased by Hammer & Meyers of Detroit. In the fall of 1827, George Ryder, father of Charles E. Ryder, then a lad of 12, came with his father, David Ryder, from Ontario County, New York, and settled near Newburg, Livonia township, soon after moving onto the farm that has just been sold. He waited ten years in his wilderness home, surrounded by wolves and Indians, before Michigan was admitted to the storeroom of the states. Only two years before he came here marked the date of the first white settlers in this part of the country. By his industry he helped to make this state what it is. When a child one year of age, Charles Ryder moved into the house where he now lives, 72 years ago. Mr. and Mrs. Ryder will continue to reside there until the farm is subdivided.

SALEM SCHOOL P. T. A.

The P. T. A. of Salem Union school held their November meeting on Friday evening and enjoyed a splendid program prepared by the children under the efficient direction of the teachers, Mr. Phillips and Miss Anderson, with the assistance of Mrs. Paul Spears at the piano.

The primary room acted out a little dance and song, built on the poem "Come, Little Leaves." They also sang a pretty "Good Night Song" and Grace Bowers sang about the "Boogie Man." The first grade showed us how they have a phonics lesson each day. Each child caught a new string of fish by saying correctly the letters placed in a blue pond on the black board.

The upper room gave some very fine group singing, with every pupil taking part and doing his or her part with real enthusiasm and a fine spirit of cooperation. Their "Good Night Song" was made particularly effective by the use of colored lights. Two songs by Helen and Arlene Lounsbury, a selection on the piano by Elizabeth Currie, and a recitation by John Currie completed the program of the older pupils.

Mr. Wilson of South Lyon, entertained with some dialect stories which delighted his audience. He also gave

a serious talk on P. T. A. cooperation, which should have been heard by every parent.

Following the program there was a short business meeting. After announcing that both Mr. Gale and Mr. Mann had refused the presidency, Mr. Phillips thought it was a fitting time to give a word of appreciation for the work of the school board, of which these two men are both members. He therefore read a long list of what has been done for the school under Mr. Gale's directorship. The people present, instead of deciding that Mr. Gale had done his share for the school, practically drafted him for P. T. A. president by electing him a second time. This time he accepted the office.

OFFICIAL PROCEEDINGS OF THE VILLAGE COMMISSION

Plymouth, Mich., October 17, 1927. A regular meeting of the Commission in the Commission Room of the Village Hall, Monday evening, October 17, 1927, at 7:00 p. m.

Present: All five Commissioners. The minutes of the regular meeting of October 3rd and the special meetings of October 6th and 13th were read and approved.

A motion was made by Commissioner Henderson, seconded by Commissioner Henderson, that a meeting of the Board of Review be called for October 20th, 1927, from 8:00 a. m. to 6:00 p. m., for a hearing on the Nash and Hough Park subdivision storm sewers and 1927 sanitary sewers.

Mr. Martin Stringer was appointed to act on the Board of Review in the place of William A. Blank.

The following resolutions were offered by Commissioner Henderson, who moved their adoption, supported by Commissioner Learned.

BE IT RESOLVED, that the paving of Penniman avenue from the west line of Harvey street to the east line of Moreland avenue and the construction of certain storm sewers be and the same hereby are declared to be expedient and a public necessity and a necessary public improvement.

BE IT FURTHER RESOLVED, that the report of Messrs. Hoad, Decker, Shoecraft & Drury, engineers, in relation to said improvements, including the estimate as made by them covering the probable cost of said improvements be and the same is hereby received and made a part of the records, said report being in words and substance as follows:

Cost of storm sewers \$43,200.00
To properly benefited 8,800.00
Cost of pavement assessed to property abutting on Penniman avenue 32,250.00

BE IT FURTHER RESOLVED, that the expense of paving said street and constructing said sewers be covered as follows:

A. That the Village of Plymouth at large shall pay for the expense of all street intersections and one-third of the cost of constructing said storm sewers.

B. That the total cost of the expense of the remainder of said paving shall be assessed upon the lots or lands abutting upon said Penniman avenue, which said lots and lands are hereby designated as a special assessment district for said paving. Said assessment to be made as near as may be in proportion to the frontage of the lots or lands abutting upon said Penniman avenue.

C. That two-thirds of the cost of the construction of said storm sewers shall be assessed upon the lots or lands benefited by said storm sewers, which said lots and lands are hereby designated as a special assessment district. Said assessment to be made as near as may be in proportion to the benefits which each of the aforesaid pieces or parcels of land will receive by reason of the construction of said storm sewers.

The following is a description of the property to be assessed for a part of the cost of the storm sewers:

All lots or parts of lots and parcels of land bounded by a line starting from a point at the northeast corner of Penniman and Moreland avenues, thence easterly along the northern line of Penniman avenue to the east line of Harvey street; thence northerly about 100 along the east line of Harvey street; thence southeasterly about 175 along a line parallel to Eratic avenue (formerly Gravel avenue); thence northeasterly about 350 along a line parallel to Harvey street; thence southeasterly about 175 along a line parallel to Fralick avenue; thence northeasterly about 200 along a line parallel to Main street; thence northerly about 250 along a line parallel to Adams street; thence easterly about 125 along a line parallel to Church street; thence easterly about 875 along a line parallel to Main street; thence northeasterly about 875 along a line parallel to Adams street; thence easterly about 150 along the south line of lot 12, Sunset Sub.; thence easterly about 150 along the south line of lot 12, Sunset Sub.; thence easterly about 150 along the south line of lot 12, Sunset Sub.; thence easterly about 150 along the south line of lot 12, Sunset Sub.; thence easterly about 150 along the south line of lot 12, Sunset Sub.

Also all lots or parts of lots and parcels of land abutting on the south side of Penniman avenue from Moreland avenue to Harvey street.

BE IT FURTHER RESOLVED, that said pavement and storm sewers be constructed according to the plans, specifications and details as now on file in the office of the Village Manager.

BE IT FURTHER RESOLVED, that the Commission of the said Village of Plymouth, Michigan, meet at the Village Hall in said Village on Monday, the 7th day of November, A. D. 1927, at 7:00 o'clock p. m. for the purpose of hearing objections and suggestions in relation to said public improvement, and the Village Clerk be instructed to cause notice of said

meeting to be published in the Plymouth Mail for two weeks in succession as required by the Charter of said Village.

Ayes: Commissioners Hoad, Pierce, Henderson, Learned and President Fisher.
Nays—None.
Carried.

A motion was made by Commissioner Henderson, seconded by Commissioner Hoad, that the Village Manager be authorized to advertise for bids for the sale of \$25,000 general obligation waterworks bonds and \$9,000 general obligation paving and storm sewer bonds as authorized by special election of October 12th. Bids to be opened November 7th, 1927, at 7:00 p. m.

A motion was made by Commissioner Henderson, seconded by Commissioner Learned, authorizing the Manager to buy water pipe and necessary fittings at the lowest possible price, to be delivered as soon as possible.

A motion was made by Commissioner Henderson, seconded by Commissioner Pierce, that Bluhm & Dickinson be given contract for digging and back filling trenches for the laying of water mains at 35c per foot. Trenches to be 1 1/2 feet deep and all dirt to be removed for the laying of water pipe.

The Manager presented the matter of using sanitary sewer funds for the purpose of laying additional sanitary sewers south on Harvey street, Brush street and Sutherland avenue. The recommendation was tabled until after the final estimate was received.

A communication from the Daughters of the American Revolution was read recommending that the name of Centennial Park on Holbrook avenue be changed to Brainerd Park in honor of a former prominent citizen and the donor of said park, also that Gravel avenue be changed to Fralick avenue in honor of the former owner and donor of a part of said street. On motion of Commissioner Henderson, seconded by Commissioner Pierce, the recommendation of the society was adopted.

A motion was made by Commissioner Henderson, seconded by Commissioner Pierce, that Rev. Father Lefever of the Catholic church be reimbursed for the difference in cost of a sewer connection on Union street which had been assessed against the property but not installed.

A motion was made by Commissioner Hoad and seconded by Commissioner Henderson that the bill for \$24.50 of the Detroit Edison Co. be referred to Mr. Schrader of the Mayflower Hotel.

A motion was made by Commissioner Henderson, seconded by Commissioner Pierce, that we purchase two dozen folding chairs and a stool.

The Village Manager was directed to put all water and sewer connections on Penniman avenue to Moreland avenue.

CELEBRATED HIS NINETY-THIRD BIRTHDAY

EDWARD C. LEACH

E. C. Leach, Plymouth's grand old man, celebrated his 93rd birthday anniversary last Sunday, November 6th. The occasion was observed with a dinner at which were present members of the family. Mr. Leach is enjoying splendid health for one of his years, and can be seen about the yard or down town almost every day when the weather is pleasant. He takes a keen interest in the affairs of the day and especially anything that stands for the progress or betterment of Plymouth. Mr. Leach is, without a doubt, the oldest man living in the village. His host of friends extend hearty good wishes for his continued good health and happiness.

FIRE DESTOYS GARAGE AND HEATING PLANT

THREE AUTOMOBILES AND NINE TRACTORS BURNED IN BLAZE AT PRISON FARM LAST SATURDAY AFTERNOON.

What might have been a more serious fire loss was narrowly averted last Saturday afternoon about 3:30 o'clock, at the House of Correction Farm, when flames were discovered shooting up from the ventilators in the heating plant. An alarm was turned in at once, and the fire department at Plymouth and Northville were called, and both departments made a quick run to the farm, and there is no doubt but their timely arrival saved the large buildings in which are located the kitchen, dining room and laundry. These three buildings were badly blistered by the fierce heat.

The large garage which formed a part of the building in which the heating plant was located, was also totally destroyed, together with three automobiles and nine tractors. The high wind which prevailed at the time made it extremely difficult for the firemen to fight the blaze.

A temporary line has been laid from the heating plant at the women's prison to bring steam to heat the buildings at the men's prison until a new plant can be installed.

The officials at the farm are deeply appreciative of the timely assistance which was given the farm fire department by the Plymouth and Northville fire departments in fighting the fire and confining it to the one building.

THE ELECTION

The election held last Tuesday, brought out a very small vote in Plymouth, only 202 voters going to the polls. The vote on the three propositions was as follows:

County Convention—Yes 88; No 104
County Airport—Yes 58; No 73
Sinking Fund—Yes 65; No 138.

It appears from the returns that the county convention and airport propositions have carried in the county.

PLYMOUTH, MICHIGAN, FRIDAY, NOVEMBER 11, 1927

RIVERSIDE MAUSOLEUM ANOTHER 1927 ACCOMPLISHMENT

**CONSTRUCTION WORK STARTED EARLY
IN JUNE; CONTRACTORS GUARANTEE
COMPLETION BY FIRST OF DECEMBER**

**Plymouth Residents Reserve More
Than Ninety Per Cent of Com-
partments Before Structural
Work Was Started—Few
Still Available.**

Another progressive step in the history of Plymouth will be recorded in December when the builders of Riverside Mausoleum complete the beautiful new structure in Riverside cemetery and make formal delivery to the municipality.

The idea of a mausoleum for this community was first launched early in the year when A. M. Abbott, promoter and builder, of Toledo, met with the cemetery board and outlined plans for a structure that would meet the requirements of the district. A flexible plan was ultimately adopted that will enable an expansion of the structure when required.

Offices were opened in the Woodworth building the first of January and a general invitation extended to the community for reservation of compartments. The sales campaign was under the direction of Mr. Abbott. Associated with him were Raymond Bachelard and E. E. Sheppard. Original plans called for 150 compartments, but within a very short time it was found necessary to increase this to a 200-compartment building. An extension containing a similar number of crypts will ultimately be built on the south side of the structure.

Early in June work was begun under the direction of A. R. Manson, general contractor and builder, of Toledo. More than 90 per cent of the compartments were under reservation before the work was started, and now that the building is nearing completion the remaining crypts are being absorbed rapidly.

The exterior of the building presents a beautiful and dignified appearance and is a splendid adjunct to Riverside cemetery. Material used in the structure is Bedford limestone, the interior being finished in Alabama cream marble. Leaded art glass windows, with no two the same in design, lends an artistic touch to the building.

Electric heating units are placed at each of the four corners of the chapel, the corridors are electric

lighted and ventilators are built in at both the top and bottom of the structure. Beneath the floor of the structure 24 receiving vaults have been constructed, with elevator facilities provided. Egress from the vaults is provided by a door in the rear of the building. These vaults replace the old receiving vault structure and this building will be razed upon completion of the new. The new vaults are conceded to be among the finest in this section of Michigan.

The ends of crypts will be finished in Alabama cream marble and provide sufficient space for inscriptions, which will be of uniform style in gold inset letters. The tone of marble selected for the inside finish creates an inspiring and consoling atmosphere.

A beautiful landscape plan has been arranged for the grounds surrounding the mausoleum, which will be entirely in keeping with the dignity and beauty of the building. The plot on which the structure stands is approximately 200 feet square, the building occupying a space approximately 77 by 45 feet.

An endowment fund for the permanent care of the structure and grounds has been created and will be turned over to the city upon completion, the interest from this fund being ample to care for all future necessities. The mausoleum will be under municipal supervision from the moment that Manson & Abbott, the builders, give notice of completion.

One of Finest Park Locations in State

The foresight of Plymouth city fathers was amply demonstrated by the purchase, some years ago, of the tract of acreage now known as Plymouth Tourist Park. The entire area of the park is traversed by Rouge River and is one of the most scenic spots in this section of Wayne County. The natural beauty of the tract has been retained and this will be augmented in the future by a plan of municipal development. The picture above is a glimpse of river and woods.

NEW DRUG STORE IN HOTEL MAYFLOWER BLOCK

James L. Johnson will open a new drug store in the store room at the corner of Ann Arbor and South Main streets in the Hotel Mayflower building. Mr. Johnson has purchased new

and modern fixtures for the store, including soda fountain equipment. He expects to be ready for the opening about December 1st. The new store will be known as the Mayflower Drug Co.

Plymouth offers exceptional advantages to home builders. It will pay you to investigate these opportunities.

RESTAURANT CHANGES HANDS

Mrs. Mary Madison has sold the Plymouth Hotel restaurant which she has been conducting for about two years, to Bacon Young and Soto Yip, of Detroit, where they have been conducting a restaurant. The new proprietors will make a specialty of Chinese dishes.

SCHOOL FACILITIES ARE GREATLY EXPANDED IN YEAR NOW CLOSING

**Completion of Starkweather School on
Holbrook Avenue has Greatly
Relieved Crowded Conditions.**

Plymouth's growth in recent years has taxed to the utmost the facilities for caring for the school population and it became apparent two years ago that a new structure would be necessary.

The Board of Education began working out plans and the location at Holbrook avenue and Spring street was selected as most logical. At a special election last fall the project received an almost unanimous approval from the citizenship and work was started shortly thereafter.

The school was completed in time for the fall semester this year and is lacking in nothing that contributes to modern educational methods. The facilities provide for all grades from kindergarten up to the first year of high school.

Dedicate School Site.

On Sunday, October 30, the new site for the Evangelical Lutheran Deaf Mute Institute, at the corner of Beck and Golden roads, was dedicated, with over two thousand people present.

For the past fifty-four years, the Lutheran society has conducted a school for deaf mutes on Nevada avenue, Detroit, and it is their purpose to sell this property and erect a modern school plant in Plymouth.

Ground was broken last week for a substantial addition to the Church of our Lady of Good Counsel. The

church now has a seating capacity of about one hundred and thirty, but this will be increased to about four hundred and fifty. Construction work will be under the supervision of the Wood Construction company.

EXTRA COPIES AVAILABLE
The Mail is prepared to accept orders for approximately two hundred more copies of this special edition. If desired we will wrap and mail these copies at a cost of five cents each. The special edition will also be on sale at the Mayflower Hotel and at the office of the Mail.

BEAUTIFUL RIVERSIDE MAUSOLEUM

Now Nearing Completion

Riverside Mausoleum is another structural enterprise demonstrating Plymouth's civic progress in this year 1927.

Just as the building of the Mayflower Hotel represents a tremendous stride in municipal advancement, so does the building of the new Mausoleum symbolize all that is best in modern entombment.

Architects Have Provided

Good light, heat, ventilation, permanency of construction, ready accessibility to every compartment and an inspiring and consoling atmosphere.

A very large proportion of the compartments in Riverside Mausoleum have been reserved. A few are still available, but now that the workmen are bring into visibility all the beauty of the structure, these will be absorbed rapidly.

The cost of entombment in Riverside Mausoleum is less than you would be obliged to pay for lot, monument and other cemetery expenses. The building is the monument, far surpassing in magnificence and beauty any other form of memorial.

BECAUSE OF THE LIMITED NUMBER OF COMPARTMENTS AVAILABLE, RESERVATIONS WILL BE HONORED IN THE ORDER RECEIVED.

Perpetual Care

Is assured for Riverside Mausoleum from an endowment fund, the interest from which can only be used for the care and maintenance of the building.

MODEL T-1910

The Mayflower Hotel represents one of the greatest civic strides Plymouth has made in all the years of my residence here.

I want to extend my congratulations to the public-spirited citizens who have made the hotel possible and to the executives and directors who have labored long and efficiently with the construction details.

My best wishes for the success of Hotel Mayflower.

GOOD ROAD EVIDENCE

A North Carolina highway engineer has found that in one year, since the state came into possession of perfectly paved roads, a saving of \$1676 in gasoline has been made by every car owner. And that doesn't include the saving in time, in tires and upkeep of the auto. An auto dealer in an Illinois town checked the cost of operating a truck over dirt roads and over paved roads, and found that the truck running on paved roads saved two and one-half cents a mile over a period of one year. We don't know that this will set residents of this community studying, though we hope it will, for we are never going to get more roads or better roads than we need. But we are offering it here as additional argument to be used by those Plymouth citizens who are loyally and tirelessly fighting the good roads battle. They can use it nicely in their campaign for improved highways, a campaign that slowly but surely is promoting the interests of every resident of this community.

WHAT IS BOOSTING?

We often wonder how many Plymouth people ever stop to consider what real home-town boosting means. And yet it is merely "thinking" and "saying" good things about the community in which we live. To be real boosters for our home town we must assume our share of civic responsibilities, and lend our support toward any movement for the betterment of our homes, schools, churches and social and fraternal organizations. We should not only feel it our duty but we should take pride in keeping our streets clean and in good repair, and in beautifying our yards and homes. We should make them as attractive as possible. A clean, healthy atmosphere does more than anything else to attract new citizens to a community and to give a town a steady, healthy growth. These are the things that constitute real boosting—things that we not only can do but that we should do constantly, 365 days in the year.

A TIMELY WARNING

We want just as few deaths around Plymouth as it is possible for us to have, and all of us prefer to have them from natural causes, instead of through carelessness. With the arrival of cool mornings has come another great danger to those who operate automobiles, and it is in the hope of preventing any deaths from this new danger that we are sounding a warning.

Every owner of an auto should learn among the very first things that gasoline doesn't generate as quickly in cold weather as during the summer months. He has to "pull out the choke" in order to get enough gas flowing to start an explosion in the cylinders. A lot of it doesn't vaporize, but passes out through the exhaust pipe in the form of gas. This is known as "monoxide gas," the deadliest gas in the world. So dangerous is it that it will kill in from one to three minutes if permitted to enter the lungs.

There's no danger from monoxide gas so long as the doors of the garage are open when you are starting the car. If you attempt to start the car on a cold morning with the garage closed up there can be but one result, and that is death. You can't see this gas, nor can you smell it, but once it is breathed into the throat and lungs there is no antidote. Hundreds of deaths occur throughout the country every fall and winter from this cause, and in almost every instance the victim was overcome before he could call for help. Let's not add to the list. Save your own life by seeing that the

doors of your garage are wide open before you start the car, and warn other members of the family to do the same thing.

OUR MEAT AND BREAD

The average Plymouth resident may not think that harvest time on the farm helps him much, and he may be inclined to think that it aids those who live in our large cities still less. But the fact is that when we leave the farms of this country out of our calculations, we fail to look out for the hand that feeds us.

The industries of the country rise and fall like the waves of the sea, and the power of farm production is the force that sets those waves going. If farm production falls off then the farmer ceases to buy and all industry lags behind. But a good, fat crop means a new breath of life in the industrial world; new hope for those who work in offices and factories.

If we would look at it in the right way we ought to smile when the farmer has a big crop. It is a wonderful day for him when he gets it safely harvested, and still better if he can sell it for a good price. He carries a burden of anxiety and worry that few of us in town know anything about, since all the forces of nature attack his crops and even the elements often turn against him and make a whole season's labor a total loss to him. Don't underestimate the farmer's importance. If you do you are underestimating the importance of your own meat and bread.

HUNTING SEASON NOW ON

Squirrel hunting has caused several serious interruptions to the telephone long distance service during the past few days, says Roy E. Crowe, local manager of the Michigan Bell Telephone company.

The squirrel has always been a source of annoyance in cities in that the cable line makes an attractive way for the squirrel to get from one tree to another. Quite frequently he stops on the way and eats a hole through the lead covering of the cable. Insulating rains complete the work of putting all of the lines out of service.

The new long distance cable recently constructed between Detroit, Wayne, Ypsilanti, Ann Arbor, Plymouth and Northville has provided a wider field of activity for the squirrel, and hunters frequently find him traveling on the cable and where he makes an excellent mark. A well-placed charge of shot not only gets the squirrel, but also penetrates the lead covering and puts out of service a major portion of the long distance lines. Many of the lines damaged are providing service between Detroit, Grand Rapids, Lansing and other larger cities. Associated press wires are also carried in the cables referred to, and a short interruption seriously affects the publication of the daily papers.

If the hunter will give a little consideration to the damage to be done by shooting squirrels on telephone cables he will eliminate considerable inconvenience to a large number of his fellow citizens.

Sore Throat is Dangerous

Thoxine Relieves Quickly

Don't neglect sore throat—it often leads to tonsillitis, scarlet fever or diphtheria. Take Thoxine, a famous physician's prescription, which is remarkably successful because it works on a new principle—goes direct to the cause not reached by gargles and patent medicines and brings relief within 15 minutes, or money back. One swallow does the work.

Containing no iron, chloroform or other harmful drugs. Safe and sure—pleasant to take—much better than gargles. Ask for Thoxine, 25c, 50c, and \$1.00. Sold by Dodge Drug Co., and all good drug stores.

WARNING TO AUTO OWNERS

AUTO CLUB SOUNDS WARNING TO MOTORISTS TO EXAMINE CERTIFICATES OF TITLE.

A warning to all motorists in the state to examine their certificates of title for their cars as issued by the state department was given today by the Detroit Automobile club. The club states that there are hundreds of cars purchased second hand to which the present owners have no lawful titles.

The legal department of the automobile club states that every purchaser of a used car or prospective purchaser should not trust to what appears to be clear title given by the state. The club has found that in a great many cases there is a lien filed against the car in the first purchaser's home town that does not show on the title. The circuit court recently held that the purchaser of a car that had a lien against it was responsible for the lien, regardless of what the title might state.

The club has also found that in some mysterious manner professional thieves have stolen cars, later sold them as used ones and secured a perfectly good Michigan title to these cars by a juggling of engine numbers. According to Richard Harfst, manager of the club, this condition is freely admitted at the certificate of title office in Lansing and the state authorities have been hard at work for the last ninety days revising their records to prevent thieves from getting titles to stolen cars.

This department, it is said, is also in favor of changing the mortgage law so that all chattel mortgages, collateral notes, etc., acting as liens against cars, should be filed in the secretary of state's office rather than in the home town of the purchaser.

The club points out that a man residing in Detroit might purchase a car on the time payment basis and the chattel mortgage be recorded here in accordance with law. The application for title to this car might be made out so that no lien was shown against it. A short time later the purchaser might move to Flint, sell the car there, giving a clear title to the purchaser, who would effect a transfer through the state department. At some future date the finance company who had a lien against it might locate it and could recover it from the second purchaser.

This condition of affairs, according to the automobile club, makes it necessary for every purchaser of a used car to either trace the ownership of the car from the dealer who originally sold it down through every ownership, or if purchased from a dealer, to get a written statement from that company to the effect that the car is free and clear of all liens.

In this connection the club also points out that it is extremely dangerous for a private party who has no facilities for investigating matters of this kind to purchase a used car from another individual unless that person is personally known to the purchaser, or the car is bought from a reputable company.

Dr. Frank Crane Says

DON'T WORRY ABOUT OUR SPORT URGE

Many say that the country has gone "football crazy."

They point out the fact that Rome's downfall was preceded by the gift to the people of games and bread.

The parallel between the bloody amusements of ancient times, however, and the football of today is not very close.

Football is a clean sport and the more energy people put out in sport of

this strenuous kind the less energy they will be disposed to spend in war. Football calls for the last ounce of physical strength, together with intellectual alertness.

Last year there was an attendance of 79,500 at the game between Stanford and Southern California. Fifty-five thousand saw the Harvard play, 70,000 watched Ohio State and about 75,000 seats were sold for the U. S. C. Notre Dame game in Los Angeles.

Many applicants were rejected for lack of space.

The attendance of large groups at football games is a good omen and those who gather from this that the country is going to the dogs are mistaken.

One difference noted between other countries on the one hand and England and the United States on the other is that England's people play sport is an institution and to be a good sport is a synonym of having a good disposition.

The children of France and Italy and Germany need to be taught more how to play, for play is the natural outlet of youthful exuberance and the more a nation plays intelligently the better off it is.

One of the excellent efforts of the Y. M. C. A. and similar organizations

abroad has been to organize the boys and girls into play groups. Play of children abroad seems to take a more destructive tendency. A movement has made considerable headway in the United States to have teachers upon the play grounds and to instruct the children in healthy sports as well as the three R's.

Altogether play is a good thing, and should be encouraged. The more the principles of fair play are introduced into business the better off for business, and the more business becomes a sport the more it will attract followers.

PLYMOUTH HIGH LOSES TO NORTHVILLE HIGH

LARGE CROWD SEE GAME AT CAMP LAST FRIDAY AFTER-NOON.

The football game between Plymouth and Northville last Friday, November 4th, resulted in the defeat of Plymouth, 18 to 0. The fact that Northville was able to defeat Plymouth does not prove, to many fans, a great deal of superiority or that Northville had better training than did Plymouth. Although Northville continually forced Plymouth back, Plymouth's team had plenty of pep and the proper training to put up an excellent fight against Northville.

The Northville team and coach did not arrive until 4:30, so the game had to be shortened to ten-minute quarters. A steady rain started as the players bravely got into action in the first quarter. This, of course, made the ball wet and slippery, and the unprepared fans more or less damp. During the last quarter it became so dark that officials had trouble watching the play.

Northville started the game with a great deal of energy, so before the first quarter had passed succeeded in making a touchdown. After this first score by Northville, Plymouth tightened up and did some very fine playing. During the second half it looked as if Plymouth was going to make a score. Several times they had good opportunities, but did not quite succeed in making the best of them. Plymouth was unsuccessful in passing, which has been Plymouth's best system of offense, but the backfield men succeeded in finding breaks in Northville's line and used these chances to the best advantage.

At the half Northville's coach evidently instilled new spirit and energy into his men, for they came back into the game with plenty of pep and the rest of the game was theirs. In the third and last quarters the Northville men were more cautious and took advantage of every opportunity to gain a few yards.

Northville High is the leader in the league and will probably win the cup. She has not been beaten by any team in the league this season.

The Plymouth team played a good game Friday and deserves the compliments of the Plymouth fans. They can play football when they are in the proper mood. This fact was demonstrated with the defeat of Roosevelt High, which was an undefeated league team up until the time they met Plymouth.

TWO PETITIONS FILED FOR COVERT ROADS

Two petitions for Covert roads have been filed during the past few days at the office of the Wayne County Road Commission requesting additional concrete pavements, not included in the commission's plans for 1928 as recently announced.

Wayne county has not operated to any great extent in its road building programs under the provisions of the Covert act. It has carried out its great projects with money from general sources, including the mill tax, weight tax and state, city and village appropriations. A few of the recently completed roads, however, have been built as Covert roads.

One of the petitions received asks for new concrete on the Gibraltar road, from the Allen road, three and one-half miles west to Flat Rock, and carries 75 per cent of frontage ownership. This is the largest percentage of ownership signature ever presented to the commission with a Covert road petition.

If the road is approved after the required number of hearings have been held the county will proceed to build the first 20-foot strip on the newly acquired 120-foot right of way. It is expected that the road will be completed next spring, and an important arterial established across Brownstown township.

Another petition requests the continuation of Dix road, three miles south from North Line to the Sibley road. Two miles of this will be laid on a 120-foot right of way and one mile on a super-highway width of 204-foot right of way and become an extension of Fort road super-highway in conformance with the accepted Master plan.

Preference for ESSEX almost 2 to 1

In outselling any other "Six" at or near the price, almost two to one, the signal thing is not merely the overwhelming preference for the Essex Super-Six, but the source from which it comes.

A great proportion of buyers are owners, former and present, of big and costly cars. They turn to Essex because they find:

- The smoothness and performance of their costlier cars.
- Comfort and riding ease not excelled in any car.
- The roominess and relaxation of their larger cars.
- Traffic nimbleness and handling ease unmatched in larger cars.
- Economy of operation and maintenance exclusive to Essex.

Sunday, report a very pleasant and profitable time.

Mrs. Robert Lee entertained her Sunday-school class at her home on Roe street, recently. The boys all had a fine time.

Mrs. George Carl, Mrs. I. N. Dickerson and Mrs. H. S. Doerr are attending the annual W. H. M. S. conference at Flint, this week, as delegates from the local auxiliary.

Beginning next Wednesday night, we are to again have church training night, with a cooperative supper at 6:30, followed by classes for all. This is family night for the whole congregation, and all are urged to come and share in this fine Christian fellowship.

On next Wednesday afternoon, the various L. A. S. circles will meet as follows: Circle No. 1, Mrs. John Miller, leader, will meet with Mrs. F. A. Lendrum, at the parsonage. Circle No. 2, Mrs. Arthur White, leader, will meet with Mrs. George Howe, 576 North Harvey street. Circle No. 3, Mrs. F. Hillman, leader, will meet with Mrs. Blake Fisher on Burrows street, Maplecroft subdivision.

CATHOLIC NOTES

The forty-hour devotion was opened today by a Dominican mission father, and the same will be concluded Sunday night. Services will be held each morning. The evening services will begin at 8 o'clock and will be conducted by the missionary.

The work on the new church is steadily progressing and when completed promises to be a real gem. Great pains are being taken by the W. E. Wood Construction company to give us a very satisfactory building.

Next Sunday is Holy Communion Sunday, not only for the men but for the entire parish.

The card party sponsored by the families last Tuesday night was well patronized and each enjoyed the evening despite the inclement weather.

The Nethem club convened last Monday night, and in their usual way enjoyed themselves. These meetings are held each Monday night and a cordial invitation is extended to all the young people to join in these festivities.

The building of a new church is a parish affair, and it is hoped that all will be generous in their contribution toward this project.

Mr. and Mrs. Albert Condo, Jr., and Mr. and Mrs. C. Ingram are receiving congratulations upon the birth of a baby boy to each.

PRESBYTERIAN NOTES

The young people had a fine meeting last Sunday evening. The subject was "The Christian's Attitude to War," and the discussion was general and interesting. Everyone enjoyed the meeting. This week the young folks are to consider "The Good and Bad in Newspapers and Magazines."

About four hundred Presbyterians met at the Masonic temple in Detroit, Monday evening, to celebrate the anniversary of organized home mission work. It was a great meeting. Plymouth was represented by a goodly delegation.

The women of the congregation are busily engaged preparing for the bazaar and supper to be held Thursday, November 17th.

BAPTIST NOTES

Hugh L. Warner will have charge of the evening services. He will give a lecture on the Tabernacle, illustrated by a chart. Mr. Warner is a well known author and lecturer, having spent some thirty years in the study of the Bible.

EPISCOPAL NOTES

There are two or three special notices this week, which are of more than ordinary importance. The first is that the Rev. W. E. A. Lewis, formerly of Grace church, Mt. Clemens, and now of Detroit, will celebrate Holy Communion next Sunday, the 13th, at 10:00 a. m. He will also preach. It is urged that all turn out to hear him.

The other two notices are of interest to all of Plymouth. The November Men's Club supper will be served Tuesday, the 15th, at 6:30 p. m., at the parish house. Tickets are 75c. All the men of Plymouth are invited. Prof. W. D. Henderson, who has been heard and enjoyed several times here, will be the speaker and will take for his subject, "Human Nature and the Changing Order." Those who know the professor will feel sure that his treatment of this theme will be very interesting. Music will be furnished by the Northville Masonic Quartet, which enjoys a high reputation for its singing.

On Sunday, November 20, besides the regular morning service, there will be a special Thanksgiving service at 8:00 p. m., at which the Rev. R. W. Woodrooffe of St. John's, Detroit, will preach. Mr. Woodrooffe has been with us before, and is always interested in Plymouth St. John's. The choir will sing appropriate music. A cordial invitation is extended to all of Plymouth to join with us in this service.

The Guild will meet Wednesday, the 16th, at the parish house, at 2:30 p. m.

Salem Federated Church
Rev. A. J. Parker, Pastor
Sunday, November 13—Divine worship, morning at 10:30; subject, "The Secret of Power." Sunday-school at 11:45. SALEM FEDERATED CHURCH

A children's party arranged to be held at the parsonage on Thursday, November 3rd, for the first and second class scholars of Salem Federated church Sunday-school, was the occasion of a very happy surprise for Rev. and Mrs. A. J. Parker. Between forty and fifty ladies associated with the church, arrived at the parsonage during the afternoon, each laden with gifts. Over one hundred cans of fruit and pickles, besides vegetables, eggs, apples, potatoes, etc., were received, and further gifts of aluminum ware and a set of tinted glass dishes have since come to hand.

Coffee and refreshments were hastily provided for the surprise party, which many willing hands graciously helped to serve, and a most enjoyable afternoon was spent together in the parsonage.

Before the ladies departed, they generously contributed \$5.75 toward refurnishing one of the vestries in the church as a special classroom for the younger scholars of the Sunday-school. A further gift of \$10, and another of \$1.00 have also been received toward this object.

In the evening at 6:30, parents and scholars of the first and second classes of the Sunday-school gathered for a children's party, and were entertained by Mrs. R. Burnham, Mrs. M. Bradley and Mrs. A. J. Parker. Miss Anderson of the Salem school, kindly directed the children in their games and amusements, and throughout the evening the parsonage echoed with the sounds of laughter and song. After partaking of refreshments, the young folks returned home again, feeling all the happier for the first children's party of the season.

The party was organized to help in raising funds for the special object already mentioned, and it was originally decided to make a small charge to all attending. But owing to the generous contributions of the visiting ladies in the afternoon, no charge whatever was made, for which the children join heartily with the minister and his wife in saying to all ladies of the church and congregation—"Thank you very much indeed! Come again!"

Cooking in Comfort

The Electric Range takes cooking out of the class of drudgery.

You don't have to keep an eye on your cooking or worry about its progress. The little clock controlling the current relieves you of all that. You put your meal to cook, set the clock—and go about other duties. When your dinner hour comes, your dinner will be ready for the table.

Electric range cooking is a great comfort. It gives freedom from the drudgery of the cook-stove; it cooks perfectly; it saves food.

THE THEATRE

"THE FIGHTING EAGLE."

Rousing to enthusiasm all who have seen it elsewhere, and packed with drama, action, laughs and appeal. Rod LaRocque's latest DeMille star picture, "The Fighting Eagle," will have its presentation at the Penniman Allen theatre on Saturday, November 12th.

A glittering romance of the days when Napoleon held Europe in awe, and when bravery, daring, intrigue and love were the passports to fame.

"The Fighting Eagle" is said to be the best stellar vehicle in which Mr. LaRocque has thus far been seen. The leading supporting players are Phyllis Haver, Julia Faye, Sally Rand, Sam DeGrasse and Max Barwyn.

The story deals with Elyse Gerard, young French country yokel who aspires to become an officer in Napoleon's army. He meets Countess de Launay, one of Napoleon's secret agents, and falls in love with her. Talleyrand is bribed by the Spanish minister to intercept the countess in the Pyrenees and to steal from her certain documents she purports to deliver to Napoleon. Gerard frustrates this plot and is rewarded with a

captaincy in Napoleon's guard. Talleyrand finally accomplishes Gerard's downfall and the latter, in disgrace with the emperor, is court-martialed and ordered shot. How Gerard is saved through the operations of the countess, and the picture brought to a delightful finish, are superbly brought out. In every respect "The Fighting Eagle" is a DeMille studios production of the finest type and well worth seeing.

The picture is a screen version of Conan Doyle's famous story, "The Adventures of Gerard." The adaptation by Douglas Z. Doty was clever.

C. Gardner Sullivan was the supervisor.

"LOST AT THE FRONT"

"An army of pretty women" is a statement that just misses being an actual fact in "Lost at the Front," a hilarious war comedy of an entirely new sort that will feature the enterainment bill at the Penniman Allen theatre Sunday and Monday, November 13 and 14.

It misses because a few of the women in the feminine army used in the picture are plump, a few grotesquely angular. But the majority who appear in scenes in which the famous Russian Battalion of Death figure, are Pulchritude itself!

"Lost at the Front," directed by Hal Lord, co-stars George Sidney and Charlie Murray, with Natalie Kingston, First National leading lady and Yvonne Baby Star for 1927, as its eye-taking feminine attraction. The principal locale of the story, which Frank Griffin wrote, is the Russian front during the World War.

Murray depicts all his previous comedy records as an Irish policeman who gets tangled up in the Russian army. George Sidney, of "Potash and Pearl-mutter" stage fame, also outdoes himself as Murray's comedy team mate, in the role of a German reservist called to the front.

In riotous action that includes the Battalion of Death, however, Sidney and Murray "lose" under various flags, and even submit to examination as candidates for the feminine battalion. Miss Kingston appears as Olga, a Russian sculptress. The picture abounds with mirth from beginning to end.

"THE ANGEL OF BROADWAY"

Proving itself a picture far above the average in point of interest, appeal and beauty, Leatrice Joy's new DeMille production, "The Angel of Broadway," comes to the Penniman Allen theatre Tuesday, November 15.

Appearing in two distinct roles, one a night club dancer and the other a Salvation Army lassie, Miss Joy vested both with rare artistry. Victor Varconi, the patrician Pilate of "King of Kings," is excellent as a husky truck driver opposite the dainty star.

There are many dramatic moments in this powerful story of New York's Great White Way and of the Salvation Army Mission on the East Side. Babe Scott, a night club entertainer, puts on a new act that of a Salvation Army girl who mingles with the revelers at the club. She goes to a mission for atmosphere and here meets Jerry Wilson, a truck driver. He falls in love with her and believing her to be actually an Army lassie, he is about to ask her to marry him when he discovers the truth. He upbraids her bitterly and there follow many events that hold the attention to the end. The scene where Miss Joy prays by the bedside of a dying girl of the streets, is highly effective.

The picture abounds with drama, pathos and laughter. Altogether it is quite worth while. May Robson, Alice Lake, Jane Keckley, Ivan Lebedeff and Clarence Burton render splendid support. Lois Weber, the director, is entitled to praise for her efficient handling of a difficult picture theme. Don't miss this charming production.

"BEAU GESTE"

Add one more title to the list of truly great motion pictures.

With the appearance of Paramount's Beau Geste, which comes to the Penniman Allen theatre, Wednesday, Thursday and Friday, November 16, 17 and 18, it becomes necessary to enlarge the roll of screen masterpieces.

The magnificent broad sweep of this drama of the French Foreign Legion has never before been surpassed, nor has there ever been a finer theme more masterfully executed, than that of the devotion of three young brothers, and their smiling, unflinching sacrifice for each other.

The pounding, pulsing drama of "Beau Geste" is brought to the audience with shocking force in the opening scenes. A detachment of the Foreign Legion is shown on its way across the African Desert to relieve a fort which has been attacked by Arabs. Arriving, the commander of the relieving force finds no sign of Arabs, and his glass reveals a soldier standing at every embrasure in the walls, ready to fire on an enemy.

A single call elicits no response. Not a man stirs and the gates remain closed. The major goes close to the walls and discovers the alert sentries to be—all dead!

This opens a mystery which deepens and quickens as the story progresses, reaching to England and there involving three of the main characters, the brothers, enacted by Ronald Colman, Neil Hamilton and Ralph Forbes.

Colman, giving the finest and most romantic performance of his brilliant career, and Noah Berry as Sergeant LeBlanc, "the cruelest, best and bravest soldier" in the Legion, dominate the action although Hamilton and Forbes are close rivals for screen honors.

None of the many noted artists in "Beau Geste" give anything but fine characterizations. William Powell, Alice Joyce, Mary Brian, Norman Trevor, Victor McLaglan and the others all add to their popularity.

There are a thousand thrills in "Beau Geste"—the sight of hundreds of colorful Tommies sweeping across the sand plains, the revolt among the 40 Legionnaires, and their dauntless defense against the desert borders, in addition to countless other pulse leaping moments.

There is no need to use words lauding Herbert Brenon's direction," ing Herbert Brenon's direction." RYB "Beau Geste" begs any written praise.

From the careful chemical process that combines pure pine tar, fresh demulcent honey and other ingredients of proven medicinal value, there results a peculiar quality for healing, characteristic of this true cough and cold remedy. No opiates, no chloroform, effective alike for children and grown persons. Insist upon Foley's Honey and Tar Compound and accept no substitutes. Sold everywhere in Plymouth.

Today's Reflections

It is still difficult to tell when some Plymouth girls are playing the piano and when they are only dusting it.

A Virginia doctor says this country spends four billion dollars a year for health. Wonder how much of this sum is paid for "prescriptions."

If you'd explain to the average boy that an epidemic is something that spreads he'd probably think it was some kind of jam.

Another pessimist is the Plymouth man who thinks that every chestnut has to have its worm.

There always is a reaction. Maybe the kids of this rising generation will get enough spanking to make up for those their parents failed to get.

There is a rumor that the muff is coming back this winter, but we'll bet there are a lot of Plymouth girls who wish it was woolen leggings instead.

A man's idea of heaven is a place where there is nothing around the house that is too good to use.

Now and then you see a man out with his wife who looks as uncomfortable as if he was wearing a rented dress suit.

Our sympathy goes out to those Plymouth men who love potatoes but who have wives so fat that they are dieting.

If a man doesn't tell fish stories he hasn't any use at all for his imagination these days.

Why is it that while a woman can see a million ways in which her husband could be improved she thinks that her children are perfect?

What has become of the old-fashioned Plymouth parents who didn't have to be up on the latest slang to understand what their children were talking about?

When poverty flies in at the window love has to get out and hustle for a job.

Did you ever notice how quickly a knocker shuts up when the man he is knocking comes along?

Lots of Plymouth men have all the clothes they want, but you never saw a woman that way.

Talk to a modern young man about burning the midnight oil and he'll think you are referring to gasoline.

Curious Cuss

DEAR FRIENDS:

Personally I never bought an engagement ring in my life. I was on the verge of buyin' one one time but she changed her mind.

Which is a woman's privilege I s'pose.

But the average girl wears only one engagement ring in her whole life. There are exceptions to that rule, but I'm talking about the average.

That's why it's important to select that engagement diamond with care. You'll have to admit that my argument's good.

So, I'd advise any young man to see the beautiful assortment of "sparklers" here at the store and talk the matter over with Mr. Draper. He knows diamonds.

BEAUTY—AND SERVICE.
WHAT WILL AMERICA BE?
INFANTILE PARALYSIS.
THE SOIL OF FLORIDA.

The United States Labor Bureau says American women spend \$5,000,000 a day, \$1,825,000,000 a year, on beauty shops and aids to beauty. Women spending the five million a day would be more beautiful if they kept the money. But spending it makes them happy, and happiness is worth its price.

Conrad Zeller, sixty-five years old, father of twenty children, retires from post office work on a pension of \$60 a month. His average pay from Uncle Sam during twenty-eight years was \$85 a month.

Not very generous from a country rich enough to let its women spend eighteen hundred millions a year on wrinkle, eradication, face lifting, artificial curls and complexion.

Another step in travel by air. German and British dirigibles, each of 500,000 cubic feet capacity, will race around the world next year.

They expect to make the trip in twelve days, with two stops for fuel. That makes the world smaller than it was, and would interest Jules Verne. The Germans, with new light Diesel engines in their dirigibles, will surprise the world.

What is America, as regards its people, what is it destined to be?

Indians were here first, Columbus came, then the Pilgrim fathers determined to worship God as they pleased, and to make everybody else worship Him as they pleased. They would not recognize today's populations. The City of Chicago contains 450,000 Germans, 400,000 Poles, 300,000 Jews, 300,000 Irish, 200,000 Italians, 200,000 Bohemians and Czechs-Slovaks, 125,000 Swedes, 50,000 Norwegians, and 50,000 Greeks. Not exactly what you would call "pure Nordic."

What type, what civilization will come out of that mixture?

Infantile paralysis should interest government, national, state and municipal, more than it seems to do. There are 4,000 cases in the United States now. Nobody knows how the disease starts and spreads. The disease breaks out, nobody knows how or why, in dark city streets and in distant sunlit beautiful valleys, more than a thousand miles from either ocean, and five thousand feet above them.

Such a mysterious disease among swine or cattle would be investigated and fought by the Government energetically. The Rockefeller Institute is doing admirable work, but a nation of 115,000,000 should not leave such a fight to the generosity of one man.

Forty Florida newspapers combined to publish, every two weeks, a special supplement, called "The Farm and Grove Section." It will supply people in and out of the state with full information about Florida's agricultural resources and the way to develop them.

Mr. Frank R. Hammett, of Jacksonville, will have charge of this useful work.

Wealth and fertility unlimited are in Florida's soil.

The "tourist" will always be one of the great Florida crops, but Florida in a few years will look back with wonder to the day when the tourist was the "principal" crop of the state, and its chief financial reliance.

Industries will be established and factories built throughout Florida as they are building now in California.

No one can estimate the future of that great state, only TEMPORARILY set back by real estate booming and foolishness.

Albert Edward Davies, twenty-eight, was told by doctors that his three-year-old daughter must die of septic pneumonia; it was only a matter of days. The child was in dreadful agony. The father drowned her in the bathtub to end her suffering. "I could not bear to see her suffer any longer," he said when he gave himself up.

The judge said he was bound to tell the jury: "Had this poor child been an animal instead of a human being the man would have been actually liable to punishment if he had not put it out of its misery. That is the law." The jury acquitted the man.

Birth control ladies will be interested in his case. His wife was, in her case, had four children in four years, died in the fourth childbirth. The law would have punished anybody for showing her how to avoid that.

It is proposed to name the section of road on the Wayne-Monroe line between Flat Rock and the Village of Waltz, the Will Carleton Drive. This road was built last year by the State of Michigan on a new 120-ft. right of way, and the state highway department and the Wayne county road commission have given approval to the plan. It remains only for the road commissioners of Monroe to concur.

There might have been a real "hot time" in Farmington this summer, if Francis Knight had investigated in his garden a little more closely, before the leaves fell. When the foliage was gone from one of his bushes the other day, Mr. Knight saw a curious object of unusual size. He went out and found there a hornet's nest that was 19 inches long and 27 inches in circumference. The nest was eagerly taken by collectors for the Children's Museum in Detroit.—Farmington Enterprise.

The Michigan Conservation Department has established game reserves covering nearly a square mile of land east of the Pere Marquette railway. The use of the land for refuges was dedicated to the state by the owners, George Yorkes, Frank Durfee, W. R. Brown and Alexander Christensen. No hunting or trapping is allowed on land so dedicated and the department has appointed a special conservation officer, who resides on the premises. The refuges will be regularly patrolled, and the birds fed in winter.—Northville Record.

Dad Plymouth says the worst and most dangerous crossing in the world is double-crossing.

"It sometimes happens," asserts Dad Plymouth, "that a politician only buries his hatchet when he has an axe to grind."

Women are high-strung creatures. Maybe that's the reason they are always harping.

"It won't be long now," says Dad Plymouth, "until the only sport our aviators will have left will be in seeing how close they can fly to each other without having a collision."

Scientists say they do not know what causes sleep, but Dad Plymouth thinks that reading the Congressional Record produces a lot of it.

A TIME FOR RETROSPECTION

Let us think back nine years. Let us picture again in our minds' eyes those indomitable figures clad in khaki, bravely plunging forward over a leaden hail of death in defense of our Nation and its ideals.

Armistice Day, November 11th, is the day to do honor to the heroes—living and dead—who brought us Victory. And also to those other loyal and devoted Americans who formed the great army behind the boys at the front, and gave unsparingly of their time and money.

To all these our Nation pledges its homage on Armistice Day.

America, when she starts, likes to start like a rocket and here is a car that asks but 7 seconds, through gears, to register 25 miles per hour.

Above all, America admires smartness, when value is not sacrificed to achieve it, and here style and stamina bid equally for your faith and favor.

As sturdy car, commodious yet compact, built from bumper to bumper the good Dodge way.

SCHOOL NOTES

HIGH SCHOOL NOTES

Judging from the many students who attended the Plymouth-Northville game last Friday, the purpose of the semester tickets was accomplished. The students went to the game in a body, following the band. The band played several numbers at the game. The high school cooking class is working with fats. They are making fried cakes.

The Senior Girl Reserves made a neat profit on the sale of candy at the football game. The H-Y boys were equally successful in their sale of hot dogs.

The French classes have received the first numbers of the L'Illustration. This magazine is coming to them direct from France.

The seniors held their first dance in the high school auditorium, Friday, November 4th. Due to the large number of students who attended, the party was a decided success.

Mrs. Whipple's English 11 class is studying the life and writings of Edgar Allan Poe.

The Commercial Club held its initiation party Tuesday, November 1, at the home of Corlone Howell. After the new members were properly initiated, refreshments were served. Everyone had an enjoyable time. The members initiated are: Esther Ashe, Evelyn Ashe, Helen Boyer, Archie Cramm, Basil Carney, Marion Cool, Ted Johnson, Elton Knapp, Beulah Cue, Wilva Norris and Helen Schmidt.

The ninth and tenth grades had an assembly last week Wednesday. Mr. Smith was the speaker.

About thirteen members of the Junior Girl Reserve club walked to Phoenix Park, Wednesday, November 2, where they had a steak roast. They were accompanied by their patroness, Miss Schmid. They had a splendid time.

The students of the public speaking class are completing their poems written by either Edgar Guest or Rudyard Kipling.

The cooking class is much interested in the Home Project work, and think it helps them greatly.

All the plans for the carnival are being carried out this week. From the look of things now, the carnival is expected to be one of the biggest and best ever held in Plymouth high school.

The citizenship classes are making arrangements for a program to be given on Armistice day. Each class chooses a program committee. The chairman of this committee will be in charge when the program is given.

The new H-Y members are: A. Van Bonn, D. Rittenhouse, L. Partidge, W. Buke and B. Smith.

Next week in the high school, the Student Council will hold an art exhibit. The money realized from this exhibit is to go to buy pictures for the school.

GRADE NOTES

Miss Dodge's 1-A class has a double honor roll. The members are as follows: Betty, Dorothy, Earl, James, Kathryn, Lillian, Lois, Mike, Perley and Warren. The pupils are making Indian and turkey pictures for Thanksgiving.

Mrs. Bloxson's 2-B class.—The children are enjoying Indian Folk Lore stories and Indian pictures, which seem to be so appropriate at this time of the year.

Edsel Tyn is on the highest lesson in spelling.

Edward Llac's Nonsense Alphabet is proving to be interesting and amusing material for the alphabet books.

Miss Weatherhead's 2-A and 2-B.—Erma Bridge brought us a new plant on Friday. Annette Scruto and Velma Still entered the third grade. Monday. The class is making health booklets this week. They are trying to get their weight correct before the nurse weighs them again. They are having stories of the Pilgrims in England and Holland.

Miss Dickson's 3-B and 3-A class.—Marion Gordon spelled down the "B" class, and Virginia Cline the "A" class.

Miss Sever's 4-B class.—They have begun an Indian project for this month. They already have in their collection Indian baskets, bow and arrow, fan, suit and canoe. They have had several 100% days in spelling. The boys have chosen sides, and are having a contest playing soccer ball. Jack Gordon is captain of the Eagles, and Harold Wagenschutz is captain of the Leaguers.

Miss Holiday's 5-B class is studying Hiawatha. They are making booklets for hygiene.

B-1 grade.—Mrs. Paul Bomer and Mrs. Carleton Lewis were recent visitors in this grade. The children have been making Thanksgiving decorations for the room, as a part of their seat work. Their other seat work has consisted of a drill on color words and training in association of words with objects. This room has had 100% in cleanliness in every morning session since school started.

"ALL-OF-A-SUDDEN PEGGY"

If you desire entertainment and a real demonstration of high school talent, you cannot afford to miss the play, "All-of-a-Sudden Peggy." This play will be given for the express purpose of showing the residents of

Plymouth that the high school really appreciates their support. They are going to express this appreciation through their own talent. Don't forget the date, December 2, 1927, at the high school.

CIVIC LEAGUE

The meeting was called to order by the president, Janet Blickenstaff. Officers for next meeting were elected as follows: President, Irene Larson; vice-president, Casler Stevens; secretary, Marvin Tibble. The committee for next Monday's program was appointed by the president as follows: Marie Beagle, Mary Lorenz and Evelyn Stanley. Elaine Hamilton was appointed for the monitor at the drinking fountain this week.

It was moved, seconded and voted upon that we have our regular club meeting on Friday instead of Monday of this week, because of Armistice day. We should have an Armistice program.

It was moved, seconded and voted upon that the meeting adjourn.

JUNIOR LITERARY CLUB

The 8-B grade English class has started a Junior Literary Club. Bruce Miller is president and Edwin Ash is vice-president. Jennie Scarpulla is secretary-treasurer. The club has decided to have a court, and have chosen a judge and officer. The pupil may be arrested for bad behavior and unprepared lesson. When a pupil is arrested, a jury is chosen from the class. As yet we have had no prisoners to bring before court. Our meetings are held every Friday. We have appointed a committee to plan programs. We debated on Friday, November 4th. The question was that it was better to live in the city than in the country. The country won the debate.

CAMP WETOMACHICK

In the last meeting of Camp Wetomachick, the girls were asked to get membership rings or pins. The girls of this camp are paying ten cents a week as dues. If any party or ceremonial meetings are held, the money will come out of these dues.

Older members of Camp Fire were assigned a new member which they are to get ready for the ceremonial meeting.

The seventh, eighth and ninth grades are busy working on music memory series. They went to Detroit, Tuesday, November 8th.

CAMP CHICKAGOMI

Our weekly meeting was held October 29th. We discussed and planned health charts and dues. Chairmen for the meetings and our coming parties were appointed. We then sang some camp fire songs.

This week we shall be busy practicing for the coming carnival. The camp spirit is being put into the new members, and kept awake in the old.

NEWBURG SCHOOL NOTES

By Eldora Ballen

The Newburg P. T. A. will have a carnival at the school on Friday, November 18. Come and bring all your nickels. Plenty of entertainments, contests, and eats to attract you.

Emiline, Clementine and Laura Kovacs have moved to Cincinnati, Ohio. The upper grades are memorizing "Down to Sleep" and "How to Make Friends."

Edmund Zielasko is leading in the Courtis drill. In the intermediate room, while Clarence Levandowski and Mildred Gilbert of the upper grades are on lesson thirty-three.

The third graders are enjoying the booklets of "Children of Other Lands." We are very proud of our new globe and maps, which help us very much.

The school grounds are being made much more attractive, so that we are proud of the work the school board is accomplishing.

Miss Corbett and Miss Reid visited school Tuesday.

Your appeal to the world will show understanding if your vision is unimpaired. Otherwise you need an examination that will point out and remedy your eye defects. Don't guess at the condition of your eyes. Let us show you by our improved method of examination.

Building Quality into Used Cars

Unusual facilities for reconditioning automobiles make possible the high value found in our dependable used cars.

In the first place, we can tell exactly what needs to be done to a car without long and expensive experimenting. Our mechanics are thoroughly competent—and, working with special tools, they accomplish a given task in the minimum time. Furthermore, we use only genuine parts for replacement purposes.

As a result, our reconditioned cars simply cannot be matched for value.
