PLYMOUTH ROTARY CLUB MAKE CRIPPLED CHILDREN SURVEY

Co-operating With Wayne County Chapter of Michigan Society of Crippled Children, Local Rotary Members Are Making House-to-House Survey in This Community.

The Plymouth Rotary Club, in connection with the Wayne County Chapter of the Michigan Society for Crippled Children are making a survey of the territory that was allotted to the local club. The survey is being carried on by members of the club under the leadership of Dr. R. E. Cooper, chairman of the local club's crippled children committee.

The territory assigned to Plymouth is Plymouth village and all that section lying south of the Plymouth road to the Walker road, and west of the Middle Belt road and Canton and VanBuren townships. A house to house canvass is being made, and Dr. Cooper expects the survey will be completed today, Friday.

A new state law recently enacted by the legislature provides that a census of all crippled children will be taken at the time of the annual school census, but this law does not become effective until next April, and it is for this reason that the survey is now being undertaken by the Wayne County Chapter, so that the work may be carried on during the interim.

When the new law comes into effect, clinics will be established; a commission which will supervise the work of the society, has been appointed; hospital classes for teaching will be established, and appropriations for carrying on the work have been allowed.

The problem of the crippled child is one that has claimed a great deal of attention from the local Rotary Club. Dr. Cooper, chairman of the local committee, has taken a great deal of interest in this work, and he and his committee have done some splendid work in bringing relief and happiness to several kiddies in this community who have been sent to the hospitals where they have received expert surgical attention and care through the local club.

The Thanksgiving enrollment of the Michigan Society for Crippled Children has been in progress throughout the county during the past few weeks, and closed yesterday and has met with splendid success.

CHRISTMAS SEAL SALE CAMPAIGN IN PROGRESS

The annual Christmas seal sales for 1927 begins on Thanksgiving day and continues until December 7th.

On Monday, November 21st, Mrs. H. J. Maxwell Grylls, general chairman of the Christmas seal sale, entertained at a luncheon at her home on Parker avenue, Detroit, having as her guests the chairmen of Wayne county. Mrs. Charles O. Ball, local chairman, was among those present. After the luncheon plans for selling the seals in Wayne county were fully discussed.

It is almost unnecessary to explain the Christmas seals in Plymouth. Mrs. C. H. Bennett, chairman here for several years, introduced them so thoroughly, Plymouth responding generously. Mrs. Bennett did not feel equal to the work as chairman this year, but has offered her hearty support. As in previous years, Mrs. Bennett will place a Christmas seal on every paper of next week's issue of the Plymouth Mail.

Superintendent George A. Smith and his corps of teachers will cooperate in every way possible. On Wednesday next week, under their supervision, the pupils of the Plymouth schools will start a three-day campaign selling the seals. The room in each school selling the greatest number of seals will receive a prize.

These seals that are sold for one cent each have made possible the organized campaign against tuberculosis.

Let us place the seals on our Christmas mail and gifts, and in doing so have the joy and satisfaction that comes from helping others less fortunate than ourselves.

WOMAN'S CLUB TO MARK SITE OF FIRST HOUSE IN PLYMOUTH

At the regular meeting of the Woman's Club, Friday afternoon, November 18th, plans were completed for the placing of a bronze tablet to mark the site of Plymouth's first home, in the new Hotel Mayflower, as this structure now occupies that location. This event being one of common interest to several other organizations of the village, invitations have been sent them to join in making it a commemorable occasion. The date has been set for Friday, December 2nd. Luncheon will be served in the crystal room of the hotel at 12:15 p. m., and at a cost of \$1.00 per plate. No tickets will be sold, but reservations must be made by Wednesday.

Mrs. H. E. Baker, chairman for the day, has arranged a program that promises to be very interesting. Lee A. White, an editor of the Detroit News, also librarian, has been secured as speaker of the day. His talk will be on "Journalism in the Community."

At the conclusion of the business session of November 18th meeting, Mrs. H. S. Doerr, chairman of the program, whose subject was Norway, gave a brief review of that country's geography and the inspiration it's scenery had been to its people. Mrs. C. E. Walbridge gave a very interesting sketch of Edward Grieg's life and work, noting his participation in his own "Peer Gynt," and concluded by presenting Grieg's composition, "To Spring," and "Summer Night."

Mrs. E. J. Allison and Mrs. George Bentley gave splendid studies of Henrik Ibsen's life and place in modern drama. Mrs. F. A. Lendrum then outlined the first two acts of Ibsen's "Doll House," and a reading of the third act was ably given by Messlames Blikenstaff, Block, Gilbert, Wood and Burrows.

Mrs. Jewett, Detroit guest, accompanied by Mrs. Walbridge, favored the club with two songs by Grieg, "The Cradle Song," and "The Princess."

Both are popular young people of their respective communities, and a host of friends extend congratulations.

SAGE-BROKAW

Carl Sage of this place, and Miss Edna Brokaw of Salem, were married at the home of Rev. Halliday at Columbus, Ohio, Saturday, November 19th. The young couple were accompanied by Mr. and Mrs. Ed. Block and Sanford Shattuck of this place, and Miss Frances Honget of Detroit. Mr. and Mrs. Sage returned to Plymouth Thursday, after a short wedding trip. They will be at home to their many friends in the new home recently purchased by the groom, in Maplecroft subdivision.

Both are popular young people of their respective communities, and a host of friends extend congratulations.

ENTERTAINMENT AT HIGH SCHOOL NOVEMBER 29

Walter Hastings of the State Conservation Department, will be in Plymouth on November 29, as a guest of the Kiwanis Club. Through the cooperation of George A. Smith, superintendent of schools, arrangements have been made for Mr. Hastings to give an entertainment for the general public in the high school auditorium in the evening. The doors will be open at 6:45, and the show will start at 7:30.

The conservation department is sending to Plymouth two pictures, "Wonder He" and "Wild Wings." The first picture was taken at the Royal, and contains 1700 feet of movie pictures.

No admission will be charged, and Mr. Hastings will feel fully compensated for his efforts if a good crowd turns out.

EXTRA ATTRACTION BOOKED AT LOCAL THEATRE

The management of the Penniman Allen theatre have booked Violet MacAffee's Variety Girls as an extra attraction, with the regular picture program on Wednesday and Thursday evenings, November 30 and December 1, at the local theatre. This entertaining orchestra together with Jack Poole and Mildred Joyce, artistic dancers, character songs and stories, formerly featured with the George White Scandals, present a varied and high class program. Mr. Poole acts as master of ceremonies. The program is featured with individual songs as well as harmony singing and orchestra numbers.

The management are going to give their patrons a real musical treat with the regular picture program, at the regular admission prices of adults 30c, and children 15c. Two shows each night.

NEW AUTO PLATES READY DECEMBER 1

Edward Plachta, who is in charge of the secretary of state's branch office here for the distribution of license plates in Plymouth and vicinity, announces that the new plates are now here and will be ready for distribution December 1st. The new plates have a dark green background with white letters. The word Michigan is spelled out in full, and the year of issue is also placed across the top of the plate. Besides these changes, the tags are made of a heavier grade of metal.

LIVONIA SCHOOL DISTRICT NUMBER 4 CONSIDERS NEW SCHOOL BUILDING

At a recent meeting, the school board determined to submit the question of building a new school, to the taxpayers of the district.

The community served by the old school house on the South Farmington road, near Five Mile road, has enjoyed a rapid growth over the past few years, and the school population has increased to nearly seventy pupils with the prospect of several more at the beginning of the February term. The recommendation of the State Department of Public Instruction is that not more than thirty-five pupils be instructed by one teacher, and the school already houses double that number in its single room.

Under this condition, the board has been forced to act to relieve the situation. Their investigation has shown that the construction of temporary buildings is a poor economy because of their short life, and the fact that they must be paid for by direct tax. They also have found that the residents of the community are a class of people who wish to see their children housed in a modern, sanitary permanent school.

The valuation of the district is \$1,250,000 and there is no bonded indebtedness. The present tax rate is \$1.65 per thousand, one of the lowest in the state. The question to be submitted to the people calls for a bond issue of \$50,000 at 5% interest, which will increase the tax rate by \$2.00 per thousand over the first three years of the bonds, and by \$2.80 after that time, bringing the total to less than \$5.00 at any time during the life of the bonds. The moneys voted are for the purchase of additional ground to the present site and the erection and equipping of a four-room school.

The members of the school board are: Wm. D. Garchow, moderator; Gus Zobel, director; Dan Fuhrman, treasurer.

Polls will be open at the Livonia Town Hall, from 6:00 p. m. to 8:00 p. m., November 30th, 1927.

HAKE-STEVENS

A very pretty home wedding took place at the home of Mr. and Mrs. A. L. Wolf on Arthur street, last Saturday evening, when their daughter, Mrs. Faith Stevens was united in marriage to George Hake, in the presence of a large company of relatives and friends. The ceremony was performed by Rev. F. A. Lendrum, D. D., of the Methodist Episcopal church. The young couple were the recipients of many beautiful and useful gifts.

Local Debaters Win a Unanimous Decision Over Fordson High Last Friday Evening at Fordson.

JUNIORS WILL PRESENT PLAY

"ALL-OF-A-SUDDEN PEGGY" WILL BE GIVEN AT HIGH SCHOOL AUDITORIUM DECEMBER 1 AND 2.

The High school junior play is a light comedy in three acts, offering many a good laugh. "All-of-a-Sudden Peggy" is different and something new. The cast of characters is as follows:

Anthony, Lord Crackenthorpe—Cecil Packard.

The Hon. Jimmy Keppel—Elmore Carney.

Major Archie Phillips—Laurence Livingston.

Jack Menzies—Chase Willett.

Parker—Kinyon Miller.

Lena—Dale Hrenhouse.

Lady Crackenthorpe—Ruth Root.

The Hon. Millicent Keppel—Rhea Peck.

The Hon. Mrs. Colquhoun—Beatlah Coe.

Mrs. O'Mara—Dorothy Bentley.

Peggy—Virginia Giles.

The first act opens in the White Hall of Hawkhurst, Lord Crackenthorpe's country house. Lady Crackenthorpe's haughty disposition is at an end. Her son, Anthony, has a young girl and mother, Peggy and Mrs. O'Mara, staying for a few weeks at their home. She is afraid Anthony will marry Peggy, then she will have no place to stay. Major Phillips also argues, as he is a family boarder. Millicent, her daughter, likes Peggy and Mrs. O'Mara, who is a kind, laughing Irish lady.

Jimmy, a son from out of town, is persuaded to make love to Peggy, so as to keep Anthony single. But when Jimmy sees Peggy, he does fall in love with her. Peggy does also, but she does not know it. She wants her mother to marry Anthony, as he is a professor of an entomological society like her father was before his death. To make this possible Peggy goes to the city, leaving a note saying she is married to Jimmy. This causes Anthony to propose to Mrs. O'Mara, but Major Phillips puts a big piece in the paper about Peggy and Jimmy. The trouble begins. And what happens? Come and see the rest of this delightful comedy presented by the Junior class at 8 o'clock December 1st and 2nd. Admission: Adults 35 cents, school pupils 25 cents, with an addition of 10 cents if seats are reserved.

The High school orchestra will play under the direction of Miss Schrader.

Under the terms of the executive order, the Civil Service Commission will certify to the postmaster general the names of the highest three qualified eligibles, if as many as three are qualified, and the postmaster general will select one for nomination by the president. Confirmation by the senate is the final action.

Applicants will not be required to assemble in an examination room for scholastic tests, but will be rated on their education and business training and experience. The Civil Service Commission will make inquiry among representative local business and professional men and women concerning the experience, ability and character of each applicant and will assign ratings upon the evidence secured.

Nothing will be permitted to appear in the evidence upon which ratings are assigned which might even suggest the political affiliation of any candidate.

Full information and application blanks may be obtained from the secretary of the local board of civil service examiners at the postoffice in this village or from the United States Civil Service Commission, Washington, D. C.

TRADE NAME FOR DAIRY HERD AT TRAINING SCHOOL

"WACOTS" WILL BE PART OF NAME OF EACH COW AMONG HOLSTEINS.

Wayne County Training school whose herd of purebred Holstein dairy cattle is well known in Northville, has recently chosen a trade name to identify its herd, according to an announcement made by the Holstein-Friesian Association of America, which registered the name for the school. "Wacots" is the name chosen as a part of the name of each individual animal in the herd.

All registered Holsteins have a name and number, the name usually identifying the ancestral blood lines.

The prefix trade mark will be used by the Wayne County Training School as a further means of identifying individual animals by identifying the farm where the animal was bred. Since the system was established more than 15,000 Holstein breeders have reserved trade mark names.

The dairy herd that is being built up by Dr. Haskell is rapidly becoming one of the best in this section, where high grade Holsteins are common.—Northville Record.

MRS. MARY SAYLES PASSES AWAY

Mrs. Mary Sayles, widow of the late Clarence Sayles, passed away at her home on North Harvey street, Wednesday morning at 3:30 o'clock. Mrs. Sayles suffered a stroke of paralysis last Monday afternoon, which was the cause of her death.

Funeral services will be held from the home this Friday morning at 10:30 o'clock, Dr. F. A. Lendrum officiating. Interment in Riverside cemetery.

An obituary will appear next week.

To some people Christmas seems to come suddenly—without warning—almost as a surprise. These are the people who form the dense crowds on December 24—the frantic last-minute shoppers. Fortunately—each year—an increasingly largenumber of people really heed the annual warning—"Do Your Christmas Shopping Early." For one thing, they have learned that anything worth doing at all is worth doing well. They have learned that gift giving is a fine art, worthy of time and care and intelligence. Therefore they plan their shopping—choosing with fine tact and taste the gifts most suitable for each friend and relative.

This is a much more sensible plan for all of us. Isn't it better to shop at leisure and in comfort rather than to shop later in haste and in discomfort? The stores are now ready with stocks of new merchandise. New toys — new books, novelties of every kind. For those who choose practical gifts, the new styles in clothing and furnishings for men, women, boys and girls are ready for selection. In furniture stores, at the jewelers—shopping may now be done with plenty of time for thoughtful consideration of each purchase.

At the radio dealers'—at the gift shops—at the music stores—on motor row—one may now select important gifts with due regard for proper selection and Christmas delivery. Won't you this year be numbered amongst the early Christmas shoppers? It is the best way, really. You'll enjoy shopping now and your selection of gifts will be better, too. Remember the postal clerks. Mail packages early. The postmaster joins us in saying again, "Do Your Christmas Shopping Early."

A BIG JOB AHEAD.

Of course, everyone will be glad if congress can find a way to reduce taxes at its session starting next month. But we believe the country as a whole accepts this as a secondary matter now. We can struggle along with taxes remaining as they are now, but we don't want to see a repetition of the terrible disaster that swept the Mississippi river valley last spring.

An eastern engineer, who spent the entire summer going over the ground, estimates that it will require the sum of one billion dollars to build a perfect flood control system. It's a lot of money; and yet, if it will prevent future floods it will be the cheapest thing this country ever invested in. When we consider the millions upon millions we have loaned other nations—and made lasting enemies out of them by doing so—it looks like the height of foolishness to keep pouring money into their coffers when it would save life and property here at home. Foreign loans are still being made. That is proof that Uncle Sam can easily raise the billion dollars necessary for flood prevention.

We don't believe there is a taxpayer around Plymouth but who would be willing to see congress leave taxes as they are if it would vote the billion dollars needed to harness the Mississippi river and its tributaries. The less this year alone ran a third of that entire amount, and other floods are sure to come, year after year, unless steps are taken at once to prevent them. Congress has a big job ahead; and the biggest part of it, as we see it, is flood prevention.

GAME IS DWINDLING.

It is not uncommon along about this time of year to hear Plymouth hunters complaining that "game isn't near as plentiful as it used to be." So it may interest them to know that the complaint doesn't apply to this particular section alone, but that game is scarce all over the United States. In fact, recent government investigations show that only about two per cent of the game that existed in the country 60 years ago can be found today.

All our wild game, ranging in size from the tiny sandpiper and red squirrel to the wild turkey and moose, is rapidly diminishing in numbers. They have an unequal chance with the vast army of hunters equipped with the latest in guns, ammunition and well-trained dogs. Every year the wild life grows scarcer while the army of hunters grows larger and their guns more deadly and effective. At the present rate, it is claimed, before the year 2027, the United States will be swept as clean of wild life as though it never existed. The few small game refuges are considered insufficient to save it.

Some of the American game species that face early extinction are the woodcock, jacksnipe, golden plover, antelope, California grizzly bear, wild sheep and mountain goats. The early passing of the wild turkey and grouse has already been pretty well accomplished.

EVERYTHING IS O. K.

Much conversation about depressing conditions in industry and agriculture is just long-distance guesswork. When the U. S. employment agency issues a bulletin you can depend on it that the information in it is correct. Here comes a new one to the effect that employment conditions at the opening of the cold season is really no worse than at the same time last year. It also shows that the corn crop ran several millions of bushels ahead of the forecast, and is still selling at a

good price. Cotton slumped a nickel, and yet the production is above the average and selling at a price far from being unsatisfactory. Business as a whole is grossly depressed in the old world, but not over here. We're running along pretty smoothly now, taking the country as a whole, reports by alarmists and pessimists to the contrary notwithstanding.

Dr. Frank Crane Says

THE WAY TO LOSE IS TO GIVE UP

If you hang on and persevere you may not succeed anyhow, but if you give up you are sure to lose.

Albert Payson Terhune listed recently a number of things about failures who hung on and finally succeeded.

He tells of Garibaldi, who had lost everything and was in prison and condemned to death, yet he never lost his grip and lived to be the Saviour of Italy.

A middle-aged man peddled cordwood in St. Louis in a shabby, old army overcoat, yet this figure was General Grant, who afterwards was

electd President of the United States. An obscure country farmer wanted to come to America and his King would not let him. That farmer afterwards became ruler of England, Oliver Cromwell.

Patrick Henry could not make good in the grocery business or on his farm, but became one of our most famous orators.

At middle age Stonewall Jackson was an obscure college instructor. He lived to be the idol of the South.

Bulwer Lyton thought he was a failure when young and though he was a failure when young and though he was a hopeless invalid he hung on and was

afterwards one of the most famous English writers and a member of the peerage.

Thomas A. Edison, as a hard-up newsboy-candy butcher was thrown from a train and his fall injured his hearing. He got up and tackled his tasks anew and you know what he became afterwards.

Alexander Graham Bell was not much of a success in his youth, but those who bought his stock when he was peddling it at a cheap rate are now rich.

Robert Louis Stevenson, a consumptive, sat on a bench in a San Francisco park, middle-aged and penniless. He became one of the most famous writers in the world.

Napoleon the Third died in England, was dead broke and made a bare living in America. Afterwards he became Emperor of the French.

Napoleon Bonaparte was considered a failure when a young man, but by a change of fortune became the foremost man of the earth.

So, if you can't do anything else you can hold on. Nobody knows when the lightning is going to strike or where.

FARMERS SAID TO BE CHANGING PRACTICES

GOVERNMENT EXPERT GIVES SURVEY FIGURES ON NEW METHODS ADOPTED IN STATES.

Definite proof that farmers of the country are constantly changing and adapting their farm practices in line with the most modern developments of scientific agriculture is found in a survey which has been carried on since 1923 by the U. S. Department of Agriculture.

More than 8,000 farms in eleven different states were included in the survey, results of which were reported recently at the Michigan State College during the annual conference of agricultural extension workers. M. C. Wilson, statistician of the U. S. Department, discussed and analyzed the survey.

Percentage of farms which have adopted some new and modern ways of handling the work ran as high as 97 in some sections, with 70 per cent the lowest reported. As might be expected, the larger farm holders proved to be more alert in changing their practices in line with modern developments, while farms operated by owners showed a higher percentage of change than those run by tenants.

Demonstrations by agricultural and home economics agents were shown to be the most effective means of showing farmers the advantages of modern methods.

Today's Reflections

We know of an old fellow in the country who calls it the younger "generation"—and maybe he's right.

Only two things remind the average Plymouth man that there is such a place as Alaska—earthquakes and canned salmon.

A monument is to be erected in Europe to the man who invented post cards. Why not erect a monument to the man who invented monuments?

The Plymouth man who pays rent has to hustle, and the man who doesn't pay his rent has to move.

Some pedestrians who "do not choose to run" get their names in the papers, too.

Physicians say crazy people are happier than sane people. Maybe that is because they don't have to worry over doctor bills.

It is frequently said that tomorrow never comes, but the Plymouth man who has a note falling due tomorrow knows better.

Long peddlers are said to be suffering now because the men wear their clothes too long and the women wear theirs too short.

If all the fish that got away during the summer vacation trips were placed end to end it would be the biggest fish in the world.

We know some Plymouth men who have about come to the conclusion that about the only thing a fellow can't get on time in this country is his meals.

A Yale professor has found a 100-foot worm. The early bird who sets it will need help instead of congratulations.

If some of our fast drivers would stick to brakes and brains instead of horns and hurry the undertaker wouldn't have so much to do.

Every Plymouth man who owns property has a sneaking idea that the fellow on the other side of the fence has some of his land.

CHRISTMAS CLUB

A THRIFT PLAN FOR EVERY POCKETBOOK

Special Invitation

This is a special and friendly invitation to every man, woman and child to come in and join our new Christmas Club.

Our Christmas Club is a very popular plan because it enables those of small incomes as well as those of moderate circumstances to accumulate money. It is for business men and women, too, who know the value of having "ready cash" on hand.

This system of laying aside a specified amount each week is the sure way to have that extra money next Christmas.

Everybody invited—Everybody welcome.

LIFE

THE THEATRE

"HULA"

"Hula"—and Clara Bow! The book was good, but wait until you see the motion picture. It's a ten strike!

It's new. It's sparkling. It's crammed full of unusual situations. It provides a great vehicle for vivacious Clara Bow and, after all, it's the same Clara only even more so.

"Hula" comes to the Penniman Allen theatre Sunday and Monday, November 27 and 28. It's a "natural"—from start to finish.

In the picture, Miss Bow wins the nickname "Hula" because of her proficiency in the native Hawaiian dance. This is even more striking when it develops that she is not an Hawaiian. She was born in the Islands, the daughter of American parents, and has successfully sidestepped the "fast living" environment which surrounds the Calhoun plantation. "Old Bill," her father, a lovable but dissolute man, is not responsible for this. Uncle Edwin, "Hula's" companion since the death of her mother has really brought her up to be the sweet, dashing out-of-doors girl she is.

Clive Brook, leading man, as an English engineer, provides the complications along with a lot of love and this is the foundation for a fast moving story that hasn't a single dragging minute.

Members of the cast who go to make up this worth while presentation are Arlette Marchal, the designing Mrs. Baue; Albert Gran "Old Bill"; Arnold Kent, the handsome "heavy"; and Agostino Borgato, Uncle Edwin. Boris Anderson adapted Armine Von Temp's novel. Ethel Doherty wrote the screen continuity.

"THE TENDER HOUR"

The tragedy hidden behind the many "business" marriages of the rich is dramatically depicted in "The Tender Hour," the George Fitzmaurice production which comes as the feature attraction at the Penniman Allen theatre, Thursday and Friday, December 1 and 2.

That the situation as it is shown in the plot of the picture is a real one is proven by at least half a dozen such marriages which have ended disastrously and with much sensational publicity in the past year.

Particularly does this apply to the marriages of American girls to European titles. It is this particular phase of "bargain marriage" on which the story of "The Tender Hour" is based. In the picture an American financier who regards his daughter merely as a possession to be sold to the highest bidder forces her into marriage with an expatriated nobleman in order to further business interests.

Hilite Dore and Ben Lyon play featured roles in the picture, with Alec B. Francis, Montague Love and others in prominent parts. The picture is based on an original screen story by Carey Wilson, and was pro-

duced by John McCormick, general manager of West Coast production for First National.

"THE LIFE OF RILEY"

George Sidney is Chief of Police and Charlie Murray the Fire Chief of Eldorado Center in "The Life of Riley," the new feature coming next Saturday, December 3, to the Penniman Allen theatre, which E. M. Asher produced and William Beaudine directed for First National Pictures. Myrtle Steadman enacts the role of a beautiful widow, for whose hands the noted comics are rivals.

Of course, there are fires for the fire department and police calls for the police department, and no end of colorful and ingenious comedy clashes between the two departments throughout this fast-moving film. June Marlowe and Stephen Carr share the juvenile romance between them, and the deep-dyed city slicker is Sam Hardy.

The featured pair reach new heights of mirth-making in their respective careers in "The Life of Riley," which was written especially for them by the playwright, Mann Page. Howard J. Green adapted the story and Curtis Benion scenarized it, while three comedy "gag men" were kept busy on the sets devising fun during the filming of the picture.

The separate comedy riots are strung on the thread of a very human plot and an appealing romance between the young folk.

QUALITY AT LOW COST

Easiest to Start in cold weather

When Zero is the forecast, you'll be glad you bought a Nash.

For even though you keep a Nash in an unheated garage, here's one car that starts immediately, and then warms up to smooth operating efficiency in no time at all.

Nash has a big heavy-duty starter, an improved carburetor with automatic heat control and then thermostatic control of the water circulation which combine to produce almost magical results when you press the starter.

Nash is a great cold weather car in other ways, too. The big, 2-way, 4-wheel brakes of Nash surround

you with safety over every imaginable condition underfoot.

The Nash crankcase ventilator keeps the car's interior absolutely free of engine fumes, and at the same time prevents the usual cold-weather dilution of lubricating oil.

And the great Nash 7-bearing motor, now newly refined, is smooth and quiet every day in the year.

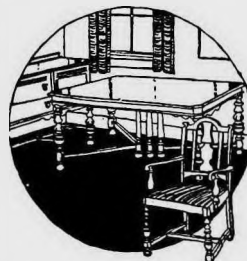

This is the best time in the year to trade your present car on a new Nash. Come in and let us show you how much more enjoyable winter and winter driving can be, when you drive a Nash.

IN MEMORIAM

In sad but loving remembrance of
our dear wife and mother, Heka Ash,
who departed this life one year ago,
November 24th:
One year ago in tears, dear wife and mother,
One year ago today,
We stood beside your dying bed
And saw you pass away
Days of sadness still come over us,
Secret tears do often flow,
Memory keeps you forever near us,
Though you died one year ago
At the beautiful gate you stand and wait,
Dear one, from pain set free,
I shall clasp your hands and see you smile
When the hinges are turned for me
Charles Ash and Children.

We would appreciate it if you would

AROUND ABOUT US

The Kiwanis Club of Wayne celebrated their first anniversary last week Friday evening.

For the first time in its history, Northville high school's football team has won the suburban championship.

The new wing of the William H. Maybury sanatorium near Northville, costing 200,000, is now ready for occupancy.

The Washtenaw County Poultry Association will hold its annual show from January 10 to 15, at the county fair grounds at Ann Arbor.

The second annual ball given by members of the Northville Blue Lodge took place in the high school gymnasium, Wednesday evening November 23rd.

Nine schools in the Redford-Brightmoor district had a 100 per cent subscription to their quota for the Community Fund by teachers.—Redford Record.

A farmer at Bellevue has this year harvested over 232 bushels of beans from seven acres of land. He sold 197 bushels and 55 pounds, receiving \$593.75.

Michigan avenue paving in Wayne is practically completed, and Wayne now has a main street that is indicative of one of the best paved towns in Wayne county.

Plans are being made by the agricultural committee of the Ann Arbor Kiwanis club for the annual achievement banquet for the 4-H club members and their parents.

Workmen are rapidly changing machinery in the main Ford plant located in this place. It is expected that it will be two or three weeks before the placing of new machines will be completed.—Northville Record.

James A. Root, 80, well known pioneer resident of Ypsilanti, passed away on Thursday night at the home of his daughter-in-law, Mrs. Lillian Root, where he had been ill for about four weeks.—Washtenaw County Tribune.

Northville's new lighting system just installed by the Detroit Edison company, has been completed and the lights turned on. Main and Dunlap streets are lighted the full length, and Center street is lighted entirely through the business section.

The construction of the viaduct for the school children at the intersection of Sophia street and Michigan avenue which was under the supervision of Charles Gandy, is now completed and will be ready for use as soon as this part is paved.—Wayne Weekly.

Owing to the large number of cases of small pox in Washtenaw county, the rural school authorities through Marion M. Wenzel, county nurse, will have a series of slides. Pupils are urged to go to the nearest clinic next week in the precautionary effort to prevent an epidemic. Washtenaw County Tribune.

After twenty-two consecutive years as treasurer of Oakland County W. C. T. U., Mrs. O. S. Griswold declined reelection at the 47th annual convention held at Pontiac last week. She was presented with an over-night bag in appreciation of her services. Mrs. John Savoy of Keego Harbor was elected county treasurer.—South Lyon Herald.

A. E. Fuller of Northville was down to the big poultry show in Detroit a few days ago, with some of his prize Silver Seabright bantams. He returned home with nearly all the prizes offered. He took five firsts, three seconds and two thirds. That is a record seldom equalled by any other poultry fancier. The poultry show was held at the Coliseum and drew a large number of entries.

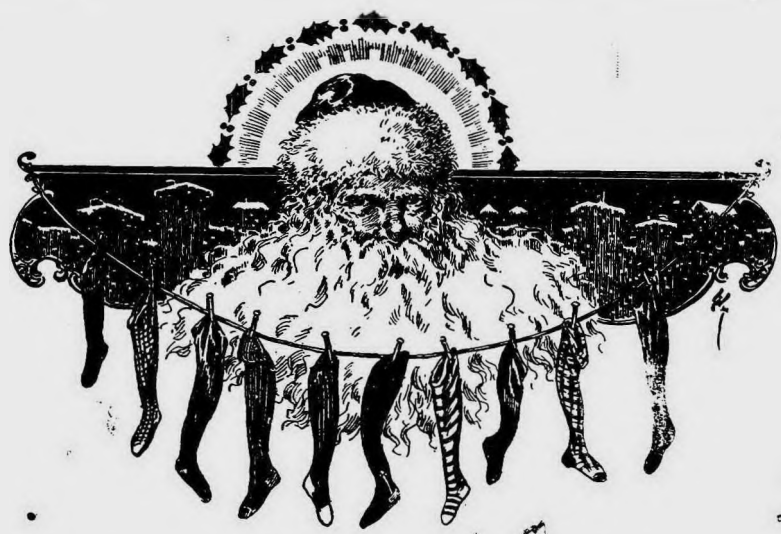

A contract has just been awarded by the Silver Springs Water company of Detroit for the rebuilding and enlarging of their springhouse in Northville, located just east of the Pere Marquette depot. Modern bottling machinery will be installed, and all the bottling of spring water, pop and ginger ale will be done at this point from now on. In the past only water has been bottled in Northville.—Northville Record.

A constructive crew of the Michigan Bell Telephone Company have been working in the vicinity of South Lyon during the past few weeks. According to Manager Roy E. Crowe, several thousand dollars will be invested in apparatus necessary to the plant during 1928. New cable is being installed in the north portion of the village to provide additional line needed for the steady growth of the exchange.—Brighton Argus.

Miss Ruth Foreman was one of the six typists chosen from the Business Institute, Detroit, to type at the Food show at Convention Hall the first week of the show. The girls typed and kept time to victrola music while they were blindfolded. They are allowed double credit at the Institute for the honor of being chosen to represent their school at the show. Six other girls will type at Convention Hall, beginning Wednesday.—Salem News, South Lyon Herald.

SHORT TALKS BY THOUGHTFUL MOTHERS

A Pennsylvania Mother says: "I know the worth of Foley's Honey and Tar Compound. We used it for years, and it has never failed us. For croupy children, feverish colds, disturbing night coughs, it gives us a feeling of security to have Foley's Honey and Tar Compound in the house." No opiates, no chloroform, Foley's Honey and Tar Compound carries a strong appeal to thoughtful mothers everywhere. Ask for it. Sold everywhere in Plymouth.

STARKWEATHER SCHOOL NOTES

Kindergarten, Miss Sundberg—Benjamin Darnel, Stanley Eldridge, Dale Ford, Dorothy Roe, Ruth Ash, Harold Fisher, Steve Fudo, Gladys Salow and Jean Schoof have been neither absent nor tardy so far this semester.

First grade, Miss Lape—The first grade had four visitors, Friday. We like to have company, and invite you to come. We are making pictures of the Mayflower to put with our Thanksgiving pictures.

Second grade, Miss Stader—Monday everyone was here, and no one was late. Our good habits are represented by colored stars on the blackboard. As the habits become more fixed, the stars grow larger. We are making a story book of original stories. We have completed five stories. The children are very proud of their books.

Third grade, Miss Holt—The following people were neither absent nor tardy during the month of November: Jeanette Brown, Bertha Andrews, Orice Beeman, James Gallimore, Murray Kilgore, Agnes Mattison, Jewell Starkweather, Norma Jean Roe, Donald Himes and Phyllis Stewart.

Fourth grade, Miss Balfore—The fourth grade hygiene class made coffee, tea and milk posters last week. This week we are making vegetable men.

Fifth grade, Mrs. Moles—The 5-B grade in Mrs. Moles' room made posters on which they pasted the story of the Pilgrims. Above the story was pasted a silhouette picture of Pilgrims going to church.

Fifth and Sixth grades, Mrs. Lee—The fifth and sixth grades are learning "The Landing of the Pilgrims."

The fifth grade is also learning "Woodmen, Spare That Tree." The fifth graders are just finishing their maps of Africa. There will be no school Thursday and Friday. The sixth grade geography class are making maps illustrating the winds. Mrs. Lee is reading "The Adventures of Tom Sawyer." We are having a Thanksgiving party.

—Jeannette Loth

WATERFORD

Mrs. Ida Hughes spent last week with her daughter, Mrs. Frank McGraw at Plymouth.

Clayton Cook of Plymouth, has started to build a home at Waterford. Mrs. Joseph Denton, who underwent an operation at Sessions Hospital, Northville, last week Thursday, was able to be brought home Monday afternoon.

Mr. and Mrs. Percy H. Gray and Mrs. Mavis motored out from Detroit, Sunday, and called upon Mr. and Mrs. W. H. McKerrghan.

The Waterford Society of Friends, begin their Genesis study at 7:30 p. m., December 2nd, at the home of Mrs. Don Miller. All are welcome. Better bring your Bible, with paper and pencil. Further notices as to time and places will appear later.

Olin Perkins of Lincoln, Nebraska, and Mrs. Lewis Brown visited their brother, Elmer Perkins and family over the week-end.

Jack Dawson of Milford, and B. Bolin of Northville, visited Mr. and Mrs. James Wilson, Sunday.

We have four new scholars in our school, who have come to us from Plymouth.

A special business meeting of the Junior Citizenship League was held to accept them and add their names to our constitution.

Mrs. H. VanAtta of South Lyon, visited her nephew, Elmer Perkins and family, over the week-end.

Miss Naomi Colburn left Wednesday to spend Thanksgiving with her mother at Fenton.

James Wilson was home from Owosso, Sunday, where he has been hauling sugar beets.

Mrs. Herbert Moe has been on the sick list the past week.

Miss Naomi Colburn attended the Zone A meeting, which was held at Canton school, last Saturday. The afternoon meeting was held at the Denton Training school. An interesting meeting was held.

Dr. Sparling and Miss Reed were at our school Monday afternoon. Sixteen persons were given toxin anti-toxin. The next will be given Monday afternoon.

BAPTIST NOTES

Communion services will be held at the Baptist church Sunday morning. The music will be in keeping with the service. The pastor's theme will be "The First Communion Table."

The Baptist Young People's Union meets every Sunday evening at six o'clock. The main feature of next Sunday's program will be a dialogue by two of the members. All young people are invited. If you have never attended our young people's meetings, come, we need you, and after attending one of our meetings you will see that you need us.

SALEM

Services on Sunday, November 27th. Morning at 10:30. Subject, "Something Lacking." Anthem by the choir.

Sunday school will meet at 11:45. Special pictorial lecture on "The Passion Play of Oberammergau," Sunday evening at 7:30. Song service at 7:15. Collection.

Meeting for prayer in the church on Wednesday at 7:30.

Annual church bazaar on Friday, December 2nd. Dinner will be served.

The annual church business meeting will be held on Tuesday, December 12th.

Next monthly church night gathering on Friday, December 10th.

Special Christmas effort with Christmas tree and Christmas program will be held on Saturday, December 24th.

Considerable interest is being manifested in the series of pictorial services which are being held in Salem Federated church every Sunday evening at 7:30. The Rev. A. J. Parker, minister of the church, is taking the congregation through the books of the Old and New Testament. Commencing with the Book of Genesis, the studies have proceeded now as far as the Book of Deuteronomy, and the studies will be continued through the whole Bible. Upon a large screen erected in the church pictures are projected showing the actual scenes of many noted biblical events. New pictures and a new study are presented every Sunday evening, and large congregations are being attracted to the meetings. Illustrated solos and duets are rendered by the choir, and the services promise to become increasingly popular during the winter months. On Sunday last the study included a visit to the strange and mysterious city of Petra, and views were shown of the temples, homes, tombs and public buildings which a lost race of mankind cut out of the solid rock and the mountainside. In addition to the studies of the books of the Old and New Testament, other subjects are being dealt with in these services. On Sunday evening, November 27th, a pictorial lecture showing the world-renowned Passion Play of Oberammergau will be given by the minister, and illustrated solos will be contributed by the choir. Admission to these lectures is quite free, but a collection is taken in the meetings. Friends will be well repaid for making a special effort to attend these Sunday evening services.

Great activity characterized the Federated church at Salem on the occasion of the second monthly church night which was held on Thursday, November 17th. Thanksgiving dinner was served in the church basement at 6:30, to which a large number sat down, friends being present from many places in the surrounding district. After dinner the following artists rendered a musical program: Items by the South Lyon male quartet.

Songs by Clare Bradley. Recitations by Norman Wilson. Songs by Forest Hubert.

Rev. E. Shaw, of Ypsilanti Baptist church, led the meeting in prayer, and J. L. Brumm, Esq., professor of journalism at the University of Michigan, addressed the crowded audience on the subject of "Escape from the Commonplace," pointing out the wisdom and the dignity of labor well and faithfully done, and the possibility that beautifying and ennobling influences may be made to gather round the common tasks of life.

The chair was taken by the minister and a standing vote of thanks was extended to Professor Brumm for his special visit and service to the church. Heartly thanks were also given to each of the artists and to members of the Ladies' Aid for their kind co-operation in helping to carry through to a successful issue the second church night for this season.

The next church night gathering will be held on Friday, December 16th, and will be of a special Christmas character. Book the date and come and have Christmas dinner this year on December 16th as well as on December 25th.

Through the earnest endeavors of Mrs. Glenn Burnham and Mrs. A. J. Parker, and the generous gifts of many friends connected with Salem Federated church and Sunday school, one of the vestries of the church has been specially fitted up as a classroom for the first and second class scholars of the school. Miss Shirley Burnham, one of the scholars, has presented the school with a beautiful picture of the Christ Child, which has been hung in this special room. The new equipped classroom was opened for inspection at the church night gathering on Thursday last, and many friends expressed their delight at the transformation which had taken place.

Class registers are now being adopted in the Sunday school, whereby the attendance or absence of each scholar will be recorded every Sunday. It has also been decided at the end of each year to present a book prize to every enrolled member of the school, but only those scholars making the largest number of attendances will be entitled to receive the best prizes. Both parents and children are therefore asked to co-operate in the endeavor to win for the home the very best prizes the school has to offer.

The singing of Mrs. Huntley Gordon and Miss Marjory Pollock added much to the services last Sunday.

Articles for the mission barrels should be left at the church or the manse, not later than November 30th.

Preparations for the annual Sunday-school Christmas entertainment are getting under way. We are assured week proved a most encouraging one of another fine program.

The bazar and supper given last week. The women and girls are deserving of much praise for their efforts.

METHODIST NOTES

Mrs. Coats recently invited the Philanthia class to her home on Rose street, to eat hot biscuits and maple syrup. Some twenty members accepted the invitation and enjoyed her fine hospitality.

There was a good attendance at the Circle meetings Wednesday. They are raising most of their money this year by pledges made by individual members.

We are delighted to again have Mrs. Farley at our various gatherings after so long an absence with a fractured hip. She shows a fine spirit which it would be well to imitate.

We won't be satisfied until all of our people gather with us round the supper table, Wednesday night at 6:15. Come, join our happy family, and enjoy the classes and social time afterward. Bring the whole family and spend a worth while evening.

CATHOLIC NOTES

Kindly take notice, masses on Sunday, November 27th, will be at the chapel of Schrader Bros., on Main street, at 8:00 and 10:00 o'clock. This change is due to the remodeling of our present church.

The work on the church is progressing rapidly, and promises to be a real joy to all; a church suited for our needs, and one expressive of our faith in God.

An expression is still anxiously awaited from some of the parishioners. It is hoped that all will come forth and make a real Christmas present to the Almighty, so that He can say this is my home, given to me by the people whom I will bless.

Listed among the sick, we have John Mertens and Mrs. Peter Mandl. The latter is at Providence hospital, Detroit.

Two new families have registered themselves as parishioners. The large choir is diligently preparing a new mass for the Christmas services.

Sunday is the last Sunday of November. Kindly adjust your November accounts.

Do not forget mass Sunday will be in the chapel of Schrader Bros.

STARK

Mr. and Mrs. Earl May and family motored to St. Mary's, Ohio, last week to visit relatives. Mr. May's mother, Mrs. Emma Helm, returned with them to spend a couple of weeks.

Mrs. Mary Maynard had the misfortune to fall a week ago last Sunday morning, breaking her left arm. She is visiting relatives at Davidsburg.

R. E. Vantassel left Thursday morning for a few days' hunting trip in the northern part of the state.

Mrs. Muta Fisher spent two days this week in Detroit.

George Johnson and his party returned home from a deer-hunting trip. They got one deer, and had a very good time.

Miss Gertrude Murphy of Detroit, spent Sunday with Mrs. Johnson and family.

Mr. and Mrs. George Maynard of Whitmore Lake, and Mr. and Mrs. Alfred Hutchinson of Davidsburg, visited Mrs. Mary Maynard, Sunday.

NEWBURG

Our church services are at 11:00 o'clock every Sunday morning, with Sunday-school at 12:30 o'clock.

The Epworth League went to Beech, Sunday evening, to help them organize a league.

The Epworth League will have a Thanksgiving party in the hall on Friday evening. The Plymouth and Beech Leagues are invited.

Mr. and Mrs. Donald Ryder attended a Pooria Life Insurance banquet at the Huron Hotel, Ypsilanti, Saturday evening.

Miss Viola Gilstroff of Detroit, spent the week-end with Mr. and Mrs. Harry Grimm, Sr.

Mr. and Mrs. Mark Joy entertained Thursday evening. Mr. and Mrs. C. Mackinder and Mr. and Mrs. S. Ostrander of Wayne, the occasion being the birthday of Mrs. Ostrander.

On Wednesday evening about 75 people gathered at the hall for a reception in honor of Mr. and Mrs. Anthony Kreger. After a social time, they were called to order by Miss Ada Youngs, who called on Mrs. M. Eva Smith for a reading. Mrs. James McNabb and Mrs. Hazel Bassett also gave readings. Mrs. Donald Ryder then called the guests of honor to the platform, and presented them with a bridge lamp and end table, as a token of appreciation from the church and friends. After congratulations, lunch was served by Mrs. Gunsolly and Mrs. Carney, assisted by four of the young ladies.

Cooking without a cook

From the beginning, it has been the lot of women to bend wearily over a fire and cook for hungry mate and offspring.

Today, the housewife is given freedom from this old-time chore. The Electric Range is automatic. All that the modern home-keeper has to do is to put the food in the oven, touch a switch or two, and set the little time clock.

Her task is done. She goes about other affairs, at home or abroad, forgetting the kitchen, and with the comfortable feeling that when dinner-time comes she will find a perfectly cooked meal ready for the table.

You can see the Electric Range in several types, at our display room

TO PREVENT FLOODS.

**A CLOWN'S DEATH.
A NIGHT CLUB LADY.**

Senator Watson says everything that CAN be done, will be done, by Congress to stop the Mississippi floods. If that programme is carried out Mississippi floods will be stopped. Congress can, if it will.

Herbert Hoover will show how it can be done, with the assistance of other able engineers.

If this country doesn't think it worth while to spend half a billion once and for all to stop floods that cost a billion at a time, it is a foolish country.

Marcelline, famous clown, rose to the top of his profession. Millions laughed at him, children especially, as he went about, with bright pink nose, baggy clothes, always serious.

He is dead today. He shot himself to death, alone, poor, in a miserable furnished room. Photographs showing him in the day of his glory were spread before him on the bed, as he kneeled to blow his brains out.

"Laugh, and the world laughs with you. Weep, and you weep alone." Ella Wheeler Wilcox wrote her well known poem the morning after her party when she was seventeen.

In the train, going to the party, she saw a woman weeping. Her dead husband was in the baggage car. Mrs. Wilcox said: "I thought I could never smile again, after crying with that poor woman. But I went to the party and danced all night. I wrote the poem when I woke up in the morning, ashamed to think how easily I had forgotten."

Poor Marcelline, now in his last sleep, learned also that the world forgets easily.

Platinum has been found in Alaska, where one man makes \$200 a day by primitive mining. That will start travel to Alaska and what used to be called "Seward's Folly" because Seward paid \$8,000,000 for it. Eight thousand million dollars would not buy it now, and a hundred thousand million dollars wouldn't pay what it is really worth.

MICHIGAN STOCK TO BID FOR HIGH RANK

STATE COLLEGE AND PRIVATE BREEDERS ENTER STARS OF HERDS AT INTERNATIONAL EXPOSITION.

Michigan livestock will make a strong bid for high honors in the show ring during the International Livestock Exposition at Chicago, November 28 to December 2. In addition to the prize herds from Michigan State College, which will strive to repeat their winnings of former years, a number of private breeders will send the best of their stock to the famous show. Wildwood Farms, Orion, and Woodlote Stock Farms, Ionia, will show Aberdeen-Angus cattle; while C. H. Prescott and Son, Tawas, will enter the Shorthorn class to take rank among the leading exhibitors from Michigan.

The M. S. C. Entries will total five carloads of stock, including 12 horses, 12 steers, 40 sheep, and 40 hogs. Chief interest in the college showing is expected to center again around the great string of Belgian and Percheron horses which have brought many championships back to Michigan in just years. Pervenche, twice grand champion Belgian mare at the International, and a number of other winners at state fairs and the International will be included in the M. S. C. entries.

Many Michigan farmers will also be represented in the various competitive classes of the International Hay and Grain Show, to be held in Chicago at the time of the livestock exposition. The college is also sending educational exhibit material for the grain show, while student and Boys' and Girls' club judging teams will be entered from Michigan.

RECORD ENTRIES AT CHICAGO STOCK SHOW.

Record breaking entries have been received in the individual live stock classes of the International Live Stock exposition which will be held at Chicago Nov. 28th to Dec. 3rd, according to Secretary-Manager B. H. Heide. Several hundred more animals will be on display at the coming show than ever before, the largest increases being in the swine and draft horse departments and in the junior feeding contest. When the entry books for the carload classes and night horse show are closed the total number is expected to exceed 11,500 animals.

In the individual classes there have been enrolled 1,871 cattle, 1,464 swine, 1,206 sheep and 531 draft horses. The leading breeds in each division are: Shorthorns, 543; Herefords, 471; Aberdeen-Angus, 304; Chester Whites, 201; Duroc Jerseys, 241; Shropshires, 195; Southdowns, 167; Percherons, 180, and Belgians, 125. These animals will gather at Chicago from thirty-two states and five Canadian provinces reaching from Vermont to Texas and from North Carolina to Alberta. Practically every other state in the union will be represented in the hay and grain show, club congress and other departments of the exposition. One of the features of the show will be the greatly increased participation of farm boys and girls in its various activities.

Visitors to the exposition this year will find the samples entered in the grain and hay show arranged in display cases according to states, and the championship winners exhibited in a special setting befitting their prominence. Interest is expected to center around the struggle for the wheat and oats championships now both held by Herman Trele, of Alberta, Canada, who will personally watch his entries defend these titles.

The story of the show will be broadcast as it develops as no other similar gathering has ever been put on the air before. In addition to the Chicago stations, a national chain will carry the news to every part of the continent.

Special trains have already been arranged to bring delegations of farmers and stockmen from Kansas, Montana, North Dakota and Minnesota, and others are yet to be announced. By official proclamation the period of the International will be observed by the business interests of Chicago as the "Great Central Market Week" and the metropolis will be in gala attire.

Discover White Race

Living on Jap Island

Tokyo—Delegates at a recent scientific congress in Tokyo evince considerable interest in the origin of a white race now living in Japan, where it seems to have preceded the yellow race.

Isolated now on the islands of Hokkaido, the race, called Tinos, still have a manner of living and a language which show them to be descendants of primitive white men.

The Tino is no taller than the Japanese, but is heavier. His skin is white, though swarthy, and his hair is thick and wavy. The eyes do not have the Mongol slant.

Living this life isn't such a hard proposition after you've found a place like Plymouth to live it in.

Getting Well is Simple

In truth it is simple as getting sick. But many people do not know that. There are even many who are pleased to believe healing a mysterious, difficult process, and when a "new" science, whose principles are as old as man and as simple as the methods of olden times, is offered to people, they cannot always conceive of its effectiveness.

CHIROPRACTIC HAS PROVED HEALING SIMPLE

Chiropactic is a "new" science, but it is based on a principle that is old and absolutely true. The life and energy of the body is fed to each part—even the tiniest cells—by the nerves. It is a proved fact that these nerves become impinged (pinched) by subluxated vertebrae at the point of emission from the spine, thus cutting off the flow of vital force necessary to health. Most of the diseases that afflict the human race may be accounted for in this way.

The chiropractor by a skillful thrust realigns the offending vertebrae and releases the pressure. Normal supply of nerve force, or mental impulses, follows and health results. Nature cures.

The method is simple, sane, natural, and the restoration of health is permanent.

Millions of results prove the correctness of the Chiropactic theory. Find out what it can do for you.

SCHOOL NOTES

High School Notes

By Ruth Hamilton

Miss Asman's American History classes are studying the Constitution of the United States.

Perhaps you didn't know that there are 60,000 negroes in Michigan, and 5,600 Indians. In the whole United States there are only 244,000 Indians. That the president of the United States gets \$70,000 per year while the vice-president gets only \$15,000; that there are five states in the union that have only one representative in the House of Representatives.

The Modern History classes are studying the French Revolution.

The Junior class rings and pins will be here this week.

The band is preparing several new selections and marches for the basketball season. They are planning to play at many of this season's games.

Mrs. Harger's English classes are giving oral book reports this week. They spent a few class periods viewing the art exhibit and studying the great masters.

The Junior and Senior Girl Reserves have had a few singing meetings together.

The Junior Girl Reserves visited the Detroit Art Museum last Saturday.

Miss Roe's English classes visited the art exhibit Wednesday morning, and have been studying the pictures and masters for a few days.

The school sponsored an art exhibit last week, from the Colonial Art Company of Oklahoma City, Oklahoma. There were one hundred and fifty pictures, copies of the originals, by some of the greatest artists.

Beginning next week, room seven is to be put in charge of a student for the use of those pupils who wish to study after their lunch hour. Tickets will be issued to those pupils wishing to use this privilege, but they will be taken from any pupil if his conduct becomes objectionable.

The Student Council has issued tickets for all school activities except class plays or dances. They are fifty cents for the 9th, 10th, 11th and 12th grades, and twenty-five cents for the 7th and 8th grades. These tickets are compulsory for the upper four grades and voluntary for the lower two. The proceeds will be used in the athletic association.

The Commercial Club had an initiation party last Tuesday evening, November 15th, at the home of Helen Beyer. After the initiation, refreshments were served. Everyone had an enjoyable evening. The following were taken in: Vaughn Ford, Mae Donnelly, Dorothy Fish, Lorraine Corbett, Marion Taylor and Jack Caldwell.

The citizenship classes are preparing debates on civic problems.

Mrs. Whipple's English class has been studying Edgar Allen Poe, and at the conclusion of his life and writing, given in the text books, each person in the class gave a report on one of his short stories. Then the class voted on the one which was the most exciting—Pit and the Pendulum; the most imaginative—Ms. Found in a Bottle; the most mysterious—Fall of the House of Ushers; the most clever plot—The Gold Bug; the most colorful—The Masque of the Red Death; the most gloomy—Fall of the House of Ushers; the most terrible—Pit and the Pendulum. The class voted by a large majority for these stories.

Grade Notes

Miss Dixon's 3-A and 3-B—Patsy McKinnon has been absent ten days. Barbara Huddel spelled down the 3-B, and Betty Jane Honsley spelled down the 3-A.

Miss Halliday's 5-B class is making hygiene posters for milk.

Miss Farrand's room was visited Friday by Mrs. Forsgren. Eileen Archer spelled down the 5-A, and Florence Gray the 5-B, while Carrol Hammond stood the whole room in a spell down. Elizabeth Donnelly brought a picture of Hiawatha's Wedding Journey. The pupils have been having a general test this week.

In Miss Hallahan's room, Bernice Delva, Emerson Robinson, Dewar Taylor, Ruth Hadley and Margaret Mault received gold stars in spelling. The gold star stands for fifty perfect spelling lessons.

In Miss Feuner's room, the girls are giving the boys a treat for Thanksgiving.

Miss Hadley announces that girls' basket ball will start after Thanksgiving. All girls who are interested watch for announcements.

Camp Wetomachick

In the last meeting of Camp Wetomachick, Zerapha Blunk's term as secretary expired. Elaine Hamilton was elected secretary from now until November, 1928.

Our ceremonial meeting took place at Mrs. Hamilton's, November 22, at 7:00 p. m.

Irene Humphries had the highest average, 82.4%, in Camp Wetomachick.

Picked Up About Town

Dad Plymouth says he often wonders why Turkish towels came to be named that as he never saw a Turk who looked like he ever used a towel.

If they asked a wise man in Mexico to run for president he would say, "I do not choose to head a funeral procession."

"Most anyone who has sampled it," says Dad Plymouth, "can tell you that the fellow who named it 'near beer' was a poor judge of distances."

Dad Plymouth says he has always found that when you look back on yesterday you discover that after all there wasn't anything to worry about.

Having read that a New York man held his breath for six minutes, Dad Plymouth suggests that they run him for congress.

"The old-fashioned man who used to spend the entire winter reading the almanac," says Dad Plymouth, "now has a grandson who boasts a big library of books he bought just because he could get them on the installment plan."

There's lots of wisdom in these words, suggests Dainty Dorothy.

Clothes wisdom means clothing thriftiness these days. Even if papa's from Pittsburgh, he has cast a stern and forbidding eye in the direction of clothes extravagance. He is having his old suits cleaned and pressed, and found out that some of them didn't show a trace of wear. And he is asking mamma and daughter to fall in line and keep step.

MUNICIPAL NOTES

BY THE MANAGER

The building of the 36-inch storm sewer opposite Arthur street was started Tuesday morning, November 22. The 42-inch storm sewer on Harvey street will also be started this week.

According to our gun registration of 1925 we find that about one per cent who registered at that time have not complied with the new law of September 5, 1927. This law states that all revolvers and pistols under 30 inches in length must be registered, whether they have been registered before or not. The time has been extended a few days for those who have failed to register so far.

The cleaning of Tonquish creek from the Golden road to Harvey street has been completed.

The laying of water mains contemplated for this fall was completed last Saturday.

Street signs will be put up along South Main street from Sutherland avenue to the Golden road.

The taxpayers will pay the same rate of interest on the special assessment bonds as the village sells them for to the bonding companies. Heretofore all special assessment bonds have been sold at 6 per cent. The 1927 special assessment sanitary sewer bonds were sold at 4 1/2 per cent. This will be quite a saving to all those on the 1927 sewer program.

CONSERVATION DEPARTMENT REPRESENTATIVE TO APPEAR AT KIWANIS MEETING.

On Tuesday, November 29, Walter Hastings of the educational division of the State Conservation Department, will speak to the Plymouth Kiwanis Club.

For a number of years, Mr. Hastings was connected with the firm of Hastings & Pransel, in the operation of a greenhouse at South Lyon. During this period he found time to take a large number of pictures of bird and animal life, and it is expected that he will present a portion of these pictures to the club as a part of his program.

During the past summer Mr. Hastings went to the Panama Canal Zone with a research expedition of the University of Michigan. Many valuable pictures were taken on this trip. A portion of them were recently used in the Rotogravure section of the Detroit News.

Following the Kiwanis luncheon, Mr. Hastings will entertain the students of the Plymouth schools, and in the evening he will entertain the general public in the high school auditorium with a two reel picture, "A Wonder Ile" and a six reel picture entitled "Wild Wings."

Plymouth is fortunate in having the Conservation Department send Mr. Hastings into the community. He extends to the public an invitation to the evening entertainment. No admission will be charged.

BOY SCOUTS

During the winter months, the Boy Scouts of Plymouth have the privilege of swimming in the Redford high school pool, on Friday evenings, under the supervision of a trained Red Cross instructor. Quite a number went over last Friday evening, and they wish to express their thanks to George Richwine, E. J. Allison and Frazer Carmichael for taking them over.

The Scout troop, known in the Detroit district as Plymouth, is now made up of four active patrols, with Ted Baughn, John Randall, Charles Root and Gilbert Williams as patrol leaders, a number of associate Scouts and an older boys' patrol waiting for the Sea Scout program to start. Louis Sherman is Junior Patrol Leader and Scribe, and Frederick Shear is Senior Patrol Leader, the ranking Scout officer. Jack Caldwell and Ellen Strong are Junior Assistant Scoutmasters, and act as instructors under the supervision of the Scoutmaster.

This troop is now a "veteran" troop, having been organized five years. Three of the present active list are also five year veterans, and five more soon will be. The Scoutmaster in charge has finished his tenth year in Scout work.
