

## MANY ATTEND CHAMBER OF COMMERCE BANQUET

New Board of Directors Was Chosen for Ensuing Year.

Annual Event Held at Hotel Mayflower Last Tuesday Evening.

Thursday evening, December 8, Plymouth's debating team defeated River Rouge with a decision of 2 to 1. The debate was held in Plymouth high school auditorium, where in spite of the intense cold, those who are really interested in the problems of better government gathered to hear the verbal conflict.

The question was, "Resolved, that the direct primary should be abolished in the United States." The River Rouge team which upheld the affirmative, consisted of three girls, Nedra Smith, Ruth Eder and Marian Thornton. Their strongest point was their pep which was present in all three speakers in varying degrees.

Plymouth upheld the negative, with Harold Hubert, Leona Beyer and Franklin Atkinson. The team showed improvement over their debating in the first debate at Fordson, and did some splendid thinking. Harold Hubert's pleasing voice, his personality, and his friendly, conversational manner pleased the audience. Leona Beyer, although handicapped by a cold, did effective debating in rebuttal, and spoke in a convincing manner. Franklin Atkinson gave four-fifths of his ten-minute constructive argument extemporaneously, and thereby won the praise of the audience and judges alike. As usual, he spoke with force, emphasis and fluency.

The chairman for the evening was Lester Lindquist of the High school commercial department. The timekeepers were Clare Lewis for River Rouge and Wilbur Murphy, who debated so well for Plymouth last year.

Before the debate the high school orchestra furnished their usual good music.

The judges for the debate were Miss Houser, the debating coach at Dearborn, Mr. Page, the superintendent of schools at Howell, and Mr. Sawyer, a math instructor at Redford high school.

Plymouth's next debate at home will be January 27th. Plymouth now has seven points toward the thirteen necessary to enter the state elimination debates in February.

## BIG BOXING MATCH WILL TAKE PLACE HERE

A boxing match has been scheduled to take place at the L. O. O. F. temple, Wednesday, December 21, that promises some very interesting contests. The main bout of eight rounds will be between Bernie Tremaine and Eddie Miller, both of Detroit. The semifinal, six rounds, will be between Clyde Matevia of Northville and Alex Jameson of Detroit. The preliminary, a six round bout will be between Frankie Roberts of Grand Rapids and Tommy Tucker of Detroit. A curtain raiser of four rounds will be staged by Nick Britt of Windsor, and Tommy Smith of Detroit.

Sam Hennessy will referee the bouts. The first bell rings at 8:15 p. m. General admission, \$1.50; ring-side, \$2.25.

## JONES-EGGE

The marriage of Miss Florence D. Egge, youngest daughter of Mr. and Mrs. Andrew Egge of Alpena, Michigan, to James H. Jones of Plymouth, formerly of Atlanta, Georgia, was solemnized Saturday, December 3, in the Methodist parsonage at Farmington. Rev. E. F. Dunlavy was the officiating clergyman.

## CANTON HOME FURNISHING GROUP.

The next meeting of the Canton Home Furnishing Group will be held at the home of Mrs. Frank Palmer on Canton Center road, Tuesday, December 20, at 1:30 sharp. Bring your note books, pencils, mounting paper and paste, also plain pieces of colored cloth, the list of changes made in each room since the last lesson, and pictures illustrating points brought out in that lesson.

## LEAGUE WOMEN VOTERS HELD DECEMBER MEETING

The December meeting of the Plymouth League of Women Voters was held in the kindergarten room of the high school building at 2:30 Monday afternoon. The president, Mrs. A. B. VanAken came from Detroit to preside. Inasmuch as the subject of the day was related to their study of government, the VIII hour history class came to the meeting to hear Dr. Upson.

The complex subject of county government was handled in a most interesting talk by Dr. Leut D. Upson, government expert of the Detroit Bureau of Government Research. He presented members of the league with charts which showed most graphically the enormous number of county officers, the relationship that they bear to each other, and the salary for each office. Disgruntled taxpayers would have profited much by hearing Dr. Upson's enlightening exposition of the rising cost of government, of the difficulty in gaining improvements, and of the present needs of county government. The speaker pointed out several changes which must be made before county government can be efficient. What these changes are the members of the league who were present know. Those who missed this splendid talk will have to gain their information from their friends who were present or else hear Dr. Upson the next time he is invited to Plymouth.

The next meeting of the Plymouth league will be Monday afternoon, January 9th.

## COCHRANE-BAKEWELL

Last Saturday evening at 6:30, a very pretty wedding took place at the home of Mr. and Mrs. Wm. Bakeswell on Plymouth road, when their daughter, Beatrice became the bride of Howard Cochrane, son of Mr. and Mrs. Edgar Cochrane of Homer, Mich. The service was read by Rev. Paul Havens of Pontiac, in the presence of the immediate families.

The bride was beautifully gowned in blue silk crepe, carrying a shower bouquet of sweet peas, and wearing a wreath of orange blossoms. Miss Ruth Cochrane, sister of the groom, her only attendant, wore pink georgette crepe, and carried a bouquet of sweet peas.

The groom was attended by Elmore Carney acting as best man.

The decorations were simple but very pretty, the color scheme being blue and white throughout the home. A delicious dinner was served to twenty guests at 7:30.

The young couple received a number of beautiful and useful gifts, and have the best wishes of their many friends for a long and happy wedded life. After a short wedding trip they will be at their home in Homer, Mich.

## KIWANIANS WILL PLAY SANTA CLAUS

As has been their custom in the past, the Kiwanis club of Plymouth will again spread cheer and good will among the needy "kiddies" of this community. It is the purpose of this club to see that no child under the age of twelve years shall be disappointed this year in the arrival of Santa at their home. Every needy child who is duly reported to the committee will receive a well-filled basket of necessities and "goody-goodies."

The committee will consider it a favor to have the public notify them of any cases of necessary aid, and request that information as to age, sex and articles most needed be included in their report. Send or phone names to any member of the committee, which comprises Robert Mimmack, J. B. Embert, George Robinson and Dewey Holloway.

## VILLAGE WATER DEPARTMENT RUNNING IN DEBT

It may not be generally understood among the property owners of Plymouth that for several years our water works expenses have increased to such an extent that relief must be sought somewhere. The expenses are exceeding the income by many dollars, new mains being the larger item of outlay. The present bonded indebtedness of the waterworks department is \$180,000. We have to pay over \$14,000 on these bonds every year as principal and interest.

The operating statement taken from last year's audit made by Miller, Bailey & Co., the public accountants employed by the village, shows a total income for the year of \$15,744.01. The total expenses for last year from this operating statement is \$20,471.05. This shows a net loss exclusive of depreciation, of \$4,727.04. The depreciation for last year equalled \$4,811.14. Therefore the net loss for the year ending March 31, 1927, was \$9,538.18.

Last year's audit also shows an additional deficit incurred before the fiscal year 1926 of \$6,423.78, which had been taken out of the General Fund of the village, and has never been replaced. Another deficit which will show up in this year's audit amounts to \$3,124.73. These are extensions which were made last year and paid for out of this year's budget. These last three deficits amount to \$19,086.69.

## SUCCESSFUL OPENING OF NEW DRUG STORE

The opening of the Mayflower Drug Co.'s new store in the Hotel Mayflower block last Saturday, was a most successful affair in every particular.

The new store with its handsome fixtures and equipment presented a most pleasing appearance. Cigars were given to the men, while the ladies were regaled with delicious ice cream. Numerous baskets of flowers the gifts of friends and well-wishers added much to the beauty of the store. Mr. Johnson, the proprietor, was the recipient of many compliments on the appearance of the new store.

## DR. BRUCE DOUGLAS GUEST OF LOCAL SERVICE CLUB.

Dr. Bruce Douglas, superintendent of the Maybury Tuberculosis Sanatorium at Northville, addressed the local Kiwanis Club last Tuesday. He gave a vivid description of the problems connected with the war on tuberculosis and some of the many difficulties encountered in restoring patients to normal health. The doctor presented a phase of human activity about which too little is known, and left his hearers with a better understanding of conditions in this highly important part of public health.

## FORMER PLYMOUTH BOY WINS RAILROAD PRIZE

A clever grouping of words made Elbert E. Seger, senior at Kalamazoo college, winner of the first prize of \$250 in the American Railway association's contest for school and college students on the best essay on the prevention of accidents and the promotion of safety.

The topic chosen, "Cross Crossings Cautiously," was selected from thousands of essays as the best by a committee comprised of Secretary of Commerce Hoover, Thomas P. Henry, president of the American Automobile association, and Walter G. King, past president of the National Safety council.

Elbert is a former resident of Plymouth and a graduate of the Plymouth High school with the class of 1923. His many Plymouth friends will be pleased to learn of his success.

## OLD NEWSBOY THANKS FRIENDS

Once again I wish to thank my friends for their fine spirit in giving to the Old Newsboys' Good-fellow fund, and to show you to what extent our work has grown in 14 years. Our first effort was to raise \$400, which we did, and have increased the amount each year until this year we are obliged to raise \$75,000. I can say with pride that every cent entrusted to our executive boards has been spent 100 per cent for charity. This year, as in others, they commenced their buying campaign in April, to take advantage of low prices during the summer months, when factories were not so busy.

At present they have bought 48,000 pairs of stockings, 29,000 suits of underwear, 8,000 pairs of shoes, 12,850 pairs of mittens, 9,650 hockey caps, 7,700 books, 5,800 mama dolls, which will be dressed by ladies donating their time; 4,800 boys' sweaters, 24,000 boxes of candy, and thousands of interesting and instructive toys.

The fire department of Detroit has passed and O. K.'d 19,000 letters from boys and girls. These letters represented families of from one to seven children, which have previously been investigated by committees by volunteers, and thousands of letters in every mail.

Hoping that you and yours will have a very Merry Christmas and Happy New Year. I am yours, Harry C. Robinson. Old Newsboy No. 28. "No kiddie without a Christmas."

## HOME FURNISHING CLASS

The South Plymouth Home Furnishing group will meet on Saturday, December 17th, at the home of Mrs. Tallmon, 299 Ann street, at 1:30 p. m. The topics selected for discussion in the project are principle of color and a study of the background.

## NEW FORD CAR ATTRACTS MUCH ATTENTION HERE

The new Ford car which was on exhibition at the salesroom of the Plymouth Motor Sales Co., local agents for Ford products, last Monday and Tuesday, was the center of attraction for hundreds of interested people. The new car drew forth many exclamations of surprise and admiration from those who viewed the wonderful value which it represents. Every detail of the car was thoroughly gone over by the interested crowds. People got into the car and under it, raised the hood and inspected the engine, and the invariable verdict was that it was a dandy alright. The Plymouth Motor Sales Co. have booked many orders for the new cars already.

## UTOIST TO FACE HOMICIDE CHARGE

WARRANT ADVISED IN DEATH OF GIRL FROM OCTOBER CRASH.

Assistant Prosecutor Ned H. Smith yesterday recommended a warrant charging negligent homicide against Carl Lynn, 39 years old, of Plymouth, who is held under \$1,000 bond in connection with the death in Receiving hospital, November 17th, of Jean McIntosh, 20 years old, 4837 Middlesex avenue, Fordson.

A machine, driven by Lynn, struck an automobile in which Miss McIntosh was riding at McGraw and Proctor avenues, October 9th. Lynn was held on a charge of reckless driving at the time.

William Lynn, riding with his brother, Carl, when the crash occurred, suffered a broken shoulder—Detroit Free Press, Tuesday, December 13th.

## D. A. R. WILL OBSERVE ANNIVERSARY.

The Sarah Ann Cochrane chapter of D. A. R. will hold their first anniversary luncheon at the Hotel Mayflower Monday, December 19th. The chapter will be honored by having as their guests the state regent, Mrs. Lucius Holland of Saginaw, and Miss Kernet, of the Burton Historical library. This luncheon will take the place of the regular December meeting.

## MOVED INTO NEW OFFICE

C. L. Finlan & Son, general agents and adjusters for the Citizens' Mutual Automobile Insurance Co. of Howell, have opened their new office in the Hotel Mayflower building. They have the new quarters nicely furnished and conveniently arranged. It is located at the right of the hotel entrance on Ann Arbor street. Messrs. Finlan will be pleased to have their patrons and friends call on them in their new location.

## PLYMOUTH HIGH DEBATERS WIN FROM RIVER ROUGE

Local Team Wins From the Visitors By a Two to One Decision at High School Auditorium Last Week Thursday Evening.

Plymouth Needs Only Six More Points to Enter State Elimination Contests Next February.

## FIRE IN SMITTY'S SMOKE SHOP DOES MUCH DAMAGE

A fire at Glenn Smith's Smoke Shop on Main street, caused considerable damage last Wednesday evening about 9:30 o'clock. A valve broke on a pop-corn machine, which allowed a flow of gasoline from the tank, which ignited, and the place was in flames in a moment. Considerable damage was done to the interior of the store and the stock of goods. An entire new front will have to be installed. The building is owned by W. T. Conner. Both building and stock were insured.

## MANY CHRISTMAS SHOPPERS IN STORES

The merchants of Plymouth in all lines of retail business are reporting a heavier than usual holiday trade this season, due no doubt to the public being educated to shopping earlier and also to the various thrift and Christmas saving clubs which enable Santa Claus' pack to be filled to its utmost capacity.

While there still remains eight shopping days until Christmas, trade has been unusually brisk; in fact the general aspect as one goes about the stores is that of two or three days before the holidays with prosperity abounding.

It is said Christmas presents can always be taken as an index to the interests and standards of the people at any particular period. Until recent years the frivolous, the extravagant and the useless were mostly given. In fact, 20 years ago the prevalence of stupid gifts so irritated President Roosevelt that he seriously recommended the organization of the SPUGS, the Society for the Prevention of Useless Giving.

Roosevelt would have little to complain of today if he could hear the reports of the local merchants on the types of articles that are, as a rule, being purchased for Christmas gifts. This is a practical age and practical gifts would seem to be the order of the day, especially among families. Gifts that the entire family can enjoy are being bought in large quantities—moving picture outfits, radios, and pieces of furniture.

Not all the giving is going for strictly utilitarian purposes, however. There is an outstanding vogue for the unique, the foreign and the sophisticated for smaller presents this year. Parchment lampshades, waste baskets, portfolios, brassware, jewelry, atomizers, smoking effects, futuristic novelties, leather goods, peasantware are all in unprecedented demand and lend a cosmopolitan aspect to the shop counters and window displays.

The retail merchants are pleased to see that the early shopping movement has become so thoroughly accepted in the minds of the Christmas shoppers. The shoppers realize themselves that the idea is of benefit to them as well as the store employees and the postal service. The more even flow of buying during the period between Thanksgiving and Christmas does away with the frantic efforts that result from postponing buying until the day before Christmas.

## M. S. C. EXTENSION WORK

The second meeting of the Plymouth Home Management class was held November 21, at the home of Mrs. Petz. The subjects taken up were the care of the dining room and its furnishings, including linen and china.

The selection and care of silver will be discussed at the next meeting, which will be held Monday, December 19th, at the home of the leader, Mrs. Benwick, 95 Williams street.

Last Tuesday evening the Crystal room of the Hotel Mayflower was the scene of the annual meeting of the Chamber of Commerce, when nearly one hundred members and friends of the organization sat down to a typical Mayflower chicken dinner. After the dinner, President George H. Robinson of the Chamber of Commerce, called the meeting to order. Reports of the secretary and treasurer were given by Harmon A. Smith and Paul G. Lee, respectively, after which nominations were called for to fill the offices of nine directors for the ensuing year. After the ballots were counted, the following gentlemen were declared elected: Paul J. Wiedman, Alan A. Horton, Paul J. Nutting, Perry W. Hitchman, Cass S. Hough, Carl G. Shear, P. H. Deal, William Wood, George H. Robinson. The newly elected board will hold its first meeting next Monday night, when officers and committees will be selected.

During the meeting some time was given to Messrs. De Selles and Jones of the De Selles Studios of Detroit, who presented their plans to organize a corporation among Plymouth people and establish a plant here for the manufacture of bronze castings in the art field.

The new board of directors is composed of all well known and progressive citizens of Plymouth, who will give their best efforts to the affairs of the Chamber of Commerce.

## A PLEASANT OCCASION

A very pleasant occasion took place in the crystal dining room of the Hotel Mayflower Wednesday evening, when the Plymouth Rotary Club entertained the members of the Ladies' Aid Society of St. Peter's Lutheran church, and their husbands at a dinner.

The dinner was given by the Rotary Club as a slight token of their appreciation to the ladies of the church who so faithfully served the luncheons of the club for the past three years. President William Wood of the Rotary Club, welcomed the guests, and Rev. Charles Strasen responded for the ladies of the church. Dick Valentine favored those present with several vocal selections in German, that were very much appreciated. He was accompanied on the piano by Miss Hanna Strasen.

Following the dinner, the guests attended the picture show at the theatre.

## FORMER PLYMOUTH BOY WINS PROMOTION

Among the promotions announced by Postmaster Charles C. Kellogg of Detroit, Wednesday, was that of W. O. Stewart, a former city letter carrier, to the assistant superintendent of the Jefferson avenue branch station. Mr. Stewart, who has been active in welfare work in the Detroit office, is president of the Service Relations council of postal employes and was president for two terms of the local branch of the National Letter Carriers' association. He is also a member of the governmental committee of the Detroit Board of Commerce.

Mr. Stewart is a former Plymouth boy, the son of Mr. and Mrs. W. J. Stewart of 1034 West Ann Arbor street. Bill's many Plymouth friends will be pleased to learn of his well merited promotion and extend congratulations.

## NEW BARRER SHOP AND BEAUTY PARLOR OPENS.

B. J. Parker of Ypsilanti, has opened a barber shop and beauty parlor in the Hotel Mayflower block. Mr. Parker has installed new and modern equipment, and the shop presents a most attractive appearance.

### LET THEM WORRY

Right now the mails are burdened with packages of Christmas cards, neckties, socks and the like, sent out by concerns that have hit on a new way of unloading their junk. With each package is a letter telling the price, and adding that "if you do not want the goods notify us and we will send postage for its return." We take this occasion to notify our readers that they do not have to do anything of the kind. Your time belongs to you, and you do not have to spend it wrapping and mailing goods that you never ordered in the first place. If stamps accompany the goods, and you care to take the time and trouble to send them back, you can do so. But even then you are not compelled to. The man who sent the junk takes the risk of losing it. If he didn't send any stamps, let him do the worrying—no need in you doing any of it. Let them send for the goods once, and they'll never bother you again. And you will be doing both yourself and your home merchant a big favor if you will help to wipe out this obnoxious way of merchandising.

### WOMEN DRIVERS

You don't have to leave Plymouth to find that the woman auto driver is here and here to stay. All the talk about her never being able to drive as well as a man because she is too apt to change her mind as fast as she can shift gears, is being forgotten. Figures recently gathered throughout the country show that she is a safe and sane driver and that, in proportion to the number of drivers, fewer accidents are caused by women than by men. It looks as though she has demonstrated beyond dispute that when she sets her head to do something that only men are supposed to be able to do, she goes ahead and does it. It indicates, too, that the woman of today has far more confidence in herself than they had back in her mother's day. There are not many things left that she can't do. The list has been narrowed down, and driving an auto safely and sanely is no longer on that list.

### CHANGING CUSTOM

If you want to find out how custom has changed in his country in the past few years, go into most any Plymouth store, from now until Christmas, and see what our people are buying in the way of Christmas gifts. Of course there will always be a demand for toys and candy for these always will be children. But just nose around a little and see what the "younger generation" and the older one as well, are putting their money into. More money is spent on Christmas now than in former years, because people have more to spend. But even with more money they are not as wasteful as in other years. Nowadays clothing is considered an ideal Christmas gift. People did not use to give it to anyone outside the family for fear of "making them mad." Nowadays useful articles for the home, the auto, or for general comfort are more in demand than ever. Today presents are rated according to service and sensibility, rather than by cost. "Give me something I can use" is the popular cry now instead of "give me something pretty." As a result the stores and the public both profit, because the purchase of one sensible gift leads to the sale and the use of others just like it. Many of the wiser ones of this community have already shown good judgment by starting to lay in their Christmas gifts. It is an example you ought to emulate. But even if you do not, just go in and see how

times have changed. Go in and see for yourself how much more sensible are the things now purchased for Christmas gifts than were in demand fifteen or twenty years ago.

### BETTER BUSINESS

It requires something unusual to detract the attention of Plymouth citizens from the greatest of all holidays, now so near at hand, but that something seems to have turned up, and in the shape of the new Ford car. Not even a presidential election occasions any more talk than it is doing. Not everyone has the same opinion of the new vehicle, so long awaited. Every fellow has this or that improvement he could make on it. But on one thing everybody is agreed, and that is that its arrival is going to be a fine thing for business. All other auto plants have been running at low ebb, the makers being afraid to go too far before they knew exactly what Ford was going to do. This meant that steel mills, glass plants, coal mines, transportation and a dozen other branches of industry have been "on the fence," and down in production and wages.

Now that the new car is here and the auto industry has seen exactly what it has to compete with, there ought to be a rejuvenation in all lines of business. That means more money to spend, and the more that is spent the more chance all of us have of getting some of it. We really owe Mr. Ford a vote of thanks—not so much for giving us a new vehicle of transportation as for permitting business to get on its feet again by finding out what is ahead of it.

**NEWBURG**

On Sunday the services were in charge of two young men of Ann Arbor, Mr. Callahan and Mr. Stanko. They brought us a very interesting message. There were 73 in Sunday school. The special number by Mrs. Harwood and Jay McNabb was enjoyed by all.

Next Wednesday night, December 21, the annual Christmas party will

be held at the hall. All plans have been made for a jolly good time.

The Christmas program will be held in the church on Sunday night, December 25, at 7:30 o'clock. Mrs. Thomas, Alice Gilbert and Jay McNabb have charge of the program. The choir, under the leadership of Rev. Johnson, will have some special music.

On Saturday night the Plymouth

Epworth league entertained the Newburg and Beach leagues at Plymouth.

Several from Newburg attended the Chamber of Commerce banquet at the Hotel Mayflower at Plymouth on Tuesday evening.

William J. Smith returned home Monday from a ten days' visit with relatives at St. Johns.

The Edison company is busy putting up street lights in Newburg.

Mr. and Mrs. Ira Carney spent Sunday in Flint.

Mr. and Mrs. William Farley called on Mr. and Mrs. C. Mackinder Monday afternoon.

Mr. and Mrs. Melvin Gatherer are driving a new Hupmobile.

On Saturday evening, December 10, at the home of Mr. and Mrs. William Bakewell, on Plymouth road, a very pretty home wedding was solemnized

when their daughter, Beatrice, was united in marriage with Howard Cochrane, of Newburg. The young couple was attended by Elmore Carney and Miss Ruth Cochrane. Rev. Paul Havens, of Pontiac, performed the ceremony in the presence of about twenty-five relatives and friends. Some very lovely gifts were received by the young couple, bearing the high esteem in which they are held by all

their friends. Newburg extends congratulations and best wishes as they go to their new home at Homer, Michigan.

Newburg also extends congratulations to Mr. and Mrs. Clifford Cochrane.

**INDIAN BATTLE SITE MARKED**

**Monument Erected on Spot Where Six Soldiers Proved Heroism.**

Canadian, Texas.—With appropriate ceremony a monument was unveiled a few days ago at Buffalo Wallow, 22 miles southwest of here, to commemorate a battle which took place there 63 years ago between a band of Indians and a scouting party of United States soldiers.

One of the most notable of those present to pay tribute to the heroes of more than one-half century ago was Mrs. Olive K. Dixon of Miami, Texas, widow of Billy Dixon, who took a leading part in the historic fight.

**Tells of Tragedy.**

Mrs. Dixon gave an account of the tragedy of the plains, as follows: "The battle of Buffalo Wallow occurred on September 12, 1874, when the six men, who comprised a scouting party, were surrounded by Indians. All of the men were injured before they reached the protection of the wallow, one of them fatally. All received the Congressional Medal of Honor, said to be the only time in history when all participants in a battle were thus rewarded.

"Members of the trapped party were William Dixon and Amos Chapman, scouts; Sergt. Z. T. Woodall and Privates Peter Rath, John Harrington and George W. Smith. Smith was killed. None of the others is living now.

"The party of six men were surprised and surrounded by a band of 125 Kiowa and Comanche Indians, fully armed and on the warpath. They were held here for more than 48 hours.

"From dawn to four o'clock in the afternoon they fought, first on the little hillside and later in a buffalo wallow caused from the buffalo wallowing in the soft earth.

"At the first attack all were struck. Dixon and Rath were only slightly wounded. Woodall and Harrington were wounded, but not so seriously that they could not walk. The horses stampeded, carrying with them the canteens, haversacks, blankets and coats.

"All that hot summer day the Indians circled and dashed past this little band of white men, yelling and cutting all kinds of eppers. All morning they had been without water, and they were sorely in need of it. The Indians had settled down to a siege that they felt would end victorious for them. Undoubtedly their plans would have worked out successfully had it not been for the intervention of a power higher than theirs.

"Salvation in Rain Storm.

"About three o'clock a black cloud came up in the west and in a short time rain fell in blinding sheets.

"Indians dislike rain, especially cold rain, and these Kiowas and Comanches were no exception to the rule.

"Early in the morning of the second day Billy Dixon started for help. He had not gone over a mile when he struck the main trail leading to Fort Supply. Hurrying along as fast as possible he caught sight of an outfit that covered about an acre of ground. This proved to be a detachment under command of Maj. R. Price of the Eighth United States cavalry from Fort Wingate, N. M., on its way to join General Miles' command.

"Major Price rode over to where the wounded men were, taking his surgeon with him, where the latter examined their wounds. The soldiers in the command turned over a few pieces of hard tack and some dried beef which they had tied behind their saddles.

"Of the six men who fought at Buffalo Wallow, not one is living today. Amos Chapman of Selling, Okla., was the last one to go. He died in July, 1925."

**Judge Impounds Coed's Car Till After Game**

San Francisco.—Because Peggy Bennett, nineteen, drove her automobile 33 miles an hour through a 15-mile zone on the University of California campus, she will have to obtain other means of transportation to the Stanford-California football game November 19. Judge Harry Pulcifer in Oakland ordered the girl's car impounded until November 25.

"Please, Judge, make it November 19, because I need the car to go to Stanford for the big game," pleaded Miss Bennett.

"Well, it's just too bad, but November 25 stands," ruled Judge Pulcifer.

**Workers Find Roman Relics in Brook Bed**

Budapest, Hungary.—Workmen deepening a brook in the neighborhood of Sopron have come upon a large quantity of Roman relics. They comprise coins and weapons, such as swords, lances, spears and armor and other household articles. It was thought the long-sought for grave of Attila, the famous leader of the Huns, had been unearthed, as tradition has it that the chieftain's grave is somewhere in the neighborhood of the village of Agfalva in this region.

**Men marry to settle down, and then on it's a matter with them of settling up.**

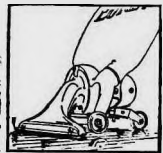

Mrs. Youngbride: "I don't want to have any trouble with you, Bridget." Cook: "Then, bedad, ma'am, let me hear no complaints."

Buyer: "Does this farmed shrink?" Clerk: "Not so much as I would from telling you it didn't, if it did."

**MUNICIPAL NOTES**  
BY THE MANAGER

The village fire department put out a fire at the Lee Foundry last Friday, December 9, at about 6:00 p. m. The fire seems to have started in the floor around the cupola.

Another fire also started at Mr. Forsgren's new home on the southeast corner of Ann Arbor and McKinley streets. This started in the fireplace on the first floor, and was put out by our fire department.

On our clay streets where sewer and water trenches have recently been put in, quite a lot of settlement took place during Monday's heavy rains. These trenches have been filled by our village workmen.

The storm sewer contract in connection with the Penman avenue paving is nearing completion. If the weather remains favorable, the contractor will probably finish up this week, except cleaning up and removing his equipment. On Garfield avenue they laid over 200 feet of 30-inch reinforced concrete sewer pipe on Wednesday, December 14th. Since Tuesday, December 13th, the contractor has had two machines on the job for excavating.

**WHITBECK'S CORNERS**

The Helping Hand Society met this month at the home of Mr. and Mrs. Arthur Hanchett, with nearly all the active members present, also several visitors. The meeting was called to order by the president, Mrs. Emma Reiman. After some singing, the chaplain read the scripture and led in prayer, followed by all repeating the Lord's prayer in unison. After the business meeting, the election of officers took place. It was moved and supported to suspend the rules and vote by acclamation, and the standing officers were re-elected for the ensuing year. They then adjourned to meet the first Wednesday in January, at the home of Mrs. Agnes Parrish in Robinson Sub.

Mrs. Wm. Rengert is now able to get about the house.

Donald Passage is now convalescing from his recent illness.

Mrs. A. Parrish spent Tuesday at the home of Mrs. Sackett, Sr. in Plymouth.

Born to Mr and Mrs. George Hix, December 9th, a son. Mrs. Hix will be remembered as Miss Lillian Schroder.

Mr. and Mrs. George Smith of Sheldon, and Mr. and Mrs. John Motz called on their sister, Mrs. Parrish, recently.

**WATERFORD**

Mr. and Mrs. A. Ebersole and son, Wilbur, motored to Detroit, Sunday, and were dinner guests of Mr. and Mrs. L. G. Steuert.

Mrs. Archie Herrick of Plymouth, spent last Friday with her daughter, Mrs. Clarence Ebersole.

Mr. and Mrs. Robert Bechtel have returned to their home in Hastings, for the winter.

Mr. and Mrs. Percy H. Gray motored out from Detroit, Sunday, and took dinner with Mr. and Mrs. W. H. McKerghan.

Marshall Herrick is visiting his uncle, Oliver Herrick and family.

**GIRL RESERVES**

Tuesday, December 6th, the Junior Girl Reserves met and enjoyed a talk given by Elizabeth Strong, on "Girl Reserve Libraries." After her talk we sang.

Tuesday of this week, the Junior Girl Reserves met and the period was given over to Helen Bridge, whose talk was on "Courtesy." It was enjoyed very much.

It was decided that both the Junior and Senior Girl Reserves are to meet with the H-Y boys Christmas evening, and go carolling through the village.

The junior group is having a Christmas party Wednesday, December 21, at Elizabeth Strong's home.

# QUESTIONS and ANSWERS

**Ques. What is Chiropractic?**

Ans. Chiropractic is a method of palpation, nerve tracing and adjustment of vertebrae for the relief of morbid conditions.—Stedman's Medical Dictionary (1918).

**Ques. Why do Chiropractors advertise and advertising ethical?**

Ans. If Chiropractic is what Chiropractors and patients claim it to be, it would be a crime to conceal it from a sick world. If it is half what they say it is, every moral impulse and every ethical consideration would urge those who know its merits to proclaim them.

**OF COURSE, if Chiropractic is a fraud, if it lacks merit, or if it occupies a relatively small niche in the health edifice, such claims as are publicly made would merit the most severe condemnation and penalties.**

What people object to is not advertising, but untruth and fraud. The public wants to know of every meritorious proposition and advertising is the medium through which this is accomplished. Like every other good thing, advertising can be prostituted and used for ignoble ends, and in this lies the wrong. It is not wrong to advertise, but it is wrong to lie and to bear false witness.

**Ques. What do intelligent investigators think of Chiropractic?**

Ans. The profession of Chiropractic, now legally recognized in many states and foreign countries as a distinct method or school of healing, has emerged from the conquest waged by medical tyranny with bells on, so to speak. The result has been favorable to this new profession and helpful to the people who are determined to break away from fossilized ideas and practices established and perpetuated by the medical fraternity.

**Ques. Is Chiropractic good for the "Flu"?**

Ans. The following statistics of the 1918 "Flu" Epidemic are respectfully submitted: One of every 16 patients died under medical treatments; one of every 127 patients died under osteopathic treatments; one of every 513 patients died under Christian Science treatments; one of every 886 patients died under Chiropractic adjustments.

**Ques. How does nerve impingement cause disease?**

Ans. The spine, or backbone, is composed of 24 vertebrae, movable segments, or series of joints forming a supporting column from which the muscular activities radiate. These vertebrae form the neural canal that contains the spinal cord, and from both sides of the spinal cord are sent out 31 pairs of nerve trunks that pass through small openings, between each of these vertebrae, passing to the different organs of the body, conveying from the brain the vital force or mental impulse which is life and health to every part. When these vertebrae are in position the nervous tissue conveying life and health are protected; when the vertebrae are out of alignment the nerve trunk is pressed upon as it passes between them, and its carrying capacity is reduced, thus causing disease; or, if the pressure is sufficient, it cuts off the nerve supply entirely and paralysis and death result, because the health of every organ of the body, and the power to perform its functions, is supplied through the nervous system.

Chiropractors adjust the subluxated vertebrae to relieve the pressure on the nerve trunk.

**Ques. Is Chiropractic Scientific?**

Ans. Science is classified knowledge. It does not depend upon chance, or luck, or guesswork. If a method is scientific it must work out—not sometimes, but ALL the time. No method of combating disease has ever deserved to be called scientific until Chiropractic was developed. The treating of disease by remedies is an ART in which skill in diagnosis and in predicting the rather dubious reaction of the patient to the remedy MAY bring good results.

Chiropractic is a SCIENCE. The Chiropractor is trained to detect spinal abnormalities by hand and verify by X-Ray until he knows, with absolute certainty, the position and relation of the spinal bones. His methods of adjusting these are so exact, so specific, that he can be absolutely positive that the adjustment will be followed by just one result—the utmost effort of Nature to cure. The only element of uncertainty left—the only reason why a Chiropractor cannot promise a complete cure to every patient in the world—is the possibility that the case has gone so far that Nature herself will not cure it, which means that no treatment on earth would be of any avail.

### Sitting Bull's Nephew May Run for Congress

Pierre, S. D.—One of the possibilities of the next campaign in South Dakota is that of a full-blood Sioux Indian getting into the race for congress from the Third Congressional district.

This from the fact that Chauncey Yellow Robe, who has contracted his name to Chauncey Y. Robe, is being urged as the Democratic candidate to oppose Congressman William Wilbanson in the next campaign. This for the reason that he will be expected to receive the support of his party in that district, which has been able to hold the congressional representative for a number of times, and that he will secure the rather important Indian vote of that district.

Robe is a nephew of old Sitting Bull, who was prominent in the affairs of the Northwest a half-century ago. He has a college education, and presided at the ceremony by which President Coolidge was made a member of the Sioux tribe at Deadwood.

### That's Good

Washington.—When a man under oath guesses wrong about the age of a girl it is not perjury, a District of Columbia grand jury decided in refusing to indict Victor Nishmure on that charge.

### Doctors Use Planes to Visit Isolated Towns

Melbourne, Australia.—An aviation medical service is being organized by the Australian government.

All the important hospitals throughout the country will have a fleet of airplanes at their command and will be in touch by wireless with the interior small towns and desert stations.

When needed, doctors will be transported by plane to the point indicated, and in cases of emergency the patient will be taken by air to the nearest hospital.

### GOOD REMEDY FOR BAD COUGH

"A hard persistent wearing cough kept me awake for several nights, and when my druggist recommended Foley's Honey and Tar Compound, I was eager to try it. In less than two days, my cough was entirely gone," says this satisfied user from Nebraska. No opiates, no chloroform, a really valuable remedy for coughs, colds, throat and bronchial irritations. Accept no substitute for Foley's Honey and Tar Compound. Get the genuine. Sold everywhere in Plymouth.

Last year the Michigan Tuberculosis Association, realizing the necessity for a school nurse in communities that could not support a full-time nurse, established a part-time health service.

Christmas seals help to support this service which teaches the children how to retain health.

The Bore: "I feel thoroughly wound up tonight."  
Hostess: "How strange? And yet you don't seem to go."

Dear friends:

Dec. 16, 1927.

Only 7 M. S. D. U. C.

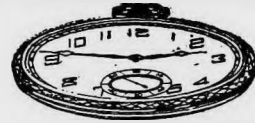

If you don't know what those initials mean I'll tell you. They mean you'll have to hurry now to get your Christmas shopping done in time.

Speaking of time makes me think of the beautiful line of clocks that Mr. Draper has.

Hall Clocks and Chime Clocks that strike the 1/4 hour on cathedral bells, at from \$35.00 to \$120.00. Mahogany Two-tone Chime Mantle Clocks, \$12.00 to \$18.00. Banjo Clocks, \$15.00 to \$25.00. Desk Clocks, \$5.00 to \$15.00. Kitchen Clocks, \$4.75 to \$7.00. Nickel Clocks, \$1.00 to \$5.00.

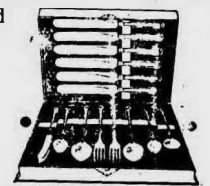

Strap Watches of nationally known makes—Benrus, Elgin, Illinois, Hampden—at prices according to quality, \$10.00 to \$75.00. Boys' models, \$3.50 to \$10.00.

Pocket Watches, brand new models, 7, 15, 17 or 21-jewel movements, in white, yellow gold-filled cases, at prices according to quality. \$12.00 up. Boys' Watches, \$1.25 to \$10.00.

Gifts for the home—Silverware, in both sets and individual pieces.

	26-piece Sets	
25-year grade		\$14.50
50-year grade		\$32.50
20-piece Bridal Sets		\$ 9.75

The boss is mighty busy, but not too busy to give your gift selections his very best attention.

I'm helpin' a little bit myself. Some of you may not know that it was Tick who waited on you.

Anyhow, just remember that this store is filled with beautiful gift articles, and I hope you'll come in and look around.

A jewelry and gift store during the Christmas season is a mighty interesting place.

This store will be open evenings until Christmas

No wonder that the New Edison surpasses all that has gone before in full, rich volume and in tonal excellence. No wonder that the listener becomes unconscious of the existence of the instrument.

On the Edison the piano is really a piano; base notes take on the majestic beauty of distant thunder, while high notes take on the flute-like purity of a nightingale's song.

Judged by any standard of excellence, the New Edison is superb.

For a special offer we will give you a 40% discount on all stock instruments and records until January 1st.

### SCHOOL NOTES

#### CAMP WETOMACHICK.

The ceremonial meeting was held at 6:30 Thursday, December 8th, at Mrs. Stevens'. The meeting was opened by singing a camp fire song. The candles of Love, Work and health were lighted by Janet Bickenstaff, Elaine Hamilton and Zephira Blank. The new girls of camp fire became members and some girls became Woodgatherers. The rings, pins and health chart were given. Honor beads were awarded to the girls by Miss Curry. The candles were then extinguished by Mary Jane Hamilton, Alice Lee and Gladys Zietsch. The meeting ended by singing "Burn, Fire, Burn."  
—Jennie Scarpatta.

#### GRADE NOTES.

The kindergarten A started their reading work in their primers Monday of this week.

In reading group 1 are half way through the Elson primer. June Clark has finished the primer and is reading in "The Child Library Primer."

In phonics they have mastered eighteen consonant sounds, five blends and sixteen phonograms.

At recess time they are playing the following plays: "A Play in the Snow," "Going for a Christmas Tree," "Santa Claus' Visit" and "Christmas Toys."

They are learning Christmas songs and recitations, to give at the Christmas entertainment.  
—Mrs. Root's Room.

Annette Scuttis moved to Fordson last week.

The 2-A's are learning how to tell time.

We made spelling booklets last week. We are trying to get at it every day until Christmas.

Aneta Stoneburner, Iva Brown and Donna Anderson have been absent on account of illness.  
—Miss Weatherhead.

In room 6 John Nash has been absent from school because of a tonsil operation.

Virginia Cline is in the lead in the spelling contest in the A class. Marlon Gorton is the head one in the B class.  
—Miss Dickson.

Donald Passage and Kenneth Thumme are again in school. We had 3100 per cent days of spelling last week.

We are studying the "Eskimo Twins" in our reading class.

In Miss Farrand's room the 5B and 5A classes received their first gold stars in spelling Monday. We had 95 per cent of the students on our honor roll.

We are sending gifts to Geraldine Dondt, who is in the hospital.

The 5B class is making balanced menu charts.  
—Miss Farrand.

The 1A children are quite busy in their spare time making something for mothers and fathers Christmas. It is great fun.

We are decorating our room for Christmas and are going to have a Christmas party.  
—Miss Hoodges.

Miss Hallahan's room has made a new border for Christmas.

The 6B geography are studying the British Isles.

Burnace Belno is ahead in the spelling contest.  
—Miss Hallahan.

In Miss Fenner's 6B room the girls are leading in spelling, with the score of 13. The boys are only a few scores below. The spelling captains for this week are: Mildred Mault and Sheldon Baker.

In the 6B language work they are taking up the study of Christmas in other lands. This study will be finished by making note-books at the end of the week.  
—Miss Fenner.

### PLYMOUTH MAY HAVE IZAAK WALTON LEAGUE

The Izaak Walton League of America, which recently directed its attention to this location and is endeavoring now to ascertain just what is necessary in order to give this community a part in its nation-wide conservation program has received the endorsement of leading conservationists throughout America, according to information made available today.

Secretary of Commerce Herbert Hoover, Honorary President of the Izaak Walton League and recognized as one of the world's leading economists, says of the League:

"The Izaak Walton League has become the greatest force in the country for the protection and development of opportunities for outdoor life. As our people increase in numbers and in leisure we must have stimulation to health, and above all the moral value that comes from association with nature. Every member of the League is a further soldier in our ranks fighting an organized battle for this vital thing in the nation."

President Coolidge, on the occasion of the beginning of an expansion program by the League, said:

"The Izaak Walton League, appealing to every lover of the out-of-doors, has proved itself an effective educational force for intelligent conservation in this country. I take pleasure in endorsing the efforts of your organization to stimulate a wider appreciation of, and participation in, unexcelled opportunities for out-door recreation afforded by our country."

The league is endorsed not only by leading national conservationists, and by the great mass of American outdoor lovers, but has enlisted virtually every leader in conservation thought, and the majority of sportsmen, in Michigan, according to state officials.

### Picked Up About Town

"If somebody wants to invent something worth while," says Dad Plymouth, "why don't he invent a salt shaker that you can get salt out of?"

The burning question of the hour is: "Who will get up and start the fire?"

Dad Plymouth says the best way to tell when Christmas is coming is to watch and see when the stores start selling flashy neckties.

"About the only difference between the young people of today and those of our time," says Dad Plymouth, "is that now they don't bother about turning the lights down."

Every motorist knows that when a woman driver puts out her hand she's going to stop or turn or slow up or powder her nose or stall the car, unless she keeps on going.

Dad Plymouth thinks it would help solve several problems if ordinary trees would spring up as fast as political timber.

"I suppose one of the first things some fellows will do when they die and go to Hades," says Dad Plymouth, "is try to sneak out with a lot of brimstone souvenirs to give to their friends."

The surest way to find out if a friend is broke is to try and borrow some money from him.

American women spent \$1,825,000,000 annually to make themselves beautiful. Nature must be lying down on the job.

Doctor: "You had better be X-rayed."

Patient: "There's no need. Get my wife; she's always been able to see through me."

### BAPTIST NOTES

The Baptist Sunday-school will give the "Palmer Christmas" Christmas fantasy that beautifully illustrates the Christmas story, Thursday evening, December 22, at 7:30 o'clock. The public is invited.

The young people's choir rendered a very beautiful musical program last Sunday evening, along with their program. Rev. Palmer Harrison gave two scripture readings. Another musical program is being arranged for a future date, which will be announced later.

Beginning Sunday evening the pastor will preach a series of sermons on the Epistle to the Romans. One chapter will be taken up each Sunday evening.

The morning sermons for the next four Sunday mornings, will be taken from the book of Malachi.

Some extra fine musical talent, both vocal and instrumental, have been added to our program for the month of January. Watch the Mail for our program.

### PRESBYTERIAN NOTES

Practice for the Sunday-school Christmas pageant to be given Friday, December 23, is absorbing a good deal of time and energy these days. The pot-luck supper which has preceded the program in other years, is not to be held this year, but the program promises to be of exceptional interest. Practically the whole Sunday-school is to be represented in the pageant.

The Ready Service class will meet on Tuesday of next week at the home of Mrs. Dan Murray, Mill street. This is the annual meeting and the election of officers. A Christmas pie will be one of the features of the day, and all are invited to contribute some article of not more than twenty-five cents value.

Santa Claus has promised to be present at the Sunday-school pageant Friday, December 23. He hopes to meet all the boys and girls there.

### METHODIST NOTES

An efficient committee has charge of the Christmas program, which will be given Friday evening, December 23.

On next Wednesday evening, December 21, will occur the first quarterly conference, under the leadership of Rev. John Martin of Ann Arbor. All members are urged to be present, and all heads of the various organizations are requested to be present with written reports.

### EPISCOPAL NOTES

It is hoped that all the church people will turn out for the children's Christmas entertainment on Tuesday night. Working hard and steady in order to have the auditorium in shape so that we may be able to have services there next Sunday. The new church will be in shape for Christmas. Though not entirely completed it will be in condition for the great feast of the year, and what better Christmas gift can we give to the Infant Saviour of mankind than a new home, a new church. The new pews will be installed next week, forty-four in all, seating comfortably nine in each, so there will be ample room for all. We regret to say that the church will not be decorated for this solemn occasion, but we always like a real front in store for us. The decorations will start shortly after the holidays, giving us a church neatly designed and artistically decorated. A few of the minor details, too, will be completed after the holidays. However, the church proper will be completed, and a cordial invitation is hereby extended to the entire community to assist at the mid-night Christmas services held in the church.

The services for Christmas will be at midnight, 12:00 p. m., 8:00 a. m. and 10:00 a. m.

The choirs have been faithfully preparing a new Christmas mass and hymns to be rendered for the first time in the new church Christmas day.

Again the pastor and the committee urge all the parishioners to do their very best, so that our next obligation in payment can be made. This is your church and your obligation. Make a substantial Christmas gift to your God this year, for His new church.

The Rt. Rev. J. Savage, pastor of the Most Holy Trinity church, has arranged for a very beautiful baptismal service to take place in the Dearborn Baptist church on Sunday evening, December 18, at 7:30 p. m.

The many friends of the different candidates for baptism will appreciate this evening of intensive interest and attractiveness.

The Dearborn Baptist church is located on Nolan road, two blocks south of Michigan avenue. The pastor invites all interested friends to be present at the service.

The parish is very grateful to F. D. Schrader for the use of his chapel during the past month.

**LOCAL PASTOR OBSERVES BAPTISMAL SERVICE.**

Dr. Helen R. Phelps, pastor of the Livonia Community Church, has arranged for a very beautiful baptismal service to take place in the Dearborn Baptist church on Sunday evening, December 18, at 7:30 p. m.

The many friends of the different candidates for baptism will appreciate this evening of intensive interest and attractiveness.

The Dearborn Baptist church is located on Nolan road, two blocks south of Michigan avenue. The pastor invites all interested friends to be present at the service.

**LIVONIA UNION CHURCH NOTES**

The bazaar and chicken supper given by the Ladies' Aid Society was a decided success in every way, in spite of the inclement weather. Over two hundred and fifty people were served. During the evening a fine program was given for the benefit of those who had to wait to be served. The program consisted of music by the Birch orchestra, moving pictures, male quartet and readings. The proceeds of the evening were \$348.63.

The next meeting of the Ladies' Aid Society will be held at the home of Mrs. Roger Sherwood, Thursday afternoon, December 30th.

## BUICK DEALERS GUESTS OF BUICK MOTOR COMPANY

C. G. SHEAR OF LOCAL BUICK AGENCY, SPENDS TWO DAYS REVIEWING LARGE FLINT PLANT AND MILFORD PROVING GROUNDS.

C. G. Shear of the Plymouth Buick Sales Company, Buick dealers, has just returned from Flint, Mich., where he spent two days as a guest of the Buick Motor Company. Buick is entertaining the majority of its 3,800 dealers at the factory and the famous General Motors Proving Ground this fall at the rate of about 250 a week.

Mr. Shear made the trip along with the other dealers in the Detroit branch territory. The party, numbering about 125 men, was met by Buick executives, divided into groups of a dozen or so each, provided with guides, and started at once on an inspection tour through the plants.

Except for luncheon, which was served at the Hotel Durant, the tour occupied the entire day. The luncheon was attended by E. T. Strong, president of the Buick Motor Company, C. W. Churchill, general sales manager, and other Buick executives, who addressed the visiting dealers on various sales and service problems, and congratulated the dealers for their part in making this by far the greatest of all Buick years.

The next day the dealers landed at the Proving Ground, which lies a few miles from the nearby town of Milford. Here they were shown the testing through which Buick goes constantly, to safeguard its position of quality leadership. After a day crammed with incidents, they left for home.

"It's hard to say which was more amazing, the factory or the Proving Ground," said Mr. Shear. "Each was a wonderful experience and a genuine treat. The day at the factory brought home the marvelous efficiency of Buick manufacture and explained how it is that Buick can offer such startling value. We saw the conscientious care that goes into the making of every Buick car—the relentless tests which insure that every one is right when it goes out—and we gained some conception of the enormous resources this policy has enabled Buick to develop.

"I was especially impressed at the way machinery has taken the place of man power, whose work it does more quickly and more accurately than man. Movement of parts, in their transformation from raw material into finished cars, is taken care of by a system of conveyors of marvelous ingenuity, each designed perfectly for its own particular job. They run from operation to operation, and from plant to plant, in what seems like a hopeless maze; yet their movement is perfectly coordinated, and their combined effect is efficiency itself.

For all its machinery, Buick employs almost 30,000 workers. Its factory is nearly two miles long and several blocks wide; it has its own fire and police departments, its own water and telephone systems—in short, it is a good-sized city in itself.

"We were delighted to see the Proving Ground, because we had heard so much about it. The visit set us straight on one point, the Proving Ground was not established to set a stamp of approval on General Motors cars—to prove them good, as rumor sometimes has it—but to put these cars through the most rigid tests, in comparison with all other cars made, so they may perform with the best at all times.

"Buick keeps a big fleet there constantly, going through the roughest sort of grind, so that performance may be constantly bettered. These Buicks average 900 miles a day.

apiece, the year round, which gives some idea of the tests through which they are put.

"The demonstration of Buick roadsters upon the speed loop was amazing. I did not know before an automobile could go so fast.

"I think all the dealers in the territory felt that the visit was the experience of a lifetime. For myself, the visit to the plant and the Proving Ground, and our contact with Buick's builders, made me mighty proud of my connection with Buick. It put a real significance in the slogan, 'When Better Automobiles are Built, Buick Will Build Them.' We've got inside information now, that Buick 'Doesn't mean maybe.'"

Bella: "I wonder how the expression 'an arm of the sea' originated!"  
Don: (with a tender look) "Perhaps somebody noticed that it hugged the shore."

VALUE OF BREVITY.  
THE G. O. P. CONVENTION.  
COLDEST SPOT ON EARTH.

President Coolidge, a man of few words, regrets that his message to Congress could not be shorter. Madame de Sevigne wrote to her daughter, "If I had had more time I should have written you a shorter letter." Considering the field covered the President's message will be found shorter than most men could have made it. His "I do not choose" proves ability to say much in few words.

In Australia workers, unemployed, tried to force their way into the Treasury Building. The rioting was suppressed.

Australia is severe in its immigration limitations, and rioting there by the unemployed reminds American workers that what a country NEEDS is population.

A monument to Theodore Roosevelt will be erected above the Culbra Cut overlooking the Panama Canal. Roosevelt deserves the honor; the monument should be a fine one.

All his interesting talk, advising women to have nineteen children, etc., will be forgotten. But the fact that he put through the Panama Canal will NOT be forgotten. In that he rendered his country great service.

Old age is the night of life. "Work, for the night is coming when man's work is done," says the old hymn. For those that have not saved, age is a dreary night.

San Francisco is expected to get the Republican convention next year, with twenty-three national committeemen now pledged. That is the place for the convention. Many important Republicans need to visit San Francisco, learn something about the United States on the way, and something about national development after they get there.

Berlin scientists have created the coldest spot on earth, producing in laboratory experiments a temperature 450 degrees below zero.

Outside our atmosphere, in mysterious spaces separating solar systems

from each other, there exists "absolute zero." On our Fahrenheit thermometer that would be 461 degrees below zero, space without heat.

At such a temperature the properties of matter change. Metals lose resistance to electricity and become supra-conductors. A thin thread of mercury will carry enough electricity to light several hundred lamps. Helium, the gas used in our dirigibles, becomes liquid in a few degrees above absolute zero. In that terrible cold molecules in matter lose their motion, which may account for their greater electric conductivity.

### WILL PLAN ON PROGRAM FOR NAMING ROADS

Wayne County Road Commission will set itself to the task of devising an acceptable program for the naming of roads in Wayne County, according to a statement of Edward N. Hines, member of the Board of Road Commissioners. "At the present time," said Mr. Hines, "there are several roads in the county that have several names, and the confusion in directions and highway signs, is apparent; the commission hopes, with the aid of city and village and township officials throughout the county, to clear up some of the existing misdirections, and have continuous roads bear the same name for their entire length.

As an example, when the Warren road was built, in the early days of the improved road system, it began in the city and continued ten miles west, then one mile south and continued nine miles west again. The situation was easily corrected by ending the Warren road at the ten mile turn, calling the road on which the mile to Warren continuation lay, the Middle Belt road and the renaming the western nine miles, the Ford road.

Many roads correspond in name to street names in the city of Detroit, for instance the Division road, a most important thoroughfare, is often confused as a continuation of Division street in Detroit, but the two roads bear no relation to each other whatever. Likewise in many of the villages street names are duplicated in Wayne county highways, and confusion and loss of time results. It is with the idea of simplifying the confusing map of road names, that the Wayne county road commission is seeking the cooperation of officials in various parts of the county.

## THE THEATRE

### "NEVADA"

A gripping story of the western frontier written by a descendant of real frontiersmen—that's "Nevada," Zane Grey's latest, which has been pictured in stirring fashion to come to the Penniman Allen theatre, Sunday and Monday, December 18 and 19.

"Nevada" from all reports, holds the strength, heroism and romance of the Zane Grey standard and also contains many novel twists and dramatic situations of which Director John Waters has taken full advantage.

Followers of red-blooded western screen stories, which includes ninety-nine per cent of all picturegoers, will be pleased to know that Gary Cooper, rangy young star, plays the hero role. Cooper is the daring horseman, under contract to Paramount, who has been gaining tremendous popularity in the last few months.

Opposite him in the play is Thelma Todd, blonde heroine of exceptional beauty who is looked upon as one of the most promising young actresses on the screen. The menace of the story is supplied largely by that admirable villain, William Powell. The comedy element rests in the hands of Ernie S. Adams. Philip Strange, a capable young actor, has an important role.

The story transpires in the Southwest cattle country at the time when the citizenry was sullenly rising up to put an end to the reign of terror spread by two-gun men and cattle rustlers. It is replete with fast riding, quick gun play, moments of dramatic suspense and broad humor. A splendid love story winds through the action.

### "STARK LOVE"

"Stark Love," Paramount's slice of realism, which reaches the Penniman Allen theatre next Tuesday and Wednesday, December 20 and 21, seems bound to give Plymouth the shock of its life! Why? Because "Stark Love" tells the tale of a group of Americans who, though living in the twentieth century, are still way back in the medieval sixteenth century. Man is the master and woman the slave. He sits at his ease all day long while she hoes the field, gathers the wheat, cooks the meals, cleans the house, bears children and any of a thousand other tasks. This group of aborigines are still existing the way they did years ago and yet, they're right here on our own continent, in the Great Smoky Mountains of North Carolina.

Karl Brown, former cameraman for James Cruze and D. W. Griffith, in company with a group of assistants, plunged right into the heart of the Great Smoky country where he picked a cast composed entirely of native whites. Then they got to work on the story.

Rob Warwick, an ambitious mountain lad, is anxious to get away from the indolent life his ancestors have always lived. The painful reading of books put thoughts of a real education in his mind and he determines to strike out for the settlements and—freedom. Before leaving, Rob tells Barbara Allen what he intends doing. She, realizing what her fate as a mountain woman will be, envies his good fortune. Arrived at the nearest town, some hundreds of miles away, Rob sells his horse. With the money, he registers at a school, not in his name, but in Barbara's. Then he heads toward home. Outside the cabin sits an old woman who tells him his mother has died. Rob sadly opens the door and sees Barbara. She has become his father's "woman!"

What does this boy do when he discovers the girl he loves, his father's wife? Here is the dramatic climax of "Stark Love." Those who've already seen the picture claim that it's in a class by itself.

### "THE COVERED WAGON"

A magnificent epic of the early west is James Cruze's latest Paramount production, "The Covered Wagon," which is due to make a triumphant return to the Penniman Allen theatre next Thursday and Friday, December 22 and 23. This pictureization of Emerson Hough's novel has proved itself one of the greatest photoplays ever seen on the screen.

The features embraced in "The Covered Wagon" are many and varied and include among others, the start of 350 covered wagons from Westport Landing (now Kansas City) in 1848. The terrors of fording flooded rivers, prairie fires and the like are depicted with great realism. A buffalo hunt is one of the most exciting scenes. Old Fort Bridger, with a night attack and fight by day with Indians is shown. The dividing of the trails to Oregon and California at old Fort Hall, a touch of the gold fever in California, magnificent mountain shots and a culmination of the romance with the establishment of one of the first homesteads in Oregon—these are all incidents in a picture that fairly bristles with big scenes.

Such historical characters as Kit Carson, Jim Bridger and Bill Jackson, scouts and typical western characters, are portrayed in Paramount's screen version of the novel, which is conceded to be one of the most notable achievements of the present decade.

J. Warren Kerrigan is the leading man and Lois Wilson, his heroine. Alan Hale makes a mean villain. Others in the cast include Ernest

Torrence, Tully Marshall, Charles Ogle, Ethel Wales and John Fox. "The Covered Wagon" is well worth a second or even a third visit!

### "GUN GOSPEL"

The bad men of the old west, in spite of their killing instincts, were sometimes heroes to the surrounding community. The famous bad men of California, robbed only the rich men and then gave generously to the poor. However, the real bad men were the notorious land barons, who organized raids of cattle and ranches to secure away the settlers, who would sell their belongings cheap in order to get away. These interesting facts of the west are brought out vividly in "Gun Gospel," the latest Western feature starring Ken Maynard, which comes to the Penniman Allen theatre, Saturday, December 24th.

"Gun Gospel" is an adaptation of W. D. Hoffman's popular novel of the same name and tells of the passing of the old time gun man and the establishing of law and order in the west. In these times a man's life depended upon his quickness of hand and ability to shoot before the other man. The libraries contain some very interesting details of these famous men, and "Gun Gospel," while a fast moving piece of action, has real historical fact as background.

The story gives Maynard a wide scope for his daring and marvelous riding. There are more thrills packed into this feature than any other Maynard and Ken's fans will know what that means.

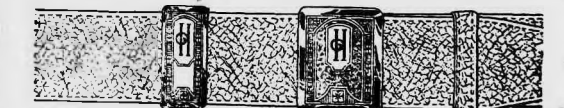

"Gun Gospel" was produced by Charles R. Rogers for First National Pictures and personally directed by Harry J. Brown.

The balance of the cast includes Virginia Browne Fair, who has the leading feminine role; Noah Young, Bob Fleming, Romaine Fielding, J. P. McGowan, Bill Dyer, Slim Whitaker, Jerry Madden and Tarzan, the horse.

## FIRES CAUSE GREAT LOSSES

Eighteen thousand fires causing losses totaling \$17,000,000 and claiming three hundred thirty-nine lives were last year's grim fire toll in Michigan, according to a statement by Charles V. Lane, Assistant State Fire Marshal, issued today. The statement adds: "In twelve months flames wiped out taxable property having value equal to one-third the cost of Michigan's system of paved highways, or approximately as much as it costs to operate the state government for a similar period." The Assistant Marshal gives suggestions for guarding against fire in homes and in public places where Christmas celebrations are to be held. Theatres are requested to exercise special care against the fire hazard during the holidays and the cold weather season.

The Boy Scout troop of South Lyon will have a bugle and drum corps this winter, and are planning to work on totem poles.

A complete inspection of buildings in the city of Farmington from the standpoint of protection against fire, is to be made in the near future.

A live wolf was captured by Messrs. Browning Browne, Byron Wellman and party of Howell, while on a deer hunting trip to the upper peninsula.

John Whitefoot, former Redford Village Marshal, and a resident of the community for more than forty years, passed away at his home on Lahser avenue, December 1.

Officials of the Stinson Aircraft corporation has been advised that the Stinson-Northville airport has been listed as one of the Michigan airports by the department of commerce in Washington, D. C.

The Washtenaw County Tribune has been incorporated and capitalized at \$50,000. This paper is one of the oldest established mediums in Washtenaw county, being founded as the Washtenaw Post in 1870.

Contrary to the expectations of a room full of spectators, the show-down over the settlement of the purchase of a fire truck for Wayne, failed to materialize at the regular meeting of the commission last week Tuesday night.

After being told that sweet potatoes would not grow here, T. M. Worley of near Farmington, who formerly lived in the South, experimented with the tubers the past summer and successfully grew and harvested two bushels, some of which were as long as eight inches and weighed three pounds.

A happy event in the lives of Mr. and Mrs. J. D. Forsythe, well known residence of this city, 1205 East University avenue, took place on Wednesday, when they celebrated their 58th wedding anniversary. A host of friends and relatives gathered.—Washtenaw County Tribune, Ann Arbor.

To give more than 250 children of the Northwest section happiness this holiday, with a toy, some candy, some fruit and a bit of Christmas dinner for each, Redford King's Daughters will hold their annual Christmas newspaper sale in Redford on Saturday, December 17. They will sell the "Redford Record."

The Ann Arbor firemen are doing a splendid piece of work in redecorating and reconditioning toys for the Salvation Army and the general public is responding well to the call of the Army for discarded and broken toys. It will cheer one up to stop at the central fire station and see the workshop. Washtenaw County Tribune.

At the regular meeting of the Wayne Real Estate Board Monday noon, plans were made for the taking of a complete industrial survey of the village. This information, which is to be tabulated, will be available for industries inquiring as to local sites, as well as for the general information of members of the board.—Wayne Weekly.

The new vineyard of Clarence W. Hubbell at Milford, is, according to County Agent Harold M. Vaughn, one of the best it has been his privilege to inspect. The vineyard was planted the past spring and of the 7,000 vines, all survived but six. A number of the vines made an unusual growth of seven feet, and many of them are expected to bear fruit next season.

Frank Boyle, well known former resident of Salem, who is now in Ypsilanti, was in Northville a few days ago calling on old friends. He expects to leave in the next few days for St. Petersburg, Florida, where he will spend the winter. His health is greatly improved over what it was a year ago, but it is his plan not to assume any unnecessary chances by remaining in this country.—Northville Record.

The many friends of Mrs. Helen Springer, widow of Jefferson Springer, who at one time was the postmaster of Plymouth, is now living at Strathmoor. She is the youngest sister of the late Wellington, Marrell and Richmond Simmons of this place. She is also an own aunt of Georgia Simmons Yerkes, a great aunt of Harry German, Sr., a great, great aunt of Harry German, Jr., and a great, great aunt of Harry Edwin German. Mrs. Springer is in good health and was an interested visitor at the Centennial celebration last summer.—Northville Record.

At last Michigan avenue is opened to traffic and no longer is it necessary to go three blocks in order to get any place. Clean, smooth and with an air of progressiveness the main thoroughfare is once more heavily trafficked with both local and transient vehicles. Sixty-two feet wide in the main business area and fifty-two feet wide in the semi-residential section the newly constructed road affords comfort in driving and ample space for parking. Long a drag on the community's effort to make Wayne a modern village in which to live this last renovation completes a network of streets to which any town of its size and population can justly be proud of and point to as an accomplishment of real worth.—Wayne Weekly.

## This Christmas Give Sound Bonds

A thousand dollar bond with 20 years to run will pay its owner \$2,200.00 in interest and principal during that period, without re-investment of interest. Certainly a fine Christmas present for a loved one!

Being constantly in touch with the bond market, we are in position to advise you intelligently on a number of current attractive issues—some of which can be bought in \$100.00 denomination. Others, \$500.00 and \$1,000.00 denominations.

We feel it is an unusually worth-while suggestion when we say: This Christmas give sound bonds!

## CHEVROLET CREATES NEW SALES ZONES

Widespread changes in its field personnel, creation of new sales zones and regions, and establishments of better facilities for handling fleet and commercial car business were announced today by the Chevrolet Motor Company.

Outstanding in the new arrangement are two new sales zones, one at Detroit, Michigan, and the other at Knoxville, Tenn., and the creation of two new regions, one with headquarters at Atlanta, Ga., and the other at Dallas, Texas. These changes will bring the factory organization into closer touch with the dealers and will enable the latter to provide better service, quicker delivery and generally improved facilities for the public.

The new Detroit zone was established on December 1, under the direction of A. H. Goodman, formerly Detroit city sales manager, while the Knoxville zone will be established on January 1, with J. E. Johnson of the central office as sales manager. These will bring the total number of zone sales offices in the United States to 45, ten of which were established this year.

In the new regional divisions territory formerly making up three regions has been reapportioned into five regions. This change resulted, factory officials explained, because the growth of business in the original regions exceeded the normal volume.

Under the new plan, the former Southeastern region, with headquarters at Norwood, Ohio, is renamed the Mid-east region. It remains under the sales management of A. F. Young and comprises Norwood, Indianapolis, Louisville, Knoxville, and Charleston, W. Va. sales zones.

The new region at Atlanta takes the name Southeastern region, and will be under L. S. Costley, formerly assistant to Mr. Young, and embraces the Atlanta, Birmingham, Jacksonville, Columbia and Charlotte zones which formerly were a part of the region at Norwood.

In the middle West region with offices at St. Louis under A. W. L. Gilpin, the Denver zone is being transferred from the Pacific Coast region to the Middle West region; while the Dallas, Houston, New Orleans and Oklahoma City zones are transferred from the Middle West region to form the new Southwestern region with headquarters at Dallas under Felix Doran, Jr., formerly assistant to Mr. Gilpin. The Southwest region also takes over the El Paso zone from the Pacific Coast region.

With these changes effective, the total number of regions is increased from six to eight. Those unaffected are the Great Lakes region with headquarters at Chicago, the Flint region at Flint, Michigan, and the Atlantic Coast region at Tarrytown, N. Y.

The following changes in zone sales managements also were made on December 1: F. H. Kolght went from the home office of the Richmond, Va., zone to succeed E. E. Jones; C. P. Fiskin, formerly sales manager of the Janesville zone goes to Indianapolis to succeed C. R. Lee, transferred to another General Motors division; P. A. Jerrue, formerly Denver sales manager, succeeds Mr. Fiskin at Janesville; C. E. O'Meara, formerly Houston sales manager, goes to Denver; and G. H. Kavanaugh, formerly assistant sales manager of the Little Rock zone, becomes the Houston sales manager.

Simultaneous with these changes was the announcement that commercial car and fleet sales managers are being added to the personnel of approximately half the zone sales offices. These additions were made necessary through the rapid growth in business of this type, and, with an expert commercial car and fleet man in charge, the company will be in a position to extend its service to business concerns.

"Oh, yes," she said, "we can trace our ancestors back to—well, I don't know exactly who, but we've been descending for centuries."

## STATE RANKS HIGH AT INTERNATIONAL

**WINNING HABIT IS MAINTAINED BY MICHIGAN EXHIBITORS AT CHICAGO SHOW.**

Michigan exhibitors continued their annual winnings at the International Livestock and Hay and Grain Show held recently in Chicago is the statement made by members of the Michigan State College staff who attended the show.

Only one state ranked higher than Michigan in the championship placings of grains and seeds. Purple ribbons in the rye, navy bean and soybean classes were won by Wolverine showmen.

Horses and other livestock exhibited by State College and by individual breeders won many ribbons and checks for their owners. While the horses drew major honors in the livestock classes, sheep, swine and cattle shown by Michigan men furnished plenty of competition in their classes.

Winners of firsts in the Hay and Grain show included F. L. Houghton, Alfo; E. H. Jewett, Jr., Mason; Lisle Berry, Conway; L. H. Laylin, Mason; John C. Wilk, St. Louis; Ronald Myers, St. Louis; George and L. G. Hutzler, South Manitou; and A. E. Hilliard, Mason.

Fourth place in a national health championship contest among members of girls clubs won by Julia Allen, Waters, at the Club Congress held in conjunction with the show. Kenneth Rucker, Wixom, placed seventh in the health contest for boys.

Lewis Taylor, Caro; Fred Kirk, Fairgrove; Milton Stewart, Vassar; and Earl Witkowsky, Caro, won sixth place in the club boys national livestock judging contest.

## MAKE SANTA'S WHISKERS FIREPROOF, SAYS STATE

Yule candles, inflammable Santa Claus' whiskers, and wax or paper tree decorations "may turn celebration of the Saviour's birth into stark tragedy and satanic triumph" says Charles V. Lane, Assistant State Fire Marshal in a press statement issued today. The state officer says:

"Make Santa's beard and clothing fireproof by thorough saturation in a solution of one pound of ammonium phosphate in one gallon of water." Other safety rules are: (1) Keep fire away from Christmas trees; (2) Use electric lights instead of candles; (3) Asbestos fibre to imitate snow; (4) No tissue paper, cotton or celluloid ornaments; (5) Locate nearest fire alarm box and appoint a safety committeeman for duty at all rehearsals and the celebration proper; (6) Observe the state law as to maintenance of open fires.

## Dr. Frank Crane Says

### THE RIGHT KIND OF PATRIOTISM

A patriotic deed is one which reflects honor and glory upon one's country.

We recognize General Grant, the Duke of Wellington and Napoleon as patriots because they led armed forces of their respective countries.

The exploits of Colonel Lindbergh, together with that of Chamberlin and Levine, have glorified the United States. But this glory was not offset by any rancor incurred by other countries. France and Germany were just as enthusiastic in acclaiming the exploits of our heroes as we were. This is the right kind of patriotism and patriotic action, for it is one which exalts one's native country and at the same time does not awaken animosity in other peoples.

Undoubtedly Thomas Edison has glorified his own country quite as much as General Grant. On a vote taken in France recently the most popular Frenchman was found to be not Napoleon, but Louis Pasteur.

So Darwin and Jenner have done more to exalt the prestige of England than Drake and Wellington.

Koch and Goethe have spread the fame of Germany far more than Von Mohke and Ludenburg, and Marconi

and Ballanca have made Italy famous and are entitled to the gratitude of their country quite as much as Garibaldi.

Tolstoy has done more to spread the renown of Russia than all her warriors.

This throws a welcome light upon true patriotism which is found in that harmless rivalry of achievement by the members of the various national groups.

There is no bad blood in this competition. There is nothing gained for one country which is not equally valuable for the whole world.

We are learning that to be a good national is to be a good world citizen, and the applause of mankind is quite as valuable as the applause of one's fellow citizens.

In order to elevate our country and to magnify it, it is no longer necessary to go out and kill somebody to annex some other territory. It is better to do something that shall excite both the emulation and the applause of the whole world.

True patriotism consists in making our country stronger and better and not necessarily belittling another country.

work in Michigan, was awarded a prize of a two week trip through the Utah Basin, an alfalfa seed producing area in Idaho, as a result of the interstate contest.

Sauk county made the greatest increase of any Michigan county in the number of acres of alfalfa sown during the past year. Kalamazoo and Muskegon also made notable additions to the area planted to this crop within their borders.

Michigan won first place among the states east of the Mississippi in an interstate contest to determine the extent and results of the program for the increase of alfalfa acreage within their borders, according to a report made by judges selected from the U. S. Department of Agriculture.

Michigan also now holds first rank in total alfalfa acreage in this group of states. The greater part of this acreage has been planted within the past few years as farmers became convinced of the value of alfalfa for improving soils and feeding livestock.

Special trains, dairy-alfalfa campaigns, and hay-day demonstrations have all been used to spread the information in Michigan of the need for alfalfa and other legumes in a profitable farming program.

L. D. Kurtz, farm crops specialist at Michigan State College, who has been in charge of the alfalfa extension

### Today's Reflections

There is one sure way any Plymouth man can win at marriage and any bachelor will be glad to give him the recipe.

Why not place license tags under the car and give the pedestrian a fair chance to see the number?

What the political parties seem to want is a platform that can be used as a raft for wet fishriets.

Every now and then some Plymouth married man fools his wife by telling her the truth.

Some fellows are so stingy that they worry because they can't sell a cowhide without killing the cow

Five per cent of the autos in the U. S. are owned by women. But the number bought because women wanted them is something different.

How many Plymouth people can remember when they took the bedtick to the livery stable to get it filled?

An Omaha editor says a man can be judged by the way he snores. If that's the case we know several fellows who ought to be in the sawmill business.

When they are engaged he thinks that she has a bird-like voice; but after they are married he thinks they talk like a parrot.

Most any man in Plymouth can lead a successful married life if he will go ahead and pay the freight and let his wife run the business.

A burned child dreads the fire. But we've often noticed that a sucker often comes back to the same hook.

Four-wheel brakes are a great invention. With the old-fashioned brake the pedestrian often escaped being run over, but with four-wheel brakes you can stop right on top of him.

The old-fashioned Plymouth man who used to be satisfied with a candy cane at Christmas now has a son who isn't satisfied with anything that has less than six cylinders.

In Europe when a man wishes to retire from the world he enters a monastery. Over here he runs for vice-president.

The trouble with this country is that too many men think more of wealth than of commonwealth.

How many around Plymouth ever thought they'd live to see the day when a woman with a high brow couldn't attract as much attention as one with a low neck.

### JUDGES SAY STATE LEADS IN ALFALFA

### MICHIGAN GROWS GREATEST ACREAGE OF LEGUME OF STATES IN EASTERN SECTION.

Michigan won first place among the states east of the Mississippi in an interstate contest to determine the extent and results of the program for the increase of alfalfa acreage within their borders, according to a report made by judges selected from the U. S. Department of Agriculture.

Michigan also now holds first rank in total alfalfa acreage in this group of states. The greater part of this acreage has been planted within the past few years as farmers became convinced of the value of alfalfa for improving soils and feeding livestock.

Special trains, dairy-alfalfa campaigns, and hay-day demonstrations have all been used to spread the information in Michigan of the need for alfalfa and other legumes in a profitable farming program.

### NEW OPPORTUNITY TO ENTER THE AUTOMOBILE BUSINESS

One of the world's largest and oldest automobile manufacturers is establishing dealers to sell a new six-cylinder closed car which will list at

## \$795 f.o.b. factory

Other models of this same manufacturer range in price up to \$2450. They will all be available to the dealers who handle this new popular priced car.

In communities of small size, however, you need contract only for the fast-selling low priced model.

Practically no capital needed to Start Business

A contract has been worked out to enable dealers to get started representing this new car with hardly any investment.

A sliding scale of commission increases from the base figure if the dealer maintains a demonstrator, handles trade-ins, and maintains a service station.

It is not necessary to do any one of these things at the start, but they may be added one by one as time elapses and profits will thereby be increased.

No such favorable franchises has ever before been offered by any manufacturer

If you believe that you have the ability to sell in your community an automobile that is destined to be the sensation of 1928—a closed car that will offer for \$795 a beautiful exterior, lacquered in the latest fashionable shades, an interior luxuriously upholstered, arm rests, ash receiver, gasoline gauge on the dash, cone's rental lock to steering and ignition, steering wheel control of twin-beam headlights, rear vision mirror, automatic windshield cleaner, and similar refinements—proved power to maintain high speed indefinitely—quality construction throughout—if you are able to sell such a car in your community, send in the attached coupon at once.

Room 2615, 310 S. Michigan Ave., Chicago, Ill.

Send further particulars on the franchise for the new \$795 six-cylinder car you are advertising.
