PLYMOUTH, MICHIGAN, FRIDAY, MARCH 9, 1928

\$1.50 PER YEAR

## CHAMBER OF COMMERCE MEMBERSHIP ROLL GROWING

This Organization Means Much to the Future Growth and Prosperity of Plymouth.

Every Citizen is Urged to Become a Member in this Community Organization.

New members are being added to the membership roll of the Chamber of Commerce every day, but there is still room for more. It is highly important that every citizen who can possibly do so should give this organization their support, by becoming a member at least. The cost is very small compared to the good that an organization of this kind can do in a community. A town or city without such an organization is like a circus without a band.

There are very few cities or towns in the country today where an organization of this kind does not exist. If that town is progressing as it should, Plymouth has been fortunate in having an active chamber of commerce for a number of years, and the new Hotel Mayflower is one of the outstanding accomplishments of this organization, and if nothing else had been accomplished, this one thing alone would more than justify its existence, but many other lesser movements have been fostered and brought to a successful culmination by the Chamber of Commerce.

There is much to be accomplished by the Chamber of Commerce the coming year, and with the steady growth of the village we will have many perplexing problems to face, not only during the present year but for several years to come. Upon some of these things will depend in a large measure the future growth and prosperity of Plymouth.

Let us not lose sight of the fact that this is our home town. It will largely be what we choose to make it, and it will depend a great deal upon our willingness to lay aside our personal prejudice and inactivity and all pull together to make Plymouth the best town possible, the pride of the people who reside here and an outstanding example of community progress and development that will have a strong appeal to those who want to locate among us.

It is up to us to make our Chamber of Commerce a real community co-operative association, imbued with a spirit of progressiveness, where we all work together for the upbuilding of the business, industrial and civic interests of the community and the common welfare of our home town.

Every man and woman in Plymouth and vicinity is eligible to membership, and all are welcome. All have the same privileges and responsibilities. It is a community organization, whose sole aim is to boost Plymouth and help the people who live in the community and make it a better place in which to live.

The officers of the Chamber of Commerce are all well known business men in our community, who are freely giving of their time and efforts in working for the best interests of Plymouth, and it behooves every citizen to stand back of them in making the Chamber of Commerce the success that it deserves to be.

The membership fee is \$10.00 per year. If you have not already become a member, just drop into the Chamber of Commerce office in the Hotel Mayflower building and the secretary will be glad to issue you a membership card. Do it today.

### GREENLEE ROGERS

Miss Hattie Rogers, daughter of Mr. and Mrs. Frederick Rogers, of this place, was married to Carl R. Greenlee, of Erie, Pa., at the Methodist church in Ripley, N. Y., Monday, February 27th, by the pastor, Rev. C. M. Reed. The bride has been a valued employe at the Mail office for more than two years. The groom was formerly with his brother on a farm near Northville. They will make their home at 118 West Buffalo street, in Warsaw, N. Y., where Mr. Greenlee is employed in the plant of the Marr & Colton company, manufacturers of pipe organs for churches and theatres. The young couple have the best wishes of their many Plymouth friends for a long and happy wedded life.

## ORATORICAL CONTEST WILL BE HELD HERE

THE LOCAL EVENT WILL TAKE PLACE IN HIGH SCHOOL AUDITORIUM, TUESDAY EVENING, MARCH 13TH.

The time has again arrived for the amateur orators and declaimers to contest for honors. Each year, under the direction of the state, contests take place in nearly every high school in Michigan. There has never been as much attention paid to public speaking as now. The result of all this increased activity is apparent in the fact that the high school pupils in their teens will make better speeches and debate the leading questions of the day as effectively as their elders in their fifties. Many of the contestants in previous contests throughout the state have become leaders in inter-collegiate debating and oratory; some have become prominent in the field of journalism; practically all are leaders in their community.

The plan of carrying out the contest is as follows: The state is divided into six districts, and these in turn into five or six sub-districts, each comprising nearly an equal number of schools. Each local contest is held and winners from these meet with other contestants in the sub-district contests. The sub-district contest is under the immediate direction of a sub-district chairman, George A. Smith, superintendent of Plymouth schools, will preside over the sub-district contest which will take place in Plymouth April 13th.

The local contest takes place in the Plymouth High school auditorium Tuesday evening, March 13th. The declamation contest can be entered only by freshmen or sophomores. The oratorical contest is open to only the juniors and seniors. As awards, the Detroit News makes the generous offer of giving two standard dictionaries to each school holding a local contest and having the winners of the contest participate in the sub-district contest. The successful competitors in the state contest will receive awards as follows:

**Class A—Oratory.**  
First place—Gold medal; second, silver medal.

**Class B—Declamation.**  
First place—Bronze medal; second, honorable mention.

Everyone is interested in Plymouth's achievement in public speaking, so do not let us forget the local contest to be held in the auditorium March 13th at eight o'clock.

Doorothy Bentley.

## FIRE DEPARTMENT GETS SECOND CALL WHILE FIGHTING BLAZE

The Plymouth fire department was called out twice last week Thursday afternoon. The first call was a grass fire in the woods on the E. C. Hough property on West Ann Arbor street. The firemen had a difficult time in subduing the fire and in keeping a large barn from burning. They were aided by a number of men sent out from the Daisy factory.

While fighting the blaze the second alarm came from the home of Daniel Murray on Mill street. Having the fire in the woods under control, the truck and several of the firemen were sent to answer the second call, which had also been answered by the one truck remaining at the fire hall, and the blaze, which was confined to the roof of the Murray home, was soon extinguished.

This is the first time that an alarm has come in while the department was fighting another fire, and the having of two trucks came in very nicely.

## Mother Has A Hard Decision To Make

By Albert T. Reid

## CHAMBER OF COMMERCE PURCHASE LARGE SIGN

The board of directors of the Plymouth Chamber of Commerce has purchased a huge sign bearing the word Plymouth, and is going to put Plymouth on the map for aviators who pass over the village. This sign will be placed upon the roof of the Plymouth Motor Sales Co. building on South Main street, and will spread out a distance of about 100 feet. The letters will be ten feet long, and constructed of metal and painted white. These large white letters upon a black background will be plainly visible from the air. With the word Plymouth there will also be a large arrow pointing northward.

## REPUBLICANS WILL HOLD CAUCUS SATURDAY

A Republican caucus will be held in the high school auditorium, Saturday, March 10th, at 2:00 p. m., for the purpose of placing in nomination candidates for the various township offices, and the transaction of any other business that may come before the meeting.

The township clerk will be present to register anyone who may lawfully apply therefor.

## PLYMOUTH CONCERN ELECTS OFFICERS

The annual stockholders meeting of the General Machine & Iron Works, Inc., was held at the plant of the company February 28, with a majority of the stockholders present. The following board of directors was chosen: Harvey Houghton, Redford; Winfield Harrington, Redford; John H. Patterson, Plymouth; Joseph S. McDonald, Detroit; C. McAnlis, Detroit; Ernest Schmidt, Detroit; I. G. Schmidt, Detroit; F. J. Schmidt, Plymouth, and Enoch Dieterle, Ann Arbor.

Following the election of directors, the following officers were elected: President—F. J. Schmidt; Vice-President—I. J. Schmidt; Secretary—E. F. Schmidt; Temporary Treas.—E. F. Schmidt; Finance Committee—Winfield Harrington, John Patterson.

The prospects for a good year for the company are very bright, as \$24,000 in orders are already booked. With a good building season, there is every reason to believe that the local plant will be a busy place during the remainder of the year.

## PLYMOUTH FACTORY EXECUTIVE HONORED

R. F. VALENTINE ELECTED PRESIDENT TOY FAIR CHAMBER OF COMMERCE OF NEW YORK CITY.

R. F. Valentine, general manager of the King Manufacturing company of this place, has just been elected president of the Toy Fair Chamber of Commerce, Inc., whose headquarters are in New York City.

This organization is composed of manufacturers, importers, factory agents and jobbers who handle toys or kindred lines and is the largest organization of toy firms in the world.

The New York Toy fair has grown to be a great international event. Toys are on display from all parts of the globe, and buyers from many lands come here to place their orders for toys.

It is estimated that over six acres of floor space is devoted to the display of toys during this toy fair under the auspices of the Toy Fair Chamber of Commerce, Inc.

Although Mr. Valentine has been connected with the toy industry but a comparatively short time, he has by his earnest efforts proven himself to be a real leader, and it was in recognition of this hard work that he was unanimously elected president for the coming year.

Mr. Valentine's many Plymouth friends extend congratulations.

## NEWBURG TALENT WILL GIVE PLAY

"DEARIES," A COMEDY, WILL BE PRESENTED AT NEWBURG.

A comedy will be given by the Epworth league of Newburg in the Ladies' Aid hall, Wednesday and Thursday evenings, March 14th and 15th, at 7:30 o'clock. The play centers about the dissatisfied Kate White, who, after 18 years of "slavery" in an orphanage, is at last reunited with her mother, whom she has never known. The romance of Sylvia Langborne, who insists on marrying a boy not of her parents' choice and who stages an elopement which doesn't "work," is woven in.

You will love sweet Barbara, a fellow orphan. You will laugh at Lena, the simple-minded orphan, and Mrs. Main, the matron, who entertains with scripture quotations at every wrong time.

Cast:  
Barbara Black—Viola Lettermoe  
Mrs. Main—Marion Taylor  
Kate White—Alice Gilbert  
Lena—Joy McNabb  
Mrs. Chase—Winifred Cutler  
Mrs. Langborne—Margaret Bassett  
Sylvia Langborne—Sarah L. Outler  
Mammy—Dick Hall

## FRED J. ORR PASSES AWAY

Fred J. Orr passed away at his home in this village, Sunday, March 4, after a long illness. Mr. Orr was born in York township, Washtenaw county, April 6, 1874. Besides his wife he leaves five sons, Glenn I., Donald F., Seymour N., Norman L. and Milton O.; also one sister, Mrs. William Farley of this village. The funeral services will be held from the Schrader Bros. Funeral Home, Wednesday afternoon, Dr. F. A. Leandrum officiating. The interment took place in Riverside cemetery.

## HOME SERVICE CLASSES VERY SUCCESSFUL

MISS GLADYS L. PECKHAM CONDUCTED LAST CLASS WEDNESDAY, WITH NEARLY ONE HUNDRED LADIES PRESENT.

The most successful classes of the kind ever held in Plymouth were brought to a close Wednesday afternoon when nearly one hundred women attended the last Home Service lesson given by Miss Gladys L. Peckham. These classes have been conducted by the Michigan Federated Utilities for the education of their patrons and the public on the correct use of modern fuels and newest methods of cookery, and have created intense interest among the housewives of this community.

The lesson was on "Ham Oven Dinner" and proved to be the most popular of the series. Ham slice with apples and raisins, baked squash, browned potatoes and peach cobbler with whipped cream was the menu.

Out of 91 registered members, 65 received awards of small oak recipe card file boxes, and a large majority of them attended every lesson.

To all who came to this lesson sets of aluminum measuring spoons were distributed free, and copies of all recipes were given.

Mrs. David Taylor received the cabinet and Mrs. P. J. Vaughn the enameled table, which were used by Miss Peckham at the classes. Many were the grateful acknowledgments of pleasure and help derived from this series and Miss Peckham's return in September will be looked forward to. She will give a special lecture here during "better homes week," April 23rd, but her next classes will be in Marshall, Mich., during the coming three weeks.

## FORMER PLYMOUTH LADY DIES

Miss Ida Panches, a former resident of Plymouth, died in Detroit, Saturday, March 3rd, at the age of 66 years. She leaves two sisters, Mrs. R. B. Kernahan and Jessie, and three brothers, Fred, Frank and Bert Panches, of this place. Funeral services were held Thursday morning, with interment in Toledo, Ohio.

## ANNUAL VILLAGE ELECTION NEXT MONDAY, MARCH 12

Besides Three Commissioners to Be Elected, Four Amendments to Village Charter Are to Be Submitted to Voters.

The annual village election which occurs next Monday, March 12th, will undoubtedly call out a larger vote than is usually polled, due to the fact that besides the casting of ballots for three commissioners, there are four amendments to the village charter which are to be voted upon at this time.

The candidates for village commissioners, three to be elected, are as follows:

Two year term—Henry Hondorp, Carl G. Shear and Paul J. Nutting.  
One year term—John W. Henderson and Frank J. Learned.

The polls of the election will be open from eight o'clock in the morning until six o'clock in the afternoon. The amendments which will be submitted to the voters are as follows:

To change Section 5, Chapter 9, which reads: Special assessments to defray the estimated cost of any improvement (shall) be levied before making the improvement by substituting the word (MAY) for (SHALL) so this section will read as follows:

Special Assessments, to defray the estimated cost of any improvement, MAY be levied before the making of the improvement. When the work is done by the Village the spreading of the assessment may be deferred until the completion of the work.

The charter now states that special assessments to defray the estimated cost shall be levied before making the improvement. When the special assessments are made before the improvement, they must be based upon the engineer's estimates, which are always higher than actual cost. All special assessments should be based upon actual costs.

To change Section 10, Chapter 9, which reads: Upon the confirmation of any special assessment the amount thereof may be divided into not more than (FIVE) installments, one of which shall be collected each year, at such times as the Commission shall determine, by substituting the word (TEN) for (FIVE), so that this section will read as follows: Upon the confirmation of any special assessment the amount thereof may be divided into not more than TEN installments, one of which shall be collected each year, at such times as the Commission shall determine, with annual interest at a rate not exceeding six per cent per annum, but the whole assessment after confirmation may be paid to the Village Treasurer at any time in full, with the proportionate interest thereon. The number of installments shall be such that no installment against any parcel of land shall exceed five per cent of the assessed valuation.

This amendment does not effect the total amount that may be assessed at any one time. Some have gained the impression from the amendment that an assessment of fifty per cent could be levied where the payments are spread over a period of ten years, but this is not the case, as above stated. According to the state law, the village cannot assess over 25 per cent of the assessed valuation.

To change Section 10, Chapter 9, which reads: Upon the confirmation of any special assessment, the amount thereof may be divided into not more than TEN installments, one of which shall be collected each year, at such times as the Commission shall determine, with ANNUAL INTEREST AT THE SAME RATE AS PAID ON THE BONDS, AND NOT TO EXCEED SIX PER CENT, so that this section will read as follows:

Upon the confirmation of any special assessment, the amount thereof may be divided into not more than TEN installments, one of which shall be collected each year, at such times as the Commission shall determine, with ANNUAL INTEREST AT THE SAME RATE AS PAID ON THE BONDS, AND NOT TO EXCEED SIX PER CENT PER ANNUM, but the whole assessment after confirmation may be paid to the Village Treasurer at any time in full, with the proportionate interest thereon. The number of installments shall be such that no installment against any parcel of land shall exceed five per cent of the value of such parcel as shown by the Village assessment roll confirmed next preceding the levying of such assessment.

If this clause is adopted the village will be able to borrow money at the same rate of interest as on general obligation bonds, which is about one and one-half per cent less than the rate on special assessment bonds without this clause.

To change Section 14, Chapter 10, which reads: The Commission is authorized to issue bonds to the

amount of any special assessment, or to the amount of the aggregate of all the installments of a special assessment in anticipation of the collection thereof. Such bonds shall draw interest not exceeding six per cent per annum as the Commission may determine, and shall be payable out of the special assessment district fund when the assessment is collected. Adding the following clause: (IN CASE THE AMOUNT COLLECTED ON SUCH SPECIAL ASSESSMENT SHALL BE INSUFFICIENT TO PAY PRINCIPAL AND INTEREST OF SUCH BONDS AS THEY FALL DUE THE VILLAGE SHALL ADVANCE THE NECESSARY AMOUNT FROM THE GENERAL FUND, REIMBURSING ITSELF OUT OF THE SPECIAL ASSESSMENT WHEN COLLECTED.) Such bonds shall be payable in two years, or less as the Commission shall determine, from the time limited for the collection of special assessment by the Village Treasurer. If the assessment is divided into installments, the bonds shall be apportioned against the amounts of the several installments as the Commission may determine, and shall severally be payable in two years or less from the time for the collection of the several installments by the Village Treasurer. The assessment when collected shall be set apart into a separate fund for the payment of such bonds. Contractors for the construction of street pavements and sewers may be required to take their pay in said bonds. Said bonds in no event shall be sold, or otherwise disposed of, at less than their par value.

All proposed amendments have been submitted to the governor, and by him to the attorney general of the state, and approved by both.

## ANNUAL MEETING LEAGUE WOMEN VOTERS

Plans have been completed for the second annual spring luncheon of the Plymouth League of Women Voters. The luncheon will be held on the regular meeting day of the League, Monday, March 12, at 12:30, at the Hotel Mayflower. A most interesting program is promised with Mrs. Myron B. Vorce of Detroit as the speaker, on the subject of Lucretia Mott (Equal rights amendment) which is now before Congress, and which is of tremendous importance to every woman in the United States.

Mrs. Vorce became well known as a speaker for woman suffrage, and since the granting of the suffrage she has devoted most of her time to the League of Women Voters. As those who have heard her know, Mrs. Vorce is a convincing, forceful speaker whom it is a pleasure to hear.

Three five-minute talks will also be given on the immediate election issues. Mrs. Ruth Huston-Whipple will speak on the issues in the "Village Election of March 12." Miss Lina Durfee, township clerk, will speak on "The Issues of April 2." Mrs. Henry Steffens will speak on "The Importance of the Presidential Primary of April 2."

Mrs. Paul Wiedman, 340 Blank avenue, the league treasurer, has charge of the tickets. Mrs. Laurence Johnson has charge of the tables. Tickets at \$1.00, may also be secured from League members or from the following members of the Board of Directors: Mrs. Roderick Cassidy, Mrs. Samuel Spicer, Miss Lina Durfee, Mrs. Phoebe Patterson and Mrs. Ruth Huston-Whipple.

March 12 is the annual meeting with election of officers. Furthermore all members and all who wish to join are urgently requested to pay their annual dues of \$1.00 to Mrs. Paul Wiedman, the league treasurer, at the luncheon.

Every woman in Plymouth who is interested in better citizenship, whether she is a member of the league at present or not, is cordially invited. Save Monday, March 12th, for voting and the League of Women Voters' luncheon.

Please return money and tickets for the luncheon to Mrs. Paul Wiedman, Monday noon, at the Hotel Mayflower.

Horace Kingsley, a former resident of Livonia township, died Saturday, March 3rd, at St. Mary's hospital, Detroit, at the age of 81 years. Funeral services were held from Schrader Bros. Funeral Home, Monday afternoon at 2:30 o'clock. Dr. F. A. Leandrum officiating. Interment in Livonia Center cemetery.

**KEEPING A COOL HEAD.**  
 The political pot is starting to simmer and get hot around the edges. Up to this time Plymouth residents have been content to drive along in their usual way, unmindful of the impending race for the highest office in the land; but here and there we observe evidence that the lid will be popping off pretty soon, and that political discussions will soon be in full blast on all sides.

We have no desire to outlaw political arguments, even though we never felt they served any very good purpose, and that they seldom, if ever, caused either debater to change his way of thinking or voting. But arguing politics is a great American privilege; every man is entitled to his opinion, and to express that opinion, too. If it leads to violence, that's his own lookout; but we are desirous of calling attention here and now to the fact that even political arguments can be overdone. If we devote the time to them that we should devote to making a living, and a few dollars above if we can, then we are doing ourselves and our community an injustice. We've got to sell and we've got to buy; we've got to sow and we've got to reap, and if we neglect it we can't expect to prosper as we will if we keep to our knitting and let the other fellow attend to his.

**THE OLD-STYLE GIRL.**  
 The "pleasingly plump" girls of the 'nineties are coming back in style, according to a newspaper story from New York. The world's greatest chorus organizer, Mr. Ziegfeld, says he is now looking for that type, and that the public is tired of the thin, angular girl of today. This should bring cheer to those Plymouth mothers who have long been contending that this find the girls have of dieting to make themselves thin only makes them a prey to fatal illness. Now, when a beauty expert like Ziegfeld says bones and knobs and angles ruin a maiden's chance for a public career—not to mention other careers that are even more desirable—perhaps fewer pickles will be eaten and called a square meal.

**THE LITTLE THINGS.**  
 The Woolworth five and ten cent stores must have sold more than a hundred million dollars' worth of stuff last year, for we see a financial statement to the effect that their profit for the year amounted to \$36,530,478. Will those who have guessed successfully how many beans there were in a big jar please tell us how many customers the Woolworth stores served in 1927? Their earnings were seven million dollars greater than in 1926 in the combined chain of 1,581 retail stores. It's a big lesson in financing, any way you take it; but it is a bigger lesson to Plymouth boys who are getting ready to fight for a place in the business world. It is a powerful lesson because that gigantic business of \$100,000,000 came through sales of but 5 cents and 10 cents each. Nothing can show more plainly the value of small things, and nothing could offer greater proof of the fact that if you will look after the nickels and dimes the dollars will look after themselves.

**A SIGN OF SPRING.**  
 Mail bags coming into Plymouth are a little heavier now than they have

been for the past few months, and in a way it is a certain sign that spring is well on the way. They are heavier because the seed catalogues are now being sent out by the millions, and magazines devoted to agriculture and floriculture are bigger than at any other time of year. Filled with tempting offers, we can be reasonably sure that they will draw their quota of dollars from residents of this section. In a way, we have no complaint because in a few instances they offer articles that cannot be had locally; but in the matter of farm, garden and flower seeds, as well as implements and hardware used in spring work, the average man can get everything and anything he wants from our own stores; but what you can't get at home order, but stick to your home town just as far as you can and don't send away a dollar when it will buy what you want here at home where you earned it. That is not only a good policy to pursue as spring approaches, but one that will make this a better community if everybody will practice it twelve months in the year.

**PLYMOUTH BOY ON CRUISE AROUND WORLD.**

The Mail has received a letter from Alfred Strasen from Kobe, Japan, who is making a cruise of the world with the Fisher orchestra, aboard the S. S. Belgenland. The orchestra is booked to play at all the leading hotels at the ports at which the steam ship stops. In Yokohama they played three evenings at the new Grand hotel, at the Imperial hotel, Tokio, one night, and one night at the Tor hotel. Mr. Strasen says that dance bands in the Orient and also in other places which they will visit before coming home are a great novelty. At the Imperial hotel in Tokio, the ambassadors from England, France, United States and Russia were present to hear them play. The attendance at these dinner dances, he says, are not only composed of Europeans, but many wealthy Japanese, who are very good dancers. Before the ship returns they will visit China, the Philippines, Siam, Dutch East Indies, Malay States, India, Ceylon, Egypt and Palestine, Greece and Italy.

**LESTER F. COOK DIES AT NORTHVILLE.**

Lester F. Cook, residing at 528 Dunlap street, one of Northville's best known citizens, died last Saturday after a long illness and was buried in Rural Hill cemetery Monday afternoon. Mrs. Cook has been seriously ill at the home since the passing of her husband. Mr. Cook was born in Canton township December 9, 1853, and spent nearly his entire life on his father's farm, the homestead now being the site of the Wayne County Training school. In 1876 he was married to Mary C. Hubbell, and to them four children were born. In 1913 two of them died. Surviving are Mrs. Cook and two sons, Arthur, who is residing in Astoria, Oregon, and Fred, who has cared for his father for months. There are also five grandsons and two sisters, Mrs. O. F. Stevens and Mrs. A. P. Scott, of Plymouth, surviving to mourn his passing.

There are many other relatives living in Philadelphia, Chicago, Ohio, West Branch, Lansing and Detroit. It was in 1902 when the family came to Northville, and they were always interested and active in all worthy community matters. His death is not only mourned by the family but all of Northville as well. The funeral was conducted by Rev. William Richard, of the M. E. church—Northville Record, March 2, 1928.

The oddest thing about secrets of success is that they're told everywhere.

**"CIVIL SERVICE," BIG SUCCESS; TO BE REPEATED MONDAY EVENING, 8:00 O'CLOCK, H. S. AUDITORIUM.**

The Methodist ladies most agreeably surprised a fine audience with their presentation of "Civil Service" on last week Thursday evening. New faces were introduced to Plymouth lovers of home talent plays. John Loree, as the Inspector, proved his right to join our home talent circle. E. L. Sullivan of Rosedale Gardens, offered a real treat as "Old H. F. D." and his solos rendered between the second and third acts were most thoroughly enjoyed. The Met-tetal children sang in their usual pleasing manner, and were repeatedly recalled by the hearty applause. Tickets for the play of next Monday will be for sale at Partridge's Grocery, Blunk Bros. Department Store, Joliffe's Store and Nash's Hardware. Children 25c, and adults 35c. Get your tickets early.

Maybe Russia would find it easier to get recognition for her government if so many of her leaders didn't wear beards.

### SALEM

**Salem Federated Church**  
Minister: Rev. A. J. Parker

Services Sunday, March 11—Lenten service Sunday morning at 10:30. Music by the choir. Friends are urged to be present at this service.

Sunday-school at 11:45.

Evangelistic service with still and motion pictures Sunday evening at 7:30. Complete change of program every week. Best pictures only. Collection.

Special Lent service in the church Wednesday evening at 7:30. All friends are kindly asked to make an effort to be present in these services every Wednesday.

Under the auspices of the Washtenaw County Council of Religious Education, a district gathering of young people and Sunday-school teachers and officers drawn from the surrounding churches will be held in Salem Federated church on the next young people's night, which will be held on Friday, March 30. Banquet musical program contributed by visiting churches, and great public meeting. Speaker: Prof. W. D. Henderson of the University of Michigan. Friends of the churches are kindly requested to make a note of this date and district meeting.

Special services will be held Good Friday afternoon and evening, and all day on Easter Sunday.

The next church night takes place on Friday, March 23.

A largely attended Father and Son banquet was held in Salem Federated church on Wednesday evening, February 29th. The toastmaster was Ira W. Savory of Detroit, and the chief speaker, Rev. Wolfe of South Lyon Methodist church. Music for the evening was contributed by the Salem Orchestra and members of the South Lyon male quartette. Mrs. Hugh Means delighted the audience with two or three recitations, and other friends kindly assisted the program with several interesting items. The ladies of the church worked hard and well in arranging for the banquet and in decorating the room, and the tables presented an inviting aspect as the guests took their places. At the conclusion of the evening everybody left feeling the time had been happily spent.

Mrs. Laura Smith, who is spending a few weeks at the Howard Nollar home in Ferndale, spent Saturday with friends in Salem.

The monthly Parent-Teacher Association meeting will be held in the town hall this Friday, evening, March 9th. The parents are preparing the program for this meeting, and there will also be special music by the pupils. Everybody invited.

Mrs. Harold Foreman returned to the home of Mr. Foreman's parents, from Dr. Atchinson's hospital, Monday evening, much improved.

Mr. and Mrs. G. Roberts and daughter visited Mrs. C. McLaren of Plymouth, at the Dr. Mellus hospital at Brighton, Sunday. Mrs. McLaren underwent an operation for appendicitis, Friday night.

Those neither absent nor tardy in the primary room at Salem school during the month of February, were: James Geraghty, Mary Geraghty, Lindsay and Raymond Lewis, Shirley Burnham, Mac Garnett and Alvin Bauman. Our percentage of attendance raised this month, from 83.5 to 95.4.

Week-end guests at the G. Foreman home, were: Misses Ruth and Dorothy and Harold of Detroit. Afternoon callers were: Mrs. Wm. Dickie of near New Hudson, and Mrs. James Dickie and Mrs. and Mrs. Merrell Renwick and son of South Lyon.

Mr. and Mrs. Earl Stanbro of Stockbridge, were Saturday night guests of the former's parents, Mr. and Mrs. B. E. Stanbro, and were Sunday guests of Mrs. Stanbro's parents in Northville.

### NORTH VILLAGE HOME FURNISHING CLASS.

The North Village Home Furnishing class met February 28th at the home of Mrs. O. F. Beyer. The meeting was called to order by the chairman, Mrs. Gallimore. Roll call was responded to by ten members. After discussing illustrations of the last lesson, "Design and Color in the Background of the Room," leaders, Mrs. West and Mrs. Murray, presented to the class the subject, "Design and Color in Floor Coverings." This was a most interesting and worthwhile lesson, as it becomes necessary for us all to plan for floor coverings at some time or other. When carpets and rugs were first used they served a far different purpose than they do today. From this study we have learned to know what to bear in mind when selecting either rugs or carpets; when each should be used and whether a figured or a plain covering would be the better choice. In purchasing a figure one we are glad to know what designs would be poor choice and why. We hope that all our past mistakes made in floor covering may be avoided in the future. It is surprising how many things there are to be considered when selecting floor coverings if one wishes to make a lovely background of the floor. Many oriental rugs are so vivid in coloring that if they are used the coloring in most rooms would have to be intensified a great deal in order to obtain balance. Plain floor coverings give a feeling of warmth and quietness to the room as well as to create a feeling of spaciousness and unity, but, of course, hue, intensity and value must be considered when deciding on the color in either a plain or figure covering if the floor is to be a part of the background of the room or a foundation for furniture. The floor covering should never be made the center of interest in the room and the lines in it should harmonize with the structural lines of the room; also any rug, large or small, should be placed with its sides parallel to the walls. This is only a few of the valuable points covered on design and color in floor covering at this meeting.

Before departing we learned how to make smooth braided rugs of from three to ten strands and of good color and design.

At the close of this very enjoyable afternoon we were served to delicious refreshments by our hostesses, Mrs. Beyer, Mrs. Schroder and Miss Riddle.

The final lesson before achievement day will be held at the home of Mrs. George Holstein, April 3rd, with Mrs. Holstein and Mrs. James Gallimore as hostesses.

A carpenter went forth one day  
To get his saw made keen;  
He hunted high and low, but not  
A blacksmith could be seen.  
He gave up in despair with thoughts  
Of losing many dollars,  
Until he found a laundry where  
They put saw teeth in collars.

### Annoying Night Coughs

Stopped Almost Instantly

Very frequently adults and children, especially children, have spells of night coughing due to bronchial irritations or while suffering from colds. These coughing spells, if not quickly checked, are very injurious to the health.

A famous physician's prescription called Thoxine, much better than patent medicines and cough syrups, acts on a different principle, relieves the irritation and stops the cough within 15 minutes or money back. Contains no chloroform, dope or other harmful drugs. Pleasant tasting and safe. 35c, 60c and \$1.00. Ask for Thoxine. Sold by Dodge Drug Co. and all good drug stores.

Help us to fill the columns of the Mail, by sending your news items to this office, or phone number 6.

# CROP RESULTS

*prove the difference*

"ALMOST without exception," says a local merchant, "the farmers in this section who use 'AA QUALITY' Fertilizers get successful crops and bank substantial profits." Why? Because, year in year out, even under adverse growing conditions, "AA QUALITY" Fertilizers grow bigger, better, more profitable crops.

Read the letters at the right. Scores of other farmers in this and neighboring counties say the same thing. Larger yields, better quality, earlier maturity, extra profits—obtained with "AA QUALITY" Fertilizers.

Actual crop results prove that there is a decided difference in fertilizers of the same chemical analysis. Chemical analysis does not fully disclose the sources from which the plant-food elements were derived, neither does it indicate the physical condition of the fertilizer—two very important factors affecting the crop-producing power.

"AA QUALITY" Fertilizers produce more profit for every dollar invested in fertilizer because of the infinite care used in selecting the materials from which the plant-food elements are derived, and because these famous formulas are based upon a thorough knowledge of crop and soil conditions. Backed by over 60 years of successful crop production. Any farmer will tell you that "AA QUALITY" goods are famous for their splendid mechanical condition.

Read these letters from successful growers. Then plan to increase your own profits in 1928; insist on getting "AA QUALITY" Fertilizers from your dealer for use on your farm this season.

**FERTILIZER A PAYING INVESTMENT.**—Mr. John A. Dornshuber, Warren, Huntington Co., Ind., says: "We used 100 lbs. per acre of 'AA QUALITY' Fertilizer purchased from the Warren Elevator Co., and now we are harvesting a fine crop of quality corn which will yield 50 bushels per acre. Had the corn got the right start in the spring, I feel sure it would have made 65 bushels per acre if I had always made use of using 'AA QUALITY' Fertilizer on my corn every spring, as it paid a good return on its cost this year."—November 21, 1927.

**EXCEPTIONAL CROP RESULTS.**—Mr. A. A. Schultz, McCombs Co., Mich., says: "This year our 40-acre wheat field averaged 50 bushels per acre, and our 150-acre oat field averaged 68 bushels per acre; our 125 acres of alfalfa produced 380 tons of cuttings; 216 tons second cutting, and 100 tons third cutting—all of this notwithstanding the fact that weather conditions were not the most satisfactory. The foregoing I believe are good reasons why I prefer 'AA QUALITY' Fertilizers and recommend them to others."—September 30, 1927.

**1400% PROFIT.**—Mr. C. C. Prater, of Clayport, Kosciusko Co., Ind., says: "My onion land is a black sand soil, and I used 800 lbs. of 'AA QUALITY' Fertilizer per acre. The fertilizer paid me a profit of 1400%, or gave me a return of the cost of fertilizer of 15 times the price of the fertilizer, which certainly should convince anyone that it is very profitable to use 'AA QUALITY' goods. The onions were of good quality, and the crop ripened somewhat ahead of those where fertilizer was not applied."—September 24, 1927.

**FINE YIELD OF CORN.**—Mr. Arthur Teller, of McCaryville, Jasper Co., Ind., says: "Applied 150 lbs. of your 'AA QUALITY' Fertilizer per acre, secured a fine yield of corn, which I think will reach 60 bushels per acre."—October 3, 1927.

CENTRAL P. T. A. HOLDS MEETING

The regular meeting of the Central School Parent-Teacher association was held at the High school Monday afternoon, March 5th, with a large attendance.

A very pleasing program was given, and the pupils and teachers deserve much credit for the splendid manner in which the different features were presented. The present-day methods of teaching, as brought out during the afternoon's program, are very interesting, not only to the beholder, but to the pupil as well, and one cannot but be grateful for the progress which has given our children the benefit of such fine schools and up-to-date methods of teaching.

Following the program, a business meeting was held, at which the following officers were elected for the ensuing year:

President—Mrs. C. H. Buzzard  
Vice-president—Mrs. B. E. Champe  
Secretary—Mrs. Herald Hamill  
Treasurer—Mrs. Nellie Holliday

AGGIE CLUB BANQUET.

Home-cooked food, a well-arranged program and a good time await you on the 18th of March. The Aggie club is giving its seventh annual banquet in the High school auditorium and is expecting to give you one of the best times of the year. The banquet begins at 6:30 o'clock, and here is what you'll be eating:

- Fresh Roasted Ham, Gravy
- Mashed Potatoes
- Escalloped Corn
- Fruit Salad
- Buttered Rolls
- Pickles
- Apple Pie a la Mode

Music for the program will be furnished by Miss Heloise Travis. Russell Partridge is going to speak of the Aggie club in the past, and Miss Elizabeth Spicer will tell of the Aggie club in the present.

The main feature of the program will be a talk by Mr. Latourette on the developments and results of club work. Mr. Latourette is a club leader at Genesee and will give many new and interesting ideas on the subject. Admission will be 75 cents for adults and 35 cents for grade students. Come one, come all, for the Aggie club promises you a good time.

BRIGGS SCHOOL NOTES.

By Evelyn Rutenbar, Secretary-Treasurer.

The Lute, Kline and Diem children are absent on account of the measles. The Bond and Vorbeck children are absent on account of sickness.

Ethel Ash, Ervin Keehl and Vernon Yatek have returned to school this week, after being absent two weeks with the measles.

Evelyn Rutenbar, Katherine Steingasser, Abbie Melow and Everett Salow have been neither absent nor tardy since school started last September.

We have a new pupil, who is in the first grade. Her name is Geraldine Schroeder. She came from Farmington.

The primary grades are making Holland booklets this month. The upper grades are making a bird book this month.

SOUTH SALEM

Mayford Sletoff has returned home from Dayton, Ohio, much improved in health. He is slowly gaining and wishes to thank the P. T. A. for his plant which he has so much enjoyed. It is still in bloom.

Miss Lilly Berg has been spending a week with her brother in Detroit.

Mrs. Otto Bohling was called to Detroit Tuesday on account of the death of her only sister. The funeral was held Saturday. She returned home at night.

Mrs. Hansen, Mrs. Dolecek, Mrs. Chinn Smith, Mrs. Kruse and Mrs. Korabacher attended school in the afternoon during zone meeting.

The Jarvis P. T. A. will meet this Friday night at the home of Walter Kruse, with the Townline school invited.

Vernon Weed was at Ann Arbor to see Will Stevens at the U. of M. hospital.

Mrs. Weed's niece, Helen Flashman is at the Northville hospital for appendicitis.

Mrs. Lillie Smith was a South Lyon visitor last Saturday. She called on several old neighbors.

James Spencer, of Whitmore Lake, has a little son, born February 25th. Virginia Creekmore has the pneumonia.

Mr. and Mrs. John Hanson entertained Mr. and Mrs. Hanson and Mr. and Mrs. Smith, of Detroit, Sunday all day and evening.

Mr. and Mrs. Will Cole and Mr. Redman spent Tuesday in Ohio.

Lucille and Vincent LaMarr spent Sunday at Otto Bohling's.

Probably the next great boon for the common people will be the invention of an electric can opener.

FRANCE LURES WOMAN SHOPPER

Does Yearly Business of \$157,000,000 With American Women.

Washington.—Discussion of French and American tariffs raises two questions of popular interest: What does Uncle Sam buy at France's notion counter, and what does France buy at America's general store?

"Given an unlimited checking account Uncle Sam could find for his masculine use few representative French products in an average large American city," says a bulletin from the Washington (D. C.) headquarters of the National Geographic society. "But Madam Columbia—what a buying orgy she could have! In one year France does a \$157,000,000 business, chiefly with American women."

"First, an American woman shopping with an unlimited checking account would pick out Paris gowns of the latest mode, Paris hats and Paris shoes, Paris gloves and Paris handkerchiefs. At the perfume counter a fragrant fluid that may cost many dollars an ounce, face powder, rouge, lipstick and eyebrow pencil—all the thousand items of the commerce of vanity. At another counter she would purchase a French hand bag and at still another, French pearls."

"Check-book in hand let her enter a delicatessen. What an armful of French products awaits her there: French peas, French mushrooms, truffles, 'English' walnuts from Bordeaux, creamy Camembert cheese, smooth Gruyere cheese, green-veined Roquefort cheese, Brle cheese, Munster cheese from Hautes Vosges, pate de foie gras from Strasbourg or Toulouse, sardines from Brittany, French packed vegetables of all kinds, French sirups, French mineral waters, Vichy, and the like (32,000 gallons in one year), narcissus and lily bulbs for table decoration, and garlic for seasoning from Lyons."

"The shopper has not finished. Back at the yard goods department, the ribbon counter, the lace counter, the comb counter, the umbrella counter, and the thread and button counters she could spend and spend, buying the beautiful French creations, articles of the 'lux' trade, as it is called in France."

Cotton Our Major French Export.

"The United States' exports to France, although double the value of imports, concentrate on a few products. To observe the products concealed behind the dollar sign of statistics it is necessary to visit New Orleans, the ports of Texas, Norfolk, Seattle, Chicago and New York. King Cotton reigns undisputed monarch of the American export trade to France, monopolizing almost one-half the total value which runs to \$280,000,000. Texas sends petroleum products in addition to cotton; Montana, much copper; Chicago, wheat, lard and bacon; Seattle, condensed milk; New York, machinery, and Norfolk, two dissimilar fuels, coal and tobacco."

"The 124,000 dressmakers of Paris are not, curious to record, France's premier exporters to America. Paris has nothing to do with the republic's leading American-dollar catcher, the walnut. While the 'lux' trade of Paris, apparel, perfumes, cosmetics and jewelry rolls up the largest collective total, the 'English' walnut, grown in southern France and exported from Bordeaux and Marseilles, individually leads the list with a value of \$6,103,000 in one recent year. Six other leading exports to the United States, in order of their importance, are perfume and cosmetics, unstrung pearls, silk-wearing apparel, cotton laces, gold and silver threads, braid, fabrics and laces, and leather gloves."

"Cargoes that leave Le Havre and Marseilles and Bordeaux wharfs today may be better packed in snug boxes than galleon cargoes of olden days, but their contents are no less worthy of some poet's praise. Beneath the decks trod by tourists home-coming from France, lie pungent crates: 93,000 pounds of geranium oil in one year, 18,917 pounds of attar of roses, 83,550 pounds of thyme, and 136,413 pounds of sweet lavender."

Skunk Skins and Lard.

"Economically the United States still remains a raw colonial country as far as France is concerned. The United States supplies the raw materials for skilled French craftsmen who sell them back to us as artistic creations. Raw cotton goes from Texas to the looms of France and then as lace and dress goods recrosses the Atlantic ocean to New York. Lard shipped from Chicago to the Riviera is used to extract flower essences for perfumes which later sell on Michigan boulevard. Skunk skins to the value of over a million dollars go to France annually from the United States and return as apparel a la mode."

"Only in the realm of machinery does the United States market with France on the scale of an advanced civilization. To weave American cotton France buys American textile machinery and her dressmakers use American sewing machines. Her clerks write on American typewriters, and her printers work often on American printing presses. Fourteen per cent of France's imports come from the United States. We rank France thirteenth as an export market for American products and eighteenth as merchant of foreign goods sold in the United States."

A Republican caucus will be held on Saturday, March 10th at the High school auditorium at 2:00 o'clock p. m.

# NASH

## Drive a 7-bearing Six for \$845

F. O. B. FACTORY

### Amazing NASH price reductions—Effective Feb. 1st

A FULL 5-passenger 7-bearing Nash Six Sedan at such an amazingly low price seems almost incredible.

But to anyone familiar with the exceptional manufacturing ability of C. W. Nash, this achievement in value is not surprising.

It is another striking indication of his determination to give Nash owners finer motoring at the lowest possible cost.

There are 24 Nash models, six of them now priced under a thousand dollars f. o. b. the factory, every one of them super-powered by the very smooth, very quiet, very powerful Nash-type 7-bearing motor.

And every one of the 24, a finer mode of motoring, with such Nash performance advantages as the Nash straight line drive, Nash tubular trussed frame, Nash 2-way 4-wheel brakes, Nash alloy-steel springs, shock absorbers, front and rear—

—And among them, 39 alluring color effects, from which to pick the color of your car.

Drive a Nash, today, and you'll know why Nash leads the world in motor car value.

LOCAL NEWS

Miss Clara Tyler was home from Michigan State College last week-end. Born, March 6th, to Mr. and Mrs. Frank J. Pierce, Jr., a son, James Frank.

Born, March 8, to Mr. and Mrs. Frank Everett, a daughter, Virginia Charlotte.

Warren Stevens and daughter, Velda, of Detroit, visited relatives and friends in Plymouth, Sunday.

Mr. and Mrs. Charles Roberts of Redford, called on Mr. and Mrs. C. V. Chambers, last week Wednesday.

Mrs. Homer Burton attended the ceremonial given by the White Shrine of Jerusalem, at Saginaw, last week.

Mrs. J. W. Tyler and daughters, Helen and Betty, returned home last week Friday, after spending the winter in Phoenix, Arizona.

The Junior Bridge Club enjoyed a dinner party at the Detroit Leland Hotel, last week Thursday evening, and later a performance of "My Maryland," at the Shubert Lafayette theatre.

The seventh annual St. Patrick's dancing party will be given by the parish, in the auditorium of Our Lady of Good Counsel church, Saturday evening, March 17th. A cordial invitation is extended to the public.

A St. Patrick's dancing party will be given under the auspices of the O. E. S., at the Masonic temple, Friday evening, March 16th. Lorenzen's orchestra will furnish the music. Bill, including lunch, \$1.50. Extra lady, 50c.

Mr. and Mrs. Claude Merritt of Detroit, and Mrs. Jennie Weir of Royal Oak, visited their sister, Mrs. Peter Delker, last Sunday. Mrs. Delker, who has been critically ill with bronchial pneumonia, is somewhat improved.

Canton Plymouth, No. 17, will give another of their popular dancing parties at the I. O. O. F. temple Thursday evening, March 15th. Gray's orchestra will furnish the music. Everyone welcome. Admission 50c, ladies free.

Anyone interested in landscape architecture will profit by attending a meeting at Starkweather school on Thursday, March 15th, to hear Prof. O. I. Gregg, specialist in landscape gardening of the Michigan State College extension department. The meeting will open promptly at 1:00 p. m., and is free to everyone.

Mr. and Mrs. M. G. Partridge attended the graduation exercises at Michigan State college at East Lansing last Friday afternoon, their eldest son, Russell, being a member of the two-year short course class. Altogether about 150 received diplomas in short courses. The exercises were followed by a dinner-dance at the Union.

A meeting of the employees of the Michigan Federated Utilities was held at their office on Main street on Wednesday evening at 7:30 o'clock. P. H. Deal, assistant manager, addressed them on various matters of interest, and lively discussions were participated in by all. Sandwiches and coffee were served. The meeting proved to be of such real benefit to all that it was voted to hold similar meetings each month.

Under the water ordinance recently adopted by the village commission, the average rate to domestic consumers will be practically the same as now. Where the consumer uses 9,000 gallons of water per quarter, the bill will be exactly as before; those using less than this amount will receive the water at a lower rate, while those consuming more than the 9,000 gallons will pay a slight increase. The average domestic consumer uses 10,000 gallons per quarter.

The Student Harmony Group which has been rendering such excellent music at the Hotel Mayflower for Sunday dinners, is composed of the following young people of Plymouth: Margaret Wood, piano; Lawrence Livingston, saxophone; Allan Strong, drums; Alvin Collins, banjo; Loula Ribar, saxophone; and Maynard Larkins, violin. You, too, can enjoy their playing by having your dinner at the Hotel Mayflower next Sunday, 12:30 to 3:00 p. m. Look for menu elsewhere in this paper.

Mr. and Mrs. Frank Karker, Jr., were given a pleasant surprise Wednesday evening, when about fifteen members of the Pleasure Club gathered at their home on Holbrook avenue. Progressive pedro furnished the entertainment of the evening, for which honors were awarded to Mrs. Wm. Felt and J. J. Wollgast, while Mrs. Minnie Ray and Wm. Felt were consoled. Late in the evening, a delicious pot-luck lunch was served, and the guests of honor were presented with a gift in remembrance of the occasion.

MUNICIPAL NOTES BY THE MANAGER

At the last regular meeting of the village commission, the following paving petitions were accepted: Harvey street, from the north line of Pennington avenue to the south line of Farmer street; Ann street, from the north line of Williams street to the south line of Junction avenue; Blunk avenue, from Farmer street to Junction avenue, may still come in this week.

The estimates of the costs of the paving and necessary storm sewers on the above streets, as well as the costs on Arthur street, from the north line of Pennington avenue to the south line of Williams street, and Adams street from the north line of Church street to the south line of Farmer street, will be ready this week.

The date for voting on the general obligation bonds for the costs of street intersections and one-third the cost of sewers, will be set soon.

The proposed width on Arthur, Blunk, Ann and Adams is twenty-six feet. The proposed width of Harvey street is thirty feet from Pennington avenue to Church street, and twenty-six feet from Church street to Farmer street.

Bids for the paving of Pennington avenue will be opened at 7:30 p. m., on March 14th, 1928.

The village fire department answered a call on Holbrook, near Hardenburg last Saturday, at 8:00 a. m. The

fire was out when the department arrived.

The Commission ordered gravel put on Sheridan avenue from Moreland road to Lincoln avenue, at once.

A plan for a suitable connection of Blanche street between Arthur avenue and Pacific avenue, is being worked out, which will eliminate the two dead ends. We are also working on a plan to open Williams street from Arthur street to Pacific avenue.

WATERFORD

Mrs. Mary Lond, who has been visiting her son at Grass Lake for several weeks and was taken sick, returned Thursday. Mr. and Mrs. Glen King motored over and brought her home.

Don Miller and family have moved into one of P. H. Grennan's houses. Mr. and Mrs. Edward Watson and Miss Edith Peck were Sunday visitors of the Charles Peck family, near Ortonville.

Mr. and Mrs. Arthur Gotts attended the "better homes" show at Detroit last week.

Mrs. Frank Eckles, from Fenton, spent the week-end last week with her daughter, Naoma Colburn, and visited the school Friday.

Miss Naoma Colburn spent the week-end in Detroit.

GRANGE NOTES

The Grange meeting has been postponed from Thursday afternoon until Thursday evening, on account of the lecture on landscape gardening which will be given Thursday afternoon at 1:00, at the Starkweather school, on Holbrook avenue.

A-1 GROCERY CO.

914 North Mill Street, Plymouth

Table with columns for GROCERIES and MEATS. MICHIGAN BELL TELEPHONE CO.

Long Distance Rates are Surprisingly Low For Instance

for \$100 Or Less, After 8:30 P. M.

You can call the following points and talk for THREE MINUTES at the rates shown. Rates to other points are proportionately low

Table with columns for From Plymouth to: and Night Service-to-Station Rate. Points include Baltimore, Buffalo, Chicago, Cincinnati, Davenport, Indianapolis, Louisville, Marquette, Milwaukee, Petoskey, Pittsburgh, Rochester, Syracuse, Utica, Madison.

The rates quoted above are Station-to-Station night rates, effective from 8:30 p. m. to 4:30 a. m.

A Station-to-Station call is one that is made to a certain telephone, rather than to some person in particular. If you do not know the number of the distant telephone, give the operator the name and address and specify that you will talk with "anyone" who answers at the called telephone.

Day rates, 4:30 a. m. to 7 p. m., and evening rates, 7 p. m. to 8:30 p. m., are higher than night rates.

A Person-to-Person call, because more work is involved, costs more than a Station-to-Station call. The rate on a Person-to-Person call is the same at all hours.

Additional rate information can be secured by calling the Long Distance operator

**The Two Beauty Lovers**

By DOROTHY DOUGLAS  
(Copyright.)

SALLY was a clever artist, but in her all-enveloping blue smock she certainly did not attract the average person's physical eye. Every feature she possessed was nondescript, with the exception of her eyes which, with the soul of the artist in their depths, could not be anything but beautiful. More often than not there was a smudge somewhere on Sally—if not on her nose or ear then certainly on the bare white of her arms where the great palette she used crushed dabs of color—crimson, green or yellow.

When Tom Danvers came to her studio door in quest of work as a model, Sally gasped. She had not known that a human being—and certainly not a big husky man—could be so completely, so devastatingly beautiful to look at.

"They told me, up at Keen's studios, that you were doing some big panels for the new picture house," he said by way of introducing himself, "and I was hoping you could use me."

"Come in," said Sally, "I was sending up little prayers for some one about like you, but—I had been a bit hopeless. Can you start work at once? They are rather hurrying me with these big canvases."

"It's awfully good of you," said Tom modestly and Sally knew that there wasn't an ounce of conceit in this glorious specimen in spite of his good looks.

Sally was feverish to get at her painting and let him roam about until she had pulled on the big smock and got together her charcoals and canvases for preliminary sketches.

Tom meantime was taking great interest in everything, but with a suggestion of reverence that quite touched Sally's big heart. She realized, after a brief hour or two with him, that he was one of those too rare types to whom art and women are something sacred.

She didn't learn much about him as the weeks spent themselves in hard work but she didn't care. Something deep within Sally had stirred into life on that first day when Tom had stood in her doorway and it had grown into a great big something which Sally refused to classify in her emotions. But it was the one and only time in her whole life as artist or woman that quaint little Sally was to fall in love.

Then came the day when she wanted to show her canvases to her wide circle of friends, and into her studio she brought all the beauties of the film world and the society beauties whom she had painted. It was a gala tea and Sally for once had removed all smudges and debbed a fragrant whiff of powder on her nose.

As a matter of fact, Sally was feeling a bit broken up, for in finishing her canvases she was relinquishing her wonderful model to a world of lovely women. Sally had insisted on Tom's appearing in person, for in her heart she knew that some one of the screen beauties would immediately see his possibility as a leading man and carry him off to wealth and fame.

Sally had had a bit of a fight with herself about thus giving him up to a world that would drag him from her side. She felt that they had had their last hours in the friendly intimacy of the studio and she hoped that Tom would feel a bit the same about it. Though she had nothing at all to feed her thoughts on. He had been strictly an artist's model to her.

It was the most beautiful of the screen's vamps who made Tom a very fine offer to star with her in her next picture.

Sally could see at once that Noni Bird was going to do all in her power to secure this prize not only for her screen glory but also for—well, Sally was not blind to the stir Tom had made among the feminine hearts. She could appreciate it, too, for her own heart was near to breaking though her smiles were as ready as ever.

The great party was beginning to dissipate itself toward various parts of the city and Noni, as she flung on her handsome cloak, whispered swiftly to Sally:

"Sally, dear, your Greek god is actually going to sign my contract. I am so happy. He will make all the other idols look like laborers after I've had him awhile. You're a duck to have introduced him to us."

When the studio was cleared of everyone but Tom, Sally stood waiting for him to tell her all about his good luck.

"Noni tells me," she said, trying to help him out, though her voice wasn't very steady, "that you are to have a fine contract to sign and I—am to have to look for another model."

Tom looked very steadily at Sally and for want of strength in her legs Sally sat down on the big chestfield. She seemed such a tiny thing there among the lovely cushions. Tom stood looking at her with that strange expression in his eyes.

"Sally," he said softly, "I am only going to sign that contract if you love me—if you will marry me before I begin this life of make-believe. I want you more than I want anything else, and if I can't have you, steady and beautiful, enshrined in my heart, then I won't sign up—it isn't worth it. You are all the beauty there is in the world to me—Sally—Sally darling—what's the matter? You're crying."

"I'm not," said Sally. "That's the way I laugh when I'm very happy."

**OAKLAND ALL-AMERICAN SIX**  
PRODUCT OF GENERAL MOTORS

LANDAU COUPE  
**\$1045**

**The Smoothness and Snap That All America is Demanding**

There's no longer any doubt about it. America is demanding more and more from its automobiles. More power... more style... more speed. And above all else... more smoothness and snap.

Because of its ruggedly constructed chassis... its bigger clutch and smoothly shifting gears... and the super-precision construction demanded in the All-American principle of design.

Smoothness that brings to driving new pleasures and new delights. Snap that responds to the traffic signal as a sprinter responds to the gun. Smoothness and snap that you know are the very essence of motoring satisfaction. Smoothness and snap that you find revealed in the All-American Six.

Once you've experienced its smoothness... once you've witnessed its snap... you'll know why the All-American Six is winning such tremendous success!

**PRICES**

2-Door Sedan	\$1045	4-Door Sedan	\$1145
Sport Roadster	\$1075	Cabriolet	\$1155

Miss Ada Daggett was home from Detroit, last week-end.  
Mrs. Antie Cranson of Northville, visited in Plymouth last week.

Rev. and Mrs. Joseph Dutton returned to Plymouth last week to attend the funeral of Mrs. LeVan.

Mr. and Mrs. William Wood were called to Beamsville, Ontario, last week-end on account of the illness of Mr. Wood's mother.

The board of directors of the Plymouth League of Women Voters met at the home of Mrs. Ruth E. Huston-Whipple, last Friday afternoon.

The next regular meeting of the Plymouth Real Estate Board will be held in the private dining room of the Hotel Mayflower, Thursday, March 15, at 12:00 noon. A speaker with a message of interest to all realtors will be present.

Fifteen little boy and girl friends of James Stevens, Jr., helped him celebrate his seventh birthday at his home on Blunk avenue last Friday afternoon. Delicious refreshments were served the little folks by Mrs. Stevens. James received many pretty gifts as a reminder of the occasion.

Two Plymouth High School graduates in the class of 1927, won the pins awarded by their sorority to the freshman initiate with the best record in scholarship. Kathryn VanAken received the scholarship awarded for her sorority at Michigan State College, and Kathryn Wilcox for her sorority at the University of Michigan.

This Friday evening, March 9th, the Plymouth Rock Masonic Lodge will confer the Master Mason degree upon two candidates. A number of employees of the Burroughs Adding Machine Co. will be present and they will put on an entertainment program during supper. The work will commence at 4:30 p. m., and supper will be served at 6:30 sharp.

Mr. and Mrs. C. O. Dickerson and daughter, Lucille, spent Sunday with friends at St. Clair Shores.

The Infant Welfare Clinic will be held Wednesday, March 14, at 2:00 o'clock, at the Central High School.

W. H. Tait left Tuesday evening, for Alterson, West Virginia, where he was called by the illness of a brother.

James Glass has purchased a farm near Worden, Washtenaw county. Perry Woodworth of this place negotiated the deal.

Mrs. C. M. McLaren underwent an operation for appendicitis at the Melus hospital, Brighton, last Friday. She is convalescing nicely.

Sunday guests of Mr. and Mrs. F. C. Muxlow were: Mr. and Mrs. Earl Beals, Mr. and Mrs. Warren Peterson and Mrs. Minnie Broome of Detroit.

Mr. and Mrs. George Miller of East Plymouth, were last week Friday guests of Mr. and Mrs. C. V. Chambers, helping celebrate the birthday of Mrs. Chambers.

Mrs. Charles Patrick of North Branch, who has been the guest of her parents, Mr. and Mrs. F. C. Muxlow, has gone to Detroit for a visit with relatives.

The remains of Mrs. Sarah Lathers of Inkster, who passed away at her home in that village, Monday, were brought to Newburg cemetery for interment, Wednesday.

The Michigan Federated Utilities have a half page ad in today's Mail, in which they announce a big gas range sale, commencing Thursday, March 15th. Your attention is called to their ad for full particulars.

The regular monthly business meeting of the Baptist Ladies' Aid will be held on Wednesday, March 14, at the home of Mrs. Charles Honeywell. A good attendance is desired, as plans for the spring bazaar are to be planned.

The Rebekah and I. O. O. F. lodges will give an old-fashioned Jiggs supper at the Oddfellow temple, Friday evening, March 16th, from 5:30 until 8:00 o'clock or until all are served. See advertisement on first page of second section.

Mrs. Melvin Alguire was given a pleasant surprise party by twelve members of a bridge club of which she is a member in Detroit, Tuesday evening, at her home at 834 South Main street. Refreshments were served, and all enjoyed a pleasant time.

The Woman's Club will have a luncheon today, Friday, at 1:15 p. m., in the crystal room of the Hotel Mayflower. Miss Florence Davies, a feature writer on the Detroit News staff, will be the speaker and guest of the club. Each member is privileged to invite a guest.

Mrs. Calvin Whipple and daughter, Janet, who have been taking a course in beauty culture at the Derma Way school in Detroit, will open a new shop in the room formerly occupied by the Brownie Beauty Shop, over Green & Jolliffe's store, Thursday, March 15th, to be known as the Whipple Hair Shop.

Last Monday evening, quite a large number of Plymouth Rock Masons went to Detroit as guests of the "University Lodge," F. & A. M., at the Detroit Masonic temple, where the Master Mason degree was conferred on candidates. A very fine supper and speeches were enjoyed, and a very warm welcome was extended to the Plymouth brothers by the University Lodge.

Mr. and Mrs. August Hauk entertained the Beck Road Pedro Club Friday evening. First prizes were awarded to L. A. Wisley and Mrs. Dorothy Wisley, while Mrs. Lawrence Miller and Fred Palmer were consoled. Ice cream and cake were served. The visitors were: William Nolls of Eden, N. Y.; Miss Alice Collins of Ypsilanti, and Mr. and Mrs. Lawrence Miller who recently returned from Florida, where they spent the winter.

Mr. and Mrs. Merle Borabacher and little daughter, Velda, Mr. and Mrs. F. L. Becker and son, Byron, Mr. and Mrs. Ben Blunk and daughters, Mr. and Mrs. Manford Becker and children, Mr. and Mrs. Leroy Jewell and son, Durward, of this place, and Mr. and Mrs. Paul Becker and children of Northville, attended a birthday party at the home of Mr. and Mrs. Voyle Becker, at Fenton, last Saturday, in honor of the birthdays of Mrs. Z. Brown and niece, Mrs. Theda Becker, which occurred the same day.

Mrs. Jack Dunsbeath of Detroit, was the guest of Plymouth friends, Wednesday.

Mrs. Ira Wilmoth of Adrian, was a guest at the home of her brother, B. E. Giles and family, Sunday and Monday.

Mr. and Mrs. C. H. Bennett have returned home from their trip on which they visited Cuba, Mexico and Panama.

Mrs. Coello Hamilton was hostess to the Stitch and Chatter Club last week Wednesday afternoon, at her home on Hamilton street.

Earl Alexander is building a new house in Park Subdivision on Holbrook avenue. R. S. Todd has the building contract.

The L. A. S. of Livonia will hold its regular meeting at the home of Mrs. John Dethloff, Wednesday, March 14. Everyone welcome.

Mr. and Mrs. Glenn Jewell attended a meeting of the Michigan Association of Dry Cleaners held at Lansing, several days last week.

Mr. and Mrs. Oliver Goldsmith of this place, and Mr. and Mrs. George Miller of East Plymouth, spent last week Thursday, at Monroe.

## CHERRY HILL YOUNG MAN PASSES AWAY

Irving Houk, aged 23 years, son of Mrs. William Houk of Cherry Hill, passed away last Saturday evening about 7:30 o'clock, after a serious illness of only two days. He had been ill since shortly after Christmas with influenza, but was thought to be recovering nicely when complications set in causing his death.

He is survived by his mother, one brother, William, and one sister, Mrs. Knute Jorgenson, all of Cherry Hill. His father passed away about a year ago.

Funeral services were held from the home Tuesday afternoon at 2:00 o'clock, with interment in Riverside cemetery, Plymouth.

## ROTARIANS HEAR INTERESTING TALK

Seward Nichols, assistant prosecuting attorney of Wayne County, gave an interesting talk before the members of the Rotary Club at their luncheon hour last week Friday. Mr. Nichols took for his subject the public press and its manner of handling news matter pertaining to crime. Mr. Nichols said there was too much of a tendency on the part of the press to bring out the sordid details of crimes, which being read by those of abnormal minds, often led to the committing of similar crimes, and pointed to a case which recently happened in our own state.

He also spoke of the great publicity given to crimes before the apprehension of criminals, which often proved a hindrance to law enforcing officers. His talk was very interesting and much appreciated by the members of the club. Mr. Nichols was introduced by Rotarian John S. Dayton.

## FREE LECTURE AT I. O. O. F. TEMPLE TONIGHT.

Dr. Frank C. Pacific, of Detroit, will give a free lecture and show by means of moving pictures, the most interesting things he saw during three months of travel in Europe last year. Dr. Pacific is prominent in Odd Fellow and Masonic fraternities. No admission and everybody is cordially invited.

## STARKWEATHER SCHOOL P. T. A. HOLD INTERESTING MEETING.

On the evening of February 26th the Starkweather school was open to the public for inspection from 7:00 until 8:00. At 8:00 p. m. about one hundred and sixty-five interested people gathered in the fine auditorium to listen to a splendid program. The business meeting was dispensed with and the program opened with selections by an orchestra composed of Mr. Millard, violinist, and his pupils, Evelyn Starkweather, piano; Doris Hamill, violin; Albert Drews, trombone, and Eugene Starkweather, clarinet. Much credit should be given them for their many pleasing numbers, which were so thoroughly enjoyed by all present, as well as the songs rendered by Catharine Kaletsky, Orlean Egloff, Ralph Bock, Helen Norgrove and Marguerite Mathison, pupils of Miss Stader's room.

John Myron, of the Belleville Consolidated schools, gave an unusually fine address, his subject being "The Builders and the Spoilers."

The entire club sang "America" and we were again entertained by the orchestra, who had been so generous with their lively music during the course of the evening's program.

Mr. Wall, of the Westinghouse Electric Manufacturing company, explained the merits of the Westinghouse automatic electric range, and the program closed with a delightful surprise when the social committee and teachers served to all present delicious refreshments, cooked and donated by representatives of the Westinghouse and Edison companies on a beautiful Westinghouse senior automatic electric range which was presented to the Starkweather school by the Detroit Edison company. It was a most pleasant occasion for all present.

## REGISTRATION NOTICE

All electors not already registered in the books of Plymouth township, may register at Boyer's Pharmacy, Saturday, March 17, at Village Hall, Saturday, March 24, and at other times not later than March 24, at 1222 Penniman avenue.

## PLYMOUTH INCLUDED IN METROPOLITAN DETROIT SECTION

### New Government Map Puts This Village Within Area of Michigan Metropolis.

Plymouth is included in the parts of the counties of Wayne, Oakland and Macomb covering an area of 749.16 square miles and having a total population conservatively estimated at 1,815,570 are comprising the metropolitan district of Detroit as mapped out in conferences between representatives of the communities included in the district and of the Detroit Board of Commerce and the Bureau of Government Research.

A report to this effect, together with a map showing the boundaries of the metropolitan district is to be submitted to the United States Census Bureau before the end of this month. It is to be used in connection with the 1927 industrial census now in preparation, according to Charles E. Boyd, assistant secretary of the Detroit Board of Commerce.

"In defining the metropolitan district of Detroit we are guided by two considerations," Mr. Boyd said. "The one was a definition laid down by a recent conference of representatives of chambers of commerce from 50 of the large cities of the country, stating that a metropolitan district is 'an area within which the conditions of manufacturing, trade, transportation, labor and living, in brief, the daily economic and social life, are predominantly influenced by the central city.'"

"The other consideration was a suggestion made by the United States Census Bureau stating that townships to be included in a metropolitan district should have no less density of population than from 100 to 150 a square mile, except in such cases where townships of a lesser population density are eligible to the metropolitan district because of their economic dependency upon the central city."

"For these reasons the townships of Canton, Van Buren, Romulus, Sumpter and Huron, all located in the southwestern part of Wayne county, were not included in the metropolitan district of Detroit, their density of population not coming up to the required standard. On the other hand, some of the townships whose population density is somewhat below the requirements were included nevertheless, because of their absolute dependency on Detroit with their drainage system, transportation facilities, manufacturing, trade, etc."

"Pontiac, in Oakland county; Ann Arbor and Ypsilanti, in Washtenaw county, and Monroe, in Monroe county, were not included in the metropolitan district, although their economic and social life are undoubtedly predominantly influenced by Detroit. Pontiac was not included because of a movement there to establish a metropolitan district of its own, with Pontiac as the central city."

"Ann Arbor, Ypsilanti and Monroe were left out because of the apparent reluctance of their public officials to furnish us the necessary data on which we could base our recommendations."

The Wayne county townships included in the metropolitan district, together with the areas and population, follow:

Brownstown, 34.78 sq. m., pop. 4,000; Monguagon, 3.20 sq. m., pop. 5,000; Ecorse, 8.49 sq. m., pop. 10,000; Taylor, 24 sq. m., pop. 2,500; Dearborn, 18.89 sq. m., pop. 5,200; Nankin, 25.38 sq.

m., pop. 10,000; Plymouth, 16.87 sq. m., pop. 5,000; Northville, 17 sq. m., pop. 4,000; Livonia, 36 sq. m., pop. 4,800, and Grosse Ile, 8.96 sq. m., pop. 1,200.

The townships, including cities and villages of Oakland county included in the metropolitan district, together with their areas and population, follow:

Farmington, 36 sq. m., pop. 2,200; Southfield, 36 sq. m., pop. 2,500; Royal Oak, 36 sq. m., pop. 67,000 plus; Bloomfield, partly, 30 sq. m., pop. 8,000, and Troy, 36 sq. m., pop. 3,300.

The townships, including cities and villages, of Macomb county included in the metropolitan district, together with their areas and population, follow:

Warren, 36 sq. m., pop. 7,400; Sterling, 36 sq. m., pop. 2,300; Clinton, 32.89 sq. m., pop. 20,500; Erin and Lake, 26.25 sq. m., pop. 17,400, and Harrison, 15.59 sq. m., pop. 2,000.

In addition to the general basic map showing the boundary lines of the metropolitan district of Detroit, another map is to be prepared for the Census Bureau in Washington comprising all the cities, towns and villages outside the metropolitan area which are influenced by Detroit, both economically and socially, to a very large degree, Mr. Boyd said. These maps have been drawn by Harrington Place, engineer of the Bureau of Government Research.

The principal cities and villages in Wayne county, together with their respective areas in square miles and their population, partly estimated, follow:

Detroit, 139.02 sq. m., pop. 1,334,500; Hamtramck, 2.09 sq. m., pop. 83,000; Highland Park, 2.89 sq. m., pop. 31,700; Grosse Pointe Villages, 10.29 sq. m., pop. 15,000; Lochmoor, 2.79 sq. m., pop. 2,000; Grafton township, 2.57 sq. m., pop. 45; Fordson, 8.70 sq. m., pop. 25,000; Dearborn, 10.33 sq. m., pop. 25,000; Inkster, 6.85 sq. m., and Garden City, 5.87 sq. m., both area and population included in township; Ecorse, 2.91 sq. m., pop. 15,000; Melvindale, 2.89 sq. m., pop. 3,000; Allen Park, 5.80 sq. m., both area and population included in township; Lincoln Park, 5.98 sq. m., pop. 15,000; Wyandotte, 5.15 sq. m., pop. 30,000; Riverview, 1.51 sq. m., and Sibley, one sq. m., both area and population included in township; Trenton, 6.78 sq. m., pop. 2,700; Flat Rock, one sq. m., Rockwood, eight sq. m.; Plymouth 1.63 sq. m., Northville, one sq. m., and Wayne, one sq. m., both area and population included in their respective townships.

### THE THEATRE

#### "SILVER VALLEY"

Tom Mix ascends to new heights in his current Fox picture, "Silver Valley," which comes to the Penniman Allen theatre Sunday and Monday, March 11 and 12. Here the great western star is introduced for the first time as an aviating cowpuncher, something new in fiction and on the screen. It is no exaggeration to say that Mix rises to another screen triumph.

Dorothy Dwan, the leading lady opposite Mix, also makes her debut as a flyer, and lends a particularly delightful atmosphere to the story, which was written by Harry Sinclair Drago, and directed by Ben Stoloff.

It is one of the most original ideas that has come to the films in a long time and if there is a slip in its presentation this reporter failed to catch it.

The story tells of a young ranch hand who wearied of the saddle and in search of a new thrill, took to the gentle sport of aviating. How he managed to drive a band of desperadoes from the range, rescue the lady of his heart and smash a perfectly good plane in the effort, combine to offer a new idea in thrills and a novel feat of story telling.

In the supporting cast are Philo McCullough, Jockey Hoell, Tom Kennedy, Lon Poff, Harry Dunkinson and Clarke Comstock. The photography is excellent and proof conclusive that the cameramen took their chances along with Mix and Miss Dwan in filming the air scenes.

Of all the pictures Tom Mix has made—some seventy-five of them for Fox alone—he never yet has struck the topic of the moment with better effect and at a time more psychological.

#### "JESSE JAMES"

As his first production under the Paramount banner, Fred Thomson, world famous cowboy star presents Jesse James' at the Penniman Allen theatre, Tuesday and Wednesday, March 13 and 14.

No ordinary picture is "Jesse James." It is an historical drama of the most interesting variety. In addition to the importance attached to it because of its historical value, "Jesse James" also has all the speed and action of a typical Fred Thomson picture and a fine love story enacted with consummate skill by Mr. Thomson and his leading woman, pretty Nora Lane.

"Jesse James" opens during the Civil War. The famous outlaw is introduced as a member of a hard riding Confederate cavalry outfit. While swimming in a creek, he, his brother and Bob Ford catch sight of a nineteenth century bathing beauty—Zerelda Mimms. Both Jesse and Bob are attracted by Zerelda. She, in spite of her coldness, becomes interested in Jesse.

Then, as the picture progresses, we follow Jesse through such thrilling incidents as when he enters General Grant's tent in disguise and Zerelda, a staunch Northerner, threatens to disclose his identity. Thereupon, he quickly disappears into a fireplace, emerges on the roof and suddenly reappears in a negro cabin, before beating bloodhounds across the river on Silver King, his marvelous grey horse. Then, there are battle scenes, done with such care and genius that they might well be paintings suddenly come to life. And, to make it complete, we have the intense rivalry between Bob Ford and Jesse for Zerelda's hand.

"Jesse James" is said to portray this hero of the South in the true light, not as a fierce bandit but as an unjustly outlawed Robin Hood. Jesse James Jr. aided Director Lloyd Ingraham and Supervisor A. L. Werker. Montagu Love, Mary Carr, James Pierce, Harry Woods and William Courtwright all help Mr. Thomson and Miss Lane in their efforts. Frank M. Clifton is credited with the screen play.

Just one more word of praise—for Silver King. If you think your dog is intelligent, watch Silver. His actions are almost uncanny.

#### "SHOOTIN' IRONS"

Whoever thought of making a Western star out of handsome Jack Luden deserves credit for an excellent idea.

Mr. Luden makes his stellar debut in the Paramount picture "Shootin' Irons," which appears on the Penniman Allen theatre's screen Saturday, March 17, and it may be said conservatively that he makes a favorable impression in this type of drama as

any other Western star, regardless of how long established.

Luden is fortunate in being introduced in a very good picture. "Shootin' Irons" is miles ahead of the average Western story, plot, settings, cast, direction and everything else.

For one thing, it is chock full of action, and certainly no Western fan will object to that. The difference between this and most Westerns is that the action is there rightfully. It fits into the story and continuity.

Luden is seen as a young frontiersman who immediately establishes himself as a hero by saving a very pretty girl and her father from death in a wild-horse stampede, which stampede, by the way, is as thrilling a bit of spectacle as we've ever seen.

The father is a fugitive from the law. Luden believes in his innocence and to delay the arrest holds up the stage coach carrying the accusing papers. He is betrayed by his villainous foreman and is himself hunted as a crook by a posse of his fellow townsmen. With the girl and her father he flees for the border and a running fight ensues between the posse and the pursued trio over winding mountain trails and on the brink of gorgeous canyons. These scenes are hair-raising.

Luden is also fortunate in having a strong supporting cast. The girl, Sally Blane, one of the youngest and prettiest of the screen's leading women, contributes an effective part to the picture, and the remainder of the cast, which includes Fred Kohler as the villain, Richard Carlyle as the father, and Loyal Underwood, Scott McGee and Arthur Millett are consistently good.

### Today's Reflections

What has become of the Plymouth girl who could boast that she was "sweet sixteen and had never been kissed?"

Learning to drive a car is even more dangerous than breaking in a colt used to be.

It's easy for a woman to fall in love with a poor man, but a lot of them find it hard to live with one.

We don't like to see any Plymouth man with his nose to the grindstone, yet it is better for him to have it there than in other people's business.

In a wet and dry referendum, on which side should the bootlegger be counted?

President Coolidge has bought a new pocket knife, so he really must be going to settle down and carve his initials on a dry goods box.

Any time you see a Plymouth bride who isn't homesick for her parents six weeks after her wedding it's a sign that she married the right man.

Maybe the reason some people don't practice what they preach is because if they did they'd have to work overtime.

It doesn't make so much difference what star a man is born under as long as he is able to keep on earth.

Why is it that when there's a street job under way every man in Plymouth seems to think it is his place to stand around and boss the job?

Never judge a woman's smile by her teeth. How do you know but they are both artificial?

There are still a few people around Plymouth who are not as much interested in the appearance of the first robin as they are in the appearance of the first fishing worm.

When a young man sows his wild oats mixed with a little rye he is pretty sure to raise a disturbance.

Among other problems that will never be solved is why some men would still dodge the tax collector if they owned the earth.

It is our guess that Plymouth now could be the finest town in the civilized world if every man who loses his temper was unable to find it again.

Stopping advertising to cut down expenses is like throwing the lifeboats overboard to make the ship lighter.

### NEW GOAL IS PLACED FOR PORK PRODUCERS

ENTRIES OPEN IN CONTEST TO DETERMINE CHAMPION IN COMMERCIAL MANAGEMENT METHODS.

It formerly was considered to be an exceptional feat when a litter of pigs were brought to a ton in weight at an age of six months. But a still higher goal has been set for pork producers in Michigan by the Pig Crop Contest started by Michigan State College.

The winner of this contest will be designated as Michigan's Champion commercial pork producer and suitable prizes will be awarded at the conclusion next fall.

The rules for the contest provide that the litters of four or more sows must be entered. The winner will be determined by the largest average weight of the litters, the number of hogs owned, and the management

methods used in caring for the swine herd.

The ton litter contest will be continued this year, but the animal husbandry specialists at the College believe that the pig crop will give the owners of large herds a better opportunity to demonstrate ability in growing pork on a quantity basis.

Entries for the new contest must be made before May 30, and the farrowing dates of the sows entered must fall within a 40-day period sometime between February 15 and May 15. County agricultural agents or the College animal husbandry department will furnish entry blanks and contest rules to any farmer who wants to enter the competition.

Impassioned youth (throwing himself to his knees): Light of my life! Light of my existence! Light of—  
The lady: "Aw, douse the glimmer kid, and while you're down there will you buckle my galoshes."

A woman's intuition is marvelous, sure enough, but just the same she burns the toast now and then.

## Dr. Frank Crane Says

### THE COMIC STRIP

A recent article on "The Compensatory Function of the Sunday 'Funny Paper,'" by Harvey C. Lehman and Paul A. Witty, is at hand.

It gives a very ingenious explanation for the popularity of the comic strip. It gives as a trait of character in almost every one the desire to "escape."

"In the world of 'actuality,'" it continues, "the child is obliged to conform to certain conventions, to treat other persons with a reasonable amount of decorum, to abide by the consequences of his acts when he defies natural law or human authority. In the 'funnies' he will defy every law and he will do so with impunity."

"Thus the child who looks at the Sunday 'funnies' is enabled to identify himself with the most intrepid adventurer or the most resolute law-defying citizen or the capturer of such a criminal. On the other hand, he may identify himself with the serial-motion-picture type of hero who wins out over apparently insuperable odds."

All of us are aware of constant limitations in our ordinary life. We are unable to thwart these restrictions, so we seek numerous and varied forms of gratification of our impulses.

Certainly the comic strip does not excel in showing actual life conditions nor in its artistic quality. It only suggests human characteristics in exaggerated form, but they are naively and crudely presented and so direct and unmistakable that even the most obtuse cannot fail to recognize them.

The pamphlet says that in the Sunday funny section the child often takes many risks which in real life he would not think of taking.

"In some cases he succeeds by resort to magic. At other times he is pictured as falling squarely upon the face or being severely burned with fire or scalding water. He falls at a great distance or he is closely pursued by dangerous wild animals. He knows no decorum. He puts his cigar ashes into an upturned silk hat, or into the goldfish bowl. He rests his feet on his neighbor's lap."

"He endures no suppression. He has complete freedom of self-expression."

This is at least an ingenious explanation of the popularity of the comic strip, as the value of any entertainment, theatrical or otherwise, is its escape value.

## GRADE TATTLE

### STARKWEATHER SCHOOL

Heloise Travis.  
The 1B pupils are feeling quite "grown-up" as they have begun to read in primers now instead of from a chart.

Both the kindergarten and 1B are studying and making decorations pertaining to spring, such as pussy willows, birds, bird houses and windmills, and, of course, the wind which is blowing spring to us.

Miss Stader's 2A pupils like to read, for they have finished "Workaday Down on the Farm," and are now reading "In Animal Land." These books sound interesting, don't they? Miss Stader also tells us that her pupils have shown a decided improvement in penmanship. The 2A also lost one of their comrades when Howard Lasselett moved to Chelsea.

Each child in Mrs. Wilcox's room has an opponent, and each one tries to beat his opponent in goal sportsmanship. This causes plenty of hard work, for the winner at the end of the week has a gold star put by his name on the "Good Sportsmanship" chart.

Mumps! Ugh! Aren't they awful! If you don't believe it just ask John Jones and William Laughlin, in Miss Balfour's 4th grade. Jack Williams is also out but he hasn't mumps.

Joan Cassidy, Dora Lockwood, Ruth Johnson, Helen Ribar, Billy Scudling and Wilbur Klenzle earned a free reading period last Thursday for room citizenship during February. This month we hope more will win.

Sickness has also visited the sixth grade, as Jeannette Loth, Fred Heizer, Edna Slater and Rosemary West are absent on account of illness, and they are missed by the rest of the class.

Mrs. Lee's pupils are very enthusiastic about the spell-down in preparation for the final match later sponsored by the Detroit News each year. Helen Ribar is the champion of the school so far.

A very lively contest is going on in the girls' physical training classes. They have organized themselves into two teams—the Red and the Blue. Miss Hadley and Mrs. Lee are the supervisors and so far the Blues are ahead by 4 points.

Mr. Page and Mrs. Moles are supervising the 5th and 6th grade boys in physical education.

Not many people can boast of attending school for six months and being neither absent nor tardy. Such is the record of Arnold Ash, in Mrs. Moles' room. He is also the first one to receive a hundred merit card.

At the P. T. A. February 28th there were 180 people present to hear J. Myron, of Belleville, speak. Lunch was served by the Edison people and a very interesting time was had by all.

## CENTRAL SCHOOL

Last week for language Miss Fenner's 6A pupils each wrote the school notes for that week. Miss Fenner then chose the best one to have printed and here it is:

"In Miss Fenner's 6A room we have been making a new border for March of yellow hares and green shamrocks. Sylvia Wink made a dental chart in the shape of a tooth and everybody in our room that has perfect teeth gets his or her name put on it. We have seventeen names on now. Margaret Buzzard, Delite Taylor and Ruth Mervin went to the final contest in music memory from our room. The spelling captains are Mary Konzeski and Charles Drawnour. The girls are now ahead in spelling."

Ruth McCConnell.  
Mrs. Holliday's 5A pupils are making Chinese booklets telling about the lives and customs of these eastern people. The 5B geography class is making maps of South America and putting on them the product of South America.

Girls are not the only ones who can win in spelling as some people think for Miss Hallahan has two boys, Harold Burley and Levi Sockow, who are ahead. Her pupils are also making maps of South America and, besides, covers for their book reports.

Sickness, sickness everywhere, even in Miss Weatherhead's room. This time it is whooping cough. Perley Deal and Josephine Manfre have this.

Monday afternoon the Central School P. T. A. met in the kindergarten room and Miss Hodges' 1A pupils gave a demonstration lesson in reading.

Her pupils must be very good because there are always so many on the honor roll. Last week there were: Belva Barnes, Phyllis Barrows, Virginia Pehler, Evelyn Bower, June Clark, Lillian Helms, Arthur Huston, Robert Kenyon, Elmer Kroeber, Celia Lewis, Barbara Maulton, Barbara Olsaver, Clara Northrop, Warren Ossenheimer, Joyce Shemmaker, Catherine Schrader, Lawrence Smith, Douglas Sockow, Arlene South, Junior Van Atta and Jean Woodworth.

Ferinand Freund, who has had scarlet fever, returned to school last Monday after a long absence from Miss Ferrand's room.

For hygiene something novel has been worked out; it is a child's restaurant. It sounds nice even if the food is imaginary.

Mrs. J. L. Johnson again visited school last week.

One section of Miss Farrand's pupils is studying the north central group of states, while the other is still studying the south central group in geography.

## REVIEW OF HIGH SCHOOL LIFE

The new section in the Mail comprising the events of the classes seems to meet quite favorably with its readers. Our staff is doing its best to make the new section interesting and at the same time keep in order all the happenings of school routine.

Something else is needed to finish the section and that is an appropriate etching for the heading. The art

class has been working industriously for the past week on this plan and has presented some very unique ideas. The sketches have been turned over to the student council, which will decide on the best. This will be in connection with the title, "The Pilgrim Prints."

When we think of the people in foreign countries they seem so far away that to ever know anyone there appears almost impossible. The French classes have found this to be untrue, because the art of establishing the friendships with foreign boys and girls. Two members of the classes have received answers from girls in France. The letters were extremely interesting and show that it is equally as difficult for them to write in English as it is for us to write in French. The letters were written half in each language. The girls are of a small boarding school in a village called Clamecy. Their different customs and habits and modes of living are very much opposite ours. These girls seem delighted to become acquainted with American boys and girls. The other members of the classes who have already written are anxiously awaiting their replies.

Many are working again this year for their penmanship credits. In order to receive these it is necessary for them to write a required amount of drills to the best of their ability. These finished drills are collected and sent to the Palmer Method company for inspection. The papers are graded and credits given according to their quality. The first shipment went out last Wednesday, February 29th.

All of the high school pupils and many outsiders look forward each year to the annual edition of the "Plymouth." The seniors of '28 promise that this year's annual will be finer by far than any of preceding years. This statement, of course, arouses interest to a greater extent than ever and everyone is filled with wonderment as to just what the year book will be like. The Plymouth sale will be put on very soon. It is understood that no deliveries are made until June, when the book is completed. The sale which will take place is only to obtain an estimate of the number desired and a deposit will be placed by each purchaser to assure him of obtaining his annual.

How soon time passes! It is not long since the school was closed for Christmas vacation and now comes spring vacation, bringing with it rest from study. This year's vacation will extend from March 13th until April 9th, when work will be resumed until the end of the year, in June.

This week Wednesday, March 7th, the fifth period will serve for two purposes.

The freshman class will present its program for the assembly of the seventh, eighth and ninth grades. The program is secret as yet and a full account of it will appear in next week's column.

The second purpose of the period will be for the holding of class meetings. A rule has been set up by the student council that each class shall be limited to two class meetings each month. This period has been selected as a very favorable time to hold these meetings. Each class is exceptionally busy at this time of year with its many activities, and quite an amount of business must be carried on in the presence of the entire class. The tenth, eleventh and twelfth grades will probably hold meetings at this time.

Miss Roe is back in school, looking as well as ever. She looks just as well as the day she left and no one would dream she had been out of school as long as three weeks. It is very hard to believe who has become well quicker. Miss Roe or Margaret Dunning. We think it is about a year.

The senior play, "You and I," is being played at the Mimes theater in Ann Arbor at the present time. All of the cast journeyed over to see the play last Wednesday evening, February 29th. A great many benefits were gained by the cast by attending the giving of this play and were able to understand more clearly by actual seeing than explaining. They are working as hard as possible, with Miss Johnson as director, and the play will prove to be another of the important successes of this year.

Again the auditorium will be filled with music and dancing this Friday evening, March 9th. The freshmen are sponsoring this dance and it is the first to be given by them this school year. Schaffer's orchestra will furnish the music and the admission price will be 25 cents. The class is working hard to make the dance a success and we hope that each class will have a goodly representation present.

A great many of the students have signed up as participants in the local oratorical contest to be held in the auditorium Tuesday evening, March 13th, at eight o'clock. The winners will receive dictionaries as awards from the Detroit News. The contest promises to be very interesting and it is hoped that the auditorium will be filled with those interested in the contest.

## PLYMOUTH TAKES PART IN MUSIC MEMORY CONTEST

If you might have been around the corridor last Friday at noon you would have noticed a number of students who seemed to be especially excited about something. After a few inquiries you would have discovered that our school at Plymouth was to take part in a music memory contest to be held in Detroit that day. These students were to uphold our honor.

Just a few days before Miss Schrader had been notified that the work which is usually put into two or three weeks was to be completed by Friday; so for the rest of the week those people who were taking part worked overtime in order that they might make a good showing.

They did. After the papers were collected and corrected it was found that Plymouth had won second place in the suburban school contest. Redford had carried away the honors of first place, while Trenton and Ecorse were third and fourth, respectively. Plymouth had something else to be proud of besides taking second, as Billy Kirkpatrick, an 8A student of Plymouth, was the only one in the

suburban school contest to write a perfect paper. Plymouth High school is honored to have such a student as this. Other people who took part are: Jean Strong, Roberta Chappel, Christine Nichol, Elizabeth Nichol, Doris Holloway, Helen Biery, Ruth Newman, Margaret Buzzard and Delight Taylor. All of these students are to be congratulated on the fine showing that they made.

## BAPTIST MINISTER SPEAKS TO HIGH SCHOOL STUDENTS

Each year it has been the custom of Plymouth High school to invite one of the ministers of the different churches to speak at an assembly. Last week Wednesday, in accordance with this custom, Rev. Donald Riley, of the Baptist church, spoke to the student body. As he has not been a resident in Plymouth very long, most of the students were not acquainted with him. This made it an especially interesting meeting, as it gave everyone a chance to meet him.

I must meet the work of Him that sent me while it is day; the night cometh when no man can work" was the text upon which Rev. Riley built his speech. He explained how God had created each one of us to fill some position, whether large or small, in the world. We may never find out what our job is, but if we don't we are not able to be contented. Our minds and our ideas are different from anyone else's in order that we may fill this position of ours and fill it better than anyone else could.

If we were working for an employer we would have to do the work he wished us to, whether we liked it or not. We are in the employ of God, and it is for us to do the work God wishes, whether we enjoy doing it or not. Each one of us can do something better than anyone else, even if we don't find it out until late in life. That is the thing which God wishes us to do.

Rev. Riley's speech was enjoyed by the students, who will like to have him come back some day. Our school is to be congratulated on the fine speakers it has had for its assemblies this year.

## OUR JUNIOR GIRL RESERVES

The Junior Girl Reserves are using a new plan in their programs which seems to be working very well. They have divided the club into two groups: athletic and handicraft. Whichever group of girls was interested in most she could join. It was seen that athletes drew the most girls, as visions of skating, coasting, hikes and other sports seemed far more inviting than of meetings held indoors. But reports have come in to the effect that the handicraft group held a delightful meeting at the home of Mary Haskell last Monday night, so we can only come to the conclusion that both groups are a decided success. On that same Monday night the athletic girls had a skating party at Phoenix, and then the following night the whole club went skating. Those girls certainly enjoy chilly evenings. We foresee where Plymouth will have some future skating champions if these parties continue.

## OUR SCHOOL BAND

Last year our school was very proud to have another organization added to it. It was a red letter day for the school when Mr. Dykhouse became one of the teachers and organized our first band. This has caused much comment from the townspeople. The Kiwanis club has become so interested that it bought uniforms for the students and has sponsored several entertainments by them. This year again Mr. Dykhouse is back and working with not just a first band but a second band also.

Thirty students have already indicated a wish that they might play in the second band. Twenty of these have bought their instruments, so rehearsals are being held once a week. The purpose of this band is to develop material to take the place of those who graduate in the first band. Two pipe and drum players have started in the second band, but they are soon expected to be moved to the ranks of first.

No training in music is necessary to start in this second band, as all the fundamentals are being taught first. It is a great opportunity for any student who has a leaning toward music. The first band has become a real part of our school life. Games, football games and pep meetings. It has claimed the interest of nearly everyone, and yet most of those students had received no training whatever until they took their places in the band. In their success we see another success not for them but for the second band, which is making the same start which they did.

## PUBLIC SPEAKING CLASS STUDIES DEBATING

Last week most of the teachers of Plymouth High School knew that the public speaking class was having its debates on local questions. So many of these debates were on high school topics that the teachers' opinions were the only authority which could be used. For instance, the question, "Plymouth High School should make public speaking a compulsory subject," caused not a little comment because every year more and more students are becoming interested in this subject, and it has seemed to benefit most of them. Another question which was discussed was "the honor assembly."

Last year this honor assembly plan was tried out in the library. Because of lack of room it had to be discontinued. In the debate it was brought out that the main reason that Plymouth has no honor assembly is lack of room. As for the plan itself, it has succeeded in other schools.

"Shall semester examinations be abolished," and "shall all students who have an A average be exempt from semester examinations," furnished the topics for two very interesting debates. A few years ago several schools did have a system by which A students did not take examinations. It was discovered that these students who did not take examinations in high school could not pass their college examinations. It was discovered also that these A students who did not go to college could not

pass different tests which were required of them before they could secure a position. These facts caused the University of Michigan to issue a statement to the high schools requiring them to have semester examinations especially for seniors. Semester examinations require good memory work and clear thinking, two essentials to the success of any student.

Only part of our course of study is elective. Some of the students believe that this is not fair because the person is not able to choose all of the subjects which he may wish. Two representatives of the class argued on this subject one period. Both sides do have good points as one may say that if the whole course was elective, too much responsibility would be placed on the student, while the other may use the point that students do not have the same kind of minds, therefore they should be allowed to choose the subjects which they consider will help them the most.

Possibly the most interesting debate of all was the one on which the Oxford debaters toured the United States to debate a year ago, "Resolved, that we should pity our grandchildren," being the question. Of course neither side had actual facts but had to base their arguments on the world of today. One of the debaters decided that he would have to pity his grandchildren because he could not see how they would get out of the path of automobiles if they went any faster than they do today. It might interest people to know that the negative side won, so we won't have to begin sympathizing with our grandchildren right away, at least.

Next week the class will begin its work on state questions with three men teams instead of one. By the work done on these local topics, some very interesting arguments are promised.

## PLYMOUTH FINISHES FOURTH IN LEAGUE RACE

The league standings of the six high schools that have played together, have put Plymouth in fourth place. Our league, with a good team that graduated this year as ours did last, took first place, while Dearborn and Rosevelt, of Ypsilanti, tied for second Northville skinned in third, leaving Plymouth fourth and Wayne fifth.

## EARLY PRACTICE

The Plymouth High School is beginning to be assured of a good baseball team this coming season, as many have been waiting their chance for tryouts. They are beginning to watch all papers for their home Detroit players, and follow the big club rules that are printed for this year. Each man going out for the team has the rest of his players all in mind.

## HOWELL VICTORY ENDS PLYMOUTH'S BASKETBALL SEASON

When Plymouth drew Howell in the district tournament, to play Thursday evening at nine o'clock, Plymouth knew that a hard game was due to send them on strong or stop them short. Howell soon cut them short, and all the Plymouth players could do was to fight a strong game to the end, making only 13 points while Howell easily made 36.

Plymouth did not seem to have the fighting spirit that Howell won with, but they put up a hard game with all spirit available. The captain, Arthur

Sweet, of Howell's team was a sure-fire, flying player that Plymouth had to confront or rather to find him as he was always out of sight; then he would get the ball and make a basket.

At one time in the game, Beagle got the ball up center at the sideline, and there being no good passes to make, he shot, making two of the score. Plymouth's last line-up: Knapp, F. 3 points; Crumlin, F. 6 points.

When Howell's guard threw a long pass to its forward and he was waiting for it to come down, Hondorp went up and met it, then took it for a basket, but missed.

Howell's score grew bigger in the last part of the game when C. Foster got some rust in his eye, so that he could not see to play, letting Howell win with a bad score of 36 to 13.

Foster, C.	4 points
Beagle, G.	11 points
Hondorp, F.	11 points
Cadwell, C.	6 points
Brady, G.	6 points
Partridge, G.	6 points
Atkinson, G.	6 points
Howell:	
Terhune, F.	6 points
Sweet, F.	11 points
Wilbe, C.	6 points
Brazan, G.	11 points
Roberts, G.	2 points

## NEWBURG

Rev. Johnson preached a good sermon Sunday, from the subject "Lumps that Fall."

The Queen Esther Circle met last Friday evening, at the home of Miss Joy McNabb.

The Epworth League play will be given at the hall on Wednesday and Thursday evenings, March 14 and 15, at 7:30 o'clock. The name of the play is "Dearies," and the cast of characters is as follows:

Mrs. Main—Marian Taylor  
Mrs. Longthorne—Margaret Bassett  
Kate—Alice Gilbert  
Barbara—Viola Luttermoser  
Lena—Joy McNabb  
Mrs. Chase—Mrs. E. J. Cutler  
Dixiana—?  
Mammy—?  
Price—35c for adults, and 25c for children.

Mr. and Mrs. Melvin Gutherie attended the dedication of the Jefferson Ave. Baptist church in Detroit, Sunday afternoon.

Miss Joy McNabb and Miss Alice Gilbert attended the Girl Reserve Conference at St. Joseph Episcopal church in Detroit, recently.

Mr. and Mrs. Wm. Gardner and son, Laurence, of Redford, spent Sunday at the home of Mr. and Mrs. Harry Gilbert.

Mrs. Joy Bennett, who has been staying with her folks at Salem, has returned home.

L. C. Thomas and family spent Sunday with his parents, Mr. and Mrs. Jesse Thomas.

A baby daughter was born to Mr. and Mrs. George Lee last week. Mrs. Lee will be remembered as Miss Bernita Funk.

Mrs. Bertha Joy and daughter, Lydia, and Mrs. James McNabb and mother, Mrs. Joy, and daughter, Joy, attended a party at Brightmoor, Saturday afternoon.

The men drew more gravel for the church basement, Tuesday afternoon.

Mrs. C. E. Ryder spent Thursday afternoon with Mrs. Mark Joy, and Saturday afternoon she called on Mrs. C. Mackinder.

Mr. and Mrs. James Norris and son, Walter, and Mr. and Mrs. Edwin Norris and children spent Sunday with Mr. and Mrs. C. Mackinder.

Mr. and Mrs. Ira Carney entertained company from Toledo, over the week-end.

Mr. and Mrs. Elden Geney entertained a company of friends on Saturday evening, the occasion being Mr. Geney's birthday.

Leigh Ryder returned home from Oscoda, on Monday, having spent several days there, visiting Arthur LeVan and family.

Mrs. Vina Joy spent Tuesday with her sister, Mrs. Weed, in Plymouth.

Mr. and Mrs. Alton Richardson and Carl, of Detroit, spent Sunday at the McNabb home.

Melvin Gutherie and Clyde Smith attended a Masonic banquet in Detroit, Monday evening.

One of these days people will stop talking about the white collar job and refer to it more appropriately as the two-pants suit position.

## JUST LIKE FRESH FRUITS!

If you would make every meal a festive occasion let Partridge supply the food. For groceries that are consistently good as to quality and price ours are above par. Our groceries are always fresh, too, and our stock large enough to take care of your needs at all times.

If you wish to phone your order, we will give it the same careful attention you would wish were you shopping personally. Let us serve you as efficiently as we are serving hundreds of other families.

## This Week

By Arthur Brisbane

**NEEDLESS SPEED.**  
**THE RADIO INDUSTRY.**  
**IMMIGRANTS BUILD NATIONS.**  
**A DEMOCRATIC PRINCE.**

Frank Lockhart, whom Barney Oldfield calls "the greatest automobile driver in history," drove his car 225 miles an hour on a Florida beach yesterday, lost control and shot out into the ocean.

Such speed in automobiles is valueless, because it cannot be used. Trying for it is as unwise as some "stunts" that fliers do, emphasizing the danger of flying, instead of emphasizing its safety, as they should.

It is to be hoped that Colonel Lindbergh, the most important young man to his country, will realize the danger and folly of unnecessary risk.

A serious accident to Lindbergh would set flying back ten years in America. That is not what he wants.

The Argentine Republic wanted to rewrite the United States tariff to compete with American farmers. But the Argentine didn't have Balfour as representative, so this country said, "We can handle little republics. Britain is too much for us."

Last year, this country spent \$600,000,000 for radio products, machines and parts. Nineteen twenty-eight will see the first radio presidential campaign. The world changes swiftly, adapting itself readily to new methods. Radio employs 300,000 people, and broadcasting reaches 90,000,000.

An athlete, breaker of records, with big lungs and chest expansion, was amazed when the life insurance doctor told him "you are a bad risk. We can't take you."

Next to no exercise, the dangerous thing is over-exercise. You can develop muscles almost without limit. But you have only one heart, and it will stand only so much.

Promoters of South American investments inform you that the population of Rio de Janeiro has increased nearly a million in eight years. Buenos Aires more than a million in fourteen years. Agricultural population has increased enormously in South America.

All that is due to our immigration laws which keep out of the United States the white European populations that we need, the men and women that made this country what it is.

Starring out such immigration, we build up other nations.

The former Kaiser, who must have done some hard thinking in the last few years, tells Sylvester Viereck, "today the center of gravity which determines world power has shifted to the United States. America is master of the world."

America probably COULD be master of the world. But to desire that mastery would be foolish. To be masters of ourselves, mind our business, develop this country and increase the well-being of the average man, is a big enough task.

The Prince of Wales shakes hands, by mistake, with a waiter, best dressed man, probably, at a business men's dinner.

"But, Sir, I'm only a waiter."  
"I don't see that that makes any difference," says the Prince shaking hands over again.

The tyrant was annoyed when Solon told him there could be good government "only when kings become philosophers, or philosophers become kings." The young Prince leaves philosophy to professors. But he knows that royalties achieve permanency by becoming democratic.

The conference at Havana is over. And, as Mr. Rogers says, Uncle Sam is to be congratulated on going into a conference without losing anything; no battleships scrapped to oblige nations that couldn't afford to compete; no silly promise not to fortify Guam, or do anything without the consent of Britain, France or Japan.

"Whither away, stranger? What wouldst?" chattered St. Peter, as he leaned over the pearly gates.

"Gosh, let me in," muttered the wandering soul of convict No. 999 just released. "I just had the shock of my life."

### WARNING TO MOTORISTS.

Motorists are again becoming lax about observing the stop lights and stop signs in the village, especially so at Church and North Harvey streets. I again warn you that if these signals and signs are not observed offenders need not be surprised when they are ordered to appear in court and are fined in accordance with the law. The police department has orders to see that these signals lights and stop signs are observed, so watch your step from now on.

GEORGE W. SPRINGER,  
Chief of Police.

## AROUND ABOUT US

The Raycroft Industries at Howell, will receive 5,000 Chinchilla rabbits from England, within the next few weeks.

The Pure Oil Co. of Cleveland, has taken a lease on 240 acres near Milford, and will prospect for oil. Old timers in Milford recall that there was an oil flurry in that vicinity sixty years ago or more.

Preliminary steps have been taken by a number of Ann Arbor industrial leaders toward the organization of an Industrial Board of Commerce for the primary purpose of encouraging more industries to locate there. Several meetings have been held and another is planned for the near future at which the organization will be perfected.

Harry German, Sr., has again demonstrated the fact that he is winner in most any kind of athletics. In a series of bowling contests played with William Strelich of Plymouth, he won by 44 pins, and brought home to Northville a nice little pile of Plymouth cash. The series was played in Plymouth and Northville, the games being alternated between the two places. In the last seven games, Mr. German averaged over 200 pins to a game.—Northville Record.

For some time past, chickens have been disappearing from the Howard farm north of Grand River, near the Harry Cusic farm. A large owl that frequently visited the place was suspected and a trap was set for him. Last week Wednesday night Noah Howard was successful in catching the bird in the trap while it was attempting to carry away a chicken twice its weight. The owl weighed nearly three pounds and measured thirty-five inches from tip to tip. It is confined in a cage at the farm.—South Lyon Herald.

A modern club house is to be erected on the property of the Four Lakes Golf and Country Club at Rushton, near the village of South Lyon. The plans call for two large lounging rooms on the first floor, graced by large fire places, opening onto wide terraces across the front and connecting in the rear with a spacious combination dining and ball room 40x70 feet in size, allowing over 100 persons to be served at one time, besides leaving ample room for dancing. It is planned to have the club house completed by June 15th.

### GRAHAMS START WAYNE PLANT; GET ANOTHER AT EVANSVILLE

Announcement by the Graham-Paige Motors Corporation that its new body plant at Wayne, near Detroit, which began production February 6, has already attained a daily production of 150 bodies, marks the successful completion of an engineering project that has been watched with interest throughout the automobile industry.

Since the building at Wayne was acquired, the plant has been completely equipped with machinery, conveyors, and finishing equipment, especially set up for the type and body design of the new Graham-Paige. More than \$500,000 was expended on equipping the plant for production, not including the cost of a second story added to the front of the building for offices and for the trim and upholstery departments.

The first bodies were turned out February 4; by February 23 the daily output was 150, and it will soon reach 200.

Another new body plant, it has been announced, has been acquired by Graham-Paige. Through a subsidiary company, Motors Bodies, Inc., it has leased the factory at Evansville, Ind., formerly used for the manufacture of truck bodies for the Graham brothers and is fitting it up for the manufacture of bodies for the 110 1/2-inch wheelbase Graham-Paige. This will supplement the work of the Wayne plant, which makes sedan bodies exclusively for the same model car.

The new Evansville plant, with a building 400 by 100 feet, will be re-fitted and will begin operations in several weeks with a daily capacity of 25 to 30 bodies. It will give employment to 150 workers at the start.

It is planned to develop the Evansville plant for ultimate use in building custom bodies for the larger models of Graham-Paige.

Evansville was the site of the three Graham brothers' first manufacturing enterprise, and later of their truck factory. The new body plant marks their return as passenger car manufacturers in the town in which they scored their outstanding success in the commercial truck field.

These two Graham-Paige plants are to be devoted to bodies for the 610 model Graham-Paige. Standard bodies for the 110 and 120 inch wheelbase models are produced by the Briggs Manufacturing Company, while custom and special bodies come from the Le Baron-Detroit Company.

Now that Lindbergh has brought good-will into our foreign relations, some one should persuade him to visit Congress.

A curator of a certain zoological gardens was on holiday. He received a note from his assistant: "The chimpanzee is sick. He appears to pine for a companion. We don't know what to do pending your return."

# World's Greatest Tire VALUES

## Firestone GUM-DIPPED TIRES

Built of cords dipped in rubber solution, giving extra strength and stamina for maximum mileage. Famous the world over for the safety and comfort of its scientifically designed tread. The finest product of the world's greatest organization devoted exclusively to tires.

31x5.25/21  
Balloon

\$19.55

All other sizes priced proportionately low.

### OLDFIELD

Lowest Priced Standard Tire

A rugged, full-size tire built and warranted by Firestone. Made with scientific tread design and reinforced carcass, according to Firestone principles of long mileage. Sidewalls specially protected from rut and curb wear.

30x4.75/21

Balloon \$11.50

Other sizes priced proportionately low.

### COURIER

Popular Priced Firestone Built Tire

A Firestone-built tire, backed by the standard tire manufacturers' warranty. Tough, anti-skid tread, with protecting ribs extending over shoulders to sidewalls. Developed by Firestone engineers, who have given this extremely low-priced tire many of Firestone's special mileage advantages.

29x4.40/21

Balloon \$7.10

30x3 1/2

Cord \$5.95

### AIRWAY

A Good Tire at a Very Low Cost

A well-designed tire for the light cars. Has safety tread of attractive pattern, molded of dense black rubber. Firestone-built means extra value, due to economical big production in the modern Firestone factories. The tire for motorists seeking a good tire at a very low price.

29x4.40/21

Balloon \$6.05

30x3 1/2

Cord \$4.65

HERE is the best selection of tires and low prices ever offered to the car owners in this vicinity. A complete line—four big values—a tire for every purse and every motoring need—all developed and built by Firestone, in the world's most economical tire factories. This is Firestone's answer to the demand for lower motoring costs. Here you get the full benefit of Firestone quality manufacturing methods

at a great saving—made possible by tremendous production, in modern factories—by direct purchase of raw materials through a buying organization that eliminates middlemen's profits—and by direct distribution to dealers through Firestone factory warehouses. Come in and get your size today. Equip with new tires for winter—when the fall non-skid safety will protect you the most.

## Better Grade MILK

## Means Better Health!

There is more health and strength—for people of all ages—in a quart of our rich, pure milk than in any other daily food.

Milk is a natural food—and no substitute has ever been found.

Rich, creamy, delicious milk—drink it when you are thirsty—drink it with your meals—for it is the very foundation of health.

It is especially important in children's diet. Give them all they will drink. Delivered to your door daily—from a modern, sanitary dairy.

WHAT THEY GOT IN TODAY MRS. BROWN?

Starting today, March 9th, there will appear in this newspaper a series of automobile comics known as "Miles of Smiles." This feature, which was created by a well known cartoonist and humorist, is brought to you through the courtesy of H. A. Sage & Son, who believe that there is nothing like getting a man in a good humor when you are looking for his trade.

It is their hope that you will get as much pleasure from reading these comics as you will get from using their service.

**RAM LAMBS UNWANTED  
ON TERMINAL MARKET**

**BUYERS SLASH PRICES WHEN  
LAMB SHIPMENTS SHOW POOR  
FLOCK MANAGEMENT.**

One Michigan farmer lost \$42.70 that could have been saved by an extra hour of work in his flock of lambs, according to figures furnished to Michigan State College specialists by the manager of the Gladwin Farmer's Co-operative Livestock Shipping Association.

This farmer shipped 24 lambs of which five sold at the top price of \$13.50 a hundred weight on the terminal market, and 19 sold as rams at \$10.00 a hundred. V. A. Freeman, animal husbandry specialist, Michigan State College, says that proper flock management when the lambs were 10 days old would have resulted in a top price for the entire shipment.

On a carload of lambs shipped from Gladwin, 33 out of 214 lambs sold as rams for \$3.50 a hundred weight less than the price received for the rest of the carload. The lambs selling at the lower price averaged 79 pounds in weight, which is the ideal market weight.

Consumers of mutton pay high prices for cuts from the loins and hind quarters of the lamb carcass, but the remainder of the meat sells much cheaper. Ram lambs develop heavy forequarters and necks, which go into the low priced cuts. Buyers penalize the farmer who ships this class of lambs to market.

Some ram lambs do not develop the heavy forequarters before being sold and these bring a top price. Discrimination in price against other lambs that have become masculine in appearance sometimes leads farmers to accuse buyers of unfair practices.

**TRUNK LINES  
ARE LIGHTED**

**MANY STATE HIGHWAYS ARE  
BEING LIGHTED FOR SAFETY'S  
SAKE IN MICHIGAN.**

Michigan trunk line highways, which in a decade or so have advanced from gravel to pavement, are rapidly becoming electric lighted paths, as safe for travel at midnight as at noon. Figures compiled by the Michigan Committee on Public Utility Information of Ann Arbor show that with recent additions the lighted rural highways now stretch a total of more than 75 miles. The mileage is growing with increasing speed.

The bulk of the present rural highway lighting is concentrated in the Detroit area—Wayne, Macomb and Oakland counties—but there are stretches scattered throughout the

state. One of the latest installations runs south from Grand Rapids on US-131 a distance of two and one-half miles. The Consumers' Power company supplies the lights, using 23 lamps of 300-watt capacity each to the mile.

Main highways radiating from Detroit are illuminated many miles out. The Detroit Edison company is lighting approximately 343 miles of rural roads in its territory. In most cases the bills are paid by the townships through which the roads pass. Two hundred miles of the 343 are illuminated by 600 candle power lamps, spaced approximately 16 to the mile, while 117 miles are lighted by 250 candle power lamps. The monthly charge per mile for the 600 candle power lamp installation is \$64, while that of the 250 candle power installation is \$48 per mile. Twenty miles are equipped with 100 candle power lamps, but this size is not recommended for highway lighting.

**GARDEN CITY**

Mr. and Mrs. Arnold Folker entertained at a six o'clock dinner, Sunday. The blue prints are being drawn up for a new Presbyterian church to be built across the street from the school house, on Middle Belt road. Work will be started as soon as possible.

Betty Helen Comterman has been absent from school the past week on account of the measles.

Lawrence Hanchett has been absent from school the past week, with a bad cold.

Mr. and Mrs. Emery Hix and sons, Bobbie and Emery, Jr., and Mr. and Mrs. George Hix and baby spent Sunday with their grandmother, Mrs. Charles Parrish, at East Plymouth.

Hugh Hanchett, who has been in Phoenix, Arizona, for the past twenty months for his health, is expected home some time in June.

Mrs. Earl Gridley called on Mrs. Emery Hix, Monday afternoon.

Mrs. Arnold Folker and Master Bruce, were Detroit visitors, Tuesday.

Mrs. Arthur Hanchett was the guest of Mrs. Fred Reiman, in Plymouth, Wednesday of last week.

Mr. and Mrs. Gildman and daughter spent Saturday evening with Mr. and Mrs. Jesse Comterman.

Several from here attended the Helping Hand Society meeting at the home of Mrs. Walter Schiffe at East Plymouth, Wednesday.

**Picked Up About Town**

Dad Plymouth says many a man who thinks he is making a bit leenus a little later on that he doesn't count for any more than a foul ball.

We have also noticed that people who have never learned to forgive are never quite as happy as those who have.

"The shine on the seat of father's trousers is more noticeable than the shine on mother's nose," says Dad Plymouth, "but that's because no one ever thought to make a powder puff for father's trousers."

Why is it some people think that marrying money makes them better than other members of their family?

Dad Plymouth asserts that love can endure a lot of things, but that it soon turns up its toes to the daisies when it has to live on canned beans and canned salmon every day.

"Who can remember," asks Dad Plymouth, "the time when a man felt that if he had a wife he didn't have to depend on the restaurants for a square meal or the laundries for a clean shirt?"

When a man marries to get a cook the woman usually is marrying to get out of cooking.

Dad Plymouth says a man thinks there is nothing worse than getting the wrong telephone number and a woman thinks the worst thing on earth is getting the wrong man.

**The NEUROCALOMETER**  
LOCATES NERVE PRESSURE

**CHIROPRACTIC ADJUSTMENTS**  
RELIEVE NERVE PRESSURE

**Theoretically Man Need Not Die**

When scientists can take cells from animals and keep them alive indefinitely, multiplying, functioning and unchanged, it would seem that if man knew the secret of everlasting life he could avoid death.

Within reasonable limits anyone can add five, ten or even twenty years to his life. One way to lengthen life is to avoid sickness.

Some people seem to be able to acquire sickness on the least provocation, but everyone, nevertheless, should take precautions.

People desiring the modern method of retaining that prize known as health take adjustments. Chiropractic can keep you well and it is the modern way to get well. Take adjustments.

7:30 p. m.—"Friendship with Christ"

11:30 a. m.—Sunday School

6:30 p. m.—Young People

## PRESBYTERIAN NOTES

The Woman's Auxiliary will hold the annual meeting of the organization on Monday, March 12th, at 4:00 p. m. o'clock. Reports for the year will be submitted, and the election of officers for the next year will take place. After the meeting the women will prepare for the congregational pot-luck supper, to be held at 6:30 p. m. In this preparation they expect to be joined by many other women who may not be able to come to the afternoon meeting.

The congregation is urged to share in the pot-luck supper at 6:30 o'clock, Monday evening. When the supper has been fully enjoyed, the annual business meeting of the congregation will be held. Reports from all treasurers in connection with the congregation or any of its societies should be presented, and the whole work of the church reviewed. Officers will be elected for the ensuing year, and plans for the future discussed.

## CATHOLIC NOTES

Services during Lent are held each Wednesday and Friday night at eight o'clock. Thus far the attendance has been very good, and it is hoped that all will preserve until Easter.

A new set of stations, the Way of the Cross, have been erected in the church, and they surely are a wonderful addition to the church and a pride to the parish. The self denial beads now ought to receive much attention, and those not having one can procure the same from the pastor.

The Nethem young people's club will meet next Monday night, in the auditorium.

The boys and people interested in the ball team, will hold a special meeting in the auditorium next Thursday night, in order to discuss baseball for the coming year. The team will be under the management of Thomas Levandowski of Newburg.

The seventh annual St. Patrick's dance will be given by the parish next week Saturday night, in the auditorium, March 17th, and a cordial invitation is extended to all. A good time is always assured. The committees in charge are as follows: Music, Mesdames J. Rousseau, W. Rutherford, Miss F. McClellan, Wm. Stremich and J. Wobn; posters and tickets—Matt Yuchasz, Wm. Lorenz and L. Zielosko; refreshments—Mesdames H. Minthorn, Ewing, Fish, Condo, Wilske, Rheiner, Miss A. Koss; tickets—J. Rousseau, J. Koss, C. Stitt; decorating—Wm. Schlaf, E. Klinski, John Schomberger, R. Levandowski, Wm. Prystup, S. McClellan, M. Yuchasz, E. Ernst; favors—Mesdames J. Rousseau, Polley, Miss L. Corbett.

Next Sunday the men of the parish will receive Holy Communion.

Word has been received that Mr. and Mrs. P. Miller will return from Florida next week.

Mr. and Mrs. J. VanBonn have taken a two weeks' trip to Texas.

Word has been received that the Polish Felician Sisters will begin their building program on the Five Mile and LeVan roads soon. Blue prints are in the architect's office.

The side altars for the church will soon be completed and placed. They are made to conform with the main altar.

Do not forget the St. Patrick's dance March 17th, in the auditorium.

Congratulations are extended to Mr. and Mrs. H. Pritzlaff on the birth of a baby boy; also to Mr. and Mrs. E. Mulry and Mr. and Mrs. F. Nowatarski on the arrival of a new comer.

Mrs. Hy Lehman is still confined to her room, and under the doctor's care, but is now showing signs of improvement.

## METHODIST NOTES

"Fod God so loved the world, that He gave His only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life."

You are again invited to take advantage of church training night, Wednesday, at 6:15, cooperative supper: 7:00 o'clock, the various classes. Come, join our happy throng; get into the spirit of Lent, and be ready for the glorious Easter time.

Those who were not present last Sunday night missed a great treat. Eighteen of our junior choir were there, and it did one good to hear their sweet young voices singing hymns of praise.

An unusually pleasant time is anticipated at our regular missionary meeting next Wednesday, March 14. Our "birthday" secretary, Mrs. Marie Whitney, has invited us to her home, 1251 West Ann Arbor street, where we are to have our first "jubilee" birthday party. The committee in charge is preparing a fine program, and a finer luncheon to be served at 12:30 o'clock. This will not be a cooperative luncheon, but one for which a small charge is made. All members are urged to come and bring their birthday coin card.

Mrs. Hillman's Circle of the L. A. S. has contracted with the John B. Rogers Producing Company, to put on one of their latest and best musical comedies here in the near future. The title of which is "All Aboard." New York put the stamp of approval on "All Aboard," a short time ago, when it enjoyed an extended run on Broadway. Rehearsals will begin soon, under the personal direction of one of their expert leaders. (Continued next week.)

## Election Notice

The Annual Village Election will be held at the Village Hall in the Village of Plymouth on Monday, March 12th, 1928. The polls of said election will be open from eight o'clock in the morning until six o'clock in the afternoon for the purpose of electing two Commissioners for the term of two years and one for the short term of one year. Said election is also for the purpose of submitting the following amendments to the Village Charter of the Village of Plymouth to the electors of said village:

The following resolution was offered by Commissioner Hondorp, who moved its adoption, seconded by Commissioner Learned:

RESOLVED, That the following proposed amendments to the Charter of the Village of Plymouth, Michigan, be submitted at the annual election, March 12, 1928.

BE IT FURTHER RESOLVED, That these amendments be published in the Plymouth Mail and remain on the table for 30 days before action, in compliance with Section 11, Chapter 15, of the Village Charter.

To change Section 5, Chapter 9, which reads: Special assessments to defray the estimated cost of any improvement (shall) be levied before making the improvement by substituting the word (MAY) for (SHALL) so this section will read as follows:

Special Assessments, to defray the estimated cost of any improvement, MAY be levied before the making of the improvement. When the work is done by the Village the spreading of the assessment may be deferred until the completion of the work.

Shall Section 5, Chapter 9 of the Village Charter be amended by substituting the word MAY for SHALL?

YES ( )  
NO ( )

To change Section 10, Chapter 9, which reads: Upon the confirmation of any special assessment the amount thereof may be divided into not more than (FIVE) installments, one of which shall be collected each year, at such times as the Commission shall determine, by substituting the word (TEN) for (FIVE), so that this section will read as follows: Upon the confirmation of any special assessment the amount thereof may be divided into not more than TEN installments, one of which shall be collected each year, at such times as the Commission shall determine, with annual interest at a rate not exceeding six per cent per annum, but the whole assessment after confirmation may be paid to the Village Treasurer at any time in full, with the proportionate interest thereon. The number of installments shall be such that no installment against any parcel of land shall exceed five per cent of the value of such parcel as shown by the Village assessment roll confirmed next preceding the levying of such assessment.

Shall Section 10, Chapter 9, of the Village Charter be amended by substituting the word TEN for FIVE?

YES ( )  
NO ( )

To change Section 10, Chapter 9, which reads: Upon the confirmation of any special assessment the amount thereof may be divided into not more than five installments, one of which shall be collected each year, at such times as the Commission shall determine, with the annual interest at a rate not exceeding six per cent per annum, by substituting the clause, WITH ANNUAL INTEREST AT SAME RATE AS PAID ON THE BONDS, AND NOT TO EXCEED SIX PER CENT, so that this section will read as follows:

Upon the confirmation of any special assessment, the amount thereof may be divided into not more than TEN installments, one of which shall

be collected each year, at such times as the Commission shall determine, WITH ANNUAL INTEREST AT THE SAME RATE AS PAID ON THE BONDS, AND NOT TO EXCEED SIX PER CENT PER ANNUM, but the whole assessment after confirmation may be paid to the Village Treasurer at any time in full, with the proportionate interest thereon. The number of installments shall be such that no installment against any parcel of land shall exceed five per cent of the value of such parcel as shown by the Village assessment roll confirmed next preceding the levying of such assessment.

Shall Section 10, Chapter 9, be amended by substituting the following clause: WITH ANNUAL INTEREST AT THE SAME RATE AS PAID BY THE VILLAGE ON THE BONDS, AND NOT TO EXCEED SIX PER CENT?

YES ( )  
NO ( )

To change Section 34, Chapter 10, which reads: The Commission is authorized to issue bonds to the amount of any special assessment, or to the amount of the aggregate of all the installments of a special assessment in anticipation of the collection thereof. Such bonds shall draw interest not exceeding six per cent per annum as the Commission may determine, and shall be payable out of the special assessment district fund when the assessment is collected.

Adding the following clause: (IN CASE THE AMOUNT COLLECTED ON SUCH SPECIAL ASSESSMENT SHALL BE INSUFFICIENT TO PAY PRINCIPAL AND INTEREST OF SUCH BONDS AS THEY FALL DUE THE VILLAGE SHALL ADVANCE THE NECESSARY AMOUNT FROM THE GENERAL FUND, REIMBURSING ITSELF OUT OF THE SPECIAL ASSESSMENT WHEN COLLECTED.) Such bonds shall be payable in two years, or less as the Commission shall determine, from the time limited for the collection of special assessment by the Village Treasurer. If the assessment is divided into installments, the bonds shall be apportioned against the amounts of the several installments as the Commission may determine, and shall severally be payable in two years or less from the time for the collection of the several installments by the Village Treasurer. The assessment when collected shall be set apart into a separate fund for the payment of such bonds. Contractors for the construction of street pavements and sewers may be required to take their pay in said bonds. Said bonds in no event shall be sold, or otherwise disposed of, at less than their par value.

Shall Section 34, Chapter 10, be amended by inserting the following clause: (IN CASE THE AMOUNT COLLECTED ON SUCH SPECIAL ASSESSMENT SHALL BE INSUFFICIENT TO PAY PRINCIPAL AND INTEREST OF SUCH BONDS AS THEY FALL DUE THE VILLAGE SHALL ADVANCE THE NECESSARY AMOUNT FROM THE GENERAL FUND, REIMBURSING ITSELF OUT OF THE SPECIAL ASSESSMENT WHEN COLLECTED.)

YES ( )  
NO ( )

Shall Section 34, Chapter 10, be amended by substituting the word TEN for FIVE?

YES ( )  
NO ( )

To change Section 10, Chapter 9, which reads: Upon the confirmation of any special assessment the amount thereof may be divided into not more than five installments, one of which shall be collected each year, at such times as the Commission shall determine, with the annual interest at a rate not exceeding six per cent per annum, by substituting the clause, WITH ANNUAL INTEREST AT SAME RATE AS PAID ON THE BONDS, AND NOT TO EXCEED SIX PER CENT, so that this section will read as follows:

Upon the confirmation of any special assessment, the amount thereof may be divided into not more than TEN installments, one of which shall

be collected each year, at such times as the Commission shall determine, WITH ANNUAL INTEREST AT SAME RATE AS PAID ON THE BONDS, AND NOT TO EXCEED SIX PER CENT, so that this section will read as follows:

Upon the confirmation of any special assessment, the amount thereof may be divided into not more than TEN installments, one of which shall

be collected each year, at such times as the Commission shall determine, with the annual interest at a rate not exceeding six per cent per annum, by substituting the clause, WITH ANNUAL INTEREST AT SAME RATE AS PAID ON THE BONDS, AND NOT TO EXCEED SIX PER CENT, so that this section will read as follows:

Upon the confirmation of any special assessment, the amount thereof may be divided into not more than TEN installments, one of which shall

be collected each year, at such times as the Commission shall determine, WITH ANNUAL INTEREST AT SAME RATE AS PAID ON THE BONDS, AND NOT TO EXCEED SIX PER CENT, so that this section will read as follows:

Upon the confirmation of any special assessment, the amount thereof may be divided into not more than TEN installments, one of which shall
