

WOMAN'S CLUB CELEBRATES THIRTY-FIFTH ANNIVERSARY

One Hundred and Ten Members and Guests Gather to Commemorate Occasion at Crystal Dining Room of Hotel Mayflower.

One of the satisfying social affairs of the year was the club's 35th anniversary party held in the crystal room of the Hotel Mayflower, on Friday, March 9th. At 1:30 o'clock, 110 members and guests were served a very fine luncheon. On each table was a vase containing green carnations, in keeping with the sentiment of March 17th, which later were arranged in bouquets and presented to the participants on the program.

Mrs. R. E. Cooper presided during a short business meeting. By a majority vote, it was decided to have a luncheon once each month in the crystal room of the hotel. Mrs. Cooper gave a brief reminiscence of the origin of Plymouth Woman's Club, and introduced the first club president, Mrs. G. H. Wallace, whom the ladies gave a very hearty welcome.

The first little seedling of Plymouth's club was born in the heart of Mrs. C. Valentine, who, upon visiting the Woman's Club of Grand Rapids, became so enthusiastic she returned home to Plymouth and after inviting a number of ladies together and sharing her idea, the Plymouth Woman's Club was born March 4, 1893, and under the supervision of its fine successive group of presidents, officers and interests of its members, has blossomed into the excellent sturdy plant of today, one that spreads culture, refinement and educational value to its members and the community.

Mrs. VanAken, president of the League of Women Voters, brought a message from the club which she represents. She invited the ladies to "vote," which is their privilege and duty.

While the Woman's Club is cultural and social, the League of Women Voters is educational along political lines. Without the power and knowledge to vote, how can we keep a government "for the people, by the people and of the people," and a free and equal race? We need the culture and the political knowledge that both clubs afford.

Mrs. B. R. Gilbert, chairman of the program, introduced Mrs. C. E. Walbridge, who gave a splendid rendition of Mendelssohn's "Rondo-Capriccioso."

Mrs. Hilda Smythe-Stevens charmed her audience with a group of songs, "Indiana Dawn" and "Gypsy Maiden," by Parker.

Miss Florence Davies, feature writer on the Detroit News staff, most surely won the admiration of every lady present, with her very frank and pleasing personality. Miss Davies very briefly outlined the origin and need of art. From early primitive times, man has expressed his love of nature and the beautiful through art, and incidentally left a record of his history. From the crude scratches and outlines on rocks, done by the caveman, we have today priceless pieces of paintings and sculpture, and so has come the need of preserving these expressions of mankind all down through the ages. Thus the reason for our beautiful art museums.

Miss Davies gave a vivid description of the Detroit museum, explaining how the art from each period has been carefully arranged about the large rooms and corridors, so that we who are not connoisseurs, can go through the building and enjoy these lovely collections without a great deal of effort.

The next club day will be held Friday, March 23rd. Won't it be delightful to spend an afternoon in Spain? Do come and hear the enchanting music, and see the winsome Spanish dancer; also a play. And of merited interest will be a talk by one of the members who has just completed a term of jury service in the circuit court in Detroit.

BLUNK BROS. ANNOUNCE THREE DAY SALE.

On another page of this paper will be found a full page advertisement of Blunk Bros., announcing a three-day sale of living room suites. They are also offering some other extraordinary bargains in the furniture department that will be of especial interest at this time. Be sure you read the ad for full particulars.

TOWNSHIP CAUCUSES HAVE BEEN HELD

A Republican caucus was held at the high school auditorium last Saturday afternoon. The meeting was called to order by Oliver Lounis, chairman of the caucus committee. J. W. Henderson was chosen chairman, and Mrs. Ada S. Murray, secretary. The following township officers were nominated: Supervisor—Chas. H. Rathbun, Jr.; Clerk—Miss Lina Durfee; Treasurer—John Quartel; Justice of Peace—Theodore F. Child; Highway Commissioner—L. Bethune Stark; Member Board of Review (full term)—William Petz; Member Board of Review (fill vacancy)—George H. Robinson; Highway Overseer—John Kirk; Constables—George W. Springer, Fred Reiman, Fred Standish, Paul Groth.

The following township committee was appointed—Oliver Lounis, Julius Kaiser, Phoebe Patterson.

CANTON TOWNSHIP TICKET NAMED.

The Republicans and Democrats of Canton township held caucuses Monday, and the following tickets were nominated:

Republican
Supervisor—Allen Wisely
Clerk—Hurd McClumpha
Treasurer—Perry Campbell
Justice of Peace—John Gerst
Highway Commissioner—Clyde Truesdell

Democrat
Supervisor—Philip Dingeldy
Clerk—Arthur Huston
Treasurer—Bert Mott
Justice of Peace—George Smith
Highway Commissioner—Andrew Smith

Board of Review—Carlos Truesdell

Board of Review—Colburn Dennis
Constables—Abraham Hannan, Cub Forshee, Fred Preiskorn, Jacob Dingeldy

LIVONIA REPUBLICANS NAME TICKET.

The Republicans of Livonia township held their caucus at the Livonia township hall last Saturday afternoon, with 216 voters present. The following ticket was placed in nomination:

Supervisor—Jesse Ziegler
Clerk—John Harland
Treasurer—Heon Ziegler
Justice of the Peace (full term)—Mabel Rhode.

Justice of the Peace (to fill vacancy)—Dr. B. E. Thomas.
Highway Commissioner—Arthur Trapp.

Board of Review (full term)—Don Ryder.

Board of Review (to fill vacancy)—Herman Johnson.

Constables—John Reding, Alfred Bakewell, George Wilde, Frank E. Day.

Highway Overseers—District No. 1—Carl Waack; District No. 2—Albert Rutenbar; District No. 3—Thomas Levandowski; District No. 4—George Wolfrom.

PIONEER EXHIBITION.

The Sarah Ann Cochran chapter of the Daughters of the American Revolution will hold on March 13th, in the afternoon and evening, at the Presbyterian church house a pioneer exhibit. The public is cordially invited to attend. The adult tickets will be 25 cents and admission for school children 10 cents. Light refreshments will be served.

The chapter desires the cooperation of the townspeople in loaning for that time articles that have a significant value relative to times past.

PLYMOUTH FREEMASONS HAVE RECORD MEETING

Last Friday was quite a "red letter" day for the Plymouth Rock lodge, No. 47, when the Master Mason degree was exemplified by the officers of the Plymouth Rock lodge, F. & A. M.

There was a very large attendance; indeed, it is said the largest that has ever attended the lodge.

Besides the one hundred and five Master Mason employees of the Burroughs Adding Machine company there were present Masons representing the following Michigan and foreign lodges: Detroit, Ann Arbor, Kalamazoo, Escanaba, Dearborn, Royal Oak and Highland Park. The following lodges from outside Michigan were also represented: Indiana, Virginia, New York, Maine, Massachusetts, Pennsylvania, District of Columbia, California. Three were from Canada, Newfoundland, Scotland.

The degree work commenced at 4:30 p. m. and warm appreciation and praise were expressed by the visiting Freemasons of the efficient manner in which the work was carried out by the Plymouth Masons.

The Sisters of the Eastern Stars are certainly to be congratulated on the splendid supper they provided and the very efficient way they handled the feeding of nearly three hundred Masons who sat down to supper.

During supper the company was entertained by the "String Pickers" in person, who broadcast over WWJ weekly, with music and song, and their entertainment was very much enjoyed and appreciated by all, receiving warm applause.

ANNUAL VILLAGE ELECTION

The annual village election which was held Monday, brought out a larger number of voters than has turned out on a similar occasion for several years. The spring-like weather no doubt had something to do with the large number of votes cast, which was 590. All four of the amendments carried by a substantial majority. The following is the vote given for each candidate:

J. W. Henderson—346
Henry Hondorp—248
Frank J. Leonard—217
Paul Nutting—423.
Carl G. Shore—413

THE STRING PICKERS AT LOCAL THEATRE.

H. R. Lush, manager of the Penniman Allen theatre, has booked the String Pickers, those popular musicians of WWJ, as an added attraction for Thursday and Friday evenings, March 22-23. This musical trio is composed of Tom and Bill Mackey and Bert Hall. Everybody has heard them over the radio and has enjoyed their wonderful music. The regular feature picture, "Spot Light," with Esther Balfour as the star. The same regular prices of admission will prevail.

MORELAND AVENUE.

At the commission meeting Wednesday night a letter was read from the Wayne County Road Commission asking that Moreland avenue within the village limits be turned over to the county. This request was granted and jurisdiction over this street was, on motion, given to Wayne county.

DEATH OF MRS. BERTHA GROTH

The deceased, Bertha Groth, was born in Blankensee, Prussia, Germany, July 2, 1860, the daughter of Mrs. and Mrs. Wm. Stedelberg. In the church of her country, she was baptised and confirmed after she received her education in the parochial school.

At the age of 19 years, she came to this country, and a few years later on December 2, 1883, she was married to John Groth of Salem. Mr. and Mrs. Groth lived on a farm near Salem, where Mr. Groth died about 12 years ago. After the death of her husband the deceased moved to Plymouth, and lived here ever since.

Mrs. Groth had been ailing for years, and all medical aid would not restore her health. Since a week before Christmas, she was confined to her bed at the home of her son, Albert Groth, where she received the best care by all her children near her.

Through pneumonia and other ailments, she became weakened so that the end came quickly and unexpectedly. She died Friday morning at about seven o'clock, at the age of 67 years, eight months and seven days and leaves to mourn her departure, four sons and one daughter, Charles Groth of Monroe; George Groth of Ypsilanti; Paul Groth and Albert Groth and Miss Minnie Groth, all of Plymouth; also five grandchildren, one brother and three sisters.

Funeral services were held Sunday afternoon at two o'clock, at the Lutheran church, interment in Thayer cemetery, near Salem.

BREAK IN WATER MAIN

A break in the water main near Phoenix occurred Tuesday morning and from that time until Wednesday evening about 7:30 o'clock Plymouth was without any water supply. Factories and the village schools were closed during the interval that the water was off. Those who were fortunate enough to have a well shared the water with their less fortunate neighbors, but everybody got along somehow.

The village workmen of the water department, under the direction of William Roddebaum, superintendent, were on the job every minute until the leak was repaired, and they are to be commended for their good work.

Soon after the break occurred P. H. Deal, assistant manager of the Michigan Federated Utilities, very kindly offered the services of several men and an air compressor, which was of great benefit in breaking through the ground to get at the broken main. The timely assistance of the gas company officials and their employees is greatly appreciated by the whole village, which shows a spirit of co-operation in time of need.

MISSIONARY JUBILEE BIRTHDAY LUNCHEON.

Next year, 1929, will mark the sixtieth anniversary of the Woman's Foreign Missionary society, and the following year, 1930, will mark the fiftieth anniversary of the Woman's Home Missionary society. Both of these great societies have certain goals to meet in order to fittingly celebrate so important an event.

On Wednesday the local auxiliaries of these two societies met at the home of Mrs. Marie Whitney for the first of three yearly birthday luncheons that will help celebrate the reaching of these goals. The tables were prettily decorated to designate the four seasons of the year, and the women were seated according to the month in which their birthdays came. A delicious luncheon, consisting of chicken, scalloped potatoes, salad, jelly, pickles, rolls, cream tapioca, cakes and coffee, was served by the committee in charge and a splendid program was given, with Mrs. George Card as toastmistress. Mesdames Lendrum, Towle and Doerr spoke on the theme of three-fold stewardship—Intercession, personality and Possessions. Mrs. Harri-man's subject was "Looking Backward," and Mrs. J. N. Dickerson's, "Looking Forward." Mrs. W. B. Lombard gave the toast to our "Birthday Secretary," Mrs. Whitney, and Miss Mabel Spicer the toast to our officers. As Mrs. Clemens called the roll, each member lit a candle on the birthday cakes, thus signifying her promise to bring a "living gift," namely, a new member, to the society during the year.

It was a most delightful affair, one that made one glad to be one of the three hundred thousand missionary women belonging to these great societies.

A nice sum of money was brought in in the jubilee coin cards and added to this was a contribution received with a nice letter from our beloved Mrs. Robert Wilson, who is unable to be out; also one with a nice letter from Mrs. W. J. Griffith, of Ypsilanti, formerly one of our officers.

Six of the women have already secured their new member and we are sure the others will have no difficulty, for surely every woman in the church ought to be proud to be identified with such a splendid national organization.

SENIOR CLASS WILL GIVE PLAY

The senior class of Plymouth High school will present "You and I" as their class play at the High school auditorium next Thursday and Friday, March 22 and 23, at 8:00 o'clock p. m.

This play, "You and I," which won the Harvard prize the year of its publication, has been given repeatedly by the Dramatic club of the University of Michigan and has also been given successfully by the Bonstelle company in Detroit and as a class play by Northwestern High school.

"You and I" is a three-act comedy of modern everyday life and the characters are certain to impress you by their humanness. Maitland White or "Matsey" is a "successful business man" of the type you know—prosperous, educated and distinguished looking. But under the surface of his demeanor you recognized dissatisfaction, a sense of compromise with life.

His wife, Nancy, is just the sort of woman you would have picked out for such a successful man—well bred, sensitive and devoted—a perfect wife. And that very sensitiveness leads her to recognize Matsey's dissatisfaction and gives up all that a wife and mother may need to, in order to make Matsey happier.

The other member of the family—Roderick or Rickey—is just out of college. We can tell that the minute we see him. He is all dressed up, and going somewhere, we're sure of that as soon as we see Veronica Duane. Her nickname, Ronny, fits her better. Ronny is pretty, she's loving, she has poise, she was made to wear her clothes well—and you will tell the world she does it. You just can't afford to miss her.

Maitland White is to be played by Maitland Nelson, Nancy White by Vera Stonehammer, and Roderick White by Mac Donnelly. Angeline Rousseau is to take the part of Veronica Duane and Etta, the maid in the White household, is to be played by Elizabeth Murray. Franklin Atkinson in the part of Geoffrey Nichols, author and globe trotter, and George Brady in the part of G. T. Warren, a self-made man of the business world, complete the cast.

The play is being directed by Miss Madge L. Johnson, who has successfully directed the senior play of last year and the junior play of this year.

Tickets are for sale by the several members of the senior class at 35 cents for adults and 25 cents for students. Reserved seats will be 10 cents extra and are already on sale at the high school. Joy McNabb has charge of the reserves. Keep in mind that tickets are good for either Thursday or Friday evenings, but that the reserve seat chart is separate and distinct, and so that you may not be disappointed as to seats and dates, be certain that your ticket is clearly marked for the evening you wish to see the play.

Six members of the Eorse Kiwanis Club put on the program for the local Kiwanis Club at their luncheon meeting, Tuesday.

BETTER HOMES IDEA SPONSORED IN PLYMOUTH

Local Committee Arranges Campaign With Demonstrations and Special Meetings.

LEAGUE OF WOMEN VOTERS

The annual meeting of the Plymouth League of Women Voters was held in the Crystal room of the Hotel Mayflower Monday noon. In spite of the fact that the day had many other activities scheduled, seventy ladies were present, including guests from Northville and Detroit.

Brief election talks were given by Mrs. Ruth E. Huston-Whipple on the issues of March 12th; by Miss Lina Durfee on the election of April 2nd, and by Miss Geraldine Knight, of Detroit, on the presidential preferential primary of April 2nd. Then Mrs. Myron B. Vorse, of Detroit, spoke on the Loretta Mott or equal rights amendment for women, which is now before congress. Although she was handicapped by a severe cold, Mrs. Vorse spoke convincingly against the amendment.

The president, Mrs. A. B. Van Akin, then presided at the business meeting, at which the following officers were elected:

President—Mrs. Mary Hillmer.
First Vice-president—Mrs. A. B. Van Akin.
Second Vice-president—Mrs. Ruth E. Huston-Whipple.
Third Vice-president—Mrs. Roderick Cassidy.
Secretary—Mrs. Paul Nash.
Treasurer—Mrs. Paul Washburn.

The next regular meeting will take place Monday, April 19th, at the Hotel Mayflower.

Members of the league and their friends who are interested in attending the annual meeting of the Wayne County League of Women Voters at the Book-Cadillac hotel, in Detroit, Tuesday, March 27th, are requested to phone Justice Phoebe Patterson for reservations.

MISSIONARY JUBILEE BIRTHDAY LUNCHEON.

Next year, 1929, will mark the sixtieth anniversary of the Woman's Foreign Missionary society, and the following year, 1930, will mark the fiftieth anniversary of the Woman's Home Missionary society. Both of these great societies have certain goals to meet in order to fittingly celebrate so important an event.

On Wednesday the local auxiliaries of these two societies met at the home of Mrs. Marie Whitney for the first of three yearly birthday luncheons that will help celebrate the reaching of these goals. The tables were prettily decorated to designate the four seasons of the year, and the women were seated according to the month in which their birthdays came. A delicious luncheon, consisting of chicken, scalloped potatoes, salad, jelly, pickles, rolls, cream tapioca, cakes and coffee, was served by the committee in charge and a splendid program was given, with Mrs. George Card as toastmistress. Mesdames Lendrum, Towle and Doerr spoke on the theme of three-fold stewardship—Intercession, personality and Possessions. Mrs. Harri-man's subject was "Looking Backward," and Mrs. J. N. Dickerson's, "Looking Forward." Mrs. W. B. Lombard gave the toast to our "Birthday Secretary," Mrs. Whitney, and Miss Mabel Spicer the toast to our officers. As Mrs. Clemens called the roll, each member lit a candle on the birthday cakes, thus signifying her promise to bring a "living gift," namely, a new member, to the society during the year.

It was a most delightful affair, one that made one glad to be one of the three hundred thousand missionary women belonging to these great societies.

A nice sum of money was brought in in the jubilee coin cards and added to this was a contribution received with a nice letter from our beloved Mrs. Robert Wilson, who is unable to be out; also one with a nice letter from Mrs. W. J. Griffith, of Ypsilanti, formerly one of our officers.

Six of the women have already secured their new member and we are sure the others will have no difficulty, for surely every woman in the church ought to be proud to be identified with such a splendid national organization.

Preliminary plans for a better homes campaign to be held in the suburban communities of Wayne County during the week of April 22-28, were mapped out Saturday at Plymouth by a committee headed by Mrs. G. N. Bentley, president of the Wayne County Council of Parent-Teacher Associations.

A house now under construction by Crumbe & Wood will be furnished and landscaped under the direction of the committee, and will be used as a demonstration center during the week. General meetings at which various phases of home improvements will be discussed will be held in the high school auditorium during the afternoons and evenings.

Mrs. Bentley was appointed by Herbert Hoover, secretary of commerce, who is president of Better Homes in America, an organization with headquarters in Washington, which sponsors Better Homes Week as an annual event.

A novel feature of the week will be a home night Monday, April 23, when families will be urged to remain in their homes, to talk over their family problems and to participate in family games and other recreation. The radio stations of Detroit will be asked to cooperate with special programs on that night.

The annual achievement day of the Wayne County home economics extension groups will also be held at Plymouth during the week.

The county will be divided into zones and the people of each zone will be urged to visit the demonstration house on a particular day. Arrangements will be made for women from the various zones to act as hostesses.

Home problems in finance, child health, parent-teacher relations, art in everyday life and home recreation are some of the subjects that will be covered in the addresses to be given in the high school.

"Our purposes are well stated in the self-rating scale for homes prepared by the National Education Association," Mrs. Bentley said. "This scale asks the following questions:

"Does the home maintain an atmosphere of mutual love and respect?"

"Is there sufficient income to maintain a reasonable standard of well-being for all members of the family?"

"Is the family housed in a way that takes care of the needs of each of its members?"

"Is there a proper amount of wholesome food attractively served to meet individual needs?"

"Does the family have a common social and recreational life that appeals to all members?"

"Does the family have an intelligent daily routine that safeguards the energy and time of its members?"

"Are the duties and responsibilities of the family fairly divided among its members according to their strength?"

"Does the family have a growing library and a common intellectual life?"

"Does the family have an intelligent attitude on important moral, civic and spiritual problems?"

"Does the home promote the maximum happiness and growth of its members?"

LOCAL MAN SELECTS TRADE NAME FOR PUREBRED HOLSTEIN HERD.

Warren R. Palmer, whose herd of purebred Holstein dairy cattle is well known in Plymouth, has recently chosen a trade name to identify his herd, according to an announcement made by the Holstein-Friesian Association of America which registered the name for Mr. Palmer. "Stonybank" is the name chosen as a part of the name of each individual animal in the herd.

All registered Holsteins have a name and number, the name usually indicating the ancestral blood lines.

This prefix trade mark will be used by Mr. Palmer as a further means of identifying individual animals by indicating the farm where the animal was bred. Since the system was established more than 15,000,000 Holstein breeders have reserved trade-mark names.

FORESTRY WEEK

Pros. Coolidge has designated the week beginning March 22 as "Forestry Week" throughout the U. S., and the various governors have asked the people of their states to join in celebrating it.

Though this occasion has never been celebrated to a very large extent in Plymouth, we truly believe it should be. Other occasions receive public attention, and yet a majority of them do not mean half as much to us. "Forestry Week" is set aside to encourage the planting of trees, the hope of its originator being that some day it will be so generally observed that we will be planting on this occasion as many trees as we destroy in the course of a year. Thus coming generations will not face a treeless life and will not be left unprotected from floods. Unless this nation observes tree planting on a bigger scale than ever before, another quarter of a century will see it virtually barren of trees, and lumber for building material will be no more.

It would be a good idea for our school teachers to observe "Forestry Week" by encouraging each child to plant a tree of some kind, somewhere where it can grow without interruption. If millions of school children do this each "Forestry Week" it will do more than could be accomplished in any other way toward solving what is otherwise going to be a serious problem some of these days, and that is the problem of getting timber enough to meet necessary needs.

MORE CROSSINGS

According to statistics, for every railroad grade-crossing eliminated in 1927, three more were created. The new ones came because so many new highways are being opened up in all parts of the country, and so many cities are finding it necessary to open up and extend new streets.

At the same time that grade-crossings are being tripled, the number of automobiles is being increased at the rate of between three and four million a year. The result is that the chances of being killed in an auto at a grade-crossing are more than three times as great this year as last, and that certainly is something for every Plymouth motorist to think of. Any man who drives a car these days must do so with far greater care and watchfulness than was necessary last year or the ten years before. He must remember that railroad trains cannot fly and that at some time or another he is bound to cross their tracks. It is absolutely necessary, therefore, if he values his life, to keep both eyes open, to slow down at crossings and if he wants to be still more certain of avoiding an accident, to shift into second or low gear before driving over the tracks.

We are now approaching the season when motoring will be at its height. There will be more railroads crossed by autos because more people will be taking extended trips. So the necessity for care, especially at railroad crossings, should be apparent to every driver who values his life and who wants to live to drive some other day.

IT'S EXPENSIVE

If we are to believe Red Cross officials, and there is no reason why we should not, illness brings physicians of the U. S. \$1,500,000 daily. And it costs \$3,000,000 a day to maintain all the hospitals in the U. S. in which sick are treated. But that isn't the worst feature, for many more millions are lost in wages to the patients themselves. Sickness is a costly thing, any way you look at it, and when we know that long months, maybe years, of suffering can result from a common cold, it is a wonder that there is any necessity for warnings along about this time of year. But some people will not heed, no matter how often or how clear the warning; they subject themselves to colds, catch them and suffer the consequences. Every spring we warn Plymouth citizens to guard against colds, and we can't refrain from doing so again. Sickness resulting from them is too expensive, for the community as well as the victim, to pass by unnoticed.

WHO OWNS THE AIR?

We read here a western farmer has brought suit against an airplane company for damages, claiming that the passenger planes create such a noise above his place that chickens become frightened and huddle so closely

they smother each other; that the rest of himself and family is disturbed at all hours of night, and that cows have been so annoyed by the planes that they have refused to produce their normal quantity of milk. The plaintiff contends that he owns the air above his farm, up to the sky, and as much farther as it goes. It is the first suit of the kind ever filed, and it is being taken seriously by both courts and attorneys. It has to be. At the rate we are progressing it won't be many years before some of our residents around Plymouth may find that leasing the air above them to airplane freight and passenger lines is not only legal but profitable.

ANOTHER MIRACLE

So many strange, new and unheard of inventions have been given us in the past few years, that we no longer grow excited when a man comes along with a fuelless motor. Newspapers are devoting considerable space to the claim of a Pennsylvania man that he has invented a motor capable of running 3,000 hours without anything at all in the way of fuel and with but a small amount of oil. Lindbergh has examined it, along with other airplane experts, and while they are not sure how practical the invention may become, they agree the inventor has hit on a new and wonderful power. So we don't smile at his claims and call him crazy. We have had our lesson in the shape of the airplane, the phonograph and, greatest of all, radio. We have learned that the ones who are really crazy are those who do the laughing, not the ones who make the claims.

OBITUARY

Robert Irving, son of Jennie L. and the late William Hook, was born May 24, 1904, at East Nankin, where he spent his boyhood days. Four years ago, he moved with his parents to Cherry Hill, where he made many friends. After eight weeks of illness, caused by heart trouble and complications, he passed away at Cherry Hill, March 3rd. He leaves to mourn their loss, his mother, brother and sister, and a host of relatives and friends. His father preceded him in death about eleven months ago. The funeral was held from his home, March 6, with interment in Riverside cemetery, Plymouth.

Schlat, Bridge	28	38	.424

Two hundred games bowled in the league this week: Pankow, 207; E. Bridge, 225, 201; Burley, 221; Millman, 204; Wheeler, 202; Kirk, 200; Downing, 206; Piscopink, 256; Powell, 205; Lomas, 218, 211.

Other games of 210 or over: D. Rowland, 228; 220, 276, 216, 254, 224; H. Williams, 290, 216, 224, 215, 236; E. Klinck, 246; D. Beyer, 221; R. Wheeler, 247, 235; L. Doudt, 220, 225; H. Smith, L. A., 214; Lomas, 213, 265, 234, 237; Jordan, 213, 231; Moles, 212; H. Johnson, 213, 215; R. Fisher, 225.

A good five-men match was bowled between two Oddfellow teams, Saturday, March 10. The Fraternal Lodge team of the I. O. O. F. League of Detroit, and the team composed of R. Wheeler, C. Millman, E. Bridge, W. Lomas and H. Williams, representing the Tonquish Lodge of Plymouth. Plymouth won by 364 pins, rolling the highest three game total ever rolled on the Plymouth Alleys, 3057 pins, consisting of games of 1078, 876, 1003.

W. C. T. U.

The Woman's Christian Temperance Union will meet Thursday, March 22, at 2:30 p. m., at the home of Mrs. Fannie Doerr, 447 Harvey street.

George A. Smith, superintendent of the Plymouth schools, will address the meeting, and it is hoped there will be a good attendance. Everyone will be welcome.

SPECIAL O. E. S. NOTICE

Plymouth Chapter, Order of the Eastern Star, will hold a special meeting for the purpose of initiation, on Tuesday, March 20. Dinner will be served at 6:30, and will be followed by a short program. The meeting will be called to order at 8:00 o'clock. Members and friends are invited to attend the dance at the close of the meeting, from 10:00 to 12:00.

We would appreciate it if you would phone or send news items to the Mail office. We are always glad to get them.

SURVEY STARTS FOR WAYNE ROAD

REPAIRS PLANNED FOR MICHIGAN AVE. ROAD; NEW ROAD TO PARALLEL.

Surveying was started this week for a Wayne-Ypsilanti road, parallel to Michigan Avenue, to the north, to be built by the state.

In addition to the new road, which is being considered, repairs on the Michigan Ave. road are on the program this year. Only preliminary surveying is now being done on the second road, which will provide for two way traffic from Detroit to Ypsilanti when completed.

According to a report given out by the state highway department an extensive highway program has been adopted for 1928. A great deal of the work now planned will be in the vicinity of Detroit and Wayne County. Grand River will be paved from Redford to Farmington; Gratiot as far as Halfway; Telegraph road will be extended from Grand River to Pontiac and Woodward Avenue will be completed from Detroit to Pontiac. Michigan Avenue will be paved from Wayne to Ypsilanti with a new and wider pavement.

As money is available Michigan Avenue will be re-paved and the roadbed widened across the state, the state department plans.—Ypsilanti Daily Press.

Today's Reflections

What has become of the old-fashioned Plymouth husband who used to get "bawled out" for turning up the wick so high that it smoked the lamp chimney?

You can make a woman believe some things, but you can't make her believe that comfortable clothes are stylish.

The Mexican census of 1921 has just been completed and it shows enough people left down there for several more revolutions.

Dreaming of good times is pleasant, but the Plymouth man who hits hard licks to them is usually the first to to enjoy them.

When you're arguing with a fool it's hard for a listener to tell which one is the fool. So don't argue.

When the good man begins to swear the bad man should be on hand to get a few pointers.

Some Plymouth men are always imagining they can make more money in another town than they can here, but experience shows the scramble for a dollar is as strenuous in one place as in another.

When company stays too long just treat them like members of the family and they'll soon beat it.

Comparatively few men buy tobacco by the pound because so many of them expect to quit before they smoke that much.

A lot of Plymouth men think a dictionary is something you put in a chair and stand on while hanging pictures.

No one can ever convince the mother of a disappointed candidate in a baby show that there is justice in this world.

Anyway, Eve never picked up the Eden Daily News on Monday morning to see if Adam had been injured in an auto accident while out joy riding the night before.

How many Plymouth people can remember when the worst name you could call a man was a horse thief?

No matter what the loss was, and no matter how much the insurance was, no man will ever admit after a fire that he was fully covered.

In Plymouth it is a sign of a visiting girl if she says gown, robe or frock. The home girls say dress, and are thankful to get that.

Man So Nervous Gets Sore When Spoken To

"It actually irritated me to have anyone talk to me. I was so nervous. Vinol ended this and I feel wonderful now."—Wm. Fishy.

Vinol is a compound of iron, phosphates, cod liver peptone, etc. The very FIRST bottle makes you sleep better and have a BIG appetite. Nervous, easily tired people are surprised how QUICK the iron, phosphates, etc., give new life and pep. Vinol tastes delicious.—Dodge Drug Store.

"Say, Mike, I just got an invitation to Patty Murphy's wake and on the end of it is writ R. S. V. P. Share, now, and what does that mean?" "It means, 'Rush in, shake hands, titillate and pass out.'"

Dear Friends:

What would you think of a lawyer who took your case and then went around over town telling folks all about it?

So would I!

Same way in buying jewelry. There are times when you'd really prefer that nobody knew what you were buying in the gift line—an engagement ring, for instance.

That is a service you get at this store without asking for it. The folks here understand that rule and abide by it. The boss is absolutely hard-boiled on that subject.

Long Distance Rates Are Surprisingly Low . . . For Instance,

for **\$2.00**

Or Less, After 8:30 P. M.,

You can call the following points and talk for THREE MINUTES at the rates shown. Rates to other points are proportionately low.

From Plymouth to:

	Night Station-to-Station Rate
MEMPHIS, TENN.	\$1.40
TOPEKA, KAN.	1.50
HOT SPRINGS, ARK.	1.65
BIRMINGHAM, ALA.	1.40
BOSTON, MASS.	1.40
NEW ORLEANS, LA.	1.90
DULUTH, MINN.	1.20
JACKSONVILLE, FLA.	1.75
PORTLAND, ME.	1.50
SAVANNAH, GA.	1.80
ST. LOUIS, MO.	1.10

The rates quoted above are Station-to-Station night rates, effective from 8:30 p. m. to 4:30 a. m.

A Station-to-Station call is one that is made to a certain telephone, rather than to some person in particular.

If you do not know the number of the distant telephone, give the operator the name and address and specify that you will talk with "anyone" who answers at the called telephone.

Day rates, 4:30 a. m. to 7 p. m., and evening rates, 7 p. m. to 8:30 p. m., are higher than night rates.

A Person-to-Person call, because more work is involved, costs more than a Station-to-Station call. The rate on a Person-to-Person call is the same at all hours.

Additional rate information can be secured by calling the Long Distance operator

Attention, Voters of Plymouth Township

The following petition has been presented by the Plymouth Chamber of Commerce to the Township Board: The undersigned, being voters of the Township of Plymouth, believing we should keep up to the surrounding conditions, do hereby petition the Township Board to submit to the voters of Plymouth township the proposition of lighting all the paved streets of Plymouth township:

THE DETROIT EDISON CO.
Eastern Michigan Division,
Northville, Mich., Feb. 1, 1928.

Hal P. Wilson,
725-27 Hammond Building,
Detroit, Michigan.

Dear Sir: In compliance with your request, I am submitting a diagram and sketch showing the highway lighting required to properly illuminate the paved roads of Plymouth township. Our engineering department advises that there will be nine lamps on South Main street, Plymouth township; there will be 18 lamps on the Plymouth-Canton Town Line road, nine of which will be billed to Plymouth township, and nine to Canton township. On the Plymouth road, east of Plymouth, there will be 21 lamps; on the Plymouth road, west of Plymouth, 35 lamps; on the Ann Arbor road, 55 lamps; on the Five Mile and Phoenix roads, 103 lamps, 51 of which would be billed to Plymouth township and 52 to Northville township and on the Northville road there would be 15 lamps, making a total of 235 600-watt lamps in Plymouth township; nine 600-watt lamps in Canton township, and 32 600-watt lamps in Northville township. The annual cost of this size lamp is

\$48.00, bringing the 235 lamps to \$11,280.00. If Canton Center and Northville townships did not care to go in with Plymouth township in lighting the roads which are common to both, there would be a reduction of 60 lamps charged to Plymouth township, and the annual bill would be \$8,400.00.

At the present time the installation of this lighting system could be completed in approximately 30 working days. However, there are unavoidable delays in securing permission to construct these lines and in securing material, which under the most favorable conditions would probably require a total of 60 days from the time of signing the order to its completion.

We are expecting a large increase in our construction activities this spring over last spring, and as we are required to handle our construction orders in rotation, I would not attempt to promise at this time any definite time for the completion of the work. However, you may rest assured that there would be no avoidable delay.

Yours truly,
E. L. MILLIS,
District Agent.

At \$8.400 annually the rate of taxation for Plymouth township would be raised \$1.04 per \$1,000 valuation. In addition to the above, a later petition was presented to the board asking that Moreland road and North Territorial road in Plymouth township, be included in the above lighting proposition, which the board consented to do, and will place the same upon the ballot. This will increase the lighting cost 50 per thousand dollars valuation for the first year.

Signed,
TOWNSHIP BOARD.

THREE PLYMOUTH YOUNG MEN FOUND GUILTY IN THEFT CASE.

Edward Bailey, Clyde and Charles Thomas, of this place, were convicted by a jury in the circuit court of Washenaw county last Friday on a charge of breaking and entering, in connection with the robbery of the farm home of Howard Fishbeck, on the Plymouth road, the night of January 1st.

The youths were found guilty after a three-day trial, during which Plymouth, Wayne and Washenaw county officers testified for the prosecution and several persons attempted to establish alibis for the accused. Part of the loot, which included silverware, jewelry, flashlights and other articles, was recovered at a house near Plymouth, said to have been occupied by the trio, although all three denied ownership.

They were sentenced by Judge George W. Sample to serve one to five years in the Michigan reformatory at Tonia.

ELECTION NOTICE

A primary nominating election will be held in both precincts of Plymouth township on Monday, April 2, 1928, to provide for the expression by the qualified voters of the several political parties of their choice for the nomination by their party for president of the United States, as prescribed by Act No. 351 Public Acts of 1925. A special election will be held Monday, April 2, 1928, to submit to a vote of the electors of the county of Wayne, the question of contracting an indebtedness in the sum of \$500,000.00 and issuing bonds, therefor, the proceeds of said bond issue to be used for the construction of a hospital unit at the Eloise hospital and infirmary. All township officers will be elected at this time. Also a proposition to light all paved roads in Plymouth township, and those parts of North Territorial and Moreland roads in Plymouth township, will be submitted to the voters.

LINA DUFFEE, Township Clerk.

NEWBURG

There were 16 out to Epworth league Sunday evening and all enjoyed a good meeting.

Miss Alice Gilbert is doing fine with the Junior league and they are a very interesting group.

Miss Joy McNabb attended the thirtieth annual High School Reserve banquet at the Ionic temple, Detroit, Saturday night with 20 other Plymouth Girl Reserves.

Henry Grimm, Jr., and little son, Bobby, had the misfortune to be hit by a mad dog one day last week. They are now taking the Pasteur treatment at Ann Arbor.

There was a good turnout to census Saturday from Newburg.

Mr. and Mrs. Blake Fisher and daughter, Dorothy, attended church Sunday and spent the day with Mr. and Mrs. Ira Carney.

Mrs. C. Mackinder spent several days last week with Mrs. Norris in Strathmore.

Mr. and Mrs. William Smith and Mr. and Mrs. Donald Byder called on Mrs. R. Barnes at South Lyon Sunday afternoon.

Newburg is glad to have Mr. and Mrs. Howard Cochrane living back among us.

Mr. and Mrs. C. V. Chambers, of Plymouth, attended church Sunday.

The L. A. S. annual dinner last Wednesday evening was well attended and a neat sum was added to the treasury.

Mr. and Mrs. McNabb are driving a new Victory Six Dodge sedan.

Raymond Geney and Roy Norris, of Detroit, spent Sunday with Mr. and Mrs. Fred Geney.

Frank Klocknerbocker and son, Fred, and family have sold their farm to Detroit parties and have moved onto another farm eight miles west of Ann Arbor. The Klocknerbocker farm was taken up in 1826 and has been owned by them ever since.

NEWBURG SCHOOL NOTES.

By Harold Stevens.

Miss Jameson, our helping teacher, visited school Wednesday. She brought slides, so as to show us views of New York. As a picture was flashed upon the screen it was explained in a very interesting manner.

The grammar grades have earned enough stars to be a silver star school. The intermediate grades have earned the blue star.

Ruth Bennett and Kathleen Armbrust have left Newburg and will attend school in Detroit.

Eldi Lumke entered the second grade Monday.

There are some writers that even a press agent can't write into fame and fortune.

Business hasn't been pressing in New York for a week or so, all the tailors and dry cleaners being on a strike.

The cost of living may be coming down but there are several places in the mountains that it hasn't reached yet.

HIGH AND UNVARYING QUALITY

It isn't a "happen-so" that so many fine cars stop at our station. Those who demand luxurious riding instruct their chauffeurs to come here for gas. We satisfy.

Chamber of Commerce NOTES

The regular meetings of the Chamber of Commerce are the second and fourth Mondays of each month. You are invited.

At the last board meeting, the directors voted to sell the information booth in Kellogg Park, for \$50.00.

The board appointed a committee to meet with the village commission, to make plans to entertain the chief of police of Wayne county at a noon-day luncheon.

The petitions for the lighting of the paved roads, also Moreland and North Territorial roads, in Plymouth township, have been made out by the Chamber of Commerce.

New members this week:
Paul Hayward
John Henderson
E. C. Hough
J. L. Johnson
Gleam Smith
Paul W. Voorhies

WATERFORD

The Parent-Teachers' association, Waterford school, was held Wednesday evening, March 7th. Miss Corbett gave an interesting talk on music.

Miss Naomi Collins and Lawrence Constock were married in Detroit Saturday, March 10th.

The parents and children of the Waterford school gave a shower to Mrs. Lawrence Constock Monday afternoon. Many lovely presents were received.

Mr. and Mrs. Claud Finney announce the arrival of an eight-pound boy, Charles Elwood Finney, born Tuesday, March 6th. Mother and son are doing well.

Genesis class will meet Friday evening, March 16th, at the home of Mrs. Corne Dublar, 202 South Main street, Plymouth.

Mr. and Mrs. Charles Steinel and family visited her sister in Pontiac Sunday.

Mr. and Mrs. Frank Vautin, of South Lyon, visited at the home of Elmer Perkins and family Sunday.

Mr. and Mrs. W. S. Draper and Mrs. Ralph Gotts, of Ypsilanti, were all-day guests Thursday of Mr. and Mrs. Arthur Gotts.

Howard and Dorothy Ebersole visited their grandparents, Mr. and Mrs. Albert Ebersole, Sunday afternoon.

Mr. and Mrs. John Schmidt and small son of Lloyd Oak, were Sunday evening callers at Mr. and Mrs. G. W. King's.

There was an old woman in Spain Who was so exceedingly vain That she'd look in the glass While the hours would pass 'Till the overworked glass got a pain.

"Your tailor hired me to collect this bill from you."
You are to be congratulated on obtaining a permanent position.

LOCAL NEWS

The Ladies' Auxiliary of the Ex-Service Men's Club will hold their next silver tea at the home of Mrs. Carl Ash on Evergreen avenue, March 22. Come out and enjoy the afternoon.

Mr. and Mrs. R. L. Hills entertained their neighborhood five hundred club at their home on Blunk avenue, Tuesday evening. Mrs. Wyman Bartlett was awarded first honors for the ladies and James Stevens for the gentlemen.

Last Saturday night about 8 o'clock smoke was noticed coming from the basement of the building occupied by Huger's plumbing shop and the Rhelner Electric shop, on Main street. The fire department responded promptly and soon had the fire out. Quite a good deal of damage was done to stock of the Rhelner Electric Co.

A number of Plymouth citizens, together with Northville representatives, were at Lansing, yesterday, to confer with the state highway officials relative to the extending of the Moreland avenue road through to Grand River avenue. This road would do away with a number of railroad grade crossings between Plymouth and Grand River avenue. The road would pass through Northville on Center street.

The Helping Hand society met at the home of Mrs. Walter Schille first month, where they held a very successful meeting and had a number of visitors present. After the business meeting they adjourned to meet the first Wednesday in April at the home of Mr. and Mrs. Fred Schille in Plymouth.

Mr. and Mrs. William Reugert entertained the former's parents from near Frain's Lake. Mr. and Mrs. Carl Reugert.

C. A. Parrish and family, of Ypsilanti, were recent visitors of the former's mother, of East Plymouth.

Mr. and Mrs. Dethloff Walter and son were Sunday guests of Mr. and Mrs. Henry Klatt, near Perrinsville.

Mrs. A. C. Krocknow sprung a little surprise on her husband Saturday evening by inviting in some of their friends and neighbors to help celebrate his birthday. Carls was the entertainment of the evening, and a lunch of cake and ice cream was served, and before returning to their homes wished him many more happy birthdays.

Mrs. Lottie Kohnitz, of Detroit, visited her mother, Mrs. Parrish, Sunday.

Mr. and Mrs. John Root, of Superior, were callers at the William Reugert home the first of the week.

London Invents Lock to Guard Milk Bottle
London.—Science and a London milk company have come to the aid of despairing housewives whose morning bottles of milk have been disappearing with irritating regularity.

Doors are being fitted with a device which automatically locks the milk to the door and places a metal shield over the top of the bottle. It can only be released from the inside of the door.

The device is placed high up on the door out of the reach of children and cats. The metal cup covering protects the bottle from marauding birds. A determined thief could only break the bottle, but that would arouse the household.

Recently residents of an entire block claimed that their milk was being tampered with and an inspector assigned to learn the cause discovered an aged jackdaw making the rounds, pecking out the pasteurized bottle caps, apparently for his own mischievous amusement. The new invention will take care of him, too.

Thursday, March 22, 8:00 p. m.—Lenten service.

METHODIST NOTES

"Be ye doers of the word, and not hearers only, deluding your own selves."

We had a splendid program at the L. A. S. meeting last week and for the same we owe our gratitude to Mrs. Hilda Snyce Stevens for her fine solos; to Miss Czarina Penney, who accompanied her, and to Mrs. Ruth Huston-Whipple for her splendid talk on the questions of the hour. The meeting closed with a social time, when the committee served tea and cakes.

There was an increase in the number of those attending church training night, and we hope to see many more next Wednesday night enjoying the fellowship of the cooperative supper at 6:15 and getting the inspiration from the song service preceding the classes. Every family in the church should be in these pre-Easter services.

Recently the boys had a special Sunday morning service and next

Sunday the girls are to have one, and all the girls from seven to seventy and their mothers are invited to be at the church service at 10:00 a. m. The quartet will sing.

Last Sunday night Mrs. Hillman's S. S. girls did so well in the choir and the week before the Junior S. S. boys and girls did so well it has been suggested that the Junior boys and girls. Mrs. Hillman's girls and Dr. Lendrum's class of boys join in a splendid chorus choir for next Sunday night. Don't miss this, for it is a real treat to hear these young voices singing praise to God.

Next Wednesday at 2:00 o'clock the circles of the L. A. S. will meet as follows:
Mrs. Hillman's circle with Mrs. Marie Whitney at 125 West Ann Arbor street.
Mrs. White's circle with Mrs. Fred Lee, corner of West Ann Arbor and Harvey streets.
Mrs. Miller's circle with Mrs. Warren Lombard, 1227 West Ann Arbor street.

Watch this space for further announcement of the musical comedy that the John B. Rogers Producing company is putting on for Mrs. Hillman's circle in the near future.

BAPTIST NOTES

The Sunday school business meeting was held last Thursday evening. The evening was spent discussing our Sunday school problems in view of an enrollment and enlargement campaign. A number of books were passed out on religious education. These books are to be exchanged amongst our teachers and officers. Then beginning Thursday evening, March 22, the pastor is to conduct a teachers' training course, which meets for study each Thursday night for a period of six weeks.

The ladies of the Baptist church have organized a new Bible class. They chose for their teacher Mrs. Knicker. Mrs. Collins was elected president and Mrs. Daly secretary and treasurer. Other officers will be appointed as the class grows. They chose for their name the Dorcas Sunday School Class. The purpose of this class is to be of service first to the Sunday-school and church, and secondly, to the needy.

PRESBYTERIAN NOTES

About one hundred and fifty Presbyterians sat down to an excellent pot-luck supper at the church Monday evening last. After the supper the folks went to the church press meeting of the congregation was held. C. H. Bennett was elected chairman, and reports covering the varied activities of the church were submitted. The year has been a good one and a healthy, optimistic spirit is revealed in the many encouraging reports.

The following officers were elected: Trustees, John Henderson, R. O. Altmann, William Kaiser, Harry Green; elders, John B. Pettigill, Charles Richy; treasurer, W. R. Shaw; deaconess—Mrs. O. H. Loomis.

Mr. Weaver, who was recommended by the session for reelection as Sunday school superintendent, asked to be relieved, and he and Mrs. Weaver were tendered a rising vote of thanks for the work they have been doing in the Sunday school. A successor has not yet been chosen.

At the annual meeting of the Woman's Auxiliary, held on Monday afternoon, the following executive officers were elected:
President, Mrs. F. D. Schrader; first vice-president, Mrs. Daniel Murray; second vice-president, Mr. E. E. Champ; third vice-president, Mrs. Arthur Todd; secretary, Mrs. Rattenbury; treasurer, Mrs. John Henderson; secretary of literature, Mrs. (Dr.) Stauffer; secretary of missions, Mrs. Holstein.

The Ready Service class will meet on Tuesday next at the home of Mrs. Freeman. Pot-luck dinner at noon, followed by a meeting for business and work.

The Busy Woman's class met on Wednesday afternoon with Mrs. Tillotson. The women are making garments for some needy children.

CATHOLIC NOTES

The sixth annual St. Patrick's dance will be given tomorrow night in the O. L. of G. C. auditorium, under the auspices of the parish. The Jean Goldkette's Rambler orchestra, W. C. X radio players will furnish the music. The auditorium has been handsomely decorated for the occasion and all indications point to a good crowd and a good time. A cordial invitation is extended to all.

We are very grateful to the Chevrolet Auto Sales of Plymouth, for the use of two cars to transport the musicians from and to Detroit. J. Rutherford, their salesman, has obtained this favor for us from E. J. Allison.

The dancing Saturday will begin at 8:00 o'clock, and continue until 12:00 o'clock. Don't forget it is Goldkette's orchestra, and St. Patrick's dance.

Lenten devotions every Wednesday and Friday nights, at 8:00 o'clock. Thus far the attendance has been very good. Keep up the good spirit, as Easter will soon be here.

Sunday is Holy Communion Sunday for the ladies of the parish.

Saturday, catechism instructions for the children at 9:00 in the auditorium.

Monday night the young people, Nethem Club, will meet in the mahogany room. The choir is conscientiously preparing a new mass for Easter. The rehearsals are well attended, and the boys are to be congratulated upon their noble efforts. They are being directed by their untiring organist, Miss M. E. Lehman.

The Miller family has returned from their Florida quarters, and we are glad to have them with us again.

N. B. McLellan has been appointed to superintend the large addition on the W. H. Maybury sanatorium of Northville. W. E. Wood Construction Co. is building this addition. Corbett Electric Co. has been awarded the lighting contract of the women's division of the House of Correction.

The Reverend P. Loughran, for many years pastor of the Emmet church, died this week, and was buried Wednesday from St. Gabriel's church, Detroit, and interred in Holy Cross cemetery.

Mrs. Hy Lehman is still confined to her room, but slowly gaining.

Mabel VanBonn was taken to St. Joseph's hospital, Detroit, for an operation, last Tuesday. Mrs. E. Wolf,

METHODIST THE CHURCH THAT SERVES EPISCOPAL

MORNING WORSHIP AT 10:00 SUNDAY SCHOOL AT 11:30

DR. FREDERICK A. LENDRUM, MINISTER

Worship 10:00 a. m. and 7:30 p. m.
(This is to be Girls' Day. Girls and their mothers and mothers and their daughters.)

The male quartet will sing in the morning and girls' choir in the evening.

Sunday School, 11:30 a. m. Epworth League, 6:30 p. m.

To the Church Sunday

the daughter of Mr. and Mrs. A. Yuchasz has undergone a serious mastoid operation at Harper hospital.

A high equipment has been given the parishioners about airplanes and devotional church, together with their extraordinary taste of furnishings, the stations in particular.

Do not forget the big event of this week, the St. Patrick's dance, March 17th, O. L. of G. C. auditorium. Jean Goldkette's orchestra. "Nuf said."

EPISCOPAL NOTES

The Men's club met a week ago to plan for the supper to be given the 21st. E. S. Evans, of the Evans Auto Lending company, of Detroit, will be the speaker on that occasion will be should prove mighty interesting. He will tell of his around the world trip and of the Wilkins Arctic expedition and something about airplanes in general. He will also show some pictures.

The Women's Guild held a meeting that same afternoon.

The Men's club of St. John's Episcopal mission will hold their regular monthly dinner, under the supervision of Chef Mark Wellman, on Wednesday evening, March 21st, at 6:30.

The club feels very fortunate in being able to secure E. S. Evans as speaker for the evening. Mr. Evans will be remembered as one of the around the world fliers in 1926. He will take for his subject "Airplanes, Captain Wilkins' Arctic Expedition," and his own experience in the around the world flight. Instrumental and vocal music will round out the evening's program.

Local News

Mr. and Mrs. Clyde Laslett and family have moved onto a farm at Chelsea.

Born, March 14th, to Mr. and Mrs. Henry Ray, 697 Ann street, a daughter, Ann Louise.

Mrs. Lida Macomber of Dearborn, visited the first of the week at George Macomber's.

Dr. and Mrs. Freeman B. Hoyer entertained relatives from Chicago, the first of the week.

Mrs. LeVan has returned to Oscoda, after spending several weeks with her daughter, Mrs. Emerson Woods.

The Infant Welfare Clinic was postponed March 14th, and will be held March 21, a 2:00 o'clock, at the Central school.

Mr. and Mrs. P. A. Miller and son, Grant, of East Ann Arbor Trail, returned home Friday, after spending the winter in Lake Worth, Florida.

Mrs. Elizabeth McMahon, Chicago boulevard, Detroit, and Mrs. Alexandria Durand, of Bloomfield Hills, spent Thursday with Mrs. Harry Shattuck.

Miss Olive May Merz, graduate of the Detroit Conservatory of Music, has accepted a position as organist and choir director of an East Grand Boulevard church in Detroit.

The W. E. Wood Construction Co. has commenced operations on a large addition to the Northville sanatorium. Nell B. McLellan of this place, is supervising the work for the Wood Co.

Mr. and Mrs. James Gates entertained the Happy-Go-Lucky club March 2, at their home. Five hundred was played, first honors going to Mrs. Lloyd Fillmore and Fred Lefever. Mrs. Honeywell and Mr. Simms were consoled. After a dainty lunch, all departed to meet with Mr. and Mrs. F. L. Becker March 9th.

Mr. and Mrs. F. C. Muxlow are spending a few days with relatives in Detroit.

William Wood of Detroit, was a week-end guest of Mr. and Mrs. Harry Wiseman.

Mrs. Fred Steinbauer of Canton Center, called on Mrs. C. V. Chambers last week Friday.

Mr. and Mrs. John Lorenz and family have moved to their new farm home, at Tecumseh.

Several Plymouth people attended the "Merry Wives of Windsor," at the New Detroit, last week.

Born, March 14th, to Mr. and Mrs. Calvin Stevens, 473 Adams street, a daughter, Norma Jeanne.

Mr. and Mrs. William Garclow returned home last Friday night from a week's tour through Texas.

Mrs. Luella Hoyt returned home Tuesday, from a two weeks' visit with her sister, at Ann Arbor.

Mrs. J. Holstein of Plainview, Neb., was a guest at the home of her brother, Wm. Petz, and family over the week-end.

Mr. and Mrs. O. W. Showers were the guests of the former's brother and wife, Mr. and Mrs. Harry Showers, at Fowlerville, last Sunday.

Mr. and Mrs. Fred Schaufele and little daughter, Lois, of South Main street, were Sunday guests of Mr. and Mrs. Paul Nichols, in Detroit.

Mrs. Effie Kimmel has returned to the home of Mrs. Ellen B. Nichols on Penniman avenue, after spending several weeks with relatives in Chicago.

The P. T. A. of Laplam's school will give a dancing party, Saturday evening, March 17th, at Salem town hall. Gray's orchestra will furnish the music.

Mrs. Alice Z. Turner and Miss Mamie Zollinger, who have been visiting at the home of Mrs. Ida Tift, have returned to their home in Indianapolis, Ind.

Mr. and Mrs. C. H. Bennett, who are living in Detroit temporarily, were in town Monday, to attend the League of Women Voters' luncheon and the Presbyterian meeting.

Mr. and Mrs. George Miller of East Plymouth, and Mr. and Mrs. C. V. Chambers of this place, were Sunday callers at the home of Mr. and Mrs. J. F. Cuenat, in Detroit.

Mrs. Annie Lamereaux of Howell, has been spending the week with Mr. and Mrs. Leon Huston. They all attended the funeral of a cousin, Albert Cobb, at Highland Park, yesterday.

Mr. and Mrs. N. Rummey and daughter and friend, and Mr. and Mrs. Harvey Melbrum of Detroit, were Sunday guests of Mr. and Mrs. Charles Rathburn of East Plymouth.

Arnold Freydl, who has been at Harper hospital, Detroit, for the past few weeks, where he underwent a serious operation, has returned home and is now convalescing nicely. "Mike's" many friends will be glad to know that he is back home and well on the road to health again.

Twenty-two members of the Kiwanis Club went to Dearborn last week Thursday, and through the courtesy of Erwin Pierce and Paul Wiedman were shown over the Ford airport and through the airplane factory, and later through the Rouge plant of the Ford Motor Company. While at Dearborn, the party was given a ride in the Ford three-motored airplane.

Mr. and Mrs. Raymond Macomber and family of Detroit; Mr. and Mrs. Harry Macomber and family of Selo; Mrs. Lida Macomber, Mr. and Mrs. Ed. Prosser and Mr. and Mrs. Glenn Griffin of Dearborn, and Mr. and Mrs. Frank Hake and Charles Barnes of this place, were Sunday callers at the home of George Macomber. Mr. Macomber, who has been ill for the past five weeks, is some better at this writing.

Miss Leona Garchow entertained a group of twenty near relatives and friends at the home of her parents on the Five Mile road, last Wednesday evening. Bunco was the main game of the evening, and favors were given to Miss Alice Criger and Jerry Gardner. Mrs. Carl Petsch and Thomas Garchow were consoled. A delightful lunch was served, after which various games were played. Musical selections were rendered by Mr. and Mrs. Frank Bock and Maurice Garchow. The young people departed late in the evening, reporting having had a wonderful time.

Mrs. Ellen B. Nichols spent last week with friends in Ann Arbor.

J. C. Durham of Belleville, is the guest of relatives here for a few days.

Born, to Mr. and Mrs. Charles Ostberg, 654 Harvey street, a daughter, Charlotte Jeanne, March 13th.

PENNIMAN AVENUE

PAVING AWARDED

A large representation of contractors was present at the commission meeting Wednesday evening when bids were opened for the paving of Penniman avenue from Harvey street to Moreland avenue. Eleven proposals were opened and read by the manager and tabulated by Mr. Shoecraft, consulting engineer on the work. Two types of paving were considered, one with an eight-inch concrete slab and a combined curb and gutter, the other with a plain curb and a slab of the same thickness. The bids received were as follows:

A. J. Rehms, Bay City—	
Curb and gutter type	\$28,832.00
Plain curb type	29,038.00
Meredith & McBaughn—	
Curb and gutter type	\$29,381.00
Plain curb type	29,845.00
Andrews Asphalt Co.—	
Curb and gutter type	\$29,381.50
Plain curb type	30,998.50
Louis J. Friesinger—	
Curb and gutter type	\$29,858.50
Plain curb type	31,093.00
Crescent Concrete Construction Co.—	
Curb and gutter type	\$32,254.50
Plain curb type	31,739.50
White Construction Co.—	
Curb and gutter type	\$32,775.50
Plain curb type	33,138.00
Sloan & Sons—	
Curb and gutter type	\$32,920.00
Plain curb type	32,945.00
Pope & Foss Co.—	
Curb and gutter type	\$30,112.00
Plain curb type	31,046.00
Hudson & Coons—	
Curb and gutter type	\$30,374.00
Plain curb type	31,616.00
George R. Cook Co.—	
Curb and gutter type	\$30,913.00
Plain curb type	31,113.00
S. A. Healy—	
Curb and gutter type	\$31,279.50
Plain curb type	32,460.50

The contract was awarded to A. J. Rehms, of Bay City, on his bid of \$28,832 for the curb and gutter type of concrete pavement. The work is to be started as soon as practicable and is to be finished by June 15th.

PINNOW-THUMME

Mildred B. Thumme, daughter of Mr. and Mrs. Charles Thumme, and Carl Pinnow, Jr., were united in marriage at the home of the bride Saturday afternoon, March 10th, at 6:00 o'clock. Dr. F. A. Lendrum, of the Methodist Episcopal church, performed the ceremony, using the beautiful double ring service. Mrs. Emma Freeze acted as bridesmaid and Edward Freeze as best man. The bride was gowned in white georgette, with veil and wreath, and carried a bouquet of roses. Following the wedding ceremony, the wedding party went to the Hotel Anderine, where a dinner was served in the private dining room. During the serving of the dinner, music was furnished by the Roman orchestra of Detroit. Thirty-one guests were present from Detroit, Dearborn, Ypsilanti, Laingsburg and Farmington.

GOV-KRUMM

The marriage of Miss Ine Krumm, daughter of Mr. and Mrs. Bert Krumm, formerly of this place, to Charles Gov, Jr., son of Mr. and Mrs. Charles Gov, of Farmington, Mich., was solemnized at the Lutheran parsonage at Redford Saturday, March 3rd.

The bride wore a blue satin crepe gown, a tight cap of pearls and orange blossoms and carried a bouquet of tea roses and lilies of the valley. Miss Gladys Krumm, sister of the bride, was maid of honor and wore a sand chiffon gown. Mrs. Mona Darman, sister of the groom, was bridesmaid. Asa Krumm, cousin of the bride, and Gordon Darman were ushers.

A reception was held following the marriage at the bride's parents', where dinner and dancing were enjoyed by seventy-five guests.

Relatives and friends were present from Plymouth, Northville, Novi, Redford, Detroit, Pontiac, Coventry Gardens and Pleasant Ridge. They will be at home to their many friends at Novi after March 21st.

REGISTRATION NOTICE

All electors not already registered in the books of Plymouth township, may register at Beyer's Pharmacy, Saturday, March 17, at Village Hall, Saturday, March 24, and at other times not later than March 24, at 1222 Penniman avenue.

LINA DURFEE, Township Clerk.

BONDING NOTICE

A special election will be held on Monday, April 2, 1928, to submit to a vote of the electors of the County of Wayne, the question of contracting an indebtedness in the sum of \$500,000.00 and issuing bonds therefor, the proceeds of said bond issue to be used for the construction of a Hospital Unit at the Eloise Hospital and Infirmary.

CLEAN HOUSE SAVES BABY CHICK LOSSES

EARLY CARE EMPHASIZED BY SPECIALISTS FROM M. S. C. POULTRY DEPARTMENT.

Removal of the brooder house to clean ground will not prevent disease losses among chicks unless the brooder house itself is disinfected before the chicks are housed in it. Is the warning given by the poultry department at Michigan State college to the local leaders who are enrolled in the poultry course.

The entire lower portion of the brooder house should be scrubbed and then a liberal quantity of good disinfectant should be applied. Enough of the disinfectant should be used to insure the penetration of the material into all cracks in the floor.

The brooder stove should be regulated to give a temperature of 90 degrees at the edge of the lower, one inch above the floor. This temperature should be reduced by five degrees each week until a temperature of 80 is reached the third week, and this temperature should then be maintained until all the chicks are perching.

Give chicks their first feed when they are 72 hours old. The first drink furnished to chicks should be either water or sour milk.

A satisfactory mash can be made from 60 pounds yellow corn meal, 20 pounds flour middlings, 10 pounds dried milk, five pounds meat scraps, four pounds fine ground bone meal, one pound salt.

Coal liver oil, two quarts to 100 pounds of mash, should be fed after the first week, and green feed should be given after the third day. Feed a scratch grain made up from equal parts of cracked corn, cracked wheat and hulled oats after the third week.

WAYNE COUNTY LEAGUE OF WOMEN VOTERS.

The call to the annual meeting of the Wayne County League of Women Voters was issued several days ago, focusing the interest and attention of members of the Plymouth League on that important event. Tuesday, March 27th, is the date of the all-day meeting which will be held at the Book Cadillac Hotel, in Detroit.

Mrs. A. B. VanAkin, president of the Plymouth League, and also Mrs. Paul Wiedman are members of the county-wide arrangements committee planning this affair.

"The year 1928 is filled with possibilities—the challenge of a presidential campaign, the need for an intelligent grasp of public questions," the call reads. "We ask you to share with us in the making of next year's program, to help demonstrate the sincerity of women's interest in intelligent voting."

The morning meeting will open at 10:30 o'clock in the Italian Gardens, and luncheon will be at 1:00 p. m., in the crystal ball room. A large delegation is expected from the Plymouth League and any women who are interested in attending may do so by making reservations with Mrs. VanAkin or at the County Headquarters in the Women's City Club.

Hope for Humans Seen in Cures of Rat Cancer

London.—Much interest is shown in medical circles here in a description in the Lancet by Dr. Thomas Lumsden, working under the British empire cancer campaign, of cures of cancer in rats. This line of research obviously is followed in the hope of finding a treatment for human cancers but Doctor Lumsden refrains from mentioning the application of the method to human beings.

Briefly, Doctor Lumsden's method of attack on rat cancer consists of local injections of formalin, which damage the cancer cells in such a way that their vitality is destroyed with out simultaneous destruction of their antigenic constituent—that is to say their virulence is removed, leaving a substance which is actively hostile to other cancer cells. Their substance, Doctor Lumsden says, is then absorbed into the blood and acts as an anti-cancer serum, "contemplating the cure of the treated tumor and preventing a recurrence."

Although only small tumors can be treated by this method, Doctor Lumsden has had remarkable success, having cured 96 per cent of the rats treated by him since October. He hints at further developments by mentioning the possibility that some other substance more effective than either formalin or the anti-serum may be discovered.

A Blessing to Good Complexions

Protect your beauty in all kinds of weather with this new face powder—MELLO-GLO. Does not give the skin a dry feeling; does not clog the pores; is not affected so much by perspiration. Stays on longer. So pure and fine MELLO-GLO is made by a new French Process. It's truly wonderful. Community Pharmacy, "We serve you right."

DETROITER WILL HAVE CHARGE OF MILITARY CAMPS CAMPAIGN

PHELPS NEWBERRY, CIVILIAN AIDE FOR MICHIGAN TO SECRETARY OF WAR DAVIS.

Phelps Newberry, well-known Detroit financier, and son of former United States Senator Truman H. Newberry, has been commissioned civilian aide for Michigan to the secretary of war, by Secretary of War Davis. Mr. Newberry's commission runs four years, and during this period he will have charge of the Citizens' Military Camps campaign that is operated by the United States government for the upbuilding of the young men of this country, and teaching them American citizenship, loyalty and obedience to their parents and those in authority.

Mr. Newberry has opened a state headquarters for the C. M. T. C. at 443 Book Tower, Detroit, Michigan, with George C. Walde, well-known in Detroit and Michigan circles, as the executive in charge of the state headquarters.

Michigan will have two Citizens' Military Training Camps again this year, one at Camp Custer, which will be the largest, and the other at Fort Brady. Michigan young men will be sent to two other training camps outside of Michigan, however. These are located at Camp McCoy, Sparta, Wis., and Fort Sheridan, Ill. The two Michigan camps and the one at Camp McCoy will open on July 26, and close on August 24, while the one at Fort Sheridan will open one day later, July 27, and close August 25.

Citizens committees for the enrollment campaign have been formed in every county in Michigan, and includes county chairman, assisted by men's and women's committees and medical examiners. Because Michigan secured several hundred more enrollments last year for Camp Custer and Fort Brady than the quota assigned to it, the actual enrollment campaign has started several months later this year, and there is much enthusiasm among the trainees who attended the camps last summer. More than 300 of the trainees who took their basic course have already signed up for their second year.

The Sixth Corps Area, composed of the states of Michigan, Illinois and Wisconsin will furnish a total of 4,500 young men for the summer camps in this corps area, of which Michigan has been called upon to furnish 1,878. Young men between the ages of 17 and 24 years of age, of good moral character and in good physical condition are eligible for the training. The camps will last 30 days and all expenses are paid by the government, including transportation to camp and back home, food, a uniform, underwear, shoes, socks, bed linen, medical and dental care if necessary. Information regarding the camps, application blanks and folders explaining what is done at the camps can be had by applying or writing Phelps Newberry, civilian aide for Michigan to Secretary of War, 443 Book Tower, Detroit, Mich.

Scotch Fish Board Guards Herring Beds

Glasgow, Scotland.—There are as good fish in the sea as ever were caught, but not quite so many herring, in the opinion of the Scottish fishery board.

The practice of catching and curing immature herring for the export trade has done a great deal toward reducing the numbers of this fish, the board has concluded. With a view of protecting young herring a closed season is to be decided and the board will request co-operation of the heads of the fishing industry.

Many millions of herring have been caught this season and at times have been retailed in London and other cities for half a penny each, or about one for an American cent.

We do not print this for its wit Nor its poetic grace. We don't care what it says a bit It's just to fill the space.

The law library must be a very noisy place. "How come?" "It's so full of reports."

THE DETROIT EDISON COMPANY

Dr. Frank Crane Says

ETERNAL CHILDREN

Somewhere said that a man has four ambitions: to plant a tree, to write a book, to build a house and to beget a son.

There is something peculiarly satisfying to a man when he has a son. It may be a survival of the old feeling that one must have an heir to inherit his estate.

In China they sometimes drown the girl babies because they do not want so many girls around, and prefer boys. The affection between a man and his son is peculiarly tender. It is not the same kind of feeling that he has for his wife or for his daughter.

Somewhere the son seems to carry on his own personality and when he looks at him he feels that his life has not been in vain.

A man at a banquet the other day got up and said:

"I am lonely. Nearly every man here tonight has his son with him. I have only the memory of mine."

Then he disclosed the fact that his son was somewhere in France either

in an unmarked grave or lying unidentified near some wire fence or in a ditch.

The father wanted to go, but he was too old; they wanted young men. The son never came back.

It may be a faint consolation, but this boy has one advantage in that he will always be a boy.

We lose our children in two ways. They either die or grow up. In either case they separate from us.

The eternal children are the ones who die. They always linger in our memory as children. We expect to see them in the next world as children. They will always be children.

But those who grow up and develop their own personality and individuality swing away from us.

Perhaps after all the loneliest person is the one who has seen his loved ones grow away from him, rather than the one who has lost them by death.

The latter has them always with him in his memory, but to the former that memory is clouded by the reality.

The Hibernian laborer paused in front of the book store and a sign in the window caught his eye.

MAY FESTIVAL AT ANN ARBOR WILL BE GREATEST OF ALL

PRESIDENT CHARLES SINK ANNOUNCES PROGRAM FOR GREAT MUSICAL EVENT.

Charles A. Sink, president of the University Musical Society, has announced the following attractions for the thirty-fifth annual May Festival to be held in Hill Auditorium, Ann Arbor, May 16, 17, 18 and 19, 1928. The festival will consist of six concerts, four evening programs and two afternoon recitals. Earl V. Moore will be the musical director. He will lead the University Choral Union in a presentation of Piere's "St. Francis of Assisi," and Verdi's "Aida." With Percy Grainger as guest conductor the Choral Union will also perform Mr. Grainger's "Marching Song of Democracy."

The Chicago Symphony Orchestra, Frederick Stock, conductor, will participate in the festival for the twenty-fourth consecutive year. A special festival chorus of several hundred children of the schools of Ann Arbor, led by Anna Hickey, will present Hyde's "Quest of the Queen Prince." On the evening of the first concert the new \$75,000 Frieze Memorial organ, which is being constructed in Hill Auditorium, will be dedicated by Palmer Christian, playing a work by Eric Delamarter for organ and orchestra with Mr. Delamarter in the role of guest conductor.

Soloists engaged for the festival are as follows: Leonora Cronin, Leone Kruse, Marie Montana, sopranos; Marguerite D'Alvarez, Margaret Matzenner, Merle Alcock, contraltos; Paul Althouse and Tudor Davies, tenors; Mario Bastola and Raymond Koch, baritones; Chase Bromo, bass; Benno Rubinoff, violin; Percy Grainger, piano, and Palmer Christian, organist.

AROUND ABOUT US

The Northville Hills Association has elected Rex Dye, formerly of Plymouth, president of the organization.

Detroit parties have purchased the site of the old Brighton Inn, and will use it for the erection of new store buildings.

The Ann Arbor Flying Club now has a membership of nearly one hundred. Work will soon be started on that city's new airport.

It has been announced that the road between Ann Arbor and Whitmore Lake will be paved the coming summer, and ready for traffic in the early fall.

The Rogers family at Redford, has an organ in their possession which is 200 years old. It is of cherry wood, and is beautifully carved in open scroll design.

The S. S. Kresge Company has purchased the old township hall property in Dearborn, for \$85,000. A new store building will be erected in the near future.

The well-known realty firm of Lovewell and Smith of Northville, has dissolved partnership, and they will continue in the same business under individual names.

Frank J. Boyle, former Salem resident and well known auctioneer, who spent a part of the winter in Florida, is now enjoying the cold climate of northern Michigan.

We understand the matter of lighting the Plymouth-Ann Arbor road on that part of the highway which traverses Superior township, will be put up to the voters at the coming township election.

Fireworks every night of Washtenaw county's fair week will be a feature in 1928, according to action taken recently by the fair board. Last year's lack of fireworks on the last night of the fair caused a somewhat unsuccessful closing evening, and to counteract that this year, fireworks have been planned for each night including the final night, Saturday.—Washtenaw Tribune.

Architectural plans for the conversion of the old Burt school building on Grand River avenue into a fire-proof structure are being prepared by engineers of the Department of Public Works who are cooperating with Dr. Thomas K. Gruber, superintendent of Receiving hospital, in the proposed establishment of the emergency unit of the institution here.—Itedford Record.

Washtenaw county has been placed under a dog quarantine which goes into effect at once and continues until June 1. The action was taken by Herbert E. Powell, commissioner of agriculture, and B. J. Killham, state veterinarian. Mr. Powell states that rabies are becoming a serious menace in Michigan and nine counties are under quarantine. All dogs must be vaccinated or securely chained. No dogs may be removed from the county without permission.

Washtenaw county's most venerable, happy and contented nonagenarian is undoubtedly Roscoe P. Copeland, one of the most highly respected citizens of Dexter and father of Dr. Royal S. Copeland, United States senator from New York state. He is happy because he celebrated his ninetieth birthday anniversary on Tuesday of last week, and was showered with messages from all over the country, including a telegram signed by 40 Democratic senators and one from Vice-President, Charles G. Dawes.

"And by the way, Arthur, after you were robbed did you call the police?" "Darn right, Hezbah. Everything I could think of."

Modest Miss: "I suppose I'm the worst dressed girl here tonight." Boastful Ben: (Silence.) "I suppose I'm the worst dressed girl here tonight." "I heard you. I was just trying to think."

NEUROCALOMETER
LOCATES NERVE PRESSURE

CHIROPRACTIC ADJUSTMENTS
RELIEVE NERVE PRESSURE

What is Disease?

Those who have backache, headache, goitre, "heart trouble," "stomach trouble," indigestion, constipation, rheumatism or any of the hundred and one ills of the body will answer by saying that his particular trouble is "disease."

"Disease is any departure from the normal in the human body."

Disease is caused by a structural derangement in the spinal column.

To look for disease the Chiropractor makes an analysis of the spinal column.

The vertebra that is out of line, pressing on a nerve, is the cause of disease.

The Chiropractor adjusts the cause.

OFFICIAL PROCEEDINGS OF THE VILLAGE COMMISSION

Plymouth, Mich., Feb. 20, 1928.
A regular meeting of the Commission held in the Commission Room of the Village Hall Monday evening, February 20, 1928, at 7:00 p. m.
Present: Commissioners Hondorp, Pierce, Learned and President Fisher.
Absent: Commissioner Henderson.

The minutes of the regular meeting of February 6th and the adjourned regular meeting of February 10th were read and approved.

A motion was made by Commissioner Learned and seconded by Commissioner Hondorp, that we have the car, seized by the Police Department and turned over to them by the State Department of Public Safety, repaired at an expense not to exceed \$35.00 and that the old Ford coupe be turned off for \$60.00 on the bill. The motion was carried.

It was moved by Commissioner Learned and seconded by Commissioner Pierce that the water rate to patrons outside the village limits be charged at 50% in addition to the regular rate.

Ayes: Commissioners Hondorp, Learned, Pierce and President Fisher. Nays: None.

A motion was made by Commissioner Hondorp, seconded by Commissioner Learned, that the new water ordinance of 1928 be given its third reading and adopted as follows:

An ordinance to regulate the installation of water mains or pipes and to provide for the payment of the cost of same, also the use of water from the waterworks of the Village of Plymouth and establishing rates and providing for the collection thereof.

Section 1. All ordinances or portions thereof concerning the laying of water mains and the regulation of rates in the Village of Plymouth heretofore in force are hereby repealed.

Section 2. In any district within the Village of Plymouth which is not served by water mains, it shall be competent for the owners of 50% or more of the real estate within such district to present a petition to the Village Commission of the Village of Plymouth asking that proper water mains be laid to serve such district. Upon receipt of such petition the Village Commission shall adopt a resolution specifying the streets and alleys through which it shall be found necessary to lay such mains and pipes, in order to serve such petitioners. Such resolution shall contain a list of lots to be served by such mains or pipes, together with the number of feet frontage of each lot and the name of the owner of the same. Such resolution shall order the assessor to assess the total cost of such improvement upon such lots according to the frontage abutting on such streets or alleys where such water mains are laid. The cost of laying mains, including all material for the same is hereby fixed at the sum of ninety cents for each lineal foot of real estate abutting upon the street or alley where such main is to be laid, provided that the Village Commission shall have authority to change said price per lineal foot at its discretion.

Section 3. No person or persons shall make connection with the waterworks system of the Village of Plymouth except by application as herein after provided.

Section 4. All applications to make connection with said system of waterworks shall be made at the office of the Village Treasurer in writing and upon blanks to be furnished by the village. Such applications shall fully describe the location and where such connections is desired. A tapping fee of twenty-five dollars shall be paid at the time such application is made and if the connection is larger than three-quarters (3/4) of an inch, the total cost, including said twenty-five dollars paid, shall be the actual cost of making the connection, plus fifteen per cent (15%), all of which amount remaining unpaid shall be due and payable immediately upon making the connection.

Section 5. Upon the filing of the above application and the payment of the tapping fee, the Village Manager shall cause suitable service pipes to be laid from the water main to and including the curb cock, which shall be located between the curb line and the sidewalk line, and be provided with a suitable service box. The work of furnishing and laying the pipe up to and including the curb cock shall be done at the expense of the village. The applicant shall furnish and lay the balance of the service pipe at his own expense, subject, however, to the supervision and direction of the Village Manager. Said pipes laid by the applicant shall be laid to the depth of the bottom of the water main, unless otherwise permitted by the Village Manager. All pipe between the shut-off in the street and the meter shall be galvanized iron pipe or extra strong lead pipe. No steel pipe shall be used between the meter and the street. A valve for shutting off the water shall be installed on each service pipe immediately inside the cellar or basement wall. A template, to be furnished by the village, shall be placed in a horizontal position in the service line immediately after the shut-off. Another shut-off shall then be placed in the service line before any branches are taken therefrom. Both valves shall be drainable gate valves, either Scott drainable gate valves or of equivalent quality. The service pipe must be extended to the point in the basement or cellar where the template is placed before any branches are taken therefrom. The Village of Plymouth will furnish the necessary templates at the time of application for water tap to the Village Treasurer. Where on services now in place it becomes necessary to replace the inside shut-off valve, the valve shall comply with the specifications for new valves as given above.

Section 6. No person or persons shall use water without permission or cause willful or needless waste of water by allowing constant flow of faucet or otherwise or to allow the occupant of any building not paying water rates to use the water from said premises; and in case of violation of any provision of this section in addition to the penalties hereinafter provided, the offender shall be liable to have his supply of water shut off by the village without notice.

Section 7. It shall be unlawful for any owner or occupant of any building in which water is used from said system of waterworks to refuse to the duly authorized employees of the village admission to all parts of said building and the premises in which the same is situated, whenever and wherever it shall be necessary to have water pipes and fixtures, to ascertain whether

there is any waste of water, or for the purpose of installing, repairing or testing any meter used in connection with such waterworks, or to count the number of fixtures from which water is used.

Section 8. No person or persons not duly authorized shall bore any pipe, open any hydrant or stop-cock or interfere in any part of said waterworks system under penalty of this ordinance and in addition to said penalty, any damages caused by such unlawful interference with said waterworks system may be collected from the offender or offenders.

Section 9. Where owners or occupants of property desire the village to shut off the water from their premises at the curb cock either because the premises are vacant or for the purpose of repairs, a charge of \$1.00 shall be made and collected before the water is turned on again.

Meter Services.

Section 10. All new services shall be metered and the village reserves the right to place a meter on any service now in without application from the consumer where such action shall be deemed necessary to prevent waste or to protect the interests of the water department or to continue the policy of metering all consumers. The meters shall be furnished by the village and shall remain the property of the village. Where premises have no cellar or basement or where no suitable place for a meter is provided by the property owner, the property owner shall pay the cost of the installation of an outside meter wall. This meter wall will be read and repaired by the water department of the village as often as may be necessary, and no additional charge will be made for such service, except that when a meter is damaged by frost or hot water or otherwise through the fault of the consumer and not of the village, the cost of the repair of such damage shall be paid by the consumer, the bill for same to be included with the next water bill.

Consumers or property owners whose meters are located within the building, must not cover the meters or place obstructions that may prevent convenient access to the meter at any time by the employees of the water department for the purpose of reading or making repairs.

The village reserves the right to determine the size and number of meters required for any service.

When water has been used for a period without the meter registering, the water so used shall be estimated by the village on the basis of past consumption by the user or by similar users. The current meter schedule shall apply to water used through a meter out of order.

Notice shall at once be given the Village Manager when a meter is found by owner, occupant or tenant, to be out of order.

Section 11. Water bills are payable quarterly, during the months of January, April, July and October, for the preceding quarter. If the water bills are not paid within thirty days after the day that the same are due and payable the water will be shut off without further notice. The water will not be turned on again until all arrearages are paid and in addition thereto the sum of one dollar (\$1.00) will be charged for turning on said water. Failure to receive bill does not exempt consumer from the penalty.

Meter Rates.

Quantities in gallons. Bills quarter by quarter.

Section 12. For each service there shall be a charge for the service and meter (per quarter) as follows:

- For a service with a 5/8-inch meter, 60c.
- For a service with a 3/4-inch meter, 90c.
- For a service with a 1-inch meter, \$1.80.
- For a service with a 1 1/2-inch meter, \$3.00.
- For a service with a 2-inch meter, \$6.00.
- For a service with a 3-inch meter, \$8.40.
- For a service with a 4-inch meter, \$10.80.
- For a service with a 6-inch meter, \$18.00.

In addition thereto for all water used there shall be charged: For the first 25,000 gallons per quarter, or any part thereof, the domestic rate of 25c per thousand gallons. For water used in excess of 25,000 gallons, not exceeding 100,000 gallons per quarter, the intermediate rate of 20c per thousand gallons. For water used in excess of 100,000 gallons per quarter the rate of 15c per thousand gallons.

The following are the minimum bills for the different sized meters per quarter:

- 5/8-inch meter, including 4,000 gallons, \$1.60.
- 3/4-inch meter, including 6,000 gallons, \$2.40.
- 1-inch meter, including 10,000 gallons, \$4.30.
- 1 1/2-inch meter, including 23,000 gallons, \$9.25.
- 2-inch meter, including 41,000 gallons, \$15.45.
- 3-inch meter, including 92,000 gallons, \$28.05.
- 4-inch meter, including 164,000 gallons, \$41.65.
- 6-inch meter, including 369,000 gallons, \$79.60.

Where in order to provide a sufficient quantity of water there are two or more services to a single building or property each with a meter, the regular service charge shall be made for each meter, but the total amount of water registered by all the meters shall be used in figuring the charge for water used, and not each amount separately.

Flat Rates.

Section 13. Where meters are not installed, the following charges shall be made for the use of water from the waterworks of the Village of Plymouth, the same to be annual charges, unless otherwise specified. All flat rates are payable semi-annually in advance and are due on the first of January and July of each year. If the water bills are not paid within thirty days after the day that the same are due and payable the water will be shut off without notice. The water will not be turned on again until all arrearages are paid, and in addition thereto the sum of \$1.00 will be charged for turning on said water.

Service charge: Because when a consumer has made connection with the village water main and is paying his water bills regularly, the village must hold itself ready and able to serve the consumer up to the maximum capacity of his service pipe, there shall be charged for each service a "ready to

serve," "stand by" or service charge according to the size of the service as follows:

- For a 5/8-inch, 3/4-inch or 1-inch pipe, the sum of \$0.00 per year.
- For larger than 1-inch, including 2-inch pipe, \$10.00 per year.
- For larger than 2-inch pipe, \$15.00 per year.

In addition thereto, charges shall be made as follows:

- For domestic outlet, \$2.00 per year.
- For water closet, \$1.30 per year.
- For bath tub or shower, \$1.00 per year.
- For hydrant or sill cock, \$2.00 per year.
- For stores, \$5.00 per year.
- For soda fountains, \$5.00 per year.
- For barber shops:
 - First two chairs at \$2.50 per year.
 - Other chairs at \$1.00 per year.
 - First tub or shower, \$5.00 per year.
 - Other tubs or showers, \$3.00 per year.
 - For stables, each animal, \$1.00 per year.
 - For restaurants, \$10.00 per year.
 - For churches, \$4.00 per year.

For building construction purposes the following charges are made for the use of the water from the time of installation of the service pipe until meter is installed:

- For 3/4-inch service pipe, \$1.25 per month.
- For 1-inch service pipe, \$3.00 per month.
- For 1 1/2-inch service pipe, \$7.50 per month.
- For 2-inch service pipe, \$12.50 per month.
- For 3-inch service pipe, \$28.75 per month.
- For 4-inch service pipe, \$51.25 per month.
- For 6-inch service pipe, \$115.00 per month.

Section 14. Water consumers outside the limits of the Village of Plymouth shall be charged at fifty per cent additional over the rates in force within the corporate limits.

A charge of \$10.00 per year shall be made for each line hydrant connected to the water mains, the said charge to be paid each year to the water department fund from the general fund.

A penalty of ten per cent shall be added to all bills not paid on or before the fifteenth of the month in which they are due.

Section 15. Property owners shall be held responsible for the payment of all water rates. Upon written authorization from a property owner, bills may be sent to a tenant, provided, however, that such authorization is accompanied by a written guarantee by the property owner for the payment of such rates.

Section 16. It shall be unlawful for any person to leave open any faucet or hydrant so as to allow water to be discharged through the same, except for the purpose of legitimate use, or to knowingly permit any water pipes upon his premises to remain in a condition where the same shall leak. It shall be the duty of the Village Manager to turn off and refuse water to the person or persons violating any of the provisions of this section until such time as such person shall pay the village such amount as the Village Manager shall after investigation estimate the amount to be.

Section 17. Any person violating any of the provisions of this ordinance shall, upon conviction thereof, be fined in any sum not exceeding one hundred (\$100.00) dollars, or be imprisoned in the Detroit House of Correction for not exceeding ninety (90) days, or both such fine and imprisonment may be imposed, in the discretion of the court.

Section 18. This ordinance shall take effect April 1, 1928.

Henry J. Fisher, President.
William Weltner, Clerk.

I hereby certify that the above ordinance had its three readings and was adopted by the Commission of the Village of Plymouth, and may vote being taken as follows:

Ayes: Commissioners Hondorp, Learned, Pierce and President Fisher. Nays: None.

Dated this 20th day of February, 1928.

William Weltner, Village Manager.

A motion was made by Commissioner Pierce, seconded by Commissioner Learned, that the petition for the paving of Ann and Harvey streets be laid on file until the next meeting. The motion was carried.

A petition was presented by a number of taxpayers petitioning for the opening of Farmer street from the east line of Starkweather avenue to the west line of Mill street to intersect with Caster avenue. A motion was made by Commissioner Pierce and seconded by Commissioner Learned that a committee of one be appointed to secure options on the property necessary for the street opening as petitioned for. The motion was carried.

Commissioner Learned was appointed by the president.

Chief of Police George W. Springer reported that the Safety Department of the County Road Commission had offered to place traffic signs on all through streets without expense to the Village of Plymouth. A motion was made by Commissioner Learned, seconded by Commissioner Pierce, that the offer be accepted, the signs to be erected under the supervision of Chief of Police Springer and the Village Manager, William Weltner. The motion was carried.

A petition was received, signed by several deputy police officers, asking for an organization of the local police force in a manner similar to that of the fire department under the supervision of the Chief and subject to the approval of the Village Commission as provided for in Chapter 7, Sections 29, 32 and 33, of the Village Charter. The petition was referred to the Chief of Police for his consideration, to be reported on by him at a future meeting of the Commission.

The report of the Auditing Committee recommended the payment of the following bills:

Geo. W. Richwine, treasurer, \$ 9.11
Detroit Edison Co. 201.07
Jesse Hake 75
Mary K. Hillmer 847.40
Kenneth Anderson Co. 124.85
Badger Meter Mfg. Co. 34.84
Detroit Automobile Club. 10.00
Ford Motor Box Co. 481.70
Gamon Meter Co. 740.00
Gregory, Mayer & Thom 75

Total \$2,430.47

They also approved payment of the following checks written since the last meeting:

Administration payroll \$ 471.67
Fire payroll 22.00

Police payroll 273.50
Labor payroll 344.70
Total \$1,117.87

The Commission adjourned.
Henry J. Fisher, President.
Wm. Weltner, Clerk.

Plymouth, Mich., Feb. 27, 1928.
A special meeting of the Commission held in the Commission Room of the Village Hall Monday evening, February 27th, at 7:00 p. m., called for the purpose of considering the paving and sewer program for 1928.

Present: Commissioners Hondorp, Learned, Pierce and President Fisher.
Absent: Commissioner Henderson.

Mr. Decker and Mr. Shoecraft of the firm of Hoop, Decker, Shoecraft & Drury, were present and discussed the 1928 paving and drainage program for the following streets with the Village Commission:

Arthur street from the north line of Pennington avenue to the south line of Blanche street.

Blunk street from the north line of Church street to the south line of Junction avenue.

Ann street from the north line of Williams street to the south line of Junction avenue.

Harvey street from the north line of Pennington avenue to the south line of Farmer street.

Williams street from the north line of Church street to the south line of Farmer street.

Ann Arbor street from the east line of Main street to the Perry Marquette railroad.

Pennington avenue from the east line of Main street to the north line of Ann Arbor street.

The Village Commission then requested that Hoop, Decker, Shoecraft & Drury furnish a proposal for the engineering services for the above named improvements. The proposal made was as follows: A charge of 3% to be made for the plans and specifications and assistance in letting contract, a charge of 2% for the engineering and supervision of construction of said improvements, making a total of 5%. All these prices to apply on all streets except Harvey street, Ann Arbor street and Pennington avenue, for which a business arrangement was entered into on June 15, 1927, and confirmed by a resolution of that date by the Village Commission. It is further understood that the above named engineers would proceed immediately to prepare estimates of cost for the pavements and the drainage of the above named streets for the purpose of a bond election to finance the share of the cost that the village is to bear for these improvements. If the bond issue falls at the election it is understood that said estimates of costs for Arthur street, Blunk street, Ann street and Adams street is to be furnished without cost to the Village of Plymouth. A motion was made by Commissioner Pierce and seconded by Commissioner Learned that the agreement as outlined above be adopted.

Ayes: Commissioners Learned, Pierce and President Fisher. Nays: Commissioner Hondorp. Carried.

A motion was made by Commissioner Learned, seconded by Commissioner Hondorp, that bids for the paving of Pennington avenue from Harvey street to Moreland avenue be advertised for and opened on the fourth of March at 7:30 p. m. Hoop, Decker, Shoecraft & Drury to be authorized to advertise for bids in the Michigan Contractor and Builder issue of March 3rd. The motion was carried.

The Commission adjourned.
Henry J. Fisher, President.
William Weltner, Clerk.

AUCTION

HARRY C. ROBINSON, Auctioneer
Phone 7, Plymouth

Giving up the dairy business on account of fences being taken down for subdivision, I will sell at public auction on the premises, located on Ann Arbor road, 1 1/2 miles east of Middle Belt road, 1 1/2 miles south and 1/2 mile west of Plymouth road, known as the old Graham homestead, on

TUESDAY, MARCH 20
AT 12:30 O'CLOCK

11 HEAD OF CATTLE

The cows all tested March 5, 1928

- 1 Jersey Cow, 8 years old
- 1 Durham Cow, 5 years old
- 1 Jersey Cow, 7 years old, milking
- 1 Jersey Cow, due to freshen last of March, 4 years old
- 1 Jersey Cow, 5 years old, due to freshen last of March
- 1 Jersey Cow, 4 years, old, due to freshen in April
- 1 Black Jersey Cow, 4 years old, due to freshen in March
- 1 Holstein Cow, 6 years old, milking
- 1 Holstein Cow, 5 years old, fresh
- 1 Holstein Cow, 7 years old, due to freshen in April
- 1 Holstein Cow, 3 years old, due to freshen in March
- 1 Holstein Cow, 4 years old, due to freshen in March
- 1 Holstein Cow, 10 years old, fresh
- 1 Durham Cow, 3 years old, fresh in April
- 1 Guernsey Cow, 7 years old, freshhen in March
- 1 Jersey Heifer, 18 months old
- 1 Holstein Bull, 18 months old

- 1 Road Grader, nearly new
- 1 Tractor, new last May
- 1 Oliver Tractor Plow
- 1 Double Disc Plow

2 Brood Sows
12 Shoats, 3 months old

1 Span Black Horses, weight 3,400, 9 years old

TERMS—Sums of \$25.00 and under cash; over that amount six months' time will be given on approved notes, at 7 per cent interest, payable at Plymouth United Savings Bank.

Harvey Clement,
PROPRIETOR
JESSE ZIEGLER, Clerk, Phone 38-F31, Farmington

FARMER'S WIFE MAKES CAKE. ALL MEAT, BAD DIET. CRIME AS A BUSINESS. WIRELESS FLIGHT, PERHAPS.

This will interest farmers' wives. Mrs. James Hamilton, of Pawhuska, Okla., not satisfied with thirty cents a dozen for fresh eggs, developed this idea. She knew how to make good angel cake. Eleven eggs make a cake that sells for a dollar. Cost of other ingredients amount to little. Mrs. Hamilton put her eggs in angel cake and got nearly one dollar a dozen.

Many farm wives, however, far from any angel cake market, can sympathize with an Irish farmer asked by an efficiency man, "Do you know what the ducks swimming in that middle would be worth in London?" "I do," replied the farmer, "and have you any idea what the puddle of water would be worth in hell if I had it there?" The market is the problem.

Stefansson, Arctic explorer, tests in a hospital, under medical supervision, a diet consisting exclusively of fresh meat and water. Thousands within the Arctic Circle live on such a diet for months at a time, some of them eating as much as twenty pounds of fresh meat in a day.

But it is not a good diet. Men were put on the earth to cultivate it and should eat all of its products, the spices and the oranges of the South, and the red meat from the West. But if compelled to choose between all meat and all vegetables, choose the meat.

You probably will not live as long, but you will think more. A vegetable diet is not good for thinking.

As regards crime, the city of Cleveland excels in police efficiency. The percentage is 83, against 63 in Baltimore, 36 in Kansas City, 16 in St. Louis. The National Crime Commission publishes Dr. Louis N. Tolbinson's statement that police inefficiency and leniency in courts have made crime almost the safest business in the United States. The percentage of failure is lower than in the retail grocery business, for instance.

In Chicago insurance companies notify the citizens that they will insure against bombing of buildings by various branches of crime, bootleggers, competing labor organizations, etc. If you can't discourage crime, the next best is to insure against it—although it doesn't help much if you happen to be at home for the bombing.

A new flying machine idea based on "free energy" or "magnetic power" interests Lindbergh and others. It burns no fuel, is expected to fly for 2,000 hours, and Lester J. Henderson, the inventor, is full of hope. It is only hope, as yet, although the working model performs well. Eventually, no doubt, as Tesla and others believe, flying machines will pick up "wireless power" from the earth, borrowing from Niagara, the Colorado River and other sources as they fly around the world. That will solve power problems, and 1,000 miles an hour speed will annihilate distance.

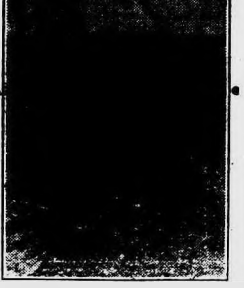

A French flier surpasses the American "loop record" by turning eleven hundred and eleven aerial somersaults with a monoplane in four hours and fifty-six minutes. That is exactly as unimportant as the number of back somersaults turned by a circus acrobat. It is thinking and inventing that count, not "stunts."

Moscow statistics for 1927 show four divorces for every five marriages. Divorces may equal marriages. Some young Russians, according to report, are divorced five and six times in one year.

Russian authorities say this is a proof of good morals, proving that young people insist on retaining the marriage status, even if they change every month, and that they will not sink to promiscuity. This must stimulate in our young "trial" and "companionate" marriage enthusiasts.

A severe earthquake in Jerusalem makes us realize that nature and old mother earth pay no attention to the importance of persons or localities.

BORER LEFT HOMELESS

Clean surfaces like this make it tough for the corn borer. After being plowed under, the borer comes to the top but can find no refuge. The pest is exposed and soon perishes. A clean surface makes the borer easy prey for birds and other animals.

Officer—"And here's a ticket for you."
Old Lady—"You better give me one, too, officer. He don't go a step without me. I don't care what the show is."
H. A. Sage & Son says: Good natured service is like a well-paved, one-way street—it adds pleasure to the journey."

Many farm wives, however, far from any angel cake market, can sympathize with an Irish farmer asked by an efficiency man, "Do you know what the ducks swimming in that middle would be worth in London?" "I do," replied the farmer, "and have you any idea what the puddle of water would be worth in hell if I had it there?" The market is the problem.

FRESHMAN CLASS ENTERTAINS

The classes all have their opportunity to entertain for assembly, and so in due time the freshmen came forward with a fine program. As the senior high school was not allowed to attend this fine entertainment, they feel that they have missed one of the delightful activities of school life.

The seventh, eighth and ninth grades filed into the auditorium, expecting to hear or to see they knew not what. Some faint murmurings and whispers here and there had given them the idea that the program was to be carried out in a southern atmosphere. They were quite right in this belief because the entire class hour was filled with a very unique portrayal of our south.

First on the program was a very pleasing piano duet by Irene Livingston and Evelyn Starkweather.

"A Negro Dialogue," came the announcement. Edward DePorter and Stephen Horvath, black and shiny, looked for all the world like two colored boys, and their voices were especially clever. Then Lyford Fritz, in his pajamas, came out, glibly up on Edward's lap, and was told some nice little bedtime stories.

A group of girls, Maurine Dunn, Camilla Ashton, Mary McKinnon and Kathryn Hitt, with Doris Haines as accompanist, in pretty costumes gave the "Folk Dance." Heartily applause from the audience at the close of this act.

A chorus of class members dressed in keeping with the occasion, sang some of our old favorite negro songs. Among the selections were: "Old Black Joe," "My Old Kentucky Home," and "Old Folks at Home."

The last number on the program was an original idea. Some of the popular advertisements of the day were cleverly imitated by members of the class. Lyford Fritz, still in his pajamas, presented to perfection the well known "Time to Retire." He appeared with a tire over one shoulder and holding a candle. Immediately the audience was able to guess the title of this advertisement.

Katharine Hitt represented "That School-Girl Complexion," and set us guessing whether or not she was playing a natural role. Camilla Ashton made an effective "Old Dutch Cleaner," and appeared as though she had lately stepped from the freshly scrubbed brick floor of a little Dutch house.

June Jewell, dressed exactly like the little lady seen on the "Baker's Cocoa" boxes, made her audience think she was really going to serve them some hot chocolate. She even carried a tray on which were placed a pitcher and some cups. Maurine Dunn and John Randall, attired in sport clothes as though they had just returned from a tennis game, drank something substituted for Coca-Cola. Everyone wished to share it with them.

The freshmen are assured of the success of their program because of the many fine compliments which is has received since last Wednesday afternoon, March 7th.

SENIOR PLAY SOON
The senior play is becoming more and more talked of, everyone contemplating seeing it, if possible. If all attend who are at the present discussing the play, it will be necessary to give more than two performances. The dates are not very far away, and the tickets will soon be on sale. All who are eager to see the play, "You and I," to be given March 22 and 23, will want to be seriously considering the purchasing of their tickets.

The proceeds from the play will be used for three purposes: First, for class expenses; second, for the class memorial to be left as is the usual custom; third, the remainder will be used for the scholarship fund.

Everyone is anxious not only to see our seniors of '28 successful in staging the play, but we are interested in the production itself. It is extremely popular and is a Harvard prize play. Let us keep on wondering about the play and when the time comes find out for sure.

ICE CREAM A SUCCESS
The high school is about ready to install a regular ice cream factory on the third floor, after the success of the experiment in that line by the physics class. Of course our teachers were all favored with very tempting dishes of delicious looking ice cream, and all this took place last Thursday after school. They pronounced it absolutely perfect, and very strongly urged the class to try the experiment again very soon. The only thing that we regret is that everyone was not permitted to enjoy the ice cream in company with the class and the teachers.

ENGLISH CLUB ORGANIZED
Modern school work is somewhat different today than it was in our grandfathers' childhood. Then it was monotonous—every day the same—no change whatsoever to arouse the pupils' interest. Today we find an entirely different system with clubs and different organizations which throw different lights on study. The student enjoys his work, and force is not necessary to persuade him to accomplish something.

In the 8-B English classes, under Mrs. Stevens' direction, a Citizens' Club has been organized. It teaches the pupils the fundamentals of better citizenship and interests them in clean living. The officers of the club were elected as follows: Frank Learned, president; Henry Bengert, secretary; Mary Jane Hamilton, program chairman.

The business meeting is carried out with all the necessary formalities of a regular meeting, and then the program takes place. For this week the program consisted of very interesting talks given on the origin of holidays. Several members were given special reports, and these were delivered in a very fine manner.

This work is not only valuable as training for better citizenship, but also gives the pupils interesting facts on which to broaden if so desired.

FRESHMAN DANCE

"Did you have an enjoyable evening last Friday?" "Oh, I had the best time I've had in a long time." This is an example of the many similar dialogues which were carried on after the freshman dance last Friday evening, March 9th. This was the first party to be given by that class, and they were somewhat worried as to the outcome, but they had no need to be. The high school classes each had a large representation present, each person in the best of spirits. Remarks were continually being made as to the size of the crowd, and all were glad to see that the youngest fellow class was being successful.

The rhythm of the music filled everyone with the desire to dance. The "circles" and "robbers" were one continuous role of laughter and merriment. Merely by looking at the happy faces of the dancers, gay assurance as to the success given. The financial and social matters were both serious worries at first, but after everyone arrived these questions were not considered as issues. Anyone present will be able to describe their delightful evening.

CLASSES HOLD MEETINGS

Everyone knows that the classes have important business which must be carried on in meetings, just as do other organizations. Last Wednesday, March 7th, with the freshman program was being given in the auditorium, a splendid chance for these gatherings was left open. The sophomores and juniors seized this opportunity to transact their business.

The juniors were very much pleased to hear the results of the successful J-Hop. The fact of being the first class to really make a profit on an elaborate affair of this kind, is enough to make any class rather happy. Every single member is extremely proud of the fine cooperation in this class, each one seems to feel a certain responsibility and manifest it in the spirit on which the activities are based.

When a dance is given by one certain class, invitations are issued to the others as a whole. The junior invitation was read in their meeting and each individual was especially urged to attend. The success of these small dances is due entirely to the support of the student body; therefore they are asked to attend if any possible way can be found. We are sure the juniors were represented by a good majority.

The sophomores are not particularly busy, their activities being at low ebb at present. Their class meeting was called mainly for the purpose of issuing their invitation to the freshman dance.

Each semester the time to pay class dues rolls around, and everyone must die down in his pocket and pay up before he is penalized. The "sops" are all doing this very thing and it is hoped that it will not be necessary to assess a penalty on anyone.

BOY SCOUTS ATTEND CAMP BRADY

Near to Pontiac lies Camp Brady, a camp which is dear to all Boy Scouts who have ever been there. Last weekend ten Boy Scouts left Plymouth to have their share of enjoyment at the camp. Their whole stay was marked by a contest between the different divisions represented. To begin with all of the boys were divided into patrols which had different tasks set for them. Points were given to the boys who did these tasks well, and these points were credited to the boys' home division.

Another method of gaining credit was by "putting out" the best stunt at one of the evening gatherings. Of course there were several contests which helped the division whose members won the most honors. Then at the end of their stay it is decided which division has won the most points and it is the winner of the meeting.

The Plymouth boys who went are: H. Segnitz, F. Shear, J. Randall, L. Segnitz, M. Blunk, G. Williams, F. Allison, L. Schryer, S. Horvath and W. Kirkpatrick.

CAMPFIRE GIRLS

Since the student council made the rule of having the clubs and classes present the majority of assembly programs, most of these organizations have been in the process of either just having given a program or expanding all of their efforts in preparation for the "C" girls of Camp Chichiquami, which is under the direction of Mrs. Dykehouse, are in the latter predicament.

Besides this, these girls and the girls of Camp Wetomachick, which is under the direction of Mrs. Stevens, are very busy earning honors to be recognized at the Great Council Fire. This event which is to be held the first of May, is certain to be an important date on every campfire girl's calendar.

The girls of Camp Wetomachick are also very busy making designs for their ceremonial gowns which are especially for the Great Council Fire.

JUNIOR GIRL RESERVES HAVE CONTEST

In school this week, there is an exciting contest going on between the Bears and the Wildcats. Students of Plymouth High might say that they haven't seen any of these species of wild animals wandering about the building. To find these ferocious animals one must go to the Junior Girl Reserves who can explain the whole struggle. The Bears are being led by June Jewell, against their worthy opponents, the Wildcats, led by Lucile Helny.

girls will not object very strenuously if one should choose the opposing animal.

DO BRAINS COUNT?

In Plymouth High school today we find that the majority of students claim that success is due to luck. Success in passing your subjects; success in gaining a place in any of the clubs or organizations, classes or journalistic activities. Their attitude may be summed in the phrase, "We have over-estimated the matter of intelligence."

This attitude is incredulous. It is untrue. Let us prove this by example: There is one realm in which so-called luck may be a paramount factor, namely, gambling. The turn of the roulette wheel, the roll of dice in a crap game, and horse racing are all so largely controlled by chance as to be matters of luck. But here it ends. Even in such gambling, if a person wishes to be successful brain becomes a dominant factor of success. In horse racing the man who gambles on hunches and depends on luck is the loser in the end. Only he who studies the record, analyzes the condition of the horse, who considers the weight, integrity and ability of the jockey, who uses his brains in determining the winner will beat the law of average in this sport.

But all gambling is in the main stupid and wasteful. Let us come to something more constructive. When a person declares that success is due to luck he is saying that the history of America was luck. This, however, is an absurdity. If Columbus had not still and waited for something lucky to happen he would never have discovered this continent. What he did do was to use his brain; he studied maps; he accepted the popular belief of the rotundity of the earth; he spent years in searching for someone to finance his voyage, always remaining undeterred by ridicule and unshaken by skepticism. It was not luck but brains, courage, determination and faith that held him to this purpose. And yet people call it "luck." Oh, what a miserable word to connect with the discovery of what is not the controlling factor of the world.

And yet we might go even further and ask if it was luck when Benjamin Franklin discovered electricity, or the result of a carefully thought out plan? Did Watts discover the hidden force of boiling water by luck, or was it because of keen powers of observation and an active imagination? Did Fulton's boat go without sails because he was lucky or because he applied brain power to the problem of material locomotion? What sane person would contend that Edison, Marconi and a thousand others were merely lucky and succeeded because of this instead of using brains, imagination, observation, industry and will? Yet this is what a person contends when he says success is due to luck.

And what of the world's great writers? Was it luck that made Shakespeare the world's greatest dramatist, or are the elements of his success to be found in his utilization of logic, power, poetic imagination and dramatic apprehension?

Is the success of Paderewski and Kreisler and a thousand other musicians due to luck? Or has their genius taken shape in consequence of years of toilsome practice and the sacrifice of every minor factor to the goal of their success?

If it were luck rather than brains and effort that conditions success, then all of the mighty giants of invention, art, literature, drama and music were fools to toil through the years to perfect their arts. Why not sit by and wait for luck to help them out?

If the statement is true, why put forth effort? Why improve one's brains if brains do not count? Why believe in a universe which is not under the law of cause and effect but a mere madhouse of capricious chance? Why go to school at all? Why spend from five to eight hours at school and two to four at home preparing for the next day? This is a waste of effort. Why, it must be foolish to sit up all night cramming for an examination since passing is due to luck. This must be a foolish and stupid senselessness the way, the attitude of the students is taken. If he thinks a subject he says it was bad luck. But was this the real cause, or was it the failure to apply himself to the cause, to use his brains?

No. Some other word must be found. Luck does not decide what you make in studies or elsewhere. Luck does not rule the destinies of mankind. If you are successful it is due to the use of brain power, not luck. If you are a failure it is due to the failure to use your brains.

There are many things responsible for success. Among them are alertness, use of mind, power, imagination, observation, hard work, patience and an understanding of the meaning of life. The students must get rid of the word luck if they wish to be successful and place in its stead brains. "Brains do count."

BACK TO STANDARD.

The captain of this year's baseball team has his pitching arm on the road to fame for Plymouth's team of '28. Alvin Collins has been practicing every day of the last week and has his arm nearly back to last year's standard. Although there was no snow shoes available at the first of the week and no boots at the last, the many men out for the team have shown much anxiety toward the first practice game. Plymouth plays the Normal Central High school at Ypsilanti on April 13th, and they play here the following week. This school is not in our league, but it will set a fast example for our Plymouth boys to keep to. Plymouth has a very good chance at a final if they keep up the practice with the zeal that their captain is setting. There is no reason why the best men of the school can't play, as almost everyone is eligible, and that is often the difficulty in other schools.

TOO COLD AND WET.
The track teams have not been on their outside practice this week. It has been feared that someone would find them a frozen in, a running team

that would give their good points away.

The golf team that is soon to start has had bad weather to start in. New clubs are being displayed between the boys at school. Practice will start indoors and go outdoors as soon as possible. Plymouth has many young golfers that will take the places on the team and surprise the school with what they know about golf. Many of these boys had "nine hole" courses around the yard or garden at home. Golf was brought from Meadowbrook at Northville to the homes of caddies and now the school has put it on the list of its sports. This makes another sport that Plymouth is sure to have a good team in.

STARKWEATHER SCHOOL.

The spelling championship for this school is quite evenly matched. Catherine Conpton, Jeannette Lott, Doris Lockwood, Ruth Edson and Helen Ribar, of the sixth grade, were the winners so far. Who will win in the final spelloff? Just wait and we shall see.

Fred Ditzler is still out of school on account of illness, so Doris Lockwood was appointed by Mrs. Bird to take his place in the book room during his absence. Last week the BA room took up a collection and sent Fred a basket of fruit. Isn't it nice to think when one is ill that back in school are friends who think of you?

Willur Kincaid made a present of some hand-made dog-look-ends which has been greatly appreciated by all.

FIFTH GRADE LIBRARY CLUB.

The fifth grade in Mrs. Moles' room organized a library club last week. The following officers were elected: Ellwood Elliott, president; Marian Brown, secretary; and Doris Fishlock, treasurer. Each week a chairman is elected. Kenneth Davis being the one for March 9th.

Short book reports were given by Edward Elson, Donu Herrick, Doris Fishlock, Arnold Ash, Mirzaet Brandle, Gertrude Schryer and Elaine Shingleton.

The club meets or will meet each Friday during the regular language period. It has been whispered around that because some of the fifth grade pupils got their names in the paper for good marks, that others have worked extra hard in order that their names might be put in print. In this way the "Pilgrim Prints" has helped raise the pupils' marks.

On March 7th of the 5th classes in Mrs. Moles' room had AI in spelling. The 2A and B had their first picture study lesson last week. They studied the "Knitting Lesson," by Millet. They are making a booklet of all the pictures that they study.

This class is studying the prevention of colds in hygiene class, so suppose that none of the members will have colds any more.

In Miss Lape's room Roy Agrusa, Bonnie Darnell, Arthur Arbus, Merle Fisher and Donald Milbeck have been neither absent nor tardy this semester.

Four boys are ahead in the first grade spelloffs, namely, Merle Fisher, Joe Patzsch, Donald Milbeck and Francis Melgham. These boys have never been spelled down. Don't you think this is a good record?

THE CENTRAL SCHOOL.

Miss Hallahan's 6A pupils are preparing for the spelling contest next Friday. So far Levi Sockow has the most stars in the contest. Last Friday afternoon every pupil had a perfect spelling lesson.

The drawing class are making booklets for picture study.

Emerson Snyder is a new pupil in Mrs. Halliday's fifth grade.

The 2A are making safety first booklets telling all about how to have safety in the home, school and outdoors.

Mrs. Statezmi visited the 4A grade last week.

Donald Thrall has returned to school after a month's absence on account of illness. Ruth Bichy is now absent.

Miss Weatherhead's pupils are beginning their picture study. The third grade is studying Van Ruyssdael's famous painting, "The Windmill," while the second grade are studying the "Torn Hat," by Sully. These little folks enjoy picture study very much.

Even Miss Hodges' 1A pupils are studying pictures. They have made booklets and have them nearly finished. Appreciation of good pictures, good music and good literature is training the children to use their leisure time profitably and with pleasure.

In Mrs. Root's first grade Carol Campbell, Lowell Hitt, Shirley Mault, Rose Neidosphal and Elton Williams have been neither absent nor tardy this semester.

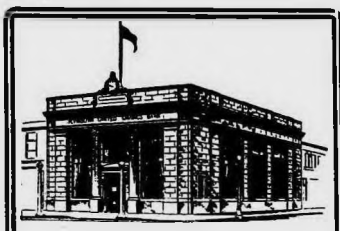

At the P. T. A. last week Doris Buzzard, Isobel Natra, Carol Campbell and Dorothy Barnes sang a few songs.

Mrs. Root says that because Carol Campbell was such a good reader she was promoted to the 1st.

Mrs. Fletcher Campbell visited school last week.

Miss Willmore has three new pupils, Kenneth Felt, Patricia Brandel and Louise Van Wesleya. Eugene Swartz moved to Pontiac. This makes a total of 30 in the morning and 12 in the afternoon.

Throughout the grades in both schools spring decorations have been made, such as tulip borders and kites. Also in the lower grades Holland, the land of the skies, is being studied.

SCHOOL NOTES

(Continued from page 4)
tractively decorated. Each of the 19 clubs represented a foreign country, carrying out their decorations accordingly, and each having at least one girl dressed in the costume of their country.
The program was built upon the idea of a world tour by airplane. Directed by the pilot, Katherine Howman, stops were made at every country. As each country was reached the club representing it sang their original song. Plymouth, who represents Mexico, presented a very peppy song written by Catherine Nichol, and won first place in the class of songs suitable for camp. Everyone was enthusiastic about it.

As if this were not enough, when the scholarship shield, which is awarded every semester to the club showing the greatest gain in scholarship marks, was given out, it was

awarded to Plymouth to hang in the hall of old P. H. S. for another term. When at last the home post was reached everyone was filled with a new love and enthusiasm for the Girl Reserves.

P. H. S. TO HAVE NEW TENNIS COURT.

Absolutely! Plymouth is going to have a tennis court and soon everything that looks or acts like a tennis racket will be called into active service. Tennis courts are something of which Plymouth has had a remarkable scarcity and a demand inversely proportional to this scarcity. And now to meet this demand comes the school board with the wonderful news that as soon as the frost is out of the ground work will be commenced on Plymouth High school's tennis court. One thousand dollars is the liberal appropriation, for this project, with the qualification that it be made of concrete. The location is expected to be on school property facing Adams street.

Tennis courts are something which an active, progressive town like Plymouth cannot do without. The game is clean and fast, requiring considerable skill and athletic ability if it is played the way it should be, and a court would be a very efficient safety valve for the energy pent up during school hours, which would be dangerous if not given a proper outlet. This is just one reason for building a tennis court. Another is that many older people enjoy a game of tennis, and at the present time find it necessary to turn to some other activity for their recreation which may not be as healthful as tennis.

With a tennis court Plymouth could have its own tournaments, its own team for competition with other high schools, and its own tennis championship. Now this is to be realized. So get out your racket and await the coming of spring and the tennis court.

David Nichol.

SALEM

Salem Federated Church.
Minister, Rev. A. J. Parker.
Services Sunday, March 18th:
Lenten service at 10:30 a. m. Music by the choir.
Sunday school at 11:45 a. m.
Evening pictorial service with still and motion pictures at 7:30 o'clock.
Lenten subject, "Christ's Last Evening on Olivet." Collection.
Public Lent service in the church Wednesday at 7:30.
Church night Friday, March 23rd. Program to be announced later.

District meeting of young people. Sunday school teachers and officers of the Washtenaw County Council of Religious Education will be held in Salem Federated church on Friday evening, March 30th. Banquet at 6:15, followed by musical program and great public meeting, to be addressed by Prof. W. D. Henderson, of the University of Michigan. Churches and Sunday schools throughout the district are kindly asked to make a note of this date and district meeting.

Mrs. Laura Smith returned home Sunday after spending the winter with relatives at Pontiac and friends at Royal Oak.

W. D. Rice, of Big Rock, was calling on friends in Salem Wednesday.
Mrs. Howard Whipple and Mrs. James Dickie, of South Lyon, were Saturday callers at the G. Foreman home.

Mrs. Mertie Murray, of Plymouth, spent Wednesday at th G. Roberts and G. Lyke homes. Miss Fern was an evening guest.

Mr. and Mrs. Harry Atchinson entertained several friends Friday evening.

Mr. and Mrs. Grant Currie, Miss Frances Anderson and D. Phillips attended the county P. T. A. at Ann Arbor Tuesday.

Royce Tennant entered school Monday.

Sunday dinner guests at G. Foreman's were Mrs. James Dickie, of South Lyon, and Misses Ruth, Dorothy and Harold, of Detroit. Callers were Charles Skinner and friend and J. Youngblood, of Detroit, and Mr. and Mrs. M. Renwick, of South Lyon.

The Salem P. T. A. meeting was held at the town hall Friday evening, with a good attendance. The program opened with a reading by Miss Adams, of Ann Arbor; singing by the choir, then Mr. Kingsley, of Ann Arbor, gave a very interesting talk, after which Miss Anderson taught two reading classes, the first and fourth showing the new method of teaching; question box by G. Aerie, followed by music by the choir, and a business meeting.

Mrs. Emmett Geraghty was called to Kingston, West Virginia, last week on account of the illness of her father.

Mrs. Harold Foreman is improving nicely from her recent accident, but is still under the care of a doctor.

A CARD—To all of those friends who so thoughtfully remembered me on my birthday, I wish to express my thanks and appreciation for the kind thoughts that prompted these remembrances.

Mrs. Sarah Stanbro, Salem, Mich.

A CARD—I wish to extend my thanks and appreciation to the neighbors and friends who so kindly assisted us during my recent illness; also the O. E. S., Rebekah, Ladies' Aid, Mrs. Brock's Sunday-School class and others for the lovely flowers.
Mrs. Charles Hadley.

The VICTORY SIX
BY DODGE BROTHERS

CROP REPORT

Farm stocks of corn, wheat, and oats on Michigan farms were all less on March 1, this year, than on this date last year, according to a report issued today by Herbert E. Powell, Commissioner of Agriculture, and Verne H. Church, Agricultural Statistician for Michigan. Following the very short corn crop of 1927, the stocks of this grain were only about half as high as on March 1, 1927.

The total stocks of corn amounted to \$578,000 bushels compared with 16,249,000 bushels the year before, or 22 per cent in 1928 against 30 per cent in 1927. Only two per cent of the 1927 crop was shipped out of the country where grown, whereas three per cent of the 1928 crop was so shipped. The wheat stocks on March 1, this year, on farms were 17 per cent of the total 1927 crop compared with 13 per cent on the same date the year before, and a ten-year average of 20 per cent. These wheat stocks amounted to 3,270,000 bushels this year, compared with 3,048,000 bushels held on Michigan farms on a March 1, 1927.

Oat stocks on Michigan farms amounted to 18,960,000 bushels, or 35 per cent this year, compared to 20,206,000 bushels or 39 per cent last year.

The barley stocks of 21 per cent were one per cent more than last year, and the rye stocks of 17 per cent compared to 16 per cent farm stocks last year.

It was estimated that 51 per cent of the 1927 corn crop for Michigan was of merchantable quality. This was 12 per cent below the average, but was two per cent better than the quality of the 1928 crop in this state. For the country as a whole, 73.4 per cent of the 1927 corn crop was of merchantable quality compared with 71.1 per cent last year and 78.9 per cent for the ten-year average.

For the country as a whole, the stocks on farms of corn, wheat, and oats, on March 1, were less than last year, and the stocks of barley and rye more in total bushels. The nation's farm corn stocks were 36.6 per cent of the total crop this year, and 42.1 per cent last year, and wheat stocks were 14.9 and 15.7 per cent, respectively.

EATS SAUERKRAUT NOW,
FEELS YEARS YOUNGER

"Now I eat even sauerkraut and sausage and feel fine. Adlerika ended stomach gas and I feel ten years younger."—Mrs. M. Davis.

Just ONE spoonful Adlerika relieves gas and that bloated feeling so that you can eat and sleep well. Acts on BOTH upper and lower bowel and removes old waste matter you never thought was there. No matter what you have tried for your stomach and bowels, Adlerika will surprise you.—Boyer Pharmacy.

THE THEATRE

"THE GAY DEFENDER"

American history—the never-failing source of inspiration to novelists, poets, playwrights and scenarists—has yielded up another stirring drama for the motion picture screen.

This time the most colorful character in the lore of the nation's most colorful state is depicted in a powerful melodrama. The character is Joaquin Murrieta, Spanish bandit who helped rescue California from the grip of terror which followed the gold rush of 1849.

The picture, "The Gay Defender," a new Paramount release, comes to the Penniman Allen theatre Sunday and Monday, March 18 and 19, with Richard Dix starred in the central role. It is said to be the most romantic characterization in his career.

Murrieta, California history relates, was strangely enough a resident of Los Angeles, where 75 years later his life was done into celluloid by Dix. Son of an aristocratic Mexican family, the youth turned to banditry only when his brother was hanged and his wife tortured by American desperadoes whose heavy-handed attempts to take justice into their own hands was a phase of the story period of the gold rush. Vowing vengeance, Murrieta set out to win retribution, and in the short but eventful three years that elapsed before a sheriff's bullet killed him, the vow had grown to the proportions of a sacred passion. At one time, Murrieta had more than 1,000 followers and was held in no less a respect than driving every American out of the state of California.

From El Dorado to Sacramento, old timers still tell stories of Murrieta's spectacular raids, which always had their denouement in the finding of a bag of gold at a mission gateway. From printed history and from these native son yarns, Grover Jones, Paramount writer, drew his material for the original screen story. "The Gay Defender," which is based loosely on Murrieta's exploits, Ray Harris, Sam Mintz and Kenneth Rainsbeck, in adapting it for the screen, are said to have retained the true spirit.

Gregory La Cava, who has directed several of Dix' most successful Paramount pictures, drew the directorial assignment on "The Gay Defender." Theama Todd, ravishingly beautiful graduate of the Paramount Picture School, here has her first big opportunity as the American sweetheart of the bandit-hero. Fred Kohler, "wolf of the screen," is cast as the villainous American.

"SERENADE"

If you want to see a picture you will never forget, then see "Serenade," the Paramount production starring Adolphe Menjou, which comes to the Penniman Allen theatre, Tuesday and Wednesday, March 20 and 21.

In every body's life there are songs that carry an association in recollection. How and why songs are linked with memories is shown in this picture, so appealingly, so convincingly and so entertainingly that you will always remember "Serenade." It is one of the best things Menjou has ever done and it is the greatest picture in the class of idealistic romance ever presented.

Menjou deviates from his typical well-tailored characterization and is introduced as a poor Viennese composer, about to be evicted for non-payment of his rent. He meets Kathryn Carver, blonde, appealing and beautiful, when he engages a room in her home and they fall in love.

Love is the spark that touches the fire of the young artist's inspiration. His genius commands him and under the inspiration of the great romance he writes an operetta dedicated to his sweetheart. Overnight it is the sensation of all the wags.

The public acclaim turns his head and he begins to neglect his wife who inspired and helped him through his struggles. His duplicity is exposed when she sees him with the prima ballerina of the opera company and later finds rouge spots on his face and powder on his coat sleeve.

A new side of the meek and servile wife comes to the surface when she brings Menjou to his knees by a course of punishment that not only wins his love, but added respect. "Serenade" is an entirely new treatment of the photodrama. It is a beautiful love song photographed and it gives one the feeling of seeing as well as listening to the tender humming strains of a wonderful romantic composition. Much of the credit for this original handling should go to H. D'Abadie D'Arrast, the director, and to Ernest Vajda, famous international playwright, who wrote the original story.

The supporting cast, whose smooth work contributes importantly, includes Lawrence Grant, Lina Basquette and Martha Franklin.

"THE SPOTLIGHT"

Love or career, fame of happiness That is the question confronting the girl in the Paramount picture, "The Spotlight," starring Esther Ralston coming to the Penniman Allen theatre Thursday and Friday, March 22 and 23.

There are three ways out for the girl. She can take the happiness she longs for and try to hold it by keeping up with a sham. She can tell the truth and run the almost certain risk of losing happiness. She can turn her back on love and try to find happiness in the fame that has come to her through unprecedented success on the stage.

While "The Spotlight" is a story of the stage it is more than that. It is one of real life, intensely human and absorbingly interesting. It has all the romance of the stage interwoven about a love story as different from the usual love plot as day differs from night.

Esther Ralston as Lizzie Stokes, has a great part in which she undergoes an amazing transformation from plain New England girl to a sophisticated Russian actress—as the actress who wins the fame she has always craved and thinks that her troubles are over. Then she finds that her troubles have just begun when love enters into the scheme of things. Can the man who loves a Russian actress love the American girl who is the real article beneath the clothing and accent?

Nell Hamilton takes the part of Norman Brooke, the lover; Nicholas Soussanin, the Russian, has the role of Hoffman, the theatrical producer; and Arlette Marchal and Arthur Housman have good supporting parts. Frank Tuttle directed the picture.

proof . . . there is a difference in FERTILIZERS

HERE is proof—proof of extra yields, better quality, earlier maturity, larger profits—made with "AA QUALITY" Fertilizers.

Read the letters printed at the right. They are from successful farmers who use sound farming methods and "AA QUALITY" goods.

These and thousands of similar letters prove that, whatever crops you grow, "AA QUALITY" Fertilizers will help you get more profit for every dollar invested.

The superior crop-producing power of "AA QUALITY" Fertilizers is due to—

1. Great care in selecting the materials from which the plant-food elements are derived.
2. Formulae based on a thorough knowledge of local crop and soil conditions; formulae continuously checked and studied by a group of experts; formulae tested by over 60 years of successful crop production.
3. Perfect mechanical condition, assured by extra care and the most exacting standards of manufacturing.

This year feed your crops with "AA QUALITY" Fertilizers—and let your crops feed your bank balance. Insist on getting "AA QUALITY" Fertilizers from your dealer.

"AA QUALITY" FERTILIZERS

Sold under a Double Quality Guarantee

1st Guarantee—on the front of each bag is one of the following famous old names that stand for a fertilizer made to meet the exact needs of your soil.

ALINE looked up with a sudden start of interest from the couch where she had been reading at the shy, rosy face of Beth as she entered the room.

"Beth, something has surely happened. 'What is it?' Aline asked. The bobbed, blond head nodded, and Beth held out a slim hand, and on the finger was a diamond ring.

Aline sat up. "So now you have gone and done it! Engaged to Dick Meerley. But are you sure—very sure—you want to spend the rest of your life with him?"

The smooth cheeks deepened in color. "Of course, I am. I'm going to have a home of my own!" she almost sang the sentence.

Aline mused; older, wiser, trained in the ways of the great city, somewhat cynical herself because of what she had seen and known, she wondered to herself if this golden-haired lass was more in love with Meerley than the thought of a home. Probably Meerley loved her as a man should; he seemed to; but there was Ted Ransom, who also loved her.

Aline sighed as she said, "Good luck to you, honey. Let's see your precious stone."

Beth held out the slim finger, and Aline looked at the stone, stared—and then looking closely for a moment, patted Beth's hand.

"Isn't it a beauty, Aline?" Beth asked, her eyes dancing.

"It ought to be to be in keeping with you, you pretty thing." Aline said with finality.

But the moment Beth had gone from her room, Aline rushed to the room of her special "pal," Ruth Graves, and blurted out to the astonished girl:

"Ruth, can you imagine it? That gabby Meerley has given Beth a glass diamond engagement ring—think of it!"

The other girl stared, then laughed. "I don't believe it, Al—"

"I haven't worked in a jewelry store for ten years, my dear, without knowing one of these fakes when I see it."

"But—"

"Yet I'll make sure. I'll get it from Beth by hook or crook, and then I'll find out."

Aline did so, that evening, on the pretense that the setting seemed to be a bit loose; and the next morning she went promptly to Ted Ransom at the diamond counter in the store.

"Ted, here is Beth's engagement ring that Meerley gave her. I know it is rubbing it in a bit to come to you, but you are the expert here. I want to find out if it is real."

His gray fine eyes darkened, and his hand had a bit of tremor as he took the ring. Aline noticed it, and said in her impulsive way:

"Ted, she ought to be yours; why don't you try the old caveman theory?"

He smiled faintly. "What I love I would not wish to hurt in any way." He picked up the ring. "And she loves him—and he seems to be a fine chap. I'll look this over carefully and let you know, Aline. Just now, I have a rush order."

When she came for the ring just before starting home, he handed it to her. "It is all right, Aline, that is the real thing."

"There was nothing to do but to believe him, but she looked at the ring the moment she reached her room; and again she stared at the symbol of love which, in this case, promised just the opposite to her mind.

As she pondered, Beth burst in. "Oh, Aline, did you say the ring was a fake—did you? did you?"

"Ruth has gossiped!" Aline thought with sudden dread. "Dear, I did think it was, but I guess I was wrong. You wait a moment."

She went to the hall phone, a fiery determination flooding through her, and called Ransom at his apartment, and, as his pleasant voice answered, she made him come to the house.

When he came into Aline's sitting room, his friendly face changed suddenly as he saw Beth, and Beth seemed to look at him hungrily.

"Ted, let's have the truth. The ring I took to you had a fake stone in it, and you know it. This ring has a beautiful stone in it, and—you put it in place of that fake," Aline said bluntly.

Aline heard a faint gasp from Beth, but Ted said nothing except: "I am sorry you discovered it, Aline. Beth deserves a more beautiful one than even that, and I could not quite face the thought of her wearing that imitation. Besides—"

"Besides," Aline said quietly, "you never thought of what must be in the heart of a man who gives the girl he loves a fake ring. I think 'ed it because I am a woman, I suppose." She turned to Beth. "Hon, do you want that fake ring back?"

"Never! Never! Oh, Aline, I have been so doubtful, too, and this settles it, I—"

"I know, dear, I know. Now, look, I'm going out of this room, and I want you two to patch up your old friendship; and afterwards, we'll have a regular feed here to celebrate. I'll get the things."

She closed the door softly behind her, and started down the hall. "I'm an old maid and I'm tough. These men don't fool me," she advised herself, ending her sentence with a bit of song that rose to her lips from her heart.

Picked Up About Town

Dad Plymouth says the easiest way in the world for a man to make his wife mad is to buy her a hat or coat like the last one he bought her.

We suppose when the Kansas City and Houston conventions are over there'll be two new brands of cigars on the market.

It remains for Dad Plymouth to declare that most people wouldn't want their own way if they could have it.

Another thing, a girl doesn't mind chapped lips caused by the right fellow as much as she minds lips chapped by the wind.

"Times change," asserts Dad Plymouth, "but a country man still has the idea that a useless dude is a city chap who doesn't know how to harness a horse."

The theory that you're lucky when you win doesn't always apply to courtship and marriage.

"Give old Mother Eve credit for one thing," urges Dad Plymouth. "When Adam got in from work every evening she didn't kiss him to get a smell of his breath and see if he had been eating apples again."

"I've never yet been able to figure out," declares Dad Plymouth, "why a good looking girl will insist on wearing a hat that covers her face."

Sure Way to Stop

Night Coughing

A Prescription That Ends Night Coughs in 15 Minutes

Persistent night coughing is usually due to causes which cough syrups and patent medicines do not touch. A remarkable prescription known as Thoxine, working on an entirely different principle, goes direct to the cause, and is guaranteed to stop the stubborn cough within 15 minutes. One swallow is all that's needed. If it fails, get your money back. No chloroform or other harmful drugs. Safe for children. Equally good for sore throat, for which purpose it is far superior to gargles. Ask for Thoxine, 35c, 60c and \$1.00. Sold by Dodge Drug Co. and all good drug stores.

CHEVROLET

USED CARS

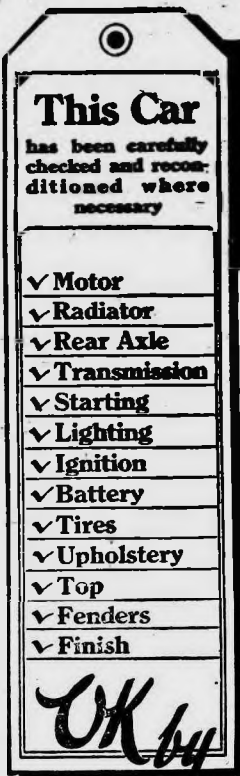

with an OK that counts

Look For the Red "O. K." Tag

After we have thoroughly reconditioned a used car, we attach a red "O. K." tag to the radiator cap.

This tag certifies that the vital units of the car have been gone over completely by expert mechanics and put in condition to give thousands of miles of additional service. It takes all the "guess-work" out of used car buying.

Look for this tag when you buy a used car—for it is your guarantee of quality and value!
