## WILL HOLD BIG SCHOOL PICNIC

### ANNUAL WAYNE COUNTY SCHOOL PICNIC, EIGHTH GRADE COMMENCEMENT AND FIELD DAY.

Wayne county zone schools will hold their annual field day, eighth grade commencement and basket picnic at Elizabeth park, Trenton, on Saturday, June 9th.

Every school in the county is invited. Teachers are urged to have their schools present with as many parents as is possible. Make your plans early.

The program will be as follows: 10:00—Arrival of schools in decorated autos and floats.

11:00—Address to eighth grade graduating class by Superintendent F. W. Frostic of Wyandotte, followed by the presentation of diplomas.

12:00—Basket picnic dinner.

1:30—Field day sports and games.

Band concert throughout the afternoon.

3:30—Awarding of honors to the winners.

This year the winners of the field events will be presented with gold, silver and bronze medals instead of presents as in former years.

We believe this plan will conform to the idea of the kind of honors our boys and girls will most appreciate.

The program of field events will be mailed to each teacher soon, and teachers are requested to send all the entries to the commissioner's office. A local program of contests may be used to determine who shall represent the school in the county meet.

It is important that all entries be in the commissioner's office by June 1st. No entries can be made on the day of the picnic.

## Edward F. Stein Wayne County Sheriff Dies

### LOCAL HIGH SCHOOL TRIMS ROOSEVELT HIGH 99 TO 23 DUCTED BY THE MA-SONIC ORDER.

Edward F. Stein, sheriff of Wayne County, died last week Thursday evening, at Providence hospital, Detroit, as a result of pneumonia. Mr. Stein was in Plymouth, Thursday, May 3rd, to attend the meeting of the Wayne County Police Chiefs' Association, the day before he was taken to the hospital, and his death was learned with deep regret by his many friends in Plymouth and vicinity. Mr. Stein was 58 years old. He had served a previous term as sheriff, and had also held the office of county treasurer, and was a prominent figure in Wayne County political circles.

Funeral services were held Monday afternoon, from his late home, Kill-winning Masonic Lodge, of which Sheriff Stein had been a member for the past quarter of a century, had charge of the services.

## Will Hold Banquet

The Merchants Service Bureau is planning a big banquet and meeting for Thursday evening, May 24th, to be held at the Presbyrian church at Northville.

The bureau has been and is conducting a "Pay Promptly" campaign as well as a membership drive. They have been very successful in securing several new members and a good number of live prospects. The banquet is to be the climax of the membership drive while the "pay promptly" campaign will continue until June 30th.

It is the Merchants Service Bureau's good fortune to have for the speaker, the national secretary and educational director of the National Retail Credit Association, Guy H. Hulise, of St. Louis, Missouri.

The association is particularly fortunate in being able to have this national officer, as his services are in steady demand all over the United States.

This meeting is open to bureau members, their wives and friends.

The Smith Motor Sales Co. has taken a half year of today, to announce a special on used cars. If you are in the market for a good used car, it will pay you to look over the bargains they have to offer.

## Death of Mrs. Beulah Jewell

Beulah Minchert-Jewell was born in Plymouth township, March 28th, 1888. She was united in marriage to George Jewell in 1910. At this time they moved to Pompeii. After a short period of a year and a half Mr. Jewell's health became very poor and he departed this life March 13th, 1912, leaving his wife and one little daughter, Kathleen Evadna. Since that time Mrs. Jewell has made her home around Plymouth. Fifteen months ago, when she became confined to her bed, she was taken to the home of her parents, Mr. and Mrs. W. C. Minchert, where she passed away May 11th.

Besides her one daughter, Kathleen, she leaves her father and mother, two sisters, Mrs. Gorge Everett, of this place, and Mrs. Lloyd Huston, of Detroit, and one brother, Claire, also of Detroit, and many other relatives and a host of friends.

Her thoughtful consideration of others and her willing spirit of helpfulness made her a most kind and serviceable neighbor and friend. During her young life she endeavored herself to many. Her beautiful spirit will be greatly missed.

Services were held from the home of her parents Sunday afternoon, Rev. W. Nichol officiating. She was laid to rest in Kinyon cemetery.

## PLYMOUTH ATHLETES WIN AT YPSILANTI

### LOCAL HIGH SCHOOLS TRIMS ROOSEVELT HIGH 98 TO 28 LAST SATURDAY.

Plymouth High did not get much more than an easy work-out in its meet with Roosevelt High here Saturday, as they romped away with every event to run up the overwhelming score of 98 to 23. The Rough Riders did not win a single first in the meet, and were shut out of two events, the high jump and shot put.

Packard, of Plymouth, was the individual luminary of the day as he scored victories in five events and ran on the winning relay team. Crumm was another Plymouth athlete that stood out in the meet. He won three events and placed in a couple others. Wray Smith and DeNike were the best performers for Roosevelt.

The 440-yard run was the most interesting event on the program. E. Foster, of Plymouth, rushed out into the lead at the start, but was overtaken by Smith of Roosevelt, who went into a good lead. Smith was unable to hold the pace, and was beaten by both Plymouth runners in the finish, Packard taking first place.

**SUMMARY**  
100-Yard Dash—Won by Packard, Plymouth; second, DeNike, Roosevelt; third, Herrick, Plymouth. Time 10.6 seconds.

220-Yard Dash—Won by Packard, Plymouth; second, DeNike, Roosevelt; third, Woodbury, Roosevelt. Time 23 seconds.

440-Yard Dash—Won by Packard, Plymouth; second, E. Foster, Plymouth; third, W. Smith, Roosevelt. Time 59.9 seconds.

880-Yard Run—Won by E. Foster, Plymouth; second, W. Smith, Roosevelt; third, C. Foster, Plymouth. Time 2:21.8 seconds.

One Mile Run—Won by Rattenbury, Plymouth; second, Moore, Plymouth; third, Roberts, Roosevelt. Time 5:24 seconds.

220-Yard Low Hurdles—Won by Beegle, Plymouth; second, DeNike, Roosevelt; third, Carmichael, Plymouth. Time 27.2 seconds.

120-Yard High Hurdles—Won by Beegle, Plymouth; second, Carmichael, Plymouth; third, Roberts, Roosevelt. Time 19 seconds.

Pole Vault—Won by Crumm, Plymouth; second, Carmichael, Plymouth; third, Woodbury, Roosevelt. Height, 8 feet 10 inches.

Shot-Put—Won by Crumm, Plymouth; second, Herrick, Plymouth; third, C. Foster, Plymouth. Distance, 37 feet 11 1/2 inches.

High Jump—Won by Randall, Carmichael, C. Foster, all of Plymouth, tied. Height 5 feet 2 inches.

Discus—Won by Crumm, Plymouth; second, W. Smith, Roosevelt; third, C. Foster, Plymouth. Distance, 77 feet.

Javelin—Won by Packard, Plymouth; second, DeNike, Roosevelt; third, Crumm, Plymouth. Distance, 132 feet 11 inches.

Broad Jump—Won by Packard, Plymouth; second, C. Foster, Plymouth; third, Crumm, Plymouth. Distance, 13 feet 8 inches.

Relay—Won by Plymouth, (Packard, E. Foster, Herrick, Beegle). Time 1:42.9 minutes.

## Hotel Mayflower Has New Manager

### HAROLD A. SAGE IS GENERAL MANAGER, WITH J. E. TAYLOR, RESIDENT MANAGER.

A change in management of the Hotel Mayflower took place last Saturday, when Harold A. Sage became general manager of Plymouth's community hotel. Harold is a Plymouth boy, who has made good in the hotel business, and at the present time is manager of one of the large hotels in Detroit. Mr. Sage is interested in his home town, and naturally is anxious to see the local hotel a success, and under his supervision, there is every reason to think that it will be.

Mr. Sage resides in Plymouth, and will be able to keep in close touch with the operation of the hotel here. James E. Taylor has severed his connection as assistant manager of the Savoy Hotel in Detroit, to become resident manager of the Hotel Mayflower. Mr. Taylor has been associated with Mr. Sage for the past six years, serving at the Statler and Fort Shelby hotels in Detroit. Mr. Taylor is very popular among hotel people, and the Mayflower is fortunate in being able to secure him as resident manager.

Wilbur Murphy will be the day clerk, and Ernest Letourneau night clerk. Mrs. Mary Murray will continue as housekeeper.

Mr. Sage has also secured the services of Edward McConnell as chef of the Mayflower. Mr. McConnell was formerly with the Solvay Athletic Club, and for two seasons at the exclusive Buccanier Club of Chicago.

It is the policy of the new management of the Hotel Mayflower, to get the best obtainable, and the services of Mr. McConnell will be a great asset to the hotel.

Aside from famous chicken dinners, the patrons will be treated with many other dishes of original recipes, and they will be welcome when visiting the hotel, to have a copy of any particular order they may fancy. Popular prices will be maintained, and the best of foods only will be served, so to eat at the Mayflower will be a distinctive as well as a profitable pleasure.

## NEW SCHOOL LAW PROVIDES FOR ANNUAL SCHOOL MEETING SECOND MONDAY IN JUNE.

The last legislature enacted a code of school law, which contains several changes from the old law. Among the most important changes, the new law provides that the annual school meeting shall take place on the second Monday in June, instead of in July. School officers and trustees elected at this time must qualify within ten days, but do not assume office until July 1. This leaves the old school officers in office up until July 1st.

Mrs. Ralph West pleasantly entertained the Junior Bridge Club last Thursday evening.

## MERCHANTS OPEN SEASON WITH VICTORY

### TAKE GAME FROM DETROIT COUGARS, 14-6.

It was a cold day for a ball game, but there was a large crowd out at Burroughs field Sunday to see the local boys take their first game of the season. McCaffery, who started pitching for Detroit, was very wild, and with no support from his teammates, the locals scored six runs before Detroit could get another man warmed up and in the box. This was B. Goodel, who proved to be a little better, but with very poor help from their team-mates it was very discouraging for any pitcher. Walker and Strasen were the battery for Plymouth, and everybody knows what they are when playing together. Ward allowed 10 hits but they were well scattered and at no time did he really have to get down and pitch his best.

Curtis and Rowland are new players with the Merchants and stood up well in their first game. While Curtis is a first-class catcher, he played field Sunday, as did Rowland, who is also a pitcher.

The Cougars last year were a very strong team and the local manager thought that he was getting a strong team for the opening date, but they proved to be just the opposite.

Next Sunday, May 20th, the Detroit Nationals are coming out with a good team; at least they always have had a good team. As it is a little early in the season to judge just what we are getting, we can only go by past experience. One thing we do know is that it will be clean baseball.

Last Sunday's game by innings:  
123456789—R-H-E  
Cougars .....010004010—610  
Plymouth .....61021040X—14 7 3  
Batteries—For Cougars, McCaffery, Goodal and Gardell. For Plymouth, Walker and Strasen.  
Umpire—Gray and Trimble.  
Time—2 hours, 35 minutes.

## MRS. MURVALE W. HUSTON PASSES AWAY.

Mrs. Murvale W. Huston died at her home on Blunk avenue Wednesday night. At the time of our going to press the funeral arrangements had not been made. A more extended notice will be given next week.

Mr. and Mrs. O. W. Showers entertained company from Flint last week.

## Funeral of Mrs. James Horan

Martha Horan (nee Drows) was born March 21st, 1886, in Mckenlour, Germany, the daughter of Mr. and Mrs. Christ Drows. In the Lutheran church of the country of her birth she was baptized and lived there up to the age of six years, when she came to this country and to Plymouth with her parents. Here she attended both the parochial and the public schools until she was confirmed in St. Peter's Lutheran church of Plymouth on Palm Sunday, 1901.

October 23rd, 1912, Martha Drows was united in marriage with James Horan, of Plymouth. This union was not blessed with children, but Mrs. Horan extended motherly love to other motherless children.

Mrs. Horan was apparently well and healthy and nursed her parents and husband when they were sick in bed a few weeks ago. Suddenly she was taken sick and became so seriously ill that, when pneumonia set in, she sank quickly. She died May 7th at 9:18 o'clock p. m. and leaves to mourn her departure the husband and, on his side, his mother, one sister and one brother, all of New York, and on her side, the aged parents, three brothers, four sisters-in-law, nieces, nephews, and many distant relatives and friends. She attained the age of 42 years, one month and 17 days.

Mrs. Horan was a faithful member of the Lutheran church all her life, and also a very active member of the Ladies' Aid society, whose treasurer she became at the last election.

Funeral services were held from St. Peter's Ev. Lutheran church last Friday afternoon at 2:00 o'clock, Rev. Charles Strasen officiating, and were largely attended. Interment was made in Riverside cemetery.

## Prisoner Escapes From Prison Farm

Charles Milewski, serving a 30-day term at the House of Correction farm, walked away from the farm during the recreation period last Sunday, at the same time three prisoners escaped from the Detroit House of Correction prison, after sawing through a barred window and smashing a hole through a brick wall. Officers from the prison farm were detailed to make a search for the prisoner as soon as his escape was discovered. At the time of our going to press, he had not been apprehended.

## Former Plymouth Citizen Sheriff

Ira A. Wilson, a former well known citizen of Livonia township and Plymouth, and under-sheriff of Wayne County, has assumed the office of sheriff made vacant by the death of Sheriff Edward F. Stein. Mr. Wilson, according to an opinion handed down by Robert M. Toms, prosecuting attorney, is entitled to hold the office until a new sheriff is elected and qualified, and that the judge of probate, county clerk and prosecuting attorney have no right under the 1923 law to name a successor.

## D. A. R.

The Sarah Ann Cochrane chapter, D. A. R., will hold its regular May meeting Monday, May 21st, at 2:30 p. m. at the home of Mrs. Nettie Dibble. The annual election of officers will take place at this meeting. Mrs. Dwight Randall, who was a delegate from the Sarah Ann Cochrane chapter to the thirty-seventh Continental Congress of the D. A. R., held in Washington, D. C., April 16-21, will give a report of its sessions.

## EX-SERVICE MEN AND LADIES HOLD ENJOYABLE MEETING

The Ex-Service men and their ladies held their regular monthly meeting Monday evening, May 14th. One of those famous pot-luck suppers was served. In recognition of the many courtesies shown and aid given to the club in the past, Mr. and Mrs. Oliver Goldsmith were entertained as honor guests of the evening.

A reading was given by Mr. Goldsmith, which was enjoyed by all present. A regular business meeting followed. A number of grave markers have been purchased for both the World War veterans and the G. A. R. veterans. The proceeds of a poppy sale are hoped to defray the cost of these markers. Mr. Goldsmith very generously contributed to this fund.

Livingston's orchestra furnished music for the social hour that followed.

### SAFETY CAMPAIGNS.

The opening of the driving season finds "safety campaigns" under way in many cities and towns. They are all right, and they do a lot to bring about safer and better conditions for both motorists and pedestrians; but as far as Plymouth is concerned, we much prefer a safety campaign that is observed every day in the year—a campaign in which every individual pledges himself every time he sits behind a steering wheel, that he is going to drive more carefully than he did yesterday, or that he has ever driven before. With every individual doing this there is no reason why this community should add any names to the great national death roll of 12,000 people yearly. Start your own safety campaign—and start it now. Then make it a point to see that you observe it every day, everywhere and under every condition.

### HOME BOOKKEEPING.

Wonder how many residents around Plymouth depending on the soil for a living actually have an accurate system of bookkeeping and keep tab on production? We are reminded of this by reading where a western farm agent declares that a recent investigation in his section showed that those who keep books, and a careful check on all receipts and expenditures, get a better return on their money than those who just pay out as they have the money, and get the money as they can and without keeping account of it. He says some have doubled their labor income by maintaining a businesslike check on all transactions. Of course, it takes a little time and considerable patience, but if it is economical, then it is time and patience well expended. We'd be glad to hear more on this subject, and especially from any in the neighborhood who have had experience in farm bookkeeping, and who know how to explain their system to their neighbors.

### BUILDING CONFIDENCE.

The reaction that the ordinary Plymouth citizen gets when he sees something advertised attractively is that the thing must be what it is claimed to be or people would not spend money in pushing it. They do say much about the goods that they are not willing to back up. They may have to carry such goods to meet public demand, but they do not usually care to push them; they want people to understand just what they are; but when they do endorse something heartily, and praise it in their newspaper advertising, it is evidence that the value offered is all there. As a result, advertising brings a prompt response. If the thing offered is a good bargain—and merchants will not usually advertise it unless it is—then there are plenty in the community who want it, and they will not let the grass grow under their feet until they get it. You can depend on advertised goods. They are better goods or they would not be advertised.

### READY FOR LIFE.

This is the season when our schools present an animated scene and when the community at large profits by their work through the medium of young men and women just graduating into a life of stern reality. Much like sowing and reaping, our schools take the raw products of our homes, weave them into worthwhile human beings, and once each year give to us a harvest of finished workers, ready for any task.

This year the finished product is in keeping with the high standard of our

community and the thoroughness of the teachers in our schools. We are proud of the boys and girls Plymouth has sent into the world in the past; we are certain to be proud of the graduates who this season receive their diplomas. It will not be for all of them, of course, to sit in the high places. Not all of them should want to. We are fortunate in living in a land where even the most modest and retiring citizen wields an influence for good that is far-reaching; a land in which those who walk the simple paths of life and whose work in their own small field is well done are classed as examples worthy of emulation. The president of the United States can be at best but an honest, law-abiding, Christian man; and any citizen has it in his power to be that, even though he may never be president.

We congratulate those now stepping out into the world of reality, a world that offers much to every worker. We congratulate the teachers who have prepared them and fitted them for the tasks ahead; but most of all, we congratulate the community upon being blessed with this addition to its ranks of citizenship, a blessing that is sure to make its value felt as the world goes by.

### FLY TIME AGAIN.

The early bird still catches the worm, and the early fly screens are still the most effective. It is an almost hopeless job to keep the house rid of these pests if doors and windows are not screened before they get in and settle in hidden nooks and corners. Putting up screens, or screening windows and doors before the first fly has put in its appearance is the surest way of keeping them out, or at least keeping their numbers down to the point where it is not hard to get them out at frequent intervals during the spring and summer months.

A few flies in the house now will multiply to many millions before summer is over. Swatting them and screening against them is one of the surest ways to prevent disease in the neighborhood. Being born and reared in filth, it is easy to see that this pest is one of the dirtiest of insects. Their bodies and feet are fitted to carry filth and germs. Scientists declare that as high as 6,000,000 germs have been found in the body of a single fly.

Profit by early screening. Let no Plymouth home go unprotected during the spring and summer months. Clean up every rubbish pile, every place where flies can breed; and don't put off for another day the important work of screening the windows and doors.

### PLYMOUTH ROAD LUTHERAN CHURCH REOPENED.

After the death of Rev. Hartung, two years ago, the members of the Lutheran church on Plymouth road, near Rouge Park, have reopened their church for regular Sunday services and Sunday school. There will be English services and Sunday school next Sunday at 2:00 p. m. In a few weeks the services will be in the morning.

All are welcome to come and hear the word of God. For particulars apply to George Scheer, near the church, or phone 7019-J2, Redford.

### ATTENTION, EX-SERVICE MEN AND MEMBERS OF THE LADIES' AUXILIARY.

Memorial day is near, when all the people of our great nation pause to pay homage to those who in times of stress rallied to their country's call, laying their lives on the altar of sacrifice, that this great United States might live.

Plans are being made by a joint committee of these two organizations, for the carrying out of the exercises on that day. Following the memorial address in Kellogg Park, the members of both clubs will march to Riverside cemetery, there decorate the graves of all ex-service men who await the Great Roll Call.

A pot-luck luncheon will be served by the ladies, at the tourist camp, after the exercises.

Buddies, you are kindly requested to keep the evenings of May 28 and 29 as open dates, to assemble at the tourist camp for drill practice. Please come.

NOTICE OF LETTING OF DRAIN CONTRACT.

NOTICE IS HEREBY GIVEN, That I, George A. Dingman, County Drain Commissioner of the County of Wayne, State of Michigan, will on the Twenty-ninth day of May, A. D. 1928, at the corner of Ann Arbor Avenue and Main Street on the North side of Section 24 in the Township of Plymouth, in said County of Wayne, at eleven o'clock in the forenoon of that day, proceed to receive sealed bids for the construction of certain Drain known and designated as "Green Meadows Tile Drain" located and established in the Township of Plymouth, in said County.

Said drain is divided into two sections, each section having the same depth and width as set forth. All stations are 100 feet apart. Section No. 1 beginning at Station number 22+00 at the lower end of said drain, extending to station number 92+00, a distance of 70 feet, and having an average depth of 12.71 feet, a distance of 2,841 feet, and having average depths as follows:

Table with 3 columns: Station, Size, Average Depth. Includes entries like 22+00 to 24+00, 24 inch, 8.83 feet.

Bids will be received up to eleven o'clock on Tuesday, the Twenty-ninth day of May, A. D. 1928, by George A. Dingman, Wayne County Drain Commissioner.

All bids will be opened in public at the place designated for the sale of said Drain.

In the construction of said drain the following quantities and character of tile or pipe will be required and contracts let for same:

- 1,244 feet of 24-inch pipe of either vitrified or concrete.
150 feet of 22-inch pipe of either vitrified or concrete.
975 feet of 20-inch pipe of either vitrified or concrete.
42 pieces 24-inch by 6-inch T's
4 pieces 24-inch by 10-inch T's
2 pieces 22-inch by 10-inch T's
34 pieces 20-inch by 6-inch Y's
4 pieces 20-inch by 10-inch Y's
100 feet of 12-inch inlet connections.
440 feet of 10-inch inlet connections.
12 pieces 12-inch by 10-inch Y's
5 Manholes, Type A complete
4 Manholes, Type B complete
25 inlet structures complete.

Copies of plans and specifications may be secured from the office of the Drain Commissioner, 1014 Lawyers Bldg., Detroit, Michigan.

A deposit of Twenty-five (\$25.00) Dollars will be required on each set of plans and specifications and will be refunded upon their return in good condition on or before the Twenty-ninth day of May, A. D. 1928.

A certified check in the amount of Two Thousand (\$2,000.00) Dollars must accompany each bid, and in case there is failure or neglect to enter into contract within ten days after the day of Sale and furnish the necessary funds, the certified check will be forfeited as liquidated damages to the Wayne County Drain Commissioner.

No proposal will be received unless made on the blanks provided by George A. Dingman, Wayne County Drain Commissioner, on or before eleven o'clock a. m. May 29th, 1928.

Said job will be let in its entirety in accordance with the diagram now on file with the other papers pertaining to said Drain, in the office of the County Drain Commissioner of the County of Wayne, to which reference may be had by all parties interested, and bids will be made and received accordingly.

Contracts will be made with the lowest responsible bidder giving adequate security for the performance of the work, on the sum then and there to be fixed by me, reserving to myself the right to reject any and all bids as well as the right to waive any formal defects in the bids as deemed in the interest of the County. All contractors must bid on a complete job, the unit prices as given on the proposal to govern.

The date for the completion of such contract, and the terms of payment therefor, shall and will be announced at the time and place of letting.

NOTICE IS FURTHER HEREBY GIVEN, That at the time and place of said letting, or at such other time and place thereafter to which I, the County Drain Commissioner aforesaid, may adjourn the same, the assessments thereof will be announced to me and will be subject to review for one day, from nine o'clock in the forenoon until five o'clock in the afternoon.

OLDEST MEDAL MAN REGAINS EYESIGHT

Happiness Comes to Hero, Now Resident of China.

Shanghai.—Happiness has come into the life of America's oldest medal possessor of the Congressional Medal of Honor—Robert Kline, one-time resident of New York, but for the last half century a resident of China and other parts of the world.

Two years ago Kline was stricken blind. He lived in darkness in the little home he maintained on Kiangwan road.

But he had his memories and he was extravagantly proud of his troubles—the Congressional medal won when, as a member of the crew of the old U. S. S. Raleigh, he played his own life by entering a gas-filled hold and rescued several comrades from what seemed certain death, and the Dewey medal won for gallantry at Manila bay.

Last July 4 he was guided by a friend to the Bund, where the American marines were parading. On his faded blue coat gleamed the medals.

Presently an admiral, commander in chief of the American Asiatic fleet, arrived with his aids and was asked to mount the stand when he espied Kline. Up went the admiral's right arm in quick salute.

Onlookers told Kline and tears trickled from his sightless eyes. He would have given anything, he said, to have seen the tribute.

Recently Dr. V. B. Murray, eye specialist attached to the United States health department, became interested in Kline's affliction and decided to operate.

For three weeks Kline lay in a curtained room, hoping and praying. The bandages were removed and thanks to the prayers or to efficacious surgery or both, Kline found he could see. Indistinctly at first, but his eyes gradually are growing stronger.

That's why the old veteran is happy now.

"When these big boys salute me again you just bet I'll see 'em," he said.

Nethem Is Shut

Out 9 to 0

Last Sunday Pinckney defeated Nethem at Pinckney before the largest crowd of the season, the total attendance being about 175. The score doesn't indicate the closeness of the game, which should have been about 2-0 in favor of Pinckney.

Haupt for Pinckney pitched very good ball, as can be seen when he set back the strong hitting Nethem team with seven scattered hits, and with very good support made Nethem suffer its first shut-out of the season.

Rutherford was the only batter who got more than one hit off of Haupt.

The boys are not ashamed to be beaten by Pinckney, because Pinckney defeated Howell a week sooner, and Howell is in the inter-county league. Also this season we have played the best of teams that can be booked or as you might call them, class A teams, and it is not a disgrace to be beaten by a class A team.

Next Sunday the strong Victor A. C. team from Pontiac plays on our grounds at 3:10 p. m. Let's have everybody out there to break the attendance record of the season. Come one, come all, and let's make it 250. Don't forget at Plymouth road and Ann Arbor road at the point.

Craze for Titles Seen

Among German People

Berlin.—The craze for titles in Germany is well illustrated in the case of the "lame ducks" of politics. If a man has been a member of the cabinet for ever so brief a period, he will be known for the rest of his life as "Reichsminister a.D.," which literally means federal minister, retired.

The same thing applies to functionaries of all sorts in the civil service. An official cares little about his Christian name, but he is jealously watchful of his title. Of the has-beens there are two kinds, those who are "z.D." (zur Disposition—at the disposal of the authorities, hence subject to recall at any time) and those who are "a.D." (ausser Dienst—out of service, or retired).

The "z.D." is applied to men who have been retired before they reached the age limit, either because their office was abolished, or because for political reasons it is inexpedient to keep them. The "a.D." normally applies to pensioned officials over sixty-five and those discharged for some reason or other.

"A.D.s" receive a percentage of their salary, based upon the number of years of service. "Z.D.s" receive their full salary.

Sunlight in Childhood

Has Bearing on Crime

Chicago.—Lock of the ultra-violet rays of sunlight during childhood was advanced as a possible cause of criminal tendencies by Dr. W. T. Bovie, professor of biophysics at Northwestern university, in an address here. Doctor Bovie said dispositions and nervous systems are affected by light as well as physical processes.

Whistle Calls Voters

Laconia, N. H.—The town fire whistle was blown five times on the day of the Presidential primary to remind voters of their duty.

Queen Likes Flying

Berlin.—The queen of Afghanistan is now a flight fun. She went up with her husband in a plane presented him by the German government.

Yanks in Irak Dig Up 3,500-Year-Old Temple

Philadelphia.—The joint expedition of the American school of oriental research at Bagdad and Harvard university has unearthed at Yargon Tapa, near Kirkuk, Irak, an enormous temple believed by Dr. Edward Chiera, head of the expedition, to have been buried for 3,500 years. Eighty-four large rooms of the temple have thus far been excavated, yielding more than 1,200 tablets, a wealth of pottery and what is believed to be the oldest coat of armor ever found in Irak.

Reporting his discoveries to Dr. George A. Baron of this city, director of the Bagdad school, Doctor Chiera said one of the most remarkable discoveries in the temple was fragments of a mural painting on the plaster of a corridor, the colors of which were preserved and the design clear.

400 "Extra Dry" Shell Gasoline

Shell Gasoline is EXTRA DRY... free from heavy, gummy carbon-bearing elements... it is a quality product... alive with power... more expensive to purchase, but costs you no more than the ordinary kind.

Change to SHELL

Speed demands this better oil

Gone are the days when motorists were content to jog along at a moderate pace. Now, fine highways—white ribbons of concrete linking town to town—present an irresistible temptation to step on the gas and send the speedometer flying up.

Shell Motor Oil is competent to meet the strenuous demands of modern driving. Made from crude oils selected for their rich lubricating qualities—to specifications which provide an ample safety factor—by an improved process which avoids the destructive action of extreme heat—this oil has been scientifically refined to have just the right viscosity (body). It is thin enough to lubricate every whirling metal surface—thick enough to stand the gaff.

Shell Motor Oil—logical running mate for Shell Gasoline—is available at all Shell yellow-red service stations and Shell dealers in the correct grade for your car.

FIND WAR VETERAN FIVE YEARS "DEAD"

Officials in San Francisco Identify Shock Victim.

San Francisco.—Unable to account for many blank years and long thought dead by relatives, Nathaniel William Emery, thirty-eight, Bloomington, Ind., shell-shock victim of the World war and former lieutenant in the United States Marine corps, has been found, ill and destitute, here.

Robert C. Stillwell, secretary of the United Veterans' service commission, No. 312 Jessie street, has received information that clears up the mystery and steps have been taken to place Emery in a government hospital.

Emery wandered into the commission's office looking for a job. He said he wanted work of any kind as he was homeless, penniless and had been sleeping in Golden Gate park. He knew he had been in the Marine corps; that he enlisted in 1915 and was discharged in 1919; he recalled something about service on the battleship Texas, and with the One Hundred and Thirtieth company, Eleventh U. S. M. C. Beyond that he knew nothing about himself.

Emery was given temporary relief and Stillwell wrote to James E. Watson, United States senator from Indiana. The reply unraveled the tangled skein.

Emery had had a hazy recollection of having a brother in the army and apparently had wandered over the country looking for him. The brother is Maj. A. R. Emery, formerly stationed at the Presidio, now at Fort Hunt, Alexandria, Va. He has been apprised of Emery's condition.

When Emery fled the Madison hospital the government stopped paying him compensation. In five years this has accumulated to several thousand dollars, and an effort is being made to have this restored.

AN ORDINANCE.

An Ordinance designating certain streets within the Village of Plymouth as stop streets and regulating the speed of vehicles thereon.

THE VILLAGE OF PLYMOUTH ORDINANCE.

Section 1. The following streets are hereby designated as "Stop Streets": Main street; Ann Arbor street, E. and W.; Penningman avenue; Church street; Mill street.

Section 2. Designating Stop Streets. Any operator approaching a highway boulevard designated as a "stop street" shall come to a complete stop before turning into or starting to cross such highway; provided that this regulation shall not apply at any intersection where traffic is being directed by a traffic officer or traffic signal.

Section 3. Restriction as to Speed. Any person driving a vehicle on a highway designated as a stop street shall drive the same at a careful and prudent speed not greater than ten miles per hour and not in excess of the posted speed limit.

Section 4. The Chief of Police shall have the power to designate the business and residential sections according to the provisions of the state law applicable thereto.

Section 5. It shall be unlawful for any person to violate the provisions of this ordinance.

Section 6. Every person who is convicted of violating the provisions of this ordinance shall be punished by imprisonment in the county jail not more than ten days or by a fine of not more than \$100.00 or one hundred dollars.

Section 7. All ordinances or sections of ordinances in conflict herewith are hereby repealed.

This ordinance will take effect the 8th day of June, 1928.

Approved by unanimous vote of the Commission at the regular meeting of May 7, 1928.

J. W. Henderson, President. A. J. Koenig, Village Clerk.

STARKWEATHER SCHOOL P. T. A.

The regular May meeting of the Parent-Teachers' association of the Starkweather school was held in the school auditorium Wednesday evening, May 16th.

Considering the inclement weather, a very good crowd assembled. About one hundred persons came to hear the interesting program prepared by the committee. Mrs. West and Mrs. Murray.

Miss Stader's room of second graders gave a very clever little play, let in two acts, called "Lindy's Messages." Being unable to find a play about Lindbergh to satisfy the children's desire for a "Lindy play," Miss Stader wrote one herself and the children, about twelve boys and girls, gave it in characteristic fashion and it was enthusiastically received.

Miss Lois Corbett, of Dearborn, home demonstration agent for Wayne county, gave a unique and clever demonstration on "Musical Appreciation," with the help of a violin and records. Miss Corbett was the instigator of the "better homes week" held a few weeks ago and also instrumental in obtaining and furnishing the model home in Maplecroft subdivision. She is a very capable woman and because of her pleasing personality her selections were well received.

The second room, taught by Miss Stader, won the attendance banner for this month, having a percentage of 48. This is a very beautiful banner, made of blue satin, lettered in gold and adorned with gold braid and fringe, and the various rooms worked hard to win it for the month. Miss Rufford's room, the fourth grade, hits had it for the past month.

The next and last meeting for the school year will be held June 19th. The program committee promises an interesting evening and we hope to make the last meeting a fitting climax for the year.

We are looking forward to the entertainment given by the Detroit News Choristers on Monday evening, May 21st, under the auspices of the P. T. A. of the Starkweather school.

Wife Shaves Man as Husband Talks Politics

Paris.—Francis Albert, who was speaker from the Vienna department and minister of education in a recent cabinet, is preparing his candidacy for the April general elections. His opponent is a Socialist and a barber. M. Albert called on him the other day when the barber was shaving a customer. "Glad to see you, Monsieur Albert," said he, "of course we have lots of things to talk about." Then he called to his wife who was in the kitchen: "Marie, come out here and finish this customer." Marie dropped her preparations for the evening meal, grabbed the brush and the razor and shaved the customer while her husband and the other candidate talked politics.

## You Can Pay When Due . . . If You Keep a Budget

There is no secret about how to pay bills promptly and keep your credit and self-respect. Make someone in your house the one to pay bills—man or wife. Figure possible expenses the first of each month for the next 30 days against what the family income will be. The person who pays the bills should see that the expenses are kept within that limit. Then when the bills come in they can be paid cheerfully and promptly. That's the only way to peace of mind, safety and success.

### NEWBURG

Mr. and Mrs. Vern Mackinder and children, Vera and Harold, of Grand Rapids, visited their parents over Sunday, returning Monday morning to Grand Rapids.

Mr. and Mrs. C. Mackinder entertained the teachers, Miss Bedman, Mrs. Campbell, Mrs. Waterman, at a 6 o'clock dinner, this being their last year of teaching at Newburg.

The mother and daughter banquet was held at the hall Friday evening, May 11th. Seventy-nine mothers and daughters enjoyed a delicious banquet served by the men of the church. The program was held in the church. The first number was a duet by the Misses Alice and Mildred Gilbert, Mrs. McNabb then very graciously introduced the toastmistress of the evening, Miss Ada Youngs, who took charge of the program.

Toast, "Mother of Mine," Joy McNabb.

Solo—Mrs. Anthony Kregor. Toast, "Our Daughters," Mrs. H. Gilbert.

Song—By ladies' quartet. Reading—Mrs. Donald Ryder.

The address of the evening was given by Mrs. F. Landrum, of Plymouth. She brought us many fine thoughts on the subject, "The Old-fashioned Girl in the Modern Dress," which all goes to show that our girls of today are just as fine and true as in the gay nineties. After the address Miss Youngs presented plans to the oldest mother present, which was Mrs. Vera Joy, the mother with the youngest daughter, which went to Mrs. Clair Chilson, and Mrs. Floyd Bassett received a plant for having the most daughters present (six); Mrs. C. E. Ryder for having the most granddaughters present. Plants were also presented Mrs. F. Landrum and Miss Ada Youngs. The program was closed by all singing "Blest Be the Tie That Binds."

On Mothers' day the church was beautiful with plants and flowers, nearly all coming from Mr. Jewell's greenhouse. Rev. Johnson preached a most inspiring sermon, exalting motherhood. The music by the choir was especially fine, as was the solo by Mrs. Anthony Kregor, and the number by the ladies' quartet.

Mrs. Donald Ryder gave a reading, "The Old Nest," which was enjoyed by all.

Last evening the Epworth League held a birthday program. Mrs. McNabb gave a history of the first league which was organized March 17, 1892, with Mrs. M. Eva Smith as president. Miss Ada Youngs told of the league when they first came here, 17 years ago. Mrs. Donald Ryder told of the league in recent years. Rev. Johnson gave the young people a very fine talk on "Promotion."

Mr. and Mrs. Vern Mackinder and family, of Grand Rapids, spent Mothers' day with Mr. and Mrs. C. Mackinder.

Friends of George Holzington will be glad to know he is recovering as well as can be expected from his operation Sunday night in Providence hospital for appendicitis.

Mr. and Mrs. Mackinder entertained for dinner Monday evening Miss Reddeman, Mrs. Waterman and Mrs. Campbell.

Mr. and Mrs. Jesse Jewell attended the funeral Sunday afternoon of Mrs. Beulah Jewell in Plymouth.

Jackie Thompson is still confined to his bed.

Mr. and Mrs. William Clark, of Detroit, called on Mr. and Mrs. C. E. Ryder Saturday afternoon.

Mrs. Johnson, of Detroit, is spending a few days at the home of her son and family, Rev. Johnson.

Mr. and Mrs. Ira Carney entertained company from Royal Oak and Detroit Sunday.

Tonight (Friday) Mr. Eastlake, of Ann Arbor, will give a musical entertainment at the hall. Admission 35 and 25 cents.

Rev. Johnson has been confined to his home with the flu since Monday.

### WATERFORD

We pay the highest price for eggs or will accept them in exchange for merchandise. The Great Atlantic & Pacific Tea Co.

Mrs. Nooma Comstock, Mrs. Don Miller, Mrs. Ada Watson, Miss Alva Fisher and the Misses Louise Steinhebel, Viola Krumm, Cassie and Cora Rowland and Raymond Denton, Arthur Finney and Charles Steinhebel attended the Achievement day of 411 club work at Dearborn, Saturday.

Mr. and Mrs. Charles Peck and family, of Ortonville, called on their daughter, Miss Edith Peck, who has been quite ill, last Tuesday evening.

Mr. and Mrs. L. D. Peck, of Washington, were dinner guests of the Edmond Watson family Thursday.

Charles Gill and family, of Lincoln Park, were Sunday visitors at the home of his mother, Mrs. Jacob Warren.

Mr. and Mrs. George Anderson, of Rochester, Michigan, were Monday guests of Mr. and Mrs. Claude Finney.

Mrs. Fred Gotts, of Northville, called on Miss Edith Peck Wednesday afternoon.

Mr. and Mrs. M. King, of Detroit, spent Sunday with their sister, Mrs. Elmer Perkins, and family.

Mr. and Mrs. Peyton Draper and family, of Ypsilanti, were Sunday guests of Mr. and Mrs. Arthur Gotts.

Miss Louise Steinhebel won first place in judging of garments, which entitles her to a trip to Lansing during club week this summer.

Mrs. Nooma Comstock spent Mothers' day with her mother in Fenton.

Mr. and Mrs. W. S. Draper, of Ypsilanti, spent the day Wednesday with Mrs. Robert Bechtel and Mrs. Arthur Gotts. Mrs. Draper will remain a week or two with her sister, Mrs. Bechtel.

Mrs. Elmer Perkins and Mrs. James Wilson motored to Ann Arbor Thursday on business.

Mr. and Mrs. A. C. Pandorn, of Ann Arbor, visited at the McKeezelan home Sunday.

Miss Kathryn Waterman has been quite sick since Friday.

Mrs. Robert Bechtel, of Lincoln Park, and Mrs. Arthur Bechtel, of Detroit, spent Wednesday afternoon and evening with Mrs. Arthur Gotts.

Mrs. Jacob Warren visited Monday at the home of Mrs. Milo Walker at Northville.

### SALEM FEDERATED CHURCH

Mid-week preaching service Wednesday evening at 7:30.

Young people and friends will present a musical play at the Baptist church, Northville, on Friday evening, May 25th, at 8:00 o'clock.

Fred Foreman will give a lecture dealing with "Scenes of Foreign Travel" in Salem Federated church on Friday evening, May 18th. Supper will be served in the church basement at 6:30. Adults 50 cents, children 25 cents. Mr. Millard's orchestra from Plymouth will be in attendance and will render selections of music during the evening. Lecture will be illustrated upon the screen. A profitable and enjoyable evening for everybody. Visitors from the surrounding district will be specially welcomed. Come.

HOUGH SCHOOL. Miss Jameson visited our school May 1st to give us our gold stars.

The stars that she gave us are for: Senting, the flag, recreational equipment, educational, attendance, grounds, teacher and the Citizenship club.

The P. T. A. put the Parent-Teacher star on.

Miss Reid is going to give us two more stars and they are health and hygiene and lunch stars.

We have had a health inspection every morning. We have two slides. The leaders are Helen Szymonowski and Stanley Truskowski. The slide that lost in the contest gave a whole toast.

The slide that lost in the contest gave a whole toast.

Our school will be out on May 18, and our picnic will be at the Cass Benton park on May 19th.

Mary Mettetal went to Dearborn May 12 and won the music memory contest of Wayne county. She is going to Lansing some time in August.

Some of the pupils have been having the mumps. Those who have had them are Mary, Robert and Edith Mettetal, Helen Szymonowski, Barbara Hix and Billy Hobbins.

## Now the Instantaneous Potato Dip

Disinfect your seed this new way

Treat your seed potatoes as fast as you can scoop them up. Just dip them in DIPPDUST solution and out again—all ready to plant.

This new seed potato disinfectant is much more effective than the old-fashioned "two-hour soak" treatment—besides there is not the slightest danger of injuring the sprouts or even cut seed. This season late blight attack in many seed producing areas makes treatment with DIPPDUST necessary to prevent seed decay.

After one trial of DIPPDUST you will never again waste two hours treating seed potatoes or spend two weeks worrying about your stand. DIPPDUST PROTECTS THE SEED AND INSURES STURDY, PROFITABLE PLANTS.

Compare this New Treatment point by point with the older ones.

### THE NEW WAY

Dippdust Organic Mercury Disinfectant

1. Requires less than 1 minute. One man can easily treat from 200 to 400 bushels of potatoes per day.
2. Can be used on cut or sprouted seed without the slightest injury.
3. After cutting, protects the cut surfaces from seed-rotting organisms in the soil. This insures a better stand of stronger plants.
4. Controls surface-borne diseases, such as Rhizoctonia, scab and black-leg.
5. Improves the stand and growth of the plants, and thus increases the yield 10 to 20%.

### THE OLD WAY

Formaldehyde or Corrosive Sublimite

1. Require from 1 1/2 to 2 hours. One man can treat only from 50 to 75 bushels per day.
2. Can not be used on cut or sprouted seed without injury.
3. Before cutting, give no protection to the cut surfaces. The seed frequently decays in the ground before the young plants get started.
4. Although effective against Rhizoctonia and scab, do not control black-leg.
5. Frequently decrease the stand, and therefore the yield, to a serious extent.

### GUARANTEE

Plant a few acres of DIPPDUST treated seed in alternate rows with untreated seed. If, at digging time, you are not satisfied, return the empty DIPPDUST cans to us and we will refund price paid.

One pound treats 15 to 20 bushels of seed potatoes. Treat your Corn and Vegetable Seeds, too.

You can now also disinfect your seed corn and vegetable seeds with DIPPDUST and increase your yield by preventing many of the diseases which cause poor germination, weak, spindly plants and poor quality crop. Simply use as a dust treatment. It is easily and quickly applied and costs but a few cents per acre. One pound of DIPPDUST will treat six bushels of seed corn, or from six to eight bushels of vegetable seed.

## P. T. A. Convention A Great Success

### ELEVENTH ANNUAL CONVENTION MICHIGAN BRANCH NATIONAL CONGRESS OF PARENTS AND TEACHERS

The eleventh annual convention of the Michigan Branch of Parents and Teachers was held in Battle Creek, May 9, 10 and 11, 1928. Mrs. J. K. Pettengill, president.

Looking back upon the 10 years which elapsed in April since the Michigan branch was formed in Battle Creek, the officials of the organization could not help but marvel at the growth of influence and of membership, starting with only a few hundred and including 63,842 persons today, an increase of 3,300 this year.

Over 1,000 delegates from nearly every school district in Michigan attended the meetings of this convention, the theme of which was "Knowledge for Service."

"Parent-Teacher Projects" was the topic for one of the most helpful talks given by Prof. H. A. Tape, of Lincoln Consolidated school, Ypsilanti, who said:

"In a democracy the people must assume the responsibility for their own destiny as well as that of their children. They must live through the activities themselves. We must remember the importance of beginning with the parents in our developmental programs. What are some of the worthwhile experiences that parents and teachers can live through together in the development of a more efficient educational program for the boys and girls of our country? In these worthwhile experiences," he said, "may be found parent-teacher projects. In arranging our parent-teacher projects we must consider not only our obligations but we must take inventory as to our present accomplishments. The best way to improve a community is by conducting a self-survey of the community. This will help to find faults and weaknesses. Through these discoveries will appear opportunities for improvements."

"The parent-teacher association should study the objectives of the school. By so doing they can assist in the realization of these objectives. A socializing program will help the parents and teachers to become better acquainted. Money raising should not be the prime object of the association. Money raising should be only an indirect method to a more remote but more fundamental objective and necessities should come from public support."

Hon. Webster H. Pearce, state superintendent of public instruction, in his address, "The Parents' Part in Education," said that "every parent should know the teacher. Parents must cooperate with the school in

the development of the powers of the child, his ability for success, by understanding the objectives and making his life happy and useful. If the child does not have a happy school life there is something wrong. The purpose of the school today is educating for the best in the age in which the child is living. If he is a good citizen, living a happy, useful life in the kindergarten he will be ready to do his best and live a happy, useful life, as a good citizen of the first grade, and so on—successful in the age in which he is doing his part, each year as it comes along.

Not only accumulating knowledge of facts but being able to use this knowledge and to learn by doing is the new method of education.

W. G. Robinson was in charge of the play and service program. He said that "Boys and girls know how to play; parents enjoy play, but they must be taught."

The main points brought out in the discussion were that the child needs someone to understand him and not merely to criticize, and that the chief aim should be to develop strength in the children to meet situations by themselves.

Dr. Doolson, eminent medical authority and member of the American Medical Association, terms the "Summer Round-up" as "the foremost health movement that is now going on in this country." The goal of this movement is making the children who enter school in the fall as physically fit as possible.

Miss Agnes Tilson, specialist in parental education of the Merrill Palmer School of Detroit, is speaker on mental hygiene. In this conference the main point stressed was the fact that the child is merely a symptom of its environment.

"If a school child shows a need of mental hygiene, investigate its home and the attitude of the parents."

"Studies made in various parts of the country show that from 65 to 74 per cent of children with behavior difficulties have come from homes in which parental training was markedly at fault in some respect."

Important points in securing the obedience of children were given.

"Get the child's attention, expect only what is within its power to do, be firm, be consistent and remember that all children are not born obedient or disobedient, truthful or untruthful, but merely have certain possibilities and tendencies."

In the words of Mrs. Pettengill, the state president, "There is no doubt but what the work accomplished here has been of utmost significance in parent-teacher circles. We are splendidly satisfied."

Lansing will no doubt be the meeting place of the next state convention. By Mrs. G. N. Bentley, president of Wayne County Council of Parents and Teachers: I wish to thank all those who made it possible for me to attend these worthwhile meetings.

### CHANCERY NOTICE

NO. 157484. STATE OF MICHIGAN IN THE CIRCUIT COURT FOR THE COUNTY OF WAYNE IN CHANCERY

CHARLES DECKER and EMMA V. DECKER, Plaintiffs, vs. JAMES T. TAFFT, DAVID TAFFT, STEPHEN S. TAFFT, LAURA A. TAFFT, JOHN YORK, MARYETTE JONES, MARIETTA CLARK, GEORGE BROADFOOT, LOUISA WALKER, and their unknown heirs, devisees, legatees and assigns, LOUISE WALKER, PERRY WALKER and unknown defendants, Defendants.

At a session of said Court held in the County of Wayne, Michigan, on the 14th day of April, A. D. 1928. Present: The Honorable Joseph A. Moynihan, Circuit Judge.

It appearing from the sworn Bill of Complaint herein, and the affidavit on file in this cause that it cannot be ascertained in what state or county JAMES T. TAFFT, DAVID TAFFT, STEPHEN S. TAFFT, LAURA A. TAFFT, JOHN YORK, MARYETTE JONES, MARIETTA CLARK, GEORGE BROADFOOT, LOUISA WALKER, and their unknown heirs, devisees, legatees and assigns, LOUISE WALKER and unknown defendants, or any of them, reside; also that none of them are known to be living; and further that after diligent search and inquiry the names of the persons who are included as defendants in said Bill without being named, are unascertained.

NOW, THEREFORE, on motion of Roger J. Vaughn, attorney for the plaintiffs, IT IS ORDERED that the defendants, JAMES T. TAFFT, DAVID TAFFT, STEPHEN S. TAFFT, LAURA A. TAFFT, JOHN YORK, MARYETTE JONES, MARIETTA CLARK, GEORGE BROADFOOT, LOUISA WALKER and their unknown heirs, devisees, legatees and assigns, LOUISE WALKER and unknown defendants, and each of them, cause their appearance or appearances to be entered in this cause within three (3) months after the date hereof, and on default hereof the Bill of Complaint hereof filed in this cause be taken as confessed by such defendants as shall not have caused their appearance to be so entered, and IT IS FURTHER ORDERED, that within twenty (20) days of the date hereof plaintiffs cause a copy of this order to be published in The Plymouth Mail, a newspaper of general circulation in said County, and that such publication be continued once in each week for six (6) successive weeks.

JOSEPH A. MOYNIHAN, Circuit Judge. EDWARD R. HARRIS, Deputy Clerk. This action is brought to quiet title to land in the County of Wayne, State of Michigan, more particularly described as follows, to wit:

One certain piece of land containing about 6 acres, be the same more or less, off of the Southwest corner of the East 1/4 of the West 1/2 of the Northeast 1/4 of Section 32, being the same piece of land which was deeded by Eber Patze to George Broadfoot on the 1st day of December, A. D. 1853, and recorded in Liber 72 Folios 589 and 590, Wayne County Records, the same and supposed to be land described as follows: Commencing at the Southeast corner of the above described lands, thence north to the center of East line of said lands to the Ann Arbor Road, thence along the center of said road for enough to the line by running a line southerly to the South line of 1/4 section, thence West to the corner of beginning, shall contain 6 acres of land.

Also that certain tract or parcel of land known and described as follows: The East 1/2 of the West 1/4 of the Southeast 1/4 of Section 32, excepting therefrom 10 acres on the South and thereof and supposed to contain 30 acres, more or less excepting from the entire tract above mentioned 2.27 acres north of the center of the present Ann Arbor Road, recently conveyed to Board of County Road Commissioners for Wayne County, Michigan, by deed recorded in Liber 1821 on Page 224 of said, April 11th, 1924, and

also that certain land in the Township of Plymouth, County of Wayne, State of Michigan, described as follows: The East 1/2 of the West 1/4 of Section 10 acres of East 1/2, Town 1 South, Range 8 East. ROGER J. VAUGHN, Attorney for Plaintiff, 711 Michigan, Plymouth, Michigan.

### Zoo Plans to Group

Animals by Geography

Berlin.—Animals in captivity are to be given a new deal at Munich, where the first "geographical zoo" is about to be constructed.

The custom of exhibiting the ferocious species of wild and domestic animals according to types of families will be disregarded. Bengal, African and Manclurian lions will not occupy cages next to one another. Instead, African elephants, zebras and other fauna from the same continent will have their quarters in the same section of the zoo. Wherever they are not a type that seeks to devour or destroy the other, they will even be permitted to roam about within the same inclosure.

The directors of the Munich zoo believe that this is a much more humane way of dealing with beasts in captivity. Cages will be abolished as far as possible. It is hoped that breeding in captivity will be encouraged by this system.

## The Detroit News Choristers Coming

The fact of the coming of the Detroit News Choristers to Plymouth Monday night is already pretty well understood. In two previous issues of the Mail the project has been amply described and little more need be said now. Were the choristers coming to Plymouth for life, the ordinary way artists are engaged, the price of admittance to the Starkweather school auditorium Monday evening would necessarily have to be around 50 to 75 cents. However, the News is putting on the program purely through courtesy and good will to the Starkweather Parent-Teacher association and the people of Plymouth. The choristers agreed to come for bare transportation costs. Plymouth can not do otherwise than present them with a full house Monday night. Tickets are 35c and 25c. These may be secured at Community Pharmacy, Beyer Pharmacy or DeLuxe Music Shop. Better procure remaining unsold tickets immediately. The auditorium is limited to 280 seats.

## Takes Observation of North Star

Herald Hamill, civil engineer, took an observation of the North Star last Friday evening, and got the true north bearings for the village of Plymouth. Mr. Hamill has found the following interesting facts: Latitude, North 42 degrees, 22 minutes, 20 seconds; longitude, 83 degrees, 29 minutes, 30 seconds. The longitude converted to hours is five hours, thirty-three minutes and fifty-eight seconds west of Greenwich.

## Grade Operetta

## NOTED BIBLE TEACHER TO SPEAK AT BAPTIST CHURCH.

Roy Brown, teacher of Detroit's largest Baraca Bible class, will fill the pulpit at the Baptist church Sunday evening. His lecture will be from a chart. His subject is "Did Moses Know?"  
Mr. Brown is a very forceful and inspiring speaker; he presents his subject in a very capable manner. His subject Sunday evening is of interest to all, since he takes up the question of the period of man's existence on the earth and the origin of man as found in the first books of the Bible. The public is welcome.

Jim Hickson was a family man,  
With wife and children four;  
Each morn he shoveled ashes, and  
And each night he shoveled more.

At last he tired of the job,  
And told himself with joy:  
"I've got a son that's big and strong;  
I'll wish it on the boy."

This boy was wise—he used his head—  
And soon he reached his goal;  
He cut the ashes down one-half—  
He burned old "Blue Bird" coal.

This coal is sold in Plymouth only by the Plymouth Elevator Company.

We have a special price on our Solvay Special Coke. The price is \$9.25 per ton.

### Secure License This Year Before You Go Fishing

PLYMOUTH FISHERMEN HAVE GOT TO STUDY LAW FOR A WHILE.

When fishermen of Plymouth take rod or pole in hand and start out to fish this spring you better have in your left hip pocket a license from the great state of Michigan. And you had better know something of the new fishing laws passed by the state conservation department. There are many, many, many of them. In fact, it is hard to find a state law or regulation pertaining to fishing that has not been changed.

So that no local resident will run afoul of any of the fishing laws, following is presented a digest of the open season on various kinds of game fish to be taken in the state, together with the size and creel limit. It is unlawful to sell any fish taken in the inland waters of the state.

For the first time this year, male trout fishermen will be required to take out a rod license at a fee of \$1.00. There has been some question as to the legality of the act, but as no one has contested it, the department has gone ahead with plans to issue licenses. Minors and female fishermen need no licenses.

Following is a compilation in the fishing laws:

**Trout and Salmon**—All kinds except Mackinac and lake trout, May 1 to September 1; seven inches; 15 in day; 25 in possession; with hook and line only.

**Large and Small Mouth Bass**—June 16 to January 1 (in upper peninsula July 1 to January 1); 10 inches; five in a day; 10 in possession; with hook and line only.

**Wall-Eyed Pike**—May 1 to February 1; 10 inches; 10 in day; 10 in possession.

**Grayling**—Unlawful to take at any time.

**Bluegills**—June 16 to March 31; six inches; 26 in day; 25 in possession.

**Catfish, Rock Bass and Crappies**—June 16 to March 31; seven inches; 25 of each in day; 25 in possession.

**White Bass**—May be caught in any season; seven inches; 25 in one day; 25 in possession.

**Nunfish**—May be caught in any season; six inches; 25 in day; 25 in possession.

**Perch**—May be caught in any season; seven inches; 30 in day; 50 in possession.

**Whitefish, Ciscoes and Carp**—October 1 to December 30; may be speared with permit and taken with hook and line without.

**Suckers, Mullet, Redsides and Carp**—Taken in any season; may be speared in designated non-trout streams of lower peninsula during March and April; also speared through the ice during January and February in inland lakes and streams designated as non-trout streams; may be dip-netted in rivers and streams during March and April; may be speared from March 1 to May 15 in designated non-trout streams in upper peninsula; may be dip-netted from March 1 to May 15 in streams of upper peninsula.

**Grass Pike**—Taken during any season with hook and line; may be speared through the ice during January and February in non-trout lakes and streams.

All kinds of fish except large and small-mouth bass, wall-eyed pike and brook trout may be speared through the ice in the inland lakes of the state and in streams designated as non-trout during January and February.

**Frogs**—June 1 to October 1; number and size unlimited; unlawful to spear with artificial light.

**Clams, Mussels and Pearls**—June 1 to March 31; size and number unlimited; must secure license.

**Hook and Line**—Defined by law to be a single line or single rod and line with hook or hooks attached, held in the hand or under immediate control when being used for still fishing.

**Casting or Trolling**—Defined to mean a single line or single rod and line with hook or hooks attached with a natural or artificial bait, not to exceed six inches in length, and one or more hooks or gangs or hooks attached, to be used for casting or trolling for fish and the method of capturing shall be by means of fish taking the bait or hook in the mouth; unlawful to troll from motor boat, excepting lakes directly connected with great lakes.

**Non-resident Angler's License**—Non-residents over 18 years are required to procure a license to fish. Fee for license to take all kinds of fish except brook trout and large and small mouth bass, \$2.00. Fee for license to take all kinds of fish, \$5.00.

**Shipment by Non-resident**—One day's legal catch of fish may be taken or shipped out of the state by a licensed fisherman.

**Public Lakes**—Any size connected with any public waters by any means whatever by which fish can migrate to and from such waters for any length of time during any season of the year is a public lake.

### Inter-County League Results

Dehoco 27—Howell 13  
Holly 3—Pontiac 0  
Municipal 15—Hochester 12  
Orion 8—West Point 7.

A most one-sided game of baseball was presented to the local fans at Dehoco Park, Sunday, May 13th, for the Inter-County opener. Disappointing as it was as a baseball feature, it yet held a certain amount of interest due to the number of situations created by bad plays and wild base running.

Jaska, Dehoco's star short, for instance, stole second, third and finally home, successfully.

Howell, according to Sunday's results in the league, is perhaps the only weak sister in the line-up, but it is understood in league circles that they are prepared to strengthen their team considerably.

Next Saturday afternoon, Dehoco will play the Windsor All Stars. No charge is made for admission on Saturday.

Sunday afternoon at three o'clock, the second game in the Inter-County League schedule at Dehoco Park, will be played by the Municipal club and Dehoco.

Municipal Club is a strong contender in the race, and the fans are assured of real baseball in this contest.

### Picked Up About Town

"Man comes into the world with nothing on him," says Dad Plymouth, "but let him run for office and he'll find it different."

Everything comes to him who waits—even a wrong number on the telephone.

Learning that the picture of Woodrow Wilson will appear on the new \$1,000 bills, Dad Plymouth says he is glad he remembers what Mr. Wilson looked like.

Don't trace your ancestry back too far. You might find one of them swinging on a limb by his tail.

"Twenty-five years ago," declares Dad Plymouth, "a girl nererthought about a pair of garters fading in the sunlight."

It doesn't help much to tell the doctor after he has fixed you up that you had the right-of-way.

## State Fair Will Give Huge Sums in Awards

MORE THAN \$125,000 IN PRIZES AT COMING STATE FAIR.

Prizes totalling more than \$125,000 will be awarded at the Michigan State fair, September 2-8, the most impressive premium list in the history of the fair, according to State fair officials. Last year the prizes were approximately \$107,000.

Awards for live stock, pet stock and poultry, amounting to \$44,115, are included in the largest general appropriation. A prize list of \$30,250, for racing and blooded horses, will attract some of the most noted horsemen and racing stables in the country. Draft and standard bred horses are included in this total.

In order to do justice to the variety of exhibits at the fair a visitor should devote at least one whole day and two nights to seeing the fair.

The entire afternoon alone would be necessary, before and after the vaudeville program and harness races in front of the grandstand, to properly inspect the live stock, horticultural, floricultural, agricultural, dairy and commercial displays. One evening could be devoted profitably to attendance at the horsemanship in the Coliseum, where not only Detroit society will display the cleverness and beauty of their imported saddle mounts, but where other states will send their best horses. The 21 acts of vaudeville and the fireworks spectacle—"A Night in Ragdad"—in front of the grandstand—would occupy a second evening.

Horticultural, floricultural and agricultural displays—one of the most beautiful and impressive attractions at the fair, will be housed in the \$100,000 building set aside for these three exhibits, where color and profusion of flowers will run riot.

This modern and complete structure, completed only two years ago, will have its exhibits under the auspices of the State Department of Agriculture, the Michigan State college, prominent florists and farmers from all sections of Michigan.

The 1928 official premium list, the catalog which designates prizes for entries in every department at the fair, will be ready for distribution between May 15-30, and will be mailed free to anyone addressing the State fair offices at the fairgrounds.

Entries for the harness racing, which will take place on five afternoons during the fair, from Monday to Friday, inclusive, are rapidly being closed. The large number of entrants indicates that the harness racing will be one of the most popular features for the general public.

A large number of commercial exhibits, housed in three separate buildings, already include many Detroit and nationally known firms.

The Canadian government conservation department will have an impressive exhibit and the U. S. shipping board will call attention, by graphic displays, to its world-wide travel and shipping facilities.

Husband, cow and hog calling and horseshoe pitching contests will all bring experts in these lines to compete for the state championship and suitable prizes.

Lieutenant-Commander John Philip Sousa and his internationally famous band of 70 musicians and soloists will open the fair on Sunday afternoon, September 2, with a sacred concert in the Coliseum. "A Night in Ragdad"—a spectacular fireworks and dramatic presentation and 21 acts of "big time" vaudeville in front of the spacious grandstand will be the major attractions in the evening, from Monday to Saturday, inclusive. For the thousands who come annually to the fair by automobile, special parking grounds have been provided. Midway attractions will be complete and interesting. The gate admission price will be 25 cents, the same as last year.

Appolo, Pa.—John Haas is seventy years old and has never seen a circus, a professional baseball game or a football game. He refused to go to a circus recently, says he was already too old.

**Baby Swallows Automobile!**  
San Francisco.—"I swallowed my automobile!" shouted Julia Fitzgerald, three, to her mother. She was rushed to an emergency hospital. An X-Ray located the tiny toy skidding around intestinal curves beyond the reach of anything but a major operation.

**Cottage in Tree-Tops For Honey-moosers**  
Hellam, Pa.—Morgan Emig, a farmer, has built a cottage in the tree tops, surrounded by brilliant colored lights and overlooking a placid little brook, as an ideal place for honey-moosers. The cottage has already been used by honey-moosers from all parts of the country.

The cottage is equipped as thoroughly as any house on the ground might be, containing electric lights, dishes, stove for cooking, complete bedroom and living room suites and has porches on three sides. It is situated among the branches of a huge buttonwood tree.

The cottage rests on beams supported by steel cables and is reached by a flight of steps leading up the trunk of the tree. Aside from its use by honey-moosers, the cottage is also rented out for social functions.

**Bride Yawns—And Is A Bride**  
No Longer!  
Berlin.—In a village near Hanover, Capid was badly cheated. During the preliminaries to a wedding, the bride yawned so prodigiously that her jaw became dislocated.

Her jaws were unlocked by a surgeon. She hurried back to the church, but found no bridegroom. He left a note saying he could not possibly marry a girl who yawned on her wedding day.

**Small Girl—Why doesn't baby talk, father?**  
Father—"He can't talk yet, dear. Young babies never do."

**Small Girl—"Oh, yes, they do. Job did. Nurse read me out of the Bible how Job cured the day he was born."**

**AT THE THEATRE**

**"A GIRL IN EVERY PORT"**

"A Girl in Every Port." Howard Hawks' latest production for Fox Films, featuring Victor McLaglen, comes to the Pennington Allen theatre Sunday and Monday, May 20 and 21.

Those who have seen the picture endorse it as one of the most thrilling unique sea yarns yet to reach the screen. Not alone are there adventure and romance in the picture, but comedy situations have been injected into it in such a way as to make it highly humorous as well as entertaining.

The story, based on an original by Howard Hawks, tells the romantic adventures of a burly first mate, "Spike Madden." His note book records the names of eligible girls of various degrees of pulchritude in Amsterdam, Buenos Aires, Panama, Marseilles and other ports of call, and his amorous adventures in each port provide the plot.

In addition to affairs of the heart, "Spike" provides thrills a-plenty through his ability as a fighter, especially when he pulls his buddy, Robert Armstrong, out of the many scrapes he manages to get into while Spike goes a-voicing.

Another unusual thing about "A Girl in Every Port" is that eight of the most popular and most beautiful of the younger motion picture actresses in Hollywood play the feminine leads—one or two for each port. Marie Casajuma, the little Spanish beauty who won the Fox Films contest in Spain, is the girl in the Argentine. Natalie Joyce plays the girl in Panama. Grand Zoltz the girl in Holland; Leila Hyams in Panama and Louise Brooks in France.

**"MY BEST GIRL"**

"The players in 'My Best Girl' are so well chosen for their parts that the audience thinks of them as real people rather than as actors and actresses."

This quotation from a prominent New York critic's review of Mary Pickford's newest United Artists Picture amply sums up the merit of the cast of this comedy-romance. Headed by young Charles Rogers and Hobart Bosworth, "My Best Girl," which comes to the Pennington Allen theatre, Tuesday and Wednesday, May 22 and 23, is said to have one of the best balanced companies on the screen.

"Balanced," in the technical sense, refers to a cast in which each member is perfectly qualified to portray the exact character called for in the script. And each role in Miss Pickford's story is filled by a player who tried to "live" his or her part rather than merely act it, thus adding immeasurably to the realism of the production.

The leading man, Charles Rogers, has been declared by no less an authority than Miss Pickford herself to be one of the most promising young players on the screen. His meteoric rise has been one of the sensations of film circles. Hobart Bosworth, who is noted for his character portrayals, appears as the millionaire in Mary's "nickel-and-dime" story.

Miss Pickford's "parents," with Lucien Littlefield as the hen-pecked postman-father, and Sunshine Hart as the hypochondriac mother, provide many of the laughs. Mack Swain, the famous comedian of Charlie Chaplin's "The Gold Rush," appears as the police judge in the night-court sequence. Carmelita Geraghty plays the tart's wild and wayward "sister." Avonnie Taylor, known as the "perfect society type," enacts the part of Rogers' fiancée, and Evelyn Hall, the well-known English dramatic star, is cast as the millionaire's wife.

John Junior appears as the "cheap sport" and smaller parts are handled by William Courtright, Pat Harmon, Harry Walker and Frank Finch-Smiles. The picture was directed by Sam Taylor, who handled the megaphone on such Harold Lloyd successes as "For Heaven's Sake," "The Freshman," "Girl Shy" and "Safety Last."

**"TWO FLAMING YOUTHS"**

"Two Flaming Youths," the initial Paramount production co-starring W. C. Fields and Chester Conklin, each a favorite in his own right, is coming to the Pennington Allen theatre, Saturday, May 26th.

In this comedy, an amusing series of romantic and business complications, in which the owner of a circus side show and a small town sheriff battle for the love of a wealthy widow, Fields and Conklin have roles well suited to their respective abilities at creating fun. Fields is the proprietor of the defunct circus, who is stranded with his menagerie of human oddities in a certain village. Conklin plays the sheriff with the big bluster and little intellect.

An excellent supporting cast has been assembled to aid Fields and Conklin with their laugh-getting. Mary Brian is the daughter of the circus head and Jack Luden plays the son of the town miser, who falls in love with her. George Irving is in the latter role. Clary Fitz-Gerald returns to the screen as the widow.

John Waters is credited with the direction of "Two Flaming Youths," and he has rounded up a human curiosity shop, an aggregation of skeleton men, fat women, fire eaters and giants that would do credit to many a big circus. "Two Flaming Youths" is the first Fields-Conklin joint endeavor, and all

reports indicate that they make an ideal team. They are of such contrasting types—one a slow pantomimic comedian, and the other a believer of speedy "hokum" farce—that they work well together.

**MICHIGAN STATE FAIR BOYS' SCHOOL CONTEST.**

The Michigan State fair boys' school will be conducted along lines similar to those of past years.

The school will be composed of one boy from each county in the state, who will be entitled to this honor by having won the Michigan State fair boys' school contest in his county.

Any boy under 18 years of age who writes on the eighth grade examination in May is qualified to enter the contest. The only entrance requirement is that he signifies his interest in Agriculture by answering on a separate sheet or blank the special list of State fair boys' school, contest questions in agriculture which will be furnished with the eighth grade examination.

The winner in Wayne county will be selected by a committee of which the county school commissioner, E. W. Yost, is chairman, and will be the boy receiving the highest average standing on the regular eighth grade examination and on the special agricultural examination.

The boys while in Detroit will be quartered at the State fair grounds under proper supervision and will be the guests of the Michigan State fair during the entire four days they are at the fair grounds. They will be given an opportunity to see everything of interest at the fair, hear lectures and talks on many educational topics, receive a full course in physical education and will be in charge of competent leaders at all times. Every effort will be made to make the entire trip interesting, entertaining and instructive.

**Today's Reflections**

Men talk about the women going back to sensible clothes, but you never hear a Plymouth man sighing for the four-inch collars and the stiff-bosomed shirts they wore in "the good old days."

It is said there are more than 200 varieties of sharks in the ocean. No one has been able to count the species on land.

The reason some families haven't bought a lot more things is because the first payment has to be in cash.

In the case of the average Plymouth small boy cleanliness is not only next to godliness but it is next to impossible.

Pedestrians must be God's chosen people. They are scattered all over the earth.

A lot of people who try to give you an impression they have a bigger bank account than yours also have bigger worries.

Every now and then someone around Plymouth learns that the poorest way to get out of a car is to go through the windshield.

It costs a woman more to get a haircut than it does a man. Maybe the barber charges for having to do the listening.

It has got so they serve almost everything on a leaf of lettuce but a subpoena.

There are four billion birds in this country, says a bird magazine. Every Plymouth citizen who is planting a garden knows this figure is far short.

As a usual thing, girls who paint their faces like to run around with men who paint the town.

This day in time it is possible for some men to have more money than brains and then not have very much money.

When a Plymouth man sings "How Dry I Am" it is always safe to bet that he isn't.

Sometimes it seems as if spring tries to act as awful as some of the poetry written about her.

Now is the time when the candidates have their ears to the ground. After the election most of them will have their backs there.

The average Plymouth man is one who would feel like a fool wearing a high hat and who would expect someone to file a lunacy warrant against him if he went around wearing spats and carrying a cane.

**The Annual Achievement Day**

The weather man was kind, and Saturday was just the right kind of a day for about 400 boys and girls, teachers, parents and friends to gather at the Dearborn High School to enjoy and take part in the events of the day. The forenoon activities were varied in nature. The health contest was under the direction of Mrs. Lois R. Sharpe and assistant nurses, Miss Ickel, Miss Woods, Miss Hoar and also Miss Mangum of Redford. The doctors examining were Dr. Davis from the state health department of Lansing, Dr. Wilson from the Merrill-Palmer School of Detroit, and Dr. McGarvey, M. D. of Dearborn.

Miss Agnes Sorenson of Grand Rapids. Judging and demonstration teams in hot lunch, clothing and handicraft were likewise judged by the assistant state leaders.

Couch McIntyre of the Dearborn school, took some of the group over to the Ford field for games and recreation.

The music memory contest was also held in the morning under the direction of Miss Lois Corbett, the judges being Miss McMann, music supervisor of Dearborn; Miss Jameson, rural supervising teacher, and Miss Tucker of the Wayne County Library.

A delicious luncheon was served to the teachers and leaders by the Methodist Episcopal ladies at noon. The boys and girls, after eating their own lunches, were treated to ice cream. The afternoon program followed:

George Hubbard, chairman; club pledge—group; address of welcome—O. C. Hood; response—George Hubbard;

club songs, "Dreaming," "A Ploughing Song,"—led by Miss Bertha Eckhardt; "Music in Our School"—Maple Grove, Stark, Texas; Health Results—Mrs. Lois R. Sharpe; the music contest, hot lunch certificates—Miss Lois Corbett; style show—411 girls; "Results of Girls' Clubs"—Miss Sylvia Wikson; "Results of Boys' Clubs"—Nevel Pearson; Summer Club Champions—Ralph Carr.

The results of the year's work were as follows: Health champions—First, Laura Prouty, junior, Texas School; first, Austin MacMullen, junior, Garden City; first, Glenna Grigg, senior, Denton; Jane Jerensek, honorable mention, Harvard.

Music champions: First, Mary Metcalf, Hought; second, Lillian Begeman, Maple Grove; Eileen Scherer, Maple Grove; third, Alice Beck, Garden City; Dorothy Reed, Denton.

Hot lunch: Stark school, Mrs. B. Fogarty; second, Allen school, Mrs. D. Wilkins; third, Fletcher school, Miss

C. Straubel; fourth, Denton school, Miss Marie Campbell; fifth, Brainard school, Miss Irah Goen, Mrs. Catherine Campbell.

**COMMON SENSE**

Only intelligent investigation and logical reasoning can convince you that the quickest, safest and surest method to follow will result in a successful ending in your search for HEALTH. The new Druggless Health Science of Chiropractic not only cures the most thorough investigation but actually spends hundreds of thousands of dollars through its practitioners to inform the public of its merits. The widespread popularity attached during the last quarter of a century would be abundant proof of its merits even if no other were evident. The real reason, however, that Chiropractic is so universally accepted as being the best and quickest road to Health is his hearty endorsements from his best and satisfied patients, men and women who have been restored to Health when all other means had apparently failed. Now about yourself. It is not fair either to yourself or to your family to refuse to investigate a HEALTH METHOD which is meeting with such unqualified endorsement everywhere. Long standing chronic cases have gotten well through the medium of Chiropractic Vertebral Adjustments. Performing the apparently impossible has made CHIROPRACTIC famous. Acute cases very often respond to Chiropractic even more rapidly and as a preventive none other can compare with this new Science. If you are one of those who pride upon being "shown" you are the person for whom we are looking. We are here to SHOW you. Call and see us today.

**Protect Your Investment in Your Model T Ford**

THE Ford Motor Company is making a new car, but it is still proud of the Model T. It wants every owner of one of these cars to run it as long as possible at a minimum of expense.

Because of this policy and because of the investment that millions of motorists have in Model T cars, the Ford Motor Company will continue to make parts until, as Henry Ford himself says, "the last Model T is off the road."

More than eight million Model T Fords are still in active service, and many of them can be driven for two, three and five years and even longer.

So that you may get the greatest use over the longest period of time at the lowest cost, we suggest that you take your Model T Ford to the nearest Ford dealer and have him give you an estimate on the cost of any replacement parts that may be necessary.

You will find this the economical thing to do because a small expenditure may enable you to maintain or increase the value of the car and give you thousands of miles of additional service.

No matter where you live you can get these Ford parts at the same low prices as formerly and know they are made in the same way and of the same materials as those from which your car was originally assembled.

Labor cost is reasonable and a standard rate is charged for each operation so that you may know in advance exactly how much the complete job will cost.

### ANOTHER HOME RUN BY BRADY

Winning the game from Roosevelt of Ypsilanti on Friday, May 11, made Plymouth's third league victory of the season, which has been full of feature plays—including two home runs.

In Plymouth's first inning, Olds made three bags on an error; Brady made a three base hit and got home on an error, but was called out on second for not covering the plate. This made Brady mad, for that meant that more razzing, so in the fourth, after L. Simmons made a three bagger and came in, and three men got on with two errors and a walk, Brady "soaked" a regular Babe Ruth. It lighted next to the fence, but how such a short man can make all four so quick, no one knows, but Brady tried to sit calmly down and the game turned to football for Brady, as his teammates almost broke his back. This left the score 11 to 2, with three more innings to fool away in which Plymouth played in one more run.

Pankow pitched the last two innings for Plymouth, with half of the six strike-outs and all of three walks. "Three walks in their very last inning, pepped them up for a good show, but they did not look very pleasant."

### MUSICAL

Perhaps of all cultural subjects music, real music, is the least understood and the least appreciated. About us, on every hand, we find music of various types. This proves to us that it fills a large place in the mortal desire for entertainment and self-expression.

In our busy work-a-day life, how many of us pause long enough to let the musical artists tell us the story of life as they see it? The question arises, "How are we going to bring about a situation wherein the rising generation will feel a sincere appreciation for the best music and a desire for a better understanding of compositions of our great artists."

The growth of music appreciation should be a natural one. It should begin in early childhood and gradually develop throughout the years. This is best brought about through the influence of the school, and the result of interpretations given to the famous musical works. Much can be done and is done through the work of the schools.

Everywhere the educational systems have been stressing good music. The results of their efforts have been displayed in some very fine musical programs. One of the most successful of these was the Plymouth High School Musicales given in the high school auditorium, Friday, May 11.

An exquisite woodland scene, with a very effective lighting, formed a fitting setting for the participants in this program. It was put on by members of our local high school, and consisted of both vocal and instrumental numbers. All were beautifully rendered. The auditorium was filled to capacity, and everyone is looking forward to the next display of school talent.

### THE CAMPFIRE GIRLS

For the past year, the Campfire Girls have been working with a goal in mind. This goal was to be the day when their achievements would be noted and their year's work would be completed—the "Grand Council Fire." Each girl has worked for which a rank which one may attain as a Campfire Girl.

The first rank given, is that of woodgatherer, which is symbolized by a ring. The second rank is firemaker, which has a bracelet as its symbol. There is one higher rank for which a girl must found a new club. No Plymouth girl has earned this yet.

Friday, May 4, was the date of our own Campfire Girls' Grand Council Fire. The Plymouth girls are divided into two camps: Chockagami, directed by Miss Lyke and Mrs. Dykehouse, and Wotomachick, directed by Mrs. Stevens and Miss Cary. Each girl was given the privilege of inviting three people to this meeting, and so when everyone was assembled there were about fifty friends and twenty girls and counselors.

The kindergarten room was made

perfectly dark except for a small light at the piano, where Evelyn Starkweather played during the ceremony. Miss Lyke stood in the center of a circle, and told of the Campfire purpose, while the girls entered in their ceremonial gowns, singing the Indian chant, "Kahinto Kanya." They seated themselves about her, making a semi-circle, with the four counselors sitting at one end.

The Campfire Ideals were well explained by Mrs. Dykehouse. Work, the first ideal, has red for its color, health has blue, and love has white. Taking the first two letters of each word, we have the Campfire Ideal in one word, "White." "Lay Me To Sleep" was sung by the girls as the third part of the program.

Up to this point, the girls had sat in darkness, but now the candle-lighting service took place, led by Mrs. Dykehouse. Carro Gordon, as Wood; Doris Hamilton as Health; and Christine Nichol as Love were the girls who assisted in this impressive ceremony.

As the first honor to be awarded was that of woodgatherer, Dorothy Hubert, the only one receiving this rank, came forward and told of the Woodgatherer's Desire.

The firemakers had a far larger representation as Margaret Haskell, Janet Blickenstaff, Elaine Hamilton, Zephania Blunk, Elizabeth Nichol, Christine Nichol, Mary Jane Hamilton and Jean Strong have attained this rank. As a member of this group, Margaret Haskell explained the "Firemaker's Desire."

In the Campfire Girls' organization, beads are awarded to all people who earn them by doing certain tasks. Some of the girls have long strings of these honors, as that is what the beads represent. Miss Cary presented the beads to every girl whose year's work made her eligible to wear the Campfire symbols.

"Credo," by Zephania Blunk, is rightly guessed to be the Campfire creed. Indian stories and songs are always associated with the Campfire, so when Margaret Haskell told "Mamposh's Pipe," an Indian legend, the audience began to see how the work of these girls is connected with that of the warlike tribes of history.

Every club has a history of its founding and main events following. Jean Strong, of Camp Chockagami, gave a short account of this camp, and Elaine Hamilton did the same for Camp Wotomachick. Elaine told of a school-bag which their camp had furnished in order that they might send it to some Mexican girl. Each girl had brought some article which she would like to send to the little Mexican friends, who is to write to the camp after she has received her bag.

After another Indian legend, told by Irene Humphries, the "Lighting Tandles of Service" was reached. Service was the last thing to be mentioned on the program. Fourteen girls: Irene Humphries, Elaine Hamilton, Alice Lee, Esther Egge, Margaret Stoneburner, Jean Strong, Mary Jane Hamilton, Janet Blickenstaff, Gladys Zietsch, Zephania Blunk, Dorothy Hubert, Elizabeth Nichol, Evelyn Starkweather and Vera Woods, assisted by Mrs. Stevens, who was the leader of the ceremony, sitting there holding their candles of service, the Campfire Girls sang, "Mystic Fire," making a very impressive scene for everyone present. After candles were extinguished, the girls arose and marched out, chanting another Indian song. So ended the Grand Council Fire for this year.

The honors were given to many girls as they had painted their coronal gowns, while others earned theirs by embroidery work and making baskets. After the serious part of the program, the girls enjoyed a social hour at which punch and wafers were served. The girls have succeeded in both camps this year, and are hoping to have just as successful a time next year. They wish to thank the Wayne County Training School for printing and donating the programs used at the red-letter day for the Plymouth Campfire Girls.

### P. H. S. TRACK TEAM DEFEATS N. H. S.

The Plymouth track team appeared in their new suits again on Monday afternoon to run against Northville in a practice meet that proved very interesting. Northville displayed some fine work and some that with a little more practice will prove hard for Plymouth when we meet them again at the finals, but Plymouth will always be just ahead.

Plymouth took first place in all running events and first in almost all other events. Northville did not run in the relay, so Plymouth put two teams in for competition. In the high hurdles the Northville man knocked down two hurdles, which disqualified him.

In the high jump, after Charles Foster went down for second, Bob McCordie, of Northville, cleared the pole about five inches more than needed. This made his total height about five and a half feet, which is very good for a high school.

Points were won by the following, with Packard high point man, with 19 points. First, 5; second, 3 and third, 1.

### Summary.

100-yard dash—Won by Packard, Plymouth; second, Lavenworth, Northville; third, McCordie, Northville.

220-yard dash—Won by Packard, Plymouth; second, Lavenworth, Northville; third, Herrick, Plymouth. Time, 28 seconds.

440-yard dash—Won by Packard, Plymouth; second, McCordie, Northville; third, Atchinson, Northville. Time, 58 seconds.

880-yard run—Won by E. Foster, Plymouth; second, C. Foster, Plymouth; third, H. Gwet, Plymouth. Time, 2:22.

One-mile run—Won by Rattenberry, Plymouth; second, R. Sockow, Plym-

outh; third, Monroe, Northville. Time, 5:25.

120 low hurdles—Won by Beagle, Plymouth; second, Carmichael, Plymouth; third, Lavenworth, Northville. Time, 15 seconds.

120 high hurdles—Won by Beagle, Plymouth.

Pole vault—Won by Carmichael, Crum, of Plymouth, and Thompson, of Northville, all of which tied for the height, 10 feet.

Shot-put—Won by Herrick, Plymouth; second, Crum, Plymouth; third, Watts, Northville. Distance, 37.9.

High jump—Won by McCordie, Northville; second, E. Foster, Plymouth; third, J. Randall, R. Sockow, Crum, of Plymouth, and Watts, of Northville. These all tied. Height, 5'4 1/2.

Discus—Won by Crum, Plymouth; second, Watts, Northville; third, Thompson, Northville. Distance, 83.8.

Javelin—Won by E. Foster, Plymouth; second, Watts, Northville; third, Packard, Plymouth. Distance, 126.3.

Broad jump—Won by McCordie, Northville; second, Packard, Plymouth; third, Watts, Northville. Distance, 10.12.

Score—Plymouth, 82 1/2; Northville, 25 1/2.

### Seventh Graders Debate.

"Tombstones cost too much; therefore, capital punishment is not preferable to life imprisonment," was one of the arguments advanced by the negative, debating on the question, "Resolved, That Capital Punishment is Preferable to Life Imprisonment." The negative was upheld by Ernest Archer, Irene Humphries and Donald Bronson. In the affirmative were Richard Gordon, J. D. McLaren, Robert Haskell and Stanley Gross. Taken all in all, it was a good debate. The chairman was Vera Wood, while Harold Hubert, Mac Donnelly and David Nichol acted as judges. Good sportsmanship and quick thinking was shown throughout but in the end the judges awarded the debate unanimously to the affirmative.

### CENTRAL SCHOOL.

The hygiene class of Miss Fenner's room has made by posters, pasting on gray paper the four different stages of that little disease carrier, some have also painted real flies on.

Miss Fenner's debating team met last Tuesday, discussing the question, "Washington was a greater man than Lincoln." The affirmative side was composed of David Mather, Eileen Drayton and Mary Konzeski, while Alexander Konzeski, Forbes Smith and Sanford Knapp were on the negative. Several of the debaters listened to a debate by the seventh grade and got a few points in debate work.

Daniel Carmichael was elected chairman of the exhibit from Miss Fenner's to the school exhibit today. With his helpers he will put the papers and things to be exhibited up and do the printing.

Mrs. E. V. Joffine visited Miss Hallahan's room last Monday.

Miss Hallahan's 5A are having picture study on Australia and they all enjoy it very much.

A week ago Wednesday all the pupils in Miss Sever's room received 100 per cent in spelling and they are very proud of the fact.

Miss Weatherhead's second grade have finished their picture study and the third grade are on their last, which is the "Horse Fair," by Rosa Bonheur.

At the exhibit this afternoon Miss Lodge's first grade will have a display of handwork, silent reading work, penmanship and spelling.

Mrs. Root's room is making butterfly dolls to decorate the room with and a daisy border for the blackboard. The girls are also making furniture for doll houses, while the boys are making barns and rocking horses.

Loris Huzzard, Rosa Niedoophal, Dorothy Harner and Barbara Zeitach are reading in the Child Library Primer and Isabel Nalra and Geraldine Plachta are reading in the more advanced book called Balenius Primer.

### STARKWEATHER SCHOOL.

Mrs. Lee's room are making very interesting product posters, the GB of South America and the GA of Europe. On these posters they put every product of the country and just where it is raised. The work is very interesting and helps the students in their geography work.

Catherine O'Hara and Violet Shaner are new pupils in Mrs. Wilcox's room.

Mrs. Mole's 5A have been learning the poem "The Five Good Eys." Also the 5th grade studied their last picture, "Deer in the Forest," by Rosa Bonheur.

Miss Balfour has a new pupil Harold Wilcox; also Robert Caldwell has returned to school after being absent three months with a broken leg.

The hygiene class of Miss Balfour's is making a health village. The houses are of cardboard with oatmeal shingles. The streets of the village are of Graham crackers, while the trees and shrubs are of green vegetables. The river that flows through the village is of milk. Don't you think that anyone who lives in that village should be healthy?

Miss Stader's pupils have finished their Stone silent reading books.

The health scrapbook which Miss Stader's pupils worked so hard on won first prize at the Tuberculosis society's contest. As yet the prize has not been received, but it is a picture, and those little folks are very happy.

Wendell O'Hara entered the kindergarten, making Miss Lapo's pupils number 44.

The kindergarten has begun to read, and they feel rather proud of the fact.

### Penmanship.

The penmanship drills Mrs. Bird sent in gave to the school 344 awards. Of this number 41 awards (pins) went to Miss Fenner's room: 41 to Miss Hallahan's, six to Miss Sever's; 24 to Miss Weatherhead's; 13 to Mrs. Root's, and in Mrs. Blossom's room every child got an award. The outcome of this is enough to spur all children to try and better their penmanship.

### THE HUMAN SNAKE.

By Mac Donnelly.

Nearly every "so-called" poppy boy has a pet humor or trick. These tricks differ with heritage, environment, and largely with breeding. Some have the habit of pricking the nearest inanimate with a metal instrument commonly known as a pin. Another takes almost heathenish delight in human target practice with stones as weapons. The list lengthens and trails on. One trips, either from the front or in the approved civilized fashion, from the rear. One pinches or scratches, much as his indistinct forefather did. One does bombing in a small way from a second or third story window with weighty objects. One pulls the blouse from belted pantaloons or strikes viciously at buttoned areas or perhaps does printing on a shirt back. All are hearty yokels who down any remonstrances with "Aw, be a sport. Can't you take a joke?" And we believe them. We shouldn't. Who or what is the authority that says the escapades of such matters should be tolerated? The answer lies with the girls who go through life with utter disregard for the feelings of others are living proof of man's animal ancestry, and they admit by their actions that they are not far from that state themselves. About the only method that can be used to check this return to the wild is to slum each culprit from society until the practices are discontinued. Some might be won over and we hope that next would try a Don Quixote stunt and trip a passenger train. The conscientious people in the immediate vicinity would have to bury the offensive remains, if any, but the peace would be worth the price. Something must be done, for if cruelty isn't shamed from a boy he will keep it all his life, and enough of that type could start civilization back to the long, long trail to the place where women rode behind their men on their own hair. Anyway, never believe that you have to accept torture as a test of your sportsmanship.

### TENNIS COURT CONTRACT LET.

"Work to be begun immediately" is the phrase used in the contract for tennis courts, which was let Thursday, May 10th, to Smith & Blunk, cement contractors of this town. "I have good news for you" is the way Mr. Smith announced it, and it certainly is good news. The contract let by the Board of Education of Plymouth High school calls for two cement tennis courts of regulation size (36 by 78 feet), to be constructed parallel and adjacent to Adams street, directly behind the school bleachers. These courts are to be absolutely complete, including nets and backstops, and it is expected that they will be ready for play about the first of June. It may be of interest to the public to know that these courts will be open all summer for play.

For nearly a year the school board has been contemplating this important step and long before the contract was let one thousand dollars had been appropriated for courts. Now this is about to be realized and nobody is sorry, either.

Watch this page for further notice about the use of courts.

### EARLY MORN' WORSHIP.

This year the Girl Reserves of the whole state have been introducing a deviation element in their meetings. Instead of leaving this part of their programs to the club as a whole, a special devotional chairman has been appointed in each group. Real study is being done by the advisors in Detroit as to how to meet the problems in the field. Devotions have become a real part of the Girl Reserve work.

Carrying out these ideas, the Plymouth Girl Reserves held what they termed an "Early Morn' Worship" on Tuesday of this week. Miss Lillian Schmid, one of the Junior Girl Reserve advisors, acted as leader. The girls met under the pine trees back of the Presbyterian church at 7:30 in the morning. "Follow the Glean" was a very appropriate beginning, which caused everyone to gain the proper spirit. Most people have at least one little verse of which they are especially fond. Miss Schmid read some verses which she liked, and then she explained certain points of religion. Then the girls told of verses which they liked, making the meeting very interesting. As 8:00 o'clock was now reached, the girls and teachers adjourned to the High school for morning classes.

### GIRL RESERVE ELECTION.

The annual Girl Reserve election was reached last Tuesday by the Girl Reserves, respectively, Catherine Nichol, of the Junior Girl Reserves, was elected inter-club council representative.

A practice meet was held at the Plymouth Country Club on Friday, May 11, in which Northville was defeated 5 1/2 to 3 1/2. There being only three men from Plymouth, it cannot be called a real victory.

On Tuesday afternoon, a league meet was held with Northville, with a decisive victory for Plymouth. The score of their first league victory was 10 to 2.

Point scores:  
Dix—3 points  
DePorter, 2 1/2 points  
Horvath—2 1/2 points  
Pearse—2 points

—E DePorter.

## Dr. Frank Crane Says

### WAR TALK

A German leader, Dr. Paul Oestreich, declares that America and England will certainly be driven into war. They will both win Germany for an ally, and in this way Germany will rise in the council of nations.

We have had among our own people who predict that war is certain. They say that human nature cannot be changed and that war is inevitably due to cause.

Lloyd George says: "In every country it is part of the business of the fighting staff to work out a plan for defense against all conceivable enemies. They gloat over their efficiency and, like every inventor, yearn to put their machine to a test, until possible war soon becomes likely and a likely war gradually glides into the inevitable."

From time immemorial nations and tribes have sought to "protect" themselves by increasing their armaments. A considerable portion of the press is urging the United States greatly to increase armament on sea and land in order to "protect" itself.

There never was a nation that could so protect itself. Greece tried it, and Rome and Spain and Germany and Russia, and they all fell.

The best protection for a nation is for it to form some kind of combination with other nations which public sentiment will endorse that shall abolish war as a final arbiter.

The most hopeful sign today is that people are finding out that war not only costs them money and valuable lives, but destroys property and sets back business.

It would be a good thing if every boy and girl in the country were compelled to serve two years under the tutelage of army officers in constructing great public works, such as the Boulder dam and the Mississippi Reclamation projects.

There is no objection to universal conscription if it is universal, and if it is not primarily for the purpose of fighting. These boys and girls would be potential soldiers in case we were ever attacked, but their employment upon constructive works would not be in the nature of provocation of war to other nations.

Some way or other we must give up our arms and defer questions of international dispute to some other arbiter than class nationalism.

The hopeful sign is that plans of peace are openly discussed in international councils. The late Pan-American congress was full of peace talk.

And peace talking brings peace, just as war talk brings war. The question after all is one of public opinion and the sooner that public opinion is turned away from causes of war and toward the efforts of peace the better will be our prospects.

## Graham-Paige Already Exceeds Total of 1927

Graham-Paige production for 1928 passed 21,881, the total for the entire year of 1927, on May 2nd.

The new line of cars sponsored by the three Graham brothers has, in its first four months, not only equaled last year's total production of the former models, but has broken almost every record of production and shipping in the 18 years' history of the factory. April alone set new all-time records for monthly and weekly production peaks and for a single day's shipments.

The April total was 8,275 units, nearly three times as many as were built in April, 1927, with its 2,830 cars. The largest month in former years was May, 1925, with 5,841 automobiles.

The last day of April saw the shipping of 491 cars, exceeding by 84 the previous shipping for one day. In a single week, April 23-29, the shipments totaled 2,195 cars—more than 10 per cent of the entire 1927 production.

Total production for the first four months of 1928 was 21,407, nearly two and a half times the total of the 8,783 cars for the same period last year. The actual increase for the first four months was 12,624.

The Graham-Paige monthly record for 1928 is as follows:

	1928	1927	Gain	Pct.
Jan.	4,197	1,374	2,823	89
Feb.	4,019	2,102	1,917	91.2
March	7,616	2,477	5,139	207.1
April	8,275	2,830	5,445	192.4
Totals	21,107	8,783	12,324	140.3

It will be observed that the remarkable record in exceeding last year's total in the first four months of this year was achieved despite a delayed start in January. The line was first announced January 7, and it was not until January 20 that the two hundredth Graham-Paige was built.

Orders on hand for May will be sufficient to maintain the factory at full operating capacity.

Reports received at the Graham-Paige factory show significant gains for the new cars in key cities of the United States.

In Indianapolis retail sales for the first four months of 1928 are more than seven times the total for the same period last year, while the April sales were fifteen times as great.

Chicago showed a gain of 219 per cent in retail sales in April, as compared with that month last year: Detroit, 411 per cent; Washington, D. C., 560 per cent; Boston, 221 per cent; Minneapolis, 125 per cent; Pittsburgh, 106 per cent; San Francisco, 108 per cent.

We would appreciate it if you would phone or send news items to the Mail them.

## Your Flower Garden

By Romaine B. Ware

Keep a Garden Notebook.  
 By all means have a garden notebook to keep a record of all the things you want to remember in connection with your garden. You may think at first that you don't need it, but you will refer to it many, many times as the seasons roll by. You will find a book about seven and one-half by nine and one-half inches with stiff covers the most practical.

In this book make note of the things you want to do in your garden, the plants you want to add here and there. When you visit a friend's garden or a nursery take it along with you and jot down the things that interest you. There is always some new plant being brought to your attention, and if you don't mark it down you will not remember it, and then when you wish to order it for your garden you cannot do it.

In your garden notebook make note of the pleasing color combinations you see in the gardens of others. Good combinations of plant material are always worth study, and it is by study that you will improve your garden. When you visit the flower shows take your notebook with you and note the new things you see and wish to add to your planting. If you wish to keep your garden up to date you must be on the lookout for the newest things. The space and time that we have to devote to our gardens is limited with the most of us, and only the better things are worthy of a place in our gardens. Your garden should be a selection of the most desirable things you can grow, not a collection of any and everything.

In your notebook you should keep such things as recipes for spray solutions, notes upon liquid manures and similar things. You will find that you will refer to them many times. A garden notebook becomes a regular mine of information and you will not realize its value till you have one. My own notebook has grown until today it has almost become a scrapbook; in fact, in addition to my notebook, I keep a large scrapbook of garden material, and am always adding to it. One never learns too much about gardens, and you must always be on the lookout for gardening information. Jot it down and you will have it when you want it.

ITALY'S FISTIC HERO.  
A BILL FOR THOUGHT.  
THE PLACE FOR SPEED.  
MEDALS FOR FLYERS.

Italy's heavyweight champion is here, 22 years old, 6 feet 2 inches tall, weighs 235 pounds. Boxing two and a half years, each of his ten opponents kindly became unconscious in four rounds or less.

This descendant of Roman gladiators, Umberto Torriano, is artistic, sings, plays several musical instruments and could lecture on Verdi. He seems to be the natural, physical and mental opponent for Tunney.

Torriano could interest local talent by offering to revive the old Roman boxing with the cestus, a glove of heavy thongs loaded with iron or bronze, making it unnecessary for the referee to count.

The McNary-Haugen bill is enthusiastically passed by the Senate. There are elections coming. The House will pass it also, many that vote for it counting on the President's veto to counteract their vote.

That the president will veto the bill is probable and that it will be passed over his veto is probable.

According to wise men, some "best minds" far removed from farming, now approve the bill.

Anything to make the farmers more prosperous would be welcome, but the so-called "farmers bill" may surprise farmers when understood.

According to wise ones, the Government would tell packers at what price they must buy hogs, and tell flour men at what price they must buy wheat. And the Government would guarantee profits to packers and flour men. After they had sold all the American public would buy, at prices much increased, of course, packers, millers, cotton men, etc., would "dump" the balance in foreign markets at any price obtainable.

And whatever the "processors" lost by dumping, the Government would make up in hard cash taken from taxpayers. There is an equalization plan of doubtful value.

Another feature of the bill would be complicated bookkeeping and inspection, involving gigantic armies of additional public servants.

When a packer buys a pig he changes it into scores of products. He would report profits and losses to the Government, and the Government would have to investigate every detail. The prospect of Government price-fixing with guarantees and inflation, worries some men that think.

Racing on the sand at Daytona Beach, in his Black Hawk Special speed car, going more than 200 miles an hour, Frank Lockhart blew out a rear tire. His car bounced 300 feet, "turned several somersaults" and landed upside down. Lockhart was killed.

This unfortunate death of a daring automobile racer is a warning to those that indulge in excessive speed. The air, not the ground, is the place for speeding.

President Coolidge will give medals to six fliers—three recently arrived, the Frenchmen, Costes and Lebrun, and the able Italian, the Marquis, de Pinedo.

He might add one medal for Miss Junkers, daughter of the man that made the westward flying airplane, responsible for the trip's success. Through all the excitement she has kept out of the limelight, and that deserves a medal.

A German scientist proposes "one clock for the entire scientific world." The exact time would be broadcast throughout the world by radio. It would be correct within one-one-hundred-thousandth part of a second," which seems excessive accuracy to the layman.

One "master synchronizer" would do the work for the whole world.

Mr. Smith came home very late for supper one evening. He called to his wife and told her to cook up everything there was in the house. "Why, John," she said, "what makes you so terribly hungry?" "I'm not hungry," he growled. "I'm going to pawn the stove."

The Woman's Christian Temperance Union will meet May 24th, at 2:30 p. m. at the home of Mrs. Titus Huff, Hamilton street. The meeting will be in charge of the Misses Anna and Ada Youngs. After current events have been given, the following topics will be considered:

"Yours for Health," from State Director.

"Do Weak Hearts Need Alcohol?"

"Law Observance in the Home, a Health Measure."

"Drugs and Drug Drinks."

Members should try to be present, and guests will be welcome.

## M. S. C. Farmers Day Booke for June 27

ANNUAL SUMMER CONFERENCE  
PLANS ANNOUNCED—EXPECT  
THOUSANDS TO ATTEND.

Summer Farmers' Day at Michigan State College will be held on Friday, July 27, this year, according to announcement this week at the college.

Inspection of the M. S. C. experimental plots and herds will form the major program for the morning, while a big general meeting with music and a speaker of national repute will be held on the college campus after the noon picnic lunch.

While the plan of the Farmers' Day will be much the same as in past years, many special features are being announced by the committee in charge to add interest. Some special competition open to all farmers who attend will probably be listed among the events.

Since the first summer gathering of the kind at M. S. C., held as a "what day" in 1918, the summer conference has grown until the crowds in recent years have reached the 10,000 mark.

# Hints for the Home

by Nancy Hart

## HINTS FOR THE HOME

How much "extra" freshness can be given to the home in summer by the addition of a few colorful prints, chosen with special care to have them suggest all that is cool and delightful.

A Carot landscape: one of Hein's forest lanes; a wide stretch of sandy beach with whitecaps rolling in; perhaps the fountain corner of a lovely French garden, or a group of old-fashioned flower prints—Can't you see these pictures dressing up the old familiar corners until they seem like entirely different rooms?

We need to remember that exquisite color prints of the world's best pictures are within the reach of all of us today. We are quite ready to invest in new slip covers and draperies when summertime comes. Let us not forget that fresh, colorful pictures are equally important in planning enjoyable summer homes.

### Washing the Milk Glass

Tumblers or pitchers that have held milk should never be put directly into hot water. Rinse first with cold water to prevent cloudiness.

### Prevents Tarnish

If a lump of camphor is put in the chest or drawer where silver is kept it will prevent the silver from tarnishing.

### Removes Scorch Marks

If you scorch garments when ironing, just remember to lay the scorched part in the strong sunlight, and the discoloration will soon disappear.

### When Locks Won't Unlock

Often the out-of-order lock only needs a little oil to put it in a good humor again. Instead of pouring it into the lock, however—just dip the key in oil.

### Borax Removes Coffee Stains

To remove old stains of chocolate, cocoa, coffee and tea, moisten the spot with cold water, cover with borax, and let stand for a few minutes. Rinse with boiling water.

### For the Small Room

Hang a large mirror at one end of the very small room and you will greatly increase its feeling of size and space. This also brightens the room, for the mirror will catch and multiply each ray of light.

With special sport equipment, no smarter car than this

Smart as a racing craft. Long and low... with rakish, youthful lines. But with special sport equipment... it's even smarter. The peer of any car in its class.

Six wire wheels... their colors contrasting with body shades. Spares carried forward in special fender wells. A trunk rack behind... suggesting week-end journeys. All that you see and admire on America's finest custom-built cars.

There's real style, if you ever saw it. Swank... speed... personality. Reflecting the snap and drive of its engine... its change of pace and its wonderful handling ease.

Add to all this the charm of bodies by Fisher. The deep-cushioned comfort and luxury that Fisher bodies provide. Then you'll find the All-American Six leagues ahead of any rival. And you'll marvel again at its truly remarkable price.

### EPISCOPAL NOTES

At the time these notes are written, it is too early to report on the supper held Wednesday evening. It isn't too much, though, to prophesy that before these notes are read a good time shall have been enjoyed by all present.

Harry K. Wrench was taken to a hospital in Battle Creek, Saturday, suffering with the "flu."

The choir deserves a special mention in the way they render the choral part of the church services, which has only been accomplished by steady and faithful attendance at the practices.

Throughout the winter months, these practices have been held in the church every Saturday evening, and have been faithfully attended by all the members of the choir, with Miss Pierson at the organ. An anthem and solo is usually given with one of the three soloists in turn, Mr. and Mrs. Tongue and Ben Stewart.

The solo rendered last Sunday by Ben Stewart, "Thy Will Be Done," by Wrigley, was especially well rendered, as was also the anthem, "O For a Closer Walk With God," with Frank Tongue as soloist two Sundays ago.

The members of the choir and organist are pleased to see any of the parishioners and friends at their practices in the church any Saturday evening.

### PRESBYTERIAN NOTES

The Ready Service class met at the home of Mrs. C. H. Gordon, Tuesday. The day was spent in sewing.

Do you like fried cakes? Just call up Mrs. G. H. Gordon or Mrs. Harvey Segnitz, and tell them how many you want. The May division of the Women's Auxiliary is holding a fried cake sale Saturday, May 19th, from the church kitchen, where the work will be done. Orders previously placed will help the women greatly.

The officers of the Women's Auxiliary were greatly encouraged by the fine attendance at the last meeting and by the general interest shown.

Herald Hamill's class of boys and the Men's class enjoyed a game of ball, Tuesday evening. Only minor casualties were reported. A few places are still open on these teams.

### CATHOLIC NOTES

Blessing and dedication of the new church will take place July 1, at 10:00 o'clock; also confirmation of the children.

Instructions for the children are held each Saturday morning at 9:00 o'clock. The children will make their first Holy Communion the last Sunday in June.

Nethem baseball team lost the game last Sunday, with Pinckney. Next Sunday they cross bats with their opponents, upon the home grounds at Plymouth and Ann Arbor roads. Give the boys all the encouragement and support you can. Next Thursday night they will give a card party, to clear their expenses, in the auditorium. An invitation is extended to all.

A very wonderful tribute was paid to Mother last Sunday, by the entire congregation. A very practical sermon was preached by the pastor, presenting the mother of yesterday and the mother of today.

Sunday is Holy Communion Sunday for the ladies.

Word has been received of the death of Rev. Thomas Hayes of Kalamazoo. The Nethem Club will meet Monday night, in the mahogany room.

### NOTICE!

### MARYLAND BOYS SELL PINE CONES

Find Value in Material Heretofore Wasted.

Salisbury, Md.—Farmer boys of this and the other eastern shore counties of Maryland may develop, according to County Agent J. P. Brown, an exceedingly profitable enterprise by following the lead of Dorchester county boys, who have found something with a sales value which previously had been thrown away.

Acting under the direction of W. R. McKnight, agricultural agent of Dorchester county, pine cones are being collected by farm boys of that county and shipped to the state forestry nursery at College Park, where the seeds are extracted by University of Maryland experts.

The seed thus extracted from the cones will be used in growing loblolly pine seedlings for future sale and distribution to farmers of the Eastern Shore, who in turn will use the trees to beautify highways and their own farms. A good seed year, according to the state assistant forester, occurs once in about three years and, therefore, it is necessary for the department to lay in a three-year supply of seed.

A number of forest plantations started from seedlings from the state department are now growing well in various counties.

Seventeen members of the 4-H club, at Hooper's Island and Crapo, have just shipped 145 bushels of the cones to F. B. Trenk, assistant state forester, who is now settling with the shippers on a basis of 85 cents a bushel. It is said that from the standpoint of time expended the industry is the most profitable in which 4-H club members have been engaged during the year.

Most of the cones are delivered to neighboring schools, whence they are sent to College Park.

Dorchester is said to be the first county in which 4-H club members have been engaged in actual forestry work with their other duties along agricultural lines, and it is said there are few states in which work has been done.

### Many Hogs in Virginia Dying From Cholera

Cape Charles, Va.—With approximately 2,000 hogs, valued at \$50,000, already dead in Northampton county, and many more sick and dying daily from cholera, numerous farmers of this section will have almost empty pork houses for the winter and the main meat supply of the county is at a premium as far as the domestic porkers are concerned.

Hog cholera started in lower Northampton county in the late fall and spread throughout all sections, taking a toll of porkers at almost every farmhouse and in many instances wiping out the entire pen.

One farmer buried a hundred head recently within a two-week period and the shortage of hog meat in the county has reached an alarming state.

The two county veterinarians are busy injecting serum in the animals that have escaped the disease thus far with the hope of saving them, but more than half of the hogs of the county have died, it is said.

Leading farmers and the county farm agent are taking steps to have all hogs of Northampton vaccinated with the hope of eliminating cholera to protect next year's supply of porkers.

**5 years of service is only a starting point for BUICK—Skilled engineering and rugged construction make it the most durable of motor cars!**

Keep in mind when buying your new car, that more than three-quarters of all the Buick cars produced in the last twenty-five years are still serving their owners.

**Buick endures—Buick stays young—Buick stands up and gives its best over a longer period than any other car—because it is endowed with an extra-rugged double-drop frame—Buick's world-famous Sealed Chassis and Triple-Sealed Engine—and the most nearly perfect oiling system ever developed—**

**You'll prefer Buick because it leads in beauty and luxury; and you'll prefer it, too, because it is the most durable of cars—and therefore the most paying investment.**
