BUICK CELEBRATES SILVER ANNIVERSARY

THE EVENT MARKS THE SHOWING OF THE NEW MODELS BY PLYMOUTH BUICK SALES CO., LOCAL DEALERS, SATURDAY.

Buick swings into its 25th year of operation this week, with the introduction of the Silver Anniversary Buick, its new car for 1928. Tremendous advances in beauty, style and comfort as well as in every item affecting performance combine to make the Silver Anniversary Buick an automobile new and totally different from anything the public has known.

Taking as a nucleus Buick's famous six-cylinder valve-in-head engine, torque tube drive, sealed chassis, cantilever springs, double drop frame and mechanical four-wheel brakes, Buick engineers have refined and improved these units, and created around them a motor car of radiant beauty and dashing style, a car which is easy to operate and comfortable to ride in, and finally, one which is said to out-perform, under all conditions, not only its own predecessors but any other car with hundreds of dollars of its price.

Outstanding departures from convention will be found in the new and daring treatment of body lines, the dazzling new colors in Introns Duo, and the lavish use of enduring chromium, which serves to differentiate the car sharply, even at first glance, from other automobiles of today. Less apparent to the casual eye, but no less vital, is the enlarged and improved power plant which provides an unsounded reservoir of energy for any and all needs.

There is no car now on the road to which the new Buick may be compared, a fact which makes description difficult. However, among the innovations affecting its appearance may be listed the gentle "swelling" of the body, first below the windows, which are gracefully arched across their tops where they were formerly straight; a complete blending of the side and roof lines in an altogether pleasing curve which is carried around the sides and rear of the car; graceful new radiator emphasizing the curve motif further; new one-piece front fenders and extra long and deep rear fenders, new running board bound on all four sides in aluminum and shaped along its outer edge to harmonize with the body lines; and new full-finished rear end with large gasoline filler inlet on one side and new combination tail stop and backing light, mounted on a heavy steel tube which encloses all wiring on the other.

The car's appearance factor is still further enhanced by smaller wheels and larger section tires which make the new Buick seem lower, though its road clearance is actually unchanged. Large new hubs, new easy-on radiator cap, and re-location of the Buick trademark—in a new and distinctive monogram on the radiator honey-combing instead of the shell, lend additional touches of beauty. The new head and parking lamps, on their chromium-plated brackets, also are noteworthy features.

Interior refinements making for beauty, as well as for riding and driving ease, are numerous. Not only the steering column, but the entire front seat of closed models, is now adjustable to the requirements of any driver. A small hand knob just under the edge of the seat cushion accomplishes adjustment, without inconveniencing driver or passenger. The seat locks automatically in any of the seven positions, and the 3 1/2-inch range. The gearshift lever is longer and is inclined toward the driver at its upper end, making for easier control of the gears. The accelerator pedal and rest are new, and were designed to permit movement of the foot without affecting the car's speed. Ventilators are provided in the cover at foot level, to be operated by the foot. Electric windshield wiper with tandem blades which clear the entire width of the windshield are standard on all closed models.

The instrument panel is entirely new. Its 90-mile speedometer is mounted directly before the driver, and a new hydrostatic gasoline gauge, the most accurate type, is provided. Body hardware, including door handles of thick-resisting design, is entirely new, and a thief may force open the door but this will neither open the door nor break the lock mechanism so that the owner cannot operate it with his key.

The chassis improvements are sweeping, and represent, in the aggregate, a tremendous advance in power and in the factor of safety. In the first place, wheelbase lengths have all been extended, the 114 1/2-inch wheelbase becoming 116-inch, the 120-inch becoming 121-inch, and the 123-inch, 129. Horsepower of the two Buick engines has been stepped up from 63 to 74, and from 77 to 90 1/2. Buick stresses the fact that increased piston displacement accounts for only part of the power increase, the remainder being due to new design of camshaft, valve mechanism, carburetor, intake manifold and exhaust. In other words, the power increase is out of proportion to the increase in weight, a statement which new Buick's breathing-taking performance verifies fully. By far as design goes, there is now no difference between the engines of the various models in the Buick line.

Buick's family established policy of adopting innovations only after exhaustive tests has guided preparation of the Silver Anniversary Buick. While some of the engine and chassis improvements, notably the addition of the mechanical fuel pump, are seemingly radical departures, none of

them affects the car's basic design, which has been proved by millions of miles of service on the highways of the world. Each change is announced with the assurance, born of relentless trial at the General Motors proving ground, that it is an actual improvement and not merely a change. The car is thus introduced as a fitting successor to the more than 2,000,000 Buicks which have preceded it and made its production possible.

The vibrationless performance for which Buick's engine is famous has been guarded jealously in preparation of the Silver Anniversary Buick. The crankshaft is heavier and so are bearings, pistons and pins, while greater attention than ever before has been paid to their balancing as a single working unit. Buick lays special stress on this balancing of engine parts, because long study has proved that this, rather than more cylinders or bearings, is the true answer to the problem of operating smoothness. And not content to merely balance its power plant, Buick has now cradled the entire engine in mountings of thick, soft rubber, which effectually insulate it from the frame and absorb the last vestiges of vibration.

For the sake of this same quality, smoothness, important refinements have been made in the clutch mechanism. Tiny undulations or "waves" in the facings of each of the 10 plates of Buick's multiple-disc clutch permit the driving force, as the driver faces to engage gradually, with a complete absence of jerk, grab and chatter, and the entire unit is piloted accurately within the flywheel to insure its running dead true at all times.

Other improvements in the driving units include interchangeable steel-backed main bearings, hardened and ground universal bearings, hardened rocker arm bearings, larger oil pump, new and much heavier differential ring gear and pinions, larger input shaft with Hyatt roller bearing at the rear end, new starter and timing gear, and a simple and ingenious method of lubricating and silencing the differential gears by deflecting the grease within the differential housing downward upon the gears.

No car at any price employs so costly a frame as Buick's. In the interests of greater rigidity and strength, this unit, too, has undergone several improvements. The side members are now straight, and are heavier steel than heretofore. Brackets and reinforcements are of drop-forged steel. Both the upper and lower flanges of the channel serving as a frame side member are rolled outward for greater sturdiness. Bronze bushings are provided for the famous Buick cantilever springs, which, as heretofore, are designed individually for each model, to operate in conjunction with the hydraulic shock absorbers.

The half-nut of the steering gear is piloted on guides within its housing to facilitate steering still further.

Despite the tremendous advance in performance built into the Silver Anniversary Buick, its gasoline consumption remains virtually unchanged, and it operates efficiently on any fuel. Retention of the centralized lubrication system introduced in the 1928 models makes it remarkably easy to grease, and heightened economy of servicing is assured by several of the mechanical improvements, such as the inter-changeable main bearings. The amazingly greater value which these advances, in conjunction with the entirely new body, unite to offer, is obtained entirely by refinement of Buick's already proven superiorities, without sacrifice of a single desirable quality.

Eighteen models make up the Silver Anniversary Buick line. The two-door five-passenger sedan, the five-passenger phaeton, the two-passenger business coupe, the four-passenger special coupe, and the five-passenger four-door sedan are offered on the 116-inch wheelbase; the four-door five-passenger closed-coupled sedan, the four-passenger sport roadster, the two-passenger business coupe, the five-passenger special coupe, the five-passenger sedan and the seven-passenger touring car on the 121-inch wheelbase; and the seven-passenger sedan, the four-door five-passenger closed-coupled sedan, the four-passenger deluxe convertible coupe, the five-passenger sport phaeton, the four-door five-passenger sedan, the popular five-passenger coupe, and the seven-passenger sedan limousine, designed primarily as a chauffeur-driven car, on the 129-inch wheelbase.

The Plymouth Buick Sales Co., local dealers, will have several of the new cars on display and they extend a most cordial invitation to the public to call and see them Saturday, July 27th.

The Red Arrow Sale

Willoughby Bros., Walk-Over Boot Shop, are announcing their annual Red Arrow sale in today's Mail. This sale is always a popular one with Plymouth people and it always attracts a large crowd of buyers, not only here in Plymouth but for miles around. Their store is filled with quality merchandise and the prices named during the sale are sure to make the Red Arrow event another great success. The sale opened Thursday morning, July 26th, and continues for ten days. Be sure you read the page ad in this paper.

Mrs. Beale Dunning and daughter, Marjorie, and the Misses Winifred Sawyer and Dorothy Bentley returned home Monday evening from a several weeks' motor trip through the West.

Jewell & Blach's Splendid New Business Block

We take pleasure this week in presenting a half-tone picture of the new business block just completed by Jewell & Blach at the intersection of Penniman avenue and Ann Arbor street. The building occupies the site on which stood the blacksmith shop operated for many years by the late Harry Willis.

Ever since the organization of this firm several years ago, the business has had a steady growth. Three years ago a large addition was built at the rear of the present building, which gives plenty of work shop facilities. The new building is a splendid addition to the business places in the village. It is of brick construction and has a frontage of 40 feet and a depth of 42 feet.

The plumbing and heating firm of Jewell & Blach occupies the store on the west side of the building, which has a floor space of 18x42 feet. The woodwork is of oak, and steel ceilings are used. A modern front with large display windows gives ample opportunity for the display of merchandise.

A door at the back of the room gives access to the shop in the rear. The room is well lighted and ventilated and makes a roomy and ideal showroom for the displaying of plumbing and heating equipment. The business office also occupies a space in the showroom.

The east side of the building is occupied by Jesse R. McLeod's electric store. The salesroom has a floor space of 18x24 feet, which gives Mr. McLeod plenty of room to display his stock of light fixtures and electric appliances. A work shop 12x18 feet is at the rear of the building.

In the basement of the building is the heating plant, which is equipped with an American boiler with the Hoffman vapor system and a Baker oil burner.

Clinton Gottschalk had the general building contract and J. R. McLeod the electric contract.

The upper floor is used by the Knights of Pythias and a description of these rooms was given in the Mail last week.

Tuesday afternoon and evening was set aside as the formal opening of the Jewell & Blach and the J. R. McLeod stores and hundreds of people availed themselves of the opportunity of inspecting the new building at this time.

Both Jewell & Blach and Mr. McLeod were the recipients of numerous baskets of beautiful flowers from well-wishing friends and business firms, and these added greatly to the beauty of the surroundings.

The owners of the building, Messrs. Roy Jewell and Carl Blach, were the recipients of many expressions of congratulation for their enterprise and progressive spirit in erecting this splendid building, which is not only a credit to themselves but the village of Plymouth as well.

Sandwiches and ice cold lemonade were served the guests and Livingston's orchestra furnished splendid music for dancing in the Pythian hall, on the second floor.

Around About Us

The merchants of Wayne will organize a credit bureau.

Fenton's new \$50,000 Catholic church will be dedicated August 8th.

Sampel L. Brader will erect a new business block on East Main street in Northville.

Rev. William Richards has been invited to return for his seventh year as pastor of the Northville Methodist church.

A paper has been found at Farmington containing a lease for 999 years granted the Masonic lodge of that place for the second story of Farmington town hall. It bore the date March 27, 1877. The term of years is regarded as an exception among leases.

Washtenaw County is to have a highway tourist and pleasure camp at Caavanaugh Lake, near Chelsea.

The Oakland County fair opens at Milford August 8th. The fair this year promises to be one of the best ever given and large crowds are expected.

The Livingston County Fair this year will feature Thursday as Homecoming Day. A committee of five Howell men has been appointed to lay special plans for this gala day.

Voters of the Northville school district Monday evening decided in favor of the recommendation of the school board for the purchase of the property lying west of the school house to be used for playground purposes, by a vote of 92 yeas and 43 nays.

On the present site of the Redford

Avenue Presbyterian church a saw mill once stood and on the land where now is located a downtown bank of Redford there once was a milk station, where many a cow was heard mooing. Once a neat little slice of land bounded by Lahser, Six Mile and Berg roads was purchased for \$1,300. But that was 80 years ago.—Redford Record.

To the westbound traveler on M-16 the old dilapidated brick building just north of the concrete at the east approach to Livingston county, with its caved-in roof, paneless windows, old bricks and decayed porch roof, has little attraction or beauty. Yet here cluster tales of early Michigan finance. This building was once the Bank of Kensington, believed to be the sole survivor of the wild cat banks that flourished under the early banking laws of Michigan.—Milford Times.

Former Resident Dies at Wayne

LAST RITES FOR MRS. GEORGE CURTIS ARE HELD IN THAT VILLAGE.

Mrs. Rebecca Fischer Curtis, a life resident of this section, died on Thursday, July 12, at the home of her daughter, Mrs. Roy Smith, of Wayne, at the age of 81.

She was born at Plymouth on Jan. 15, 1847, and married George Curtis, who died on June 1 of last year, at Flat Rock. A prominent church worker, Mrs. Curtis, for 20 years, was organist at the Willow Methodist church.

Services were held at the Methodist church, where the body remained in state from one until two o'clock on Sunday, July 15. Rev. Walter Heyler, pastor of that church, officiating, and interment was made in the Glenwood cemetery.

She leaves to mourn their loss, three sons, George, of Plymouth; Bert, of Ypsilanti, and Charles, of Detroit; a daughter, Mrs. Roy Smith, of Wayne; a brother, Christian Fischer, of Dearborn, and Mrs. Carrie Deckinger, of Edwardsville, Illinois, and also a number of grandchildren.—Wayne Dispatch.

Forty Years in the Ministry

REV. CHARLES STRASEN ALSO COMPLETES THIRTEENTH YEAR AS PASTOR OF ST. PETER'S LUTHERAN CHURCH.

Sunday, July 22nd, was the fortieth anniversary of the ordination and installation into the ministry of Rev. Charles Strasen. On this date Rev. Strasen also had been minister of St. Peter's Lutheran church of Plymouth for 13 years.

A special service was arranged for Sunday evening. Rev. F. Krauss, of Lansing, preached a German sermon and Rev. H. Heyn gave an address in English. Both speakers very ably brought forth how one is made a minister of God by God and in spite of all opposition is upheld by Him, and what great blessings God gives through the ministry. It was also pointed out that God had wrought special blessings through his work amongst the insane in Ann. Ill.; his work amongst the criminals in Menard, Ill., and as superintendent of the Lutheran Children's Home of Bay City, Michigan.

Rev. Strasen responded, basing his words on 1. Cor. 15, 9-10, and Gen. 32, 10. To God all glory.

The church was beautifully decorated with cut flowers, donated by the pastor's children and friends.

Miss Hanna Strasen presided at the organ and accompanied Miss Esther Strasen, who sang "The Lord is My Shepherd."

Letters of congratulation from former congregations of Rev. Strasen were read by Rev. Heyn. These letters confirmed the love of these congregations for their former pastor and testified to his good work and faithfulness in his midst. Rev. J. Gauss sent his congratulations by wire, not being able to bring them in person.

Some of the outside guests who attended the celebration were: Rev. F. Krauss and family, of Lansing; Rev. H. Heyn and wife, Detroit; Rev. A. Haas and family, Northfield; Rev. C. A. Brauer, Ann Arbor; Rev. J. Kempff and family, Detroit; Rev. Paul Waschilewsky and family, Detroit. Mrs. Waschilewsky is a cousin of Rev. Strasen.

After the service all present were invited to partake of a light lunch in the church dining hall.

In the 13 years of his ministry at St. Peter's Lutheran church Rev. Strasen baptized 122, confirmed 108, gave the Lord's supper to 3,603, married 44 couples, and buried 98, and preached about 1,800 sermons.

ENTERTAINED AT MISCELLANEOUS SHOWER.

Miss Ruth Shattuck and Miss Hope Dubois honored Miss Margaret Streng at a miscellaneous shower Thursday, July 24, at 8 o'clock, at the home of Miss Shattuck, on Penniman avenue. The house was attractive with lovely bouquets of garden flowers. About thirty friends enjoyed an evening of bridge, after which a dainty buffet lunch was served. The guests were then invited to form a circle in the spacious living room, and a table heaped with a lovely profusion of gayly-wrapped gifts was set before the guest of honor.

Announce Sixth Anniversary Sale

BLUNK BROS. WILL OBSERVE THE SIXTH MILESTONE IN BUSINESS WITH A BIG MIDSUMMER SALE.

Blunk Bros. have taken three pages of the Mail today to announce their sixth anniversary sale. It is just six years ago that the Blunk Bros. opened their store in Plymouth. Their business has grown and expanded until today they have as complete a department store as will be found in town many times larger than Plymouth. From the basement to the top floor their floors and shelves are filled with a splendid line of merchandise.

Blunk Bros. firmly believe in the power of printers' ink, and they are not only using three pages of the Mail today, but they have had printed and distributed 7,000 four-page circulars telling about the big event.

The big sale, which is always eagerly looked forward to every year by the people of this community, opens Tuesday morning, July 31st, and will continue for eleven days, closing on Saturday, August 11th. Every department in the big store offers special bargains that will have a strong appeal to the thrifty buyer. Don't fail to read the big announcement in today's Mail.

Hundreds Attend Funeral Home Opening Saturday

MANY TOOK OPPORTUNITY TO INSPECT SCHRADER BROS.' MODEL FUNERAL HOME.

The informal opening of Schrader Bros.' newly remodeled funeral home last Saturday afternoon was attended by hundreds of people, who took the opportunity to inspect this model funeral home. Many people had never before had the privilege of going through a home of this kind, and it was indeed a complete revelation to them. The rooms, a description of which was given to our readers in last week's Mail, presented a very handsome appearance, and were made still more attractive by numerous baskets and bouquets of flowers, sent to the Schrader Bros. by well-wishing friends and business firms. Each lady visitor was presented with a carnation, while the gentlemen were given cigars.

The completeness of the home, its splendid furnishings and equipment was a great surprise to everyone, and F. D. Schrader was the recipient of many fine compliments and words of appreciation for the efforts that he has put forth to give Plymouth one of the finest funeral homes in the state.

ENTERTAINED AT DINNER.

Mr. and Mrs. Byron Wilkin entertained at dinner Sunday, Mr. and Mrs. Charles Edman; Mr. and Mrs. Paul Greer, daughters, Barbara, Julia and sons Edman, Donald and Junior, of Charlotte, Mich.; Mr. and Mrs. Martin Edman, son Jack and daughter Jean, of Brighton; Mr. and Mrs. Francis Wilkin and son Wallace, of Plymouth; and Mr. and Mrs. Carl Umbagh, of Lima, Ohio.

Will Give First Annual Circus

The first annual circus to be held at the Wayne County Training School will take place on the girls' playground at the training school Saturday afternoon, July 28. The grand parade will take place at 3:30 o'clock p. m. Side shows open at 4 and the main show begins at 4:30. This circus is put on entirely by the children of the school. All costumes, trappings, vehicles and other paraphernalia are the products of their own hands.

V. C. Rice, of Brooklyn, N. Y., en route to the International Bible Students convention, to be held at Detroit all next week, will stop over at Plymouth from Friday to Sunday, inclusive, July 27-29. Mr. Rice will visit some of the homes of Plymouth with the I. B. S. A. publications, including Judge Rutherford's latest book, "Reconciliation." Also Friday and Sunday evenings he will be with the class at Beyer's hall, in North Village. Mr. Rice has lectured throughout the United States and Canada a number of times.

WALKING ON ROADS

We note in an exchange where an
estimable woman was struck and
killed while walking along a highway,
a motorist running into her while going
around another car in a blinding rain.

This deplorable tragedy can be used
here and now as an object lesson to
Plymouth people, and as a warning to
them of the dangers that accompanies
everyone who walks on a road over
which autos are operated. The gener-
al rule of the road is, of course, to
stay on the right. But this has been
found to be more unsafe than walking
on the left-hand side. When one walks
on the right-hand side of the road he
is directly in the path of a machine
coming up from the rear which cannot
be seen. This puts the burden of
watchfulness on the motorist and if
anything occurs to obscure vision, such
as the headlights of an approaching
machine, it is almost impossible to see
unlighted objects ahead. Many acci-
dents occur from this cause. It is safer
to walk on the left-hand side of the
road, facing traffic coming in the op-
posite direction, so that in case of an
emergency one can step into the un-
traveled part of the highway, or even
leap into the ditch if necessary to
achieve full safety.

But the principal thing is to be safe,
and to realize that with auto traffic
growing heavier every month every
road is a dangerous road. Teach the
children the advantage of using the
left-hand side of the road or to avoid
the road altogether if there is a con-
venient path that will serve their
walking purposes and keep them off the
main part of the road altogether.

PICNIC DAYS

The picnic and outing season is now
here in full blast, and there is no
more pleasing custom in American
life. Picnics break down the stiffness
of indoor gatherings and give people
more chance to romp like the children
they really are. Somehow the stand-
offishness melts away at a picnic, and
many a fellow we thought was a
stiff, touch-me-not proves to be a good
scout when he gets thawed out.

It is a good thing to get away from
the narrow streets that bound the
gaze and form the same picture day
in and day out. Sameness is a dis-
ease, and life grows stagnant without
change. In picnics we get right down
to earth; we eat, we sit on the ground;
we feel the wonderful comfort that
soft grass and cool earth can give as
nothing else gives. We get a chance
to relax, to breathe more easily and
the best part of all—to talk to our
friends and relatives with a mind on
the conversation instead of on busi-
ness cares. It's the kind of conversa-
tion that puts us on a more friendly
basis with those who share this neigh-
borhood with us; the kind that makes
us realize just how fortunate we are
in having right around Plymouth some
of the finest men and women and boys
and girls that can be found in this or
any other community on the face of
the earth.

If you haven't attended a picnic yet
this year, get out and hunt up one.
And if you can't find one get busy
and circulate among your friends and
neighbors and make arrangements for
holding one. You'll find it one of the
happiest and most enjoyable jobs you
ever undertook.

BE CAREFUL

Hot weather has settled down in
earnest and we are feeling the effects
of Old Sol's rays. With the discom-
fort the younger generation is turn-
ing to the swimming hole—any kind of
swimming hole so long as it offers
coolness from the scorching tempera-
ture. Newspapers are full of accounts
of drownings since the hot weather ar-
rived, however, and Plymouth parents
should be careful to warn their off-

spring, no matter how well they can
swim, of the danger of over-exertion
in the water when the blood is hot.
It isn't only those who can't swim who
are in danger. As a rule they take no
chances. It is the good swimmer who
is apt to become over-confident. And
then, too, good swimmers are just as
apt to suffer an attack of cramps as
those who cannot swim. It is an enjoy-
able and a healthful sport, but it's
dangerous, no matter how proficient
you may be. Don't neglect to impress
this upon the children throughout the
heated season.

A POTATO PICKER

Plymouth people who have raised
potatoes, or who may even now have
a crop of them in the ground, know
that picking them up when they are
ready to be gathered is the hardest
part of their production. It is a dif-
ficult and a back-breaking task. But
it is going to be made easy, of the in-
vention of a Minnesota man does all
he claims for it. He has patented a
picker that digs the vegetable, separ-
ates it from the vines and trash and
sacks or crates it. The potatoes are
ready for market or storage as soon
as the digger turns them up, and is
said to operate as fast as seven men
or boys can pick potatoes by hand. It
sounds good, and if it is all its in-
ventor claims it should take its place
high at the top of the list of labor-
saving devices that are fast coming on
to lighten the labors of the agricul-
turalist, and to put him in shape to
make more out of his crop through a
saving of time and energy.

BEING TOO THRIFTY

Again the man with the long lead
pencil is busy. This time it is Lord
Askwith, of England, who figures that
the world suffers a loss of thirty bil-
lion dollars a year by the rusting of
metals. The biggest portion of this
sum, he says, is lost by farmers in all
parts of the world, who are said to
be careless in leaving their tools and
implements unprotected from the re-
lentless elements. And yet, there's an-
other side to it. If farmers protected
their implements against rust and de-
cay it would mean they would need
fewer implements. And that would
mean cutting down the working forces
of the factories that turn them out.
So where one part of the world would
be saving, another part would be los-
ing by reason of their thrift. Thirty
billion dollars is a lot of money. Yet
if saving a big part of it means losing
another big part, then maybe we can
just as well afford to forget it, and go
ahead letting rust have its way.

THE HAPPY-GO-LUCKY CLUB MET

The Happy-Go-Lucky club enjoyed a
house party the week-end of July 15
at Wolverine lake. Mr. and Mrs.
James Gates had their cottage in
readiness and at ten o'clock the gang
of fourteen members arrived. The
day was spent in boating, fishing and
several games of quilts were played.
The men proved to be real fishermen,
and for the dinner a huge platter of
fried fish was served.

The evening was spent by playing
500. Mrs. Fillmore won the ladies'
first honors, and consolation prize was
awarded to Mrs. Honeywell. Mr.
Gates won the men's first honor and
Mr. Becker the consolation prize. On
account of the men getting lowest
score for the first session of the card
games, they treated to ice cream. Bets
all paid but the hat.

Outside guests present were: Miss
J. Johnson, Detroit; Lester and David
Daley, of Plymouth.
All members had an unusually
pleasant time and appreciated the
gracious hospitality of host and
hostess.

Rushing Work on New Grandstand

STEEL WORK HAS BEEN FIN-
ISHED, ROOF TO GO ON IN
A FEW DAYS.

Workmen have during the past few
days completed the erection of the
steel for the grandstand at the North-
ville Wayne County fair grounds, and
in the next few days carpenters will
begin the construction of the roof and
seat platforms.

With a seating capacity of nearly
three times that of the old grand-
stand, the thousands of people who
come to the fair each year will have
no difficulty in getting a good seat
this year.

The association has looked the best
lot of outdoor attractions that has ever
been brought to Northville. With a
list of exhibits that will far exceed
anything ever before attempted, there
is not the slightest doubt but what all
previous records will be broken.

The old grandstand has been moved
and built over into one of the best
cattle exhibition barns on any fair
ground in the state. It is large and
well lighted. In past years it has
been necessary to house the cattle in
a tent, which made exhibition rather
difficult.

Secretary Floyd Northrop is devoting
every minute of his time to fair mat-
ters. Directors of the association are
doing practically the same thing.

Ray Richardson, who is chairman
of the special committee in charge of
the grandstand erection, declares there
is plenty of work yet to be done. He
is going to see to it that everything
is in shapeliness by fair time, "even if
we have to call in the whole town to
help us," he declares.—Northville
Record.

Merchants Defeat Ypsilanti Easily

The Plymouth Merchants traveled to Ypsilanti last Sunday in hopes of having a real ball game, but to no avail. The boys again proved too strong and came through victors with a score of 16 to 8.

The home boys garnered six runs in the first and again in the ninth.

Rowland, starting for Plymouth, allowed the opponents four runs in the first. Walker replaced Rowland and although he did not allow the opponents a run, was replaced by Quinn, due to his sore arm.

Millross, the Merchants' short-stop, came through with a nice drive into left field which resulted in a home run.

"Spike" Millman led the aggregation for hits, getting a nice fat .666 average for the day. He also featured with some nice catches in center field.

The entire team has found their hitting streak, as Plymouth's 20 hits indicate. Not a man was batting under .200, which is a good average for a ball team.

Next Sunday, July 29th, the Plymouth Merchants will play the Ann Arbor Colored Stars at Burroughs field at 3 o'clock. This team is coming here with a reputation as both ball players and cowboys. If this reputation comes true, you had better be there, as the boys are looking for just such a team. You'll see a good game and you'll also get the laugh of a lifetime, so don't forget—3 o'clock, Sunday, at Burroughs field, Plymouth.

Nethem Loses to Keego Harbor

Lots of excitement was furnished the fans Sunday when Nethem ball club played a return game at Keego Harbor with the fast-going Merchants.

Nethem having won the honors previously at Newburg, brought the Merchants out with blood in their eyes.

Schultz, an aggressive young pitcher, took the mound for Nethem and was relieved by Remus, who in turn held the Merchants scoreless for the last four innings.

Rutherford, Hough and Schomberger's high batting averages were surely reduced by White, who heaved the ball for the Merchants.

Closeness of the game caused a few disputes, but sportsmanship on the part of both teams soon cleared the air. The club appreciated the attendance and support of the fans who traveled so far to see the game.

Nethem will play the Detroit Post Office Flashies next Sunday, July 29, at home, Newburg grounds, at 2:00 p. m. They are a good team and the fans can look forward to a fast game. Try and be on hand as your support is appreciated.

AT THE THEATRE

"PARTNERS IN CRIME"

Wallace Beery and Raymond Hatton have someone well worth stirring up an underworld war over in their forthcoming comedy, "Partners in Crime." Mary Brian, one of Paramount's most beautiful and popular leading women, has the principal feminine role in the picture, which will show at the Panniman Allen theatre Sunday and Monday, July 29-30.

Miss Brian takes the part of Marie, the girl who keeps not only the underworld but all the rest of the world that she comes into contact with in a flutter.

Beery has the part of Mike Doonan. Hatton plays a dual role and travels under the names of McGee and "Knife" Reagan.

Miss Brian finds little time to rest between pictures because of her exceptional popularity. She completed work on "Under the

Rim," a Zane Grey western. The day before she started on that picture she finished furnishing the beauty and romantic interest for "Two Flaming Youths," the W. C. Fields and Chester Conklin team comedy. Prior to that picture she acted as leading woman for Richard Dix in several productions.

"THE FIFTY-FIFTY GIRL"

The play might be the thing but it doesn't interest Bebe Daniels very much unless it is crammed with laughs. This is proved in the Paramount star's latest comedy release, "The Fifty-Fifty Girl," which comes to the Panniman Allen theatre, Thursday, August 2. And laughs there are plenty of them.

In the first place Bebe tackles the problem of the modern young woman who is lured with the idea that she can take the place of the man and make the latter like it. With that as the major premise, Miss Daniels travels along a rather rocky road of situations until finally she puts out the call for help.

The story of "The Fifty-Fifty Girl," written by John McDermott, concerns the attempt of Miss Daniels to run a gold mine like a man while her partner, James Hall, assumes the obligations of the woman.

It goes along fine, to the accompaniment of a steady string of chuckles, until Miss Daniels runs up against a bunch of villains who are attempting to get the mine away from her and Hall.

Miss Daniels is fortunate as regards to the supporting cast. James Hall is back with her as a leading man after his last appearance with her in "Swing, Girl, Swing," and, as usual, is splendid.

William Austin, seen with Miss Daniels in "The Fifty-Fifty Girl," has a fine type for a stunt man, whose

experience has been gained entirely from text-books.

George Kotsenaros and Johnnie Morris are the other featured members of the cast.

Clarence Badger has done a nice piece of work in directing the picture.

"THE SUNSET LEGION"

Again Fred Thomson has demonstrated his ability to literally walk away with the honors in the depiction of western roles, both past and present. His latest starring vehicle for Paramount, entitled, "The Sunset Legion," which comes to the Panniman Allen theatre Saturday, August 4.

There is something about Fred Thomson and his pictures which serves to elevate him above all others who portray this type of role. His stories, for one thing, always include a novel punch that is sure to please and entertain the young and old alike. That is no commonplace achievement in this day of the motion picture. Added to Fred Thomson's sterling performance is that of "Silver King," his wonderful trick horse, which serves to make this combination unbeatable.

"The Sunset Legion" extolls the merit of the Rangers, that organization of western police, which has so admirably written American history. Of course, Thomson is a leader of the organization, but the audience is not let in on the secret until near the close of the picture. Suffice to say that "The Sunset Legion" has plenty of thrills and dramatic punch in all its reels, and compares favorably with Thomson's previous Paramount productions.

Beautiful Edna Murphy plays opposite the western star, and William Courtright, remembered for his lovable character in "The Pioneer Scout" again achieves an admirable characterization in this picture. Harry Woods, as "Honest John," who in

reality is the leader of a band of outlaws, is a most convincing "bad man" and peeps up the picture in no small degree.

Last of all is "Silver King," surely a star of ranking equine performers, and the beautiful horse plays no small part in the success of the picture.

"Any woman who has been married about ten years," asserts Dad Plymouth "can tell you that she didn't marry the best man at her wedding."

Dad Plymouth says that considering the size handkerchief she uses it is no wonder that a woman always regrets having a cold in the neck.

A Maine woman 100 years old attributes her long life to the fact that she has always minded her own business. We recommend her remedy to several in our immediate neighborhood.

“Back-to-the-Farm”
Movement in Mexico
Mexico, City.—The Mexican government has appointed a commission to evolve plans for fastening a “back-to-the-farm” movement.
The object is to induce town and city dwellers to settle upon agricultural lands. Study also will be given to the question of colonization by foreigners, and perhaps inducements will be offered farmers of other countries to come to Mexico.
The investigating commission, created at the instance of President Calles, is composed of experts of the departments of treasury and agriculture and the government's agricultural credit bank.

MUNICIPAL NOTES
BY THE MANAGER

Bids will be received and opened by the village commission next Monday evening for the paving of North Mill street from North Main street to Starkweather avenue.

Curb and gutter work has been completed on Ann Arbor street and Penniman avenue and the laying of concrete base is under way. Curb and gutter is now being laid upon William street.

The contractor expects to complete the installation of storm sewers in streets to be paved within the next few days.

Paving contractors are experiencing difficulty in securing sufficient labor in Plymouth to carry on their work. Men desiring employment may secure work by applying on the job.

The new monolithic culvert at the creek on South Harvey street has been completed. Grading of the creek bottom for a distance of 100 feet east and west of the culvert is called for in the contract. This will provide for proper flow of water through the culvert.

There is still considerable dirt to be had by persons living within reasonable distance of streets being excavated for paving. Dirt may be secured by calling the manager's office or speaking to the foreman in charge of excavation.

GRANGE NOTES

The next regular meeting of Plymouth Grange will be held at the Grange hall Thursday evening, August 2. Everyone come prepared with a question for the question box.

Everyone remember the picnic of the Grange under the auspices of the Lily club, Saturday, July 28, at Benton's Grove. Each one bring enough sandwiches for their family and one other dish, also bring dishes for family.

The skinny girl may have her points but the fat one is more comfortable on your lap.

Dr. Frank Crane Says

Every once in a while we hear a man say, “Business is business,” or that he follows “art for art's sake,” or that he as a scientist cares only for the truth, not for its practical results, and so on. But the fact is humanity is not put in water-tight compartments. Everything you do affects all parts of your nature.

What you do in business reflects on your art, what you do in art colors your business, and what you think in religion has much to do with your scientific conclusions. Mankind is one, one organic whole, and its various departments of activity have merely been listed for convenient reference. They do not exist in reality.

If your religion is ugly and cruel your business will be immoral. If your business is heartless and vindictive your whole life will show it.

The scientist must pay some attention to the practical bearings of his investigations, for it would be foolish for him to spend his whole life on investigating some perfectly useless matter.

Business must be beautiful. Art in some may must rest upon a business basis.

A man cannot have his whole head submerged in literature. He must have sense enough to market his wares.

The beautiful works of art of past generations had their influence upon believers in religion and religion is what it is owing to a thousand other causes within itself.

Much recent art shows contempt for any but aesthetic values. Such art is transient, and will give place to a greater art, in which beauty of thought and expression will confer enlarged values.

The total of all values is what counts. This result can be achieved not by preaching in art nor by making science “practical,” but by universal education in values so that artist, business man, or scientist will express himself in synthesis of all values.

"Napoleon"
A Review By
CASS S. HOUGH

"NAPOLEON"—BY EMIL LUDWIG. BONI & LIVERWRIGHT. NEW YORK, N. Y., 1927. PRICE \$3.

Probably, to the average reader biographies, at their best, are none too entertaining. There seems to be a natural tendency on the part of readers to reject anything that is labeled "Biography." In fact, they are condemned before they are given a chance to prove their merit.

Ludwig has certainly given the reading public a "piece de resistance" in his biography of Napoleon. True, the life of the little emperor is colorful in itself, and needs no coloring to make it interesting, but with all the treaties on, and odes to the life of Napoleon, it was not for Ludwig to tell this story so simply and naturally that the reader is carried along from page to page, figuratively thirsting for the narrative that the succeeding pages carry.

Despite all adverse criticism, Ludwig proves that Napoleon the General and Napoleon the Emperor are worthy of all the tribute paid him by the world, even though Napoleon the Man might, if weighed in the balance, be found wanting on several scores. He was as natural an organizer as he was a soldier, and it has been said of him that he was born with a saber in one hand and a rifle in the other. He had that uncanny knack of looking into the future with an unerring eye, except in the case of his Russian campaign. His analysis of fellow officers and statesmen was quick and accurate, which accounts for the fact that he surrounded himself with the cream of French statesmanship and soldiery during all the years he held sway. Was not France more prosperous during his regime than during any period in its entire history? What nation, if any, could ever boast the well-drilled armies that Napoleon commanded? When was court life more brilliant or schools and universities subsidized to the extent that they were during the brief years the little emperor controlled France's destinies? Loved by some, feared by many, a constant threat to Europe's peace up until the very hour of his death at St. Helena, but above all, a genius, whose well-trained mind more than made up for any lack of physical size and stature.

This book was a "best seller" for months, something almost unheard of in the case of a biography. It is full of adventure, and crammed with details of daring. Its subtle interpretation of the kind of diplomacy practiced at that time is an unending source of amusement; its pictures of court life are as realistic as any ever put on canvas, and more so in most cases. Above all, though it is an impartial and illuminating study of the character of a man of far more than average intellect, whose one weakness was his own refusal to put a curb on probably the loftiest ambitions ever conceived in the mind of man, with the possible exception of Alexander the Great and Julius Caesar.

German Tourists Bring New Problem to France

Paris.—France has a new grievance against the former Kaiser and Hindenburg, with no means of getting satisfaction without violating international postal regulations.

It started with the sudden interest of German tourists in the scene of signing of the armistice in the forest of Compiègne near Rethondes and the advent of the inevitable sellers of post cards and other souvenirs.

As if by order from their political groups, the German visitors during recent weeks have been addressing cards to the former Kaiser, Hindenburg and others. On Sundays these missives have numbered as many as 4,000.

But the grievance does not end there—in a large majority of the cases the senders fail to pay sufficient postage. The French authorities are not allowed to hold up the correspondence for this reason however, and the little post office at Rethondes complains that it is being overworked.

Today's Reflections

We've always noticed that the Plymouth man who continually goes around with a chip on his shoulder winds up by getting his block knocked off.

We'll never believe the women want equal rights until we see some of them cutting the grass with undershirts on.

Next to a good cigar for a nickle, nothing is more out of date these days than a horse and buggy in the city.

The reason some Plymouth men like to be traffic cops is because they would have a chance to talk to somebody else the way their wives talk to them.

Every wife thinks his boss should have a heap more faith in her husband than he has—and pay him accordingly.

After a Plymouth couple have lived together about twenty years you can't hand them very much of that "companionate marriage" bunk.

The things some fellows get on their radios sounds just like what they would get if they went rolling in home about 3 o'clock in the morning.

It takes a marriage license to get married on, and sometimes an auto license to boot.

Wonder why it is that when you get awake in the night and wonder what time it is that the clock always strikes half-past something?

Nothing brings a deeper sigh of regret than the belief that the old-fashioned mother is fast losing out in this country.

Heaven to the average Plymouth married man is a place where it isn't necessary to try to keep a step ahead of his neighbors.

Store teeth put an end to toothache, aspirin to headache, but nobody has found a remedy for heartache.

Having monkeys in the family tree is preferable to having bats in the belfry.

Now that an edict permits women of Bosnia to go about unveiled, Bosnian women may lose their reputation for beauty!

At North Platte, Neb., Colonel Charles A. Lindbergh, presented a check at a restaurant counter, was greeted with his refusal: "Colonel Charles A. Lindbergh? Never heard of him. We wonder if they know the name here?"

Those dingy draperies can be given back that royal look of dignity if we dry clean them. We can dry clean your tapestries perfectly. Dainty Dorothy says that "we can refresh and clean every article used in the home and wardrobe." She says that the men who patronize us say it saves them money and pleases their good-dressing sense.

Big Prizes for Poultry at State Fair

Michigan poultry and pet stock raisers are offered \$9707 in premiums at the state fair, September 2 to 8, this year, with a wide range of classifications which the board of managers expects, will attract the support of the leading exhibitors of the state. As the state fair is the culmination of the season's activities, this will bring together the pick of the exhibits from the county fairs throughout the state.

In the production birds class \$540 in prizes is offered and in the exhibition class \$1,092 is hung up. In addition to this a laying contest, open to Michigan breeders only, is scheduled with \$110 in prizes. A miscellaneous class, covering Polish, Hamburgs, Boudans, Crevecoeurs, La Fleches, Faverolles, Campines and Buttercups is provided with total prizes of \$1,040, while \$624 is offered for games and game bantams with \$603 for ornamental bantams.

Carricks are provided for with \$60 in prizes while \$66 is offered for ornamental fowls including peacocks and guineas. A class is set for turkeys with \$240 in prizes while for ducks there is \$380, and \$28 for geese.

A large pigeon entry list is expected to be attracted by the \$1,793 in prize money hung up.

Rabbits and cavies are provided for with \$812.75 offered for the former and \$81 for the latter.

Husband and hog calling contests are set for Thursday afternoon, September 6, at 3 p. m., with \$30 in prizes. The hog calling is open to any farmer "in the wide world," while the husband calling is open to any member of the gentler sex between eight and eighty who has now, ever did have or ever expects to have a husband.

"The calling should smack of originality," according to Fair officials "to the end that each husband may distinguish the voice of his own wife from that of his neighbors." And while the appearance and facial expression of the caller in action will be taken into consideration in the hog calling contest, this will not be reckoned with in the husband calling in order that the judges may be relieved of embarrassment.

The entertainment program will include 21 acts of vaudeville and will be given twice daily, afternoons and evenings, in front of the grandstand, from Monday to Saturday inclusive.

The afternoon program will include harness racing, featuring some of the best known horses and riders in the country, while in the evening the vaudeville will be augmented by the spectacular fireworks display and Oriental pageant—"A Night in Bagdad." Al Swoord's band will accompany the vaudeville. Headliners on the program include:

The Curtiss Animal Circus: Christian's Horses; Eight Sarattos; Wilson-Aubrey Duo; Cliff Curran; Ten Kikatas; Duncan's Colliers; Auto Polo and Billy Lorette, famous circus clown.

On Saturday afternoon there will be a spectacular auto race under the official sanction of the A. A. A. with some of the best known racing drivers in the country participating.

Lieut. Commander John Philip Sousa and his band will open the fair Sunday afternoon with a sacred concert in the Coliseum and a patriotic concert in the evening. He will give two concerts daily during the fair.

PERRINSVILLE

There will be no services at Newburg for two weeks as Rev. Johnson will take his vacation.

Mr. and Mrs. Fillmore Myers and family, of Birmingham, spent Sunday evening with Mr. and Mrs. George Buehr.

Mr. and Mrs. Arthur Bennett and family, of Newburg; Mr. and Mrs. Will Herr and family, of Rochester, spent Sunday with Mr. and Mrs. Arthur Badelt.

Mr. and Mrs. Ted Consens are living in their new home at Nankin Mills.

Mrs. Alma Bridge, of Plymouth, and Mrs. Bell Boehr spent Friday with Mrs. Carl H. Jerpe, of West Detroit.

A picnic will be held on Saturday, July 28th, at Benton grove by the members of the Lily club and their families. All Grangers and their families are invited. Please bring dishes, etc., for your family and sandwiches and one other dish of food besides. Dinner will be served at 12:30 o'clock. An after-dinner schedule has been arranged to make things enjoyable for all.

Mr. John B. Meyer entertained at a miscellaneous shower at her home in Redford in honor of her cousin, Miss Margaret Streng, Thursday, July 19, at 8 o'clock. After an evening of bridge the tables were set with lovely arrangements of sweet peas and pink and green tapers, tied with tulle of contrasting hue, and dainty refreshments were served to some thirty guests. After a circle had been formed about the guest of honor the hostess presented her with a barrel, artistically decorated in green and white and topped with a gay pink umbrella, containing a delightful variety of shower gifts. Guests were present from Detroit, Royal Oak, Farmington, Northville, Plymouth and Redford.

David Kingston, father of Mrs. Charles O. Ball, died at the family residence at 821 East Huron street, Ann Arbor, Tuesday evening, July 24, 1928, after a short illness. Mr. Kingston moved to Ann Arbor with his family three years ago from the Copper Country, where he had been engaged in the lumbering business for many years. The funeral services will be held at the Ann Arbor residence Friday afternoon at 3 o'clock.

Mr. and Mrs. J. M. Larkins, of West Ann Arbor street, have returned home after several days' visit at the National High School Band and Orchestra camp, located at Interlochen, Michigan. While there they had the pleasure of meeting Governor Fred W. Green and wife, who paid this camp a visit. Another feature was the Sunday orchestra concert, with Ossip Gabrielowitch, Detroit Symphony orchestra director, as the conductor. Their son, Maynard, plays in both band and orchestra.

Miss Margaret Streg was delightfully entertained, at a miscellaneous shower Monday, July 23, given by Mrs. Clifford Tait and Mrs. Wm. Downing at the home of the latter, in Robinson subdivision. After an evening of games the guests were served a most delicious lunch at small tables, decorated in green and white. The bride-to-be then received an unusual treasure chest, covered in green and white and guarded by a jaunty little pirate, dressed in white with a gay green scarf. The chest yielded many lovely gifts.

Norway's Idle Ships

May Get an Indemnity

Copenhagen.—One of the greatest problems in the Scandinavian countries is the ever increasing number of idle ships.

Admittedly, says the Scandinavian Shipping Gazette, is Norway worse off in this respect. Proportionately she has more ships laid up than any other nation in the world. Denmark and Sweden also are hard hit and every week brings sorry tidings of further laying up of tonnage.

The latest relief theory is an organized laying up scheme in connection with a mutual insurance system paying indemnity on a fixed scale to owners of idle ships. It is of Norwegian origin and has won recognition among Norwegian owners, but must have international co-operation. From a Scandinavian point of view all such theoretical projects, even if carried through, are mere makeshifts, providing no sound basis for existence or growth of a national merchant marine.

Shipping men say world tonnage is much bigger than the demand, and that it is idle to dream of better conditions for a long time.

DE-HO-CO DEFEATS PLYMOUTH IN GOOD GAME.

The Plymouth Merchants and the De-Ho-Co team played a practice game of base ball last Tuesday evening at the farm grounds that proved a most interesting contest, and up until the sixth frame, the locals had the edge on the strong farm team. In the second inning the farm team got two runs. The locals scored three in the third and one in the fourth innings. In the sixth frame the De-Ho-Co players had one of their famous hitting rallies and scored five runs, winning the game 7 to 4. Quinn for Plymouth, pitched a good game and was well supported. Rowland pitched a good game for De-Ho-Co.

Calls Attention to Northeastern MICHIGAN

(In the Lower Peninsula)

Wave-washed air, cleansed by Lake Huron's crystal waters, sweeps across the altitudes of Northeastern Michigan, giving that section an invigorating summer climate.

The well-shaded, broad beaches of scores of beautiful inland lakes are joined by excellent highways, making this vacation land quickly accessible to the entire population of the Middle West. Important industrial, banking and trading centers dot the district.

Rivers, too, contribute to the attractiveness of the section. The far-famed Au Sable courses its way 250 miles through forests, between high bluffs and past green meadows. To this region, the visitor always will feel the urge to return.

The vacationist is only an hour from home as the nearest telephone. And, Long Distance Rates Are Surprisingly Low! Note the following Day Station-to-Station rates for a three-minute conversation, between 4:30 a. m. and 7:30 p. m., to representative points in Northeastern Michigan:

Former Northville Boy Candidate For Prosecutor

SEWARD F. NICHOLS, ASSISTANT PROSECUTING ATTORNEY, OUTLINES HIS PROGRAM.

An aggressive, fighting prosecuting attorney who will wage relentless war on banditry and all forms of crime in Detroit and Wayne County, with full confidence in his ability to stifle the "crime wave" of recent years, is what Wayne County will have when Seward F. Nichols is nominated and elected to office next fall, according to his many friends who have made him a candidate on the Republican ticket.

SEWARD F. NICHOLS.

was a name feared by the criminal element of the country, who gave Detroit and Wayne County a wide berth once he had shown his ability to suppress crime and criminals. Mr. Nichols has had plenty of experience in work of the office he now asks Republican voters to support him for, having served as assistant prosecutor under Matthew H. Bishop, Paul W. Voorhies and Robert M. Toms and being still on the job. He will bring to the prosecutorship several years of active experience in handling work of the office, a period in which he has made his influence felt to such an extent that those who know him are sure of his ability to carry out his program of law enforcement. Mr. Nichols himself mimes no words in telling what kind of a fighting prosecutor he will be. In outlining his program he declared forcefully: "The police, sheriff, courts and prosecuting attorney, working together can give the public effective law enforcement. Without the right person-

nel the triangle is weakened. An awakened public opinion favorable to law enforcement is the most vital factor in enforcing laws and punishing criminals.

"This public opinion should insist that men in the prosecutor's office should be of the kind who are not bound to the underworld in any way whatever. A real prosecuting attorney should be free to act, free to issue recommendations for warrants and free to make raids upon lawlessness. The time is past when any public official may maintain a passive interest in law enforcement. An active, working prosecuting attorney will keep other law enforcing agencies on their toes, and newspaper pressure to compel law enforcement will not be needed. "If elected, I will enforce the law. That is a prosecutor's first and paramount duty. I will cooperate with the police, with the sheriff and with the city and county courts to stamp out crime. I intend to make Wayne County a place from which criminals will flee; not one in which they will seek refuge."

Because of this fearless attitude on the part of their candidate, plus his recognized legal ability, the friends who are backing his campaign for the Republican nomination in the primary election of September 4, are placing an enthusiastic organization behind him, and there is no question that a vigorous campaign will be waged throughout.

The Oakland County Fair

The Oakland County Fair, which will be held at Milford August 8 to 11, inclusive, will lead all fairs in the state in point of time, and will be well in the van in point of quality of exhibits and features that will interest the general public. The new \$8,000 exhibitors' building now being completed will afford increased opportunity for the showing of various entries, and the entertainment features will eclipse the offerings of any previous year.

This year for the first time, the County Fair Association is a member of the Wolverine Racing Circuit, which includes the state fair at Detroit. This puts the program of harness events on a new plane, and the race entries are already taxing the ingenuity of the fair management to provide accommodations. The race program extends over the four days of the fair from Wednesday to Saturday inclusive, with largely increased purses.

The entertainment program includes four separate "free acts" which will

be shown in front of the grandstand each afternoon and evening. These are an animal show, a troupe of five acrobats and two separate troupes presenting various comedy and vaudeville acts.

Baseball for Thursday, Friday and Saturday afternoons, a fine fireworks exhibition each evening, and the many riding devices and midway attractions will furnish entertainment to suit old and young.

Liberal premiums are offered for exhibits in all classes of livestock, poultry and pet stock, field and forage crops, fruits and vegetables, provisions, ladies' handwork, antiques, etc. A specialty will be made of boys' and girls' club work exhibits under direction of Walter Gospihl, county club leader.

The dog show, with suitable premiums offered in each breed, will be held Friday and Saturday. Officers and directors of the Fair are sparing no efforts to make a better fair this year, and invite the attendance and co-operation of the people of the county.

FISH LIVES IN LOG

Owensboro, Ky.—A huge log was pulled from Green River recently to be sawed. It was hollow and inhabited by a 30-inch, 33-pound catfish.

BOY OF 12 SAVES FOURTH LIFE

Washington.—Walter Johnson, 12, made his fourth rescue in three years when he saved a man from drowning in the Anacostia River.

There are a good many things that gives the average Plymouth woman a lot of pleasure, but she gets the biggest kick out of being able to snub some other woman against whom she has a grudge.

Now they're fixing to build a tunnel from Detroit to Canada. Is it any wonder prohibition has such a hard time prohibiting?

Makes Girls More Attractive

Wouldn't you, too, like a face powder that will keep shine away—stay on longer—spread smoothly—not clog the pores—and always be so pure and fine? It is made by a new French Process and is called MELLO-GLO. It is surely a wonderful Face Powder. Just try MELLO-GLO.

PAVING CONTRACT.

Plymouth, Michigan.

Notice to Contractors:

Sealed proposals will be received by the Clerk of the Village of Plymouth, Michigan, up to 7:30 o'clock p. m., Eastern Standard time, of the 30th day of July, 1928, for the construction of a pavement, with curb and gutter and other appurtenances on North Mill street, from the north line of North Main street to the east line of Starkweather avenue, with a width of forty feet and approximately 2,700 feet in length.

Plans and specifications under which the work is to be done may be examined at the office of the Village Clerk, Plymouth, Michigan, or at the office of the Engineers, Ann Arbor Michigan and copies of the plans and specifications may be obtained from the Engineers by making a deposit of ten dollars, which will be refunded upon their return in good condition within one week after date of receiving bids.

A certified check for a sum not less than fifteen hundred dollars (\$1,500.00) will be required with each proposal.

The right to reject any or all proposals and the right to waive defects in proposals will be reserved by the Village.

Hints for the Home
by Nancu Hart

When we read that, according to statistics, each family spends \$25 a year for soft drinks outside the home, we realize a very nice saving could be effected by serving these beverages from the home fountain.

Almost any pungent syrup from canned or preserved fruit can be used with a lemon or orange juice base to make wholesome fruit drinks. Malted milk powder added to cold cocoa and well shaken makes excellent chocolate malted milk, and the cold cereal beverages can also be combined with cracked ice and milk to make a delicious summer drink.

Not one of the drinks suggested costs more than a few cents to make at home—so in the interest of economy, let's try this scheme of being our own refectory and see if it isn't a success.

A COMPANY DISH FOR TEA

Butter the bottom of individual glass baking cups and drop a tablespoon of canned crab meat in each; add a tablespoon of cream, dot with butter or margarine and break an egg on top. Season well and bake until egg is set. Um—mm it's delicious.

EVER TRY JELLIED SOUPS?

At smart tea rooms and hotels jellied broths are in great favor for summer service—especially this cold tomato soup made by dissolving a teaspoon of lemon-flavored gelatin in a half cup of boiling water and adding it to the liquid from a can of tomatoes. First season juice with a teaspoon of sugar, pepper and salt and juice of an onion and simmer for ten minutes, then add dissolved gelatin and set on ice until cold. Serve in cups with whipped cream, if desired.

DON'T FORGET THE ICE

In your enthusiasm over ice cream dainties don't forget fruit sherbets are just as tempting and often a better selection for summer meals. To a pint of any crushed ripe fruit add one and one half cups of orange juice and a cup of powdered sugar (beet or cane). Cook until sugar melts, cool and freeze.

GOOSEBERRY TIME!

Ever try gooseberry jam? It's fine with roast meats. Measure 4 level cups crushed berries into large kettle, add ½ cup water and stir until boiling. Cover and simmer 15 minutes. Add 7½ level cups sugar, use hottest fire and stir constantly. Bring to full rolling boil and boil hard one minute. Remove, stir in ½ cup liquid pectin, skim, pour, and seal.

IMPROVES FLAVOR OF FRUIT PIES.

Almost any berry pie will be improved if a little salt is added to the filling of the pie.

MAKES EGGS GO FARTHER

When beating whites of eggs, add a tablespoon of water for each egg and you will have doubled the quantity of stiffly beaten eggs.

TO KEEP BREAD BOX SWEET

Bread molds quickly in hot weather, so keep containers free from scraps of stale bread, and scald at least twice a week in summer.

A GOOD FLOOR POLISH

A small quantity of kerosene applied to hardwood floors and rubbed with a woolen cloth makes a very good and lasting polish. This may also be used for furniture.

TO SILENCE CREAKING DOORS

Rubbing door hinges with hard soap will stop their squeaking and is much better than greasing. This also applies to drawers that stick.

SAVES FUEL

Cook as many foods as possible while the oven is burning. Cooking half a dozen articles consumes no more gas than it does to cook one.

Final plans were laid in St. Louis by the newly formed Smith Association of the World for a gigantic party to which nearly 2,000,000 Americans named Smith will be invited. This will probably be the first party in history at which people won't become embarrassed trying to recall each other's names.

OUR ANNIVERSARY WEEK

OPENING TUESDAY, JULY 31 TO AUGUST 11 IN OUR

FURNITURE DEPT.

SECOND FLOOR

Our sixth anniversary finds our furniture department grown to practically a half block of second floor space. As we are unable to show from the outside just how much our furniture department has grown, we will attempt to picture in your mind the growth of this department.

Six years ago we had only the second floor over our main store, but to-day this department extends to the walls of the Plymouth United Savings Bank. We ask you to visit this department during our anniversary week, for it is you, that has helped to make this extension possible.

We are going to make it worth while for you, to visit this department, with an article that is used in every home, at a price that will mean time well spent in this department, as listed below:

**Proceedings of the Annual Meeting
District No. 1, Fractional, Townships of Plymouth and
Northville, Meeting held on the 11th day of June
(Monday P. M.), 1928.**

The Annual Meeting of Plymouth School District No. 1, Fractional, was held in the High School Auditorium on Monday evening, June 11th, 1928. The meeting was called to order at 7:30 o'clock by President J. W. Henderson.

The President read the call of the meeting. The President also asked the pleasure of the assembly regarding the reading of last year's Financial Report (reading waived). The chair stated that a motion to accept last year's report as read last year should be made.

Mrs. Ella Robinson moved that the report on finances as read last year be accepted. Seconded by Sidney Strong. Carried.

The minutes of the annual meeting of July 11th, 1927, were read and approved.

The election of two trustees to succeed F. J. Pierce and J. W. Henderson was next in order.

The chair appointed Sidney D. Strong and B. J. Holcomb tellers. The chair called for nominations for a trustee to succeed J. W. Henderson. Walter Nichol nominated J. W. Henderson. Henry Hondorp nominated Claude H. Buzzard.

Total vote, 177. Henderson, 72; Claude H. Buzzard, 105. The chair declared Claude H. Buzzard elected.

The chair called for nominations for a trustee to succeed F. J. Pierce. Daniel Murray nominated F. J. Pierce to succeed himself. Sidney D. Strong nominated Herald Hamill.

Total vote, 191. F. J. Pierce, 116; Herald Hamill, 75. The chair declared F. J. Pierce elected.

Carl Starkweather inquired why the study of the German language could not be reinstated to its former glory in the Plymouth Public Schools. Superintendent Smith replied that no requests for a study of this language had been made since the war and that the question had never been discussed.

Roy R. Parrott stated that the lot known as the Kuhn lot was still for sale and that the district should own this property. Mr. Parrott said that Mr. Henderson, present owner of the lot, paid \$1,300 for it, taking up the option that the school board had taken on this lot (when the sale of the lot was refused by the taxpayers.) That Mr. Henderson had paid a \$70 sewer assessment and two village tax assessments and that Mr. Henderson would let the district have this lot at cost, amounting to \$1,427.00. Mr. Parrott stated that the district board had power to buy this lot but preferred to leave this purchase to a vote of the people. President Henderson stated that Mr. Parrott had taken an option on this lot and that the school district could have it at cost.

Mr. Parrott moved that the school district purchase the Kuhn lot. C. H. Bennett seconded the motion.

J. W. Henderson called for a voting vote. The chair declared the motion carried.

Mr. Henderson stated that in his opinion a fund of \$2,000 for repairs to the school and playground should be appropriated annually; that this sum would take care of all needed repairs.

Mrs. Ruth West requested in behalf of the Parent-Teachers' association that some arrangement be made for supervised playgrounds for the summer.

Mr. William Bake said that this request should be referred to the school board for consideration, and if granted, provision could be made for the same in the budget.

Mr. Henderson thanked the people of the district for their co-operation and support during his term of office.

The chair adjourned the meeting.

ADA S. MURRAY,
Secretary.

I, Ada S. Murray, secretary of the Board of Education, Plymouth, Michigan, do declare that this is a complete statement of the minutes of the annual meeting of School District No. 1, Fractional, of the Townships of Plymouth and Northville, held June 11th, on Monday, 1928.

ADA S. MURRAY,
Secretary.

We, the undersigned, having been appointed by the Probate Court for the County of Wayne, State of Michigan, Commissioners to receive, examine and allow all claims and demands of all persons against said deceased, do hereby give notice that we will meet at the office of Perry W. Schwartz, 435 South Main Street, Plymouth, Michigan, on Saturday, August 4, 1928, at three o'clock P. M. of each of said days, for the purpose of examining and allowing said claims, and that four months from the 2nd day of July A. D. 1928, were allowed by said Court for creditors to present their claims to us for examination and allowance.

Dated July 2, 1928.

ROY A. FISHER
EDWARD M. FLACHTA
Commissioners.

PROBATE NOTICE

STATE OF MICHIGAN, ss
County of Wayne.

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the third day of July in the year one thousand nine hundred and twenty-eight.

PRESENT: GEORGE M. READ, Judge of Probate.

In the Matter of the Estate of FRED HAREK (Fred T. Harek), Deceased.

An instrument in writing purporting to be the last will and testament of said deceased having been delivered into this Court for probate.

It is ordered, That the second day of August, next, at ten o'clock in the forenoon at said Court Room be appointed for proving said instrument.

Myrtle E. Bridger, Plaintiff,
vs.
James H. Parmele, John C. Schwarz, and Catherine Schwarz, his wife, Euterotus P. Hastings, Abraham Wilsey, and Thomas J. Dean, or their heirs, devisees, legatees, and assigns, Defendants.

ORDER FOR PUBLICATION

AT A SESSION OF SAID COURT, held at the Court Room thereof, in the City of Detroit, said County of Wayne, State, on the 6th day of June, A. D. 1928.

PRESENT: HONORABLE ALFRED J. MURPHY, Circuit Judge.

ON READING AND FILING The Bill of Complaint in this cause, from which it satisfactorily appears in writing that the interests, claims, liens or possible rights to the premises described in said Bill, and hereinafter described in writing, interests, claims, liens or possible rights of said defendants, and each of them, if they ever had any validity, said plaintiff avers to be had by the quiet, peaceable, open, notorious, adverse, hostile, actual, undisputed, visible, exclusive and continuous possession of said lands, under claims of title, of plaintiff and her grantors for more than fifteen (15) years last past, and for more than fifteen (15) years since the several apparent rights to heretofore accrued to said respective defendants, which said possession has been, during all of said time, and still is, adverse and hostile to the titles, interests, claims, liens or possible rights of said respective defendants; and upon reading the affidavit of Martha Wilson, agent of said plaintiff, that it is not known and could not be ascertained after diligent search and inquiry whether their titles, interests, claims, liens or possible rights have been disposed of by will, and that it cannot be ascertained in what state or country said defendants, or any of them reside.

ON MOTION OF JOHN L. CRANDELL, Attorney for said plaintiff,

IT IS ORDERED That James H. Parmele, John Schwarz and Catherine Schwarz, his wife, Euterotus P. Hastings, Abraham Wilsey, and Thomas J. Dean, or their unknown heirs, devisees, legatees and assigns, and the unknown persons who are, or may be entitled to claim under them, or any of them, cause their several appearances to be entered herein in the manner provided by law, on or before three (3) months from the date hereof, and that this order be published or served, as required by law.

ALFRED J. MURPHY,
SAID SUIT involves and is brought to quiet the title to lands and premises described in said Bill of Complaint as follows:

Commencing at an iron pipe monument on the North line of said Section three (3), which monument lies two thousand, two hundred and fifty-two (2,252) feet East of the northwest corner of said Section three (3); thence East along said North line of said Section (3), two hundred eighty-eight (288) feet to an iron pipe monument; thence South, thirty-six (36) minutes, thirty seconds (36'30"); East, two thousand seven hundred four and three-tenths (2,704.3) feet, to an iron pipe monument in the center of the Ann Arbor Trail; thence North, eighty-nine degrees, fifty-four (89°54') minutes, forty-five (45) seconds (89°54'45"); West, along the center of said Ann Arbor Trail, three hundred eighty-seven (387) feet, to an iron pipe monument; thence North, two degrees, twenty-nine (29) minutes, thirty seconds (29°30'); East, one hundred ninety-eight (198) feet, to an iron pipe monument; thence South, eighty-eight (88) degrees, twenty-three (23) minutes, 188°23'; East, eighty-two and five-tenths (82.5) feet, to an iron pipe monument; thence North, twenty-eight (28) minutes, thirty seconds (28°30'); West, two thousand five hundred eight and two-tenths (2,508.2) feet, to the place of the beginning, containing eighteen and four hundred, seventy-seven thousandths (18.477) acres of land.

Wayne County Boys and Girls at Lansing

ANNUAL CLUB WEEK AT MICHIGAN STATE COLLEGE LARGEST HELD.

Twenty-one boys and girls from Wayne County spent the week in East Lansing enjoying the activities of Club Week. Two local leaders were also in attendance. Mrs. Mildred Coover of Flat Rock and William Savage of Detroit. The weather was particularly favorable throughout the week and activities took place as scheduled. The first evening was spent around the camp fire singing songs and getting acquainted with the other county delegates. President Shaw of Michigan State College, Director Baldwin, of Extension, as well as the several members of the State Club Staff.

Tuesday morning the group was divided into four tribes and conducted over the Michigan State College Campus and various buildings where members of each department gave due time to greet the guests and explain a few facts relative to their respective departments.

Miss Fannie Buchanan from the Victor Talking Machine Company opened the afternoon with a program of Music Appreciation for men and boys.

John Bradford, of the National Playground and Recreation Association took charge of one group following the Music Appreciation while the other groups were privileged to observe some chemical reactions under the direction of Professor A. J. Clark.

A picnic supper down on the banks of the Red Cedar was followed by the Candle Lighting Service on the Cavalry Field at which time several outstanding club members and leaders were initiated into the Service Club. Other attractions throughout the week in addition to the regular hours of music appreciation and recreation, were 4-H Club Courtesies by Miss Muriel Dundas; A Health Talk by Dr. Lillian Smith, State Department of Health; Personal Grooming by Miss Irene Taylor; Stories and Pictures by Miss Lola Belle Green—all for the girls.

Interesting Problems in Physics by Prof. C. W. Chapman; Farm Crop

Tour. Give the Seedling a Chance by Prof. Karl Dressel were among the attractions for the boys.

Everyone appeared interested in the Health Contests, the Stunts put on by each county, the Style Show staged by representatives from each county, the Singing Contest and the Athletic Meet.

Needless to say everyone was present at the Banquet given by the State Board of Agriculture. Songs and yells showed that enthusiasm was running high and everyone was anxiously awaiting the returns of the events of the week. Wayne County felt highly honored when Miss Green announced Miss Lillian Begeman, of Flat Rock, as State Champion in 3rd Year Clothing. Norma Ferstle, also of Flat Rock, placed second only to the champion in second year clothing, a girl from the upper peninsula. However, Norma received honorable mention in the Style Show and was one of the eight girls selected to appear again before the banquet group.

The Wayne County delegation proved their spirit and ability by winning first place in the Singing Contest and also in the Stunt which they put on for the entire group.

The visit to the State Capitol Friday morning completed the week's excitement and everyone departed for home shortly after noon.

Those attending Club Week from Wayne County were:

De-Ho-Co Defeats Pontiac 11-3

In a game that started out to be a real fight but developed into a rout, De-Ho-Co defeated Boyce Bros. of Pontiac to the tune of 11 to 3 at De-Ho-Co park Sunday, July 22.

De-Ho-Co started the ball rolling with two in the first and one in the third, while Pontiac tallied one in the second and two in the fourth to tie the score. De-Ho-Co got one more in the fifth and then got to O'Brien, Pontiac hurler. In the sixth for seven runs and put the game on ice. Home runs by Martin and Pankratz, three-baggers by Destefano and Hammond and a two-base hit by Jaska, together with singles by German and Henrion, spelled doom for O'Brien and he retired in favor of Stone, who held De-Ho-Co scoreless for the rest of the game.

Belmke, with two triples, and Kirschner, with a double, provided the heavy artillery for Pontiac.

Henrion, De-Ho-Co hurler, had the visitors guessing with his spitball. He did not walk a man, struck out five and allowed only eight hits.

Next Sunday, July 29, De-Ho-Co will meet Rochester at Rochester in their next inter-county league game.
