

BEAUTIFUL PARK PROPOSED FOR PLYMOUTH

VILLAGE COMMISSION ASKS FOR AN ADVISORY VOTE ON PARK PROPOSAL

A Conference of Village Officials and Wayne County Board of Park Trustees Was Held in Detroit Last Friday.

County Board Outlined Plans for Proposed Transfer of Plymouth Tourist Camp to Control of County Park Board.

For some considerable time past the Village Commission of the Village of Plymouth has had under consideration the proposal extended to them by the Wayne County Board of County Park Trustees that the Commission transfer to said County Board the control of the so-called Plymouth Tourist Camp property for development, improvement and maintenance as a public park. However, due to the desire of the Commission to avoid hasty action in the matter, and to secure full information and give thorough consideration to every angle of the proposal before coming to a decision relative to the project, no definite action has as yet been taken.

With a view of gaining a more complete understanding of the aims and plans of the county park board concerning the proposed development, a communication was addressed to the board some little time back requesting them to appoint a time at which a committee representing the village could meet with them to confer relative to the proposition. Complying with the request the county board proposed a meeting for last Friday morning, August 24.

A committee consisting of Commissioners Nutting and Shear of the commission, Village Attorney John S. Dayton and Village Manager A. J. Koenig accordingly met with the County Board of Park Trustees at the appointed time at their offices in Detroit. A frank and open discussion of the entire proposal in all of its phases was gone into at this meeting, and all questions raised by the members of the committee representing the village were answered in full and without reservation.

The members of the county board disclosed their plan to construct a wide, paved parking or drive from the vicinity of Northville to the mouth of the River Rouge, following in a general way the route of the river. In conjunction with this project it is planned to develop public parks at vantage points along the drive. It was pointed out that the location of the Plymouth tourist camp property precisely upon the route of the proposed county parkway supplied the one reason for the county's interest in developing the site as a public park. Had it been located at any considerable distance from the river route the park board would not have been interested in developing the property.

Assurance was given that the board contemplated making immediate improvements after taking over control of the property. Removal of weeds, brush and dead trees and the planting of new trees in desirable locations would be done yet this fall. It was made clear that the near future would see a laying out of the above mentioned park drive, the spanning of the river with a splendid, modern bridge and a number of foot bridges for the convenience of picnickers, the building of a fine, up-to-date comfort station at a probable cost of \$25,000 or over, and the installation of camp stoves, playground equipment and recreational conveniences that will be of the best to be secured. The board emphasized their intention to develop upon the Plymouth site a public park that would rank with the best to be found anywhere, and that it would be cared for and maintained so that it would be the finest kind of an asset to the community. Though no estimate of the probable amount of money to be spent in developing the property could be given at this time, the point was made that money was no object; that whatever funds would be needed to improve the property would be made available, and that the total

might reasonably be expected to run into the hundreds of thousands of dollars. The committee representing the village pointed out the desirability, from the viewpoint of the village, of having the name "Plymouth" associated with the park to be developed upon the site; of the Plymouth schools having the use of the athletic field proposed as part of the development project, and of the village making such reasonable reservations with respect to the transfer of control of the property to the county board as would appear to its advantage in view of the proposed development. In reply the members of the park board expressed their entire willingness to have the village choose a name for the proposed park, and assured the committee that the local schools would not be restricted in their use of the proposed athletic field for staging school athletic events. They also expressed their complete willingness to abide by whatever reasonable conditions the village should wish to name as part of the transfer agreement. In other words, the county stands ready to spend money practically without limit in developing to the fullest degree the Plymouth tourist camp property if the village will give the county jurisdiction over the site so that they may proceed with the improvement. It is the view of members of the commission that the citizens of the village should be given an opportunity to express their wishes relative to the above proposal before any definite agreement is entered into with the County park board. To this end it is being arranged to conduct an unofficial advisory vote upon the question at the time of the fall primary election, September 4. At this time every voter in the village will be given the opportunity to state his view in the matter by marking a ballot indicating whether he approves of transferring control over the tourist camp property, and if so, whether by 99-year lease or deed. This expression of the wishes of the voters will serve to guide the Commission in determining what course they will pursue relative to the proposal, and will place a measure of responsibility upon the citizens at large in the determination of the policy to be followed. The advisory vote is to be taken at the regular polling places and in conjunction with the primary election conducted by the township. A clerk will be in charge of the voting upon the tourist camp proposal at the village hall and at the Starkweather school. It is hoped that a large representation of the citizens of Plymouth will go to the trouble of marking a ballot, for only in this way can the sentiment of the citizens regarding the proposal be learned. The form of the ballot is printed elsewhere on this page.

We call attention to the half page announcement of the Michigan Federated Utilities, announcing a sale on gas coke.

Blazing Motor Truck Sends in Fire Alarm

While a truck owned by the Detroit Piston Ring Company was getting gasoline at the Fleuchling gas station last Friday afternoon, a small quantity of the gas dropped upon the muffler and ignited and burst into flames. The driver of the truck, Michael Arbustner, who was in the cab, had his right arm quite severely burned before he could get out. A fire alarm was sent in and the fire department responded quickly. The truck was not much damaged.

Building Addition To Service Station

An addition 20x27 feet is being built on the north end of the Fleuchling Service Station on North Main street. The new addition will be used as a super-service station by Mr. Fleuchling. A grease and oil pit will be installed and a battery service department will also be given special attention when the new addition is completed. Paul Wood has the building contract. Watch the Mail for further announcement of the opening of the new addition.

Labor Day Celebration on New School Site

A Labor Day celebration will take place on the property of the Lutheran Dear Mute Institute, at the corner of Beck and Ann Arbor roads, Monday, September 3rd.

The beautiful grove which covers the property will give ample opportunity for a delightful place to enjoy a picnic dinner. There will be a splendid program of athletic events, games, etc. At three o'clock an address will be given by Rev. Gilbert Otte, of Detroit, on the work of the Institute.

The Lutheran Society purchased the beautiful site at the Beck and Ann Arbor roads some little time ago. It comprises 26 acres and is ideally located for a school of this kind. It is expected now that work on the new buildings for the school will start next spring. The school in Detroit has been established for fifty years.

The public is given a most cordial invitation to attend the celebration next Monday and enjoy the program that has been prepared.

The advisory ballot which will be given to the citizens of the village at the two polling places in the village at the time of the primary election, Tuesday, November 4, is given below:

ADVISORY BALLOT RELATIVE TO PARK PROPOSAL

The village commission desires an expression of the sentiment of the citizens of the Village of Plymouth relative to the proposal to transfer the so-called Plymouth Tourist Camp property to the control of the Wayne County Board of County Park Trustees, by long term lease or deed, for improvement, development and maintenance as a public park.

Express your view by placing the mark (X) in the proper place with respect to the following questions:

1. Do you favor the proposal to transfer the Tourist Camp property to the jurisdiction of the County Park Board for improvement—the village to name the conditions under which the transfer is to be made?
 - YES
 - NO
2. Do you favor making the transfer by long term (99 years) lease?
 - YES
 - NO
3. Do you favor making the transfer by deed?
 - YES
 - NO

SERVICE BUREAU PLANS BIG YEAR

COMMITTEES APPOINTED TO TAKE CHARGE OF WORK.

The new directors of the Merchants' Service Bureau, anxious to get plans under way for the coming year, held their first special meeting Thursday evening last.

At this meeting President Wiedman appointed the following committees: Educational and publicity—Paul Hayward, chairman; Oliver Martin, Clifford Turnbull.

Membership—Arthur Eckles, chairman; Ralph J. Tack, D. P. Yerkes, Sr., Clifford Stinson, J. K. Shontz.

These two committees were appointed immediately in order that they could start at once to formulate their plans for action. Several other committees will be appointed during the year as they are needed.

Both Mr. Eckles and Mr. Hayward have set dates for meetings of their committees and it is expected that a very definite program will be mapped out by each.

Miss Marie Johnson, who just returned from Holland, Michigan, where she was in attendance of the secretaries' and managers' convention of the Associated Credit Bureaus of Michigan, brought back many new ideas with her which will be put into practice as rapidly as they can be worked out.

The Merchants' Service Bureau, Inc., which was known as the Plymouth Credit Bureau until about one year ago, at which time a number of the Northville merchants became members, and the bureau was incorporated as the Merchants' Service Bureau, has been in operation for nearly three years and is gaining more and more prestige with the business and professional men and women and its purposes becoming better and better known to the buying public.

The bureau is an organization of the business and professional men and women of Plymouth and Northville, and it is as much for the benefit of the buyer in good standing as it is for the merchant in warning him against poor credit risks. The bureau can also be used as a reference by local people so that they can get credit in other places if they need it.

Old Dutch Mill Jamboree Saturday

THIS IS THE FINAL WIND-UP OF CELEBRATION OF AUGUST 8-11.

The final wind-up of the Homecoming celebration, which was staged at the Old Dutch Mill, August 8-11, will take place Saturday, September 1st, at the Old Dutch Mill at Five Mile and Middle Belt roads. Plymouth Merchants and West Point will cross bats at three o'clock p. m. to determine the championship of the county, due to one of the teams leaving the field on August 11th.

At one o'clock, Plymouth, Monroe and Northwestern horseshoe pitchers headed by Emory Becker, fight it out for the baryard golf supremacy.

At seven o'clock, the Risdon Goodwill Entertainers, directed by Charles Wieggle, the Caruso of the Detroit Police Department, will occupy the floor with vaudeville acts, singing, dancing and musical numbers. Eddie McGrath, well known Detroit tenor, will also be present to do his bit of entertaining.

There will be dancing from 8 to 12 o'clock. Everybody is invited to attend the big doings next Saturday.

George Tanger Passes On

DEATH OF WELL KNOWN AND HIGHLY RESPECTED LIVONIA TOWNSHIP RESIDENT.

In the death of George Tanger, who passed away at the Military hospital in Dayton, Ohio, last Wednesday, Plymouth shares with Livonia in the loss of this good neighbor.

Although born in Eureka, Illinois, 51 years ago, at the age of nine years his parents moved to Livonia township, Michigan, and since then he has resided practically all the time in this locality.

For several years Mr. Tanger served as motorman in Detroit on the old U. I. system and in this position came in direct contact with myriads of people who were his staunch friends.

The last few years of his life were devoted to the care of the Wayne county roads, where his genial smile and a happy hello were so often given to the passerby.

When the Spanish-American war broke out he was one of the first from this vicinity to offer his services, and he served faithfully in Company K, 2nd regiment, of the U. S. infantry. He also served under the stars and stripes in the Philippines for a prolonged period.

Failing health, which began about a year ago, terminated his earthly career on August 22. His remains were brought to Plymouth and the funeral was held from the Schrader Bros. Funeral Home on Saturday last at 2 p. m. Rev. Walter Nichol officiated, and the burial was in Riverside cemetery.

Mr. Tanger leaves an aged mother, of 88 years, who resides in Saginaw, Michigan; also two brothers and five sisters and many friends to mourn their loss.

MANY NEW VOTERS REGISTER.

Miss Lina Durfee, township clerk, reports that since the election last spring 454 new voters have registered. Most of these registrations have been made during the last four weeks. Out of this total number, 213 were women and 241 were men. This would indicate that the women are taking an increased interest in political matters. There is every indication that the coming election will see the largest vote ever cast in Plymouth township.

A very happy gathering, honoring Mr. and Mrs. Harry Wright, of Gulfport, Mississippi, was held Sunday, August 26th at the home of Mr. and Mrs. Wm. Glympe on Maple Ave. A delicious pot luck dinner was served to about sixty-five guests coming from Mississippi, Detroit, Greenville, LaPeer, Williamston, Pontiac and Plymouth. The day was spent in visiting, recalling past experiences, making new friends, and renewing old friendships, when all departed for their homes it was their wish that these gatherings might be made an annual occurrence.

Weddings

MILLER-LOSEY.

The Dearborn Hills home of Mr. and Mrs. Roy Losey was the scene of a very pretty wedding last Saturday evening at 8 o'clock, when their daughter, Mary Louise, was given in marriage to Floyd W. Miller, son of Mr. and Mrs. Norman Miller, of West Plymouth.

The bride was attended by her cousin, Ernestine Hank, while Herbert Miller, of East Lansing, cousin of the groom, acted as best man.

Rev. Newell, of the Dearborn Presbyterian church, performed the ceremony. After partaking of a dainty luncheon the happy couple left on a brief honeymoon through the eastern states.

MARVIN-GENEY

A pretty wedding took place at the home of Mr. and Mrs. Fred Geney at Newburg, on Saturday, August 25, at two o'clock, when their daughter Jessie Marguerite, became the bride of William P. Marvin, of Wayne. Rev. Wm. A. Johnson, of Newburg, performed the ceremony, which was witnessed by the immediate relatives and a few intimate friends.

The bride was very attractively dressed in white georgette trimmed in satin beads and wore a wreath of orange blossoms. She carried a bouquet of white roses. She was attended by her sister, Louise Geney, who wore green georgette and carried pink roses.

The groom was attended by Frederick Gass, of Wayne.

Following the reception, Mr. and Mrs. Marvin left by boat for Buffalo.

They will make their home in Wayne for the present. Their many friends wish them a long and happy wedded life.

BAUGHN-FORSYTHE

The beautiful home of Mr. and Mrs. Allen Forsythe, of Milan, Michigan, was the scene of a very pretty wedding Tuesday evening, when seventy-five relatives and friends gathered to witness the ceremony that united in marriage their daughter, Ruth, and James Homer Baughn, of Plymouth.

A profusion of lovely flowers, arranged by the Rosedale Flower Shop of Plymouth, decorated the home throughout. An altar of roses, snap dragons and ferns had been arranged in the spacious living room.

At 8 o'clock Miss Ruth Shattuck, cousin of the groom, sang in her lovely manner, "O Promise Me," by DeKoven, accompanied by Miss Virginia Forsythe, cousin of the bride. Following this Miss Forsythe, the newlywed couple, sang Mendelssohn's Wedding March and to the strains of this beloved number the groom and his attendant, Charles Adams, of Detroit, accompanied by Rev. Roy V. Clark, pastor of the Presbyterian church, Milan, took their places at the altar. At the same time Miss Ruth Shattuck, in pink, came down the stairway carrying the bride. She was followed by Louise Forsythe, sister of the bride, who was very prettily dressed in pink Georgette and carried a bouquet of pink roses and baby's breath. The bride, beautiful in white satin, with long lace train, her mother's wedding veil fastened to her fair hair with a double wreath of orange blossoms, followed at the arm of her father. All joined at the altar, where a beautiful and impressive service followed.

Later in the evening delicious refreshments were served by a group of pretty girls.

Many and varied gifts were admired by the guests. These showed in part the love and good wishes accompanying these popular young people.

The bride has taught music and art in the Plymouth schools for the past three years. The groom, who is connected with the Plymouth United Savings bank, is also interested in aviation.

A wedding journey through Ohio and the Cumberland mountains will be enjoyed by the bride and groom before they take up their residence on Ann street, Plymouth.

Mr. and Mrs. William Hirschleb and family, of Detroit; Charles Hirschleb and sons, of Ann Arbor; Mr. and Mrs. Wm. Messner, of Saginaw; Mr. and Mrs. Charles Sadenwater and family, of Saginaw, and Charles Tanger, of Detroit, visited at the home of Mr. and Mrs. Henry Tanger, of 683 Maple avenue, last Saturday.

PRIMARY ELECTION NEXT TUESDAY

A LARGE VOTE IS EXPECTED IN PLYMOUTH TOWNSHIP.

Considerable interest is being manifested in the coming primary election next Tuesday, September 4, by the voters of this community, and there is every indication that a large vote will be polled.

Plymouth voters have a local interest in the election because of having a candidate for state office, J. L. Johnson, who is seeking the nomination of state representative from the fifth district, is one of Plymouth's best known business men. He has represented the fifth district in the state legislature for the past two terms in a most able manner, and has been honored by being placed upon some of the most important committees. The affairs of the district are well taken care of by Mr. Johnson and he will receive a big vote throughout the district without a doubt. Two other candidates from the district are seeking the office.

Among the county candidates much local interest is centered in the race for sheriff, inasmuch as a former resident of the village, Sheriff Ira Wilson, is a candidate for the long term. Ira has a host of friends in this vicinity and he will receive a big vote in this section of the county.

Supervisors to Assist Northville Fair

VOTE \$5,000 TOWARDS SUPPORT OF NORTHVILLE ENTERPRISE.

Through the efforts of Supervisors William H. Maybury and Willard Ely, the Wayne county board of supervisors has voted an appropriation of \$5,000 towards the Northville Wayne County fair, the money being available for use this year.

The action of the supervisors is in keeping with that of nearly every other county in the state which maintains a fair. In some counties an appropriation of at least \$10,000 is made towards the support of the various county fairs.

This is the first time in the history of Wayne county that the supervisors have been asked or given the only fair held in Wayne county any support. It was made clear to the board members that the Northville project is strictly a non-profit affair, and that it is one that everyone in the county can take part in.

In fact, the Northville fair has grown to such a point that it rivals the State fair in some respects. Its poultry show, under the direction of A. E. Fuller, has far exceeded anything ever attempted at the State fair. Its display of fruits and vegetables has more than once rivaled the State fair exhibits of a similar nature.

Due to the fact that a new grandstand seating nearly 5,000 people has been built this year, a new cattle barn been erected and other improvements made, it became necessary for the Northville fair boosters to seek aid that the county has long owed the organization. It was granted without a single dissenting vote or an objection of any kind.—Northville Record.

KIWANIANS HEAR ABOUT BALLOONING.

At the Tuesday luncheon of the Kiwanis club the members heard an interesting talk given by William Naylor, of Detroit, on ballooning. Mr. Naylor is not a professional balloonist, but said it was a hobby with him and he enjoyed the sport. He has been a participant in several of the international balloon races and gave a thrilling account of his experiences in these races. Kiwanian Dr. Luther Peck introduced a new member of the club, Preston B. Whitbeck, in a most pleasing manner, and Mr. Whitbeck responded with most appropriate remarks.

Harold Hills entertained about eighteen little friends at his home on Blunk Avenue last Friday afternoon, the occasion being his seventh birthday. Harold received many pretty gifts from those present. Refreshments were served and all had a fine time.

HERE'S COMFORT.

While we hear a number around
Plymouth complaining of more or less
loss to fruits, vegetables and crops
through insect pests this season, we
believe they'll find some comfort in
learning that destruction of this
nature is not general. A report from
Washington city is to the effect that
as the season nears its close the dam-
age done by insects is not as great as
it promised to be earlier in the year.
Uncle Sam has been making a harder
fight on insect pests than the average
local citizen knows anything about,
and over a wide territory. Especially
active has been the fight on the corn
borer, which continues without let-up
and with satisfactory results. The
same is true of the battle against
another pest that has appeared this
season in many communities for the
first time—the Mexican bean beetle.
Its spread has been faster than that of
the corn borer; but war has also been
declared against it. Taking the
country as a whole the report shows
that damage this year from insects
will be below that of last year. So
even in the face of a little loss here
and there in this community we ought
to find considerable reason for com-
fort.

A FLOOD OF LAWS.

Within a very few months the
majority of state legislatures will
again be in session, and as a conse-
quence there will come forth during
the winter a flood of new laws, even
though we are not in need of them.
There are already so many laws that
no lawyer, regardless of his standing
in the profession, can tell off-hand
what the law is on any given subject
or issue.

Wonder how many taxpayers around
Plymouth have paused to consider
that in this country there is a con-
gress passing laws for the nation,
legislatures passing laws for all the
states, city councils enacting laws to
govern their residents, and below them
townships, villages and town boards
enacting more and more local regula-
tions. Yet it is a rule of law that
"ignorance of the law excuses no
body." How any individual can over-
hope to find his way safely through the
flood without violating some rule
calling for action or inaction, nobody,
including the lawyers and the courts,
is in position to say.

What the country needs is not more
laws but more repeals of old and
foolish laws. It needs many of the
laws it now has re-written in plain
and understandable English. Yet
virtually every legislator will soon be
jumping to his feet with a pet
measure he wants enacted into law,
thus adding to the confusion already
created by an over-abundance of
them. It isn't more laws we need as
much as we need enforcement of the
ones we already have. And no one
recognizes that more forebly than
the taxpayer who has to pay for
every new one created.

SOLVING A PROBLEM.

Lenawee county, Michigan, farmers
have through popular subscription
bought a modern fire truck and pay
rental for keeping it in the fire house
in the county seat. Now when a
farmer puts in a telephone fire call the
operator not only directs the firemen
from the town just where it is, but
also calls other farmers living in the
neighborhood. They get there by auto
in a few minutes, and co-operate in
saving both the building and contents.
A small fee is charged by the town
officials for the service of a driver
and hose man for the truck, which
goes into the town revenues; but the
farmer has protection, and without
leaving the town people at the mercy
of flames by using their equipment.

It costs each farmer but a few dollars
yearly, and already the insurance
rates have been reduced enough to
make up for that. The plan is said to
have worked out perfectly, and we are
passing it on to our rural neighbors
for what it may be worth.

NETHEM 9 INTO CAMP 11-6.

The West Side Merchants of Detroit journeyed out U. S. 112 to Newburg in order to cross bats with Netheem and suffered from the local boys a defeat, 8-9.

The Merchants were very confident after the first inning, as they scored four runs without a hit off Holmes, who was selected to do the mound work, but Larry was far from being in shape and after the game seemed like a total loss. Young Guy replaced Holmes and kept the Merchants in their place. Wonderful support was given the pitcher, both in the infield and outfield. Each player was very determined to win, and it was not until the ninth inning that Netheem could lay claim to the game. It was a very interesting game to watch, as the score was tied in the eighth and the Merchants broke the tie in the ninth, so Netheem had to get all their vengeance up or return to the Sunday dinner with another defeat, but the story is told by the score.

Next Sunday the Merchants will return for another game, whilst Labor day the boys will cross bats with the strong Red Dots of Detroit. Newburg will be the scene of action.

Sunday, Netheem vs. West Side Merchants.	
Labor day, Netheem vs. Red Dots.	
Game played at Newburg, 3 o'clock.	

What started out to be a good ball game ended in somewhat of a one-sided affair. The game was no ones game until the fifth and then our boys went out on a rampage and before the side could be retired they had made seven runs out of six hits and a couple of bases on balls. The hits included three doubles, one triple and two singles. Nearly everybody up in this inning went up there with a determination to hit.

And then to make the Stars look worse than ever, Walker, who has been out of the game for some time with a bad knee, took the mound for the Merchants. The rest seemed to do him good, because he didn't allow a hit in the four innings that he worked.

On the whole, it was just another one of Plymouth's good ball games and the Ann Arbor boys are good sports.

In the past, from time to time there has been something said about every play, some feature play that he has made, but nothing has ever been said about an umpire. Much credit for our clean games and no time for crabbing and talking back is certainly due Earl Gray, for the way he has handled all of our games this summer. He knows the rule book from cover to cover and is ready to back each and every decision and calls them as he sees them, making no difference in teams. Plymouth is mighty lucky to have a man like Mr. Gray to umpire for them.

This week-end is going to be a busy time for the locals as they play four games in three days. Saturday, Sept. 1, at 3 o'clock they go down to the Old Dutch Mill to play off the championship with West Point. Sunday, Sept. 2nd, at three o'clock out at Burrough's Field, they play a return game with Fowlerville. Plymouth is the only team that has beaten Fowlerville this year so another good game is expected.

Monday, September 3rd, Labor Day, the Merchants go over to Farmington and play West Point at 10 a. m. and at 3 p. m. out at Burrough's Field they play the strong Detroit Independents. These are all good games and the boys are out for victory.

Last Sunday's game by innings.

MUNICIPAL NOTES

The 1928 paving program has reached the peak of activity. All crews participating in the work are now moving at top speed, including excavators, curb and gutter crew, concrete paving and sheet asphalt gangs and village men installing permanent water services. Drainage is also being installed upon North Mill street.

Pavements so far completed include Ann Arbor street, East Penniman avenue, Williams street, Arthur street and Ann avenue, all of which are open for travel with the exception of Ann avenue, which will be ready in about a week. Sheet asphalt is being laid upon Church street, which street will, to all present appearances, be completed this week. This completes the portion of the paving program awarded to the asphalt paving contractors.

Citizens upon North Harvey street north of Farmer street developed a determination recently not to be left out of the 1928 paving program. They circulated a petition asking for the extension of the pavement under construction to the south line of Junction avenue and secured signatures covering 97 per cent of the frontage. The commission accepted the petition and the pavement will be extended to Junction avenue, as requested.

Citizens are urged to remember their civic duty to vote at the primary election next Tuesday. Also cast a ballot expressing your view upon the proposal to have the county take over the Plymouth tourist camp property for improvement and development.

Complaints are being made relative to certain aviators flying too low over the village and in some instances swooping down over individual residences, etc., as a stunt. If the practice continues the person or persons responsible will doubtless find themselves facing a charge of recklessly jeopardizing the lives and property of citizens of the village, and with plenty of witnesses to sustain the charge.

ENTERTAINED PAST OFFICERS

Last Thursday evening the officers of Plymouth Rock Lodge No. 47 E. & A. M. entertained the Past Masters with a chicken dinner in honor of P. M. Mark Ladd, who has returned to California after spending several weeks visiting Plymouth friends.

There are fifteen Past Masters now living, of whom ten were present. Brothers M. Wilcox, E. C. Lanier, M. H. Ladd, D. Murray, K. Hillmer, H. Green, J. Nairn, H. Bondorf, W. Tanager of 1927 and P. B. Whitlock of 1888.

Brother Ladd's address is Torrance, Los Angeles County, California, Box 188, R. F. D., who will be pleased to inform his friends relative to champion prizefighters, who claim that Los Angeles is now larger than Detroit having annexed territory until the County is 120 miles long, 26 miles from the ocean, and the only support city where bears must sell that distance over land.

ROTARIANS HEAR INTERESTING PROGRAM

The members of the Plymouth Rotary club enjoyed a splendid program at their luncheon last Friday. The program was in charge of Drs. R. E. Cooper and Robert Haskell, Gordon Farber, a member of the Desert Song company, playing at the Cass Theatre, Detroit, last week favored the members and guests with several song numbers that were most artistically rendered and greatly appreciated. Miss Hanna Strussen accompanied on the piano.

Dr. Cooper, chairman of the crippled children's committee, then introduced little Ruth Simpson, six years old, who has been undergoing treatment at the University hospital at Ann Arbor for a congenital dislocation of the hip, under the auspices of the Rotary club, for some time past. Dr. Cooper explained the case to the members, and the work which has been accomplished is truly wonderful. The little girl is now well on the road to complete recovery, and one could scarcely realize that she had ever been unable to walk.

Dr. Haskell gave a short talk that was greatly enjoyed by all.

GRANGE NOTES

Plymouth Grange, number 389, will meet Thursday evening, September 6, at the Grange Hall. Large attendance will be valued.

This Candidate Anxious to Work for His District

GEORGE L. MCBATH FOR SENATOR MAKING AN ACTIVE CAMPAIGN.

George L. McBath, candidate for the Republican nomination for state senator from this district, has just made his final tour of the district and says that he believes that he has an excellent chance to win the place he is seeking.

"I am your candidate. If nominated and elected, I am going to Lansing to serve your interests—and not that of the Higher Dealers' association or of any other organization that has only selfish purposes back of existence. There are enough problems at Highland Park, Plymouth, Redford, Northville and other communities in the district to keep a senator busy, and you can rest assured if I am successful I am going over to the state legislature to see to it that your interests are protected," stated Mr. McBath.

"If you send me to Lansing I am going over there to work, and not spend my time trying to have a good time. There is much that can be done, and I want to do it for you. I will appreciate your vote on next Tuesday and if you give it to me I know it will never be disappointed."

Judge Keidan Candidate for Judgeship

Judge Harry B. Keidan, of the Wayne county circuit court, is a candidate for one of the two judgeships to be voted on in the Republican primaries Tuesday, Sept. 4. Judge Keidan was named to the Wayne county bench by Governor Green to succeed the late Judge George P. Crabb.

Prior to his appointment to the circuit court, Judge Keidan was for seven years judge of recorder's court, in the organization of which he was a prime factor.

Judge Keidan's career has been marked by many years of successful service in behalf of Wayne county and the city of Detroit. He was admitted to the bar in 1901 and engaged in private practice until February 1, 1912, when he entered public life as assistant and prosecuting attorney of Wayne county, the appointment being made by Hugh Shepherd, then prosecuting attorney. In May, 1914, Mr. Shepherd resigned and Alton H. Frizer, who was named to succeed him, retained Mr. Keidan as assistant prosecuting attorney. During Charles H. Jasnowski's term as prosecuting attorney, Keidan was chosen chief assistant and for more than a year, during Mr. Jasnowski's last illness, was acting prosecuting attorney.

Judge Keidan's candidacy is strongly favored by the legal profession. At the recent primary held by the Detroit Bar association he was endorsed by more votes than were cast for any other candidate.

A CARD—We wish to express our heartfelt thanks to the Men's Service Club, to Rev. Nichol, to Mrs. Bake and Mrs. Shear, and to Mr. Schrader and the pullbearers and special thanks to Mrs. Minnie Ray and Mrs. Irving Ray and Mrs. Myrtle Brown for all their kindness and assistance in our late bereavement. Rare Okapi Is Found in Africa

Chicago.—An okapi, one of the most elusive and rare African animals, is now on exhibit at the Field museum. The specimen was secured from pigmy hunters by the Capt. Marshall Field expedition.

The okapi is so uncommon that its existence was not known until 1901 when a strip of skin was brought out of the jungle. The first complete hide and skull were not secured until years later.

The okapi is kin to the giraffe and is marked similarly. Teeth and horns are similar, but the neck and legs are shorter than those of the giraffe.

Bay State Historians Trace
 Famous Post Used

Boston, Mass.—If the plans of the Bourne Historical society come to fruition there will have to be a new edition of the booklet furnished to passengers on the New York "outside line" boats, the booklet that lists the places of historic interest to be seen along the way.

Nix Mate, Boston Light, Minot's Ledge and the Standish monument will all remain, of course. But the next paragraph will read:

"Coming from Boston, we enter the east end of the canal near the mouth of the old Neuseet river. We pass Sauswileh, famous for its old-time glass works, then the Keith car works at Sagamore; where many a prairie schooner was built for the overland 'voyage' to the California gold fields. Midway of the canal we pass Indian Island hill, and immediately after passing through the Bourne highway bridge we pass the landing of the old trading post."

The site of this trading post has been excavated by members of the Bourne Historical society, and the society is now engaged in raising a fund to build on the spot a replica of the building.

Canal Follows Old Route

When the Cape Cod canal was dug, it followed the line of a canal-and-dredge route which was established within ten years of the landing of the Pilgrims at Plymouth.

That ancient route was used for precisely the same reason that the canal was dug—to "bypass the compassing of Cape Cod and those dangerous shoals, and so make any voyage to the south-ward in much shorter time, and with far less danger," as old Governor Bradford put it.

There was no digging, no rip-rapping, no tearing current through the cape in those old days. There was no real canal. But there was the Mamanet river flowing into Buzzards bay and there was a little creek called the Sausset river meandering in from the bay side.

The men built a small vessel called a "pinnaque" for use in the southward, and they built a storehouse, or trading post, at the Mamanet end of the carry.

Now it was not mere Yankee "enterprise" that started this business. The reasons for the trade were two. And one of them was the identical reason that keeps some immigrants today living frugally and "sending their wages to the old country."

Like the modern immigrants, the Plymouth colonists wanted to bring over the rest of their brethren, who had remained perforce in Leiden, Holland. The other reason was that the "merchant adventurers" in London, who had grubstaked the Mayflower expedition, were charging exorbitant interest on their loans—sometimes as much as 50 per cent.

Add to these facts that of deadly suffering of a first winter that had killed or so many of the colonists that barely 50 were left.

Enter Into Agreement.

Governor Bradford, Capt. Miles Standen, Isaac Allerton, Edward Winslow, William Brewster, John Howland, John Alden and Thomas Prince took matters into their own hands. They entered into an agreement with the colony and with the London "adventurers" for the control of the trade in beaver and other furs, sasaparilla and lumber for six years, with renewal privileges.

It is claimed that this was the first business contract written and signed in America, and it thus represents the beginning of organized business in this country.

Apparently the trading post was built before 1626, for the agreement calls for taking over the storehouse, the pinnaque and the shallow—which was called the "Bass Boat" on the bay side—in that year, as though they were all already in place.

Post Does Good Business

The post seems to have been successful from the beginning. The Cape Indians undoubtedly came there to trade, and the Indians of southeastern Massachusetts, Rhode Island and Connecticut. The Dutch colonists sent a vessel from New Amsterdam, now New York, to trade with the men of Plymouth. Their secretary, a man named Isaac de Rasiere, came on this expedition, and was accompanied by a "noise of trumpets and some other attendants."

The Dutch brought sugar, linen, cloth, Holland made tin and coarse cloths and other commodities. Also they brought with them the notion of wampum. Money had no meaning to the Indians, and the value of trinkets was not at all stable. Wampum was an invention of the Iroquois Indians, but the white man made it taken money; it was made from quahaug shells, and a set value could be assigned.

The Dutchmen sold the Plymouth men "nutty rathons" of this wampum, or "sewan," as they called it, for the curious reason that if the Massachusetts men were to go down on the cape to get the Indians to grind shells into wampum they would discover that the Dutch had been trading with their Indians, and would shut off that trade.

**Floyd Bennett's Widow
 Sells Flyer Insurance**

New York.—The widow of Floyd Bennett, American aviator, who died of pneumonia contracted on a flight to rescue the Bremen transatlantic flyers, has entered the life insurance field and on her first day sold a policy for \$25,000. It has been learned.

Feeling that an aviator's liability to get life insurance was a "gross injustice," which was a handicap to other people as it had been to her, Mrs. Bennett convinced a life insurance company that it was its "duty to mankind" to large the way by selling life insurance to those engaged in aviation. They engaged her to put the new plan into operation.

Mrs. Bennett's first prospect was Charles H. Colvin, general manager of the Pioneer Instrument company, makers of aircraft instruments, who is an experienced aviator.

**\$1,500 Income Makes
 Surplus Cat Welcome**

Viroqua, Wis.—Miss Nell Hebbard, La Crosse, Wis., secretary to Congressman Joseph D. Beck, died recently at Washington. Her will bequeathed a pet cat to Mrs. Beck. If Mrs. Beck does not want to care for the cat, it is to go to Alice D. Hebbard, La Crosse, a niece.

Informed of this will, Mrs. Beck replied: "I think the cat had better be sent Miss Hebbard, for I have four cats in my home now to take care of." "But, Mrs. Beck," she was told, "the will provides that you are to have the income from \$1,500 if you take care of the cat, and \$750 when the animal dies."

"I suppose I can take the cat," said Mrs. Beck.

**Varnish
 for Your
 Front Door**

THERE probably is nothing that receives more abuse from the weather—the beating rain, the blistering sun, the driving sleet, the sudden thaws in the spring—than your front door. Acme Quality Great Lakes Spar Varnish is the varnish that will protect it against these elements and make your entrance smile an inviting welcome. This varnish is equally as good for interior work—in fact any surface that needs to be varnished.

ACME QUALITY GREAT LAKES SPAR Acme Quality Great Lakes Spar Varnish is an exceedingly popular all-purpose varnish, because it gives the best results, indoors and outdoors. Goes on easily—flows evenly—dries dust-free quickly. And how it does stand up!

HOMEAS

THEY STAND THE TEST

The demand for cheap and unsubstantial buildings is passing. Homebuilders and contractors everywhere are turning to the true American type houses built of sturdy material like those of our ancestors. The claims of substitutes for cheap construction have been fascinating, but the test of years has brought out the facts, that poor construction and the use of low cost material is a useless waste of money in the long run. The A-A-HOME stands the test of time. The price will bear the inspection of the most exacting.

NEWBURG

The election in Sunday school last Sunday resulted as follows: Superintendent, Mrs. Gladys Ryder; secretary, Miss Alice Gilbert; treasurer, Miss Louise Gency; assistant superintendent, Robert Holmes; organist, Miss Viola Luttermoser.

School opens next Tuesday, Sept. 4, at 8:30 a. m. with the following teachers in charge: Miss Harrison, Miss Bulde and Miss Hargrave. Miss Florence Whitney, of Wayne, spent Tuesday with Mrs. Donald Ryder.

On Wednesday afternoon, August 22, about 25 ladies met at the home of Mrs. I. Gussolly, the occasion being a shower in honor of Miss Jessie Gency. The house was prettily decorated in pink and white flowers. After the guests had all assembled Miss Ada Young, in a very clever speech, presented the gifts, the gifts being wheeled in in a little buggy under a large sun shade by Elizabeth Stevens and Wilma Johnson. The bride-to-be received many lovely gifts, after which ice cream and cake was served by Mrs. Gussolly and Mrs. Clyde Smith.

The regular meeting of the L. A. S. will be held on Wednesday afternoon, September 5, at the home of Mrs. Edgar Stevens. At this meeting will be election of officers.

Mrs. Arthur Pattino has been visiting at the home of Mrs. C. E. Ryder. She also spent Sunday and Monday with Mrs. I. Gussolly.

Mrs. Sarah Haywood, of Wayne, has enlived the Robert Thomas Lathers lot in Newburg cemetery.

Mr. and Mrs. Mackinder entertained for dinner Thursday, Mr. and Mrs. James Norris and Mr. and Mrs. Mark Joy and Lydia and Betty Jane, the occasion being Mr. Mackinder's birthday.

Harold and Russel Stevens returned home last week from a week's visit with relatives in Flint.

The Misses Phoebe and Bertha Tenner, of Fairgrove, have been the guests of their cousins, the Misses Anna and Ada Young, the past week.

Mr. and Mrs. Robert Holmes and family are spending their vacation camping near Chelsea.

Mrs. Ina Pickert of Uby, Mich., was among those who attended the homecoming.

Mrs. James McNabb and daughter, Joy, are spending a few days visiting relatives in Indiana.

Mr. and Mrs. Melvin Gutherie left Friday morning for a two weeks' vacation at Elk Lake.

Misses Anna and Ada Youngs left Wednesday morning to be gone six weeks in northern Michigan.

Miss Erhel Neelands had dinner on Saturday with Mr. and Mrs. C. E. Ryder and attended the homecoming.

The second homecoming held last Saturday, was attended by a large crowd and everyone seemed to have a good time renewing old acquaintances. The time was spent in visiting, playing games, and the program, under the direction of Mr. Young, was enjoyed by all. The speaker of the day, Mr. Calahan, gave a very interesting and profitable talk. At the close of the day all wished to be present next year on Saturday, August 31.

Mrs. Willis Dowling, of Highland Park, was a guest of Mrs. C. E. Ryder Wednesday.

Charles Padlock celebrated his fourteenth birthday by entertaining 24 boys and girls at his home Monday afternoon. Light refreshments were served, Charles received some very fine gifts. All had a nice time.

WATERFORD

The Waterford Community club held their annual picnic at Denton park last week Thursday, with 31 members and guests present. A potluck dinner was served at noon, after which the election of officers for the ensuing year took place. They are as follows: President, Colla Herrick; vice-president, Gladys Ebersole; secretary, Edith Peck; treasurer, Gertrude Hutchins; assistant secretary, Myrtle Steinhel. The club meets Thursday afternoon, September 6, with Mrs. Louva Waterman.

Mrs. Charles Shipley is on the sick list.

A group of young people of Waterford and vicinity pleasantly surprised Arthur Smith with a party on his birthday, August 15, at his home in Worden.

Miss Marjorie Peck spent last Thursday and Friday with her Aunt, Mrs. Charles Saulte, on Dexter boulevard, in Detroit.

Mrs. Byatt and Mrs. Folette, of Cleveland, were guests during the past week of Mr. and Mrs. Joseph Denton and family, of the Greenan farms.

Mrs. James Rutherford and son, Donald, of Jackson, are visiting Charles Waterman and family.

Wm. Waterman and daughter, Ruth, of Plymouth, were supper guests Tuesday evening of Charles Waterman and family.

Mr. and Mrs. Clarence Ebersole and family spent the week-end with relatives in Detroit.

Mr. and Mrs. G. W. King spent Thursday evening with Mr. and Mrs. August Miller and family at Richmond, Mich.

Mr. and Mrs. Ed. Hills and Hiram Haley spent the week-end in Lansing.

Mrs. Jacob Warren entertained a few of her friends at a birthday party Sunday. Among the guests present were Mr. and Mrs. Charles Gill and son, of Lincoln Park. There were thirty present.

The Modern Idea in WATCHES

THE modern idea in watches is FIRST a good "Time Piece". After that comes refinements of manufacture and design. Time has made clear to us, for example, that when a father buys a watch, he wants it to last more than his OWN life. He wants to give it to his son, in turn.

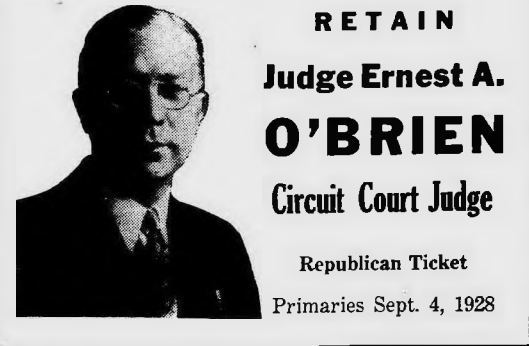

This store has always specialized in "Time Pieces". As the minutes tick off, we care less about adornment than accuracy. Here you will find the dependable makes—proud acquisitions for the generations to come. And there are the daintiest, prettiest watches for women, too—new models, new designs. It will be worth your while to come and see them.

We wish to call your attention to the W. W. W. line of Guaranteed Pearls, just in. Never were such pearls offered at this price and with such a guarantee. Then there are the new White Gold 18-K diamond rings, engagement rings, wedding rings—and mountings we can make "out of style".

A small blaze on the roof of the W. J. Burrows home on Penniman Avenue called out the fire department last Sunday afternoon about 12:30 o'clock. Some papers thrown into the stove were responsible for the blaze, resulting from sparks falling upon the roof. The damage was small.

Mrs. P. A. Miller, of East Ann Arbor Trail and her daughter, Mrs. Harold Cook, motored to Saginaw last Friday. They returned the same day, accompanied by Miss Marie Miller and her school chum, Miss Lucille McDonough, with whom she had spent the week. They both plan to resume their studies at Ypsilanti Normal this year.

MICHIGAN STATE FAIR STARTS SUNDAY

STAGE IS ALL SET FOR ONE OF THE BEST STATE FAIRS EVER HELD IN MICHIGAN.

The most extensive entertainment program ever offered in the history of the Michigan State fair, headed by Lieutenant-Commander John Philip Sousa and his band of 75 musicians and soloists, will mark the fair to be held September 28, according to fair officials.

Sousa, veteran leader of the most famous military band in the world, who celebrates his golden jubilee as a conductor this season, will officially open the exhibition on Sunday afternoon, September 2, at 2:30 o'clock, with a sacred concert in the Coliseum, followed by a patriotic concert there in the evening. During the evening concert the Campfire Girls, Michigan National Guard and other organizations will have an important part in the program. While there will be no midway shows, races, vaudeville or fireworks open on Sunday, the exhibits will all be ready for inspection.

Twenty-one acts of "Big time" vaudeville which have scored successes on national circuits will be one of the main features of the daily afternoon and evening program in front of the grandstand, which has been greatly altered to provide ease of entrance and exit to the thousands of patrons.

In the afternoons, from Monday to Friday, inclusive, the program will also include harness racing, featuring some of the best known horses and drivers in the United States.

The spectacular fireworks display and panorama, "A Night in Bagdad," will furnish the major thrill on the evening program. On a scenic background several hundred feet long in front of the grandstand will be shown the mysterious city of Bagdad in all its oriental splendor of glittering minarets, domes and temples, with mountains towering in the background. A specially trained ballet garbed in the colorful garments of the East will depict a tale of Oriental love and intrigue, which culminates in a burst of fireworks and set pieces said to be the most magnificent presentation so far seen in Michigan.

Al Sweet and his band, well known Chicago organization, will furnish the music incidental to the vaudeville and fireworks display in the evening.

The entire program has been arranged to give a maximum of thrills to both adults and children, with practically three times the number of acts seen at regular runs in vaudeville houses.

During the week Sousa will give two concerts daily, in the afternoon in the grove and in the evening at the Coliseum, in conjunction with the nightly horse show, where Detroit's society leaders will put their imported blooded mounts through their paces.

On Saturday afternoon there will be an automobile race under the official auspices of the A. A. A., featuring noted racing drivers who have participated in major speed contests throughout the country.

So gigantic is this year's program that fair officials estimate that in order to do justice to the exhibits and entertainments at least one day and two nights should be spent at the fair. One night may be spent in the Coliseum, with Sousa's band and the horse show, and another night at the grandstand to view the vaudeville acts, auto polo and the fireworks spectacle. A day should be devoted to the vast collection of exhibits, featuring the state's prominence in agriculture, floriculture, commerce, husbandry and the arts.

Admission this year will be 25 cents, the same as last year, with children under 10 free. Ample auto parking space will be provided for the thousands attending the fair.

W. C. T. U.

The lowering skies which so strongly threatened rain, on the afternoon of the 23rd, caused the members of the Woman's Christian Temperance Union to prefer to hold their meeting within the home of Mrs. John Rattenbury rather than to have a picnic meeting upon the lawn as was planned.

An excellent program of readings was given under the direction of Mrs. Mary Hillmer.

At the close of the meeting a fine pot-luck supper was served and a social hour was enjoyed by all.

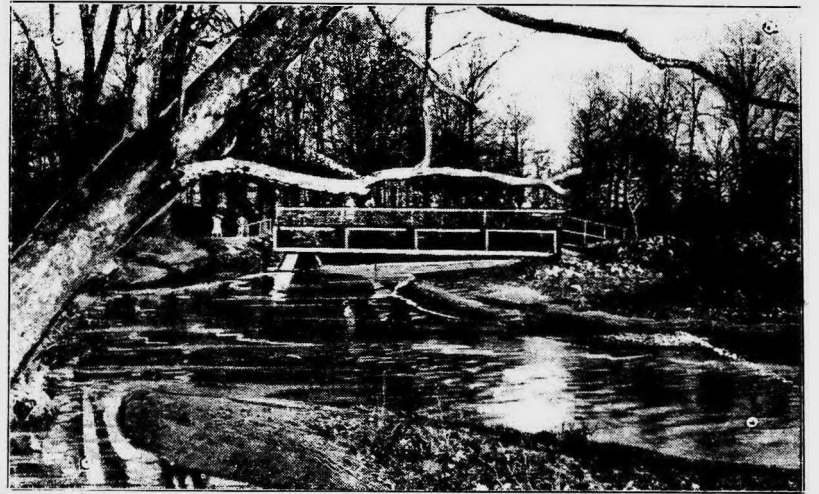

The next meeting will be held, September 27, at the home of the Misses Cora and Nettie Pelham.

Don't forget to vote at the Primary, Tuesday, September 4th.

The Detroit News of August 27, gives the following:

New York, August 27.—A \$25,000 prize for the best and most practicable plan to make the United States bone dry was offered Sunday by W. C. Durant, millionaire automobile manufacturer and stock manipulator, in a cable statement from Europe.

A SCENE IN THE PLYMOUTH TOURIST CAMP

It is proposed to replace the bridge shown in the above picture, which spans the Rouge in the Plymouth Tourist Camp, and not now safe for the passage of vehicles, with a more modern structure if the proposal to transfer the tourist camp property to the control of the Wayne County Board of County Park Trustees is granted.

The Methodist Children's Home at Farmington, during the past year, sheltered and ministered to an average of 216 children a month.

A business block which will contain seven stories and several offices is in process of construction at Novi. The new building is being erected at the corner of Grand River and the Novi road.

The American Legion of Farmington will stage a gala day celebration in that city Labor day, Monday, September 3. A splendid program of athletic events, vaudeville acts, ball games and band concerts has been arranged.

Last Saturday Mrs. Eva Davies, of Detroit, swam across Walled Lake and back again, a distance of three and a half miles. She was accompanied by her husband in a row boat. Mrs. Davies is in training for the Win. Wrigley, Jr., marathon in Toronto next month.—Milford Times.

Colonel Samuel C. Rojas and Vice-counsel J. J. Camanena, representing the Mexican government, were in Northville last week making final inspection and arrangements to take six big Stinson monoplanes to Mexico City that the Mexican government has purchased from the Stinson Aircraft Corporation.

Wayne Vandyne purchased the old house that stood on the Mark Seeley lot on West Main street, and is moving it down on First street, where he plans to remodel it. The house is one of the oldest in Northville, and for years was known as the old Gardner place. The lot was purchased by the school board.—Northville Record.

Oliver Dix, of Salem, makes a business of raising and selling dogs. At his home one mile south of Salem he has dog kennels housing fifty dogs and pups. Mr. Dix has been in this business for ten years, beginning on a small scale. His dogs sell from \$35 to \$150, and he sells them to customers all over the United States and Canada. Last year a buyer drove over 900 miles to get a dog from the Dix kennels. All the animals are

either trained or partly trained.—South Lyon Herald.

The record for killing rattlesnakes was claimed by Frank VanAcker when he killed eighteen at one time on his farm near Walled Lake last week. He was cutting out when he discovered a large rattler. As he was killing it he heard a whir behind him, and turned just as another snake sprang at him, missing his leg only by inches. He quickly put an end to both reptiles. Upon examination he found that one of the rattlers was carrying seven young and the other had nine young. They were both about two feet long. Mr. VanAcker also claims to have witnessed the phenomenon of a blue racer climbing a tree.—Milford Times.

Mrs. J. M. McKerchey, of Detroit, spent last week Wednesday with her uncle and aunt, Mr. and Mrs. George Miller, of East Plymouth.

Since the new pavement has been in the corner of Penimun Avenue and Moreland road has been the scene of several automobile accidents. There was another one last Sunday. A stop and go signal should be installed at this corner.

CHANCERY NOTICE. No. 179088. STATE OF MICHIGAN. IN THE CIRCUIT COURT FOR THE COUNTY OF WAYNE. IN CHANCERY. Myrtle E. Bricker Barnard, Plaintiff.

ORDER FOR PUBLICATION. AT A SESSION OF SAID COURT, held at the Court Room thereof, in the City of Detroit, said County and State, on the 6th day of June, A. D. 1928.

ON READING AND FILING THE Bill of Complaint in this cause, from which it appears that the plaintiff, Myrtle E. Bricker Barnard, claims to be the owner of certain real estate in the County of Wayne, State of Michigan.

SAID SUIT involves and is brought to quiet the title to lands and premises described in said Bill of Complaint as follows: Commencing at an iron pipe monument on the North line of said Section three (3), which monument lies two hundred and twenty-nine and five-tenths (229.5) feet East of the northeast corner of said Section three (3), thence East along said North line of said Section (3), two hundred eighty-eight (288) feet to an iron pipe monument; thence South, thirty minutes, thirty seconds, (30.3) East, two thousand seven hundred four and three-tenths (2704.3) feet, to an iron pipe monument in the center of the Am. Auto. Trail; thence North, eighty-nine degrees, fifty minutes, forty-five seconds (89.945) West, along the center of said Am. Auto. Trail, three hundred eighty-seven (387) feet, to an iron pipe monument; thence North, two degrees, twenty-eight minutes, thirty seconds (28.30) East, one hundred ninety-eight (198) feet, to an iron pipe monument; thence South, eighty-eight degrees, twenty-three minutes, (88.23) East, eighty-two and five-tenths (82.5) feet, to an iron pipe monument; thence North, twenty-eight minutes, thirty seconds (28.30) West, two thousand five hundred eight and two-tenths (2508.2) feet, to the place of the beginning, containing eighteen and four hundred seventy-seven thousandths (18.4777) acres of land.

CHANCERY NOTICE. Roger J. Vaughn, Attorney. STATE OF MICHIGAN. IN THE CIRCUIT COURT FOR THE COUNTY OF WAYNE. IN CHANCERY. No. 161156. Miriam E. Beals, Plaintiff, vs. Luther Lincoln, Jr., Luther Lincoln, William Bradner, Jeremiah Scott, George W. Dunn, Peter Henries, and their unknown heirs, devisees, legatees and assigns, Defendants.

NOW THEREFORE, on motion of Roger J. Vaughn, attorney for the plaintiff, IT IS ORDERED that the defendants, Luther Lincoln, Jr., Luther Lincoln, William Bradner, Jeremiah Scott, George W. Dunn, Peter Henries, and their unknown heirs, devisees, legatees and assigns, and each of them, cause their appearance or appearances to be entered in this cause within three (3) months after the date hereof, and on default thereof, the Bill of Complaint heretofore filed in this cause be taken as confessed by such defendants as shall not have caused their appearance to be so entered, and.

W. MEYER, Deputy Clerk. This action is brought to quiet title to land in the County of Wayne, State of Michigan, more particularly described as follows, to wit: Lot 1, Block 1, according to the plat of the said Village as recorded in the Register's office for Wayne County in Volume 16 of Deeds on page 203, and more particularly described as commencing at a point on the east line of Mill street 98.20 feet north of the intersection of said east line of Mill street with the north line of Plymouth road in said Village of Plymouth; thence continuing north along the east line of said Mill street 25.04 feet to an iron pipe monument; thence east 132.2 feet to an iron pipe monument; thence south 91.9 feet to an iron pipe monument; thence N. 87° 3' 30" W. 133.4 feet to an iron pipe monument at the place of beginning. Dated August 8, 1928. ROGER J. VAUGHN, Attorney for Plaintiff, 211 Penniman-Allen Bldg., Plymouth, Michigan.

Dr. Frank Crane Says. HAPPINESS. While engaged in this study they came to me one day and asked me what a sine and cosine were. I told them to look in the dictionary as I had to. The truth was I didn't know what those things were myself. They looked in the dictionary and then brought the book to me saying they didn't understand the definition. Reading the definition, I replied that they had nothing on me, that I didn't understand it myself. Some days afterward I was talking to a very distinguished mathematician and told him this story, and asked him why it was that I, who flattered myself on being an intelligent man, could not understand what kind of a thing a sine was.

To Pick Healthiest State Boy and Girl

DISTRICT CLUB CHAMPIONS ENTER FINAL CONTEST AT DETROIT FAIR NEXT WEEK.

Michigan's healthiest boy and girl will be selected at the Michigan State fair next week when champions in boys' and girls' club work will be selected.

A total of 252 club members, accompanied by 75 local leaders, will be guests of the fair board during the week, while 150 club boys and girls will exhibit live-stock.

The district champions, from among whom the winners in the health contest will be selected, are: Thelma Steinbaugh, Davidsburg, Oakland county; Maxine Underhill, Dimondale, Eaton county; William Tobias, Fosters, Saginaw county; Lester Wilson, Hart, Osceola county; Doris Baell, Elmira, Otsego county; Lorraine Raults, Delta county; and David Taylor, Lapeer county.

Champions in many other lines of club work will also be crowned at the end of the State fair contests.

MICHIGAN DAIRYMEN SET PACE FOR WHOLE COUNTRY.

Michigan dairymen are setting a pace for quality herd production, according to a recent classification made by the U. S. Bureau of Dairying. For herds producing more than 500 pounds of butterfat Michigan leads all states, having seven herds in this classification. In the second class, for herds producing between 400 and 500 pounds of butterfat, Michigan again leads.

The survey shows that 62 1/2 per cent of the herds tested in 81 Michigan Dairy Herd Improvement associations during 1926-27 averaged more than 300 pounds of butterfat.

Harbor Waters Give Up Bodies of Many Failures

Boston.—For the most part, nobody cares. You can tell that by the cloth line. Even the professional sobbers who can find tragedy most anywhere and in almost anything don't pay much attention. The police perform their cold professional rites—file reports in the red-brick police station on Commercial street—and then turn the whole matter over to the medical examiner.

But every case is a real tragedy. Every case meant a million heartaches before it became a "case" and the tragedy may be lessened a bit by the ending. During the last two months the harbor police handed a dozen of the tragedies. For the sake of brevity they use the term "tragedy" to describe the cases. It is not used in disrespect. It is a term coined for want of a better expression. It means a body found in the water of Boston harbor after the sea decides that it is time to give up its dead.

Town Uses Soda Water for Street Cleaning

Altheide, Germany.—The city council voted to use soda water exclusively for street cleaning purposes. Henceforth, under the new measure, soda fountains will be hauled through the streets and plazas with sprinkler attachments. Altheide's mineral springs spout 2,000,000 quarts of the stuff every day and most of it is wasted. Ordinary water is expensive and it was decided that soda could do the work more efficiently and cheaply.

FIRE. When You Took Out your present insurance policies you may have been "fully covered." But—have you considered that since then your household effects have increased in value because of added bits of new furniture here and there? Unless you make provision to cover these new items, you stand to lose in the event of a fire. You're only "partially insured"—and that is little better than not being insured at all. Take inventory today.

Today's Reflections

Women are now wearing dresses of a material called "banana cloth." They should make something nice to slip on when you're in a hurry.

A Toledo man was arrested for driving carelessly while kissing his wife. We think that kind of carelessness should be encouraged.

You usually can tell a failure by the amount of advice he gives others on how to succeed.

An optimist is any Plymouth man who thinks that after mother and the girls have learned to drive the car he can have it any time he wants it.

One thing about the auto mechanic, he is not a low-brow. He'd as soon wipe his greasy hands on a costly suit cover as a cheap one.

The eighteenth may not be the most popular amendment in the constitution but it certainly has a monopoly on publicity.

Another thing you can't make Plymouth children understand is how grown people can get up in the morning without being called.

Even at that, a man is never as bad as he looks before he fixes himself up for breakfast.

Why is it a man usually acts like he was conferring a great favor on you when he pays you back the money he owes you?

The Plymouth citizen who has nothing to do can always find plenty of fellows ready to help him.

It's easier for a rich man to land in society than for an immigrant to land in the U. S. In the former case the rules are not so strict.

The fellow who says "prohibition is not an issue" evidently hasn't noticed the cartoons in the newspapers lately.

Along about this time of year the average Plymouth mother gets most of her comfort out of the fact that fall brings school days.

Adam was one of those fellows who wanted to do the things he knew should not be done—and Adam has a lot of followers.

Show us the Plymouth man who always wants to be on the right side of everything and we'll show you a man hard to satisfy.

We asked Dad Plymouth the other day for his definition of a reformer and he said: "A man who doesn't want you to enjoy what he hasn't got the nerve to do."

Never tell your competitor you can pass him. Go ahead and do it and then you won't have to tell him.

Eat Tigers' Hearts to Instill Courage

Harbin.—Tigers are "keeping the wolves away" from the doors of many a big game hunter here. Calculated in Manchurian fashion a pound of tiger fetched something like four dollars this season, bringing the value of a full grown specimen to \$2,000 to \$2,500. It must be explained that apart from its pelt, each part of the tiger's body has its own value, the Chinese attributing to them many medical and magical properties. The most valued parts are the heart, blood, brains and bones. The heart if eaten is believed to instill bravery and is often served at some war lord's table. The possession of a tiger's muskache bristle, on the other hand, makes one irresistible to the fair sex.

But we ought to observe with gratitude how many things might happen to us that do not happen.

Rudolph, Croatian statesman, murdered leader of peasants, is found to have a brain of abnormal weight, 1,450 grammes.

The average for eleven thousand human brains was 1,361 grammes.

All things being equal, a heavier brain is better than a lighter brain.

But one of the heaviest brains ever weighed, that of Cuvier, the great naturalist, was lighter than that of a man who died in a British poorhouse.

Possibly the man in the poor house was also a genius, but never had a chance.

Andrew Carnegie made his first \$400 without spending a cent. That's how big fortunes often start.

Carnegie bought \$400 of insurance stock, gave his note in payment, paid for the stock with its dividends, owned it for nothing.

Joseph P. Day, learned land scientist, says the three greatest letters in the alphabet are "O. P. M." meaning "Other People's Money."

A quicker way to make money without capital is to have a good idea and push it. A way to plate metallic surfaces with aluminum, something hitherto found impossible, is discovered and involves actually billions of dollars to be saved.

The invention will be applied to endless uses, from kitchenware to locomotives, and is expected to give automobiles a finish defying time and weather.

There are as good ideas in the human brain as ever came out of it. Try and find one.

Sears, Roebuck stockholders yesterday voted to increase capital stock by \$600,000 shares. At market prices that company is worth more than \$500,000,000. Julius Rosenwald hardly expected that when he took hold of the company a few years ago.

Compared with other companies, General Motors, Standard Oil, U. S. Steel, etc., Sears, Roebuck is only a baby. We have the four billion dollar stock company. When will the 100 billion company arrive?

In the opinion of a good many Plymouth people, the boys and girls of today got shingled on the wrong end.

About the only place where it was hard to find parking space back in the good old days was in front of a saloon on Saturday night.

Maybe the reason some Plymouth boys don't get their hair cut often is they figure it's a good protection when you're going through a wind-shield.

Those dingy draperies can be given back that royal look of dignity if we dry clean them. We can dry clean your tapestries perfectly.

Dainty Dorothy says that "can refreshen and clean every bric used in the home and ward."

She says that the men who patronize us say it saves them money and pleases their good-dressing sense.

INDIANS USE SPEAR TO CATCH SALMON

Recap Food Supply During Fish Harvest Time.

Topeka, Wash.—It is salmon time in the big rivers of the northwest states. Indians know it as the harvest time when they catch fat fish and preserve the filets for winter.

Hour after hour Indian fishermen—from ten to twelve tribes—sit on the stone masonry of the Sunnyside irrigation dam, near here, spears poised, ready to lunge at large leaping chinook or coho salmon which are running up the Yakima river to spawn.

Tense, immovable as statues, they wait. Onlookers see the flashing back of the salmon leaping up the smooth waterfall. There is a lightning quick strike and the struggling silver beauty, safely speared, is drawn to land to be unjavelined and the spear is ready for another victim.

The best salmon spears are fitted with barbed hooks and the fish is gaffed, rather than speared. The hook comes off the end of the shaft and dangles on a cord tied to the pole. This, the Indians point out, prevents breakage of the shaft when a thirty or forty pound fish is taken.

Sometimes a huge big salmon will be hooked by one Indian in a day. At other times days pass without a catch. But the redmen never complain about luck. They poise over the shimmering, tumbling water patiently waiting until fish do come within range.

This primitive life is re-enacted at a score of rapids and dams in other rivers of the Northwest.

On shore squaws and young folks from the tribes split the salmon, hanging the meat over lines or slender poles to sun dry. Before the fish season is passed northwest Indians will have filled many willow baskets with dried fish sticks, insuring them against hunger at winter's coming.

Only Indians from reservations may so fish in northwest streams, being permitted by treaty to do so.

7-Month-Old Alabama Baby Talks Fluently

Birmingham, Ala.—Birmingham is laying claim to possession of the prize infant prodigy—a seven-month-old baby who converses as fluently as a child of several years. When she was one week old she could pronounce words distinctly, and at three weeks she could pronounce a number of words, such as "daddy," "eat," "I want up," and "I want to get up."

The child is Yvawn, daughter of Mr. and Mrs. James E. Shorts. She was born November 23, 1927. One of the amazing things is that she has cried but twice since she was born—once immediately after her birth, and another time when she had an attack of colic.

Wyolfin, her sister, now six years of age, is an accomplished musician. She has memorized pieces of music and can play more than 200 from sight reading at the piano.

Both children are normal and healthy. Both their parents are college graduates, readers and musicians.

U. S. Sets Standards for Wheat Middlings

Washington.—Official standards for purified middlings, semolina and farina have been promulgated by the Department of Agriculture.

The new definitions characterize purified middlings as the clean, sound, granular product obtained in the commercial process of milling wheat, and is that portion of the endosperm retained on 10 NX silk bolting cloth. It contains no more flour than is consistent with good commercial practice, nor more than 15 per cent of moisture.

Semolina is the purified middlings of durum wheat, and farina is the purified middlings of hard wheat other than durum.

Suggests that you will also enjoy these other preparations:

Venetian Anti-Wrinkle Cream. A nourishing and astringent cream. Its mellow richness is due to the fresh eggs of which it is made. Fills out fine lines and wrinkles, leaves the skin smooth and firm. Excellent for an afternoon treatment at home. (\$2, \$3.50.)

Venetian Vivia Shampoo. A wonderful shampoo to be used with almost no water, requires no rinsing, dries in a few moments, and leaves the hair soft and full of velvety luster. Use instead of hard water, which dries and roughens the hair. Excellent for traveling. Six bottles in a box. (\$3.)

Venetian Bleaching Cream. A bleaching and nourishing cream, made with fresh lemon, to soften, smooth and whiten the skin. (\$1.25.)

Venetian June Geranium Bathing Soap. Finest imported bath soap, made of pure vegetable oils, leaves the skin soft and white. (50c a cake, \$3 a box of 6.)

Venetian June Geranium Magnum. The same fine soap in a big family cake for the bath. (\$1 a cake, \$2 a box of 2 cakes.)

Rev. J. Elmer Cates, pastor of the M. E. Church at Saucertese, N. Y., preached in the First Presbyterian church last Sunday. Mr. Cates is a great grandson of James Purdy, who almost a century ago, was elected an elder of this church at the organization meeting. The services on Sunday last, were much enjoyed.

Miss Marjory Pollock, of Detroit, formerly of Plymouth, sang a solo most effectively at the Sunday morning service.

Preparations are under way for the observance of Rally Day, September 30th. If you will do good work along with your attendance next Sunday.

CATHOLIC NOTES

MISSION SERVICES IN OUR LADY OF GOOD COUNSEL CHURCH.

Sunday, September 2, the Rev. Charles Flynn, of Notre Dame, Ind., will open a week's mission in the Catholic church, giving instructions and sermons each morning and night.

Rev. Mr. Flynn comes highly recommended and is known as one of America's best missionaries and orators, so we feel highly complimented to think that this good fortune has befallen us. The services will officially open at the high mass Sunday morning at 10 o'clock, and the evening services will be conducted at 8 o'clock. Each evening a sermon will be preached upon some important and vital doctrine pertaining to man's salvation and religion. This mission is given primarily for the parishioners, but a most cordial invitation is extended to the public and all are welcome.

Religion is essential in man's life for time and for eternity; the sad feature, however, is that we acquaint ourselves so sparingly with a knowledge of the eternal. Come, then, and listen to the Rev. C. Flynn, as he has a message for all.

Sunday the Mission starts and it is sincerely hoped that all will attend the services, morning and night. The Rev. C. Flynn, of Notre Dame, will be in charge. The week will conclude with the forty hours devotion.

The names of adorers will be posted in the church as usual. Friday will be given over to the ladies, Saturday the children, Sunday the men.

Flowers will be appreciated for this occasion, and will be used on the altars.

EPISCOPAL NOTES

The first fall meeting of the Vestry and Men's Club of St. John's Episcopal Church will be held Wednesday, September 5, at 7:30 p. m. This will be a very important meeting, as there are many plans to be made for the fall program. A full attendance is urged.

The sacrament of Holy Baptism will be administered on Sunday, September 9th, at the regular morning service.

An Important Event

Sunday, September 9th, Rev. and Mrs. Samuel Hanson, of Shanghai, China, will present in the Congregational church in Salem, a very interesting program. There will be both morning and evening services.

In the morning at 10 a. m., Mrs. Hanson, once Missie Reamer of Detroit, will speak on the recent Cantonese revival in Shanghai. Rev. and Mrs. Hanson will also sing in the Chinese language. In the evening there will be special services at 7:30 p. m., and these missionaries will dress in Chinese costumes and give a "dialogue" that is well worth hearing. In addition, Rev. Hanson will tell some of his remarkable experiences in interpreting in the mountains among the pilgrims and the Chinese monks, telling also of the great religious zeal and favor of these people.

Rev. and Mrs. Hanson have had wide experience in Missionary work and extensive traveling brings them to us with real messages of interest.

A special free will offering for them and their work will be lifted in the evening. We extend to every person in the vicinity of Salem, Northville, South Lyon, Plymouth, Ann Arbor and outlying districts, a cordial and warm welcome to come and hear these worthy missionaries.

It will be time and money well spent.

Stage Living Pageant of Scotland's Games

Banff, Alberta.—The prince of Wales has again given his patronage to the highland gathering and Scottish music festival in the Canadian Rockies, running here from August 31 to September 3 with headquarters at the Banff Springs hotel. Initiated a year ago, this living pageant of Scotland's games, dances and folk songs had from the start the support of the popular prince and quickly established itself as an institution in the Canadian West. During the festival's four days Banff will witness a gathering of the clans, each wearing its historic tartan, while the twenty mountain peaks re-echo the blood-warming skill of the bagpipers and the songs that Scots have sung for seven centuries.

Through the courtesy of Colonel the Honorable J. L. Ralston, Canada's minister of national defense, who is honorary patron of this gathering, the Highland regiments of the Dominion will be represented by delegate pipers, and there will be additional pipers from other units of the Canadian militia and from other pipe bands. These will furnish music for the lads and lassies entered in the Scottish dancing competitions and for the athletes competing in the Caledonian games of the Alberta amateur championship meet.

A series of concerts of Scottish music have been arranged by Harold Eustace Key, music director of the Canadian Pacific railway, who is staging for the first time in Canada, and for the first time in nearly a century anywhere, "The Jolly Beggars," a cantata with text by Burns and music by Sir Henry Bishop. Prof. R. S. Rait, historiographer royal of Scotland, has collaborated in the presentation of a new ballad opera dealing with the court of James V.

Senator Stoll Candidate at Coming Primary

Senator Harold E. Stoll, who lives at 15306 Wark avenue, Detroit, is a candidate for re-election to the state senate from the 18th district. He has been a member for one term and believes his record while in Lansing to be his best endorsement for election to a second term.

Senator Stoll is 31 years old. He was born in Ypsilanti, Michigan, in January, 1897, and came to Detroit when five years old. He has lived there continuously since that time except for the time spent in the army during the World War. In this war he existed as a private, went through the Central Officers' Training school at Camp Gordon, Georgia, and was commissioned a lieutenant in the reserve corps at the end of the war. He was held on reserve five years until his commission expired. He is now employed by the Ford Motor company at the Highland Park plant. He is married and has two children. Mr. Stoll was educated in the Detroit Public schools and the Central High school and later at the Detroit City college. He was the youngest senator in the last legislature, taking the oath of office on Wednesday, January 5, his thirtieth birthday.

Mr. Stoll says: "My platform for re-election is simply that of honesty and service for the people of my district and for the State of Michigan. I have been a member of the committees on conservation, industrial schools, military affairs, state hospitals, taxation and chairman of federal relations. I am interested in legislation which will help to reduce taxes, and having been a member of the taxation committee, I believe I can do something of real good along this line if re-elected. I am interested in legislation which will curb crime in Michigan, believing the criminal to be our most expensive unnecessary evil."

"I believe our housing conditions in state hospitals for the insane are very inadequate and should be remedied so that all insane people could be taken off our streets and given good modern sanitary living conditions, even if we have to cut expenses in some other department of state government in order to find the necessary money to do this."

"Above all, I am interested in honestly doing my duty as a state senator and if elected will continue to do this."

Kansas City, Mo.—Just how good an investment in life is a smile? The question is answered in Kansas City, where fortune is being bestowed upon the widow and children of J. H. (Happy) Smith, traffic patrolman, who was shot and killed by bandits who raided a downtown bank during the recent Republican convention.

Many delegates and visitors from the East made the acquaintance of "Happy" Smith during their stay here. To have seen "Happy" at his post, directing as much with his smile as with the semaphore, was to know him.

Day after day, rain, shine, or snow, Smith was on duty directing and untangling traffic, all for the \$150 a month to support a wife and five children. The city had learned to love him for his faithfulness and good spirit. When visitors arrived their attention always was directed toward "Happy" Smith, who could smile at the traffic violators and make that smile mean more than a lecture.

Guide Convention Crowds.
So it was that when the city was full of visitors for the Republican convention "Happy" was a center of attraction. When he held back traffic at four corners to escort an aged couple across he was not staging an exhibition, but was performing a daily duty, prompted by a kindly heart.

At high noon on June 14 six bandits raided the Home Trust company near "Happy's" corner. When the bandits were scooping up money tear gas was turned upon them by an employee of the bank. Crazy by the effect of the gas, the bandits scrambled into their car and started away, shooting wildly out both sides of the car.

And there was "Happy" Smith. He saw the car approaching in violation of the semaphore. The patrolman put up his hand and widened his smile. But the response was something he was unused to receiving. One of the bandits, possibly two, let "Happy" have it in the stomach. Although he was rushed to a hospital and obtained blood by transfusion from his brother, "Happy" Smith had smiled for the last time.

Before arrangements had been made for Smith's funeral his smile began to pay dividends. Money came pouring in from high and low toward a fund to provide for Mrs. Smith and the five children. A dozen benefits were arranged.

\$30,000 Donated.

As money came trickling in, another move was on foot. A contractor started it. He offered to supervise the building of a home for the Smith family. And another man donated a lot.

Accounting to date shows approximately \$30,000 in cash, a home and lot, a position for the older Smith girl, a scholarship for another, and physicians' and dentists' services for years to come.

All of which are the dividends reaped by the family of a man who invested heavily in smiles.

How to Hitch Team Taught by College

Lincoln, Neb.—Strange as it may sound, the college of agriculture of the University of Nebraska is teaching farmers in Nebraska, who have been driving horses for years, how to hitch up. More than 1,000 farmers have been given instruction so far this season, according to O. O. Waggener, live stock specialist at the college farm.

While farmers may know all about hitching up a single team, many have not learned how to hitch six or nine horses or more to get the best results. This instruction by the college is enabling farmers to do their work cheaper.

They can use a larger plow with six or nine horses and, with one man, do the work of three single teams and three men. Not a few farmers are using the multiple hitch plan instead of tractors. The tractor is still in demand among the farmers who need the larger outfits to care for their large farms.

Pueblos Want Only Three Days' Vacation

Taos, N. M.—Indians of this ancient pueblo, who are staid, studious, painted and photographed the year around by tourists and artists, are to have three days of privacy every year.

Tourists who pay a quarter for the privilege of focusing their cameras on the Indians and a dollar for the right to look around in their abode apartments are the chief source of income for the first families of Taos and for that reason are welcomed on 302 days in a year.

But there are three days the latter part of August when the redmen want no palefaces snooping around. That is when they have their tribal dances and religious ceremonies.

Now that spoken words will take the place of subtitles at the movies, we fear many persons will forget how to read.

Thousands of prisoners now have cells equipped with radios. Everything is being done to make the prisoners feel at home—they can even be kept awake by their neighbors' radio sets.

ZEBRA KILLS SELF RATHER THAN LIVE IN DETROIT ZOO

New Arrival Fought All the Way to
the Motor City and Then
Committed Suicide.

Detroit, Mich.—Detroit has been insulted. If the insulting had to be, it was done, fittingly enough, by a zebra, an equine animal defiled by Webster's as being closely allied to the horse and the lowly donkey, two beasts whose importance has diminished in proportion to Detroit's growth. The zebra, it seems, would rather die than live in Detroit.

The zebra was one of six which had just arrived from Germany for the new zoo. His name was Sammy. The equine is an affectionate diminutive and not at all becoming to Sammy's wild, unsocial nature. For Sammy was a trouble maker.

He kicked and bit and fought all the way to Detroit and after his arrival, John T. Millen, director of the Detroit zoo, related, Sammy made life miserable for the other five zebras and it was decided to separate him from the rest. After a deal of trouble Sammy was driven into a corral of his own.

The turbulent one paced around his new quarters just long enough to determine their extent and to assure himself that escape was impossible. He snorted disgustedly and made loud zebra noises.

Sammy looked through the bars. At last he shook his head, walked to one side of the inclosure, and charged full tilt at the iron bars on the other side, his head lowered. When his head hit the bars he dropped in a heap, his neck broken.

When the news of the suicide will be broken to Sammy's companions has not been decided, but probably it will not be until they are thoroughly settled.

Incidentally, the settling of the zebras and all the other new acquisitions to the zoo stock is being hampered, Millen said, by the swarms of visitors who are visiting the zoo under the mistaken impression that it has been opened to the public.

Uncle Bela, 81-Year-Old Vet, Is Divorced Again

Mexico, Mo.—Uncle Bela Hughes, eighty-one-year-old Confederate veteran, is free again.

The aged Confederate, who began his third romance at eighty, with his marriage to Mrs. Bailey Moore, seventy-nine, of Coffeyville, Kan., on January 29, 1927, obtained an uncontested divorce in the Circuit court. He charged his wife failed to display the affection "any man must have in a well-ordered home."

Uncle Bela's first wife, with whom he had lived fifty years, died in February, 1925. Six months later, on July 29, 1925, he married Mrs. Suda Hall, a widow. At the end of two months came their widely celebrated "fruit can separation," he paying \$500 in cash, two dozen chickens, six rugs, as many lace curtains and some canned fruit to regain his peace of mind because his wife insisted he keep "too clean."

He obtained an uncontested divorce on similar grounds, but his wife later brought suit, charging fraud in obtaining the uncontested decree, automatically ending her suit when she married J. S. Bailey of Kirksville on January 28, 1927. Uncle Bela married the Coffeyville widow on the following day.

"My wife was a good cook, making fine beaten biscuits, and was a splendid Christian, but lacked affection," said the former wearer of the gray. His wife, who admitted the coyness, entered her appearance by consent and did not appear in court.

ENGLISH FIND WIFE STEALING EXPENSIVE
High Damages Awarded by Divorce Courts.
 London.—The price of wives is advancing. Within the last few weeks London divorce courts have awarded damages to husbands against corespondents to the tune of \$10,000 and \$15,000, and lastly, a few days ago a husband was awarded \$50,000.
 The \$50,000 went to George Edgar Ingman, an estate agent and surveyor of Worcester, who obtained a divorce from his wife, daughter of a wealthy man, on the ground of misconduct with Captain Neel Pearson, formerly of The Birches, Hagley, near Birmingham. Mr. Ingman announced in advance that he would not retain the award, but would use it as a fund for his daughter by the erring wife. A similar declaration was made by the husband who received the award of \$10,000.
 In 1905 Demetrius Sophocles Constantini received an award of \$125,000 against a Doctor Lance in an English court. The \$50,000 received by Mr. Ingman equaled any record made since then.
What is a Wife Worth?
 English judges have a wide latitude in addressing the jury in both civil and criminal cases. Suits for divorce are combined with suits against the corespondent for loss of the wife's services, under the English procedure. It is not unusual for a judge in summing up to remark, in effect, that after hearing the evidence the jury might conclude that the husband, instead of obtaining damages, should thank the corespondent for relieving him of a worthless wife, and the jury ordinarily reacts to the sentiments expressed by the judge because they heard the evidence when he did.
 The general rule seems to be that the husband is entitled to damage, if the wife was a real helpmeet, but to refuse them if she was a nag and a handicap instead of helpmeet. The corespondent is punished not for adultery but on the old theory that a wife is, or should be, useful around the house and in assisting her husband's work for their joint benefit. When the corespondent steals the wife he deprives the husband of her services, if any. Quite often the judge and jury cannot see that she was of any service, and then the jury awards very light damages, or none. In one case the jury awarded the husband a sixpence and in another he got a farthing. If those husbands felt spiteful toward their deserting wives they had the satisfaction of knowing that the jury had publicly branded the wives as worthless.
Extreme Feminists Object.
 Extreme feminists are chafing over the awards against corespondents because they say that the award is based upon the fact that the wife is regarded by the law in such suits as a chattel, which is exactly true. If a man deprived another of a horse and the evidence showed that the horse was too vicious to be employed for any useful work and was an expense and a menace to the welfare of the rightful owner, the judge and jury would be inclined to disregard the real owner's valuation of the horse and award nominal damages for its loss. The comparison with a horse displeases the feminists, but only a very few of them have been heard complaining about the position in which women place themselves by breach of promise suits, and by suits on the part of childless women for alimony.
 Lord Merrivale, in summing up in the Ingman case, said Mrs. Ingman daughter of wealth, had been a helpful wife, apparently, to her hard-working husband until the wealthy Captain Pearson came along and she went off with him. She had said that Captain Pearson could afford to spend \$30,000 to \$50,000 per year giving her a liberal allowance.
 English judges and juries are equally vexed when the evidence makes clear that a rich man has tured away the wife of a poorer man by lavish offers of money. The juries are inclined to grant damages in such cases as punishment for the seducer, although the court solemnly warns the juries that they are to consider only the helpfulness, if any, of the wife to the husband.

Uruguay Fruit Growers Win Government Aid
 Montevideo, Uruguay.—To aid the country's fruit growers the government of Uruguay has created a credit of 10,000 pesos, which will be expended under the direction of agricultural department engineers in demonstrating how fruits should be classified and packed for export.
 By the proper preparation of fresh fruit, Uruguay not only hopes to gain ship to Argentina, but also looks to Great Britain for an outlet. Recent Argentine regulations proved prejudicial to unclassified and unpacked Uruguayan fruits.

Big Bald Knob Full of Caves Excites Texans
 Fredericksburg, Texas.—A colossal bald knob, protruding above the surface of the earth, excites the awe and wonder of Texans and tourists from other states.
 It is a single, dome-shaped piece of red granite, 400 feet high and covering a square mile near here. It is the result of some cataclysm in prehistoric times.
 Although "Enchanted Rock," as it is known, has not been utilized commercially as have other near-by granite deposits, its environs intrigue adventurous explorers. Within it are deep caves, picturesque gateways, hanging gardens and jagged chasms.
 Indians ascribed mystic potencies to the huge rock.

Cowboy Dog Catcher Refuses to Use No.
 Odessa, Texas.—In the face of progress that is changing the "cowboy complexion" of Texas, one department of this bustling oil town refuses to bow to the edict of invention.
 The city dog catcher will not discard the briar for the more modern dog net. Tom Fifer, who grew up on the plains and learned to assay from the saddle years ago, is the duly qualified and accredited dog catcher.
 "Save your money," he tells the city council, "I can catch more dogs in a day with my rope than I could with a net in a week. Besides, if some of my old cowpuncher friends saw me running around with a net they'd think I had gone to chasing butterflies and shoot me."

Hints for the Home
 by Nancy Hart

Modernistic furniture has achieved a great vogue, and often comes unpainted so purchasers may decorate it according to fancy.
 Many who enjoy doing this work, however, find that, when applying a second color, the paint brush in untrained hands leaves wavy, crooked lines instead of straight ones.
 If this be your experience, remember that adhesive tape may be used as a straight edge stencil to give clean, straight lines and edges. Ordinary zinc oxide tape, commonly referred to as ZO (zinc oxide) adhesive tape, may be applied directly to the surface to be painted and arranged in the desired design. If edges of tape are in close contact with the surface, no paint will flow under, and a first rate painting job can be done by a novice.

\$420,000 Set of Books Put in Harvard Library
 Cambridge, Mass.—Eighty-eight slim volumes whose value was estimated at \$420,000 now repose in the Harvard university library, having been brought here from New York under armed guard.
 The volumes constituted a part of the famous Eli Abethan collection of the late William Augustus White of Brooklyn, and were given to the university by his son, Harold T. White, who acted on behalf of the heirs.
 Among the most valuable of the books are the 1538 edition of "Romance and Joliet," of which only 12 copies are believed extant; "Love's Labor Lost," 1598 first edition; "Much Ado About Nothing," 1600; a third edition, 1611, of "Hamlet," and a 1608 copy of "King Lear."

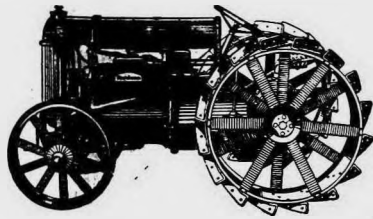

PAY ATTENTION NOW
 Young people in the first flush of life are apt to pay little attention to their health. This was evidenced during the war when so many young men, apparently strong and healthy, were found unfit for military duty. It is your paramount duty to take care of your own spine so that you may not only enjoy health but will also be in a condition that you can do as much good in the world as possible. A young man who is continually sick, or a young woman who complains of ill health all the time, should be the exception and not the rule.
 On the other hand, you may be apparently healthy now and yet your spine may be far from normal. You may have some vertebral subluxation (displacement of the small bones of the spine) which will in the future cause you serious trouble. These subluxations cause nerve pressure, thus preventing the vital force from flowing uninterruptedly to the various organs. The chiropractor locates the subluxated vertebrae and adjusts it to its normal position. The pressure on the nerve is lifted, the vital force again flows uninterruptedly to the organs, and health is the result.
 Young people are very often not aware that they have any vertebral subluxations. They think that such "might occur" in those who are really sick, but as for themselves, they don't yet feel sick.
 Ninety-nine per cent of the human race have more or less subluxations, some so slight that they are not apparent except to the skilled fingers of a competent chiropractor.
 See your chiropractor at the earliest opportunity, get him to give you a spinal analysis and if necessary Chiropractic Vertebral Adjustments.
Remember: An Adjustment in Time Saves Ninety-nine.
 You will thus ward off serious trouble in the future, will enjoy health and be able to get the best possible out of life.

Split English Town

Chepstow, England.—Nine miles from here in an isolated section, perched 1,000 feet above the historic Wye valley, lies the little village of St. Bravel, which might well be chosen as the seat of modern reformation.

It is a Gloucestershire hamlet and so pious are its residents, that it has been declared sinful to dance and play bridge whilst within the confines of its boundary lines.

The village has split itself in two camps, the majority waging a heated war to make it the purest municipality in the world.

A Congregational chapel has been closed as the first skirmish of the campaign, and the minister of the chapel is threatened with eviction from his home—all because he allowed dancing to take place in the village assembly hall and because his wife won the second prize at a whist party.

AT THE THEATRE

"UNDERWORLD"

Many crook stories have been filmed, some of them good, others of lesser quality, but it has remained for Paramount to give the motion picture public a masterpiece of crime drama which is true to life and constructive in its treatment.

The picture is "Underworld" an amazingly vivid and thrilling story written by Ben Hecht, will be shown at the Penniman Allen Theatre, Sunday and Monday, September 2nd and 3rd.

Briefly, the story recounts the violent adventures of a group of men and women of criminal instincts in a metropolitan American city. It shows gangland in its true colors. The characters have a distorted viewpoint toward life but they possess human qualities, too, that actuate their desperate acts and color their loves, feuds, and depredations. There is regeneration for only two of the characters, Olive Brook and Evelyn Brent, a man and a girl whose underworld associations have been brought about by strange circumstances and who finally find "the right way" through their love.

George Bancroft, as a gang leader, is a huge, roistering barbarian who lives by violence and dies the same way. Fred Kohler, a rival gangster, is a savage bandit, second only to Bancroft. The grimness of the picture is lightened by Larry Semon's spontaneous humor.

The title moves swiftly to a startling conclusion that would appear highly melodramatic were it not that one can read daily of furious gun battles between police and gangsters, shooting it out to the death. The picture in this respect is as authentic as the front page of tomorrow's newspaper.

The direction of Joseph Von Sternberg, under Hector Turnbull's supervision, is consistently clever. He seems to have the psychology of crime down to a science in its relation to the screen drama.

"THE LEGION OF THE CONDEMNED"

It was not so long ago that the first real epic of the War in the air swept across the motion picture horizon, establishing itself as the forerunner of its kind and leaving no doubt in the minds of the general public that here, truly, was a screen story that would live.

Paramount, however, took up its own challenge and produced "The Legion of the Condemned," called the companion picture to "Wings." It comes to the Penniman Allen Theatre, Saturday, September 8th.

It is a good, sound, interesting story showing in full detail the hazardous yet romantic life of a group of branded men at the front—a group of men who owed debts to society and felt that only death could expiate their sins. Nothing was too dangerous, any mission that was brought on, so that soon they became the talk of the front and of the entire world when feats of valor were discussed.

Into this group is projected young Gary Cooper as the American newspaperman who wishes to die because of supposed faithlessness on the part of his sweetheart. The high spot in the story comes when Cooper is forced to carry the sweetheart (Fay Wray) across the German lines as a spy.

Entrusted with the direction of "The Legion of the Condemned" was William Wellman, who handled the megaphone on "Wings" and had a script prepared by John Monk Saunders, the author of the great roadshow. Wellman, himself a flier in the Lafayette Squadron during the War, has left nothing undone to portray truthfully the exploits of the birdmen.

In many of the flying sequences the spectator is carried along in the cockpit of the "ship," living really the life of the aviator in battle. And, the men who handled the "planes" were those pilots who had made names for themselves as aces during the World War. Captain S. C. Campbell, of the British; Ted Parsons, of the French; and Lieut. Rudolph Schad, of the German Air Corps, take part in the production.

Fay Wray, as the spy-sweetheart, and Gary Cooper, as the young American newspaperman, give performances which are excellent. They are supported by Barry Norton, Lane Chandler, Francis McDonald, Vaya George, Freeman Wood, E. H. Calvert and Charlot Bird.

It used to be a newspaper got sued for printing a picture exposing the female person; but now it only gets sued for printing the wrong name under it.

De-Ho-Co Wins From West Point

One of the largest crowds to attend a game this season was on hand at De-Ho-Co park Sunday, August 26, and seen De-Ho-Co down West Point by the score of 7 to 1.

The Farmers took a liking to the offerings of Goers, West Point hurler, and pounded out eleven hits for seven runs. Hammond, Destefano and Denniston hit for extra bases, while the rest of the De-Ho-Co team, excepting Henrion, got singles. However, Henrion won his glory by the masterful way he handled the opposition. He allowed but six scattered hits, of which Knock got two. H. Wolfe came through with a timely single, scoring Jayska, with the only run West Point counted.

First base proved a busy place, Denniston having eight put-outs and Hobbins seven. Jaska, at third for De-Ho-Co, also had a busy time handling four assists and four putouts without a bludge.

Sunday, September 2, Oxford, a new addition to the Inter-county league, will make their first appearance at De-Ho-Co park. Oxford has a strong, fighting team and De-Ho-Co will have to show their best brand of baseball to retain the top berth in the league standings.

Labor day, September 3, the De-Ho-Co team will journey to Keego Harbor to engage the strong Borce Bros. team of Pontiac in a regular league game. Also on Labor day the De-Ho-Co Inmate team will clash with the Belle Isle Tigers at De-Ho-Co park. There will be no admission charge for this game.

Following is the box score of the West Point-De-Ho-Co game:

MARYLAND ISLE RETAINS HABITS OF CENTURY AGO

Isolated Spot in Bay Has No Jail and Most Modern Vehicle Is Bicycle.

Baltimore, Md.—The Island of Tangier, situated in the center of Chesapeake bay, is one of America's most bizarre spots. Isolated, and with a bicycle its most modern vehicle, this bit of land is inhabited by 1,200 fisher folk and retains its century-old characteristics.

Its history ranks with that of Virginia, Florida, New York and the New England states in antiquity, for Capt. John Smith discovered and named the island in 1608.

The placid, old-fashioned settlement of fishermen sprang from 16 families of Cornwall, England, which settled there centuries ago. So pure is this old English stock that the descendants speak with a strong Cornish accent.

Religion has always been a dominant factor in the lives of these fishermen and the island has been noted throughout America for years because of its great beach camp meetings. These meetings began in 1900 and eventually were attended by throngs of New Yorkers and Baltimore, Philadelphia, and Richmond Methodists.

Tangier has an excellent school and its people are fine citizens. It has only been in recent years, however, that disputes have been settled by legal methods and for years the pastor of the church was the judge in all cases. Like the legal machinery, money had no place in the existence of these people and until 1900 practically all of their trading is said to have been done by barter.

Eventually officials of Accomac, the nearest town, decided that Tangier should have a jail in case some serious law violation necessitated strict imprisonment. A mail boat unloaded a portable iron structure on the dock, but the irate Tangierians threw it into the bay, considering it a reflection on their law-abiding character.
