\$1.50 PER YEAR

STATE ADVANCES PLAN OF SUPER-HIGHWAYS

STATE HAS SPENT NEARLY ONE-AND ONE-HALF MILLION DOLLARS IN WAYNE COUNTY.

A review of the work accomplished by the State Highway department on State Trunk line and inter-county roads, during the season just closed, in the Detroit Metropolitan area, advances the Master Plan of Superhighways several steps toward completion and provides the districts adjoining Detroit with many miles of new pavement on superhighway right-of-ways. The State has spent this year nearly one and one half million dollars in Wayne County alone and several hundred thousands in other sections of this district. Among the most important projects undertaken in Wayne County for instance, have been the widening of Grand River and Michigan avenues and the Dix-Toledo road, and the development of these historic thoroughfares into superhighways.

Grand River has been developed with two paralleling 40 foot slabs from the west line of Redford village to the Eight Mile road. This project has been completed except for a few short stretches where title to the right-of-way has not been cleared, but which is expected to be adjusted in time to finish this stretch of the highway completely, as quickly as the season opens in the spring.

Michigan avenue is being continued through the village of Wayne to the county line, eight miles west. One of the traffic lanes is installed on the north side of the present road, and contracts have been let for the south strip of pavement to be laid in the early spring. Like Grand River and all the major thoroughfares of the Master Plan system, these pavements are being placed on 204 foot right-of-way, and are so designed that additional strips may be laid easily as soon as needed. At Wayne the old viaduct grade separation is being redesigned to carry two forty foot traffic lanes and sidewalks beneath the railroad tracks.

The Dix-Toledo Highway extends from the Dix bridge near the Rouge plant through the village of Lincoln Park and continues to the intersection of Telegraph and West roads. Through Lincoln Park, the appearance of the great superhighway is especially interesting, with its great pavement widths and boulevard area looking like a Midway Plaisance at a World's Fair. Lincoln Park is hastening to develop its village with interesting buildings to match the road. This road has been completed except for a short space at the Pennsylvania railroad tracks and a few other places where right-of-way title requires adjustment, but the entire road will be open to traffic and wholly completed by July 1.

And the Telegraph road from Flat Rock north of its intersection with the Dix-Toledo, has been widened, and in next year's program the widening of this important road will be continued to the Grand River superhighway. A short stretch of the Telegraph between Grand River to the Eight Mile has been developed as a boulevard with two 20 foot slabs of concrete, with landscaped sward between and makes a very much used, as well as attractive, cut-off between Grand River and the Eight Mile at this point.

The Plymouth road, another Trunk line highway, has been widened to forty feet from Division road to the Telegraph road, and to 30 feet from that point to the Ann Arbor road intersection. The additional ten foot strip added this year was placed on the south side of the old pavement, and next year a ten foot strip will be laid on the northerly side. At present, drainage structures for a sunny drain are being installed and other work preliminary to grading and paving is being done.

Oakland County
In Oakland County, the State Department has completed several projects and have others in process stages. The northern end of the Telegraph road from its intersection with the Square Lake road has been completed and makes with the Square Lake road connection with South Woodward avenue, an excellent by-pass for through traffic that wishes to avoid the Pontiac downtown district. For the southern stretch of the Telegraph, the grading is being done and every preparation made to rush the paving to completion next year. This road will be developed on a 56-foot road bed on a 120-foot right of way. The present pavement width will be 20 feet, so designed that it may be widened to forty. Drainage structures now being installed will be built for 40-foot pavements.

U. S. 24 or the Woodward avenue road above Pontiac, is being widened

ANNUAL ELECTION OF MASONIC OFFICERS

PLYMOUTH ROCK LODGE NO. 47, F. & A. M. HELD ANNUAL MEETING.

Last Friday evening the annual meeting of the Plymouth Freemasons was held. A splendid supper was provided by the Sisters of the Order of the Eastern Star at six-thirty, after which the brothers repaired to the lodge rooms for their regular meeting followed by the annual meeting and election of officers.

The officers elected for the ensuing year were: Harvey C. Springer, Worshipful Master; Herald P. Hamill, Senior Warden; Fred J. Thomas, Junior Warden; Floyd A. Kehrl, Treasurer; Karl W. Hillmer, Secretary; Jack E. Taylor, Senior Deacon; Alonzo K. Brocklehurst, Junior Deacon; Henry Honnor, Tyler; R. R. Parrott, Marshal; H. J. Green, Chaplain; Oscar Aldero, Steward; Perry Bichwine, Steward.

Our local Masonic Lodge has just concluded a splendid year, and its members have been added to this ancient organization of brotherhood; on several occasions brothers of surrounding Masonic lodges visited us, and the officers and brothers of Plymouth Rock Lodge have visited other lodges, each exemplifying the work on those occasions; much credit is due to the retiring W. M. and officers for the work they have put in.

WILL OPEN NEW MARKET.

Ebersole Bros. will open a new market in the Fisher building at 584 State street Saturday, Dec. 15. A complete line of fresh and salt meats will be carried in stock. Some special bargains are being made for the opening day. Be sure to read the ad in today's Mail.

from Drayton Plains road, northwest to the Clarkston road, by adding ten foot slabs to each side of the old pavement.

Woodward avenue has been widened through the village of Birmingham and presents that village with a modern main street 120 feet wide.

Another important project in Oakland County is the improvement of M-24, the Pontiac-Oxford road. This job requires a number of relocations and large fills, and this preliminary work is under way and the contract for the pavement has been let. An early completion date has been scheduled.

Macomb County
The fill on the Van Dyke, or the Earle Memorial Highway has been completed and a bridge built over the Clinton river at Utica. The approach will be paved in early spring and the road will be opened to northbound traffic. A new bridge on M-59 has also been opened at Utica.

Eight miles of Trunk Line 97, which parallels the Grand Trunk railroad has been paved and opened to traffic, and stretches from the Eight Mile road north-easterly to the village of Fraser. This road will be continued to Mount Clemens, early next year. A new grade separation is being built at its lower end and when completed, easy access to Detroit will be possible.

Two miles of pavement on the Gratiot line from the Base Line road to Roseville have been built on the easterly side of the Interurban tracks, and it is expected that additional mileage will be installed next year. A regrettable thing about this road is that at Halfway village the next road must be handicapped with an undesirable curve to save some buildings at the Nine Mile intersection. Otherwise the road and its 204 foot right-of-way has the appearance of a Woodward superhighway minus the hills.

In addition to these road projects which are strictly State Highway department work, the state is supervising and building for local districts many miles of intercounty road on the Base Line of Eight Mile road, building the Mound road, a great superhighway north from the Eight Mile through the village of Warren, and beyond to the Auburn road. When completed, the Eight Mile road will be a superhighway 204 feet wide, extending from Mack avenue on the East Side through to Grand River road twenty-two miles west.

The State Department has installed several grade separations and bridges, among the most important of which is the great grade separation structure under the Whiskard railroad in the village of Malvindale. This carries the road under the entire switching yards.

Woman's Club Held Interesting Meeting

A meeting of unusual interest was held Friday, Dec. 7, at the Hotel Mayflower, when 100 members of the Woman's club, Kiwanis club and Rotary club met in the crystal dining room of the hotel.

After a most delightful luncheon the president of the Woman's club, Mrs. D. N. McKinnon, introduced Dr. Clarence Cook Little, president of the University of Michigan. He chose as his subject "Fundamentalism in Education." He defined fundamentalism as meaning the delegation of authority to a few individuals as opposed to modernism or partnership, not only between teacher and pupil in the educational world, but also between individuals in the business, political and religious world. In colleges and schools there is a fast-growing tendency to search not so much for those who have a high academic grade, but for those who bring "capital" of good character as well.

After Dr. Little's talk the guests were dismissed and a short business meeting was held.

The Woman's club were sponsors of this gathering, and are to be congratulated upon being able to procure such a noted speaker as Dr. Little.

P. H. S. ATHLETICALLY—CLASS B MISLEADING.

The separate classification of Michigan high schools in relation to scholastic standards and athletic divisions is often very confusing. In an article published two weeks ago the people of Plymouth read that Plymouth High school has the highest possible academic and scholastic rating in the United States. Athleticly, Plymouth High school falls in the class B division of the Michigan High School Athletic association, and because of the connotation of A, B, C, D, many people had believed that class B means second rate, or second place; this assumption is entirely wrong.

The M. H. S. A. is an organization of all high schools in Michigan for the purpose of proper, worthwhile and sportsmanlike athletics, contests and programs. Some of the first difficulties met were: The varying size of high schools and consequently unequal teams playing each other, and the difficulty of obtaining proper officials.

The difference in sizes of schools was particularly undesirable in such sports as basketball, baseball and track. To properly limit the schools the state association decided to list every high school according to pupil enrollment. The division, quoted from the 1926-27 year book, are: "Class A—700 pupils or more enrolled. "Class B—300-699. "Class C—100-299. "Class D—Less than 100."

Plymouth High school with an enrollment of 358 pupils enrolled in the four upper grades is therefore automatically placed in B for all athletic competition and tournaments. This classification insures equality of schools and promotes the best type of sportsmanship, and recognition of worth.

EX-SERVICE MEN'S CLUB ELECTS NEW OFFICERS.

The Ex-service Men's club held their regular annual meeting last Monday evening at the Jewell & Blach hall. A pot-luck supper was served by the Ladies' Auxiliary. After supper all members met in the club room, where a goodly supply of cigarettes, cob pipes, tobacco and apples awaited them.

The meeting was called to order by Commander Harry Mumby and the blue haze of the "Missouri Meerchaums." Mel Algire remarked that Indian summer had arrived at last.

The boys then joined in a hearty song fest. "Sweet Adaline" being omitted because of the lack of proper inspiration.

Important business of the evening was the election of officers for the coming year. The following were chosen: A. K. Brocklehurst, commander; Melvin Algire, vice-commander; John Grove, treasurer; Wm. Flashlock, secretary; Earl Ryder, officer of the day.

To all men of Plymouth and vicinity who have borne arms for their country the club extends a welcome hand. The club needs your fellowship and you need the fellowship of the club.

Regular meeting second Monday evening of every month at Jewell & Blach hall.

BODY OF MAN FOUND FRODOLED WITH BULLETS

BELIEF THAT SHOOTING OCCURRED NEAR WHERE MAN WAS THROWN INTO DITCH.

The body of an unidentified man was found on the Lilly road about 40 rods south of the Ann Arbor road west Monday evening by Walter Postiff, who resides near by.

All identification marks, including laundry marks, had been torn from the clothing of the man. On the body, however, was found a card, without a factory name, on one side of which was printed: "Your card number has been changed from No. 1.6042 to No. 1.8233." On the reverse side of the card was stamped "O. K." and "No. 64" written in blue ink.

Another card found on the body bore the following names and addresses: Roscoe Mezzatesta, 9541 Harper avenue; James Sandora, 9250 Autletan street; and Mrs. Charles J. Clark, 8041 Pennsylvania avenue. On the basis of these and the factory numbers an effort is being made to identify the body.

The man is described as being about 5 feet 11 inches tall, weighing about 190 pounds, with dark brown hair and brown eyes. He was wearing a dark topcoat, a dark brown coat and light brown trousers and brown patent leather shoes.

Belief that the shooting occurred near where the man was thrown into the ditch was expressed by residents of the neighborhood. Mr. Postiff's daughter said she heard shots about an hour before her father returned home, and Mrs. Clarence Smith, who lives about 40 rods north, said she heard two shots about the same time. She said she saw a touring car pass her house.

Both hands and arms of the slain man were riddled with bullets, indicating he had thrown up his hands in the attempt to save himself. There also were powder marks on his cheek and several bullets had been fired into his back after he had been thrown to the roadside.

C. of C. To Give Annual Banquet At Mayflower Hotel

The annual meeting of the Plymouth Chamber of Commerce will take place Tuesday evening, December 18th at the Hotel Mayflower. A banquet will be served at 8:15 o'clock at \$1.00 per plate. The annual election of officers will take place at this time and other matters important to the affairs of the Chamber of Commerce will be discussed. A prominent speaker will be on the program. It is hoped that there will be a large attendance at this meeting.

LOCAL HOCKEY TEAM SHOWING UP WELL.

The Plymouth hockey team had another practice game this week at the Border Cities arena, Windsor, and showed up in good form. The boys are anxious to meet some of the other teams in the league, and it is hoped games will be arranged within a week.

The fourth game on the schedule was played last Sunday night between Christ Church A. C. and Pere Marquette. Pere Marquette had a lead of three goals at one time. However, Christ Church tied the game in the third period and in the last 30 seconds of play Liversy scored a thrilling goal, winning the game for Christ Church, 4-3.

TRUCK DRIVER KILLED.

Louis Cohen, driver of a truck for the General Linsen Supply company of Detroit, was killed Monday morning when the truck he was driving hit a tree on the Ann Arbor road west, near the village. Apparently Cohen had fallen asleep. The truck was a complete wreck. The unfortunate man was picked up by a passing motorist and brought to Plymouth, but he was beyond medical aid when he arrived here.

The Ready Service class of the Presbyterian Sunday school will hold their annual Christmas party at the home of Mrs. Charles Ball Tuesday, Dec. 18. The usual dinner will be enjoyed and an exchange of gifts. During the business meeting the officers for the next year will be elected and annual reports given.

The Busiest Room In Plymouth Schools

The increased enrollment in our High school necessitated the increasing of the number of class rooms and the enlarging of study halls, but this plan has not reached one of the difficulties met in arranging our High school program of classes and extra-curricular activities. There is one room in our school which is the center of activities. In fact, certain fields of endeavor and accomplishment in our High school must be seriously handicapped. This room is the combination gymnasium and auditorium. Some of the various activities needing this room for proper fulfillment including during the day are: Physical education classes for both boys and girls for grades 7, 8, 9, 10, 11, 12; dramatics, plays, both the practicing and giving these plays, in which every class, both the junior and senior dramatic clubs, class groups and other clubs preparing plays for presentation; debating with both a negative and an affirmative team needing special practice in our auditorium, also the Junior High debating team; music groups and classes, including the band, which practices upon the stage, and the necessity of practice for the High school orchestra, the boys' and girls' senior and junior choruses, special musical productions as quartets, solos, songs, etc., before they appear before the public; and at present this room is used every noon to serve a double purpose: To provide opportunity for physical education and gymnastics for pupils who are not members of interscholastic teams, as well as to provide for those pupils who do not go home for dinner a place for wholesome fun and recreation. Now the difficulty arises first when we realize that at present all hours except the fifth is in use for physical training classes, and at present the boys have physical training only every other day and the girls on alternate days. The possibility of using the auditorium for debating, for play production and practice, for music, including band, orchestra and glee clubs, as well as interscholastic athletics, particularly the boys' basketball team, must then be limited to hours before 8:30, to the noon hour and fifth hour, directly after school, or to the evening. The 8:00-8:30 hour is early enough for pupils to arrive for their day's work. The use of the noon hour has already been discussed. The fifth hour program is filled with meetings of such groups as: Monday, evening club; Tuesday and Thursday, band; Wednesday, assembly, and Friday, Girl Reserves. The evening program of activities includes presentation of the school program to the parents and the natural expression of the interests of the pupils and the members of the community. Such interests are: Athletic contests, plays, musical productions, lectures, meetings of club groups (there are 40 organized groups in the high school) and school parties.

The difficulty is then recognized as being two-edged: First, every activity previously mentioned has legitimate value to pupils of high school age, and any high school with its size, reputation and excellence of one school should incorporate every one of them into its school program. However, the only room provided is already filled to capacity with proper activities; secondly, at what time can these other activities most satisfactorily be "sandwiched in"? Immediately the handicap to every one of these worthwhile interests becomes evident. Which one should be limited the most, which ones must we handicap, music, debating, plays, etc.?

There is only one conclusion arising to this dilemma: If we do not wish to seriously handicap our school program is to obtain new room, probably a gymnasium separate from an auditorium, thus providing a separation of interests and accomplishments and definite provision for both.

As has been the custom for a number of years past, Mrs. C. H. Bennett has again kindly furnished the Christmas seals which appear upon each copy of the Mail today.

The Ladies' Auxiliary of the Ex-service club held their regular meeting Monday evening, Dec. 10, at Jewell & Blach hall. A pot-luck supper (for which the ladies are becoming famous) was served at 6:30. We hope none of the boys had to call a doctor.

The following officers were elected for the coming year: President, Clara Mumby; vice-president, Vaneta Algire; secretary, Evelyn Brocklehurst; treasurer, Ruby Terry.

WILL ORGANIZE CHAPTER OF ISAAK WALTON LEAGUE

PLYMOUTH DEBATERS WIN SECOND TIME

PLYMOUTH TRIUMPHS OVER DEARBORN—TAKES A CLOSE TWO TO ONE DECISION.

The Plymouth High debaters won a close, hard-fought debate at Dearborn Thursday, Dec. 6, at 8 o'clock. This, the second league contest, was more snappy and interesting than the one with Dearborn, who won four points in her first debate, was a good negative team and fought right up to finish, making the "Rocks" do their best. In this debate Itha Peck, Alice Gilbert and Harold Hubert, with Albee Gilbert taking the principal summary, participated for Plymouth against Evelyn Wright, Betty Wallace and Ruth Henstek, of Dearborn. Mrs. Adams, of Dearborn, was the chairman. The judges were as follows: H. C. Weller, of Clary college, Ypsilanti; Miss M. G. Smith, debate coach of Cass Tech High school, Detroit, and C. G. Higger, of Cooley High school, Detroit; Jenn McKay, of Dearborn, and Lester Daly, of Plymouth, were time-keepers. As Plymouth won three points in this debate, she now has seven points towards the eleven required to reach the elimination series. The next league debate will be January 11, with Clawson High school at Plymouth. For this debate, and the last one, Plymouth will uphold the negative side of the question.

Northville debating team, which was considered weak at the beginning of the season, has won both of her league debates, the first one from University of Michigan High school at Ann Arbor by a two to one decision, and the second from Howell by a two to one decision, so that she has six points to Plymouth's seven. It would be interesting if the two schools could meet, provided that they both reach the elimination series.

The debates Jan. 11 and 25 will conclude the preliminary series of this season. The records established in this series will determine what schools will enter the elimination series, which begin on Feb. 15. It is expected that records of high calibre will be established, as only 64 of the 264 schools can enter the final debates. The elimination series of debates will in turn eliminate all the 64 schools except two, who will be brought to Ann Arbor for the twelfth annual state championship debate on Friday, April 26.

The number of people at the championship debate last year exceeded 4,000, and it probably will be larger this year.

If you would like to see your town's debating team competing for their second championship you must support them. The audiences at the first two debates were fair, but there is a lot more room in our auditorium, and we ought to see at least 500 people at our debates. If you honestly expect us to establish good records in debating.

The members of the Business and Professional Women's club of Plymouth were delightfully entertained Tuesday evening at a dinner and Christmas party held at the Hotel Mayflower. Mrs. Norma Cassidy and Miss Charina Penney were hostesses for the evening.

The long table was attractively decorated with red candles and candy balls. A lighted Christmas tree banked with gifts, one for each member present, added to the festive appearance of the room and to the entertainment as well. After a delicious dinner a short business meeting was held, followed by the Christmas program.

Mysterious and hidden music opened the program. This tinkling proved later to come from a musical clock hid under the table by one of the hostesses. Two vocal duets were beautifully rendered by Mrs. Norma Cassidy and Mrs. Hilda Stevens. Mrs. Bontree Scholz gave a splendid rendition, "The Pied Piper of Hamelin," and responded very graciously to an encore. The Christmas carols were then sung by all present. Miss Charina Penney accompanied on the piano in her usual artistic manner. The closing feature was the gift presentation, each gift being presented in rhyme, causing much merriment, and all members left agreeing unanimously upon a very pleasant evening.

Twenty-one members of the club were present. One new member was taken in and two additional names were presented for acceptance.

MRS. FANNY MOTT DIES VERY SUDDENLY.

Mrs. Fanny Mott, a highly respected lady of this place, was found dead in bed Tuesday morning at the home of her sister, Miss Mary Penney, with whom she resided. Mrs. Mott had been in poor health for some time past. Funeral services will be held Saturday afternoon at 1 o'clock from Schneider Bros. Funeral Home. A more extended notice will appear next week.

LOCAL SPORTSMEN WILL GIVE THEIR HEARTY SUPPORT TO SUCH AN ORGANIZATION.

Organization of a chapter of the Iszaak Walton League of America here virtually became a certainty today when material and instructions for going ahead with this work were received from the National Headquarters of the League, Chicago, by O. B. Borek.

The interest manifested indicates that this community will respond in full strength to the call of the National organization for an active chapter. This action, it is pointed out, will insure the immediate attention of the League to outdoor conditions here, and will enable the chapter to take an immediate part in the broad program for state-wide and national promotion of further opportunities for outdoor sports and recreation.

The National organization welcomes the sportsmen and outdoor lovers of your town to its ranks as active workers in its program for more fish and more game, more recreation areas and better outdoor conditions generally, and it welcomes them as reapers of the benefits to be derived therefrom," said Fred H. Doehner, general manager of the League. In a communication received here today.

It is pointed out that the plan of organization of the Walton League duplicates that of our American form of representative government. The local chapters form a state division, the state divisions compose the national body.

Projects relating to outdoor recreation or conservation purely local in nature are handled by the chapters, and the sum total of this work constitutes the largest League activity.

State divisions and the national body get into action on larger projects. An example of this is the drive undertaken by the League to stop commercialization of the Potomac river near Washington, D. C. by power interests. This campaign, begun by the Washington chapter, has attained national proportions.

League chapters in this vicinity are interested in the formation of a chapter here, according to Mr. Doehner. Plans are being perfected for making a gala affair of the presentation of the charter to the local group, and enthusiasm had been made of the cooperation of chapters.

Entertain Club Members

The members of the Business and Professional Women's club of Plymouth were delightfully entertained Tuesday evening at a dinner and Christmas party held at the Hotel Mayflower. Mrs. Norma Cassidy and Miss Charina Penney were hostesses for the evening.

The long table was attractively decorated with red candles and candy balls. A lighted Christmas tree banked with gifts, one for each member present, added to the festive appearance of the room and to the entertainment as well. After a delicious dinner a short business meeting was held, followed by the Christmas program.

Mysterious and hidden music opened the program. This tinkling proved later to come from a musical clock hid under the table by one of the hostesses. Two vocal duets were beautifully rendered by Mrs. Norma Cassidy and Mrs. Hilda Stevens. Mrs. Bontree Scholz gave a splendid rendition, "The Pied Piper of Hamelin," and responded very graciously to an encore. The Christmas carols were then sung by all present. Miss Charina Penney accompanied on the piano in her usual artistic manner. THINK THIS OVER

It probably isn't generally known, and we feel sure few motorists around Plymouth have given it thought, but accidents at railroad crossings are far greater in number in December, January and February than at any other season of the year. It is due to the fact that more people drive during those months with their cars tightly closed, and are thus prevented from hearing the approach of a train or a warning bell or whistle. Of course it is more comfortable to drive in winter with the left front window closed, but when life is at stake it is best to forego a little comfort and be on the safe side. It's easy to lower the window as you approach and slow down for a railroad crossing, and then raise it again if you feel you must, after you are safely across. But don't run any chances by ignoring the fact that December, January and February are "fatal months" for motorists. You may avoid a deplorable accident by keeping it constantly in mind.

"RABBIT FEVER"

With the hunting season for rabbits comes the danger of the new American disease—tularemia, or "rabbit fever." This disease is primarily an epizootic of wild rabbits and affects their liver and spleen, producing decay of the cells of these organs as shown by tiny white spots studded over the surface. The disease is transmitted from one rabbit to another by fleas and ticks. It is nearly always fatal, and is being reported from almost every state in the union. Man inoculates himself with the disease while dressing the animal for eating. Cooks, hunters, housewives and produce men are often infected during months when the hunting of wild rabbits for food is permitted. Those who skin and dress rabbits for the market are most apt to contract the disease. To prevent an attack of "rabbit fever," which frequently results in death, keep your bare hands out of the rabbit. Rubber gloves afford complete protection to those who must dress them. The meat, thoroughly cooked is harmless, for the high temperature necessary to cook them destroys the germs.

PREPARING FOR CHRISTMAS

Christmas is bearing down upon us at a rapid rate, and as usual it is going to find many unprepared. Somehow, we can't fall into the new custom of preparing for it in advance, though we know it is best and most economical for us. Human nature is the same in Plymouth as everywhere else, and for that reason Christmas is going to find many of our citizens putting off until the last minute the things they should be looking after now. There's always a lot of unnecessary worry over this greatest of all holidays, worries we could avoid if we'd make up our minds to do so insofar as buying toys, trinkets and gim-cracks for the children is concerned, we can safely wait until Christmas week. But this day in time we are making serviceable and sensible presents, such as clothing and things for the home. There is no occasion for postponing the purchase of these until the last minute. Better selections can be had now, and you have more time in which to make them. You can also depend upon it that our merchants are not the kind to take advantage of the early buyer by lowering the price on the same articles later on.

There will be plenty to think of at the last moment even if you start in now and lay aside the gifts you intend to make. You can save time and worry and be in better condition to enjoy Christmas by starting at once to prepare for it. If you doubt this, ask those who have already learned the wisdom of it.

NOW IT'S THE COW

Plymouth citizens have grown so used to modern miracles they have about come to the conclusion that nothing is impossible. That's why it isn't going to surprise them to read—and the daily papers are now making much of it—that a substitute for milk has at last been found, and that the good old family milk cow may be only a memory.

Synthetic milk is now so much of a fact that it is eliciting the attention of dairy farmers throughout the United States. It is being produced. It is said, in increasing volume from an "emulsifier," and experts say it cannot be detected from cow's milk of the purest quality. How it is produced is a long and technical story. But we are not interested as much, anyhow, in how it is produced as in the fact that it is being produced and that it promises to strike a severe blow at one of the oldest and greatest industries in the world—dairying.

This is the machine age and the age of chemistry. We have seen the horse shoved aside by the auto and the hog lose ground through the discovery of lard substitutes. Now if the cow is to lose her crown, then the limit will appear to have been reached. This is probably a blessed and a marvelous age, but it doesn't afford much consolation to those of us who have always considered the cow and the horse indispensable. We can't give them up without a feeling of sadness, even though their substitutes may prove to be a whole lot better.

REBEKAH NOTES.

The Rebekah ladies are having a rummage sale, also selling fried cakes, this week. It starts the 12th and will last until Saturday, the 15th. We are located next door of Jewell's barber shop on Penniman avenue.

Our regular lodge night, Dec. 14, will be election of officers.

The degree staff met at the home of Mrs. Irving Ray. Their next meeting

DIVERSIFIED INDUSTRY ANCHORS GROWING CITY TO GENUINE STABILITY

DETROIT CLIMBS STEADILY TO FOREFRONT GAINING REPUTATION CARRIED OVER SEVEN SEAS.

Detroit's progress is anchored to the rock of stability. Each year since its founding by Frenchmen in 1701, this city has known no backward step in its advance from obscurity to the forefront of American cities in size, industrial and commercial activities, as an export center of note, as an ideal convention city and tourist mecca and the home of numerous manufacturing plants which are the largest in the world, the Detroit Convention and Tourist bureau stated Saturday.

In 1830 Detroit was the 53rd city in size in the United States, but to-day it is known as the third largest. In 1850 its population was only 21,020 inhabitants, in 1880, 116,340 and today is reported to be inhabited by 1,500,000 persons. At the same time that this city's growth has been phenomenal and has attracted the attention of almost the entire world, its foundation has been substantial and solid.

Industry Forms Basis

The industrial and commercial expansion, which is the life of any progressive city, is and has been the main cause for this city's rise to prominence as one of the world's leading centers of manufacture and commerce. Around these two activities the Detroit of today has been built. And the products of Detroit's 3,600 factories have gone out across the seven seas to practically every section of the world.

Information the bureau has been able to gather at various intervals through 1928 show that a total of nearly \$500,000,000 represents the annual income of only 15 of Detroit's diversified activities. Lumbermen find a profitable market for their product here and in the past year did a business of approximately \$35,000,000. The plumbing and heating industry also flourishes here and does a \$50,000,000 annual volume of business. Commercial photographers, because of the demand for this work, have made Detroit a leader in this field; sales volume of this business has grown each year until now it exceeds \$18,000,000.

Building Trades Active

Building activity in Detroit has steadily increased from year to year and to date building construction for 1928 has reached the total of \$111,025,214. During the year many new buildings have been added to Detroit's skyline and these giant symbols of progress do much towards making the name Detroit well-known. The new Fisher building, which has just been opened to the public, has the reputation of being the world's most beautiful office building, while just across the West Grand boulevard, the General Motors building still retains its title as the largest office building. In the downtown section, the new Penobscot building, the new Union Trust tower, Water Board building, David Stott building, Eaton tower, and Telephone building have been added to Detroit's numerous other skyscrapers.

Paint Factories Lead

Detroit sand and gravel concerns have the distinction of placing this city in second position in the United States in the consumption of these products, which are to be found in great quantities in construction work of nearly every type. Each year the annual income of this industry amounts to more than \$30,000,000. As the paint manufacturing and distributing center, Detroit ranks among the world leaders, and today paint, varnish, enamel and lacquer producers manufacture more than 16,000,000 gallons of this product annually. The capital investment in paint manufacture in this city is \$30,000,000, while the annual income from sales is \$32,000,000.

The advent of the radio opened new fields for Detroit jobbers and its outstanding popularity with the public has been the means of creating a new city industry with an income of millions. Stove manufacturing had its colorful inception here more than half a century ago, and today Detroit is the largest stove manufacturing city in the world, turning out more than \$25,000,000 of products annually.

Packing Business Grows

Among six other commercial and industrial activities, with an aggregate annual income of \$164,000,000 are the packing house industry, \$50,000,000; barber business, \$12,000,000; printing industry, \$25,000,000; office supply business, \$8,000,000; ice industry, \$8,

500,000; electricity, \$52,000,000, and carbonated beverages, \$12,500,000.

Added to this flow of capital into the city is Detroit's export business and foreign trade, which annually amounts to more than \$300,000,000. With markets for Detroit made products opening and already opened in overseas countries, Detroit's relationship with European countries is becoming more firmly established each year. Manufacturing plants and commercial houses of this city annually find an ever-increasing demand for their products abroad.

With the completion of the new Ambassador bridge and the International tunnel, the combined cost of which is estimated at \$49,000,000, it is predicted that even the astounding tourist record of 1928, which at the close of the year will be more than 2,750,000, will be broken. These two projects besides increasing tourist and international traffic, will also be an aid to international trade and commerce.

State Farmers Win Checks At Chicago

MICHIGAN HAY AND GRAIN DEFEAT ENTRIES FROM MANY SECTIONS.

Thirty Michigan farmers came back from the Chicago International Hay and Grain Show with 94 checks awarded them on hay and grain.

A. W. Jewett, Mason, won first prize on white winter wheat and Emory Jewett, Mason, placed second in the same class. Second place on field peas was won by Charles Konop, Ewen.

Michigan lost only one place out of the first ten on navy field beans. John C. Wilk, St. Louis, had the best sample in this class, and Clarence Johnson, St. Louis, ranked next. Mr. Wilk also won first on other field beans and a championship on the navy beans which took first.

Second place on oats went to A. W. Jewett, Mason, Harvey Vylana, Afton, had the best sample of eastern alfalfa seed at the show and this exhibit also won a reserve championship.

Mason seems to have the hay making champions of the world as A. W. Jewett and Arthur Jewett won first and second on red clover hay, Emory H. Jewett and Arthur W. Jewett took first two places on timothy hay, and Arthur W. Jewett placed second on soybean hay.

Howard Handy, Bay City, won third on barley other than six-row, and Arthur W. Jewett took third on six-row barley.

First place and reserve championship on soybeans seed were won by John C. Wilk, St. Louis.

All Sorts of Sunlight Found to Affect Milk

Washington — Milk exposed to sunlight quickly develops a linseed oil odor and cardboard taste, experiments by the bureau of dairy industry of the Department of Agriculture show.

The light acts as a catalyst, causing oxidation much more quickly than milk kept in the dark. In reaching this conclusion the bureau prepared a series of duplicate samples of milk, one set of which was exposed to daylight and the other kept in the dark. In all cases the samples kept in the dark developed no off flavors or odors, even after seven to nine days at near freezing temperature, whereas the samples kept in the light at the same temperature developed the characteristic cardboard odor and taste after twenty to forty-eight hours, of which eight to twenty-six hours were daylight.

The experiments were undertaken because of a general supposition that indirect or diffuse daylight had little effect on the milk. The samples in the tests were never exposed to direct sunlight but were placed in a north diffuse light, proving that milk should not be kept in any sort of sunlight.

Dog Gets Life Pass on Street Railway

Nashville, Tenn.—"Buddy" is the only animal in Nashville allowed to travel without definite limitations on all traction conveyances.

He is a German police dog, specially trained to lead the blind, and his quiet, unobtrusive behavior has led traction officials to grant his master, twenty-year-old Morris S. Frank, a life pass for the dog on all their street cars.

Frank, totally blind, last summer went to Switzerland to obtain "Buddy" and to learn his system of guiding a master.

Prominent Nashville business men, interested in the dog's work, plan the establishment of a school here for training other police dogs for similar service.

This institution, known as "The Seeing Eye," is to start operations early next year. A German dog trainer has been engaged and a waiting list of blind men and women who want dogs already is on hand.

High Speed Travel.

London, England—Lieut. Darcy Greig has traveled faster than any human being ever traveled before, but not fast enough to set a record. His plane flew at the rate of 319.57 miles an hour. The speed is not officially recognized as a record because it was not five miles an hour better than the existing mark.

Mean What You Say.

Everything you say will be remembered by some one else after you have forgotten it.—Archibald Gloab.

PILGRIM PRINTS

EDITORIAL
The staff of the "Pilgrim Prints" wishes to call your attention to the new arrangement of this page. The increasing amount of school material has made it necessary to enlarge our space in "The Plymouth Mail." We have tried to make the page more attractive and uniform in appearance and hope you will think we have successfully accomplished that end.

NOTICE!
The Hi-Y and Girl Reserve line-ups which are appearing in this week's "Pilgrim Prints" were made by Glenn Smith under the supervision of Miss Mary Lou Cooper.

HISTORY CLASS PROJECT
The members of the third hour General History Class have organized their outside reading material in a novel and interesting manner. During the first school week each person chose some topic, such as Religion, Transportation, or Clothing, and has been doing outside reading for every historical period with special emphasis upon their particular problem.

The problem reports have been written typed and arranged in order and are to be found in a series of volumes in book form. The first volume completed by the class is entitled "Pre-historic Times and Egypt." Other books nearing completion are: "Contributions of the Tigris-Euphrates River Valley," "Grecian Civilization," "Roman Progress," and "The Middle Ages."

The title page and the table of contents of the first bound volume are as follows:
Pre-historic Times and Egypt
Written Reports by Members of General History Class of Plymouth High School, 3rd Hour
1928-1929.

(Typist—Helen Beyer)
(Teacher—Mr. Emens)

COMMERCIAL CLUB
We have been having some very peppy and varied programs each week. Games, discussions, readings, and music have made these up in part. Last week Mr. Emens gave us a fine speech. A play is now under way, which we hope to give soon. "The Hearsbyville Shakespeare Club."

The date for our annual Christmas banquet has been set for Tuesday, December 18, and committees are now working to make this a jolly affair. Two of our members, Florence Schmidt and Alma Wagenschutz, have been ill and we are glad to see them back again. Another member, Myrtle Wild, is ill in Columbia, Ohio. We hope she will soon be back. We are at work on a scrap book for our club. This is the first one we have had and members are requested to contribute anything which will make this more interesting.
Alma Wagenschutz

HI-Y
From eight boys of Plymouth who attended the Older Boy's Conference at Flint, seven belonged to the HI-Y. Two churches sent HI-Y boys as their delegates, the senior class sent one HI-Y boy, and the club itself sent four representatives. Two Torch Club members and Mr. Emens also went. From reports, they had a splendid time as well as an educational chance.

The monthly dinner and meeting for the presidents and leaders of all affiliated HI-Y clubs was held on December the fifth in the Central Y. M. C. A. building. Beryl Smith and Mr. Emens attended. Beryl gave a report of everything the club had done in the last month and the services of the Plymouth club compared very favorably with the others. Some of the services were the song sheet printed for assembly, the bleachers which they took down to the Wayne game, clearing the hill at the football field, the

well contest, their two weeks of hard duty and their meeting with the Girl Reserves.

In last Friday's meeting they discussed future programs such as:
1. Boy and Girl Friendships.
2. Vocational.
3. Use of Leisure Time.
4. Sex.
5. Development of Personal Character.
6. Sunday School and Church.
An induction service for new boys is to be held on December the eighteenth.

JUNIOR GIRL RESERVES
Last week in Junior Girl Reserves, Mary McKinnon and Marion Gust led the meeting. The topic was "Bar-B-Q" which was to illustrate table manners. They demonstrated by setting the table and having two people eat correctly and two sit incorrectly. They made the meeting very interesting and I think everyone enjoyed it. Publicity chairman, Kathryn Hitt.

CENTRAL SCHOOL NOTES
Miss Wilmore's morning class has started reading for the first time and are getting along nicely. Both classes are making decorations for Christmas. Two members of Miss Hodges' class are back this week after having nuptials and Wesley Rathburn is still absent with them. Mrs. Root sent a book "The Blacksmith and the Black Bird" over to be read and the children enjoyed it very much.

In Miss Holliday's room the children are making booklets on "Christmas, the World Over." The windows are decorated with large, single poinsettias. Marion Van Amburg received first prize in the reading contest of "The Race for the Silver Skates." Pauline Martin received second. Geraldine Vesley third, and June Frederick fourth. In Miss Fenner's room.

STARKWEATHER NOTES
The Starkweather kindergarten has been getting ready for Christmas by decorating their windows and doors and putting up bells, crepe paper, pictures and borders.

The theme of all their work is Christmas. They are learning songs to be sung in the auditorium, making handwork and telling stories, all of which are appropriate for the Christmas season.

Miss Spiegleberg's room has all its Christmas decorations up. They include such things as wreaths and candles in the windows, a border of trees and toys across the front of the room, and bells, pictures, chains, and stockings in various other places.

Miss Stader's class One, of the 2 B grade, has finished the Elson Reader and is beginning the Chart Library Reader.

The second grade has finished reading "Good Times on the Farm," which they enjoyed very much.

The room is appropriately decorated for this season and on the blackboard is a skillful drawing of Santa and his reindeer alighting upon a house-top.

The pupils have made booklets containing the story of the first Christmas with paper cutting decorations on the cover. The designs are cut without a pattern and represent sheep, herds, sheep, and stars.

Mrs. Mole's students have made all their own Christmas decorations. They have large red candles in the windows and brightly colored belts are strung across the room.

TOYMAKING CLUB
Toys of all kinds are being made by the Toymaking Club to be sent as Christmas gifts to the little children at the Sanitarium.

CHRISTMAS PROGRAMS

All three schools are preparing Christmas programs. The Starkweather grade children from the Kindergarten through the third grade will give the following program on Monday afternoon, December 17th in the Starkweather Auditorium:

- Miss Sumberg's Room
(a) Oh, Christmas Tree
(b) Christmas is Coming
- Miss Spiegleberg's Room
(a) The First Christmas
(b) Santa Claus
- Solo—Wendell Martin, "Up on the Housetop."
- Miss Stader's Room
(a) In a Lowly Manger
(b) A Christmas Carol
- A Christmas Story—Mrs. West.
- Mrs. Wilcox's Room
(a) We Hung Up Our Stockings
(b) Jolly, Jolly Santa Claus.

The children in the fourth to the seventh grades in the Starkweather school will present this program on December 18th at two o'clock:

- Miss Balfour's Room
(a) Christmas
(b) Christmas Day
- Solos—Robert Champe
(a) Away in a Manger
(b) Christmas Should be Bright
- Miss Mole's and Miss Johnson's Room
(a) When Stars of Christmas Shine
(b) Santa
- High School Girl's Double Quartette.
(a) Ring Out! Sweet Bells of Peace
(b) Silent Night
- Miss Lee's and Miss Johnson's Rooms
(a) It Came Upon the Midnight Clear
(b) I Heard the Bells of Christmas Ring.

In the Central School the kindergarten through the third grade will give this program in the High School auditorium on December 19th at two o'clock:

- Miss Wilmore's Room
(a) Git-up! Git-up! Hurray!
(Kindergarten A)
(b) Santa Claus So Jolly (Kindergarten B)
- Mrs. Root's Room
(a) Merry Christmas
(b) Santa Claus
- Mrs. Blossom's Room
(a) In a Lowly Manger
(b) When Good Old Christmas Comes Round
- Miss Hodges' Room
(a) The First Christmas
(b) A Christmas Carol
- Story Telling—Mrs. C. Humphries
- Miss Weatherhead's Room
(a) Santa Claus Has Come to Town
(b) Dear Old Santa Claus
- Play—"The Lonely Fir Tree"—by Mrs. Blossom's Room
- Miss Dixon's Room
(a) We Hung Up Our Stockings
(b) Jolly Santa Claus.

Grades four through six will present the following program in the High School auditorium on December 20th at two o'clock:

- Miss Orr's Room
(a) Santa
(b) Would You Like To Go To Santa Land?
- Mrs. Holliday's Room
(a) Christmas
(b) Christmas Day
- Solos—Wendell Martin
(a) Up on the House Top
(b) Jolly Old Saint Nicholas
- Miss Farrand's Room
(a) Oh Little Town of Bethlehem

- While Stars of Christmas Shine
- Miss Fenner's Room
(a) Hark! The Herald Angels Sing
(b) Glad Christmas Bells
- Solos—Robert Champe
(a) Away in a Manger
(b) Christmas Should be Bright
- Miss Hallahan's Room
(a) It Came Upon the Midnight Clear
(b) I Heard the Bells on Christmas Day
- Pantomime—Silent Night Singing by High School Girls Double Quartette. Solos by Virginia Cline and Madelon Wheeler.

The High School Christmas Assembly on December 20th, is:

- High School Orchestra. Processional
- Girl's Glee Club—The First Noel
- Solos—Robert Champe
(a) Away in a Manger
(b) Christmas Should be Bright
- Junior Chorus—Oh, Little Town of Bethlehem
- Community Singing—Joy to the World
- Solos—Wendell Martin
(a) Up on the House Top
(b) Jolly Old Saint Nicholas
- Boy's Glee Club—We Three Kings of Orient Are
- Girl's Glee Club and High School Orchestra, "Silent Night."

The High School Orchestra played at the Kiwanis Club on December the eleventh.

At the meeting of the Methodist Ladies Aid Society on Wednesday afternoon, the Girls Double Quartette sang two selections.

B-L-A-H!

There is a certain phrase heard frequently around school and in other places which, although many times meaningless, creates an unfavorable impression of the "broadcaster" as it were. The general theme, while we often hear it stated in a great many different word forms, is expressed thus: "I simply can't stand him," or "her." No matter what form this statement takes, it shows contempt on the part of the speaker and we get the impression that he does not consider the person discussed as his equal.

An uninterested person, hearing such an outburst, does not stop to realize that perhaps the one speaking really means nothing serious. Instead he is likely to form one of two opinions. First, that the speaker realizes his inferiority to the other and is nar-

row minded enough to be jealous. And second, that the speaker feels himself superior to the other and is belittling himself by showing his conceit. As far as jealousy is concerned, some people have it and others do not but it is the broadminded person who controls it. The person also may be better than the next fellow. That quality is very essential if one wishes to attain a position for which he has competitors. However, it is the biggest man who can be better than his competitor and not realize it to the extent of conceit.

It doesn't seem possible that the person who cannot associate congenially with a variation from the ordinary personality would reach any point of renown in this world. Yet he could be widely known. Contrast two of the national figures of this last year at sea. President Calvin Coolidge and Ex-Mayor "Big Bill" Thompson, of Chicago, and satisfy yourself as to which will have his picture hung in any Hall of Fame.

But how many people really mean what they express in this statement? The majority probably are merely thoughtless while there are others who are sincere in its expression. The thoughtless person had better wake up and the earnest individual should hire some prominent prize fighter for a companion since brass knuckles and this attitude go hand in hand.

In the present day the average person is broadminded enough to live with people who are a bit antagonistic and he is intelligent enough to express what he really means and not ideas that have no place in his speech. So why can't we be modern?

POT-BROK SUPPER

Last Tuesday evening at five thirty the sixth hour Modern History class gathered at Miss Osman's Apartment for a pot brok supper. Then we began work on our posters on the Industrial Revolution but as such a large amount of material had been assigned we thought a scrap book would be nicer to make. The cover was designed by Marguerite Wood and is entitled "Progress" with the monogram of the History class below the picture. The Scrap book is made up of all types of machinery and modes of transportation before and after the Industrial Revolution, concluding with the evolution of the Airplane and the Automobile.

HISTORY CLASSES

The seventh hour ancient history classes conducted a scrap book contest. Two teams were chosen; the leaders were Marion Tefft and Edward DePorter. Edward's team was composed mainly of boys and chose Greece as their topic while Marion and her group prepared one on Egypt. Both books

were excellent but first place was granted to the Egyptian scrap book as a larger number participated in the making and the artistic quality was outstanding. Lawrence Rudick was responsible for many contributions in the Grecian Scrap book. The reward for winning a party given by the losers, December the eighteenth at Evelyn Starkweather's. We expect to enjoy ourselves immensely as it will be a Christmas party with the exchange of humorous small articles.

In a poster contest of last week, carried on by the same class, first place was awarded to Charles Thompson; second to Duris Holloway; and third to Marjory Van Amber.

The first and eighth hour American History classes have purchased a bulletin board and are swamping the history room with material. Two most unique posters have been designed, are depicting a radio born broadcasting lectures from the U. S. History class and the other showing several young men getting tickets for the History lectures which are given at three o'clock daily in room forty-three. The majority probably are merely thoughtless while there are others who are sincere in its expression. The thoughtless person had better wake up and the earnest individual should hire some prominent prize fighter for a companion since brass knuckles and this attitude go hand in hand.

NINTH GIRL RESERVES
Miss Stille from the Detroit Girl Reserves came to visit the Ninth Girl Reserves last Friday. She was bringing a girl from Northwester to talk to them but the girl was unable to come. So Miss Stille discussed honor points with them. Before they are permitted to wear the blue half circle which middle school they have to have, they must keep their bodies in good condition and following different health rules, use for service such as their scrapbooks, ten for knowledge as to the line of nature or any other study they wish to make, ten for spirit which is the religious side and ten for their general activities done by the group in a body to promote cooperation and a feeling of fellowship.

THE BOYS' ASSEMBLY
The greater part of time devoted to the assembly of December 5 was given over to the boys who attended the Older Boy's Conference at Flint. Each boy was introduced by Beryl Smith and gave a talk on some important feature.

The assembly opened with the "Fifth Song." A little time was devoted to announcements. Lester Daly announced the debate with Dearborn and Steven Horvath and Lynford Fritz the Sophomore Dances.

The program of speakers was opened by Cecil Packard who gave a general outline of the Conference. Walter Miller's talk was on the miscellaneous articles such as the discussion groups and the speeches given. There were two speakers at the conference, namely, Mr. Spencer and Mr. Gilkey. To Mr. Spencer's speech there were two divisions and one, "Into him that hath" was discussed by Edward DePorter and the other, "Friendship" by Gale Kenyon. Under the discussion groups were the following: "Boy and Girl Relationship" which was given by Charles Geoghe and "Life Work" given by Edwin Foster. Mr. Gilkey's speech was also divided into two parts, one called "Perspective" was given by Russell Sackow and the other "Watch Coal" by G. Hondorp. Mr. Emens then gave a final summary and the assembly closed with a song.

No More Worries Over CHRISTMAS BILLS

One of the happiest feelings is to know that when the Christmas bills become due you'll have ample funds available.

THE CHRISTMAS CLUB

helps you solve the problem of your year-end bills. The plan is simple. Put aside a stated sum each week during the year and you will have quite a tidy sum at Christmas time.

Come to our bank and let us explain the several plans which make the CHRISTMAS CLUB fill your requirements. A club to fit every purse from 1c a week to \$10 a week.

Also let us explain how you are entitled to share in the \$25 in cash we are going to give to club members on May 12, 1929.

We are holding a book for you. Don't wait.

4% interest will be added to all paid-up club members.

There will be English services Sunday morning.
Sunday school at 11:30.
English Advent services Thursday evening at 7:30.

METHODIST NOTES

"If ye abide in me, and my words abide in you, ye shall ask what ye will, and it shall be done unto you."
In our hymnal there is a song that runs like this: "O what peace we often forfeit, O what needless pain we bear, all because we do not carry everything to God in prayer." There is no doubt about our need for more prayer, if we are to live the fullest Christian life possible. Why not acquire the excellent habit of attending the mid-week prayer and praise service every Wednesday night, 7:15 to 8:00 o'clock? It will do you good.

Please note the change in time of the Sunday morning service from 10 a. m. to 10:30 a. m., beginning next Sunday.
On account of the many activities of the month the L. A. S. circle meetings will be postponed until the third Wednesday in January.
The White Gift Christmas exercises will be held Sunday evening, Dec. 23, at 7 o'clock.

EPISCOPAL NOTES

A box social will be given on Friday evening, Dec. 14, at 7:30 o'clock. All people of the parish and their friends are invited. Each lady is to bring a box lunch for two. After the evening's entertainment the boxes will be auctioned to the men. Be sure to put your name in your box.

The boys of the church are making some Christmas preparations for the children's corner. All boys over nine meet at the church Saturday at 9:30 a. m.

The children will begin practicing for their Christmas pageant next week. The pageant is to be given on the evening of St. John's day, Dec. 27, at 7:30. If presents the only true Christmas story, the Nativity of Christ.

On the Sunday after Christmas, Dec. 30, there will be a special evening service, in commemoration of the Feast of St. John, the evangelist, patron saint of the Masonic order and of this parish. The Plymouth Rock lodge, No. 47, Free and Accepted Masons, will attend this service in a body. The service will be open to the general public and all who are interested are cordially invited to attend.

PRESBYTERIAN NOTES.

The Ready Service class invited their husbands to meet with them at the church on Tuesday evening last. Supper was prepared in the church dining room and was quite up to the high standard already set by this group. After supper a program of songs, toasts and general fun was shared in by all. A matter of special interest was the presentation of a beautiful end table to Mrs. Dr. G. E. Gordon, who has been the efficient president and teacher of the class during the past year. Mrs. Gordon made a pleasing response.

Preparation is in full swing for the Christmas tree entertainment which is to be given by the Sunday school Thursday evening, Dec. 20. There will be a good program and Santa Claus has promised to be on hand.

The December meeting of the Ready Service class will be held at the home of Mrs. Charles O. Ball, on Harvey street north, on Tuesday of next week. The usual co-operative dinner will be served at noon and the business and social meeting will follow. This is the annual Christmas party of the class.

CATHOLIC NOTES

Sunday the ladies of the parish will receive holy communion.

Next Wednesday, Friday and Saturday are the Ember days.

Great plans are being worked out to make the Christmas services worthy of the occasion. A sacred concert will be given prior to the midnight mass on Christmas eve.

The pastor conducted the funeral services of his cousin last Tuesday morning in Detroit.

We are sorry to learn of the death of Mrs. C. Plagens, the mother of Bishop Plagens, who will be buried from the Sweetest Heart of Mary church, Detroit, Saturday at 10 a. m. The new year calendars will be distributed next Sunday at both masses. These are given each year as a token from the pastor.

Have you adjusted your accounts for the year 1928?

Watch these columns next week for the Christmas program.

BAPTIST NOTES

Mrs. Arthur Hampton, of Detroit, will speak at the Baptist church Sunday morning at 10 o'clock. She will present the project of better Sunday school classes by means of Philathea organization. Mrs. Hampton has worked for many years in the interest of this movement and she comes to us well qualified.

Howard Legg, of Detroit, will speak at the evening service. He will present the project of better Sunday school classes by means of Baraca organization.

Baraca-Philathea work has been successfully adopted throughout our country. The Baraca movement applies to the organization of men and young men's classes, while the Philathea movement applies to classes of women and girls.

PLYMOUTH

II. W. Bradford, of Detroit, spent Sunday at L. A. Wiseley's.

Mrs. Dora Hauk entertains the Cherry Hill L. A. S. Thursday.

F. B. Miller left for Clermont, Fla., Wednesday morning to spend the winter months.

Mr. and Mrs. Carlton Lewis and family were Friday evening visitors at the Wiseley home.

The annual meeting of the Chamber of Commerce will be held Tuesday evening, Dec. 18.

Mr. and Mrs. Owen Thompson, of Petersburg, visited at the McClungha home in Canton township.

Thomas Wood, of Toronto, Ont., was a guest of his brother, Wm. Wood, Wednesday of this week.

Miss Donna Finnegan has returned from Harper hospital, where she was operated on for appendicitis.

The fire department was called to the home of Frank Howe on Maple avenue last Tuesday afternoon, where there was a small blaze on the roof.

The Mail is carrying a large volume of Christmas advertising this week. Be sure you peruse these ads carefully for gift suggestions.

Helen Elizabeth came in on the 5:15 Monday morning to see her father and mother, Mr. and Mrs. Russell Denmore, and will stay awhile. Weight seven and one-seventh pounds.

Mrs. Ruth E. Huston-Whipple's debating team of Northwestern High school won their second debate last Friday against Eastern High school, which was runner-up for the city debate championship title last year.

The Kiwanis club for its Christmas program can use any quantity of children's clothing. If you have any outgrown or discarded clothing of any kind we shall be glad to use it where it will do the most good. May be left at the home of W. J. Burrows, 870 Penniman avenue, or if you will telephone 24, giving your street and house number, we shall be glad to call for it. —Kiwanis Christmas Committee.

Quick, dependable service, at reasonable prices—that is the Mall's motto.

**SUFFERING OF 12 YEARS
ENDED BY NEW
KONJOLA**

Miseries of Stomach Trouble Drove Man Into Nervous Breakdown—New Medicine Triumphs.

MR. CHARLES ROSE.

There is a happy end to the long trail of suffering for those who give Konjola, the new medicine, a chance, even though all medicines and treatments have failed. This is proved in numberless cases like that of Mr. Charles Rose, 15 Nineteenth street, Battle Creek. He says:

"For the past twelve years my stomach gave me so much trouble that it drove me into a nervous breakdown, and were it not for Konjola I do not believe that I would be alive today. I could not sleep at night; everything worried me; I wanted to be alone. I became so weak I could hardly stand. Nothing helped me, and I had lost 88 pounds, then I heard about Konjola and its wondrous works. Seven bottles of this marvelous medicine made a new man of me. My indigestion is completely gone and, best of all, my terrible nervous condition has been totally banished. I feel and look like a different person. I have gained 29 pounds in seven weeks. I am back on my job in the steel mill, working hard and enjoying it. My friends are astounded—and so am I—over this amazing recovery."

Konjola is sold in Plymouth at the COMMUNITY PHARMACY and by all the best druggists throughout this entire section.

The 3-Door Sedan Body by Fisher \$1145, o. b. Pontiac

Step on it
and watch this new **ALL-AMERICAN** respond!

Speed. More speed. Sixty... sixty-five... seventy miles an hour and more. It's the cry of the day. Everybody wants speed. Everybody wants to use it. Others don't. But everybody wants to think his car is full of it... that he can pass anything on the road whenever he likes... Some cars are fast. The New All-American Six for one. If ever you've driving one where the law allows... step on it. And watch this great New All-American respond!... Speed? The New All-American certainly has it. Along with power... pick-up... and truly original style. In fact, you'll find in this greatest of all Oakland's car that expresses the spirit of this breathless age.

Price \$1145 to \$1375, o. b. Pontiac, plus delivery charges. Leveley Hydraulic Shock Absorbers and spring covers included in list price. Bumpers and rear fender guards extra. Check Oakland delivered price—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

MUNICIPAL NOTES BY THE MANAGER

As a result of an inspection of railroad crossings in the Village of Plymouth a week ago, a recommendation is being made by the state railroad inspector to the Michigan public utilities commission to order the installation of a crossing signal of the latest improved type at the North Mill street crossing in this village. That some type of crossing protection is needed at this point is indicated by the number of accidents and near accidents which have occurred here since North Mill street has been paved, the latest of which took place last Saturday afternoon when a gravel truck was partly demolished by a passenger train.

The commission has lately authorized the placing of a regular fireman upon night duty at the fire hall, to make possible the speeding up of the response of our fire equipment to calls made during the night hours. It is planned to put the plan in operation in the very near future.

There is considerable existing sentiment in favor of the annexation of the territory around Phoenix Park and of the area in the neighborhood of the General Machine and Iron Works and the new window shade plant to the village. It is possible that annexation of either or both of these districts will come before the voters in the spring.

NEWBURG

Next Sunday evening the Wesleyan Players of the U. of M. will present a very fine religious play, entitled, "Mansions," commencing at 7:30. A collection will be taken, as they have to turn in \$10 to the association whenever the play is given. It is very highly spoken of and deserves to be well patronized.

The Epworth League and Queen Esther Circle are to give a party at the L. A. S. hall this Saturday evening. All are cordially invited.

Children are practicing for the entertainment and party to be given by the Sunday school at the hall Saturday evening, Dec. 2. Old Santa and a Christmas tree will be there to see that all the boys and girls are remembered.

Don't forget the white gift Christmas, Sunday, Dec. 23, at the church. A nice program is being prepared.

Jackie Thompson and Elizabeth Stevens are on the sick list with measles.

Phillip Shepard, of Detroit, was a Sunday guest of Henry Grimm.

Mrs. Edith Blake spent the weekend at her home in Saginaw.

Mrs. C. E. Ryder and Mrs. Donald Rydler were guests of Donald Rydler at the banquet held at the Mayflower hotel last Friday, having the pleasure of listening to President Little of the University of Michigan.

Mr. and Mrs. C. E. Ryder and Mr. and Mrs. Clyde Smith called on Mr. and Mrs. George Henry Sunday afternoon.

George Oldenberg's mother, who has been staying with her son, Charles, at Dearborn, has come to spend the winter with Mr. and Mrs. Oldenberg at the Donovan farm.

There were fifty in attendance at the L. A. S. supper, given at the home of Mr. and Mrs. Fred Geney last Wednesday evening. The committee led a fine supper.

Mrs. Mark Joy and Mrs. Henry Mellbeck called on Mrs. Anthony Kreeger and new baby Tuesday afternoon, finding them just fine.

NEWBURG SCHOOL NOTES. By Evelyn Stutzner.

We are all very glad that Ruth Schmidt is back to school again.

Miss Reed was here Wednesday night and made our weight chart. There are three colors, white if we are normal or overweight; blue if we are 10 per cent under weight, and red if we are more than 10 per cent underweight.

The honor roll students of the grammar room this month are: Yvonne Hearn, Geraldine Schmidt, Evelyn Stutzner, Amelia Zielasko, Irene Zielasko, Sara Jane Allen and Gladys Allen.

The fifth grade are making a map of South America. Our boy health officer is here Wednesday. Dorothy Schmidt came back to school but Marvin and Donald are ill with the measles.

We had a Thanksgiving party and we had a fine time.

Howard Holmes and Lionel Coffin were on the honor roll in October. We are studying people of other lands.

Jackie Thompson has been ill for several days with the measles.

Olive Mae Bakewell has been absent from school on account of illness.

WHITBECK'S CORNERS. Mr. and Mrs. Wm. Rengert and daughter were guests Saturday and Sunday of Mrs. Rengert's brother and family, Mr. and Mrs. Gerald Gale, of Owosso, Mich.

Mr. and Mrs. John Mott, of Canton, spent Sunday at the home of their son, Alfred. Mrs. Agnes Parrish was also a visitor there.

Virginia Schmidt is still very low at this writing.

Lillian Kaiser spent last week at the home of her grandmother, Mrs. Parrish, of Robinson subdivision.

Dethloff's parents, Mr. and Mrs. Henry Klatt, of Ferrisville. Miss Lottie Kaiser called on her grandma, Mrs. Parrish, of this place. Mrs. Glenmore Passage is sick at this writing and under the care of Dr. Peck of Plymouth.

On account of so much sickness the Helping Hand society was not very largely attended and election of officers was postponed until the February meeting.

C. A. Parrish, of Ypsilanti, called on his mother Monday afternoon.

Mrs. Stewart of Glendale, was a guest Tuesday of Mrs. A. C. Prochnow.

Mrs. Parrish spent the week-end at the home of her daughter and family, Mr. and Mrs. Otto Kaiser, on Ann Arbor road.

PERRINSVILLE. The radio fever struck Perrinsville. Henry Kubie, Peter Kubie and George Baehr have installed radios.

Mr. and Mrs. C. Wall spent Sunday at John Dethloff's.

Mr. and Mrs. George Baehr and son, Clinton, spent Sunday with Mr. and Mrs. Howard Baehr, of Detroit.

Mr. and Mrs. John Kubie and son, Frank, of Wayne, spent Monday evening with Mr. and Mrs. George Baehr.

Mrs. Charles Drows and family started for California Saturday.

The entertainment given at the brick school the 7th was well attended. The children did fine. They are preparing a Christmas program.

The Sunday school is preparing a Christmas program at the church.

WATERFORD. Mr. and Mrs. G. W. King, Mrs. Mary E. Lewis and Mrs. Hugges motored last Thursday to Owosso to see Mrs. Ellen Hughes.

Mr. and Mrs. Arthur Gotts and family spent Sunday afternoon and evening with Mr. and Mrs. Payton Draper in Ypsilanti.

Mrs. C. H. Ebersole has been on the sick list.

Mary Gotts spent the week-end with her cousin, Laura Gotts, in Ypsilanti.

Dorothy and Clare Ebersole are sick in bed.

Robert Gotts is now on the sick list.

Mr. and Mrs. Frank Van Atta, Mr. and Mrs. Floyd Wooster and son, of South Lyon, visited at the Elmer Perkins home Sunday.

Mrs. Ed. Dickinson visited her daughter last week in Detroit.

BOWLING. Roy Wheeler, veteran Plymouth bowler, was in exceptionally good form Saturday, Dec. 8, rolling six remarkable games, coming very near rolling two perfect games in succession, having 22 successive strikes. Following is the score of his six games: 248, 267, 245, 300, 280 and 246 for an average of 265 5-6 for six games. This is the second perfect score on the Penniman Allen alleys, the other being made by George Kleiwasser, now of Ann Arbor, in 1925.

Friday, Dec. 14, Wayne vs. Hake Hardware.

December men's high scores to date: Wheeler, 300; second high, Pankow, 268; third, Zaunders, 258. Ladies: First high, Marian Williams, 131; second, Thelma Zaunders, 122.

GRANGE NOTES. There will be the annual Christmas party. Program and exchange of 10 cent gifts. There will be a box for the older members and one for the kiddies, so Santa will have no delay in handing out the gifts, as his time is valuable these days. Everyone come with a 10 cent gift and a good Christmas spirit and have a good time.

STARKWEATHER P. T. A. The Starkweather school will hold their December meeting Wednesday, the 19th. They are inviting the Central P. T. A. members as their guests.

Miss Edith Thomas, of the University of Michigan, who is at the head of the child reading department, will talk on "Books for Children."

Miss Lee's room will entertain us with a special number; besides there is to be special music. They are hoping for a large attendance from both schools.

I wish to thank the Canton Community club for the beautiful plant sent me during my recent illness.

Mrs. F. L. Becker.

MAN SO NERVOUS GETS SORE WHEN SPOKEN TO. "It actually irritated me to have anyone talk to me. I was so nervous. Vinol ended this and I feel wonderful now."—Wm. E. Eby.

Vinol is a compound of iron, phosphates, cod liver peptone, etc. The very FIRST bottle makes you sleep better and have a BIG appetite. Nervous, easily tired people are surprised how QUICK the iron, phosphates, etc., give new life and pep. Vinol tastes delicious. Dodge's Drug Store.

DR. CARL E. JANUARY. Ophthalmic Physician. Office in new Hutton Bldg. Office Hours—9:30 to 12 a. m.; 3 to 6 and 7 to 9 p. m. Telephone: Office 402, Residence 401.

IN THE THEATRE

"ME-GANGSTER."

A story of the underworld comes to the Penniman Allen theatre Sunday and Monday, Dec. 16 and 17, in "Me-Gangster," a Fox picture. It is a thrilling, rapid-fire drama of the battle between love and the underworld, for

the capture of a crook who thought he was too smart to work. The same heart-grIPPING, pulse-quickening action that makes the film, "Me-Gangster," such a good show is portrayed forcefully, dramatically, irresistibly by June Cullyer, Don Terry, Anders Randolph, Arthur Stone and Nigel De Bruiler.

Something new in underworld stories—see it!

"STREET ANGEL"

Janet Gaynor and Charles Farrell, fast-rising young screen stars, come to the Penniman Allen theatre Wednesday and Thursday, Dec. 19 and 20, in their new Fox Films offering, "Street Angel." It proves to be a masterpiece of beauty, charmingly acted and perfectly directed by Frank Borzage, who also made that other memorable Gaynor-Farrell picture, "7th Heaven."

The story is laid against the color-

ful background of Naples and the beautiful, soft-toned photographic treatment of the many picturesque scenes is a conspicuous contribution to the art of the motion picture.

Miss Gaynor, as a little waltz of the Neapolitan waterfront, and Farrell as a vagabond artist who meets and falls in love with her, handle their roles with superb skill, and their many love scenes together hold the audience enraptured.

It recounts the story of Angelina's desperate attempt to raise funds for her dying mother by taking to the streets, for which she is arrested and sentenced to prison. She escapes from the police and joins a small travelling circus, in which she becomes a ballet performer. Here she meets Gino, the wandering painter, but their romance is shattered by the police, who track her down and take her away to prison. However, they are finally re-

united and made happy again. "Street Angel" is a picture that ranks with the best of all time.

"THE HEAD MAN."

Sitting around sets between scenes for "The Head Man," which is the main feature of the bill at the Penniman Allen theatre Saturday, Dec. 22, with Charlie Murray in the title role, isn't one of the falling of Murray or his enemy in the picture. Lucien Littlefield.

For some strange reason these two veteran comedians have never learned to loaf, even though Murray has been cast scores of times as a "copper on a bent," but of funsters' quips about laziness.

A Mexican jumping bean contest, with the luncheon check as prize, is their latest innovation as a time-passer on the set.

They invented it during the filming of "The Head Man." Squares like a checker-board are marked off for the beans. The beans are then divided "fifty-fifty." Half of them are stained black. They are set in two rows of eight on each side of the board, and the score is counted by the number of beans which reach the opponent's side of the board before all of his beans finally jump entirely out of bounds.

Eddie Cline, veteran comedy director, megaphoned "The Head Man," and Loretta Young and Larry Kent carry the burden of a very sweet and appealing film romance. Murray is characterized very humanly, and the comedy isn't slapstick!

Chevrolet Increases Production Schedule

W. S. Knudsen, president and general manager of the Chevrolet Motor Company, reported one of the most conservative executives in the industry, predicted at Detroit last week that Chevrolet production schedules for the coming year would call for an output which would equal at least 1,250,000 cars and trucks.

Fifteen mammoth factories throughout the country, according to Knudsen, are now working at top speed building the new six. Cars are being distributed to the dealer organization as fast as they come off the line, so that as many as possible will be on display and ready for delivery Dec. 29.

The tens of thousands who have already placed orders can feel assured of early deliveries. Mr. Knudsen said, when they bear in mind that 90 days after the introduction of the 1929 car more than a quarter million of them were on the highways in owner service. He further recalled that by June 1 of the present year, five months after the January announcement, a half million cars were in use. And before Oct. 1 the company established a record of building and delivering 1,000,000 cars, which Mr. Knudsen referred to as the greatest single achievement in the history of the automobile industry.

Mr. Knudsen's optimism over the forthcoming year, he explained, has its basis in continued prosperity and in what he interprets as a well-defined preference on the part of the public for the six-cylinder car. "The coming year will find national prosperity solidly entrenched, and Chevrolet, with a new and improved product carefully designed to meet public preference, is prepared to handle its full share of the coming year's business growth," he said. "All of our production facilities are being keyed up to meet the rising demand so that Chevrolet will be able to make deliveries as rapidly as our precision methods permit."

The year just coming to a close found Chevrolet preparing itself for the advent of the new six. Numerous expansions were brought to completion, adding to our facilities several hundred thousand feet of factory floor space. The natural result of all this has been an increased productive capacity.

"With these expanded and improved facilities and our new and improved product, which is to sell at virtually the same price as our four-cylinder cars, we feel assured of marching toward new records this year, at the same time striving to our utmost to maintain in full the public's confidence in the Chevrolet Motor Company."

Mr. Knudsen concluded by expressing his gratification at the reception which the new six is being accorded every place it has been seen at advance showings. Upwards of one million persons in a dozen cities have already seen the new car.

TAXES.
The 1928 taxes are now due I will start the collection of the same on Dec. 5 at the Plymouth United Savings bank, and will be there every day up to and including the 10th of January, 1929, excepting Dec. 14, 21, 28 and Jan. 4, on which days I will be at the branch bank corner of Liberty street and Starkweather avenue.
Please remember your subdivision and lot number.
JOHN QUARREN,
312c Plymouth Township Treasurer.

Speedy Relief for Sore Throat

SAFE PRESCRIPTION REQUIRES NO GARGLING.

No longer is it necessary to gargle or to choke with nasty tasting patent medicines or gargles to relieve sore throat. Now you can get almost instant relief with one swallow of a famous doctor's prescription called Thozine. It has a double action, relieves the soreness and goes direct to the internal cause not reached by gargles, salves, and patent medicines. Thozine does not contain iron, chloroform or dope, is pleasant-tasting harmless and safe for the whole family. Also excellent for coughs; stops them almost instantly. Quick relief guaranteed or your money back. 50c, 90c, and \$1.50. Sold by Dodge's and all other good drug stores.

EXHIBIT NEW STYLES OF FARM MACHINERY AT MEETING

MANUFACTURERS STRIVE TO STOP REST PERIODS OF MECHANICAL EQUIPMENT.

A mechanical jack-of-all-trades which can efficiently perform several different types of farm work is an ideal toward which farm implement makers are working, and the progress made by the manufacturers was on display at the recent show held at East Lansing by the Michigan Implement Dealers Association.

One company showed an attachment designed for an ensilage cutter which will equip the machine to separate vetch from rye. The possibility of using a cutter to blow grain from a threshing machine to a granary has been successfully tried out in the State. In one case, grain was blown ninety feet and the labor of six men was eliminated.

Another manufacturer has developed an attachment for a manure spreader which permits the machine to be used as a manure or lime sower. The spreader sows a strip from 15 to 20 feet wide.

The increased use of electricity for power on farms has led to the manufacture of special water pumps adapted for use with this form of power. Other electrical equipment was on display.

A two-row potato digger and a new

type of transplanter for use in setting such crops as cabbage and mint attracted considerable attention at the show.

The Association voted to invite farmers to attend one day's session at next year's meeting and the agriculturists will have an opportunity to see if their home dealer is keeping up with the styles in farm machinery.

Russians Get Along Without Much Butter

Moscow, U. S. S. R.—The way to say it in Russia is not with flowers but with butter. Flowers are plentiful and butter is hard to get. This autumn it has become a token. A pound of it is sometimes presented as a gift when people call on kin or friends who are celebrating the day of their patron saint.

For several weeks butter has been rationed in Moscow and elsewhere. Long lines of women stand in front of the shops every morning, patiently waiting in the cold to get inside and buy their share. A little more than a third of a pound is the limit fixed for each customer in the government and cooperative shops.

Phone your news items to the Mail Office, Number 6.

QUARREL OVER CASH SPLITS CULT COLONY

Vancouver Island Group Repairs to Court.

Vancouver, B. C.—A philosophic cult with a reported membership of 2,000 Americans and Canadians has been revealed in a series of charges and countercharges of theft over the handling of the institution's funds. The colony, known as the Aquarian foundation, had attracted little notice in its sequestered location on Vancouver Island at Cedar-by-the-Sea, near Nanaimo, until its sixty-year-old leader and his secretary-treasurer were arrested for embezzlement.

Discord broke into open strife when Edward A. Wilson, president of the foundation and known as Brother N.H., opened another colony nearby on Valdez island, called the Mandelb settlement.

He followed this by accusing Robert England, secretary-treasurer and reported ex-American secret service agent, with embezzling \$2,800 of the institution's funds.

England, released on bail, retained by accusing Wilson of misappropriating \$13,000. Wilson was released on \$20,000 bond only to be met with injunctions and trespass charges.

The colony is said to have been founded by a dozen wealthy Americans and Canadians for the study of philosophy.

While the community is small in the fall, it numbered many times its present residents during the summer, when hundreds of students, mostly from Wilson's ex-home, learned the codes of the sect. The visitors included both men and women.

Royal Trophy Won By State College

MICHIGAN OWNS SOME OF THE BEST HORSES ON SHOW CIRCUIT.

The King Albert trophy awarded by the King of Belgium accompanied a flock of ribbons on a journey to Michigan as a result of the winnings on livestock shown by Michigan State College at the International Stock Show in Chicago.

Preston Wolfe, two year old Belgium stallion, won the King Albert trophy and other Belgium horses owned by the College won first, third, and fourth prizes in their classes, and three third prizes were won in the group classes.

Maple Grove Leja, a five year old Percheron mare, won second in her class and was reserve senior and grand champion. The College had the three best Percheron mares in the show, and every horse shown was in the money.

Four cattle shown by Michigan State won firsts in the Junior Shorthorn steer and the summer yearling Hereford steer classes. The Hereford steer which won the first in the summer yearling class was beaten only by the grand champion steer of the show.

Reserve champions were won by yearling wethers in both the Dorset and Rambouillet sheep classes, and fat legs shown by the College won a long list of awards.

Making Everybody Happy . . . For Christmas . . .

Chuckles of delight. The entire family delighted. And friends, too, in other homes, just as pleased over the gifts you have sent. More and more, people complain that Yuletide shopping is hard work.

What to give? That is the question. It is peculiarly true of this store that while it is in every sense a gift place all the year 'round, at Christmas it is quite specifically so. For there is such a wide selection, and all of the things are so beautiful, so useful, so valuable in one way or another.

Plan for the New Year Now!

We are wondering whether or not the first of the New Year will find the faces that were so happy at Christmas time lined with worry and despair and their owners frantically trying to figure out a way in which they can meet all of their obligations which usually come at the first of the year and also pay for the Christmas gifts—Dad's new radio, mother's iceless refrigerator, the new roadster bought for Bill, etc.

This should not happen and we suggest the following:

DON'T give extravagant Christmas gifts if you cannot afford to!

DON'T go in debt for Christmas gifts unless you know just where the money is coming from with which to pay for them!

If you follow these two rules we are sure you will enjoy the holiday season as much as you otherwise would, and we know that you will be happier when at the first of the year you are able to meet all of your bills as they come due.

LARGEST DEPARTMENT STORE IN WESTERN WAYNE COUNTY
Prompt Delivery Service Open Evenings Until Christmas

READY SERVICE CLASS ENTERTAINS THE HUSBANDS.

The Ready Service class of the Presbyterian Sunday school entertained the husbands at a very enjoyable party Tuesday evening, Dec. 11. After the dinner, which verified the toastmaster's statement that it is a class

of good cooks, group singing was enjoyed and some very fine toasts (in some cases roasts) provided much merriment. Charles Ball acting as toastmaster. Mrs. Glen Gordon, who has been the teacher for the year and the president as well, was presented with a gift of appreciation and responded in a gracious manner. Stunts, directed by Mrs. Charles

Weaver, were entered into very heartily by all present and then in the "afterwards" the men displayed as much skill in the kitchen as at the table, at which covers were laid for 40 guests. The appointments were in keeping with the Christmas season, for, as Glen Gordon, our toastmaster for 1929, assured us, "Like the monkey who backed into the lawnmower—it won't be long now."

GRANGE NOTES.

Pomona Grange will be held at Belleville on Saturday, Dec. 15, with business meeting at 11 o'clock. Dinner served promptly at noon, and in the afternoon there will be a joint installation of Pomona and subordinate officers. The following officers from this lodge are to be installed: Master—Samuel Spicer. Overseer—John Hawk. Lecturer—Mary-Root. Assistant steward—C. F. Lefever. Steward—James Gates. Chaplain—Della Hawk. Treasurer—Lloyd Fillmore. Secretary—Margaret Daly. Lady assistant steward—Florence Lefever. Pomona—Violet Hawk. Flora—Elizabeth Spicer. Ceres—Leona Hawk. Gatekeeper—Vivian Swegles. Each officer-elect please try and be present. The next regular meeting of Plymouth Grange No. 380 will be held at the hall on Thursday evening, Dec. 20. A large attendance is desired by our new officers.

LIBRARY NOTES.

Help the children to understand children of other lands by giving them the best books about their neighbors around the globe. Shasta of the Wolves—Baker. Shen of the Sea—Christman. Tales From Silver Lands (South America)—Finger. Uncle Remus (American Negro)—Harris. The Jungle Book (India)—Kipling. Wonderful Adventures of Nils (Sweden)—Lagerlof. Adventures of Pinocchio (Italy)—Lorenzini. This Way to Christmas—Sawyer. Boy Emigrants (The West)—Brooks. Chi Wee, a little Indian girl—Moon. Captain Kituk (Eskimo)—Snell. The Magic Forest (Canadian forest)—White. The Prince and the Pauper (England)—Clemens. Castle Blair (Ireland)—Shaw. The Little Duke (France)—Yonge. Heidi (Switzerland)—Spyri. Hans Brinker (Holland)—Dodge. What Happened to Inger Johanne (Norway)—Zwillingmeyer. Children of the Moor (Sweden)—Fittinghof. Ofo of the Silver Hand (Germany)—Pyle. Kafrinka (Russia)—Haskell. Children of the Mountain Eagle (Albania)—Miller. The Rabbit Lantern (China)—Rowe. Treasure Flower (Japan)—Gaines. The Perilous Seat (Ancient Greece)—Snedeker. CARD OF APPRECIATION—Words cannot express our appreciation to the fire department and members, also friends who so kindly helped me to replace the garage tools I lost in the fire. Ernest Wilson.

Cooking School Well Attended

On Tuesday 80 women attended the cooking school, which is being conducted by the Michigan Federated Utilities. The lesson was on cake making and Miss Helen Taylor explained minutely every detail of the art from the greasing of the pan to the cooling of the finished product. Chocolate fudge cake, pineapple upside-down cake and ice box cake were made and proofs of the baking served by the assistant, Pauline Deal. Several new ideas were introduced by the teacher on shorter and more accurate methods of compiling a recipe. To measure half a cup of fat, first half fill the cup with water and then add fat until the cup is full; pour off the water and you have an accurate half cup of fat. Wooden spoons are easier on bowls and lighter to handle, it is claimed. To keep your batter from curdling, warm your milk slightly before adding it to the fat and sugar mixture. Batter curdles are nothing but particles of fat hardened by the low temperature of the milk. Next Tuesday Miss Taylor will prepare cakes, candies and cookies appropriate for a Christmas box. She will also pack the box in glass, showing how attractive a box may be made in the home. Miss Taylor will also give and let you taste some suggestions for teas and parties. Next Tuesday will be the last of the present series of cooking classes. All those who attended all of the classes will receive an award, also a favor will be given to everyone who attends the last class. Miss Taylor will be in Plymouth for two weeks following the close and will be glad to look over any range during that time.

D. A. R.

The Sarah Ann Cochran chapter of the D. A. R. will have a luncheon at the Mayflower hotel Monday, Dec. 17, at 1 o'clock. The chapter will have as their guest Mrs. Henry Borne Joy, of Detroit, who will give the address. Mrs. Joy is the vice-president-general of the D. A. R. and the Plymouth chapter feel very fortunate to have her here for this luncheon.

FORMER RESIDENT DIES.

Word has been received from George Cooper that his wife passed away Tuesday morning in a hospital at Los Angeles, after an operation. Mrs. Cooper was formerly a Newburg girl. Mr. and Mrs. J. Gussolly reached there Tuesday evening. Mrs. Cooper was a sister of Mrs. Gussolly. Their many friends extend sympathy.

DEATH OF LITTLE BOY.

Russell Schaufele, eight-year-old son of Mr. and Mrs. Walter Schaufele, passed away Thursday morning. Funeral services will be held from the home in Robinson subdivision Saturday afternoon at 3 o'clock.

LOCAL NEWS

Mrs. Frank Westfall visited Mrs. Edith Birch last Thursday afternoon. Mrs. Will Millard, of Detroit, spent Thursday at the home of Mrs. Frank Tillotson. Christmas seals are on sale at all of the drug stores in the village and at Hotel Mayflower. Mr. and Mrs. Frank Westfall spent Sunday afternoon and evening with the latter's parents, Mr. and Mrs. E. O. Place, of Canton. Mrs. Frank Westfall, of this place, and son, Glen, of Detroit, visited Mr. and Mrs. Will Mafelia, of Sheldon, Tuesday afternoon. A gravel truck was struck by a Pere Marquette passenger train at the Mill street crossing Saturday afternoon. The truck was badly damaged and the driver escaped without injury. A very pleasant surprise was given to Frank Tillotson at his home Tuesday evening. Cards were played, Clayton Van Slike winning first prize and Gordon Smith winning the second prize. After lunch was served all left saying they had a very pleasant evening and wishing Mr. Tillotson many more happy birthdays.
