

BREAK GROUND FOR NEW FACTORY BUILDING

Mack Craft Amphibian Corporation Moves Its Engineering Department to Plymouth.

The engineering staff of the Mack Craft Amphibian Corporation is temporarily located at 786 Pennington Avenue, where they will complete the engineering work for the first Mack Craft Amphibian plane, until such time as they can move into their office in the factory building to be located on Ann Arbor road, for which ground has already been broken.

R. T. McIntosh, President and General Manager of the Company, stated that Roy C. Strang, well known contractor, is in charge of all the building activities. Temporarily, until the factory is under roof, the wings for the first planes will be constructed in the barn of C. H. Bennett, which is located across the street from the factory site.

Mr. McIntosh's assistant, Joseph Hershey, who has spent the early part of the week in Plymouth making final arrangements for the Company, reports that the local business people are showing a wonderful spirit of co-operation.

The forty acres that the Company has just purchased is soon to be developed into an ideal flying field. Negotiations are now under way with a new firm contemplating coming to Plymouth, and who will take full charge of all flying activities. "The field promises to be one of the finest equipped fields in this district," said Mr. McIntosh, "and we are going to write to all of the transportation companies in the United States inviting them to make use of our field, and make known to them the wonderful accommodations that we can render them. The housing of their airplanes, when they are here to visit in Detroit will be free of cost, and they may secure the best of service on their ships."

H. A. Sage and Son will erect a high class gasoline station on this field, not only to gas airplanes, but will be able to gas the many automobiles who will visit the field on Sundays.

There will be two run ways, 2700 feet long as smooth as a table top, and 200 feet wide, running two directions.

The company that is now negotiating for the flying end of the business, will put into service about six or eight planes and it promises to be one of the busiest air ports in this vicinity. "They will employ about twenty or twenty five people," said Mr. McIntosh. The engineering force consists of Lieutenant A. A. Adams who is residing at the Mayflower Hotel. Lieutenant Adams has taken over the responsibility of designing the patent landing gear, in which work he has had years of experience. Lieutenant Adams was with the Glen Martin Company for seven years and before that served in the Royal Air Flying Force during the war. He was in active service as a night bomber. He flew the Handley Page that made a record for the Allies.

Other members of the engineering force include Mr. C. J. Ratke and Mr. T. C. Davis. Mr. Ratke has full responsibility of the design of the full cantilever wing. Mr. Davis is a new member of the engineering force and is working on the detailing of all fittings.

The company has just closed negotiations with one of the foremost engineers in this country on hull construction for amphibian planes. He is expected to arrive in Plymouth shortly with his family. He will take complete charge of the engineering of the hull. He promises to design a hull that will be the most efficient boat of its kind on the market.

It is expected to have the corner stone placed in the building in the very near future and it is understood that a corner stone ceremony is to be arranged to which Gov. Fred W. Green and other notables will be invited.

G. A. Bakewell, who is responsible for bringing the Mack Craft Amphibian Corporation to Plymouth is to have charge of the committee for the ground breaking ceremony.

Plymouth Has New Newspaper

The first number of the Plymouth News, weekly, eight pages, appeared upon the streets of Plymouth Wednesday afternoon. The paper is published by Milton W. Knapp, with A. J. Richwine as editor, both well-known residents of the village. The distribution of the new paper is free, depending upon advertising for its support. We extend a cordial welcome to the new paper, and hope it may "grow and prosper."

COMMENCEMENT WEEK IN THE PLYMOUTH SCHOOLS

LADY MACCABEES ENTERTAIN GUESTS

SEVERAL SUPREME OFFICERS WERE PRESENT AND GAVE INTERESTING TALKS.

A gathering that will linger pleasantly in the memory of all attending, was held in the Macedonia Hall Wednesday evening, June 5th, at which time the local Maccabee Hive had as its guests the members of Plymouth Hive No. 153 and Case Tent No. 338, who had held their membership continuously for twenty five years or longer. Over one hundred invited friends and members attended, to pay their respects to these pioneer members, of which there were twenty five members of Case Tent privileged to be Guests of Honor, and seventeen members of Plymouth Hive. For various reasons, all those who received invitations could not attend, but Plymouth Hive was very happy in the fact that twelve of their older members could attend, and eleven of the Sir Knights. There were four of Plymouth Hive's charter members among the honored guests, these having retained their membership since the Hive was organized in April 1892. They were Ladies Anna Pinckney, Anna McKeever, Helen Willett and Flora Cable. The guests of honor were escorted into the hall by Rita Archer and Betty Jane Brown carrying baskets of roses, they were followed by the 1st and 2nd Ladies of the Guards, Mary Rengert and Josephine Rorabacher, carrying the American flag and the Maccabee flag. Then followed the honored guests of both orders. When all were seated the little flower girls gave each pioneer member a rose from their baskets.

The program in charge of Ladies Dora Wood and Edna Magraw opened with the singing of the Maccabee opening Ode by all, followed by the welcome address given by Commander Bessie Sallow, and the introduction of the Supreme officers, Lady Louise Minor, special supervisor, Great Commander of Michigan Ethan W. Thompson and Mr. A. P. O'Connor, State Representative. A poem particularly appropriate for the occasion was given by Lady Mabel Dieks.

A brief history of the order from its inception in 1892 down to the present time, was read by Lady Wood mentioning the year in which each Guest of Honor of Plymouth Hive joined the order. Besides the charter members above mentioned the list included Ladies Lillie Brown, Margaret Taylor, Hatlie Holloway, Mira Smith, Ella Gignap, Etta Quartel Magraw, Mary Quartel, Mary Wenzel, Bessie H. Smith, Anna Stroll, Anna Micol, Minnie VanDeCar, and Eva Pierce, the last five being unable to be present.

Mention was made of each Commander and the good work done under her regime. A special tribute was paid to the deceased members, whose graves are decorated each Memorial Day.

Next, the gathering was especially glad to have with them a sextette from the Plymouth High School under the direction of Miss Schrader, who rendered two beautiful vocal selections.

(Continued on Page 5)

TAX VALUATIONS SHOW GAIN THIS YEAR

INCREASE IN VALUATIONS WILL GIVE INCREASE IN REVENUE OF \$3,324.85.

Village Assessor George W. Richwine has completed the assessment roll for the village, and the same has been approved by the Board of Review. The following are the figures: Real Estate \$6,188,200.00 Personal 1,050,464.50

Total assessment roll \$7,238,664.50 The 1928 assessment roll figures were as follows: Real estate, \$6,105,500; personal, \$912,175, or a total of \$7,017,675.

The village commission has fixed the tax rate at 15 mills, the same as last year.

The increase in valuations will show an increase in revenue to the village cash box of \$3,324.84.

SEVERAL JUNE WEDDINGS

ARSCOTT-WHITE

The home of Mr. and Mrs. George Gordon was the scene of a very pretty wedding on Saturday afternoon, June 8th, when Miss Elsie White, daughter of Mr. and Mrs. George White of this place, and William Arscott, son of Dr. and Mrs. Wm. Arscott, also of Plymouth, made their nuptial vows before a small company of immediate relatives and friends.

To the strains of a wedding march played by Miss Helen Brothwell of Port Huron, and a solo, "I Love You Truly," rendered by Mrs. C. T. Sullivan of Plymouth, the bridal party took their places beneath a bower of flowers and palms. Rev. Naege of Southmoor, reading the marriage service.

The bride was attired in pale pink silk, and carried pink and white roses, while the bridesmaid, Miss Katherine Wilcox of Northville, was very pretty in green tulle and carried pink roses and lilies of the valley. Marian Gordon, niece of the bride, dressed in yellow, was the flower girl, carrying a basket filled with sweet peas and roses. Louis Arscott attended his brother as best man.

After dainty refreshments, the happy couple left amid showers of congratulations for a tour of Michigan and other states.

The bride is a well known and popular member of the younger set, being a graduate of the Plymouth High School, class of '26; also of Ypsilanti Normal, class of '28, and for the past year has been a teacher in the Tecumseh schools. The groom has been a student of the U. of M., and is now employed as a civil engineer for the Michigan State Highway.

Their many friends wish them a very happy and prosperous wedded life.

ENGLAND-HANN

On June 6, in the presence of the immediate families, Edith Hann was united in marriage to Donald Gordon England, son of Mr. and Mrs. George England. The ceremony was performed at 8:00 p. m. at the England residence, on North Mill Street. Rev. Oscar J. F. Seitz of St. John's Episcopal church, officiating.

The bride was beautifully attired in white satin under shadow lace, and carried a bouquet of bridal roses. She was attended by Mrs. Grace England, sister-in-law of the groom, who was given in green georgette. Her flowers were carnations and roses.

Robert England performed the duties of best man. After the ceremony, a delightful luncheon was served, the tables being decorated in pink and white. The guests departed wishing Mr. and Mrs. England a happy and prosperous wedded life.

The young couple have a host of friends who extend to them their best wishes. They will reside with the bride's parents, Mr. and Mrs. Andrew Hann, 900 North Mill street, for the present.

MAIL EMPLOYEE WEDS

A very pretty wedding was solemnized at the home of Mr. and Mrs. Albert Wendt of Capac, Mich., Wednesday, June 12, at four o'clock, when their daughter, Beatrice, became the bride of Elmer E. Schulz, son of Mr. and Mrs. E. A. Schulz of Redwood Falls, Minnesota. Rev. Hesse of Capac, performed the ceremony in the presence of about thirty relatives and friends from Capac, Romeo, Detroit, Ann Arbor, and Franklin. Miss Christine Wendt, sister of the bride acted as bridesmaid, while Oakley D. Van Schoick of Belleville, acted as best man.

A reception followed the ceremony after which the happy couple left for a three weeks trip to Redwood Falls, Minnesota, the home of the groom.

The bride has been employed as stenographer and treasurer of the George W. Smith Co., developers of Franklin Village Real Estate, for the past year and the groom is a competent and valued employee of the Plymouth Mail office.

Mr. and Mrs. Schulz will be at home to their many friends after July 1, at Franklin, Mich.

ROBERTS-WILSON

The marriage of Carl Roberts of Plymouth and Miss LaVorne Wilson of Detroit, was quietly solemnized at The First Presbyterian Church, Plymouth, on Saturday, June 8th, at 3:30 p. m. o'clock. The bride looked charming in a dress of blue and carried a beautiful bouquet of white roses. She was attended by Miss Pearl Roberts, the sister of the groom, who was dressed in pink carrying a bouquet of pink roses. The groom was attended by his brother Calvin Roberts. After a brief honeymoon the young couple will live in Plymouth.

LOBDEL-VAN DYNE

Miss Gladys VanDyne, a former Plymouth girl, and Ray Lobdel of Detroit, were married at the M. E. parsonage in Northville, last week Wednesday morning, by Rev. William Richards. They were attended by Leona Moffitt and Christian A. Suoco, Jr. They will reside in Redford.

Local Kiwanians Invade Ecorse

ROTARIAN, WALTER NICHOL, SPOKE AT ECORSE LAST TUESDAY EVENING.

The Plymouth Kiwanis Club, with guest speaker, Rotarian Rev. Walter Nichol, journeyed to Ecorse last Tuesday evening and visited the Ecorse Club at their regular week hour luncheon. For Plymouth Kiwanians it was one of their "flying squadron" visits which these gentlemen make from time to time to their neighbor clubs. Raymond Bachelder who was in charge of the program, drafted our genial Rotarian Walter Nichol to put the message across. Rev. Walter gave a very interesting address which was enjoyed intensely by all present.

CHIEF SPRINGER MADE IMPORTANT CAPTURE

PRISONER CLAIMS TO BE AN EYE WITNESS TO THE FAMOUS HALL-MILLS MURDER.

The mystery of the unsolved murder of the Rev. Edward W. Hall and his choir singer, Mrs. Eleanor Mills, seven years ago, near New Brunswick, N. J., is again being given much publicity in the big papers throughout the country, as the result of the capture of Kenneth Gladeau by Chief of Police George W. Springer and officer Stanfield on the night of May 2nd, and who is now being held in the Wayne County jail on a charge of forgery.

It was remarks which Gladeau made to Chief Springer when first arrested that led the chief to notify New Jersey authorities to start an investigation, which is now in the hands of Francis L. Gergen, prosecutor of Somerset County, N. J.

It was while tramping through New Jersey on the night of September 14, 1922, that Gladeau visited the now notorious Delaney's lane with the intention of sleeping. He saw the shots fired which killed the couple he says.

In his conversation with the officers he seemed greatly concerned over a knife which he had left in his rooming house. He told Chief Springer he wanted it back, and that it had a great story to tell if it could. Later he described it as the knife that had figured in the Hall-Mills tragedy and one with which he was slashed by one of the murder group.

The arrest of Gladeau is regarded as a most important one, and Chief Springer as a result has been given wide publicity through the press of the country, and he is to be congratulated upon his alertness in bringing a "much wanted" man upon various charges to justice.

A Splendid Golf Course

PLYMOUTH COUNTRY CLUB COMPLETES ANOTHER NINE-HOLE GOLF COURSE.

The Plymouth Country Club announces the completion of another nine-hole golf course, which will be open to the public for play next Sunday, June 16th. They now have one of the sportiest eighteen-hole golf courses in the state.

The opening of the new course will greatly eliminate waiting at the first tee. The Plymouth Country Club is fast becoming one of the most popular public courses in this locality.

The Class of 1929 Numbers Sixty-Two; Largest in the History of Local School.

A BUSINESS CHANGE TAKES PLACE

IRVING J. ULRICH OF NORTHVILLE, BUYS JEWELL'S MEN'S STORE.

Glen Jewell has sold his men's furnishing store at 187 Liberty street, which he has conducted for the past several years, to Irving J. Ulrich of Northville. Mr. Jewell still retains his dry cleaning business, and will devote all of his time and attention to this business, which he expects to enlarge upon considerably. He will maintain an office, tailor shop and pressing shop at his home on the Northville road.

Mr. Ulrich is already remodeling the store, and will carry a complete line of men's and boys' furnishings. He will also have the agency for Jewell's Cleaners and Dyers.

Mr. Ulrich will move his family to Plymouth in the near future. The Mail welcomes Mr. Ulrich to the business circles of Plymouth.

The opening of the new course will greatly eliminate waiting at the first tee. The Plymouth Country Club is fast becoming one of the most popular public courses in this locality.

The commencement week activities of the Plymouth schools will be ushered in with the baccalaureate sermon at the high school auditorium, Sunday evening, June 16th, at 8:00 o'clock. The following program will be given: Invocation—Rev. Walter Nichol, Presbyterian church; Scripture—Reading—Rev. Donald Riley, Baptist church; Sermon—Rev. Oscar J. F. Seitz, Episcopal church; Music—By Union Choir.

Class Night

The class night will take place at the high school auditorium on Tuesday evening, June 18th, at 8:00 o'clock. Following is the program: Gypsy Greetings—Elinore Carney; A Caravan Journey—Alvin VanBonn; Gypsy Rhapsodies—Virginia Giles; Alvin Collins, Lawrence Livingston; Breaking Camp—Leroy Simmons; Gypsy Lore—Ruth Root; Rhapsodic—Margaret Dunning; Charles Beagle; Dance of the Tambourines—Doris Whipple, Virginia Giles; Crossed Palms—Alice Gilbert, Ted Johnson, Beryl Smith; Farewell from the Campfire—Class.

Commencement

The commencement exercises will occur on Thursday evening, June 20th, at the high school auditorium. The following program will be given: Invocation—Dr. F. A. Lendrum; Salutatory—Ruth Hamilton; Music—Heloise Travis; Valedictory—Irene Krauter; Song—Class; Address—Dr. Alvin Magary, Presbyterian church, Detroit; Presentation of Diplomas Supt. George A. Smith; "America"—Audience.

The class this year numbers sixty-two, and is the largest ever to graduate from the Plymouth school. Following are the graduates of '29: Lucille Ash, Norman Atkinson, William Bake, Alleen Bailey, Evelyn Bailey, Charles Beagle, Dorothy Bentley, Hazel Beyer, Norma Brown, Henrietta Burch, Elizabeth Burrows, Elmore Carney, Alvin Collins, Bernard Cool, Loraine Corbett, Sarah Cutler, Pauline Deal, Margaret Dunning, Charles Foster, Erwin Foster, Avery Gates, Alice Gilbert, Virginia Giles, Vivian Groth, Lawrence Hanebett, Ruth Hamilton, Nettie Hawkins, Elizabeth Hayball, Rosalind Heike, Donald Herrick, Harold Hubert, Theodore Johnson, Irene Krauter, Lawrence Livingston, Janette McLeod, Christine McLellan, Sarah McLean, Cecil Packard, Rena Peck, Velma Petz, Harold Reitzke, Fred Rich, Dale Rittenhouse, Ruth Root, Leola Sackett, Florence Schmidt, Ramona Segnitz, Gerald Simmons, Leroy Simmons, Beryl Smith, Wesley Smith, Russell Sockow, Elizabeth Spicer, Robert Tefft, Doris Strebbing, Dorothy Tuck, Heloise Travis, Alvin VanBonn, Doris Whipple, Alma Wagnerschutz, Russell Wendt, Chase Willett.

Alumni Banquet

The annual alumni banquet will be held Friday, June 21st, at 6:30, in the high school auditorium.

A program of unusual interest has been prepared, with Kenneth Bartlett, '23, acting as toastmaster. Kenneth is a graduate of Albion College, and has been attending U. of M. for the past two years. "Ted" Hickey, '27, who has been studying at West Point for two years, will be one of the speakers; also Clifton Jackson, '07, of New York City, now connected with the John's Wamamaker stores.

The president of the alumni, Miss Gladys Schrader, has arranged for several musical numbers, which always add to the enjoyment of such an occasion.

The banquet will be served by the ladies of the Presbyterian church, and the tickets will be one dollar. The dues, 25c, are also payable. The tickets are on sale at Johnson's and Dodge's drug stores, and will be sold at the school Friday night, June 21.

Every alumnus should make an effort to attend this annual reunion, thus not only giving encouragement to the officers of the association, but also renewing high school friendships, for who is there who does not treasure the memory of those friends with whom they were associated during the years in high school.

THE CALL OF THE FLAG

Its folds wave a benediction to the yesterdays of accomplishment and beckon the tomorrows of progress with hope and confidence; it heralds the noble purpose of a mighty people and carries a message of hope and inspiration to all mankind. Its glowing splendor appeals to us to demand international justice and arbitration; it commands us to self-sacrifice and to universal obligation of service, which alone can maintain equality of rights and fullness of opportunity in our republic.—Frederick O. Hicks.

PEACE WINS OUT

Plymouth citizens who follow news of the world pretty closely are no doubt glad to discover that peace is now having her inning. The Mexican revolution has fizzled out, and the disturbances in China are about at an end. In both cases the regular governments won out. The only wars of late years have been civil wars, and now they seem to be about finished, with no more looming on the horizon. The dove of peace is busy, and the talk everywhere is of disarmament, limiting navies, scrapping big guns, abolishing poison gas, bombing planes and sneaking submarines. The very powers which have been suspected most of evil and secret designs are now the loudest in their shouts for the securities of peace. They seem to be willing to go even farther than the nations with clean records to prevent war. All of which is just about as satisfying as anything we can think of just now, and all of which forecasts at least one great blessing to be thankful for when Thanksgiving day again rolls around.

DON'T PUT IT OFF

The best way to keep the weeds from getting the start of you is to get a start of the weeds. Right now they are growing at an alarming rate. But if they are mowed down at once their growth will be permanently retarded and the dangers they cause in mid-summer, to say nothing of their unsightliness, will be greatly reduced. We know there are a thousand alibis for letting them go and for not cutting them now when they ought to be cut but there is no alibi for deliberately subjecting your community to a serious epidemic of disease. You wouldn't deliberately poison yourself, your family or your neighbors. Yet you will suffer poisonous and pest-breeding weeds to do so and not feel that you are in any way to blame. The few hours work it would take to cut every weed in Plymouth is nothing compared to the sickness these weeds can cause, if neglected. Look at this thing sensibly and then get busy with the blade.

MORE EVIDENCE

At the Presbyterian General Assembly in St. Paul recently Walter J. Clarke, an official of the body, said in an address: "The business world spends millions for publicity where the church spends dollars, yet the church has the greatest message on earth to deliver, and it should be advertising that message to humanity. One single brand of cigarettes has appropriated \$12,500,000 for advertising this year, one-half of which is being spent in newspapers alone. The continued experience of regular advertisers demonstrates that newspapers offer the most ef-

fective medium of appeal. I have faith that some day religion may be adequately advertised and that the church will reap rewards as rich as are now being reaped by others who put their money into printer's ink."
No further comment appears necessary, unless it be to add that a word to the wise merchant ought to be sufficient.

POOR HEADLIGHTS

We recently asked a Plymouth motorist what, in his opinion, causes most auto accidents and he replied: "Carelessness in the daytime and improper headlights at night." The answer is worth studying over.

He argues that even though headlights are far better than they used to be, there's still room for improvement. The answer to the problem does not come in dimming lights into a dangerous blind spot, and that one moment of blindness may cause a serious accident.

The entire difficulty, as he sees it, lies in improperly focused headlights. This means danger both to the driver of the car and those approaching him. Too many car owners take it for granted that so long as they may be casting a glare. Driving with one light out is another frequent yet dangerous practice, and one for which there is no excuse since light bulbs are among the cheapest things about a car. If every motorist would make it a rule to have his headlights focused and adjusted every few months, and would watch his lights as closely as he watches the air in his tires, accidents would be reduced and a good many lives saved, argues this local motorist. And his argument is worthy of the serious consideration of every man who drives an automobile.

OUR LATEST PEST

Fruit growers of the U. S. are greatly alarmed over the appearance of the "Mediterranean fruit fly" in this country, and whatever alarms them should cause all of us serious worry. There is no part of the nation that can afford to be robbed of its fruit, supply.

The appearance of the fly in Florida some weeks ago has sent federal experts scurrying there and has brought an appropriation of several million dollars by congress to prosecute the fight against it. This new pest, for it is the first time it ever appeared in this country is a trifle smaller than the ordinary house-fly. It pierces the skin of any growing fruit on which it alights, lays its eggs inside and so develops larvae that make the fruit unfit for use. The only means of control so far discovered is the use of poisoned bait-sprays to kill the adult fly.

Millions of dollars damage has already been occasioned in Florida, and Uncle Sam is fighting night and day to stamp out the pest there and to prevent it spreading to other states. Plymouth housewives should be interested in this fight, for it means much to them. A poor earning season always hits them harder than the men folks know anything about. We may be spared the ravages of the pest in this community, but that does not mean that fruit should not be watched closely for its appearance. The presence of any strange insect pest should be immediately reported to the Department of Agriculture at Washington City.

SAFETY

All new Ford cars have a Triplex shatter-proof glass windshield

The Triplex shatter-proof glass used for the windshields of all new Ford cars is an important safety feature.

It is 50 per cent stronger than plate glass of equal thickness and is flexible under impact. Because of its special patented construction it will not shatter when broken. It therefore reduces the danger of flying glass, the cause of 65 per cent of automobile injuries.

The use of this glass for the windshield as standard equipment is just another indication of the quality that has been built into every part of the new Ford.

Other features are—beautiful low lines and choice of colors—quick acceleration—55 to 65 miles an hour—smoothness at all speeds—four Houdaille hydraulic two-way shock absorbers—fully enclosed, silent six-brake system—vibration-absorbing engine support—Alemite chassis lubrication—typical Ford economy, reliability and long life.

Big Building Program Started

NEW BUILDINGS ARE BEING ERRECTED AT HOUSE OF CORRECTION FARM.

A building program is under way at the House of Correction prison farm, which, when all is completed, will make this one of the most modern penal institutions of its kind in the country. The city of Detroit has appropriated one and a quarter million dollars for buildings. Capt. Edward Denniston, superintendent, has made an extensive study of the various penal institutions throughout the country, and has worked out a set of plans that has been most highly commended upon by penal authorities. It is expected that these will soon be in the hands of an architect who will prepare the plans, and the work on the buildings will be started.

At the present time, work has been started on a recreational building that is to cost \$65,000. This building will have a seating capacity of 1,000 persons. It will be used for chapel and entertainment purposes.

Four new dormitories are to be constructed, and a splendid new visiting room has just been completed.

WATERFORD

Mrs. Arthur Gotts and children Robert and Mary, Mrs. Ada Watson, Marjorie Peck, Mrs. Joseph Denton and son Carlton, attended the annual Rural School picnic at Elizabeth Park, Saturday. Nearly all the children of the Waterford school also attended the picnic with their teacher, Joseph Rowland.

Mrs. Chas. Waterman, who was at the Sessions Hospital in Northville two weeks for an operation, returned home last Wednesday evening.

Mrs. Claude Finney called on Mrs. Ernest Layaz Monday afternoon. Mrs. Geo. Shaw, son and daughter of Detroit, were callers last Thursday evening at the McKerraghan home.

Mr. and Mrs. G. W. King spent Thursday afternoon and evening in Detroit.

The Get Together club met last Thursday afternoon with Mrs. Lee Herrick in Northville, with eight ladies present. The next meeting will be on June 20th, with Mrs. Hazel Markham, Cady St., in Northville.

Mr. and Mrs. W. S. Draper of Ypsilanti spent Wednesday with Mrs. A. J. Gotts.

Mr. and Mrs. Wilson and children of Fordson, were home Sunday with their parents, Mr. and Mrs. Elmer Perkins.

Mrs. Amelia Reiglen of Farmington, spent Sunday afternoon with Mr. and Mrs. Ernest Layaz.

LOCAL NEWS

Mr. and Mrs. Morris Evens of Oak Hill, West Virginia are guests of Mrs. C. E. Kincaid.

Mrs. George A. Smith entertained her sister, Miss Grace Stowe, Mrs. Laila Olin and Miss Helen Doughty, all teachers in the Detroit public schools, last Saturday.

Mrs. John Oldenburg has gone to live with Mr. and Mrs. Frank Oldenburg, at 288 Blumk avenue, as Mr. and Mrs. George Oldenburg are leaving soon while the Donovan family are out at the farm for the summer vacation.

NOTICE OF BUDGET HEARING

Notice is hereby given that a public hearing will be held in the Commission Chamber at the Village Hall, Monday, June 17, 1929, at 7:30 p. m., at which time the annual budget of the Village of Plymouth will be reviewed by the commission. All interested taxpayers are entitled to be present, and to be heard relative to any item of the proposed budget.

A. J. KOENIG, Village Clerk.

NOTICE OF PUBLIC HEARINGS

Notice is hereby given that public hearings will be held in the Commission Chamber at the Village Hall, Monday, June 17, 1929, at 7:30 p. m., covering the following proposed public improvements, at which time opportunity will be given all interested parties to present objections to any of the proposed improvements in question, to wit:

1. Water main in Palmer Ave. from S. Main St. to the end of Palmer Ave.
2. Water main in Sunset Ave. from Farmer St. to Junction Ave.
3. Water main in Auburn Ave. from Blanche St. to Junction Ave.
4. Sanitary sewer main in Auburn Ave. from Blanche St. to Junction Ave.

The following lots and parcels of land are deemed to receive a special benefit from the installation of the proposed improvements, and are therefore proposed to be included in the special assessment districts to be assessed for the cost of the improvements in question, to wit:

1. Palmer Ave. Water Main District: All lots and parcels of land abutting upon Palmer Ave. from S. Main St. to the west end of Palmer Ave.
2. Sunset Ave. Water Main District: All lots and parcels of land abutting upon Sunset Ave. from Farmer St. to Junction Ave.
3. Auburn Ave. Water Main District: All lots and parcels of land abutting upon Auburn Ave. from Blanche St. to Junction Ave.
4. Auburn Ave. Sanitary Sewer District: All lots and parcels of land abutting upon Auburn Ave. from Blanche St. to Junction Ave.

A. J. KOENIG, Village Clerk.

Interesting Meeting Held Here

ONE HUNDRED MEMBERS OF LOCAL GROUPS ENJOY DINNER AND PROGRAM AT PLYMOUTH.

Members of the county home economics extension classes, local leaders and specialists from the Michigan State College met at the Methodist Church at Plymouth at 12:00 o'clock Tuesday, June 4th, for dinner and enjoyed a program celebrating the birth of the year's work which has been carried in cooperation with Miss Lois Corbett, Home Demonstration Agent and specialists, Mrs. Marion Hoffman and Miss Irene Taylor.

A selected orchestra of fourteen pieces from the High Schools of Detroit conducted by Mrs. Swick, played while the ladies of the Methodist Church served dinner.

After dinner the meeting was called to order by Mrs. E. W. Moyer, chairman, for the following program which was both entertaining and instructive: Orchestra, Cass Technical, Detroit; Beauty the Heart of the Home, Mrs. Fred Miller; What is Home Furnishing?, Mrs. Marion Hoffman; Orchestra Cass Technical; A Mirror to Personality, Mrs. G. H. Gordon; Costume Review, Miss Lois Corbett; The Home and Its Mistress, Mrs. Louise Campbell, State Home Demonstration Leader.

The Home Economics Extension Committee for the past year was composed of: Mrs. S. W. Spicer, chairman, Plymouth; Mrs. Nellie Gosnell, Brightmoor; Mrs. Clyde Frank, Wayne; Mrs. Herman Schrandt, Flat Rock; Mrs. Fred Miller, Willis.

The leaders for the local groups were for House Furnishing Project: Mrs. W. W. Hanson, Mrs. Andrew Moore, Brightmoor; Mrs. Chas. Hewer, Plymouth; Mrs. E. W. Moyer, and Miss Maud Dennis, Ypsilanti; Miss Mabel Semmick, and Mrs. C. S. Price, Flat Rock; Mrs. Ed. Bonham and Mrs. Bert Miller, Garden City; Mrs. Fred Miller and Mrs. Robert C. Oelke, Willis; Mrs. Chas. Bird, and Mrs. Sadie Enor, Wayne.

Clothing Project Leaders: Mrs. Anna Kamosky, Brightmoor; Mrs. Perry Campbell, and Mrs. S. W. Spicer, Plymouth; Mrs. Mary Hillmer, and Mrs. Gertrude Elmer, Plymouth; Mrs. G. H. Gordon, and Mrs. Glenn Renwick, Plymouth; Mrs. Nellie Beyer, Wayne; Mrs. Roy Sugars and Mrs. H. B. Forbes, Wayne.

Marquette

BUILT BY BUICK

Body by Fisher

"A GREAT PERFORMER!"

The motoring world has already endorsed the Marquette as "a great performer!" And no wonder—10 to 60 miles an hour in 31 seconds—over the top of a long 11.6% grade at 25 miles an hour, starting at 5 at the bottom—all in high gear! (The average road grade is 7%). 68 or 70 honest miles in comfort! There isn't a phase of performance where it can't show a clean pair of wheels to every car in its price class.

One word can say most about the Marquette—it's "VALUE." The Marquette with the latest Bodies by Fisher is America's most complete moderate-priced car. Throughout this great new six—in every feature, from bumper to bumper, from top to tread—there is more quality than seems possible to put into a car at the price. But it is there, because Buick knows how to build an extra margin of out-and-out goodness into all its products.

Drive the Marquette and you're bound to say, with all the others, "A great performer!"

Chiropractic

is the greatest healing science in the world today. Take Chiropractic adjustments first (not last) and you will save time, wealth and health—you will eventually, why not now.

Below you will find a report that covers a part of the 99,976 cases that received Chiropractic adjustments from 412 Chiropractors in 110 specific conditions. Each week until the 110 specific conditions are covered you will find them given here.

THIS REPORT was compiled in 1924 before the introduction of the NEUROCALOMETER. Since May 11, 1924, when the NEUROCALOMETER was introduced, the percentage of RESULTS have increased above this report.

Disease	Cases Handled	Cases showing Complete Recovery	Percentage of Recoveries
Carditis	261	191	73.1%
Catarrh (Chronic)	1957	84.4%	84.4%
Colds—Coryza	812	812	100.0%
Chicken-Pox	390	387	99.2%
Chorea	744	630	84.7%
Coecydia	413	383	92.8%
Colic	826	797	96.5%
Conjunctivitis	529	488	94.1%
Constipation	8218	6993	85.1%
Cross Eye	420	192	45.7%
Cramps	587	541	92.2%
Cretinism	79	29	38.7%
Diabetes Insididus	203	135	66.5%
Diabetes Mellitus	588	382	65.0%
Diarrhoea	659	619	93.9%
Diphtheria	140	130	94.6%
Dropsy	571	379	66.8%

Municipal Notes

BY THE MANAGER

Portions of curb and gutter on William Ave., which had not been properly installed by contractors last summer, is being removed and reconstructed by Blunk & Smith.

All public improvements constructed for the Village by contractors are subject to replacement at the expense of the contractor if the work is not satisfactorily done.

New street drinking fountains have been purchased and are soon to be installed in Kellogg Park and the two business districts. The new fountains will be of a distinctive type designed particularly for out of door use.

League of Women Voters Held Meeting

On Monday, the League of Women Voters held their last meeting before the summer vacation, at the home of the president, Mrs. Charles O. Ball. A pot-luck luncheon was enjoyed preceding the meeting.

An interesting report of the recent county meeting held at the Women's City Club in Detroit, was given by Mrs. Paul Wedman. At the round table discussion, ably conducted by Mrs. Phoebe Patterson, the women showed their knowledge of city and county offices. All could give the names of the men holding these offices and also the names of the thirteen circuit judges of Wayne County.

Arrangements were made for attending the Grosse Ile school at the Chateau Voyagers on Elba Island, next Thursday, June 20. Everything possible is being done to make this annual event the best that has ever been held. Luncheon and registration fee, \$1.50. Telephone the County League office, Cadillac 9680, for reservation, not later than Tuesday, June 18th.

Martin Store Closes Sale Saturday

With the closing of the store on Saturday night, one of Plymouth's well known business places will pass out of existence. For the past ten years, the Martin store has enjoyed a splendid patronage, and had become a popular shopping place for the people of this community. During the past few weeks, a "going out of business" sale has been in progress, and a large quantity of goods has been disposed of.

Mr. and Mrs. Martin will be missed from the business circles of Plymouth.

W. E. Hayball Home Damaged by Fire

A fire which is believed to have originated from fumigators which were burned on the second floor, did considerable damage to the home of William Hayball, 1064 William street, late Tuesday afternoon. Only the prompt action of the fire department saved the building from a total loss. The damage is estimated to be in the neighborhood of \$2,500, which is covered by insurance.

LITTLE CHILD STRUCK BY AUTO

Little Alexandria Konzaleski, eleven years old, daughter of Mr. and Mrs. John Konzaleski of 619 Adams St., while running after a ball in the street was accidentally struck by an auto driven by Lawrence Gladstone, last Wednesday evening. In front of the Fay Brown home on Adams St. The little girl was taken to Dr. Peck's office and seven stitches were taken to close the scalp wound.

GRANGE NOTES

The last regular meeting of Plymouth Grange No. 289, was held at the Grange Hall last Thursday evening, June 6, after which the young people entertained the lodge members with a very interesting program consisting of recitations, songs, plays and music and much credit is due them for the fine entertainment given. After the program the lecturer invited everyone to the dining room where the refreshment committee served ice cream and cake, the young people being "Guests of Honor", and were served at a separate table which was prettily decorated. We hope to have many more such pleasant events.

The Lily Club was entertained at the Grange Hall Tuesday evening, June 11. A large crowd was out to enjoy themselves in the usual manner and those who were not present must not be absent again for when you do not attend the Lily Club you have missed a good time.

THE THIRD ANNUAL SUBURBAN TRACK MEET

DEARBORN TRACKMEN TAKE HONORS

By L. J. Simmons

The Third Annual Suburban League Track Meet sponsored by the Michigan State Normal College was held at Ypsilanti last Saturday, June 8th. Farmington, Plymouth, Dearborn, Wayne, Northville and Rosevelt (Ypsi) were the schools that participated.

Dearborn easily won the meet by scoring 79 1/2 points while Plymouth obtained second place with 34 points, their nearest competitor. Twelve first places were captured by the Dearborn trackmen, which gave evidence of a well developed track team.

Nine new records were established. G. Simmons, Plymouth's entry, in the 440-yard run set a new record with a time of 53.8 sec., beating the previous record of 54.6 sec. Hansen of Dearborn was high point man by scoring fifteen points, three firsts, a third and one fourth.

Wayne had seventeen entries. Roosevelt (Ypsi) twelve, Plymouth fourteen, Dearborn nineteen, Farmington nine, and Northville ten.

Results for each school: Dearborn 79 1/2, Plymouth 34, Wayne 17, Northville 13 1/2, Farmington 9 1/2, and Rosevelt (Ypsi) 3.

Suburban League Track Results

120-yard high hurdles—First: Jackson, Dearborn; second: Beagle, Plymouth; third: Humphrey, Dearborn; fourth: Allen, Wayne. Time 1:16.8 (New Record).
100-yard dash—First: Shaw, Dearborn; second: Otis, Farmington; third: Packard, Plymouth; fourth: McCardle, Northville. Time 10.8.
Mile run—First: Caplis, Wayne; second: Walker, Dearborn; third: Straub, Plymouth; fourth: Hayes, Dearborn. Time 4:50.5 (New record).
440-yard run—First: G. Simmons, Plymouth; second: Bird, Wayne; third: Orr, Plymouth; fourth: Lamke,

Lady Maccabees Entertain

(Continued from Page 1)

Sir Knight Myron Willett spoke on the past activities of Case Tent and said they had no charter members who were now members of that Tent. He also gave many reminiscences of the earlier days of the Order. Their honor list included Sir Knights W. T. Smith, George Richwine, Myron Willett, Edward Bolton, Orrin Magraw, Frank Magraw, Wm. Farland, Anthony McHale, Roy Woodworth, Herbert Terry and Harman Schrader, also Fraser Smith of Wilcox Tent.

The Guests of Honor of both Case Tent and Plymouth Hive were introduced in a clever manner by Lady Magraw, each responding with a bow. The pioneer members of both Orders were each presented with an Honorary Service Emblem, the Ladies' badges being presented to them by Lady Louise Minor, and the Sir Knights by Great Commander Ethan W. Thompson, with interesting addresses.

These Supreme Officers stated that the Maccabees were the first insurance company to consider women as good insurance risks and the first company to issue them policies. The Lady Maccabees were the first to endow beds in hospitals for their sick members and the first to establish a bed for crippled children, also among the first to take an active part in the Woman's Suffrage Campaign.

A quartette of ladies from Plymouth Hive then pleased the audience with several vocal numbers.

Very apt remarks were also made by Sir Knight O'Conner, Lady Retta Smith, a former very efficient commander for ten years, and Lady Carrie Gilbert Williams, a former Deputy and one who always took a very keen interest in the local Hive.

After singing "Blest Be The Tie That Binds" all enjoyed a lunch of ice cream and cake, and a social hour spent in recalling the earlier days of the Orders.

Phone your want ad to the Mail Office. Phone number 6.

TO HONOR WRITER OF FAIRY TALES

World to Observe Andersen's 125th Birthday.

New York.—Plans now under way for the observance next year of the one hundred and twenty-fifth anniversary of the birth of Hans Christian Andersen by literary bodies and even governments all over the world are announced in the Golden Book. This tribute to the eccentric Dane, whose fairy tales have probably been translated into more languages than the writings of any other one man, will be in a sense an apology for an all too frequent human error—that of mistaking genius for stupidity. Andersen, it is recalled, was regarded in his youth not only as a dolt but often as a lunatic.

Julius Moritzen, the Danish-American writer, relates how Andersen, in his early teens and beset with desire to shine on the stage, threw Mime Sobell, the noted dancer, into a fit of constipation when he arrived in Copenhagen, attired in his father's made-over greatcoat and a hat which fell over his eyes, and presented himself at her house. He expected the star to sponsor his career, and opened the audience with the announcement that he could play the part of Cinderella! Moreover he removed his boots—to aid his dancing—took his hat in hand for tambourine, and began to trip fantastically over the floor slinging: "Here below, nor rank nor riches are exempt from pain and woe."

"My strange gestures and my great activity caused the lady to think me out of my mind, and she lost no time in getting rid of me," Andersen wrote in adult years.

The extreme poverty of Andersen's childhood—his father was a cobbler, his mother a washerwoman—made him the butt of children's jokes and accentuated his sensitivity into characteristic eccentricities which he carried through his life, points out the Golden Book writer. Even when he was successful and acclaimed, he never forgot the slights or painful episodes of his youth, and took pains to repay them in strange ways. For instance, the minister who was to confirm him as a boy thought him too poor and stupid to bother with, and sent him to his vicar for the sacrament. In later years Andersen, visiting the king of Denmark on the island of Foeher, learned that the minister lived near by. He borrowed the king's carriage with its footmen and luxurious trappings and called on the clergyman while the carriage waited to all its ostentation at the door. "That," he related, "was my revenge." Before his death, in 1875, this old weaver of fairy tales, despite his eccentricities and grotesque appearance, was probably the best beloved of European literary men, even among literary people themselves.

Plymouth Boy on Tour With Singers

We take the following from the Logansport, Ind., paper relative to the Chase Boy Singers of which company Robert Champe, young son of Dr. and Mrs. B. E. Champe of this place, is a member:
The Chase Boy Singers will leave Sunday morning at 6:00 o'clock, on the first leg of their summer tour, it was announced last night.

Their first appearance will be in Kalamazoo. On this trip they will be in theatres at Lansing, South Bend, Flint, Detroit, Ft. Wayne, London and Windsor, Ontario; Indianapolis, Milwaukee and Joliet.
The trip will be made in the new parlor car bus purchased this week from the Studebaker corporation through the local agent. The bus is of 22 passenger capacity and is powered with a big six cylinder motor made especially for heavy duty.

The singers also are a corporation now, papers having been filed with the secretary of state. The incorporation was under the name of the Chase Boy Singers.

Celebrated 20th Wedding Anniversary

Mr. and Mrs. Henry Steinmetz were pleasantly surprised Sunday at their home on Union St., by relatives and friends from Lansing, Howell, Ann Arbor, and Plymouth, who came with well filled baskets to remind them of their 20th wedding anniversary.

After all had partaken of a delicious pot-luck dinner, the remainder of the day was spent in visiting, taking pictures, playing games, etc.

As a remembrance from those present, Mr. and Mrs. Steinmetz were presented with a vase of twenty beautiful roses, also a piece of china. At a late hour, the guests departed declaring the day well spent and wishing Mr. and Mrs. Steinmetz many more happy anniversaries.

Do you want to buy a good farm or a good house? See today's Classified Section on Page 4.

CHANCERY NOTICE

No. 171412
STATE OF MICHIGAN
IN THE CIRCUIT COURT FOR THE COUNTY OF WAYNE
IN CHANCERY

GEORGE A. SMITH and BERNICE E. CHAMPE, Plaintiffs.

HORACE BLACKMER and his unknown heirs, devisees, legatees and assigns, KATHERINE ALLEN and all of the unknown heirs, devisees, legatees and assigns of EBENEZER J. PENNIMAN, Defendants.

At a session of the said Court held in the Wayne County Building in the City of Detroit, Michigan, on this 3rd day of June A. D. 1929.

PRESENT: The Honorable Circuit Judge, Adolph F. Marschner.

On reading and filing the bill of complaint of the plaintiffs herein and the affidavit for an order of publication and it appearing from said bill of complaint and said affidavit for order of publication that the heirs at law, devisees, legatees and assigns of Horace Blackmer are unknown and that the plaintiffs herein are without any means of ascertaining the identity of said heirs or their whereabouts.

It further appears that the bill of complaint in this cause has been filed for the purpose of clearing the title and removing certain clouds from the title to the following described property:

All that part of the east 1/2 of the northeast of Section 28 which lies north of the Sutton Road, except a strip 4 rods wide off of the west side thereof, and the cemetery out of the southeast corner thereof, which said cemetery is 10 rods from east to west and 12 rods from north to south, and contains 29 acres more or less. Also that part or parcel of land commencing in the middle of Sutton Road and the southeast corner of said lands now owned by George S. Durfee, thence running north one degree and 55 minutes east and along the east line of said section 28, thence easterly on the south line of section 21, 3.55 chains; thence north 0 degrees and 40 minutes west and along the east line of the said George S. Durfee's land to the north line of said section 28, thence easterly on the south line of the Pere Marquette Railroad Company's land to the lands allotted to Fred W. Durfee from the Estate of Rueben S. Durfee, deceased; thence south parallel with the east line of the said George S. Durfee's land to the south line of section 21, thence west on the said south line of section 21, 2.011 acres and 5 minutes east to the middle of the Sutton Road, thence west along the middle of the Sutton Road to the place of beginning, and containing 23.29 acres of land more or less. Also that part or parcel of land commencing at the southeast corner of said section 21, running thence northerly to the east line of said section 21 to the south line of the Pere Marquette Railroad Company's land; thence westerly along the south line of the said Pere Marquette Railroad lands, 24.42 chains to lands owned by Emma E. Mills; thence south 40 minutes east and along the east line of the said Emma E. Mills land 22.97 chains to the south line of said section 21; thence east to the middle of the Sutton Road; thence easterly along the middle of the said Sutton Road, 6.63 chains; thence north 2 degrees and 15 minutes west and parallel to the east line of the west 1/2 of the northeast quarter of section 28 to the south line of section 21; thence easterly along the south line of said section 21, 14.95 chains to the place of beginning and containing 60.74 acres more or less. Said land located in Plymouth Township, Wayne County, Michigan.

IT IS THEREFORE ORDERED that the defendants and each of them appear and answer the bill of complaint filed in this cause and that the Guardian Ad Litem appointed by this Court appear for and in behalf of any heirs possessing a disability and make answer to this cause within three months from the date of this order or said bill of complaint will be taken as confessed.

IT IS FURTHER ORDERED that this order of publication be published as required by law in the Plymouth Mail, one of the newspapers printed, published and circulated in the County of Wayne.

IT IS FURTHER ORDERED that a copy of the said order be deposited in the registered mail addressed to the defendants herein at their last known addresses.

ADOLPH F. MARSCHNER, Circuit Judge.
A. BLESSING, Clerk.

CANTON CENTER

Mr. and Mrs. John Schiller were Stockbridge visitors, Tuesday of this week.
Jesse Hines attended a real estate meeting in Detroit, last Friday evening.

L. E. Kaiser and brother, William, of Detroit, were Ann Arbor visitors Tuesday.

Our base ball team played Battle Creek Sunday and defeated them 2 to 1.

Mr. and Mrs. Raphael Mettetal are receiving congratulations on the birth of a son Louis Wesley, June 2.

Little Madalyn Kaiser who visited several days at the home of her aunt, Mrs. Otto Kaiser returned home Monday.

Miss Luella Swegles is visiting at the home of her sister, Mrs. Myron Sherman of Northville.

Several from this vicinity attended the eighth grade graduating exercises held at Elizabeth Park at Trenton last Saturday. The weather was ideal. The graduating exercises were held at 11:00 a. m., followed with a

basket lunch at noon, and immediately afterward the athletic program. Although we won no honors in this, due to the fact of so many of our athletic representatives being absent. Though school won first prize for Zone A, on our poster. A most enjoyable time was had by all.

Mr. and Mrs. Jesse Hines and family were recent visitors at the home of the former's brother Neal Hines and family in Detroit.

Mr. and Mrs. Albert Kulser and family of Grass Lake, Mich., were Saturday visitors at the home of the former's brother Otto Kaiser and family of this place.

Crops in this vicinity are very badly in need of rain at this time.

Mrs. Paul Bennett who has been confined to her home the past week on account of a heavy cold is much improved at this writing.

Louis Wndyka was a Detroit visitor Friday.

Mr. and Mrs. L. E. Kaiser and family and Miss Ethel Kaiser of Ann Arbor spent the week-end at Patterson Lake.

Radio Waves Sent Back and Forth Over Seas

Schenectady, N. Y.—Tossing sound waves back and forth over the Atlantic as though they were echoes reverberating from bank to bank of a river or canyon was the extraordinary performance of radio station WGY, here, and PH1 of Hunzen, Holland, recently.

A program sent from PH1 was picked up by WGY and rebroadcast through the General Electric company's short wave station W2XO. The company's station at Chelmsford, England, in turn picked up the American rebroadcast through station G5SW.

No Insult to Call Your Neighbor "Monkey Face"

Quincy, Mass.—You can call your neighbor "monkey face" and get away with it. Mrs. Angelo Tobia was haled into court for using this epithet on Mrs. Axel Anderson, who lives next door. Judge Thomas McAnaney ruled that this was not sufficient basis for charging the woman with being "a ratter and brawler" and dismissed the case.

Skunk Protects Car

Albuquerque, N. M.—By chaining a pet skunk to the wheel of his motor car, the superintendent of road construction in the Cocoono forest of northern Arizona has eliminated trouble with pilferers who used to loot the car.

Armor Still Made by London Man

London.—The last of a fading profession, there is still one man in London who makes his living hammering out shiny armor.

But sometimes queer things are done with the steel dresses he turns out. He has just delivered a fine suit of armor to a large London house where it will be used for a wireless receiving set.

A plain suit of armor costs about \$150 and takes three weeks to make. More elaborate ones take six weeks and cost several hundred dollars. His entire shop, which is hung with old and new armor, is in medieval taste. All the armor is hammered out by the owner and his aged slater, both of whom learned the trade from their father.

The little son of Mr. and Mrs. Carl Rorabscher, who is ill with spinal meningitis, is reported getting along nicely. The little girl who is ill with the same disease is not progressing so well at the present writing.

Use Mail liners, the cost is little—the results are big.

NEWBURG

Church service at the usual hour next Sunday.

Rev. Wm. A. Johnson left Tuesday for Albion, to attend summer school. Queen Esther girls are to have an ice cream social on the church lawn, this, Friday, evening. Don't forget to be there.

The Boy Scouts met at the hall on Tuesday night, with Elton Ashton, who is helping them to plan the future.

Mr. and Mrs. Donald Ryder and Mr. and Mrs. Wm. Smith called on Mrs. Marie Barnes, at South Lyon, Sunday morning, and found her about the same as usual.

Mr. and Mrs. Charles Duryee, Jr., are the proud parents of a baby girl, Dorothy Mae, born Wednesday, June 5, at Providence hospital, Detroit.

Newton Youngs is recovering nicely from his accident.

Mr. and Mrs. Wm. Clark of Highland Park, called on Mrs. E. L. Ryder last Saturday afternoon.

Mrs. John Arbaugh of Saginaw, is spending the week with her mother, Mrs. Blake, at the Ryder farm.

Mrs. E. L. Ryder called on Mrs. Arthur Ament at Ypsilanti, last Friday.

Mr. and Mrs. Thomas Anslow and son, Lawrence, and Mr. and Mrs. Floyd Anslow of Flint, called on Mr. and Mrs. Melvin Guthrie, Sunday morning.

Mr. and Mrs. Vern Mackinder and children of Grand Rapids; Mr. and Mrs. James Norris of Strathmoor, and Mr. and Mrs. Edwin Norris and family spent Sunday at the parental home.

Mrs. Ada Youngs took a trip to Albion, last Saturday, with her brother, Ed, and family.

Inter-County League

Plymouth Merchants went down to defeat at West Point Park Sunday after having the game won. With three errors by Muskery and Quinn being on the sixth, West Point garnered six runs, a lead Plymouth could not overcome. The features of the game were the fielding and hitting of Millross, Giles and Millman. Wood also played a good game at third base.

Plymouth Merchants will play Northville at Burroughs Field, Plymouth, Sunday, June 16, at 3:00 p. m. A good game is looked for. You can always get a good seat at Burroughs Field. The grandstand has a seating capacity for 300 people, and there is no extra charge. Come out and give the boys your support. Bud Giles and Jimmie Quinn are with us again, and we feel that our team is now 50 per cent stronger.

CANTON CENTER WINS ANOTHER GAME.

Canton Center defeated the Del Prete team in a fast game last Sunday, by a score of 2 to 1. Neither team scored until the seventh inning, when Del Prete got their only run. Canton made their two tallies in the ninth. One of the features of the game was a fast double play by Holcomb and Atchinson for Canton Center.

Next Sunday, Canton Center plays Garden City on Palmer Field, on Golden road.

Too Many Skeletons

The British college of arms says that fewer persons these days are tracing their ancestry. They have probably learned from the experience of others that when it gets back to a certain distance it isn't so hot.—Philadelphia Inquirer.

Fame Awaits Him

One of these days some fellow is going to hurl himself into immortal fame by reaching his ninety-fifth birthday and telling reporters he knows nothing about practically every thing.—Huntington Advertiser.

Nothing succeeds like Giving the Most for the Money

THE Roosevelt is the biggest new success of 1929. The reason is the car itself—the simple, easily-understood principle of giving the most for the money. Compare the Roosevelt with any car at or near the \$1000 figure on the basis of motor, of appearance, easy riding, maintenance and economy.

A straight eight for every purse—Roosevelt, \$995; Marmon 48, \$1045; Marmon 78, \$1965. Prices at factory. Group discounts extra.

Why pay more than Buick's price for less than Buick performance?

Motorists who can afford to pay almost any price for an automobile are buying more than twice as many Buicks as any other car priced above \$1200.

Men who can afford to pay almost any price they desire for a motor car are testing Buick and discovering an order of performance never before known... with the result that they are buying more than twice as many Buicks as any other car priced above \$1200!

With Buick superiority so obvious and outstanding as to result in two-to-one countrywide preference, you, too, should investigate thoroughly

before you buy any car. You, too, should seek the guarantee of lasting satisfaction which searching test on the road alone can provide!

Come to our showroom! Arrange to drive a Buick! Prove its absolute mastery over street, highway and hill. Compare every element of performance with other automobiles. Then you'll know that you, too, should have a BUICK!

The Ex-Service Men's Club held their monthly supper Monday evening in Jewell & Blach hall, with the men in the kitchen and the ladies as guests. Everyone had a good time and the boys certainly are not lacking in having some good cooks.

In compliment to Miss Wilma Jess Briggs and Jack E. Taylor, Mr. and Mrs. Willard Hall, Mr. and Mrs. George Stalke and Mr. and Mrs. E. C. Woodward were hosts to a company of friends from Northville and Detroit on Friday, June 7 at the home of Mr. and Mrs. Woodward on Goulburn Avenue. Miss Briggs was showered with a number of lovely gifts.

The many friends of Grandma Oldenburg are glad to see her so much better and sitting up. She celebrated her 84th birthday Friday, June 7th. Those who called to help her celebrate were Mr. and Mrs. Frank Oldenburg, Mr. and Mrs. John Oldenburg and Marion and Doris, Mr. and Mrs. Denver Barker, Mrs. Otto Beyer and daughter, Marion, of Plymouth; also Mrs. Minnie Tallman and Mr. and Mrs. Peter Geering and children of Detroit. She also received many cards from Plymouth, Detroit, Lansing, Wixom, Buffalo and Orchard Park. Ice cream and cake were served.

Will Give Piano Recital

The following pupils of Miss Czarina Penney, Mus. Bacc., will be presented in a piano recital at the Hotel Mayflower, Monday evening, June 17 at 8 o'clock: Charlotte Jolliffe, Irma Strohauser, James Johnson, Vivian Towle, Donald Thrall, Amelia Zielaska, Helen Wolfson, Jean Steinhurst, Arlath Baker, Duane Koenig, Beulah Wagonschutz, Philip Doerr, Marian Todd, Carol Birch, Rosalie Bakhaus, Ruth Hamilton. The public may attend free of charge.

Held Pleasant Meeting

The Business and Professional Women's Club of Plymouth, held their regular dinner meeting Tuesday evening, June 11, in the form of a delicious steak roast at Cass Benton Park. This enjoyable repast was arranged by a committee composed of Teola Owen, Lilah Tegge and Irene Brown, and the club feel that much credit should be given them in their effort to make this an outstanding event. The table which they planned, though with all the appearance of a picnic affair, was prettily decorated with favors of pink and green baskets, each trimmed with a wild rose. Added to the charms of the woodland scenery, could be heard the strains of many late popular melodies, furnished by the use of a portable phonograph.

The business meeting was conducted in keeping with this outdoor informality, and after discussing plans for the next and last meeting of the season, the remainder of the time was devoted to furthering more definite conclusions regarding the trip to the National Convention taking place at Mackinaw Island in July; and to which several of the members anticipate attending. Due to this being an international organization, and with the expectation of meeting many business women from all parts of the world, the Plymouth Club know that they are indeed privileged in being so closely located to the chosen site.

The next meeting will be held Tuesday, June 25, and this will terminate the club meetings until September.

COMMISSIONER'S NOTICE.

In the Matter of the Estate of LYNN E. BRONSON, deceased.
We, the undersigned, having been appointed by the Probate Court for the County of Wayne, State of Michigan, Commissioners to receive, examine and adjust all claims and demands of all persons against said deceased, do hereby give notice that we will meet at Gayde's Store in the Village of Plymouth, in said County, on Wednesday the 7th day of August, A. D. 1929, and on Monday the 7th day of October, A. D. 1929, at 2 o'clock P. M. of each of said days, for the purpose of examining and allowing said claims, and that four months from the 7th day of June, A. D. 1929, were allowed by said Court for creditors to present their claims to us for examination and allowance.
Dated June 7th, 1929.
ERNEST N. PASSAGE,
ALBERT GAYDE,
Commissioners.

Kiwanis Club Held Inter-City Meeting

The sixth district of Michigan Kiwanis, composed of Clubs from Chelsea, Ann Arbor, Plymouth, Ypsilanti, Wayne, Dearborn and Ecorse; were guests of the Ann Arbor Kiwanis Club, at an inter-city meeting at the Masonic Temple in Ann Arbor last Monday evening. The Plymouth Club was well represented at this banquet and report a very enjoyable evening. Prof. W. D. Henderson, of the University faculty, was the invited speaker of the evening, and gave the Kiwanians an address which he prefaced "Ramblings."

Prof. Henderson took a moment to praise the Michigan Kiwanians for their outstanding public achievements—especially in Michigan, two of which he took occasion to dwell upon at length, namely the Underprivileged Child; and the State Reformation movement.

"The Underprivileged Child is receiving much attention from Kiwanis and right here in our city, no greater spirit of building could be accomplished than what is being done by your Club for the unfortunate cripples at the University Hospitals."

"No other state in all these United States can boast of planting five thousand trees, as you fellows have done, each year for the past two years. In Northern Michigan, to reforest that once wooded district. That is a grand and noble undertaking and exemplifies your good motto "We Build."

D. A. R. Give Benefit Bridge

The Sarah Ann Cochrane chapter of Plymouth, Daughters of the American Revolution held a very pretty benefit bridge at the home of Mrs. George Michelen last Friday afternoon. The day was ideal for the occasion and with the lovely environment made the afternoon a very happy one as well as profitable. There were nearly fifty ladies present, coming from Plymouth, Northville, Rosedale Gardens and Detroit. After playing four tables of Bridge, ice cream and assorted cakes were served by the social committee of the chapter.

COURT DID NOT CONFIRM SALE

The U. S. District Court refused to confirm the sale of the bid of the International Screw Works for the land and buildings of the General Machine & Iron Works, which were sold recently at receivers' sale. Another sale will take place on July 15. The bid for the machinery and equipment was confirmed by the court.

MICHIGAN BELL TELEPHONE CO.

Within Arm's Reach

In the most modern homes you will find a telephone conveniently near you wherever you may be. The old time reception hall telephone is retained, but, in addition, extension telephones are placed in the bedroom, library, guest room, kitchen and basement, and even the bathroom.

A telephone makes any room more livable. You may use it not only to talk to near neighbors and distant friends, but the installation can be made so that it will be possible to telephone from one room to another within your home.

Extension telephones are inexpensive conveniences which are becoming more and more popular. There are portable telephones, too, that can be moved from room to room.

We will be glad to have a representative explain to you just how these modern telephone facilities can be applied to your own home, at moderate cost. Call the Telephone Manager.

FUR INDUSTRY TAKES IMPORTANT PLACE IN DETROIT'S PROGRESS

Selection as Convention Spot by National Association is Tribute to City's Position.

Recent announcement of the fact that the Biennial Convention of the National Association of Fur Industries is to be held in Detroit in September on the occasion of this city's third annual Fur show, led the Detroit Convention and Tourist bureau to point out today that the fur industry here is extremely important in both a local and national sense.

Said by many authorities to rank third in importance among fur garment manufacturing centers, Detroit has more than 100 leading dealers who handle raw and finished furs in wholesale and retail lots. Approximately ten of these dealers are recognized as being among the most prosperous and active in the nation, and send their products all over the entire United States. These ten are, as a general rule, old, well-established firms, dating their founding back to the time when Detroit was young and fur trading was one of its major commercial activities. Their clientele consists largely of persons who have been buying from them for generations, and they can be classed among the so-called "exclusive" type of establishments.

Investment Large.

The rest of the companies which go to make up the industry here are not, however, to be regarded as inferior. Fur selling and fur garment manufacturing demands from the dealer a more than ordinarily excessive investment, a high sense of personal honesty and a complete knowledge of fur handling, preparation, fabricating and marketing. As a result, fur dealers in Detroit are well informed, competent and skillful men, who personally contribute much to the social and civic life of metropolitan life, as well as to the business leadership of the city.

Although, as stated above, dealer

investment in stock and equipment is unusually great, it is rarely recognized by the casual observer of Detroit's fur selling establishments. The total aggregate investment of Detroit fur men exceeds \$10,000,000 at this time, but, according to Francis Dittrich, vice-president of the National Association of Fur Industries, this investment exclusive of the amount expended for stock, is represented by equipment that would have no place in the ordinary place of business. Elaborate refrigerating equipment, fire protection devices, alarm systems of all kinds to insure the safety of the often priceless stock, takes the place of ornate store fixtures in a fur establishment.

The furs themselves make up a stock that is always far more expensive than that of any other type of garment selling store. A single display space often containing furs of enough value to compare with the entire inventory valuation of a medium-size dry goods establishment.

\$15,000,000 Annually.

Not only does the fur industry represent an enormous investment in stock and equipment, it deserves consideration also because it effects an annual sales volume of approximately \$15,000,000. This figure was established during the past year and represents an enormous increase over preceding yearly records.

More than 1,500 persons are employed in fur garment manufacturing concerns here, a high total when the fact that only unusually skillful workers are employed is taken into consideration. Of this group, 90 per cent are home owners, a large majority are automobile owners and all can be classed as useful citizens. It was not until a short time ago that they became so affluent, however, for prior to 1919 the selling and manufacture of fur garments was wholly seasonal in its trend and thousands of workers were idle for three and four months each year. Now, however, through improved systems of yearly production spreading and public education on fur purchasing, the industry is as stable in July as it is during the winter months. There are no irritating labor troubles, and the workers are employed during the entire year. During the "slack" season of summer, garments which will be sold in the fall are manufactured, keeping the entire organization staff busy and contented.

State Products Featured.

Detroit furriers, as might be expected, deal largely in Michigan fur products. Mink, muskrat and skunk, in the production of which this state is a leader, are the most popular kinds of furs here, according to Mr. Dittrich, although Hudson seal, northern seal, squirrel, caracul, ermine and leopard are also purchased in large quantities. Contrary to ordinary business procedures, cash is always paid to trappers for pelts, with the result that there is an unending variety of sources throughout the state, ranging from the production of huge breeding ranches to the daily catches of farm boys. Pelts are graded into as many as eight types, according to value, and prices as high as \$60 for a single mink skin are paid to Michigan trappers.

The silk industry is affected greatly by Detroit's fur sales, since nearly every fur coat or scarf that is manufactured here requires the use of several yards of high-grade and expensive silk.

It is obvious, in consideration of these facts, that the fur industry here should be recognized as one of the city's great assets, and if the enter-

prise which conquered the difficulties of seasonal business slumps continues to be manifested by Detroit furriers, it is reasonable to presume that they will eventually bring Detroit from third place in national importance in the selling of furs to second, and eventually, even to the leadership of all.

PERRINSVILLE

Twelve little girls and boys helped Alfred Cutler celebrate his eighth birthday Saturday, from three until six. He received many pretty presents. After a delightful lunch they all returned to their homes wishing him many more happy birthdays.

John Detloff is the proud owner of a new Ford car.

Mr. and Mrs. George Baehr and daughter Charlotte spent Sunday afternoon with Mrs. Ethel Baird at Clien, finding her some improved and able to be about.

Bawthorn will open their west course Saturday, June 15.

Mr. and Mrs. John Detloff spent Sunday at Charley Walls.

Only two more Sundays to have Mr. Johnson as a minister, which we all sadly regret.

Topsy House, the newest amusement device of 1929, was opened this week at Edgewater Park, on the Seven Mile road near Grand River. This new fun making feature was invented last year and is the combination of a thrilling ride and a series of comical situations. Its construction cost Edgewater Park \$25,000 and it is the first time this amusement has been offered in this section of the country.

There are now 22 amusement devices at the park which provide a variety of fun and thrills for young and old. The park, overlooking River Rouge, provides ample picnicking space along the shaded banks of the lagoon.

Syllable Explained

A syllable is an elementary sound or a combination of such sounds uttered together with a single effort of the voice.

The Last Day of SCHOOL

is a great day for millions of youngsters—the last day of school grind and the first of glorious freedom, but we older folks know, and those youngsters will learn, that freedom will depend on the use they make of their education, their time and their earnings. As a suggestion, may we stongly recommend the opening of a savings account with their first earnings.

Electric Cookery is Convenient

YOU know that desolate feeling of getting up long before the rest of the family to prepare breakfast. Early rising is robbed of its terrors through a modern scientific appliance—the electric range. You enjoy an extra half-hour of rest while breakfast is cooking—without attention—on your "automatic".

You can enjoy electric cookery in YOUR kitchen NOW. Convenient time payments and a liberal allowance for your present cooking equipment make it unusually easy for you to install a MODERN electric range. Come in and inspect the new models.

THE DETROIT EDISON COMPANY

Audit Shows Village Finances in Excellent Condition.

Report Indicates General Healthy Condition of Village Funds.

The condition of the finances of the Village of Plymouth is at present very satisfactory in the information given by the report of the audit of the records of the Village for the fiscal year ending March 31, 1929, recently completed by Miller, Bailey & Co., certified public accountants, of Detroit. Following is a summary of the report as presented by the auditors:

FINANCIAL CONDITION

Net balances in your budget funds have increased during the year \$28,781.17. A schedule is submitted on page 8 of this report showing the relation between budget appropriations and expenditures of each fund, which is summarized by the following tabulation:

Budget appropriations	\$105,301.62
Refunds and credits	12,548.92
Receipts not estimated in budget	12,994.69
Total available	\$130,845.23
LESS: Disbursements and other charges	104,062.06
Excess of appropriations and credits over charges	\$ 26,783.17
Net credit in Budget Fund March 31, 1929	5,310.93
Net credit in Budget Fund March 31, 1928	\$ 32,092.10

Credit has been taken in this computation for Special Assessment rolls spread for So. Harvey St. Storm Sewer and Virginia Park and Marjorie Sewer aggregating \$10,141.71 due to construction having been paid from current funds. The Sewer on Harvey St. is not completed, there having been expended thereon up to March 31, 1929 the sum of \$4,944.02. Receipts from the Wayne County Treasurer for collections on delinquent taxes aggregated \$3,980.29, whereas the returned taxes on the 1928 roll amounted to \$9,385.41, thereby leaving a net charge to the General Fund of \$3,405.02. There has also been credited to the General Fund \$1,200.00 representing an estimated allocation of clerical expense to the Water Department, which corresponds with the amount used last year.

In your Non-Budget Funds, overdrafts appear in the Cemetery Fund and Cemetery Perpetual Care Fund of \$10,758.62 and \$366.84, respectively. The latter overdraft was due to a clerical error which will be corrected during the current year; the overdraft in the Cemetery Fund is an accumulated one, the current year's overdraft being \$6,887.37. In the year's being increased during the year under review by \$6,887.37. In the year's being increased during the year under review by \$6,887.37. In the year's being increased during the year under review by \$6,887.37.

The factors in your various fund balances that represent assets rather than actual cash are as follows:

GENERAL FUND	
Balance Village Tax Account	\$ 280.19
Outstanding balances, Special Assessment	
Rolls for water Mains constructed from current funds	2,749.63
HIGHWAY FUND	
Outstanding balances, Special Assessment	
Rolls, construction from current funds	\$ 1,240.65
SEWER FUND	
Outstanding balances, Special Assessment	
Rolls, construction from current funds	\$ 12,817.94
SPECIAL ASSESSMENT BOND FUND	
Outstanding balances, Special Assessment	
Rolls, construction from bond money	\$ 16,597.41
Your cash on hand is therefore allocated as follows:	
Cash on hand, per cash reconciliation	\$ 30,662.67
ADD: Loans to Waterworks Department	\$ 17,037.42
DEDUCT: Temporary Loans	
	\$ 47,700.00
	\$ 11,000.00
Total cash in fund	\$ 36,700.09
Budget fund balances	\$ 32,092.10
LESS: Assets other than cash	16,597.41
Unexpended Balances—	
General Bond Fund	\$ 2,106.40
Special Assessment Bond Fund, Construction Account	\$ 8,526.22
Special Assessment Bond Fund—	
Bond Redemption	\$251,485.38
LESS: Assets other than cash	229,787.14
DEDUCT: Overdraft Cemetery Funds	
	\$ 47,825.65
	\$ 11,125.46
BALANCE	
	\$ 36,700.09

RECEIPTS AND DISBURSEMENTS

Collections on Village Tax Roll for 1928 were properly accounted for; the warrant as issued showed a total which was \$19.80 less than the aggregate of the items on the roll. The increased amount was used as a basis of proving collections made, the result of which appears on Schedule, page 28, your Treasurer having overpaid \$7.70. Water collections were proved from charges and outstanding balances. All other receipts were checked with carbon copies of receipts as delivered to payer. Proper credit to Special Assessment Rolls was further proved by running outstanding balances of the various rolls as of March 31, 1929.

BOND FUNDS

During the year under review an extensive program of improvements was completed. The actual costs as determined from disbursements and charges are as follows:

Payments	\$227,569.97
Storm Sewers	\$ 38,511.73
Retained on No. Mill St. Paving	\$ 1,000.00
BALANCE—Cash on hand March 31, 1929	
	\$267,081.70

The financing was accomplished by sale of General Obligation bonds in the amount of \$49,636.85, of which \$9,123.85 was sold during the previous year, and Special Assessment Bonds giving proceeds of \$191,085.00. The remaining funds were obtained from the initial installments of Special Assessment rolls spread.

In our computation we have used 10% of pavement assessments and 20% of sewer assessments, i. e. \$24,019.73. The relation existing between funds available and cost obtains as follows:

Cost	\$266,081.38
Bonds and portion of assessments	\$264,741.58
Difference	\$ 1,339.80
The allocation of this difference is determined—	
Village portion—overdrawn	\$ 9,178.04
Property portion—balance	\$ 8,636.24
Retained—due contractor	
	\$ 389.80
	\$ 1,000.00
BALANCE	
	\$ 1,339.80

In future instances, bonds should be sold for estimated cost of property share of improvements, less exactly the first installment on rolls spread.

WATERWORKS DEPARTMENT

The operation of your waterworks for the year under review resulted in a profit of \$1,896.37, after deduction of depreciation and bond interest. During the year quite extensive work was performed of changing services from iron to lead on such streets where new pavements were laid, and also installing services for property which is now vacant. These services with those initially installed during the year represented an outlay of \$3,942.13. Such expenditure should be a direct capital charge to House Connections provided that this account be relieved of the original services at the value at which they were set up. We were not advised of the number of connections installed serving vacant property, and also were unable to locate the appraisal made at the time the waterworks accounts were set up. Accordingly, it was found necessary to defer making the entry charging Surplus and crediting House Connections for the appraised value of the original services in question.

Your Sinking Fund to retire bonds due in 1934 was increased to \$3,419.25, from Waterworks funds thereby adding to the overdraft due Village Funds, which at March 31, 1929 amounted to \$17,037.42.

GENERAL

The accounting work in the Village office shows considerable improvement, and we consider all records creditably maintained except that there was no proper record of Waterworks materials. This we are advised by your manager, will be taken care of during the year now in progress.

RECOMMENDATIONS.

1. A Bond and Interest fund should be established to which should be charged all general obligation bonds and interest instead of charging such expenditures to the various other budget funds.
2. Delinquent taxes should be set up on your ledger. To do so will

necessitate taking off unpaid delinquents as of December 31, 1928, from the records of the Wayne County Treasurer; making this change will eliminate current returned taxes and collections on previously returned taxes from your budget funds.

URGE ROOF MARKINGS TO MAKE FLYER'S JOB EASIER

Identification of Towns and Cities Would Be Big Help in Air Transportation.

New York.—When Col. Charles A. Lindbergh made the statement that "We have much to do to make the pilot's job easier," he was referring to the lack of such essential aids to aviation as weather reporting services, uniform legislation, landing fields and roof markings. Among these requirements, each one of which is gradually being fulfilled, the last named—the identification of towns and cities by roof markings—represents one which calls for no official action, no particular expense and no particular effort, but merely the interest of some individual or organization in the community.

Just as automobile traffic would be almost impossible without sign posts, so a system of air transportation is seriously handicapped without roof markings. The danger of mis-direction not only increases the hazard to the air pilot, but decreases the efficiency of the airplane in the loss of time. Accordingly, the Daniel Guggenheim Fund for the Promotion of Aeronautics began, last fall, a comprehensive scheme for the identification of towns and cities throughout the country.

The campaign covered some 7,500 communities representing those of between 1,000 and 50,000 population. Out of this total, to date about 2,000 have already been identified by roof markings, about 3,000 report that the work is under way and about 2,500 remain unaccounted for. On the whole the response has been enthusiastic, and with the advent of spring the fund has renewed its efforts so as to complete the undertaking. Government departments, civic organizations and various commercial enterprises have all co-operated in the work. In the beginning, the fund, with the indorsement of the postmaster general, wrote to the postmasters of all the towns and cities on its list asking them to take the initiative in seeing that their communities were properly identified by roof markings, and distributing to them printed instructions as to exactly how the job should be done. Upon notification of the completion of the work Col. Charles A. Lindbergh agreed to send a certificate of appreciation. The railroads and the oil companies are among the industrial organizations which have offered their support, and the fund has obtained the co-operation of such national organizations as the American Legion, the Rotary, the Kiwanis, the Lions and the Exchange.

The selection of the building to be marked in a town is largely a matter of local conditions and availability. The ease with which the roof can be seen from the air is obviously the primary factor. "The roof selected should preferably be of tile, shingle, tin or other metal, or of slate," the fund says. "A simple black letter in chrome yellow with a dull background, preferably black, should be used in all signs whether painted directly on the roof or not. White paint may be used instead of chrome yellow, but the Department of Commerce prefers the use of chrome yellow as its visibility is slightly greater. The letters should be from ten to twenty feet in height and in no case less than six feet high."

Here's Chance to Buy Town in Mississippi

Memphis, Tenn.—Some unattached mayor or city manager can buy a whole town containing a "farm, five residences, store, creamery, ice plant, gin (cotton), big garage and machine shop, cotton warehouse, waterworks system, swimming pool, and picnic grounds," and run it as he pleases, if he communicates with Lake Hays, local attorney, and if he has the money.

Hays represents the state banking department of Mississippi. The department purchased the town of Hanston, to protect a mortgage of \$40,000 held by the Bank of Houston, Houston, Miss., which the department is liquidating.

Plan Air Taxis to Irish Beauty Spots

Dublin.—Daily airplane service between Dublin and London is provided in the Irish Free State civil aviation scheme, which is awaiting approval of the government.

Alplanes will have accommodations for between 12 to 20 passengers. Airplane taxi service to inland cities by next summer also was contemplated. This was expected to appeal especially to American and English tourists, since it would give quick access to well-known watering places and beauty spots.

Crops in Holy Land Periled by Locusts

Jerusalem.—A horde of locusts descended on the northern district of Transjordan, threatening the crop in the entire area. One hundred thousand dunams of land in the Ajloun district of North Transjordan are covered with the pests.

We Know It

Cleveland, Ohio.—America's greatest problem is traffic, is the belief of David Bloch, mayor of Tel Aviv, Palestine, who is touring the United States.

Cat's Sight is Dark

A cat's whiskers have no relation to its sense of smell. Although a cat's eyesight is excellent, at night it is supplemented by the highly sensitive feelers, or long hairs, that project from the muzzle and above the eyes, each springing from a follicle from which a special nerve communicates with the brain. With the use of these a cat is able to feel its way about in the dark without difficulty.

SCIENCE COMBS FIVE CONTINENTS

Smithsonian Institute Gives Results Attained by 27 Parties.

Washington.—Twenty-seven expeditions went out from the Smithsonian Institution during 1928, according to the institution's report of explorations and field work for the year, just issued. These expeditions measured the temperature of the stars, uncovered the history of people's long since vanished from the earth, collected fossils, made field observations and obtained specimens of plants and animals of the sea and land new to science. In range, they touched the five continents of the earth.

Dr. C. G. Abbot, secretary of the Smithsonian, achieved notable results in solar and stellar observations during an expedition to Mt. Wilson, California. Using the radiometer, an instrument of his own invention similar in principle to those sometimes seen rotating under the action of sunlight in optician's windows, he succeeded in observing the spectrum of the planets Mars and Jupiter, and of 18 stars. This constitutes a new achievement in the history of astrophysics.

Made of Fly's Wings. The delicacy of the measurements may be indicated by the fact that the instrument used the vanes were made of houseflies' wings, about 1.75 inch wide and about 1.25 inch tall. The instrument was suspended in hydrogen at about 1,000 ordinary atmospheric pressure by a quartz fiber too small to be readily seen by the eye, even in selected lighting. So delicate was this fiber that the air acted as if viscous, like molasses, to this minute force. When suspended in a wide bottle in air at ordinary atmospheric pressure the top of the suspending fiber could be turned through more than 40 complete turns before the little radiometer hung at its lower end responded by any perceptible rotation.

Of equal importance is the second achievement reported by Doctor Abbot. This was a re-examination of the solar spectrum beyond the visible end of the red, in order to map the lines of absorption there, produced by gases and vapors in the atmospheres of the sun and earth. Doctor Abbot first mapped this region many years ago under the direction of Former Secretary Langley of the Smithsonian, using the sensitive bolometer invented by Langley. At that time he found about 550 lines in the infra-red. Using more powerful apparatus on the recent expedition, he found about 2,000 lines. The results are already being used, notably in the identification of the chemical elements represented in the sun by their infra-red spectra.

New Eskimo Information.

More information indicating that the original Eskimo culture arose in the Bering strait area and not in north central Canada, as had been generally supposed, was uncovered by Henry B. Collins, Jr., in charge of the Smithsonian expedition to St. Lawrence and Funk islands off the Alaskan coast. This was the third consecutive annual Smithsonian expedition to Alaskan territory. The institution hopes that study of Alaskan archeology, until recently almost wholly unknown, will unravel not only the past of the Eskimo, but also the route by which primitive man came to this continent. Mr. Collins' last expedition was made possible through the generosity of Mrs. Mary Vanux Walcott, the bureau of American ethnology and the American Association for the Advancement of Science.

Other articles in this annual non-technical account of the advances in science contributed by the Smithsonian concern botanical exploration in Honduras, zoological and archeological collecting in China, hunting dinosaurs in Cuba and many other widely scattered activities. The accounts are extensively illustrated.

Railroads Pay Fewer Claims for Damages

Washington.—Claims paid by railroads for loss and damages to freight shipments in 1928 were the smallest for any year since the World War, the American Railway Association announces. The amount paid totaled \$36,877,243, a reduction of \$2,155,816 from the 1928 level.

Hole in Ohio Mayor's Pocket Costs Him Job

Glonster, Ohio.—A hole in the pocket of Mayor Hugh Gormley cost that individual his job. Mayor Gormley, sixty-year-old veteran of county politics and mayor of this city 23 years, lost \$171.86, money paid to him in fines and license fees. He said the money was lost through a hole in his pocket. Called before the city council to make his report and turn over the funds, Mayor Gormley explained the situation. The council demanded that Gormley pay back the money by installments. And Gus Gaskella, council president, is mayor following Gormley's suspension.

France Plans to Seek Health in Nudity Camp

Paris.—The movement in France to "return to nature" by removal of clothes has been given impetus by the arrival here of the German apostle of nudity, Herr Zimmermann. Zimmermann came to Paris to confer with his colleagues in this country regarding the establishment of a health camp for members of the nudity society in France.

"You can have little idea of the moral revolution brought about by nudism," he said. "I believe that humanity can only be saved from evil by the practice of complete naturalism. I also believe that this regeneration must be international in character. This is the reason I have come here to see M. de Mongeot and his friends who are soon to open a camp."

Zimmermann founded a health camp at Klingberg near Luebeck, 25 years ago for persons who preferred to stroll about without clothing. Since the war the movement has grown rapidly and it is now claimed that it has 10,000 members in Germany.

Plane Going 60 Miles an Hour Picks Up Mail

Roosevelt Field, L. I.—A successful demonstration was made here of a new catapult for loading mail, fuel, and supplies on airplanes while in flight.

Lieut. H. B. Clarke, former army flyer, piloted a plane 60 miles an hour over the catapult, which was set up over the field, and picked up a 23-pound mail sack five times and a 37-pound can of gasoline once. The mail sack held groceries, which included a dozen eggs in a metal container. The eggs were unbroken in the transportation.

FARM ELECTRIFICATION TRUCK TO HOLD DEMONSTRATION IN WAYNE COUNTY.

The farm electrification truck of the Michigan State College will be at the farm of W. E. Gault, 1 1/2 miles west of Belleville road and just north of the Willis Road, on June 14th, according to County Agricultural Agent Ralph Carr. Demonstrations on power uses of electric farm equipment will be conducted afternoon and evening. The truck is equipped with the same kind of electrical equipment used by the farmers on the Mason-Danville line, the experimental electric farm line of Michigan.

A complete farm wiring system is built on the truck and will be connected to the power line to supply current to operate the deep and shallow well water systems, the hammer-mill feed grinder, the milking machines, and poultry house equipment that will furnish part of the demonstration. The demonstration will be conducted by H. J. Gallagher who is in charge of the experimental work on the Mason-Danville line.

A program for the ladies will include the operation of the electric range, the washing machine, the refrigerator, the vacuum cleaner, and other electric household appliances. Miss Turner of the Home Economics Division will conduct this program.

In addition to the demonstrations that will be held throughout the day, Miss Turner will lecture from 8 to 9 p. m., on the operation and costs of electric household equipment. From 9 to 10 p. m., Mr. Gallagher will discuss the use of electricity as the farmer's "hired man." The discussion will include the filling of silos with a 5-h. p. motor, the elevating of grain, and many other power uses that have proven practical.

Farmers now having electric service or expecting to have such service in the near future should arrange to attend this demonstration and become familiar with the many benefits they can derive from electric service, the costs involved, and the farm line construction policy and rural rate schedules in effect by the power company.

Hard to Find

"Tain no use to tell me to let well 'nough alone," said Uncle Eben. "Same as everybody else, I ain't never vit discovered 'well enough."—Washington Star

Origin Lost in Antiquity

The martial air for song, "The Campbells Are Coming" is described as being very old. Music authorities say that this piece is simply regarded as an old Scotch folk song, and no one knows the origin of the music, so far as authorship is concerned.

SNAKE BITE FATAL TO REPTILE EXPERT

Serum Injections Fail to Halt Deadly Poison.

New York.—For more than 30 years Charles E. Snyder, former head keeper of mammals and reptiles at the New York zoological garden in Bronx park, befriended snakes.

He fed them, made pets of some, and pointed to their comparative harmlessness and utility in public lectures. His interest in reptiles led the veteran keeper on periodic trips to capture more of them. One morning, in the Ramapo mountains, one of them struck for the liberty of its mate, which was almost in Snyder's grasp. The former keeper died, a victim of rattlesnake poison which anti-venom serum failed to halt.

Serum Rushed to Hospital.
Dr. Raymond L. Dittmars, curator of mammals and reptiles at the Bronx zoo, had rushed serum to him at the Good Samaritan hospital in Suffern, N. Y.

Snyder, who was fifty-seven, died about 24 hours after the two poison fangs had sunk into the back of his left hand. It took him five hours to reach the hospital, a delay which was held responsible for his death, although even after such a lapse of time the failure of the serum to counteract the poison was considered unusual.

There was no trepidation in Snyder's mind as he struck into the Ramapo woods, accompanied by Paul Snyder, a friend and snake enthusiast.

They were on Little Tor mountain, pursuing separate trails 100 yards apart, when Snyder saw a rattler between four and five feet long gliding over a rock ledge near his feet.

As the snake squirmed into a crevasse Snyder ducked to catch its tail so that he might swing it out with a quick jerk into the open and pin it with a forked stick he was carrying.

Sinks Fangs in Hand.
As he stooped, another snake, apparently the mate of the first reptile, lunged from a hiding place in the grass. It sunk its fangs into the hand. Snyder shrank back calling to his friend, and the reptiles took to cover.

With his companion at his side, Snyder sucked the two wounds, sought to squeeze out the poison and used a handkerchief as a tourniquet about his arm to shut off the circulation. Hospital and serum treatment followed, but to no avail.

Fish Worm Ranching Is New Western Industry

Los Angeles, Calif.—The Flapper Fish Worm ranch is located in the small town of Bishop at the eastern base of the Sierra Nevada in southern California, the proprietor of which, says John L. Von Blon, writing in "Field and Stream," is a sunny-haired high school student of seventeen.

Working on the sagacious principle as stated by herself—"any poor fish from the common human sucker to the golden aristocrats of the trout family will fall for a flapper"—she has developed an industry which turned out 20,000 worms for the opening-day sales.

Ten acres is the whole extent of the ranch. Through it all the earthworms may burrow but the plot actually devoted to them comprises but 2,000 square feet. It is a patch of straw, hay, corn fodder and other decomposed materials about a foot in depth, with a pit four feet square in the center, where is sunk a bottomless box in which the breeding processes are carried on. As a protection against poultry, shrews, moles and other creatures of which the worms are natural prey and food, there is a screen cover.

"This nest is kept damp. Sour milk, cheese and bread crumbs, cornmeal, eggs and all sorts of table scraps are thrown into the box. The continuous propagating results are astonishing.

"Tiny worms emerge by millions from the cocoons in which the eggs have been laid. Soon they begin to make their blind ways to the outer edges—blind, because they have no eyes, but are guided by primitive, light-detecting organs. In due course they are dug up from the mulch and placed where they can be packed for market on short notice."

Reform School Lads Needn't Learn to Sew

Sacramento, Calif.—Sewing was ordered removed from the list of subjects taught incorrigible youths at the Preston reform school at Lone by E. E. Jensen, state director of institutions.

All the sewing equipment is to be transferred from the reformatory to the woman's ward at San Quentin prison, where, Jensen believes, it will be put to better use.

"The boys never did take to sewing," remarked the director, "they don't see any future in it for them."

Narcotic Addicts Turn to Use of Chloroform

Butte, Mont.—Increased obstacles placed in the paths of drug addicts have turned many narcotic users to chloroform, a veteran Butte physician declared. It is the practice in many Butte homes, he said, to use a few drops of chloroform to ease excitement and quiet nerves after a party.

Asbestos Named by Greeks

The ancient Greeks gave asbestos its name, the word meaning "unburnable." This mineral owes its value to the fact that its fibers can be separated and woven into a fabric that is indestructible by fire and acid-proof. Charlemagne was said to have had a tablecloth of asbestos which was cleaned by being thrown into the fire.

A Sweeping Success because it offers Big Car Qualities for only \$745

The New Pontiac Big Six is a sweeping success—an even more pronounced success than its famous predecessors. And it owes its success largely to the fact that it offers big car qualities at low prices. Oakland produced this car to enable progressive people to step up in motor car quality without leaving the low-priced field. And the very people for whom it was created have made it an impressive sales success.

Pontiac Big Six, \$745 to \$895, f.o.b. Pontiac, Michigan, plus delivery charges. Bumpers, spring covers and Lovejoy shock absorbers regular equipment at slight extra cost. General Motors Time Payment Plan available at minimum rate.

Consider the delivered price as well as the list price when comparing automobile values. . . . Oakland-Pontiac delivered prices include only reasonable charges for handling and for financing when the Time Payment Plan is used.

OFFICIAL PROCEEDINGS OF THE VILLAGE COMMISSION

Plymouth, Michigan, May 20, 1929. A regular meeting of the Village Commission held in the Commission Chamber at the Village Hall, May 20, 1929 at 7:00 P. M.

Present: President Robinson, Commissioners Nutting, Shear, Wiedman, and Kehrl.

Absent: None. The minutes of the regular meeting held May 6, 1929 were read and approved.

This was the time appointed for the hearing of objections to the construction of a storm sewer lateral in Sutherland Ave. from South Main St. to South Harvey St. and in Palmer Ave. from South Main St. to the end of Palmer Ave.

The following resolution was proposed by Comm. Nutting, supported by Comm. Wiedman: WHEREAS, a public hearing has been held in the Commission Chamber at the Village Hall for the hearing of objections to the proposed installation of lateral storm sewers in Sutherland Ave. from South Main St. to the end of Palmer Ave. and in Sutherland Ave. from So. Main St. to So. Harvey St.;

RESOLVED, that this Commission hereby approve of the construction of the lateral storm sewer in Sutherland Ave. from South Main St. to the end of Palmer Ave. and in Sutherland Ave. from So. Main St. to So. Harvey St.;

RESOLVED, that the Manager be directed to have plans, profiles, and estimates prepared covering the improvements in question, same to be presented for approval of the Commission at its next regular meeting.

Resolution unanimously approved. Village Assessor, George W. Richwine, presented the report of the Board of Review covering the general assessment of the Village for the year 1929 together with the assessment roll approved by the Board of Review.

The following figures indicate a summary of the assessment roll as approved: Value of real estate \$6,188,200.00 Value of personal 1,050,464.50 Total of Ass't. Roll \$7,238,664.50

After examination and discussion of the roll it was moved by Comm. Kehrl and supported by Comm. Nutting that the general assessment roll for 1929 be confirmed as presented, carried unanimously.

The Manager called the attention of the Commission to the fact that a note in the amount of \$5,150.00, covering the balance of a loan for the improvement of Frank Ave., has recently been renewed. Likewise that a credit balance of over \$6,000.00 remains in the Highway maintenance fund at the close of the fiscal year.

It was recommended that the Commission authorize payment of the note in question from the balance remaining in the said Highway maintenance fund. Upon motion by Comm. Nutting, supported by Comm. Kehrl, the recommendation was approved and the note ordered paid from the balance in the fund in question.

Attention of the Commission was called to the fact that the small sized water line on So. Main St. extending southward of Sutherland Ave., which was installed by subdivision owners, previous to annexation to the Village, is disintegrating at a rapid rate, and that leaks are regularly developing in this line.

After some discussion of the situation the following resolution was proposed by Comm. Shear and supported by Comm. Kehrl: WHEREAS, the attention of this Commission has been directed to the rapid deterioration of the existing small sized water line in So. Main St. southward of Sutherland Ave., which said water line was installed by subdivision owners previous to annexation of this area to the Village;

RESOLVED, that this Commission hereby declare the installation of a six-inch water main, conforming in all respects to the requirements of the Village water ordinance, in South Main St. from Sutherland Ave. to Golden Road, to be a needed and necessary public improvement, which should be installed without unnecessary delay; and be it further

RESOLVED, that this Commission declare its intention of proceeding with the installation of the proposed water main; and be it further

RESOLVED, that this Commission hereby deems the following described lots and parcels of land to be specially benefited by the installation of the water main in question, and therefore to be included in the special assessment district properly assessable for the cost of the said water main, to-wit:

All lots and parcels of land on the east side of So. Main St. from the south line of Maplecroft Subdivision to the Golden Road; and

All lots and parcels of land upon the west side of So. Main St. from Sutherland Ave. to the Golden Road; and be it further

RESOLVED, that the Manager be directed to have prepared plan, profile and estimate of the proposed improvement for presentation for the approval of the Commission at its next regular meeting; and that he be directed to advertise a hearing of objections to the installation of the proposed water main, to be held in the Commission Chamber, June 3, 1929, at 7:00 p. m.

Resolution unanimously approved. This was the time set for the opening of bids covering the purchase of \$20,000.00 of general obligation and special assessment bonds of the Village. It was moved by Comm. Nutting, supported by Comm. Shear, that the bids received be opened by the Clerk. The Clerk opened and read the following bids:

Table with 3 columns: Bidder, Interest Rate, Prem. Bank of Detroit 5 1/2% \$71.75 First Nat. Co. of Det. 6% 18.00 Det. & Security Trust 10 1/2% 28% Standard Guar. 10 1/2% 28% Outfit 10 1/2% None

(Village to meet expense of printing Bonds).

It was moved by Comm. Kehrl and supported by Comm. Nutting that the bids as received be declared unsatisfactory because of the high interest rate involved, and that they be rejected; further that the Clerk and Treasurer be authorized to sell the bonds at private sale at any time that an interest rate of 4 1/2% may be secured. Carried unanimously.

The need for improvement of the intersection at Theodore and North Main Streets was presented by the Manager. It was moved by Comm. Nutting, supported by Comm. Shear that the Manager be directed to have the said intersection reconstructed when funds become available. Carried.

A communication was received from the Wm. Wood Insurance Agency calling the attention of the Commission to the advisability of the Village taking out public liability insurance to protect itself against claim of any individuals who at any time may be injured while upon Village owned property. It was moved by Comm. Wiedman, supported by Comm. Kehrl that the Manager be directed to arrange for the taking out of such insurance, and that provision be made in the 1929 budget to care for the premium. Carried unanimously.

The question of the serious disintegration of the surface of concrete pavements in Peoniam Ave. between So. Main St. and So. Harvey St. and in Liberty St. between Starkweather Ave. and N. Mill St. was discussed by the Commission. It was recommended by the Manager that steps be taken to preserve the existing pavements against further disintegration by resurfacing with sheet asphalt, the work to conform in all respects to the specifications covering sheet asphalt pavements installed in the Village the past season. It was moved by Comm. Nutting, supported by Comm. Shear, that the Manager be authorized and directed to have the pavements in question resurfaced with sheet asphalt as recommended, the work to be done at his discretion and when funds become available. Carried unanimously.

The report of the Justice of the Peace, Phoebe L. Patterson, for the month of April was presented to the Commission. Upon motion by Comm. Nutting, supported by Comm. Wiedman, the report was accepted and ordered filed.

Shirley D. Strong, Engineer, presented a plat of the area authorized to be surveyed and incorporated into an assessor's plat to be known as Assessor's Plat No. 3 of the Village of Plymouth, by the Village Commission at a regular meeting held November 5, 1928. Upon motion by Comm. Nutting, supported by Comm. Kehrl, the plat as presented was approved and accepted, and the Assessor and Clerk were directed to sign the said plat on behalf of the Village.

Table with 2 columns: Name, Amount. Blunk Brothers \$ 5.75 H. S. Doerr 80.00 Maplecroft Co. 30.00 S. D. Strong 24.00

The following checks written since the last meeting were also approved: International City Mier's \$ 9.00 Henry M. Freier 25.00 Administration Payroll 455.08 Police Payroll 339.40 Cemetery Payroll 206.00 Fire Payroll 119.00 Labor Payroll 454.55 Labor Payroll 221.30 Total \$1,869.33

Upon motion by Comm. Kehrl, supported by Comm. Wiedman, bills and checks were passed as approved by the Auditing Committee. It was moved by Commissioner Nutting, supported by Comm. Wiedman, that the Village of Plymouth take out two memberships in the local Chamber of Commerce, said memberships to be assigned to the Village Manager and Treasurer. Carried unanimously.

Upon motion by Comm. Nutting, supported by Comm. Kehrl, the Commission adjourned.

GEO. H. ROBINSON, President. A. J. KOENIG, Clerk.

"Hooded Monk" Guards Perilous Alaskan Trail

Pigliu Springs, Alaska.—One north-west Alaskan trail has a strange guardian angel, according to travelers returning from over the Sawtooth mountains. In a valley beyond the mountains, they say, storms occur every day. The best dog teams are often bewildered.

But when the visibility is exceptionally bad, they report, drivers and their passengers are guided safely along the way by some one resembling a hooded monk, who is always accompanied by a huge dog. Old-timers assert the monk is an apparition or mirage encountered as the temperature in various altitudes changes.

Michigan Clan of 250 Are Mostly Farmers

Cadillac, Mich.—John Brink, seventy-eight, a farmer near here, claims to be a member of the largest family in the state. Still living are parents, children, grandchildren, great-grandchildren and great-great-grandchildren to the number of 250. Nearly all are Michigan farmers.

The Brinks are Pennsylvania Dutch. John, his parents and eight brothers and sisters came to Michigan in 1877 from the Keystone state. Oldest in the group is Mrs. U. Williams, now living with her husband, a retired Muskegon (Mich.) farmer. Ten children, six of whom are living, were born to Mrs. Williams. She is eighty years old.

Other Games, Ditts An exhibition game doesn't mean a thing, and is of no importance whatever unless the home team wins it. —Tokado Blade

Wins Another Game

DEHOCO DEFEATS SUNOCO-KEYSTONES AT LANSING.

The Dehocoites journeyed to Lansing, Sunday, June 9th and defeated the Sunoco Keystone 8 to 7. It took eleven innings to settle this encounter, but De-Ho-Co finally emerged victorious and reversed the defeat they suffered a few weeks ago, when the Sunoco Oil team visited De-Ho-Co Park.

Hartner, did the twirling for De-Ho-Co, and pitched a much better game than the score indicates. Sunoco did not score any earned runs, all being the results of errors. Destefano was the worst offender, boating four, while Martin and Hartner each contributed one, making six errors in all. Two errors by Wetzel, Sunoco's third sacker, were the only blaws in the Lansing's defense.

Both pitchers were hearing down and Hartner struck out seven and only walked one, while B. Springer struck out eight and passed three. Jaska, with a double and three singles, and Trombley with two singles in three times at bat, did the heavy clotting for De-Ho-Co, while Bauman's three singles, Gallas' double and single, and Silt's two singles, were the big items in the Sunoco attack.

The score was tied at three all, going into the last half of the fifth, when Sunoco started the fire works. Four hits, two errors and a sacrifice fly gave Sunoco four runs and a nice lead. The score remained 7 to 3 until the 8th when De-Ho-Co started a rally and collected four runs, by way of two doubles, a single, a base on balls and an error, and again tied the score at seven apiece.

The winning run came in the eleventh when, with one down, German singled, went to third on Martin's single, and scored when Wetzel booted Jaska's grounder. Martin was thrown out at the plate trying to score. One passed ball and Smith ended the inning rolling out, pitcher to first.

Sunoco's half of the eleventh and their last chance, was all in vain, being three up and three down to end the game.

Next Saturday and Sunday De-Ho-Co journeys to Battle Creek to take on the strong Kellogg's of that city, in a two game series.

Table with 2 columns: Name, Score. The Sunoco-De-Ho-Co box score follows: DE-HO-CO AB H C E Destefano, ss. 5 1 12 4

Table with 2 columns: Name, Score. STUNOCO AB H C E KeyStone— 5 3 0 0 Banman, 1. f. 6 0 1 0

*Batted for Fortin in the fifth. De-Ho-Co 0 2 0 0 1 0 0 4 0 0 1—8 Sunoco KeyStone 1 0 0 2 4 0 0 0 0 0—7 Sacrifice hits—German, Martin, J. Springer (2), Haines.

Two base hits—Jaska, Destefano, Doherty, Gallas. Hits off Hartner—10 in eleven innings. Hits off B. Springer—12 in eight. Base on balls off Hartner—1. Base on balls off B. Springer—3. Double plays—B. Springer to Gallas to Haines. Umpire—Durrrow. Scorer—Long.

Locate Iron Messenger of Space in Africa

Bloemfontein, South Africa.—Again chance has led to the discovery of one of those mysterious messengers that bear evidence that space is not empty. This time the news comes from the far northeastern corner of southwest Africa.

In the Grootfontein district a meteor lies in a tomb of limestone, a great, massive block of iron. There is nothing dramatic in its appearance—a lone block of metal in the veldt, but if one tries to visualize its arrival one finds a spectacle surpassed by few.

A black mass of iron, crusting through space, invisible to all. Suddenly, as it enters the earth's atmosphere, its great speed and the excessive friction set a blaze in a fraction of a second. An enormous fireball, white hot, it approaches the ground with an angry hiss. A terrific roar as it crashes through layers of limestone, a shower of sparks, sand, rocks and metals, a cloud of dust—and all is quiet.

Good Hay is Made

By Modern Method

TIME AND LABOR SAVING ARE SECONDARY FACTORS WITH NEW CURING SYSTEM

The primary purpose of the hay making system which will be demonstrated by farm crops specialists from Michigan State College this summer is not to make hay in one day but to make the best quality hay possible and sometimes this requires two or more days.

This system uses the windrow method of curing hay because, by such curing, it is possible to save a large proportion of the leaves on alfalfa hay and less labor is required to get the hay in condition to be put in the barn.

Weather conditions seldom permit complete curing so the hay is ready to go into the barn in one day, and the hay should be left in the windrow until it is cured. If rain falls on the windrows, they can be rolled over with a side delivery rake and the labor of hand turning is unnecessary.

Hay making demonstrations have been given in many Michigan counties during the past two years and have proved one of the most popular of the new farming methods. The meetings this year will be started as soon as the alfalfa is in the proper stage of growth.

County agricultural agents in the counties have selected the farms where the meetings are to be held and will set the time for the demonstrations in their counties.

Odd Human Foods

"Uncooked monkey brains on the half skull, pickled water beetles, fried locusts and cobra and python steaks are specimens of the many strange and unusual foods which grace the world's dinner tables," says a bulletin from the headquarters of the National Geographic society.

The Thinking Pose

Some say that holding oneself erect induces pleasant thoughts, that a slouching department breeds evil thoughts, and sitting down means third-rate thinking.

New Advantages

- 1 Smoother Operation at High Speeds
2 Rapid Acceleration — a New Silence and Swiftiness in Traffic and Up Steep Hills
3 Easier and Less Frequent Gear Shifting
4 Reduced Wear on Moving Parts—Longer Life
5 Easier Handling—Restful Relaxation After Long Drives

—with Two Quiet High Speeds

With two quiet high speeds at their instant disposal, Graham-Paige owners possess advantages in traffic, on hills and the open highway that materially increase motoring ease and enjoyment.

NUMBER 35

GIRL RESERVES

An etiquette meeting under the direction of Lorraine Corbett and Elizabeth Strong was held Friday, June 14. Perplexing questions which bothered the girls were thrashed out. Lorraine explained how to set a formal luncheon. After the girls were informed of some etiquette rules, almost all agreed to this fact that the boys should have some training.

SCHOOL CALENDAR

June 17, Monday—Final examinations. June 18, Tuesday—Final examinations. Class night. June 19, Wednesday—School picnic. June 20, Thursday—Graduation exercises. June 21, Friday—Alumni banquet. Last day of school.

JOLLY JAUNT

A "sending-off" party was given Miss Asman by the sixth hour modern history class last Tuesday night, June 4. The group assembled at Cass Benton park with all members present. They amused themselves by playing baseball, handball (catch) and, as Miss Asman states it, by using all the appliances there—they swung on the swings, teetered on the teeters, and slid on the slides. Some of the members also went swimming at Phoenix across the way.

Roasted wieners and marshmallows were heartily indulged in for refreshment and the class presented their teacher with a lovely berry spoon gravely informing her all the while that it was only because of joy at her departure. Anyone who has ever met our History instructor knows better, however, and everyone will be sorry to see her go.

WELCOME

The Senior Girl Reserves welcomed the Junior members into the club Friday, June 14. In the school auditorium a triangle, the symbol, was formed. The cabinet members of Alice Gilbert, the present president, was on the left side while the cabinet of Mary Haskell, the newly elected president for next year, stood on the right. Within this triangle was a circle of candles, and within this there was a basket of flowers. These represented the meaning of the Girl Reserves. Verna Campbell having a yellow iris representing Faith; Charlie Hamilton, a forget-me-not representing Friendship; Doris Jewell, a blue iris representing Truth; and Anna Golden, a red pony representing Courage were next in the center of the triangle by the senior cabinet members of the respective offices. As each senior cabinet member lighted the candle for the new member, they exchanged places. Thus the new cabinet was on the left side. Alice Gilbert made a speech grouping all the ideals of the club more compactly. "Mrs. A. Crumble, advisor of the senior club, installed the new officials. "Candles that Burn at Twilight" and "Everywhere, Always" were sung by all of the girls. Margaret Dunning concluded the ceremonial with a prayer. The performance impressed the girls so that they were very sad, indeed. To bring back the lost spirits, songs such as Mother Goose rhymes were sung. Lemonade and wafers were served as refreshments.

The number of seniors leaving this group is twenty-two, while the number of sophomores to be admitted is about thirty.

GENERAL ASSEMBLY

The Forensic league initiated four new members into the organization last Wednesday greatly to the enjoyment of the Assembly. The initiation was a debate upon the important question of "Whether an old maid with bangs is better looking than a cow with a board over its face." The discussion in this case was left entirely up to the audience and in their mind the question was still undecided, although many convincing arguments were offered by both the negative and affirmative sides. Ruth Root a member of the league acted as chairman of the debate, and the members of the affirmative side were Harold Stevens and Alice Chambers; and of the negative, Zereph Blunk and Lester Daly.

The Court scene from the merchant of Venice was presented by the Dramatic club under Ruth Hamilton's direction. Marguerite Wood as Portia and Russell Wallace as Shylock are to be commended for the excellent presentation of their roles.

RANDOM NATURE NOTES

It is with feelings akin to sadness that we come to the end of our school year, and realize that our meetings as a Club are about ended. We have enjoyed ourselves, and feel, that perhaps, we love and appreciate nature

more than ever before. Our study of Out-of-doors has added a new zest to life. Our start along this line only makes us more eager for more, and we hope that our Club next year will include all of this year's members. Our last hike of the year will be next Thursday noon.

Do you know that the Hummingbird loves color? If you want the Hummingbird to visit your garden, the Larkspur is an irresistible invitation for him to do so. Blue is his favorite color, and the Larkspur with its nectar producing capacity is especially attractive.

The Wild-rose is very likely to be chosen as America's National flower. Of the trial votes cast in the recent nationwide campaign, the wild-rose led; columbine was second, and gold-rod ranked third. Campaigns are on in twenty-one states, and if the wild-rose continues to maintain the place it now has it will secure the honor.

We find that the Mourning Dove is the most abundant bird around Plymouth. One often hears much sympathy expressed for this bird, because of its mournful calls, but this sympathy is wasted; it mourns because it is happy, and while its mate lives there is no more contented bird than the Mourning Dove. The Dove has held a place almost "from the beginning of time" in religious ceremony. Among the many legends about the Dove we like that of the people of Northern Europe, which is, that a Dove hovered near the cross when Christ was crucified and mourned over His sorrow, and since that time the call of the Dove has been mournful. Among the Jews it has been an emblem of innocence from time immemorial; and from this it came to the Christian era as an emblem of peace.

The United States Department of Agriculture has made some study and investigation of the Dove, and pronounced it of untold value to the farmers and gardeners, because its food is practically the seeds of annoying and destructive weeds. It would be well for all gardeners to band themselves together for the Conservation of the Purple Martin, and all come to a fairly full realization of his great value as an insect destroyer. Their food habits are to their credit; they destroy no product of garden, orchard or field and they are especially fond of the striped beetle that is so destructive to cucumbers and melons.

PLYMOUTH LOSES CLOSE GAME TO ANN ARBOR

Although rallying in the seventh Plymouth failed to win and remained on the short end of the low score, 3 to 2. Five hits were allowed by Pankow but three were bunched and along with two errors put Ann Arbor in the lead. At the end of the fifth inning the score was tied and it looked as though it would remain tied but Ann Arbor poked up a run in the sixth and this ended the scoring for the day.

Tillotson, pitching for Ann Arbor, practically won his own game with two hits on which he scored both times. In the seventh two pinch hitters batted in the Plymouth lineup. Ribitski, who batted for Sockow fouled to Beeler. Collins, batting for Pankow, tripled and it looked like a score for Plymouth. Two men were out and Atchison ended the game by striking out.

Another thing which helped Ann Arbor to win was the number of errors committed by the Plymouth players. In all hardly an earned run crossed the plate.

Beeler of the Ann Arbor team was the big error man for them losing two ground balls. However he was also a big gun in hitting, getting two hits off Pankow's delivery.

BOX SCORE

Table with columns for PLYMOUTH and ANN ARBOR, and rows for individual players and totals.

SENIOR—WHERE TO GO—WHAT TO DO

Every year just before school is out, a very clever reporter gets a group of freckle-faced little boys to sit at their desks, staring dreamily out of the window and takes their picture, labeling it, "I wish school was out," or "I wish school had never been made fashionable," or some such senseless talk.

Every fall a reporter takes a bunch of kids and has them pose very sorrowfully on a curb and takes their pictures. Children do not hate school! Every fall they are anxious for the school to open. They are eager to meet old friends and make new ones. Of course in June they get restless but they do not "moon about." They are noisy, to be sure, but they don't mind school as badly as pictured. After a few days of vacation they do not know what to do with themselves. Take our Seniors for example.

Every year for twelve years they have anxiously waited for school to let out in the spring and just as eagerly waited for it to reopen in the fall. They are not anxious to leave school now. Most of them are very reluctantly leaving. Twelve years seems very short when one looks back upon the good times, the interesting classes, and many friends one has made. Most of the Seniors count these last few weeks the most precious of their whole high school life. Their Commencement exercises (Class night program and Baccalaureate services) are their final triumphant debut from High School life into the busy whirl of business and College. Their freshman reception, "I Hop, Senior 'Prom" and Junior Banquets are their most outstanding social events. Each Senior is entitled to the respect and praise of everyone. They have passed the greatest stumbling block on the road to success, inadequate education. Many of them are going to College to prepare themselves more fully for their fight for success and triumph. These Seniors are equipped now to meet the world on equal ground. They have taken advantage of their opportunities and have passed triumphantly under the blue banner of success. Unlike many people who passed by their opportunities they shall never say,

"Of all the words of tongue or pen, The saddest are 'It might have been' But rather they shall challenge, 'We have worked and we won. Now to success, world, lead us on.'"

This year there are sixty-two Seniors graduating. Each Senior, tho perhaps not quite decided upon his future vocation or work, has some idea of what they are or want to do. Following is a complete list of the graduating class, their vocation and what they are going to do next year.

LOS GITANOS

Somewhat secret arrangements have been made by the now seniors of the Travel Club for a farewell party. Everything, or rather the food, was all prepared, but the transportation was partly furnished by the seniors. Under a tall spreading tree with plenty of ants and other insects around, a picnic lunch was relished. While some were still eating, others enjoyed themselves on the swings and titterotters, their childhood means of pleasure. After some hazy directions were given for the treasure hunt, all started off tramping all around the Phoenix Park. Harold Rebitzke and Helen Bridge were fortunate enough to find the treasures consisting of little knick-knacks, one for each senior and two boxes of delicious candy. As a remembrance of this occasion, Janet McLeod snapped several pictures of the members of the club.

GIRLS' TENNIS

In the tennis tournament V. Giles won her second, third and semi-final matches from Z. Blunk, W. Kenter and M. Dunn respectively. The match with M. Dunn was the hardest, the match going to three sets, 4-6, 6-4, 6-0. M. Dunn won from V. Campbell 6-3, 6-4, to meet V. Giles in the semi-final match.

In the consolation fight M. Rice won by forfeiture. J. Blickenstaff defeated M. Shingleton 6-0, 6-0 and K. Blitt defeated D. Williams 6-1, 6-1. These were all first round matches.

Owing to the approach of the close of school it is very likely that the tournament will not be finished. In this case V. Giles will be declared champion as she has advanced to the final match. Virginia has displayed a very good brand of tennis this spring and her playing fully justifies her appointment of champion if the tournament is not finished. In the other bracket R. Peck, E. Borrows or V. Luttermoser have the best chance of reaching the finals, and if the tournament is finished it is very likely that one of these three will face V. Giles in the final match.

WHAT'S HAPPENING AT STARK WEATHER

The fifth grade enjoyed taking the geography and hygiene tests from the Standard Achievement Sets given to the sixth grade. In the geography test Harry Fischer, Russell Kirk, Jack Stevens, Richard Miller, and Harold Wilcox scored above one hundred, the highest being one hundred twenty-three by Harry Fischer. Russell Kirk received the highest score in hygiene, that of one hundred twenty-three. He was followed by Rosalind Williams and Harry Fischer. These boys received the most honor points in the arithmetic tests.

Each child in the 5A grade has memorized a different poem for this month. The best recitations have been "The Wreck of the Hesperus" by Richard Miller, "The Village Blacksmith" by Jeanette Bauman, "The Flag Goes By" by Harry Fischer, "The Psalm of Life" by Audrey Moore, "The Quest" by Lester Upton, "We Shall Not Sleep" by Russell Kirk, and "Somebody's Mother" by Helen Daly. In the Thorndike reading test given this week Russell Kirk and Phyllis Stewart tied for first place with a score of seventy, which is equivalent to that of a high school graduate. The children in the fourth grade who received Palmer Method buttons this year are Richard Rank, Oral Highfield, Marilyn Martin, Agnes

Mattinson, Gerald Norgrove, Floyd Northrop, Jean Robinson, Murray Kilgore, Jeanette Brown, Alice Bee-man, Kenneth Kleinschmidt, Jewel Starkweather, Marcela Sanchez, Charlotte Williams, John Moore, Anna Dely, James Gallimore, Frances Hart, Clifford Parmenter, and Berle Fishgr. Those who received merit buttons are Bertha Ambrus, Velma Stitt, Irene Beckwith, Norma Jean Roe, Doris Compton, and Patricia Cassidy. The fourth grade had geography pictures last week Thursday. While seeing them the children answered questions about the things they represented. This made a good review of the work for the semester. A boy from Miss Balfour's room, James Gouyeau, moved to Detroit.

In the 3B class Norma Crombley had the highest T-score on the reading tests as well as the spelling, with the average of a 4A student.

Douglas Eekles had the highest T-score in 3A spelling and Ellen Nystrom and Oran Egloff tied for first place in reading, with a score equal to that of an average 6A student.

The pupils having all "A" cards for the semester are Jacquelyn Schoof, Robert West, Marion Klenschmidt, Ellen Nystrom, Myrtle Drews, Marquerite Mattinson, and Helen Norgrove.

Those who received merit buttons in penmanship are Marquerite Mattinson, Robert West, and Lawrence Blessing.

The following received Palmer Method buttons: Catherine Koletsky, Marion Bulson, Ellen Nystrom, Violet Shoner, Robert Beyer, Arthen Alder, LeRoy Cripe, Wallace Barton, Norma Trombley, Audrey Hartzog, Jacquelyn Schoof, Robert West, Anna Shoner, Myrtle Drews, Ralph Fisher, and Marion Klenschmidt.

ADD TO CENTRA SIDELIGHTS B

In the A-kindergarten the following children are able to count to fifty, Betty Jane Brown, Phyllis Campbell, Norman Daggett, Jeanne Detting, Clayton Cool, Glenn Ford, Orlyn Lewis, Johanna McGraw, Mary Jane Olsaver, Jack Tallott, Ruth Wellman and Patricia Klein. The following in

the B-kindergarten are able to count to fifty, Nancy Dunham and Janet Peterson.

In number work the children in Mrs. Root's room are learning to recognize the numbers from one to fifty when written on the blackboard.

Group two is working hard to finish their Elson primers and silent sent mark pads before the end of the semester. Of this group Phyllis Samsen, Ann Johnston, Bertha Nostrand, Virginia Shaw, and Warren Perkins are reading in the supplementary primers.

In Miss Weatherhead's room Geraldine Plachta and Doris Buzzard spelled the room down.

Mrs. Bailey was a recent visitor in this room.

The "Elephants" are still ahead in the arithmetic contest.

In Miss Fenner's room Joe Merritt received the highest score in the fifth grade reading test and George Kahler the highest mark on the sixth grade test.

In Miss Hallahan's room Jack Wilcox received a perfect score in the standardized reading test.

The fifth and sixth grade girls have chosen teams for base ball, Margaret Barlow is captain of the "Tigers" and Edythe Donnelly is captain of the "Wild Cats."

Darold Cline, Claude Cummings, Harry Shoemaker and Levi Sockow have been neither absent nor tardy this semester.

Geraldine Vealey, Kathryn Schultz, Thelma Lunsford, Evelyn Williams, Rhea Rathburn, Alexasenera Kon-azeki, Kenneth Norris, Levi Sockow, Darold Cline, and Harry Shoemaker received prizes for having a perfect record in spelling this semester.

THE SECOND ANNUAL DECATHLON

The annual Decathlon meet was held last Thursday afternoon, June 6th, on the high school athletic field, when sixty boys from Junior high school assembled.

This is one of the greatest events that the Junior high school looks forward to, and it gives them the opportunity to show their ability as promising athletes.

A gold medal is given for first place, silver for second and bronze for third. R. Kincaide was the only entry to win a gold medal by scoring 8775 points out of a possible 9000. Eleven won silver medals, while four will be given bronze.

The medals will be awarded at the Honor assembly Wednesday, June 12, when both Junior and Senior high schools will be assembled.

DECATHLON RESULTS MEDAL WINNERS 1929

- Gold—8600—9000 points. R. Kincaide—8775 points. Silver—7300—7600 points. H. Wagenschutz—8557 points. S. Dudek—8550 points. A. Matevka—8577 points. W. Richwine—8530 points. G. Roy—8525 points. H. Micol—7985 points. H. Norgrove—7620 points. D. Robinson—7500 points. A. Finney—7415 points. M. Blunk—7400 points. D. Whittaker—7300 points. Bronze—6500—6800 points. G. Miller—6867 points. H. Horton—6830 points. C. Felt—6815 points. N. Ayers—6690 points.

Jail Explorer When He Works Overtime

New Orleans, La.—The landlady rented a room to Edward White, fifty-three, who said he was an "explorer." In the middle of the night she heard the floor creak, and saw her new roomer in her room with a flashlight. "What are you doing?" she asked. "Exploring. That is, er—I am looking for matches." White was taken to the city jail.

Honest Values

that assure DEPENDABLE TRANSPORTATION!

The Chevrolet Red "O.K. That Counts" Tag Protects Your Used Car Purchase.

Every reconitioned car we offer for sale is identified by means of the Chevrolet red "O.K. that Counts" tag. This tag is the purchaser's assurance that the car to which it is attached has been gone over carefully by expert mechanics—that it has been thoroughly reconitioned—and that the price is based on the car's actual ability to render service.

Due to the overwhelming popularity of the new Chevrolet Six, we have on hand at this time an unusually large group of these "O.K.'d" cars. Come in! You are certain to find the car you want—at a price that will save you money. Make a small down payment and drive your car away!

Sullivan Expedition Commemorative Stamp

Postmaster Giles reports the department is preparing to issue a special 2-cent postage stamp to commemorate the one hundred and fiftieth anniversary of the Sullivan expedition in New York State during the Revolutionary War. The new stamp is the same size as the regular issue, 75-100 by 87-100 inch, and is printed in red ink.

The central design is a three-fourth length portrait of Major General Sullivan in continental uniform over which in a semi-circular panel appear the words "United States Postage" in white Roman letters, on a dark background with white edges. This panel is supported on either side of brackets of scroll work forming the upper part of a narrow panel and ending at the base in dark circles with white borders. Within the circles in each lower corner appears the numeral 2 in white Roman letters. Across the top of the stamp is a ribbon bearing the title "Sullivan Expedition" in dark architectural Roman letters. Below, in similar lettering, on either side on extensions of the ribbon panel are the dates 1779 at the left and 1929 at the right.

A dark panel with white edges bearing the word "Cents" in white Roman letters connects the circles enclosing the denomination numerals. Above this base in a ribbon panel appears the wording "Maj. Gen. Sullivan" in dark Gothic letters. The entire stamp is enclosed in a narrow white border.

The new Sullivan expedition commemorative stamp will first be placed on sale June 17, 1929, at the post offices of Genesee and Perry, N. Y. The stamp will be placed on sale at other post offices and the Philatelic Agency, Post Office Department, Washington, D. C., as soon thereafter as production permits.

Stamp collectors desiring first day cancellations of the Sullivan expedition stamp at Genesee or Perry, N. Y., on June 17, 1929, may send a limited number of addressed envelopes, not to exceed 25, to the postmaster at either office, accompanied with a remittance covering the value of the stamps, which will be affixed to the envelopes prior to mailing on the above date.

Delaware

Delaware is the second smallest state in the Union. Its greatest length is less than 100 miles and greatest width less than 35. At one point it is only nine miles wide.

Thomas Alva Edison Commemorative Stamp

Postmasters and others connected with the Postal Service are notified that the department is about to issue a new 2-cent postage stamp to commemorate the fiftieth anniversary of the production of the first incandescent lamp invented by Thomas Alva Edison.

The new stamp is the same size as the 2-cent ordinary stamp, 75-100 by 87-100 inch, and is printed in red ink. The central design is a picture of the original lamp with rays issuing therefrom. Immediately above and partly encircling the lamp is a ribbon with the word "Edison's First Lamp" above this and reaching the top of the stamp is a semi-circular panel with the words "United States Postage" in white Roman letters. In both upper corners are ribbon scrolls with the year "1879" at the left and "1929" at the right. On either side of the lamp and through the rays of light appears the following legend: "Electric Light's Golden Jubilee." The white numeral "2" appears in both lower corners within dark circles, which are connected by a dark panel forming the

base of the stamp and containing the word "Cents" in white Roman letters.

The new Edison commemorative stamp will first be placed on sale June 5, 1929, at the post office at Menlo Park, N. J. The stamps will be available at other post offices and at the Philatelic Agency, Post Office Department, Washington, D. C., as soon after that date as production will permit.

This stamp will also be issued in coils of 500, sidewise perforated. The coils will not be available on the first day of sale, but will be issued to postmasters having need for that variety as soon as they can be manufactured.

Stamp collectors desiring first-day cancellations of the Edison stamp at Menlo Park, N. J., on June 5, 1929, may send a limited number of addressed envelopes, not in excess of 25, to the postmaster at that office, accompanied by a remittance covering the value of the stamps, which will be affixed to the envelopes prior to mailing on the above date.

Portion of Scriptures

The Targum is a translation of the paraphrase of some portion of the Old Testament in the Aramaic common in Judea. The Targum of Onkelos is a Babylonian Targum of the Pentateuch.

PARIS STAYS UP ALL NIGHT NOW

No Real Parisian Knocks Off His Evening Pleasure Until 4 A. M.

Paris—Smart Paris is developing insomnia. Night life has become early morning life, and no real Parisian would think of knocking off his night's pleasure now, before four o'clock in the morning.

During the winter, the smart set was hard put to find something new to do. Spring weather has solved that problem by permitting all-night revelries. Blase Parisians, tired of Montmartre and its cabarets, fed up with the ordinary plays of the theaters this winter and looking for something new to tense their faded appetites, have leaped to this opportunity.

So to be really smart you have to stay up all night. At the start it must be pointed out that Paris is in a world of its own. Tourists can never get a visa to that set, and the smart Parisians shun tourists like poison. They stay out of the tourist cabarets and that is why they have been so hard put to find diversion.

Montmartre is Dead. Montmartre is dead to Parisians. True, the lights still burn brightly on the hilltop, the girls dance with the same gay abandon, and negro jazz or Argentine tango lands sit on every doorstep, but even Montmartre knows that it is doomed.

Montparnasse is killing Montmartre, and Americans are to blame. The tourists have gotten off the beaten path of the "Grand Dub's tour," which used to climb around the hilltop of Montmartre, and they are now knocking about the Boulevard Montparnasse between two and four o'clock in the morning.

Just a few years ago Montparnasse began and ended at the corner of the Boulevards Raspail and Montparnasse. The two famous cafes, the Dome and the Rotonde, stood on opposite corners and were filled with artists of various callibers.

Commercializing Gayety. Now even the creameries stay open all night and once staid umbrella shops have given way to dance halls, paint shops to cabarets and Montparnasse is commercializing gayety for the tourists.

But smart Parisians do not go there. They have found amusement places still farther out. Not far from the fortifications in the Vaugirard quarter are several ballrooms and bars patronized by West Indies and Central African negroes. There the smartest of the smart Parisians trek every morning around three. There they find all the excitement their blasé appetites crave.

Paris at night, as it is advertised for tourists, is not exactly the Paris discovered by the real noctambules, men who boast they never see the sun, whose day starts at seven in the evening and goes on all night, and whose real pride is to discover something new in the way of pleasures.

In past ages night life consisted of a play, then to Neuilly for the fair, and on to Montmartre in the places where good "disseurs" used to sing French songs, with some witty side-cracks on the celebrities of the day. We still have some theaters of that kind but it is considered quite "bourgeois" to go there.

Night Life Changing. Night life in Paris is changing and the cafes of the Bohemian painters are transformed into night places for high society and millionaires. To make a success of a place it must not be too big; then cubist paintings on the walls, more chairs than tables and many more people than places to move.

Frequently charming places with good dancing floors, tasteful decorations, agreeable atmosphere, turn out to be perfect failures. In Paris the smaller the place is, the greater success it has. The newcomers must always have the impression that they are let in just because they are they.

It is interesting to watch how unknown back shops suddenly metamorphose into notorious night places where cars pour out millionaires from all parts of the globe, because night life in Paris has always had a strange fascination for foreigners.

Some Parisians take great pleasure in plotting their friends to an unknown place and after a few dances and drinks suggest to the owner a funny name for the place which the crowd adopts without protest from the owner.

These anonymous places are adopted by the people who are present and who bring along their friends, they shake hands with the owner, calling him Alfred or Gustave, and every one has a sort of paternal feeling toward the place until the day tourists hear about it, then the prices go up with an unthinkable rapidity. The god-father is treated like a poor cousin, making him hunt for another place. That is how the innumerable new night places which are springing up at every corner of Montparnasse can be explained.

Washington.—An extensive market news service for farmers and the agricultural trade of the Pacific Northwest will be established July 1 by the bureau of agricultural economics of the Department of Agriculture.

Humorist Won Fame

David Ross Locke (Petroleum V. Nasby) was an American humorist and satirist who was born in 1833 and died in 1883. He began his "Nasby" letters in the Findlay Jeffersonian in 1860 and continued them throughout the Civil war. They exercised much influence in molding popular opinion, upholding as they did the policy of the Lincoln administration. In later years the satire of the letters was aimed at President Johnson.

Our Wiring is Fireproof

Pasteurized Milk has more "kick" in it than any other drink!

Does that sound strange? It may but it is nevertheless true. There is more substantial nourishment in pasteurized milk than in any other food drink. Healthy people drink pasteurized milk because, in addition to its fine taste and its thirst-quenching power, it helps them to keep healthy. Sick persons are advised by physicians to drink pasteurized milk in order to regain their strength.

Yes, pasteurized milk has a "kick" to it; and unlike other drinks with a "kick," builds up the bodily tissues rather than tending to break them down.

In The Theatre

"THE GOOD-BYE KISS"

One of the spectacular highlights of Mack Sennett's nine-reel feature comedy-romance, "The Good-Bye Kiss," which is coming to the Penniman-Allyn theatre, Sunday and Monday June 16 and 17, is an unusual photographic feat, showing a burning airplane falling from the sky and crashing into the heart of a city below.

Different from any previous attempt of this kind, it is said, the plane is shown bursting into flame, and its downward course is followed by the camera in a vertical position. The flames diminish rapidly in size as the plane dives earthward, and the final flash of light, when the plane crashes, reveals in an outline of shadows the buildings and spires of the city. The effect thus achieved is astonishing and breathtaking.

"The Good-Bye Kiss" is replete with startling developments, beginning with a runaway horse pursued by a racing motorcycle, and ending with the explosion of twenty tons of dynamite. The picture is well balanced, however, for the spectacular bits are blended with a delightfully adroit mingling of romance and comedy.

"JOY STREET"

Nearly every screen player of prominence can look back on a certain picture as having given him (or her) the first "break" in the climb to fame. It is seldom, however, that this "break" can be foreseen, but in "Joy Street," Fox Films' sensation which is to be shown at the Penniman-Allyn theatre Thursday June 20, there are at least four almost unknown players whose names, it is predicted by critics, will be featured in the electric lights before many more months have passed.

Dorothy Ward, Jose Crespo, Marshall Ruth and Ada Williams are the four members of this quartette. Raymond Cannon, director of the film, claims that Miss Ward, a diminutive and piquant brunette, who appeared in only one previous picture and that in a small "bit," will be one of the bright stars of the Hollywood constellation within a short time. She enacts the role of Lois Moran's girlhood companion.

Jose Crespo abandoned his career as the foremost juvenile of the Spanish stage to try his luck in the movies, and he too has been in but one earlier film. As one of the three leading men opposite Miss Moran, Crespo's performance is winning the admiration of many critics.

Marshall Ruth, the "fat boy" of the comedy trio in the production, also is almost an "unknown," but his remarkable laugh-producing efforts make it seem certain that featured roles are not far off. Ada Williams, a winner of many beauty contests, also has her first "chance" in this film as the "man-crazy" girl, and her work is a guarantee of future fame.

Watch for these four players, and see if the critics are right. Sometimes they are!

"THE BIG DIAMOND ROBBERY"

Tom Mix, probably the most popular star of the screen for the past five years, and originator of the "new type" of western picture, is to be seen in his latest FBO production, "The Big Diamond Robbery," at the Penniman-Allyn theatre, Saturday, June 22.

Mix holds a position in the hearts of picture goers that few screen stars have been able to attain. He provides entertainment for old and young alike. Tom Mix always has striven to keep his pictures clean. He has always believed that feature should be uppermost.

Tony, the wonder horse, favorite of the children and grown-ups alike, is still to be seen with Mix. This pair has been inseparable throughout Tom's long career as a western star and his horse is greatly responsible for the large measure of success the actor has attained in attracting his millions of film fans. "The Big Diamond Robbery" gives both Mix and Tony a chance to demonstrate even more difficult feats than has characterized their work in previous pictures.

The plot concerns the efforts of Mix, the foreman of a "dude ranch," to recover the famous Regent diamond, stolen from the daughter of the ranch owner. The stone is recovered only after a series of the most sensational episodes, which give Mix a chance to exhibit every trick at his command.

In support of Tom Mix will be seen Kathryn McGuire, selected by James Montgomery Flagg, famous illustrator, as the most beautiful blonde in America; Barney Furey, well known western character actor; Martha Mattox, featured player in a score of outstanding motion picture productions, and Frank Beal, former Hollywood director.

"The Big Diamond Robbery" was adapted from the story by Frank Howard Clark, and was directed by Eugene Forde.

Work It Out Yourself

Strange are the uses of the English language. A young woman was grumbling that she had been deprived of a bit of sight-seeing by the fact that a friend had got married secretly. Said her brother "Well, I suppose a man can do as he likes. His wedding's his own funeral, anyway!"

Women Travel Many Miles

HOUSEHOLD TASKS SOMETIMES MADE BURDENSOME BY SPACING OF WORKING EQUIPMENT

The old fashioned treadmills which derived their power from the continuous walking of animals which never got anywhere have been discarded but housewives still go on extensive walking tours which never take them beyond the kitchen, according to statements by Michigan State College home management specialists who accompany a traveling kitchen built to show methods of saving steps.

A rearrangement of the position of kitchen equipment sometimes saves busy mothers the task of walking hundreds of additional miles each year. One woman walked 250 miles while doing household tasks one month.

Farm kitchens are often large and the working equipment is usually placed to look well instead of being grouped to save steps. When a distance of several steps separates the stove, the work table, the sink, and the cupboards, the labor of preparing family meals is increased unnecessarily.

The model kitchen which is mounted on a truck has been arranged to enable the work to be done with the least possible steps. Lighting systems, water systems, and a complete bathroom are also carried on the truck which will visit many Michigan counties this summer.

Counties which will be visited are Gladwin, Bay, Arenac, Insko, Alpena, Oscoda, Alpena, Presque Isle, Cheboygan, Otsego, Monthomery, Crawford, Roscommon, Ogemaw, and Clare.

Today's Reflections

The Plymouth girl who is courted in a kitchen generally knows what to do in one after she gets married.

Maybe one reason why we don't have women presidents is that few of them ever reach the required age.

Talking about efficiency, it once took a couple of sheep a year to make a woman's dress. Now a silk-worm does it in a few minutes.

How many Plymouth men can recall when they used to get a quarter's worth of pins out of every dollar shirt they bought?

Women are taking over a lot of jobs once delegated to men, but we notice they still let the men dig the fishing worms.

One nice thing about a radio is that no one ever comes in on the line and says "Guess who this is."

Half the fun some people get out of going to church is sitting around after it's over trying to guess who the preacher was hitting at.

Ever notice that the only time some Plymouth men don't spend money foolishly is when they are broke?

Man is such a conceited animal that he never believes his steady would like for him to go home so she can get a little sleep.

Why is it that when a Plymouth man breaks down because he doesn't take care of himself his wife always blames it on overwork?

When some fellows talk about the "pull together" spirit they usually want all the pulling done in their interest.

Money may talk, but it seems to us that this day in time the dollar ought to be equipped with a loud-speaker.

Who ever expected to see the time when a Plymouth girl would refuse to go to the grocery for her mother simply because she had a hole in the knee of her stocking?

If love wasn't blind a good many homely women and brainless men would still be single.

They say the most happiness comes from trying to live to see the day when girls would get sun-burned in the places they do now?

The first shock to a June graduate is to find out that most of the jobs are passed out by "old fogies."

LIVONIA UNION CHURCH
"The Church with a Friendly Welcome"
Rev. I. Paul Taylor, Pastor.

CATHOLIC NOTES

Sunday is Holy Communion Sunday for the Ladies of the parish. The children will make their First Solemn Communion the last Sunday of this month. Instructions are given to these children each Saturday morning at 9:30 o'clock.

The parish wishes to congratulate all the graduates of the local High school, and especially the members of the parish. Alvin VanBonn, Lorraine Corbett, Sarah and Christine McLellan.

Nethem baseball team easily defeated the West Warren aggregation last Sunday 15 to 2. Next Sunday the strong Liberty A. C. of Detroit will journey to Newburg to cross bats with Nethem. The Liberty boys have a very good baseball team and are rated among the class A teams. All are welcome to attend the games, and support the team.

The pastor will be on retreat at Sacred Heart Seminary next week. Flowers are always accepted to adorn the altars of the church.

The Rev. J. McMillan, a newly ordained priest spent a day with the pastor this week.
How about your M. C. envelopes? June will soon be over. Be inscribed on the calling list.

METHODIST NOTES

"Give unto the Lord the glory due unto his name; worship the Lord in the beauty of holiness."—Psalm 29:2.

The pageant, "On the Road to Happiness," under the direction of Mrs. O. B. Borck has been postponed until the evening of June 23rd, on account of the inability of the children to get together to practice.

We extend a cordial invitation to all to join us in our delightful mid-week worship period Wednesday evening from 7:15 to 8:00 o'clock.

The L. A. S. and the Missionary Societies having completed a satisfactory and profitable year's work, will not convene during the summer, but will resume work again in September.

The Junior Missionary children completed their year's activities with a meeting in the park Tuesday afternoon. There were fifty-four present, and after enjoying several games they were served with cookies, cake and frost-dites, a treat furnished by the Senior Missionary society. Their next meeting will be in September.

The Booster Class are requested to meet at the church at 6 o'clock today (Friday) for their monthly "get-together." The weather being suitable cars will take them to Cass Benton Park where their cooperative supper will be served.

ENTERTAINS PHILATHEA S. S. CLASS

Miss Hattie Holsington entertained the Philathea S. S. class at her home on Union street, Friday afternoon, in honor of Mrs. I. N. Dickerson and her sister, Mrs. W. S. Brown of Brewster, Kansas, who is a guest at the Dickerson home.

A most enjoyable afternoon was spent in a social way and a unique demonstration of the church and S. S. was given by the use of the hymn, "Blest be the tie that binds." A number of readings, appropriate for the occasion, were also given. A dainty lunch was served.

Christian Science Notes

"God the only Cause and Creator" was the subject of the Lesson-Sermon in all Christian Science Churches on Sunday, June 9.

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "The Spirit itself beareth witness with our spirit that we are the children of God" Romans 8:16).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Every concept which seems to begin with the brain begins falsely. Divine Mind is the cause or Principle of existence. Cause does not exist in matter, in mortal mind, or in physical forms" (p. 262).

St. Peter's Lutheran

From now on REGULAR English services will be conducted, beginning every Sunday morning at 10:30. A German service will be held at 2:30 in the afternoon on Sunday, the 23rd of June, at which service we will decide as to future service in German.

The Sunday school has been organized, and classes will begin Sunday morning at 9:30. Bring your children and let them learn to know their truest friend and saviour! He himself asks you to bring them to Him, when he says: "Suffer Little Children to Come Unto Me, and Forbid Them Not. For of Such is the Kingdom of God. Verily I say unto you, Whosoever Shall Not Receive the Kingdom of God as a Little Child, He Shall Not Enter Therein and He Took Them up in His Arms, Put His Hands Upon Them, and Blessed Them."—Read Mark X, 13-16.—"For the Promise is Unto You, and To Your Children, and To All That Are Afar Off. Even as Many as the Lord our God Shall Call."—Read Acts 11, 30.

The Young People's society was re-organized Thursday evening at the Young People's Bible Society, and will meet in the future regularly every other week. The programme is to comprise one hour of Bible study—from 8 to 9 with an hour and a half of games, entertainment, and refreshment following. YOU are invited! Come! Bring your boy friends and your girl friends, and spend an evening with us at wholesome diversion!

We made a wonderful beginning last Sunday; the church was filled to the doors; let us meet YOU there again; and bring your family and your friends! Bring also your sin and your worries and troubles; and remember, the Lord Jesus said: "Come unto me, all ye that labour and are heavy laden; and I will give you rest."—Read Matthew XI, 28.

BAPTIST NOTES

There will be no evening services at the Baptist Church Sunday due to the union Baccalaureate Service, at the High School.

At the business meeting of last week definite action was taken in regard to the remodeling of our church. The work to be done will include a new furnace; complete remodeling of the basement into class rooms, kitchen and dining room; redecorating upstairs and new pews. This work will be started immediately.

PRESBYTERIAN NOTES.

The meeting of the Ready Service Class has been postponed for one week.

Evening service will be discontinued until Sunday September 8th. At 8 p. m. o'clock Sunday the congregation will join in the Baccalaureate service at the High School. Rev. Oscar J. F. Seitz will be the preacher.

SOME SUMMER READING SUGGESTIONS FOR BOYS AND GIRLS.

Most boys and girls of any age over ten—and a good many clever younger ones—have already discovered how much pleasure a few good books can add to a summer vacation. The days when heavy rain makes reading a first-rate indoor sport, or the afternoons when the heat makes very attractive a shady spot outdoors, you will look back upon afterward as some of the best hours of your vacation.

Choose for your reading this summer books which will give you a "permanent thrill" that is, books you will look back to all your life with pleasure, remembering vividly the hour and the place where you first read them. These are the books you will want to own and re-read.

We suggest below some titles which we believe will give you this sort of thrill. How many of them have you read?

Wind that wouldn't blow, by Chrisman.
Swords of the Vikings, by Adams.
Gay-Neck, by Mukerji.
Tales from Silver lands, by Finger.
Nicholas, a Manhattan Christmas story, by Moore.
Smoky, by James.
Moby Dick, by Melville.
White Company, by Doyle.

The vacationist is entitled to special book-borrowing privileges at the Public Library. Beginning June 1st, each borrower may take books with him on his vacation and keep them until September 1st.

Defining Magnetism

Magnetism is defined as "the power of attraction, electrically speaking." It means that the molecules of a magnetizable body have their axes parallel, thus making a closed electric current around each body.

First Impression Counts

A man's fortune is frequently decided by his first address. If pleasing, others will at once conclude that he has merit; but, if ungraceful, they decide against him.—Lord Chesterfield.

Methodist Episcopal Church

Dr. F. A. Lendrum, Pastor

10:00 a. m.—"Expanding Areas"

The male quartet will sing.

11:30 a. m.—Church-School

Union service in high school auditorium—Baccalaureate sermon by the Rev. Mr. Seitz.
