

## THIRTIETH ANNUAL ALUMNI BANQUET A SUCCESS

### Many Former Graduates Enjoy Banquet and Program At High School Auditorium Last Friday Evening

The thirtieth annual Alumni Reunion and Banquet of the Plymouth high school, was held in the auditorium Friday evening, June 21. At 6:30 the ladies of the Presbyterian church served a delicious dinner to three hundred members and friends. The tables were decorated in the school colors, blue and white, and were made attractive with blue candles and white pennants. After the alumni had assembled in their various class groups, the graduating class of '29 marched to their tables, and there was many a quick heart throb as the older members watched these sixty-two fine young men and women, the largest class ever graduated from Plymouth High.

During the dinner, many songs were sung led by Calvin Whipple with Carlina Penney at the piano. Then the younger crowd began the recent popular stunt of calling for certain individuals to stand, and tribute was paid to many with a great deal of applause.

The business meeting was quickly and efficiently conducted by the president of the association, Gladys Schrader of the class of '23. The following officers were elected: President, Perry Richwine, '23; vice-president, Evelyn Schrader, '27; secretary-treasurer, Margaret Dunning, '29.

Miss Schrader then introduced Kenneth Bartlett, '23, as toastmaster for the evening, and a most entertaining one he proved to be. The welcome to the class of '29 was extended by Flora Whitbeck-Rathburn. In her usual charming manner, Mrs. Rathburn addressed the new alumni and compared the number with her own class which had consisted of ten members. She outlined the duties and responsibilities of an alumnus, and charged each member to heed well the path which he must choose.

Mr. Bartlett announced that the next number was not printed on the program as the member had been secured at the last minute. Pierre Kenyon, class of '25, who has been singing at the Grand Riviera theatre, delighted everyone with the three numbers which he selected. Pierre has just signed a fifty-five week contract with Fox Theatre Corporation, and will tour the entire United States from coast to coast. Plymouth Alumni extend their congratulations.

Elmore Carney, who has been president of his class during their four years in high school, responded to the welcome from the association, and stated that each member of his class was eager to serve to the best of his ability, and thanked the alumni for the cordial reception. The sixty-two graduates then stood and sang their class song, and at its conclusion many handkerchiefs were in evidence. This class has always been a most united one, and their achievements in all branches of school life are many. Plymouth is justly proud of them.

The toastmaster next stated that he believed that the excellent attendance this year was due to the presence of one of the finest young men ever graduated from Plymouth, the only alumnus who has ever attended the United States Military Academy at West Point, New York, Cadet Hickey, better known as Ted. When he stood up, dressed in his trim uniform, he received a big hand, as his class of '27 had turned out en masse to greet him. After the applause had subsided, Ted gave a brief resume of his life at West Point. Every moment of the day is scheduled, and life is one round of bugle calls. The training is very rigid, and intensive, and the studies are extremely difficult. Honor is stressed most of all characteristics, and the honor system of the camp is known the world over. Ted is very reserved, and not even his immediate family knew that he has won several medals of distinction, until they found them among his other possessions.

Forrest Habert, '25, sang a group of songs in his interesting bass voice, "Out of the Deep" by Lohr, and "Turnkey's Song" by DeKoven. He was accompanied by Ruth Allison, '27. The wonder grew and grew as Forrest continued to reach those very low notes.

Kenneth then introduced the speaker of the evening, Clifton Jackson of the class of '07. Mr. Jackson is one of the most prominent of the Plymouth Alumni, and has an enviable record as secretary of the Chamber of Commerce of New York City. His topic was "Impossible is Un-American." He compared various years, various industries and inventions, proving that in this great land of ours everything is possible. He urged the graduates to be serious, to concentrate on their life work. He stated that if he might, he would build a television so they might see all of the future with its experiences, its shortcomings, its possibilities, and thus make their choice immediately, and so become more productive and efficient. He concluded with the thought that the ultimate aim of every individual is to find a perfect peace, and only through God is this possible.

able record as secretary of the Chamber of Commerce of New York City. His topic was "Impossible is Un-American." He compared various years, various industries and inventions, proving that in this great land of ours everything is possible. He urged the graduates to be serious, to concentrate on their life work. He stated that if he might, he would build a television so they might see all of the future with its experiences, its shortcomings, its possibilities, and thus make their choice immediately, and so become more productive and efficient. He concluded with the thought that the ultimate aim of every individual is to find a perfect peace, and only through God is this possible.

Kenneth thanked the class of '29 for their wonderful gift to the school, an ivory statue of Abraham Lincoln. Margaret Dunning explained that this choice was made because of their desire to leave something of value, something that would influence the students to better and cleaner thoughts and deeds, and give them the incentive to achieve worthwhile things.

"America" was a fitting close to this interesting program.

### Held a Most Enjoyable Meeting

The Business and Professional Women's Club of Plymouth held an enjoyable meeting in Detroit, Tuesday evening, June 25th. Eighteen members of the club dined at "Dixie Land" and held their usual business meeting, after which Judge Patterson, one of the members of the club, gave a very interesting talk on her experience in court work. The members not only gained some insight into the procedure of the justice court, but were also amused and entertained by reminiscences of her early experiences in this work.

After adjournment of the meeting, the members were free to spend the evening at the theatre or calling on friends.

There will be no further regular business meetings of the club until September. However, the members will keep in touch with each other through the summer months through informal gatherings, various sports and study clubs.

### PLYMOUTH FOLKS SAIL FOR EUROPE; EIGHT COUNTRIES TO BE VISITED.

Mrs. Bessie Dunning and daughter, Margaret, Miss Helen Roe and Miss Rhea S. Peck left last Wednesday afternoon, June 26th, for Montreal, Canada, where they embarked on the ocean liner, Steamer Duchess of York, for a summer's tour of the European continent.

Under the guidance of Mrs. Nellie B. Cadwell, who is secretary for women on the campus of the University of Michigan, and who will act as business manager and hostess of the tour, these Plymouth people will visit England, Scotland, France, Germany, Switzerland, Italy, Holland and Belgium.

They expect to return to Plymouth about September 1st.

### SATURDAY LAST DAY TO REGISTER FOR SCHOOL ELECTION.

Saturday, June 29th, is the last day for registration for the coming school election to be held July 8th, and all who wish to vote at that time must register. Miss Lina Durfee will be at the Central high school building office between the hours of 8:00 a. m. and 8:00 p. m. Don't fail to register if you have not already done so.

### DETROIT ORGANIST GETS DEGREE

Miss Olive May Merx received her bachelor degree in organ, piano and theory, from the Detroit Institute of Musical Art. She will resume her study in September, working to receive her master's degree.

## COAST TO COAST KIWANIS OBSERVANCE

ALL 1824 CLUBS MET AT SAME TIME; OVER 101,000 PARTICIPATED.

Joining simultaneously with Wayne the 1824 Kiwanis clubs and 101,000 members all over the United States and Canada, local Kiwanians observed "All Kiwanis Night" on Monday evening, June 24, at 6:30 p. m. This meeting by all the clubs on the North American continent, was observed in recognition of the 14th annual convention in Milwaukee, June 22 to 27, and for a united expression of tribute to the fellowship and accomplishments of the organization during the past year.

The local club with Wayne and the 1823 others arranged for the Zero Hour period when all Kiwanians from the Atlantic to the Pacific assembled for a "Fellowship Moment of Silence" which was held simultaneously throughout the United States and Canada.

A message to the clubs by the president of Kiwanis International, O. S. Cummings of Dallas, was read at Monday night's meeting. This was the sixth time in the history of Kiwanis that such a meeting was held. At the Denver, Salt Lake, Montreal, Memphis and Seattle conventions similar observances marked the opening activities.

This was the third consecutive meeting held jointly with the Wayne club on the annual Kiwanis night. It will be remembered that the Wayne club was sponsored by the Plymouth club.

The program consisted of numbers rendered by the High School double quartet, accompanied by Miss Gladys Schrader at the piano. The Wayne club sang a parody to the tune of "In the Good Old Summer Time," thanking Plymouth for having started their club for them. A very pleasing vocal number was rendered by twelve year old Junior Zimmerman, of Detroit. He is a very pleasing little artist, and all enjoyed hearing him sing.

The address of the evening was delivered by Professor Carl Pray, professor of history at the Ypsilanti State Normal College. He chose as the subject, our policy in the Caribbean area. The subject was very appropriate inasmuch as one of Kiwanis' objectives is to promote an intelligent, progressive and serviceable citizenship through a better understanding of public problems and fundamentals of government.

International President O. S. Cummings' message was as follows: "We live in an age of restlessness, of appraisal, of reevaluation, an age of vigorous search for the truth in the field of the spiritual as well as material."

"Kiwanis is a modern experiment in the field of the human and spiritual, using as its laboratories North American communities, and as the subjects of its experiments the representative business and professional men of those communities. Kiwanis is in turn the object of rigid scrutiny by its own members and the world at large."

"Members of Kiwanis are picked men. They are recognized leaders in their respective vocations in all communities. They are respected citizens interested in making city or town, state or province and the nation a desirable place to live. They are interested in their fellow men, especially the unfortunate and underprivileged."

"Since these are days of hostility to superfluous organization, which only those institutions of proven value to society will survive, what justification is there for the existence of Kiwanis?"

"Only so long as Kiwanis builds in the field of the human and spiritual only so long as the product of our building is better men, better business, better communities and a better society, will Kiwanis justify its existence."

### BRAE BURN GOLF COURSE OPENS JULY 4TH.

The Brae Burn Golf has just completed a sporty nine-hole course on their property located on the Five Mile road, just over the Washtenaw county line and will celebrate its formal opening on July 4th.

Nine holes with permanent greens will be put in play on opening day and the club has plenty of available space for another nine hole course upon which construction is now progressing.

A pro-house has already been constructed on the club grounds and the services of a professional has been secured. The club at present has a membership of about 150. The course was constructed by Walter Reid

## JUNE WEDDINGS

### GARLETT-SHATTUCK NUPTIALS READ, JUNE 22ND.

At a ceremony of beauty and dignity, Miss Ruth Mildred Shattuck, daughter of Mr. and Mrs. Harry S. Shattuck, and Charles Henry Garlett, son of Charles E. Garlett of Beamsville, Ontario, Canada, spoke their nuptial vows June 22nd, at the home of the bride's parents. The ceremony which was witnessed by about 125 guests, was performed by Rev. Walter Nichol of the Plymouth Presbyterian church.

The large rooms of the Shattuck home formed a lovely background for the wedding, with varicolored blossoms used profusely about the rooms. An improvised altar was arranged at one end of the large living room, where roses and huge baskets of peonies formed the background for the bridal party.

"Bennie" who was escorted down the aisle by her father, made a lovely picture in her bridal robes of lustrous white satin. Her gown was cut with a long fitted bodice, simply adorned with a yoke of chautauque lace, and the skirt, cut circular, was fashioned with an uneven hemline, falling in the back into a train. From the close-fitting cap of chautauque lace and filmy tulle, held to her head by clusters of orange blossoms, fell a voluminous veil. She carried a shower bouquet of bridal roses and delphinium.

The bridesmaids, Miss Dorothy Dibble of Plymouth, and Miss Wanda Shatta of Detroit, wore gowns of shell pink and apple green crepe de chene, sleeveless and fashioned also with the uneven hemline. Their slippers matched their gowns in color, and they carried bouquets of pink premier roses.

Six girls, Mrs. Jacob Stremich, Mrs. Harmon Fritch, Misses Marion Kieley, Margaret Dunning, Merle Roe and Thelma Peck acted as ribbon holders for the bridal party to pass through. These girls were dressed in quaint organdy pink and green dresses, fashioned much like those of the bridesmaids.

Little Dorothy Ann Richard, in her sweet way, led the procession to the place of the ceremony, strewing rose petals along the path. She was in green silk, with many little pink bows.

Miss Gladys Schrader, in her accustomed place at the piano, played the strains of both Lohengrin's and Mendelssohn's wedding marches.

The guests were entertained by William Kellar of Pontiac, accompanied by Albert C. Crowe, organist of the First Presbyterian church of Pontiac. Their numbers were "A Brown Bird," "Your Song From Paradise," and "O, Promise Me."

For her daughter's wedding, Mrs. Shattuck wore a gown of orchid chiffon, with slippers of the same shade. A shower bouquet of roses and gypsophylla completed her costume.

Mr. and Mrs. Garlett left after the reception for Canada, where they are guests at Bigwin Inn, Lake of Bays, north of Toronto. For travelling, Mrs. Garlett wore a navy blue ensemble, with matching accessories.

The out of town guests who attended the Garlett-Shattuck wedding, were: Mr. and Mrs. Gordon Pennington and daughter, Helen, Mr. and Mrs. George Knapp, Mrs. Helen Kearns, Joe Amel and Herbert Hasford of Detroit; Mr. and Mrs. W. F. Richard of Washington, D. C.; Mr. and Mrs. F. H. Shattuck of Lansing; Mr. and Mrs. William Keller of Pontiac; Mr. Crowe and Mr. and Mrs. Clyde Peterson of Flint; Mr. Garlett and Mr. and Mrs. Harry Reed of

### Beamsville, Ontario; Mr. and Mrs. Harmon Fritch of Oxford, and William Graham of Kentucky.

### ROSS-ASMAN

The Methodist Episcopal church, Ann Arbor, was the scene of a beautiful but simple wedding at eleven o'clock Saturday morning, June 22, which united Miss Margaret Asman, daughter of Mr. and Mrs. W. A. Asman, and Miller Ross, son of Mrs. Sarah Ross of this place. Dr. Stalder read the nuptial service in the presence of a large number of friends and members of the family. The church was decorated with large baskets of white roses.

Miss Asman was a lovely bride as she advanced to the altar on the arm of her father, wearing a gown of white tulle and wreath of orange blossoms encircling her head, from which flowed a dainty tulle veil.

Miss Helen Bronson of Detroit, was maid of honor, wearing a pink gown and a large rimmed hat to match. She carried a bouquet of roses. Donald Sutherland of this village, served as best man.

After the ceremony, members of both families attended the wedding breakfast at the home of the bride's parents.

The happy couple will return to their home on the Ann Arbor road, after a short honeymoon in Cleveland.

### MORROW-BENNETT

At the home of her sister, Mrs. George S. Burr on Sheridan avenue, Miss Marian Aleathia Bennett, daughter of Mrs. Paul L. Bennett, became the bride of John Paul Morrow, son of Mr. and Mrs. Andrew Morrow of Cheboygan, Monday afternoon, June 24. The beautiful Episcopal double ring service was read at four o'clock by Rev. Oscar J. F. Seltz, rector of St. John's Episcopal church.

The bride, who was given in marriage by her grandfather, Sewell Bennett, was lovely in a gown of white tulle made with a tight bodice and very bouffant skirt banded with organdy. A large cape collar took the place of a veil, and a head band of tulle was fastened with orange blossoms. Her bouquet was a colonial shower corsage of white rosebuds and lilies of the valley.

The maid of honor, Miss Flossie Pangborn of Bad Axe, wore a bouffant gown of pale green tulle faced with orchid, and carried a colonial bouquet of white roses and lavender. The bridesmaids, Miss Mildred Peterson of East Lansing, and Mrs. Irwin Pierce of Plymouth, were gowned in a style similar to that of the maid of honor. Mrs. Pierce wore yellow tulle faced with blue, and carried yellow roses; Miss Peterson's gown was of peach tulle faced with blue, and her bouquet was pink roses.

Arle Rogers of Cheboygan, attended Mr. Morrow as best man. Mendelssohn's wedding march was played by Miss Helen Fish as the wedding party assembled before the fireplace banked with daisies and larkspur. During the service, the soft strains of MacDowell's "To A Wild Rose" were heard.

Following the ceremony, a buffet luncheon was served. Mr. and Mrs. Morrow left for a motor trip through the upper peninsula, and after July 6, will be at home at 18255 Midland road, Rosedale Park, Detroit. For her "going away" costume, the bride chose a smart black silk traveling outfit with which she wore an eggshell

### blouse and a close fitting hat of black straw.

Out of town guests at the wedding were: Mr. and Mrs. Walter S. Bennett, Grosse Point Park; Misses Ruth and Geraldine Andrus, Findley, Ohio; Miss Louise Stoner, Monroe; Miss Grace Carothers, Durand; Miss Ernestine Cameron and Miss Henrietta Scovill, Lansing; Miss Pauline Massey, Jonesboro, Indiana; Misses Eleanor and Margaret Rainey, Birmingham; Miss Helen Boucher, Cheboygan; Harvey Patterson, Detroit, and Miss Arla Pangborn, Bad Axe.

Numerous affairs have been given for Mrs. Morrow since her engagement was announced by her mother, Mrs. Paul L. Bennett, at a lovely luncheon and bridge at the Hotel Mayflower on April 20. Among them was a miscellaneous shower on May 11, by Miss Flossie Pangborn and Miss Mildred Peterson at the home of the latter in East Lansing. Miss Helen Fish entertained with a miscellaneous shower at her home on Harvey street, Plymouth, on May 30. Miss Lucille Dickerson gave a lovely kitchen shower on June 15, at Mrs. Bennett's home on Golden road. The teaching staff at the Howell High School, where Mrs. Morrow has been teaching for the past year, gave a bridge dinner at the Hotel Oaks in Lansing, for several brides to be, including Mrs. Morrow.

### SUTHERLAND-COE

Donald Sutherland, who with his father, Wm. Sutherland conduct the Sutherland Greenhouse, Inc., and Miss Juanita Coe of this place, were married in the chapel of the Woman's League building, Ann Arbor at 8:00 o'clock Thursday evening. The bride graduated from the U. of M. this year. A full account of the wedding will appear in next week's Mail.

### GRIMM-REDDERMAN

Raymond Grimm and Hazel Redderman, daughter of Mr. and Mrs. William Redderman of this place, were married in the Lutheran church of Plymouth, June 25th, Rev. E. Hoenecke performing the ceremony. Carl Faustman of Dearborn and Elsie Krauter of Plymouth attended them. The church was decorated with flowers, and the bride was very attractive in a white georgette dress and carried a large bouquet of white roses. The groom is a son of Henry Grimm, Sr., who reside on the Ann Arbor Trail where the newly wedded couple will reside.

### TRUMBULL-CARPENTER

Mrs. Mae Carpenter of Belleville, announces the marriage of her daughter, Flora Mae, to Alton C. Trumbull, formerly of Plymouth. The ceremony was performed by Rev. S. Conger Hathaway of Ypsilanti June 22nd. They were attended by Della Weber of Wayne, and Kenneth Williamson of Detroit. They will be at home to their friends at 15356 Sorrento Ave., Detroit.

## Gas Company Builds Another Hortonsphere

The steel erection crew which arrived in Plymouth the other day is not building a huge steel baseball, but another Hortonsphere gas holder to improve the service in the city. The first one was built in the summer of 1926 to store gas at high pressure and the one now under construction will serve a similar purpose for our growing community.

Hortonsphere gas holders are being used by a number of gas companies to provide better service for the customer. These steel spheres can be installed as the need arises, and due to their small size and pleasing shape can be conveniently located in practically any part of a city. They store up gas at high pressure during hours when the demand is not great. This reserve is then available to feed into the mains and carry peak loads. It assures a good pressure when a large number of people are using gas, such as at noon or early evening.

The holder now being built has a diameter of 45 feet and when completed will store 146,000 cubic feet of gas at a pressure between 5 pounds and 50 pounds. The large steel plates were cut out and shaped at the fabricating plant and are now being riveted together in the form of a ball by the steel workers.

Foreman W. J. Lawson, an experienced steel worker of the Chicago Bridge & Iron Works, is in charge of the erection work. The steel for both Hortonsphere holders at Plymouth has been fabricated by the Chicago Bridge & Iron Works at their Chicago plant.

### COPY EARLY NEXT WEEK!

On account of next Thursday being the Fourth of July, and a holiday, it will be necessary that we have copy early next week. Please bear in mind to have copy in this office by Tuesday noon.

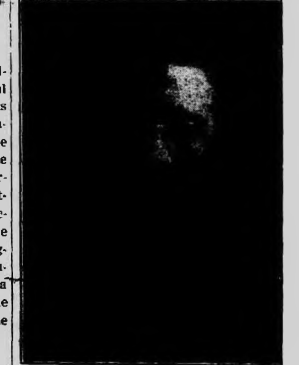

## PLYMOUTH WOMAN AUTHOR OF BOOK

A 250 PAGE TEXT BOOK HAS JUST BEEN ISSUED BY GINN & CO.

Mrs. Ruth E. Huston-Whipple is author of a 250 page text book, debating for high schools, which has just been published by Ginn and company of Boston and Chicago. Six of the eight chapters in the book and four of the five appendices have been written by Mrs. Huston-Whipple; the three remaining parts were written by Prof. Ray K. Immel for the past four years Dean of the School of Speech, University of Southern California at Los Angeles.

For ten years before going to California Prof. Immel was Professor of Debate and Public Speaking at the University of Michigan, and founder of the Michigan High School Debating League in 1917. He is also a charter member and a former president of the National Association of Teachers of Speech.

Mrs. Ruth Huston-Whipple graduated from Plymouth High school in 1913 after which she studied speech at Mount Holyoke College in South Hadley, Massachusetts and at the University of Michigan, where she was the first woman to try out for the debating squad; was a charter member of "Athens," the first woman's debating society at the University and was its first president.

RUTH HUSTON-WHIPPLE

Since her graduation from the University in 1918, she has taught debating and public speaking in the high schools of Durand, Plymouth and Detroit Northwestern. During that time her debating teams have won four city championships in debate, two state championships, one a second place in the state contest, and three other years have advanced to the semi-finals.

Her debating teams have won 92 out of 100 decision debates in the past eleven years. This is a record thus far unequalled by any other coach in the state. In 1925 Ruth Huston-Whipple was awarded the degree of Master of Arts on Public Speaking at the University of Michigan. She has been both secretary and president of the Michigan Association of Teachers of Speech and is at present treasurer of the Detroit Association of Teachers of Speech.

She has also had articles published in the quarterly journal of speech education, A national publication. The book, Debating for High Schools, is the result of the long and varied debating experiences of the two authors.

Ginn and Company, its publishers, have this to say of the book:

"Debating for High Schools is a well-organized, simple, straightforward textbook for the guidance of debaters and debate coaches. Every essential of fact-gathering, brief-making, argumentation, delivery, and judging is explained at length and in due proportion. In true debating spirit, the authors convince the student of every rule they give. The ideals of honesty, independence, courage, and an open mind are constantly upheld. Throughout the book there is insistence on reasonableness, accuracy, and fair interpretation of fact.

To encourage debating in schools and clubs, and to maintain the dignity and importance of formal discussions of public affairs, Immel and Whipple's book is recommended as an efficient and inspiring guide.

## Inter-County League

Inter-County League Plymouth Merchants were defeated at Clarkston, last Sunday. Maskery and Quinn were entitled to a win, but poor support turned the game against them. Plymouth will play West Point at Burroughs field, Sunday, June 30th, at 8:00 p. m. The management has added a number of good players and you may look for a good game.

## Registration Notice

Miss Lina Durfee will register voters at the Central High School office between the hours of 8 A. M. and 8 P. M., on Saturday, June 22, and Saturday, June 29.

This is a new registration and all who wish to vote at the school election, July 8, MUST register. Those who may register and vote at the above election are:

First: Citizens of the United States of the age of 21 years, male or female, who own property which is assessed for school taxes in the district.

OR

Second: Citizens of the United States of the age of 21 years, male or female, who is the parent or legal guardian of any child of school age included in the census of the said district and who has resided in said district for three months next preceding said election.

## Notice To Our Patrons!

The Penniman-Allen Theatre at Plymouth will close for the months of July and August. This is made necessary in order to make changes to provide for the installation of sound and talking equipment. We have always tried to give our patrons the best in entertainment and will continue by purchasing the most up-to-the-minute sound equipment on the market.

The Northville theatre will continue its regular policy of three changes a week—Sunday, Wednesday and Saturday.

We will hope to see you all the first of September and expect to have a real treat for you.

#### FARM BOYS AHEAD

We see in an exchange that of the 700 students at the Chicago Aviation Training School, 97 percent are from the farms and smaller towns. As this air-training school has one of the largest enrollments in the country, the figures may be considered representative. Aviation appeals more strongly to the young fellows of the farms and in towns like Plymouth than to the "city slicker" who is a demon in a roadster but shies at taking both feet off the ground. "Lindy" probably is to blame for their interest in flying, but after all flying is to become a big industry and probably is no more dangerous than traveling in a motor car. It does demand steady nerves, alert intelligence and physical fitness, and it speaks volumes for life in our smaller towns and on our farms where these requirements are to be found in far greater abundance than in our large cities.

#### SHOW YOUR BOY THIS

We've often wondered why people want to be crooked when there are so many legitimate ways to make money. We don't believe there ever was a time or place when straight living could be made to pay so well as in the U. S. right now. Opportunity is knocking at every young man's door, and the Plymouth boy who complains that he "hasn't a chance" is dead wrong and asleep to everything going on about him. Each sunrise sees some new enterprise established calling for skilled workmen and good executives. It also sees most of the older enterprises growing bigger. This year we will make nearly a million more autos than we made last year, and there's no reason to suppose we'll do less next year. This means more garages, more filling stations, more tires and more travel. Every other industry is growing jobs in proportion. We fell sorry for the boy who can't hear old opportunity's knock, and especially those whose lives are still ahead of them. They have a hard road to travel unless they wake up.

#### PLYMOUTH FORTUNATE IN SECURING THIS INDUSTRIAL ENTERPRISE

The coming of the Mack Craft amphibian to Plymouth should mean the birth of many more such companies. The life blood of the merchants is the support of the farmers, but if the merchants have industry to depend upon it is indeed an ideal condition.

Wichita, Kansas, has been referred to as the weighing scales for the wheat growers, but today it has taken on a new name which has brought to that city many thousands of skilled laborers and they are now preparing to build a six-story air craft building to be used exclusively for the air craft builders.

The city of Wichita is considered to be the air capital of the United States. There are over fourteen air craft company centers there and all doing a healthy business. Most of them are the off-spring of the Travel Air Company.

The aeroplane business today is in the same condition that the automobile industry was twenty years ago, and the aeroplane will profit by the refinements of the automobile. It will not be necessary for the aeroplane industry to operate over a period of twenty years to have a refined, comfortable, luxurious cabin for its air passenger travelers, as they can take examples from the railroad coach, the cross country stage bus and the sedan automobile. The aeroplane will accomplish as much for itself as the automobile over a period of twenty-five years.

The Mack Craft amphibian has not been founded from a quick conclusion, but has been the accumulation of several years of experience. R. U. McIntosh, president and general manager of the company, has operated several different makes of aeroplanes and has just completed a very extensive air tour which took him to the most leading air craft companies in the United States. The amphibian will not be an experiment, but will be a refined, conveniently built flying yacht that offers the maximum safety, comfort and convenience to the air travelers.

We should be thankful that this company has selected Plymouth, and should direct our efforts to bring others.

#### THE GLORIOUS FOURTH

Uncle Sam's children, more than a hundred million of them, are again preparing to celebrate his birthday—the one big patriotic holiday of the year that the whole world has come to know as the "Glorious Fourth."

It doesn't make much difference where Americans happen to be on this holiday, nor how old or how young they are, the heart swells with pride on this occasion. The youngster who hasn't reached his teens enjoys the spirit of the occasion, though he may not yet know what it is all about. Those of maturer years, versed in the history of their nation, see a new meaning in the day as each year rolls around and finds us at peace with the world and striving to preserve it among all other nations. The foreign-born, who has adopted this as his land and in which he, too, can have his home and rear his family, knows that the birthday of the stars and stripes is an all-important event and one that demands of him a renewed pledge of respect and loyalty.

Uncle Sam's children in and around Plymouth join on this occasion with their brothers and sisters in every state and every far-flung territory over which wave the stars and stripes in recalling the meaning of this holiday. We join in cementing anew the ties that binds us to the banner of the red, white and blue. We pledge anew our faith in the institutions over which it flies and the principles of freedom and equality which it represents. We, too, are happy to be numbered among Uncle Sam's children; we, too, are glad to join in the celebration of this anniversary—the "Glorious Fourth"—and to continue in our loyalty and fidelity to all that it represents.

### Your First

duty to your family is to provide a home of your own where the environment of freedom promotes self-respect and develops character.

## THE NEW FORD ROADSTER

\$450

(F. O. B. Detroit, plus charge for freight and delivery. Bumpers and spare tire extra)

### The New Ford Has A Remarkable Engine

THE engine of the new Ford embodies many new mechanical features. It is unusual in performance because it gives quick acceleration, smoothness, speed and power without sacrifice of reliability and economy.

The design of the cylinder head is just one factor in this performance. Others are the specially designed carburetor, the new hot-spot manifold, the carefully planned large valve diameter, the chrome silicon alloy valves, the aluminum pistons, the statically and dynamically balanced crankshaft and fly-wheel, and the simplicity of the electrical, ignition, cooling, lubrication and fuel systems.

Of special importance is the manner in which engine vibration is absorbed before it reaches the chassis of the car, thereby preventing unpleasant vibration periods.

This is done in the new Ford through the introduction of a flexible front end support that is both simple and practical—a truly remarkable improvement in engine mounting developed after many months of testing and experimenting.

Drop in some day soon and inspect every detail of the Ford engine. You'll call it one of the sweetest mechanical jobs you've ever seen.

# LOCAL NEWS

Mr. and Mrs. W. L. Kester of Detroit, spent last Thursday evening with Mr. and Mrs. C. V. Chambers.

Miss Virginia Giles and Frazier Carmichael were the week-end guests at the summer home of Mr. and Mrs. Fish, at Port Huron.

Mr. and Mrs. George Deville of Detroit, and Mrs. George Ross of Grosse Point Shores, were Saturday guests of Mr. and Mrs. George Miller of East Plymouth.

Mr. and Mrs. Walter Dethloff entertained Mr. and Mrs. George Evans and children, Harold and Velma, Miss Blanche Klatt and Charles Boswick at a six o'clock dinner Tuesday evening.

Mr. and Mrs. Clifford Redeman and daughter, Kathleen, and Mr. and Mrs. George Evans and children, Harold and Velma, spent Sunday at Tecumseh.

Mrs. Sheldon Gale was in Grandale last week Tuesday, calling on friends formerly of Plymouth, Mr. and Mrs. Lloyd Huston. Mrs. Huston will be remembered as Fannie Minehart of South Plymouth.

Mr. and Mrs. Lloyd Fillmore entertained the following guests at dinner, last Sunday: Mr. and Mrs. Russell Thompson and daughter, Althea, of Detroit; Mrs. Vivian Sykes of Jackson, and Mr. and Mrs. William Powell of this place.

Mr. and Mrs. Ed Bolton, Mrs. Edith Blake and Mrs. Louise Errington, spent the week-end with Mr. and Mrs. J. Arbough at Saginaw.

Mrs. Albert Trinka of Holbrook avenue, has two ducks which have laid 255 eggs since the first of January, one having laid thirty eggs before the other began to lay.

Mr. and Mrs. George Miller of East Plymouth, and Mr. and Mrs. C. V. Chambers of this place, spent Sunday afternoon at the home of Mr. and Mrs. W. J. Runyon at Fenton.

Mr. and Mrs. G. Gates entertained at a family party last Sunday, in honor of their son, Avery, who graduated last week, and also in honor of their son, Elwood, whose birthday was last Sunday.

Mr. and Mrs. Harmon Gale and family of Salem, spent last Thursday evening with the former's parents, Mr. and Mrs. Sheldon Gale, in memory of the latter's birthday which came on that date.

Miss Virginia Talbot entertained in her home on Burroughs Avenue, Monday, at a bridge tea for Miss Sarah Rowland and Miss Katherine Watkins of Detroit, who have recently returned from Highland Hall, Hollidaysburg, Pennsylvania.

The Baptist church is initiating extensive repairs and betterments. The auditorium will be resented by up to date pews and redecorated throughout. The basement will be remodelled, dining room enlarged, and made available for Sunday-school class rooms. An entire new heating plant will be placed in the west end of the basement. Also other needed improvements will be commenced at once. S. L. Bennett and the late Mrs. Bennett have donated the entire cost of the new pews.

A newspaper clipping published considerably over 100 years ago, now owned by a resident of Northville, tells something of prices that prevailed along the eastern coast during the period of 1755. Brown sugar is quoted at \$1.50 a pound; 1 pound honey, \$1; bushel salt, \$6.67; pound beefsteak, \$5.50; glass tumbler, \$1.42; pound pepper, \$8; pound tea, \$11.67; gallon molasses, \$4.67; 1 paper pins, \$2.00; skein cotton thread, \$4.2; bu. oats, \$2.25; pound cheese, \$5.50; bu. wheat, \$8.67; 1 day's work, \$2.50; other prices in comparison.

The "out of town" guests who attended the Garlett-Shattuck wedding, were: Mr. and Mrs. Gordon Pennington and daughter, Helen, Mr. and Mrs. George Knapp, Mrs. Helen Kearns, Joe Amiel and Herbert Husford of Detroit; Mr. and Mrs. W. F. Richard of Washington, D. C.; Mr. and Mrs. F. H. Shattuck of Lansing; Mr. and Mrs. William Keller of Pontiac; Mr. Crowe and Mr. and Mrs. Clyde Peterson of Flint; Mr. Garlett and Mr. and Mrs. Harry Reed of Beamsville, Ontario; Mr. and Mrs. Harmon Fritch of Oxford, and William Graham of Kentucky.

## 400 AGENCIES BACK MOVE TO SAVE EYES

### Progress Made in Prevention of Blindness.

New York City.—The last year has seen the most widespread campaign for the prevention of blindness in the history of America. It is announced by Lewis H. Carris, managing director of the National Society for the Prevention of Blindness, in making public the society's fourteenth annual report.

The movement for the prevention of blindness now has behind it not only the organizations built up for this particular purpose, but also the report shows, the medical profession, the field of education, organized labor, the safety movement, the profession of social work, federal, state and local governmental officers, and many groups of public-spirited private citizens.

Four hundred agencies are co-operating with the Society for the Prevention of Blindness.

"Men and women in every walk of life are now participating in the campaign to save the eyes of the nation," Mr. Carris said.

#### Two New Projects.

"During 1928 the National society undertook two new projects involving joint efforts. With the League of Red Cross societies, the National society undertook a study of international aspects of prevention of blindness, the report of which will be published in 1929 in English and in French by the League of Red Cross societies. The second project is an extensive co-operative educational campaign with the American Federation of Labor to reach 5,000,000 families of working men and women. In addition, it has continued its past co-operative relationships with scores of local and national agencies, realizing that the gospel of prevention of blindness must actually permeate the atmosphere in order that the responsibility of the citizen, the parent, the teacher, the doctor, the nurse, the illuminating engineer, the safety engineer, the worker, and the employer, all take their responsibility to prevent blindness and save sight."

Steady progress continues toward the society's goal of complete elimination of ophthalmia neonatorum, usually called "babies' sore eyes," as a cause of blindness, the report points out. The use of prophylactic drops in the eyes of babies at birth is now required in most states, and free supplies of the solution are furnished to midwives, nurses and doctors in 36 states. Entire eradication of this source of blindness—once the most prolific of all causes—is said to be scientifically possible.

#### Use "Game" for Kids.

By means of a special "game" for preschool age children, the society is able to test, with some accuracy, the vision of children too young to read the letters on the charts used for adults, the report mentions.

Two classes for school children with seriously defective vision, started 15 years ago, have grown into 318 "sight-saving" classes throughout the country in a specialized field of education today, the report says. Through the use of large type books, movable desks, ideal lighting, and special teaching methods, children with little vision are not only given the same sort of education that children with full vision receive, but they are taught how to conserve their remaining sight. The society estimates that approximately 5,000 such classes are needed in the United States.

Through a questionnaire addressed to industrial plants, the National society together with the National Safety Council endeavored to ascertain for the first time the instances in which eyes have been saved in industry through the use of mechanical safety devices," the report says. "The experience of 583 industrial plants employing more than 578,000 men and women, during the years 1926 and 1927, indicates that in the two-year period 2,757 men and women were saved from serious injury or total blindness in both eyes, and 4,654 were saved from serious injury or total blindness in one eye. Detailed information regarding this study will be available later. During the year 1928 almost 900,000 pieces of literature were circulated by the society."

**Doctor on Job at 90;**  
**Likes Modern Styles**

Newcastle, Ind.—This is the world's "grandest age," according to Dr. Edward W. Goodwin, ninety, Henry county's oldest physician. He adds: "The costumes today are the most sensible a woman ever wore, from every viewpoint." Doctor Goodwin is still engaged in his profession and drives an automobile in making calls.

#### Fifth of Air Pilots Live in California

San Francisco.—California had 1,038 aircraft pilots licensed to fly by the federal government, or nearly one-fifth of all licensed pilots in the United States on April 1, according to an analysis of department of commerce records, announced by Pacific Flyer, coast aeronautical journal.

#### Importance of Nonsense

London.—Nonsense is an exceedingly important element in life and people lacking in nonsense are not quite right, according to J. Dover Wilson, professor of English in London university.

#### Set Precedent

When Confederate veterans marched in a body in inaugural parade before the Hoover inauguration it was the first occasion of the kind.

#### Thought for Today

Why is it that a mother regards her own bad little boy as an angel and her neighbor's good little boy as—*not!* —John Andrew Holmes.

**Bear in "Talkies"**

To obtain "talking" moving pictures of a polar bear at the zoo in Oakland, Calif., photographers placed their machines close to the animal's cage and then opened the door so they could film close-ups of the inmate, says Popular Mechanics Magazine. The bear seemed to enjoy its brief experience as an "actor," jumping in and out of its pool and giving a few roars and grunts which were recorded for the talkies.

## AUCTION!

Being about to sell the farm and leave, the undersigned will sell at Public Auction on the premises known as the late George Marlet farm, 2 miles west and 1 1/2 miles south of South Lyon, or 1 1/2 miles south of Green Oak Gravel Pit, on

### SATURDAY, JUNE 29

**1929 BUDGET ADOPTED  
BY VILLAGE COMMISSION**

**Total Exceeds That of Previous Year Due To Increase In Valuations, Not To Increase Of Tax Rate**

At the last regular meeting of the commission held June 17, the annual budget of the village for the current year was confirmed as presented by the president and manager, who constitute the Board of Estimates under the charter.

The total of the budget as adopted exceeds that of the previous year by \$3,320.35, due not to any increase in the tax rate, but to increase in valuations which followed the assess-

ment of property in the village this spring. The total increase in valuation amounted to \$221,359.50, being made up of an increase of \$82,700.00 in real and of \$138,659.50 in personal property. The tax rate remains at \$15.00 per \$1,000.00 valuation as for the past several years.

Following is a summary of the budget as adopted by the commission:

**SUMMARY**

FUND	Budget 1928	Expense 1928	Budget 1929	Increase	Decrease
GENERAL	\$ 24,915.17	\$ 22,131.70	\$ 27,082.02	\$ 2,166.85	
GEN. BONDS & INTEREST	25,325.00	30,918.87	25,703.50	378.50	
HIGHWAY	10,100.00	10,900.25	20,500.00	1,400.00	
SEWERS	12,000.00	9,783.46	9,500.00		\$ 2,500.00
STREET LIGHTING	13,300.00	12,418.50	13,300.00		
POLICE	7,500.00	7,603.40	8,500.00	1,000.00	
FIRE	3,125.00	1,427.51	4,000.00	875.00	
TOTALS	\$105,265.17	\$ 95,183.78	\$108,585.52	\$ 5,820.35	\$ 2,500.00
NET INCREASE		3,320.35			3,320.35
		\$108,585.52		\$108,585.52	\$ 5,820.35

**A Pleasing Musical Event**

By Karl H. Starkweather

A combined musical event and gala affair of no mean proportions, was staged last Tuesday, under the generous auspices of Frank Millard, Sr., at Union Lake in Oakland County. Mr. Millard is Plymouth's veteran music master. For many years he has been a band and orchestra leader in Grand Rapids and Detroit. During more recent times he has been teaching brass, wood wind, piano and violin in Plymouth and vicinity. The occasion Tuesday, was a general get-together and grand finale of the season's work.

About one hundred pupils, former pupils and invited guests presented themselves for this rather unusual musical holiday. Most of the delegation were from Plymouth and vicinity. They left Plymouth for the lake at nine o'clock Tuesday morning. First on the program, and obviously the main feature of the day, was a recital in which about twenty-five selected pupils and former pupils of Mr. Millard participated. No orchestra having been organized for the occasion, the greater portion of the recital consisted of piano numbers. The violin, however, came in for due measure, and the entire recital was brought to a close by a grand violin ensemble. Space precludes the giving of a detailed account of the recital in this week's issue of the Mail.

Mr. Millard proved himself a most genial and generous host. While each guest or participant provided his or her own basket lunch, Mr. Millard had previously admonished all to bring no cake. The host himself provided all the ice cream and cake which each individual could comfortably put away. The day was ideal, and after the picnic the remainder of the time was given over to bathing, boating, games and the restful wooded places. There was a tug-of-war—in fact, two of them, one for men and one for women—and special mention must be made of the ball game.

The ball game was the Plymouth aggregation versus the Union Lake resorters. The game was completed and scores ran high. No one at the game was possessed of an adding machine, so the exact number of runs cannot now be given. The game was featured with more hilarity than science. It is known, however, that Union Lake won the game. No return game has been scheduled.

Entire account of the day's outing cannot be completed without extending a word of thanks and good will for Mr. and Mrs. Bernard Plaskowski. Mr. Plaskowski, wealthy Detroit druggist and controller of considerable down town business property, surrendered his commodious Union Lake summer home to the aggregation from Plymouth. It was in the Plaskowski home that the recital was held, and this also became the informal and hospitable headquarters for everybody all day.

The Plaskowskis themselves entered wholeheartedly into the spirit of the occasion. They presented more than their share of wholesome levity. Mr. Plaskowski even poked fun at his own Slavic cognomen. When question came up as to correct pronunciation of the name, he said to "just call me 'Pions' for my first name and 'Cuss Me' for my second."

It seems that these two words pronounced together sound something like his own name should be spoken. It might be added that Mr. Plaskowski is a native born, clean jowled, big minded and progressive American business man. While it may be assumed that he is rightfully proud of a Polish ancestry, it is equally certain

that his heart is American to the same extent as is any descendant of the Pilgrim fathers. Plymouth guests and pupils extend grateful appreciation for the happy time afforded them by both Mr. Millard and the Plaskowskis.

**Chinaman Halts Gift of Million to Town**

Toronto.—One lone Chinese may block Arthur Cutten's plan to present a million dollar hotel and golf course to his native city of Guelph.

Cutten has purchased property for the hotel but the proprietor of the Grand cafe wants a nine-year lease and wants \$50,000 to drop it. Cutten refuses to give that amount.

It is up to the citizens of Guelph, the Chicago millionaire has indicated that unless the city gets rid of the Chinese the million dollar gift might not be made. The golf course scheme is going ahead smoothly. With Chick Evans, Mr. Cutten inspected the site of the new 18-hole course. Evans declared it would make the finest scenic course on the continent.

**Seems This Man Has Cow He Wants to Sell**

El Reno, Okla.—The following advertisement appeared in a local paper recently:

"Owing to ill health I will sell at my dairy farm in Reno township one Jersey cow five years old. She is of undoubted courage and gives milk frequently. To the man who does not fear death in any form, she would be great boon. She is very much attached to her present home (with a stay chain), but she will be sold to anyone who will agree to treat her right. She is one-fourth Shorthorn and three-fourths byena. I will also throw in a double-barreled shotgun, which goes with her. In February she went away ten days but returned with a wabily-legged calf. Her name is Rose and I would rather sell her to a nonresident—the further away the better."

**Broke, Finds \$1,000,000 Check, Reward Is \$20**

New York.—Luck was lying at Broadway and Cedar street recently for James Duckett, twenty-two, lately arrived from Indianapolis in search of a seafaring job.

New York looked pretty dismal and cold when he set out in search of employment. Hours of wandering brought him, a forlorn figure, into the heart of the financial district. Then a slip of paper scurrying in a gutter arrested his attention. He picked it up. It was a check for \$1,000,000 from Pynchon & Co. to the Hanover National bank.

After a quite natural daze the wayfarer decided to continue the document on its intended course. An hour later a \$20 reward fortified him against another Bowery flop.

**Harvard to Make Tests of Altitude on Health**

Boston.—The effects of high and low pressures upon persons afflicted with heart disease and pneumonias will be studied at the Harvard medical school.

To aid in the projected series of experiments, a steel pressure tank 35 feet long and 8 feet in diameter is now being installed at the school, with the work scheduled to be completed in July. An effort will be made to determine whether caisson workers suffer injury to health by being forced to labor under unusual pressure conditions.

**Sal's Real Value**  
Some authorities believe that while man might live without the addition of salt to food he would soon experience a disinclination to eat many vegetables rich in food value, such as potatoes. The use of salt tends to enable us to utilize a more varied selection of foods.

**The Bank On The Corner**  
WE PAY 4% ON SAVINGS ACCOUNTS

**The Danger Of Comparative Safety**

If you are keeping securities, important papers or other valuables in your home, they are probably comparatively safe. You may be lucky enough never to have them stolen, destroyed or lost.

But is it worth while to run this risk? For as little as \$3.00 a year you can keep your valued possessions in the great safe deposit vault of this bank.

For a penny a day you can change comparative safety to Safety.

Mrs. E. Coots is entertaining her father and mother, Dr. and Mrs. H. G. Goodrich of Oklahoma.

Earl Coots and family will move to Lima, Ohio, this week, where they will make their future home.

If you want to vote at the annual school election, July 8th, and have not already registered, do so Saturday.

Mr. and Mrs. F. C. Donovan and family have arrived to spend the season at their summer home on Plymouth road.

Mrs. O. F. Beyer, daughter, Elizabeth, and son, Robert, and Miss Amella Gayde visited friends at Portage Lake, Sunday.

Born to Mr. and Mrs. Raymond Walter Lennox of East Side Drive, Plymouth, a daughter, June Rosaline, Saturday morning, June 22nd.

Mr. and Mrs. J. O. Talbot and children, Virginia and Jack, have left for Glen Lake, where they will remain for a short time.

Mrs. Charles Merz returns home Monday, after a very serious operation at Dr. Peterson's private hospital in Ann Arbor.

Dr. Ralph A. Hix of Los Angeles, California, is spending a few weeks with his mother, Mrs. Josephine Hix and other relatives.

Mr. and Mrs. R. Kehrl and daughter, Irma, and Mr. and Mrs. Roy Kehrl of Salem, called on Mr. and Mrs. Fred Drews Tuesday evening.

Miss Ruth Allison left Wednesday on a motor trip to Grapeland, Texas. She was accompanied by Mrs. Fred MacTaggart and daughter of Highland Park.

John Mertens is erecting a new store building on his property on South Mill street, near the plant of the H. S. Lee Foundry & Machine Co.

The Ladies' Aid of the Lutheran church will have an ice cream social on O. F. Beyer's lot, tonight. Rebour's orchestra will furnish the music. Everybody welcome.

Mrs. Julia M. Flood of Hopedale, Ohio, and Paul Flood, wife and daughter of Cleveland, attended the Ross-Asman wedding last Saturday. Mrs. Flood is Mr. Ross' grandmother.

F. D. Schrader attended a meeting of the state examining board of embalmers of which he is a member, held at Lansing several days this week.

Miss Gladys Schrader and Miss Sarah Wilson are leaving for Seattle on July first. On returning home they will stop in Hollywood for a brief period.

Mrs. M. Partridge of Penniman avenue, entertained her Sunday-school class from the Presbyterian church on June 25. A pot-luck dinner was served.

Mr. and Mrs. C. Hamilton and daughters, Ruth, Clarice Elaine and Mary Jane have gone to their cottage in northern Michigan, to spend the summer.

Mrs. Alfred Bakewell returned home Monday, from Dr. K. M. Morris' private hospital in Detroit, where she underwent an operation for a fractured nose and sinus trouble.

Mr. and Mrs. Wm. Sutherland entertained at their cottage at Base Lake, Sunday, Miss Elizabeth Sautz and Miss Ann Jones of Oberlin, Ohio, and Miss Hermie Baughard of Erie, Pa.

Excavation work for the new model home which contractor Roy Streng will build in Hough Park subdivision is now completed. The home was designed by Architect Thomas Moss.

Miss Delores Fritch of Grand Rapids, Foster Maine and Miss Laura Foster and mother of Midland, were here to attend the graduating exercises. Their cousins Erwin and Charles Foster were members of this year's class.

The Helping Hand will meet Tuesday, July 2, with Mrs. Josephine Hix and Mrs. E. E. Pettibone on Ford road. Meeting will be called at 2:30 and supper at 5:30. Everyone is welcome who cares to attend.

Master Richard Sage of Detroit, will spend two weeks with his grandparents, Mr. and Mrs. Henry Sage while his parents, Mr. and Mrs. Harold Sage tour the eastern and southern states.

Mr. and Mrs. Charles O. Ball and son Charles, Jr., are spending a week at Charlevoix, Mich. While there they will attend the Michigan Bankers' Assn. Convention now in session in that city.

The two children of Mr. and Mrs. Carl Korabacher, who have been in the University Hospital, Ann Arbor, with spinal meningitis, came home Tuesday evening, and are getting along as well as can be expected.

The party writing to the postmaster at Tyrone, Pa., asking the address of several different parties whom they wish to get in touch with, will receive information upon calling at the post-office, Plymouth, Mich.—R. E. Giles, Postmaster.

On Monday evening of this week, Miss Esther Strasen attended a picnic at Belle Isle, given by the members of the Detroit Symphony Choir. Miss Strasen has been a member of this well known choral society since its organization in 1921.

Mr. and Mrs. J. H. Schlacks of Detroit, and Mr. and Mrs. D. M. Willets of Ann Arbor, were guests of Dr. and Mrs. Luther Peck and family last Thursday. The visitors remained to attend the graduation of the doctor's daughter, Rhea.

Donald Hunter, little son of Mr. and Mrs. Harry Hunter of Harvey street, was injured Monday afternoon, when he fell from a car being towed by a truck on Farmer street. A scalp wound required ten stitches to close, and he also suffered a bruised arm and leg.

Mr. and Mrs. H. K. Wrench leave today for Mackinaw Island, where Mr. Wrench will attend a convention of the Michigan Gas Association and Michigan Electric Association, held at the Grand Hotel. Mr. Wrench is chairman of the entertainment committee.

Miss Thelma Peck attended an alumni banquet of the Michigan graduates of the Ward Belmont school, at the Book-Cadillac Hotel last Friday afternoon. This banquet and "get-together" is an annual affair with the Michigan graduates of this sectarian southern school.

Fred Lyons, aged 19 and Everett Vincent, aged 18 years were before Justice Phoebe Patterson last Monday, charged with the larceny of a pocket-book containing a sum of money from Glen Clark of Canton township. They pleaded guilty and were sentenced to ninety days in the House of Correction.

The three-year-old daughter of Mr. and Mrs. Ernest Donohue caught her

right hand in a washing machine at the Donohue home on Kellogg street last Tuesday morning while a washing was in progress. The little girl's hand up to the elbow was badly bruised, but fortunately no bones were broken.

The Ladies' Aid of the Lutheran church will hold a thimble party at the home of Mrs. William Ash on the Ridge road, just off Five Mile road, Wednesday afternoon, July 3. Business meeting will be called to order at 3:00 o'clock. At 8:00 o'clock, a pot-luck supper will be served. Everybody welcome.

Miss Emily Doell, Buffalo, N. Y., made a short visit at her aunt's home, Mrs. Wm. Bieby. She also visited her cousin, Mrs. Charles Merz at Dr. Peterson's private hospital, Ann Arbor, and attended the commencement exercises at the Detroit Institute of Musical Art, of which Miss Olive May Merz was a student.

Rev. and Mrs. Charles Strasen, Mrs. George Strasen and Miss Esther Strasen attended the commencement exercises at Michigan State College at East Lansing, Monday morning, at which time Martin Strasen received his Bachelor of Science degree in the engineering department. He has taken a position as engineer with Wayne County.

P. H. Deal, formerly assistant manager here for the Michigan Federated Utilities and now manager of the company's plant at Alma, is moving his family to that city this week. During the time the Deal family have lived in Plymouth, they have made a host of friends who regret their leaving the community, but all wish them success and prosperity in their new home.

Mr. Wm. Reed has purchased the home of Harry Laible located on Stark-weather ave., opposite the P. M. depot. E. M. Plachta represented both parties in the transaction. Mr. Plachta also reports the sale of the property adjoining the H. S. Lee Foundry & Machine Co. to Paul Nutting, treasurer and manager of the H. S. Lee Foundry & Machine Co.

Among the nearly five hundred young people who graduated from Michigan State College last Monday, were three from Plymouth. Miss Gladys Clemens received a Bachelor of Arts degree, and Miss Louise Spicer and Martin Strasen each received a Bachelor of Science degree. Members of the three families were present at the exercises.

A group of Plymouth women enjoyed the Wayne County League of Women Voters School held at the Chateau Voyageurs, Grosse Ile, last Thursday. The weather was ideal for the out door meetings. A delightful luncheon was served in the new club house. Mrs. Phoebe Patterson, Miss Lina Durfee, Mrs. Sarah Armstrong, Mrs. Charles O. Ball and Mrs. Ball's cousin, Mrs. Arthur Warren of Calumet, Mich., were among those who enjoyed Grosse Ile's hospitality to the 200 women who attended the meetings.

Lyman Judson, son of Mrs. H. S. Doerr, has just received notification that he was granted a Master of Science degree in Speech, at the University of Michigan. This is the first Master of Science degree ever granted by the University in this subject, and comes to Mr. Judson because of his approach to the field of speech from the standpoint of voice science and speech correction. Mr. Judson who is teaching speech pathology at Kansas State Teachers' College of Emporia, is also director of the Speech Clinic of that city.

### PERRINSVILLE

The social at Alma White's was well attended.

Mr. Johnson goes to Manchester this week. He will be sadly missed on all three charges.

Little Jimmie Love celebrated his seventh birthday last Saturday by inviting in a lot of little girls and boys. He received many gifts. Ice cream and cake were served.

Mr. and Mrs. L. Hanchett spent Sunday evening at George Baehrs.

Erland Bridge of Plymouth is improving, so he will be home soon.

Mrs. Ruth Lewis went to Ann Arbor for an operation Monday. She was operated on Tuesday morning. Her many friends hope for her speedy recovery.

### CANTON CENTER WON DECIDING GAME

Canton Center won the deciding game with the Golde Patents of Ypsilanti, last Sunday in a very one-sided game 17 to 1.

### Proxy Has Much to Learn

A college president says the young man's most difficult problem is choosing the right girl to marry. Which proves that the proxy has funny ideas as to who does the choosing.

### Thought for Today

Why is it that a mother regards her own bad little boy as an angel and her neighbor's good little boy as—not? —John Andrew Holmes.

### Highest Form of Power

The regeneration of a sinner is evidence of power in the highest sphere—moral nature; with the highest prerogative—to change nature; and according to the highest rule—not to create originally, which is great, but to create anew, which is greater.—William Arthur.

## Comfort---

is the first requisite in Golf attire

Long flannel Trousers are favored by many—although there is a big increase in the demand for knickers in plainer colors. Linen remains the popular hot weather fabric for knickers.

- Flannel Trousers \$7.50 to \$10.00
- Wool Knickers \$5.50 to \$8.50
- Linen Knickers \$3.75 to \$6.00

## Notice! To Taxpayers

Notice is hereby given that general taxes of the Village are due and payable in the office of the Village Treasurer beginning July 5th, and continuing until August 10th, without penalty. After this period 2 per cent penalty is added to all unpaid taxes.

Taxes will be collected during regular office hours from 8:00 A. M. to 5:00 P. M. of each business day.

Geo. W. Richwine, Village Treasurer

# Chiropractic

is the greatest healing science in the world today. Take Chiropractic adjustments first (not last) and you will save time, wealth and health—you will eventually, why not now.

Below you will find a report that covers a part of the 99,976 cases that received Chiropractic adjustments from 412 Chiropractors in 110 specific conditions. Each week until the 110 specific conditions are covered you will find them given here.

THIS REPORT was compiled in 1921 before the introduction of the NEUROCALOMETER. Since May 11, 1924, when the NEUROCALOMETER was introduced, the percentage of RESULTS have increased above this report.

Disease	Cases Handled	Cases showing Complete Recovery	Percentage of Recoveries
Locomotor Ataxia	312	100	32.0%
Lumbago	7298	6821	93.4%
Laryngitis	1179	1107	93.9%
Jaundice	615	549	89.2%
Kidney Trouble	4226	3927	92.9%
Malaria	399	349	87.4%
Menstrual Disorders	673	665	98.8%
Migraine	1131	676	59.7%
Nephritis	707	517	73.1%
Nervousness	809	735	90.8%
Neuralgia	2053	1892	92.1%
Neurasthenia	1902	1535	80.7%
Neuritis	3783	3306	87.4%
Obesity	290	132	45.5%

German service—2:30 p. m.  
Sunday-school—9:30 a. m.  
Young People's Bible Society—Tuesday, July 2nd, 8:00 p. m.

## EPISCOPAL NOTES

The church-school picnic will be held at Casa Benton Park, Saturday, June 29. Children should meet at the church at 2:00 p. m. to go to the park for an afternoon of games and events. Supper will be at 6:00 o'clock. All adults of the parish are also urged to come. This will probably be our last get-together until fall.

## CATHOLIC NOTES

Sunday is the day set aside for the children's first communion day, and general communion for all the children of the parish, consequently all the children are requested to be at the church Saturday at 9:30 a. m. The 8:00 o'clock mass will be a high mass, and the general communion mass for all the children.  
Have you given your M. C. envelope for June? It is the last Sunday of the month.

There evidently must be new families moving into town, judging from the attendance at the masses on Sunday.

The Florida A. C. proved themselves too strong for the Nethem boys, and defeated them by the score of 13 to 4. Next Sunday Nethem vs. Dearborn Independents, at Newburg, 3:00 p. m. July 4th, Nethem vs. Loop Theatre, 3:00 p. m. at Newburg.

July 4th, the pastor celebrates his fourteenth anniversary to his ordination in the priesthood.

## PRESBYTERIAN NOTES.

Mr. Partridge's class spent a delightful day picnicking at Hobo Island on Wednesday.

The Sacrament of the Lord's Supper will be observed at the morning service next Sunday. All church members should be present.

## Christian Science Notes

"Is the Universe, including Man, Evolved by Atomic Force?" was the subject of the lesson-sermon in all Christian Science churches on Sunday, June 23.

Among the citations which comprised the lesson-sermon was the following from the Bible: "The Lord your God hath multiplied you, and behold, ye are this day as the stars of heaven for multitude" (Deut. 1:10).

The lesson-sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The scientific fact that man and the universe are evolved from Spirit, and so are spiritual, is as fixed in divine Science as is the proof that mortals gain the sense of health only as they lose the sense of sin and disease" (p. 60).

**"Love-Bird" Really Parrot**  
The term "love-birds" is a name given by dealers to several species of small parrots or parakeets that are native of Africa and South America. The name "love-birds" has been given them on account of the popular belief that a pair shows remarkable affection for each other. They have been raised in captivity.

## NEWBURG

Rev. Wm. Johnson preached a fine sermon Sunday, speaking words of commendation for President Hoover on the stand he is taking to enforce the laws for our country. He also spoke feelingly of his work among the people here for the past two and a half years of his pastorate here. Mrs. Gladys Horton-Kreger sang a beautiful solo. The Boy Scouts made their first public appearance by marching into the church with their Scoutmaster, Robert Holmes. The altar was lovely with baskets of pink peonies, delphinium and other blossoms.

The Sunday-school gave a short Children's Day program. Sarah Lillian Cutler read the scripture lesson. There was singing by the Sunday-school and the primary department, readings by Joy McNabb, Viola Luttermoser and Mildred Gilbert. Charles Ryder, Jr. gave a neat little recitation for the offering for Albion College. Misses Anna and Ada Youngs sang a duet. Mrs. McNabb in a few words of appreciation, presented Mr. and Mrs. Johnson with a rug, for which Mr. Johnson thanked the people for their kindness toward them.

Rev. and Mrs. Johnson and family left for their new charge at Manchester, Tuesday morning. The best wishes of a host of friends go with them.

Mr. and Mrs. Melvin Guthrie are the proud parents of a baby girl, Rosemary, born Thursday, June 20, at Ford hospital. Melvin is stepping high with a broad smile these days.

The many friends of Mr. and Mrs. Raymond Grimm extend congratulations. For the present they are staying with Mr. and Mrs. H. Grimm, Sr.

Miss Angeline Rousseau is home from Mary Grove College.

Mrs. Emma Ryder visited Mrs. Wm. Farley in Plymouth, last Thursday afternoon.

Melvin Guthrie and Mr. and Mrs. Clyde Smith called on Mrs. Guthrie at Ford hospital, Sunday afternoon.

Mrs. E. Ryder and Mrs. Clyde Smith called on Mrs. Charles Duryee, Jr. and baby, Dorothy Mae, in Plymouth, last Saturday.

Rev. and Mrs. Purdy and family moved into the parsonage Tuesday, coming from Samaria, Newburg people extend them a hearty welcome.

Mr. and Mrs. L. Clemens and family motored to Lansing, Monday, to witness the graduation of their daughter, Gladys, from the M. S. C. Mrs. Clemens' sister, Miss Elizabeth Matheson of Highland Park, went with them.

Herbert Blake of Saginaw, is visiting his mother, Mrs. Edith Blake, at the Ryder farm.

The Boy Scouts leave for Island Lake today, Friday, with their Scoutmaster, Robert Holmes, to be gone until the first of next week.

Mr. and Mrs. Mark Joy entertained the following friends over the weekend: Mr. and Mrs. Wm. O. Hendryx and granddaughter, Margaret Hendryx of near Fowlerville, and Mr. and Mrs. Otto Kelley of Detroit; also Mr. and Mrs. Glenn Blair of Owosso.

Mrs. Hattie J. Ostrander of Wayne, is with her daughter, Mrs. Bertha Joy for the week.

## WHITBECK'S CORNERS

The Helping Hand Society will meet at the home of Mr. and Mrs. Dethloff on Ford road, Tuesday, July 2nd. In the afternoon, owing to it being so near the Fourth, it was decided to hold it on Tuesday. All will be welcome to the meeting.

Walter Schiffler is doing some painting for Arthur Hanchett at Garden City.

Mr. and Mrs. Stuart and son of Glendale, spent Saturday evening at the home of Mr. and Mrs. A. C. Procknow on Russell St., Robinson Sub.

Mr. and Mrs. Wm. Rengert and Mr. and Mrs. George Gorton and daughter visited friends at Birmingham, Sunday afternoon.

Mr. and Mrs. Noble of Flint, were week-end guests at the home of their daughter and family, Mr. and Mrs. Arthur Procknow, recently.

Mr. and Mrs. Walter Dethloff and two sons spent Sunday at the parental home at Perrinsville.

Mr. and Mrs. Otto Kaiser and Dale called on the latter's mother, the first of the week.

Mrs. Procknow and Mrs. George Miller were Detroit shoppers Friday of last week.

Mr. and Mrs. Otto Roe attended the wedding of the latter's brother in Detroit, Saturday.

**Advanced American Trade**  
The first treaty between the United States and Japan was signed on March 31, 1854, whereby the oriental nation inaugurated her famous "open door" policy in permitting American shipping free access to a hitherto inaccessible domain. With American merchant shipping at her peak at the moment the Stars and Stripes soon became a common sight in the harbors of the mikado's coastal cities—and an important new market developed for the American traders.

**To Avoid Confusion**  
In Los Angeles a man was twice divorced from the same wife. This emphasizes the necessity for Los Angeles wives to keep some kind of a rough diary.—London Humorist.

**Local News**

J. O. Talbot has left for ten days in New York.

Miss Helen Wells has gone to her home in Buchanan, for the summer vacation.

Born to Mr. and Mrs. Harold Finlan, 331 Arthur street, a son, Thursday, June 20th.

G. B. Crumble, builder, is erecting a garage for Miss Anna Peterhans, on Schoolcraft road.

Mr. and Mrs. Hurd McClunpha spent the week-end at Petersburg, with Oren Tompson.

Mr. and Mrs. Wm. Smith and Mr. and Mrs. Ernest Smith are spending a few weeks at the latter's cottage at Silver Lake, near South Lyon.

Mrs. Joseph Bennett of Dearborn, was the guest of Mr. and Mrs. Czar Penney and Miss Czarina Penney last week-end.

Mrs. John Galsterer, who has been visiting her sister, Mrs. Oliver Goldsmith, has returned to her home in Frankenmuth.

George A. Smith is instructing a class in mathematics at Ypsilanti Normal college during the summer vacation period.

Mr. and Mrs. Benjamin Gilbert and Miss Helen Gilbert spent last week-end camping with friends in the Irish Hills lake district.

Don Voorhies, Jr., of Detroit, has been the guest of his grandmother, Mrs. Ell Nowland, at her home on Harvey street, the past week.

Dr. H. B. Briabols and wife will leave Monday, in company with Dr. L. J. Bailey and wife and Dr. L. P. Rennell and wife of Detroit, for a two weeks' vacation at Muskoka Lake in Canada. Dr. Henrik of Detroit, will have charge of Dr. Briabols' office and practice during his absence.

Miss Dorothy Bibble was the guest of Miss Wanda Shuts in Detroit, Thursday and Friday of this week.

Alice McClunpha recently entertained her father and Mr. and Mrs. C. Horton of Alpena, the latter being her sister.

Mrs. Czar Penney and Miss Czarina Penney have been guests of their cousin, Mrs. Joseph Bennett, at her cottage at Little Silver lake, this week.

Mrs. J. M. Bennett pleasantly entertained a number of friends at a bridge-shower in honor of her sister, Wednesday evening, at her home on Sheridan road.

Sunday afternoon visitors at the McClunpha home on Perrinsville road, were Mrs. E. Clark and Mr. and Mrs. James Marshall and children of Pontiac.

Mrs. Anson Hearn and daughter, Miss Aleta Hearn, returned home last week, after spending two months visiting at Trinidad, Denver and Colorado Springs.

Mr. and Mrs. F. J. Sator, who have been visiting at the homes of Mr. and Mrs. Frank Dunn of this place, and Mr. and Mrs. Frank Balden of Northville, have returned to their home in New York City.

Sunday evening callers at the Wisley home on Canton Center road were Dick Moritz, Edna Fenknohy, Mr. and Mrs. M. E. Wisley and Mr. and Mrs. L. G. Wisley of Detroit, and Avis Forshee of Plymouth.

Village Manager A. J. Koenig attended the annual meeting of the League Michigan Municipalities held at Grand Rapids, Tuesday and Wednesday of this week, as a representative of the Village of Plymouth.

Mrs. M. E. Randal of Ann Arbor; Mrs. Emma Cheney of Wayne; Mrs. Lou Cannon, Mr. and Mrs. Sid Davidson and Miss Esther Vickery, left Saturday, for Penn Laird, Va., to visit Mrs. Ruth Hensley, nee Sprague.

Mr. and Mrs. William Wood, Mr. and Mrs. Austin Whipple, Edson O. Huston, Oscar M. Huston, Miss Almeda Wheeler, Miss Mary Conner and Mrs. S. E. Cranson were guests of Mr. and Mrs. Elmer Huston at Birmingham, Wednesday.

Dr. W. G. Jennings has just recently sold five head of thoroughbred Hereford cattle to Bert McKuan of Duwauque; ten head to F. D. Schrader of this place, and a champion Hereford bull to Lloyd McWilliams, also of Plymouth. These cattle are extra fine specimens, and were raised on the doctor's farm in Clinton county. He still has a herd of forty-five animals left.

Miss Etha Wisley attended a show-or given by Miss June Filkins at her lovely home in Northville, in honor of Desdemona Ingraham of Detroit, Saturday at 2:30 p. m. Guests were fourteen teachers of Linsemann School, Detroit, of which Miss Ingraham is a faculty member. The guests of honor were Miss Hildegarde Hulett of Armada, Mich., and Mrs. Louise Chubb of Royal Oak, and Miss Wisley, who has been her roommate for the past four years. The bride-to-be was the recipient of many lovely gifts. After a delightful luncheon, the guests left extending their best wishes for her future happiness.

### Michigan Federated Utilities

### Rotarians Hear Talk On Narcotic Evil

One of the most interesting talks given before the Plymouth Rotary Club in some time was given at the regular luncheon hour of the club last Friday by Dr. Waite, secretary of the Michigan Narcotic Association, who told of the evils of the narcotic traffic and the efforts that were being put forth to combat this evil and the wonderful cures that had been made for its victims.

The doctor illustrated his talk with a collection of opium pipes and other paraphernalia that had been confiscated by the police. The local club subscribed for twenty-five memberships at \$10 a membership, which will be sufficient to effect the cure of one case.

### Local Kiwanians at Big Convention

THOUSAND CITIES AND TOWNS ARE REPRESENTED AT ANNUAL CONCLAVE.

Roy E. Crowe and Robert Jolliffe are Plymouth's representatives at the meeting of Kiwanis International, which opened at Milwaukee, Monday. They, with other members of the club and their ladies, a list of which was given in last week's Mail, left here Sunday afternoon for the convention city.

Delegates from a thousand cities and towns in North America are in attendance at the thirtieth annual convention of Kiwanis International. By lake boat, special train, automobile and airplane, they came to this conclave of one of the world's greatest service clubs.

### St. Peter's Lutheran

These notes were received too late to be put in their regular position on the church page.

Sunday-school at 9:30 a. m. English services at 10:30 a. m.

On the evening of July 2nd, at 8:00 o'clock, the young people's Bible Society meets. Everybody invited.

A meeting of the congregation will be held Wednesday evening, July 10. There will be a German service on Sunday, July 7th, at 7:30 p. m.

Mr. and Mrs. James Honey and son are visiting Mrs. Honey's parents at Deckerville.

### WATERFORD

The Get-Together Club met last Thursday with Mrs. Wm. Markham with ten ladies present. The next meeting will be in three weeks with Mrs. Howard Bowring on July 11th, the regular meeting having come on the 4th of July.

Mr. and Mrs. Albert Ebersole and son Wilber, Miss Edith Peck and Mr. and Mrs. Clarence Ebersole and children, were Sunday guests of Mr. and Mrs. L. G. Steiner and Ernest Kellogg last Sunday in Detroit.

Mr. and Mrs. Frank Magraw of Plymouth, were Sunday afternoon callers at Chas. Waterman's.

Mrs. Ada Smith of Worden, called on Mrs. Chas. Waterman a few days ago.

Mrs. Chas. Waterman, who has been quite ill for the past two weeks is improving slowly.

Mr. and Mrs. Claude Finney and family motored to Fenton Sunday to visit Mr. Finney's mother who is in very poor health.

Little Chester Finney spent his birthday the 25th, with his grandmother, Mrs. J. Warren in Northville. Mrs. Arthur Gotts and family motored to Whitmore, Wednesday.

Mrs. Reigen of Farmington, spent Sunday with Mr. and Mrs. Ernest Layaz.

Marguerite Finney spent Monday with the Gibson children.

Mr. and Mrs. James Wilson and family and Boyd Anderson of Fordson and B. Bollu of Northville, spent Sunday with Elmer Perkins and family.

Howard Ebersole is spending the week with his grandmother Mrs. Archie Herrick of Plymouth and at the same time is convalescing from a cracked bone in his arm acquired when he fell over the porch railing. His sister Dorothy is also spending the week with her other grandmother, Mrs. Albert Ebersole.

### ELECTION NOTICE

The annual school election for Plymouth, District No. 1, Fractional of Plymouth and Northville Townships, Wayne County, Michigan, will be held at the Central High School Monday, July 8, between the hours of 8 A. M. and 7 P. M.

Propositions to be voted on: First: Election of one member of the Board of Education for a term of 3 years. Candidates to be voted for for member of board of education, Charles H. Bennett and Dr. J. L. Olsaver, one member to be elected. Second: The proposal to raise \$4,000 for the purchase of the Kuhn house and lot on Adams street.

At 8 P. M. the financial report for the district will be given in the High School auditorium. Signed, ADA S. MURRAY, Secretary.

## We're giving Plymouth a Birthday Party

THE ROADSTER (with rumble seat), \$675. Special equipment extra.

THE full-size Chrysler-built Plymouth is just a year old—and what a phenomenal year of success it has had!

All this week we are celebrating the first Plymouth anniversary by holding a gala showing of the newly-refined and improved models which make today's Plymouth still more outstanding in the low-priced field.

When a car in its first year becomes the giant Plymouth is—when production soars above 1000 cars a day—that car certainly must have merits that no other car in its class possesses.

That, in its essence, is the Plymouth story.

Plymouth is the only full-size motor car at anywhere near the price—the only low-priced car with the individuality and style of Chrysler designing—the only low-priced car with the smooth, flexible, quiet liveliness so typical of Chrysler engineering—the only low-priced car with the safety of Chrysler-famed four-wheel hydraulic brakes, internal-expanding, weather-proof, positive and noiseless.

Come be our guest during Plymouth's Anniversary Showing.

\$655 and upwards at our factory.

FULL SIZE

You are cordially invited to visit the Anniversary Showing being held at our display room in honor of the Plymouth's birthday—June 29 until July 13.

Coupe, \$655; Roadster (with rumble seat), \$675; 2-Door Sedan, \$675; Touring, \$695; De Luxe Coupe (with rumble seat), \$695; 4-Door Sedan, \$695. All prices f. o. b. factory. Plymouth dealers extend the convenience of time payments.

PLYMOUTH AMERICA'S LOWEST-PRICED FULL-SIZE CAR

This new and modern manufacturing plant is devoted exclusively to the production of Plymouth motor cars. It is the largest plant of its kind.

## MICHIGAN HONORED BY WAR DEPARTMENT

Michigan is proudly honored by the war department selecting three high school bands from this state for three Citizens' Military Training Camps. Each of these bands will be on duty during the entire 30 days of the C. M. T. C.

The Grand Rapids high school band will furnish the music for the C. M. T. camp at Fort Sheridan, July 18 to August 16. This band made a big record for its music at Camp Custer last summer, and it was because of this excellent record that the band has been selected for duty at the largest C. M. T. camp in the Sixth Corps Area, of which Michigan is a part.

The Port Huron high school band that also made a big record at Camp Custer last summer, has been ordered to duty at Camp Custer from July 19 to August 17 this year. Camp Custer will also have the Second United States Infantry regiment band from Fort Wayne, on duty with the Port Huron high school band.

The Bay City high school band will go to Fort Brady for duty from July 19 to August 17. This is the first year Fort Brady has had a regular C. M. T. C. band on full duty during the C. M. T. C. training. The last

two years a band selected from the Saint Ste Marie high school students has been used for special occasions but there has been no band in camp on full time.

The recognition of these high school bands from Michigan by the war department is a special compliment to the high school bands from this state. Michigan is the only state in the union that will furnish three school bands at the Citizens Military Training Camps.

Phelps Newberry, civilian aide to Secretary of War James W. Good, has notified all of the 83 chapters of the county committees to make all the speed possible to enroll their country quotas. Michigan still needs some 300 young men before its quota is filled, and all applications ought to be in at the Sixth Corps Area headquarters by July 1. Mr. Newberry urges all young men planning to attend this summer's training camp to get their applications in as soon as possible.

The big feature of this year's training program is athletics of all kinds. More than 50 per cent of the time the young men are in camp will be devoted to the various athletics contests. There will be trophies and

medals presented to the winners of the various athletic events. In the evenings the trainees will be entertained with band concerts, moving pictures, dancing, boxing and wrestling.

J. M. O'Dea, chairman of the Wayne county C. M. T. C. committee, announced last week that Wayne County has enrolled its quota of 470 young men. Mr. O'Dea and his men and women committees are now making an effort to enroll several hundred more young men from Wayne county to take the places of counties that have failed to get their quotas. Mr. O'Dea announces that many of the largest industrial and financial institutions in Michigan are sending young men in their employ to the C. M. T. camps with full pay and with their vacations besides.

Young men who have not enrolled and who desire application blanks should write to Phelps Newberry, civilian aide, 143 Book Tower, Detroit; Chief of Staff, 55th Division, 438 Book Tower, Detroit; Commanding Officer, Fort Brady, Saint Ste. Marie, Mich., or the C. M. T. C. Officer, Sixth Corps Area headquarters, 1819 West Pershing road, Chicago, Ill.

Louis Babbitt, president of the Northville State Savings bank, who has been confined in the University of Michigan hospital for nearly two months, has so far recovered that he was brought to his home in this place, Monday. His attending physicians hope that he will be able to be back on his job within the near future.—Northville Record.

## Need More Butter from State Herds

### MILLIONS OF POUNDS NOW PURCHASED FROM FARMERS OUTSIDE OF MICHIGAN.

The replacement of scrub bulls by purebred animals distributed from a special train, which is to run through northeastern Michigan, is one of the steps in a program to make it unnecessary for Michigan buyers to purchase 60,000,000 pounds of butter from out of state producers as they must do at the present time.

Business men's clubs in the towns which the train will visit are uniting with the farmers in their districts to bring the replacement program to a successful conclusion because the townspeople are satisfied that good dairy cattle mean prosperity to these Michigan areas.

One hundred purebred bulls will be carried on the train. These animals will be selected by fieldmen of the breed associations and will be sold at nominal prices. Owners of scrub animals will be able to sell these undesirable bulls to buyers on the train and the sale price can be applied in purchasing a herd sire.

The train is being conducted by the Michigan Central Railroad and Michigan State College. Meetings will be held at towns along the line and matters of interest to dairy

farmers will be discussed by specialists from the college.

The counties which will be visited by the train will be Bay, Midland, Gladwin, Arenac, Roscommon, Ogemaw, Crawford, Otsego, Cheboygan, Presque Isle, Alcona, Alpena and Iosco.

All bulls to be sold from this train will have dams with production records of 400 pounds of butterfat or more per year.

## Big Display Fireworks at Edgewater Park

A display of fireworks, costing \$5,400, will be set off at Edgewater Park, on the Seven-Mile road near Grand River, the night of July 4. There will be no admission charge, and provision has been made for free parking of 6,000 automobiles. For the afternoon and night holiday crowds, special attractions of varied kinds will be provided. In the big ballroom, overlooking the lagoon, Jenn Goldkette has arranged a holiday program with the Casa Loma orchestra. The dancing will start early and last until late into the night.

One of the new attractions at the park which is drawing large crowds, is the Topsy House, a comical amusement that gives the visitor the impression of walking upside down amid a room full of mirrors. This is a new invention which proved such a success in the east that the park management built one here at a cost of \$15,000.

One of the longest and most thrilling roller coasters in the country, with more than a mile of track, also is proving popular, while the Tumble Bug, the Custer Cars, Lindy planes and half a dozen other riding devices have brought Edgewater Park into prominence with the amusement loving public. Edgewater is the only amusement park in Detroit, being located on Seven-Mile road, near Grand River and Lahser roads.

## AROUND ABOUT US

There were 140 graduates from the Redford high school this year.

Preliminary steps have been taken to organize a Y. M. C. A. for Dearborn.

The New Hudson-Milford road has been closed to traffic. The work of paving has commenced.

The Dearborn city council has declared July 17th as a civic holiday. A splendid program is being arranged.

Dearborn expects to entertain a group of notables in October of this year, when the Edison Memorial Museum will be the scene of a celebration commemorating the invention of the electric light. Thomas A. Edison hoped to have President Herbert Hoover at the ceremonies.

Henry Ford has been offered the remnants of one of the oldest flour and feed grinding mills in the state for his American museum at Dearborn. E. A. Moross, owner of the Mosherville Lake Roller Mills, has offered free the turbines and machines in the mill which he claims are 90 years old.—Dearborn Independent.

## Rouge Park Swimming Pools to Open Soon

The River Rouge bath house and swimming pools on the Plymouth road are fast nearing completion, and will be opened to the public early in July.

The large concrete pools of rectangular shape, that are now being treated with water paint by workmen, number three. Each is 65 by 70 feet and of graduated depths. A place for the inexperienced as well as the professional swimmer has been provided. The "deep sea" pool is 12 feet to the bottom near the center, where a diving platform has been built.

Nearest the bath house are located two pools, one for the very young, and a second for those who have had a little more experience in water tactics. The shallowest tank for water babies is four feet deep in the farther end and graduates to a nearly ankle-deep wading place. The medium-sized pool measures six feet in the deepest place.

All three tanks have a low concrete overflow around them and the whole swimming place has a concrete floor, and is enclosed in an attractive iron fence. Built on a knoll overlooking the River Rouge, it can be seen for some distance. An tugal lighting system has also been installed that will make the place well illuminated at night. Submarine lights have been constructed in the walls of the tanks, that will especially be used at exhibition swimming meets. Lighting the water with attractive effects.

The bath house itself, facing Plymouth road, is of brick and stucco construction and of gabled design. It is a large building, approximately 200 feet in length. The main entrances lead into the lobby and check room. The east wing accommodates the lockers and showers for women and girls, and the west wing is for men and boys. A total of 2,000 lockers have been installed. The shower and locker rooms are unusually well lighted, large skylights extending the length of the building. The floors throughout are of terrazzo construction in grey colors. Lockers and equipment are dark green. Walks will encircle the building and extend to the street. Building of the latter, grading and sodding of the surroundings are being completed in preparation for the opening. Redford Record.

Draperies give a new look and new life

These dingy draperies can be given back that royal look of dignity if we dry clean them. We can dry clean your tapestries perfectly. Dainty Dorothy says that we can refresh and clean every fabric used in the home and wardrobe. She says that the men who patronize us say it saves them money and pleases their good-dressing sense.

JEWELS CLEANING & DYEING WE KNOW HOW

Our Wiring is Fireproof

Defective wiring for electricity is much too often the cause of fire. Be careful in your wiring specifications to get the best materials and the best installation. We shall be pleased to give you an estimate for your work and will guarantee it to be fireproof if you will allow us to do it our way. Our estimate places you under no obligation.

Since January first the step-up idea in automobile buying has taken America by storm

The New Pontiac Big Six has been called the "step-up" car because it enables forward-looking people to step up in motor car quality without leaving the low-priced field. And since the first of the year, when the new Pontiac was announced, the step-up idea in automobile buying has taken America by storm.

Pontiac Big Six, \$745 to \$895, f. o. b. Pontiac, Michigan, plus delivery charges. Bumpers, spring covers and Loveloy shock absorbers regular equipment at slight extra cost. General Motors Time Payment Plan available at minimum rate.

Consider the delivered price as well as the list price when comparing automobile values. . . . Oakland-Pontiac delivered prices include only reasonable charges for handling and for financing when the Time Payment Plan is used.

### HEIGHT LIMIT OF SKYSCRAPER NEAR

Elevator Demands Make Lofty Towers Unprofitable.

New York.—Where 100,000 men once spent 20 years building a pyramid for the Pharaohs, a thousand men now rear a modern skyscraper 50 stories into the air in a single year. But where the Pharaohs raised their monuments to stand for all time, the life of the modern monument to commerce is fixed at 25 years. Children who watch these lofty towers reaching toward the sky today in New York, Chicago and a score of other cities will, as middle-aged adults, see them leveled again.

The explanation is that the average skyscraper is being built comparatively as cheaply as a subdivision bungalow because the builder cannot afford to take chances on the course of rapidly changing land values as the American city changes its course of growth, points out Silas Bent in World's Work. They cannot risk sinking a fortune in a glut office structure only to find that within 10 or 15 years the district has changed from a commercial one to a manufacturing center. They also cannot risk encumbering land that may rise many times in value with a building that may be antiquated within a decade.

Whether the 75-story skyscraper soon to be erected in Chicago will mark the ultimate in lofty construction, or whether it will be surpassed by a 110-story tower projected in New York and by others still higher, is a problem interestingly discussed by Mr. Bent.

While theoretically there is no limit to which builders may not aspire today, there is a rigid economic limit at which such buildings cease to be profitable, he shows. And the limit is due to one of the chief factors that made the skyscraper possible—the elevator.

"The taller the building, the greater must be the number of elevators to accommodate the tenants," he points out in the World's Work article. "Now where ground rentals are enormous the space given over to elevators becomes an item of moment. In cities of a million population it is calculated that the 20 story building is about as lofty as is consistent with economic construction. Only where land values are abnormal, or where there is exceptional advertising value in mere height, are more stories justified."

A building so high that it must give a third or half of its ground space over to elevator shafts would necessarily be far more costly than one only two-thirds as high, and not as profitable, he shows. So that unless engineers devise some apparently impossible means of indoor transportation for the tens of thousands of inhabitants, the skyscraper soon will have reached its positive limit.

### Former Ghost Town Citizens Hold Reunion

Traver, Calif.—One of California's best known "ghost" towns returned to life here with a population of approximately 500 citizens for one day, when visitors came from as far north as Sacramento and as far south as Los Angeles.

"Citizens" is the proper word to describe the returning population, for all of the 500 persons were former residents, gathered in reunion. It was the 45th anniversary of the founding of Traver, once a 3,000 population center of a great grain and horticultural area.

Every building in the town has disappeared. The last to go was the Del Zante hotel, burned to the ground last year, together with a little store.

Alkali was responsible for Traver's demise as a municipality. The chemical came to the surface with irrigation, killing grain, orchards and vineyards.

Cattle now roam over sparse "salt grass" where once a prosperous community existed. The 500 reunionists picnicked beneath the great eucalyptus trees that border what once was the Traver school yard.

### Texas Claims Largest Wheat Field, 6,000 Acres

Heresford, Texas.—This section of Texas has issued claim to the largest single wheat field in the state, and is shooting at national honors. The field of grain is under one fence and comprises 6,000 acres. Production is expected to total about 200,000 bushels of wheat valued at approximately \$250,000.

### Monster Codfish

Provincetown, Mass.—What was believed the biggest codfish ever caught in Massachusetts waters was brought in by Capt. George Brier off Truro recently. The giant weighed 100 pounds.

### Radio Serves Double Purpose in School

Racine, Wis.—A radio receiving system that serves a dual purpose has been installed in a Racine school. Aside from making broadcast programs available in each schoolroom, a microphone has been installed in the office of the principal so that he may make announcements at one time throughout the school.

### Buried Cities

The soil that covers a buried city sometimes indicates the manner in which it was buried. For instance, if the city is buried in sand it is reasonable to believe that some terrific sand storm enveloped it. On the other hand, if the overlying earth is volcanic in character it is indicated that some eruption caused the loss of the city. For many cases historical records are available telling of the nature of the catastrophe.

### WILL AWARD HONORS TO MICHIGAN WOMEN

RURAL HOME MAKERS TO RECEIVE RECOGNITION OF THEIR IMPORTANCE AS PARTNERS.

Public recognition of the importance of the feminine partner in a farm business will be symbolized at a presentation of medals to five Michigan farm women who will be given the title of Master Farm Home Maker, August 2, at the conclusion of Farm Women's Week at Michigan State College.

Similar groups of women have been chosen in 21 states. The acknowledgment of the national indebtedness to rural housewives is sponsored by "The Farmer's Wife" published at St. Paul, Minn. Representatives of the magazine cooperate with the home economics extension service of State College in the selection of the Michigan group.

Candidates from all part of the state were nominated by their neighbors for inclusion in the group of five to be accorded public honors. Selection of the five from among those nominated will be made by a committee appointed to consider the contribution of each candidate to her family and to the community in which she lives.

Groups of Master Home Makers chosen in other states will bring the total of women to be given this title to more than 100. The magazine which inaugurated this movement believes that this group of women will form a nucleus which will be of material assistance in aiding plans for the betterment of farm living conditions.

### Today's Reflections

Why is it that the less some Plymouth men have on their minds the more they want to talk it off.

Sex won't be wholly equal until a man can ask a strange girl for a match without seeming fresh.

After seeing cartoons of our leading statesmen we don't feel so bad about not having entered politics.

Most anyone can look at a Plymouth woman and tell her age—but you'd better not.

A turtle in Indiana moved a mile in 67 years. It must have gotten mixed up somewhere in a Sunday automobile parade.

Some people persist in buying wild-cat stocks as if their bank roll had nine lives.

The Plymouth man who remembers nothing but the bad things he knows about other people is always bragging of having such a good memory.

At a dollar a word "I do not choose to run" amounts to but \$5, but it gave Mr. Coolidge a chance to earn about \$5,000 explaining what he meant by it.

A Vermont editor declares in big headlines, "The End of the World is Near." Why worry, we're all in the same boat.

Some women around Plymouth are so busy attending to foreign missions they can't find time to look after their heathen husbands at home.

When a motor knocks there's something wrong with it, and it's usually the same way with a man.

We'd like for someone to tell us what it would profit any man in Plymouth to be able to speak three or four languages if his wife insists on doing all the talking.

Another thing we can't understand is why a good habit is so much easier to break than a bad habit.

The trouble with the U. S. senate is that it thinks the public takes it as seriously as it does itself.

Some Plymouth men are so hard up for something to brag about they'll actually boast how long they've smoked the same old cob pipe.

A man can go to the devil and back out if he wants to—but a woman can't do it.

We've often wondered if the straw that a drowning man clings to is the same on that broke the camel's back.

This is a good time to remember that there is room for but one kind of "ism" in this country—and that is Americanism.

### IN MEMORIAM

In loving memory of our dear son, Woodrow Wilson, who passed away four years ago Sunday, June 23, 1925:  
The flowers that are placed upon his grave  
May wither and decay.  
But our love for Woodrow who sleeps beneath  
Shall never fade away.  
His loving Father, Mother, Brother and Sister.

### Ford Motor Factory Began 26 Years Ago

JUNE 16TH MARKED BEGINNING OF ONE OF WORLD'S GREAT-EST FACTORIES.

Last Sunday, June 16, marked the twenty-sixth birthday of the Ford Motor Company, the beginning of the world's largest automobile concern having begun in a small brick garage on Bagley avenue, Detroit, on June 16, 1903. Today the Ford activities center in every section of the civilized world.

The immense Rouge plant has been adding to its facilities and increasing its efficiency while at the same time maintaining the high pitch of 8,000 cars a day. Transfer of most of the machinery and departments from Highland Park to the Rouge, concentrating in the latter much of the equipment that formerly comprised the largest automobile manufacturing plant in the world, is being accomplished with a minimum of interference with production.

The largest radiator plant in the world was formerly at Highland Park; much of its equipment is now at the Green Island plant near Albany, New York, where Model A radiators are being built at constantly increasing speed. Manufacture of the Ford steel one-piece wheel has been centered at Hamilton, Ohio. Other manufacturing departments have been relocated in the Rouge plant or will be distributed to still other plants. Building of the Fordson tractor has been transferred from the Rouge to Cork, Ireland.

Meanwhile the facilities of the Rouge plants are being built up along a well-defined program. Recent additions to the soaking pits and the open-hearth furnaces have added to the production of steel. Another hot metal mixer has been installed in the foundry, together with a new electric furnace, making possible greater use of hot metal direct from the blast furnaces. The capacity of the power house has been greatly increased and plans are now under way for construction of a tunnel from the Detroit River to bring in a billion gallons of water daily for cooling purposes.

On the West Coast, near Los Angeles, California, construction is under way of a large new assembly plant, warehouse and docks at Long Beach harbor, which opens on the Pacific Ocean. It is expected that the plant will be in operation in 1930 and the total floor space will be in excess of 350,000 square feet.

Outside the United States, associated companies are similarly extending their facilities. On May 16, Edgell Ford broke ground for the new assembly plant to be constructed near Dagenham, England, by Ford Motor Company, Limited, which is expected to produce 300,000 automobiles annually and to form the largest automobile manufacturing plant in the British Empire.

Announcement has already been made of the establishment of a new plant at Stamboul (Constantinople) by Ford Motor Company, Exports, Inc., and only a few months ago a new assembly plant was completed near Yokohama, Japan, by Ford Motor Company of Japan, Limited. Plans are now being formulated for a new plant at Rotterdam, Holland.

Aside from the production of the Model A, other notable building activities are under way. At Dearborn, Michigan, a handsome group of buildings are being constructed to house the Americana Museum which has been planned by Henry Ford.

Three new barges have been placed in the water this spring as additions to the Ford fleet. In Brazil, rapid progress is being made on the preliminary clearing for the Ford rubber project on the Tapajos River in the interior of the Amazon region—Dearborn Independent.

### FIRST PLYMOUTH BIRTHDAY WILL BE OBSERVED

NATIONAL DISPLAY OF IMPROVED CARS IN NEW COLORS TO FEATURE ANNIVERSARY SHOWING.

Celebrating its first birthday, coincident with the birthday of the nation, the Plymouth Motor Corporation at Detroit is planning a national showing of the improved Plymouth cars in a variety of new colors.

Earl Mastick, local Plymouth dealer, is preparing his showroom with a unique display in an attractive setting for this showing which will take place from June 29 to July 13 inclusive. During this period the public is invited to visit the showrooms, to inspect and drive these stylish but low priced Chrysler-built Plymouth cars. The complete line of body styles with a variety of pleasing color combinations will be on display.

Casual interest is attached to this first birthday of the Plymouth due to the fact that during this year it has been greeted so enthusiastically that production records for the entire industry have been shattered. No other car has even reached such high production within so short a period after the car was introduced as has the Plymouth.

The enthusiasm with which the Plymouth has been greeted, is due to the quality that is evident throughout the construction of the car. In power, speed, unusual accelerating ability, beauty and comfort, it rivals cars of a much higher price and is an unusual value in its price class.

One year ago when Chrysler officials put into production this lowest-priced Chrysler Motors automobile, they were determined to build a car that would be sturdy, dependable, with rugged strength, and with freedom from any limitations that would prevent it being the leader in its field. So accurately did the qualities possessed by this car typify that sturdiest band of pilgrims who were the first settlers of Plymouth, Mass., that it was only natural that such a name should be chosen to designate this car.

Visitors to the showrooms during this anniversary showing will be given the opportunity to inspect thoroughly and drive the improved Plymouth. A number of improvements throughout the chassis and the body have recently been announced and these are expected to create an unusual amount of interest with the motor-wise public. Plymouth body engineers have spent several months in working out new designs to give the Plymouth the strongest and best braced bodies in its price class.

A thorough demonstration is all that is needed to convince one that it is a car of exceptional worth. It is a car that will easily prove itself if given the opportunity to do so.

### GIRL, 18, MAY HAVE BEAU, COURT RULES

Great Modern Question Is Settled by Judge.

New York.—The weighty legal opinion involved that great modern question: Might a girl of eighteen have a beau—or mightn't she?

All girlhood's future was at stake as pretty Josephine Pupica of Yonkers faced the bar of justice in Yonkers before Judge C. W. Boote.

Josephine had been haled to court by her mother for running away to a relative's home because she would not live up to the parent's rules of never associating with boys, handing over all her weekly wages, never staying out later than 10 p. m. and never visiting girls at night.

The girl's lips quivered and she told the stern court: "I had to run away, your honor. Listen to those rules."

So the judge listened and then he pondered. It may be that he thought of the time when he used to have an occasional date with a pretty brunette like Josephine.

"I will lay down some new rules," he declared.

"You may remain out later than 10 o'clock. Say 11 or thereabouts."

"You may keep some of your earnings for yourself and also you may visit other girls at night."

"You may select your own clothes."

"But," exclaimed the defendant, "er, how about a boy fr—"

The court interposed, a twinkle in his eye.

"Oh, yes," he remarked. "You may accept the attentions of a respectable young man."

Josephine smiled. Girlhood had been freed from bondage!

### Too Much Music

"Trust not the man who hath no music in his soul," said Shakespeare; nor the one, who specializing in the ukulele, banjo and saxophone, hath too much.—Farn and Firestone.

### A Communication

Editor Mail:

Apropos your editorial in last week's issue of the Mail, "Investigate," I desire to commend you on this thoughtful advice to the people of Plymouth.

Yes, our citizens should "investigate first." Their hard luck appeals for magazine subscriptions to enable a college course is all right provided these agents take the college course, but reports are circulated that many never see the inside of college doors after the necessary number of subscribers have been obtained.

But why do business with strangers when right in our own midst we have a legalized subscription agency that for years has given excellent service and whose efficiency should prompt us to continue dealings with those we know deserve all of Plymouth's support.

Signed,  
A Plymouth Mail Reader.

### Sound to Come Right

There is a plan working in our lives; and if we keep our hearts quiet and our eyes open, it all works together; and if we don't, it all fights together, and goes on fighting till it comes right somehow, somewhere.—Gardner.

COMPARE the delivered price as well as the list price in considering automobile values. Chevrolet's delivered prices include only reasonable charges for delivery and financing.

Among all the delightful performance characteristics of the Outstanding Chevrolet—none is creating more widespread enthusiasm than its thrilling speed and flashing acceleration!

The great new six-cylinder valve-in-head engine responds to the accelerator with an eagerness that is literally amazing. Touring speeds are negotiated with such smooth, silent, effortless ease that you almost forget there's a motor under the hood. And when the throttle is opened wide—the pace is faster than the most experienced driver would care to maintain!

Back of this exceptional performance is a brilliant array of engineering advancements—typified by a high-compression, non-detonating cylinder head... automatic acceleration pump... hot-spot manifold... semi-automatic spark control... and a heavier crankshaft, statically and dynamically balanced.

Come in and drive this car. Learn for yourself, at the wheel, that no other car can approach it in the price range of the four!

—a Six in the price range of the four!

**CHANCERY NOTICE**  
No. 171412  
STATE OF MICHIGAN  
IN THE CIRCUIT COURT FOR THE COUNTY OF WAYNE IN CHANCERY

GEORGE A. SMITH and BERNICE E. CHAMPE, Plaintiffs,

HORACE BLACKMER and his unknown heirs, devisees, legatees and assigns, KATHERINE ALLEN and all of the unknown heirs, devisees, legatees and assigns of ERENEZER J. PENNIMAN, Defendants.

At a session of the said Court held in the Wayne County Building in the City of Detroit, Michigan, on this 23d day of June A. D. 1929.

PRESENT: The Honorable Circuit Judge, Adolph F. Marschner.

On reading and filing the bill of complaint of the plaintiffs, herein and the affidavit for an order of publication and it appearing from said bill of complaint and said affidavit for order of publication that the heirs at law, devisees, legatees and assigns of Horace Blackmer are unknown and that the plaintiffs herein are without any means of ascertaining the identity of said heirs or their whereabouts.

It further appears that the bill of complaint in this cause has been filed for the purpose of clearing the title and removing certain clouds from the title to the following described property:

All that part of the east 1/2 of the northeast 1/4 of section 28 which lies north of the Sutton Road, except a strip 4 rods wide off of the west side thereof and the cemetery out of the southeast corner thereof, which said cemetery is 10 rods from east to west and 12 rods from north to south, containing 29 acres more or less. Also that part or parcel of land commencing in the middle of Sutton Road and at the southeast corner of lands now owned by George S. Durfee, thence running north one degree and 55 minutes west and along the east line of the said Durfee's land to the north line of said section 28, thence easterly on the south line of section 21, 3.55 chains; thence north 0 degrees and 40 minutes west and along the east line of the said George S. Durfee's land to the south line of the Pere Marquette Railroad company's land; thence easterly along the south line of the Pere Marquette Railroad Company's land to the lands allotted to Fred W. Durfee from the Estate of Ruben S. Durfee, deceased; thence south parallel with the east line of the said George S. Durfee's land to the south line of section 21, thence west on the said south line of section 21, 2.01 chains to a stake; thence south 2 degrees and 5 minutes east to the middle of the Sutton Road, thence west along the middle of the Sutton Road to the place of beginning, and containing 23.29 acres of land more or less. Also that part and parcel of land commencing at the southeast corner of said section 21, running thence northerly to the east line of said section 21 to the south line of the Pere Marquette Railroad Company's land; thence westerly along the south line of the said Pere Marquette Railroad lands, 24.42 chains to lands owned by Emma E. Mills; thence south 40 minutes east and along the east line of the said Emma E. Mills land 22.97 chains to the south line of said section 21; thence west on said south line 2.01 chains to a stake; thence south 2 degrees and 5 minutes east to the middle of the Sutton Road; thence easterly along the middle of the said Sutton Road, 6.63 chains; thence north 2 degrees and 15 minutes west and parallel to the east line of the west 1/2 of the northeast quarter of section 28 to the south line of section 21; thence easterly along the south line of said section 21, 14.93 chains to the place of beginning and containing 60.74 acres more or less. Said land located in Plymouth Township, Wayne County, Michigan.

IT IS THEREFORE ORDERED that the defendants and each of them appear and answer the bill of complaint filed in this cause and that the Custodian Ad Litem appointed by this Court appear for and in behalf of any heirs possessing a disability and make answer to this cause within three months from the date of this order or said bill of complaint will be taken as confessed.

IT IS FURTHER ORDERED that this order of publication be published as required by law, in the Plymouth Mail, one of the newspapers printed, published and circulated in the County of Wayne.

IT IS FURTHER ORDERED that a copy of the said order be deposited in the Register and mail addressed to the defendants herein at their last known addresses.

ADOLPH F. MARSCHNER, Circuit Judge.

A. BLESSING, Clk.

**DE-HO-CO WINS A CLOSE ONE**

DE-HO-CO DEFEATS PLEASANT LAKE IN NINTH INNING RALLY.

CIRCUS COMING TO DE-HO-CO PARK.

Sunday, De-Ho-Co visited Pleasant Lake, and after an uphill battle finally emerged on the long end of a 5 to 4 score. Terwilliger, doing mound duty for Pleasant Lake, started out as if he intended to shut De-Ho-Co out, and his fast one sure had the farmers guessing. Not until the fifth inning could De-Ho-Co nick him for a hit. In this frame, with one out, Trombley singled, and although Terwilliger passed two more, he also struck two out and prevented a score. He then continued on invincible until the eighth when De-Ho-Co got their first run, off a double by Martin and a single by Jaska.

Priest, a newcomer to De-Ho-Co, was the local teams choice as hurler, and he went along in nice fashion. His support let him down in the second, however, and Pleasant Lake was permitted to score two runs without a hit. Giles made a low throw to first, and Jaska booted three consecutive chances before the necessary three men were retired. The lake boys then picked up another run in the third, off two hits, and counted again in the sixth. Going into the ninth, they were leading De-Ho-Co by the score of 4 to 1, and it looked as though they had the old game in the bag.

However, the saying is that a ball game is never over until the last man is out in the ninth, and in this case proved to be true. Trombley opened the inning with a single, and scored on Giles' double. Rowland, batting for Priest, struck out; then Destefano double Giles home. Destefano,

in his anxiety to score with the tying run, took too long a lead and was caught off second. Denniston walked, and stole second. Spencer singled him home, and went to second on the throw to the plate. The score was tied and the winning run was on second when Martin hit a fast one to short. In this critical situation, Hewman let the ball through him, and Spencer scored. Jaska then struck out to end the inning, but De-Ho-Co had won another ball game.

There was a change in De-Ho-Co's line-up, Giles, a new arrival and a potential shortstop of class, replaced Destefano who went behind the plate. This change worked out well, and both boys looked good in their respective places.

Something of a surprise treat is in store for fans who attend Sunday's game at De-Ho-Co Park. Manager Prough has booked the Detroit Clowns for this day, and so a dual bill will be presented. The Detroit Clowns are all that the name implies, first appearing on the field in clown suits, and their pantomime is guaranteed to make you laugh. However, they also have their serious side, and once the game is under way, are capable of displaying a very high calibre of baseball. In fact they are one of Detroit's best semi-pro teams.

Another attraction worthy of note will come on July 4, when Kellogg's of Battle Creek, visit De-Ho-Co Park. There is a tie existing between the two teams, due to each winning one when De-Ho-Co visited Battle Creek June 15 and 16, and therefore both teams will be trying hard to emerge with the victor's laurels. A side amusement will be furnished those who care to come early. Starting at 2:00 p. m., the inmates of the farm will hold their field meet. There will be various sporting events held in front of the grandstand, and those attending the game may view them without additional cost.

Two base hits—Martin, Destefano, Giles, Hewman, E. Blackmore.

Stolen bases—Destefano, Denniston, Kuhn.

Hits off Priest, 5 in 8 innings; off Hartner, 1 in 1 inning; off Terwilliger, 7 in 9 innings.

Uses on balls off Priest, 0, off Hartner 1, off Terwilliger 6.

Struck out by Priest 3, by Hartner 0, by Terwilliger 11.

Double plays—None.  
Umpire—Olmstead.

FIRST INNING: De-Ho-Co—Destefano walked; Denniston struck out; Spencer fied out to E. Blackmore; Destefano stole second; Martin walked; Jaska struck out. No runs, no hits, no errors.

SECOND INNING: De-Ho-Co—Smith rolled out, pitcher to first; Trombley struck out; Giles grounded out, Hewman to Crosthwaite. No runs, no hits, no errors.

Pleasant Lake—Kuhn was safe on Giles' low throw to first; R. Blackmore was safe on Jaska's error; Terwilliger rolled out, Priest to Denniston; E. Blackmore was safe, and Kuhn struck on Jaska's error. Crosthwaite struck out; Hollis was safe and R. Blackmore scored when Jaska made his third consecutive error. Young grounded out, Martin to Denniston. Two runs, no hits, four errors.

THIRD INNING: De-Ho-Co—Priest rolled out, third to first; Destefano grounded out, Hewman to Crosthwaite; Denniston fied out to R. Blackmore. No runs, no hits, no errors.

Pleasant Lake—Hewman doubled; Standish struck out; Kuhn singled, scoring Hewman; R. Blackmore grounded out, Giles to Denniston; Terwilliger grounded out, Martin to Denniston. One run, two hits, no errors.

FOURTH INNING: De-Ho-Co—Spencer rolled out, Young to Crosthwaite; Martin grounded out, E. Blackmore to Crosthwaite; Jaska struck out. No runs, no hits, no errors.

Pleasant Lake—E. Blackmore was out, Giles to Denniston; Crosthwaite struck out; Hollis grounded out, Jaska to Denniston. No runs, no hits, no errors.

FIFTH INNING: De-Ho-Co—Smith was safe on Hewman's error,

but was out stealing, Hollis to Young; Trombley singled; Giles walked; Priest struck out; Destefano walked, filling the bases. Denniston struck out. No runs, one hit, one error.

Pleasant Lake—Young hit to Priest who threw him out at first; Hewman was out, Giles to Denniston; Standish singled, but was thrown out stealing, Destefano to Giles. No runs, one hit, no errors.

SIXTH INNING: De-Ho-Co—Spencer was safe when Hewman booted his grounder; Martin fied out to center; Jaska fied out to Hewman; Smith struck out. No runs, no hits, one error.

Pleasant Lake—Kuhn singled, then stole second; R. Blackmore was out, Martin to Denniston; Terwilliger grounded out, Giles to Denniston; E. Blackmore doubled, scoring Kuhn; Crosthwaite grounded to Giles, who threw him out at first. One run, two hits no errors.

SEVENTH INNING: De-Ho-Co—Trombley struck out; Giles walked; Priest struck out; Destefano was out, Young to Crosthwaite. No runs, no hits, no errors.

Pleasant Lake—Hollis fied out to Smith; Young fied to Spencer; Hewman was thrown out, Jaska to Denniston. No runs, no hits, no errors.

EIGHTH INNING: De-Ho-Co—Denniston hit to Terwilliger, who threw him out at first; Spencer grounded out; Martin doubled; Jaska singled, scoring Martin, and went to second on the throw to the plate; Smith grounded out, third to first. One run, two hits, no errors.

Pleasant Lake—Standish rolled out, Giles to Denniston; Kuhn fied out to Giles; R. Blackmore fied to Spencer. No runs, no hits, no errors.

NINTH INNING: De-Ho-Co—Trombley singled; Giles doubled, scoring Trombley; Rowland batted for Priest and struck out; Destefano doubled, scoring Giles; Destefano was caught off second, Hollis to Hewman; Denniston walked, and then stole second; Spencer singled, scoring Denniston and tying the score; Spencer went to second on the throw to the plate; Spencer scored and Martin was safe on Hewman's error; Jaska ended the inning by striking out. Four runs, four hits, one error.

Pleasant Lake—Hartner went into pitch for De-Ho-Co. Terwilliger singled; E. Blackmore forced Terwilliger, Hartner to Giles; Crosthwaite walked; Hollis fied out to Giles; Young forced Crosthwaite, Martin to Giles. No runs, one hit, no errors.

# You Can Buy Graham-Paige Quality at \$855 at factory

**MANY people are surprised to learn that Graham-Paige quality can be purchased for as little as \$855, at factory.**

The 612, with prices beginning at this figure, is a large, powerful automobile.

When you lift the hood, you see a big engine—delivering 62 horsepower, with smooth operation assured by good balance. A seven-bearing crankshaft (2 1/2 inches in diameter) is supported by a rigid motor block. Water jackets extend clear to the bottom of every cylinder, giving complete and uniform cooling for dependable performance and long life.

The internal expanding hydraulic brakes, protected from dirt and water, are larger than usual in a car at this price. Brake drums are machined absolutely true, insuring contact for the full surface of the brake shoes on all four wheels. This means less need for adjustments and relining, and greater security through more efficient braking.

The emergency brake is entirely separate, giving the protection—

which we believe essential—of two independent braking systems. All through the 612, you will find extra size, weight and strength. Every one of its 3,125 pounds contributes directly to better performance and increased comfort and safety of its passengers.

The bodies are roomy and beautifully finished. Upholstery is genuine mohair, with a guarantee of long wear attached to every cushion.

Study the 612 and get a demonstration before you select your next car.

**FEELING BETTER THAN IN YEARS; PRAISES KONJOLA**

MAN FEARED THERE WAS NOTHING TO HELP HIM—THEN KONJOLA TRIUMPHED

MR. ERNEST GUENTHER

Indorsements without number prove that Konjola, the new and different medicine, conquers the obstinate cases; those that have held on for years with bulldog-like tenacity. Read what Mr. Ernest Guenther, R. F. D. No. 5, Ann Arbor, says of this master medicine:

"I cannot find words to express my gratitude and surprise for what Konjola did in relieving me from the agonies of kidney and stomach trouble and neuritis. I was nervous, irritable and despondent. Not one of the many medicines and treatments I tried did me a particle of good. And then I heard of Konjola, the master medicine of them all. Konjola went to work at once, and improvement began in a few days. In two weeks I was a well man again, thanks to this glorious medicine."

Thus Konjola works, quickly and thoroughly, bringing lasting relief, no matter what else has failed.

Konjola is sold in Plymouth at the Community Drug Store and by all the best druggists in all towns throughout this entire section.—Adv.

## Pasteurized Milk has more "kick" in it than any other drink!

Does that sound strange? It may but it is nevertheless true. There is more substantial nourishment in pasteurized milk than in any other food drink. Healthy people drink pasteurized milk because, in addition to its fine taste and its thirst-quenching power, it helps them to keep healthy. Sick persons are advised by physicians to drink pasteurized milk in order to regain their strength.

Yes, pasteurized milk has a "kick" to it; and unlike other drinks with a "kick," builds up the bodily tissues rather than tending to break them down.

# Studebaker's world leadership in eight-cylinder sales provides the World's Leading Value in the new Dictator Eight

ONE HUNDRED AND FIFTEEN (115) INCH WHEELBASE

The new Dictator Straight Eight now provides the supple smoothness of Studebaker straight eight power, in a motor car of genuine beauty and generous size... and at a price which only the world's largest builder of eights could achieve. No other car provides so fully every fine car quality at so low a price—as its specifications prove to engineer or layman.

**\$1185**  
at the factory

**115-inch wheelbase.**

**Straight Eight motor** of 221 cubic inch piston displacement. Abundant power, marvelous flexibility and smoothness plus economy which rivals the thriftiest of sixes.

**Oil filter, gasoline filter and crankcase ventilating system** insure maximum engine efficiency.

**Fuel pump** insures constant adequate flow of gasoline, regardless of speed or grade.

**Thermostatically controlled cooling system** retards flow of water until motor has reached precisely correct temperature for highest operating efficiency.

**Double-drum frame** of new compound flange design—far costlier but sturdier, safer and permitting graceful lowness of body lines.

**Hydraulic shock absorbers**, front and rear.

**Genuine mohair upholstery.**

**Full-vision, full-ventilated bodies** of steel over hardwood foundation—the accepted fine car coachcraft.

**One-piece steel core safety steering wheel.**

**Fully adjustable steering wheel and front seat.**

**Amplified-action 4-wheel brakes** which stop The Dictator Eight in half the distance accepted as standard.

**Tarnish-proof chromium plating** of all exterior brightwork.

**Coincidental lock** to ignition and steering assures Dictator Eight owners lowest theft insurance rates.

**Non-shatterable safety windshield.**

The Dictator Eight may be driven **40 miles per hour the day it is delivered**—the result of advanced engineering, precision workmanship and careful inspection.

52 Studebaker Models—\$860 to \$2575 at the factory

## LUMBER BARON AT 27, RECORD OF AVIATOR

### Soldier of Fortune Develops 10,000-Acre Tract.

Iron River, Mich.—Aviator at seventeen, soldier of fortune at twenty and lumber baron at twenty-seven—that is the career of W. Kent Rideout, son of W. A. Rideout, Oskosh, Wis., and clerk for the Patten Lumber company at Ansonia, Mich. He left May 21 for Panama to harvest nearly 1,000,000 feet of mahogany and Santa Maria lumber on a 10,000-acre tract deeded to him by a grateful Panama government.

After vain efforts of several years to convince capitalists that his story was not a pipe dream Rideout has been financed by the Patterson-Wels company, Pensacola, Fla., which has ordered monthly shipments of 1,250,000 feet of timber.

Kent's life for the last ten years has been crowded with adventure which reads like a tale by Richard Harding Davis. When he was barely seventeen he enlisted and became a combat pilot in the A. E. F. Once he landed safely beyond the enemy lines after his gas mask had been shot from his face. On another occasion a machine gun sprayed lead into his left leg and splintered it so badly that a metal shaft was used to replace a bone.

#### Soldier of Fortune.

The youth revels in the risk of his eagle days. The armistice was scarcely two weeks old when he signed with the Peruvian government as aviation instructor. After nine months in Peru at a daily stipend of \$50 in gold he served in the military forces of the Argentine republic. Then he turned prospector in South America for gold, oil and silver.

When Panama marshaled its military forces in 1922 to settle by force the frontier dispute with Costa Rica he hastened northward with an American companion, scouting gunpowder and was commissioned a lieutenant colonel in the army of the Panama republic. Meanwhile United States marines had been dispatched to intervene and the military plans of Panama collapsed when its forces came face to face with the marines.

Prevented by the United States government from paying the two American officers in money, the republic offered tax-free timber and mineral grants. Kent, coming from a family of lumbermen, chose timber and received a deed to 10,000 acres near the Pacific coast. He added to his holdings by taking an option on more accessible timber land and induced an older brother to assist in exploiting it. When he returned from the timber company to the headquarters office he found that his brother had taken sole title to the new holdings.

#### Hunt for Backing.

Kent returned to the United States to interest capital in his original grant, but the fanciful story and his evident poverty won him indifferent attention and many laughs. A Texan offered \$15,000 for a controlling interest but Kent scoffed at the overture. An advertisement in the American Lumberman brought inquiries, but the inquiries lost interest upon hearing Kent's seemingly wild tale.

The youth worked for several Wisconsin and Michigan lumber companies to earn a living, and his father took up the hunt for capital.

Several months ago the Pensacola firm investigated the claims of Kent's father and sent a man to Panama to check the validity of the deed. Finding them legal, the company agreed to finance a \$300,000 corporation. The Rideouts received a \$150,000 interest for development and will be permitted, as the profits grow, to repay the company and regain full control. The Patterson-Wels company is entitled to all shipments of lumber for five years at \$75 a thousand feet at the Panama dock and monthly shipments must not fall below 1,250,000 feet.

### Farm Children Shy on Education, Survey Shows

Washington, D. C.—Although the coming generation of farmers needs at least a high school education to understand agricultural chemistry and marketing problems, their schooling is being seriously interrupted by demands of farm work, the children's bureau of the labor department has concluded from a recent survey.

This investigation revealed farm children in the tobacco growing districts of Kentucky miss school an average of three weeks during their comparatively short terms. In North Dakota one-eighth of the girls and one-third of the boys of all ages included in the bureau's study were out of school at least a month to do farm work.

As the rural school terms average only seven months, little time for education is left them when they must be absent from one to two months each year. It was pointed out.

### Hotel Clerk at 98 on Job Daily in California

Stockton, Calif.—Charles Dubois, ninety-eight, claims to be the oldest hotel clerk in the United States. He works daily at a local hostelry and greets guests with all the zest of a much younger man. He smokes four cigars daily and eats whatever his desires dictate. He was born in Switzerland. In 1890 he joined the Mexican revolutionary army of Benito Juarez, rose to the rank of a lieutenant and was one of those who witnessed the execution of Emperor Maximilian.

**Iceberg Boat Invented** Designed for travel through ice fields of the Arctic regions, a special boat is thought to have been perfected by a German engineer. It is shaped similar to a giant sled, is of heavy armor steel, and is propelled by wind-pressure turbines. The inventor believes that when it meets an iceberg it will slide over the obstacle.

## Will Give Warning for Cherry Sprays

PROPER CONTROL OF FRUIT FLY POSSIBLE ONLY BY STRICTLY OBSERVING DATES

Spray warnings for the control of the cherry fruit fly which were given June 21 to the cherry growers in southwestern Michigan mark the beginning of this year's campaign to protect this crop by means of a service in which the state department of agriculture and the entomologists of Michigan State College cooperate.

In the fruit belt of Michigan, differences in weather conditions make it necessary to maintain observation stations throughout the area to ascertain exactly when sprays should be applied to control the cherry fruit fly. Warning is to be given to the growers in each section when to apply the spray.

The poison recommended for the fruit fly by the college entomologists is two or two and one-half pounds of dry powdered arsenate of lead in 100 gallons of water or of dilute lime-sulphur. Two and one-half gallons of lime-sulphur in 100 gallons of water is the dilution recommended.

This spray is advised for use on sour candied cherries which are to be scrubbed.

County agricultural agents, news services, the newspapers, and the radio will all work together to advise growers in each section when to spray their cherries. This service was so successful last year that not a single can of Michigan cherries failed to pass rigid inspection for damaged fruit.

## Picked Up About Town

Dad Plymouth says, "There are 7,000,000 dogs in the U. S., and if you don't believe it walk into some farmer's yard on a dark night and try to get him to pull your car out of a mud hole."

What this country needs is a postage stamp that will stick like a unit salt in a temperature of about 95 degrees.

"One thing about the kind of sun-burn a farm hand gets," says Dad Plymouth "is he doesn't have to sit up half the night putting cold cream on it."

"Any woman can love a man enough to spend his money," asserts Dad Plymouth, "but the kind that can love a man enough to darn his socks are getting fewer every day."

Dad Plymouth says this new fad of courting in airplanes is all right so long as a fellow's girl doesn't "throw him over."

"A rolling stone gathers no moss," declares Dad Plymouth, "but a rolling collar button hits all the dust under the bureau."

Rev. J. W. Priest, who has been pastor of the Baptist church at Northville, has resigned, and on July first will take over the management of the Baptist Ministers' Home at Fenton.

### NOTICE TO BIDDERS

Scaled proposals will be received at the Commission Chamber in the Village of Plymouth, Michigan, by the Village Clerk up to 7:30 o'clock P. M. Eastern Standard time on the first (1) day of July 1929 for the construction of certain storm and sanitary sewers on the following streets:

**STORM SEWERS**  
Palmer Ave. from Harvey to Main, 12"—575 lin. ft.  
Palmer Ave. from Harvey St. west, 12"—585 lin. ft.  
Sutherland Ave. from Harvey to Main, 12"—840 lin. ft.  
Byron Ave. across Harvey street, 7½"x7½" Monolithic Section—70 lin. ft.

**SANITARY SEWERS**  
Pine Street from Wing St. south, 8"—400 lin. ft.  
Auburn Ave. from Blanche to Junction, 8"—1080 lin. ft. together with manholes and other appurtenances.

Proposals will be entertained for the 7½"x7½" monolithic section on Byron Avenue separately from the other work. Contractors interested in the smaller sizes may bid on them as a unit and those interested in the monolithic section may bid on it as a unit.

Reinforcing steel and a wooden form ten feet in length will be furnished by the Village on the monolithic section.

Copies of the plans and specifications under which the work is to be done may be obtained at the office of the engineers at 841 W. Ann Arbor Street, Plymouth, Michigan, by making a deposit of ten (\$10.00) dollars, five (\$5.00) dollars of which will be refunded on their return in good condition on or before the date of the letting.

A certified check for the sum of five hundred (\$500.00) dollars will be required with each proposal as evidence of good faith on the part of the bidder.

The right to accept any proposal, to reject any and all proposals and to waive defects in proposals is reserved by the Village.  
ADOLPH J. KOENIG,  
Manager and Clerk,  
Village of Plymouth, Michigan.  
Strong & Hamill, Engineers,  
Plymouth, Michigan.

## EXTRA VALUE THAT ONLY MARQUETTE PROVIDES

FEATURES COMBINED ONLY IN MARQUETTE IN THE \$1000 CLASS

- Wheelbase 114 inches.
  - Closed Bodies by Fisher.
  - Non-glare Fisher VV windshield.
  - New type mohair upholstery.
  - Adjustable front seat.
  - Remarkable power plant—67.5 brake horsepower.
  - High-compression cylinder head.
  - Rubber engine mountings.
  - Completely sealed engine.
  - Forced lubrication.
  - Lovejoy hydraulic shock absorbers.
  - Four-wheel internal-expanding brakes.
  - Adjustable steering wheel.
- A host of other extraordinary features that combine to make the Marquette America's most complete car in the \$1000 field.

Here is the most complete car ever offered in the thousand-dollar class. Lift the hood and inspect the Marquette's power plant. Go over every feature of construction in the chassis. Fine workmanship everywhere. Superlative engineering. Expert design.

And the Body by Fisher. The very latest expression of the finest body craftsmen in the world. The upholstery is a brand new type. The finest mohair with a rubberized backing that makes it waterproof and dustproof—there's a special type windshield that eliminates glare and gives new pleasure and security to night driving. It's a marvel in appearance, inside and out.

The Marquette proves it is a true Buick product with a type of performance never before equaled in a car at the price. Getaway like a flash! Sky-rocket pick-up—10 to 60 miles an hour in high gear in 31 seconds! Brakes with stopping ability to match such speed—positive, easy-operating and as smooth as satin.

Drive it today just to prove to yourself that there never has been anything like it anywhere near its price.

### A Unique Card Table

We take the following article from the June 17th issue of the Venice Evening Vanguard, Venice, Calif.: "Composed of pieces of wood from many parts of the world and various states of the Union, a card-table top, clearly the work of a genius, was shown to the Vanguard staff this morning by its creator, Otis M. Southworth, 1000 Electric avenue, Venice.

"The table top is composed of 5,000 small pieces of wood of many varieties, all of which were whittled by hand with an ordinary jack-knife by Mr. Southworth. The wood was then laid by means of a specially prepared glue into a handsome design composed of many natural colors.

"Some of the wood was obtained from the Holy Land while some was secured from the Klondike. The table top is finished in the natural coloring of the woods used.

"The table top is 25 inches square. The work shows utmost patience as well as remarkable skill and required several weeks for completion. It is the intention of Mr. Southworth to place his handiwork on exhibition at Lang's jewelry store.

Mr. Southworth, whose wife will be remembered as Mrs. Clara Riggs of this place, is a cousin of Mrs. Sheldon Gale.

### Dodge Car Makes Splendid Record

1914 MODEL EXCEEDS 300,000 MILES IN 15 YEARS SERVICE.

How long is "long life" in a motor car?

The characteristic dependability of Dodge Brothers cars has been given additional prestige by the discovery of a 1914 model whose mileage has been lost somewhere above the 300,000 mile mark. The motor number is 106, and for thirteen years, this veteran car has been the proudest possession of Bill McCordle, a copper prospector who lives in a tin covered shack, insulated in the high mountains of northeastern Nevada.

McCordle's house and garden are surrounded by peaks nearly 10,000 feet high. There is nothing like a boulevard in this country. Over rocky hills, across gulches, and up difficult dugways, McCordle pilots his domain in his faithful car, which he declares, still "runs like a top." Bill bought it second hand in 1916, and since that time, the car has taken him wherever he wished to go. Yet the repair bills in this period have totaled only \$91. In 1921, he spent \$70, and this spring he invested \$21 more for the welfare of this old car and Bill's business.

Since the last repair, Bill makes some steep grades on high gear where much younger cars are forced into low gear to surmount the rugged roads that were once only prospectors' trails over the Nevada mountains. The top of his car has long since vanished, but the rain and sun never hurt Bill as long as the engine is in good order. Bill's house is in a little sheltered cove with steep bluffs surrounding. A half acre garden spot not only supplies food for him, but brings him several hundred dollars every summer where the fine vegetables are marketed in Contract, a nearby town. All about this protected spot, stretch the high bare mountains that Bill believes rich in copper ore. His own holdings make him a potential millionaire, and he doesn't prospect any more, having plenty to do looking after his own claims and those of friends. With his car, he covers the entire territory—roads or no roads.

Not even the gold rush days of the Klondike or Goldfield lured Bill away from his home where he has lived since 1893. Consequently, he is the patriarch of all the prospectors in that region, just as the Dodge car is the patriarch of cars in lands where rough roads and steep grades eliminate the weak ones.

Bill's fellow worker is a younger brother, Hank. Both are babblers, and depend on the faithful Dodge car for access to the outside world, and to their own world—the secluded mountains about their home.

### CELEBRATION IN NORTHVILLE ON 4TH

EVERYONE INVITED TO COME AND TAKE PART IN THE BIG EVENT

Into every nook and corner of southern Michigan members of the Northville American Legion are carrying news of the big Fourth of July celebration they have planned for Northville. They want everybody to know about it so that everybody will be at the celebration.

Probably never before has a town the size of Northville prepared such an elaborate celebration program. Starting early in the forenoon with numerous freak races in which every one is invited to take part, there will be no let up in the activities of the day until late at night.

During the forenoon there will be potato races, a greased pig race, peanut races, three legged races—in fact most every kind of race you can think of.

Early in the afternoon a baseball team under the direction of Michigan's most famous veteran ball pitcher, Harry Gernau, a team of Northville players will contest with the team of some other community for baseball honors. This game will be played at the fair grounds where nearly all of the events of the afternoon and evening will take place.

Following the ball game will be seven running races. For these events the committee in charge has secured entries from all over southern Michigan. Some of the most famous runners in the state will be in Northville to take part in the races and from the interest manifested it would not be surprising if the big grandstand at the race track was crowded to capacity for these events.

For the evening's entertainment there will be a big display of fireworks and a boxing contest. Several well known boxers are being booked for this part of the entertainment.

The various committees are so arranging the program that there will be some form of amusement that will appeal to every one who may come to Northville for the gala day.

A special invitation is being issued to you and every one else to pack all your friends in your automobile and spend the Fourth of July in friendly Northville helping the Legion celebrate the Fourth in a good old fashioned way.

Fate the Great Arbitrator "You are at the sportive disposal of Fate," said Ill. Lo, the sage of Chinatown. "However seriously you may take life, life will not take you the same way."—Washington Star.

### Ford Company Makes Suggestions for Safety

As a contribution towards greater safety and more pleasant driving conditions on the highways of the country this summer, the Ford Motor Company has listed twelve rules as suggestions to motorists and has distributed them to dealers over the country.

Announcement of the suggestions was made today by Mr. Wiedman, Ford dealer in this city, who will display the list prominently in his place of business.

"These rules," said Mr. Wiedman, "are merely common sense as applied to automobile driving. Every experienced motorist knows all of them. It is our hope, however, that by stating them concisely and posting them where they will come to the attention of a great many motorists, we can so emphasize them as to make a real contribution towards greater highway safety."

- 1. Courtesy comes first. Consider the rights and privileges of others.
- 2. Keep your mind on your driving, and anticipate sudden emergencies.
- 3. Learn the "feel" of having your car under control.
- 4. Obey all traffic and parking regulations.
- 5. Keep to the right, and comply with road markings and signs.
- 6. Signal for stops and turns. Watch the car ahead.
- 7. Slow down at crossings, schools and dangerous places.
- 8. Never pass cars on hills, curves or crossings.
- 9. Adapt your driving to road conditions—rain, ice, soft spots and ruts.
- 10. It doesn't pay to take the "right of way" too seriously.
- 11. When you drive, remember the times when you're a pedestrian.
- 12. Know the law. It was passed for your protection.

It is estimated that 20,000,000 persons will tour on American highways this summer. Mr. Wiedman continued, "Recognition of the rights of others will be essential. Many unpleasant accidents will be avoided if motorists, at times of close situations, will recall these rules and act accordingly. They are the recommendations of the Ford Motor Company offered to give greater peace of mind to those who travel by automobile.

Center of Gem Trade Pforzheim in Baden is the world's center for precious metals and precious stones. From 35,000 to 40,000 persons are engaged there in satisfying the world's need for gold and silver ornaments, and tourists flock there to purchase at the source.
