

## WHOLESALESAERS TO VISIT PLYMOUTH

### GAS COMPANY ENLARGES PLANT

Work was started Monday morning on an addition to the retort house at the local gas plant. As soon as the building is completed, the Parker Russell Mining and Engineering Company will start the erection of two new coal gas ovens. These benches will increase the present coal gas production by 50 per cent.

Due to the increased demand for gas for industrial uses, it has become necessary for the Michigan Federated Utilities to make many changes and additions during the past summer. Early this spring one new coal gas oven was erected. This was followed by the erection of a new complete water gas set, a new double purifying box, a new compressor house and new compressor. Additional storage was necessary, so a new 45-foot Horton-sphere was erected.

When the two new benches are put into service the local plant will have a capacity of over 1,000,000 cubic feet per day with both coal and water gas departments in operation.

### D. A. R. Members To Attend Conference

STATE CONFERENCE MICHIGAN SOCIETY D. A. R. WILL BE HELD AT KALAMAZOO, OCT. 8, 9, 10.

The state conference of the Michigan Society of the Daughters of the American Revolution will be held at Kalamazoo, Michigan, October 8, 9, 10, 1929. The Lucia Hindsdale Stone Chapter is the hostess chapter for the conference. Mrs. H. Clair Jackson, chapter regent, is general chairman.

The conference headquarters will be at the Park American hotel, while the conference sessions will be held at the First Congregational church. The following will represent Sarah Ann Cochran chapter of Plymouth, at the conference: Mrs. Carmen Root, Mrs. D. T. Randall, Mrs. D. N. McKinnon and Miss Bertha Warner.

We print below a few interesting notes on the conference:

Extra Sessions—State officers will meet their respective Chapter Officers

(Continued on page Four, Column Five)

### Proctor-Waterman

Miss Ruth Waterman, daughter of William Waterman, and Roy Proctor, son of Mr. and Mrs. Arthur Proctor, were united in marriage last Saturday at 11:30 a. m. in Bowling Green, Ohio. Miss Doris Whipple and the groom's brother, Floyd Proctor, witnessed the ceremony. The bride is a graduate of the Plymouth schools with the class of '27. The couple are at home to their friends at 374 Roe street.

### PLYMOUTH ROCK LODGE NO. 47 WILL PUT ON PLAY, "TAKE A TRIP TO PARIS"

Everybody is going to "Take a Trip to Paris" Monday and Tuesday, October 28 and 29. This play is given under the auspices of Plymouth Rock Lodge No. 47, F. & A. M. Passports will be on sale by members and at Dodge Drug Store and Community Pharmacy.

### ANNUAL O. E. S. RUMMAGE SALE

The annual O. E. S. rummage sale will be held at the Masonic Temple, October 30, 31, November 1 and 2. Four big days in which to purchase those articles you have been looking for. "Something for everybody" is our slogan. Members please note and keep all articles which will be called for by members of the committee. Let us make this O. E. S. rummage sale the best ever.

### JEWELL & BLAICH DANCE HALL WILL HAVE GRAND OPENING

In an advertisement in today's Mail Jewell & Blaiich announce the grand opening of their dance hall on Ann Arbor street, at the point of the park, commencing Saturday evening, October 12th, and continuing through the season. Last year the Jewell & Blaiich dance hall enjoyed an unusually large patronage, and the excellent floor and splendid music proved a popular amusement place for those who love to dance. The best of order is always maintained at all times.

This season a six-piece orchestra will furnish the music, and there is every reason to believe that the dance hall will enjoy another successful season. See ad in today's Mail.

### SCHOOL REPORTS OUT OCTOBER 9

Every boy and girl enrolled in Plymouth Public Schools will be given a report card Wednesday, October 9, 1929. Upon this report card will be the marks showing the degree of his or her success or failure during the five past weeks of school.

These report cards are purchased by the Board of Education, paid for by the community members, and carefully marked by the teachers. The cards then represent considerable expense, both of money and of time.

Why prepare report cards? There are two very important reasons: First, every parent can and should know just exactly what his or her child is doing in school. All that a parent needs to do is to look at this card. It is given out at regular five (5) feet intervals, four times a semester, and every parent can easily "check up." It is sincerely hoped that this year every parent will carefully examine the reports brought home. If your son or daughter is not doing satisfactory work, investigate at once; we will be glad to have you call to talk about school work.

The second reason for giving reports is that every pupil may also know his rating, and make comparisons concerning his improvement, or lack of improvement.

Parents, those in charge of the public schools ask your cooperation in this report making. Be sure you look over your child's card, investigate his marks if necessary, sign the card and return it immediately. Do this every month, and the percentage of failure in P. H. S. will decrease.

### Notice To Kiwanians!

The banquet sponsored by the Detroit Wholesalers working in connection with the Detroit Board of Commerce had to be set for the evening of October 10th, or postponed indefinitely, due to the fact that Harvey Campbell had no other speaking date open on his calendar for weeks in advance.

We are very sorry that the date conflicts with the State Kiwanis Convention, and hope that any local merchants and others interested, who are planning to attend the convention, will make an effort to return to Plymouth Thursday evening, October 10, in time for the banquet.

C. of C. Banquet Committee.

### PLYMOUTH WILL OBSERVE EVENT

PLYMOUTH CHAMBER OF COMMERCE SPONSORING LIGHT'S GOLDEN JUBILEE OBSERVANCE HERE.

October 21st, the attention of the world will be focused upon Dearborn, where Henry Ford in his characteristic way started the foundation of a perpetual tribute to Edison.

There, in connection with the Edison School of Technology, which he has endowed and built as a practical monument to the "Chief," Menlo Park lives again. Surrounded by structures of modern technical education, the building in which Age of Light came into being, stands as they did fifty years ago when Edison produced his first practical incandescent lamp.

Mayor Clyde Ford will declare October 21st a civic holiday. Not only will America's greatest and most beloved inventor be in Dearborn, but President Hoover as well, and many other notables throughout the United States.

Plymouth, like every other city and town throughout the United States, will join in this great tribute to Thomas A. Edison's great achievements. Stores and public buildings, street lights, etc., will be illuminated with globes that will cast a golden glow, in commemorating "Light's Golden Jubilee."

The Plymouth Chamber of Commerce is sponsoring the movement to properly observe the event here, and the cooperation of business men and others is desired.

### KIWANIS RUMMAGE SALE

Everything to please; and everything needed will be found at the Kiwanis Rummage Sale, October 16, 17, 18. WATCH NEXT WEEK'S PLYMOUTH MAIL.

Joseph Robson, the P. M. crossing watchman who was run down by an auto a week ago last Sunday, at the North Main street crossing, has returned from the hospital. All of his friends wish him a speedy recovery.

### Read the Chamber of Commerce Column And Then Read This Letter.

October 1, 1929

Dear Citizens:

We hope that you have been noticing in the local papers the action your Chamber of Commerce has taken in an attempt to improve bus service between Plymouth and Detroit. Friday, Sept. 20th, Mr. Bedford, superintendent of the Detroit Motor Bus Company, and their chief inspector, Mr. Nelson, met with our chamber of commerce committee in this office. While it was impossible to receive definite promises at the first meeting, their attitude was decidedly favorable.

They asked for additional information, especially figures which would at least give them an approximate idea how many through passengers they could expect from Plymouth, if the following improvements were carried out:

1. Reduction in running time to the extent of 20 to 30 minutes by eliminating city passengers—in other words, we would enjoy through suburban buses.
2. Reduction in fare on the basis of computation tickets.
3. A more comfortable, enjoyable ride in the evening, because it should be possible to obtain a seat.
4. If necessary and possible, to change the time of arrival and departure for morning and evening buses to meet with the largest popular demand.

We have taken this action to help Plymouth in two ways, first as a service to the people now living here and working in Detroit, and second as a general improvement which should help to make Plymouth grow by making it more practical for additional families to consider living in Plymouth. Your name was given to us as a former and prospective future passenger. You will be directly benefited by improved service. Won't you do this much for us?

Fill in the spaces provided below for your comments, and either tear off and mail in the bottom portion of this letter or the entire letter to this office. EVERY QUESTIONNAIRE FILLED AND RETURNED WILL BE THAT MUCH MORE VISIBLE EVIDENCE. WILL ADD THAT MUCH MORE WEIGHT WHEN WE ARE READY TO SUBMIT OUR CLAIM TO MR. BEDFORD.

Sincerely yours,  
BERG D. MOORE,  
Secretary.

1. What are your objections to the present service of the Detroit Motor Bus Co?  
(a) The 45c fare? (Please check) \_\_\_\_\_  
(b) The present running time? (Please check) \_\_\_\_\_  
(c) The crowded condition of evening buses? (Please check) \_\_\_\_\_
2. What time must you reach Detroit in the morning? \_\_\_\_\_
3. Would you consider patronizing their service if improved? \_\_\_\_\_
4. Have you any additional suggestions to make? \_\_\_\_\_

### COMPLIMENT TO LOCAL JUSTICE

UNDER CUTHBERTSON ACT (THE STATE JONES LAW) MICHIGAN STATE POLICE HAVE BECOME ACTIVE IN WAYNE COUNTY.

Three persons charged with violation of the prohibition law, under the Cuthbertson Act, the "State Jones Law," were arraigned in Justice Phoebe L. Patterson's court Tuesday, on warrants in which two "under-cover men" of the state police were the complainants.

The three men were Jack Smith, Sam Imberck and Stephen Suielch all of Wyandotte. They were bound over to the circuit court for trial.

The two undercover men have been working secretly among down-river bootleggers since Sept. 15, under direction of Lieut. Alonzo Gillett, of the State Police.

The use of these agents marks a new policy in the State Police's enforcement of the prohibition law. Stephen Davidow, assistant prosecutor, who will prosecute these cases for the state, said Monday. Heretofore, the State Police has contented itself with illegal "tip-overs" of blind pigs and alley breweries.

Under the Cuthbertson Act, the defendants are liable, if convicted, to a mandatory sentence of not less than one year.

Eight other persons have been arraigned in Justice Patterson's court on similar charges, since September 18th, and all were bound over to the circuit court. They were as follows:

Alton Fairfield, of Northville, arrested Sept. 20; George W. Harris, Northville, Sept. 20; Buno Gosardt, Northville, Sept. 19; Harold Carter, Northville, Sept. 20; Tessie Sautner, New Boston, Sept. 16; Joseph Sautner, New Boston, Sept. 18; Sophia Orze, Romulus, two purchases, Sept. 16 and 18.

The bringing of these cases by the state officials to Plymouth is a distinct compliment to the judicial ability of Justice Patterson.

### AN UP-TO-DATE DISPLAY WINDOW.

Schraider Brothers have completed the improvements which they have been making on their display window, and it now offers a very attractive appearance. The window is divided into two parts, to give the effect of two rooms. There are two windows, one in each room, that are artistically hung with lovely gold drapes held in place by green gold fin-backs. The floor is covered neatly with top carpeting, which harmonizes with the buff walls and oak woodwork. On the walls hang two oriental rugs in soft shades of old rose, which add a finishing touch to the window.

Schraider Bros. now have one of the finest display windows to be found anywhere, and is keeping with the other up-to-date features of their big store.

### CANDIDATES CLOSELY BUNCHED AT CLOSE OF FIRST VOTE PERIOD

### Rotary Club Visits Training School

Last Friday noon, the Rotary Club of Plymouth held its regular weekly meeting at the Wayne County Training School as the guest of Dr. Robert Haskell, superintendent of the school, and his staff. A bountiful dinner was served the club members, followed by a brief but very delightful program. A short address of welcome by Dr. Haskell was followed by a brief outline of the work which the institution is trying to do toward assisting the unfortunates who come under their charge to become self supporting, and to find a place for themselves in the outside world. The guests were then escorted upon a tour of the various building units comprising the institution, a tour of inspection which proved a revelation to those visiting the training school for the first time. The greatest possible interest was manifested by all in the great and worthy work being done by the doctor and his associates.

The Rotary members agree that their brother Rotarian, Dr. Haskell, proved himself an ideal host in every way.

Sports—First page Second Section.

### Plymouth and Northville Merchants Will Be Given Banquet By Detroit Wholesale Merchants.

Big Event Will Take Place at Hotel Mayflower 6:15 P. M. Thursday, October 10th.

### Judges Chosen For C. of C. Edison Essay Contest

The judges for the essay writing contest in the Plymouth public schools, which is being sponsored by the Plymouth Chamber of Commerce in connection with "Light's Golden Jubilee," to pay fitting tribute to Thomas A. Edison on the occasion of the fiftieth anniversary of one of his greatest inventions, the incandescent lamp, which will be celebrated throughout the country from October 14th to 21st, are as follows: Mrs. Ruth Huston-Whipple, Rev. Walter Nichol and Perry Hielwino.

### Kiwanians Will Go To State Convention

Next week Wednesday and Thursday, October 9th and 10th; the local Kiwanis Club will send a delegation numbering 50 to the annual State Convention, this year to be held in Lansing.

This will represent the largest turnout from this Club to any of the yearly state meetings.

Committees have been working overtime to put the local club in the front ranks of Michigan Kiwanis; and Plymouth in the 6th District of Michigan will give an account of herself that show to the visitors and members at Lansing next week, that Plymouth is on the map with her name in CAPITALS.

### APPOINT COMMITTEE TO DRAFT CONSTITUTION AND BY-LAWS

The Chamber of Commerce has recently appointed a technical reference committee to re-draft the constitution and by-laws of the Chamber of Commerce. The committee is composed of the following:

John S. Dayton, chairman.  
Roger Vaughn,  
Ford P. Brooks,  
George A. Smith.

The committee met in the C. of C. office Monday evening, to consider matters relative to re-drafting the constitution.

A fire alarm was turned in about nine o'clock Monday night, when two small buildings near the Starkweather avenue crossing of the Pere Marquette R. R., owned by the company, were discovered to be on fire. Several handiars were removed from one of the buildings, and the balance of the contents were quickly consumed by the flames in both buildings.

Announcement has been made by Ernest E. Price, secretary, Wholesale Merchants' Bureau of Detroit, to Berg D. Moore, secretary of the Plymouth Chamber of Commerce, that the Detroit Wholesalers will be hosts to the merchants of Plymouth and Northville at a banquet to be held in the crystal dining room of the Hotel Mayflower, Thursday evening, October 10th, at 6:30 o'clock.

The purpose of the visit of the Detroit wholesalers and the banquet, is to discuss modern merchandising methods and to create a better understanding between the retailer and wholesaler on the problems of merchandising, with which they are confronted every day. This get-together meeting will also tend to create a friendly feeling between the merchants of Plymouth and Northville.

The Detroit group will furnish two speakers, one of whom will be Harvey Campbell, secretary of the Detroit Board of Commerce, and the other speaker from the group of visiting wholesalers, Mr. Campbell is a very able speaker, and he will bring a message that will be of interest to every business man who is present. It has been requested that a speaker from Plymouth and Northville also be provided to represent these two communities.

The local Chamber of Commerce will cooperate in making this occasion a success in every particular. The Chamber of Commerce has appointed the following committee to assist with the local arrangements: Albert Gayde, chairman; Harold Julliffe and Carl Shear.

It is hoped that every business man who can possibly do so, will be present at this get-together meeting of Plymouth and Northville business men and Detroit wholesalers.

### Many Attend Birthday Party

The second annual birthday party which marked the second anniversary of the opening of the Paul Hayward Men's Store in Plymouth, last Saturday, was a most successful affair. Many patrons and friends visited the store during the day and evening, and Mr. Hayward was the recipient of many good wishes and congratulations on the success which the store has attained during the two years which it has been established.

The ladies who visited the store were given carnations, while the gentlemen were regaled with cigars. All the new fall and winter styles in men's and boys' suits, topcoats and overcoats were on display, as well as a wonderful showing in haberdashery and the Smith Smart line of men's shoes; and many favorable comments were made on the large stock and the smartness of the styles and fabrics.

### Standing of Our Candidates

|                      |                  |           |
|----------------------|------------------|-----------|
| Mrs. Nellie Beyer    | Rosedale Gardens | 956,400   |
| Miss Helen Beyer     | City             | 486,200   |
| Kenneth Cool         | City             | 317,800   |
| Mrs. Goodwin Crumie  | City             | 2,000,600 |
| Mrs. W. L. Freyman   | City             | 471,200   |
| Mrs. Esther Hillman  | City             | 825,900   |
| John Quartel         | City             | 1,332,600 |
| Walton E. Richwine   | City             | 420,600   |
| Mrs. Kenneth Stevens | City             | 573,100   |
| Mrs. Clara Todd      | City             | 1,151,600 |
| Mrs. Ida Thomas      | Newburg          | 621,900   |
| William Wolfram, Jr. | Garden City      | 1,062,800 |

The candidates in the big Plymouth Mail subscription drive have certainly created their share of interest among their friends and well-wishers. The second vote period offer is now in effect and the Honor Roll offering extra honor roll votes to the candidate turning the greatest amount of campaign collections each day. During the second period, the candidates are advised to turn in their collections each day and try for the 10,000 honor roll votes

### BETTER BUS SERVICE TO DETROIT

On the front page of today's Mail will be found a letter to the citizens of Plymouth, that should be of especial interest to every person who has occasion to ride the buses to and from Detroit. The committee wants to submit a list to the bus company, of all the people living in Plymouth, who are employed in Detroit. The committee now has a list of thirty, but there are many more who ride the buses daily. It is important that the committee have this information at once. The better transportation service we have between Plymouth and Detroit, the more people will come here to live from the city, and that means much to the progress and prosperity of Plymouth. It behooves every citizen to read this letter and lend his support to this movement.

### WE NEED A HOSPITAL

One of the objectives of the Plymouth Chamber of Commerce program is the establishment of a hospital in this village. There is no question in the minds of our citizens of the urgent need of such an institution, and this need is growing more imperative every day, by the growing number of emergency cases due to accidents of various kinds.

Over in Howell, a town smaller than Plymouth, a hospital was put in operation a little over a year ago. The Livingston County Republican Press, speaking editorially of the hospital in last week's paper, says in part:

"Completing its first year of operation during the month of August, The McPherson Memorial Hospital has now become a permanent civic asset. The first year of municipal operation was paid for in our summer taxes. The hospital tax was \$3.90 per thousand of assessed valuation, and represented approximately one-fifth of the city tax budget.

"The McPherson Memorial Hospital is a permanent municipal project that has filled a long felt want in this community. The hospital is a matter of pride to the community. It is worth every cent it costs."

"What can be done in Howell can be done in Plymouth. Let's get busy and get a hospital."

### HAVING A RESERVE

A few days ago we read this statement in an ad: "Let the man of position lose his job and see what happens. Then it is his neighbors begin to pity him and his friends to go down the other side of the street." But that's never true of the man who has had the intelligence to save something. It is only the man who is on the way to being down and out who is being passed by his neighbors. And no man who has had the forethought to save is ever down and out. He may be down for a few days, but his property not only keeps him from being out but, on the contrary enables him to get right in again. That's why we are always preaching the blessings of saving, and urging Plymouth parents to encourage their children in the ways of thrift. Who can say there will never be any rainy days, or that the future holds no lean years? Saving now is the only insurance against both of these.

### TIME TO BE CAREFUL

While recent weeks have brought much needed rains to various sections of the country they have not been of a copious nature, nor do reports indicate they have been constant. In every section fields and woods, with leaves and grass fast deadening and all as idly as tinder, place millions of dollars worth of personal property at the mercy of the flames.

In many parts of the country we are right now in the worst fire season of the year. With continued dry weather conditions will be rendered even worse. Already Michigan and Minnesota have been visited by destructive fires, while hundreds of acres of forests in Washington, Oregon, California and Idaho have been ravaged within recent weeks. Much of the responsibility for these fires is placed on the shoulders of human beings who are careless when there is no occasion to be.

Every year at this time we try to remind Plymouth people of the dangers arising from this cause, and to appeal to them to be exceedingly careful of matches, or lighted cigar or cigarette stubs, while they are in woods or fields. Throwing lighted matches from the auto is also dangerous, as at this season the grass and weeds

along our highways are easily ignited, and a disastrous conflagration can easily be started in this way. It takes but a second to watch your matches or outdoor fire. And that second may save someone's home or someone's life.

### THE AUTO OUTPUT

Because such a large part of American prosperity is dependent upon the automobile industry, conditions and prospects in that line are always of vital interest to every citizen. Not only does the auto line employ hundreds of thousands of workers in its big plants, but it affords employment to hundreds of thousands of others in their sale and their service. Moreover, it keeps still another army busy in making the things that are used in making the cars.

The Plymouth man who may have reckoned at the beginning of the year that the country was pretty well supplied with cars and that their production would surely show a decrease during 1929 now has a chance to revise his calculations. During the first eight months of this year 4,250,000 cars were produced as compared with 4,359,000 during the whole of last year. Auto makers say production during the closing four months will bring this year's total output up to 5,000,000 cars.

No one can forecast what next year will bring forth; there are plenty of optimists to predict it will be the biggest in history because we are just commencing now to reap our harvest in foreign fields. We can only hope and believe they are right. The auto goes hand-in-hand with prosperity now, and for that reason we'd like to see every year a bigger one from a production standpoint than the year that preceded it.

### KICKING THE TARIFF

Some forty nations have protected our proposed new tariff rates. They all object to a few specified rates that will affect them and they complain that they will be hurt commercially. But none of them deny that the making of American tariff rates is purely America's affair. In establishing schedules our government does not favor one nation over another. The rates are determined by what, in the judgment of a congress majority, will best serve American needs. Of course the foreign viewpoint must be considered; we must trade and we must encourage other nations as far as we can to trade with us. We are not doing any more than European nations are doing in making tariff rates, and in England alone more than 100 articles made in the U. S. are not permitted to be shipped in. Any Plymouth citizen who may feel inclined to kick at our tariff laws should remember that there are two sides to every question, and that while Uncle Sam wants to be fair and equitable and just he still keeps in mind the fact that our own protection comes first.

## Rosedale Gardens

Mrs. Jos. Schroeder  
Phone 7155-F3

The Five Hundred Club met Tuesday evening at the home of Mrs. Wm. Flannigan, after the church dinner. First honors were awarded to C. Price; second to Mrs. C. Price; consolation to Mrs. J. Bryant, and the "body" to Walter Palmer.

Billy Brown, the subdivision superintendent's oldest boy, broke his arm when he fell from one of the swings at the school, but you cannot keep Billy out of school.

Another new resident of the Gardens—Mr. and Mrs. Wood have a little boy.

Mrs. R. N. Wilson and daughter arrived last Friday. They and Rev. Wilson are now making their home on Melrose Ave.

The Get-Acquainted supper at the church was a huge success, due to the hard work of the committees, the kitchen committee being Mrs. E. Reindel, Mrs. R. V. Dixon, Mrs. L. Huron and Mrs. R. Porteous; the dining room committee being Mrs. Mason, Mrs. J. B. Folsom, Mrs. S. James, Mrs. E. Sullivan, Mrs. C. H. Brown, Mrs. E. Elliott and Mrs. C. Metzger. The hostess was Mrs. H. Cooper.

Mrs. C. Price entertained Mrs. M. Gardner, Mrs. J. Kinahan and Mrs. H. Eggleston, Friday afternoon, at her

home on Melrose avenue. A luncheon was served and they spent the afternoon playing bridge.

Mr. and Mrs. Hodson, Sr., left for their home in Chicago, Monday.

The Boy Scouts' party is tonight. Wm. Hodson, Jr., the scoutmaster, assures us there will be some real prizes and lots of eats. So don't forget to-night at the school at 8:00 o'clock.

Mrs. A. C. Burton will be a guest at the Hook-Cadillac hotel while attending O. E. S. Grand Chapter in Detroit on October 8, 9 and 10.

The following P. T. A. committees were appointed: Refreshment—Mrs. Huron, Mrs. Metzger, Mrs. Sullivan, Mrs. Cooper, Mrs. Kinahan and Mrs. O. H. Brown; program—Mrs. Wehnert, Miss Belden, Miss Rowe, Miss Smith, Mrs. Dorn, Mrs. Dundap, Mrs. Mason, Mrs. Davis and Mrs. Strachle; music—Mrs. Walbridge, Mrs. Jewett, Mrs. Kenley, and Mr. Huron; child welfare—Mrs. Elliott, Mrs. Knight and Mrs. Marti; pre-school and health—Mrs. Zander, Mrs. Coulter, Mrs. Brown, Mrs. Rohde, Mrs. Hoffman and Mrs. Shafer; publicity—Mr. Walker, Mr. Shafer, Mrs. Dixon and Mrs. O'Dea; literature—Mr. Snell, Mr. Wehnert, Mrs. Gray, Dr. Wilson and Mrs. Hill; social entertainment—Mr. Hoffman, Mrs. Loftus, Mrs. Adams, Mrs. Snedker, Mrs. Hodson and Mrs. Schroeder.

## NEWBURG

Mrs. Emma Ryder  
Phone 7142-F11

The Sunday School superintendent, Newton Youngs, appointed the following program committee for Rally Day: Mrs. James McNabb, Miss Sarah Lillian Suter and Miss Lydia Joy. Rally Day will be held Sunday, Oct. 13.

Rev. and Mrs. Purdy entertained last Thursday evening, a number from the church and Sunday School. The most of honor was Mrs. Donald Ryder, who for the past six years has acted as superintendent of the Sunday School. Miss Ada Youngs, in a neat little speech, presented Mrs. Ryder with a beautiful beauteous handkerchief and napkins. It was a complete surprise to Mrs. Ryder. Ice cream and cake was served and all those present reported an enjoyable time.

Another pleasant event was held at the home of Mrs. Jesse Thomas last Saturday afternoon when she entertained several ladies from Beech and Newburg in honor of a former school teacher, Mrs. Hazel Heddenman-Grimm. In behalf of those present, Mrs. Lydia McNabb, in her usual pleasant manner, presented Mrs. Grimm with a lovely floor lamp. Delicious refreshments were served by the hostess with the assistance of several girls of the neighborhood.

Mrs. M. Eva Smith called on her sister, Mrs. Ella Wight, at Wayne, last Friday afternoon. Mrs. Wight has been quite ill.

Rev. and Mrs. Purdy's two young people, James and Margaret, are seniors at Albion College. James has won a number of fine medals in athletics.

Mr. and Mrs. Horton are leaving this week to spend the winter in California. Their many friends wish them a safe journey.

Mr. and Mrs. Donald Ryder and son Charles, accompanied by Mr. and Mrs. Smith, motored to Toledo Sunday. Mrs. Smith is spending the week there with her sister.

Mrs. Robert Holmes is suffering from an attack of rheumatism.

### NEWBURG SCHOOL NOTES.

By Amelia Zielasko

Reverend Purdy visited the primary and intermediate rooms. He told an interesting story to the primary boys and girls. He promised to visit the upper grade room Friday at 2:30 and tell us about the seven years he spent in South America. We are looking forward for Friday to come and we hope Rev. Purdy will visit us often during the year.

Miss Danielson, of Wayne County Library, visited our school Monday afternoon. She spoke to the boys and girls of the upper grade room on how to care for books. She also told us the story "The Cat That Walked Alone" by Rudyard Kipling.

The Parent Teacher's Association are going to give a Bunco Party Friday night, October 11 at 8 p. m.

There will be the regular business meeting before the party. Everybody come and boost our P. T. A.

Mrs. Jennings came to the school last week and visited the intermediate room.

We are making Halloween pictures for our room.

The fifth grade is studying South America.

### Lang to Quit Job as

#### Christ in Passion Play

Oberammergau, Bavaria. — Anton Lang is anxious to retire from the role of Christ in the decennially produced Passion play of Oberammergau.

The famous actor-glass worker added, however, that he would abide by the decision of the general committee which is to meet in September to select a cast for the 1930 performance. Lang said he did not feel that he was growing any stronger in the interpretation of the leading role, as he wished to do from decade to decade, and that perhaps a younger man should have the role.

"It is a great physical strain to hang from the cross for a half hour at a time," he declared. "One must also not forget that weather changes, which can take place within a few hours in a mountain village, demand a healthy constitution for acting on an open air stage."

"The thin tunic which is worn during the crucifixion scene affords little protection against chills or colds, particularly when the performances last into the raw days of autumn."

### 57-Ton Girder Carried

#### 230 Feet by Flood

Butte, Mont.—Northern Pacific railway engineers, digging in the mud of a usually dry creek bed in eastern Montana, unearthed a treasure of \$13,285. Several weeks ago, a cloudburst carried away a Northern Pacific bridge. Crews discovered that an 87-foot 57½ ton steel girder had completely disappeared.

Several days ago engineers saw the rough outline of the missing girder, 230 feet below the bridge site. It was two feet below the surface of the mud, completely buried. The girder represented a cost of \$13,285.

### Colony Plan Fails

Vienna.—After 147 years in Russia, the Swedish colony Alt-Schwendorf, has been forced to return to Sweden on account of hunger and poverty, it became known here recently.

### The Trouble

Honesty may be the best policy, but the trouble is it is too often allowed to lapse.—Philadelphia Inquirer.

## Municipal Notes

Work is in progress this week on Main St., where old catch basin tops of too small size and obsolete pattern are being replaced with curb inlets of larger and more efficient type. The new installations should do away with the standing water often experienced upon Main St. after heavy rains.

Any person who may be interested in taking down and removing dead and unwanted trees for the wood in them may secure information relative to the matter at the village offices.

Considerable progress is being made upon a building code ordinance for the village, and it is hoped to have it ready for presentation for consideration of the commission at an early date. The ordinance will do much toward setting a high standard of safety and general quality of all construction work in the village.

## TWO-PIECE DRESS FOR SCHOOL WEAR

### Practical Garment of Green and Tan Cotton Poplin.

She's ready for the first days of kindergarten or school, in this practical little two-piece dress of green and tan cotton poplin. Whether she is four or fourteen, she can wear a school dress of this type, although her twin brother, who has a similar outfit, with straight trousers instead of the plaited skirt, will probably wear "store" made waists after he is six. The waist or top part of the dress is plain and tailored, easy to make, to launder, and put on. It is cut with the kimono sleeve without any seam on the shoulder. Therefore, before the under-arm seams are sewed up the top can be laid flat on a table and the trimming piece fitted to it, basted, and stitched in place.

The skirt of green poplin, matching the trimming, is on a thin white under waist so that it hangs from the shoulders. Mother put an inch-wide tuck in this waist, so that the skirt can be let down as the little girl grows. The tuck is stitched twice, but an inch apart, with a long loose stitch. When the first row of stitching is taken out the skirt drops an inch, and it will be possible to lengthen it as much more at another time. An equal growth allowance should be made in the hem of the blouse, either by means of a broad hem, or a generous pleat turned inside the hem.

Large round buttons, fastened by crunched or cord loops form the front closing. They can be easily found and imitated by the little girl herself. Provision for self-help is always an important feature of garments designed for children, as this one was, by the bureau of home economics, United States Department of Agriculture. The bureau has no patterns to distribute, but any mother could easily adapt a kimono type pattern to fit her child. Any preferred combination of cotton materials might be used, for example, plain broadcloth for the skirt and trimmings, and printed zephyr for the blouse. Buttons or patches matching the darker material should be made.

Free-Handed S-Tops  
When the United States cruiser Richmond and the destroyers Beld and Billingsley were in Reykjavik, the capital of Iceland, on escort duty for the army round-the-world tour, in 1925, so much money was spent by the men of these ships that Reykjavik was able to construct its first bank.

Good Type of Two-Piece School Dress.

Just phone 6 when you want a Want Ad. They bring RESULTS.

Little Girl, 10, Eats So Much Mother Amazed

"My 10-year-old daughter had no appetite. Then we gave her Vinol and now she eats so much we are amazed."

—Mrs. W. Joosten.

Vinol supplies the body important mineral elements of iron, calcium with coal liver peptone. This is just what thin, nervous children or adults need, and the QUICK results are surprising. The very FIRST bottle brings sound sleep and a BIG appetite. Vinol tastes delicious! Dodge Drug Company. G-5

#### PROBATE NOTICE

No. 97423  
STATE OF MICHIGAN County of Wayne.

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the twenty-eighth day of September in the year one thousand nine hundred and twenty-nine.

Present, Ervin R. Palmer, Judge of Probate.

In the Matter of the Estate of Charles W. Wright, deceased.

Ervin A. Wright, administrator of said estate having rendered to this court his first account, and filed therewith a petition praying that his bond as administrator of said estate be reduced.

It is ordered, That the thirty-first day of October, next at ten o'clock in the forenoon at said Court Room be appointed for examining and allowing said account and hearing said petition.

And it is further Ordered, That a copy of this order be published three successive weeks previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulating in said County of Wayne.

ERVIN R. PALMER,  
Judge of Probate.  
Theodore J. Brown,  
Deputy Probate Register.

PLYMOUTH PLANT OF THE Michigan Federated Utilities which is making improvements which will, when finished, provide a fifty percent increase in gas capacity. See story on page one.

## D. A. R. Members Attend Conference

(Continued from page one)

as round table conferences on Tuesday morning, October 8th; also on that

**Wood for Toothpicks**  
White birch is used most extensively for the making of toothpicks. The seat of the industry is in Maine, but some are imported from Japan and Portugal. The birchwood toothpicks are made of orange wood and are smaller, and tougher. Those from Japan are made from fine reeds.

**Green Tomato Pie**  
4 or 5 medium-sized green tomatoes 1/2 tsp. salt  
1/2 lemon sliced very thin 1/2 cup sugar  
1/4 tsp. cinnamon 1/2 cup butter

Slice the tomatoes. Heat slowly in a saucepan with the sugar, lemon salt, and spice, until the tomatoes are tender. Add a little water if the tomatoes are not juicy. Add the butter and combine with the cornstarch. Add this to the tomato mixture and cook until the cornstarch does not taste raw. Line a pie tin with pastry and bake this crust in a moderately hot oven until a delicate color appears. Put the tomato filling in this baked crust; moisten the edges and press the upper crust firmly over the edge of the baked lower crust. Bake about 15 minutes in a hot oven, or until the upper crust is brown.

**Green Tomato Stew**  
4 quarts sliced green tomatoes 1/2 cup vinegar  
2 lbs. salt pork 2 cups water  
1/2 lb. carrots 1/2 lb. onions  
1/2 lb. celery 1/2 lb. potatoes  
1/2 lb. apples 1/2 lb. raisins

Chop the tomatoes and the apples fine. Add the other ingredients and let the mixture slowly until the tomatoes are tender and the mixture is thick and watery. Stir it occasionally to prevent burning. If the stew is too thick, add a little water later use.

**With Enthusiasm**  
Former seven star bowler he is making only \$900 a week now. If we could do that kind of bowing we'd call it sweet success. Dayton, Daily News.

**OPENING**  
The Penniman Allen Bowling Alleys have been resurfaced and put in first class condition for the coming season, and will be open Saturday, October 5.

Bowling is one of the most healthful and enjoyable recreations of this age. It helps to keep the old young and the young from getting old. I have bowled in the National Tournament four years, and I believe I am safe in saying you will see as many bowlers between the ages of 40 and 60 as you will between 20 and 30 years. What but a proof would you want than this? It is a healthy exercise.

The National Tournament will be held in Cleveland this year, and all bowlers should be on the job. We are not yet team captain, but I will be glad to reserve the always day after tomorrow will be 11:30 a.m. to 12:30 p.m. on Saturday, October 5th.

Let Mail Want Ads do the work.

morning a round table conference on National Defense conducted by Mrs. James H. McQuinn, State Vice-Rector and State Chairman of National Defense. Proceeding all morning sessions instructions will be given in Parliamentary Usage by Mrs. Emma A. Fox, parliamentarian.

Conference opens Tuesday afternoon, October 8th.

Hospitality—Honored guests, state officers, state chairmen, chapter regents, delegates or their alternates have been invited to be guests in homes of members of Lucinda Hinsdale Stump Chapter.

Entertainment—Dinner in honor of honored guests and state officers, Monday, October 7th; reception at close of Tuesday evening session; a tour of the city and a tea at the Western State Teachers' College at close of Wednesday afternoon session.

Honored Guests Expected—Officers of the National Society, D. A. R.; The President General, Mrs. Lowell Fletcher or Robert, of Cincinnati, Ohio; the Librarian General, Mrs. William Russell Maguire, of Holyoke, Mass.; the Honorary President General, Mrs. Alfred J. Brodeur, of Greenwich, Connecticut; the Vice-President General from Michigan, Mrs. Henry B. Joy, of Grand Rapids, Mich.; the State Regent of Arkansas, Mrs. Martin L. Sizemore, of Monticello; the State Regent of Illinois, Mrs. Ed Dixon of Roselle; the State Regent of Ohio, Mrs. Harold Shields, Jackson; the Honorary State Regent of Michigan, Mrs. James P. Brayton, of Grand Rapids (1907-1911); Miss Alice Louise Mosby, of Kalamazoo (1919-1922); Mrs. L. Victor Stead, of Grand Rapids (1922-1925); Mrs. Lucius E. Hobland, of Saginaw (1925-1928).

Speakers—Monday afternoon, October 7, guest speaker will be the President General, Mrs. Lowell Fletcher Robert, Tuesday evening session, Dr. Staff

Burnham, professor of history, Western State Teachers' College, speaks on "The Origin of the Constitution." Wednesday evening session, Rev. Lewis N. Rorer, Rector of Trinity Episcopal Church, Fort Wayne, Indiana, speaks on "Citizenship, Americanism and Patriotism." Sessions of Tuesday and Wednesday evenings are open to the public.

Objects of the National Society—Briefly, the Daughters of the American Revolution, as its purposes are set forth in its Charter by Act of Congress, December 2, 1895, stands for: "Patriotic, historical and educational purposes."

"To perpetuate the memory and skill of the men and women who achieved American Independence."

"By the acquisition and protection of historical spots and the erection of monuments."

"By the encouragement of historical research in relation to the Revolution; individual services of Revolutionary soldiers and patriots."

"To carry on the education of Washington to promote, as an object of primary importance, institutions for the general diffusion of knowledge."

"Developing an enlightened public opinion and affording to young and old such advantages as shall develop in the greatest capacity for performing the duties of American citizens."

"To cherish, maintain and extend the institutions of American freedom."

"To foster true patriotism and love of country."

"To aid in securing for mankind all the blessings of liberty."

And, then, the D. A. R. Salute to Flag.

"We, the Daughters of the American Revolution, who find rest under thy folds, do pledge our lives, our hearts and our sacred honor, to love and protect thee, our country, and the liberty of the American people forever."

**LIBRARY NOTES**

School teachers are always alert to "tools of their trade." With this in mind, the Plymouth Public Library announces some books which will be useful to the primary teacher:

With Scissors and Paste—Wilhelm Basy Hands—Bowker  
Paper and Cardboard Construction—Buxton

will help in directing handwork.

For the story hour, and what child does not love it, there are the standards Bryant, "Best Stories to Tell to Children," and Lindsay, "More Mother Stories." For children a little older, Tyler, "Twenty-four unusual Stories," and a newer book, Wayland, "History Stories for Primary Grades," may link story with reality.

Marie Shedlock in her "Art of the Story Hour," and Edna Lyman's "Story Telling" give hints to those not experienced in this line, as well as excellent story material.

The "Horn Book Magazine" will not help plan lessons, but is delightful to read and tells much of children's books and children's authors. It is a rather unique magazine published quarterly by the Woman's Educational and Industrial Union in Boston. Once you read it, you will anxiously await the next number.

**Of Indian Derivation**  
The "Tuscarora Deep" was so named from the U. S. Tuscarora, the vessel under the command of Captain Belknap, which made an expedition to the Pacific for the purpose of studying the ocean bed. The maximum depth was recorded by the Tuscarora in 1874. The name itself is of Indian derivation and literally means "hemp gatherers."

**Youth on Trial Spin Does a Lot of Things**

Modesto, Calif.—The parents of Max Denty, sixteen, planned to buy a car, so the youth took the machine out for a trial spin accomplishing the following results:

Out of the towns of Escalon and Riverbank from electric power for one hour.

Out of the towns of Okdale and Knights Ferry for 30 minutes.

Blow all the fuses of a Pacific Gas and Electric corporation private telephone service serving Escalon, Riverbank, Okdale and Knights Ferry.

Imperiled automobile traffic on McHenry avenue by knocking a 17,000 volt power line from a pole.

Shattered a high-tension power line pole.

Wrecked the automobile.

Caused himself to receive several minor cuts and bruises.

The youth lost control of the car and struck the power pole, which carried both power and telephone wires.

**Deer Enters Window and Routs a Camper**

Whitehall, N. Y.—Although hundreds of deer were killed in the Adirondacks during the last hunting season, many deer are seen by woods men, it is reported.

Crashing through windows and glass doors, terrorizing campers, breaking ornaments and playing havoc with interior camp decorations, a buck deer broke into cottages at South Bay recently.

A camper was frying fish for dinner. He let out a yell as the deer came through the window, splintering the pane. The deer thrust at him with his antlers. The man took refuge on the oil stove. The deer went tearing through the cottage and out the front room window.

**Must Go Together**  
Capacity without education is deplorable, and education without capacity is thrown away.—Sawil.

**Whitbeck's Corners**

Mrs. Agnes Parrish

The Misses Lillian and Lottie Kaiser called on their grandmother, Mrs. Parrish, Tuesday afternoon.

Mr. and Mrs. Wm. Rengert attended the football game at Ann Arbor Saturday.

Mrs. Walter Schille, who was on the sick list, is better at this writing, and is able to be out.

Mrs. Moore of Bedding, was a recent visitor of Mrs. Otto Kaiser and Mrs. Parrish on Golden road.

Mr. and Mrs. Walter Dethloff and two sons were guests Sunday, of their cousin in Detroit.

The Helping Hand Society met this month at the home of Mr. and Mrs. Richardson in Nashville, for dinner.

Mrs. Don Wagenschutz gave a shower last week Wednesday, in honor of her sister, Clarissa, who was recently married.

Mrs. Agnes Parrish spent Sunday at the home of her grandson, Mr. and Mrs. Emery Hix.

Mrs. L. E. Kaiser is on the sick list. C. A. Parrish of Ypsilanti, called on his mother in Robinson Sub., this week.

**Famous English Novel**  
Henry Fielding's novel, "The History of Tom Jones, a Foundling," was published February 28, 1749. In its original form it filled six volumes, containing some 350,000 words. The book has been translated into French, Dutch, German, Spanish, Italian, Polish and Russian, and has probably been reprinted in English 150 times.

**Frain's Lake**

Mrs. G. Eschels

Mr. and Mrs. Eugene Staebler of Ypsilanti, were entertained at Sunday dinner at the home of Mr. Staebler's brother, Albert Staebler and family.

Mr. and Mrs. Arthur Badtke and son, Theodore, of Detroit, were guests at Gust Eschels' home Sunday.

Mrs. Raymond Koch and infant daughters are now staying at the home of her parents, Mr. and Mrs. Will Schrader.

Mr. and Mrs. Herman Nauke had as guests over the week-end, Mr. and Mrs. Oren Rhodes and Mr. and Mrs. Carl Happy of Detroit.

Little Junior Wilson of Detroit, is visiting his grandparents, Mr. and Mrs. Linton Proctor.

Mrs. Burton Galpin and Mrs. Ivan Galpin and son, Keith, called on Mrs. Raymond Koch, Monday, at the William Schrader home.

Mr. and Mrs. Gust Eschels were in Detroit on business, Tuesday.

Miss Anna Tackman is assisting Mrs. Theda Lyke in the store.

Mr. and Mrs. Carl Rengert are announcing the marriage of their daughter, Mary, to Robert Gardner, which took place last Friday, Sept. 20.

Mr. and Mrs. Clinton LaForge entertained the Frain's Lake P. T. A. last Friday evening at their home.

Mr. and Mrs. Melvin Schumacher of Detroit, spent the week-end with their parents, Mr. and Mrs. Fred Tackman.

**Perrinsville**

Miss Margaret Kubie, Phone 7134F5

Miss Margaret Kubie spent a day last week in Detroit, assisting Miss Leona Beyer in selecting furnishings for her studio of music, which she opened recently in the Wurlitzer building, Detroit. She reports a fine class of pupils. We wish Leona success in her business venture.

Marlon Ilgley of Northville, spent the week-end with Margaret Kubie.

Mrs. William Badelt of Wayne, and Mrs. Paul Badelt were Detroit shoppers one day last week.

Mr. and Mrs. George Avery of Wayne, and Mrs. George Stover and family of Detroit, called on Mr. and Mrs. Peter Kubie last Thursday evening.

Friends of Mrs. Fred Voss will be glad to know that she returned home Sunday, after undergoing a serious operation at Harper hospital.

Seeding was begun this week on the new Desert Course of the Hawthorne Valley Golf Course.

Callers at Peter Kubie's Sunday, were Mr. and Mrs. Edward Sell and daughter Ann, Miss Miriam McGlowin, Miss Ruth-Law Smilice and Mr. and Mrs. Gordon McGregor of Detroit.

Mrs. Edith Block was seen on our streets, Sunday.

About three weeks ago, a little daughter came to gladden the home of Mr. and Mrs. Walter Zink, and a shower was given at the home of the former's parents, Mrs. Milieu of Saline, Mich., Saturday evening. The little one was showered with many pretty things. Then Amos and Andy got busy, and the evening was spent in dancing. A fine supper was served to 75 guests. Mr. and Mrs. J. Roach, Mr. and Mrs. Walter Lowe, Mr. and Mrs. Adams, Mr. and Mrs. Rhely and Mrs. Irene Lowe were among those from this vicinity who attended.

Don't forget the bazaar and chicken supper at the Perrinsville hall, Saturday evening, October 19. Everybody come, and shake hands with old and new friends.

She was laid to rest on Saturday, September 28th, from Livonia Center Lutheran church with interment in Livonia Center cemetery, Rev. O. J. Peters of Wayne, officiating.

**OBITUARY**

Augusta Maria Mielbeck was born in Great Bend, West Prussia, on the ninth of March, 1853. Here she was baptised and after attending the village school, confirmed in the Lutheran faith. On the 10th of November, 1873, she was united in marriage with Gustav Karl Mielbeck in the same church in which she was baptised and confirmed. This union was blessed with ten children. In the year 1874, she came to this country with her husband, settling in Detroit. After a residence of fourteen years in Detroit, the family purchased a farm in Livonia Township. From that time (1888), the deceased has been a faithful member of St. Paul's Lutheran church at Livonia Center.

In the year 1904, her husband departed this life, and ten years later, in 1914, the family moved to Nankin Mills. About two years ago a daughter, Margaret, and last February a son, Otto, preceded the mother into eternity. After an illness of several months, she herself departed this life on Wednesday, September 25th, at the age of 76 years, 6 months and 16 days.

She leaves to mourn: Four sons, Paul of Halfway, Emil of Detroit, Henry of Nankin Mills, and Walter of Plymouth; two daughters, Mrs. Bertha Berlin and Mrs. Clara Egbert of Detroit; twenty-two grandchildren, seven great-grandchildren, besides a large circle of other relatives and friends.

She was laid to rest on Saturday, September 28th, from Livonia Center Lutheran church with interment in Livonia Center cemetery, Rev. O. J. Peters of Wayne, officiating.

**Today's Reflections**

Now that we are to have autos but 50 inches long, auto agencies probably will be pestered with sloughers.

The old-fashioned Plymouth woman who used to hold clothes pins in her mouth and talk to a neighbor across the back fence, now has a daughter who aims out the window of a sedan and bawls out her sons.

The new front-wheel drive car is here, but we presume that even a great number of these will still be directed from the back seat.

While the girls have been wearing their frocks low to get tan backs, the men were rolling up their sleeves to get greenbacks.

When some Plymouth women can't think of anything else to say about their children they tell how good they are about taking medicine.

A scientist says people only enjoy 19 minutes of real slumber every night. That's a pretty high estimate for the parents of a six-months-old baby.

Speaking of stings, how about the Scotchman who bought an auto because his wife had gas on her stomach?

Plymouth boys will remember that while love is a great thing it takes a pay envelope to keep the pot boiling after marriage.

Nowadays when a woman goes to buy a dog she wants to know all about its pedigree but when she takes a husband she doesn't care if she doesn't even know his middle name.

We occasionally run into a fellow around Plymouth who is so agreeable that he'll probably be calling Saint Peter "Pete" in two hours after he lands in heaven.

Any time a girl goes to the door to meet a young man and her complexion is upstairs on the dresser it's a sign the young man is about as popular with her as a case of smallpox.

Dad Plymouth believes it might improve things a little if the weather man was paid on a sunshine basis.

It's a good idea for the father of today to try to bring up his children in the way he should have gone.

Thread is selling at \$9 a spool in the Balkans. In other words a stitch in time saves nine bucks.

Dad Plymouth says that love may not make the world go round, but it sure makes a lot of people dizzy.

**ENTIRE FAMILY SINGS PRAISES OF NEW KONJOLA**

SAGINAW LADY RELATES SPECTACULAR EXPERIENCE WITH THE NEW AND DIFFERENT MEDICINE.

**MRS. B. MARTIN**

"My entire family unites with me in giving to Konjola the most enthusiastic endorsement possible," said Mrs. B. Martin, 328 Bagley Street, Saginaw, Michigan. "I had indigestion, kidney trouble, backache and my nerves were a tangled wreck. My appetite was not good; I had frequent dizzy spells and aches and pains throughout my body."

"When I had taken three bottles of Konjola, I knew that at last my search for health had been rewarded. The change from three bottles made in my condition was so remarkable that I could scarcely believe it. When I had finished the sixth bottle I was a well woman in every way. If the world knew what I know about Konjola, there would be few sick people on this earth."

Konjola is sold in Plymouth at the Community Pharmacy drug store and by all the best druggists in all towns throughout this entire section.

EVEREADY engineers worked for years and developed the finest radio sets we have ever heard. Rich, full, throbbing bass notes, and the essential treble too. Doubled sensitivity, for unusual distance when you want it. Dynamic speaker in each console, and there is a table model, too, with separate speaker. Built on a heavy steel frame and armored against time, weather and temperature, the new Eveready Sets will give you a lifetime of true musical enjoyment. Dynamic speaker—all-electric—table and console models—\$115 to \$225, less tubes.

## Don't let the Moths eat your Clothes up!

Clothes that are soiled and full of dirty spots are what the moths feast on. As a rule they do not touch clothes that are dry cleaned. Think of the damage and loss that the moth causes. Compare this with the small cost of having your clothes dry cleaned. It is real economy then to have all your clothes dry cleaned before hanging them away in your closet. It will save you many a dollar! We are experts. Our rates are exceptionally reasonable.

Mr. and Mrs. Edmond Watson and Lewis Cammon spent Sunday with the Charles Peck family near Goodrich.

Mr. and Mrs. Wm. Matthews and children were Sunday supper guests of the latter's sister and husband, Mr. and Mrs. Harvey VanValkenburg, in Northville.

WATERFORD SCHOOL NOTES

Last Monday a new scholar, Aaron Archbald, enrolled from Plymouth school. Bobbie Garrett enrolled in the beginners class on Tuesday.

Thursday, Miss Jameson visited us. She brought us our gold star card and the Citizens Junior Club constitution.

Friday, the Wayne County Librarian brought us some new books, which we are enjoying very much.

NOTICE! The Village has a number of dead and objectionable trees which must be removed as soon as possible. Any person interested in felling and removing such trees will please get in touch with this office at once. A. J. KOENIG, Village Manager.

CHAMBER of COMMERCE NOTES

Interested Persons Please Cooperate

The transportation committee of the Chamber of Commerce, consisting of Messrs. Parrott, Strong and Koenig, has tried in every way possible to obtain names of people living in Plymouth and employed in Detroit, in order to prepare the information requested by the Detroit Motor Bus Company. A list of some thirty names has been turned over to the secretary. A letter, a copy of which you will find on the first page, has been mailed to these people.

THERE MUST BE MORE PLYMOUTH CITIZENS THAN SHOWS ON THIS LIST INTERESTED IN IMPROVED BUS TRANSPORTATION TO AND FROM DETROIT. EVERY NAME ADDED TO THIS LIST HELPS THE CAUSE. EVERY ADDITIONAL NAME LENDS WEIGHT TO OUR CLAIM THAT PLYMOUTH NEEDS AND MERITS FASTER SERVICE AND A MORE EQUITABLE RATE.

This Improvement Will Help You and Will Help Plymouth.

The way it will help you if you are employed in Detroit, is too obvious to require comment.

As stressed before, transportation facilities have a large bearing on the growth or lack of growth in a community. Plymouth and its surrounding countryside is an ideal place to live; but the time and expense at present required to reach Detroit, might outweigh the beauty of the place in the minds of many prospective citizens.

Any action, therefore, we can take to cut down the time and the fare, to bring the home and the job closer together will help Plymouth in a material way.

Read the Letter on Page 1, and Act. This letter tells you what we have accomplished to date, and the information we need from you. If you would be a daily or frequent passenger on the bus, provided these improvements are carried out, give us the cooperation necessary to put this across for you and for Plymouth.

Mail your name and the information requested to the Chamber of Commerce office at once.

The Majority Usually Get What They Want. ONLY TWO "IFS" STAND IN THE

WAY OF PLYMOUTH HAVING A HOSPITAL. No. 1, if the majority does not want a hospital; No. 2, if they will not make their wishes known.

And "if" No. 2 is the one we wish to dwell upon.

We may be wrong, but we believe that the majority of people in Plymouth are sold on the benefits a hospital would bring to Plymouth. And in being sold, they are thinking in most cases of Plymouth of today, and the present day needs of Plymouth.

LOOK AT PLYMOUTH FROM THE VIEWPOINT OF AN OUTSIDER, one of the strongest arguments in favor of a hospital is brought to mind by our desire for industrial expansion. Supposing that YOU were considering Plymouth as a location for YOUR factory. Supposing that factory employed the use of high speed machinery, which in spite of safety devices, might cause occasional serious accidents. Would it not be an added inducement to know that Plymouth had a fine little hospital, well equipped, to handle emergency cases?

"If" No. 2. We believe that the men chosen on our hospital committee are men well qualified to accept the responsibility of leadership in this project.

Mr. Schrader, chairman of the committee, has reported that progress is being made in the preliminary stages, namely, compiling data, making inquiries, investigating similar projects in other communities, weighing this possibility, that possibility, discarding this idea, that idea, until they arrive at what appears to be the most practical, workable plan for Plymouth.

When they are ready, these men will report their findings, and their reasons for deciding upon the plan they will recommend for approval and support. And that will be the most critical point in the movement for a hospital.

From that point the project will either go through to completion or die a natural death, and as to which course it takes will depend on you, Mr. Merchant; you, Mr. Manufacturer; you, Mr. Realtor; you, Mr. Insurance Agent; you, Mr. Attorney; you, Mr. Physician; you, Mrs. Housewife, and so down the line, for if you are interested AND WILL MAKE YOUR INTEREST FELT BY THE HOSPITAL COMMITTEE, THEY WILL KEEP THE PROJECT MOVING.

Coal! Coal! For your high grade coal at very low prices—call E. McClelland 195 South Mill Street AND TRY OUR Blue Ribbon Lump For your furnace and cook stove, it can't be beat! AT A PRICE TO SUIT EVERYONE. For Sale at the Lapham Coal Yard. Also Trucking and Hauling of all kinds at very reasonable prices. GIVE US A CALL. PROMPT DELIVERY. Thank you! PHONE 364

Choose Insurance Protection Carefully An insurance policy is only as strong as the company which writes it. All policies issued by this Agency are written in sound Stock Companies. Our policy holders are assured of complete protection at all times and another good feature is that the first cost is the only cost. We would appreciate an opportunity of discussing your insurance problems with you. Give us a call today. WM. WOOD INSURANCE AGENCY Penniman Allen Bldg., Plymouth, Mich. # RISDON CREAMERY-HOUSE OF CORRECTION GAME SCORELESS

### For Nine Innings Both Pitchers Hold Sluggers Scoreless. Game To Be Resumed Next Sunday.

### GAME CALLED ON ACCOUNT OF DARKNESS

The spirit of keen rivalry, that has been aroused between the Detroit House of Correction nine and the Risdon Creamery team, refused to bow to the dictates of the weatherman, and as a consequence the game was played at De-Ho-Co Park last Sunday, as per schedule.

For nine innings the teams ploughed through the heavy going of the rain-soaked infield and waged as even and desperate a battle as has been seen at De-Ho-Co Park in quite some time. After a nine-inning pitcher's battle, in which neither team was able to score, the game had to be stopped on account of darkness.

The morning rains drenched the field to such an extent that it was not thought possible a game could be played and most of the De-Ho-Co players were excused for the day. Inquiring

fans who called the De-Ho-Co office were informed of the condition of the field and told that the game had been indefinitely postponed. However, about three o'clock the Risdon representatives made their appearance at De-Ho-Co Park, and as the Farmers were very anxious for an opportunity to try and avenge the defeat suffered at the hands of Andrews, who pitched Plymouth to a 3 to 0 victory and was slated to face them again, a hurried call was dispatched for the players and the groundskeeper started to work getting the diamond into shape. After much raking, and the burning of numerous gallons of gasoline, the infield was dried out fairly well and play started about four o'clock.

The De-Ho-Co management was not able to get in touch with all the ex-

used players, consequently the lineup was somewhat different than usual. They were unable to locate a catcher, but Manager LaBoild of the Risdon graciously loaned De-Ho-Co the services of Sutherland to fill in this vacancy. De-Ho-Co should be very grateful for this kindness because Sutherland caught an exceptionally good game and in the third inning prevented a score by taking Anderson's throw from centerfield and touching Andrews out at the plate.

Much credit is due both pitchers for their respective masterful exhibitions, but of the two, Hartner for De-Ho-Co had a slight edge. He allowed seven hits, three of which were very scratchy, walked one man, and struck out ten batters. Andrews allowed but five hits, struck out five batters, and did not issue a walk.

Jaska with a double and single, Anderson with two singles, and Smith with a base blow, were responsible for the De-Ho-Co safeties, while Hayden, with two singles in four attempts, was the batting star for Risdon.

Both teams were disappointed because the game had to be discontinued on account of darkness, and immediately it was arranged to resume play next Sunday. By that time both pitchers will have had time to rest, and therefore, this next encounter

should prove equally as thrilling and definitely settle the matter of supremacy.

Following is the box score of the game:

|                 |    |   |    |   |
|-----------------|----|---|----|---|
| DE-HO-CO        | AB | H | C  | E |

Game started at 4:00 o'clock; called on account of darkness.

Risdon Creamery 000000000-0  
De-Ho-Co 000000000-0

Sacrifice hits—Trombley, Andrews.  
Two-base hits—Jaska.  
Hits off Hartner 7 in 9 innings; off Andrews 5 in 9 innings.

Struck out by Andrews 5; by Hartner 10.  
Base on balls off Hartner, 1.  
Double plays—Jaska to Destefano to Denniston.  
Umpire—Hunter.  
Scorer—Long.

## WEST POINT WINS CUP

### NETHEM DEFEATS ROSEDALE TEAM

Nethem defeated the Rosedale Sluggers last Sunday by a close score of 4 to 2, in a well played game.

Next Sunday at their home grounds at Newburg, they will meet the S. M. M. of Hazel Park. This game will probably be the last one played this season. Be sure to turn out and see this game.

### Plymouth High Loses To Walled Lake 13-6

In a fast and interesting football game last Friday, Plymouth High School lost their first game of the season to Walled Lake by a score of 13-6.

Today they play Dearborn on their home field.

For a complete write-up of the Walled Lake game turn to page 11, the Pilgrim Prints page.

### WEST POINT PARK IS WINNER OF INTER-COUNTY LEAGUE SERIES, AND GOV. GREEN CUP.

West Point Park defeated the City of Hamtramck team at West Point Park diamond last Sunday, by a score of 1 to 0. This was the last game of a series of three games for the championship of the Inter-County League and the silver cup donated by Gov. Green, and resulted in a victory for West Point Park.

Next Sunday, West Point Park will meet River Rouge team, winners of the Down River League. This will be the first of a series of three games to decide the championship between the two leagues, for which the winner will receive a cup. This first game of the series will be played at West Point Park next Sunday, at 3:00 p. m.

Following is the box score for last Sunday's game:

### BASEBALL

The Daisy boys evidently did not succeed in getting together a baseball team this year, and their interests seem to have been centered on horse-shoe pitching, fishing, and other sports.

While on the subject of sport, some of us may know that baseball, now our national sport, was first played in Cooperstown Village, New York in 1839 by boys; and was named baseball by one Abner Doubleday.

The original diamond is now owned and preserved by the Chamber of Commerce of Cooperstown Village, and it is only a stone's throw from the home of James Fenimore Cooper, the author of Wild West, Hunters, and Indian War novels.

Some effort is being made to erect a memorial there to the origin of our national sport.—Daisy Idea.

### Michigan To Play M. S. C. Tomorrow

Michigan played her first doubleheader in football last Saturday afternoon under a broiling sun, clear skies and before nearly 20,000 high school pupils from various cities in Michigan. Michigan had her band out and her cheer leaders but there was no cheering section. The high school pupils provided the cheering.

Albion was the first victim and took them to the tune of 38-0.

The second game was played with Mt. Union and Michigan won by a score of 10-6.

Tomorrow the stadium will be filled with spectators to see the Michigan State team and the Michigan team do their stuff. Both teams have had excellent practice and are in good shape so we can expect a battle.

Umpires—Gutzelt and Helma.  
Scorer—L. A. Mansfield.

### STATE FIXES HUNTING HOURS

GUNS CAN BLAZE HALF HOUR BEFORE SUNRISE, MUST STOP AT SUNSET.

Michigan's new game code allows duck hunters to fire away at birds one-half hour before sunrise but shooting must stop at sunset. These hours have been fixed by the Conservation Department as follows:

|                               |           |
|-------------------------------|-----------|
| 12 hr. Before Sunrise         | Sunset    |
| Oct. 4 to 7 (inclusive)       | 5:30 5:20 |
| Oct. 8 to 15 (inclusive)      | 5:20 5:10 |
| Oct. 16 to 23 (inclusive)     | 5:30 5:00 |
| Oct. 24 to 31 (inclusive)     | 5:40 4:45 |
| Nov. 1 to 8 (inclusive)       | 5:50 4:30 |
| Nov. 9 to 16 (inclusive)      | 6:00 4:20 |
| Nov. 17 to 24 (inclusive)     | 6:10 4:10 |
| Nov. 25 to Dec. 2 (inclusive) | 6:20 4:10 |
| Dec. 3 to 10 (inclusive)      | 6:30 4:00 |
| Dec. 11 to 18 (inclusive)     | 6:40 4:00 |
| Dec. 19 to 26 (inclusive)     | 6:50 4:10 |
| Dec. 27 to 31 (inclusive)     | 7:00 4:10 |

(Entire table is Central Standard Time.)

### PITCHES NO-HIT GAME.

Edward Savers pitched a no-hit, no-run game against Warren, Sunday, for Sprockell Cragge club. Sprockell scored nine runs.

### UTICA ORGANIZES TEAM.

Football players at Utica organized an independent team which will play under the name of Utica A. C. and will play the first game with the Romeo Bulldogs this coming Sunday.

### 7 Foreign Countries Represented at Fordson

Just as baseball is recognized as the national game in the United States, football is recognized as an American college and high school sport.

In few countries has the thrill and glamor of the gridiron game penetrated.

(Continued on Page 12, Column 4.)

However the game goes  
You'll come out ahead

There's no foretelling football scores any more. But it's still possible to predict an overcoat's performance. You don't even have to look at the label these new Kuppenheimer coats have quality written all over them. Quality that leaves nothing to chance, or the "breaks of the game." Quality you can bank on.

### "The Battle of the Season"

Admission 35c & 50c

"Behold, I have set before thee an open door, and no man can shut it"

—Revelation

WHILE Thomas A. Edison was busied with the development of his incandescent lamp, he undertook to improve the electric generating machine.

"Let There Be Light"

Scientists at the time maintained that the armature of the generator should be wound with a high internal resistance.

In New York City in the spring of 1881, the Edison Machine Works began the construction of the first successful direct-connected steam dynamo.

HAVING invented a filament lamp, a dynamo, and a house-wiring system, Thomas Edison began the construction of a generating station in a four-story building on Pearl Street, New York City.

To support the weight of the engines and dynamos in this historic Pearl Street Station, the old flooring was torn out and a structure of heavy girders erected, entirely independent of the building walls.

Mr. Edison passed several months in the building, day and night, making experiments and tests. The station was started September 4, 1882.

This is the third of a series of historical mementos published by The Detroit Edison Company in honor of

THOMAS ALVA EDISON

reviewing his influence on the development of the Electric Light and Power Industry. The fourth will appear in this paper next week.

connected to the station, in customer's installations, 1,264 lamps; on January 1, 1883, this had been increased to 3,477 lamps, furnishing service to 231 customers.

The original district served extended from Wall Street to Spruce and Ferry Streets, and from Nassau Street to the East River—a territory of about one square mile, requiring about 18 miles of Edison underground feeder and main tubes.

The historic Pearl Street Station did the remarkable work of demonstrating not only the practicability, but also the commercial success of the Edison system—that epoch-making series of Mr. Edison's inventions for generating, distributing, and utilizing electric current.

JUMBO No. 1 was sent to the Paris International Electrical Exposition, where it was hailed by scientists and engineers from all lands as a marvel of perfect electrical and mechanical construction.

Subsequent "Jumbo" generators were constructed substantially like Jumbo No. 3, with only minor changes. From all records now available, it appears that twenty-three were built, distributed as follows: Paris Exposition, one; Holborn Viaduct, three; Pearl Street, New York, eight; Milan, Italy, ten (of which one, at least, was obtained from Holborn Viaduct); and Santiago, Chile, two.

CLUB MEMBERS GOING TO REPRESENT STATE

Today's Reflections

The smart Plymouth girl's idea of taking care of herself is getting a man to do it for her.

If present styles continue a lot of girls are going to suffer from chapped hips this winter.

The man with the hoe doesn't get as far nowadays as the man with the hokum.

Many a married man around Plymouth would have died an old bachelor if the girl who married him hadn't thought some other girl was crazy to nab him.

Maybe some people do not like to save money because a dollar always looks so much larger when it is the only one you have.

We applaud the effort and the art when a woman of forty tries to make herself look like a girl of twenty, but no one is fooled.

It would be easy to find good jobs for a lot of \$4500 men if they didn't have their minds set on \$10,000 salaries.

Unfortunately, international reform is more exciting than personal reform; if it wasn't we might get somewhere.

A little melted butter on the chin makes the whole world grin.

When everybody is strenuously and intelligently trying to do useful things, everybody is prosperous.

We always admire the recklessness of the fellow who dares to order a meal in a swell restaurant without looking at the prices on the menu.

It's easy to find your way into trouble—the hard part is finding the way out.

"Men are funny things," says Dad Plymouth, "but I never yet saw one of them running around hunting for a fur coat side in August."

The basis of capitalism is thrift, and thrift means forethought, which is a form of intelligence. Intelligence and capitalism go together.

It's an ideal marriage if, after he gets to be about 70 years old, he still considers her more important than his golf.

Cricket Says Hurry If You Want Beauty

AUTUMN SHRUBS AND FLOWERS MAKE HOMES ATTRACTIVE IN WINTER.

The cricket's song is a warning to go afield and gather autumn flowers and shrubs for use in the home during the gray days of winter, according to home economics specialists at Michigan State College.

The bittersweet is especially recommended for decorative purposes, but the specialists warn against the use of ornate vases for displaying this plant as the over-elaborate container detracts attention from the bouquet.

Bittersweet should be picked early and some of its leaves should be gathered along with the berries. If the plant is, then, well dried it will remain beautiful for a long time.

Tassel, wild carrot, milkweed, gold-rod, and the cattail also offer decorative possibilities. Several or all of these weeds can be combined to make an attractive display for the time when snow is swirling outside the house.

The straw flowers and the hydrangea are cultivated plants which readily lend themselves to the winter display collection. Both are easily dried and they retain their beauty.

The specialists advise against the attempt to improve nature by painting the plants selected for winter bouquets. Nature has been planning color schemes many more years than most amateur painters and the natural effects secured have had the approval of many artists.

This and that

A lifetermer of San Quentin, Calif., prison, Damascus Garcia Callur, has composed operas, marches, overtures and lullabies while serving his time.

Antique works of sculpture are being reproduced in embossed leather in Italy.

In West Australian deserts there are wells which yield water only at night.

The best thing about the old-fashioned bicycle built for two was that five couldn't ride it by sitting on one another.

MICHIGAN BOYS AND GIRLS WILL COMPETE AT ST. LOUIS—AND CHICAGO.

Thirty boy and girl club members from Michigan will compete against youngsters from many other states in the contests to be conducted at the National Dairy Show at St. Louis, October 12 to 19, and at the Boys' and Girls' Club Congress, Chicago, Nov. 29 to Dec. 6, according to A. G. Kettunen, state club leader.

The dairy eagle judging team which will go to St. Louis will be Veda Herrick, Delta County; Wilbur Steinacker, Livingston County; and Maxwell Kempf, Newagen County. Bidding Williamson, Delta, is alternate to fill any vacancy on this team.

Ferris Church and Harold Woven, both from Kent county will go to St. Louis as a dairy demonstration team.

Members winning trips to Chicago include Junior Mitchell and Orin Johnson, Midland county, handicraft demonstration; Lewis Drake, Antrim, Ralph Brown, Ottawa, and Jack Gilbert, Washington, crops judging; Robert Hefflin and Carl Peterson, Antrim, crops demonstration; and Carl Shultz, Washtenaw, poultry judging.

Other Chicago contestants will be Ronald Hawley and Clayton Stevens, Alger, poultry demonstration; Jim Milligan, Harold McGrath and Clarence Bullock, Tuscola, livestock judging; and Victor Weller, Kent, and Helen Norberg, Oceana, health.

The girl team members are Mary Huss, Muskegon, and Mamie Bernhardt, Iron, canning judging; Carnot Sturdevant, Newagen, and Marie Postema, Oceana, clothing judging; Lorraine Churchill, Oceana, style show; Catherine Hakes and Louise Hakes, Calhoun, and Lydia Altman and Margaret Knauf, Chippewa, home economics demonstration.

Will Break Records In Egg Laying Race

CONTEST AT COLLEGE DISCLOSES BIRDS WITH UNUSUAL PRODUCTION ABILITY.

With the International Egg-Laying Contest at Michigan State College swinging into the home stretch, production records exceed those of any previous year that the contest has been conducted.

Hen number 278, owned by George H. Freeman, Middletown, Ohio, has lived up to the requirements of her number of laying 278 eggs in 300 days. This bird is a single comb Rhode Island Red.

The records of the high individuals in other breeds are: Barred Rocks, 249 eggs, high hen owned by Scheive Poultry Farm, Algonac; White Rocks, 203 eggs, high hen owned by Elmer Haines, Vassar; rose comb Rhode Island Reds, 210 eggs, high hen owned by C. N. Whitaker, Lawrence; and White Leghorns, 273 eggs, high hen owned by Pontiac Trail Poultry Farm, Milford.

The high production record for a pen of 10 birds goes to J. A. Hanson, Corvallis, Oregon, whose White Leghorns have laid 2551 eggs in 300 days. The West Neck Farm, Huntington, N. Y., pen of Rhode Island Reds has a record of 2071 eggs, and the Barred Rocks owned by F. L. Fogle, Okemos, have laid 2013 eggs.

The contest will continue for 60 days and any slackening in egg production will result in a shifting of place among the leaders. Members of the poultry department at the College believe this year's contest will discover an unusual number of birds which will lay 300 eggs during the year.

# WALLED LAKE DEFEAT ROCKS 13-6

## PLYMOUTH PLAYS FIRST LEAGUE GAME ON HOME GROUND

Dearborn, the champions in football of last year, will play Plymouth, October 4th, at the Tourist Camp. With a number of better men back, Dearborn will have a strong team, while Plymouth will enter the field with considerable more experience than in last Friday's game. Curtis' punting is expected to help the home team to a great extent.

Why not come and help your team win? The game is expected to start at 1:00 o'clock, and is to be played at the Tourist Camp. Cheer for your team! Help them win their first league game.

## General Assembly

Triumph triumph! Everyone marches since Mr. Dykelhouse led the band Wednesday, September 25.

Mr. Emms, the principal, explained to the pupils that anyone might get a ticket to the Ann Arbor football game if he presented a written permission to go from home. Two hundred tickets have been given away thus. The Plymouth pupils all gathered at gate No. 24 to watch Ann Arbor carry the victorias from both Albion and Mr. Union on Saturday, September 28.

Gab. Kinyon was then introduced by Mr. Emms as the announcer.

Because the Detroit Edison Company gave the Plymouth Chamber of Commerce fifty dollars, which in turn was given to the public schools for prizes for writing essays in the celebration of the golden jubilee of Thomas Edison's discovery of the incandescent lamp, Prof. George A. Smith announced the prizes which would be awarded. These are as follows: First prize, a five dollar and a three and one-half dollar Parker Duofold pen and pencil; second, two dollar and a three dollar Parker Duofold pen and pencil; and third, a one dollar Parker Duofold pen. The awards will be the same for both the Junior and senior high schools, while the following will be alike in both the Central and Starkweather schools: First prize, a five dollar Parker pen; second and third, three and one-half dollar pen; and fourth, one and one-half dollar pen.

The girls' double quartet has already been selected, consisting of Jean Strong, Marguerite Wood, Doris Holloway, Dora Gallimore, Catherine Nichol, Maurine Dunn, Dorothy Hubbert, and Hazel Rathburn.

Two very beautiful songs, "Mighty Lak a Rose" and "Let Me Have My Dreams" were given.

Marvin Partridge, Frank Learned and Jimmie Stimpson led the assembly with a few yells in view of the coming game.

In addition, Kenneth Gust and Coach Matheson gave short speeches. Sportsmanship and sacrifice since this year's football captain, Ken Gust showed, was the theme of Mr. Matheson's talk.

Lester Dulf, a representative of the National Forensic League, pointed out why so many are interested in public speaking. He added that speakers cultivate a sense of reasoning.

Mr. Winkleman, the new public speaking director defined victory for us. Victory means support and loyalty not only on the part of the speakers, but also on the part of the school as a whole.

Finally Marvin Partridge, one of the yelling masters, announced that megaphones of blue and white were being sold by the Girl Reserves. "Let us get them and make some noise!" he exclaimed.

## P. H. S. Scrub Team

Miss Fuzel says she is killing two birds with one stone. The desks in her room annoy her very much with our famous names printed on their surface, so for punishment to those who chew gum and talk when they are not supposed to, she has organized a scrub team composed of the aforementioned addicts. Soon the desks will be gleaming, but our names erased from history forever.

## New Typewriters

The commercial department received this week, a new Underwood typewriter making a total of twenty-seven machines in the department, all in good order and capable of producing excellent typists.

Plymouth High commercial pupils appreciate this interest in their work, and in return will do their best to repay the community in which they live.

## TYPING TO MUSIC

The typewriting classes have been typing to victrola music the past week. The machine is set for twenty words per minute. This encourages rhythm and even touch. The first and second fingers on each hand naturally work easier and faster than do the third and fourth. Music helps to time all fingers in an even pace. New records are being bought to carry on this practice.

## YOU WILL GET SHOT

Today we have four new members for which I am very glad," said Mr. Bentley at the beginning of the Camera Club, Thursday fifth hour. The club now has eleven members, and hopes to do wonders in taking pictures. Last time it met, Jean Strong and Edna Proctor were runners-up for secretary and treasurer. So we again voted on 4th with the result that Edna will be our secretary and treasurer.

You seem to have to pay dues in everything, so the Camera Club is going to pay fifteen cents a marking period. This money is going to go toward parties during the winter. In taking pictures, we intend to "shoot" all the football players and coach, and other people that are generally known.

## HURRAH FOR DEMOCRACY!

A very spirited debate took place in the sixth hour Modern History class Wednesday, September 25. The question was: "Resolved: That absolutism is a better form of government than democracy." The debate was quite original, facts concerning definitions, King Louis XIV, Abraham Lincoln, Russia, and the U. S. flying thick and fast. For about five minutes the air was blue as arguments were tossed (not gently) back and forth. "A good time was had by all," could be appropriately said as everyone had barrels of fun.

The negative team composed of Arvid Burden, Doris Holloway and Ed. DePorter, received a nine to four class decision. The affirmative team were Margaret Straub, Stanley Lancker and Lester Daly. Because of lack of time, only one rebuttal was given on each side. Ed. DePorter for the negative and Lester Daly for the affirmative. Marion Tefft acted as chairman, and Marvin Banerman as timekeeper.

It is such things as these, debate discussions and outside readings, which serve to pep up and help a class along. Many people would scoff at the idea of using recitation time for tomfoolery as they would call it. But just the opposite of this narrow-minded attitude is true. Outside activities have just as much value as drill work, for besides the learning of facts, students gain a broader conception of things. It widens their perspective and gives them a broader education. We enjoy historical projects.

Lester Daly.

## Starkweather School Notes

A sail boat chart has been set up in Starkweather I.R. The sails of the boats are three different colors according to the weight of the owner of the boat. The children are also trying for a one hundred percent clean handkerchief room.

On Wednesday morning, Wednesday afternoon and Thursday morning, no one in Miss Stader's room was either absent or tardy. Ten children had perfect weight in the room.

Ruth Ash, Rozella Campbell, Stella Dudek, Dorothy McCallough, Catherine McIntosh, Phyllis Roe, Dorothy Roe, Gladys Sallow, Ruth Spaulding, Marie Stitt, Helen Jane Springer, Stanley Eldrich, Dale Ford, Steve Fado, Bruce Johnston, Joe Scarpulla and James West of the second grade, were neither absent nor tardy last month.

The fourth grade people are learning all they can about Edison and his inventions. Several members of the class are going to enter stories in the Chamber of Commerce Essay Contest.

## SIXTH HOUR SPEECH CLASS

Maybe it is extraordinary that a speech class should be taking a trip across this continent. However, that is what the members of the sixth hour speech class are doing. The students are given an outline with a series of group situations; occasions that President Hoover might have faced had he made his campaign tour from New York to San Francisco. The important thing in the task is to be able to name the proper elements of thought and feeling to make up an address before each situation. The young people, too, believe that in their study of the different places—geography, people, industry—they are gaining a better appreciation of their own country and are thereby being introduced to a better citizenship.

This part of their work the members of the group know as "President Hoover's Campaign" rather a popular name for work in such an academic subject as speech. Last week they began their work in forum discussion. The big question, "What is Democracy?" vital to young and old, has for their benefit been broken into twenty subquestions, each dealing with a phase of the big question.

Some of the sub-questions, each suitable for the weekly day's discussion, are: "What is democracy compared with other governmental systems?" "What is democracy in terms of the relation of the citizen to his government?" "What is democracy in terms of law enforcement?" "What is democracy in terms of home life, farm life, factory life?" "What is democracy in terms of international responsibility and world ideas?"

Last week the class period was given over to the students, who elected a forum leader and then very ably carried on a group discussion of the question, "What is the history of democracy?" It is being looked forward to by many in the group that this is going to prove as interesting as it is worth while. Along with President Hoover's Campaign and Forum Discussion, three days of the week are spent on the fundamentals of speech: action, gesture, interpretation, voice, enunciation, pronunciation. All the work is conceived as the foundation for speechmaking in the specific types, which is planned for the semester following.

## The Triangle Blue

Many people will be interested to know that the Young Women's Christian Association has opened its new building in Detroit. The service of dedication occurred on October third at eight o'clock. This building is located at Montclair and Witherell Sts. All the Girl Reserve presidents sat on the stage during the dedication.

The Ways and Means committee is trying hard to earn some much needed money. Right now the girls are selling blue and white felt megaphones.

The program committee has decided to use a picture of an automobile for the cover of the program book, and the different parts of the automobile to announce the different events. It is stated very cleverly in this way:

Sept. 6—Down Payment. This was the first cabinet meeting of the year.

Sept. 13—Klaxon Klaxities. A song meeting.

Sept. 20—Selecting Accessories. The G. R. ideals.

Sept. 27—Mechanics Conference. Meeting of the cabinet.

October 4—Shifting Gears. A discussion led by Katherine Hitt and Maurine Dunn.

October 11—Engine Knocks. Another song meeting.

October 18—High Test Gas. Discussion of health.

Nov. 1—Snappy Salesmen. Cabinet meeting.

Nov. 8—Rumble Seat Review. A discussion led by Catherine Nichol and Winona Keener, on phases of life.

Nov. 15—Exhaust. Song meeting.

Nov. 22—Super Service. Making scrap books for children.

Dec. 6—General Overhauling. Cabinet meeting.

Dec. 13—Automobile Show. Discussion by Doris Holloway and Norma Savory, and a general social meeting.

Dec. 18—Yuletide Blow-Out. Annual party.

Dec. 20—Santa-Land Sallies. Christmas gifts.

Jan. 3—Completing Repairs. Cabinet meeting.

Don't miss the football game this afternoon.

## Debate And Social Behavior

The man or woman of culture can be told by his or her social behavior. The child, upon reaching certain ages, is initiated into the life of the family, the Sunday-school group, of the occupational group. The child's acts now reach beyond his own little self. With others before him and about him he is a social creature. His actions, their effects, reach beyond himself to the other members. He must learn to act, to behave properly, that is, in a way satisfactory to himself and also to the other members of the group. The person who does not know how to behave socially is offensive to the better-groomed members of the group.

Debating, by virtue of the group work and its social nature, calls for the cultivation and practice of those habits of behavior which stamp an individual as belonging to the "Order of Ladies and Gentlemen." Support debate for the educational and cultural values it embodies; proper social behavior one of them.

## Parting The Mists of The Past

To make clear, distinct and living the great historical figures loomingly dimly through the mists of the past, is the purpose of the Historical Characters Club. This organization under the direction of Miss Berk, is for seventh to ninth grades inclusive.

During their first meetings, a constitution was drawn up, and the following officers elected: President, Eileen Drayton; vice-president, Freida Kilgore; secretary, Ruth Muren; treasurer, Pearl Smith.

The youngsters of this club thus familiarizing themselves with the great characters of the past, will find history a pleasure and a very easy subject when the time comes for them to enter the history classes of the higher grades.

## Camp Wetomachick

The girls are doing hand work during their weekly meetings. Each girl expects to receive a handicraft head for her work.

Beginning October 11, definite programs will be planned for each meeting.

Janet Bickenstaff.

## Travel Cut-Ups

"Syrup and flour, water and blacking; what will be done next?" Very likely that is what the new members thought Monday, September 23, at the Travel Club's initiation party held at the home of Mrs. Ross, formerly Miss Asman, history teacher and sponsor of the club. The party started at 5:30, and after a pot-luck supper, the fun began.

Believing that they were doing a sacred act in kissing the constitution of the club, the to-be-initiated ones, blindfolded, kissed first a piece of paper, then a plate of syrup and third flour. A dull imagination can graphically picture the results. From bad to worse—hypnotism followed this effort, and the new members compelled to follow directions, were given a saucer of water blacked on the bottom. Eventually, of course, that blacking reached their faces. Objects were then placed on the floor in the sight of the person initiated, and he having been blindfolded, was told to step over them. But as they had been removed meanwhile, the ridiculousness of the sight just about rolled the old members over on the floor. However, they not wishing to have all the laughs, set the new members laughing to the tune of a phonograph.

Undoubtedly the initiated are now thanking their lucky stars that they are full-fledged members of the Travel Club, and as such things do affect people that way, are racking their brains to think of even more ridiculous pranks to play on the next group of new members.

The first game of the season was lost to Walled Lake, a heavier and more experienced team than Plymouth. Though their first game, the Plymouth boys played well for so inexperienced a team. Few fumbles were in evidence and hardly any penalties were inflicted on the blue and white. Several passes were completed for long gains, especially by the opponents.

FIRST QUARTER: Straub kicked to Campbell on the 10-yard line, and was tackled by Rodman on the 20-yard line. Campbell took the ball for seven yards and Eno made it first down with a smash-off tackle. Campbell again took the ball but made only three yards. Welch's pass was grounded. Eno then kicked to Wagonschutz, who ran the ball back five yards. Lancker smashed the line for two yards. Curtis tried the same place, and made three yards. Welch received Lancker's kick on the 40-yard line and was downed in his tracks. Eno failed to gain at the line, and Welch lost badly. Coe centered the ball badly, and it was Plymouth's ball on Walled Lake's 20-yard line. Lancker and Curtis both failed to gain. A line smash netted three yards. Wagonschutz failed to make it first down, and Walled Lake received the ball on her 17-yard line. A pass, Welch to Sisco, gained fifteen yards. Then Campbell took the ball for an end run of 25 yards. Welch was tackled for a five-yard loss, but a lateral pass to Sisco regained it.

SECOND QUARTER: The next play was an incomplete pass. Then Eno punted to Hix who was tackled in his tracks. Lancker kicked outside on the thirty yard line. Campbell was stopped by Lancker after gaining two yards. Bachert smashed the line for four more yards. Eno gained a first down with a slide off tackle. An end run enabled Bachert to gain five yards. When within two or three yards of a touchdown, one of the Walled Lakemen was offside, and a ten-yard penalty resulted. Campbell, trying to regain these yards, only made two yards on a left end run. Sisco was called from his end position to try a field goal. The ball, however, went wide of the posts and Plymouth received the ball on the 20-yard line. Curtis gained five yards with an end run. Wagonschutz fumbled and lost ten yards. Curtis' punts were blocked, and it rolled to the 3-yard line before a Plymouth man fell on it. Curtis again kicked, this time to the 30-yard line, from which Welch returned it three yards. A pass, Eno to Welch, gained twenty yards. But then, Bachert, trying the line, failed to gain and Welch lost ten yards. Another pass was incomplete, and again Bachert was stopped trying the line and the ball was given to Plymouth. Curtis, at once kicked to the 40-yard line, where Welch was brought to earth by Rodman's good tackle. An incomplete pass and two line plays failed to gain, so Eno kicked to Curtis on the 20-yard line. Curtis returned the kick, Welch receiving it. Two plays were tried, one losing eight yards before the whistle blew ending the half.

## SENIOR DOINGS

The seniors were called together Monday, fifth hour, for the purpose of selecting their class invitations and corresponding cards. The invitations are, of course, of the formal type, having various styles of engravings, though ours was decided upon last year. The invitation of the school, which the class preceding has used, is again to head the invitations, though preferably and probably in gold instead of silver. The little cards which accompany the invitation can be obtained according to the students' fancy—large standard for girls, or small customary for boys. The styles of engraving are many, and selection is left entirely to the pupils' choice.

During the hour Miss Allen reminded everyone that the senior pictures for the annual are to be taken Monday and Tuesday, October 7th and 8th. Also that at the sitting, each senior is to present one dollar, which is all that is requested. If photographs are desired they may be had at six dollars a dozen. With each dozen a large photograph, proper for framing, is given free of charge, and a composite, 7x11 of the class.

Often students ask to be excused from school for shopping, waves and other "beauty shoppers," but there having been an announcement to this effect before the actual sitting, such requests cannot be granted.

## Modern History Cartoons

Miss Ford's modern history class has been making cartoons of different events in history. Some of them are very clever. One made by Doris Fogarty of France of the death of Louis XIV, is especially good. It is an old, crippled man which signifies the condition of France at that time.

Some written material has been handed in from a few of the imaginative minded who acted as characters in history by writing diaries and letters of their experiences.

## Commercial Club

Kissing the constitution of the Commercial Club was great fun for some of the new members. Not only did they kiss the constitution, but they kissed molasses and flour. This party was held at Irene Livingston's, where she had to tell how Salem makes love. Milton Mole rolled a pencil across the floor with his nose. Mr. Day sang "I Get the Blues When It Rains." Lawrence Ingall and Norma Savory represented a newly married couple at

**"THE GREENE MURDER CASE"**

"The Greene Murder Case" was a great murder mystery story but as a moving picture (and it will appear in film form at the Penniman Allen Theatre Sunday and Monday, October 6 and 7). It is even more gripping, more exciting. The reason for this can be ascribed to the intelligent character portrayals furnished by the actors and the excellent direction of Frank Tuttle.

The plot has to do with the strange killings which occur in the Greene family household. An elder son, his younger brother and then their mother succumb to the fiendish hand of an unknown murderer.

William Powell, as Pilo Vance, is called in on the case by his friend of a former murder mystery film ("The Canary Murder Case") E. H. Calvert, the district attorney. Working on the case with Powell is Eugene Pallette, the practical-minded and blundering comedy detective who was also one of the figures in "The Canary Murder Case."

After a series of meaning and thrilling events Powell solves the deep mystery with the staidly and super-intelligence that S. S. Van Dine wrote into this character in his novels. Powell's performance is flawless.

If you like your thrills dished up with machine-gun rapidity, if you like entertainment that keeps your pulses tingling, don't pass up "The Greene Murder Case." It is one of the season's best bets.

**"THE COCONUTS"**

"The Coconuts" is the most elaborate venture ever presented on the screen. It is one of the unique big features from the legitimate stage now placed at the disposal of the films with the advent of the talking picture. "The Coconuts" which is to be shown at the Penniman Allen Theatre, Tuesday, Wednesday and Thursday, October 8, 9 and 10, is the real thing—a musical comedy, singing, dancing, laughing—the Broadway stage success, transferred to the cinema.

Laughs come so fast they're always stepping on one another's heels. "The Coconuts" is a laugh show from beginning to end. Granchio, the talky Marxman, has the zippiest flow of lines any microphone ever listened to. Harpo puts on a dumb show in pantomime that has never been equaled. Chico pulls some of the funniest stuff in the whole film. Zeppo gets in some mad jesting when his brothers aren't looking. It's Marxian fun, sidesplitting feeding.

Berlin's music is irresistible. In addition to the successful songs and tunes of the original production, the music master has introduced a new theme song, "When My Dreams Come True," and Mary Eaton and Oscar Shaw sing it.

Lovely girls, costumes to grace a Ziegfeld revue, sets of gorgeous rich-

ness, more than a hundred players in the cast and choruses, some of the best supporting actors on Broadway, every item in the production provided with lavish generosity and photographed with marvelous effect. Audiences in New York burst into applause in appreciation of the beautiful results achieved with the camera by George Folsey.

Harpo Marx and Chico Marx play on the harp and piano respectively. They are both beautiful performers. The kind audiences never get enough of, and they break off their laugh-making twists for just a few minutes to add their beautiful performances to the lavish musical program.

The "Monkey Doodle Dance" is something new—startlingly new—and the cleverly trained chorus gives a smart performance.

**"BIG NEWS"**

Speed, excitement, suspense and humor are the four prime characteristics of "Big News," a new Pathé all dialogue film which will open at the Penniman Allen Theatre, Friday and Saturday, October 11 and 12.

"Big News" might well be described as one hectic day in a newspaper office. With a time lapse of only twelve hours, the story is crammed with more thrills than are the lot of many lifetimes. Nor are they hung on loosely, but developed as part of a logical plot which deals with the effort of a reporter on a big metropolitan daily to get the "low down" on a band of liquor and narcotic dealers.

Robert Armstrong has the featured role of "Big News" as Steve Banks, who has plenty of personal penicillios as well as a keen nose for news. The combination of geniality with a light touch of cynicism which have helped Bob along the road to fame in former pictures is said to have plenty of scope in "Big News."

Carol Lombard, who plays the feminine lead opposite Armstrong, is a girl whose gorgeous blonde beauty is augmented with real dramatic ability. She is said to be excellent, both as to voice and acting. Cupid Ainsworth, a huffy comedienne, is a riot as the conductor of an "Advice to the Lovelorn" while her wise-cracking comes under the heading of brilliant bon mots.

Others whose characterizations will be enjoyed are Sam Hardy, who plays a suave and sinister heavy; Warner Richmond as the none too discerning assistant district attorney; Tom Kennedy, as the cop whose head was not flat whenever the state of his feet happened to be; Herbert Clark, a recruit to pictures from the Broadway stage, where he has been a favorite for several seasons; Wade Boteler, Louis Payne and Charles Selton.

"Big News" was directed by Gregory LaCava. Credit for the excellent dialogue is shared by Jack Jurgens and Walter D. Lyon.

**7 Countries Represented at Fordson**

(Continued from Sport Page)

ed but that is no sign that youths from other countries are not quick to fall in line with the American athletes.

This fact is demonstrated at Fordson high school where there are seven foreign countries represented on the football squad this season. Aside from this there are players from 16 states in the Union wearing the Fordson colors this year.

**Canada Leads List.**

Canada leads the list of foreign players with ten representatives. These are divided among four provinces, Ontario, Quebec, Alberta and Saskatchewan. France, Norway, Rumania, Switzerland, Russia and Turkey were the birthplaces of six other players.

While most colleges recruit their squads from five or six states, this high school squad has players from Wisconsin, Ohio, Pennsylvania, Indiana, Maryland, Alabama, New York, Montana, Missouri, Georgia, Illinois, Kentucky, Nebraska, Massachusetts, Connecticut and Michigan.

Besides these two distinctions, Fordson boasts one of the largest squads in this district. Coach MacWhalen is working 145 boys every night at the high school field in an effort to mold a winning eleven.

The result of Whalen's efforts was demonstrated a few days ago when Fordson trampled Southwestern high, 13 to 0, in the opening game of the season. However, many new faces will appear in the line-up Saturday, when the team meets Wyandotte high at Fordson stadium.

**Plays Game Over.**

An innovation in coaching circles was started by Whalen at the Southwestern game when every play and its result was recorded on a dictaphone. At the start of the practice sessions this week the players gather in the locker room and play the Southwestern game over again with the coaches pointing out the flaws in their performances.

Coach Whalen is giving special attention to his seven foreign players and says that several of them will have berths on the regular eleven before the season is advanced.

As only two lettermen are back from last season, Whalen will keep his large squad intact for several weeks

yet, in an effort to try on the boys at every position before wielding the punning knife.—Free Press.

Some men never let the grass grow under their feet. They prop them up on their desk.

There are still a few fellows around Plymouth whose troubles are due more to a lack of energy than a lack of luck.

We suppose that during the summer just drawing to a close every Congressman in the U. S. took credit for that \$180,000,000 in the treasury.

"Nature may know her business," says Dad Plymouth, "but nobody has ever been able to make me understand why woods grow faster in a garden than anywhere else."

Sometimes when a Plymouth man can't think of anything else to brag about he'll brag about how dumb he was when he was a boy.

**SORE THROATS AND COUGHS**

QUICKLY RELIEVED BY THIS SAFE PRESCRIPTION.

Here's a doctor's prescription that is really throat insurance. Sore or irritated throats are relieved and soothed almost instantly with the very first swallow. About 90% of all coughs are caused by an irritated throat; consequently for most coughs too there is nothing better than this famous prescription—it goes direct to the internal cause. It is put up under the name Thoxine and is guaranteed to stop coughs and relieve sore throats in 15 minutes or your money will be refunded. Singers and speakers find Thoxine very valuable.

The remarkable thing about Thoxine is that while it relieves almost instantly, it contains nothing harmful, is pleasant tasting and safe for the whole family. Ask for Thoxine 35c., 60c., and \$1.00 bottles. Sold by Dodge Drug Co. and all other good drug stores.

# The Peril that Starts with a Spark--or a Match

Make the warning of Fire Prevention Week an "all-year" guide.

Planned as a curb on the hungry giant that annually consumes hundreds of lives and hundreds of millions in property value, Fire Prevention Week has become a National event. This year, from October 6th to 12th, communities all over the country will join in promoting the doctrines of safety from flames by the art of prevention.

In and around Plymouth, no doubt, there are risks that can be removed. Loss of an industry by flames is a loss to the whole community. Burning of a home means a loss to many others in addition to the owner.

Fire Prevention Week, with its message of "Stop fire before it starts," sounds a warning against carelessness with matches, cigars or cigarettes; against allowing accumulated trash to become a fire menace; against overlooking danger points in heating systems or other parts of homes or plants.

Fire Insurance is a safeguard every property owner should have. BUT FIRE PREVENTION IS THE BEST SAFEGUARD OF ALL.

## Neighborhood Notes

Seats in the old school house in which Henry Ford gained his early education were manufactured in Northville, according to an official of the concern which made them. The seat on which Ford sat, which still has his name carved upon it, is now representing Northville in Ford's museum.

Rochester will remain a village, according to a decision of the voters at a special election Monday, September 30. A proposition to incorporate as a city received only 47 votes with 2 against. For the third time a \$72,000 bond issue for sanitary and storm sewers was rejected. There were 286 for the bonds and 287 against. A two-thirds vote was required.

The approval of the Ways and Means committee of the Wayne County Board of Supervisors to permit a one-eighth of a mill tax to be spread over Wayne County for a park along the north branch of the River Rouge Park to Northville has been passed. This will establish a fine park along the beautiful Rouge Valley, and was outlined by Leroy C. Smith, engineer-manager of the Board of Wayne County Road Commissioners.

If there was anyone left in Plymouth on Plymouth day, he would be hard to find. Plymouth turned out in royal shape, and its band did its part of the program well. The Plymouth schools have a right to be proud of its band—the youngsters were not at all stingy when it came to playing. Plymouth certainly displayed an interest in the fair this year, and there were a large number of entries from that place.—Northville Record.

A human arm—supposed to have belonged to a young woman—was recently found in an old barn at Chelsea. The arm had been dissected at the shoulder. The flesh was dried but blood veins and muscles were plainly discernible. About forty years ago a doctor is said to have lived in the residence adjoining the barn, and whether the arm was a part of a body he had obtained from a medical school, or whether it is the only evidence left of a crime remains a mystery.

A granite boulder estimated to weigh 60 tons has been removed by the Detroit Edison company from a farm in Huron county to Port Huron where it will be placed on the site of the old home of Thomas A. Edison in which he lived as a boy. The Port Huron Rotary Club sponsored the work of moving this huge boulder which was embedded in the ground six feet and required six men to shove more than a day to remove the earth away so that it could be placed on skids.

Northville's horseshoe pitching team went down to defeat with the strong Plymouth team, Saturday afternoon. "Staze feicht," explained one senior member of the Northville team, is given as the reason for the defeat of the local players. The team comprised of Leo Wood, Harley Cole, John Nelson, Don Yerkes, Sr., and Don Yerkes, Jr., believes that under different circumstances and when five thousand people are not looking at you that they can beat the Plymouth team.—Northville Record.

As far as is known the first white robin ever seen in this locality has for several days been making his home with a flock of other robins in a little apple orchard on the Ford property at Waterford. The rare bird is white all over except for its head and tail which are of a dark color.

Thieves dug, crated and made away with three acres of potatoes from the farm of Leslie Curtis, northwest of Salem, or one-half mile north of McCormick's or Mud Lake, sometime during the past week or ten days. The field is located quite a distance from the house and the marauders undoubtedly worked in the dead of night, by moonlight. A road which is traveled only occasionally leads past the field. The thieves surely made a clean job of it. An attempt by Mr. Curtis to get what potatoes were left, by going over the field with a drag, unearthed just one bushel from the three acres. It is carrying things too far when a farmer's crops are stolen by a farmer's reports of other such thefts similar to the above, only smaller, come from different farmers in the vicinity.—South Lyon Herald.

While excavating at the lake on the property of James Teahen southwest of town Friday, Ed. Downey who had charge of the shovel, noticed something strange in the load it was bringing up. All were surprised when the skeleton of a moose was unearthed, the large, spreading antlers being almost intact. It is not known just how long ago the animal met its death but it must have been many years ago as those who can remember back over 60 years say that it did not happen in their day. Without doubt in early times when Indians roved the woods, the moose was mired in the soft ground when approaching the lake for water or was driven to his death by marauding wolves. It is a most interesting find, and it proves conclusively that animals of this variety frequented the southern part of Michigan as well as its more northern latitudes.—Brighton Argus.

One of the largest crowds that ever attended a sale of the fair grounds pavilion gathered here Tuesday for the sale of Ira Wilson's cattle. The excellent weather added to the crowd and some spirited bidding was witnessed on several choice animals. The top of the sale was \$100.00 although several cows and a couple of two year old heifers sold at this figure. Fewer head were sold than at first anticipated and the fact that a large number of grades were sold eliminates the probability of comparative figures on the sale average. The sale totaled \$17,158.00 and equipment of local Holstein men conveyed the idea that the price received for pure bred stock was very good, so good in fact that local consignees to the October sale felt much encouraged. Comparatively few of the cattle remained in Livingston county and perhaps half of them were sold in Macomb, Wayne and Monroe counties.—Livingston County Republican Press.

### ITS WONDERFUL TO HAVE HEALTH AGAIN

CORUNNA LADY RELATES HOW BONKURA RESTORED HEALTH.

ALL OTHER MEDICINES FAILED.

MRS. EFFIE MITCHELL

"Bonkura is the medicine I should have had in the first place," exclaimed Mrs. Effie Mitchell, Misner Street, Corunna, Mich. "For years I suffered with stomach disorders, gas, belching and bloating after meals. The gas crowded my heart so that I could hardly breathe. I had neuritis pains so bad that I could not do my work. Many medicines failed and I almost lost hope of regaining health."

"A friend of mine convinced me to try Bonkura, because it had done wonders for her. The results of the first treatment were so remarkable, that it almost relieved me completely of my old ailments, but I kept on using it and now feel like a new person. Soon after all the poison and waste matter had been removed, my bowels functioned properly, the gas belching and bloating left me and the neuritis pains were gone. The splendid Bonkura Tonic gave me back my lost strength and I wish to tell everyone that it feels wonderful to have health again."

Bonkura is sold by Beyer's Pharmacy.

### HUGE FLOCKS SEEN ON MICHIGAN TOUR

POULTRY BY THE THOUSANDS INSPECTED ON TRIP THROUGH SOUTHERN COUNTIES.

Farms where they keep 5,000 laying hens, raise 25,000 chicks, keep 28,000 rabbits, have 1,500 turkeys or grow and market 60,000 ducks a year, were just stopping places along the route of the second annual Michigan Poultry Tour.

That poultry raising has gone beyond the spare time class was also proved by the inspection of plants which are equipped to incubate 140,000 eggs at one time and those which have laying houses to accommodate 5,000 hens.

The trend of the poultry business was shown by barns which formerly had been used to house livestock but which after remodeling, are now devoted to the production of first class eggs.

Eighty-two cars left East Lansing on the tour and this number was increased at different points along the route. Towns visited were Bancroft, Holly, Oxford, Romeo, Denton, Ann Arbor, Bridgewater, Napoleon, Jackson, Springport, Battle Creek, Augusta, Middleville, and Lowell.

A banquet at Lowell which was attended by 200 poultrymen was the closing number of this year's tour.

At the end of the month the mere job of writing checks takes so long that a man often wonders how his family found time to do all the shopping.

It is safe to say that Commander Byrd and his men in the Antarctic have not adopted pajamas for street wear.

A crook can't talk fifteen minutes without using the word "honesty" at least five times.

# SECOND VOTE PERIOD

IS NOW ON - ENDS SATURDAY, OCTOBER 12

The "Second Period" Vote offer is now in effect and offers the willing worker the best remaining opportunity to gather votes on the Double Quick. Subscriptions turned in now count big vote value—long term subscriptions and "second payments" will help you win.

## FIRST GRAND PRIZE

New

SIX

Coach

Value **\$669.50** This price includes extra equipment.

Purchased from and on display at E. J. Allison's Chevrolet Salesroom

## Attention Candidates!

The attention of all club members is called to the importance of EXTENSION SUBSCRIPTIONS. This means an extension of any subscription you or someone has taken earlier in the campaign. The importance of these EXTENSIONS cannot be too plainly stated and every candidate is strongly urged to get in every extension possible during these last few days of the exciting race. Just one subscription now is liable to turn the tide and register the difference between a wonderful motor car and a smaller prize.

EXTENSIONS COUNT BIG NOW and in putting them on your list be sure to mark them plainly: "EXTENSION" also stating how long the former subscription was paid for and by whom it was turned in. A subscription given during the first period will always earn first period votes on an extension. The same applies to those given on the second vote period. A subscription given during the first vote period for one year and later extended for another year would give 3,000 votes making a total of 5,000 votes for the two years, plus the club votes, but be sure to mark these subscriptions "EXTENSION" and the name of the candidate turning in the former subscription. These will then be looked up on the original report sheets and if found correct, the extension will be allowed. Be sure to add your totals, votes and cash and see that the amounts at the top of your report sheet correspond to the correct total of your subscription.

Explain the tremendous voting power of these extension subscriptions to your friends and have them give you an "EXTENSION." This will pay you handsome dividends. WORK EXTENSIONS STRONGLY.

## Third Grand Prize

# PORT DEVELOPMENT PROGRAM IS MOVING STEADILY FORWARD

## Detroit to Rank Second to None When Lake Cities Acquire Tide-Water Shipping Facilities.

BY C. C. MCGILL,  
Secretary, Public Affairs Bureau, Detroit Board of Commerce.

Detroit's port development program, which anticipates the use of all local facilities when the Great Lakes-St. Lawrence waterway becomes an established fact, is going forward steadily and upon a firm foundation. The plans are being so shaped that when the cities of the Great Lakes finally acquire tide-water shipping facilities on an equal physical basis with seaboard communities, Detroit's port will be second to none.

In our bid for salt water shipping, Detroit's advantages will be calculated to attract all of the business to which it may be justly entitled. The degree of Detroit's importance at that time will depend entirely upon the soundness of the plans now being completed and upon the vision and foresight of the planners of today.

### Commission Shaping Plans

All of this work is being shaped up by the mayor's port commission, of which William Robert Wilson is the chairman, and L. G. Macomber, director of traffic-transportation of the board of commerce, is secretary. All city departments are working together to develop the facts necessary for the commission to complete its work.

At a recent meeting in the mayor's office, Joseph H. Mills, commissioner of the city's department of purchases and supplies, made a report which illustrates the scope of the studies now being made. In his report, Commissioner Mills said:

"The development of the port of Detroit, naturally, cannot be considered except in our relation to and with the Great Lakes-St. Lawrence waterway. To prepare a detailed economic report at this time would be of little value, because economic conditions change so rapidly. Fundamental conditions of world markets also change very rapidly.

"I believe in preparing my final report, I must include the factors indicating and proving the basic fundamental need, and absolute necessity for the development of the port of Detroit. There are two basic needs at the present time.

"First, the Panama canal has moved the west and east coast very closely together from the standpoint of transportation costs. It has increased the competition of coastal regions, but has left out mid-continent producers at a disadvantage.

### Tells Mid-West's Handicap.

"Second, the cost of rail transportation both east and west has increased very greatly, and, compared to seaboard cost, has placed the mid-continent producer at a further disadvantage, as the cost by rail movement is today approximately 12 to 1. Naturally, industries of the middle west, enjoying the inter-coastal, or foreign market at this time, must experience keener competition, and possibly elimination, compared with industries located on the seaboard.

"I have consulted some of the larger companies in the state of Michigan and, in every case, they urge the development of the port of Detroit, with proper facilities. Our coastal trade could certainly be increased or at least maintained.

"We would secure a very great advantage on foreign cargo rates, loading in Detroit and unloading at a foreign port, particularly for those materials that do not require expeditious delivery, as, naturally, the St. Lawrence waterway will require a little longer period of time than rail shipment to New York, and trans-shipment from that point.

"Naturally, to prepare a more complete report, time will be required, as the information available is voluminous. This report is merely submitted to indicate that progress is being made with the one conclusion that the time to build and construct our port as a few years off, but the time to plan is now."—Free Press.

## COLLEGE WILL AUCTION STOCK

### MEMBERS OF PRIZE WINNING HORSE HERD GO ON AUCTION, BLOCK NOVEMBER 6TH.

Horses with the same blood lines which enabled herd mates to win championships in state and national shows will be sold at auction at Michigan State College, November 6.

These Belgians and Percherons are a part of the college herd, and 25 animals, brood mares, yearlings, two-year-olds, and draft teams, are included in the surplus stock which will be sold.

The shortage of horses on Michigan farms during the past year has induced dealers to ship many western horses into the state. Most of these animals were of a lighter type than is desirable for farm use.

Many farmers have attempted to raise colts to replace the old horses on their farms, but have found that it was impossible. Their brood mares had passed the proper breeding age.

Census figures for the state show that the reduction in the number of horses on farms was 17,000 from January 1, 1928 to January 1, 1929. Shipments of western horses this year have probably not exceeded the number of animals which have died or become useless.

The disposal of the college horses at the November sale will distribute a nucleus of excellent breeding stock which can be used in the future to improve the horses on Michigan farms.

Dad Plymouth says he read of a fellow who mistook a bridge for a truck and turned out to let it go by. Then he passed on.

Men are a good deal like fish. You never heard of one getting the hook because he kept his mouth shut.

According to Dad Plymouth, the only thing that hasn't changed in the last ten years is restaurant gravy.

"Never laugh at the scrap going on next door," advises Dad Plymouth. "You never know what minute your wife may start on you."

A New Jersey man boasts he has carried the same umbrella 50 years. He must have it chained to him.

"With women's styles what they are," asserts Dad Plymouth, "it's a big wonder more men are not run down by automobiles."

"A man who paddles his own canoe today," asserts Dad Plymouth, "may be the owner of a fine steam launch tomorrow."

Mammit is the name of a North Carolina man. It must be fine to be able to sign that name to a check when you are paying a bill.

## MELISSA ROE

Studio: 580 Starkweather Ave.

## PILGRIM PRINTS

(Continued from school page)

breakfast; Arbutus Williams talked baby talk to Mr. Day; Doris Williams and Harlowe Wagonchultz sang a song; Dorothy Fisher had to tell four good things about herself; Clifton Sockow had to propose to a girl over fourteen, and several other clever tricks were given. After this good time, refreshments were served.

The officers of the Commercial Club, which is in Mr. Day's charge, are: President, Evelyn Ash; vice-president, Helen Beyer; secretary, Marion Hadley; treasurer, Milton Partridge. There are about ten old members and twenty-five new members.

## PLYMOUTH FORENSIC LEAGUE

A group of fourteen people met in Room 14 Thursday, September 27, to organize a new club to be known as the Plymouth Forensic League. The following officers were elected: Billy Kiepatrick, president; Zerephah Blunk, vice-president; Marian Hadley, secretary; and Alice Chambers, treasurer. Mr. Winkleman is the faculty advisor. The constitution will be considered next week.

The purpose of this organization is to create and foster interest in forensic activities in P. H. S. Members of the National Forensic League, High School Debating squad, Junior High Debate Clubs, and the Extremepore Speaking Clubs are eligible to membership.

This club has a good purpose in P. H. S. and one that is needed, so let us give all our support to the Plymouth Forensic League!

## FORENSIC OPENER

Debating at P. H. S. opened Wednesday, September 26th, with a "bang." Twenty pupils turned out, the largest squad in the history of P. H. S. The squad is rather new, but gives good promise. Those who turned out were: Lester Daly, Viola Luttmoser, Harold Stevens, Alice Chambers, Laurence Rudick, David Daly, Ruth Hetsler, Albert Miller, Kenneth Groth, Lorene Bailey, Marian Hadley, Edna Proctor, Zerephah Blunk, Marian Gast, Lynford Fritz, William Hodson, Adele Carson, Marshall Purdy and Emma Rowe.

Of these, only Lester Daly was on the team last year, but Harold Stevens, Ruth Hetsler, Alice Chambers and Zerephah Blunk have had declaratory experience, and Laurence Rudick was on the debating team last year. The Junior High Debate Clubs have two applicants. David Daly and Lorene Bailey.

A good start was made in the first meeting. After everyone enrolled there was a brief discussion of debate. The question for this year was discussed, and at the end of the hour material was given.

Mr. Winkleman, our coach is new, but already he has a reputation and the pupils as a whole are willing to work for him. The people are new also, but great things are expected of them. So let us, and by us I mean the townspeople as well as the students, do our part and boost the team.

## Central School Notes

A long procession, from the huge elephant down to the tiny cat, made by the boys and girls, is decorating Mrs. Root's blackboard this week. The children have also made and cut out leaves to paste on the windows. Each member of the class has cut out the numbers from old calendars, pasted them in scrap-books, and written the corresponding number below. They are learning to count orally with objects.

In art, Miss Cooper helped each one make an attractive poster of a vase with an orange and lemon beside it.

Something really should be done about this—the Fords are still ahead of the Buicks. Miss Snell of Rosedale Gardens, visited Miss Weatherhead's room Wednesday afternoon. Doris Buzzard was ill several days.

Much enthusiasm has been created in Miss Field's room, to observe the eight health rules, so they will receive the banner this month for having the largest number of correct weights.

## Our Wiring is Fireproof

Defective wiring for electricity is much too often the cause of fire. Be careful in your wiring specifications to get the best materials and the best installation. We shall be pleased to give you an estimate for your work and will guarantee it to be fireproof if you will allow us to do it our way. Our estimate places you under no obligation.

The Salem Federated Church begins its series of church nights for this year, on October 15. Governor Fred W. Green will be the speaker. The ladies will serve a chicken pie dinner for the

## Christian Science Notes

“Reality” was the subject of the lesson-sermon in all Christian Science churches on Sunday, September 29. Among the citations which comprised the lesson-sermon was the following from the Bible: “By the word of the Lord were the heavens made; and all the host of them by the breath of His mouth.” (Ps. 33:6).

The lesson-sermon also included the following passages from the Christian Science textbook, “Science and Health with Key to the Scriptures,” by Mary Baker Eddy: “To grasp the reality and order of being in its Science, you must begin by reckoning God as the divine Principle of all that really is” (p. 275). The lesson-sermon for next Sunday will be “Unreality.”

## METHODIST NOTES

The Woman's Missionary Society will meet on Wednesday, October 9th, at the home of Mrs. Wm. Hood, 1177 Penniman Ave. The program is in charge of Mrs. H. S. Doerr. A cooperative lunch will be served at 12:30.

Dr. and Mrs. Lendrum, who have returned to Plymouth for their fifth year, were given a surprise dinner at the home of Mr. and Mrs. L. N. Dickerson. About twenty-five members of the official board of the church, with their wives, met to welcome the pastor and his wife. A delicious dinner was served by the ladies at 6:30 p. m., after which there were addresses of welcome and responses.

Mrs. Hillman's division of the Ladies' Aid will meet at the home of the leader, 1274 Penniman Ave., Thursday afternoon at 2:00 p. m. Sunday, October 13, will be Rally Day.

## Salvation Army Notes.

The Harvest Sale which we held in our hall last Monday evening, was voted a success by all who attended. We take the opportunity to thank all the donors, also the people who attended and who made the sale such a success. We give all an invitation to attend other services.  
Capt. and Mrs. F. W. Wright.

## EPISCOPAL NOTES

On Sunday morning, the women of the church will make their “United Thank Offering” of the gifts which they have been saving in the “Little Blue Boxes.” It is strongly urged that all women of the parish who are interested in this splendid work, take one of these boxes for next year. The women are also urged to make this service a corporate communion, all participating in the Blessed Sacrament of the Altar.

Last Sunday's attendance in the Church-school was one of the largest we have ever had, yet there were still many of our pupils absent. Parents are requested to cooperate in building up a regular attendance habit in their children.

We compel our children to go to the public school; why neglect their moral and spiritual education.

Most of our church-school teachers are attending the Detroit Church Normal on Tuesday evenings this fall. This means trained teachers for your children.

We welcome any children of the community who have no church affiliation in Plymouth, to take advantage of this opportunity.

The women of the church will meet next Wednesday, to sew for their fall bazaar. All may help.

On Sunday, October 13, the Ven. Leonard P. Hagger, archdeacon of the Diocese of Michigan, will be the preacher at the morning service. No one should miss hearing his message.

## BAPTIST NOTES

Interest in the Young People's Union is steadily growing, as shown by the twenty-five present last Sunday evening. For next Sunday a very interesting program is being arranged. The meeting will commence at 6:00 o'clock, at which time light refreshments will be served. From 6:30 to 7:30 will be spent selecting the commission plan leaders and in discussing some vital topic concerning young people.

On Wednesday afternoon, October 9, the Ladies' Aid Society will meet at the home of Mrs. Schryer. Every member is urged to be present. A pot-luck luncheon will be served.

A pot-luck shadow social will be held at the home of Mr. and Mrs. Walter Postiff, Lily road, Friday evening, October 4th. If those who have no means of transportation will meet at the church at 6:30, automobiles will be provided for them. Everybody welcome! A good time assured.

The people of Plymouth will have the privilege of hearing Rev. M. Wayne Womer, preacher, writer and reformer speak at the Baptist church Sunday evening, October 6th. His subject will be “Keeping the Sun in Sunday.” Mr. Womer has recently traveled 200,000 miles addressing conferences, conventions, churches, Rotary Clubs, etc. His subject is filled with startling facts.

## CATHOLIC NOTES

Sunday is the first Sunday of October.

The ladies will sponsor a card party in the auditorium next Thursday evening, October 10. All are welcome.

On October 17th, the ladies will give a supper in the auditorium. A large crowd was present at the card party last Thursday night, thanks to the efforts of Mesdames Mc-Lellan and Eggleston.

The marriage of Edward Klinski and Marion Smith will take place October 15.

Joseph Wola is slowly recovering from his illness.

Nathem defeated the Rosedale sluggers last Sunday, 4 to 2, in a well played game. Next Sunday Nathem crosses bats with S. M. M. of Hazel Park, at Newburg. This probably will be the last game of the season.

High mass at 10:00 o'clock on Sundays, will be resumed next Sunday. Don't forget the card party on Wednesday, October 10.

Sauerkraut supper, followed by dancing, on Thursday, October 17th. Full announcement later.

## PRESBYTERIAN NOTES.

The playlet, “Two Masters,” will be given at the church Sunday evening at 7:30 p. m. The cast is drawn from the Mission Study class. This promises to be a fine inspiration to those who can hear it.

The Basy Women's class met on Tuesday at the home of Mrs. I. W. Hummel. There was a fine attendance. The election of officers resulted in the return of the executives of last year: President, Mrs. Rose Fulton; vice-president, Mrs. Rose Tillotson; secretary, Mrs. George Cramer, and treasurer, Mrs. D. M. Murrylees.

The church parlors, class rooms and kitchen are much improved because of the cleaning and decorating which has been in progress there the past week.

On Wednesday, October 9, the women of the Northville Presbyterian church will visit the Plymouth Auxiliary and take charge of the program. This meeting is always one of special interest. Refreshments will be served by the October division of the Auxiliary, under the leadership of Mrs. Wm. Kaiser, and Mrs. Russell A. Roe. A large attendance is expected.

The Sunday-school workers were gratified and encouraged by the fine attendance at the Rally Day exercises last Sunday. The program was appropriate to the day and was well presented.

Next Sunday morning the sacrament of the Lord's Supper will be observed. Every member should be there. There will be baptism of infants, baptism of adults and reception of new members.

A very pleasant meeting of the Woman's Christian Temperance Union was held on the afternoon of September 26, at the home of the Misses Paulham. An interesting program arranged by Mrs. Clemens was given. The topic was “American Youth Under Prohibition,” and the readings were exceedingly good.

Mrs. Ernest Venley, Mrs. Clara Todd and Mrs. I. N. Dickerson were appointed as delegates to the state convention to be held in Holland, October 22-25. Mrs. Clemens and Mrs. Mary Hillmer will also go as visiting delegates.

The next meeting will occur October 31, at the home of Mrs. Clara Todd. This meeting should occur Thursday, October 24, but was necessarily postponed on account of the convention. This will be a tea meeting, and reports of the convention will be given at this time.

From the Christian Science Monitor: “Dr. Ray Lyman Wilbur, now secretary of the Interior, and under leave of absence as president of Stanford University, says: ‘There is no doubt that there has been a marked decrease in the use of alcoholic beverages among college students with whom I come into contact. Compared with the period before the present laws were put into effect, I should say we had only one-tenth of the problem we had that time in connection with liquor.’”

## GRANGE NOTES

The degree team will meet at the Grange Hall to practice, next Tuesday afternoon, October 8, at 1:30. All members of the team please try to be present; also stay for the usual pot-luck supper.

The Lily Club will be entertained at the hall on Tuesday evening. Let's have a large attendance.

## A MUSHROOM HINT.

Because mushrooms caused the illness of a person it does not follow that they were poisonous. There are many people who cannot digest mushrooms, no matter how fresh, nor how good they are. So, when you have guests it would be a considerate act to first ascertain whether they can eat mushrooms before you prepare steak or any food with these.

Test mushrooms by stirring with a silver spoon while cooking—if there is any foreign substance in them it will tarnish the silver.
