

LOCAL COMMITTEE VISITS ST. JOHN'S NEW HOSPITAL

The hospital committee of the Plymouth Chamber of Commerce, composed of F. D. Schrader, chairman, John H. Hubert, Allan Horton and Berg H. Moore, secretary, went to St. John's last Sunday for the purpose of inspecting the community hospital at that place. Schuyler Marshall, editor of the Clinton County Republican News, who, together with his paper, had a large part in the establishment of this splendid hospital in the village of St. John's, conducted the Plymouth party on its tour of inspection of the hospital.

The hospital has fifty beds, wonderful operating rooms, all equipped with the very latest and best of equipment. The building throughout is furnished in splendid taste, and has a home-like appearance not usually found in the ordinary hospital.

The local committee was greatly surprised to find such an institution in a town not quite so large as Plymouth.

The building of this hospital was practically all financed by donations by the citizens of St. John's and surrounding community.

On the return home, the committee paid a visit to the McPherson Memorial hospital at Howell, which is another very splendid institution. The committee will visit several more hospitals in its quest for information and plans looking toward the establishment of a hospital in Plymouth, for which there is an ever growing need.

CHRISTMAS CLUBS SHOW PROSPERITY

PLYMOUTH BANKS HAVE TOTAL OF \$33,000 IN SAVINGS CLUB ACCOUNTS.

NEW YORK LEADS STATES: MICHIGAN WILL HAVE \$16,110,000.

Plymouth citizens this year will have some additional money for Christmas gifts over that of last year, as the amounts deposited in Christmas Club accounts are a barometer. The combined amounts of these funds in Plymouth's two banking institutions totals over \$33,000. This is considerably more than the amounts deposited in 1928, which shows that the people of Plymouth and vicinity are continuing to prosper.

New York, Nov. 20.—Six hundred million dollars will be distributed to 2,000,000 members of the Christmas Club by more than 8,000 banks and financial institutions within the next two weeks, according to an announcement made by Herbert F. Rawll, president of Christmas Club.

This record distribution, ten per cent in excess of last year and more than five times the amount accumulated in 1929 indicates that the Christmas Club is an important factor in stabilizing the prosperity of the country through maintenance of buying power during the holiday season.

Eliminating the few special funds of individuals and corporations, running in some cases as high as \$25,000, the average amount received by each member is \$39.50, a slight increase over 1928, which to members run from \$12.50 to \$1,000.

This total sum represents the accumulated savings for the past 50 weeks in Christmas Club accounts in banks, trust companies, savings and loan associations and other institutions, by members paying weekly amounts varying from 25c to \$20.00.

New York state leads the other states with \$11,000,000. Massachusetts shows the largest per capita state total with over \$100,000,000, while Pennsylvania reports about \$65,000,000. Chicago and Cook County contribute \$25,000,000 of the Illinois total of \$56,000,000. New York City's metropolitan area, including an approximate radius of 40 miles, will receive approximately \$100,000,000. Michigan's total is \$16,110,000.

Partners For 40 Years

A well known couple who celebrated their fortieth wedding anniversary on Sunday, November 17th, were Mr. and Mrs. George Baehr of Perrinville. The occasion was simply observed, only immediate relatives being present. The couple were presented with a very beautiful bouquet of giant mums. The guests left at a very late hour, wishing them many more happy years of wedded life.

SUPERHIGHWAY IS COMPLETED

BOTH SIDES OF MICHIGAN AVENUE OPENED TO TRAFFIC BY COUNTY BOARD.

COST IS BORNE BY STATE

The opening of traffic of both sides of Michigan avenue, 204-foot superhighway, across Wayne County into Washtenaw County, marked the completion of the season's road building program of the Wayne County Road Commission, Edward N. Hines, road commissioner, said Saturday.

Except for short stretches through the City of Dearborn and the Village of Wayne, the right-of-way on Michigan avenue is 204 feet. It crosses the county with no railroad crossing at grade and no bad curves. The old interurban tracks, poles, etc., have been sold as junk and soon will be removed by the purchaser.

State Pays Cost. The Wayne County Road Commission has performed the work under contract with the State Highway Department. Michigan superhighway is a trunk line road, and accordingly, the entire cost of the improvement is paid by the state from the weight and gas taxes. Traffic has been maintained on Michigan avenue during the entire construction period without any detours.

The narrow grade separation with the new Marquette Railway at the western limit of the Village of Wayne, is the only bad feature left on this important highway. Mr. Hines pointed out. Negotiations are in progress and it is hoped that a favorable decision may be arrived at in the near future to widen this bottleneck. Negotiations also are under way looking towards the replacement of the narrow sand slab roadway with a new 20-foot concrete road next year conforming to the grade on the north side. As traffic grows heavier, the two 20-foot concrete roadways will be widened 10 ft at least 40 feet.

Busy Season. The past season has seen the greatest yardage and the largest volume of concrete roads built in our history and probably represents the peak, as our future effort and the major portion of our funds will be utilized for grade separation construction and acquisition of wider widths of right-of-way on our Master Plan superhighways. Mr. Hines said.

During the month of October, 184,328 square yards of 10-inch concrete road were laid on 19 different projects, which was largely the finishing up of those done at the various roads under construction during the past summer, such as intersections, cross-overs, grade separation under-passes, etc. This yardage represents 475 miles of new concrete road and 1,275 miles of widening.

The fiscal year of the County Road Commission began Sept. 1, and all yardage constructed after that date is credited against the 1930 budget. The total yardage for those two months amounted to 387,363 square yards. Bridge and grade separation work is carried on throughout the entire year.

Right-of-way Acquired. Acquisition of wider right-of-way is also a continuous activity. During the past two weeks 4,153 feet of wider right-of-way have been acquired either by dedication, by exchange of back property for frontage, by purchase, or by condemnation. These rights-of-way are located on Base Line Park, Michigan, Southfield, Schoolcraft, and Mount 204-foot superhighways; on the 150-foot Outer Drive, and on Ford, Jay and Northville 120-foot section line roads.

The concrete landing field, taxi strips and runways at the County Airport also are completed for this year.

Paul Hayward Store Announces Big Sale

Paul Hayward, men's wear store, announces a big sale starting Saturday, November 23, and continuing for two weeks only in a double page advertisement in today's Mail. Coming as it does at the beginning of the winter season, this sale will offer a splendid opportunity to buy seasonable merchandise at a most substantial reduction in prices. Every piece of merchandise in this sale is included in the regular stock. Be sure and read the big ad for full particulars regarding this big sale.

DO IT EARLY!

Don't forget to Shop Early. You will be less hurried, you will have a greater variety of goods from which to choose, and when the job is done you will be better satisfied.

Don't forget to Mail Early. It is far more preferable to have your gifts arrive ten days early than twenty-four hours late.

And don't forget to buy and use tuberculosis Christmas seals. The penny stickers not only add to the Christmas-like appearance of parcels and letters, but revenue from their sale makes possible continuation of the Michigan Tuberculosis Association's constant crusade against tuberculosis.

Please Take Notice

On account of next Thursday, November 28th being Thanksgiving Day, the Mail will be printed on Wednesday. In order to do this it will be necessary for correspondents, advertisers and others to have their copy one day ahead of their usual time. Please bear this in mind, it will help us greatly.

Funeral Rites Held For Charles Decker

CHARLES DECKER

Charles Decker was born in Orange County, state of New York, April 17, 1872. His ancestors came from England in Colonial days, and helped to win the war of the Revolution. (Near by a century later, his oldest brother, a Union soldier volunteer, was killed in the Battle of the Wilderness during the Civil War.)

At a very early age, Mr. Decker came to Michigan, where he found employment on a farm in Wayne County. His habits were exemplary, as he never drank, smoked or gambled. His quiet, steady application to his work soon won the confidence and respect of all with whom he came in contact. After a few years he married and settled on a farm of his own.

For the last twenty-five years of his life, he has dealt extensively in real estate. Among his business associates, he established a reputation for honesty and square dealing. He was generous to a fault—always ready to help those less fortunate than himself.

In spite of his work, he found time to read a great deal of history, to acquire a working knowledge of law, and to keep in touch with current events. He was greatly interested in all civic affairs. He lived an active, useful life, a good citizen, a kind neighbor and a sympathetic friend.

A slight attack of pneumonia with heart complication, closed his earthly career. He sank peacefully to rest on the evening of Armistice Day, November 11, 1929.

Mr. Decker is survived by his widow, Emma; two daughters, Mrs. Myrtle MacLaren and Mrs. Ethel King, of Ann Arbor; three grandchildren, Helen MacLaren of Ann Arbor, Virginia MacLaren of Detroit, and Virginia Kincaid of Ann Arbor; also one nephew, Lieutenant Martin A. Conklin of Detroit.

Funeral services were held from Schrader Bros. Funeral Home, Tuesday afternoon, Nov. 14, at 2:00 o'clock. Rev. Walter Nichol officiating. Pallbearers were Frank J. Pierce, Oliver H. Loomis, Dr. Wm. G. Jennings and R. F. Paul. Interment took place in Kington cemetery.

Beloved one, removed from mortal cares.

We would not call you back from Paradise.

From earthly bondage you have found release.

No selfish grief of ours shall mar your peace.

Since God is Love and present everywhere.

Content we leave you in His tender care.

A little while—and then the morning bright—

When we shall meet where faith is lost in sight.

Surprise Party

A pleasant surprise was given Mr. and Mrs. William Wood last Monday evening, November 18th, the occasion being their tenth wedding anniversary. About eight o'clock a company of friends called at the home of Mr. and Mrs. Wood on Main St., and with them went to the Penman Allen theatre, where they witnessed the picture "Three Live Ghosts," the guests of Mrs. Kate E. Allen, after which they went to Mrs. Allen's home where covers were laid for ten and a most appetizing lunch was served from tin plates. Tin cups were filled with coffee, and old fashioned steel forks were used. A red and white checked cloth covered the table, and a miniature bride and groom formed the centerpiece. Small tin lanterns filled with candy were given as favors, and all the other appointments of the table were in keeping with the occasion.

The guests of honor were presented with many articles of tin. After much merry-making the guests departed at a late hour, thanking their hosts for the pleasant evening, and wishing Mr. and Mrs. Wm. Wood many more years of happiness together.

MODEL HOME OPEN

The model home in the Hough Park Subdivision will be open to the public Saturday evening and all day Sunday and Sunday evening, November 23 and 24. The public is cordially invited to inspect this modern home.

STOLEN CAR RECOVERED

CHEVROLET COUPE PARKED ON NORTH MAIN STREET, WAS STOLEN TUESDAY, AND RECOVERED FEW HOURS LATER.

Mrs. Leroy Stuart of Northville, had her Chevrolet coupe stolen from in front of the residence of Mrs. Mattie Baker on North Main street, where she parked it for a few minutes last Tuesday forenoon. Chief of Police Strohger was notified, and that officer immediately set in touch with the police in neighboring cities and towns. Later in the day, Chief Springer received word that the car and two men giving their names as Olive Close, Albas Close, of Saginaw, and James Robinson of Montgomery, Ala., had been picked up at Clinton, Michigan, and the men were being held at the county jail at Adrian. Chief Springer went to Adrian and brought back the prisoners and lodged them in the village jail.

Wednesday morning Close and Robinson were given a hearing before Justice Phoebe Patterson, and their examination set for next Tuesday in Justice Patterson's court. They were taken to the county jail pending their examination.

PLYMOUTH WINS FIRST DEBATE

Before an audience of approximately one hundred people, the high school debaters won a unanimous decision from Ypsilanti Central High School, November 15, at Plymouth. Plymouth won four points toward entering the Elimination Series of Debates, one point for each judge's vote and one for winning the debate. The debate showed nothing exceptional, but pointed out that P. H. S. has the makings of a real debate team. Both teams were inexperienced, but Plymouth was better organized. The local debaters were Marion Gust, Harold Stevens and Lester Daly. Those from Ypsilanti were Emerson Downing, Robert Taylor and Margaret Morrison. The chairman was Perry Richwine, a former Plymouth debater, and now a city attorney.

The judges were Principal Forsythe of Ann Arbor High School; Mr. Mills, superintendent of schools, of Ecorse, and Mr. McDonald, superintendent of schools, of River Rouge.

Music was furnished by the Plymouth High School Orchestra under the direction of Miss Schrader. Jimmie Stimpson, local cheer leader, opened proceedings with cheers for Ypsilanti and for Plymouth.

The schedule for the next league debate has been received, and the locals will meet Dearborn at Dearborn, Plymouth upholding the affirmative, and Dearborn the negative. Northville, who won a two to one decision from Clawson in the first debate, will next meet University High, Ann Arbor. Ypsilanti will entertain Adrian. It is quite likely that the same team will meet Dearborn that meets Ypsilanti. However, nothing is certain, and every position on the team is open for a better debater than now fills it. There is a wealth of material on the squad, and probably quite a number of pupils will earn their medals this year.

The team has made a fine start, and one of our objects this year is to establish a "winning streak." If one is established, Plymouth is going to be hard to stop. Anyway, we've started, that's the big thing. Now to keep going! The next big event is the Dearborn debate, December 6, at Dearborn.

VILLAGE MANAGER ATTENDING BIG CONVENTION

A. J. Koenig, village manager, left Monday evening to attend a convention of the International Association of City Managers being held at Fort Worth, Texas, from November 20 to 23, inclusive. Mr. Koenig has been asked to lead a discussion upon the program.

This convention is attended by city managers from all over the United States. The invitation extended to Mr. Koenig to take part in the program is not only an honor to Mr. Koenig, but to the village of Plymouth as well.

College Extension Work

The Plymouth Nutrition Class, which was organized Oct. 22, at the home of Mrs. G. W. Renwick, 450 Blunk Ave., will meet again at Mrs. Renwick's home Tuesday afternoon, November 26, at 1:30 p. m., for the first lesson.

Miss Emma DuBord, home demonstration agent for Wayne County, will have charge of this meeting, and the lesson will be on the "Preparation of Dainties for Christmas Baskets."

Fifteen women have enrolled. Any others who wish to join the class may communicate with Mrs. G. H. Gordon, chairman, or Miss Bertha Warner, secretary.

A CORRECTION

In the write-up last week of the opening of the model home and in giving a list of the sub-contractors, the name of the Corbett Electric Co. who did the wiring and installed the electrical fixtures, was unintentionally omitted. We are sorry the mistake happened.

PLYMOUTH DISTRICT TO HAVE SCHOOL ELECTION

Work On New Prison To Start At Once

To provide public works employment during the fall and winter, the House of Correction Commission was authorized to start work at once on the new city prison, between Plymouth and Northville, near the present House of Correction farm. With the first appropriation of \$1,250,000 it is planned to build all the buildings, except the second cell block, the factory and the auditorium which are to be erected later. Only the wall surrounding the prison will be built by prison labor. The whole group of buildings will be controlled by a corridor, which runs the length of the prison as at Stillwater, Minn., the units to be separated from each other by barred doors, etc., to curb prison outbreaks. In addition to this prison, there will be a dormitory system outside the walls for first offenders and trustees. Eight of the 11 proposed dormitories are now completed. This project has nothing to do with the main project as far as financing is concerned.

Albert Kahn, the well known Detroit architect, designed the new prison.

To Vote On Building Of Addition To Central Grade School And High School Gymnasium.

SPECIAL ELECTION TO BE HELD DECEMBER 16

BISHOP HERMAN PAGE AT ST. JOHN'S CHURCH

CONFIRMATION SERVICE FRIDAY NIGHT, NOVEMBER 22.

The service of confirmation will be administered at St. John's Episcopal Church by the Rt. Rev. Herman Page, D. D., Bishop of the Diocese of Michigan, who will make his annual visitation on Friday evening, November 22, at 7:30 o'clock.

Confirmation, which is the form of admission to communion in the Episcopal church, is a very impressive rite, of Apostolic origin, first described in the book of the Acts of the Apostles.

At the monthly meeting of the Board of Education held Wednesday, November 13, it was unanimously voted to submit to the voters of District No. 1 Fractional, the proposition of bonding the district, and a special meeting was called for Wednesday evening, November 20, for working out the specific details in regard to registration and election.

The proposed plan is for an addition to the Central Grade School of nine class rooms, kindergarten room and community room, the kindergarten and community rooms being identical in type with those in the new Starkweather school; also a high school gymnasium adequate for the needs of the high school boys and girls. For this purpose it is proposed to bond the district in the sum of \$100,000.

At the meeting on Wednesday night, November 20, the vote of registration was set for Saturday, December 7, and the election for Monday, December 16, notices of which will appear in the Mail next week.

The present time, in the minds of the Board of Education, is an opportune time to let such a contract because of the favorable prices it would be possible to get on contract work and also supplying work for ordinary and semi-skilled labor for people living in our district.

MANY ATTEND HOME OPENING

THE NEW HOME LOCATED IN HOUGH PARK SUBDIVISION, IS A GREAT CREDIT TO ITS BUILDERS.

Many took advantage of the opportunity to inspect the model home in the Hough Park Subdivision last Friday, Saturday and Sunday. The home which was fully described in last week's issue of the Mail is the latest word in home building architecture. From basement to the second floor every modern convenience has been provided for. The rooms are all well arranged, and built to meet the demands of the smart home owner. The rooms were made still more attractive by furniture and floor lamps loaned for the occasion through the courtesy of Schrader Bros.

The interior decorations of walls and ceilings, harmonized beautifully in each room. Everybody who visited the home on the opening days was very agreeably surprised and delighted with the completeness and beauty of the model home. The property is for sale, and no doubt there will be little difficulty in disposing of this handsome property located in one of the finest subdivisions in Plymouth.

Local Pythians At Lincoln Park

Plymouth Lodge No. 228, Knights of Pythians, postponed its regular meeting at Lincoln Park Lodge, No. 274, to confer the second time with their lodge last Friday night, and as a result over a hundred members drove over and showed up to others and members of the Lincoln lodge. Their hearts were in the right place, and stomachs were, as after the party, a delightful lunch was served and enjoyed by all. Lincoln Park No. 274 being the "baby" lodge of Michigan, having only been instituted a few months ago, is surely setting a nice record and is expected to be prominent in Pythian activity in the time.

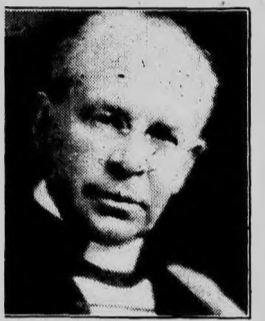

Some of the local members from Plymouth are going again this Friday night, to assist them in conferring the third rank work.

Given Party

Mr. and Mrs. Henry P. Lezotte of Wayne, formerly of Plymouth, were most pleasantly surprised last Friday evening, when a party of about twenty couples of Wayne visited their home to get acquainted. The party was most informal, as the guests came in costume, representing different countries. Poems, songs and jokes were given by these natives of foreign lands, until the newcomers in Wayne felt they were indeed welcome in their new home. The rest of the evening was spent playing bridge. When the climax of the evening was reached, by arrangements of the guests, the local caterer served the crowd with a frog and chicken dinner. In the wee small hours of the morning, everyone departed to a purely "Should Aid Acquaintance Be Forgotten" changed to their "New Acquaintance Named Lezotte."

CHRISTMAS CARDS 1929

The Mail Job department is now ready to take orders for Christmas cards in lots of not less than twenty-five. We are not carrying a stock supply, giving you a better selection. However, to insure prompt delivery orders must be in before December 5th next. Please remember that you get your orders in next week. We have a few left-overs from last year that we will sell cheap in twenty-five lots or more.

BISHOP HERMAN PAGE

The ceremony of the laying on of hands by the Bishop will be professed by a service of instruction setting forth the chief teachings of the church generally given as a preparation for the Holy Communion.

Bishop Page, who will be the preacher on this occasion, came to Michigan in January, 1924, from Spokane, Washington, where he served as Bishop for three years. He is a native of Boston, a graduate of Harvard University, and received the degree of Doctor of Divinity from the University of Pittsburgh. As a pastor, he had a wide experience, first in missionary work in India, then in a Massachusetts manufacturing center, and for a number of years before his election as Bishop he was rector of the important parish of St. Paul's, Chicago.

Bishop Page has been actively engaged in many vital phases of church work, particularly religious education, church music and architecture, spiritual healing, and church finances. He is the compiler of a book of prayers for family worship, and has prepared a manual for confirmation and Holy Communion in wide use throughout the country.

St. John's church extends a hearty welcome to people of the community who will wish to hear Bishop Page on Friday night.

First Sign of Christmas

Within a few weeks the cheery little Christmas cards, first heralds of the approach of Christmas, will make their appearance. Their coming on Thanksgiving Day is an event that has occurred regularly during the past two decades. In that time the seals have gained an unexcelled reputation for worthiness of purpose and for the justice they have had in combating the sordid disease of tuberculosis.

Which opens up to us the thought that there is another and more important reason than the demonstration of charity why we should buy the seals, as fine and desirable as the spirit of giving is in our lives and our relations with each other.

There are economic reasons why we should in America spend our money to stamp out the great White Plague. The loss of life and the decrease in productive power of the nation due to tuberculosis represents a great tax upon society, that is as real as though it were included among the items on one's tax bill.

And the sorrow and heartache, the tears and suffering attendant upon the loss of loved ones and those upon whom childhood depends are beyond measure in material values.

These factors combine to make the Michigan Tuberculosis Association's labor of stamping out the disease that causes all this material and spiritual loss a worthwhile work which should appeal to our business instincts as well as to our humanitarianism.

So whatever may be our reasons for buying Christmas seals let us buy generously. Let us make our holiday gift packages may with the bright little stamps which carry so much of the message of hope to those who are in direct need of that help.

George H. Hough

George H. Hough of Kansas City, Mo., a former resident of Plymouth, and brother of Mrs. Henry Wright and Plato Hough, passed away in Kansas City, Tuesday, November 19, at 1:15 p. m. Funeral services were held from his late home Thursday afternoon, November 21.

THANKSGIVING

Many blessings have come to the people of Plymouth and surrounding territory since last they were called upon to observe our national day of Thanksgiving. Chief among these has been the blessing of good health, the first thing for which all of us should be truly thankful. No epidemic of a serious nature has swept our midst, and we have been spared such calamities as disease, fire and water have visited upon many less fortunate communities.

This Thanksgiving day finds us, generally speaking, happy, contented and prosperous to a point where it is not befitting to complain. We strike a balance with our neighbor and find no cause for discontent. We have lived through a year of reasonably good crops, of satisfactory employment conditions and, whether we have added materially to our store of this world's goods or not, we have enjoyed the same neighborly relations that have made of us a community of happy homes and contented people. Our nation has maintained peace with its neighbors across the sea and has held its high place as the friend of all who advocate justice and fairness among men. For all of this we have cause to approach this Thanksgiving day with gladness in our hearts. We have but to reflect upon the trials through which some have passed to appreciate our own cause for Thanksgiving.

No dark pages mark the history of our community since last we met at the close of the harvest season to mingle our thankfulness with that of the entire nation. No dark clouds threaten us now. It has been a year of which we need have no regrets; we start upon another with every cause for hope in our hearts. As we have contributed to the happiness and welfare of the community, so have we taken out.

On the eve of the day of Thanksgiving we want to raise our voice in thankfulness along with our neighbors and our friends. And we want to mingle with a prayer of thanksgiving the hope that there is on ahead of us for many seasons to come the same blessings of good health, contentment and the comforts of life that have marked the one through which we have so happily passed.

□ □ □

“WE TOLD YOU SO.”

We don't want to appear before the community in the light of an “I-Told-You-So,” but when the bottom recently dropped completely out of the stock market we could not help recalling the numerous times we have warned our readers around Plymouth to shun stock speculation and put whatever surplus money they might have into real estate—the safest investment in the world. We feel this is a pretty good time to repeat that warning, because not every one around here will profit by example and let Wall Street game of chance alone. When men who have spent their lives in speculation find their savings swept away over night—and when they are forced to admit it's a game you cannot beat—what hope is there for the fellow who has to work his fingers off to get even a few dollars ahead? This is certainly an appropriate time for everyone to remember that “You can't beat the other fellow's game.”

□ □ □

AS THE WORLD GOES.

It is only a short time since a lot of Plymouth citizens lived, as boys, in a day of fancy vests and congress gaiters, night-shirts and home-cured meats, high-wheeled buggies and livery stables. A bath tub was a luxury. When they had a party on Saturday night they played post-office and ate their mother's sugar cookies; and they found amusement in the family photo album and the stereoscope. But it's different today, a day in which business is the chief wizard. Dyes that outdo the colors of nature; clapboards from cornstalks; a newspaper printed on paper made from those cornstalks; ice from gas; fertilizer plucked from the air; artificial rubber. And from wood we make alcohol, paints, paper and stockings. Think it over, and then ask yourself if there is any excuse in the world for a young upstart of the teen-age grumbling because the world doesn't offer enough opportunities.

THE HOSPITAL PROJECT

The action of the Chamber of Commerce hospital committee in visiting various places to get information and data, looking toward the establishment of a hospital in Plymouth is a move in the right direction, and will eventually bring about this most-needed institution in our village. Scarcely a town of this size, but what has some kind of a hospital to care for the sick and the many emergency cases which are in dire need of the attention that only a well-equipped hospital can give.

We believe that the citizens of Plymouth will get back of this project and give it the support to which it is entitled.

□ □ □

THRIFTY SCHOOL CHILDREN

Only a few years ago the school savings bank system was a vague idea. Like the Christmas savings club, the country never had anything like it and hesitated to accept it. Today it is estimated that more than \$50,000,000 is on deposit in the savings banks operated on the public schools of the nation. This is practical benefit to the first order. But over and above this, the school bank teaches thrift, budgeting and self-discipline. Moreover it gives the young saver a better idea of the true value of money. It fits him to better take care of himself in later years. Our schools around Plymouth are as good as can be found anywhere in the land, but there is still room for improvement. The establishment of a savings bank system in each and every one of them would be one of the most valuable steps that could possibly be taken.

□ □ □

THE LOBBY PESTS.

Speaking of the big lobby business at Washington and of proposed laws to curb it Will Rogers, the famous humorist, says that if congressmen are stupid enough to be led by these undercover workers they, instead of the lobbyists, should be sent home. That, of course, is quite true. But according to Sen. Caraway, who has been hammering at these lobbyists for years, the victims are not congressmen but the business men who hire them. Lobbyists do their hardest work in getting their jobs. They persuade manufacturers they can do a lot at Washington, and then do nothing but draw their salaries. Caraway stated in the Senate that he knew a lobbyist organization with three men drawing \$12,000 a year each, though the whole three didn't know five men in public life. But that does not prevent the lobbyists from writing back glowing letters of results and keeping their employers fooled. It is queer, that smart business men can be so easily duped—but they are.

No More Worries Over CHRISTMAS BILLS

One of the happiest feelings is to know that when the Christmas bills become due, you'll have ample funds available.

THE CHRISTMAS CLUB

helps you solve the problem of your year-end bills. The plan is simple. Put aside a stated sum each week during the year and you will have quite a tidy sum at Christmas time.

Come to our bank and let us explain the several plans which make the CHRISTMAS CLUB fill your requirements.

We have a club to fit every purse from 1c to \$10.00 per week.

The 1930 Club is open now.

It will pay you to investigate our club before you open yours for 1930. We have a special offer to everyone who joins our club.

First National Bank

Plymouth, Mich.

GROW WITH US

WE PAY 4% ON SAVINGS

You Need Storm Doors and Windows to Keep Out the Cold Winter

Phone us now for information and estimates, we are glad to call and help you. They do not cost much and will make your home comfortable. We can also give you estimates on **NUMETAL** weather striping, installed if you want.

We also carry Celotex and Balsam Wool, a fine insulating material for keeping out the cold.

Save Money By Getting The Best!

Buy Our Old Reliable Kentucky BLUE GRASS COAL

Will Civilize San Blas Indians

Left to right, Andre Hayas, Federico Floz and Francisco Diaz, full-blooded San Blas Indians, who sailed from New York for their home in the San Blas islands, 50 miles from Colon in the Republic of Panama, after spending six and one-half years in this country. They will teach their countrymen what they have learned here. The San Blas are a race numbering some 30,000, never conquered by the whites, and completely sovereign in their island domain.

NEWBURG

The Sunday-school appointed Mrs. Gladys Ryder to act as chairman for the Christmas party to be held in the hall, and Miss Ada Youngs to have charge of the White Gift at the church.

Mr. and Mrs. L. Clemens and daughters, Margaret and Gladys, spent Monday evening at the home of Miss Elizabeth Matheson in Highland Park, leaving the pleasure of meeting Mrs. Clemens' cousin, Miss Margaret Matheson, a returned missionary from India.

Mr. and Mrs. Harry Bassett of Wayne, and Mr. and Mrs. Henry Melbeck of Nankin Mills, spent Monday evening with Mr. and Mrs. Clyde Smith.

Mrs. E. J. Culter is on the sick list. Mr. and Mrs. L. Clemens left Tuesday morning for a motor trip to Vicksburg, Miss., where they will visit their son, George and family. George is in the employ of the government.

Mrs. Melvin Guthrie and Mrs. Clyde Smith were joint hostesses in enter-

taining a group of young married people from Detroit, at the home of Mr. and Mrs. Clyde Smith, Saturday evening.

Mrs. Ella Wight of Wayne, spent Tuesday with her sister, Mrs. M. Eva Smith.

Mrs. Harry Bassett and sister, Mrs. John Seymour of Wayne, visited their cousin, Mrs. Donald Ryder, Tuesday.

Mrs. Henry Grim, Sr., spent over Sunday, visiting relatives in Detroit.

Mrs. I. Gansolly spent Wednesday with her sister, Miss Hattie Holsington, in Plymouth; also to see her uncle, Charley Sherman, who arrived Tuesday from Lewiston, Idaho.

Mrs. Lynn Shawley, formerly Ernestine Row of Plymouth, was the guest of Mrs. Clyde Smith, Wednesday.

Mr. and Mrs. Dupont called on Mrs. Robert Smitting, who is ill at the home of her mother, Mrs. Jesse Thomas.

The Boy Scouts are having some interesting meetings.

GENERAL MOTORS ENTER RADIO FIELD

Entrance of General Motors into the radio field has created unprecedented interest throughout the entire country, according to Russell G. Dettling of the Plymouth Auto Supply, which handles the sale of the General Motors Day-Fan radio in this district. He has just received word from the factory at Dayton, Ohio, of the large increase in business noted since General Motors took over the manufacture of this radio receiver.

"Reports from all over the country," said Mr. Dettling, "show that radio buyers are deeply interested in the advent of General Motors in the radio field, and are convinced that the choice of Day-Fan by the largest automotive organization in the world to be its radio product is proof of the quality of this set."

"General Motors, when it determined to enter the radio field, made a thorough survey. This investigation narrowed the choice down to a small number of nationally known makes and eventually led to the selection of Day-Fan. This set was chosen for definite reasons—it bore an honored name, it had acquired prestige throughout the country and it was widely respected both for its skillful design and quality type of manufacture."

"Engineers of General Motors subjected the different makes under consideration to thorough testing, until at last Day-Fan stood out pre-eminent in its performance as to selectivity, tone qualities and capacity for ample volume without distortion."

The General Motors Day-Fan receiver is now available both in the screen grid or standard tube types at prices ranging from \$129.50 to \$210 in cabinet models, and as low as \$86 for the

table set. As a General Motors product, Day-Fan sets may be purchased now on the same terms as General Motors cars through the General Motors Acceptance Corporation.

Budapest Suicides Continue to Mount

Budapest.—During the last 533 of the 1,901 persons who attempted suicide in Budapest succeeded. The majority in each case were women, the average ratio being 143 women to each 100 men. Each year since the war the number of persons who have tried to kill themselves here has been very high. Chief among the reasons for abnormal suicide rate is the impoverishment into which many well-to-do families have fallen.

Boy of 15 Dies in Fight After Being Called Sissy

New York.—Fifteen-year-old John Nolan of Paterson, N. J., was kicked to death in a fight with a boy who called him a sissy for wearing the wrist watch his widowed mother had given him as a graduation present. Louis Torvello, sixteen, was his opponent. Torvello and two boys who sided with him are held on open complaints pending the completion of the police investigation.

Safety Pin Kills

Bay Shore, N. Y.—A safety pin lodged in his throat six months ago has caused the death of year-old Frank Page, Jr., of this place.

Flying Stone Kills

Lakota, N. D.—His heart pierced by a flying piece of grindstone, Simon Tangen, pioneer farmer, was killed here.

PERRY W. RICHWINE, Attorney, Plymouth, Mich. PROBATE NOTICE No. 15865 STATE OF MICHIGAN, County of Wayne, ss. At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the nineteenth day of November, in the year one thousand nine hundred and twenty-nine, Present, ERVIN R. PALMER, Judge of probate. In the Matter of the Estate of GEORGE H. FISHER, deceased. An instrument in writing purporting to be the last will and testament of said deceased having been delivered into this court for probate. It is ordered, That the eighteenth day of December, next at ten o'clock in the forenoon at said Court Room be appointed for proving said instrument. And it is further Ordered, That a copy of this order be published three successive weeks previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulating in said County of Wayne. ERVIN R. PALMER, Judge of Probate. Theodore J. Brown, Deputy Probate Register. (A true copy)

NORTHVILLE CHURCH 100 YEARS OLD DECEMBER 1

Plans have been completed for observance of the one-hundredth anniversary of the founding of the Presbyterian Church of Northville, December 1. Three services will be held during the day. Former pastors have been invited.

PLAN U. S. CENTER FOR PSYCHOLOGY

Laboratory to Be Like Bureau of Standards.

Washington.—The first step toward establishment in Washington of a national research center for problems in human and animal psychology, comparable in some ways to the bureau of standards, has been taken by the incorporation here of the National Institute of Psychology, whose membership includes 50 of the foremost American experimental psychologists.

The incorporators are Prof. Knight Dunlap, head of the psychology department of Johns Hopkins university and until a few weeks ago of the division of psychology and anthropology of the national research council; Dr. Hugh S. Cumming, surgeon general of the United States Public Health service, and Dr. Edwin E. Slosson. The charter authorizes it to "promote the application of scientific facts and principles to human and animal life and welfare."

The intent, as described by Professor Dunlap, is to found "a national psychological laboratory, similar in some of its functions to the bureau of standards, but not under federal control. Such a laboratory can be under a relatively permanent director and can undertake programs of research too lengthy, expensive and complicated for other institutions."

"In such a laboratory truly co-operative results of the highest value can be obtained. Men working in other laboratories on details of the problems undertaken in the national laboratory could arrange to transfer their work there during leave of absence, or in summers."

"Work done here can be subjected to criticism while in progress, instead of afterward, and the co-operative method can insure greater certainty as to conditions. Such a national laboratory will be of really inestimable advantage to psychology, not only because of its availability for the solution of problems unwieldy elsewhere, but because standards of research may be elevated."

The selection of a site in Washington or its environs, Professor Dunlap said, must be undertaken with great care. The laboratories must be in some place free from noise, vibrations and electrical disturbances of the city because of the extreme delicacy of the instruments used in some experiments. The institute wants to locate in Washington, Professor Dunlap said, because the National Capital is close to the geographic center of scientific America and because of the exceptional facilities for research here.

Movie Star Too Young to View Own Picture

Berlin.—Brigitte Helm, one of the foremost movie stars of Germany, looks younger than her years. This is admitted by Miss Helm, by her press agent and also by the imperial gloriously uniformed doorman of a leading Berlin movie house.

Some months ago Miss Helm played the lead in the film drama, "The Wonderful Lie of Nina Petrovna." Soon thereafter she presented a ricker at a door of a Berlin theater which should have admitted her inasmuch as she had bought it at the box office just a few minutes before. The doorman, however, refused to let her in, but pointed instead to a sign over the box office window which read: "Children Under 16 Not Admitted."

Protesting that she was not only older than sixteen, but was the Nina of the play, the doorman called the theater manager, who after one glance at the young lady, replied: "You can't get past me with your wonderful lie, my dear child." So Brigitte Helm spent the evening at home.

Goggles Fitted on Dog; Little Mistress Pleased

Wauson, Wis.—A bulldog that had become deaf to the heart of two-year-old Geraldine Albers was growing slowly blind and the girl's father sought eagerly to save the dog's eyes. As a final recourse the animal was taken to an optometrist, who fitted him with specially designed "glasses." The lenses were held in place by a harness that fit the bulldog's head. The animal now can see well—with the aid of his goggles.

Invalid Claims Record Writing on Rice Grain

Philadelphia.—E. L. Blystone, forty-year-old invalid of Ardara, Pa., has claimed the record of having written more letters on a single grain of rice than any other man. He read an item about a Hindu writing 400 letters on a grain and set out to beat the mark. His record now is 454 letters.

Coloradoan Owns Quilt Antedating First Flag

Loveland, Colo.—W. H. Gard of Loveland owns a quilt one year older than the first flag of this country. The material for the flag, made in Philadelphia in 1776, is homespun and of hand woven linen. Printed in a symbolic and patriotic design, it was first put on the market in the Pennsylvania city to commemorate the signing of the Declaration of Independence.

CROOK MAKES PLEA FOR HIS SWEETIE

Effort Secures Light Sentence for Girl.

Boston, Mass.—A notorious crook, described by police as the killer type and a menace to the community, recently stepped out of his character long enough to thrill a crowded courtroom with a plea for his sweetheart awaiting sentence with him.

He made his plea before Judge Frederick W. Fosdick who asked him if he had anything to say before being sentenced, and asked nothing in his own behalf. Then he heard without flinching, the court order him to state's prison for 18 to 30 years at hard labor, but smiled gratefully when the woman for whom he made the plea was let off with a light sentence.

Keeps Eyes on Judge. The crook was George L. Brooks, alias Lelley Crook, of Bradley Beach, N. J., arrested last July after attempting to kill Patrolman Archie T. O'Connell of the Winchester police, who caught him robbing a house in Winchester. His sweetheart was Blanche A. Cote, thirty-five, of Worcester and Revere, who "picked up" with Brooks following a dance hall flirtation, and who, Brooks told the court in his plea, never knew that he was a crook or a gunman until the day he attempted to kill the Winchester policeman who caught him.

Brooks made his plea from the prisoner's cage in the courtroom. He stood up to deliver it, and throughout kept his eyes fixed on Judge Fosdick. Not once did he let his eyes wander to his right, where the girl, under guard, sat, pale faced and as though in a daze. Only after the court had pronounced sentence on both and had allowed the woman to get off with an indeterminate sentence at Sherburne equivalent to 11 months, did he turn his gaze upon her and smile, for a second, the grateful smile on his face conveying to her better than words how he felt toward her.

Nothing for Self. "Have you anything to say to the court before sentence is passed?" Brooks was asked by the court, after the cutting of his name and that of Blanche Cote brought a sudden silence in the courtroom.

"The question brought Brooks to his feet at once. A good looking youth, tall and slim, he faced Judge Fosdick, and without flinching to either side began his plea. "Nothing about myself," he began, and hesitated before going on. "But I feel I should say a little bit about her," he continued, moving his head slightly in the direction of where the girl sat.

"She never knew what I was in until in or that I was engaged in any crooked work whatsoever. I had considerable money when I met her and I told her I was in business in Miami and that the clothing that I brought home was my dear wife's clothing. I told her I had a trunk of it and that she could use it any time. But I didn't tell her anything else and she didn't know anything else about me whatsoever. And that's the truth."

The pair were not permitted to talk to each other as they were being removed from the building, but sympathizing guards allowed Brooks to pass close enough to the girl on the way out to whisper so that she could hear him, "Goodbye Blanche. Both began their sentences at once.

If the woman behaves she will be eligible for a parole from Sherburne in a little over a year.

Building the Pope's Railway Station

Scene in the Vatican city, in Rome, where the station for the papal state's little railway was being constructed.

GARDEN CITY

Mrs. Walter Seymour has been entertaining an aunt from Detroit, the past week.

Mrs. Gertrude Hix entertained her parents, Mr. and Mrs. Ed. Holmes of Fordson, and her brothers and sisters and their families, Saturday, Nov. 16, the occasion being her birthday.

Mr. and Mrs. Ben Wagenschutz and Betty Jane of Livonia, were guests of Mr. and Mrs. George Hix, Sunday evening.

Rev. and Mrs. Knowles and Mr. and Mrs. Arthur Hamblett spent Wednesday evening with Mr. and Mrs. D. Ball.

Miss Marie Webster was the guest of Detroit friends, Sunday.

Mrs. Arthur Hamblett and Mrs. George Hix and children spent Wednesday of last week with Mrs. D. Wagenschutz.

Mr. and Mrs. D. Hamblett and Mrs. and Mrs. R. Hamblett and children

spent Sunday with relatives at Lansing.

There was a good turn out at the Social, Monday night, at the South Detroit.

Mrs. Dorothy Seymour called on Mrs. Arthur Hamblett, Monday afternoon.

Special Church Notes

We are continuing the gospel services at 578 Starkweather Avenue.

It is gratifying to see the interest some people show in the eternal things. We would be glad if more of the town-folk would come and hear what we have to say regarding the scriptures. We would like to see the preachers of Plymouth take an interest in our work.

Discussions are invited, and questions would be courteously and kindly answered to the best of our ability. This is one way to understand each other in regard to our respective opinions on scripture to its interpretation.

Come and visit us and let us talk things over. We are at the place mentioned, between the hours of 8:00 and 9:30 p. m.

Yours Sincerely,
H. J. Harper
P. C. Allenbaugh.

Spanish Fork, Utah—Pioneers of Utah who were born while the prairie schooners of their parents were en route to the golden west have accepted into their ranks a youngster born under similar conditions, but at the side of an automobile instead of in an old schooner.

Mr. and Mrs. Loren Olson of Ruth, Nev., were traveling across the desert from Delta to Elmerka when the storm overtook them. A busby son was born by the side of the road without medical attention of any kind.

Referred to Spanish Fork as soon as they could be moved, the mother and baby were given medical care and both are "doing nicely."

Mr. and Mrs. Jack Myers and little son of Bedford, visited the latter's parents, Mr. and Mrs. Charles Livrance, last week-end.

Word from the party of Plymouth deer hunters who are in the Upper Peninsula, says they are having a great time, and they have secured several deer.

Mrs. Frank Hake and Mrs. H. P. Munster entertained at a kitchen shower in honor of Gladys Hake, at the home of the former, Sunday, November 17.

A splendid crowd attended the Lutheran bazaar Wednesday afternoon. After a delicious six-o'clock dinner, a fine entertainment was given by Rev. Hoenecke, which caused much merriment. The ladies netted a goodly sum for their treasury.

Fifty some women from Detroit, Farmington, Pontiac, Wayne, Northville and Plymouth, attended a Home Missionary Group meeting at the Methodist church, Wednesday. A delicious luncheon was served at noon by the home society. There was a very interesting program. Miss Nellie Huger, minister of music of the Highland Park Congregational church, rendered two lovely solos.

Seals have special radiator membranes that warm the ice-cold air before it reaches their lungs.

A turtle's heart will beat for three or four days after the rest of the body has been made into soup.

Eighty-seven per cent of all ocean water is below 40 degrees Fahrenheit, it is estimated.

Miss Morrow Teaches Mexican Children

Miss Elizabeth Morrow, daughter of the American ambassador to Mexico and sister-in-law of Colonel Lindbergh, is shown here delivering her first lesson to the pupils of the "Lopez Catilla," a school for girls in Mexico City, whom she is instructing in English.

Local Girl Leads Team To Victory

Coached by Miss Josephine Schmidt, former Plymouth High School student, the debating team of Cedar Springs won its first victory over Sparta High School, one of their biggest rivals, for the first time in three years. This was their first debate of the season on the state league question, "Resolved, That A Judge or Board of Judges Should Be Substituted for the Jury in all the State and Municipal Courts of Michigan."

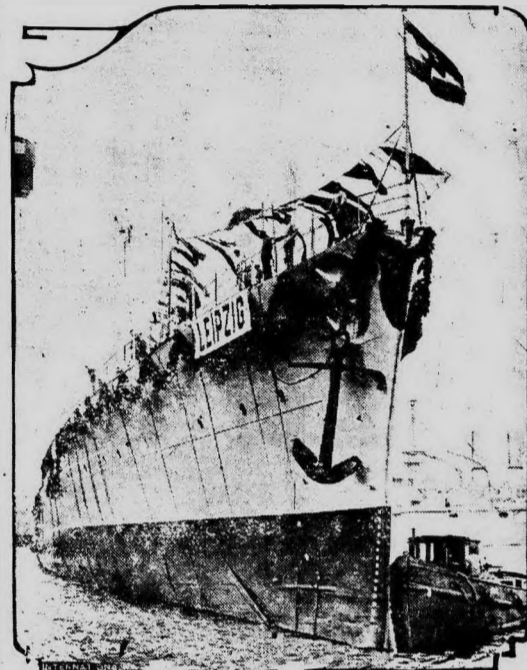

Miss Schmidt, who was graduated with the class of 1927, was active in school affairs. She was a prominent member of the Plymouth High School debating team from 1925 to 1927.

Census Reveals World Has 94,500,000 Germans

Berlin.—There are approximately 94,500,000 Germans living in the world but only 63,200,000 of them live in the German republic according to the census report just made public here. The figures were compiled by Professor Winkler of the Statistical Institute of Munich in Vienna. The total number of Germans living in Europe is put at 82,000,000. That means that almost every fifth person in Europe is a German.

There are many beaches, oftentimes of very small area, whose sand has the peculiar property of giving off a metallic tone when stepped upon.

Germany Has a Fast New Cruiser

Germany's newest cruiser, the Leipzig, just after its launching at Wilhelmshaven. It will be one of the fastest cruisers afloat and is built to conform to the agreement of the allied powers.

THE NEW WAXFREE HAVOLINE

WAXFREE

Wax turns water-thin under heat. Wax turns candle-hard under cold. Now, for the first time, you can get a waxfree paraffin base oil for the best year-round lubrication.

They Said It Couldn't Be Done

BUT HERE IT IS

A WAXFREE PARAFFIN BASE OIL

For many years, expert refiners have said that the ideal motor oil would be a paraffin base oil containing no wax.

But they said it couldn't be done! But it has been done by the new *Covers Process* invented and perfected by the Indian Refining Company.

This ideal oil is the New Waxfree Havoline. Everyone knows that wax turns water-thin under heat. Wax turns candle-hard when cold. As any man who knows oil will tell you, these specifications mean the following definite advantages:

- 1 Better heat resistance than any other oil of the same viscosity at 210° F. or above.
- 2 Better cold weather lubrication than any other oil.
- 3 The only oil that meets all specifications, because—
- 4 It is not a blended oil.
- 5 "Oiliness" at every temperature.
- 6 The only paraffin base oil (recognized as the best in heat resistance) with all wax removed.

Of course, such an oil means better protection—at every driving speed and under every driving condition.

In summer—on long trips—it easily resists temperatures which would "burn up" an ordinary oil.

In winter—at zero and below—it flows so freely that the engine starts without stiffness.

But the advantage of "oiliness at every temperature" also protects your car between these two extremes. In the first few critical moments of starting—this oil protects the pistons, the bearings, the cylinder walls.

The *Covers Process* which makes this protection possible was developed, at a cost of millions of dollars, by the makers of Havoline Oil. All rights to the process are held by this Company—and this process alone makes it possible to remove all wax from paraffin base oils, and secure the other advantages shown by Havoline specifications.

Give your engine this protection. The next time you have the crankcase drained—go to the dealer who handles the New Waxfree Havoline (*Covers Process*)—the pure lubricant which is all oil.

Stop! Look! Listen! Another old-time dance will be given at the Livonia hall, Saturday evening, Nov. 23. Music by Amos and Andy's orchestra. Hot coffee and good eats. Come and have a jolly time together. Given by John and Fred.

Mrs. Joe Roach, Mrs. McCracken, Mrs. Klat and Mrs. Dethloff took dinner with Mrs. Parrish, Thursday.

Frank Parrish's children are all over the measles, and are back in school.

James Cousins died at Ann Arbor hospital and was buried Wednesday at Livonia. He will be greatly missed by all who knew him as neighbor and friend.

CANTON CENTER

Mrs. Fred Palmer entertained the Palmer family for Sunday dinner, in honor of Mr. Palmer's and Gladys Sally's birthday.

Dorothy, Veneta, Lorety and Leona Hank and Edwin Robert visited the Ford airport last Tuesday.

The Hanford school was closed Tuesday on account of the teacher, Miss Elder, being ill.

Mr. and Mrs. Glen Wisely and sons and Clio Wisely and son, were Sunday callers of L. A. Wisely's.

Theron Palmer left Wednesday morning for an indefinite visit in Eaton, N. Y.

Mr. and Mrs. Wayne Procell of Detroit, were weekend guests of Mamie McClung.

Mr. and Mrs. Perry Campbell spent Friday evening with Mr. and Mrs. L. A. Wisely.

H. W. Bradford, who has been in Providence Hospital for some time, is getting along nicely.

Frank Graham is confined at home on account of a bad sore throat.

Lintey Wisely and wife of Superior township, visited at the home of his uncle, L. A. Wisely.

Vincent, Edsel Forshoe and Russell Palmer spent Saturday afternoon with John Miller.

BUICK SELLING 42 PERCENT OF CARS IN CLASS

C. W. Churchill Issues Statement following study of Reports

That the Buick Motor Company is now selling 42 percent of all the cars in Buick's price class is the statement made by C. W. Churchill, general sales manager, following a study of reports for the three months ending October 31st.

The price class in which Buick cars are listed embraces 14 other makes of automobiles, any one of which the Buick Motor Company is now out-

C. W. CHURCHILL, General Sales Manager, BUICK MOTOR CO.

selling by a margin of at least two to one.

"It is extremely gratifying to learn from the most recent reports that public acceptance of the 1930 Buick line of automobiles has not only maintained Buick's position of leadership in the fine car field, but has increased its sales percentage to 42 percent of the entire price class," says Mr. Churchill.

Mr. Churchill attributes the increase in Buick's sales percentage to the unusual popularity of the 1930 models, which has brought into the Buick column many purchasers who have heretofore owned and driven other makes, and to the loyalty of those who have been Buick owners.

In this connection another startling statement of fact was included in Mr. Churchill's public announcement—the fact that Buick sells, each year, more than half of its output to old Buick owners, which constitutes a record of owner loyalty unparalleled in the entire automobile industry.

Russia has got herself into a nice mess by abolishing Sunday. When will she have her accidents?

Whether his wife does her Christmas shopping early or not, every Plymouth driver's man feels confident he is due to get another red necktie.

A CAUTION We wish to thank our neighbors and friends for their kind sympathy during the illness and death of our loved one. We thank Rev. Nichol for his comforting words; Mrs. Bake and Mrs. Shear for the music and singing; also those who sent floral offerings.

Mrs. Emma V. Decker, Mrs. Myra McLaren and Daughters, Mrs. Ethel Kincaid and Daughter, Lieut. Martin A. Conklin.

Rosedale Gardens

Stop! Look! Listen! Just a little reminder of the birthday party at the church Friday evening at 8:00 o'clock, November 22. We are looking forward to seeing you there and promise a good program with refreshments later in the evening. The affair is under the auspices of the Friendship Circle of the Ladies' Auxiliary. Price of admission is one penny for each year you are old. Everybody welcome. Come and bring your friends.

Mrs. J. W. Kinahan attended an annual benefit bridge tea, given by the N. E. Delta Sorority last Saturday at the new Y. W. C. A.

Mr. and Mrs. C. M. Hoffman entertained the bridge club last Monday evening. The honors went to Mrs. C. Price, first; second to Mrs. L. Huron; consolation to Mrs. Wm. Flannigan; and booty to Mrs. C. M. Hoffman.

Mrs. F. Chaney entertained two tables of bridge, Monday afternoon. The honors went to Mrs. C. Price, first; Mrs. J. Schroeder, second; Mrs. H. Eggleston, consolation, and Mrs. C. H. Brown, booty.

Mrs. H. Eggleston entertained Mrs. A. Boyd, Mrs. Wm. Hodson and Mrs.

ROSEDALE SCHOOL NEWS

We have been steadily improving in our music under the supervision of Mrs. Knills, our music teacher. We learned the first verse of "Oh God, Beneath Thy Guiding Hand," a Thanksgiving song.

ROOM DECORATIONS
An interesting border has been made around the blackboard by Marie Desmond and Judith Olen. A calendar also has been made by Betty Small and Eleanor Struble. Willis Huron has been keeping up the large bulletin board; it has all of the latest news.

Whitbeck's Corners

Mrs. A. Parrish spent last Sunday at the home of Mr. and Mrs. John Mott in Canton Center. Other visitors there were: Mr. and Mrs. George Smith of Sheldon; Mr. and Mrs. George Mott of Plymouth; and Miss Edna Mott.

Mr. and Mrs. Wm. Rengert and Mr. and Mrs. Snow and two children of Northville, spent a few days hunting in the northern part of the state. They report having a good time, but returned home Monday night minus a deer.

Mrs. Georgia McCracken, who has been spending several days with Mrs. A. Parrish, returned home Sunday.

The Helping Hand Society meets next month at the home of Mr. and Mrs. Ed. Pettibone for dinner. All members who can should be present at election of officers will be held.

Mrs. Henry Klatt and Mrs. Joseph

J. Kinahan at a luncheon and bridge Thursday afternoon.

Mrs. A. Boyd entertained Mrs. Wm. Hodson, Mrs. J. B. Kinahan and Mrs. H. Eggleston at a luncheon, Tuesday afternoon. Bridge was played.

Mr. and Mrs. C. D. Boomhower entertained three tables of bridge. The honors for the ladies went to Mrs. H. W. Mason, first; Mrs. J. B. Kinahan, second; Mrs. L. Huron, booty for the men, L. Huron, first; E. Sullivan, second, and J. B. Kinahan, booty.

After the cards a luncheon was served.

The Bunco club was entertained at the home of Mrs. V. Vasold on Blackburn Ave. Those present were: Mrs. Roy Mason, Mrs. R. Loftus, Mrs. G. Watson, Mrs. V. Ripple, Mrs. D. E. McCoomel, Mrs. W. Kinzie and Mrs. L. Huron. First honors were awarded to Mrs. Vasold, second to Mrs. V. Ripple, consolation to Mrs. Kinzie, and booty to Mrs. R. Loftus. The next meeting will be held Wednesday afternoon, November 27, at the home of Mrs. W. Kinzie.

Mrs. J. E. Kinahan and daughter, Mary Patricia and Bernice Ann, spent last Sunday in Lansing.

THE 4-H CLUBS

The girls started their sewing at the first meeting of their club on Friday, November 15. The four Hs stand for Heart, Health, Head and Hand.

IMPROVEMENTS
Some new library books were brought into Miss Row's room. Some of them were: "Northward Ho," "Handbook of Nature Study," "Gypsy Nan" and several others.

MISS SMITH'S ROOM
The Junior Citizens' Club of the second and third grades, met Monday, November 17. The flag salute was led by Victor Noren; "America" was sung, and the meeting was adjourned.

Roach of Perrinsville, and Mrs. Walter Lockhart and two sons of Whitbeck road, were guests of Mrs. Parrish one day last week.

Mrs. Otto Kaiser spent Monday with her mother, C. A. Parrish and son.

Wife Set to Catch Mouse; Beaten When She Fails
Trenton, N. J.—Her husband con- stituted love, honor and obey to include pinch hitting for the cat, Mrs. Elsie Hudak, of Newark, complains in a petition for divorce filed recently.

"On March 30, 1923," the petition says, "my husband set me to watch in a mouse hole in our home in Newark, stating that he wanted me to catch the mouse. I let the mouse get away and he beat me severely with a broom handle."

PERE MARQUETTE TO-DEVELOP SITES

One of the first moves of the new management of the Pere Marquette Railway has been the creation of a modern and up-to-date industrial development service. Its services will be free of charge to patrons and customers of the railroad and it will function as a separate entity in the company's organization as part of the development department which is under the jurisdiction of Vice-President L. C. Probert.

George D. Moffett, former assistant manager of the Chesapeake & Ohio Railway industrial department, has been appointed industrial commissioner of the Pere Marquette at the head of the new industrial development service. He will have offices in the General Motors Building, Detroit, with other general offices of the railway which are to be located there with the beginning of the new year. L. N. DeWeese has been appointed industrial

FIFTEEN PLYMOUTH YOUNG PEOPLE ATTEND STATE CONVENTION

The state convention of the Baptist Young People's Union will be held in the First Baptist Church, Jackson Mich., Friday, Saturday and Sunday, November 29 to December 1. About 750 young people are expected to gather from the various Baptist churches all over the state. They will discuss present day young people and church problems. The different problems will be presented by the speaker after which a forum discussion will be held. By this the young people will have opportunity to ask and answer questions which may arise. Dr. A. C. Boynton of Chicago, is the principle speaker.

A banquet is to be held Saturday evening, to which about five hundred are expected to gather. Fifteen young people from Plymouth are planning to attend. A rousing good time is anticipated.

TOOK SODA 20 YEARS FOR GAS—STOPS NOW

"For 20 years I took soda for indigestion and stomach gas. One bottle of Adlerka brought me complete relief."—J. B. Hardy.

Adlerka relieves stomach gas and sourness in TEN minutes. Acting on BOTH upper and lower bowel, it removes old waste matter, you never thought was in your system. Let Adlerka give your stomach and bowels a REAL cleansing and see how much better you feel. It will surprise you! Boyer Pharmacy and Dodge Drug Co.

agent, with headquarters in the Lindquist Building at Grand Rapids, and working under Commissioner Moffett, will have jurisdiction over the western section of the state as well as the lines in Indiana and Illinois. As the organization is perfected, various other district offices probably will be created.

The purpose of the industrial development service will be to assist business and industry which already is located along Pere Marquette rails and to attract new business and industry to the railroad's territory. It will be equipped with practical and technical information for working out problems of location, marketing and distribution, raw materials, transporta-

tion and natural resources. It will be equipped also with a statistical bureau which will be at the disposal of Pere Marquette customers and it also will be prepared to furnish engineering advice and assistance. When its organization is completed, the industrial development service will be in position to furnish promptly and accurately to any patron, or prospective patron, of the Pere Marquette complete information on which new locations, expansion of existing plants, or development of new industries may be decided.

Mr. Moffett has enjoyed a life-long experience in railroad work in both the traffic and industrial fields, and has acquired a vast fund of informa-

tion which will prove of great assistance to those who avail themselves of it. Mr. DeWeese, likewise, has spent a life-time in railroading and before joining the Pere Marquette was connected with the Nickel Plate. His experience also has been rounded out in other departments, so it will be seen that both these officers are equipped to deal with the complex problems which arise in transportation questions connected with business and industry.

The industrial development service will cooperate actively and in a definitely organized way with Chambers of Commerce, boards of trade and any other organizations which are working for the up-building of their home territories.

Announcing the Opening of Our 1930

Christmas Club

ITS IMPORTANCE TO YOUR FAMILY AND EMPLOYEES

If you give a Christmas Club account to anyone in your family, or to any employee, you give much more than a sum of money.

You give, also, a program of thrift. A program that will be gladly accepted and carried through to completion.

"Start with a coin—finish with a roll." This is the Club story. Isn't it worth while to start an account for someone in whose welfare you are interested? For your son or daughter? For your employees?

We will gladly arrange the details.

CHAMBER of COMMERCE NOTES

THE STAND YOUR CHAMBER OF COMMERCE AND SECRETARY MUST TAKE.

In the series of articles we have been conducting on the subject of Industrial Expansion, we reached the point last week where we made the assertion that when a chamber of commerce is called on to assist in financing a new industry, then the question, "WHY THIS PARTICULAR INDUSTRY," become of paramount importance.

HERE THE CHAMBER IS ASKED TO GO BEYOND FURNISHING INFORMATION AND SERVICE. It is asked to stand sponsor before its local investing public for the financial success of the enterprise in question. THIS IS A GRAVE RESPONSIBILITY. IT IS EXCEEDINGLY QUESTIONABLE WHETHER ANY CHAMBER SHOULD UNDERTAKE IT. THE ACCEPTED PRACTICE, where a chamber of commerce interests itself in financing is, after thorough investigation, to introduce the industry to local investors, who are in a position to and may want ON THEIR OWN INITIATIVE to invest in it.

As far as your secretary is concerned, he wishes his position in such matters distinctly understood. It is not within his authority, responsibility, line of duty, or wise course of action to recommend the endorsement by the chamber of commerce of the stock of any industry, no matter how apparently worthy of community support. His responsibility ceases after following through on the many details leading up to bringing the outsider in touch with Plymouth business men, who might be interested.

What Has Been Accepted as the Best Method in Other Communities Might be Tried in Plymouth.

Experience, in many cases bitter, has taught this lesson that IF THERE IS A NEED FOR COMMUNITY ACTION IN ASSISTING IN FINANCING INDUSTRIES, THEN THIS ACTION SHOULD BE ORGANIZED IN A RESPONSIBLE FINANCING CORPORATION OF A FUND OUTSIDE OF THE CHAMBER OF COMMERCE.

There is more than one reason for recommending that such a fund be operated outside of the chamber of commerce. In the first place, industrial loans are not contemplated in the ordinary chamber of commerce budget, and furthermore, it is a safe bet to assume that the board of directors

would not want the grave responsibility of extending industrial loans placed on their shoulders in addition to their many other duties. An industrial finance fund should be under the control and operated by a separate board of directors composed of the established business leaders of Plymouth, who would have the respect and confidence of everyone.

Fort Wayne's Successful Plan
Before going into their plan, let us say that we realize that what can be put across in a city of over 100,000 population would be folly to attempt in Plymouth, but a comparison can be made by considering what might be accomplished on a smaller scale.

Your secretary knew that the city of Fort Wayne has met with marked success in recent years in a program of industrial expansion, and a letter requesting information brought a prompt reply from J. E. Wiles, manager and industrial commissioner of their chamber of commerce.

This Is Worth Reading.

The following quotation from his letter is worthy of thought:
"WE have several hundred business men here (who have subscribed to the credit fund in amounts ranging from \$500 to \$25,000, and who have signed the demand note attached to the blanks, for the same. We have a little over \$700,000 in the fund, and have around \$400,000 loaned out to SUCCESSFUL GOING INDUSTRIES."

The purpose of their plan is outlined as follows:

1. To enable the Fort Wayne Chamber of Commerce Industrial Commission to deal with prospective industrialists wishing to locate in this city when said manufacturers are in need of temporary financial assistance.
2. To place this city in a position to compete with other cities which have industrial development funds, which funds are being used in assisting industries to locate.
3. To make it possible for Fort Wayne Banks and Trust Companies to advance funds for industrial purposes and have these funds amply secured by the signed agreements and notes of responsible business men.

As stated before, these amounts are obviously out of proportion to Plymouth, but our needs scaled down are certainly not dissimilar. Our only hope and motive in giving this space to what is being accomplished in Fort Wayne is to create a little thought and perhaps start a little comment.

BUSINESS LOCALS

FOR SALE—Winter Apples. Ray Holcomb on C. W. Root farm. 501c

The L. A. S. of the Beech M. E. church, will hold their annual bazaar and chicken supper at the George H. Fisher school in Friakhora Subdivision, Saturday evening, December 7. Everyone invited. 113c

RADIO MURDERER GETS FOUR YEARS

Slays Stepson in Dispute Over Late Concert.

Sioux Falls, S. D.—With four years' imprisonment facing him, Robert W. Wiseman, Watertown, S. D., referred to as the "radio slayer," has been lodged in the state penitentiary here under sentence from the State Circuit court at Watertown. He was found guilty of slaying his stepson following a dispute over the playing of the radio in the Wiseman home at a late hour at night.

Wiseman, who evidenced little concern when sentence was passed upon him, entered the penitentiary with little show of emotion, according to Warden George T. Jameson.

In addition to serving the four years for second-degree manslaughter, Wiseman was also fined \$1,000 and will have to serve 300 additional days in the penitentiary if the fine is not paid.

Wiseman was sleeping on the night of the slaying of his stepson, Gerald E. Ellis, when young Ellis and a party of young men and women went to the Wiseman home and turned on the radio. This aroused Wiseman from his sleep, and he appeared in the room and ordered that the radio be turned off. When his stepson refused to comply with this demand Wiseman procured a shotgun and ordered him from the house.

Wiseman had taken his stand in the entryway to the front door, and near the front door the overcoat and hat of the stepson had been placed upon a chair. It is thought that when young Ellis started toward the front door his plan was to obtain his overcoat and hat and leave the house.

He had to go directly toward Wiseman, who had the shotgun leveled at him and the slayer claimed he thought his stepson was coming toward him to attack him, and fired the shot which killed the young man.

Eagle's Poor Judgment
A French schoolboy was attacked by an eagle while on his way to school. He slew the huge bird with a pocket-knife.

HEMSTITCHING AND FICOTING
10c and 12c per yard. When done in silk, bring thread to match. Mrs. Albert E. Drews, 832 W. Liberty St. Phone 662-M. 241c

"Talkies" of Crime Suspects Help the Police

Movietone talkies of suspects and criminals were made for the first time in Philadelphia. It is the idea of Director of Public Safety Lemuel Schofield to have talkies made of suspects so that when the trial comes up the talkies can be shown and the confessions of the criminal also recorded by their lips, so that no prisoner can say he was tricked into a confession. Photograph shows a general view of the interior of the detective bureau where the talkies were made.

NEW CRAFT WILL CRAWL ON RIVER

CATERPILLAR TRACKS DRAG VESSEL THROUGH SHALLOWS.

Secrets of a new kind of boat that has power to move on dry land like a war-time tank were revealed lately. Its motive power is a pair of caterpillar tractor tracks, that run beneath the bottom of the vessel. It will not be set to climbing banks, unless the pilot falls asleep, because the bracing of the hull is made for water, and would be unlikely to support the weight on land. It is a towboat designed for navigating in two feet of water and meeting some of the problems of American river transportation.

The moving tracks run one under each side of a heavy flat bottom, and each one has its own power plant. The craft are rubber-tired for they steer by the tracks like tank treads, and turn around in their own lengths. Their speed is eight to nine miles an hour and six miles with a tow.

The tracks are endless belts of flexible steel that rise above water level to enclose the boat through tunnels running the length of the hull on each side. Automatic doors close the ends of the tunnels except to the moving tracks.

Like duck feet, these new fashioner boat pedals have to be webbed to grip the water. The webs are flat steel plates, two feet wide and a foot deep, fastened to the tracks so as to extend vertically downward into the water. The tracks are driven by electricity generated by diesel engines. Claim is made that three gallons of oil runs the boat an hour.

Even if they never begin taking to the highways alongside the river, the new towboats are designed for a revolution in waterway freight transportation. This revolution is to imitate railroad freight methods in order to recover for the rivers some of the freight hauling prestige that they lost to land lines.

The towboats are made to haul long lines of barges. The analogy does not end there. The barges too, like rail road box cars, although their capacities equal three to five standard freight cars. They couple so that they will turn about sharp bends without losing their alignment.

Small towboats are designed to do switch engine duty at various ports. It is claimed that a "switch engine" boat can hook a barge to the main tow without stopping the procession.

Terrapin Racing

Ponca City, Okla.—Terrapin racing is fast becoming a leading sport in the Southwest. More than 10,000 persons witnessed one of the terrapin races held here recently.

Women Climbers Tell Mountain God's Wrath

Yakima, Wash.—An exhibition of the wrath of the mountain god, in which tons of snow and ice rained down the side of Mount Rainier to crash into a deep gulch, endangering the lives of hikers, was witnessed by Mrs. Clyde Pearson and her sister, Mrs. L. J. Galnor, on a recent trip.

The women climbed as far as the timber line and then sat down to admire the snow-capped peak with its halo of clouds. Suddenly the peaceful scene was transformed into a tumbling chasm as an avalanche of snow broke away from the mountain side and crashed into the gulch.

It was the same crevasse Mrs. Pearson said, that had claimed the lives of two mountaineers earlier in the season.

Sore Throats And Coughs

QUICKLY RELIEVED BY THIS SAFE PRESCRIPTION

Here's a doctor's prescription that is really throat insurance. Sore or irritated throats are relieved and soothed almost instantly with the very first swallow. About 90 per cent of all coughs are caused by an irritated throat; consequently for most coughs too there is nothing better than this famous prescription—it goes direct to the internal cause. It is put up under the name Thoxine and is guaranteed to stop coughs and relieve sore throats in 15 minutes or your money will be refunded. Singers and speakers find Thoxine very valuable.

The remarkable thing about Thoxine is that while it relieves almost instantly, it contains nothing harmful, is pleasant tasting and safe for the whole family. Ask for Thoxine 35c., 60c., and \$1.00 bottles. Sold by Dodge Drug Co. and all other good drug stores.

Plymouth Will Have Fine Hockey Rink

Ply. Juniors 818 944 881—2643

Plymouth Juniors take on either Wayne or a team from East Lansing next.

RURAL SCHOOL NOTES

GEORGE H. FISHER SCHOOL NOTES

We regret the passing away of Mr. Fisher. We feel proud to think that our school was named after him.

Mr. Carr visited school Tuesday afternoon and helped the boys begin their handicraft work.

Miss DeKhardt also visited school Tuesday and explained the work of the first and second year sewing clubs.

The heating unit was completed over the week-end. We hope that it will keep us warm.

The eighth graders have been making invitations for the Zone II meeting that will be held at the George H. Fisher school at 9:30, Saturday, November 23.

Thanksgiving is near. We are beginning our Pilgrim stories, posters and poems.

The report cards will be given out next Tuesday. We hope to have more on the Honor Roll than last month.

The Zo To Ur (teachers' organization) met at our school last week Tuesday evening. About thirty members were present. After a short business meeting, short "travel talks" were given by Miss Mary Jameson, Hazel Griem and Ada Watson. Refreshments were served by the Misses Maxine Carr and Ellen Emerson. The next meeting will be at Brainard school on December 9th.

PRIMARY ROOM
Miss Jameson, our Wayne County Helping Teacher, visited us last Tuesday. She gave a reading test to the first graders.

We lost three pupils last week. Elmer and Galien Ward are now attending the Coolidge school. Evelyn Nelson has moved to Racine, Wisconsin. Evelyn was our vice-president of the Citizenship Club.

We are studying about the Pilgrims this week. We have made our sund table look like the Plymouth Colony. SECOND AND THIRD GRADES
We are very sorry to have Stanley Nelson move to Racine, Wisconsin. He was the Boys' Health Officer this fall and the president of our Citizenship Club last year.

Miss Jameson, our helping teacher, visited our room last week Tuesday and gave reading tests.

Our weight chart is improving. The percentage of children having normal weight is 62%; those less than 10% underweight, 32%; more than 10% underweight, 6%.

The second and third graders are making Pilgrim booklets and reading stories of the Pilgrims for language, geography and history.

PERRINSVILLE SCHOOL NOTES
Miss Weller visited our school last Thursday and gave us our tests. We also have a new plan to work out in spelling.

The first successful P. T. A. was held at the school last Friday night. New officers were elected as follows:

President—Mrs. Cutler
Vice President—Mrs. Brown
Secretary—J. Love
Treasurer—J. Snyder

Mrs. Sweet gave a very interesting demonstration lesson that night. Mrs. Cutler gave a talk on their trip to Washington. Everyone had a very good time.

We have two new pupils in our school. One is in the second grade and the other is in the fifth grade. Their names are Marie and David Leamon.

Mrs. Sweet went to the zone meeting at the Coonville school. She took our health poster which we are very proud of.

Last Monday was such a rainy day, but we had a 100% attendance.

Mrs. Sweet went to the Wayne County P. T. A. Council meeting at the Roseville school last Tuesday night. Miss Marie Roney was the speaker of the evening.

The children are planning a Thanksgiving program.

—Elmer McKee

(Additional Rural School Notes will be found on page Fourteen.)

The Biblical parable that seems to appeal to some Plymouth boys most is the one about the multitude that loafs and fishes.

From a hasty glance over the style pages we are convinced that even if the long skirt does come back it will never look the same.

Belleville Defeats Locals 13 to 6

Belleville High School gridder defeated the Rocks in a hotly contested football game last Friday to a score of 13 to 6. Details of the game will be found on page eleven, the Pilgrim Prints page.

Buck Dog Wrecks Auto by Leaping on Radiator

Cable, Wis.—A car driven by Henry Crandall carrying an orchestra to an engagement was wrecked by a buck deer near Seeley, Wis. The deer sprang from the bank at the roadside, striking the top of the radiator. The animal wrecked the front fenders and headlights, ripped the hood open, and hung there until the car was stopped. The deer's leg was broken and he was injured badly otherwise. An old-time hunter cut the deer's throat and left the carcass for the game warden.

Flyer Loses Engine 600 Feet Up; Finds Safety

Philadelphia.—Fast thinking saved the lives of two navy air men when the engine and propeller of their plane broke from its mountings and dropped to the ground when the craft was more than 600 feet above Mastin field at the Philadelphia navy yard.

Chief Radio Electrician O. E. Williams, realizing the predicament of the pilot, jumped from the plane with a parachute to permit Commander O. W. Erickson, chief inspector at the naval aircraft factory to bring it safely to the ground. Neither flyer suffered injury.

Williams' leap from the plane lightened its rear section to such an extent that Erickson was enabled to control the downward spin of the engineless plane.

Indian Girl With Baby Attacks Bear With Ax

Franz, Can.—While attending some traps and hampered by a rainstorm, which she carried on her back, Frances Zuckesick, an Indian girl, of this place, was attacked by a female bear that had two cubs. The girl had apparently surprised the bear in the bush.

The only weapon the Indian girl carried was a small hand ax, but she fearlessly gave battle to the animal and it last succeeded in killing it.

WORK ON OUR NEW RINK LOCATED ON FARMER STREET, WAS STARTED TUESDAY.

Plymouth will have an open air hockey rink the coming winter. The new rink is located on Farmer street adjoining the Detroit Edison Co.'s substation. The rink will be enclosed by a high board fence, and electric lights will be installed. The rink will not only be available for hockey games, but for skating sessions as well.

The Plymouth Hockey Club is sponsoring the new rink, and to finance the project the members of the club are selling season tickets at \$7.00 each for adults and \$4.00 for children, which admit any child in the family at any one time. Season tickets will be good to all hockey games and skating sessions.

The Plymouth Hockey Club expects to put on some interesting games the coming season, and this popular winter sport will be well supported here.

"M" To Play Iowa Tomorrow

The University of Michigan football team will go into action against the Iowa team tomorrow in the Michigan bowl at Ann Arbor. The "M" team has gone through many practices the last week and are in fine shape for the Hawkeyes. Kipke expects to use the same line up as he used against the Harvard and Minnesota gridder.

The bowl will be out as usual to furnish music between halves.

If this old world wasn't supposed to have leapers it's hard to explain why some men were born into it.

Will Sell Queen Anne's Riding Crop

Cincinnati, Ohio.—A riding crop used by Queen Anne is to be sold by Miss Carrie Harvey, eighty-four years old, and her brother Charles Rupert Harvey, eighty years old, of this city who are the great-grandchildren of Sir Arthur Henry Harvey to whose father the whip was given by the queen. She reigned from 1702 to 1714. Sir Arthur left England with his wife and five children to make his home in America.

RURAL SCHOOL NOTES

STARK SCHOOL NOTES

The P. T. A. is giving their annual bazaar and dance Friday, Nov. 22. Don't miss the pie-eating contest for the boys and the spaghetti contest for the girls. There will be laughter galore. No matter what mood you are in you will enjoy yourself. Come and dance to the music of Schaffer's Orchestra. Come along, one and all. The boys and girls have obtained their supplies for sewing and handcraft, and are beginning to make their articles.

Evel Roberts has been selected to represent the Wayne County Boys' and Girls' Club at the National Convention to be held in Chicago the week of Nov. 30.

The Standard reading tests have been corrected. The children have been divided into groups according to the type of work they need to make them better readers. One day a week we will take all the reading periods and each group will have the type of reading that will help to make their scores higher in the spring.

The fifth grade in history is studying about the Pilgrims; also learning the poem, "The Landing of the Pil-

grims." We are going to collect pictures to make a Pilgrim booklet and posters.

The primary pupils are making Indian booklets. The fourth grade, after studying Indian life, made a large Hiawatha poster. They are now collecting articles for an Indian museum and for an Indian village project.

The officers of the Citizens' Junior Club were inaugurated at the Plymouth High School on November 4. The following officers took the oath of office and received their badges:

Jeanette Adams—President of the upper room
Oscar Luttermoser—Vice-president
Katherine McKinney—Secretary-Treasurer
Jean Koranda—President of primary room
Marian Luttermoser—Vice-president
Ned May—Secretary-Treasurer
Harold Gohard—Health officer
Bobby Flaherty—Health officer

These visitors were welcomed at school during the week: Miss Jameson, helping teacher; Mr. Luttermoser, school director; Miss Gwinn, social worker.

Three new pupils entered the primary room. They are John and Maxine Thorpe, first grade, and Deloris Thorpe, second grade.

Gold stars were given for housekeeping.

As this is book week, the little children are bringing to school their favorite books. These are on exhibit,

and each pupil tells why he likes his book and is trying to persuade others to read it.

NEWBURG SCHOOL NOTES

By Ethel Bennett

Miss Jameson was at our school Tuesday, to give us our reading tests. Tuesday morning the orchestra played the following pieces: "A Spanish Cavalier," "Sambonnet Sally and Overhill Jim," by Olive Mae and Eugene Bakewell. Evelyn Stutzner and Jack Goodsell played "Tip-Too Through the Tulips With Me." The orchestra played "Dainty Princess," Yvonne Hearn and Alice Bakewell played "Loch Lamond."

Last week's Amelia Zielasko was reported as a second year sewing girl. We wish to correct that error: Amelia is taking third year sewing this year.

The handcraft club started working on their first article Thursday afternoon. The first year boys are working on their bench hooks, and most of the second year boys are making flour or boxes. The boys are very proud of the two new work benches.

The P. T. A. voted at their last meeting to furnish the money for them, but much credit is due Mr. Hearn for the splendid construction of the benches and getting them ready on time, so there was no delay in the boys' work.

Miss Jameson visited the early elementary room Thursday of last week. She gave tests to first and second

graders. The Bluebirds read for her. She presented a gold star to the boys and girls for citizenship organization.

Rose Todoseuk is in school again this week, after several days' absence.

The third grade made an Indian village for our bulletin board.

Miss Jameson is coming Tuesday, November 19, to give the fourth and fifth grade reading tests. We are trying to get some gold stars.

The third, fourth and fifth grade made poem booklets.

The usual Chicago noise didn't bother the Russian flyers in the least. They thought it was merely another revolution.

The Wall street crash indicates that some of our most beautiful gold diggers may be compelled to take a course in dishwashing.

About all some Plymouth husbands seem willing to provide their wives with is plenty of things to complain about.

Of all sad words of tongue or pen the saddest are these: "I'm going to run again."

Picked Up About Town

Dad Plymouth says the trouble with this country right now is that too many of us are trying to run automobiles on wheelbarrow salaries.

The government is issuing smaller bills, but bills from other sources are just as big as they ever were.

"When there are five or six small children around the house," says Ma Plymouth, "a mother's life is just one long round of taking something old and making it into something new."

"I've often wondered," comments Dad Plymouth "how many of us would be living today if we had taken everything for a cold people told us to take."

Why worry. As soon as we widen our highways they'll start making buses that reach from curb to curb.

According to Dad Plymouth no man's education is complete until he has ridden several hundred miles in an auto with a lot of women.

If the Indian really invented "Indian Summer" then it's our belief that he should have received better treatment than he got.

"As a rule," asserts Dad Plymouth, "the less a dog is worth the higher he is valued by the boy who owns him."

Dad Plymouth says we might get farm relief sooner if some of our gentlemen farmers would list their golf clubs as farm implements.

An eastern scientist says if everybody would sing it would prevent crime. Not if they sang like some Plymouth citizens we've listened to.

Mexican candidates for office use real ammunition but most American candidates are content to merely shoot off their mouths.

Plymouth people will do well to beware of front-door book agents who offer discounts and demand advance payments but leave no books.

A New York man is wearing a pair of shoes he bought in 1858. It isn't the style of shoes that appeals to us, but the last.

What we can't understand is why so many motorists drive to distant places to be killed when they have all the modern conveniences at home.

Don't get disgusted at the Plymouth girl who giggles. She may get married a little later on—and then she won't.

New Lamps for Old
It is Easy
to Renew Lamps

The modern, high-efficiency electric lamp has a useful life of approximately 1,000 hours of illumination. After this period, the glass bulb rapidly becomes blackened, and the lamp should be replaced by a new one. The Detroit Edison Company maintains free renewal service for its customers using service under lighting contracts. Blackened and burnt-out lamps in all ordinary sizes—both for store and household—are exchanged without charge at any Detroit Edison office.

Dust, soot, and blackening due to age may diminish the light furnished by an electric lamp to one-half of its original illuminating power. This means that as much as half the electric current you buy may be wasted. Lamp bulbs, shades, and reflectors should be cleaned *once a month* with an ordinary damp cloth.

Automobiles and The Telephone

Thirty years ago the automobile was a novel plaything which only the well-to-do could afford.

Today the automobile is a necessity. Motor trucks and buses play a large part in the transportation of freight and passengers. Commercial motor vehicles are indispensable.

Motor cars take us out-of-doors, enable thousands to enjoy the advantages of travel and make accessible many beauty spots in every state. Commercially and socially, the automobile has broken down the barrier of distance and made neighbors of all communities.

Michigan leads the world in the development of the automobile. Great corporations, producing a majority of the nation's motor-driven vehicles, have made Michigan the center of automobile manufacture.

Closely associated with and contributing to the growth of Michigan's major manufacturing industry are the telephone wireways. More than 3,000,000 miles of telephone circuits in Michigan serve in the purchase of raw materials, the directing of manufacture and transportation, the contacting of dealers and the buying and selling of the finished product. Telephone wireways carry the voice of motordom throughout the country, and even overseas.

Thus, are wireways serving Michigan's great industry and aiding in the prosperity and growth of our state.

Our policy—"To continue to furnish the best possible telephone service at the lowest cost consistent with financial safety".

MICHIGAN BELL TELEPHONE CO.

This and That

France now has an air police force. Tungsten carbide is hard enough to scratch sapphire.

Local anesthetics have been successfully used in operating on cattle.

The first federal air fire patrol for the national forests was established in California in 1919.

Only three feet under the surface of the ground the temperature is as cool at midday as at midnight.

Blue stain in wood is caused by minute fungi.

A scientist who counted the ants in an ordinary-sized ant hill found 8,230.

The height limit for apartment houses and hotels in Paris is eight stories.

It requires at least 30 minutes ordinarily for the sun to put a layer of tan on the skin.

A plan to colonize sections of Nova Scotia with British and Danish families is being formed.

Aluminum chloride is now successfully used in making gasoline from high-boiling petroleum oils.

COMMISSIONER'S NOTICE

144058

In the Matter of the Estate of MURVALE HUSTON, Deceased.

We, the undersigned, having been appointed by the Probate Court for the County of Wayne, State of Michigan, Commissioners to receive, examine and adjust all claims and demands of all persons against said deceased, do hereby give notice that we will meet at the Plymouth United Savings Bank, Plymouth, Mich., in said Court, on Monday the 30th day of December A. D. 1929, and on Friday the 28th day of February A. D. 1930, at Four o'clock P. M. of each of said days, for the purpose of examining and allowing said claims, and that four months from the 30th day of October, A. D. 1929, were allowed by said Court for creditors to present their claims to us for examination and allowance.

Dated October 20, 1929.
HARRY A. GERHARDT,
ROY A. FISHER,
Commissioners.

"Mother says there is no better cough medicine for children than Foley's Honey and Tar, and we too find it so." Mrs. N. W. Colby Wis.

Quickly effective. No opiates, no ingredients that a careful mother would hesitate to give her child. Ask for Foley's Sold Everywhere in Plymouth.

Orange and Black Crew Spills Rocks

Belleville's orange-jerseyed grid no-mads, running wild behind Ives and Clayton, two miffy backfield axes...

The Rocks took the lead in the second period when DePorter grabbed Lanker a heave for fifteen yards...

FIRST QUARTER

Clayton kicked to kick on the twenty-yard line. As in the Wayne game the first play was a pass and with DePorter, the final receiver gained 35 yards...

SECOND QUARTER

The ball was placed on Belleville's 40 yard line. Wagenschutz was in as usual in place of Hleas, for Clayton. Lanker then took the ball for the remaining three yards...

THIRD QUARTER

Clayton received Baumerman's kick-off and ran the ball back to the 35 yard stripe. He heaved a pass to Ives near the sides, which resulted in a touchdown. The try for point was wide of the goal posts...

FOURTH QUARTER

Lanker smashed through center for three yards and Dudek went around end for three yards and a first down. Gust lost two yards, but Belleville was offside and according received the penalty...

Michigan Inter-scholastic Press Association

The State Press Association held its ninth annual convention at the Michigan Union, Ann Arbor, on November 14, 15, and 16.

LINE-UP

WILLOUGHBY BROS.

WALK-OVER BOOT SHOH

OPEN EVENINGS UNTILL CHRISTMAS

One hundred better homes have been completed in Brighton, during the last six months.

The Stinson Aircraft Corporation of Wayne, has been merged with the Cord Corporation of Chicago.

A new factory for the manufacture of lacquer is under construction in our neighboring village of Wayne.

Phil Grennon and a number of friends have returned from a Canadian hunting trip. Mr. Grennon shot a big moose that he brought home.

Preliminary work has already started on the new 18-hole golf course which is to be built within the city of Farmington during the next year.

The Michigan Seamless Tube Company of South Lyon, are expanding their plant at that place. Officials state that the program for 1930 calls for double production.

The State Parks of Michigan were visited by 7,454,741 people during the season just closed. This is an increase of 30 per cent over the number of visitors in 1928 and represents more than twice the population of the entire state.

The Detroit Aircraft Corporation, one of the largest controlling aircraft groups in the country, have purchased a 10-acre tract with an option on twenty acres more, at the Detroit-Wayne Industrial airport, it has been announced.

A beaver colony has been found on Stony Creek, 4 miles from Romeo. It consists of eight beavers. The 40 acres surrounding it has been dedicated as a wild life sanctuary.

Members of the Presbyterian church have been advised that Rev. Harold Whitfield of Lucknow, Canada, has accepted the call recently extended him by the local congregation and that he will move to Northville with his family early in December. Rev. Whitfield has preached on two or three occasions in Northville, and news of his acceptance is pleasing to all those who were fortunate in hearing his talks.—Northville Record.

More than 5000 pheasants, cockerels, impounded at the state game farm have proved a source of covetous desire to scores of hunters who, returning empty handed, have stopped their cars to gaze at acres of next year's shooting. The game keeper with his assistants have gathered them from the rearing pens at the farm and at other institutions where hatching operations were conducted, and now have them ready for shipment to various parts of the state. Under its new policy every district game warden conducts a survey of the pheasants in his territory, a sufficient number of males being liberated in each locality to assure replenishment of those killed and consequent natural increase every year.

Penniman Allen Theatre Plymouth, Michigan

MOTION PICTURE PROGRAMS

"BULLDOG DRUMMOND"

The sets which Samuel Goldwyn prepared for his production of "Bulldog Drummond" are being used in the Penniman Allen Theatre. Sunday, Monday and Tuesday, November 24, 25 and 26, with Ronald Colman as the star, represent a new departure in moving picture technique. Art authorities have pronounced them the most interesting development in the artistic side of the picture industry since the influence of continental camera technique first became felt in this country.

The public has long been accustomed to what are called "camera angles" in connection with pictures. The camera is set at unusual angles so as to create a harmonizing dramatic mood through the perspectives obtained. But in "Bulldog Drummond," for the first time, the weird angles which lend mystery and fear to the story of torture and murder were built into the sets instead of being developed by shifting the camera.

By combining unusual lighting with queer angles and shadows in the construction of the sets themselves, effects never before realized on the screen are said to have been produced. This radical change in the principles of photography was made necessary by the fact that, as motion picture cameras have been improved, they have become bulkier and bulkier until it is now almost impossible to move them about with the old freedom.

William Cameron Menzies, veteran picture set-designer, carefully planned the exact angle and slant of every board and piece of canvas that went into the making of the weird Mystery House which serves Bulldog Drummond's criminal enemies as their headquarters. Cast and director were heard to remark that this set looked more like the crazy house of an amusement park than anything else, with its slanting floor, sagging walls, and angular staircases.

"EVANGELINE"

Based on one of the most colorful and tensely dramatic episodes of our history "Evangeline" with Dolores Del Rio starring as the maid of Acadia, comes to the Penniman Allen Theatre, Wednesday and Thursday, November 27 and 28.

Perhaps one of the most widely read tales ever published, "Evangeline" has been adapted to the screen by F. Lee Fox and produced and directed by Edwin Carewe with a view of humanizing and vitalizing a story of teaching interest.

Costing nearly a million dollars for historical accuracy and pretentious settings "Evangeline" comes to the screen as a dynamic romantic tragedy; a story which is in fact an epic, and presents the popular Miss Del Rio in a role that demands more of her versatility than even the memorable "Ramona."

In building this photoplay, Mr. Carewe has taken full advantage of the many opportunities the story offers for stirring, human drama and tender, youthful romance and against a background of sheer beauty and primitive reality, the film creator has directed the enactment of a courageous adventure with but few parallels.

"Evangeline" was more than six months in production. An entire city had to be built for some brief scenes. Two, three masted English frigates of the late 18th century type had to be built for the scenes marking the deportation of the Acadians, a single chapter of the film requiring nearly two months to picture. The rocky shores of Acadia and the sub-tropical bayous of Southern Louisiana are shown. More than 10,000 people have participated in the action of the play and Miss Del Rio has had in her support such popular screen players as Roland Drew, who supported her in "Ramona," enacting the character of Gabriel, for whose love, Evangeline gave most of her lifetime; Donald Reed, recently seen with Billie Dove and Colleen Moore, cast as Baptiste, rival of Gabriel for Evangeline's hand and Alec B. Francis who plays Father Felician, the guiding shepherd of the Acadians in their distress. Paul McAllister, recently seen as Noah, in "Noah's Ark," plays Benedict Bellefontaine, Evangeline's father. James Marcus, veteran character actor, plays Basil, the smithy, father of Gabriel. George Marlon is seen as Rene Le Blanc, the notary and Bobby Mack assumes the character of Michael the fiddler. Lee Shumway is Colonel Winslow and Lou Payne is the autocratic governor-general, whose forceful deportation of the Acadians is a presumption of authority.

"THE AWFUL TRUTH"

Ina Claire, foremost comedienne of the American stage, makes her talking screen debut at the Penniman Allen Theatre, Friday and Saturday, November 29 and 30, in a celluloid version of one of her greatest successes.

"The Awful Truth." This picture, introducing the bride of John Gilbert to the motion picture public, constitutes one of the most important associations of the theatre and the screen since the inauguration of dialogue productions.

Rich in humor, yet based upon a situation that confronts seriously every married man and woman, "The Awful Truth" is a play that will entertain everyone as well as give them something to think about.

Miss Claire's performance in the star role, according to advance reports, rivals anything she has ever done on the stage. She has to her credit such outstanding successes as "The Gold Diggers," "Blue Beard's Eighth Wife," and "The Last of Mrs. Cheyney."

"The Awful Truth" is the story of a man and his wife who are madly in love, yet who encounter the snags of jealousy, pride and selfishness. How these disturbing elements throw the ship of matrimony on the rocks and how it is saved makes a highly entertaining and intriguing screen play.

Miss Claire is supported by a cast of stage and screen players of rare ability and the production was directed by Marshall Neilan. Henry Daniel noted English actor, who made his American stage debut with Ethel Barrymore in the revival of "The Second Mrs. Tanqueray," is Miss Claire's leading man. Others in the cast are John Roche, Theodore Von Eltz, Blanche Frederick, Judith Yossell, Sidney Bracey, James Scull, Paul Harvey, who played in the original stage version of "The Awful Truth," Colin Chase and Jacqueline Dyris.

KONJOLA FREED THIS MAN OF STOMACH PAINS

COULD NOT EAT A MEAL WITHOUT DISTRESS—NEW MEDICINE WINS ANOTHER FINE TRIUMPH.

MR. HENRY GEDDES

"For some time I suffered intense distress from a very disordered stomach," said Mr. Henry Geddes, 1231 Cass Avenue, Grand Rapids, Mich. "Every meal caused suffering and I could not eat a bite of food without having indigestion pains and gas bloating. The food formed a heavy mass in the pit of my stomach and always brought on smothering spells. I found it impossible to get sound, refreshing sleep."

"Konjola marked the turning point of my health. Day by day the different ailments became less severe and then, like magic, they disappeared. Today I eat what I please, enjoy the food and digest it as nature intends. Sound refreshing sleep is mine. I owe this all to Konjola and I praise it with all my heart and soul."

Konjola is sold in Plymouth at the Community Pharmacy, and by all the best druggists in all towns throughout this entire section.

Jackson Brothers CIDER

The Moral Effect of Security

When one has wisely safe-guarded his interests from loss he knows he can survive adversity. But when one is unprepared to meet life's problems, not only are values lost, but hope itself seems to vanish.

Adequate insurance safeguards property, enhances its value and strengthens one's moral courage through the certainty of protection.

You're out-of-date without an Eight!

Why the world awards STUDEBAKER EIGHTS first place

Eleven world records for speed and endurance—and more American stock car records than all other makes combined—are held by Studebaker Eights.

This year's Penrose Trophy Race to the summit of Pikes Peak was won in record time by a Studebaker President Eight—over a tortuous twisting roadway involving 154 breath-taking curves.

The greatest record in the history of transportation—established over a year ago by Studebaker's President Eight that traveled 30,000 miles in 26,326 consecutive minutes—still stands unchallenged. And this time-tried championship stamina is built into every Studebaker Eight—President, Commander or Dictator.

Studebaker is the world's largest builder of Eights because Studebaker Eights are brilliant and thrifty beyond anything motordom has known. Drive one of the new Studebaker Eights before committing yourself to any new car—Six or Eight. Profit from Studebaker's championship successes and from the 77 years of manufacturing integrity that stand firmly behind the Studebaker name.

Studebaker Eights cost no more to buy or to operate

PERRINSVILLE

Margaret Kubie

Mr. and Mrs. Peter Kubie, daughter Margaret, Henry Sell, Mrs. Henry Kubie, and children were visitors at the Detroit Zoo, Sunday.

Mr. and Mrs. Paul Badelt entertained their son William Badelt and family of Wayne, Sunday evening.

Miss Elda Tiede, of Detroit, spent the week-end with Miss Erma Seely.

Mr. and Mrs. Swartout, of Detroit, spent Sunday evening at the home of their daughter, Mrs. Jack Brown, of Ann Arbor Trail.

LaVerne Ebert, of Wayne, Albert Knorfske, of Garden City, and Henry Kubie, of Merriman Road, have returned from a deer-hunting trip to St. Helen, Michigan, with nothing to show for their efforts other than a week's growth of whiskers.

Perrinsville guests at the West Point Baseball Club dinner-dance held Saturday evening at West Point Community hall were: Erma Seely, Walter Wolfstrom, Asa Perrin and the Van Sickle family.

Friends and neighbors of James Cousins were saddened to hear of his death which occurred Monday at the University Hospital, Ann Arbor. Mr. Cousins was a former resident of this community where he kept the general store for many years.

The Peter Kubie family and Henry Sell spent Monday in Detroit visiting friends.

Mrs. Del Smith and brother, Reg. Brown, visited in Detroit Sunday at the home of Mr. and Mrs. Robinson. Mr. and Mrs. George Beahr called on Mr. and Mrs. Albert Talt, Friday. Gordon Priche, a former Perrinsville boy, is attending Cleary College at Ypsilanti.

Mr. and Mrs. George Deahr celebrated their fortieth wedding anniversary Sunday with their children and grandchildren. Mr. and Mrs. Deahr were presented with a beautiful basket of "mums."

Frank Kubie, of Wayne, spent Sunday morning with Clifton Deahr.

CHERRY HILL

Ida Oliver

Mr. and Mrs. Henry Haak and family visited relatives at New Haven Saturday.

Miss Luella West, who has been ill for the past three weeks, is slowly improving. Her friends wish her a speedy recovery.

A shower was given in honor of Mr. and Mrs. John Losey, at West's hall, Wednesday evening. Dancing and cards were enjoyed by all present, refreshments were served. Many useful gifts were received.

Mr. and Mrs. Henry Haak and family spent Sunday with Mr. and Mrs. Arthur Larson at Ann Arbor.

Mr. and Mrs. William West visited Mr. and Mrs. Joseph West at Detroit Sunday.

CHILDREN ALMOST HATE CROSS, NERVOUS MOTHER

"My children almost hated me. I was so cross. Thanks to Vinol, my nervousness is all gone and we are happy again."—Mrs. T. Johnstone.

For 30 years doctors have prescribed Vinol because it contains important mineral elements of iron, calcium and cod liver peptone. The very FIRST bottle brings sound sleep and a BIG appetite. Nervous, wornout people are surprised how QUICK Vinol gives new life and pep! Tastes delicious. Dodge Drug Company.

no compromise with goodness!... the Camel blend is

PIG CONTEST WINNER FOR '29 ANNOUNCED

F. J. HALL, of HOLLOWAY, PRODUCES 58 PIGS WITH A TOTAL WEIGHT OF 12,210 POUNDS TO WIN.

F. J. Hall, of Holloway, is winner of the 1929 pig crop contest, according to an announcement from the Michigan State College animal husbandry department.

Mr. Hall produced 58 spotted Poland China pigs from six sows with an average litter weight of 1,984 pounds and an average pig weight of 205 pounds in 180 days. The total weight of the 58 pigs was 12,210 pounds and they were sold on the Detroit market at \$11.40 per hundred, a premium of 15 cents per hundred over the highest price paid on the day they were sold.

Thirteen swine producers finished the contest this year, and the winners of the first 10 places will receive cash prizes. The prize winners are as follows: F. J. Hall, of Holloway; Karl Smith of Cassopolis; Wayne Rueliman, of Williamston; Emery Jewett, of Mason; C. N. Easton, of Saline; W. H. Collar, of Danville; David Mellor, of Morenci; E. M. Bacon and Son, of Mulliken; N. C. Everett, of Decatur; and Roy Brazee, of Marshall. The contest is sponsored by the Michigan Swine Breeders' Association and the Michigan State College.

A marked improvement over last year was shown in the results of the contest this year. Although last year's champion was able to increase both pig weight and litter weight this year, competition proved to be so keen that he dropped down to fifth place.

Every contestant who finished this year received top market price and many received premiums of from 15 to 25 cents per hundred.

BUNCO ARTIST SELLS VICTIM A STREET CAR

New York Swindlers Have Nothing on Brethren of Rio de Janeiro.

Rio de Janeiro.—Bunco artists in New York may sell the city hall and the Brooklyn bridge, but down here in this capital it's the street car business which furnishes the traditional best example of the "army game."

Brazilians are always joking about the Portuguese immigrant who came to Rio de Janeiro and was persuaded to invest his money in buying a street car, with its cash register which continually registered receipts, and never disbursements. But whether or not that story is legendary, if you'll come to Rio and visit the Sixteenth district police station you'll find on its records all about a street car sold in A. D. 1929.

Thriving Business. Jose Pestana da Silva, far from his native state of Minas Geraes on a visit to the Brazilian capital, happened to find himself in the congested suburb of Villa Isabel. Street cars with trailers, filled to capacity plus the rush hour straphangers, came to a stop, unloading, and were quickly loaded again.

"Amazing," Jose said, out loud, unconsciously. "Yes, it's a thriving business," a bystander told him. "I happen to own some street cars, and they make about \$1,240 a trip. They average about 30 trips a day, so that it's a thriving business."

The Mineiro was enthusiastic. "The only trouble," continued the bystander, "is that I have street cars all over town, and it keeps me on the run to handle the business." "Pay a Cash for it." "If only the street cars weren't so expensive," said Jose. "Why, they're dirt cheap for what

they bring in. I'd be able to sell you one for as little as \$1,800."

"That's too much."

"How about \$1,400?"

"That's fine."

"It's your tramway. Go ahead and take charge of it."

Jose paid cash. He jumped in the car, sat down by the register, and watched the fares as they were rung up. When the conductor came around, Jose considered it impertinent to be asked to pay to ride in his own car. In fact, he demanded the conductor's money. The discussion between the two lasted the entire length of the journey. Only at the city's terminal point was Jose convinced that his investment was too good to be true.

"It's Your Tramway."

OFFICIAL PROCEEDINGS OF THE VILLAGE COMMISSION

Plymouth, Mich., November 4, 1929.
A regular meeting of the Village Commission held in the Commission Chamber at the Village Hall, November 4, 1929 at 7:00 p. m.
Present: President Robinson, Commissioners Kehrl, Nutting, Shear and Wiedman.
Absent: None.
The minutes of the regular meeting held October 21st and of the adjourned regular meeting held October 22nd were read and approved.
This was the time set for the public hearing relative to the vacating of that portion of Adams St. and of the public alley lying to the east thereof, from the north line of Junction Ave. to the northern extremity of said street and public alley. The President called for objections. No objections were offered.
The following resolution was offered by Commissioner Nutting who moved its adoption, supported by Commissioner Kehrl:

WHEREAS, this Monday, November 4, 1929, at 7:00 o'clock p. m., is the time set for the hearing on the closing, vacating, discontinuing and abolishing all that part of Adams Street that lies North of the North boundary line of Junction Avenue, the same being that portion of Adams Street that extends from said North line of Junction Avenue north to the South line of Lot FORTY of Kate E. Allen's Addition to Plymouth Village, according to the Plat thereof, recorded in Liber 22 of Plats on Page 54, Wayne County, Michigan, Records, together with all that part of the Public Alley that lies north of the North line of said Junction Avenue extended, the west line of said Alley being the East line of Lots THIRTY-FIVE, THIRTY-SIX, THIRTY-SEVEN, THIRTY-EIGHT, and THIRTY-NINE of said Kate E. Allen's Addition to Plymouth Village and Proof of Publication of the Notice of said Hearing being on file and there being no objections to the closing, vacating, discontinuing and abolishing said portion of said Adams Street and said portion of said Public Alley;

NOW HEREBY ORDERED, IT IS SO ORDERED, by the Commission of the Village of Plymouth, that all that portion of Adams Street and all that portion of the Public Alley, specifically described in the foregoing recital, be and the same hereby are closed, vacated, discontinued and abolished, and that each is freed from any right of the public therein.
Resolution unanimously approved.
The report of Judge Oliver Lewis for the month of October was presented to the Commission. Upon motion by Comm. Nutting supported by Comm. Wiedman, the report was accepted and ordered filed.
A petition was presented signed by owners of property abutting upon both sides of Blunk Ave. and upon the west side of Ann Ave. north of Junction Ave., requesting that a sanitary sewer be ordered installed for the benefit of the said property as soon as possible. Upon motion by Comm. Kehrl supported by Comm. Wiedman the petition was accepted and approved and the Manager was directed to have plans, profile, and estimates covering the proposed improvement presented for the consideration of the Commission in the near future.
The following bills were approved by the Auditing Committee:

NO 175486
JOHN L. CRANDELL Attorney,
Plymouth, Mich.
STATE OF MICHIGAN
IN THE CIRCUIT COURT FOR THE COUNTY OF WAYNE
IN CHANCERY
CHARLES LOSEY, Plaintiff.

ABRAHAM PERIN, ABRAHAM PERRIN, ALVAH PATE, JOHN HOWE, J. DOANE FARISH, HELEN M. VANAKIN, KATHARINE COREY, PARNEYETTE HANGHART, ALEEN COREY, GEORGE COOPER, THOMAS DANIELS, ALBERTS BARN, ALBERTUS BARNES, MARY BARNES, ROSWELL BARNES, ELIZA JANE HOLLINGSHEAD, WILLIAM THOMAS COOLEY, EDWARD PATE, EDWARD T. PATE, HELEN PATE, ARCHIBALD BRINK, ABIGAIL BRINK, MARIAN C. SCHAU, CHESTER HALLE, E. R. GORTON and H. PRATT WILLIAM ROBISON, ALVA P. FERGUSON and NELLIE R. FERGUSON, or their unknown heirs, devisees, legatees and assigns, Defendants.

ORDER FOR PUBLICATION
A SESSION OF SAID COURT, held at the Court Room thereof in the County Building, in the City of Detroit, said County and State, on the 19th day of Sept. A. D. 1929.
PRESENT The Hon. De Witt H. Merriam, Circuit Judge.
ON READING AND FILING THE Bill of Complaint in this cause, from which it satisfactorily appears to the Court that the titles, interests, claims, liens or possible rights to the premises described in said Bill, and hereinafter described, of the above named defendants, and each of them, if they ever had any validly, plaintiff avers to be barred by the quiet, peaceable, open, notorious, adverse, hostile, actual, undisputed, visible, exclusive and continuous possession of said lands under claim of title by plaintiff and his grantors and predecessors in title for more than fifteen (15) years last past and for more than fifteen (15) years since the several apparent rights to possession thereof accrued to said respective defendants, which said possession has been, during all said time, and still is, adverse and hostile to the titles, interests, claims, liens or possible rights of said respective defendants; and that it cannot be ascertained in what state of course said defendants, or any of them, reside.

IT IS ORDERED, that the Bill of Complaint be read to the jury, and that the jury be sworn to determine whether the titles, interests, claims, liens or possible rights of said defendants, or any of them, are or may be entitled to claim under them, or any of them, cause their several assignments to be entered herein in the manner provided by law, on or before THREE (3) MONTHS from the date of this Order, and that this Order be PUBLISHED or SERVED as required by law.
DEWITT H. MERRIAM, Circuit Judge.

(A true Copy)
WALTER RYHL, Deputy Clerk.
SAID SUIT involves and is brought to quiet the title in the lands and premises described in said Bill of Complaint as follows:
Beginning at a point, which said point is South, eighty-nine degrees, forty-four minutes (89° 44') East, eight hundred thirty-three and eighty-five hundredths (833.85) feet from the West Quarter post of said Section Two (2); thence along the Old Mill Road (so-called) South, Two degrees, thirty-eight minutes (2° 38') East, five hundred twenty and four tenths (520.4) feet to a point; thence South, eighty-nine degrees, forty-four minutes (89° 44') East, one hundred sixty-five (165) feet to a point; thence South, two degrees, thirty-nine minutes (2° 39') East, thirty-six (36) feet to a point; thence North, eighty-nine degrees, forty-four minutes (89° 44') West, one hundred forty-eight and six tenths (148.6) feet to a point; thence North, two degrees, thirty-nine minutes (2° 39') West, one hundred sixty-seven and five tenths (167.5) feet to the East and West Quarter Line; thence along the said Quarter Line, North, eighty-nine degrees, forty-four minutes (89° 44') West, one hundred sixty-one and fifteen hundredths (161.15) feet, to the place of beginning, and containing three and one hundred eighty-eight thousandths (3.188) acres of land, situated and being in the Township of Nankin, Wayne County, Michigan, lying and being in the West half of the Southwest quarter (W-1/2 of the SW-1/4) of Section Two (2), Town Two (2) South of Range Nine (9) East.

Residence—9815 Melrose Avenue
Bible School, 9:45 a. m.
Morning Worship, 11:00 a. m.
Evening worship—7:00 o'clock.

Christian Science Notes

“Mortals and Immortals” was the subject of the Lesson-Sermon in all Christian Science Churches on Sunday, November 17th.

Among the citations which comprise the Lesson-Sermon was the following from the Bible: “And this is the promise that he hath promised us, even eternal life.” (1 John 2:25).

The Lesson-Sermon also included the following passages from the Christian Science textbook, “Science and Health with Key to the Scriptures,” by Mary Baker Eddy: “God, the divine Principle of man, and man in God's likeness, are inseparable, harmonious, and eternal. The Science of being furnishes the rule of perfection, and brings immortality to light.” (p. 336).

ROSEDALE GARDENS COMMUNITY CHURCH NOTES

The Bible School is for your boy and girl. Do they attend? Sunday night is Men's Night. The only excuse we will accept for absence is sickness or out of town.

Your church offers YOU a place to worship GOD, in company with your NEIGHBOR.

After the service, stay for a little while for the social hour in the basement.

The idea occurs to us that when you men drive over you might as well bring along the rest of the family. We like to see family groups at church.

If you sleep too late Sunday morning to come to church, ask someone the way to the Rosedale Gardens church. The evening service starts at 7:00 o'clock. You may leave as soon as you choose.

EPISCOPAL NOTES

The Right Rev. Herman Page, D. D., Bishop of the Diocese of Michigan, will make his annual visitation to the parish church on Friday, November 22, at 7:30 p. m., administering the rite of confirmation and preaching the sermon. All members of the church should feel it a duty and a privilege to be present on this occasion. It is an important event in our parish life. Be sure to invite your friends to this service. All are welcome!

Sunday morning at 10:00 o'clock, a special service of Thanksgiving will be celebrated. This will be in the nature of a “harvest home,” and all people of the congregation, young and old, are urged to bring gifts of food, fruits, vegetables and the like, as in previous years. These expressions of gratitude will be distributed through the Detroit Episcopal City Mission to persons in actual want. Children may bring their gifts to the church-school.

Have you taken advantage of the new evening services, which offer an opportunity to become acquainted with our new revised Prayer Book? Sunday night the instruction will be on the service of Holy Communion, the chief service of Christian worship. Every member of the church will be interested. Persons not well acquainted with the teachings of the Episcopal church, will find this an opportunity to learn what the church stands for in worship.

The community Thanksgiving Day service will be held at the Presbyterian church, Thursday, November 28, at 10:00 a. m. All members of St. John's church are urged to attend.

METHODIST NOTES

“I was glad when they said unto me, Let us go into the house of the Lord. Enter into his gates with Thanksgiving and into his courts with praise: be thankful unto him and bless his name.” Psalms 122:1-100-4

Next Thursday being Thanksgiving Day, there will be a Union praise service at the Presbyterian church at 10 a. m. Rev. Riley of the Baptist church will be the preacher. The public is cordially invited to attend.

Next Wednesday, directly after school the Junior Missionary boys and girls will meet at the church. All are urged to come as there will be a surprise for all. Be sure to bring your dues if you have not already done so.

Saturday afternoon (Nov. 23) the Junior Missionary work clubs will meet at the home of Mrs. Doerr, 447 South Huron Street. All be sure to come so we can get our gifts ready for Christmas.

The installation and reconsecration services for the church school teachers and officers last Sunday morning was a most impressive service and well attended.

Twenty boys and girls from the Junior department at Sunday School were entertained at Plymouth Riverside Park last Saturday afternoon by Mrs. Irwin, Miss Winnie Joffe and Mrs. Doerr. The waffles and milk and hot cocoa disappeared like dew before the sun and to paraphrase a well known saying, “Still the wonder grew how one small tummy could carry all that was put into it.”

St. Peter's Lutheran

The first rehearsal for the children's Christmas Eve service will be held Sunday afternoon at 2:00 o'clock, November 23rd. As the parts and recitations will be assigned to the children Sunday, all children wishing to take part in the Christmas program will be there Sunday, or at least notify the pastor of their intention of coming later on. The children who take part in the program and attend the rehearsals for the program, will also participate in the distribution of sweets and other good things on Christmas Eve. Sunday is the day, 2:00 in the afternoon is the time. Let us see you there!

Thanksgiving service is to be held at 10:00 o'clock in the morning on Thanksgiving Day. We feel confident that the weary about, and the preparation of the Thanksgiving dinner will not deter any of the members of our church from attending this service, nor will “the busy housewife ply her medicine care, nor children run to help their sire's return” (with apologies to Thomas Gray), but we will all come and give homage and thanks to Him, who has so signally prospered and blessed us this year!

Upon the request of several of the members who regularly attend our German services, we will not change the date of the German services, but conduct them as heretofore, at 7:30 p. m. on the first Sunday, and at 2:30 p. m. on the third Sunday of the month.

The Young People's Bible Society has received a kind invitation from the Young Peoples' Club of the Wayne Lutheran church, for Friday evening, November 29. We have gratefully accepted, and should like to urge all our young people to attend.

PRESBYTERIAN NOTES.

The Presbyterian Sunday-school is fortunate in having Carl Hauer as its song leader. He took charge last Sunday, and the singing was noticeably improved.

Next Sunday there will be special Thanksgiving music. The subject of the morning sermon will be, “Let Us Give Thanks.” There will be a special offering taken in the interest of the work of the Board of National Missions of the Presbyterian church in the United States of America.

On Thursday, Thanksgiving Day, at 10:00 a. m. o'clock, a Union Thanksgiving service will be held in the Presbyterian church. Rev. Donald Riley of the Baptist church will deliver an address, and several of the other ministers of Plymouth will assist in the service. The public is urged to join in this hour of giving of thanks.

CATHOLIC NOTES

Instructions for the children each Saturday morning at 9:30, conducted by the Dominican Sisters of Ypsilanti.

Sunday is Holy Communion Sunday for the children.

Next Thursday is our national Thanksgiving day. This word carries with it a note of Christianity, be mindful therefore to give thanks in the way of the Lord, and give expression of your gratitude by being present at mass that day.

The year is coming to a close. How about your accounts?

The ladies met on Tuesday afternoon last, to complete arrangements for the chicken dinner that was given last night, and was a great success as usual.

The ladies wish to sincerely thank all for their kind patronage also to those who made it possible by their generous donations.

The next affair will be a card party and Christmas sale of novelties; also a fish pond. More details will be published later.

Your president takes this opportunity to personally thank all for their hearty cooperation of the past affairs, and trust that more of the ladies will see their way clear to attend future meetings, as all are needed in order to be the success we wish to be.

BAPTIST NOTES

The contest between the young people of Wayne and Plymouth is creating a great deal of interest. Last Sunday evening there were 45 present at our local church and Wayne had 51. Since the church at Wayne is larger they agreed to compete with us on a 7 to 6 ratio, that is they are to have seven present to our six. By that ratio Plymouth won the first evening by a very narrow margin.

There still remains six more Sundays and many unexpected things may happen during that time.

The outstanding feature of next Sunday's meeting is “Father and Mother” night. Each young person is expected to bring their father and mother as their guests. Following the young people's meeting the pastor is to preach the second of the series of sermons on young people's problems. His subject will be “Young People and the Home.” This should prove of interest to both young people and parents.

Another outstanding feature of our evening service is our Sunday-school orchestra. Those who heard them last Sunday evening enjoyed their playing very much. These services should be of interest to every home in Plymouth, and if so COME, we want to make you feel at home!

FIRESIDE SOCIAL AT BAPTIST CHURCH

About one hundred people attended the fireside social at the Baptist church Tuesday evening. This was one of those old time get-together get-acquainted affairs which attracted so much attention in the days of yore. Can you imagine sitting down to tables laden with good things to eat, pot-luck fashion, where everybody simply made themselves at home? Well, that was the kind of an affair it was. We not only ate and enjoyed the social time at the tables, but following the supper the young people provided the entertainment as follows: A good old-fashioned song service, a speech or two, a piano and vocal solo, scripture reading and readings and other good things too numerous to mention. The outstanding question was when shall this be repeated? To which we are glad to say another will be held sometime during January.
