

PLYMOUTH, MICHIGAN, FRIDAY, MAY 16, 1930

PLYMOUTH'S EX-SOLDIERS WILL OBSERVE MEMORIAL DAY HERE

Memorial day, the annual day set apart for the memory of the departed defenders of the country, will be fittingly observed in Plymouth under the auspices of the former comrades of those in whose honor the holiday is celebrated. A big committee composed of members of the Ex-Service Men's Club and the Myron H. Beals Post of the American Legion and representatives of the citizenry of Plymouth under the general chairmanship of Commander Harry Barnes of the Ex-Service Men's Club has been working out the details for several weeks and plans have now progressed to a point where a fine program and parade are assured.

The graves of veterans of all wars in all cemeteries in and around Plymouth will be appropriately decorated by a committee of former soldiers while in Plymouth, exercises being the occasion will be held in the Benham Allen theatre and on the street at Kellogg Park.

The public observance of Memorial Day this year is being sponsored for the first time by local ex-service men and Legionnaires who felt that as the day was one of special significance to them, they should be the ones to carry on its observance. Those who had taken charge of similar celebrations in previous years gladly stepped aside to give the veterans full control and are whole-heartedly cooperating with the joint committee in the preparations.

The importance of the day is such that it should not be overlooked, and it is hoped that large numbers of Plymouthites, and especially the children, will refrain from leaving town for the holiday until after the exercises are over, which will be shortly after noon.

A full program will be published next week.

WAYNE COUNTY ANNUAL PICNIC

FIELD DAY, EIGHTH GRADE COMMENCEMENT AND TEACHERS' INSTITUTE, JUNE 7.

This year the annual meeting of pupils, teachers and patrons of the rural schools of Wayne County will be held at Elizabeth Park, Trenton, on Saturday, June 7th, all day. Every school is invited. Teachers are urged to request the presence of parents and other friends of the schools.

While no prizes for decorated autos or trucks will be presented this year, it is hoped that the various schools will come as usual in cars and trucks well decorated for the occasion.

The address of the day this year will be given at 11:00 by Dr. R. Clyde Ford of the Ypsilanti Normal College. Dr. Ford is the author of Sandy Macdonald's Man, the book all rural schools have used this year in reading.

Dr. Ford's topic for his address will be "Carry Your Own Park." Following the address the following awards will be made:

- Eighth Grade Diplomas
 - Reading Contest Medals
 - Health Awards
 - Gold Star Certificates
 - Basket picnic during the noon hour.
- The usual field day program will be held in the afternoon, and medals will be awarded to the winners.
- Music throughout the day will be provided by one of the well known high school bands of the county.

KIWANIS PROGRAM PUT ON BY JOLLY ANN ARBOR CLUB

A jolly bunch of Ann Arbor Kiwanians hit the trail for Plymouth Tuesday, to take charge of the program for the local club. There seemed to be some misgivings on the part of some of the party as to the reliability of their motor transport and this feeling was well expressed in an Auto Poem given by Kiwanian Gustave Dicks. Kiwanian Sam Harrison, assistant pastor of the Ann Arbor M. E. church, gave a short talk on "China," particularly on the province of Manchuria. He gave in a very interesting manner, the history of this province and an account of the ways in which various European powers, particularly Russia, both under the Czar and the Soviets, have and are still trying to get this province completely away from China and under their control. He characterized Manchuria as one of the possible hot beds for the developing of another world war. He spent five years in China as a missionary and has evidently made an intensive study of China and the Chinese together with their relations to other countries. His talk commanded the interested attention of all present.

Zink-Whipple

A quiet wedding took place at the home of Mr. and Mrs. Carl Whipple at 1059 Pennington avenue, last Saturday morning at 9:00 o'clock, when their daughter, Janet Whipple was married to David Zink of Detroit, Rev. Walter Nichol of the First Presbyterian church performing the ceremony in the presence of only the immediate relatives of the two families. Miss Doris Whipple and Kenneth Zink attended the bride and groom.

Following the ceremony, the wedding party partook of a breakfast at the Garden Tea Rooms on South Main street. The bride and groom left shortly after for a short wedding trip to Cleveland, Ohio. The young couple will make their home for the present with the bride's parents. They have the best wishes of many friends for a happy and prosperous wedded life.

500 Attend Holy Name Rally Here

Sunday, May 11, brought about five hundred men to Plymouth from the western end of Wayne county, the occasion being the Holy Name Rally of the newly organized Wyandotte district.

Every man in attendance expressed his great surprise at finding the city of Plymouth so beautiful and inviting. The meeting was called to order by the district president, Gerald Gass of Wyandotte, and a hearty welcome was extended to all by the pastor, Fr. Lefevre.

The choir very ably, under the direction of Miss M. E. Lehman, sang a greeting song, making the men doubly welcome in our midst. The Rev. F. J. Haick, spiritual director, emphasized the importance of ever showing the greatest love and esteem to the Holy Name of Jesus—the leader and savior of mankind; and he hoped that the day was not far off when mothers and daughters would be able to unite with the fathers and sons, in rendering such a unique devotion to the Holy Name.

P. J. Neudek, the diocesan president of the Holy Name, introduced the speaker of the day by prefacing the introduction with the need of men, stalwart in their belief of God, and never ashamed to profess their identity. A traitor in the cause is another traitor to a nation, he said, and that here are the facts: crime is more prevalent today than fifteen years ago, and perpetrated by the youth, boys ranging from the ages of 16 to 24; the rogues gallery of bygone days, men whose very faces revealed crime, are supplanted by faces youthful and intelligent. Divorce in our state is appalling: 1828 eighteen thousand marriages licenses were granted in Michigan, and eight thousand five hundred divorces, together with a total of 36,000 children involved, to be taken care of by the state; the causes were attributed to faults within the home and outside the home. He praised the Catholic church for its stand on marriage.

His remedy for the moral decadence, crime and divorce was the church and her doctrines; any church that will preach Jesus Christ in season and out of season to its people, is bound to build up a nation God fearing and law abiding.

The program concluded with a duet sung by John Schomberger and Herman Horvath, "Santa Lucia."

Upon the invitation of River Rouge, the meeting for the fall will be held at Our Lady of Lourdes parish.

Among the honored guests were the Reverend Fathers Hanked, Hogan, Moran, Felpaush, Koark, Schuler, Halek, Hon. L. S. Moll, P. J. Neudek, Charles Shea and H. Kent.

Will Demonstrate Health Education At W. C. T. S.

An interesting program will be given by over three hundred children of the Wayne County Training School in the splendid new gymnasium at the school, Saturday afternoon, May 17th. The program has been arranged by Miss June Calahan, supervisor of health education, with Harry Kurrie, boys' athletic instructor, under the general supervision of the assistant superintendent in charge of education, Percy Andrews. The program starts at three o'clock, and is as follows:

- Parade—All Participants
- Danish Gymnastics—Intermediate and Advanced Girls
- Apparatus Work—Intermediate and Advanced Boys
- Rhythm Dances: by Froese—Night School Girls
- (a) Pearls
- (b) Cello—Primary and Intermediate Boys
- Games—Advanced Girls
- (a) Dodge Ball
- (b) Newcomb
- Mat Work—Primary, Intermediate and Advanced Boys
- Relays—Primary, Intermediate and Advanced Boys
- (a) Forward Roll
- (b) Backward Roll
- (c) Monkey Crawl
- (d) Crab Crawl
- Wand Drill and Marching—Primary and Intermediate Girls
- The Art of Self-Defense—Advanced and Night School Boys
- (a) Wrestling
- (b) Boxing
- Games—Intermediate and Advanced Boys
- (a) Snatch Pin
- (b) Swat the Beetle
- (c) Volley Ball
- Log Dances: by Froese—Advanced Girls
- (a) Jockey
- (b) Yankee Doodle
- May Pole Dances—Intermediate and Advanced Girls
- Music—Miss Mabel Bowers
- Uphers—Boy Scouts

PLYMOUTH GIRL GETTING READY FOR HER FOURTH DRAWING CONTEST

Miss Sarah Jane White, daughter of Mr. and Mrs. George White, Jr., of 961 Kellogg St., is getting ready for the next drawing and painting contest which is to take place May 15th at the Commercial Art School in Detroit. She took part in the contest last September and received fourth prize; also in a contest in December, when she received second prize. She is working hard for first honors this time.

New Fire Limits Ordinance Now In Effect

The new Fire Limits Ordinance recently passed and put into effect in the village resulted from recognition by the commission of a need for more rigid restriction of fire hazards in the business districts and in the well built up areas along Main street, Starkweather avenue and North Mill street. The area embraced by the new fire limits as well as that included in the old limits are shown upon the map accompanying this article.

It will be noted that the fire limits, under the new ordinance, have been extended to include additional area about each of the business districts, as well as that upon both sides of North Main street, Starkweather avenue and North Mill street, and the west side of North Holbrook avenue.

This because of the certain expansion of the business sections during the next few years; and the well built up condition of the streets connecting the two business districts, which warrants the taking of every precaution to eliminate fire hazards.

Following are the more important provisions of the new ordinance, which is now in full force and effect.

1. Periodical inspection of all premises in the fire limits by the fire chief for the purpose of detecting and eliminating all existing fire hazards.
2. Restricting the burning of paper, leaves, rubbish, etc., to public or private alleys or private premises, and

Held Thirteenth Annual Convention

The thirteenth annual state convention of the Business and Professional Women's Clubs of Michigan, was held at Flint, Michigan, on May 9 and 10, with an attendance of about three hundred members. The city of Flint extended a most cordial welcome to this group as evidenced by addresses by members of the clergy, Chamber of Commerce, and officers of the Flint Club, the delightful hospitality of the Durant Hotel, the Court St. Methodist Church and the School for the Deaf, the latter institution entertaining the visitors with exhibitions of military drills, commands being given in the deaf and dumb language, and also demonstrating their methods of teaching in the lower grades. The Buick and Chevrolet Companies furnished cars for transportation to different points of interest in the city, and Flint's wealth of musical talent made every event on the program of added interest and delight.

Miss Elizabeth Beyer visited friends in Adrian, Sunday.

No Girls for These Coast Guard Men

Scenes on the coast guard cutter Mojave during recreation hour. The men who wanted to dance had to be content with men partners, for the cutter was on ice patrol duty in the north Atlantic, far from port.

TAKES HIS OWN LIFE SUNDAY

PLYMOUTH MAN SHOTS SELF WITH SHOTGUN IN GARAGE.

Arthur Marshall, aged 45 years, residing at 456 Holbrook avenue, ended his life in the garage at the rear of his home last Sunday morning, by blowing off the top of his head with a shotgun.

On the morning of the tragedy, Marshall told his wife he was going to the garage to start his car and take her for a ride. Neighbors and his wife heard the shot, but first believed it was the automobile backfiring. Becoming alarmed at the long delay, Mrs. Marshall went to the garage to find her husband dead.

The funeral services were held from the Schrader Bros. Funeral Home, Tuesday afternoon at 3:00 o'clock. Dr. F. A. Lendrum officiating. Interment in Riverside cemetery.

ANNUAL MUSICAL FRIDAY, MAY 23RD

Completing a very active year, the music department of the Plymouth Schools is almost ready to open the doors for the annual musicale. In fact, they will be opened the evening of May 23. All semester the music directors, Miss Gladys Schrader and Claude Dykhouse have been training their various departments for this important event.

The junior chorus will sing "Folk Dance" and "Eldorado." The Girls' Glee Club have prepared "By the Mississippi" and "Piper June," giving a contrast all will enjoy. The Boys' Glee Club will sing that stirring excerpt from grand opera, "The Toreador's Song" and "The Victors," the famous Michigan song. The orchestra will play "William Tell Overture" and "Rose Marie." The band will play several numbers.

Then the specialties must not be forgotten. Robert Champ, youthful soloist, will sing "Lava Louisiana Moon" and "Whippoorwill." Ted Baughn will sing two numbers, and Arthur Moe, our clarinetist, will play "Miami Moon" and Mendelssohn's "Spring Song." Joseph Titler will entertain with his accordion. The Girls' Double Quartette will sing "River, River," a Chilean folk-song, and "I Love You Truly." The not-to-be-forgotten Boys' Quartette, Richard Smith, Ted Baughn, Charles Ball and Kenneth Groth, will sing "King of Dreams" and "Old Farmer Slow."

The musicale will end with the grand finale, "Song of Michigan," sung by the junior chorus and the girls' and boys' glee clubs.

Those who remember last year's musicale will surely want to come this year, for the program appears even better.

Death Takes Miss Edith Scott

Edith L. Scott, eldest daughter of Mrs. A. P. Scott, was born in Northville, Michigan, October 18, 1881, and died May 9, 1930. She graduated from the Ypsilanti Normal College in 1907. After her graduation she taught school for a period of six years, and for the last few years she has been employed by the Ford Motor Company at the Phoenix plant.

She joined the Baptist church in Northville in 1905 and united with the Plymouth Baptist church when her family moved to Plymouth in 1910. She was a very devoted member and Sunday-school teacher.

Surviving her are her mother and Mrs. Roy Clark of Northville, a sister. Her father preceded her in death seven years ago. She also leaves distant relatives and a host of friends.

The funeral services were held at the Schrader Bros. Funeral Home last Sunday afternoon at 3:00 o'clock. Rev. Donald Riley officiating. Interment in Riverside cemetery.

Business Women Held Meeting

At a postponed meeting of the Business and Professional Women's Club, held on Wednesday evening, May 14, Irma Eckles, newly elected President, was cordially welcomed by the members of the club.

After a delicious dinner, an interesting program was presented which had been prepared by the hostesses for the evening, Rose Hawthorne and Norma Cassidy. Irene Brown, vaudeville star of the club, gave some impersonations which were enthusiastically received and reports were made by the delegate and members who attended the State Convention held in Flint the past week. One of the features of the evening was the turning into the treasury of \$2.00 from each member present with the history of how it had been earned—outside of the regular occupation of the donor. This donation added a very substantial sum to the treasury and is evidence of the versatility of the members.

The club voted to hold their next regular dinner meeting in the Michigan League Building at Ann Arbor and afterward to attend a play to be given in the League Building Theatre, in which Margaret Anglin will appear.

At the close of the meeting the incoming president and the retiring president were presented with a beautiful bouquet of roses. The final event on the program was the hanging of the Club Plaque in the hotel lobby, which was accomplished with the assistance of Mr. Mahen, hotel manager.

The club begins its new year with a fine staff of officers and committees which encourage high hopes for a successful season.

STAW HAT SEASON OPENS SATURDAY, MAY 17th

Straw hat season opens Saturday, May 17. Read what the local merchants have to offer in today's mail.

Court Restores \$92,000 Mortgage

A \$92,000 mortgage, which he traded for practically valueless holdings after being shown a series of "good times," was restored to Samuel Hicks, 72-year-old Plymouth farmer, by Judge Harry R. Keiden, Monday.

Hicks testified he had sold his 220-acre farm for \$30,000 cash and the \$92,000 mortgage. Following the sale, he said, Joseph J. Morehouse, head of the Morehouse Realty and Building corporation, cultivated his friendship. For many months, Hicks said, he was taken on tours of cabarets and other places of entertainment, and saw a prize fight.

Then Morehouse induced him to surrender the mortgage, Hicks said, in exchange for some real estate and an apartment in Detroit. The holdings were worthless, Hicks said, and he wanted his mortgage returned.—Detroit Free Press.

CELEBRATED THEIR GOLDEN WEDDING

Mr. and Mrs. J. F. Brown celebrated the fiftieth anniversary of their marriage Thursday evening, May 8th. Their daughters, Mrs. C. J. Thumme and Mrs. Fred Bredin, entertained at the home of the latter. Dinner was served at 8:30 o'clock, to about thirty guests who were seated at small tables. The dining table had as a centerpiece, a large wedding cake decorated in white and gold, this color scheme being carried out in the decorations of the small tables. The evening was spent in visiting, songs, recitations and fancy dancing by the younger members.

Mr. and Mrs. Brown received many beautiful gifts, besides forty dollars in gold.

Mr. and Mrs. Brown were both born and have lived all their lives in Wayne County. One unusual feature of Mrs. Brown's life is that of having been born on the Ann Arbor Trail near Perrinville, began housekeeping near the same place fifty years ago and for the past fifteen years has had her home in this town at 376 Ann Arbor St.

They have four children, E. C. Brown of Lansing, Mich.; Mrs. C. S. Mundy of Phoenix, Arizona, and the two daughters living here. There are also six grandchildren.

Mr. and Mrs. Brown are members of the Methodist church, and have a large circle of friends in this community.

Those present from out of town were Mr. and Mrs. W. C. Brown of Milford; Mr. and Mrs. E. C. Brown of Lansing; Mr. and Mrs. Carl Pignaw, Jr. and Mrs. Harvey Meldrum, Lee J. Meldrum and son, Oliver, and daughter, Jenn. Mr. and Mrs. Glenn B. Hayes and daughter, Lucille Hayes, Mr. and Mrs. W. L. Brodell and daughters, Elizabeth and Peggy Ann, and Mr. and Mrs. George Herbert and son, Paul, all of Detroit.

Women Voters Attend Meeting

Different phases of the National League of Women Voters' convention held in Louisville, Kentucky, April, 1930, were brought to a meeting of representatives from the several leagues of Wayne County held at the Fisher Y. M. C. A. Monday, May 12, by Wayne County delegates to this convention.

Miss Beth Adams, county and state executive secretary, spoke of the tremendous thought given to the proposed program of work for the coming two years, by committee chairman, before it was brought to vote before the convention. Some of the outstanding subjects for study are: Study of the tariff as it affects living costs. Efficiency in Government, County Government, Duplication in Federal Government, Women in Industry, and Maternity and Infancy Problems.

Mrs. Harry Steffer, secretary of the National League, spoke on the "Mechanics of the Convention," bringing to those present an idea of the task that will be given the Wayne County League should the national convention come to Detroit in 1932 as anticipated. This will be decided at the national annual meeting to be held in Washington in 1931.

Mrs. George W. B. Wayne County chairman of finance, brought to the league members a new conception of the relationship between the county, state and national leagues. Mrs. Bee spoke of the endowment fund that is being raised by the various states. This fund is now \$113,000. It is hoped that the desired goal of \$125,000 will be reached by January 1, 1931. This amount invested at 4% interest per year will do away with many of the league's financial problems.

Mrs. G. A. Bentley, president of the Wayne County League, drew a beautiful picture of the honor banquet held the last night of the convention when the names of seventy-one prominent women in equal suffrage—representatives from every state—were placed on the national Roll of Honor. Many of these women were present.

Michigan raised nearly \$5,000 for the Endowment Fund, and honored Mrs. Wilber Brotherton, Mrs. Ida Rust McPherson and Dr. Anna Howard Shaw.

The tenth anniversary birthday party added color and interest to this banquet. On a long table beautifully decorated with dogwood blossoms and cathedral candles, the big birthday cake was assembled—each state adding a huge slice until the cake was whole.

All spoke of the southern hospitality and lavish entertainment shown them by the Louisville women.

Those attending the meeting at the Fisher Y. M. C. A. from the Plymouth League, were: Mrs. Marie Brooks, Mrs. Frank Millard, Mrs. Robert Reck, Mrs. Wm. Petz, Mrs. Leroy Naylor and Mrs. Charles O. Ball.

PLYMOUTH GIRL RECEIVED WORD FROM DRAWING CONTEST

Miss Sarah Jane White, daughter of Mr. and Mrs. George White, who took part in a commercial designing contest at the Federal School, Minneapolis, Minn., did her work at home and sent it in before May 1. She received a letter telling her that they have most of the papers looked over, and she is standing good for second prize so far.

LEGION WILL CONVENE HERE

Plans are about complete for the entertainment of the hosts of American Legionnaires of the second congressional district for their quarterly convention which will be held in Plymouth on June 1st. Officers and members of the local Legion Post have taken a big job on their shoulders as five hundred or more Legionnaires are expected to attend the convention.

A big raising and parade will mark the opening of the session which will be followed by a band or two as well as the traditional bugle and drum corps. After the parade the convention sessions of the Legion and the Auxiliary will be held at the close of which a big banquet with noted speakers will end the festivities.

The general public is invited to view the outdoor ceremonies and join the crowd on the streets to make welcome our honored guests.

Ma Sheppard At Presby'tian Church

On Sunday, May 11th, at the Presbyterian church, many Plymouth people had the pleasure of hearing one of the most loved, respected and helpful persons in the world today, Lt. Col. Mary Sheppard of the Salvation Army, whose work was known among dug-outs and battered cantons during the world war, to be held at the most grand large city. Her talk, besides being interesting, was one that touched the hearts of every person there; of work done in the slums of large cities where there is nothing but crime, crime; of work over seas in dug-outs where any moment one might be dashed into a thousand pieces. Was "Ma Sheppard" afraid? No, not the "Ma Sheppard" whose whole heart is in helping others.

Now to tell you what the Salvation Army has done for humanity, who as "Ma Sheppard" says are down but not out. Many out of employment, many who have gone to the bottom of degradation by gambling and drinking, are taken into these homes and given the chance which perhaps in their earlier childhood were denied them.

There are 124 industrial homes for men in the United States today; seven young women's clubs; 67 hotels for men, two hotels for women; there are 12,331 senior buildings and 12,350 junior buildings; 1833 men were taken care of last year in just the industrial homes; also 12,577, 13 War Cry papers printed this past year. In the children's home in Detroit, there are 11 small children of which 16 are learning piano and five violin. There are 15,000 industrial homes and industrial hospitals in various parts of the United States. Seven hundred ninety-seven prisoners were paroled to the Salvation Army from various places.

Much of the work that the Salvation Army has accomplished has not been realized by the people, but I'm sure that those who heard "Ma Sheppard" talk have had a new awakening.

On Sunday, May 11th, at the Presbyterian church, many Plymouth people had the pleasure of hearing one of the most loved, respected and helpful persons in the world today, Lt. Col. Mary Sheppard of the Salvation Army, whose work was known among dug-outs and battered cantons during the world war, to be held at the most grand large city. Her talk, besides being interesting, was one that touched the hearts of every person there; of work done in the slums of large cities where there is nothing but crime, crime; of work over seas in dug-outs where any moment one might be dashed into a thousand pieces. Was "Ma Sheppard" afraid? No, not the "Ma Sheppard" whose whole heart is in helping others.

O. D. Peck Dies Suddenly

Orin D. Peck, a life-long resident of this village and vicinity, passed away suddenly Monday evening at the home of his sister, Mrs. C. H. Bennett, where he had gone on a short time before. Mr. Peck had been in his usual good health and had worked all day previous to his death, which came as a great shock to his relatives and friends. Heart trouble was the cause of death. A more extended notice will be given next week.

Will Hold Fair-Bazaar May 19-24

The Myron Beals Post No. 32, American Legion, will hold an out-door fair and bazaar for one week, starting Monday, May 19th, and ending Saturday, May 24th. The event will be held on the Thomas property on Theodora street. Among the many attractions will be a variety of merry-go-round and various concessions operated by the Legion boys. A good time is promised for all who attend.

Poppy Day May 24

Poppy Day will be here again on Saturday, the 24th. Everyone should be ready with willing hands and hearts to help on that day, to honor our soldier dead, who fell amid the flaming poppies of Flanders Field. Wear a poppy, every man, woman and child of Plymouth, as a deathless symbol of the courage and sacrifice of those who went away and came not back.

On the morning of the 24th, the Ladies' Auxiliary of the Ex-Service Men's Club will offer you a poppy, and in the afternoon and evening, the ex-service men will have them for you. Will you buy one, give what you can for it, and know that besides honoring our soldier dead, you will be helping our sick and handicapped ex-service men and their families.

Death of Little Girl

Lucile Wieden, thirteen-year-old daughter of Mr. and Mrs. Albert Wieden of 644 Pine street, died at Harper Hospital Wednesday evening. The little girl, who had been in poor health for some little time, was taken to the hospital on Wednesday afternoon.

Funeral services will be held from the Schrader Bros. Funeral Home, Saturday afternoon at 2:00 o'clock. Dr. F. A. Lendrum will officiate.

Mrs. Walter Madsen has purchased the Plymouth Hotel Restaurant, which she successfully conducted a year or more ago. Since leaving Plymouth, Mrs. Madsen has been operating several restaurants in Detroit. She has an ad in today's Mail.

DON'T BE MISLED

Straggling census figures have commenced to appear and already the report has gone forth that it shows the cities making gains and the smaller towns recording losses since the 1920 census was taken. But Plymouth residents will not be deceived into believing that it reflects on the ability of the smaller towns to hold their own. The fact is America gains a good many thousand new citizens each year through immigration, and these all drift into the big cities, and remain there. Then too, our farms are being cut up and more opportunities offered those who want to make a living out of the soil. And it is the town man that most often grabs at the opportunity, not the city man. He still lives in the community, even though he is not counted in the town's population. So don't be misled by early census returns. Stop and reason the figures out for yourself. You won't be long in determining, if you are inclined to be skeptical that the small town and rural population still makes up the biggest part of the country and will continue, as in the past, to be the real heart of the nation.

MORE OVERALLS

One of the biggest manufacturers of work clothes in the country reports that sales this year are 20 percent greater than for the same period in 1929. What this means is a question. They may be due to a desire to protect more expensive clothing, or to a greater turning to the soil and to the tasks of life that demand work clothes. But to the average Plymouth man the increased sale of overalls—the blue uniform of labor—can only mean that more men are now working with their hands than ever before. It may be the first sign of a rejuvenation that will benefit the whole nation, a new determination on the part of Americans to work for their living instead of letting someone else earn it for them. At any rate, we are told that more overalls are being sold this year than ever before, and that is certainly not a bad sign in a country where overalls are still highly-respected article of clothing.

EARLY THIS YEAR

The forest fire season is somewhat early this year with thousands of acres of Virginia timber already consumed by flames. As a rule forest fires only come after hot summer suns have dried out grass and fallen timber. But the Virginia fires serve to point out that any season of the year is a dangerous season and that it is still possible to cause great damage with careless match and camp fire even when everything outdoors is green.

Motorists around Plymouth are commencing to get out in the open and this means a greater need on their part for guarding against just such a calamity as has recently visited some 20 Virginia counties. It is up to the people who enjoy recreation outdoors, as well as those who get their livelihood from them, to exercise seasonable caution at all times. A camp fire left unextinguished, burning tobacco discarded without thought of possible consequences, a match lightly tossed away—any of these acts may cause an outdoor fire that will destroy thousands of dollars worth of property before it can be extinguished or gotten under control.

It takes but a second to make sure a match is extinguished before it is thrown away. It takes but a few minutes to smother out the embers of a camp fire before leaving it. Then why not be on the safe side and make sure you have not been the agency through which someone's property, possibly someone's home, was destroyed?

ONE COMMON TOPIC

If you would ask us what topic is most often discussed, and by the greatest number of people around Plymouth we would not hesitate to reply—the weather. The weather and its effects on health has always served us well when we could think of nothing else to talk about, and it probably always will.

We speak of winter colds, spring fever and summer complaints, showing that it is a common idea to connect the weather or the temperature with certain types of illness. But does the weather really have an effect on one's health? The answer is emphatically—yes. It is a well established fact that at the change of seasons with sudden fluctuations of temperature there are an unusually large number of colds. It is also known that certain contagious diseases are likely to be more prevalent at one time of the year than another. The occurrence of measles, for example, reaches the highest number of cases sometime in the spring; smallpox is called a cold-weather disease; typhoid fever is more common and more virulent in summer.

And that brings us around to what we are trying to get at. That is that we are again entering the warm period of the year when one must be extremely careful about the purity of drinking water, and when we must be on our guard to prevent the maintenance of breeding places of the germ-carrying mosquito. From now on through the summer months we must use extreme precaution in protecting ourselves and our families from these dangers. It is a matter entirely too serious to be dismissed with a wave of the hand. Watch your drinking water, and stamp out every spot where mosquitoes and flies are apt to breed.

KING "HANDY ANN"

Kitchen Garbage Pail

Consisting of Galvanized steel inner pail which is lock seamed, strengthened with wire ring top. Recessed bottom with two heads which also strengthens it. Also has galvanized handle or bail—absolutely water-proof or nonleakable.

Outside shell is made of steel with special bail for carrying. Has substantial foot pedal for opening self-closing cover. Exceptionally well enamelled in colors with stripes as follows. Also floral decoration on front.

CHERRY HILL

An anniversary supper for the church house, which was dedicated one year ago, will be given by the Ladies' Aid Friday evening, May 23.

The Parent-Teacher meeting was held at the school house, Monday evening.

Jerome West spent the week-end at Homer, with a friend.

Mr. and Mrs. Alfred West, Billy and Arthur Huston of Sheldon, and Earl West of Battle Creek, spent Sunday with Mr. and Mrs. Wm. West.

Hough School Notes

Miss Jameson visited our school Thursday morning, and gave us our reading tests. We found that many of us had improved from two to three years, and all of us at least one year. Annabelle Becker, Eli and Edith Mettetal, and Jeannett Schwartz have had the measles.

We made a good English poster.

We have made pretty robins for our windows, and we have lilacs and apple blossoms in our school room.

Our P. T. A. meeting will be held Thursday night. Eva Griffith is going to be our speaker.

We are going to have our May day next week. Then Miss Reed will award our badges.

We are going to have a party Monday, and are going to run field day races and pick winners to enter the contest at Elizabeth Park.

We are going to clean our school yard next week.

We will hold our picnic May 23rd, at Cass Benton Park.

Harriett Tillotson is back to school again, and we are all glad.

Some of the pupils have made May baskets with flowers in them.

Reporter—Bernice E. Witt

What is believed to be a world record for duck pins was bowled by Donald McGary of Bangor, Me., recently. McGary rolled 105, 184, 147, 133, 118, 180, 146, and 136 in 10 consecutive strings for a grand total of 1475.

Little faults are responsible for most of Gopher's troubles, and to make matters worse, they usually come in gangs.

Hear the High School Band, Orchestra, Glee Clubs and many added attractions at the High School Musical, next Friday night.

Today's Reflections

Our idea of a convincing talker is the Plymouth man who can keep both hands in his pockets when he is telling a fish story.

Just one more word of caution to Plymouth motorists: The best place to gas when driving a car is at the filling station.

To settle a wager, a Los Angeles man sent his small chain-driven automobile over the hurdles recently with as much ease as his opponent took the barriers on a spirited jumper. Car and horse raced down a field side by side, the auto taking the leap over the barrier after running up a short platform incline, both machine and animal going over together.

Why not

"I had something loose in my car last night."

"Gosh, did you get her telephone number?"—Pickup.

A bank's life and growth depend almost exclusively upon the life and growth of business in the community. Its deposits and loans naturally rise and fall with the volume of business and fluctuations in profits and incomes.

The prime function of a bank therefore, is to foster business enterprises to the extent of the community's needs. In performing this function, this institution places at the disposal of business men banking facilities and resources adequate to meet every local commercial need.

DOINGS IN THE FIELD OF SPORTS

WEST POINT PARK TROUNCES PENNSYLVANIA RAILROAD 7-1

The Down River baseball league opened the season last Sunday with real games in the various places.

A parade and band concert was the feature of the opening game at West Point Park last Sunday, where West Point Park and Pennsylvania Railroad played. West Point trounced their visitors to a tune of 7 to 1.

Shields, pitching for West Point Park, last year's winner of the Inter-county league, registered 17 strikeouts and allowed but six hits. The team gave him excellent support.

West Point will play Dearborn next Sunday at Ford and Miller roads at three o'clock.

DE-HO-CO TRIMS GAINES 8 TO 5

De-Ho-Co Baseball Team defeated Gaines last Sunday by a score of 8 to 5.

Denniston elected Snider to oppose Gilbert on the mound. Gaines proceeded to put on an exhibition of hitting that promised to be a runaway, but Snider never gave up. Gaines scored three runs on three hits in the first and it looked bad. De-Ho-Co came back with two in their half of the first. Neither scored in the second but Gaines scored two in the third on three hits and an error by Snider, while De-Ho-Co could only score two. Gaines had done their worst while the Farmers proceeded to work on Gilbert. Jaska again drove a homer over Palmer's head in the eighth and in the ninth De-Ho-Co scored three. Jaska had Hartner in the bull for most of the time but Snider working for the first time this season went the route allowing but nine hits and passing Gilbert while a hit instead gave the De-Co-Holtes only eight, but walked four.

Ann Arbor "Hagen Clothiers" will play the Farmers next Sunday, May 18 on the Detroit House of Correction diamond.

A Few Tips On Minnows Are In Order

Conservation Department Tells Where One May Carry His Bait Legally.

A commercial minnow dealer, taking minnows from any inland lake, can sell the minnows only at the lake where taken.

This one regulation of the minnow laws has caused considerable confusion among anglers, according to the fish division of the department of conservation, and several letters have been recently received asking whether minnows can be transported from one county to another.

Minnows, according to the fish division, being state law and conservation commission regulations, may not be transported outside of the state at any time, but there is no restriction as to transportation within the state except as follows: Minnows may not be seized, transported or taken from the waters of any trout stream, but may be taken from other inland waters for personal use within the state.

Wiemann Resigns

(Tad) Wiemann, Michigan's hero of the war time decade, the schools' greatest line coach and for two years head football coach, presented his resignation to the board of regents at Ann Arbor Saturday night.

Except for the war time period, Wiemann has been connected with Michigan since he entered here as a freshman in 1915.

Wiemann resigned to enter business, having taken the Western Michigan agency for an insurance company. He will not leave football completely, however, as he is to be line coach and first assistant to Fritz Chrysler at Minnesota next fall.

"Sandy" Fowler Is "Pro" At Westchester

"Sandy" Fowler, well known in Detroit Golfing circles has been appointed permanent Professional at Westchester Golf Course, on South Huron road near Ypsilanti, it was announced Saturday.

"Sandy" has been instructor for this past year at the Boulevard Indoor Golf school and the First National school. Previous to that he was assistant "Pro" at Birch Hill for three years.

He came to Canada from Scotland in 1920 and was employed by the St. Clair Golf Club as Professional. From there he went to Miami Valley Golf Club in Dayton, Ohio and then came to Detroit as assistant to Billy Robinson at Aviation.

In Deadhead, Scotland "Sandy" was Assistant Professional for many years. In his first round at Westchester, Sandy shot a 78, which wasn't bad considering the fact that the Par of 72 on the new course has never been made to date.

"Sandy" will be on hand daily at Westchester from now on to instruct students in the fine points of the game.

Week-end In Sports At U. of Michigan

Friday—Michigan at Northwestern.

Saturday—Michigan at Illinois, baseball; Michigan at Minnesota, track; Michigan at Minnesota, tennis; Michigan at Wisconsin, golf.

Regulations

A circular detailing the provisions of the shooting preserve law and outlining the regulations as determined by the conservation commission, has been prepared by the game division of the department of conservation. Copies of the circular may be obtained on request to the department's offices at Lansing.

SPORTS CALENDAR

Today, May 16—Northville H. S. vs. Plymouth H. S. here.

Saturday, May 17—Regional track meet, here.

Sunday, May 18—"Hagen Clothiers" of Ann Arbor vs. De-Ho-Co at Detroit House of Correction Farm.

Sunday, May 18—Tau Beta Y. M. C. of Hamtramck vs. Plymouth at Burrough's Field at three o'clock.

Sunday, May 19—West Point Park vs. Dearborn at Ford and Miller roads at 3 o'clock.

FORD TAPS DEFEAT DUNN STEEL TUES.

The Ford Taps defeated the Dunn Steels in the Playground League opener, Tuesday evening on the High School grounds, scoring eighteen runs against nine by the Dunn Steels. J. Britcher pitched the first seven innings for Ford Taps and was relieved in the seventh by Geo. Britcher. Wm. Schlaf, the southpaw went the route for the Steels.

Ford Taps 1 1 3 6 2 0 2 0 3—18
Dunn Steel 2 0 1 0 3 2 1 0 0—9

HARRY GERMAN WILL HURL OPENING GAME WEDNESDAY EVENING

Mayor German of Northville is going to have a busy week. Besides his duties as mayor and business, he will pitch his opening ball game for 1930 on next Wednesday night at twilight.

It marks his 42nd consecutive season as a pitcher and the Village Commission, Rotary and Exchange clubs of Northville, are pushing this event for a big turn out. The game will be: Northville versus Romulus and will be played at 6:30 o'clock.

The High School band will furnish music. Mayor Bowles and Sheriff Ira Wilson will be guests.

SPORT NOTES

During the regime of Fred Luehring as athletic director of the University of Minnesota built a stadium and field house. When Luehring resigned recently Fritz Trisler newly appointed football coach, was named athletic director.

T. A. Honra, Sunningdale, won the English native golf championship by defeating G. E. Goodman, Manchester, three up and two to play, in a 36-hole final match.

South Dakota has reaped an unbelievable profit from the 7,000 pheasants planted by the state in 1912, '13, and '14. In 1929 the hunting season was extended to 90 days, the daily bag limit placed at 7, resulting in an estimated kill of 2,000,000 birds. At the close of the season conservation officers reported that pheasants seemed almost as numerous as before.

Glen Westerberg, 3750 Riehton avenue, Detroit, joined the hole-in-one club Thursday afternoon when he made the fifteenth hole at Palmer Park in one shot. The fifteenth at Palmer is 187 yards. Westerberg used a No. 2 iron to make the shot.

Ed. Gill, new Baltimore outfield, played with pennant winners at Albany and Decatur the last two seasons.

Kid Chocolate, Cuban featherweight, has been matched with Bud Taylor. There have been veterans in a 10-round bout at Elberts field June 18. Jess McMahon has announced.

Big Mud Lake and Little Mud Lake in Grand Traverse county were designated as "pike lakes" by the conservation commission. The lakes are in Green Lake and Long Lake townships.

Willis Hudlin, Cleveland pitcher, was a star fullback in high school at Wagner, Okla.

Al Mihren, A's recruit pitcher, is said to be one of the fastest base runners in the game.

The University of Washington Alumni Association will raise \$15,000 to send its victorious varsity eight-oared crew and freshman oarsmen who recently defeated the California Bears, to the Intercollegiate classic on the Hudson River in June.

Fritz Trisler, new athletic head of the University of Minnesota has proven very popular in Minneapolis since his arrival from his former post as mentor at the University of Chicago. He has been able to have only breakfast at home, he says.

Switzerland will not be represented in the Olympic games of 1932 at Los Angeles. The expense involved was the reason given.

Darkness brought a halt to a base ball game at New Bern, N. C., in the second inning, when one team of boys had amassed the amazing lead of 82 runs. The losing nine used three pitchers but failed to stem the tide of hits and runs.

Harmony on Sox Team

HAGGERTY A. C. LOSES ANOTHER

Liberty A. C. scored five runs in the first three innings last Sunday to win from Haggerty A. C. 5 to 2, at Canton Park.

The Detroiters touched Hagenonals for five runs and seven hits in the early part of the contest which proved disastrous to the home club. After the third inning both teams settled down and played good ball, exhibiting some beautiful hitting and fielding.

A rally in the seventh inning looked as if it might prove fatal to the Liberty A. C. when Haggerty A. C. filled the bases with no one down, but a double play and a fly to short stop killed the attempt.

The Tasty Bread Club of Detroit, will oppose Haggerty A. C. Sunday, May 18, at Canton Park. This promises to be a real battle.

FLORIDAY A. C. BEATS DE-HO-CO

Last Saturday the Detroit House of Correction baseball nine were defeated to the tune of 3 to 4 by the Floriday A. C. Floriday got off to an early lead by scoring a run in the first inning. The De-Ho-Co's came back to take a temporary lead when it scored a run in each of the fourth, fifth and sixth innings, but the advantage was short lived as the Floriday's pushed across two markers in their half of the sixth to again knot the score. The clubs then battled on even terms until the eleventh, when Floriday jumped on Hartner for two hits and the winning run. Duty allowed but three hits during the eleven innings.

Floriday 1 0 0 0 0 2 0 0 0 1—1
De-Ho-Co 0 0 0 1 1 1 0 0 0 0—3

CEDAR ISLAND IS EASY PREY TO PLYMOUTH

The stellar pitching of "Jerry" Maskrey, Plymouth's southpaw hurler, was too hard for Cedar Island to solve and the locals won their second game 11 to 2 last Sunday at Cedar Island.

"Jerry" sure was right Sunday as he set the opponents down with 3 hits, two of which were scratch hits. It was too bad that the local fans were unable to see this stellar exhibition of pitching as he showed the boys he could pitch.

The locals started off in the first inning by gathering one run and scored consistently in all but two innings. The team has found their hitting stride as they showed in last Sunday's game. The fielding was also of a stellar type, considering the sand field. Ritchie and Strasen walked honors in hitting for the locals. Walker also came through with a clean and timely single.

Weston, Cedar Island's lead-off man and Wolfe did their heavy stick work. Next Sunday Plymouth plays the strong Tau Beta Y. M. C. team of Hamtramck. The local fans well know the teams Hamtramck turns out, so come out Sunday to see a fast ball game at Burrough's Field at three o'clock.

A CARD—I wish to thank all those who so kindly assisted in my late bereavement, especially Mrs. Bake for the song and Rev. Riley for his comforting words. Mrs. A. P. Scott. 1p

With Moe Berg's injured knee and Johnny Riddle's inability to throw out runners the White Sox catching department was the weak spot in the team Donie Bush started.

PROBATE NOTICE
No. 160524
STATE OF MICHIGAN, County of Wayne, ss.
At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the ninth day of May in the year one thousand nine hundred and thirty.

Present, ERVIN R. PALMER, Judge of Probate.
An instrument in writing purporting to be the last will and testament of said deceased having been delivered into this Court for probate.

It is ordered, That the thirteenth day of June, next at ten o'clock in the forenoon, at said Court Room be appointed for proving said instrument.

And it is further ordered, That a copy of this order be published three successive weeks previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulating in said County of Wayne.

ERVIN R. PALMER, Judge of Probate.
Theodore J. Brown, Deputy Probate Register.

LAWRENCE PREDICTS FOOL PROOF PLANE

Motor Designer Points Out Probable Improvements.

St. Louis.—An airplane, "foolproof" and as easy to drive as an automobile, eventually will be a reality, Charles L. Lawrence, designer of the Wright Whirlwind motor, believes.

"You will steer these planes to the right or left with an automobile wheel, just as you would a car, and with no fear of making a false move," Lawrence commented.

"You will go up or down simply by pulling or pushing the wheel and the airplane will be in perfect control in every position and at any speed even when descending."

"The stick which now maneuvers the plane will be done away with, also the necessity of using the feet on pedals," he said.

Lawrence, to whom President Coolidge presented the Collier trophy to the greatest achievement in aviation during 1928, said he believed too much dependence upon the personal equation constitutes the largest fault of the present-day plane.

Although he admitted the present-day craft yet is imperfect, Lawrence emphasizes that the airplane, "when in competent hands, is a sound means of transportation."

Construction of the airplane motor and frame have been improved to such a degree that most accidents and crashes are due to bad judgment of the pilot, the motor expert believes.

Fire hazards of the present-day plane will be eliminated, adding further to safety of flying.

"The hazards," he said, "will be eliminated by preventing other parts of the machine from becoming hot from exhaust and the use of a less volatile fuel."

"No matter how safe flying becomes, bad judgment of pilots will continue to cause accidents just as it does today with the automobile."

GLIDER CLUB HEAD

Maxine Dunlap Templeman, first woman in the United States to qualify for a Department of Commerce glider license, who has been appointed president of the Bay Region California Glider club by the National Glider association. She is the first woman glider club president in the country.

LEADERSHIP

For the first time in its 70 years of history A&P Stores have passed the BILLION dollar mark in sales. There MUST be a reason for this continued growth—this LEADERSHIP! A&P's trend is to GREATER sales and LOWER prices. A&P now averages 2 1/2 cents profit on the consumer's dollar. As business increases A&P passes on the savings thus attained by LOWERING prices. You, too, can benefit from A&P's leadership, for the SURE way to save is by CONSISTENT shopping at your nearest A&P store!

At this season Michigan milk fed veal is at its best and we are passing on to our customers a big saving made possible by the low market at the present time.

THE GREAT ATLANTIC & PACIFIC CO.

Hog Island Yard Will Become Great Terminal

Philadelphia.—Hog Island, the greatest shipyard in the world in time of war, is planned to become one of the greatest air-mechanic-rail terminals in the United States in time of peace.

After much dickering between Philadelphia and Washington, the federal government, through the United States shipping board, has agreed to sell the World War shipyard site to the municipality for \$3,000,000.

Slowly decaying since it made its great wartime record in the building of ships, Hog Island is to be transformed into a great terminal, according to present plans, where ocean steamships, transatlantic ships of the air, and transcontinental trains and airplanes may load and unload passengers and cargoes.

The total area involved in the purchase is 946 acres. Of this 307 acres will be used for the airport, 70 as a seaplane base, and 569 for the marine and rail terminal.

New York State and California Leading
Washington.—New York and California still lead all other states in the number of planes and pilots, a recent report of the Department of Commerce shows.

New York has 977 licensed planes; California, 832. Callifornia, however, has 903 transport pilots, 18 industrial pilots 178 limited commercial pilots 176 private pilots and 1,461 mechanics, compared with 34 transport pilots, 13 industrial pilots, 135 limited commercial pilots, 513 private pilots and 733 mechanics for New York.

Black Suede
At spring sales of gloves do not overlook the chic of black suede gloves, either in six or eight button length or fastening at the wrist for street wear.

Belted Jackets
Four out of five sports suits in tweed have some kind of a belted jacket. Some of the featherweight tweeds make much of unusual pockets, yokes and cuffs, too.

We do job printing.

Rocks Defeat K. of P. Team

The Knights of Pythias met their first defeat of the season Wednesday evening by the first team who call themselves the "Rocks" by the score of 13 to 4.

Matheson led the attack for the Rocks, collecting four hits, one of which was a home run, and scored four runs. Matheson also pitched a fine game, allowing only six hits. Curtis and Burger of the Rocks also collected a homer apiece.

Rocks: 0 1 0 1 0 5 2 0 4—13
K. of P.: 0 0 1 0 0 0 2 0 1—4

May 20 the Rocks play Ford Taps on the Ford Taps home field.

RACING AUTOS GETTING READY

With entries closed, expert mechanical touches are being given racing cars in preparation for the qualifying and time trials which will determine the 40 cars to face the starter in the International 500-mile race for \$100,000, which will be held at the Indianapolis Motor Speedway, May 30.

Forty-three cars make up the list of entries and teams are arriving at the track-side every day, increasing the population of "Gasoline Alley," the rows of garages where the speed cretulous are groomed for the long, grueling race which each year attracts the largest crowd of spectators to any event in America.

Three outstanding foreign stars have filed entry for competition. They are the fastest cars in Europe with a record of 152.85 miles an hour. Baroni Borzaccchini on an Italian 16-cylinder Maserati; Letterlo Piccolo Cuchotta at the wheel of an Italian eight-cylinder Maserati; and Jean Gaudino, South American champion.

Two Men Ride Now.

Changes in specifications for the coming racing classic demand that two men ride each car—a riding mechanic as well as driver. Engine sizes may vary from 140 to 160 cubic inches as large as 306 cubic inches piston displacement or four times as large as the motors raced during the past four years. There will be almost as many shapes and sizes of motors and cars as there are team entries.

Changes in rules have attracted Duesenberg, Stutz, du Pont and Chrysler entries. Several other entries using well-known stock car manufacturers' mechanical models as a basis of construction are masquerading under other names.

Forty cars are permitted to start in the Indianapolis event this year—seven more than ever before. Cars are required to qualify at a speed of 85 miles an hour over a 30-mile trial—four laps over the track with two long, two shorter straightaways and four quarter turns. Faster cars line up in front, three cars to a row. There are four, six, eight and 16-cylinder motors entered.

Meyer Is Back Again.

Leading American driving stars include: Louis Meyer, American speedway champion for the past two years, winner of the 1928 Indianapolis race in 1925 when he established the existing record of 101.13 miles an hour for the distance; Harry Hartz, three times second and twice fourth in Indianapolis runs and champion in 1926; William "Shorty" Cantlon, who will drive the fastest four-cylinder car in the world, which he recently speeded to a record of 144.92 miles an hour; Lou Moore, a second place driver; Phil "Red" Shifer, who has been as high as third; Egbert "Babe" Stapp, widgeo speeder, weighting only 128 lbs.; Willbur Shaw, champion of the dirt tracks.

Some New Entries.

There also is a group of new drivers, who never before have driven at Indianapolis, some of them unknown to big league racing, who have put their names in the fame of dirt tracks in large, dusty letters.

With the largest advance seat sale in the history of the historic track which celebrates its twenty-first birthday with the running of the race, May 30, there is every indication that the largest crowd in the history of the track will be in attendance.

The entries are:

Miller hi-speed special, William "Shorty" Cantlon.
Unnamed, Leslie Allen.
Maserati, Baroni Borzaccchini.
Chrysler, Juan Gaudino.
Coleman front drive, Phil Shafer.
Coleman front drive, Lou Moore.
Sampson special, Louis Meyer.
Duesenberg, Peter De Paolo.
Duesenberg, unnamed.
Miller front drive Harry Hartz.
Unnamed, Zeke Meyer.
Guilberon special, Ernie Triplett.
Unnamed, Louis F. Schneider.
Mave Carburetor special, Anthony Galotta.
Mave Carburetor special, Melvin Kenely.
Slade special, J. C. Slade.
Duesenberg special, unnamed.
Empire State special, Willbur Shaw.
Buckeye special, Chester Gardner.
Decker special, Rick Decker.
Stutz, unnamed.
Russell eight, Russell Snowberger.
Du Pont, Charles Moran, Jr.
Fansin, Jr. special, Fred M. Fansin.
Morton & Brent special, James Klem.
Romthe special, J. C. MacDonald.
Unnamed, Cy Marshall.
Butcher Bros. special, Harry A. Butcher.
V-elcht, Claude Burton.
Unnamed, David Evans.
Betholine special, Frank Farmer.
Unnamed, W. H. Gardner.
Fronty special, Chester Miller.
Maserati special, Letterlo P. Cuchinnatto.
Ambler special, G. D. MacKenzie.
Nardi special, William Denver.
Trexler special, Marion Trexler.
Duesenberg special, Deacon Litz.
Unnamed, Johnny Seymour.
Unnamed, Joe Huff.
Hoosier Pete special, unnamed.
Duesenberg special, Egbert "Babe" Stapp.
Duesenberg special, unnamed.

Qualifying trials to decide the 40 fastest cars of the 43 entered that will start the race will begin Saturday, May 24.

Don't forget the Muscals at the High School next Friday night, May 23.

A la O. O. McIntyre—Roger Vaughn came early, left early. Wish he'd stay longer. Harry Mumbo all dressed up but just as demeritic. Gottschalk taking in money like nobody's business. H. Barnes taking it easy—Oh! how he likes to see one suffer. Seemed to be Stevens' night—Wm. George and Kon. Lee Sackett, the old faithful, always willing. Floyd Eckles, his pencil sure agrees. Wm. Paetzle, not often but welcome.

About eighty sat down to supper. Would like to know who cooked roast beef that way. It was too good to be true.

Five new comrades entered club last meeting: G. C. Stevens, Heg. Army; H. Quee, British, World War; L. Fortin, U. S. World War; J. Pearl, Spanish-American War; Frank Richmond, Indian Wars.

All club members who can be requested to line up for drill Monday night at 7:00 o'clock. Schoolhouse grounds. Meet Harry Brown there.

Poppy day, May 24th. Ladies Auxiliary have the poppies ready. Ladies will sell in the morning. Men will have the afternoon and evening.

Commander Harry Barnes has some club uniforms left. Any comrade who desires one get in touch with the commander.

Decoration Day will see a great turn-out of club members. Get your uniform spick and span for that day.

NEWBURG

Mrs. Dale Liscom and daughters of Redford, spent Friday afternoon at the home of James McNabb; and Mr. and Mrs. Warren Joy and family were Saturday evening callers.

Miss Alice Gilbert of Albion College, arrived home Thursday evening to spend the remainder of the week, and Miss Joy McNabb came on Saturday, both returning to Albion Sunday evening.

A fine Mother's Day program was given during the church service, Sunday.

The Epworth League young people had a picnic lunch on the flats Saturday afternoon.

Mr. and Mrs. Robert Holmes and family visited Mrs. Holmes' sister and family in Flint, on Sunday; they also called on Rev. and Mrs. Havens at Mt. Morris.

Rev. and Mrs. Johnson and family were calling on Newburg friends, Saturday.

Mrs. Hattie Ostrander and Mr. and Mrs. S. Ostrander and daughter took dinner with Mr. and Mrs. Mark Joy on Sunday.

Mr. and Mrs. Verulo Mackinder and family of Grand Rapids, spent Saturday and Sunday with Mr. and Mrs. Clark Mackinder.

The Newburg cemetery presents a very nice appearance, as the grass has been mowed and cleaned up generally. The annual assessments are now due.

Mr. and Mrs. T. J. Levandowski entertained for Sunday dinner: Mr. and Mrs. Wm. Wallace, Mr. and Mrs. John Zielasko and son, Frank, Mr. and Mrs. Dolatowski and daughters, Helen, Genevieve and Marion. All guests were from Detroit.

Mr. and Mrs. Anthony Zielasko were Sunday callers at Levandowski's.

SALEM

Perry Austin, Mr. and Mrs. J. A. Devereaux and Mr. and Mrs. H. B. McKnight of Walled Lake, were Sunday callers at the Lewis Heath home.

Mr. and Mrs. W. McCallough and Dorothy of Plymouth, were Saturday evening callers of Mr. and Mrs. John Herlick.

Miss Frances Anderson was a Tuesday night guest of the M. Franklin family.

Mr. and Mrs. Frank Ryder and Mr. and Mrs. G. D. Roberts and daughter, were Sunday dinner guests of Mr. and Mrs. George Nollar of Manchester.

Mr. and Mrs. Charles Darrow were Sunday callers at the G. Penny home near Plymouth.

Miss Frances Anderson spent the weekend with Mr. and Mrs. H. Proctor and family.

Mr. and Mrs. John Herlick visited relatives at South Lyon and Plymouth Sunday.

Mr. and Mrs. R. E. Stanbro visited relatives in Detroit, Sunday afternoon.

Mr. and Mrs. M. Rowlock and family and Mrs. James Dickle of South Lyon, and the Misses Ruth and Dorothy Foreman of Detroit, spent Sunday with their parents, Mr. and Mrs. G. C. Foreman.

Mrs. James Dickle of South Lyon, underwent an operation on her nose Monday, at Dr. Mellus' hospital, Brighton. Mrs. Arnold Luksche and her mother accompanied her there.

WHITBECK'S CORNERS

Donald Schille is spending a few days with his grandparents, Mr. and Mrs. Arthur Hanchett of Garden City.

Mrs. A. Parrish spent from Thursday night till Saturday at the home of her daughter and family, Mr. and Mrs. Arthur Hanchett of Garden City, and attended the Mother and Daughter banquet at that place.

Walter Dethloff, who has been sick for several days the past week, was able to resume his work again Monday.

Mrs. Georgia McCracken is spending a few days with Mrs. Agnes Parrish in Robinson Sub.

Mr. and Mrs. Walter Dethloff and two sons were Sunday guests at the parental home of Mr. and Mrs. Henry Klatt, in Perrinville.

The former neighbors and friends of Mrs. Parrish made a little surprise on her by coming with well filled baskets to help her celebrate her seventy-seventh birthday Tuesday.

There were guests from Perrinville, Garden City, Newburg and this place. At the noon hour they all sat down to a bountiful dinner prepared by the ladies. The day was ideal, and all one could wish for and was spent in visiting. They left for their homes wishing her many more happy birthdays.

Mrs. Archie Collins and Miss Minnie Proctor were recent callers at the Parrish home.

Mrs. LaGron's grandson and friend of Detroit, were recent callers at her home here.

According to Dad Plymouth the best way to keep out of a penitentiary fire is to keep out of the penitentiary.

A Compliment
She: You've been drinking whisky.
Amateur Distiller: Thank you.
—Carolina Tar Baby.

**OFFICIAL PROCEEDINGS
OF THE VILLAGE
COMMISSION**

Plymouth, Michigan,
April 21, 1930.

A regular meeting of the Village Commission held in the Commission Chamber of the Village Hall, April 21, 1930, at 7:00 p. m.

Present: President Robinson, Commissioners Hover, Kehrl, Mimmack and Wiedman.

Absent: None.

The minutes of the regular meeting held April 7th, were approved as read. Mr. L. Ferenczi, proprietor of a pool room upon Penniman Ave., appeared before the Commission with the request that he be permitted to keep his place of business open for at least one-half hour beyond the time stipulated in the ordinance regulating pool rooms. After some discussion of the matter it was moved by Comm. Wiedman supported by Comm. Mimmack that the request be taken under advisement until the next regular meeting. Carried.

Berg D. Moore and Arthur Blunk presented a petition requesting the cooperation of the Village in the matter of erecting suitable and attractive signs indicating road directions and carrying information concerning Plymouth, at suitable locations within or near the Village; also a petition requesting the flushing of pavements in the business districts at least twice per week by the Village during the summer months. After consideration of the petition relative to signs it was moved by Comm. Wiedman supported by Comm. Kehrl that the President and Manager be directed to work with a committee of three representing the Chamber of Commerce to consider the matter fully and to draft definite recommendations for presentation to the Commission at a later meeting. Carried. Relative to the request that pavements in the business districts be flushed during the summer, the Manager was informally directed to see that this is done.

The Treasurer raised the question of minor adjustments which it is found necessary to make in water bills from time to time. He recommended that the Commission authorize the Manager and Treasurer to make such minor adjustments which become necessary through clerical error in making of records or through faulty operation of meters. Upon motion by Comm. Kehrl, supported by Comm. Wiedman the recommendation of the Treasurer was accepted and authority given to the Treasurer and Manager to make such adjustments in water bills.

Mr. W. B. Hulsell presented a petition calling attention of the Commission to the fact that special assessments levied against his property for sewers and pavements exceed the maximum amount permitted by the Village Charter, and requesting that the Commission take such action as will bring about a proper adjustment of said assessments. After consideration of the matter a motion was offered by Comm. Hover and supported by Comm. Kehrl that the petition together with records bearing upon the case be referred to the Village Attorney for study and his report and recommendation as to the action to be taken. Carried.

Mr. Fred Reiman appeared before the Commission and raised objection to an assessment for water tap and sewer connection installed in anticipation of pavement during 1927 at the direction of the Commission, contending that said tap and connection would be of no present or ultimate benefit to his property, and he therefore should be relieved of the assessment covering same. Upon motion by Comm. Wiedman supported by Comm. Kehrl the petition was tabled for consideration until the next regular meeting.

The Manager presented the matter of work done by Mr. Henry Wright, 550 So. Main St., in extending at his own expense and for a distance of eight feet a sanitary sewer connection for which he had been assessed the cost in full. Recommendation was made that Mr. Wright be reimbursed for his work at the rate of one dollar per foot, making a total of \$8.00. Upon motion by Comm. Mimmack supported by Comm. Hover the recommendation of the Manager was accepted and Mr. Wright was ordered reimbursed for his work.

Plans, profile and estimate covering a proposed sanitary sewer for the benefit of property upon Blunk and Ann Avenues north of Junction Avenue were presented for consideration of the Commission. It was moved by Comm. Wiedman supported by Comm. Kehrl that plans, profile and estimate as presented be accepted and placed on file, and that the Clerk be directed to advertise a public hearing upon the proposed improvement to be held in the Commission Chamber May 5, 1930 at 7:30 p. m. Carried.

Plans, profile and estimate covering a proposed storm sewer in Farmer St. from Adams St. to Karmada St. and in Karmada St. from Farmer St. north to the end of the street was presented for approval of the Commission. It was moved by Comm. Wiedman supported by Comm. Hover that plans, profile and estimate as presented be accepted and placed on file, and that the Clerk be directed to advertise a special hearing to be held in the Commission Chamber May 5, 1930 at 7:00 p. m. Carried.

The following bills were approved by the auditing committee:

Corbett Electric Co.	\$ 1.25
Strong & Hamill	52.00
Kenneth Anderson Co.	2.50
Ford Motor Box Co.	2.62
Sanitary Products	6.00
Standard Oil Co.	1.50

Total	\$65.86
-------	---------

The following checks written since the last meeting were also approved:

Wm. Martin	\$ 14.85
Administration pay roll	459.58
Cemetery pay roll	195.00
Police pay roll	438.00
Fire pay roll	44.00
Labor pay roll	478.39

Total \$1,629.82. Upon motion by Comm. Wiedman supported by Comm. Hover bills and checks were passed as approved by the Auditing Committee.

Upon motion by Comm. Hover supported by Comm. Kehrl the Commission adjourned.

GEO. H. ROBINSON,
President.
A. J. KOENIG,
Clerk.

Remember you have a date for the musicale next Friday, at the High School auditorium.

ture, dental correction, safeguards, T. O. T., and vaccination by Miss Georgia Heid, county school nurse.

The last meeting of the P. T. A. was held last Friday. The meeting was opened with prayer and song, followed by flag salute. The secretary's report was read and approved. The treasurer gave a two months' report, a balance of \$71.84 being reported. Bills amounting to \$18.98 were ordered paid.

It was decided to assist the school in giving a picnic at Cass Denison Park on May 23. A rising vote of thanks was given to the teachers for the May Day program. The president announced "A Garden Project" to be sponsored by the P. T. A. Children having the best garden in the Sub. to win prizes. A committee was appointed to make arrangements for the school picnic. Mrs. J. Schroeder, Mrs. C. Metzger, Mrs. L. Hurfin and Mrs. Porteous were appointed. Miss DuBord announced a Wayne County dinner for final achievement day. Miss Jamieson announced a picnic at Elizabeth Park graduation exercises for eighth graders on June 7. Mrs. Pike spoke a few words and Prof. Pike spoke about Paul Revere and Abraham Lincoln.

The next meeting of the monthly bridge club will be held at the home of Mr. and Mrs. S. James on Ingram avenue.

Circular Pleats Give Smart Flare

Interesting Features Make Sports Frock Popular With Women.

Circular pleats give the frock illustrated a particularly smart flare. Coming at the side front the extra fullness swings out with the foot and then back again into a graceful soft-edged pleat. In other ways, too, this frock is true to the spring and summer styles that come from Paris. The upper skirt follows the line of the figure. The waist line is normal. The house has a yoke. The sleeves come part way between shoulder and elbow.

While the dress is made in several pieces, they dovetail together perfectly and quickly. Once the yoke and pleat points are pressed they may be stitched easily in the dress. The material pictured here is a powder-blue

Upper Skirt Follows Line of Figure Waistline is Normal.

flat crepe and the trimming a single white pearl button at the neck closing. The belt is contrasting white suede. Lines, pique or a striped spun silk are also good fabrics for this style.—Women's Home Companion.

Jewelry Should Match the Colors and Styles

Particular attention must be paid nowadays to every detail of the costume. It is most important in the present-day mode, asserts a fashion writer in the Detroit News, that jewelry should be chosen with an eye to the colors and styles of frocks with which it is to be worn. The following suggestions will help one to choose correctly.

For an afternoon frock of black chiffon, or dull crepe that is dressy but not fussy in character, the right jewelry is: Seed pearls, triple strands of larger pearls, clear crystals, onyx and marcasite, colored stone or flower jewelry in simulated jade and coral.

For a frock of printed silk crepe, nylon or chiffon wear colored stone jewelry emphasizing an important color in the print—or crystal with onyx or onyx with marcasite if there is a note of black in the print.

The sports-going frock of tweed or basket weave is completed by necklaces and bracelets of leather, stone, tweed, nutmeg, etc.

For a black wool frock with white pique or silk crepe trim, pearls of very simple variety should be worn. The crepe satin frock on severely simple, regal lines requires little jewelry—perhaps no more than a glittering shoulder pin.

Yokes Claim Attention as Decorative Features

Yokes are a prominent decorative feature introduced in contrasting fabric or color or suggested by intricate sewing from which a back cape treatment often emanates. Lace yokes are embellished with appliques of the dress print and plain color yokes sometimes repeat the dress print in embroidery of beads and silk. Beauxvais and bead embroideries are delicately applied, one attractive use of the latter forming a large bowknot at the yoke side in white chalk beads. Ombre placements define other yoke con-

University of California will send Dolf Metelshien, ranking tennis star, and also Bob Buech, to the eastern intercollegiate classic at Haverford, Pa., in June.

NOTICE TO THE PUBLIC REGARDING BUILDING CODE ORDINANCE

Notice is hereby given that the new Building Code Ordinance of the Village of Plymouth is now in full force and effect, and that a building permit must be secured for any building construction, wrecking or moving of building, installation of heating systems, oil storage facilities and gasoline or oil tanks, and alterations or repairs costing \$50.00 or more. Building permit must be obtained before construction shall have started, and may be secured upon application at the village offices.

A. J. KOENIG, Village Manager.

Annual School Exhibit May 15-16

All parents and community members are cordially invited to attend the annual school exhibit at the Plymouth High School Thursday and Friday, May 15 and 16.

Special features of this year's exhibit will be the home economics display of clothing, the manual training exhibit of furniture and bird houses, and the art exhibit; as well as exhibits from all other departments and by certain clubs.

All visitors will want to see the aquarium, the physics apparatus, the model airplanes, the historic city, and will be surprised at the amount and type of work done at Plymouth High School.

Rosedale Gardens

By J. W. WALKER

The annual "Mother and Daughter" banquet of our church was held on Tuesday afternoon at 6:30. We did not count them, but it seemed to us that there happened to be more fathers and sons than the opposite sex of the species. It's a sure thing the gentlemen Gardenites enjoyed themselves more, owing to the fact that the dishes were washed and ironed exclusively by the lady Gardenites. We said before and say again, they said the Gardenites are the best cooks on earth, and from looks of things are bringing up daughters in the old-fashioned way. Well, it was like this—Mrs. William Hodson, Jr., was the chef, and Mrs. Raymond Dixon the chief of the garnettes, and Mrs. Henry Adams completed the full and lively evening with her entertainers, featuring a Roy Scour (Billie Hodson) with his saxophone, so you see it was not all ems and ds after all. However, we all enjoyed it.

Mr. and Mrs. V. Vashold, 13425 Blackburn Ave., are celebrating the arrival of another little girl; so Jeanne Mary now has a baby sister to play with.

Brier Snell is looking for some of those folks who talked so much about lawn tennis last winter. Will they kindly run over and say just when they will be ready to help in preparing the courts. Hurry, they are half done!

Mr. and Mrs. James Lynch, 11026 Berwick Avenue, are the proud parents of another daughter, born Friday evening the 2nd instant, at the Highland Park General Hospital.

There is so much news about the P. T. A. Whensdee nite we won't have space for same now, and as last meeting of the season was, it will go into detail about it and the kiddies' garden prizes next week.

Children's May Party

In the merry month of May, the children partied at one o'clock Whensdee afternoon. Miss Ethel Bendon and her kindergarten kiddies departed about the school lawn all dolled up like so many story book folk. And the costumes were all school-marm made. Miss Ethel, designer. We think—best say we know of no other teacher who has put so much time, trouble, and patience in her work with the kiddies. At two o'clock our school nurse distributed health badges. At 6:30 o'clock was the care-free pot-luck supper. At 8:00 o'clock was for adults only; the kiddies having had a hard day of it, were left home with the favorite parent (if such is such).

After the ladies had their "pot-luck" supper, everyone arrived and got down to business at hand. It was decided to hold one school picnic at Cass Benton Park on the last school day, i. e., Friday, May 23. The Komit. T. C. Misses Helden, Rowe, Smith, Mesdames Bendon, Metzger, Schroeder, Huron. The teachers were given a rising vote of thanks for their work during the past year. Elm school, as is the custom, will have their school picnic with us. A junior garden contest will be framed, and prizes will be announced by the chairman of that committee—Bud Schaeffer, Esq., sometime very shortly. Delegation from Rosedale attended the Rural Women's Annual Achievement day at Wayne. Mr. and Mrs. Pike of the Labadie High School, Wyandotte, were with us last Whensdee eve, and gave a very interesting talk on Paul Revere and Abraham Lincoln, and how the latter happened to grow his whiskers, and the suggestion of one eight-year-old Grace Bedell. We will have a lecture on the second Whensdee in September, and moving pictures on darkest Africa, which was to be last meeting, but was unexpectedly called off.

Parents were urged to avail themselves of the advantages of the pre-school clinic at Plymouth and the dental clinic at Garden City. Competent D. D. assess specializing in children's work, are in attendance.

Miss Mary S. Jameson, super-teacher, announces that the County Rural School Picnic will be held at Ellzabeth Park on June seven. Eighth grade diplomas, gold stars, and championships will then and there be awarded. In the past noon the annual field day will hold forth with running and jumping and ball games.

Went up to our Tea Room rather hungry after a hard Sunday grind at telling strangers some more boasts about this here place. The family having left themselves someplace till late, so they came along to see Miss Butler, too. We had soup and salad and pudding and olives and celery and fried chicken and coffee, and goodness knows what not. Under any circumstances it would have been an enjoyable repast and to people travelers and pleasure flivering who were tired and hungry who kept dropping in, as well as ourselves, the meal surpassed the lightest flights of the premier chef of Laetulus.

Rev. R. A. N. Wilson, Jr., preached at the First Presbyterian Church at Upper Sandusky, Ohio, last Sunday.

Our dear friend W. W. (Bill) Townsend, now a senior in the Presbyterian Seminary at Chicago, was with us on Mother's Day. He occupied the rostrum in Rev. Wilson's place. We need not go into detail about Bill, except for benefit of newcomers, as he is better than ever, his wonderful history of Mother's Day from ancient times 'till this day was interesting, very instructive, and brought tears to eyes of all. Dr. M. C. Pearson, secretary of the church board, has promised to have Bill with us from and after June 1, 1930, and one condition of his coming is that the choir get busy, which same Buck Huron and spouse promised to do.

Buck Huron promises to have a checker board on hand at all times in the new emporium for pills and whatzitz, averring, under oath, that the "last one" shall never be sold. Which all goes to prove its going to be a real drug store.

They plan to use the "back room" for an office. Glad to know it, we thought it might be kept secret, from Buttermilkers at least.

And, kiddies and mothers, don't forget, only one more week of school and one week from today the school picnic. We prefer mustard on our ham

sandwiches, whysay, ole dear? An ice cream cone, too please. (S. V. P.) (The Sudestrum, et al came from Toledo, Sunday, as mad as a wet hen. He had furnished an extra bed room for some folks and rented the ranch, and they mailed him his keys instead of a check. And that's that!

The Mac Dowell mansion has donated its shingles of coffee and cream, and big little Joe is wiring it all up. Bricklogists are working swiftly, so in a day or two none of the insides will be seen from street.

Alterations are being rushed on the Blackburn corner stores, a hole for an archway has been cut thru, so that inclement or fair weather, millady Gardenite may shop indoors for pills or spuds.

Now its chicken poxes—Patsy and Sister Kinahan have em, and the Hoffman kiddies as well.

E. J. Goodbold came home over Sunday, and spent most of his time violently exercising on his ranch on Pembroke with Frank and Mrs. E. J. G.

Mrs. James Lynch returned home on Sunday evening with "little Donn" Reina, gain one more for next census. Mother and daughter are doing very nicely.

Some dizzy gopher has rumored about the country-side that Sheldon's have sold the acres west of Pembroke to an airplane syndicate. "Nuthin' doin'!" them that acres are for exclusive use of boys and girls who have "motel" planes or gliders of their own design and make. Eighty acres are next on the list for development. Go west, young man, and grow up with Rosedale!

Shrubs and roses about our parking strips are blooming, the dandelions having done their dandiest, occupying a lion's share of the scenery for a couple weeks now. The Land Company boys have sharpened the grass cutters and have changed their shingle to grasscutters.

ROSEDALE SCHOOL NOTES

The Rosedale school celebrated Child Health Day with a May Day program and awarding of health badges. The ones who received weight badges in Miss Rowe's room, were Gwendolyn Dunlop, Robert Jones, Frank Davis, Dorothy Metzger, Frances Cooper, Willis Huron, Judith O'Dea, Jean Loftis, Anna Bagdonus, Eleanor Straehle, Herbert Kalmbach, Clark Cook, Shirley Kalmbach and William Low. The ones that received posture badges, were: Anna Bagdonus, Frances Cooper, Gwendolyn Dunlop, Herbert Kalmbach, Shirley Kalmbach, Jean Loftis, Dorothy Metzger, Frank Schroeder, Betty Snell, Edith Davis, Bernice Smith, Eleanor Straehle, Willis Huron and Marie Desmond.

DENTAL BADGES—(Bernice Smith) Frances Cooper, Willis Huron, Judith O'Dea, Marie Desmond, Jean Loftis, Anna Bagdonus, Eleanor Straehle, Mary Gail Schaeffer, Leona Schaeffer and Herbert Kalmbach.

SAFE GUARDED—Edith Davis, Anna Bagdonus, Gwendolyn Dunlop, Eleanor Straehle, Marie Desmond, Frances Cooper, Donald Johnston, Jean Loftis, Robert Jones, Shirley Kalmbach, Herbert Kalmbach, William Lowe and Betty Snell.

THE EFFORT BADGES for dental were: Bernice Smith and Gwendolyn Dunlop. The effort for posture were: Geraldine Smith, Lorna Schaeffer, Mary Gail Schaeffer and Judith O'Dea.

EFFORT FOR WEIGHT—Marie Desmond, Lorna Schaeffer, Frank Schroeder, Donald Johnston, Bernice Smith, Geraldine Smith, Mary Gail Schaeffer.

The ones that got all four badges were Frances Cooper, Jean Loftis, Anna Bagdonus, Eleanor Straehle and Herbert Kalmbach.

In Miss Smith's room the badges were: WRIGHT—Paul Twiddy, Francis Wagner, Wilbur Chapman, Richard Dunlop, Arthur Smithers, Elvira Smithers, Frank Bryant, Margaret Leslie, Kay Jones, Bobby Tolson, Wesley Hoffman, Howard Walbridge, Victor Warren, Robert Webster, Richard Porteous, Bobby MacNeil, Wallace James, Marian James, POSTURE—Katherine Bryant, Wilbur Chapman, Helen Johnston, Margaret Leslie, Veronica Marie, Victor Warren, Carol Nichol, Lona Belle Rohde, Howard Walbridge, Richard Dunlop, Jeanne Ames, Robert Webster, Frank Bryant, Bobby MacNeil, Wallace James, Wesley Hoffman, Francis Wagner, Richard Mae, Shirley Mason, DENTAL—Wilbur Chapman, Richard Dunlop, Wesley Hoffman, Jeanne Ames, Paul Twiddy, Richard McFadden, Victor Warren, Katherine Bryant, Helen Johnston, Veronica Marie, Bobby Tolson, Howard Walbridge, Richard Porteous, Lona Belle Rohde, Margaret Leslie, Shirley Mason, Wallace James, Marian James, SAFE GUARDED—Jeanne Ames, Katherine Bryant, Frank Bryant, Paul Twiddy, Carol Nichol, Robert Webster, Wilbur Chapman, Richard McFadden, Victor Warren, Bobby Tolson, Richard Dunlop, Veronica Marie, Francis Wagner, Margaret Leslie, EFFORT WEIGHT—Carol Nichol, Richard McFadden, Lona Belle Rohde, James Brewster, Veronica Marie, Katherine Bryant, DENTAL EFFORT—Robert Webster, Carol Nichol, POSTURE EFFORT—Marian James, Richard Porteous, Arthur Smithers, Elvira Smithers, Paul Twiddy, Mildred Walker, Kay Jones, James Brewster, ALL FOUR BADGES—Wilbur Chapman, Richard Dunlop, Howard Walbridge, Victor Warren, Wallace James, Frank Bryant, Margaret Leslie, Bobby Tolson, Wesley Hoffman.

Mrs. Knill's room: WEIGHT—Charles Snell, Alice Davis, Mary Row, Theodore Dorn, Richard O'Dea, Douglas Kalmbach, Muriel Nichols, Donald Huron, Stanton Huron, Lois Loftis, POSTURE—Betty Schroeder, Marilyn Holton, Crystal Nichols, Richard O'Dea, Charles Snell, Lois Loftis, Crystal Nichol, Alice Davis, Donald Huron, Douglas Kalmbach, DENTAL—Daniel Burton, Stanton Huron, Theodore Dorn, Donald Huron, Douglas Kalmbach, Lois Loftis, Richard O'Dea, Marilyn Holton, SAFE GUARDED—Daniel Burton, Stanton Huron, Theodore Dorn, Alice Davis, Marilyn Holton, Lois Loftis, Douglas Kalmbach, Mildred Walker, EFFORT POS-

TURE—Mary Row, Daniel Burton, Theodore Dorn, Stanton Huron, EFFORT WEIGHT—Betty Schroeder, Marilyn Holton, Crystal Nichols, EFFORT DENTAL—Crystal Nichols, Muriel Nichols, Betty Schroeder, Mary Row, ALL FOUR BADGES—Charles Snell, Lois Loftis, Douglas Kalmbach.

Miss Belden's room. WEIGHT BADGES—Patricia Mason, Howard Price, Shirley Proctor, Ramon Dixon, Dean Metzger, Gloria Nichol, Susan Millard, Robert King, Harriet Kinane, Warren Hoffman, Bernice Kinahan, Fred Millard, Charles Bowdler, William Phillips, Nancy Jones, Harry Eggleston, Robert Price, Doris Buell, Donald Folsom, POSTURE BADGES—Bernice Kinahan, Robert King, Fred Millard, Jean Vasold, Dorothy Wood, Ramon Dixon, Mary P. Kinahan, Harriet Kinane, Patricia Mason, Susan Millard, Shirley Proctor, Mary Jean Schroeder, Gloria Nichol, DENTAL BADGES—Eugene Dickie, Fred Millard, Paul Harsha, Ramon Dixon, Robert King, Patricia Mason, Dorothy Leslie, Donald Folsom, Warren Hoffman, Susan Millard, Bernice Kinahan, Mary P. Kinahan, SAFE GUARD BADGES (from Small-pox and Diphtheria): Harriet Kinane, Mary Kinahan, Bernice Kinahan, Paul Harsha, Charles Bowdler, Mary Jean Schroeder, Dorothy Wood, EFFORT POSTURE—Donald Kaercher, Paul Harsha, Howard Price, Robert Price, Warren Hoffman, Eugene Dickie, Nancy Jones, Wilma Phillips, Dean Metzger, Donald Folsom, Doris Buell, Harry Eggleston, EFFORT WEIGHT—Dorothy Wood, Paul Harsha, Mary Patricia Kinahan, Lester Kalmbach, EFFORT DENTAL—Donald Kaercher, Harriet Kinane, Howard Price.

Children showing no physical defects at time of medical examination: Mary Patricia Kinahan, Patricia Jean Mason, Dean Metzger, Susan Millard.

The following children were gay rosettes to show that they had carried out during the year: Bernice Kinahan, and Mary Patricia Kinahan, glasses adjusted; Warren Hoffman, Dean Metzger, tonsils removed. These children were not absent from school all year on account of illness: Harriet Kinane, Dean Metzger.

They had a very interesting program which was as follows:

"What the Little Birdie Said," a song by the fourth and fifth grades.

"Woodmen Spare That Tree," a poem by the fourth and fifth grades.

A play, "The First May Basket" by the dancing club.

"Child's Bill of Rights," read by Gwendolyn Dunlop, our school health champion.

"Anania" and "Spring is Here," songs by the upper grades.

"May Pole" dance, second and third grades.

Reading Contest.

Our school is to compete with all Wayne County schools to find the best reader, and the boy and girl in each grade who have improved most.

Garden Contest.

This summer we will have a garden contest to see who can grow the best things.

By Judith O'Dea, correspondent.

Play given by children in the Dance Club (Miss Ethel Belden, designer of costumes and instructor in dances): "The First May Basket." Cast: "Spring—Veronica Marie, Bunny—Paul Harsha

Alpha Gamma Phi Dance Tonight At Edgewater Park

Alpha Gamma Phi's annual dance, Friday, May 16, will feature the grand opening that night of Jean Goldkette's ballroom at Edgewater Park. Seven Mile road near Grand River, and will officially open the park's summer season.

The open air ballroom, overlooking the lagoon, is one of the most pretentious in northwestern Detroit and one of the most popular.

Although the fraternity will be in charge of the dance, the public is invited.

The park, during April and early May, had been open only on Saturdays and Sundays but henceforth it will be open continuously until fall with special attractions booked for the entire day, Decoration Day.

Within three blocks of Grand River street cars, two blocks west of Lahser road on Seven Mile road, the park is easily accessible to transportation facilities while free parking spaces have been provided for more than 4,000 automobiles.

Picked Up About Town

"I'll always believe," declares Dad Plymouth "that the derby hat was invented and forced on us by some woman who had it in for the male sex in general."

Dad Plymouth says the girl who thinks she is smart enough to smoke and drink would be bored to tears if she landed a husband who also thought she was smart enough to operate a washing machine.

With a desire to be agreeable, Dad Plymouth says he thinks they ought to look around and find one more new planet and then name the largest ones Amos 'n' Andy.

Why is it that when the doctor comes and a woman patient says she feels awfully tired he always asks to see her tongue?

"Nothing on earth," asserts Dad Plymouth "pleases some women more than to get an opportunity to feel sorry for some other woman."

"Telephone, Neighbor!"

INCONVENIENT, isn't it, to leave your housework in the midst of some important bit of cleaning, in order to answer the telephone at your neighbor's.

It is inconvenient for your neighbor, too.

A telephone is a Comfort, and a Convenience—and it is a Safeguard in case of emergency. It costs less than many of our smaller luxuries and really is a necessity of modern living.

MICHIGAN BELL TELEPHONE CO.

Evidently Chinese Boy Has No Use for 'Phone

Telephone service in Shanghai, with the subscribers talking half a dozen languages and the operators all Chinese, has been the target of complaint.

The latest voice raised is that of a Chinese youth, the operator of a private switchboard in a foreign firm. He stated, in that peculiar phraseology known only to his kind, as follows:

"For long time now this telephone no good and everybody fight me. This not my fault. I proper boy, but telephone make everybody angry and everybody fight everybody else. Pretty soon all Shanghai fight and telephone fault. This no proper. My Sunday school say must love everybody. How can I love everybody when everybody fight me because telephone no work. I think house boy job more better. But every house have telephone and everybody fight me again. How I get away from telephone? I work in shop, have telephone; I go to school, have telephone; everybody have telephone, so fashion everybody fight. More proper I think have telephone all finish. May be you have friend who no have telephone and wanches house boy, you tell me, I go. No more telephone, I very happy."

Popular Weather Signs Decried by Forecaster

"There's a lot of pagan superstition about many of the weather signs that people like to believe in," said a weather forecaster recently. "There are a score of rural sayings, especially when winter is coming on, as to how severe it will be. The groundhog is credited with miraculous vision. Such ideas go back for centuries.

"Lots of people believe that the position of the new moon is a sure foreteller of weather. The saying is that if the new moon stands upright, the thin crescent in a vertical position, the weather will be dry for the greater part of the coming month. On the other hand, if the new moon inclines on its back, in the shape of a shallow cup, that means a month of rainy weather.

"All the pioneers in this country firmly believed that, and out in the country districts you will find many people today who are equally credulous. Unfortunately, the idea has no basis in fact. Weather bureau records, if examined, will completely disprove any such ideas."—New York

Dad Plymouth says that these days when a man dies of drinking poison the coroner hardly knows whether to call it suicide or spree.

NOTICE REGARDING DUMPING

Many requests are being received as to where dumping is being permitted within the village. Rubbish of all kinds can now be dumped at the foot of Burroughs St., east of South Main St., as indicated by signs on the property. Garbage and auto bodies not permitted however.

A. J. KOENIG, Village Manager.

Chrysler Has New Plymouth

IMPROVED MODELS REVEAL REFINISHED BODIES; LARGER ENGINE AND CRANKSHAFT.

Earl S. Mastick announces the showing of the new and improved series of Plymouth cars in an advertisement in today's Mail. The new Plymouth models include five body styles. The prices are not changed from the previous series.

The new coupe is finished in Ambassador brown and Thorn brown with flame striping.

The coupe with rumble seat, which has an adjustable rear window, rumble seat finished in leather, is in black with striping in vermilion.

The new four-door three-window sedan is finished in Vinid gray and black with striping in ivory.

A collapsible top with moveable rear panel, waterproof mohair upholstery, rumble seat upholstered in leather are features of the convertible coupe, which is finished in Samarkand and Arcadian gray with cream striping.

The new roadster, with rumble seat, has leather upholstery and is finished in Tourmaline gray and blue moss-green with ivory striping.

Carrying a touch of European style, the new models have "safety steel" bodies, with French roof and military front and higher and deeper radiators. The body lines are smooth and graceful and suggestive of fleetness.

All enclosed parts of the new car are treated with Bonderite, rendering them rustproof and giving lasting finish.

Improved performance is obtained in the new cars by a larger engine. It has a bore of 3 3/4 inches, a stroke of 4 1/2 inches and develops 46 horse power at 2400 revolutions per minute. Piston displacement is 195 inches.

Features of the new engine include full force feed lubrication to all crankshaft, camshaft, connecting rod bearings and timing gears.

Light alloy pistons with ventilated bridge and reinforced head, crankcase ventilation and new type rubber engine mountings front and rear are likewise found in the new power plant.

The new crankshaft is 29 inches long and weighs 43 1/2 pounds.

The fuel system is of the vacuum feed type. The vacuum is supplied by the oil pump, which is so constructed that when the oil supply becomes dangerously low the vacuum is broken, thus cutting off the gasoline supply. This is known as the advance system and prevents the running of the engine without oil. The gasoline tank is at the rear of the car, outside the body.

An electric gasoline gauge is located on the dash.

A gasoline filter is attached to the vacuum tank.

The Plymouth is the only car in the lowest priced field which has hydraulic brakes. The brakes are of the internal expanding type operating on all four wheels, and are protected from water and dirt.

The parking brake is an independent system operating on the drive shaft.

The "safety steel" body represents the latest development in modern coach building. Constructed of steel, they are claimed to be stronger than other types, but no heavier. Assembly sections, formed by giant presses from solid sheets of steel, ribbed and shaped to give strength, are fused into what is equivalent to one continuous piece of steel. Point of strain are braced, with the braces welded and riveted. Each door is composed of five separate pieces welded together.

Horn on Tie-Rod

The Plymouth has an overall length of 109 inches, giving easy entrance and exit, with roomy interiors. Generous head room and leg room are offered in both front and rear compartments.

The interior hardware—door handles, window regulators, robe rail bracket and other metalware—is in the butler finish.

The Moto-vox horn is mounted on the headlight tie-rod.

Young Mother Highly Praises Modern Konjola

In One Month New Medicine Ended Suffering and Restored Her Health.

MRS. JOSEPH PREMO

"I think Konjola is the most wonderful medicine in the world, and I have reason to think so, for I suffered for a number of years with stomach and kidney troubles and Konjola was the only medicine that gave me more than temporary relief," said Mrs. Joseph Premo, 1224 Johnson street, Saginaw. "Gas formed in my stomach, pressed up around my heart, caused it to palpitate and made it hard for me to get my breath. I had terrible pains in my chest. The pains in my back, resulting from kidney trouble, also were very severe.

"An indorsement of Konjola by a lady I knew and with whose case I was acquainted, led me to give this splendid medicine a trial. The first bottle proved to me that I had found the right medicine. After taking the treatment for just one month I felt fine. My ailments are gone, pains have vanished, and I have the strength and energy a mother of two children needs. Do you wonder that I am grateful for Konjola?"

Why not let such happy experiences as that of Mrs. Premo point the way for you to new and glorious health? A complete treatment of from six to eight bottles of Konjola is recommended for thorough relief.

Konjola is sold in Plymouth at the Community Pharmacy and by all the best druggists in all towns throughout this entire section.

"Grandeur That Was Rome"

Rome, the eternal city, offers such a multitude of sights that to visit every one worth while would take days or even weeks. Most important among the places to see are the Colosseum, the Forum, St. Peter's, the Vatican, the Catacombs, the Baths of Caracalla and the castle of St. Angelo. The works of art in Rome are innumerable and include statues and paintings by Bernini, Glotto, Raphael, Perugino and Botticelli. Other marvels of the city are the Appian way, queen of all ancient roads, which was built in 321 B. C. and was flooded with traffic for all of the known eastern world; also the Claudian aqueducts, ancient engineering triumphs, which still supply Rome with water.

Beautiful Venice

Of all the beautiful cities in the world none can rival Venice and its lagoons. Artists and poets of all ages have felt the charm of this unique city, where genius and nature have met to create a perfect harmony. The square of St. Mark, with its basilica scintillating with gold; the solemn lines of the procuratie; the ducal palace; the Grand canal, with its marble palaces, whose decorations seem copied from the famous laces of Murano and Torcello; the churches and bridges, and the gondolas slipping silently through the water—all arouse in the visitor intense emotions and admiration.

"Itching Palm"

It takes a lot of people to make a world. And people of all sorts, in all walks of life, unfortunately are said to be possessed of itching palms—that is, hands ever ready to receive a bribe.

That this is not a distinctively modern tendency is indicated by the fact that even in Shakespeare's day it was a symptom well known—if we are to judge from the number of recorded instances, one of which is in the bard's own Julius Caesar, 4.

The phrase itself is an allusion to the superstition that an itching hand is a forerunner of the receipt of money.—Kansas City Times.

Voice of Envy

At a dinner one of the speakers was exceptionally long-winded. At the end of half an hour the irascible chairman could stand the flow no longer. He changed his bell violently and the orator was so surprised that he sat down without completing his last sentence.

A guest sitting next to the chairman whispered with a sigh, "I wish I had a bell like that at home."

Any chopped meat, made into balls and broiled, makes a very palatable dish for luncheon, supper or dinner.

The United States sells something like \$80,000,000 worth of American merchandise to Spain annually.

MOTION PICTURE PROGRAMS

"Honey"

NANCY CARROLL, in her various activities before the camera and microphone, has been a show-girl, a lady's maid, a member of a ladies' orchestra and a sales clerk—but now she is a "kitchen mechanic."

In "Honey," which comes to the Penniman Allen Theatre Friday and Saturday, May 16 and 17, Miss Carroll plays the role of Olivia Dangerfield, a Southern girl who is forced by circumstances to rear her family's plantation mansion to a wealthy woman from the East. Due to unforeseen events Nancy is forced to assume an Irish brogue and fulfill the duties of cook in the kitchen of the mansion. She finally saves the homestead from financial disaster after a series of amusing and romantic episodes.

"Honey" is based on "Come Out of the Kitchen," famous Broadway stage success of several years ago. The play was written by A. E. Thomas from the original novel by Alice Duer Miller. The music was written by Harling and Coslow.

The screen adaptation was written by Herman J. Mankiewicz, veteran scenarist of the Paramount staff. In the supporting cast of "Honey" are Harry Green as Helton, the comely detective; Skeets Gallagher as Nancy's brother and the temporary butler; Lillian Roth, ZaSu Piffis, Mitzl Green and Charles Sellon. All have established themselves on the talking screen as veteran comedy character actors.

Stanley Smith, the handsome young actor from Hollywood High School, who was Miss Carroll's leading man in "Sweetie," plays the romantic role in "Honey." Smith was placed under a long-term contract by Paramount after executives of that company analyzed the "Sweetie" reviews of 30 movie critics in thirty of the country's leading cities.

"Young Eagles"

If you can imagine that never-to-be-forgotten epic of war aviation, "Wings," with its zooming planes, its thrilling air-fights, its awe-inspiring

grandeur, its romance, its gaily and its pathos—all talking, you'll have a pretty good idea of the great entertainment that awaits you at the Penniman Allen Theatre Sunday, Monday and Tuesday, May 18, 19 and 20. There "Young Eagles," with Charles (Buddy) Rogers in the starring role, will enjoy a rousing welcome.

Buddy was never better, even in "Wings," than he is in this smashing entertainment. He's a dashing young officer of aviation who fights and loves, is convincingly duped and greatly rewarded in fast-moving and spectacular fashion. The picture moves from the battle fronts of the skies to the easy life behind the lines, from the danger and suspense of war to the gaiety and glamor of glittering Paris.

And the girl is Jean Arthur, the darling little charmer of "Half Way to Heaven." After her performance in "Young Eagles," she's sure to be established as the all-time girl friend of "America's boy-friend." Paul Lukas has a handsome role and handles it handsomely. And, for laughs, there's Stuart Erwin who lifted the roof as the dumb "Axel" in "Sweetie."

The billing tells you that William A. Wellman, the wizard who directed "Wings" and "Legion of the Condemned," made the picture, and, immediately, you're assured of a gorgeously staged and capably handled production of authentic thrills and climatic action. Don't miss "Young Eagles" if you

want good, all-around, memorable entertainment.

"Second Wife"

OFF with the old and on with the new, briefly describes the mood of Radio Pictures' "Second Wife," which will be shown at the Penniman Allen Theatre Wednesday and Thursday, May 21 and 22.

When Lila Lee comes into the picture in the title role she finds Conrad Nagel, her newly acquired husband, too comfortably ensconced in a dreary home surrounded by red plush furniture, chairs of ancient design, figured carpets, war posters and a life-sized portrait of a dead wife staring down from a prominent position above the mantelpiece.

"Second Wife" decides there are too many reminders of a calm and domestic peace that was—so she changes everything.

The old homestead is abandoned for an ultra-smart apartment, furnished in latest modernistic style. Persian rugs replace the carpets; etchings and "old masters" supplant the war poster and highly colored portrait. Radio Pictures spared no expense in creating a startling contrast.

"Second Wife" was adapted from Fulton Oursler's stage play, "All the King's Men," by Bert Glennon. In the cast are Mary Carr, Hugh Hunter and Freddie Burke Frederick. The latter is the stepchild of the story.

Easter Cakes in the Spreewald

One of the old customs of the German Spreewald inhabitants is to present large cakes and bread to their children on Easter.

The Plymouth woman who has to slip her feet from shoes off to ease the aching every time she gets a chance would surely be out of luck if her shoes were nailed on like those of a horse.

New Achievement In Face Powder

The skin of youth lies in every box of new wonderful MELLO-GLO Face Powder. The purest powder made—its color is passed by the U. S. Government. No pastiness, flakiness or irritation. A new French process makes it spread more smoothly and prevents large pores. No more shiny noses—it stays on longer. Use MELLO-GLO, Community Pharmacy, "We Serve You Right." Adv.

Our Wiring is FIREPROOF

Defective wiring for electricity is much too often the cause of fire. Be careful in your wiring specifications to get the best materials and the best installation. We shall be pleased to give you an estimate for your work and will guarantee it to be fireproof if you will allow us to do it our way. Our estimate places you under no obligation.

ELECTROCHEF

DISPLAYED, INSTALLED, RECOMMENDED

BY

Corbett Electric Co.

BEFORE YOU BUY A NEW STOVE SEE THE ELECTROCHEF

ELECTROCHEF helps to modernize your present kitchen. And if you are building a new home, you won't want it to become out-of-date in a few years because you did not install electric cooking. Install an ELECTROCHEF NOW.

Today in the United States a million housewives are cooking with electricity. Before you buy a new stove, arrange for a demonstration (at any Detroit Edison Office) of ELECTROCHEF'S superior cooking at low cost. ELECTROCHEF brings a cleaner, cooler, pleasanter cooking—modern to the minute. Week by week hundreds of the women are enthusiastically adding ELECTROCHEF to their kitchens.

Count these advantages: electric heat, as clean as sunlight; an all-white porcelain range, as easily cleaned as a piece of china; cooking speed, with focused radiant heat—snap the switch and start to cook, safety—no flames, no matches; and finally, delightfully cool cooking—clean cooking; no hot kitchen, no blackened pots and pans,

no smoke, no dirt, no soot to deposit on kitchen walls and curtains! With ordinary care in the control of heat, cooking with ELECTROCHEF costs but a fraction more than cooking with the cheapest fuels. ELECTROCHEF, with its smooth, gleaming surfaces and softly rounded curves, is a beautiful piece of kitchen furniture that you will be proud to show your friends.

Electric cooking imparts a delicious flavor to foods—meats and vegetables cook to melting tenderness in their own juices—with all their natural flavors sealed in. ELECTROCHEF'S light, fine-grained cakes and

flaky pastries will delight you: an accurate oven control of temperatures from 250 degrees to 600 degrees makes consistent baking easy.

ELECTROCHEF—the inevitable cooking method: As modern as the electric refrigerator, the electric washer, or the electric ironer—as desirable as electric lighting—this remarkable stove brings clean, cool, healthful cooking. Install an ELECTROCHEF now and modernize your kitchen!

It is EASY TO OWN an ELECTROCHEF!

\$10

DOWN PAYMENT

puts an ELECTROCHEF in your kitchen—installed, ready to cook. This includes all necessary wiring. Balance \$6 per month. Cash price installed, \$105.

THE DETROIT EDISON CO.

As clean as sunlight—ELECTRIC HEAT FOR COOKING

AROUND ABOUT US

THE population of Wayne is three thousand, four hundred and twenty.

The Walled Lake Journal last week started on its fourth year of publication.

There are twenty-seven churches within the city limits of Dearborn, according to a recent survey.

The population of Ypsilanti, not including the students, is ten thousand, one hundred and thirty-seven.

The burning of old junked cars at the U. C. R. barns, recently, marked the passing of trolley cars in Farmington.

A spring flower show will be held in Wayne, Saturday, in the Detroit Edison Building, of flowers from Wayne's own gardens.

Rodford township has purchased an American-LaFrance fire truck at a cost of \$7,500, which has a pumping capacity of 500 gallons per minute.

The Ford Motor Company announces two new plane designs, one with three Packard-Hessell engines and the second with three Pratt-Whitney Wasp Junior motors.

Fifteen cans of perch minnows, each can containing several thousand tiny fish, were planted in Walled Lake the first of last week by the Conservation Department.

Sir Ronald Lindsay, the new British Ambassador, was the guest of Henry Ford last Wednesday, and visited Greenwich Village, the Ford airport and the Rouge plant.

Insurance which protects the City and the volunteer firemen in case any of the firemen are injured in the line of duty, has been taken out by the Farmington City Commission.

Foster Vanatta, valedictorian of the senior class, has been awarded the scholarship cup of the Northville public schools for the excellent work that he has done during the past year.

The Ovid Register reports about 90 per cent of the sour cherry blossoms in that section of the state killed by frost and that percentages of from 50 to 75 of damage prevail throughout the state.

Construction work on a new one hundred room hotel, being built by Henry Ford at Oakwood Boulevard, directly across from the Ford airport passenger terminal, will begin in about three weeks.

New 110-pound rails are being laid between Plymouth and Fowlerville on the Pere Marquette tracks, to replace the 90-pound rails now in use. Starting from here, the men, who have been at work about a month, have reached Island Lake.

A beautiful memorial pool, some sixty feet in diameter, will be built in Rural Hill cemetery at Northville, by T. G. Richardson. A small fountain will be placed in the center of the pool which can be turned on at times when special memorial occasions require.

A sedan and its load of 14 cases of liquor was confiscated by Oakland

county officers after it had crashed into a guard rail near New Hudson last Sunday. The driver and a companion made a get-away into a nearby swamp with the aid of a smoke screen which they used to blind pursuing officers.

The last plane leaving the Ford airport for Chicago at 5:30 p. m. every afternoon, has been equipped to supply passengers with an evening lunch. This plan has been brought into use because the time of the plane's arrival in Chicago is too late for the usual dinner hour. Sandwiches, fruit, salad and cold drinks are served.—Dearborn Independent.

Services: Village Hall
Chas. Strasen, Pastor.
Regular services at the Village Hall, at 10:30. John 16:5-15.
Sunday-school at 11:30.
A German sermon will be preached at 10:00 o'clock.
You are always invited and welcome.

PRESBYTERIAN NOTES.

The sacrament of the Lord's supper will mark the observance of the nineteenth-hundredth anniversary of Pentecost, June 8th.

Children's Day will be observed with an appropriate service on Saturday, May 17th. The Busy Women's Class placed in the church Sunday morning, a beautiful bouquet of flowers in memory of deceased members of the class.

Mr. Partridge, superintendent of the Sunday-school, and a group of teachers are preparing an interesting program for Children's Day.

A baked goods sale will be held at Rutenbury's Market on Saturday of this week, May 17th. The sale will begin at 1:00 p. m. o'clock, and is under the direction of the Busy Women's Class.

CATHOLIC NOTES

Sunday is Holy Communion Sunday for the ladies of the parish.

Sunday, May 25, is first communion Sunday for the children. About twenty are being prepared for this solemn occasion.

The Holy Name Rally held in our parish hall was very successful, and each man from the district was well pleased with the program and well impressed with our town.

The choir deserves a special recognition of thanks for their interest in the program; their selections were appropriate and enjoyed by all.

Sunday, Notch baseball team will cross bats with the Detroit Police, at Newburg, 3:00 p. m. All are welcome to these games.

Edward Frank, the son of Mr. and Mrs. F. Smith, and Richard Arlen, the son of Mr. and Mrs. G. Farewell were baptised last Sunday.

Lawrence Rudick is confined to his home with scarlet fever, his condition is not serious, although very acute.

The pastor assisted the Rt. Rev. Bishop at a confirmation class, in Epiphany church last Tuesday. Rev. L. Chapman is pastor.

BAPTIST NOTES

The Golden Rule Sunday-school class, of which Mrs. Walter Beckwith is teacher, held a pot-luck supper last Friday evening. The supper was well attended and the evening enjoyed by all.

About thirty young people of the B. Y. P. U. society, with well filled lunch baskets, met at the church Tuesday evening, and motored to Cass Benton Park. The evening was spent in various forms of amusement including a thrilling ball game, which was brought to a close very abruptly because of a sudden fall to dinner.

The attendance contest with Farmington B. Y. P. U. got under with a flying start last Sunday evening. There were forty-six present, and the program, which was adapted to Mother's Day, was one of merit. A very fine program has been arranged for next Sunday, which includes a number of topical talks and musical numbers.

Christian Science Notes

“Adam and Fallen Man” was the subject of the Lesson-Sermon in all Christian Science churches on Sunday, May 11.

Among the citations which comprised the Lesson-Sermon was the following from the Bible: “Therefore the Lord God sent him forth from the garden of Eden, to till the ground from whence he was taken” (Gen. 3:23).

The Lesson-Sermon also included the following passages from the Christian Science textbook, “Science and Health with Key to the Scriptures,” by Mary Baker Eddy: “Through discernment of the spiritual opposite of materiality, even the way through Christ, Truth, man will reopen with the key of divine Science the gates of Paradise which human beliefs have closed, and will find himself unfallen, upright, pure, and free, not needing to consult almanacs for the probabilities either of his life or of the weather, not needing to study brainology to learn how much of a man he is” (p. 171).

“Mortals and Immortals” is the Lesson-Sermon for May 18.

EPISCOPAL NOTES

Tonight, Friday, May 16, a fish-supper will be served by the Women's Guild. Your support is necessary.

Children who are planning to attend the presentation service at the cathedral on Sunday afternoon, should meet at the church at 2:00 o'clock. It is hoped that a good number will come and take part in this service at which the Lenten Offering and the Birthday Thank-Offering will be presented.

Volunteers are wanted! We shall need several cars to transport the children into the city. Those who are willing to go will find the service truly inspiring, and their help will be appreciated.

Let us keep up the Easter spirit and enthusiasm! If you weren't in church last Sunday, plan to be present this week. You will find that your whole week's work will profit by an hour of prayer and meditation on Sunday morning.

We repeat: “Remember the fish supper.” You will enjoy it, and the price is only fifty cents.

Nothing makes the owner of an ancient silver madder than to have the trade estimator ask him which is the front end.

Subscribe for the Mail.

WCTU

The Woman's Christian Temperance Union will meet Thursday May 22nd, with Mrs. Emma Huff, 244 Hamilton St., at 2:30 p. m. The program for the day will be in charge of Mrs. John Hattenbury. Everyone will be welcome at this meeting.

Mrs. Ella A. Boole, national president of the Woman's Christian Temperance Union, says: “Prohibition has disclosed no new attitude of its opponents; for the liquor traffic has always broken the law. The bootlegger is blamed for law violation. He would not exist if people did not buy his liquors, neither could he exist if only the criminal classes patronized him. It is the rich, the influential, who still believe in moderate drinking; those in high position who claim the right to violate the law, who lead the way and are supported by the lawless classes. The moderate drinker is the great trouble maker. No total abstainer will become a drunkard. Every drunkard was one time a moderate drinker.”

Wide Variation as to Significance of Kiss
The history of the kiss is vague. The Bible records it as a salutation of respect, but prehistoric history gives the origin to cannibalism, contending the modern kiss is only a modified bite, thereby giving the impression that Man so loved Woman he wished to indicate she was good enough to eat.

Among the oriental races the kiss has been known from time immemorial. Kisses are not used in Madagascar, parts of Polynesia, Africa, South Sea Islands and Japan. In ancient Greece it was a death penalty offense to kiss in public.

The Malay kiss (the rubbing of noses) also is used in Greenland and parts of Russia.

In Egypt they kiss one hand and place it on top of the head as a sign of affection.

The Romans had but three words to signify the kiss, while the Greeks had four, the French have twenty and the Germans have thirty. Among the latter cognomines is one which might be highly recommended to the world at large; it is called “neckkussen,” meaning “making up for kisses that have been omitted.”

In olden times, to kiss a pretty woman was considered a sure cure for a headache.

Remember Plural When Speaking of Molasses
“Molasses” comes to us through the Spanish from the Latin “melleus,” meaning honeylike. Since the singular and plural forms are spelled the same the word is often construed as a singular when it should be construed as a plural. Hence “molasses are,” “these molasses,” and “those molasses” are common expressions, especially in the South and West. They are incorrect except in those rare cases when the speaker or writer has in mind different varieties of molasses and really desires to use the word in the plural.

“These molasses are good” is not correct when the speaker refers to molasses on the dining table. He should say, “This molasses is good.” On the other hand, it might be correct, though awkward, for a merchant to write, “Please send me 10 gallons each of both of those molasses I ordered last year,” when he referred to different varieties of the product.—Pathfinder Magazine.

Cyrano Not Imaginary
Savinien Cyrano de Bergerac, a French romance writer and dramatist, was born in Paris March 6, 1619. At the age of nineteen he entered a corps of the guards, serving in the campaigns of 1639 and 1640, and became the series of exploits that were to make him a hero of romance. After ten years of this life Cyrano left the service and began to write tragedies. Cyrano's ingenious mixture of science and romance furnished a model for many writers, such as Swift and Poe. He died in Paris in September, 1655. M. Edmond Rostand's romantic play, “Cyrano de Bergerac” (1897), revived interest in him.

Shepherds First Golfers?
It is now said that shepherds in Scotland originated the game of golf 500 years ago. Although it has been claimed that the game began in Holland in 1732, it seems that it made its first appearance in Scotland five centuries ago. The shepherds, tending flocks, were in the habit of knocking stones with a stick at other shepherds whose flocks were beginning to interfere with the first group.

From this means of warning another shepherd of the trespassing of his flock grew the game of golf. Gradually the practice became a sport, the objective being to hit small objects with the stone.

Relief From Curse of Constipation
A Battle Creek physician says, “Constipation is responsible for more misery than any other cause.”

But immediate relief has been found. A tablet called Rezall Orderlies has been discovered. This tablet attracts water from the system into the lax, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rezall Orderly at night. Next day bright. Get 24 for 25c today at the nearest Rezall Drug Store. Bayer Pharmacy.

All things both great and small;
For the dear God who loveth us,
He made and loveth all.
—Samuel Taylor Coleridge.

Farmington Takes Close Game, 3-4

This week's game was the exact opposite of the Lincoln Park one. The latter was a slug-fest while in the Farmington tilt the hits by both teams were scarce. Each collected only four bingles. Burley got the most, a double and a triple. The leading of both teams was very "loose," each getting several errors. Both Ferguson and Nacker went the route for their teams. The home team bunched two of their hits for a decided advantage in the third inning. After two men were out, a triple and a double together with a costly error allowed three men to cross the plate. This lead was too much and though the Rocks managed to place a man on third in the seventh they failed to the knot the count.

FIRST INNING
Towle fanned to Taggart. Hicks grounded out, pitcher to first. Lanker fled to Measell. No runs, no hits, no errors.
Measell was out. Bassett unassisted. Turner fled to Towle. McCully was out. Ferguson to Bassett. No runs, no hits, no errors.

SECOND INNING
Gates grounded to Stucky. Gordon hit to Taggart for an unassisted out. Bassett was out. Fencl to Taggart. No runs, no hits, no errors.
Fendt was safe on Towle's error. Nicholson fled to Gordon. Taggart grounded out. Hicks to Bassett. Fencl went to third when Hicks missed Gates' throw, and scored on Stucky's out. One run, no hits, 2 errors.

THIRD INNING
DePorter fled to Stucky in short centerfield. Burley tripled to center. Ferguson was called out on strikes. Towle beat out an infield hit scoring Burley. Hicks was out. Fencl to Taggart. One run, 2 hits, no errors.

FOURTH INNING
Lanker was safe on McCully's high throw. Gates was safe on Fencl's error. Fencl dropped Gordon's foul hit. Gordon forced Lanker at third. Bassett grounded out. Stucky to Taggart. DePorter doubled, scoring Gates and Gordon. He stole third. Burley struck out. Two runs, 1 hit, 3 errors.

FIFTH INNING
Nicholson struck out. Taggart grounded to Hicks. Stucky walked. Cox doubled. Nacker ended the inning, fouling to Gates. No runs, 1 hit, no errors.

SIXTH INNING
Ferguson was out. Stucky to Taggart. Towle walked. Hicks fled to Nicholson. Lanker grounded out. Measell to Taggart. No runs, no hits, no errors.

SEVENTH INNING
Measell fouled to Gates. Trombly, batting in Turner's place, got to third on Burley's error. McCully fled to DePorter. Fencl struck out. No runs, no hits, 1 error.

EIGHTH INNING
Gates fled to Nicholson. Gordon and Bassett grounded out. Nacker to Taggart. No runs, no hits, no errors. Nicholson struck out. Taggart was out. Lanker to Bassett. Stucky fled to Hicks. (On Nicholson's strike-out Gates had an error as he dropped the third strike.) No runs, no hits, 1 error.

NINTH INNING
DePorter struck out. Burley doubled and on a wild pitch went to third. Ferguson was safe on a fielder's choice and Burley was out at third. McCully to Fencl. Towle struck out as Ferguson stole third. No runs, 1 hit, 1 error.

PLYMOUTH	FARMINGTON
Gordon	L. P. Cox
DePorter	C. F. Turner

Golf—Plymouth Beats Wayne

By defeating Wayne, 7-5, on Tuesday, and tying Farmington 6-6 on Thursday, the Plymouth High golf squad was able to increase its lead toward the Suburban League Golf championship for this year. The Wayne match played at the Plymouth Country Club, was hard fought and exciting. Prieskora of Wayne turned in a 73, and was the day's low man. He took three points from Captain Lorenz. Williams lost the first nine, but came back strong in the second and won two points by a one-hole margin. The number three match, DePorter playing Carothers, was Wayne was a series of ups and downs, but DePorter won two points. McCord defeated Allen, 6 up on the 18th hole, and won his three points. By tying the last year's champs from Farmington, Plymouth gained one of its ambitions, for Farmington has already been defeated this year. Lorenz lost three points to Lapham. Williams won 1/2 point from Fencl. McCord took 1/2 points from Cox, and Ball defeated Gravin by a one-hole margin on the 18th green to win three points and tie the match. This match was played on the Northville Country Club Course, and the medal scores for Plymouth were: Lorenz, 87; Williams, 86; McCord, 91; Ball, 98; for a total of 362 for team score.

New Drama Club Activities

After Miss Johnson's departure to her new position in Flint, the Drama Club were left at rather loose ends, but now Mrs. Emens has taken hold and things are progressing just as well as before since Mrs. Emens does not have her attention diverted by class plays as Miss Johnson unavoidably did.

At the present time, each group, junior and senior, is working on three one-act plays among which is "Ghost Story" by Booth Tarkington. They are not planning to present any of these plays, but instead of using them merely as a means of gaining dramatic experience. In such a large number of plays there will be some share for almost every member of the club, thus giving practice and useful experience to the majority instead of the few.

Starkweather Notes

The kindergarten room is a garden temporarily, for the children have brought cherry blossoms, violets, tulips and lilacs for their class. The kindergarten reading class was begun last Monday. All children helped Miss Stuhler to decorate the room for the exhibit.

Miss Stucky's first-A grade finished the first reader and the nature study books. They are now working on health scrap books. Jean Engleton, Fred Brockman, Elaine Lock, Evelyn Allen, Norman Dargatz and Lessie Jean Ebert got penmanship pins.

Allen Berger who had the measles, is back in school. In Miss Stader's class, Helen Isbell and Lillian Fisher are ahead of the rest in reading. Thirty-four received gold star penmanship buttons. Ratings for citizenship are made by writing the names of the pupils on flowers which are in a basket. This large basket is posted on the wall. A health poster showing a ship is a record of the weights. There are nineteen white sailboats or perfect weights, seventeen blue or slightly underweights, and one red or greatly underweight.

The children in Mrs. Moles' room made Mother's Day greetings for their mothers. All exhibit work is completed. All parents are invited to come to see the work of the pupils. In Miss Hunt's room, the pupils of the fourth-A grade geography class made some very good United States maps. The fifth-A language class wrote interesting stories based on pictures cut from magazines. This class has also made product maps of Asia and Africa. The fourth and fifth graders have an aquarium containing pollywogs and snails.

Mrs. Lee's sixth grade made books on the conservation of forests, animals, birds and plant life. The six-B class is ahead of the six-A class in spelling. Michigan maps and product charts were made. Four pupils received final certificates in penmanship. They are Jeanette Bannan, Audrey Moore, Phyllis Stewart and Robert Herrera.

Mrs. Lee's sixth grade made books on the conservation of forests, animals, birds and plant life. The six-B class is ahead of the six-A class in spelling. Michigan maps and product charts were made. Four pupils received final certificates in penmanship. They are Jeanette Bannan, Audrey Moore, Phyllis Stewart and Robert Herrera.

Central Notes

The children have been so busy this week that not much of anything else was done. Their work was certainly worthwhile, because the Festival was a big success. In Miss Wilmore's kindergarten-A, the children started some reading work on hand charts. Nancy McLaren can count to fifty now. Dudley Martin and Marie Ann Miller reached the hundredth mark.

The children in Mrs. Root's first-B class made May baskets Friday, and filled them with flowers for Mother's Day. They are glad to have another new girl in their room, as Virginia Hesse, who came from Detroit, is now in this class. In hand work they made a border pattern of a Mother and Child.

In silent reading the children are matching words and phrases to the correct pictures. They have some fun coloring the pictures, too. The little penmen are reviewing their work and the teacher gives help to those who need it.

Mrs. Seidenroth visited the class last Monday. The boys and girls in Miss Dixon's room lost one of their classmates, Mary Louise Woods moved to Sheldon. Elaine Thompson and Norman Peterson of Mrs. Wilcox's room were ill with the measles. Twenty-seven will receive Palmer buttons for writing.

Mrs. Wrench visited the room last week. Bonnie Thompson of Miss Field's room was one of the unfortunate to get measles. James Thomas returned to Miss Farland's room after spending a vacation in Florida. Robert Soper spelled the class down last week.

The fifth graders in Miss Fenner's room made United States product maps for the exhibit. Squad II is seventeen points ahead in physical training. Bernice Blum was ill. Earl Melton entered Miss Hallahan's room. He came from Detroit.

Kindergarten Band At Assembly

Believe it or not, at the last junior assembly, Wednesday, May 7, the kindergarten band was the main feature. They played two selections and two songs to the extreme enjoyment of the meeting. One can well imagine what a wonderful band Plymouth will have a few years from now when children are started so young.

Announcement was made of a freshmen class meeting for that day after 3:45. Probably being reminded by the kiddies' band, Mr. Emens announced that anyone who wished to join the band next year, especially those with experience with saxophone and clarinet, were to see Mr. Dykehouse before summer. Next came the reports of the winners of the tennis team from Grosse Pointe, 6-0, and the golf team from Wayne, 7-5 and from Northville, 8-4. Then of the losing games of tennis to University High baseball to Lincoln Park, and Track to Ypsilanti. The schedule of the various games to the end of the week followed.

Camp Wetomachick Makes Plans For Rest of Year

Plans were made last week Tuesday for the meetings for the rest of the school year. A pot-luck supper followed by a ceremonial fire was planned for May 13 at Carrie Gorton's. Zepheria Blunk planned the program. Janet Blickenstaff had charge of a Campfire exhibit which was displayed at the annual exhibition May 15-16. The meeting of May 16 and 23 are to be in the charge of Jane Whipple and Esther Edge respectively. The annual meeting will be held June 6, the annual reports will be made out and the president, vice-president, secretary, treasurer and chairman of the publicity and program committees will be elected. The camp will hold a picnic June 11, to end the year with a good time.

Stunt Night Aftermaths

As a reward for winning first place in stunt night, all the sophomores who had taken part were given a party at Whitcomb's last Saturday. A crowd of about twenty-five assembled at the high school to start for the lake. The usual fun followed—swimming, playing ball and other sports. They arrived at Plymouth at about 6:00 o'clock. Everyone who went was well won first in the next stunt night, so as to have another party. This, however, was not an official school party because no chaperones approved or attended it.

Michigan Outdoor Invitational Meet

Eight athletes and their coach left Plymouth Friday morning to enter the track meet held by the University of Michigan at Ann Arbor. About forty schools from all over the state were entered. The Plymouth athletes failed to place in the meet. The boys who went were L. Straub, M. Baumertman, H. Wagenschutz, H. Horton, C. Ball, R. Lyke, R. Cline and C. Fisher. Coach Day accompanied the fellows.

Racketeers Win Match With Ypsi Roosevelt

Defeating Ypsi Roosevelt 5 to 0, the high school tennis team boosted the total matches won this year to nine, with only three lost matches. The team won three singles matches and two doubles. The results are as follows: Plymouth 5, Ypsi Roosevelt 0 SINGLES—Moe (P), defeated Thomas (R), 6-1, 6-0. Ball (P), defeated Porter (R), 6-1, 6-1. Clemens (P), defeated Ball (R), 6-1, 6-2. DOUBLES—Clemens-Fritz (P), defeated Thomas-Haviland (R), 6-2, 7-5. Randall-Knapp (P), defeated Dickerson-Ray (R), 6-2, 6-2.

Results of matches so far this year: Plymouth 6—Fordson 0
Plymouth 2—University High 3
Plymouth 6—Grosse Pointe 0
Plymouth 5—Ypsi Roosevelt 0

Volley Ball

Volleyball and Newcomb tournament has been brought to a close. Many moans and groans were uttered when volleyball was suggested after the successful and exciting basketball tournament had terminated. The moans and groans continually grew fainter until at last the games proved to be a pleasure. Now we can say that the senior high girls have had a very enjoyable tournament of volleyball. Results are as follows:

Sophomores, first place 777
Seniors, second place 600
Freshmen, third place 444
Juniors, fourth place 200

The sophomore team will be awarded white ribbons and the senior team will be given blue ribbons at honor assembly. The Junior high school girls played a tournament of Newcomb which is a game preliminary to volleyball. Their tournament also brought many girls into the intermural activity. The results of the tournament were as follows:

S-A, first place 666
T-A, second place 600
T-B, third place 428
S-B, fourth place 400

The tournaments which are still being played is the tennis tournament for senior high girls which is now on its fourth round. The indoor basketball tournament started this week and each class will play each other class three times thus making a total of nine games to be played by each team.

May 15 and 16—Eighth grade exams.
May 15 and 16—School exhibit.
May 16, Friday—Baseball, Northville, here.
May 16, Friday—Sophomore dance.
May 17, Saturday—Regional track meet.
May 20, Tuesday—Golf, Fordson, here.
May 21, Wednesday—Tennis, Fordson, there.
May 22, Thursday—Golf, Northville, there.
May 23, Friday—Baseball, Wayne, there.
May 23, Friday—Musical.
May 23 and 24—State track meet.
May 24, Saturday—Commercial State Contest.

May Festival

"I heard a thousand blended notes
As in a grove I sat reclined."
—Wordsworth.
The May Festival which was planned and conducted by Miss Kees and Miss Schrader, was held in the park across from the school May 12, at 6:30. All the children in the Central Grade School took part in the dancing and singing. The kindergartners in Miss Wilmore's room were very cute in their little blue and yellow hand uniforms. Each one kept time with tambourines and whistles to music played by Miss Wilmore.

The Queen, Barbara Hubbard, with her flower children, Mary Jane Olmeyer, Marie Angove and Janet Peterson, and her pages, Sammy Yipet, Harvey Esch, Robert Lorenz and Paul Thoms, was led quite royally to the throne where she was crowned by Jack Kinsey and Marie in Sackett. Then the Queen sang, "Welcome Sweet Springtime," and all the grades joined her in the last verse.

An Interview With Mr. Day

The question of whether or not a commercial student should attend business college depends to a great extent upon the accomplishments of the individual in high school studies, said Jason Day, typing instructor in Plymouth High School. "One cannot obtain too much education, but if a student is unable to attend school because of lack of funds and graduates from high school with a typing speed of fifty-five or sixty words a minute and a shorthand speed of seventy-five or eighty words a minute, he can usually handle the duties incumbent upon the beginning."

Mr. Day says, however, that if a student graduates with a low speed in both typing and shorthand, he should go to a business school which will make him more skilled in these fundamentals, for he says that a poor typist, no matter how brilliant he may be, makes a poor and inefficient stenographer.

If you have a chance to go to college, Mr. Day thinks you should take a college preparatory course, but if you do not expect to go to college, he thinks a commercial course would be the better to take, as this course would make you better prepared to take a position immediately following graduation than the general course.

Mr. Day says, however, that if a student graduates with a low speed in both typing and shorthand, he should go to a business school which will make him more skilled in these fundamentals, for he says that a poor typist, no matter how brilliant he may be, makes a poor and inefficient stenographer.

Mr. Day says, however, that if a student graduates with a low speed in both typing and shorthand, he should go to a business school which will make him more skilled in these fundamentals, for he says that a poor typist, no matter how brilliant he may be, makes a poor and inefficient stenographer.

Collecting Stamps For A Profit

Produced in English X as a result of a request to write interviews.

Stamp collecting, according to Bill Hodson, may be made profitable in many ways. Bill, who has been a collector for nearly eight years, has experienced this by devoting much of his spare time to this pursuit.

By collecting stamps it is simple to understand geography and history, to know great men and even to understand art and the combination of colors. Take Africa as an example. Countries all over the world have colonies there. On Egyptian stamps you see pictures of the pyramids, the Sphinx, and the Nile in their actual colors. From Liberia comes picture stamps and animals. The Gold Coast stamps give one an idea of the native's life.

Bill's reason for collecting these stamps is that it is interesting, instructive and valuable. When a small boy his father started his interest in the subject by buying him a small album and a few stamps. Since then he has enlarged his collection to 60,000 stamps. They are a general collection contained in 18th and 20th century albums. He estimates the value to be about \$1,500.

Mothers and Daughters Celebrate

About three hundred mothers and daughters were present at the sixth annual Mother and Daughter banquet given Friday, May 9, in the Plymouth High School auditorium. Although some of the mothers and daughters were borrowed, there were many families very well represented at this gathering. Among these there was one family, the Esteps, with four generations present, four families with three generations present, and one family with nine members, the Hillmers and Starkweathers.

The very delicious dinner served by the Methodist Missionary Society, consisted of meat loaf, potatoes au gratin, cheese dainty, rolls, pickles, salad, ice cream, cake and coffee.

The program was conducted as an imaginary trip to the "Garden of Make Believe." Mary Haskell, as Mistress Mary from the old nursery rhyme, introduced the toastmistress, Mrs. S. D. Strong, in a very charming poem. From there on Mrs. Strong guided these present through the garden very interestingly, bringing out all its beauties and splendors. The assembly "sang a song or sixpence" which happened to be "Love's on the Highway," and Madelon Shingleton as Little Nancy Etticote in a White Petticoat, gave a very beautiful tribute to the mothers in a lovely poem. Mrs. George Wilcox answered her by a very interesting tribute to the daughters.

Then the Girl Reserve quartet, Pretty Maids All in a Row, sang "In the Good Old Summer Time" and "On Our Chinese Honey Moon." Miss Wise, advisor of freshmen women in Ypsilanti State Normal College, spoke about girls, what qualities a girl should have to go to college, and how a girl should budget her time.

Eight girls gave a pantomime of a spirit's search for charm, and then everyone sang "Follow the Glean." This banquet, sponsored by the Girl Reserves and Campfire Girls, was one of the nicest that we have had, and we are all looking forward to another next year.

English coins have also been placed up in Denmark and Germany recently. The coins are about 1,000 years old, and are from the reigns of Sven Estriden of Denmark, Canute the Great, Hardicanute and Magnus the Good. These consist of pennies, with the names, in runic letters, of makers of coins, Assur and Alfrik, and the arms of Lund, Exeter and Roskilde cathedrals on one side, the other having the figurehead.—Philadelphia Inquirer.

April Dance	22.30
Stunt Night	59.11
Expenses:	
Flowers	\$5.25
Stunt Night	1.25
Plymouth	8.70
Balance	6
	\$179.50

School Gets Tiny Motor

Thanks to the efforts of Clare Lyke the physics department has an addition to electrical apparatus. This addition is an electric motor made at home. It will be placed on exhibition Thursday and Friday.

The chassis of the motor is made of attractively finished oak. To this is pivoted in a vertical position, a six-inch section of No. 9 Gauge wire supporting a 2 1/2-inch strip of steel soldered to the wire at right angles. This is the armature. The horizontal section of the armature rotates about a dime's thickness above the horseshoe electro-magnet which is made from five pieces of tin laminated, and wound with seventy turns of fine insulated wire criss-crossed from pole to pole. Above the horizontal section the shaft is squared, and a loop of wire passed around it. The loop acts as a circuit breaker. The motor speed is variable. The total cost of construction was around fifty cents. Such a piece of apparatus would ordinarily cost eight or ten dollars if it were bought ready made.

Clare Lyke, who will go into intensive training on May 12 for his 15-round world's heavyweight championship battle with Max Schmeling at the Yankee Stadium, New York, on June 12, for the Milk Fund, plans to win by a knock-out.

Clare Lyke, who at 42 recently won the Boston marathon, was awarded "letters" by two universities, although he did not participate in athletics at either institution. The diplomas were given him by the University of Vermont and Harvard University for feats achieved after graduation.

Stone Carving Thought to Be of Bronze Age

On a hill near Allinge, in Bornholm, Denmark, a large block of stone carvings has been found on the face of the rock, which, it is thought, belongs to the Bronze age. The carvings are made with flint, and show a vessel about forty-three inches in length, with a smaller one above it. The date is supposed to be from 1000 to 500 B. C.

There will be difficulty in removing the stone, as the ground is at present a quarry, but it is proposed to divide it into parts and remove it to the Ronne museum garden. Rocks of the Iron age have been found in parts of Denmark, but this is the largest one yet found of the Bronze age, in that country.

English coins have also been placed up in Denmark and Germany recently. The coins are about 1,000 years old, and are from the reigns of Sven Estriden of Denmark, Canute the Great, Hardicanute and Magnus the Good. These consist of pennies, with the names, in runic letters, of makers of coins, Assur and Alfrik, and the arms of Lund, Exeter and Roskilde cathedrals on one side, the other having the figurehead.—Philadelphia Inquirer.

Medium-Sized Barn That Meets All Requirements of the Modern Dairy

By W. A. RADFORD
Mr. William A. Radford will answer questions and give advice FREE OF COST on all problems pertaining to the subject of building work on the farm...

The barn here illustrated is designed for the medium-sized herd. It provides accommodation for twenty-four cows, with a bull pen and calf pen at one end. The dimensions of this building are 34 feet by 84 feet.

Part of this barn is set aside for the use of the farm horses and in this part we have three single stalls, one box stall, feed room and harness room.

One of the features is the placing of the feed room and the silo. This arrangement, it will be noticed, centers the supply of feed and facilitates the establishing of a feeding plan which will eliminate all wasted energy. The arrangement places the cows facing in. The preference, relative to this point, is divided among different farmers, some preferring the arrangement which faces the cows out, and others favoring that used in this design. The gutters flanking the litter alley are sloped and a drain is placed at the inner end of each gutter. Where running water under normal pressure is available, it is the work of but a few minutes to thoroughly clean out the stable.

The outstanding feature of this barn is the roof construction. The modern dairy barn should be built like a factory, because it is a factory, housing very expensive and delicate machinery for production of milk—namely, the high-bred dairy cow. It should be given the thought and intelligent planning for efficient

operation that is necessary for any successful factory.

As a matter of fact, nowadays a farmer hasn't much choice in the matter. A large, inefficient dairy is hardly possible anymore. The farmer who wants to keep heavily producing cows simply must have an efficient dairy barn, or he will be unable to get the labor for the job.

Labor saving is the keynote of modern barn design and equipment. Many of its features are planned to keep the cows up to correct pitch, so to speak. Such are ventilation, drinking cups, cork floors. These are of first importance. But it is fair to say that without modern labor saving design and equipment the large herd simply could not be kept; hence the dairyman's convenience is the very first consideration, and one of great importance.

Here is a barn that meets all the requirements of the modern dairy factory of large proportions. It is planned with a view to maximum production by the cows.

Owner Is Independent of Landlord's Whims

The house owner is independent. He is not obliged to move from pillar to post at the will of his landlord, nor is he constrained to adjust his mode of life to the pattern of a rented house. The house owner has stability which the renter does not have. He occupies a stronger position in the community.

The house owner can take more interest in life because he has gone through that most important experience—the building of a home. He enjoys his rest and recreation because he feels that he has a roof over his head, shelter for himself and his family, one that it has been his privilege to build and remains his to maintain.

Natural Mistake
A man and his wife were having tea in a fashionable restaurant. "Shall we dance, dear?" asked the husband, rising from his chair. "That wasn't the orchestra playing," replied his wife. The waiter dropped a tray of china.—Fort William Times-Journal.

No, Indeed
She: "I guess you played around with all the French girls while you were in Paris." He: "No, not all of them. I was only there for two weeks."—Selected.

Every third person in Copenhagen, the capital of Denmark, rides a bicycle.

There are more than a quarter of a million stamp collectors in the United States.

They milked a cow in an airplane over St. Louis the other day. Maybe it was done so the cream would rise.

France Has Monopoly on Roquefort Cheese

The pilgrim father of all cheese in America today is Roquefort, which can trace its "blue blood" as far as the First century, when Pliny remarked about its excellent flavor.

Attempts have been made in the United States to duplicate the famous French product but such experiments have been fruitless, as the ideal curing conditions of Aveyron, France, cannot be reproduced anywhere in the world. The wholesale price of the imported Roquefort is so low, and the flavor so appetizing that American hostesses are purchasing it in greater quantities than ever before.

Epicures bow their heads in respect to the shepherd whose misfortune was responsible for its origin. He left his lunch of barley bread and native cheese made of sheep's milk in a cave near the town of Roquefort. In southeastern France, to keep it cool until noontime. A sudden storm arose which forced him to forget about his lunch. Two weeks later he passed that way again, and thought about his abandoned food. He found the bread worthless, and the cheese covered with a curious culture mold. His curiosity and hunger being great, he nibbled a bit, and found the cheese had a flavor surpassing any food he had ever eaten.—Chicago Evening Post.

Three Idioms of Latin Tongue Long Employed

Ecclesiastical Latin differs from classical Latin in various ways, these changes being due principally to the origin and derivation of ecclesiastical Latin. Originally the Romans spoke the old tongue of Latin known as the prisca latinitas. In the Third century B. C., Ennius and a few other writers trained in the schools of the Greeks made certain changes and, encouraged by the cultured classes, thus developed the classical Latin. The mass of the Roman people, however, continued to speak the old tongue, and after the Third century there were two separate idioms. The necessary contact between the two classes produced still a third. When the church developed a language which would appeal to the masses as well as to the literary class; hence some of the factors of each idiom were used. St. Augustine says: "I often employ words which are not Latin, and I do so that you may understand me. Better that I should incur the blame of the grammarians than not to be understood by the people."—Washington Star.

Requital
Patricia: Isn't Roger a naughty dog, mummy? He ate my dolly's slipper." Mother: "Yes, darling, he ought to be punished!" Patricia: I did punish him. I went straight to the kennel and I drank his milk!—The Queenslander.

Necessary
"Excuse me, Deacon Johnson, to see you couldn't outa dat bootlegger's house?" "Cain't help it, Sister Goldbug, I've gotta go home once in a while."—Exchange.

Effect of a Yawn
One day doctors will be able to tell us why yawning is so infectious. The other morning a woman sitting opposite me in the bus gave vent to a prodigious yawn. Writes a well-known practitioner. Within a few seconds both her neighbors were yawning also, and shortly afterwards I began to yawn myself, although I felt quite fresh and wideawake. I made a deliberate attempt to check myself, but could not succeed, and it was only when my mind had been occupied by some other matter that I forgot to yawn. Probably by now you are yawning yourself. The very word "yawn" seems as infectious as the habit.—Exchange.

English in Switzerland
A traveler recently returned from a six months' holiday in Switzerland gave two quaint examples of English as she is written in out-of-the-way mountain chalets. One notice, taken from a hotel frequented by rock-climbers, runs as follows: "It is defened to circulate in the corridors in boots of ascension before seven hours of the morning." The other is a warning to travelers not to appear at dinner in evening dress. It says: "Strange gentlemen are requested not to dress for dinner, as their costume flatters the souls of the maid folk, and no work is resulted." Which implies that Swiss girls are more susceptible than is generally imagined.

Intelligence of Trees
Trees have almost as wonderful a sense of direction as birds. Should there be a leak in an underground water pipe in a park or garden, a neighboring tree is almost sure to find it out, and, extending its roots in that direction, project a shoot through the break into the pipe. Even more extraordinary is the performance of the rattan, a climbing palm common in tropical countries. When it has climbed a tree, it goes over the top and comes down again to the ground. Then, growing at the rate of a foot every 24 hours, it sets out straight for the next tree, which may be over 50 yards away.

Tastes Smart
A little animated question-mark was curious as to the contents of a bottle that his mother was using to cure a headache. He wished to smell it, too. He persisted until he got one whiff from the smelling salts bottle. After recovering enough to talk, he said: "Whew, that tastes pretty smart in my nose; how does it taste in your nose, mother?"

Frankness
Little Jane was visiting one of the neighbors, and talking all the time, finally got to comparing the neighbor's home with her own. "We have a nice dining room, too," she said with frankness, "but we only eat in it when we have company."

All sport items should reach this office before Tuesday noon.

CADY NEWS

Helen Vincent will represent Cady at the Metropolitan Spelling Bee Friday. The kindergarten and first grade have a new set of band instruments which they are learning to play on. We have five more weeks of school. Four people, including a state policeman, were bitten by a stray dog that had rabies. The dog was caught and the head sent to Ann Arbor. These people are now taking treatment. All people should watch their pet dogs or cats, since the dog ran in the community for several days. The sixth, seventh and eighth grades entertained Helen Vincent at a party Friday afternoon. The boys and girls of the upper room ordered plants for Mother's Day. The plants were fuschias and geraniums. Mr. Stein delivered them and we decorated the pots at school. The Girl Scouts and leader had a wienie roast Monday night. Pauline Erickson entered the seventh grade last week. We had five new pupils entering last week. Ernest Risely and family will return to England at the close of school. Nineteen pupils of our school will write on the examinations this week.

Not Up-To-Date
A traveling salesman found himself in a village hotel dining room when a heavy downpour of rain set in. Addressing the waitress, he remarked: "It looks like the Flood." "Like what?" the girl inquired. "Like the Flood. You've read of the Flood and how the ark landed on Mount Ararat, haven't you?" "No, Sir. I haven't seen a newspaper for three days," confessed the waitress.—Exchange.

MOTORING NO LONGER REQUIRES "costumes"

The linen duster, goggles and the motoring veil went out of fashion when people stopped thinking of the automobile as "the horseless carriage." Nowadays, nobody puts on special apparel for a Sunday drive. And Shell Motor Oil has helped make motoring a matter-of-fact necessity. As the automobile developed, Shell has regularly anticipated lubrication requirements. Always a step ahead, it is ready now for the models which will be announced next year. That is why owners of all kinds of cars are turning to Shell Motor Oil in ever increasing numbers for the protection they know their engines must have. All the world knows that if the Shell organization cannot make a quality lubricant, no organization can. Have you tried it?

STOP AT THE SIGN OF THE SHELL... Millions do

WHY BE SATISFIED WITH LESS THAN 1930 lubrication?

Be up-to-date, Shellubricate

THE SIGN OF THE SHELL IS ON THE AIR... Every Monday Night, 8:30 Central Time

Design for Poultry House That Will Provide Proper Housing for Flock

By W. A. RADFORD

Mr. William A. Radford will answer questions and give advice FREE OF COST on all problems pertaining to the subject of building work on the farm, for the readers of this paper. On account of his wide experience as editor, author and manufacturer, he is, without doubt, the highest authority on the subject. Address all inquiries to William A. Radford, No. 47 South Dearborn Street, Chicago, Ill., and only inclose two-cent stamp for reply.

The accompanying design is for a house for a farm on which poultry is recognized as an important source of the farm income. It is practical and modern in every way.

One of the first principles of successful poultry raising is to have plenty of fresh air for the flocks. This house can be entirely opened on the south side. The east, west and north sides are built to keep out all drafts, dropping and tarred paper being used to make a tight wall. The days of the unventilated poultry house are past for the up-to-date farmer. The modern house, with plenty of fresh air, is a sure preventive of roup and the many other diseases that breed in the old type of henhouse.

The scratch room is located along the front of the house, so that the chickens get the benefit of the sunlight while feeding.

The roosts are placed along the back wall, well removed from the front opening so that there is no draft in the roosting quarters. The nest alley back of the roosts makes it easy to gather the eggs; and it is an advantage to have the roosts moved away from the wall, for warmth and to give less surface for the harboring of mites.

The ladder at the front of the roosts makes it possible for the heavier breeds of poultry and the young

stock to get onto the roosts. It also allows them to get off the roosts in the morning without jumping to the hard floor. Every one who has had experience with poultry is acquainted with the troubles from sore feet that very frequently result from jumping off high roosts to a hard floor. As long as the hens are actually suffering from injury, their efficiency will be seriously interfered with. It is true that they lay best if obliged to take some exercise in scratching for their feed, but they must be kept from all danger of positive injury and serious discomfort.

The large feed room completes the equipment. The floor and foundation are of concrete, making the house rat-proof and more sanitary. When a concrete floor is used, it is necessary to provide plenty of bedding. It adds to the comfort of the flock, especially in cold weather.

This is an attractive house in external appearance, and of a design that will fit in well with the rest of the buildings of almost any modern farm group.

Solve Parking Problem by Use of Machinery

An automobile parking machine has been developed by engineers in East Pittsburgh, Pa. All that is necessary for a motorist to do is to drive his car onto a platform, pull a lever, obtain a check, and his car is automatically whisked upward out of sight. The device immediately places another empty platform at ground level, ready for another car. When ready to leave, the motorist can push a button corresponding to his check, and his car is delivered to him at ground level almost immediately. The machine consists of two endless chains passing over wheels at the top and bottom. Platforms are suspended between these chains. Each platform provides space for one automobile.

AUTOMOBILE HINTS

If the car has a backing light, reverse never should be used as a brake when the car is left parked. It drains the battery.

Another part the motorist must remember not to tighten too much is the water pump shaft-packing gland. The shaft must run free.

"The shoe manufacturers say we do not walk enough." This is important, we think. Whereabouts downtown do the shoe manufacturers park their cars?

Beginners are apt to overchoke the engine when starting. It is often unnecessary to use the choke at all, especially in warm weather or shortly after you have been running the car.

Motorists long have been warned not to touch the head of the speedometer and not even to let the average mechanic work on it. Speedometers are delicate instruments, like fine watches.

Have you a lot of house to sell or exchange? Why not let the people of Plymouth and surrounding territory know about it—advertise it in the Want Ad Columns of the Mail—the cost is little, the results are big. Just bring the ad in or telephone number 6 and ask for want ad taker.

The fellow who marries in haste and finds any pleasure to repent is certainly a wonder.
Boost Plymouth!

PERRINSVILLE

The Perrinsville P. T. A. gave a luncheon party Saturday evening at the home of Mr. and Mrs. Henry Kubie on Merriman road. Everyone reported a fine time. The proceeds will be used to purchase a filing cabinet for the school. Gladys Badelt is steadily improving.

The Brown family of Warren avenue, have moved to Detroit. The removal was necessary because of Mr. Brown's work with the Department of Parks and Boulevards.

Mr. and Mrs. William Badelt and son of Wayne, called on the former's parents, Mr. and Mrs. Paul Badelt, Wednesday evening.

Mr. and Mrs. Peter Kubie and Margaret spent Sunday with Mrs. Kubie's parents, Mr. and Mrs. George Avery in Wayne. Mr. and Mrs. Avery left Monday for a trip to Florida.

Mrs. Karkick celebrated her 80th birthday anniversary Thursday with a group of relatives and friends. Those

present were: Mr. and Mrs. Bayes and Grandma Bayes of Livonia Center; Mr. and Mrs. Clarence Wolfman and son of West Point Park; Mrs. Klatt, Mrs. Voss, Mrs. Kate Roach and Mrs. McCracken of Wayne. A cake with 80 candles graced the table. All enjoyed the dinner and departed wishing Mrs. Karkick many more happy birthdays.

The Sunday-school is planning a Mother and Daughter banquet to be held at Perrinsville Hall, Thursday night, May 15.

MECKLENBURG-BADWSKY

A quiet wedding took place on Saturday afternoon, May 3, in the Evangelical Lutheran church in Dearborn, when Thelma Badwsky of Detroit, and Fred Mecklenburg of Wayne, were united in marriage by Rev. Boecler.

The bride was gowned in green satin with hat and slippers to match. She was attended by Miss Dorothy Mail, who also wore green.

The groom was attended by Otto Badwsky, brother of the bride.

After the ceremony, a delicious supper was served at the home of the bride's parents on Peilmont avenue. The newlyweds are at home to their friends on Ann Arbor Trail.

Many a man who has embarked on the sea of matrimony wishes afterward that he had missed the boat.

PROBATE NOTICE

No. 154954
STATE OF MICHIGAN, County of Wayne, ss.
At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the nineteenth day of April in the year one thousand nine hundred thirty.

Present, Ervin R. Palmer, Judge of Probate.

In the Matter of the Estate of AUGUSTA MARY MIEHELBECK, deceased.
On reading and filing the petition, duly verified, of Floyd A. Kehrl, executor under the last will and testament of said deceased praying that he be licensed to sell certain real estate of said deceased for the purpose of paying the debts and expenses of said estate.

It is Ordered, That the nineteenth day of May, next at ten o'clock in the forenoon, at said Court Room be appointed for hearing said petition, and that all persons interested in said estate appear before said Court at said time and place to show cause why a license should not be granted to said executor to sell real estate as prayed for in said petition. And it is further Ordered, That a copy of this order be published three successive weeks previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulating in said County of Wayne.

ERVIN R. PALMER,
Judge of Probate.
Theodore L. Brown,
Deputy Probate Register.

WE DELIVER

A FAMOUS NAME A FINER CAR

Smooth... YES!

because of its rigid, counterweighted crankshaft, Harmonic Balancer and new-type engine mountings

Smoothness is an outstanding quality of Pontiac performance—because Pontiac design includes those features essential to smooth operation.

The 60-horsepower motor operates at moderate engine speed when developing maximum power. The 53-pound crankshaft is counterweighted and has the Harmonic Balancer to

offset torsional vibration. The crankcase is heavily ribbed to retain the main bearings in accurate alignment. And the engine is insulated from the frame by rubber mountings.

You can sense the result of these quality features the minute you take the wheel of the Pontiac Big Six—smoothness at low speeds; smoothness when accelerating; smoothness when the throttle is open wide! And smoothness is the distinguishing characteristic of a well designed, up-to-date automobile!

Consider the delivered price as well as the list (f. o. b.) price when comparing automobile values... Pontiac delivered prices include only authorized charges for freight and delivery and the charge for any additional accessories or financing desired.

PONTIAC BIG SIX

PRODUCT OF GENERAL MOTORS

Smith Motor Sales Company

South Main St. Phone 498

Of course Sixes Beat Fours But in the ESSEX Challenger you get a Super-Six

The Super-Six principle gives the New Essex Challenger easy dominance over conventional Sixes. Look at the records. They show what any new Essex Challenger can do. No "Six" ever proved such all-around Performance, Reliability and Economy.

Essex Keeps Its Newness for Years

The Super-Six principle frees Essex from vibration. It saves driver and car from nerve-pounding discomforts. It makes Essex a long-lived car.

Modern, balanced design accounts for this. A completely balanced power line plus the Super-Six principle and the Lanchester balancer are a part of this careful engineering.

Big and Roomy, Too

The new Essex Challenger is big and roomy with ample interiors and greater comfort. Beautiful interior appointments carry out the fitness and distinction of this car.

Everyone knows Sixes beat Fours. Every owner knows that a Super-Six as decisively beats the conventional Six.

\$735 for the Coupe
Seven other models just as attractively priced. Wide choice of colors at no extra cost.

SEND THE MAIL TO YOUR FRIENDS

Jerusalem to Have a Fine Modern Hotel

This large new hotel building on the Station road in Jerusalem, where houses are growing up "overnight," is to be named the "King David Hotel," and promises to be the finest of its kind from Constantinople to Calro, inclusive, with all modern systems conducive to comfort being installed.

Builders Fear Ravages of Death-Watch Beetle

The church of St. Lawrence Jewry in London was reopened a short time ago after workmen had completed the task of restoring the woodwork that had been damaged by hordes of death-watch beetles.

These tiny borers are feared for their destructive habits and they have long been associated with superstitious beliefs.

In the quiet of the night, when the hammering of the insect is heard in the home of the European peasant, the sound brings uneasiness because of the primitive superstition that the nocturnal tattoo presages the death of some member of the family or of a neighbor.

The death-watch beetle and his numerous cousins belong to the group Ptinidae. They do not always choose for their food such structures as Sir Christopher Wren's church of St. Lawrence Jewry, for old books, furniture, house timbers, drugs, ship's stores, piles of old paper and tobacco are included in the pest's diet. One member of the family thrives on opium, another feeds on capsicum and a third has a pronounced weakness for dried tobacco.—New York Times Magazine.

Ice Age "Turkeys"

Turkeylike birds once nested in the region now occupied by the city of Los Angeles, Calif. This fact has been brought to light in the course of a review of the ice age birds of Rancho La Brea for plus in the collections of the Los Angeles museum. The review was undertaken by Dr. Hildegarde Howard of the museum, for the purpose of establishing a census of the birds of the region. It was found that of about 500 individuals of the extinct, turkeylike bird, Parapavo, represented in these collections, more than 150 were young birds, many of them only chicks.

Titled Bartender

Some six years ago, says a writer in Piccadilly, you could see painted above the door—where the law ordained that the publican's name should be seen—"The Chief House," an inn at Haddenham, in Buckinghamshire, England. "Sir Henry Echlin, Bart., licensed to sell wines and spirits," and if you went inside you would be served by the baronet landlord or his wife. Sir Henry was the eighth baronet of his line, and had become a publican after having been a private in the Life Guards, because four of his predecessors had squandered the family fortunes.

Golden Words Uttered

There are hundreds of people whose names we do not know, though their words have passed into history.

There is the nameless, well-dressed woman who, meeting Wordsworth walking by Loch Katrine one fine evening, observed, "What, you are stepping westward?" She gave the poet the idea for his poem, Stepping Westward.

There is the watchman who passed under Peppys' window crying, "Past one of the clock, and a cold, frosty morning!"

There is the man who first invented the Breton fisherman's petition as he put out to sea, "Oh, God, do thou help and guard me; the sea is so wide and my boat is so small."

And who was the poor old dame who, when questioned by a kindly bishop, held up her dry crust and said, "I have all this, and faith?"

And there are, of course, all the unknown whose words are sung and said around the world and will not pass away.

Disavowal of Liability

"He washed his hands of the entire affair" we read every now and then, the implication being, that the person of whom this is said simply refuses all responsibility for or interest in the particular matter under discussion.

Certainly, if any phrase sounded modern, this one does; and yet, surprising as it may seem, it is a direct allusion to Matthew 27:24.

"When Pilate saw that he could prevail no longer, he took water and washed his hands before the multitude, saying, I am innocent of the blood of this just person."—Kansas City Star.

Subscribe for the Mail.

"An Historian" Incorrect

"A" is the correct form of the article before words beginning with consonant sounds. Therefore we should say "a historian" and "an union," not "an historian" and "an union." A few writers in this country adhere to the old practice of using "an" before words beginning with a consonant sound when the first syllable is not accented, but this practice is now regarded as incorrect. It is a holdover from the days when "an" was used indiscriminately before words beginning with vowel and consonant sounds.—Pathfinder Magazine.

Quaint Inn Signs

"Help Me Through" is the name of a licensed house at Bliton, Lancashire, England. Its sign depicts a globe with the head and feet of a man protruding at the top and bottom respectively. There is also "Same Yet," in Simister lane, Rhodes, Lancs. The original name of the house was "The Red Lion." It was being redecorated and when a sign-writer asked what name was required, he received the reply, "Same yet," and forthwith complied. And so it remains to this day.

Durability of Furs

It is said that if otter, the strongest fur, is given a 100 per cent durability rating, other of the furs rank thus: Beaver, 90; chinchilla, 15; hare, 5; natural fox, 40; dyed fox, 25; beaver, 45; mink, 70; dyed mink, 35; raccoon, 65; dyed raccoon, 50; sable, 60; dyed sable, 45; skunk, 70; tipped skunk, 50; hair seal, 80; dyed seal, 75; fur seal, 70; squirrel, 25; dyed squirrel, 20; coney, 20; lynx, 25; mole, 7; muskrat, 45; dyed muskrat, 35.

One Player Scores All Points in Grid Spree

In football 8-to-2 games have been rare indeed, but it is doubtful if more than one has been recorded where one player scored all 5 points.

This feat is credited to "Bull" Bullman, one-time star end of the West Virginia team, in a post-season contest with Bethany on December 6, 1922.

Kicking from behind his own goal line in the second quarter Bullman recovered the ball when his punt was blocked for a safety that put Bethany in the van at 2-0, and in the third period drop-kicked a field goal from the 37-yard line to give the Mountaineers their one-point margin of victory.

Tonkoff Named Captain of Illinois Mat Team

Gene P. Tonkoff, Yakima (Wash.) 175 pounder, was named captain of the University of Illinois wrestling team for next season. The Illinois mat team won the Big Ten conference title this season. W. L. Cherry, Streator, Ill., was elected captain of the Illinois gymnast team for next season, while W. W. Lockwood, Danville, Ill., was named head of the Illinois swimming team and H. H. Hall, Des Plaines, Ill., will lead the water polo team.

Wayne Road News

Mr. and Mrs. Wm. Rouch entertained a number of guests last Wednesday evening.

Mr. and Mrs. George Mecklenburg and small son, George Jr., spent last week-end with Mrs. Mecklenburg's mother at Uden.

Mr. and Mrs. Lockhart entertained several guests Saturday afternoon and evening.

Mrs. Robert Schmittling attended a banquet at Beech, with her mother, Mrs. Jesse Thomas, last Thursday evening.

Mrs. Frederick Mecklenburg spent last Tuesday with Mrs. John Mecklenburg.

Mr. and Mrs. Leonard Thomas and Mr. and Mrs. Raymond Debor called on Mr. and Mrs. Jesse Thomas Saturday evening.

A surprise party was given Saturday evening, in honor of Mrs. Vester, the occasion being her birthday. A pleasant time was enjoyed by her children, relatives and friends present.

Fisher School News

The George H. Fisher school observed Arbor Day, Friday, by setting out some shrubs.

A Mother-Daughter banquet was held at the school Thursday evening. Mrs. Hopper was one of the speakers. The P. T. A. held their last meeting of the year, Friday evening. Plans for a Benefit Dance to be held Saturday, May 24th, at the Beech school, were discussed.

Una Mae Roberts of St. Petersburg, Florida, has entered the fourth grade. Viola and Elmer Zink entered school Tuesday.

SECOND AND THIRD GRADES

The third graders are making May posters of farmers plowing. Our room made cereal emporiums for our health project for May. We fill our shelves with the cereal used each morning.

The second and third graders made Mother's Day booklets last Thursday and Friday for their mothers.

We are studying about earthworms. The second graders made some very nicely colored posters of the "Four Friends."

Allison and Irene Ciesielski are ill with the measles. Dorothy Brown is ill, also.

We studied the picture, "The Ballroom," by Julien Dupre, for language.

The per capita milk consumption in Canada is about 407 pounds a year.

EASY! QUICK! GLYCERIN MIX FOR CONSTIPATION
